

1
00:00:05,359 --> 00:00:30,550
um

2
00:00:34,470 --> 00:00:32,630
welcome to unraveling the secrets where

3
00:00:36,150 --> 00:00:34,480
we explore the connecting links between

4
00:00:38,790 --> 00:00:36,160
the delicious deeds of a group of secret

5
00:00:40,790 --> 00:00:38,800
society outlaws we're creating a tightly

6
00:00:42,830 --> 00:00:40,800
controlled world society with them as

7
00:00:45,270 --> 00:00:42,840
bosses and you and i as slaves to their

8
00:00:46,229 --> 00:00:45,280
system popularly known as the new world

9
00:00:48,150 --> 00:00:46,239
order

10
00:00:50,229 --> 00:00:48,160
research indicates that most of the

11
00:00:52,310 --> 00:00:50,239
unexplained craft we see in our skies

12
00:00:54,150 --> 00:00:52,320
are from somewhere on or inside our

13
00:00:55,670 --> 00:00:54,160

planet this led to research of the

14

00:00:58,790 --> 00:00:55,680

hollow earth and subterranean theories

15

00:01:00,950 --> 00:00:58,800

in the 1980s and 90s which in turn led

16

00:01:02,470 --> 00:01:00,960

to the realization that the answers we

17

00:01:04,390 --> 00:01:02,480

seek are in the control of a number of

18

00:01:06,149 --> 00:01:04,400

the latest groups and secret societies

19

00:01:07,350 --> 00:01:06,159

that we call collectively the

20

00:01:09,270 --> 00:01:07,360

controllers

21

00:01:10,550 --> 00:01:09,280

even a quick look at recent world events

22

00:01:13,270 --> 00:01:10,560

should convince anyone that the

23

00:01:15,109 --> 00:01:13,280

controller's plan is working very well

24

00:01:17,749 --> 00:01:15,119

it is these things we explore on this

25

00:01:23,830 --> 00:01:17,759

radio show join us as we work towards

26

00:01:30,310 --> 00:01:27,510

staying nice and uh and warm down here

44

00:02:12,150 --> 00:02:09,920

it's been a beautiful beautiful 80

45

00:02:13,510 --> 00:02:12,160

degrees all day not rainy yesterday but

46

00:02:15,350 --> 00:02:13,520

nice today and

47

00:02:17,030 --> 00:02:15,360

winter was about two days long here in

48

00:02:19,670 --> 00:02:17,040

florida it was beautiful

49

00:02:21,750 --> 00:02:19,680

all right how close are you to the beach

50

00:02:23,830 --> 00:02:21,760

about 25 30 minutes

51
00:02:25,430 --> 00:02:23,840
when i'm in work in about 40 minutes

52
00:02:27,589 --> 00:02:25,440
when i'm at home

53
00:02:31,190 --> 00:02:27,599
well let us get into your convertible

54
00:02:33,830 --> 00:02:31,200
and take a cruise down there

55
00:02:36,070 --> 00:02:33,840
you would love it and they would love it

56
00:02:38,550 --> 00:02:36,080
miami is one of my carl and i went to

57
00:02:40,869 --> 00:02:38,560
miami one time we spent three days and

58
00:02:41,990 --> 00:02:40,879
it did nothing but rain it always rains

59
00:02:43,509 --> 00:02:42,000
when we go

60
00:02:47,509 --> 00:02:43,519
it depends on what part of miami if you

61
00:02:50,869 --> 00:02:48,949
the sun is coming out when we're going

62
00:02:52,070 --> 00:02:50,879
back to the back to the airport every

63
00:02:54,790 --> 00:02:52,080

time

64

00:02:57,910 --> 00:02:54,800

yeah yeah that's like warm

65

00:02:59,190 --> 00:02:57,920

we are warm weather children

66

00:03:00,710 --> 00:02:59,200

i think what though i'd rather have a

67

00:03:03,190 --> 00:03:00,720

little rain than a whole lot of snow

68

00:03:04,790 --> 00:03:03,200

like the rest of the country oh please

69

00:03:07,750 --> 00:03:04,800

we have just

70

00:03:10,710 --> 00:03:07,760

suffered through

71

00:03:12,710 --> 00:03:10,720

several weeks of the coldest temperature

72

00:03:14,470 --> 00:03:12,720

that you could possibly imagine it's

73

00:03:16,869 --> 00:03:14,480

like antarctica

74

00:03:19,030 --> 00:03:16,879

oh the other night i went out

75

00:03:21,270 --> 00:03:19,040

and it it was unbearable i think it was

76

00:03:22,869 --> 00:03:21,280

about seven degrees

77

00:03:24,070 --> 00:03:22,879

uh

78

00:03:25,190 --> 00:03:24,080

at that point

79

00:03:27,750 --> 00:03:25,200

anyway

80

00:03:28,550 --> 00:03:27,760

to get to get on with our uh our show

81

00:03:31,270 --> 00:03:28,560

here

82

00:03:32,949 --> 00:03:31,280

uh we're gonna give you a heck of a ride

83

00:03:35,750 --> 00:03:32,959

there's no doubt about it we're going to

84

00:03:39,589 --> 00:03:35,760

give you less idle chatter and more

85

00:03:41,589 --> 00:03:39,599

exciting provocative conversation and

86

00:03:43,430 --> 00:03:41,599

we're going to find some new guests

87

00:03:46,229 --> 00:03:43,440

we're going to find some new authors new

88

00:03:48,550 --> 00:03:46,239

researchers new investigators and really

89

00:03:50,470 --> 00:03:48,560

get the ball rolling you know most of

90

00:03:53,270 --> 00:03:50,480

you out there probably know who i am

91

00:03:57,110 --> 00:03:53,280

i've been writing on the subject for

92

00:04:00,229 --> 00:03:57,120

i hate to even say this 50 years

93

00:04:02,070 --> 00:04:00,239

i had a my first ufo sighting at the age

94

00:04:04,470 --> 00:04:02,080

of ten i've had three

95

00:04:06,630 --> 00:04:04,480

i was two dis uh shaped objects in the

96

00:04:10,309 --> 00:04:06,640

sky one of them hovering over my home

97

00:04:13,910 --> 00:04:10,319

now i wonder if that wasn't a um

98

00:04:15,990 --> 00:04:13,920

a prophecy of of some uh sort some

99

00:04:17,990 --> 00:04:16,000

people think i might have been contacted

100

00:04:20,469 --> 00:04:18,000

as a youth i don't know if i go

101
00:04:22,710 --> 00:04:20,479
necessarily that far but something

102
00:04:24,230 --> 00:04:22,720
strange has been taking place in my

103
00:04:25,270 --> 00:04:24,240
cranium

104
00:04:27,110 --> 00:04:25,280
and

105
00:04:28,710 --> 00:04:27,120
i want to find out what's going on for

106
00:04:30,790 --> 00:04:28,720
50 years i've been trying to find out

107
00:04:33,350 --> 00:04:30,800
what's going on and the only way that i

108
00:04:35,350 --> 00:04:33,360
can do it

109
00:04:38,390 --> 00:04:35,360
is by talking to people who have had

110
00:04:41,270 --> 00:04:38,400
experiences by talking to people who

111
00:04:43,189 --> 00:04:41,280
have been out there in the field and

112
00:04:45,110 --> 00:04:43,199
doing their homework

113
00:04:47,430 --> 00:04:45,120

and we want to share this not only share

114

00:04:50,629 --> 00:04:47,440

this information with you but

115

00:04:53,110 --> 00:04:50,639

um we want you to participate we want

116

00:04:56,230 --> 00:04:53,120

this to be a show where we can all get

117

00:04:59,749 --> 00:04:56,240

involved and we want you coming back

118

00:05:01,350 --> 00:04:59,759

every week uh angel um later on in the

119

00:05:03,270 --> 00:05:01,360

evening uh we're going to open it up for

120

00:05:06,230 --> 00:05:03,280

phone calls do you have a number you can

121

00:05:10,230 --> 00:05:06,240

give the people yes indeed the number is

122

00:05:13,510 --> 00:05:12,150

live and open and there's no screening

123

00:05:15,990 --> 00:05:13,520

people so you can just go right in and

124

00:05:17,990 --> 00:05:16,000

you'll be live on air just please make

125

00:05:19,590 --> 00:05:18,000

sure your radials are turned down make

126

00:05:20,550 --> 00:05:19,600

sure your web browsers are stopped if

127

00:05:21,830 --> 00:05:20,560

you're listening on there or you're

128

00:05:23,510 --> 00:05:21,840

tuning in or whatever it is just make

129

00:05:25,670 --> 00:05:23,520

sure you have everything turned off and

130

00:05:28,070 --> 00:05:25,680

have some really provocative and

131

00:05:30,390 --> 00:05:28,080

extremely incredibly

132

00:05:33,270 --> 00:05:30,400

amazing questions that's the only thing

133

00:05:36,070 --> 00:05:33,280

i think i think our listeners

134

00:05:38,550 --> 00:05:36,080

and of course many of them are

135

00:05:41,110 --> 00:05:38,560

my friends on uh facebook

136

00:05:42,550 --> 00:05:41,120

uh many of them are uh

137

00:05:44,629 --> 00:05:42,560

individuals who have followed my

138

00:05:45,990 --> 00:05:44,639

writings over the year you know i've

139

00:05:48,629 --> 00:05:46,000

been editor of so many different

140

00:05:51,430 --> 00:05:48,639

publications i started out when i was a

141

00:05:53,350 --> 00:05:51,440

a kid at 14 i bought a mimeograph

142

00:05:56,230 --> 00:05:53,360

machine and i had the interplanetary

143

00:05:59,430 --> 00:05:56,240

news service report then we had the

144

00:06:02,629 --> 00:05:59,440

world's only tabloid ufo newspaper the

145

00:06:04,070 --> 00:06:02,639

ufo review and then of course ufo

146

00:06:08,150 --> 00:06:04,080

universe which was the new stamp

147

00:06:10,790 --> 00:06:08,160

publication and it ran for 11 years and

148

00:06:12,070 --> 00:06:10,800

i've probably done over a thousand radio

149

00:06:14,710 --> 00:06:12,080

and tv

150

00:06:17,270 --> 00:06:14,720

uh shows and i'm glad to be on this side

151
00:06:18,870 --> 00:06:17,280
of the microphone finally i started how

152
00:06:21,110 --> 00:06:18,880
weird is it how weird is it for you

153
00:06:23,670 --> 00:06:21,120
being on this well you know i like this

154
00:06:26,629 --> 00:06:23,680
uh i of course i've been co-hosting once

155
00:06:28,550 --> 00:06:26,639
a month uh the outer edge with uh tim

156
00:06:30,550 --> 00:06:28,560
schwartz michael mott

157
00:06:32,550 --> 00:06:30,560
and we've had some good guests on there

158
00:06:34,950 --> 00:06:32,560
and and i'm i'm excited about this you

159
00:06:36,629 --> 00:06:34,960
know i i do a lot of these shows in fact

160
00:06:38,230 --> 00:06:36,639
i think i've got two or three programs

161
00:06:41,430 --> 00:06:38,240
to do now in the next

162
00:06:43,909 --> 00:06:41,440
uh 10 days or so but i want to find out

163
00:06:45,990 --> 00:06:43,919

and i'm willing to share my experiences

164

00:06:49,670 --> 00:06:46,000

and i've had a heck of a lot of them but

165

00:06:52,629 --> 00:06:49,680

i've been busting my uh gut uh like i

166

00:06:55,350 --> 00:06:52,639

say for many decades i started out

167

00:06:58,230 --> 00:06:55,360

uh i was a guest on the um

168

00:06:59,909 --> 00:06:58,240

famous long john neville show now long

169

00:07:02,150 --> 00:06:59,919

john uh

170

00:07:05,589 --> 00:07:02,160

was a talk show host that broadcast out

171

00:07:10,390 --> 00:07:05,599

of manhattan over wr radio back in the

172

00:07:11,909 --> 00:07:10,400

50s and 60s and 70s and he had on some

173

00:07:15,029 --> 00:07:11,919

really

174

00:07:16,629 --> 00:07:15,039

fantastic guests some of them who would

175

00:07:18,870 --> 00:07:16,639

stretch your credibility their

176

00:07:21,029 --> 00:07:18,880

credibility for a mile like georgia the

177

00:07:23,830 --> 00:07:21,039

contactees george adamski george van

178

00:07:26,150 --> 00:07:23,840

tassel orpheo angelusi

179

00:07:28,710 --> 00:07:26,160

he had some wild stuff going on

180

00:07:31,110 --> 00:07:28,720

uh and then the airwaves were dead as

181

00:07:34,070 --> 00:07:31,120

far as the paranormal goes and now of

182

00:07:36,150 --> 00:07:34,080

course the last couple of years it's

183

00:07:39,749 --> 00:07:36,160

brightened up again there's art bell and

184

00:07:41,029 --> 00:07:39,759

george nori and jimmy church and uh

185

00:07:44,390 --> 00:07:41,039

you don't mention that last one on this

186

00:07:45,430 --> 00:07:44,400

network who is joshua warren and angel

187

00:07:51,589 --> 00:07:45,440

and

188

00:07:53,270 --> 00:07:51,599

anyway enough of my

189

00:07:55,749 --> 00:07:53,280

talking about myself which i could do

190

00:07:57,589 --> 00:07:55,759

for hours i'm sure carla you're new to

191

00:07:58,950 --> 00:07:57,599

the listening audience why don't you

192

00:08:01,029 --> 00:07:58,960

tell everybody a little bit about

193

00:08:03,589 --> 00:08:01,039

yourself and how you got into this and

194

00:08:05,909 --> 00:08:03,599

what it is that you do

195

00:08:07,909 --> 00:08:05,919

hi everyone i'm carla how are you

196

00:08:10,309 --> 00:08:07,919

so how'd i get you wrangled me into this

197

00:08:12,790 --> 00:08:10,319

that's how i got into this

198

00:08:15,110 --> 00:08:12,800

it was over it was over a a stiff shot

199

00:08:16,629 --> 00:08:15,120

of fireball yes it was over

200

00:08:20,070 --> 00:08:16,639

yeah he wrangled me into this saturday

201

00:08:20,950 --> 00:08:20,080

night i uh i have known tim

202

00:08:21,830 --> 00:08:20,960

uh

203

00:08:23,510 --> 00:08:21,840

for

204

00:08:25,589 --> 00:08:23,520

over 20 years

205

00:08:27,189 --> 00:08:25,599

and we have uh we have done a lot of

206

00:08:29,830 --> 00:08:27,199

things together i mean i'm also one of

207

00:08:31,749 --> 00:08:29,840

his biggest fans as far as the mr ufo

208

00:08:34,149 --> 00:08:31,759

goes i i think tim you know everything

209

00:08:36,310 --> 00:08:34,159

about everything and i just uh i could i

210

00:08:37,350 --> 00:08:36,320

could listen to you for hours myself so

211

00:08:38,469 --> 00:08:37,360

that's what i'm going to do tonight i'm

212

00:08:39,829 --> 00:08:38,479

probably going to listen more than

213

00:08:41,509 --> 00:08:39,839

anything but i want to get to the bottom

214

00:08:44,070 --> 00:08:41,519

of things too you know i have a lot of

215

00:08:46,630 --> 00:08:44,080

questions you know i'm very i have i i

216

00:08:47,990 --> 00:08:46,640

own uh balance salon in jersey city i'm

217

00:08:49,509 --> 00:08:48,000

a hairdresser

218

00:08:52,870 --> 00:08:49,519

and um

219

00:08:55,030 --> 00:08:52,880

and through tim i have uh i have met a

220

00:08:56,550 --> 00:08:55,040

lot of people in the ufo community and

221

00:09:00,230 --> 00:08:56,560

the paranormal

222

00:09:04,389 --> 00:09:00,240

and i have uh over the last a few years

223

00:09:06,230 --> 00:09:04,399

hosted ufo abductee contact the artwork

224

00:09:08,470 --> 00:09:06,240

and a lot of people have come in to talk

225

00:09:10,150 --> 00:09:08,480

to me about all that i have uh i have

226

00:09:11,990 --> 00:09:10,160

been to costa rica

227

00:09:13,829 --> 00:09:12,000

well it's it's i don't know i don't want

228

00:09:15,910 --> 00:09:13,839

to i don't want to get all caught up but

229

00:09:16,870 --> 00:09:15,920

but i do i i do come in contact with a

230

00:09:18,389 --> 00:09:16,880

lot of people and because i'm a

231

00:09:20,070 --> 00:09:18,399

hairstylist i want to get to the bottom

232

00:09:21,190 --> 00:09:20,080

of the whole thing too because you know

233

00:09:22,389 --> 00:09:21,200

i can

234

00:09:27,269 --> 00:09:22,399

i believe

235

00:09:29,910 --> 00:09:27,279

uh crop circle hair designs i did have

236

00:09:31,910 --> 00:09:29,920

the first crop circle hair design

237

00:09:33,910 --> 00:09:31,920

i'm i'm the i'm a rock and roll ufo

238

00:09:36,550 --> 00:09:33,920

salon in jersey city that's exactly how

239

00:09:38,470 --> 00:09:36,560

you describe me i mean all you know a

240

00:09:40,150 --> 00:09:38,480

lot of the conversations uh you know

241

00:09:42,230 --> 00:09:40,160

we're you know we're showing videos you

242

00:09:43,910 --> 00:09:42,240

know uh we have we carry your books

243

00:09:45,910 --> 00:09:43,920

there the global like communications

244

00:09:48,630 --> 00:09:45,920

book so there's a lot of conversation

245

00:09:50,870 --> 00:09:48,640

about ufos and paranormal in the salon

246

00:09:52,470 --> 00:09:50,880

and i'd have to say it it attracts a lot

247

00:09:54,470 --> 00:09:52,480

of people that want to talk about it as

248

00:09:56,310 --> 00:09:54,480

well and a lot of people that have had

249

00:09:57,269 --> 00:09:56,320

experiences want to share them with me

250

00:09:58,710 --> 00:09:57,279

as well

251
00:10:00,150 --> 00:09:58,720
so you know you're being a hairdresser

252
00:10:01,910 --> 00:10:00,160
you get very intimate with people so

253
00:10:03,269 --> 00:10:01,920
people do tell me a lot of things but

254
00:10:04,949 --> 00:10:03,279
i've had a lot of people just come to

255
00:10:07,509 --> 00:10:04,959
the salon just to open up about their

256
00:10:08,949 --> 00:10:07,519
experiences because they know that i

257
00:10:11,750 --> 00:10:08,959
know a lot of people that have had these

258
00:10:14,069 --> 00:10:11,760
experiences or or and i that i know you

259
00:10:17,110 --> 00:10:14,079
well you know carla i remember you

260
00:10:19,829 --> 00:10:17,120
telling me that you had a tall white

261
00:10:21,190 --> 00:10:19,839
come into your shop

262
00:10:23,509 --> 00:10:21,200
i was

263
00:10:25,670 --> 00:10:23,519

somewhat skeptical about the stories of

264

00:10:28,710 --> 00:10:25,680

these particular beings

265

00:10:30,630 --> 00:10:28,720

until carla hit me with the news that

266

00:10:31,509 --> 00:10:30,640

she had this

267

00:10:32,389 --> 00:10:31,519

maybe

268

00:10:34,550 --> 00:10:32,399

alien

269

00:10:35,829 --> 00:10:34,560

okay so here it is winter time a few

270

00:10:38,310 --> 00:10:35,839

years ago

271

00:10:39,990 --> 00:10:38,320

this and and and you know i mean i'm i'm

272

00:10:40,870 --> 00:10:40,000

i'm skeptical of everything and i'm

273

00:10:42,790 --> 00:10:40,880

trying to get to the bottom of

274

00:10:44,870 --> 00:10:42,800

everything but i but i have to say if

275

00:10:47,829 --> 00:10:44,880

ever there was a tall white he walked

276

00:10:49,910 --> 00:10:47,839

into my salon this guy had to be this

277

00:10:52,389 --> 00:10:49,920

guy had to be like six eight

278

00:10:55,110 --> 00:10:52,399

blonde good-looking

279

00:10:56,389 --> 00:10:55,120

you know uh blue-eyed you know just just

280

00:10:57,590 --> 00:10:56,399

so why does that make him an alien

281

00:10:58,389 --> 00:10:57,600

though i don't get that it could have

282

00:11:00,710 --> 00:10:58,399

been

283

00:11:03,190 --> 00:11:00,720

for the nba because i asked him where he

284

00:11:04,550 --> 00:11:03,200

was from and all he said was europe okay

285

00:11:05,829 --> 00:11:04,560

fine

286

00:11:08,470 --> 00:11:05,839

yeah

287

00:11:12,829 --> 00:11:08,480

i asked him if he wanted a cup of tea

288

00:11:16,389 --> 00:11:12,839

and he didn't know what it was

289

00:11:18,069 --> 00:11:16,399

already no no he didn't know what t was

290

00:11:20,150 --> 00:11:18,079

do you follow what i'm saying he didn't

291

00:11:22,550 --> 00:11:20,160

know what he was he didn't know what a

292

00:11:24,949 --> 00:11:22,560

joint did he know what a joint was maybe

293

00:11:27,269 --> 00:11:24,959

he just didn't understand you know no no

294

00:11:29,350 --> 00:11:27,279

no i it had to be there what is this do

295

00:11:31,750 --> 00:11:29,360

this crazy woman speaks of no no no no

296

00:11:34,150 --> 00:11:31,760

no no i'm very skeptical i'm very no he

297

00:11:36,710 --> 00:11:34,160

spoke good english i'm very skeptical

298

00:11:39,269 --> 00:11:36,720

but i have to say this to me

299

00:11:41,509 --> 00:11:39,279

he just he set off like an alarm in my

300

00:11:42,870 --> 00:11:41,519

head that he just was not a normal guy i

301
00:11:45,030 --> 00:11:42,880
said i think he was a tall white i

302
00:11:47,110 --> 00:11:45,040
really do i really do

303
00:11:48,630 --> 00:11:47,120
well it was his appearance too right on

304
00:11:50,230 --> 00:11:48,640
a technical level he was a tall white

305
00:11:51,910 --> 00:11:50,240
he's a tall white but no no but you know

306
00:11:54,150 --> 00:11:51,920
you have an instinct about things and

307
00:11:56,550 --> 00:11:54,160
i'm saying the guy freaked me out i'm

308
00:11:58,389 --> 00:11:56,560
saying i'm saying

309
00:12:01,829 --> 00:11:58,399
by every description this guy was a tall

310
00:12:04,949 --> 00:12:01,839
white he was tall he was good-looking he

311
00:12:06,949 --> 00:12:04,959
was he was he was not very specific and

312
00:12:08,470 --> 00:12:06,959
he didn't know what t was come on you

313
00:12:11,430 --> 00:12:08,480

had to be there you really just had to

314

00:12:12,310 --> 00:12:11,440

be there you had to be there yes

315

00:12:19,350 --> 00:12:12,320

tim

316

00:12:21,829 --> 00:12:19,360

i back you i back you all the way

317

00:12:23,430 --> 00:12:21,839

anyway because they know they know that

318

00:12:24,870 --> 00:12:23,440

i'm i'm gonna get to the bottom so i'm

319

00:12:27,829 --> 00:12:24,880

unraveling the secrets with you that's

320

00:12:29,590 --> 00:12:27,839

what it is i i think we want to um

321

00:12:32,870 --> 00:12:29,600

at this point perhaps have a little uh

322

00:12:34,949 --> 00:12:32,880

break and have come back with our first

323

00:12:37,750 --> 00:12:34,959

guest sheryl costa

324

00:12:41,190 --> 00:12:37,760

who i'm anxious to to talk to about her

325

00:12:43,910 --> 00:12:41,200

experiences as a journalist and

326

00:12:46,710 --> 00:12:43,920

she writes about ufo activity

327

00:12:49,030 --> 00:12:46,720

in new york state and she's got some

328

00:12:51,190 --> 00:12:49,040

really interesting cases to tell us

329

00:12:53,430 --> 00:12:51,200

about so angel take it away with a

330

00:12:58,470 --> 00:12:53,440

little bumper music and we'll be back in

331

00:13:03,670 --> 00:13:00,790

hey and we're back

332

00:13:05,190 --> 00:13:03,680

it's carla anderson and

333

00:13:08,230 --> 00:13:05,200

the jackal

334

00:13:11,670 --> 00:13:08,240

producing and engineering and our first

335

00:13:13,910 --> 00:13:11,680

guest of the evening is cheryl costa

336

00:13:15,910 --> 00:13:13,920

who is one of the few journalists

337

00:13:18,310 --> 00:13:15,920

associated with an actual newspaper who

338

00:13:21,190 --> 00:13:18,320

writes a regular feature on the subject

339

00:13:22,150 --> 00:13:21,200

of ufos she writes for the syracuse new

340

00:13:24,389 --> 00:13:22,160

times

341

00:13:27,750 --> 00:13:24,399

and she's new to our listening audience

342

00:13:29,190 --> 00:13:27,760

and actually she's new to me as well so

343

00:13:31,190 --> 00:13:29,200

cheryl why don't you give us a little

344

00:13:33,430 --> 00:13:31,200

bit of tell us about yourself let's

345

00:13:35,670 --> 00:13:33,440

start from scratch

346

00:13:38,790 --> 00:13:35,680

and and take it from there well i'm a

347

00:13:41,509 --> 00:13:38,800

native new yorker um i served in the

348

00:13:43,269 --> 00:13:41,519

military for about 10 years a couple

349

00:13:46,069 --> 00:13:43,279

years in the air force and a few more

350

00:13:48,470 --> 00:13:46,079

years in the navy i had a nice long

351
00:13:50,790 --> 00:13:48,480
30-year career it was a major aerospace

352
00:13:53,670 --> 00:13:50,800
company and then after basically being

353
00:13:56,150 --> 00:13:53,680
in the washington dc area for a

354
00:13:58,069 --> 00:13:56,160
very good grief a little over 26 maybe

355
00:13:59,910 --> 00:13:58,079
28 years down there

356
00:14:02,470 --> 00:13:59,920
i got out with my skin and i moved to

357
00:14:05,269 --> 00:14:02,480
upstate new york and after i got up here

358
00:14:08,629 --> 00:14:05,279
i got looking at the idea that uh

359
00:14:10,150 --> 00:14:08,639
i'd always been a us ufo bystander so to

360
00:14:12,629 --> 00:14:10,160
speak i always read everything but i

361
00:14:14,710 --> 00:14:12,639
never really spoke up on it and i one

362
00:14:16,870 --> 00:14:14,720
day i saw a um

363
00:14:18,949 --> 00:14:16,880

an article in the paper that uh not in a

364

00:14:21,030 --> 00:14:18,959

paper but on an online news service that

365

00:14:22,389 --> 00:14:21,040

said that ufos were just an urban legend

366

00:14:23,990 --> 00:14:22,399

and and i said wait a minute that

367

00:14:27,350 --> 00:14:24,000

doesn't sound right

368

00:14:29,509 --> 00:14:27,360

and uh i got rather ticked off and i i

369

00:14:30,629 --> 00:14:29,519

started talking some newspaper editors

370

00:14:33,509 --> 00:14:30,639

and uh

371

00:14:36,870 --> 00:14:33,519

i managed to get talk myself into doing

372

00:14:39,750 --> 00:14:36,880

a weekly column on just ufos and my beat

373

00:14:42,230 --> 00:14:39,760

is new york state only and i report

374

00:14:43,990 --> 00:14:42,240

about the ufos we see here in new york

375

00:14:46,150 --> 00:14:44,000

state and it's quite a few of them how

376

00:14:47,670 --> 00:14:46,160

often do you hi this is carla how are

377

00:14:49,350 --> 00:14:47,680

you very good

378

00:14:51,670 --> 00:14:49,360

good how often do you do the your

379

00:14:54,670 --> 00:14:51,680

publication once a week once a month uh

380

00:14:56,629 --> 00:14:54,680

no no no um um there's the

381

00:14:58,710 --> 00:14:56,639

searchesnewdines.com we do uh we do it

382

00:15:00,269 --> 00:14:58,720

on the online edition

383

00:15:03,990 --> 00:15:00,279

and on

384

00:15:06,230 --> 00:15:04,000

searchesnewtimes.com uh has uh comes

385

00:15:09,269 --> 00:15:06,240

the current weekly edition

386

00:15:11,430 --> 00:15:09,279

gets changed on tuesday

387

00:15:13,670 --> 00:15:11,440

but there's new there's new content with

388

00:15:15,829 --> 00:15:13,680

different columnists every day

389

00:15:17,509 --> 00:15:15,839

and my column is up about eight o'clock

390

00:15:19,670 --> 00:15:17,519

in the morning on friday every single

391

00:15:21,430 --> 00:15:19,680

week so i have to generate an article

392

00:15:23,509 --> 00:15:21,440

every week so what do you base your

393

00:15:25,189 --> 00:15:23,519

column on do you on sightings on

394

00:15:30,790 --> 00:15:25,199

sightings have you uh yeah yeah yeah

395

00:15:33,509 --> 00:15:30,800

yeah what i do is i i am cruising the uh

396

00:15:36,550 --> 00:15:33,519

national ufo reporting centers uh

397

00:15:37,350 --> 00:15:36,560

database and i'm also watching the um

398

00:15:39,509 --> 00:15:37,360

uh

399

00:15:41,670 --> 00:15:39,519

mufon's database

400

00:15:43,269 --> 00:15:41,680

uh usually i have a theme there's

401
00:15:45,430 --> 00:15:43,279
something i want to write about a couple

402
00:15:47,990 --> 00:15:45,440
weeks ago i wrote about

403
00:15:50,150 --> 00:15:48,000
cylinder ufos i went back and analyzed

404
00:15:52,550 --> 00:15:50,160
data in both databases and figured out

405
00:15:54,870 --> 00:15:52,560
how many cylinder ufo sightings had been

406
00:15:55,749 --> 00:15:54,880
seen since the year 2000 in new york

407
00:15:58,629 --> 00:15:55,759
state

408
00:16:00,069 --> 00:15:58,639
and i um i i did an article i had charts

409
00:16:03,430 --> 00:16:00,079
and graphs and all that sort of thing

410
00:16:05,430 --> 00:16:03,440
and i i wrote some story i wrote some um

411
00:16:06,470 --> 00:16:05,440
i regurgitated some accounts that i dug

412
00:16:08,470 --> 00:16:06,480
out of

413
00:16:10,550 --> 00:16:08,480

the national ufo reporting center

414

00:16:13,189 --> 00:16:10,560

typically i write a two to five hundred

415

00:16:15,749 --> 00:16:13,199

word written article and then uh one

416

00:16:18,230 --> 00:16:15,759

feature of the of the weekly post is

417

00:16:19,670 --> 00:16:18,240

i'll go back out to whatever the recent

418

00:16:22,069 --> 00:16:19,680

sightings were

419

00:16:24,310 --> 00:16:22,079

and i'll kind of do like a little tv

420

00:16:27,749 --> 00:16:24,320

guide kind of one and one or two line

421

00:16:31,590 --> 00:16:27,759

synopsis you know on uh january 13th at

422

00:16:34,069 --> 00:16:31,600

about 12 uh 12 o'clock uh a buffalo

423

00:16:36,230 --> 00:16:34,079

resident saw da da da da da da da da

424

00:16:37,910 --> 00:16:36,240

and and uh and i did that and a couple

425

00:16:39,749 --> 00:16:37,920

of times that we left it off of the

426

00:16:41,110 --> 00:16:39,759

article uh we got yelled at by our

427

00:16:42,710 --> 00:16:41,120

readers because they like that little

428

00:16:44,310 --> 00:16:42,720

weekly roundup

429

00:16:45,749 --> 00:16:44,320

yeah yeah that's what we do well the

430

00:16:48,150 --> 00:16:45,759

fact that you have any military

431

00:16:49,910 --> 00:16:48,160

background uh did that have anything to

432

00:16:50,949 --> 00:16:49,920

do with your interest did you see

433

00:16:55,269 --> 00:16:50,959

something

434

00:16:57,350 --> 00:16:55,279

as is there any particular reason why

435

00:16:59,509 --> 00:16:57,360

you're so interested

436

00:17:02,069 --> 00:16:59,519

no no i i've been interested since i was

437

00:17:04,069 --> 00:17:02,079

about 12 when i saw my first one oh you

438

00:17:06,150 --> 00:17:04,079

saw one oh you did have a sighting uh

439

00:17:09,270 --> 00:17:06,160

i've had i've had a total of four

440

00:17:11,590 --> 00:17:09,280

writings in my life and um the the first

441

00:17:14,230 --> 00:17:11,600

one i was about 12 years old

442

00:17:16,549 --> 00:17:14,240

we were visiting an aunt up in buffalo

443

00:17:19,189 --> 00:17:16,559

not buffalo but up in bath new york it's

444

00:17:21,429 --> 00:17:19,199

about central part of new york state

445

00:17:23,189 --> 00:17:21,439

and uh we were coming down off one of

446

00:17:25,590 --> 00:17:23,199

the rolling foothills up in that part of

447

00:17:27,909 --> 00:17:25,600

the uh that part of the state was a nice

448

00:17:30,310 --> 00:17:27,919

uh i'm gonna call it a late august early

449

00:17:33,029 --> 00:17:30,320

september afternoon about four o'clock

450

00:17:34,870 --> 00:17:33,039

in the afternoon the sky was

451
00:17:38,390 --> 00:17:34,880
perfectly crystal blue

452
00:17:41,590 --> 00:17:38,400
sky and off in the western sky was this

453
00:17:43,909 --> 00:17:41,600
shiny ball that was just king there was

454
00:17:44,789 --> 00:17:43,919
a spear

455
00:17:47,270 --> 00:17:44,799
and

456
00:17:48,870 --> 00:17:47,280
my mother had my father pulled the car

457
00:17:51,350 --> 00:17:48,880
over and she was the one that was read

458
00:17:52,630 --> 00:17:51,360
it was very well read at the time

459
00:17:54,150 --> 00:17:52,640
and uh

460
00:17:56,870 --> 00:17:54,160
uh she had been reading all the books

461
00:17:58,549 --> 00:17:56,880
frank edwards and all those folks and we

462
00:18:00,230 --> 00:17:58,559
sat there and watched this thing and i

463
00:18:01,990 --> 00:18:00,240

said well what is it and she told me

464

00:18:03,110 --> 00:18:02,000

that it could be any number of things it

465

00:18:04,870 --> 00:18:03,120

could be a weather balloon it could be

466

00:18:06,950 --> 00:18:04,880

this or that or it could be people from

467

00:18:09,190 --> 00:18:06,960

another planet and we talked about this

468

00:18:11,909 --> 00:18:09,200

and she was very gentle with me and

469

00:18:12,870 --> 00:18:11,919

explained to me what the implications

470

00:18:15,029 --> 00:18:12,880

were

471

00:18:17,190 --> 00:18:15,039

and we was that her was that her first

472

00:18:19,830 --> 00:18:17,200

sighting

473

00:18:21,430 --> 00:18:19,840

yeah it was but she again she said she

474

00:18:22,630 --> 00:18:21,440

was very well read

475

00:18:25,350 --> 00:18:22,640

and um

476
00:18:27,270 --> 00:18:25,360
she uh you watch it for about 15 minutes

477
00:18:28,870 --> 00:18:27,280
my father's sitting here watching it and

478
00:18:31,190 --> 00:18:28,880
everything we had the car shut off on

479
00:18:33,350 --> 00:18:31,200
the side of the road and then

480
00:18:35,110 --> 00:18:33,360
suddenly it just

481
00:18:37,669 --> 00:18:35,120
shut off

482
00:18:40,070 --> 00:18:37,679
you know you know you've seen you know

483
00:18:41,750 --> 00:18:40,080
the the enterprise on star trek shoot

484
00:18:43,669 --> 00:18:41,760
off with a little bit of a trail behind

485
00:18:45,990 --> 00:18:43,679
you kind of thing just just going like a

486
00:18:47,669 --> 00:18:46,000
bed out of hell well that's exactly what

487
00:18:49,669 --> 00:18:47,679
this thing did it just it just what were

488
00:18:52,470 --> 00:18:49,679

the other ones

489

00:18:55,390 --> 00:18:52,480

uh the other one was i was in vietnam it

490

00:18:58,070 --> 00:18:55,400

was christmas eve and uh christmas eve

491

00:19:01,270 --> 00:18:58,080

1971 i was in vietnam

492

00:19:04,070 --> 00:19:01,280

and i was walking to take in i was about

493

00:19:06,549 --> 00:19:04,080

uh quarter to 12 i was going down to the

494

00:19:08,070 --> 00:19:06,559

to the base chapel to go to midnight

495

00:19:09,990 --> 00:19:08,080

mass

496

00:19:12,070 --> 00:19:10,000

and i was [h__\h] long and i was looking

497

00:19:13,590 --> 00:19:12,080

in the western sky and i saw this light

498

00:19:15,669 --> 00:19:13,600

moving across the sky and i thought well

499

00:19:18,470 --> 00:19:15,679

maybe it's a fighter jet or maybe it's a

500

00:19:20,789 --> 00:19:18,480

helicopter and then it stopped and then

501
00:19:22,710 --> 00:19:20,799
it began darting around for about five

502
00:19:25,830 --> 00:19:22,720
minutes it began darting around in the

503
00:19:27,590 --> 00:19:25,840
sky and then it shot off in a

504
00:19:30,070 --> 00:19:27,600
a different direction

505
00:19:31,669 --> 00:19:30,080
and uh i just stood there dumbfounded

506
00:19:34,710 --> 00:19:31,679
when i saw this

507
00:19:38,390 --> 00:19:36,390
just the fact you're in vietnam i mean

508
00:19:40,470 --> 00:19:38,400
i'm just trying to picture all that and

509
00:19:41,830 --> 00:19:40,480
then what what what was going on uh with

510
00:19:42,870 --> 00:19:41,840
the other two

511
00:19:44,630 --> 00:19:42,880
i'm just wondering if there's some kind

512
00:19:46,470 --> 00:19:44,640
of pattern

513
00:19:48,710 --> 00:19:46,480

what were the other two yeah i never

514

00:19:50,230 --> 00:19:48,720

thought i never no no i never saw a

515

00:19:52,549 --> 00:19:50,240

pattern code because i was i was 12

516

00:19:54,390 --> 00:19:52,559

years old with the first one and we just

517

00:19:56,470 --> 00:19:54,400

saw this blue

518

00:19:58,470 --> 00:19:56,480

blue disc out there in the sky

519

00:20:01,029 --> 00:19:58,480

if you want a proportion to it if you

520

00:20:03,909 --> 00:20:01,039

were to hold your finger out at arm's

521

00:20:06,870 --> 00:20:03,919

length uh in the sky it appeared about

522

00:20:08,070 --> 00:20:06,880

the size of my my little fingernail

523

00:20:08,950 --> 00:20:08,080

is that big

524

00:20:10,870 --> 00:20:08,960

okay

525

00:20:12,950 --> 00:20:10,880

i'm doing that now absolutely

526
00:20:14,789 --> 00:20:12,960
just absolutely brilliant you know yeah

527
00:20:18,710 --> 00:20:14,799
yeah like i said it shot off and that

528
00:20:23,190 --> 00:20:21,190
so that was an interest i had now what

529
00:20:24,710 --> 00:20:23,200
happened was let's switch the military

530
00:20:25,990 --> 00:20:24,720
or anything like that to give me any

531
00:20:27,830 --> 00:20:26,000
insight to it

532
00:20:31,750 --> 00:20:27,840
but um

533
00:20:33,350 --> 00:20:31,760
back around 1991 i had about 1990 i hit

534
00:20:35,270 --> 00:20:33,360
some um

535
00:20:38,230 --> 00:20:35,280
some abdominal surgery and i was in

536
00:20:39,990 --> 00:20:38,240
recuperation for a couple of months okay

537
00:20:42,070 --> 00:20:40,000
and i was sort of between apartments at

538
00:20:44,149 --> 00:20:42,080

the time and a friend of mine had was

539

00:20:46,070 --> 00:20:44,159

taking care of his father who had cancer

540

00:20:47,750 --> 00:20:46,080

and he said well tell me what i got a

541

00:20:49,270 --> 00:20:47,760

house over here in laurel maryland why

542

00:20:51,510 --> 00:20:49,280

don't you here's the keys why don't you

543

00:20:53,190 --> 00:20:51,520

just go over there and and stay there

544

00:20:54,470 --> 00:20:53,200

and just take care of the utilities

545

00:20:56,549 --> 00:20:54,480

while you're while you're getting it

546

00:20:58,710 --> 00:20:56,559

back on your feet so i did well this guy

547

00:21:00,789 --> 00:20:58,720

had like the biggest ufo book collection

548

00:21:02,870 --> 00:21:00,799

of anybody i'd seen he must have had 300

549

00:21:04,870 --> 00:21:02,880

books

550

00:21:06,789 --> 00:21:04,880

and uh and

551
00:21:08,870 --> 00:21:06,799
the cable house didn't have cable so i

552
00:21:10,470 --> 00:21:08,880
had a lot of time to read and

553
00:21:12,070 --> 00:21:10,480
that was one of those like essentially

554
00:21:14,230 --> 00:21:12,080
like a three month sabbatical reading

555
00:21:15,029 --> 00:21:14,240
books on new or false

556
00:21:16,789 --> 00:21:15,039
and

557
00:21:18,390 --> 00:21:16,799
there was a lot of really good books uh

558
00:21:20,710 --> 00:21:18,400
something uh

559
00:21:22,630 --> 00:21:20,720
he had about everything writ uh stanley

560
00:21:25,270 --> 00:21:22,640
friedman had it that had written at that

561
00:21:27,510 --> 00:21:25,280
time so i got very heavy on the topic

562
00:21:30,390 --> 00:21:27,520
again i never thought about doing

563
00:21:31,669 --> 00:21:30,400

anything about it already so

564

00:21:33,750 --> 00:21:31,679

so when you're writing now are you

565

00:21:35,830 --> 00:21:33,760

writing about uh current events are you

566

00:21:37,430 --> 00:21:35,840

writing about uh like a particular

567

00:21:38,789 --> 00:21:37,440

subject like when you say you're gonna

568

00:21:40,230 --> 00:21:38,799

write about cylinders then you do all

569

00:21:42,470 --> 00:21:40,240

the research about anything that was

570

00:21:44,310 --> 00:21:42,480

written on cylinders when you do this

571

00:21:47,110 --> 00:21:44,320

this report usually are you writing

572

00:21:48,950 --> 00:21:47,120

about current events uh or or about

573

00:21:51,190 --> 00:21:48,960

specific topics

574

00:21:53,909 --> 00:21:51,200

no new york state new york state

575

00:21:55,350 --> 00:21:53,919

sightings uh sometimes trends

576

00:21:57,669 --> 00:21:55,360

um i

577

00:22:00,390 --> 00:21:57,679

in my aerospace job i did an awful lot

578

00:22:02,789 --> 00:22:00,400

of analysis of data

579

00:22:04,789 --> 00:22:02,799

okay uh looking for patterns and trends

580

00:22:05,590 --> 00:22:04,799

and things like this

581

00:22:08,789 --> 00:22:05,600

so

582

00:22:11,190 --> 00:22:08,799

i i took things like the the the

583

00:22:13,350 --> 00:22:11,200

lufon database and they were kind enough

584

00:22:16,310 --> 00:22:13,360

to let me have a copy of just the new

585

00:22:19,350 --> 00:22:16,320

york state ones in the spreadsheet form

586

00:22:21,270 --> 00:22:19,360

okay so i was able to crunch the data

587

00:22:24,310 --> 00:22:21,280

uh i did a similar thing with the

588

00:22:26,390 --> 00:22:24,320

national ufo reporting center um data

589

00:22:28,310 --> 00:22:26,400

for just new york state

590

00:22:30,230 --> 00:22:28,320

and i started going for patterns i

591

00:22:31,750 --> 00:22:30,240

started going out and reading very old

592

00:22:33,909 --> 00:22:31,760

sightings and things like that i have

593

00:22:37,669 --> 00:22:33,919

found fighting i found a listing with a

594

00:22:39,669 --> 00:22:37,679

sighting from 1790 oh yeah tell us about

595

00:22:41,190 --> 00:22:39,679

tell us about that that that's got to be

596

00:22:44,149 --> 00:22:41,200

fascinating

597

00:22:46,789 --> 00:22:44,159

17 okay i've got one from 1790 and i

598

00:22:49,430 --> 00:22:46,799

hear i know of about five during the

599

00:22:50,789 --> 00:22:49,440

19th century which is what's interesting

600

00:22:52,470 --> 00:22:50,799

about that is you know when i tell

601
00:22:54,390 --> 00:22:52,480
people this people i have a lot of

602
00:22:56,750 --> 00:22:54,400
people come to me and say oh

603
00:22:59,750 --> 00:22:56,760
ufos are just a modern phenomenon since

604
00:23:01,510 --> 00:22:59,760
1947 and that's in my position that's

605
00:23:03,830 --> 00:23:01,520
baloney

606
00:23:07,669 --> 00:23:03,840
because there are these documented ufo

607
00:23:10,710 --> 00:23:07,679
sightings um prior to our culture having

608
00:23:13,669 --> 00:23:10,720
airplanes you know uh let me go to 1790.

