00:00:36,970 --> 00:00:21,840

[Music]

2
00:00:45,410 --> 00:00:41,990

explode the bazaar your e-ticket ride is

3
00:00:47,830 --> 00:00:45,420

the world of a paranoid strap yourself

4
00:00:53,270 --> 00:00:47,840

here as we traverse the universe

5
00:00:54,640 --> 00:00:53,280

exploring the unexplained UFO ghost lost

6
00:00:57,020 --> 00:00:54,650

world

7
00:01:00,860 --> 00:00:57,030

cryptozoology as well as other

8
00:01:05,870 --> 00:01:00,870

dimensions it's time to take back the

9
00:01:09,140 --> 00:01:05,880

NASA night now your electrifying hosts

10
00:01:21,100 --> 00:01:09,150

exploring the bizarre Timothy Begley and

11
00:01:25,340 --> 00:01:21,110

Kings Wars oh my god aah trim waiter

12
00:01:30,380 --> 00:01:25,350

you're running too fast it is I suppose

13
00:01:32,719 --> 00:01:30,390

it goes to toast an alien ha Tim they

14

00:01:34,999 --> 00:01:32,729

got me again they they just threw me

15

00:01:37,640 --> 00:01:35,009

back onto the ground after examining me

16

00:01:39,650 --> 00:01:37,650

for the last two hours or was it two

17

00:01:43,400 --> 00:01:39,660

days you know I I don't even know I've

18

00:01:43,910 --> 00:01:43,410

got these marks all over all over my

19

00:01:46,670 --> 00:01:43,920

body

20

00:01:48,530 --> 00:01:46,680

gosh uh I you know I've gotta stop doing

21

00:01:52,420 --> 00:01:48,540

this there's only so much that I could

22

00:01:55,280 --> 00:01:52,430

possibly handle of this alien abduction

23

00:01:58,580 --> 00:01:55,290

phenomena but tonight is not the night

24

00:02:02,780 --> 00:01:58,590

to stop him is it hey how are you up

25

00:02:04,580 --> 00:02:02,790

there injury SPN well they've the aliens

26
00:02:06,890 --> 00:02:04,590
had me for more than a week Tim and I

27
00:02:08,870 --> 00:02:06,900
just finally got away well you know I

28
00:02:12,050 --> 00:02:08,880
was wondering why I hadn't heard from

29
00:02:15,190 --> 00:02:12,060
you somebody in the family uh it was

30
00:02:19,759 --> 00:02:15,200
taken away or got married or

31
00:02:22,910 --> 00:02:19,769
yes I had my niece got married last week

32
00:02:26,270 --> 00:02:22,920
and I was extremely honored to be the

33
00:02:31,460 --> 00:02:26,280
officiant at her wedding so we had a

34
00:02:33,560 --> 00:02:31,470
very nice time in Florida and now back

35
00:02:35,509 --> 00:02:33,570
again for more exploring the bizarre

36
00:02:40,580 --> 00:02:35,519
well you know if you're going to get

37
00:02:42,949 --> 00:02:40,590
married which I never have I would think

38
00:02:48,020 --> 00:02:42,959

that Florida would be an excellent place

39

00:02:50,480 --> 00:02:48,030

to go to tie the tie the knot although I

40

00:02:53,630 --> 00:02:50,490

kind of like the Virgin Islands myself

41

00:02:56,150 --> 00:02:53,640

it's kind of exotic and a little bit

42

00:03:00,680 --> 00:02:56,160

further away from the hustle and bustle

43

00:03:03,020 --> 00:03:00,690

of Miami and Beach you know and and all

44

00:03:06,680 --> 00:03:03,030

of that but I guess that's just because

45

00:03:08,810 --> 00:03:06,690

I'm a world in otherworldly traveler as

46

00:03:11,810 --> 00:03:08,820

you can as you can tell I've been I've

47

00:03:14,900 --> 00:03:11,820

been all over the universe but not as

48

00:03:17,540 --> 00:03:14,910

far as our guests to have been so Tim

