

**GUEST:  
FRANK STALTER**

**IN NEW YORK CITY:**

**TIMOTHY GREEN BECKLEY**

**IN INDIANA:**

**TIM SWARTZ**

**CALL IN # [786] 245-8127**

1  
00:00:59,979 --> 00:00:56,770  
it's that time of the week again this is

2  
00:01:03,520 --> 00:00:59,989  
Timothy green Beckley and I am the

3  
00:01:07,749 --> 00:01:03,530  
co-host of unraveling the secrets and

4  
00:01:11,260 --> 00:01:07,759  
we've got another fascinating show for

5  
00:01:15,450 --> 00:01:11,270  
you all this evening now normally my

6  
00:01:19,359 --> 00:01:15,460  
co-host the very charming Carla Anderson

7  
00:01:22,660 --> 00:01:19,369  
would be chiming and right about now to

8  
00:01:24,730 --> 00:01:22,670  
tell us how her week has been but Carla

9  
00:01:27,010 --> 00:01:24,740  
are you there no I don't think so

10  
00:01:29,830 --> 00:01:27,020  
who could that be that's taking her

11  
00:01:31,990 --> 00:01:29,840  
place let's see is that Tim Schwartz

12  
00:01:34,510 --> 00:01:32,000  
that's right instead of the very

13  
00:01:40,320 --> 00:01:34,520

charming Carl Anderson you have the very

14

00:01:46,600 --> 00:01:43,029

instead of German instead of Jersey City

15

00:01:48,340 --> 00:01:46,610

we have Indiana that's right just for

16

00:01:51,429 --> 00:01:48,350

Indiana there's a state certainly that

17

00:01:53,800 --> 00:01:51,439

has been in the news this week but this

18

00:01:59,139 --> 00:01:53,810

is not a political program so thank you

19

00:02:03,310 --> 00:01:59,149

thank you people we will bypass our

20

00:02:04,840 --> 00:02:03,320

partisan politics and and get on to the

21

00:02:09,969 --> 00:02:04,850

the show and this evening

22

00:02:12,039 --> 00:02:09,979

I appreciate that too but we have but we

23

00:02:16,210 --> 00:02:12,049

have been busy because Tim of course is

24

00:02:18,670 --> 00:02:16,220

the the host along with Michael Mott the

25

00:02:22,180 --> 00:02:18,680

outer edge which is also on the PSN

26

00:02:24,550 --> 00:02:22,190

radio network and Tim and I I was

27

00:02:28,300 --> 00:02:24,560

co-hosting that show once a month until

28

00:02:30,640 --> 00:02:28,310

angel offered me my own spot and of

29

00:02:33,660 --> 00:02:30,650

course I wanted to leave the outer edge

30

00:02:37,960 --> 00:02:33,670

and let the boys have the the stadium

31

00:02:40,360 --> 00:02:37,970

back so I'm doing the unraveling the

32

00:02:42,759 --> 00:02:40,370

secrets with Carla and but we're both

33

00:02:45,699 --> 00:02:42,769

entitled to is certainly an occasional

34

00:02:48,310 --> 00:02:45,709

night off because we're both all busy in

35

00:02:49,960 --> 00:02:48,320

the daytime and Tim and I have been of

36

00:02:52,960 --> 00:02:49,970

course working on quite a few book

37

00:02:56,970 --> 00:02:52,970

projects one of which we're going to be

38

00:02:59,530 --> 00:02:56,980

discussing tomorrow night on his program

39

00:03:03,160 --> 00:02:59,540

with the Marquis Brinkerhoff

40

00:03:04,690 --> 00:03:03,170

and the book is called UFO repeaters the

41

00:03:07,990 --> 00:03:04,700

camera doesn't lie

42

00:03:10,179 --> 00:03:08,000

it's about people who have had numerous

43

00:03:13,539 --> 00:03:10,189

UFO experiences usually starting out at

44

00:03:15,780 --> 00:03:13,549

an early age but then as they they get

45

00:03:18,970 --> 00:03:15,790

older the contacts that continue and

46

00:03:21,280 --> 00:03:18,980

they have the uncanny ability of going

47

00:03:23,729 --> 00:03:21,290

out either in a day timer at night

48

00:03:26,410 --> 00:03:23,739

pointing their camera at the sky and

49

00:03:29,140 --> 00:03:26,420

clicking away and getting a variety of

50

00:03:32,580 --> 00:03:29,150

weird objects in the sky some of which

51  
00:03:37,119 --> 00:03:32,590  
look like structured craft metallic

52  
00:03:39,129 --> 00:03:37,129  
objects and others more of a psychic or

53  
00:03:42,970 --> 00:03:39,139  
an imprint nature but would you say that

54  
00:03:46,780 --> 00:03:42,980  
them yeah very much so there's a lot of

55  
00:03:50,050 --> 00:03:46,790  
them that they almost have it's it's a

56  
00:03:52,449 --> 00:03:50,060  
paranormal aspect I don't know if the

57  
00:03:55,479 --> 00:03:52,459  
entire UFO phenomena can fit within that

58  
00:03:57,940 --> 00:03:55,489  
bracket but certainly a lot of the the

59  
00:04:00,699 --> 00:03:57,950  
more unusual cases the high strangeness

60  
00:04:06,069 --> 00:04:00,709  
cases a lot of researchers like to put

61  
00:04:07,899 --> 00:04:06,079  
it well in fact since my parents on

62  
00:04:10,390 --> 00:04:07,909  
coast to coast

63  
00:04:12,069 --> 00:04:10,400

last week the book is to have been doing

64

00:04:13,360 --> 00:04:12,079

you know rather well we've been out

65

00:04:15,670 --> 00:04:13,370

there at promoting it and of course

66

00:04:18,039 --> 00:04:15,680

that's very important with a with a new

67

00:04:20,589 --> 00:04:18,049

title because there are so many books on

68

00:04:24,100 --> 00:04:20,599

the subject you've got to kind of get

69

00:04:26,860 --> 00:04:24,110

out there and really hype a new title in

70

00:04:29,879 --> 00:04:26,870

order to to get it to sell because most

71

00:04:33,310 --> 00:04:29,889

of your market today is on amazon.com

72

00:04:36,580 --> 00:04:33,320

and if you independent bookstores and

73

00:04:40,210 --> 00:04:36,590

other outlets and so we've been busy

74

00:04:41,740 --> 00:04:40,220

doing that and I think our first guest

75

00:04:43,750 --> 00:04:41,750

tonight is going to have a perhaps that

76

00:04:46,270 --> 00:04:43,760

even have something to add to the

77

00:04:47,710 --> 00:04:46,280

conversation along that line I don't

78

00:04:48,219 --> 00:04:47,720

really know Frank his name is Frank

79

00:04:52,420 --> 00:04:48,229

stalker

80

00:04:54,700 --> 00:04:52,430

and he will be speaking next weekend at

81

00:04:56,499 --> 00:04:54,710

a group in New Jersey it's actually the

82

00:04:58,689 --> 00:04:56,509

50th anniversary meeting of the new

83

00:05:01,060 --> 00:04:58,699

here's a UFO paranormal and

84

00:05:03,909 --> 00:05:01,070

consciousness conference which was

85

00:05:07,089 --> 00:05:03,919

founded by my longtime friend Pat

86

00:05:08,769 --> 00:05:07,099

Marchetti Leo and the conference is

87

00:05:12,190 --> 00:05:08,779

being held it's a one-day event and it

88

00:05:13,480 --> 00:05:12,200

will feature it Travis Walton and it's

89

00:05:16,779 --> 00:05:13,490

slated

90

00:05:20,950 --> 00:05:16,789

for April 11 2015 at the Hilton Garden

91

00:05:26,320 --> 00:05:20,960

Inn in Hamilton New Jersey which is just

92

00:05:28,350 --> 00:05:26,330

outside of Trenton and Pat and the new

93

00:05:30,999 --> 00:05:28,360

house which could be David's didn't

94

00:05:34,480 --> 00:05:31,009

always puts out a very good program I

95

00:05:37,180 --> 00:05:34,490

mean Titus had everybody over the years

96

00:05:38,439 --> 00:05:37,190

including astronaut Edgar Mitchell I

97

00:05:42,370 --> 00:05:38,449

know when I was there a couple years ago

98

00:05:44,680 --> 00:05:42,380

they had him on on streaming on skype so

99

00:05:46,300 --> 00:05:44,690

it should be an interesting program and

100

00:05:48,879 --> 00:05:46,310

tickets will be available at the door

101  
00:05:51,040 --> 00:05:48,889  
and you could look it up on the Internet

102  
00:05:53,589 --> 00:05:51,050  
it's the new jersey UFO paranormal and

103  
00:05:57,969 --> 00:05:53,599  
consciousness conference and the contact

104  
00:06:03,219 --> 00:05:57,979  
number I have is six oh nine five eight

105  
00:06:05,409 --> 00:06:03,229  
five six seven eight nine and like I

106  
00:06:07,180 --> 00:06:05,419  
said Frank Salter who's our first guest

107  
00:06:10,839 --> 00:06:07,190  
here this evening he will be one of the

108  
00:06:13,149 --> 00:06:10,849  
speakers at this program now Frank began

109  
00:06:17,409 --> 00:06:13,159  
to take an active interest in the UFO

110  
00:06:19,060 --> 00:06:17,419  
phenomena after he actually heard Edgar

111  
00:06:23,080 --> 00:06:19,070  
Mitchell's appearance at the National

112  
00:06:24,790 --> 00:06:23,090  
Press Club in the spring of 2009 Frank

113  
00:06:27,520 --> 00:06:24,800

developed a particular interest in UFOs

114

00:06:30,310 --> 00:06:27,530

during the Truman presidency and started

115

00:06:32,320 --> 00:06:30,320

exploring the web his research turned up

116

00:06:35,770 --> 00:06:32,330

information that the UFO community had

117

00:06:38,290 --> 00:06:35,780

overlooked or undervalued including a

118

00:06:41,800 --> 00:06:38,300

specially documented White House meeting

119

00:06:45,189 --> 00:06:41,810

regarding the 1952 BC UFO case which

120

00:06:48,520 --> 00:06:45,199

took place in July of 1952 of course and

121

00:06:52,149 --> 00:06:48,530

that made the front page all over the

122

00:06:55,089 --> 00:06:52,159

the country and you know that one scared

123

00:06:57,459 --> 00:06:55,099

the heck out of everyone oh it was

124

00:07:01,080 --> 00:06:57,469

that's probably the still referred to as

125

00:07:04,420 --> 00:07:01,090

the most important UFO event of all time

126  
00:07:06,490 --> 00:07:04,430  
and anyway Frank has investigated that

127  
00:07:12,240 --> 00:07:06,500  
he's also looked into the Roswell

128  
00:07:14,920 --> 00:07:12,250  
incident as well as the sighting and

129  
00:07:17,110 --> 00:07:14,930  
appearance observation or too little of

130  
00:07:18,969 --> 00:07:17,120  
men and a landed object by police

131  
00:07:22,689 --> 00:07:18,979  
officer Alana Zamora in the town of

132  
00:07:24,159 --> 00:07:22,699  
Socorro New Mexico in fact just the last

133  
00:07:26,019 --> 00:07:24,169  
week I think it was we had on Rick

134  
00:07:27,279 --> 00:07:26,029  
hilberg and some of the other boys from

135  
00:07:30,129 --> 00:07:27,289  
the National UFO

136  
00:07:32,920 --> 00:07:30,139  
a conference which also will be

137  
00:07:35,170 --> 00:07:32,930  
celebrating their 50th anniversary

138  
00:07:37,689 --> 00:07:35,180

meeting this year in June in Cleveland

139

00:07:40,510 --> 00:07:37,699

and of course most of the people in the

140

00:07:46,540 --> 00:07:40,520

UFO field is serious ufologist give a

141

00:07:48,790 --> 00:07:46,550

top rating to Lonnie's amorous encounter

142

00:07:50,889 --> 00:07:48,800

there because he seems to have been

143

00:07:52,839 --> 00:07:50,899

certainly a reliable witness it's even

144

00:07:55,689 --> 00:07:52,849

still classified as unknown in the

145

00:07:57,489 --> 00:07:55,699

project Bluebook files but enough of my

146

00:07:59,920 --> 00:07:57,499

chatter let's get to Frank

147

00:08:01,869 --> 00:07:59,930

so Frank tell me a little bit about your

148

00:08:04,449 --> 00:08:01,879

your background I mean I've gone out of

149

00:08:06,429 --> 00:08:04,459

your bio here but I've never spoken to

150

00:08:09,219 --> 00:08:06,439

you before and I'm always interested in

151

00:08:10,899 --> 00:08:09,229

speaking with people that I don't know

152

00:08:13,629 --> 00:08:10,909

because that's how you learn you don't

153

00:08:16,480 --> 00:08:13,639

learn by hearing the same people to tell

154

00:08:19,449 --> 00:08:16,490

the same stories over and over so how

155

00:08:20,829 --> 00:08:19,459

did you I mean did you just wake up one

156

00:08:22,359 --> 00:08:20,839

day and decide well I want to be a

157

00:08:26,439 --> 00:08:22,369

ufologist or how did that come about

158

00:08:30,219 --> 00:08:26,449

well and not exactly I'm an older guy on

159

00:08:33,579 --> 00:08:30,229

in 1950 so my first knowledge about the

160

00:08:36,040 --> 00:08:33,589

UFOs probably the the big flap in the

161

00:08:39,250 --> 00:08:36,050

early 70s if you remember the past mover

162

00:08:42,059 --> 00:08:39,260

case was part of that the Ohio governor

163

00:08:45,730 --> 00:08:42,069

at the time John Gilligan had a sighting

164

00:08:47,650 --> 00:08:45,740

so that that got my interest and I like

165

00:08:48,850 --> 00:08:47,660

every one of their folks like a lot of

166

00:08:51,960 --> 00:08:48,860

the folks are going to be going to this

167

00:08:54,639 --> 00:08:51,970

conference coming up next Saturday

168

00:08:56,710 --> 00:08:54,649

they're reading a book here and there a

169

00:09:00,189 --> 00:08:56,720

magazine here and they're watching the

170

00:09:01,689 --> 00:09:00,199

TV shows the in search of shows and then

171

00:09:04,059 --> 00:09:01,699

sightings and that would the cable

172

00:09:08,980 --> 00:09:04,069

networks and all the the documentary

173

00:09:11,559 --> 00:09:08,990

series that they run but when when

174

00:09:15,250 --> 00:09:11,569

Mitchell came out in 2009 that wasn't

175

00:09:19,720 --> 00:09:15,260

the first time he had been pretty public

176

00:09:21,970 --> 00:09:19,730

about his UFO feelings before that but I

177

00:09:23,650 --> 00:09:21,980

had some down time and I decided I was

178

00:09:24,879 --> 00:09:23,660

really going to get serious about this I

179

00:09:27,629 --> 00:09:24,889

was really going to take a closer look

180

00:09:30,370 --> 00:09:27,639

at that see what I can turn up and

181

00:09:32,949 --> 00:09:30,380

nothing succeeds like success I turned

182

00:09:34,780 --> 00:09:32,959

up some things that I knew nobody else

183

00:09:37,840 --> 00:09:34,790

in the field had really come across

184

00:09:40,230 --> 00:09:37,850

especially the the White House meeting a

185

00:09:42,870 --> 00:09:40,240

regarding at the 52 incident

186

00:09:47,100 --> 00:09:42,880

that that was enough to me for me to

187

00:09:50,460 --> 00:09:47,110

keep me going and from there just making

188

00:09:53,639 --> 00:09:50,470

contacts talking to people looking at

189

00:09:56,070 --> 00:09:53,649

cases from a different angle a different

190

00:10:00,690 --> 00:09:56,080

perspective than folks had before and

191

00:10:03,360 --> 00:10:00,700

just turning up new angles new material

192

00:10:06,510 --> 00:10:03,370

related to some of these older famous

193

00:10:08,850 --> 00:10:06,520

cases yes well in fact I see your motto

194

00:10:11,370 --> 00:10:08,860

here is there is nothing new in the

195

00:10:13,920 --> 00:10:11,380

world except the history you don't know

196

00:10:16,650 --> 00:10:13,930

yes all right I stole that wine from

197

00:10:20,670 --> 00:10:16,660

Harry Truman by the way well I'm sure

198

00:10:24,329 --> 00:10:20,680

you won't mind but yeah there's you know

199

00:10:27,530 --> 00:10:24,339

Jim my friend Jim Mosely what once met

200

00:10:29,490 --> 00:10:27,540

Harry Truman to get his autograph and

201  
00:10:32,190 --> 00:10:29,500  
asked Harry Truman what he thought about

202  
00:10:34,740 --> 00:10:32,200  
UFOs and Harry Truman's comment was he

203  
00:10:37,410 --> 00:10:34,750  
said he'd never seen a purple cow and he

204  
00:10:40,199 --> 00:10:37,420  
didn't want to now ask me ask me what

205  
00:10:42,350 --> 00:10:40,209  
that means I have absolutely no idea it

206  
00:10:45,840 --> 00:10:42,360  
was probably just an off for the cuff

207  
00:10:49,800 --> 00:10:45,850  
statement it's like Margaret Thatcher's

208  
00:10:51,180 --> 00:10:49,810  
saying the people don't have the right

209  
00:10:53,310 --> 00:10:51,190  
to know what can't be told or what

210  
00:10:55,769 --> 00:10:53,320  
remember her her word Martin about the

211  
00:10:57,269 --> 00:10:55,779  
Bentwaters case so I mean sometimes that

212  
00:10:59,790 --> 00:10:57,279  
people do make flippant remarks because

213  
00:11:01,380 --> 00:10:59,800

they just don't have anything else to

214

00:11:04,560 --> 00:11:01,390

say at the moment and their tongue has

215

00:11:06,600 --> 00:11:04,570

died and so Harry Truman said he'd never

216

00:11:08,940 --> 00:11:06,610

seen a purple cow well I'm sure a couple

217

00:11:09,870 --> 00:11:08,950

of presidents since then have but that's

218

00:11:12,269 --> 00:11:09,880

besides the point

219

00:11:13,620 --> 00:11:12,279

okay so Frank what did what did you find

220

00:11:15,480 --> 00:11:13,630

out about Harriet Truman's

221

00:11:18,620 --> 00:11:15,490

administration this is certainly around

222

00:11:21,480 --> 00:11:18,630

the time when the UFOs were just getting

223

00:11:26,400 --> 00:11:21,490

you know going as far as like you know

224

00:11:28,590 --> 00:11:26,410

in the public consciousness and I guess

225

00:11:32,550 --> 00:11:28,600

he's also attributed of being partly

226

00:11:34,800 --> 00:11:32,560

behind the mj2 panel and probably one of

227

00:11:38,430 --> 00:11:34,810

the few presidents that may have been in

228

00:11:40,500 --> 00:11:38,440

a position to be told some information

229

00:11:44,069 --> 00:11:40,510

because I would think that most of the

230

00:11:45,480 --> 00:11:44,079

presidents since then what may be well I

231

00:11:47,340 --> 00:11:45,490

would say that most of them really have

232

00:11:49,620 --> 00:11:47,350

not had a need to know and probably

233

00:11:51,990 --> 00:11:49,630

don't know it's not on their top agenda

234

00:11:53,470 --> 00:11:52,000

they've probably been convinced by the

235

00:11:55,990 --> 00:11:53,480

CIA and the other

236

00:11:57,970 --> 00:11:56,000

that either it's a sensitive topic that

237

00:12:00,519 --> 00:11:57,980

we shouldn't bring up or there's nothing

238

00:12:03,699 --> 00:12:00,529

to it but what what say you Frank

239

00:12:08,079 --> 00:12:03,709

well regardless of what true and told

240

00:12:11,110 --> 00:12:08,089

Jim Mosley his actions were a little bit

241

00:12:14,769 --> 00:12:11,120

different he was briefed on a regular

242

00:12:17,379 --> 00:12:14,779

basis by his personal Air Force aide

243

00:12:19,870 --> 00:12:17,389

general Robert Landry on a regular basis

244

00:12:21,670 --> 00:12:19,880

regarding the hot UFO cases that were

245

00:12:25,389 --> 00:12:21,680

coming in during his administration and

246

00:12:27,579 --> 00:12:25,399

of course obviously the meeting in the

247

00:12:31,810 --> 00:12:27,589

White House about the 52 incident which

248

00:12:34,000 --> 00:12:31,820

took place on September 3rd 1952 and

249

00:12:36,639 --> 00:12:34,010

that a little bit more than a month

250

00:12:39,759 --> 00:12:36,649

after the the incidents kind of died

251

00:12:42,220 --> 00:12:39,769

down it was pretty clear that that

252

00:12:45,550 --> 00:12:42,230

Truman that took the UFO situation

253

00:12:47,439 --> 00:12:45,560

pretty seriously and that n was on top

254

00:12:50,199 --> 00:12:47,449

of it he was not out of the loop he was

255

00:12:51,730 --> 00:12:50,209

absolutely on top of it well I'm sure

256

00:12:53,680 --> 00:12:51,740

there's only probably a few and

257

00:12:57,310 --> 00:12:53,690

listeners who haven't who are not

258

00:12:59,740 --> 00:12:57,320

familiar with that flap of 52 and the

259

00:13:02,530 --> 00:12:59,750

sighting around the Washington DC area

260

00:13:04,600 --> 00:13:02,540

but capsulize it for us to tell us

261

00:13:07,199 --> 00:13:04,610

exactly what went on and what was the

262

00:13:09,910 --> 00:13:07,209

high point of the activity well sure

263

00:13:12,610 --> 00:13:09,920

sightings from both commercial and

264

00:13:14,829 --> 00:13:12,620

military pilots that were radar hits

265

00:13:17,769 --> 00:13:14,839

recorded by military and commercial

266

00:13:20,650 --> 00:13:17,779

radar scopes one of those targets

267

00:13:23,110 --> 00:13:20,660

reached seven thousand miles an hour F

268

00:13:26,170 --> 00:13:23,120

ninety fours were scrambled from Dover

269

00:13:28,509 --> 00:13:26,180

Air Force Base to intercept the UFOs one

270

00:13:32,079 --> 00:13:28,519

of the pilots of one of those f94 is

271

00:13:35,470 --> 00:13:32,089

said that he was surrounded by a number

272

00:13:39,790 --> 00:13:35,480

of UFOs while he was in the air over the

273

00:13:41,590 --> 00:13:39,800

DC area and then they just sort of cut

274

00:13:43,930 --> 00:13:41,600

out on them you know they were there and

275

00:13:47,470 --> 00:13:43,940

then they were gone but for a stretch

276

00:13:50,199 --> 00:13:47,480

there was quite worried asking the tower

277

00:13:52,290 --> 00:13:50,209

at Washington National Airport you know

278

00:13:56,410 --> 00:13:52,300

what should i do what should I do here

279

00:13:58,689 --> 00:13:56,420

there were members officers from the

280

00:14:00,730 --> 00:13:58,699

Pentagon in the tower at Washington

281

00:14:02,860 --> 00:14:00,740

National Airport during this particular

282

00:14:04,069 --> 00:14:02,870

evening when the the intercept took

283

00:14:08,720 --> 00:14:04,079

place

284

00:14:11,299 --> 00:14:08,730

one of the Air Force officers do we for

285

00:14:14,689 --> 00:14:11,309

an ad a colonel had brought in a radar

286

00:14:17,239 --> 00:14:14,699

expert with him his radar guy saw the

287

00:14:19,369 --> 00:14:17,249

targets on the radar scope he was

288

00:14:21,109 --> 00:14:19,379

convinced there was AI wasn't caused by

289

00:14:24,710 --> 00:14:21,119

any kind of temperature inversion that

290

00:14:27,769 --> 00:14:24,720

there were solid targets that the the

291

00:14:32,179 --> 00:14:27,779

targets were there for a while and then

292

00:14:34,369 --> 00:14:32,189

at first the first sweep through the f94

293

00:14:37,100 --> 00:14:34,379

is when they came in the targets left

294

00:14:39,530 --> 00:14:37,110

then the f94 is doubled back to head

295

00:14:41,030 --> 00:14:39,540

back to Dover and suddenly the targets

296

00:14:43,999 --> 00:14:41,040

were back so then they came back and

297

00:14:46,910 --> 00:14:44,009

that's where they had that aerial close

298

00:14:51,259 --> 00:14:46,920

encounter afterwards it's just it's just

299

00:14:53,239 --> 00:14:51,269

an amazing case and again it you know

300

00:14:55,309 --> 00:14:53,249

people often talk at hey why don't they

301

00:14:58,189 --> 00:14:55,319

land on the White House lawn well in

302

00:15:00,259 --> 00:14:58,199

July of 1952 they came about as close I

303

00:15:02,119 --> 00:15:00,269

think they were ever going to to landing

304

00:15:04,699 --> 00:15:02,129

on the White House lawn pretty darn

305

00:15:06,470 --> 00:15:04,709

close flying right in the neighborhood

306

00:15:09,710 --> 00:15:06,480

of the White House of the capital of

307

00:15:11,269 --> 00:15:09,720

Washington National Airport now here's

308

00:15:12,829 --> 00:15:11,279

something you probably Frank that you're

309

00:15:15,799 --> 00:15:12,839

not aware of and I don't think that too

310

00:15:18,230 --> 00:15:15,809

