

1  
00:00:08,070 --> 00:00:04,870  
welcome to tales from the rabbit hole

2  
00:00:11,190 --> 00:00:08,080  
i'm your host mick west my guest today

3  
00:00:13,509 --> 00:00:11,200  
is uh lieutenant tim macmillan retired

4  
00:00:15,430 --> 00:00:13,519  
or just tim mcmillan

5  
00:00:17,830 --> 00:00:15,440  
tim is a former police officer

6  
00:00:20,230 --> 00:00:17,840  
investigator and writer but uh tim why

7  
00:00:22,630 --> 00:00:20,240  
don't you uh start out and kind of give

8  
00:00:25,429 --> 00:00:22,640  
us a quick background of who you are and

9  
00:00:27,349 --> 00:00:25,439  
uh where you are now

10  
00:00:28,790 --> 00:00:27,359  
sure yeah i'll try to be as brief as

11  
00:00:31,189 --> 00:00:28,800  
possible but just give you a little

12  
00:00:32,870 --> 00:00:31,199  
background on my uh you know where my

13  
00:00:34,630 --> 00:00:32,880

come from when i approach this topic and

14

00:00:36,709 --> 00:00:34,640

that is true i uh

15

00:00:39,510 --> 00:00:36,719

who was in law enforcement for an agency

16

00:00:41,110 --> 00:00:39,520

just outside savannah georgia for almost

17

00:00:42,869 --> 00:00:41,120

17 years

18

00:00:44,389 --> 00:00:42,879

very fortunate that the agency i worked

19

00:00:45,910 --> 00:00:44,399

for actually work for

20

00:00:48,150 --> 00:00:45,920

the chief of police i work for is now

21

00:00:49,510 --> 00:00:48,160

the u.s attorney for

22

00:00:51,270 --> 00:00:49,520

u.s marshall for the southern district

23

00:00:51,990 --> 00:00:51,280

so he afforded me a lot of opportunities

24

00:00:54,069 --> 00:00:52,000

so

25

00:00:55,670 --> 00:00:54,079

i wore a lot of titles and and filled a

26

00:00:57,670 --> 00:00:55,680

lot of roles which included violet

27

00:00:59,990 --> 00:00:57,680

crimes investigator i was an

28

00:01:01,349 --> 00:01:00,000

interrogator at one point i was uh i

29

00:01:04,950 --> 00:01:01,359

worked uh

30

00:01:07,429 --> 00:01:04,960

canine division i was a shift commander

31

00:01:10,149 --> 00:01:07,439

i worked something that's kind of was

32

00:01:11,910 --> 00:01:10,159

newfangled at the time which is uh

33

00:01:14,390 --> 00:01:11,920

intelligence policing where you're

34

00:01:17,190 --> 00:01:14,400

you're identifying asymmetrical

35

00:01:19,590 --> 00:01:17,200

connections between individuals uh so an

36

00:01:22,469 --> 00:01:19,600

intelligence criminal intelligence angle

37

00:01:24,550 --> 00:01:22,479

i am an instructor uh my my kind of

38

00:01:28,070 --> 00:01:24,560

expertise in the classes that i designed

39

00:01:29,830 --> 00:01:28,080

and taught for the state of georgia and

40

00:01:32,230 --> 00:01:29,840

at the federal level

41

00:01:34,390 --> 00:01:32,240

relate to where my academic background

42

00:01:36,950 --> 00:01:34,400

is which i hold undergraduate degrees in

43

00:01:39,109 --> 00:01:36,960

mathematics and psychology in particular

44

00:01:40,710 --> 00:01:39,119

cognitive psychology

45

00:01:43,190 --> 00:01:40,720

perception based stuff and so i

46

00:01:45,429 --> 00:01:43,200

developed classes for

47

00:01:47,590 --> 00:01:45,439

applied applied cognitive psychology for

48

00:01:49,830 --> 00:01:47,600

law enforcement implicit bias type

49

00:01:51,270 --> 00:01:49,840

things interviews interrogations you

50

00:01:53,270 --> 00:01:51,280

name it

51  
00:01:54,630 --> 00:01:53,280  
i could keep going and bore everybody

52  
00:01:55,749 --> 00:01:54,640  
there they don't want to hear all about

53  
00:01:57,429 --> 00:01:55,759  
me but

54  
00:01:59,429 --> 00:01:57,439  
but the bulk of my experience does

55  
00:02:02,789 --> 00:01:59,439  
relate to law enforcement investigative

56  
00:02:04,789 --> 00:02:02,799  
capacity and so now uh you are a

57  
00:02:07,030 --> 00:02:04,799  
investigative journalist

58  
00:02:08,869 --> 00:02:07,040  
and you've been writing a lot about an

59  
00:02:12,070 --> 00:02:08,879  
area of mutual interest and which is why

60  
00:02:15,430 --> 00:02:12,080  
we're here today which is uh ufos

61  
00:02:18,229 --> 00:02:15,440  
and in particular the ufo

62  
00:02:20,070 --> 00:02:18,239  
videos and the ufo kind of

63  
00:02:22,949 --> 00:02:20,080

events that have been talked about a lot

64

00:02:24,229 --> 00:02:22,959

for the past uh yeah three years and

65

00:02:27,110 --> 00:02:24,239

before that

66

00:02:29,510 --> 00:02:27,120

uh which uh kind of culminated in these

67

00:02:31,830 --> 00:02:29,520

three video releases recently uh from

68

00:02:33,190 --> 00:02:31,840

the us navy there's the three videos

69

00:02:36,470 --> 00:02:33,200

these grainy little black and white

70

00:02:38,550 --> 00:02:36,480

videos the fleur video the gimbal video

71

00:02:40,470 --> 00:02:38,560

and the go fast video been seen all over

72

00:02:42,470 --> 00:02:40,480

tv and we've done lots of talking about

73

00:02:45,270 --> 00:02:42,480

what they might be and everything

74

00:02:47,830 --> 00:02:45,280

uh what what kind of got you

75

00:02:50,070 --> 00:02:47,840

started in writing about uh this type of

76

00:02:51,030 --> 00:02:50,080

thing and these these events in

77

00:02:52,790 --> 00:02:51,040

particular

78

00:02:55,190 --> 00:02:52,800

sure i i

79

00:02:56,630 --> 00:02:55,200

often well it's not well known but i

80

00:03:00,149 --> 00:02:56,640

tell people and i have a problem saying

81

00:03:02,949 --> 00:03:00,159

that that uh my interest in the subject

82

00:03:05,589 --> 00:03:02,959

really emerged about nine years ago when

83

00:03:07,430 --> 00:03:05,599

myself and some other police officers

84

00:03:10,229 --> 00:03:07,440

actually saw something weird in the sky

85

00:03:11,589 --> 00:03:10,239

now i caveat that by saying

86

00:03:13,350 --> 00:03:11,599

my experience was nowhere near as

87

00:03:15,350 --> 00:03:13,360

dramatic as you hear some people

88

00:03:17,030 --> 00:03:15,360

describe i am

89

00:03:19,910 --> 00:03:17,040

perfectly content saying i don't have a

90

00:03:22,710 --> 00:03:19,920

pro you know a pragmatic explanation but

91

00:03:25,030 --> 00:03:22,720

uh the area we're in is a lot of

92

00:03:27,670 --> 00:03:25,040

military activity in fact ironically the

93

00:03:29,830 --> 00:03:27,680

2015 events were about 50 miles off the

94

00:03:31,110 --> 00:03:29,840

coast of where i lived and so a lot of

95

00:03:33,190 --> 00:03:31,120

military activity could have been

96

00:03:35,670 --> 00:03:33,200

something of that nature but uh

97

00:03:37,430 --> 00:03:35,680

initially i got interested and it really

98

00:03:41,030 --> 00:03:37,440

stemmed from my background in cognitive

99

00:03:42,789 --> 00:03:41,040

psychology perception i was wondering if

100

00:03:44,390 --> 00:03:42,799

what i saw i knew it wasn't

101  
00:03:47,190 --> 00:03:44,400  
hallucination because we had witnesses

102  
00:03:48,869 --> 00:03:47,200  
and other independent witnesses but uh

103  
00:03:51,270 --> 00:03:48,879  
is what people are seeing with these

104  
00:03:53,589 --> 00:03:51,280  
events really what they're seeing and

105  
00:03:55,429 --> 00:03:53,599  
it's kind of based on uh linguistic

106  
00:03:56,550 --> 00:03:55,439  
principles that uh if you lack the

107  
00:03:58,309 --> 00:03:56,560  
language for something it's hard to

108  
00:04:00,390 --> 00:03:58,319  
perceive we won't have to go down that

109  
00:04:02,869 --> 00:04:00,400  
rabbit hole not the plugins

110  
00:04:05,350 --> 00:04:02,879  
that sounds fascinating actually

111  
00:04:07,509 --> 00:04:05,360  
um well we can if you want but that was

112  
00:04:09,910 --> 00:04:07,519  
my real involvement until

113  
00:04:11,830 --> 00:04:09,920

uh i took early retirement bought my

114

00:04:14,070 --> 00:04:11,840

last four years out

115

00:04:15,910 --> 00:04:14,080

simply because i worked night shift for

116

00:04:17,270 --> 00:04:15,920

about five years and have small kids and

117

00:04:19,590 --> 00:04:17,280

i didn't get to see them so i took

118

00:04:21,590 --> 00:04:19,600

retirement and for a year i worked as an

119

00:04:24,070 --> 00:04:21,600

intelligence and investigative analyst

120

00:04:26,390 --> 00:04:24,080

for a private firm until

121

00:04:27,909 --> 00:04:26,400

about eight or nine months ago

122

00:04:29,510 --> 00:04:27,919

my wife works for department of defense

123

00:04:31,189 --> 00:04:29,520

and we had an opportunity to come move

124

00:04:33,270 --> 00:04:31,199

and live in germany so i'm coming live

125

00:04:34,150 --> 00:04:33,280

to you from germany right now

126  
00:04:35,909 --> 00:04:34,160  
um

127  
00:04:37,909 --> 00:04:35,919  
and so in being interested in this and i

128  
00:04:39,909 --> 00:04:37,919  
think probably like yourself

129  
00:04:41,189 --> 00:04:39,919  
when these events

130  
00:04:44,150 --> 00:04:41,199  
really became popular seeing them on the

131  
00:04:46,710 --> 00:04:44,160  
the new york times in the news

132  
00:04:48,310 --> 00:04:46,720  
for me in my background which which was

133  
00:04:49,990 --> 00:04:48,320  
investigations and criminal

134  
00:04:53,350 --> 00:04:50,000  
investigations

135  
00:04:55,030 --> 00:04:53,360  
i saw this void in what i consider and

136  
00:04:56,469 --> 00:04:55,040  
this is not to down any other journalist

137  
00:04:58,150 --> 00:04:56,479  
or anybody because

138  
00:04:59,909 --> 00:04:58,160

i tell everybody i'm not a journalist

139

00:05:01,590 --> 00:04:59,919

i'm an investigator who sometimes writes

140

00:05:03,510 --> 00:05:01,600

and is very fortunate to write for

141

00:05:05,430 --> 00:05:03,520

publications like the war zone vice

142

00:05:08,550 --> 00:05:05,440

popular mechanics but i felt like there

143

00:05:10,870 --> 00:05:08,560

wasn't any real investigation going into

144

00:05:13,029 --> 00:05:10,880

it and i think

145

00:05:13,909 --> 00:05:13,039

i i think we probably share in this idea

146

00:05:15,909 --> 00:05:13,919

that

147

00:05:17,510 --> 00:05:15,919

the implication if these are something

148

00:05:21,990 --> 00:05:17,520

very complex

149

00:05:24,390 --> 00:05:22,000

not easily explained

150

00:05:25,430 --> 00:05:24,400

that's significant and so i was kind of

151

00:05:26,310 --> 00:05:25,440

like

152

00:05:28,950 --> 00:05:26,320

well

153

00:05:31,189 --> 00:05:28,960

why is no one putting forth the effort

154

00:05:32,310 --> 00:05:31,199

here it's it's just a quick news blurb

155

00:05:34,310 --> 00:05:32,320

or

156

00:05:36,310 --> 00:05:34,320

an entertainment tv show so what led me

157

00:05:38,150 --> 00:05:36,320

down throughout as i i have always been

158

00:05:39,670 --> 00:05:38,160

was people that's again probably like

159

00:05:40,710 --> 00:05:39,680

yourself when you do the experiments and

160

00:05:42,070 --> 00:05:40,720

everything it's kind of like i'm not

161

00:05:43,510 --> 00:05:42,080

going to wait on anybody else i'm going

162

00:05:44,870 --> 00:05:43,520

to do it myself

163

00:05:47,590 --> 00:05:44,880

and so

164

00:05:49,909 --> 00:05:47,600

that's what's led me to this point and

165

00:05:51,510 --> 00:05:49,919

the last year i would say now

166

00:05:53,189 --> 00:05:51,520

i'm probably most publicly known for

167

00:05:54,629 --> 00:05:53,199

some of the articles that i've been

168

00:05:58,629 --> 00:05:54,639

fortunate enough to put out there and

169

00:06:00,790 --> 00:05:58,639

some mainstream publications um

170

00:06:03,110 --> 00:06:00,800

really i will say approaching it from a

171

00:06:04,150 --> 00:06:03,120

national security and defense standpoint

172

00:06:07,189 --> 00:06:04,160

um

173

00:06:09,029 --> 00:06:07,199

i i've only written one article about

174

00:06:11,590 --> 00:06:09,039

ufos and that was about stanton

175

00:06:13,110 --> 00:06:11,600

friedman's archives for vice news i

176

00:06:14,870 --> 00:06:13,120

thought it was a cool story i thought he

177

00:06:15,590 --> 00:06:14,880

was a great man who passed away and i

178

00:06:17,029 --> 00:06:15,600

thought

179

00:06:19,350 --> 00:06:17,039

people should know that his archives are

180

00:06:20,950 --> 00:06:19,360

available all my other stories if people

181

00:06:23,909 --> 00:06:20,960

really paid attention

182

00:06:27,029 --> 00:06:23,919

their defense national security stories

183

00:06:27,990 --> 00:06:27,039

that happen involve ufos and so

184

00:06:30,550 --> 00:06:28,000

that's

185

00:06:33,029 --> 00:06:30,560

kind of how i got into this topic and

186

00:06:35,270 --> 00:06:33,039

kind of where i'm at right now

187

00:06:37,510 --> 00:06:35,280

with it yeah that's fascinating because

188

00:06:39,270 --> 00:06:37,520

we seem to be coming you know kind of at

189

00:06:41,990 --> 00:06:39,280

the same subject from different angles

190

00:06:43,990 --> 00:06:42,000

in a way like i i personally do a lot of

191

00:06:46,230 --> 00:06:44,000

analyzing the videos

192

00:06:47,990 --> 00:06:46,240

and to a certain extent analyzing the

193

00:06:49,430 --> 00:06:48,000

the eyewitness accounts in terms of like

194

00:06:50,629 --> 00:06:49,440

how fast things are moving and things

195

00:06:51,749 --> 00:06:50,639

like that

196

00:06:56,629 --> 00:06:51,759

uh

197

00:06:59,670 --> 00:06:56,639

people involved

198

00:07:02,390 --> 00:06:59,680

and on the the institutions like the

199

00:07:04,390 --> 00:07:02,400

military and the

200

00:07:05,589 --> 00:07:04,400

the big machine that's behind everything

201  
00:07:07,909 --> 00:07:05,599  
and how do you how do you get

202  
00:07:09,350 --> 00:07:07,919  
information out of that big machine

203  
00:07:11,510 --> 00:07:09,360  
uh so

204  
00:07:13,350 --> 00:07:11,520  
how do you how do you go about like you

205  
00:07:15,430 --> 00:07:13,360  
know you wanted to investigate say like

206  
00:07:16,710 --> 00:07:15,440  
the the fleur incident that the nimitz

207  
00:07:19,510 --> 00:07:16,720  
incident

208  
00:07:21,430 --> 00:07:19,520  
where did you start with that

209  
00:07:23,670 --> 00:07:21,440  
sure and you hit the nail on the head

210  
00:07:25,749 --> 00:07:23,680  
and uh in terms we do have differing

211  
00:07:27,990 --> 00:07:25,759  
approaches but i say again kind of a

212  
00:07:29,670 --> 00:07:28,000  
similar goal and um

213  
00:07:32,309 --> 00:07:29,680

i will be remiss if i don't point this

214

00:07:33,909 --> 00:07:32,319

out right up front that um

215

00:07:35,749 --> 00:07:33,919

i know you get a lot of flack online and

216

00:07:37,830 --> 00:07:35,759

sometimes i rip you and everything but i

217

00:07:39,990 --> 00:07:37,840

i do have a lot of respect to commend

218

00:07:41,670 --> 00:07:40,000

you because i have noticed i mean you're

219

00:07:43,589 --> 00:07:41,680

willing to respectfully engage with

220

00:07:44,629 --> 00:07:43,599

people even when they're

221

00:07:46,790 --> 00:07:44,639

very

222

00:07:48,550 --> 00:07:46,800

angry and you know insults and

223

00:07:50,230 --> 00:07:48,560

everything and so it's great to have an

224

00:07:51,830 --> 00:07:50,240

opportunity and i appreciate you letting

225

00:07:53,270 --> 00:07:51,840

me come on here because

226

00:07:55,830 --> 00:07:53,280

from different backgrounds different

227

00:07:59,510 --> 00:07:55,840

approaches um that's actually all i'm

228

00:08:01,350 --> 00:07:59,520

advocating with any of this and so um

229

00:08:02,469 --> 00:08:01,360

in terms of how you go about it is i go

230

00:08:04,150 --> 00:08:02,479

about what i know

231

00:08:06,309 --> 00:08:04,160

and that is you're right

232

00:08:10,230 --> 00:08:06,319

my specialty is with the human side of

233

00:08:12,150 --> 00:08:10,240

investigations meaning interviews uh

234

00:08:14,150 --> 00:08:12,160

which include interrogations and that

235

00:08:16,309 --> 00:08:14,160

sounds scary in the sense because you

236

00:08:18,550 --> 00:08:16,319

think of the tv phone books it's just a

237

00:08:20,950 --> 00:08:18,560

different manner in how you approach and

238

00:08:22,629 --> 00:08:20,960

talk to people to try to determine

239

00:08:26,070 --> 00:08:22,639

uh if information they're sharing is

240

00:08:27,510 --> 00:08:26,080

both accurate and or try to work uh

241

00:08:29,749 --> 00:08:27,520

within something that i know that you've

242

00:08:31,990 --> 00:08:29,759

talked about and cover well which is

243

00:08:34,630 --> 00:08:32,000

memory fallibility and

244

00:08:37,430 --> 00:08:34,640

how memories distorted how can you

245

00:08:39,110 --> 00:08:37,440

reach this to a point where

246

00:08:41,350 --> 00:08:39,120

these would be eyewitnesses i'd feel

247

00:08:43,750 --> 00:08:41,360

comfortable bringing to a court of law

248

00:08:46,150 --> 00:08:43,760

and and having them testify and so it

249

00:08:49,030 --> 00:08:46,160

starts with a human angle uh is how i

250

00:08:50,790 --> 00:08:49,040

approach it uh as you mentioned

251  
00:08:53,829 --> 00:08:50,800  
kind of by happenstance i grew up in a

252  
00:08:55,829 --> 00:08:53,839  
big military family um

253  
00:08:58,150 --> 00:08:55,839  
people who work within the pentagon with

254  
00:09:01,030 --> 00:08:58,160  
worked within the dia and so as a little

255  
00:09:02,470 --> 00:09:01,040  
kid you know i'd hear them and uh

256  
00:09:04,389 --> 00:09:02,480  
you know my uncle and his friends and

257  
00:09:06,070 --> 00:09:04,399  
their buddies drinking and talking about

258  
00:09:09,990 --> 00:09:06,080  
all the bureaucracy and all the little

259  
00:09:12,230 --> 00:09:10,000  
intangibles isn't fun um and so i get a

260  
00:09:14,630 --> 00:09:12,240  
real good understanding of how the

261  
00:09:17,110 --> 00:09:14,640  
bureaucratic processes work

262  
00:09:19,030 --> 00:09:17,120  
in addition to i think when i working in

263  
00:09:21,269 --> 00:09:19,040

a localized government setting it's kind

264

00:09:22,389 --> 00:09:21,279

of a microsome of the federal government

265

00:09:25,110 --> 00:09:22,399

of where

266

00:09:27,110 --> 00:09:25,120

uh decisions are often made

267

00:09:29,350 --> 00:09:27,120

and you know this from the work you do

268

00:09:31,509 --> 00:09:29,360

conspiracy theory kind of emerges

269

00:09:33,030 --> 00:09:31,519

because it helps fill in that gap of

270

00:09:34,389 --> 00:09:33,040

unknown information

271

00:09:36,470 --> 00:09:34,399

and you don't realize

272

00:09:38,710 --> 00:09:36,480

some decisions are really arbitrary some

273

00:09:42,630 --> 00:09:38,720

decisions are made because of some

274

00:09:44,310 --> 00:09:42,640

somebody's selfishness at a high end um

275

00:09:46,790 --> 00:09:44,320

and you know you deal with elected

276

00:09:49,430 --> 00:09:46,800

leaders that maybe aren't qualified but

277

00:09:51,430 --> 00:09:49,440

they got votes and so i do underst i

278

00:09:53,590 --> 00:09:51,440

have been able to

279

00:09:55,190 --> 00:09:53,600

connect i would say with a lot of the

280

00:09:57,590 --> 00:09:55,200

people who both have worked in

281

00:09:59,430 --> 00:09:57,600

government who are working in presently

282

00:10:01,750 --> 00:09:59,440

in this type of genre

283

00:10:03,269 --> 00:10:01,760

and out of it by just kind of

284

00:10:04,790 --> 00:10:03,279

understanding

285

00:10:06,470 --> 00:10:04,800

and hopefully

286

00:10:08,470 --> 00:10:06,480

being able to share the things that just

287

00:10:10,069 --> 00:10:08,480

seem natural to them like they just say

288

00:10:11,190 --> 00:10:10,079

oh that's silly and they dismiss

289

00:10:11,990 --> 00:10:11,200

something

290

00:10:13,269 --> 00:10:12,000

um

291

00:10:15,430 --> 00:10:13,279

i know why it seems silly to them

292

00:10:18,230 --> 00:10:15,440

because all the other weird factors and

293

00:10:20,230 --> 00:10:18,240

so i try i do try very very hard anybody

294

00:10:22,870 --> 00:10:20,240

who's seen me on twitter or anything

295

00:10:25,509 --> 00:10:22,880

you'll see me cite u.s code sections

296

00:10:28,310 --> 00:10:25,519

constantly i'm a legal nerd i'll admit

297

00:10:30,550 --> 00:10:28,320

it um but i think that's important and i

298

00:10:32,630 --> 00:10:30,560

i will say with this topic i think you

299

00:10:34,630 --> 00:10:32,640

and i would would be

300

00:10:36,790 --> 00:10:34,640

you know heel to step in terms of the

301  
00:10:38,949 --> 00:10:36,800  
idea that the in the

302  
00:10:39,990 --> 00:10:38,959  
infestation of conspiracy theory is very

303  
00:10:42,230 --> 00:10:40,000  
easy

304  
00:10:45,509 --> 00:10:42,240  
because there's a lot of things that are

305  
00:10:48,470 --> 00:10:45,519  
boring like those policies and laws

306  
00:10:49,350 --> 00:10:48,480  
that allow for that to come in and so

307  
00:10:50,550 --> 00:10:49,360  
just

308  
00:10:53,750 --> 00:10:50,560  
hopefully being able to give some people

309  
00:10:55,590 --> 00:10:53,760  
some understanding of what's legal what

310  
00:10:57,910 --> 00:10:55,600  
how things are normal

311  
00:10:59,190 --> 00:10:57,920  
in a policy perspective world is is

312  
00:11:00,949 --> 00:10:59,200  
important

313  
00:11:01,990 --> 00:11:00,959

because ultimately it helps us give a

314

00:11:03,829 --> 00:11:02,000

real

315

00:11:05,110 --> 00:11:03,839

decision or conclusion as to what's

316

00:11:05,990 --> 00:11:05,120

going on here

317

00:11:08,870 --> 00:11:06,000

um

318

00:11:10,470 --> 00:11:08,880

and so for me you know this the last uh

319

00:11:12,630 --> 00:11:10,480

most significant article i published was

320

00:11:14,790 --> 00:11:12,640

the popular mechanics

321

00:11:17,190 --> 00:11:14,800

piece right i revealed the the past 10

322

00:11:19,750 --> 00:11:17,200

month report and and tried to reveal as

323

00:11:21,750 --> 00:11:19,760

much as i could on what was going on

324

00:11:25,190 --> 00:11:21,760

with these government programs back in

325

00:11:27,190 --> 00:11:25,200

2008 to 2012

326

00:11:29,509 --> 00:11:27,200

and potentially what's going on today

327

00:11:31,350 --> 00:11:29,519

and also try to answer some of the

328

00:11:32,550 --> 00:11:31,360

questions that have lingered out there

329

00:11:34,150 --> 00:11:32,560

about some of these people's

330

00:11:37,030 --> 00:11:34,160

involvements

331

00:11:41,750 --> 00:11:40,630

a lot of gumshoe work

332

00:11:43,670 --> 00:11:41,760

and

333

00:11:45,110 --> 00:11:43,680

you know

334

00:11:46,710 --> 00:11:45,120

without having and i always have to be

335

00:11:48,790 --> 00:11:46,720

careful and i want to make sure that i

336

00:11:51,910 --> 00:11:48,800

make this point because you know in

337

00:11:54,470 --> 00:11:51,920

engaging the ufo quote community

338

00:11:56,230 --> 00:11:54,480

um conspiracies are easy and i get

339

00:11:58,069 --> 00:11:56,240

people saying well who's your source

340

00:11:59,030 --> 00:11:58,079

tell it to me and i'm like

341

00:12:00,470 --> 00:11:59,040

you know i

342

00:12:02,389 --> 00:12:00,480

all these things go under the same

343

00:12:04,310 --> 00:12:02,399

standards the editorial standards these

344

00:12:05,990 --> 00:12:04,320

publications and i treat them the same

345

00:12:07,590 --> 00:12:06,000

way i would as a confidential informant

346

00:12:09,190 --> 00:12:07,600

in the court of law

347

00:12:11,350 --> 00:12:09,200

but i am

348

00:12:13,590 --> 00:12:11,360

legally bound by supreme court ruling

349

00:12:16,470 --> 00:12:13,600

that if i talk to somebody and they

350

00:12:18,389 --> 00:12:16,480

provide me with a valid reason why they

351

00:12:20,069 --> 00:12:18,399

require anonymity

352

00:12:22,150 --> 00:12:20,079

i'm legally obligated to give that to

353

00:12:23,269 --> 00:12:22,160

them and so i could be held liable and

354

00:12:25,590 --> 00:12:23,279

so

355

00:12:27,350 --> 00:12:25,600

um there's a lot of little factors that

356

00:12:29,829 --> 00:12:27,360

go in there to try to form a full

357

00:12:31,269 --> 00:12:29,839

picture of it and i think people would

358

00:12:33,590 --> 00:12:31,279

probably

359

00:12:36,470 --> 00:12:33,600

be shocked at the things that i don't

360

00:12:38,710 --> 00:12:36,480

publish or don't share because it's not

361

00:12:40,949 --> 00:12:38,720

corroborated and

362

00:12:42,870 --> 00:12:40,959

um but that's a big problem though isn't

363

00:12:44,389 --> 00:12:42,880

it because it's the uh this this this

364

00:12:46,870 --> 00:12:44,399

wall of

365

00:12:48,389 --> 00:12:46,880

on one hand uh uh secrecy and the the

366

00:12:50,470 --> 00:12:48,399

those things that are naturally secret

367

00:12:52,110 --> 00:12:50,480

like state secrets and operational

368

00:12:53,750 --> 00:12:52,120

secrets in there and then there's this

369

00:12:55,509 --> 00:12:53,760

confidentiality thing where there's some

370

00:12:56,790 --> 00:12:55,519

people they know things but they don't

371

00:12:58,310 --> 00:12:56,800

want to talk because they don't want the

372

00:13:00,230 --> 00:12:58,320

publicity because they just don't want

373

00:13:01,269 --> 00:13:00,240

the the press knocking on their door or

374

00:13:03,030 --> 00:13:01,279

whatever

375

00:13:05,430 --> 00:13:03,040

so you've got all this

376

00:13:07,430 --> 00:13:05,440

this this big massive information that's

377

00:13:10,150 --> 00:13:07,440

kind of hidden behind a cloud

378

00:13:12,230 --> 00:13:10,160

that you personally know some of and you

379

00:13:13,910 --> 00:13:12,240

can perhaps tell me some bits of it in

380

00:13:14,790 --> 00:13:13,920

confidence that i can't tell other

381

00:13:17,269 --> 00:13:14,800

people

382

00:13:19,509 --> 00:13:17,279

and so we all know little bits and bobs

383

00:13:21,110 --> 00:13:19,519

and you probably know way more than most

384

00:13:23,670 --> 00:13:21,120

people

385

00:13:25,910 --> 00:13:23,680

and then we have to try to kind of write

386

00:13:26,949 --> 00:13:25,920

stories or make videos or do articles

387

00:13:29,910 --> 00:13:26,959

based on

388

00:13:32,870 --> 00:13:29,920

things that we can't tell other people

389

00:13:35,829 --> 00:13:32,880

how do we work in that framework

390

00:13:38,629 --> 00:13:35,839

it's it's very difficult and and i hope

391

00:13:40,870 --> 00:13:38,639

people understand that and and i'll say

392