49

00:03:19,910 --> 00:03:17,550

why don't you introduce who we're going

50

00:03:24,770 --> 00:03:19,920

to be speaking with this evening and

51
00:03:28,280 --> 00:03:24,780
welcome them into our chamber why of

52
00:03:31,420 --> 00:03:28,290
course Tim with us tonight is Peter

53
00:03:35,510 --> 00:03:31,430
Robbins who has been on our show before

54
00:03:38,570 --> 00:03:35,520
several times numerous times so it's

55
00:03:43,160 --> 00:03:38,580
it's always great to have Peter on with

56
00:03:44,330 --> 00:03:43,170
us and with Peter we're very happy to

57
00:03:47,810 --> 00:03:44,340
have with us

58
00:03:50,330 --> 00:03:47,820
Cate golvahsen now kate is no reason

59
00:03:55,070 --> 00:03:50,340
born and she's a multimedia artist and

60
00:03:58,550 --> 00:03:55,080
is an experienter and she's had unusual

61
00:04:00,950 --> 00:03:58,560
experiences all of her life which I

62
00:04:03,140 --> 00:04:00,960
think she has written at her person

63
00:04:08,240 --> 00:04:03,150

calendar happened at the age of three

64

00:04:13,070 --> 00:04:08,250

and she she feels that she could be a

65

00:04:17,140 --> 00:04:13,080

hybrid of sorts and has a 25 symmetrical

66

00:04:21,220 --> 00:04:17,150

implants all over her body

67

00:04:25,190 --> 00:04:21,230

supposedly from her interactions with

68

00:04:27,110 --> 00:04:25,200

ultra terrestrial so Kate Peter thank

69

00:04:29,600 --> 00:04:27,120

you very much for being with us tonight

70

00:04:30,790 --> 00:04:29,610

on exploring the bizarre so happy to

71

00:04:34,700 --> 00:04:30,800

have you with us

72

00:04:36,710 --> 00:04:34,710

well you know the reason that I pair the

73

00:04:39,140 --> 00:04:36,720

the guests up this evening

74

00:04:41,690 --> 00:04:39,150

I met the Kate for the first time of

75

00:04:45,050 --> 00:04:41,700

course I've competed for a long time who

76

00:04:48,500 --> 00:04:45,060

looked up a Kate yet a Kate I met

77

00:04:52,850 --> 00:04:48,510

several weekends ago in Pine Bush New

78

00:04:55,070 --> 00:04:52,860

York where she was speaking and telling

79

00:04:58,220 --> 00:04:55,080

people about her experiences and I know

80

00:05:00,710 --> 00:04:58,230

very little about what she has undergone

81

00:05:04,300 --> 00:05:00,720

that is why we have with us tonight

82

00:05:09,390 --> 00:05:04,310

Peter Robbins because Peter Robb

83

00:05:14,170 --> 00:05:09,400

not only has had experiences of his own

84

00:05:18,370 --> 00:05:14,180

in New York as well as in the UK but he

85

00:05:21,490 --> 00:05:18,380

was also Budd Hopkins a assistant for a

86

00:05:26,939 --> 00:05:21,500

number of years so if anybody knows

87

00:05:30,939 --> 00:05:26,949

about the ins and outs of abductees and

88

00:05:32,710 --> 00:05:30,949

experiencers it would be mr. Robbins and

89

00:05:36,700 --> 00:05:32,720

Peter thank you for joining us tonight

90

00:05:41,080 --> 00:05:36,710

and thank you for introducing us to Kate

91

00:05:42,730 --> 00:05:41,090

now I'm wondering where to begin well

92

00:05:45,249 --> 00:05:42,740

why didn't you give us a little bit

93

00:05:49,390 --> 00:05:45,259

about your background with Budd Hopkins

94

00:05:53,140 --> 00:05:49,400

how exactly did you meet but and how is

95

00:05:57,550 --> 00:05:53,150

it that he selected you to be his

