

1
00:00:37,030 --> 00:00:34,120
so even calling him Harold dolls boss is

2
00:00:39,130 --> 00:00:37,040
incorrect this is the ship registration

3
00:00:42,460 --> 00:00:39,140
of the North Queen I don't know if you

4
00:00:46,660 --> 00:00:42,470
can see it or not but the name listed

5
00:00:48,369 --> 00:00:46,670
here for the North queen is doll so here

6
00:00:50,799 --> 00:00:48,379
you have to wonder why doll felt

7
00:00:55,149 --> 00:00:50,809
compelled to explain the damage to his

8
00:00:57,130 --> 00:00:55,159
own boat to fredchristman or is it

9
00:01:01,329 --> 00:00:57,140
Harold dolls boat the registration

10
00:01:04,149 --> 00:01:01,339
actually says Hal d'Or doll on Union

11
00:01:05,890 --> 00:01:04,159
Avenue you might expect this information

12
00:01:09,460 --> 00:01:05,900
to be conducted on official records like

13
00:01:12,280 --> 00:01:09,470

this either at the time or fudged later

14

00:01:14,680 --> 00:01:12,290

in order to obscure things you might

15

00:01:17,770 --> 00:01:14,690

just dismiss this as a typo or a mistake

16

00:01:19,600 --> 00:01:17,780

just as in the comic book but that's

17

00:01:23,170 --> 00:01:19,610

what I did but since that time a

18

00:01:25,630 --> 00:01:23,180

researcher has pointed out that Hal Dora

19

00:01:29,170 --> 00:01:25,640

doll and Harold doll may actually be

20

00:01:30,820 --> 00:01:29,180

different people because there there was

21

00:01:34,060 --> 00:01:30,830

a herald doll that lived on North Grove

22

00:01:36,940 --> 00:01:34,070

and Hal d'Or doll lived on a completely

23

00:01:39,790 --> 00:01:36,950

different Street North Union so the

24

00:01:42,580 --> 00:01:39,800

North Queen by the way it was a 1942

25

00:01:45,520 --> 00:01:42,590

fishing boat that was converted into a

26
00:01:48,910 --> 00:01:45,530
minesweeper for World War 2 and then

27
00:01:51,460 --> 00:01:48,920
recovered into a then reconverted into a

28
00:01:53,260 --> 00:01:51,470
fishing vessel after the war some

29
00:01:56,980 --> 00:01:53,270
reports call it a decrepit old piece of

30
00:01:59,710 --> 00:01:56,990
junk but it was actually not very old a

31
00:02:02,970 --> 00:01:59,720
ship that that saw military service and

32
00:02:05,350 --> 00:02:02,980
one that had just been reconditioned

33
00:02:07,840 --> 00:02:05,360
also a year after the Morey Island

34
00:02:14,040 --> 00:02:07,850
incident 1948 the registration passed to

35
00:02:16,210 --> 00:02:14,050
someone named Anderson and Tacoma and

36
00:02:19,000 --> 00:02:16,220
suddenly begin to submerge into this

37
00:02:22,149 --> 00:02:19,010
murky paper trail which is something

38
00:02:25,839 --> 00:02:22,159

that would characterize Chrisman's

39

00:02:28,720 --> 00:02:25,849

entire life fudged in inaccurate

40

00:02:29,890 --> 00:02:28,730

documents some of questionable Pro

41

00:02:32,530 --> 00:02:29,900

Bono's

42

00:02:35,050 --> 00:02:32,540

some containing very intriguing pieces

43

00:02:37,360 --> 00:02:35,060

of information and disinformation

44

00:02:39,640 --> 00:02:37,370

but his involvement with the Mori Island

45

00:02:42,940 --> 00:02:39,650

a saucer story really begins two days

46

00:02:44,950 --> 00:02:42,950

after dolls as doll had expected

47

00:02:47,680 --> 00:02:44,960

according to the story Chrisman thought

48

00:02:49,870 --> 00:02:47,690

that he and his crew were who had been

49

00:02:53,170 --> 00:02:49,880

drunk and when they saw this saucer

50

00:02:55,270 --> 00:02:53,180

stuff but since doll I had samples of

51
00:02:57,010 --> 00:02:55,280
the slag as proof and said that there

52
00:02:59,410 --> 00:02:57,020
was much more of the stuff along the

53
00:03:01,900 --> 00:02:59,420
shore Chrisman decided to go and take a

54
00:03:04,630 --> 00:03:01,910
look he later said that he did indeed

55
00:03:07,480 --> 00:03:04,640
see an enormous amount of white and

56
00:03:10,210 --> 00:03:07,490
black material there Laurie Island but

57
00:03:12,550 --> 00:03:10,220
as he was looking it over he had his own

58
00:03:14,890 --> 00:03:12,560
sighting it was a doughnut-shaped craft

59
00:03:17,410 --> 00:03:14,900
like the one doll described but

60
00:03:21,340 --> 00:03:17,420
different in that it had no squash book

61
00:03:24,190 --> 00:03:21,350
it was convex not concave it did have an

62
00:03:26,380 --> 00:03:24,200
inner tube time structure though and the

63
00:03:28,600 --> 00:03:26,390

and the portals and it had this spinning

64

00:03:31,090 --> 00:03:28,610

little black thing on the inside bottom

65

00:03:32,560 --> 00:03:31,100

and this was a very brief encounter

66

00:03:35,590 --> 00:03:32,570

according to Chrisman but scary enough

67

00:03:37,630 --> 00:03:35,600

he said before he took off running he

68

00:03:42,780 --> 00:03:37,640

supposedly collected more samples of

69

00:03:49,060 --> 00:03:46,870

so where did fredchristman come from his

70

00:03:51,610 --> 00:03:49,070

earliest appearance in the historic

71

00:03:53,740 --> 00:03:51,620

record is from two years before the moor

72

00:03:55,840 --> 00:03:53,750

Island case it comes in the form of an

73

00:03:58,960 --> 00:03:55,850

extensive quote in Harper's Magazine in

74

00:04:00,850 --> 00:03:58,970

September 1946 in an article about the

75

00:04:03,580 --> 00:04:00,860

first post-war world convention of

76
00:04:06,009 --> 00:04:03,590
science fiction fans the preceding March

77
00:04:09,160 --> 00:04:06,019
in New York interestingly the article

78
00:04:11,979 --> 00:04:09,170
entitled little Superman what now was

79
00:04:14,800 --> 00:04:11,989
written by William s baring-gould whose

80
00:04:16,449 --> 00:04:14,810
grandfather Sabine Baron ruled was the

81
00:04:18,659 --> 00:04:16,459
English clergyman who wrote onward

82
00:04:21,190 --> 00:04:18,669
Christian soldiers

83
00:04:25,180 --> 00:04:21,200
he also wrote two books on when I'm

84
00:04:27,100 --> 00:04:25,190
ghost and one on werewolves okay that

85
00:04:29,620 --> 00:04:27,110
led to an angry response from Chrisman

86
00:04:31,540 --> 00:04:29,630
that originally appeared in the May 1947

87
00:04:35,200 --> 00:04:31,550
issue of a science fiction pulp magazine

88
00:04:38,020 --> 00:04:35,210

called amazing stories this was one

89

00:04:40,350 --> 00:04:38,030

month before Maury island in it Chrisman

90

00:04:41,820 --> 00:04:40,360

complained that the article in Harper's

91

00:04:43,580 --> 00:04:41,830

the science fiction fans amounted to

92

00:04:45,689 --> 00:04:43,590

nothing more than a bunch of armchair

93

00:04:48,959 --> 00:04:45,699

philosophizing about science fiction

94

00:04:51,779 --> 00:04:48,969

concepts that he considered to be a very

95

00:05:04,679 --> 00:04:51,789

real phenomenon and this had nothing to

96

00:05:06,390 --> 00:05:04,689

do with flying saucers flying saucers

97

00:05:08,879 --> 00:05:06,400

and the UFO craze in America were still

98

00:05:10,589 --> 00:05:08,889

a month in the future the imagery of

99

00:05:12,869 --> 00:05:10,599

advanced aircraft had been around for a

100

00:05:14,820 --> 00:05:12,879

long time of Flash Gordon serials of the

101
00:05:17,279 --> 00:05:14,830
30s for instance had various rocket type

102
00:05:19,050 --> 00:05:17,289
ships and science fiction itself was a

103
00:05:22,439 --> 00:05:19,060
very long interesting history in print

104
00:05:24,510 --> 00:05:22,449
on radio and in various movies and UFOs

105
00:05:27,240 --> 00:05:24,520
of all shapes and stripes have been

106
00:05:28,800 --> 00:05:27,250
around since the dawn of man but the

107
00:05:32,369 --> 00:05:28,810
imagery of the flying saucers as a

108
00:05:35,610 --> 00:05:32,379
recurring popular culture motif began

109
00:05:38,399 --> 00:05:35,620
only in the late 1940s just after the

110
00:05:40,200 --> 00:05:38,409
first modern wave of sightings and with

111
00:05:42,450 --> 00:05:40,210
the help of pulp magazines like this one

112
00:05:44,990 --> 00:05:42,460
fate actually is there copies they're

113
00:05:49,019 --> 00:05:45,000

giving away copies of fate still exist

114

00:05:51,149 --> 00:05:49,029

outside this is the first issue of fate

115

00:05:53,189 --> 00:05:51,159

however published in 1948 by the same

116

00:05:56,999 --> 00:05:53,199

person who published at Crispin's angry

117

00:05:58,760 --> 00:05:57,009

response in Harper's Magazine anybody

118

00:06:05,969 --> 00:05:58,770

know who that person was

119

00:06:08,670 --> 00:06:05,979

anybody Ray Palmer well science fiction

120

00:06:10,589 --> 00:06:08,680

fans would argue that Ray Palmer's place

121

00:06:13,800 --> 00:06:10,599

in their history is not one of great

122

00:06:15,659 --> 00:06:13,810

respect even one of his associate

123

00:06:17,519 --> 00:06:15,669

editors told a pulp magazine historian

124

00:06:20,929 --> 00:06:17,529

that Palmer published quote some of the

125

00:06:23,879 --> 00:06:20,939

sickest crap I've ever run into

126

00:06:26,189 --> 00:06:23,889

Palmer was was a man of diminutive

127

00:06:28,230 --> 00:06:26,199

stature who helped popularize and

128

00:06:31,050 --> 00:06:28,240

promote the idea of flying saucers in as

129

00:06:34,260 --> 00:06:31,060

many pulp magazines amazing stories the

130

00:06:36,119 --> 00:06:34,270

magazine that that more or less

131

00:06:38,490 --> 00:06:36,129

introduced fredchristman to the world

132

00:06:40,980 --> 00:06:38,500

was one of those pulp magazines actually

133

00:06:42,540 --> 00:06:40,990

in the 1940 in the 1990s Steven

134

00:06:46,140 --> 00:06:42,550

Spielberg once did a television version

135

00:06:46,670 --> 00:06:46,150

of amazing stories using the title and

136

00:06:49,490 --> 00:06:46,680

the

137

00:06:51,560 --> 00:06:49,500

kind of poke magazine Foreman Paul Mars

138

00:06:54,080 --> 00:06:51,570

a publishing career continued until his

139

00:06:55,939 --> 00:06:54,090

death in the late 1970s and among the

140

00:06:58,939 --> 00:06:55,949

last things he ever did was a magazine

141

00:07:01,370 --> 00:06:58,949

for the National Space Institute a group

142

00:07:03,080 --> 00:07:01,380

of space industry insiders founded by

143

00:07:05,960 --> 00:07:03,090

the paperclip Nazi scientists friend of

144

00:07:10,900 --> 00:07:05,970

von Braun and the significance of that

145

00:07:22,670 --> 00:07:15,469

how did I get this right no I never did

146

00:07:27,320 --> 00:07:22,680

fix this one damn okay this is a shot of

147

00:07:29,779 --> 00:07:27,330

Palmer it shows what a small guy Palmer

148

00:07:31,070 --> 00:07:29,789

was especially it next to this guy was a

149

00:07:32,360 --> 00:07:31,080

regular giant and that's what's wrong

150

00:07:34,850 --> 00:07:32,370

with this slide is that there's a he's

151

00:07:37,400 --> 00:07:34,860

standing in the full slide he's standing

152

00:07:42,610 --> 00:07:37,410

next to Richard shaver who was a who was

153

00:07:46,400 --> 00:07:42,620

a real giant of a man and shaver

154

00:07:48,409 --> 00:07:46,410

before 1948 Palmer was able to more than

155

00:07:50,570 --> 00:07:48,419

double the circulation of his various

156

00:07:52,820 --> 00:07:50,580

magazines by introducing the supposedly

157

00:07:54,200 --> 00:07:52,830

true stories of Richard shaver I really

158

00:07:57,589 --> 00:07:54,210

wish we had a from the photo of shaver

159

00:08:02,330 --> 00:07:57,599

here about a mysterious race of beings

160

00:08:03,950 --> 00:08:02,340

known as the day rose the day Rose were

161

00:08:06,469 --> 00:08:03,960

an underground alien race that looked

162

00:08:08,899 --> 00:08:06,479

very much like the little greys that

163

00:08:11,020 --> 00:08:08,909

seemed to be so common these days among

164

00:08:13,219 --> 00:08:11,030

people who claim to have been abducted

165

00:08:15,770 --> 00:08:13,229

if there was some sort of connection

166

00:08:18,110 --> 00:08:15,780

there it it does kind of expose the myth

167

00:08:19,939 --> 00:08:18,120

that such creatures are the creation of

168

00:08:21,140 --> 00:08:19,949

the modern media because you get these

169

00:08:23,210 --> 00:08:21,150

little grey creatures called the

170

00:08:25,610 --> 00:08:23,220

Darrow's coming out as early as 1948

171

00:08:28,490 --> 00:08:25,620

shaver and palmer insisted that the

172

00:08:30,379 --> 00:08:28,500

darros were real despite the fact that

173

00:08:32,899 --> 00:08:30,389

the original information about them was

174

00:08:34,940 --> 00:08:32,909

channeled to Richard shaver through the

175

00:08:39,230 --> 00:08:34,950

welding equipment where he worked in a

176

00:08:42,040 --> 00:08:39,240

steel mill in Bartow Pennsylvania in

177

00:08:44,600 --> 00:08:42,050

addition to being alien creatures that

178

00:08:48,199 --> 00:08:44,610

inhabited caverns deep under the earth

179

00:08:50,840 --> 00:08:48,209

shaver claimed that all earth men in

180

00:08:53,269 --> 00:08:50,850

part are darros because they are being

181

00:08:55,220 --> 00:08:53,279

affected by detrimental energy streams

182

00:08:58,520 --> 00:08:55,230

in the post atomic world

183

00:09:01,100 --> 00:08:58,530

the the word eros is a contraction of

184

00:09:02,840 --> 00:09:01,110

the words detrimental and robot and

185

00:09:05,240 --> 00:09:02,850

really a lot of what the shape of

186

00:09:08,660 --> 00:09:05,250

mystery stories reflected was kind of

187

00:09:10,960 --> 00:09:08,670

post-war alienation and the fear of

188

00:09:13,880 --> 00:09:10,970

being in a in a deadly technological

189

00:09:17,540 --> 00:09:13,890

situation after the bomb fear of

190

00:09:19,070 --> 00:09:17,550

radiation fear mutation and so forth

191

00:09:21,590 --> 00:09:19,080

the interest in these stories was so

192

00:09:23,060 --> 00:09:21,600

great that it not only greatly increased

193

00:09:25,340 --> 00:09:23,070

the circulation of Ray Palmer's

194

00:09:27,320 --> 00:09:25,350

magazines but it led many of its readers

195

00:09:29,240 --> 00:09:27,330

to write up right in with their own

196

00:09:31,940 --> 00:09:29,250

stories about their encounters with the

197

00:09:32,510 --> 00:09:31,950

Darrow's and I should mention to the

198

00:09:35,870 --> 00:09:32,520

George

199

00:09:37,550 --> 00:09:35,880

Tyler today early this morning was

200

00:09:39,620 --> 00:09:37,560

talking about the greys and there is

201

00:09:42,440 --> 00:09:39,630

this perception that the greys in fact

202

00:09:44,440 --> 00:09:42,450

are robots are part robots so even that

203

00:09:47,120 --> 00:09:44,450

part of the the lore continues on

204

00:09:50,540 --> 00:09:47,130

fredchristman was one such reader though

205

00:09:54,290 --> 00:09:50,550

of amazing stories after that long quote

206

00:09:56,090 --> 00:09:54,300

that that appeared about you know from

207

00:09:58,790 --> 00:09:56,100

Harper's Magazine kruseman's second

208

00:10:02,360 --> 00:09:58,800

appearance in on the scene came in the

209

00:10:03,890 --> 00:10:02,370

form of that letter two amazing stories

210

00:10:08,300 --> 00:10:03,900

and in a kruseman claimed to have

211

00:10:12,680 --> 00:10:08,310

encountered the de ros in Burma he even

212

00:10:14,270 --> 00:10:12,690

described a a wound to his arm that was

213

00:10:16,730 --> 00:10:14,280

the size of a pin hole the description

214

00:10:19,130 --> 00:10:16,740

that sounded very early like like lucky

215

00:10:25,690 --> 00:10:19,140

was shot by a laser and this was years

216

00:10:29,350 --> 00:10:25,700

before the laser was even invented okay

217

00:10:34,580 --> 00:10:29,360

now forget all of that he just said

218

00:10:40,070 --> 00:10:34,590

that's what Ray Palmer did let's go back

219

00:10:42,260 --> 00:10:40,080

to the main story of Maury island Harold

220

00:10:44,600 --> 00:10:42,270

Dahl and company have had their

221

00:10:47,300 --> 00:10:44,610

encounter and kruseman went down the

222

00:10:49,310 --> 00:10:47,310

next day and said those they had his now

223

00:10:51,650 --> 00:10:49,320

we can assume that Chrisman put this in

224

00:10:54,050 --> 00:10:51,660

a letter to palmer as he had his

225

00:10:55,369 --> 00:10:54,060

encounters with the Darrow's although

226

00:10:57,199 --> 00:10:55,379

that's not really clear

227

00:10:59,900 --> 00:10:57,209

a letter to that effect what is clear is

228

00:11:02,749 --> 00:10:59,910

that Ray Palmer hired this man and we

229

00:11:03,469 --> 00:11:02,759

all know who this is right oh come on

230

00:11:06,499 --> 00:11:03,479

guys

231

00:11:14,539 --> 00:11:06,509

Kenneth Arnold this is Kenneth Arnold

232

00:11:17,329 --> 00:11:14,549

yes no no no no he didn't fit the term

233

00:11:19,339 --> 00:11:17,339

at all what is clear is that Ray Palmer

234

00:11:23,809 --> 00:11:19,349

hired this man to investigate the Moriya

235

00:11:25,369 --> 00:11:23,819

and claims those his sightings as

236

00:11:27,229 --> 00:11:25,379

Kenneth Arnold sightings happened three

237

00:11:29,239 --> 00:11:27,239

days after Maury island started with

238

00:11:29,689 --> 00:11:29,249

which started the first post-world War

239

00:11:32,119 --> 00:11:29,699

two

240

00:11:33,619 --> 00:11:32,129

wave of view of both sightings Palmer

241

00:11:35,689 --> 00:11:33,629

read about Arnold's sighting in the

242

00:11:37,849 --> 00:11:35,699

newspaper and wrote to him asking for

243

00:11:39,649 --> 00:11:37,859

details and Arnold sent back to him a

244

00:11:44,299 --> 00:11:39,659

copy of the report that he made about it

245

00:11:46,309 --> 00:11:44,309

to the Air Force okay well so I guess I

246

00:11:50,539 --> 00:11:46,319

better do the basics of Kenneth Arnold

247

00:11:52,219 --> 00:11:50,549

story they he saw nine Chevron shaped

248

00:11:56,149 --> 00:11:52,229

craft while flying around Mount Ranier

249

00:11:57,829 --> 00:11:56,159

in Washington on June 24 1947 I'm sure

250

00:12:00,109 --> 00:11:57,839

you all you should all know the story

251
00:12:01,609 --> 00:12:00,119
shame on you that you don't and I will

252
00:12:04,749 --> 00:12:01,619
try not to go into too many of the

253
00:12:07,519 --> 00:12:04,759
details as your memories return to you

254
00:12:09,590 --> 00:12:07,529
after this initial contact with Arnold

255
00:12:11,809 --> 00:12:09,600
Ray Palmer wrote back and offered him

256
00:12:15,229 --> 00:12:11,819
\$200 to investigate the Mauri Island

257
00:12:17,539 --> 00:12:15,239
incident and Arnold took on the

258
00:12:19,369 --> 00:12:17,549
assignment in the course of this however

259
00:12:21,169 --> 00:12:19,379
Palmer never once mentioned to him

260
00:12:23,840 --> 00:12:21,179
anything about his past encounters with

261
00:12:25,369 --> 00:12:23,850
Chrisman okay good the picture as I said

262
00:12:27,349 --> 00:12:25,379
he forgot about it he totally forgotten

263
00:12:30,859 --> 00:12:27,359

how he's you know a quote forgot about

264

00:12:33,109 --> 00:12:30,869

it and in this story this was the first

265

00:12:36,799 --> 00:12:33,119

instance in which kruseman's presence on

266

00:12:38,210 --> 00:12:36,809

the scene was telegraphed in advance but

267

00:12:40,149 --> 00:12:38,220

he was never told that he was a

268

00:12:43,029 --> 00:12:40,159

principal player so in other words

269

00:12:45,199 --> 00:12:43,039

Palmer is hiring Arnold to investigate

270

00:12:46,939 --> 00:12:45,209

Chrisman but he's not telling Arnold

271

00:12:48,679 --> 00:12:46,949

that he knows who Chrisman is because

272

00:12:52,339 --> 00:12:48,689

Chrisman had written his stories about

273

00:12:54,469 --> 00:12:52,349

the day Roz you know - Arnold Chrisman

274

00:12:59,300 --> 00:12:54,479

is a complete stranger to Palmer and

275

00:13:04,309 --> 00:13:01,429

okay this is this is actually a postcard

276

00:13:07,429 --> 00:13:04,319

that I bought at the tourist Museum near

277

00:13:09,710 --> 00:13:07,439

the top of Mount Ranier which is is

278

00:13:13,009 --> 00:13:09,720

actually part of the Cascade Mountains

279

00:13:15,499 --> 00:13:13,019

Mountaineer it's pretty spectacular

280

00:13:16,879 --> 00:13:15,509

picture I think and it shows what it's

281

00:13:19,329 --> 00:13:16,889

showing here is lenticular cloud

282

00:13:23,329 --> 00:13:19,339

formations that often happen up there

283

00:13:25,759 --> 00:13:23,339

around the mountain actually many UFO

284