00:13:43,350 --> 00:13:40,880

um you know if anybody's seen our

393

00:13:44,150 --> 00:13:43,360

conversations on twitter or in general

394

00:13:45,670 --> 00:13:44,160

um

395

00:13:49,590 --> 00:13:45,680

i don't

396

00:13:51,269 --> 00:13:49,600

i understand exactly what's going on

397

00:13:53,509 --> 00:13:51,279

here and you're right i think you talk

398

00:13:55,430 --> 00:13:53,519

about this considerably the low

399

00:13:58,550 --> 00:13:55,440

information zone

400

00:13:59,829 --> 00:13:58,560

and um i will say

401  
00:14:01,110 --> 00:13:59,839  
one point i'd like to make clear because

402  
00:14:03,990 --> 00:14:01,120  
i don't know that i've ever made it

403  
00:14:05,590 --> 00:14:04,000  
clear in an interview and things is that

404  
00:14:10,629 --> 00:14:05,600  
one problem when it comes to this

405  
00:14:12,550 --> 00:14:10,639  
particular subject so ufos or uap

406  
00:14:14,949 --> 00:14:12,560  
and we can get into later why that term

407  
00:14:17,269 --> 00:14:14,959  
uap is now used because i don't i think

408  
00:14:20,310 --> 00:14:17,279  
people have a misunderstanding but um

409  
00:14:22,550 --> 00:14:20,320  
why that is so difficult to crack

410  
00:14:24,389 --> 00:14:22,560  
in terms of combative government is it's

411  
00:14:26,069 --> 00:14:24,399  
not for some of the more conspiratorial

412  
00:14:28,550 --> 00:14:26,079  
reasons that i think people think that

413  
00:14:30,949 --> 00:14:28,560

there's this men in black cabal there's

414

00:14:33,269 --> 00:14:30,959

this dark secret type thing that they're

415

00:14:35,430 --> 00:14:33,279

hiding the the babazar saucers in the

416

00:14:36,310 --> 00:14:35,440

mountains i've never seen any evidence

417

00:14:38,389 --> 00:14:36,320

for that

418

00:14:40,230 --> 00:14:38,399

so i can't say that that's true

419

00:14:42,230 --> 00:14:40,240

but what there is is there is a lack of

420

00:14:44,470 --> 00:14:42,240

legal framework and policy framework

421

00:14:46,550 --> 00:14:44,480

related to true

422

00:14:48,550 --> 00:14:46,560

unidentified events

423

00:14:51,670 --> 00:14:48,560

and so which the military defense

424

00:14:55,030 --> 00:14:51,680

encounters something that does not fit

425

00:14:56,870 --> 00:14:55,040

into these parameters that they operate

426

00:14:58,470 --> 00:14:56,880

under and and and

427

00:15:00,230 --> 00:14:58,480

to give you an idea

428

00:15:02,150 --> 00:15:00,240

uh the parameters are established when

429

00:15:05,110 --> 00:15:02,160

you're dealing in the defense industry

430

00:15:06,870 --> 00:15:05,120

um they're very stringent i always like

431

00:15:08,949 --> 00:15:06,880

to tell people the story that if you go

432

00:15:10,870 --> 00:15:08,959

out to the national training center

433

00:15:13,590 --> 00:15:10,880

they have these these turtles and this

434

00:15:15,430 --> 00:15:13,600

is big in the early 2000s late 90s they

435

00:15:18,389 --> 00:15:15,440

have these tortoises that are endangered

436

00:15:21,269 --> 00:15:18,399

and so you'll have these entire workups

437

00:15:23,030 --> 00:15:21,279

entire you know division getting ready

438

00:15:24,949 --> 00:15:23,040

to deploy they're out there in tanks

439

00:15:27,269 --> 00:15:24,959

pretending to go into war and somebody

440

00:15:28,870 --> 00:15:27,279

spots a turtle everything stops and some

441

00:15:30,550 --> 00:15:28,880

guy's got to ride in a jeep and come

442

00:15:32,790 --> 00:15:30,560

collect the turtle and so

443

00:15:35,030 --> 00:15:32,800

everything's so controlled and when you

444

00:15:36,150 --> 00:15:35,040

encounter something that doesn't fit

445

00:15:37,189 --> 00:15:36,160

into that

446

00:15:39,590 --> 00:15:37,199

it's

447

00:15:42,470 --> 00:15:39,600

very difficult uh you know how do you

448

00:15:45,749 --> 00:15:42,480

classify it how do you even discuss it

449

00:15:47,350 --> 00:15:45,759

how do you form a policy for it because

450

00:15:49,509 --> 00:15:47,360

in the bureaucratic settings the united

451  
00:15:51,430 --> 00:15:49,519  
states government it takes ten people to

452  
00:15:52,710 --> 00:15:51,440  
change your role a toilet paper

453  
00:15:54,150 --> 00:15:52,720  
because you've got all these policy

454  
00:15:55,670 --> 00:15:54,160  
analysts he's got to do this like we're

455  
00:15:57,030 --> 00:15:55,680  
going to step a work study decide if

456  
00:15:57,829 --> 00:15:57,040  
this toilet paper is better than the

457  
00:16:00,230 --> 00:15:57,839  
other

458  
00:16:01,030 --> 00:16:00,240  
and so you don't have that framework

459  
00:16:02,550 --> 00:16:01,040  
here

460  
00:16:04,949 --> 00:16:02,560  
and um

461  
00:16:06,470 --> 00:16:04,959  
i think that allows for

462  
00:16:09,189 --> 00:16:06,480  
a lot of the

463  
00:16:10,870 --> 00:16:09,199

void of information

464

00:16:12,389 --> 00:16:10,880

but the military like say if they were

465

00:16:14,710 --> 00:16:12,399

in a battlefield and something

466

00:16:16,550 --> 00:16:14,720

unexpected cropped up in front of them

467

00:16:18,310 --> 00:16:16,560

they're not going to you know phone back

468

00:16:19,590 --> 00:16:18,320

to the head office and await further

469

00:16:21,189 --> 00:16:19,600

instructions they're going to deal with

470

00:16:23,350 --> 00:16:21,199

that situation if there was you know

471

00:16:25,590 --> 00:16:23,360

some kind of perceived threat

472

00:16:28,310 --> 00:16:25,600

so i'm thinking like of the nimitz case

473

00:16:30,230 --> 00:16:28,320

this is this case back in 2004

474

00:16:32,069 --> 00:16:30,240

where there were these these blips on

475

00:16:33,590 --> 00:16:32,079

the radar that they kept seeing for

476

00:16:35,269 --> 00:16:33,600

several days

477

00:16:37,189 --> 00:16:35,279

and then eventually this whole event

478

00:16:38,949 --> 00:16:37,199

culminated with um sending a jet out

479

00:16:40,150 --> 00:16:38,959

there with commander fravor on board and

480

00:16:42,230 --> 00:16:40,160

he saw this

481

00:16:43,670 --> 00:16:42,240

uh tic-tac-shaped object bouncing around

482

00:16:45,110 --> 00:16:43,680

and then flying off into the distance

483

00:16:47,189 --> 00:16:45,120

and then another pilot went out and took

484

00:16:51,110 --> 00:16:47,199

the video which is the video that we see

485

00:16:53,590 --> 00:16:51,120

at the blurry dot in the distance now

486

00:16:55,509 --> 00:16:53,600

like with the tortoise example uh you've

487

00:16:58,310 --> 00:16:55,519

got like something in a way similar

488

00:16:59,910 --> 00:16:58,320

you've got uh the them seeing these

489

00:17:02,310 --> 00:16:59,920

radar blips

490

00:17:04,309 --> 00:17:02,320

and i think it was gary voorhees one of

491

00:17:05,510 --> 00:17:04,319

the guys there who described them to me

492

00:17:08,390 --> 00:17:05,520

as being

493

00:17:11,189 --> 00:17:08,400

moving slowly south slowly 100 knots

494

00:17:13,189 --> 00:17:11,199

it's just like 150 miles an hour south

495

00:17:14,789 --> 00:17:13,199

at a high altitude which is very slow

496

00:17:16,549 --> 00:17:14,799

for a plane

497

00:17:19,750 --> 00:17:16,559

uh and they did this for several days

498

00:17:21,990 --> 00:17:19,760

and they would just drip south

499

00:17:23,029 --> 00:17:22,000

it that's that seems like

500

00:17:24,710 --> 00:17:23,039

to me

501  
00:17:27,429 --> 00:17:24,720  
even though it's something that's out of

502  
00:17:29,590 --> 00:17:27,439  
the realms of the ordinary

503  
00:17:31,110 --> 00:17:29,600  
isn't the military set up in that if

504  
00:17:32,390 --> 00:17:31,120  
extraordinary things happen they're

505  
00:17:35,029 --> 00:17:32,400  
trained to

506  
00:17:36,470 --> 00:17:35,039  
quickly uh decide what to do in that

507  
00:17:38,950 --> 00:17:36,480  
situation so

508  
00:17:40,390 --> 00:17:38,960  
why wasn't anything done do you think

509  
00:17:42,070 --> 00:17:40,400  
back in the the nimitz studies when they

510  
00:17:43,510 --> 00:17:42,080  
saw these weird radar blips in the

511  
00:17:46,070 --> 00:17:43,520  
distance

512  
00:17:47,430 --> 00:17:46,080  
sure and again i can only speculate and

513  
00:17:48,950 --> 00:17:47,440

then talk to because i have spoken to

514

00:17:50,470 --> 00:17:48,960

gary and some of the other enlisted

515

00:17:51,830 --> 00:17:50,480

personnel um

516

00:17:53,029 --> 00:17:51,840

some who

517

00:17:54,390 --> 00:17:53,039

don't want to go on the record because

518

00:17:56,070 --> 00:17:54,400

of the possessions that they currently

519

00:17:58,390 --> 00:17:56,080

have but i can describe what they said

520

00:18:00,630 --> 00:17:58,400

to me um

521

00:18:03,430 --> 00:18:00,640

the real answer there is exactly the

522

00:18:05,430 --> 00:18:03,440

turtle example's a great one because

523

00:18:06,710 --> 00:18:05,440

everybody knows what to do when they see

524

00:18:08,549 --> 00:18:06,720

the turtle

525

00:18:10,710 --> 00:18:08,559

they flag it the guy in the jeep comes

526

00:18:12,390 --> 00:18:10,720

everybody pops their their lights and so

527

00:18:14,470 --> 00:18:12,400

everybody's got their ir flares so they

528

00:18:16,310 --> 00:18:14,480

know where each other are they get the

529

00:18:18,470 --> 00:18:16,320

turtle to get it out now

530

00:18:21,110 --> 00:18:18,480

in the framework of context of when you

531

00:18:23,190 --> 00:18:21,120

come in contact with something

532

00:18:24,870 --> 00:18:23,200

that literally

533

00:18:26,630 --> 00:18:24,880

defies

534

00:18:28,630 --> 00:18:26,640

any type of

535

00:18:30,789 --> 00:18:28,640

you know policy or anything you that

536

00:18:32,310 --> 00:18:30,799

you're prepared for and and that's one

537

00:18:33,510 --> 00:18:32,320

of the things i really stress with all

538

00:18:36,549 --> 00:18:33,520

of this

539

00:18:38,150 --> 00:18:36,559

is i'm happy to be wrong but uh the

540

00:18:39,029 --> 00:18:38,160

totality of evidence that i have here is

541

00:18:41,909 --> 00:18:39,039

that this

542

00:18:44,630 --> 00:18:41,919

this is a complex problem probably more

543

00:18:47,909 --> 00:18:44,640

complex than we give it credit for and

544

00:18:49,270 --> 00:18:47,919

uh i say that because the first thing

545

00:18:51,430 --> 00:18:49,280

when you they first started getting

546

00:18:53,270 --> 00:18:51,440

these radar contacts right you and you

547

00:18:56,150 --> 00:18:53,280

said why didn't they set anybody up i

548

00:18:59,190 --> 00:18:56,160

think they very correctly uh assessed

549

00:19:01,750 --> 00:18:59,200

this that it was a malfunction in in the

550

00:19:04,070 --> 00:19:01,760

in the radar systems and so you had this

551  
00:19:06,070 --> 00:19:04,080  
by one bravo radar system which was you

552  
00:19:07,110 --> 00:19:06,080  
know the brand new radar system at the

553  
00:19:07,909 --> 00:19:07,120  
time

554  
00:19:09,110 --> 00:19:07,919  
um

555  
00:19:10,710 --> 00:19:09,120  
and so

556  
00:19:11,510 --> 00:19:10,720  
i think very correctly they assess that

557  
00:19:13,270 --> 00:19:11,520  
and go

558  
00:19:15,590 --> 00:19:13,280  
this doesn't make sense because as you

559  
00:19:17,909 --> 00:19:15,600  
said some of these radar contacts are

560  
00:19:19,909 --> 00:19:17,919  
moving at speeds that are inconsistent

561  
00:19:21,830 --> 00:19:19,919  
with how we define flight

562  
00:19:24,390 --> 00:19:21,840  
um and

563  
00:19:26,310 --> 00:19:24,400

including moving too slow they should be

564

00:19:28,150 --> 00:19:26,320

stalling out unless they're balloons or

565

00:19:30,630 --> 00:19:28,160

something of that nature so the first

566

00:19:33,270 --> 00:19:30,640

thing is this is this is a um this has

567

00:19:35,350 --> 00:19:33,280

got to be a a problem in the system

568

00:19:37,110 --> 00:19:35,360

uh i was very fortunate to speak with

569

00:19:40,070 --> 00:19:37,120

the gentleman who was the electronic

570

00:19:41,990 --> 00:19:40,080

warfare specialist on the uss princeton

571

00:19:43,990 --> 00:19:42,000

uh this is not someone who's come out

572

00:19:46,070 --> 00:19:44,000

publicly it relates to the position that

573

00:19:48,230 --> 00:19:46,080

he holds right now and and i understand

574

00:19:49,990 --> 00:19:48,240

that respect that why he wouldn't but uh

575

00:19:51,190 --> 00:19:50,000

he had a great position in here because

576

00:19:52,390 --> 00:19:51,200

he

577

00:19:53,830 --> 00:19:52,400

even i i

578

00:19:56,870 --> 00:19:53,840

people should realize it's not like i

579

00:19:59,510 --> 00:19:56,880

came into this believer camp i

580

00:20:01,590 --> 00:19:59,520

i wrote the the article with t.d barnes

581

00:20:03,909 --> 00:20:01,600

from area 51 and gene petit the

582

00:20:06,230 --> 00:20:03,919

grandfather of electronic warfare i

583

00:20:08,310 --> 00:20:06,240

interviewed them and said can this be

584

00:20:10,390 --> 00:20:08,320

electronic warfare and so i always went

585

00:20:11,430 --> 00:20:10,400

down that route i never went down as

586

00:20:12,549 --> 00:20:11,440

aliens

587

00:20:14,070 --> 00:20:12,559

um

588

00:20:15,669 --> 00:20:14,080

and so the first thought is could this

589

00:20:18,230 --> 00:20:15,679

be it now this the gentleman i

590

00:20:20,470 --> 00:20:18,240

interviewed is is the guy who would know

591

00:20:21,270 --> 00:20:20,480

in terms of electronic warfare

592

00:20:22,870 --> 00:20:21,280

um

593

00:20:24,950 --> 00:20:22,880

and he pointed out something that i

594

00:20:26,390 --> 00:20:24,960

don't think uh has been talked about or

595

00:20:28,310 --> 00:20:26,400

discussed and that was that it wasn't

596

00:20:29,590 --> 00:20:28,320

just the spy one bravo radar that picked

597

00:20:32,390 --> 00:20:29,600

these things up they took the spyware

598

00:20:34,789 --> 00:20:32,400

and bravo down they put up the sps-49

599

00:20:37,510 --> 00:20:34,799

and the sps-48 so the the previous

600

00:20:40,549 --> 00:20:37,520

iterations of these radar systems

601  
00:20:42,470 --> 00:20:40,559  
and they continued to get the tracks so

602  
00:20:43,909 --> 00:20:42,480  
in terms of those first couple of days i

603  
00:20:45,830 --> 00:20:43,919  
think they went through all the checks

604  
00:20:47,909 --> 00:20:45,840  
and balances you would see because the

605  
00:20:50,310 --> 00:20:47,919  
performances and characteristics they

606  
00:20:53,350 --> 00:20:50,320  
were picking up it was inconsistent with

607  
00:20:55,750 --> 00:20:53,360  
aircraft and uh

608  
00:20:57,110 --> 00:20:55,760  
really anything engaged in flight

609  
00:20:59,590 --> 00:20:57,120  
and so

610  
00:21:00,390 --> 00:20:59,600  
of course if you're getting that i think

611  
00:21:04,870 --> 00:21:00,400  
none

612  
00:21:07,350 --> 00:21:04,880  
would not be well guys we've got them we

613  
00:21:09,190 --> 00:21:07,360

got the aliens let's launch the crew

614

00:21:10,470 --> 00:21:09,200

uh it would be

615

00:21:12,230 --> 00:21:10,480

ah there's gotta be a mistake in the

616

00:21:14,149 --> 00:21:12,240

system what's going on here and so they

617

00:21:16,950 --> 00:21:14,159

went through those kind of

618

00:21:18,789 --> 00:21:16,960

checks and balances with with how do you

619

00:21:20,789 --> 00:21:18,799

assess is this something that we're

620

00:21:24,230 --> 00:21:20,799

really tangibly getting

621

00:21:27,190 --> 00:21:24,240

um and it and again it kind of

622

00:21:29,430 --> 00:21:27,200

falls into this weird realm where it's

623

00:21:31,270 --> 00:21:29,440

outside the box and so even what they

624

00:21:32,870 --> 00:21:31,280

were recording

625

00:21:34,470 --> 00:21:32,880

it's this

626  
00:21:36,390 --> 00:21:34,480  
something i'll tell you that i've heard

627  
00:21:37,830 --> 00:21:36,400  
with um

628  
00:21:39,510 --> 00:21:37,840  
all of these witnesses is something

629  
00:21:40,870 --> 00:21:39,520  
they've struggled with

630  
00:21:43,190 --> 00:21:40,880  
that is

631  
00:21:46,549 --> 00:21:43,200  
this is not real

632  
00:21:48,950 --> 00:21:46,559  
because it's not in our reality

633  
00:21:51,110 --> 00:21:48,960  
i observed it

634  
00:21:53,590 --> 00:21:51,120  
and so it was really in front of me and

635  
00:21:55,110 --> 00:21:53,600  
so there's this weird struggle and i i

636  
00:21:57,430 --> 00:21:55,120  
can't stress that enough because when i

637  
00:21:59,190 --> 00:21:57,440  
said it a lot of the

638  
00:22:01,669 --> 00:21:59,200

stuff i did towards perception of people

639

00:22:03,669 --> 00:22:01,679

that had interviewed i had had witnessed

640

00:22:06,310 --> 00:22:03,679

strange things like that

641

00:22:07,190 --> 00:22:06,320

people who have witnessed something

642

00:22:11,430 --> 00:22:07,200

that

643

00:22:14,390 --> 00:22:11,440

how they define reality there's a

644

00:22:17,190 --> 00:22:14,400

noticeable behavioral

645

00:22:18,710 --> 00:22:17,200

effect on them and i was a certified

646

00:22:20,149 --> 00:22:18,720

criminal investigative

647

00:22:21,830 --> 00:22:20,159

analyst which is a really pretty way of

648

00:22:23,669 --> 00:22:21,840

saying profiler now because the term

649

00:22:25,750 --> 00:22:23,679

profiling and policing has a negative

650

00:22:27,750 --> 00:22:25,760

connotation for good reason

651  
00:22:30,310 --> 00:22:27,760  
and so i was able to develop a

652  
00:22:32,870 --> 00:22:30,320  
profile of people who had encountered

653  
00:22:35,270 --> 00:22:32,880  
something i believe

654  
00:22:36,390 --> 00:22:35,280  
they perceive to shatter their kind of

655  
00:22:38,630 --> 00:22:36,400  
reality

656  
00:22:39,990 --> 00:22:38,640  
and part of that is shame and that's the

657  
00:22:42,149 --> 00:22:40,000  
best way i can describe it and so

658  
00:22:44,710 --> 00:22:42,159  
there's this really weird shameful kind

659  
00:22:47,110 --> 00:22:44,720  
of attitude to say

660  
00:22:49,590 --> 00:22:47,120  
i've just seen something that's not real

661  
00:22:50,870 --> 00:22:49,600  
but yet it really happened and so i

662  
00:22:52,549 --> 00:22:50,880  
think that

663  
00:22:54,950 --> 00:22:52,559

you see that go across all the way to

664

00:22:58,630 --> 00:22:54,960

the top there this idea it's not real

665

00:23:03,190 --> 00:23:01,590

to dismiss it for for a good part

666

00:23:04,470 --> 00:23:03,200

initially

667

00:23:05,830 --> 00:23:04,480

i think that

668

00:23:07,270 --> 00:23:05,840

a lot of the work that you've done with

669

00:23:09,590 --> 00:23:07,280

conspiracy theories i think he would

670

00:23:12,549 --> 00:23:09,600

agree with me conspiracy theories

671

00:23:15,270 --> 00:23:12,559

exist because the brain hates confusion

672

00:23:16,950 --> 00:23:15,280

it hates lack of information and

673

00:23:19,430 --> 00:23:16,960

uh

674

00:23:21,669 --> 00:23:19,440

they liked it simple problems yeah i

675

00:23:23,909 --> 00:23:21,679

kind of agree with uh with that that the

676

00:23:25,990 --> 00:23:23,919

if you have an explanation for something

677

00:23:28,390 --> 00:23:26,000

is better than having no explanation and

678

00:23:30,470 --> 00:23:28,400

the thing i kind of started out writing

679

00:23:33,029 --> 00:23:30,480

about many many years ago was a thing

680

00:23:34,149 --> 00:23:33,039

called morgellons disease where people

681

00:23:36,149 --> 00:23:34,159

uh

682

00:23:38,070 --> 00:23:36,159

they were ill and that they had the you

683

00:23:40,230 --> 00:23:38,080

know various malaises

684

00:23:41,830 --> 00:23:40,240

and they had various symptoms like

685

00:23:43,430 --> 00:23:41,840

itching and things like that and they

686

00:23:45,190 --> 00:23:43,440

did the doctors didn't know what it was

687

00:23:46,230 --> 00:23:45,200

it was an idiopathic disease meaning

688

00:23:47,430 --> 00:23:46,240

they don't know what it is and it

689

00:23:48,630 --> 00:23:47,440

happens all the time you get these

690

00:23:50,230 --> 00:23:48,640

idiopathic

691

00:23:52,230 --> 00:23:50,240

diseases and they just send you home

692

00:23:53,669 --> 00:23:52,240

with some some itch cream

693

00:23:55,750 --> 00:23:53,679

uh but people want to have an

694

00:23:57,430 --> 00:23:55,760

explanation and so when this explanation

695

00:23:59,430 --> 00:23:57,440

of morgellons disease which sounds like

696

00:24:01,510 --> 00:23:59,440

this really amazing thing where these

697

00:24:02,870 --> 00:24:01,520

little i don't know nano robots or

698

00:24:06,470 --> 00:24:02,880

something or fibers come out of your

699

00:24:08,390 --> 00:24:06,480

skin uh they they take that explanation

700

00:24:11,909 --> 00:24:08,400

because it explains everything

701  
00:24:13,590 --> 00:24:11,919  
and with this nimitz thing i guess there

702  
00:24:15,269 --> 00:24:13,600  
there's two ways of looking at it in a

703  
00:24:17,029 --> 00:24:15,279  
way there's there's the way like people

704  
00:24:18,710 --> 00:24:17,039  
want to have

705  
00:24:20,149 --> 00:24:18,720  
a straightforward explanation that fits

706  
00:24:22,070 --> 00:24:20,159  
their world view so they want to say oh

707  
00:24:23,750 --> 00:24:22,080  
it's just radar glitches or it's uh you

708  
00:24:25,669 --> 00:24:23,760  
know it's just like the the navy was

709  
00:24:27,510 --> 00:24:25,679  
testing a drone or something like that

710  
00:24:29,750 --> 00:24:27,520  
it's not nothing important

711  
00:24:32,070 --> 00:24:29,760  
or they might think that they you know

712  
00:24:35,029 --> 00:24:32,080  
maybe it's aliens maybe for some people

713  
00:24:36,630 --> 00:24:35,039

that explanation makes more sense than

714

00:24:37,909 --> 00:24:36,640

the other explanations and they they

715

00:24:39,590 --> 00:24:37,919

prefer

716

00:24:40,549 --> 00:24:39,600

that but getting back to what you were

717

00:24:42,630 --> 00:24:40,559

saying

718

00:24:45,190 --> 00:24:42,640

earlier though about

719

00:24:48,230 --> 00:24:45,200

you know the going right to the top

720

00:24:49,990 --> 00:24:48,240

uh people wanting it not uh to be in you

721

00:24:51,669 --> 00:24:50,000

know they don't know what it is

722

00:24:53,190 --> 00:24:51,679

it almost seems like

723

00:24:55,590 --> 00:24:53,200

you're almost describing some kind of

724

00:24:56,470 --> 00:24:55,600

mass psychogenic delusion where people

725

00:24:58,950 --> 00:24:56,480

are

726

00:25:00,390 --> 00:24:58,960

sweeping these radar returns under the

727

00:25:01,909 --> 00:25:00,400

under the road

728

00:25:03,669 --> 00:25:01,919

if you if they're getting consistent

729

00:25:06,070 --> 00:25:03,679

radar returns

730

00:25:07,909 --> 00:25:06,080

of something that's flying at 100 miles

731

00:25:09,269 --> 00:25:07,919

per hour to the south 100 knots to the

732

00:25:10,630 --> 00:25:09,279

south

733

00:25:12,549 --> 00:25:10,640

and then they get it on a different

734

00:25:14,630 --> 00:25:12,559

radar system

735

00:25:16,789 --> 00:25:14,640

isn't it at that point they're gonna

736

00:25:18,230 --> 00:25:16,799

actually take it seriously

737

00:25:20,070 --> 00:25:18,240

i mean is that what happened did they do

738

00:25:23,110 --> 00:25:20,080

it at that point

739

00:25:24,789 --> 00:25:23,120

well uh you know no i uh

740

00:25:26,830 --> 00:25:24,799

there's a second factor here that would

741

00:25:30,630 --> 00:25:26,840

also have been involved

742

00:25:32,549 --> 00:25:30,640

um and i understand that the guys uh

743

00:25:34,710 --> 00:25:32,559

you know gary and the enlisted witnesses

744

00:25:36,470 --> 00:25:34,720

you've spoken to probably haven't spoken

745

00:25:38,230 --> 00:25:36,480

to this because it does involve some

746

00:25:39,750 --> 00:25:38,240

classified stuff although everything

747

00:25:41,510 --> 00:25:39,760

that i know and say i don't hold a

748

00:25:43,830 --> 00:25:41,520

security classification and so this is

749

00:25:45,990 --> 00:25:43,840

all public information but i understand

750

00:25:47,750 --> 00:25:46,000

their hesitation to discuss these type

751

00:25:50,390 --> 00:25:47,760

of things but the area that they were

752

00:25:52,230 --> 00:25:50,400

operating under uh there's particularly

753

00:25:54,549 --> 00:25:52,240

two islands that are right nearby there

754

00:25:57,269 --> 00:25:54,559

san clemente and san nicolas

755

00:25:59,590 --> 00:25:57,279

these are the

756

00:26:01,990 --> 00:25:59,600

you know area 51 is a tourist attraction

757

00:26:02,950 --> 00:26:02,000

these are the spots and so

758

00:26:04,230 --> 00:26:02,960

um

759

00:26:05,669 --> 00:26:04,240

in particular

760

00:26:07,510 --> 00:26:05,679

i do know for a fact because i spoke

761

00:26:11,029 --> 00:26:07,520

with actually legal affairs from naval

762

00:26:13,350 --> 00:26:11,039

base coronado um about what san clemente

763

00:26:15,830 --> 00:26:13,360

could have or didn't have

764

00:26:17,590 --> 00:26:15,840

tracking on these things because

765

00:26:21,750 --> 00:26:17,600

they were able to tell me very limited

766

00:26:24,310 --> 00:26:21,760

information which was that in in 2004

767

00:26:26,390 --> 00:26:24,320

the fleet area command that was in that

768

00:26:28,230 --> 00:26:26,400

region has the ability to monitor air

769

00:26:31,029 --> 00:26:28,240

space for approximately

770

00:26:33,510 --> 00:26:31,039

this off time ahead but roughly 156 000

771

00:26:36,789 --> 00:26:33,520

square nautical miles

772

00:26:39,590 --> 00:26:36,799

of winch 2936

773

00:26:42,630 --> 00:26:39,600

square nautical miles they could view

774

00:26:44,950 --> 00:26:42,640

uh three-dimensional uh

775

00:26:47,830 --> 00:26:44,960

a three dimensions of the airspace both

776  
00:26:49,350 --> 00:26:47,840  
below and above the ocean surface up to

777  
00:26:50,549 --> 00:26:49,360  
eighty thousand feet

778  
00:26:54,070 --> 00:26:50,559  
and so

779  
00:26:56,870 --> 00:26:54,080  
there was communication when i asked uh

780  
00:26:58,870 --> 00:26:56,880  
was fleet area control command involved

781  
00:27:01,269 --> 00:26:58,880  
with the nimitz and

782  
00:27:03,669 --> 00:27:01,279  
i was simply told um

783  
00:27:06,070 --> 00:27:03,679  
for classified reasons a fleet area

784  
00:27:08,070 --> 00:27:06,080  