609
00:23:16,149 --> 00:23:13,679
um it's a place called sclera county up

610
00:23:17,990 --> 00:23:16,159
near albany which is the com of the the

611
00:23:21,590 --> 00:23:18,000
capital state capital

612
00:23:23,430 --> 00:23:21,600
uh 1790 it was a what they call what we

613
00:23:25,590 --> 00:23:23,440

call a deutsche

614

00:23:28,470 --> 00:23:25,600

uh settlement uh people would think that

615

00:23:30,710 --> 00:23:28,480

it was german but it was probably dutch

616

00:23:34,630 --> 00:23:30,720

uh he was a dutch settler

617

00:23:37,510 --> 00:23:34,640

uh and he his account was sworn out a

618

00:23:39,909 --> 00:23:37,520

couple of years later it was uh

619

00:23:42,070 --> 00:23:39,919

middle of summer and he said he heard

620

00:23:44,630 --> 00:23:42,080

this he was playing his fiddle on his

621

00:23:48,390 --> 00:23:44,640

back porch of his cabin

622

00:23:50,390 --> 00:23:48,400

and he heard a loud deafening roar and

623

00:23:52,630 --> 00:23:50,400

he looked up and it something was

624

00:23:53,990 --> 00:23:52,640

lighting up the northern sky very

625

00:23:56,870 --> 00:23:54,000

brightly

626
00:23:57,909 --> 00:23:56,880
and he said that it was so bright

627
00:23:59,990 --> 00:23:57,919
that

628
00:24:01,510 --> 00:24:00,000
you could have picked up kings on his

629
00:24:03,669 --> 00:24:01,520
porch from the brightness of the

630
00:24:06,070 --> 00:24:03,679
lightning of the light

631
00:24:07,350 --> 00:24:06,080
and it came down with a

632
00:24:10,070 --> 00:24:07,360
smell of

633
00:24:12,630 --> 00:24:10,080
uh burnt tar and sulfur

634
00:24:14,630 --> 00:24:12,640
and it came down and it

635
00:24:18,390 --> 00:24:14,640
hovered above the ground

636
00:24:20,149 --> 00:24:18,400
about 300 yards away from his cabin

637
00:24:23,029 --> 00:24:20,159
he said that it was

638
00:24:24,789 --> 00:24:23,039

long like a snake

639

00:24:26,149 --> 00:24:24,799

and it looked like the front part of it

640

00:24:28,149 --> 00:24:26,159

looked like a tree that had been

641

00:24:29,990 --> 00:24:28,159

uprooted so it's kind of like hold your

642

00:24:31,909 --> 00:24:30,000

hand out and kind of like do like a

643

00:24:34,549 --> 00:24:31,919

little grip there you get an idea looks

644

00:24:37,110 --> 00:24:34,559

like a roots of a tree okay and he said

645

00:24:40,310 --> 00:24:37,120

it long and tapered down he said it was

646

00:24:43,110 --> 00:24:40,320

about 150 200 feet long

647

00:24:45,430 --> 00:24:43,120

and when it began moving hovering about

648

00:24:47,750 --> 00:24:45,440

a height of a man above the ground and

649

00:24:49,590 --> 00:24:47,760

was hurt and moving and moving along he

650

00:24:51,909 --> 00:24:49,600

said it moved along at the gap of a

651
00:24:53,669 --> 00:24:51,919
young horse

652
00:24:55,909 --> 00:24:53,679
and then when it got to a rise in the

653
00:24:57,590 --> 00:24:55,919
land the thing just tilted up and went

654
00:24:59,990 --> 00:24:57,600
with the rise of the land and he watched

655
00:25:01,830 --> 00:25:00,000
it go over a ride of a small hill and

656
00:25:04,549 --> 00:25:01,840
that was the last he had seen of it he

657
00:25:07,110 --> 00:25:04,559
swore out this deposition about

658
00:25:10,149 --> 00:25:07,120
two years later in Carlisle New York at

659
00:25:12,950 --> 00:25:12,149
creepy

660
00:25:14,950 --> 00:25:12,960
what

661
00:25:17,510 --> 00:25:14,960
were there other now uh when you go back

662
00:25:19,830 --> 00:25:17,520
in time in uh New York state here were

663
00:25:21,430 --> 00:25:19,840

there other uh people kept i guess they

664

00:25:23,830 --> 00:25:21,440

were more prone to keep journals and

665

00:25:25,190 --> 00:25:23,840

things in the logs in those days

666

00:25:27,430 --> 00:25:25,200

were there other sightings do you know

667

00:25:29,190 --> 00:25:27,440

that were reported

668

00:25:32,669 --> 00:25:29,200

yeah um

669

00:25:37,590 --> 00:25:32,679

one of the other good ones um

670

00:25:39,830 --> 00:25:37,600

1861 uh it was about uh about a month

671

00:25:41,430 --> 00:25:39,840

after abraham lincoln had been sworn

672

00:25:43,029 --> 00:25:41,440

into presidency

673

00:25:45,110 --> 00:25:43,039

and where where is this where is this

674

00:25:47,269 --> 00:25:45,120

stuff documented

675

00:25:49,510 --> 00:25:47,279

these things oh this well i'll get to

676

00:25:52,070 --> 00:25:49,520

that in a minute okay um

677

00:25:55,909 --> 00:25:52,080

this sighting was it wasn't reported

678

00:25:57,669 --> 00:25:55,919

like a ufo um the way it was reported um

679

00:25:59,510 --> 00:25:57,679

if you've ever seen the movie games of

680

00:26:02,230 --> 00:25:59,520

new york

681

00:26:05,510 --> 00:26:02,240

for the television show in amsterdam new

682

00:26:07,990 --> 00:26:05,520

york city at that time was no high-rises

683

00:26:10,070 --> 00:26:08,000

it was just

684

00:26:12,149 --> 00:26:10,080

one and two-story wooden buildings for

685

00:26:14,870 --> 00:26:12,159

the most part okay

686

00:26:17,029 --> 00:26:14,880

and um there are sometimes five and

687

00:26:21,350 --> 00:26:17,039

three four story buildings well a lady

688

00:26:25,430 --> 00:26:21,360

was up in the notorious five points area

689

00:26:27,510 --> 00:26:25,440

and uh her name is mrs baxter and she

690

00:26:30,390 --> 00:26:27,520

she was up about midnight she looked

691

00:26:32,630 --> 00:26:30,400

outside into the sky

692

00:26:34,630 --> 00:26:32,640

and she about midnight and she happened

693

00:26:37,669 --> 00:26:34,640

to see what looked to be a flinging

694

00:26:39,350 --> 00:26:37,679

cross in the sky

695

00:26:41,669 --> 00:26:39,360

okay

696

00:26:43,830 --> 00:26:41,679

and she reported it

697

00:26:45,430 --> 00:26:43,840

in confession

698

00:26:47,269 --> 00:26:45,440

to a priest

699

00:26:49,590 --> 00:26:47,279

uh i forget the name of the church off

700

00:26:51,269 --> 00:26:49,600

the top of my head but she reported it

701
00:26:54,390 --> 00:26:51,279
to her priest

702
00:26:56,710 --> 00:26:54,400
um in a confessional kind of context and

703
00:26:58,950 --> 00:26:56,720
it was scribbled into the member paper

704
00:27:00,630 --> 00:26:58,960
was a very valuable commodity in those

705
00:27:03,830 --> 00:27:00,640
days okay

706
00:27:07,269 --> 00:27:03,840
so it was scribbled into the margins

707
00:27:08,950 --> 00:27:07,279
with a sketch of what it looked like um

708
00:27:12,070 --> 00:27:08,960
in the margins of the

709
00:27:13,830 --> 00:27:12,080
church's baptismal record

710
00:27:16,549 --> 00:27:13,840
and researcher a few years ago

711
00:27:18,710 --> 00:27:16,559
discovered it i have a pdf of it

712
00:27:21,830 --> 00:27:18,720
in my computer someplace

713
00:27:23,430 --> 00:27:21,840

and um uh so it came to light well this

714

00:27:25,190 --> 00:27:23,440

i forget the name of the researcher but

715

00:27:27,750 --> 00:27:25,200

the reason this researcher

716

00:27:30,230 --> 00:27:27,760

went back and looked in the the

717

00:27:32,310 --> 00:27:30,240

microfilm the newspaper archives of that

718

00:27:33,430 --> 00:27:32,320

era was there anything else going on in

719

00:27:37,029 --> 00:27:33,440

town

720

00:27:40,149 --> 00:27:37,039

and what happened was there was a black

721

00:27:43,350 --> 00:27:40,159

city block size fire a warehouse and a

722

00:27:45,190 --> 00:27:43,360

number of stores and livery stables that

723

00:27:46,950 --> 00:27:45,200

type of thing we're going up to head

724

00:27:49,830 --> 00:27:46,960

guard we're going up in flames it was a

725

00:27:52,070 --> 00:27:49,840

huge fire

726

00:27:55,430 --> 00:27:52,080

and what this researcher came to

727

00:27:57,669 --> 00:27:55,440

understand is perhaps

728

00:27:59,669 --> 00:27:57,679

this was the silvery hole of whatever

729

00:28:03,029 --> 00:27:59,679

this was that was up in the sky was

730

00:28:04,870 --> 00:28:03,039

reflecting that the light of the flames

731

00:28:06,870 --> 00:28:04,880

and it's like fighting again like i said

732

00:28:08,710 --> 00:28:06,880

like an aircraft had wounds and that

733

00:28:11,350 --> 00:28:08,720

that's where the cross shape came from

734

00:28:14,630 --> 00:28:11,360

it was reflecting off of its tiny hole

735

00:28:17,909 --> 00:28:14,640

the the flicker of this block size

736

00:28:17,919 --> 00:28:20,470

okay

737

00:28:25,190 --> 00:28:22,149

well i can give you

738

00:28:27,590 --> 00:28:25,200

a mirror type object and then

739

00:28:30,070 --> 00:28:27,600

there were flames below that that large

740

00:28:31,590 --> 00:28:30,080

where everything was on fire i could see

741

00:28:33,029 --> 00:28:31,600

i i don't know that's what that's what

742

00:28:34,470 --> 00:28:33,039

these that's what people that's what

743

00:28:36,230 --> 00:28:34,480

that's what the researchers seem to

744

00:28:38,230 --> 00:28:36,240

think and i can kind of concur on that

745

00:28:40,950 --> 00:28:38,240

idea i mean you know then you have

746

00:28:43,430 --> 00:28:40,960

biblical chariots of fire and

747

00:28:45,510 --> 00:28:43,440

you know i mean the fire you know

748

00:28:46,789 --> 00:28:45,520

you know but okay it doesn't really i

749

00:28:49,350 --> 00:28:46,799

don't even think it needs that much

750

00:28:51,029 --> 00:28:49,360

explanation really if it's you know

751

00:28:52,870 --> 00:28:51,039

no it's pretty straightforward

752

00:28:55,190 --> 00:28:52,880

in the way i explained it yeah that's

753

00:28:57,029 --> 00:28:55,200

just her interpretation yeah

754

00:29:00,470 --> 00:28:57,039

there was another sighting

755

00:29:03,590 --> 00:29:00,480

about the same time

756

00:29:05,750 --> 00:29:03,600

actually many months before that

757

00:29:08,070 --> 00:29:05,760

and what happened was

758

00:29:09,430 --> 00:29:08,080

it was a hot august night

759

00:29:11,669 --> 00:29:09,440

and

760

00:29:14,950 --> 00:29:11,679

everybody had their windows open

761

00:29:15,990 --> 00:29:14,960

and it was first seen up around albany

762

00:29:18,710 --> 00:29:16,000

new york

763

00:29:20,870 --> 00:29:18,720

and it appeared to be two large bright

764

00:29:23,430 --> 00:29:20,880

balls of light

765

00:29:25,510 --> 00:29:23,440

streaking across the sky

766

00:29:28,149 --> 00:29:25,520

and it went past new york and it was

767

00:29:30,630 --> 00:29:28,159

seen to be in the sky from horizon to

768

00:29:31,590 --> 00:29:30,640

horizon as far as like going north to

769

00:29:32,310 --> 00:29:31,600

south

770

00:29:35,430 --> 00:29:32,320

for

771

00:29:37,750 --> 00:29:35,440

over a minute and even the newspaper

772

00:29:39,830 --> 00:29:37,760

reporters from two different newspapers

773

00:29:41,990 --> 00:29:39,840

made remark similar remarks in the

774

00:29:44,470 --> 00:29:42,000

newspaper that it was not like a

775

00:29:47,190 --> 00:29:44,480

shooting star or a meteor because it was

776

00:29:48,950 --> 00:29:47,200

in the sky for a long time

777

00:29:51,990 --> 00:29:48,960

there were similar reports in

778

00:29:54,870 --> 00:29:52,000

philadelphia washington dc and norfolk

779

00:29:56,630 --> 00:29:54,880

virginia was the last place they saw it

780

00:29:58,470 --> 00:29:56,640

well i sat down with a friend of mine

781

00:30:00,230 --> 00:29:58,480

who uh

782

00:30:02,710 --> 00:30:00,240

used to work for nasa and we did some

783

00:30:06,310 --> 00:30:02,720

calculations for it that was in the sky

784

00:30:09,510 --> 00:30:06,320

for horizon to horizon and we calculated

785

00:30:11,430 --> 00:30:09,520

what speed it might be flying at and we

786

00:30:12,470 --> 00:30:11,440

found out from that russian meteor that

787

00:30:14,470 --> 00:30:12,480

came in

788

00:30:16,870 --> 00:30:14,480

uh a year last year or the year before

789

00:30:18,789 --> 00:30:16,880

last that that thing was coming in at 50

790

00:30:21,110 --> 00:30:18,799

000 miles an hour and it was only in the

791

00:30:24,310 --> 00:30:21,120

sky for a few moments right

792

00:30:26,630 --> 00:30:24,320

this was in the sky for minutes

793

00:30:28,630 --> 00:30:26,640

and we did the calculations and what it

794

00:30:30,870 --> 00:30:28,640

really amounted to it was about it

795

00:30:33,430 --> 00:30:30,880

looked like it was about 3 500 miles an

796

00:30:35,190 --> 00:30:33,440

hour which was which is about

797

00:30:39,029 --> 00:30:35,200

one of the speeds you see with the space

798

00:30:41,430 --> 00:30:39,990

and

799

00:30:43,830 --> 00:30:41,440

that is the

800

00:30:45,909 --> 00:30:43,840

that is a conjecture that i made in my

801
00:30:48,230 --> 00:30:45,919
article after i recorded

802
00:30:50,230 --> 00:30:48,240
uh what all of the all of the different

803
00:30:53,750 --> 00:30:50,240
i gave a little synopsis of what all the

804
00:30:55,590 --> 00:30:53,760
different city newspapers reported

805
00:30:59,269 --> 00:30:55,600
well you know new york new york state

806
00:31:01,990 --> 00:30:59,279
has had uh actually quite a history of

807
00:31:03,990 --> 00:31:02,000
strange activity and i know i see here

808
00:31:06,230 --> 00:31:04,000
from your your background information

809
00:31:08,149 --> 00:31:06,240
that you're also interested in in in

810
00:31:10,789 --> 00:31:08,159
other subjects as well well

811
00:31:11,669 --> 00:31:10,799
washington irving uh you know wrote

812
00:31:13,990 --> 00:31:11,679
about

813
00:31:15,430 --> 00:31:14,000

uh the weird things that were happening

814

00:31:17,830 --> 00:31:15,440

uh

815

00:31:20,149 --> 00:31:17,840

back in what 1750

816

00:31:23,110 --> 00:31:20,159

1780 whenever he he wrote his uh

817

00:31:25,750 --> 00:31:23,120

literature you know and and if you read

818

00:31:29,269 --> 00:31:25,760

the paragraphs from his book

819

00:31:30,950 --> 00:31:29,279

uh about this paranormal activity and

820

00:31:33,909 --> 00:31:30,960

matched it up

821

00:31:35,509 --> 00:31:33,919

to today you think he was writing about

822

00:31:37,509 --> 00:31:35,519

you know things that were happening in

823

00:31:39,669 --> 00:31:37,519

new york state now and not several

824

00:31:42,789 --> 00:31:39,679

hundred uh years ago

825

00:31:46,230 --> 00:31:42,799

there is a parallel with what's happened

826
00:31:48,470 --> 00:31:46,240
before and what's happening uh now like

827
00:31:50,070 --> 00:31:48,480
you say a lot of people think oh ufos

828
00:31:52,389 --> 00:31:50,080
first they thought well it's just that

829
00:31:55,669 --> 00:31:52,399
american phenomena nobody else in the

830
00:31:59,190 --> 00:31:55,679
world sees ufos well we know that ufos

831
00:32:01,269 --> 00:31:59,200
are seen even in the most remote places

832
00:32:02,789 --> 00:32:01,279
and the biggest countries the smallest

833
00:32:04,870 --> 00:32:02,799
countries it has nothing to do with

834
00:32:08,230 --> 00:32:04,880
locations and we also know that they

835
00:32:11,509 --> 00:32:08,240
have been seen throughout history and

836
00:32:13,669 --> 00:32:11,519
that's what makes it so fascinating now

837
00:32:16,870 --> 00:32:13,679
tell me what campaign or check the point

838
00:32:19,350 --> 00:32:16,880

there about washington irving yes

839

00:32:21,990 --> 00:32:19,360

um now okay now before you go down the

840

00:32:25,509 --> 00:32:22,000

route of saying hey maybe maybe rip van

841

00:32:27,029 --> 00:32:25,519

winkle was an abduction case

842

00:32:28,870 --> 00:32:27,039

okay let me tell you a little story

843

00:32:30,950 --> 00:32:28,880

about that i'd heard several people who

844

00:32:33,190 --> 00:32:30,960

were researchers who wrote papers many

845

00:32:34,549 --> 00:32:33,200

years ago on whether rick van winkle was

846

00:32:37,909 --> 00:32:34,559

an abduction case

847

00:32:40,549 --> 00:32:37,919

i never knew about these articles okay

848

00:32:43,590 --> 00:32:40,559

i i just was finishing a bachelor's

849

00:32:46,789 --> 00:32:43,600

degree here in past year

850

00:32:50,310 --> 00:32:46,799

and a couple semesters ago

851
00:32:51,269 --> 00:32:50,320
i read i had never read

852
00:32:52,789 --> 00:32:51,279
uh

853
00:32:55,029 --> 00:32:52,799
rick van winkle

854
00:32:57,190 --> 00:32:55,039
oh i've seen little cartoon references

855
00:32:58,149 --> 00:32:57,200
to it over the years in cartoons and

856
00:33:00,389 --> 00:32:58,159
things

857
00:33:02,950 --> 00:33:00,399
and i remember a third grade teacher

858
00:33:04,789 --> 00:33:02,960
reading this rick fan ankle but i never

859
00:33:06,470 --> 00:33:04,799
read it myself

860
00:33:08,470 --> 00:33:06,480
and i got done reading it and i've been

861
00:33:11,110 --> 00:33:08,480
writing the column for over a year at

862
00:33:13,990 --> 00:33:11,120
that point and i read this thing i said

863
00:33:17,110 --> 00:33:14,000

jesus this this this sounds like a

864

00:33:18,789 --> 00:33:17,120

classic abduction case

865

00:33:20,630 --> 00:33:18,799

so i went to my college professor and i

866

00:33:23,029 --> 00:33:20,640

had a student i had to write a term

867

00:33:25,669 --> 00:33:23,039

paper and a you know

868

00:33:27,750 --> 00:33:25,679

in a writing class and i said hey would

869

00:33:30,230 --> 00:33:27,760

you mind if i wrote on this topic maybe

870

00:33:31,990 --> 00:33:30,240

this is a this maybe this is a a an

871

00:33:34,070 --> 00:33:32,000

alien abduction case or something like

872

00:33:37,430 --> 00:33:34,080

that reported either by a colonial or

873

00:33:40,549 --> 00:33:37,440

maybe some native folk story from the

874

00:33:43,430 --> 00:33:40,559

hudson valley and she said go ahead

875

00:33:45,110 --> 00:33:43,440

that sounds interesting

876

00:33:46,470 --> 00:33:45,120

well i had to go back to her about three

877

00:33:48,630 --> 00:33:46,480

months later and i came back to her and

878

00:33:50,870 --> 00:33:48,640

i said we have a problem here

879

00:33:52,789 --> 00:33:50,880

and she says what's that i said well i

880

00:33:54,870 --> 00:33:52,799

went down the rabbit hole with distort

881

00:33:57,750 --> 00:33:54,880

with this concept and it's gotten

882

00:33:59,350 --> 00:33:57,760

complicated and it reads less like a

883

00:34:00,630 --> 00:33:59,360

history paper and reads

884

00:34:02,389 --> 00:34:00,640

i'm sorry it reads less like a

885

00:34:04,710 --> 00:34:02,399

literature paper and more like a history

886

00:34:06,870 --> 00:34:04,720

paper do i continue doing what i'm doing

887

00:34:09,270 --> 00:34:06,880

and she says tell me what the problem is

888

00:34:12,310 --> 00:34:09,280

i said one washington irving did not

889

00:34:14,550 --> 00:34:12,320

write he plagiarized the story of rick

890

00:34:17,190 --> 00:34:14,560

van winkle

891

00:34:21,109 --> 00:34:17,200

okay for one it was based on a german

892

00:34:22,790 --> 00:34:21,119

folk tale written by a johann uh

893

00:34:24,950 --> 00:34:22,800

natangel

894

00:34:27,349 --> 00:34:24,960

all right so i dug into it i went and

895

00:34:29,510 --> 00:34:27,359

read the short story by

896

00:34:31,589 --> 00:34:29,520

johann nachengal

897

00:34:34,710 --> 00:34:31,599

and it was placed in the clefuson

898

00:34:36,149 --> 00:34:34,720

mountains of central germany

899

00:34:38,710 --> 00:34:36,159

i don't know if you've ever seen the

900

00:34:41,349 --> 00:34:38,720

wood block cuts of like the ufos over

901
00:34:42,470 --> 00:34:41,359
hamburg and nuremberg germany

902
00:34:44,230 --> 00:34:42,480
yes

903
00:34:46,389 --> 00:34:44,240
you can find them on the line all right

904
00:34:48,950 --> 00:34:46,399
well this place is halfway in between

905
00:34:51,109 --> 00:34:48,960
both of those places

906
00:34:53,190 --> 00:34:51,119
and being that it was an oral tradition

907
00:34:55,589 --> 00:34:53,200
i read the version that matt and gail

908
00:34:58,390 --> 00:34:55,599
showed shared as a folk tale

909
00:35:00,390 --> 00:34:58,400
it's only a page long it's not 15 pages

910
00:35:02,470 --> 00:35:00,400
long like like rick van winkle but it

911
00:35:04,710 --> 00:35:02,480
reads very similarly but it's more

912
00:35:06,950 --> 00:35:04,720
direct and more to the point

913
00:35:09,910 --> 00:35:06,960

and it gave me the impression that he

914

00:35:12,069 --> 00:35:09,920

want he was whoever this this cloth the

915

00:35:14,230 --> 00:35:12,079

goat herder was who was the rich van

916

00:35:15,430 --> 00:35:14,240

winkle in the german story

917

00:35:19,349 --> 00:35:15,440

he

918

00:35:21,270 --> 00:35:19,359

went in someplace and found 12 uniformed

919

00:35:23,670 --> 00:35:21,280

knights

920

00:35:26,870 --> 00:35:23,680

and the only similarity in the pic in

921

00:35:29,109 --> 00:35:26,880

the two stories is they always say

922

00:35:31,670 --> 00:35:29,119

the cartoons and everything always

923

00:35:33,829 --> 00:35:31,680

depict as rip van winkle as an old man

924

00:35:36,470 --> 00:35:33,839

when he wakes up with a long beard down

925

00:35:39,750 --> 00:35:36,480

to his ankles and all this sort of thing

926
00:35:42,390 --> 00:35:39,760
no both stories say he only grew a beard

927
00:35:43,510 --> 00:35:42,400
of about a foot long

928
00:35:45,829 --> 00:35:43,520
okay

929
00:35:48,710 --> 00:35:45,839
didn't say he aged 20 years only did he

930
00:35:51,109 --> 00:35:48,720
was gone 20 years

931
00:35:53,109 --> 00:35:51,119
so i did some calculations and i talked

932
00:35:55,589 --> 00:35:53,119
to a hairdresser and found out that

933
00:35:58,550 --> 00:35:55,599
northern germanic men grow beard rates

934
00:36:00,550 --> 00:35:58,560
at about a half an inch a month well if

935
00:36:03,349 --> 00:36:00,560
you grew a foot long beard that means he

936
00:36:04,790 --> 00:36:03,359
was gone 24 months looking at relativity

937
00:36:06,630 --> 00:36:04,800
and everything he did some racial

938
00:36:08,550 --> 00:36:06,640

calculations had a business friend of

939

00:36:11,270 --> 00:36:08,560

mine helping with the calculations he

940

00:36:13,270 --> 00:36:11,280

would have been gone about 20 years

941

00:36:16,470 --> 00:36:13,280

wow

942

00:36:20,790 --> 00:36:18,630

that was one of my articles

943

00:36:22,710 --> 00:36:20,800

well did he did he

944

00:36:24,550 --> 00:36:22,720

during this 20 years that he was gone

945

00:36:26,310 --> 00:36:24,560

did he have any recollection at all or

946

00:36:28,069 --> 00:36:26,320

he was just passed out solid calling

947

00:36:29,670 --> 00:36:28,079

yeah yeah what so what happened yeah i

948

00:36:32,230 --> 00:36:29,680

want to know what happened

949

00:36:33,190 --> 00:36:32,240

he he remembered being with the strange

950

00:36:35,109 --> 00:36:33,200

men

951

00:36:37,270 --> 00:36:35,119

but he did not remember

952

00:36:38,710 --> 00:36:37,280

uh he was like doing things with them

953

00:36:40,870 --> 00:36:38,720

and of course in the stories because he

954

00:36:43,190 --> 00:36:40,880

was setting up their 19s and things like

955

00:36:46,470 --> 00:36:43,200

this it was kind of like a bowling game

956

00:36:49,030 --> 00:36:46,480

but he uh he was just with them for that

957

00:36:50,310 --> 00:36:49,040

period of time and when and then then he

958

00:36:51,829 --> 00:36:50,320

found himself

959

00:36:53,190 --> 00:36:51,839

waking up

960

00:36:55,349 --> 00:36:53,200

in a field

961

00:36:57,910 --> 00:36:55,359

and when he woke up in the field

962

00:36:59,670 --> 00:36:57,920

he found his rifle who that he had laid

963

00:37:01,589 --> 00:36:59,680

next to a tree now that the rip van

964

00:37:02,470 --> 00:37:01,599

winkle says he laid his rifle next to a

965

00:37:04,470 --> 00:37:02,480

tree

966

00:37:08,230 --> 00:37:04,480

and it was rusted well that's the

967

00:37:11,270 --> 00:37:08,240

american version of it that uh that

968

00:37:13,430 --> 00:37:11,280

irving modified the mattenville story

969

00:37:15,670 --> 00:37:13,440

says he just simply found his way back

970

00:37:18,950 --> 00:37:15,680

down to his village and everybody that

971

00:37:21,589 --> 00:37:18,960

he knew was gone except for a daughter

972

00:37:23,510 --> 00:37:21,599

and some other people and that he

973

00:37:25,910 --> 00:37:23,520

reached and they realized who it was and

974

00:37:26,790 --> 00:37:25,920

they said you've been gone 20 years

975

00:37:29,109 --> 00:37:26,800

you know

976

00:37:31,270 --> 00:37:29,119

the context of it wow

977

00:37:33,750 --> 00:37:31,280

i have to re-read this that sounds

978

00:37:36,630 --> 00:37:33,760

really interesting

979

00:37:39,109 --> 00:37:36,640

you should and and yeah i'd like to

980

00:37:41,990 --> 00:37:39,119

and if you if you look if you google it

981

00:37:44,790 --> 00:37:42,000

up online if you google it and to rick

982

00:37:48,630 --> 00:37:44,800

van winkle uh right up in wikipedia it

983

00:37:50,390 --> 00:37:48,640

will reference the uh jj jcc natangal

984

00:37:54,470 --> 00:37:50,400

story you should be able to find the

985

00:37:56,230 --> 00:37:54,480

text for that short story online as well

986

00:37:59,510 --> 00:37:56,240

you know we have we have time for maybe

987

00:38:02,470 --> 00:37:59,520

one more uh sighting and we plan to have

988

00:38:04,790 --> 00:38:02,480

you uh plan to have you back

989

00:38:07,510 --> 00:38:04,800

and uh maybe five or six weeks to

990

00:38:09,910 --> 00:38:07,520

continue this what what what is the

991

00:38:12,790 --> 00:38:09,920

first sighting that you know of over uh

992

00:38:14,710 --> 00:38:12,800

manhattan or new york city

993

00:38:16,870 --> 00:38:14,720

i don't i don't have a good number there

994

00:38:18,950 --> 00:38:16,880

i don't have a most recent one what's

995

00:38:20,710 --> 00:38:18,960

the most recent one

996

00:38:22,310 --> 00:38:20,720

i don't have one of those for you either

997

00:38:24,550 --> 00:38:22,320

because i haven't looked at the database

998

00:38:27,190 --> 00:38:24,560

this week but let me give you let me

999

00:38:31,589 --> 00:38:27,200

give you some stats okay

1000

00:38:32,390 --> 00:38:31,599

since 2000 to the end of 2014

1001

00:38:37,349 --> 00:38:32,400

uh

1002

00:38:42,310 --> 00:38:37,359

yeah to the end of 2014 we've had in

1003

00:38:44,470 --> 00:38:42,320

excess of 2 30 uh 3 500 sightings in new

1004

00:38:47,109 --> 00:38:44,480

york state since the year 2000 to end of

1005

00:38:49,109 --> 00:38:47,119

2014.

