

1  
00:00:03,750 --> 00:00:03,429  
all right ryan uh so uh you tweeted to

2  
00:00:05,510 --> 00:00:03,760  
me

3  
00:00:07,510 --> 00:00:05,520  
what was it let's see uh you didn't

4  
00:00:09,350 --> 00:00:07,520  
tweet me you tweeted out

5  
00:00:11,350 --> 00:00:09,360  
uh some of the clips i've been saying

6  
00:00:13,110 --> 00:00:11,360  
with marco rubio and john ratcliffe have

7  
00:00:14,070 --> 00:00:13,120  
a somewhat surreal feel to them that is

8  
00:00:17,189 --> 00:00:14,080  
coupled with this

9  
00:00:18,550 --> 00:00:17,199  
180 day impending report it feels like

10  
00:00:19,109 --> 00:00:18,560  
we're heading towards something really

11  
00:00:20,710 --> 00:00:19,119  
special

12  
00:00:22,310 --> 00:00:20,720  
something that will change the world as

13  
00:00:24,550 --> 00:00:22,320

we know it

14

00:00:25,750 --> 00:00:24,560

and then i said when a bet and you said

15

00:00:28,390 --> 00:00:25,760

yes

16

00:00:30,710 --> 00:00:28,400

so and i want to emphasize the reason i

17

00:00:33,110 --> 00:00:30,720

put feels in capitalized letters

18

00:00:34,549 --> 00:00:33,120

is to emphasize that i acknowledge that

19

00:00:36,069 --> 00:00:34,559

i can be completely wrong

20

00:00:38,150 --> 00:00:36,079

that it might just be my failing and

21

00:00:42,389 --> 00:00:38,160

maybe maybe i'm a lunatic

22

00:00:46,470 --> 00:00:44,310

but i'm willing to make a bet regardless

23

00:00:49,270 --> 00:00:46,480

because even though i acknowledge

24

00:00:50,869 --> 00:00:49,280

that i could be wrong i i feel confident

25

00:00:52,389 --> 00:00:50,879

enough that

26

00:00:54,630 --> 00:00:52,399

certain parameters could be met where

27

00:00:57,110 --> 00:00:54,640

i'd be willing to wager some some money

28

00:00:58,869 --> 00:00:57,120

okay so i guess the question is uh what

29

00:01:00,950 --> 00:00:58,879

what can we actually bet on here like

30

00:01:02,709 --> 00:01:00,960

we've got the 180 day report coming out

31

00:01:05,109 --> 00:01:02,719

but you said you don't want to

32

00:01:06,710 --> 00:01:05,119

uh bet anything specifically around that

33

00:01:08,390 --> 00:01:06,720

because it's a bit

34

00:01:09,830 --> 00:01:08,400

i guess uncertain what's actually coming

35

00:01:11,350 --> 00:01:09,840

out yeah i mean i mean let's let's

36

00:01:13,910 --> 00:01:11,360

look at this from a logical perspective

37

00:01:18,310 --> 00:01:13,920

if you look at the the the

38

00:01:21,749 --> 00:01:18,320

public relations uh like susan goff

39

00:01:23,350 --> 00:01:21,759

she's gone back and forth about elizondo

40

00:01:26,390 --> 00:01:23,360

did work for a tippy didn't work for a

41

00:01:27,910 --> 00:01:26,400

tip you a tip studied ufos a tip didn't

42

00:01:28,550 --> 00:01:27,920

study ufos so we're dealing with we're

43

00:01:30,550 --> 00:01:28,560

dealing

44

00:01:31,749 --> 00:01:30,560

from my perspective potentially we're

45

00:01:34,230 --> 00:01:31,759

dealing with

46

00:01:34,870 --> 00:01:34,240

reluctancy to to be transparent on this

47

00:01:36,550 --> 00:01:34,880

issue so

48

00:01:39,590 --> 00:01:36,560

that that gives me pause on the other

49

00:01:41,990 --> 00:01:39,600

hand i still think the 180 day report

50

00:01:43,030 --> 00:01:42,000

is going to contribute to an escalation

51

00:01:46,469 --> 00:01:43,040

that i see

52

00:01:47,510 --> 00:01:46,479

continuing beyond the 180 day report in

53

00:01:48,630 --> 00:01:47,520

other words i don't think this is going

54

00:01:49,910 --> 00:01:48,640

to just fizzle out

55

00:01:51,429 --> 00:01:49,920

and it's like well this could go

56

00:01:52,789 --> 00:01:51,439

anywhere i think the escalation is

57

00:01:54,950 --> 00:01:52,799

absolutely going to continue

58

00:01:56,069 --> 00:01:54,960

because i believe that the the ufo

59

00:01:59,190 --> 00:01:56,079

subject

60

00:02:00,709 --> 00:01:59,200

is tangibly real and as a mystery and

61

00:02:03,830 --> 00:02:00,719

that the us government

62

00:02:05,190 --> 00:02:03,840

has smoking gun evidence of the of of

63

00:02:07,670 --> 00:02:05,200

craft that maneuver

64

00:02:08,630 --> 00:02:07,680

in ways that are not known to exist in

65

00:02:10,389 --> 00:02:08,640

any military

66

00:02:11,910 --> 00:02:10,399

inventory in the world so that that that

67

00:02:15,030 --> 00:02:11,920

is my position

68

00:02:16,710 --> 00:02:15,040

right so uh let me just uh go back to

69

00:02:19,270 --> 00:02:16,720

something marco rubio said

70

