

MAR

1
00:01:01,110 --> 00:00:59,400
Easton hood or welcome in Hungarian

2
00:01:04,170 --> 00:01:01,120
I'm your host Maria and you're watching

3
00:01:06,270 --> 00:01:04,180
the spiritual world with Maria a weekly

4
00:01:09,300 --> 00:01:06,280
show exploring the metaphysical psychic

5
00:01:10,920 --> 00:01:09,310
and spiritual field the universal energy

6
00:01:13,590 --> 00:01:10,930
flows through everything we do

7
00:01:15,870 --> 00:01:13,600
connecting all disciplines and people

8
00:01:19,260 --> 00:01:15,880
today we are talking about the amazing

9
00:01:20,940 --> 00:01:19,270
power of Tesla's energy plates among my

10
00:01:24,120 --> 00:01:20,950
other disciplines I'm a professional

11
00:01:26,219 --> 00:01:24,130
psychic published author shaman created

12
00:01:27,810 --> 00:01:26,229
business consultant and lecturer on many

13
00:01:30,510 --> 00:01:27,820

of the topics we will be discussing

14

00:01:32,870 --> 00:01:30,520

throughout this series today we're

15

00:01:37,200 --> 00:01:32,880

talking about Tesla who was a genius

16

00:01:39,060 --> 00:01:37,210

this is what was written about him when

17

00:01:41,160 --> 00:01:39,070

asked who he felt was the world's

18

00:01:44,130 --> 00:01:41,170

greatest inventor science editor and

19

00:01:46,230 --> 00:01:44,140

publisher Hugo Gernsback said if you

20

00:01:48,540 --> 00:01:46,240

mean the man who really invented in

21

00:01:50,639 --> 00:01:48,550

other words originated and discovered

22

00:01:53,249 --> 00:01:50,649

not merely improved what had already

23

00:01:55,440 --> 00:01:53,259

been invented by others then without a

24

00:01:57,690 --> 00:01:55,450

shade of doubt Nikola Tesla is the

25

00:02:01,520 --> 00:01:57,700

world's greatest inventor not only at

26
00:02:05,639 --> 00:02:01,530
present but throughout all history now

27
00:02:08,940 --> 00:02:05,649
he was born in Croatia and then

28
00:02:11,729 --> 00:02:08,950
immigrated to the United States he

29
00:02:13,500 --> 00:02:11,739
invented so many different things it's

30
00:02:15,839 --> 00:02:13,510
unbelievable but one of the main things

31
00:02:20,460 --> 00:02:15,849
that we're talking about today has to do

32
00:02:23,610 --> 00:02:20,470
with his energy plates the energy plates

33
00:02:27,000 --> 00:02:23,620
are extremely highly functional they

34
00:02:29,369 --> 00:02:27,010
always work and the atomic electrons of

35
00:02:31,890 --> 00:02:29,379
the aluminum were altered so that the

36
00:02:34,410 --> 00:02:31,900
plates resonate with the basic universal

37
00:02:38,070 --> 00:02:34,420
energy so they're actually transceivers

38
00:02:39,720 --> 00:02:38,080

and they haven't been charged because

39

00:02:42,330 --> 00:02:39,730

you know sometimes in the spiritual and

40

00:02:44,130 --> 00:02:42,340

metaphysical field we charge objects and

41

00:02:46,680 --> 00:02:44,140

talisman and gemstones they have

42

00:02:48,600 --> 00:02:46,690

actually been altered so when you're

43

00:02:50,220 --> 00:02:48,610

using the place you're connecting on a

44

00:02:52,140 --> 00:02:50,230

multi level you're connecting

45

00:02:54,869 --> 00:02:52,150

scientifically because it's actually

46

00:02:56,490 --> 00:02:54,879

changed on that level but also on a

47

00:02:58,619 --> 00:02:56,500

spiritual level it connects to the

48

00:03:01,080 --> 00:02:58,629

seventh chakra which is your crown

49

00:03:02,580 --> 00:03:01,090

chakra and that pulls in energy when

50

00:03:05,809 --> 00:03:02,590

you're dealing with metaphysics or

51

00:03:08,690 --> 00:03:05,819

psychic readings or martial arts

52

00:03:10,369 --> 00:03:08,700

or healing as an example many times one

53

00:03:12,649 --> 00:03:10,379

of the main energy sentence that we pull

54

00:03:15,670 --> 00:03:12,659

energy in through its Thalia Clarence

55

00:03:18,709 --> 00:03:15,680

chakra it also deals with the violet ray

56

00:03:23,080 --> 00:03:18,719

which in itself resonates to the

57

00:03:25,490 --> 00:03:23,090

universe if you heard of Saint

58

00:03:29,119 --> 00:03:25,500

saint-germain as an example you will

59

00:03:32,149 --> 00:03:29,129

notice that he connects very strongly to

60

00:03:34,580 --> 00:03:32,159

the violet ray and in this way we use

61

00:03:36,649 --> 00:03:34,590

that energy without having to focus

62

00:03:38,569 --> 00:03:36,659

without having to do anything

63

00:03:41,270 --> 00:03:38,579

metaphysically with without having to

64

00:03:43,849 --> 00:03:41,280

take time to tune into that realm it

65

00:03:47,179 --> 00:03:43,859

will automatically when you use it tune

66

00:03:48,409 --> 00:03:47,189

you in now with the Rays whether you're

67

00:03:51,949 --> 00:03:48,419

pulling it in through your crown chakra

68

00:03:53,959 --> 00:03:51,959

or whether you using the plates they're

69

00:03:56,899 --> 00:03:53,969

multi-purpose and they are meant for

70

00:03:59,000 --> 00:03:56,909

healing and to improve your life in a

71

00:04:01,819 --> 00:03:59,010

number of different ways so as an

72

00:04:04,009 --> 00:04:01,829

example if you were using any of the

73

00:04:06,819 --> 00:04:04,019

sizes whether it's the bigger size or

74

00:04:09,379 --> 00:04:06,829

the small one or an even the small disc

75

00:04:11,809 --> 00:04:09,389

when you're working with them it changes

76

00:04:13,969 --> 00:04:11,819

the vibration of valued like I said

77

00:04:17,839 --> 00:04:13,979

they're transceivers they energize

78

00:04:20,240 --> 00:04:17,849

within 10 to 18 inches around them so

79

00:04:22,700 --> 00:04:20,250

anything within that range it's going to

80

00:04:24,290 --> 00:04:22,710

feel the effect so with the small one as

81

00:04:25,999 --> 00:04:24,300

an example if you're carrying it in your

82

00:04:29,600 --> 00:04:26,009