1006

00:38:50,790 --> 00:38:49,119

um they've been they've been they were

1007

00:38:53,349 --> 00:38:50,800

on a ramp they were

1008

00:38:55,109 --> 00:38:53,359

kind of leveled off at about 300

1009

00:38:57,349 --> 00:38:55,119

sightings a year right up until about

1010

00:39:01,510 --> 00:38:57,359

four or five years ago and it's been on

1011

00:39:06,470 --> 00:39:01,520

an upward ramp uh since about 2010

1012

00:39:09,589 --> 00:39:06,480

um and last year in 2014 we had 540 no

1013

00:39:11,109 --> 00:39:09,599

uh reported sightings

1014

00:39:13,030 --> 00:39:11,119

do you know do you know about the

1015

00:39:16,069 --> 00:39:13,040

sighting that took place where there

1016

00:39:18,069 --> 00:39:16,079

were 60 observers from the gulf and

1017

00:39:20,470 --> 00:39:18,079

western building from the restaurant up

1018

00:39:22,550 --> 00:39:20,480

there over central park this is a couple

1019

00:39:24,470 --> 00:39:22,560

of decades ago and

1020

00:39:26,470 --> 00:39:24,480

i remember there was some stuff online

1021

00:39:28,870 --> 00:39:26,480

about it and i heard about it and i

1022

00:39:31,109 --> 00:39:28,880

think it was investigated by mufon and i

1023

00:39:32,630 --> 00:39:31,119

can't find anything now it seems to have

1024

00:39:33,510 --> 00:39:32,640

vanished

1025

00:39:36,390 --> 00:39:33,520

um

1026

00:39:38,630 --> 00:39:36,400

i know i don't know that one uh one a

1027

00:39:42,550 --> 00:39:38,640

similar one that i do know of

1028

00:39:45,829 --> 00:39:42,560

was a black wobbling ufo that was

1029

00:39:47,349 --> 00:39:45,839

circling the upper floors of the empire

1030

00:39:50,950 --> 00:39:47,359

state building

1031

00:39:54,470 --> 00:39:50,960

and from several blocks away at the um

1032

00:39:57,190 --> 00:39:54,480

uh 57th street

1033

00:39:59,750 --> 00:39:57,200

east 57th street with cbs and like that

1034

00:40:01,430 --> 00:39:59,760

and a number of other news companies are

1035

00:40:02,230 --> 00:40:01,440

um

1036

00:40:04,150 --> 00:40:02,240

the

1037

00:40:06,230 --> 00:40:04,160

bureau chief for mutual news this is

1038

00:40:09,990 --> 00:40:06,240

like 1962

1039

00:40:12,150 --> 00:40:10,000

um and about 15 other news along with

1040

00:40:14,230 --> 00:40:12,160

the broadcast engineers that were up in

1041

00:40:15,990 --> 00:40:14,240

this upper storage of the building sat

1042

00:40:18,630 --> 00:40:16,000

there and watched this thing circling

1043

00:40:21,270 --> 00:40:18,640

the empire state building for about 15

1044

00:40:23,430 --> 00:40:21,280

minutes they called over to the

1045

00:40:25,430 --> 00:40:23,440

broadcast tower areas in the upper part

1046

00:40:27,829 --> 00:40:25,440

of the empire state building and told

1047

00:40:29,589 --> 00:40:27,839

the engineers can you see this thing

1048

00:40:31,430 --> 00:40:29,599

these people looked outside the window

1049

00:40:33,190 --> 00:40:31,440

but could not see it

1050

00:40:36,390 --> 00:40:33,200

but those people several blocks away

1051
00:40:38,390 --> 00:40:36,400
were at watching this wobbling us ufo

1052
00:40:40,630 --> 00:40:38,400
kind of wobbling like a top

1053
00:40:42,870 --> 00:40:40,640
wrote flying around the upper floors

1054
00:40:45,030 --> 00:40:42,880
before it streaked off

1055
00:40:47,430 --> 00:40:45,040
well you know back back in the early

1056
00:40:49,829 --> 00:40:47,440
1950s there was the

1057
00:40:52,710 --> 00:40:49,839
ground observer core i guess this would

1058
00:40:53,829 --> 00:40:52,720
even be before then you know and uh a

1059
00:40:55,109 --> 00:40:53,839
fellow that i knew by the name of

1060
00:40:56,230 --> 00:40:55,119
augustine

1061
00:40:58,470 --> 00:40:56,240
roberts

1062
00:41:00,069 --> 00:40:58,480
uh actually took a photograph of a ufo

1063
00:41:01,829 --> 00:41:00,079

hovering in the sky

1064

00:41:03,829 --> 00:41:01,839

uh pretty close to the empire state

1065

00:41:05,670 --> 00:41:03,839

building he was i think in jersey city

1066

00:41:08,630 --> 00:41:05,680

at the uh at the time and that's a

1067

00:41:10,230 --> 00:41:08,640

pretty famous uh photograph uh anyway

1068

00:41:15,589 --> 00:41:10,240

time marches

1069

00:41:16,630 --> 00:41:15,599

and uh why don't you give up tell the

1070

00:41:19,270 --> 00:41:16,640

listeners

1071

00:41:21,190 --> 00:41:19,280

uh where they can find you online and

1072

00:41:23,510 --> 00:41:21,200

we'll make arrangements to have you you

1073

00:41:26,870 --> 00:41:23,520

back on soon because we've just covered

1074

00:41:29,430 --> 00:41:26,880

the uh the scratch the surface uh of

1075

00:41:31,670 --> 00:41:29,440

this and there's many more ufos to go

1076

00:41:34,069 --> 00:41:31,680

and there's some really interesting

1077

00:41:37,030 --> 00:41:34,079

sightings here i mean you people think

1078

00:41:39,030 --> 00:41:37,040

of new york as you know metropolitan and

1079

00:41:41,109 --> 00:41:39,040

people wouldn't see metropolitan area

1080

00:41:42,710 --> 00:41:41,119

and people wouldn't see ufos because

1081

00:41:45,270 --> 00:41:42,720

people only see them in the swamp or

1082

00:41:48,470 --> 00:41:45,280

they see them in cow pastures well that

1083

00:41:51,270 --> 00:41:48,480

isn't the case in fact um a month or so

1084

00:41:53,990 --> 00:41:51,280

ago we had mark brinkerhoff on

1085

00:41:56,390 --> 00:41:54,000

uh the outer edge which is a show i was

1086

00:41:57,750 --> 00:41:56,400

coasting uh co-hosting at the time

1087

00:42:00,309 --> 00:41:57,760

and um

1088

00:42:02,790 --> 00:42:00,319

he told us some very remarkable things

1089

00:42:04,630 --> 00:42:02,800

sightings and all the uh that you know

1090

00:42:06,630 --> 00:42:04,640

took place in his life and he's actually

1091

00:42:10,069 --> 00:42:06,640

seen and photographed them outside of

1092

00:42:12,390 --> 00:42:10,079

his uh apartment building in

1093

00:42:14,230 --> 00:42:12,400

new york city uh here and uh in fact he

1094

00:42:16,950 --> 00:42:14,240

will be the subject of a chapter in a

1095

00:42:18,950 --> 00:42:16,960

book that i'm uh just completed that

1096

00:42:22,309 --> 00:42:18,960

should be out in a uh in a couple of

1097

00:42:24,710 --> 00:42:22,319

weeks it's called the ufo repeaters the

1098

00:42:27,750 --> 00:42:24,720

camera doesn't lie about people who seem

1099

00:42:29,990 --> 00:42:27,760

to have the ability to draw ufos to them

1100

00:42:32,309 --> 00:42:30,000

and go out with a camera and take some

1101

00:42:34,790 --> 00:42:32,319

very incredible photographs anyway

1102

00:42:36,550 --> 00:42:34,800

cheryl why don't you tell us

1103

00:42:39,670 --> 00:42:36,560

tell the listeners where they can follow

1104

00:42:42,470 --> 00:42:39,680

your activities and read your

1105

say and just a very short while to

1107

00:42:48,150 --> 00:42:46,720

continue this very fascinating

1108

00:42:50,470 --> 00:42:48,160

discussion

1109

00:42:54,589 --> 00:42:50,480

we'd love to talk to you again okay

1110

00:42:57,589 --> 00:42:54,599

we're at the syracuse new times dot com

1111

00:42:59,190 --> 00:42:57,599

syracuse newtimes.com

1112

00:43:01,030 --> 00:42:59,200

when you get on the site there's a

1113

00:43:03,990 --> 00:43:01,040

control bar at the top you go over to

1114

00:43:06,470 --> 00:43:04,000

where it says blogs and hover your mouse

1115

00:43:09,190 --> 00:43:06,480

and then the first blog on the drop down

1116

00:43:10,710 --> 00:43:09,200

window will be one called new york skies

1117

00:43:12,950 --> 00:43:10,720

and i think they have a parenthesis

1118

00:43:13,750 --> 00:43:12,960

there it says ufo column you click on

1119

00:43:15,910 --> 00:43:13,760

that

1120

00:43:17,750 --> 00:43:15,920

the current article is the first article

1121

00:43:20,309 --> 00:43:17,760

that you see there's a one up there

1122

00:43:22,710 --> 00:43:20,319

right now and then the next uh there's

1123

00:43:24,550 --> 00:43:22,720

typically eight to ten more articles

1124

00:43:27,270 --> 00:43:24,560

from like the last eight to ten weeks

1125

00:43:29,829 --> 00:43:27,280

are also there to keep an archive about

1126
00:43:32,630 --> 00:43:29,839
8 to 10 articles at any one time so you

1127
00:43:34,470 --> 00:43:32,640
can read it at syracusenewtimes.com

1128
00:43:36,470 --> 00:43:34,480
the interesting thing about this column

1129
00:43:39,270 --> 00:43:36,480
the editor wrote an editorial here

1130
00:43:41,430 --> 00:43:39,280
recently on us and basically said that

1131
00:43:43,109 --> 00:43:41,440
it's the best read column at the paper

1132
00:43:45,109 --> 00:43:43,119
that's not in print

1133
00:43:47,190 --> 00:43:45,119
and that we have international

1134
00:43:49,589 --> 00:43:47,200
readership which is really fun for a

1135
00:43:51,910 --> 00:43:49,599
small weekly paper in upstate new york

1136
00:43:53,829 --> 00:43:51,920
to have international readership well

1137
00:43:54,550 --> 00:43:53,839
you you deserve it you've got a lot of

1138
00:43:56,710 --> 00:43:54,560

uh

1139

00:43:59,750 --> 00:43:56,720

great material here and you've done your

1140

00:44:01,430 --> 00:43:59,760

uh homework and uh we'll be talking to

1141

00:44:03,670 --> 00:44:01,440

history channel in pennsylvania state

1162

00:45:13,910 --> 00:45:10,880

director of mufon

1163

00:45:15,270 --> 00:45:13,920

and now on with the show

1164

00:45:17,109 --> 00:45:15,280

ted phillips

1165

00:45:18,950 --> 00:45:17,119

we haven't heard from you in about a

1166

00:45:19,990 --> 00:45:18,960

year you've been

1167

00:45:23,990 --> 00:45:20,000

hiding

1168

00:45:26,230 --> 00:45:24,000

from the public now ted and i'm sure a

1169

00:45:29,829 --> 00:45:26,240

lot of you know his history began

1170

00:45:32,790 --> 00:45:29,839

researching ufos he tells us 52 years

1171

00:45:34,470 --> 00:45:32,800

ago he worked closely with dr j holland

1172

00:45:38,630 --> 00:45:34,480

heineck

1173

00:45:40,230 --> 00:45:38,640

from 1968 until his death 18 years

1174

00:45:43,589 --> 00:45:40,240

later

1175

00:45:47,430 --> 00:45:43,599

ted is a specialist in ufo landing cases

1176

00:45:49,990 --> 00:45:47,440

involving physical traces currently his

1177

00:45:52,750 --> 00:45:50,000

files contain over five thousand

1178

00:45:54,390 --> 00:45:52,760

physical evidence cases from

1179

00:45:57,430 --> 00:45:54,400

99

1180

00:45:58,309 --> 00:45:57,440

countries now that's a fascinating

1181

00:46:01,270 --> 00:45:58,319

amount

1182

00:46:04,150 --> 00:46:01,280

uh philip says he has investigated 600

1183

00:46:07,349 --> 00:46:04,160

general cases from missouri plus uh

1184

00:46:09,910 --> 00:46:07,359

almost 1100 events in the marley woods

1185

00:46:12,309 --> 00:46:09,920

where ufos have appeared on many

1186

00:46:16,390 --> 00:46:12,319

different occasions indicating that is

1187

00:46:18,230 --> 00:46:16,400

an ongoing ufo window area

1188

00:46:21,030 --> 00:46:18,240

uh his background he's been on all the

1189

00:46:24,550 --> 00:46:21,040

tv shows all the talk shows he's a

1190

00:46:27,589 --> 00:46:24,560

fascinating individual and i always

1191

00:46:30,630 --> 00:46:27,599

enjoy our conversation in fact there is

1192

00:46:33,510 --> 00:46:30,640

a video uh interview that i did with ted

1193

00:46:34,390 --> 00:46:33,520

a couple of years ago that's up on

1194

00:46:37,030 --> 00:46:34,400

uh

1195

00:46:39,829 --> 00:46:37,040

youtube he also has worked in addition

1196

00:46:42,309 --> 00:46:39,839

to working with dr jay anand heineck uh

1197

00:46:45,190 --> 00:46:42,319

astronaut gordon cooper former

1198

00:46:47,589 --> 00:46:45,200

astronomer jacques valet

1199

00:46:49,589 --> 00:46:47,599

and ted let's take it right from the

1200

00:46:52,630 --> 00:46:49,599

beginning the first case that i believe

1201
00:46:56,069 --> 00:46:52,640
that you showed up and investigated was

1202
00:46:58,630 --> 00:46:56,079
down in socorro new mexico where police

1203
00:47:01,589 --> 00:46:58,640
officer lani zamora actually claimed

1204
00:47:03,589 --> 00:47:01,599
that he had seen a ufo land

1205
00:47:06,309 --> 00:47:03,599
out in the rural area

1206
00:47:09,109 --> 00:47:06,319
and it left some markings and indentions

1207
00:47:13,510 --> 00:47:09,119
on the ground and i believe he even saw

1208
00:47:14,630 --> 00:47:13,520
several humanoid beings take us back to

1209
00:47:17,829 --> 00:47:14,640
that year

1210
00:47:19,510 --> 00:47:17,839
what year was that ted take us back and

1211
00:47:21,750 --> 00:47:19,520
describe the incident and how you got

1212
00:47:23,190 --> 00:47:21,760
involved in all of this because you

1213
00:47:25,109 --> 00:47:23,200

stuck with this

1214

00:47:26,870 --> 00:47:25,119

longer than most

1215

00:47:29,589 --> 00:47:26,880

individuals have and you've had a

1216

00:47:31,829 --> 00:47:29,599

fascinating career and done probably

1217

00:47:33,990 --> 00:47:31,839

more investigative work than anyone that

1218

00:47:35,430 --> 00:47:34,000

i know personally

1219

00:47:38,230 --> 00:47:35,440

well the

1220

00:47:42,150 --> 00:47:38,240

yeah sapporo new mexico is an

1221

00:47:47,589 --> 00:47:42,160

extraordinary case and that was

1222

00:47:53,670 --> 00:47:49,589

pearl new mexico

1223

00:47:55,750 --> 00:47:53,680

and lonnie zamora a very impressive

1224

00:47:58,470 --> 00:47:55,760

witness a very

1225

00:48:00,069 --> 00:47:58,480

low-key guy

1226

00:48:02,630 --> 00:48:00,079

didn't embellish

1227

00:48:05,190 --> 00:48:02,640

anything at all about the cases

1228

00:48:07,109 --> 00:48:05,200

you had actually the drag

1229

00:48:10,470 --> 00:48:07,119

information out of him

1230

00:48:11,510 --> 00:48:10,480

he was a rather shy

1231

00:48:12,950 --> 00:48:11,520

guy

1232

00:48:15,270 --> 00:48:12,960

and

1233

00:48:20,069 --> 00:48:15,280

the cool thing was

1234

00:48:26,069 --> 00:48:23,109

because it it was a landing page it was

1235

00:48:27,430 --> 00:48:26,079

daylight a good good witness multiple

1236

00:48:28,710 --> 00:48:27,440

witnesses

1237

00:48:30,950 --> 00:48:28,720

and uh

1238

00:48:33,349 --> 00:48:30,960

physical evidence which

1239

00:48:37,030 --> 00:48:33,359

uh i would get into

1240

00:48:39,190 --> 00:48:37,040

about four years later with alan heineck

1241

00:48:41,270 --> 00:48:39,200

and

1242

00:48:43,670 --> 00:48:41,280

at the time

1243

00:48:46,710 --> 00:48:43,680

when i was there which was a couple of

1244

00:48:48,870 --> 00:48:46,720

days after the event

1245

00:48:50,309 --> 00:48:48,880

the physical evidence was still quite

1246

00:48:51,190 --> 00:48:50,319

visible and

1247

00:48:52,230 --> 00:48:51,200

uh

1248

00:48:54,309 --> 00:48:52,240

as

1249

00:48:57,190 --> 00:48:54,319

it would work out

1250

00:48:58,950 --> 00:48:57,200

jay allen was there

1251

00:49:01,829 --> 00:48:58,960

ray stanford

1252

00:49:05,270 --> 00:49:01,839

the lorenzens

1253

00:49:07,030 --> 00:49:05,280

people that i would work with uh

1254

00:49:09,430 --> 00:49:07,040

later in life

1255

00:49:11,030 --> 00:49:09,440

well ted how how what drew you to the

1256

00:49:13,109 --> 00:49:11,040

area though i mean where you were what

1257

00:49:14,150 --> 00:49:13,119

about 21 years old at the time 20 years

1258

00:49:17,670 --> 00:49:14,160

old

1259

00:49:20,309 --> 00:49:17,680

uh what would i have been about 23.

1260

00:49:22,790 --> 00:49:20,319

yes okay oh 22.