00:02:19,830 --> 00:02:19,280

he he was asked uh you're on the intel

71

00:02:21,270 --> 00:02:19,840

committee

72

00:02:23,510 --> 00:02:21,280

uh they don't even tell you what's going

73

00:02:24,869 --> 00:02:23,520

on and he replied well i think they tell

74

00:02:26,309 --> 00:02:24,879

us what's going on i mean the stuff

75

00:02:27,830 --> 00:02:26,319

flying over the top of our military

76  
00:02:28,630 --> 00:02:27,840  
installations and they don't know who's

77  
00:02:29,990 --> 00:02:28,640  
flying it

78  
00:02:32,550 --> 00:02:30,000  
they don't know what it is so that's a

79  
00:02:33,750 --> 00:02:32,560  
problem we need to find out if we can

80  
00:02:35,750 --> 00:02:33,760  
which doesn't really suggest that they

81  
00:02:37,830 --> 00:02:35,760  
actually have any any evidence

82  
00:02:40,550 --> 00:02:37,840  
or do you think that this is evidence

83  
00:02:43,030 --> 00:02:40,560  
that is being hidden from marco rubio

84  
00:02:44,630 --> 00:02:43,040  
and if so why would we get it in this

85  
00:02:46,390 --> 00:02:44,640  
report or after this report

86  
00:02:48,150 --> 00:02:46,400  
no i think marco rubio is just being

87  
00:02:49,670 --> 00:02:48,160  
careful with his words because he

88  
00:02:51,670 --> 00:02:49,680

he and i know this sounds this is

89

00:02:53,350 --> 00:02:51,680  
probably what you would expect a ufo not

90

00:02:54,949 --> 00:02:53,360  
like me to say but i think he's being

91

00:02:56,630 --> 00:02:54,959  
careful with his words because he

92

00:03:00,710 --> 00:02:56,640  
realizes

93

00:03:03,190 --> 00:03:00,720  
thing and

94

00:03:04,630 --> 00:03:03,200  
and he doesn't want to be too extreme in

95

00:03:08,070 --> 00:03:04,640  
how he words anything

96

00:03:09,430 --> 00:03:08,080  
which is why he's very open to

97

00:03:11,589 --> 00:03:09,440  
to it being well maybe there's a

98

00:03:13,910 --> 00:03:11,599  
perfectly logical explanation

99

00:03:15,750 --> 00:03:13,920  
as if suggesting that maybe there had

100

00:03:18,550 --> 00:03:15,760  
this has nothing to do with

101  
00:03:20,229 --> 00:03:18,560  
extreme technology but i actually

102  
00:03:21,670 --> 00:03:20,239  
believe he probably doesn't lean in that

103  
00:03:24,229 --> 00:03:21,680  
direction but he's trying to

104  
00:03:24,710 --> 00:03:24,239  
be very careful with his wording because

105  
00:03:26,710 --> 00:03:24,720  
of the

106  
00:03:29,030 --> 00:03:26,720  
the weight of this issue and and how

107  
00:03:32,149 --> 00:03:29,040  
it's perceived by the public

108  
00:03:35,270 --> 00:03:32,159  
so do you think he thinks it's

109  
00:03:36,309 --> 00:03:35,280  
aliens no i i don't think he thinks it's

110  
00:03:38,149 --> 00:03:36,319  
aliens but i do

111  
00:03:40,470 --> 00:03:38,159  
think that he has been briefed on it and

112  
00:03:43,830 --> 00:03:40,480  
that he acknowledges that

113  
00:03:46,630 --> 00:03:43,840

even with the full

114

00:03:48,229 --> 00:03:46,640

power of the united states military

115

00:03:49,990 --> 00:03:48,239

whether that's satellites

116

00:03:51,990 --> 00:03:50,000

all of the sensor collecting

117

00:03:52,789 --> 00:03:52,000

infrastructure all over the place even

118

00:03:54,789 --> 00:03:52,799

that

119

00:03:57,030 --> 00:03:54,799

at the full disposal of the united

120

00:03:58,630 --> 00:03:57,040

states military and intelligence

121

00:04:00,470 --> 00:03:58,640

gathering apparatus

122

00:04:02,550 --> 00:04:00,480

they still don't know what it is that

123

00:04:04,789 --> 00:04:02,560

alone is hugely significant

124

00:04:06,550 --> 00:04:04,799

so if they don't know what it is even

125

00:04:08,070 --> 00:04:06,560

with everything at their

126

00:04:10,149 --> 00:04:08,080

fingertips then i think it's pretty

127

00:04:12,070 --> 00:04:10,159

clear that he's seen

128

00:04:13,509 --> 00:04:12,080

data suggesting that this is some weird

129

00:04:14,470 --> 00:04:13,519

stuff because if it was because if it

130

00:04:16,870 --> 00:04:14,480

wasn't weird

131

00:04:18,310 --> 00:04:16,880

and it was mundane then he wouldn't be

132

00:04:19,590 --> 00:04:18,320

tiptoeing around it like this and he

133

00:04:20,710 --> 00:04:19,600

would not give credence to

134

00:04:22,710 --> 00:04:20,720

well we don't know what it is and we

135

00:04:24,550 --> 00:04:22,720

need to find out what it is and and

136

00:04:26,310 --> 00:04:24,560

he also made another comment he said

137

00:04:27,909 --> 00:04:26,320

well if it didn't end up being