control command does have control of the

785  
00:27:10,470 --> 00:27:08,080  
airspace and and what is operating

786  
00:27:12,710 --> 00:27:10,480  
inside

787  
00:27:15,190 --> 00:27:12,720  
the social training range

788  
00:27:17,909 --> 00:27:15,200

um beyond that and they were in

789

00:27:21,029 --> 00:27:17,919

communicator with the nimitz carrier

790

00:27:22,870 --> 00:27:21,039

group and csg11

791

00:27:24,310 --> 00:27:22,880

beyond the department of defense's

792

00:27:26,389 --> 00:27:24,320

unidentified

793

00:27:28,549 --> 00:27:26,399

designation there's nothing else they

794

00:27:30,389 --> 00:27:28,559

can say and i think that goes into kind

795

00:27:31,669 --> 00:27:30,399

of what we talked about that vacuum of

796

00:27:33,830 --> 00:27:31,679

where

797

00:27:36,630 --> 00:27:33,840

them being able to give more information

798

00:27:39,350 --> 00:27:36,640

was what led to that basis

799

00:27:41,029 --> 00:27:39,360

it it's going to involve highly cla i

800

00:27:42,230 --> 00:27:41,039

mean you just think about it if they can

801  
00:27:44,389 --> 00:27:42,240  
tell me that they can see three

802  
00:27:45,510 --> 00:27:44,399  
dimensions and 80 000 feet above and

803  
00:27:48,070 --> 00:27:45,520  
below

804  
00:27:49,110 --> 00:27:48,080  
what the heck can't they talk about and

805  
00:27:51,669 --> 00:27:49,120  
so

806  
00:27:53,750 --> 00:27:51,679  
um you have well i mean i think that

807  
00:27:55,669 --> 00:27:53,760  
three dimensions 80 000 feet just means

808  
00:27:57,350 --> 00:27:55,679  
that they can place things by the the

809  
00:27:59,830 --> 00:27:57,360  
various radar systems it doesn't mean

810  
00:28:00,950 --> 00:27:59,840  
that they've got a a big 3d model of

811  
00:28:02,950 --> 00:28:00,960  
everything that

812  
00:28:04,389 --> 00:28:02,960  
gives you very high resolution i mean

813  
00:28:06,070 --> 00:28:04,399

you can understand

814

00:28:07,830 --> 00:28:06,080

you know that the spy one radar is this

815

00:28:09,669 --> 00:28:07,840

directed beam radar thing and it has

816

00:28:11,669 --> 00:28:09,679

lots of different beams and it can you

817

00:28:13,430 --> 00:28:11,679

can identify things in 3d space so i

818

00:28:15,029 --> 00:28:13,440

think that kind of the way you described

819

00:28:16,870 --> 00:28:15,039

it makes it sound a bit more impressive

820

00:28:19,110 --> 00:28:16,880

than it is i'm sure the military has

821

00:28:21,029 --> 00:28:19,120

extremely good technology but they don't

822

00:28:22,470 --> 00:28:21,039

have like a detailed 3d model it's not

823

00:28:25,190 --> 00:28:22,480

like they can go into google earth in

824

00:28:26,789 --> 00:28:25,200

real time and and see the ships uh as

825

00:28:28,710 --> 00:28:26,799

they actually are

826

00:28:30,389 --> 00:28:28,720

in real time but they can they can give

827

00:28:32,070 --> 00:28:30,399

positions of things

828

00:28:34,310 --> 00:28:32,080

3d space

829

00:28:36,070 --> 00:28:34,320

sure well yeah and

830

00:28:39,590 --> 00:28:36,080

i appreciate you clearing clearing that

831

00:28:41,430 --> 00:28:39,600

up they they said well kind of

832

00:28:43,830 --> 00:28:41,440

i'm technical in that i understand 3d

833

00:28:44,470 --> 00:28:43,840

space and i have a basic understanding

834

00:28:45,830 --> 00:28:44,480

of

835

00:28:48,310 --> 00:28:45,840

radar and things like that but obviously

836

00:28:50,710 --> 00:28:48,320

i've never used radar and so people will

837

00:28:52,549 --> 00:28:50,720

uh people will sometimes jump upon me on

838

00:28:54,149 --> 00:28:52,559

twitter and uh reel off a list of

839

00:28:55,909 --> 00:28:54,159

acronyms and said have you ever done the

840

00:28:57,110 --> 00:28:55,919

blah blah blah blah and i go no i

841

00:28:59,029 --> 00:28:57,120

haven't but

842

00:29:00,549 --> 00:28:59,039

uh i understand

843

00:29:03,029 --> 00:29:00,559

you know what uh

844

00:29:06,310 --> 00:29:03,039

uh i might basically justify that too i

845

00:29:09,269 --> 00:29:06,320

apologize nick no no it's it wasn't yeah

846

00:29:11,190 --> 00:29:09,279

anyway but uh so this this these these

847

00:29:13,510 --> 00:29:11,200

secret bases not secret bases but these

848

00:29:15,350 --> 00:29:13,520

uh these highly secure classified et

849

00:29:17,590 --> 00:29:15,360

cetera bases that you that you talk to

850

00:29:19,830 --> 00:29:17,600

people from would they even were they

851  
00:29:23,110 --> 00:29:19,840  
even able to tell you if they had a

852  
00:29:24,870 --> 00:29:23,120  
contact with an object

853  
00:29:27,190 --> 00:29:24,880  
they said beyond the government's

854  
00:29:28,230 --> 00:29:27,200  
unidentified classification

855  
00:29:29,029 --> 00:29:28,240  
that is it

856  
00:29:31,190 --> 00:29:29,039  
um

857  
00:29:33,990 --> 00:29:31,200  
so that's basically nothing really i

858  
00:29:36,070 --> 00:29:34,000  
mean they they it's not very you can't

859  
00:29:37,669 --> 00:29:36,080  
you if they told you nothing at all it's

860  
00:29:38,789 --> 00:29:37,679  
just the same thing as them telling you

861  
00:29:42,149 --> 00:29:38,799  
what they told you because they're just

862  
00:29:47,110 --> 00:29:44,789  
correct other than and you're right and

863  
00:29:50,070 --> 00:29:47,120

you're right that gets into kind of uh

864

00:29:52,830 --> 00:29:50,080

trying to interpret that statement

865

00:29:56,549 --> 00:29:52,840

i will say in examining what they said

866

00:29:58,549 --> 00:29:56,559

their again this is just opinion um

867

00:30:01,510 --> 00:29:58,559

what they were trying to get at is we

868

00:30:03,510 --> 00:30:01,520

have some of the top-notch stuff around

869

00:30:05,190 --> 00:30:03,520

and that this top-notch stuff would have

870

00:30:08,230 --> 00:30:05,200

been involved in

871

00:30:09,909 --> 00:30:08,240

maybe not the initial analysis of these

872

00:30:11,990 --> 00:30:09,919

events going on during the time but

873

00:30:14,070 --> 00:30:12,000

later analysis and we can get into that

874

00:30:15,990 --> 00:30:14,080

later if you'd like but um

875

00:30:18,710 --> 00:30:16,000

kind of striking to that initial point

876

00:30:20,470 --> 00:30:18,720

why wasn't it treated more seriously

877

00:30:21,430 --> 00:30:20,480

right um

878

00:30:41,590 --> 00:30:21,440

i

879

00:30:53,830 --> 00:30:41,600

a

880

00:30:55,990 --> 00:30:53,840

um

881

00:30:58,389 --> 00:30:56,000

and this is where i come with that and

882

00:31:00,950 --> 00:30:58,399

and it is uh in speaking to commander

883

00:31:02,870 --> 00:31:00,960

fravor's uh wing woman and i think she's

884

00:31:04,710 --> 00:31:02,880

only spoke once and that was on the

885

00:31:05,590 --> 00:31:04,720

unidentified television show to my

886

00:31:07,590 --> 00:31:05,600

knowledge

887

00:31:09,509 --> 00:31:07,600

i was very fortunate to be able to speak

888

00:31:13,269 --> 00:31:09,519

with her um

889

00:31:14,310 --> 00:31:13,279

and she told me something that um

890

00:31:31,669 --> 00:31:14,320

i

891

00:31:34,549 --> 00:31:31,679

and

892

00:31:36,470 --> 00:31:34,559

i think uh she has said in the in the

893

00:31:38,549 --> 00:31:36,480

few interview or the one interview she

894

00:31:40,710 --> 00:31:38,559

did talking about the fear

895

00:31:43,269 --> 00:31:40,720

factor of when she saw it

896

00:31:45,509 --> 00:31:43,279

she elaborated to me where that fear

897

00:31:48,870 --> 00:31:45,519

factor came from and just to give you

898

00:31:50,310 --> 00:31:48,880

some basis uh for me and in term when

899

00:31:53,110 --> 00:31:50,320

trying to determine

900

00:31:54,230 --> 00:31:53,120

factual credible statements and what

901  
00:31:55,269 --> 00:31:54,240  
could be

902  
00:31:57,430 --> 00:31:55,279  
um

903  
00:31:58,950 --> 00:31:57,440  
it could be deterioration due to memory

904  
00:32:00,389 --> 00:31:58,960  
fallibility

905  
00:32:02,470 --> 00:32:00,399  
one of the things i do and now i'm going

906  
00:32:03,669 --> 00:32:02,480  
to tip it off here and now gary and all

907  
00:32:05,830 --> 00:32:03,679  
these people i've talked to are going to

908  
00:32:07,909 --> 00:32:05,840  
go aha that's what he was doing

909  
00:32:10,549 --> 00:32:07,919  
but as a trained

910  
00:32:11,750 --> 00:32:10,559  
interrogator an interviewer

911  
00:32:14,310 --> 00:32:11,760  
one of the things you do is you do try

912  
00:32:15,590 --> 00:32:14,320  
to elicit the emotions that went on

913  
00:32:18,470 --> 00:32:15,600

during the time

914

00:32:19,990 --> 00:32:18,480

because emotions help draw back better

915

00:32:21,430 --> 00:32:20,000

memories though they can distort

916

00:32:23,990 --> 00:32:21,440

memories and where you see if there's a

917

00:32:26,149 --> 00:32:24,000

traumatic event people will repress

918

00:32:28,310 --> 00:32:26,159

memories but if you if you start the

919

00:32:29,990 --> 00:32:28,320

stage by saying how did you feel then

920

00:32:31,430 --> 00:32:30,000

you know what did you what was going on

921

00:32:34,070 --> 00:32:31,440

and in her case

922

00:32:35,269 --> 00:32:34,080

she had expressed on the tv show she was

923

00:32:37,029 --> 00:32:35,279

frightened

924

00:32:38,549 --> 00:32:37,039

and um

925

00:32:40,310 --> 00:32:38,559

i'm going to be

926  
00:32:41,190 --> 00:32:40,320  
going to be very cautious and respect

927  
00:32:43,029 --> 00:32:41,200  
her

928  
00:32:44,870 --> 00:32:43,039  
because she i understand the reason she

929  
00:32:46,710 --> 00:32:44,880  
she doesn't want to step forward but i i

930  
00:32:47,830 --> 00:32:46,720  
do want to make sure that i will make

931  
00:32:49,590 --> 00:32:47,840  
this point clear because i think she

932  
00:32:52,149 --> 00:32:49,600  
deserves it is that

933  
00:32:54,870 --> 00:32:52,159  
the accounts being given by this pilot

934  
00:32:57,029 --> 00:32:54,880  
today you know years later compared to

935  
00:33:00,070 --> 00:32:57,039  
the pilot that was there then

936  
00:33:01,590 --> 00:33:00,080  
is a much different pilot and i mean

937  
00:33:04,470 --> 00:33:01,600  
experienced

938  
00:33:05,430 --> 00:33:04,480

and this is a highly accomplished pilot

939

00:33:08,630 --> 00:33:05,440

that i

940

00:33:10,789 --> 00:33:08,640

uh have tremendous respect for and and

941

00:33:12,870 --> 00:33:10,799

truly do hope when the day arrives that

942

00:33:15,830 --> 00:33:12,880

she's maybe able to come out and reveal

943

00:33:17,909 --> 00:33:15,840

herself she does because um

944

00:33:19,750 --> 00:33:17,919

not knocking commander fravor or anybody

945

00:33:20,950 --> 00:33:19,760

but i'll just say this this was a woman

946

00:33:24,549 --> 00:33:20,960

who spent

947

00:33:27,269 --> 00:33:24,559

not only as an as a pilot an f-18 pilot

948

00:33:29,110 --> 00:33:27,279

she spent 18 18 months with boots on the

949

00:33:31,590 --> 00:33:29,120

ground in afghanistan in an exchange

950

00:33:33,350 --> 00:33:31,600

program of the army so i mean this is a

951  
00:33:34,710 --> 00:33:33,360  
tough woman and so i was very impressed

952  
00:33:36,830 --> 00:33:34,720  
by what she had to say but when she

953  
00:33:39,750 --> 00:33:36,840  
relived the

954  
00:33:42,950 --> 00:33:39,760  
concern that really set her off

955  
00:33:46,149 --> 00:33:42,960  
it was actually when they first observed

956  
00:33:47,350 --> 00:33:46,159  
the object hovering above the ocean and

957  
00:33:49,509 --> 00:33:47,360  
so this is the part that i don't think

958  
00:33:51,190 --> 00:33:49,519  
favorite flavor i believe has said it

959  
00:33:52,789 --> 00:33:51,200  
was like a ping-pong ball bouncing

960  
00:33:54,789 --> 00:33:52,799  
around

961  
00:33:57,909 --> 00:33:54,799  
what she told me was a little more

962  
00:34:00,149 --> 00:33:57,919  
dramatic and that's what unnerved her

963  
00:34:02,630 --> 00:34:00,159

was that this thing is exactly what i

964

00:34:06,070 --> 00:34:02,640

think we kind of briefly talked about is

965

00:34:08,230 --> 00:34:06,080

it was moving in instantaneous

966

00:34:10,310 --> 00:34:08,240

acute angles

967

00:34:11,470 --> 00:34:10,320

of truce angles

968

00:34:15,270 --> 00:34:11,480

um

969

00:34:18,310 --> 00:34:15,280

inconsistent with how we define flight

970

00:34:20,629 --> 00:34:18,320

and so this thing was was moving

971

00:34:22,069 --> 00:34:20,639

i like to say a bucket of minnows that's

972

00:34:23,990 --> 00:34:22,079

that's not and she didn't see any

973

00:34:24,869 --> 00:34:24,000

control surfaces so the moment you saw

974

00:34:26,310 --> 00:34:24,879

that

975

00:34:27,990 --> 00:34:26,320

um

976  
00:34:29,589 --> 00:34:28,000  
she realized

977  
00:34:31,190 --> 00:34:29,599  
one point that i've tried to make to

978  
00:34:33,349 --> 00:34:31,200  
people a lot is that it is erroneous to

979  
00:34:36,069 --> 00:34:33,359  
call these ufos as unidentified flying

980  
00:34:37,750 --> 00:34:36,079  
objects these true really bizarre cases

981  
00:34:40,069 --> 00:34:37,760  
ladies and gentlemen they're not flying

982  
00:34:42,950 --> 00:34:40,079  
by how we define flight

983  
00:34:45,669 --> 00:34:42,960  
they're not engaged in lift and thrust

984  
00:34:47,750 --> 00:34:45,679  
they lack the control surfaces they lack

985  
00:34:49,190 --> 00:34:47,760  
the angle of attack they lack the

986  
00:34:50,149 --> 00:34:49,200  
airfoil

987  
00:34:53,109 --> 00:34:50,159  
and

988  
00:34:56,310 --> 00:34:53,119

they are not performing consistent with

989

00:34:57,990 --> 00:34:56,320

what objects that have consistent mass

990

00:35:00,390 --> 00:34:58,000

do they're not influenced by that so

991

00:35:02,550 --> 00:35:00,400

that was the initial thing that really

992

00:35:04,069 --> 00:35:02,560

struck her and unnerved her because i

993

00:35:05,270 --> 00:35:04,079

think in her interview she says you know

994

00:35:07,670 --> 00:35:05,280

when commander fred was like i'm going

995

00:35:09,430 --> 00:35:07,680

to chase it she's like have at it dude

996

00:35:10,390 --> 00:35:09,440

because this thing is not moving like

997

00:35:14,470 --> 00:35:10,400

that

998

00:35:16,870 --> 00:35:14,480

intriguing there

999

00:35:17,910 --> 00:35:16,880

later on and these are all independent

1000

00:35:20,150 --> 00:35:17,920

um

1001  
00:35:22,230 --> 00:35:20,160  
later on when i i spoke

1002  
00:35:23,109 --> 00:35:22,240  
to gary voorhees which i think he spoke

1003  
00:35:24,310 --> 00:35:23,119  
to you

1004  
00:35:26,310 --> 00:35:24,320  
um

1005  
00:35:28,470 --> 00:35:26,320  
you know and he may have mentioned that

1006  
00:35:30,710 --> 00:35:28,480  
going up to like the smoke deck where

1007  
00:35:31,589 --> 00:35:30,720  
this was kind of this fun habit they

1008  
00:35:33,670 --> 00:35:31,599  
would do

1009  
00:35:35,750 --> 00:35:33,680  
see them on radar learn the bearing and

1010  
00:35:37,109 --> 00:35:35,760  
the heading run up to the big eyes

1011  
00:35:39,349 --> 00:35:37,119  
binoculars

1012  
00:35:42,870 --> 00:35:39,359  
and they would see these things doing

1013  
00:35:44,630 --> 00:35:42,880

exactly what she described in which is

1014

00:35:45,910 --> 00:35:44,640

instantaneous

1015

00:35:48,470 --> 00:35:45,920

movement

1016

00:35:50,390 --> 00:35:48,480

that doesn't seem to be affected by

1017

00:35:52,390 --> 00:35:50,400

objects with constant mass they're not

1018

00:35:53,589 --> 00:35:52,400

influenced by this

1019

00:35:55,829 --> 00:35:53,599

um

1020

00:35:57,349 --> 00:35:55,839

when i spoke to the naval air weapons

1021

00:35:58,630 --> 00:35:57,359

systems

1022

00:36:01,109 --> 00:35:58,640

electronic

1023

00:36:02,470 --> 00:36:01,119

weapon systems uh

1024

00:36:05,349 --> 00:36:02,480

operator

1025

00:36:06,790 --> 00:36:05,359

he described the same thing and this is

1026

00:36:08,230 --> 00:36:06,800

the and i try to make sure that all of

1027

00:36:10,310 --> 00:36:08,240

these interviews were on different

1028

00:36:11,190 --> 00:36:10,320

independent months apart you know some

1029

00:36:13,750 --> 00:36:11,200

of them

1030

00:36:15,270 --> 00:36:13,760

haven't wanted to come forward so

1031

00:36:17,670 --> 00:36:15,280

you do have to kind of weigh this thing

1032

00:36:19,670 --> 00:36:17,680

where are they playing off of each other

1033

00:36:21,910 --> 00:36:19,680

but in this case they all kept

1034

00:36:23,430 --> 00:36:21,920

describing the same thing

1035

00:36:26,470 --> 00:36:23,440

it is

1036

00:36:29,589 --> 00:36:26,480

something that's moving

1037

00:36:32,470 --> 00:36:29,599

rapidly in acute angles that is

1038

00:36:34,630 --> 00:36:32,480

inconsistent with how we define flight

1039

00:36:36,470 --> 00:36:34,640

uh chad underwood which unfortunately

1040

00:36:37,589 --> 00:36:36,480

and i mentioned to you this off camera i

1041

00:36:39,030 --> 00:36:37,599

want to make sure i didn't think that i

1042

00:36:41,589 --> 00:36:39,040

had this from me because had he been

1043

00:36:42,950 --> 00:36:41,599

able to get me a statement um

1044

00:36:44,150 --> 00:36:42,960

in time

1045

00:36:45,270 --> 00:36:44,160

we would have i would have given it to

1046

00:36:49,030 --> 00:36:45,280

you and we could have discussed it here

1047

00:36:51,589 --> 00:36:49,040

unfortunately uh i think chad just um

1048

00:36:52,950 --> 00:36:51,599

life and everything he was unable to but

1049

00:36:55,670 --> 00:36:52,960

he may still

1050

00:36:57,589 --> 00:36:55,680

provide a specific statement but uh you

1051

00:36:59,990 --> 00:36:57,599

pointed this out in our private

1052

00:37:02,470 --> 00:37:00,000

discussions that he described in his his

1053

00:37:03,910 --> 00:37:02,480

one known interview and you may have in

1054

00:37:05,589 --> 00:37:03,920

front of you

1055

00:37:07,190 --> 00:37:05,599

the the what we don't see in these

1056

00:37:08,950 --> 00:37:07,200

little brief clips

1057

00:37:11,550 --> 00:37:08,960

was this

1058

00:37:15,030 --> 00:37:11,560

bizarre erratic

1059

00:37:16,230 --> 00:37:15,040

instantaneous weird movements and ankles

1060

00:37:20,150 --> 00:37:16,240

and everything

1061

00:37:22,710 --> 00:37:20,160

so this strange pattern emerged

1062

00:37:25,510 --> 00:37:22,720

where you're not describing

1063

00:37:28,390 --> 00:37:25,520

something engaged in flight

1064

00:37:30,069 --> 00:37:28,400

and that i'm aware of because it's not

1065

00:37:31,910 --> 00:37:30,079

being bound and you mentioned that i

1066

00:37:33,910 --> 00:37:31,920

think that's very very important

1067

00:37:36,630 --> 00:37:33,920

you said but everything's

1068

00:37:37,670 --> 00:37:36,640

bound by the laws of physics i agree

1069

00:37:40,710 --> 00:37:37,680

and so

1070

00:37:42,230 --> 00:37:40,720

what are we talking about here obviously

1071

00:37:44,550 --> 00:37:42,240

there are

1072

00:37:46,230 --> 00:37:44,560

a lot of things that aren't aliens uh

1073

00:37:47,829 --> 00:37:46,240

holograms and you would probably know

1074

00:37:50,230 --> 00:37:47,839

this better to me but i believe that

1075

00:37:52,790 --> 00:37:50,240

there's a posit there's a potential you

1076  
00:37:54,790 --> 00:37:52,800  
could somehow use a hologram to do

1077  
00:37:56,630 --> 00:37:54,800  
something like this

1078  
00:37:58,150 --> 00:37:56,640  
radar no not really i don't think

1079  
00:38:00,069 --> 00:37:58,160  
conventional physics would allow for a

1080  
00:38:01,750 --> 00:38:00,079  
hologram in

1081  
00:38:04,390 --> 00:38:01,760  
broad daylight which would actually do

1082  
00:38:06,390 --> 00:38:04,400  
that because you can't project darkness

1083  
00:38:07,990 --> 00:38:06,400  
and opacity you can project light

1084  
00:38:09,190 --> 00:38:08,000  
essentially so

1085  
00:38:10,950 --> 00:38:09,200  
it's uh

1086  
00:38:13,589 --> 00:38:10,960  
seems seems unlikely

1087  
00:38:14,630 --> 00:38:13,599  
that uh well certainly

1088  
00:38:16,550 --> 00:38:14,640

some people say that it might be a

1089

00:38:17,750 --> 00:38:16,560

hologram around something but even that

1090

00:38:19,430 --> 00:38:17,760

doesn't it doesn't doesn't make much

1091

00:38:21,270 --> 00:38:19,440

sense from a conventional physics point

1092

00:38:22,790 --> 00:38:21,280

of view but of course you know in in

1093

00:38:24,550 --> 00:38:22,800

many people's minds conventional physics

1094

00:38:28,069 --> 00:38:24,560

is out of the water so

1095

00:38:32,310 --> 00:38:30,470

and i say that i brought up the hologram

1096

00:38:34,069 --> 00:38:32,320

because i'm just trying to think in my

1097

00:38:35,270 --> 00:38:34,079

mind how you could have a visual that

1098

00:38:37,670 --> 00:38:35,280

would be able to perform with these

1099

00:38:40,550 --> 00:38:37,680

different maneuvers but but you're right

1100

00:38:42,710 --> 00:38:40,560

i i spoke to uh you know defense experts

1101  
00:38:45,430 --> 00:38:42,720  
defense technology people and and they

1102  
00:38:46,950 --> 00:38:45,440  
said the same thing you did they're like

1103  
00:38:49,190 --> 00:38:46,960  
you're not gonna have a hologram that

1104  
00:38:51,670 --> 00:38:49,200  
can do this and tell me a hologram

1105  
00:38:53,829 --> 00:38:51,680  
that's gonna have a solid surface return

1106  
00:38:56,310 --> 00:38:53,839  
and and that was that was another key

1107  
00:38:58,710 --> 00:38:56,320  
point in the electronic systems warfare

1108  
00:39:00,870 --> 00:38:58,720  
specialist that i talked to is he said

1109  
00:39:03,349 --> 00:39:00,880  
um look man

1110  
00:39:05,589 --> 00:39:03,359  
we tracked him on on the spy one we

1111  
00:39:07,829 --> 00:39:05,599  
tracked him on the sps 49 we tracked him

1112  
00:39:10,310 --> 00:39:07,839  
on the sps 48

1113  
00:39:12,950 --> 00:39:10,320

when it came to the uss princeton's

1114

00:39:14,710 --> 00:39:12,960

ability to track electronic

1115

00:39:17,190 --> 00:39:14,720

signal data

1116

00:39:19,349 --> 00:39:17,200

he said we couldn't get it we couldn't

1117

00:39:21,190 --> 00:39:19,359

get electronics now i know pj hughes has

1118

00:39:23,750 --> 00:39:21,200

said that the uh

1119

00:39:25,430 --> 00:39:23,760

the e2 hawk guy which for anybody who's

1120

00:39:26,390 --> 00:39:25,440

not aware that's the

1121

00:39:28,390 --> 00:39:26,400

the big

1122

00:39:30,710 --> 00:39:28,400

aircraft air warning craft it's got the

1123

00:39:32,150 --> 00:39:30,720

big dome on top and so

1124

00:39:33,829 --> 00:39:32,160

uh

1125

00:39:35,349 --> 00:39:33,839

they potentially could have systems on

1126

00:39:37,829 --> 00:39:35,359

there that would have been more advanced

1127

00:39:39,270 --> 00:39:37,839

to to maybe pick up electronic signal

1128

00:39:41,990 --> 00:39:39,280

signature data

1129

00:39:43,430 --> 00:39:42,000

but um when i spoke with him when he

1130

00:39:44,470 --> 00:39:43,440

said it was picked up on these three

1131

00:39:46,710 --> 00:39:44,480

systems

1132

00:39:48,150 --> 00:39:46,720

um he said

1133

00:39:51,270 --> 00:39:48,160

he's exactly what was

1134

00:39:52,470 --> 00:39:51,280

dude it had skin and i'm like

1135

00:39:54,870 --> 00:39:52,480

what do you mean

1136

00:39:56,950 --> 00:39:54,880

you know and he said it's solid and so i

1137

00:39:58,790 --> 00:39:56,960

don't know how a hologram would do that

1138

00:40:00,950 --> 00:39:58,800

um

1139

00:40:02,310 --> 00:40:00,960

meaning signals bounced off it by the

1140

00:40:03,589 --> 00:40:02,320

radar bounced off it or whatever they

1141

00:40:05,670 --> 00:40:03,599

were using

1142

00:40:07,910 --> 00:40:05,680

yes the target but they didn't pick out

1143

00:40:09,510 --> 00:40:07,920

electronic signal data on it at least

1144

00:40:12,150 --> 00:40:09,520

from the princeton side and so that's

1145

00:40:13,109 --> 00:40:12,160

very curious but the hawkeye supposedly

1146

00:40:13,990 --> 00:40:13,119

did

1147

00:40:15,990 --> 00:40:14,000

um

1148

00:40:18,150 --> 00:40:16,000

and so i i i

1149

00:40:19,270 --> 00:40:18,160

wholeheartedly are agree and i think

1150

00:40:20,309 --> 00:40:19,280

that's something that you've said as

1151  
00:40:21,670 --> 00:40:20,319  
well is

1152  
00:40:24,550 --> 00:40:21,680  
we are

1153  
00:40:26,309 --> 00:40:24,560  
at the open source level you and i don't

1154  
00:40:27,349 --> 00:40:26,319  
have security classification nobody

1155  
00:40:30,309 --> 00:40:27,359  
called me

1156  
00:40:32,470 --> 00:40:30,319  
to analyze it um we are in an inter

1157  
00:40:34,550 --> 00:40:32,480  
information vacuum

1158  
00:40:38,309 --> 00:40:34,560  
but those uh

1159  
00:40:40,790 --> 00:40:38,319  
those particular interviews i will say

1160  
00:40:42,470 --> 00:40:40,800  
it really had an impact on me because

1161  
00:40:43,910 --> 00:40:42,480  
and it's hard to describe without i wish

1162  
00:40:45,589 --> 00:40:43,920  
you could show them on tv when i'm

1163  
00:40:47,510 --> 00:40:45,599

talking to them and how you set this up

1164

00:40:50,150 --> 00:40:47,520

to get this information but when you see

1165

00:40:51,670 --> 00:40:50,160

this consistency of what i consider

1166

00:40:53,430 --> 00:40:51,680

i agree with you

1167

00:40:55,109 --> 00:40:53,440

movement that is inconsistent with our

1168

00:40:56,790 --> 00:40:55,119

laws of physics

1169

00:40:59,589 --> 00:40:56,800

does it mean it's an alien spacecraft

1170

00:41:01,030 --> 00:40:59,599

absolutely not that that is a s that is

1171

00:41:02,069 --> 00:41:01,040

a jump

1172

00:41:05,430 --> 00:41:02,079

that

1173

00:41:07,430 --> 00:41:05,440

um

1174

00:41:10,069 --> 00:41:07,440

is it

1175

00:41:11,430 --> 00:41:10,079

something really maneuvering that way

1176

00:41:13,750 --> 00:41:11,440

i don't know

1177

00:41:15,589 --> 00:41:13,760

but it would seemingly appear on

1178

00:41:16,790 --> 00:41:15,599

multiple days based on these witness

1179

00:41:19,829 --> 00:41:16,800

testimonies

1180

00:41:21,670 --> 00:41:19,839

it is something that at least appears

1181

00:41:24,870 --> 00:41:21,680

like it is

1182

00:41:27,829 --> 00:41:24,880

describing it as an it as if this is one

1183

00:41:29,750 --> 00:41:27,839

thing doing this thing and from from my

1184

