Pete Dominick

Mick West

1
00:00:08,210 --> 00:00:06,170
all right he is here the great Mick West

2
00:00:10,970 --> 00:00:08,220
very excited to have you back on the

3
00:00:12,950 --> 00:00:10,980
show to talk about these issues which I

4
00:00:15,230 --> 00:00:12,960
feel like nobody knows more about than

5
00:00:17,090 --> 00:00:15,240
you how have you been sir I've been

6
00:00:18,830 --> 00:00:17,100
doing good it's interesting times and

7
00:00:21,410 --> 00:00:18,840
I've been quite busy

8
00:00:23,689 --> 00:00:21,420
well you know I wonder if I maybe I

9
00:00:25,189 --> 00:00:23,699
missed it but this latest story that

10
00:00:27,650 --> 00:00:25,199
we're going to talk about this this guy

11
00:00:30,290 --> 00:00:27,660
David grush it seems like the biggest

12
00:00:32,150 --> 00:00:30,300
thing since was it two years ago where

13
00:00:33,950 --> 00:00:32,160

all those videos came out from the Navy

14

00:00:37,010 --> 00:00:33,960

or have there been a bunch of other

15

00:00:39,229 --> 00:00:37,020

stories on UFOs or whatever we call them

16

00:00:40,729 --> 00:00:39,239

now uh that we've missed yeah it's

17

00:00:42,770 --> 00:00:40,739

actually been about five years ago now

18

00:00:45,530 --> 00:00:42,780

since the like the New York Times piece

19

00:00:47,270 --> 00:00:45,540

uh which was you know also Leslie Keane

20

00:00:49,190 --> 00:00:47,280

and Ralph Blumenthal same two authors

21

00:00:53,029 --> 00:00:49,200

who wrote the debrief piece about Dave

22

00:00:55,610 --> 00:00:53,039

Crush so yeah this is I I think you know

23

00:00:57,709 --> 00:00:55,620

if this is true what is being said then

24

00:00:59,510 --> 00:00:57,719

it's definitely bigger than that and so

25

00:01:01,130 --> 00:00:59,520

you know there's a lot more interest and

26

00:01:04,189 --> 00:01:01,140

also a lot more scrutiny and I think it

27

00:01:07,010 --> 00:01:04,199

really deserves a lot more scrutiny

28

00:01:10,070 --> 00:01:07,020

um why do you say that if this is true

29

00:01:12,530 --> 00:01:10,080

first of all and also why would this

30

00:01:15,230 --> 00:01:12,540

deserve more scrutiny than past stories

31

00:01:18,350 --> 00:01:15,240

leaks videos tapes

32

00:01:20,090 --> 00:01:18,360

well if you look back at uh you know the

33

00:01:22,910 --> 00:01:20,100

previous story say the New York Times

34

00:01:26,450 --> 00:01:22,920

story of uh 2017 it was I think December

35

00:01:28,609 --> 00:01:26,460

2017. and uh that was that was written

36

00:01:30,350 --> 00:01:28,619

by Leslie Keane and Ralph Blumenthal uh

37

00:01:33,010 --> 00:01:30,360

but they they essentially brought

38

00:01:36,050 --> 00:01:33,020

receipts they they brought these videos

39

00:01:38,030 --> 00:01:36,060

of uh of craft which were you know

40

00:01:41,749 --> 00:01:38,040

essentially official Navy videos that

41

00:01:43,850 --> 00:01:41,759

were unidentified flying objects uh and

42

00:01:46,730 --> 00:01:43,860

they they had an interview with uh Lu

43

00:01:49,609 --> 00:01:46,740

Elizondo who did actually work in some

44

00:01:52,190 --> 00:01:49,619

capacity on you know essentially some

45

00:01:54,950 --> 00:01:52,200

type of UFO investigation program

46

00:01:56,450 --> 00:01:54,960

uh and and so they they have kind of a

47

00:01:59,389 --> 00:01:56,460

lot more back then than they do now

48

00:02:02,870 --> 00:01:59,399

right now we have essentially one person

49

00:02:06,109 --> 00:02:02,880

we have Dave grosh telling us that other

50

00:02:08,570 --> 00:02:06,119

people have told him that we have a

51
00:02:11,089 --> 00:02:08,580
reverse engineering program for crashed

52
00:02:13,850 --> 00:02:11,099
alien spacecraft essentially and that we

53
00:02:17,210 --> 00:02:13,860
have recovered alien bodies from those

54
00:02:21,229 --> 00:02:17,220
crash spacecraft and uh you know we we

55
00:02:24,470 --> 00:02:21,239
have a very limited uh set of Snippets

56
00:02:27,110 --> 00:02:24,480
of interviews with him uh with this

57
00:02:28,610 --> 00:02:27,120
journalist Ross colfhart uh who's an

58
00:02:31,190 --> 00:02:28,620
Australian journalist who's done a lot

59
00:02:34,309 --> 00:02:31,200
of Stories on on the UFO culture

60
00:02:36,350 --> 00:02:34,319
uh and we know that he's uh they've been

61
00:02:37,490 --> 00:02:36,360
working together for some time and

62
00:02:42,290 --> 00:02:37,500
they've been talking to other people

63
00:02:45,050 --> 00:02:42,300

like I've heard that uh Dave grosh uh

64
00:02:47,030 --> 00:02:45,060
has been to the Canadian government and

65
00:02:50,390 --> 00:02:47,040
to talk to members of parliament of the

66
00:02:52,729 --> 00:02:50,400
Canadian uh Parliament uh about this

67
00:02:53,690 --> 00:02:52,739
thing and a kind of a kind of a Road

68
00:02:55,309 --> 00:02:53,700
Show

69
00:02:58,009 --> 00:02:55,319
where he's been going around with people

70
00:02:59,930 --> 00:02:58,019
like Gary Nolan and maybe luellizondo

71
00:03:03,170 --> 00:02:59,940
people like that so there's this small

72
00:03:06,710 --> 00:03:03,180
group of people who are kind of relaying

73
00:03:09,890 --> 00:03:06,720
this uh this narrative but

74
00:03:13,250 --> 00:03:09,900
really all we have so far is essentially

75
00:03:16,190 --> 00:03:13,260
hearsay you know we have someone who's

76
00:03:17,869 --> 00:03:16,200
credential you know he worked in the uh

77
00:03:19,670 --> 00:03:17,879
intelligence community and you have

78
00:03:21,470 --> 00:03:19,680
clearances and there are other people

79
00:03:24,050 --> 00:03:21,480
who will vouch for him

80
00:03:27,649 --> 00:03:24,060
but we don't have any of the documents

81
00:03:31,309 --> 00:03:27,659
we don't have any photo evidence and we

82
00:03:33,530 --> 00:03:31,319
he himself Dave grush hasn't even seen

83
00:03:36,770 --> 00:03:33,540
the photos hasn't seen the photos of the

84
00:03:39,649 --> 00:03:36,780
supposed craft uh so you know there's a

85
00:03:42,649 --> 00:03:39,659
lot of questions there and you know I

86
00:03:44,630 --> 00:03:42,659
think over the next few days and weeks

87
00:03:46,309 --> 00:03:44,640
we'll hopefully learn some answers to

88
00:03:49,190 --> 00:03:46,319

that

89

00:03:50,330 --> 00:03:49,200

Dave grosh apparently

90

00:03:52,130 --> 00:03:50,340

you know he sounds like a really

91

00:03:54,530 --> 00:03:52,140

credible guy he's a former combat

92

00:03:56,509 --> 00:03:54,540

officer in Afghanistan he's a veteran of

93

00:03:58,610 --> 00:03:56,519

the national geospatial

94

00:04:00,410 --> 00:03:58,620

intelligence agency which I didn't know

95

00:04:02,570 --> 00:04:00,420

existed and the national reconnaissance

96

00:04:04,369 --> 00:04:02,580

office he served as the reconnaissance

97

00:04:06,890 --> 00:04:04,379

office's representative to the

98

00:04:10,929 --> 00:04:06,900

unidentified aerial phenomena task force

99

00:04:14,390 --> 00:04:10,939

from 19 to 21 2019. from late 21 to 22

100

00:04:16,370 --> 00:04:14,400

he was the nga's co-lead for UAP

101

00:04:21,289 --> 00:04:16,380

analysis and its representative to the

102

00:04:24,370 --> 00:04:21,299

task force and who would know more than

103

00:04:27,350 --> 00:04:24,380

this guy about what the government knows

104

00:04:28,670 --> 00:04:27,360

about these unidentified aerial

105

00:04:30,950 --> 00:04:28,680

phenomena

106

00:04:33,170 --> 00:04:30,960

well you'd think the the head of the UAP

107

00:04:35,990 --> 00:04:33,180

task force would uh perhaps the head of

108

00:04:38,270 --> 00:04:36,000

Arrow uh perhaps uh the people who

109

00:04:42,710 --> 00:04:38,280

testified to Congress already like Scott

110

00:04:45,050 --> 00:04:42,720

Moultrie uh people who you know do have

111

00:04:47,030 --> 00:04:45,060

clearances people who are actually

112

00:04:49,909 --> 00:04:47,040

working on these things now you know

113

00:04:52,189 --> 00:04:49,919

Dave grush is retired uh from the the

114

00:04:53,770 --> 00:04:52,199

service and he's working on some other

115

00:04:56,870 --> 00:04:53,780

job in Colorado

116

00:04:58,550 --> 00:04:56,880

uh so there's a lot of people he's a

117

00:05:00,350 --> 00:04:58,560

young guy I think he's he's quite young

118

00:05:01,969 --> 00:05:00,360

he's like 35 or something there's lots

119

00:05:04,670 --> 00:05:01,979

more people who have been in the

120

00:05:06,230 --> 00:05:04,680

government uh uh and the military a lot

121

00:05:07,730 --> 00:05:06,240

longer than he have and people who would

122

00:05:10,129 --> 00:05:07,740

know a lot more about these programs

123

00:05:12,830 --> 00:05:10,139

than him and you know as he has said

124

00:05:15,050 --> 00:05:12,840

himself he never worked on the programs

125

00:05:18,710 --> 00:05:15,060

he never worked on the crash recovery

126

00:05:19,670 --> 00:05:18,720

programs he he says he knows people who

127

00:05:22,070 --> 00:05:19,680

did

128

00:05:25,490 --> 00:05:22,080

but when he was asked the other day our

129

00:05:29,749 --> 00:05:25,500

news Nation about what evidence was

130

00:05:32,510 --> 00:05:29,759

there that these craft were crashed

131

00:05:34,310 --> 00:05:32,520

alien technology what he came up with

132

00:05:36,890 --> 00:05:34,320

was essentially the kind of the old

133

00:05:40,790 --> 00:05:36,900

talking points that we've heard before

134

00:05:45,110 --> 00:05:40,800

in in UFO culture he said that there

135

00:05:48,170 --> 00:05:45,120

were metals of unusual isotopic ratios

136

00:05:50,930 --> 00:05:48,180

and normally on on Earth

137

00:05:52,850 --> 00:05:50,940

when you dig metal out of the ground it

138

00:05:55,670 --> 00:05:52,860

comes in a specific ratio of like the

139

00:05:58,010 --> 00:05:55,680

two types of of that metal or maybe two

140

00:06:00,290 --> 00:05:58,020

or three types is metal can be in

141

00:06:02,870 --> 00:06:00,300

different isotopes which is just a

142

00:06:04,689 --> 00:06:02,880

slightly different uh configuration of

143

00:06:07,249 --> 00:06:04,699

the of that metal

144

00:06:09,290 --> 00:06:07,259

uh and you know when you dig it out of

145

00:06:11,510 --> 00:06:09,300

the ground it's in a specific ratio so

146

00:06:14,090 --> 00:06:11,520

it's kind of like a signature of whether

147

00:06:16,490 --> 00:06:14,100

it's terrestrial or not now you can

148

00:06:19,790 --> 00:06:16,500

actually make metals have different

149

00:06:21,170 --> 00:06:19,800

ratios of of their their isotopes but

150

00:06:22,430 --> 00:06:21,180

you have to kind of engineer it you'd

151

00:06:24,590 --> 00:06:22,440

have to mix the different Metals

152

00:06:26,749 --> 00:06:24,600

Isotopes together to get a specific

153

00:06:30,050 --> 00:06:26,759

ratio so the evidence he comes up with

154

00:06:32,450 --> 00:06:30,060

is is something that doesn't prove that

155

00:06:34,309 --> 00:06:32,460

it's from off world it's something that

156

00:06:36,830 --> 00:06:34,319

could have been made on this planet and

157

00:06:40,189 --> 00:06:36,840

then he mentioned something about

158

00:06:43,029 --> 00:06:40,199

um uh Metals heavy metals with high

159

00:06:46,129 --> 00:06:43,039