138

00:04:29,909 --> 00:04:27,919

this was a in a previous interview if it

139

00:04:31,270 --> 00:04:29,919

did end up being something really weird

140

00:04:31,909 --> 00:04:31,280

like non-human intelligence that would

141

00:04:34,550 --> 00:04:31,919

probably be

142

00:04:35,270 --> 00:04:34,560

better than if it was technology that is

143

00:04:37,430 --> 00:04:35,280

leapfrog

144

00:04:39,909 --> 00:04:37,440

united states military and owned by the

145

00:04:41,510 --> 00:04:39,919

russians or or or the chinese so yes

146

00:04:43,189 --> 00:04:41,520

i do think he's been briefed i do think

147

00:04:45,430 --> 00:04:43,199

he's been given classified briefings

148

00:04:47,990 --> 00:04:45,440

that demonstrate technology that is of

149

00:04:50,310 --> 00:04:48,000

unknown origin that's what i believe yes

150

00:04:51,189 --> 00:04:50,320

so i think like you know what i what i

151  
00:04:53,990 --> 00:04:51,199  
think about

152  
00:04:55,430 --> 00:04:54,000  
it um yeah i think it's gonna have a

153  
00:04:56,790 --> 00:04:55,440  
disconnect not a disconnect but like a

154  
00:04:57,110 --> 00:04:56,800  
disagreement here between me and you in

155  
00:05:01,350 --> 00:04:57,120  
where

156  
00:05:04,230 --> 00:05:01,360  
actually knows

157  
00:05:06,230 --> 00:05:04,240  
i i would argue that they don't know for

158  
00:05:09,270 --> 00:05:06,240  
sure that there are physical craft

159  
00:05:11,189 --> 00:05:09,280  
buzzing around over military bases

160  
00:05:11,590 --> 00:05:11,199  
except perhaps for like you know drones

161  
00:05:17,029 --> 00:05:11,600  
and

162  
00:05:18,710 --> 00:05:17,039  
but i i guess you you feel that there's

163  
00:05:23,029 --> 00:05:18,720

a good case to be made that there

164

00:05:25,350 --> 00:05:23,039

are unusual uh unusual crafts like craft

165

00:05:27,350 --> 00:05:25,360

that kind of like go very very fast or

166

00:05:29,830 --> 00:05:27,360

have instantaneous acceleration or have

167

00:05:33,270 --> 00:05:29,840

you know one of the the five observables

168

00:05:36,230 --> 00:05:33,280

or exceeding the sound barrier

169

00:05:37,029 --> 00:05:36,240

with without sonic booms or see that in

170

00:05:39,270 --> 00:05:37,039

itself

171

00:05:40,629 --> 00:05:39,280

to me would be an extraordinary thing if

172

00:05:43,430 --> 00:05:40,639

absolutely if that absolutely

173

00:05:45,110 --> 00:05:43,440

that thing is true and yet you feel i

174

00:05:45,909 --> 00:05:45,120

guess that it's that's kind of already

175

00:05:48,950 --> 00:05:45,919

proven

176

00:05:51,670 --> 00:05:48,960

to be the case well now

177

00:05:52,150 --> 00:05:51,680

i now granted i can't prove my position

178

00:05:54,070 --> 00:05:52,160

right

179

00:05:55,270 --> 00:05:54,080

so my position is a matter of belief

180

00:05:56,870 --> 00:05:55,280

it's certainly not a fact

181

00:05:58,390 --> 00:05:56,880

it's definitely not a fact but my belief

182

00:06:00,629 --> 00:05:58,400

based upon my analysis

183

00:06:02,070 --> 00:06:00,639

of the 70-year ufo history and of of the

184

00:06:03,430 --> 00:06:02,080

escalation that's occurred now and of

185

00:06:05,590 --> 00:06:03,440

statements that have come out of

186

00:06:07,430 --> 00:06:05,600

people like john ratcliffe and marco

187

00:06:11,029 --> 00:06:07,440

rubio

188

00:06:13,590 --> 00:06:11,039

and elizondo that yeah i think that

189

00:06:14,150 --> 00:06:13,600

i do think they have the sensor data

190

00:06:17,670 --> 00:06:14,160

that

191

00:06:19,990 --> 00:06:17,680

verifies unknown craft maneuvering in

192

00:06:21,510 --> 00:06:20,000

ways that are not known to exist and i

193

00:06:23,350 --> 00:06:21,520

think that they have it

194

00:06:25,270 --> 00:06:23,360

to such an extent that we could call it

195

00:06:26,550 --> 00:06:25,280

a smoking gun now they have not released

196

00:06:28,230 --> 00:06:26,560

that information

197

00:06:29,749 --> 00:06:28,240

and whether that's some sort of a

198

00:06:32,950 --> 00:06:29,759

cover-up or it's just

199

00:06:34,629 --> 00:06:32,960

bureaucracy that doesn't want to bring

200

00:06:36,230 --> 00:06:34,639

this to the public or whatever

201  
00:06:38,309 --> 00:06:36,240  
i do think they have that data somewhere

202  
00:06:39,830 --> 00:06:38,319  
yes i do i believe that yes

203  
00:06:41,510 --> 00:06:39,840  
so how could we how would we how could

204  
00:06:42,390 --> 00:06:41,520  
we formulate a bet around this how could