00:13:27,530 --> 00:13:25,769

skeptics make the case that a lot of UFO

285

00:13:28,999 --> 00:13:27,540

sightings are actually sightings of

286

00:13:34,850 --> 00:13:29,009

these these things these lenticular

287

00:13:37,249 --> 00:13:34,860

clouds and I'm not sure if that's what

288

00:13:41,660 --> 00:13:37,259

official tourism is trying to say here

289

00:13:44,960 --> 00:13:41,670

I put Mount Ranier but this doesn't look

290

00:13:46,600 --> 00:13:44,970

anything like what Kenneth I saw and it

291

00:13:49,970 --> 00:13:46,610

certainly doesn't come close to anything

292

00:13:55,519 --> 00:13:49,980

matching a either Arnold's description

293

00:13:56,780 --> 00:13:55,529

or the Mauryan description okay so as I

294

00:13:59,389 --> 00:13:56,790

mentioned before the pilot Thomas

295

00:14:01,999 --> 00:13:59,399

Mantell is one the one most often

296

00:14:04,040 --> 00:14:02,009

referred to as the first UFO casualty in

297

00:14:05,960 --> 00:14:04,050

the post-war wave and I suggested that

298

00:14:07,490 --> 00:14:05,970

the Moriya dog might actually have him

299

00:14:09,730 --> 00:14:07,500

had that distinction before Mantell

300

00:14:12,710 --> 00:14:09,740

there are actually 32 other

301
00:14:14,720 --> 00:14:12,720
possibilities these are the 32 Marines

302
00:14:18,040 --> 00:14:14,730
that crashed into this site at Mount

303
00:14:20,600 --> 00:14:18,050
Ranier Arnold was was actually

304
00:14:23,179 --> 00:14:20,610
investigating a crash of a c-47

305
00:14:25,400 --> 00:14:23,189
transport plane from the previous

306
00:14:26,990 --> 00:14:25,410
December because it was a big mystery

307
00:14:28,939 --> 00:14:27,000
that had happened and what had happened

308
00:14:31,249 --> 00:14:28,949
to it and the Aki and its occupants 32

309
00:14:32,840 --> 00:14:31,259
Marines Arnold was a bounty hunter and

310
00:14:34,610 --> 00:14:32,850
when he was looking for the five

311
00:14:37,970 --> 00:14:34,620
thousand dollar reward that had been

312
00:14:39,259 --> 00:14:37,980
posted to find the remains when he went

313
00:14:40,730 --> 00:14:39,269

and that's when he had his own sighting

314

00:14:43,300 --> 00:14:40,740

so he's he's out there looking for these

315

00:14:46,480 --> 00:14:43,310

32 Marines who crashed that's one now he

316

00:14:48,429 --> 00:14:46,490

the Chevron's the official cause of this

317

00:14:50,889 --> 00:14:48,439

crash became simply that it appeared off

318

00:14:53,319 --> 00:14:50,899

course but if you take the position as I

319

00:14:55,030 --> 00:14:53,329

do that official conclusions most often

320

00:14:57,579 --> 00:14:55,040

contains elements of spin control and

321

00:14:59,590 --> 00:14:57,589

cover-up it's not too much of a leap to

322

00:15:01,030 --> 00:14:59,600

suggest that these 32 people died as a

323

00:15:04,210 --> 00:15:01,040

result of an encounter with a saucer

324

00:15:06,309 --> 00:15:04,220

maybe even damaging one that required

325

00:15:09,009 --> 00:15:06,319

the kind of repair maneuver that we saw

326

00:15:10,780 --> 00:15:09,019

at Maury island in any event only small

327

00:15:12,819 --> 00:15:10,790

pieces of the wreckage and the tented

328

00:15:17,379 --> 00:15:12,829

remains of one a Marine uniform were

329

00:15:19,329 --> 00:15:17,389

ever recovered gymnast Arnold's sighting

330

00:15:20,769 --> 00:15:19,339

which involved nine UFOs eight of them

331

00:15:22,989 --> 00:15:20,779

semicircular and one of them

332

00:15:24,610 --> 00:15:22,999

crescent-shaped began this enormous wave

333

00:15:27,610 --> 00:15:24,620

of UFO sightings that happened in the

334

00:15:29,559 --> 00:15:27,620

late 1940s in the East Oregonian

335

00:15:30,939 --> 00:15:29,569

newspaper alone which is the newspaper

336

00:15:34,269 --> 00:15:30,949

of record in that part of the world

337

00:15:36,879 --> 00:15:34,279

seventeen UFO sightings were reported in

338

00:15:38,259 --> 00:15:36,889

the month following Kenneth Arnold's and

339

00:15:41,379 --> 00:15:38,269

nationally there were many many cases

340

00:15:42,939 --> 00:15:41,389

more often than not these saucers fit

341

00:15:48,309 --> 00:15:42,949

more the description of the Maury Island

342

00:15:50,829 --> 00:15:48,319

saucers than Kenneth irons chevrons and

343

00:15:53,710 --> 00:15:50,839

of course there were more than just

344

00:15:55,569 --> 00:15:53,720

sightings there were a number of

345

00:15:58,720 --> 00:15:55,579

recoveries of different things and

346

00:16:00,579 --> 00:15:58,730

here's a sketch of one of them this

347

00:16:02,920 --> 00:16:00,589

thirty inch saucer discovered by a

348

00:16:06,269 --> 00:16:02,930

housewife that month and turned over to

349

00:16:09,490 --> 00:16:06,279

the FBI the newspaper described it as a

350

00:16:11,679 --> 00:16:09,500

gold-plated once on one side silver on

351

00:16:14,199 --> 00:16:11,689

the other the same colors basically as

352

00:16:16,119 --> 00:16:14,209

the more Island craft although was later

353

00:16:18,100 --> 00:16:16,129

declared that this was built by some

354

00:16:21,400 --> 00:16:18,110

young pranksters using parts of an old

355

00:16:24,129 --> 00:16:21,410

photograph that only came after a very

356

00:16:26,079 --> 00:16:24,139

strange actions by the authorities army

357

00:16:27,879 --> 00:16:26,089

intelligence officers were called in and

358

00:16:30,730 --> 00:16:27,889

the thing was locked in the back room

359

00:16:32,889 --> 00:16:30,740

and and all were instructed not to say a

360

00:16:36,429 --> 00:16:32,899

word about it and it's kind of hard to

361

00:16:38,769 --> 00:16:36,439

imagine that this was a response to

362

00:16:41,340 --> 00:16:38,779

something that looked obviously like it

363

00:16:43,900 --> 00:16:41,350

was pieced together from a record player

364

00:16:46,389 --> 00:16:43,910

oddly enough the size and shape of this

365

00:16:55,720 --> 00:16:46,399

thirty inch saucer match to a second and

366

00:17:04,220 --> 00:17:00,620

okay this is the man to whom this two

367

00:17:06,290 --> 00:17:04,230

and a half foot disk was turned over if

368

00:17:08,690 --> 00:17:06,300

he looks a little like Ed Asner to you

369

00:17:10,310 --> 00:17:08,700

pat yourself on the back because Asner

370

00:17:13,700 --> 00:17:10,320

actually played this man in Oliver

371

00:17:14,570 --> 00:17:13,710

Stone's movie about JFK this is guy

372

00:17:18,620 --> 00:17:14,580

Bannister

373

00:17:20,449 --> 00:17:18,630

he was si si that is special agent in

374

00:17:23,120 --> 00:17:20,459

charge of the FBI in the Pacific

375

00:17:26,240 --> 00:17:23,130

Northwest in the late 1940s specifically

376

00:17:28,760 --> 00:17:26,250

Idaho and Montana at the time of the

377

00:17:30,140 --> 00:17:28,770

moyu Island case in Washington Oliver

378

00:17:34,150 --> 00:17:30,150

Stone's interest in him begins about

379

00:17:39,560 --> 00:17:37,880

in the 1950s Bannister testified before

380

00:17:41,660 --> 00:17:39,570

the Louisiana joint legislative

381

00:17:45,050 --> 00:17:41,670

committee that at the time of the Maury

382

00:17:46,670 --> 00:17:45,060

Island events he was actually working in

383

00:17:51,800 --> 00:17:46,680

counter espionage that's from banisters

384

00:17:53,540 --> 00:17:51,810

own testimony so this is a newspaper

385

00:17:57,470 --> 00:17:53,550

description of whatever it was that

386

00:17:59,390 --> 00:17:57,480

banner Bannister was given during that

387

00:18:01,340 --> 00:17:59,400

same testimony to the louisiana state

388

00:18:04,820 --> 00:18:01,350

body Bannister described the saucer as a

389

00:18:06,800 --> 00:18:04,830

Japanese fogle balloon the chief value

390

00:18:09,020 --> 00:18:06,810

of this statement is that it exposes the

391

00:18:11,660 --> 00:18:09,030

lie about the four boys rearranging

392

00:18:13,010 --> 00:18:11,670

parts of a record player I'm sure

393

00:18:14,990 --> 00:18:13,020

everyone is familiar with the fogle

394

00:18:18,680 --> 00:18:15,000

balloon theory actually I'm not so sure

395

00:18:20,150 --> 00:18:18,690

anymore it has been offered up as one of

396

00:18:22,760 --> 00:18:20,160

the many explanations and for what

397

00:18:24,620 --> 00:18:22,770

happened at Roswell and in that case as

398

00:18:26,360 --> 00:18:24,630

in this case it has been almost totally

399

00:18:29,420 --> 00:18:26,370

debunked since the few go balloons were

400

00:18:32,750 --> 00:18:29,430

launched from Japan in March of 1945 and

401
00:18:35,620 --> 00:18:32,760
the possibility of them remaining aloft

402
00:18:38,390 --> 00:18:35,630
for such a long period of time is remote

403
00:18:40,340 --> 00:18:38,400
the Louisiana testimony included banners

404
00:18:41,840 --> 00:18:40,350
announcement that he also was a

405
00:18:42,950 --> 00:18:41,850
coordinate for a right-wing militia

406
00:18:44,990 --> 00:18:42,960
group called the Minutemen

407
00:18:45,650 --> 00:18:45,000
which is the only right-wing group that

408
00:18:51,170 --> 00:18:45,660
the warrant

409
00:18:54,020 --> 00:18:51,180
investigated but all that is getting

410
00:18:56,510 --> 00:18:54,030
ahead of the story as I said Palmer

411
00:18:59,500 --> 00:18:56,520
hired Kenneth Arnold to investigate the

412
00:19:03,470 --> 00:18:59,510
claims of charisma and doll for \$200

413
00:19:06,620 --> 00:19:03,480

Arnold went out to what was become the

414

00:19:11,540 --> 00:19:06,630

infamous Lonard Western Winthrop hotel

415

00:19:13,340 --> 00:19:11,550

room 503 the first thing to make it

416

00:19:16,130 --> 00:19:13,350

infamous was the fact that the room had

417

00:19:19,250 --> 00:19:16,140

already been reserved for Arnold by

418

00:19:21,020 --> 00:19:19,260

persons unknown and this is a shot of

419

00:19:23,230 --> 00:19:21,030

the Winthrop that I took relatively

420

00:19:25,460 --> 00:19:23,240

recently it still exists but now it's

421

00:19:29,240 --> 00:19:25,470

it's been converted to rent control

422

00:19:32,210 --> 00:19:29,250

housing it is here after acquiring the

423

00:19:34,280 --> 00:19:32,220

room from person or persons unknown that

424

00:19:37,430 --> 00:19:34,290

Arnold first called Harold Dahl by

425

00:19:39,140 --> 00:19:37,440

looking him up in the phone book a very

426

00:19:41,330 --> 00:19:39,150

reluctant Dahl kept trying to talk

427

00:19:43,430 --> 00:19:41,340

Marnell out of his investigation but

428

00:19:45,920 --> 00:19:43,440

eventually agreed to come over and also

429

00:19:47,780 --> 00:19:45,930

agree to take Arnold to the storage site

430

00:19:50,060 --> 00:19:47,790

of the debris he had recovered from

431

00:19:52,040 --> 00:19:50,070

warring Island when he brought a chunk

432

00:19:53,570 --> 00:19:52,050

of it out Arnold declared that it was

433

00:19:57,460 --> 00:19:53,580

just a piece of lava rock and actually

434

00:20:02,240 --> 00:19:59,450

fredchristman showed up at the Winthrop

435

00:20:04,820 --> 00:20:02,250

the next day and went over the Maury

436

00:20:06,830 --> 00:20:04,830

Island story again with Arnold he also

437

00:20:08,510 --> 00:20:06,840

told him of his flight experience and

438

00:20:10,670 --> 00:20:08,520

his missions over Burma during the war

439

00:20:13,340 --> 00:20:10,680

although he mentioned nothing about the

440

00:20:15,350 --> 00:20:13,350

day rose after Chrisman had his stay

441

00:20:20,900 --> 00:20:15,360

Arnold suggested that they all go down a

442

00:20:25,790 --> 00:20:20,910

mooring island then Arnold had another

443

00:20:27,560 --> 00:20:25,800

brilliant idea bring in amyl smith amyl

444

00:20:29,960 --> 00:20:27,570

smith was an airline captain who had

445

00:20:34,100 --> 00:20:29,970

published it would publicly won't let

446

00:20:35,990 --> 00:20:34,110

him back in the winter who had publicly

447

00:20:38,240 --> 00:20:36,000

derided Kenneth Arnold about the

448

00:20:41,630 --> 00:20:38,250

Mountaineer experiences but then had a

449

00:20:43,190 --> 00:20:41,640

UFO encounter of his own Arnold had met

450

00:20:46,730 --> 00:20:43,200

him through a military intelligence

451
00:20:47,520 --> 00:20:46,740
officer named Paul Weiland who who among

452
00:20:50,220 --> 00:20:47,530
other things had been

453
00:20:52,140 --> 00:20:50,230
the Nuremberg trials who had previously

454
00:20:53,970 --> 00:20:52,150
paid Arnold actually to go on a fishing

455
00:20:55,620 --> 00:20:53,980
trip with him and the relationship of

456
00:20:58,500 --> 00:20:55,630
these two bins and Paul Weiland and

457
00:21:00,330 --> 00:20:58,510
Kenneth Arnold remains very unclear but

458
00:21:03,390 --> 00:21:00,340
we do know that at one point Weiland

459
00:21:05,700 --> 00:21:03,400
gave Arnold a 30 - automatic that Arnold

460
00:21:07,410 --> 00:21:05,710
had on him at the Winthrop so that kind

461
00:21:09,240 --> 00:21:07,420
of gives you the sense of the kind of

462
00:21:11,070 --> 00:21:09,250
paranoiac atmosphere going on here

463
00:21:12,990 --> 00:21:11,080

when Anil Smith arrived at the Winthrop

464

00:21:14,760 --> 00:21:13,000

and meant kruseman and Dahle they

465

00:21:16,620 --> 00:21:14,770

recounted morning Island again and

466

00:21:18,990 --> 00:21:16,630

agreed to meet at the island the next

467

00:21:21,540 --> 00:21:19,000

day with more samples of the UFO slag

468

00:21:24,600 --> 00:21:21,550

and kruseman volunteered to drive Smith

469

00:21:26,180 --> 00:21:24,610

on a long trip to Seattle and back to

470

00:21:29,010 --> 00:21:26,190

recover his things so there's this

471

00:21:32,040 --> 00:21:29,020

mysterious trip of Chrisman and Smith

472

00:21:33,870 --> 00:21:32,050

together before Arnold went to sleep

473

00:21:35,310 --> 00:21:33,880

that night before on a little Smith both

474

00:21:37,410 --> 00:21:35,320

went to statement night they received a

475

00:21:40,170 --> 00:21:37,420

call from a reporter named Ted Morello

476
00:21:41,550 --> 00:21:40,180
and instead of asking for information as

477
00:21:44,880 --> 00:21:41,560
you might expect a reporter would do

478
00:21:47,430 --> 00:21:44,890
more Morello actually repeated back to

479
00:21:49,260 --> 00:21:47,440
them the precise details of the

480
00:21:54,510 --> 00:21:49,270
conversations they had had with Chrisman

481
00:21:56,490 --> 00:21:54,520
and Dahl so the room had been bugged all

482
00:21:58,980 --> 00:21:56,500
four men made it out to Maury island the

483
00:22:02,340 --> 00:21:58,990
next day Chrisman and Dahl both brought

484
00:22:03,690 --> 00:22:02,350
more samples of the slag they had to

485
00:22:05,790 --> 00:22:03,700
come back to the Winthrop though because

486
00:22:06,840 --> 00:22:05,800
the drydock had been closed and there

487
00:22:11,790 --> 00:22:06,850
was no access

488
00:22:13,170 --> 00:22:11,800

so Arnold filmed all of this and in 1977

489

00:22:14,940 --> 00:22:13,180

he mentioned that all of his film

490

00:22:17,220 --> 00:22:14,950

equipment had been stolen in a break-in

491

00:22:18,360 --> 00:22:17,230

but the fate of all all the film that he

492

00:22:23,880 --> 00:22:18,370

took in that day is still kind of

493

00:22:28,920 --> 00:22:23,890

unclear after that Arnold decided to

494

00:22:31,770 --> 00:22:28,930

call in the airforce Chrisman was all

495

00:22:32,200 --> 00:22:31,780

excited about the idea Dahl refused to

496

00:22:33,730 --> 00:22:32,210

talk to

497

00:22:35,470 --> 00:22:33,740

for military intelligence so they

498

00:22:36,970 --> 00:22:35,480

actually the pictures all tall didn't

499

00:22:38,980 --> 00:22:36,980

want to say anything to anybody and

500

00:22:40,660 --> 00:22:38,990

there were reasons for that but they

501
00:22:43,810 --> 00:22:40,670
kept pulling the story out of them and

502
00:22:45,220 --> 00:22:43,820
but then he resisted again when when

503
00:22:47,680 --> 00:22:45,230
Arnold suggested that they take it to

504
00:22:49,000 --> 00:22:47,690
the air force nevertheless through his

505
00:22:50,650 --> 00:22:49,010
connection with this Paul Weiland

506
00:22:52,840 --> 00:22:50,660
character to Air Force investigators

507
00:22:55,360 --> 00:22:52,850
Captain William Lee Davidson and first

508
00:23:03,160 --> 00:22:55,370
lieutenant Mercer Brown came to the

509
00:23:05,350 --> 00:23:03,170
Winthrop hotel so here we are back to

510
00:23:06,310 --> 00:23:05,360
the comic book and everything that it

511
00:23:08,590 --> 00:23:06,320
has wrong

512
00:23:10,240 --> 00:23:08,600
says here that Arnold coined the term

513
00:23:11,860 --> 00:23:10,250

flying saucers I heard somebody is

514

00:23:13,270 --> 00:23:11,870

trying to repeat that bit but that that

515

00:23:18,520 --> 00:23:13,280

distinction actually belongs to a

516

00:23:20,620 --> 00:23:18,530

newspaper reporter named Bill again and

517

00:23:24,180 --> 00:23:20,630

of course this identifies them as Harbor

518

00:23:28,120 --> 00:23:26,230

nevertheless it is in this weird

519

00:23:31,810 --> 00:23:28,130

atmosphere of intrigue at the Winthrop

520

00:23:33,820 --> 00:23:31,820

and blurred details some film and some

521

00:23:36,930 --> 00:23:33,830

pieces of the more Island slag came into

522

00:23:39,160 --> 00:23:36,940

the hands of military investigators so

523

00:23:44,410 --> 00:23:39,170

matter how we doing on time along the

524

00:23:45,820 --> 00:23:44,420

way spoken too long okay well I mean

525

00:23:47,140 --> 00:23:45,830

that's a good cue because I really would

526

00:23:48,880 --> 00:23:47,150

like to take a break at this point this

527

00:23:51,790 --> 00:23:48,890

is this is all lead up to the second

528

00:23:52,270 --> 00:23:51,800

part so let me just leave the story at

529

00:23:53,410 --> 00:23:52,280

this point

530

00:23:55,900 --> 00:23:53,420

take a little bit of a break and then

531

00:23:57,190 --> 00:23:55,910

we'll resume the story again from the

532

00:24:03,990 --> 00:23:57,200

point of the Davison and Brown

533

00:24:06,670 --> 00:24:04,000

investigation then that's 20 minutes

534

00:24:09,250 --> 00:24:06,680

okay now Tim I'm gonna have to walk over

535

00:24:26,340 --> 00:24:09,260

there by the TV monitor before too long

536

00:24:30,790 --> 00:24:29,500

can you hear me can I stand this far

537

00:24:34,870 --> 00:24:30,800

away from the microphone and still be

538

00:24:41,200 --> 00:24:34,880

heard how about that

539

00:24:44,170 --> 00:24:41,210

can you hear me now okay this is

540

00:24:48,220 --> 00:24:44,180

lieutenant Frank Brown he was he was one

541

00:24:51,550 --> 00:24:48,230

of two men the Air Force sent out at the

542

00:24:53,050 --> 00:24:51,560

behest of Kenneth Arnold to investigate

543

00:25:01,980 --> 00:24:53,060

the Maury island claims of kruseman and

544

00:25:01,990 --> 00:25:15,720

when I didn't have to point

545

00:25:40,539 --> 00:25:23,770

the intensity of this light yeah thank

546

00:25:46,129 --> 00:25:42,320

you'll see looking good how about

547

00:25:48,229 --> 00:25:46,139

everybody else yeah okay okay where

548

00:25:54,349 --> 00:25:48,239

what's a lieutenant wait a minute that's

549

00:25:58,609 --> 00:25:54,359

not even there

550

00:26:01,849 --> 00:25:58,619

lieutenant Frank Brown again one of two

551
00:26:03,879 --> 00:26:01,859
men that the Air Force sent out at the

552
00:26:06,259 --> 00:26:03,889
request of Kenneth Arnold to investigate

553
00:26:09,889 --> 00:26:06,269
kruseman and dolls claims about what

554
00:26:13,310 --> 00:26:09,899
happened at Maury island this is a photo

555
00:26:15,409 --> 00:26:13,320
of brown that comes from a recovered ID

556
00:26:22,879 --> 00:26:15,419
and in a minute I'll tell you what it

557
00:26:24,379 --> 00:26:22,889
was recovered from there's the ID here's

558
00:26:28,099 --> 00:26:24,389
another shot of brown while he was in it

559
00:26:30,259 --> 00:26:28,109
in Italy unfortunately that that and the

560
00:26:32,539 --> 00:26:30,269
previous one is all that really exists

561
00:26:34,310 --> 00:26:32,549
the photo documentation of brown which

562
00:26:36,229 --> 00:26:34,320
is like two photographs more than

563
00:26:38,839 --> 00:26:36,239

photograph documentation we have of

564

00:26:42,919 --> 00:26:38,849

Davidson and no photographs of him that

565

00:26:44,509 --> 00:26:42,929

I could find anyway so Kenneth are no

566