atomic numbers in in odd configurations

160

00:06:48,350 --> 00:06:46,139

and that really just sounds like this

161

00:06:50,270 --> 00:06:48,360

this little chip of metal that people

162

00:06:52,610 --> 00:06:50,280

have been talking about for I think

163

00:06:54,529 --> 00:06:52,620

decades now I think it goes back to Art

164

00:06:56,809 --> 00:06:54,539

Bell the art doll radio show when people

165

00:06:58,969 --> 00:06:56,819

oh yeah anonymously send him in like

166

00:07:01,790 --> 00:06:58,979

bits of metal that they said they'd

167

00:07:04,309 --> 00:07:01,800

found with with a ridiculous backstories

168

00:07:07,309 --> 00:07:04,319

about you know telepathy and contact

169

00:07:08,629 --> 00:07:07,319

with aliens and stuff like that but this

170

00:07:10,909 --> 00:07:08,639

bit of metal has been floating around

171

00:07:14,029 --> 00:07:10,919

it's it's a little triangular piece of

172

00:07:16,629 --> 00:07:14,039

metal and it's uh layers uh zinc

173

00:07:19,850 --> 00:07:16,639

magnesium and bismuth and zinc and

174

00:07:21,469 --> 00:07:19,860

bismuth are heavy metals and bismuth has

175

00:07:24,230 --> 00:07:21,479

a high atomic number so that kind of

176

00:07:26,809 --> 00:07:24,240

matches what he just described but this

177

00:07:28,490 --> 00:07:26,819

isn't anything new this is just the type

178

00:07:31,070 --> 00:07:28,500

of thing that you know people are being

179

00:07:32,870 --> 00:07:31,080

claiming as evidence for for decades but

180

00:07:34,189 --> 00:07:32,880

it never really went anywhere because

181

00:07:36,529 --> 00:07:34,199

these are things that could be

182

00:07:39,589 --> 00:07:36,539

manufactured on Earth so the evidence

183

00:07:41,089 --> 00:07:39,599

that he had that they're aliens is you

184

00:07:42,230 --> 00:07:41,099

know just the same old stuff that we've

185

00:07:45,170 --> 00:07:42,240

heard before

186

00:07:47,150 --> 00:07:45,180

and yeah what about the bodies I mean if

187

00:07:49,850 --> 00:07:47,160

you've got to crash daily and craft with

188

00:07:51,529 --> 00:07:49,860

aliens in it surely that should be the

189

00:07:53,510 --> 00:07:51,539

best evidence that we've been visited by

190

00:07:57,790 --> 00:07:53,520

aliens but you know it's just this old

191

00:08:04,670 --> 00:08:01,610

Leslie Keane and this other uh gentleman

192

00:08:05,809 --> 00:08:04,680

who wrote this latest piece for the

193

00:08:08,629 --> 00:08:05,819

debrief

194

00:08:10,129 --> 00:08:08,639

Ralph Blumenthal you mentioned several

195

00:08:12,050 --> 00:08:10,139

other names probably most people

196

00:08:14,450 --> 00:08:12,060

listening I'm not familiar with most of

197

00:08:16,850 --> 00:08:14,460

those other names that you mentioned but

198

00:08:18,830 --> 00:08:16,860

what about Leslie I mean where does her

199

00:08:21,589 --> 00:08:18,840

credibility lie I remember reading that

200

00:08:24,589 --> 00:08:21,599

I think like 35 page New Yorker story

201

00:08:26,270 --> 00:08:24,599

which included you in it and I think

202

00:08:28,249 --> 00:08:26,280

that's how I discovered your work but

203

00:08:29,809 --> 00:08:28,259

you know where where does her what tell

204

00:08:32,810 --> 00:08:29,819

me a little bit about her past do you

205

00:08:34,909 --> 00:08:32,820

think she's generally arguing in in good

206

00:08:36,469 --> 00:08:34,919

faith with with these articles that

207

00:08:38,029 --> 00:08:36,479

she's been on this beat for a very long

208

00:08:39,949 --> 00:08:38,039

time I don't know this other fellow that

209

00:08:43,190 --> 00:08:39,959

she co-wrote it with

210

00:08:46,250 --> 00:08:43,200

yeah I think she is uh both her and and

211

00:08:48,769 --> 00:08:46,260

Ralph Blumenthal I think believe in what

212

00:08:51,889 --> 00:08:48,779

they write uh but I think their their

213

00:08:54,769 --> 00:08:51,899

belief in in the broader picture of the

214

00:08:56,110 --> 00:08:54,779

you know they both believe uh that there

215

00:08:58,550 --> 00:08:56,120

probably are some kind of

216

00:09:00,710 --> 00:08:58,560

extraterrestrials or or some other

217

00:09:03,769 --> 00:09:00,720

non-human intelligence and it covers a

218

00:09:06,470 --> 00:09:03,779

variety of things uh is visiting us with

219

00:09:09,410 --> 00:09:06,480

with UFOs uh the her other author Ralph

220

00:09:13,730 --> 00:09:09,420

Blumenthal as a big fan of a

221

00:09:16,130 --> 00:09:13,740

psychiatrist called John Mack who was

222

00:09:17,530 --> 00:09:16,140

really interested in abductions and he

223

00:09:19,310 --> 00:09:17,540

would interview lots of people about

224

00:09:20,870 --> 00:09:19,320

abductions and people who had been

225

00:09:22,490 --> 00:09:20,880

visited by aliens you know people

226

00:09:24,650 --> 00:09:22,500

sometimes there are mass sightings of

227

00:09:26,269 --> 00:09:24,660

aliens by school children in a

228

00:09:27,889 --> 00:09:26,279

schoolyard here there's no real evidence

229

00:09:30,170 --> 00:09:27,899

it happened but the school kids said he

230

00:09:32,570 --> 00:09:30,180

did and he interviews them and he he's

231

00:09:35,150 --> 00:09:32,580

one of these people who believes in it

232

00:09:37,910 --> 00:09:35,160

and yeah Ralph blumenthal's book was

233

00:09:40,130 --> 00:09:37,920

called the believer about John Mack and

234

00:09:43,370 --> 00:09:40,140

I think that kind of that idea of

235

00:09:46,070 --> 00:09:43,380

someone being a believer in in all these

236

00:09:47,990 --> 00:09:46,080

Testament is is something that typifies

237

00:09:50,570 --> 00:09:48,000

the UFO community and I don't think

238

00:09:53,870 --> 00:09:50,580

Leslie Keane is an exception like she's

239

00:09:56,389 --> 00:09:53,880

been writing about ufology and to some

240

00:09:59,150 --> 00:09:56,399

degree the Paranormal uh for quite some

241

00:10:00,470 --> 00:09:59,160

time uh her last book was about life

242

00:10:02,870 --> 00:10:00,480

after death I think that might have been

243

00:10:04,550 --> 00:10:02,880

what it was actually called and she

244

00:10:08,750 --> 00:10:04,560

wrote a book before that which is about

245

00:10:10,490 --> 00:10:08,760

I think UFOs generals and and the

246

00:10:12,530 --> 00:10:10,500

military something along those lines but

247

00:10:14,150 --> 00:10:12,540

it was about how she talked to people

248

00:10:17,090 --> 00:10:14,160

high up in the military who believed

249

00:10:20,269 --> 00:10:17,100

that UFOs were real and you know hence

250

00:10:23,690 --> 00:10:20,279

she saw that as being evidence that the

251
00:10:26,449 --> 00:10:23,700
UFOs and aliens are real so you know all

252
00:10:28,850 --> 00:10:26,459
these people that are involved in

253
00:10:32,329 --> 00:10:28,860
promoting and writing and distributing

254
00:10:36,110 --> 00:10:32,339
this story right now uh are people who

255
00:10:39,050 --> 00:10:36,120
have a pre-existing belief that uh

256
00:10:41,389 --> 00:10:39,060
aliens are visiting us I think it's you

257
00:10:43,610 --> 00:10:41,399
know for me it's most important to know

258
00:10:46,550 --> 00:10:43,620
the source of any information which is

259
00:10:47,930 --> 00:10:46,560
why you are here uh per book by the way

260
00:10:49,790 --> 00:10:47,940
that book you reference I think is

261
00:10:52,850 --> 00:10:49,800
titled surviving death a journalist

262
00:10:54,769 --> 00:10:52,860
investigates evidence for an afterlife

263
00:10:57,410 --> 00:10:54,779

yes yes that's the one that's the latest

264

00:10:59,690 --> 00:10:57,420

book and uh yeah she's she's been into

265

00:11:02,630 --> 00:10:59,700

uh that type of thing she goes to

266

00:11:05,210 --> 00:11:02,640

seances uh as a journalist but you know

267

00:11:06,949 --> 00:11:05,220

she she uh essentially seems to think

268

00:11:08,870 --> 00:11:06,959

that there's something to them when you

269

00:11:12,170 --> 00:11:08,880

go to a seance like a medium

270

00:11:14,509 --> 00:11:12,180

uh materializes uh things and there are

271

00:11:16,310 --> 00:11:14,519

disembodied hands touching you and you

272

00:11:17,930 --> 00:11:16,320

know from her account so that she seems

273

00:11:20,750 --> 00:11:17,940

to believe that there's some legitimacy

274

00:11:22,670 --> 00:11:20,760

to that which it doesn't seem like a

275

00:11:24,410 --> 00:11:22,680

super scientific way of looking at

276

00:11:27,710 --> 00:11:24,420

things and I think perhaps some of that

277

00:11:29,389 --> 00:11:27,720

that attitude might carry over to her

278

00:11:32,449 --> 00:11:29,399

her work on UFOs

279

00:11:35,930 --> 00:11:32,459

you're a scientific guy I'm a guy who

280

00:11:38,509 --> 00:11:35,940

likes scientific guys and I think what

281

00:11:39,410 --> 00:11:38,519

you're saying is if I had some kind of

282

00:11:41,930 --> 00:11:39,420

uh

283

00:11:44,090 --> 00:11:41,940

an experience a paranormal experience

284

00:11:45,769 --> 00:11:44,100

and I believed I have it and I mean I

285

00:11:47,750 --> 00:11:45,779

know a lot of people who do I wish I had

286

00:11:49,430 --> 00:11:47,760

one I always wish I'll sleep in a Civil

287

00:11:52,069 --> 00:11:49,440

War battlefield to see a ghost I really

288

00:11:53,810 --> 00:11:52,079

want that to happen yeah but the point

289

00:11:56,810 --> 00:11:53,820

of what you're saying is people can have

290

00:12:00,769 --> 00:11:56,820

those experiences and they can 110

291

00:12:03,590 --> 00:12:00,779

believe that it happened but science has

292

00:12:05,269 --> 00:12:03,600

been unable to prove those types of

293

00:12:07,670 --> 00:12:05,279

things like the hands touching your body

294

00:12:10,130 --> 00:12:07,680

or pretty much anything like that

295

00:12:11,329 --> 00:12:10,140

paranormal experiences is that way I'm

296

00:12:13,850 --> 00:12:11,339

hearing you say

297

00:12:16,910 --> 00:12:13,860

yeah I mean the thing with say answers

298

00:12:20,389 --> 00:12:16,920

for example is that it's it's got a long

299

00:12:23,750 --> 00:12:20,399

long history of charlatans and a seance

300

00:12:25,190 --> 00:12:23,760

basically is a stage magician uh

301

00:12:27,290 --> 00:12:25,200

operating with the great Advantage

302

00:12:29,870 --> 00:12:27,300

usually of it being in a very dimly lit

303

00:12:32,329 --> 00:12:29,880

or an entirely dark room uh just

304

00:12:34,850 --> 00:12:32,339

performing magic tricks uh to usually to

305

00:12:37,670 --> 00:12:34,860

a paying audience who who think that he

306

00:12:40,430 --> 00:12:37,680

is uh he or she is connecting uh them

307

00:12:42,829 --> 00:12:40,440

with dead Spirits so it's there's a long

308

00:12:45,410 --> 00:12:42,839

history of of people faking this and

309

00:12:48,350 --> 00:12:45,420

there's also a long history of uh of

310

00:12:50,030 --> 00:12:48,360

people exposing it to like debunkers and

311

00:12:53,210 --> 00:12:50,040

Skeptics like going back to Harry

312

00:12:55,430 --> 00:12:53,220

Houdini he Harry Houdini it's he was a

313

00:12:57,889 --> 00:12:55,440

stage magician but he never claims to be

314

00:13:01,069 --> 00:12:57,899

