

1
00:00:06,710 --> 00:00:04,249
welcome to tales from the rabbit hole

2
00:00:08,990 --> 00:00:06,720
I'm your host Mick West my guest today

3
00:00:12,290 --> 00:00:09,000
is a flat earther someone who actually

4
00:00:13,610 --> 00:00:12,300
believes that the earth is flat or at

5
00:00:15,950 --> 00:00:13,620
least believes that the earth is not a

6
00:00:17,810 --> 00:00:15,960
spinning ball in space someone who has a

7
00:00:20,390 --> 00:00:17,820
lot of questions about the very nature

8
00:00:22,759 --> 00:00:20,400
of our reality and so I thought it'd be

9
00:00:24,230 --> 00:00:22,769
interesting to ask this person about

10
00:00:26,000 --> 00:00:24,240
what's going on now about the

11
00:00:29,410 --> 00:00:26,010
coronavirus and about the effect it's

12
00:00:32,540 --> 00:00:29,420
having in the world and how they view

13
00:00:34,549 --> 00:00:32,550

this change in the world do they think

14

00:00:37,069 --> 00:00:34,559

it's some kind of artificial change

15

00:00:38,720 --> 00:00:37,079

that's being foisted upon the world or

16

00:00:41,720 --> 00:00:38,730

do they think that the coronavirus is

17

00:00:44,330 --> 00:00:41,730

real and how does it work when you

18

00:00:47,060 --> 00:00:44,340

believe that the world is some kind of

19

00:00:49,430 --> 00:00:47,070

illusion this is actually flat where and

20

00:00:52,729 --> 00:00:49,440

everyone else is saying it's round how

21

00:00:56,540 --> 00:00:52,739

do you fit this kind of weird strange

22

00:00:59,180 --> 00:00:56,550

disconnect with reality into a reality

23

00:01:01,630 --> 00:00:59,190

that forces itself upon you when people

24

00:01:04,310 --> 00:01:01,640

you know perhaps or people you know

25

00:01:07,640 --> 00:01:04,320

friends of friends start to die from

26

00:01:09,770 --> 00:01:07,650

coronavirus when does reality kind of

27

00:01:11,380 --> 00:01:09,780

hit home and do you ever stop

28

00:01:14,420 --> 00:01:11,390

questioning the nature of that reality

29

00:01:19,490 --> 00:01:14,430

and should you okay you are now being

30

00:01:21,920 --> 00:01:19,500

recorded hi how are you I'm doing good

31

00:01:24,410 --> 00:01:21,930

so this is this is actually the first

32

00:01:26,140 --> 00:01:24,420

tales from the rabbit hole podcast that

33

00:01:29,270 --> 00:01:26,150

I've recorded for quite a while because

34

00:01:31,760 --> 00:01:29,280

you know I've kind of been so distracted

35

00:01:34,399 --> 00:01:31,770

by this coronavirus thing that's going

36

00:01:35,719 --> 00:01:34,409

on that it's it's getting really made

37

00:01:40,609 --> 00:01:35,729

difficult for me to focus on other

38

00:01:45,020 --> 00:01:40,619

things have you ever been experienced I

39

00:01:49,280 --> 00:01:45,030

felt very my focus has been taken by it

40

00:01:52,609 --> 00:01:49,290

in a huge way I wanted to carry on as

41

00:01:57,200 --> 00:01:52,619

usual as much as possible but certainly

42

00:01:59,870 --> 00:01:57,210

that's been I'm not not easy to do yeah

43

00:02:02,660 --> 00:01:59,880

I haven't I gotta be honest I haven't

44

00:02:04,550 --> 00:02:02,670

checked in in your podcast so sooner I

45

00:02:06,709 --> 00:02:04,560

don't even know what's been going on in

46

00:02:08,359 --> 00:02:06,719

your general research or views or

47

00:02:10,820 --> 00:02:08,369

whatever you could tell me about that if

48

00:02:12,030 --> 00:02:10,830

you want to yeah well I quite a variety

49

00:02:15,179 --> 00:02:12,040

of people on

50

00:02:17,759 --> 00:02:15,189

my podcast say I you know I cover all

51
00:02:20,250 --> 00:02:17,769
kinds of different topics I did actually

52
00:02:23,670 --> 00:02:20,260
just have a guy who was a flat earther

53
00:02:25,649 --> 00:02:23,680
on and he would say a former flat

54
00:02:27,630 --> 00:02:25,659
earther it's not often you actually get

55
00:02:29,690 --> 00:02:27,640
to talk to someone who used to be a

56
00:02:32,580 --> 00:02:29,700
believer in the flat earth and now isn't

57
00:02:35,160 --> 00:02:32,590
actually did meet one guy recently who

58
00:02:37,170 --> 00:02:35,170
identified in that way it was

59
00:02:39,149 --> 00:02:37,180
interesting cuz he was he was kind of

60
00:02:41,910 --> 00:02:39,159
joining in the podcast and he's very

61
00:02:43,949 --> 00:02:41,920
nice guy and it was fun to talk to him

62
00:02:45,420 --> 00:02:43,959
and I didn't realize at first that that

63
00:02:47,309 --> 00:02:45,430

was sort of his position and it was

64

00:02:50,059 --> 00:02:47,319

coming out and I was like oh so you're a

65

00:02:52,800 --> 00:02:50,069

former flat earther you know I was like

66

00:02:53,190 --> 00:02:52,810

tell me like what what brought you in or

67

00:02:58,500 --> 00:02:53,200

what

68

00:03:01,229 --> 00:02:58,510

started talking about it and it was just

69

00:03:02,789 --> 00:03:01,239

it was interesting because the things he

70

00:03:05,429 --> 00:03:02,799

were saying I was like well you weren't

71

00:03:07,199 --> 00:03:05,439

really a flat earther to begin with he

72

00:03:08,970 --> 00:03:07,209

was like he was like yes I wasn't like

73

00:03:11,009 --> 00:03:08,980

alright well you can identify any way

74

00:03:15,270 --> 00:03:11,019

you want but it was interesting because

75

00:03:17,250 --> 00:03:15,280

I I was very curious to hear here what

76

00:03:19,050 --> 00:03:17,260

that would be like for somebody and I

77

00:03:21,000 --> 00:03:19,060

guess when he was talking about I was

78

00:03:23,640 --> 00:03:21,010

like well yeah I don't think you ever

79

00:03:25,469 --> 00:03:23,650

flat out there but it's great to have

80

00:03:28,379 --> 00:03:25,479

you here cuz to be honest sometimes it's

81

00:03:29,849 --> 00:03:28,389

kind of boring with just flat earthers

82

00:03:32,309 --> 00:03:29,859

cuz it's like I was just nice to have

83

00:03:33,869 --> 00:03:32,319

like a you know a little bit of like I'm

84

00:03:36,689 --> 00:03:33,879

gonna ask you something and you're gonna

85

00:03:39,599 --> 00:03:36,699

ask me something yeah nice nice to be

86

00:03:43,050 --> 00:03:39,609

around just a gentle kind fun

87

00:03:44,969 --> 00:03:43,060

disagreements and so I guess like from

88

00:03:46,920 --> 00:03:44,979

from that obviously you are still you

89

00:03:51,140 --> 00:03:46,930

still identify as a flat earther knows

90

00:03:53,909 --> 00:03:51,150

how you described yourself I mean I

91

00:04:00,689 --> 00:03:53,919

don't believe in the spinning ball right

92

00:04:04,349 --> 00:04:00,699

so I don't um I'm even more and more

93

00:04:06,119 --> 00:04:04,359

like they just I don't know it's a kind

94

00:04:08,069 --> 00:04:06,129

of tense time out there with headlines

95

00:04:14,640 --> 00:04:08,079

and the way people talk about things so

96

00:04:16,529 --> 00:04:14,650

I guess the the question of the shape of

97

00:04:18,749 --> 00:04:16,539

the world I'm still very much I don't

98

00:04:23,310 --> 00:04:18,759

see I don't see it as the globe I'm

99

00:04:25,290 --> 00:04:23,320

something that's gonna change last time

100

00:04:25,800 --> 00:04:25,300

we talked I remember we can have like

101
00:04:27,300 --> 00:04:25,810
each

102
00:04:30,090 --> 00:04:27,310
be a bit about your story and how you

103
00:04:32,520 --> 00:04:30,100
started out with the Flat Earth and you

104
00:04:34,170 --> 00:04:32,530
gave me this this one example or

105
00:04:36,420 --> 00:04:34,180
something that convinced you which was

106
00:04:39,450 --> 00:04:36,430
this difference in the speed of the

107
00:04:45,210 --> 00:04:39,460
earth between the equator and and say

108
00:04:47,250 --> 00:04:45,220
the UK and how how yeah you would have

109
00:04:48,570 --> 00:04:47,260
to change speeds to get from one place

110
00:04:51,450 --> 00:04:48,580
to the other and you thought that would

111
00:04:55,500 --> 00:04:51,460
be a very noticeable thing and you've

112
00:04:58,320 --> 00:04:55,510
you you don't think it is noticeable do

113
00:05:02,850 --> 00:04:58,330

you remember talking about that I do I

114

00:05:06,240 --> 00:05:02,860

do absolutely um yeah I mean to say

115

00:05:07,710 --> 00:05:06,250

convince me she could you could kind of

116

00:05:09,810 --> 00:05:07,720

put it like that but the way that I

117

00:05:13,710 --> 00:05:09,820

would say is like that there was a

118

00:05:15,659 --> 00:05:13,720

series of questions that I thought about

119

00:05:17,610 --> 00:05:15,669

and then I would go research and then it

120

00:05:21,350 --> 00:05:17,620

would be like it really compounding

121

00:05:26,129 --> 00:05:21,360

evidence so but that was a pivotal

122

00:05:28,740 --> 00:05:26,139

little stage in exploring things very I

123

00:05:32,130 --> 00:05:28,750

still think that's very good evidence to

124

00:05:35,700 --> 00:05:32,140

question if we're if the earth is

125

00:05:40,200 --> 00:05:35,710

spinning like I've sort of like how how

126

00:05:42,690 --> 00:05:40,210

can I explain it in other ways this

127

00:05:45,270 --> 00:05:42,700

different example if you're running a

128

00:05:47,010 --> 00:05:45,280

race you're running like a three-mile

129

00:05:49,230 --> 00:05:47,020

sprint or something you just go at

130

00:05:52,050 --> 00:05:49,240

breakneck speed you run three miles and

131

00:05:54,330 --> 00:05:52,060

suddenly you cross the finish line and

132

00:05:57,719 --> 00:05:54,340

you stopped what does that feel like

133

00:06:02,159 --> 00:05:57,729

when you stop you can feel yeah

134

00:06:05,310 --> 00:06:02,169

everything and it's not because some

135

00:06:07,680 --> 00:06:05,320

external force is pushing you down or

136

00:06:11,100 --> 00:06:07,690

put pushing you forward it's because you

137

00:06:14,370 --> 00:06:11,110

have to stop yourself you have to have

138

00:06:17,879 --> 00:06:14,380

an internal adjustment all you you you

139

00:06:20,190 --> 00:06:17,889

you feel you feel the fact that you just

140

00:06:22,320 --> 00:06:20,200

slowed down and you slow it down

141

00:06:24,150 --> 00:06:22,330

instantly this is very different from

142

00:06:27,659 --> 00:06:24,160

slowing down over ten hours or nine

143

00:06:28,860 --> 00:06:27,669

hours well but you slowed down from a

144

00:06:33,210 --> 00:06:28,870

rate of three

145

00:06:35,040 --> 00:06:33,220

you know you slowed down well whatever

146

00:06:36,210 --> 00:06:35,050

you write you say yeah so you're running

147

00:06:39,430 --> 00:06:36,220

as fast as you can

148

00:06:41,830 --> 00:06:39,440

you running at 10 miles an hour

149

00:06:45,690 --> 00:06:41,840

you slow down in one second that's ten

150

00:06:49,150 --> 00:06:45,700

miles per hour over one second this is

151
00:06:54,130 --> 00:06:49,160
going from you know this 400 mile per

152
00:06:55,960 --> 00:06:54,140
hour over 10 hours it's very very

153
00:07:00,700 --> 00:06:55,970
different 400 miles per hour is what 10

154
00:07:05,890 --> 00:07:00,710
miles per hour times 40 but nine hours

155
00:07:09,970 --> 00:07:05,900
is one seconds times 160 times 60 times

156
00:07:12,640 --> 00:07:09,980
nine so what you're saying is basically

157
00:07:16,600 --> 00:07:12,650
that there is a change you do have to

158
00:07:19,210 --> 00:07:16,610
adjust it but I'm here you you it's such

159
00:07:21,310 --> 00:07:19,220
a subtle change you shouldn't expect to

160
00:07:23,650 --> 00:07:21,320
notice is that everything essentially

161
00:07:25,600 --> 00:07:23,660
and like we can do the math like I just

162
00:07:30,040 --> 00:07:25,610
said that 60 times 60 times nine is the

163
00:07:32,230 --> 00:07:30,050

number of seconds in nine hours which is

164

00:07:34,000 --> 00:07:32,240