00:26:46,879 --> 00:26:44,519

calls in these two Air Force

567

00:26:50,029 --> 00:26:46,889

investigators Braun and Davidson of the

568

00:26:52,549 --> 00:26:50,039

4th Air Force a2 Intelligence Unit to be

569

00:26:54,109 --> 00:26:52,559

precise he knew them because they had

570

00:26:56,049 --> 00:26:54,119

previously investigated Arnold himself

571

00:26:58,399 --> 00:26:56,059

after the Mount Ranier sighting and

572

00:27:00,649 --> 00:26:58,409

Arnold had cooperated with that

573

00:27:01,940 --> 00:27:00,659

investigation and had turned over the

574

00:27:04,129 --> 00:27:01,950

many letters that he had received from

575

00:27:06,259 --> 00:27:04,139

people after his sighting had hit the

576
00:27:08,779 --> 00:27:06,269
newspapers they expressed that

577
00:27:10,999 --> 00:27:08,789
particularly in a particular interest in

578
00:27:14,570 --> 00:27:11,009
the letter that he had received from Ray

579
00:27:16,729 --> 00:27:14,580
Palmer so he thought that there would be

580
00:27:21,260 --> 00:27:16,739
the logical people to to call to look

581
00:27:26,000 --> 00:27:24,110
doll who again was extremely reluctant

582
00:27:28,880 --> 00:27:26,010
to talk about this more Island

583
00:27:31,100 --> 00:27:28,890
experience at all let alone to military

584
00:27:33,800 --> 00:27:31,110
intelligence nevertheless repeated the

585
00:27:35,840 --> 00:27:33,810
story one more time Chrisman offered

586
00:27:38,450 --> 00:27:35,850
details about the white debris looking

587
00:27:40,010 --> 00:27:38,460
like aluminum that make it sound a lot

588
00:27:45,380 --> 00:27:40,020

like the material that was recovered

589

00:27:47,180 --> 00:27:45,390

from Roswell and despite the fact that

590

00:27:50,750 --> 00:27:47,190

Arnold apparently took the initiative to

591

00:27:53,030 --> 00:27:50,760

contact Davidson and Braun in point of

592

00:27:55,030 --> 00:27:53,040

fact the two were on assignment to

593

00:27:58,880 --> 00:27:55,040

collect as much information as possible

594

00:28:01,370 --> 00:27:58,890

during that summer wave of UFOs they had

595

00:28:04,520 --> 00:28:01,380

been dispatched by a guy named General

596

00:28:07,790 --> 00:28:04,530

Carl patooie Spaatz patooie was his

597

00:28:10,550 --> 00:28:07,800

nickname a commander who had served in

598

00:28:13,040 --> 00:28:10,560

Italy during the war as part of project

599

00:28:15,890 --> 00:28:13,050

ultra a decryption project in Italy very

600

00:28:18,530 --> 00:28:15,900

similar to the magic decryption project

601
00:28:19,730 --> 00:28:18,540
into paint and Japan and I think it's

602
00:28:22,790 --> 00:28:19,740
that's very interesting that these two

603
00:28:25,730 --> 00:28:22,800
secret decoding projects have names that

604
00:28:29,150 --> 00:28:25,740
are so similar to MKULTRA and majestic

605
00:28:32,810 --> 00:28:29,160
you know ultra and magic both and if you

606
00:28:37,360 --> 00:28:32,820
don't know MKULTRA or the Majestic these

607
00:28:44,930 --> 00:28:42,830
let's see spats provided Davidson a

608
00:28:47,110 --> 00:28:44,940
brown with a b25 to hop around and

609
00:28:49,430 --> 00:28:47,120
collect all this information

610
00:28:54,320 --> 00:28:49,440
particularly on cases that involved

611
00:28:55,820 --> 00:28:54,330
recoveries of material and so that

612
00:28:59,000 --> 00:28:55,830
explains a particular interest in the

613
00:29:00,710 --> 00:28:59,010

Ray Palmer letter they were reported to

614

00:29:02,750 --> 00:29:00,720

report to Air Force technical

615

00:29:06,410 --> 00:29:02,760

intelligence command at Wright Field in

616

00:29:09,470 --> 00:29:06,420

Patterson according to an FBI memo from

617

00:29:11,750 --> 00:29:09,480

August of 47 spats Braun and Davidson in

618

00:29:14,900 --> 00:29:11,760

turn then reported to general Nathan

619

00:29:16,850 --> 00:29:14,910

twining at wright-patt now the

620

00:29:18,650 --> 00:29:16,860

significance of this command structure

621

00:29:28,430 --> 00:29:18,660

comes in the form of something called

622

00:29:32,960 --> 00:29:31,009

the color 20 memo is an mj-12 document

623

00:29:35,539 --> 00:29:32,970

that still resides at the National

624

00:29:38,299 --> 00:29:35,549

Archives I have actually held this thing

625

00:29:41,779 --> 00:29:38,309

in my hand of all the mj-12 documents I

626
00:29:44,450 --> 00:29:41,789
believe that the CT memo in combination

627
00:29:47,419 --> 00:29:44,460
with another one just recently found in

628
00:29:49,549 --> 00:29:47,429
a completely different archives whose

629
00:29:52,789 --> 00:29:49,559
dates match up perfectly to the cutlet

630
00:29:54,799 --> 00:29:52,799
twining comprises basically the smoking

631
00:29:57,169 --> 00:29:54,809
gun proof of the existence of mj-12 I

632
00:29:59,509 --> 00:29:57,179
know that's all very complicated and it

633
00:30:02,210 --> 00:29:59,519
is the would be the subject of another

634
00:30:03,919 --> 00:30:02,220
lecture I'm just telling you that in the

635
00:30:05,690 --> 00:30:03,929
National Archives there is smoking gun

636
00:30:08,359 --> 00:30:05,700
proof that this group mj-12 would you

637
00:30:10,850 --> 00:30:08,369
hear about all the time actually exists

638
00:30:12,529 --> 00:30:10,860

and and you can prove it's authentic

639

00:30:16,100 --> 00:30:12,539

authentic by comparing it to another

640

00:30:17,690 --> 00:30:16,110

document this story that I'm telling you

641

00:30:18,799 --> 00:30:17,700

now though it's complicated enough and

642

00:30:20,149 --> 00:30:18,809

if you want to find out more about the

643

00:30:23,090 --> 00:30:20,159

color training memo and something called

644

00:30:24,499 --> 00:30:23,100

the Lou Douglas memo this article is in

645

00:30:26,690 --> 00:30:24,509

the latest issue of steam shovel press

646

00:30:32,210 --> 00:30:26,700

and I think I said few copies of that

647

00:30:35,600 --> 00:30:32,220

that's out there okay let's go back to

648

00:30:38,239 --> 00:30:35,610

to Harold Dahl it was not for it was not

649

00:30:41,060 --> 00:30:38,249

for no reason that all kvetch to telling

650

00:30:42,889 --> 00:30:41,070

his story again to anyone after he first

651
00:30:44,509 --> 00:30:42,899
began talking to people about it Dahl

652
00:30:47,269 --> 00:30:44,519
had an experience that later became

653
00:30:50,029 --> 00:30:47,279
repeated often with many UFO witnesses

654
00:30:53,149 --> 00:30:50,039
and became quite well known anybody know

655
00:30:56,060 --> 00:30:53,159
what that experience might be he was

656
00:30:59,269 --> 00:30:56,070
visited by a by a met a black yes I'm in

657
00:31:01,789 --> 00:30:59,279
a black this guy dressed in black and he

658
00:31:05,810 --> 00:31:01,799
had a black Buick I know if it's

659
00:31:08,539 --> 00:31:05,820
dashboard shine but when he met up with

660
00:31:10,669 --> 00:31:08,549
all he also demonstrated that he had a

661
00:31:13,249 --> 00:31:10,679
very detailed knowledge of dolls Maury

662
00:31:14,899 --> 00:31:13,259
Island experience and he told doll that

663
00:31:16,940 --> 00:31:14,909

if he ever left the Maury Islands story

664

00:31:18,200 --> 00:31:16,950

out bad things would start happening to

665

00:31:20,690 --> 00:31:18,210

him to him and his family

666

00:31:22,700 --> 00:31:20,700

and sure enough shortly thereafter doll

667

00:31:25,669 --> 00:31:22,710

lost a large number of logs he had

668

00:31:28,129 --> 00:31:25,679

salvaged from the bay severely damaging

669

00:31:31,100 --> 00:31:28,139

his business his wife fell deathly ill

670

00:31:33,320 --> 00:31:31,110

and his son Charles who the guy who had

671

00:31:35,930 --> 00:31:33,330

had his arm injured at Maury island

672

00:31:38,090 --> 00:31:35,940

disappeared

673

00:31:40,610 --> 00:31:38,100

Charles was eventually found busing

674

00:31:44,029 --> 00:31:40,620

tables somewhere with total amnesia

675

00:31:46,789 --> 00:31:44,039

about how he got there and the where is

676
00:31:49,279 --> 00:31:46,799
obscured by FBI memos with conflicting

677
00:31:51,710 --> 00:31:49,289
reports about whether he was found in a

678
00:31:53,000 --> 00:31:51,720
place called Lusk Montana or a place

679
00:31:55,279 --> 00:31:53,010
called Lusk Wyoming

680
00:31:57,289 --> 00:31:55,289
so all that kind of fits the the men in

681
00:31:58,430 --> 00:31:57,299
black the weird men in black weirdness

682
00:32:02,000 --> 00:31:58,440
that happens when the men in black come

683
00:32:05,779 --> 00:32:02,010
along all of this happened before the

684
00:32:09,799 --> 00:32:05,789
meetings at Winthrop hotel so here again

685
00:32:12,230 --> 00:32:09,809
the comic book misleads us there were

686
00:32:14,419 --> 00:32:12,240
some other old odd anomalies about the

687
00:32:16,070 --> 00:32:14,429
phone calls to the hotel when Arnold

688
00:32:18,169 --> 00:32:16,080

first called Braun for instance Braun

689

00:32:19,940 --> 00:32:18,179

refused to accept the call on the

690

00:32:22,940 --> 00:32:19,950

military line and he called Arnold back

691

00:32:24,860 --> 00:32:22,950

on a pay phone moments later the UPI guy

692

00:32:26,330 --> 00:32:24,870

said Morello called again demonstrating

693

00:32:29,299 --> 00:32:26,340

that he knew all about the military

694

00:32:31,730 --> 00:32:29,309

investigators coming in and then at some

695

00:32:34,159 --> 00:32:31,740

point Dahl did indeed leave the scene

696

00:32:38,200 --> 00:32:34,169

and left the explaining to fredchristman

697

00:32:40,399 --> 00:32:38,210

so it's all is all pretty pretty fed up

698

00:32:41,990 --> 00:32:40,409

but the biggest thing that Braun and

699

00:32:46,399 --> 00:32:42,000

Davidson took from their investigation

700

00:32:48,830 --> 00:32:46,409

was the recovered debris depending on

701
00:32:50,870 --> 00:32:48,840
who you read they had either a trunk of

702
00:32:53,270 --> 00:32:50,880
the material both the black and the

703
00:32:54,909 --> 00:32:53,280
white material or a Kellogg's cornflakes

704
00:32:58,820 --> 00:32:54,919
box full of it

705
00:33:02,840 --> 00:32:58,830
kruseman gave it to them and oral noted

706
00:33:04,399 --> 00:33:02,850
that it was different the material that

707
00:33:08,200 --> 00:33:04,409
Chrisman gave to them was different from

708
00:33:11,720 --> 00:33:08,210
what he had used to turn into an ashtray

709
00:33:22,360 --> 00:33:11,730
and at 1:00 a.m. the next day Davidson

710
00:33:30,310 --> 00:33:26,269
how did it crash it went down in flames

711
00:33:34,580 --> 00:33:32,570
here's another problem with the with

712
00:33:36,440 --> 00:33:34,590
some of the details because I've sold

713
00:33:39,019 --> 00:33:36,450

out the books I don't have the book to

714

00:33:42,259 --> 00:33:39,029

refer to but the how of it is explained

715

00:33:48,620 --> 00:33:42,269

in there of course it was widely

716

00:33:50,659 --> 00:33:48,630

reported what wasn't reported much is

717

00:33:52,690 --> 00:33:50,669

that the counterintelligence team sent

718

00:33:55,129 --> 00:33:52,700

out to do cleanup at the crash site

719

00:33:56,810 --> 00:33:55,139

which was supposedly unsuccessful in

720

00:33:58,669 --> 00:33:56,820

finding any evidence of the Mori Island

721

00:34:00,680 --> 00:33:58,679

debris recommended that all similar

722

00:34:02,539 --> 00:34:00,690

incidents in the future be handled by

723

00:34:04,519 --> 00:34:02,549

the foreign technologies desk of the air

724

00:34:06,730 --> 00:34:04,529

force which is something that George

725

00:34:08,659 --> 00:34:06,740

father mentioned again this morning and

726

00:34:10,819 --> 00:34:08,669

something well-known to people who've

727

00:34:13,250 --> 00:34:10,829

read Phil Corso who claimed that it was

728

00:34:14,809 --> 00:34:13,260

the foreign technologies desk was where

729

00:34:16,609 --> 00:34:14,819

we kind of doled out where they doled

730

00:34:23,919 --> 00:34:16,619

out the technological benefits of

731

00:34:31,070 --> 00:34:27,560

their work the well yeah though yeah

732

00:34:34,669 --> 00:34:31,080

yeah yeah there was a there was a crew

733

00:34:37,550 --> 00:34:34,679

chief was a crew chief and a young

734

00:34:40,310 --> 00:34:37,560

hitchhiking sergeant very good yeah but

735

00:34:41,780 --> 00:34:40,320

I'll tell you what like I said I've got

736

00:34:44,389 --> 00:34:41,790

this best of steam shovel which would be

737

00:34:46,520 --> 00:34:44,399

a big question-and-answer thing too so

738

00:34:48,379 --> 00:34:46,530

instead of trying to fill in all the

739

00:34:51,980 --> 00:34:48,389

details as I go along why don't we just

740

00:34:55,580 --> 00:34:51,990

hold the questions to begin was I saying

741

00:34:57,800 --> 00:34:55,590

here oh yeah okay Arnold

742

00:34:59,960 --> 00:34:57,810

so Arnold and Smith after all of this

743

00:35:03,590 --> 00:34:59,970

after Davidson Brown died Arnold and

744

00:35:05,390 --> 00:35:03,600

amyl Smith opted out quite freaked out

745

00:35:08,030 --> 00:35:05,400

that the investigation had led to the

746

00:35:11,330 --> 00:35:08,040

deaths of two military personnel after

747

00:35:12,590 --> 00:35:11,340

Davis Sydenham Brown died the pair met

748

00:35:16,520 --> 00:35:12,600

with another Air Force intelligence

749

00:35:18,110 --> 00:35:16,530

officer a guy named Colonel sander who

750

00:35:20,330 --> 00:35:18,120

tried to convince him that the UFO

751

00:35:29,570 --> 00:35:20,340

material was nothing but slag from a

752

00:35:32,900 --> 00:35:29,580

Tacoma smelter but who nevertheless

753

00:35:35,780 --> 00:35:32,910

refused to let either keep even a single

754

00:35:37,460 --> 00:35:35,790

piece of the slag so this is very

755

00:35:39,650 --> 00:35:37,470

similar to Roswell where Jesse Marcel

756

00:35:41,690 --> 00:35:39,660

son who should have been allowed to keep

757

00:35:45,290 --> 00:35:41,700

the debris if it wasn't really a weather

758

00:35:47,630 --> 00:35:45,300

balloon so he got the clampdown going on

759

00:35:50,030 --> 00:35:47,640

Emil's smith retired to Florida where he

760

00:35:52,190 --> 00:35:50,040

still lives as far as I know although

761

00:35:52,700 --> 00:35:52,200

I'm still doing my best to kind of track

762

00:35:55,160 --> 00:35:52,710

him down

763

00:35:57,440 --> 00:35:55,170

Arnold went on to more Fame with his own

764

00:35:59,390 --> 00:35:57,450

sighting in fact he became a national

765

00:36:01,100 --> 00:35:59,400

celebrity and gave lectures at UFO

766

00:36:03,380 --> 00:36:01,110

conferences across the country for many

767

00:36:04,910 --> 00:36:03,390

years although the Maury Island story

768

00:36:06,830 --> 00:36:04,920

appears in his book the coming of the

769

00:36:08,920 --> 00:36:06,840

saucers it does not comprise really a

770

00:36:11,090 --> 00:36:08,930

big part of the story he told and retold

771

00:36:14,210 --> 00:36:11,100

at the lecture circuit here's a

772

00:36:15,650 --> 00:36:14,220

photograph of Arnold from 1962 running

773

00:36:18,350 --> 00:36:15,660

as a Republican for the lieutenant

774

00:36:20,000 --> 00:36:18,360

governor's office of Idaho obviously

775

00:36:24,250 --> 00:36:20,010

shaking hands with with Dwight

776

00:36:29,810 --> 00:36:26,690

so the only further public record of

777

00:36:31,040 --> 00:36:29,820

Harold Dahl is that he continued to live

778

00:36:33,800 --> 00:36:31,050

in Tacoma

779

00:36:36,349 --> 00:36:33,810

once subletting a house to a typewriter

780

00:36:38,450 --> 00:36:36,359

rental office and once operating a gun

781

00:36:41,359 --> 00:36:38,460

shop with a federal export license and

782

00:36:42,950 --> 00:36:41,369

he sold antique furniture the log

783

00:36:44,890 --> 00:36:42,960

business never took off after that

784

00:36:48,710 --> 00:36:44,900

encounter with the men in black and

785

00:36:50,960 --> 00:36:48,720

Harold Dahl died in 1980

786

00:36:52,609 --> 00:36:50,970

even though fredchristman had died five

787

00:36:55,340 --> 00:36:52,619

years earlier the course of his life

788

00:37:03,620 --> 00:36:55,350

took on far more dramatic turns than

789

00:37:05,690 --> 00:37:03,630

Harold Dahl okay this is one of the

790

00:37:07,270 --> 00:37:05,700

mj-12 documents that the woods the

791

00:37:10,609 --> 00:37:07,280

surfer do we know Robert and Ryan would

792

00:37:13,520 --> 00:37:10,619

yeah I can't speak about the

793

00:37:15,500 --> 00:37:13,530

authenticity or the provenance again of

794

00:37:17,470 --> 00:37:15,510

this document but it is interesting in

795

00:37:19,790 --> 00:37:17,480

what it says at the bottom after

796

00:37:21,560 --> 00:37:19,800

recapping the Davidson Brown crash it

797

00:37:23,599 --> 00:37:21,570

reports that the material given to

798

00:37:27,500 --> 00:37:23,609

Davidson and Brown was believed to come

799

00:37:30,650 --> 00:37:27,510

from Maury island and may be celestial

800

00:37:33,230 --> 00:37:30,660

fragments containing metal from nuclear

801
00:37:35,750 --> 00:37:33,240
reactor from a UFO the fragments were

802
00:37:38,780 --> 00:37:35,760
turned over to CIA agent clay Shaw in

803
00:37:42,190 --> 00:37:38,790
Chrisman was ordered to the Alaskan ADC

804
00:37:44,870 --> 00:37:42,200
for assignment in in project IV i

805
00:37:47,300 --> 00:37:44,880
kruseman then did indeed go to Alaska

806
00:37:49,820 --> 00:37:47,310
after all the events of Maury island and

807
00:37:51,230 --> 00:37:49,830
and he was also reactivated for military

808
00:37:52,520 --> 00:37:51,240
service like a lot of people in the

809
00:37:55,640 --> 00:37:52,530
Korean War is death World War two

810
00:37:57,740 --> 00:37:55,650
veteran and reactivated for Korea so it

811
00:38:04,400 --> 00:37:57,750
does make reference then to this CIA

812
00:38:06,590 --> 00:38:04,410
agent clay Shaw this is clay Shaw played

813
00:38:11,180 --> 00:38:06,600

by Tommy Lee Jones actually in the JFK

814

00:38:12,770 --> 00:38:11,190

movie he was one of three people that

815

00:38:14,660 --> 00:38:12,780

New Orleans District Attorney Jim

816

00:38:16,250 --> 00:38:14,670

Garrison attempted to indict as part of

817

00:38:19,190 --> 00:38:16,260

a conspiracy in the assassination of

818

00:38:20,840 --> 00:38:19,200

John F Kennedy one of the others Edgar

819

00:38:22,609 --> 00:38:20,850

Eugene Bradley was refused extradition

820

00:38:24,970 --> 00:38:22,619

from the state of California where he

821

00:38:27,320 --> 00:38:24,980

lived by then Governor Ronald Reagan

822

00:38:29,599 --> 00:38:27,330

although Shaw was exonerated in

823

00:38:31,340 --> 00:38:29,609

Garrison's famous trial a poll of the

824

00:38:33,620 --> 00:38:31,350

jurors said they believed that Shaw had

825

00:38:36,280 --> 00:38:33,630

worked for the CIA or something like it

826

00:38:37,800 --> 00:38:36,290

in the late 1970s a former CIA

827

00:38:41,350 --> 00:38:37,810

operative named Victor Marchetti

828

00:38:45,430 --> 00:38:41,360

verified that Shaw was indeed on the CIA

829

00:38:46,750 --> 00:38:45,440

payroll this is a document from the

830

00:38:49,060 --> 00:38:46,760

National Archives that supposedly

831

00:38:51,190 --> 00:38:49,070

demonstrates that Clay Shaw was in the

832

00:38:59,440 --> 00:38:51,200

u.s. at the time of Wernher von Braun's

833

00:39:07,180 --> 00:38:59,450

surrender is is it exculpatory of his

834

00:39:09,160 --> 00:39:07,190

involvement or or was Shaw handling

835

00:39:12,160 --> 00:39:09,170

things from the US side again the this

836

00:39:14,680 --> 00:39:12,170

is a reference to a Verna von Braun as I

837

00:39:17,230 --> 00:39:14,690

said previously Ray Palmer

838

00:39:19,960 --> 00:39:17,240

actually was involved with this

839

00:39:22,600 --> 00:39:19,970

publication that was part of von Braun's

840

00:39:25,540 --> 00:39:22,610

group the I5 Society Sean's historic

841

00:39:26,710 --> 00:39:25,550

Shaw's historic record has had a number

842

00:39:28,750 --> 00:39:26,720

of curious things done to it including

843

00:39:31,090 --> 00:39:28,760

volumes of who's who having been wiped

844

00:39:32,980 --> 00:39:31,100

clean of his connection to perman decks

845

00:39:35,320 --> 00:39:32,990

and the central Mondale commerciale

846

00:39:37,590 --> 00:39:35,330

which are two international agencies in

847

00:39:39,730 --> 00:39:37,600

