

1  
00:00:07,519 --> 00:00:04,970  
welcome to tales from the rabbit hole

2  
00:00:10,430 --> 00:00:07,529  
I'm your host Nick West my guest today

3  
00:00:13,070 --> 00:00:10,440  
is Jeremy wrists who goes by the name

4  
00:00:15,740 --> 00:00:13,080  
alien scientist on Twitter and YouTube

5  
00:00:18,050 --> 00:00:15,750  
and on his website alien scientist comm

6  
00:00:21,560 --> 00:00:18,060  
and he also has a couple of other new

7  
00:00:24,349 --> 00:00:21,570  
websites in process and we're going to

8  
00:00:26,120 --> 00:00:24,359  
talk about our kind of areas of mutual

9  
00:00:28,910 --> 00:00:26,130  
interest I looked at his websites and

10  
00:00:31,700 --> 00:00:28,920  
it's got a big section on conspiracy and

11  
00:00:34,010 --> 00:00:31,710  
it's got a section on debunking called

12  
00:00:36,920 --> 00:00:34,020  
the debunk bin and a bunch of other

13  
00:00:39,619 --> 00:00:36,930

stuff about technology and aliens all

14

00:00:41,119 --> 00:00:39,629

stuff that I'm very interested in so I'm

15

00:00:44,180 --> 00:00:41,129

sure we'll have lots to talk about

16

00:00:47,029 --> 00:00:44,190

so Jeremy welcome to tales from the road

17

00:00:48,529 --> 00:00:47,039

hole hey thanks for having me on Nick

18

00:00:50,389 --> 00:00:48,539

so yeah it's fascinated by your website

19

00:00:52,939 --> 00:00:50,399

and of course we've kind of like chatted

20

00:00:54,979 --> 00:00:52,949

very briefly on on Twitter about these

21

00:00:57,380 --> 00:00:54,989

types of things you describe yourself as

22

00:00:58,880 --> 00:00:57,390

well your name is alien scientist and

23

00:01:01,310 --> 00:00:58,890

that can it I guess covers some of your

24

00:01:04,009 --> 00:01:01,320

areas of interest can you describe kind

25

00:01:04,609 --> 00:01:04,019

of how that name came about and what it

26

00:01:08,149 --> 00:01:04,619

really means

27

00:01:11,200 --> 00:01:08,159

oh I think I was starting you know

28

00:01:16,429 --> 00:01:11,210

getting into a lot of this stuff back in

29

00:01:18,350 --> 00:01:16,439

2002 maybe 2003 and started researching

30

00:01:20,120 --> 00:01:18,360

a lot of stuff I would always I was

31

00:01:24,679 --> 00:01:20,130

actually more interested in physics I

32

00:01:27,200 --> 00:01:24,689

started I was a freshman in college when

33

00:01:29,030 --> 00:01:27,210

9/11 happened and that kind of opened me

34

00:01:31,460 --> 00:01:29,040

up to thinking about things a little bit

35

00:01:34,550 --> 00:01:31,470

differently after but not not right away

36

00:01:36,859 --> 00:01:34,560

but years later and I started looking at

37

00:01:39,560 --> 00:01:36,869

I didn't really find disclosure project

38

00:01:42,530 --> 00:01:39,570

till probably like 2004 2005 even though

39

00:01:43,940 --> 00:01:42,540

that had come out in 2001 and I dug a

40

00:01:46,069 --> 00:01:43,950

lot I remember digging a lot through

41

00:01:48,080 --> 00:01:46,079

disclosure project you know way back in

42

00:01:51,499 --> 00:01:48,090

the day and a lot of those witnesses

43

00:01:53,630 --> 00:01:51,509

when that all first came out and and I

44

00:01:56,899 --> 00:01:53,640

had wanted to put together a website and

45

00:01:59,359 --> 00:01:56,909

a name to sort of you know embodied kind

46

00:02:01,069 --> 00:01:59,369

of this this this idea and I come up

47

00:02:02,450 --> 00:02:01,079

with this alien scientist name and

48

00:02:04,550 --> 00:02:02,460

that's that sort of been the channel I

49

00:02:07,639 --> 00:02:04,560

created and I eventually got a website

50

00:02:09,800 --> 00:02:07,649

and I'm redoing the website now with it

51  
00:02:11,809 --> 00:02:09,810  
soon you know upgrade it and stuff

52  
00:02:14,130 --> 00:02:11,819  
because I haven't done any updates in

53  
00:02:15,870 --> 00:02:14,140  
quite a while and you know as you

54  
00:02:17,460 --> 00:02:15,880  
a lot more research on these things over

55  
00:02:21,540 --> 00:02:17,470  
the years you've used sometimes change

56  
00:02:22,980 --> 00:02:21,550  
on on certain things so so I'm I want to

57  
00:02:25,020 --> 00:02:22,990  
talk about that a little bit and want to

58  
00:02:27,330 --> 00:02:25,030  
talk about some of the some of the

59  
00:02:29,150 --> 00:02:27,340  
things that we maybe maybe agree on some

60  
00:02:31,320 --> 00:02:29,160  
of the things that we maybe disagree on

61  
00:02:33,420 --> 00:02:31,330  
because there's a lot of overlap and we

62  
00:02:34,710 --> 00:02:33,430  
study a lot of a lot of things that's

63  
00:02:36,740 --> 00:02:34,720

similar interest with that you know

64

00:02:41,160 --> 00:02:36,750

different a different eye of skepticism

65

00:02:43,290 --> 00:02:41,170

and interests as well because so I guess

66

00:02:46,530 --> 00:02:43,300

when we start with something that we we

67

00:02:49,350 --> 00:02:46,540

agree on air in your your debunk bin you

68

00:02:51,180 --> 00:02:49,360

have a section on chemtrails and you

69

00:02:53,180 --> 00:02:51,190

could have a variety of like what I

70

00:02:55,290 --> 00:02:53,190

could have a long a long page kind of

71

00:02:57,030 --> 00:02:55,300

discussing like how you debunked

72

00:03:00,360 --> 00:02:57,040

chemtrails what kind of led you to

73

00:03:04,530 --> 00:03:00,370

actually like right about that well I

74

00:03:06,030 --> 00:03:04,540

seen a lot of these I feel like it's

75

00:03:08,910 --> 00:03:06,040

it's weird because I have my own theory

76

00:03:10,590 --> 00:03:08,920

about a lot of these people on and and

77

00:03:12,990 --> 00:03:10,600

how they're influenced on social media

78

00:03:15,420 --> 00:03:13,000

with book the box and that sort of thing

79

00:03:17,790 --> 00:03:15,430

but I kept seeing a lot of this stuff

80

00:03:19,350 --> 00:03:17,800

reappear on my feet about chemtrails and

81

00:03:21,199 --> 00:03:19,360

and and all these other conspiracies

82

00:03:23,970 --> 00:03:21,209

remember back when Sandy Hook was a

83

00:03:27,300 --> 00:03:23,980

thing that was a real popular one that

84

00:03:28,920 --> 00:03:27,310

was going around a lot and as well as

85

00:03:30,960 --> 00:03:28,930

the Boston bombing the Marathon bombing

86

00:03:33,449 --> 00:03:30,970

which happened right here in Boston and

87

00:03:35,660 --> 00:03:33,459

of course I'm from boss and I lived

88

00:03:37,920 --> 00:03:35,670

there for a couple years so I did my own

89

00:03:40,140 --> 00:03:37,930

investigation right here locally like

90

00:03:42,300 --> 00:03:40,150

right after that happened and wanted to

91

00:03:43,979 --> 00:03:42,310

try to you know see if I could find any

92

00:03:45,630 --> 00:03:43,989

kind of follow-up evidence for any of

93

00:03:47,699 --> 00:03:45,640

the conspiracy theories and I found that

94

00:03:50,400 --> 00:03:47,709

a lot of it was just made-up stuff and

95

00:03:53,039 --> 00:03:50,410

it was learned a lot of it was fake from

96

00:03:56,250 --> 00:03:53,049

from my own investigation and I I put

97

00:03:58,319 --> 00:03:56,260

together whole page on that as well with

98

00:04:00,120 --> 00:03:58,329

some videos that I took I actually went

99

00:04:01,680 --> 00:04:00,130

to the scenes and filmed the blood on

100

00:04:03,690 --> 00:04:01,690

the ground where the pipe bombs went off

101  
00:04:05,190 --> 00:04:03,700  
in the street you know documented these

102  
00:04:06,810 --> 00:04:05,200  
things right away so people couldn't say

103  
00:04:08,430 --> 00:04:06,820  
that they were made up later that you

104  
00:04:11,069 --> 00:04:08,440  
know they didn't happen or they were

105  
00:04:13,650 --> 00:04:11,079  
different and you know so I went to

106  
00:04:14,819 --> 00:04:13,660  
actually to Watertown to Dexter and

107  
00:04:18,270 --> 00:04:14,829  
Laurel Street where the shootout

108  
00:04:19,830 --> 00:04:18,280  
happened and filmed you know on scene to

109  
00:04:23,730 --> 00:04:19,840  
try to do some of my own investigation

110  
00:04:25,680 --> 00:04:23,740  
and yeah so I've done a lot of things

111  
00:04:27,330 --> 00:04:25,690  
there's also a page on Bob Lazar there

112  
00:04:29,580 --> 00:04:27,340  
and I've also seen I mean

113  
00:04:31,409 --> 00:04:29,590

another website for that which I need to

114

00:04:32,970 --> 00:04:31,419

update to with all the new research and

115

00:04:36,420 --> 00:04:32,980

more stuff that's been coming out in the

116

00:04:39,030 --> 00:04:36,430

past few months on Bob Lazar because I

117

00:04:42,120 --> 00:04:39,040

know you've talked about Bob Lazar yeah

118

00:04:45,629 --> 00:04:42,130

and he's the the guy who claims to have

119

00:04:47,730 --> 00:04:45,639

worked at area 51 and had first-hand

120

00:04:51,960 --> 00:04:47,740

experience of alien spaceships and

121

00:04:55,680 --> 00:04:51,970

handled element 115 and a whole bunch of

122

00:04:58,500 --> 00:04:55,690

things that seem rather suspicious yes

123

00:05:00,990 --> 00:04:58,510

the senior staff physicist who doesn't

124

00:05:02,700 --> 00:05:01,000

have a curriculum vitae I've never

125

00:05:05,310 --> 00:05:02,710

written any or any published papers that

126

00:05:09,510 --> 00:05:05,320

you can find anywhere and kind of kind

127

00:05:11,070 --> 00:05:09,520

of kind of curious fellow and yeah

128

00:05:13,920 --> 00:05:11,080

there's a lot of interesting research

129

00:05:17,190 --> 00:05:13,930

reads on him and and and on element 115

130

00:05:18,540 --> 00:05:17,200

where the whole thing came from I sent

131

00:05:21,360 --> 00:05:18,550

you a lot of stuff on that when it was

132

00:05:23,219 --> 00:05:21,370

first getting yes it's gotten quite a

133

00:05:25,290 --> 00:05:23,229

bit of attention and I'm really

134

00:05:26,909 --> 00:05:25,300

surprised that Joe Rogan had him on and

135

00:05:29,100 --> 00:05:26,919

didn't show him the same kind of

136

00:05:31,800 --> 00:05:29,110

questioning skepticism that he shows a

137

00:05:35,279 --> 00:05:31,810

lot of his other guests so yeah I was

138

00:05:37,620 --> 00:05:35,289

kind of surprised at Joe's kind of he's

139

00:05:40,320 --> 00:05:37,630

almost like he's swung back into the the

140

00:05:42,840 --> 00:05:40,330

whole UFO thing like full-bore and we

141

00:05:45,029 --> 00:05:42,850

used to be a bit more skeptical because

142

00:05:47,070 --> 00:05:45,039

he used to be like a big believer in the

143

00:05:48,600 --> 00:05:47,080

moon hoax that we didn't land on the

144

00:05:51,420 --> 00:05:48,610

moon and then he kind of flipped flopped

145

00:05:52,980 --> 00:05:51,430

back the other way and he's had me on a

146

00:05:54,900 --> 00:05:52,990

couple of times and I'm very skeptical

147

00:05:55,860 --> 00:05:54,910

and then now he seems to be a believer

148

00:05:58,740 --> 00:05:55,870

of Bob Lazar

149

00:06:00,210 --> 00:05:58,750

which seems a bit bizarre to me right

150

00:06:02,490 --> 00:06:00,220

I'm surprised that he hasn't had you

151  
00:06:04,620 --> 00:06:02,500  
back on the kind of and then he had Sean

152  
00:06:06,540 --> 00:06:04,630  
Carroll on like a weekly it later out it

153  
00:06:08,340 --> 00:06:06,550  
was his next guest after Bob Lazar and

154  
00:06:11,340 --> 00:06:08,350  
he didn't ask him a word about element14

155  
00:06:12,659 --> 00:06:11,350  
15 or any of the physics or any anything

156  
00:06:15,120 --> 00:06:12,669  
about Bob Lazar which I was also

157  
00:06:17,670 --> 00:06:15,130  
surprised about well maybe I'll get to

158  
00:06:18,870 --> 00:06:17,680  
get back on and clear it up Cleveland

159  
00:06:20,850 --> 00:06:18,880  
does a bit more although I'll probably

160  
00:06:23,700 --> 00:06:20,860  
think it probably won't help that much I

161  
00:06:26,610 --> 00:06:23,710  
think Joe is just really interested in

162  
00:06:28,220 --> 00:06:26,620  
in aliens and well yeah obviously you're

163  
00:06:29,840 --> 00:06:28,230

very interested in in

164

00:06:33,260 --> 00:06:29,850

in aliens I mean your name alien

165

00:06:35,710 --> 00:06:33,270

scientist it's about I guess alien

166

00:06:37,970 --> 00:06:35,720

technology would you describe it as that

167

00:06:40,490 --> 00:06:37,980

yeah I've always been interested in you

168

00:06:43,130 --> 00:06:40,500

know gravity and anti-gravity and also

169

00:06:44,990 --> 00:06:43,140

classified spacecraft you know like

170

00:06:46,400 --> 00:06:45,000

Richard Feynman was who the guy who got

171

00:06:48,680 --> 00:06:46,410

me into physics and of course he was

172

00:06:50,600 --> 00:06:48,690

recruited out of MIT at like 18 to go

173

00:06:52,780 --> 00:06:50,610

work on a very top-secret project called

174

00:06:56,500 --> 00:06:52,790

the Manhattan Project which atomic bomb

175

00:06:59,210 --> 00:06:56,510

I'm sure you're aware of that but I'm

176  
00:07:00,680 --> 00:06:59,220  
involved you know hundreds of thousands

177  
00:07:03,590 --> 00:07:00,690  
of people and the government was able to

178  
00:07:06,050 --> 00:07:03,600  
keep it secret for years and and it sort

179  
00:07:07,940 --> 00:07:06,060  
of got me you know interest in and the

180  
00:07:09,800 --> 00:07:07,950  
belief that you know maybe it's possible

181  
00:07:11,870 --> 00:07:09,810  
that you know the government has these

182  
00:07:14,210 --> 00:07:11,880  
it has recovered stuff you know this

183  
00:07:15,890 --> 00:07:14,220  
whole thing of Roswell the whole point

184  
00:07:17,240 --> 00:07:15,900  
of Roswell that's ever always intrigued

185  
00:07:18,530 --> 00:07:17,250  