1261

00:49:23,829 --> 00:49:22,800

yeah okay well what what drew you to the

1262

00:49:26,549 --> 00:49:23,839

area

1263

00:49:28,630 --> 00:49:26,559

what got you interested in say ufos that

1264

00:49:30,309 --> 00:49:28,640

you wanted did you live in missouri at

1265

00:49:32,309 --> 00:49:30,319

the time and make a long trip down there

1266

00:49:33,270 --> 00:49:32,319

or yes yeah

1267

00:49:35,589 --> 00:49:33,280

yeah

1268

00:49:36,630 --> 00:49:35,599

uh actually i had been

1269

00:49:54,069 --> 00:49:36,640

i

1270

00:49:55,670 --> 00:49:54,079

my

1271

00:49:58,390 --> 00:49:55,680

father

1272

00:50:00,470 --> 00:49:58,400

worked at a radio station in

1273

00:50:02,230 --> 00:50:00,480

sedalia missouri which

1274

00:50:04,470 --> 00:50:02,240

my hometown

1275

00:50:06,870 --> 00:50:04,480

and

1276
00:50:09,510 --> 00:50:06,880
he of course knew that i was quite

1277
00:50:11,990 --> 00:50:09,520
interested in the subject and he took me

1278
00:50:14,069 --> 00:50:12,000
out of the radio station and introduced

1279
00:50:16,549 --> 00:50:14,079
me to

1280
00:50:17,910 --> 00:50:16,559
one of the engineers at the radio

1281
00:50:19,510 --> 00:50:17,920
station and

1282
00:50:23,349 --> 00:50:19,520
bob younger

1283
00:50:24,390 --> 00:50:23,359
and bob was a pilot in world war ii he

1284
00:50:27,190 --> 00:50:24,400
flew

1285
00:50:29,270 --> 00:50:27,200
knight intruder bombers

1286
00:50:31,750 --> 00:50:29,280
and uh on

1287
00:50:32,710 --> 00:50:31,760
one evening they were flying

1288
00:50:35,670 --> 00:50:32,720

uh

1289

00:50:38,549 --> 00:50:35,680

over the wars on one of the war zones

1290

00:50:40,950 --> 00:50:38,559

and a an entire

1291

00:50:42,630 --> 00:50:40,960

complement of

1292

00:50:44,150 --> 00:50:42,640

the intruders

1293

00:50:45,030 --> 00:50:44,160

and

1294

00:50:47,829 --> 00:50:45,040

they

1295

00:50:49,430 --> 00:50:47,839

all of the pilots all the crews

1296

00:50:51,349 --> 00:50:49,440

witnessed a

1297

00:50:53,510 --> 00:50:51,359

small

1298

00:50:55,109 --> 00:50:53,520

brilliant circular

1299

00:50:56,069 --> 00:50:55,119

light

1300

00:50:57,750 --> 00:50:56,079

and

1301
00:50:59,910 --> 00:50:57,760
it was coming

1302
00:51:03,270 --> 00:50:59,920
from the right side

1303
00:51:04,390 --> 00:51:03,280
and it passed very close overhead and as

1304
00:51:07,190 --> 00:51:04,400
it went

1305
00:51:12,309 --> 00:51:07,200
over the wing of bombers

1306
00:51:15,270 --> 00:51:12,319
they all reported a sort of turbulence

1307
00:51:16,790 --> 00:51:15,280
kind of a backwards off of this thing

1308
00:51:19,430 --> 00:51:16,800
it

1309
00:51:21,349 --> 00:51:19,440
passed on to the left

1310
00:51:24,230 --> 00:51:21,359
and suddenly

1311
00:51:27,349 --> 00:51:24,240
instantly reversed direction

1312
00:51:28,230 --> 00:51:27,359
and came back under the bombers

1313
00:51:29,670 --> 00:51:28,240

and

1314

00:51:31,990 --> 00:51:29,680

had the same

1315

00:51:33,270 --> 00:51:32,000

air turbulent effect

1316

00:51:34,230 --> 00:51:33,280

and

1317

00:51:37,349 --> 00:51:34,240

so

1318

00:51:40,630 --> 00:51:37,359

that really swung me over i mean i was i

1319

00:51:44,309 --> 00:51:40,640

was sold on the whole business then

1320

00:51:47,349 --> 00:51:44,319

and the cool thing was that bob

1321

00:51:48,950 --> 00:51:47,359

over the years following that

1322

00:51:50,390 --> 00:51:48,960

uh

1323

00:51:53,470 --> 00:51:50,400

contacted

1324

00:51:55,750 --> 00:51:53,480

and pulled together the names

1325

00:52:00,309 --> 00:51:55,760

locations et cetera

1326

00:52:02,230 --> 00:52:00,319

of all the uh bomber pilots and the

1327

00:52:05,030 --> 00:52:02,240

proof crewman

1328

00:52:06,470 --> 00:52:05,040

and sent me that uh he had moved to

1329

00:52:07,990 --> 00:52:06,480

florida

1330

00:52:10,950 --> 00:52:08,000

and um

1331

00:52:13,349 --> 00:52:10,960

all those years later he uh

1332

00:52:14,630 --> 00:52:13,359

heard me on a radio show

1333

00:52:17,510 --> 00:52:14,640

somewhere

1334

00:52:19,670 --> 00:52:17,520

and uh tracked me down and sent all that

1335

00:52:21,990 --> 00:52:19,680

information to me and

1336

00:52:23,270 --> 00:52:22,000

so that really kicked it off for me and

1337

00:52:25,910 --> 00:52:23,280

i

1338

00:52:28,069 --> 00:52:25,920

pursued the subject uh

1339

00:52:29,670 --> 00:52:28,079

when i would hear about a case no matter

1340

00:52:32,549 --> 00:52:29,680

what kind of

1341

00:52:34,549 --> 00:52:32,559

sighting it was i would

1342

00:52:36,230 --> 00:52:34,559

talk with the witnesses

1343

00:52:43,510 --> 00:52:36,240

and

1344

00:52:47,109 --> 00:52:43,520

so when squirrel came along it was such

1345

00:52:49,670 --> 00:52:47,119

a an extraordinarily interesting case

1346

00:52:51,190 --> 00:52:49,680

with so many

1347

00:52:52,870 --> 00:52:51,200

directions

1348

00:52:55,670 --> 00:52:52,880

it was going with

1349

00:52:57,829 --> 00:52:55,680

that i wanted to go down and see this

1350

00:52:59,190 --> 00:52:57,839

for myself on my own

1351
00:53:02,309 --> 00:52:59,200
and

1352
00:53:04,710 --> 00:53:02,319
then four years later

1353
00:53:07,030 --> 00:53:04,720
dr heineck and i got together

1354
00:53:08,710 --> 00:53:07,040
investigating a case

1355
00:53:11,750 --> 00:53:08,720
involving

1356
00:53:15,030 --> 00:53:11,760
three witnesses excellent witnesses

1357
00:53:17,510 --> 00:53:15,040
who had very close range in daylight saw

1358
00:53:21,109 --> 00:53:17,520
and photographed an object

1359
00:53:22,390 --> 00:53:21,119
coming off the ground 300 feet from them

1360
00:53:26,309 --> 00:53:22,400
got

1361
00:53:29,109 --> 00:53:26,319
one super clear photo of the object

1362
00:53:30,790 --> 00:53:29,119
as it was ascending a lot of structural

1363
00:53:33,750 --> 00:53:30,800

detail on it

1364

00:53:35,829 --> 00:53:33,760

and a second photo as it was picking up

1365

00:53:37,510 --> 00:53:35,839

speed pretty blurred

1366

00:53:40,790 --> 00:53:37,520

and there

1367

00:53:42,710 --> 00:53:40,800

was physical evidence in that

1368

00:53:43,990 --> 00:53:42,720

when they returned to their they were

1369

00:53:46,069 --> 00:53:44,000

deer hunting

1370

00:53:47,349 --> 00:53:46,079

in roaring river state park here in

1371

00:53:50,069 --> 00:53:47,359

missouri

1372

00:53:51,829 --> 00:53:50,079

and when they returned to their uh

1373

00:53:53,990 --> 00:53:51,839

their campsite

1374

00:53:59,270 --> 00:53:54,000

they found the uh

1375

00:54:00,230 --> 00:53:59,280

this large tent completely uh burned up

1376

00:54:03,270 --> 00:54:00,240

and

1377

00:54:06,790 --> 00:54:03,280

just the aluminum

1378

00:54:10,470 --> 00:54:06,800

supports around the tent standing

1379

00:54:13,589 --> 00:54:10,480

and they lost about six hundred dollars

1380

00:54:14,950 --> 00:54:13,599

worth of uh camping equipment and other

1381

00:54:16,950 --> 00:54:14,960

equipment

1382

00:54:20,630 --> 00:54:16,960

uh and

1383

00:54:22,390 --> 00:54:20,640

where the object was taking off uh 300

1384

00:54:25,670 --> 00:54:22,400

feet away

1385

00:54:29,510 --> 00:54:25,680

they as it was ascending

1386

00:54:33,190 --> 00:54:29,520

uh the top of a 15 foot high tree

1387

00:54:35,589 --> 00:54:33,200

between the witnesses and the object was

1388

00:54:39,349 --> 00:54:35,599

on fire the top uh

1389

00:54:41,430 --> 00:54:39,359

foot or two of this tree was burning

1390

00:54:43,270 --> 00:54:41,440

and it was in line with

1391

00:54:44,789 --> 00:54:43,280

uh the point where the object had been

1392

00:54:46,710 --> 00:54:44,799

on the ground

1393

00:54:48,870 --> 00:54:46,720

and uh our

1394

00:54:51,109 --> 00:54:48,880

consideration after talking to the

1395

00:54:52,630 --> 00:54:51,119

witness and and getting the negatives

1396

00:54:54,470 --> 00:54:52,640

and so on

1397

00:54:57,750 --> 00:54:54,480

was that

1398

00:55:02,069 --> 00:54:59,750

popped out with a

1399

00:55:03,750 --> 00:55:02,079

sort of laser-like

1400

00:55:06,710 --> 00:55:03,760

beam

1401
00:55:09,270 --> 00:55:06,720
with very extreme heat caught the top of

1402
00:55:11,430 --> 00:55:09,280
the tree on fire and then

1403
00:55:14,710 --> 00:55:11,440
totally burned up the

1404
00:55:16,230 --> 00:55:14,720
it actually melted a lot of the aluminum

1405
00:55:17,990 --> 00:55:16,240
cuts

1406
00:55:26,870 --> 00:55:18,000
and

1407
00:55:31,270 --> 00:55:26,880
now that was about you say about four

1408
00:55:32,710 --> 00:55:31,280
years after socorro yeah it was in 1968

1409
00:55:35,750 --> 00:55:32,720
and uh

1410
00:55:37,910 --> 00:55:35,760
i turned over some of the cases that i

1411
00:55:41,270 --> 00:55:37,920
had been investigating

1412
00:55:43,910 --> 00:55:41,280
to alan and a couple of weeks later he

1413
00:55:47,109 --> 00:55:43,920

called me from northwestern

1414

00:55:49,829 --> 00:55:47,119

university and asked the wife and i had

1415

00:55:53,589 --> 00:55:49,839

come up for a couple of days

1416

00:55:55,750 --> 00:55:53,599

and uh valet was there and fred beckman

1417

00:55:57,190 --> 00:55:55,760

and bill powers

1418

00:56:00,069 --> 00:55:57,200

and uh

1419

00:56:03,270 --> 00:56:00,079

after a couple days of visiting and

1420

00:56:06,549 --> 00:56:03,280

talking a lot alan asked me to join

1421

00:56:08,470 --> 00:56:06,559

what he called the invisible college

1422

00:56:11,190 --> 00:56:08,480

and

1423

00:56:12,549 --> 00:56:11,200

then later suggested

1424

00:56:15,349 --> 00:56:12,559

that i

1425

00:56:18,870 --> 00:56:15,359

might specialize in physical evidence

1426

00:56:20,630 --> 00:56:18,880

cases and uh in landing events and you

1427

00:56:24,390 --> 00:56:20,640

were hooked

1428

00:56:26,789 --> 00:56:24,400

absolutely absolutely now you you you've

1429

00:56:28,870 --> 00:56:26,799

had thousands of cases uh that you've

1430

00:56:31,829 --> 00:56:28,880

dug up soil do you have samples of these

1431

00:56:34,630 --> 00:56:31,839

soils all over your house

1432

00:56:37,430 --> 00:56:34,640

well i don't really have a lot of those

1433

00:56:39,270 --> 00:56:37,440

left we've used the things up trying to

1434

00:56:40,150 --> 00:56:39,280

get them analyzed

1435

00:56:43,109 --> 00:56:40,160

and

1436

00:56:44,549 --> 00:56:43,119

the rest of any any residue that was

1437

00:56:49,349 --> 00:56:44,559

left

1438

00:56:51,990 --> 00:56:50,549

what did you come up with when you

1439

00:56:55,030 --> 00:56:52,000

analyzed it

1440

00:56:57,829 --> 00:56:55,040

well various things unfortunately we

1441

00:56:59,589 --> 00:56:57,839

could never get

1442

00:57:02,630 --> 00:56:59,599

funding

1443

00:57:06,309 --> 00:57:02,640

to be able to pay for the very

1444

00:57:07,750 --> 00:57:06,319

sophisticated uh analysis that was

1445

00:57:10,549 --> 00:57:07,760

required

1446

00:57:13,510 --> 00:57:10,559

and of course we tried to go through

1447

00:57:14,309 --> 00:57:13,520

nasa they would have no part of it

1448

00:57:16,470 --> 00:57:14,319

and

1449

00:57:17,589 --> 00:57:16,480

i suspect they probably had plenty of

1450

00:57:19,190 --> 00:57:17,599

their own

1451

00:57:20,950 --> 00:57:19,200

what what was what was the physical

1452

00:57:22,710 --> 00:57:20,960

evidence besides the soil what was the

1453

00:57:24,069 --> 00:57:22,720

physical evidence that you that why you

1454

00:57:25,270 --> 00:57:24,079

were there

1455

00:57:27,990 --> 00:57:25,280

um

1456

00:57:31,349 --> 00:57:28,000

well of course it varies with by the

1457

00:57:35,829 --> 00:57:33,109

and uh

1458

00:57:38,829 --> 00:57:35,839

i've found it tremendously interesting

1459

00:57:42,309 --> 00:57:38,839

when i was getting up into thousands of

1460

00:57:45,430 --> 00:57:42,319

cases looking statistically

1461

00:57:48,390 --> 00:57:45,440

at the types of objects and the kind of

1462

00:57:50,470 --> 00:57:48,400

effects you'd find

1463

00:57:53,109 --> 00:57:50,480

at the landing site

1464

00:57:55,030 --> 00:57:53,119

i actually

1465

00:57:57,109 --> 00:57:55,040

before i would know anything at all

1466

00:58:00,950 --> 00:57:57,119

about what kind of evidence was left

1467

00:58:02,150 --> 00:58:00,960

behind or generated by the device

1468

00:58:04,950 --> 00:58:02,160

um

1469

00:58:06,150 --> 00:58:04,960

just based on the description of the

1470

00:58:10,069 --> 00:58:06,160

object

1471

00:58:13,910 --> 00:58:10,079

uh i had a really good idea of uh

1472

00:58:17,829 --> 00:58:15,990

they were that repeatable

1473

00:58:21,670 --> 00:58:17,839

and uh

1474

00:58:23,589 --> 00:58:21,680

for example in 1973

1475

00:58:24,710 --> 00:58:23,599

which was the top

1476

00:58:29,430 --> 00:58:24,720

year

1477

00:58:33,829 --> 00:58:29,440

ever for landing cases with traces

1478

00:58:37,990 --> 00:58:33,839

we were getting on the average in 1973

1479

00:58:40,870 --> 00:58:38,000

a landing multiple witnesses close range

1480

00:58:44,230 --> 00:58:40,880

and good physical evidence

1481

00:58:46,309 --> 00:58:44,240

on the order of one landing every 36

1482

00:58:47,670 --> 00:58:46,319

hours what do you call good physical

1483

00:58:52,390 --> 00:58:47,680

evidence

1484

00:58:54,390 --> 00:58:52,400

can't explain

1485

00:58:56,710 --> 00:58:54,400

is it is it is it physical evidence or

1486

00:58:59,910 --> 00:58:56,720

is it something you can't explain

1487

00:59:02,870 --> 00:58:59,920

well it's it is physical evidence

1488

00:59:04,549 --> 00:59:02,880

and you can uh you can go and like it

1489

00:59:07,190 --> 00:59:04,559

socorro and there have been many many

1490

00:59:09,510 --> 00:59:07,200

cases where

1491

00:59:11,030 --> 00:59:09,520

the objects would either land on a

1492

00:59:12,390 --> 00:59:11,040

tripod

1493

00:59:13,270 --> 00:59:12,400

landing gear

1494

00:59:14,870 --> 00:59:13,280

or

1495

00:59:15,750 --> 00:59:14,880

as in squirrel

1496

00:59:16,829 --> 00:59:15,760

a

1497

00:59:19,349 --> 00:59:16,839

four

1498

00:59:20,549 --> 00:59:19,359

legged device

1499

00:59:23,190 --> 00:59:20,559

and

1500

00:59:26,230 --> 00:59:23,200

you would find

1501

00:59:30,829 --> 00:59:26,240

indentations in the ground

1502

00:59:37,750 --> 00:59:34,870

compression analysis on those

1503

00:59:39,190 --> 00:59:37,760

to determine the weight of the object

1504

00:59:44,950 --> 00:59:39,200

and

1505

00:59:49,430 --> 00:59:44,960

depending again on the type

1506

00:59:51,430 --> 00:59:49,440

from about 8 tons to 14 tons

1507

00:59:53,990 --> 00:59:51,440

so we're not talking about ghosts and

1508

00:59:57,589 --> 00:59:54,000

goblins we're talking about something

1509

00:59:58,829 --> 00:59:57,599

physical with a lot of mass

1510

01:00:01,030 --> 00:59:58,839

and

1511

01:00:05,190 --> 01:00:01,040

the structure

1512

01:00:06,950 --> 01:00:05,200

uh indicated by the indian patients

1513

01:00:09,589 --> 01:00:06,960

it was clear that

1514

01:00:10,549 --> 01:00:09,599

these foot pads

1515

01:00:14,549 --> 01:00:10,559

were

1516

01:00:16,710 --> 01:00:14,559

construction constructed in nature

1517

01:00:18,549 --> 01:00:16,720

because again you would have

1518

01:00:19,910 --> 01:00:18,559

the typical

1519

01:00:22,470 --> 01:00:19,920

four-legged

1520

01:00:24,549 --> 01:00:22,480

foot pad

1521

01:00:27,349 --> 01:00:24,559

would give you an indentation about

1522

01:00:31,910 --> 01:00:27,359

eight by ten inches

1523

01:00:34,630 --> 01:00:31,920

with a sort of uh wedging in at the base

1524

01:00:38,150 --> 01:00:34,640

uh in other words it wasn't just a piece

1525

01:00:41,109 --> 01:00:38,160

of pipe shoved in the ground it was and

1526
01:00:42,789 --> 01:00:41,119
bill powers did um

1527
01:00:45,349 --> 01:00:42,799
some

1528
01:00:48,150 --> 01:00:45,359
research into the

1529
01:00:51,109 --> 01:00:48,160
distribution of the pads the angular

1530
01:00:53,270 --> 01:00:51,119
configurations of the indentations

1531
01:00:55,829 --> 01:00:53,280
and so on and

1532
01:00:58,309 --> 01:00:55,839
actually was able to determine

1533
01:01:01,270 --> 01:00:58,319
that it was a rather sophisticated

1534
01:01:04,789 --> 01:01:01,280
landing setup in that

1535
01:01:07,270 --> 01:01:04,799
the disposition of the four pads

1536
01:01:10,069 --> 01:01:07,280
relative to each other

1537
01:01:12,309 --> 01:01:10,079
was such that it would maintain the

1538
01:01:16,630 --> 01:01:12,319

object you know i did want to get back

1539

01:01:19,270 --> 01:01:16,640

to uh socorro for just a few uh moments

1540

01:01:20,870 --> 01:01:19,280

um how how long did you have the

1541

01:01:23,589 --> 01:01:20,880

opportunity to speak with the lani

1542

01:01:26,470 --> 01:01:23,599

zamora the police officer there well at

1543

01:01:28,950 --> 01:01:26,480

uh on the first occasion i was fortunate

1544

01:01:33,990 --> 01:01:28,960

enough to uh to get to visit with him

1545

01:01:35,349 --> 01:01:34,000

three times over uh quite a long period

1546

01:01:37,030 --> 01:01:35,359

of years

1547

01:01:39,349 --> 01:01:37,040

and uh

1548

01:01:40,390 --> 01:01:39,359

on the first occasion

1549

01:01:43,270 --> 01:01:40,400

uh

1550

01:01:46,950 --> 01:01:43,280

we talked his best i can remember

1551

01:01:48,630 --> 01:01:46,960

probably 30 minutes and uh

1552

01:01:51,349 --> 01:01:48,640

as i said

1553

01:01:52,549 --> 01:01:51,359

you really had to drag information out

1554

01:01:56,150 --> 01:01:52,559

of him he

1555

01:02:00,710 --> 01:01:56,160

was uncomfortable talking about it

1556

01:02:01,750 --> 01:02:00,720

and again was a rather shy individual

1557

01:02:11,910 --> 01:02:01,760

and

1558

01:02:13,589 --> 01:02:11,920

i remember alan was so impressed with

1559

01:02:16,470 --> 01:02:13,599

zamora

1560

01:02:18,069 --> 01:02:16,480

that it uh really kind of nudged him

1561

01:02:21,349 --> 01:02:18,079

over into

1562

01:02:24,630 --> 01:02:21,359

believing this stuff was real

1563

01:02:26,230 --> 01:02:24,640

he was pretty skeptical for a long while

1564

01:02:27,670 --> 01:02:26,240

one of the controversial things about

1565

01:02:31,190 --> 01:02:27,680

that case of course

1566

01:02:32,309 --> 01:02:31,200

was zamora's uh claim that he had

1567

01:02:33,510 --> 01:02:32,319

actually

1568

01:02:34,390 --> 01:02:33,520

uh

1569

01:02:36,470 --> 01:02:34,400

seen

1570

01:02:38,870 --> 01:02:36,480

uh several uh occupants i believe two

1571

01:02:41,029 --> 01:02:38,880

occupants outside of the craft can you

1572

01:02:42,789 --> 01:02:41,039

tell us what he told you about that

1573

01:02:45,109 --> 01:02:42,799

because i think that's a little known

1574

01:02:48,069 --> 01:02:45,119

aspect of the subject and also how about

1575

01:02:48,950 --> 01:02:48,079

the strange markings on the hull of the

1576

01:02:53,349 --> 01:02:48,960

ship

1577

01:02:59,270 --> 01:02:56,549

what he described to me and

1578

01:03:00,549 --> 01:02:59,280

later alan and i talked about that case

1579

01:03:02,630 --> 01:03:00,559

a lot

1580

01:03:04,309 --> 01:03:02,640

was two small

1581

01:03:05,910 --> 01:03:04,319

uh

1582

01:03:07,750 --> 01:03:05,920

humanoids

1583

01:03:10,150 --> 01:03:07,760

and they were uh

1584

01:03:13,349 --> 01:03:10,160

based on they were standing

1585

01:03:15,270 --> 01:03:13,359

near a uh a tall bush

1586

01:03:17,589 --> 01:03:15,280

relatively tall bush

1587

01:03:19,589 --> 01:03:17,599

and later

1588

01:03:21,109 --> 01:03:19,599

based on the

1589

01:03:23,589 --> 01:03:21,119

their height

1590

01:03:24,870 --> 01:03:23,599

in relation to the bush it determined

1591

01:03:29,109 --> 01:03:24,880

that

1592

01:03:31,829 --> 01:03:29,119

four feet tall

1593

01:03:33,990 --> 01:03:31,839

appeared to be relatively thin they were

1594

01:03:37,430 --> 01:03:34,000

in a uh we're wearing

1595

01:03:39,029 --> 01:03:37,440

a coverall white coverall type

1596

01:03:41,109 --> 01:03:39,039

clothing

1597

01:03:42,870 --> 01:03:41,119

and they seem to be

1598

01:03:45,270 --> 01:03:42,880

muddling around with something

1599

01:03:47,349 --> 01:03:45,280

underneath the object

1600

01:03:48,710 --> 01:03:47,359

and uh

1601
01:03:55,589 --> 01:03:48,720
he

1602
01:03:56,829 --> 01:03:55,599
with a hammer or what

1603
01:04:01,270 --> 01:03:56,839
um

1604
01:04:04,069 --> 01:04:01,280
and that was about it you know he uh

1605
01:04:05,270 --> 01:04:04,079
he saw them just briefly and they went

1606
01:04:08,950 --> 01:04:05,280
around

1607
01:04:12,470 --> 01:04:08,960
to the uh underneath on out of view

1608
01:04:16,150 --> 01:04:12,480
from his location he was up on

1609
01:04:19,750 --> 01:04:16,160
oh i forget now but it was probably 100

1610
01:04:21,750 --> 01:04:19,760
feet higher elevation looking down

1611
01:04:23,589 --> 01:04:21,760
at the landing site

1612
01:04:25,109 --> 01:04:23,599
and

1613
01:04:27,910 --> 01:04:25,119

evidently they

1614

01:04:29,430 --> 01:04:27,920
went into the object and

1615

01:04:31,670 --> 01:04:29,440
it takes off

1616

01:04:33,430 --> 01:04:31,680
and there were

1617

01:04:36,710 --> 01:04:33,440
actually

1618

01:04:39,750 --> 01:04:36,720
i think stanford

1619

01:04:44,470 --> 01:04:39,760
took some photographs

1620

01:04:52,950 --> 01:04:45,510
i

1621

01:04:56,230 --> 01:04:52,960
to try to get

1622

01:04:57,829 --> 01:04:56,240
analysis information on

1623

01:05:00,470 --> 01:04:57,839
uh

1624

01:05:01,750 --> 01:05:00,480
the the burned bushes

1625

01:05:04,630 --> 01:05:01,760
the temperature

1626

01:05:05,510 --> 01:05:04,640

at which they had been burned and

1627

01:05:10,069 --> 01:05:05,520

uh

1628

01:05:13,109 --> 01:05:10,079

weight of the object by the

1629

01:05:15,750 --> 01:05:13,119

the foot pads and so on which i couldn't

1630

01:05:18,789 --> 01:05:15,760

make myself because

1631

01:05:19,910 --> 01:05:18,799

uh the air force had that thing tied up

1632

01:05:33,190 --> 01:05:19,920

i

1633

01:05:35,349 --> 01:05:33,200

well that was

1634

01:05:38,230 --> 01:05:35,359

was quintonella in charge of the

1635

01:05:39,029 --> 01:05:38,240

investigation for the air force yes

1636

01:05:41,670 --> 01:05:39,039

yeah

1637

01:05:43,589 --> 01:05:41,680

and the interesting thing was of course