actually performing magic and he got

315

00:13:03,470 --> 00:13:01,079

quite angry at uh these these uh there's

316

00:13:06,050 --> 00:13:03,480

mediums and he would go to the sciences

317

00:13:07,310 --> 00:13:06,060

and try to expose them uh so yeah

318

00:13:07,850 --> 00:13:07,320

there's there's

319

00:13:11,690 --> 00:13:07,860

um

320

00:13:13,730 --> 00:13:11,700

a credulity I think that comes with uh

321

00:13:16,129 --> 00:13:13,740

with like believing in subjects like

322

00:13:19,970 --> 00:13:16,139

that which perhaps doesn't make you an

323

00:13:21,530 --> 00:13:19,980

ideal person to investigate claims uh

324

00:13:22,970 --> 00:13:21,540

about something that you already believe

325

00:13:27,650 --> 00:13:22,980

in

326

00:13:29,389 --> 00:13:27,660

person Mick West because I do I mean

327

00:13:32,810 --> 00:13:29,399

I've been watching your stuff read your

328

00:13:34,550 --> 00:13:32,820

book like I mean people say let's see I

329

00:13:36,949 --> 00:13:34,560

you know as soon as you're by the way

330

00:13:38,569 --> 00:13:36,959

one of these people not unlike let me

331

00:13:40,790 --> 00:13:38,579

think like a Michael man he's a climate

332

00:13:43,730 --> 00:13:40,800

scientist friend of mine uh Peter Hotes

333

00:13:45,350 --> 00:13:43,740

who of course is a vaccine expert uh and

334

00:13:48,230 --> 00:13:45,360

Doctor a friend of mine you're in that

335

00:13:50,509 --> 00:13:48,240

category where if I tweet or retweet

336

00:13:53,690 --> 00:13:50,519

something that you wrote an army of

337

00:13:54,650 --> 00:13:53,700

people come to discredit you in this

338

00:13:56,810 --> 00:13:54,660

case

339

00:14:00,350 --> 00:13:56,820

um you deal with these people on a very

340

00:14:02,210 --> 00:14:00,360

regular basis uh you know one guy said

341

00:14:05,030 --> 00:14:02,220

well you know Mick

342

00:14:05,990 --> 00:14:05,040

doesn't have all the information I was

343

00:14:09,050 --> 00:14:06,000

like well

344

00:14:11,389 --> 00:14:09,060

who does like who what journalist does

345

00:14:14,329 --> 00:14:11,399

who has all of the information who do

346

00:14:17,210 --> 00:14:14,339

you possibly trust them

347

00:14:18,710 --> 00:14:17,220

yeah well what I do is look at the

348

00:14:20,449 --> 00:14:18,720

information that's actually available

349

00:14:22,190 --> 00:14:20,459

you know what's the public information

350

00:14:25,310 --> 00:14:22,200

that's out there you know especially

351

00:14:27,949 --> 00:14:25,320

things like UFO videos and in my

352

00:14:30,110 --> 00:14:27,959

background as a software engineer in the

353

00:14:31,790 --> 00:14:30,120

video game industry which may not seem

354

00:14:33,889 --> 00:14:31,800

like much like versus just a game

355

00:14:36,290 --> 00:14:33,899

designer people people say that all the

356

00:14:38,870 --> 00:14:36,300

time but you actually have a kind of a

357

00:14:42,290 --> 00:14:38,880

unique set of skills as a video game

358

00:14:44,930 --> 00:14:42,300

programmer like just the the simple Act

359

00:14:46,970 --> 00:14:44,940

of making a 3D object display and a 2d

360

00:14:49,069 --> 00:14:46,980

screen is the exact same math that you

361

00:14:51,230 --> 00:14:49,079

need for analyzing UFO videos because

362

00:14:53,350 --> 00:14:51,240

you're taking a 2d screen and trying to

363

00:14:57,050 --> 00:14:53,360

recreate where it is in three dimensions

364

00:14:59,689 --> 00:14:57,060

and the simple physics that we use in

365

00:15:01,430 --> 00:14:59,699

video games is what you need to analyze

366

00:15:05,269 --> 00:15:01,440

things like the position and the size

367

00:15:08,090 --> 00:15:05,279

and the the the the the motion the

368

00:15:11,090 --> 00:15:08,100

acceleration of of objects in these

369

00:15:13,850 --> 00:15:11,100

videos so you know I've been doing that

370

00:15:16,490 --> 00:15:13,860

type of thing for 20 30 years and it

371

00:15:18,769 --> 00:15:16,500

overlaps with my my interest in UFOs and

372

00:15:21,530 --> 00:15:18,779

so I got pretty good at analyzing UFO

373

00:15:23,990 --> 00:15:21,540

videos and just along with that you know

374

00:15:26,269 --> 00:15:24,000

I'm naturally a skeptical person so it

375

00:15:28,730 --> 00:15:26,279

doesn't mean I disbelieve everything but

376

00:15:31,730 --> 00:15:28,740

it means that I I need to have I need to

377

00:15:33,590 --> 00:15:31,740

see the evidence for things and I think

378

00:15:35,990 --> 00:15:33,600

the biggest criticism that people have

379

00:15:38,870 --> 00:15:36,000

of me is that I don't listen to the

380

00:15:40,790 --> 00:15:38,880

eyewitnesses but I do listen to the

381

00:15:43,250 --> 00:15:40,800

eyewitnesses but unfortunately I also

382

00:15:46,490 --> 00:15:43,260

recognize that eyewitness testimony

383

00:15:49,250 --> 00:15:46,500

isn't the most reliable evidence and if

384

00:15:50,930 --> 00:15:49,260

we have hard evidence like videos we

385

00:15:52,430 --> 00:15:50,940

really should go and analyze that first

386

00:15:54,949 --> 00:15:52,440

and see if that actually tells us

387

00:15:58,850 --> 00:15:54,959

anything and then see how the eyewitness

388

00:16:01,730 --> 00:15:58,860

testimony fits into the context of that

389

00:16:03,350 --> 00:16:01,740

ah so well said I mean your background

390

00:16:05,230 --> 00:16:03,360

obviously it's kind of who would expect

391

00:16:07,730 --> 00:16:05,240

that you know but it's actually perfect

392

00:16:10,250 --> 00:16:07,740

uh in terms of understanding certainly

393

00:16:11,990 --> 00:16:10,260

these videos but you also seem to

394

00:16:13,189 --> 00:16:12,000

understand I don't know if you're

395

00:16:15,769 --> 00:16:13,199

self-taught or if you've referenced

396

00:16:17,870 --> 00:16:15,779

others physics when it comes to these

397

00:16:20,150 --> 00:16:17,880

videos you understand physics and you

398

00:16:22,670 --> 00:16:20,160

also really understand photography and

399

00:16:25,129 --> 00:16:22,680

video and how it works explain a little

400

00:16:26,810 --> 00:16:25,139

bit about how that helps you I mean most

401
00:16:28,670 --> 00:16:26,820
people see these videos I think you'll

402
00:16:31,009 --> 00:16:28,680
agree I certainly did

403
00:16:34,310 --> 00:16:31,019
um the ones from a few years ago and say

404
00:16:37,910 --> 00:16:34,320
this is completely unexplainable this

405
00:16:40,129 --> 00:16:37,920
has to be from some other world and then

406
00:16:42,470 --> 00:16:40,139
I read your explanation it doesn't mean

407
00:16:45,949 --> 00:16:42,480
I completely understand it but it's a

408
00:16:47,749 --> 00:16:45,959
pretty good explanation debunking these

409
00:16:50,629 --> 00:16:47,759
things tell me a little bit more about

410
00:16:55,310 --> 00:16:50,639
your understanding of physics and

411
00:16:58,249 --> 00:16:55,320
cameras and lenses as to how that helps

412
00:17:00,350 --> 00:16:58,259
you explain these videos especially away

413
00:17:01,790 --> 00:17:00,360

because they seem pretty damning yeah

414

00:17:02,930 --> 00:17:01,800

well it's gonna have a combination of

415

00:17:04,909 --> 00:17:02,940

things I've always been interested in

416

00:17:06,770 --> 00:17:04,919

photography I've had a you know a good

417

00:17:10,010 --> 00:17:06,780

cameras and so it was you know in my

418

00:17:12,530 --> 00:17:10,020

teens a very long time ago uh and the

419

00:17:13,669 --> 00:17:12,540

video look at you I can see the pores in

420

00:17:15,110 --> 00:17:13,679

your skin you have the best camera of

421

00:17:17,210 --> 00:17:15,120

any guest I've ever had the guy knows

422

00:17:19,850 --> 00:17:17,220

what he's doing go ahead sorry Nick it's

423

00:17:21,169 --> 00:17:19,860

uh uh yeah I I like the camera I have

424

00:17:24,890 --> 00:17:21,179

here I have a whole bunch of different

425

00:17:26,870 --> 00:17:24,900

cameras up on the Shelf it's uh

426

00:17:29,930 --> 00:17:26,880

the video game stuff teaches you about

427

00:17:31,669 --> 00:17:29,940

essentially animation uh animation of

428

00:17:32,930 --> 00:17:31,679

course is you you draw One frame then

429

00:17:34,490 --> 00:17:32,940

you go to the next frame you draw things

430

00:17:36,230 --> 00:17:34,500

in a different position but that's

431

00:17:37,909 --> 00:17:36,240

essentially what videos are videos are a

432

00:17:41,450 --> 00:17:37,919

series of photographs you get 30 per

433

00:17:44,090 --> 00:17:41,460

second or 25 per second or 24 or 29.97

434

00:17:47,150 --> 00:17:44,100

per second uh depending on the type of

435

00:17:50,330 --> 00:17:47,160

camera you're using uh and I understand

436

00:17:52,549 --> 00:17:50,340

how that works exactly because I do that

437

00:17:54,110 --> 00:17:52,559

I do that from the ground up when you're

438

00:17:57,110 --> 00:17:54,120

making a video game you're creating

439

00:17:59,270 --> 00:17:57,120

these frames from from information so I

440

00:18:01,789 --> 00:17:59,280

know how to take a video and then

441

00:18:03,289 --> 00:18:01,799

deconstruct it into its actual frames so

442

00:18:05,029 --> 00:18:03,299

I I can take you know this Frame here

443

00:18:07,190 --> 00:18:05,039

and this Frame here and I know if

444

00:18:08,930 --> 00:18:07,200

something's moved from here to here that

445

00:18:11,570 --> 00:18:08,940

indicates either it's moving at that

446

00:18:13,370 --> 00:18:11,580

speed or the camera is rotating by a

447

00:18:15,409 --> 00:18:13,380

certain amount or the camera is moving a

448

00:18:17,289 --> 00:18:15,419

certain amount or it's a combination of

449

00:18:19,610 --> 00:18:17,299

two or three of those different things

450

00:18:21,770 --> 00:18:19,620

uh and that's something that I think

451

00:18:24,650 --> 00:18:21,780

that a lot of people just looking at a

452

00:18:27,529 --> 00:18:24,660

video they don't naturally understand if

453

00:18:29,330 --> 00:18:27,539

you take for example uh in one of the

454

00:18:31,610 --> 00:18:29,340

more recent videos there's there's

455

00:18:34,250 --> 00:18:31,620

Middle East sphere which has been shown

456

00:18:37,430 --> 00:18:34,260

on TV quite a lot alongside Dave gresh's

457

00:18:39,169 --> 00:18:37,440

interviews it's like a silvery ball and

458

00:18:41,270 --> 00:18:39,179

there's this this video the cameras

459

00:18:43,490 --> 00:18:41,280

focus on a building and then this ball

460

00:18:45,650 --> 00:18:43,500

Zips into the frame and then the camera

461

00:18:48,230 --> 00:18:45,660

operator tries to follow this ball and

462

00:18:50,390 --> 00:18:48,240

it's it's Drone footage shot in the

463

00:18:53,029 --> 00:18:50,400

Middle East and so people are kind of

464

00:18:55,490 --> 00:18:53,039

saying oh this is a is a metallic sphere

465

00:18:56,630 --> 00:18:55,500

that's exhibiting a highly anomalous

466

00:18:58,610 --> 00:18:56,640

Behavior

467

00:19:00,470 --> 00:18:58,620

uh and you know you could kind of

468

00:19:02,210 --> 00:19:00,480

understand that interpretation if you

469

00:19:05,029 --> 00:19:02,220

don't really know much about how cameras

470