the time it takes to fly from London to

165

00:07:36,280 --> 00:07:34,010

India I remember that because they

166

00:07:40,390 --> 00:07:36,290

always said India only nine hours away

167

00:07:47,430 --> 00:07:40,400

on the commercials so 60 times 60 times

168

00:07:50,170 --> 00:07:47,440

nine is 32,400 so we're talking about

169

00:07:52,960 --> 00:07:50,180

we've got 32 thousand four hundred times

170

00:07:54,520 --> 00:07:52,970

as much time to slow down as that one

171

00:08:00,159 --> 00:07:54,530

second you do when you when you finish

172

00:08:02,620 --> 00:08:00,169

the race in what way do you observe that

173

00:08:06,070 --> 00:08:02,630

change in what way do you observe the

174

00:08:08,200 --> 00:08:06,080

fact that you have to slow down even if

175

00:08:10,300 --> 00:08:08,210

even if it's subtle it should be

176
00:08:13,750 --> 00:08:10,310
observable where I mean I don't even

177
00:08:15,970 --> 00:08:13,760
really I don't but if it's even if what

178
00:08:17,830 --> 00:08:15,980
you're saying is true and that it would

179
00:08:19,990 --> 00:08:17,840
be subtle it it should still be

180
00:08:21,610 --> 00:08:20,000
something that can be detected not

181
00:08:23,590 --> 00:08:21,620
really because there's so many other

182
00:08:26,310 --> 00:08:23,600
things going on the plane is actually

183
00:08:30,159 --> 00:08:26,320
speeding up and slowing down as it flies

184
00:08:32,560 --> 00:08:30,169
to larger amounts than you're actually

185
00:08:35,380 --> 00:08:32,570
talking about here like over time so you

186
00:08:37,839 --> 00:08:35,390
might have to change speed from say 400

187
00:08:40,000 --> 00:08:37,849
miles per hour to 390 miles per hour

188
00:08:42,459 --> 00:08:40,010

if it needs to change altitude if he

189

00:08:46,150 --> 00:08:42,469

needs to get higher or lower saying that

190

00:08:51,310 --> 00:08:46,160

that the code is the variance of near

191

00:08:53,020 --> 00:08:51,320

zero at the poles 2,000 miles per hour

192

00:08:57,070 --> 00:08:53,030

at the equator

193

00:09:02,170 --> 00:08:57,080

should not be a variance that anybody

194

00:09:04,270 --> 00:09:02,180

can do any device up rather you could do

195

00:09:05,710 --> 00:09:04,280

it with the device to do with the device

196

00:09:07,000 --> 00:09:05,720

you certainly can and he does actually

197

00:09:09,460 --> 00:09:07,010

have an effect if you want to fly

198

00:09:12,300 --> 00:09:09,470

directly from from the poles to the

199

00:09:14,380 --> 00:09:12,310

equator there's actually you can't just

200

00:09:17,680 --> 00:09:14,390

you have to come take that into account

201
00:09:19,210 --> 00:09:17,690
to some degree but really that's not how

202
00:09:20,910 --> 00:09:19,220
planes navigate they don't they don't

203
00:09:23,230 --> 00:09:20,920
just say I'm gonna fly in this direction

204
00:09:24,940 --> 00:09:23,240
for a certain amount of time and I'll be

205
00:09:28,450 --> 00:09:24,950
there because that's the direction I set

206
00:09:30,610 --> 00:09:28,460
out in the the effects of the wind are

207
00:09:32,890 --> 00:09:30,620
far greater than any of these these

208
00:09:34,510 --> 00:09:32,900
changes over that distance because

209
00:09:36,430 --> 00:09:34,520
you're facing things like a hundred mile

210
00:09:38,740 --> 00:09:36,440
per hour side wind or a headwind or a

211
00:09:41,170 --> 00:09:38,750
tailwind and it changes as you go as you

212
00:09:43,180 --> 00:09:41,180
fly around the globe the wind's changes

213
00:09:46,300 --> 00:09:43,190

so you've got these huge changes in wind

214

00:09:48,790 --> 00:09:46,310

speed that you have to account for with

215

00:09:52,930 --> 00:09:48,800

the acceleration of the or the engines

216

00:09:55,750 --> 00:09:52,940

of adjusting them up or down so this

217

00:09:58,390 --> 00:09:55,760

very very small adjustment over time to

218

00:10:01,000 --> 00:09:58,400

get an extra 400 miles per hour in one

219

00:10:02,890 --> 00:10:01,010

direction it's really not going to be

220

00:10:04,690 --> 00:10:02,900

measurable it's the same thing as if you

221

00:10:07,420 --> 00:10:04,700

were running a race let's say you're

222

00:10:09,250 --> 00:10:07,430

running a 10k race you start out running

223

00:10:11,080 --> 00:10:09,260

you're running at a good clip at the

224

00:10:13,330 --> 00:10:11,090

start you're doing six miles per hour

225

00:10:14,710 --> 00:10:13,340

when you finish the race you're a bit

226

00:10:17,530 --> 00:10:14,720

tired so you're only ringing at five

227

00:10:19,540 --> 00:10:17,540

miles per hour are you gonna notice that

228

00:10:22,540 --> 00:10:19,550

slowdown of one mile per hour over the

229

00:10:24,970 --> 00:10:22,550

course of that that 10k race takes you

230

00:10:29,770 --> 00:10:24,980

30 or 40 minutes I think a lot of people

231

00:10:32,290 --> 00:10:29,780

would actually I think that variance is

232

00:10:35,980 --> 00:10:32,300

detectable I mean we we feel that all

233

00:10:39,640 --> 00:10:35,990

the time is where we're a world of

234

00:10:44,290 --> 00:10:39,650

observing variance they're like if in a

235

00:10:47,440 --> 00:10:44,300

pattern of variance so the wind is a

236

00:10:51,490 --> 00:10:47,450

great example the wind should be largely

237

00:10:55,480 --> 00:10:51,500

affected by this variance but it's it's

238

00:10:56,950 --> 00:10:55,490

somewhat erratic in it's not I mean you

239

00:10:58,930 --> 00:10:56,960

cannot you can actually look at weather

240

00:11:00,730 --> 00:10:58,940

patterns and it looks like wow it looks

241

00:11:02,500 --> 00:11:00,740

looks like somebody's stirring the

242

00:11:04,870 --> 00:11:02,510

flatter I mean I'm sure you've seen that

243

00:11:06,100 --> 00:11:04,880

they make they take weather patterns and

244

00:11:06,470 --> 00:11:06,110

they flatten the earth model and they

245

00:11:09,019 --> 00:11:06,480

show

246

00:11:14,780 --> 00:11:09,029

the weather patterns and it looks like

247

00:11:18,040 --> 00:11:14,790

the Sun is basically heating up the air

248

00:11:21,199 --> 00:11:18,050

and is essentially kind of stirring the

249

00:11:25,040 --> 00:11:21,209

atmosphere with motion or steering the

250

00:11:28,810 --> 00:11:25,050

lower the lower atmosphere with its with

251

00:11:31,639 --> 00:11:28,820

its motion and the wetter patterns just

252

00:11:33,500 --> 00:11:31,649

just it's as a shocking to see that's

253

00:11:35,180 --> 00:11:33,510

one of the you think that's some kind of

254

00:11:40,129 --> 00:11:35,190

indicates the flutter the weather

255

00:11:44,600 --> 00:11:40,139

patterns well it's it's hard to say I

256

00:11:47,180 --> 00:11:44,610

mean but it it sure well it sure could

257

00:11:49,579 --> 00:11:47,190

support it if you look at these have you

258

00:11:57,620 --> 00:11:49,589

ever looked where they say like flat

259

00:12:02,329 --> 00:11:57,630

earth other patterns I guess there yeah

260

00:12:04,009 --> 00:12:02,339

I mean I don't I'm not a weather expert

261

00:12:06,910 --> 00:12:04,019

you know there's these areas where it's

262

00:12:10,040 --> 00:12:06,920

like wow that's that actually really

263

00:12:12,559 --> 00:12:10,050

makes me think but it's like you know I

264

00:12:14,449 --> 00:12:12,569

don't know and not it but it's I miss

265

00:12:17,600 --> 00:12:14,459

energy right now you're you're welcome

266

00:12:19,069 --> 00:12:17,610

to sure I mean they the big thing there

267

00:12:22,069 --> 00:12:19,079

about the weather patterns on the earth

268

00:12:24,460 --> 00:12:22,079

is that in the northern hemisphere on

269

00:12:27,290 --> 00:12:24,470

the globe the weather goes one way and

270

00:12:29,660 --> 00:12:27,300

in the southern hemisphere it goes the

271

00:12:32,090 --> 00:12:29,670

other way now if the the earth was just

272

00:12:35,059 --> 00:12:32,100

a flat disc that's just you're doing

273

00:12:39,559 --> 00:12:35,069

nothing just sat there or even if it's

274

00:12:41,990 --> 00:12:39,569

rotating then why is it different in the

275

00:12:45,550 --> 00:12:42,000

middle than it is around the edges why

276

00:12:49,220 --> 00:12:45,560

is there why is there an equator at all

277

00:12:52,280 --> 00:12:49,230

well you know I don't know what the to

278

00:12:58,129 --> 00:12:52,290

Flat Earth model is at all but if you go

279

00:12:59,600 --> 00:12:58,139

with this sort of first idea of this you

280

00:13:03,189 --> 00:12:59,610

know where the north poles in the center

281

00:13:10,670 --> 00:13:03,199

and the South Poles an outer circle

282

00:13:16,280 --> 00:13:10,680

direction then you have the Sun circling

283

00:13:19,850 --> 00:13:16,290

low and close and have which means that

284

00:13:22,670 --> 00:13:19,860

it's literally closer to the ocean and

285

00:13:25,819 --> 00:13:22,680

and along its path then it would be to

286

00:13:28,420 --> 00:13:25,829

the North Pole or to the outer edge so

287

00:13:31,460 --> 00:13:28,430

you would basically get a hot circle

288

00:13:33,530 --> 00:13:31,470

that would be exactly in line with the

289

00:13:37,160 --> 00:13:33,540

equator you'd get you'd get exactly the

290

00:13:41,180 --> 00:13:37,170

weather that we get with a close local

291

00:13:42,769 --> 00:13:41,190

circling Sun um I just sent you the it

292

00:13:44,900 --> 00:13:42,779

was just like a Google search of the

293

00:13:47,360 --> 00:13:44,910

Flat Earth weather patterns and them and

294

00:13:51,319 --> 00:13:47,370

then what you also get is these sort of

295

00:13:54,290 --> 00:13:51,329

weather patterns that are a reaction to

296

00:13:58,670 --> 00:13:54,300

this close local Sun path so you get

297

00:14:02,990 --> 00:13:58,680

sort of outward spiraling of storms and

298

00:14:05,870 --> 00:14:03,000

weather that actually makes a lot of

299

00:14:08,660 --> 00:14:05,880

sense where if that's what was going on

300

00:14:11,509 --> 00:14:08,670

I don't I don't claim this as a

301
00:14:15,290 --> 00:14:11,519
conclusion to that but it's amazing how

302
00:14:18,920 --> 00:14:15,300
it's like wow it's amazing how you can

303
00:14:21,829 --> 00:14:18,930
fit things into into a pattern and into

304
00:14:24,110 --> 00:14:21,839
a model if you really try hard enough

305
00:14:26,000 --> 00:14:24,120
of course the it raises a bunch of other

306
00:14:28,370 --> 00:14:26,010
problems like if the Sun is actually

307
00:14:30,829 --> 00:14:28,380
this thing that's rotating over the

308
00:14:33,439 --> 00:14:30,839
equator then why does it always look

309
00:14:36,259 --> 00:14:33,449
exactly the same size from wherever you

310
00:14:38,660 --> 00:14:36,269
are on the earth oh yeah people have

311
00:14:41,990 --> 00:14:38,670
done a lot of they've done a lot about

312
00:14:43,840 --> 00:14:42,000
that so there are a lot of things that

313
00:14:46,519 --> 00:14:43,850

people say about that and one is that

314

00:14:49,880 --> 00:14:46,529

when there's moisture in the air it

315

00:14:53,269 --> 00:14:49,890

gives you an optical effect so as

316

00:14:54,740 --> 00:14:53,279

something physically recedes from your

317

00:14:59,120 --> 00:14:54,750

view the moisture in the air will

318

00:15:03,800 --> 00:14:59,130

actually magnify it in like a coinciding

319

00:15:05,420 --> 00:15:03,810

process so there's no actual model is

320

00:15:07,069 --> 00:15:05,430

the how that actually works is that

321

00:15:09,170 --> 00:15:07,079

there's no actual no one's actually done

322

00:15:10,550 --> 00:15:09,180

the math and saying this is this is what

323

00:15:12,380 --> 00:15:10,560

actually goes on no one's done the

324