pocket it's going to heighten your

83

00:04:31,689 --> 00:04:29,610

energy it's going to increase the level

84

00:04:34,210 --> 00:04:31,699

of activity that you're comfortable with

85

00:04:37,279 --> 00:04:34,220

so you're going to do better it also

86

00:04:38,870 --> 00:04:37,289

heightens your health level if you're

87

00:04:41,089 --> 00:04:38,880

working with a larger one you can

88

00:04:43,490 --> 00:04:41,099

actually put that between your boxspring

89
00:04:45,439 --> 00:04:43,500
and your mattress as an example and when

90
00:04:47,300 --> 00:04:45,449
you do that it works throughout the

91
00:04:50,360 --> 00:04:47,310
night they bring up your vibrational

92
00:04:52,550 --> 00:04:50,370
level so that it matches with the

93
00:04:54,320 --> 00:04:52,560
universe and everything in increases and

94
00:04:56,480 --> 00:04:54,330
hiking's so you're higher spiritually

95
00:04:59,330 --> 00:04:56,490
health-wise and in attracting things

96
00:05:00,649 --> 00:04:59,340
into your life now when you're working

97
00:05:02,600 --> 00:05:00,659
with that you can leave that overnight

98
00:05:04,850 --> 00:05:02,610
and then the next morning you will

99
00:05:06,620 --> 00:05:04,860
actually feel the benefit some people

100
00:05:08,719 --> 00:05:06,630
because it's so highly charged depending

101
00:05:10,520 --> 00:05:08,729
on where their energy level is they

102
00:05:11,930 --> 00:05:10,530
might decide that they can't sleep with

103
00:05:14,629 --> 00:05:11,940
it overnight because they'll keep them

104
00:05:15,540 --> 00:05:14,639
awake in that situation you want to use

105
00:05:18,360 --> 00:05:15,550
it for maybe

106
00:05:20,369 --> 00:05:18,370
10 to 30 minutes a day and the rest of

107
00:05:23,430 --> 00:05:20,379
the time just put it away from where

108
00:05:25,830 --> 00:05:23,440
you're sleeping also when you're looking

109
00:05:29,490 --> 00:05:25,840
at the smaller plates this one is an

110
00:05:33,990 --> 00:05:29,500
example it's very good on the level of

111
00:05:36,420 --> 00:05:34,000
pets animals plants as an example if you

112
00:05:38,820 --> 00:05:36,430
have a plant that isn't doing well if

113
00:05:43,260 --> 00:05:38,830

you put the plant on the plate for about

114

00:05:44,879 --> 00:05:43,270

I'd say 15 to 20 minutes it will start

115

00:05:46,469 --> 00:05:44,889

to rejuvenating the cells of the plant

116

00:05:48,809 --> 00:05:46,479

it's going to be healthier

117

00:05:50,700 --> 00:05:48,819

it will grow more and you'll find you

118

00:05:52,290 --> 00:05:50,710

know a lot of people talk to plants and

119

00:05:54,420 --> 00:05:52,300

some people think it's a little strange

120

00:05:56,100 --> 00:05:54,430

but it really does work when you're

121

00:05:58,860 --> 00:05:56,110

talking to plants what's happening is

122

00:06:01,110 --> 00:05:58,870

you're giving out love energy love

123

00:06:03,330 --> 00:06:01,120

energy is the strongest force in the

124

00:06:05,850 --> 00:06:03,340

universe so when you're giving out love

125

00:06:08,820 --> 00:06:05,860

energy whether it's to a plant or a pack

126

00:06:10,200 --> 00:06:08,830

what happens is that it vibrates on a

127

00:06:13,290 --> 00:06:10,210

different level you're raising its

128

00:06:16,230 --> 00:06:13,300

vibration so if you're putting that

129

00:06:19,020 --> 00:06:16,240

under the pets dish is an example under

130

00:06:21,120 --> 00:06:19,030

a plant or with a pet if you're putting

131

00:06:23,070 --> 00:06:21,130

it under where you where they sleep even

132

00:06:25,290 --> 00:06:23,080

for 15 or 20 minutes it doesn't have to

133

00:06:28,860 --> 00:06:25,300

be long-term it will raise the energy

134

00:06:30,899 --> 00:06:28,870

and the vibration around it you know and

135

00:06:33,779 --> 00:06:30,909

we do want to improve the health of you

136

00:06:35,909 --> 00:06:33,789

know plants animals people you can use

137

00:06:37,649 --> 00:06:35,919

it on yourself if you're working with it

138

00:06:40,050 --> 00:06:37,659

for 10 to 15 minutes a day and you're

139

00:06:42,420 --> 00:06:40,060

just holding it it will actually let

140

00:06:45,180 --> 00:06:42,430

raise your vibration now what we work

141

00:06:47,969 --> 00:06:45,190

from is we work from a level of positive

142

00:06:51,420 --> 00:06:47,979

energy so Universal energy is what we

143

00:06:53,939 --> 00:06:51,430

would like to tune into Universal energy

144

00:06:56,070 --> 00:06:53,949

is a power source when you're working

145

00:06:58,110 --> 00:06:56,080

with universal energy you're working

146

00:07:00,659 --> 00:06:58,120

with guard power and love power the

147

00:07:03,120 --> 00:07:00,669

reason is this universal energy connects

148

00:07:06,360 --> 00:07:03,130

to all of us it's not just around us it

149

00:07:08,760 --> 00:07:06,370

is through us so as you know Universal

150

00:07:11,399 --> 00:07:08,770

energy flows to us if we're in sync and

151
00:07:12,870 --> 00:07:11,409
on the same vibrational level everything

152
00:07:15,510 --> 00:07:12,880
will just flow that's where we're

153
00:07:18,930 --> 00:07:15,520
supposed to be and hopefully we'll

154
00:07:22,529 --> 00:07:18,940
elevate to that level through time now

155
00:07:24,899 --> 00:07:22,539
Universal energy is the same as love

156
00:07:27,659 --> 00:07:24,909
energy and that's a very strong feeling

157
00:07:28,879 --> 00:07:27,669
of power and force love energy connects

158
00:07:32,089 --> 00:07:28,889
to God energy

159
00:07:34,790 --> 00:07:32,099
or divine power or Mother Earth father

160
00:07:38,209 --> 00:07:34,800
sky whatever your belief system is

161
00:07:41,059 --> 00:07:38,219
whatever that sources that is what the

162
00:07:44,570 --> 00:07:41,069
energy connects to so as an example if

163
00:07:46,129 --> 00:07:44,580