1638

01:05:45,029 --> 01:05:43,599

allen was the chief scientific

1639

01:05:46,789 --> 01:05:45,039

consultant to

1640

01:05:49,510 --> 01:05:46,799

the air force

1641

01:05:51,190 --> 01:05:49,520

and they wouldn't give him a damn piece

1642

01:05:53,270 --> 01:05:51,200

of evidence

1643

01:05:55,510 --> 01:05:53,280

uh analysis

1644

01:05:56,870 --> 01:05:55,520

temperatures anything

1645

01:06:01,430 --> 01:05:56,880

and uh

1646

01:06:03,029 --> 01:06:01,440

couldn't get it

1647

01:06:05,270 --> 01:06:03,039

absolutely

1648

01:06:07,990 --> 01:06:05,280

what what is the uh as far as project

1649

01:06:10,710 --> 01:06:08,000

blue book is concerned what is the uh

1650

01:06:13,750 --> 01:06:10,720

conclusion on this case is it listed as

1651

01:06:16,069 --> 01:06:13,760

unidentified yes it is

1652

01:06:18,069 --> 01:06:16,079

yes yes did they ever release any

1653

01:06:20,150 --> 01:06:18,079

information on the soil samples or any

1654

01:06:22,710 --> 01:06:20,160

of that data that you were looking for

1655

01:06:24,789 --> 01:06:22,720

uh not that i've been able to get my

1656

01:06:26,549 --> 01:06:24,799

hands on no

1657

01:06:31,430 --> 01:06:26,559

no

1658

01:06:33,190 --> 01:06:31,440

okay how you mentioned that okay these

1659

01:06:35,190 --> 01:06:33,200

uh these occupants were about what four

1660

01:06:39,270 --> 01:06:35,200

feet tall yes

1661

01:06:41,430 --> 01:06:39,280

all right how how tall was the craft

1662

01:06:49,829 --> 01:06:41,440

ah

1663

01:06:51,270 --> 01:06:49,839

i'm thinking it was about 18 or 20 feet

1664

01:06:54,150 --> 01:06:51,280

long

1665

01:06:55,910 --> 01:06:54,160

uh it wasn't an enormous object

1666

01:06:57,430 --> 01:06:55,920

and uh

1667

01:06:58,829 --> 01:06:57,440

six

1668

01:07:01,109 --> 01:06:58,839

seven feet

1669

01:07:02,549 --> 01:07:01,119

thick and

1670

01:07:05,750 --> 01:07:02,559

vertically

1671

01:07:07,270 --> 01:07:05,760

and it was on he could see definitely

1672

01:07:10,870 --> 01:07:07,280

four

1673

01:07:14,789 --> 01:07:10,880

structured by that i mean constructed

1674

01:07:16,390 --> 01:07:14,799

in appearance uh landing legs

1675

01:07:17,910 --> 01:07:16,400

and um

1676
01:07:19,750 --> 01:07:17,920
then the

1677
01:07:21,829 --> 01:07:19,760
marking on the side

1678
01:07:26,390 --> 01:07:21,839
yes um

1679
01:07:27,430 --> 01:07:26,400
one of the the things that impressed me

1680
01:07:30,630 --> 01:07:27,440
was

1681
01:07:32,789 --> 01:07:30,640
uh just a matter of hours before pearl

1682
01:07:34,630 --> 01:07:32,799
became known publicly

1683
01:07:37,750 --> 01:07:34,640
uh there was a

1684
01:07:39,430 --> 01:07:37,760
sighting of an identical object leaving

1685
01:07:42,549 --> 01:07:39,440
identical

1686
01:07:43,910 --> 01:07:42,559
uh landing traces at la mader a new

1687
01:07:47,750 --> 01:07:43,920
mexico

1688
01:07:51,270 --> 01:07:47,760

which was i'm thinking

1689

01:07:52,069 --> 01:07:51,280

60 80 miles from squirrel

1690

01:07:54,390 --> 01:07:52,079

and

1691

01:07:58,390 --> 01:07:54,400

it was a single witness

1692

01:08:00,549 --> 01:07:58,400

and uh uh he went outside

1693

01:08:01,589 --> 01:08:00,559

to smoke a cigarette and this thing i

1694

01:08:05,349 --> 01:08:01,599

mean he was

1695

01:08:07,589 --> 01:08:05,359

lamadara a very tiny little place

1696

01:08:10,789 --> 01:08:07,599

and he lived right out at the edge of

1697

01:08:14,230 --> 01:08:10,799

the of this small town and i'm talking

1698

01:08:15,670 --> 01:08:14,240

like five or six buildings that was it

1699

01:08:17,910 --> 01:08:15,680

and uh

1700

01:08:20,070 --> 01:08:17,920

i went out there but it was a long time

1701

01:08:22,390 --> 01:08:20,080

after it had happened

1702

01:08:23,829 --> 01:08:22,400

uh several years

1703

01:08:29,430 --> 01:08:23,839

and uh

1704

01:08:32,149 --> 01:08:29,440

from everything that i saw everything

1705

01:08:34,470 --> 01:08:32,159

that allen could get on that case

1706

01:08:37,030 --> 01:08:34,480

uh as a matter of fact i think if i

1707

01:08:38,870 --> 01:08:37,040

remember him correctly alan went to la

1708

01:08:41,910 --> 01:08:38,880

madera

1709

01:08:43,269 --> 01:08:41,920

from sakura at the time all this was

1710

01:08:45,430 --> 01:08:43,279

going on

1711

01:08:47,749 --> 01:08:45,440

and uh

1712

01:08:49,349 --> 01:08:47,759

it was amazing how similar the two

1713

01:08:53,590 --> 01:08:49,359

objects were

1714

01:08:55,990 --> 01:08:53,600

and then a and i identical object was

1715

01:08:59,189 --> 01:08:56,000

seen for a third time

1716

01:09:01,269 --> 01:08:59,199

up in the uh in a northwestern state i

1717

01:09:04,229 --> 01:09:01,279

forget which one

1718

01:09:06,709 --> 01:09:04,239

uh by multiple witnesses three three

1719

01:09:09,829 --> 01:09:06,719

witnesses now wasn't there

1720

01:09:12,390 --> 01:09:09,839

also a report that uh at around the same

1721

01:09:15,749 --> 01:09:12,400

time someone who had stopped for

1722

01:09:18,550 --> 01:09:15,759

uh gas nearby or a couple miles away has

1723

01:09:21,189 --> 01:09:18,560

seen this object shoot overhead

1724

01:09:22,789 --> 01:09:21,199

yes absolutely yeah there were a couple

1725

01:09:24,070 --> 01:09:22,799

of guys

1726

01:09:26,789 --> 01:09:24,080

that i met

1727

01:09:28,149 --> 01:09:26,799

oh many years afterwards

1728

01:09:30,070 --> 01:09:28,159

um

1729

01:09:33,430 --> 01:09:30,080

from iowa

1730

01:09:36,470 --> 01:09:33,440

who were driving along the highway

1731

01:09:37,749 --> 01:09:36,480

over which the object flew as it was

1732

01:09:39,749 --> 01:09:37,759

leaving

1733

01:09:42,390 --> 01:09:39,759

and

1734

01:09:44,550 --> 01:09:42,400

then there was an a

1735

01:09:48,950 --> 01:09:44,560

a large automobile

1736

01:09:52,070 --> 01:09:48,960

stanford talks about in his book

1737

01:09:55,669 --> 01:09:52,080

which was a family

1738

01:09:59,510 --> 01:09:55,679

a guy's wife and two or three kids

1739

01:10:00,950 --> 01:09:59,520

and the thing came over going into the

1740

01:10:03,270 --> 01:10:00,960

landing site

1741

01:10:04,390 --> 01:10:03,280

in a descending mode

1742

01:10:06,149 --> 01:10:04,400

and

1743

01:10:09,110 --> 01:10:06,159

they thought it was going to take off

1744

01:10:10,550 --> 01:10:09,120

the uh antenna on the car it was that

1745

01:10:13,750 --> 01:10:10,560

low

1746

01:10:16,950 --> 01:10:13,760

and they they watched it go on down

1747

01:10:18,470 --> 01:10:16,960

uh below the uh

1748

01:10:21,110 --> 01:10:18,480

the ground level

1749

01:10:22,709 --> 01:10:21,120

uh because it landed down in a sort of

1750

01:10:24,310 --> 01:10:22,719

gully

1751
01:10:25,830 --> 01:10:24,320
and uh

1752
01:10:28,390 --> 01:10:25,840
it disappeared

1753
01:10:31,270 --> 01:10:28,400
from their view as it went down

1754
01:10:34,470 --> 01:10:31,280
can i can i ask a question yeah

1755
01:10:37,189 --> 01:10:34,480
so so all this time since these early

1756
01:10:39,350 --> 01:10:37,199
sightings you've been chasing chasing

1757
01:10:41,430 --> 01:10:39,360
and did you come to any conclusions i

1758
01:10:43,510 --> 01:10:41,440
mean did what why did it affect you so

1759
01:10:46,229 --> 01:10:43,520
much that you've been

1760
01:10:49,189 --> 01:10:46,239
investigating it all this time

1761
01:10:50,070 --> 01:10:49,199
well uh

1762
01:10:51,030 --> 01:10:50,080
i

1763
01:10:51,830 --> 01:10:51,040

actually

1764

01:10:55,350 --> 01:10:51,840

uh

1765

01:10:57,270 --> 01:10:55,360

alan heineck and i were very very close

1766

01:11:00,229 --> 01:10:57,280

and

1767

01:11:02,870 --> 01:11:00,239

he suggested that i go after the trace

1768

01:11:04,310 --> 01:11:02,880

cases in 68

1769

01:11:06,709 --> 01:11:04,320

and

1770

01:11:09,590 --> 01:11:06,719

after he passed away i was even more

1771

01:11:12,790 --> 01:11:09,600

determined to carry that on because he

1772

01:11:15,590 --> 01:11:12,800

felt that was so important and what

1773

01:11:16,390 --> 01:11:15,600

better case can you have

1774

01:11:19,350 --> 01:11:16,400

than

1775

01:11:22,070 --> 01:11:19,360

opal witnesses daylight an object 20

1776

01:11:24,310 --> 01:11:22,080

feet away sitting on the ground

1777

01:11:27,590 --> 01:11:24,320

uh and leaving behind

1778

01:11:29,350 --> 01:11:27,600

measurable traces yeah it doesn't really

1779

01:11:30,630 --> 01:11:29,360

get any better than that what do you

1780

01:11:32,950 --> 01:11:30,640

what do you what are you hoping to

1781

01:11:35,030 --> 01:11:32,960

ultimately uh prove with the trace i

1782

01:11:37,510 --> 01:11:35,040

mean what what do you think the message

1783

01:11:39,830 --> 01:11:37,520

is what do you think is going on

1784

01:11:41,189 --> 01:11:39,840

well one thing one thing that became

1785

01:11:43,669 --> 01:11:41,199

apparent

1786

01:11:46,070 --> 01:11:43,679

to alan and i and we pursued it with

1787

01:11:49,750 --> 01:11:46,080

texas a m

1788

01:11:51,110 --> 01:11:49,760

university uh in 69

1789

01:11:56,950 --> 01:11:51,120

was

1790

01:11:59,510 --> 01:11:56,960

a landing up in van horn iowa in 1969

1791

01:12:00,870 --> 01:11:59,520

and alan and fred beckman and i went up

1792

01:12:04,149 --> 01:12:00,880

there and

1793

01:12:05,430 --> 01:12:04,159

incredible thing uh

1794

01:12:08,550 --> 01:12:05,440

a farm

1795

01:12:11,270 --> 01:12:08,560

isolated middle of nowhere and at about

1796

01:12:13,189 --> 01:12:11,280

11 o'clock at night the

1797

01:12:16,070 --> 01:12:13,199

teenage daughter

1798

01:12:18,070 --> 01:12:16,080

sees what she describes as a flying

1799

01:12:21,669 --> 01:12:18,080

saucer a disc

1800

01:12:23,030 --> 01:12:21,679

uh coming over the farmhouse and going

1801
01:12:25,910 --> 01:12:23,040
down

1802
01:12:27,270 --> 01:12:25,920
uh very close to the ground in a soybean

1803
01:12:31,510 --> 01:12:27,280
field

1804
01:12:33,110 --> 01:12:31,520
and uh she ran down told her parents and

1805
01:12:36,310 --> 01:12:33,120
they looked out they couldn't see

1806
01:12:38,390 --> 01:12:36,320
anything and he wasn't about to go out

1807
01:12:40,550 --> 01:12:38,400
in the soybean field at night with

1808
01:12:43,590 --> 01:12:40,560
something maybe out there

1809
01:12:46,310 --> 01:12:43,600
so the next morning at first light

1810
01:12:48,070 --> 01:12:46,320
he and his wife head out and they find a

1811
01:12:51,990 --> 01:12:48,080
40 foot

1812
01:12:53,270 --> 01:12:52,000
diameter perfectly circular area

1813
01:12:56,470 --> 01:12:53,280

in which

1814

01:12:58,229 --> 01:12:56,480

very very healthy soybeans

1815

01:12:59,910 --> 01:12:58,239

soybean plants

1816

01:13:02,790 --> 01:12:59,920

were wilted

1817

01:13:06,149 --> 01:13:02,800

and dehydrated the respect of all

1818

01:13:07,030 --> 01:13:06,159

moisture as was the soil

1819

01:13:10,470 --> 01:13:07,040

and

1820

01:13:13,510 --> 01:13:10,480

at that time texas a m

1821

01:13:16,070 --> 01:13:13,520

we had a kind of a clue alan and i

1822

01:13:18,310 --> 01:13:16,080

wouldn't could have caused that

1823

01:13:21,189 --> 01:13:18,320

and uh

1824

01:13:23,510 --> 01:13:21,199

the texas a m were doing a lot of work

1825

01:13:26,709 --> 01:13:23,520

with microwaves

1826

01:13:29,510 --> 01:13:26,719

and uh so we confronted them with this

1827

01:13:33,910 --> 01:13:29,520

send them photographs of the uh

1828

01:13:36,149 --> 01:13:33,920

the site and so on and uh

1829

01:13:38,790 --> 01:13:36,159

they said yes you could

1830

01:13:41,110 --> 01:13:38,800

in effect microwave

1831

01:13:43,990 --> 01:13:41,120

if you if you at that time they were

1832

01:13:45,669 --> 01:13:44,000

saying if you had a 40-foot circular

1833

01:13:47,590 --> 01:13:45,679

microwave oven

1834

01:13:48,550 --> 01:13:47,600

kicked the door open hung it from a

1835

01:13:51,510 --> 01:13:48,560

crane

1836

01:13:54,070 --> 01:13:51,520

you could replicate this effect

1837

01:13:57,030 --> 01:13:54,080

yeah and uh and of course what we were

1838

01:14:00,310 --> 01:13:57,040

getting in a lot of the very close cases

1839

01:14:03,270 --> 01:14:00,320

very uh

1840

01:14:06,550 --> 01:14:03,280

high type high strangeness cases

1841

01:14:09,750 --> 01:14:06,560

uh were the automobile effects uh

1842

01:14:12,310 --> 01:14:09,760

indicating electromagnetic effects

1843

01:14:16,070 --> 01:14:12,320

that shut down automobile engines

1844

01:14:21,870 --> 01:14:16,080

headlights was the radioactivity

1845

01:14:26,870 --> 01:14:24,470

electromagnetic pulses

1846

01:14:32,950 --> 01:14:29,830

of course i investigated the case up in

1847

01:14:34,310 --> 01:14:32,960

minnesota where the police officer

1848

01:14:37,030 --> 01:14:34,320

uh

1849

01:14:39,189 --> 01:14:37,040

his car was hit by something

1850

01:14:41,030 --> 01:14:39,199

i don't think it was physically hit but

1851
01:14:43,110 --> 01:14:41,040
it was impacted

1852
01:14:45,990 --> 01:14:43,120
uh by

1853
01:14:47,750 --> 01:14:46,000
some high frequency stuff

1854
01:14:49,750 --> 01:14:47,760
and uh

1855
01:14:52,790 --> 01:14:49,760
busted the windshield

1856
01:14:54,950 --> 01:14:52,800
busted the uh blew the headlight out

1857
01:14:56,630 --> 01:14:54,960
and did all kinds of damage the length

1858
01:14:57,590 --> 01:14:56,640
of the car

1859
01:14:58,709 --> 01:14:57,600
and

1860
01:15:01,030 --> 01:14:58,719
he was

1861
01:15:04,310 --> 01:15:01,040
unconscious for

1862
01:15:05,990 --> 01:15:04,320
14 minutes and his wrist watch and the

1863
01:15:09,110 --> 01:15:06,000

automobile clock

1864

01:15:13,189 --> 01:15:09,120

were both 14 minutes slow

1865

01:15:16,470 --> 01:15:13,199

uh following the event and

1866

01:15:17,830 --> 01:15:16,480

so but we were getting so much of that

1867

01:15:18,790 --> 01:15:17,840

indicating

1868

01:15:19,910 --> 01:15:18,800

uh

1869

01:15:23,430 --> 01:15:19,920

that

1870

01:15:24,950 --> 01:15:23,440

microwave type energy was

1871

01:15:27,510 --> 01:15:24,960

being admitted

1872

01:15:29,910 --> 01:15:27,520

or projected

1873

01:15:31,990 --> 01:15:29,920

by some of these objects

1874

01:15:35,750 --> 01:15:32,000

and

1875

01:15:38,709 --> 01:15:35,760

i've experienced a lot of that in

1876

01:15:40,870 --> 01:15:38,719

cases in the marley woods where i

1877

01:15:42,950 --> 01:15:40,880

actually have been it that's the only

1878

01:15:44,070 --> 01:15:42,960

place that i have actually been able to

1879

01:15:46,709 --> 01:15:44,080

see

1880

01:15:48,950 --> 01:15:46,719

what i believe to be a ufo

1881

01:15:50,390 --> 01:15:48,960

is in marley

1882

01:15:51,990 --> 01:15:50,400

well you know ted

1883

01:15:54,630 --> 01:15:52,000

they're probably um

1884

01:15:55,510 --> 01:15:54,640

a few listeners who are not familiar

1885

01:15:57,189 --> 01:15:55,520

with

1886

01:15:58,790 --> 01:15:57,199

your investigation of marley woods i

1887

01:16:01,030 --> 01:15:58,800

would say probably the vast majority

1888

01:16:03,430 --> 01:16:01,040

might be but let's take it back to

1889

01:16:05,990 --> 01:16:03,440

beginning exactly what is going on in

1890

01:16:08,070 --> 01:16:06,000

marley woods and how long have you been

1891

01:16:11,110 --> 01:16:08,080

investigating this case i know you were

1892

01:16:13,270 --> 01:16:11,120

down there uh just uh recently when we

1893

01:16:16,149 --> 01:16:13,280

uh reestablished a contact for several

1894

01:16:18,310 --> 01:16:16,159

days was there activity at that point oh

1895

01:16:21,430 --> 01:16:18,320

yeah yeah and uh

1896

01:16:22,709 --> 01:16:21,440

as it would work out um

1897

01:16:25,270 --> 01:16:22,719

the uh

1898

01:16:27,030 --> 01:16:25,280

let's see that was january

1899

01:16:27,990 --> 01:16:27,040

28

1900

01:16:29,510 --> 01:16:28,000

um

1901
01:16:32,149 --> 01:16:29,520
was

1902
01:16:33,270 --> 01:16:32,159
the last evening in a

1903
01:16:35,110 --> 01:16:33,280
six

1904
01:16:37,030 --> 01:16:35,120
consecutive night

1905
01:16:39,350 --> 01:16:37,040
observation

1906
01:16:41,350 --> 01:16:39,360
uh and it's it's got kind of an

1907
01:16:43,350 --> 01:16:41,360
interesting twist

1908
01:16:47,270 --> 01:16:43,360
in that

1909
01:16:52,390 --> 01:16:50,149
has a very very close friend

1910
01:16:55,030 --> 01:16:52,400
a young lady uh

1911
01:16:57,350 --> 01:16:55,040
27 years old

1912
01:16:59,110 --> 01:16:57,360
and she and her husband live way out in

1913
01:17:03,510 --> 01:16:59,120

the boonies

1914

01:17:05,030 --> 01:17:03,520

out just outside of the marly woods area

1915

01:17:06,870 --> 01:17:05,040

primary area

1916

01:17:08,470 --> 01:17:06,880

and

1917

01:17:11,590 --> 01:17:08,480

so

1918

01:17:13,669 --> 01:17:11,600

she had just had a baby and

1919

01:17:16,070 --> 01:17:13,679

she would go into this one particular

1920

01:17:18,950 --> 01:17:16,080

room in their farmhouse

1921

01:17:20,870 --> 01:17:18,960

and breastfeed the baby

1922

01:17:22,950 --> 01:17:20,880

and

1923

01:17:23,990 --> 01:17:22,960

so she's sitting there in the rocking

1924

01:17:25,910 --> 01:17:24,000

chair

1925

01:17:27,510 --> 01:17:25,920

in front of the window

1926

01:17:30,709 --> 01:17:27,520

she doesn't worry about anybody looking

1927

01:17:33,270 --> 01:17:30,719

in because there's nobody to look and

1928

01:17:35,030 --> 01:17:33,280

she sees a

1929

01:17:38,310 --> 01:17:35,040

small light ball

1930

01:17:39,830 --> 01:17:38,320

about the size of the size of a baseball

1931

01:17:41,669 --> 01:17:39,840

and it was

1932

01:17:44,070 --> 01:17:41,679

pure white with the

1933

01:17:46,550 --> 01:17:44,080

bluish tinge around the edge coming

1934

01:17:49,110 --> 01:17:46,560

across the field towards the house and

1935

01:17:51,510 --> 01:17:49,120

it actually comes up within a couple of

1936

01:17:53,910 --> 01:17:51,520

feet of the window and it just

1937

01:17:56,870 --> 01:17:53,920

is stationary there like it's watching

1938

01:17:59,189 --> 01:17:56,880

her breastfeed this baby and

1939

01:18:01,350 --> 01:17:59,199

she becomes a little frightened and she

1940

01:18:04,310 --> 01:18:01,360

gets up and it moves back out in the

1941

01:18:07,189 --> 01:18:04,320

field goes vertical and disappears well

1942

01:18:09,350 --> 01:18:07,199

this happens sixth straight night and of

1943

01:18:11,189 --> 01:18:09,360

course from the second one on her

1944

01:18:12,950 --> 01:18:11,199

husband's in there with her

1945

01:18:16,470 --> 01:18:12,960

so they both see it

1946

01:18:18,630 --> 01:18:16,480

and each night he would go outside

1947

01:18:21,350 --> 01:18:18,640

go around the side of the house and see

1948

01:18:24,790 --> 01:18:21,360

this thing from the side

1949

01:18:26,550 --> 01:18:24,800

and uh it was about four four and a half

1950

01:18:28,229 --> 01:18:26,560

feet above the ground

1951

01:18:29,350 --> 01:18:28,239

and a couple of three feet from the

1952

01:18:31,750 --> 01:18:29,360

window

1953

01:18:34,470 --> 01:18:31,760

and as soon as he would uh kind of

1954

01:18:36,709 --> 01:18:34,480

confront it by coming around the house

1955

01:18:38,630 --> 01:18:36,719

uh the thing would shoot across field

1956

01:18:42,310 --> 01:18:38,640

and go vertical and disappear

1957

01:18:43,350 --> 01:18:42,320

so that's that's a light bulb case

1958

01:18:45,430 --> 01:18:43,360

uh

1959

01:18:47,189 --> 01:18:45,440

with a twist

1960

01:18:49,189 --> 01:18:47,199

how long have you been investigating uh

1961

01:18:50,470 --> 01:18:49,199

marley wooden

1962

01:18:52,310 --> 01:18:50,480

what brought you i mean how did you

1963

01:18:54,870 --> 01:18:52,320

first hear about it how were you clued

1964

01:18:56,790 --> 01:18:54,880

into what was going on and maybe tell us

1965

01:18:59,270 --> 01:18:56,800

a little bit about the the the setting i

1966

01:19:01,270 --> 01:18:59,280

know it's a rural area how far away is

1967

01:19:02,630 --> 01:19:01,280

it from the nearest the city how many

1968

01:19:05,030 --> 01:19:02,640

people have observed this over the

1969

01:19:08,990 --> 01:19:05,040

course of how many years

1970

01:19:10,790 --> 01:19:09,000

okay i uh i received in

1971

01:19:13,350 --> 01:19:10,800

1998

1972

01:19:16,550 --> 01:19:13,360

a phone call from a

1973

01:19:22,950 --> 01:19:20,149

who has 600 acres right in the middle of

1974

01:19:25,669 --> 01:19:22,960

marley but has turned

1975

01:19:28,950 --> 01:19:25,679

out to be the primary

1976

01:19:31,270 --> 01:19:28,960

areas of activities or three farms

1977

01:19:32,950 --> 01:19:31,280

ranging from north to south

1978

01:19:34,070 --> 01:19:32,960

this is the north

1979

01:19:35,030 --> 01:19:34,080

farm

1980

01:19:37,510 --> 01:19:35,040

and

1981

01:19:41,270 --> 01:19:37,520

he has 600 acres

1982

01:19:43,590 --> 01:19:41,280

uh site 2 has

1983

01:19:46,229 --> 01:19:43,600

only about 5 acres

1984

01:19:49,430 --> 01:19:46,239

and then site 3

1985

01:19:50,550 --> 01:19:49,440

uh about 2 000 acres

1986

01:19:55,830 --> 01:19:50,560

and that

1987

01:19:57,990 --> 01:19:55,840

primary things happen outside of that

1988

01:20:01,430 --> 01:19:58,000

obviously occasionally but the

1989

01:20:03,430 --> 01:20:01,440

heavy-duty activity uh is over those

1990

01:20:07,110 --> 01:20:03,440

three uh farms

1991

01:20:08,709 --> 01:20:07,120

and so anyway it was in 1998 he called

1992

01:20:11,669 --> 01:20:08,719

me said we

1993

01:20:13,750 --> 01:20:11,679

he had had me checked out by uh one of

1994

01:20:15,430 --> 01:20:13,760

the bank's security uh

1995

01:20:18,870 --> 01:20:15,440

agencies

1996

01:20:21,110 --> 01:20:18,880

and uh to be sure i eliminated and

1997

01:20:23,669 --> 01:20:21,120

evidently they didn't look close enough

1998

01:20:27,830 --> 01:20:25,430

they uh

1999

01:20:29,510 --> 01:20:27,840

got away with that one anyway

2000

01:20:31,669 --> 01:20:29,520

they uh uh

2001

01:20:35,030 --> 01:20:31,679

he wanted me to come down

2002

01:20:37,750 --> 01:20:35,040

he had gone into town this guy is no

2003

01:20:39,510 --> 01:20:37,760

photographer not to this day

2004

01:20:41,990 --> 01:20:39,520

and uh

2005

01:20:45,669 --> 01:20:42,000