00:15:15,920 --> 00:15:12,390

science no one's actually analyzed how

325

00:15:18,680 --> 00:15:15,930

moisture affects things like that well I

326

00:15:20,689 --> 00:15:18,690

think it's pretty verified you can see

327

00:15:22,430 --> 00:15:20,699

that water magnifies things I mean you

328

00:15:23,689 --> 00:15:22,440

can just go in a swimming pool and then

329

00:15:25,699 --> 00:15:23,699

look at your friend your swimming and

330

00:15:27,199 --> 00:15:25,709

their leg looks giant with its

331

00:15:29,769 --> 00:15:27,209

underwater as opposed to their body up

332

00:15:33,500 --> 00:15:29,779

above the water the Sun is made of water

333

00:15:36,920 --> 00:15:33,510

no but the air is full of water

334

00:15:39,170 --> 00:15:36,930

we got a little droplets of doesn't

335

00:15:41,570 --> 00:15:39,180

doesn't actually magnify in the same way

336

00:15:43,310 --> 00:15:41,580

if you go if you're looking through air

337

00:15:45,740 --> 00:15:43,320

it's like as if you are actually

338

00:15:49,100 --> 00:15:45,750

underwater it doesn't actually doesn't

339

00:15:51,260 --> 00:15:49,110

actually work like that well sure it's

340

00:15:55,490 --> 00:15:51,270

not you're not actually underwater but

341

00:15:58,610 --> 00:15:55,500

there is a degree of yeah I mean you

342

00:16:02,180 --> 00:15:58,620

know I mean again that way like that you

343

00:16:04,340 --> 00:16:02,190

can have optical things happen because

344

00:16:08,000 --> 00:16:04,350

of things that are in the air you do

345

00:16:09,710 --> 00:16:08,010

have you do have an effect of what

346

00:16:11,660 --> 00:16:09,720

you're looking through anything you're

347

00:16:14,930 --> 00:16:11,670

looking through is gonna affect what

348

00:16:16,760 --> 00:16:14,940

you're seeing sure so we we know the

349

00:16:18,950 --> 00:16:16,770

effect that we know the effect that it

350

00:16:21,260 --> 00:16:18,960

has and we know the effect that the air

351
00:16:22,730 --> 00:16:21,270
has on things as you get further away

352
00:16:23,960 --> 00:16:22,740
and you can kind of measure them by

353
00:16:26,840 --> 00:16:23,970
looking at the effect he has some

354
00:16:29,840 --> 00:16:26,850
mountains and things like that and we

355
00:16:31,490 --> 00:16:29,850
here we know that he can't do what

356
00:16:33,410 --> 00:16:31,500
you're describing if our understanding

357
00:16:35,660 --> 00:16:33,420
of science is correct but we do know

358
00:16:38,090 --> 00:16:35,670
that if you use the conventional model

359
00:16:39,830 --> 00:16:38,100
of the solar system with the you know

360
00:16:42,290 --> 00:16:39,840
the Sun being a big ball that's far away

361
00:16:43,930 --> 00:16:42,300
and the earth being a big ball rotates

362
00:16:47,230 --> 00:16:43,940
on its axis and rotates around the Sun

363
00:16:50,720 --> 00:16:47,240

then what we see matches that perfectly

364

00:16:53,450 --> 00:16:50,730

mathematically perfectly there's no no

365

00:16:57,290 --> 00:16:53,460

error whatsoever in what what we see

366

00:16:58,610 --> 00:16:57,300

this is what what the model predicts so

367

00:17:01,100 --> 00:16:58,620

it's really curious that you know you

368

00:17:03,579 --> 00:17:01,110

you've got this other model the Flat

369

00:17:05,750 --> 00:17:03,589

Earth model that doesn't make any

370

00:17:07,280 --> 00:17:05,760

predictions so inserting doesn't make

371

00:17:10,699 --> 00:17:07,290

any predictions with mathematical

372

00:17:14,329 --> 00:17:10,709

certainty and yet you somehow prefer the

373

00:17:15,980 --> 00:17:14,339

model that you don't even have over the

374

00:17:18,829 --> 00:17:15,990

one that actually works a hundred

375

00:17:20,780 --> 00:17:18,839

percent perfectly I mean it works in a

376

00:17:22,970 --> 00:17:20,790

certain sense and you're right it's it's

377

00:17:28,570 --> 00:17:22,980

standing up making predictions for like

378

00:17:35,150 --> 00:17:32,330

there it there are problems because when

379

00:17:37,610 --> 00:17:35,160

you go out and you photograph distances

380

00:17:40,790 --> 00:17:37,620

it doesn't match up with the expectation

381

00:17:41,630 --> 00:17:40,800

of curvature when you look to verify

382

00:17:44,630 --> 00:17:41,640

that we're spinning

383

00:17:46,810 --> 00:17:44,640

you can't verify it you can argue that

384

00:17:49,899 --> 00:17:46,820

it shouldn't be able to be verified

385

00:17:52,919 --> 00:17:49,909

we get into this you know disagree but

386

00:17:56,769 --> 00:17:52,929

so long as you're not able to verify it

387

00:18:00,430 --> 00:17:56,779

you're looking at a belief in something

388

00:18:03,639 --> 00:18:00,440

that you can't prove you're looking at

389

00:18:05,499 --> 00:18:03,649

something that matches a model perfectly

390

00:18:08,379 --> 00:18:05,509

with mathematical precision like the way

391

00:18:11,590 --> 00:18:08,389

the Sun rises and the moon and the stars

392

00:18:13,690 --> 00:18:11,600

I could do that I could do that with

393

00:18:15,970 --> 00:18:13,700

most religions I could go out and tell

394

00:18:18,370 --> 00:18:15,980

you that you know a God created this

395

00:18:21,190 --> 00:18:18,380

place and he wanted the birds to be

396

00:18:24,190 --> 00:18:21,200

beautiful and he wanted the Sun to rise

397

00:18:26,860 --> 00:18:24,200

every day and it's actually a goddess

398

00:18:28,210 --> 00:18:26,870

and a chariot or Dever and it will keep

399

00:18:30,039 --> 00:18:28,220

rising every day because she likes

400

00:18:32,350 --> 00:18:30,049

getting up in the morning and then I

401
00:18:34,720 --> 00:18:32,360
will exactly tell you what to predict

402
00:18:36,279 --> 00:18:34,730
and I just did it perfectly I did how

403
00:18:40,600 --> 00:18:36,289
would you and prediction there how would

404
00:18:43,899 --> 00:18:40,610
you predict the eclipses and I could

405
00:18:46,539 --> 00:18:43,909
just come up with some religious story

406
00:18:48,460 --> 00:18:46,549
that's not a Schindler that wouldn't

407
00:18:50,889 --> 00:18:48,470
tell me you know what will happen in the

408
00:18:52,990 --> 00:18:50,899
future like if I give you the positions

409
00:18:57,970 --> 00:18:53,000
of some stars and what not how do you

410
00:18:59,860 --> 00:18:57,980
predict their paths across the sky well

411
00:19:02,799 --> 00:18:59,870
people were predicting the path

412
00:19:05,619 --> 00:19:02,809
throughout the sky long before they were

413
00:19:08,289 --> 00:19:05,629

using the globe model so I don't know

414

00:19:10,240 --> 00:19:08,299

how they did it and I couldn't do it

415

00:19:12,639 --> 00:19:10,250

myself but I know that it was being done

416

00:19:15,659 --> 00:19:12,649

so I know the globe bottle is not

417

00:19:19,240 --> 00:19:15,669

required to be able to predict celestial

418

00:19:21,220 --> 00:19:19,250

you know occurrences at all I think it

419

00:19:24,340 --> 00:19:21,230

is actually I think you will find it and

420

00:19:26,710 --> 00:19:24,350

they do actually the accurate paths of

421

00:19:28,629 --> 00:19:26,720

the sky of the stars can only really

422

00:19:29,950 --> 00:19:28,639

work on a globe model if you want if you

423

00:19:32,200 --> 00:19:29,960

want to make a mathematical model that

424

00:19:35,409 --> 00:19:32,210

shows you where the stars will be in any

425

00:19:38,080 --> 00:19:35,419

one day there's a very simple one which

426

00:19:40,480 --> 00:19:38,090

is globe model and the stars are very

427

00:19:42,279 --> 00:19:40,490

very far away essentially on what we

428

00:19:46,360 --> 00:19:42,289

call the celestial sphere this this is a

429

00:19:47,980 --> 00:19:46,370

very simple thing each star simply has

430

00:19:50,230 --> 00:19:47,990

two coordinates you know these things

431

00:19:52,029 --> 00:19:50,240

called polar coordinates like these how

432

00:19:54,460 --> 00:19:52,039

far around it is and how far up it is

433

00:19:56,919 --> 00:19:54,470

it's all it has and from those

434

00:19:58,659 --> 00:19:56,929

coordinates you can predict its path

435

00:20:00,700 --> 00:19:58,669

across the sky and it's really really

436

00:20:03,399 --> 00:20:00,710

simple it's trivial

437

00:20:06,169 --> 00:20:03,409

and it works perfectly and with with

438

00:20:08,299 --> 00:20:06,179

incredible position they can you can get

439

00:20:09,680 --> 00:20:08,309

telescopes and automatically zoom into

440

00:20:11,720 --> 00:20:09,690

where stars are going to be and the

441

00:20:13,970 --> 00:20:11,730

telescopes using a mathematical model

442

00:20:17,599 --> 00:20:13,980

inside it that is based on the globe

443

00:20:20,509 --> 00:20:17,609

model so it all works based on the globe

444

00:20:24,440 --> 00:20:20,519

there is no other model in which it

445

00:20:28,009 --> 00:20:24,450

works I mean it well it's just not true

446

00:20:32,109 --> 00:20:28,019

there's so many former belief systems

447

00:20:34,399 --> 00:20:32,119

that made all sorts of astrological

448

00:20:37,099 --> 00:20:34,409

predictions and they didn't use the

449

00:20:39,499 --> 00:20:37,109

globe well let me just stick with

450

00:20:43,430 --> 00:20:39,509

something very simple like one style is

451
00:20:44,599 --> 00:20:43,440
pick one star like Sirius and say where

452
00:20:45,739 --> 00:20:44,609
is it going to be at any particular

453
00:20:51,590 --> 00:20:45,749
point in time

454
00:20:53,180 --> 00:20:51,600
none of those old systems could predict

455
00:20:54,919 --> 00:20:53,190
that that's just saying is carried by

456
00:20:56,810 --> 00:20:54,929
carriers into the sky doesn't predict

457
00:20:57,950 --> 00:20:56,820
where it's going to be but if you want

458
00:21:00,889 --> 00:20:57,960
to figure out where it's going to be at

459
00:21:03,739 --> 00:21:00,899
like say 12 o'clock tonight we can do

460
00:21:07,669 --> 00:21:03,749
that all right shades in the sky I

461
00:21:14,119 --> 00:21:07,679
wasn't afraid to this specific I was

462
00:21:16,369 --> 00:21:14,129
just making that up right this is we're

463
00:21:21,139 --> 00:21:16,379

getting engineer that's not my expertise

464

00:21:23,720 --> 00:21:21,149

I haven't studied theology so I can't I

465

00:21:25,729 --> 00:21:23,730

can't represent them justly they need

466

00:21:28,299 --> 00:21:25,739

somebody else who study them right I

467

00:21:32,090 --> 00:21:28,309

just I know that I know that these days

468

00:21:34,940 --> 00:21:32,100

I mean to come and pay the globe model

469

00:21:37,099 --> 00:21:34,950

is the only one that's it is the it is

470

00:21:40,849 --> 00:21:37,109

the only one that actually accurately

471

00:21:42,590 --> 00:21:40,859

predicts the paths of the stars is to

472

00:21:45,499 --> 00:21:42,600

assume that we are in the center of a

473

00:21:48,859 --> 00:21:45,509

celestial sphere you could argue that is

474

00:21:51,379 --> 00:21:48,869

not a no you don't to be on a globe for

475

00:21:54,710 --> 00:21:51,389

that to work but then why is it the same

476
00:21:56,749 --> 00:21:54,720
from every point on the earth why why

477
00:21:59,409 --> 00:21:56,759
why does why do things why can we see

478
00:22:02,570 --> 00:21:59,419
southern constellations from South

479
00:22:05,029 --> 00:22:02,580
America and from Australia at the same

480
00:22:06,649 --> 00:22:05,039
time and they both look the same when if

481
00:22:08,779 --> 00:22:06,659
the earth was flat they would be on

482
00:22:10,310 --> 00:22:08,789
opposite sides of the earth you know

483
00:22:11,659 --> 00:22:10,320
these things it get increasingly

484
00:22:13,190 --> 00:22:11,669
ridiculous as you get further and

485
00:22:13,820 --> 00:22:13,200