me has been the idea that there was

186  
00:07:20,030 --> 00:07:18,540  
something else recovered and there was a

187  
00:07:21,710 --> 00:07:20,040  
material switch in that project mogul

188  
00:07:23,240 --> 00:07:21,720

was of course a cover story that's what

189

00:07:25,400 --> 00:07:23,250

that's what all the conspiracy theorists

190

00:07:27,050 --> 00:07:25,410

sort of claim to so my whole focus has

191

00:07:29,780 --> 00:07:27,060

always been the materials that these

192

00:07:31,220 --> 00:07:29,790

people reported and you know some of the

193

00:07:32,570 --> 00:07:31,230

disc skeptics in the bunker say well

194

00:07:34,010 --> 00:07:32,580

they didn't report those right away it

195

00:07:35,210 --> 00:07:34,020

was until fifteen years later that

196

00:07:37,670 --> 00:07:35,220

people started coming out and talking

197

00:07:39,020 --> 00:07:37,680

but that's also could be consistent with

198

00:07:41,240 --> 00:07:39,030

a cover-up too because if people were

199

00:07:42,890 --> 00:07:41,250

threatened not to talk so I try to give

200

00:07:44,930 --> 00:07:42,900

both sides like a benefit of the doubt

201  
00:07:47,540 --> 00:07:44,940  
but really look for you know concrete

202  
00:07:49,130 --> 00:07:47,550  
evidence and and one of them and one of

203  
00:07:51,470 --> 00:07:49,140  
the interesting things that I watched

204  
00:07:54,560 --> 00:07:51,480  
back in the day was a documentary called

205  
00:07:57,530 --> 00:07:54,570  
the case for anti-gravity and this was

206  
00:07:59,540 --> 00:07:57,540  
back in like 2000 it had to be in 2001

207  
00:08:02,060 --> 00:07:59,550  
or 2002 that that came out maybe even in

208  
00:08:04,160 --> 00:08:02,070  
the late nineties but at the brief at

209  
00:08:06,950 --> 00:08:04,170  
the end of it he briefly mentions Edgar

210  
00:08:09,380 --> 00:08:06,960  
fouché and he was an area 51 employee

211  
00:08:11,390 --> 00:08:09,390  
and I someone I actually later got in

212  
00:08:14,690 --> 00:08:11,400  
contact with and tried to do a lot of

213  
00:08:16,340 --> 00:08:14,700

follow-up research with and uh and he

214

00:08:18,050 --> 00:08:16,350

was actually one of the first person

215

00:08:20,090 --> 00:08:18,060

people that really like showed me that

216

00:08:21,530 --> 00:08:20,100

Bob Lazar was was wasn't the real deal

217

00:08:23,240 --> 00:08:21,540

and that he never worked out there and

218

00:08:24,920 --> 00:08:23,250

that like we went did this whole

219

00:08:27,560 --> 00:08:24,930

investigation we got all the satellite

220

00:08:29,180 --> 00:08:27,570

photos of s4 and Papoose late going back

221

00:08:31,220 --> 00:08:29,190

you know to the Russian satellite photos

222

00:08:32,870 --> 00:08:31,230

going back to the 60s we like went

223

00:08:35,089 --> 00:08:32,880

through like chronologically and traced

224

00:08:36,620 --> 00:08:35,099

it out has there ever been a space built

225

00:08:39,620 --> 00:08:36,630

at Papoose Lake was there ever something

226

00:08:41,210 --> 00:08:39,630

there and we've pretty clearly shown

227

00:08:42,110 --> 00:08:41,220

that there has never been anything out

228

00:08:44,540 --> 00:08:42,120

of Papoose Lake

229

00:08:45,860 --> 00:08:44,550

that this whole s4 facility was based on

230

00:08:49,010 --> 00:08:45,870

rumors that he had heard about a place

231

00:08:51,650 --> 00:08:49,020

called site four and that it's really

232

00:08:53,120 --> 00:08:51,660

it's really kind of crazy that all Bob

233

00:08:55,460 --> 00:08:53,130

Lazar gets all the attention when it

234

00:08:57,140 --> 00:08:55,470

comes to area 51 but the guys like the

235

00:08:59,390 --> 00:08:57,150

Roadrunners and TD Barnes who actually

236

00:09:01,160 --> 00:08:59,400

worked out there are the real veterans

237

00:09:02,630 --> 00:09:01,170

that like people don't even pay

238

00:09:04,400 --> 00:09:02,640

attention to those guys that really talk

239

00:09:06,140 --> 00:09:04,410

about them and their stories and they

240

00:09:08,300 --> 00:09:06,150

have a lot more interesting things to

241

00:09:10,880 --> 00:09:08,310

say I believe them than bought about

242

00:09:13,640 --> 00:09:10,890

about what goes on out there see they

243

00:09:16,910 --> 00:09:13,650

can't talk about so do you think that so

244

00:09:20,269 --> 00:09:16,920

you your theory here is that an alien

245

00:09:22,100 --> 00:09:20,279

spaceship crashed at area 51 and the

246

00:09:24,260 --> 00:09:22,110

government recovered it and they've been

247

00:09:28,670 --> 00:09:24,270

using the technology that they've

248

00:09:29,120 --> 00:09:28,680

extracted from a spaceship that's not my

249

00:09:35,570 --> 00:09:29,130

theory

250

00:09:37,400 --> 00:09:35,580

found a lot of evidence against that

251

00:09:40,250 --> 00:09:37,410

theory in the scientific record of just

252

00:09:42,680 --> 00:09:40,260

just just this alone right I always

253

00:09:46,430 --> 00:09:42,690

throw this in their face and I say you

254

00:09:47,630 --> 00:09:46,440

know here this would have this would

255

00:09:50,030 --> 00:09:47,640

have happened and we would have seen

256

00:09:51,590 --> 00:09:50,040

this happen in the 1950s for example

257

00:09:53,180 --> 00:09:51,600

this is something I'd point to I say we

258

00:09:55,460 --> 00:09:53,190

this would have happened in the 1950s

259

00:09:58,670 --> 00:09:55,470

have we found something at Roswell in

260

00:09:59,600 --> 00:09:58,680

late 1947 that caused all this this

261

00:10:01,010 --> 00:09:59,610

would have this would have been

262

00:10:03,650 --> 00:10:01,020

developed and this would have like come

263

00:10:06,560 --> 00:10:03,660

out so your theory is that because

264

00:10:09,350 --> 00:10:06,570

technology didn't advance fast enough

265

00:10:11,720 --> 00:10:09,360

then nothing was discovered back then oh

266

00:10:13,400 --> 00:10:11,730

it's a good case against I say it's a

267

00:10:15,050 --> 00:10:13,410

good case against it I don't say that

268

00:10:16,579 --> 00:10:15,060

you know I try to point out that it's a

269

00:10:18,860 --> 00:10:16,589

good case against this sort of thing

270

00:10:20,600 --> 00:10:18,870

that having if this really did happen

271

00:10:22,370 --> 00:10:20,610

we'd see more evidence of it in the in

272

00:10:24,650 --> 00:10:22,380

the record but the thing is I feel like

273

00:10:26,720 --> 00:10:24,660

the time and time again I'm tracing

274

00:10:28,490 --> 00:10:26,730

things back to the real theory and real

275

00:10:30,650 --> 00:10:28,500

people humans that worked on this stuff

276

00:10:33,140 --> 00:10:30,660

and I think it's almost like a dis

277

00:10:34,640 --> 00:10:33,150

disservice to the scientists to say that

278

00:10:36,590 --> 00:10:34,650

we got this from aliens or that it would

279

00:10:40,340 --> 00:10:36,600

you know was given to guys like Vannevar

280

00:10:43,190 --> 00:10:40,350

Bush and MIT has supposedly had an mj-12

281

00:10:45,199 --> 00:10:43,200

commission carried so like with aliens

282

00:10:48,290 --> 00:10:45,209

then so you don't think that we've

283

00:10:51,110 --> 00:10:48,300

developed alien technology from from

284

00:10:54,110 --> 00:10:51,120

Roswell do you think we've developed

285

00:10:55,970 --> 00:10:54,120

alien technology from aliens at all at

286

00:10:59,330 --> 00:10:55,980

some point

287

00:11:01,550 --> 00:10:59,340

I don't see the evidence for it because

288

00:11:04,040 --> 00:11:01,560

the III trace things back to the you

289

00:11:06,140 --> 00:11:04,050

know the origins of kind of area 51 and

290

00:11:08,240 --> 00:11:06,150

how it started with a guy named you know

291

00:11:10,550 --> 00:11:08,250

Edward Mills Purcell and project rainbow

292

00:11:12,440 --> 00:11:10,560

and he went of course the Nobel Prize

293

00:11:13,700 --> 00:11:12,450

for nuclear magnetic resonance and

294

00:11:16,010 --> 00:11:13,710

understood a lot about how

295

00:11:19,010 --> 00:11:16,020

electromagnetic waves interact with

296

00:11:21,020 --> 00:11:19,020

matter and and a lot of the research

297

00:11:22,490 --> 00:11:21,030

that from from what I've seen a lot of

298

00:11:23,990 --> 00:11:22,500

the research that goes on out there is

299

00:11:25,760 --> 00:11:24,000

related to you know electronic

300

00:11:28,220 --> 00:11:25,770

countermeasures and electronic counter

301  
00:11:30,770 --> 00:11:28,230  
countermeasures and basically how to how

302  
00:11:33,710 --> 00:11:30,780  
to fool radar and how to be invisible

303  
00:11:36,080 --> 00:11:33,720  
from radar and and how to evade radar

304  
00:11:38,210 --> 00:11:36,090  
systems and and build stealth stealth

305  
00:11:40,070 --> 00:11:38,220  
has been like number one on a lot of

306  
00:11:42,410 --> 00:11:40,080  
their lists for years and it has I don't

307  
00:11:44,690 --> 00:11:42,420  
believe that they've I don't believe

308  
00:11:46,310 --> 00:11:44,700  
that they've ever had a site similar to

309  
00:11:48,440 --> 00:11:46,320  
what Bob Lazar describes where they have

310  
00:11:50,210 --> 00:11:48,450  
a hangar full of these you know crashed

311  
00:11:51,740 --> 00:11:50,220  
alien spacecraft that with all these

312  
00:11:54,050 --> 00:11:51,750  
different models and types from

313  
00:11:56,900 --> 00:11:54,060

different star systems and and what not

314

00:11:58,850 --> 00:11:56,910

I think it's a fantastic story and one

315

00:12:01,310 --> 00:11:58,860

that I you know it was a great part of

316

00:12:03,380 --> 00:12:01,320

my childhood but you know growing up was

317

00:12:07,550 --> 00:12:03,390

seeing this unsolved mysteries back in

318

00:12:09,980 --> 00:12:07,560

the 90s but it's not a part of I don't

319

00:12:12,800 --> 00:12:09,990

see it as a reality because it the

320

00:12:15,680 --> 00:12:12,810

technologies the way the technology is

321

00:12:18,970 --> 00:12:15,690

developed it would I saw an interview

322

00:12:21,500 --> 00:12:18,980

with you I think it was at a lien con oh

323

00:12:23,330 --> 00:12:21,510

yeah you were there I thought you said

324

00:12:25,820 --> 00:12:23,340

there that you thought that there was

325

00:12:29,840 --> 00:12:25,830

some technology that came from from

326

00:12:32,000 --> 00:12:29,850

aliens there's not not true well that's

327

00:12:34,910 --> 00:12:32,010

the idea is that is that that's what's

328

00:12:37,010 --> 00:12:34,920

coming out now that's what Elizondo is

329

00:12:39,110 --> 00:12:37,020

alleging and that's what that's what I'm

330

00:12:40,670 --> 00:12:39,120

these people from the to the Stars

331

00:12:42,050 --> 00:12:40,680

Academy are alleging that they have

332

00:12:44,060 --> 00:12:42,060

material that's been recovered from

333

00:12:47,060 --> 00:12:44,070

aliens and stuff II you disagree on art

334

00:12:48,710 --> 00:12:47,070

I don't know I don't know whether what I

335

00:12:50,690 --> 00:12:48,720

what to believe I it's

336

00:12:53,300 --> 00:12:50,700

I'm certainly a skeptic and I and I

337

00:12:56,080 --> 00:12:53,310

don't think that a lot of the things

338

00:12:58,280 --> 00:12:56,090

that they've said so far have been in in

339

00:12:59,900 --> 00:12:58,290

you know they they don't talk enough

340

00:13:01,190 --> 00:12:59,910

about the science and enough they have

341

00:13:03,140 --> 00:13:01,200

these scientists on their team that

342

00:13:04,190 --> 00:13:03,150

should know a lot about this these types

343

00:13:06,230 --> 00:13:04,200

of things and they've written and

344

00:13:07,760 --> 00:13:06,240

published papers on a lot of really

345

00:13:09,110 --> 00:13:07,770

interesting topics that they used to

346

00:13:09,800 --> 00:13:09,120

talk about what they don't talk about

347

00:13:11,450 --> 00:13:09,810

anymore

348

00:13:15,620 --> 00:13:11,460

and I think that that's that's very

349

00:13:17,269 --> 00:13:15,630

interesting you know there's a lot of a

350

00:13:19,700 --> 00:13:17,279

lot of patents and a lot of stuff coming

351  
00:13:21,260 --> 00:13:19,710  
out right now suggesting you know we

352  
00:13:22,910 --> 00:13:21,270  
have some type of technology or we

353  
00:13:25,430 --> 00:13:22,920  
cracked some type of technology that's

354  
00:13:27,079 --> 00:13:25,440  
that's on a higher level and I've talked

355  
00:13:29,660 --> 00:13:27,089  
to a lot of people that believe that you

356  
00:13:31,430 --> 00:13:29,670  
know there's a lot of people in the

357  
00:13:34,070 --> 00:13:31,440  
community that that even have the theory

358  
00:13:34,370 --> 00:13:34,080  
that we cracked it you know 50 50 years

359  
00:13:37,760 --> 00:13:34,380  
ago

360  
00:13:39,890 --> 00:13:37,770  
back in the 1950s and stuff so I've sort

361  
00:13:41,990 --> 00:13:39,900  
of what I've sort of done and the whole

362  
00:13:43,340 --> 00:13:42,000  
thing about what we were doing at a time

363  
00:13:45,350 --> 00:13:43,350

alien con it's the launch of this

364

00:13:47,930 --> 00:13:45,360

Falcons space program with my friend

365

00:13:49,880 --> 00:13:47,940

mark there and what we want to do is

366

00:13:52,550 --> 00:13:49,890

basically create a physics lab to do

367

00:13:54,140 --> 00:13:52,560

experiments to see we'll go back in time

368

00:13:55,700 --> 00:13:54,150

and we've already done a lot of the by

369

00:13:58,070 --> 00:13:55,710

felt brown stuff which is like the

370

00:14:00,800 --> 00:13:58,080

earliest that was the 1920s to nineteen

371

00:14:02,660 --> 00:14:00,810

