

1  
00:00:06,710 --> 00:00:04,309  
so this is my quick take on this new ufo

2  
00:00:09,830 --> 00:00:06,720  
video that has been released by

3  
00:00:12,549 --> 00:00:09,840  
jeremy corbell and it shows what

4  
00:00:13,430 --> 00:00:12,559  
looks like uh two sets of lights here

5  
00:00:15,430 --> 00:00:13,440  
and they kind of

6  
00:00:16,950 --> 00:00:15,440  
like both kind of like a pair of lights

7  
00:00:19,510 --> 00:00:16,960  
and they're flashing

8  
00:00:20,550 --> 00:00:19,520  
camera appears to be really zoomed in we

9  
00:00:24,150 --> 00:00:20,560  
can kind of see this

10  
00:00:27,109 --> 00:00:24,160  
grain in the background here um

11  
00:00:28,630 --> 00:00:27,119  
a grain noise and the things move around

12  
00:00:30,150 --> 00:00:28,640  
they kind of look red sometimes but then

13  
00:00:31,589 --> 00:00:30,160

sometimes they look white so i think the

14

00:00:34,630 --> 00:00:31,599

redness is mostly just

15

00:00:36,549 --> 00:00:34,640

kind of an artifact of the the camera uh

16

00:00:38,310 --> 00:00:36,559

automatically setting the white balance

17

00:00:41,030 --> 00:00:38,320

or something like that you see the

18

00:00:43,270 --> 00:00:41,040

whitish here and we keep going they're

19

00:00:44,790 --> 00:00:43,280

gonna go in and out of focus like here

20

00:00:46,229 --> 00:00:44,800

you see

21

00:00:48,549 --> 00:00:46,239

two white lights this is probably the

22

00:00:50,709 --> 00:00:48,559

most in focus that they get

23

00:00:51,990 --> 00:00:50,719

and then they kind of go out of focus

24

00:00:53,670 --> 00:00:52,000

again it's pretty hard for cameras to

25

00:00:55,990 --> 00:00:53,680

focus on small

26  
00:00:57,670 --> 00:00:56,000  
individual light sources zooming around

27  
00:00:59,590 --> 00:00:57,680  
like that you see the white two white

28  
00:01:00,389 --> 00:00:59,600  
lights so we also see flashing lights as

29  
00:01:02,709 --> 00:01:00,399  
well which

30  
00:01:04,789 --> 00:01:02,719  
seem to me to be consistent with uh

31  
00:01:06,870 --> 00:01:04,799  
navigation lights of of a plane

32  
00:01:08,710 --> 00:01:06,880  
so what this looks like to me initially

33  
00:01:10,149 --> 00:01:08,720  
just from just looking at this video not

34  
00:01:13,190 --> 00:01:10,159  
knowing anything else

35  
00:01:16,870 --> 00:01:13,200  
it looks like the landing lights of uh

36  
00:01:17,670 --> 00:01:16,880  
of planes that are far away uh it could

37  
00:01:20,149 --> 00:01:17,680  
also of course

38  
00:01:21,429 --> 00:01:20,159

be drones of some sort that have these

39

00:01:23,670 --> 00:01:21,439

types of lights but

40

00:01:24,870 --> 00:01:23,680

it kind of reminds me of of a play and

41

00:01:27,030 --> 00:01:24,880

just the way the lights

42

00:01:28,390 --> 00:01:27,040

are flashing there's a cut there so

43

00:01:29,429 --> 00:01:28,400

there's actually two segments of this

44

00:01:33,030 --> 00:01:29,439

video the first one

45

00:01:34,550 --> 00:01:33,040

shows these two and then the second

46

00:01:37,830 --> 00:01:34,560

segment shows these two

47

00:01:41,190 --> 00:01:37,840

uh which appear to be further away

48

00:01:42,710 --> 00:01:41,200

and again we get the the colors but

49

00:01:44,389 --> 00:01:42,720

i'm not entirely sure if how much of

50

00:01:47,190 --> 00:01:44,399

that is the actual color then this

51  
00:01:48,870 --> 00:01:47,200  
this red uh chap kind of drifts into

52  
00:01:50,550 --> 00:01:48,880  
view here

53  
00:01:52,710 --> 00:01:50,560  
and we see it kind of go across and

54  
00:01:55,030 --> 00:01:52,720  
again we see flashing lights

55  
00:01:57,190 --> 00:01:55,040  
that look very similar to uh to

56  
00:02:00,630 --> 00:01:57,200  
navigation lights

57  
00:02:02,630 --> 00:02:00,640  
uh from a from a plane so um

58  
00:02:03,910 --> 00:02:02,640  
my guess with this is that this is two

59  
00:02:06,469 --> 00:02:03,920  
planes facing us

60  
00:02:08,550 --> 00:02:06,479  
very far away either going toward going

61  
00:02:10,229 --> 00:02:08,560  
directly towards us essentially

62  
00:02:11,990 --> 00:02:10,239  
and this is one that's going at more of

63  