somebody was hurt and they burned their

164

00:07:48,140 --> 00:07:46,139

arms say you have a child that burned

165

00:07:50,839 --> 00:07:48,150

themselves the first thing that happens

166

00:07:52,610 --> 00:07:50,849

when a parent finds out is they worry

167

00:07:54,890 --> 00:07:52,620

about it they send a lot of love they're

168

00:07:58,730 --> 00:07:54,900

worried and when that person touches the

169

00:08:01,459 --> 00:07:58,740

child's burned area it releases love

170

00:08:03,379 --> 00:08:01,469

energy and as that happens you'll notice

171

00:08:05,149 --> 00:08:03,389

that people are going to feel or

172

00:08:07,730 --> 00:08:05,159

children they're going to feel better

173

00:08:10,219 --> 00:08:07,740

not just emotionally they will actually

174

00:08:13,850 --> 00:08:10,229

start healing in the healing process

175

00:08:16,129 --> 00:08:13,860

itself so what happens is if you put the

176

00:08:18,350 --> 00:08:16,139

plate on the burn it will actually have

177

00:08:20,029 --> 00:08:18,360

the same effect although you know a

178

00:08:22,339 --> 00:08:20,039

parent giving you a hug and touching

179

00:08:25,519 --> 00:08:22,349

isn't that either so it's not to replace

180

00:08:27,469 --> 00:08:25,529

it but if you're on your own and you

181

00:08:29,450 --> 00:08:27,479

want to increase your healing energy for

182

00:08:31,490 --> 00:08:29,460

any reason especially on a specific area

183

00:08:34,130 --> 00:08:31,500

then you would put that on that area

184

00:08:36,139 --> 00:08:34,140

otherwise just leave it next to you or

185

00:08:38,870 --> 00:08:36,149

touching it as long as you're within 10

186

00:08:40,310 --> 00:08:38,880

to 18 inches it's going to work you

187

00:08:43,519 --> 00:08:40,320

don't have to physically have it

188

00:08:45,769 --> 00:08:43,529

touching your body now the important

189

00:08:48,380 --> 00:08:45,779

thing that you want to remember is that

190

00:08:50,930 --> 00:08:48,390

first of all it's free energy so we're

191

00:08:53,360 --> 00:08:50,940

tuning into energy as a source directly

192

00:08:55,460 --> 00:08:53,370

without going through wires and all

193

00:08:57,620 --> 00:08:55,470

sorts of things so it's very direct

194

00:08:59,480 --> 00:08:57,630

energy and Tesla was thinking of

195

00:09:01,910 --> 00:08:59,490

harnessing it some way so that we have

196

00:09:03,740 --> 00:09:01,920

free energy however unfortunately he

197

00:09:07,310 --> 00:09:03,750

passed away while he was still working

198

00:09:10,730 --> 00:09:07,320

on that he did so many things and one of

199

00:09:13,120 --> 00:09:10,740

the ways he connected to this was he did

200

00:09:15,620 --> 00:09:13,130

what they called the Tesla coil he

201
00:09:18,230 --> 00:09:15,630
originated that that's a generator and

202
00:09:21,259 --> 00:09:18,240
the generator we actually use when we do

203
00:09:22,699 --> 00:09:21,269
kirlyam photography in that photography

204
00:09:25,519 --> 00:09:22,709
we're using the energy and the vibration

205
00:09:27,050 --> 00:09:25,529
and the frequency to be able to take a

206
00:09:29,540 --> 00:09:27,060
picture of somebody's aura

207
00:09:31,460 --> 00:09:29,550
their energy field and then psychically

208
00:09:33,410 --> 00:09:31,470
we read that and that will tell you

209
00:09:35,780 --> 00:09:33,420
about illnesses situations that are

210
00:09:38,120 --> 00:09:35,790
negative to you so you can understand it

211
00:09:39,720 --> 00:09:38,130
and change it and improve your life the

212
00:09:41,730 --> 00:09:39,730
same type of energy

213
00:09:44,250 --> 00:09:41,740

is connected to the plate so that this

214

00:09:46,379 --> 00:09:44,260

way you can work with it and improve

215

00:09:49,680 --> 00:09:46,389

your life the difference with the coil

216

00:09:51,449 --> 00:09:49,690

as a generator was that when you was

217

00:09:55,889 --> 00:09:51,459

that when you were looking at it as an

218

00:09:57,600 --> 00:09:55,899

ORAC photography as an example it would

219

00:09:59,189 --> 00:09:57,610

tell you a little bit more details so

220

00:10:01,980 --> 00:09:59,199

you know what part of your body is an

221

00:10:03,960 --> 00:10:01,990

example looked off and it also gives you

222

00:10:06,120 --> 00:10:03,970

psychic information about your future

223

00:10:07,829 --> 00:10:06,130

because the future past and present are

224

00:10:10,590 --> 00:10:07,839

all connected they're really something

225

00:10:13,379 --> 00:10:10,600

that we can tap into because time isn't

226

00:10:15,509 --> 00:10:13,389

really a straight stream when you're

227

00:10:17,129 --> 00:10:15,519

using the plates you can tap into it

228

00:10:19,110 --> 00:10:17,139

differently so sometimes you will find

229

00:10:21,569 --> 00:10:19,120

especially when you're using something a

230

00:10:22,769 --> 00:10:21,579

little bit bigger but you will find that

231

00:10:25,079 --> 00:10:22,779

if you're sleeping with this as an

232

00:10:27,180 --> 00:10:25,089

example you will find your dreams can to

233

00:10:30,960 --> 00:10:27,190

be more detailed you may get information

234

00:10:33,060 --> 00:10:30,970

as an example that's pathetic you may

235

00:10:35,850 --> 00:10:33,070

get psychic information about somebody

236

00:10:38,280 --> 00:10:35,860

you know about family about a situation

237

00:10:40,350 --> 00:10:38,290

coming up if you're using the plates and

238

00:10:43,139 --> 00:10:40,360

all of a sudden you have a vision of a

239

00:10:46,199 --> 00:10:43,149

situation coming up really trusted it is

240

00:10:48,600 --> 00:10:46,209

actually giving you information it's not

241

00:10:50,610 --> 00:10:48,610

just a vivid dream where there's no

242

00:10:52,170 --> 00:10:50,620

reason or purpose for it usually if you