00:41:30,790 --> 00:41:29,760

perspective i've always thought of them

1185

00:41:32,470 --> 00:41:30,800

as being

1186

00:41:34,309 --> 00:41:32,480

separate events that might have some

1187

00:41:35,990 --> 00:41:34,319

connection but also might not have a

1188

00:41:38,309 --> 00:41:36,000

connection like if you start out with

1189

00:41:39,750 --> 00:41:38,319

what you originally saw it was multiple

1190

00:41:42,150 --> 00:41:39,760

targets

1191

00:41:44,870 --> 00:41:42,160

going south i think there was a as many

1192

00:41:46,550 --> 00:41:44,880

as three at one time going south at a

1193

00:41:49,510 --> 00:41:46,560

little more than wind speed if not if

1194

00:41:51,990 --> 00:41:49,520

not wind speed uh then you have like

1195

00:41:54,390 --> 00:41:52,000

radar targets that started but i think

1196

00:41:56,150 --> 00:41:54,400

it was 80 000 feet and dropped down to

1197

00:41:58,710 --> 00:41:56,160

or was it 28 000 feet i can't remember

1198

00:42:01,349 --> 00:41:58,720

exactly but they dropped down

1199

00:42:02,950 --> 00:42:01,359

uh so they said at a rate that was uh

1200

00:42:04,470 --> 00:42:02,960

basically impossible it would have been

1201  
00:42:06,309 --> 00:42:04,480  
hundreds of g's

1202  
00:42:08,309 --> 00:42:06,319  
uh it would be physically impossible for

1203  
00:42:10,470 --> 00:42:08,319  
something to do that

1204  
00:42:12,390 --> 00:42:10,480  
then you've got uh

1205  
00:42:15,109 --> 00:42:12,400  
and you've got

1206  
00:42:17,349 --> 00:42:15,119  
fravor's encounter

1207  
00:42:19,910 --> 00:42:17,359  
and uh

1208  
00:42:21,670 --> 00:42:19,920  
you you get the initial thing where he

1209  
00:42:23,589 --> 00:42:21,680  
sees a little white dot down by the

1210  
00:42:25,510 --> 00:42:23,599  
ocean with an ocean disturbance like

1211  
00:42:27,030 --> 00:42:25,520  
some kind of boiling water type thing

1212  
00:42:29,829 --> 00:42:27,040  
roiling water

1213  
00:42:31,990 --> 00:42:29,839

and it has this this ping pong thing

1214

00:42:33,910 --> 00:42:32,000

that the wing woman described as being

1215

00:42:35,670 --> 00:42:33,920

impossible angles being kind of

1216

00:42:37,030 --> 00:42:35,680

instantaneous changes in direction like

1217

00:42:39,589 --> 00:42:37,040

he was bouncing off something and you

1218

00:42:41,190 --> 00:42:39,599

said like like minnows i think i think

1219

00:42:41,990 --> 00:42:41,200

because fish can change direction very

1220

00:42:42,950 --> 00:42:42,000

quickly

1221

00:42:44,950 --> 00:42:42,960

yeah

1222

00:42:45,910 --> 00:42:44,960

because that they just been all over the

1223

00:42:46,870 --> 00:42:45,920

place

1224

00:42:50,630 --> 00:42:46,880

uh

1225

00:42:52,630 --> 00:42:50,640

then you've got fraver's next

1226

00:42:54,550 --> 00:42:52,640

description of what happened

1227

00:42:55,750 --> 00:42:54,560

which was essentially him flying in a

1228

00:42:58,710 --> 00:42:55,760

circle

1229

00:43:00,230 --> 00:42:58,720

and the craft uh from his perspective

1230

00:43:02,870 --> 00:43:00,240

being on the opposite side of that

1231

00:43:04,790 --> 00:43:02,880

circle and mirroring his motion and then

1232

00:43:05,510 --> 00:43:04,800

when he went down it went up and then

1233

00:43:07,109 --> 00:43:05,520

when

1234

00:43:10,630 --> 00:43:07,119

he went towards it

1235

00:43:13,109 --> 00:43:10,640

it zipped past him from his perspective

1236

00:43:14,309 --> 00:43:13,119

then you've got the uh uh chad

1237

00:43:17,109 --> 00:43:14,319

underwood's

1238

00:43:19,030 --> 00:43:17,119

uh video which is of something that from

1239

00:43:21,349 --> 00:43:19,040

what we see in the video

1240

00:43:23,750 --> 00:43:21,359

just looks like something that's flying

1241

00:43:25,349 --> 00:43:23,760

probably away from the plane and it kind

1242

00:43:26,870 --> 00:43:25,359

of gets a little bit closer it doesn't

1243

00:43:29,109 --> 00:43:26,880

really move i mean there's arguments

1244

00:43:30,630 --> 00:43:29,119

about whether it moves but i think

1245

00:43:31,670 --> 00:43:30,640

probably just the camera movement but

1246

00:43:33,109 --> 00:43:31,680

you know there's a big technical

1247

00:43:34,470 --> 00:43:33,119

argument about that

1248

00:43:36,230 --> 00:43:34,480

but i think it's i think it's fairly

1249

00:43:38,710 --> 00:43:36,240

clear that that's not moving so you've

1250

00:43:40,870 --> 00:43:38,720

got all these these different

1251  
00:43:43,349 --> 00:43:40,880  
things all these different things and

1252  
00:43:45,030 --> 00:43:43,359  
you try to say that we've got one object

1253  
00:43:47,190 --> 00:43:45,040  
that's doing these amazing things i mean

1254  
00:43:48,790 --> 00:43:47,200  
could it be that even within

1255  
00:43:50,230 --> 00:43:48,800  
the fravor encounter there could have

1256  
00:43:52,390 --> 00:43:50,240  
been more than one thing like they were

1257  
00:43:54,950 --> 00:43:52,400  
looking down they saw something in the

1258  
00:43:56,790 --> 00:43:54,960  
water or something near the water that

1259  
00:43:58,069 --> 00:43:56,800  
was was bouncing around

1260  
00:44:00,309 --> 00:43:58,079  
um

1261  
00:44:02,309 --> 00:44:00,319  
various things have been posited uh

1262  
00:44:04,550 --> 00:44:02,319  
somebody even mentioned seagulls

1263  
00:44:06,870 --> 00:44:04,560

uh as a responsibility

1264

00:44:10,630 --> 00:44:06,880

who what's that man

1265

00:44:11,829 --> 00:44:10,640

there's memes out there i have the video

1266

00:44:13,430 --> 00:44:11,839

yes

1267

00:44:15,430 --> 00:44:13,440

or all things like reflections off the

1268

00:44:16,950 --> 00:44:15,440

canopy for some kind of initial sighting

1269

00:44:18,230 --> 00:44:16,960

where you're looking and you think you

1270

00:44:19,990 --> 00:44:18,240

see something but you're actually not

1271

00:44:21,750 --> 00:44:20,000

seeing what you think you're seeing

1272

00:44:23,510 --> 00:44:21,760

then you fly down and perhaps you see

1273

00:44:25,349 --> 00:44:23,520

something else and you're not not seeing

1274

00:44:27,670 --> 00:44:25,359

what you think you're seeing like yeah

1275

00:44:29,589 --> 00:44:27,680

one one thing i suggested for the whole

1276

00:44:31,349 --> 00:44:29,599

encounter thing was that what fraber was

1277

00:44:32,790 --> 00:44:31,359

seeing when he was circling it was

1278

00:44:34,470 --> 00:44:32,800

something that wasn't on the other side

1279

00:44:35,990 --> 00:44:34,480

of the circle he was actually in the

1280

00:44:37,910 --> 00:44:36,000

middle of the circle and because he was

1281

00:44:39,510 --> 00:44:37,920

flying around the middle of the circle

1282

00:44:41,510 --> 00:44:39,520

it looked like this thing was mirroring

1283

00:44:43,430 --> 00:44:41,520

him and then when he flew towards it

1284

00:44:45,109 --> 00:44:43,440

because he thought it was over there

1285

00:44:47,430 --> 00:44:45,119

when it was actually halfway towards him

1286

00:44:49,109 --> 00:44:47,440

he had this this perception of intense

1287

00:44:51,829 --> 00:44:49,119

speed but then of course you've got the

1288

00:44:54,950 --> 00:44:51,839

account of his wing woman who to some

1289

00:44:57,109 --> 00:44:54,960

to some degree correlates what he saw so

1290

00:45:00,710 --> 00:44:57,119

i don't know what that was but was that

1291

00:45:02,630 --> 00:45:00,720

the same thing as these slowly drifting

1292

00:45:04,390 --> 00:45:02,640

uh things from a few days earlier was it

1293

00:45:06,309 --> 00:45:04,400

the same thing as the thing that popped

1294

00:45:08,230 --> 00:45:06,319

down from one level to another was it

1295

00:45:10,950 --> 00:45:08,240

the thing that instantly appeared at

1296

00:45:13,349 --> 00:45:10,960

their cap point their rendezvous point

1297

00:45:15,670 --> 00:45:13,359

later on the thing were these just

1298

00:45:17,270 --> 00:45:15,680

things that because people were

1299

00:45:19,109 --> 00:45:17,280

getting into this mindset of like oh

1300

00:45:21,030 --> 00:45:19,119

there's these weird things going on they

1301

00:45:22,390 --> 00:45:21,040

start looking and they start seeing oh

1302

00:45:23,670 --> 00:45:22,400

this is a weird thing is a weird thing

1303

00:45:25,349 --> 00:45:23,680

there's lots of weird things it's one

1304

00:45:26,309 --> 00:45:25,359

big weird thing

1305

00:45:29,270 --> 00:45:26,319

mm-hmm

1306

00:45:30,829 --> 00:45:29,280

well no and that's great point and i

1307

00:45:33,190 --> 00:45:30,839

definitely

1308

00:45:34,309 --> 00:45:33,200

um and i think you're very respectful

1309

00:45:36,230 --> 00:45:34,319

about that too i don't want to say

1310

00:45:37,910 --> 00:45:36,240

anybody's wrong and and that they're

1311

00:45:39,430 --> 00:45:37,920

everything there i will say there's

1312

00:45:41,030 --> 00:45:39,440

certain things there that i agree that

1313

00:45:44,150 --> 00:45:41,040

you that um

1314

00:45:46,390 --> 00:45:44,160

you kind of brought up that from my end

1315

00:45:48,470 --> 00:45:46,400

in interviewing some of these people

1316

00:45:50,870 --> 00:45:48,480

uh not gonna name names but there are

1317

00:45:53,190 --> 00:45:50,880

certain aspects that i think are out

1318

00:45:54,710 --> 00:45:53,200

there in the ether that i

1319

00:45:57,030 --> 00:45:54,720

don't lump

1320

00:45:59,030 --> 00:45:57,040

into that category of saying

1321

00:46:01,750 --> 00:45:59,040

this is good anecdotal evidence i

1322

00:46:03,750 --> 00:46:01,760

consider this eyewitness testimony to be

1323

00:46:07,589 --> 00:46:03,760

really good um

1324

00:46:09,109 --> 00:46:07,599

one of those is uh the cap point return

1325

00:46:10,390 --> 00:46:09,119

and i know that probably gonna make a

1326

00:46:12,790 --> 00:46:10,400

lot of people mad

1327

00:46:15,109 --> 00:46:12,800

but i'll just say in in my

1328

00:46:16,710 --> 00:46:15,119

speaking with people i'm not sure how

1329

00:46:20,710 --> 00:46:16,720

certain that is

1330

00:46:23,109 --> 00:46:20,720

uh and it fall it fell enough into

1331

00:46:25,990 --> 00:46:23,119

that category where we talk about where

1332

00:46:27,990 --> 00:46:26,000

this may be memory confounding

1333

00:46:29,670 --> 00:46:28,000

differing events and this type of stuff

1334

00:46:32,470 --> 00:46:29,680

so i don't know

1335

00:46:34,309 --> 00:46:32,480

it it could have but to me i've never

1336

00:46:36,550 --> 00:46:34,319

used that whole it's back at your cap

1337

00:46:38,150 --> 00:46:36,560

coin as being evidence because i just

1338

00:46:39,589 --> 00:46:38,160

haven't i haven't felt comfortable

1339

00:46:40,710 --> 00:46:39,599

enough to say that

1340

00:46:42,069 --> 00:46:40,720

the capital

1341

00:46:43,750 --> 00:46:42,079

return just for people who don't know

1342

00:46:45,510 --> 00:46:43,760

what that is that's when commander

1343

00:46:47,910 --> 00:46:45,520

fraser went out and he saw this he had

1344

00:46:49,750 --> 00:46:47,920

this encounter and then he had gone and

1345

00:46:52,790 --> 00:46:49,760

he was on his way back and you got

1346

00:46:55,430 --> 00:46:52,800

contacted by uh by someone a radar

1347

00:46:57,430 --> 00:46:55,440

controller or the whoever was in charge

1348

00:46:58,630 --> 00:46:57,440

of that type of thing is saying that

1349

00:47:00,710 --> 00:46:58,640

uh

1350

00:47:03,270 --> 00:47:00,720

from his account that it had reappeared

1351

00:47:05,109 --> 00:47:03,280

at his cap point which i think uh

1352

00:47:07,990 --> 00:47:05,119

something something combat air patrols

1353

00:47:09,670 --> 00:47:08,000

looks combat and i don't know what it is

1354

00:47:11,670 --> 00:47:09,680

but it's it's some place where they were

1355

00:47:14,470 --> 00:47:11,680

going it was a point they were going to

1356

00:47:16,870 --> 00:47:14,480

like go and then hold for a while

1357

00:47:18,710 --> 00:47:16,880

and there he said that it had reappeared

1358

00:47:20,230 --> 00:47:18,720

there in a way that it seemed like it

1359

00:47:21,829 --> 00:47:20,240

was either going so fast the rate i

1360

00:47:24,549 --> 00:47:21,839

couldn't track it or it teleported there

1361

00:47:26,950 --> 00:47:24,559

or something there so you you're saying

1362

00:47:30,309 --> 00:47:26,960

you think that was an unrelated event or

1363

00:47:32,069 --> 00:47:30,319

just like a conflation of memory somehow

1364

00:47:32,870 --> 00:47:32,079

i i'm just saying for me and that's what

1365

00:47:34,870 --> 00:47:32,880

i said

1366

00:47:36,950 --> 00:47:34,880

i try to be very very cautious about

1367

00:47:39,109 --> 00:47:36,960

what what if you'll notice the articles

1368

00:47:40,870 --> 00:47:39,119

that i did when i when i did the the

1369

00:47:43,349 --> 00:47:40,880

enlisted witnesses back in november

1370

00:47:44,150 --> 00:47:43,359

property mechanics i didn't discuss that

1371

00:47:46,870 --> 00:47:44,160

um

1372

00:47:48,710 --> 00:47:46,880

and that's simply because it i'm not

1373

00:47:51,430 --> 00:47:48,720

saying it's not true

1374

00:47:54,470 --> 00:47:51,440

it just didn't pass the test and when i

1375

00:47:56,349 --> 00:47:54,480

talked to people that i felt 100

1376

00:47:59,270 --> 00:47:56,359

confident that was an accurate

1377

00:48:01,349 --> 00:47:59,280

recollection in memory of those events

1378

00:48:02,150 --> 00:48:01,359

it could have teleported to the chat

1379

00:48:03,750 --> 00:48:02,160

point

1380

00:48:05,109 --> 00:48:03,760

it could have

1381

00:48:07,270 --> 00:48:05,119

um

1382

00:48:09,510 --> 00:48:07,280

some other contact yeah that's the other

1383

00:48:11,670 --> 00:48:09,520

thing is i'll just say when i

1384

00:48:14,390 --> 00:48:11,680

went through that it's one of these

1385

00:48:15,430 --> 00:48:14,400

things where as you look back 15 years

1386

00:48:16,710 --> 00:48:15,440

later

1387

00:48:18,230 --> 00:48:16,720

um

1388

00:48:20,870 --> 00:48:18,240

could could the object have passed

1389

00:48:23,030 --> 00:48:20,880

through this region that was a cap point

1390

00:48:25,510 --> 00:48:23,040

at some point in time

1391

00:48:27,750 --> 00:48:25,520

and then therefore

1392

00:48:28,950 --> 00:48:27,760

as you look back in it you go well it

1393

00:48:30,950 --> 00:48:28,960

wasn't the cap point it must have been

1394

00:48:32,630 --> 00:48:30,960

this and this and and

1395

00:48:33,990 --> 00:48:32,640

and and i really love all those guys i

1396

00:48:36,470 --> 00:48:34,000

think they're great salt of the earth

1397

00:48:38,069 --> 00:48:36,480

people gary kevin all of them they i

1398

00:48:40,069 --> 00:48:38,079

can't stress enough and you talked to

1399

00:48:41,910 --> 00:48:40,079

gary i was always been impressed by him

1400

00:48:43,190 --> 00:48:41,920

would he would sit there and

1401

00:48:44,870 --> 00:48:43,200

i would talk about systems he'd be like

1402

00:48:46,870 --> 00:48:44,880

oh no no you can't be that it's you know

1403

00:48:48,549 --> 00:48:46,880

he would know these systems

1404

00:48:49,910 --> 00:48:48,559

by the back of his hand

1405

00:48:51,750 --> 00:48:49,920

um

1406

00:48:53,589 --> 00:48:51,760

but when it came to that just that

1407

00:48:56,630 --> 00:48:53,599

particular

1408

00:48:57,349 --> 00:48:56,640

account do i think that anyone overtly

1409

00:48:59,510 --> 00:48:57,359

is

1410

00:49:01,270 --> 00:48:59,520

being deceptive there no i didn't i've

1411

00:49:03,390 --> 00:49:01,280

never detected deception with any of

1412

00:49:05,109 --> 00:49:03,400

these people do i think that there's

1413

00:49:05,910 --> 00:49:05,119

potential

1414

00:49:07,829 --> 00:49:05,920

that

1415

00:49:09,670 --> 00:49:07,839

you're out there for the weeks at time

1416

00:49:11,510 --> 00:49:09,680

could something at some point in time

1417

00:49:14,829 --> 00:49:11,520

they have passed through it and you just

1418

00:49:17,670 --> 00:49:14,839

bring this back into it kind of

1419

00:49:19,109 --> 00:49:17,680

really poisons that memory

1420

00:49:21,750 --> 00:49:19,119

and

1421

00:49:23,270 --> 00:49:21,760

the first to tell you i'm very nice i

1422

00:49:26,230 --> 00:49:23,280

still talk to them i think they're great

1423

00:49:27,030 --> 00:49:26,240

guys i don't turn to them necessarily

1424

00:49:28,069 --> 00:49:27,040

for

1425

00:49:29,510 --> 00:49:28,079

um

1426

00:49:32,309 --> 00:49:29,520

evidence and eyewitness testimony

1427

00:49:34,390 --> 00:49:32,319

anymore because it's no offense to them

1428

00:49:36,150 --> 00:49:34,400

but we all they they

1429

00:49:38,630 --> 00:49:36,160

just all the events and attention

1430

00:49:39,430 --> 00:49:38,640

they've gotten the past two years

1431

00:49:41,349 --> 00:49:39,440

um

1432

00:49:43,510 --> 00:49:41,359

i try to get them as fresh as possible

1433

00:49:45,030 --> 00:49:43,520

before you start getting everything and

1434

00:49:47,430 --> 00:49:45,040

that's why

1435

00:49:49,750 --> 00:49:47,440

it's unfortunate that some a lot of the

1436

00:49:51,270 --> 00:49:49,760

the good interest the the best testimony

1437

00:49:54,309 --> 00:49:51,280

i've got has come from people that i had

1438

00:49:55,750 --> 00:49:54,319

to track down who hadn't come out yet

1439

00:49:57,670 --> 00:49:55,760

but it's very important to me to get

1440

00:50:00,309 --> 00:49:57,680

corroborating evidence that hadn't told

1441

00:50:01,190 --> 00:50:00,319

the story time and time and time again

1442

00:50:02,790 --> 00:50:01,200

um

1443

00:50:04,549 --> 00:50:02,800

to see where you could corroborate

1444

00:50:05,270 --> 00:50:04,559

different things and so the

1445

00:50:07,109 --> 00:50:05,280

thing

1446

00:50:11,750 --> 00:50:07,119

i i

1447

00:50:13,510 --> 00:50:11,760

of right now i don't consider that to be

1448

00:50:16,470 --> 00:50:13,520

a significant

1449

00:50:18,790 --> 00:50:16,480

uh i wouldn't say i wouldn't bring that

1450

00:50:19,829 --> 00:50:18,800

in the court of law if the case depended

1451  
00:50:21,270 --> 00:50:19,839  
on that

1452  
00:50:24,150 --> 00:50:21,280  
um

1453  
00:50:25,589 --> 00:50:24,160  
so it's in a way like you know you're

1454  
00:50:27,750 --> 00:50:25,599  
talking about

1455  
00:50:29,750 --> 00:50:27,760  
not interviewing people after they've

1456  
00:50:31,510 --> 00:50:29,760  
told the same story for years and years

1457  
00:50:33,190 --> 00:50:31,520  
and in a way and multiple people have

1458  
00:50:35,510 --> 00:50:33,200  
told the story and do you get kind of

1459  
00:50:37,510 --> 00:50:35,520  
like crosstalk in a way like

1460  
00:50:38,950 --> 00:50:37,520  
one person's story infects another

1461  
00:50:40,470 --> 00:50:38,960  
person's story

1462  
00:50:43,190 --> 00:50:40,480  
and i'm thinking here of

1463  
00:50:45,510 --> 00:50:43,200

underwood to a degree uh chad underwood

1464

00:50:47,109 --> 00:50:45,520

is the guy who took the video the fleur

1465

00:50:49,910 --> 00:50:47,119

video after

1466

00:50:51,589 --> 00:50:49,920

uh fravo went out there and he gave an

1467

00:50:53,030 --> 00:50:51,599

an interview that's in the intelligence

1468

00:50:55,430 --> 00:50:53,040

and magazine

1469

00:50:57,349 --> 00:50:55,440

and in it he's talking about

1470

00:50:58,710 --> 00:50:57,359

the object making sudden movements and

1471

00:51:00,390 --> 00:50:58,720

he says that's what caught my eye like

1472

00:51:01,589 --> 00:51:00,400

it you know contradict the laws of

1473

00:51:04,230 --> 00:51:01,599

physics

1474

00:51:06,710 --> 00:51:04,240

and and it mentions like in the same

1475

00:51:09,510 --> 00:51:06,720

paragraph that it dropped from 80 000

1476

00:51:11,589 --> 00:51:09,520

feet to 500 feet but i don't think

1477

00:51:13,430 --> 00:51:11,599

that's something that he personally saw

1478

00:51:14,390 --> 00:51:13,440

that particular thing the the 80 000

1479

00:51:17,190 --> 00:51:14,400

feet that's something that you know

1480

00:51:18,950 --> 00:51:17,200

kevin day observed on the radar

1481

00:51:20,390 --> 00:51:18,960

so it almost seemed to me like and this

1482

00:51:22,390 --> 00:51:20,400

is something i wanted you to clarify

1483

00:51:24,790 --> 00:51:22,400

with him if you could talk to him

1484

00:51:27,670 --> 00:51:24,800

is if he was kind of

1485

00:51:29,589 --> 00:51:27,680

blending in things that people had told

1486

00:51:31,190 --> 00:51:29,599

him or even things that he'd read about

1487

00:51:33,109 --> 00:51:31,200

or seen on tv

1488

00:51:34,790 --> 00:51:33,119

that people like other people's accounts

1489

00:51:37,349 --> 00:51:34,800

like fraber's accounts

1490

00:51:38,309 --> 00:51:37,359

of the ping-pong could in a way kind of

1491

00:51:40,630 --> 00:51:38,319

um

1492

00:51:43,510 --> 00:51:40,640

infect his not his recollection but his

1493

00:51:45,430 --> 00:51:43,520

retelling of it even subconsciously

1494

00:51:47,589 --> 00:51:45,440

even though he's he's telling it as if

1495

00:51:49,349 --> 00:51:47,599

it's from his perspective he's also

1496

00:51:50,870 --> 00:51:49,359

telling it from a broader perspective

1497

00:51:52,630 --> 00:51:50,880

like he's he's incorporating other

1498

00:51:54,390 --> 00:51:52,640

people's stories and

1499

00:51:55,589 --> 00:51:54,400

did that seem

1500

00:51:58,710 --> 00:51:55,599

i mean i guess we'll have to talk to

1501  
00:52:01,750 --> 00:51:58,720  
chad and ask him but i have to talk yeah

1502  
00:52:03,670 --> 00:52:01,760  
and um you know i understand like i said

1503  
00:52:05,910 --> 00:52:03,680  
i think he has always i think from the

1504  
00:52:08,150 --> 00:52:05,920  
get-go kind of shied away from it and i

1505  
00:52:11,829 --> 00:52:08,160  
don't think it's because he doesn't

1506  
00:52:14,790 --> 00:52:11,839  
believe everything that went on there um

1507  
00:52:16,630 --> 00:52:14,800  
and i i would say that

1508  
00:52:18,230 --> 00:52:16,640  
let's go to what he said what was

1509  
00:52:20,150 --> 00:52:18,240  
interesting to me about what chad said

1510  
00:52:22,630 --> 00:52:20,160  
when he came out in the intelligence sir

1511  
00:52:25,030 --> 00:52:22,640  
uh in new york magazine was it was

1512  
00:52:26,230 --> 00:52:25,040  
strikingly remarkable to me because

1513  
00:52:28,069 --> 00:52:26,240

there was a lot of contention and i know

1514

00:52:30,230 --> 00:52:28,079

you've brought this up about a longer

1515

00:52:31,589 --> 00:52:30,240

video and who had seen what

1516

00:52:33,829 --> 00:52:31,599

and so

1517

00:52:36,870 --> 00:52:33,839

it was consistent with what

1518

00:52:38,790 --> 00:52:36,880

i some other people had talked about and

1519

00:52:40,390 --> 00:52:38,800

and in fact fravor's wing woman had said

1520

00:52:42,390 --> 00:52:40,400

with this bucket of minnows darting

1521

00:52:44,470 --> 00:52:42,400

around and so i found it very compelling

1522

00:52:47,910 --> 00:52:44,480

but you're right uh we would need to

1523

00:52:50,390 --> 00:52:47,920

talk to him and and say is this what you

1524

00:52:52,309 --> 00:52:50,400

saw on the radar screen

1525

00:52:53,510 --> 00:52:52,319

or on the atlear screen

1526

00:52:55,910 --> 00:52:53,520

um

1527

00:52:57,670 --> 00:52:55,920

that formed that that

1528

00:53:00,069 --> 00:52:57,680

his description

1529

00:53:02,309 --> 00:53:00,079

was very consistent with the other

1530

00:53:05,750 --> 00:53:02,319

descriptions that were given there

1531

00:53:08,150 --> 00:53:05,760

um because of his lack of involvement

1532

00:53:09,589 --> 00:53:08,160

with um

1533

00:53:11,030 --> 00:53:09,599

the rest of everybody who's been

1534

00:53:12,710 --> 00:53:11,040

involved and kind of going on the news

1535

00:53:14,710 --> 00:53:12,720

or doing things

1536

00:53:17,030 --> 00:53:14,720

i i just don't know you're right

1537

00:53:17,829 --> 00:53:17,040

it would be reckless of me

1538

00:53:19,670 --> 00:53:17,839

to

1539

00:53:21,349 --> 00:53:19,680

form an actual conclusion because i

1540

00:53:24,549 --> 00:53:21,359

don't know how much chad underwood has

1541

00:53:26,549 --> 00:53:24,559

paid attention to this and um

1542

00:53:28,630 --> 00:53:26,559

so i don't know how much influence that

1543

00:53:30,150 --> 00:53:28,640

would be in it um

1544

00:53:32,150 --> 00:53:30,160

and again

1545

00:53:34,390 --> 00:53:32,160

what's interesting to me with this and i

1546

00:53:35,589 --> 00:53:34,400

came into this um

1547

00:53:36,870 --> 00:53:35,599

you know a year ago when i said all

1548

00:53:38,309 --> 00:53:36,880

right i'm going to seriously investigate

1549

00:53:39,270 --> 00:53:38,319

this in general

1550

00:53:41,109 --> 00:53:39,280

um

1551  
00:53:42,710 --> 00:53:41,119  
it wasn't just limited to the nimitz and

1552  
00:53:45,109 --> 00:53:42,720  
i know we said we

1553  
00:53:46,710 --> 00:53:45,119  
talked beforehand is that i have very

1554  
00:53:49,190 --> 00:53:46,720  
very very limited involvement with the

1555  
00:53:50,790 --> 00:53:49,200  
2015 events i i choose not to talk about

1556  
00:53:52,230 --> 00:53:50,800  
them because i think that's reckless to

1557  
00:53:53,589 --> 00:53:52,240  
talk about it with such limited

1558  
00:53:55,349 --> 00:53:53,599  
information

1559  
00:53:58,630 --> 00:53:55,359  
but it was

1560  
00:54:01,510 --> 00:53:58,640  
some of what these people have described

1561  
00:54:02,390 --> 00:54:01,520  
i was really really surprised mick to

1562  
00:54:04,870 --> 00:54:02,400  
see

1563  
00:54:06,950 --> 00:54:04,880

this was not just an isolated event in

1564

00:54:09,430 --> 00:54:06,960

2004

1565

00:54:10,549 --> 00:54:09,440

and i mean down to the point of the the

1566

00:54:12,390 --> 00:54:10,559

weird

1567

00:54:13,589 --> 00:54:12,400

angled movements

1568

00:54:17,349 --> 00:54:13,599

and

1569

00:54:19,109 --> 00:54:17,359

shape of objects color of objects uh

1570

00:54:21,990 --> 00:54:19,119

you know there was one that i hope to

1571

00:54:23,910 --> 00:54:22,000

maybe bring out an article with uh about

1572

00:54:26,150 --> 00:54:23,920

the loring air force base one so there's

1573

00:54:29,349 --> 00:54:26,160

these weird cases that go out there and

1574

00:54:31,190 --> 00:54:29,359

that was in 1975.