205  
00:06:44,230 --> 00:06:42,400  
we

206  
00:06:45,830 --> 00:06:44,240  
do something that say in the next or the

207  
00:06:49,029 --> 00:06:45,840  
remainder of this year say

208  
00:06:53,029 --> 00:06:49,039  
uh that you think will come to pass

209  
00:06:55,749 --> 00:06:53,039  
how could we actually measure the effect

210  
00:06:56,790 --> 00:06:55,759  
uh yeah well well will the government

211  
00:07:00,469 --> 00:06:56,800  
say

212  
00:07:02,550 --> 00:07:00,479  
uh we have evidence

213  
00:07:04,790 --> 00:07:02,560

yeah actual conclusive evidence that

214

00:07:06,950 --> 00:07:04,800

physical crafts are flying

215

00:07:09,749 --> 00:07:06,960

around see you use the word conclusive

216

00:07:15,189 --> 00:07:12,950

highly convincing i don't know good

217

00:07:16,309 --> 00:07:15,199

good evidence i mean what let me ask you

218

00:07:17,909 --> 00:07:16,319

this how would they word it

219

00:07:19,270 --> 00:07:17,919

if they weren't if it wasn't conclusive

220

00:07:20,950 --> 00:07:19,280

which i think it is conclusive so if

221

00:07:22,309 --> 00:07:20,960

they said it wasn't if they

222

00:07:23,510 --> 00:07:22,319

if they worded it in a way where you

223

00:07:24,950 --> 00:07:23,520

didn't get the impression was conclusive

224

00:07:26,309 --> 00:07:24,960

then they're just well i mean they would

225

00:07:33,110 --> 00:07:26,319

say just say reports

226

00:07:38,070 --> 00:07:36,790

or whether they do that post 180 day

227

00:07:40,390 --> 00:07:38,080

report i don't know

228

00:07:41,909 --> 00:07:40,400

but i do have i do believe in yes

229

00:07:44,550 --> 00:07:41,919

eventually they're going to

230

00:07:46,070 --> 00:07:44,560

say we have sensor we we have high

231

00:07:48,230 --> 00:07:46,080

confidence and or

232

00:07:49,909 --> 00:07:48,240

proof that there are vehicles of unknown

233

00:07:51,350 --> 00:07:49,919

origin operating ways that we cannot

234

00:07:52,230 --> 00:07:51,360

replicate yes i do believe that will

235

00:07:54,469 --> 00:07:52,240

take so

236

00:07:55,430 --> 00:07:54,479

eventually it's a a bit open-ended i

237

00:07:57,430 --> 00:07:55,440

mean that could be anytime in the next

238

00:08:00,390 --> 00:07:57,440

hundred years

239

00:08:02,390 --> 00:08:00,400

but i'll tell you this i tell you this

240

00:08:04,150 --> 00:08:02,400

the way this is escalating

241

00:08:05,270 --> 00:08:04,160

if it fizzles out like let's say it just

242

00:08:05,909 --> 00:08:05,280

doesn't go any further and it just

243

00:08:07,670 --> 00:08:05,919

fizzles out

244

00:08:09,749 --> 00:08:07,680

nothing of great substance or

245

00:08:11,270 --> 00:08:09,759

significance emerges from this

246

00:08:13,990 --> 00:08:11,280

then i will say hello mick west was

247

00:08:16,390 --> 00:08:14,000

right absolutely five years from now

248

00:08:18,710 --> 00:08:16,400

five years from now it's just nothing of

249

00:08:22,070 --> 00:08:18,720

of of great significance or tangible has

250

00:08:25,430 --> 00:08:22,080

occurred i will i'm gonna be your most

251

00:08:27,909 --> 00:08:25,440

i'm gonna be the most enthusiastic uh

252

00:08:29,430 --> 00:08:27,919

member of of a metabunk that you've ever

253

00:08:30,629 --> 00:08:29,440

seen excellent well that will be on

254

00:08:34,389 --> 00:08:30,639

march the 24th

255

00:08:36,070 --> 00:08:34,399

2026. so

256

00:08:37,990 --> 00:08:36,080

we'll uh we'll regroup i'm sure we'll

257

00:08:38,870 --> 00:08:38,000

regroup a few times before that but uh

258

00:08:41,990 --> 00:08:38,880

yeah

259

00:08:44,070 --> 00:08:42,000

happened i think you know uh we've had

260

00:08:46,790 --> 00:08:44,080

this ufo thing going on for

261

00:08:47,910 --> 00:08:46,800

since the 50s uh and you know to a

262

00:08:50,310 --> 00:08:47,920

certain degree earlier

263

00:08:52,710 --> 00:08:50,320

but like with like investigations and

264

00:08:56,310 --> 00:08:52,720

media attention since the 50s

265

00:08:57,590 --> 00:08:56,320

uh and you know it's it's we've not had

266

00:08:58,710 --> 00:08:57,600

any progress and you mean

267

00:08:59,829 --> 00:08:58,720

obviously you think that this is

268

00:09:01,430 --> 00:08:59,839

different but i think yeah it's

269

00:09:03,030 --> 00:09:01,440

different because for example

270

00:09:04,550 --> 00:09:03,040

congress has been given classified

271

00:09:05,670 --> 00:09:04,560

briefings which i think are significant

272

00:09:07,750 --> 00:09:05,680

in other words

