00:00:35,310 --> 00:00:33,689
the secrets will reach for the

2
00:00:37,110 --> 00:00:35,320
connecting links between the delicious

3
00:00:39,149 --> 00:00:37,120
feeds of the group of secret society

4
00:00:41,130 --> 00:00:39,159
outlaws we're creating a tightly

5
00:00:42,960 --> 00:00:41,140
controlled rural society with them as

6
00:00:45,299 --> 00:00:42,970
bosses in your eye as slaves to their

7
00:00:48,240 --> 00:00:45,309
system popularly known as the New World

8
00:00:49,829 --> 00:00:48,250
Order research indicates that most of

9
00:00:52,560 --> 00:00:49,839
the unexplained craft we see in our

10
00:00:54,689 --> 00:00:52,570
skies up from somewhere on or inside our

11
00:00:56,250 --> 00:00:54,699
planet display the research of the haul

12
00:00:58,470 --> 00:00:56,260
road in subterranean theories in the

13
00:01:01,080 --> 00:00:58,480

nineteen eighties nineties which in turn

14

00:01:02,819 --> 00:01:01,090

led to the realization that the answers

15

00:01:04,169 --> 00:01:02,829

we seek our the control the number of

16

00:01:06,480 --> 00:01:04,179

other latest groups and secret societies

17

00:01:08,760 --> 00:01:06,490

that we call collectively the

18

00:01:10,590 --> 00:01:08,770

controllers even a quick look at recent

19

00:01:13,250 --> 00:01:10,600

world events should convince anyone that

20

00:01:15,770 --> 00:01:13,260

the controller's plan is working

21

00:01:17,870 --> 00:01:15,780

it is these factories for a Miss radio

22

00:01:22,980 --> 00:01:17,880

23

00:01:30,060 --> 00:01:27,600

26
00:01:40,080 --> 00:01:36,189
Carla Anderson over there in jersey city

00:01:44,850 --> 00:01:40,090
and our friendly engineer and producer

28
00:01:47,190 --> 00:01:44,860
the Jacka and go down in Miami we

29
00:01:51,289 --> 00:01:47,200
welcome you to another exciting episode

30
00:01:55,440 --> 00:01:51,299
of unraveling the secrets well you know

31
00:01:58,289 --> 00:01:55,450
I'm a little bit hungry tonight in fact

32
00:02:01,830 --> 00:01:58,299
I think it's time to dine with the gods

33
00:02:04,289 --> 00:02:01,840
are special first I'm in the mood for

34
00:02:06,930 --> 00:02:04,299
pancakes my cell phone oh oh yeah yeah

35
00:02:11,280 --> 00:02:06,940
absolutely alien pancakes they're mine

36
00:02:14,009 --> 00:02:11,290
they're my favorite um anyway we have

37
00:02:17,520 --> 00:02:14,019
little something in the air into the air

38
00:02:20,789 --> 00:02:17,530

Joshua kitchen and some people might say

39

00:02:23,490 --> 00:02:20,799

that joshua has a reputation for being a

40

00:02:26,569 --> 00:02:23,500

bit of a blowhard well actually he

41

00:02:29,520 --> 00:02:26,579

started playing the tuba at age 12 and

42

00:02:34,170 --> 00:02:29,530

just the five years later he appeared on

43

00:02:36,630 --> 00:02:34,180

NBC's Today Show but outside of music

44

00:02:40,349 --> 00:02:36,640

which i guess is his career will find

45

00:02:45,599 --> 00:02:40,359

out he's also interested in what we term

46

00:02:48,990 --> 00:02:45,609

14 phenomena and he's just written a

47

00:02:51,870 --> 00:02:49,000

very courageous very timely and very

48

00:02:55,770 --> 00:02:51,880

unusual book in fact it may be one of

49

00:02:59,580 --> 00:02:55,780

the most unusual books in the paranormal

50

00:03:02,460 --> 00:02:59,590

it's called a trojan feast and it's just

51
00:03:04,440 --> 00:03:02,470
been released by anomalous the books i

52
00:03:07,319 --> 00:03:04,450
think it's only been out maybe about a

53
00:03:11,789 --> 00:03:07,329
week or ten days joshua welcome to the

54
00:03:13,830 --> 00:03:11,799
show Tim are you doing there how are how

55
00:03:18,750 --> 00:03:13,840
are you you're down in Georgia are you

56
00:03:21,150 --> 00:03:18,760
is I am on the Georgia well uh good good

57
00:03:24,830 --> 00:03:21,160
good to have you on I I know actually

58
00:03:27,509 --> 00:03:24,840
the book is getting quite a bit of o

59
00:03:31,199 --> 00:03:27,519
attention I guess you would say it's

60
00:03:32,879 --> 00:03:31,209
gotten some positive reviews I I know we

61
00:03:36,720 --> 00:03:32,889
were on the air a couple of weeks ago

62
00:03:38,880 --> 00:03:36,730
with Nick Redfern and peter robbins

63
00:03:42,390 --> 00:03:38,890

and we were talking about the case from

64

00:03:45,660 --> 00:03:42,400

Eagle River Wisconsin Joe Symington and

65

00:03:47,520 --> 00:03:45,670

the pancake alien pancake and he said

66

00:03:50,039 --> 00:03:47,530

well jeez you know you've really gotta

67

00:03:53,460 --> 00:03:50,049

get ahold of this book the Trojan the

68

00:03:56,100 --> 00:03:53,470

feast by Addison that's great it's great

69

00:03:59,250 --> 00:03:56,110

book it is great but the peppers over

70

00:04:00,630 --> 00:03:59,260

the bag it is good work well what would

71

00:04:02,819 --> 00:04:00,640

make you know how long have you been

72

00:04:04,800 --> 00:04:02,829

investigating there you know like what

73

00:04:07,920 --> 00:04:04,810

led up to this I mean most people are

74

00:04:10,110 --> 00:04:07,930

interested in maybe you know the the

75

00:04:12,119 --> 00:04:10,120

landing aspects are the abductions and

76

00:04:15,509 --> 00:04:12,129

some of the strange things that the go

77

00:04:17,819 --> 00:04:15,519

on uh but what led up to this I mean why

78

00:04:20,189 --> 00:04:17,829

did what did you decide to to do

79

00:04:22,860 --> 00:04:20,199

research into this particular aspect i

80

00:04:25,590 --> 00:04:22,870

was really bored to him i was at home

81

00:04:28,950 --> 00:04:25,600

and I'd like to do for a weekend and I

82

00:04:32,430 --> 00:04:28,960

started riding make sure you know the

83

00:04:35,219 --> 00:04:32,440

book stud yeah there must have been

84

00:04:37,230 --> 00:04:35,229

something some I mean what was the case

85

00:04:41,100 --> 00:04:37,240

that that drew drew this to your

86

00:04:43,140 --> 00:04:41,110

attention and do with Paranormal

87

00:04:47,820 --> 00:04:43,150

Activity to him it was all over the

88

00:04:51,930 --> 00:04:47,830

place had you had your own experiences

89

00:04:56,190 --> 00:04:51,940

yes what what what had happened to you

90

00:05:00,420 --> 00:04:56,200

what what sort of experiences did ya one

91

00:05:07,920 --> 00:05:00,430

time I was a band camp this fit this guy

92

00:05:13,620 --> 00:05:07,930

sucks him um excuse me excuse me young

93

00:05:19,710 --> 00:05:13,630

lady Tim are I can't I can't continue

94

00:05:28,560 --> 00:05:19,720

good goodbye what what is the story here

95

00:05:31,080 --> 00:05:28,570

I well there we go looks like I've

96

00:05:34,500 --> 00:05:31,090

driven another guest off the air well

97

00:05:39,870 --> 00:05:34,510

imma what are you doing what are you

98

00:05:42,689 --> 00:05:39,880

doing what are you doing and while we're

99

00:05:43,500 --> 00:05:42,699

going to be talking to smiles Lewis like

100

00:05:46,890 --> 00:05:43,510

that

101
00:05:50,160 --> 00:05:46,900
I think noti'm should we tell him Carla

102
00:05:52,020 --> 00:05:50,170
I think Carla no no no maybe you could

103
00:05:53,670 --> 00:05:52,030
get Josh wrote back on the line that

104
00:05:55,740 --> 00:05:53,680
let's try to get him back on the line

105
00:05:58,560 --> 00:05:55,750
yeah that's a good idea hey got Tim no

106
00:06:00,330 --> 00:05:58,570
offense Tim but Wow can we that just

107
00:06:03,510 --> 00:06:00,340
happen I think that man was an impostor

108
00:06:05,520 --> 00:06:03,520
I don't know what was once a turn you

109
00:06:07,050 --> 00:06:05,530
think he was an impostor we think so

110
00:06:08,750 --> 00:06:07,060
let's see if this is the see if we can

111
00:06:15,150 --> 00:06:08,760
get Joshua it back on the line yeah

112
00:06:17,670 --> 00:06:15,160
hello oh my god Joshua that's what yes

113
00:06:18,930 --> 00:06:17,680

uh hello is this the real josh ward cuz

114

00:06:20,490 --> 00:06:18,940

we assist the real joshua i was

115

00:06:22,140 --> 00:06:20,500

listening online and I was freaking out

116

00:06:27,480 --> 00:06:22,150

I was like what's the hell is going on

117

00:06:30,510 --> 00:06:27,490

what was going on oh my uh yeah this is

118

00:06:33,600 --> 00:06:30,520

the real Joshua kuchen oh it's okay so i

119

00:06:35,910 --> 00:06:33,610

can tell i could tell from here I'm

120

00:06:37,350 --> 00:06:35,920

psychic well you're very you're very

121

00:06:39,540 --> 00:06:37,360

person I thought I was the only one that

122

00:06:40,980 --> 00:06:39,550

picked up on how fake that sounded Carla

123

00:06:42,660 --> 00:06:40,990

I'm so glad I was in the only one I was

124

00:06:43,950 --> 00:06:42,670

going to I thought we might I thought we

125

00:06:46,410 --> 00:06:43,960

might be having a little problem with a

126

00:06:49,700 --> 00:06:46,420

guess but I don't usually go after the

127

00:06:54,750 --> 00:06:49,710

jugular in the first five minutes

128

00:06:56,850 --> 00:06:54,760

there's not that problematic geez Wow so

129

00:06:58,590 --> 00:06:56,860

don't try anything Joshua well you know

130

00:06:59,850 --> 00:06:58,600

that's right so how do we know this is

131

00:07:01,800 --> 00:06:59,860

the real Joshua though because we've

132

00:07:03,930 --> 00:07:01,810

been fooled once I could do it Gilead

133

00:07:05,400 --> 00:07:03,940

pancakes okay go get my tuba that wasn't

134

00:07:07,590 --> 00:07:05,410

that might work no there you go can you

135

00:07:09,150 --> 00:07:07,600

blow hard it in fact it sound like you

136

00:07:11,610 --> 00:07:09,160

were talking through your tuba there for

137

00:07:13,380 --> 00:07:11,620

a few sir well yeah uh in all

138

00:07:14,850 --> 00:07:13,390

seriousness what was that do we know was

139

00:07:16,620 --> 00:07:14,860

it just uh he said something about a

140

00:07:19,020 --> 00:07:16,630

band camp I don't know you were you play

141

00:07:21,960 --> 00:07:19,030

a tuba so yeah fair enough fair enough

142

00:07:24,240 --> 00:07:21,970

yeah well there you go now everybody is

143

00:07:26,100 --> 00:07:24,250

being hacked these days I guess we could

144

00:07:28,980 --> 00:07:26,110

actually say that unraveling the secrets

145

00:07:31,410 --> 00:07:28,990

has been hacked we were hacked my

146

00:07:34,170 --> 00:07:31,420

considered a form of a form of lottery

147

00:07:35,400 --> 00:07:34,180

well there you go anyway seven years of

148

00:07:37,860 --> 00:07:35,410

doing radio I've never had that happen

149

00:07:40,670 --> 00:07:37,870

to me before that's amazing I guess

150

00:07:44,900 --> 00:07:40,680

we'll skype you can kind of sneak in

151
00:07:49,320 --> 00:07:44,910
yeah I mean I guess I've been a producer

152
00:07:51,120 --> 00:07:49,330
yeah well fair enough that's some crazy

153
00:07:53,430 --> 00:07:51,130
so any we dealing with your yester

154
00:07:55,530 --> 00:07:53,440
templates yes all right we've had we've

155
00:07:57,450 --> 00:07:55,540
had our laughs for the evening now we

156
00:08:01,770 --> 00:07:57,460
should have our real laugh of what

157
00:08:04,650 --> 00:08:01,780
evening uh Joshua ha let's go back to

158
00:08:06,990 --> 00:08:04,660
question one all right how did you

159
00:08:10,290 --> 00:08:07,000
decide her or what made you decide to

160
00:08:13,230 --> 00:08:10,300
write a Trojan feast well you know uh

161
00:08:15,450 --> 00:08:13,240
for me there's been this giant bullseye

162
00:08:16,710 --> 00:08:15,460
on this aspect of the phenomena that no

163
00:08:18,029 --> 00:08:16,720

one has really talked about for a while

164

00:08:20,339 --> 00:08:18,039

and I've always been really interested

165

00:08:22,770 --> 00:08:20,349

in fairy folk lore and how if you ate

166

00:08:25,439 --> 00:08:22,780

food from a fairy would be trapped in

167

00:08:26,730 --> 00:08:25,449

the fairy realm and I had a real light

168

00:08:28,589 --> 00:08:26,740

bulb moment I can even remember the

169

00:08:31,080 --> 00:08:28,599

exact moment i was reading uh je Robert

170

00:08:32,730 --> 00:08:31,090

Ali's rainco Sasquatch which is a great

171

00:08:35,339 --> 00:08:32,740

book and in the book he actually

172

00:08:37,469 --> 00:08:35,349

mentions how some First Nations tribes

173

00:08:39,540 --> 00:08:37,479

in Alaska say that if you take food from

174

00:08:41,550 --> 00:08:39,550

a book with which is their version of

175

00:08:43,889 --> 00:08:41,560

Sasquatch that you're actually doomed to

176

00:08:46,110 --> 00:08:43,899

remain with the Sasquatch forever so at

177

00:08:47,370 --> 00:08:46,120

that moment I decided to stop waiting

178

00:08:49,680 --> 00:08:47,380

for someone to write the book and go

179

00:08:50,760 --> 00:08:49,690

ahead and write it myself um so I

180

00:08:52,800 --> 00:08:50,770

reached out to my good friend micah

181

00:08:55,769 --> 00:08:52,810

Hanks uh who I seemed to feel a kindred

182

00:08:57,180 --> 00:08:55,779

spirit with and I I spoke with my gun he

183

00:08:59,100 --> 00:08:57,190

said this is a great idea nobody's ever

184

00:09:00,030 --> 00:08:59,110

done this go for it and he pointed me in

185

00:09:03,210 --> 00:09:00,040

some directions and gave me some

186

00:09:05,819 --> 00:09:03,220

pointers and a year later I had the

187

00:09:07,199 --> 00:09:05,829

whole thing finished so mm-hmm and and

188

00:09:11,910 --> 00:09:07,209

you had no problem finding a publisher

189

00:09:14,250 --> 00:09:11,920

uh no actually I you know I learned a

190

00:09:16,440 --> 00:09:14,260

long time ago that there is uh there's

191

00:09:19,139 --> 00:09:16,450

no real elevator pitch for this book so

192

00:09:20,610 --> 00:09:19,149

i ended up i ended up getting some

193

00:09:23,550 --> 00:09:20,620

advice from Micah and I've always been a

194

00:09:25,230 --> 00:09:23,560

big fan of what Patrick wage has been

195

00:09:28,110 --> 00:09:25,240

doing over at an almost bow yes and I

196

00:09:29,190 --> 00:09:28,120

reached out to him and he said I he says

197

00:09:31,199 --> 00:09:29,200

I don't know it sounds sort of like a

198

00:09:32,730 --> 00:09:31,209

niche idea he says I'm not sure might be

199

00:09:34,319 --> 00:09:32,740

little bit too specific and he got a

200

00:09:37,530 --> 00:09:34,329

little bit into it and said Josh I love

201
00:09:39,060 --> 00:09:37,540
it oh we're gonna go you know this in

202
00:09:42,150 --> 00:09:39,070
this day and age of publishing we're

203
00:09:44,160 --> 00:09:42,160
publishing stands you know you gotta go

204
00:09:45,750 --> 00:09:44,170
with what you feel you want to do not

205
00:09:48,060 --> 00:09:45,760
with what you feel is going to sell a

206
00:09:50,880 --> 00:09:48,070
lot of copies because first of all as a

207
00:09:52,500 --> 00:09:50,890
publisher of over 200 book you never

208
00:09:54,150 --> 00:09:52,510
really know what's going to sell I mean

209
00:09:57,120 --> 00:09:54,160
I've got titles on there that I've never

210
00:09:58,980 --> 00:09:57,130
once had the author on on a radio or TV

211
00:10:01,769 --> 00:09:58,990
show because they've been dead for 30 or

212
00:10:04,350 --> 00:10:01,779
40 years or longer and and and the book

213
00:10:07,230 --> 00:10:04,360

sells and and yet I can get some other

214

00:10:09,360 --> 00:10:07,240

authors on every year the show going and

215

00:10:11,280 --> 00:10:09,370

the book won't sell you know a hundred

216

00:10:13,410 --> 00:10:11,290

copies it's just

217

00:10:16,019 --> 00:10:13,420

it's total it's totally amazing and of

218

00:10:19,499 --> 00:10:16,029

course now the whole a book market has

219

00:10:22,079 --> 00:10:19,509

changed I mean we used to have 4,000

220

00:10:24,060 --> 00:10:22,089

bookstores on our mailing list and now I

221

00:10:26,999 --> 00:10:24,070

know there's a couple of hundred and

222

00:10:28,710 --> 00:10:27,009

most of those are yoga centers and even

223

00:10:31,069 --> 00:10:28,720

a few stores that used to specialize in

224

00:10:33,480 --> 00:10:31,079

this type of stuff they're making their

225

00:10:37,110 --> 00:10:33,490

the go at it by selling what we call

226

00:10:41,460 --> 00:10:37,120

sidelines you know mmm gypsy cards and

227

00:10:44,129 --> 00:10:41,470

incense and crystals and son may be nice

228

00:10:46,410 --> 00:10:44,139

Native American Jewelry and things along

229

00:10:48,050 --> 00:10:46,420

that line and and the books are almost

230

00:10:51,840 --> 00:10:48,060

non-existent when you go into these

231

00:10:54,540 --> 00:10:51,850

stores anymore but you know it's a good

232

00:10:57,360 --> 00:10:54,550

thing and you've gotten the respect of

233

00:11:00,840 --> 00:10:57,370

the community and very quick order in

234

00:11:02,490 --> 00:11:00,850

some very favorable reviews and I I know

235

00:11:07,019 --> 00:11:02,500

I haven't gotten the book yet but I'm

236

00:11:09,210 --> 00:11:07,029

very excited about reading it what would

237

00:11:13,110 --> 00:11:09,220

you say okay now we have we have how

238

00:11:16,050 --> 00:11:13,120

many cases altogether are in this Trojan

239

00:11:18,600 --> 00:11:16,060

feast well uh first of all if I if I can

240

00:11:20,160 --> 00:11:18,610

right quick um uh be on the lookout for

241

00:11:22,079 --> 00:11:20,170

it because I did speak to Patrick and

242

00:11:24,210 --> 00:11:22,089

you should be good oh yes oh yes um so

243

00:11:26,370 --> 00:11:24,220

my apologies for not arriving sooner

244

00:11:29,460 --> 00:11:26,380

that's or that's okay you know i mean it

245

00:11:31,079 --> 00:11:29,470

it what it is it I uh it's it's sort of

246

00:11:34,079 --> 00:11:31,089

hard for me to put an exact number of

247

00:11:37,290 --> 00:11:34,089

the cases uh that I studied together

248

00:11:39,900 --> 00:11:37,300

because the the areas of what you

249

00:11:41,280 --> 00:11:39,910

consider foods sort of tend to get fuzzy

250

00:11:43,259 --> 00:11:41,290

at the edges sometimes you'll have

251
00:11:44,579 --> 00:11:43,269
people who just remember that they ate

252
00:11:46,410 --> 00:11:44,589
something and some of these anomalous

253
00:11:48,689 --> 00:11:46,420
encounters or just remember that they

254
00:11:51,240 --> 00:11:48,699
drank something or sometimes you'll have

255
00:11:53,490 --> 00:11:51,250
there was one example of a lady in

256
00:11:55,230 --> 00:11:53,500
Ukraine who met a guy in a flying saucer

257
00:11:57,720 --> 00:11:55,240
and was given a pill that he dropped

258
00:12:00,059 --> 00:11:57,730
into his water her water rather that she

259
00:12:01,410 --> 00:12:00,069
had a glass of water and it fizzed and

260
00:12:03,629 --> 00:12:01,420
changed colors and like how do you

261
00:12:06,480 --> 00:12:03,639
qualify that is that earthly food with

262
00:12:08,179 --> 00:12:06,490
with you know or as where's that alien

263
00:12:10,920 --> 00:12:08,189

food that's mixed with earthly food so

264

00:12:14,069 --> 00:12:10,930

the rough number of cases that I

265

00:12:16,259 --> 00:12:14,079

surveyed is about about 350 well what

266

00:12:18,809 --> 00:12:16,269

we'll see now you mentioning that case

267

00:12:23,009 --> 00:12:18,819

which I had never heard of reminds me of

268

00:12:24,420 --> 00:12:23,019

orfeo Angela see yes yes or is that in

269

00:12:25,110 --> 00:12:24,430

the book because that's a very straight

270

00:12:30,960 --> 00:12:25,120

yeah

271

00:12:33,930 --> 00:12:30,970

directions that I go in the book make

272

00:12:35,640 --> 00:12:33,940

the case of orfeo Angela G actually

273

00:12:37,620 --> 00:12:35,650

quite important but yeah that that is

274

00:12:38,970 --> 00:12:37,630

very reminiscent of or feos case and

275

00:12:41,579 --> 00:12:38,980

that's another one of those cases do you

276

00:12:44,519 --> 00:12:41,589

classify that as a pill or this nectar

277

00:12:46,260 --> 00:12:44,529

or do you classify it as as a liquid I

278

00:12:48,150 --> 00:12:46,270

ended up sort of classifying it as a

279

00:12:49,350 --> 00:12:48,160

liquid because you know those the books

280

00:12:52,800 --> 00:12:49,360

that he wrote are sort of like a love

281

00:12:54,480 --> 00:12:52,810

poem to this weird never yeah but how

282

00:12:56,070 --> 00:12:54,490

about now he had a little stripper gal

283

00:12:58,290 --> 00:12:56,080

or something appeared in the glass of

284

00:13:00,930 --> 00:12:58,300

water and danced around for him is that

285

00:13:03,720 --> 00:13:00,940

been reported before oh is that or feels

286

00:13:05,310 --> 00:13:03,730

a you know like a conjuration well you

287

00:13:07,650 --> 00:13:05,320

know I I don't think it's tipping my

288

00:13:09,450 --> 00:13:07,660

hand too much to say that later book

289

00:13:11,820 --> 00:13:09,460

later chapters in the book sort of go

290

00:13:14,490 --> 00:13:11,830

into this idea of infusions and this

291

00:13:15,870 --> 00:13:14,500

idea of them what we would commonly call

292

00:13:17,490 --> 00:13:15,880

hallucinogens although i don't i

293

00:13:20,790 --> 00:13:17,500

personally don't think they're as um

294

00:13:23,190 --> 00:13:20,800

they're as easily explained away as just

295

00:13:24,510 --> 00:13:23,200

being hallucinogens but um i think it

296

00:13:27,240 --> 00:13:24,520

does sort of time to that a lot of the

297

00:13:29,940 --> 00:13:27,250

imagery that he saw was um somewhat akin

298

00:13:31,860 --> 00:13:29,950

to hallucinogenic imagery anna i know

299

00:13:34,140 --> 00:13:31,870

that nick redfern has been sort of

300

00:13:38,130 --> 00:13:34,150

toying with the idea that maybe he would

301
00:13:40,320 --> 00:13:38,140
slip some LSD since he was especially on

302
00:13:42,090 --> 00:13:40,330
the second time he took this nectar he

303
00:13:43,590 --> 00:13:42,100
was around 29 palms California where

304
00:13:46,500 --> 00:13:43,600
there's a lot of military personnel so

305
00:13:49,410 --> 00:13:46,510
um the things that he experienced are

306
00:13:51,269 --> 00:13:49,420
not all that dissimilar from some of the

307
00:13:52,620 --> 00:13:51,279
things that people have experienced now

308
00:13:55,920 --> 00:13:52,630
I want to make it very clear that I'm

309
00:13:57,570 --> 00:13:55,930
not necessarily saying that um the food

310
00:13:59,010 --> 00:13:57,580
that people receive is in theah genic

311
00:14:03,180 --> 00:13:59,020
just that there might get connection

312
00:14:05,910 --> 00:14:03,190
there mmm now did you find that it was

313
00:14:11,130 --> 00:14:05,920

prevalent for a lot of these early

314

00:14:13,890 --> 00:14:11,140

contact these two to break bread with

315

00:14:15,740 --> 00:14:13,900

their alien brothers or is it more

316

00:14:17,280 --> 00:14:15,750

prevalent with the abduction stories