243

00:10:54,000 --> 00:10:52,180

have a dream that connects to somebody

244

00:10:56,879 --> 00:10:54,010

that you know or something in the future

245

00:10:59,220 --> 00:10:56,889

you can actually take notes and later on

246

00:11:01,009 --> 00:10:59,230

check it with yourself after it happens

247

00:11:03,870 --> 00:11:01,019

because you're getting pathetic

248

00:11:06,090 --> 00:11:03,880

information now it's a very good way to

249

00:11:10,019 --> 00:11:06,100

tune in you can use it when you meditate

250

00:11:11,730 --> 00:11:10,029

it will heighten that level also if

251
00:11:14,309 --> 00:11:11,740
you're wearing it like the small discs

252
00:11:16,949 --> 00:11:14,319
in the center if you're wearing that it

253
00:11:20,879 --> 00:11:16,959
protects you from e/m or which is

254
00:11:25,680 --> 00:11:20,889
electromagnetic radiation so if you put

255
00:11:28,350 --> 00:11:25,690
that next to the TV or the microwave as

256
00:11:30,150 --> 00:11:28,360
an example when you're using it the

257
00:11:32,160 --> 00:11:30,160
energy is not going to come at you it's

258
00:11:35,040 --> 00:11:32,170
not going to hit you what it's doing is

259
00:11:37,620 --> 00:11:35,050
its protecting you it has that energy

260
00:11:39,449 --> 00:11:37,630
field surrounding you so nothing

261
00:11:41,460 --> 00:11:39,459
negative on that level is going to come

262
00:11:43,319 --> 00:11:41,470
through now it's very important because

263
00:11:46,620 --> 00:11:43,329

we deal with so many things that

264

00:11:49,679 --> 00:11:46,630

electronic nowadays between the iPhones

265

00:11:51,240 --> 00:11:49,689

as an example and microwaves and

266

00:11:53,010 --> 00:11:51,250

everything else you know we really need

267

00:11:54,750 --> 00:11:53,020

to make sure that

268

00:11:57,180 --> 00:11:54,760

isn't affected in the negative way

269

00:11:58,920 --> 00:11:57,190

inadvertently and also when you're

270

00:12:00,780 --> 00:11:58,930

dealing with equipment like that people

271

00:12:02,670 --> 00:12:00,790

don't work with computers all day long

272

00:12:05,040 --> 00:12:02,680

depending on what business there and of

273

00:12:08,100 --> 00:12:05,050

course but people that do that they're

274

00:12:10,440 --> 00:12:08,110

bombarded constantly with this energy so

275

00:12:11,580 --> 00:12:10,450

if you're using any of any size that

276

00:12:14,760 --> 00:12:11,590

you're comfortable with that you can

277

00:12:16,440 --> 00:12:14,770

throw in your pocket basically then it's

278

00:12:18,600 --> 00:12:16,450

not going to affect you the same way

279

00:12:20,640 --> 00:12:18,610

it's going to be harmless it'll take

280

00:12:22,950 --> 00:12:20,650

away that energy and you're going to be

281

00:12:24,780 --> 00:12:22,960

working with it comfortably depending of

282

00:12:25,700 --> 00:12:24,790

course on you know if you like the job

283

00:12:28,680 --> 00:12:25,710

or not

284

00:12:30,900 --> 00:12:28,690

but the protection is going to be there

285

00:12:33,930 --> 00:12:30,910

all the time now they have something

286

00:12:38,280 --> 00:12:33,940

that's called Radeon equipment that

287

00:12:41,430 --> 00:12:38,290

measures the energy of a person and it

288

00:12:44,040 --> 00:12:41,440

really measures it per second now I work

289

00:12:46,350 --> 00:12:44,050

with the scientific communities and what

290

00:12:47,940 --> 00:12:46,360

they've noticed is that when you're

291

00:12:50,790 --> 00:12:47,950

dealing normally like you know we're

292

00:12:53,880 --> 00:12:50,800

talking now a person's normal energy

293

00:12:56,660 --> 00:12:53,890

level so vibration level is twenty five

294

00:13:01,290 --> 00:12:56,670

about twenty five to twenty nine

295

00:13:02,670 --> 00:13:01,300

thousand vibrations per second we want

296

00:13:04,590 --> 00:13:02,680

to raise that to be more in tune with

297

00:13:06,720 --> 00:13:04,600

the universe because the more in tune we

298

00:13:08,760 --> 00:13:06,730

happen to be the better we can manifest

299

00:13:10,380 --> 00:13:08,770

and create what we want in our life so

300

00:13:13,140 --> 00:13:10,390

that our lives are more positive if

301
00:13:17,460 --> 00:13:13,150
you're raising it through time it will

302
00:13:21,570 --> 00:13:17,470
actually come to a hundred thousand a

303
00:13:23,700 --> 00:13:21,580
hundred thousand per second now a lot of

304
00:13:26,010 --> 00:13:23,710
people can do that between 90 and 95

305
00:13:27,990 --> 00:13:26,020
through time you know you're raising it

306
00:13:30,900 --> 00:13:28,000
when you get to a hundred thousand per

307
00:13:33,300 --> 00:13:30,910
second vibrations you're actually on a

308
00:13:35,550 --> 00:13:33,310
healing level that means self healing

309
00:13:38,490 --> 00:13:35,560
healing others when you talk to people

310
00:13:41,940 --> 00:13:38,500
that are faith healers when they're

311
00:13:46,110 --> 00:13:41,950
tested their vibration level is around a

312
00:13:47,970 --> 00:13:46,120
hundred thousand per second and that's

313
00:13:49,530 --> 00:13:47,980

the that's the number of the universe

314

00:13:52,530 --> 00:13:49,540

when you're working with the universe

315

00:13:54,270 --> 00:13:52,540

you're tuning in on that level so what

316

00:13:56,430 --> 00:13:54,280

we'd like to do is raise our vibration

317

00:13:57,990 --> 00:13:56,440

so that spiritually we understand the

318

00:14:01,410 --> 00:13:58,000

universe better we understand ourselves

319

00:14:03,210 --> 00:14:01,420

our partners are the people

320

00:14:05,370 --> 00:14:03,220

and when you're really working on a

321

00:14:06,930 --> 00:14:05,380

spiritual level it's like having an open

322

00:14:09,090 --> 00:14:06,940

door all of a sudden you're going to see

323