1575

00:54:34,630 --> 00:54:31,200

there's these weird cases where you see

1576

00:54:36,950 --> 00:54:34,640

this strange kind of similar pattern

1577

00:54:38,630 --> 00:54:36,960

with what we would call unidentified

1578

00:54:41,190 --> 00:54:38,640

flying objects

1579

00:54:43,829 --> 00:54:41,200

uh which i contend aren't flying

1580

00:54:47,990 --> 00:54:43,839

of these strange

1581

00:54:49,829 --> 00:54:48,000

zipping around angles and

1582

00:54:51,349 --> 00:54:49,839

they're not flying

1583

00:54:53,109 --> 00:54:51,359

and so i agree wholeheartedly with you

1584

00:54:54,630 --> 00:54:53,119

when you say yeah i hear what they're

1585

00:54:58,630 --> 00:54:54,640

saying but ladies and gentlemen that

1586

00:55:01,510 --> 00:54:58,640

doesn't fit our physics now i agree i i

1587

00:55:03,670 --> 00:55:01,520

will no there there's absolutely zero

1588

00:55:06,549 --> 00:55:03,680

you won't sit here and have me say it

1589

00:55:09,109 --> 00:55:06,559

fits our physics and in fact you don't

1590

00:55:11,750 --> 00:55:09,119

hear me go down the rabbit hole i got

1591

00:55:14,390 --> 00:55:11,760

another plug of um

1592

00:55:18,230 --> 00:55:14,400

trying to say that this is anti-gravity

1593

00:55:21,589 --> 00:55:18,240

technology both secret and or alien

1594

00:55:24,710 --> 00:55:21,599

i take this nuanced view that we're

1595

00:55:27,349 --> 00:55:24,720

potentially looking at something

1596

00:55:28,950 --> 00:55:27,359

very very complex

1597

00:55:32,710 --> 00:55:28,960

and it may not be able to be easily

1598

00:55:33,510 --> 00:55:32,720

simplified and it may not be new to 2004

1599

00:55:35,589 --> 00:55:33,520

um

1600

00:55:37,829 --> 00:55:35,599

it may be something that's long standing

1601  
00:55:40,309 --> 00:55:37,839  
and i think that's where my continued

1602  
00:55:41,829 --> 00:55:40,319  
interest has gone into this

1603  
00:55:43,910 --> 00:55:41,839  
um

1604  
00:55:45,430 --> 00:55:43,920  
going down to recently and i you know if

1605  
00:55:46,470 --> 00:55:45,440  
this is something you want to discuss is

1606  
00:55:59,510 --> 00:55:46,480  
i

1607  
00:56:02,950 --> 00:55:59,520  
what ended project blue book and

1608  
00:56:05,349 --> 00:56:02,960  
everything was the condon report in 1969

1609  
00:56:08,390 --> 00:56:05,359  
and i i don't fault anybody for not

1610  
00:56:10,630 --> 00:56:08,400  
reading all 1426 pages i'm a nerd i'll

1611  
00:56:12,870 --> 00:56:10,640  
admit it and and

1612  
00:56:15,430 --> 00:56:12,880  
i was really i'll tell you me

1613  
00:56:16,870 --> 00:56:15,440

i was surprised at

1614

00:56:18,789 --> 00:56:16,880

two things

1615

00:56:21,349 --> 00:56:18,799

my impression

1616

00:56:23,270 --> 00:56:21,359

of what was said in that report versus

1617

00:56:25,910 --> 00:56:23,280

what was reported to that report had

1618

00:56:27,430 --> 00:56:25,920

said in the news media even following

1619

00:56:28,950 --> 00:56:27,440

that time

1620

00:56:31,349 --> 00:56:28,960

i was really surprised that their

1621

00:56:33,670 --> 00:56:31,359

conclusion was ultimately they didn't

1622

00:56:36,710 --> 00:56:33,680

see any scientific or national security

1623

00:56:37,829 --> 00:56:36,720

value of continuing to study this but

1624

00:56:40,390 --> 00:56:37,839

yet

1625

00:56:44,069 --> 00:56:40,400

acknowledge the limitations

1626  
00:56:46,950 --> 00:56:44,079  
in optical and atmospheric science and

1627  
00:56:49,270 --> 00:56:46,960  
in the value statement they said

1628  
00:56:50,309 --> 00:56:49,280  
this conclusion may not hold for all

1629  
00:56:52,069 --> 00:56:50,319  
time

1630  
00:56:52,870 --> 00:56:52,079  
and i found it very interesting to add

1631  
00:56:53,990 --> 00:56:52,880  
that

1632  
00:56:56,230 --> 00:56:54,000  
um

1633  
00:56:58,230 --> 00:56:56,240  
and i'll just say

1634  
00:56:59,430 --> 00:56:58,240  
real quick before you before you

1635  
00:57:01,349 --> 00:56:59,440  
rebuttal that

1636  
00:57:03,030 --> 00:57:01,359  
is that i think before i i think one of

1637  
00:57:04,710 --> 00:57:03,040  
the interests most interesting things

1638  
00:57:05,589 --> 00:57:04,720

that i found there and didn't expect to

1639

00:57:06,710 --> 00:57:05,599

see

1640

00:57:09,750 --> 00:57:06,720

was

1641

00:57:11,030 --> 00:57:09,760

where i could find a conclusion where

1642

00:57:13,589 --> 00:57:11,040

they

1643

00:57:15,670 --> 00:57:13,599

said uh you know

1644

00:57:17,270 --> 00:57:15,680

clearly prosaic explanations couldn't be

1645

00:57:20,789 --> 00:57:17,280

completely ruled out

1646

00:57:23,270 --> 00:57:20,799

however the most probable

1647

00:57:25,589 --> 00:57:23,280

conclusion based on everything

1648

00:57:28,150 --> 00:57:25,599

was a intelligently controlled

1649

00:57:29,589 --> 00:57:28,160

mechanical device of unknown origin

1650

00:57:32,309 --> 00:57:29,599

that's weird

1651

00:57:35,589 --> 00:57:32,319

that's a weird thing for them to say

1652

00:57:38,549 --> 00:57:35,599

and that was their conclusion

1653

00:57:42,309 --> 00:57:38,559

and so you know for me

1654

00:57:45,510 --> 00:57:42,319

they could have explained uh 11 999 but

1655

00:57:47,430 --> 00:57:45,520

that one there that they decided was

1656

00:57:49,030 --> 00:57:47,440

most likely a mechanical device of

1657

00:57:51,589 --> 00:57:49,040

unknown origin

1658

00:57:55,670 --> 00:57:51,599

that's interesting and so

1659

00:57:57,109 --> 00:57:55,680

where did that come out uh 1969 is when

1660

00:58:00,470 --> 00:57:57,119

it was released and that's why i say

1661

00:58:02,230 --> 00:58:00,480

that i think people have uh if you

1662

00:58:04,870 --> 00:58:02,240

if you spend a lot of time looking at

1663

00:58:08,470 --> 00:58:04,880

that what you'll see is that it was

1664

00:58:09,910 --> 00:58:08,480

submitted uh in november of 1968 the

1665

00:58:11,270 --> 00:58:09,920

county report was submitted it went

1666

00:58:14,309 --> 00:58:11,280

through peer review

1667

00:58:16,150 --> 00:58:14,319

uh it was actually not formally publicly

1668

00:58:19,190 --> 00:58:16,160

released until

1669

00:58:22,230 --> 00:58:19,200

uh late january 1969 however it was

1670

00:58:23,910 --> 00:58:22,240

reported in the news and in fact famed

1671

00:58:25,910 --> 00:58:23,920

science writer walter sullivan with the

1672

00:58:27,910 --> 00:58:25,920

new york times reported on it in january

1673

00:58:29,589 --> 00:58:27,920

7th so a month before the actual report

1674

00:58:31,829 --> 00:58:29,599

came out

1675

00:58:34,390 --> 00:58:31,839

it had been reported in the news

1676

00:58:37,349 --> 00:58:34,400

of what the conclusions were

1677

00:58:38,549 --> 00:58:37,359

and i think if you looked at it though

1678

00:58:40,950 --> 00:58:38,559

and i

1679

00:58:43,430 --> 00:58:40,960

i'm not saying that they said

1680

00:58:45,910 --> 00:58:43,440

these are aliens i just said that they

1681

00:58:48,950 --> 00:58:45,920

acknowledged they hadn't

1682

00:58:50,710 --> 00:58:48,960

come to a conclusion here i think uh

1683

00:58:53,030 --> 00:58:50,720

sometimes the tech the

1684

00:58:55,430 --> 00:58:53,040

vocabulary and the phrasing that you get

1685

00:58:57,510 --> 00:58:55,440

in these uh official reports

1686

00:58:59,829 --> 00:58:57,520

sometimes gives an impression that

1687

00:59:01,270 --> 00:58:59,839

perhaps wasn't the intent

1688

00:59:03,430 --> 00:59:01,280

of the impression

1689

00:59:06,390 --> 00:59:03,440

like for example we mentioned

1690

00:59:10,069 --> 00:59:06,400

unidentified aerial phenomenon

1691

00:59:11,589 --> 00:59:10,079

and i had one guy a a journalist of

1692

00:59:12,630 --> 00:59:11,599

long-standing who's been writing about

1693

00:59:15,750 --> 00:59:12,640

this stuff

1694

00:59:17,030 --> 00:59:15,760

for a long time who was saying mick why

1695

00:59:19,030 --> 00:59:17,040

did they why do they call it a

1696

00:59:21,030 --> 00:59:19,040

phenomenon if it's not something

1697

00:59:23,750 --> 00:59:21,040

phenomenal

1698

00:59:26,230 --> 00:59:23,760

he was he was thinking that phenomena

1699

00:59:27,990 --> 00:59:26,240

meant something that was uh something

1700

00:59:29,510 --> 00:59:28,000

incredible and amazing and outside of

1701  
00:59:32,150 --> 00:59:29,520  
our understanding like monsters and

1702  
00:59:33,190 --> 00:59:32,160  
aliens and magic and things like that

1703  
00:59:36,230 --> 00:59:33,200  
when

1704  
00:59:38,390 --> 00:59:36,240  
obviously unidentified aerial phenomena

1705  
00:59:40,870 --> 00:59:38,400  
uh from just their perspective it just

1706  
00:59:42,390 --> 00:59:40,880  
means something that happened

1707  
00:59:44,309 --> 00:59:42,400  
it's the phenomena that happen it's an

1708  
00:59:45,750 --> 00:59:44,319  
unidentified aerial thing

1709  
00:59:46,870 --> 00:59:45,760  
it's just phenomenal sounds a bit better

1710  
00:59:48,390 --> 00:59:46,880  
than a thing

1711  
00:59:50,150 --> 00:59:48,400  
uh so it's either

1712  
00:59:53,109 --> 00:59:50,160  
it's either like it means that they're

1713  
00:59:55,829 --> 00:59:53,119

not ruling out things like

1714

00:59:57,910 --> 00:59:55,839

uh like like lights in the sky that are

1715

00:59:59,589 --> 00:59:57,920

a venus it's not it's necessarily a

1716

01:00:00,870 --> 00:59:59,599

flying object it could be some like

1717

01:00:02,789 --> 01:00:00,880

optical thing it could be something

1718

01:00:04,390 --> 01:00:02,799

wrong with the camera uh things like

1719

01:00:06,150 --> 01:00:04,400

that so these are phenomena my physical

1720

01:00:08,390 --> 01:00:06,160

phenomena is you know water boiling at

1721

01:00:11,109 --> 01:00:08,400

100 degrees is a physical phenomena so

1722

01:00:13,349 --> 01:00:11,119

it's not it's not uh

1723

01:00:14,789 --> 01:00:13,359

it doesn't mean what

1724

01:00:18,230 --> 01:00:14,799

some people might take it to mean and

1725

01:00:20,549 --> 01:00:18,240

then the description you gave of a

1726

01:00:23,430 --> 01:00:20,559

uh an intelligently controlled

1727

01:00:25,750 --> 01:00:23,440

mechanical device of unknown origin

1728

01:00:27,990 --> 01:00:25,760

sounds really weird

1729

01:00:30,789 --> 01:00:28,000

uh if you kind of come at it from a

1730

01:00:31,510 --> 01:00:30,799

perspective of like aliens might be real

1731

01:00:33,030 --> 01:00:31,520

but

1732

01:00:34,390 --> 01:00:33,040

if if they were coming from a

1733

01:00:37,829 --> 01:00:34,400

perspective but they didn't really think

1734

01:00:39,270 --> 01:00:37,839

it was possibly aliens but uh then you

1735

01:00:40,950 --> 01:00:39,280

know they could be just thinking what

1736

01:00:42,630 --> 01:00:40,960

term should we use to encompass a wide

1737

01:00:44,549 --> 01:00:42,640

range of things

1738

01:00:46,390 --> 01:00:44,559

that would include remote controlled

1739

01:00:47,910 --> 01:00:46,400

aircraft uh

1740

01:00:49,349 --> 01:00:47,920

perhaps perhaps balloons i don't know if

1741

01:00:51,829 --> 01:00:49,359

that would be mechanically controlled

1742

01:00:52,710 --> 01:00:51,839

but remote controlled aircraft

1743

01:00:53,510 --> 01:00:52,720

uh

1744

01:00:55,750 --> 01:00:53,520

like

1745

01:00:57,430 --> 01:00:55,760

yeah aircraft is controlled by some kind

1746

01:00:59,190 --> 01:00:57,440

of clockwork mechanism they had they had

1747

01:01:02,549 --> 01:00:59,200

things like that before

1748

01:01:04,630 --> 01:01:02,559

uh or or aircraft that have people on

1749

01:01:05,910 --> 01:01:04,640

them controlling it so they wanted a

1750

01:01:08,309 --> 01:01:05,920

term that would encompass multiple

1751

01:01:10,069 --> 01:01:08,319

things like the uap thing because that

1752

01:01:10,950 --> 01:01:10,079

encompasses multiple things and if you

1753

01:01:12,390 --> 01:01:10,960

look at the

1754

01:01:13,589 --> 01:01:12,400

the navies

1755

01:01:14,710 --> 01:01:13,599

you know they've given various

1756

01:01:17,430 --> 01:01:14,720

statements one of the statements they

1757

01:01:19,910 --> 01:01:17,440

gave about what a uap might be they said

1758

01:01:21,750 --> 01:01:19,920

it might be a plane it might be a drone

1759

01:01:24,950 --> 01:01:21,760

it might be a balloon

1760

01:01:27,270 --> 01:01:24,960

so they have a term that encompasses a

1761

01:01:28,789 --> 01:01:27,280

range of things

1762

01:01:30,470 --> 01:01:28,799

but people take it to mean something a

1763

01:01:32,789 --> 01:01:30,480

bit more specific

1764

01:01:35,349 --> 01:01:32,799

they take this this this open-endedness

1765

01:01:37,270 --> 01:01:35,359

of it as being that there's something

1766

01:01:38,950 --> 01:01:37,280

unknown there

1767

01:01:39,990 --> 01:01:38,960

where did they say that

1768

01:01:42,470 --> 01:01:40,000

the the

1769

01:01:44,309 --> 01:01:42,480

this the balloon drone and plane thing

1770

01:01:46,309 --> 01:01:44,319

because i'm not familiar with that yeah

1771

01:01:48,549 --> 01:01:46,319

there's two places i think where it came

1772

01:01:51,910 --> 01:01:48,559

up uh one is in

1773

01:01:54,390 --> 01:01:51,920

the i think it's the 1918 form that

1774

01:01:55,829 --> 01:01:54,400

elizondo used to get it declassified he

1775

01:01:58,069 --> 01:01:55,839

mentioned it there but there's al it's

1776

01:02:01,990 --> 01:01:58,079

also i think it was mentioned by

1777

01:02:05,829 --> 01:02:04,150

when he was mentioning things

1778

01:02:07,430 --> 01:02:05,839

like that i would have to check on that

1779

01:02:09,990 --> 01:02:07,440

but certainly it was definitely in that

1780

01:02:12,309 --> 01:02:10,000

declassification form like you know uaps

1781

01:02:15,829 --> 01:02:12,319

for example um

1782

01:02:17,270 --> 01:02:15,839

balloons drones or aircraft

1783

01:02:18,710 --> 01:02:17,280

sure and i don't mind talking about that

1784

01:02:21,270 --> 01:02:18,720

one yeah because i'm unaware of

1785

01:02:23,270 --> 01:02:21,280

gratitude because i've i've pushed um

1786

01:02:25,750 --> 01:02:23,280

not as much graduate but susan go now

1787

01:02:28,710 --> 01:02:25,760

who who handles uh out of the other very

1788

01:02:31,349 --> 01:02:28,720

navy spokesman yes

1789

01:02:34,710 --> 01:02:31,359

okay the poor the poor woman who's been

1790

01:02:38,470 --> 01:02:36,549

yeah i'm unfamiliar with them defining

1791

01:02:39,589 --> 01:02:38,480

it is that uh i'd have to look through

1792

01:02:41,349 --> 01:02:39,599

it i don't think it was a formal

1793

01:02:43,109 --> 01:02:41,359

definition i think he was i think he

1794

01:02:45,990 --> 01:02:43,119

gave us examples of because he was

1795

01:02:47,109 --> 01:02:46,000

talking about um i think he was it was

1796

01:02:48,630 --> 01:02:47,119

during the period where he was kind of

1797

01:02:50,470 --> 01:02:48,640

surprised at the reaction everything was

1798

01:02:52,870 --> 01:02:50,480

getting and he was he was trying to say

1799

01:02:54,789 --> 01:02:52,880

no we just mean things like you know

1800

01:02:57,270 --> 01:02:54,799

uh airspace incursions which might be

1801

01:02:58,789 --> 01:02:57,280

drones or uh or planes i don't know if

1802

01:03:00,710 --> 01:02:58,799

you mentioned balloons but i might be

1803

01:03:02,549 --> 01:03:00,720

just getting that from the form but i'm

1804

01:03:04,630 --> 01:03:02,559

pretty sure he mentioned drones so i you

1805

01:03:06,549 --> 01:03:04,640

know my point is really that the

1806

01:03:08,789 --> 01:03:06,559

that they're covering their bases with

1807

01:03:09,829 --> 01:03:08,799

these things uh but i don't think their

1808

01:03:12,789 --> 01:03:09,839

bases

1809

01:03:14,870 --> 01:03:12,799

really include uh you know some kind of

1810

01:03:16,470 --> 01:03:14,880

alien type thing

1811

01:03:18,390 --> 01:03:16,480

well i

1812

01:03:19,750 --> 01:03:18,400

we agree on one thing and that for

1813

01:03:22,390 --> 01:03:19,760

certain i actually call it a lot of

1814

01:03:24,870 --> 01:03:22,400

things is it i think it is

1815

01:03:27,029 --> 01:03:24,880

it's just a false dichotomy and it's

1816

01:03:27,829 --> 01:03:27,039

it's wrong-headed from anybody's side i

1817

01:03:30,309 --> 01:03:27,839

think

1818

01:03:33,510 --> 01:03:30,319

you're a skeptic or quote believer to

1819

01:03:36,390 --> 01:03:33,520

automatically assume that uap ufo

1820

01:03:37,430 --> 01:03:36,400

equates to alien okay so i i have never

1821

01:03:41,029 --> 01:03:37,440

i don't

1822

01:03:44,309 --> 01:03:41,039

all i'm trying to say that i do believe

1823

01:03:48,950 --> 01:03:44,319

it represents potentially a more complex

1824

01:03:55,270 --> 01:03:51,910

answered easily but uh you're right

1825

01:03:56,710 --> 01:03:55,280

anybody if you jump into aliens they're

1826

01:03:58,150 --> 01:03:56,720

i'll just say and looking at all of it

1827

01:03:59,589 --> 01:03:58,160

and talking to these people who even

1828

01:04:02,069 --> 01:03:59,599

look at this stuff right now in

1829

01:04:04,549 --> 01:04:02,079

government i have not heard one of them

1830

01:04:05,829 --> 01:04:04,559

say alien um

1831

01:04:08,390 --> 01:04:05,839

but um

1832

01:04:10,549 --> 01:04:08,400

as far as the form 1910 i i don't mind

1833

01:04:12,069 --> 01:04:10,559

commenting on some of that because i did

1834

01:04:13,829 --> 01:04:12,079

i did an article on that and actually

1835

01:04:14,549 --> 01:04:13,839

investigated that and was able to speak

1836

01:04:16,150 --> 01:04:14,559

to

1837

01:04:18,549 --> 01:04:16,160

some of the individuals who were

1838

01:04:20,390 --> 01:04:18,559

involved in the the process of the

1839

01:04:21,829 --> 01:04:20,400

disclosure thing along with with mr

1840

01:04:23,349 --> 01:04:21,839

elizondo

1841

01:04:27,270 --> 01:04:23,359

um

1842

01:04:29,029 --> 01:04:27,280

and so in terms of uh what mr lozando

1843

01:04:30,309 --> 01:04:29,039

says in term you know what they wrote on

1844

01:04:31,910 --> 01:04:30,319

that form

1845

01:04:33,670 --> 01:04:31,920

i think people have really harped on

1846

01:04:36,069 --> 01:04:33,680

that well that's what it is and blah

1847

01:04:39,109 --> 01:04:36,079

blah blah blah

1848

01:04:41,670 --> 01:04:39,119

mr lozano's explanation has been look

1849

01:04:42,789 --> 01:04:41,680

that's what we wrote on there because

1850

01:04:44,309 --> 01:04:42,799

it goes back to what i said in this

1851  
01:04:46,710 --> 01:04:44,319  
bureaucratic process where it takes ten

1852  
01:04:48,549 --> 01:04:46,720  
people to change toilet paper um

1853  
01:04:50,150 --> 01:04:48,559  
dobson

1854  
01:04:51,750 --> 01:04:50,160  
sure they are cleared for top secret

1855  
01:04:53,829 --> 01:04:51,760  
information but at the end of the day

1856  
01:04:56,470 --> 01:04:53,839  
they rely on the original classification

1857  
01:04:58,069 --> 01:04:56,480  
authority in this case was the navy and

1858  
01:05:00,309 --> 01:04:58,079  
so um

1859  
01:05:02,710 --> 01:05:00,319  
i i did in an article i wrote in january

1860  
01:05:05,349 --> 01:05:02,720  
of trying to follow the tale of the tape

1861  
01:05:07,750 --> 01:05:05,359  
where where i was able to to you know

1862  
01:05:09,670 --> 01:05:07,760  
this was the susan go the spokesperson

1863  
01:05:12,150 --> 01:05:09,680

said it wasn't elizondo's fault it was

1864

01:05:14,870 --> 01:05:12,160

responsible of dobson to to not get this

1865

01:05:16,789 --> 01:05:14,880

final uh public release approved

1866

01:05:18,630 --> 01:05:16,799

uh her words not mine that's what people

1867

01:05:20,470 --> 01:05:18,640

have listen i'm no

1868

01:05:22,230 --> 01:05:20,480

it's not like i'm fans with to the stars

1869

01:05:25,589 --> 01:05:22,240

anybody else we can go on to things that

1870

01:05:27,270 --> 01:05:25,599

happen that i disagree with but um

1871

01:05:28,870 --> 01:05:27,280

when it came to that in terms of what

1872

01:05:30,950 --> 01:05:28,880

they titled it is

1873

01:05:32,789 --> 01:05:30,960

as

1874

01:05:35,270 --> 01:05:32,799

i talked to

1875

01:05:37,589 --> 01:05:35,280

three different people who had worked

1876

01:05:39,910 --> 01:05:37,599

one was in the dia one was in the cia

1877

01:05:41,910 --> 01:05:39,920

science technology division all retired

1878

01:05:42,870 --> 01:05:41,920

and i asked him i said is this weird to

1879

01:05:44,630 --> 01:05:42,880

you

1880

01:05:46,630 --> 01:05:44,640

and i explained the situation and

1881

01:05:48,390 --> 01:05:46,640

everything and they they they said you

1882

01:05:50,870 --> 01:05:48,400

know

1883

01:05:54,150 --> 01:05:50,880

he could have wrote giant purple

1884

01:05:56,470 --> 01:05:54,160

elephants on there and it doesn't matter

1885

01:05:57,910 --> 01:05:56,480

so long as the original classification

1886

01:06:00,470 --> 01:05:57,920

authority which in this case was the

1887

01:06:01,589 --> 01:06:00,480

navy was always in the loop because that

1888

01:06:03,109 --> 01:06:01,599

was who

1889

01:06:04,710 --> 01:06:03,119

originally classified it that's who's

1890

01:06:06,710 --> 01:06:04,720

originally going to determine what it is

1891

01:06:08,950 --> 01:06:06,720

and isn't and in the emails that were

1892

01:06:11,750 --> 01:06:08,960

released through foia

1893

01:06:13,430 --> 01:06:11,760

we can see the list that the there was

1894

01:06:15,750 --> 01:06:13,440

naval personnel there was an original

1895

01:06:19,430 --> 01:06:15,760

classification authority included the

1896

01:06:21,990 --> 01:06:19,440

entire time and so i i um

1897

01:06:23,430 --> 01:06:22,000

there's nothing that i have found

1898

01:06:25,510 --> 01:06:23,440

there's no evidence that i have found

1899

01:06:28,230 --> 01:06:25,520

that that involved any kind of either a

1900

01:06:29,990 --> 01:06:28,240

deception which would have been initial

1901

01:06:31,349 --> 01:06:30,000

deception meaning i'm trying to trick

1902

01:06:33,510 --> 01:06:31,359

you hahaha

1903

01:06:36,390 --> 01:06:33,520

that these are really balloons and get

1904

01:06:38,710 --> 01:06:36,400

them out or now to this day that these

1905

01:06:39,990 --> 01:06:38,720

were really balloons um

1906

01:06:41,510 --> 01:06:40,000

and but to your point as you're saying

1907

01:06:44,150 --> 01:06:41,520

could uap

1908

01:06:48,710 --> 01:06:44,160

encompass these types of things

1909

01:06:52,069 --> 01:06:49,910

you know

1910

01:06:54,870 --> 01:06:52,079

it could encompass

1911

01:06:57,349 --> 01:06:54,880

a lot of things you know spaceships

1912

01:06:58,150 --> 01:06:57,359

included or or not

1913

01:06:59,910 --> 01:06:58,160

um

1914

01:07:01,270 --> 01:06:59,920

i don't mind talking on the fact that i

1915

01:07:03,430 --> 01:07:01,280

think probably one of the most

1916

01:07:05,190 --> 01:07:03,440

significant things that occurred as of

1917

01:07:08,150 --> 01:07:05,200

recent for me

1918

01:07:10,950 --> 01:07:08,160

um was the department of defense release

1919

01:07:11,829 --> 01:07:10,960

was it last monday last week

1920

01:07:13,349 --> 01:07:11,839

um

1921

01:07:15,029 --> 01:07:13,359

because i want to make sure that i kind

1922

01:07:17,270 --> 01:07:15,039

of express

1923

01:07:18,390 --> 01:07:17,280

the boring side of things that went on

1924

01:07:21,029 --> 01:07:18,400

with that

1925

01:07:23,510 --> 01:07:21,039

and where that was impressive and

1926

01:07:25,750 --> 01:07:23,520

significant in my opinion is

1927

01:07:26,630 --> 01:07:25,760

this was a release that was done