317

00:14:18,750 --> 00:14:17,290

absolutely well you know there are a

318

00:14:21,360 --> 00:14:18,760

couple of clear trends that really

319

00:14:24,810 --> 00:14:21,370

emerged and um one of the clear trends

320

00:14:28,590 --> 00:14:24,820

in the alien phenomena is that abductees

321

00:14:31,680 --> 00:14:28,600

tend to receive either liquids or pills

322

00:14:35,040 --> 00:14:31,690

and they are almost always consumed

323

00:14:38,140 --> 00:14:35,050

under duress sometimes force-fed the

324

00:14:41,500 --> 00:14:38,150

liquids are usually either in abduction

325

00:14:45,030 --> 00:14:41,510

are usually either a very bitter or

326

00:14:47,350 --> 00:14:45,040

cloyingly sweet one or the other um in

327

00:14:50,260 --> 00:14:47,360

contact T cases you run into a lot of

328

00:14:52,420 --> 00:14:50,270

people receiving fruit juice and fruits

329

00:14:54,790 --> 00:14:52,430

and fruits and bread there was a South

330

00:14:56,740 --> 00:14:54,800

African contact he Elizabeth Clara I'm

331

00:14:59,590 --> 00:14:56,750

not sure if you're familiar with her but

332

00:15:02,140 --> 00:14:59,600

ya know in fact she's in our there's a

333

00:15:05,170 --> 00:15:02,150

chapter on her in our book that we just

334

00:15:07,570 --> 00:15:05,180

published the UFO repeaters the camera

335

00:15:10,720 --> 00:15:07,580

doesn't lie because apparently she she

336

00:15:13,060 --> 00:15:10,730

was she was in a damn ski a follower uh

337

00:15:15,790 --> 00:15:13,070

and she claims actually to have a

338

00:15:18,370 --> 00:15:15,800

married a an extraterrestrial and had a

339

00:15:22,660 --> 00:15:18,380

child on some other planet yes her her

340

00:15:25,240 --> 00:15:22,670

lover akon um and he actually had a away

341

00:15:28,870 --> 00:15:25,250

on conversation with her latricia make

342

00:15:35,470 --> 00:15:28,880

on a cake like the guy who sings inca

343

00:15:38,440 --> 00:15:35,480

know maybe maybe one of the same oh but

344

00:15:40,990 --> 00:15:38,450

he put a he was he actually went at some

345

00:15:43,360 --> 00:15:41,000

length describing to her hell um she

346

00:15:44,890 --> 00:15:43,370

should consume chica should consume

347

00:15:46,720 --> 00:15:44,900

salads and fruits because her earthly

348

00:15:49,540 --> 00:15:46,730

body was actually yearning for that sort

349

00:15:51,430 --> 00:15:49,550

of unique sustenance so you know that's

350

00:15:54,760 --> 00:15:51,440

that's that's funny my my doctor just

351
00:15:56,830 --> 00:15:54,770
recommended that this week you should

352
00:16:01,990 --> 00:15:56,840
check it is cuz your doctor from another

353
00:16:04,420 --> 00:16:02,000
planet I am I won't say possibly Potter

354
00:16:09,430 --> 00:16:04,430
i think all doctors are from some other

355
00:16:12,040 --> 00:16:09,440
planet if you ask me I ok can you can

356
00:16:13,750 --> 00:16:12,050
you think of any other like contacting

357
00:16:15,820 --> 00:16:13,760
the contactees interest me much more

358
00:16:18,040 --> 00:16:15,830
than the abductees be honestly I don't

359
00:16:20,140 --> 00:16:18,050
know I not that I necessarily believe

360
00:16:22,120 --> 00:16:20,150
them any more than I do the abductees

361
00:16:24,040 --> 00:16:22,130
but I love their stories at least

362
00:16:25,870 --> 00:16:24,050
they're at least they're positive you

363
00:16:27,280 --> 00:16:25,880

know and where a lot of the abduction

364

00:16:31,660 --> 00:16:27,290

the stories are certainly rather

365

00:16:33,760 --> 00:16:31,670

negative in in tone yeah I do find the i

366

00:16:35,170 --> 00:16:33,770

do find the contactee stories it very

367

00:16:38,500 --> 00:16:35,180

interesting especially from you know the

368

00:16:40,480 --> 00:16:38,510

the Greg Bishop standpoint of viewing

369

00:16:42,400 --> 00:16:40,490

them made perhaps through the lens of an

370

00:16:44,020 --> 00:16:42,410

identified art movement or something but

371

00:16:47,110 --> 00:16:44,030

yeah you know there are a lot of these

372

00:16:47,920 --> 00:16:47,120

cases that I run out have run up against

373

00:16:50,080 --> 00:16:47,930

where I'm like I don't necessarily

374

00:16:51,650 --> 00:16:50,090

believe this but I'm just putting this

375

00:16:52,820 --> 00:16:51,660

out there in this book saying that the

376

00:16:54,410 --> 00:16:52,830

is what it is because you know no one

377

00:16:57,020 --> 00:16:54,420

had ever really compiled a list like

378

00:16:59,330 --> 00:16:57,030

this I try to say I try to use the word

379

00:17:01,910 --> 00:16:59,340

allegedly and purportedly too many times

380

00:17:04,550 --> 00:17:01,920

I can but one of those I stop do I

381

00:17:07,160 --> 00:17:04,560

stopped doing that the years ago we are

382

00:17:08,450 --> 00:17:07,170

gonna take it forward ha take it for

383

00:17:10,730 --> 00:17:08,460

what it's worth it make up your own mind

384

00:17:12,560 --> 00:17:10,740

that's you know that's that's what I I

385

00:17:14,330 --> 00:17:12,570

say about most of this you know fair

386

00:17:16,850 --> 00:17:14,340

fair enough well one of those gentlemen

387

00:17:19,760 --> 00:17:16,860

that I mentioned was a Mexico City

388

00:17:22,120 --> 00:17:19,770

contact week from 1954 Armando Zubrin

389

00:17:24,560 --> 00:17:22,130

are you familiar with this gentleman um

390

00:17:25,940 --> 00:17:24,570

given he walked one of the things that

391

00:17:29,390 --> 00:17:25,950

people talk about in his particular

392

00:17:31,880 --> 00:17:29,400

encounter was he had this Martian shower

393

00:17:34,700 --> 00:17:31,890

where he had this like a waterless

394

00:17:36,620 --> 00:17:34,710

shower that was shot at him ah he was he

395

00:17:38,210 --> 00:17:36,630

was picked up and he was given the some

396

00:17:41,300 --> 00:17:38,220

sort of his hosts apparently said that

397

00:17:43,460 --> 00:17:41,310

they preferred some sort of some sort of

398

00:17:45,920 --> 00:17:43,470

milk to drink whenever they would

399

00:17:49,220 --> 00:17:45,930

whenever they would sup but he was given

400

00:17:50,900 --> 00:17:49,230

this this this breakfast that included

401
00:17:52,880 --> 00:17:50,910
like grilled meat and butter and cheese

402
00:17:55,010 --> 00:17:52,890
and fruit juice that tasted like mango

403
00:17:56,780 --> 00:17:55,020
on another fruits to say I can see

404
00:17:58,460 --> 00:17:56,790
they've come a long way in those days in

405
00:18:00,860 --> 00:17:58,470
those days they wanted a glass of milk

406
00:18:03,530 --> 00:18:00,870
now they want the whole cow I mean come

407
00:18:06,050 --> 00:18:03,540
on that just goes to show ya there she

408
00:18:07,880 --> 00:18:06,060
was he yet was he the cab driver because

409
00:18:09,860 --> 00:18:07,890
there were a couple of lk there were a

410
00:18:12,950 --> 00:18:09,870
couple area right there yeah yeah round

411
00:18:16,220 --> 00:18:12,960
the same same time you Scott Corrales

412
00:18:19,130 --> 00:18:16,230
wrote that up for us yes yeah actually

413
00:18:21,680 --> 00:18:19,140

you don't my favorite my favorite story

414

00:18:24,050 --> 00:18:21,690

of course is the alien pancakes the

415

00:18:27,830 --> 00:18:24,060

Xperia experience of Joe with Symington

416

00:18:31,730 --> 00:18:27,840

who lived in Eagle River River constant

417

00:18:35,900 --> 00:18:31,740

yeah in fact we have a we have a treat

418

00:18:37,580 --> 00:18:35,910

this evening we have a an audio that I

419

00:18:41,510 --> 00:18:37,590

think last for three or four minutes

420

00:18:43,880 --> 00:18:41,520

where Joe virus is remarkable the story

421

00:18:45,860 --> 00:18:43,890

so maybe maybe this is a good point to

422

00:18:47,960 --> 00:18:45,870

to apply it and then we can come back

423

00:18:49,790 --> 00:18:47,970

and discuss that case for a few minutes

424

00:18:52,450 --> 00:18:49,800

and then onto the onto the next

425

00:18:55,160 --> 00:18:52,460

scrumptious little tidbit sounds great

426

00:18:56,930 --> 00:18:55,170

alright well we seem to be having a

427

00:19:00,920 --> 00:18:56,940

little technical problem with playing

428

00:19:04,880 --> 00:19:00,930

that audio that goes back to I think 19

429

00:19:05,299 --> 00:19:04,890

was at 1975 do you remember uh no it was

430

00:19:11,509 --> 00:19:05,309

earlier

431

00:19:15,230 --> 00:19:11,519

i believe it was 64 61 61 61 yeah um

432

00:19:17,119 --> 00:19:15,240

quite early yeah it was it was a pretty

433

00:19:20,600 --> 00:19:17,129

interesting story and it did get a

434

00:19:22,690 --> 00:19:20,610

little bit of attention I mean in the

435

00:19:26,210 --> 00:19:22,700

press and in those days it was a

436

00:19:28,369 --> 00:19:26,220

peculiar incident where this fellow Joe

437

00:19:30,919 --> 00:19:28,379

Symington I guess was out early one

438

00:19:32,899 --> 00:19:30,929

morning and he saw the glittering you

439

00:19:36,200 --> 00:19:32,909

know like dome of a craft there and he

440

00:19:37,700 --> 00:19:36,210

was welcome on board the ship and there

441

00:19:39,019 --> 00:19:37,710

were a couple of little men inside I

442

00:19:40,989 --> 00:19:39,029

mean I don't think they were Tolan in

443

00:19:43,489 --> 00:19:40,999

stature but they were human looking and

444

00:19:45,950 --> 00:19:43,499

they invited him in and asked if he

445

00:19:47,899 --> 00:19:45,960

would like something to eat and they

446

00:19:51,409 --> 00:19:47,909

produce say I think three or four of

447

00:19:54,799 --> 00:19:51,419

these pancakes now they were submitted

448

00:19:56,659 --> 00:19:54,809

for analysis I believe he sent one to

449

00:19:58,639 --> 00:19:56,669

night at the National investigations

450

00:20:01,399 --> 00:19:58,649

committee on area phenomena which was a

451
00:20:03,710 --> 00:20:01,409
bad mistake on his part certainly had

452
00:20:05,840 --> 00:20:03,720
and I remember the analysis that they

453
00:20:08,509 --> 00:20:05,850
got that he got back make absolutely no

454
00:20:10,450 --> 00:20:08,519
sense in fact it didn't seem to have

455
00:20:12,560 --> 00:20:10,460
anything to do with a pancake at all I

456
00:20:14,810 --> 00:20:12,570
don't know what they were trying to say

457
00:20:17,840 --> 00:20:14,820
but obviously you know major Keyhoe uh

458
00:20:19,730 --> 00:20:17,850
and probably had too much syrup did to

459
00:20:21,019 --> 00:20:19,740
eat one morning anyway he wasn't he

460
00:20:24,049 --> 00:20:21,029
wasn't prone to believe in any of the

461
00:20:27,049 --> 00:20:24,059
contact the stories uh you know he felt

462
00:20:30,289 --> 00:20:27,059
that they were a ridiculing of the the

463
00:20:32,509 --> 00:20:30,299

field you know and wear them uh tried to

464

00:20:34,460 --> 00:20:32,519

you know prevent them and he hated

465

00:20:36,379 --> 00:20:34,470

Adamski of course and he hated gym

466

00:20:40,220 --> 00:20:36,389

mostly in fact I don't know anybody that

467

00:20:42,859 --> 00:20:40,230

he liked comes along well you know it's

468

00:20:45,499 --> 00:20:42,869

it's it's that that factor that I always

469

00:20:49,519 --> 00:20:45,509

I personally am quite invested in as is

470

00:20:53,230 --> 00:20:49,529

this constant this constant self-mockery

471

00:20:57,409 --> 00:20:53,240

that these encounters tend to sort of

472

00:20:59,330 --> 00:20:57,419

sort of engender um you know I I find

473

00:21:00,919 --> 00:20:59,340

that the weirder a story is the more

474

00:21:03,169 --> 00:21:00,929

likely i personally am to believe it

475

00:21:05,810 --> 00:21:03,179

because it's just just a just a bizarre

476
00:21:08,419 --> 00:21:05,820
madly of the simonton case and if you

477
00:21:09,680 --> 00:21:08,429
you know I I have a the case is sort of

478
00:21:10,970 --> 00:21:09,690
near and dear to my heart for another

479
00:21:12,799 --> 00:21:10,980
reason because it did my undergraduate

480
00:21:15,230 --> 00:21:12,809
work at the University of Wisconsin and

481
00:21:17,269 --> 00:21:15,240
had I noticed that that was good am you

482
00:21:18,799 --> 00:21:17,279
about that yeah yeah and having having

483
00:21:20,210 --> 00:21:18,809
had plenty of interactions

484
00:21:21,860 --> 00:21:20,220
people of the Upper Midwest there are

485
00:21:24,289 --> 00:21:21,870
some great people and some really

486
00:21:25,730 --> 00:21:24,299
down-to-earth people and I can I can't

487
00:21:27,919 --> 00:21:25,740
think of a conceivable reason why a

488
00:21:30,590 --> 00:21:27,929

chicken farmer from Eagle River but wont

489

00:21:33,409 --> 00:21:30,600

to bring so much ridicule upon himself

490

00:21:34,730 --> 00:21:33,419

so and you know he had the pancakes to

491

00:21:37,460 --> 00:21:34,740

prove it so I don't know really what

492

00:21:41,720 --> 00:21:37,470

that and I got the audio to approve it

493

00:21:44,060 --> 00:21:41,730

there oh great okay but let us listen to

494

00:21:46,279 --> 00:21:44,070

this very brief odio a joy Pennington

495

00:21:50,720 --> 00:21:46,289

telling his own story in his own words

496

00:21:54,259 --> 00:21:50,730

and this is a very rare archive so yes

497

00:21:57,200 --> 00:21:54,269

listen extremely area where do you meet

498

00:22:00,350 --> 00:21:57,210

someone from outer space perhaps in the

499

00:22:02,509 --> 00:22:00,360

North Woods joe simon son of Eagle River

500

00:22:06,259 --> 00:22:02,519

Wisconsin spin the yarn about an april

501
00:22:09,259 --> 00:22:06,269
morning in 1961 the morning when he says

502
00:22:12,409 --> 00:22:09,269
he came face-to-face with another world

503
00:22:15,769 --> 00:22:12,419
right here is where this flying saucer

504
00:22:19,850 --> 00:22:15,779
that UFO landed right here bout where

505
00:22:22,369 --> 00:22:19,860
I'm standing and it was a big huge thing

506
00:22:25,669 --> 00:22:22,379
and I wondered what the heck it was I

507
00:22:28,279 --> 00:22:25,679
was in my kitchen having a bite of lunch

508
00:22:30,379 --> 00:22:28,289
and I turned around but the dishes in

509
00:22:32,509 --> 00:22:30,389
the sink and I looked out the window and

510
00:22:34,279 --> 00:22:32,519
that's when I first saw this thing

511
00:22:35,440 --> 00:22:34,289
coming straight down just like an

512
00:22:38,470 --> 00:22:35,450
elevator

513
00:22:40,060 --> 00:22:38,480

and first I thought the ropes went off

514

00:22:42,039 --> 00:22:40,070

in my house and I thought in all the

515

00:22:45,009 --> 00:22:42,049

Rope is green this is bright what the

516

00:22:47,500 --> 00:22:45,019

heck is it so I raced out to see what it

517

00:22:49,299 --> 00:22:47,510

was and by that time to the hatchway

518

00:22:51,970 --> 00:22:49,309

opening up in the top of it just like

519

00:22:54,549 --> 00:22:51,980

the trunk of your car and then there's

520

00:22:57,700 --> 00:22:54,559

been a little man I say a little man is

521

00:23:01,690 --> 00:22:57,710

about five foot tall bowling up a jug or

522

00:23:04,330 --> 00:23:01,700

a container and emotion they want to

523

00:23:08,680 --> 00:23:04,340

drink emotions for water so I walked up

524

00:23:10,600 --> 00:23:08,690

to him to get this jug and I looked at

525

00:23:13,389 --> 00:23:10,610

his eyes and he was so penetrating that

526

00:23:17,409 --> 00:23:13,399

I had to look away so I went to the

527

00:23:19,570 --> 00:23:17,419

basement to get this water and I thought

528

00:23:21,909 --> 00:23:19,580

well I want water so I'll take it up to

529

00:23:23,500 --> 00:23:21,919

him and see what happens and was that I

530

00:23:25,210 --> 00:23:23,510

brought the water up and he was looking

531

00:23:27,490 --> 00:23:25,220

at me when I first came out of the

532

00:23:29,649 --> 00:23:27,500

basement but I didn't look at his face

533

00:23:31,450 --> 00:23:29,659

until I got right up to him and I looked

534

00:23:34,360 --> 00:23:31,460

up and I handed the jug up with both

535

00:23:39,820 --> 00:23:34,370

hands and I had that same look in his

536

00:23:42,250 --> 00:23:39,830

eyes sort of a penetrating look and when

537

00:23:43,070 --> 00:23:42,260

he took the water I bounced myself with

538

00:23:45,380 --> 00:23:43,080

this hand

539

00:23:51,440 --> 00:23:45,390

against the machine and I stepped back a

540

00:23:54,289 --> 00:23:51,450

few steps and then with that he sets the

541

00:23:56,330 --> 00:23:54,299

jump down and he gave me a salute to the

542

00:23:59,539 --> 00:23:56,340

back of his hand the gesture thanks I

543

00:24:03,399 --> 00:23:59,549

presume and then all I gave him I

544

00:24:06,529 --> 00:24:03,409

suppose what am I going to do so I

545

00:24:08,539 --> 00:24:06,539

noticed this little man same size of a

546

00:24:10,789 --> 00:24:08,549

man like the side the right side of the

547

00:24:15,980 --> 00:24:10,799

hatchway cooking you're cooking these

548

00:24:18,289 --> 00:24:15,990

pancakes which I have one year yet see

549

00:24:23,180 --> 00:24:18,299

where he was trying these these pancakes

550

00:24:25,399 --> 00:24:23,190

and I pointed to him and made a gesture

551
00:24:27,529 --> 00:24:25,409
like eating I thought maybe I get a

552
00:24:32,600 --> 00:24:27,539
conversation out of nobody was saying

553
00:24:34,279 --> 00:24:32,610
anything but he he didn't say a word he

554
00:24:37,399 --> 00:24:34,289
just restored and he got a handful

555
00:24:41,060 --> 00:24:37,409
before him he handed down to me and they

556
00:24:42,950 --> 00:24:41,070
were hot and greasy and this is a man

557
00:24:46,340 --> 00:24:42,960
cooking these pancakes it was on a

558
00:24:47,810 --> 00:24:46,350
square grill like concerned I couldn't

559
00:24:51,889 --> 00:24:47,820
see any flame but it seemed to be very

560
00:24:54,740 --> 00:24:51,899
hot to smoke coming from it and if that

561
00:24:56,539 --> 00:24:54,750
was their food god help them because I

562
00:24:58,860 --> 00:24:56,549
took a bite at one of them and it tasted

563
00:25:01,320 --> 00:24:58,870

like a piece of cardboard

564

00:25:03,420 --> 00:25:01,330

and that's what they lived on no wonder

565

00:25:06,150 --> 00:25:03,430

they're small and with that he reached

566

00:25:09,150 --> 00:25:06,160

up and he closed his hats with a heavy

567

00:25:11,250 --> 00:25:09,160

thud quick like film at last and he

568

00:25:13,760 --> 00:25:11,260

couldn't a bit more see where that hatch

569

00:25:17,250 --> 00:25:13,770

was and you could be a hole in my hand

570

00:25:19,200 --> 00:25:17,260

and with that the same started to raise

571

00:25:21,270 --> 00:25:19,210

it's like it came down everything was

572

00:25:25,440 --> 00:25:21,280

time for Thea went up about 20 feet

573

00:25:28,200 --> 00:25:25,450

until at a 45-degree straight south and

574

00:25:30,780 --> 00:25:28,210

shallow within two or three seconds it

575

00:25:32,850 --> 00:25:30,790

was out of sight well there I saw it in

576

00:25:35,430 --> 00:25:32,860

the driveway with a handful of greasy

577

00:25:38,820 --> 00:25:35,440

pancakes my mouth open wondering what

578

00:25:42,030 --> 00:25:38,830

the heck I'd saw what had happened it is

579

00:25:45,140 --> 00:25:42,040

outside the realm of the Air Force to

580

00:25:48,419 --> 00:25:45,150

pass judgment on mr. Simon to take

581

00:25:50,490 --> 00:25:48,429

however the pancakes that he turned over

582

00:25:52,830 --> 00:25:50,500

to the Air Force were turned over to the

583

00:25:58,669 --> 00:25:52,840

Food and Drug people and they were

584

00:26:01,470 --> 00:25:58,679

analyzed as pure buckwheat Spanky Jim

585

00:26:05,180 --> 00:26:01,480

well there's the story of Jose

586

00:26:09,570 --> 00:26:05,190

assignment in right from the the farmers

587

00:26:12,299 --> 00:26:09,580

mouth I wonder I wonder a Josh if the

588

00:26:14,700 --> 00:26:12,309

one the pancake still exists because the

589

00:26:18,299 --> 00:26:14,710

Antonio who knows who told me that it

590

00:26:20,130 --> 00:26:18,309

was in a display case in the cafeteria

591

00:26:22,640 --> 00:26:20,140

down at wright-patterson Air Force Base

592

00:26:26,190 --> 00:26:22,650

along with some other supposed UFO

593

00:26:28,049 --> 00:26:26,200

evidence but then good ol Joe claims

594

00:26:30,330 --> 00:26:28,059

that the pancakes were switched on him I

595

00:26:32,700 --> 00:26:30,340

think anyway but the Air Force said that

596

00:26:34,020 --> 00:26:32,710

they were nothing but buckwheat pancakes

597

00:26:36,180 --> 00:26:34,030

I don't know they look they look pretty

598

00:26:39,090 --> 00:26:36,190

strange and I don't think he would make

599

00:26:40,710 --> 00:26:39,100

that up I mean it's just like it's a

600

00:26:42,990 --> 00:26:40,720

quick it's too crazy of a story to

601
00:26:45,570 --> 00:26:43,000
concoct it I mean you could say maybe

602
00:26:47,490 --> 00:26:45,580
aliens landed in my back yard and they

603
00:26:49,200 --> 00:26:47,500
they came down the ramp and waived or

604
00:26:53,280 --> 00:26:49,210
something but to say they gave you

605
00:26:55,530 --> 00:26:53,290
pancakes just seems a little right over

606
00:26:58,290 --> 00:26:55,540
the top no I I totally understand and

607
00:27:00,390 --> 00:26:58,300
you know I I one of my main interest in

608
00:27:01,799 --> 00:27:00,400
putting this book together was it should

609
00:27:03,750 --> 00:27:01,809
be obvious by now as these little these

610
00:27:05,640 --> 00:27:03,760
links that thread different phenomena

611
00:27:07,230 --> 00:27:05,650
together and since you haven't had a

612
00:27:09,450 --> 00:27:07,240
chance to read the book yet i'll go

613
00:27:12,150 --> 00:27:09,460

ahead and mention this will tidbit Oh in

614

00:27:13,010 --> 00:27:12,160

my research I found this these legends

615

00:27:16,470 --> 00:27:13,020

about these

616

00:27:18,210 --> 00:27:16,480

small elves in the fries and islands

617

00:27:21,300 --> 00:27:18,220

which are off the coast of denmark and

618

00:27:23,820 --> 00:27:21,310

germany and they are called the owner

619

00:27:27,210 --> 00:27:23,830

been ski and one of the things they do

620

00:27:30,750 --> 00:27:27,220

is they bring fresh water and pancakes

621

00:27:32,040 --> 00:27:30,760

to farmers in the field so i found that

622

00:27:33,810 --> 00:27:32,050

to be an interesting little parallel

623

00:27:35,310 --> 00:27:33,820

between that and what simonton says he

624

00:27:36,570 --> 00:27:35,320

encountered because water and pancakes

625

00:27:39,690 --> 00:27:36,580

were both you know in play in that

626

00:27:43,110 --> 00:27:39,700

encounter mm-hmm do we have to bring our

627

00:27:44,370 --> 00:27:43,120

own syrup or do they provide that well

628

00:27:46,740 --> 00:27:44,380