00:19:07,970 --> 00:19:05,039

work uh but when you start actually

471

00:19:09,650 --> 00:19:07,980

analyzing this particular video you

472

00:19:12,230 --> 00:19:09,660

first of all you've got to recognize the

473

00:19:14,990 --> 00:19:12,240

the cameras mounting it on an MQ-9

474

00:19:18,409 --> 00:19:15,000

Reaper drone which means that the camera

475

00:19:20,330 --> 00:19:18,419

itself is moving at about 150 miles per

476
00:19:21,770 --> 00:19:20,340
hour which you know it's not super fast

477
00:19:23,930 --> 00:19:21,780
for a plane but it's very fast for

478
00:19:25,549 --> 00:19:23,940
something moving over the ground and

479
00:19:28,490 --> 00:19:25,559
then you go look at you know this this

480
00:19:29,930 --> 00:19:28,500
metallic orb and see you know how big is

481
00:19:31,250 --> 00:19:29,940
this you can see you can see in the

482
00:19:34,010 --> 00:19:31,260
background there's some Telegraph poles

483
00:19:35,930 --> 00:19:34,020
behind it and it's about a bit less than

484
00:19:38,810 --> 00:19:35,940
twice the width of that which means that

485
00:19:39,830 --> 00:19:38,820
this this orb is only about 18 inches

486
00:19:43,250 --> 00:19:39,840
across

487
00:19:44,810 --> 00:19:43,260
uh and then you take the camera's motion

488
00:19:46,669 --> 00:19:44,820

into account and you see that the

489

00:19:49,250 --> 00:19:46,679

camera's moving in a certain direction

490

00:19:51,590 --> 00:19:49,260

and it Lanes Banks a certain way and you

491

00:19:53,990 --> 00:19:51,600

see oh look the motion of this object

492

00:19:56,270 --> 00:19:54,000

kind of mirrors your the expected motion

493

00:19:59,390 --> 00:19:56,280

of the plane and that all leads to the

494

00:20:00,890 --> 00:19:59,400

idea that this is not you know an orb

495

00:20:03,770 --> 00:20:00,900

but kind of zipping around all over the

496

00:20:05,750 --> 00:20:03,780

place this is just a balloon floating in

497

00:20:07,850 --> 00:20:05,760

the wind doing nothing really special

498

00:20:10,190 --> 00:20:07,860

and all the motion you're seeing is

499

00:20:12,470 --> 00:20:10,200

because you've got this super zoomed

500

00:20:15,890 --> 00:20:12,480

camera and that's another thing you

501
00:20:19,430 --> 00:20:15,900
learn about in video games is you know

502
00:20:21,409 --> 00:20:19,440
depth of field and uh field of view so

503
00:20:23,390 --> 00:20:21,419
we know that you can zoom in on

504
00:20:25,190 --> 00:20:23,400
something very far away and it gives

505
00:20:26,630 --> 00:20:25,200
this really weird illusion of Parallax

506
00:20:28,490 --> 00:20:26,640
and it makes things look like they're

507
00:20:29,990 --> 00:20:28,500
moving when they're actually not it's

508
00:20:32,870 --> 00:20:30,000
just the camera moving so all these

509
00:20:34,370 --> 00:20:32,880
things combined together yeah I can kind

510
00:20:36,770 --> 00:20:34,380
of tell what's going on in this video

511
00:20:38,750 --> 00:20:36,780
but it's kind of a little difficult to

512
00:20:41,950 --> 00:20:38,760
explain to people because people are not

513
00:20:45,049 --> 00:20:41,960

used to putting their mind into that 3D

514

00:20:47,210 --> 00:20:45,059

frame of reference so I don't know a bit

515

00:20:50,150 --> 00:20:47,220

of a challenge I think you just

516

00:20:52,789 --> 00:20:50,160

explained it well here but you're but

517

00:20:55,070 --> 00:20:52,799

that's not being explained in other

518

00:20:56,330 --> 00:20:55,080

places including by a lot of journalists

519

00:20:59,750 --> 00:20:56,340

that would seem who report this stuff

520

00:21:01,730 --> 00:20:59,760

out yeah and including by uh the people

521

00:21:05,090 --> 00:21:01,740

you think would know better as well it's

522

00:21:08,150 --> 00:21:05,100

it was a very surprising mistake that uh

523

00:21:11,029 --> 00:21:08,160

that Sean Kirkpatrick made the NASA

524

00:21:13,190 --> 00:21:11,039

hearing uh recently like he was showing

525

00:21:15,890 --> 00:21:13,200

you know a new video that I'd never seen

526
00:21:17,450 --> 00:21:15,900
before uh of of something that was

527
00:21:19,250 --> 00:21:17,460
initially

528
00:21:23,510 --> 00:21:19,260
um thought to be anomalous

529
00:21:24,950 --> 00:21:23,520
and you saw these three three dots on

530
00:21:27,529 --> 00:21:24,960
the screen they're moving back and forth

531
00:21:29,210 --> 00:21:27,539
like this and it looks really weird you

532
00:21:31,789 --> 00:21:29,220
know what's going on there and he

533
00:21:34,549 --> 00:21:31,799
explains it that this is just the camera

534
00:21:36,230 --> 00:21:34,559
moving and it makes the these objects

535
00:21:38,690 --> 00:21:36,240
look like they're moving

536
00:21:40,370 --> 00:21:38,700
and then someone asked him you know what

537
00:21:41,810 --> 00:21:40,380
are all these these little white dots in

538
00:21:42,830 --> 00:21:41,820

the background because you could see

539

00:21:44,090 --> 00:21:42,840

that they were moving because there was

540

00:21:46,190 --> 00:21:44,100

these white dots in the background that

541

00:21:48,950 --> 00:21:46,200

weren't moving and this was moving well

542

00:21:52,130 --> 00:21:48,960

as to that and he said uh uh those are

543

00:21:54,590 --> 00:21:52,140

stars I think those are stars but you

544

00:21:55,669 --> 00:21:54,600

know it was obvious to me that there

545

00:21:57,590 --> 00:21:55,679

were not Stars it was literally

546

00:21:58,850 --> 00:21:57,600

impossible for them to be Stars based on

547

00:22:01,430 --> 00:21:58,860

his explanation because he said the

548

00:22:03,350 --> 00:22:01,440

three dots were distant planes and they

549

00:22:05,270 --> 00:22:03,360

were all moving because the camera was

550

00:22:08,330 --> 00:22:05,280

moving but these these these white dots

551
00:22:10,190 --> 00:22:08,340
were not uh and I so I I tweeted

552
00:22:11,990 --> 00:22:10,200
something about it about how ridiculous

553
00:22:13,909 --> 00:22:12,000
this explanation was and then after the

554
00:22:15,350 --> 00:22:13,919
break he actually came back and said uh

555
00:22:16,190 --> 00:22:15,360
I'm not actually that sure about that

556
00:22:18,649 --> 00:22:16,200
anymore

557
00:22:22,610 --> 00:22:18,659
but he never even really fully retracted

558
00:22:24,169 --> 00:22:22,620
it uh so yeah you see a lot of that in

559
00:22:26,690 --> 00:22:24,179
these these these videos that they show

560
00:22:27,649 --> 00:22:26,700
with the other video he showed uh I'm

561
00:22:28,789 --> 00:22:27,659
not sure if it was at that hearing or

562
00:22:31,970 --> 00:22:28,799
the other one

563
00:22:33,350 --> 00:22:31,980

was a shot from one drone and there's

564

00:22:35,270 --> 00:22:33,360

another drone in the distance and then

565

00:22:36,230 --> 00:22:35,280

you see these other object Zip by really

566

00:22:38,390 --> 00:22:36,240

rapidly

567

00:22:40,850 --> 00:22:38,400

and he said this is something that we

568

00:22:43,430 --> 00:22:40,860

originally thought was anomalous so yeah

569

00:22:45,830 --> 00:22:43,440

the the task force was actually fooled

570

00:22:48,230 --> 00:22:45,840

by this this Parallax illusion at some

571

00:22:52,370 --> 00:22:48,240

point I think there's actually a lot

572

00:22:55,250 --> 00:22:52,380

more of this mistaken uh identification

573

00:22:57,529 --> 00:22:55,260

of anomalous Behavior then we actually

574

00:22:59,390 --> 00:22:57,539

think and so when they talk about you

575

00:23:01,669 --> 00:22:59,400

know these spheres are demonstrating a

576

00:23:03,350 --> 00:23:01,679

power ant anomalous Behavior

577

00:23:04,789 --> 00:23:03,360

yeah I'd like to see what they're

578

00:23:06,950 --> 00:23:04,799

actually talking about because their

579

00:23:10,730 --> 00:23:06,960

track record so far hasn't been very

580

00:23:14,570 --> 00:23:10,740

good that's uh shocking and

581

00:23:17,570 --> 00:23:14,580

and disconcerting to hear that experts

582

00:23:18,770 --> 00:23:17,580

at Nasa have a harder time explaining it

583

00:23:20,570 --> 00:23:18,780

than you

584

00:23:22,610 --> 00:23:20,580

do you have a job we're supposed to be a

585

00:23:24,590 --> 00:23:22,620

NASA expert though just to be clear that

586

00:23:27,169 --> 00:23:24,600

this was Sean Kirkpatrick who is the

587

00:23:28,789 --> 00:23:27,179

head of of Arrow the advance of the

588

00:23:32,270 --> 00:23:28,799

older main anomaly resolution office

589

00:23:34,610 --> 00:23:32,280

which is the Pentagon uh not NASA got it

590

00:23:37,010 --> 00:23:34,620

head of the pentagon's all domain

591

00:23:39,830 --> 00:23:37,020

anomaly resolution office

592

00:23:41,750 --> 00:23:39,840

uh and uh Harvard Professor Avi Loeb

593

00:23:43,789 --> 00:23:41,760

teamed up to write that these objects

594

00:23:46,490 --> 00:23:43,799

which appear to defy all physics could

595

00:23:48,850 --> 00:23:46,500

be probes from an extraterrestrial

596

00:23:52,310 --> 00:23:48,860

parent craft

597

00:23:54,890 --> 00:23:52,320

I mean how do we know that they are not

598

00:23:57,350 --> 00:23:54,900

I mean it's the it's basically that

599

00:23:59,149 --> 00:23:57,360

they're extrapolating science and

600

00:24:01,669 --> 00:23:59,159

science fiction there it's like how

601
00:24:03,350 --> 00:24:01,679
would you populate the universe if you

602
00:24:05,690 --> 00:24:03,360
wanted to you would you would send out

603
00:24:07,250 --> 00:24:05,700
these what you call Von Neumann machines

604
00:24:09,350 --> 00:24:07,260
which are self-replicating machines

605
00:24:10,850 --> 00:24:09,360
which which fly to another world and

606
00:24:12,830 --> 00:24:10,860
then they set up a base and then they

607
00:24:15,470 --> 00:24:12,840
replicate themselves and then they they

608
00:24:16,970 --> 00:24:15,480
make other little one or big Bond normal

609
00:24:19,490 --> 00:24:16,980
machines that fly off to other worlds

610
00:24:21,649 --> 00:24:19,500
this is a staple of of both science and

611
00:24:23,390 --> 00:24:21,659
science fiction so what they're

612
00:24:25,970 --> 00:24:23,400
basically doing there is kind of riffing

613
00:24:28,909 --> 00:24:25,980

on that idea it's it's nothing nothing

614

00:24:30,950 --> 00:24:28,919

special uh but then they mix it all up

615

00:24:33,049 --> 00:24:30,960

in a paper that actually is really

616

00:24:34,909 --> 00:24:33,059

talking about how if objects are moving

617

00:24:37,730 --> 00:24:34,919

very fast in the atmosphere it would

618

00:24:39,890 --> 00:24:37,740

create plasma and you say see them

619

00:24:42,110 --> 00:24:39,900

glowing and you'd hear Sonic booms and

620

00:24:43,909 --> 00:24:42,120

we don't see or hear that therefore

621

00:24:46,909 --> 00:24:43,919

maybe these objects are not actually

622

00:24:49,730 --> 00:24:46,919

moving as fast as they appear now that's

623

00:24:52,130 --> 00:24:49,740

that's a good point but they wrap it all

624

00:24:56,510 --> 00:24:52,140

up in this this Mothership seeding

625

00:24:58,909 --> 00:24:56,520

dandelions of uh of panspermia uh like

626

00:24:59,710 --> 00:24:58,919

seeding of planets it's you know it's

627

00:25:03,830 --> 00:24:59,720

weird

628