further away from the North Pole and

486
00:22:16,460 --> 00:22:13,830
further to

487
00:22:18,529 --> 00:22:16,470
the South Pole and you have to have this

488
00:22:20,539 --> 00:22:18,539

incredible stretching of reality for it

489

00:22:23,450 --> 00:22:20,549

to work on a flat earth but you have

490

00:22:25,250 --> 00:22:23,460

nothing to do on the globe earth because

491

00:22:27,529 --> 00:22:25,260

he just works it's just the paths of the

492

00:22:30,250 --> 00:22:27,539

stars in the southern hemisphere work

493

00:22:33,590 --> 00:22:30,260

out perfectly it's trivial almost I

494

00:22:36,560 --> 00:22:33,600

would say that this is there are a lot

495

00:22:39,529 --> 00:22:36,570

of people who study the stars in

496

00:22:41,470 --> 00:22:39,539

relation to flatter a lot like really

497

00:22:44,240 --> 00:22:41,480

extensively and you should definitely

498

00:22:46,129 --> 00:22:44,250

reach out to them because it's just it's

499

00:22:49,279 --> 00:22:46,139

like it's just not my expertise

500

00:22:51,529 --> 00:22:49,289

whatsoever so it's just it's not fair

501
00:22:54,049 --> 00:22:51,539
for me to represent that side of the

502
00:22:58,549 --> 00:22:54,059
conversation since I have only like

503
00:22:59,899 --> 00:22:58,559
athing knowledge of it but I do know

504
00:23:02,169 --> 00:22:59,909
that there are people who would love

505
00:23:08,690 --> 00:23:02,179
love to have an in-depth conversation

506
00:23:10,820 --> 00:23:08,700
some of my way okay I will yeah let's

507
00:23:17,120 --> 00:23:10,830
let's talk about something else like for

508
00:23:20,600 --> 00:23:17,130
a bit at the coronavirus has that change

509
00:23:25,159 --> 00:23:20,610
your view of the world at all do you

510
00:23:28,009 --> 00:23:25,169
feel like the world is changing in a way

511
00:23:32,210 --> 00:23:28,019
that changes your perception of how the

512
00:23:34,810 --> 00:23:32,220
world operates at all change my

513
00:23:37,850 --> 00:23:34,820

perception of how the world operates

514

00:23:39,919 --> 00:23:37,860

because I talked to you last time and we

515

00:23:41,810 --> 00:23:39,929

talked a little bit about like if the

516

00:23:44,840 --> 00:23:41,820

world is flat would there have to be

517

00:23:47,299 --> 00:23:44,850

some kind of big conspiracy to cover it

518

00:23:48,830 --> 00:23:47,309

up or is it just the scientists making

519

00:23:52,879 --> 00:23:48,840

mistakes and you know you didn't really

520

00:23:55,430 --> 00:23:52,889

know at the time but do you think let's

521

00:23:58,759 --> 00:23:55,440

just just address the coronavirus do you

522

00:24:02,220 --> 00:23:58,769

think that there's more to it than the

523

00:24:10,210 --> 00:24:07,870

all the media is giving us do I think

524

00:24:12,160 --> 00:24:10,220

there's more to it what do you think can

525

00:24:14,530 --> 00:24:12,170

I ask you first what is your what is

526

00:24:16,720 --> 00:24:14,540

your opinion let's bring on I I don't

527

00:24:18,400 --> 00:24:16,730

think there's much more to it I think

528

00:24:20,470 --> 00:24:18,410

you know depends which media you look at

529

00:24:22,030 --> 00:24:20,480

if you look at Fox News initially they

530

00:24:24,520 --> 00:24:22,040

tried to downplay it a bit and then they

531

00:24:27,810 --> 00:24:24,530

try to play the government's response

532

00:24:31,570 --> 00:24:27,820

but I think overall basically it's a

533

00:24:36,580 --> 00:24:31,580

about pandemic and thousands of people

534

00:24:37,750 --> 00:24:36,590

are dying and it is it is a corona virus

535

00:24:39,700 --> 00:24:37,760

that's impacting people and making

536

00:24:43,180 --> 00:24:39,710

people sick so I think it is as the

537

00:24:46,810 --> 00:24:43,190

media presents a seven do you how do you

538

00:24:50,050 --> 00:24:46,820

feel how do you feel about just you know

539

00:24:52,150 --> 00:24:50,060

all the changes in the laws and how are

540

00:24:55,360 --> 00:24:52,160

being required to give up in your

541

00:24:57,510 --> 00:24:55,370

employment and how do you feel about all

542

00:25:00,940 --> 00:24:57,520

the changes that are being done in

543

00:25:04,060 --> 00:25:00,950

reactions I think I think they're

544

00:25:06,640 --> 00:25:04,070

necessary changes based on the science

545

00:25:08,830 --> 00:25:06,650

of pandemics and the you know we know

546

00:25:10,480 --> 00:25:08,840

what happens if you do nothing and you

547

00:25:14,290 --> 00:25:10,490

know we know how rapidly the disease

548

00:25:18,190 --> 00:25:14,300

spreads so we we need to do things to

549

00:25:20,230 --> 00:25:18,200

avoid millions of people dying if we did

550

00:25:22,300 --> 00:25:20,240

nothing the prediction is that millions

551
00:25:24,070 --> 00:25:22,310
of people would die you know I've

552
00:25:26,800 --> 00:25:24,080
already you know I know people like

553
00:25:28,360 --> 00:25:26,810
friends of friends who have died already

554
00:25:30,820 --> 00:25:28,370
and you see you know famous people

555
00:25:32,950 --> 00:25:30,830
vaguely famous people who have catching

556
00:25:35,860 --> 00:25:32,960
it and dying so I mean it is it is a

557
00:25:38,020 --> 00:25:35,870
real thing that is actually happening I

558
00:25:39,660 --> 00:25:38,030
don't think that that just by making a

559
00:25:43,270 --> 00:25:39,670
stay at home just because they want

560
00:25:45,310 --> 00:25:43,280
controllers maybe maybe there might be

561
00:25:46,840 --> 00:25:45,320
something that comes out of it which is

562
00:25:48,400 --> 00:25:46,850
negative and that they don't give up

563
00:25:50,140 --> 00:25:48,410

some of the power but I don't I think

564

00:25:55,990 --> 00:25:50,150

that's very much a real reason for

565

00:25:57,370 --> 00:25:56,000

people to do things for really and what

566

00:25:59,890 --> 00:25:57,380

do you and just what do you think about

567

00:26:03,180 --> 00:25:59,900

that like if you just said a really

568

00:26:07,800 --> 00:26:03,190

interesting sentence like if they I

569

00:26:11,260 --> 00:26:07,810

don't want to put something about them

570

00:26:14,440 --> 00:26:11,270

yeah like so what do you mean like what

571

00:26:15,340 --> 00:26:14,450

do you mean by that well historically

572

00:26:18,040 --> 00:26:15,350

when the

573

00:26:20,650 --> 00:26:18,050

takes power for some reason because of

574

00:26:26,320 --> 00:26:20,660

some crisis they're slow to give that

575

00:26:28,900 --> 00:26:26,330

power up and so if they put new you new

576

00:26:32,830 --> 00:26:28,910

laws into place to give them greater

577

00:26:35,980 --> 00:26:32,840

surveillance rights then they might not

578

00:26:37,270 --> 00:26:35,990

give up those laws afterwards so that's

579

00:26:40,540 --> 00:26:37,280

something I think we need to be vigilant

580

00:26:41,830 --> 00:26:40,550

about and insists that they do and not

581

00:26:44,080 --> 00:26:41,840

vote for the people who want to keep

582

00:26:47,050 --> 00:26:44,090

those laws because they could put laws

583

00:26:48,700 --> 00:26:47,060

in place that say they would they would

584

00:26:51,040 --> 00:26:48,710

track people's cell phones or something

585

00:26:53,860 --> 00:26:51,050

like that because they need to do it to

586

00:26:55,480 --> 00:26:53,870

track the spread of the disease and then

587

00:26:57,910 --> 00:26:55,490

keep tracking people's cell phones

588

00:26:59,710 --> 00:26:57,920

afterwards which is something you don't

589

00:27:02,110 --> 00:26:59,720

want but something that I think we need

590

00:27:04,150 --> 00:27:02,120

to be concerned about but you know my

591

00:27:05,650 --> 00:27:04,160

question for you was more do you think

592

00:27:10,150 --> 00:27:05,660

that there are things that are being

593

00:27:17,920 --> 00:27:10,160

done now that is in some ways a power

594

00:27:21,930 --> 00:27:17,930

grab sure yeah I mean at any time you

595

00:27:28,000 --> 00:27:21,940

tell people they have to do things

596

00:27:30,310 --> 00:27:28,010

they're taking power they have to do it

597

00:27:32,410 --> 00:27:30,320

though that they have to do now like if

598

00:27:34,330 --> 00:27:32,420

we have to go into lockdown we have to

599

00:27:36,790 --> 00:27:34,340

close the schools we have to tell people

600

00:27:39,040 --> 00:27:36,800

not to me to meet with other people and

601
00:27:41,080 --> 00:27:39,050
we we have to you know make businesses

602
00:27:46,690 --> 00:27:41,090
close if this is something that has to

603
00:27:48,130 --> 00:27:46,700
be done for health reasons do you think

604
00:27:49,930 --> 00:27:48,140
that those people just simply taking

605
00:27:52,180 --> 00:27:49,940
advantage of that right now or do you

606
00:27:54,250 --> 00:27:52,190
think do you feel like the reaction is

607
00:27:55,930 --> 00:27:54,260
out of proportion to the disease and

608
00:27:57,790 --> 00:27:55,940
that's these some of these things

609
00:28:02,880 --> 00:27:57,800
unnecessarily and they're just being

610
00:28:08,940 --> 00:28:02,890
done for power grab reasons I think that

611
00:28:14,650 --> 00:28:08,950
my ability to analyze what's going on

612
00:28:18,900 --> 00:28:14,660
has been all but eliminated by the very

613
00:28:23,320 --> 00:28:18,910

fact that I can't go outside mm-hmm so I

614

00:28:23,710 --> 00:28:23,330

think that the real answer is how would

615

00:28:25,360 --> 00:28:23,720

I know

616

00:28:27,700 --> 00:28:25,370

how would you know I mean you couldn't

617

00:28:28,730 --> 00:28:27,710

go and hug a bunch of people and see if

618

00:28:30,020 --> 00:28:28,740

you get sick I mean

619

00:28:34,760 --> 00:28:30,030

isn't something you would want to try

620

00:28:38,360 --> 00:28:34,770

and do anyway is it says it's not and I

621

00:28:41,540 --> 00:28:38,370

respect other people's fear so I

622

00:28:43,280 --> 00:28:41,550

wouldn't and why would I go experiment

623

00:28:46,730 --> 00:28:43,290

with that yeah I'm not gonna freak

624

00:28:49,910 --> 00:28:46,740

people no no they would you safe you

625

00:28:52,490 --> 00:28:49,920

could go outside or what experiments

626
00:28:55,070 --> 00:28:52,500
would you do if you were just given free

627
00:28:57,230 --> 00:28:55,080
rein to go around and you know wear a

628
00:28:59,090 --> 00:28:57,240
mask or whatever but go around and look

629
00:29:01,490 --> 00:28:59,100
what would you go and look to see if

630
00:29:07,000 --> 00:29:01,500
there things were as they're being told

631
00:29:15,010 --> 00:29:07,010
us would you go to the hospitals and

632
00:29:29,320 --> 00:29:25,299
territory because I see the story about

633
00:29:36,669 --> 00:29:29,330
people who are questioning this being

634
00:29:43,850 --> 00:29:36,679
immediately painted as dangerous and

635
00:29:46,419 --> 00:29:43,860
that's coming out like in neon like the

636
00:29:49,370 --> 00:29:46,429
very ice I saw that there was a movement

637
00:29:53,120 --> 00:29:49,380
about people going to hospitals and

638
00:29:55,040 --> 00:29:53,130

filming ar-ar-ar these particular

639

00:29:58,040 --> 00:29:55,050

hospitals that are being said to be

640

00:29:59,480 --> 00:29:58,050

overflowed with patients or they really

641

00:30:02,080 --> 00:29:59,490

overflowed and people are going and

642

00:30:05,150 --> 00:30:02,090

there's this whole movement about that

643

00:30:07,640 --> 00:30:05,160

so I noticed move in I noticed some of

644

00:30:10,220 --> 00:30:07,650

these videos people doing that and

645

00:30:16,640 --> 00:30:10,230

within about a day there were articles

646

00:30:20,890 --> 00:30:16,650

coming out calling calling them [h__\h]