according to Betty andreas and they

629

00:27:49,550 --> 00:27:46,750

bring their own syrup she had a sort of

630

00:27:55,560 --> 00:27:49,560

syrupy liquid force down her throat so

631

00:27:58,860 --> 00:27:55,570

mm that's kinky and and why did they

632

00:28:00,780 --> 00:27:58,870

ever explain why um not that I'm aware

633

00:28:04,140 --> 00:28:00,790

of you know it's interesting if you look

634

00:28:07,080 --> 00:28:04,150

at a lot of these encounters a lot of

635

00:28:08,640 --> 00:28:07,090

them tend to a bookend the food rather

636

00:28:10,650 --> 00:28:08,650

tends to book in via encounter neither

637

00:28:12,690 --> 00:28:10,660

comes at the very beginning of an event

638

00:28:15,090 --> 00:28:12,700

or towards the end of an event I think

639

00:28:17,160 --> 00:28:15,100

there's a clue there um but what's also

640

00:28:18,900 --> 00:28:17,170

apparent to me is that these people are

641

00:28:20,580 --> 00:28:18,910

in this these situations for a

642

00:28:22,770 --> 00:28:20,590

relatively short amount of time this

643

00:28:24,120 --> 00:28:22,780

isn't for sustenance it's to administer

644

00:28:27,330 --> 00:28:24,130

some effect I think that's pretty clear

645

00:28:29,460 --> 00:28:27,340

too um I know what that effect is is

646

00:28:31,950 --> 00:28:29,470

still up for debate but i think that the

647

00:28:34,650 --> 00:28:31,960

data tends to suggest that you know

648

00:28:38,220 --> 00:28:34,660

you're not getting this drink just to

649

00:28:43,280 --> 00:28:38,230

keep you from being parched now i have i

650

00:28:47,250 --> 00:28:43,290

have the ultimate mixed saucer

651
00:28:49,800 --> 00:28:47,260
experience and this was an item an

652
00:28:51,450 --> 00:28:49,810
article that appeared in the aerial

653
00:28:53,160 --> 00:28:51,460
phenomena research organizations

654
00:28:54,470 --> 00:28:53,170
bulletin the apparel bullet in many many

655
00:28:56,760 --> 00:28:54,480
years ago of course because the

656
00:28:59,010 --> 00:28:56,770
organization has been the fun probably

657
00:29:03,090 --> 00:28:59,020
for three decades something like that

658
00:29:07,850 --> 00:29:03,100
anyway there was a family they were

659
00:29:10,500 --> 00:29:07,860
driving up in the Oregon mountains and

660
00:29:11,910 --> 00:29:10,510
they were running on sure to get running

661
00:29:14,250 --> 00:29:11,920
short of gas and it was getting a little

662
00:29:17,130 --> 00:29:14,260
I guess the late in the day and they

663
00:29:19,230 --> 00:29:17,140

weren't exactly sure where they were so

664

00:29:21,330 --> 00:29:19,240

they actually needed some sort of

665

00:29:23,400 --> 00:29:21,340

assistance and they were driving down

666

00:29:26,700 --> 00:29:23,410

one of the back mountain roads and they

667

00:29:29,190 --> 00:29:26,710

saw a Oh a fast food

668

00:29:31,289 --> 00:29:29,200

round of some kind which is surprised

669

00:29:33,570 --> 00:29:31,299

not surprising for us with shaped

670

00:29:35,340 --> 00:29:33,580

somewhat like a flying saucer yeah I

671

00:29:37,649 --> 00:29:35,350

think this is in Crater Lake Oregon

672

00:29:39,990 --> 00:29:37,659

right I thinks I you know I i don't i

673

00:29:42,149 --> 00:29:40,000

don't remember the countess it's a it's

674

00:29:44,760 --> 00:29:42,159

a first we got eagle river and now we

675

00:29:46,019 --> 00:29:44,770

got crater I like I think we're think

676

00:29:49,289 --> 00:29:46,029

we're thinking of the same I think we're

677

00:29:51,990 --> 00:29:49,299

thinking this is a sure yeah ok so the

678

00:29:54,510 --> 00:29:52,000

they run out of gas but the car somehow

679

00:29:57,539 --> 00:29:54,520

seems to coast into the parking lot

680

00:29:59,100 --> 00:29:57,549

mm-hmm and so they they park and they

681

00:30:01,529 --> 00:29:59,110

get out and they go inside to I guess

682

00:30:02,880 --> 00:30:01,539

you know Astra directions are or find

683

00:30:05,240 --> 00:30:02,890

out where they might call they get

684

00:30:07,409 --> 00:30:05,250

somebody to come with a can of gas and

685

00:30:10,799 --> 00:30:07,419

they figure where they have some time

686

00:30:13,080 --> 00:30:10,809

you know while this is going on maybe to

687

00:30:15,690 --> 00:30:13,090

get a bite to eat so now everybody

688

00:30:17,760 --> 00:30:15,700

inside the restaurant is addressed in

689

00:30:21,029 --> 00:30:17,770

kind of silver LeMay you know very

690

00:30:24,360 --> 00:30:21,039

futuristic looking space type of outfits

691

00:30:26,970 --> 00:30:24,370

and everybody is very polite and there

692

00:30:29,490 --> 00:30:26,980

are a few you know human-looking people

693

00:30:32,130 --> 00:30:29,500

there waiting on them and and then there

694

00:30:33,539 --> 00:30:32,140

are some robot on you know to something

695

00:30:35,340 --> 00:30:33,549

right out of Star Wars or something

696

00:30:36,810 --> 00:30:35,350

clicking and clacking than a halt and

697

00:30:38,789 --> 00:30:36,820

and the children I think there were a

698

00:30:41,310 --> 00:30:38,799

couple of children maybe tina early

699

00:30:42,960 --> 00:30:41,320

teenagers and they they were very you

700

00:30:45,889 --> 00:30:42,970

know they were very excited about this

701
00:30:47,730 --> 00:30:45,899
and they all enjoyed the food now

702
00:30:50,519 --> 00:30:47,740
somehow I don't know if they got

703
00:30:52,649 --> 00:30:50,529
instructions for the the the way to get

704
00:30:55,080 --> 00:30:52,659
the gas but they got back into the car

705
00:30:57,810 --> 00:30:55,090
and the car coasted out of the parking

706
00:31:00,990 --> 00:30:57,820
lot of the saucer shaped fast-food

707
00:31:02,580 --> 00:31:01,000
restaurant and it turned over and it

708
00:31:05,519 --> 00:31:02,590
continued on its way and got them to

709
00:31:07,610 --> 00:31:05,529
where they were going well now everybody

710
00:31:10,529 --> 00:31:07,620
had such a good time at this futuristic

711
00:31:13,409 --> 00:31:10,539
restaurant they wanted to return like a

712
00:31:17,310 --> 00:31:13,419
couple of weeks later and order another

713
00:31:19,019 --> 00:31:17,320

you know a saucer burger and and so they

714

00:31:20,880 --> 00:31:19,029

they they drove back to where they

715

00:31:24,419 --> 00:31:20,890

thought the restaurant was but they

716

00:31:26,250 --> 00:31:24,429

couldn't find it ya know that the locals

717

00:31:28,169 --> 00:31:26,260

didn't know of the restaurant at all and

718

00:31:31,950 --> 00:31:28,179

they hadn't lost any money from the

719

00:31:33,899 --> 00:31:31,960

interaction either sir well all that so

720

00:31:37,019 --> 00:31:33,909

that that that is a story but i think

721

00:31:39,240 --> 00:31:37,029

that would rate as my top incident of

722

00:31:40,200 --> 00:31:39,250

this type of course we don't have the

723

00:31:44,610 --> 00:31:40,210

family to talk to

724

00:31:47,220 --> 00:31:44,620

but if it were in the APRA bulletin it's

725

00:31:48,570 --> 00:31:47,230

a good chance you know that certainly

726

00:31:50,370 --> 00:31:48,580

the witnesses the people involved

727

00:31:51,660 --> 00:31:50,380

existed I don't think that they met you

728

00:31:55,680 --> 00:31:51,670

know they didn't obviously make it up

729

00:31:57,570 --> 00:31:55,690

from from you know just make it up it

730

00:32:01,170 --> 00:31:57,580

was obviously something that had been

731

00:32:04,430 --> 00:32:01,180

reported in to them so I know there's a

732

00:32:07,020 --> 00:32:04,440

story that kind of a kind of goes wrong

733

00:32:10,020 --> 00:32:07,030

well again we had no way of contacting

734

00:32:11,490 --> 00:32:10,030

or interviewing the witnesses I don't

735

00:32:14,820 --> 00:32:11,500

even think their names were necessarily

736

00:32:17,220 --> 00:32:14,830

you know given uh no I don't think so

737

00:32:18,780 --> 00:32:17,230

they were selected they liked it enough

738

00:32:20,370 --> 00:32:18,790

that they would they wanted to go back

739

00:32:22,770 --> 00:32:20,380

to the restaurant and order another bag

740

00:32:24,690 --> 00:32:22,780

of burgers yeah I mean not that I'm

741

00:32:28,410 --> 00:32:24,700

aware of were there any real effects um

742

00:32:30,450 --> 00:32:28,420

I do know that Thomas Bullard who wrote

743

00:32:33,480 --> 00:32:30,460

the foreword for the book um actually

744

00:32:35,520 --> 00:32:33,490

compiled this in his UFO abductions

745

00:32:38,430 --> 00:32:35,530

measure of a mystery compendium back in

746

00:32:40,050 --> 00:32:38,440

the back in the 80s which is which was

747

00:32:41,970 --> 00:32:40,060

it that you know the time and still is a

748

00:32:43,380 --> 00:32:41,980

great touch done for a lot of this

749

00:32:45,510 --> 00:32:43,390

information but yeah I was interesting

750

00:32:47,490 --> 00:32:45,520

the mother's memory sharpened about a

751
00:32:48,840 --> 00:32:47,500
decade and a half later and she couldn't

752
00:32:51,090 --> 00:32:48,850
fuse pretty sure at that point that they

753
00:32:53,130 --> 00:32:51,100
hadn't visited a restaurant so you know

754
00:32:54,390 --> 00:32:53,140
I mean the question is if if if they

755
00:32:56,640 --> 00:32:54,400
were able to make these people think

756
00:32:58,320 --> 00:32:56,650
that it was a restaurant either these

757
00:33:01,770 --> 00:32:58,330
people were so tired or there was some

758
00:33:03,180 --> 00:33:01,780
sort of screen memory you know aspect in

759
00:33:05,370 --> 00:33:03,190
place and the question is if there was a

760
00:33:07,410 --> 00:33:05,380
screen memory in place then what were

761
00:33:09,720 --> 00:33:07,420
they eating you know in which Bray which

762
00:33:11,280 --> 00:33:09,730
opens up a whole can of worms about can

763
00:33:12,720 --> 00:33:11,290

we take any of these things at face

764

00:33:15,000 --> 00:33:12,730

value you know someone says that they're

765

00:33:16,800 --> 00:33:15,010

being given an extraterrestrial

766

00:33:19,500 --> 00:33:16,810

pomegranate are they really or is it

767

00:33:21,300 --> 00:33:19,510

something that being cloaked in another

768

00:33:26,690 --> 00:33:21,310

way you know you know they might have

769

00:33:31,950 --> 00:33:30,450

unfortunately yes that thatthat's not

770

00:33:34,980 --> 00:33:31,960

that horse is a horse of course of

771

00:33:36,960 --> 00:33:34,990

course yeah there you go yeah well okay

772

00:33:39,090 --> 00:33:36,970

well what what what would you consider

773

00:33:40,800 --> 00:33:39,100

the most famous cases where people have

774

00:33:42,630 --> 00:33:40,810

received food from aliens from South

775

00:33:45,210 --> 00:33:42,640

question from fairies and how does the

776

00:33:47,280 --> 00:33:45,220

food differ I mean do err aliens have a

777

00:33:50,190 --> 00:33:47,290

different tastes in food than Sasquatch

778

00:33:52,050 --> 00:33:50,200

or fairies well I'm you're definitely I

779

00:33:53,760 --> 00:33:52,060

mean I think we know we touch on the

780

00:33:55,170 --> 00:33:53,770

silent in case which is

781

00:33:56,940 --> 00:33:55,180

definitely the poster child for the sort

782

00:33:58,710 --> 00:33:56,950

of phenomenon if if you don't think

783

00:34:03,330 --> 00:33:58,720

about manna from heaven being sort of

784

00:34:06,420 --> 00:34:03,340

you know BS as well um but that's that's

785

00:34:09,480 --> 00:34:06,430

far and away the most famous of the of

786

00:34:11,460 --> 00:34:09,490

the if you just want to lump abductees

787

00:34:13,290 --> 00:34:11,470

and contact he's on one in one barrel

788

00:34:15,570 --> 00:34:13,300

that's the most famous of those of those

789

00:34:16,830 --> 00:34:15,580

encounters on the most famous Sasquatch

790

00:34:18,990 --> 00:34:16,840

encounter where someone received food

791

00:34:22,380 --> 00:34:19,000

was probably the Albert Ostman encounter

792

00:34:24,030 --> 00:34:22,390

um where gentlemen who in 1957 said he

793

00:34:26,580 --> 00:34:24,040

was picked up in his sleeping bag and

794

00:34:28,649 --> 00:34:26,590

dropped off with a sasquatch family and

795

00:34:30,899 --> 00:34:28,659

the course of a couple of days he gave

796

00:34:35,130 --> 00:34:30,909

them some quote unquote sweet roots that

797

00:34:37,260 --> 00:34:35,140

had a satisfying taste um I was why

798

00:34:41,340 --> 00:34:37,270

would I tried to escape from their

799

00:34:43,889 --> 00:34:41,350

encampment yeah exactly what I bring my

800

00:34:46,260 --> 00:34:43,899

own or bring my own food next time yeah

801
00:34:48,060 --> 00:34:46,270
exactly um he is the funny thing is he

802
00:34:51,090 --> 00:34:48,070
was actually able to escape with with

803
00:34:54,240 --> 00:34:51,100
food items he uh he convinced the the

804
00:34:56,880 --> 00:34:54,250
father of the of the group to eat to eat

805
00:34:58,350 --> 00:34:56,890
some of his snuff and when the when it

806
00:35:01,950 --> 00:34:58,360
didn't like the way the snuff tasted he

807
00:35:03,570 --> 00:35:01,960
gave it scalding hot coffee and and was

808
00:35:05,070 --> 00:35:03,580
able to create a distraction because you

809
00:35:06,500 --> 00:35:05,080
know he had his pack with him as well so

810
00:35:11,370 --> 00:35:06,510
he was able to make those uh those

811
00:35:13,920 --> 00:35:11,380
commiss tables um but mm-hmm I know it's

812
00:35:15,630 --> 00:35:13,930
interesting there's there are I brought

813
00:35:16,980 --> 00:35:15,640

Sasquatch into this cut into the

814

00:35:18,960 --> 00:35:16,990

discussion because of the similarities

815

00:35:21,860 --> 00:35:18,970

between that and the fairy food trope

816

00:35:26,040 --> 00:35:21,870

but Sasquatch tend to be the only

817

00:35:28,290 --> 00:35:26,050

entities who offer meat really generally

818

00:35:29,460 --> 00:35:28,300

speaking um you know you'll run into a

819

00:35:30,990 --> 00:35:29,470

couple of encounters here and there

820

00:35:33,630 --> 00:35:31,000

where somebody receives an

821

00:35:36,450 --> 00:35:33,640

extraterrestrial steak or something but

822

00:35:37,770 --> 00:35:36,460

by and large a lot of the foods that

823

00:35:40,820 --> 00:35:37,780

people receive in all these encounters

824

00:35:44,070 --> 00:35:40,830

from fairies and aliens and Sasquatch

825

00:35:45,750 --> 00:35:44,080

conform loosely to al active vegetarian

826

00:35:47,280 --> 00:35:45,760

diet and they're mostly pretty healthy

827

00:35:49,980 --> 00:35:47,290

foods with the exception of pills and

828

00:35:52,830 --> 00:35:49,990

God knows what they are um fairies tend

829

00:35:55,020 --> 00:35:52,840

to give bread and like a wine or or a

830

00:35:57,810 --> 00:35:55,030

punch or something as I mentioned before

831

00:36:01,080 --> 00:35:57,820

aliens tend to give i mean the the the

832

00:36:03,180 --> 00:36:01,090

scales are are lopsided in favor of

833

00:36:05,430 --> 00:36:03,190

liquid by like a sixty percent margin

834

00:36:07,200 --> 00:36:05,440

it's a huge amount of cases that i

835

00:36:10,020 --> 00:36:07,210

studied that involve liquid

836

00:36:12,480 --> 00:36:10,030

um which also ties into some ideas that

837

00:36:15,740 --> 00:36:12,490

I have as well I gotta go and break by

838

00:36:19,310 --> 00:36:15,750

the way guys okay four minutes okay

839

00:36:23,339 --> 00:36:19,320

mm-hmm oh we will be we will be back

840

00:36:25,829 --> 00:36:23,349

well we're back with the Real Joshua

841

00:36:29,520 --> 00:36:25,839

kitchen and this is tim buckley on

842

00:36:33,270 --> 00:36:29,530

unraveling the secrets with Carla

843

00:36:37,800 --> 00:36:33,280

Anderson proprietor of a balance the

844

00:36:41,430 --> 00:36:37,810

only UFO oriented mothership and hair

845

00:36:45,660 --> 00:36:41,440

salon and gallery and she's awake maybe

846

00:36:47,700 --> 00:36:45,670

you just think it's a hair salon well I

847

00:36:49,770 --> 00:36:47,710

I sometimes I put liquidy stuff down

848

00:36:52,980 --> 00:36:49,780

people you know I was just saying I go I

849

00:36:54,660 --> 00:36:52,990

i can remember having free drinks I can

850

00:36:57,510 --> 00:36:54,670

remember having a few drinks and passing

851

00:37:02,520 --> 00:36:57,520

out in the backyard so right right there

852

00:37:04,530 --> 00:37:02,530

feel like syrup definitely sir I do

853

00:37:07,290 --> 00:37:04,540

believe that that is the case and down

854

00:37:11,430 --> 00:37:07,300

in Florida we have the master of all of

855

00:37:13,890 --> 00:37:11,440

this who brings us to the airwaves every

856

00:37:17,900 --> 00:37:13,900

Saturday night and for eternity because

857

00:37:20,670 --> 00:37:17,910

once we're up on the internet there's no

858

00:37:23,579 --> 00:37:20,680

doing away with us so you're stuck with

859

00:37:25,440 --> 00:37:23,589

us and and some of these shipments up so

860

00:37:29,250 --> 00:37:25,450

good you should have listened to them

861

00:37:31,320 --> 00:37:29,260

two or three times already and if you

862

00:37:33,030 --> 00:37:31,330

haven't tell you friends because there's

863

00:37:34,950 --> 00:37:33,040

some really good programming here we

864

00:37:38,270 --> 00:37:34,960

don't we don't slouch for one minute

865

00:37:40,650 --> 00:37:38,280

when it comes to unraveling the secrets

866

00:37:43,760 --> 00:37:40,660

by the way you can also check out the

867

00:37:47,400 --> 00:37:43,770

podcast on unraveling the secrets com

868

00:37:50,599 --> 00:37:47,410

indeed indeed thank you thank you age /

869

00:37:53,460 --> 00:37:50,609

for putting them up there okay so Josh

870

00:37:56,339 --> 00:37:53,470

now okay so you say there is a

871

00:37:59,070 --> 00:37:56,349

difference possibly in the beverages and

872

00:38:03,060 --> 00:37:59,080

the food supplied by the fairies and

873

00:38:04,770 --> 00:38:03,070

sasquatch and extraterrestrials what

874

00:38:07,410 --> 00:38:04,780

would you say is there one case that

875

00:38:10,700 --> 00:38:07,420

stands out as being the strangest case

876

00:38:14,010 --> 00:38:10,710

as if they were wherein all strange oh

877

00:38:15,630 --> 00:38:14,020

heavens I'm trying to think of something

878

00:38:17,799 --> 00:38:15,640

that would be one of the one of the

879

00:38:22,539 --> 00:38:17,809

weirder ones um

880

00:38:25,900 --> 00:38:22,549

uh you know thought the Simonson case is

881

00:38:28,390 --> 00:38:25,910

is awfully is awfully strange but there

882

00:38:33,400 --> 00:38:28,400

was another case that I was trying to

883

00:38:34,509 --> 00:38:33,410

recall um from a was oh there was this

884

00:38:36,039 --> 00:38:34,519

might not be the strangest when I'm

885

00:38:37,599 --> 00:38:36,049

trying trying to think of all the ones

886

00:38:40,599 --> 00:38:37,609

but another one of my favorite cases

887

00:38:42,339 --> 00:38:40,609

that sort of autism in 1980 there were

888

00:38:45,400 --> 00:38:42,349

supposedly these bright lights that

889

00:38:48,189 --> 00:38:45,410

appeared on the the farm section of a

890

00:38:50,859 --> 00:38:48,199

Cuban prison and there was like a

891

00:38:53,109 --> 00:38:50,869

strange shadowy feet a figure that was

892

00:38:55,539 --> 00:38:53,119

seen and the figure disappeared left

893

00:38:57,400 --> 00:38:55,549

behind were these gigantic fruits that

894

00:39:01,929 --> 00:38:57,410

looked like papayas and oranges and

895

00:39:04,179 --> 00:39:01,939

apples and one of the one of the inmates

896

00:39:07,299 --> 00:39:04,189

actually had an infected leg and ate one

897

00:39:09,239 --> 00:39:07,309

of the fruits and had it healed which is

898

00:39:13,660 --> 00:39:09,249

just sort of a nice little sort of odd

899

00:39:14,890 --> 00:39:13,670

odd case boy you know if you had

900

00:39:17,259 --> 00:39:14,900

something like that you could really

901
00:39:19,539 --> 00:39:17,269
advertise it and promote it yeah for

902
00:39:21,880 --> 00:39:19,549
real people yeah people like waka I mean

903
00:39:25,870 --> 00:39:21,890
I over the years I have tried tried some

904
00:39:28,179 --> 00:39:25,880
very strange textured drinks like spurts

905
00:39:30,370 --> 00:39:28,189
Farina is that one from I think the

906
00:39:32,979 --> 00:39:30,380
Philippines or Bora Bora or something

907
00:39:35,739 --> 00:39:32,989
that is so hard to digest that it must

908
00:39:38,349 --> 00:39:35,749
have been implanted here from from

909
00:39:41,769 --> 00:39:38,359
somewhere else any-any tie-ins with the

910
00:39:44,829 --> 00:39:41,779
Roswell or any UFO crashes and and

911
00:39:46,719 --> 00:39:44,839
liquid being found on Twitter fuder yeah

912
00:39:48,400 --> 00:39:46,729
there's there is sort of this rabbit

913
00:39:49,929 --> 00:39:48,410

hole that I go down because it was sort

914

00:39:51,429 --> 00:39:49,939

of difficult for me because nobody had

915

00:39:53,019 --> 00:39:51,439

ever really done this before to wrap my

916

00:39:54,609 --> 00:39:53,029

arms around it so what I ended up doing

917

00:39:57,370 --> 00:39:54,619

is you know had a lot of people

918

00:39:59,709 --> 00:39:57,380

interested in what aliens eat or what

919

00:40:00,969 --> 00:39:59,719

Sasquatch eat sand or what you know but

920

00:40:02,709 --> 00:40:00,979

that's not really what the book is about

921

00:40:05,169 --> 00:40:02,719

the book is about the exchange because

922

00:40:06,699 --> 00:40:05,179

that to me the fact that something eats

923

00:40:09,549 --> 00:40:06,709

is an odd the fact that there is this

924

00:40:11,529 --> 00:40:09,559

exchange is really what's odd so I end

925

00:40:15,009 --> 00:40:11,539

up going down this rabbit hole which um

926

00:40:17,380 --> 00:40:15,019

I think I sort of did need to address

927

00:40:19,929 --> 00:40:17,390

which was on I'm sure you've heard of

928

00:40:22,269 --> 00:40:19,939

them this idea that David Jacobs put

929

00:40:26,019 --> 00:40:22,279

forth of the absorption theory and there

930

00:40:28,929 --> 00:40:26,029

was an article an agony article back in

931

00:40:30,459 --> 00:40:28,939

the back several years ago that said

932

00:40:31,270 --> 00:40:30,469

that well this isn't really David Jacobs

933

00:40:33,790 --> 00:40:31,280

theory there's been

934

00:40:36,790 --> 00:40:33,800

many of other evidence to suggest this

935

00:40:38,890 --> 00:40:36,800

idea that alien beings absorbed through

936

00:40:41,140 --> 00:40:38,900

their skin Phil corsa mentioned it and

937

00:40:42,640 --> 00:40:41,150

after Roswell John Lear said something

938

00:40:43,810 --> 00:40:42,650

similar if you look through the

939

00:40:44,800 --> 00:40:43,820

literature there's a lot of this and