00:02:14,309 --> 00:02:12,000

an angle so you see it move across

64

00:02:16,309 --> 00:02:14,319

the scene and it's probably a bit closer

65

00:02:17,750 --> 00:02:16,319

and i think that's pretty much it just

66

00:02:20,630 --> 00:02:17,760

zooming in on these

67

00:02:22,150 --> 00:02:20,640

these two lights here uh so it's very

68

00:02:22,710 --> 00:02:22,160

difficult to tell obviously what's going

69

00:02:25,750 --> 00:02:22,720

on here

70

00:02:28,229 --> 00:02:25,760

i think it's uh possibly some

71

00:02:29,990 --> 00:02:28,239

planes in the distance or so possibly

72

00:02:31,430 --> 00:02:30,000

some drones but it doesn't seem to be

73

00:02:33,110 --> 00:02:31,440

like anything amazing they're not doing

74

00:02:34,830 --> 00:02:33,120

any amazing movements or anything like

75

00:02:38,229 --> 00:02:34,840

that it's just stuff

76  
00:02:39,750 --> 00:02:38,239  
uh either hovering or approaching a long

77  
00:02:43,670 --> 00:02:39,760  
way off

78  
00:02:46,790 --> 00:02:43,680  
i had looked at the july 15th

79  
00:02:48,550 --> 00:02:46,800  
air traffic a while back and you see

80  
00:02:51,670 --> 00:02:48,560  
there's this constant stream of

81  
00:02:54,229 --> 00:02:51,680  
planes coming straight in so if you were

82  
00:02:56,150 --> 00:02:54,239  
kind of underneath this area here and

83  
00:02:57,509 --> 00:02:56,160  
you're looking in this direction towards

84  
00:02:59,670 --> 00:02:57,519  
the southwest

85  
00:03:01,990 --> 00:02:59,680  
you would see these planes appear to

86  
00:03:02,390 --> 00:03:02,000  
hover way off in the horizon if you zoom

87  
00:03:04,790 --> 00:03:02,400  
in

88  
00:03:06,309 --> 00:03:04,800

you know way off uh you know with your

89

00:03:08,790 --> 00:03:06,319

long zoom lens and the

90

00:03:09,589 --> 00:03:08,800

digital zoom so there's a possibility

91

00:03:11,589 --> 00:03:09,599

you know it's not

92

00:03:13,430 --> 00:03:11,599

not for sure it's very difficult to say

93

00:03:15,830 --> 00:03:13,440

without any real context

94

00:03:16,949 --> 00:03:15,840

if we knew the uh the exact time and

95

00:03:21,030 --> 00:03:16,959

location you could

96

00:03:22,630 --> 00:03:21,040

possibly do uh some candidate planes

97

00:03:25,350 --> 00:03:22,640

but i think pretty much you see the

98

00:03:26,710 --> 00:03:25,360

planes or drones of some sort

99

00:03:28,789 --> 00:03:26,720

if it's drones and we don't know what

100

00:03:30,149 --> 00:03:28,799

they are then um

101  
00:03:32,550 --> 00:03:30,159  
it could be foreign drones that's a real

102  
00:03:34,390 --> 00:03:32,560  
issue if it's planes then it's probably

103  
00:03:35,430 --> 00:03:34,400  
they're just very far away outside of

104  
00:03:42,630 --> 00:03:35,440  
the

105  
00:03:44,309 --> 00:03:42,640  
know can be looking like a hundred plus

106  
00:03:47,670 --> 00:03:44,319  
miles away for something

107  
00:03:51,110 --> 00:03:47,680  
on the horizon like this um

108  
00:03:54,229 --> 00:03:51,120  
so that's that's my initial thoughts

109  
00:03:56,789 --> 00:03:54,239  
and i'd love to see more information but

110  
00:03:58,710 --> 00:03:56,799  
i don't think we're gonna go very far

111  
00:04:01,830 --> 00:03:58,720  
with this particular video

112  
00:04:02,550 --> 00:04:01,840  
unless we can narrow down some potential

113  
00:04:05,270 --> 00:04:02,560

lights

114

00:04:07,750 --> 00:04:05,280

some potential planes to match say this

115

00:04:08,390 --> 00:04:07,760

pair here and the one that uh goes

116

00:04:15,030 --> 00:04:08,400

across

117

00:04:18,069 --> 00:04:15,040

this red chap here where is he

118

00:04:19,670 --> 00:04:18,079

right there that guy this is possible a

119

00:04:20,629 --> 00:04:19,680

combination that we could find if there

120

00:04:22,790 --> 00:04:20,639

was

121

00:04:24,070 --> 00:04:22,800

uh you know planes going here and then

122

00:04:25,430 --> 00:04:24,080

another one going here but the problem

123

00:04:26,950 --> 00:04:25,440

of course is that there might be

124

00:04:30,230 --> 00:04:26,960

military planes

125

00:04:33,990 --> 00:04:30,240

and they wouldn't show up on the uh the