1928

01:07:29,270 --> 01:07:26,640

by

1929

01:07:30,390 --> 01:07:29,280

the office of the secretary of defense

1930

01:07:32,870 --> 01:07:30,400

and so

1931

01:07:35,430 --> 01:07:32,880

uh when it wasn't just susan go telling

1932

01:07:36,710 --> 01:07:35,440

me it wasn't just susan go telling

1933

01:07:39,670 --> 01:07:36,720

whoever

1934

01:07:41,270 --> 01:07:39,680

uh this was a formal release that went

1935

01:07:43,190 --> 01:07:41,280

out through

1936

01:07:45,190 --> 01:07:43,200

the press pool it was an official

1937

01:07:47,109 --> 01:07:45,200

release by the department of defense and

1938

01:07:48,230 --> 01:07:47,119

so in this particular instance and i

1939

01:07:50,069 --> 01:07:48,240

remember we talked a little bit about

1940

01:07:51,829 --> 01:07:50,079

what are the policies in terms of like

1941

01:07:54,069 --> 01:07:51,839

southern command or pacific command and

1942

01:07:55,029 --> 01:07:54,079

i was being a jerk but at the end of the

1943

01:07:57,109 --> 01:07:55,039

day

1944

01:07:58,789 --> 01:07:57,119

it's a little different because

1945

01:08:01,829 --> 01:07:58,799

at the office of secretary of defense

1946

01:08:03,029 --> 01:08:01,839

that is how that's the civilian

1947

01:08:05,990 --> 01:08:03,039

government

1948

01:08:08,069 --> 01:08:06,000

heads who are in charge of the military

1949

01:08:10,150 --> 01:08:08,079

and so

1950

01:08:13,029 --> 01:08:10,160

the process before that release went out

1951

01:08:14,630 --> 01:08:13,039

would have involved general counsel

1952

01:08:17,269 --> 01:08:14,640

legal affairs

1953

01:08:20,070 --> 01:08:17,279

uh the secretary of defense

1954

01:08:22,149 --> 01:08:20,080

um up to and i'm not limited potentially

1955

01:08:23,269 --> 01:08:22,159

to the president of the united states

1956

01:08:26,070 --> 01:08:23,279

and so

1957

01:08:28,229 --> 01:08:26,080

i i do believe if there was a more

1958

01:08:30,709 --> 01:08:28,239

prosaic explanation that had been

1959

01:08:33,030 --> 01:08:30,719

determined there yeah

1960

01:08:34,229 --> 01:08:33,040

i think they would have said it

1961

01:08:36,550 --> 01:08:34,239

yeah i know

1962

01:08:37,510 --> 01:08:36,560

well you know the thing is that

1963

01:08:39,269 --> 01:08:37,520

yeah i

1964

01:08:41,829 --> 01:08:39,279

they are unidentified the things in

1965

01:08:43,189 --> 01:08:41,839

these videos are unidentified

1966

01:08:44,870 --> 01:08:43,199

but

1967

01:08:46,550 --> 01:08:44,880

that does that what does that mean it

1968

01:08:47,990 --> 01:08:46,560

just means they weren't able to identify

1969

01:08:49,349 --> 01:08:48,000

them because they were too far away or

1970

01:08:50,470 --> 01:08:49,359

there wasn't enough information in the

1971

01:08:52,309 --> 01:08:50,480

videos

1972

01:08:53,669 --> 01:08:52,319

they haven't identified that there was

1973

01:08:55,349 --> 01:08:53,679

something weird

1974

01:08:57,030 --> 01:08:55,359

they just haven't identified what they

1975

01:09:00,709 --> 01:08:57,040

were

1976

01:09:04,950 --> 01:09:02,390

it's almost

1977

01:09:07,749 --> 01:09:04,960

when i was reading it

1978

01:09:09,189 --> 01:09:07,759

so when i was reading the uh the

1979

01:09:10,630 --> 01:09:09,199

the press release that went along with

1980

01:09:11,510 --> 01:09:10,640

that from the uh

1981

01:09:13,430 --> 01:09:11,520

the

1982

01:09:14,709 --> 01:09:13,440

i can't remember which office it is but

1983

01:09:16,470 --> 01:09:14,719

uh the

1984

01:09:18,550 --> 01:09:16,480

they basically almost seemed like they

1985

01:09:21,590 --> 01:09:18,560

thought that releasing these videos

1986

01:09:23,110 --> 01:09:21,600

officially it would clear things up

1987

01:09:25,189 --> 01:09:23,120

and they said like he would answer

1988

01:09:26,229 --> 01:09:25,199

questions as to whether

1989

01:09:28,149 --> 01:09:26,239

uh

1990

01:09:29,510 --> 01:09:28,159

whether there's more video i should look

1991

01:09:31,430 --> 01:09:29,520

at what the actual

1992

01:09:33,189 --> 01:09:31,440

uh thing is real quick let's see i've

1993

01:09:35,430 --> 01:09:33,199

got a link on my

1994

01:09:38,630 --> 01:09:35,440

first page here

1995

01:09:41,030 --> 01:09:38,640

maybe release it so they said uh

1996

01:09:42,789 --> 01:09:41,040

dod is releasing the videos in order to

1997

01:09:44,630 --> 01:09:42,799

clear up any misconceptions by the

1998

01:09:46,789 --> 01:09:44,640

public on whether or not the footage

1999

01:09:49,110 --> 01:09:46,799

that has been circulated was real or

2000

01:09:50,630 --> 01:09:49,120

whether or not there is more videos the

2001

01:09:52,070 --> 01:09:50,640

aerial phenomena

2002

01:09:56,790 --> 01:09:52,080

observed in the videos remains

2003

01:10:00,470 --> 01:09:58,709

uh and they said it doesn't reveal any

2004

01:10:01,910 --> 01:10:00,480

sensitive capabilities or systems or

2005

01:10:03,270 --> 01:10:01,920

doesn't impinge upon future

2006

01:10:04,790 --> 01:10:03,280

investigation so they didn't really say

2007

01:10:06,149 --> 01:10:04,800

very much but they they kind of said

2008

01:10:09,669 --> 01:10:06,159

that they were clearing up

2009

01:10:11,430 --> 01:10:09,679

misconceptions with this release

2010

01:10:13,669 --> 01:10:11,440

and he said it's like released this

2011

01:10:16,149 --> 01:10:13,679

storm of speculation of

2012

01:10:18,310 --> 01:10:16,159

everybody saying that navy admits ufos

2013

01:10:21,030 --> 01:10:18,320

are real i mean all it says is that navy

2014

01:10:23,830 --> 01:10:21,040

admits um they couldn't identify certain

2015

01:10:26,550 --> 01:10:23,840

things on certain videos

2016

01:10:27,750 --> 01:10:26,560

sure and this is where we kind of from

2017

01:10:29,510 --> 01:10:27,760

my point of view because i know that's

2018

01:10:31,270 --> 01:10:29,520

the thing is i think it's cool that we

2019

01:10:32,630 --> 01:10:31,280

both come from different backgrounds and

2020

01:10:34,709 --> 01:10:32,640

so that's cool because i think we can

2021

01:10:36,550 --> 01:10:34,719

come to i'll learn a lot from you and

2022

01:10:37,590 --> 01:10:36,560

maybe you know somebody learn anything

2023

01:10:39,990 --> 01:10:37,600

from me

2024

01:10:42,229 --> 01:10:40,000

um i think from my position in a policy

2025

01:10:43,750 --> 01:10:42,239

standpoint of what goes on at the other

2026

01:10:45,590 --> 01:10:43,760

offices of secretary of defense why

2027

01:10:46,709 --> 01:10:45,600

that's significant is

2028

01:10:49,350 --> 01:10:46,719

because

2029

01:10:53,430 --> 01:10:49,360

you're right the unidentified moniker is

2030

01:10:56,070 --> 01:10:53,440

going to breed fire to the ufo

2031

01:10:57,189 --> 01:10:56,080

assumption by people

2032

01:10:59,830 --> 01:10:57,199

and i don't think that's something that

2033

01:11:02,229 --> 01:10:59,840

the dod necessarily like wants to do

2034

01:11:03,750 --> 01:11:02,239

willingly and they're going to do that

2035

01:11:05,590 --> 01:11:03,760

and so

2036

01:11:06,950 --> 01:11:05,600

a couple of things there and i make sure

2037

01:11:08,630 --> 01:11:06,960

that i think i've pointed this out

2038

01:11:10,470 --> 01:11:08,640

before but i'll make sure to touch on it

2039

01:11:11,270 --> 01:11:10,480

well is

2040

01:11:13,990 --> 01:11:11,280

if

2041

01:11:15,350 --> 01:11:14,000

the department of defense was lying

2042

01:11:16,870 --> 01:11:15,360

so if they were because i know this

2043

01:11:18,709 --> 01:11:16,880

comes up it was black projects they

2044

01:11:19,590 --> 01:11:18,719

really do know if they could identify

2045

01:11:23,110 --> 01:11:19,600

them

2046

01:11:25,350 --> 01:11:23,120

if they were lying they violated several

2047

01:11:28,550 --> 01:11:25,360

federal laws by doing that because you

2048

01:11:31,350 --> 01:11:28,560

can engage in propaganda or deception

2049

01:11:33,669 --> 01:11:31,360

against foreign government targets but

2050

01:11:35,910 --> 01:11:33,679

this was an american release you cannot

2051

01:11:36,630 --> 01:11:35,920

target the american people

2052

01:11:37,510 --> 01:11:36,640

for

2053

01:11:39,910 --> 01:11:37,520

uh

2054

01:11:42,630 --> 01:11:39,920

propaganda or lying to them so either

2055

01:11:43,750 --> 01:11:42,640

the the secretary of defense lied there

2056

01:11:45,910 --> 01:11:43,760

or

2057

01:11:49,270 --> 01:11:45,920

they didn't do everything

2058

01:11:51,510 --> 01:11:49,280

possible to provide some explanation

2059

01:11:55,110 --> 01:11:51,520

because i believe that if they could

2060

01:11:57,110 --> 01:11:55,120

have said ladies and gentlemen the uh

2061

01:11:58,310 --> 01:11:57,120

the engineering analysis of these events

2062

01:12:00,630 --> 01:11:58,320

and everything we have not been able to

2063

01:12:02,950 --> 01:12:00,640

determine conclusively what they are

2064

01:12:06,390 --> 01:12:02,960

however uh most probably they're a

2065

01:12:08,310 --> 01:12:06,400

distant airplane or you know we

2066

01:12:09,510 --> 01:12:08,320

if they could have concluded that they

2067

01:12:11,990 --> 01:12:09,520

would have

2068

01:12:13,910 --> 01:12:12,000

and so to give you that unidentified

2069

01:12:15,990 --> 01:12:13,920

marker one of the things that's

2070

01:12:17,990 --> 01:12:16,000

interesting about that is it opens up a

2071

01:12:19,189 --> 01:12:18,000

legal precedent and a policy precedent

2072

01:12:22,310 --> 01:12:19,199

in which

2073

01:12:24,310 --> 01:12:22,320

uh that other side of the release that

2074

01:12:25,990 --> 01:12:24,320

has yet to come out that has been

2075

01:12:28,470 --> 01:12:26,000

delayed for some time and i think

2076

01:12:30,470 --> 01:12:28,480

anybody in the ufo world knows and that

2077

01:12:32,550 --> 01:12:30,480

follows um

2078

01:12:35,270 --> 01:12:32,560

the article that i wrote back in in

2079

01:12:37,830 --> 01:12:35,280

february february 14th where

2080

01:12:40,229 --> 01:12:37,840

um you know initially they had said that

2081

01:12:42,790 --> 01:12:40,239

this offset program had nothing to do

2082

01:12:44,229 --> 01:12:42,800

with ufos it's so silly and then i you

2083

01:12:45,750 --> 01:12:44,239

know i

2084

01:12:47,750 --> 01:12:45,760

by using their own statements to

2085

01:12:48,870 --> 01:12:47,760

congress and their own reports and

2086

01:12:50,630 --> 01:12:48,880

everything that was provided to him i

2087

01:12:51,669 --> 01:12:50,640

was like well this is not true here it

2088

01:12:53,510 --> 01:12:51,679

goes

2089

01:12:56,790 --> 01:12:53,520

this this you definitely were involved

2090

01:12:58,310 --> 01:12:56,800

in ufo race research in some capacity

2091

01:12:59,510 --> 01:12:58,320

and so

2092

01:13:02,790 --> 01:12:59,520

um

2093

01:13:04,709 --> 01:13:02,800

if you're going to acknowledge that

2094

01:13:06,390 --> 01:13:04,719

and again

2095

01:13:08,070 --> 01:13:06,400

just because they're involved in ufo

2096

01:13:09,590 --> 01:13:08,080

investigations

2097

01:13:11,750 --> 01:13:09,600

doesn't mean they're getting ready to

2098

01:13:13,910 --> 01:13:11,760

roll out the disclosure and they're

2099

01:13:15,990 --> 01:13:13,920

getting ready to bring out the aliens

2100

01:13:17,990 --> 01:13:16,000

from the secret base or whatever other

2101  
01:13:19,910 --> 01:13:18,000  
theories that could be out there but it

2102  
01:13:21,910 --> 01:13:19,920  
does set the framework for

2103  
01:13:23,910 --> 01:13:21,920  
behind the fact that if indeed the

2104  
01:13:26,390 --> 01:13:23,920  
united states government

2105  
01:13:28,229 --> 01:13:26,400  
is engaged in a formalized programs to

2106  
01:13:31,110 --> 01:13:28,239  
look at these events

2107  
01:13:32,630 --> 01:13:31,120  
that indeed they do encounter

2108  
01:13:33,910 --> 01:13:32,640  
unidentified

2109  
01:13:35,430 --> 01:13:33,920  
aerial

2110  
01:13:36,550 --> 01:13:35,440  
phenomena

2111  
01:13:39,030 --> 01:13:36,560  
um

2112  
01:13:40,149 --> 01:13:39,040  
and sets that stage for it

2113  
01:13:41,910 --> 01:13:40,159

um

2114

01:13:44,709 --> 01:13:41,920

so

2115

01:13:46,630 --> 01:13:44,719

what if it's just simply that

2116

01:13:49,430 --> 01:13:46,640

the you know there's there's there are

2117

01:13:50,470 --> 01:13:49,440

secrets involved and they can't tell you

2118

01:13:52,470 --> 01:13:50,480

this because it's you know it's

2119

01:13:55,350 --> 01:13:52,480

classified top secret stuff

2120

01:13:56,790 --> 01:13:55,360

uh is this something that you that is

2121

01:13:58,830 --> 01:13:56,800

this this this statement that they

2122

01:14:00,950 --> 01:13:58,840

released does that conflict with that

2123

01:14:02,630 --> 01:14:00,960

interpretation could it just be a cover

2124

01:14:04,709 --> 01:14:02,640

i mean like obviously you go back to

2125

01:14:06,709 --> 01:14:04,719

things like like roswell

2126  
01:14:09,910 --> 01:14:06,719  
uh where the government gave a cover

2127  
01:14:12,149 --> 01:14:09,920  
story for these these um these sonar

2128  
01:14:14,229 --> 01:14:12,159  
balloons or whatever they were that uh

2129  
01:14:16,310 --> 01:14:14,239  
people thought were flying sources

2130  
01:14:18,709 --> 01:14:16,320  
and uh i don't think they said that they

2131  
01:14:21,030 --> 01:14:18,719  
were flying sources but they they gave

2132  
01:14:21,990 --> 01:14:21,040  
some other story and it seems like a

2133  
01:14:23,990 --> 01:14:22,000  
reasonable thing to do for the

2134  
01:14:25,590 --> 01:14:24,000  
government to give a cover story

2135  
01:14:27,910 --> 01:14:25,600  
and say one thing when they actually

2136  
01:14:29,590 --> 01:14:27,920  
mean another thing is this is this

2137  
01:14:32,229 --> 01:14:29,600  
statement actually a lie or is this

2138  
01:14:33,910 --> 01:14:32,239

actually illegal if if they

2139

01:14:35,030 --> 01:14:33,920

if they do

2140

01:14:38,070 --> 01:14:35,040

um

2141

01:14:39,669 --> 01:14:38,080

know more than they're saying

2142

01:14:41,510 --> 01:14:39,679

no that's a great point because i think

2143

01:14:43,110 --> 01:14:41,520

people bring that up a lot and this is

2144

01:14:43,910 --> 01:14:43,120

something i try to reiterate to people

2145

01:14:45,669 --> 01:14:43,920

that

2146

01:14:47,830 --> 01:14:45,679

you cannot assess

2147

01:14:49,669 --> 01:14:47,840

uh the activities and

2148

01:14:53,350 --> 01:14:49,679

what is going on within government by

2149

01:14:56,229 --> 01:14:53,360

examining uh what went on in 1947 1960

2150

01:14:58,390 --> 01:14:56,239

1969 1980 because there's we have

2151  
01:15:00,630 --> 01:14:58,400  
different laws and presidents and so in

2152  
01:15:03,630 --> 01:15:00,640  
this particular case we're working under

2153  
01:15:05,350 --> 01:15:03,640  
executive order 13 526 section

2154  
01:15:07,350 --> 01:15:05,360  
1.4

2155  
01:15:09,590 --> 01:15:07,360  
a through g and so this is where they

2156  
01:15:10,790 --> 01:15:09,600  
can classify information

2157  
01:15:12,470 --> 01:15:10,800  
and so

2158  
01:15:14,070 --> 01:15:12,480  
um

2159  
01:15:17,590 --> 01:15:14,080  
and i get that a lot from people when

2160  
01:15:19,510 --> 01:15:17,600  
they're like yeah right remember uh you

2161  
01:15:21,030 --> 01:15:19,520  
know what's the mind mk ultra and all

2162  
01:15:23,030 --> 01:15:21,040  
this stuff i'm like

2163  
01:15:24,550 --> 01:15:23,040

totally understand you yellow fruit in

2164

01:15:27,030 --> 01:15:24,560

the 80s and everything

2165

01:15:29,189 --> 01:15:27,040

but we're not we need to assess these

2166

01:15:31,030 --> 01:15:29,199

because these happened

2167

01:15:34,070 --> 01:15:31,040

you know and actually i believe if we

2168

01:15:35,510 --> 01:15:34,080

were gonna well now they're under 13 526

2169

01:15:37,430 --> 01:15:35,520

uh prior to that they would have been

2170

01:15:39,350 --> 01:15:37,440

under five

2171

01:15:40,550 --> 01:15:39,360

three 329 maybe i'd have to look it up

2172

01:15:41,990 --> 01:15:40,560

but another executive order that was

2173

01:15:43,510 --> 01:15:42,000

signed by george bush

2174

01:15:45,590 --> 01:15:43,520

so those are the laws and legal

2175

01:15:47,110 --> 01:15:45,600

precedents that set what they can and

2176

01:15:50,790 --> 01:15:47,120

cannot classify

2177

01:15:54,630 --> 01:15:50,800

um i can't find any legal basis and i

2178

01:15:56,470 --> 01:15:54,640

talked to a dc area national security

2179

01:15:58,790 --> 01:15:56,480

lawyer saying

2180

01:16:01,430 --> 01:15:58,800

i understand where the source and

2181

01:16:03,750 --> 01:16:01,440

methods and it actually would fall under

2182

01:16:04,630 --> 01:16:03,760

1.4 i think e or g

2183

01:16:07,590 --> 01:16:04,640

and c

2184

01:16:09,590 --> 01:16:07,600

of where they could classify

2185

01:16:11,590 --> 01:16:09,600

the methods and sources and everything

2186

01:16:15,590 --> 01:16:11,600

that they got there to arrive at that

2187

01:16:18,470 --> 01:16:15,600

conclusion the conclusion itself

2188

01:16:20,709 --> 01:16:18,480

the conclusion in saying

2189

01:16:23,030 --> 01:16:20,719

nothing not there's nothing classified

2190

01:16:25,270 --> 01:16:23,040

there's no legal basis that would have

2191

01:16:26,790 --> 01:16:25,280

that could have prevented them from

2192

01:16:28,709 --> 01:16:26,800

coming out and saying

2193

01:16:31,030 --> 01:16:28,719

right now we can't definitively say what

2194

01:16:33,030 --> 01:16:31,040

these are because they happened in 2015

2195

01:16:36,550 --> 01:16:33,040

2004. however

2196

01:16:39,110 --> 01:16:36,560

uh to the best of our analysis

2197

01:16:40,950 --> 01:16:39,120

that we have engaged in we believe these

2198

01:16:44,790 --> 01:16:40,960

to be

2199

01:16:46,630 --> 01:16:44,800

x y and z whether it's prozac planes or

2200

01:16:48,709 --> 01:16:46,640

artifacts in the system

2201

01:16:50,470 --> 01:16:48,719

but if they don't say that

2202

01:16:51,830 --> 01:16:50,480

there's nothing that forces them to do

2203

01:16:53,590 --> 01:16:51,840

that either there's

2204

01:16:55,430 --> 01:16:53,600

there's no and there's no law saying

2205

01:16:57,270 --> 01:16:55,440

that they have to reveal what they think

2206

01:16:58,550 --> 01:16:57,280

something might be if they're not sure

2207

01:17:00,390 --> 01:16:58,560

what it might be

2208

01:17:02,229 --> 01:17:00,400

that would be almost like just a pr type

2209

01:17:06,070 --> 01:17:02,239

thing rather than an actual requirement

2210

01:17:08,550 --> 01:17:06,080

for them to include that in the release

2211

01:17:10,870 --> 01:17:08,560

well sure but there is one actually

2212

01:17:13,910 --> 01:17:10,880

there is one aspect that would and and

2213

01:17:16,390 --> 01:17:13,920

it is that uh and we can see this we can

2214

01:17:18,630 --> 01:17:16,400

see this in uh take for instance the

2215

01:17:20,310 --> 01:17:18,640

past three years so the conclusions

2216

01:17:23,910 --> 01:17:20,320

there that they

2217

01:17:25,110 --> 01:17:23,920

uh unlawfully held this uh

2218

01:17:26,950 --> 01:17:25,120

you know for whatever reason it's been

2219

01:17:27,990 --> 01:17:26,960

identified but we're gonna unlawfully

2220

01:17:30,630 --> 01:17:28,000

call it

2221

01:17:31,830 --> 01:17:30,640

unidentified okay

2222

01:17:33,750 --> 01:17:31,840

or

2223

01:17:35,430 --> 01:17:33,760

the two conclusions there is we've

2224

01:17:37,750 --> 01:17:35,440

we've broken the law

2225

01:17:40,070 --> 01:17:37,760

you know up into the

2226

01:17:41,830 --> 01:17:40,080

uh executive branches and the appointed

2227

01:17:45,430 --> 01:17:41,840

officials within government in the

2228

01:17:47,510 --> 01:17:45,440

current presidential administration or

2229

01:17:48,310 --> 01:17:47,520

we are incompetent

2230

01:17:52,390 --> 01:17:48,320

and

2231

01:17:54,390 --> 01:17:52,400

but he here's the part that i say it's

2232

01:17:56,149 --> 01:17:54,400

so nuanced and silly people but but you

2233

01:17:57,350 --> 01:17:56,159

have to understand it

2234

01:17:59,030 --> 01:17:57,360

these people

2235

01:18:01,270 --> 01:17:59,040

walk around and take the secretary of

2236

01:18:03,270 --> 01:18:01,280

the navy just recently he went in there

2237

01:18:05,910 --> 01:18:03,280

make a hasty decision removed a

2238

01:18:07,590 --> 01:18:05,920

commander of an aircraft carrier went

2239

01:18:09,669 --> 01:18:07,600

out there and

2240

01:18:11,750 --> 01:18:09,679

for reasons unbeknownst to any of us

2241

01:18:14,310 --> 01:18:11,760

made an ass of himself and you know said

2242

01:18:16,229 --> 01:18:14,320

some derogatory comments and he was gone

2243

01:18:17,590 --> 01:18:16,239

before the week was over and so there's

2244

01:18:18,550 --> 01:18:17,600

always a

2245

01:18:20,709 --> 01:18:18,560

um

2246

01:18:22,790 --> 01:18:20,719

there's always somebody gunning for

2247

01:18:24,790 --> 01:18:22,800

those positions and so if you look at

2248

01:18:28,149 --> 01:18:24,800

this the episodic evidence the last

2249

01:18:29,030 --> 01:18:28,159

three years if there was

2250

01:18:30,709 --> 01:18:29,040

and this is going to go into the

2251

01:18:31,990 --> 01:18:30,719

decision making before they release this

2252

01:18:33,110 --> 01:18:32,000

because they said it's at the highest

2253

01:18:35,030 --> 01:18:33,120

levels

2254

01:18:37,430 --> 01:18:35,040

if the potential existed when people

2255

01:18:39,830 --> 01:18:37,440

started pushing they could have access

2256

01:18:43,590 --> 01:18:39,840

so the politicians and leaders

2257

01:18:45,750 --> 01:18:43,600

that this was an illegal statement or

2258

01:18:47,669 --> 01:18:45,760

or an incompetent statement meaning that

2259

01:18:49,590 --> 01:18:47,679

they hadn't thoroughly

2260

01:18:52,229 --> 01:18:49,600

examined it and the general counsel

2261

01:18:53,110 --> 01:18:52,239

hadn't approved it legally

2262

01:18:54,630 --> 01:18:53,120

um

2263

01:18:57,110 --> 01:18:54,640

seven months away from a presidential

2264

01:18:58,550 --> 01:18:57,120

election in the united states of america

2265

01:19:00,550 --> 01:18:58,560

you would

2266

01:19:01,990 --> 01:19:00,560

you know if it was consistent with what

2267

01:19:04,310 --> 01:19:02,000

we have seen in the last three years you

2268

01:19:06,470 --> 01:19:04,320

would probably see the entire democratic

2269

01:19:07,750 --> 01:19:06,480

oppositional party the the democratic

2270

01:19:09,430 --> 01:19:07,760

national convention 80 percent of

2271

01:19:11,830 --> 01:19:09,440

hollywood nobody else

2272

01:19:13,430 --> 01:19:11,840

is pointing out yet another example of

2273

01:19:16,070 --> 01:19:13,440

incompetence and everything because

2274

01:19:17,750 --> 01:19:16,080

that's how politics work and

2275

01:19:20,149 --> 01:19:17,760

in these positions these are politically

2276

01:19:22,070 --> 01:19:20,159

appointed positions and so

2277

01:19:23,830 --> 01:19:22,080

but are you putting up a legal or

2278

01:19:25,990 --> 01:19:23,840

incompetent as being the two options

2279

01:19:27,910 --> 01:19:26,000

here because that's not how it seems to

2280

01:19:29,189 --> 01:19:27,920

me like i mean it seems like a fairly

2281

01:19:30,550 --> 01:19:29,199

straightforward

2282

01:19:31,910 --> 01:19:30,560

statement that on the face of it there's

2283

01:19:33,350 --> 01:19:31,920

nothing wrong with it to me

2284

01:19:35,430 --> 01:19:33,360

[Music]