940

00:40:46,180 --> 00:40:44,810

going all the way back to faerie

941

00:40:48,460 --> 00:40:46,190

literature their suggestions that

942

00:40:51,520 --> 00:40:48,470

fairies absorb their food through their

943

00:40:53,320 --> 00:40:51,530

skin as well so the reason so that's the

944

00:40:55,690 --> 00:40:53,330

Roswell time because you know up day

945

00:40:58,560 --> 00:40:55,700

after roswell he said that the the

946

00:41:01,660 --> 00:40:58,570

doctors didn't see any means of

947

00:41:03,700 --> 00:41:01,670

excreting bodily waste they just saw a

948

00:41:05,020 --> 00:41:03,710

small set like mouth and of course you

949

00:41:07,480 --> 00:41:05,030

know you look at a lot of a lot of

950

00:41:10,030 --> 00:41:07,490

abductee stories and they don't describe

951
00:41:11,770 --> 00:41:10,040
genitals or an anus so you look at um

952
00:41:13,630 --> 00:41:11,780
you look at that and the reason that

953
00:41:16,930 --> 00:41:13,640
that entire subject is brought up in the

954
00:41:19,480 --> 00:41:16,940
book is because well if these entities

955
00:41:22,210 --> 00:41:19,490
do not consume in a traditional fashion

956
00:41:24,580 --> 00:41:22,220
do we have to widen this idea of entity

957
00:41:26,710 --> 00:41:24,590
food of alien food to incorporate and

958
00:41:29,470 --> 00:41:26,720
include people who say that they were

959
00:41:34,620 --> 00:41:29,480
smeared with ointment you know viel

960
00:41:37,750 --> 00:41:34,630
applause the the mirasol abduction cases

961
00:41:39,070 --> 00:41:37,760
all of the maurya rest your case all

962
00:41:40,840 --> 00:41:39,080
these cases where people say they're

963
00:41:43,900 --> 00:41:40,850

smear'd with some sort of liquid or goo

964

00:41:46,180 --> 00:41:43,910

does that um is that something that we

965

00:41:47,350 --> 00:41:46,190

have to address as well so that was sort

966

00:41:48,940 --> 00:41:47,360

of a roundabout way of saying yes

967

00:41:51,340 --> 00:41:48,950

there's laughs their references to

968

00:41:53,380 --> 00:41:51,350

Roswell in there with in regard to in

969

00:41:55,480 --> 00:41:53,390

regard to liquid but it's another reason

970

00:41:56,920 --> 00:41:55,490

why I sort of always been very hesitant

971

00:41:58,660 --> 00:41:56,930

to put in an exact number on how many

972

00:42:01,120 --> 00:41:58,670

cases because i'm not sure if those

973

00:42:03,700 --> 00:42:01,130

pointment cases you know these these boo

974

00:42:05,950 --> 00:42:03,710

cases should be included or not no I I

975

00:42:07,360 --> 00:42:05,960

think I think so I mean yeah yeah i

976

00:42:08,920 --> 00:42:07,370

would i would think that there's a

977

00:42:11,950 --> 00:42:08,930

definite place for them in the in the

978

00:42:13,540 --> 00:42:11,960

structure here now how about food and

979

00:42:17,620 --> 00:42:13,550

liquid going in the opposite direction

980

00:42:20,950 --> 00:42:17,630

have aliens ever been presented with

981

00:42:22,720 --> 00:42:20,960

candy or sweets or pudding or anything

982

00:42:26,200 --> 00:42:22,730

along that line yeah it's really

983

00:42:27,910 --> 00:42:26,210

interesting um a lot of it is something

984

00:42:31,240 --> 00:42:27,920

that's throughout all these cases that

985

00:42:33,370 --> 00:42:31,250

you just don't see a lot of our candy

986

00:42:35,380 --> 00:42:33,380

and meats which is interesting to me you

987

00:42:37,630 --> 00:42:35,390

think in Western society we would will

988

00:42:39,340 --> 00:42:37,640

be if we were making all of this up we

989

00:42:41,410 --> 00:42:39,350

would be saying oh they gave me a burger

990

00:42:43,920 --> 00:42:41,420

and they gave me you know they gave me

991

00:42:46,410 --> 00:42:43,930

sweetie eminem's awesome yeah Eminem's

992

00:42:48,690 --> 00:42:46,420

but neither a recent now Reese's Pieces

993

00:42:51,570 --> 00:42:48,700

please go ahead yeah I know I know right

994

00:42:53,460 --> 00:42:51,580

yeah um but a lot of the things that

995

00:42:56,280 --> 00:42:53,470

people people say that they've will you

996

00:43:00,900 --> 00:42:56,290

if you look at the fairy stories from

997

00:43:02,490 --> 00:43:00,910

from ages ago um people would give you

998

00:43:03,840 --> 00:43:02,500

know they put out milk for the farriers

999

00:43:06,060 --> 00:43:03,850

or bread for the fairies and hope that

1000

00:43:07,740 --> 00:43:06,070

the fairies would sort of bless their

1001
00:43:09,870 --> 00:43:07,750
house or bless the things that they were

1002
00:43:15,150 --> 00:43:09,880
doing the next day instead is that they

1003
00:43:17,820 --> 00:43:15,160
burned it down yeah um now nowadays you

1004
00:43:20,010 --> 00:43:17,830
know it's it's sort of hard to begin a

1005
00:43:21,330 --> 00:43:20,020
position where you can give some given

1006
00:43:23,880 --> 00:43:21,340
alien food because you know you're

1007
00:43:26,930 --> 00:43:23,890
either abducted from your car or from

1008
00:43:29,130 --> 00:43:26,940
your your house late at night um but

1009
00:43:31,250 --> 00:43:29,140
there was a lady not rated they're not

1010
00:43:34,950 --> 00:43:31,260
rating you're not raiding the icebox

1011
00:43:36,840 --> 00:43:34,960
yeah exactly um I mean you look at there

1012
00:43:38,820 --> 00:43:36,850
are several cases people always refer to

1013
00:43:40,860 --> 00:43:38,830

the Richard french instance with where

1014

00:43:42,960 --> 00:43:40,870

man and black tried to drink jello but

1015

00:43:44,820 --> 00:43:42,970

they're actually a couple of cases like

1016

00:43:46,530 --> 00:43:44,830

that that's sort of where people have

1017

00:43:49,200 --> 00:43:46,540

been given men and black jello and

1018

00:43:50,610 --> 00:43:49,210

they've tried to try to drink it um but

1019

00:43:53,250 --> 00:43:50,620

you know there's a woman in Minnesota I

1020

00:43:54,740 --> 00:43:53,260

I used I used to do that on Saturday

1021

00:43:57,330 --> 00:43:54,750

afternoon they called jello shots

1022

00:44:02,520 --> 00:43:57,340

exactly they're in my biology or my

1023

00:44:03,780 --> 00:44:02,530

practice uh yeah um but there's lady in

1024

00:44:06,000 --> 00:44:03,790

Minnesota who answered the door and

1025

00:44:08,550 --> 00:44:06,010

there were these little men outside he's

1026

00:44:09,930 --> 00:44:08,560

like about 26 inches tall and she Shiva

1027

00:44:11,580 --> 00:44:09,940

invited them in and gave them bread and

1028

00:44:12,930 --> 00:44:11,590

butter and sausage and they all loved it

1029

00:44:15,570 --> 00:44:12,940

and she also gave him coffee and they

1030

00:44:18,540 --> 00:44:15,580

hated the coffee um there's the hang li

1031

00:44:20,370 --> 00:44:18,550

case from Birmingham in the UK where

1032

00:44:21,990 --> 00:44:20,380

these entities supposedly entered

1033

00:44:23,580 --> 00:44:22,000

sometime around Christmas one year the

1034

00:44:25,440 --> 00:44:23,590

injured her house and paralyzed her and

1035

00:44:27,600 --> 00:44:25,450

eventually that wore off and she had

1036

00:44:30,990 --> 00:44:27,610

this conversation and gave them meat

1037

00:44:33,060 --> 00:44:31,000

pies as they missed I've got a stuff

1038

00:44:37,530 --> 00:44:33,070

I've got a story for you when I was over

1039

00:44:41,280 --> 00:44:37,540

in England Oh back in the 1980s I met a

1040

00:44:42,930 --> 00:44:41,290

lady by the name of Margaret fry and she

1041

00:44:45,750 --> 00:44:42,940

had and now I can you know I don't wanna

1042

00:44:47,310 --> 00:44:45,760

I think it was her but she she

1043

00:44:49,770 --> 00:44:47,320

investigated a lot of these different

1044

00:44:54,570 --> 00:44:49,780

cases but i believe it was her she had

1045

00:44:56,340 --> 00:44:54,580

some pies on the windowsill and here the

1046

00:44:57,720 --> 00:44:56,350

aliens came and grabbed her freshly

1047

00:44:59,250 --> 00:44:57,730

baked pies

1048

00:45:01,440 --> 00:44:59,260

yeah I've heard that I think I've heard

1049

00:45:02,910 --> 00:45:01,450

that case as well I don't think I made

1050

00:45:05,730 --> 00:45:02,920

in the book but it was definitely on

1051

00:45:08,250 --> 00:45:05,740

well you know again a lot of the focus

1052

00:45:10,620 --> 00:45:08,260

was was from the entity to the witness

1053

00:45:11,910 --> 00:45:10,630

so there's there's a chapter of the of

1054

00:45:14,970 --> 00:45:11,920

the reverse of that where I talk about

1055

00:45:18,300 --> 00:45:14,980

it um but yeah there's that there's

1056

00:45:21,109 --> 00:45:18,310

English cases pised into up here every

1057

00:45:25,349 --> 00:45:21,119

now and then which is interesting

1058

00:45:30,540 --> 00:45:25,359

anybody ever gets sick yeah I mean you

1059

00:45:34,410 --> 00:45:30,550

look at uh you look at a lot of um well

1060

00:45:36,030 --> 00:45:34,420

here's mmm I just sort of have to sort

1061

00:45:39,390 --> 00:45:36,040

of backpedal that a little bit because I

1062

00:45:42,510 --> 00:45:39,400

can't I can't guarantee causation you

1063

00:45:43,950 --> 00:45:42,520

know um there are a couple of instances

1064

00:45:45,330 --> 00:45:43,960

where people say they've consumed

1065

00:45:47,670 --> 00:45:45,340

something and it has immediately made

1066

00:45:49,770 --> 00:45:47,680

them sick there are other cases where

1067

00:45:51,450 --> 00:45:49,780

people are on suppose live on board a

1068

00:45:53,250 --> 00:45:51,460

craft and they've taken something and

1069

00:45:54,930 --> 00:45:53,260

then when they return their sick but the

1070

00:45:57,359 --> 00:45:54,940

question is you know is that as a direct

1071

00:46:00,810 --> 00:45:57,369

result of what they've consumed or is

1072

00:46:02,310 --> 00:46:00,820

that um you know because of some sort of

1073

00:46:06,720 --> 00:46:02,320

other effects that they experience on

1074

00:46:08,760 --> 00:46:06,730

the craft um but but yeah there are a

1075

00:46:10,920 --> 00:46:08,770

couple of instances where people were to

1076
00:46:14,849 --> 00:46:10,930
vomit uh there was a case and I believe

1077
00:46:16,650 --> 00:46:14,859
oh geez i think it was uh i think was

1078
00:46:19,830 --> 00:46:16,660
masquerade of angels where karla turner

1079
00:46:23,160 --> 00:46:19,840
talks about a gentleman who took some

1080
00:46:25,050 --> 00:46:23,170
sort of drink he took a drink of this

1081
00:46:27,599 --> 00:46:25,060
stuff and he saw he vomited and he saw

1082
00:46:29,340 --> 00:46:27,609
his soul exit his body and it was sort

1083
00:46:31,590 --> 00:46:29,350
of a strange case and there are other

1084
00:46:34,109 --> 00:46:31,600
cases of people who who take food from

1085
00:46:35,670 --> 00:46:34,119
the fairies and have eaten it and they

1086
00:46:37,620 --> 00:46:35,680
vomit and they see that it's not really

1087
00:46:39,030 --> 00:46:37,630
food at all it's actually just worms and

1088
00:46:40,680 --> 00:46:39,040

grass that have been sort of that were

1089

00:46:43,080 --> 00:46:40,690

sort of disguised they were cloaked in

1090

00:46:44,609 --> 00:46:43,090

glamour to appear appealing when they

1091

00:46:50,010 --> 00:46:44,619

actually were nothing but to try to us

1092

00:46:54,630 --> 00:46:50,020

so now have would you say that any of

1093

00:46:58,109 --> 00:46:54,640

these it is there is there any change in

1094

00:47:01,920 --> 00:46:58,119

attitude or i mean are in style or as we

1095

00:47:03,960 --> 00:47:01,930

get you know with the 2015 now is it any

1096

00:47:08,250 --> 00:47:03,970

different than what would have happened

1097

00:47:10,920 --> 00:47:08,260

30 40 years ago uh it is in the sense

1098

00:47:12,690 --> 00:47:10,930

that it mirrors large

1099

00:47:14,790 --> 00:47:12,700

trims I mean I don't think we really run

1100

00:47:17,329 --> 00:47:14,800

into into a lot of cases that we would

1101
00:47:19,950 --> 00:47:17,339
straight-up consider contactee cases um

1102
00:47:22,530 --> 00:47:19,960
so in that sense people aren't getting a

1103
00:47:24,120 --> 00:47:22,540
lot of fruit they aren't getting a ton

1104
00:47:26,040 --> 00:47:24,130
of fruit juice they're mostly getting

1105
00:47:29,370 --> 00:47:26,050
you know these these some uncomfortable

1106
00:47:31,799 --> 00:47:29,380
forceful experiences of abduction but

1107
00:47:33,240 --> 00:47:31,809
whenever you do have someone who is who

1108
00:47:36,589 --> 00:47:33,250
says that they encounter a fairy or

1109
00:47:39,480 --> 00:47:36,599
someone who says that they encounter um

1110
00:47:41,549 --> 00:47:39,490
an alien being in more of a contact e

1111
00:47:43,170 --> 00:47:41,559
like scenario there's a surprising

1112
00:47:44,490 --> 00:47:43,180
amount of consistency that I found in

1113
00:47:46,589 --> 00:47:44,500

the sort of foods that are offered um

1114

00:47:48,809 --> 00:47:46,599

it's to me it's become actually sort of

1115

00:47:50,099 --> 00:47:48,819

a predictive thing there was a great

1116

00:47:52,589 --> 00:47:50,109

documentary that I was watching it was a

1117

00:47:54,480 --> 00:47:52,599

French documentary about anomalous

1118

00:47:57,150 --> 00:47:54,490

encounters in Iceland and there was this

1119

00:47:58,589 --> 00:47:57,160

young girl who said that she had eaten

1120

00:48:00,690 --> 00:47:58,599

with the fairies and of course my ears

1121

00:48:02,940 --> 00:48:00,700

perked up and she said that she had

1122

00:48:04,500 --> 00:48:02,950

fallen down after playing among some

1123

00:48:06,930 --> 00:48:04,510

granite boulders and this fairy woman

1124

00:48:08,309 --> 00:48:06,940

came outside invited her inside inside

1125

00:48:10,589 --> 00:48:08,319

the boulder and to give her some food

1126
00:48:14,040 --> 00:48:10,599
and immediately right then I said okay I

1127
00:48:16,200 --> 00:48:14,050
said it's going to be a bread and some

1128
00:48:17,940 --> 00:48:16,210
sort of liquid and sure enough the next

1129
00:48:20,910 --> 00:48:17,950
thing the girl says was they gave me

1130
00:48:23,730 --> 00:48:20,920
funny banana juice and bread shaped like

1131
00:48:25,319 --> 00:48:23,740
a spiral so you know to me that was a

1132
00:48:27,480 --> 00:48:25,329
nice little confirmation that i had that

1133
00:48:28,799 --> 00:48:27,490
a lot of the you know i don't know

1134
00:48:30,390 --> 00:48:28,809
what's going on with any of this

1135
00:48:32,870 --> 00:48:30,400
phenomenon i'm not a true believer in

1136
00:48:35,640 --> 00:48:32,880
any sense but i think that there are

1137
00:48:36,750 --> 00:48:35,650
real clues as to the consistency of

1138
00:48:37,770 --> 00:48:36,760

these encounters and that was one of

1139

00:48:39,930 --> 00:48:37,780

those nice things where i was able to

1140

00:48:41,700 --> 00:48:39,940

say you know the girl didn't come in and

1141

00:48:43,920 --> 00:48:41,710

wasn't offered water people people

1142

00:48:47,309 --> 00:48:43,930

hardly ever get water she wasn't offered

1143

00:48:48,329 --> 00:48:47,319

soda she wasn't offered you know any

1144

00:48:49,589 --> 00:48:48,339

number of things I knew that issues

1145

00:48:51,000 --> 00:48:49,599

she's gonna be offered something that

1146

00:48:52,349 --> 00:48:51,010

was going to be fruit juice and she was

1147

00:48:54,270 --> 00:48:52,359

offered something I was going to be a

1148

00:48:55,799 --> 00:48:54,280

bread a bread product because that's

1149

00:48:59,430 --> 00:48:55,809

another thing that fairies like to do so

1150

00:49:02,069 --> 00:48:59,440

um so yeah there is through the ages

1151

00:49:04,559 --> 00:49:02,079

there the startling consistency it's

1152

00:49:06,240 --> 00:49:04,569

evolved as the phenomena has evolved but

1153

00:49:08,130 --> 00:49:06,250

hasn't really changed in terms of in

1154

00:49:12,740 --> 00:49:08,140

terms of what entities offer what sort

1155

00:49:16,200 --> 00:49:12,750

of food from what I can tell so so

1156

00:49:19,289 --> 00:49:16,210

overall do you have any conclusions at

1157

00:49:22,880 --> 00:49:19,299

all that you can understand your

1158

00:49:28,730 --> 00:49:22,890

research you know III was I was very um

1159

00:49:31,579 --> 00:49:28,740

I was very intent on making sure that I

1160

00:49:34,069 --> 00:49:31,589

only wrote the last chapter in first

1161

00:49:35,750 --> 00:49:34,079

person and that I tried not to go into

1162

00:49:39,470 --> 00:49:35,760

it with any preconceptions and sort of

1163

00:49:42,170 --> 00:49:39,480

let the the data sort of nudge me and in

1164

00:49:44,480 --> 00:49:42,180

the direction that I wound up in um so

1165

00:49:47,900 --> 00:49:44,490

the short answer is no it's it's that

1166

00:49:51,920 --> 00:49:47,910

something is going on Oh what is a fairy

1167

00:49:56,809 --> 00:49:51,930

encounter like oh wow like I had a fairy

1168

00:49:59,029 --> 00:49:56,819

experience well in general um that the

1169

00:50:00,859 --> 00:49:59,039

theory experience has sort of changed

1170

00:50:03,259 --> 00:50:00,869

over time most the time when I met my

1171

00:50:05,539 --> 00:50:03,269

fairy experience I do i do I sorry i was

1172

00:50:07,700 --> 00:50:05,549

like that i really don't i have no idea

1173

00:50:09,410 --> 00:50:07,710

what a fairy experiences but i thought

1174

00:50:11,509 --> 00:50:09,420

well you know you had one because later

1175

00:50:13,279 --> 00:50:11,519

on I just said I felt like fairies and

1176

00:50:15,019 --> 00:50:13,289

that's all I know so I just felt lost an

1177

00:50:17,210 --> 00:50:15,029

interesting tell me tell me tell me it

1178

00:50:19,519 --> 00:50:17,220

was it was not it was really nothing

1179

00:50:21,890 --> 00:50:19,529

except that i was i was sleeping in my

1180

00:50:26,000 --> 00:50:21,900

room in jersey city this is you know

1181

00:50:28,309 --> 00:50:26,010

years ago and and my i had roommates and

1182

00:50:30,170 --> 00:50:28,319

my roommate's daughter was over as well

1183

00:50:33,190 --> 00:50:30,180

she was sleeping over tissues around 10

1184

00:50:35,809 --> 00:50:33,200

at the time but i was sleeping and I

1185

00:50:38,089 --> 00:50:35,819

woke up and it was around one o'clock in

1186

00:50:40,069 --> 00:50:38,099

the morning but I woke up and when I

1187

00:50:42,230 --> 00:50:40,079

opened up my eyes there were all these

1188

00:50:45,950 --> 00:50:42,240

sparkling lights around me in the room

1189

00:50:47,539 --> 00:50:45,960

huh like sparkling orbs like and I

1190

00:50:50,749 --> 00:50:47,549

that's why i said fairies like Tinker

1191

00:50:52,160 --> 00:50:50,759

Bell I saw these just all this sparkle

1192

00:50:53,660 --> 00:50:52,170

in my room and I just kept trying to

1193

00:50:56,120 --> 00:50:53,670

shake awake thinking okay I'm just

1194

00:50:57,499 --> 00:50:56,130

dreaming but I was just looking and I

1195

00:51:00,589 --> 00:50:57,509

was just fascinated at all these

1196

00:51:03,289 --> 00:51:00,599

sparkles on the wall that is very nice

1197

00:51:07,490 --> 00:51:03,299

rating how was work however you Carl I

1198

00:51:10,220 --> 00:51:07,500

know 35-40 whole thing oh I see ok if

1199

00:51:11,930 --> 00:51:10,230

this isn't it this is all because ok

1200

00:51:13,490 --> 00:51:11,940

because we we don't even said a lot of

1201
00:51:15,019 --> 00:51:13,500
things went on at the loft a lot of they

1202
00:51:17,690 --> 00:51:15,029
had a lot of weird feelings in the loft

1203
00:51:18,829 --> 00:51:17,700
uh-huh you know the one the one I used

1204
00:51:20,299 --> 00:51:18,839
to live that for all those years yeah

1205
00:51:22,400 --> 00:51:20,309
you know yeah why don't sure you and

1206
00:51:25,099 --> 00:51:22,410
then and so I

1207
00:51:28,130 --> 00:51:25,109
my bed in fascination just looking at

1208
00:51:30,319 --> 00:51:28,140
the the sparkles and then all sudden it

1209
00:51:32,359 --> 00:51:30,329
was a faint knock at the door and you

1210
00:51:35,779 --> 00:51:32,369
ever see that taxi episode where death

1211
00:51:38,299 --> 00:51:35,789
was at the door you ever seen that the

1212
00:51:40,940 --> 00:51:38,309
the show taxi or jet door with unity

1213
00:51:42,980 --> 00:51:40,950

Mito mmm yep I remember text ok so those

1214

00:51:44,779 --> 00:51:42,990

are fain to hook at the tour so I swing

1215

00:51:46,309 --> 00:51:44,789

my head around and im looking at the

1216

00:51:50,270 --> 00:51:46,319

door now I was like you know now now

1217

00:51:51,859 --> 00:51:50,280

what the [h__h] is that sparkles now what

1218

00:51:53,720 --> 00:51:51,869

is that you know what I mean yeah I know

1219

00:51:55,370 --> 00:51:53,730

that that could be inside I got you in

1220

00:51:57,680 --> 00:51:55,380

the morning but you know I think for a

1221

00:51:59,450 --> 00:51:57,690

while so I mean I was awake register yo

1222

00:52:01,279 --> 00:51:59,460

now what's that and and when the knock

1223

00:52:03,230 --> 00:52:01,289

of the door came the sparkles disappear

1224

00:52:04,730 --> 00:52:03,240

so now I'm looking at the door I can

1225

00:52:06,650 --> 00:52:04,740

rest them to the door and I just swung

1226

00:52:08,329 --> 00:52:06,660

it open real quick and it was my

1227

00:52:10,490 --> 00:52:08,339

roommate's daughter just standing there

1228

00:52:11,599 --> 00:52:10,500

really little I said my god I so what do

1229

00:52:13,849 --> 00:52:11,609

you do is they call I have a stomachache

1230

00:52:15,710 --> 00:52:13,859

I'm like oh ok ok I'll take care of you

1231

00:52:17,420 --> 00:52:15,720

but it was just weird well you know that

1232

00:52:19,069 --> 00:52:17,430

start that started in a way that a lot

1233

00:52:21,440 --> 00:52:19,079

of fairy encounters were to start which

1234

00:52:23,630 --> 00:52:21,450

were people walking through the more and

1235

00:52:25,700 --> 00:52:23,640

seeing clusters of light in the distance

1236

00:52:27,559 --> 00:52:25,710

so you know I don't think anything's out

1237

00:52:29,690 --> 00:52:27,569

of the question yeah just because of the

1238

00:52:31,640 --> 00:52:29,700

sparkle of it it just was very good

1239

00:52:34,160 --> 00:52:31,650

night miss you take her Bell arrived you

1240

00:52:38,120 --> 00:52:34,170

know the little light little sparkle org

1241

00:52:39,740 --> 00:52:38,130

I never told us to uh no I don't believe

1242

00:52:42,890 --> 00:52:39,750

no I don't believe I've heard about that

1243

00:52:44,569 --> 00:52:42,900

but you know Joshua we're coming to a

1244

00:52:46,039 --> 00:52:44,579

close here but you know one thing we

1245

00:52:49,099 --> 00:52:46,049

really didn't touch on you know of

1246

00:52:51,529 --> 00:52:49,109

course the angels now angels looked a

1247