you know 50s and 60s again we were

372

00:14:04,910 --> 00:14:02,670

assuming is that they figured it out and

373

00:14:06,890 --> 00:14:04,920

they they had this we can we can

374

00:14:08,870 --> 00:14:06,900

research and read go over and relook the

375

00:14:10,820 --> 00:14:08,880

history of all these works and put

376

00:14:14,390 --> 00:14:10,830

together a whole list of them which

377

00:14:15,950 --> 00:14:14,400

we've compiled now a long list of all

378

00:14:17,240 --> 00:14:15,960

the different studies that have been

379

00:14:21,980 --> 00:14:17,250

done into antigravity

380

00:14:23,510 --> 00:14:21,990

and we're hoping to basically like redo

381

00:14:24,829 --> 00:14:23,520

them and replicate a lot of them the

382

00:14:26,960 --> 00:14:24,839

ones that are within our budget or

383

00:14:28,610 --> 00:14:26,970

within the and we found a lot of other

384

00:14:29,950 --> 00:14:28,620

people and scientists and other labs

385

00:14:32,360 --> 00:14:29,960

that have already done a lot of these

386

00:14:34,430 --> 00:14:32,370

experiments themselves and we're asking

387

00:14:36,410 --> 00:14:34,440

we're asking for their like support and

388

00:14:38,960 --> 00:14:36,420

help and basically trying to rediscover

389

00:14:40,640 --> 00:14:38,970

this technology if it exists and in the

390

00:14:43,310 --> 00:14:40,650

process of doing this we haven't found

391

00:14:44,780 --> 00:14:43,320

anything right so you're saying you're

392

00:14:46,250 --> 00:14:44,790

looking at all these papers where people

393

00:14:49,000 --> 00:14:46,260

have claimed that they've discovered

394

00:14:53,660 --> 00:14:49,010

some kind of anti gravitational effects

395

00:14:58,040 --> 00:14:53,670

I'm looking at replicated these are real

396

00:15:00,290 --> 00:14:58,050

I u.s. Boeing you know Lockheed Martin

397

00:15:02,690 --> 00:15:00,300

these are real aerospace studies that

398

00:15:04,670 --> 00:15:02,700

were you know some some cases

399

00:15:06,650 --> 00:15:04,680

million-dollar half a million dollar

400

00:15:09,290 --> 00:15:06,660

studies and there's even ongoing studies

401  
00:15:10,730 --> 00:15:09,300  
that our particular interest that that

402  
00:15:12,590 --> 00:15:10,740  
are going on with DARPA

403  
00:15:15,500 --> 00:15:12,600  
currently like the quantized inertia

404  
00:15:18,740 --> 00:15:15,510  
stuff DARPA has a couple of million into

405  
00:15:23,630 --> 00:15:18,750  
into that right now I understand like

406  
00:15:25,060 --> 00:15:23,640  
why you would be doing it for my works

407  
00:15:27,380 --> 00:15:25,070  
we want to replicate it ourselves

408  
00:15:29,540 --> 00:15:27,390  
because because we don't know whether

409  
00:15:31,790 --> 00:15:29,550  
you can trust you know we want to you

410  
00:15:34,160 --> 00:15:31,800  
know you can't trust anything on the

411  
00:15:35,840 --> 00:15:34,170  
internet nowadays it's kind of like the

412  
00:15:38,060 --> 00:15:35,850  
experimental method is the best way to

413  
00:15:39,560 --> 00:15:38,070

prove to yourself or prove to everyone

414

00:15:41,660 --> 00:15:39,570

else that you know this does work or

415

00:15:43,220 --> 00:15:41,670

doesn't doesn't in fact work because

416

00:15:44,690 --> 00:15:43,230

there's all kinds of people claiming

417

00:15:47,540 --> 00:15:44,700

that you know this is how you do it this

418

00:15:49,640 --> 00:15:47,550

is how it works and then you know if we

419

00:15:50,900 --> 00:15:49,650

want to be like that beacon of you know

420

00:15:52,640 --> 00:15:50,910

like well we're gonna actually try it

421

00:15:54,350 --> 00:15:52,650

and if it does work we'll report it but

422

00:15:57,020 --> 00:15:54,360

if it doesn't we'll also report it to

423

00:15:59,540 --> 00:15:57,030

you know whether have you done any

424

00:16:02,510 --> 00:15:59,550

experiments yet that have produced

425

00:16:04,160 --> 00:16:02,520

results we haven't got any positive

426

00:16:07,300 --> 00:16:04,170

results yet in any of our experiments

427

00:16:10,160 --> 00:16:07,310

but we're hoping to have some coming up

428

00:16:13,300 --> 00:16:10,170

with that they're going into a lot of

429

00:16:15,050 --> 00:16:13,310

the newer theories and stuff basically

430

00:16:17,660 --> 00:16:15,060

so what do you think is the most

431

00:16:18,920 --> 00:16:17,670

promising Avenue of technology here that

432

00:16:25,930 --> 00:16:18,930

you you think you're gonna find some

433

00:16:29,510 --> 00:16:25,940

results in I think that I think the

434

00:16:34,220 --> 00:16:29,520

basically it's it's you're producing

435

00:16:36,410 --> 00:16:34,230

polariton is using a system a system of

436

00:16:38,150 --> 00:16:36,420

waves and a medium so basically you pump

437

00:16:39,710 --> 00:16:38,160

this medium full of waves and you get

438

00:16:41,260 --> 00:16:39,720

the waves going at a high enough

439

00:16:43,340 --> 00:16:41,270

oscillation and it creates these

440

00:16:45,830 --> 00:16:43,350

particle-antiparticle pairs called

441

00:16:49,220 --> 00:16:45,840

Galera tones and the whole idea is that

442

00:16:52,610 --> 00:16:49,230

that you creating a surface around your

443

00:16:53,960 --> 00:16:52,620

craft - and in you polarity you create

444

00:16:56,180 --> 00:16:53,970

these player tones around the entire

445

00:16:58,670 --> 00:16:56,190

surface to be a craft it polarizes the

446

00:17:00,320 --> 00:16:58,680

vacuum energy density and basically

447

00:17:02,960 --> 00:17:00,330

breaks all those quantum information

448

00:17:04,430 --> 00:17:02,970

loops through quantum which breaks

449

00:17:07,010 --> 00:17:04,440

quantum entanglement at the boundary

450

00:17:08,870 --> 00:17:07,020

layer and that breaking of quantum

451  
00:17:11,180 --> 00:17:08,880  
entanglement allows this sort of quantum

452  
00:17:12,920 --> 00:17:11,190  
slipstream effect to take place if it

453  
00:17:14,360 --> 00:17:12,930  
exists and and the math works and the

454  
00:17:16,939 --> 00:17:14,370  
internet and the math looks like it

455  
00:17:18,530 --> 00:17:16,949  
checks out and this is actually

456  
00:17:22,189 --> 00:17:18,540  
something you could actually demonstrate

457  
00:17:25,520 --> 00:17:22,199  
in your life though not without material

458  
00:17:27,470 --> 00:17:25,530  
science we have currently we need some

459  
00:17:30,770 --> 00:17:27,480  
more advanced techniques to build these

460  
00:17:34,130 --> 00:17:30,780  
types of materials and and also a little

461  
00:17:37,640 --> 00:17:34,140  
bit more advanced radio in computer

462  
00:17:40,880 --> 00:17:37,650  
systems to sort of activate the beast

463  
00:17:43,040 --> 00:17:40,890

and run this I'm currently looking into

464

00:17:47,870 --> 00:17:43,050

that and working on it but it's been

465

00:17:51,170 --> 00:17:47,880

difficult so ok switching gears a little

466

00:17:53,060 --> 00:17:51,180

bit like yes like UFOs and UFO

467

00:17:55,430 --> 00:17:53,070

encounters like stuff like the the

468

00:17:57,230 --> 00:17:55,440

recent videos that have been out of the

469

00:17:59,990 --> 00:17:57,240

Nimitz and the go fast and the gimbal

470

00:18:01,010 --> 00:18:00,000

videos what do you think about what do

471

00:18:04,760 --> 00:18:01,020

you think about those what you think is

472

00:18:06,380 --> 00:18:04,770

going on well I think it's I've been

473

00:18:08,720 --> 00:18:06,390

saying from the start that I think it's

474

00:18:11,000 --> 00:18:08,730

my my my take on it was that it's

475

00:18:14,420 --> 00:18:11,010

electronic counter countermeasures what

476

00:18:16,490 --> 00:18:14,430

are basically in radar insertion where

477

00:18:18,230 --> 00:18:16,500

they can fake false radar insertion and

478

00:18:19,760 --> 00:18:18,240

they can also create false visuals and

479

00:18:22,490 --> 00:18:19,770

there's a couple different ways they

480

00:18:24,410 --> 00:18:22,500

could do that drone swarm is one theory

481

00:18:26,270 --> 00:18:24,420

and I know I've discussed these with

482

00:18:29,150 --> 00:18:26,280

guys like Gary Voorhees who you had on

483

00:18:30,710 --> 00:18:29,160

your show recently loose whereas no it

484

00:18:32,600 --> 00:18:30,720

couldn't have been that I saw it on the

485

00:18:36,410 --> 00:18:32,610

big eyes and and I saw it through this

486

00:18:38,420 --> 00:18:36,420

and that it could also been these these

487

00:18:40,550 --> 00:18:38,430

balloons that they released through you

488

00:18:42,410 --> 00:18:40,560

know project caladium and I had

489

00:18:44,330 --> 00:18:42,420

mentioned some some of these types of

490

00:18:45,920 --> 00:18:44,340

things before and then someone came out

491

00:18:47,210 --> 00:18:45,930

with this article in the drive comm that

492

00:18:48,770 --> 00:18:47,220

talked about project caladium and

493

00:18:51,440 --> 00:18:48,780

project nemesis which were two of these

494

00:18:53,150 --> 00:18:51,450

these projects that were they released

495

00:18:54,590 --> 00:18:53,160

these balloons from subs or the and

496

00:18:56,360 --> 00:18:54,600

there's also missiles that launched from

497

00:18:59,210 --> 00:18:56,370

subs which looked very similar to that

498

00:19:01,730 --> 00:18:59,220

and to that tic tac shaped object that

499

00:19:02,240 --> 00:19:01,740

goes flying across the water at a high

500

00:19:05,420 --> 00:19:02,250

speed

501  
00:19:07,490 --> 00:19:05,430  
so this there's any number of like very

502  
00:19:09,410 --> 00:19:07,500  
human explanations for these things and

503  
00:19:11,600 --> 00:19:09,420  
I'd lean towards human explanations

504  
00:19:14,330 --> 00:19:11,610  
because this that's a you look at where

505  
00:19:17,870 --> 00:19:14,340  
it occurred it's it's a right in the bay

506  
00:19:20,870 --> 00:19:17,880  
were about a about 60 miles from where

507  
00:19:23,300 --> 00:19:20,880  
then the US Navy has a u.s. Navy SEAL

508  
00:19:25,610 --> 00:19:23,310  
training station at San Clemente Island

509  
00:19:26,870 --> 00:19:25,620  
where they do tons of tests for the US

510  
00:19:28,790 --> 00:19:26,880  
Navy

511  
00:19:30,650 --> 00:19:28,800  
there's a couple things that were weird

512  
00:19:32,720 --> 00:19:30,660  
about the encounter is that the Air

513  
00:19:34,040 --> 00:19:32,730

Force was had something to do with it

514

00:19:36,020 --> 00:19:34,050

and they were there on the ship to

515

00:19:37,580 --> 00:19:36,030

confiscate the tapes within 15 minutes

516

00:19:39,530 --> 00:19:37,590

which means they were probably already

517

00:19:41,450 --> 00:19:39,540

on board unless they have some kind of

518

00:19:46,130 --> 00:19:41,460

crazy technology that teleported them on

519

00:19:47,660 --> 00:19:46,140

board so there's lots of lots of things

520

00:19:49,340 --> 00:19:47,670

that lead me towards thinking that the

521

00:19:51,549 --> 00:19:49,350

Air Force was running some type of drill

522

00:19:54,100 --> 00:19:51,559

with some technology that they have

523

00:19:56,980 --> 00:19:54,110

testing out on the Navy on this flight

524

00:19:59,649 --> 00:19:56,990

carrier group Nina for office for

525

00:20:01,869 --> 00:19:59,659

someone whose name is alien scientist he

526

00:20:04,330 --> 00:20:01,879

didn't really seem to be that much in

527

00:20:06,249 --> 00:20:04,340

favor of aliens is a good hypothesis for

528

00:20:10,090 --> 00:20:06,259

anything what if the aliens come in in

529

00:20:12,340 --> 00:20:10,100

your in your world well you look at meta

530

00:20:15,639 --> 00:20:12,350

materials and also what they've done

531

00:20:17,799 --> 00:20:15,649

with carbon nano to nanotubes and heat

532

00:20:19,539 --> 00:20:17,809

coatings for grading Mirage effect they

533

00:20:21,519 --> 00:20:19,549

can basically there's any number of ways

534

00:20:23,350 --> 00:20:21,529

to make things invisible and if you

535

00:20:25,359 --> 00:20:23,360

figured out warp drive technology then

536

00:20:27,789 --> 00:20:25,369

you surely figured out electromagnetics

537

00:20:29,739 --> 00:20:27,799

and SPECT and frequencies and spectrums

538

00:20:32,350 --> 00:20:29,749

and you can you can make yourself

539

00:20:34,269 --> 00:20:32,360

invisible so I've always liked the Star

540

00:20:35,499 --> 00:20:34,279

Trek kind of a pro area of Star Wars in

541

00:20:36,940 --> 00:20:35,509

the background doesn't really mesh with

542

00:20:39,970 --> 00:20:36,950

the Star Trek but I have always liked

543

00:20:42,369 --> 00:20:39,980

the Star Trek universe where the prime

544

00:20:44,289 --> 00:20:42,379

directive you know all you know post

545

00:20:46,899 --> 00:20:44,299

warp civilizations don't really talk to

546

00:20:49,930 --> 00:20:46,909

you know pre-warp civilizations so you

547

00:20:51,940 --> 00:20:49,940

think that if aliens you know exists and

548

00:20:53,609 --> 00:20:51,950

they visiting as we wouldn't see them

549

00:20:55,659 --> 00:20:53,619

because they would be hiding themselves

550

00:20:58,180 --> 00:20:55,669

everything I didn't have the technology

551  
00:20:59,680 --> 00:20:58,190  
and you know they if you saw them they'd

552  
00:21:01,210 --> 00:20:59,690  
be showing themselves to you and it's

553  
00:21:05,049 --> 00:21:01,220  
much more much more likely that the

554  
00:21:07,090 --> 00:21:05,059  
things he sees UFOs in fact I've made it

555  
00:21:09,340 --> 00:21:07,100  
like I've talked to some of the best

556  
00:21:11,320 --> 00:21:09,350  
debunkers out there to like you know on