something called the Torbett document

848

00:39:41,680 --> 00:39:39,740

that these things are mentioned

849

00:39:43,510 --> 00:39:41,690

prominently there again these references

850

00:39:47,020 --> 00:39:43,520

exist in earlier volumes of who's who

851
00:39:48,160 --> 00:39:47,030
and are gone after 1963 so take it for

852
00:39:50,350 --> 00:39:48,170
what it's worth in the official

853
00:39:52,300 --> 00:39:50,360
documentary record of Clay Shaw you do

854
00:39:56,560 --> 00:39:52,310
have a pattern of the record going back

855
00:39:59,020 --> 00:39:56,570
and being changed again as I said Shaw

856
00:40:02,110 --> 00:39:59,030
has mentioned prominently in something

857
00:40:03,900 --> 00:40:02,120
called the Torbett document the Tauber

858
00:40:08,320 --> 00:40:03,910
document is a famous bit of underground

859
00:40:10,030 --> 00:40:08,330
information that circulated photocopy to

860
00:40:11,920 --> 00:40:10,040
photocopy until it was finally collected

861
00:40:15,160 --> 00:40:11,930
for the first time in a book that I put

862
00:40:17,260 --> 00:40:15,170
together called NASA Nazis and JFK the

863
00:40:19,030 --> 00:40:17,270

torpid document claims that Shaw played

864

00:40:22,330 --> 00:40:19,040

a large part in managing the surrender

865

00:40:23,920 --> 00:40:22,340

of Verner von Braun one of the Nazi

866

00:40:26,830 --> 00:40:23,930

rocket scientist who helped build the

867

00:40:29,050 --> 00:40:26,840

American space program the Torbett

868

00:40:31,150 --> 00:40:29,060

document fits this information into the

869

00:40:34,030 --> 00:40:31,160

background of the JFK assassination in

870

00:40:36,340 --> 00:40:34,040

fact the book includes a photo of JFK

871

00:40:41,020 --> 00:40:36,350

conferring with von Braun just days

872

00:40:45,410 --> 00:40:43,880

now Jim Garrison supposedly first became

873

00:40:48,230 --> 00:40:45,420

interested in Chrisman after receiving

874

00:40:50,990 --> 00:40:48,240

this letter anonymously and this was

875

00:40:53,000 --> 00:40:51,000

supplied to me by an FBI guy whose

876

00:40:57,080 --> 00:40:53,010

specialty is the Robert Kennedy

877

00:40:59,270 --> 00:40:57,090

assassination a guy named Bill Turner it

878

00:41:01,520 --> 00:40:59,280

claims that Chrisman was the first man

879

00:41:04,400 --> 00:41:01,530

Clay Shaw called after finding out that

880

00:41:05,960 --> 00:41:04,410

garrison was pursuing him it also claims

881

00:41:08,330 --> 00:41:05,970

that Chrisman was responsible for the

882

00:41:11,000 --> 00:41:08,340

disappearance of \$2,000 intended to pay

883

00:41:14,530 --> 00:41:11,010

assassins among the anti-castro Cubans

884

00:41:16,880 --> 00:41:14,540

in Florida to assassinate Fidel Castro

885

00:41:19,640 --> 00:41:16,890

listed among Chrisman's associates was

886

00:41:21,560 --> 00:41:19,650

Sergio Acosta Smith a man garrison did

887

00:41:24,590 --> 00:41:21,570

eventually try to extradite from Texas

888

00:41:25,730 --> 00:41:24,600

in connection to his role in something

889

00:41:26,870 --> 00:41:25,740
called the Cuban Democratic

890

00:41:29,270 --> 00:41:26,880
revolutionary front

891

00:41:31,640 --> 00:41:29,280
what garrison considered a CIA front

892

00:41:34,010 --> 00:41:31,650
group for the assassination the second

893

00:41:37,070 --> 00:41:34,020
most famous member of the group was

894

00:41:39,500 --> 00:41:37,080
David Ferrie the albino pilot friend of

895

00:41:43,040 --> 00:41:39,510
Lee Harvey Oswald the most famous member

896

00:41:45,350 --> 00:41:43,050
of the group was Oswald himself who

897

00:41:48,110 --> 00:41:45,360
worked its propaganda arm called the

898

00:41:49,490 --> 00:41:48,120
fair play for Cuba committee some of

899

00:41:53,780 --> 00:41:49,500
this might be familiar to you from the

900

00:41:55,580 --> 00:41:53,790
JFK movie but Oswald operated their

901
00:41:57,170 --> 00:41:55,590
propaganda wing from an office in New

902
00:41:59,090 --> 00:41:57,180
Orleans that doubled as a private

903
00:42:06,440 --> 00:41:59,100
investigators office for a man named guy

904
00:42:08,780 --> 00:42:06,450
banister but garrison new guy banister

905
00:42:10,520 --> 00:42:08,790
in the 1940s you remember Barris the

906
00:42:13,040 --> 00:42:10,530
banister now from the earlier part of

907
00:42:14,840 --> 00:42:13,050
the lecture he was an FBI special agent

908
00:42:17,810 --> 00:42:14,850
in charge who recovered the 30-inch disc

909
00:42:19,880 --> 00:42:17,820
near the time of the mauryan case jim

910
00:42:22,220 --> 00:42:19,890
garrison says in his autobiography that

911
00:42:23,990 --> 00:42:22,230
he knew Bannister well and often had

912
00:42:25,910 --> 00:42:24,000
lunch with him to talk about what was

913
00:42:27,860 --> 00:42:25,920

happening the trade stories you know

914

00:42:30,560 --> 00:42:27,870

shoot this [h__\h] kind of thing surely

915

00:42:32,390 --> 00:42:30,570

Bannister mentioned that certainly he

916

00:42:35,390 --> 00:42:32,400

mentioned Bannister must have mentioned

917

00:42:36,860 --> 00:42:35,400

a garrison about the 30 inch saucer did

918

00:42:38,510 --> 00:42:36,870

either man have knowledge of Maury

919

00:42:40,400 --> 00:42:38,520

island and did they discuss that

920

00:42:42,920 --> 00:42:40,410

certainly there was some buzz going

921

00:42:44,600 --> 00:42:42,930

around about it in the FBI and parts of

922

00:42:46,190 --> 00:42:44,610

it were appearing in the newspapers that

923

00:42:49,760 --> 00:42:46,200

garrison seems to know nothing of

924

00:42:51,800 --> 00:42:49,770

kruseman in 1968 it's another instance

925

00:42:52,579 --> 00:42:51,810

just as with Ray Palmer that Christmas

926

00:43:01,039 --> 00:42:52,589

presents should have

927

00:43:02,870 --> 00:43:01,049

telegraphed ahead but it wasn't again if

928

00:43:04,999 --> 00:43:02,880

you're too young to remember this this

929

00:43:07,059 --> 00:43:05,009

history you'll have to harken all the

930

00:43:09,890 --> 00:43:07,069

way back to Oliver Stone's movie JFK

931

00:43:12,140 --> 00:43:09,900

Chrisman doesn't appear in it but Kevin

932

00:43:13,609 --> 00:43:12,150

Costner does a good job of going over

933

00:43:24,829 --> 00:43:13,619

the more visible aspects of Garrison's

934

00:43:26,329 --> 00:43:24,839

investigation as Garrison's

935

00:43:28,880 --> 00:43:26,339

investigation of Chrisman continued he

936

00:43:31,039 --> 00:43:28,890

discovered that kruseman had several

937

00:43:32,359 --> 00:43:31,049

undercover lives including being a

938

00:43:34,609 --> 00:43:32,369

minister and a number of right-wing

939

00:43:36,890 --> 00:43:34,619

churches and militia groups this is the

940

00:43:39,199 --> 00:43:36,900

ID for his ministry in the Universal

941

00:43:41,029 --> 00:43:39,209

Life Church a group that I understand

942

00:43:43,789 --> 00:43:41,039

still sells divinity degrees and the

943

00:43:45,769 --> 00:43:43,799

classified ads in the backs of various

944

00:43:47,539 --> 00:43:45,779

newspapers the Warren Commission itself

945

00:43:50,269 --> 00:43:47,549

had actually investigated one such group

946

00:43:51,920 --> 00:43:50,279

I mentioned it earlier the Minutemen the

947

00:43:53,539 --> 00:43:51,930

Warren Commission never looked into

948

00:43:56,089 --> 00:43:53,549

Chrisman himself but this group the

949

00:43:58,429 --> 00:43:56,099

Minutemen included as its chaplain a man

950

00:44:01,069 --> 00:43:58,439

named Reverend Bob lui who still

951
00:44:02,929 --> 00:44:01,079
practices his ministry and publishes a

952
00:44:04,789 --> 00:44:02,939
newspaper the alarming cry out of lanes

953
00:44:06,949 --> 00:44:04,799
Lee Washington the interesting thing

954
00:44:09,259 --> 00:44:06,959
about Laroy is that he claims that his

955
00:44:10,910 --> 00:44:09,269
now deceased brother Barney witnessed

956
00:44:13,459 --> 00:44:10,920
the original Maury Island saucer

957
00:44:16,609 --> 00:44:13,469
encounter from a few hundred feet down

958
00:44:19,189 --> 00:44:16,619
along the shore and yet when garrison

959
00:44:21,380 --> 00:44:19,199
announced his interest in Christmas he

960
00:44:23,719 --> 00:44:21,390
said that it was in connection not to

961
00:44:26,870 --> 00:44:23,729
these right-wing groups but to

962
00:44:29,419 --> 00:44:26,880
Chrisman's undercover work as quote that

963
00:44:31,849 --> 00:44:29,429

part of the warfare industry engaged in

964

00:44:34,429 --> 00:44:31,859

the manufacture of what is termed in

965

00:44:36,589 --> 00:44:34,439

military language hardware meaning those

966

00:44:38,479 --> 00:44:36,599

weapons sold to the US government that

967

00:44:41,049 --> 00:44:38,489

are uniquely large and expensive in

968

00:44:44,689 --> 00:44:41,059

other words according to garrison

969

00:44:50,120 --> 00:44:44,699

Chrisman was an industrial spy and as we

970

00:44:52,459 --> 00:44:50,130

go along presumably also an assassin and

971

00:44:55,160 --> 00:44:52,469

so through through garrison and through

972

00:44:56,569 --> 00:44:55,170

the many other files that have emerged

973

00:44:58,999 --> 00:44:56,579

to the Freedom of Information Act we

974

00:45:01,459 --> 00:44:59,009

find that fredchristman at the very

975

00:45:03,340 --> 00:45:01,469

least had a multi-faceted life one

976

00:45:06,460 --> 00:45:03,350

document I was talking to

977

00:45:08,740 --> 00:45:06,470

been about this called the easy papers

978

00:45:10,930 --> 00:45:08,750

outlines a lifelong career in covert

979

00:45:12,490 --> 00:45:10,940

services for Chrisman starting with the

980

00:45:14,860 --> 00:45:12,500

Office of Strategic Services during

981

00:45:17,200 --> 00:45:14,870

World War two where he presumably would

982

00:45:20,020 --> 00:45:17,210

have met Clay Shaw and ending with his

983

00:45:22,660 --> 00:45:20,030

involvement with the local politics of

984

00:45:24,610 --> 00:45:22,670

Tacoma Washington by this account

985

00:45:26,710 --> 00:45:24,620

considered by some to actually have been

986

00:45:29,260 --> 00:45:26,720

written by Chrisman himself kruseman is

987

00:45:31,800 --> 00:45:29,270

an agent of something called the 4250

988

00:45:34,690 --> 00:45:31,810

ECE division of the CIA and that

989

00:45:35,740 --> 00:45:34,700

document makes no reference at all to

990

00:45:38,910 --> 00:45:35,750

Maury Island

991

00:45:41,650 --> 00:45:38,920

here is his Social Security application

992

00:45:45,940 --> 00:45:41,660

wherein kruseman claims only to be

993

00:45:48,310 --> 00:45:45,950

employed by warner brothers so much

994

00:45:50,320 --> 00:45:48,320

later in life Griezmann would claim that

995

00:45:52,900 --> 00:45:50,330

the old Roy Thinnes show do you remember

996

00:45:55,900 --> 00:45:52,910

the invaders yeah he said that that was

997

00:45:57,160 --> 00:45:55,910

actually patterned after his life but

998

00:45:58,630 --> 00:45:57,170

this was but this here is an early

999

00:46:01,300 --> 00:45:58,640

indication that cruising may have had

1000

00:46:03,850 --> 00:46:01,310

may have worked as an actor in some

1001
00:46:07,960 --> 00:46:03,860
capacity in the entertainment business

1002
00:46:10,150 --> 00:46:07,970
and the CIA references constantly appear

1003
00:46:15,300 --> 00:46:10,160
in Chrisman's own personal legend here's

1004
00:46:17,050 --> 00:46:15,310
some stationery for something called the

1005
00:46:18,400 --> 00:46:17,060
and you can't tell it from the

1006
00:46:20,170 --> 00:46:18,410
stationery but you can tell it from the

1007
00:46:23,170 --> 00:46:20,180
if you could read this something called

1008
00:46:28,500 --> 00:46:23,180
the I wonder the Civic Improvement

1009
00:46:31,990 --> 00:46:28,510
Alliance the CIA kruseman did in fact

1010
00:46:34,240 --> 00:46:32,000
run for several local political offices

1011
00:46:36,690 --> 00:46:34,250
in tacoma and served on the board of

1012
00:46:39,070 --> 00:46:36,700
directors of the local library

1013
00:46:42,190 --> 00:46:39,080

kruseman also became an early version of

1014

00:46:48,940 --> 00:46:42,200

rush limbaugh doing a right-wing talk

1015

00:46:50,920 --> 00:46:48,950

show on tacoma's ka ye radio and because

1016

00:46:55,090 --> 00:46:50,930

of this he said that leftist tried to

1017

00:46:58,300 --> 00:46:55,100

assassinate him in 1968 these are the

1018

00:46:59,980 --> 00:46:58,310

bullet holes in his car over here over

1019

00:47:02,830 --> 00:46:59,990

here is the arrest record of the night

1020

00:47:04,570 --> 00:47:02,840

that he got the bullet holes of course

1021

00:47:07,300 --> 00:47:04,580

the person arrested was kruseman himself

1022

00:47:10,590 --> 00:47:07,310

for driving recklessly disorderly

1023

00:47:13,270 --> 00:47:10,600

conduct and resisting arrest that night

1024

00:47:16,120 --> 00:47:13,280

there are persistence stories that he

1025

00:47:18,220 --> 00:47:16,130

hung around also with the guess

1026

00:47:24,930 --> 00:47:18,230

am seen in Tacoma and that this might

1027

00:47:28,960 --> 00:47:26,980

during the period of the late 1960s

1028

00:47:30,790 --> 00:47:28,970

Griezmann also made a few appearances at

1029

00:47:32,830 --> 00:47:30,800

UFO conferences and correspondent with

1030

00:47:36,580 --> 00:47:32,840

two well-known UFO researchers gary

1031

00:47:38,620 --> 00:47:36,590

leslie and lucius Farish hope you know

1032

00:47:40,480 --> 00:47:38,630

those names all of that correspondence

1033

00:47:42,820 --> 00:47:40,490

can be found in the Mauryan book if you

1034

00:47:44,110 --> 00:47:42,830

can find the more Island book and it is

1035

00:47:45,700 --> 00:47:44,120

interesting that Chrisman basically

1036

00:47:50,910 --> 00:47:45,710

claims that for all intents and purposes

1037

00:47:56,020 --> 00:47:53,910

okay so why are you thinking of all that

1038

00:47:57,910 --> 00:47:56,030

let's take a closer look at what

1039

00:48:01,780 --> 00:47:57,920

Christman's possible involvement in the

1040

00:48:03,340 --> 00:48:01,790

Kennedy assassination looked like this

1041

00:48:09,100 --> 00:48:03,350

photograph first appeared in the Torbett

1042

00:48:12,640 --> 00:48:09,110

document I guess some of you have seen

1043

00:48:14,140 --> 00:48:12,650

it so it is so I've got a reproduced in

1044

00:48:16,150 --> 00:48:14,150

NASA Nazis in JFK by the way I've got

1045

00:48:20,410 --> 00:48:16,160

NASA knots there lots of copies of NASA

1046

00:48:22,750 --> 00:48:20,420

Nazis in JFK this is of course a

1047

00:48:24,400 --> 00:48:22,760

photograph of three alleged hobos or

1048

00:48:26,020 --> 00:48:24,410

tramps or whatever gonna call them bums

1049

00:48:28,300 --> 00:48:26,030

that were arrested in the rail yard

1050

00:48:36,130 --> 00:48:28,310

behind the grassy knoll in DC Dealey

1051
00:48:41,980 --> 00:48:36,140
Plaza on November 11th 1963 here's a

1052
00:48:46,330 --> 00:48:41,990
more close-up look notice that this

1053
00:48:53,930 --> 00:48:51,610
this yeah okay yeah okay ah let's see

1054
00:48:55,400 --> 00:48:53,940
notice that despite the fact that these

1055
00:48:57,170 --> 00:48:55,410
three may have been involved in the

1056
00:49:00,740 --> 00:48:57,180
assassination of the president the

1057
00:49:02,600 --> 00:49:00,750
police guards both have their guns

1058
00:49:06,230 --> 00:49:02,610
relaxed and pointing down kind of

1059
00:49:11,210 --> 00:49:06,240
casually also these tramps are

1060
00:49:13,220 --> 00:49:11,220
surprisingly well dressed for tramps Jim

1061
00:49:15,050 --> 00:49:13,230
Garrison actually took this photo onto

1062
00:49:17,060 --> 00:49:15,060
the Johnny Carson show Johnny Carson

1063
00:49:19,550 --> 00:49:17,070

actually devoted one of his programs to

1064

00:49:21,050 --> 00:49:19,560

an interview with Jim Garrison and it

1065

00:49:23,090 --> 00:49:21,060

was really the first exposure of this

1066

00:49:26,150 --> 00:49:23,100

photograph to the world at large and

1067

00:49:28,130 --> 00:49:26,160

like a lot of Johnny Carson's show his

1068

00:49:30,830 --> 00:49:28,140

archives have disappeared and you can't

1069

00:49:32,780 --> 00:49:30,840

get a video of it but we do have an

1070

00:49:44,640 --> 00:49:32,790

audio of the entire show and steam

1071

00:49:50,100 --> 00:49:47,730

okay these three have been identified as

1072

00:49:52,020 --> 00:49:50,110

various people by various researchers

1073

00:49:53,910 --> 00:49:52,030

one famous accusation is that two of

1074

00:49:56,040 --> 00:49:53,920

them are Watergate burglars Frank

1075

00:49:58,110 --> 00:49:56,050

Sturgis and E Howard hunt another

1076

00:49:59,520 --> 00:49:58,120

candidate is Charles Harrelson the

1077

00:50:01,950 --> 00:49:59,530

father of Woody Harrelson

1078

00:50:04,320 --> 00:50:01,960

there are even official arrest records

1079

00:50:05,520 --> 00:50:04,330

for them one of them actually is

1080

00:50:08,430 --> 00:50:05,530

officially named Harold

1081

00:50:11,010 --> 00:50:08,440

Doyle which has a name that sounds very

1082

00:50:14,850 --> 00:50:11,020

much like Harold Dahl especially if you

1083

00:50:16,110 --> 00:50:14,860

speak it with a Texas accent and this

1084

00:50:20,670 --> 00:50:16,120

one it is this one that bears the

1085

00:50:28,890 --> 00:50:20,680

resemblance to Chrisman standard

1086

00:50:30,750 --> 00:50:28,900

kruseman mugshot here again walking in a

1087

00:50:33,960 --> 00:50:30,760

different direction along Elm Street in

1088

00:50:34,620 --> 00:50:33,970

Dallas you notice this one you can't

1089

00:50:42,480 --> 00:50:34,630

even see it

1090

00:50:44,550 --> 00:50:42,490

and that's deliberate this [h__h] right

1091

00:50:46,460 --> 00:50:44,560

back here is hiding behind this guy

1092

00:50:49,080 --> 00:50:46,470

there are three tramps but you can't see

1093

00:50:50,790 --> 00:50:49,090

someone who is actually this is the

1094

00:50:54,090 --> 00:50:50,800

Chrisman figure and the person behind

1095

00:51:02,950 --> 00:50:54,100

him is been identified as E Howard hunt

1096

00:51:09,500 --> 00:51:07,240

God if you do this okay

1097

00:51:14,150 --> 00:51:09,510

if you twitch even a little you're like

1098

00:51:15,349 --> 00:51:14,160

three slides in fact according to one of

1099

00:51:16,760 --> 00:51:15,359

the most well-known experts of the

1100

00:51:18,590 --> 00:51:16,770

photographic evidence in the JFK

1101
00:51:21,410 --> 00:51:18,600
assassination a man named Robert Groden

1102
00:51:26,000 --> 00:51:21,420
a blow-up of this suggests that this

1103
00:51:27,800 --> 00:51:26,010
[h__\h] the haunt [h__\h] has a radio device

1104
00:51:33,620 --> 00:51:27,810
and there is there is something here

1105
00:51:35,780 --> 00:51:33,630
radio device behind his ear another

1106
00:51:37,430 --> 00:51:35,790
well-respected researcher a man named L

1107
00:51:44,000 --> 00:51:37,440
Fletcher Prouty who died not too long

1108
00:51:45,470 --> 00:51:44,010
ago argues that this man this guy here

1109
00:51:48,400 --> 00:51:45,480
walking in the other direction of the

1110
00:51:50,570 --> 00:51:48,410
tramps is Edward Lansdale

1111
00:51:52,370 --> 00:51:50,580
lancedale is a well-known figure in

1112
00:51:53,960 --> 00:51:52,380
American history he was a special

1113
00:51:57,440 --> 00:51:53,970

assistant to ambassador Henry Cabot

1114

00:52:00,200 --> 00:51:57,450

Lodge and a CIA OSS operative in Vietnam

1115

00:52:03,290 --> 00:52:00,210

in the 1950s in fact he has been the

1116

00:52:05,359 --> 00:52:03,300

subject of two film biographies 1963 s

1117

00:52:07,580 --> 00:52:05,369

The Ugly American where he's played by

1118

00:52:10,040 --> 00:52:07,590

Marlon Brando and that's based on a

1119

00:52:11,990 --> 00:52:10,050

novel by William later ER and a very

1120

00:52:14,300 --> 00:52:12,000

recent movie with Michael Caine called

1121

00:52:17,510 --> 00:52:14,310

the quiet American based on a novel by

1122

00:52:20,020 --> 00:52:17,520

Graham Greene which basically has the

1123

00:52:22,970 --> 00:52:20,030

land scale character working as a covert

1124

00:52:25,400 --> 00:52:22,980

spy to help bring the u.s. into the

1125

00:52:26,810 --> 00:52:25,410

Vietnam War and that OSS connection is

1126

00:52:28,790 --> 00:52:26,820

significant because fredchristman

1127

00:52:34,580 --> 00:52:28,800

claimed to have been to have had a