00:25:05,570 --> 00:25:03,840

um and I'm not sure if when I asked my

629

00:25:08,690 --> 00:25:05,580

last question when you said

630

00:25:11,630 --> 00:25:08,700

it could be that if you were being

631

00:25:13,970 --> 00:25:11,640

sarcastic or if you were being just

632

00:25:15,950 --> 00:25:13,980

generally I'm not being sarcastic uh I

633

00:25:17,330 --> 00:25:15,960

think it could be it could be what

634

00:25:18,890 --> 00:25:17,340

they're saying but there's you don't see

635

00:25:20,510 --> 00:25:18,900

the evidence for it yeah I don't see any

636

00:25:23,090 --> 00:25:20,520

evidence at all and it seems very

637

00:25:24,769 --> 00:25:23,100

unlikely uh that this would just be the

638

00:25:27,409 --> 00:25:24,779

hap happened to be the one moment in

639

00:25:29,570 --> 00:25:27,419

history that uh that alien crafter

640

00:25:31,250 --> 00:25:29,580

visiting this particular spot in the

641

00:25:35,210 --> 00:25:31,260

universe when we see no evidence of Life

642

00:25:37,010 --> 00:25:35,220

anywhere else in the universe uh it's it

643

00:25:39,110 --> 00:25:37,020

it's but it's not something that you can

644

00:25:41,149 --> 00:25:39,120

rule out all right you know you could

645

00:25:42,830 --> 00:25:41,159

think you know what are the odds for

646

00:25:44,930 --> 00:25:42,840

example that we are the only life that

647

00:25:47,149 --> 00:25:44,940

exists in the entire universe I think

648

00:25:48,350 --> 00:25:47,159

that's unlikely but I don't think it's

649

00:25:50,390 --> 00:25:48,360

something that you could actually rule

650

00:25:53,269 --> 00:25:50,400

out because it's it's a possibility

651
00:25:56,810 --> 00:25:53,279
because you know if it's just entirely

652
00:25:58,549 --> 00:25:56,820
random then we don't know what the odds

653
00:26:01,070 --> 00:25:58,559
of Life arising are and even if the odds

654
00:26:02,630 --> 00:26:01,080
are quite High sometimes you know in one

655
00:26:05,210 --> 00:26:02,640
iteration of the universe there might be

656
00:26:07,970 --> 00:26:05,220
one that life only arises once so you

657
00:26:10,850 --> 00:26:07,980
can't rule out things uh just because

658
00:26:13,130 --> 00:26:10,860
they seem unlikely so I always try to

659
00:26:15,409 --> 00:26:13,140
you know basically they keep a list of

660
00:26:17,570 --> 00:26:15,419
possibilities when I'm talking about

661
00:26:20,029 --> 00:26:17,580
what something might be

662
00:26:23,570 --> 00:26:20,039
you know if you you take say the gimbal

663
00:26:27,230 --> 00:26:23,580

UFO video is probably I think based on

664

00:26:30,529 --> 00:26:27,240

my analysis just a different plane it

665

00:26:32,690 --> 00:26:30,539

might be something that's moving in a

666

00:26:36,230 --> 00:26:32,700

really weird manner that's also kind of

667

00:26:38,149 --> 00:26:36,240

hot uh and that thing that's moving in a

668

00:26:39,890 --> 00:26:38,159

really weird manner might be an alien

669

00:26:41,750 --> 00:26:39,900

spaceship of course the distant plane

670

00:26:42,950 --> 00:26:41,760

might be an alien spaceship as well it's

671

00:26:45,169 --> 00:26:42,960

you know these are things that you can't

672

00:26:46,610 --> 00:26:45,179

rule out but since we don't really have

673

00:26:48,649 --> 00:26:46,620

any evidence of that and we've got a

674

00:26:50,810 --> 00:26:48,659

vast amount of evidence that humans do

675

00:26:52,610 --> 00:26:50,820

things in the world you know it seems

676
00:26:56,029 --> 00:26:52,620
vastly more likely that what we're

677
00:27:00,710 --> 00:26:56,039
looking at is is a human craft

678
00:27:02,149 --> 00:27:00,720
you shared a tweet from Eric Weinstein

679
00:27:05,710 --> 00:27:02,159
um I'm not sure who he is but I feel

680
00:27:08,870 --> 00:27:05,720
like he's kind of conspiracy guy too but

681
00:27:11,210 --> 00:27:08,880
yeah Eric is uh

682
00:27:14,149 --> 00:27:11,220
um isn't he problematic is a

683
00:27:15,649 --> 00:27:14,159
mathematician he's kind of like a member

684
00:27:17,029 --> 00:27:15,659
of the What's called the intellectual

685
00:27:19,669 --> 00:27:17,039
dark web

686
00:27:23,029 --> 00:27:19,679
right uh he likes asking questions he

687
00:27:25,070 --> 00:27:23,039
has a podcast called the portal uh where

688
00:27:27,830 --> 00:27:25,080

he talks a lot with with people

689

00:27:32,570 --> 00:27:27,840

and you know he kind of waded into the

690

00:27:35,029 --> 00:27:32,580

UFO world uh maybe a year or so ago and

691

00:27:38,210 --> 00:27:35,039

I think because he's something of a kind

692

00:27:41,810 --> 00:27:38,220

of a well-known online intellectual he

693

00:27:43,730 --> 00:27:41,820

got courted uh by by the UFO crowd

694

00:27:45,769 --> 00:27:43,740

probably probably the same people who

695

00:27:49,970 --> 00:27:45,779

who have courted Dave Crush

696

00:27:53,870 --> 00:27:49,980

and they promised him that they would

697

00:27:56,149 --> 00:27:53,880

show him evidence of basically crashed

698

00:27:58,130 --> 00:27:56,159

alien technology they were going to take

699

00:28:01,130 --> 00:27:58,140

him to a place in the desert or

700

00:28:04,190 --> 00:28:01,140

something this is what he says and they

701
00:28:06,169 --> 00:28:04,200
this happened a few times uh but as he

702
00:28:07,310 --> 00:28:06,179
described it it was like you know Lucy

703
00:28:08,990 --> 00:28:07,320
on the football

704
00:28:10,610 --> 00:28:09,000
you know here's the Charlie Brown in

705
00:28:12,110 --> 00:28:10,620
this scenario and they were always

706
00:28:14,330 --> 00:28:12,120
promising that he's going to get to kick

707
00:28:16,070 --> 00:28:14,340
the ball but every time he goes for it

708
00:28:19,070 --> 00:28:16,080
it was it was snatched away from him so

709
00:28:21,649 --> 00:28:19,080
he became a bit more uh cynical and the

710
00:28:24,529 --> 00:28:21,659
tweet that I retweeted was basically

711
00:28:27,049 --> 00:28:24,539
him uh warning about the current

712
00:28:29,450 --> 00:28:27,059
situation I'll just read it real quick

713
00:28:32,590 --> 00:28:29,460

um yeah and then he writes there's an

714

00:28:35,630 --> 00:28:32,600

enormous complex of unbelievably highly

715

00:28:37,850 --> 00:28:35,640

conserved narratives to which very sober

716

00:28:40,010 --> 00:28:37,860

people will personally attest this is

717

00:28:42,830 --> 00:28:40,020

but one of them I can assure you there

718

00:28:44,510 --> 00:28:42,840

are many others what is more they are

719

00:28:46,909 --> 00:28:44,520

seemingly not all consistent with each

720

00:28:49,010 --> 00:28:46,919

other this puts informants in conflict

721

00:28:50,029 --> 00:28:49,020

with each other what's happening now is

722

00:28:51,890 --> 00:28:50,039

that they seem to be Crossing the

723

00:28:53,870 --> 00:28:51,900

Rubicon of sworn testimony given under

724

00:28:55,970 --> 00:28:53,880

oath that means something will now

725

00:28:58,430 --> 00:28:55,980

happen but keep in mind one possibility

726
00:29:00,649 --> 00:28:58,440
is disinformation word to the wise

727
00:29:03,649 --> 00:29:00,659
demand hard evidence before giving

728
00:29:06,649 --> 00:29:03,659
belief there's a ton of quote smoke and

729
00:29:08,990 --> 00:29:06,659
mirrors out there intended to incinerate

730
00:29:10,029 --> 00:29:09,000
credibility you have been warned all

731
00:29:12,950 --> 00:29:10,039
right

732
00:29:14,450 --> 00:29:12,960
as a complicated a complicated thing so

733
00:29:16,310 --> 00:29:14,460
you know in the party's talking about

734
00:29:19,010 --> 00:29:16,320
his own experience where people have

735
00:29:22,130 --> 00:29:19,020
told him things and he he recognizes

736
00:29:23,570 --> 00:29:22,140
that there are variants in this you know

737
00:29:26,210 --> 00:29:23,580
and people within the UFO Community

738
00:29:29,029 --> 00:29:26,220

don't all agree with each other uh he

739

00:29:31,549 --> 00:29:29,039

did a uh kind of an interview with a

740

00:29:34,070 --> 00:29:31,559

physicist called Hal putoff who's well

741

00:29:35,750 --> 00:29:34,080

known in the UFO Community uh as being

742

00:29:37,250 --> 00:29:35,760

someone who makes these types of claims

743

00:29:39,470 --> 00:29:37,260

you know the exact same type of claims

744

00:29:42,289 --> 00:29:39,480

that we've had for decades

745

00:29:44,870 --> 00:29:42,299

and how putoff was telling him about how

746

00:29:48,769 --> 00:29:44,880

he could easily demonstrate psychic

747

00:29:51,289 --> 00:29:48,779

powers and and and uh

748

00:29:53,810 --> 00:29:51,299

um Eric was pretty much incredulous

749

00:29:56,810 --> 00:29:53,820

about this uh but you know this is all

750

00:29:58,190 --> 00:29:56,820

part of of this backdrop of all these

751

00:30:02,210 --> 00:29:58,200

different people who are involved in

752

00:30:04,610 --> 00:30:02,220

ufology and so I think he's because he's

753

00:30:07,070 --> 00:30:04,620

been courted by people he's been hearing

754

00:30:10,310 --> 00:30:07,080

a lot of different stories and one of

755

00:30:13,490 --> 00:30:10,320

those stories is the the whole UFO thing

756

00:30:15,169 --> 00:30:13,500

or at least part of the UFO thing is a

757

00:30:17,870 --> 00:30:15,179

disinformation campaign by the US

758

00:30:20,029 --> 00:30:17,880

government so when you hear a story

759

00:30:22,190 --> 00:30:20,039

about a UFO it's actually a cover for

760

00:30:25,010 --> 00:30:22,200

something else you know perhaps some

761

00:30:27,830 --> 00:30:25,020

kind of uh uh you know advanced

762

00:30:30,649 --> 00:30:27,840

technology test that we have or it's

763

00:30:32,810 --> 00:30:30,659

perhaps a cover for the the truth about

764

00:30:36,289 --> 00:30:32,820

UFOs you know perhaps the government

765

00:30:39,289 --> 00:30:36,299

does have uh secret relations with a a

766

00:30:40,789 --> 00:30:39,299

government uh of another star system

767

00:30:43,610 --> 00:30:40,799

which is you know one of the things that

768

00:30:45,110 --> 00:30:43,620

some people claim uh or perhaps Percy

769

00:30:47,810 --> 00:30:45,120

doesn't perhaps this is all smoke and

770

00:30:49,730 --> 00:30:47,820

mirrors some people claim that what we

771

00:30:54,049 --> 00:30:49,740

are seeing are essentially visitors From

772

00:30:57,710 --> 00:30:54,059

Another Dimension who are creating UFOs

773

00:31:00,409 --> 00:30:57,720

as kind of a smoke screen uh for for

774

00:31:03,230 --> 00:31:00,419

their existence or to do to do something

775

00:31:05,450 --> 00:31:03,240

for some purpose kind of a trickster uh

776

00:31:09,169 --> 00:31:05,460

scenario and this is people like like

777

00:31:11,690 --> 00:31:09,179

Jack valet who who is a mentor of Gary

778

00:31:15,470 --> 00:31:11,700

Nolan her and Gary Nolan is one of the

779

00:31:18,169 --> 00:31:15,480

people who is behind Dave grush

780

00:31:19,450 --> 00:31:18,179

so you've got these these overlapping

781

00:31:23,510 --> 00:31:19,460

narratives

782

00:31:24,590 --> 00:31:23,520

uh that are difficult to reconcile and

783

00:31:28,610 --> 00:31:24,600

that's kind of what Eric is talking

784

00:31:31,490 --> 00:31:28,620