647

00:30:23,540 --> 00:30:20,900

like that and calling them dangerous and

648

00:30:27,919 --> 00:30:23,550

calling them you know deniers of the

649

00:30:30,200 --> 00:30:27,929

disease and calling them like I think

650

00:30:33,169 --> 00:30:30,210

citizen journalists was a term that was

651
00:30:35,510 --> 00:30:33,179
used but it was it was used as if these

652
00:30:37,909 --> 00:30:35,520
are the new the new threat of people the

653
00:30:42,230 --> 00:30:37,919
new bad people are trying to be citizen

654
00:30:46,730 --> 00:30:42,240
journalists now I don't think

655
00:30:50,359 --> 00:30:46,740
that'd be I don't think that's right I

656
00:30:53,749 --> 00:30:50,369
don't think that it's healthy to come to

657
00:30:57,889 --> 00:30:53,759
a place where people seeking to verify

658
00:31:01,009 --> 00:30:57,899
that for themselves are vilified as the

659
00:31:03,350 --> 00:31:01,019
enemy now does that mean that the

660
00:31:06,859 --> 00:31:03,360
official story is true or not it doesn't

661
00:31:12,259 --> 00:31:06,869
it doesn't mean that but it means that

662
00:31:14,629 --> 00:31:12,269
people are losing a sense of safety to

663
00:31:19,129 --> 00:31:14,639

have an open dialogue or to seek to

664

00:31:21,560 --> 00:31:19,139

verify or to right or wrong express

665

00:31:24,499 --> 00:31:21,570

their opinion publicly what if people

666

00:31:27,889 --> 00:31:24,509

are promoting the idea that the

667

00:31:33,019 --> 00:31:27,899

coronaviruses say a hoax wait actually

668

00:31:36,230 --> 00:31:33,029

isn't and that makes people do things

669

00:31:37,730 --> 00:31:36,240

like I don't know go to go to some choir

670

00:31:40,609 --> 00:31:37,740

practice or something that they wouldn't

671

00:31:42,639 --> 00:31:40,619

normally do and then they get sick it

672

00:31:45,289 --> 00:31:42,649

seems like there's a big problem with

673

00:31:48,049 --> 00:31:45,299

it's the disease spreading because

674

00:31:49,669 --> 00:31:48,059

people are being in close proximity to

675

00:31:51,859 --> 00:31:49,679

other people and if a lot of people

676

00:31:54,769 --> 00:31:51,869

start thinking that it's a hoax

677

00:31:57,580 --> 00:31:54,779

isn't that a dangerous thing you think

678

00:32:02,210 --> 00:31:57,590

there is there's some some need for

679

00:32:04,700 --> 00:32:02,220

caution and perhaps even criticizing

680

00:32:06,950 --> 00:32:04,710

people I think right now there's an

681

00:32:09,700 --> 00:32:06,960

incredible need for caution on all

682

00:32:12,470 --> 00:32:09,710

fronts you know it's just there's a

683

00:32:17,509 --> 00:32:12,480

there's a balance I mean the word you

684

00:32:21,019 --> 00:32:17,519

just used has become a dirty word like a

685

00:32:27,049 --> 00:32:21,029

like it's and I don't know that it's the

686

00:32:31,460 --> 00:32:27,059

correct word either I don't now is Hoa

687

00:32:34,820 --> 00:32:31,470

eggs I don't think that it's that simple

688

00:32:37,639 --> 00:32:34,830

I don't um I don't think it's that

689

00:32:41,629 --> 00:32:37,649

simple I think that people are getting

690

00:32:49,909 --> 00:32:41,639

sick I think that people I think that I

691

00:32:53,570 --> 00:32:49,919

think there's this question about how do

692

00:32:55,790 --> 00:32:53,580

you even what is even a safe way to

693

00:32:57,950 --> 00:32:55,800

question right now yeah

694

00:33:00,530 --> 00:32:57,960

obviously what is a for it a question

695

00:33:03,410 --> 00:33:00,540

what is I guess like what what it's not

696

00:33:05,210 --> 00:33:03,420

like what is a safe way to question like

697

00:33:07,610 --> 00:33:05,220

if we could I mean obviously you feel

698

00:33:10,970 --> 00:33:07,620

worried that people will criticize you

699

00:33:12,590 --> 00:33:10,980

or even attack you if you if you express

700

00:33:17,840 --> 00:33:12,600

questions because they donate to other

701
00:33:21,740 --> 00:33:17,850
people but I guess what from your

702
00:33:24,950 --> 00:33:21,750
perspective how how would you be

703
00:33:27,320 --> 00:33:24,960
persuaded that it is as it appears to be

704
00:33:29,240 --> 00:33:27,330
what what more should have be done by

705
00:33:42,700 --> 00:33:29,250
the authorities to make it clear that

706
00:33:51,380 --> 00:33:46,580
unnecessary goal hmm you know I don't

707
00:33:53,240 --> 00:33:51,390
like I mean I think you're you're

708
00:33:54,800 --> 00:33:53,250
presuming the way you're talking is

709
00:33:58,130 --> 00:33:54,810
you're presuming I don't believe in it

710
00:34:00,110 --> 00:33:58,140
there's some presuming you have some

711
00:34:03,920 --> 00:34:00,120
questions because she said like your

712
00:34:05,060 --> 00:34:03,930
your ability to to investigate or ask

713
00:34:07,040 --> 00:34:05,070

questions I'm not sure what you said

714

00:34:09,500 --> 00:34:07,050

your ability as being curtailed because

715

00:34:11,870 --> 00:34:09,510

you can't go out so I was wondering if

716

00:34:13,310 --> 00:34:11,880

he could go out what would be the

717

00:34:15,110 --> 00:34:13,320

information you'd be looking for that

718

00:34:16,070 --> 00:34:15,120

perhaps could have been supplied to you

719

00:34:21,320 --> 00:34:16,080

in some other way

720

00:34:24,560 --> 00:34:21,330

well I have my closest friend is a nurse

721

00:34:28,700 --> 00:34:24,570

practitioner and she works in urgent

722

00:34:31,850 --> 00:34:28,710

care and I have a close relative who

723

00:34:37,340 --> 00:34:31,860

lives in Seattle like near the epicenter

724

00:34:39,710 --> 00:34:37,350

of a stop call it yeah I have no friends

725

00:34:44,120 --> 00:34:39,720

in various places and I guess I've been

726

00:34:48,530 --> 00:34:44,130

checking up with like with my friend who

727

00:34:50,300 --> 00:34:48,540

works in a clinic my nurse friend you

728

00:34:53,060 --> 00:34:50,310

know from the beginning I was like tell

729

00:34:56,720 --> 00:34:53,070

me tell me if you get booked for you

730

00:34:59,030 --> 00:34:56,730

know concerned about her and I I want to

731

00:35:01,580 --> 00:34:59,040

know do you see have you seen any

732

00:35:04,370 --> 00:35:01,590

patients with this diagnosis you know

733

00:35:09,060 --> 00:35:04,380

that's there's always something to ask

734

00:35:11,490 --> 00:35:09,070

every time we check in and first

735

00:35:13,350 --> 00:35:11,500

time we talked about it she she told me

736

00:35:15,840 --> 00:35:13,360

that she doesn't have they haven't been

737

00:35:18,270 --> 00:35:15,850

given any protocol for how to handle it

738

00:35:20,790 --> 00:35:18,280

if they do get one and they weren't

739

00:35:23,520 --> 00:35:20,800

given any masks she had to Bayern Mass

740

00:35:25,440 --> 00:35:23,530

and bring it you know to this day she

741

00:35:27,180 --> 00:35:25,450

said there's been people with some

742

00:35:29,340 --> 00:35:27,190

slight fever and some coughing so

743

00:35:31,200 --> 00:35:29,350

there's like it's like maybe but they

744

00:35:35,040 --> 00:35:31,210

haven't had anybody that they can verify

745

00:35:37,650 --> 00:35:35,050

would for sure habit or whatever asked

746

00:35:41,250 --> 00:35:37,660

about the kids the testing kit and they

747

00:35:43,170 --> 00:35:41,260

didn't get me and Ill just asking her

748

00:35:44,970 --> 00:35:43,180

about what the testing kit because I'm

749

00:35:49,170 --> 00:35:44,980

not a medical professional so I was like

750

00:35:51,930 --> 00:35:49,180

what what are you getting like what do

751

00:35:54,390 --> 00:35:51,940

you think this kit is demonstrating like

752

00:35:58,470 --> 00:35:54,400

how do you how would you use one like

753

00:35:59,700 --> 00:35:58,480

basically like I was asking as a doctor

754

00:36:02,300 --> 00:35:59,710

because she basically takes on the role

755

00:36:05,910 --> 00:36:02,310

of a doctor but I do miss petitioners

756

00:36:10,160 --> 00:36:05,920

practically doctors yes as a doctor as a

757

00:36:12,300 --> 00:36:10,170

nurse like you know generally you can

758

00:36:15,210 --> 00:36:12,310

diagnose people like you can either

759

00:36:17,940 --> 00:36:15,220

diagnose them in in the room when they

760

00:36:19,890 --> 00:36:17,950

come in or you do your lab work and you

761

00:36:21,210 --> 00:36:19,900

can you know diagnose something that but

762

00:36:24,290 --> 00:36:21,220

you know what to look for you know what

763

00:36:26,580 --> 00:36:24,300

what results you're looking at and um

764

00:36:30,030 --> 00:36:26,590

she said yeah and she's like yeah if

765

00:36:32,370 --> 00:36:30,040

somebody has something generally she has

766

00:36:34,560 --> 00:36:32,380

the capacity to diagnose it but she does

767

00:36:36,420 --> 00:36:34,570

not have that capacity with this like

768

00:36:40,050 --> 00:36:36,430

she wouldn't she wouldn't have that

769

00:36:41,640 --> 00:36:40,060

power to diagnose and like there if they

770

00:36:44,640 --> 00:36:41,650

did a test kit it wouldn't go like to

771

00:36:46,140 --> 00:36:44,650

their lab there's like I don't know if

772

00:36:50,780 --> 00:36:46,150

I'd places that they're being sent off

773

00:36:54,810 --> 00:36:50,790

to rid of her so there was a lack of

774

00:36:57,810 --> 00:36:54,820

power to know you know I'm asking

775

00:37:01,620 --> 00:36:57,820

somebody who's doctor basically who's my

776

00:37:04,530 --> 00:37:01,630

very close friend how is this being

777

00:37:07,380 --> 00:37:04,540

verified and she didn't say oh it's you

778

00:37:10,050 --> 00:37:07,390

know I can't she was like it said like

779

00:37:11,430 --> 00:37:10,060

it I don't we don't get to verify it we

780

00:37:12,180 --> 00:37:11,440

don't have that they're not giving us

781

00:37:16,080 --> 00:37:12,190

that power

782

00:37:19,290 --> 00:37:16,090

so um what does that mean I don't know

783

00:37:20,640 --> 00:37:19,300

it Jeff but it is you know what do you

784

00:37:25,710 --> 00:37:20,650

do that I don't know so

785

00:37:28,410 --> 00:37:25,720

and you know I look up other information

786

00:37:30,359 --> 00:37:28,420

and there seems to definitely be such a

787

00:37:32,700 --> 00:37:30,369

thing as coronavirus like this is like a

788

00:37:34,230 --> 00:37:32,710

known thing that's been around for a

789

00:37:39,450 --> 00:37:34,240

long time mm-hmm

790

00:37:41,190 --> 00:37:39,460

and so you know you can't it be pretty

791

00:37:44,519 --> 00:37:41,200

much a stretch to say there's no such

792

00:37:47,370 --> 00:37:44,529

thing as a corona virus but um I don't

793

00:37:54,839 --> 00:37:47,380

take it lightly like I know that getting

794

00:38:01,760 --> 00:37:54,849

sick is horrible so yeah I don't you

795

00:38:08,339 --> 00:38:01,770

know I don't know I don't know I don't

796

00:38:16,109 --> 00:38:08,349

look that I have the information to know

797

00:38:20,549 --> 00:38:16,119

I think it's there's a lot of I can see

798

00:38:23,339 --> 00:38:20,559

it people are being well they certainly

799

00:38:24,750 --> 00:38:23,349

be encouraged to take exactly what they

800

00:38:28,230 --> 00:38:24,760

news the same for baby that's the main

801
00:38:34,890 --> 00:38:28,240
that's the main push but I also can see

802
00:38:37,529 --> 00:38:34,900
that there are there is a sort of side

803
00:38:41,400 --> 00:38:37,539
push that maybe just controlled ah maybe

804
00:38:44,339 --> 00:38:41,410
just people out to sort of rabble

805
00:38:47,370 --> 00:38:44,349
rousers encouraging people to say it's

806
00:38:51,359 --> 00:38:47,380
not it's not something to be worried

807
00:38:55,170 --> 00:38:51,369
about and I don't think and I think that

808
00:39:01,890 --> 00:38:55,180
there it's I think that that is there to

809
00:39:07,200 --> 00:39:01,900
vilify any form of questioning I see

810
00:39:11,450 --> 00:39:07,210
that really clearly actually so do you

811
00:39:15,539 --> 00:39:11,460
think that they've created this this

812
00:39:17,519 --> 00:39:15,549
questioning environment specifically so

813
00:39:22,799 --> 00:39:17,529

they can attack people who ask questions

814

00:39:27,210 --> 00:39:22,809

I don't know that it's like for that but

815

00:39:30,180 --> 00:39:27,220

it seems to be um something that's going

816

00:39:31,890 --> 00:39:30,190

on yeah I mean just like you were saying

817

00:39:35,010 --> 00:39:31,900

about power you know they're taking

818

00:39:37,140 --> 00:39:35,020

power I think that that's one

819

00:39:39,090 --> 00:39:37,150

one of the ways they're taking power and

820

00:39:43,260 --> 00:39:39,100

they're making it really scary you know

821

00:39:46,440 --> 00:39:43,270

they're saying like if I mean yeah I

822

00:39:48,840 --> 00:39:46,450

mean she's you know like it's like for

823

00:39:51,270 --> 00:39:48,850

your the position you're taking

824

00:39:53,520 --> 00:39:51,280

you can talk day and day out about it

825

00:39:55,950 --> 00:39:53,530

publicly you're just fine I'm not even

826

00:39:59,040 --> 00:39:55,960

taking a position I'm saying I don't

827

00:40:04,740 --> 00:39:59,050

have the freedom to know or to ask

828

00:40:07,340 --> 00:40:04,750

questions and in that like that's that's

829

00:40:14,520 --> 00:40:07,350

a that's a paragraph you know I don't

830

00:40:17,850 --> 00:40:14,530

have the luxury of saying much of

831

00:40:20,160 --> 00:40:17,860

anything really it is there are quite a

832

00:40:22,380 --> 00:40:20,170

lot of questions being asked like if you

833

00:40:24,840 --> 00:40:22,390

think like say the the issue with face

834

00:40:27,390 --> 00:40:24,850

masks things have changed over the last

835

00:40:29,580 --> 00:40:27,400

like week or so with people's the

836

00:40:31,110 --> 00:40:29,590

officials opinion about face Max and

837

00:40:35,250 --> 00:40:31,120

part of that has come from people

838

00:40:39,060 --> 00:40:35,260

questioning the official you know advice

839

00:40:41,580 --> 00:40:39,070

not to use face masks so in that sense

840

00:40:43,530 --> 00:40:41,590

there is something that was questioned

841

00:40:45,240 --> 00:40:43,540

some official thing there was questioned

842

00:40:47,430 --> 00:40:45,250

and enough people questioned it and then

843

00:40:49,170 --> 00:40:47,440

they figured out that you know perhaps

844

00:40:51,480 --> 00:40:49,180

their original advice wasn't the best

845

00:40:53,610 --> 00:40:51,490

advice or at least not at this time and

846