1128

00:52:35,930 --> 00:52:34,590

background with the OSS now prowdy

1129

00:52:39,670 --> 00:52:35,940

claimed that a blow-up of this

1130

00:52:44,120 --> 00:52:39,680

photograph shows the Lansdale figure

1131

00:52:45,349 --> 00:52:44,130

with a radio device behind his ear so

1132

00:52:48,340 --> 00:52:45,359

you got him walking that way the other

1133

00:52:52,490 --> 00:52:48,350

guy walking that way with a coordinated

1134

00:52:54,830 --> 00:52:52,500

kind of operation going off okay so now

1135

00:52:58,010 --> 00:52:54,840

what we're going to do is take a look at

1136

00:53:00,800 --> 00:52:58,020

this a brooder film okay so I have to

1137

00:53:02,359 --> 00:53:00,810

move over to this here we go again the

1138

00:53:05,730 --> 00:53:02,369

most studied film in the history of

1139

00:53:29,220 --> 00:53:18,410

oh I've got another piece of technology

1140

00:53:30,570 --> 00:53:29,230

you know you can barely get is there a

1141

00:53:55,610 --> 00:53:30,580

remote for this it looks like they're

1142

00:54:07,350 --> 00:53:57,660

I'm not trying to do this without the

1143

00:54:09,240 --> 00:54:07,360

remote first of the digital versions and

1144

00:54:11,520 --> 00:54:09,250

is shown without the images between the

1145

00:54:13,410 --> 00:54:11,530

sprocket holes the framing is the

1146

00:54:17,060 --> 00:54:13,420

standard format I'm gonna have to stop

1147

00:54:23,040 --> 00:54:19,230

first thing I'd like to point out is the

1148

00:54:25,530 --> 00:54:23,050

shot from the grassy knoll just to you

1149

00:54:27,720 --> 00:54:25,540

know cuz you all know this the shots

1150

00:54:31,380 --> 00:54:27,730

coming from here it's hitting Kennedy in

1151

00:54:32,970 --> 00:54:31,390

the head and then HC it goes back it's

1152

00:54:39,000 --> 00:54:32,980

not from the Book Depository anything

1153

00:54:41,400 --> 00:54:39,010

like that okay that was the grassy knoll

1154

00:54:43,650 --> 00:54:41,410

shot no magic is a replay of the

1155

00:54:46,830 --> 00:54:43,660

standard format version this time in

1156

00:54:51,990 --> 00:54:46,840

slow motion sure there's a pause button

1157

00:54:57,770 --> 00:54:52,000

on this can anybody tell me where the

1158

00:55:00,750 --> 00:54:57,780

pause button is what's right yeah ditto

1159

00:55:03,600 --> 00:55:00,760

sorry so trying to figure out the

1160

00:55:12,930 --> 00:55:03,610

equipment I don't see a ditto sighs can

1161

00:55:17,220 --> 00:55:15,270

it's at the right of the TV that's

1162

00:55:19,650 --> 00:55:17,230

nothing TV sorry ok well this gets

1163

00:55:21,120 --> 00:55:19,660

replayed a few times no magic ball I

1164

00:55:22,920 --> 00:55:21,130

notice that Arlen Specter is actually

1165

00:55:24,270 --> 00:55:22,930

running for something around here you

1166

00:55:26,580 --> 00:55:24,280

all know that Arlen Specter is the

1167

00:55:33,890 --> 00:55:26,590

author of the Magic Bullet theory yeah

1168

00:55:38,790 --> 00:55:37,110

ok so again the grassy knoll shop is the

1169

00:55:41,130 --> 00:55:38,800

grassy knoll and behind that as the rail

1170

00:55:43,730 --> 00:55:41,140

yard is between the bottles could only

1171

00:55:46,800 --> 00:55:43,740

prismatic knives of the original film

1172

00:55:49,130 --> 00:55:46,810

this is the first time that those images

1173

00:55:51,660 --> 00:55:49,140

can be seen as part of a motion sequence

1174

00:55:56,030 --> 00:55:51,670

ok there's more to be seen here so it's

1175

00:56:00,900 --> 00:55:58,260

want to point out somebody after the

1176

00:56:03,420 --> 00:56:00,910

Stemmons freeway sign right here soon as

1177

00:56:04,950 --> 00:56:03,430

the car emerges take a close look two

1178

00:56:06,870 --> 00:56:04,960

people actually but the one that's most

1179

00:56:09,630 --> 00:56:06,880

interesting is the second one this guy

1180

00:56:12,180 --> 00:56:09,640

here that guy is known as radio

1181

00:56:13,590 --> 00:56:12,190

controller man to Kennedy assassination

1182

00:56:18,720 --> 00:56:13,600

researchers the guy before him is the

1183

00:56:20,100 --> 00:56:18,730

umbrella man so the radio controller man

1184

00:56:21,840 --> 00:56:20,110

you can see from here and you can see

1185

00:56:23,580 --> 00:56:21,850

from other photographs this is my replay

1186

00:56:25,290 --> 00:56:23,590

with the image see it again the sprocket

1187

00:56:32,100 --> 00:56:25,300

Eddy's holding radios control device in

1188

00:56:34,320 --> 00:56:32,110

slow motion I would if I could figure

1189

00:56:36,120 --> 00:56:34,330

out the equipment but it plays many

1190

00:56:38,250 --> 00:56:36,130

times so we can look it over and over

1191

00:56:39,600 --> 00:56:38,260

again and you can see not only does they

1192

00:56:43,260 --> 00:56:39,610

have a radio control device he's

1193

00:56:48,870 --> 00:56:43,270

coordinating the shot radio controller

1194

00:56:51,030 --> 00:56:48,880

man ok here we go there's the sign

1195

00:56:53,760 --> 00:56:51,040

there's the umbrella man and there's

1196

00:56:55,230 --> 00:56:53,770

radio controller man do and shoot from

1197

00:56:56,490 --> 00:56:55,240

the nail techs buildings shoot from the

1198

00:56:58,560 --> 00:56:56,500

grassy knoll and shoot from the Book

1199

00:57:13,700 --> 00:56:58,570

Depository all are being coordinated by

1200

00:57:19,970 --> 00:57:15,710

I know it will upset a few people but

1201
00:57:22,250 --> 00:57:19,980
the driver doesn't do it he this version

1202
00:57:24,530 --> 00:57:22,260
transpose the driver actually slows down

1203
00:57:27,260 --> 00:57:24,540
the quantity and Governor Connally at

1204
00:57:29,510 --> 00:57:27,270
center frame this version is only in

1205
00:57:31,700 --> 00:57:29,520
slow motion is the slow motion and

1206
00:57:34,970 --> 00:57:31,710
close-up you can see William Greer is

1207
00:57:38,630 --> 00:57:34,980
the driver he you could you can also

1208
00:57:40,280 --> 00:57:38,640
swell you tell me there was also a 45

1209
00:57:41,720 --> 00:57:40,290
slug picked up on the other side of Elm

1210
00:57:43,609 --> 00:57:41,730
Street there photographs of an FBI guy

1211
00:57:45,109 --> 00:57:43,619
pick it up so there's 45 going on here

1212
00:58:06,420 --> 00:57:45,119
somewhere but it's not coming from

1213
00:58:10,589 --> 00:58:08,670

this version that zooms in on the image

1214

00:58:13,380 --> 00:58:10,599

as much as possible without causing

1215

00:58:15,960 --> 00:58:13,390

deterioration President Kennedy is kept

1216

00:58:40,569 --> 00:58:15,970

at center frame this is only in slow

1217

00:58:44,919 --> 00:58:42,519

now when he comes out from behind the

1218

00:58:46,599 --> 00:58:44,929

Stemmons freeway sign he's following the

1219

00:58:47,919 --> 00:58:46,609

the umbrella man and there's some

1220

00:58:49,749 --> 00:58:47,929

theories that he's shot actually in the

1221

00:58:51,910 --> 00:58:49,759

throat with kirari poison by the

1222

00:58:54,219 --> 00:58:51,920

umbrella man himself and he's paralyzed

1223

00:58:55,859 --> 00:58:54,229

in that position set up for the next

1224

00:59:11,799 --> 00:58:55,869

shot

1225

00:59:13,660 --> 00:59:11,809

okay these images decades later if you

1226

00:59:24,759 --> 00:59:13,670

could save the questions until I'm done

1227

00:59:27,189 --> 00:59:24,769

a little event it demonstrates that no

1228

00:59:29,289 --> 00:59:27,199

substitute teacher was called in for him

1229

00:59:30,759 --> 00:59:29,299

at Renier high school supporting

1230

00:59:33,489 --> 00:59:30,769

Chrisman's claimed that he was teaching

1231

00:59:35,469 --> 00:59:33,499

that day interesting though that

1232

00:59:40,569 --> 00:59:35,479

although it covers a period from October

1233

00:59:46,630 --> 00:59:40,579

1st 1963 to August 7th 1964 it's all

1234

00:59:48,339 --> 00:59:46,640

written in a single handwriting in the

1235

00:59:49,809 --> 00:59:48,349

aftermath of the life of Fred kruseman

1236

00:59:51,429 --> 00:59:49,819

we come to this individual a rather

1237

00:59:54,519 --> 00:59:51,439

well-known figure among para political

1238

00:59:56,380 --> 00:59:54,529

researchers this is Michael Rocco no

1239

00:59:58,509 --> 00:59:56,390

Sciuto the son of one of Chrisman's

1240

01:00:00,699 --> 00:59:58,519

business partners in Tacoma someone

1241

01:00:02,559 --> 01:00:00,709

named Marshall Rockland oh shoot oh this

1242

01:00:05,319 --> 01:00:02,569

is a photo that appeared in a Tacoma

1243

01:00:08,109 --> 01:00:05,329

paper showing Michael as a boy of 12 a

1244

01:00:10,749 --> 01:00:08,119

wunderkind who at around this time built

1245

01:00:13,239 --> 01:00:10,759

his own argon laser that got him a job

1246

01:00:15,069 --> 01:00:13,249

working for a Nobel Prize winner in

1247

01:00:17,709 --> 01:00:15,079

laser physics a scientist named Arthur

1248

01:00:19,419 --> 01:00:17,719

shale Oh remember that chrisnad himself

1249

01:00:21,429 --> 01:00:19,429

had given this prescient description of

1250

01:00:23,859 --> 01:00:21,439

a laser in his battle with the darros in

1251

01:00:26,130 --> 01:00:23,869

Burma many years before the laser was

1252

01:00:30,880 --> 01:00:28,809

mokona Sciuto became much more widely

1253

01:00:33,489 --> 01:00:30,890

known in the 1990s as the main informer

1254

01:00:35,349 --> 01:00:33,499

to a rider named Danny casolaro and this

1255

01:00:37,779 --> 01:00:35,359

involved his advanced technological

1256

01:00:39,429 --> 01:00:37,789

skills Castle Aero was found dead in a

1257

01:00:41,019 --> 01:00:39,439

West Virginia hotel room while

1258

01:00:46,150 --> 01:00:41,029

investigating an international power

1259

01:00:48,039 --> 01:00:46,160

cabal known as The Octopus rekon of the

1260

01:00:50,380 --> 01:00:48,049

modification he made to a super

1261

01:00:53,799 --> 01:00:50,390

surveillance software used by this

1262

01:00:56,769 --> 01:00:53,809

octopus called promise PR om is he did

1263

01:00:59,140 --> 01:00:56,779

as a part of something called the

1264

01:01:01,140 --> 01:00:59,150

Cabazon Wackenhut joint venture on a

1265

01:01:03,459 --> 01:01:01,150

native Reservation in Indio California

1266

01:01:05,140 --> 01:01:03,469

at the time a series of grisly murders

1267

01:01:06,699 --> 01:01:05,150

accompanied what Ramona she too was

1268

01:01:08,709 --> 01:01:06,709

doing which also includes the

1269

01:01:11,670 --> 01:01:08,719

development of shoulder-fired missiles

1270

01:01:13,900 --> 01:01:11,680

and night-vision goggles and ultimately

1271

01:01:16,650 --> 01:01:13,910

Rico no shooter was convicted for

1272

01:01:18,670 --> 01:01:16,660

running a meth Amedda and finiman lab

1273

01:01:20,349 --> 01:01:18,680

something for which he seems to have

1274

01:01:23,920 --> 01:01:20,359

received an extraordinarily long

1275

01:01:27,370 --> 01:01:23,930

sentence all of this is the subject of a

1276

01:01:29,049 --> 01:01:27,380

book that I wrote called the octopus for

1277

01:01:31,719 --> 01:01:29,059

which I consider the Mauri Island book a

1278

01:01:34,059 --> 01:01:31,729

kind of prequel as I said at the top of

1279

01:01:36,309 --> 01:01:34,069

the lecture a new edition of the octopus

1280

01:01:41,410 --> 01:01:36,319

just came out I have copies of that one

1281

01:01:43,689 --> 01:01:41,420

and this this is this one of my points

1282

01:01:45,249 --> 01:01:43,699

and purposes here in taking this look at

1283

01:01:47,529 --> 01:01:45,259

more Island is to establish that there

1284

01:01:50,049 --> 01:01:47,539

are individuals in situations that

1285

01:01:53,109 --> 01:01:50,059

operate in this covert conspiracy world

1286

01:01:54,999 --> 01:01:53,119

over generations in an interview I

1287

01:01:56,920 --> 01:01:55,009

conducted with Michael Rico no Sciuto

1288

01:01:59,319 --> 01:01:56,930

exclusively about the Maury island case

1289

01:02:02,140 --> 01:01:59,329

Rico no shooter swore that fredchristman

1290

01:02:04,449 --> 01:02:02,150

wrote sixteen hundred pages of notes and

1291

01:02:07,599 --> 01:02:04,459

a biography autobiography that have been

1292

01:02:08,949 --> 01:02:07,609

tucked away in a storage somewhere we're

1293

01:02:10,809 --> 01:02:08,959

gonna shoot is not going to say where

1294

01:02:13,269 --> 01:02:10,819

however unless that information somehow

1295

01:02:14,739 --> 01:02:13,279

gets him out of jail so that's the whole

1296

01:02:17,079 --> 01:02:14,749

thing with a chrono parachute oh what he

1297

01:02:18,910 --> 01:02:17,089

says more or less serves this cause to

1298

01:02:21,179 --> 01:02:18,920

try to get himself I do so it may or may

1299

01:02:24,009 --> 01:02:21,189

not exist

1300

01:02:26,439 --> 01:02:24,019

okay so I'll end this review of the

1301
01:02:27,900 --> 01:02:26,449
history of Mori Islands by reviewing the

1302
01:02:31,630 --> 01:02:27,910
various theories about it

1303
01:02:34,839 --> 01:02:31,640
the first to dismiss is the one I think

1304
01:02:37,689 --> 01:02:34,849
favorite actually by well-known purse

1305
01:02:39,160 --> 01:02:37,699
normal writer John keel for Roswell that

1306
01:02:41,140 --> 01:02:39,170
the more Island saucers were actually

1307
01:02:42,910 --> 01:02:41,150
the Japanese fuga balloons and as I

1308
01:02:44,109 --> 01:02:42,920
mentioned time refutes this idea since

1309
01:02:46,509 --> 01:02:44,119
the few Google balloons went up in

1310
01:02:48,370 --> 01:02:46,519
forty-five and it is not likely to a

1311
01:02:49,630 --> 01:02:48,380
state of law for two years it is

1312
01:02:51,910 --> 01:02:49,640
interesting though that the fuggle

1313
01:02:54,759 --> 01:02:51,920

explanation was also used by guy

1314

01:02:57,910 --> 01:02:54,769

Bannister for the retrieved 30 inch

1315

01:03:00,099 --> 01:02:57,920

saucer that he encountered and again the

1316

01:03:02,439 --> 01:03:00,109

time factor rules that out but it does

1317

01:03:05,199 --> 01:03:02,449

tell us that the saucer wasn't what

1318

01:03:07,290 --> 01:03:05,209

Bannister originally said it was that it

1319

01:03:12,190 --> 01:03:07,300

was a hoax perpetuated by teenagers

1320

01:03:15,120 --> 01:03:12,200

so Bannister admits to the lie and just

1321

01:03:18,579 --> 01:03:15,130

as it with Roswell presents another lie

1322

01:03:21,309 --> 01:03:18,589

and the biggest explanation amore island

1323

01:03:23,559 --> 01:03:21,319

is that the one most accepted by most

1324

01:03:27,130 --> 01:03:23,569

people is that it was a hoax that Harold

1325

01:03:29,079 --> 01:03:27,140

Dahl started this one first by started

1326

01:03:31,599 --> 01:03:29,089

okay it's Harold all himself who started

1327

01:03:34,660 --> 01:03:31,609

this idea that the other thing was a

1328

01:03:38,079 --> 01:03:34,670

hoax by claiming the claiming that it

1329

01:03:39,640 --> 01:03:38,089

was a hoax but any review of the history

1330

01:03:41,349 --> 01:03:39,650

as in pointed out shows that he made

1331

01:03:42,970 --> 01:03:41,359

this claim after a long streak of

1332

01:03:44,890 --> 01:03:42,980

problems that developed in his personal

1333

01:03:46,690 --> 01:03:44,900

life after he was told to keep quiet

1334

01:03:49,569 --> 01:03:46,700

about it so that's the whole thing with

1335

01:03:51,010 --> 01:03:49,579

the hoax idea carried on due to the

1336

01:03:52,839 --> 01:03:51,020

absence now of any piece of the

1337

01:03:54,849 --> 01:03:52,849

retrieved material from the flying discs

1338

01:03:56,980 --> 01:03:54,859

and also at the insistence of his wife

1339

01:03:59,589 --> 01:03:56,990

you know after wife got sick his son

1340

01:04:00,910 --> 01:03:59,599

disappeared his wife said you know he

1341

01:04:03,940 --> 01:04:00,920

had do something about this and Harold

1342

01:04:07,839 --> 01:04:03,950

Dahl began to call it a hoax the the

1343

01:04:09,900 --> 01:04:07,849

pieces of the debris that were in the

1344

01:04:12,220 --> 01:04:09,910

possession of Dahl and kruseman

1345

01:04:14,260 --> 01:04:12,230

disappeared in the crash of the davidson

1346

01:04:16,120 --> 01:04:14,270

and brown plane the pieces that Arnold

1347

01:04:23,170 --> 01:04:16,130

had were turned over to Colonel sander

1348

01:04:25,300 --> 01:04:23,180

and the and the last that he and amyl

1349

01:04:28,359 --> 01:04:25,310

Smith saw of them were in the back of

1350

01:04:29,740 --> 01:04:28,369

Sandra's car this is what Arnold reports

1351

01:04:33,510 --> 01:04:29,750

in his book the coming of the saucers

1352

01:04:35,740 --> 01:04:33,520

and what Smith told the FBI Arnold

1353

01:04:38,620 --> 01:04:35,750

later made the claim that the film he

1354

01:04:42,339 --> 01:04:38,630

took from that period was stolen along

1355

01:04:43,900 --> 01:04:42,349

with his camera as I said in 1977 we

1356

01:04:45,880 --> 01:04:43,910

have however seen the photographs that

1357

01:04:48,400 --> 01:04:45,890

appeared into the coma papers and in the

1358

01:04:51,220 --> 01:04:48,410

FBI reports but of course all of that

1359

01:04:54,910 --> 01:04:51,230

could have just been smelters like so

1360

01:04:56,890 --> 01:04:54,920

what purpose would a hoax serve Arnold

1361

01:04:58,660 --> 01:04:56,900

had his own sighting story that brought

1362

01:05:01,510 --> 01:04:58,670

him all the publicity he wanted so he

1363

01:05:04,660 --> 01:05:01,520

didn't need to perpetuate a hoax Dahl

1364

01:05:07,180 --> 01:05:04,670

quickly went quiet about it and Chrisman

1365

01:05:08,950 --> 01:05:07,190

disappeared also the Air Force never

1366

01:05:11,200 --> 01:05:08,960

conducted a thorough investigation of

1367

01:05:13,180 --> 01:05:11,210

the David Brown crash and never Lee and

1368

01:05:15,880 --> 01:05:13,190

never officially concluded that that was

1369

01:05:18,640 --> 01:05:15,890

a hoax John keel came to believe that

1370

01:05:20,920 --> 01:05:18,650

the hoax was perpetrated to cover up

1371

01:05:23,430 --> 01:05:20,930

radioactive waste dumping

1372

01:05:25,840 --> 01:05:23,440

from the nearby Hanford nuclear plant

1373

01:05:27,970 --> 01:05:25,850

kruseman did indeed get a job at the

1374

01:05:31,540 --> 01:05:27,980

Hanford plant after Maury island so this

1375

01:05:34,510 --> 01:05:31,550

theory posits that this was a reward for

1376

01:05:35,920 --> 01:05:34,520

muddying up the waters of Dahl and his

1377

01:05:37,960 --> 01:05:35,930

crew actually witnessing this

1378

01:05:39,910 --> 01:05:37,970

radioactive dumping there is a

1379

01:05:42,490 --> 01:05:39,920

researcher named Ron Alberta though who

1380

01:05:44,230 --> 01:05:42,500

refutes this idea basically by looking

1381

01:05:46,510 --> 01:05:44,240

at a map and the geography of the region

1382

01:05:48,430 --> 01:05:46,520

and it seems pretty clear from that when

1383

01:05:49,660 --> 01:05:48,440

you look at it that any radioactive

1384

01:05:51,730 --> 01:05:49,670

waste dumping would have taken place

1385

01:05:53,650 --> 01:05:51,740

actually farther to the south down the

1386

01:06:09,820 --> 01:05:53,660

Columbia River they're not up north near

1387

01:06:11,290 --> 01:06:09,830

Puget Sound the heck is wrong he'll

1388

01:06:12,880 --> 01:06:11,300

murder by the way it was president it

1389

01:06:14,710 --> 01:06:12,890

was probably the most thorough Maury

1390

01:06:16,960 --> 01:06:14,720

Island researcher I've ever encountered

1391

01:06:19,420 --> 01:06:16,970

is also someone who's been off the

1392

01:06:22,150 --> 01:06:19,430

Raiders radar screen for a number of

1393

01:06:24,640 --> 01:06:22,160

years he argues then for the Unified

1394

01:06:27,280 --> 01:06:24,650

saucer Theory concerning the summer of

1395

01:06:29,740 --> 01:06:27,290

1947 that the Maury Island sauces were

1396

01:06:31,830 --> 01:06:29,750

indeed extraterrestrial that Arnold saw

1397

01:06:33,910 --> 01:06:31,840

the same group and that the central

1398

01:06:37,000 --> 01:06:33,920

malfunctioning craft is the one that

1399

01:06:38,320 --> 01:06:37,010

crashed at Roswell that's pure

1400

01:06:40,060 --> 01:06:38,330

speculation of course but we have

1401

01:06:42,040 --> 01:06:40,070

several other connecting threads to

1402

01:06:44,100 --> 01:06:42,050

Roswell fill course over one who

1403

01:06:47,140 --> 01:06:44,110