about and he's saying you use caution

785

00:31:32,990 --> 00:31:31,500

and I would certainly advise anybody who

786

00:31:35,450 --> 00:31:33,000

is looking into this topic and is

787

00:31:37,850 --> 00:31:35,460

talking to anybody on this topic you

788

00:31:39,830 --> 00:31:37,860

know me included everybody use caution

789

00:31:41,649 --> 00:31:39,840

because there are a lot of conflicting

790

00:31:45,470 --> 00:31:41,659

narratives and they can't all be true

791

00:31:48,289 --> 00:31:45,480

and uh personally I feel the more

792

00:31:51,470 --> 00:31:48,299

extreme narratives are all nonsense and

793

00:31:53,510 --> 00:31:51,480

the the reality is much more mundane but

794

00:31:55,730 --> 00:31:53,520

what do I know

795

00:31:58,430 --> 00:31:55,740

a lot which is why I'm talking to you

796

00:32:00,889 --> 00:31:58,440

and I I share that I've always shared

797

00:32:03,409 --> 00:32:00,899

that but Having learned of your work and

798

00:32:06,529 --> 00:32:03,419

a few others you know on other subjects

799

00:32:08,750 --> 00:32:06,539

I think that's critical thinking I think

800

00:32:10,669 --> 00:32:08,760

that's logical what you're saying to

801
00:32:13,070 --> 00:32:10,679
come to that outcome you know he

802
00:32:14,570 --> 00:32:13,080
mentions uh and I know you know a lot

803
00:32:17,269 --> 00:32:14,580
about this the kind of competing

804
00:32:18,950 --> 00:32:17,279
narratives you know a lot of the players

805
00:32:21,889 --> 00:32:18,960
you've mentioned many of them in in the

806
00:32:23,149 --> 00:32:21,899
UFO world for years and I think what

807
00:32:26,090 --> 00:32:23,159
he's saying and what you're saying is

808
00:32:28,630 --> 00:32:26,100
they constantly debunk each other they

809
00:32:31,669 --> 00:32:28,640
can't there's not a lot of

810
00:32:33,710 --> 00:32:31,679
Synergy with their own theories they're

811
00:32:35,750 --> 00:32:33,720
they're often at odds and incongruent

812
00:32:37,250 --> 00:32:35,760
with each other is that is that what

813
00:32:38,990 --> 00:32:37,260

he's saying is that what you think what

814

00:32:41,810 --> 00:32:39,000

you said yeah no definitely I mean there

815

00:32:44,330 --> 00:32:41,820

are yeah the UFO Community has people in

816

00:32:47,330 --> 00:32:44,340

it who the UFO Community kind of Lords

817

00:32:48,950 --> 00:32:47,340

as Heroes uh but they kind of disagree

818

00:32:51,049 --> 00:32:48,960

with each other

819

00:32:54,470 --> 00:32:51,059

um like like take

820

00:32:57,169 --> 00:32:54,480

um George Knapp and Jeremy Corbell these

821

00:32:59,090 --> 00:32:57,179

are the people who are behind uh UFO

822

00:33:02,269 --> 00:32:59,100

video releases like the green triangle

823

00:33:04,430 --> 00:33:02,279

video and the more recent one of uh like

824

00:33:07,669 --> 00:33:04,440

five bright lights in the sky at 29

825

00:33:09,649 --> 00:33:07,679

Palms which turned out to be flares uh

826

00:33:12,590 --> 00:33:09,659

that you know that are being leaked to

827

00:33:14,690 --> 00:33:12,600

them by military personnel

828

00:33:18,289 --> 00:33:14,700

where they are big supporters of Bob

829

00:33:20,990 --> 00:33:18,299

Lazar uh Bob Lazar is is this bold

830

00:33:24,049 --> 00:33:21,000

figure in the community who claims

831

00:33:25,190 --> 00:33:24,059

basically exactly the same thing as as

832

00:33:27,169 --> 00:33:25,200

grush

833

00:33:28,669 --> 00:33:27,179

uh and yet most people in the UFO

834

00:33:30,049 --> 00:33:28,679

Community well aren't the same most but

835

00:33:32,690 --> 00:33:30,059

a lot of people in the UFO Community

836

00:33:34,490 --> 00:33:32,700

discount Bob Lazar's testimony because

837

00:33:38,090 --> 00:33:34,500

it's it's just basically full of holes

838

00:33:40,549 --> 00:33:38,100

he made up stuff about his his academic

839

00:33:43,250 --> 00:33:40,559

credentials and things like that and he

840

00:33:46,430 --> 00:33:43,260

used to work in a in a warehouse and uh

841

00:33:48,950 --> 00:33:46,440

it got arrested for for some type of

842

00:33:50,750 --> 00:33:48,960

whole house related activity and he has

843

00:33:52,850 --> 00:33:50,760

all kinds of dodgy things in his

844

00:33:56,450 --> 00:33:52,860

background which kind of like are issues

845

00:33:59,029 --> 00:33:56,460

with his credibility so you've got like

846

00:34:00,230 --> 00:33:59,039

a couple of the key players supporting

847

00:34:01,970 --> 00:34:00,240

him and you've got a lot of the other

848

00:34:04,149 --> 00:34:01,980

key players who just won't touch him

849

00:34:06,350 --> 00:34:04,159

because he's he's kind of Tainted Goods

850

00:34:09,290 --> 00:34:06,360

uh and so you've got these these

851
00:34:10,790 --> 00:34:09,300
different different narratives uh and I

852
00:34:13,010 --> 00:34:10,800
think you know it's

853
00:34:16,790 --> 00:34:14,930
it becomes like almost like you you

854
00:34:19,369 --> 00:34:16,800
Choose Your Own Adventure and it's like

855
00:34:20,750 --> 00:34:19,379
you right who do you believe which one

856
00:34:22,609 --> 00:34:20,760
of these these narratives do you think

857
00:34:25,369 --> 00:34:22,619
is is the correct one like there was

858
00:34:29,570 --> 00:34:25,379
there was one on uh on I think like

859
00:34:30,889 --> 00:34:29,580
4chan cropped up recently and it was

860
00:34:33,710 --> 00:34:30,899
this really kind of

861
00:34:35,810 --> 00:34:33,720
and an enticing possibility like the

862
00:34:37,490 --> 00:34:35,820
idea was that a an alien Mothership

863
00:34:40,030 --> 00:34:37,500

landed on Earth thousands of years ago

864

00:34:43,250 --> 00:34:40,040

and set up a base underneath the Pacific

865

00:34:44,750 --> 00:34:43,260

and set up a kind of a replication shop

866

00:34:47,810 --> 00:34:44,760

under the Pacific this kind of Von

867

00:34:49,790 --> 00:34:47,820

Neumann scenario and has been spying on

868

00:34:52,430 --> 00:34:49,800

Earth using these little metallic

869

00:34:55,669 --> 00:34:52,440

spheres for thousands of years basically

870

00:34:56,810 --> 00:34:55,679

well and and this is you know it's just

871

00:34:59,810 --> 00:34:56,820

it's obviously one of the more

872

00:35:01,550 --> 00:34:59,820

ridiculous scenarios per a bunch of

873

00:35:05,030 --> 00:35:01,560

people are like yeah this sounds legit

874

00:35:07,430 --> 00:35:05,040

this would explain a lot and yeah it's

875

00:35:09,170 --> 00:35:07,440

not that far-fetched compared to some of

876

00:35:11,270 --> 00:35:09,180

the stuff the the high level people were

877

00:35:12,910 --> 00:35:11,280

talking about like you know Gary null on

878

00:35:15,589 --> 00:35:12,920

uh talks about

879

00:35:18,230 --> 00:35:15,599

interdimensional beings yeah there's

880

00:35:20,630 --> 00:35:18,240

there's a lot and he Gary Nolan here is

881

00:35:23,329 --> 00:35:20,640

very interesting character he's uh very

882

00:35:26,510 --> 00:35:23,339

smart guy he's a professor and he's got

883

00:35:29,089 --> 00:35:26,520

lots of patents and he he works in uh I

884

00:35:32,329 --> 00:35:29,099

think computational immunobiology like

885

00:35:33,890 --> 00:35:32,339

so he does making drugs and uh you know

886

00:35:36,470 --> 00:35:33,900

Gene therapies and stuff like that all

887

00:35:38,750 --> 00:35:36,480

very you know great stuff uh advancing

888

00:35:42,170 --> 00:35:38,760

the health of people

889

00:35:45,349 --> 00:35:42,180

um but yeah he he's he's also in a UFO

890

00:35:47,510 --> 00:35:45,359

experiencer who had little little men

891

00:35:50,690 --> 00:35:47,520

visit him in his bedroom when he was was

892

00:35:53,349 --> 00:35:50,700

a child and saw UFOs and had experiences

893

00:35:56,390 --> 00:35:53,359

with entities kind of talking to him

894

00:35:58,130 --> 00:35:56,400

uh and and now he's he's part of this

895

00:35:59,990 --> 00:35:58,140

this whole thing where you know he's

896

00:36:03,349 --> 00:36:00,000

he's kind of um

897

00:36:06,890 --> 00:36:03,359

you know showing introducing Dave grush

898

00:36:08,450 --> 00:36:06,900

to people uh so it's it's yeah there's

899

00:36:11,630 --> 00:36:08,460

there's a lot of different a lot of

900

00:36:15,530 --> 00:36:11,640

different people in this the scenario so

901
00:36:18,770 --> 00:36:15,540
much of it seems again I am really

902
00:36:20,450 --> 00:36:18,780
haven't been that interested in these

903
00:36:22,670 --> 00:36:20,460
things frankly until I found your work

904
00:36:24,650 --> 00:36:22,680
because I think your book and your

905
00:36:26,810 --> 00:36:24,660
interviews really go a long way to

906
00:36:28,370 --> 00:36:26,820
explain so much of why people think what

907
00:36:29,690 --> 00:36:28,380
they think and how to debunk it and how

908
00:36:32,450 --> 00:36:29,700
to follow it up and I've always been

909
00:36:34,010 --> 00:36:32,460
into myth busting for sure but more

910
00:36:36,589 --> 00:36:34,020
importantly when it comes to things like

911
00:36:38,390 --> 00:36:36,599
your health and and other issues where

912
00:36:40,310 --> 00:36:38,400
I've been talking to experts for a long

913
00:36:41,870 --> 00:36:40,320

time but you're the man on this you're

914

00:36:44,030 --> 00:36:41,880

the guy on this and your book really

915

00:36:47,810 --> 00:36:44,040

went a long way to explain this but but

916

00:36:50,510 --> 00:36:47,820

that being said it does feel like

917

00:36:53,030 --> 00:36:50,520

you have to get to this the starting

918

00:36:54,829 --> 00:36:53,040

point the entry point for a lot of folks

919

00:36:56,990 --> 00:36:54,839

is the government

920

00:36:59,210 --> 00:36:57,000

the US government the Israeli government

921

00:37:01,790 --> 00:36:59,220

any government frankly

922

00:37:05,450 --> 00:37:01,800

they know these things they're hiding

923

00:37:07,849 --> 00:37:05,460

these things and and and I will never

924

00:37:09,829 --> 00:37:07,859

ever believe that I don't believe that

925

00:37:12,050 --> 00:37:09,839

human beings are capable of that and and

926

00:37:15,470 --> 00:37:12,060

for one reason because there's been

927

00:37:18,530 --> 00:37:15,480

complex conspiracies that that people

928

00:37:22,910 --> 00:37:18,540

you know ended up talking about you know

929

00:37:25,130 --> 00:37:22,920

from from uh Nixon everywhere like we've

930

00:37:27,710 --> 00:37:25,140

heard people eventually blow the whistle

931

00:37:29,870 --> 00:37:27,720

people eventually tell the truth you

932

00:37:32,569 --> 00:37:29,880

can't keep these secrets the people give

933

00:37:34,190 --> 00:37:32,579

so much credit to government agencies

934

00:37:35,870 --> 00:37:34,200

and by the way the last point I would

935

00:37:38,089 --> 00:37:35,880

say is not only does the government keep

936

00:37:40,310 --> 00:37:38,099

the secret it keeps it over Generations

937

00:37:43,250 --> 00:37:40,320

meaning something that happened 50 or 75

938

00:37:45,470 --> 00:37:43,260

years ago is being kept secret and none

939

00:37:49,250 --> 00:37:45,480

of the presidents know and none of the

940

00:37:51,770 --> 00:37:49,260

agency heads uh no and I feel like

941

00:37:54,770 --> 00:37:51,780