00:52:53,569 --> 00:52:51,539

very human to you know in a lot of

1248

00:52:55,609 --> 00:52:53,579

instances and I do believe that they

1249

00:52:58,700 --> 00:52:55,619

came into people's houses and and and

1250

00:53:00,289 --> 00:52:58,710

innate with him right and you know did

1251

00:53:02,029 --> 00:53:00,299

not really necessarily say that they

1252

00:53:03,650 --> 00:53:02,039

were that they were angels because they

1253

00:53:07,309 --> 00:53:03,660

look so they were exceptionally

1254

00:53:10,519 --> 00:53:07,319

beautiful as I understand Hebrew 13 to

1255

00:53:11,990 --> 00:53:10,529

you know remember you might be I believe

1256

00:53:14,120 --> 00:53:12,000

1259

00:53:20,450 --> 00:53:18,420

entertain strangers for thereby some

1260

00:53:23,089 --> 00:53:20,460

thank you for helping us unravel the

00:54:22,630 --> 00:54:19,790

secrets and we will contact momentary

1283

00:54:24,950 --> 00:54:22,640

well you know I just sent it for some

1284

00:54:27,530 --> 00:54:24,960

food to be delivered there later after

1285

00:54:30,920 --> 00:54:27,540

the the show in the if somebody shows up

1286

00:54:33,650 --> 00:54:30,930

all dressed in black or looking very

1287

00:54:36,349 --> 00:54:33,660

piquant and maybe we'll have discussed

1288

00:54:38,990 --> 00:54:36,359

this further on the next program but

1289

00:54:42,770 --> 00:54:39,000

we're back with unraveling the secrets

1290

00:54:46,579 --> 00:54:42,780

and our guest this evening for the

1291

00:54:50,900 --> 00:54:46,589

remainder of the show is Steven miles

1292

00:54:53,750 --> 00:54:50,910

Lewis who actually we just call him

1293

00:54:58,400 --> 00:54:53,760

smiles yeah and he certainly is smiles

1294

00:55:00,680 --> 00:54:58,410

miles hahahaha the mild smile Lewis who

1295

00:55:04,370 --> 00:55:00,690

has been investigating anomalous

1296

00:55:07,510 --> 00:55:04,380

phenomena since actually growing up for

1297

00:55:10,910 --> 00:55:07,520

many many years he had some ESP and

1298

00:55:13,370 --> 00:55:10,920

precognitive experiences and some dreams

1299

00:55:16,309 --> 00:55:13,380

which bolstered his interests of the

1300

00:55:18,950 --> 00:55:16,319

paranormal and after graduating from

1301

00:55:21,829 --> 00:55:18,960

high school he joined the local muon

1302

00:55:24,650 --> 00:55:21,839

chapter in austin texas and he was later

1303

00:55:26,120 --> 00:55:24,660

to become a MUFON state section director

1304

00:55:31,640 --> 00:55:26,130

is that all you got out of high school

1305

00:55:36,410 --> 00:55:31,650

miles you much yeah me for the job pool

1306

00:55:39,470 --> 00:55:36,420

that what do you okay you have actually

1307

00:55:41,359 --> 00:55:39,480

yet you do have you have a job of the

1308

00:55:43,250 --> 00:55:41,369

daytime but you also run what very

1309

00:55:46,670 --> 00:55:43,260

intrigues me you have you have your own

1310

00:55:49,040 --> 00:55:46,680

radio station or network podcast which

1311

00:55:53,060 --> 00:55:49,050

you've been doing for how many years now

1312

00:55:55,670 --> 00:55:53,070

the year 2000 so 15 or so years yeah

1313

00:55:57,980 --> 00:55:55,680

well that was where their actual podcast

1314

00:56:00,950 --> 00:55:57,990

in those days well they but the word

1315

00:56:04,490 --> 00:56:00,960

didn't exist so no and the technology to

1316

00:56:06,760 --> 00:56:04,500

enable podcast didn't exist until what

1317

00:56:09,080 --> 00:56:06,770

was it two thousand six or so or five

1318

00:56:11,690 --> 00:56:09,090

but you know of course audio was

1319

00:56:15,020 --> 00:56:11,700

archived on the internet for years and

1320

00:56:18,920 --> 00:56:15,030

it which took forever to download back

1321

00:56:20,750 --> 00:56:18,930

in the day so before the term existed

1322

00:56:23,270 --> 00:56:20,760

you know you posted you recorded your

1323

00:56:25,010 --> 00:56:23,280

show and you posted it online the

1324

00:56:27,950 --> 00:56:25,020

old-fashioned way with you know file

1325

00:56:29,750 --> 00:56:27,960

transfer protocol programs and got it up

1326
00:56:32,180 --> 00:56:29,760
there and so people you know we're still

1327
00:56:34,580 --> 00:56:32,190
listening to internet audio and

1328
00:56:36,830 --> 00:56:34,590
streaming audio before the word podcast

1329
00:56:38,690 --> 00:56:36,840
existed but yeah I started the the radio

1330
00:56:42,160 --> 00:56:38,700
station back in late two thousand as a

1331
00:56:44,210 --> 00:56:42,170
way of ramping up publicity for the

1332
00:56:48,650 --> 00:56:44,220
national UFO conference that I was

1333
00:56:49,880 --> 00:56:48,660
hosting here in Austin in 2001 and that

1334
00:56:53,020 --> 00:56:49,890
was actually gonna be the third year in

1335
00:56:57,200 --> 00:56:53,030
a row that the new fock as we called it

1336
00:56:59,660 --> 00:56:57,210
was going to be in Texas was nineteen

1337
00:57:01,790 --> 00:56:59,670
ninety nine conference was in San

1338
00:57:03,410 --> 00:57:01,800

Antonio put on by Dennis Stacey and

1339

00:57:08,170 --> 00:57:03,420

featured you know whitley strieber and

1340

00:57:10,640 --> 00:57:08,180

oh that rich guy a firm edge and we had

1341

00:57:13,280 --> 00:57:10,650

and then in two thousand it was in

1342

00:57:15,920 --> 00:57:13,290

Corpus Christi and that's where the

1343

00:57:20,570 --> 00:57:15,930

rains were handed to me to organize and

1344

00:57:24,920 --> 00:57:20,580

host the 2001 September conference in

1345

00:57:27,740 --> 00:57:24,930

austin texas and which unfortunately due

1346

00:57:31,070 --> 00:57:27,750

to circumstances beyond any of our

1347

00:57:34,160 --> 00:57:31,080

control was a canceled at the last

1348

00:57:35,450 --> 00:57:34,170

minute because it came right on the

1349

00:57:38,930 --> 00:57:35,460

heels or was supposed to come on the

1350

00:57:41,360 --> 00:57:38,940

heels of the World Trade Center disaster

1351
00:57:44,390 --> 00:57:41,370
yeah you know it's kind of weird because

1352
00:57:46,280 --> 00:57:44,400
we were gonna we were going to honor

1353
00:57:48,380 --> 00:57:46,290
Robert Anton Wilson with a Lifetime

1354
00:57:50,450 --> 00:57:48,390
Achievement Award he was our like star

1355
00:57:52,880 --> 00:57:50,460
stellar guest among so many other

1356
00:57:56,600 --> 00:57:52,890
wonderful guests that we had scheduled

1357
00:57:59,210 --> 00:57:56,610
and you know he's been described by

1358
00:58:01,220 --> 00:57:59,220
others as the head of the Illuminati and

1359
00:58:02,510 --> 00:58:01,230
of course some believe that it was the

1360
00:58:06,050 --> 00:58:02,520
Illuminati behind those

1361
00:58:07,820 --> 00:58:06,060
shenanigans on that day but not to make

1362
00:58:10,790 --> 00:58:07,830
light of all that it was pretty

1363
00:58:14,000 --> 00:58:10,800

devastating to witness as it was for

1364

00:58:16,970 --> 00:58:14,010

most of us and on top of that on a

1365

00:58:20,450 --> 00:58:16,980

personal level this kind of you know

1366

00:58:22,190 --> 00:58:20,460

life's dream of my first conference to

1367

00:58:24,560 --> 00:58:22,200

organize I'd worked on other many

1368

00:58:26,960 --> 00:58:24,570

conferences and move on as locally but

1369

00:58:29,360 --> 00:58:26,970

this is the first thing I put I had you

1370

00:58:31,100 --> 00:58:29,370

had you pre sold a lot of tickets not

1371

00:58:34,430 --> 00:58:31,110

particularly but there was definitely a

1372

00:58:36,740 --> 00:58:34,440

lot of money invested in other words it

1373

00:58:39,950 --> 00:58:36,750

wasn't like the big auditorium they had

1374

00:58:43,250 --> 00:58:39,960

down in Mexico City what you weren't

1375

00:58:45,260 --> 00:58:43,260

expecting you had no you had no alien

1376

00:58:47,450 --> 00:58:45,270

but you had no alien bodies to show and

1377

00:58:50,960 --> 00:58:47,460

you did not have a 10,000 seat

1378

00:58:53,090 --> 00:58:50,970

auditorium was that sir we did not it

1379

00:58:56,000 --> 00:58:53,100

was actually it was in the year what's

1380

00:58:59,210 --> 00:58:56,010

the original Alamo Draffhouse theater

1381

00:59:01,670 --> 00:58:59,220

cinema in downtown Austin which now is

1382

00:59:03,530 --> 00:59:01,680

this massive franchise it's the kind of

1383

00:59:06,230 --> 00:59:03,540

theater where you can drink a beer and

1384

00:59:08,270 --> 00:59:06,240

get a meal and while while watching your

1385

00:59:10,130 --> 00:59:08,280

favorite movies only usually it's cult

1386

00:59:11,030 --> 00:59:10,140

favorites and second run but we were

1387

00:59:14,360 --> 00:59:11,040

going to have it was three days and

1388

00:59:16,430 --> 00:59:14,370

three nights of UFO speakers panel

1389

00:59:18,830 --> 00:59:16,440

discussions we were going to have a film

1390

00:59:22,190 --> 00:59:18,840

fest in the night as well as live music

1391

00:59:25,040 --> 00:59:22,200

we had local bands each had their own

1392

00:59:26,930 --> 00:59:25,050

you know set of UFO related songs and it

1393

00:59:30,260 --> 00:59:26,940

was it was going to be thank you are you

1394

00:59:33,950 --> 00:59:30,270

are and all around the entrepreneur but

1395

00:59:37,820 --> 00:59:33,960

hey no need to miss to miss out because

1396

00:59:40,850 --> 00:59:37,830

come June nineteenth to the 22nd the

1397

00:59:43,520 --> 00:59:40,860

public is invited to attend well I would

1398

00:59:46,790 --> 00:59:43,530

say it's the 50 it's not really the 51st

1399

00:59:50,330 --> 00:59:46,800

meeting but it's the 51st anniversary of

1400

00:59:52,900 --> 00:59:50,340

the National UFO Congress and it's going

1401

00:59:57,130 --> 00:59:52,910

to be held near and one of the hotels

1402

00:59:59,960 --> 00:59:57,140

near the airport in Cleveland Ohio and

1403

01:00:02,600 --> 00:59:59,970

I'm actually I'm taking the train it's a

1404

01:00:04,250 --> 01:00:02,610

15-hour trip but I'm looking forward to

1405

01:00:06,470 --> 01:00:04,260

it I actually haven't been to a UFO

1406

01:00:09,230 --> 01:00:06,480

conference in about four or five years

1407

01:00:11,690 --> 01:00:09,240

now and these are all my homies I mean

1408

01:00:13,730 --> 01:00:11,700

smiles these were the guys that I grew

1409

01:00:15,920 --> 01:00:13,740

up with you know the Cleveland the crowd

1410

01:00:18,290 --> 01:00:15,930

they were the the ones that

1411

01:00:23,690 --> 01:00:18,300

the along with Jim Mosley who got this

1412

01:00:25,910 --> 01:00:23,700

started back in 19 and 64 when at five

1413

01:00:27,530 --> 01:00:25,920

or whatever it was I did not attend the

1414

01:00:31,400 --> 01:00:27,540

first meeting but I was there for the

1415

01:00:33,800 --> 01:00:31,410

second one and and and so I I very make

1416

01:00:38,090 --> 01:00:33,810

a very rarely make a public appearance

1417

01:00:41,930 --> 01:00:38,100

but I will be there in full force on jun

1418

01:00:44,780 --> 01:00:41,940

19th in a 20 second and please do stuff

1419

01:00:46,700 --> 01:00:44,790

by and say hello I mean I I think this

1420

01:00:50,780 --> 01:00:46,710

is going to be poor pretty much more of

1421

01:00:55,700 --> 01:00:50,790

an informal group of sessions than what

1422

01:00:57,050 --> 01:00:55,710

you had you know planned obviously if

1423

01:00:58,640 --> 01:00:57,060

somebody asked me I do have some

1424

01:01:01,130 --> 01:00:58,650

interesting material i'm going to bring

1425

01:01:03,830 --> 01:01:01,140

along with me i'm going to probably give

1426

01:01:06,080 --> 01:01:03,840

a talk my first one on synchronicities

1427

01:01:10,220 --> 01:01:06,090

and coincidences which I'm very much

1428

01:01:11,870 --> 01:01:10,230

into now I don't know you know I don't

1429

01:01:14,960 --> 01:01:11,880

know where the Cleveland crowd stands

1430

01:01:17,930 --> 01:01:14,970

these days remember well how old you a

1431

01:01:20,810 --> 01:01:17,940

smiles I'm going to be 44 in a couple of

1432

01:01:22,820 --> 01:01:20,820

weeks well okay well let's see you would

1433

01:01:26,150 --> 01:01:22,830

not remember then the the peak of

1434

01:01:30,890 --> 01:01:26,160

interest in Cleveland at one point was

1435

01:01:33,500 --> 01:01:30,900

the hub of UFO activity our own Neff was

1436

01:01:36,740 --> 01:01:33,510

kind of the the director of all this and

1437

01:01:41,660 --> 01:01:36,750

there was a a weekly radio show called

1438

01:01:44,090 --> 01:01:41,670

the ufology roundtable and in fact some

1439

01:01:45,950 --> 01:01:44,100

of the old programs are archived and a

1440

01:01:48,080 --> 01:01:45,960

month or so ago I was listening to one

1441

01:01:50,570 --> 01:01:48,090

of the old shows and Earl Neff is

1442

01:01:53,300 --> 01:01:50,580

reading the mail and he says we and this

1443

01:01:56,210 --> 01:01:53,310

is 1966 that's all I remember he said

1444

01:01:58,460 --> 01:01:56,220

here's a postcard sent in by tim buckley

1445

01:02:00,080 --> 01:01:58,470

from new brunswick in new jersey from

1446

01:02:03,050 --> 01:02:00,090

the interplanetary new service and i

1447

01:02:05,330 --> 01:02:03,060

forget what rather you know boring

1448

01:02:08,090 --> 01:02:05,340

childish question that i had asked

1449

01:02:09,830 --> 01:02:08,100

because I think that was maybe around

1450

01:02:11,450 --> 01:02:09,840

the time that Betty and Barney Hill was

1451

01:02:13,850 --> 01:02:11,460

just that you know some of the the

1452

01:02:16,310 --> 01:02:13,860

Europe had moved away from the contact

1453

01:02:17,930 --> 01:02:16,320

the air and had gotten into may be

1454

01:02:20,720 --> 01:02:17,940

snippy the horse and some of these other

1455

01:02:23,540 --> 01:02:20,730

things that were were going on but

1456

01:02:26,420 --> 01:02:23,550

Cleveland was the hub of the UFO

1457

01:02:28,550 --> 01:02:26,430

activity as opposed to like the west

1458

01:02:30,310 --> 01:02:28,560

coast which would have been you know the

1459

01:02:33,040 --> 01:02:30,320

pretty much the contact

1460

01:02:36,040 --> 01:02:33,050

d and the Cleveland crowd was more

1461

01:02:37,300 --> 01:02:36,050

rooted i would say in science but even

1462

01:02:40,690 --> 01:02:37,310

they would have to agree that's not

1463

01:02:42,910 --> 01:02:40,700

quite the the case i would describe all

1464

01:02:46,600 --> 01:02:42,920

of us i guess as kind of middle of the

1465

01:02:48,190 --> 01:02:46,610

rotors yeah and and and so this is going

1466

01:02:52,180 --> 01:02:48,200

to be a it's going to be an interesting

1467

01:02:53,890 --> 01:02:52,190

occasion and the group of the old group

1468

01:02:58,780 --> 01:02:53,900

will be back together again Alan

1469

01:03:01,180 --> 01:02:58,790

greenfield and I think Edie Boal and Bob

1470

01:03:03,010 --> 01:03:01,190

easily and of course Rick Kilberg

1471

01:03:05,950 --> 01:03:03,020

without Rick you know I don't think any

1472

01:03:07,990 --> 01:03:05,960

of this would you know be going on are

1473

01:03:10,650 --> 01:03:08,000

you planning to go by any chance I had

1474

01:03:12,640 --> 01:03:10,660

really really hoped to but sadly

1475

01:03:14,410 --> 01:03:12,650

circumstances are not going to allow

1476

01:03:16,360 --> 01:03:14,420

that to happen and I'm really I'm

1477

01:03:20,380 --> 01:03:16,370

kicking myself in the in the behind

1478

01:03:22,870 --> 01:03:20,390

because there are so many of you that I

1479

01:03:26,410 --> 01:03:22,880

haven't met I actually did anyway once

1480

01:03:28,360 --> 01:03:26,420

briefly at Albuquerque move on in 1992

1481

01:03:30,280 --> 01:03:28,370

but it was just a goodness it was just

1482

01:03:33,370 --> 01:03:30,290

passing it was really it's kind of a

1483

01:03:35,410 --> 01:03:33,380

humorous anecdote but uh but no there's

1484

01:03:37,120 --> 01:03:35,420

so many of the founders that I've never

1485

01:03:40,210 --> 01:03:37,130

had the chance to meet or you know I've

1486

01:03:42,340 --> 01:03:40,220

heard about about and you know in having

1487

01:03:44,650 --> 01:03:42,350

gotten to know mostly a little bit yeah

1488

01:03:47,920 --> 01:03:44,660

i think the characterization of the

1489

01:03:49,570 --> 01:03:47,930

crowd as middle of the road is is

1490

01:03:50,920 --> 01:03:49,580

certainly accurate and that's one of the

1491

01:03:54,490 --> 01:03:50,930

things that's always appealed to me

1492

01:03:56,170 --> 01:03:54,500

about about that group would you would

1493

01:04:00,400 --> 01:03:56,180

you ever consider trying to put on

1494

01:04:02,140 --> 01:04:00,410

another program like that well oh oh

1495

01:04:05,260 --> 01:04:02,150

well it just in general yes you're I

1496

01:04:07,810 --> 01:04:05,270

mean we've with my local archive we've

1497

01:04:11,170 --> 01:04:07,820

we've done some some small events

1498

01:04:15,120 --> 01:04:11,180

nothing on the scale yeah a little

1499

01:04:19,330 --> 01:04:15,130

gun-shy I'd say after after that tragedy

1500

01:04:21,570 --> 01:04:19,340

but definitely want to have continued to

1501

01:04:25,270 --> 01:04:21,580

have you know at least small events but

1502

01:04:27,820 --> 01:04:25,280

you know multiple speakers for a day or

1503

01:04:32,230 --> 01:04:27,830

more is is also Paul probably in the

1504

01:04:34,510 --> 01:04:32,240

cards well now you you probably have I

1505

01:04:38,380 --> 01:04:34,520

think outside of the you have probably

1506

01:04:40,660 --> 01:04:38,390

the only active library in the United

1507

01:04:43,930 --> 01:04:40,670

States devoted to UFOs in the paranormal

1508

01:04:47,410 --> 01:04:43,940

you recently got the Bob Gerard's

1509

01:04:50,170 --> 01:04:47,420

collection yeah a lot of folks aren't

1510

01:04:52,240 --> 01:04:50,180

familiar with Gerard but those who have

1511

01:04:56,110 --> 01:04:52,250

been in the scene for more than a decade

1512

01:05:00,120 --> 01:04:56,120

or so have to be aware come across his

1513

01:05:03,490 --> 01:05:00,130

arcturus book service which was highly

1514

01:05:05,200 --> 01:05:03,500

influential in that it was okay well

1515

01:05:06,880 --> 01:05:05,210

before you do that they'll tell us

1516

01:05:08,260 --> 01:05:06,890

something about the organization and the

1517

01:05:12,040 --> 01:05:08,270

library so we have a little bit of

1518

01:05:15,430 --> 01:05:12,050

background in it um back in the early

1519

01:05:17,710 --> 01:05:15,440

2000s I had you know we in the wake of

1520

01:05:20,080 --> 01:05:17,720

sep tember 11th and the canceling of the

1521

01:05:22,510 --> 01:05:20,090

national UFO conference some friends and

1522

01:05:24,760 --> 01:05:22,520

I started a local publication called

1523

01:05:28,060 --> 01:05:24,770

austin para times and I edited that for

1524

01:05:29,710 --> 01:05:28,070

about a year and at some point I just

1525

01:05:33,750 --> 01:05:29,720

realized it was really distracting me

1526

01:05:37,420 --> 01:05:33,760

from another life goal that I'd had for

1527

01:05:40,780 --> 01:05:37,430

my life and that was to found some

1528

01:05:44,500 --> 01:05:40,790

anomaly archived focused on preserving

1529

01:05:47,970 --> 01:05:44,510

the research and books that I was

1530

01:05:51,870 --> 01:05:47,980

accumulating at the time and so come

1531

01:05:55,540 --> 01:05:51,880

2003 I had in over a thousand books and

1532

01:05:58,600 --> 01:05:55,550

it seemed a shame to have them

1533

01:06:01,600 --> 01:05:58,610

unavailable to others I mean I'll end

1534

01:06:05,020 --> 01:06:01,610

lended some of them to friends and

1535

01:06:07,480 --> 01:06:05,030

family but so I had come into contact

1536

01:06:09,700 --> 01:06:07,490

with another nonprofit who has been

1537

01:06:11,440 --> 01:06:09,710

really influential in the success of the

1538

01:06:12,820 --> 01:06:11,450

archives and my endeavors and that's the

1539

01:06:14,980 --> 01:06:12,830

Institute for Neuroscience and

1540

01:06:21,190 --> 01:06:14,990

consciousness studies and I'd become a

1541

01:06:22,780 --> 01:06:21,200

board member with them and in 2003 we I

1542

01:06:27,130 --> 01:06:22,790

got some of the folks together and we

1543

01:06:29,260 --> 01:06:27,140

launched a 501c3 nonprofit and did all

1544

01:06:30,910 --> 01:06:29,270

the applications and set about our

1545

01:06:34,710 --> 01:06:30,920

mission and our goals which are the

1546

01:06:38,950 --> 01:06:34,720

preservation of UFO and anomalous

1547

01:06:42,030 --> 01:06:38,960

phenomena research and to provide both

1548

01:06:44,710 --> 01:06:42,040

an archive and a lending library for the

1549

01:06:46,450 --> 01:06:44,720

layperson somebody who's just interested

1550

01:06:48,820 --> 01:06:46,460

as well as you know seasoned researchers

1551
01:06:51,130 --> 01:06:48,830
who want to go back through the files of

1552
01:06:53,620 --> 01:06:51,140
other researchers and accumulated

1553
01:06:56,500 --> 01:06:53,630
research without do you have an actual

1554
01:06:59,650 --> 01:06:56,510
building a devoted to this or

1555
01:07:01,690 --> 01:06:59,660
is it in somebody's garage or had to you

1556
01:07:05,080 --> 01:07:01,700
exactly how many books are stored

1557
01:07:08,890 --> 01:07:05,090
therein who are the archives I mean who

1558
01:07:10,810 --> 01:07:08,900
donated their material well over the

1559
01:07:13,120 --> 01:07:10,820
years we've we've received a number of

1560
01:07:17,100 --> 01:07:13,130
different donations that that thousand

1561
01:07:21,610 --> 01:07:17,110
plus donation of mine initially was also

1562
01:07:25,830 --> 01:07:21,620
bolstered by another local zine producer

1563
01:07:29,650 --> 01:07:25,840

in the 1990s I had been producing a

1564

01:07:31,750 --> 01:07:29,660

little magazine called ilf infested

1565

01:07:34,090 --> 01:07:31,760

spaces elf infested spaces journal of

1566

01:07:37,110 --> 01:07:34,100

possible paradigms which I started after

1567

01:07:39,310 --> 01:07:37,120

being inspired by another Austin zine

1568

01:07:40,540 --> 01:07:39,320

producer named west nations who had

1569

01:07:42,880 --> 01:07:40,550

published a magazine called crash

1570

01:07:45,220 --> 01:07:42,890

collusion that was about psychedelics

1571

01:07:47,740 --> 01:07:45,230

whatever actually I believe I I had a

1572

01:07:52,020 --> 01:07:47,750

copy of two of that one it was West

1573

01:07:55,360 --> 01:07:52,030

really guess and Wesley inspired me to

1574

01:07:57,160 --> 01:07:55,370

jump into the self-publishing DIY zine

1575

01:08:00,040 --> 01:07:57,170

scene and that's how I met people like

1576

01:08:02,230 --> 01:08:00,050

Greg Bishop and the folks doing the

1577

01:08:04,630 --> 01:08:02,240