00:40:55,710 --> 00:40:53,620

they changed it and I don't people

847

00:40:58,710 --> 00:40:55,720

weren't really vilified for questioning

848

00:41:03,990 --> 00:40:58,720

like is he's wearing face masks a good

849

00:41:06,210 --> 00:41:04,000

thing or not awesome I didn't see that I

850

00:41:09,150 --> 00:41:06,220

don't um but maybe you're correct about

851
00:41:13,860 --> 00:41:09,160
that um I don't know you know it's like

852
00:41:16,710 --> 00:41:13,870
it's just it's a new day and I think

853
00:41:20,280 --> 00:41:16,720
that you know I've been thinking a lot

854
00:41:22,980 --> 00:41:20,290
about that cos there's a poem about like

855
00:41:24,900 --> 00:41:22,990
the rise of the Nazi Germany or it's

856
00:41:26,580 --> 00:41:24,910
like first they came for them I did

857
00:41:29,490 --> 00:41:26,590
nothing and then they came for them and

858
00:41:35,010 --> 00:41:29,500
I think that that's what this feels like

859
00:41:40,260 --> 00:41:35,020
to me is they are there there is a

860
00:41:43,770 --> 00:41:40,270
feeling of there's there's vilification

861
00:41:46,440 --> 00:41:43,780
of questioning and and that's you know

862
00:41:48,539 --> 00:41:46,450
if you think well if you questioned the

863
00:41:51,660 --> 00:41:48,549

virus you could be encouraging

864

00:41:54,779 --> 00:41:51,670

able to go out and smooch other's faces

865

00:41:56,370 --> 00:41:54,789

and then we're gonna be sick and so it's

866

00:41:57,929 --> 00:41:56,380

like well maybe that's good you can't

867

00:41:59,609 --> 00:41:57,939

question rice and it's like well there

868

00:42:06,239 --> 00:41:59,619

is a certain logic to that and that

869

00:42:08,819 --> 00:42:06,249

might be yeah but but that is also a

870

00:42:11,249 --> 00:42:08,829

power that you're surrendering which is

871

00:42:14,640 --> 00:42:11,259

the right to question and that may not

872

00:42:17,849 --> 00:42:14,650

be a power that is given back and it may

873

00:42:20,479 --> 00:42:17,859

come around to a place where you can't

874

00:42:23,279 --> 00:42:20,489

ask a question that you want to ask and

875

00:42:27,569 --> 00:42:23,289

somebody else may be rationalizing that

876

00:42:30,120 --> 00:42:27,579

your question is too dangerous and you

877

00:42:31,650 --> 00:42:30,130

know I support your right to say we live

878

00:42:34,259 --> 00:42:31,660

in a globe I support you right to say

879

00:42:37,410 --> 00:42:34,269

anything really and I think this is the

880

00:42:41,880 --> 00:42:37,420

time for people to reflect can they

881

00:42:43,620 --> 00:42:41,890

support a free discourse because we are

882

00:42:45,059 --> 00:42:43,630

losing the right to have free discourse

883

00:42:48,449 --> 00:42:45,069

right now we are losing the feeling of

884

00:42:50,759 --> 00:42:48,459

safety discourse if there is there is I

885

00:42:53,370 --> 00:42:50,769

think oh is going to be a line that

886

00:42:55,289 --> 00:42:53,380

needs to be drawn at some point with

887

00:42:58,259 --> 00:42:55,299

free discourse like if somebody is

888

00:43:00,809 --> 00:42:58,269

telling people to drink poison because

889

00:43:03,209 --> 00:43:00,819

it will cure something you know some

890

00:43:05,759 --> 00:43:03,219

toxic system systems substance like that

891

00:43:07,049 --> 00:43:05,769

or they're advertising one thing but

892

00:43:08,669 --> 00:43:07,059

selling something completely different

893

00:43:11,039 --> 00:43:08,679

there's some actually it's harmful

894

00:43:12,779 --> 00:43:11,049

doesn't work or they they're selling

895

00:43:15,269 --> 00:43:12,789

fire extinguishers that don't have any

896

00:43:21,749 --> 00:43:15,279

fire extinguishes stuff in them if if if

897

00:43:23,759 --> 00:43:21,759

the we have to have some limits to our

898

00:43:27,299 --> 00:43:23,769

lines I would never cross yeah it is

899

00:43:28,829 --> 00:43:27,309

moving the line is moving some news out

900

00:43:31,049 --> 00:43:28,839

there saying that you know it's okay to

901
00:43:34,079 --> 00:43:31,059
murder people I'd say no no it's not you

902
00:43:35,609 --> 00:43:34,089
step back somebody said racism was okay

903
00:43:39,179 --> 00:43:35,619
or child abuse was okay like no

904
00:43:44,999 --> 00:43:39,189
absolutely there are lines but it's like

905
00:43:47,609 --> 00:43:45,009
if you want to go it's there mmm it's

906
00:43:49,469 --> 00:43:47,619
really it's where do you draw the line

907
00:43:51,660 --> 00:43:49,479
how do you decide where the line is

908
00:43:53,400 --> 00:43:51,670
drawn and the line always gets drawn in

909
00:43:55,559 --> 00:43:53,410
an area that's fuzzy because you can't

910
00:43:57,929 --> 00:43:55,569
there isn't a clear-cut division between

911
00:43:59,309 --> 00:43:57,939
one thing or the other so there's always

912
00:44:01,840 --> 00:43:59,319
gonna be some people that I'll say the

913
00:44:05,260 --> 00:44:01,850

lines should be that way or that way

914

00:44:08,020 --> 00:44:05,270

there is a lack of respect for the

915

00:44:10,720 --> 00:44:08,030

general populace that is absolutely

916

00:44:14,170 --> 00:44:10,730

absolutely going on the media is

917

00:44:15,670 --> 00:44:14,180

treating people like prisoners later

918

00:44:19,480 --> 00:44:15,680

because they're saying I mean they're

919

00:44:20,980 --> 00:44:19,490

using the dialogue the vocabulary

920

00:44:25,060 --> 00:44:20,990

they're saying lockdown this is a

921

00:44:28,060 --> 00:44:25,070

psychology of prisoners and and they're

922

00:44:29,830 --> 00:44:28,070

this this whole idea of like well we're

923

00:44:32,080 --> 00:44:29,840

releasing the National Guard but don't

924

00:44:36,460 --> 00:44:32,090

worry they're just there to be nice for

925

00:44:40,000 --> 00:44:36,470

now there's there's this taunting of the

926

00:44:43,540 --> 00:44:40,010

people that the people must stay in line

927

00:44:46,300 --> 00:44:43,550

or you know or what you know you don't

928

00:44:49,810 --> 00:44:46,310

know but they're this this is a

929

00:44:52,840 --> 00:44:49,820

psychology of control it's a psychology

930

00:44:55,750 --> 00:44:52,850

of taking power and does it mean that

931

00:45:00,220 --> 00:44:55,760

the emergency is not an emergency no it

932

00:45:03,820 --> 00:45:00,230

doesn't mean that but but it but but it

933

00:45:06,300 --> 00:45:03,830

is it is a paragraph it's absolutely a

934

00:45:11,830 --> 00:45:06,310

paragraph and here's his a power a

935

00:45:14,200 --> 00:45:11,840

problem with the power grab is the world

936

00:45:16,240 --> 00:45:14,210

is full of intelligent people the world

937

00:45:18,550 --> 00:45:16,250

is full of goofy people with terrible

938

00:45:22,150 --> 00:45:18,560

ideas but it is also full of intelligent

939

00:45:24,460 --> 00:45:22,160

people it is very possible that there

940

00:45:27,700 --> 00:45:24,470

are people who could devise a better

941

00:45:29,520 --> 00:45:27,710

plan for dealing with this crisis then

942

00:45:33,790 --> 00:45:29,530

the plan that is being implemented

943

00:45:34,990 --> 00:45:33,800

you're asking people everywhere to give

944

00:45:37,740 --> 00:45:35,000

up their livelihood

945

00:45:41,350 --> 00:45:37,750

you're asking people to just submit

946

00:45:43,540 --> 00:45:41,360

submit on a spiritual level really right

947

00:45:46,540 --> 00:45:43,550

now just just say okay I don't know

948

00:45:48,190 --> 00:45:46,550

better you tell me what to do you're

949

00:45:50,230 --> 00:45:48,200

asking people to not know how to pay

950

00:45:52,390 --> 00:45:50,240

their rent you're asking people to in

951
00:45:54,790 --> 00:45:52,400
many cases not know where they're

952
00:45:57,520 --> 00:45:54,800
getting it how to have enough money to

953
00:46:04,510 --> 00:45:57,530
get food very soon you're asking people

954
00:46:06,610 --> 00:46:04,520
to do to just be quiet and hide away and

955
00:46:09,700 --> 00:46:06,620
to stop socializing to stop having

956
00:46:11,290 --> 00:46:09,710
conversations to surrender all sorts of

957
00:46:12,910 --> 00:46:11,300
things that generally support their

958
00:46:15,010 --> 00:46:12,920
health and generally support their

959
00:46:15,850 --> 00:46:15,020
mental health you asked me will give all

960
00:46:19,520 --> 00:46:15,860
that

961
00:46:22,460 --> 00:46:19,530
because government knows best now

962
00:46:25,220 --> 00:46:22,470
there's the possibility that the people

963
00:46:28,010 --> 00:46:25,230

could know better the people could think

964

00:46:32,150 --> 00:46:28,020

of a different plan or a better plan if

965

00:46:35,300 --> 00:46:32,160

they are given the freedom to assess the

966

00:46:39,610 --> 00:46:35,310

information to have free discourse to

967

00:46:43,250 --> 00:46:39,620

safely say wait is this the best plan

968

00:46:45,700 --> 00:46:43,260

can we take care of our people's health

969

00:46:50,210 --> 00:46:45,710

and also take care of our economy

970

00:46:53,240 --> 00:46:50,220

yeah but how how are you going to get to

971

00:46:57,230 --> 00:46:53,250

that from here like we're in a situation

972

00:46:59,840 --> 00:46:57,240

where you in you got like two months or

973

00:47:01,580 --> 00:46:59,850

something in which to act what do you

974

00:47:03,950 --> 00:47:01,590

actually do how do you can't just say

975

00:47:05,480 --> 00:47:03,960

okay people you figure it out you know

976
00:47:07,640 --> 00:47:05,490
there's this deadly disease coming and

977
00:47:08,060 --> 00:47:07,650
okay so other people will say oh no

978
00:47:11,300 --> 00:47:08,070
there isn't

979
00:47:14,690 --> 00:47:11,310
and then people will just act as normal

980
00:47:15,110 --> 00:47:14,700
they're not going to do anything one or

981
00:47:17,390 --> 00:47:15,120
the other

982
00:47:20,660 --> 00:47:17,400
I mean does it does it have to be one of

983
00:47:23,720 --> 00:47:20,670
the other like to say this plan might

984
00:47:25,910 --> 00:47:23,730
not be the best plan for everybody does

985
00:47:27,710 --> 00:47:25,920
that have to mean that you're throwing

986
00:47:30,560 --> 00:47:27,720
the baby out with the bathwater and

987
00:47:35,030 --> 00:47:30,570
you're saying there's no problem I think

988
00:47:37,400 --> 00:47:35,040

there is certainly alternative plans but

989

00:47:39,260 --> 00:47:37,410

it's it isn't it certainly doesn't have

990

00:47:43,040 --> 00:47:39,270

to be completely lock down versus

991

00:47:47,740 --> 00:47:43,050

complete freedom there could be things

992

00:47:49,910 --> 00:47:47,750

in Bangui I have a close friend who um

993

00:47:54,080 --> 00:47:49,920

he called me up there named he's got

994

00:47:57,160 --> 00:47:54,090

he's got health issues his diabetes and

995

00:47:59,600 --> 00:47:57,170

like some related stuff and he was um

996

00:48:00,860 --> 00:47:59,610

he's very he said he was very ill he

997

00:48:02,600 --> 00:48:00,870

hadn't be able to get out of bed for

998

00:48:05,060 --> 00:48:02,610

like four days and he was having a lot

999

00:48:08,330 --> 00:48:05,070

of trouble breathing and he went to the

1000

00:48:14,240 --> 00:48:08,340

ER this was like new three nights ago he

1001

00:48:19,160 --> 00:48:14,250

went to the ER and um they did don't

1002

00:48:22,580 --> 00:48:19,170

test him Covina or Corona so where's my

1003

00:48:26,840 --> 00:48:22,590

did not test him for Kona and they

1004

00:48:28,620 --> 00:48:26,850

wouldn't put him into the ER and he you

1005

00:48:29,970 --> 00:48:28,630

know he was like begging them to

1006

00:48:33,780 --> 00:48:29,980

they said well you don't want to go in

1007

00:48:37,440 --> 00:48:33,790

there mix with the other patients and he

1008

00:48:39,180 --> 00:48:37,450

um he asked him if they actually had any

1009

00:48:43,890 --> 00:48:39,190

grown-up patients at the time and they

1010

00:48:46,440 --> 00:48:43,900

said no but you can't go in there and he

1011

00:48:48,540 --> 00:48:46,450

actually he had some kind of like acid

1012

00:48:50,700 --> 00:48:48,550

dose like diabetic acidosis thing that

1013

00:48:52,650 --> 00:48:50,710

was giving him making him unable to

1014

00:48:53,730 --> 00:48:52,660

breathe I guess he had to go back to

1015

00:48:56,070 --> 00:48:53,740

several er's

1016

00:48:58,260 --> 00:48:56,080

over the next few days to try to get

1017

00:48:59,640 --> 00:48:58,270

treatment he said that normally if he

1018

00:49:02,070 --> 00:48:59,650

would have been sick like that they

1019

00:49:04,650 --> 00:49:02,080

would have put him in to a room in the

1020

00:49:05,820 --> 00:49:04,660

ER and put him on an IV and they kept

1021

00:49:08,850 --> 00:49:05,830

him there for a few days until he

1022

00:49:10,470 --> 00:49:08,860

leveled off but that he he felt like

1023

00:49:12,510 --> 00:49:10,480

they were like came near kill him

1024

00:49:14,460 --> 00:49:12,520

because they'd wouldn't they basically

1025

00:49:16,050 --> 00:49:14,470

wouldn't treat him appropriately give

1026

00:49:23,610 --> 00:49:16,060

him appropriate treatment adequate

1027

00:49:26,700 --> 00:49:23,620

treatment and he you know that I know

1028

00:49:30,210 --> 00:49:26,710

that he's not the only one suffering in

1029

00:49:32,280 --> 00:49:30,220

a very real immediate way as a result of

1030

00:49:40,310 --> 00:49:32,290

these kind of changes going on so they'd

1031

00:49:47,370 --> 00:49:40,320

if it is is this is this an appropriate

1032

00:49:50,340 --> 00:49:47,380

correction are are the are the like okay

1033

00:49:52,800 --> 00:49:50,350

so there are many problems in this world

1034

00:49:55,080 --> 00:49:52,810

there's poverty there's malnutrition

1035

00:49:56,820 --> 00:49:55,090

there's abuse there's and that's you

1036

00:49:58,170 --> 00:49:56,830

know I'm not covering everything at all

1037

00:49:59,820 --> 00:49:58,180

I can't list all the problems that are

1038

00:50:03,780 --> 00:49:59,830

going but people are in crisis all the

1039

00:50:06,000 --> 00:50:03,790

time um I mean I look at this situation

1040

00:50:09,120 --> 00:50:06,010

I'm like why didn't we just stop the

1041

00:50:11,100 --> 00:50:09,130

world because of diabetes like diabetes

1042

00:50:14,490 --> 00:50:11,110

is huge why didn't everybody just stay

1043

00:50:16,830 --> 00:50:14,500

inside until because he wouldn't do

1044

00:50:19,230 --> 00:50:16,840

anything but by staying inside

1045

00:50:23,700 --> 00:50:19,240