273

00:09:11,430 --> 00:09:07,760

data that they are not willing to share

274

00:09:15,829 --> 00:09:14,070

there and also the us government is

275

00:09:19,030 --> 00:09:15,839

known to have said that

276

00:09:20,710 --> 00:09:19,040

in 1969 they they were done studying

277

00:09:22,949 --> 00:09:20,720

ufos with the close of project blue

278

00:09:24,230 --> 00:09:22,959

now conspiracy theorists were like nope

279

00:09:26,870 --> 00:09:24,240

don't believe it

280

00:09:28,389 --> 00:09:26,880

and guess what the us government was not

281

00:09:30,790 --> 00:09:28,399

being forthright because

282

00:09:33,269 --> 00:09:30,800

we we now know that they were studying

283

00:09:35,910 --> 00:09:33,279

ufos since like 2007 with

284

00:09:37,509 --> 00:09:35,920

two two programs asap advanced aerospace

285

00:09:38,150 --> 00:09:37,519

weapon systems application program and

286

00:09:39,990 --> 00:09:38,160

a-tip

287

00:09:41,190 --> 00:09:40,000

advanced aerospace threat identification

288

00:09:44,310 --> 00:09:41,200

program so

289

00:09:46,550 --> 00:09:44,320

they stopped for quite a while uh well

290

00:09:47,590 --> 00:09:46,560

well i guess that we know of that we

291

00:09:49,910 --> 00:09:47,600

know of yes

292

00:09:51,190 --> 00:09:49,920

but why would they stop i mean if people

293

00:09:53,110 --> 00:09:51,200

are still going to report

294

00:09:54,310 --> 00:09:53,120

sightings of unidentified like aircraft

295

00:09:56,070 --> 00:09:54,320

and why not it's not like every single

296

00:09:57,509 --> 00:09:56,080

aircraft in the sky can be identified or

297

00:09:58,310 --> 00:09:57,519

every single light in the distance is

298

00:10:01,110 --> 00:09:58,320

going to be

299

00:10:01,509 --> 00:10:01,120

unidentified it seems like the problem

300

00:10:03,110 --> 00:10:01,519

of

301  
00:10:04,790 --> 00:10:03,120  
identifying things that are a bit too

302  
00:10:07,829 --> 00:10:04,800  
far away is

303  
00:10:08,949 --> 00:10:07,839  
is a an evergreen problem because

304  
00:10:09,430 --> 00:10:08,959  
there's always going to be something

305  
00:10:11,030 --> 00:10:09,440  
that's

306  
00:10:12,550 --> 00:10:11,040  
a little bit further than your sensors

307  
00:10:15,910 --> 00:10:12,560  
can detect so that your

308  
00:10:17,350 --> 00:10:15,920  
situational awareness can comprehend uh

309  
00:10:19,670 --> 00:10:17,360  
that you're always trying to improve

310  
00:10:22,230 --> 00:10:19,680  
upon

311  
00:10:23,509 --> 00:10:22,240  
that uh i guess that's kind of almost in

312  
00:10:24,949 --> 00:10:23,519  
a way a different question if there's

313  
00:10:25,910 --> 00:10:24,959

things that's too far away are the

314

00:10:28,550 --> 00:10:25,920

things that are

315

00:10:29,670 --> 00:10:28,560

close enough that are unidentified that

316

00:10:31,910 --> 00:10:29,680

we're dealing with

317

00:10:33,750 --> 00:10:31,920

i think so yeah i think so you know

318

00:10:34,870 --> 00:10:33,760

elozondo when he was on the peacock

319

00:10:36,389 --> 00:10:34,880

program i think

320

00:10:37,910 --> 00:10:36,399

i don't remember the person he was

321

00:10:38,389 --> 00:10:37,920

talking to but he said that i think he

322

00:10:39,990 --> 00:10:38,399

said

323

00:10:42,069 --> 00:10:40,000

that they've gotten close as close to

324

00:10:42,470 --> 00:10:42,079

like 90 feet maybe it was the figure he

325

00:10:44,389 --> 00:10:42,480

used

326

00:10:45,990 --> 00:10:44,399

yeah i think yeah something around that

327

00:10:47,829 --> 00:10:46,000

less than 100 feet anyway which is very

328

00:10:49,430 --> 00:10:47,839

close it's like and he's also ready he's

329

00:10:51,829 --> 00:10:49,440

also said that there have been

330

00:10:52,790 --> 00:10:51,839

um other incidents we haven't heard

331

00:10:54,310 --> 00:10:52,800

about

332

00:10:55,670 --> 00:10:54,320

that some of them even more compelling

333

00:10:56,069 --> 00:10:55,680

than the ones we know about and that's

334

00:10:59,350 --> 00:10:56,079

been

335

00:11:01,829 --> 00:10:59,360

said there's there's more

336

00:11:03,110 --> 00:11:01,839

incidents we haven't uh learned yeah and

337

00:11:06,150 --> 00:11:03,120

he said that

338

00:11:07,190 --> 00:11:06,160

um they they they've even acquired

339

00:11:09,670 --> 00:11:07,200

satellite imagery

340

00:11:11,190 --> 00:11:09,680

so you know if that's true and then they

341

00:11:12,069 --> 00:11:11,200

have some pretty good data backing this

342