557  
00:21:12,909 --> 00:21:11,330  
these UFO cases that have debunked

558  
00:21:15,730 --> 00:21:12,919  
countless of these things that like the

559  
00:21:17,350 --> 00:21:15,740  
these lights that were around area 51

560  
00:21:21,340 --> 00:21:17,360  
that were actually these things that are

561  
00:21:22,779 --> 00:21:21,350  
on the bighorn sheep there there we

562  
00:21:24,220 --> 00:21:22,789  
found that they put these lights on the

563  
00:21:25,779 --> 00:21:24,230

bighorn sheep out there so that they

564

00:21:30,190 --> 00:21:25,789

know that they're where they are and

565

00:21:31,570 --> 00:21:30,200

they can see each other and and there's

566

00:21:33,009 --> 00:21:31,580

all these there was a circular

567

00:21:35,320 --> 00:21:33,019

containers out there and they're

568

00:21:36,970 --> 00:21:35,330

actually water troughs to give provide

569

00:21:39,669 --> 00:21:36,980

water for these herds of bighorn sheep

570

00:21:41,919 --> 00:21:39,679

Oh out near area 51 and in those canyons

571

00:21:43,419 --> 00:21:41,929

out there and stuff and these people saw

572

00:21:45,310 --> 00:21:43,429

these circular things from space and

573

00:21:47,590 --> 00:21:45,320

we're saying they were saucers out there

574

00:21:49,119 --> 00:21:47,600

you know so it's like there's perfectly

575

00:21:50,560 --> 00:21:49,129

benign explanations for some of the

576

00:21:51,909 --> 00:21:50,570

stuff but you just have to do the

577

00:21:53,980 --> 00:21:51,919

research and then when you find it you

578

00:21:56,259 --> 00:21:53,990

can't be like I really wanted to believe

579

00:21:58,840 --> 00:21:56,269

it was the saucer though yeah yeah yeah

580

00:22:02,200 --> 00:21:58,850

so you got like a bunch of things on

581

00:22:04,420 --> 00:22:02,210

your debunked bin and I see you got one

582

00:22:06,550 --> 00:22:04,430

one one page

583

00:22:07,840 --> 00:22:06,560

you got you got on various alien things

584

00:22:13,660 --> 00:22:07,850

you've got a whole page in ancient

585

00:22:15,160 --> 00:22:13,670

aliens and I stopped at a point yeah

586

00:22:17,320 --> 00:22:15,170

ancient aliens that's been going up like

587

00:22:20,230 --> 00:22:17,330

30 seasons or something hasn't it it's a

588

00:22:22,690 --> 00:22:20,240

very very very popular I think it's yeah

589

00:22:25,690 --> 00:22:22,700

shows like that I could have been in a

590

00:22:27,790 --> 00:22:25,700

large sense responsible for a lot of the

591

00:22:30,070 --> 00:22:27,800

UFO sightings just because people like

592

00:22:32,290 --> 00:22:30,080

see see the ancient aliens show and they

593

00:22:34,240 --> 00:22:32,300

get to be UFO fans and then they go out

594

00:22:38,560 --> 00:22:34,250

and look at the sky and they see a plane

595

00:22:41,140 --> 00:22:38,570

in the distance and call it a UFO so

596

00:22:43,840 --> 00:22:41,150

like the one thing that caught my eye

597

00:22:46,690 --> 00:22:43,850

here was you've got dr. Judy wood and

598

00:22:49,630 --> 00:22:46,700

you've got mini nukes and there's about

599

00:22:52,030 --> 00:22:49,640

two things that an 9/11 related like

600

00:22:53,590 --> 00:22:52,040

Judy woods claims that the the towers

601  
00:22:56,260 --> 00:22:53,600  
were destroyed with energy beams from

602  
00:23:00,390 --> 00:22:56,270  
space or from somewhere and the mini

603  
00:23:03,670 --> 00:23:00,400  
nukes theory is that there were nuclear

604  
00:23:05,800 --> 00:23:03,680  
bombs placed under each of the three

605  
00:23:07,780 --> 00:23:05,810  
buildings or three different bombs and

606  
00:23:10,000 --> 00:23:07,790  
that's one destroyed the buildings which

607  
00:23:11,020 --> 00:23:10,010  
is yeah pretty ridiculous but there

608  
00:23:13,450 --> 00:23:11,030  
seems to be a bunch of people who

609  
00:23:16,270 --> 00:23:13,460  
believe in it and it's kind of

610  
00:23:18,430 --> 00:23:16,280  
interesting for me like people always in

611  
00:23:20,200 --> 00:23:18,440  
this kind of a conspiracy spectrum with

612  
00:23:21,820 --> 00:23:20,210  
fairly reasonable conspiracies at one

613  
00:23:23,890 --> 00:23:21,830

end and completely batshit crazy

614

00:23:26,080 --> 00:23:23,900

conspiracies at the other end and people

615

00:23:30,280 --> 00:23:26,090

draw the line somewhere along that

616

00:23:32,350 --> 00:23:30,290

spectrum you notice that you you know

617

00:23:35,500 --> 00:23:32,360

see you two debunking things like the

618

00:23:37,180 --> 00:23:35,510

mini nukes and the Judy would sir but

619

00:23:41,650 --> 00:23:37,190

you've also got like a page on your

620

00:23:44,980 --> 00:23:41,660

conspiracy section about various 9/11

621

00:23:46,810 --> 00:23:44,990

related conspiracies and including like

622

00:23:50,970 --> 00:23:46,820

the the pullets

623

00:23:54,480 --> 00:23:50,980

thing for demolishing building seven so

624

00:23:57,340 --> 00:23:54,490

where do you draw the line personally on

625

00:23:58,840 --> 00:23:57,350

9/11 conspiracies what's what would you

626

00:24:01,090 --> 00:23:58,850

say is the kind of the more extreme

627

00:24:02,590 --> 00:24:01,100

thing along there that you think

628

00:24:06,040 --> 00:24:02,600

actually happened do you think that they

629

00:24:07,870 --> 00:24:06,050

were destroyed with explosives I think

630

00:24:10,960 --> 00:24:07,880

that I think that there was very

631

00:24:13,840 --> 00:24:10,970

definitely some type of explosive sir or

632

00:24:17,529 --> 00:24:13,850

or incendiaries in the buildings that a

633

00:24:19,359 --> 00:24:17,539

minimal amount that was covered up

634

00:24:21,159 --> 00:24:19,369

I thought that the first day when I

635

00:24:23,109 --> 00:24:21,169

watched it happen in a roomful of

636

00:24:24,700 --> 00:24:23,119

physics students and all my physics

637

00:24:26,529 --> 00:24:24,710

professors we were all like oh these

638

00:24:28,779 --> 00:24:26,539

buildings were blown up for sure that's

639

00:24:31,019 --> 00:24:28,789

this momentum had to be conserved in the

640

00:24:34,119 --> 00:24:31,029

way that they came down so like straight

641

00:24:36,729 --> 00:24:34,129

really kind of was like a telltale thing

642

00:24:40,450 --> 00:24:36,739

for me and I and it sort of led a lot of

643

00:24:42,099 --> 00:24:40,460

those investigations into this I I was

644

00:24:46,899 --> 00:24:42,109

doing a lot of investigations early on

645

00:24:49,210 --> 00:24:46,909

with my friend of a friend a friend of

646

00:24:52,529 --> 00:24:49,220

the families that I know this guy named

647

00:24:56,409 --> 00:24:52,539

Jonathan Cole who's an engineer yeah and

648

00:24:58,960 --> 00:24:56,419

we had put together this pay a channel

649

00:25:01,180 --> 00:24:58,970

called physics and reason I helped him

650

00:25:02,769 --> 00:25:01,190

with a lot of the theories for for these

651  
00:25:04,509 --> 00:25:02,779  
experiments to do some of these

652  
00:25:06,419 --> 00:25:04,519  
experiments to really test these things

653  
00:25:08,289 --> 00:25:06,429  
because these were the these were the

654  
00:25:10,599 --> 00:25:08,299  
one of the pieces of evidence that

655  
00:25:12,509 --> 00:25:10,609  
particularly caught my eye was you know

656  
00:25:14,710 --> 00:25:12,519  
the forensic evidence from 9/11

657  
00:25:16,690 --> 00:25:14,720  
particularly Appendix C of the FEMA

658  
00:25:18,969 --> 00:25:16,700  
report with that steel from our World

659  
00:25:21,369 --> 00:25:18,979  
Trade Center 7 that showed the eutectic

660  
00:25:24,009 --> 00:25:21,379  
formation and the sulfa sulfonation of

661  
00:25:26,889 --> 00:25:24,019  
the steel and we were particularly

662  
00:25:28,690 --> 00:25:26,899  
curious about the official explanation

663  
00:25:30,070 --> 00:25:28,700

for the source of that sulfur in the

664

00:25:33,339 --> 00:25:30,080

sulfonation that it could come from

665

00:25:36,219 --> 00:25:33,349

drywall gypsum and so we put together a

666

00:25:38,320 --> 00:25:36,229

theory to test that hypothesis called

667

00:25:40,119 --> 00:25:38,330

the you know the mysterious eutectic

668

00:25:43,839 --> 00:25:40,129

that's the video on there on that

669

00:25:45,940 --> 00:25:43,849

channel and basically we did a bunch of

670

00:25:48,129 --> 00:25:45,950

experiments to try to get steel to sulfa

671

00:25:50,830 --> 00:25:48,139

date this way in a normal office fire

672

00:25:53,529 --> 00:25:50,840

and in a normal fire condition with jet

673

00:25:55,930 --> 00:25:53,539

fuel and other things and we could not

674

00:25:58,450 --> 00:25:55,940

reproduce the the results that were

675

00:25:59,919 --> 00:25:58,460

observed in that preprend exceed the

676  
00:26:02,049 --> 00:25:59,929  
femur of work that melting in that

677  
00:26:04,960 --> 00:26:02,059  
sulphonation of the steel and I always

678  
00:26:06,450 --> 00:26:04,970  
thought that that was a it was a lot

679  
00:26:08,560 --> 00:26:06,460  
there was a lot of interesting

680  
00:26:10,210 --> 00:26:08,570  
characteristics that were reported on

681  
00:26:13,359 --> 00:26:10,220  
from the rubble and the crime scenes

682  
00:26:17,080 --> 00:26:13,369  
from 9/11 that were consistent with the

683  
00:26:20,109 --> 00:26:17,090  
use of high-temperature accelerant such

684  
00:26:23,109 --> 00:26:20,119  
as thermite and I was always curious as

685  
00:26:26,019 --> 00:26:23,119  
to why n is he didn't avoided doing any

686  
00:26:31,060 --> 00:26:26,029  
sort of chemical testing or evaluation

687  
00:26:32,560 --> 00:26:31,070  
in their analysis and in their report

688  
00:26:34,810 --> 00:26:32,570

I've been interested in this whole mile

689

00:26:36,190 --> 00:26:34,820

anything and well this whole thermite

690

00:26:40,570 --> 00:26:36,200

stuff was starting to gain a lot of

691

00:26:43,480 --> 00:26:40,580

traction back in like 2005 2006 is when

692

00:26:45,909 --> 00:26:43,490

a lot of this this this particular group

693

00:26:48,009 --> 00:26:45,919

of people including Morgan Reynolds and

694

00:26:50,200 --> 00:26:48,019

James Fetzer came out and they got on

695

00:26:52,960 --> 00:26:50,210

Fox News and a bunch of other channels

696

00:26:55,990 --> 00:26:52,970

to kind of promote these 9/11 conspiracy

697

00:26:58,600 --> 00:26:56,000

theories but they'd always mix in this

698

00:27:01,029 --> 00:26:58,610

hologram stuff or these no plain

699

00:27:04,060 --> 00:27:01,039

theories or all these more exotic and

700

00:27:06,730 --> 00:27:04,070

ridiculous theories and I realized it

701  
00:27:09,399 --> 00:27:06,740  
was almost like a public brainwashing

702  
00:27:11,049 --> 00:27:09,409  
kind of effect that it had is is that

703  
00:27:13,090 --> 00:27:11,059  
it's like a straw man effect it's like

704  
00:27:14,799 --> 00:27:13,100  
if we put on a bunch of fake conspiracy

705  
00:27:15,220 --> 00:27:14,809  
theories and then we debunk the crap out

706  
00:27:16,539 --> 00:27:15,230  
of them

707  
00:27:18,009 --> 00:27:16,549  
then everyone will think this has been

708  
00:27:19,419 --> 00:27:18,019  
debunked and no one will look into the

709  
00:27:20,980 --> 00:27:19,429  
real stuff when they see that when they

710  
00:27:22,090 --> 00:27:20,990  
see any real stuff come along or any

711  
00:27:24,159 --> 00:27:22,100  
kind of real a but it's a real

712  
00:27:26,919 --> 00:27:24,169  
information come along which I found is

713  
00:27:28,289 --> 00:27:26,929

like just discrediting by association

714

00:27:32,499 --> 00:27:28,299

you think is like a deliberate

715

00:27:34,629 --> 00:27:32,509

propaganda plot to discredit genuine

716

00:27:39,759 --> 00:27:34,639

9/11 investigations by putting this I

717

00:27:41,409 --> 00:27:39,769

feel this group is is very can be traced

718

00:27:43,869 --> 00:27:41,419

back that the roots of this group and I

719

00:27:46,480 --> 00:27:43,879

think they're connected to a COINTELPRO

720

00:27:49,060 --> 00:27:46,490

operation Versailles a psychological

721

00:27:51,820 --> 00:27:49,070

operation as I said for if called these

722

00:27:53,340 --> 00:27:51,830

people you know I've said they're all

723

00:27:55,570 --> 00:27:53,350

connected they all wrote they were

724

00:27:56,830 --> 00:27:55,580

Morgan Reynolds wrote the first papers

725

00:27:59,259 --> 00:27:56,840

on the directed-energy weapons

726

00:28:02,740 --> 00:27:59,269

hypothesis with Judy wood on that space

727

00:28:04,450 --> 00:28:02,750

laser stuff and and it was right after

728

00:28:05,980 --> 00:28:04,460

they came out and wrote up a bunch of

729

00:28:08,049 --> 00:28:05,990

other stuff that they write they write

730

00:28:09,999 --> 00:28:08,059

some stuff that seems like it's good but

731

00:28:12,159 --> 00:28:10,009

then they then they they mix it in with

732

00:28:13,869 --> 00:28:12,169

all this you know Judy wood did this

733

00:28:15,519 --> 00:28:13,879

floor-by-floor analysis and built this

734

00:28:16,659 --> 00:28:15,529

whole physics model of the collapse of

735

00:28:19,049 --> 00:28:16,669

the World Trade Center floor by floor

736

00:28:21,789 --> 00:28:19,059

and show it and built this really nice

737

00:28:23,830 --> 00:28:21,799

model of you know the mat and the

738

00:28:25,539 --> 00:28:23,840

calculations for how it would work but

739

00:28:27,129 --> 00:28:25,549

then she came out right after that with

740

00:28:29,230 --> 00:28:27,139

this space laser stuff and was saying

741

00:28:32,680 --> 00:28:29,240