many people are we published the book of

311

00:15:20,239 --> 00:15:18,240

several years ago it was originally put

312

00:15:23,269 --> 00:15:20,249

out by great Barker's listeria and press

313

00:15:26,780 --> 00:15:23,279

it was not very popular it was written

314

00:15:29,359 --> 00:15:26,790

by a fellow captain Alvin Moore who had

315

00:15:31,249 --> 00:15:29,369

been in the CIA at military training I

316

00:15:33,799 --> 00:15:31,259

don't know he was responsible I think

317

00:15:37,369 --> 00:15:33,809

with Oh for over 50 patents and he had a

318

00:15:41,119 --> 00:15:37,379

keen interest in Charles Fort and in the

319

00:15:44,539 --> 00:15:41,129

UFO phenomena well he claims that a part

320

00:15:47,509 --> 00:15:44,549

of the what are these UFOs actually was

321

00:15:50,989 --> 00:15:47,519

shot at and blown off and landed in his

322

00:15:53,809 --> 00:15:50,999

backyard in Virginia right okay

323

00:15:55,819 --> 00:15:53,819

described quite in detail in the in this

324

00:15:59,350 --> 00:15:55,829

book that we a privately publish and

325

00:16:02,659 --> 00:15:59,360

that he took the material and put it in

326

00:16:05,749 --> 00:16:02,669

a safe that supposedly only he had the

327

00:16:08,439 --> 00:16:05,759

combination to in a very secure location

328

00:16:11,299 --> 00:16:08,449

well when he went back to retrieve the

329

00:16:14,269 --> 00:16:11,309

material the part of this the UFO that

330

00:16:17,950 --> 00:16:14,279

had been shot at and part of the object

331

00:16:20,410 --> 00:16:17,960

had landed in his backyard it was gone

332

00:16:22,389 --> 00:16:20,420

so I'll don't believe the guy was making

333

00:16:25,120 --> 00:16:22,399

the story up but yet there aren't any

334

00:16:27,220 --> 00:16:25,130

written records I don't believe of

335

00:16:31,090 --> 00:16:27,230

actually the objects being a shot AB

336

00:16:32,889 --> 00:16:31,100

unless you know of them and yeah I'm not

337

00:16:34,510 --> 00:16:32,899

not familiar with that in fact I'm not

338

00:16:38,350 --> 00:16:34,520

familiar of any shots being fired at

339

00:16:41,290 --> 00:16:38,360

that point now I'll have to send you a

340

00:16:43,060 --> 00:16:41,300

copy of the book and maybe maybe there's

341

00:16:45,550 --> 00:16:43,070

some something new in there you know

342

00:16:47,500 --> 00:16:45,560

because as you say you know we never we

343

00:16:50,800 --> 00:16:47,510

could never get to the you know into the

344

00:16:52,269 --> 00:16:50,810

bottom of any of this until we keep you

345

00:16:54,280 --> 00:16:52,279

know researching all the evidence and

346

00:16:56,829 --> 00:16:54,290

going back into the files it's like it

347

00:16:58,030 --> 00:16:56,839

you know a cold case you know on TV you

348

00:17:02,170 --> 00:16:58,040

see all these cases that have been

349

00:17:04,689 --> 00:17:02,180

murder cases and crime cases that they

350

00:17:07,630 --> 00:17:04,699

finally solve after many many years

351  
00:17:10,360 --> 00:17:07,640  
because some modern technology like DNA

352  
00:17:14,319 --> 00:17:10,370  
comes along and and presto the guilty

353  
00:17:18,610 --> 00:17:14,329  
party you know is discovered after many

354  
00:17:21,250 --> 00:17:18,620  
many decades so alright there were two

355  
00:17:24,309 --> 00:17:21,260  
incidences over the the capital is that

356  
00:17:25,960 --> 00:17:24,319  
correct on two weekends in a row well

357  
00:17:30,720 --> 00:17:25,970  
yeah there were a number of sightings

358  
00:17:34,330 --> 00:17:30,730  
from commercial pilots private pilots

359  
00:17:37,690 --> 00:17:34,340  
over basically the last part of July but

360  
00:17:39,460 --> 00:17:37,700  
that that last weekend in July that was

361  
00:17:41,880 --> 00:17:39,470  
when the intercept took place and that

362  
00:17:45,640 --> 00:17:41,890  
was kind of like the big incident and

363  
00:17:47,710 --> 00:17:45,650

then again maybe roughly six weeks after

364

00:17:50,350 --> 00:17:47,720

that they had the meeting in the white

365

00:17:52,210 --> 00:17:50,360

house and my source for this is a pretty

366

00:17:56,680 --> 00:17:52,220

unimpeachable my source for all this is

367

00:17:59,680 --> 00:17:56,690

the Truman library website itself and

368

00:18:01,810 --> 00:17:59,690

now how about I think I maybe over the

369

00:18:05,020 --> 00:18:01,820

course of the years I've seen one or two

370

00:18:07,570 --> 00:18:05,030

of the individuals who were working at

371

00:18:08,950 --> 00:18:07,580

the radar you know radar tower at that

372

00:18:09,880 --> 00:18:08,960

point who had seen these pick these up

373

00:18:12,580 --> 00:18:09,890

on radar

374

00:18:16,810 --> 00:18:12,590

are there any testimony testimonies from

375

00:18:20,700 --> 00:18:16,820

the pilots themselves well I going back

376

00:18:23,650 --> 00:18:20,710

into the the Declassified Blue Book file

377

00:18:26,260 --> 00:18:23,660

the one of the file says that the there

378

00:18:27,810 --> 00:18:26,270

is a attached to it the transcript of

379

00:18:30,750 --> 00:18:27,820

the conversation back and forth between

380

00:18:33,840 --> 00:18:30,760

the pilots

381

00:18:36,180 --> 00:18:33,850

the tower unfortunately that that

382

00:18:38,280 --> 00:18:36,190

attachment from the original files

383

00:18:40,560 --> 00:18:38,290

doesn't seem to be in the Declassified

384

00:18:42,480 --> 00:18:40,570

Blue Book files so the the one thing

385

00:18:46,620 --> 00:18:42,490

that we do have to go by that is al

386

00:18:48,480 --> 00:18:46,630

chops oral history al chop for folks who

387

00:18:51,540 --> 00:18:48,490

were really into the the UFO

388

00:18:54,810 --> 00:18:51,550

documentaries there was a there was a

389

00:18:56,310 --> 00:18:54,820

film made in 1956 called UFO it might

390

00:18:58,440 --> 00:18:56,320

have been might very well have been one

391

00:19:02,190 --> 00:18:58,450

of the first serious movies about UFOs

392

00:19:04,560 --> 00:19:02,200

that was basically I still consider that

393

00:19:06,780 --> 00:19:04,570

probably the best documentary on the

394

00:19:08,940 --> 00:19:06,790

subject it's it's a really good movie it

395

00:19:12,090 --> 00:19:08,950

really isn't readily available anybody

396

00:19:14,040 --> 00:19:12,100

wants to look it up back I think I've

397

00:19:15,720 --> 00:19:14,050

seen it on YouTube now by the we even

398

00:19:17,850 --> 00:19:15,730

have copies we've sold from last a

399

00:19:21,330 --> 00:19:17,860

couple of couple years because it kind

400

00:19:23,880 --> 00:19:21,340

of filtered in into public domain and

401  
00:19:25,620 --> 00:19:23,890  
and it is it remains probably the best

402  
00:19:27,870 --> 00:19:25,630  
documentary on the on the subject

403  
00:19:33,150 --> 00:19:27,880  
certainly as far as that period goes

404  
00:19:35,700 --> 00:19:33,160  
yeah yeah what what did the tribe mean

405  
00:19:37,890 --> 00:19:35,710  
did Truman have some opinion about this

406  
00:19:39,180 --> 00:19:37,900  
or what was his feeling about you know

407  
00:19:42,870 --> 00:19:39,190  
the White House being buzzed at a

408  
00:19:45,030 --> 00:19:42,880  
Capitol area well just the fact that he

409  
00:19:46,770 --> 00:19:45,040  
wanted to be informed and where I was

410  
00:19:49,020 --> 00:19:46,780  
kept informed about the phenomena and

411  
00:19:51,840 --> 00:19:49,030  
throughout his entire throughout his

412  
00:19:53,940 --> 00:19:51,850  
entire presidency really starting in

413  
00:19:57,360 --> 00:19:53,950

early 1948

414

00:20:00,330 --> 00:19:57,370

so when maybe yes six months or so after

415

00:20:02,250 --> 00:20:00,340

the you know the phenomenon sort of

416

00:20:03,720 --> 00:20:02,260

heated up and that that big summer you

417

00:20:06,840 --> 00:20:03,730

know what the Kenneth Arnold case and

418

00:20:10,440 --> 00:20:06,850

then the Roswell case after that so he

419

00:20:12,540 --> 00:20:10,450

was being briefed again quarterly by as

420

00:20:15,510 --> 00:20:12,550

I like I said as earlier as Air Force

421

00:20:17,610 --> 00:20:15,520

aide Robert Landry again the source on

422

00:20:20,940 --> 00:20:17,620

that is again the the Truman library

423

00:20:25,740 --> 00:20:20,950

website Landry provided them with a with

424

00:20:27,360 --> 00:20:25,750

an oral history and said it you know so

425

00:20:29,160 --> 00:20:27,370

yeah you got to believe it why would he

426

00:20:30,600 --> 00:20:29,170

you know why would he lie you know why

427

00:20:34,200 --> 00:20:30,610

would you lie about something like that

428

00:20:39,090 --> 00:20:34,210

in an oral history that exactly what was

429

00:20:42,320 --> 00:20:39,100

Truman told uh well again he wasn't

430

00:20:44,419 --> 00:20:42,330

terribly specific except that he

431

00:20:47,060 --> 00:20:44,429

consulted with

432

00:20:49,159 --> 00:20:47,070

the the a tech people the air technical

433

00:20:52,370 --> 00:20:49,169

intelligence Center which oversaw Blue

434

00:20:54,590 --> 00:20:52,380

Book so I you know you have to assume

435

00:20:57,350 --> 00:20:54,600

that Truman wanted to hear about the hot

436

00:21:01,039 --> 00:20:57,360

cases you know the hot cases that came

437

00:21:03,440 --> 00:21:01,049

up through that time frame and obviously

438

00:21:05,509 --> 00:21:03,450

the real hot case was the hot what would

439

00:21:09,560 --> 00:21:05,519

of the hot case has been beside that

440

00:21:12,440 --> 00:21:09,570

particular incident uh well you had you

441

00:21:17,149 --> 00:21:12,450

had the the Arnold case the Mantell case

442

00:21:18,799 --> 00:21:17,159

the the Ghandour case let's see there

443

00:21:21,169 --> 00:21:18,809

quite a few there was a Gulf of Mexico

444

00:21:25,909 --> 00:21:21,179

case where I believe they they had a

445

00:21:28,159 --> 00:21:25,919

radar target that they clocked at 15,000

446

00:21:30,769 --> 00:21:28,169

miles an hour at that point you would

447

00:21:34,039 --> 00:21:30,779

have had I would have to think that a

448

00:21:36,049 --> 00:21:34,049

case they absolutely would have taken a

449

00:21:38,840 --> 00:21:36,059

closer look at since a couple Air Force

450

00:21:42,350 --> 00:21:38,850

officers were killed in an Air Force or

451  
00:21:44,870 --> 00:21:42,360  
an Air Force plane crash related to it

452  
00:21:46,909 --> 00:21:44,880  
was the the Maury island case quite a

453  
00:21:49,909 --> 00:21:46,919  
few cases I think would have would have

454  
00:21:51,649 --> 00:21:49,919  
reached the president you have to think

455  
00:21:56,450 --> 00:21:51,659  
that he wanted to hear about the hot

456  
00:22:00,259 --> 00:21:56,460  
cases well underneath the current of

457  
00:22:02,560 --> 00:22:00,269  
skepticism do you think that the the

458  
00:22:04,759 --> 00:22:02,570  
government was actually taking the

459  
00:22:07,850 --> 00:22:04,769  
seriously were they taking the subject

460  
00:22:10,190 --> 00:22:07,860  
well obviously I think it was a very

461  
00:22:14,060 --> 00:22:10,200  
seriously during the four and a half

462  
00:22:17,210 --> 00:22:14,070  
years that Landry was Truman's aide that

463  
00:22:21,230 --> 00:22:17,220

his Air Force aide he was reporting

464

00:22:23,629 --> 00:22:21,240

quarterly to the President and you know

465

00:22:24,980 --> 00:22:23,639

and you take a look at that the history

466

00:22:27,470 --> 00:22:24,990

I mean there might have been some other

467

00:22:29,360 --> 00:22:27,480

cases that maybe none of us even know

468

00:22:32,240 --> 00:22:29,370

about that might have snuck in there as

469

00:22:34,970 --> 00:22:32,250

well there's always that possibility too

470

00:22:38,509 --> 00:22:34,980

and of course you know you've got the

471

00:22:40,970 --> 00:22:38,519

Roswell case in there too which got kind

472

00:22:43,519 --> 00:22:40,980

of heated for a moment at the time and

473

00:22:47,570 --> 00:22:43,529

then kind of disappeared for a long time

474

00:22:49,820 --> 00:22:47,580

until Jesse Marcel came out I I guess

475

00:22:51,470 --> 00:22:49,830

was initially the late 70s when he went

476

00:22:55,879 --> 00:22:51,480

public I think that was the timeframe

477

00:22:57,350 --> 00:22:55,889

when that happened attending you have

478

00:22:59,750 --> 00:22:57,360

well yeah

479

00:23:02,780 --> 00:22:59,760

I was gonna ask you know why would

480

00:23:07,610 --> 00:23:02,790

Truman then later on I mean after he had

481

00:23:10,039 --> 00:23:07,620

retired deny any knowledge that of of

482

00:23:13,039 --> 00:23:10,049

UFOs and and all that I mean I would

483

00:23:18,080 --> 00:23:13,049

think at that point what what did he

484

00:23:20,120 --> 00:23:18,090

have to lose uh well I guess it was

485

00:23:24,230 --> 00:23:20,130

those kind of old school guys you know

486

00:23:26,750 --> 00:23:24,240

Landry was sort of the same way he you

487

00:23:29,120 --> 00:23:26,760

know he kept he kept quiet about it

488

00:23:32,750 --> 00:23:29,130

oral histories a lot of times aren't

489

00:23:34,850 --> 00:23:32,760

released until after several years after

490

00:23:36,020 --> 00:23:34,860

the the people died you know they give

491

00:23:38,360 --> 00:23:36,030

the oral history and they're pretty

492

00:23:40,070 --> 00:23:38,370

honest about it but then they're not

493

00:23:42,710 --> 00:23:40,080

actually released until a few years

494

00:23:47,539 --> 00:23:42,720

after that the person actually passes

495

00:23:51,740 --> 00:23:47,549

away that's part of the deal well you

496

00:23:54,530 --> 00:23:51,750

know everybody Eddie I mean it's become

497

00:23:57,289 --> 00:23:54,540

predominant I mean you know quite a bit

498

00:23:59,720 --> 00:23:57,299

especially you know in the late 1990s

499

00:24:02,000 --> 00:23:59,730

and you know 2000s the whole disclosure

500

00:24:05,299 --> 00:24:02,010

movement you know trying to get the

501  
00:24:08,210 --> 00:24:05,309  
government to admit you know our release

502  
00:24:10,100 --> 00:24:08,220  
you know their so-called information

503  
00:24:14,870 --> 00:24:10,110  
that they supposedly you know hold about

504  
00:24:17,630 --> 00:24:14,880  
the UFOs but I mean you know what what

505  
00:24:20,140 --> 00:24:17,640  
do you think I mean you know you you

506  
00:24:23,750 --> 00:24:20,150  
study that you know the early history

507  
00:24:27,409 --> 00:24:23,760  
like that and and with presidents like

508  
00:24:29,419 --> 00:24:27,419  
Truman disavowing all knowledge I mean

509  
00:24:30,710 --> 00:24:29,429  
do you think that they know anything at

510  
00:24:33,680 --> 00:24:30,720  
all or do you think that they are

511  
00:24:36,470 --> 00:24:33,690  
probably just as much in the dark even

512  
00:24:38,419 --> 00:24:36,480  
today as the rest of us are me you know

513  
00:24:41,690 --> 00:24:38,429

I mean maybe they have a little bit more

514

00:24:45,380 --> 00:24:41,700

information you know some good some good

515

00:24:47,390 --> 00:24:45,390

film taking you know taken from the what

516

00:24:50,030 --> 00:24:47,400

are they call the the gun gun cameras

517

00:24:51,740 --> 00:24:50,040

you know on the plains but for the most

518

00:24:54,530 --> 00:24:51,750

part you know they're just loath to

519

00:24:56,299 --> 00:24:54,540

admit that they're pretty much as much

520

00:25:00,159 --> 00:24:56,309

in the dark as we are there's a you know

521

00:25:03,020 --> 00:25:00,169

as a civilian you know research well if

522

00:25:05,900 --> 00:25:03,030

this is where Roswell kind of comes in

523

00:25:08,510 --> 00:25:05,910

doesn't it I mean if if Roswell happened

524

00:25:10,580 --> 00:25:08,520

and they're not in the dark are they I

525

00:25:13,070 --> 00:25:10,590

mean you know it

526

00:25:15,710 --> 00:25:13,080

I mean you know they could have crap you

527

00:25:19,249 --> 00:25:15,720

know uh machinery and and even bodies

528

00:25:21,019 --> 00:25:19,259

but you know that really doesn't tell

529

00:25:22,669 --> 00:25:21,029

them much I mean I doubt if they're you

530

00:25:23,899 --> 00:25:22,679

know they they would find a book in

531

00:25:27,340 --> 00:25:23,909

there it said you know like how to serve

532

00:25:31,100 --> 00:25:27,350

a man or or something like that you know

533

00:25:38,080 --> 00:25:31,110

and and you know you've got if they did

534

00:25:40,310 --> 00:25:38,090

recover a body and it was humanoid then

535

00:25:44,539 --> 00:25:40,320

you know I mean are you

536

00:25:46,519 --> 00:25:44,549

it still doesn't confirm or deny that

537

00:25:49,999 --> 00:25:46,529

we're talking about extraterrestrials

538

00:25:51,470 --> 00:25:50,009

you know I mean it could hear it it

539

00:25:55,220 --> 00:25:51,480

could be anything really I mean you know

540

00:25:58,629 --> 00:25:55,230

just because you have a craft a craft of

541

00:26:01,820 --> 00:25:58,639

high technology and and a humanoid body

542

00:26:04,369 --> 00:26:01,830

that I mean that's still it's still kind

543

00:26:07,609 --> 00:26:04,379

of a leap of faith to say that we're

544

00:26:09,590 --> 00:26:07,619

dealing with extraterrestrials do you

545

00:26:11,239 --> 00:26:09,600

see the point that I'm going yeah well

546

00:26:13,989 --> 00:26:11,249

it sounds like you're leading up to some

547

00:26:16,999 --> 00:26:13,999

sort of crypto terrestrial type I mean

548

00:26:19,039 --> 00:26:17,009

well I mean I I I have I have no

549

00:26:22,159 --> 00:26:19,049

theories myself you know I mean you know

550

00:26:26,570 --> 00:26:22,169

but you know I it always somewhat

551  
00:26:29,480 --> 00:26:26,580  
bothers me the fact that I'm less unless

552  
00:26:31,970 --> 00:26:29,490  
the humanoid form has been reported I

553  
00:26:35,810 --> 00:26:31,980  
mean almost exclusively with a lot of

554  
00:26:38,799 --> 00:26:35,820  
landed UFO cases has been cited you know

555  
00:26:41,720 --> 00:26:38,809  
unless we're dealing with some kind of

556  
00:26:43,879 --> 00:26:41,730  
evolutionary process that is the same

557  
00:26:45,710 --> 00:26:43,889  
throughout you know I don't really you

558  
00:26:48,980 --> 00:26:45,720  
know like the immediate galaxy or

559  
00:26:51,710 --> 00:26:48,990  
whatever then you know I mean it just

560  
00:26:54,009 --> 00:26:51,720  
seems odd to me that that were that

561  
00:26:56,539 --> 00:26:54,019  
we're constantly running into humanoids

562  
00:26:59,779 --> 00:26:56,549  
we've got some good gear on us I mean we

563  
00:27:02,359 --> 00:26:59,789

really do would be in upright bipeds and

564

00:27:05,180 --> 00:27:02,369

frees up the hands to make things you

565

00:27:10,549 --> 00:27:05,190

know the last time I checked I've never

566

00:27:13,039 --> 00:27:10,559

seen a dog that can crochet you know but

567

00:27:14,690 --> 00:27:13,049

we've got the gear we've got the gear to

568

00:27:17,570 --> 00:27:14,700

advance our we've got the gear and that

569

00:27:19,609 --> 00:27:17,580

we've got the brains to advance and if

570

00:27:22,360 --> 00:27:19,619

there's something else it's somewhere

571

00:27:23,890 --> 00:27:22,370

else somewhat similar to us then they

572

00:27:26,500 --> 00:27:23,900

a little bit of a head start well then

573

00:27:28,870 --> 00:27:26,510

now they might very well be well ahead

574

00:27:31,180 --> 00:27:28,880

of us but let me let me run this by you

575

00:27:35,350 --> 00:27:31,190

real quick let's say let's assume that

576

00:27:37,570 --> 00:27:35,360

let's assume that in 1947 something did

577

00:27:41,170 --> 00:27:37,580

crash maybe Roswell maybe somewhere else

578

00:27:43,180 --> 00:27:41,180

and is from some advanced civilization

579

00:27:45,730 --> 00:27:43,190

where it's from who cares it doesn't

580

00:27:49,690 --> 00:27:45,740

really matter ok it's advanced more than

581

00:27:52,720 --> 00:27:49,700

what we've gotten you and Tim and Tim

582

00:27:54,669 --> 00:27:52,730

we're the brain trust and we got we we

583

00:27:56,530 --> 00:27:54,679

got it it's our task to kind of figure

584

00:27:57,940 --> 00:27:56,540

out what to do with this advanced thing

585

00:27:59,680 --> 00:27:57,950

how are we going to take advantage of

586

00:28:04,060 --> 00:27:59,690

this well it's got advanced propulsion

587

00:28:05,320 --> 00:28:04,070

and it's got advanced avionics and we're

588

00:28:07,390 --> 00:28:05,330

looking at this stuff and we can't

589

00:28:09,370 --> 00:28:07,400

figure we can't make head nor tails of

590

00:28:11,919 --> 00:28:09,380

it but we have been able to figure out

591

00:28:13,210 --> 00:28:11,929

one thing and this is one pretty

592

00:28:16,360 --> 00:28:13,220

important thing we've been able to

593

00:28:19,690 --> 00:28:16,370

figure out what it's made of and it's

594

00:28:21,970 --> 00:28:19,700

made of a metal that there there is no

595

00:28:25,720 --> 00:28:21,980

commercial industry for it anywhere on

596

00:28:29,620 --> 00:28:25,730

the world and it's the has the the

597

00:28:31,720 --> 00:28:29,630

highest strength to weight ratio of any

598

00:28:33,490 --> 00:28:31,730

metal on our planet we know it's made of

599

00:28:36,299 --> 00:28:33,500

roughly the same stuff it's essentially

600

00:28:40,540 --> 00:28:36,309

the same as the metals on our planet and

601  
00:28:42,010 --> 00:28:40,550  
this ship is made of a metal that is on

602  
00:28:44,350 --> 00:28:42,020  
our planet and we're just not taking

603  
00:28:49,150 --> 00:28:44,360  
advantage of it what do you think that

604  
00:28:52,870 --> 00:28:49,160  
we should do about it what would you do

605  
00:28:58,720 --> 00:28:52,880  
about it well yeah what I would do about

606  
00:29:00,730 --> 00:28:58,730  
it is start a commercial industry using

607  
00:29:06,070 --> 00:29:00,740  
taking a full advantage of that metal

608  
00:29:14,970 --> 00:29:06,080  
and has that been done yes it's called

609  
00:29:19,840 --> 00:29:14,980  
titanium ok titanium is used in the

610  
00:29:22,630 --> 00:29:19,850  
manufacturing of rocket oh absolutely I

611  
00:29:24,100 --> 00:29:22,640  
know that we could have gotten to the

612  
00:29:26,470 --> 00:29:24,110  
moon in the timeframe that we did

613  
00:29:28,210 --> 00:29:26,480

without titanium some of the facets that

614

00:29:29,110 --> 00:29:28,220

planes in the world take full advantage

615

00:29:31,120 --> 00:29:29,120

of titanium

616

00:29:33,430 --> 00:29:31,130

what happened was this we're breaking

617

00:29:35,170 --> 00:29:33,440

the sound barrier most well actually is

618

00:29:36,910 --> 00:29:35,180