00:11:14,389 --> 00:11:12,079

up

343

00:11:15,910 --> 00:11:14,399

i think that's a curious statement that

344

00:11:17,990 --> 00:11:15,920

he made about the satellite image

345

00:11:20,310 --> 00:11:18,000

he didn't say satellite imagery i think

346

00:11:22,389 --> 00:11:20,320

he just said uh satellites

347

00:11:24,870 --> 00:11:22,399

and i think historically there was some

348

00:11:27,350 --> 00:11:24,880

talk of them being detected by

349

00:11:28,870 --> 00:11:27,360

uh kind of infrared sensing satellites

350

00:11:30,870 --> 00:11:28,880

as heat sources

351  
00:11:32,710 --> 00:11:30,880  
and there was one quote like someone

352  
00:11:33,509 --> 00:11:32,720  
said it was five times the heat source

353  
00:11:36,550 --> 00:11:33,519  
of a

354  
00:11:38,310 --> 00:11:36,560  
aircraft carrier uh i can't remember who

355  
00:11:41,509 --> 00:11:38,320  
that was he might have been like

356  
00:11:43,829 --> 00:11:41,519  
some kind of put off related type person

357  
00:11:44,550 --> 00:11:43,839  
uh but but yeah like historically these

358  
00:11:46,870 --> 00:11:44,560  
things

359  
00:11:48,150 --> 00:11:46,880  
have have happened and you know there's

360  
00:11:50,310 --> 00:11:48,160  
the thing about the

361  
00:11:52,230 --> 00:11:50,320  
the nuclear bases where the nuclear

362  
00:11:54,069 --> 00:11:52,240  
missiles are and you have reports that

363  
00:11:55,750 --> 00:11:54,079

and there's the supposed correlation

364

00:11:58,310 --> 00:11:55,760

between sightings and

365

00:11:58,949 --> 00:11:58,320

nuclear bases and you know atip has a

366

00:12:00,870 --> 00:11:58,959

slide

367

00:12:03,030 --> 00:12:00,880

that shows this correlation that they've

368

00:12:06,069 --> 00:12:03,040

used in presentations

369

00:12:08,870 --> 00:12:06,079

is that even a real correlation it's uh

370

00:12:10,710 --> 00:12:08,880

if you pick some ufo sightings that are

371

00:12:11,990 --> 00:12:10,720

next to bases and you pick bases and you

372

00:12:13,350 --> 00:12:12,000

put them on a map then it looks like

373

00:12:15,030 --> 00:12:13,360

there's a correlation but then

374

00:12:16,550 --> 00:12:15,040

if you take all the ufo sightings in the

375

00:12:19,269 --> 00:12:16,560

world they're just everywhere

376

00:12:19,670 --> 00:12:19,279

and some of those are bound to be where

377

00:12:22,310 --> 00:12:19,680

the

378

00:12:22,870 --> 00:12:22,320

nuclear bases are i tell you what i'll

379

00:12:27,910 --> 00:12:22,880

tell you what

380

00:12:29,190 --> 00:12:27,920

let's just bet 20 dollars because i can

381

00:12:33,430 --> 00:12:29,200

lose 20 okay

382

00:12:37,190 --> 00:12:35,829

i i am not fully confident that the 180

383

00:12:42,310 --> 00:12:37,200

day report is going to

384

00:12:45,670 --> 00:12:42,320

to say something like we have we have

385

00:12:47,110 --> 00:12:45,680

we have let me think how would i wear

386

00:12:50,310 --> 00:12:47,120

this we have

387

00:12:53,430 --> 00:12:50,320

recorded and observed

388

00:12:55,509 --> 00:12:53,440

through sensor data collecting

389

00:12:58,310 --> 00:12:55,519

mechanisms that there are

390

00:12:59,190 --> 00:12:58,320

that there are ufos behaving in ways in

391

00:13:03,030 --> 00:12:59,200

which

392

00:13:04,870 --> 00:13:03,040

are not familiar to us and

393

00:13:06,949 --> 00:13:04,880

surpass anything in the american

394

00:13:07,590 --> 00:13:06,959

inventory i'll go ahead and bet you

395

00:13:09,350 --> 00:13:07,600

twenty dollars

396

00:13:11,190 --> 00:13:09,360

something like that will be in the 188

397

00:13:13,110 --> 00:13:11,200

port i'm not sure it will be

398

00:13:14,629 --> 00:13:13,120

but you know what i'll just do it for

399

00:13:16,790 --> 00:13:14,639

fun

400

00:13:17,670 --> 00:13:16,800

all right but like what if it's what if

401  
00:13:20,470 --> 00:13:17,680  
it's just like a

402  
00:13:22,069 --> 00:13:20,480  
chinese drone i mean is that does that

403  
00:13:23,350 --> 00:13:22,079  
count i mean that sounds like a rather

404  
00:13:25,190 --> 00:13:23,360  
boring explanation like

405  
00:13:26,629 --> 00:13:25,200  
chinese if they if they believe it's a

406  
00:13:28,069 --> 00:13:26,639  
chinese no it doesn't count so it would

407  
00:13:29,269 --> 00:13:28,079  
have to come under the umbrella of

408  
00:13:33,430 --> 00:13:29,279  
unknown

409  
00:13:36,470 --> 00:13:33,440  
are beyond

410  
00:13:38,870 --> 00:13:36,480  
what what we are familiar with beyond uh

411  