excluded middle and Adam go rightly and

1578

01:08:07,530 --> 01:08:04,640

ken thomas a steam shovel press and all

1579

01:08:10,720 --> 01:08:07,540

these different awesome one across the

1580

01:08:12,210 --> 01:08:10,730

spectrum of UFO paranormal para

1581

01:08:15,490 --> 01:08:12,220

political conspiracy research

1582

01:08:17,650 --> 01:08:15,500

communities and and that's how i came

1583

01:08:20,289 --> 01:08:17,660

into contact with bob gerard who is

1584

01:08:23,110 --> 01:08:20,299

running this arcturus book service but

1585

01:08:24,610 --> 01:08:23,120

yeah flash forward of 2003 i l'm like

1586

01:08:28,360 --> 01:08:24,620

okay gotta found this nine this

1587

01:08:30,329 --> 01:08:28,370

nonprofit and so we did that we did all

1588

01:08:33,070 --> 01:08:30,339

the paperwork and so we started having

1589

01:08:35,230 --> 01:08:33,080

you know free lectures to the public and

1590

01:08:37,960 --> 01:08:35,240

our first one was Adam go right Lee came

1591

01:08:39,820 --> 01:08:37,970

and talked about Kerry Thornleigh and

1592

01:08:42,849 --> 01:08:39,830

the JFK assassination and the weird

1593

01:08:45,550 --> 01:08:42,859

crazy synchronicities that surround that

1594

01:08:47,890 --> 01:08:45,560

incident in that particular individual

1595

01:08:49,950 --> 01:08:47,900

Carrie Thornleigh and the connections to

1596

01:08:53,700 --> 01:08:49,960

Robert Anton Wilson and the rise of the

1597

01:08:58,960 --> 01:08:53,710

Church of discordian ISM such as it is

1598

01:09:01,360 --> 01:08:58,970

kind of a faux religion like the Church

1599

01:09:04,150 --> 01:09:01,370

of the SubGenius or something but we had

1600

01:09:06,430 --> 01:09:04,160

we had Adam on a couple weeks ago so how

1601
01:09:09,849 --> 01:09:06,440
many how many collections do you have

1602
01:09:12,039 --> 01:09:09,859
and how much space is at a cup and

1603
01:09:14,740 --> 01:09:12,049
how many books and publications are

1604
01:09:18,010 --> 01:09:14,750
there all together okay so we're in the

1605
01:09:20,140 --> 01:09:18,020
we're in within the facility the offices

1606
01:09:21,729 --> 01:09:20,150
of this organization I mentioned I nak

1607
01:09:24,789 --> 01:09:21,739
so we don't actually have our own

1608
01:09:27,490 --> 01:09:24,799
facility we are at the mercy of this

1609
01:09:28,840 --> 01:09:27,500
other organization and thank thank

1610
01:09:31,629 --> 01:09:28,850
goodness for them bless them for that

1611
01:09:33,849 --> 01:09:31,639
help and we are definitely expanding

1612
01:09:37,470 --> 01:09:33,859
beyond our capacity at that location but

1613
01:09:40,599 --> 01:09:37,480

basically we're in three rooms there and

1614

01:09:43,539 --> 01:09:40,609

also some off-site locations yes in the

1615

01:09:45,340 --> 01:09:43,549

home workshop for the overflow but

1616

01:09:49,840 --> 01:09:45,350

basically we have about right now it's

1617

01:09:53,410 --> 01:09:49,850

were right around 3,600 3,600 titles in

1618

01:09:55,359 --> 01:09:53,420

the collection we were about we're

1619

01:09:58,540 --> 01:09:55,369

approaching halfway on processing

1620

01:10:01,180 --> 01:09:58,550

another 1,500 books from the Gerard

1621

01:10:05,859 --> 01:10:01,190

collection and some of the collections

1622

01:10:07,649 --> 01:10:05,869

that we've collected include my personal

1623

01:10:10,450 --> 01:10:07,659

collection the West Nations collection

1624

01:10:12,609 --> 01:10:10,460

when West nations who is publishing

1625

01:10:15,010 --> 01:10:12,619

crash collusion moved away from Austin

1626

01:10:18,490 --> 01:10:15,020

he split his collection between me and

1627

01:10:21,100 --> 01:10:18,500

his editor who is the author of the book

1628

01:10:26,050 --> 01:10:21,110

about Jack Parsons sex and rockets guy

1629

01:10:28,570 --> 01:10:26,060

named John Carter pseudonym he he

1630

01:10:30,399 --> 01:10:28,580

eventually gave me his collection all

1631

01:10:33,189 --> 01:10:30,409

the research he'd done on the contactees

1632

01:10:36,100 --> 01:10:33,199

and the occult and Crowley and magic and

1633

01:10:39,490 --> 01:10:36,110

all that stuff and and so the Wesley

1634

01:10:44,520 --> 01:10:39,500

Nations collection was reunited in the

1635

01:10:47,979 --> 01:10:44,530

anomaly archives and Dennis Stacy former

1636

01:10:50,260 --> 01:10:47,989

writer for omni and former editor of the

1637

01:10:53,470 --> 01:10:50,270

MUFON UFO journal for so many years and

1638

01:10:55,540 --> 01:10:53,480

one of the founders and guys behind

1639

01:10:59,709 --> 01:10:55,550

anomalous books that was mentioned in

1640

01:11:02,620 --> 01:10:59,719

the last hour the he's donated some of

1641

01:11:05,830 --> 01:11:02,630

his collections lots of paper files a

1642

01:11:07,629 --> 01:11:05,840

lot of the may you know type mail and

1643

01:11:11,709 --> 01:11:07,639

correspondence that he's received from

1644

01:11:13,540 --> 01:11:11,719

people over the years and Mike Hanson

1645

01:11:16,030 --> 01:11:13,550

who a lot of people don't know but if

1646

01:11:18,010 --> 01:11:16,040

anybody knows the name Alex Jones you

1647

01:11:20,910 --> 01:11:18,020

might recall that controversy about him

1648

01:11:23,290 --> 01:11:20,920

allegedly infiltrating that spooky

1649

01:11:25,120 --> 01:11:23,300

redwood forest compound

1650

01:11:28,450 --> 01:11:25,130

as the Bohemian Grove well the guy that

1651
01:11:31,380 --> 01:11:28,460
went in there with him was austenite an

1652
01:11:33,630 --> 01:11:31,390
activist Mike Hanson and Mike Hanson

1653
01:11:36,940 --> 01:11:33,640
donated a bunch of his pair of political

1654
01:11:41,830 --> 01:11:36,950
books and materials and there's been a

1655
01:11:44,380 --> 01:11:41,840
number of other local folks from austin

1656
01:11:45,480 --> 01:11:44,390
and san antonio Santa the founder of the

1657
01:11:48,130 --> 01:11:45,490
San Antonio parapsychological

1658
01:11:51,580 --> 01:11:48,140
Association donated some of his

1659
01:11:53,560 --> 01:11:51,590
materials a local past life regression

1660
01:11:56,440 --> 01:11:53,570
therapist has donated some of her

1661
01:11:58,630 --> 01:11:56,450
materials we have hundreds and hundreds

1662
01:12:01,060 --> 01:11:58,640
of periodicals magazines and so forth

1663
01:12:05,440 --> 01:12:01,070

well well I i know we have actually

1664

01:12:09,010 --> 01:12:05,450

spoken in the the past should I at some

1665

01:12:11,380 --> 01:12:09,020

point meet my heavenly a host that if

1666

01:12:14,500 --> 01:12:11,390

you can get to my files which are pretty

1667

01:12:16,750 --> 01:12:14,510

massive over there that you can add them

1668

01:12:18,570 --> 01:12:16,760

to the collection will need a whole new

1669

01:12:21,250 --> 01:12:18,580

thing and that would be at one with it

1670

01:12:25,150 --> 01:12:21,260

yes well maybe somebody will donate the

1671

01:12:29,350 --> 01:12:25,160

money but I don't know who that hard

1672

01:12:31,390 --> 01:12:29,360

it's nobody nobody that I don't but yet

1673

01:12:33,550 --> 01:12:31,400

yes you believe me you were sort of

1674

01:12:35,890 --> 01:12:33,560

Kickstarter for you for the clear

1675

01:12:38,440 --> 01:12:35,900

although although our mutual friend

1676

01:12:40,510 --> 01:12:38,450

Skylar did offer to bring a truck yes

1677

01:12:42,310 --> 01:12:40,520

who to hold the stuff out of here and I

1678

01:12:46,360 --> 01:12:42,320

said she was being a little bit

1679

01:12:48,520 --> 01:12:46,370

premature uh with that I think and I I

1680

01:12:49,750 --> 01:12:48,530

can't imagine her I mean she thought it

1681

01:12:51,640 --> 01:12:49,760

was like something she could do maybe

1682

01:12:53,080 --> 01:12:51,650

over a weekend I don't know if she was

1683

01:12:54,340 --> 01:12:53,090

gonna drive the truck I guess she had

1684

01:12:56,640 --> 01:12:54,350

one of her friends was going to drive

1685

01:12:59,560 --> 01:12:56,650

the truck or something but now this is a

1686

01:13:01,840 --> 01:12:59,570

massive undertaking I mean it's you know

1687

01:13:03,460 --> 01:13:01,850

it would take somebody well first of all

1688

01:13:05,110 --> 01:13:03,470

you got understand my book collection

1689

01:13:09,130 --> 01:13:05,120

which had been featured and actually

1690

01:13:10,930 --> 01:13:09,140

some magazines and all is a huge book a

1691

01:13:14,530 --> 01:13:10,940

case i would say that there must be

1692

01:13:16,750 --> 01:13:14,540

maybe 2,000 books on there however in

1693

01:13:20,470 --> 01:13:16,760

the meantime i built a loft bed around

1694

01:13:23,200 --> 01:13:20,480

the bookcase so it's kind of hard i

1695

01:13:25,000 --> 01:13:23,210

often if i have to read up on something

1696

01:13:27,400 --> 01:13:25,010

of course now we do have the internet so

1697

01:13:29,920 --> 01:13:27,410

almost everything that's ever been

1698

01:13:32,050 --> 01:13:29,930

published has been pirated so you know

1699

01:13:34,840 --> 01:13:32,060

it's usually a pretty simple to find

1700

01:13:37,210 --> 01:13:34,850

whatever you they're looking for but you

1701

01:13:39,490 --> 01:13:37,220

know I I keep going I've been meaning to

1702

01:13:41,470 --> 01:13:39,500

I can scan some of the material that I

1703

01:13:42,570 --> 01:13:41,480

have liked the personal letters now we

1704

01:13:44,440 --> 01:13:42,580

used to get a heck of a lot more

1705

01:13:46,720 --> 01:13:44,450

correspondence in the old days than we

1706

01:13:50,020 --> 01:13:46,730

do and now but I got some intriguing

1707

01:13:53,650 --> 01:13:50,030

stuff I mean I even got a handwritten

1708

01:13:56,110 --> 01:13:53,660

nine or ten page letter from this fellow

1709

01:13:58,060 --> 01:13:56,120

his name was keel now it wasn't spelled

1710

01:14:00,610 --> 01:13:58,070

the same as John keel but John knew who

1711

01:14:03,700 --> 01:14:00,620

he was who had an experience that took

1712

01:14:06,760 --> 01:14:03,710

place up in one of the lakes in Canada

1713

01:14:08,680 --> 01:14:06,770

maybe where he saw the aliens on the rim

1714

01:14:11,080 --> 01:14:08,690

of the the crafter I don't remember the

1715

01:14:15,640 --> 01:14:11,090

exact details as many many years ago but

1716

01:14:18,430 --> 01:14:15,650

it was one of the first US O incidents

1717

01:14:19,840 --> 01:14:18,440

or sightings it's fairly well-known it

1718

01:14:23,160 --> 01:14:19,850

has been written up in the literature

1719

01:14:26,230 --> 01:14:23,170

but I do have a lot of a personal

1720

01:14:29,170 --> 01:14:26,240

memorabilia and pieces including a whole

1721

01:14:32,800 --> 01:14:29,180

file of correspondence from William C

1722

01:14:35,850 --> 01:14:32,810

lamb now William seal am actually is

1723

01:14:40,270 --> 01:14:35,860

mentioned in Project Blue Book back in

1724

01:14:41,830 --> 01:14:40,280

1932 he was hunting uh 10 he used to get

1725

01:14:43,870 --> 01:14:41,840

up like really early in the morning like

1726

01:14:46,780 --> 01:14:43,880

6am to go hunting I forget exactly what

1727

01:14:50,110 --> 01:14:46,790

it was funny but he saw a craft land and

1728

01:14:52,570 --> 01:14:50,120

the devil come out and he had a prey to

1729

01:14:55,180 --> 01:14:52,580

devil away and the devil i take i guess

1730

01:14:56,950 --> 01:14:55,190

took after him and went to the

1731

01:14:59,320 --> 01:14:56,960

barbed-wire fence it was scorched and

1732

01:15:01,150 --> 01:14:59,330

all burn anyway so it's a the Project

1733

01:15:04,360 --> 01:15:01,160

Blue Book of files that I know how do

1734

01:15:05,920 --> 01:15:04,370

you know was a devil well he said it was

1735

01:15:07,780 --> 01:15:05,930

a devil I guess that's just what he was

1736

01:15:09,790 --> 01:15:07,790

into yeah I wouldn't think you know

1737

01:15:12,280 --> 01:15:09,800

that's not my I wasn't there but this

1738

01:15:14,170 --> 01:15:12,290

phone was like one of the you know he he

1739

01:15:17,050 --> 01:15:14,180

also claimed that he had photographs of

1740

01:15:20,290 --> 01:15:17,060

God's throne in heaven and he would send

1741

01:15:22,720 --> 01:15:20,300

you no photographs of the the universe

1742

01:15:24,460 --> 01:15:22,730

and psychics answer from yeah yet the

1743

01:15:26,530 --> 01:15:24,470

circle you know a circle where he

1744

01:15:28,300 --> 01:15:26,540

thought God's throne was or something I

1745

01:15:30,610 --> 01:15:28,310

don't know you know hey you get you get

1746

01:15:32,700 --> 01:15:30,620

over the course of 50 years you're going

1747

01:15:36,250 --> 01:15:32,710

to get some very strange you know a

1748

01:15:39,310 --> 01:15:36,260

report nope sorry strange mail but it

1749

01:15:40,720 --> 01:15:39,320

did it did taper off but I've got the

1750

01:15:43,030 --> 01:15:40,730

like a collection of letters and

1751

01:15:45,250 --> 01:15:43,040

correspondence uh you know some of it

1752

01:15:48,250 --> 01:15:45,260

readable and some of it perhaps not so

1753

01:15:50,979 --> 01:15:48,260

readable that goes back to when I was 14

1754

01:15:53,410 --> 01:15:50,989

years old I mean it people wrote in

1755

01:15:55,299 --> 01:15:53,420

we had correspondence from from all over

1756

01:15:57,549 --> 01:15:55,309

all over the world you know I mean it

1757

01:15:59,859 --> 01:15:57,559

was a it was amazing because we were one

1758

01:16:01,149 --> 01:15:59,869

of the few groups at that time that

1759

01:16:05,109 --> 01:16:01,159

we're doing this on an international

1760

01:16:07,810 --> 01:16:05,119

basis it was us and a pro and most of

1761

01:16:12,189 --> 01:16:07,820

the other groups were very self-centered

1762

01:16:13,600 --> 01:16:12,199

as far as the UFO activity you know went

1763

01:16:16,060 --> 01:16:13,610

they just were not interested in

1764

01:16:20,200 --> 01:16:16,070

anything that took place beyond the

1765

01:16:22,359 --> 01:16:20,210

shores of the Pacific or the Atlantic so

1766

01:16:23,859 --> 01:16:22,369

okay well smile so tell us about the

1767

01:16:26,680 --> 01:16:23,869

have you ever had a UFO sighting

1768

01:16:29,229 --> 01:16:26,690

yourself I the the sightings that I've

1769

01:16:32,830 --> 01:16:29,239

had are fairly mundane at least in my

1770

01:16:33,970 --> 01:16:32,840

estimation I mean I've not had no

1771

01:16:36,549 --> 01:16:33,980

sightings of anything that I actually

1772

01:16:39,339 --> 01:16:36,559

consider a UFO and unidentified or an

1773

01:16:41,890 --> 01:16:39,349

I FO in the form of a extraterrestrial

1774

01:16:43,899 --> 01:16:41,900

craft but I've seen things over the

1775

01:16:48,100 --> 01:16:43,909

Sierra Nevadas at 30,000 feet that I

1776

01:16:50,259 --> 01:16:48,110

strongly suspect was you know area 51

1777

01:16:54,939 --> 01:16:50,269

test aircraft because of the unique

1778

01:16:58,629 --> 01:16:54,949

exhaust trails and the lack of running

1779

01:17:01,839 --> 01:16:58,639

lights and that sort of thing i've been

1780

01:17:05,290 --> 01:17:01,849

i've seen some other things that just

1781

01:17:07,720 --> 01:17:05,300

were just so minor but you know it i was

1782

01:17:10,000 --> 01:17:07,730

able to fairly easily ascertain that it

1783

01:17:13,089 --> 01:17:10,010

was most likely you know something

1784

01:17:15,069 --> 01:17:13,099

mundane so unfortunately I in all my

1785

01:17:17,379 --> 01:17:15,079

years of interest in these things and

1786

01:17:19,330 --> 01:17:17,389

having run a support group for people

1787

01:17:21,850 --> 01:17:19,340

who've had Close Encounters and and

1788

01:17:25,629 --> 01:17:21,860

alien abductions and even stranger weird

1789

01:17:30,009 --> 01:17:25,639

experiences never really had anything

1790

01:17:32,109 --> 01:17:30,019

that to my mind fit exactly that that

1791

01:17:33,669 --> 01:17:32,119

belief systems interpretation of those

1792

01:17:38,020 --> 01:17:33,679

things I've had you know sleep paralysis

1793

01:17:40,779 --> 01:17:38,030

I've had you know weird visions and

1794

01:17:45,160 --> 01:17:40,789

dreams and such but nothing that really

1795

01:17:47,919 --> 01:17:45,170

struck me as being extraterrestrial and

1796

01:17:52,600 --> 01:17:47,929

I've also you know experienced a UFO

1797

01:17:55,180 --> 01:17:52,610

hoax and that was a fun romp in the in

1798

01:18:00,250 --> 01:17:55,190

the wilderness well it was Jim was Jim

1799

01:18:02,739 --> 01:18:00,260

mostly behind it I know he wasn't but it

1800

01:18:03,640 --> 01:18:02,749

was actually his Greg Bishop who did

1801

01:18:06,280 --> 01:18:03,650

that

1802

01:18:09,070 --> 01:18:06,290

it was one of our first cook outs when

1803

01:18:13,959 --> 01:18:09,080

all of us zine publishers got together

1804

01:18:17,020 --> 01:18:13,969

cook I like I like that lookouts what we

1805

01:18:20,439 --> 01:18:17,030

have we owe that we have to have a

1806

01:18:24,790 --> 01:18:20,449

cookout angel yeah I'm there them

1807

01:18:26,320 --> 01:18:24,800

together I wonder today I you put

1808

01:18:29,320 --> 01:18:26,330

exactly I sit around the campfire

1809

01:18:30,370 --> 01:18:29,330

telling weird stories you know you know

1810

01:18:32,200 --> 01:18:30,380

because we were all interested in this

1811

01:18:34,270 --> 01:18:32,210

and that stuff and then lo and behold I

1812

01:18:36,310 --> 01:18:34,280

look up and there's a green light that

1813

01:18:38,290 --> 01:18:36,320

suddenly is bolted from behind some

1814

01:18:40,000 --> 01:18:38,300

trees and suddenly stuck in the air and

1815

01:18:43,860 --> 01:18:40,010

is moving around too radically in a way

1816

01:18:46,540 --> 01:18:43,870

that no aircraft could do and draw my

1817

01:18:50,050 --> 01:18:46,550

friends attention to it and the the

1818

01:18:52,720 --> 01:18:50,060

guffaws and oh my god started but within

1819

01:18:54,399 --> 01:18:52,730

three minutes even though it actually we

1820

01:18:56,860 --> 01:18:54,409

were aided by a full moon that night

1821

01:18:59,380 --> 01:18:56,870

that helped us through binoculars pick

1822

01:19:02,979 --> 01:18:59,390

out what looks like those black balloons

1823

01:19:05,350 --> 01:19:02,989

a somewhere above the green light that's

1824

01:19:06,669 --> 01:19:05,360

bobbing about and hey there's a flash

1825

01:19:09,610 --> 01:19:06,679

light coming through the underbrush and

1826

01:19:14,310 --> 01:19:09,620

that turned out to be Greg and then we

1827

01:19:18,399 --> 01:19:14,320

started going where were you yeah he had

1828

01:19:20,800 --> 01:19:18,409

thrown up some sauce one of those glow

1829

01:19:23,470 --> 01:19:20,810

sticks tied to fishing line and some

1830

01:19:26,320 --> 01:19:23,480

black balloons with helium NM and tied

1831

01:19:28,689 --> 01:19:26,330

it to a tree and sent it up and it was

1832

01:19:31,149 --> 01:19:28,699

fantastic so for most of the rest of the

1833

01:19:32,890 --> 01:19:31,159

night we're sitting at the campfire

1834

01:19:35,160 --> 01:19:32,900

continuing to tell weird stories in this

1835

01:19:37,689 --> 01:19:35,170

light is just bobbing around in the air

1836

01:19:40,660 --> 01:19:37,699

and he posted a picture of it that he

1837

01:19:43,810 --> 01:19:40,670

took back when he was blogging on UFO

1838

01:19:46,360 --> 01:19:43,820

mystic and at some point there was a

1839

01:19:48,729 --> 01:19:46,370

lull in the night storytelling and

1840

01:19:51,220 --> 01:19:48,739

somebody says tell more weird stories

1841

01:19:53,500 --> 01:19:51,230

and no more weird stories happen but the

1842

01:19:55,479 --> 01:19:53,510

wind picked up and the line finally

1843

01:19:58,180 --> 01:19:55,489

snapped and there goes our UFO off into

1844

01:20:02,290 --> 01:19:58,190

the sky to probably cause UFO reports

1845

01:20:05,620 --> 01:20:02,300

all over gila valley New Mexico well how

1846

01:20:08,979 --> 01:20:05,630

well what okay so you've obviously been

1847

01:20:12,459 --> 01:20:08,989

touched by all the strange these all

1848

01:20:15,070 --> 01:20:12,469

these strange incidents and things what

1849

01:20:17,250 --> 01:20:15,080

what is your take on on all of this are

1850

01:20:22,670 --> 01:20:17,260

you a nuts-and-bolts man

1851

01:20:26,100 --> 01:20:22,680

are you a a interdimensional junkie or

1852

01:20:27,810 --> 01:20:26,110

and and how is this all you know how has

1853

01:20:30,540 --> 01:20:27,820

it all changed over the course of the

1854

01:20:32,610 --> 01:20:30,550

years and how has it influenced or

1855

01:20:37,440 --> 01:20:32,620

impacted your life and so you got 20

1856

01:20:39,090 --> 01:20:37,450

minutes to give me the answer with my my

1857

01:20:45,060 --> 01:20:39,100

perspective on this has not changed much

1858

01:20:48,060 --> 01:20:45,070

since 1995 I i really i grew up totally

1859

01:20:50,340 --> 01:20:48,070

believing the classic myth of crash

1860

01:20:52,170 --> 01:20:50,350

saucers pickled aliens and government

1861

01:20:56,760 --> 01:20:52,180

cover-ups and i really don't believe

1862

01:21:00,840 --> 01:20:56,770

much of that anymore at all i was my

1863

01:21:02,610 --> 01:21:00,850

true passion for these things I i was i

1864

01:21:04,500 --> 01:21:02,620

was fascinated by science fiction and

1865

01:21:07,830 --> 01:21:04,510

the idea of extraterrestrials all my

1866

01:21:10,410 --> 01:21:07,840

life growing up but in in high school i

1867

01:21:13,800 --> 01:21:10,420

think between psychedelics listening to

1868

01:21:16,620 --> 01:21:13,810

terence mckenna and reading whitley

1869

01:21:20,910 --> 01:21:16,630

streamers early books and Jacques valet

1870

01:21:23,550 --> 01:21:20,920

particularly and John keel my my my

1871

01:21:27,000 --> 01:21:23,560

world view about these things shifted

1872

01:21:30,300 --> 01:21:27,010

radically away from the idea of these

1873

01:21:32,790 --> 01:21:30,310

things as just simply extraterrestrial

1874

01:21:34,400 --> 01:21:32,800

and ought to all the other possibilities

1875

01:21:37,050 --> 01:21:34,410

and I would say I think there are a

1876

01:21:38,460 --> 01:21:37,060

there's a plurality of possibilities

1877

01:21:41,610 --> 01:21:38,470

here these are there are several

1878

01:21:43,560 --> 01:21:41,620

different threads that explain different

1879

01:21:47,250 --> 01:21:43,570

pieces of the puzzle that are all woven

1880

01:21:49,530 --> 01:21:47,260

together but the ideas that I find the

1881

01:21:53,100 --> 01:21:49,540

most resonance with our hearken back to

1882

01:21:56,100 --> 01:21:53,110

the 70s and and I guess some of the

1883