even that through World War two

619

00:29:38,590 --> 00:29:36,920

a lot of the plans were still live man

620

00:29:40,330 --> 00:29:38,600

you not all but a lot of them were still

621

00:29:43,330 --> 00:29:40,340

manufactured that there they were wood

622

00:29:45,730 --> 00:29:43,340

and there are wood structures some of

623

00:29:48,820 --> 00:29:45,740

them not all of them but and the rest of

624

00:29:51,670 --> 00:29:48,830

Steel you know and steel is heavy steel

625

00:29:54,220 --> 00:29:51,680

is really heavy and aluminium they had

626  
00:29:57,190 --> 00:29:54,230  
aluminium back then then it was used

627  
00:30:00,550 --> 00:29:57,200  
widely but aluminium of course a lot

628  
00:30:03,490 --> 00:30:00,560  
lighter than steel but it's soft when

629  
00:30:06,460 --> 00:30:03,500  
you start flying planes at supersonic

630  
00:30:09,820 --> 00:30:06,470  
speeds that air friction heats up these

631  
00:30:11,590 --> 00:30:09,830  
planes okay and fry an aluminum plane

632  
00:30:13,470 --> 00:30:11,600  
couldn't fly that fast because quite

633  
00:30:17,800 --> 00:30:13,480  
frankly it had melt it would fall apart

634  
00:30:21,160 --> 00:30:17,810  
hmm titanium doesn't do that to give you

635  
00:30:24,880 --> 00:30:21,170  
an idea the the sr-71 which is basically

636  
00:30:27,430 --> 00:30:24,890  
an all titanium plane finally put

637  
00:30:29,860 --> 00:30:27,440  
together in the the early 60s at that

638  
00:30:32,760 --> 00:30:29,870

top Mach 3 that that was a plane that

639

00:30:36,370 --> 00:30:32,770

could fly more than 2,000 miles an hour

640

00:30:39,250 --> 00:30:36,380

and when did what did titanium uh you

641

00:30:41,440 --> 00:30:39,260

know officially come about well I they

642

00:30:43,690 --> 00:30:41,450

knew about it the difficulty with it was

643

00:30:46,300 --> 00:30:43,700

always extracting it from the war was a

644

00:30:48,340 --> 00:30:46,310

real difficult expensive process and

645

00:30:50,770 --> 00:30:48,350

that's why commercial industry didn't

646

00:30:51,610 --> 00:30:50,780

want to touch it a guy from the

647

00:30:54,730 --> 00:30:51,620

Netherlands

648

00:30:57,580 --> 00:30:54,740

William Krall developed it in the 1930s

649

00:31:00,070 --> 00:30:57,590

he came over to the States tried to sell

650

00:31:01,930 --> 00:31:00,080

it to a commercial you know the steel

651  
00:31:03,790 --> 00:31:01,940  
company a US Steel whoever else was a

652  
00:31:06,220 --> 00:31:03,800  
business in those days for public steel

653  
00:31:07,510 --> 00:31:06,230  
or whoever you know the the steel

654  
00:31:10,780 --> 00:31:07,520  
companies none of them would touch it

655  
00:31:12,850 --> 00:31:10,790  
because you know they they couldn't

656  
00:31:15,790 --> 00:31:12,860  
figure out a use for it and it was just

657  
00:31:18,100 --> 00:31:15,800  
too expensive to extract from the ore so

658  
00:31:21,100 --> 00:31:18,110  
they sent him back to Europe and that

659  
00:31:22,840 --> 00:31:21,110  
was a finally obviously you know world

660  
00:31:25,990 --> 00:31:22,850  
war ii kind of heated up and the nazis

661  
00:31:28,060 --> 00:31:26,000  
kind of took over the Benelux country so

662  
00:31:30,640 --> 00:31:28,070  
you saw the writing on the wall on that

663  
00:31:33,850 --> 00:31:30,650

came back permanently and i lived over

664

00:31:37,540 --> 00:31:33,860

here got a job with the the US Bureau of

665

00:31:41,140 --> 00:31:37,550

Mines and we we had the process we had

666

00:31:44,860 --> 00:31:41,150

the process to extract the titanium from

667

00:31:46,560 --> 00:31:44,870

the titanium ore and the reason why all

668

00:31:49,060 --> 00:31:46,570

of a sudden

669

00:31:51,340 --> 00:31:49,070

commercial industry I was suddenly

670

00:31:54,580 --> 00:31:51,350

interested in getting into this business

671

00:31:59,680 --> 00:31:54,590

was because of price supports provided

672

00:32:02,430 --> 00:31:59,690

by the US federal government now I just

673

00:32:05,020 --> 00:32:02,440

want to get back to the the President

674

00:32:07,330 --> 00:32:05,030

presidential thing for a moment you talk

675

00:32:10,180 --> 00:32:07,340

about Harry Truman we've heard many

676

00:32:12,610 --> 00:32:10,190

rumors over the years some of them

677

00:32:15,970 --> 00:32:12,620

actually going back decades although it

678

00:32:19,480 --> 00:32:15,980

seems that they have been more prevalent

679

00:32:22,830 --> 00:32:19,490

in recent times that Eisenhower

680

00:32:25,440 --> 00:32:22,840

President Eisenhower had some sort of

681

00:32:29,409 --> 00:32:25,450

contact with the beings from these

682

00:32:35,640 --> 00:32:29,419

crafts you put any credibility into

683

00:32:39,520 --> 00:32:35,650

these stories no why would that be

684

00:32:41,200 --> 00:32:39,530

because they're stories because well but

685

00:32:44,710 --> 00:32:41,210

are you familiar with the fact that a

686

00:32:49,990 --> 00:32:44,720

letter was actually written back around

687

00:32:51,610 --> 00:32:50,000

I was thinking around 1954 1955 to the

688

00:32:54,149 --> 00:32:51,620

address to the borderland Sciences

689

00:32:57,850 --> 00:32:54,159

Research Association that kind of

690

00:32:58,960 --> 00:32:57,860

mentioned names including a when I think

691

00:33:01,350 --> 00:32:58,970

it was a Catholic or somebody

692

00:33:04,990 --> 00:33:01,360

representative from the Vatican Church

693

00:33:07,630 --> 00:33:05,000

what why would why would that account be

694

00:33:11,409 --> 00:33:07,640

any less credible than something from

695

00:33:12,940 --> 00:33:11,419

Roswell or anywhere else well I'm not

696

00:33:15,789 --> 00:33:12,950

familiar with it I'd like to see it you

697

00:33:17,649 --> 00:33:15,799

know take a look at anything it's yeah

698

00:33:19,779 --> 00:33:17,659

it's been it's been fly me that letter

699

00:33:22,539 --> 00:33:19,789

has been in in fact it kind of surprised

700

00:33:24,220 --> 00:33:22,549

me of course because that event was it

701  
00:33:26,440 --> 00:33:24,230  
was known about you know what we're

702  
00:33:29,590 --> 00:33:26,450  
talking about now what 60 years of UFOs

703  
00:33:31,240 --> 00:33:29,600  
was pretty hard that's pretty hard for

704  
00:33:34,120 --> 00:33:31,250  
anybody to have the capability to

705  
00:33:38,710 --> 00:33:34,130  
remember anything and I'm kind of like a

706  
00:33:45,100 --> 00:33:38,720  
second-generation guy I I came along in

707  
00:33:46,720 --> 00:33:45,110  
about 1956 or 57 I was pretty young I

708  
00:33:49,210 --> 00:33:46,730  
had my first sighting when I was 10

709  
00:33:54,070 --> 00:33:49,220  
years old but no I can't remember where

710  
00:33:55,450 --> 00:33:54,080  
I put my keys in my apartment but I can

711  
00:33:57,250 --> 00:33:55,460  
remember stuff that's in my file

712  
00:33:58,750 --> 00:33:57,260  
cabinets from that period I have a

713  
00:33:59,950 --> 00:33:58,760

pretty good you know I mean detail is

714

00:34:01,990 --> 00:33:59,960

kind of a you know faith

715

00:34:04,510 --> 00:34:02,000

over the years but there are so many

716

00:34:07,000 --> 00:34:04,520

cases out there that really should be

717

00:34:10,780 --> 00:34:07,010

should be backtracked and there just

718

00:34:12,730 --> 00:34:10,790

isn't the number of researchers to do it

719

00:34:16,210 --> 00:34:12,740

in a qua you know everybody seems to

720

00:34:17,470 --> 00:34:16,220

have an agenda I mean let's face it some

721

00:34:19,240 --> 00:34:17,480

people believe in Roswell

722

00:34:21,610 --> 00:34:19,250

some people don't my feeling about

723

00:34:23,380 --> 00:34:21,620

Roswell is that yes something probably

724

00:34:26,640 --> 00:34:23,390

crashed it certainly was not a mogul

725

00:34:30,700 --> 00:34:26,650

balloon but I'm more likely to pin it on

726

00:34:32,680 --> 00:34:30,710

the the Nazis engineers and scientists

727

00:34:34,450 --> 00:34:32,690

that the government brought into this

728

00:34:36,550 --> 00:34:34,460

country on their paper you know Project

729

00:34:38,410 --> 00:34:36,560

Paperclip right because they had but

730

00:34:41,320 --> 00:34:38,420

they hadn't been in the you know doing a

731

00:34:44,470 --> 00:34:41,330

channeling and and trying to establish

732

00:34:47,110 --> 00:34:44,480

contact with the UFO beings going back

733

00:34:50,850 --> 00:34:47,120

as far as about 1920 in Germany and they

734

00:34:53,950 --> 00:34:50,860

even have you know the diagrams and

735

00:34:56,320 --> 00:34:53,960

illustrations of these this shape de

736

00:34:58,690 --> 00:34:56,330

crafts some of which look remarkably

737

00:35:01,300 --> 00:34:58,700

similar to the the ones that supposedly

738

00:35:02,710 --> 00:35:01,310

George Adamski took photographs of and

739

00:35:06,640 --> 00:35:02,720

I'm certainly not a big supporter of

740

00:35:08,680 --> 00:35:06,650

George Adamski because he was a New Ager

741

00:35:11,320 --> 00:35:08,690

and claimed that he has spent his most

742

00:35:13,810 --> 00:35:11,330

of his childhood in Tibet and we just

743

00:35:16,720 --> 00:35:13,820

know that that's just totally absurd I

744

00:35:18,940 --> 00:35:16,730

mean 80% of what he said was just

745

00:35:22,150 --> 00:35:18,950

totally welcome but maybe there's some

746

00:35:24,550 --> 00:35:22,160

truth to the other 20% but there has

747

00:35:29,170 --> 00:35:24,560

been this persistent rumor about you

748

00:35:33,610 --> 00:35:29,180

know like having this you know he was

749

00:35:35,470 --> 00:35:33,620

out in Palm Springs and the they made up

750

00:35:41,110 --> 00:35:35,480

the story to sort of dodge the press

751

00:35:43,690 --> 00:35:41,120

that but he actually went to I've heard

752

00:35:47,260 --> 00:35:43,700

a couple of he went to it was Alamogordo

753

00:35:50,620 --> 00:35:47,270

or Edwards and that's where supposedly

754

00:35:53,170 --> 00:35:50,630

the meeting that took place and they

755

00:35:55,950 --> 00:35:53,180

signed the treaty to exchange technology

756

00:35:59,560 --> 00:35:55,960

for letting the aliens get away with the

757

00:36:02,050 --> 00:35:59,570

with the abduction in the fantasy I mean

758

00:36:03,640 --> 00:36:02,060

you know but the original story there

759

00:36:05,830 --> 00:36:03,650

now that was Murdoch

760

00:36:07,570 --> 00:36:05,840

air force base I think in those days and

761

00:36:11,920 --> 00:36:07,580

and of course there was a letter all

762

00:36:13,810 --> 00:36:11,930

right okay and so yep there were there

763

00:36:16,510 --> 00:36:13,820

was a lot of strange activity and

764

00:36:20,050 --> 00:36:16,520

and phenomena being seen around that

765

00:36:23,560 --> 00:36:20,060

area and in fact I published in a book

766

00:36:24,880 --> 00:36:23,570

that we did on Death Valley Encounters

767

00:36:26,830 --> 00:36:24,890

that the military had there where they

768

00:36:28,800 --> 00:36:26,840

would actually watch through their their

769

00:36:31,330 --> 00:36:28,810

nights scope and through binoculars

770

00:36:34,300 --> 00:36:31,340

these beings that seemed to be wandering

771

00:36:35,710 --> 00:36:34,310

around on the perimeter of the the

772

00:36:39,670 --> 00:36:35,720

military base there for lack of a better

773

00:36:41,560 --> 00:36:39,680

term a Bigfoot or Sasquatch but most of

774

00:36:43,690 --> 00:36:41,570

them were kind of held by you know

775

00:36:45,040 --> 00:36:43,700

instead of the dark haired or something

776

00:36:47,170 --> 00:36:45,050

like that there's all sorts of

777

00:36:49,120 --> 00:36:47,180

persistent rumors about underground the

778

00:36:53,020 --> 00:36:49,130

way the smoke there's fire as they say

779

00:36:55,840 --> 00:36:53,030

and that the Edwards Air Force Base has

780

00:36:58,060 --> 00:36:55,850

has a lot of ongoing activity I don't

781

00:37:01,290 --> 00:36:58,070

know about recently but we're not about

782

00:37:04,030 --> 00:37:01,300

seeing the film and turning it over to

783

00:37:06,010 --> 00:37:04,040

guys from Washington that that took

784

00:37:09,070 --> 00:37:06,020

place in Moroccan words whatever well

785

00:37:11,860 --> 00:37:09,080

you know you know Gordon Cooper actually

786

00:37:16,150 --> 00:37:11,870

called me on the phone and told me that

787

00:37:18,520 --> 00:37:16,160

the story he had heard a that I had gone

788

00:37:21,640 --> 00:37:18,530

on I don't know long john showers some

789

00:37:24,760 --> 00:37:21,650

program and said that he had witnessed

790

00:37:27,280 --> 00:37:24,770

the the had seen the bodies of the you

791

00:37:28,900 --> 00:37:27,290

know crash beings from Roswell which I

792

00:37:30,280 --> 00:37:28,910

never said that at all what he had said

793

00:37:32,470 --> 00:37:30,290

on the Merv Griffin Show if you have a

794

00:37:34,900 --> 00:37:32,480

transcript of that he talked about how

795

00:37:36,100 --> 00:37:34,910

there had been reports of these alien

796

00:37:37,510 --> 00:37:36,110

bodies and stuff like they needed

797

00:37:39,250 --> 00:37:37,520

necessary he didn't say that he thought

798

00:37:40,750 --> 00:37:39,260

it didn't even necessarily said that he

799

00:37:43,150 --> 00:37:40,760

believed that he was just you know

800

00:37:45,760 --> 00:37:43,160

reporting the the accounts that were in

801

00:37:47,800 --> 00:37:45,770

the the media at the the time but he

802

00:37:49,990 --> 00:37:47,810

told me and not only about this incident

803

00:37:52,750 --> 00:37:50,000

at the Edwards Air Force Base where this

804

00:37:54,100 --> 00:37:52,760

object had landed and they took motion

805

00:37:56,680 --> 00:37:54,110

picture footage probably sixteen

806

00:37:59,560 --> 00:37:56,690

millimeter you know with a handheld

807

00:38:02,830 --> 00:37:59,570

camera and the film was turned over to

808

00:38:05,230 --> 00:38:02,840

him he screened it numerous times he was

809

00:38:07,330 --> 00:38:05,240

convinced that it was something not made

810

00:38:10,300 --> 00:38:07,340

on this planet that it was of unknown

811

00:38:12,400 --> 00:38:10,310

origin he called his superiors in

812

00:38:13,990 --> 00:38:12,410

Washington wanting to know what he

813

00:38:16,990 --> 00:38:14,000

should do about it and they told him to

814

00:38:19,240 --> 00:38:17,000

just send the film onto and into the

815

00:38:21,490 --> 00:38:19,250

Pentagon or some other Authority and

816

00:38:23,590 --> 00:38:21,500

that they would get back to him in time

817

00:38:25,990 --> 00:38:23,600

to tell him of their evaluation of

818

00:38:27,340 --> 00:38:26,000

course that's the last thing that I ever

819

00:38:31,270 --> 00:38:27,350

you know ever

820

00:38:34,930 --> 00:38:31,280

I'm sure some of course you know I mean

821

00:38:36,310 --> 00:38:34,940

and then over Germany he when he was in

822

00:38:38,140 --> 00:38:36,320

a station over there they had those

823

00:38:39,430 --> 00:38:38,150

sightings two or three days in a row

824

00:38:41,410 --> 00:38:39,440

where the objects were picked up on

825

00:38:44,560 --> 00:38:41,420

radar and they would scoot up into the

826  
00:38:47,560 --> 00:38:44,570  
sky and chase these things and you know

827  
00:38:48,910 --> 00:38:47,570  
they would always outdistance them so

828  
00:38:51,070 --> 00:38:48,920  
the room you know the rumors have been

829  
00:38:53,200 --> 00:38:51,080  
around for a long time

830  
00:38:56,950 --> 00:38:53,210  
and it does seem like that period of the

831  
00:38:59,380 --> 00:38:56,960  
50s was quite an active you know period

832  
00:39:01,300 --> 00:38:59,390  
in the history of UFOs in this country

833  
00:39:05,650 --> 00:39:01,310  
of course there been other flaps you

834  
00:39:08,260 --> 00:39:05,660  
know 1966 and oh the what was it 1970s

835  
00:39:10,390 --> 00:39:08,270  
three or seventy-five Google and all

836  
00:39:12,220 --> 00:39:10,400  
that but you know I started up believing

837  
00:39:14,970 --> 00:39:12,230  
in Pascagoula and I don't believe in

838  
00:39:18,460 --> 00:39:14,980

Pascagoula anymore and you know why

839

00:39:20,440 --> 00:39:18,470

Calvin Parker Calvin Parker who had been

840

00:39:22,900 --> 00:39:20,450

silent for many many years

841

00:39:25,570 --> 00:39:22,910

appeared in one of our conferences that

842

00:39:27,160 --> 00:39:25,580

we had in Phoenix I was putting on UFO

843

00:39:29,380 --> 00:39:27,170

conferences going back many many years

844

00:39:31,390 --> 00:39:29,390

long before anybody else was I was doing

845

00:39:34,300 --> 00:39:31,400

this and he told this incredibly bizarre

846

00:39:36,340 --> 00:39:34,310

and off-the-wall story about how when he

847

00:39:38,380 --> 00:39:36,350

was taken into the ship account with

848

00:39:39,790 --> 00:39:38,390

Charles Dickens and he was put in a

849

00:39:42,690 --> 00:39:39,800

separate room and there was a naked

850

00:39:44,770 --> 00:39:42,700

female alien there and they had sex and

851  
00:39:46,360 --> 00:39:44,780  
he was told that the aliens were

852  
00:39:48,340 --> 00:39:46,370  
responsible for aids there so it was

853  
00:39:50,770 --> 00:39:48,350  
just totally just totally off-the-wall

854  
00:39:53,140 --> 00:39:50,780  
and had no bearing on anything else and

855  
00:39:54,400 --> 00:39:53,150  
I realized he was just trying to you

856  
00:39:56,710 --> 00:39:54,410  
know he was trying to go commercial with

857  
00:39:59,860 --> 00:39:56,720  
this and thought he would you know come

858  
00:40:01,690 --> 00:39:59,870  
up with a formula to to do a TV show or

859  
00:40:04,900 --> 00:40:01,700  
something and I kind of just thought you

860  
00:40:07,570 --> 00:40:04,910  
know I lost it after that it's just it

861  
00:40:09,790 --> 00:40:07,580  
went from you know like a maybe a top 10

862  
00:40:11,950 --> 00:40:09,800  
story way down to the bottom of the of

863  
00:40:14,920 --> 00:40:11,960

the list though well you can rest

864

00:40:17,560 --> 00:40:14,930

assured that when I'm digging up digging

865

00:40:20,410 --> 00:40:17,570

through presidential archives from 60

866

00:40:22,330 --> 00:40:20,420

and now 70 years ago and looking at the

867

00:40:24,730 --> 00:40:22,340

development of the titanium industry

868

00:40:37,840 --> 00:40:24,740

that a commercial is the last thing on

869

00:40:41,050 --> 00:40:37,850

my mind the program but I do want to get

870

00:40:43,630 --> 00:40:41,060

into the aloni as more

871

00:40:46,120 --> 00:40:43,640

case now I have to take issue with you

872

00:40:47,590 --> 00:40:46,130

on this one I I'm just sorry to me

873

00:40:50,620 --> 00:40:47,600

there's there's too much in the way of

874

00:40:52,600 --> 00:40:50,630

evidence that's something very peculiar

875

00:40:54,700 --> 00:40:52,610

I took place there and and the

876

00:40:57,670 --> 00:40:54,710

likelihood that some students from a

877

00:41:01,020 --> 00:40:57,680

nearby University were responsible it

878

00:41:03,700 --> 00:41:01,030

just it just does it doesn't cut water

879

00:41:07,210 --> 00:41:03,710

with me you know in fact the Ted

880

00:41:09,220 --> 00:41:07,220

Phillips was one of the investigators on

881

00:41:11,410 --> 00:41:09,230

the the case when he was very young you

882

00:41:14,380 --> 00:41:11,420

know and he became a tightly associated

883

00:41:17,650 --> 00:41:14,390

with dr. Hynek and we had him on the

884

00:41:21,160 --> 00:41:17,660

first show of the unraveling the secrets

885

00:41:23,380 --> 00:41:21,170

here and you know to me there's no doubt

886

00:41:25,720 --> 00:41:23,390

that something landed there and that he

887

00:41:27,640 --> 00:41:25,730

had a legitimate sighting but you tell

888

00:41:30,060 --> 00:41:27,650

us your your ear take on this because

889

00:41:33,400 --> 00:41:30,070

it's certainly fascinating and and

890

00:41:35,320 --> 00:41:33,410

different okay well certainly yeah well

891

00:41:39,120 --> 00:41:35,330

let me yeah let me run that the source

892

00:41:42,580 --> 00:41:39,130

of all this by you first okay one of the

893

00:41:44,770 --> 00:41:42,590

I've been corresponding going back and

894

00:41:47,320 --> 00:41:44,780

forth with different researchers

895

00:41:51,220 --> 00:41:47,330

different friends in the business and

896

00:41:53,860 --> 00:41:51,230

that there are wellspring sparks for

897

00:41:55,690 --> 00:41:53,870

ideas look at this look at that and I

898

00:41:57,970 --> 00:41:55,700

was going back and forth with a

899

00:42:01,930 --> 00:41:57,980

researcher named Tony Berg a Leo a while

900

00:42:03,610 --> 00:42:01,940

back and one thing he asked me and you

901  
00:42:05,530 --> 00:42:03,620  
know hey you're looking around and you

902  
00:42:08,020 --> 00:42:05,540  
ever run into anything related to a

903  
00:42:09,550 --> 00:42:08,030  
gentleman named Clyde Williams who ran

904  
00:42:11,410 --> 00:42:09,560  
the other Battelle Memorial Institute

905  
00:42:13,650 --> 00:42:11,420  
which is not too far from

906  
00:42:15,730 --> 00:42:13,660  
wright-patterson Air Force Base and UFOs

907  
00:42:19,030 --> 00:42:15,740  
get back to me let me know so I said

908  
00:42:22,300 --> 00:42:19,040  
okay what so let's do that so I came up

909  
00:42:24,850 --> 00:42:22,310  
with some things about Williams and was

910  
00:42:27,460 --> 00:42:24,860  
looking through and saw the name Linus

911  
00:42:29,200 --> 00:42:27,470  
Pauling now that that to me Oh Linus

912  
00:42:32,370 --> 00:42:29,210  
Pauling is one of the greatest Americans

913  
00:42:36,790 --> 00:42:32,380

who ever lived he won two Nobel prizes

914

00:42:39,820 --> 00:42:36,800

one in chemistry the other in peace just

915

00:42:42,970 --> 00:42:39,830

a great man he really was but he had

916

00:42:44,860 --> 00:42:42,980

some correspondence with Williams so I

917

00:42:48,670 --> 00:42:44,870

just not a curiosity I thought well you

918

00:42:50,710 --> 00:42:48,680

know what let me yeah let me just do a

919

00:42:53,240 --> 00:42:50,720

quick internet search on Linus Pauling

920

00:42:56,150 --> 00:42:53,250

and UFOs and see what comes up well this

921

00:42:58,880 --> 00:42:56,160

turned out what did come up was when

922

00:43:01,070 --> 00:42:58,890

Pauling died yeah left his archives to

923

00:43:02,840 --> 00:43:01,080

the Oregon State University so they had

924

00:43:04,340 --> 00:43:02,850

it there and that what they have is that

925

00:43:05,900 --> 00:43:04,350

they've got an Internet blog where

926

00:43:08,090 --> 00:43:05,910

occasionally they write about some of

927

00:43:10,670 --> 00:43:08,100