mentions the foreign Technologies desk

1404

01:06:48,460 --> 01:06:47,150

and course so again was an investigator

1405

01:06:50,460 --> 01:06:48,470

for the Warren Commission so we have a

1406

01:06:52,300 --> 01:06:50,470

link there to the Kennedy assassination

1407

01:06:54,520 --> 01:06:52,310

recently there was an Air Force sergeant

1408

01:06:57,220 --> 01:06:54,530

named Robert Vinson who came forward

1409

01:06:59,800 --> 01:06:57,230

with his story of hitching a ride on an

1410

01:07:02,040 --> 01:06:59,810

unmarked c-54 that stopped in Dallas on

1411

01:07:05,610 --> 01:07:02,050

November 22nd and then flew to Roswell

1412

01:07:07,240 --> 01:07:05,620

so we had another Kennedy like they're

1413

01:07:08,740 --> 01:07:07,250

continuing along the extra-terrestrial

1414

01:07:10,960 --> 01:07:08,750

theory it has been a suggested that

1415

01:07:13,330 --> 01:07:10,970

Chrisman did indeed hold on to the crash

1416

01:07:15,970 --> 01:07:13,340

retrieval material and that he used it

1417

01:07:17,680 --> 01:07:15,980

to blackmail himself into some of the

1418

01:07:20,110 --> 01:07:17,690

choice assignments in the covert world

1419

01:07:21,910 --> 01:07:20,120

he sabotage Braun and Davidson's plane

1420

01:07:23,770 --> 01:07:21,920

to keep it out of the hands of the Air

1421

01:07:26,470 --> 01:07:23,780

Force intelligence and under his

1422

01:07:28,810 --> 01:07:26,480

exclusive control and the lack of a real

1423

01:07:31,510 --> 01:07:28,820

investigation into that crash tends to

1424

01:07:33,490 --> 01:07:31,520

support this certainly these themes of

1425

01:07:35,650 --> 01:07:33,500

being a CIA agent and his background

1426

01:07:38,470 --> 01:07:35,660

the OSS seem to suggest something of

1427

01:07:39,670 --> 01:07:38,480

this sort and of course the Kennedy

1428

01:07:41,800 --> 01:07:39,680

assassination would be one of those

1429

01:07:44,020 --> 01:07:41,810

choice assignments the woods mj-12

1430

01:07:45,820 --> 01:07:44,030

document refers to Clay Shaw ties

1431

01:07:47,860 --> 01:07:45,830

together the nuclear and the UFO

1432

01:07:51,010 --> 01:07:47,870

theories by suggesting that the Mori

1433

01:07:54,280 --> 01:07:51,020

Island UFOs contain nuclear reactors at

1434

01:07:56,050 --> 01:07:54,290

Mayakoba Kona Sciuto makes the claim in

1435

01:07:57,790 --> 01:07:56,060

the interview appendix to the Moore

1436

01:07:59,470 --> 01:07:57,800

Island book that Chrisman was actually

1437

01:08:02,170 --> 01:07:59,480

attached to a military and project

1438

01:08:04,170 --> 01:08:02,180

involving radioactive discs designed to

1439

01:08:07,450 --> 01:08:04,180

cloud the film of aerial surveillance

1440

01:08:09,460 --> 01:08:07,460

platforms a radar cloud device and this

1441

01:08:11,740 --> 01:08:09,470

of course fits into Jim Garrison's idea

1442

01:08:20,829 --> 01:08:11,750

that Chrisman worked in aerospace

1443

01:08:22,570 --> 01:08:20,839

espionage it is very difficult to

1444

01:08:24,249 --> 01:08:22,580

conceive that every document that I have

1445

01:08:26,680 --> 01:08:24,259

presented here and all the research

1446

01:08:29,019 --> 01:08:26,690

compiled in the moyu Island UFO book is

1447

01:08:30,700 --> 01:08:29,029

the product of an elaborate hoax it

1448

01:08:32,260 --> 01:08:30,710

would be a hoax perpetuated by a large

1449

01:08:35,079 --> 01:08:32,270

number of people with an extremely

1450

01:08:36,640 --> 01:08:35,089

advanced knowledge not only the history

1451

01:08:39,550 --> 01:08:36,650

but at the very specialized history of

1452

01:08:41,130 --> 01:08:39,560

UF ology and this separate specialized

1453

01:08:43,180 --> 01:08:41,140

history of the Kennedy assassination

1454

01:08:44,829 --> 01:08:43,190

even though this kind of thinking is

1455

01:08:47,650 --> 01:08:44,839

often laid at the feet of conspiracy

1456

01:08:49,749 --> 01:08:47,660

theorists common sense actually rules in

1457

01:08:51,670 --> 01:08:49,759

Para political research and common sense

1458

01:08:53,410 --> 01:08:51,680

dictates that this would be very

1459

01:08:56,200 --> 01:08:53,420

difficult for every aspect of the Mori

1460

01:08:58,240 --> 01:08:56,210

Island story to have been hoaxed the

1461

01:09:01,690 --> 01:08:58,250

Mauryan book the only one to take up

1462

01:09:04,120 --> 01:09:01,700

take a close look at this history was

1463

01:09:05,380 --> 01:09:04,130

published in 1996 and since then it's

1464

01:09:08,110 --> 01:09:05,390

publisher died under very unusual

1465

01:09:10,030 --> 01:09:08,120

circumstances and also since that time

1466

01:09:12,309 --> 01:09:10,040

many research tributaries have arisen

1467

01:09:13,780 --> 01:09:12,319

these include locating and doing oral

1468

01:09:16,360 --> 01:09:13,790

history interviews with people like amel

1469

01:09:18,190 --> 01:09:16,370

Smith and another of kruseman's partner

1470

01:09:21,249 --> 01:09:18,200

man named Tom Beckham who apparently is

1471

01:09:23,860 --> 01:09:21,259

still alive locating fredchristman 1600

1472

01:09:26,170 --> 01:09:23,870

page memoir and doing further Freedom of

1473

01:09:28,480 --> 01:09:26,180

Information Act requests on various

1474

01:09:30,190 --> 01:09:28,490

ancillary people connected to the case

1475

01:09:32,829 --> 01:09:30,200

all of which takes more money and

1476

01:09:35,070 --> 01:09:32,839

resources then can typically be devoted

1477

01:09:38,200 --> 01:09:35,080

to it but the case needs is a patron and

1478

01:09:39,640 --> 01:09:38,210

new publisher for a new edition and I'm

1479

01:09:42,730 --> 01:09:39,650

certainly willing to listen to anyone

1480

01:09:52,129 --> 01:09:42,740

who wants to carry on the research in

1481

01:09:59,610 --> 01:09:55,560

I'm gonna stop that let's leave it there

1482

01:10:05,959 --> 01:09:59,620

on the day of his death let's get some

1483

01:10:29,679 --> 01:10:08,299

just put it back to that picture of the

1484

01:10:39,729 --> 01:10:33,939

yeah the bottom or okay on the day of

1485

01:10:42,759 --> 01:10:39,739

his death John F Kennedy gave one final

1486

01:10:44,969 --> 01:10:42,769

speech and it involved the defense

1487

01:10:47,199 --> 01:10:44,979

contract for the tf-x Tactical Fighter

1488

01:10:49,060 --> 01:10:47,209

this is an extremely controversial

1489

01:10:55,419 --> 01:10:49,070

contract that everyone expected to go to

1490

01:10:58,479 --> 01:10:55,429

Boeing instead instead how far back

1491

01:10:59,859 --> 01:10:58,489

should I go for that let's go this is an

1492

01:11:02,229 --> 01:10:59,869

extremely controversial contract the

1493

01:11:04,959 --> 01:11:02,239

tf-x Tactical Fighter was expected to go

1494

01:11:07,120 --> 01:11:04,969

to Boeing and instead JFK awarded it to

1495

01:11:08,739 --> 01:11:07,130

General Dynamics so you could certainly

1496

01:11:10,390 --> 01:11:08,749

add Boeing to the list of people and

1497

01:11:13,089 --> 01:11:10,400

groups that might have wanted Kennedy

1498

01:11:15,129 --> 01:11:13,099

dead and Garrison of course said that

1499

01:11:16,989 --> 01:11:15,139

kruseman worked for Boeing more

1500

01:11:20,049 --> 01:11:16,999

importantly however the tf-x Tactical

1501
01:11:21,729 --> 01:11:20,059
Fighter eventually became the f-111 and

1502
01:11:25,509 --> 01:11:21,739
was a project that was eventually sold

1503
01:11:26,919 --> 01:11:25,519
to Australia and if you look at some of

1504
01:11:28,509 --> 01:11:26,929
the parent political research into this

1505
01:11:29,890 --> 01:11:28,519
you find that many people seem to think

1506
01:11:32,859 --> 01:11:29,900
that this is what opened the funding

1507
01:11:34,750 --> 01:11:32,869
corridor to the US to the Australians in

1508
01:11:36,129 --> 01:11:34,760
their development of Punt the Pine Gap

1509
01:11:38,649 --> 01:11:36,139
listening posts for the echelon

1510
01:11:42,520 --> 01:11:38,659
satellites Pine Gap of course is the

1511
01:11:45,100 --> 01:11:42,530
Australian area 51 all this is outside

1512
01:11:46,359 --> 01:11:45,110
the scope of this talk but we have an

1513
01:11:48,909 --> 01:11:46,369

established biography of Lee Harvey

1514

01:11:50,589 --> 01:11:48,919

Oswald as a spy connected to area 51

1515

01:11:53,169 --> 01:11:50,599

through his connection to the u-2 spy

1516

01:11:55,330 --> 01:11:53,179

plane that was developed there we also

1517

01:11:57,279 --> 01:11:55,340

have a recent LBJ did it book written

1518

01:11:59,649 --> 01:11:57,289

actually by the father of the current

1519

01:12:01,839 --> 01:11:59,659

White House press secretary Barr

1520

01:12:04,449 --> 01:12:01,849

McClellan that connects Johnston's role

1521

01:12:08,020 --> 01:12:04,459

in the assassination to ed Clark who was

1522

01:12:09,429 --> 01:12:08,030

the ambassador of Australia so the last

1523

01:12:11,469 --> 01:12:09,439

thing you would want to do with all this

1524

01:12:13,750 --> 01:12:11,479

information whether you believe the

1525

01:12:15,459 --> 01:12:13,760

extra-terrestrial aspect of this or not

1526

01:12:17,199 --> 01:12:15,469

whether you believe in conspiracies or

1527

01:12:18,969 --> 01:12:17,209

not he really can't dismiss it as

1528

01:12:20,890 --> 01:12:18,979

anything less than an important and only

1529

01:12:23,259 --> 01:12:20,900

dimly understood episode in American

1530

01:12:25,089 --> 01:12:23,269

history one that continues to illuminate

1531

01:12:26,770 --> 01:12:25,099

what we know and understand about the

1532

01:12:28,870 --> 01:12:26,780

current world situation the

1533

01:12:30,580 --> 01:12:28,880

militarization of space and the role

1534

01:12:32,859 --> 01:12:30,590

that the intelligence world has had in

1535

01:12:43,080 --> 01:12:32,869

manipulating ufological reality and

1536

01:12:47,490 --> 01:12:44,890

okay just a second

1537

01:12:49,930 --> 01:12:47,500

so Pat we have two things on the agenda

1538

01:12:52,000 --> 01:12:49,940

take questions and answers about this

1539

01:12:54,340 --> 01:12:52,010

lecture and then go on to the the best

1540

01:12:55,720 --> 01:12:54,350

of steam shovel press or we may be

1541

01:13:02,310 --> 01:12:55,730

running so late now that we can do

1542

01:13:20,950 --> 01:13:07,479

okay go to the other okay all right

1543

01:13:22,840 --> 01:13:20,960

let's start from the front sure

1544

01:13:24,760 --> 01:13:22,850

well again the point I was making is

1545

01:13:26,260 --> 01:13:24,770

that the White House press secretary not

1546

01:13:28,570 --> 01:13:26,270

now the guy that replaced there a

1547

01:13:32,860 --> 01:13:28,580

fleischer it's his father who wrote the

1548

01:13:36,040 --> 01:13:32,870

latest LBJ did it a book and you can see

1549

01:13:37,060 --> 01:13:36,050

in the NASA Nazis and JFK book you can

1550

01:13:39,070 --> 01:13:37,070

see there's a famous fluttering I've

1551

01:13:41,200 --> 01:13:39,080

called the link photograph after Johnson

1552

01:13:42,669 --> 01:13:41,210

is sworn in well by the way Johnson was

1553

01:13:43,990 --> 01:13:42,679

sworn in on a catechism they didn't have

1554

01:13:50,020 --> 01:13:44,000

a Bible so that means he never really

1555

01:13:52,000 --> 01:13:50,030

was president but a Catholic

1556

01:13:53,800 --> 01:13:52,010

instructional book yeah but he looks

1557

01:13:55,030 --> 01:13:53,810

after after it happens he looks over at

1558

01:13:56,830 --> 01:13:55,040

Albert Thomas who was the guy

1559

01:13:58,120 --> 01:13:56,840

responsible he was on the Ways and Means

1560

01:13:59,250 --> 01:13:58,130

Committee he was responsible for the

1561

01:14:03,850 --> 01:13:59,260

funding of NASA

1562

01:14:05,169 --> 01:14:03,860

Thomas winks at him but the proof the

1563

01:14:07,959 --> 01:14:05,179

real proof of all of this is a

1564

01:14:10,000 --> 01:14:07,969

fingerprint at the Book Depository which

1565

01:14:12,550 --> 01:14:10,010

just a few years ago was established to

1566

01:14:14,470 --> 01:14:12,560

belong to Mac Wallace Mac Wallace was a

1567

01:14:17,830 --> 01:14:14,480

guy that is well known that Johnson had

1568

01:14:19,510 --> 01:14:17,840

used to do away with his enemies one

1569

01:14:21,120 --> 01:14:19,520

part of somebody dating his sister for

1570

01:14:23,530 --> 01:14:21,130

instance was killed by Mike Wallace

1571

01:14:25,180 --> 01:14:23,540

somebody investigating the Bobby Baker

1572

01:14:27,280 --> 01:14:25,190

scandal which was threatening to break

1573

01:14:28,959 --> 01:14:27,290

at the time Johnson was on the ticket

1574

01:14:30,070 --> 01:14:28,969

would have ruined his career the

1575

01:14:31,930 --> 01:14:30,080

government officials set out to

1576

01:14:33,550 --> 01:14:31,940

investigate that was murdered by Mac

1577

01:14:35,620 --> 01:14:33,560

Wallace and Mac Wallace's fingerprint

1578

01:14:36,880 --> 01:14:35,630

has been found at the Book Depository so

1579

01:14:38,880 --> 01:14:36,890

you never get evidence that's that's

1580

01:14:43,060 --> 01:14:38,890

harder than that also Madeleine Braun

1581

01:14:45,160 --> 01:14:43,070

Johnson's mistress who recently died she

1582

01:14:46,899 --> 01:14:45,170

claimed that Johnson came home after a

1583

01:14:48,129 --> 01:14:46,909

meeting one night and said after

1584

01:14:49,060 --> 01:14:48,139

tomorrow we won't have to worry about

1585

01:15:03,850 --> 01:14:49,070

the damn Kennedy

1586

01:15:05,350 --> 01:15:03,860

Brothers yeah yeah well you hear a lot

1587

01:15:07,030 --> 01:15:05,360

of stories like that but the probably

1588

01:15:09,160 --> 01:15:07,040

the biggest proof is the turnaround of

1589

01:15:11,380 --> 01:15:09,170

Kennedy was de-escalating a war in

1590

01:15:13,420 --> 01:15:11,390

Vietnam and the the day after he died

1591

01:15:14,680 --> 01:15:13,430

Johnson turned that around and that gave

1592

01:15:16,650 --> 01:15:14,690

us the big Vietnam War which was a

1593

01:15:54,880 --> 01:15:16,660

boondoggle to military contractors

1594

01:15:56,460 --> 01:15:54,890

hardware people yeah well they want to

1595

01:15:58,390 --> 01:15:56,470

get rid of people so they can sell more

1596

01:16:00,520 --> 01:15:58,400

military hardware it's the same

1597

01:16:02,470 --> 01:16:00,530

situation that we have in the wars in

1598

01:16:04,180 --> 01:16:02,480

the Middle East the people that use we

1599

01:16:06,700 --> 01:16:04,190

over there basically to exploit the oil

1600

01:16:09,070 --> 01:16:06,710

of the people that use the oil the most

1601

01:16:11,080 --> 01:16:09,080

is the military the tanks and the

1602

01:16:25,080 --> 01:16:11,090

military over there so basically going

1603

01:16:31,250 --> 01:16:28,140

yes of course there is I put it up there

1604

01:16:34,800 --> 01:16:31,260

the original letter that garrison

1605

01:16:37,380 --> 01:16:34,810

discovered supposedly Chrisman from 1968

1606

01:16:39,660 --> 01:16:37,390

mentions that kruseman was the first

1607

01:16:41,040 --> 01:16:39,670

person that Clay Shaw called when he

1608

01:16:45,360 --> 01:16:41,050

discovered that garrison was

1609

01:16:47,190 --> 01:16:45,370

investigating him well there's the

1610

01:16:48,090 --> 01:16:47,200

connection to Chrisman who's connected

1611

01:16:51,120 --> 01:16:48,100

to Maury island

1612

01:16:54,390 --> 01:16:51,130

oh you mean turning over the fragments I

1613

01:17:15,860 --> 01:16:54,400

know there's not separate documentary

1614

01:17:23,640 --> 01:17:21,030

yes well I mean well that that one is

1615

01:17:26,970 --> 01:17:23,650

supposedly hunt but I don't write my

1616

01:17:28,170 --> 01:17:26,980

opinion is that the first one looks a

1617

01:17:29,730 --> 01:17:28,180

lot more I mean it's got the hair line

1618

01:17:36,390 --> 01:17:29,740

of kruseman haunted you mean the guy

1619

01:17:37,470 --> 01:17:36,400

with the hat but the hairline wouldn't

1620

01:17:42,240 --> 01:17:37,480

change but of course the Hat would

1621

01:17:54,000 --> 01:17:42,250

obscure the hairline yeah well yeah

1622

01:17:55,380 --> 01:17:54,010

could be yes oh right yeah I love many

1623

01:17:56,940 --> 01:17:55,390

many people believe that that somebody

1624

01:17:58,260 --> 01:17:56,950

came out of the drain I've actually

1625

01:18:00,720 --> 01:17:58,270

stood in that drain it's I think it's

1626

01:18:03,110 --> 01:18:00,730

covered up now the windshield did have a

1627

01:18:05,280 --> 01:18:03,120

bullet wound that was not

1628

01:18:11,520 --> 01:18:05,290

yeah the Warren Commission couldn't come

1629

01:18:14,160 --> 01:18:11,530

to a conclusion about it tig yeah was

1630

01:18:17,200 --> 01:18:14,170

hitting the cheek pi yeah James Tague

1631

01:18:23,290 --> 01:18:20,470

so there are two very significant events

1632

01:18:27,340 --> 01:18:23,300

that you've been discussing what is the

1633

01:18:29,200 --> 01:18:27,350

UFO Kennedy assassination connection

1634

01:18:32,169 --> 01:18:29,210

because there seems to be a very strong

1635

01:18:34,570 --> 01:18:32,179

connection between UFOs and the John F

1636

01:19:05,410 --> 01:18:34,580

Kennedy assassination I think I just did

1637

01:19:06,610 --> 01:19:05,420

a two-hour lecture about that okay

1638

01:19:08,860 --> 01:19:06,620

you're talking about something called

1639

01:19:10,380 --> 01:19:08,870

the sprig leo document which actually is

1640

01:19:12,280 --> 01:19:10,390

a transcript of a conversation

1641

01:19:13,419 --> 01:19:12,290

supposedly is the transcript of a

1642

01:19:16,030 --> 01:19:13,429

conversation between the newspaper

1643

01:19:18,189 --> 01:19:16,040

columnist Dorothy Kilgallen and a friend

1644

01:19:20,229 --> 01:19:18,199

of hers named Howard Feinstein in which

1645

01:19:22,090 --> 01:19:20,239

she is saying that Maryland's been going

1646

01:19:24,669 --> 01:19:22,100

around to all these parties telling

1647

01:19:26,740 --> 01:19:24,679

people that Kennedy took her out to a

1648

01:19:30,250 --> 01:19:26,750

desert base to see quote the things from

1649

01:19:32,470 --> 01:19:30,260

outer space well it doesn't mention area

1650

01:19:34,419 --> 01:19:32,480

51 they just call it a the desert base

1651

01:19:35,860 --> 01:19:34,429

the desert base actually has been known

1652

01:19:38,830 --> 01:19:35,870

for a long time there's a book there's a

1653

01:19:40,300 --> 01:19:38,840

seven days in in May is a movie about a

1654

01:19:41,680 --> 01:19:40,310

right-wing takeover the government run

1655

01:19:43,959 --> 01:19:41,690

from a desert base the other day

1656

01:19:46,120 --> 01:19:43,969

actually I was watching a movie The

1657

01:19:48,370 --> 01:19:46,130

Three Stooges in orbit

1658

01:19:49,930 --> 01:19:48,380

you know I kid you not they're they've

1659

01:19:52,030 --> 01:19:49,940

they've got it there's a device that

1660

01:19:53,919 --> 01:19:52,040

there's a vehicle a kind of a flying

1661

01:19:55,390 --> 01:19:53,929

saucer that's a tank and a helicopter

1662

01:19:57,280 --> 01:19:55,400

and a submarine and they're driving

1663

01:19:59,649 --> 01:19:57,290

through the Nevada desert and they drive

1664

01:20:01,419 --> 01:19:59,659

they actually knock over the famous sign

1665

01:20:01,930 --> 01:20:01,429

that you always see you know restricted

1666

01:20:08,499 --> 01:20:01,940

area

1667

01:20:14,199 --> 01:20:11,469

both connection is that significant that

1668

01:20:15,819 --> 01:20:14,209

Jonathan really had knowledge about UFOs

1669

01:20:17,529 --> 01:20:15,829

and extraterrestrial and was

1670

01:20:20,109 --> 01:20:17,539

assassinated because of his knowledge

1671

01:20:23,109 --> 01:20:20,119

and that he wanted this information to

1672

01:20:25,239 --> 01:20:23,119

be exposed is that a significant part of

1673

01:20:27,789 --> 01:20:25,249

the Kennedy assassination connection to

1674

01:20:30,789 --> 01:20:27,799

what you're showing here flying saucers

1675

01:20:35,979 --> 01:20:30,799

from other planets well I don't have any

1676

01:20:38,079 --> 01:20:35,989

documentation to that yeah well this

1677

01:20:39,999 --> 01:20:38,089

this story that says Stanton Friedman

1678

01:20:41,829 --> 01:20:40,009

recon sit is that the astronomer Don

1679

01:20:44,799 --> 01:20:41,839