01:21:57,870 --> 01:21:56,110

ecological perspectives that have grown

1884

01:22:00,120 --> 01:21:57,880

out of that I really think of this

1885

01:22:02,520 --> 01:22:00,130

phenomena as something that it's been

1886

01:22:04,650 --> 01:22:02,530

here as long as we have all cultures

1887

01:22:07,470 --> 01:22:04,660

have experienced contact with these

1888

01:22:08,820 --> 01:22:07,480

others and so to consider them as being

1889

01:22:10,650 --> 01:22:08,830

from anywhere else it's just kind of

1890

01:22:13,530 --> 01:22:10,660

pointless because they've always been

1891

01:22:17,850 --> 01:22:13,540

here with us and to me that also makes

1892

01:22:20,010 --> 01:22:17,860

them a part of the planet and I think 11

1893

01:22:21,660 --> 01:22:20,020

idea that has the deepest resonance for

1894

01:22:24,210 --> 01:22:21,670

me it's kind of this guy in UFO

1895

01:22:27,170 --> 01:22:24,220

hypothesis and that's the idea that

1896

01:22:29,810 --> 01:22:27,180

there is a a planetary consciousness

1897

01:22:31,520 --> 01:22:29,820

possibly at work here

1898

01:22:34,339 --> 01:22:31,530

but that really what we're dealing with

1899

01:22:37,100 --> 01:22:34,349

perhaps is a a mechanism of

1900

01:22:40,609 --> 01:22:37,110

communication between species and

1901

01:22:43,939 --> 01:22:40,619

different types of consciousness and i

1902

01:22:45,370 --> 01:22:43,949

think that the in some ways the easiest

1903

01:22:48,260 --> 01:22:45,380

way of summing it up is is that

1904

01:22:50,419 --> 01:22:48,270

quintessential seen in the carl sagan

1905

01:22:53,240 --> 01:22:50,429

inspired movie contact where Jodie

1906

01:22:56,330 --> 01:22:53,250

Foster you know experiences this whole

1907

01:22:58,520 --> 01:22:56,340

long scenario that to outside eyes only

1908

01:23:00,140 --> 01:22:58,530

happens in a split second and to

1909

01:23:01,700 --> 01:23:00,150

everybody else's eyes didn't actually

1910

01:23:06,080 --> 01:23:01,710

happen because they didn't see what she

1911

01:23:08,300 --> 01:23:06,090

saw and that the the ball of light

1912

01:23:11,060 --> 01:23:08,310

phenomena that humans have interacted

1913

01:23:13,580 --> 01:23:11,070

with throughout history and and that

1914

01:23:16,430 --> 01:23:13,590

we've ascribed all sorts of mythic and

1915

01:23:18,830 --> 01:23:16,440

religious connotations to all those

1916

01:23:22,339 --> 01:23:18,840

ideas imply that consciousness is

1917

01:23:24,470 --> 01:23:22,349

non-local can go outside of physical

1918

01:23:26,629 --> 01:23:24,480

corporeal forms and move about in kind

1919

01:23:30,350 --> 01:23:26,639

of a plasma like way and interact with

1920

01:23:34,310 --> 01:23:30,360

the environment and and and can connect

1921

01:23:37,310 --> 01:23:34,320

people's virtual reality generating

1922

01:23:40,970 --> 01:23:37,320

perceptual engines their their minds and

1923

01:23:42,680 --> 01:23:40,980

and and inject information that they

1924

01:23:45,530 --> 01:23:42,690

wouldn't necessarily be able to

1925

01:23:48,050 --> 01:23:45,540

ascertain except through some kind of

1926

01:23:50,540 --> 01:23:48,060

quote-unquote extrasensory perception or

1927

01:23:52,669 --> 01:23:50,550

anomalous cognition and I think there's

1928

01:23:55,189 --> 01:23:52,679

a lot of really good data in the

1929

01:23:57,830 --> 01:23:55,199

research field of parapsychology to help

1930

01:24:00,459 --> 01:23:57,840

us understand the UFO phenomena but but

1931

01:24:03,260 --> 01:24:00,469

because of all the different cliques and

1932

01:24:08,240 --> 01:24:03,270

perspectives on UFOs that are so rooted

1933

01:24:09,859 --> 01:24:08,250

in classical old school physics that

1934

01:24:12,169 --> 01:24:09,869

there really hasn't been an accounting

1935

01:24:14,720 --> 01:24:12,179

of that but so I think that there very

1936

01:24:16,939 --> 01:24:14,730

well could be this mechanism that allows

1937

01:24:19,010 --> 01:24:16,949

us to interact with not just a possible

1938

01:24:21,620 --> 01:24:19,020

Gaian mind but the collective

1939

01:24:23,629 --> 01:24:21,630

unconscious of other species the insect

1940

01:24:26,000 --> 01:24:23,639

Kingdom itself the reptile kingdom

1941

01:24:29,260 --> 01:24:26,010

itself in that maybe that's where these

1942

01:24:32,839 --> 01:24:29,270

perceptions of insectoid hive minded

1943

01:24:34,939 --> 01:24:32,849

intelligences or Reptoids might come

1944

01:24:38,020 --> 01:24:34,949

from that they may not literally be you

1945

01:24:41,569 --> 01:24:38,030

know actual six-foot-tall mantises

1946

01:24:43,280 --> 01:24:41,579

interacting with us in what we you and I

1947

01:24:44,810 --> 01:24:43,290

consider the physical realm on

1948

01:24:47,780 --> 01:24:44,820

the other hand none of this precludes

1949

01:24:49,640 --> 01:24:47,790

the possibility of those things I just

1950

01:24:51,580 --> 01:24:49,650

think it it's a more interesting

1951

01:24:54,590 --> 01:24:51,590

explanation and that's that's where

1952

01:24:56,540 --> 01:24:54,600

heart lies is with those ideas on the

1953

01:24:58,970 --> 01:24:56,550

other hand so that's what I would that's

1954

01:25:01,460 --> 01:24:58,980

what I consider the true UFO phenomena

1955

01:25:04,600 --> 01:25:01,470

the true foes is this weird high

1956

01:25:06,620 --> 01:25:04,610

strangeness phenomena that isn't simply

1957

01:25:09,590 --> 01:25:06,630

extraterrestrials you know being shot

1958

01:25:13,460 --> 01:25:09,600

out of the sky by radar in the 1940s and

1959

01:25:16,100 --> 01:25:13,470

and at the same time though I think you

1960

01:25:20,110 --> 01:25:16,110

can't look at this without worrying

1961

01:25:23,780 --> 01:25:20,120

about and seeing the evidence for human

1962

01:25:25,580 --> 01:25:23,790

Machiavellian manipulations stratagems

1963

01:25:28,160 --> 01:25:25,590

as Jacques Vallee called them in his

1964

01:25:31,580 --> 01:25:28,170

1979 messengers a deception book by the

1965

01:25:33,680 --> 01:25:31,590

powers that be other human agencies

1966

01:25:36,170 --> 01:25:33,690

whether they be you know esoteric

1967

01:25:38,960 --> 01:25:36,180

corporate or governmental or military I

1968

01:25:41,600 --> 01:25:38,970

think humans have always tried to

1969

01:25:44,420 --> 01:25:41,610

manipulate people through their belief

1970

01:25:47,090 --> 01:25:44,430

systems and if if you don't go into this

1971

01:25:49,790 --> 01:25:47,100

with that at least in the back of your

1972

01:25:53,920 --> 01:25:49,800

mind you will be led down so many paths

1973

01:25:56,570 --> 01:25:53,930

of misinformation disinformation and

1974

01:26:00,500 --> 01:25:56,580

manipulation that I think so many people

1975

01:26:04,190 --> 01:26:00,510

already are in trance I well if these

1976

01:26:05,600 --> 01:26:04,200

things are all like you would thank and

1977

01:26:07,640 --> 01:26:05,610

and I would tend to go along with you

1978

01:26:11,830 --> 01:26:07,650

something of a spiritual or mystical

1979

01:26:14,690 --> 01:26:11,840

nature why would the government or some

1980

01:26:18,410 --> 01:26:14,700

secret agency or not so secret agency

1981

01:26:20,510 --> 01:26:18,420

want to kind of secretly foster the the

1982

01:26:23,390 --> 01:26:20,520

beliefs that they are extraterrestrial

1983

01:26:26,570 --> 01:26:23,400

why not just let it go the way it is

1984

01:26:29,450 --> 01:26:26,580

mankind has been having religious and

1985

01:26:34,010 --> 01:26:29,460

spiritual experiences you know since the

1986

01:26:36,080 --> 01:26:34,020

time was recorded and why I mean do you

1987

01:26:37,160 --> 01:26:36,090

give any credence of all that maybe

1988

01:26:38,770 --> 01:26:37,170

there have been some of your folk

1989

01:26:41,330 --> 01:26:38,780

crashes or some of these things might be

1990

01:26:43,790 --> 01:26:41,340

physical hardware or what is your take

1991

01:26:46,880 --> 01:26:43,800

every this seems to be the question of

1992

01:26:50,990 --> 01:26:46,890

the of the the day here what is your

1993

01:26:53,120 --> 01:26:51,000

take on on on Roswell for example I grew

1994

01:26:56,720 --> 01:26:53,130

up totally believing in Roswell I don't

1995

01:26:59,810 --> 01:26:56,730

anymore in terms of the classic idea of

1996

01:27:04,100 --> 01:26:59,820

crash saucers if if I'm going to ascribe

1997

01:27:07,340 --> 01:27:04,110

any kind of significance to to Roswell I

1998

01:27:11,030 --> 01:27:07,350

I'd go in two different directions one

1999

01:27:14,630 --> 01:27:11,040

is the pretty radical direction that

2000

01:27:19,520 --> 01:27:14,640

people like Walter Bosley have suggested

2001
01:27:21,950 --> 01:27:19,530
that's kind of a take on Mac Mac Tony's

2002
01:27:25,270 --> 01:27:21,960
crypto terrestrials this idea that maybe

2003
01:27:27,740 --> 01:27:25,280
there is this other species here that

2004
01:27:30,710 --> 01:27:27,750
may or may not be much more advanced

2005
01:27:33,440 --> 01:27:30,720
than us that but that that there could

2006
01:27:35,180 --> 01:27:33,450
be a set of what I think is also called

2007
01:27:36,979 --> 01:27:35,190
a breakaway civilization now by certain

2008
01:27:40,100 --> 01:27:36,989
other researchers it's become a really

2009
01:27:42,410 --> 01:27:40,110
popular phrase but that there there

2010
01:27:46,250 --> 01:27:42,420
could be some other crypto terrestrials

2011
01:27:47,870 --> 01:27:46,260
here hidden civilization and i think

2012
01:27:50,210 --> 01:27:47,880
that there's some interesting

2013
01:27:51,680 --> 01:27:50,220

possibilities there karla turner even

2014

01:27:55,460 --> 01:27:51,690

suggested that the abduction researcher

2015

01:27:59,050 --> 01:27:55,470

that i liked so much but the other

2016

01:28:03,170 --> 01:27:59,060

direction i go on roswell is the idea

2017

01:28:05,900 --> 01:28:03,180

put forth by the people who contacted

2018

01:28:08,660 --> 01:28:05,910

nick redfern for his book Body Snatchers

2019

01:28:12,550 --> 01:28:08,670

in the desert this idea that maybe what

2020

01:28:15,680 --> 01:28:12,560

we saw was the result of the melding of

2021

01:28:19,660 --> 01:28:15,690

horton brothers german aviation flying

2022

01:28:25,010 --> 01:28:19,670

wing research with the horrific

2023

01:28:28,490 --> 01:28:25,020

continuation of the unit 731 japanese

2024

01:28:33,290 --> 01:28:28,500

mangala type human experimentation where

2025

01:28:36,650 --> 01:28:33,300

they allegedly were using disabled

2026

01:28:38,570 --> 01:28:36,660

people body snatched from institutions

2027

01:28:40,610 --> 01:28:38,580

around the United States and possibly

2028

01:28:44,420 --> 01:28:40,620

brought over from the experiments going

2029

01:28:48,170 --> 01:28:44,430

on in Japan after the war and that they

2030

01:28:50,780 --> 01:28:48,180

used these human subjects perhaps in the

2031

01:28:54,220 --> 01:28:50,790

test flights for some of these advanced

2032

01:28:56,750 --> 01:28:54,230

aviation things testing radioactive

2033

01:28:58,670 --> 01:28:56,760

propulsion and whatnot and that that may

2034

01:29:01,880 --> 01:28:58,680

be what was witnessed and that that's

2035

01:29:05,690 --> 01:29:01,890

why there's not been a full reveal about

2036

01:29:08,240 --> 01:29:05,700

that but do I make sense with rifles

2037

01:29:09,380 --> 01:29:08,250

well what that you know about cut yeah

2038

01:29:10,370 --> 01:29:09,390

that's kind of that's kind of my

2039

01:29:12,439 --> 01:29:10,380

thinking and the

2040

01:29:13,610 --> 01:29:12,449

faces that the government would rather

2041

01:29:16,970 --> 01:29:13,620

have you believe that they were

2042

01:29:20,629 --> 01:29:16,980

extraterrestrial rather than you realize

2043

01:29:23,870 --> 01:29:20,639

that we were consorting with it which

2044

01:29:26,360 --> 01:29:23,880

would not cease that we bought a 5000 an

2045

01:29:28,310 --> 01:29:26,370

xfer me a 20 years and scientists yeah

2046

01:29:29,660 --> 01:29:28,320

and I check this out out there's a

2047

01:29:31,879 --> 01:29:29,670

theory that I've had for a long time

2048

01:29:35,000 --> 01:29:31,889

also that part of what happened at

2049

01:29:37,250 --> 01:29:35,010

Roswell was the result of Nikola Tesla's

2050

01:29:39,830 --> 01:29:37,260

work he was working on a UFO technology

2051

01:29:42,950 --> 01:29:39,840

before he passed away any happen to had

2052

01:29:45,439 --> 01:29:42,960

died right after the war in 1945 two

2053

01:29:47,959 --> 01:29:45,449

years before Roswell he's a fascinating

2054

01:29:50,330 --> 01:29:47,969

character yeah so he was working on a

2055

01:29:52,490 --> 01:29:50,340

flying saucer ironically enough and

2056

01:29:54,320 --> 01:29:52,500

that's what crashed at Roswell I mean

2057

01:29:55,970 --> 01:29:54,330

that to me it's always been like you

2058

01:29:59,800 --> 01:29:55,980

know why isn't nobody else looking at

2059

01:30:04,129 --> 01:29:59,810

this well how do we explain things like

2060

01:30:05,990 --> 01:30:04,139

Kecksburg Pennsylvania and oh that's

2061

01:30:07,189 --> 01:30:06,000

right what up yeah a lot of our test

2062

01:30:08,780 --> 01:30:07,199

flight side crash I mean look when you

2063

01:30:11,810 --> 01:30:08,790

create a new technology especially

2064

01:30:13,520 --> 01:30:11,820

something its aerial or even a driving

2065

01:30:15,229 --> 01:30:13,530

technology or vehicle of some sort it

2066

01:30:17,000 --> 01:30:15,239

you didn't have crashes it's just the

2067

01:30:22,060 --> 01:30:17,010

way the technology works as he perfected

2068

01:30:24,830 --> 01:30:22,070

test fights my favorite is the one up in

2069

01:30:26,570 --> 01:30:24,840

Canada where it landed in the you know

2070

01:30:29,660 --> 01:30:26,580

in the water and the bubbles came to the

2071

01:30:33,860 --> 01:30:29,670

surface and to me that's one of the

2072

01:30:36,020 --> 01:30:33,870

better a cases the shag harbour shag

2073

01:30:38,870 --> 01:30:36,030

harbour yes yes yeah that's a good case

2074

01:30:41,120 --> 01:30:38,880

yeah what happened yeah and shag mother

2075

01:30:43,399 --> 01:30:41,130

listen yet yeah yeah this what happened

2076

01:30:47,120 --> 01:30:43,409

what well I guess it was about I guess

2077

01:30:49,310 --> 01:30:47,130

it was about them oh maybe just before

2078

01:30:51,709 --> 01:30:49,320

nightfall and there were a couple of

2079

01:30:53,330 --> 01:30:51,719

teenagers or young people that were

2080

01:30:56,959 --> 01:30:53,340

driving by and they saw this thing come

2081

01:30:59,209 --> 01:30:56,969

over the bay and shag harbour and crash

2082

01:31:00,830 --> 01:30:59,219

into the water and there was some kind

2083

01:31:03,260 --> 01:31:00,840

of foam or slime that came up to the

2084

01:31:04,820 --> 01:31:03,270

surface and they send divers down and

2085

01:31:06,830 --> 01:31:04,830

apparently there was some object over

2086

01:31:09,290 --> 01:31:06,840

there but it either moved or disappeared

2087

01:31:11,180 --> 01:31:09,300

over a period of several days it's

2088

01:31:15,379 --> 01:31:11,190

pretty pretty well documented a fact I

2089

01:31:17,360 --> 01:31:15,389

think it's a Don ledger who's written

2090

01:31:20,600 --> 01:31:17,370

that he's written a book on the subject

2091

01:31:22,490 --> 01:31:20,610

and people have come forth over the

2092

01:31:23,750 --> 01:31:22,500

years who actually were school you know

2093

01:31:26,660 --> 01:31:23,760

scuba divers and went

2094

01:31:29,030 --> 01:31:26,670

to investigate it but that seems to have

2095

01:31:31,460 --> 01:31:29,040

been some sort of physical look at you

2096

01:31:33,350 --> 01:31:31,470

know uh crap yeah you know as much as I

2097

01:31:36,170 --> 01:31:33,360

go along with the paranormal and Gaia

2098

01:31:38,720 --> 01:31:36,180

theory that you talk about the smiles I

2099

01:31:40,790 --> 01:31:38,730

I still can't help but thinking there

2100

01:31:43,700 --> 01:31:40,800

there are a number may be of limited

2101

01:31:46,700 --> 01:31:43,710

cases where these things do seem to be a

2102

01:31:49,610 --> 01:31:46,710

hardware of some sort and of course they

2103

01:31:51,680 --> 01:31:49,620

do go back and before you know a world

2104

01:31:53,900 --> 01:31:51,690

war two and all I mean we can't say that

2105

01:31:55,910 --> 01:31:53,910

everything now apparently the you know

2106

01:31:58,430 --> 01:31:55,920

the Nazis had their they had the Vril

2107

01:32:00,740 --> 01:31:58,440

society they had their own psychic a

2108

01:32:03,890 --> 01:32:00,750

group made up of nine women who were

2109

01:32:05,420 --> 01:32:03,900

mediums and they wanted a child and went

2110

01:32:08,720 --> 01:32:05,430

into a trance and they had all these

2111

01:32:11,270 --> 01:32:08,730

diagrams and work in plans and and so

2112

01:32:13,190 --> 01:32:11,280

forth on on these crafts and if you know

2113

01:32:15,550 --> 01:32:13,200

if you look at some of the drawings that

2114

01:32:18,530 --> 01:32:15,560

they did they look remarkably similar to

2115

01:32:21,380 --> 01:32:18,540

the photographs that George Adamski you

2116

01:32:23,570 --> 01:32:21,390

know took in the 1950s and also to you

2117

01:32:25,460 --> 01:32:23,580

know in some of the early UFO cases the

2118

01:32:27,440 --> 01:32:25,470

UFO occupants talked with a German

2119

01:32:29,090 --> 01:32:27,450

accent and of course many of them were

2120

01:32:31,940 --> 01:32:29,100

very Aryan looking you know the or

2121

01:32:34,250 --> 01:32:31,950

things of that period were tall and

2122

01:32:35,720 --> 01:32:34,260

blond and had you know a blue eyes I

2123

01:32:41,420 --> 01:32:35,730

mean they could have were you know

2124

01:32:44,570 --> 01:32:41,430

walked out of a you know a German cult

2125

01:32:47,090 --> 01:32:44,580

group of some sort well and there was a

2126

01:32:49,700 --> 01:32:47,100

period of time where I briefly was

2127

01:32:51,890 --> 01:32:49,710

joking about the possibility that the

2128

01:32:53,120 --> 01:32:51,900

the three main types that at the time it

2129

01:32:55,220 --> 01:32:53,130

seemed like I kept coming across the

2130

01:32:58,520 --> 01:32:55,230

three main types of entities that seemed

2131

01:33:00,620 --> 01:32:58,530

to be most commonly reported in the you

2132

01:33:03,910 --> 01:33:00,630

know modern UFO era were these these

2133

01:33:08,260 --> 01:33:03,920

diminutive you know large I'd slant-eyed

2134

01:33:12,560 --> 01:33:08,270

grades and the some that looked more

2135

01:33:14,150 --> 01:33:12,570

Italian or the men in black and with the

2136

01:33:16,220 --> 01:33:14,160

some some of them off to describe the

2137

01:33:20,450 --> 01:33:16,230

widow's peak and the black hair and and

2138

01:33:22,820 --> 01:33:20,460

then the Aryan space brothers and well

2139

01:33:26,810 --> 01:33:22,830

what do you just described but perhaps a

2140

01:33:34,250 --> 01:33:26,820

future is a shin of the the Axis powers

2141

01:33:37,400 --> 01:33:34,260

the italy japan and the aryan space

2142

01:33:38,990 --> 01:33:37,410

brothers you know but yeah I don't

2143

01:33:40,580 --> 01:33:39,000

really put much stock into that and

2144

01:33:42,080 --> 01:33:40,590

that's that's the thing is for me with

2145

01:33:46,160 --> 01:33:42,090

all the different there's such

2146

01:33:48,470 --> 01:33:46,170

variability um within the UFO literature

2147

01:33:50,720 --> 01:33:48,480

as to the the types of entities

2148

01:33:53,330 --> 01:33:50,730

described that you know it's just I

2149

01:33:55,000 --> 01:33:53,340

don't think any idea about I mean

2150

01:33:57,170 --> 01:33:55,010

obviously the extra-terrestrial

2151
01:33:59,840 --> 01:33:57,180
hypothesis could account for in the

2152
01:34:02,480 --> 01:33:59,850
sense that okay the universe is huge and

2153
01:34:04,700 --> 01:34:02,490
that shows the possibility for huge

2154
01:34:06,410 --> 01:34:04,710
variability amongst those interacting

2155
01:34:11,990 --> 01:34:06,420
with us okay sure but it just doesn't

2156
01:34:13,910 --> 01:34:12,000
seem as consistent as Western ufologists

2157
01:34:15,560 --> 01:34:13,920
have tried to convince us as far as you

2158
01:34:19,310 --> 01:34:15,570
know it you know all they're all they're

2159
01:34:22,070 --> 01:34:19,320
all these grey aliens you know there's

2160
01:34:27,380 --> 01:34:22,080
definitely been at different points in

2161
01:34:29,690 --> 01:34:27,390
the modern era different types of entity

2162
01:34:32,870 --> 01:34:29,700
reported in different geographical areas

2163
01:34:35,810 --> 01:34:32,880

and it seems to be somehow connected to

2164

01:34:37,490 --> 01:34:35,820

the the culture that the sighting waves

2165

01:34:40,250 --> 01:34:37,500

are happening within at which to me

2166

01:34:43,250 --> 01:34:40,260

implies that there's that you need to

2167

01:34:46,220 --> 01:34:43,260

really look at perception and and not

2168

01:34:49,310 --> 01:34:46,230

just take these things on a surface

2169

01:34:52,160 --> 01:34:49,320

level surface literalist interpretation

2170

01:34:54,440 --> 01:34:52,170

I so you can't you can't say then that

2171

01:34:56,840 --> 01:34:54,450

you were we can't say then you were

2172

01:35:01,910 --> 01:34:56,850

fooled for one minute by the Roswell

2173

01:35:06,860 --> 01:35:01,920

alien slides Oh Lord yeah that that

2174

01:35:10,910 --> 01:35:06,870

whole thing I I will say I this has been

2175

01:35:13,010 --> 01:35:10,920

an amazing ride for me you know I was

2176

01:35:16,700 --> 01:35:13,020

following this just kind of tangentially

2177

01:35:18,380 --> 01:35:16,710

again I'm not a huge fan of Roswell you

2178

01:35:22,100 --> 01:35:18,390

know to me I don't think the UFO

2179

01:35:25,550 --> 01:35:22,110

phenomena rides on one smoking now is

2180

01:35:30,410 --> 01:35:25,560

and if anything it rides on the the

2181

01:35:35,030 --> 01:35:30,420

wealth of unsolved cases the bulk of

2182

01:35:38,270 --> 01:35:35,040

true UFOs and to me it also does it just

2183

01:35:40,640 --> 01:35:38,280

doesn't seem like so many of so much of

2184

01:35:43,880 --> 01:35:40,650

the UFO literature so to me it's kind of

2185

01:35:46,040 --> 01:35:43,890

an oddball incident and talk about

2186

01:35:47,870 --> 01:35:46,050

oddballs the the people who've made it

2187

01:35:50,750 --> 01:35:47,880

their life's work

2188

01:35:53,030 --> 01:35:50,760

and have really never impressed me

2189

01:35:55,220 --> 01:35:53,040

there's a few that you know did some