the different things that that are among

928

00:43:13,670 --> 00:43:10,680

the papers and as it turned out maybe

929

00:43:16,570 --> 00:43:13,680

just a couple months before I made this

930

00:43:19,670 --> 00:43:16,580

finding they had an article about

931

00:43:22,070 --> 00:43:19,680

Pauling's interest in UFOs a couple

932

00:43:23,600 --> 00:43:22,080

things were really interesting one at

933

00:43:27,460 --> 00:43:23,610

least at one point during the mid

934

00:43:31,700 --> 00:43:27,470

sixties he was considering undertaking a

935

00:43:33,500 --> 00:43:31,710

research project on UFOs themselves and

936

00:43:36,080 --> 00:43:33,510

he laid out what he thought would be a

937

00:43:42,820 --> 00:43:36,090

good good framework for putting together

938

00:43:48,650 --> 00:43:42,830

a UFO research paper or forum conference

939

00:43:54,130 --> 00:43:48,660

what-have-you and also there was a piece

940

00:44:00,980 --> 00:43:57,050

regarding us back and forth he had with

941

00:44:06,680 --> 00:44:00,990

the president of the local university in

942

00:44:10,100 --> 00:44:06,690

Socorro sterling Colgate okay and at one

943

00:44:11,450 --> 00:44:10,110

point Pauling wrote Colgate hey do you

944

00:44:13,430 --> 00:44:11,460

know anything about this Lonnie Zamora

945

00:44:16,040 --> 00:44:13,440

case what do you think about it and

946

00:44:19,790 --> 00:44:16,050

Colgate wrote him back and said it was a

947

00:44:23,570 --> 00:44:19,800

student hoax well those two findings

948

00:44:25,820 --> 00:44:23,580

came up I got back to my buddy Tony and

949

00:44:26,360 --> 00:44:25,830

told him that you know this is what I

950

00:44:28,310 --> 00:44:26,370

found

951

00:44:31,400 --> 00:44:28,320

looking at this I thought it was kind of

952

00:44:35,030 --> 00:44:31,410

interesting this this scientific paper

953

00:44:36,620 --> 00:44:35,040

that Pauling had laid out I thought that

954

00:44:37,850 --> 00:44:36,630

was the really interesting item I

955

00:44:40,130 --> 00:44:37,860

thought that was the thing that was

956

00:44:41,810 --> 00:44:40,140

really gonna follow up on Tony looked at

957

00:44:43,940 --> 00:44:41,820

the Socorro thing go well I'm gonna

958

00:44:46,190 --> 00:44:43,950

follow up on this this is I got to get a

959

00:44:47,360 --> 00:44:46,200

hold of this guy Stirling Colgate and as

960

00:44:49,280 --> 00:44:47,370

it turned out he did

961

00:44:52,510 --> 00:44:49,290

Colgate was still alive at that point he

962

00:44:55,220 --> 00:44:52,520

was in his 90s and Tony wrote him and

963

00:44:56,840 --> 00:44:55,230

Colgate got back to him and confirmed

964

00:44:58,400 --> 00:44:56,850

that yeah you know it was a student

965

00:45:00,290 --> 00:44:58,410

notes I know who did it you know ever

966

00:45:02,390 --> 00:45:00,300

I'm still in contact with these guys

967

00:45:04,010 --> 00:45:02,400

there were students at the time and you

968

00:45:06,099 --> 00:45:04,020

know now they're now they're working

969

00:45:08,200 --> 00:45:06,109

retired so they had full career

970

00:45:09,640 --> 00:45:08,210

scientists how the retired guys they

971

00:45:12,579 --> 00:45:09,650

don't want anything to do with the UFO

972

00:45:14,920 --> 00:45:12,589

business but yeah that's you know it's

973

00:45:17,319 --> 00:45:14,930

like Jim Oberg when I investigated the

974

00:45:19,299 --> 00:45:17,329

the case of the astronaut so it had a

975

00:45:22,509 --> 00:45:19,309

sightings in space you know and

976  
00:45:24,220 --> 00:45:22,519  
including the Gordon Cooper incident I

977  
00:45:25,779 --> 00:45:24,230  
mean you can say anything that you want

978  
00:45:29,049 --> 00:45:25,789  
it didn't happen and so forth and so on

979  
00:45:31,120 --> 00:45:29,059  
there's a big leap of faith and saying

980  
00:45:33,009 --> 00:45:31,130  
that this is what happened and offering

981  
00:45:34,479 --> 00:45:33,019  
evidence that it did I mean as far as

982  
00:45:39,190 --> 00:45:34,489  
I'm concerned

983  
00:45:41,140 --> 00:45:39,200  
okay well of all the people that might

984  
00:45:43,269 --> 00:45:41,150  
might have an opinion on on this

985  
00:45:49,960 --> 00:45:43,279  
particular case whose would you rank

986  
00:45:51,339 --> 00:45:49,970  
highest Ted Phillips really you would

987  
00:45:54,430 --> 00:45:51,349  
you would you wouldn't rank Lonnie

988  
00:45:57,279 --> 00:45:54,440

Zamora is highest oh well oh bloody

989

00:46:01,150 --> 00:45:57,289

outside of the witness well yeah well

990

00:46:04,299 --> 00:46:01,160

yeah well more when that when Lonnie

991

00:46:06,039 --> 00:46:04,309

Zamora was at his closest point it is in

992

00:46:09,249 --> 00:46:06,049

his original report when he was at his

993

00:46:11,200 --> 00:46:09,259

closest point to this vehicle that was

994

00:46:14,019 --> 00:46:11,210

that was lifting off and leaving the

995

00:46:16,509 --> 00:46:14,029

area you just said it looks like a

996

00:46:18,249 --> 00:46:16,519

balloon that's what he said it didn't

997

00:46:20,849 --> 00:46:18,259

look like an extraterrestrial craft it

998

00:46:23,979 --> 00:46:20,859

didn't look like some sort of exotic

999

00:46:26,529 --> 00:46:23,989

experimental vehicle that there that the

1000

00:46:29,039 --> 00:46:26,539

Air Force was putting together NASA was

1001

00:46:32,019 --> 00:46:29,049

putting together he said it looks like

1002

00:46:35,140 --> 00:46:32,029

Frank look at look at the the object in

1003

00:46:37,839 --> 00:46:35,150

Roswell it's described is a feeling like

1004

00:46:40,150 --> 00:46:37,849

pliable aluminum or something like that

1005

00:46:44,140 --> 00:46:40,160

I mean UFOs come in all shapes and sizes

1006

00:46:46,299 --> 00:46:44,150

and perhaps of different substances you

1007

00:46:47,650 --> 00:46:46,309

know it's it's not to say that it's a

1008

00:46:49,239 --> 00:46:47,660

balloon because maybe it looked like

1009

00:46:50,470 --> 00:46:49,249

that you know and I I haven't

1010

00:46:52,690 --> 00:46:50,480

particularly read as that in the

1011

00:46:55,749 --> 00:46:52,700

official Air Force transcripts or

1012

00:46:58,029 --> 00:46:55,759

interviews absolutely it is when some

1013

00:47:01,120 --> 00:46:58,039

more was originally drawn to the scene

1014

00:47:05,049 --> 00:47:01,130

that by a speeding black Chevrolet that

1015

00:47:07,720 --> 00:47:05,059

was driven it was driven by he described

1016

00:47:11,019 --> 00:47:07,730

as a boy about 17 which would be roughly

1017

00:47:14,470 --> 00:47:11,029

college age okay then as he was chasing

1018

00:47:16,810 --> 00:47:14,480

this car his attention is drawn to a war

1019

00:47:19,640 --> 00:47:16,820

and a flame and

1020

00:47:23,960 --> 00:47:19,650

that's sort of off to his right as he's

1021

00:47:26,480 --> 00:47:23,970

driving south out of Socorro off to off

1022

00:47:29,000 --> 00:47:26,490

to his right okay he never sees any kind

1023

00:47:30,650 --> 00:47:29,010

of vehicle land he hears a roar and a

1024

00:47:32,150 --> 00:47:30,660

flame in the sky doesn't describe any

1025

00:47:34,400 --> 00:47:32,160

vehicle he's real specific about this

1026

00:47:36,500 --> 00:47:34,410

Lonnie Zamora is a great UFO witness

1027

00:47:38,630 --> 00:47:36,510

okay I want to read be really clear

1028

00:47:40,940 --> 00:47:38,640

about that he's a fantastic UFO witness

1029

00:47:44,000 --> 00:47:40,950

I've got a lot of respect for UFO

1030

00:47:45,800 --> 00:47:44,010

witnesses and again I want to make this

1031

00:47:49,450 --> 00:47:45,810

very clear I was a more is a great

1032

00:47:53,210 --> 00:47:49,460

witness and when you read his account of

1033

00:47:55,300 --> 00:47:53,220

what happened that day it that you know

1034

00:47:58,520 --> 00:47:55,310

you don't have to believe my position or

1035

00:48:00,710 --> 00:47:58,530

agree with me but you at least have to

1036

00:48:02,720 --> 00:48:00,720

respect the fact that it

1037

00:48:05,330 --> 00:48:02,730

Wednes at least a little bit more

1038

00:48:07,790 --> 00:48:05,340

credibility well anyway when as a moral

1039

00:48:09,920 --> 00:48:07,800

has to get to where this roar and flame

1040

00:48:11,720 --> 00:48:09,930

is he's got to go off the main road he's

1041

00:48:15,410 --> 00:48:11,730

got to go up sort of like a dirt road

1042

00:48:17,540 --> 00:48:15,420

and it's sort of up and then as he's

1043

00:48:19,490 --> 00:48:17,550

when he gets the the crest of this hill

1044

00:48:22,580 --> 00:48:19,500

that he's got a climb in his eye in this

1045

00:48:28,100 --> 00:48:22,590

police car he looks down at a Roy oh

1046

00:48:29,810 --> 00:48:28,110

okay and he sees at some distance he

1047

00:48:32,090 --> 00:48:29,820

sees what he what he thinks because he's

1048

00:48:34,040 --> 00:48:32,100

pretty far away from it what he thinks

1049

00:48:36,440 --> 00:48:34,050

is an overturned car and he sees a

1050

00:48:38,420 --> 00:48:36,450

couple people there and overhauls so

1051

00:48:40,190 --> 00:48:38,430

here's a this is another key point

1052

00:48:42,200 --> 00:48:40,200

yeah I'd never sees any kind of vehicle

1053

00:48:44,420 --> 00:48:42,210

and when he gets to the point where he

1054

00:48:45,950 --> 00:48:44,430

sees where this vehicle is it's on the

1055

00:48:48,500 --> 00:48:45,960

ground and he sees a couple of people

1056

00:48:51,110 --> 00:48:48,510

outside the vehicle already he never

1057

00:48:53,060 --> 00:48:51,120

sees anybody get into or out of any kind

1058

00:48:55,610 --> 00:48:53,070

of space craft aircraft whatever the

1059

00:48:58,040 --> 00:48:55,620

case may be again he is real specific

1060

00:49:01,340 --> 00:48:58,050

about that okay now when he drives

1061

00:49:03,830 --> 00:49:01,350

closer and for him to drive closer the

1062

00:49:07,430 --> 00:49:03,840

way this road works is as he drives

1063

00:49:09,200 --> 00:49:07,440

closer to this vehicle suddenly there's

1064

00:49:11,690 --> 00:49:09,210

a there's a hill there's an up crop

1065

00:49:13,910 --> 00:49:11,700

there and he's actually the closer he

1066

00:49:16,370 --> 00:49:13,920

gets to it he's not able to see the

1067

00:49:19,850 --> 00:49:16,380

vehicle anymore okay until he gets very

1068

00:49:22,670 --> 00:49:19,860

very close to it okay so in that time

1069

00:49:24,500 --> 00:49:22,680

frame I believe that he has that the the

1070

00:49:27,380 --> 00:49:24,510

people who were putting together this

1071

00:49:29,870 --> 00:49:27,390

sort of prank I had enough time to you

1072

00:49:30,560 --> 00:49:29,880

know launch their balloon and then get

1073

00:49:33,200 --> 00:49:30,570

out of there

1074

00:49:35,090 --> 00:49:33,210

they've what they brought the balloon to

1075

00:49:37,280 --> 00:49:35,100

the area what in a trucker they blew it

1076

00:49:40,010 --> 00:49:37,290

up when they got there or my

1077

00:49:41,870 --> 00:49:40,020

understanding is a perk Holgate in his

1078

00:49:43,610 --> 00:49:41,880

correspondence with tony is that they

1079

00:49:47,000 --> 00:49:43,620

they use some kind of a flame maybe like

1080

00:49:48,470 --> 00:49:47,010

some a UFO skeptic i mean there are

1081

00:49:50,840 --> 00:49:48,480

people that have said all things about

1082

00:49:52,700 --> 00:49:50,850

ufos that just turn out not to be true

1083

00:49:54,500 --> 00:49:52,710

you know they plan to see you know we

1084

00:49:56,990 --> 00:49:54,510

don't know that we don't know that but

1085

00:50:01,070 --> 00:49:57,000

you've got some Moore's testimony you've

1086

00:50:02,900 --> 00:50:01,080

got that amorous well every you know it

1087

00:50:06,170 --> 00:50:02,910

seems about every investigator who ever

1088

00:50:08,450 --> 00:50:06,180

studied the case you know agrees that it

1089

00:50:10,820 --> 00:50:08,460

was you know as something very unusual

1090

00:50:12,680 --> 00:50:10,830

that took place and it doesn't sound

1091

00:50:14,450 --> 00:50:12,690

like a balloon and according to Ted

1092

00:50:15,950 --> 00:50:14,460

Phillips there were other witnesses as

1093

00:50:18,830 --> 00:50:15,960

well there were other people that had

1094

00:50:21,080 --> 00:50:18,840

sightings that day and the day before

1095

00:50:26,750 --> 00:50:21,090

the day after right in the vicinity

1096

00:50:27,980 --> 00:50:26,760

there I mean there was some more now why

1097

00:50:29,120 --> 00:50:27,990

wouldn't somebody else you know of

1098

00:50:31,010 --> 00:50:29,130

course they'd be able to see it why

1099

00:50:34,520 --> 00:50:31,020

wouldn't they you know I I don't know I

1100

00:50:36,170 --> 00:50:34,530

to me the the the witness you know there

1101  
00:50:37,910 --> 00:50:36,180  
was there was landing marks there was

1102  
00:50:41,210 --> 00:50:37,920  
bird soil I know you think they were it

1103  
00:50:42,800 --> 00:50:41,220  
was cardboard or something uh well I'm

1104  
00:50:45,680 --> 00:50:42,810  
not sure exactly what it was I mean

1105  
00:50:47,000 --> 00:50:45,690  
there's some speculation there my

1106  
00:50:54,380 --> 00:50:47,010  
understanding is that some burnt

1107  
00:50:56,150 --> 00:50:54,390  
cardboard was found in the area also and

1108  
00:50:57,680 --> 00:50:56,160  
I say in addition to were there were

1109  
00:50:59,210 --> 00:50:57,690  
other sightings you could blame that on

1110  
00:51:01,070 --> 00:50:59,220  
the college students and why would they

1111  
00:51:02,720 --> 00:51:01,080  
pick the court I mean why you say to

1112  
00:51:09,140 --> 00:51:02,730  
make it as they dress they were going to

1113  
00:51:11,600 --> 00:51:09,150

college in Socorro they pick up Frank

1114

00:51:13,010 --> 00:51:11,610

that oh you know the the the this

1115

00:51:15,350 --> 00:51:13,020

particular guy remember Joe Symington

1116

00:51:17,390 --> 00:51:15,360

then in Wisconsin that was given the you

1117

00:51:19,430 --> 00:51:17,400

know UFO pancakes in the stories Brunei

1118

00:51:22,070 --> 00:51:19,440

and people said all they wanted to make

1119

00:51:24,230 --> 00:51:22,080

that that town a you know a tourist

1120

00:51:25,970 --> 00:51:24,240

attraction well the first town that

1121

00:51:29,150 --> 00:51:25,980

became a tourist attraction thanks the

1122

00:51:31,190 --> 00:51:29,160

UFOs was Roswell so I you know I just I

1123

00:51:34,280 --> 00:51:31,200

don't see how that just kind of like

1124

00:51:36,230 --> 00:51:34,290

fits into the the the pattern there but

1125

00:51:39,290 --> 00:51:36,240

anyway that's that's that's your a take

1126  
00:51:40,250 --> 00:51:39,300  
on on the on the subject so what are you

1127  
00:51:41,570 --> 00:51:40,260  
what are you working what are you

1128  
00:51:44,380 --> 00:51:41,580  
working on now what would your current

1129  
00:51:47,450 --> 00:51:44,390  
investigations my current investing

1130  
00:51:50,210 --> 00:51:47,460  
getting my presentation together for

1131  
00:51:51,890 --> 00:51:50,220  
next week so I can go out and wake

1132  
00:51:52,789 --> 00:51:51,900  
people up first thing in the morning

1133  
00:51:55,640 --> 00:51:52,799  
9:30

1134  
00:51:58,010 --> 00:51:55,650  
get there early ladies and gentlemen I'm

1135  
00:51:59,660 --> 00:51:58,020  
just gonna pull you over because it's

1136  
00:52:02,809 --> 00:51:59,670  
not just gonna be me talking I've got my

1137  
00:52:04,819 --> 00:52:02,819  
PowerPoint ready and we're just gonna

1138  
00:52:06,470 --> 00:52:04,829

roll and though and there's some other

1139

00:52:09,950 --> 00:52:06,480

stuff that we haven't covered yet I

1140

00:52:13,130 --> 00:52:09,960

guess we're wrapping up your plenty of

1141

00:52:15,289 --> 00:52:13,140

other material yeah that it's always a

1142

00:52:17,450 --> 00:52:15,299

very interesting you know a conference

1143

00:52:19,700 --> 00:52:17,460

I've been I've known Pat for I don't

1144

00:52:22,010 --> 00:52:19,710

know how many years of course he's he's

1145

00:52:24,049 --> 00:52:22,020

not you know as active as he used to be

1146

00:52:26,329 --> 00:52:24,059

but he still has a you know a guiding

1147

00:52:28,220 --> 00:52:26,339

hand and the in the organization and

1148

00:52:31,339 --> 00:52:28,230

they still have their monthly meetings

1149

00:52:32,960 --> 00:52:31,349

out there in the threaten area and and

1150

00:52:35,660 --> 00:52:32,970

he's done a lot to keep the activity I

1151

00:52:37,880 --> 00:52:35,670

think if it wasn't for Pat and now the

1152

00:52:40,160 --> 00:52:37,890

LFL who's taken over it would be much

1153

00:52:41,120 --> 00:52:40,170

going on at all on the East Coast as far

1154

00:52:43,339 --> 00:52:41,130

as UFOs go

1155

00:52:45,529 --> 00:52:43,349

of course John Ventre I think there's

1156

00:52:48,020 --> 00:52:45,539

some stuff in in Pennsylvania around

1157

00:52:50,120 --> 00:52:48,030

Pittsburgh you know there's something in

1158

00:52:52,930 --> 00:52:50,130

the eastern part of the state to usual

1159

00:52:55,910 --> 00:52:52,940

we had we had him on you know a few

1160

00:52:57,230 --> 00:52:55,920

weeks ago so now how do how do people

1161

00:53:00,559 --> 00:52:57,240

get in touch with you how do they find

1162

00:53:04,120 --> 00:53:00,569

out you have a website or indeed I do

1163

00:53:08,059 --> 00:53:04,130

I just just do an internet search on UFO

1164

00:53:10,190 --> 00:53:08,069

partisan pa rt lsan you'll find it real

1165

00:53:12,740 --> 00:53:10,200

easy in fact in fact you have you have a

1166

00:53:16,970 --> 00:53:12,750

very interesting blog that's laid out

1167

00:53:18,980 --> 00:53:16,980

like a magazine yeah yeah you know it

1168

00:53:20,539 --> 00:53:18,990

actually actually is very good now I

1169

00:53:22,549 --> 00:53:20,549

just don't have I haven't had the time

1170

00:53:24,740 --> 00:53:22,559

to you know I start on stuff and I get

1171

00:53:26,870 --> 00:53:24,750

so many emails and I got to find guests

1172

00:53:28,160 --> 00:53:26,880

for the shows and I'm publishing you

1173

00:53:30,099 --> 00:53:28,170

know all these books and stuff so I

1174

00:53:33,170 --> 00:53:30,109

never seem to completely get through

1175

00:53:35,120 --> 00:53:33,180

everything which I I admit that I should

1176

00:53:37,039 --> 00:53:35,130

but I was very impressed with that

1177

00:53:40,010 --> 00:53:37,049

that's it's a great it's it's like a

1178

00:53:43,130 --> 00:53:40,020

digest on the internet and it's very

1179

00:53:47,720 --> 00:53:43,140

readable because a lot of the you know

1180

00:53:49,069 --> 00:53:47,730

the magazines and ebooks I don't know

1181

00:53:51,589 --> 00:53:49,079

I'm just I'm just not a big fan of

1182

00:53:54,470 --> 00:53:51,599

reading as stuff on the internet I I

1183

00:53:57,200 --> 00:53:54,480

like my hardcore physical you know

1184

00:53:58,050 --> 00:53:57,210

magazines which of course is very

1185

00:54:00,600 --> 00:53:58,060

difficult

1186

00:54:03,630 --> 00:54:00,610

by these days the only magazine

1187

00:54:05,550 --> 00:54:03,640

published in English that I know of at

1188

00:54:09,410 --> 00:54:05,560

the moment devoted exclusively to UFOs

1189

00:54:11,850 --> 00:54:09,420

is called the Australian ufologists and

1190

00:54:13,440 --> 00:54:11,860

you got it you got to kind of look a

1191

00:54:15,720 --> 00:54:13,450

high and low to to find that or

1192

00:54:17,190 --> 00:54:15,730

subscribe to it of course there's a 14

1193

00:54:19,950 --> 00:54:17,200

times but that's not the you know

1194

00:54:21,360 --> 00:54:19,960

entirely UFOs and and that's about

1195

00:54:23,970 --> 00:54:21,370

that's about it you got to go to the

1196

00:54:26,310 --> 00:54:23,980

internet and squint to see everything

1197

00:54:28,110 --> 00:54:26,320

but good luck to you and I hope thanks a

1198

00:54:30,210 --> 00:54:28,120

lot thanks for having me the time flew

1199

00:54:32,520 --> 00:54:30,220

by we will have to continue this

1200

00:54:34,140 --> 00:54:32,530

discussion and when you yeah when you

1201

00:54:37,020 --> 00:54:34,150

find out more about Lonnie's some more

1202

00:54:39,840 --> 00:54:37,030

in some of these other other cases you

1203

00:54:41,220 --> 00:54:39,850

know we should unravel unravel the

1204

00:54:43,080 --> 00:54:41,230

secrets and maybe we found another

1205

00:54:47,880 --> 00:54:43,090

secret to unravel today and forever

1206

00:54:49,670 --> 00:54:47,890

thank you well we'll have it we'll have

1207

00:54:54,240 --> 00:54:49,680

you back on and a good luck on your

1208

00:54:55,980 --> 00:54:54,250

early morning a lecture coming up in in

1209

00:54:57,840 --> 00:54:55,990

New Jersey and I'm sure you'll be

1210

00:54:59,580 --> 00:54:57,850

speaking in other other places as well

1211

00:55:02,850 --> 00:54:59,590

and we'll catch you in the future

1212

00:55:05,120 --> 00:55:02,860

thanks again thank you for being on

1213

00:55:07,950 --> 00:55:05,130

bye-bye now

1214

00:55:10,350 --> 00:55:07,960

all right tip well why don't we why

1215

00:55:13,140 --> 00:55:10,360

1216

00:55:14,520 --> 00:55:13,150

have coming up in our second hour oh you

1217

00:55:17,970 --> 00:55:14,530

won't believe this you know who we have

1218

00:55:21,590 --> 00:55:17,980

coming up we are going to find out

1219

00:55:24,090 --> 00:55:21,600

everything you wanted to know about

1220

00:55:26,040 --> 00:55:24,100

Montour the Montauk Project and the

1221

00:55:30,240 --> 00:55:26,050

Philadelphia Experiment but we're too

1222

00:55:32,040 --> 00:55:30,250

confused to ask Oh fantastic that's

1223

00:55:34,130 --> 00:55:32,050

that's what my favorite topics all right

1224

00:55:38,970 --> 00:55:34,140

we are going to have on the man himself

1225

00:55:40,350 --> 00:55:38,980

Peter moon all right great well let's go

1226  
00:55:43,280 --> 00:55:40,360

1227  
00:55:46,050 --> 00:55:43,290

1228  
00:55:50,610 --> 00:55:46,060

1229  
00:55:53,400 --> 00:55:50,620  
tuned and we're back this is Tim Buckley

1230  
00:55:56,550 --> 00:55:53,410  
and this evening then Schwartz is my

1231  
00:55:58,710 --> 00:55:56,560  
co-host because Carla Anderson the very

1232  
00:56:00,090 --> 00:55:58,720  
talented creative and beautiful Carla

1233  
00:56:03,120 --> 00:56:00,100  
Anderson has the night off

1234  
00:56:04,620 --> 00:56:03,130  
and I know I know people are

1235  
00:56:05,720 --> 00:56:04,630  
disappointed that it's that it's me

1236  
00:56:07,430 --> 00:56:05,730  
tonight and

1237  
00:56:09,380 --> 00:56:07,440  
and not Carla Carla is a hard act to

1238  
00:56:12,650 --> 00:56:09,390

follow but I'll try to give her to us