you know that the you know the toast the

742

00:28:35,560 --> 00:28:32,690

cars were toasted and and all this all

743

00:28:39,549 --> 00:28:35,570

this evidence for you know nanoparticles

744

00:28:41,830 --> 00:28:39,559

of aluminum oxide and um and iron

745

00:28:42,960 --> 00:28:41,840

I mean iron oxide aluminum we really

746

00:28:46,250 --> 00:28:42,970

weren't

747

00:28:48,570 --> 00:28:46,260

thermite but they were created through

748

00:28:50,730 --> 00:28:48,580

vaporization of building materials

749

00:28:52,350 --> 00:28:50,740

through the space laser densification I

750

00:28:54,120 --> 00:28:52,360

think she called it a little the iron

751

00:28:57,289 --> 00:28:54,130

the steel turned to dust which doesn't

752

00:28:59,820 --> 00:28:57,299

really make any sense I have a molecular

753

00:29:02,880 --> 00:28:59,830

sense the energy released there would be

754

00:29:07,110 --> 00:29:02,890

kind of large I think it would it would

755

00:29:09,450 --> 00:29:07,120

be a couple I think it was 9.6

756

00:29:12,060 --> 00:29:09,460

terajoules or something I have a camera

757

00:29:14,520 --> 00:29:12,070

on my website I did spend years since I

758

00:29:16,919 --> 00:29:14,530

did all that stuff but one of the best

759

00:29:19,440 --> 00:29:16,929

articles that came out with the whistles

760

00:29:21,000 --> 00:29:19,450

coming Ryan he he put this article on

761

00:29:24,899 --> 00:29:21,010

who could have rigged the World Trade

762

00:29:27,750 --> 00:29:24,909

Center with explosives Kevin Ryan of dig

763

00:29:29,909 --> 00:29:27,760

within his blog I think he's done some

764

00:29:32,070 --> 00:29:29,919

really interesting he raises some more

765

00:29:34,020 --> 00:29:32,080

legitimate questions than most all than

766

00:29:37,320 --> 00:29:34,030

other 911 researchers I've seen out

767

00:29:39,060 --> 00:29:37,330

there have raised and especially there's

768

00:29:41,970 --> 00:29:39,070

a lot of ideological groups within the

769

00:29:44,100 --> 00:29:41,980

911 conspiracy movement too that I feel

770

00:29:47,070 --> 00:29:44,110

they're trying to blame it on the group

771

00:29:48,419 --> 00:29:47,080

that they hate the most and it's so it's

772

00:29:50,640 --> 00:29:48,429

really they're just looking at it from

773

00:29:54,860 --> 00:29:50,650

this one side and then you know you look

774

00:29:57,419 --> 00:29:54,870

at that whole Karl Popper a view of

775

00:29:59,130 --> 00:29:57,429

skepticism it's that we have to look for

776

00:30:00,720 --> 00:29:59,140

dis confirmation as well as confirmation

777

00:30:02,370 --> 00:30:00,730

and too many of those people just go out

778

00:30:04,409 --> 00:30:02,380

and search for all the facts that can't

779

00:30:05,850 --> 00:30:04,419

confirm what they want to believe rather

780

00:30:08,279 --> 00:30:05,860

than trying to find things that dis

781

00:30:11,399 --> 00:30:08,289

confirm it as well and so I think it's

782

00:30:13,260 --> 00:30:11,409

important for you know skeptics to take

783

00:30:15,539 --> 00:30:13,270

kind of like both sides of that you know

784

00:30:16,919 --> 00:30:15,549

not just make them on yeah of everything

785

00:30:19,140 --> 00:30:16,929

you know what you know try to take it a

786

00:30:20,610 --> 00:30:19,150

little bit more seriously and when you

787

00:30:21,870 --> 00:30:20,620

when you when you look into these things

788

00:30:23,520 --> 00:30:21,880

because you might be overlooking

789

00:30:26,820 --> 00:30:23,530

something especially with the way that

790

00:30:29,370 --> 00:30:26,830

I've seen all this stuff set up with you

791

00:30:31,560 --> 00:30:29,380

know the other 9/11 stuff with what I

792

00:30:33,480 --> 00:30:31,570

believe you know Judy wood came out with

793

00:30:36,210 --> 00:30:33,490

this whole space lasers thing and she

794

00:30:38,100 --> 00:30:36,220

immediately started to campaign they

795

00:30:39,419 --> 00:30:38,110

emailed every single physics professor

796

00:30:41,250 --> 00:30:39,429

from every single college and I know

797

00:30:42,480 --> 00:30:41,260

because three of them that I talked to

798

00:30:44,130 --> 00:30:42,490

and I talked to a lot of physics

799

00:30:46,380 --> 00:30:44,140

professors because I talk about a lot

800

00:30:48,419 --> 00:30:46,390

more than you know just 911 stuff but

801  
00:30:50,310 --> 00:30:48,429  
three three of them that know me know I

802  
00:30:52,889 --> 00:30:50,320  
talk about 911 stuff sent me the Judy

803  
00:30:54,990 --> 00:30:52,899  
wood stuff back in like you know so they

804  
00:30:56,840 --> 00:30:55,000  
were they were masked emailing this this

805  
00:30:58,430 --> 00:30:56,850  
material out to to the community

806  
00:31:02,090 --> 00:30:58,440  
to a lot of people and I think that's

807  
00:31:06,680 --> 00:31:02,100  
the disinformation campaign essentially

808  
00:31:08,090 --> 00:31:06,690  
well all I you know let's just take a

809  
00:31:10,549 --> 00:31:08,100  
step back there first I can like back to

810  
00:31:12,529 --> 00:31:10,559  
where you you know you first saw the

811  
00:31:13,999 --> 00:31:12,539  
collapses she said you were in a room of

812  
00:31:17,690 --> 00:31:14,009  
physics students and the physics

813  
00:31:19,120 --> 00:31:17,700

professor with her and you knew I don't

814

00:31:23,480 --> 00:31:19,130

know about everybody else in the room

815

00:31:25,249 --> 00:31:23,490

that because of what you saw that there

816

00:31:27,590 --> 00:31:25,259

had to be some kind of explosives being

817

00:31:31,310 --> 00:31:27,600

used yeah

818

00:31:33,619 --> 00:31:31,320

isn't shouldn't that by itself be enough

819

00:31:35,869 --> 00:31:33,629

to make the case there was some kind of

820

00:31:38,060 --> 00:31:35,879

conspiracy some kind of controlled

821

00:31:40,159 --> 00:31:38,070

demolition or some kind of something

822

00:31:42,350 --> 00:31:40,169

else going on besides the planes in the

823

00:31:44,060 --> 00:31:42,360

building why isn't that enough you know

824

00:31:46,369 --> 00:31:44,070

I think it's I think it's interesting

825

00:31:48,409 --> 00:31:46,379

because scientifically if we if you

826

00:31:49,759 --> 00:31:48,419

would look at all the variables and all

827

00:31:51,680 --> 00:31:49,769

the little things that could have

828

00:31:53,299 --> 00:31:51,690

happened you know with with the models

829

00:31:57,230 --> 00:31:53,309

and I Steve look forward for the

830

00:31:58,970 --> 00:31:57,240

collapse it makes a lot of sense that it

831

00:32:01,369 --> 00:31:58,980

could have collapsed from fire the way

832

00:32:06,080 --> 00:32:01,379

it did it could have you know I say they

833

00:32:08,269 --> 00:32:06,090

could have because if it's the if it it

834

00:32:09,560 --> 00:32:08,279

could have in a perfect universe where

835

00:32:11,779 --> 00:32:09,570

everything was symmetric and everything

836

00:32:13,399 --> 00:32:11,789

worked out it and the laws of physics

837

00:32:15,710 --> 00:32:13,409

work just right it could have collapsed

838

00:32:17,210 --> 00:32:15,720

just from itself and not from explosives

839

00:32:18,860 --> 00:32:17,220

and I think that's the reason that

840

00:32:20,269 --> 00:32:18,870

they've gotten away with is because

841

00:32:23,090 --> 00:32:20,279

you're able to kind of have this

842

00:32:25,399 --> 00:32:23,100

scientific level of ambiguity within you

843

00:32:27,440 --> 00:32:25,409

know a certain level of research with is

844

00:32:30,200 --> 00:32:27,450

there's enough disbelief that people

845

00:32:31,730 --> 00:32:30,210

won't look into it further I think

846

00:32:33,680 --> 00:32:31,740

that's that's that's the reason they've

847

00:32:37,639 --> 00:32:33,690

gotten like so if he could have

848

00:32:39,259 --> 00:32:37,649

collapsed from fire alone then why do

849

00:32:42,169 --> 00:32:39,269

you why would you immediately think that

850

00:32:45,019 --> 00:32:42,179

he couldn't have well you can make the

851  
00:32:46,850 --> 00:32:45,029  
case through random statistics I mean

852  
00:32:49,009 --> 00:32:46,860  
you can make it a case it's conceding

853  
00:32:51,080 --> 00:32:49,019  
Lee unlikely that you know it did the

854  
00:32:52,879 --> 00:32:51,090  
way you know it did but you could

855  
00:32:54,289 --> 00:32:52,889  
statistically still make the case and

856  
00:32:56,539 --> 00:32:54,299  
still argue it you know that's that's

857  
00:32:58,549 --> 00:32:56,549  
sort of why the but you know the

858  
00:33:00,289 --> 00:32:58,559  
skeptics still have a way out all right

859  
00:33:02,180 --> 00:33:00,299  
but you if you're saying like there's

860  
00:33:05,119 --> 00:33:02,190  
this faint possibility it could possibly

861  
00:33:07,669 --> 00:33:05,129  
have collapsed yeah there's the thing I

862  
00:33:10,430 --> 00:33:07,679  
say is is if you already believe if you

863  
00:33:11,090 --> 00:33:10,440

already believe that fire if you believe

864

00:33:13,220 --> 00:33:11,100

that fire

865

00:33:15,770 --> 00:33:13,230

could have caused it to collapse the way

866

00:33:18,020 --> 00:33:15,780

it did it's not that hard to believe

867

00:33:20,150 --> 00:33:18,030

that you know they put in maybe a couple

868

00:33:21,799 --> 00:33:20,160

extra you know charges here and there in

869

00:33:23,120 --> 00:33:21,809

the building's just to help it fall more

870

00:33:25,310 --> 00:33:23,130

symmetrically and more and more

871

00:33:26,900 --> 00:33:25,320

perfectly to get that symmetry you know

872

00:33:28,940 --> 00:33:26,910

if you can already believe those models

873

00:33:31,010 --> 00:33:28,950

that could have collapsed from fire it's

874

00:33:32,450 --> 00:33:31,020

not that much of an excessively that

875

00:33:33,919 --> 00:33:32,460

there were only a couple explosives

876

00:33:35,570 --> 00:33:33,929

inside the buildings to bring him down

877

00:33:36,950 --> 00:33:35,580

does this thing wasn't obviously it

878

00:33:39,169 --> 00:33:36,960

wasn't loaded it didn't like light up

879

00:33:40,669 --> 00:33:39,179

like a sparkler and there wasn't giant

880

00:33:42,590 --> 00:33:40,679

pools of molten steel there were pools

881

00:33:44,450 --> 00:33:42,600

of molten steel and it the buildings and

882

00:33:46,010 --> 00:33:44,460

even Leslie Robertson one of the World

883

00:33:48,680 --> 00:33:46,020

Trade Center engineers reported him and

884

00:33:50,539 --> 00:33:48,690

I have a video clip of him I'm talking

885

00:33:52,520 --> 00:33:50,549

about that I don't think he said there

886

00:33:54,430 --> 00:33:52,530

were pools of molten steel he said there

887

00:33:56,899 --> 00:33:54,440

was some molten metal dripping down

888

00:33:58,630 --> 00:33:56,909

something that he saw underground when

889

00:34:01,100 --> 00:33:58,640

he was examining the subway I believe

890

00:34:03,169 --> 00:34:01,110

yeah there was there was dripping like

891

00:34:06,200 --> 00:34:03,179

molten metal dripping rivers trickling

892

00:34:08,659 --> 00:34:06,210

steel and there's no way of knowing if

893

00:34:12,800 --> 00:34:08,669

it was steel or not well here's the

894

00:34:14,690 --> 00:34:12,810

thing to also pyro cool I remember

895

00:34:17,060 --> 00:34:14,700

reading this about pyro cool is this

896

00:34:19,460 --> 00:34:17,070

stuff that mixes with water to make it

897

00:34:21,169 --> 00:34:19,470

extra fire quenching and it mixes with

898

00:34:23,300 --> 00:34:21,179

water is something like point zero four

899

00:34:26,690 --> 00:34:23,310

percent and the New York Fire Department

900

00:34:29,629 --> 00:34:26,700

ordered half a million gallons of that

901  
00:34:31,790 --> 00:34:29,639  
stuff not enough to make a million

902  
00:34:33,710 --> 00:34:31,800  
gallons maybe there were two thousand

903  
00:34:36,290 --> 00:34:33,720  
gallons of the pyro cool mixture and it

904  
00:34:39,050 --> 00:34:36,300  
mixes at 0.4% which makes about two

905  
00:34:43,700 --> 00:34:39,060  
million gallons I think is what it was

906  
00:34:45,770 --> 00:34:43,710  
and they they hose down the whole World

907  
00:34:47,570 --> 00:34:45,780  
Trade Center for a month with with like

908  
00:34:49,340 --> 00:34:47,580  
two million gallons of this special fire

909  
00:34:51,530 --> 00:34:49,350  
quenching liquid and it still wasn't

910  
00:34:53,690 --> 00:34:51,540  
like too hot so there were some sort of

911  
00:34:55,129 --> 00:34:53,700  
extreme heat source there I kind of

912  
00:34:58,930 --> 00:34:55,139  
suggest something more than a few

913  
00:35:03,200 --> 00:35:01,340

okay well that's what I'm saying it's

914

00:35:05,270 --> 00:35:03,210

not that it's not that hard to believe

915

00:35:06,740 --> 00:35:05,280

way it's not that hard of an excess to

916

00:35:08,870 --> 00:35:06,750

say that there could have been some a

917

00:35:10,550 --> 00:35:08,880

thermite in that building to bring it

918

00:35:12,560 --> 00:35:10,560

down especially when you when you start

919

00:35:14,270 --> 00:35:12,570

going into light well who had the access

920

00:35:16,040 --> 00:35:14,280

to the buildings of build who designed

921

00:35:18,349 --> 00:35:16,050

the security systems where the people

922

00:35:20,329 --> 00:35:18,359

involved with all with all that but then

923

00:35:23,000 --> 00:35:20,339

stuff and that looks those two things

924

00:35:24,829 --> 00:35:23,010

that really seem to mesh that you said

925

00:35:26,420 --> 00:35:24,839

that you know it's quite easy to think