he had gone in and bought

2006

01:20:47,590 --> 01:20:45,679

a uh kind of cheesy video camera

2007

01:20:50,149 --> 01:20:47,600

and

2008

01:20:51,590 --> 01:20:50,159

i've been shooting videos of this stuff

2009

01:20:53,910 --> 01:20:51,600

going on

2010

01:20:55,990 --> 01:20:53,920

and he said would you please come down

2011

01:20:57,590 --> 01:20:56,000

and see if you can tell me what's

2012

01:20:59,189 --> 01:20:57,600

happening

2013

01:21:01,030 --> 01:20:59,199

and

2014

01:21:03,430 --> 01:21:01,040

almost all the events from the very

2015

01:21:05,110 --> 01:21:03,440

beginning were multiple witness

2016

01:21:09,270 --> 01:21:05,120

two to four

2017

01:21:11,910 --> 01:21:09,280

uh and later on like 30 35 people

2018

01:21:17,430 --> 01:21:11,920

would gather out there at his farm

2019

01:21:21,510 --> 01:21:18,950

so

2020

01:21:24,470 --> 01:21:21,520

all kinds of activity and

2021

01:21:26,310 --> 01:21:24,480

initially they saw a

2022

01:21:29,990 --> 01:21:26,320

oval

2023

01:21:32,070 --> 01:21:30,000

structured object uh hovering about 20

2024

01:21:34,709 --> 01:21:32,080

feet above a hilltop

2025

01:21:36,629 --> 01:21:34,719

as they were driving to the farm

2026

01:21:38,870 --> 01:21:36,639

and it had uh

2027

01:21:40,310 --> 01:21:38,880

the surface of this thing the side of

2028

01:21:41,110 --> 01:21:40,320

the bottom

2029

01:21:43,270 --> 01:21:41,120

was

2030

01:21:44,390 --> 01:21:43,280

just covered with tiny little white

2031

01:21:46,550 --> 01:21:44,400

lights

2032

01:21:48,310 --> 01:21:46,560

but it also had three

2033

01:21:50,229 --> 01:21:48,320

large uh

2034

01:21:53,510 --> 01:21:50,239

circular lights

2035

01:21:56,070 --> 01:21:53,520

which were orange in color amber color

2036

01:21:58,070 --> 01:21:56,080

and it was stationary he got out with

2037

01:21:59,350 --> 01:21:58,080

truck and his wife got out and they

2038

01:22:01,270 --> 01:21:59,360

watched it

2039

01:22:03,590 --> 01:22:01,280

down the road from them

2040

01:22:06,310 --> 01:22:03,600

got back in drove down

2041

01:22:08,709 --> 01:22:06,320

and stopped right beside it it was

2042

01:22:11,030 --> 01:22:08,719

sitting just off the road

2043

01:22:13,189 --> 01:22:11,040

and uh

2044

01:22:16,229 --> 01:22:13,199

got out of the uh as he opened the door

2045

01:22:18,390 --> 01:22:16,239

to get out the thing just disappeared

2046

01:22:20,709 --> 01:22:18,400

just black

2047

01:22:21,510 --> 01:22:20,719

and uh

2048

01:22:23,910 --> 01:22:21,520

so

2049

01:22:25,030 --> 01:22:23,920

they continued on a quarter mile to the

2050

01:22:27,270 --> 01:22:25,040

farm

2051

01:22:28,790 --> 01:22:27,280

as they turned in the

2052

01:22:31,750 --> 01:22:28,800

front gate

2053

01:22:33,350 --> 01:22:31,760

it's a quarter mile up to an old old

2054

01:22:35,430 --> 01:22:33,360

cabin

2055

01:22:37,669 --> 01:22:35,440

that his parents

2056

01:22:38,550 --> 01:22:37,679

lived in years ago

2057

01:22:42,229 --> 01:22:38,560

and

2058

01:22:44,950 --> 01:22:42,239

over the cabin they saw this same object

2059

01:22:47,510 --> 01:22:44,960

and as they're driving up closer to the

2060

01:22:48,629 --> 01:22:47,520

cabin it started moving away over a tree

2061

01:22:50,550 --> 01:22:48,639

line

2062

01:22:53,430 --> 01:22:50,560

and

2063

01:22:56,070 --> 01:22:53,440

it was visible for oh quite a long quite

2064

01:22:58,870 --> 01:22:56,080

a long while and they called their son

2065

01:22:59,910 --> 01:22:58,880

and daughter they drove out immediately

2066

01:23:03,510 --> 01:22:59,920

and

2067

01:23:06,470 --> 01:23:03,520

uh they saw small lights uh three feet

2068

01:23:09,910 --> 01:23:06,480

above the ground coming up the hill

2069

01:23:13,350 --> 01:23:09,920

they saw a just in this one night

2070

01:23:15,750 --> 01:23:13,360

a large area with a faint

2071

01:23:16,950 --> 01:23:15,760

spotlight sort of illumination in the

2072

01:23:18,790 --> 01:23:16,960

field

2073

01:23:21,590 --> 01:23:18,800

kind of moving around

2074

01:23:23,110 --> 01:23:21,600

but no beam and no uh

2075

01:23:24,629 --> 01:23:23,120

sores

2076

01:23:26,229 --> 01:23:24,639

could be seen

2077

01:23:27,590 --> 01:23:26,239

and

2078

01:23:30,070 --> 01:23:27,600

but

2079

01:23:31,030 --> 01:23:30,080

just about everything has happened there

2080

01:23:33,830 --> 01:23:31,040

i have

2081

01:23:36,790 --> 01:23:33,840

on file uh now

2082

01:23:38,470 --> 01:23:36,800

almost 1200 cases

2083

01:23:40,790 --> 01:23:38,480

uh

2084

01:23:42,310 --> 01:23:40,800

since 1998

2085

01:23:45,669 --> 01:23:42,320

and

2086

01:23:48,790 --> 01:23:45,679

they've had vehicles pushed

2087

01:23:50,950 --> 01:23:48,800

12 15 feet down a driveway a gravel

2088

01:23:54,310 --> 01:23:50,960

driveway with the uh

2089

01:23:55,990 --> 01:23:54,320

the doors locked the windows up no motor

2090

01:23:59,030 --> 01:23:56,000

in the truck

2091

01:24:02,870 --> 01:23:59,040

and the wheels locked up in deep grooves

2092

01:24:05,990 --> 01:24:02,880

where it was the wheels didn't roll

2093

01:24:10,870 --> 01:24:06,000

uh the gals down the track

2094

01:24:13,669 --> 01:24:10,880

and uh pushed it into uh a garage

2095

01:24:16,310 --> 01:24:13,679

door and busted a big hole in it

2096

01:24:19,030 --> 01:24:16,320

and five of us tried to move that truck

2097

01:24:20,310 --> 01:24:19,040

and we couldn't budge in an inch

2098

01:24:22,229 --> 01:24:20,320

and uh

2099

01:24:24,629 --> 01:24:22,239

uh

2100

01:24:27,669 --> 01:24:24,639

you if you can imagine it it's pretty

2101

01:24:30,790 --> 01:24:27,679

well taken place in the marly woods

2102

01:24:32,870 --> 01:24:30,800

uh it's it's an incredible place

2103

01:24:35,430 --> 01:24:32,880

it's true well now you you talk you talk

2104

01:24:38,629 --> 01:24:35,440

about lights are we talking about

2105

01:24:41,430 --> 01:24:38,639

something with any dimension to it or

2106

01:24:43,590 --> 01:24:41,440

is it a physical object or objects are

2107

01:24:45,990 --> 01:24:43,600

there are there more than have more than

2108

01:24:49,270 --> 01:24:46,000

one being seen at the same time

2109

01:24:50,149 --> 01:24:49,280

oh yes yeah yeah uh as a matter of fact

2110

01:24:50,950 --> 01:24:50,159

uh

2111

01:24:52,790 --> 01:24:50,960

one

2112

01:24:53,750 --> 01:24:52,800

prominent evening

2113

01:24:57,189 --> 01:24:53,760

uh

2114

01:24:59,910 --> 01:24:57,199

the wife and i were there we had

2115

01:25:01,510 --> 01:24:59,920

nine cameras set up

2116

01:25:02,950 --> 01:25:01,520

and

2117

01:25:05,430 --> 01:25:02,960

the uh

2118

01:25:07,750 --> 01:25:05,440

some of the bankers lawyers other

2119

01:25:09,590 --> 01:25:07,760

farmers and so on

2120

01:25:11,110 --> 01:25:09,600

had heard that we were coming down that

2121

01:25:14,149 --> 01:25:11,120

particular night and they wanted to

2122

01:25:16,229 --> 01:25:14,159

visit with us about what they had seen

2123

01:25:18,790 --> 01:25:16,239

and and by the way you asked how many

2124

01:25:20,229 --> 01:25:18,800

people have seen these that's just under

2125

01:25:24,390 --> 01:25:20,239

300

2126
01:25:26,629 --> 01:25:24,400
and this is a very remote remote area

2127
01:25:29,270 --> 01:25:26,639
and uh

2128
01:25:30,070 --> 01:25:29,280
but anyway we have all these cameras set

2129
01:25:30,870 --> 01:25:30,080
up

2130
01:25:33,189 --> 01:25:30,880
and

2131
01:25:35,510 --> 01:25:33,199
almost 40 people

2132
01:25:39,189 --> 01:25:35,520
a lot of witnesses and

2133
01:25:42,550 --> 01:25:39,199
eight of these amber objects which

2134
01:25:46,149 --> 01:25:44,550
kind of

2135
01:25:49,830 --> 01:25:46,159
vertically

2136
01:25:52,070 --> 01:25:49,840
longer than they are horizontally wide

2137
01:25:55,590 --> 01:25:52,080
so they're slightly oval

2138
01:25:58,390 --> 01:25:55,600

it's the weirdest color of orange yellow

2139

01:25:59,830 --> 01:25:58,400

that you can ever imagine

2140

01:26:01,910 --> 01:25:59,840

and uh

2141

01:26:04,870 --> 01:26:01,920

three of them came on

2142

01:26:06,629 --> 01:26:04,880

five more and they were all in a perfect

2143

01:26:10,229 --> 01:26:06,639

line

2144

01:26:12,149 --> 01:26:10,239

and then they would change the formation

2145

01:26:15,430 --> 01:26:12,159

configurations

2146

01:26:20,070 --> 01:26:15,440

to triangular to

2147

01:26:23,830 --> 01:26:21,030

and

2148

01:26:25,830 --> 01:26:23,840

no sound whatsoever so it's a hot spot

2149

01:26:28,390 --> 01:26:25,840

there

2150

01:26:30,709 --> 01:26:28,400

yeah oh absolutely it is yeah what do

2151
01:26:33,110 --> 01:26:30,719
you suppose that is

2152
01:26:36,790 --> 01:26:33,120
well i don't know i've looked at every

2153
01:26:39,270 --> 01:26:36,800
uh angle i can think of and

2154
01:26:41,430 --> 01:26:39,280
there's just no reason it's like any

2155
01:26:44,390 --> 01:26:41,440
other piece of land

2156
01:26:48,310 --> 01:26:46,070
i don't know i

2157
01:26:49,669 --> 01:26:48,320
i can't i've tried to come up with a

2158
01:26:52,790 --> 01:26:49,679
reason

2159
01:26:55,669 --> 01:26:52,800
that they that this might be going on

2160
01:26:57,510 --> 01:26:55,679
but uh these things are under

2161
01:26:58,550 --> 01:26:57,520
intelligent control and they're

2162
01:27:02,390 --> 01:26:58,560
definitely

2163
01:27:06,229 --> 01:27:04,950

and

2164

01:27:08,470 --> 01:27:06,239

they i

2165

01:27:11,310 --> 01:27:08,480

actually have seen i'm i'm totally

2166

01:27:14,390 --> 01:27:11,320

fascinated by these smaller

2167

01:27:15,590 --> 01:27:14,400

baseball-sized light balls

2168

01:27:19,669 --> 01:27:15,600

and

2169

01:27:23,030 --> 01:27:19,679

uh a family of four shot two of these

2170

01:27:26,870 --> 01:27:23,040

things these were basketball size

2171

01:27:29,750 --> 01:27:26,880

shot 15 minutes of video

2172

01:27:34,070 --> 01:27:29,760

there were em effects or all kinds of

2173

01:27:37,110 --> 01:27:34,080

things going on and it's the best video

2174

01:27:38,229 --> 01:27:37,120

i've ever seen of uh of these light

2175

01:27:39,270 --> 01:27:38,239

bulbs

2176

01:27:42,709 --> 01:27:39,280

and

2177

01:27:44,950 --> 01:27:42,719

you can actually see the things

2178

01:27:48,070 --> 01:27:44,960

they're very close together

2179

01:27:49,590 --> 01:27:48,080

sometimes uh they seem to be uh

2180

01:27:51,750 --> 01:27:49,600

connected by a

2181

01:27:53,189 --> 01:27:51,760

kind of veil

2182

01:27:55,270 --> 01:27:53,199

uh

2183

01:27:57,430 --> 01:27:55,280

then they're totally separate they don't

2184

01:27:58,830 --> 01:27:57,440

get a great distance part

2185

01:28:01,189 --> 01:27:58,840

and

2186

01:28:04,709 --> 01:28:01,199

the um

2187

01:28:06,070 --> 01:28:04,719

it's like looking into a circular

2188

01:28:07,270 --> 01:28:06,080

cloud

2189

01:28:13,669 --> 01:28:07,280

in that

2190

01:28:14,629 --> 01:28:13,679

object is changing it's very active very

2191

01:28:16,550 --> 01:28:14,639

fluid

2192

01:28:17,510 --> 01:28:16,560

and you can see it very clearly on the

2193

01:28:20,470 --> 01:28:17,520

video

2194

01:28:21,830 --> 01:28:20,480

now are all the are all the sightings at

2195

01:28:24,629 --> 01:28:21,840

night

2196

01:28:27,510 --> 01:28:24,639

oh no no no no they've been uh

2197

01:28:31,750 --> 01:28:27,520

matter of fact i got a a pretty good

2198

01:28:36,310 --> 01:28:34,790

and there have been

2199

01:28:37,830 --> 01:28:36,320

one afternoon

2200

01:28:39,510 --> 01:28:37,840

let's see it was

2201

01:28:43,669 --> 01:28:39,520

12 people

2202

01:28:46,790 --> 01:28:43,679

at site one saw

2203

01:28:50,470 --> 01:28:46,800

two objects flying dark this shaped

2204

01:28:52,149 --> 01:28:50,480

objects flying perfectly clear blue sky

2205

01:28:54,870 --> 01:28:52,159

to the west

2206

01:28:58,790 --> 01:28:54,880

one slightly above and behind the other

2207

01:29:01,350 --> 01:28:58,800

no sound and they videotaped all of this

2208

01:29:04,470 --> 01:29:01,360

and they're moving uh

2209

01:29:07,750 --> 01:29:04,480

to the west at a pretty good clip

2210

01:29:10,709 --> 01:29:07,760

and without hesitation the upper object

2211

01:29:13,270 --> 01:29:10,719

reverses direction and i've looked at

2212

01:29:17,030 --> 01:29:13,280

this frame by frame and i mean

2213

01:29:18,790 --> 01:29:17,040

in a 30th of a second it's reversed

2214

01:29:20,149 --> 01:29:18,800

and it's climbing

2215

01:29:22,470 --> 01:29:20,159

and

2216

01:29:25,350 --> 01:29:22,480

that in itself

2217

01:29:26,709 --> 01:29:25,360

eliminates a lot of things

2218

01:29:27,910 --> 01:29:26,719

and uh

2219

01:29:30,629 --> 01:29:27,920

but

2220

01:29:33,430 --> 01:29:30,639

uh it continues to go on you know and

2221

01:29:36,790 --> 01:29:33,440

it's very much like uh i would compare

2222

01:29:38,550 --> 01:29:36,800

it i have heard it to uh skinwalker

2223

01:29:40,310 --> 01:29:38,560

in utah

2224

01:29:43,110 --> 01:29:40,320

and uh

2225

01:29:45,910 --> 01:29:43,120

bob bigelow and i had

2226

01:29:48,229 --> 01:29:45,920

a several hour discussion

2227

01:29:50,709 --> 01:29:48,239

a conversation

2228

01:29:52,390 --> 01:29:50,719

comparing the two and it's it's pretty

2229

01:29:53,750 --> 01:29:52,400

amazing

2230

01:29:56,070 --> 01:29:53,760

now there are

2231

01:29:58,390 --> 01:29:56,080

other places though there where these

2232

01:30:00,870 --> 01:29:58,400

manifestations have taken place i mean

2233

01:30:02,790 --> 01:30:00,880

this one is unique in that it is uh how

2234

01:30:04,070 --> 01:30:02,800

often would you say that it can be

2235

01:30:06,709 --> 01:30:04,080

observed are we talking about every

2236

01:30:07,910 --> 01:30:06,719

night three times a week once a month

2237

01:30:10,070 --> 01:30:07,920

uh

2238

01:30:11,510 --> 01:30:10,080

i could pretty well guarantee if you

2239

01:30:14,870 --> 01:30:11,520

were there

2240

01:30:16,709 --> 01:30:14,880

three nights in a row you would have

2241

01:30:19,030 --> 01:30:16,719

at least one

2242

01:30:23,430 --> 01:30:19,040

period of activity

2243

01:30:25,430 --> 01:30:23,440

and in some cases uh night after night

2244

01:30:28,709 --> 01:30:25,440

and well the light bulbs tend to come

2245

01:30:31,990 --> 01:30:28,719

back and the the really cool thing

2246

01:30:33,430 --> 01:30:32,000

uh in the light bulb cases these small

2247

01:30:36,229 --> 01:30:33,440

light bulbs

2248

01:30:38,950 --> 01:30:36,239

uh is that they

2249

01:30:40,629 --> 01:30:38,960

seem to be quite curious or actually

2250

01:30:42,629 --> 01:30:40,639

instead of trying to

2251

01:30:45,910 --> 01:30:42,639

not be seen they will actually come in

2252

01:30:48,629 --> 01:30:45,920

if an auto automobile pulls in

2253

01:30:49,669 --> 01:30:48,639

uh one of the cemeteries

2254

01:30:52,790 --> 01:30:49,679

um

2255

01:30:54,070 --> 01:30:52,800

in many instances these things will just

2256

01:30:55,669 --> 01:30:54,080

come in

2257

01:30:56,950 --> 01:30:55,679

really quick and they'll hover and

2258

01:30:58,070 --> 01:30:56,960

they'll move around can i ask you a

2259

01:31:00,709 --> 01:30:58,080

question

2260

01:31:02,790 --> 01:31:00,719

yes if you hold your hand out

2261

01:31:04,629 --> 01:31:02,800

and put up your your hand if you if you

2262

01:31:06,310 --> 01:31:04,639

hold your arm out put up your hand it's

2263

01:31:08,709 --> 01:31:06,320

the size of a pinky

2264

01:31:10,229 --> 01:31:08,719

pinky nail

2265

01:31:12,470 --> 01:31:10,239

eyes what

2266

01:31:14,790 --> 01:31:12,480

of a pinky nail

2267

01:31:16,870 --> 01:31:14,800

oh no no no no no no

2268

01:31:18,390 --> 01:31:16,880

i've seen these ten feet away and

2269

01:31:19,830 --> 01:31:18,400

they're not

2270

01:31:23,430 --> 01:31:19,840

wasn't carolyn just saying something

2271

01:31:25,110 --> 01:31:23,440

about these these these balls

2272

01:31:26,310 --> 01:31:25,120

these light balls

2273

01:31:28,870 --> 01:31:26,320

tim

2274

01:31:31,030 --> 01:31:28,880

huh i'm sorry i didn't ask us just say

2275

01:31:32,790 --> 01:31:31,040

something about the light bulbs as well

2276

01:31:34,070 --> 01:31:32,800

a light bulb experience well yeah but

2277

01:31:35,830 --> 01:31:34,080

they're they're all different they're

2278

01:31:37,510 --> 01:31:35,840

all different sizes what what is the

2279

01:31:38,950 --> 01:31:37,520

largest one that uh that you've

2280

01:31:39,830 --> 01:31:38,960

approached

2281

01:31:41,910 --> 01:31:39,840

uh

2282

01:31:43,510 --> 01:31:41,920

well i didn't see this one but the

2283

01:31:45,669 --> 01:31:43,520

largest one

2284

01:31:47,030 --> 01:31:45,679

very near the ground

2285

01:31:52,149 --> 01:31:47,040

uh

2286

01:31:55,110 --> 01:31:52,159

feet in diameter

2287

01:31:55,910 --> 01:31:55,120

which is is exceptionally large that's

2288

01:31:57,990 --> 01:31:55,920

pretty big

2289

01:32:00,550 --> 01:31:58,000

well now what what do you make out of

2290

01:32:01,510 --> 01:32:00,560

all this obviously these are

2291

01:32:04,629 --> 01:32:01,520

not

2292

01:32:06,310 --> 01:32:04,639

spacecraft i mean there doesn't seem

2293

01:32:08,870 --> 01:32:06,320

that you say you say they're under

2294

01:32:11,030 --> 01:32:08,880

intelligent control but it doesn't sound

2295

01:32:12,790 --> 01:32:11,040

like there's somebody inside steering

2296

01:32:13,590 --> 01:32:12,800

this thing around

2297

01:32:16,790 --> 01:32:13,600

uh

2298

01:32:19,189 --> 01:32:16,800

not unless you're really small

2299

01:32:26,470 --> 01:32:23,110

i think i think the baseball size

2300

01:32:28,709 --> 01:32:26,480

devices are

2301
01:32:31,510 --> 01:32:28,719
probes of some sort

2302
01:32:34,229 --> 01:32:31,520
now for what i have no idea

2303
01:32:37,110 --> 01:32:34,239
uh valet was there

2304
01:32:42,870 --> 01:32:41,030
spent a good bit of time and

2305
01:32:45,750 --> 01:32:42,880
i thought it was interesting he made the

2306
01:32:49,270 --> 01:32:45,760
comment as he was getting ready to leave

2307
01:32:51,669 --> 01:32:49,280
to fly back to california

2308
01:32:53,510 --> 01:32:51,679
he said because he'd been reading a lot

2309
01:32:56,070 --> 01:32:53,520
of my reports

2310
01:32:57,189 --> 01:32:56,080
and uh and we have been talking a lot

2311
01:32:58,790 --> 01:32:57,199
and

2312
01:32:59,830 --> 01:32:58,800
uh he said

2313
01:33:03,510 --> 01:32:59,840

ted

2314

01:33:06,709 --> 01:33:03,520

i believe that a human presence

2315

01:33:08,870 --> 01:33:06,719

is necessary for these things

2316

01:33:11,350 --> 01:33:08,880

and uh

2317

01:33:15,590 --> 01:33:11,360

i i tend to agree

2318

01:33:16,950 --> 01:33:15,600

with that in that they seem to be

2319

01:33:20,070 --> 01:33:16,960

curious

2320

01:33:21,510 --> 01:33:20,080

about uh automobiles people

2321

01:33:23,590 --> 01:33:21,520

and so on

2322

01:33:25,910 --> 01:33:23,600

and uh

2323

01:33:26,870 --> 01:33:25,920

i had a human presence

2324

01:33:27,910 --> 01:33:26,880

yes

2325

01:33:30,470 --> 01:33:27,920

yeah

2326

01:33:32,470 --> 01:33:30,480

well where where are they

2327

01:33:37,510 --> 01:33:32,480

no no no no

2328

01:33:40,070 --> 01:33:37,520

the objects are curious about human

2329

01:33:41,270 --> 01:33:40,080

oh i got you all right guys hit you cut

2330

01:33:42,709 --> 01:33:41,280

you off we have a caller on the line

2331

01:33:44,709 --> 01:33:42,719

chris brown has joined the uh the

2332

01:33:47,350 --> 01:33:44,719

conversation chris brown you're live on

2333

01:33:49,510 --> 01:33:47,360

unraveling the secrets hello how are you

2334

01:33:51,510 --> 01:33:49,520

doing how's everyone doing tonight how

2335

01:33:53,750 --> 01:33:51,520

are you doing very good

2336

01:33:55,990 --> 01:33:53,760

question yeah i was just calling in you

2337

01:33:58,390 --> 01:33:56,000

know you're talking about the the the

2338

01:34:00,709 --> 01:33:58,400

light bulbs on the marley lights and and

2339

01:34:01,910 --> 01:34:00,719

the orbs and and uh

2340

01:34:04,070 --> 01:34:01,920

i don't know

2341

01:34:06,470 --> 01:34:04,080

really kind of get too much into to if

2342

01:34:09,910 --> 01:34:06,480

you know anything that happened to me

2343

01:34:12,629 --> 01:34:09,920

uh but i had a uh and my son had a

2344

01:34:14,470 --> 01:34:12,639

close encounter with a light bulb or

2345

01:34:17,270 --> 01:34:14,480

six feet away from us

2346

01:34:20,070 --> 01:34:17,280

and we could see perfectly inside of it

2347

01:34:22,390 --> 01:34:20,080

and um it's uh

2348

01:34:24,629 --> 01:34:22,400

it was just basically almost what you

2349

01:34:27,189 --> 01:34:24,639

were describing there i was on

2350

01:34:28,629 --> 01:34:27,199

uh bill and nancy uh show

2351

01:34:29,669 --> 01:34:28,639

angel and i did

2352

01:34:31,910 --> 01:34:29,679

uh

2353

01:34:34,629 --> 01:34:31,920

i guess several months back now and and

2354

01:34:36,149 --> 01:34:34,639

they were talking about about about you

2355

01:34:38,790 --> 01:34:36,159

and and your

2356

01:34:40,470 --> 01:34:38,800

experiences with the marley lights and

2357

01:34:42,310 --> 01:34:40,480

they had brought up

2358

01:34:45,590 --> 01:34:42,320

uh they said well have you ever heard of

2359

01:34:47,350 --> 01:34:45,600

ted phillips and uh and about what and

2360

01:34:48,550 --> 01:34:47,360

so this was the first time i'd really

2361

01:34:50,709 --> 01:34:48,560

heard about

2362

01:34:51,990 --> 01:34:50,719

what you had said but but what my son

2363

01:34:55,270 --> 01:34:52,000

and i had had

2364

01:34:57,430 --> 01:34:55,280

the encounter ted with with the orb uh

2365

01:34:59,510 --> 01:34:57,440

six feet away from us it was so close uh

2366

01:35:01,430 --> 01:34:59,520

i could have touched it with my hand we

2367

01:35:03,350 --> 01:35:01,440

could see we could see perfectly inside

2368

01:35:06,870 --> 01:35:03,360

of it and we could see the bubble

2369

01:35:09,590 --> 01:35:06,880

around this the glass sphere that uh

2370

01:35:11,669 --> 01:35:09,600

with the red liquid inside of it and

2371

01:35:15,750 --> 01:35:11,679

what do you think it was