you're saving two million lives over the

1046

00:50:26,640 --> 00:50:23,710

course of a year is that's the basic

1047

00:50:27,990 --> 00:50:26,650

science of why people are our social

1048

00:50:32,490 --> 00:50:28,000

isolation you know why everything is

1049

00:50:35,070 --> 00:50:32,500

being shut down I guess my point isn't

1050

00:50:39,270 --> 00:50:35,080

necessarily that diabetes is contagious

1051
00:50:42,240 --> 00:50:39,280
and that but what I'm Chatwood I what I

1052
00:50:44,010 --> 00:50:42,250
mean to say is that there

1053
00:50:48,930 --> 00:50:44,020
a lot of problems and there are a lot of

1054
00:50:53,870 --> 00:50:48,940
people suffering and if if the

1055
00:50:57,920 --> 00:50:53,880
government's cared like they are

1056
00:51:02,370 --> 00:50:57,930
suddenly caring about this there should

1057
00:51:04,650 --> 00:51:02,380
be a lot more Corrections so that people

1058
00:51:06,840 --> 00:51:04,660
don't suffer in the way that they do and

1059
00:51:12,060 --> 00:51:06,850
it's just I think it's just an

1060
00:51:15,930 --> 00:51:12,070
incredible imbalance to put huge huge

1061
00:51:19,410 --> 00:51:15,940
numbers of people into immediate poverty

1062
00:51:21,270 --> 00:51:19,420
crisis and unable to get the type of

1063
00:51:25,890 --> 00:51:21,280

medical care that they need like people

1064

00:51:28,170 --> 00:51:25,900

can't go in for their own emergent

1065

00:51:30,060 --> 00:51:28,180

medical emergencies like somebody was

1066

00:51:31,740 --> 00:51:30,070

joking to me the other day here's coffee

1067

00:51:35,250 --> 00:51:31,750

and he's like oh don't worry it's not

1068

00:51:38,160 --> 00:51:35,260

corona its just lung cancer like there

1069

00:51:42,780 --> 00:51:38,170

are there are other problems and that is

1070

00:51:46,500 --> 00:51:42,790

not to minimize a crisis of a pandemic

1071

00:51:50,100 --> 00:51:46,510

virus but that is to say that everything

1072

00:51:53,190 --> 00:51:50,110

else is being eclipsed and we are being

1073

00:51:58,560 --> 00:51:53,200

taught to passionately focus on this

1074

00:52:00,780 --> 00:51:58,570

singular problem and it's it's it's a

1075

00:52:02,760 --> 00:52:00,790

poor balance for the type of I mean I

1076
00:52:04,620 --> 00:52:02,770
see new homeless people on the street

1077
00:52:06,090 --> 00:52:04,630
people just had to leave their homes and

1078
00:52:08,130 --> 00:52:06,100
I know there's something about eviction

1079
00:52:09,720 --> 00:52:08,140
but there's a lot of under-the-table

1080
00:52:12,990 --> 00:52:09,730
things that go on and people can't

1081
00:52:16,860 --> 00:52:13,000
maintain people can't maintain with this

1082
00:52:22,530 --> 00:52:16,870
going on there's no like it people are

1083
00:52:26,730 --> 00:52:22,540
being put into a media crisis and I it's

1084
00:52:29,130 --> 00:52:26,740
it's no serious aim yes this is the cure

1085
00:52:32,490 --> 00:52:29,140
worse than the disease is an argument

1086
00:52:36,330 --> 00:52:32,500
but we do know the scale of the disease

1087
00:52:39,900 --> 00:52:36,340
and to some degree like it's hard to

1088
00:52:41,970 --> 00:52:39,910

know what the negative effects of the

1089

00:52:44,910 --> 00:52:41,980

the cure would be like say like we let

1090

00:52:46,800 --> 00:52:44,920

these 2 million people died including

1091

00:52:50,010 --> 00:52:46,810

like hundreds of thousands of young

1092

00:52:51,390 --> 00:52:50,020

people and you know lots of people in

1093

00:52:54,420 --> 00:52:51,400

the work force and we completely

1094

00:52:56,099 --> 00:52:54,430

destroyed the capabilities of all the

1095

00:52:58,559 --> 00:52:56,109

hospitals because the B

1096

00:53:01,439 --> 00:52:58,569

they'll have ten times as many people in

1097

00:53:03,539 --> 00:53:01,449

them as we have now based on the

1098

00:53:06,319 --> 00:53:03,549

lockdown so nobody would be able to get

1099

00:53:08,339 --> 00:53:06,329

any any medical attention and we do that

1100

00:53:10,169 --> 00:53:08,349

for a while but everybody's still

1101
00:53:14,609 --> 00:53:10,179
allowed to go to work and not allowed to

1102
00:53:15,919 --> 00:53:14,619
socialize yeah is does this seem does

1103
00:53:19,079 --> 00:53:15,929
this seem better

1104
00:53:21,839 --> 00:53:19,089
yeah what are the actual options here

1105
00:53:24,179 --> 00:53:21,849
because the the option of doing nothing

1106
00:53:27,179 --> 00:53:24,189
doesn't sound very good the option of

1107
00:53:28,739 --> 00:53:27,189
doing less you know we could be could be

1108
00:53:30,390 --> 00:53:28,749
doing more we could actually be really

1109
00:53:33,419 --> 00:53:30,400
forcing people to stay there I went for

1110
00:53:35,189 --> 00:53:33,429
a drive yesterday and I saw there was

1111
00:53:36,839 --> 00:53:35,199
people everywhere the some states

1112
00:53:38,609 --> 00:53:36,849
haven't even done lockdown yeah we could

1113
00:53:41,029 --> 00:53:38,619

be doing way more than we're doing right

1114

00:53:46,999 --> 00:53:43,769

we can't go we can't do much of anything

1115

00:53:52,890 --> 00:53:47,009

that closed all the parks yeah very very

1116

00:53:55,380 --> 00:53:52,900

dystopian here um well I think there may

1117

00:54:03,390 --> 00:53:55,390

be shutting down the more dense areas

1118

00:54:05,819 --> 00:54:03,400

before I don't know yes it's it's

1119

00:54:07,049 --> 00:54:05,829

terrible what's happening like you know

1120

00:54:08,640 --> 00:54:07,059

it's terrible that all these people are

1121

00:54:10,589 --> 00:54:08,650

dying and is terrible that everybody's

1122

00:54:12,239 --> 00:54:10,599

locked down and the economy is like

1123

00:54:13,769 --> 00:54:12,249

crashing like you know all these

1124

00:54:15,509 --> 00:54:13,779

companies going bankrupt and people are

1125

00:54:17,429 --> 00:54:15,519

gonna be losing their jobs and people

1126

00:54:20,669 --> 00:54:17,439

are not able to pay rent and maybe not

1127

00:54:22,499 --> 00:54:20,679

even buy food but you know we're stuck

1128

00:54:24,179 --> 00:54:22,509

between a rock and a hard place I think

1129

00:54:26,279 --> 00:54:24,189

and we had to make the decision

1130

00:54:30,299 --> 00:54:26,289

basically like you know save a million

1131

00:54:32,640 --> 00:54:30,309

lives now versus you know have major

1132

00:54:35,219 --> 00:54:32,650

economic problems as we can deal with

1133

00:54:36,929 --> 00:54:35,229

major economic problems down the line we

1134

00:54:40,499 --> 00:54:36,939

can't just bring these million people

1135

00:54:43,859 --> 00:54:40,509

back you know maybe you can you know

1136

00:54:47,609 --> 00:54:43,869

there's a difference in perspective yeah

1137

00:54:49,650 --> 00:54:47,619

I'm talking about fake country yeah yeah

1138

00:54:51,419 --> 00:54:49,660

but I think most most people if the rest

1139

00:54:56,519 --> 00:54:51,429

like you know would you rather keep your

1140

00:54:57,660 --> 00:54:56,529

job or a million people die you know

1141

00:54:59,939 --> 00:54:57,670

obviously that's a bit disproportionate

1142

00:55:01,559 --> 00:54:59,949

would you rather like or everybody kept

1143

00:55:03,569 --> 00:55:01,569

their jobs and a people million people

1144

00:55:05,069 --> 00:55:03,579

died because these are the types of

1145

00:55:07,620 --> 00:55:05,079

numbers we're talking about here we are

1146

00:55:09,120 --> 00:55:07,630

actually you know the the issue is you

1147

00:55:09,960 --> 00:55:09,130

know hundreds a hundred thousand people

1148

00:55:13,050 --> 00:55:09,970

versus

1149

00:55:16,260 --> 00:55:13,060

1 million or 2 million people so it's

1150

00:55:20,099 --> 00:55:16,270

pretty pretty significant numbers of

1151
00:55:22,020 --> 00:55:20,109
dates though we have to the numbers

1152
00:55:24,300 --> 00:55:22,030
there's this is just basically

1153
00:55:28,020 --> 00:55:24,310
extrapolations of what's happened in

1154
00:55:29,819 --> 00:55:28,030
other countries if nothing is done so

1155
00:55:32,880 --> 00:55:29,829
you measure the rate of increase of the

1156
00:55:35,520 --> 00:55:32,890
disease before the measures are put into

1157
00:55:37,079 --> 00:55:35,530
place and then you see what happens when

1158
00:55:39,569 --> 00:55:37,089
the measures are put into place it the

1159
00:55:42,420 --> 00:55:39,579
curve flattens off but if there's not

1160
00:55:45,150 --> 00:55:42,430
place it carries on are you comparing

1161
00:55:47,849 --> 00:55:45,160
their numbers with the like a controlled

1162
00:55:50,670 --> 00:55:47,859
you have a control like how many how

1163
00:55:53,550 --> 00:55:50,680

many deaths are normally occurring yeah

1164

00:55:57,270 --> 00:55:53,560

what did you do you do because you you

1165

00:55:59,280 --> 00:55:57,280

have the deaths from this disease that

1166

00:56:06,059 --> 00:55:59,290

directly attributable to this disease

1167

00:56:08,400 --> 00:56:06,069

and yeah you can race what is it what is

1168

00:56:13,290 --> 00:56:08,410

the what is the comparable for the

1169

00:56:15,740 --> 00:56:13,300

control numbers to now that's I'm just

1170

00:56:18,710 --> 00:56:15,750

I'm not seeing that in then I got

1171

00:56:22,680 --> 00:56:18,720

statistics in high school and I know

1172

00:56:24,780 --> 00:56:22,690

well I know how many people how many

1173

00:56:25,940 --> 00:56:24,790

people generally die on a cruise when

1174

00:56:28,680 --> 00:56:25,950

you go on a cruise

1175

00:56:32,069 --> 00:56:28,690

numbers how many people generally die

1176

00:56:35,220 --> 00:56:32,079

when you go on a cruise I don't know

1177

00:56:38,030 --> 00:56:35,230

probably very few yeah hardly any less

1178

00:56:41,520 --> 00:56:38,040

than less than less than one usually

1179

00:56:42,809 --> 00:56:41,530

simply coronavirus yeah somebody will

1180

00:56:45,059 --> 00:56:42,819

get a heart attack cause there's like

1181

00:56:46,950 --> 00:56:45,069

old people on the cruise but you know

1182

00:56:48,750 --> 00:56:46,960

the when the coronavirus gets on a

1183

00:56:50,430 --> 00:56:48,760

armored ship they're carrying people off

1184

00:56:53,300 --> 00:56:50,440

in body bags they go well I think it's

1185

00:56:55,859 --> 00:56:53,310

like 17 people died on that cruise ship

1186

00:56:57,930 --> 00:56:55,869

she's very very unusual in it and that

1187

00:57:01,050 --> 00:56:57,940

you can just take that simple percentage

1188

00:57:02,640 --> 00:57:01,060

of the percentage of people who died on

1189

00:57:03,900 --> 00:57:02,650

that cruise ship and the fact that you

1190

00:57:06,089 --> 00:57:03,910

know it spread rapidly through the

1191

00:57:10,319 --> 00:57:06,099

cruise ship even when they they lock

1192

00:57:11,579 --> 00:57:10,329

people down yeah because they didn't a

1193

00:57:14,609 --> 00:57:11,589

lot of people down initially it spread

1194

00:57:15,900 --> 00:57:14,619

throughout the entire ship and you could

1195

00:57:17,309 --> 00:57:15,910

you could use that as a simple

1196

00:57:18,990 --> 00:57:17,319

experiment you could just look at all

1197

00:57:20,220 --> 00:57:19,000

the different countries that we have now

1198

00:57:22,109 --> 00:57:20,230

we have experience of what actually

1199

00:57:23,430 --> 00:57:22,119

happened in each country and in the

1200

00:57:26,160 --> 00:57:23,440

countries where they

1201
00:57:30,570 --> 00:57:26,170
Institute lockdowns sooner than the ETS

1202
00:57:32,610 --> 00:57:30,580
cases if they didn't do it then you get

1203
00:57:34,020 --> 00:57:32,620
more cases you're gonna get countries

1204
00:57:36,630 --> 00:57:34,030
like Brazil where they're being very

1205
00:57:40,200 --> 00:57:36,640
slow doing things and it's gonna be it's

1206
00:57:42,540 --> 00:57:40,210
gonna be very bad there you Iraq around

1207
00:57:44,190 --> 00:57:42,550
is gonna have problems North Korea

1208
00:57:45,360 --> 00:57:44,200
probably does have problems because you

1209
00:57:49,620 --> 00:57:45,370
know that it's not telling us about it

1210
00:57:52,740 --> 00:57:49,630
yet so you know the yeah the entire

1211
00:57:54,420 --> 00:57:52,750
world's epidemiological community has

1212
00:57:56,250 --> 00:57:54,430
focused pretty much on this one thing

1213
00:57:58,170 --> 00:57:56,260

right now and they're pretty much

1214

00:57:59,640 --> 00:57:58,180

speaking with one voice all the

1215

00:58:01,470 --> 00:57:59,650

different people in all the different

1216

00:58:04,350 --> 00:58:01,480

countries there's differences of you

1217

00:58:07,290 --> 00:58:04,360

know various different think about that

1218

00:58:10,320 --> 00:58:07,300

in terms of I know we talked once and

1219

00:58:12,960 --> 00:58:10,330

you were certain that there's a lot of

1220

00:58:16,590 --> 00:58:12,970

independence within media that different

1221

00:58:19,350 --> 00:58:16,600

media sources is they're not all of one

1222

00:58:20,880 --> 00:58:19,360

like mind and I was saying it I think

1223

00:58:23,160 --> 00:58:20,890

that they are what do you think what do

1224

00:58:26,070 --> 00:58:23,170

you think now with them all having an

1225

00:58:28,260 --> 00:58:26,080

identical stance on the situation that

1226

00:58:30,690 --> 00:58:28,270

there's no is there differing opinion on

1227

00:58:33,860 --> 00:58:30,700

the appropriate response amongst

1228

00:58:38,070 --> 00:58:33,870

appropriate responses is clear and it's

1229

00:58:41,280 --> 00:58:38,080

it's being hammered home by the reality

1230

00:58:43,710 --> 00:58:41,290

of the disease that people are dying of

1231

00:58:45,120 --> 00:58:43,720

this disease and you might not see it

1232

00:58:46,740 --> 00:58:45,130

then your universe your nurse

1233

00:58:49,110 --> 00:58:46,750

practitioner might not be seeing it yeah

1234

00:58:51,780 --> 00:58:49,120

but it is actually really happening like

1235

00:58:54,510 --> 00:58:51,790

I know people who have had their

1236

00:58:56,580 --> 00:58:54,520

relatives die you know several people

1237

00:58:58,860 --> 00:58:56,590

that I actually know in my circle I've

1238

00:59:01,170 --> 00:58:58,870

had relative died of coronavirus and

1239

00:59:03,330 --> 00:59:01,180

yeah one a friend of mine I used to work

1240

00:59:04,920 --> 00:59:03,340

with his brother just died and his

1241

00:59:05,970 --> 00:59:04,930

brother was like fifty years old and he

1242

00:59:08,370 --> 00:59:05,980

didn't really have anything wrong with

1243