926

00:35:28,039 --> 00:35:26,430

there were a few well-placed bits of

927

00:35:29,690 --> 00:35:28,049

thermite to bring down the building in a

928

00:35:31,279 --> 00:35:29,700

more symmetrical manner and then he's

929

00:35:34,400 --> 00:35:31,289

saying there's this incredible amount of

930

00:35:36,829 --> 00:35:34,410

heat that took months of cooling down

931

00:35:39,859 --> 00:35:36,839

afterwards well that's the first

932

00:35:41,660 --> 00:35:39,869

evidence do you think this these few

933

00:35:44,390 --> 00:35:41,670

well-placed explosives are gonna take

934

00:35:46,519 --> 00:35:44,400

create a huge ball of molten steel it

935

00:35:47,839 --> 00:35:46,529

takes months to cool down I mean how how

936

00:35:51,019 --> 00:35:47,849

would that work what's the physics

937

00:35:53,440 --> 00:35:51,029

though well what's the source of that

938

00:35:56,719 --> 00:35:53,450

molten steel was it wasn't the jet fuel

939

00:35:58,489 --> 00:35:56,729

well there wasn't really any good

940

00:36:00,049 --> 00:35:58,499

evidence of the wad any molten steel

941

00:36:04,249 --> 00:36:00,059

then no one you know you didn't see any

942

00:36:06,829 --> 00:36:04,259

big huge solidified pieces of steel

943

00:36:09,019 --> 00:36:06,839

being carried away on trucks afterwards

944

00:36:10,489 --> 00:36:09,029

there was some pretty big media rates

945

00:36:11,930 --> 00:36:10,499

that they carry yeah but they weren't

946

00:36:14,150 --> 00:36:11,940

they weren't steel I've seen those

947

00:36:15,950 --> 00:36:14,160

meteorites up close I mean they had one

948

00:36:17,569 --> 00:36:15,960

of them in the Memorial Museum for a

949

00:36:18,410 --> 00:36:17,579

while and I've seen photographs of the

950

00:36:20,569 --> 00:36:18,420

other one and it's just basically

951  
00:36:22,640 --> 00:36:20,579  
concrete and there's bits of rebar

952  
00:36:25,160 --> 00:36:22,650  
sticking out of it which were not melted

953  
00:36:27,589 --> 00:36:25,170  
at all so that there wasn't molten metal

954  
00:36:29,749 --> 00:36:27,599  
there isn't really any good evidence as

955  
00:36:33,200 --> 00:36:29,759  
far as I can tell and he could physical

956  
00:36:35,599 --> 00:36:33,210  
evidence of molten metal at all really

957  
00:36:37,579 --> 00:36:35,609  
certainly not molten steel and the

958  
00:36:38,950 --> 00:36:37,589  
recollections of people seeing molten

959  
00:36:41,690 --> 00:36:38,960  
metal could be something else

960  
00:36:44,539 --> 00:36:41,700  
well this they didn't do a lot of

961  
00:36:46,459 --> 00:36:44,549  
metallurgical analysis they selectively

962  
00:36:48,759 --> 00:36:46,469  
analyzed the steel a lot of the pictures

963  
00:36:50,749 --> 00:36:48,769

in the FEMA report we're you know

964

00:36:51,859 --> 00:36:50,759

hand-picked there and they looked some

965

00:36:53,359 --> 00:36:51,869

of those some of that steel looks

966

00:36:55,670 --> 00:36:53,369

suspicious but even the pieces that they

967

00:36:57,170 --> 00:36:55,680

gave were very like hand selected the

968

00:36:59,029 --> 00:36:57,180

ones the few that they did give up for

969

00:37:01,219 --> 00:36:59,039

analysis and very few of these pieces

970

00:37:03,140 --> 00:37:01,229

have ever undergone real metallurgical

971

00:37:04,549 --> 00:37:03,150

analysis and the few that did the ones I

972

00:37:06,200 --> 00:37:04,559

pointed out in Appendix C of the themer

973

00:37:08,599 --> 00:37:06,210

report show some pretty interesting

974

00:37:10,549 --> 00:37:08,609

melty and high-temperature corrosion of

975

00:37:12,440 --> 00:37:10,559

the steel that still hasn't been

976

00:37:14,569 --> 00:37:12,450

explained by any experiment that I've

977

00:37:17,269 --> 00:37:14,579

seen this there was a study done on that

978

00:37:19,190 --> 00:37:17,279

I remember it was some University I'm

979

00:37:20,989 --> 00:37:19,200

thinking the University of Warwick but

980

00:37:24,559 --> 00:37:20,999

that doesn't sound right to me but it's

981

00:37:27,620 --> 00:37:24,569

a universe begin to BW and they did the

982

00:37:30,799 --> 00:37:27,630

study on that the this bit of steel and

983

00:37:33,229 --> 00:37:30,809

it looks like it's very very thin like

984

00:37:34,339 --> 00:37:33,239

it's being burnt away somehow you know

985

00:37:37,349 --> 00:37:34,349

where it is I'm just saying that for

986

00:37:39,150 --> 00:37:37,359

everybody else's benefit and

987

00:37:41,239 --> 00:37:39,160

they studied it and looked at the the

988

00:37:43,410 --> 00:37:41,249

crystallography of the steel and

989

00:37:45,989 --> 00:37:43,420

examined it carefully and they said yeah

990

00:37:48,839 --> 00:37:45,999

it's probably from some kind of chemical

991

00:37:50,099 --> 00:37:48,849

reaction but the part of their results

992

00:37:53,849 --> 00:37:50,109

were they said that it would have taken

993

00:37:57,599 --> 00:37:53,859

several days to go through this whatever

994

00:37:58,950 --> 00:37:57,609

processor it was so if if that was

995

00:38:00,749 --> 00:37:58,960

correct if that analysis was correct

996

00:38:02,099 --> 00:38:00,759

then that that would mean that it would

997

00:38:05,390 --> 00:38:02,109

have to be something that happened in

998

00:38:08,339 --> 00:38:05,400

the pile and not actually in the towers

999

00:38:13,890 --> 00:38:08,349

I mean W are you familiar with that

1000

00:38:17,329 --> 00:38:13,900

study at all no I'm not I haven't seen

1001

00:38:18,839 --> 00:38:17,339

that one but if you do find it please

1002

00:38:21,180 --> 00:38:18,849

yeah

1003

00:38:23,630 --> 00:38:21,190

I mean I'm still looking for answers I I

1004

00:38:26,759 --> 00:38:23,640

go back and forth on a lot of this stuff

1005

00:38:29,190 --> 00:38:26,769

from time to time but it's just it just

1006

00:38:30,660 --> 00:38:29,200

seems to me that if they have they

1007

00:38:32,670 --> 00:38:30,670

should have had an investigation where

1008

00:38:34,559 --> 00:38:32,680

more these people were investigated and

1009

00:38:36,210 --> 00:38:34,569

more of these avenues it seems to me

1010

00:38:39,170 --> 00:38:36,220

that that that crime scene was cleaned

1011

00:38:42,720 --> 00:38:39,180

up way too fast and in way too much of a

1012

00:38:45,239 --> 00:38:42,730

in a sketchy manner of them you know

1013

00:38:47,489 --> 00:38:45,249

getting rid of so much to that steel so

1014

00:38:50,700 --> 00:38:47,499

quickly that it's like it's only led to

1015

00:38:51,809 --> 00:38:50,710

more conspiracy theories and thing is

1016

00:38:53,700 --> 00:38:51,819

that they weren't really thinking about

1017

00:38:55,829 --> 00:38:53,710

conspiracy theories at the time it's not

1018

00:38:58,470 --> 00:38:55,839

like yeah that's all it was let's let's

1019

00:39:00,749 --> 00:38:58,480

clear up the conspiracies there is ahead

1020

00:39:02,249 --> 00:39:00,759

of time it's more like they were let's

1021

00:39:05,430 --> 00:39:02,259

try to rescue people who were trapped in

1022

00:39:07,529 --> 00:39:05,440

the rubble and then that's not true at

1023

00:39:08,370 --> 00:39:07,539

all because the the the last person

1024

00:39:10,470 --> 00:39:08,380

pulled out of the World Trade Center

1025

00:39:12,210 --> 00:39:10,480

live was William Rodriguez and he was

1026

00:39:13,859 --> 00:39:12,220

pulled out the day after and after that

1027

00:39:15,870 --> 00:39:13,869

they stopped finding bodies so that's

1028

00:39:17,789 --> 00:39:15,880

there was no looking it was still

1029

00:39:19,410 --> 00:39:17,799

looking for they were still looking for

1030

00:39:22,349 --> 00:39:19,420

life people for a day or two afterwards

1031

00:39:23,849 --> 00:39:22,359

but then after that no it was pretty

1032

00:39:25,589 --> 00:39:23,859

clear right away that there wasn't any

1033

00:39:27,660 --> 00:39:25,599

survivors from them from the disastrous

1034

00:39:28,920 --> 00:39:27,670

ten days you know certainly within a day

1035

00:39:30,089 --> 00:39:28,930

or two I think it was fairly clear

1036

00:39:32,789 --> 00:39:30,099

because they didn't find anything

1037

00:39:35,339 --> 00:39:32,799

but the priority after that wasn't

1038

00:39:37,890 --> 00:39:35,349

recovering you know live people it's

1039

00:39:40,410 --> 00:39:37,900

recovering bodies there's essentially no

1040

00:39:42,150 --> 00:39:40,420

it's not he was bouncing people because

1041

00:39:43,890 --> 00:39:42,160

they they actually cleared out World

1042

00:39:46,079 --> 00:39:43,900

Trade Center seven first and there was

1043

00:39:48,930 --> 00:39:46,089

no that was evacuated so that theory is

1044

00:39:50,490 --> 00:39:48,940

wrong because it was clear that for

1045

00:39:51,990 --> 00:39:50,500

access because he was

1046

00:39:54,150 --> 00:39:52,000

locking the Rose because it felt if fell

1047

00:39:58,620 --> 00:39:54,160

on the North roads behind her welfare

1048

00:40:00,570 --> 00:39:58,630

house oh well I'm not sure what you're

1049

00:40:02,520 --> 00:40:00,580

suggesting that yeah one of my

1050

00:40:03,960 --> 00:40:02,530

interviews I did was with a structural

1051  
00:40:06,630 --> 00:40:03,970  
engineer who worked at the World Trade

1052  
00:40:09,540 --> 00:40:06,640  
Center site and he wrote a book through

1053  
00:40:11,670 --> 00:40:09,550  
worker and I where's Cole now but it's

1054  
00:40:13,740 --> 00:40:11,680  
yeah his name is Donald Friedman and you

1055  
00:40:16,050 --> 00:40:13,750  
wrote this book on on 9/11 he worked

1056  
00:40:19,110 --> 00:40:16,060  
there from September the 12th the day

1057  
00:40:21,600 --> 00:40:19,120  
after and and he he says in his book

1058  
00:40:24,740 --> 00:40:21,610  
very clearly that's in the priority of

1059  
00:40:26,610 --> 00:40:24,750  
everybody who was there you know the the

1060  
00:40:29,430 --> 00:40:26,620  
firemen and the steel workers and

1061  
00:40:32,100 --> 00:40:29,440  
everybody else was recovering remains

1062  
00:40:34,140 --> 00:40:32,110  
it wasn't clearing he wasn't clearing

1063  
00:40:35,850 --> 00:40:34,150

things up he was clearing things so that

1064

00:40:38,250 --> 00:40:35,860

they could actually get the remains of

1065

00:40:40,170 --> 00:40:38,260

the people there and he talked to

1066

00:40:42,780 --> 00:40:40,180

anybody who worked on this great

1067

00:40:44,520 --> 00:40:42,790

services are they so that's a great

1068

00:40:45,990 --> 00:40:44,530

cover story is all I'm saying is that

1069

00:40:47,940 --> 00:40:46,000

you know it's a great thing to tell

1070

00:40:49,590 --> 00:40:47,950

people it's a grand order and it's how

1071

00:40:51,810 --> 00:40:49,600

you think you think he's the one in

1072

00:40:53,610 --> 00:40:51,820

charge if you're the one in oh no not

1073

00:40:56,930 --> 00:40:53,620

them but if you're if you're the people

1074

00:41:00,060 --> 00:40:56,940

like the mayor of New York you know

1075

00:41:01,470 --> 00:41:00,070

certain people that would have been in

1076  
00:41:03,120 --> 00:41:01,480  
charge of those types of things and were

1077  
00:41:07,890 --> 00:41:03,130  
in charge of ordering those type those

1078  
00:41:09,420 --> 00:41:07,900  
things it's the perfect excuse this is

1079  
00:41:11,520 --> 00:41:09,430  
something that I've looked into you know

1080  
00:41:14,190 --> 00:41:11,530  
quite a bit World Trade Center seven

1081  
00:41:15,600 --> 00:41:14,200  
very interesting connections that aren't

1082  
00:41:17,130 --> 00:41:15,610  
talked about there and some of the

1083  
00:41:19,620 --> 00:41:17,140  
research that I've done with the tenants

1084  
00:41:21,780 --> 00:41:19,630  
list and the people that occupied the

1085  
00:41:22,860 --> 00:41:21,790  
majority of those buildings and yeah I

1086  
00:41:25,710 --> 00:41:22,870  
know you've got a lot of stuff about

1087  
00:41:29,280 --> 00:41:25,720  
that actually you know that Donald

1088  
00:41:30,980 --> 00:41:29,290

Rumsfeld he sound and Dick Cheney said

1089

00:41:33,380 --> 00:41:30,990  
on the foreign advisory board for

1090

00:41:35,580 --> 00:41:33,390  
Salomon Smith Barney the bank that on

1091

00:41:37,140 --> 00:41:35,590  
85% of the floors in that building which

1092

00:41:39,000 --> 00:41:37,150  
I thought was interesting facts that

1093

00:41:40,710 --> 00:41:39,010  
they weren't so closely connected to

1094

00:41:42,930 --> 00:41:40,720  
that they quit their positions at

1095

00:41:44,670 --> 00:41:42,940  
Salomon Smith Barney on that board just

1096

00:41:46,020 --> 00:41:44,680  
prior to taking office in the bush in

1097

00:41:47,100 --> 00:41:46,030  
Austria I think that what kind of work

1098

00:41:48,450 --> 00:41:47,110  
both ways there because they would

1099

00:41:50,490 --> 00:41:48,460  
actually me they would know a lot of

1100

00:41:52,620 --> 00:41:50,500  
people who would be killed that if they

1101

00:41:54,420 --> 00:41:52,630

they you know worked with Solomon Smith

1102

00:41:55,770 --> 00:41:54,430

well not if anyone not if anyone was

1103

00:41:58,290 --> 00:41:55,780

wasn't killed as the buildings were

1104

00:42:00,420 --> 00:41:58,300

evacuated right I guess that's getting a

1105

00:42:01,980 --> 00:42:00,430

bit into a deeper conspiracy so let me

1106

00:42:03,970 --> 00:42:01,990

just ask you well you have to go soon

1107

00:42:07,599 --> 00:42:03,980

but let's let me just ask you like one

1108

00:42:10,300 --> 00:42:07,609

closing question here for now how are

1109

00:42:11,830 --> 00:42:10,310