that's the entry point and if you if you

942

00:37:56,690 --> 00:37:54,780

believe that I say my personal opinion

943

00:37:59,470 --> 00:37:56,700

is well you've lost trust with me

944

00:38:01,670 --> 00:37:59,480

because it's not it's not how

945

00:38:03,530 --> 00:38:01,680

we don't work that way human beings

946

00:38:04,910 --> 00:38:03,540

don't work that way governments don't

947

00:38:07,069 --> 00:38:04,920

work that way they're not nearly as

948

00:38:08,750 --> 00:38:07,079

efficient and secretive as people think

949

00:38:11,150 --> 00:38:08,760

they might be what do you think of all

950

00:38:13,370 --> 00:38:11,160

that yeah I think that's true and it's

951
00:38:15,349 --> 00:38:13,380
not just the US government you know this

952
00:38:18,050 --> 00:38:15,359
this uh narrative is currently being

953
00:38:20,930 --> 00:38:18,060
played out is that other countries also

954
00:38:23,030 --> 00:38:20,940
have crash retrieval programs uh Russia

955
00:38:24,589 --> 00:38:23,040
has them China has the Britain probably

956
00:38:26,270 --> 00:38:24,599
has them and you know all these other

957
00:38:28,550 --> 00:38:26,280
countries they all know about it so the

958
00:38:30,109 --> 00:38:28,560
amount of people who would know about

959
00:38:32,210 --> 00:38:30,119
you know what's actually going on

960
00:38:34,550 --> 00:38:32,220
essentially like you know a shadow

961
00:38:36,890 --> 00:38:34,560
reality of Science and the entire world

962
00:38:39,230 --> 00:38:36,900
is just ridiculous you know science

963
00:38:41,569 --> 00:38:39,240

doesn't work like that how you can't

964

00:38:42,650 --> 00:38:41,579

really compartmentalize science so they

965

00:38:45,710 --> 00:38:42,660

don't realize that you know they're

966

00:38:47,089 --> 00:38:45,720

being they're being fed bits of UFOs uh

967

00:38:48,950 --> 00:38:47,099

and that's how scientific discoveries

968

00:38:51,290 --> 00:38:48,960

are made no scientific discoveries are

969

00:38:54,230 --> 00:38:51,300

made by hard work building on the uh the

970

00:38:55,730 --> 00:38:54,240

work of others uh it just doesn't really

971

00:38:57,050 --> 00:38:55,740

make any sense and then there's

972

00:38:59,329 --> 00:38:57,060

countries who don't have pressure table

973

00:39:01,250 --> 00:38:59,339

programs they do have uh like

974

00:39:02,690 --> 00:39:01,260

surveillance programs and they they spy

975

00:39:04,430 --> 00:39:02,700

on other countries and you know they

976
00:39:06,470 --> 00:39:04,440
would want to to expose something like

977
00:39:09,290 --> 00:39:06,480
this you know how do we stop like Iran

978
00:39:10,790 --> 00:39:09,300
and North Korea and uh and and other

979
00:39:13,630 --> 00:39:10,800
countries like that you know Pakistan

980
00:39:15,890 --> 00:39:13,640
and India like why aren't they uh

981
00:39:17,690 --> 00:39:15,900
involved in this there's just so many

982
00:39:20,569 --> 00:39:17,700
people that would be involved even if

983
00:39:21,950 --> 00:39:20,579
you would just take the us alone you

984
00:39:24,650 --> 00:39:21,960
know there would be tens of thousands of

985
00:39:25,609 --> 00:39:24,660
people that's entirely like needs

986
00:39:29,270 --> 00:39:25,619
separate

987
00:39:30,890 --> 00:39:29,280
um you know set of of people and now you

988
00:39:32,930 --> 00:39:30,900

know it's sure like now you could say

989

00:39:35,630 --> 00:39:32,940

somebody has come forward someone's

990

00:39:38,450 --> 00:39:35,640

actually you know broken the barrier but

991

00:39:40,130 --> 00:39:38,460

it we haven't actually seen that yet you

992

00:39:42,950 --> 00:39:40,140

know we've seen someone make some claims

993

00:39:45,589 --> 00:39:42,960

that somebody told him some things and

994

00:39:47,569 --> 00:39:45,599

now he's gone to uh Congress apparently

995

00:39:49,490 --> 00:39:47,579

he's given some testimony and they're

996

00:39:51,109 --> 00:39:49,500

going to look into it you know what I

997

00:39:55,609 --> 00:39:51,119

anticipate happening

998

00:39:57,349 --> 00:39:55,619

is that he you know you know as my best

999

00:39:59,089 --> 00:39:57,359

guess or anticipate happening is that

1000

00:40:00,650 --> 00:39:59,099

he's gonna say

1001

00:40:03,349 --> 00:40:00,660

we have alien remains at

1002

00:40:04,970 --> 00:40:03,359

Wright-Patterson Air Force Base and we

1003

00:40:06,170 --> 00:40:04,980

have these programs are studying and

1004

00:40:07,730 --> 00:40:06,180

these are the names of the programs

1005

00:40:09,349 --> 00:40:07,740

they're in this hangar

1006

00:40:12,109 --> 00:40:09,359

and then the military is going to come

1007

00:40:15,290 --> 00:40:12,119

back and say oh those are alien remains

1008

00:40:18,170 --> 00:40:15,300

that was a you know crashed uh you know

1009

00:40:21,470 --> 00:40:18,180

MiG-29 this was a a recovered uh

1010

00:40:24,710 --> 00:40:21,480

submarine this was a uh this was a a

1011

00:40:26,950 --> 00:40:24,720

satellite that crashed in Canada and the

1012

00:40:30,109 --> 00:40:26,960

reason why these code names

1013

00:40:32,510 --> 00:40:30,119

those are all foreign uh and that's why

1014

00:40:34,370 --> 00:40:32,520

it's being kept secretive exactly and

1015

00:40:36,230 --> 00:40:34,380

it's you know there are big programs

1016

00:40:37,310 --> 00:40:36,240

that do this there's there's you know

1017

00:40:39,109 --> 00:40:37,320

what we used to be called the foreign

1018

00:40:42,490 --> 00:40:39,119

technology exploitation Group which is

1019

00:40:46,370 --> 00:40:42,500

now called I think nasik nesic

1020

00:40:48,710 --> 00:40:46,380

and uh they they're basically a very

1021

00:40:50,690 --> 00:40:48,720

large organization that's dedicated to

1022

00:40:53,150 --> 00:40:50,700

uh capturing foreign technology and

1023

00:40:55,370 --> 00:40:53,160

studying foreign technology and reverse

1024

00:40:56,930 --> 00:40:55,380

engineering it both for defending

1025

00:40:59,030 --> 00:40:56,940

against it and for learning anything

1026

00:41:00,890 --> 00:40:59,040

that we can from it and these are top

1027

00:41:04,670 --> 00:41:00,900

secrets super dupers top secret we don't

1028

00:41:06,589 --> 00:41:04,680

want our adversaries to know that uh you

1029

00:41:08,210 --> 00:41:06,599

know we're studying their stuff we don't

1030

00:41:09,589 --> 00:41:08,220

we don't know that it was certainly

1031

00:41:12,109 --> 00:41:09,599

don't know that if we figure anything

1032

00:41:14,450 --> 00:41:12,119

out about it so this will be a very

1033

00:41:16,310 --> 00:41:14,460

compartmentalized programs and there's

1034

00:41:18,410 --> 00:41:16,320

some of these are Big programs when we

1035

00:41:21,950 --> 00:41:18,420

recovered that Russian submarine back in

1036

00:41:24,650 --> 00:41:21,960

uh I think it was like 76 that was like

1037

00:41:26,990 --> 00:41:24,660

something that cost uh like over three

1038

00:41:28,849 --> 00:41:27,000

billion dollars in today's money

1039

00:41:30,829 --> 00:41:28,859

so these aren't like small programs

1040

00:41:32,569 --> 00:41:30,839

these are Big programs with with lots of

1041

00:41:35,030 --> 00:41:32,579

people and you know if it was alien

1042

00:41:36,770 --> 00:41:35,040

technology that we were recovering the

1043

00:41:38,270 --> 00:41:36,780

amount of people and the amount of money

1044

00:41:40,190 --> 00:41:38,280

we'll be putting into this would be just

1045

00:41:41,630 --> 00:41:40,200

ludicrous because it's something that

1046

00:41:43,010 --> 00:41:41,640

you know would change the entire world

1047

00:41:44,870 --> 00:41:43,020

forever

1048

00:41:46,730 --> 00:41:44,880

yeah all we've got is like some guy

1049

00:41:49,609 --> 00:41:46,740

saying you know I think that these

1050

00:41:51,349 --> 00:41:49,619

programs here are doing you know alien

1051

00:41:54,109 --> 00:41:51,359

stuff and then the military is going to

1052

00:41:55,790 --> 00:41:54,119

come back and tell Congress secretly

1053

00:41:57,890 --> 00:41:55,800

because they can't reveal it to the

1054

00:42:00,109 --> 00:41:57,900

public that no it's not and then

1055

00:42:01,970 --> 00:42:00,119

Congress is going to be like oh well uh

1056

00:42:04,370 --> 00:42:01,980

yeah the military has told us this and

1057

00:42:05,810 --> 00:42:04,380

then Tim Bircher is going to say well I

1058

00:42:07,670 --> 00:42:05,820

don't believe them they're lying is a

1059

00:42:10,510 --> 00:42:07,680

big cover-up and then the whole thing is

1060

00:42:15,589 --> 00:42:12,770

it's what they're saying in this latest

1061

00:42:18,829 --> 00:42:15,599

I believe is that I think Rush is saying

1062

00:42:22,550 --> 00:42:18,839

this is that those agencies that reverse

1063

00:42:23,630 --> 00:42:22,560

engineer have captured Chinese Russian

1064

00:42:25,550 --> 00:42:23,640

sub

1065

00:42:28,370 --> 00:42:25,560

what they're doing is they're reverse

1066

00:42:30,170 --> 00:42:28,380

engineering these alien crafts and when

1067

00:42:33,730 --> 00:42:30,180

I hear that again not knowing anything

1068

00:42:37,010 --> 00:42:33,740

about physics or Weaponry or technology

1069

00:42:39,349 --> 00:42:37,020

my immediate response to that is it's

1070

00:42:42,650 --> 00:42:39,359

one thing to reverse engineer another

1071

00:42:44,450 --> 00:42:42,660

object built on planet Earth with the

1072

00:42:46,790 --> 00:42:44,460

same raw materials

1073

00:42:49,849 --> 00:42:46,800

it's a completely different thing to

1074

00:42:52,130 --> 00:42:49,859

imagine recreating or rebuilding a

1075

00:42:53,329 --> 00:42:52,140

foreign craft where you don't have the

1076

00:42:55,670 --> 00:42:53,339

same raw materials you can't even

1077

00:42:57,589 --> 00:42:55,680

identify what they might be again I know

1078

00:42:59,569 --> 00:42:57,599

nothing but it seems ridiculous to think

1079

00:43:03,710 --> 00:42:59,579

that you can reverse engineer

1080

00:43:07,430 --> 00:43:03,720

some spacecraft or object that was built

1081

00:43:08,930 --> 00:43:07,440

in another another world yeah certainly

1082

00:43:11,089 --> 00:43:08,940

not as easily as you could some things

1083

00:43:12,770 --> 00:43:11,099

if you capture a MIG or something like

1084

00:43:15,109 --> 00:43:12,780

that or a fifth generation fighter from

1085

00:43:16,609 --> 00:43:15,119

China uh yes you could you could you

1086

00:43:17,990 --> 00:43:16,619

could reverse engineer that relatively

1087

00:43:19,430 --> 00:43:18,000

easy but if it's something that's you

1088

00:43:21,710 --> 00:43:19,440

know 10 000 years or a million years

1089

00:43:23,510 --> 00:43:21,720

more advanced in technology then maybe

1090

00:43:25,309 --> 00:43:23,520

not but you could learn stuff from it

1091

00:43:26,990 --> 00:43:25,319

you could study it and you could

1092

00:43:28,609 --> 00:43:27,000

actually do experiments and you could

1093

00:43:30,650 --> 00:43:28,619

get results if you have something

1094

00:43:32,990 --> 00:43:30,660

physical you can actually you know

1095

00:43:36,109 --> 00:43:33,000

figure things out the claim is that we

1096

00:43:38,390 --> 00:43:36,119