00:59:08,730 --> 00:59:08,380

him and now he's he died in a like two

1244

00:59:13,020 --> 00:59:08,740

weeks

1245

00:59:17,340 --> 00:59:13,030

hey it is actually happening yeah well

1246

00:59:19,380 --> 00:59:17,350

I've I haven't said to you that I don't

1247

00:59:22,140 --> 00:59:19,390

think it's happening so you don't have I

1248

00:59:24,330 --> 00:59:22,150

think that the severity that the the

1249

00:59:27,690 --> 00:59:24,340

speaking with one voice they're speaking

1250

00:59:31,200 --> 00:59:27,700

with one voice because what they are

1251
00:59:34,170 --> 00:59:31,210
saying is the reality this is a very

1252
00:59:35,850 --> 00:59:34,180
serious disease that is going to kill

1253
00:59:36,870 --> 00:59:35,860
lots of people if we don't do anything

1254
00:59:38,789 --> 00:59:36,880
about it

1255
00:59:42,120 --> 00:59:38,799
and what about what about the

1256
00:59:44,729 --> 00:59:42,130
conversation beyond that question you

1257
00:59:46,829 --> 00:59:44,739
know what if that what if that is not

1258
00:59:49,499 --> 00:59:46,839
something that they would naturally

1259
00:59:52,769 --> 00:59:49,509
disagree on but what about the

1260
00:59:57,229 --> 00:59:52,779
conversation about the effects on

1261
00:59:59,670 --> 00:59:57,239
various populations of people from the

1262
01:00:03,329 --> 00:59:59,680
you know that yet forcing everybody to

1263
01:00:04,890 --> 01:00:03,339

give up their employment and these kind

1264

01:00:09,269 --> 01:00:04,900

of things like you would think that

1265

01:00:11,849 --> 01:00:09,279

certain media sources would take up the

1266

01:00:14,940 --> 01:00:11,859

other I mean look at what Fox News like

1267

01:00:16,920 --> 01:00:14,950

Trump has said like few weeks ago he was

1268

01:00:18,719 --> 01:00:16,930

talking about how the The Cure cannot be

1269

01:00:21,539 --> 01:00:18,729

worse than disease and we really want to

1270

01:00:22,710 --> 01:00:21,549

get people back to work as soon as we

1271

01:00:25,529 --> 01:00:22,720

can

1272

01:00:27,779 --> 01:00:25,539

he was very much like of that mind two

1273

01:00:30,539 --> 01:00:27,789

weeks ago and now I think because of the

1274

01:00:32,420 --> 01:00:30,549

incredible rate of increase of deaths in

1275

01:00:34,259 --> 01:00:32,430

New York you know it's basically

1276

01:00:37,229 --> 01:00:34,269

realized that that was the wrong

1277

01:00:38,819 --> 01:00:37,239

approach the the media was talking all

1278

01:00:41,700 --> 01:00:38,829

about that Fox News you know they

1279

01:00:45,059 --> 01:00:41,710

basically repeat whatever Trump says and

1280

01:00:46,650 --> 01:00:45,069

vice versa they they were very much

1281

01:00:47,969 --> 01:00:46,660

saying you know this is overblown we

1282

01:00:49,289 --> 01:00:47,979

should pop your butt to work we don't

1283

01:00:50,849 --> 01:00:49,299

need to shut everything down it's a

1284

01:00:52,170 --> 01:00:50,859

mistake to shut down the schools and

1285

01:00:54,479 --> 01:00:52,180

Mister mistake - you're down churches

1286

01:01:00,900 --> 01:00:54,489

people we're talking about it the

1287

01:01:08,069 --> 01:01:00,910

reality is just hit home I think okay

1288

01:01:16,200 --> 01:01:08,079

I mean okay I get you you got what you

1289

01:01:17,969 --> 01:01:16,210

want the world is working the way the

1290

01:01:18,660 --> 01:01:17,979

way the coronavirus wants it to work in

1291

01:01:21,239 --> 01:01:18,670

that

1292

01:01:23,609 --> 01:01:21,249

yeah kkona versus his blind brutal force

1293

01:01:25,380 --> 01:01:23,619

that's been unleashed in the world from

1294

01:01:29,789 --> 01:01:25,390

you know somebody eating a bat or

1295

01:01:31,979 --> 01:01:29,799

whatever did you reach out to me because

1296

01:01:34,920 --> 01:01:31,989

you were hoping that I would take a an

1297

01:01:37,099 --> 01:01:34,930

opposite position - well I said to you

1298

01:01:39,390 --> 01:01:37,109

because you have this this very unusual

1299

01:01:41,190 --> 01:01:39,400

worldview and that you think that the

1300

01:01:45,690 --> 01:01:41,200

world is probably flat you think it's

1301
01:01:47,789 --> 01:01:45,700
not a spinning ball in space and then

1302
01:01:50,240 --> 01:01:47,799
something happens like this this this

1303
01:01:53,420 --> 01:01:50,250
very big event that can a chain

1304
01:01:56,300 --> 01:01:53,430
the world and I wondering what your

1305
01:02:00,710 --> 01:01:56,310
perspective on that was does it make you

1306
01:02:04,010 --> 01:02:00,720
and in a way like engage more with the

1307
01:02:11,030 --> 01:02:04,020
world in a more realistic way or does

1308
01:02:13,760 --> 01:02:11,040
the way you think well your I don't know

1309
01:02:17,930 --> 01:02:13,770
that I've ever not been engaging with

1310
01:02:19,310 --> 01:02:17,940
the world in a realistic way I mean if

1311
01:02:21,230 --> 01:02:19,320
you tell people you're a flutter that

1312
01:02:23,330 --> 01:02:21,240
people might disagree with that but is

1313
01:02:24,859 --> 01:02:23,340

that engaging with the world I guess

1314

01:02:28,120 --> 01:02:24,869

that's kind of semantics but the way you

1315

01:02:32,000 --> 01:02:28,130

think about the world you you you think

1316

01:02:34,670 --> 01:02:32,010

it's not a majority of people do not

1317

01:02:36,440 --> 01:02:34,680

share yes yes I do have numerous

1318

01:02:44,290 --> 01:02:36,450

opinions are the majority of people do

1319

01:02:44,300 --> 01:02:49,839

no I've never said that

1320

01:02:54,080 --> 01:02:52,609

I asked ask you like what what you think

1321

01:02:55,670 --> 01:02:54,090

is going on with all these scientists

1322

01:02:57,170 --> 01:02:55,680

like you ever say there's there's

1323

01:02:58,550 --> 01:02:57,180

millions and millions and millions of

1324

01:03:02,390 --> 01:02:58,560

scientists and they all think the world

1325

01:03:04,700 --> 01:03:02,400

is round or so are they all mistaken or

1326

01:03:08,270 --> 01:03:04,710

other you're lying like it's it's never

1327

01:03:11,089 --> 01:03:08,280

really clear they're not lying there's I

1328

01:03:13,370 --> 01:03:11,099

it's it's a given that nobody is going

1329

01:03:16,310 --> 01:03:13,380

back and figuring out how to verify

1330

01:03:20,030 --> 01:03:16,320

they're doing the reliance that they're

1331

01:03:22,160 --> 01:03:20,040

doing and focus on their you can't get a

1332

01:03:25,400 --> 01:03:22,170

degree in verifying the shape of the

1333

01:03:27,530 --> 01:03:25,410

world that's not an attractive field a

1334

01:03:29,690 --> 01:03:27,540

lot of the science that they do verifies

1335

01:03:32,079 --> 01:03:29,700

it automatically it's just because they

1336

01:03:34,190 --> 01:03:32,089

used the flight the globe earth model

1337

01:03:35,450 --> 01:03:34,200

because when they do when do we do

1338

01:03:37,550 --> 01:03:35,460

something like I don't know surveying

1339

01:03:39,859 --> 01:03:37,560

mountains or what not they have to use a

1340

01:03:41,510 --> 01:03:39,869

model of the shape of the earth so all

1341

01:03:42,589 --> 01:03:41,520

these scientists have to use the global

1342

01:03:47,300 --> 01:03:42,599

model because it's the only one that

1343

01:03:49,790 --> 01:03:47,310

actually works verifying it you can go

1344

01:03:52,700 --> 01:03:49,800

and talk to very scientists and when you

1345

01:03:54,620 --> 01:03:52,710

actually get down to it I have not heard

1346

01:03:57,020 --> 01:03:54,630

anybody say that their science is

1347

01:03:59,359 --> 01:03:57,030

dependent on the globe model people

1348

01:04:01,579 --> 01:03:59,369

people say I mean I'm not talking about

1349

01:04:03,859 --> 01:04:01,589

like people are sitting space I'm

1350

01:04:07,220 --> 01:04:03,869

talking about

1351

01:04:09,589 --> 01:04:07,230

even people who study like land

1352

01:04:11,569 --> 01:04:09,599

surveyors whatever they work with a flat

1353

01:04:13,789 --> 01:04:11,579

earth model but they just assumed they

1354

01:04:15,470 --> 01:04:13,799

that that's just shorthand and they

1355

01:04:18,470 --> 01:04:15,480

don't need to work with the globe model

1356

01:04:20,539 --> 01:04:18,480

because X that def you actually looked

1357

01:04:23,870 --> 01:04:20,549

any any books in surveying cuz I looked

1358

01:04:25,880 --> 01:04:23,880

at though a video of somebody calling up

1359

01:04:28,160 --> 01:04:25,890

all sorts of land surveyors and asking

1360

01:04:30,680 --> 01:04:28,170

them if they use the gold model and they

1361

01:04:31,759 --> 01:04:30,690

all say that they don't need to they

1362

01:04:35,720 --> 01:04:31,769

don't need to because there any

1363

01:04:37,609 --> 01:04:35,730

disobeying like plots of land if then

1364

01:04:43,220 --> 01:04:37,619

what about map makers people who make

1365

01:04:49,220 --> 01:04:43,230

maps as a map maker that would where are

1366

01:04:51,319 --> 01:04:49,230

the men they work in Senegal do GIS

1367

01:04:52,819 --> 01:04:51,329

because it's all done digitally now I

1368

01:04:55,239 --> 01:04:52,829

mean it used to be done obviously with

1369

01:04:57,829 --> 01:04:55,249

the paper but it's also magically so

1370

01:05:01,970 --> 01:04:57,839

I'll see you something then you just

1371

01:05:06,650 --> 01:05:01,980

okay the computer told me like if you're

1372

01:05:10,279 --> 01:05:06,660

not going out and checking it physically

1373

01:05:13,279 --> 01:05:10,289

right stuff then you're you're not

1374

01:05:14,569 --> 01:05:13,289

engaging in that area of science that

1375

01:05:16,640 --> 01:05:14,579

doesn't mean you're not doing real

1376

01:05:18,710 --> 01:05:16,650

science I'm not saying that anybody out

1377

01:05:20,870 --> 01:05:18,720

there who's doing science isn't doing

1378

01:05:22,729 --> 01:05:20,880

science they're doing their science I

1379

01:05:26,420 --> 01:05:22,739

have friends who are in the field of

1380

01:05:28,579 --> 01:05:26,430

science like that's there they are doing

1381

01:05:30,670 --> 01:05:28,589

what they're doing but and they're not

1382

01:05:35,299 --> 01:05:30,680

lying I'm not calling them liars at all

1383

01:05:39,589 --> 01:05:35,309

they it's it's that they're not testing

1384

01:05:41,630 --> 01:05:39,599

though that would be silly for them they

1385

01:05:45,019 --> 01:05:41,640

would think that there's a need for that

1386

01:05:49,460 --> 01:05:45,029

and so they're off studying very

1387

01:05:50,289 --> 01:05:49,470

specific things that are separate

1388

01:05:53,120 --> 01:05:50,299

questions

1389

01:05:56,210 --> 01:05:53,130

so someone say worked in the GPS

1390

01:05:59,509 --> 01:05:56,220

industry you think you can actually work

1391

01:06:02,089 --> 01:05:59,519

in the GPS industry as I don't know

1392

01:06:05,089 --> 01:06:02,099

someone who calibrates GPS systems or

1393

01:06:06,799 --> 01:06:05,099

does the algorithms for working out how

1394

01:06:08,180 --> 01:06:06,809

to drive from one place whether or fly

1395

01:06:11,930 --> 01:06:08,190

from one place that you think they could

1396

01:06:13,849 --> 01:06:11,940

actually do that without without

1397

01:06:15,920 --> 01:06:13,859

figuring out what the actual shape of

1398

01:06:17,770 --> 01:06:15,930

the earth is without things going wrong

1399

01:06:22,700 --> 01:06:17,780

because although all the math they do

1400

01:06:25,900 --> 01:06:22,710

yeah the math isn't very complicated and

1401
01:06:30,530 --> 01:06:25,910
somebody who works on GPS and has

1402
01:06:32,690 --> 01:06:30,540
physically business at shape world and

1403
01:06:36,589 --> 01:06:32,700
doesn't just get it from that computer

1404
01:06:38,390 --> 01:06:36,599
screen if you can find interesting

1405
01:06:40,579 --> 01:06:38,400
interesting way of putting it

1406
01:06:41,870 --> 01:06:40,589
all right oh we've been we've been

1407
01:06:43,460 --> 01:06:41,880
soaking for an hour and a half and I

1408
01:06:47,270 --> 01:06:43,470
have to go because my wife is cooking

1409
01:06:49,670 --> 01:06:47,280
dinner and it's been very interesting

1410
01:06:52,309 --> 01:06:49,680
and I yeah I kind of look forward to

1411
01:06:53,990 --> 01:06:52,319
hearing from you again in a few months

1412
01:06:58,130 --> 01:06:54,000
like you know say six to twelve months

1413
01:07:03,740 --> 01:06:58,140

when the corona stuff is kind of the

1414

01:07:08,660 --> 01:07:03,750

freedom to speak out let me ask you do

1415

01:07:09,859 --> 01:07:08,670

you do you hope that they give back some

1416

01:07:13,250 --> 01:07:09,869

of the power they're taking oh

1417

01:07:17,569 --> 01:07:13,260

definitely yeah yeah and I hope that it

1418

01:07:20,359 --> 01:07:17,579

doesn't yeah there are too many

1419

01:07:23,470 --> 01:07:20,369

repercussions down the line in terms of

1420

01:07:27,349 --> 01:07:23,480

the authoritarian nature of the states

1421

01:07:30,230 --> 01:07:27,359

but you know I've I was worried about

1422

01:07:32,569 --> 01:07:30,240

that before you would say that it does

1423

01:07:35,390 --> 01:07:32,579

feel like an encroaching authoritarian

1424

01:07:38,270 --> 01:07:35,400

state then well it I think is I think

1425

01:07:40,130 --> 01:07:38,280

the the encroachment is necessary

1426

01:07:42,589 --> 01:07:40,140

like I've described before I think it's

1427

01:07:44,000 --> 01:07:42,599

a real really bad disease and this in it

1428

01:07:46,370 --> 01:07:44,010

is actually necessary to take these

1429

01:07:48,470 --> 01:07:46,380

steps but I think there is a danger that

1430

01:07:51,559 --> 01:07:48,480

people might take advantage of that and

1431

01:07:53,450 --> 01:07:51,569

not give back powers that are granted to

1432

01:07:56,599 --> 01:07:53,460

them in the future and this will vary by

1433

01:07:59,210 --> 01:07:56,609

country as well some some countries are

1434

01:08:00,710 --> 01:07:59,220

more authoritarian than others hopefully

1435

01:08:03,579 --> 01:08:00,720

the checks and balances in the United

1436

01:08:06,170 --> 01:08:03,589

States can prevent that to some degree

1437

01:08:08,240 --> 01:08:06,180

but I guess we'll see let's let's talk

1438

01:08:08,660 --> 01:08:08,250

again in in a year and see where we're

1439

01:08:16,459 --> 01:08:08,670

at

1440

01:08:20,740 --> 01:08:16,469

power through this crisis okay thank you

1441

01:08:22,510 --> 01:08:20,750

and very what yeah you say stay safe and