your opinions about the 9/11 conspiracy

1110

00:42:15,040 --> 00:42:11,840

theories change other things that you

1111

00:42:17,140 --> 00:42:15,050

used to believe in about 9/11

1112

00:42:20,260 --> 00:42:17,150

conspiracies that you now no longer

1113

00:42:23,109 --> 00:42:20,270

believe in yeah one of the early things

1114

00:42:24,790 --> 00:42:23,119

was that that pod that pod thing and I

1115

00:42:26,170 --> 00:42:24,800

found a lot of evidence for you know I

1116

00:42:28,180 --> 00:42:26,180

looked into the AWACS and

1117

00:42:30,190 --> 00:42:28,190

remote-controlled plane systems and that

1118

00:42:32,320 --> 00:42:30,200

systems planning corporation stuff with

1119

00:42:34,120 --> 00:42:32,330

that with that real control plane

1120

00:42:36,280 --> 00:42:34,130

technology I did a lot of research into

1121

00:42:38,140 --> 00:42:36,290

that and found a lot of stuff about all

1122

00:42:40,390 --> 00:42:38,150

the classified programs at the time that

1123

00:42:42,250 --> 00:42:40,400

were related to that how some of the

1124

00:42:44,230 --> 00:42:42,260

pilots that were allegedly related to

1125

00:42:46,810 --> 00:42:44,240

this might have been the pilots of

1126

00:42:48,550 --> 00:42:46,820

flight 77 actually into the Pentagon

1127

00:42:50,560 --> 00:42:48,560

that some of them took parts and drills

1128

00:42:51,930 --> 00:42:50,570

of planes going into the Pentagon and

1129

00:42:56,470 --> 00:42:51,940

some of these other weird things that

1130

00:42:58,870 --> 00:42:56,480

have been found in the research but yeah

1131

00:43:00,280 --> 00:42:58,880

I think that I don't believe the pod

1132

00:43:02,500 --> 00:43:00,290

theory anymore I don't think that they

1133

00:43:04,570 --> 00:43:02,510

there was a plane switch I think that

1134

00:43:06,760 --> 00:43:04,580

that it was much he I think that the

1135

00:43:08,260 --> 00:43:06,770

technology I found more more evidence

1136

00:43:10,750 --> 00:43:08,270

that could be eat I mean it would just

1137

00:43:13,330 --> 00:43:10,760

be easier for them to implant it on the

1138

00:43:15,430 --> 00:43:13,340

the Augmented GPS and the auto autopilot

1139

00:43:17,470 --> 00:43:15,440

guidance system and a lot of these

1140

00:43:19,120 --> 00:43:17,480

people have reported they get locked out

1141

00:43:21,460 --> 00:43:19,130

autopilot comes on and they get locked

1142

00:43:23,710 --> 00:43:21,470

out of the controls and that that can is

1143

00:43:25,359 --> 00:43:23,720

what I what I think happened is it'd be

1144

00:43:26,740 --> 00:43:25,369

easier to implement that type of system

1145

00:43:29,260 --> 00:43:26,750

that it would be implement a drone

1146

00:43:30,940 --> 00:43:29,270

switch and a plane switch and then a D

1147

00:43:32,800 --> 00:43:30,950

boarding and getting rid of all those

1148

00:43:34,090 --> 00:43:32,810

people that were on board the plane or

1149

00:43:36,130 --> 00:43:34,100

the idea that they went to work for

1150

00:43:38,680 --> 00:43:36,140

secret government programs and they that

1151

00:43:40,240 --> 00:43:38,690

they faked their deaths on 9/11 - they

1152

00:43:43,960 --> 00:43:40,250

changed their identities and and all

1153

00:43:46,150 --> 00:43:43,970

these other you know it complex theories

1154

00:43:47,710 --> 00:43:46,160

that just require it they require too

1155

00:43:49,359 --> 00:43:47,720

much complexity you know you but then

1156

00:43:51,370 --> 00:43:49,369

you also think that maybe he stole it on

1157

00:43:56,140 --> 00:43:51,380

the Smith bummy evacuated the buildings

1158

00:43:58,359 --> 00:43:56,150

before the plane so - well yeah well

1159

00:44:01,859 --> 00:43:58,369

yeah they did that's you know you try to

1160

00:44:04,270 --> 00:44:01,869

look for this is this is speculation not

1161

00:44:06,220 --> 00:44:04,280

you're confusing speculation on what

1162

00:44:07,480 --> 00:44:06,230

they did with the planes with what

1163

00:44:09,250 --> 00:44:07,490

actually happened with World Trade

1164

00:44:10,960 --> 00:44:09,260

Center seven as far as them evacuating

1165

00:44:13,180 --> 00:44:10,970

buildings that's not speculation okay

1166

00:44:14,680 --> 00:44:13,190

right yeah I was thinking I guess I was

1167

00:44:17,440 --> 00:44:14,690

thinking of the people who died in the

1168

00:44:19,910 --> 00:44:17,450

towers which was another big come

1169

00:44:22,279 --> 00:44:19,920

right Oh way to go this text message

1170

00:44:23,719 --> 00:44:22,289

company odigo that supposedly sent text

1171

00:44:25,249 --> 00:44:23,729

messages to certain people within the

1172

00:44:26,479 --> 00:44:25,259

towers that didn't show up to work and

1173

00:44:27,890 --> 00:44:26,489

they were certain interesting people

1174

00:44:30,019 --> 00:44:27,900

that didn't show up to work at the

1175

00:44:33,410 --> 00:44:30,029

towers that day one of them was that guy

1176

00:44:35,420 --> 00:44:33,420

L Paul Bremer who went on MSNBC and gave

1177

00:44:36,979 --> 00:44:35,430

us actually the first he's the first

1178

00:44:39,559 --> 00:44:36,989

person that finger bin Laden as a

1179

00:44:41,749 --> 00:44:39,569

suspect for the 9/11 attacks and he

1180

00:44:43,999 --> 00:44:41,759

actually worked for Marshall McLennan

1181

00:44:47,749 --> 00:44:44,009

and in the his office was right where

1182

00:44:49,579 --> 00:44:47,759

flight 11 hit North Tower and he's he

1183

00:44:51,589 --> 00:44:49,589

missed work that morning and and give us

1184

00:44:53,630 --> 00:44:51,599

the first pronouncement of the official

1185

00:44:56,499 --> 00:44:53,640

theory and then he later went on to

1186

00:44:58,969 --> 00:44:56,509

become the Iraq occupation governor so

1187

00:45:00,170 --> 00:44:58,979

he's definitely on my list of potential

1188

00:45:03,109 --> 00:45:00,180

suspects is there was reliance

1189

00:45:04,700 --> 00:45:03,119

implications you can draw him yeah right

1190

00:45:06,529 --> 00:45:04,710

because I tried to basically look for it

1191

00:45:07,940 --> 00:45:06,539

as many connections that you can draw

1192

00:45:09,109 --> 00:45:07,950

like who are the people that involved

1193

00:45:10,969 --> 00:45:09,119

and who got placed in important

1194

00:45:12,259 --> 00:45:10,979

positions of power after 9/11 to do the

1195

00:45:14,839 --> 00:45:12,269

things that 9/11 was supposed to

1196

00:45:16,670 --> 00:45:14,849

supposedly if it was a conspiracy so we

1197

00:45:17,870 --> 00:45:16,680

could go into Iraq if we should look

1198

00:45:19,400 --> 00:45:17,880

into those people that were placed in

1199

00:45:21,620 --> 00:45:19,410

charge in Iraq because you know they

1200

00:45:24,289 --> 00:45:21,630

might and it's interesting that he has

1201  
00:45:25,849 --> 00:45:24,299  
that tie to to 9/11 as well do you think

1202  
00:45:27,620 --> 00:45:25,859  
it was ever like a temptation though

1203  
00:45:30,019 --> 00:45:27,630  
just to draw too many lines and you're

1204  
00:45:30,859 --> 00:45:30,029  
just kind of making connections where

1205  
00:45:33,259 --> 00:45:30,869  
they don't exist

1206  
00:45:38,120 --> 00:45:33,269  
how do you how do you safeguard against

1207  
00:45:39,229 --> 00:45:38,130  
that if they don't exist and you know

1208  
00:45:41,089 --> 00:45:39,239  
then then they'll be then there's

1209  
00:45:43,009 --> 00:45:41,099  
nothing to this and and no one will find

1210  
00:45:44,900 --> 00:45:43,019  
but you know the thing is people start

1211  
00:45:46,910 --> 00:45:44,910  
digging in they start finding more stuff

1212  
00:45:48,319 --> 00:45:46,920  
and you know that's where the research

1213  
00:45:50,809 --> 00:45:48,329

goes that's where it's all about

1214

00:45:52,819 --> 00:45:50,819

research is where do the lines go and

1215

00:45:55,069 --> 00:45:52,829

where do you where do they lead you

1216

00:45:56,599 --> 00:45:55,079

actually you know are you chasing a red

1217

00:45:58,370 --> 00:45:56,609

herring here are you actually following

1218

00:45:59,569 --> 00:45:58,380

something that that's new and legit

1219

00:46:01,999 --> 00:45:59,579

where it's going to lead you somewhere

1220

00:46:04,430 --> 00:46:02,009

and these you know they're things and

1221

00:46:06,289 --> 00:46:04,440

and that's that's a decision that

1222

00:46:08,959 --> 00:46:06,299

everyone has to take as a researcher and

1223

00:46:11,120 --> 00:46:08,969

as a skeptic and I say you know as a

1224

00:46:13,640 --> 00:46:11,130

scientist I believe you know do you

1225

00:46:18,229 --> 00:46:13,650

think the 9/11 research is going to go

1226  
00:46:19,940 --> 00:46:18,239  
somewhere ultimately I don't I know the

1227  
00:46:21,289 --> 00:46:19,950  
thing was about 9/11 right it's the

1228  
00:46:23,539 --> 00:46:21,299  
people that pulled it off understood

1229  
00:46:25,910 --> 00:46:23,549  
that the the the most important and

1230  
00:46:29,920 --> 00:46:25,920  
richest and most important economic

1231  
00:46:31,160 --> 00:46:29,930  
factors oil industry and the military in

1232  
00:46:33,530 --> 00:46:31,170  
military

1233  
00:46:34,549 --> 00:46:33,540  
complex are going to be behind you and

1234  
00:46:35,930 --> 00:46:34,559  
they're going to support you in there

1235  
00:46:38,150 --> 00:46:35,940  
they're never going to push for a new

1236  
00:46:39,799 --> 00:46:38,160  
investigation they're both benefit and

1237  
00:46:41,359 --> 00:46:39,809  
they all benefit from 911 like all the

1238  
00:46:43,490 --> 00:46:41,369

top commodities all the biggest

1239

00:46:45,230 --> 00:46:43,500

moneymakers the oil you know the oil and

1240

00:46:47,240 --> 00:46:45,240

military industry you've got them in

1241

00:46:49,339 --> 00:46:47,250

your pocket man that does it doesn't it

1242

00:46:51,440 --> 00:46:49,349

doesn't matter like no matter how many

1243

00:46:53,630 --> 00:46:51,450

you know architects and engineers signed

1244

00:46:54,799 --> 00:46:53,640

on to a 9/11 truth these people are

1245

00:46:56,180 --> 00:46:54,809

never going to have an investigation

1246

00:46:57,349 --> 00:46:56,190

because at the end of the day it's all

1247

00:46:58,730 --> 00:46:57,359

about the money it's all about the

1248

00:47:00,829 --> 00:46:58,740

Benjamins and they're raking in the

1249

00:47:03,289 --> 00:47:00,839

dough right now so I don't think that

1250

00:47:05,089 --> 00:47:03,299

they're too concerned it's only gonna

1251  
00:47:06,799 --> 00:47:05,099  
have you know do you think research is

1252  
00:47:09,109 --> 00:47:06,809  
important for people out there on the

1253  
00:47:11,690 --> 00:47:09,119  
Internet to kind of want to you know dig

1254  
00:47:14,150 --> 00:47:11,700  
in and learn more but I don't think it's

1255  
00:47:15,920 --> 00:47:14,160  
ever going to go mainstream because the

1256  
00:47:17,539 --> 00:47:15,930  
media is too controlled and contrived

1257  
00:47:19,760 --> 00:47:17,549  
and I don't think that it's ever going

1258  
00:47:21,740 --> 00:47:19,770  
to have an investigation because the

1259  
00:47:22,930 --> 00:47:21,750  
people that benefited from it have so

1260  
00:47:25,370 --> 00:47:22,940  
much power

1261  
00:47:29,059 --> 00:47:25,380  
why isn't it possible though to make a

1262  
00:47:31,339 --> 00:47:29,069  
compelling case for the 9/11 conspiracy

1263  
00:47:34,370 --> 00:47:31,349

theory I mean you said like the what do

1264

00:47:36,950 --> 00:47:34,380

you think the next thing yeah if there's

1265

00:47:38,990 --> 00:47:36,960

a you know a possibility it could have

1266

00:47:39,589 --> 00:47:39,000

collapsed but isn't this some way where

1267

00:47:41,510 --> 00:47:39,599

you can

1268

00:47:44,510 --> 00:47:41,520

you're obviously convinced a lot of

1269

00:47:46,490 --> 00:47:44,520

other people are convinced so you know

1270

00:47:50,450 --> 00:47:46,500

why why are you convinced by this

1271

00:47:51,920 --> 00:47:50,460

evidence is it just that you are I don't

1272

00:47:54,140 --> 00:47:51,930

know your brain works in a different way

1273

00:47:56,990 --> 00:47:54,150

that the evidence is more accessible to

1274

00:48:00,520 --> 00:47:57,000

you why can't you make a case for other

1275

00:48:03,200 --> 00:48:00,530

scientists to believe what you believe I

1276

00:48:05,299 --> 00:48:03,210

think I have me a pretty good case with

1277

00:48:07,130 --> 00:48:05,309

the stuff that's on my website and you

1278

00:48:08,720 --> 00:48:07,140

know on that I on in some of the

1279

00:48:11,089 --> 00:48:08,730

documentaries that I put together for

1280

00:48:13,670 --> 00:48:11,099

9/11 I pretty well stated the case so

1281

00:48:15,440 --> 00:48:13,680

the best case that I could stay and if

1282

00:48:17,180 --> 00:48:15,450

that changes and it comes along you know

1283

00:48:19,460 --> 00:48:17,190

every maybe every three years I'll make

1284

00:48:19,849 --> 00:48:19,470

a new video with the better case maybe

1285

00:48:21,980 --> 00:48:19,859

better

1286

00:48:23,870 --> 00:48:21,990

you know trying to dig into who could

1287

00:48:25,640 --> 00:48:23,880

have you know actually been behind at

1288

00:48:28,579 --> 00:48:25,650

naming suspects and then looking for

1289

00:48:31,700 --> 00:48:28,589

again those ties that link them to those

1290

00:48:33,289 --> 00:48:31,710

things and I think I've made you know an

1291

00:48:35,089 --> 00:48:33,299

interesting case and I and I hope that

1292

00:48:36,620 --> 00:48:35,099

people expand upon it and do something