2285

01:19:38,550 --> 01:19:35,440

well

2286

01:19:42,229 --> 01:19:38,560

sure if the idea is that

2287

01:19:45,030 --> 01:19:42,239

um they did know what these objects were

2288

01:19:46,149 --> 01:19:45,040

right are they heading no uh i'm not

2289

01:19:47,910 --> 01:19:46,159

suggesting that they know what the

2290

01:19:50,709 --> 01:19:47,920

objects were i think that the objects

2291

01:19:52,070 --> 01:19:50,719

are unidentified but they have an idea

2292

01:19:55,030 --> 01:19:52,080

of the types of things that they might

2293

01:19:57,430 --> 01:19:55,040

be like i think they think that uh

2294

01:19:59,669 --> 01:19:57,440

like fleur for example might be a video

2295

01:20:01,270 --> 01:19:59,679

of one of a number of things it could be

2296

01:20:03,189 --> 01:20:01,280

a commercial jet it could be a military

2297

01:20:05,430 --> 01:20:03,199

jet it could be a drone

2298

01:20:07,189 --> 01:20:05,440

it could be a jet flown by a foreign

2299

01:20:08,390 --> 01:20:07,199

power it could be a russian jet or a

2300

01:20:10,229 --> 01:20:08,400

chinese jet

2301

01:20:11,750 --> 01:20:10,239

it could be a number of things

2302

01:20:13,110 --> 01:20:11,760

and they have an idea that it might be

2303

01:20:15,590 --> 01:20:13,120

one of those things but they haven't

2304

01:20:19,030 --> 01:20:15,600

identified what it actually is and the

2305

01:20:20,550 --> 01:20:19,040

same type thing goes for the gimbal like

2306

01:20:22,070 --> 01:20:20,560

you know gimbal i have two hypotheses

2307

01:20:23,990 --> 01:20:22,080

for gimbal not game will go fast i have

2308

01:20:25,270 --> 01:20:24,000

two hypotheses that it's either a bird

2309

01:20:27,830 --> 01:20:25,280

or a balloon because if something was

2310

01:20:29,189 --> 01:20:27,840

moving slowly at a certain altitude i

2311

01:20:30,790 --> 01:20:29,199

think it's probably a balloon but i

2312

01:20:32,310 --> 01:20:30,800

wouldn't rule out bird and of course it

2313

01:20:34,550 --> 01:20:32,320

could be some kind of excuse me

2314

01:20:36,149 --> 01:20:34,560

slow-moving drone or something like that

2315

01:20:37,990 --> 01:20:36,159

so you can know things about the videos

2316

01:20:39,990 --> 01:20:38,000

without actually identifying them so

2317

01:20:41,590 --> 01:20:40,000

maybe they've done analysis

2318

01:20:43,750 --> 01:20:41,600

on these videos the same type of thing

2319

01:20:44,950 --> 01:20:43,760

that i've done yeah to determine these

2320

01:20:46,870 --> 01:20:44,960

things like you know this maybe this is

2321

01:20:48,070 --> 01:20:46,880

just a rotating glare

2322

01:20:49,189 --> 01:20:48,080

which means that it's some kind of jet

2323

01:20:50,629 --> 01:20:49,199

engine but

2324

01:20:52,629 --> 01:20:50,639

knowing that there's a jet engine there

2325

01:20:54,870 --> 01:20:52,639

doesn't identify the object

2326

01:20:56,149 --> 01:20:54,880

so from my perspective if you look at

2327

01:20:57,590 --> 01:20:56,159

this statement by the department of

2328

01:20:59,350 --> 01:20:57,600

defense it seems like a very

2329

01:21:01,350 --> 01:20:59,360

straightforward statement that they're

2330

01:21:02,470 --> 01:21:01,360

releasing the videos and really because

2331

01:21:04,550 --> 01:21:02,480

they've got lots of freedom of

2332

01:21:05,910 --> 01:21:04,560

information act requests for them and

2333

01:21:08,070 --> 01:21:05,920

they can't be bothered dealing with them

2334

01:21:09,669 --> 01:21:08,080

all and they they think it will stop

2335

01:21:11,189 --> 01:21:09,679

people asking them if there's more video

2336

01:21:12,870 --> 01:21:11,199

if they release this and say this is all

2337

01:21:15,189 --> 01:21:12,880

the video we have

2338

01:21:17,030 --> 01:21:15,199

and characterize them as unidentified

2339

01:21:18,790 --> 01:21:17,040

isn't lying and it isn't incompetent

2340

01:21:20,390 --> 01:21:18,800

it's just like the simple classification

2341

01:21:22,709 --> 01:21:20,400

that they give and for some reason

2342

01:21:23,430 --> 01:21:22,719

they've chosen not to give the

2343

01:21:25,990 --> 01:21:23,440

uh

2344

01:21:27,990 --> 01:21:26,000

more detailed analysis of things perhaps

2345

01:21:29,030 --> 01:21:28,000

because the more detailed analysis

2346

01:21:30,790 --> 01:21:29,040

involved

2347

01:21:32,950 --> 01:21:30,800

you know analysis of things like the the

2348

01:21:35,669 --> 01:21:32,960

radar systems and whatnot and then the

2349

01:21:37,430 --> 01:21:35,679

floor system head the floor system may

2350

01:21:39,030 --> 01:21:37,440

the fact that you get a glare that

2351

01:21:40,950 --> 01:21:39,040

rotates at a certain

2352

01:21:42,470 --> 01:21:40,960

configuration may be a classified thing

2353

01:21:43,430 --> 01:21:42,480

because it's a limitation of the system

2354

01:21:44,870 --> 01:21:43,440

and it's

2355

01:21:46,470 --> 01:21:44,880

there's no good reason for it to be

2356

01:21:47,910 --> 01:21:46,480

classified but it's the type of thing

2357

01:21:49,750 --> 01:21:47,920

it's a technological limitation it's

2358

01:21:51,990 --> 01:21:49,760

classified by default

2359

01:21:54,709 --> 01:21:52,000

so you're characterizing this statement

2360

01:21:57,189 --> 01:21:54,719

as as being kind of either an illegal

2361

01:21:58,470 --> 01:21:57,199

thing a lie or some kind of incompetence

2362

01:22:00,629 --> 01:21:58,480

where they don't know what they're doing

2363

01:22:02,229 --> 01:22:00,639

whereas i i kind of

2364

01:22:03,510 --> 01:22:02,239

you know i didn't include those as

2365

01:22:05,510 --> 01:22:03,520

possibilities but i think the more

2366

01:22:07,510 --> 01:22:05,520

likely thing is that these are just

2367

01:22:10,070 --> 01:22:07,520

people doing their job and their they

2368

01:22:11,430 --> 01:22:10,080

thought that you know we would just knit

2369

01:22:12,470 --> 01:22:11,440

this one in the bud with all these

2370

01:22:13,830 --> 01:22:12,480

requests

2371

01:22:15,270 --> 01:22:13,840

get this out there and you know we

2372

01:22:16,629 --> 01:22:15,280

haven't identified it so we'll just say

2373

01:22:20,149 --> 01:22:16,639

it's not identified we don't need to get

2374

01:22:24,390 --> 01:22:22,070

and and again that

2375

01:22:27,350 --> 01:22:24,400

i'll say why i don't think that that

2376

01:22:29,669 --> 01:22:27,360

it would be likely and that simply goes

2377

01:22:33,030 --> 01:22:29,679

into the the information we discussed

2378

01:22:36,709 --> 01:22:33,040

that that's that's not out there because

2379

01:22:38,870 --> 01:22:36,719

if if the department of defense uh

2380

01:22:40,550 --> 01:22:38,880

and she the office of the secretary of

2381

01:22:43,590 --> 01:22:40,560

defense with everything at their

2382

01:22:46,149 --> 01:22:43,600

disposal had to make that conclusion

2383

01:22:49,590 --> 01:22:46,159

based on the videos and videos alone

2384

01:22:52,070 --> 01:22:49,600

that may indeed be true

2385

01:22:54,470 --> 01:22:52,080

but in this case we know and i

2386

01:22:57,350 --> 01:22:54,480

understand that you and i don't have it

2387

01:22:59,189 --> 01:22:57,360

but we know that they had a number of

2388

01:23:01,590 --> 01:22:59,199

different systems

2389

01:23:03,750 --> 01:23:01,600

uh that could have

2390

01:23:05,750 --> 01:23:03,760

been able to easily

2391

01:23:09,189 --> 01:23:05,760

track whether or not this was a distant

2392

01:23:11,830 --> 01:23:09,199

airplane or any of these types of things

2393

01:23:13,430 --> 01:23:11,840

they had you know the the carrier strike

2394

01:23:15,750 --> 01:23:13,440

group is the crown jewel

2395

01:23:18,629 --> 01:23:15,760

of the military defense apparatus and so

2396

01:23:19,910 --> 01:23:18,639

the idea that uh there were not a number

2397

01:23:22,470 --> 01:23:19,920

of other systems whether it be

2398

01:23:25,270 --> 01:23:22,480

classified or unclassified that couldn't

2399

01:23:27,430 --> 01:23:25,280

identify a distant airplane that's

2400

01:23:29,030 --> 01:23:27,440

that's disturbing in and of itself so

2401  
01:23:30,790 --> 01:23:29,040  
that maybe maybe incompetence wouldn't

2402  
01:23:32,149 --> 01:23:30,800  
be the right term that would be uh

2403  
01:23:34,229 --> 01:23:32,159  
deficiency

2404  
01:23:36,709 --> 01:23:34,239  
in capability and so i think you're

2405  
01:23:38,390 --> 01:23:36,719  
right i think that if you isolate the

2406  
01:23:41,430 --> 01:23:38,400  
videos and that's all i've ever said is

2407  
01:23:45,990 --> 01:23:41,440  
that i don't think that uh

2408  
01:23:47,110 --> 01:23:46,000  
any true conclusion can be derived at

2409  
01:23:49,350 --> 01:23:47,120  
just

2410  
01:23:51,030 --> 01:23:49,360  
by the videos alone and nor do i believe

2411  
01:23:53,110 --> 01:23:51,040  
the department of defense did that i

2412  
01:23:54,790 --> 01:23:53,120  
don't think they would have doesn't mean

2413  
01:23:56,550 --> 01:23:54,800

that they ruled it was aliens doesn't

2414

01:23:57,910 --> 01:23:56,560

mean they ruled it was whatever but i

2415

01:23:59,430 --> 01:23:57,920

think that they

2416

01:24:01,030 --> 01:23:59,440

absolutely

2417

01:24:02,390 --> 01:24:01,040

would have used everything at their

2418

01:24:04,790 --> 01:24:02,400

disposal

2419

01:24:07,750 --> 01:24:04,800

including systems that frankly we

2420

01:24:10,390 --> 01:24:07,760

probably don't know about i actually we

2421

01:24:12,390 --> 01:24:10,400

certainly don't know about uh you know

2422

01:24:14,790 --> 01:24:12,400

bui air force base has a unit there that

2423

01:24:16,390 --> 01:24:14,800

is in charge of all of that

2424

01:24:18,310 --> 01:24:16,400

there's probably data there there could

2425

01:24:20,310 --> 01:24:18,320

be satellite data there

2426

01:24:21,430 --> 01:24:20,320

uh i will say

2427

01:24:24,709 --> 01:24:21,440

um

2428

01:24:28,470 --> 01:24:26,629

so what are you saying

2429

01:24:30,390 --> 01:24:28,480

are you saying then

2430

01:24:32,390 --> 01:24:30,400

that you know you're you're basically

2431

01:24:33,830 --> 01:24:32,400

saying from the nimitz case from

2432

01:24:35,110 --> 01:24:33,840

everything you talked about before that

2433

01:24:36,629 --> 01:24:35,120

you think

2434

01:24:38,390 --> 01:24:36,639

that if it was a plane they would know

2435

01:24:42,070 --> 01:24:38,400

it was a plane

2436

01:24:44,629 --> 01:24:42,080

and that by saying it's unidentified

2437

01:24:47,030 --> 01:24:44,639

that means from your perspective

2438

01:24:49,910 --> 01:24:47,040

it's not a plane

2439

01:24:51,590 --> 01:24:49,920

oh well i i i absolutely i will say that

2440

01:24:53,830 --> 01:24:51,600

the distant plane

2441

01:24:55,830 --> 01:24:53,840

if you isolate just the video and i'll

2442

01:24:57,189 --> 01:24:55,840

be having no problem going on the record

2443

01:24:59,590 --> 01:24:57,199

and i think i've said it before the

2444

01:25:00,950 --> 01:24:59,600

videos as of in and of themselves and

2445

01:25:02,149 --> 01:25:00,960

again i've told you the other two to go

2446

01:25:03,110 --> 01:25:02,159

fast and yeah but i'm not as familiar

2447

01:25:05,430 --> 01:25:03,120

with but

2448

01:25:07,750 --> 01:25:05,440

uh are they impressive and indicative

2449

01:25:08,790 --> 01:25:07,760

proof of anything

2450

01:25:11,510 --> 01:25:08,800

no

2451  
01:25:14,149 --> 01:25:11,520  
are they do they show alien life do they

2452  
01:25:15,270 --> 01:25:14,159  
show anything no and that's where i

2453  
01:25:16,390 --> 01:25:15,280  
think that

2454  
01:25:18,229 --> 01:25:16,400  
uh

2455  
01:25:19,910 --> 01:25:18,239  
you've got to have

2456  
01:25:21,189 --> 01:25:19,920  
you've got to examine totality and i

2457  
01:25:23,590 --> 01:25:21,199  
understand there's information out there

2458  
01:25:25,830 --> 01:25:23,600  
that we don't have access to

2459  
01:25:28,070 --> 01:25:25,840  
uh in terms of radar data and all these

2460  
01:25:29,590 --> 01:25:28,080  
other intangibles that would have been

2461  
01:25:32,070 --> 01:25:29,600  
in place there

2462  
01:25:33,669 --> 01:25:32,080  
but even the i the idea of a distant

2463  
01:25:34,550 --> 01:25:33,679

plane theory let's say with the flare

2464

01:25:35,669 --> 01:25:34,560

one

2465

01:25:36,790 --> 01:25:35,679

um

2466

01:25:38,870 --> 01:25:36,800

for me

2467

01:25:41,669 --> 01:25:38,880

why i don't think that that's

2468

01:25:43,590 --> 01:25:41,679

yet been proven as a

2469

01:25:45,750 --> 01:25:43,600

definitive conclusion because it doesn't

2470

01:25:48,149 --> 01:25:45,760

fit in the framework of a comprehensive

2471

01:25:50,390 --> 01:25:48,159

explanatory model and i think

2472

01:25:52,950 --> 01:25:50,400

again we have two different approaches

2473

01:25:55,669 --> 01:25:52,960

and so my approach is i'm not really

2474

01:25:58,310 --> 01:25:55,679

examining just the video i'm i'm

2475

01:25:59,510 --> 01:25:58,320

examining the event and totality as best

2476

01:26:01,189 --> 01:25:59,520

as possible which includes the

2477

01:26:04,629 --> 01:26:01,199

eyewitness testimony and all these

2478

01:26:09,189 --> 01:26:04,639

different things the policies procedures

2479

01:26:11,189 --> 01:26:09,199

um and so therefore just the video alone

2480

01:26:13,750 --> 01:26:11,199

anybody who views the video alone and

2481

01:26:16,470 --> 01:26:13,760

says that it is proof of aliens or it is

2482

01:26:18,070 --> 01:26:16,480

proof of anything prosaic alone

2483

01:26:19,990 --> 01:26:18,080

i don't i don't we don't have enough

2484

01:26:21,990 --> 01:26:20,000

data points there and and i think you'd

2485

01:26:25,189 --> 01:26:22,000

agree with me you know there's certain

2486

01:26:26,870 --> 01:26:25,199

information lacking on the floor one

2487

01:26:27,590 --> 01:26:26,880

to be able to provide a good analysis

2488

01:26:30,950 --> 01:26:27,600

sure

2489

01:26:34,310 --> 01:26:30,960

we don't have

2490

01:26:36,550 --> 01:26:34,320

a host of data here that can even give

2491

01:26:39,189 --> 01:26:36,560

us the speed of the object they're going

2492

01:26:40,950 --> 01:26:39,199

and i know i saw your your recent video

2493

01:26:42,709 --> 01:26:40,960

and i'll ask you because you're the

2494

01:26:43,669 --> 01:26:42,719

technical kind of guy

2495

01:26:45,270 --> 01:26:43,679

um

2496

01:26:47,830 --> 01:26:45,280

you know can

2497

01:26:49,990 --> 01:26:47,840

are you able to on just that determine

2498

01:26:51,430 --> 01:26:50,000

the speed the speed of the object to

2499

01:26:54,070 --> 01:26:51,440

determine the speed of the object you

2500

01:26:56,390 --> 01:26:54,080

essentially have to know how big it is

2501  
01:26:57,990 --> 01:26:56,400  
uh so you can you can make a range of

2502  
01:26:59,669 --> 01:26:58,000  
determinations of

2503  
01:27:01,430 --> 01:26:59,679  
how big it might be and that gives you

2504  
01:27:02,470 --> 01:27:01,440  
how far away it is and from that you can

2505  
01:27:04,950 --> 01:27:02,480  
kind of

2506  
01:27:06,310 --> 01:27:04,960  
figure out uh how fast it is going which

2507  
01:27:07,590 --> 01:27:06,320  
isn't something i've really

2508  
01:27:08,950 --> 01:27:07,600  
done recently i remember it was

2509  
01:27:10,310 --> 01:27:08,960  
something that was done years ago and i

2510  
01:27:12,070 --> 01:27:10,320  
can't remember what the results were

2511  
01:27:13,590 --> 01:27:12,080  
offhand unfortunately

2512  
01:27:16,790 --> 01:27:13,600  
but i don't remember it being you know

2513  
01:27:18,950 --> 01:27:16,800

super inconsistent with it being a plane

2514

01:27:21,590 --> 01:27:18,960

uh so you can you can do things like

2515

01:27:23,430 --> 01:27:21,600

that the the video is very low quality

2516

01:27:25,510 --> 01:27:23,440

in terms of being able to see what the

2517

01:27:27,750 --> 01:27:25,520

actual shape of the object is

2518

01:27:30,390 --> 01:27:27,760

it's either a very blurry object or it's

2519

01:27:32,709 --> 01:27:30,400

a very blurry video and i'm thinking a

2520

01:27:34,229 --> 01:27:32,719

blurry video is probably the likely

2521

01:27:35,590 --> 01:27:34,239

explanation

2522

01:27:38,149 --> 01:27:35,600

um

2523

01:27:39,990 --> 01:27:38,159

but yeah it's it's

2524

01:27:42,629 --> 01:27:40,000

the video itself

2525

01:27:43,830 --> 01:27:42,639

you know i i look at i look at the video

2526

01:27:46,310 --> 01:27:43,840

and you see you look at the bigger

2527

01:27:47,590 --> 01:27:46,320

picture but i think in order to look at

2528

01:27:49,350 --> 01:27:47,600

the bigger picture

2529

01:27:50,950 --> 01:27:49,360

you've got to

2530

01:27:53,350 --> 01:27:50,960

weed out

2531

01:27:55,669 --> 01:27:53,360

assumptions that people are making about

2532

01:27:57,669 --> 01:27:55,679

bits of the evidence like the video

2533

01:27:59,910 --> 01:27:57,679

there's a lot of people out there who

2534

01:28:01,910 --> 01:27:59,920

say things about these videos that i

2535

01:28:04,550 --> 01:28:01,920

think are just basically not true

2536

01:28:07,189 --> 01:28:04,560

either we'll say that in the fleur video

2537

01:28:08,870 --> 01:28:07,199

this one from the nimitz from 2004 they

2538

01:28:10,629 --> 01:28:08,880

will say that this object is making

2539

01:28:12,950 --> 01:28:10,639

these sudden moves and at the end it

2540

01:28:15,590 --> 01:28:12,960

zips off to the side

2541

01:28:18,870 --> 01:28:15,600

which i think if you analyze the video

2542

01:28:20,550 --> 01:28:18,880

in detail my last video was on this

2543

01:28:22,629 --> 01:28:20,560

i think that shows that it doesn't do

2544

01:28:24,790 --> 01:28:22,639

that and it's just simply the camera is

2545

01:28:26,310 --> 01:28:24,800

tracking this object so it's just really

2546

01:28:28,870 --> 01:28:26,320

the object is flying in a way that makes

2547

01:28:30,629 --> 01:28:28,880

it move across the frame which means

2548

01:28:33,110 --> 01:28:30,639

it's probably moving away

2549

01:28:34,709 --> 01:28:33,120

and to the left

2550

01:28:36,149 --> 01:28:34,719

and the plane itself is following it so

2551  
01:28:38,310 --> 01:28:36,159  
it gets a bit bigger because the plane

2552  
01:28:40,310 --> 01:28:38,320  
gets closer so i think

2553  
01:28:43,189 --> 01:28:40,320  
people are making claims about the

2554  
01:28:45,110 --> 01:28:43,199  
videos which are then incorporated into

2555  
01:28:47,910 --> 01:28:45,120  
this bigger picture

2556  
01:28:50,229 --> 01:28:47,920  
i from my perspective i'm not really

2557  
01:28:52,550 --> 01:28:50,239  
trying to make an overwhelming argument

2558  
01:28:55,590 --> 01:28:52,560  
as to what these things are

2559  
01:28:57,669 --> 01:28:55,600  
what i'm what i focus on is looking at

2560  
01:28:59,350 --> 01:28:57,679  
these these videos and then looking at

2561  
01:29:02,229 --> 01:28:59,360  
what people are saying about these

2562  
01:29:03,990 --> 01:29:02,239  
videos and then seeing if that's true

2563  
01:29:07,030 --> 01:29:04,000

so if someone says

2564

01:29:10,390 --> 01:29:07,040

this gimbal video shows a

2565

01:29:12,709 --> 01:29:10,400

rotating flying saucer shaped craft

2566

01:29:14,229 --> 01:29:12,719

then i will say does it actually show

2567

01:29:16,149 --> 01:29:14,239

that is this what we're actually seeing

2568

01:29:18,390 --> 01:29:16,159

there is the another explanation for

2569

01:29:20,870 --> 01:29:18,400

that that actually fits the observed

2570

01:29:23,189 --> 01:29:20,880

facts better and i investigate that and

2571

01:29:24,790 --> 01:29:23,199

then i will i will say yeah well it

2572

01:29:26,070 --> 01:29:24,800

actually looks like it's the glare of

2573

01:29:27,350 --> 01:29:26,080

the camera and there's this gimbal

2574

01:29:28,629 --> 01:29:27,360

system thing which is very very

2575

01:29:30,870 --> 01:29:28,639

difficult to understand and you've

2576

01:29:33,750 --> 01:29:30,880

probably seen me going over and over and

2577

01:29:36,470 --> 01:29:33,760

over the same explanations on on twitter

2578

01:29:38,870 --> 01:29:36,480

and people not getting it some people

2579

01:29:40,550 --> 01:29:38,880

i've explained it to them years ago and

2580

01:29:42,390 --> 01:29:40,560

they still don't get it

2581

01:29:44,310 --> 01:29:42,400

uh which is kind of frustrating but you

2582

01:29:45,669 --> 01:29:44,320

know what can you do

2583

01:29:47,430 --> 01:29:45,679

but

2584

01:29:48,310 --> 01:29:47,440

i'm not trying to say

2585

01:29:50,070 --> 01:29:48,320

uh

2586

01:29:51,110 --> 01:29:50,080

this is this is there's nothing going on

2587

01:29:52,550 --> 01:29:51,120

here i'm not saying there's nothing

2588

01:29:54,070 --> 01:29:52,560

going on in the nimitz encounter i don't

2589

01:29:55,990 --> 01:29:54,080

know what fraver saw i don't know what

2590

01:29:57,750 --> 01:29:56,000

the the wing woman saw i don't know what

2591

01:29:59,510 --> 01:29:57,760

the wso saw even though they don't

2592

01:30:01,669 --> 01:29:59,520

really talk about it very much i don't

2593

01:30:03,590 --> 01:30:01,679

know what the radar returns were

2594

01:30:06,709 --> 01:30:03,600

maybe glitches maybe a combination of

2595

01:30:08,790 --> 01:30:06,719

factors uh i don't know what's on the

2596

01:30:10,390 --> 01:30:08,800

floor one video

2597

01:30:13,270 --> 01:30:10,400

but i do know the video doesn't show a

2598

01:30:14,310 --> 01:30:13,280

craft making certain accelerations and

2599

01:30:16,550 --> 01:30:14,320

so

2600

01:30:18,709 --> 01:30:16,560

this is really my position

2601  
01:30:21,189 --> 01:30:18,719  
and there are things that we can fix in

2602  
01:30:23,110 --> 01:30:21,199  
the evidence base and

2603  
01:30:25,270 --> 01:30:23,120  
by fixing these things

2604  
01:30:26,709 --> 01:30:25,280  
we should move closer to the truth

2605  
01:30:28,870 --> 01:30:26,719  
regardless of what you think that truth

2606  
01:30:30,709 --> 01:30:28,880  
actually is it's a precise or is it

2607  
01:30:31,669 --> 01:30:30,719  
something really interesting

2608  
01:30:34,390 --> 01:30:31,679  
um

2609  
01:30:37,590 --> 01:30:34,400  
so don't think i'm trying to argue a

2610  
01:30:40,870 --> 01:30:37,600  
certain case here i have my opinions

2611  
01:30:44,229 --> 01:30:40,880  
about what i think it is but i'm not

2612  
01:30:45,270 --> 01:30:44,239  
trying to base my uh analysis

2613  
01:30:48,629 --> 01:30:45,280

on

2614

01:30:49,830 --> 01:30:48,639

want to figure out what these things

2615

01:30:52,149 --> 01:30:49,840

actually are i would love it if they

2616

01:30:53,910 --> 01:30:52,159

were alien spaceships but you know

2617

01:30:55,750 --> 01:30:53,920

unfortunately i'm not

2618

01:30:59,030 --> 01:30:55,760

not not seeing the evidence and

2619

01:31:01,189 --> 01:30:59,040

certainly not seeing it in these videos

2620

01:31:02,709 --> 01:31:01,199

well thank you for saying that because

2621

01:31:04,709 --> 01:31:02,719

i'm glad you said that because i've said

2622

01:31:07,189 --> 01:31:04,719

that to many friends at points and times

2623

01:31:10,070 --> 01:31:07,199

and i can be wrong about this but i have

2624

01:31:11,590 --> 01:31:10,080

said for as much uh

2625

01:31:13,830 --> 01:31:11,600

for as much as as you take at

2626

01:31:17,110 --> 01:31:13,840

times i i secretly believe that mick

2627

01:31:18,470 --> 01:31:17,120

west would love to find something really

2628

01:31:19,990 --> 01:31:18,480

crazy

2629

01:31:22,310 --> 01:31:20,000

it's not secret

2630

01:31:25,189 --> 01:31:22,320

i would love it it would be great

2631

01:31:27,750 --> 01:31:25,199

i haven't heard that i and so i resp i i

2632

01:31:29,030 --> 01:31:27,760

do respect the fact that uh

2633

01:31:30,229 --> 01:31:29,040

one of the things is the same thing i

2634

01:31:32,390 --> 01:31:30,239

take approaching we just have different

2635

01:31:34,310 --> 01:31:32,400

approaches and i default to people who

2636

01:31:36,149 --> 01:31:34,320

have much better technical expertise

2637

01:31:38,310 --> 01:31:36,159

there because i say this is where i'm

2638

01:31:41,830 --> 01:31:38,320

good at this is i stay in my lane

2639

01:31:43,750 --> 01:31:41,840

um but we share in this idea that

2640

01:31:45,590 --> 01:31:43,760

you know

2641

01:31:47,590 --> 01:31:45,600

again we all kind of

2642

01:31:49,830 --> 01:31:47,600

it does no good to give opinions and

2643

01:31:53,189 --> 01:31:49,840

espouse some we you know people will out

2644

01:31:54,550 --> 01:31:53,199

there well clearly it's aliens you know

2645

01:31:55,590 --> 01:31:54,560

i think that's a little bit of a leap

2646

01:31:57,030 --> 01:31:55,600

but okay

2647

01:31:59,189 --> 01:31:57,040

um

2648

01:32:01,110 --> 01:31:59,199

but i think that the implication and

2649

01:32:03,350 --> 01:32:01,120

that's where i really

2650

01:32:06,310 --> 01:32:03,360

stay in it is to just say

2651  
01:32:08,149 --> 01:32:06,320  
we could be talking about something very