2372

01:35:19,990 --> 01:35:18,070

well as all as i know it was an orb and

2373

01:35:22,870 --> 01:35:20,000

a glass sphere

2374

01:35:25,109 --> 01:35:22,880

that was seemed to be inter controlled

2375

01:35:27,830 --> 01:35:25,119

by it came out of you know i'm kind of

2376

01:35:29,830 --> 01:35:27,840

coming in here on my story here of just

2377

01:35:31,430 --> 01:35:29,840

not coming in from from but whatever it

2378

01:35:32,950 --> 01:35:31,440

was control was coming out of these

2379

01:35:35,189 --> 01:35:32,960

discs that were

2380

01:35:37,109 --> 01:35:35,199

around um

2381

01:35:39,669 --> 01:35:37,119

around we didn't see them of course just

2382

01:35:41,109 --> 01:35:39,679

the orb but we seen them afterwards and

2383

01:35:43,109 --> 01:35:41,119

they were definitely

2384

01:35:46,229 --> 01:35:43,119

had to be controlled

2385

01:35:48,950 --> 01:35:46,239

uh from from off of these discs and and

2386

01:35:50,870 --> 01:35:48,960

and were some type of probe my sense and

2387

01:35:52,870 --> 01:35:50,880

that these these orbs were actually

2388

01:35:55,109 --> 01:35:52,880

actually part of the engines

2389

01:35:56,950 --> 01:35:55,119

uh that were part of these huge lights

2390

01:35:58,870 --> 01:35:56,960

so all these lights attached to some of

2391

01:36:01,189 --> 01:35:58,880

these discs that you see

2392

01:36:03,830 --> 01:36:01,199

and i i i believe that this

2393

01:36:05,270 --> 01:36:03,840

these are taken off from these discs and

2394

01:36:08,629 --> 01:36:05,280

kind of doing their own thing maybe

2395

01:36:11,350 --> 01:36:08,639

possibly is what it kind of seemed to me

2396

01:36:12,629 --> 01:36:11,360

but uh yeah that's what happened so you

2397

01:36:14,629 --> 01:36:12,639

know when i heard about the marley

2398

01:36:16,550 --> 01:36:14,639

lights and and kind of heard about all

2399

01:36:18,709 --> 01:36:16,560

that it really

2400

01:36:20,950 --> 01:36:18,719

you know uh brings back a lot what

2401

01:36:22,310 --> 01:36:20,960

happened to us so well that's really

2402

01:36:24,709 --> 01:36:22,320

cool

2403

01:36:26,149 --> 01:36:24,719

ted when i first started investigating

2404

01:36:28,950 --> 01:36:26,159

uh ufos

2405

01:36:30,870 --> 01:36:28,960

uh i think you and i and probably almost

2406

01:36:33,830 --> 01:36:30,880

everybody else thought that we were

2407

01:36:35,510 --> 01:36:33,840

talking about you know spaceships from

2408

01:36:37,669 --> 01:36:35,520

somewhere uh

2409

01:36:39,910 --> 01:36:37,679

else kind of just like stanton friedman

2410

01:36:41,270 --> 01:36:39,920

still believes to this day but i think

2411

01:36:43,669 --> 01:36:41,280

we've both

2412

01:36:46,470 --> 01:36:43,679

at least to some degree uh

2413

01:36:48,790 --> 01:36:46,480

changed our opinion on this over the

2414

01:36:49,669 --> 01:36:48,800

years and uh

2415

01:36:51,990 --> 01:36:49,679

uh

2416

01:36:54,709 --> 01:36:52,000

haven't you converted over to the the

2417

01:36:56,550 --> 01:36:54,719

side of this being at least partially

2418

01:37:01,030 --> 01:36:56,560

paranormal in nature

2419

01:37:04,629 --> 01:37:02,629

i was

2420

01:37:07,990 --> 01:37:04,639

jay allen was

2421

01:37:10,870 --> 01:37:08,000

quite interested in the paranormal

2422

01:37:12,310 --> 01:37:10,880

uh he didn't talk publicly about it much

2423

01:37:13,270 --> 01:37:12,320

but

2424

01:37:15,109 --> 01:37:13,280

he

2425

01:37:17,109 --> 01:37:15,119

did introduce me to

2426

01:37:18,550 --> 01:37:17,119

a number of

2427

01:37:22,790 --> 01:37:18,560

people

2428

01:37:25,109 --> 01:37:22,800

well known in paranormal research and

2429

01:37:27,270 --> 01:37:25,119

i've always had kind of an interest but

2430

01:37:28,390 --> 01:37:27,280

i didn't have the time

2431

01:37:30,310 --> 01:37:28,400

to

2432

01:37:32,550 --> 01:37:30,320

veer off from the

2433

01:37:34,790 --> 01:37:32,560

ufo stuff

2434

01:37:38,470 --> 01:37:34,800

because i would have

2435

01:37:40,629 --> 01:37:38,480

very good physical trace cases uh an old

2436

01:37:43,030 --> 01:37:40,639

farmhouse

2437

01:37:45,669 --> 01:37:43,040

and uh

2438

01:37:47,350 --> 01:37:45,679

object hovering outside a bedroom window

2439

01:37:50,390 --> 01:37:47,360

third floor

2440

01:37:51,590 --> 01:37:50,400

and they see a couple of guys inside

2441

01:37:52,950 --> 01:37:51,600

this thing

2442

01:37:56,149 --> 01:37:52,960

sort of window

2443

01:37:59,109 --> 01:37:56,159

it leaves physical traces

2444

01:38:00,870 --> 01:37:59,119

melts the snow and ice and dehydrates

2445

01:38:01,750 --> 01:38:00,880

the soil and all that

2446

01:38:02,709 --> 01:38:01,760

and

2447

01:38:06,550 --> 01:38:02,719

the

2448

01:38:08,950 --> 01:38:06,560

son

2449

01:38:11,030 --> 01:38:08,960

as soon as this thing takes off they run

2450

01:38:13,109 --> 01:38:11,040

outside the farmhouse

2451

01:38:14,950 --> 01:38:13,119

and they find this spot where it's

2452

01:38:18,310 --> 01:38:14,960

melted and so on

2453

01:38:19,750 --> 01:38:18,320

and they turn around walk back into the

2454

01:38:22,790 --> 01:38:19,760

farmhouse

2455

01:38:25,910 --> 01:38:22,800

and dishes and plates and books are

2456

01:38:28,070 --> 01:38:25,920

flying across the room

2457

01:38:29,669 --> 01:38:28,080

older guys stuff

2458

01:38:30,550 --> 01:38:29,679

and

2459

01:38:57,510 --> 01:38:30,560

i

2460

01:39:01,910 --> 01:38:57,520

too

2461

01:39:03,590 --> 01:39:01,920

of the baseball sized light bulb

2462

01:39:06,229 --> 01:39:03,600

seen inside

2463

01:39:09,910 --> 01:39:06,239

a house a farmhouse

2464

01:39:10,830 --> 01:39:09,920

and at very close range daylight night

2465

01:39:13,510 --> 01:39:10,840

time

2466

01:39:15,669 --> 01:39:13,520

whatever and

2467

01:39:17,510 --> 01:39:15,679

so my question is

2468

01:39:19,990 --> 01:39:17,520

if you see

2469

01:39:23,189 --> 01:39:20,000

a baseball sized light ball

2470

01:39:25,750 --> 01:39:23,199

10 feet away over a field

2471

01:39:27,590 --> 01:39:25,760

four feet above the ground

2472

01:39:30,950 --> 01:39:27,600

that's a ufo

2473

01:39:34,070 --> 01:39:30,960

what if you see an identical object

2474

01:39:36,229 --> 01:39:34,080

inside a house is that paranormal or is

2475

01:39:37,109 --> 01:39:36,239

it ufo

2476

01:39:40,550 --> 01:39:37,119

and

2477

01:39:43,270 --> 01:39:40,560

i i the line is becoming very thin what

2478

01:39:45,750 --> 01:39:43,280

do you think mr bean

2479

01:39:47,510 --> 01:39:45,760

well now you know the court the caller

2480

01:39:49,910 --> 01:39:47,520

oh chris chris yeah

2481

01:39:52,310 --> 01:39:49,920

oh i

2482

01:39:54,709 --> 01:39:52,320

i really don't know you know i it

2483

01:39:56,310 --> 01:39:54,719

definitely seems uh it sounds like you

2484

01:39:58,149 --> 01:39:56,320

got shook up from it though i mean how

2485

01:40:00,950 --> 01:39:58,159

did it feel what did you think what do

2486

01:40:03,270 --> 01:40:00,960

you think instinctively

2487

01:40:08,870 --> 01:40:03,280

instinctively

2488

01:40:11,350 --> 01:40:08,880

i never believed in any alien thing

2489

01:40:13,030 --> 01:40:11,360

before any of my encounters so where

2490

01:40:15,350 --> 01:40:13,040

were you with your son where were you

2491

01:40:17,270 --> 01:40:15,360

exactly in front of my house

2492

01:40:20,070 --> 01:40:17,280

this is the the second encounter that i

2493

01:40:21,189 --> 01:40:20,080

had i had the first one 11 days earlier

2494

01:40:25,109 --> 01:40:21,199

with the

2495

01:40:26,310 --> 01:40:25,119

that thing to come back and

2496

01:40:28,470 --> 01:40:26,320

well it did

2497

01:40:30,950 --> 01:40:28,480

and it came back and did all what i

2498

01:40:32,950 --> 01:40:30,960

prayed for it to come and do it

2499

01:40:34,870 --> 01:40:32,960

well except for get a picture

2500

01:40:37,030 --> 01:40:34,880

but uh

2501

01:40:38,870 --> 01:40:37,040

no it did it came back six feet from us

2502

01:40:42,229 --> 01:40:38,880

and it and i and this thing was under

2503

01:40:44,470 --> 01:40:42,239

control as angel and i was i talked to

2504

01:40:46,709 --> 01:40:44,480

on the show this thing went over

2505

01:40:49,510 --> 01:40:46,719

the power uh where they

2506

01:40:51,109 --> 01:40:49,520

maybe it was a summer before that um two

2507

01:40:52,709 --> 01:40:51,119

summers before that right in front of

2508

01:40:55,350 --> 01:40:52,719

the house here they tore up the road

2509

01:40:57,430 --> 01:40:55,360

they put new fiber optic cable in

2510

01:41:00,149 --> 01:40:57,440

and where it was

2511

01:41:01,830 --> 01:41:00,159

what was spinning the orb it was um

2512

01:41:05,109 --> 01:41:01,840

spinning backwards while it was going

2513

01:41:07,189 --> 01:41:05,119

forward the outer bubble um around the

2514

01:41:09,189 --> 01:41:07,199

sphere the sphere i'd put would be

2515

01:41:10,950 --> 01:41:09,199

probably about the size of a beach ball

2516

01:41:12,790 --> 01:41:10,960

and that but the outer part it was

2517

01:41:14,149 --> 01:41:12,800

spinning

2518

01:41:16,149 --> 01:41:14,159

backwards while it's going forward you

2519

01:41:17,669 --> 01:41:16,159

could see it sucking the power from

2520

01:41:19,830 --> 01:41:17,679

underneath the wires from the road i

2521

01:41:21,910 --> 01:41:19,840

mean it was really obvious that it was

2522

01:41:23,669 --> 01:41:21,920

sucking the power and it was using that

2523

01:41:25,750 --> 01:41:23,679

power i know it was

2524

01:41:27,830 --> 01:41:25,760

using that power

2525

01:41:29,669 --> 01:41:27,840

to for the for the magnetic bubble

2526

01:41:31,830 --> 01:41:29,679

around it so we could be able to see

2527

01:41:33,830 --> 01:41:31,840

inside of it because i mean when i tell

2528

01:41:35,270 --> 01:41:33,840

you i could see perfectly inside of as

2529

01:41:36,390 --> 01:41:35,280

well as i'm looking at the computer

2530

01:41:38,390 --> 01:41:36,400

right now

2531

01:41:40,790 --> 01:41:38,400

like say i can't get into a to z the

2532

01:41:42,870 --> 01:41:40,800

whole entire story but but it would all

2533

01:41:44,070 --> 01:41:42,880

that really i could just see inside of

2534

01:41:45,669 --> 01:41:44,080

it well

2535

01:41:46,950 --> 01:41:45,679

chris have you ever been able to have

2536

01:41:49,109 --> 01:41:46,960

you been out with your camera have you

2537

01:41:51,430 --> 01:41:49,119

taken pictures of these uh you know at

2538

01:41:54,229 --> 01:41:51,440

least ted has all this video uh footage

2539

01:41:57,270 --> 01:41:54,239

which is uh very impressive i've i've

2540

01:41:59,590 --> 01:41:57,280

studied it to some degree uh have you

2541

01:42:01,109 --> 01:41:59,600

had any luck taking pictures or video of

2542

01:42:04,950 --> 01:42:01,119

it

2543

01:42:07,270 --> 01:42:04,960

guys i just really be honest

2544

01:42:10,149 --> 01:42:07,280

it's been so stressful for me that i

2545

01:42:11,990 --> 01:42:10,159

don't want to go outside uh i'm scared

2546

01:42:13,590 --> 01:42:12,000

that it's going to happen again

2547

01:42:15,350 --> 01:42:13,600

i'm scared that i can't get the memories

2548

01:42:17,430 --> 01:42:15,360

out of my head and i'm consistently

2549

01:42:19,189 --> 01:42:17,440

going to sit there and think about it

2550

01:42:20,390 --> 01:42:19,199

over and over and over and over and over

2551
01:42:21,189 --> 01:42:20,400
again

2552
01:42:22,149 --> 01:42:21,199
and

2553
01:42:24,229 --> 01:42:22,159
um

2554
01:42:26,629 --> 01:42:24,239
and i really just haven't gone out and

2555
01:42:29,430 --> 01:42:26,639
looked out well you seem to give a kind

2556
01:42:31,910 --> 01:42:29,440
of a negative connotation to this ted

2557
01:42:34,310 --> 01:42:31,920
what's what's your feeling on this or uh

2558
01:42:36,390 --> 01:42:34,320
do you get negative uh

2559
01:42:38,390 --> 01:42:36,400
vibes from this or positive vibes or

2560
01:42:40,229 --> 01:42:38,400
neutral vibes or uh

2561
01:42:42,070 --> 01:42:40,239
i'm kind of a neutral i really it's like

2562
01:42:44,310 --> 01:42:42,080
i'm on the edge of both christian

2563
01:42:46,390 --> 01:42:44,320

poltergeist vibes chris

2564

01:42:48,629 --> 01:42:46,400

no i've never encountered a ghost or

2565

01:42:49,830 --> 01:42:48,639

poltergeist or anything in my life

2566

01:42:51,510 --> 01:42:49,840

nothing

2567

01:42:54,310 --> 01:42:51,520

ted what do you what do you what do you

2568

01:42:58,629 --> 01:42:54,320

say negative positive neutral

2569

01:43:01,990 --> 01:42:58,639

i think uh by and large uh neutral and

2570

01:43:03,669 --> 01:43:02,000

in all of these cases that uh that i've

2571

01:43:05,030 --> 01:43:03,679

investigated

2572

01:43:06,870 --> 01:43:05,040

um

2573

01:43:11,510 --> 01:43:06,880

they have not really

2574

01:43:13,750 --> 01:43:11,520

seemed to pose any kind of threat and

2575

01:43:16,229 --> 01:43:13,760

there have been a lot of cases where

2576

01:43:19,750 --> 01:43:16,239

they could have snatched a farmer

2577

01:43:20,790 --> 01:43:19,760

or a farmer and his wife and his dog

2578

01:43:23,750 --> 01:43:20,800

and

2579

01:43:25,270 --> 01:43:23,760

they didn't they had the perfect chance

2580

01:43:28,629 --> 01:43:25,280

to take them

2581

01:43:30,870 --> 01:43:28,639

and uh i have never ran into a case like

2582

01:43:32,790 --> 01:43:30,880

that how do the animals how do the

2583

01:43:35,669 --> 01:43:32,800

animals behave

2584

01:43:38,149 --> 01:43:35,679

that's that's something i i am such a

2585

01:43:39,830 --> 01:43:38,159

dog lover and i've got two big old guys

2586

01:43:42,310 --> 01:43:39,840

i know there's a photo of you in the

2587

01:43:44,870 --> 01:43:42,320

facebook the big pooch there

2588

01:43:47,669 --> 01:43:44,880

yeah boy i love them

2589

01:43:50,629 --> 01:43:47,679

and so i've always paid extra attention

2590

01:43:52,709 --> 01:43:50,639

to i have a separate file animal

2591

01:43:55,430 --> 01:43:52,719

reaction cases

2592

01:43:58,390 --> 01:43:55,440

and i find it so uh

2593

01:44:00,070 --> 01:43:58,400

typical for dogs because they're so very

2594

01:44:02,709 --> 01:44:00,080

sensitive to

2595

01:44:04,229 --> 01:44:02,719

so much more than than we

2596

01:44:05,350 --> 01:44:04,239

and

2597

01:44:10,070 --> 01:44:05,360

they

2598

01:44:13,189 --> 01:44:10,080

generally

2599

01:44:14,950 --> 01:44:13,199

but they uh become excited that

2600

01:44:16,390 --> 01:44:14,960

something different

2601

01:44:18,950 --> 01:44:16,400

is there

2602

01:44:21,830 --> 01:44:18,960

and uh

2603

01:44:24,229 --> 01:44:21,840

you know and very quickly let me let me

2604

01:44:26,550 --> 01:44:24,239

give you a case now this is from marley

2605

01:44:28,629 --> 01:44:26,560

and this is a good example

2606

01:44:31,430 --> 01:44:28,639

of what i'm talking about

2607

01:44:35,430 --> 01:44:31,440

believing that these are constructed

2608

01:44:38,629 --> 01:44:35,440

under intelligent control and so on

2609

01:44:40,470 --> 01:44:38,639

uh two attorneys

2610

01:44:44,149 --> 01:44:40,480

uh

2611

01:44:46,870 --> 01:44:44,159

guy and his wife and they're down at a

2612

01:44:48,950 --> 01:44:46,880

little cemetery in one of the

2613

01:44:52,870 --> 01:44:48,960

marley sections

2614

01:44:53,910 --> 01:44:52,880

and skeptics did not believe in ufos at

2615

01:44:55,350 --> 01:44:53,920

all

2616

01:44:58,070 --> 01:44:55,360

and uh

2617

01:45:00,709 --> 01:44:58,080

but they had heard

2618

01:45:02,790 --> 01:45:00,719

that things were being seen and so on

2619

01:45:03,590 --> 01:45:02,800

some of their friends

2620

01:45:07,350 --> 01:45:03,600

and

2621

01:45:10,149 --> 01:45:07,360

automobile

2622

01:45:13,590 --> 01:45:10,159

uh looking not expecting to see anything

2623

01:45:17,270 --> 01:45:13,600

and all of a sudden at a tree line

2624

01:45:20,229 --> 01:45:17,280

uh several hundred feet to the north

2625

01:45:21,510 --> 01:45:20,239

suddenly they see clusters of these

2626
01:45:23,590 --> 01:45:21,520
small

2627
01:45:24,709 --> 01:45:23,600
brilliant lights

2628
01:45:28,070 --> 01:45:24,719
um

2629
01:45:31,590 --> 01:45:28,080
which turn out to be about baseball size

2630
01:45:35,030 --> 01:45:31,600
and they're just kind of playing around

2631
01:45:37,669 --> 01:45:35,040
from the ground to the tops of the trees

2632
01:45:41,030 --> 01:45:37,679
up and down around and so on

2633
01:45:44,070 --> 01:45:41,040
and they're standing there amazed

2634
01:45:46,870 --> 01:45:44,080
and all of a sudden two of these light

2635
01:45:49,910 --> 01:45:46,880
balls break out of the cluster

2636
01:45:53,109 --> 01:45:49,920
and come straight at them

2637
01:45:56,390 --> 01:45:53,119
and when the two light balls are an

2638
01:45:59,510 --> 01:45:56,400

estimated 200 feet from them

2639

01:46:02,070 --> 01:45:59,520

one of the two makes an abrupt right

2640

01:46:03,910 --> 01:46:02,080

angle turn to the east

2641

01:46:06,470 --> 01:46:03,920

and flies into

2642

01:46:08,310 --> 01:46:06,480

trees several hundred feet to the east

2643

01:46:09,990 --> 01:46:08,320

and disappears

2644

01:46:12,709 --> 01:46:10,000

um

2645

01:46:15,189 --> 01:46:12,719

the other the remaining light ball

2646

01:46:16,149 --> 01:46:15,199

continues towards them

2647

01:46:21,430 --> 01:46:16,159

and

2648

01:46:23,750 --> 01:46:21,440

light ball at shoulder level

2649

01:46:24,830 --> 01:46:23,760

passes between

2650

01:46:27,750 --> 01:46:24,840

the two

2651

01:46:31,510 --> 01:46:27,760

attorneys no sound

2652

01:46:35,590 --> 01:46:31,520

no vibrations no heat no cool

2653

01:46:36,709 --> 01:46:35,600

nothing no air turbulence no air chains

2654

01:46:41,590 --> 01:46:36,719

and

2655

01:46:43,030 --> 01:46:41,600

flies solar high between

2656

01:46:45,830 --> 01:46:43,040

the two

2657

01:46:47,910 --> 01:46:45,840

and they spin around and watch as it

2658

01:46:51,990 --> 01:46:47,920

goes across the gravel road

2659

01:46:53,750 --> 01:46:52,000

out into a field makes an abrupt uh west

2660

01:46:55,350 --> 01:46:53,760

right angle turn

2661

01:46:59,510 --> 01:46:55,360

into trees

2662

01:47:00,629 --> 01:46:59,520

and bursts into gazillion pieces

2663

01:47:03,430 --> 01:47:00,639

and

2664

01:47:06,550 --> 01:47:03,440

those gazillion pieces just kind of hang

2665

01:47:09,030 --> 01:47:06,560

there and all go back together and form

2666

01:47:10,310 --> 01:47:09,040

the bulb whoa

2667

01:47:12,229 --> 01:47:10,320

whoa

2668

01:47:17,189 --> 01:47:12,239

pretty spooky

2669

01:47:18,950 --> 01:47:17,199

fairies or something

2670

01:47:21,109 --> 01:47:18,960

like fairy ghosts or something like

2671

01:47:22,870 --> 01:47:21,119

fairies or something well you know if i

2672

01:47:25,189 --> 01:47:22,880

may interject and and say something

2673

01:47:28,070 --> 01:47:25,199

maybe give you a little hindsight on to

2674

01:47:30,070 --> 01:47:28,080

when the orb uh went by us to give you

2675

01:47:33,189 --> 01:47:30,080

really which in exactly what it was

2676
01:47:35,510 --> 01:47:33,199
happening is is it had the bubble around

2677
01:47:37,750 --> 01:47:35,520
the sphere if i had to put the bubble

2678
01:47:39,430 --> 01:47:37,760
around the sphere the sphere was about

2679
01:47:42,070 --> 01:47:39,440
the size of a beach ball

2680
01:47:43,750 --> 01:47:42,080
but the whole bubble itself was

2681
01:47:45,990 --> 01:47:43,760
probably about

2682
01:47:49,109 --> 01:47:46,000
i'd say five feet by five feet in

2683
01:47:51,910 --> 01:47:49,119
diameter and inside of it was all this

2684
01:47:53,669 --> 01:47:51,920
golden dust i mean it was

2685
01:47:55,990 --> 01:47:53,679
so much golden dust it looked like a

2686
01:47:59,350 --> 01:47:56,000
static tv and now all that

2687
01:48:00,709 --> 01:47:59,360
was floating around the sphere

2688
01:48:03,030 --> 01:48:00,719

and to me

2689

01:48:04,629 --> 01:48:03,040

it was that stuff

2690

01:48:06,070 --> 01:48:04,639

that was making

2691

01:48:09,510 --> 01:48:06,080

that thing

2692

01:48:11,430 --> 01:48:09,520

spin so just when you said well then it

2693

01:48:14,070 --> 01:48:11,440

went and it went into a

2694

01:48:17,030 --> 01:48:14,080

bunch of different pieces

2695

01:48:19,030 --> 01:48:17,040

there was major amounts of dust floating

2696

01:48:21,109 --> 01:48:19,040

inside of that orb there was so much

2697

01:48:23,270 --> 01:48:21,119

dust floating inside that orb

2698

01:48:24,709 --> 01:48:23,280

i just couldn't tell you how much so now

2699

01:48:26,229 --> 01:48:24,719

you're afraid to go back out again

2700

01:48:29,270 --> 01:48:26,239

because you're well i'm getting better

2701

01:48:31,109 --> 01:48:29,280

i'm getting better i'm getting better

2702

01:48:32,470 --> 01:48:31,119

i'm just saying it's a giant orb i don't

2703

01:48:34,629 --> 01:48:32,480

know i don't even know what how that

2704

01:48:35,669 --> 01:48:34,639

would register if i saw one

2705

01:48:37,109 --> 01:48:35,679

hey

2706

01:48:40,870 --> 01:48:37,119

ted i know we're running out of time

2707

01:48:43,350 --> 01:48:40,880

here any physical traces of this burn

2708

01:48:46,550 --> 01:48:43,360

marks or or anything like that

2709

01:48:47,750 --> 01:48:46,560

uh of the uh in marley or of the uh

2710

01:48:48,629 --> 01:48:47,760

light bulbs

2711

01:48:50,149 --> 01:48:48,639

yeah

2712

01:48:52,310 --> 01:48:50,159

uh marley yes

2713

01:48:55,189 --> 01:48:52,320

actually both yeah

2714

01:48:59,510 --> 01:48:55,199

yeah we've had uh uh

2715

01:49:02,310 --> 01:48:59,520

70 i believe it right now 71 uh landing

2716

01:49:03,189 --> 01:49:02,320

site in marley and

2717

01:49:07,510 --> 01:49:03,199

the

2718

01:49:09,510 --> 01:49:07,520

leave

2719

01:49:11,830 --> 01:49:09,520

a residue if they

2720

01:49:16,229 --> 01:49:11,840

should ever near

2721

01:49:19,589 --> 01:49:16,239

plants or a bush or the ground

2722

01:49:21,750 --> 01:49:19,599

and uh so yeah they do generate uh

2723

01:49:24,950 --> 01:49:21,760

physical effects yeah

2724

01:49:26,790 --> 01:49:24,960

what what sort of what sort of residue

2725

01:49:28,870 --> 01:49:26,800