have bodies of the aliens you know you

1097

00:43:39,770 --> 00:43:38,400

can do biological analysis you can see

1098

00:43:43,370 --> 00:43:39,780

you know what's what are these aliens

1099

00:43:45,230 --> 00:43:43,380

made of uh do they have similar DNA to

1100

00:43:47,870 --> 00:43:45,240

us are they in fact humans from the

1101
00:43:49,250 --> 00:43:47,880
future or another dimension so you there

1102
00:43:51,349 --> 00:43:49,260
are things you can do and you have

1103
00:43:53,030 --> 00:43:51,359
material analysis is part of it but you

1104
00:43:56,690 --> 00:43:53,040
know the the fact that the material

1105
00:43:58,430 --> 00:43:56,700
analysis is is the only evidence that he

1106
00:44:00,890 --> 00:43:58,440
said of alien this just seems ridiculous

1107
00:44:03,349 --> 00:44:00,900
if you have an alien craft that landed

1108
00:44:05,750 --> 00:44:03,359
you've got an intact alien craft that

1109
00:44:07,730 --> 00:44:05,760
you know supposedly do things and

1110
00:44:09,770 --> 00:44:07,740
there'll be things in it it's not just

1111
00:44:12,050 --> 00:44:09,780
going to be an inert lump of metal when

1112
00:44:13,069 --> 00:44:12,060
it lands it's going to be

1113
00:44:14,510 --> 00:44:13,079

um it's going to be something that

1114

00:44:16,190 --> 00:44:14,520

actually has some technology that you

1115

00:44:18,829 --> 00:44:16,200

can look at and describe

1116

00:44:20,210 --> 00:44:18,839

of course you know the the the good the

1117

00:44:22,130 --> 00:44:20,220

good excuse for that will be there oh it

1118

00:44:23,809 --> 00:44:22,140

is just in a lot of metal it's just like

1119

00:44:26,690 --> 00:44:23,819

some kind of intelligent meta material

1120

00:44:28,430 --> 00:44:26,700

and that's that's all that it is uh so

1121

00:44:30,710 --> 00:44:28,440

there's always an excuse for these

1122

00:44:32,510 --> 00:44:30,720

things right but you know if if all

1123

00:44:34,490 --> 00:44:32,520

you've got is an inert Lumber metal how

1124

00:44:35,809 --> 00:44:34,500

do you know it's alien it's just you

1125

00:44:38,109 --> 00:44:35,819

know it's gonna you're going around in

1126
00:44:42,050 --> 00:44:38,119
circles here we don't have good evidence

1127
00:44:44,150 --> 00:44:42,060
we have hearsay and Congress needs to

1128
00:44:45,530 --> 00:44:44,160
tread very lightly when it's dealing

1129
00:44:47,270 --> 00:44:45,540
with this well they want to tread very

1130
00:44:48,770 --> 00:44:47,280
heavily actually they want to get their

1131
00:44:51,050 --> 00:44:48,780
boots on and start stomping around

1132
00:44:54,109 --> 00:44:51,060
looking for the real evidence you know

1133
00:44:56,750 --> 00:44:54,119
this guy you know he's a 35 year old guy

1134
00:44:58,130 --> 00:44:56,760
retired from uh Thai from the

1135
00:45:00,829 --> 00:44:58,140
intelligence community

1136
00:45:02,630 --> 00:45:00,839
there are probably thousands of people

1137
00:45:04,910 --> 00:45:02,640
in the intelligence Community with the

1138
00:45:07,130 --> 00:45:04,920

same clearance or higher than him

1139

00:45:08,690 --> 00:45:07,140

why doesn't Congress just get one of

1140

00:45:11,210 --> 00:45:08,700

them and ask them

1141

00:45:13,730 --> 00:45:11,220

or guess like you know the head of the

1142

00:45:15,170 --> 00:45:13,740

Joint Chiefs of Staff and asks them or

1143

00:45:18,410 --> 00:45:15,180

get whoever's in charge of these

1144

00:45:20,750 --> 00:45:18,420

programs and ask them I mean presumably

1145

00:45:22,250 --> 00:45:20,760

that's what's going to happen but the

1146

00:45:24,170 --> 00:45:22,260

truth will out but because it's

1147

00:45:26,150 --> 00:45:24,180

classified we may never actually hear

1148

00:45:28,069 --> 00:45:26,160

what the truth is other than that oh

1149

00:45:30,230 --> 00:45:28,079

didn't really go anywhere I hope you're

1150

00:45:32,750 --> 00:45:30,240

wrong about that who who in Congress is

1151

00:45:34,849 --> 00:45:32,760

is pursuing these these leads and

1152

00:45:38,870 --> 00:45:34,859

trading quote heavily as you say

1153

00:45:40,910 --> 00:45:38,880

well uh there's a variety of people yeah

1154

00:45:43,730 --> 00:45:40,920

there's the Marco Rubio is one of them

1155

00:45:45,170 --> 00:45:43,740

he's he was the head of the Senate uh

1156

00:45:47,569 --> 00:45:45,180

Select Committee of intelligence I

1157

00:45:50,329 --> 00:45:47,579

believe uh there's there's other people

1158

00:45:54,589 --> 00:45:50,339

Mark Warner who's his Democratic

1159

00:45:59,930 --> 00:45:54,599

counterpart uh Senator Julie brand uh

1160

00:46:02,569 --> 00:45:59,940

has been pursuing it and Tim birchett as

1161

00:46:04,430 --> 00:46:02,579

Republican uh has also been very

1162

00:46:06,589 --> 00:46:04,440

interested in it but they all seem to

1163

00:46:08,630 --> 00:46:06,599

have kind of different takes and and

1164

00:46:11,329 --> 00:46:08,640

motives about the whole thing

1165

00:46:12,950 --> 00:46:11,339

uh kind of I think Gila Brand's thing is

1166

00:46:15,050 --> 00:46:12,960

about like you know supporting the

1167

00:46:18,530 --> 00:46:15,060

troops uh budgets thing is that there's

1168

00:46:20,510 --> 00:46:18,540

a vast government cover-up of of uh of

1169

00:46:24,050 --> 00:46:20,520

UFO visits that go back to Biblical

1170

00:46:25,670 --> 00:46:24,060

times and uh Marco Rubio I think you

1171

00:46:27,050 --> 00:46:25,680

know is just kind of

1172

00:46:28,970 --> 00:46:27,060

I don't know I don't think he really

1173

00:46:30,470 --> 00:46:28,980

believes it but he thinks that it's

1174

00:46:32,750 --> 00:46:30,480

something that you should look into and

1175

00:46:34,910 --> 00:46:32,760

similar with Warner

1176

00:46:36,349 --> 00:46:34,920

uh have they have any of them ever

1177

00:46:39,530 --> 00:46:36,359

reached out to you

1178

00:46:42,970 --> 00:46:39,540

no no no one no one high up has ever

1179

00:46:45,950 --> 00:46:42,980

reached out to me yeah

1180

00:46:47,329 --> 00:46:45,960

uh no because I I wouldn't expect them

1181

00:46:49,910 --> 00:46:47,339

to reply to me they'll just think I'm

1182

00:46:51,530 --> 00:46:49,920

some crank and I'm sure they get emails

1183

00:46:53,809 --> 00:46:51,540

from cranks all the time and it would be

1184

00:46:57,290 --> 00:46:53,819

kind of a waste of time and uh you know

1185

00:46:58,970 --> 00:46:57,300

if if uh they want to you know if

1186

00:47:01,309 --> 00:46:58,980

they want to talk to people they should

1187

00:47:04,069 --> 00:47:01,319

reach out to people who

1188

00:47:06,290 --> 00:47:04,079

know about the topic not not me and get

1189

00:47:08,809 --> 00:47:06,300

these people to recommend you know who

1190

00:47:10,190 --> 00:47:08,819

should they talk to right and you know

1191

00:47:13,069 --> 00:47:10,200

my name might come up or it might be

1192

00:47:15,950 --> 00:47:13,079

someone uh like Seth schostak who was

1193

00:47:17,930 --> 00:47:15,960

you know former headed seti uh or you

1194

00:47:19,609 --> 00:47:17,940

know maybe even sean Kirkpatrick you

1195

00:47:21,170 --> 00:47:19,619

know talk to Sean Kirkpatrick and get

1196

00:47:24,230 --> 00:47:21,180

him to tell you exactly what's going on

1197

00:47:25,970 --> 00:47:24,240

or talk to the head of the NSA talk to

1198

00:47:28,190 --> 00:47:25,980

you know people who are very high

1199

00:47:30,410 --> 00:47:28,200

security clearances you're a

1200

00:47:31,970 --> 00:47:30,420

congressperson you get to do this and

1201
00:47:34,730 --> 00:47:31,980
especially the people who are on these

1202
00:47:36,230 --> 00:47:34,740
days intelligence committers let me go

1203
00:47:38,870 --> 00:47:36,240
down the rabbit hole all those people

1204
00:47:40,490 --> 00:47:38,880
have reason to protect the secrets

1205
00:47:42,230 --> 00:47:40,500
that's their job to protect the secrets

1206
00:47:44,690 --> 00:47:42,240
they're not going to tell you as opposed

1207
00:47:46,730 --> 00:47:44,700
to a quote whistleblower like David

1208
00:47:48,470 --> 00:47:46,740
grush who's left the government what do

1209
00:47:50,390 --> 00:47:48,480
you say to that we'll get the president

1210
00:47:52,730 --> 00:47:50,400
involved then get the president to go

1211
00:47:57,410 --> 00:47:52,740
and ask them they have to tell him if he

1212
00:47:59,210 --> 00:47:57,420
asks it's uh it's not impossible for

1213
00:48:00,290 --> 00:47:59,220

these things to be discovered there was

1214

00:48:02,089 --> 00:48:00,300

a big

1215

00:48:05,089 --> 00:48:02,099

um investigation called The Church

1216

00:48:07,130 --> 00:48:05,099

commission I think back in the 70s yeah

1217

00:48:10,430 --> 00:48:07,140

which you know it uncovered a lot of

1218

00:48:12,170 --> 00:48:10,440

essentially wrongdoing by by the CIA and

1219

00:48:14,329 --> 00:48:12,180

the intelligence community and there

1220

00:48:16,790 --> 00:48:14,339

were some reforms that came out of that

1221

00:48:19,670 --> 00:48:16,800

but if you structure things right you

1222

00:48:21,230 --> 00:48:19,680

can get uh access to these things yeah

1223

00:48:25,309 --> 00:48:21,240

people talk about

1224

00:48:28,250 --> 00:48:25,319

uh how Kirkpatrick Sean Patrick only has

1225

00:48:30,589 --> 00:48:28,260

title 10 clearance you need Title 50.

1226

00:48:32,450 --> 00:48:30,599

yeah so if you want things to move

1227

00:48:34,190 --> 00:48:32,460

forward give him title 50 clearance or

1228

00:48:36,109 --> 00:48:34,200

find someone with title 50 clearance

1229

00:48:37,609 --> 00:48:36,119

it's not like the there's none of these

1230

00:48:39,530 --> 00:48:37,619

people existing in the intelligence

1231

00:48:41,270 --> 00:48:39,540

Community right get one of them to come

1232

00:48:43,910 --> 00:48:41,280

before the Congressional committee and

1233

00:48:45,410 --> 00:48:43,920

and testify get one of them say well we

1234

00:48:48,109 --> 00:48:45,420

want you to look into these things that

1235

00:48:49,970 --> 00:48:48,119

this grush guy has just given us it's

1236

00:48:51,230 --> 00:48:49,980

it's it's gonna happen you know these

1237

00:48:53,089 --> 00:48:51,240

these things are going to happen the

1238

00:48:56,690 --> 00:48:53,099

only question is what is the public

1239

00:48:58,190 --> 00:48:56,700

going to find out is you know the most

1240

00:49:01,190 --> 00:48:58,200

likely thing I think is that really

1241

00:49:03,109 --> 00:49:01,200

nothing happens and things continue to

1242

00:49:05,089 --> 00:49:03,119

be debated in public whereas behind the

1243

00:49:07,849 --> 00:49:05,099

scenes it's just like oh my God not this

1244

00:49:10,490 --> 00:49:07,859

nonsense again right right yeah we'll

1245

00:49:13,190 --> 00:49:10,500

see uh Mick I could talk to you forever

1246

00:49:15,470 --> 00:49:13,200

I appreciate you joining me today I

1247

00:49:17,390 --> 00:49:15,480

highly encourage everybody to get your

1248

00:49:18,890 --> 00:49:17,400

book and follow you on Twitter I'll say

1249

00:49:20,450 --> 00:49:18,900

all that stuff on the way out thank you

1250

00:49:22,670 --> 00:49:20,460

so much for joining me man thank you