2652  
01:32:10,870 --> 01:32:08,159  
complex and so

2653  
01:32:12,629 --> 01:32:10,880  
um whether it's you and i don't not to

2654  
01:32:14,870 --> 01:32:12,639  
pick on you but whether it's people who

2655  
01:32:17,830 --> 01:32:14,880  
are legitimate skeptics or people who

2656  
01:32:20,629 --> 01:32:17,840  
are quote hardened believers let's try

2657  
01:32:23,510 --> 01:32:20,639  
to to not get framed into this dogmatic

2658  
01:32:25,750 --> 01:32:23,520  
frame of mind of of just trying to fit

2659  
01:32:28,790 --> 01:32:25,760  
into something let's always consider

2660  
01:32:29,669 --> 01:32:28,800  
that um and i mentioned this on twitter

2661  
01:32:31,510 --> 01:32:29,679  
you know

2662  
01:32:33,910 --> 01:32:31,520  
that's where i stand by it are these

2663  
01:32:35,350 --> 01:32:33,920

objects flying the answer is yes and no

2664

01:32:37,910 --> 01:32:35,360

and the answer is yes and no that means

2665

01:32:41,030 --> 01:32:37,920

the real conclusion may lie beyond the

2666

01:32:43,270 --> 01:32:41,040

hypothesis and i'm a huge advocate and

2667

01:32:45,830 --> 01:32:43,280

and it may be with this

2668

01:32:50,149 --> 01:32:45,840

with ufos whether it's with ai and all

2669

01:32:52,229 --> 01:32:50,159

these things and i'm a huge advocate of

2670

01:32:54,149 --> 01:32:52,239

let's never simplify

2671

01:32:56,709 --> 01:32:54,159

things that could have complex solutions

2672

01:32:59,030 --> 01:32:56,719

i'm all about technological innovation

2673

01:33:01,350 --> 01:32:59,040

intellectual pursuits and it i don't

2674

01:33:02,550 --> 01:33:01,360

think it's fair to characterize you is

2675

01:33:03,910 --> 01:33:02,560

there and i

2676

01:33:05,510 --> 01:33:03,920

um

2677

01:33:07,350 --> 01:33:05,520

you know maybe i give you a hard time in

2678

01:33:09,350 --> 01:33:07,360

saying it's a simplistic solution

2679

01:33:10,790 --> 01:33:09,360

because the plain thing but at the same

2680

01:33:12,390 --> 01:33:10,800

time if that's what you really wanted we

2681

01:33:14,950 --> 01:33:12,400

wouldn't be talking right now you know

2682

01:33:16,310 --> 01:33:14,960

and i appreciate that and so

2683

01:33:17,590 --> 01:33:16,320

um

2684

01:33:20,310 --> 01:33:17,600

i i

2685

01:33:23,270 --> 01:33:20,320

it's it's weird you know and i think

2686

01:33:25,350 --> 01:33:23,280

that's what we can all like agree to

2687

01:33:27,030 --> 01:33:25,360

it's weird

2688

01:33:30,310 --> 01:33:27,040

and it is weird

2689

01:33:34,709 --> 01:33:32,709

even even like the

2690

01:33:36,310 --> 01:33:34,719

the videos themselves like the gimbal

2691

01:33:37,990 --> 01:33:36,320

thing with the rotating glare is a weird

2692

01:33:39,510 --> 01:33:38,000

thing that i'd never seen before and it

2693

01:33:41,270 --> 01:33:39,520

took me a while to figure out what i

2694

01:33:43,110 --> 01:33:41,280

think it actually is which is this

2695

01:33:45,990 --> 01:33:43,120

rotating rotating glare it's it's a

2696

01:33:48,470 --> 01:33:46,000

complicated thing and it's a new thing

2697

01:33:50,950 --> 01:33:48,480

and in some ways the flying saucer

2698

01:33:52,870 --> 01:33:50,960

explanation is simpler than the rotating

2699

01:33:54,629 --> 01:33:52,880

glare explanation and that's something

2700

01:33:57,030 --> 01:33:54,639

people accuse me sometimes of is is

2701  
01:33:58,790 --> 01:33:57,040  
creating these fantastic explanations

2702  
01:34:00,229 --> 01:33:58,800  
when there's a much simpler explanation

2703  
01:34:01,350 --> 01:34:00,239  
and that it's an alien spaceship why

2704  
01:34:03,189 --> 01:34:01,360  
don't you just go with the obvious

2705  
01:34:04,950 --> 01:34:03,199  
simple thing why have you got to do this

2706  
01:34:07,189 --> 01:34:04,960  
really complicated gimbals and

2707  
01:34:08,310 --> 01:34:07,199  
interlocking systems and axes and gimbal

2708  
01:34:10,310 --> 01:34:08,320  
lock and

2709  
01:34:11,830 --> 01:34:10,320  
flare and glare and

2710  
01:34:14,149 --> 01:34:11,840  
you know here so

2711  
01:34:16,149 --> 01:34:14,159  
uh people's perception of what is you

2712  
01:34:17,590 --> 01:34:16,159  
know the orcam's razer thing and what

2713  
01:34:18,550 --> 01:34:17,600

the simplest explanation is often the

2714

01:34:19,990 --> 01:34:18,560

best

2715

01:34:23,030 --> 01:34:20,000

uh for a lot of people the simplest

2716

01:34:24,550 --> 01:34:23,040

explanation is actually something like

2717

01:34:27,189 --> 01:34:24,560

aliens or some kind of advanced

2718

01:34:29,750 --> 01:34:27,199

technology flying craft and the

2719

01:34:31,350 --> 01:34:29,760

ridiculous explanation is that it's a

2720

01:34:33,430 --> 01:34:31,360

rotating glare

2721

01:34:35,030 --> 01:34:33,440

so i think you you've always got to be

2722

01:34:37,830 --> 01:34:35,040

careful to uh

2723

01:34:39,990 --> 01:34:37,840

check your biases on these things

2724

01:34:42,390 --> 01:34:40,000

and obviously we're all guilty we're all

2725

01:34:45,109 --> 01:34:42,400

guilty of having a certain bias even if

2726

01:34:47,750 --> 01:34:45,119

we we try to be objective

2727

01:34:50,629 --> 01:34:47,760

uh you've got to keep an open mind

2728

01:34:52,950 --> 01:34:50,639

i try to keep an open mind i i entertain

2729

01:34:54,470 --> 01:34:52,960

these these hypotheses and i would ask

2730

01:34:57,109 --> 01:34:54,480

people who

2731

01:34:59,350 --> 01:34:57,119

you know made more ufo fans to also

2732

01:35:00,470 --> 01:34:59,360

entertain the hypotheses uh from you

2733

01:35:01,910 --> 01:35:00,480

know the other side we're not really

2734

01:35:03,109 --> 01:35:01,920

after this size we're just we're all

2735

01:35:05,990 --> 01:35:03,119

we're all trying to figure things out

2736

01:35:09,270 --> 01:35:06,000

here but keep her a genuinely open mind

2737

01:35:12,870 --> 01:35:09,280

not just an open mind about aliens

2738

01:35:14,470 --> 01:35:12,880

sure and then that is why i said uh i

2739

01:35:16,470 --> 01:35:14,480

appreciate you letting me come on here

2740

01:35:19,030 --> 01:35:16,480

and i hope that anybody

2741

01:35:21,750 --> 01:35:19,040

regardless of what their

2742

01:35:23,910 --> 01:35:21,760

you know pre-existing views are it is

2743

01:35:25,590 --> 01:35:23,920

that um

2744

01:35:28,550 --> 01:35:25,600

yeah i mean i think we've had we have

2745

01:35:30,790 --> 01:35:28,560

great dialogue here where man i i walk

2746

01:35:32,229 --> 01:35:30,800

away from it and and you know and i

2747

01:35:35,189 --> 01:35:32,239

think i even mentioned this to you that

2748

01:35:36,870 --> 01:35:35,199

the rotating glare thing i think you

2749

01:35:38,470 --> 01:35:36,880

provide a pretty good analysis with that

2750

01:35:39,750 --> 01:35:38,480

that's why i brought up the point going

2751  
01:35:41,430 --> 01:35:39,760  
am i missing something i didn't know

2752  
01:35:43,270 --> 01:35:41,440  
that rotating glare was so significant

2753  
01:35:44,870 --> 01:35:43,280  
to people i'm still like it doesn't rule

2754  
01:35:47,669 --> 01:35:44,880  
out your aliens and it doesn't rule out

2755  
01:35:49,910 --> 01:35:47,679  
the plane it doesn't rule out aliens

2756  
01:35:52,310 --> 01:35:49,920  
but it but it it does give a good

2757  
01:35:54,470 --> 01:35:52,320  
example there where now we can rule that

2758  
01:35:56,070 --> 01:35:54,480  
out remember i said the complex problem

2759  
01:35:57,510 --> 01:35:56,080  
they're zipping around not in our

2760  
01:35:59,030 --> 01:35:57,520  
physics but

2761  
01:36:01,030 --> 01:35:59,040  
we don't have evidence for doing that

2762  
01:36:04,229 --> 01:36:01,040  
right there so maybe we need to look for

2763  
01:36:06,709 --> 01:36:04,239

something else um yeah we're pruning

2764

01:36:08,229 --> 01:36:06,719

pruning the tree of evidence here

2765

01:36:09,830 --> 01:36:08,239

getting rid of the dead wood that's kind

2766

01:36:11,590 --> 01:36:09,840

of getting in the way and eventually

2767

01:36:13,430 --> 01:36:11,600

we'll get a stronger tree which will be

2768

01:36:15,350 --> 01:36:13,440

able to support a uh

2769

01:36:16,790 --> 01:36:15,360

a good hypothesis that may turn out to

2770

01:36:19,830 --> 01:36:16,800

be the right one

2771

01:36:22,229 --> 01:36:19,840

i i i truly hope and that's where i

2772

01:36:24,790 --> 01:36:22,239

approach it from my part i understand

2773

01:36:26,629 --> 01:36:24,800

that maybe i get more accolades from the

2774

01:36:28,550 --> 01:36:26,639

ufo community but i think that's because

2775

01:36:29,910 --> 01:36:28,560

the work that i do looks at these people

2776

01:36:32,149 --> 01:36:29,920

who are investigating them from a

2777

01:36:33,109 --> 01:36:32,159

government standpoint or

2778

01:36:35,270 --> 01:36:33,119

you know i just have a different

2779

01:36:36,629 --> 01:36:35,280

approach it's it's you know not saying

2780

01:36:39,669 --> 01:36:36,639

it's it's it's

2781

01:36:41,430 --> 01:36:39,679

it's not scientific

2782

01:36:42,310 --> 01:36:41,440

it is an empirical

2783

01:36:43,750 --> 01:36:42,320

uh

2784

01:36:44,870 --> 01:36:43,760

logical approach and that's what i'll

2785

01:36:47,030 --> 01:36:44,880

make sure to let people know it's

2786

01:36:49,109 --> 01:36:47,040

through purely logic which i come from a

2787

01:36:51,510 --> 01:36:49,119

social science background where you

2788

01:36:53,430 --> 01:36:51,520

realize one thing and one thing only

2789

01:36:55,830 --> 01:36:53,440

people are freaking weird

2790

01:36:57,350 --> 01:36:55,840

people do weird things and

2791

01:36:58,870 --> 01:36:57,360

sometimes and i know this with your

2792

01:37:01,350 --> 01:36:58,880

conspiracy work

2793

01:37:03,830 --> 01:37:01,360

is that often times the grand

2794

01:37:05,350 --> 01:37:03,840

conspiracies the deep state

2795

01:37:06,950 --> 01:37:05,360

boil down to

2796

01:37:11,350 --> 01:37:06,960

um

2797

01:37:12,790 --> 01:37:11,360

back to that 1910 thing people have

2798

01:37:13,910 --> 01:37:12,800

harped on that with the release of the

2799

01:37:14,790 --> 01:37:13,920

videos

2800

01:37:22,629 --> 01:37:14,800

and

2801

01:37:23,910 --> 01:37:22,639

the form god bless him he you know

2802

01:37:25,430 --> 01:37:23,920

it's not like i'm buddies with him but

2803

01:37:29,189 --> 01:37:25,440

our interaction has always been very

2804

01:37:30,310 --> 01:37:29,199

pleasant um i assume uh mr luis elizondo

2805

01:37:32,790 --> 01:37:30,320

filled out that form i think he's

2806

01:37:34,870 --> 01:37:32,800

admitted that he misspelled gimbal all

2807

01:37:36,390 --> 01:37:34,880

right we're all human you know we all

2808

01:37:38,709 --> 01:37:36,400

make mistakes

2809

01:37:40,229 --> 01:37:38,719

and so a lot of these things

2810

01:37:41,510 --> 01:37:40,239

and i go that with the government i mean

2811

01:37:44,629 --> 01:37:41,520

that's why

2812

01:37:45,830 --> 01:37:44,639

uh i don't feud with them i've tried to

2813

01:37:48,070 --> 01:37:45,840

work with them to explain them the

2814

01:37:50,470 --> 01:37:48,080

information that we've got and uh you

2815

01:37:53,030 --> 01:37:50,480

know hopefully the same goes there i

2816

01:37:56,070 --> 01:37:53,040

would love if they and in fact so that

2817

01:37:57,910 --> 01:37:56,080

you are aware i have petitioned them you

2818

01:38:00,229 --> 01:37:57,920

know to their engineering reports down

2819

01:38:03,189 --> 01:38:00,239

at naval weapons systems command to try

2820

01:38:05,189 --> 01:38:03,199

to provide you me and everybody some

2821

01:38:06,870 --> 01:38:05,199

more information because if i think if

2822

01:38:08,870 --> 01:38:06,880

you have that information and we have

2823

01:38:11,669 --> 01:38:08,880

that information well that changes the

2824

01:38:13,030 --> 01:38:11,679

dynamic i don't think i i mean i could

2825

01:38:14,149 --> 01:38:13,040

be wrong but mick i don't think you're

2826

01:38:15,590 --> 01:38:14,159

going to go

2827

01:38:16,470 --> 01:38:15,600

you guys are still full you

2828

01:38:17,270 --> 01:38:16,480

know

2829

01:38:19,830 --> 01:38:17,280

wow

2830

01:38:22,629 --> 01:38:19,840

i'm going to look at the new information

2831

01:38:23,910 --> 01:38:22,639

right and see and see what we can do and

2832

01:38:25,990 --> 01:38:23,920

um

2833

01:38:27,830 --> 01:38:26,000

so yeah i know it's very it's a very

2834

01:38:29,590 --> 01:38:27,840

interesting uh

2835

01:38:32,149 --> 01:38:29,600

situation still know it's amazing it's

2836

01:38:33,910 --> 01:38:32,159

been going on so long as well it's uh

2837

01:38:35,430 --> 01:38:33,920

and hopefully

2838

01:38:37,189 --> 01:38:35,440

you know we'll get more information and

2839

01:38:38,790 --> 01:38:37,199

we'll be able to get some kind of

2840

01:38:41,270 --> 01:38:38,800

resolution you know at least on some of

2841

01:38:42,870 --> 01:38:41,280

these videos i'm i'm kind of confident

2842

01:38:46,070 --> 01:38:42,880

that at some point

2843

01:38:48,709 --> 01:38:46,080

uh my my at least my rotating glare

2844

01:38:51,430 --> 01:38:48,719

analysis is going to be vindicated but

2845

01:38:53,669 --> 01:38:51,440

uh it may take a while

2846

01:38:55,830 --> 01:38:53,679

i think and i'll go on record here we

2847

01:38:57,189 --> 01:38:55,840

are everybody from limited information

2848

01:39:00,629 --> 01:38:57,199

now i think you're rotating glare

2849

01:39:01,350 --> 01:39:00,639

analysis is is a good one i i will tell

2850

01:39:03,910 --> 01:39:01,360

you

2851

01:39:05,990 --> 01:39:03,920

i've spoken to f-18 pilots defense

2852

01:39:07,189 --> 01:39:06,000

industry experts technology engineers

2853

01:39:09,590 --> 01:39:07,199

and everything

2854

01:39:11,350 --> 01:39:09,600

the distant plane hypothesis they're not

2855

01:39:12,390 --> 01:39:11,360

on board with okay

2856

01:39:14,709 --> 01:39:12,400

but i'm not

2857

01:39:16,470 --> 01:39:14,719

i've never flown f-18 the rotating

2858

01:39:18,950 --> 01:39:16,480

gimbal uh thing that you have

2859

01:39:21,430 --> 01:39:18,960

demonstrated all of when chef said yeah

2860

01:39:23,590 --> 01:39:21,440

no that's that's pretty yeah i think

2861

01:39:24,390 --> 01:39:23,600

that that's a very good hypothesis and

2862

01:39:26,470 --> 01:39:24,400

so

2863

01:39:27,910 --> 01:39:26,480

um i don't know i brought this up and i

2864

01:39:29,669 --> 01:39:27,920

think some people were like no it's a

2865

01:39:32,470 --> 01:39:29,679

big deal they said on the tv show and

2866

01:39:34,070 --> 01:39:32,480

everything and i'm like

2867

01:39:35,510 --> 01:39:34,080

i i would hope

2868

01:39:37,750 --> 01:39:35,520

and i hope that you'd agree with me too

2869

01:39:39,990 --> 01:39:37,760

i would i don't think that you equally

2870

01:39:41,750 --> 01:39:40,000

you don't produce youtube videos for to

2871

01:39:43,830 --> 01:39:41,760

for people to go well there we go ladies

2872

01:39:46,229 --> 01:39:43,840

and gentlemen science has been solved

2873

01:39:47,430 --> 01:39:46,239

and the same goes for the tv shows and

2874

01:39:49,510 --> 01:39:47,440

so i don't know what they said i don't

2875

01:39:51,350 --> 01:39:49,520

pay attention to that not knocking your

2876

01:39:52,390 --> 01:39:51,360

youtube videos i'm just saying

2877

01:39:54,790 --> 01:39:52,400

um

2878

01:39:57,270 --> 01:39:54,800

people can be wrong people do weird

2879

01:39:58,470 --> 01:39:57,280

things and um

2880

01:40:01,590 --> 01:39:58,480

again

2881

01:40:04,070 --> 01:40:01,600

it could be a non-rotating alien

2882

01:40:05,830 --> 01:40:04,080

spacecraft that for whatever reason if

2883

01:40:07,990 --> 01:40:05,840

it's alien

2884

01:40:11,030 --> 01:40:08,000

they sure don't give a what we

2885

01:40:12,870 --> 01:40:11,040

think and want to do because they're not

2886

01:40:14,790 --> 01:40:12,880

they're not giving us any evidence

2887

01:40:16,950 --> 01:40:14,800

that's a whole other

2888

01:40:20,149 --> 01:40:16,960

discussion what the heck is going on

2889

01:40:24,550 --> 01:40:22,470

try to pretend

2890

01:40:26,310 --> 01:40:24,560

and i've been you know almost 20 years

2891

01:40:28,950 --> 01:40:26,320

i've been trained to understand human

2892

01:40:30,629 --> 01:40:28,960

behavior and the way people work i don't

2893

01:40:33,750 --> 01:40:30,639

even understand that i'm not even going

2894

01:40:35,510 --> 01:40:33,760

to try to understand an alien yes yeah

2895

01:40:36,950 --> 01:40:35,520

it's interesting and that's all i'll say

2896

01:40:38,550 --> 01:40:36,960

i know we're probably running close on

2897

01:40:39,430 --> 01:40:38,560

time and i'll just say

2898

01:40:40,790 --> 01:40:39,440

um

2899

01:40:42,310 --> 01:40:40,800

i appreciate it

2900

01:40:43,669 --> 01:40:42,320

and i would hope that anybody coming

2901  
01:40:45,750 --> 01:40:43,679  
through there whether it's the people on

2902  
01:40:47,270 --> 01:40:45,760  
metabolic that they really put in a lot

2903  
01:40:49,109 --> 01:40:47,280  
of great work and they do this analysis

2904  
01:40:51,590 --> 01:40:49,119  
the people on the ufo side there's some

2905  
01:40:53,510 --> 01:40:51,600  
really good legitimate investigators

2906  
01:40:55,430 --> 01:40:53,520  
i'll tell you as someone who trained

2907  
01:40:59,030 --> 01:40:55,440  
investigators

2908  
01:41:00,310 --> 01:40:59,040  
you don't hear about them much they

2909  
01:41:02,470 --> 01:41:00,320  
don't get on there and argue with you on

2910  
01:41:04,070 --> 01:41:02,480  
twitter they don't do this type of stuff

2911  
01:41:06,390 --> 01:41:04,080  
but they do some really good analysis

2912  
01:41:07,990 --> 01:41:06,400  
and i hope that on both of those sides

2913  
01:41:10,390 --> 01:41:08,000

the potential

2914

01:41:12,870 --> 01:41:10,400

that this is a complex problem that's

2915

01:41:13,669 --> 01:41:12,880

going to require some some really

2916

01:41:15,270 --> 01:41:13,679

uh

2917

01:41:16,790 --> 01:41:15,280

out-of-the-box thinking or something

2918

01:41:19,189 --> 01:41:16,800

being king they realize that our current

2919

01:41:21,109 --> 01:41:19,199

hypothesis may not fit an answer we got

2920

01:41:23,350 --> 01:41:21,119

to look a little further hey man if we

2921

01:41:24,950 --> 01:41:23,360

encourage that

2922

01:41:26,629 --> 01:41:24,960

i really don't give a if they

2923

01:41:28,390 --> 01:41:26,639

decide it's aliens or not but if they

2924

01:41:31,430 --> 01:41:28,400

develop the technology that leads us to

2925

01:41:34,149 --> 01:41:31,440

mars or they develop the ai that does

2926

01:41:35,430 --> 01:41:34,159

something that you know is innovative

2927

01:41:37,430 --> 01:41:35,440

because they're trying to solve what

2928

01:41:38,870 --> 01:41:37,440

this could be well

2929

01:41:40,709 --> 01:41:38,880

i really don't care if it's aliens or

2930

01:41:42,629 --> 01:41:40,719

not and i know that

2931

01:41:44,149 --> 01:41:42,639

the ufo crowd maybe maybe don't want to

2932

01:41:45,510 --> 01:41:44,159

hear that but

2933

01:41:47,990 --> 01:41:45,520

i'm like you

2934

01:41:49,109 --> 01:41:48,000

i'd love for it to be aliens i really

2935

01:41:51,910 --> 01:41:49,119

would

2936

01:41:53,669 --> 01:41:51,920

but if it's gonna be it i do want it to

2937

01:41:55,750 --> 01:41:53,679

be held to the standard where i think i

2938

01:41:58,470 --> 01:41:55,760

mentioned that that mick west and neil

2939

01:42:00,470 --> 01:41:58,480

degrasse tyson and saystack

2940

01:42:03,189 --> 01:42:00,480

lead the parade arm and arm of

2941

01:42:04,470 --> 01:42:03,199

excitement because this would be

2942

01:42:06,950 --> 01:42:04,480

the greatest

2943

01:42:09,270 --> 01:42:06,960

human history so

2944

01:42:11,270 --> 01:42:09,280

yeah let's treat it like that

2945

01:42:13,350 --> 01:42:11,280

yeah i think a lot of scientists are

2946

01:42:15,270 --> 01:42:13,360

really uh science fiction fans as well

2947

01:42:17,189 --> 01:42:15,280

so here they're they're all on board

2948

01:42:18,470 --> 01:42:17,199

with uh aliens being out there if it's a

2949

01:42:20,470 --> 01:42:18,480

possibility

2950

01:42:21,910 --> 01:42:20,480

and they were they would love for uh

2951

01:42:23,430 --> 01:42:21,920

they would love for it to happen and

2952

01:42:24,709 --> 01:42:23,440

they would you know they would love even

2953

01:42:26,310 --> 01:42:24,719

if it's just something like discovering

2954

01:42:29,510 --> 01:42:26,320

radio signals from another star that

2955

01:42:30,950 --> 01:42:29,520

would be quite uh quite amazing and uh

2956

01:42:32,790 --> 01:42:30,960

aliens flying around in little lane and

2957

01:42:34,790 --> 01:42:32,800

spaceships would be quite amazing too

2958

01:42:36,950 --> 01:42:34,800

but then again if it's just like the

2959

01:42:39,189 --> 01:42:36,960

chinese with their warp drives that

2960

01:42:41,189 --> 01:42:39,199

would also be very amazing so whatever

2961

01:42:43,109 --> 01:42:41,199

happens uh there's a potential for

2962

01:42:44,390 --> 01:42:43,119

something that's amazing but i i'm still

2963

01:42:46,310 --> 01:42:44,400

holding out for the potential whether

2964

01:42:47,430 --> 01:42:46,320  
something pretty boring as well

2965

01:42:49,030 --> 01:42:47,440  
but uh

2966

01:42:50,550 --> 01:42:49,040  
we may never know

2967

01:42:52,070 --> 01:42:50,560  
yeah well we got to disprove that other

2968

01:42:53,830 --> 01:42:52,080  
than i would just say

2969

01:42:56,390 --> 01:42:53,840  
i don't think that the alien spaceships

2970

01:42:57,350 --> 01:42:56,400  
are flying around they're doing

2971

01:42:59,750 --> 01:42:57,360  
something

2972

01:43:02,149 --> 01:42:59,760  
at least based on what we got there so

2973

01:43:04,070 --> 01:43:02,159  
so maybe that'll that'll drive you crazy

2974

01:43:05,590 --> 01:43:04,080  
and i've made all the ufo people happy

2975

01:43:07,350 --> 01:43:05,600  
because now you're going to be trying to

2976

01:43:09,430 --> 01:43:07,360

figure out videos to how do you present

2977

01:43:10,870 --> 01:43:09,440

something flying that's not flying and

2978

01:43:12,390 --> 01:43:10,880

hey dude

2979

01:43:14,390 --> 01:43:12,400

i'll be the first actually i don't have

2980

01:43:16,070 --> 01:43:14,400

the ability to i will write whoever i

2981

01:43:18,310 --> 01:43:16,080

need to to put you in for a nobel prize

2982

01:43:19,109 --> 01:43:18,320

if you could figure that one out because

2983

01:43:20,950 --> 01:43:19,119

that's

2984

01:43:22,550 --> 01:43:20,960

that would be great yeah yeah that would

2985

01:43:24,870 --> 01:43:22,560

be great

2986

01:43:27,189 --> 01:43:24,880

we'll see all right well this has been

2987

01:43:29,189 --> 01:43:27,199

uh very interesting uh

2988

01:43:30,870 --> 01:43:29,199

and hopefully it will uh kind of clear

2989

01:43:32,709 --> 01:43:30,880

some things up about you know my

2990

01:43:35,430 --> 01:43:32,719

position and your position in our

2991

01:43:37,830 --> 01:43:35,440

relative positions it's not like i'm

2992

01:43:39,990 --> 01:43:37,840

arguing that uh it has to be this way

2993

01:43:42,310 --> 01:43:40,000

i'm just pointing out certain things and

2994

01:43:45,030 --> 01:43:42,320

you've you've obviously done great work

2995

01:43:47,109 --> 01:43:45,040

like on the uh the more people and

2996

01:43:48,390 --> 01:43:47,119

institutional side of the investigation

2997

01:43:50,709 --> 01:43:48,400

and uh

2998

01:43:52,790 --> 01:43:50,719

kind of blending those things together

2999

01:43:54,470 --> 01:43:52,800

and sorting the wheat from the chef i

3000

01:43:56,070 --> 01:43:54,480

think we can we can maybe uh get

3001

01:43:58,070 --> 01:43:56,080

something in the long run and keep

3002

01:44:00,149 --> 01:43:58,080

plugging away at all these people and

3003

01:44:01,830 --> 01:44:00,159

get more information from them

3004

01:44:03,830 --> 01:44:01,840

i'm excited what i've taken away from

3005

01:44:08,950 --> 01:44:03,840

this is you believe it's aliens so great

3006

01:44:12,390 --> 01:44:10,550

thanks a lot and i do hope that people

3007

01:44:14,070 --> 01:44:12,400

take this and uh

3008

01:44:16,229 --> 01:44:14,080

this is how real science and this is how

3009

01:44:17,910 --> 01:44:16,239

innovation occurs we have people of

3010

01:44:19,669 --> 01:44:17,920

different diverse backgrounds coming

3011

01:44:21,030 --> 01:44:19,679

together and arguing points because

3012

01:44:22,550 --> 01:44:21,040

there's things that you brought up that

3013

01:44:24,310 --> 01:44:22,560

i'll walk away with and i hope others

3014

01:44:26,070 --> 01:44:24,320

walk away with and go huh

3015

01:44:28,550 --> 01:44:26,080

interesting there and maybe vice versa

3016

01:44:30,229 --> 01:44:28,560

but definitely vice versa yeah so cool

3017

01:44:32,390 --> 01:44:30,239

i'm glad to be able to

3018

01:44:34,709 --> 01:44:32,400

to demonstrate that and that's the best
