

GIANT “UFO”

EXPLAINED

1
00:00:04,870 --> 00:00:02,629
here's a fun little investigation i saw

2
00:00:06,550 --> 00:00:04,880
these images of a weird light streak

3
00:00:07,749 --> 00:00:06,560
seemingly in the sky above some

4
00:00:09,350 --> 00:00:07,759
mountains

5
00:00:12,470 --> 00:00:09,360
the photos were taken from a plane

6
00:00:14,150 --> 00:00:12,480
flying north into phoenix looking west

7
00:00:16,550 --> 00:00:14,160
i immediately thought it was a solar

8
00:00:18,310 --> 00:00:16,560
power station like this one so i

9
00:00:21,189 --> 00:00:18,320
searched for a solar power station near

10
00:00:23,269 --> 00:00:21,199
phoenix and found the solano station

11
00:00:25,670 --> 00:00:23,279
i added a white overlay to make it more

12
00:00:27,670 --> 00:00:25,680
visible put the camera to the east of it

13
00:00:30,550 --> 00:00:27,680

matched up some ground features and

14

00:00:32,470 --> 00:00:30,560

there it is a solar power station on the

15

00:00:34,229 --> 00:00:32,480

ground the haze makes it look like it's