00:14:12,030 --> 00:14:09,100

things differently than just the mundane

324

00:14:14,610 --> 00:14:12,040

everyday situation now

325

00:14:17,310 --> 00:14:14,620

it really isn't connected to a religion

326

00:14:19,470 --> 00:14:17,320

it means spiritually you're going to be

327

00:14:24,450 --> 00:14:19,480

tuning in so you get more out of life as

328

00:14:27,090 --> 00:14:24,460

an example okay it increases the energy

329

00:14:30,180 --> 00:14:27,100

and actually if you're using that it

330

00:14:34,260 --> 00:14:30,190

increases it immediately to about 90 to

331

00:14:36,450 --> 00:14:34,270

95 thousand per second and eventually if

332

00:14:38,190 --> 00:14:36,460

you reach a hundred you know then you're

333

00:14:40,350 --> 00:14:38,200

working on the faith healing level all

334

00:14:42,510 --> 00:14:40,360

healers use that and you know if there's

335

00:14:45,750 --> 00:14:42,520

a crisis somebody had a car accident as

336

00:14:47,550 --> 00:14:45,760

an example and you have somebody that

337

00:14:49,110 --> 00:14:47,560

really loves them that was in the car

338

00:14:51,960 --> 00:14:49,120

they're really trying to help and

339

00:14:53,640 --> 00:14:51,970

they're touching them okay a lot of

340

00:14:55,380 --> 00:14:53,650

times their vibration will race to that

341

00:14:57,810 --> 00:14:55,390

level and you will actually start seeing

342

00:15:01,380 --> 00:14:57,820

the person in the car accident start to

343

00:15:03,300 --> 00:15:01,390

heal so we want to work with that energy

344

00:15:07,590 --> 00:15:03,310

as much as we possibly can

345

00:15:11,910 --> 00:15:07,600

now Tesla invented so many things he was

346

00:15:13,800 --> 00:15:11,920

dealing with as an example I he was

347

00:15:16,110 --> 00:15:13,810

dealing with not only the Tesla coil

348

00:15:19,050 --> 00:15:16,120

they have a little list in here that

349

00:15:22,770 --> 00:15:19,060

basically said that he was working with

350

00:15:26,910 --> 00:15:22,780

such scientific marvels as the AC motor

351

00:15:29,670 --> 00:15:26,920

radio fluorescent lights radar the high

352

00:15:32,730 --> 00:15:29,680

frequency furnace waveguide for

353

00:15:37,140 --> 00:15:32,740

microwave transmission space navigation

354

00:15:40,140 --> 00:15:37,150

code cryogenics engineering energy

355

00:15:43,800 --> 00:15:40,150

transmission to satellites principles of

356

00:15:46,560 --> 00:15:43,810

solid-state transit of Technology and

357

00:15:49,800 --> 00:15:46,570

that's just to name a few so this

358

00:15:52,880 --> 00:15:49,810

happens to be one of their one of his

359

00:15:55,620 --> 00:15:52,890

inventions that benefits all of us now

360

00:15:58,530 --> 00:15:55,630

the fluorescent light is an example it's

361

00:16:02,370 --> 00:15:58,540

very positive he was just a genius but

362

00:16:04,020 --> 00:16:02,380

we don't all use that so when he's it

363

00:16:06,090 --> 00:16:04,030

when he was in the process of inventing

364

00:16:08,250 --> 00:16:06,100

he was one of those people like Einstein

365

00:16:10,830 --> 00:16:08,260

where he invented something then he was

366

00:16:12,330 --> 00:16:10,840

on to the next project so we give him a

367

00:16:13,590 --> 00:16:12,340

lot of credit will impressed

368

00:16:17,280 --> 00:16:13,600

however in Ben

369

00:16:19,050 --> 00:16:17,290

not impressed by themselves so as he was

370

00:16:22,860 --> 00:16:19,060

working on one project he would start

371

00:16:26,250 --> 00:16:22,870

the next one and the plates really came

372

00:16:27,590 --> 00:16:26,260

out of his interest in spirituality he

373

00:16:30,390 --> 00:16:27,600

was already working on everything

374

00:16:32,970 --> 00:16:30,400

scientifically but these branched out

375

00:16:37,650 --> 00:16:32,980

from spirituality because he felt that

376

00:16:41,160 --> 00:16:37,660

the combination of frequency and the

377

00:16:42,750 --> 00:16:41,170

vibrational level of people if you're

378

00:16:44,580 --> 00:16:42,760

changing that then you're going to be

379

00:16:46,380 --> 00:16:44,590

able to do much better in your personal

380

00:16:48,480 --> 00:16:46,390

life and he was always trying to help

381

00:16:50,490 --> 00:16:48,490

other people improve he really wasn't

382

00:16:52,920 --> 00:16:50,500

focused on himself he was focused on

383

00:16:54,180 --> 00:16:52,930

helping others and you'll notice that

384

00:16:57,180 --> 00:16:54,190

even if you're just looking at the

385

00:16:59,400 --> 00:16:57,190

plates you're going to find that the

386

00:17:02,340 --> 00:16:59,410

color itself which is the shade of the

387

00:17:04,319 --> 00:17:02,350

violet ray the violet flame if you're

388

00:17:06,060 --> 00:17:04,329

thinking about saint-germain if you're

389

00:17:07,800 --> 00:17:06,070

looking at that you're going to find

390

00:17:10,140 --> 00:17:07,810

that just looking at it you're going to

391

00:17:12,390 --> 00:17:10,150

have somewhat of a reaction because the

392

00:17:15,660 --> 00:17:12,400

vibration of the color moves you up also

393

00:17:19,410 --> 00:17:15,670

so it's a combination of altering the

394

00:17:20,790 --> 00:17:19,420

electrons also when you're looking at

395

00:17:23,490 --> 00:17:20,800

improving your life

396

00:17:25,439 --> 00:17:23,500

it's multi-dimensional you want to be

397

00:17:27,630 --> 00:17:25,449

able to help others not just yourself as

398

00:17:29,700 --> 00:17:27,640

we're going into a time where we're

399

00:17:32,250 --> 00:17:29,710

dealing from the heart energy which

400

00:17:34,560 --> 00:17:32,260

again connects to universal energy and

401
00:17:36,510 --> 00:17:34,570
God for us when we're working with that

402
00:17:38,400 --> 00:17:36,520
the more we're in tune with that not