1239

00:56:14,720 --> 00:56:12,660

that's true but Tim you've been doing

1240

00:56:17,090 --> 00:56:14,730

this stuff for a long time as well and

1241

00:56:19,220 --> 00:56:17,100

you are the co-host along with Michael

1242

00:56:22,010 --> 00:56:19,230

Ahmad of your own program which I was

1243

00:56:23,990 --> 00:56:22,020

also coming on to co-host but it got a

1244

00:56:27,800 --> 00:56:24,000

little bit crowded I thought in that

1245

00:56:29,810 --> 00:56:27,810

little studio that we have and so angel

1246

00:56:34,490 --> 00:56:29,820

gave me my own spot here and but we're

1247

00:56:37,780 --> 00:56:34,500

one big happy psn radio family that's

1248

00:56:40,280 --> 00:56:37,790

right our special guest for the evening

1249

00:56:44,210 --> 00:56:40,290

Peter moon who I've known for a long

1250

00:56:46,820 --> 00:56:44,220

time I've correspondent and we sell some

1251  
00:56:48,530 --> 00:56:46,830  
of his books and the conversation

1252  
00:56:50,450 --> 00:56:48,540  
tonight will Center on everything we

1253  
00:56:52,610 --> 00:56:50,460  
ever wanted to know about the Montauk

1254  
00:56:56,990 --> 00:56:52,620  
Project and the Philadelphia Experiment

1255  
00:56:59,480 --> 00:56:57,000  
but were too confused to ask anyway

1256  
00:57:02,740 --> 00:56:59,490  
Peter welcome welcome to unraveling the

1257  
00:57:05,570 --> 00:57:02,750  
the secrets well it's very nice here

1258  
00:57:08,300 --> 00:57:05,580  
yeah Peter tell us a little bit about

1259  
00:57:10,610 --> 00:57:08,310  
how did you get into this insanity

1260  
00:57:13,850 --> 00:57:10,620  
that's about all that I can I can really

1261  
00:57:15,560 --> 00:57:13,860  
call it because the Montauk Project in

1262  
00:57:18,290 --> 00:57:15,570  
the Philadelphia Experiment goes way

1263  
00:57:21,290 --> 00:57:18,300

beyond the UFOs I mean it's just it's

1264

00:57:25,220 --> 00:57:21,300

out there in its own on its own plaque

1265

00:57:27,890 --> 00:57:25,230

towel well it's it's a neat experience

1266

00:57:32,510 --> 00:57:27,900

to talk to you about it because you were

1267

00:57:34,700 --> 00:57:32,520

there before I was and when I was I

1268

00:57:35,300 --> 00:57:34,710

discovered if that would be the word al

1269

00:57:38,690 --> 00:57:35,310

Bielek

1270

00:57:40,970 --> 00:57:38,700

who of course claimed to be the sole

1271

00:57:44,150 --> 00:57:40,980

survivor of the Philippi experiment and

1272

00:57:51,560 --> 00:57:44,160

do you know how I first met al can I was

1273

00:57:54,140 --> 00:57:51,570

at I was at a in Phoenix Arizona it was

1274

00:57:55,820 --> 00:57:54,150

my birthday and Brad and sherry stager

1275

00:57:58,850 --> 00:57:55,830

we're having was having a little party

1276  
00:58:02,960 --> 00:57:58,860  
for me and the backyard of my typesetter

1277  
00:58:04,760 --> 00:58:02,970  
hope and there were just a few people

1278  
00:58:06,760 --> 00:58:04,770  
there I think my friend Chris Dickey

1279  
00:58:09,370 --> 00:58:06,770  
who's been on the show and this

1280  
00:58:12,530 --> 00:58:09,380  
gentleman who was seated over on a

1281  
00:58:14,330 --> 00:58:12,540  
lounge chair kind of you know a few feet

1282  
00:58:16,790 --> 00:58:14,340  
away from the rest of the the group and

1283  
00:58:18,350 --> 00:58:16,800  
he had a hot dog and in one hand and a

1284  
00:58:19,400 --> 00:58:18,360  
beer and the other and it kind of dozed

1285  
00:58:22,220 --> 00:58:19,410  
off

1286  
00:58:23,870 --> 00:58:22,230  
so I asked Brett and I said who's this

1287  
00:58:26,870 --> 00:58:23,880  
the gentleman over there and he said oh

1288  
00:58:28,990 --> 00:58:26,880

that's Al Bielek I said Oh Al Bielek he

1289

00:58:31,670 --> 00:58:29,000

said yes al Bielek says that he was a

1290

00:58:33,499 --> 00:58:31,680

survivor of the Philadelphia Experiment

1291

00:58:35,480 --> 00:58:33,509

I said well that's that's pretty unusual

1292

00:58:39,289 --> 00:58:35,490

I didn't think that there really were

1293

00:58:41,660 --> 00:58:39,299

any any sort of you know survivors

1294

00:58:45,740 --> 00:58:41,670

outside of the Carlos you know and Landy

1295

00:58:47,180 --> 00:58:45,750

and and and so you know he actually put

1296

00:58:49,640 --> 00:58:47,190

the beard out or maybe you got a second

1297

00:58:52,249 --> 00:58:49,650

one and I started talking to him and he

1298

00:58:54,589 --> 00:58:52,259

told her fascinating a story and I said

1299

00:58:56,420 --> 00:58:54,599

you know al I'm having a conference out

1300

00:58:58,370 --> 00:58:56,430

here in a couple of months I'd really

1301  
00:58:59,839 --> 00:58:58,380  
like to get you on the program and he

1302  
00:59:02,329 --> 00:58:59,849  
had never done any you know public

1303  
00:59:03,620 --> 00:59:02,339  
speaking before he said oh I'll have to

1304  
00:59:04,999 --> 00:59:03,630  
think about it and I said you know

1305  
00:59:06,049 --> 00:59:05,009  
really do because people have always

1306  
00:59:08,870 --> 00:59:06,059  
asked me about the Philadelphia

1307  
00:59:11,029 --> 00:59:08,880  
Experiment and what really went on there

1308  
00:59:13,220 --> 00:59:11,039  
and if you really are a survivor or you

1309  
00:59:15,650 --> 00:59:13,230  
know about this it you know it would be

1310  
00:59:18,829 --> 00:59:15,660  
a great service to the public to to tell

1311  
00:59:22,190 --> 00:59:18,839  
of your involvement so three months

1312  
00:59:25,339 --> 00:59:22,200  
later my program was set to you know

1313  
00:59:28,430 --> 00:59:25,349

we'd rented a nice hotel facility and

1314

00:59:31,009 --> 00:59:28,440

had all sorts of speakers on the program

1315

00:59:33,920 --> 00:59:31,019

you know we covered it all we had some

1316

00:59:35,630 --> 00:59:33,930

nuts and bolts of people like one of the

1317

00:59:38,210 --> 00:59:35,640

astronauts I remember was there Brian

1318

00:59:40,999 --> 00:59:38,220

O'Leary and then we had the people who

1319

00:59:42,319 --> 00:59:41,009

had a little bit more far-fetched this

1320

00:59:44,450 --> 00:59:42,329

stories to tell and that would be al

1321

00:59:46,970 --> 00:59:44,460

Bielek anyway I get to town of course

1322

00:59:49,609 --> 00:59:46,980

maybe about a week before the event to

1323

00:59:51,230 --> 00:59:49,619

start promoting it locally and Al calls

1324

00:59:52,730 --> 00:59:51,240

me one day and he says I don't know what

1325

00:59:53,990 --> 00:59:52,740

to do and I said well what do you mean

1326  
00:59:58,130 --> 00:59:54,000  
you don't know what to do he says well

1327  
01:00:01,490 --> 00:59:58,140  
I've never talked before and so we

1328  
01:00:03,650 --> 01:00:01,500  
agreed to meet at Denny's right so we

1329  
01:00:05,630 --> 01:00:03,660  
meet at Denny's and I said you know well

1330  
01:00:07,430 --> 01:00:05,640  
the best way to do this is kind of take

1331  
01:00:09,620 --> 01:00:07,440  
some file cards three about five file

1332  
01:00:10,999 --> 01:00:09,630  
cards and take some notes and kind of

1333  
01:00:12,920 --> 01:00:11,009  
stack them in front of you and go

1334  
01:00:14,630 --> 01:00:12,930  
through the you know the notes but I

1335  
01:00:16,880 --> 01:00:14,640  
said you know you know this story so

1336  
01:00:18,829 --> 01:00:16,890  
well and you seem sincere about it best

1337  
01:00:21,470 --> 01:00:18,839  
thing to do is throw the notes away and

1338  
01:00:23,359 --> 01:00:21,480

tell it from the heart well I'll get up

1339

01:00:26,210 --> 01:00:23,369

there on the stage in front of about

1340

01:00:28,460 --> 01:00:26,220

maybe 300 people it was the afternoon

1341

01:00:31,460 --> 01:00:28,470

two o'clock session and he told his

1342

01:00:32,930 --> 01:00:31,470

story so well that unfortunately the

1343

01:00:33,160 --> 01:00:32,940

next speaker I don't think had fifty or

1344

01:00:35,109 --> 01:00:33,170

sick

1345

01:00:38,530 --> 01:00:35,119

the people in the auditorium because

1346

01:00:40,240 --> 01:00:38,540

they followed our Al Bielek out into the

1347

01:00:43,210 --> 01:00:40,250

hallway like lemmings

1348

01:00:44,589 --> 01:00:43,220

you know to the sea and you know I of

1349

01:00:46,390 --> 01:00:44,599

course published a couple of books a

1350

01:00:47,740 --> 01:00:46,400

Brad stager wrote one on this

1351

01:00:49,809 --> 01:00:47,750

Philadelphia Experiment and you've

1352

01:00:51,490 --> 01:00:49,819

written a subject as well but let's get

1353

01:00:54,130 --> 01:00:51,500

back to you because you're the guest how

1354

01:00:58,960 --> 01:00:54,140

did you get it and entangled in all of

1355

01:01:03,069 --> 01:00:58,970

this well I was actually sitting next to

1356

01:01:06,010 --> 01:01:03,079

Al Bielek when I saw a lecture I was

1357

01:01:09,059 --> 01:01:06,020

attending a lecture on earth changes and

1358

01:01:12,280 --> 01:01:09,069

two of the people on the panel were

1359

01:01:14,170 --> 01:01:12,290

Preston Nichols and Duncan Cameron there

1360

01:01:15,579 --> 01:01:14,180

were at least three other people on that

1361

01:01:18,630 --> 01:01:15,589

panel that night and I was actually

1362

01:01:21,250 --> 01:01:18,640

going to meet Preston because of his

1363

01:01:24,339 --> 01:01:21,260

inventive skills he had invented a

1364

01:01:26,770 --> 01:01:24,349

machine that he called the bio fizzled

1365

01:01:29,170 --> 01:01:26,780

in the Pyramid of sound which was

1366

01:01:32,349 --> 01:01:29,180

basically designed for balancing the

1367

01:01:36,520 --> 01:01:32,359

human aura and I was interested in his

1368

01:01:38,650 --> 01:01:36,530

machine and I in order to meet him I had

1369

01:01:42,539 --> 01:01:38,660

to be subjected to a lecture which

1370

01:01:44,559 --> 01:01:42,549

turned into a lecture or many

1371

01:01:46,390 --> 01:01:44,569

information being thrown around about

1372

01:01:49,000 --> 01:01:46,400

first the Philadelphia Experiment and

1373

01:01:50,859 --> 01:01:49,010

then the Montauk Project and I was

1374

01:01:55,240 --> 01:01:50,869

sitting next to Al Bielek that night and

1375

01:01:56,770 --> 01:01:55,250

he was talking about it and and all

1376

01:01:59,319 --> 01:01:56,780

sorts of things because he started

1377

01:02:06,069 --> 01:01:59,329

chiming in this was a small group of

1378

01:02:08,500 --> 01:02:06,079

probably 10 to 20 people in a small new

1379

01:02:10,210 --> 01:02:08,510

I care a Long Island Long Island at the

1380

01:02:12,039 --> 01:02:10,220

that used to be called the total health

1381

01:02:14,260 --> 01:02:12,049

network it's no longer there was the

1382

01:02:15,579 --> 01:02:14,270

psychotronics chapter Long Island

1383

01:02:18,160 --> 01:02:15,589

chapter of the u.s. psychotronics

1384

01:02:21,309 --> 01:02:18,170

association would meet on the top floor

1385

01:02:23,920 --> 01:02:21,319

of that building in Farmingdale and so I

1386

01:02:25,510 --> 01:02:23,930

was you know hearing all this wild stuff

1387

01:02:27,130 --> 01:02:25,520

and I said wow is there a book I'd like

1388

01:02:30,579 --> 01:02:27,140

to read this book about Montauk no

1389

01:02:33,430 --> 01:02:30,589

there's no book so about six months

1390

01:02:35,140 --> 01:02:33,440

later I signed a contract with Preston I

1391

01:02:37,020 --> 01:02:35,150

had to check this stuff out and I heard

1392

01:02:40,000 --> 01:02:37,030

a lot of lectures met a lot of people

1393

01:02:44,049 --> 01:02:40,010

that had some involvement with it but al

1394

01:02:46,510 --> 01:02:44,059

Bielek was very special because as you

1395

01:02:47,080 --> 01:02:46,520

say if you get 300 people following you

1396

01:02:54,940 --> 01:02:47,090

out

1397

01:02:56,980 --> 01:02:54,950

of lightning so yes lightning in a

1398

01:02:59,230 --> 01:02:56,990

bottle and he was a very interesting

1399

01:03:00,820 --> 01:02:59,240

speaker but he didn't know he was

1400

01:03:03,880 --> 01:03:00,830

involved in them in the Philadelphia

1401

01:03:05,830 --> 01:03:03,890

Experiment until he kind of came upon

1402

01:03:08,860 --> 01:03:05,840

this conclusion independently because

1403

01:03:12,210 --> 01:03:08,870

Duncan and Preston had already realized

1404

01:03:14,740 --> 01:03:12,220

it and they realized that the always

1405

01:03:19,390 --> 01:03:14,750

Duncan's brother in this sort of

1406

01:03:23,980 --> 01:03:19,400

convoluted scenario and it's a very

1407

01:03:26,230 --> 01:03:23,990

convoluted scenario but Peter we all

1408

01:03:30,660 --> 01:03:26,240

know pretty much about the Philadelphia

1409

01:03:33,720 --> 01:03:30,670

Experiment how the this military vessel

1410

01:03:37,210 --> 01:03:33,730

teleported itself from the dock in

1411

01:03:40,720 --> 01:03:37,220

Philadelphia to Norfolk Virginia and

1412

01:03:44,230 --> 01:03:40,730

some of the sailors on board the vessel

1413

01:03:46,720 --> 01:03:44,240

became invisible others got stuck in the

1414

01:03:48,730 --> 01:03:46,730

Hall of the the craft and it's sort of

1415

01:03:51,850 --> 01:03:48,740

like kind of fried as I understand it

1416

01:03:55,600 --> 01:03:51,860

but a lot of people may not be familiar

1417

01:03:57,370 --> 01:03:55,610

with the the Montauk Project now I think

1418

01:03:59,650 --> 01:03:57,380

the first I heard about the Montauk

1419

01:04:04,140 --> 01:03:59,660

Project has something to do with a giant

1420

01:04:06,820 --> 01:04:04,150

12-foot monster roaming around well

1421

01:04:08,320 --> 01:04:06,830

you you're the book you published the

1422

01:04:12,820 --> 01:04:08,330

Philadelphia Experiment and other UFO

1423

01:04:15,820 --> 01:04:12,830

conspiracies yes that book has a mention

1424

01:04:17,650 --> 01:04:15,830

of the Montauk Project in it it's it's

1425

01:04:20,080 --> 01:04:17,660

it is that I think that's the first time

1426

01:04:22,030 --> 01:04:20,090

that the Montauk Project appears in

1427

01:04:25,390 --> 01:04:22,040

literature in that hook I bought that

1428

01:04:30,610 --> 01:04:25,400

book from Preston Nichols who had copies

1429

01:04:33,040 --> 01:04:30,620

of it and that an important thing for me

1430

01:04:37,930 --> 01:04:33,050

to read as I was beginning to study this

1431

01:04:41,340 --> 01:04:37,940

so the Montauk Project was according to

1432

01:04:43,840 --> 01:04:41,350

what Al and Duncan had figured out and

1433

01:04:47,520 --> 01:04:43,850

trying to piece back their memories

1434

01:04:50,200 --> 01:04:47,530

together was where they had landed after

1435

01:04:52,390 --> 01:04:50,210

jumping off the USS Eldridge in the

1436

01:04:55,030 --> 01:04:52,400

Philadelphia Experiment they jumped off

1437

01:04:57,640 --> 01:04:55,040

the Eldridge knew not to stay on board

1438

01:04:59,450 --> 01:04:57,650

knew to not to hit the bulkhead itself

1439

01:05:01,880 --> 01:04:59,460

and jump overboard

1440

01:05:03,859 --> 01:05:01,890

and as is depicted in the movie of the

1441

01:05:07,400 --> 01:05:03,869

same name the Philadelphia Experiment

1442

01:05:09,109 --> 01:05:07,410

they landed someplace else and in the

1443

01:05:11,299 --> 01:05:09,119

case of where they actually landed

1444

01:05:14,120 --> 01:05:11,309

according to what they recollected was

1445

01:05:17,270 --> 01:05:14,130

Montauk New York and they were landing

1446

01:05:20,540 --> 01:05:17,280

in 1983 so that this this became yeah

1447

01:05:23,150 --> 01:05:20,550

very far out they were time was

1448

01:05:25,809 --> 01:05:23,160

rearranged and rearranging itself and

1449

01:05:29,059 --> 01:05:25,819

and the Montauk Project this is this

1450

01:05:31,040 --> 01:05:29,069

introduction to the Montauk Project is

1451

01:05:33,200 --> 01:05:31,050

actually from the Philadelphia

1452

01:05:36,290 --> 01:05:33,210

Experiment from the context we're

1453

01:05:38,120 --> 01:05:36,300

talking it goes there jumping off this

1454

01:05:39,799 --> 01:05:38,130

ship and going to Montauk into the

1455

01:05:42,309 --> 01:05:39,809

future so they're right there in time

1456

01:05:46,849 --> 01:05:42,319

because the Philadelphia Experiment is

1457

01:05:48,740 --> 01:05:46,859

sort of like a creating of its or its

1458

01:05:50,960 --> 01:05:48,750

involved in a vortex which is spinning

1459

01:05:53,569 --> 01:05:50,970

around time like a big clock with all

1460

01:05:56,089 --> 01:05:53,579

this sort of random chaos and they

1461

01:05:59,750 --> 01:05:56,099

emerged into that chaos they were really

1462

01:06:02,059 --> 01:05:59,760

in the time sea and everything was blown

1463

01:06:03,980 --> 01:06:02,069

open you talk about Pandora's Box this

1464

01:06:05,780 --> 01:06:03,990

is one introduction to the Philadelphia

1465

01:06:08,150 --> 01:06:05,790

Experiment I mean to the Montauk Project

1466

01:06:12,470 --> 01:06:08,160

and it's a rather exotic introduction

1467

01:06:15,109 --> 01:06:12,480

because the typical introduction I give

1468

01:06:17,000 --> 01:06:15,119

when I write the book with Preston is

1469

01:06:23,030 --> 01:06:17,010

that Preston was doing his own research

1470

01:06:25,280 --> 01:06:23,040

in the timeline of 1980s and discovering

1471

01:06:28,370 --> 01:06:25,290

that there was strange signals emanating

1472

01:06:31,400 --> 01:06:28,380

from Montauk Point New York from the the

1473

01:06:32,990 --> 01:06:31,410

radar transmitter out there so he did

1474

01:06:34,940 --> 01:06:33,000

that with radio direction-finding

1475

01:06:37,430 --> 01:06:34,950

because he was having interference

1476

01:06:39,079 --> 01:06:37,440

showing up at his lab and he's died

1477

01:06:41,000 --> 01:06:39,089

slept with the psychics he was working

1478

01:06:46,220 --> 01:06:41,010

with so he discovers the Montauk Project

1479

01:06:48,109 --> 01:06:46,230

through channel you know be but what

1480

01:06:50,690 --> 01:06:48,119

we're talking about here is channel a

1481

01:06:53,630 --> 01:06:50,700

with these the story of the Philadelphia

1482

01:06:57,859 --> 01:06:53,640

Experiment having a continuity and of

1483

01:07:00,020 --> 01:06:57,869

course the way as they say going through

1484

01:07:03,079 --> 01:07:00,030

channel B with Preston discovering the

1485

01:07:06,740 --> 01:07:03,089

Montauk Project doing readings on it a

1486

01:07:08,450 --> 01:07:06,750

guy named Brian was involved who was

1487

01:07:12,049 --> 01:07:08,460

doing readings and then Duncan comes

1488

01:07:14,779 --> 01:07:12,059

along and has sensitivities to it

1489

01:07:16,999 --> 01:07:14,789

they begin to discover more finding and

1490

01:07:18,620 --> 01:07:17,009

here are more stories they go to the

1491

01:07:21,620 --> 01:07:18,630

u.s. psychotronics association and

1492

01:07:23,569 --> 01:07:21,630

dayton no ha dayton ohio i think it was

1493

01:07:27,920 --> 01:07:23,579

they also went to a preston went to a

1494

01:07:29,719 --> 01:07:27,930

meeting in chicago in 1986 where if you

1495

01:07:32,469 --> 01:07:29,729

remember you Ginny a macer story who's

1496

01:07:34,910 --> 01:07:32,479

passed away she literally witnessed

1497

01:07:36,979 --> 01:07:34,920

government agents or those people who

1498

01:07:38,479 --> 01:07:36,989

appeared to be government agents giving

1499

01:07:39,650 --> 01:07:38,489

Preston holy hell he says you're not

1500

01:07:40,819 --> 01:07:39,660

going to talk about this he says I am

1501

01:07:42,799 --> 01:07:40,829

going to talk about it and a big

1502

01:07:45,049 --> 01:07:42,809

screaming match and he went out and

1503

01:07:46,969 --> 01:07:45,059

announced the Montauk Project publicly

1504

01:07:52,539 --> 01:07:46,979

for the first time in US psychotronics

1505

01:07:56,929 --> 01:07:52,549

Association in Chicago 1986 so and how

1506

01:07:58,910 --> 01:07:56,939

was how was his talk received well III

1507

01:08:02,299 --> 01:07:58,920

did not hear the talk because I didn't

1508

01:08:04,189 --> 01:08:02,309

come around till 19 1990 but it was

1509

01:08:07,069 --> 01:08:04,199

obviously received with a lot of

1510

01:08:08,839 --> 01:08:07,079

interest and intrigue and he felt that

1511

01:08:12,289 --> 01:08:08,849

he needed to talk and talk publicly

1512

01:08:14,329 --> 01:08:12,299

about it because he said if I don't if

1513

01:08:17,749 --> 01:08:14,339

he did that to keep himself alive

1514

01:08:20,240 --> 01:08:17,759

because it would have been he felt that

1515

01:08:23,959 --> 01:08:20,250

he needed to make it public so that he

1516

01:08:27,649 --> 01:08:23,969

would not become a targeted enemy and

1517

01:08:31,129 --> 01:08:27,659

that that is why he he talked talked

1518

01:08:34,010 --> 01:08:31,139

about the story it was it circulated on

1519

01:08:36,410 --> 01:08:34,020

that network of the US psychotronics

1520

01:08:38,359 --> 01:08:36,420

Association and on these they have these

1521

01:08:40,069 --> 01:08:38,369

Preparedness expose these various

1522

01:08:43,309 --> 01:08:40,079

conference in addition to the one that

1523

01:08:48,200 --> 01:08:43,319

you hosted um this was going on from I

1524

01:08:50,240 --> 01:08:48,210

guess the late 80s till about 1992 when

1525

01:08:53,149 --> 01:08:50,250

I had the book altogether I wrote it

1526

01:08:55,849 --> 01:08:53,159

during 1991 and the book was published

1527

01:08:59,629 --> 01:08:55,859

in May of 1992 we've been now in

1528

01:09:02,839 --> 01:08:59,639

business for 23 years as Skye books but

1529

01:09:03,559 --> 01:09:02,849

so I mean we saw how many books do you

1530

01:09:07,789 --> 01:09:03,569

have out now

1531

01:09:10,189 --> 01:09:07,799

all 20 book over 20 books that I

1532

01:09:13,999 --> 01:09:10,199

published and written most of them or

1533

01:09:16,039 --> 01:09:14,009

co-authored them yes so but I sound like

1534

01:09:18,079 --> 01:09:16,049

an old timer but I'm like I don't know

1535

01:09:21,229 --> 01:09:18,089

if I've been in the business half as

1536

01:09:23,209 --> 01:09:21,239

long as you have so well well probably

1537

01:09:25,880 --> 01:09:23,219

probably well maybe not quite half as

1538

01:09:27,950 --> 01:09:25,890

long but you certainly you know you

1539

01:09:30,080 --> 01:09:27,960

successful publisher I mean you maybe I

1540

01:09:32,300 --> 01:09:30,090

don't know if you have any accomplished

1541

01:09:34,610 --> 01:09:32,310

you're sold probably not millions yet

1542

01:09:36,590 --> 01:09:34,620

but you know how hard I mean I know you

1543

01:09:47,660 --> 01:09:36,600

know how hard it is to stay in business

1544

01:09:50,570 --> 01:09:47,670

as a publisher probably people in exited

1545

01:09:52,490 --> 01:09:50,580

