

**LASER DOT**

**INTERNAL REFLECTION**

1  
00:00:04,340 --> 00:00:02,480  
on the History Channel's skinwalker show

2  
00:00:06,680 --> 00:00:04,350  
they use one of these cheap lasers to

3  
00:00:08,210 --> 00:00:06,690  
illuminate a nearby hillside they move

4  
00:00:13,759 --> 00:00:08,220  
it around and they noticed that there's

5  
00:00:15,160 --> 00:00:13,769  
another light moving around there's - do

6  
00:00:20,510 --> 00:00:15,170  
that again

7  
00:00:23,420 --> 00:00:20,520  
how is it doing there you guys should

8  
00:00:26,210 --> 00:00:23,430  
see this in this little video here you

9  
00:00:27,980 --> 00:00:26,220  
can see the dots moving around it's also

10  
00:00:29,990 --> 00:00:27,990  
able to be shine it's a long way away if

11  
00:00:34,160 --> 00:00:30,000  
I change over in this garage door over

12  
00:00:39,290 --> 00:00:34,170  
there if you see this video here you can

13  
00:00:43,340 --> 00:00:39,300

see a dot moving around now the dot is

14

00:00:45,860 --> 00:00:43,350

mirrored around the center of the image

15

00:00:48,200 --> 00:00:45,870

just because it's the way it reflects

16

00:00:51,139 --> 00:00:48,210

internally it's a reflection or some

17

00:00:54,319 --> 00:00:51,149

kind of plain surface inside the camera

18

00:00:57,290 --> 00:00:54,329

it's a very common type of reflection

19

00:00:58,939 --> 00:00:57,300

you often see it next to the Sun and

20

00:01:01,760 --> 00:00:58,949

people mistake it for some kind of UFO

21

00:01:04,880 --> 00:01:01,770

next to the Sun or that you see it above

22

00:01:07,280 --> 00:01:04,890

say streetlights and people think it's a

23

00:01:09,469 --> 00:01:07,290

UFO up in the sky you have this street

24

00:01:13,250 --> 00:01:09,479

light side down the bottom and then you

25

00:01:15,320 --> 00:01:13,260

have the UFO up in the sky sometimes you

26  
00:01:16,850 --> 00:01:15,330  
get a whole bunch of them up in the sky

27  
00:01:18,710 --> 00:01:16,860  
you get these lights down the bottom and

28  
00:01:22,640 --> 00:01:18,720  
a bunch of lights up top so anybody

29  
00:01:24,920 --> 00:01:22,650  
who's into investigating UFOs or weird

30  
00:01:27,410 --> 00:01:24,930  
photos should be familiar with this type

31  
00:01:32,270 --> 00:01:27,420  
of reflection you get a very bright

32  
00:01:34,399 --> 00:01:32,280  
light and you get a dim dot that is

33  
00:01:37,550 --> 00:01:34,409  
pretty much opposite the middle of the

34  
00:01:40,940 --> 00:01:37,560  
image and will mirror the motions of the

35  
00:01:43,730 --> 00:01:40,950  
main dot and the fact that they didn't

36  
00:01:45,230 --> 00:01:43,740  
notice this was what was happening in

37  
00:01:48,819 --> 00:01:45,240  
this History Channel show on the

38  
00:01:51,139 --> 00:01:48,829

skinwalker caring the shows that they

39

00:01:53,700 --> 00:01:51,149

don't really know what they're talking

40

00:01:54,270 --> 00:01:53,710

about how was it down there