00:13:40,230 --> 00:13:38,880  
uh yeah what the united states even is

412  
00:13:41,829 --> 00:13:40,240  
capable of that that

413  
00:13:43,269 --> 00:13:41,839

kind of language would be in there i'll

414

00:13:45,110 --> 00:13:43,279

go ahead and bet you twenty dollars

415

00:13:47,269 --> 00:13:45,120

so you think that that's okay you need

416

00:13:49,990 --> 00:13:47,279

money for your website

417

00:13:51,509 --> 00:13:50,000

i do i do need money it costs costs a

418

00:13:55,030 --> 00:13:51,519

bit hosting it

419

00:13:56,629 --> 00:13:55,040

does but not that much it's like 50

420

00:14:00,310 --> 00:13:56,639

bucks a month

421

00:14:02,310 --> 00:14:00,320

uh so

422

00:14:05,350 --> 00:14:02,320

you think you can you're saying that in

423

00:14:07,350 --> 00:14:05,360

the report they will say that there is

424

00:14:09,750 --> 00:14:07,360

evidence of something that the u.s

425

00:14:11,430 --> 00:14:09,760

cannot do

426

00:14:12,389 --> 00:14:11,440

i i'm willing to i'm willing to bet you

427

00:14:14,069 --> 00:14:12,399

on that i don't know if they will say

428

00:14:16,069 --> 00:14:14,079

that and i i have a little reluctance

429

00:14:19,030 --> 00:14:16,079

but i'm i'm a fun guy

430

00:14:20,069 --> 00:14:19,040

i'll put a little 20 20 right yeah yeah

431

00:14:21,030 --> 00:14:20,079

yeah

432

00:14:22,790 --> 00:14:21,040

all right and here's the here's the

433

00:14:25,030 --> 00:14:22,800

thing if they don't if they don't do

434

00:14:27,030 --> 00:14:25,040

that then john ratcliffe will

435

00:14:29,269 --> 00:14:27,040

maybe was a little misleading because he

436

00:14:30,629 --> 00:14:29,279

said that uh they're going to class

437

00:14:31,750 --> 00:14:30,639

he's going to talk he's going to be able

438

00:14:33,030 --> 00:14:31,760

to talk a little bit more about this

439

00:14:35,990 --> 00:14:33,040

when they declassify

440

00:14:36,790 --> 00:14:36,000

those are his words so hopefully he's

441

00:14:38,949 --> 00:14:36,800

accurate in that

442

00:14:40,629 --> 00:14:38,959

in that regard i hate to quibble over

443

00:14:41,990 --> 00:14:40,639

details here but i think the details are

444

00:14:45,430 --> 00:14:42,000

somewhat important like

445

00:14:49,269 --> 00:14:45,440

say uh what if they have radar

446

00:14:52,230 --> 00:14:49,279

tracks that show something moving at

447

00:14:52,949 --> 00:14:52,240

20 000 miles an hour which is obviously

448

00:14:55,910 --> 00:14:52,959

beyond

449

00:14:57,509 --> 00:14:55,920

conventional technology is that actually

450

00:14:58,069 --> 00:14:57,519

evidence of something moving at 20 000

451  
00:14:59,509 --> 00:14:58,079  
miles an hour

452  
00:15:01,189 --> 00:14:59,519  
or is it evidence that the radar isn't

453  
00:15:04,150 --> 00:15:01,199  
working properly

454  
00:15:05,189 --> 00:15:04,160  
so so they'll so they'll say that that

455  
00:15:07,269 --> 00:15:05,199  
that's their

456  
00:15:08,550 --> 00:15:07,279  
assessment based upon the sensor data

457  
00:15:09,829 --> 00:15:08,560  
they collected i mean that's all

458  
00:15:12,550 --> 00:15:09,839  
that's all you could ever expect of them

459  
00:15:14,550 --> 00:15:12,560  
i mean think about it yeah

460  
00:15:16,230 --> 00:15:14,560  
there could be 10 glitches going on at

461  
00:15:17,990 --> 00:15:16,240  
the same time but the us government has

462  
00:15:19,509 --> 00:15:18,000  
to make the determination

463  
00:15:21,509 --> 00:15:19,519

do they believe this is a glitch or do

464

00:15:21,990 --> 00:15:21,519

they believe that these are accurate

465

00:15:25,509 --> 00:15:22,000

readings

466

00:15:26,069 --> 00:15:25,519

so sorry i think i think that then yeah

467

00:15:28,069 --> 00:15:26,079

we

468

00:15:30,629 --> 00:15:28,079

would have to agree that they would have

469

00:15:32,470 --> 00:15:30,639

to clarify that they think it's not a

470

00:15:32,790 --> 00:15:32,480

glitch essentially in a situation like

471

00:15:38,949 --> 00:15:32,800

that

472

00:15:41,030 --> 00:15:38,959

if they if they don't say they think

473

00:15:42,310 --> 00:15:41,040

it's a glitch is it can can we infer

474

00:15:45,670 --> 00:15:42,320

that if they don't believe it's a glitch

475

00:15:49,430 --> 00:15:47,910

we don't believe it's a glitch i think

476

00:15:52,150 --> 00:15:49,440

we'll have to kind of uh

477

00:15:52,870 --> 00:15:52,160

have a gentleman's agreement there to

478

00:15:54,790 --> 00:15:52,880

say

479

00:15:56,150 --> 00:15:54,800

