

1
00:00:05,090 --> 00:00:02,510
does this video have Joe Biden from

2
00:00:07,430 --> 00:00:05,100
March 16 2021 show evidence of being

3
00:00:08,390 --> 00:00:07,440
composited with green screen or similar

4
00:00:11,089 --> 00:00:08,400
technology

5
00:00:13,730 --> 00:00:11,099
no what we see is a large fuzzy

6
00:00:15,410 --> 00:00:13,740
microphone cover called a dead cat

7
00:00:17,390 --> 00:00:15,420
this and other microphones are bouncing

8
00:00:19,730 --> 00:00:17,400
around just in shot because they are all

9
00:00:21,170 --> 00:00:19,740
on Long booms because of covid-19 social

10
00:00:23,390 --> 00:00:21,180
distancing

11
00:00:25,130 --> 00:00:23,400
Biden walks right up to the mics and at

12
00:00:27,230 --> 00:00:25,140
one point leans in a little and gestures

13
00:00:28,910 --> 00:00:27,240

down with his finger pointing down his

14

00:00:30,890 --> 00:00:28,920

hand now looks like it's in front of the

15

00:00:32,990 --> 00:00:30,900

microphone because it is

16

00:00:34,310 --> 00:00:33,000

but because the microphone is so big it

17

00:00:36,950 --> 00:00:34,320

looks like that should be in front of

18

00:00:39,290 --> 00:00:36,960

him so people shout green screen

19

00:00:40,729 --> 00:00:39,300

but it's not I recreated this in my

20

00:00:43,430 --> 00:00:40,739

backyard

21

00:00:45,049 --> 00:00:43,440

setting up a dummy dead cat on a stand I

22

00:00:47,569 --> 00:00:45,059

walked up and did similar movements with

23

00:00:49,850 --> 00:00:47,579

similar results It's Just an Illusion

24

00:00:51,110 --> 00:00:49,860

and lots of people fell for it it does

25

00:00:53,990 --> 00:00:51,120

look weird but once you understand

26

00:00:56,330 --> 00:00:54,000

what's going on it's pretty obvious

27

00:00:59,389 --> 00:00:56,340

as usual the illusion is magnified by

28

00:01:01,670 --> 00:00:59,399

poor quality video dead cats have very

29

00:01:04,130 --> 00:01:01,680

fuzzy edges so are very hard to compress

30

00:01:06,410 --> 00:01:04,140

in video losing lots of detail

31

00:01:08,810 --> 00:01:06,420

but there's also lots of AP photos of

32

00:01:12,289 --> 00:01:08,820

the moment showing he was actually there

33

00:01:14,810 --> 00:01:12,299

and that's really all there is to it

34

00:01:16,429 --> 00:01:14,820

there's actually two shots of this event

35

00:01:17,810 --> 00:01:16,439

and you think having two shots will

36

00:01:19,850 --> 00:01:17,820

clear things up but it actually makes

37

00:01:21,530 --> 00:01:19,860

people a little bit more confused now

38

00:01:23,149 --> 00:01:21,540

you can see in this shot here we've got

39

00:01:24,710 --> 00:01:23,159

one shot from one side and one shot from

40

00:01:26,450 --> 00:01:24,720

the other side and we can see that

41

00:01:28,850 --> 00:01:26,460

Biden's hand is in between these two

42

00:01:31,670 --> 00:01:28,860

microphones so in this video on the

43

00:01:34,310 --> 00:01:31,680

right uh the gray larger microphone

44

00:01:36,830 --> 00:01:34,320

appears behind his hand and in this

45

00:01:40,609 --> 00:01:36,840

video on the left the black microphone

46

00:01:42,410 --> 00:01:40,619

appears like it's behind his hand uh but

47

00:01:45,289 --> 00:01:42,420

this this is a little bit confusing

48

00:01:46,550 --> 00:01:45,299

because if we go back to the start of

49

00:01:52,490 --> 00:01:46,560

this video

50

00:01:55,429 --> 00:01:52,500

video that the microphone that you

51
00:01:57,050 --> 00:01:55,439
thought was on over here is in fact

52
00:01:59,149 --> 00:01:57,060
behind his hand what's actually

53
00:02:01,429 --> 00:01:59,159
happening is is actually behind his hand

54
00:02:05,030 --> 00:02:01,439
and you can see this is happening if you

55
00:02:08,330 --> 00:02:05,040
just step through things very smoothly

56
00:02:10,430 --> 00:02:08,340
and watch the underneath of Biden's hand

57
00:02:12,589 --> 00:02:10,440
in this video you will see the

58
00:02:14,510 --> 00:02:12,599
microphone bump into it and it moves out

59
00:02:16,130 --> 00:02:14,520
his pinky a little bit you see his pink

60
00:02:18,050 --> 00:02:16,140
is tucked in under his fingers but

61
00:02:20,930 --> 00:02:18,060
you'll see the microphone actually bumps

62
00:02:26,270 --> 00:02:23,890
and there it is bumping into his hand

63
00:02:27,410 --> 00:02:26,280

and then the Boombox breaker obviously

64

00:02:29,030 --> 00:02:27,420

doesn't want to be bumping the president

65

00:02:31,490 --> 00:02:29,040

with his microphone so he kind of moves

66

00:02:33,229 --> 00:02:31,500

it back a little bit and after that now

67

00:02:34,970 --> 00:02:33,239

we just have Biden's hand in between the

68

00:02:38,150 --> 00:02:34,980

two microphones

69

00:02:41,449 --> 00:02:38,160

uh so right up here you see this uh is

70

00:02:43,250 --> 00:02:41,459

behind him and in this video down below

71

00:02:46,070 --> 00:02:43,260

you will see that the black microphone

72

00:02:49,729 --> 00:02:46,080

is now behind him because his hand is in