403
00:17:40,470 --> 00:17:38,410
only do we better our lives we better

404
00:17:42,450 --> 00:17:40,480
everybody around us it's that domino

405
00:17:45,510 --> 00:17:42,460
effect so we're helping ourselves

406
00:17:47,850 --> 00:17:45,520
because after all if you're not working

407
00:17:49,800 --> 00:17:47,860
well financially and you're starving on

408
00:17:51,620 --> 00:17:49,810
the street really who are you going to

409
00:17:54,690 --> 00:17:51,630
help so first you have to help yourself

410
00:17:57,660 --> 00:17:54,700
once you're doing better then you can

411
00:18:00,060 --> 00:17:57,670
help other people and mainly you want to

412
00:18:02,340 --> 00:18:00,070
do through a vibrational level because

413
00:18:04,350 --> 00:18:02,350

again you're in tune with the universal

414

00:18:06,240 --> 00:18:04,360

energies when you're working with plan

415

00:18:08,220 --> 00:18:06,250

so if you go to the park as an example

416

00:18:09,630 --> 00:18:08,230

you ever noticed when you go to the park

417

00:18:12,240 --> 00:18:09,640

or the beach depending on your

418

00:18:14,780 --> 00:18:12,250

connection you feel more at peace your

419

00:18:17,550 --> 00:18:14,790

kamar you feel more in tune with nature

420

00:18:19,680 --> 00:18:17,560

the reason for that is you're blending

421

00:18:22,200 --> 00:18:19,690

in with that level of energy you're

422

00:18:24,270 --> 00:18:22,210

blending in with the universal forces if

423

00:18:26,550 --> 00:18:24,280

you're in the middle of Manhattan

424

00:18:31,020 --> 00:18:26,560

an example you have so many different

425

00:18:33,240 --> 00:18:31,030

frequency hitting you between satellite

426

00:18:34,800 --> 00:18:33,250

towers between microwaves between

427

00:18:37,080 --> 00:18:34,810

everything else going on in the city

428

00:18:40,410 --> 00:18:37,090

that it doesn't give you that same sense

429

00:18:42,270 --> 00:18:40,420

of balance this will balance you out but

430

00:18:44,190 --> 00:18:42,280

again it's the same energy as if you're

431

00:18:45,600 --> 00:18:44,200

going to the park if you're going to the

432

00:18:47,970 --> 00:18:45,610

beach if you're going somewhere where

433

00:18:50,130 --> 00:18:47,980

you're really comfortable with yourself

434

00:18:52,730 --> 00:18:50,140

because your energy is balanced so if

435

00:18:55,740 --> 00:18:52,740

you have extremely high energy where

436

00:18:58,260 --> 00:18:55,750

it's too much of it as an example you're

437

00:18:59,940 --> 00:18:58,270

stressed it's too abundant what this

438

00:19:02,280 --> 00:18:59,950

does is it balances you so it will bring

439

00:19:06,090 --> 00:19:02,290

the energy down to wherever it should be

440

00:19:08,460 --> 00:19:06,100

on your normal level if as an example

441

00:19:10,650 --> 00:19:08,470

you're really tired it will raise your

442

00:19:12,630 --> 00:19:10,660

energy but it will consistently raise

443

00:19:15,930 --> 00:19:12,640

your energy until you get to about a

444

00:19:19,910 --> 00:19:15,940

hundred thousand per second okay now

445

00:19:22,590 --> 00:19:19,920

when you're doing that you will find

446

00:19:24,570 --> 00:19:22,600

that you're going to have an interest in

447

00:19:26,040 --> 00:19:24,580

improving your life in a number of

448

00:19:28,230 --> 00:19:26,050

different ways it's not limited to just

449

00:19:31,320 --> 00:19:28,240

using the plates for yourself if you're

450

00:19:34,380 --> 00:19:31,330

charging anything batteries crystals it

451
00:19:36,600 --> 00:19:34,390
is phenomenal for try well for working

452
00:19:38,250 --> 00:19:36,610
with crystals if you're a little bit

453
00:19:41,430 --> 00:19:38,260
more into that on the knowledge level

454
00:19:43,500 --> 00:19:41,440
but if you put any crystal on it it's

455
00:19:45,330 --> 00:19:43,510
going to charge it if you put water on

456
00:19:48,090 --> 00:19:45,340
it as an example if you have a gallon of

457
00:19:51,480 --> 00:19:48,100
water and you put it on the plates takes

458
00:19:54,420 --> 00:19:51,490
about two to three minutes to energize

459
00:19:56,370 --> 00:19:54,430
the water that means that it's going to

460
00:19:58,320 --> 00:19:56,380
be healthier for you you're going to

461
00:20:00,570 --> 00:19:58,330
feel better it gives you more energy and

462
00:20:03,120 --> 00:20:00,580
it only takes two to three minutes if

463
00:20:05,460 --> 00:20:03,130

you're using the plate with food so that

464

00:20:07,430 --> 00:20:05,470

it changes the energy to be more

465

00:20:10,830 --> 00:20:07,440

positive to match your body chemistry

466

00:20:12,900 --> 00:20:10,840

you can actually put a bag of groceries

467

00:20:14,910 --> 00:20:12,910

on top of the larger or the smaller

468

00:20:17,340 --> 00:20:14,920

plate or you can actually put it in the

469

00:20:18,720 --> 00:20:17,350

refrigerator now the funny part is that

470

00:20:21,330 --> 00:20:18,730

if you put it in the refrigerator

471

00:20:23,250 --> 00:20:21,340

usually on the middle shelf you actually

472

00:20:24,780 --> 00:20:23,260

have to adjust the refrigerator because

473

00:20:27,630 --> 00:20:24,790

everything in there is going to be much

474

00:20:30,810 --> 00:20:27,640

colder so you're going to find that the

475

00:20:32,250 --> 00:20:30,820

food tastes better it works where it

476
00:20:34,680 --> 00:20:32,260
blends with your energy so you're going

477
00:20:36,570 --> 00:20:34,690
to feel more comfortable a lot of times

478
00:20:39,990 --> 00:20:36,580
you know we have so many pests

479
00:20:41,580 --> 00:20:40,000
and we have so many bacterial things

480
00:20:43,650 --> 00:20:41,590
going on you don't know what's going on

481
00:20:46,020 --> 00:20:43,660
in the supermarket the warehouse where

482
00:20:48,720 --> 00:20:46,030
