**Echo**

- Echo Time (seconds) 2.7
- Number Of Echoes 12
- Starting Intensity 1.00
- Decay 1.00
- Echo Operator Minimum

1  
00:00:03,669 --> 00:00:01,030  
hello

2  
00:00:05,590 --> 00:00:03,679  
this video of a ufo by cesar escola was

3  
00:00:07,829 --> 00:00:05,600  
quite popular on instagram and some

4  
00:00:11,030 --> 00:00:07,839  
spanish-speaking news media

5  
00:00:12,549 --> 00:00:11,040  
but unfortunately it just shows a fly

6  
00:00:14,230 --> 00:00:12,559  
it's close to the camera so it looks

7  
00:00:17,269 --> 00:00:14,240  
like it's moving very fast like my

8  
00:00:19,109 --> 00:00:17,279  
finger is here moving a fly speed

9  
00:00:21,429 --> 00:00:19,119  
when looking at videos of flies it's

10  
00:00:23,349 --> 00:00:21,439  
useful to use the echo filter in after

11  
00:00:25,910 --> 00:00:23,359  
effects with the operator set to minimum

12  
00:00:28,790 --> 00:00:25,920  
to see several frames at once if we zoom

13  
00:00:30,470 --> 00:00:28,800

in we can see the wings on the fly

14

00:00:33,110 --> 00:00:30,480

compare it to this footage of flies

15

00:00:34,870 --> 00:00:33,120

buzzing some cows is the same thing

16

00:00:37,190 --> 00:00:34,880

eventually a fly will cross the camera

17

00:00:40,790 --> 00:00:37,200

nearby in a straight line same speed

18

00:00:45,590 --> 00:00:42,709

why bother with explaining this well

19

00:00:47,270 --> 00:00:45,600

there's two reasons firstly is popular

20

00:00:49,750 --> 00:00:47,280

lots of people are asking about it so

21

00:00:51,990 --> 00:00:49,760

it's a fun teaching opportunity

22

00:00:54,229 --> 00:00:52,000

secondly it will happen again these

23

00:00:56,389 --> 00:00:54,239

videos of flies as ufos have been

24

00:00:58,150 --> 00:00:56,399

cropping up for decades so having a

25

00:01:00,069 --> 00:00:58,160

short video like this explaining what a

26

00:01:01,830 --> 00:01:00,079

flyer looks like is a handy reference to

27

00:01:03,990 --> 00:01:01,840

quickly explain what we are looking at

28

00:01:05,509 --> 00:01:04,000

next time it happens

29

00:01:07,350 --> 00:01:05,519

thanks for watching if you like this