quickly with their you know their pants

1546

01:09:54,740 --> 01:09:52,500

down to their ankles and and penniless

1547

01:09:56,000 --> 01:09:54,750

it's well it's very difficult but as I

1548

01:09:57,440 --> 01:09:56,010

was saying I've generated millions of

1549

01:09:59,360 --> 01:09:57,450

dollars and that sounds very impressive

1550

01:10:02,930 --> 01:09:59,370

on the other hand when you divide up

1551

01:10:05,060 --> 01:10:02,940

millions of dollars into you know 23

1552

01:10:08,990 --> 01:10:05,070

years and and considering all the

1553

01:10:12,200 --> 01:10:09,000

expenses I'm I've made a living and of

1554

01:10:16,310 --> 01:10:12,210

course the the heyday of publishing was

1555

01:10:20,210 --> 01:10:16,320

in the yester years for for Playboy and

1556

01:10:21,710 --> 01:10:20,220

now well I think I was telling you today

1557

01:10:25,280 --> 01:10:21,720

the only thing that I kind of liked

1558

01:10:27,110 --> 01:10:25,290

about this you know books on demand you

1559

01:10:30,260 --> 01:10:27,120

don't have to carry around 50-pound

1560

01:10:31,550 --> 01:10:30,270

boxes of books because over the over the

1561

01:10:33,920 --> 01:10:31,560

years I don't know how many boxes of

1562

01:10:37,010 --> 01:10:33,930

books that I carried and and my god I

1563

01:10:39,410 --> 01:10:37,020

you know like just the cartons and

1564

01:10:41,210 --> 01:10:39,420

cartons of cartons of books and then you

1565

01:10:43,190 --> 01:10:41,220

gotta find a place to store them and and

1566

01:10:43,850 --> 01:10:43,200

keep them so that they you know they

1567

01:10:46,370 --> 01:10:43,860

don't

1568

01:10:48,590 --> 01:10:46,380

it turned mildew Ani is it's a chore but

1569

01:10:50,120 --> 01:10:48,600

it's well this is why people aren't

1570

01:10:51,980 --> 01:10:50,130

publishers this is why people aren't

1571

01:10:54,440 --> 01:10:51,990

publishers and and the e we have all our

1572

01:10:56,440 --> 01:10:54,450

books and eBooks down so yes it's a it's

1573

01:10:59,150 --> 01:10:56,450

a great great yes who are you gonna ask

1574

01:11:01,880 --> 01:10:59,160

well you know let's hear it a little bit

1575

01:11:03,830 --> 01:11:01,890

more about Montauk I mean it's all the

1576

01:11:06,980 --> 01:11:03,840

way it's the furthest point on Long

1577

01:11:08,740 --> 01:11:06,990

Island it's about what three hours two

1578

01:11:11,990 --> 01:11:08,750

and a half hours by train from the city

1579

01:11:13,700 --> 01:11:12,000

and in fact we find from Manhattan in

1580

01:11:15,770 --> 01:11:13,710

three hours yes

1581

01:11:18,140 --> 01:11:15,780

okay and the Train only goes to think

1582

01:11:20,720 --> 01:11:18,150

once a day except in the summertime but

1583

01:11:22,100 --> 01:11:20,730

now tell us about the the military base

1584

01:11:25,510 --> 01:11:22,110

there the sudden the ground-based that

1585

01:11:29,900 --> 01:11:25,520

you guys I guess revealed or discovered

1586

01:11:32,930 --> 01:11:29,910

well there's there is an Air Force

1587

01:11:35,360 --> 01:11:32,940

Station it was known as the seven

1588

01:11:38,490 --> 01:11:35,370

seventy third radar school quadrant an

1589

01:11:41,580 --> 01:11:38,500

air force station as opposed to a base

1590

01:11:46,110 --> 01:11:41,590

and just basically housed this sage

1591

01:11:48,900 --> 01:11:46,120

radar which ran in 435 megahertz and

1592

01:11:52,980 --> 01:11:48,910

this was part of the the eastern shield

1593

01:11:57,500 --> 01:11:52,990

defense which was there to register

1594

01:11:59,700 --> 01:11:57,510

anything flying in the sky basically

1595

01:12:01,680 --> 01:11:59,710

aircraft from the Russians or other

1596

01:12:03,870 --> 01:12:01,690

foreign powers which could also pick up

1597

01:12:06,960 --> 01:12:03,880

anything that might be unidentified and

1598

01:12:08,820 --> 01:12:06,970

there was a network of 13 of these

1599

01:12:10,740 --> 01:12:08,830

things around the United States and

1600

01:12:12,950 --> 01:12:10,750

Montauk was one of the premier ones

1601  
01:12:16,200 --> 01:12:12,960  
because of itself where it sat on the

1602  
01:12:18,840 --> 01:12:16,210  
eastern end it was representative of the

1603  
01:12:21,270 --> 01:12:18,850  
defense of the United States of America

1604  
01:12:23,430 --> 01:12:21,280  
so and then of course they took all this

1605  
01:12:27,530 --> 01:12:23,440  
data and they stored it but note beneath

1606  
01:12:31,740 --> 01:12:27,540  
ground so there was a huge underground

1607  
01:12:34,710 --> 01:12:31,750  
to store and secure this data in case of

1608  
01:12:38,010 --> 01:12:34,720  
an atomic attack or anything they would

1609  
01:12:40,020 --> 01:12:38,020  
have all this secure area down there and

1610  
01:12:41,970 --> 01:12:40,030  
there was a point when you could see a

1611  
01:12:44,250 --> 01:12:41,980  
huge ramp going underneath that

1612  
01:12:47,520 --> 01:12:44,260  
transmitter building the blueprints of

1613  
01:12:49,170 --> 01:12:47,530

camp hero are classified to this day by

1614

01:12:55,410 --> 01:12:49,180

the government they will not release the

1615

01:12:58,200 --> 01:12:55,420

blueprints so according to legends there

1616

01:13:00,440 --> 01:12:58,210

are deeper levels to the underground

1617

01:13:02,850 --> 01:13:00,450

than would be the ordinary military

1618

01:13:05,760 --> 01:13:02,860

levels and some of these would be

1619

01:13:07,650 --> 01:13:05,770

ancient ancient stuff that would go into

1620

01:13:10,170 --> 01:13:07,660

the Inner Earth or be connected to the

1621

01:13:16,770 --> 01:13:10,180

ancient civilization of Atlantis but

1622

01:13:20,370 --> 01:13:16,780

just on a more tangible note in 1990 and

1623

01:13:22,380 --> 01:13:20,380

was 91 or 92 there was a they have a

1624

01:13:24,330 --> 01:13:22,390

parade at Saint during st. Patty's Day

1625

01:13:26,700 --> 01:13:24,340

it's the third biggest parade in New

1626  
01:13:27,960 --> 01:13:26,710  
York State and Montauk and all these

1627  
01:13:29,730 --> 01:13:27,970  
guys get out there and show off their

1628  
01:13:31,440 --> 01:13:29,740  
fire engines and it basically takes the

1629  
01:13:33,870 --> 01:13:31,450  
whole town's attention so there was a

1630  
01:13:40,740 --> 01:13:33,880  
group of guys that went out there in 91

1631  
01:13:42,750 --> 01:13:40,750  
or 92 and they recorded they went into

1632  
01:13:44,940 --> 01:13:42,760  
the bunker that's on the cliffs there's

1633  
01:13:47,280 --> 01:13:44,950  
a bunker by the cliffs that used to be

1634  
01:13:49,680 --> 01:13:47,290  
broken and you could walk into it or

1635  
01:13:52,080 --> 01:13:49,690  
climb into it and there were railroad

1636  
01:13:54,150 --> 01:13:52,090  
tracks there that they were more like

1637  
01:13:57,540 --> 01:13:54,160  
tracts that you see from my mining

1638  
01:14:01,560 --> 01:13:57,550

railroad tracks as opposed to a railroad

1639

01:14:04,350 --> 01:14:01,570

and these guys went through that and now

1640

01:14:06,360 --> 01:14:04,360

they must have walked the better part of

1641

01:14:08,340 --> 01:14:06,370

a mile if not a mile to get all the way

1642

01:14:10,140 --> 01:14:08,350

to the transmitter building area which I

1643

01:14:12,360 --> 01:14:10,150

believe is where they emerged and they

1644

01:14:15,450 --> 01:14:12,370

were taking videos and they were taking

1645

01:14:16,590 --> 01:14:15,460

videos and they were getting a lot of

1646

01:14:18,240 --> 01:14:16,600

interference there was a lot of

1647

01:14:20,280 --> 01:14:18,250

electromagnetic interference as they

1648

01:14:22,740 --> 01:14:20,290

were going there and it was it was all

1649

01:14:24,210 --> 01:14:22,750

pretty rugged now I saw these videos

1650

01:14:26,730 --> 01:14:24,220

because Preston showed them in a

1651  
01:14:28,410 --> 01:14:26,740  
psychotronics meeting once and one of

1652  
01:14:32,160 --> 01:14:28,420  
the videos they honed in on was this

1653  
01:14:33,810 --> 01:14:32,170  
really bizarre configuration it was some

1654  
01:14:36,900 --> 01:14:33,820  
sort of radio receiver and it was all

1655  
01:14:38,850 --> 01:14:36,910  
wrapped around a crystal a big crystal

1656  
01:14:42,420 --> 01:14:38,860  
like you might see at a crystal in Rock

1657  
01:14:44,030 --> 01:14:42,430  
Show and I I really I asked him I said

1658  
01:14:47,100 --> 01:14:44,040  
I'd like to get those videos I'd like to

1659  
01:14:48,450 --> 01:14:47,110  
to get a excerpt of that you know and in

1660  
01:14:50,850 --> 01:14:48,460  
Preston didn't even know where it was

1661  
01:14:55,230 --> 01:14:50,860  
he's full of all probably a lot of data

1662  
01:14:58,080 --> 01:14:55,240  
like that in his in his house or the

1663  
01:15:00,380 --> 01:14:58,090

houses that he has so then that was a an

1664

01:15:03,420 --> 01:15:00,390

actual one of the most interesting

1665

01:15:05,580 --> 01:15:03,430

aspects I saw of what would be the

1666

01:15:08,280 --> 01:15:05,590

abandoned underground because that that

1667

01:15:10,530 --> 01:15:08,290

underground was demonstrating that you

1668

01:15:13,470 --> 01:15:10,540

could travel all the way from the bluffs

1669

01:15:16,830 --> 01:15:13,480

all the way to the base there according

1670

01:15:18,990 --> 01:15:16,840

to stories that I heard if you traveled

1671

01:15:21,660 --> 01:15:19,000

down one of those tunnels or some of

1672

01:15:24,090 --> 01:15:21,670

those tunnels you would get to a place

1673

01:15:27,630 --> 01:15:24,100

with a red light which actually had a

1674

01:15:30,030 --> 01:15:27,640

red light and if you could access that

1675

01:15:33,420 --> 01:15:30,040

door by knocking at it you could get

1676

01:15:34,980 --> 01:15:33,430

into the base of course the one thing

1677

01:15:36,960 --> 01:15:34,990

when you knock on the door and somebody

1678

01:15:42,600 --> 01:15:36,970

answers it you're probably in a lot of

1679

01:15:47,190 --> 01:15:42,610

trouble and yes and so there are stories

1680

01:15:49,770 --> 01:15:47,200

of there was also a story by a man who

1681

01:15:55,230 --> 01:15:49,780

serviced I think they were the called

1682

01:15:57,330 --> 01:15:55,240

the Amplatz their different equipment

1683

01:16:01,410 --> 01:15:57,340

they had down there but he he went and

1684

01:16:04,639 --> 01:16:01,420

went down in an elevator in what was an

1685

01:16:06,379 --> 01:16:04,649

area right next to a bunker

1686

01:16:07,850 --> 01:16:06,389

and of course he said it was in this

1687

01:16:10,399 --> 01:16:07,860

blue building and of course that blue

1688

01:16:12,919 --> 01:16:10,409

building disappeared it was torn down

1689

01:16:14,569 --> 01:16:12,929

and he said that there was a an elevator

1690

01:16:16,219 --> 01:16:14,579

he used to service stuff down there and

1691

01:16:17,719 --> 01:16:16,229

he never know what it was about he just

1692

01:16:19,609 --> 01:16:17,729

was told to go down there service these

1693

01:16:22,189 --> 01:16:19,619

things and come back up he had no

1694

01:16:25,629 --> 01:16:22,199

knowledge of the time stuff he later met

1695

01:16:29,330 --> 01:16:25,639

Preston and played a very instrumental

1696

01:16:33,159 --> 01:16:29,340

point with with the John Ford case that

1697

01:16:37,040 --> 01:16:33,169

he was an advocate for John Ford him so

1698

01:16:39,080 --> 01:16:37,050

via the Montauk Project of course this

1699

01:16:41,540 --> 01:16:39,090

is the base this is the camp hero base

1700

01:16:44,169 --> 01:16:41,550

with all sorts of it's it's very large

1701

01:16:47,060 --> 01:16:44,179

it's a mystery place

1702

01:16:48,319 --> 01:16:47,070

Preston very seriously used to say to me

1703

01:16:50,979 --> 01:16:48,329

when I was going out there and to

1704

01:16:53,330 --> 01:16:50,989

investigate just just to go look around

1705

01:16:55,489 --> 01:16:53,340

before because I am before I've been

1706

01:16:58,669 --> 01:16:55,499

there he said very emphatically says do

1707

01:17:01,459 --> 01:16:58,679

not go out there alone and do not go out

1708

01:17:03,799 --> 01:17:01,469

there at night take a friend with you

1709

01:17:05,989 --> 01:17:03,809

take a sensitive but he was emphatic

1710

01:17:08,290 --> 01:17:05,999

that I not go out there alone because he

1711

01:17:12,500 --> 01:17:08,300

says things happen to people out there

1712

01:17:15,319 --> 01:17:12,510

so it's a mysterious place and the

1713

01:17:16,759 --> 01:17:15,329

energy is a lot but are the bunkers do

1714

01:17:18,949 --> 01:17:16,769

people still go in there I mean I've

1715

01:17:21,020 --> 01:17:18,959

seen photographs of all what this looks

1716

01:17:23,779 --> 01:17:21,030

like torn apart equipment and and stuff

1717

01:17:26,000 --> 01:17:23,789

I mean are there still entranceways well

1718

01:17:28,819 --> 01:17:26,010

there are they blocked up the entrance

1719

01:17:32,389 --> 01:17:28,829

ways and sometimes guys will hammer

1720

01:17:34,009 --> 01:17:32,399

through the entrance ways hammer they've

1721

01:17:35,299 --> 01:17:34,019

hammered into the transmitter building

1722

01:17:37,339 --> 01:17:35,309

at different times I haven't been out

1723

01:17:40,250 --> 01:17:37,349

there in a couple of years so I haven't

1724

01:17:42,560 --> 01:17:40,260

seen it but people would hammer in and

1725

01:17:45,049 --> 01:17:42,570

if you went and I I went into those

1726

01:17:47,509 --> 01:17:45,059

areas before they were blocked up and

1727

01:17:50,509 --> 01:17:47,519

because they were accessible and you see

1728

01:17:53,810 --> 01:17:50,519

a lot of abandoned stuff but it really

1729

01:17:55,609 --> 01:17:53,820

wasn't I mean you might feel energy and

1730

01:17:57,770 --> 01:17:55,619

sensitives might feel energy but it's it

1731

01:18:00,529 --> 01:17:57,780

really wasn't anything other than an

1732

01:18:02,689 --> 01:18:00,539

abandoned military place unless you went

1733

01:18:04,549 --> 01:18:02,699

into one of the bunkers which they call

1734

01:18:07,069 --> 01:18:04,559

junior's bunker where the big monster you

1735

01:18:10,609 --> 01:18:07,079

talked about thus appeared in a

1736

01:18:14,209 --> 01:18:10,619

photograph those go weighty those go

1737

01:18:18,229 --> 01:18:14,219

about several levels down and those have

1738

01:18:23,120 --> 01:18:18,239

huge places where they used to store me

1739

01:18:26,720 --> 01:18:23,130

and and this sort of thing so there is a

1740

01:18:28,100 --> 01:18:26,730

lot of space under there well what was

1741

01:18:30,680 --> 01:18:28,110

maybe you could describe it a little bit

1742

01:18:33,500 --> 01:18:30,690

more detail what exactly it was the

1743

01:18:36,410 --> 01:18:33,510

montauk experiment it was a time-travel

1744

01:18:37,940 --> 01:18:36,420

project why and also what was its

1745

01:18:39,740 --> 01:18:37,950

connection with the Philadelphia

1746

01:18:41,780 --> 01:18:39,750

Experiment yes that's a good question

1747

01:18:45,830 --> 01:18:41,790

well the Philadelphia Experiment and I

1748

01:18:48,770 --> 01:18:45,840

they sent the survivors to three

1749

01:18:50,630 --> 01:18:48,780

different places as I understand and one

1750

01:18:52,130 --> 01:18:50,640

of the places one was Virginia and in

1751

01:18:54,080 --> 01:18:52,140

Quantico Virginia and they sent the

1752

01:18:56,660 --> 01:18:54,090

others I don't remember the third one

1753

01:18:59,900 --> 01:18:56,670

but the the other one and then I think

1754

01:19:00,979 --> 01:18:59,910

the main study was done in Camp Upton

1755

01:19:03,350 --> 01:19:00,989

which is Yaphank

1756

01:19:05,060 --> 01:19:03,360

which later became Brookhaven labs so

1757

01:19:06,880 --> 01:19:05,070

they were studying these sailors to see

1758

01:19:10,790 --> 01:19:06,890

what made the mad and they did a whole

1759

01:19:12,709 --> 01:19:10,800

crazy when I say mad and they did a

1760

01:19:16,850 --> 01:19:12,719

whole human factor study on why these

1761

01:19:19,250 --> 01:19:16,860

guys were going out of their minds when

1762

01:19:21,320 --> 01:19:19,260

they went out of this dimension so the

1763

01:19:23,590 --> 01:19:21,330

human factor study combined the Nazi

1764

01:19:27,200 --> 01:19:23,600

data from the Mengele experience

1765

01:19:29,300 --> 01:19:27,210

experiments and they did a whole human

1766

01:19:35,990 --> 01:19:29,310

factor study at Brookhaven labs which

1767

01:19:38,900 --> 01:19:36,000

was laced with MKULTRA type experiments

1768

01:19:41,080 --> 01:19:38,910

and they basically figured out the mind

1769

01:19:44,410 --> 01:19:41,090

of man and put it on a computer and

1770

01:19:47,959 --> 01:19:44,420

eventually could control the mind of man

1771

01:19:50,360 --> 01:19:47,969

experiment with it and interface it with

1772

01:19:52,479 --> 01:19:50,370

a computer or with radio receivers and

1773

01:19:56,930 --> 01:19:52,489

then they took the experiment in about

1774

01:20:01,100 --> 01:19:56,940

the 1970s out to Montauk where they had

1775

01:20:02,900 --> 01:20:01,110

this big radar dish and the radar that

1776

01:20:05,450 --> 01:20:02,910

was now antiquated because they now had

1777

01:20:07,670 --> 01:20:05,460

over-the-horizon radar so so this radar

1778

01:20:09,860 --> 01:20:07,680

dish was an antique but they found out

1779

01:20:12,140 --> 01:20:09,870

that they could use it because this 435

1780

01:20:14,090 --> 01:20:12,150

megahertz was what they call the window

1781

01:20:15,800 --> 01:20:14,100

frequency to the human consciousness it

1782

01:20:20,080 --> 01:20:15,810

ran at the window frequency to the human

1783

01:20:23,540 --> 01:20:20,090

consciousness so if you would put a

1784

01:20:26,330 --> 01:20:23,550

individual and project his thoughts

1785

01:20:28,780 --> 01:20:26,340

connected to a computer connected to

1786

01:20:31,280 --> 01:20:28,790

radio receivers out through this

1787

01:20:33,470 --> 01:20:31,290

transmitter and you could amp

1788

01:20:36,920 --> 01:20:33,480

by what he was thinking in effect the

1789

01:20:39,980 --> 01:20:36,930

moods and feelings of people in the town

1790

01:20:41,450 --> 01:20:39,990

of Montauk the animals and this sort of

1791

01:20:44,450 --> 01:20:41,460

thing and there were a lot of reports of

1792

01:20:47,420 --> 01:20:44,460

deer going crazy we do have video

1793

01:20:50,630 --> 01:20:47,430

footage of birds going crazy out at

1794

01:20:52,460 --> 01:20:50,640

Montauk and that was in 1993 they were

1795

01:20:56,080 --> 01:20:52,470

experimenting with radar out there the

1796

01:20:58,430 --> 01:20:56,090

cardia and radar company so that

1797

01:21:02,750 --> 01:20:58,440

eventually when you can manipulate that

1798

01:21:04,310 --> 01:21:02,760

much mental energy it according to the

1799

01:21:06,080 --> 01:21:04,320

the book and the story the Montauk

1800

01:21:08,420 --> 01:21:06,090

Project experiments in time which is

1801

01:21:13,010 --> 01:21:08,430

available at Sky Books usa.com

1802

01:21:16,010 --> 01:21:13,020

it's my website skybox usa.com is that

1803

01:21:18,380 --> 01:21:16,020

they were having time phenomena so they

1804

01:21:21,620 --> 01:21:18,390

would time would change or something

1805

01:21:24,710 --> 01:21:21,630

might appear out of time so they began

1806

01:21:27,140 --> 01:21:24,720

to experiment with time and begin to get

1807

01:21:31,430 --> 01:21:27,150

good at manipulating it or good enough

1808

01:21:35,570 --> 01:21:31,440

to where they were according to the

1809

01:21:38,570 --> 01:21:35,580

stories they were opening up holes in

1810

01:21:40,160 --> 01:21:38,580

time or vortexes and sending people back

1811

01:21:44,360 --> 01:21:40,170

to them and this this is the more

1812

01:21:48,800 --> 01:21:44,370

fanciful part of the story and it's it

1813

01:21:51,050 --> 01:21:48,810

goes into sort of a chaotic game or

1814

01:21:52,310 --> 01:21:51,060

chaotic circumstances where you have all

1815

01:21:54,380 --> 01:21:52,320

these people doing all these crazy

1816

01:21:57,080 --> 01:21:54,390

things it could be on this timeline or

1817

01:22:00,860 --> 01:21:57,090

that timeline and what we'd like to say

1818

01:22:05,090 --> 01:22:00,870

one thing though I once met a man at a

1819

01:22:07,130 --> 01:22:05,100

seminar up at the Omega Institute and he

1820

01:22:09,350 --> 01:22:07,140

heard that I was there his name was

1821

01:22:14,360 --> 01:22:09,360

Michael Kraft and he wanted to meet me

1822

01:22:18,800 --> 01:22:14,370

so I met him and he was he had written a

1823

01:22:22,520 --> 01:22:18,810

book called alien impact an alien impact

1824

01:22:26,780 --> 01:22:22,530

was a book that he part of it the book

1825

01:22:28,730 --> 01:22:26,790

included a lecture he had featured with

1826

01:22:31,970 --> 01:22:28,740

Preston Nichols and Duncan Cameron in

1827

01:22:33,980 --> 01:22:31,980

Arizona and when he put that chapter of

1828

01:22:36,410 --> 01:22:33,990

the book and this was published by I

1829

01:22:38,780 --> 01:22:36,420

think it was Doubleday it was a big

1830

01:22:40,910 --> 01:22:38,790

company like that they went nuts over

1831

01:22:42,859 --> 01:22:40,920

the chapter on Montauk it had all sorts

1832

01:22:45,679 --> 01:22:42,869

of stuff on aliens but they the editor

1833

01:22:47,839 --> 01:22:45,689

just went nuts on it he said and he had

1834

01:22:50,149 --> 01:22:47,849

to change it and water it down and

1835

01:22:53,810 --> 01:22:50,159

change it so many times what he

1836

01:22:55,790 --> 01:22:53,820

described the Montauk Project as or what

1837

01:22:59,869 --> 01:22:55,800

Preston Nichols was bringing forth was a

1838

01:23:02,469 --> 01:22:59,879

sort of unified theory that explained

1839

01:23:05,239 --> 01:23:02,479

everything it was it was sort of

1840

01:23:09,109 --> 01:23:05,249

embracing the whole kit and caboodle of

1841

01:23:12,069 --> 01:23:09,119

what's going on and look at the Montauk

1842

01:23:15,049 --> 01:23:12,079

Project theories as advanced by Preston

1843

01:23:18,109 --> 01:23:15,059

aren't perfect but it offered a whole

1844

01:23:19,609 --> 01:23:18,119

new explanation and a whole new paradigm

1845

01:23:21,739 --> 01:23:19,619

of looking at things

1846

01:23:24,409 --> 01:23:21,749

as opposed to some of the old paradigms

1847

01:23:27,609 --> 01:23:24,419

so he really did offer us a new paradigm

1848

01:23:31,850 --> 01:23:27,619

and of course it's certainly been a

1849

01:23:35,569 --> 01:23:31,860

fascinating career for me and in trying

1850

01:23:38,119 --> 01:23:35,579

to talk about it and write about it and