ever they harvested the plant is an

483
00:20:51,270 --> 00:20:48,730
example yeah so this will balance that

484
00:20:52,950 --> 00:20:51,280
type of an energy out now the funny part

485
00:20:55,680 --> 00:20:52,960
I found is that every now and then when

486
00:20:57,600 --> 00:20:55,690
you're using the plate we've actually

487
00:21:00,690 --> 00:20:57,610
had some phone calls weird will actually

488
00:21:03,000 --> 00:21:00,700

disappear on somebody so you may know

489

00:21:05,730 --> 00:21:03,010

exactly where you put it and it will

490

00:21:07,380 --> 00:21:05,740

really just disappear so eventually you

491

00:21:09,690 --> 00:21:07,390

know they're going to buy another one

492

00:21:12,000 --> 00:21:09,700

because it still works on a very high

493

00:21:13,800 --> 00:21:12,010

level and it helps however we find it's

494

00:21:16,140 --> 00:21:13,810

funny because we actually had somebody

495

00:21:17,700 --> 00:21:16,150

call up and suggested that maybe you

496

00:21:19,890 --> 00:21:17,710

know we worked it with nature spirits

497

00:21:21,720 --> 00:21:19,900

and elemental spirits so they actually

498

00:21:24,090 --> 00:21:21,730

suggested that maybe we sent over an

499

00:21:26,700 --> 00:21:24,100

elemental spirit to take that back so

500

00:21:28,470 --> 00:21:26,710

they have to get another one but it just

501
00:21:30,420 --> 00:21:28,480
disappears we really haven't figured out

502
00:21:33,390 --> 00:21:30,430
scientifically why it does that

503
00:21:36,240 --> 00:21:33,400
and it's very infrequent but it does

504
00:21:39,420 --> 00:21:36,250
happen so you want to be aware that you

505
00:21:41,610 --> 00:21:39,430
didn't misplace it or you know hopefully

506
00:21:43,200 --> 00:21:41,620
you'll find it later but if not it

507
00:21:47,370 --> 00:21:43,210
wasn't an elephant it wasn't the nature

508
00:21:50,400 --> 00:21:47,380
spirit okay when you find that you're

509
00:21:52,170 --> 00:21:50,410
working with us I find that it's the it

510
00:21:54,720 --> 00:21:52,180
deals with a call to end science now

511
00:21:57,780 --> 00:21:54,730
cultures means ancient wisdom but it

512
00:22:01,620 --> 00:21:57,790
does work with both levels both areas

513
00:22:04,080 --> 00:22:01,630

now cold is actually a science well

514

00:22:07,560 --> 00:22:04,090

metaphysics nowadays but it's the oldest

515

00:22:10,380 --> 00:22:07,570

science so actually science came out of

516

00:22:12,300 --> 00:22:10,390

metaphysics and we find that the more we

517

00:22:14,280 --> 00:22:12,310

work with different energies of the

518

00:22:15,540 --> 00:22:14,290

planet of the universe of the galaxies

519

00:22:19,020 --> 00:22:15,550

the more we work with different energies

520

00:22:21,960 --> 00:22:19,030

the more we find that it heightens our

521

00:22:24,180 --> 00:22:21,970

abilities but the more we find that as

522

00:22:26,100 --> 00:22:24,190

we work with these energies a lot of the

523

00:22:28,500 --> 00:22:26,110

ancient methods were valid they were

524

00:22:30,300 --> 00:22:28,510

very real they worked with crystals they

525

00:22:32,490 --> 00:22:30,310

worked with herbs with different levels

526
00:22:34,500 --> 00:22:32,500
and some of the time when you're working

527
00:22:36,810 --> 00:22:34,510
with herbs it takes a couple months for

528
00:22:39,030 --> 00:22:36,820
that to activate your system and even

529
00:22:41,520 --> 00:22:39,040
then there's a limit to how much it

530
00:22:43,320 --> 00:22:41,530
raises your vibration if you read books

531
00:22:45,480 --> 00:22:43,330
about people that are psychic as an

532
00:22:47,160 --> 00:22:45,490
example you will find that a lot of

533
00:22:49,260 --> 00:22:47,170
psychics carry herbs they carry

534
00:22:51,900 --> 00:22:49,270
gemstones or they

535
00:22:54,320 --> 00:22:51,910
we're gemstones and the reason for that

536
00:22:57,750 --> 00:22:54,330
is that it Tunes them in to

537
00:23:00,990 --> 00:22:57,760
interdimensional information hey which

538
00:23:03,180 --> 00:23:01,000

this also does it Tunes you in so that

539

00:23:06,090 --> 00:23:03,190

you can get information from a psychic

540

00:23:09,260 --> 00:23:06,100

or spiritual level now we look at it as

541

00:23:12,180 --> 00:23:09,270

we're tuning into our source however

542

00:23:15,840 --> 00:23:12,190

it's interdimensional we look at the

543

00:23:20,090 --> 00:23:15,850

holographic universe as being around us

544

00:23:23,580 --> 00:23:20,100

through us and if you look at one

545

00:23:26,070 --> 00:23:23,590

molecule or one atom inside your body

546

00:23:28,770 --> 00:23:26,080

that one little atom is going to give

547

00:23:31,530 --> 00:23:28,780

you all the information about everything

548

00:23:33,570 --> 00:23:31,540

within you such as how the rest of your

549

00:23:35,160 --> 00:23:33,580

body is doing health-wise what you're

550

00:23:38,160 --> 00:23:35,170

thinking what you're feeling

551

00:23:41,760 --> 00:23:38,170

so that little piece tells you

552

00:23:44,610 --> 00:23:41,770

everything so when we're programming

553

00:23:47,610 --> 00:23:44,620

ourselves for health for knowledge for

554

00:23:51,390 --> 00:23:47,620

any other reason we want to really tune

555

00:23:54,330 --> 00:23:51,400

in on every level and to focus now water

556

00:23:57,210 --> 00:23:54,340

is an example on the holographic side if

557

00:24:02,160 --> 00:23:57,220

you have a drop of water that you take

558

00:24:04,440 --> 00:24:02,170

out of a lake as an example you will

559

00:24:06,900 --> 00:24:04,450

find that the information contained in

560

00:24:09,480 --> 00:24:06,910

it from a scientific holographic and a

561

00:24:12,300 --> 00:24:09,490

cult point of view that one little drop

562

00:24:14,760 --> 00:24:12,310

will give you all the information of all