is it sticks

2726

01:49:30,310 --> 01:49:28,880

sticky powdery

2727

01:49:32,229 --> 01:49:30,320

gummy

2728

01:49:36,950 --> 01:49:32,239

it's it's powdery

2729

01:49:40,310 --> 01:49:38,790

brownish color

2730

01:49:43,030 --> 01:49:40,320

and

2731

01:49:44,629 --> 01:49:43,040

not in very large quantities but uh

2732

01:49:47,510 --> 01:49:44,639

nevertheless

2733

01:49:50,070 --> 01:49:47,520

there's a physical residue it it doesn't

2734

01:49:51,750 --> 01:49:50,080

glow in the dark or anything like that

2735

01:49:54,790 --> 01:49:51,760

no and

2736

01:49:56,470 --> 01:49:54,800

as you well know since delphi's kansas i

2737

01:49:57,510 --> 01:49:56,480

really watched ah that's what i was

2738

01:50:00,229 --> 01:49:57,520

thinking of

2739

01:50:02,950 --> 01:50:00,239

we needed we need another hour for that

2740

01:50:05,510 --> 01:50:02,960

oh boy

2741

01:50:07,510 --> 01:50:05,520

and then another uh another hour for

2742

01:50:11,430 --> 01:50:07,520

your investigation to

2743

01:50:13,350 --> 01:50:11,440

uh iron man underground but i guess

2744

01:50:15,990 --> 01:50:13,360

yeah yeah come on that's that's got to

2745

01:50:19,189 --> 01:50:16,000

be one of the greatest cases of uh of

2746

01:50:20,629 --> 01:50:19,199

all time uh anyway ted so what outside

2747

01:50:22,149 --> 01:50:20,639

of marley are you working on anything

2748

01:50:25,350 --> 01:50:22,159

else these days

2749

01:50:29,350 --> 01:50:25,360

yeah i've got uh a uh a new

2750

01:50:30,950 --> 01:50:29,360

second site which is uh about 40 miles

2751
01:50:32,790 --> 01:50:30,960
from marley

2752
01:50:34,950 --> 01:50:32,800
and uh

2753
01:50:36,229 --> 01:50:34,960
it it has it all

2754
01:50:38,870 --> 01:50:36,239
uh

2755
01:50:41,189 --> 01:50:38,880
kind of like marley um

2756
01:50:45,270 --> 01:50:41,199
bigfoot uh

2757
01:50:50,870 --> 01:50:45,280
cases including uh some excellent uh

2758
01:50:54,790 --> 01:50:53,109
we're we're not allowed to talk about

2759
01:50:56,870 --> 01:50:54,800
bigfoot

2760
01:50:59,750 --> 01:50:56,880
well the only the thing i like about

2761
01:51:00,470 --> 01:50:59,760
this one particular case which is recent

2762
01:51:02,310 --> 01:51:00,480
is

2763
01:51:04,870 --> 01:51:02,320

the guy the gentleman

2764

01:51:07,589 --> 01:51:04,880

is a very good friend of mine i believe

2765

01:51:09,189 --> 01:51:07,599

him totally and his wife and his adult

2766

01:51:12,629 --> 01:51:09,199

adult son

2767

01:51:15,030 --> 01:51:12,639

all saw this this guy for some time and

2768

01:51:18,470 --> 01:51:15,040

photographed the footprints but there

2769

01:51:19,589 --> 01:51:18,480

also is a extremely old and very haunted

2770

01:51:21,910 --> 01:51:19,599

house

2771

01:51:23,350 --> 01:51:21,920

where i've gotten some interesting stuff

2772

01:51:26,550 --> 01:51:23,360

recorded

2773

01:51:29,990 --> 01:51:26,560

uh and ufos light bulbs

2774

01:51:32,550 --> 01:51:30,000

any now uh of course at paranormal

2775

01:51:35,189 --> 01:51:32,560

locations a lot of time people will pick

2776

01:51:37,830 --> 01:51:35,199

up uh you know evp's electronic voice

2777

01:51:41,430 --> 01:51:37,840

phenomena anything like that

2778

01:51:46,830 --> 01:51:44,470

yeah a very good friend of mine who is a

2779

01:51:48,950 --> 01:51:46,840

actually a very well-known

2780

01:51:50,950 --> 01:51:48,960

musician uh

2781

01:51:53,830 --> 01:51:50,960

owns that property

2782

01:51:55,030 --> 01:51:53,840

and uh well he and i go up there quite

2783

01:51:56,470 --> 01:51:55,040

often

2784

01:51:59,750 --> 01:51:56,480

and uh

2785

01:52:03,030 --> 01:51:59,760

we set up the voice recorder

2786

01:52:07,189 --> 01:52:03,040

and uh it's the first time i i actually

2787

01:52:08,470 --> 01:52:07,199

uh recorded something like that an evp

2788

01:52:11,750 --> 01:52:08,480

and uh

2789

01:52:13,990 --> 01:52:11,760

he was asking the question of a relative

2790

01:52:16,870 --> 01:52:14,000

who had lived in that house

2791

01:52:18,870 --> 01:52:16,880

and uh when i got back

2792

01:52:20,149 --> 01:52:18,880

uh and i went through

2793

01:52:21,750 --> 01:52:20,159

um

2794

01:52:22,550 --> 01:52:21,760

the audio

2795

01:52:25,350 --> 01:52:22,560

uh

2796

01:52:26,950 --> 01:52:25,360

in response to him i can hear a male

2797

01:52:29,510 --> 01:52:26,960

voice

2798

01:52:30,629 --> 01:52:29,520

but i can't quite make out what it's

2799

01:52:34,149 --> 01:52:30,639

saying

2800

01:52:37,030 --> 01:52:34,159

and then about 10 seconds later

2801
01:52:38,790 --> 01:52:37,040
like a group of people

2802
01:52:40,390 --> 01:52:38,800
sounds like they're talking among

2803
01:52:41,830 --> 01:52:40,400
themselves

2804
01:52:44,229 --> 01:52:41,840
and believe me

2805
01:52:46,870 --> 01:52:44,239
there's not even any electricity for

2806
01:52:47,910 --> 01:52:46,880
eight miles in any direction from there

2807
01:52:50,149 --> 01:52:47,920
so

2808
01:52:51,910 --> 01:52:50,159
you know uh i was just working on this

2809
01:52:54,229 --> 01:52:51,920
book that'll be uh

2810
01:52:57,350 --> 01:52:54,239
coming out in a couple of weeks called

2811
01:52:58,390 --> 01:52:57,360
uh ufo repeaters the camera doesn't lie

2812
01:53:01,589 --> 01:52:58,400
and

2813
01:53:04,149 --> 01:53:01,599

i i did a uh i had was fairly close to

2814

01:53:06,870 --> 01:53:04,159

this uh lady uh by the name of stella

2815

01:53:08,629 --> 01:53:06,880

lansing she's since deceased i i guess

2816

01:53:10,629 --> 01:53:08,639

you must have probably heard of the the

2817

01:53:13,030 --> 01:53:10,639

case she was able to go out with a

2818

01:53:14,390 --> 01:53:13,040

camera at night now of course not every

2819

01:53:16,629 --> 01:53:14,400

night and

2820

01:53:18,629 --> 01:53:16,639

this was a camera not a video recorder

2821

01:53:21,510 --> 01:53:18,639

in those days and she would come in and

2822

01:53:23,910 --> 01:53:21,520

develop the uh the film uh i think eight

2823

01:53:26,229 --> 01:53:23,920

millimeter maybe later on 16 millimeter

2824

01:53:27,189 --> 01:53:26,239

and there would be all sorts of weird

2825

01:53:29,750 --> 01:53:27,199

things

2826

01:53:31,430 --> 01:53:29,760

on the uh on the film i mean we never

2827

01:53:34,709 --> 01:53:31,440

could figure out we never could figure

2828

01:53:37,589 --> 01:53:34,719

out whether it was her that was causing

2829

01:53:40,550 --> 01:53:37,599

the phenomena or whether it was the

2830

01:53:42,709 --> 01:53:40,560

locations that she was going to or maybe

2831

01:53:45,109 --> 01:53:42,719

it's a combination of both do you think

2832

01:53:47,910 --> 01:53:45,119

that certain people have the vibe

2833

01:53:49,430 --> 01:53:47,920

to attract this is it you that they're

2834

01:53:50,870 --> 01:53:49,440

looking for ted

2835

01:53:52,390 --> 01:53:50,880

well

2836

01:53:56,149 --> 01:53:52,400

the

2837

01:53:57,830 --> 01:53:56,159

musician guy my butt

2838

01:54:01,030 --> 01:53:57,840

uh

2839

01:54:03,830 --> 01:54:01,040

has the ability i believe

2840

01:54:07,510 --> 01:54:03,840

because he's described things

2841

01:54:08,870 --> 01:54:07,520

at marley where he had never been i know

2842

01:54:10,310 --> 01:54:08,880

for a fact

2843

01:54:11,910 --> 01:54:10,320

to a t

2844

01:54:15,430 --> 01:54:11,920

and uh

2845

01:54:17,270 --> 01:54:15,440

you know he just suddenly sees

2846

01:54:18,790 --> 01:54:17,280

like a drawing

2847

01:54:20,709 --> 01:54:18,800

and uh

2848

01:54:23,589 --> 01:54:20,719

in great detail

2849

01:54:25,189 --> 01:54:23,599

and uh yeah i do think that uh that

2850

01:54:28,470 --> 01:54:25,199

there are people

2851
01:54:33,270 --> 01:54:28,480
who have those abilities yeah yeah um i

2852
01:54:35,350 --> 01:54:33,280
actually come in i have epilepsy and um

2853
01:54:36,390 --> 01:54:35,360
i have small seizures and i have big

2854
01:54:39,189 --> 01:54:36,400
seizures

2855
01:54:40,950 --> 01:54:39,199
so you know i mean

2856
01:54:42,149 --> 01:54:40,960
mufon people willing when they showed up

2857
01:54:43,510 --> 01:54:42,159
and i told them they thought maybe that

2858
01:54:44,470 --> 01:54:43,520
could come into play or something you

2859
01:54:46,550 --> 01:54:44,480
know i

2860
01:54:49,030 --> 01:54:46,560
uh sometimes if i have a small one i

2861
01:54:50,709 --> 01:54:49,040
don't know if i'm if i'm having it

2862
01:54:51,990 --> 01:54:50,719
you know and who's to say i mean i was

2863
01:54:53,430 --> 01:54:52,000

sitting there praying for the thing to

2864

01:54:55,589 --> 01:54:53,440

come back that i couldn't have tuned it

2865

01:54:57,270 --> 01:54:55,599

in with my epilepsy i i mean who knows

2866

01:54:58,950 --> 01:54:57,280

you know why did you want to come back

2867

01:55:01,109 --> 01:54:58,960

if it freaked you out

2868

01:55:03,030 --> 01:55:01,119

well at that time i just had the one

2869

01:55:04,629 --> 01:55:03,040

encounter with with the with the big

2870

01:55:06,470 --> 01:55:04,639

disc in the field oh that was all great

2871

01:55:08,709 --> 01:55:06,480

and fine that was like

2872

01:55:10,310 --> 01:55:08,719

i just wasn't expecting it that was just

2873

01:55:12,390 --> 01:55:10,320

it i wasn't

2874

01:55:14,629 --> 01:55:12,400

i just wasn't expecting it to do what it

2875

01:55:16,470 --> 01:55:14,639

did and be so close and

2876

01:55:18,229 --> 01:55:16,480

i really wasn't expecting for it to come

2877

01:55:20,950 --> 01:55:18,239

back i just was out there do you think

2878

01:55:22,790 --> 01:55:20,960

it was do you think it came back for you

2879

01:55:24,470 --> 01:55:22,800

kind of yeah

2880

01:55:26,310 --> 01:55:24,480

i do

2881

01:55:28,390 --> 01:55:26,320

now what what is the connection between

2882

01:55:30,149 --> 01:55:28,400

that and the epilepsy i don't quite see

2883

01:55:32,870 --> 01:55:30,159

the

2884

01:55:33,910 --> 01:55:32,880

maybe uh maybe i'm

2885

01:55:36,310 --> 01:55:33,920

well because

2886

01:55:38,310 --> 01:55:36,320

you know having epilepsy uh i have small

2887

01:55:41,030 --> 01:55:38,320

little seizures maybe i'm i'm i'm

2888

01:55:43,270 --> 01:55:41,040

thinking on another a plane level uh

2889

01:55:44,790 --> 01:55:43,280

maybe uh you know they talk about these

2890

01:55:48,470 --> 01:55:44,800

things uh

2891

01:55:50,470 --> 01:55:48,480

telepathy who's to say they they

2892

01:55:52,070 --> 01:55:50,480

that's all i could do

2893

01:55:53,109 --> 01:55:52,080

together and maybe you know piece it

2894

01:55:55,189 --> 01:55:53,119

together yeah but

2895

01:55:56,709 --> 01:55:55,199

i mean it i don't know what connection

2896

01:55:58,550 --> 01:55:56,719

there would be because there are

2897

01:55:59,270 --> 01:55:58,560

thousands of people who have epilepsy

2898

01:56:01,350 --> 01:55:59,280

and

2899

01:56:03,830 --> 01:56:01,360

how many of them have reported uh you

2900

01:56:07,189 --> 01:56:03,840

know encounters with orbs

2901

01:56:08,470 --> 01:56:07,199

well they exactly i i that's just it you

2902

01:56:10,310 --> 01:56:08,480

know i don't know how many people out

2903

01:56:11,990 --> 01:56:10,320

there with epilepsy has gone out there

2904

01:56:12,950 --> 01:56:12,000

and do it but i'm sure yeah plenty of

2905

01:56:14,550 --> 01:56:12,960

them but

2906

01:56:16,870 --> 01:56:14,560

um you know when i was on the outer edge

2907

01:56:18,629 --> 01:56:16,880

of radio and and and michael mott you

2908

01:56:21,669 --> 01:56:18,639

know and that's what i mentioned to him

2909

01:56:23,589 --> 01:56:21,679

and and then he had said he had heard uh

2910

01:56:27,109 --> 01:56:23,599

somewhere down that somebody had had

2911

01:56:29,910 --> 01:56:27,119

epilepsy and they'd kind of had a uh

2912

01:56:31,430 --> 01:56:29,920

kind of some some some things happen to

2913

01:56:33,109 --> 01:56:31,440

them too so

2914

01:56:34,390 --> 01:56:33,119

but uh i didn't know too much on that

2915

01:56:36,070 --> 01:56:34,400

it's just something that michael threw

2916

01:56:37,109 --> 01:56:36,080

out on the show and

2917

01:56:38,870 --> 01:56:37,119

you know

2918

01:56:40,310 --> 01:56:38,880

really all i say is all i'm doing is

2919

01:56:42,149 --> 01:56:40,320

trying to piece everything together to

2920

01:56:44,229 --> 01:56:42,159

make sense of it myself well isn't that

2921

01:56:47,430 --> 01:56:44,239

what we're doing hey one last thing

2922

01:56:49,910 --> 01:56:47,440

there uh ted um

2923

01:56:52,229 --> 01:56:49,920

astronaut gordon cooper what was your

2924

01:56:56,149 --> 01:56:52,239

well i i uh i know that one to two of

2925

01:56:58,229 --> 01:56:56,159

you at the u.n um yeah the granada

2926

01:57:00,229 --> 01:56:58,239

proposal which never really got off the

2927

01:57:02,950 --> 01:57:00,239

ground i was there too uh you know that

2928

01:57:04,790 --> 01:57:02,960

was of course lee spiegel put that all

2929

01:57:07,189 --> 01:57:04,800

uh together who's with the huffington

2930

01:57:09,270 --> 01:57:07,199

post uh now um

2931

01:57:10,870 --> 01:57:09,280

had you did you see or talked to him

2932

01:57:12,550 --> 01:57:10,880

after that

2933

01:57:14,790 --> 01:57:12,560

uh gordon

2934

01:57:18,149 --> 01:57:14,800

yes yes oh yeah

2935

01:57:21,669 --> 01:57:18,159

yeah we became uh pretty good friends

2936

01:57:23,589 --> 01:57:21,679

and uh he was always wanting me to fly

2937

01:57:29,109 --> 01:57:23,599

with him and that

2938

01:57:33,109 --> 01:57:31,510

something it was a fighter plane

2939

01:57:34,870 --> 01:57:33,119

and uh

2940

01:57:36,629 --> 01:57:34,880

i'm thinking well you couldn't have a

2941

01:57:39,109 --> 01:57:36,639

better pilot but

2942

01:57:40,229 --> 01:57:39,119

i don't like flying that well

2943

01:57:42,950 --> 01:57:40,239

yes

2944

01:57:45,750 --> 01:57:42,960

to be to be flying with gordon cooper in

2945

01:57:47,270 --> 01:57:45,760

a hopped up jet fighter i just couldn't

2946

01:57:48,310 --> 01:57:47,280

do that but

2947

01:57:53,189 --> 01:57:48,320

uh

2948

01:57:55,990 --> 01:57:53,199

if i tell you what if i if i ever wanted

2949

01:57:59,030 --> 01:57:56,000

to think of a brother

2950

01:57:59,990 --> 01:57:59,040

uh i think gordon cooper would be that

2951
01:58:01,189 --> 01:58:00,000
guy

2952
01:58:03,350 --> 01:58:01,199
he uh

2953
01:58:05,189 --> 01:58:03,360
i was so impressed with him he's such a

2954
01:58:06,709 --> 01:58:05,199
wonderful guy

2955
01:58:08,470 --> 01:58:06,719
and uh

2956
01:58:10,629 --> 01:58:08,480
did you ever talk to him about marley

2957
01:58:12,470 --> 01:58:10,639
woods he was never there right

2958
01:58:14,790 --> 01:58:12,480
no he wasn't no

2959
01:58:17,350 --> 01:58:14,800
but i'll tell you i uh

2960
01:58:19,830 --> 01:58:17,360
wrote across new york city

2961
01:58:21,750 --> 01:58:19,840
the evening before the united nations

2962
01:58:24,870 --> 01:58:21,760
thing and uh

2963
01:58:28,709 --> 01:58:24,880

i'm sitting there in a taxicab

2964

01:58:30,629 --> 01:58:28,719

with uh alan heineck and gordon cooper

2965

01:58:33,750 --> 01:58:30,639

and uh

2966

01:58:35,910 --> 01:58:33,760

you would have enjoyed that conversation

2967

01:58:38,229 --> 01:58:35,920

believe me

2968

01:58:40,149 --> 01:58:38,239

well i you know i did talk to dr heineck

2969

01:58:42,550 --> 01:58:40,159

a couple of times i did a couple of

2970

01:58:45,109 --> 01:58:42,560

interviews for uh various publications

2971

01:58:47,830 --> 01:58:45,119

and uh he did talk about a little bit

2972

01:58:50,149 --> 01:58:47,840

about the his interest in the paranormal

2973

01:58:53,830 --> 01:58:50,159

uh especially about the men in black i

2974

01:58:55,910 --> 01:58:53,840

mean he had had a couple uh well

2975

01:58:57,270 --> 01:58:55,920

indirectly involved in one case where he

2976

01:58:59,030 --> 01:58:57,280

was

2977

01:59:01,750 --> 01:58:59,040

going to interview

2978

01:59:03,350 --> 01:59:01,760

an individual down i think in mexico a

2979

01:59:05,109 --> 01:59:03,360

pilot that had seen

2980

01:59:07,830 --> 01:59:05,119

uh you know something strange in the eye

2981

01:59:09,669 --> 01:59:07,840

uh in the sky and at the last minute the

2982

01:59:12,310 --> 01:59:09,679

uh the interview was called off because

2983

01:59:14,790 --> 01:59:12,320

the guy claims that he was you know uh

2984

01:59:16,870 --> 01:59:14,800

forced off the road by a a black car of

2985

01:59:18,550 --> 01:59:16,880

some kind and threatened if he talked

2986

01:59:19,669 --> 01:59:18,560

with dr heineck they threatened him and

2987

01:59:22,709 --> 01:59:19,679

his family

2988

01:59:26,070 --> 01:59:22,719

and so forth and then another incident

2989

01:59:29,109 --> 01:59:26,080

involving a uh uh police officer who had

2990

01:59:31,270 --> 01:59:29,119

chased the ufo at the pretty close range

2991

01:59:33,669 --> 01:59:31,280

and then um

2992

01:59:35,109 --> 01:59:33,679

had some incident involving the uh the

2993

01:59:37,189 --> 01:59:35,119

men in black they seemed to know what he

2994

01:59:39,109 --> 01:59:37,199

was doing and who he was reporting the

2995

01:59:40,550 --> 01:59:39,119

sighting to and uh

2996

01:59:41,669 --> 01:59:40,560

and uh

2997

01:59:45,189 --> 01:59:41,679

so forth

2998

01:59:47,510 --> 01:59:45,199

was that uh shermer up in uh nebraska no

2999

01:59:49,990 --> 01:59:47,520

no no this was this was as far as i know

3000

01:59:52,629 --> 01:59:50,000

it was another um it was another uh

3001

01:59:54,470 --> 01:59:52,639

episode i don't think dr heineck ever

3002

01:59:56,870 --> 01:59:54,480

actually told me the name of the

3003

01:59:59,430 --> 01:59:56,880

individual or i never i never uh wrote

3004

02:00:01,910 --> 01:59:59,440

it down but i have used you know that

3005

02:00:04,070 --> 02:00:01,920

that interview quite a few times it's

3006

02:00:07,430 --> 02:00:04,080

one of the few interviews where

3007

02:00:09,589 --> 02:00:07,440

uh he actually you know discussed topics

3008

02:00:12,149 --> 02:00:09,599

like this but then again i'm probably

3009

02:00:14,629 --> 02:00:12,159

one of the few researchers who would

3010

02:00:17,109 --> 02:00:14,639

discuss or try to get some information

3011

02:00:18,709 --> 02:00:17,119

out of him involving you know paranormal

3012

02:00:20,790 --> 02:00:18,719

or men in black or something like that

3013

02:00:23,109 --> 02:00:20,800

because most of the other people that he

3014

02:00:27,030 --> 02:00:23,119

associated with at least in those days

3015

02:00:29,189 --> 02:00:27,040

were your nuts and bolts uh guys

3016

02:00:30,709 --> 02:00:29,199

i'm just i'm just a nut i forget about

3017

02:00:33,830 --> 02:00:30,719

the bolt i'm a nut

3018

02:00:36,229 --> 02:00:33,840

no you're absolutely right

3019

02:00:39,750 --> 02:00:36,239

i remember a lot of those meetings uh

3020

02:00:41,990 --> 02:00:39,760

like at incar and uh

3021

02:00:42,870 --> 02:00:42,000

yeah it was pretty well down the line

3022

02:00:44,310 --> 02:00:42,880

but

3023

02:00:47,910 --> 02:00:44,320

uh alan

3024

02:00:51,030 --> 02:00:47,920

was very open-minded and he was so

3025

02:00:52,790 --> 02:00:51,040

curious about so many things

3026

02:00:55,270 --> 02:00:52,800

and uh

3027

02:00:58,870 --> 02:00:55,280

you know i i'll tell you he was he was

3028

02:01:00,950 --> 02:00:58,880

like a second dad to me he was

3029

02:01:02,870 --> 02:01:00,960

well it's a shame that there it's a

3030

02:01:05,510 --> 02:01:02,880

shame that there aren't um

3031

02:01:08,550 --> 02:01:05,520

more guys like you and and uh

3032

02:01:10,149 --> 02:01:08,560

dr heineck involved in the field today

3033

02:01:13,589 --> 02:01:10,159

we seem to be

3034

02:01:16,229 --> 02:01:13,599

losing uh researchers at an alarming uh

3035

02:01:17,750 --> 02:01:16,239

pretty alarming rate and

3036

02:01:19,109 --> 02:01:17,760

i don't know you know what's going to be

3037

02:01:21,510 --> 02:01:19,119

in the next uh

3038

02:01:23,589 --> 02:01:21,520

10 years ago a lot of people that get

3039

02:01:27,109 --> 02:01:23,599

into this subject of course think that

3040

02:01:29,589 --> 02:01:27,119

oh you know disclosure is going to come

3041

02:01:32,229 --> 02:01:29,599

tomorrow obama's going to get on the

3042

02:01:33,270 --> 02:01:32,239

the tv and and say the 72 races of

3043

02:01:37,030 --> 02:01:33,280

aliens

3044

02:01:39,750 --> 02:01:37,040

including the tall whites carla are

3045

02:01:42,629 --> 02:01:39,760

are are coming here and i don't see it

3046

02:01:45,109 --> 02:01:42,639

because there is no simple explanation

3047

02:01:48,550 --> 02:01:45,119

for any of this it's all pretty darn

3048

02:01:51,589 --> 02:01:48,560

complex and ted i hope we can do this

3049

02:01:54,550 --> 02:01:51,599

again soon i always enjoy our

3050

02:01:57,270 --> 02:01:54,560

conversations out of everybody that i

3051
02:01:59,910 --> 02:01:57,280
have spoken with in this field over the

3052
02:02:04,229 --> 02:01:59,920
years you have to be one of the most

3053
02:02:06,709 --> 02:02:04,239
intelligent down to earth guys and uh

3054
02:02:08,950 --> 02:02:06,719
you know bless your man for keeping with

3055
02:02:10,629 --> 02:02:08,960
this because most of the people would

3056
02:02:14,709 --> 02:02:10,639
have thrown in the test tube and the

3057
02:02:19,910 --> 02:02:16,550
ted anything you want to plug

3058
02:02:24,550 --> 02:02:19,920
facebook uh videos

3059
02:02:26,149 --> 02:02:24,560
no actually uh i am finally starting to

3060
02:02:28,629 --> 02:02:26,159
uh

3061
02:02:33,109 --> 02:02:28,639
i am working on a book

3062
02:02:36,790 --> 02:02:33,119
uh my wife has hounded me forever

3063
02:02:39,109 --> 02:02:36,800

to do that and uh so i'm starting to go

3064

02:02:41,350 --> 02:02:39,119

back through uh i'm beginning with

3065

02:02:44,470 --> 02:02:41,360

delpho's case

3066

02:02:47,109 --> 02:02:44,480

and my god i drug all that stuff all the

3067

02:02:51,109 --> 02:02:47,119

files and what jesus that book is going

3068

02:02:52,870 --> 02:02:51,119

to be 2 000 pages i think you're right

3069

02:02:57,189 --> 02:02:52,880

anyway

3070

02:03:00,470 --> 02:02:57,199