you know whether it's clear or not at

480

00:15:58,629 --> 00:15:56,160

the time

481

00:15:59,590 --> 00:15:58,639

as to whether they think it's you know i

482

00:16:02,629 --> 00:15:59,600

got this is an exciting

483

00:16:04,150 --> 00:16:02,639

time for you for a ufo guy like me so

484

00:16:05,670 --> 00:16:04,160

putting a little money on you know you

485

00:16:06,790 --> 00:16:05,680

watch your favorite football game maybe

486

00:16:07,910 --> 00:16:06,800

it makes it a little bit more exciting

487

00:16:09,189 --> 00:16:07,920

you put twenty dollars on it you know

488

00:16:11,110 --> 00:16:09,199

you might lose but like

489

00:16:12,870 --> 00:16:11,120

you get your juices flowing so i want my

490

00:16:14,790 --> 00:16:12,880

juices to get flowing so

491

00:16:17,350 --> 00:16:14,800

i'm gonna put twenty dollars on it well

492

00:16:18,790 --> 00:16:17,360

i'm all in favor of your juices flowing

493

00:16:21,269 --> 00:16:18,800

and i've got i've got your 20 bucks

494

00:16:23,269 --> 00:16:21,279

right here awesome

495

00:16:24,790 --> 00:16:23,279

and i saw let's place in this drawer you

496

00:16:25,910 --> 00:16:24,800

mind if i do you mind if i post this on

497

00:16:28,710 --> 00:16:25,920

my youtube channel

498

00:16:29,990 --> 00:16:28,720

yeah go ahead awesome awesome post it

499

00:16:32,629 --> 00:16:30,000

online too and we'll uh

500

00:16:33,910 --> 00:16:32,639

perfect awesome love it get it out there

501  
00:16:36,230 --> 00:16:33,920  
so we have a bet

502  
00:16:37,829 --> 00:16:36,240  
that uh and i want to make it clear to

503  
00:16:39,670 --> 00:16:37,839  
to mick west's audience like

504  
00:16:41,110 --> 00:16:39,680  
i think mcquest does good work i think

505  
00:16:41,910 --> 00:16:41,120  
he's he's made some interesting

506  
00:16:45,110 --> 00:16:41,920  
critiques of the go

507  
00:16:46,550 --> 00:16:45,120  
fast video so we we are not

508  
00:16:48,150 --> 00:16:46,560  
like we we don't see we're not

509  
00:16:49,430 --> 00:16:48,160  
antagonistic toward each other i just

510  
00:16:50,069 --> 00:16:49,440  
want to put that out there just so no

511  
00:16:53,189 --> 00:16:50,079  
one can i'm not

512  
00:16:56,470 --> 00:16:53,199  
talking to anybody except for perhaps um

513  
00:16:57,189 --> 00:16:56,480

jeremy corbell okay even then he's a

514

00:16:58,949 --> 00:16:57,199

lovely guy

515

00:17:00,389 --> 00:16:58,959

you can't help but like him i know you

516

00:17:01,350 --> 00:17:00,399

guys have gotten some feuds so i

517

00:17:03,829 --> 00:17:01,360

understand

518

00:17:07,110 --> 00:17:03,839

we just have some disagreements on uh a

519

00:17:09,350 --> 00:17:07,120

few issues of detail and whatnot but

520

00:17:12,789 --> 00:17:09,360

no big deal we're all friends we're all

521

00:17:16,870 --> 00:17:15,669

all right ryan uh okay so let's uh i

522

00:17:19,029 --> 00:17:16,880

think i think we have it

523

00:17:20,789 --> 00:17:19,039

nailed down more or less and we have uh

524

00:17:22,949 --> 00:17:20,799

your gentleman's agreement

525

00:17:24,470 --> 00:17:22,959

afterwards change something a little bit

526

00:17:27,669 --> 00:17:24,480

i'm cool with it as long as it

527

00:17:28,470 --> 00:17:27,679

hovers around this place because i just

528

00:17:30,070 --> 00:17:28,480

want to

529

00:17:32,230 --> 00:17:30,080

basically i'm making this more fun for

530

00:17:33,430 --> 00:17:32,240

me and if if 20

531

00:17:35,190 --> 00:17:33,440

is the cost of admission to make this

532

00:17:36,230 --> 00:17:35,200

more fun to me than it's fun for me then

533

00:17:37,350 --> 00:17:36,240

so be it

534

00:17:39,350 --> 00:17:37,360

i mean this is what you want because you

535

00:17:42,630 --> 00:17:39,360

want evidence of something

536

00:17:44,710 --> 00:17:42,640

that's not in and and am i right that

537

00:17:46,230 --> 00:17:44,720

you'd be happy to lose this bet

538

00:17:47,909 --> 00:17:46,240

sure it'd be very interesting if they

539

00:17:49,909 --> 00:17:47,919

had that evidence i mean

540

00:17:51,430 --> 00:17:49,919

lose the bet and maybe maybe the

541

00:17:52,950 --> 00:17:51,440

government's telling us that we're we

542

00:17:54,390 --> 00:17:52,960

might not be alone that's that seems

543

00:17:56,230 --> 00:17:54,400

like a good deal

544

00:17:58,230 --> 00:17:56,240

well that would be the uh the the ideal

545

00:18:01,830 --> 00:17:58,240

outcome i guess so certainly

546

00:18:03,669 --> 00:18:01,840

very very interesting