563

00:24:17,370 --> 00:24:14,770

the lakes throughout the world because

564

00:24:20,340 --> 00:24:17,380

they are all connected we look at it as

565

00:24:23,340 --> 00:24:20,350

a spider web when you're on that little

566

00:24:25,410 --> 00:24:23,350

spider web as a soul as a spirit you're

567

00:24:27,870 --> 00:24:25,420

connected to everybody else on the

568

00:24:32,190 --> 00:24:27,880

planet that's on that spider web as a

569

00:24:34,950 --> 00:24:32,200

soul or a spirit so if you and you shake

570

00:24:37,230 --> 00:24:34,960

that web you're affecting everybody on

571

00:24:40,140 --> 00:24:37,240

the planet in one form or another not

572

00:24:42,180 --> 00:24:40,150

just the person near you so you want to

573

00:24:44,220 --> 00:24:42,190

stay on a positive side we never do

574

00:24:47,640 --> 00:24:44,230

anything negative I truly believe that

575

00:24:49,650 --> 00:24:47,650

whatever you put out comes back and when

576
00:24:52,710 --> 00:24:49,660
we're working with Universal energies I

577
00:24:55,710 --> 00:24:52,720
hate to say that it's a shortcut but

578
00:24:57,780 --> 00:24:55,720
it's a shortcut when you're working on

579
00:24:58,740 --> 00:24:57,790
meditation as an example some people

580
00:25:00,930 --> 00:24:58,750
take years

581
00:25:04,110 --> 00:25:00,940
to get on a very intense meditation

582
00:25:06,510 --> 00:25:04,120
level some people take an hour everybody

583
00:25:08,700 --> 00:25:06,520
is different however when you're tuning

584
00:25:12,630 --> 00:25:08,710
into Universal energies for information

585
00:25:15,240 --> 00:25:12,640
for divination you usually meditate at

586
00:25:17,490 --> 00:25:15,250
least once a day and like I said some

587
00:25:19,230 --> 00:25:17,500
people take years when you're raising

588
00:25:22,920 --> 00:25:19,240

your vibrational level which is what

589

00:25:24,780 --> 00:25:22,930

meditation does then you're going to get

590

00:25:27,120 --> 00:25:24,790

there quicker also if you are meditating

591

00:25:28,860 --> 00:25:27,130

I meditate all the time if I'm

592

00:25:31,800 --> 00:25:28,870

meditating I just use one of the place

593

00:25:34,140 --> 00:25:31,810

to kind of jumpstart it makes it quicker

594

00:25:37,230 --> 00:25:34,150

and you tuned in a little bit stronger

595

00:25:39,210 --> 00:25:37,240

with clarity with information and what

596

00:25:41,250 --> 00:25:39,220

you'll find when you're meditating is

597

00:25:43,260 --> 00:25:41,260

that it gives you very direct

598

00:25:45,270 --> 00:25:43,270

information it doesn't matter if it's in

599

00:25:46,950 --> 00:25:45,280

color or black and white information is

600

00:25:48,960 --> 00:25:46,960

information and it tends to be very

601
00:25:50,910 --> 00:25:48,970
accurate when you're meditating I do

602
00:25:52,530 --> 00:25:50,920
want to say that before you open

603
00:25:54,600 --> 00:25:52,540
yourself up to the universe such as

604
00:25:56,400 --> 00:25:54,610
meditation you want to use something

605
00:25:58,830 --> 00:25:56,410
called psychic self-defense because you

606
00:26:02,520 --> 00:25:58,840
want to be safe before you open yourself

607
00:26:04,740 --> 00:26:02,530
to positive and negative now if your

608
00:26:07,410 --> 00:26:04,750
martial arts when we're doing Tai Chi

609
00:26:09,360 --> 00:26:07,420
when we're doing Qigong some days you

610
00:26:11,250 --> 00:26:09,370
know you feel a little bit off your

611
00:26:14,130 --> 00:26:11,260
Energy's a little bit low it's a being

612
00:26:15,990 --> 00:26:14,140
that's normal and that's fine we don't

613
00:26:18,990 --> 00:26:16,000

need to change it all the time however

614

00:26:22,560 --> 00:26:19,000

if you're going to a tournament one of

615

00:26:25,530 --> 00:26:22,570

the gentlemen that I deal with his

616

00:26:27,690 --> 00:26:25,540

name's woody curry jr. and he's a

617

00:26:29,310 --> 00:26:27,700

phenomenal martial artist I'm sure a lot

618

00:26:31,920 --> 00:26:29,320

of a lot of people have heard of him

619

00:26:35,940 --> 00:26:31,930

okay when he's going to a tournament he

620

00:26:37,980 --> 00:26:35,950

cannot afford to be off that day you

621

00:26:39,600 --> 00:26:37,990

can't be off you can't be tired you have

622

00:26:42,690 --> 00:26:39,610

to be able to raise your energy like

623

00:26:45,560 --> 00:26:42,700

this now whatever form you use works

624

00:26:47,970 --> 00:26:45,570

it's fine but if you just carry

625

00:26:50,580 --> 00:26:47,980

especially the smaller one the circle

626

00:26:53,940 --> 00:26:50,590

okay especially if you're carrying that

627

00:26:55,410 --> 00:26:53,950

in your pocket or anywhere on you or you

628

00:26:58,350 --> 00:26:55,420

know in your pocketbook if you're a

629

00:27:00,570 --> 00:26:58,360

woman it will automatically heighten

630

00:27:03,360 --> 00:27:00,580

that level so your energy is in play

631

00:27:05,700 --> 00:27:03,370

before you get to your destination it

632

00:27:07,169 --> 00:27:05,710

works immediately it's not something

633

00:27:09,820 --> 00:27:07,179

where you have to say oh maybe in a

634

00:27:11,440 --> 00:27:09,830

month or two it's really quick

635

00:27:14,799 --> 00:27:11,450

and sometimes when we're not feeling

636

00:27:17,049 --> 00:27:14,809

well or if we have a family member a

637

00:27:17,799 --> 00:27:17,059

friend somebody we care about that isn't

638

00:27:20,380 --> 00:27:17,809

feeling well

639

00:27:22,480 --> 00:27:20,390

want to lend it to them or give them one

640

00:27:25,269 --> 00:27:22,490

because that way we're helping them feel

641

00:27:28,630 --> 00:27:25,279

better to heal quicker and we're helping

642

00:27:29,680 --> 00:27:28,640

everybody else's life so thank you for

00:27:31,659 --> 00:27:29,690