Menzel was the back-channel four mj-12

1680

01:20:46,569 --> 01:20:44,809

to get information to a JFK and there's

1681

01:20:48,699 --> 01:20:46,579

some suggestion in the papers of Don

1682

01:20:50,769 --> 01:20:48,709

mental that this is the case we know

1683

01:20:53,289 --> 01:20:50,779

that mj-12 is an it was an actual group

1684

01:20:55,269 --> 01:20:53,299

and so we don't know how successful that

1685

01:20:57,479 --> 01:20:55,279

mental news by 1963 they've been dealing

1686

01:20:59,889 --> 01:20:57,489

with these aliens in 47 you know they

1687

01:21:01,689 --> 01:20:59,899

cut the president out of the loop by

1688

01:21:02,979 --> 01:21:01,699

then the only way the president could

1689

01:21:03,929 --> 01:21:02,989

get any information would be through a

1690

01:21:06,429 --> 01:21:03,939

back-channel

1691

01:21:17,049 --> 01:21:06,439

but you know that's just that's just

1692

01:21:19,269 --> 01:21:17,059

speculation well the biggest thing is

1693

01:21:21,249 --> 01:21:19,279

the funding of Pine Gap and the fact

1694

01:21:26,259 --> 01:21:21,259

that Oswald was a spy connected to area

1695

01:21:28,449 --> 01:21:26,269

51 yes yeah you know to give you the

1696

01:21:30,399 --> 01:21:28,459

short of that is that Oswald served in

1697

01:21:32,949 --> 01:21:30,409

Atsugi Japan where the youth lose the

1698

01:21:34,599 --> 01:21:32,959

youth twos flew out of he spent a period

1699

01:21:35,889 --> 01:21:34,609

of time in the Soviet Union the precise

1700

01:21:38,499 --> 01:21:35,899

point of time where they got the

1701

01:21:41,319 --> 01:21:38,509

information to shoot down Gary Powers u2

1702

01:21:42,819 --> 01:21:41,329

he had a job before he got the job at

1703

01:21:44,679 --> 01:21:42,829

the Book Depository he worked for a

1704

01:21:48,129 --> 01:21:44,689

photographic firm called jagger child

1705

01:21:49,899 --> 01:21:48,139

Stovall which processed YouTube film so

1706

01:21:52,089 --> 01:21:49,909

throughout his career Lee Harvey Oswald

1707

01:21:54,279 --> 01:21:52,099

was a spy connected to the YouTube

1708

01:22:03,600 --> 01:21:54,289

program and the u2 was developed at area

1709

01:22:12,840 --> 01:22:08,440

one possible theory a situation of a

1710

01:22:17,920 --> 01:22:12,850

group us today a group of ETS Nordic

1711

01:22:20,500 --> 01:22:17,930

that researches nobody knows about but

1712

01:22:22,900 --> 01:22:20,510

that the aliens that have been talked

1713

01:22:26,050 --> 01:22:22,910

about in the past nor the like the

1714

01:22:29,290 --> 01:22:26,060

Nordic people great so forth no but have

1715

01:22:32,110 --> 01:22:29,300

secret about them any type that type of

1716

01:22:33,910 --> 01:22:32,120

experience of government in 12 and so

1717

01:22:37,630 --> 01:22:33,920

which is going on for they tell about

1718

01:22:39,520 --> 01:22:37,640

them but they kept secret well it's hard

1719

01:22:41,050 --> 01:22:39,530

to really know how many secrets are

1720

01:22:42,520 --> 01:22:41,060

being kept and if you know if they're

1721

01:22:44,560 --> 01:22:42,530

really good about it then I couldn't

1722

01:22:46,300 --> 01:22:44,570

tell you but it's certainly possible

1723

01:22:57,670 --> 01:22:46,310

that there's another group of aliens

1724

01:23:02,320 --> 01:22:57,680

that nobody knows about that yeah yeah I

1725

01:23:23,699 --> 01:23:02,330

certainly I certainly concede the

1726

01:23:48,369 --> 01:23:27,219

who would you cut out then who would you

1727

01:23:50,339 --> 01:23:48,379

cut out yeah the thing the thing that's

1728

01:23:53,199 --> 01:23:50,349

that says framing your thinking is

1729

01:23:55,329 --> 01:23:53,209

something akin to Oswald acted alone

1730

01:24:00,369 --> 01:23:55,339

the argument I'm making is that these

1731

01:24:03,099 --> 01:24:00,379

are multi-generational bureaucratic

1732

01:24:06,879 --> 01:24:03,109

police agencies that function in the

1733

01:24:08,829 --> 01:24:06,889

real world as conspiracy bureaucracies

1734

01:24:10,719 --> 01:24:08,839

you know not necessarily one or two or

1735

01:24:12,279 --> 01:24:10,729

three or a thousand different people but

1736

01:24:30,370 --> 01:24:12,289

various bureaucracies acting to protect

1737

01:24:36,320 --> 01:24:32,810

well they also yeah we're also talking

1738

01:24:38,000 --> 01:24:36,330

about far more projects that they do I

1739

01:24:39,380 --> 01:24:38,010

mean that's why it becomes historically

1740

01:24:40,459 --> 01:24:39,390

interesting when you see when you start

1741

01:24:41,419 --> 01:24:40,469

seeing the same people but we're just

1742

01:24:43,700 --> 01:24:41,429

talking about the Kennedy assassination

1743

01:24:46,790 --> 01:24:43,710

in the more Allen case I'm sure you can

1744

01:24:48,979 --> 01:24:46,800

find different people threaded through

1745

01:24:50,540 --> 01:24:48,989

different other projects that you know

1746

01:24:53,240 --> 01:24:50,550

that are subjects of other lectures or

1747

01:24:54,350 --> 01:24:53,250

other study that's what makes the case

1748

01:24:57,620 --> 01:24:54,360

interesting that there are these

1749

01:24:59,810 --> 01:24:57,630

coincidences but you can't dismiss them

1750

01:25:02,180 --> 01:24:59,820

as just a coincidence that that guy

1751

01:25:03,860 --> 01:25:02,190

banister and Jim Garrison were in the

1752

01:25:08,000 --> 01:25:03,870

Pacific Northwest and then they were

1753

01:25:11,390 --> 01:25:08,010

also yeah so I'm just saying it's it's

1754

01:25:12,919 --> 01:25:11,400

just more common sense to suggest that

1755

01:25:32,419 --> 01:25:12,929

these people were working together than

1756

01:25:35,419 --> 01:25:32,429

not according to theories that the

1757

01:25:38,150 --> 01:25:35,429

reason is obvious invasion with

1758

01:25:38,790 --> 01:25:38,160

thousands of people can see UFOs are

1759

01:25:43,260 --> 01:25:38,800

they

1760

01:25:45,240 --> 01:25:43,270

some things say that allegedly an

1761

01:25:47,220 --> 01:25:45,250

extraterrestrial group approached the

1762

01:25:49,380 --> 01:25:47,230

United States secret government to make

1763

01:25:51,450 --> 01:25:49,390

some kind of a treaty do you have any

1764

01:25:59,430 --> 01:25:51,460

information that it was really some kind

1765

01:26:02,580 --> 01:25:59,440

of shortly thereafter after the great

1766

01:26:06,170 --> 01:26:02,590

sighting of 52 supposedly Eisenhower met

1767

01:26:08,400 --> 01:26:06,180

with a representative of the

1768

01:26:10,560 --> 01:26:08,410

extraterrestrials then now there's no

1769

01:26:12,690 --> 01:26:10,570

this is all speculation it's all science

1770

01:26:15,270 --> 01:26:12,700

fiction except for the fact that a

1771

01:26:20,600 --> 01:26:15,280

psychologist named Wilhelm Reich also

1772

01:26:23,370 --> 01:26:20,610

had his encounters with with UFOs and he

1773

01:26:26,040 --> 01:26:23,380

claimed that he indeed had a meeting

1774

01:26:29,100 --> 01:26:26,050

with Eisenhower as well and there is

1775

01:26:31,410 --> 01:26:29,110

proof in Eisenhower's diary that he he

1776

01:26:32,790 --> 01:26:31,420

left to go see a dentist one day and it

1777

01:26:34,440 --> 01:26:32,800

didn't make any sense but that's the

1778

01:26:37,020 --> 01:26:34,450

precise day that he supposedly met with

1779

01:26:39,570 --> 01:26:37,030

Wilhelm Reich and then after that time

1780

01:26:42,210 --> 01:26:39,580

Reich and it's been suggested that this

1781

01:26:44,550 --> 01:26:42,220

is a reflection of Reich's dementia but

1782

01:26:47,790 --> 01:26:44,560

he said that Eisenhower was protecting

1783

01:26:51,120 --> 01:26:47,800

him and his work and his cloudbuster

1784

01:26:52,890 --> 01:26:51,130

fighters against the UFOs and the document

1785

01:26:55,020 --> 01:26:52,900

that I was telling you about that is the

1786

01:26:57,030 --> 01:26:55,030

smoking gun proof of mj-12 the Cutler

1787

01:26:58,920 --> 01:26:57,040

twining intersects with a document

1788

01:27:02,220 --> 01:26:58,930

called the Lewis blue Douglas memo in

1789

01:27:05,160 --> 01:27:02,230

which they are arranging a meeting to

1790

01:27:08,370 --> 01:27:05,170

study what Wilhelm Reich was doing out

1791

01:27:10,530 --> 01:27:08,380

in the desert so the Cutler twining memo

1792

01:27:12,570 --> 01:27:10,540

says that we have to postpone a meeting

1793

01:27:15,840 --> 01:27:12,580

so that we can discuss a special studies

1794

01:27:17,670 --> 01:27:15,850

group of mj-12 so that's why I say that

1795

01:27:19,170 --> 01:27:17,680

that's why I declare that's the smoking

1796

01:27:21,980 --> 01:27:19,180

gun because those two documents are

1797

01:27:24,540 --> 01:27:21,990

found years apart in archives that are

1798

01:27:27,150 --> 01:27:24,550

you totally separate one in Texas and

1799

01:27:30,150 --> 01:27:27,160

one in DC and it's you know so I mean

1800

01:27:31,680 --> 01:27:30,160

that's one when I talk about these

1801
01:27:33,360 --> 01:27:31,690
things I mean you can speculate anything

1802
01:27:36,000 --> 01:27:33,370
you want but because I'm a documentary

1803
01:27:39,830 --> 01:27:36,010
historian I can only give you the things

1804
01:27:44,000 --> 01:27:39,840
that that there's some actual documents

1805
01:27:45,890 --> 01:27:44,010
right connection oh absolutely Reich's

1806
01:27:47,660 --> 01:27:45,900
last book contact with space describes

1807
01:27:50,689 --> 01:27:47,670
his trip through Roswell New Mexico that

1808
01:27:53,899 --> 01:27:50,699
was like in 1955 which belies the idea

1809
01:28:00,669 --> 01:27:53,909
that people lost all interest in in

1810
01:28:37,399 --> 01:28:03,200
so as Van Tassel yeah he wrote he'd

1811
01:28:39,169 --> 01:28:37,409
created the integra Tron that was the

1812
01:28:40,370 --> 01:28:39,179
end yeah that was the end of the trek

1813
01:28:43,939 --> 01:28:40,380

explained oh that was the end of the

1814

01:28:46,790 --> 01:28:43,949

trail of the debris they had kruseman

1815

01:28:47,990 --> 01:28:46,800

had given them this debris which you

1816

01:28:50,390 --> 01:28:48,000

know was something different than what

1817

01:28:52,609 --> 01:28:50,400

what Arnold made the ashtray out of but

1818

01:28:55,160 --> 01:28:52,619

that then the then they crash happens

1819

01:28:58,280 --> 01:28:55,170

and after that they never recovered the

1820

01:29:00,320 --> 01:28:58,290

debris that's the significance and it's

1821

01:29:01,070 --> 01:29:00,330

a possibility that Chrisman sabotage

1822

01:29:05,140 --> 01:29:01,080

that plane

1823

01:29:07,310 --> 01:29:05,150

and held on to the the stuff himself and

1824

01:29:09,609 --> 01:29:07,320

according to this line of thought he

1825

01:29:11,419 --> 01:29:09,619

used his control he has his act he has

1826

01:29:13,220 --> 01:29:11,429

extraterrestrial material and he can

1827

01:29:15,200 --> 01:29:13,230

expose it to the world but instead of

1828

01:29:19,790 --> 01:29:15,210

exposing it to the world he secured his

1829

01:29:21,169 --> 01:29:19,800

position as a covert operative that's

1830

01:29:23,660 --> 01:29:21,179

that's that line of thought you know

1831

01:29:29,689 --> 01:29:23,670

that's I don't say that's what I believe

1832

01:29:29,699 --> 01:29:39,260

Chrisman died in 75 - all died in 1980

1833

01:29:45,540 --> 01:29:41,970

okay Chrisman died it's interesting

1834

01:29:48,180 --> 01:29:45,550

Chrisman died of kidney failure and

1835

01:29:49,379 --> 01:29:48,190

while he was in the hospital he read we

1836

01:29:51,029 --> 01:29:49,389

were talking about this before it must

1837

01:29:52,740 --> 01:29:51,039

have been Betty and Barney Hill but he

1838

01:29:55,200 --> 01:29:52,750

read some abduction book and and he

1839

01:29:57,209 --> 01:29:55,210

thought in his last days he thought that

1840

01:29:58,529 --> 01:29:57,219

he was being abducted and when he was in

1841

01:30:03,419 --> 01:29:58,539

the hospital surrounded by medical

1842

01:30:26,580 --> 01:30:03,429

technicians yeah so I wasn't any more

1843

01:30:41,770 --> 01:30:26,590

mysterious than the kidney you know I

1844

01:30:47,140 --> 01:30:43,810

your connections to the secret

1845

01:30:53,710 --> 01:30:47,150

government is that it's a theory but

1846

01:30:55,450 --> 01:30:53,720

it's weak its weak yeah this week it has

1847

01:30:57,220 --> 01:30:55,460

more to do if the things more

1848

01:30:58,870 --> 01:30:57,230

complicated than I mean it may be part

1849

01:31:01,480 --> 01:30:58,880

of it but the point that this whole

1850

01:31:02,970 --> 01:31:01,490

story makes is that it had to do with

1851

01:31:06,670 --> 01:31:02,980

the way he was trying to manipulate

1852

01:31:09,070 --> 01:31:06,680

aerospace industry and in the long run

1853

01:31:11,110 --> 01:31:09,080

it had more to do than this tf-x

1854

01:31:12,880 --> 01:31:11,120

Tactical Fighter set up the whole

1855

01:31:14,500 --> 01:31:12,890

apparatus by which they eventually

1856

01:31:16,990 --> 01:31:14,510

developed Pine Gap again which was the

1857

01:31:18,370 --> 01:31:17,000

Australian area 51 so we are today

1858

01:31:20,500 --> 01:31:18,380

living in a kind of a science-fiction

1859

01:31:22,600 --> 01:31:20,510

nightmare where we have things like area

1860

01:31:24,520 --> 01:31:22,610

51 and Pine Gap in the Echelon satellite

1861

01:31:26,740 --> 01:31:24,530

system so it's not just a matter of

1862

01:31:28,330 --> 01:31:26,750

knocking off a few aliens and and

1863

01:31:30,850 --> 01:31:28,340

because JFK doesn't want to tell people

1864

01:31:32,440 --> 01:31:30,860

that we're gonna knock him off - it's a

1865

01:31:41,530 --> 01:31:32,450

question Kennedy had to die as part of

1866

01:31:42,850 --> 01:31:41,540

this whole global setup not according to

1867

01:31:45,280 --> 01:31:42,860

this line of thought it's more that he

1868

01:31:47,710 --> 01:31:45,290

gave the contract that was supposed to

1869

01:31:49,090 --> 01:31:47,720

go to Boeing to General Dynamics so that

1870

01:31:51,010 --> 01:31:49,100

set into motion I'm not saying

1871

01:31:53,200 --> 01:31:51,020

specifically that Boeing was the primary

1872

01:31:55,360 --> 01:31:53,210

responsibly primarily responsible for

1873

01:31:56,500 --> 01:31:55,370

the assassination but they were a chief

1874

01:31:59,590 --> 01:31:56,510

element in the military-industrial

1875

01:32:03,010 --> 01:31:59,600

complex which Eisenhower identified

1876

01:32:05,610 --> 01:32:03,020

right before he retired and so that's

1877

01:32:07,930 --> 01:32:05,620

set into motion everything that

1878

01:32:11,230 --> 01:32:07,940

industrial aerospace and the military

1879

01:32:12,580 --> 01:32:11,240

needed to get the war in Vietnam up and

1880

01:32:14,740 --> 01:32:12,590

running so that they could you know

1881

01:32:16,870 --> 01:32:14,750

create military hardware

1882

01:32:22,630 --> 01:32:16,880

and make a huge amount of money for

1883

01:32:27,200 --> 01:32:24,860

the problem with that theory is that the

1884

01:32:31,490 --> 01:32:27,210

Mafia couldn't conduct a cover-up over

1885

01:32:34,760 --> 01:32:31,500

40 years so the CIA and the intelligence

1886

01:32:36,740 --> 01:32:34,770

community uses mafia people hitmen and

1887

01:32:39,110 --> 01:32:36,750

you know that pays them off but the

1888

01:32:40,490 --> 01:32:39,120

bigger picture is that you know the

1889

01:32:42,620 --> 01:32:40,500

Mafia you know may have been a mafia

1890

01:32:43,730 --> 01:32:42,630

triggerman although I don't really think

1891

01:32:46,220 --> 01:32:43,740

that's true I don't think charisma

1892

01:32:48,350 --> 01:32:46,230

worked for the Mafia but the whole

1893

01:32:49,340 --> 01:32:48,360

project including the cover-up had to be

1894

01:33:04,700 --> 01:32:49,350

something different because the Mafia

1895

01:33:06,380 --> 01:33:04,710

doesn't do cover-ups this is the Mormon

1896

01:33:09,320 --> 01:33:06,390

photograph and you like see the blast

1897

01:33:10,820 --> 01:33:09,330

kind of coming at you yeah well hundred

1898

01:33:12,740 --> 01:33:10,830

what an interesting thing about that is

1899

01:33:15,770 --> 01:33:12,750

that some researchers say that you can

1900

01:33:24,370 --> 01:33:15,780

see a nametag on the guy I just can't

1901

01:33:29,600 --> 01:33:26,630

yeah yeah well there were a lot of

1902

01:33:31,010 --> 01:33:29,610

people around Adelia pasta who who said

1903

01:33:32,660 --> 01:33:31,020

that they were Secret Service people

1904

01:33:34,640 --> 01:33:32,670

that they were FBI that they were cops

1905

01:33:41,540 --> 01:33:34,650

and all that kind of stuff it's called a

1906

01:33:43,220 --> 01:33:41,550

Mormon photograph well it was it and one

1907

01:33:44,840 --> 01:33:43,230

of those men who killed Kennedy specials

1908

01:33:46,550 --> 01:33:44,850

I talked to some guy who like breaks

1909

01:33:50,120 --> 01:33:46,560

down crying when he describes that this

1910

01:33:51,500 --> 01:33:50,130

is this this shot came across over his

1911

01:33:56,110 --> 01:33:51,510

shoulder yeah that's supposedly the same

1912

01:34:00,970 --> 01:33:58,420

yeah the Kennedy assassination witness

1913

01:34:02,760 --> 01:34:00,980

list yeah the long list of witness is

1914

01:34:12,760 --> 01:34:02,770

another great series of coincidences

1915

01:34:25,570 --> 01:34:12,770

yeah all connected by connection to the

1916

01:34:27,130 --> 01:34:25,580

Kennedy assassination yeah well that

1917

01:34:33,280 --> 01:34:27,140

would be about money and power to it

1918

01:34:41,880 --> 01:34:33,290

wouldn't it so you don't think they have

1919

01:34:48,280 --> 01:34:44,890

thanks bad there's steam which show oh

1920

01:34:50,940 --> 01:34:48,290

Press magazine oh right

1921

01:34:55,870 --> 01:34:50,950

ken welcome to the conference Jay thanks

1922

01:35:00,640 --> 01:34:55,880

before yes sir deja vu all over again

1923

01:35:02,410 --> 01:35:00,650

yeah okay well thank you everybody of

1924

01:35:09,649 --> 01:35:02,420

the the seats are kind of open in the

1925

01:35:25,879 --> 01:35:23,570

yes okay this uh this is not going to be

1926

01:35:28,220 --> 01:35:25,889

as scripted as the other one this is the

1927

01:35:30,080 --> 01:35:28,230

the point purpose of this is the best of

1928

01:35:33,160 --> 01:35:30,090

steam shovel press which is big enough

1929

01:35:35,899 --> 01:35:33,170

to cover a lot of different topics so

1930

01:35:37,129 --> 01:35:35,909

I'll just I'm just going to go on if you

1931

01:35:39,439 --> 01:35:37,139

have questions I know that some people

1932

01:35:41,560 --> 01:35:39,449

are just in the octopus I'll present a

1933

01:35:44,390 --> 01:35:41,570

few things and then just take questions

1934

01:35:46,550 --> 01:35:44,400

and you know we'll go on for as long as

1935

01:35:49,430 --> 01:35:46,560

everybody wants to soon it seems to be a

1936

01:35:51,080 --> 01:35:49,440

dwindling crowd anyway so the first

1937

01:35:54,229 --> 01:35:51,090

thing I want to cover actually is an

1938

01:35:56,419 --> 01:35:54,239

article in progress Tom how do we get it

1939

01:35:59,330 --> 01:35:56,429

up there okay

1940

01:36:01,689 --> 01:35:59,340

this Frank is Frank here good Frank's

1941

01:36:05,120 --> 01:36:01,699

gone so I can totally misrepresent this

1942

01:36:06,890 --> 01:36:05,130

Frank this this is Frank is a Mason and

1943

01:36:16,030 --> 01:36:06,900

what I've got to what I'm working on

1944

01:36:16,040 --> 01:36:25,090

searching for a signal

1945

01:36:34,370 --> 01:36:29,870

well how computers don't work no yes

1946

01:36:36,620 --> 01:36:34,380

well yeah yeah well according to the

1947

01:36:38,209 --> 01:36:36,630

Masons there are only three and in fact

1948

01:36:39,310 --> 01:36:38,219

one of when the cops give you the third

1949

01:36:43,010 --> 01:36:39,320

degree

1950

01:36:45,470 --> 01:36:43,020

suppose that comes from and and also you

1951

01:36:47,660 --> 01:36:45,480

know they use the carpenter's square as

1952

01:36:50,030 --> 01:36:47,670

one of those symbols so when people are

1953

01:36:51,920 --> 01:36:50,040

on the square yeah there are straight

1954

01:36:54,620 --> 01:36:51,930

shooters like the Masons would like to

1955

