

NEW NAVY UFO VIDEOS

EXPLAINED

1
00:00:05,619 --> 00:00:02,480
today the Navy officially released three

2
00:00:09,770 --> 00:00:05,629
videos of UFOs they are called Flor

3
00:00:11,180 --> 00:00:09,780
gimbal and go fast the internet

4
00:00:13,610 --> 00:00:11,190
immediately took this as meaning that

5
00:00:15,680 --> 00:00:13,620
aliens are real but the videos are not

6
00:00:18,680 --> 00:00:15,690
actually knew they were internally

7
00:00:21,019 --> 00:00:18,690
declassified back in 2017 and

8
00:00:23,150 --> 00:00:21,029
immediately released by Tom DeLong's to

9
00:00:26,300 --> 00:00:23,160
the Stars Academy I started writing

10
00:00:27,740 --> 00:00:26,310
about them in December 2017 and with the

11
00:00:31,359 --> 00:00:27,750
help of others I quickly arrived at

12
00:00:34,340 --> 00:00:31,369
likely explanations for all three videos

13
00:00:37,430 --> 00:00:34,350

the Fleur video is most likely a distant

14

00:00:38,750 --> 00:00:37,440

plane the video was taken well after the

15

00:00:41,030 --> 00:00:38,760

famous encounter with a hypersonic

16

00:00:43,430 --> 00:00:41,040

zigzagging tic-tac by pilots from the

17

00:00:45,049 --> 00:00:43,440

Nimitz this object doesn't actually move

18

00:00:46,970 --> 00:00:45,059

on-screen except when the camera moves

19

00:00:49,490 --> 00:00:46,980

and it resembles an out-of-focus

20

00:00:51,439 --> 00:00:49,500

low-resolution backlit plane I don't

21

00:00:52,549 --> 00:00:51,449

know what the pilots saw but this video

22

00:00:56,209 --> 00:00:52,559

does not show anything really

23

00:00:59,229 --> 00:00:56,219

interesting the gimbal video is also

24

00:01:01,700 --> 00:00:59,239

probably of a plane it's not rotating

25

00:01:05,360 --> 00:01:01,710

what you see is the infrared clarity

26

00:01:09,380 --> 00:01:07,490

it looks like it's rotating because of

27

00:01:11,990 --> 00:01:09,390

an artifact at the gimbal mounted camera

28

00:01:16,280 --> 00:01:12,000

system this is all a bit confusing so I

29

00:01:18,200 --> 00:01:16,290

made several videos explaining it Oh in

30

00:01:20,090 --> 00:01:18,210

the aura around the plane that's just

31

00:01:22,490 --> 00:01:20,100

image sharpening it happens all the time

32

00:01:24,710 --> 00:01:22,500

in thermal camera footage it's not an

33

00:01:28,970 --> 00:01:24,720

alien warp drive it's just the unsharp

34

00:01:32,030 --> 00:01:28,980

mask filter the go-fast video probably

35

00:01:33,860 --> 00:01:32,040

shows a balloon is not moving fast it's

36

00:01:35,480 --> 00:01:33,870

not skimming the water and you can

37

00:01:37,310 --> 00:01:35,490

verify this yourself because all the

38

00:01:39,290 --> 00:01:37,320

information you need is in the numbers

39

00:01:41,630 --> 00:01:39,300

on the screen you just need a little

40

00:01:43,100 --> 00:01:41,640

high school trigonometry the apparent

41

00:01:47,690 --> 00:01:43,110

speed is just an effect caused by

42

00:01:49,700 --> 00:01:47,700

parallax over the last few years I made

43

00:01:52,010 --> 00:01:49,710

a variety of videos explaining all this

44

00:01:54,020 --> 00:01:52,020

you'll find the playlist linked in the

45

00:01:56,810 --> 00:01:54,030

description if you got questions

46

00:01:58,580 --> 00:01:56,820

especially about the gimbal video then

47

00:02:00,110 --> 00:01:58,590

it probably covered it there or it will

48

00:02:02,450 --> 00:02:00,120

be covered in the various discussions on

49

00:02:06,860 --> 00:02:02,460

Medibank if it's not covered then let me

50

00:02:08,389 --> 00:02:06,870

know and I'll try to find an answer all

51
00:02:11,030 --> 00:02:08,399
I'm explaining here are these three

52
00:02:13,790 --> 00:02:11,040
videos not other videos and I'm not

53
00:02:15,680 --> 00:02:13,800
explaining any eyewitness accounts these

54
00:02:17,479 --> 00:02:15,690
three videos are not as interesting as

55
00:02:20,479 --> 00:02:17,489
they seem and they all have quite

56
00:02:22,370 --> 00:02:20,489
plausible explanations the Navy probably

57
00:02:24,380 --> 00:02:22,380
arrived as similar conclusions of these

58
00:02:26,840 --> 00:02:24,390
are simply things like aircraft drones

59
00:02:29,060 --> 00:02:26,850
or balloons but because of the default

60
00:02:31,220 --> 00:02:29,070
operational security regulations no one

61
00:02:33,380 --> 00:02:31,230
can talk about it and that's open the

62
00:02:36,050 --> 00:02:33,390
door to all this speculation hopefully

63
00:02:37,940 --> 00:02:36,060

I've played it up a little visiting

64

00:02:40,850 --> 00:02:37,950

aliens are always a possible explanation

65

00:02:42,650 --> 00:02:40,860

for any UFO video but these videos don't

66

00:02:45,440 --> 00:02:42,660

show evidence of any kind of advanced

67

00:02:47,270 --> 00:02:45,450

technology so unfortunately the real
