UFOs

SOLVED!

(SPOTLIGHTS)

1
00:00:04,130 --> 00:00:02,389
these videos of lights in the sky were

2
00:00:07,010 --> 00:00:04,140
promoted by Ben Hansen and the Daily

3
00:00:09,710 --> 00:00:07,020
Mail as maybe being some kind of UFO

4
00:00:11,450 --> 00:00:09,720
I thought there were spotlights so using

5
00:00:13,610 --> 00:00:11,460
the video and the rough locations given

6
00:00:16,010 --> 00:00:13,620
by Ben I figured out one good line of

7
00:00:19,010 --> 00:00:16,020
sight and another approximate one

8
00:00:20,630 --> 00:00:19,020
they converged near Belgium Wisconsin

9
00:00:22,429 --> 00:00:20,640
so I emailed the local Chamber of

10
00:00:24,230 --> 00:00:22,439
Commerce they got back to me in a minute

11
00:00:26,330 --> 00:00:24,240
saying that there was a light show on

12
00:00:29,150 --> 00:00:26,340
County Road B near the Holy Cross church

13
00:00:31,130 --> 00:00:29,160

that had just added some spotlights

14

00:00:33,170 --> 00:00:31,140

this seemed likely as it was very near

15

00:00:34,670 --> 00:00:33,180

where the lines of sight met so I did a

16

00:00:36,830 --> 00:00:34,680

little Googling and found the Flanders

17

00:00:38,030 --> 00:00:36,840

family Christmas light show I messaged

18

00:00:40,010 --> 00:00:38,040

them to see if they had moving

19

00:00:41,510 --> 00:00:40,020

spotlights and yes they did they even

20

00:00:43,310 --> 00:00:41,520

sent me a video

21

00:00:45,110 --> 00:00:43,320

their spotlights are on the roof line

22

00:00:47,150 --> 00:00:45,120

and they tilt down towards the location

23

00:00:48,709 --> 00:00:47,160

of one of the videos so it's pretty much

24

00:00:51,529 --> 00:00:48,719

a perfect match

25

00:00:53,750 --> 00:00:51,539

so case solved not UFOs just some

26

00:00:56,150 --> 00:00:53,760

spotlights a fun little investigation