1851  
01:23:40,939 --> 01:23:38,129  
understand it what now hasn't somebody

1852  
01:23:42,109 --> 01:23:40,949  
just put together a documentary or a

1853  
01:23:45,169 --> 01:23:42,119  
movie about this

1854  
01:23:46,909 --> 01:23:45,179  
well no no that's that's not accurate I

1855  
01:23:49,790 --> 01:23:46,919  
understand why you'd ask that question

1856  
01:23:52,759 --> 01:23:49,800  
but that feature you're talking about

1857  
01:23:55,489 --> 01:23:52,769  
does not include anything on time it

1858  
01:23:57,439 --> 01:23:55,499  
didn't he did not study any of any of I

1859  
01:24:00,020 --> 01:23:57,449  
worked on this for 20 years he didn't

1860  
01:24:02,810 --> 01:24:00,030  
study any of he of course he couldn't

1861  
01:24:07,040 --> 01:24:02,820  
because he did not seek out permission

1862  
01:24:11,899 --> 01:24:07,050  
to use any of the Montauk Project

1863  
01:24:12,979 --> 01:24:11,909

information so it's a it's not a it has

1864

01:24:16,669 --> 01:24:12,989

nothing to do with the Montauk Project

1865

01:24:19,069 --> 01:24:16,679

what he did do is he interviewed Preston

1866

01:24:21,500 --> 01:24:19,079

and some of the survivors and from what

1867

01:24:23,239 --> 01:24:21,510

I've heard it was a pretty bad job I did

1868

01:24:25,339 --> 01:24:23,249

I saw the first one I did not see the

1869

01:24:29,299 --> 01:24:25,349

second edition yeah I think there's a

1870

01:24:31,639 --> 01:24:29,309

yeah a newly edited version of it out

1871

01:24:33,580 --> 01:24:31,649

there now how about there are our

1872

01:24:39,319 --> 01:24:33,590

pyramids in Montauk

1873

01:24:41,899 --> 01:24:39,329

discovered those because when I went to

1874

01:24:43,790 --> 01:24:41,909

verify the Montauk Project and I

1875

01:24:46,549 --> 01:24:43,800

attempted to verify it through normal

1876

01:24:51,709 --> 01:24:46,559

journalistic means but I found that the

1877

01:24:54,020 --> 01:24:51,719

data trail was very cut short I mean

1878

01:24:55,580 --> 01:24:54,030

people cut it off and there was a lot of

1879

01:24:57,050 --> 01:24:55,590

reaction about it

1880

01:25:00,380 --> 01:24:57,060

so there was I didn't get any

1881

01:25:01,820 --> 01:25:00,390

cooperation from the press and it had

1882

01:25:03,680 --> 01:25:01,830

been stonewalled so what I did have a

1883

01:25:05,930 --> 01:25:03,690

lot of experiences and coincidences or

1884

01:25:09,080 --> 01:25:05,940

synchronicity which was a higher order

1885

01:25:11,330 --> 01:25:09,090

of experience and of course if you you

1886

01:25:13,070 --> 01:25:11,340

know that the the Morris Jessup story

1887

01:25:14,480 --> 01:25:13,080

the man who first wrote about the

1888

01:25:16,540 --> 01:25:14,490

Philadelphia Experiment and he was

1889

01:25:19,310 --> 01:25:16,550

experiencing odd coincidences

1890

01:25:21,470 --> 01:25:19,320

unfortunately they got the better of him

1891

01:25:24,320 --> 01:25:21,480

in the case of all these coincidences

1892

01:25:26,210 --> 01:25:24,330

that I chronicled and wrote about in the

1893

01:25:29,530 --> 01:25:26,220

book Montauk revisited adventures in

1894

01:25:31,700 --> 01:25:29,540

synchronicity at the end of that book I

1895

01:25:34,360 --> 01:25:31,710

went to the library and I didn't mention

1896

01:25:36,380 --> 01:25:34,370

in that book but I discovered in a book

1897

01:25:38,510 --> 01:25:36,390

following this trail of coincidence was

1898

01:25:41,390 --> 01:25:38,520

a book that had the history of Long

1899

01:25:43,340 --> 01:25:41,400

Island by a man named Rufus Wilson and

1900

01:25:45,530 --> 01:25:43,350

it had a picture in there it said the

1901

01:25:47,750 --> 01:25:45,540

pyramids Montauk I said what the hell is

1902

01:25:50,870 --> 01:25:47,760

this it didn't give any explanation it

1903

01:25:53,390 --> 01:25:50,880

showed a picture of three pyramids with

1904

01:25:57,980 --> 01:25:53,400

a man standing by one of the pyramids

1905

01:25:59,900 --> 01:25:57,990

and the pyramids are probably about 20

1906

01:26:04,100 --> 01:25:59,910

feet tall or the one he's standing by

1907

01:26:06,650 --> 01:26:04,110

close to 20 feet tall and I went to the

1908

01:26:09,410 --> 01:26:06,660

librarian and she showed me some stuff

1909

01:26:11,960 --> 01:26:09,420

that indicated that the ancient family

1910

01:26:13,280 --> 01:26:11,970

of the Montauk Indians those were they

1911

01:26:15,560 --> 01:26:13,290

with a royal tribe and they were known

1912

01:26:17,150 --> 01:26:15,570

as the Pharaohs and the Montauk Indians

1913

01:26:19,910 --> 01:26:17,160

themselves told me that they did come

1914

01:26:22,280 --> 01:26:19,920

from Egypt so these pyramids were

1915

01:26:25,520 --> 01:26:22,290

probably as best I can tell washed away

1916

01:26:27,740 --> 01:26:25,530

in the 1938 hurricane and they were

1917

01:26:31,880 --> 01:26:27,750

probably off the tip of Long Island

1918

01:26:33,860 --> 01:26:31,890

which is the Montauk point which has

1919

01:26:38,000 --> 01:26:33,870

been eroding that point has been eroding

1920

01:26:40,190 --> 01:26:38,010

for for a century skinning what well you

1921

01:26:43,070 --> 01:26:40,200

know there there have been pyramids

1922

01:26:45,440 --> 01:26:43,080

founding and quite a few countries in

1923

01:26:48,500 --> 01:26:45,450

fact we have a friend who lives in a

1924

01:26:51,440 --> 01:26:48,510

China that we've had on the show Bruce

1925

01:26:56,030 --> 01:26:51,450

and he and his lady friend at the time

1926

01:26:58,280 --> 01:26:56,040

uncovered pyramids in Australia so there

1927

01:27:01,490 --> 01:26:58,290

are there are there is evidence of these

1928

01:27:03,140 --> 01:27:01,500

pyramid structures all over the the

1929

01:27:05,810 --> 01:27:03,150

planet I don't know if there are some

1930

01:27:09,080 --> 01:27:05,820

kind of cosmic grid or they were used as

1931

01:27:09,260 --> 01:27:09,090

energy beacons but of course this is one

1932

01:27:13,040 --> 01:27:09,270

of

1933

01:27:14,960 --> 01:27:13,050

the the topics that the academia and the

1934

01:27:18,080 --> 01:27:14,970

you know archeologists have tried to

1935

01:27:19,790 --> 01:27:18,090

cover up you know according to them you

1936

01:27:23,540 --> 01:27:19,800

know we can find pyramids in Egypt and

1937

01:27:25,820 --> 01:27:23,550

maybe in Mexico in Central America but

1938

01:27:28,910 --> 01:27:25,830

these other so-called pyramids are just

1939

01:27:31,130 --> 01:27:28,920

not the pyramids according to to them

1940

01:27:33,920 --> 01:27:31,140

you know but you've been continuing your

1941

01:27:35,750 --> 01:27:33,930

research into time oh I know one thing I

1942

01:27:39,050 --> 01:27:35,760

wanted to ask you

1943

01:27:41,780 --> 01:27:39,060

Carroll Rodriguez who's been my

1944

01:27:44,450 --> 01:27:41,790

associate for many years if she read a

1945

01:27:46,190 --> 01:27:44,460

book that you did about ons ons hat is

1946

01:27:47,900 --> 01:27:46,200

that what it's called yeah aunt at the

1947

01:27:50,420 --> 01:27:47,910

beginning at now I wrote the

1948

01:27:53,120 --> 01:27:50,430

introduction to that and I'm listed as a

1949

01:27:56,900 --> 01:27:53,130

co-author that book was compiled and put

1950

01:27:59,900 --> 01:27:56,910

together by Joseph Matheny and aha

1951

01:28:01,730 --> 01:27:59,910

yeah and ons hat is of course an obscure

1952

01:28:04,430 --> 01:28:01,740

location in New Jersey there's an aunt

1953

01:28:08,810 --> 01:28:04,440

at road where there was a the scientists

1954

01:28:12,050 --> 01:28:08,820

at Princeton which it connected to the

1955

01:28:14,240 --> 01:28:12,060

advanced what's it called Institute for

1956

01:28:15,860 --> 01:28:14,250

Advanced Studies where Einstein was and

1957

01:28:20,030 --> 01:28:15,870

that hatched the Philadelphia Experiment

1958

01:28:21,590 --> 01:28:20,040

out of that same area they used to go to

1959

01:28:24,190 --> 01:28:21,600

a hunt and fish club in a place called

1960

01:28:26,780 --> 01:28:24,200

ons hat New Jersey so there was a lot of

1961

01:28:29,150 --> 01:28:26,790

Pine Barrens right in the area where the

1962

01:28:33,380 --> 01:28:29,160

yeah Jersey Devil is supposed to lurk

1963

01:28:35,510 --> 01:28:33,390

yes yes and there was a lot of stuff

1964

01:28:37,310 --> 01:28:35,520

that went on with the physicists that

1965

01:28:42,140 --> 01:28:37,320

were going down there and including John

1966

01:28:45,160 --> 01:28:42,150

von Neumann so what eventually what

1967

01:28:47,750 --> 01:28:45,170

happened there was there was a

1968

01:28:52,310 --> 01:28:47,760

convergence of not only physicist from

1969

01:28:57,010 --> 01:28:52,320

Princeton but hippies and then there

1970

01:28:59,300 --> 01:28:57,020

were drugs involved tantric sex very

1971

01:29:02,030 --> 01:28:59,310

sounds like white I was like quite a

1972

01:29:04,700 --> 01:29:02,040

weekend this was sort of the most

1973

01:29:07,850 --> 01:29:04,710

psychedelic era what are we doing in the

1974

01:29:11,750 --> 01:29:07,860

city exactly the post psychedelic era

1975

01:29:13,850 --> 01:29:11,760

and it also included Sufi ISM and an

1976

01:29:18,820 --> 01:29:13,860

element from the Moorish science temple

1977

01:29:22,679 --> 01:29:18,830

and this this so they were doing

1978

01:29:26,640 --> 01:29:22,689

adventures in two parallel worlds

1979

01:29:29,699 --> 01:29:26,650

well Peter this this is a this is a TV

1980

01:29:32,640 --> 01:29:29,709

series I mean this is just this is a TV

1981

01:29:34,560 --> 01:29:32,650

this is doesn't belong just in the

1982

01:29:39,089 --> 01:29:34,570

beginning between the covers of a book

1983

01:29:41,459 --> 01:29:39,099

this is a TV series right I have to tell

1984

01:29:45,679 --> 01:29:41,469

you something about that it was out just

1985

01:29:48,600 --> 01:29:45,689

the other day that Netflix has

1986

01:29:50,520 --> 01:29:48,610

authorized a show called Montauk all

1987

01:29:53,520 --> 01:29:50,530

about this stuff and I've actually

1988

01:29:58,229 --> 01:29:53,530

composing a letter to warn them about

1989

01:30:01,589 --> 01:29:58,239

copyright infringement and Brian Murphy

1990

01:30:03,569 --> 01:30:01,599

had already sold a Montauk series to Fox

1991

01:30:07,169 --> 01:30:03,579

I had to notify them with a certified

1992

01:30:09,239 --> 01:30:07,179

letter you're supposed to and that

1993

01:30:12,149 --> 01:30:09,249

series stop now Netflix is trying

1994

01:30:15,359 --> 01:30:12,159

something with regard to augs had Fox

1995

01:30:17,129 --> 01:30:15,369

had produced a cartoon called gala door

1996

01:30:21,049 --> 01:30:17,139

which took this thing and that had to be

1997

01:30:24,870 --> 01:30:21,059

stopped so it's like they don't like to

1998

01:30:27,719 --> 01:30:24,880

go to the author and or the copyright

1999

01:30:31,259 --> 01:30:27,729

holders and say like we like to use your

2000

01:30:33,299 --> 01:30:31,269

material so yes you're right and and

2001

01:30:38,129 --> 01:30:33,309

this is that you're very right but this

2002

01:30:40,830 --> 01:30:38,139

is well it's I'm sure a lot of your

2003

01:30:44,219 --> 01:30:40,840

stuff either has been or could have been

2004

01:30:46,169 --> 01:30:44,229

used no stuff that you've published you

2005

01:30:48,659 --> 01:30:46,179

know hey forget if it gets through you

2006

01:30:52,219 --> 01:30:48,669

know the second the season or something

2007

01:30:54,929 --> 01:30:52,229

hey I I see an associate producer credit

2008

01:30:56,520 --> 01:30:54,939

coming up but you you've been continuing

2009

01:30:59,330 --> 01:30:56,530

I mean you you haven't you haven't

2010

01:31:02,520 --> 01:30:59,340

stopped I mean like no matter what

2011

01:31:04,469 --> 01:31:02,530

obstacle might have been put in in your

2012

01:31:05,729 --> 01:31:04,479

you know in front of you and we're

2013

01:31:08,159 --> 01:31:05,739

talking about some pretty wild stuff

2014

01:31:10,350 --> 01:31:08,169

here I mean if there is a conspiracy of

2015

01:31:12,330 --> 01:31:10,360

silence everything that you have

2016

01:31:14,489 --> 01:31:12,340

discussed that printed would be an

2017

01:31:19,620 --> 01:31:14,499

element in that I know you've been going

2018

01:31:21,359 --> 01:31:19,630

over to Transylvania to there's some

2019

01:31:24,209 --> 01:31:21,369

people over there that you're doing some

2020

01:31:25,979 --> 01:31:24,219

time-travel research with well that's

2021

01:31:28,529 --> 01:31:25,989

correct and one of the most exciting

2022

01:31:31,139 --> 01:31:28,539

things that I well I was brought over to

2023

01:31:34,109 --> 01:31:31,149

Romania by dr. David Anderson and I know

2024

01:31:36,490 --> 01:31:34,119

you issued a book with some of his stuff

2025

01:31:40,950 --> 01:31:36,500

in it at one point but

2026

01:31:44,020 --> 01:31:40,960

be he brought me over to Romania to

2027

01:31:46,030 --> 01:31:44,030

participate in a camp and I look he

2028

01:31:47,770 --> 01:31:46,040

tutored me in some time-travel concepts

2029

01:31:50,830 --> 01:31:47,780

which were very interesting but he's

2030

01:31:52,840 --> 01:31:50,840

going to be doing a podcast with me in

2031

01:31:54,940 --> 01:31:52,850

about a month and this is we're gonna

2032

01:31:58,990 --> 01:31:54,950

get an update he has not come public

2033

01:32:00,280 --> 01:31:59,000

with anything in about five years so

2034

01:32:02,230 --> 01:32:00,290

he's gonna give me an update

2035

01:32:04,720 --> 01:32:02,240

I'm on doing podcasts which are on my

2036

01:32:06,910 --> 01:32:04,730

website at digital Montauk comm or Peter

2037

01:32:09,010 --> 01:32:06,920

moon on iTunes you can find these

2038

01:32:11,740 --> 01:32:09,020

podcasts I've been releasing but I'm

2039

01:32:16,210 --> 01:32:11,750

gonna have him in about a month or six

2040

01:32:19,660 --> 01:32:16,220

weeks and so he is somebody who's doing

2041

01:32:22,060 --> 01:32:19,670

real live time experiments in New Mexico

2042

01:32:24,580 --> 01:32:22,070

he works with people across the world

2043

01:32:28,540 --> 01:32:24,590

this is all in the I guess what you call

2044

01:32:31,000 --> 01:32:28,550

the secret sector but he said billions

2045

01:32:33,130 --> 01:32:31,010

upon billions of dollars are being put

2046

01:32:37,720 --> 01:32:33,140

into this by different governments as a

2047

01:32:39,460 --> 01:32:37,730

weapon now there are also other projects

2048

01:32:41,050 --> 01:32:39,470

going on in Romania which I've written a

2049

01:32:42,760 --> 01:32:41,060

whole series of book which is books

2050

01:32:45,550 --> 01:32:42,770

which I call the Transylvanian series

2051

01:32:48,310 --> 01:32:45,560

and the first one is called Transylvania

2052

01:32:53,140 --> 01:32:48,320

sunrise which is about a chamber beneath

2053

01:32:55,270 --> 01:32:53,150

the Romanian Sphinx that has an archives

2054

01:32:57,400 --> 01:32:55,280

a holographic archives of the history of

2055

01:33:00,280 --> 01:32:57,410

the world with three tunnels going into

2056

01:33:01,990 --> 01:33:00,290

the Inner Earth and all sorts of modern

2057

01:33:02,680 --> 01:33:02,000

technology that is actually quite

2058

01:33:06,070 --> 01:33:02,690

ancient

2059

01:33:08,860 --> 01:33:06,080

so Romania is some place I've gone to

2060

01:33:10,780 --> 01:33:08,870

eight times including the spiritual

2061

01:33:13,270 --> 01:33:10,790

capital of Transylvania which I've been

2062

01:33:15,580 --> 01:33:13,280

to at least five times Sarma says u2z

2063

01:33:17,080 --> 01:33:15,590

this is an ancient sea because what an

2064

01:33:19,150 --> 01:33:17,090

interesting people don't realize that

2065

01:33:21,580 --> 01:33:19,160

but when they talk about Hyperborea this

2066

01:33:26,020 --> 01:33:21,590

is the Hyperborea is supposed to be the

2067

01:33:29,620 --> 01:33:26,030

ancient city that truly was the capital

2068

01:33:31,180 --> 01:33:29,630

of the end of Hyperborea but Hyperborean

2069

01:33:32,950 --> 01:33:31,190

was a land that Greeks referred to that

2070

01:33:35,110 --> 01:33:32,960

which is of the north or beyond the

2071

01:33:37,900 --> 01:33:35,120

north wind well if you go in north from

2072

01:33:40,960 --> 01:33:37,910

Greece you'll go right into Bulgaria and

2073

01:33:42,550 --> 01:33:40,970

from Bulgaria you'll go into Romania and

2074

01:33:45,090 --> 01:33:42,560

then you'll go to the Carpathians and

2075

01:33:47,920 --> 01:33:45,100

the Carpathians where it's above the

2076

01:33:49,449 --> 01:33:47,930

Carpathians is Transylvania and that

2077

01:33:53,529 --> 01:33:49,459

area was pocketed

2078

01:33:57,549 --> 01:33:53,539

the ice age and it retained its relative

2079

01:34:02,069 --> 01:33:57,559

warmth and survivability so it was the

2080

01:34:05,739 --> 01:34:02,079

original civilization geologically and

2081

01:34:09,129 --> 01:34:05,749

ethnically so you also have caves by the

2082

01:34:11,529 --> 01:34:09,139

bucketload in Transylvania so it's 55

2083

01:34:14,080 --> 01:34:11,539

degrees below when you get underneath

2084

01:34:16,149 --> 01:34:14,090

there's water under there and there's

2085

01:34:19,600 --> 01:34:16,159

you can survive in those caves during an

2086

01:34:20,979 --> 01:34:19,610

Ice Age so this is these are some of the

2087

01:34:23,919 --> 01:34:20,989

things I've learned there and the

2088

01:34:26,049 --> 01:34:23,929

spiritual tradition all gets side railed

2089

01:34:28,000 --> 01:34:26,059

or sidetracked by the Dracula story when

2090

01:34:30,699 --> 01:34:28,010

people hear of Romania Transylvania

2091

01:34:34,410 --> 01:34:30,709

they they gravitate to Dracula like

2092

01:34:37,330 --> 01:34:34,420

moths to a flame and I'd not spent any

2093

01:34:39,129 --> 01:34:37,340

significant time doing anything with

2094

01:34:42,250 --> 01:34:39,139

Dracula when I've been over there I've

2095

01:34:44,640 --> 01:34:42,260

been searching their ancient spiritual

2096

01:34:47,799 --> 01:34:44,650

heritage which is quite interesting

2097

01:34:51,520 --> 01:34:47,809

don't have time have you been to any of

2098

01:34:56,529 --> 01:34:51,530

these caves yourself yes I've been in

2099

01:34:59,350 --> 01:34:56,539

caves in if you go from the Sphinx and

2100

01:35:02,890 --> 01:34:59,360

you go what would that be I think it

2101  
01:35:04,899 --> 01:35:02,900  
would be west yet my directions confused

2102  
01:35:06,910 --> 01:35:04,909  
over there I've been to a cave several

2103  
01:35:09,879 --> 01:35:06,920  
times the yellow meet the cave or what a

2104  
01:35:12,699 --> 01:35:09,889  
beautiful cave you can go deep deep deep

2105  
01:35:15,729 --> 01:35:12,709  
deep deep and and it feel like you've

2106  
01:35:17,229 --> 01:35:15,739  
walked a half a mile or so into that

2107  
01:35:21,000 --> 01:35:17,239  
cave sometimes you have to get down and

2108  
01:35:25,419 --> 01:35:21,010  
crawl there's lights there's uh there's

2109  
01:35:26,890 --> 01:35:25,429  
railings & stairs that you can go but

2110  
01:35:28,569 --> 01:35:26,900  
when you get to the very end and there's

2111  
01:35:33,399 --> 01:35:28,579  
a waterfall you can kind of go off and

2112  
01:35:35,049 --> 01:35:33,409  
it's just beautiful and it's oh man I've

2113  
01:35:36,879 --> 01:35:35,059

never seen a cave like this in my life

2114

01:35:39,339 --> 01:35:36,889

I've never been to the Carlsbad once

2115

01:35:41,549 --> 01:35:39,349

though so I can't compare but I'm going

2116

01:35:44,709 --> 01:35:41,559

and when you get to the very very end

2117

01:35:48,339 --> 01:35:44,719

it's just open and you can you could

2118

01:35:50,709 --> 01:35:48,349

keep going but you would need equipment

2119

01:35:53,890 --> 01:35:50,719

so I talked to a guy who went 80 yards

2120

01:35:55,779 --> 01:35:53,900

beyond he said that he had boots and he

2121

01:35:57,879 --> 01:35:55,789

had a flashlight and he had boards and

2122

01:36:01,540 --> 01:35:57,889

he went 80 guards beyond which the

2123

01:36:02,770 --> 01:36:01,550

public either is allowed to go or will

2124

01:36:04,720 --> 01:36:02,780

same ly go because there's no

2125

01:36:07,060 --> 01:36:04,730

there to stop you if you go but it's

2126  
01:36:08,860 --> 01:36:07,070  
pure dark and he said you'd go about 80

2127  
01:36:09,880 --> 01:36:08,870  
yards and then it just cuts off and then

2128  
01:36:12,250 --> 01:36:09,890  
in other word you'd have to have

2129  
01:36:14,830 --> 01:36:12,260  
spelunking equipment so this basically

2130  
01:36:16,210 --> 01:36:14,840  
would be a cave that you'd see like in

2131  
01:36:18,580 --> 01:36:16,220  
that movie Journey to the Center of the

2132  
01:36:20,410 --> 01:36:18,590  
Earth it just goes on and on and on and

2133  
01:36:24,640 --> 01:36:20,420  
this is one of many caves I've been to

2134  
01:36:27,910 --> 01:36:24,650  
that cave I've been to a cave where they

2135  
01:36:29,770 --> 01:36:27,920  
kill uh churches ku the dictator created

2136  
01:36:31,920 --> 01:36:29,780  
a road to this cave where they they get

2137  
01:36:35,650 --> 01:36:31,930  
bat guano they used to get back 104

2138  
01:36:37,990 --> 01:36:35,660

bombs making bombs that cave was

2139

01:36:40,270 --> 01:36:38,000

magnificent I couldn't go into it too

2140

01:36:42,580 --> 01:36:40,280

far because the amount of time we had

2141

01:36:45,460 --> 01:36:42,590

but that one goes it intersects with

2142

01:36:48,640 --> 01:36:45,470

seven other caves that's in the the

2143

01:36:51,100 --> 01:36:48,650

hills of Transylvania and I've been to

2144

01:36:53,170 --> 01:36:51,110

another cave in Transylvania where I

2145

01:36:56,080 --> 01:36:53,180

wasn't able to go in it you just they'll

2146

01:36:58,540 --> 01:36:56,090

take you according to the tradition you

2147

01:37:00,250 --> 01:36:58,550

will see the the Shepherds or the sheep

2148

01:37:02,770 --> 01:37:00,260

the sheep will sometimes turn into

2149

01:37:04,180 --> 01:37:02,780

Shepherds or the Shepherd's will turn

2150

01:37:08,110 --> 01:37:04,190

into sheep and they are really a

2151

01:37:10,120 --> 01:37:08,120

character called a spiritual character

2152

01:37:12,370 --> 01:37:10,130

called the soul of Inari of which the

2153

01:37:16,240 --> 01:37:12,380

name Solomon is named after the Suliman

2154

01:37:19,510 --> 01:37:16,250

re are the indigenous wizards so to

2155

01:37:21,310 --> 01:37:19,520

speak of that area and the people they

2156

01:37:23,890 --> 01:37:21,320

will take you to a cave and put you in