1293

00:48:38,839 --> 00:48:36,630

with it but I don't have high hopes for

1294

00:48:40,130 --> 00:48:38,849

that and I don't think it's as important

1295

00:48:41,750 --> 00:48:40,140

as you know some of this other stuff

1296

00:48:43,700 --> 00:48:41,760

that I'm pursuing now which is why I've

1297

00:48:44,630 --> 00:48:43,710

really learned I don't do a lot of the

1298

00:48:46,130 --> 00:48:44,640

9/11 research

1299

00:48:48,349 --> 00:48:46,140

anymore because I don't see it as a

1300

00:48:49,549 --> 00:48:48,359

fruitful Avenue it's just like so what

1301

00:48:51,950 --> 00:48:49,559

people are going to know that we did

1302

00:48:53,450 --> 00:48:51,960

this for oil and for you know global

1303

00:48:56,720 --> 00:48:53,460

hegemony and control in the Middle East

1304

00:48:58,430 --> 00:48:56,730

and you know Afghan minerals and Afghan

1305

00:49:00,319 --> 00:48:58,440

opium and to control the drug markets

1306

00:49:05,240 --> 00:49:00,329

and and all this other these other

1307

00:49:06,980 --> 00:49:05,250

reasons but they're not gonna they're

1308

00:49:09,259 --> 00:49:06,990

not gonna you know they're not gonna

1309

00:49:10,190 --> 00:49:09,269

really like we're not going to have free

1310

00:49:12,140 --> 00:49:10,200

energy we're not going to have

1311

00:49:14,660 --> 00:49:12,150

anti-gravity bid off this planet I think

1312

00:49:17,210 --> 00:49:14,670

those two things are more important in

1313

00:49:19,099 --> 00:49:17,220

it if they exists and to look into the

1314

00:49:20,690 --> 00:49:19,109

technology stuff it has been much more

1315

00:49:23,299 --> 00:49:20,700

fruitful and much more interesting for

1316

00:49:26,029 --> 00:49:23,309

me as far as that is to all this warp

1317

00:49:28,370 --> 00:49:26,039

drive stuff and and debating the Nimitz

1318

00:49:30,319 --> 00:49:28,380

and counters and TTS a coming out with

1319

00:49:32,269 --> 00:49:30,329

this what I think is a whole bunch of

1320

00:49:35,420 --> 00:49:32,279

Pentagon insiders you know pulling the

1321

00:49:37,370 --> 00:49:35,430

wool over people's eyes but I don't know

1322

00:49:40,039 --> 00:49:37,380

that's just where I stand on this stuff

1323

00:49:41,630 --> 00:49:40,049

and and and I know we disagree on on

1324

00:49:44,450 --> 00:49:41,640

certain things and we have a different

1325

00:49:46,250 --> 00:49:44,460

approach but again we're just people

1326

00:49:48,230 --> 00:49:46,260

looking for the truth I'm just I really

1327

00:49:49,910 --> 00:49:48,240

I really am just someone looking for the

1328

00:49:52,370 --> 00:49:49,920

truth and trying to understand more and

1329

00:49:54,289 --> 00:49:52,380

it makes him a lot more sense to me

1330

00:49:57,529 --> 00:49:54,299

that's that 9/11 you know was a

1331

00:49:59,480 --> 00:49:57,539

conspiracy and according to the way that

1332

00:50:02,089 --> 00:49:59,490

I've laid it out it makes more sense to

1333

00:50:04,660 --> 00:50:02,099

me and I think the reasons for it and

1334

00:50:09,940 --> 00:50:04,670

the reasons behind why it's not come out

1335

00:50:12,410 --> 00:50:09,950

make make sense to me but again I

1336

00:50:13,700 --> 00:50:12,420

appreciate the work you do and some of

1337

00:50:15,680 --> 00:50:13,710

the stuff that you do although I don't

1338

00:50:18,200 --> 00:50:15,690

agree with everything it's good training

1339

00:50:20,089 --> 00:50:18,210

ground because there are a lot of these

1340

00:50:23,150 --> 00:50:20,099

bad arguments and these weaker arguments

1341

00:50:25,370 --> 00:50:23,160

out there and and you know it's the I

1342

00:50:27,950 --> 00:50:25,380

feel like you people like you have

1343

00:50:29,809 --> 00:50:27,960

helped me sharpen the knife as far as

1344

00:50:31,700 --> 00:50:29,819

work you know I don't rely realize you

1345

00:50:33,200 --> 00:50:31,710

know going after thermite and going

1346

00:50:34,700 --> 00:50:33,210

after explosives at the World Trade

1347

00:50:36,259 --> 00:50:34,710

Center is not and the physics the

1348

00:50:38,180 --> 00:50:36,269

arguments alone aren't really going to

1349

00:50:39,920 --> 00:50:38,190

get us anywhere and that's why I started

1350

00:50:41,210 --> 00:50:39,930

started really looking into the tenants

1351  
00:50:43,130 --> 00:50:41,220  
and the connections you know were there

1352  
00:50:44,870 --> 00:50:43,140  
any you know were there are any such

1353  
00:50:47,450 --> 00:50:44,880  
connections and the oh yes in fact there

1354  
00:50:50,630 --> 00:50:47,460  
were you know you look at the Rumsfeld

1355  
00:50:53,809 --> 00:50:50,640  
resume and you know him and him and Dick

1356  
00:50:56,240 --> 00:50:53,819  
Cheney they both weren't engaged in this

1357  
00:50:57,309 --> 00:50:56,250  
continuity of government program which I

1358  
00:50:59,559 --> 00:50:57,319  
think was a core

1359  
00:51:01,719 --> 00:50:59,569  
aspect I think that's what we're 9/11

1360  
00:51:03,729 --> 00:51:01,729  
was planned and thought out it's

1361  
00:51:05,469 --> 00:51:03,739  
basically like a whole that's a whole

1362  
00:51:07,059 --> 00:51:05,479  
section of the government it's a think

1363  
00:51:08,499 --> 00:51:07,069

tank that they basically get all these

1364

00:51:10,479 --> 00:51:08,509

military people together and they come

1365

00:51:12,999 --> 00:51:10,489

up with the most insane doomsday

1366

00:51:14,589 --> 00:51:13,009

scenarios imaginable and then they dream

1367

00:51:16,209 --> 00:51:14,599

up how the government would react you

1368

00:51:17,859 --> 00:51:16,219

know to you know multiple multiple in

1369

00:51:19,660 --> 00:51:17,869

airplane hijackings was one of the

1370

00:51:21,489 --> 00:51:19,670

scenarios I'm sure the docs and the

1371

00:51:23,709 --> 00:51:21,499

airline hijackings that had happened

1372

00:51:26,620 --> 00:51:23,719

where five air Airlines were hijacked in

1373

00:51:29,920 --> 00:51:26,630

1979 and flown to Jordan on September

1374

00:51:31,359 --> 00:51:29,930

11th mind you so they had to have known

1375

00:51:32,979 --> 00:51:31,369

about these sort of things and had to

1376

00:51:34,689 --> 00:51:32,989

have had these think tanks that is

1377

00:51:36,400 --> 00:51:34,699

evidences they have these think tanks

1378

00:51:38,709 --> 00:51:36,410

and there's evidence that Dick Cheney

1379

00:51:40,449 --> 00:51:38,719

and Donald Rumsfeld took part and a lot

1380

00:51:42,219 --> 00:51:40,459

of those think tanks to basically dream

1381

00:51:44,199 --> 00:51:42,229

up doomsday scenarios and come up with

1382

00:51:46,180 --> 00:51:44,209

you know counter counter planning and

1383

00:51:47,589 --> 00:51:46,190

that sort of thing and I think that

1384

00:51:50,049 --> 00:51:47,599

that's sort of like where where a lot of

1385

00:51:53,259 --> 00:51:50,059

these if the 911 was a conspiracy that's

1386

00:51:55,479 --> 00:51:53,269

where it was birthed out on it's

1387

00:51:57,339 --> 00:51:55,489

basically like you're basically giving

1388

00:52:00,759 --> 00:51:57,349

them this opportunity to collect all the

1389

00:52:04,509 --> 00:52:00,769

intelligence on on something and then be

1390

00:52:06,519 --> 00:52:04,519

able to you know they had all all the

1391

00:52:08,229 --> 00:52:06,529

intelligence they needed to do 9/11 and

1392

00:52:11,109 --> 00:52:08,239

get away with it with that kind of

1393

00:52:12,670 --> 00:52:11,119

access to a program like yeah I think I

1394

00:52:14,229 --> 00:52:12,680

think it's interesting a lot of 9/11

1395

00:52:16,630 --> 00:52:14,239

people in the management community do

1396

00:52:19,509 --> 00:52:16,640

actually kind of end up not focusing so

1397

00:52:21,160 --> 00:52:19,519

much on the controlled demolition and

1398

00:52:23,289 --> 00:52:21,170

whatnot and they do move on to like

1399

00:52:26,609 --> 00:52:23,299

things like like like people and the

1400

00:52:28,839 --> 00:52:26,619

politics and things like that instead

1401

00:52:30,489 --> 00:52:28,849

which in a way is is somewhat less

1402

00:52:32,709 --> 00:52:30,499

tangible even though you can like you

1403

00:52:34,660 --> 00:52:32,719

name names and whatnot but you don't

1404

00:52:36,789 --> 00:52:34,670

know you know you can't do physics you

1405

00:52:38,199 --> 00:52:36,799

can't do equations with with people so

1406

00:52:39,519 --> 00:52:38,209

it's just in some ways it's less

1407

00:52:41,259 --> 00:52:39,529

tangible than some waste is more

1408

00:52:42,910 --> 00:52:41,269

accessible because you got people's

1409

00:52:46,630 --> 00:52:42,920

names and dates and places and things

1410

00:52:48,670 --> 00:52:46,640

like that yeah anyway I know you you

1411

00:52:50,410 --> 00:52:48,680

probably have to go and we are we have

1412

00:52:52,680 --> 00:52:50,420

gone over an hour now so Oh

1413

00:52:55,120 --> 00:52:52,690

if you've all want to learn more about

1414

00:52:58,719 --> 00:52:55,130

what you've been saying like should they

1415

00:53:00,579 --> 00:52:58,729

go to alien scientist comm hat yes I'm

1416

00:53:02,439 --> 00:53:00,589

going to be updating that alien

1417

00:53:06,160 --> 00:53:02,449

scientist come they can also follow me

1418

00:53:09,009 --> 00:53:06,170

on Facebook and Twitter and we also have

1419

00:53:10,120 --> 00:53:09,019

that Falcons based org I'm putting

1420

00:53:13,860 --> 00:53:10,130

together

1421

00:53:15,820 --> 00:53:13,870

for the program we're Falcons space or

1422

00:53:17,440 --> 00:53:15,830

yeah do you wanna say something about

1423

00:53:20,140 --> 00:53:17,450

that real quick like what so what Falcon

1424

00:53:23,260 --> 00:53:20,150

space is about and also how public

1425

00:53:25,300 --> 00:53:23,270

others calm oh yeah that was my first

1426

00:53:28,960 --> 00:53:25,310

version of why I launched hubber

1427

00:53:31,150 --> 00:53:28,970

brothers back in 1998 as sort of the

1428

00:53:31,990 --> 00:53:31,160

response to 20 TSA came out and said

1429

00:53:34,000 --> 00:53:32,000

that they were going to build a

1430

00:53:35,860 --> 00:53:34,010

spacecraft I and they were talking about

1431

00:53:37,060 --> 00:53:35,870

metamaterials they said well many

1432

00:53:38,140 --> 00:53:37,070

materials aren't even scratching the

1433

00:53:40,870 --> 00:53:38,150

surface you're not talking about quasi

1434

00:53:42,900 --> 00:53:40,880

crystals or NLOS non non linear optical

1435

00:53:45,720 --> 00:53:42,910

materials or any of these other like

1436

00:53:48,280 --> 00:53:45,730

they're not talking about Clara tongs or

1437

00:53:50,100 --> 00:53:48,290

excitons or any of these you know real

1438

00:53:52,720 --> 00:53:50,110

condensed matter physics technologies

1439

00:53:57,820 --> 00:53:52,730

which are the real rage right now in the

1440

00:53:59,440 --> 00:53:57,830

community but anyways I created the

1441

00:54:00,970 --> 00:53:59,450

hover brothers first to kind of compete

1442

00:54:03,130 --> 00:54:00,980

with them and they said they're gonna

1443

00:54:04,870 --> 00:54:03,140

create a spacecraft the data I'm like

1444

00:54:06,190 --> 00:54:04,880

saying we I have way more science and

1445

00:54:09,100 --> 00:54:06,200

way more stuff than you guys have been

1446

00:54:12,040 --> 00:54:09,110

doing this you know way longer you know

1447

00:54:14,140 --> 00:54:12,050

I know I read all the papers of all your

1448

00:54:15,520 --> 00:54:14,150

scientists and more and that's kind of

1449

00:54:17,170 --> 00:54:15,530

like when I was coming out with with

1450

00:54:19,420 --> 00:54:17,180

that and then Falcon Space I teamed up

1451  
00:54:20,980 --> 00:54:19,430  
recently with these other guys who have

1452  
00:54:22,810 --> 00:54:20,990  
done a ton of research and the by Feld

1453  
00:54:24,160 --> 00:54:22,820  
Brown effect already and built a lot of

1454  
00:54:27,220 --> 00:54:24,170  
these thrusters and builds a lot of

1455  
00:54:28,510 --> 00:54:27,230  
these a lot of these gizmos from other

1456  
00:54:30,160 --> 00:54:28,520  
people's on the internet you know

1457  
00:54:31,630 --> 00:54:30,170  
copying other people's videos and they

1458  
00:54:33,460 --> 00:54:31,640  
tried a lot of stuff out already and

1459  
00:54:35,200 --> 00:54:33,470  
they sort of linked out they reached out

1460  
00:54:36,430 --> 00:54:35,210  
to me and I linked up with them and

1461  
00:54:38,320 --> 00:54:36,440  
we're gonna be doing a lot more

1462  
00:54:41,620 --> 00:54:38,330  
experiments hopefully this coming year

1463  
00:54:46,120 --> 00:54:41,630

to try to you know figure out what it

1464

00:54:46,810 --> 00:54:46,130

works and what doesn't sounds

1465

00:54:49,000 --> 00:54:46,820

interesting

1466

00:54:52,120 --> 00:54:49,010

all right Jamie well I want to thank you

1467

00:54:54,460 --> 00:54:52,130

very much for coming on and sharing all

1468

00:54:56,770 --> 00:54:54,470

this stuff with me and a lot of material

1469

00:54:59,740 --> 00:54:56,780

here so maybe we can we can do it again

1470

00:55:02,170 --> 00:54:59,750

sometime yeah definitely I enjoyed

1471

00:55:04,180 --> 00:55:02,180

coming on and and thank you and uh and

1472

00:55:05,650 --> 00:55:04,190

keep up the great work with what you're

1473

00:55:09,000 --> 00:55:05,660

doing on the nimitz encounters and

1474

00:55:11,920 --> 00:55:09,010

talking to those people because you

1475

00:55:14,450 --> 00:55:11,930

enjoying the show all right thanks for

1476

00:55:14,960 --> 00:55:14,460

Jeremy's here thanks