01:36:57,140 --> 01:36:54,630

consider themselves yeah so people are

1956

01:36:59,440 --> 01:36:57,150

familiar with this kind of imagery this

1957

01:37:02,860 --> 01:36:59,450

is the symbol of the Masons

1958

01:37:05,150 --> 01:37:02,870

the hand the famous handshake the G

1959

01:37:07,490 --> 01:37:05,160

means God

1960

01:37:09,410 --> 01:37:07,500

although supposedly the Masons are

1961

01:37:12,290 --> 01:37:09,420

deists you know they're not Christian

1962

01:37:14,570 --> 01:37:12,300

it's not a Christian group and here's

1963

01:37:22,189 --> 01:37:14,580

that an important symbol the VI in the

1964

01:37:28,439 --> 01:37:26,399

this is the new nickel I'm surprised at

1965

01:37:32,580 --> 01:37:28,449

the order of these things this is uh

1966

01:37:34,350 --> 01:37:32,590

this is uh I'm sorry Lewis and Clark

1967

01:37:36,330 --> 01:37:34,360

have you seen the new Nichols do you

1968

01:37:37,919 --> 01:37:36,340

realize that there are new Nichols now

1969

01:37:40,530 --> 01:37:37,929

right some people didn't even know that

1970

01:37:43,530 --> 01:37:40,540

was the case they they changed the back

1971

01:37:45,899 --> 01:37:43,540

of the nickel yes okay this this is

1972

01:37:48,360 --> 01:37:45,909

Lewis and Clark both of whom were Masons

1973

01:37:49,140 --> 01:37:48,370

and here they are doing the Mason

1974

01:37:51,840 --> 01:37:49,150

handshake

1975

01:37:58,200 --> 01:37:51,850

in the most recent coin that we have

1976

01:38:00,149 --> 01:37:58,210

coin yeah okay this is this is the

1977

01:38:01,709 --> 01:38:00,159

painting of Lewis and Clark there are

1978

01:38:02,879 --> 01:38:01,719

conspiracies involving the death of

1979

01:38:05,910 --> 01:38:02,889

Meriwether Lewis

1980

01:38:09,330 --> 01:38:05,920

in fact he's supposedly he he committed

1981

01:38:11,040 --> 01:38:09,340

suicide but you know the different

1982

01:38:13,770 --> 01:38:11,050

historical sources make it out that he

1983

01:38:23,160 --> 01:38:13,780

was actually killed perhaps by agents of

1984

01:38:26,640 --> 01:38:23,170

Thomas Jefferson it's it's a complicated

1985

01:38:31,200 --> 01:38:26,650

story it all has to do with a Spanish

1986

01:38:34,979 --> 01:38:31,210

spy that that Louis was was trying to

1987

01:38:36,959 --> 01:38:34,989

expose who was a Mason also so it's all

1988

01:38:38,910 --> 01:38:36,969

this internecine warfare between Masons

1989

01:38:40,169 --> 01:38:38,920

and the relevance in modern times would

1990

01:38:43,050 --> 01:38:40,179

be coming up in a minute does anybody

1991

01:38:45,830 --> 01:38:43,060

know what this is this is connected to

1992

01:38:49,260 --> 01:38:45,840

the octopus this was the Total

1993

01:38:53,430 --> 01:38:49,270

Information Awareness office that John

1994

01:38:54,930 --> 01:38:53,440

Poindexter formed as part of the current

1995

01:38:59,610 --> 01:38:54,940

administration the Bush administration

1996

01:39:02,129 --> 01:38:59,620

part of DARPA the defense the defense

1997

01:39:03,330 --> 01:39:02,139

and Advanced Research I don't know what

1998

01:39:06,030 --> 01:39:03,340

the PA stands for but these are the

1999

01:39:08,250 --> 01:39:06,040

people that invented the internet but

2000

01:39:12,959 --> 01:39:08,260

also this John Poindexter was forced to

2001

01:39:15,209 --> 01:39:12,969

resign because he was he created he was

2002

01:39:17,040 --> 01:39:15,219

trying to create a way of taking

2003

01:39:19,800 --> 01:39:17,050

advantage of the stock market after

2004

01:39:22,200 --> 01:39:19,810

terrorists events would happen and when

2005

01:39:23,520 --> 01:39:22,210

this was exposed Poindexter was was

2006

01:39:25,560 --> 01:39:23,530

forced to resign but again you get the

2007

01:39:27,570 --> 01:39:25,570

symbol and Poindexter was a man that

2008

01:39:29,760 --> 01:39:27,580

Castle Arrow studied the guy in the

2009

01:39:30,270 --> 01:39:29,770

octopus so that's why there's a

2010

01:39:32,489 --> 01:39:30,280

connection

2011

01:39:34,739 --> 01:39:32,499

and this hung on the guy's office

2012

01:39:44,850 --> 01:39:34,749

and you cut the eye in the pyramid Total

2013

01:39:57,010 --> 01:39:49,540

okay this is something how do I stop

2014

01:40:05,890 --> 01:39:57,020

that time long gone this is the digital

2015

01:40:09,520 --> 01:40:05,900

age my friend okay here this is called

2016

01:40:11,890 --> 01:40:09,530

six-figure jobs dot-com and you'll

2017

01:40:13,960 --> 01:40:11,900

notice this is which is just a group of

2018

01:40:15,670 --> 01:40:13,970

very wealthy executives in San Francisco

2019

01:40:17,050 --> 01:40:15,680

this appeared in an ad in San Francisco

2020

01:40:18,850 --> 01:40:17,060

were you supposed to send them your

2021

01:40:20,920 --> 01:40:18,860

resume if you want to get a six-figure

2022

01:40:22,360 --> 01:40:20,930

job and if your resume matches up with

2023

01:40:25,120 --> 01:40:22,370

what they want again

2024

01:40:27,370 --> 01:40:25,130

rich elites what the rich elites want

2025

01:40:30,010 --> 01:40:27,380

from you then they will they will work

2026

01:40:37,050 --> 01:40:30,020

for you to find a six-figure job so

2027

01:40:40,210 --> 01:40:39,190

these are these are small I'm sorry

2028

01:40:41,320 --> 01:40:40,220

there's like the first time I've done

2029

01:40:43,030 --> 01:40:41,330

these and I got to get them larger

2030

01:40:45,790 --> 01:40:43,040

fidelity investments maybe some of you

2031

01:40:48,430 --> 01:40:45,800

work with this firm you can't see it so

2032

01:40:54,720 --> 01:40:48,440

well it's the eye the eye in the pyramid

2033

01:40:57,400 --> 01:40:54,730

right well he was rolling it there ya go

2034

01:41:00,870 --> 01:40:57,410

excellent excellent and it go back one

2035

01:41:00,880 --> 01:41:10,480

well to go back to the previous image

2036

01:41:17,060 --> 01:41:14,470

click click I just push down or stolen

2037

01:41:20,680 --> 01:41:17,070

there we go I wanted to make this bigger

2038

01:41:29,860 --> 01:41:20,690

so people can see the eye of the pyramid

2039

01:41:34,660 --> 01:41:29,870

and these are just yuppies fidelity

2040

01:41:37,280 --> 01:41:34,670

there's William Clark Meriwether Lewis

2041

01:41:41,090 --> 01:41:37,290

again I'm only beginning to work on this

2042

01:41:44,210 --> 01:41:41,100

for an article for the 14 times George

2043

01:41:48,110 --> 01:41:44,220

Washington a Mason you don't see you

2044

01:41:52,400 --> 01:41:48,120

down here we have the OMG they're the

2045

01:41:55,610 --> 01:41:52,410

god and we've got the the Builders

2046

01:41:57,230 --> 01:41:55,620

square and the sexton I guess all of

2047

01:41:58,880 --> 01:41:57,240

these things the trial all this stuff

2048

01:42:01,460 --> 01:41:58,890

represents say some kind of symbolic

2049

01:42:04,010 --> 01:42:01,470

meaning again if she is emits

2050

01:42:09,590 --> 01:42:04,020

non-christian you know our founding

2051
01:42:12,680 --> 01:42:09,600
father okay does everybody know about

2052
01:42:15,170 --> 01:42:12,690
this do you know what this is it's a

2053
01:42:16,580 --> 01:42:15,180
twenty dollar bill it's a twenty dollar

2054
01:42:21,220 --> 01:42:16,590
bill and if you fold it the correct way

2055
01:42:21,230 --> 01:42:27,030
this is the Pentagon going up in smoke

2056
01:42:39,340 --> 01:42:38,020
the Pentagon and then 9/11 and I can

2057
01:42:44,830 --> 01:42:39,350
show you how to fold it I mean this is

2058
01:42:46,450 --> 01:42:44,840
great for bars you know and of course

2059
01:42:49,420 --> 01:42:46,460
the dollar bill is full of all the

2060
01:42:52,660 --> 01:42:49,430
Masonic symbolism Novus Ordo seclorum

2061
01:43:01,780 --> 01:42:52,670
and all that business in fact here we

2062
01:43:03,370 --> 01:43:01,790
have it okay so so anyway that's a

2063
01:43:05,140 --> 01:43:03,380

that's a Masonic imagery the reason it's

2064

01:43:08,670 --> 01:43:05,150

interesting to me is that there's

2065

01:43:12,910 --> 01:43:08,680

recently been a resurgence of a strange

2066

01:43:14,080 --> 01:43:12,920

Masonic activity the first happened in

2067

01:43:18,010 --> 01:43:14,090

ýstanbul

2068

01:43:22,180 --> 01:43:18,020

Terre bombers killed invaded a Masonic

2069

01:43:23,620 --> 01:43:22,190

Lodge and killed a bunch of people these

2070

01:43:26,950 --> 01:43:23,630

were the same people that later took

2071

01:43:28,270 --> 01:43:26,960

credit for the Madrid bombings and then

2072

01:43:30,130 --> 01:43:28,280

shortly and then of course they said

2073

01:43:31,840 --> 01:43:30,140

America was next and then shortly after

2074

01:43:38,140 --> 01:43:31,850

that there was a Masonic killing in

2075

01:43:40,960 --> 01:43:38,150

America in New York actually in pet pen

2076

01:43:42,729 --> 01:43:40,970

shulk how do you pronounce that catch on

2077

01:43:45,790 --> 01:43:42,739

yeah there was a killing in Patrick that

2078

01:43:48,370 --> 01:43:45,800

had to do with Masonic rituals yeah and

2079

01:43:49,990 --> 01:43:48,380

apparently al-qaeda is at war the Masons

2080

01:43:54,550 --> 01:43:50,000

are the Crusaders now Cait is at war

2081

01:43:58,180 --> 01:43:54,560

with masonry anyway that's that's just

2082

01:44:06,200 --> 01:44:01,729

no it's anti Mason they are the people I

2083

01:44:07,160 --> 01:44:06,210

can tell you this specific group the

2084

01:44:08,930 --> 01:44:07,170

June doubt coots

2085

01:44:10,729 --> 01:44:08,940

also known as the soldiers of Jerusalem

2086

01:44:13,550 --> 01:44:10,739

are an al-qaeda squad that was

2087

01:44:17,479 --> 01:44:13,560

responsible for the attacks in the

2088

01:44:18,770 --> 01:44:17,489

Masonic Lodge and he stumbled all of it

2089

01:44:19,910 --> 01:44:18,780

this is a quote from them all the Masons

2090

01:44:22,100 --> 01:44:19,920

would have been killed but there was a

2091

01:44:26,570 --> 01:44:22,110

technical fault so because God wished it

2092

01:44:28,189 --> 01:44:26,580

only three were killed these are the

2093

01:44:31,340 --> 01:44:28,199

same people that take responsibility for

2094

01:44:32,450 --> 01:44:31,350

the Madrid bombings so I mean I don't

2095

01:44:40,700 --> 01:44:32,460

know what all that means this is an

2096

01:44:41,780 --> 01:44:40,710

article in progress okay this is what

2097

01:44:43,430 --> 01:44:41,790

I'm investigating

2098

01:44:46,640 --> 01:44:43,440

thank you even the answer this is like I

2099

01:44:48,470 --> 01:44:46,650

said of a work in progress I'm doing

2100

01:44:50,359 --> 01:44:48,480

this is all kind of extemporaneous is

2101

01:44:51,470 --> 01:44:50,369

not a prepared talk it's just I thought

2102

01:45:02,200 --> 01:44:51,480

I'd share with you some of the things

2103

01:45:04,609 --> 01:45:02,210

that the books that I have remaining

2104

01:45:05,930 --> 01:45:04,619

I've got this one the mind control

2105

01:45:08,660 --> 01:45:05,940

Oswald of JFK this gives me an

2106

01:45:10,810 --> 01:45:08,670

opportunity to talk about mind control

2107

01:45:14,240 --> 01:45:10,820

technology in the Kennedy assassination

2108

01:45:16,430 --> 01:45:14,250

Oswald spent a period of time in Minsk

2109

01:45:18,649 --> 01:45:16,440

and he went in for a supposed adenoid

2110

01:45:20,899 --> 01:45:18,659

operation and the argument of this book

2111

01:45:23,570 --> 01:45:20,909

a lot of this book is a reprint of a

2112

01:45:25,310 --> 01:45:23,580

book that came out in you know shortly

2113

01:45:27,979 --> 01:45:25,320

after the Kennedy assassination but it

2114

01:45:29,570 --> 01:45:27,989

has all my add-on value I you know the

2115

01:45:33,290 --> 01:45:29,580

photographs and the introductory

2116

01:45:34,790 --> 01:45:33,300

comments are all by me and the book

2117

01:45:38,899 --> 01:45:34,800

originally argued that there was a

2118

01:45:41,330 --> 01:45:38,909

technology called RHIC / Edom and that

2119

01:45:43,160 --> 01:45:41,340

means radio hypnotic into cerebral

2120

01:45:46,220 --> 01:45:43,170

control of the brain and the electronic

2121

01:45:49,129 --> 01:45:46,230

des Aleutian of memory and it is based

2122

01:45:50,120 --> 01:45:49,139

on technology developed by a guy named

2123

01:45:52,550 --> 01:45:50,130

Jose Delgado

2124

01:45:54,820 --> 01:45:52,560

now Delgado was on the front page of the

2125

01:45:59,180 --> 01:45:54,830

New York Times I think this isn't like

2126

01:46:01,729 --> 01:45:59,190

1965 yeah and he had this bull charged

2127

01:46:02,750 --> 01:46:01,739

him he's Joe of Bulls charging at him he

2128

01:46:05,089 --> 01:46:02,760

pressed something called the steam

2129

01:46:07,160 --> 01:46:05,099

receiver and stopped the bull in its

2130

01:46:08,570 --> 01:46:07,170

tracks it was an electronic mind control

2131

01:46:09,580 --> 01:46:08,580

device are not talking about hypnosis or

2132

01:46:13,330 --> 01:46:09,590

drugs we're talking about

2133

01:46:16,060 --> 01:46:13,340

electronic devices and one of the one of

2134

01:46:17,979 --> 01:46:16,070

the operating conspiracy ideas about

2135

01:46:20,350 --> 01:46:17,989

Oswald is that he had the same thing he

2136

01:46:22,810 --> 01:46:20,360

had an implant so the obvious question

2137

01:46:24,370 --> 01:46:22,820

here is now mind-control supposedly

2138

01:46:29,109 --> 01:46:24,380

affects people's behavior it makes

2139

01:46:31,479 --> 01:46:29,119

people do things but Edic in our Edom

2140

01:46:33,609 --> 01:46:31,489

and RHIC actually is a technology that

2141

01:46:35,919 --> 01:46:33,619

stops people from doing things so this

2142

01:46:37,300 --> 01:46:35,929

fits perfectly into what most people

2143

01:46:40,660 --> 01:46:37,310

accept about the Kennedy assassination

2144

01:46:42,189 --> 01:46:40,670

then Oswald didn't do a thing so if he

2145

01:46:43,750 --> 01:46:42,199

was in the Book Depository and he had

2146

01:46:47,709 --> 01:46:43,760

this implant press a button and they

2147

01:46:49,540 --> 01:46:47,719

stopped him so that's the big thrust of

2148

01:46:50,830 --> 01:46:49,550

this book also this is the one I don't

2149

01:46:58,390 --> 01:46:50,840

know I think we were talking about it

2150

01:47:02,040 --> 01:46:58,400

this this book has a copy of I will show

2151

01:47:05,080 --> 01:47:02,050

it if I can find it

2152

01:47:07,050 --> 01:47:05,090

this furry glio document now this is the

2153

01:47:09,399 --> 01:47:07,060

document I was talking about before that

2154

01:47:11,410 --> 01:47:09,409

is a transcript of a conversation

2155

01:47:15,490 --> 01:47:11,420

between Dorothy Kilgallen

2156

01:47:19,660 --> 01:47:15,500

and Howard I try to contact this guy -

2157

01:47:24,970 --> 01:47:19,670

Howard Rothberg Howard Rothberg and in

2158

01:47:26,979 --> 01:47:24,980

which she says that that there are

2159

01:47:28,870 --> 01:47:26,989

there's a transcript of a conversations

2160

01:47:30,939 --> 01:47:28,880

pillow talk basically between Marilyn

2161

01:47:32,410 --> 01:47:30,949

Monroe and JFK and that Marilyn is going

2162

01:47:34,419 --> 01:47:32,420

around all these parties in Hollywood

2163

01:47:36,010 --> 01:47:34,429

saying that JFK took her out to the

2164

01:47:38,680 --> 01:47:36,020

desert base to show her the things from

2165

01:47:41,830 --> 01:47:38,690

outer space and this is dated one day

2166

01:47:43,089 --> 01:47:41,840

before Marilyn Monroe died now that's

2167

01:47:44,140 --> 01:47:43,099

that's going to be kind of important

2168

01:47:46,899 --> 01:47:44,150

because part of what I want to show you

2169

01:47:49,330 --> 01:47:46,909

is get a media reaction to conspiracy

2170

01:47:51,070 --> 01:47:49,340

ideas and I'm going to I'm going to put

2171

01:47:54,270 --> 01:47:51,080

on some television show called

2172

01:47:57,010 --> 01:47:54,280

conspiracy zone in which we do

2173

01:47:59,800 --> 01:47:57,020

discussion of Marilyn Monroe and it's

2174

01:48:01,750 --> 01:47:59,810

it's kind of funny but it touches on

2175

01:48:04,540 --> 01:48:01,760

issues you will see that there are three

2176
01:48:06,220 --> 01:48:04,550
theories put forth my argument is that

2177
01:48:07,479 --> 01:48:06,230
she was killed by mj-12

2178
01:48:09,070 --> 01:48:07,489
which is probably the wackiest theory

2179
01:48:12,419 --> 01:48:09,080
out there but I was the only person to

2180
01:48:17,979 --> 01:48:15,939
yes now Dorothy Kilgallen officially

2181
01:48:20,229 --> 01:48:17,989
died of alcohol and barbiturate

2182
01:48:21,430 --> 01:48:20,239
poisoning but I have a tip I wish I

2183
01:48:23,320 --> 01:48:21,440
would have brought it of her appearance

2184
01:48:24,879 --> 01:48:23,330
and what's my line that very night and

2185
01:48:27,520 --> 01:48:24,889
she wins the game and she's totally

2186
01:48:29,590 --> 01:48:27,530
sober and totally bright and there's no

2187
01:48:30,820 --> 01:48:29,600
suggesting there that this theory and I

2188
01:48:33,939 --> 01:48:30,830

mean anything could happen after that

2189

01:48:36,399 --> 01:48:33,949

but the reason for her death was because

2190

01:48:38,080 --> 01:48:36,409

she had interviewed Jack Ruby and there

2191

01:48:40,030 --> 01:48:38,090

was a transcript of that and when she

2192

01:48:43,240 --> 01:48:40,040

died is this the same thing that you

2193

01:48:46,800 --> 01:48:43,250

somebody when she died the transcripts

2194

01:48:49,959 --> 01:48:46,810

of was passed on to Jayne Mansfield and

2195

01:48:53,350 --> 01:48:49,969

Jayne Mansfield had this Ruby transcript

2196

01:48:56,560 --> 01:48:53,360

until again according to the lore the

2197

01:48:59,109 --> 01:48:56,570

CIA actually hired Anton LaVey the head

2198

01:49:01,209 --> 01:48:59,119

of the Church of Satan to put a curse on

2199

01:49:03,370 --> 01:49:01,219

her and then Jayne Mansfield was

2200

01:49:04,689 --> 01:49:03,380

decapitated in an auto accident and

2201

01:49:09,129 --> 01:49:04,699

that's the end of the trail for that

2202

01:49:11,410 --> 01:49:09,139

Ruby transcript and also after Kilgallen

2203

01:49:12,669 --> 01:49:11,420

died and I have this this is also on

2204

01:49:14,939 --> 01:49:12,679

this what's my line tape the very next

2205

01:49:17,020 --> 01:49:14,949

show they discussed the you know they

2206

01:49:19,390 --> 01:49:17,030

you know they discussed Dorothy

2207

01:49:20,950 --> 01:49:19,400

Kilgallen passing and they do what they

2208

01:49:22,660 --> 01:49:20,960

thought she would want them to do they

2209

01:49:24,669 --> 01:49:22,670

play the game but then in the course of

2210

01:49:26,500 --> 01:49:24,679

the game they talk about the blackout

2211

01:49:28,180 --> 01:49:26,510

the great northeastern blackout happened

2212

01:49:30,879 --> 01:49:28,190

right after Dorothy Kilgallen died and

2213

01:49:33,580 --> 01:49:30,889

there was a big flying saucer wave at

2214

01:49:35,530 --> 01:49:33,590

that point a lot of UFO activity and and

2215

01:49:39,250 --> 01:49:35,540

Kilgallon had been writing actually

2216

01:49:42,189 --> 01:49:39,260

about flying saucers since like 1955 and

2217

01:49:43,330 --> 01:49:42,199

at one point she even discussed Wilhelm

2218

01:49:49,379 --> 01:49:43,340

Reich's cloudbuster

2219

01:49:55,209 --> 01:49:54,040

flying saucers flying saucers I don't

2220

01:50:01,050 --> 01:49:55,219

know they don't really I don't know what

2221

01:50:08,040 --> 01:50:01,060

the official explanation is what's that

2222

01:50:14,020 --> 01:50:10,750

well this was Anton LaVey and I was just

2223

01:50:15,310 --> 01:50:14,030

discussing his role in in the Dorothy

2224

01:50:16,750 --> 01:50:15,320

Kilgallen thing and there's a lot to be

2225

01:50:20,020 --> 01:50:16,760

said about satanic cults his guy named

2226

01:50:21,879 --> 01:50:20,030

Michael Aquino who who works for the

2227

01:50:24,010 --> 01:50:21,889

Pentagon basically who is the head of

2228

01:50:28,209 --> 01:50:24,020

the temple of set was like an offshoot

2229

01:50:31,390 --> 01:50:28,219

of the Satanic church and he was being

2230

01:50:33,430 --> 01:50:31,400

investigated by the matron saints of all

2231

01:50:35,229 --> 01:50:33,440

conspiracy researchers a woman named Abe

2232

01:50:36,850 --> 01:50:35,239

Russell and of course of her