2157

01:37:25,870 --> 01:37:23,900

front of it and you meditate in front of

2158

01:37:27,940 --> 01:37:25,880

it and of course in this particular cave

2159

01:37:30,340 --> 01:37:27,950

we're told there's a throne you go

2160

01:37:32,170 --> 01:37:30,350

across a little river in the water but

2161

01:37:33,880 --> 01:37:32,180

you'd have to go down 50 yards on a rope

2162

01:37:36,400 --> 01:37:33,890

well I was with a group of people you

2163

01:37:37,990 --> 01:37:36,410

can't do that come come again you have

2164

01:37:40,270 --> 01:37:38,000

to go down how many yards on the roof

2165

01:37:47,740 --> 01:37:40,280

fifty fifty feet I said fifty yards 50

2166

01:37:49,690 --> 01:37:47,750

feet on a new ya I'm God I take a drone

2167

01:37:51,970 --> 01:37:49,700

down there in fact when I was at the bat

2168

01:37:53,860 --> 01:37:51,980

guano cave I forget the name of it I was

2169

01:37:57,100 --> 01:37:53,870

being taken there by a man who's done

2170

01:37:59,410 --> 01:37:57,110

he's probably the most than the most

2171

01:38:01,540 --> 01:37:59,420

extensive history of this area and he

2172

01:38:05,260 --> 01:38:01,550

was showing us around very graciously

2173

01:38:07,390 --> 01:38:05,270

and he takes me higher or he he bought a

2174

01:38:08,920 --> 01:38:07,400

drone and he flies it all around this

2175

01:38:11,110 --> 01:38:08,930

area in Transylvania was full of

2176

01:38:12,730 --> 01:38:11,120

mountains he surveyed the whole area

2177

01:38:14,650 --> 01:38:12,740

with with a drone that he purchased for

2178

01:38:15,950 --> 01:38:14,660

about a thousand bucks and I said to him

2179

01:38:19,370 --> 01:38:15,960

have you ever taken the drones and

2180

01:38:21,800 --> 01:38:19,380

the cave he goes no I go why not he says

2181

01:38:23,479 --> 01:38:21,810

I didn't think of it so I'm hoping that

2182

01:38:26,840 --> 01:38:23,489

he'll take some of his send some drones

2183

01:38:27,590 --> 01:38:26,850

into the caves well that's that's an

2184

01:38:30,860 --> 01:38:27,600

excellent idea

2185

01:38:34,550 --> 01:38:30,870

yeah yeah with all this talk of time

2186

01:38:38,330 --> 01:38:34,560

travel what what have you learned about

2187

01:38:40,900 --> 01:38:38,340

the future oh that's a very good

2188

01:38:46,790 --> 01:38:44,690

okay I asked David Anderson that when I

2189

01:38:49,220 --> 01:38:46,800

was last with him in Montauk

2190

01:38:53,780 --> 01:38:49,230

when he showed us a video of his time

2191

01:38:54,920 --> 01:38:53,790

reactor and a bunch of us and he I said

2192

01:38:57,979 --> 01:38:54,930

what can you tell us about the future

2193

01:39:00,709 --> 01:38:57,989

David and he says it's uncertain and I

2194

01:39:01,910 --> 01:39:00,719

heard him reiterate that on a tape I was

2195

01:39:05,630 --> 01:39:01,920

listening to him the other day Jesus

2196

01:39:11,180 --> 01:39:05,640

it's uncertain I guess it's it's always

2197

01:39:15,020 --> 01:39:11,190

up in the air I think how far in the

2198

01:39:20,000 --> 01:39:15,030

future are we talking about well he said

2199

01:39:22,400 --> 01:39:20,010

on on an interview in 2010 that it was a

2200

01:39:25,420 --> 01:39:22,410

very short time before they could take

2201

01:39:28,130 --> 01:39:25,430

go back and see what was happening

2202

01:39:30,709 --> 01:39:28,140

you know 2000 years ago he's very oh

2203

01:39:34,850 --> 01:39:30,719

yeah that's just touched that can be

2204

01:39:36,920 --> 01:39:34,860

done now what he's always says that what

2205

01:39:40,160 --> 01:39:36,930

he can tell you or what the government

2206

01:39:42,470 --> 01:39:40,170

tells you is 20 years behind what what's

2207

01:39:43,959 --> 01:39:42,480

really going on so I'm hoping in this

2208

01:39:48,050 --> 01:39:43,969

podcast that he will tell us something

2209

01:39:50,090 --> 01:39:48,060

of certain of some something of that

2210

01:39:53,209 --> 01:39:50,100

order I can't predict that he will

2211

01:39:55,250 --> 01:39:53,219

and again it's uncertain because what we

2212

01:39:57,350 --> 01:39:55,260

do here and now could change everything

2213

01:39:59,120 --> 01:39:57,360

he says that about time travel he says

2214

01:40:02,450 --> 01:39:59,130

if you go back and change something like

2215

01:40:05,300 --> 01:40:02,460

if you go back and kill a plant that was

2216

01:40:08,030 --> 01:40:05,310

the grandfather of plants that are in

2217

01:40:09,530 --> 01:40:08,040

the future you go back and kill that

2218

01:40:11,620 --> 01:40:09,540

plant when you come back to the future

2219

01:40:13,550 --> 01:40:11,630

those plants will have different DNA

2220

01:40:16,459 --> 01:40:13,560

they'll still be there but they'll have

2221

01:40:19,190 --> 01:40:16,469

different DNA I would I would think that

2222

01:40:21,890 --> 01:40:19,200

any kind of time travel no matter what

2223

01:40:26,450 --> 01:40:21,900

you do when you go into the past is

2224

01:40:28,089 --> 01:40:26,460

going to change the future I mean what

2225

01:40:30,250 --> 01:40:28,099

about the whole

2226

01:40:33,129 --> 01:40:30,260

- what I can't remember what they call

2227

01:40:35,439 --> 01:40:33,139

it now like the the effect where the

2228

01:40:37,959 --> 01:40:35,449

timelines actually start branching out

2229

01:40:40,899 --> 01:40:37,969

and that you could a time traveler could

2230

01:40:43,359 --> 01:40:40,909

really never come back to the present

2231

01:40:45,850 --> 01:40:43,369

that he originated from because just the

2232

01:40:49,209 --> 01:40:45,860

sheer fact that he time traveled to the

2233

01:40:51,279 --> 01:40:49,219

past changes that changes the future or

2234

01:40:53,529 --> 01:40:51,289

his present that's a big concern of

2235

01:40:56,740 --> 01:40:53,539

David Anderson's but I would also refer

2236

01:40:58,839 --> 01:40:56,750

back to you the character of the

2237

01:41:02,890 --> 01:40:58,849

assassins Hasan Sabah who had a great

2238

01:41:04,270 --> 01:41:02,900

line he said everything is permitted in

2239

01:41:06,129 --> 01:41:04,280

other words that's all quantum

2240

01:41:08,229 --> 01:41:06,139

possibilities so what you just said is

2241

01:41:10,810 --> 01:41:08,239

true and I think there's a lot of

2242

01:41:13,540 --> 01:41:10,820

scenarios that could happen that David

2243

01:41:15,040 --> 01:41:13,550

Andersen is technology and what he's

2244

01:41:16,390 --> 01:41:15,050

experienced I think there's a whole

2245

01:41:17,979 --> 01:41:16,400

bunch of stuff that could supersede

2246

01:41:20,529 --> 01:41:17,989

everything he's talking about only

2247

01:41:23,200 --> 01:41:20,539

because the possibilities are unlimited

2248

01:41:25,209 --> 01:41:23,210

and he's doing research in a particular

2249

01:41:26,830 --> 01:41:25,219

vein and a particular venue in

2250

01:41:28,990 --> 01:41:26,840

particular scenario I'm not minimizing

2251

01:41:31,390 --> 01:41:29,000

what he's done because he is the the

2252

01:41:33,209 --> 01:41:31,400

forward Vanguard that's gonna tell the

2253

01:41:36,370 --> 01:41:33,219

public stuff about it scientifically

2254

01:41:40,359 --> 01:41:36,380

with with a high degree of credibility

2255

01:41:41,560 --> 01:41:40,369

so it's like but I think that if he's

2256

01:41:43,689 --> 01:41:41,570

studying this stuff and I'm gonna ask

2257

01:41:45,399 --> 01:41:43,699

him about that if you're experiencing

2258

01:41:47,350 --> 01:41:45,409

studying time you're gonna meet bigger

2259

01:41:48,669 --> 01:41:47,360

fish that are also studying time it's

2260

01:41:51,370 --> 01:41:48,679

like he's not the first one in history

2261

01:41:57,009 --> 01:41:51,380

the universe to do time travel it seems

2262

01:41:58,870 --> 01:41:57,019

like he is but he's not but well that's

2263

01:42:01,930 --> 01:41:58,880

that's like a cartoon that I saw not too

2264

01:42:04,839 --> 01:42:01,940

long ago that it said that the reason

2265

01:42:07,330 --> 01:42:04,849

the Titanic sank was because it was

2266

01:42:10,620 --> 01:42:07,340

overloaded with time travelers who came

2267

01:42:14,080 --> 01:42:10,630

back to find out why the Titanic sank

2268

01:42:15,759 --> 01:42:14,090

that's very interesting idea yes because

2269

01:42:17,939 --> 01:42:15,769

you get it kids top-heavy it's like

2270

01:42:20,709 --> 01:42:17,949

there's it's like too many people

2271

01:42:29,259 --> 01:42:20,719

staring at a celebrity he begins to hate

2272

01:42:33,930 --> 01:42:29,269

people so are we to assume that UFOs are

2273

01:42:37,540 --> 01:42:33,940

the product of this the time travel I

2274

01:42:39,459 --> 01:42:37,550

don't know I I'm the most interesting

2275

01:42:41,320 --> 01:42:39,469

thing I ever read about a UFO was

2276

01:42:42,970 --> 01:42:41,330

preston nichols when he did this book

2277

01:42:45,010 --> 01:42:42,980

with me encounter in the pleiades and

2278

01:42:48,000 --> 01:42:45,020

inside looking UFOs and he described

2279

01:42:51,160 --> 01:42:48,010

going aboard a UFO and this was in his

2280

01:42:52,810 --> 01:42:51,170

semi i don't know what to call that

2281

01:42:54,610 --> 01:42:52,820

state he was in do but he was taken to

2282

01:42:56,260 --> 01:42:54,620

the Pleiades and whatnot but he would he

2283

01:42:57,910 --> 01:42:56,270

found himself on a craft when he got on

2284

01:43:00,850 --> 01:42:57,920

the craft that went on it went on

2285

01:43:03,880 --> 01:43:00,860

infinitely so it was like in a space of

2286

01:43:05,979 --> 01:43:03,890

its own you think so the the this the

2287

01:43:08,860 --> 01:43:05,989

craft itself and that and the way he

2288

01:43:12,160 --> 01:43:08,870

described the craft is that the operator

2289

01:43:14,380 --> 01:43:12,170

was sort of like Duncan Cameron in in

2290

01:43:18,689 --> 01:43:14,390

the so-called Montauk chair at Montauk

2291

01:43:22,630 --> 01:43:18,699

where he was subjected to all these

2292

01:43:24,610 --> 01:43:22,640

experiences of you know controlling and

2293

01:43:29,800 --> 01:43:24,620

directing reality where the UFO pilot

2294

01:43:32,500 --> 01:43:29,810

was having an experience where he's

2295

01:43:34,780 --> 01:43:32,510

interfacing with reality sort of like in

2296

01:43:37,660 --> 01:43:34,790

the movie dune a little bit like that

2297

01:43:39,970 --> 01:43:37,670

were those those guys navigated space

2298

01:43:43,630 --> 01:43:39,980

and time they looked like weird fish or

2299

01:43:47,229 --> 01:43:43,640

something like moray eels but yeah so

2300

01:43:48,820 --> 01:43:47,239

the UFO I mean these things I mean

2301

01:43:51,160 --> 01:43:48,830

there's so many different stories we

2302

01:43:56,010 --> 01:43:51,170

hear of UFOs from the Nazi UFOs to the

2303

01:43:59,860 --> 01:43:56,020

alien UFOs to the area 51 UFOs I think

2304

01:44:03,040 --> 01:43:59,870

UFOs represent I think they appear when

2305

01:44:05,430 --> 01:44:03,050

we reach a level that we either cannot

2306

01:44:08,200 --> 01:44:05,440

understand or cannot penetrate fully

2307

01:44:10,780 --> 01:44:08,210

there is a there is a UFO for every

2308

01:44:13,990 --> 01:44:10,790

occasion well now I also know though

2309

01:44:16,530 --> 01:44:14,000

that there is a there is a Nazi

2310

01:44:21,280 --> 01:44:16,540

connection to this I mean you've done a

2311

01:44:22,959 --> 01:44:21,290

book on the Black Sun and and I mean do

2312

01:44:26,110 --> 01:44:22,969

you think that a lot of this phenomena

2313

01:44:31,120 --> 01:44:26,120

is attributable to the Nazi scientists

2314

01:44:32,830 --> 01:44:31,130

and engineers well I mean a lot of it

2315

01:44:35,110 --> 01:44:32,840

certainly there's I mean there were

2316

01:44:38,560 --> 01:44:35,120

Nazis all over New Mexico when Roswell

2317

01:44:40,959 --> 01:44:38,570

happened there were there were the

2318

01:44:44,170 --> 01:44:40,969

flying craft the honey blue craft that

2319

01:44:46,450 --> 01:44:44,180

that has been so well even documented by

2320

01:44:48,880 --> 01:44:46,460

mainstream researchers have had to admit

2321

01:44:50,650 --> 01:44:48,890

to the flying craft of the Nazis and

2322

01:44:51,930 --> 01:44:50,660

that they were far more extensive than

2323

01:44:54,630 --> 01:44:51,940

has ever been

2324

01:44:56,700 --> 01:44:54,640

admitted it seems like there's been a

2325

01:45:00,570 --> 01:44:56,710

lot of UFO projects by a lot of

2326

01:45:02,430 --> 01:45:00,580

different units of various different

2327

01:45:04,740 --> 01:45:02,440

governments so it's and then are they

2328

01:45:07,820 --> 01:45:04,750

masking as aliens or the aliens masking

2329

01:45:13,260 --> 01:45:07,830

is them vice-versa etc it's all very

2330

01:45:15,840 --> 01:45:13,270

complex and it's as you say it's it's

2331

01:45:17,910 --> 01:45:15,850

not easy all you can do yes

2332

01:45:20,220 --> 01:45:17,920

anybody anybody who thinks that the

2333

01:45:24,120 --> 01:45:20,230

president is going to go on the six

2334

01:45:28,050 --> 01:45:24,130

o'clock news and disclose all of this it

2335

01:45:29,940 --> 01:45:28,060

would take him months to to it you know

2336

01:45:31,290 --> 01:45:29,950

you know hey we say well if I was the

2337

01:45:33,510 --> 01:45:31,300

president and somebody asked me about

2338

01:45:36,750 --> 01:45:33,520

this you know when I tell them gotten by

2339

01:45:39,000 --> 01:45:36,760

a few books and you didn't you decide

2340

01:45:40,920 --> 01:45:39,010

you know just like people probably I

2341

01:45:44,220 --> 01:45:40,930

mean I'm sure people some people in the

2342

01:45:46,350 --> 01:45:44,230

government have some you know idea about

2343

01:45:49,770 --> 01:45:46,360

what's going on but they have different

2344

01:45:51,510 --> 01:45:49,780

points of view to you know that's the

2345

01:45:53,850 --> 01:45:51,520

best way go out and buy a couple of

2346

01:45:57,710 --> 01:45:53,860

books buy books from Tim Beckley buy

2347

01:46:00,780 --> 01:45:57,720

books from Peter Moon and you know

2348

01:46:03,360 --> 01:46:00,790

decide kind of decide for yourself now

2349

01:46:04,530 --> 01:46:03,370

Peter I noticed one of the other things

2350

01:46:06,660 --> 01:46:04,540

that you say about your own publishing

2351  
01:46:10,650 --> 01:46:06,670  
company yeah it's an interesting blend

2352  
01:46:12,420 --> 01:46:10,660  
of science magic and synchronicity sky

2353  
01:46:17,640 --> 01:46:12,430  
books is where science fiction meets

2354  
01:46:18,660 --> 01:46:17,650  
reality how much of this do you do you

2355  
01:46:22,700 --> 01:46:18,670  
believe yourself

2356  
01:46:26,970 --> 01:46:22,710  
well you know as I say my belief is is

2357  
01:46:29,580 --> 01:46:26,980  
irrelevant it was when I wrote the

2358  
01:46:31,860 --> 01:46:29,590  
Montauk Project it was I look at it as

2359  
01:46:34,440 --> 01:46:31,870  
data and it was intriguing data and it's

2360  
01:46:37,350 --> 01:46:34,450  
of course data that you cannot I can

2361  
01:46:40,860 --> 01:46:37,360  
either dismiss nor completely reconcile

2362  
01:46:44,820 --> 01:46:40,870  
I'm very good at reconciling data but

2363  
01:46:46,650 --> 01:46:44,830

some of it cannot be reconciled but so

2364

01:46:51,000 --> 01:46:46,660

you just have to leave it as data and

2365

01:46:53,220 --> 01:46:51,010

evaluate it as data so some of it there

2366

01:46:55,350 --> 01:46:53,230

are certain things that like I know

2367

01:46:57,120 --> 01:46:55,360

there was a Montauk Project I definitely

2368

01:46:59,060 --> 01:46:57,130

know that because I've met people who

2369

01:47:01,950 --> 01:46:59,070

were involved or seeing too many things

2370

01:47:05,060 --> 01:47:01,960

and have too much evidence what the

2371

01:47:07,570 --> 01:47:05,070

project entailed I can't say because

2372

01:47:10,520 --> 01:47:07,580

it's we don't have full disclosure of it

2373

01:47:14,510 --> 01:47:10,530

but I would most definitely say it had

2374

01:47:16,250 --> 01:47:14,520

something to do with time but to how

2375

01:47:17,720 --> 01:47:16,260

extensive where there all those stories

2376

01:47:18,850 --> 01:47:17,730

that Preston tells in the book or

2377

01:47:23,780 --> 01:47:18,860

accurate or not

2378

01:47:25,610 --> 01:47:23,790

Ill don't know I can't say so it's it's

2379

01:47:27,590 --> 01:47:25,620

tough but it's I think it's definitely

2380

01:47:30,880 --> 01:47:27,600

for me it's been worth investigating and

2381

01:47:35,660 --> 01:47:30,890

it's in certainly expanded my horizons

2382

01:47:39,500 --> 01:47:35,670

and it's offered me many gifts and I've

2383

01:47:42,380 --> 01:47:39,510

enjoyed it as well where where does

2384

01:47:45,230 --> 01:47:42,390

Peter moon go now what's what's on the

2385

01:47:48,430 --> 01:47:45,240

docket next how many how many years in

2386

01:47:53,930 --> 01:47:48,440

the future do you plan to be doing this

2387

01:47:56,750 --> 01:47:53,940

well Peter moons heart is in the in the

2388

01:47:59,240 --> 01:47:56,760

when he met the medicine man at the

2389

01:48:00,680 --> 01:47:59,250

Montauk Pharaohs he was directed to a

2390

01:48:02,240 --> 01:48:00,690

chi gong teacher in Brooklyn

2391

01:48:05,210 --> 01:48:02,250

Roosevelt Gainey who had been studying

2392

01:48:07,550 --> 01:48:05,220

with for eight years now so I'm like

2393

01:48:09,020 --> 01:48:07,560

that's where my heart is and I want to

2394

01:48:11,600 --> 01:48:09,030

because that that is about life

2395

01:48:14,330 --> 01:48:11,610

extension it's about health Wow it's

2396

01:48:16,790 --> 01:48:14,340

it's really that's really neat but I at

2397

01:48:20,900 --> 01:48:16,800

the same time I can't abandon my very

2398

01:48:22,670 --> 01:48:20,910

intriguing line of research and I think

2399

01:48:24,890 --> 01:48:22,680

that David Anderson is going to come

2400

01:48:29,480 --> 01:48:24,900

forth with some information in the

2401  
01:48:34,460 --> 01:48:29,490  
coming months that's going to cause me

2402  
01:48:35,930 --> 01:48:34,470  
to write about some of the things that

2403  
01:48:37,370 --> 01:48:35,940  
he's involved in I don't know that

2404  
01:48:40,370 --> 01:48:37,380  
there's David Anderson there's also the

2405  
01:48:42,170 --> 01:48:40,380  
Romanian space-time projects which I've

2406  
01:48:43,940 --> 01:48:42,180  
written about I've done five books on

2407  
01:48:46,610 --> 01:48:43,950  
those I don't know if they're gonna

2408  
01:48:49,130 --> 01:48:46,620  
flare up I have all these areas in my

2409  
01:48:50,360 --> 01:48:49,140  
life that can you know that got done so

2410  
01:48:51,890 --> 01:48:50,370  
many things that I don't know what's

2411  
01:48:54,140 --> 01:48:51,900  
gonna you know things are on the back

2412  
01:48:56,330 --> 01:48:54,150  
burner but they can they can pop up

2413  
01:48:58,960 --> 01:48:56,340

right now right now I've been working on

2414

01:49:02,060 --> 01:48:58,970

a book which I'm very delayed on called

2415

01:49:04,670 --> 01:49:02,070

Stardust and initiation into time which

2416

01:49:07,220 --> 01:49:04,680

sort of goes into the whole it's sort of

2417

01:49:09,590 --> 01:49:07,230

I'm writing it so people can be prepared

2418

01:49:11,720 --> 01:49:09,600

to deal with the subject of time as an

2419

01:49:13,940 --> 01:49:11,730

initiation if we really start learning

2420

01:49:15,050 --> 01:49:13,950

about time travel and David Anderson

2421

01:49:16,060 --> 01:49:15,060

comes forth and how are we going to

2422

01:49:18,220 --> 01:49:16,070

relate to all this tech

2423

01:49:20,169 --> 01:49:18,230

Algie are little kids that can now

2424

01:49:23,169 --> 01:49:20,179

operate cell phones before they're even

2425

01:49:24,790 --> 01:49:23,179

a year old and they're gonna wear the

2426

01:49:26,830 --> 01:49:24,800

new kids 20 years from now are they

2427

01:49:29,770 --> 01:49:26,840

going to understand time like they did

2428

01:49:31,390 --> 01:49:29,780

in Scotty beaming up on Star Trek so

2429

01:49:33,850 --> 01:49:31,400

that the kids are going to come and and

2430

01:49:35,830 --> 01:49:33,860

us people of our generation are just

2431

01:49:38,560 --> 01:49:35,840

gonna be like oh well who needs us

2432

01:49:41,470 --> 01:49:38,570

anymore so the new blank you know I I

2433

01:49:44,109 --> 01:49:41,480

hate I hate to say this and it does seem

2434

01:49:49,600 --> 01:49:44,119

like a contradiction but we're running

2435

01:49:52,810 --> 01:49:49,610

out of time I get again Peter what's the

2436

01:49:54,520 --> 01:49:52,820

the internet site and that people can go

2437

01:49:56,859 --> 01:49:54,530

to and order your books and of course

2438

01:49:59,379 --> 01:49:56,869

I'm sure they're available on Amazon and

2439

01:50:05,200 --> 01:49:59,389

so that's true and Skype books usa.com

2440

01:50:07,270 --> 01:50:05,210

and digital montauk calm i think tim

2441

01:50:10,629 --> 01:50:07,280

will agree that this has probably been

2442

01:50:13,419 --> 01:50:10,639

one of the most unusual and fascinating

2443

01:50:16,709 --> 01:50:13,429

and interesting hours that we have ever

2444

01:50:21,399 --> 01:50:16,719

spent with a guest yes very much so

2445

01:50:24,220 --> 01:50:21,409

Ill we will have to continue of this 20

2446

01:50:26,589 --> 01:50:24,230

thousand years into the future or we're

2447

01:50:28,479 --> 01:50:26,599

back in time or ahead it in time well

2448

01:50:31,720 --> 01:50:28,489

we'll continue this on because it's

2449

01:50:34,540 --> 01:50:31,730

certainly there's a lot more to tell of

2450

01:50:37,229 --> 01:50:34,550

the Peter Moon story and once again I

2451  
01:50:40,270 --> 01:50:37,239  
want to thank everybody for tuning in to

2452  
01:50:42,310 --> 01:50:40,280  
unraveling the secrets and next week

2453  
01:50:46,209 --> 01:50:42,320  
we'll have several more very interesting

2454  
01:50:50,050 --> 01:50:46,219  
and the fascinating guests in areas to

2455  
01:50:54,339 --> 01:50:50,060  
cover and Carla Anderson will be back as

2456  
01:50:56,919 --> 01:50:54,349  
my co-host and again it's unraveling the

2457  
01:51:00,010 --> 01:50:56,929  
secrets and perhaps tonight it was

2458  
01:51:02,770 --> 01:51:00,020  
unraveling the future thank you Peter

2459  
01:51:06,280 --> 01:51:02,780  
thank you Frank for being on the program

2460  
01:51:10,300 --> 01:51:06,290  
earlier thank you Tim for co-hosting and

2461  
01:51:13,000 --> 01:51:10,310  
producing and thank you angel who I know

2462  
01:51:16,450 --> 01:51:13,010  
is busy working on the archives in the