2190

01:35:57,260 --> 01:35:55,230

some really good research and and but I

2191

01:36:00,350 --> 01:35:57,270

just I've never really focused on that

2192

01:36:03,649 --> 01:36:00,360

so over the last couple of years as news

2193

01:36:05,689 --> 01:36:03,659

you know back as far as 2011 new started

2194

01:36:08,000 --> 01:36:05,699

leaking out about these alleged slides

2195

01:36:12,200 --> 01:36:08,010

showing an alien body and then the

2196

01:36:16,129 --> 01:36:12,210

getting attached to the various very

2197

01:36:19,910 --> 01:36:16,139

well known Roswell researchers and then

2198

01:36:23,930 --> 01:36:19,920

when Don Schmidt practically ruined a

2199

01:36:26,060 --> 01:36:23,940

very scientific UFO conference put on by

2200

01:36:28,790 --> 01:36:26,070

Leslie Cain at the American University

2201

01:36:31,760 --> 01:36:28,800

in november of last year by saying i

2202

01:36:33,379 --> 01:36:31,770

have smoking gun evidence you know that

2203

01:36:35,080 --> 01:36:33,389

will prove roswell you know was an

2204

01:36:40,250 --> 01:36:35,090

extraterrestrial instant or whatever and

2205

01:36:42,919 --> 01:36:40,260

that you know then suddenly Hymas on is

2206

01:36:44,270 --> 01:36:42,929

connected to the public unveiling of

2207

01:36:47,660 --> 01:36:44,280

this and everybody's just groaning

2208

01:36:50,840 --> 01:36:47,670

thinking you know what are these people

2209

01:36:52,700 --> 01:36:50,850

thinking you know you know great okay it

2210

01:36:55,780 --> 01:36:52,710

would be wonderful if there were some

2211

01:36:58,610 --> 01:36:55,790

actual verifiable evidence of

2212

01:37:02,360 --> 01:36:58,620

extraterrestrial being but you can't get

2213

01:37:06,229 --> 01:37:02,370

that from a photo it's not a body and so

2214

01:37:08,899 --> 01:37:06,239

proceeding forward you know we we got a

2215

01:37:12,140 --> 01:37:08,909

little bit more information when the

2216

01:37:15,800 --> 01:37:12,150

main slide promoter the slide box media

2217

01:37:17,840 --> 01:37:15,810

guy Adam do released his teaser trailer

2218

01:37:22,220 --> 01:37:17,850

for the documentary that he's doing you

2219

01:37:29,209 --> 01:37:22,230

say Adam Adam do do and he did remain

2220

01:37:30,860 --> 01:37:29,219

hey Denver City I should have come up

2221

01:37:36,080 --> 01:37:30,870

with that a couple of weeks ago come on

2222

01:37:40,820 --> 01:37:36,090

yes so I guess tonight Adam do do yeah

2223

01:37:43,370 --> 01:37:40,830

boy so when that when that trailer hit

2224

01:37:45,350 --> 01:37:43,380

the internet everybody who was

2225

01:37:48,140 --> 01:37:45,360

interested in it scoured it for any

2226

01:37:50,840 --> 01:37:48,150

possible glimpses of the alleged alien

2227

01:37:52,669 --> 01:37:50,850

slides and he had blurred out almost

2228

01:37:55,640 --> 01:37:52,679

every instance except for like one or

2229

01:37:58,850 --> 01:37:55,650

two instances where somebody was able to

2230

01:38:01,220 --> 01:37:58,860

get a screen grab and adjust it to make

2231

01:38:01,649 --> 01:38:01,230

it more visible and so we started

2232

01:38:03,569 --> 01:38:01,659

looking

2233

01:38:06,540 --> 01:38:03,579

at what the for our first glimpses of

2234

01:38:08,339 --> 01:38:06,550

this slide and immediately the first

2235

01:38:11,909 --> 01:38:08,349

thought is you know this just looks like

2236

01:38:14,040 --> 01:38:11,919

a child mummy in a display case and a

2237

01:38:15,569 --> 01:38:14,050

museum even though it's blurry and it's

2238

01:38:17,370 --> 01:38:15,579

really hard to make out but there isn't

2239

01:38:19,290 --> 01:38:17,380

and maybe actually the blurriness if

2240

01:38:23,520 --> 01:38:19,300

anything enhances the sense of is there

2241

01:38:25,830 --> 01:38:23,530

something weird about the head but you

2242

01:38:27,779 --> 01:38:25,840

know I mean Occam's box cutter it's it's

2243

01:38:31,560 --> 01:38:27,789

more likely than not to be you know

2244

01:38:34,679 --> 01:38:31,570

something mundane and the the provenance

2245

01:38:36,569 --> 01:38:34,689

the chain of custody of these slides has

2246

01:38:39,989 --> 01:38:36,579

not been established the whole backstory

2247

01:38:43,409 --> 01:38:39,999

is is full of holes and and and really

2248

01:38:46,049 --> 01:38:43,419

they can't verify anything about the

2249

01:38:48,750 --> 01:38:46,059

original ownership and and whether or

2250

01:38:50,489 --> 01:38:48,760

not these owners and slot of the slides

2251

01:38:52,979 --> 01:38:50,499

the takers of the slides had you know

2252

01:38:54,810 --> 01:38:52,989

high-level connections with you know

2253

01:38:56,489 --> 01:38:54,820

government and military people that

2254

01:38:58,649 --> 01:38:56,499

could have gotten them into a base where

2255

01:39:00,810 --> 01:38:58,659

they saw an alien body but all that

2256

01:39:03,120 --> 01:39:00,820

aside you know when it finally you know

2257

01:39:04,859 --> 01:39:03,130

we're just telling them give us a better

2258

01:39:06,839 --> 01:39:04,869

version you know and they're like no no

2259

01:39:09,719 --> 01:39:06,849

just wait we've we were doing our due

2260

01:39:12,620 --> 01:39:09,729

diligence we're you know getting all

2261

01:39:15,419 --> 01:39:12,630

these experts to analyze the slides and

2262

01:39:17,879 --> 01:39:15,429

and and there's this placard there's

2263

01:39:19,859 --> 01:39:17,889

this little image in the in the the

2264

01:39:21,479 --> 01:39:19,869

slide that that if we could only read

2265

01:39:25,429 --> 01:39:21,489

that might tell us something important

2266

01:39:29,000 --> 01:39:25,439

about to make sure this this body and so

2267

01:39:33,989 --> 01:39:29,010

the Cinco de Mayo of be witness event

2268

01:39:38,629 --> 01:39:33,999

unfolds and in mexico city on a tuesday

2269

01:39:42,239 --> 01:39:38,639

and you know the this informal group of

2270

01:39:46,949 --> 01:39:42,249

skeptics had invited me to participate

2271

01:39:48,899 --> 01:39:46,959

and so i got to watch how over the

2272

01:39:51,029 --> 01:39:48,909

months leading up to this they had been

2273

01:39:53,189 --> 01:39:51,039

trying to from that really blurry slide

2274

01:39:54,659 --> 01:39:53,199

figure out what mummy it was and I was

2275

01:39:56,459 --> 01:39:54,669

sure that any day they were going to

2276

01:39:57,750 --> 01:39:56,469

figure out exactly which mummy it was

2277

01:40:00,659 --> 01:39:57,760

because the the research they were doing

2278

01:40:04,409 --> 01:40:00,669

was so good and then we all kind of

2279

01:40:06,449 --> 01:40:04,419

watched the the Cinco de Mayo events the

2280

01:40:08,219 --> 01:40:06,459

streaming event somebody one or two

2281

01:40:11,129 --> 01:40:08,229

people had paid and so we were like you

2282

01:40:13,469 --> 01:40:11,139

know text chatting to each other and

2283

01:40:15,360 --> 01:40:13,479

they were doing screen grabs and telling

2284

01:40:16,620 --> 01:40:15,370

us what's being discussed now and

2285

01:40:18,270 --> 01:40:16,630

you know that thing went on for over

2286

01:40:19,500 --> 01:40:18,280

five hours and it wasn't till the very

2287

01:40:22,470 --> 01:40:19,510

end that they finally got around to

2288

01:40:25,170 --> 01:40:22,480

showing the damn slides and and then

2289

01:40:28,200 --> 01:40:25,180

when they did it was like you know okay

2290

01:40:31,620 --> 01:40:28,210

great it's clear it's clearly a child

2291

01:40:36,000 --> 01:40:31,630

mommy in a glass case and then we

2292

01:40:40,040 --> 01:40:36,010

started you know scrutinizing the the

2293

01:40:42,630 --> 01:40:40,050

slide and some of the best image

2294

01:40:45,390 --> 01:40:42,640

analysis folks in our group and this is

2295

01:40:49,260 --> 01:40:45,400

this group is from all walks of life

2296

01:40:52,700 --> 01:40:49,270

around the world several folks in Spain

2297

01:40:56,400 --> 01:40:52,710

and France and the United States and

2298

01:41:00,270 --> 01:40:56,410

Sweden and others a number of different

2299

01:41:03,960 --> 01:41:00,280

people who are somewhat known in the UFO

2300

01:41:07,410 --> 01:41:03,970

field for their skeptical approaches to

2301

01:41:09,390 --> 01:41:07,420

these kinds of cases and they applied

2302

01:41:12,360 --> 01:41:09,400

that same kind of determination to

2303

01:41:15,300 --> 01:41:12,370

figure out the nature of these images

2304

01:41:18,090 --> 01:41:15,310

and it is quickly apparent that again

2305

01:41:21,030 --> 01:41:18,100

this is this is clearly a museum type

2306

01:41:23,640 --> 01:41:21,040

display and I got a question I got a

2307

01:41:27,630 --> 01:41:23,650

question are are the people that put

2308

01:41:29,940 --> 01:41:27,640

this hoax forward either are they just

2309

01:41:31,500 --> 01:41:29,950

plain stupid or do you think that this

2310

01:41:33,630 --> 01:41:31,510

is something they did on purpose to try

2311

01:41:35,130 --> 01:41:33,640

to gay gain money out of it because it's

2312

01:41:37,560 --> 01:41:35,140

clearly a like you said a mummified

2313

01:41:40,260 --> 01:41:37,570

child I mean there's no there's no way

2314

01:41:41,850 --> 01:41:40,270

around it is what it is and this thing

2315

01:41:43,560 --> 01:41:41,860

was promoted like it was authentic like

2316

01:41:47,100 --> 01:41:43,570

you said and I mean I they just flat out

2317

01:41:48,540 --> 01:41:47,110

stupid these people or is this just them

2318

01:41:52,610 --> 01:41:48,550

trying to pull one over everybody all

2319

01:41:55,170 --> 01:41:52,620

right I think it's a combination of a

2320

01:41:57,270 --> 01:41:55,180

aspiration on the part of adam do i mean

2321

01:41:59,850 --> 01:41:57,280

if you if you know Adam do is just a guy

2322

01:42:02,040 --> 01:41:59,860

who basically makes sport highlight

2323

01:42:04,590 --> 01:42:02,050

reels for high school you should really

2324

01:42:06,720 --> 01:42:04,600

stick to that he really should yeah he

2325

01:42:08,340 --> 01:42:06,730

you know who want to go on he makes

2326

01:42:10,590 --> 01:42:08,350

these hot sport highlight reels and and

2327

01:42:14,910 --> 01:42:10,600

I can just see that you know he came

2328

01:42:16,500 --> 01:42:14,920

into contact with his his business his

2329

01:42:18,660 --> 01:42:16,510

friends and business partners are the

2330

01:42:21,030 --> 01:42:18,670

ones who found the slides and there they

2331

01:42:22,650 --> 01:42:21,040

say they claimed that when they saw the

2332

01:42:27,140 --> 01:42:22,660

slides the first thing they thought was

2333

01:42:29,419 --> 01:42:27,150

Roswell alien and so they of course

2334

01:42:30,830 --> 01:42:29,429

and it's stupid and I yeah maybe they

2335

01:42:32,300 --> 01:42:30,840

saw their meal ticket and they're

2336

01:42:34,340 --> 01:42:32,310

trained just so you know to some great

2337

01:42:36,229 --> 01:42:34,350

greener but you know but but you know

2338

01:42:38,959 --> 01:42:36,239

two slides they go to making a lot of

2339

01:42:42,410 --> 01:42:38,969

money I mean it at least race until he

2340

01:42:45,500 --> 01:42:42,420

had a had a movie you know the whole pet

2341

01:42:48,380 --> 01:42:45,510

oh yeah I'll get it on Fox yeah work

2342

01:42:50,600 --> 01:42:48,390

again yeah he you know he he was in the

2343

01:42:52,520 --> 01:42:50,610

profession this guy obviously doesn't

2344

01:42:54,350 --> 01:42:52,530

have that much knowledge and there's

2345

01:42:57,800 --> 01:42:54,360

nothing you can do with two slides in

2346

01:42:59,930 --> 01:42:57,810

fact when I was editing UFO magazine for

2347

01:43:01,910 --> 01:42:59,940

what 11 years every once in a while

2348

01:43:04,700 --> 01:43:01,920

somebody would would get call or email

2349

01:43:07,790 --> 01:43:04,710

me and say I've got sensational UFO

2350

01:43:11,510 --> 01:43:07,800

photos how much are they worth and I

2351
01:43:14,390 --> 01:43:11,520
said I give you twenty bucks a photo and

2352
01:43:17,120 --> 01:43:14,400
I was probably I was probably the only

2353
01:43:19,580 --> 01:43:17,130
paying you no outlet for any of this

2354
01:43:22,340 --> 01:43:19,590
idea well you know you can get you can

2355
01:43:23,840 --> 01:43:22,350
get billy meier for nothing and he's got

2356
01:43:27,560 --> 01:43:23,850
he's got the beam ship so you're gonna

2357
01:43:29,149 --> 01:43:27,570
send me you know five photos of a licen

2358
01:43:32,209 --> 01:43:29,159
the sky with nothing in the background

2359
01:43:34,580 --> 01:43:32,219
even to engage it against ya well I was

2360
01:43:35,870 --> 01:43:34,590
that when I dollars I would just say if

2361
01:43:38,240 --> 01:43:35,880
anybody is really interested in this

2362
01:43:40,370 --> 01:43:38,250
they should go to the website of the

2363
01:43:44,080 --> 01:43:40,380

Roswell slides research group that's

2364

01:43:46,790 --> 01:43:44,090

Roswell slides calm and that's where we

2365

01:43:48,290 --> 01:43:46,800

is the group and I really didn't do much

2366

01:43:50,959 --> 01:43:48,300

of anything other than provide another

2367

01:43:52,490 --> 01:43:50,969

set of eyes and and you know a sounding

2368

01:43:55,220 --> 01:43:52,500

board and try to do a little bit of

2369

01:43:58,520 --> 01:43:55,230

research to help along the way but

2370

01:44:00,680 --> 01:43:58,530

there's you know about a dozen guys from

2371

01:44:02,360 --> 01:44:00,690

like I said around the world and you can

2372

01:44:04,850 --> 01:44:02,370

find at Roswell slides calm the

2373

01:44:07,070 --> 01:44:04,860

explanation for how we solved this

2374

01:44:11,240 --> 01:44:07,080

mystery that these guys couldn't do in

2375

01:44:17,030 --> 01:44:11,250

three years we did it in you know a day

2376

01:44:19,100 --> 01:44:17,040

or less and that it was this guy that

2377

01:44:20,810 --> 01:44:19,110

goes by the name of NAB late or was the

2378

01:44:23,270 --> 01:44:20,820

first one in our group to really

2379

01:44:25,729 --> 01:44:23,280

decipher the the beginnings of the the

2380

01:44:29,180 --> 01:44:25,739

slide the placard that says mummified

2381

01:44:31,250 --> 01:44:29,190

body of two-year-old boy and and that it

2382

01:44:33,770 --> 01:44:31,260

was on loan from you know san francisco

2383

01:44:35,450 --> 01:44:33,780

california and the whole back story has

2384

01:44:38,120 --> 01:44:35,460

pretty much been established now about

2385

01:44:40,310 --> 01:44:38,130

where this this body came from but the

2386

01:44:40,750 --> 01:44:40,320

people promoting it are digging in and

2387

01:44:45,310 --> 01:44:40,760

even

2388

01:44:47,350 --> 01:44:45,320

for the apology of Don Schmidt he has

2389

01:44:53,049 --> 01:44:47,360

now retracted that and is back on the

2390

01:44:55,330 --> 01:44:53,059

gravy train of UFO lecture tours and he

2391

01:44:57,819 --> 01:44:55,340

and Tom Carre and I yeah but let's be

2392

01:45:01,450 --> 01:44:57,829

let's be serious about this though there

2393

01:45:03,910 --> 01:45:01,460

is no gravy train what gravy train where

2394

01:45:05,890 --> 01:45:03,920

do I where do I where do I get on the

2395

01:45:09,459 --> 01:45:05,900

gravy train I mean I've been publishing

2396

01:45:11,680 --> 01:45:09,469

books for 50 years there is no gravy

2397

01:45:14,740 --> 01:45:11,690

train I have you felt have you found the

2398

01:45:17,109 --> 01:45:14,750

gravy train no I have to but but you

2399

01:45:19,299 --> 01:45:17,119

know okay uh you know somebody are so

2400

01:45:22,509 --> 01:45:19,309

our first guest that our first guests

2401

01:45:26,529 --> 01:45:22,519

had the gravy train ele gravy got

2402

01:45:29,200 --> 01:45:26,539

something against hands here that's all

2403

01:45:32,560 --> 01:45:29,210

I'm saying is yeah you know Adam do got

2404

01:45:36,850 --> 01:45:32,570

paid by haim amazon and high may you

2405

01:45:39,430 --> 01:45:36,860

know had 6502 7,000 people in that

2406

01:45:41,560 --> 01:45:39,440

auditorium paying anywhere from 20 to 80

2407

01:45:43,120 --> 01:45:41,570

bucks a pop at the gravy train right

2408

01:45:45,100 --> 01:45:43,130

there yeah but I wonder how much I

2409

01:45:46,990 --> 01:45:45,110

wonder how much that then it was at

2410

01:45:49,270 --> 01:45:47,000

auditorium costs because if you want to

2411

01:45:51,850 --> 01:45:49,280

go rent Madison Square Garden it's about

2412

01:45:54,850 --> 01:45:51,860

forty five thousand dollars right right

2413

01:45:57,669 --> 01:45:54,860

and but but it just it the gravy train

2414

01:46:00,669 --> 01:45:57,679

is is really what I'm referring to is

2415

01:46:02,500 --> 01:46:00,679

the circus tent of ufology yet yes it's

2416

01:46:04,569 --> 01:46:02,510

a circus act yeah yeah absolutely and

2417

01:46:07,330 --> 01:46:04,579

once in a while I've put on a clown

2418

01:46:10,149 --> 01:46:07,340

costume and you know and I suppose we

2419

01:46:11,620 --> 01:46:10,159

could all be you know it had said that

2420

01:46:14,020 --> 01:46:11,630

we've been involved in that to some

2421

01:46:16,359 --> 01:46:14,030

degree because the the field of the

2422

01:46:19,080 --> 01:46:16,369

subject matter lends itself to it but

2423

01:46:22,000 --> 01:46:19,090

you know a Native American child's a

2424

01:46:24,430 --> 01:46:22,010

desiccated form has been continued to be

2425

01:46:26,140 --> 01:46:24,440

desecrated after being dug up and now

2426

01:46:28,600 --> 01:46:26,150

it's been you know part of this hope and

2427

01:46:30,609 --> 01:46:28,610

it's I don't I can't say for sure if

2428

01:46:31,959 --> 01:46:30,619

this was an actual hoax on the part of

2429

01:46:35,259 --> 01:46:31,969

anybody or if they just thought

2430

01:46:36,700 --> 01:46:35,269

everybody was this stupid well or they

2431

01:46:39,430 --> 01:46:36,710

had or they had no background in

2432

01:46:41,770 --> 01:46:39,440

archaeology or just common sense common

2433

01:46:43,720 --> 01:46:41,780

scenario are common sense ya allah well

2434

01:46:45,850 --> 01:46:43,730

a lot of people in the UFO field do lack

2435

01:46:48,509 --> 01:46:45,860

common sense certainly not any of us

2436

01:46:50,799 --> 01:46:48,519

gather around these are microphones this

2437

01:46:52,850 --> 01:46:50,809

evening here so i guess you would say

2438

01:46:55,669 --> 01:46:52,860

smiles that there's yes

2439

01:46:58,070 --> 01:46:55,679

guys annoy a UH hell and there's there's

2440

01:47:00,680 --> 01:46:58,080

no chance of disclosure we have to tell

2441

01:47:02,930 --> 01:47:00,690

Steven Greer at some point uh uh well he

2442

01:47:04,609 --> 01:47:02,940

had his own alien body too I did there's

2443

01:47:09,350 --> 01:47:04,619

there's no there's no there's no

2444

01:47:13,430 --> 01:47:09,360

disclosure not know I will I don't want

2445

01:47:15,560 --> 01:47:13,440

to end up with this I was gonna say I

2446

01:47:19,459 --> 01:47:15,570

would give the one bit of credit I would

2447

01:47:21,020 --> 01:47:19,469

give to Greer was in the wake of 911 or

2448

01:47:22,939 --> 01:47:21,030

actually maybe been right before he

2449

01:47:25,010 --> 01:47:22,949

issued a white paper where he said we're

2450

01:47:26,540 --> 01:47:25,020

all asking for the government to tell us

2451

01:47:29,629 --> 01:47:26,550

the truth but we shouldn't necessarily

2452

01:47:31,820 --> 01:47:29,639

believe it when they give it to us and I

2453

01:47:35,120 --> 01:47:31,830

think at least there I I that's my

2454

01:47:38,200 --> 01:47:35,130

general suggestion of its it's a healthy

2455

01:47:40,580 --> 01:47:38,210

skepticism of everything including your

2456

01:47:41,840 --> 01:47:40,590

authority figures and here's a question

2457

01:47:42,830 --> 01:47:41,850

though I mean even if the government

2458

01:47:45,470 --> 01:47:42,840

comes out tomorrow and says all right

2459

01:47:47,270 --> 01:47:45,480

this is the truth can we believe it

2460

01:47:50,240 --> 01:47:47,280

anyway regardless i mean but but not

2461

01:47:52,040 --> 01:47:50,250

only that it's the truth as maybe one

2462

01:47:53,810 --> 01:47:52,050

small fraction of the military or the

2463

01:47:55,340 --> 01:47:53,820

government you know right to say how

2464

01:47:57,859 --> 01:47:55,350

many times we change the story on raza

2465

01:48:00,290 --> 01:47:57,869

yeah well you know I'm sure just like in

2466

01:48:01,910 --> 01:48:00,300

in the private sector here we know for a

2467

01:48:04,520 --> 01:48:01,920

fact that in the military and the

2468

01:48:06,709 --> 01:48:04,530

government everybody is split on this

2469

01:48:08,270 --> 01:48:06,719

some people think it's demons some

2470

01:48:10,220 --> 01:48:08,280

people think it's again right but your

2471

01:48:13,070 --> 01:48:10,230

inversions and some people think it's

2472

01:48:16,220 --> 01:48:13,080

all yes yes way if you go in you check

2473

01:48:17,810 --> 01:48:16,230

all the the the the classified documents

2474

01:48:19,970 --> 01:48:17,820

that were released under the Freedom of

2475

01:48:21,709 --> 01:48:19,980

Information Act err maybe even the early

2476

01:48:23,600 --> 01:48:21,719

day some of the stuff that was released

2477

01:48:26,300 --> 01:48:23,610

everybody had a different point of view

2478

01:48:28,910 --> 01:48:26,310

and and so what is it what does Obama do

2479

01:48:30,709 --> 01:48:28,920

he has Shirley MacLaine there and he's

2480

01:48:32,090 --> 01:48:30,719

got that he's got them i'll tell you

2481

01:48:34,129 --> 01:48:32,100

what Tim there hasn't been a day that I

2482

01:48:36,080 --> 01:48:34,139

have not woken up in and said to myself

2483

01:48:38,840 --> 01:48:36,090

what is Shirley MacLaine think about

2484

01:48:41,780 --> 01:48:38,850

this well my new book Shirley MacLaine

2485

01:48:44,090 --> 01:48:41,790

meets the Palladian you if you get that

2486

01:48:47,600 --> 01:48:44,100

on amazon.com you will find the answer I

2487

01:48:50,149 --> 01:48:47,610

want any you will indeed anyway we are

2488

01:48:51,740 --> 01:48:50,159

we are winding down and and smiles i

2489

01:48:53,689 --> 01:48:51,750

want to thank you you're a very good

2490

01:48:56,720 --> 01:48:53,699

guest and I've enjoyed the conversation

2491

01:48:58,550 --> 01:48:56,730

and we'll have to continue this at some

2492

01:49:00,800 --> 01:48:58,560

point what are you doing now where do

2493

01:49:01,879 --> 01:49:00,810

people find out about your work and are

2494

01:49:04,729 --> 01:49:01,889

you sure we're not going to see in

2495