96

00:06:00,010 --> 00:05:57,560

assistant well good evening Tim Tim and

97

00:06:05,469 --> 00:06:00,020

Tina and on Kate

98

00:06:08,920 --> 00:06:05,479

to kind of get things on a level playing

99

00:06:11,499 --> 00:06:08,930

field here you and I have known each

100

00:06:17,200 --> 00:06:11,509

other for what eight or nine hundred

101
00:06:22,149 --> 00:06:17,210
years easy now and for me one of the

102
00:06:27,550 --> 00:06:22,159
most welcomed aspects of doing this work

103
00:06:32,350 --> 00:06:27,560
which I find challenging as important as

104
00:06:36,279 --> 00:06:32,360
any investigative work that is can be

105
00:06:38,559 --> 00:06:36,289
done is actually for a lot of people

106
00:06:41,920 --> 00:06:38,569
it's somewhat anxiety provoking and I

107
00:06:44,559 --> 00:06:41,930
enjoy doing your guys show because it's

108
00:06:47,559 --> 00:06:44,569
always informed by a certain amount of

109
00:06:49,510 --> 00:06:47,569
humor but these subjects that were

110
00:06:50,050 --> 00:06:49,520
really talking about are not at all

111
00:06:52,719 --> 00:06:50,060
funny

112
00:06:55,240 --> 00:06:52,729
they are transcendently life-changing

113
00:06:58,990 --> 00:06:55,250

they're extraordinarily challenging and

114

00:07:02,760 --> 00:06:59,000

I have always felt since even before I

115

00:07:06,879 --> 00:07:02,770

began to work with but that those

116

00:07:10,240 --> 00:07:06,889

witnesses experiencers abductees who

117

00:07:13,420 --> 00:07:10,250

have the courage to become public people

118

00:07:16,790 --> 00:07:13,430

in this work not only should have our

119

00:07:20,839 --> 00:07:16,800

gratitude but our respect and our

120

00:07:23,059 --> 00:07:20,849

tension as you know Tim because you are

121

00:07:26,809 --> 00:07:23,069

also a friend of my dear late sister

122

00:07:30,050 --> 00:07:26,819

Ellen my involvement in this field began

123

00:07:33,980 --> 00:07:30,060

40 years ago literally turning on a dime

124

00:07:38,230 --> 00:07:33,990

from my career as a New York painter to

125

00:07:41,869 --> 00:07:38,240

becoming an essentially full-time

126

00:07:46,279 --> 00:07:41,879

investigator full-time part-time of this

127

00:07:49,459 --> 00:07:46,289

phenomena that my interest in the whole

128

00:07:51,610 --> 00:07:49,469

UFO phenomena stem from my interest with

129

00:07:56,510 --> 00:07:51,620

an obsession with certainly for years

130

00:07:59,600 --> 00:07:56,520

with people who like my sister have been

131

00:08:02,839 --> 00:07:59,610

taken returned or have confronted these

132

00:08:06,890 --> 00:08:02,849

other intelligences directly you're

133

00:08:09,730 --> 00:08:06,900

correct in characterizing that I have

134

00:08:12,709 --> 00:08:09,740

had experiences but my experiences

135

00:08:16,040 --> 00:08:12,719

dramatic as they've been to me have been

136

00:08:20,689 --> 00:08:16,050

really in the form of sightings one with

137

00:08:24,260 --> 00:08:20,699

kind of a caveat to it with Helen and

138

00:08:26,240 --> 00:08:24,270

then the one that I had in the UK with

139

00:08:31,820 --> 00:08:26,250

my former co-author on left at Eastgate

140

00:08:36,769 --> 00:08:31,830

Larry Warren in February of 1988 so from

141

00:08:40,370 --> 00:08:36,779

early 1975 I started to read try to

142

00:08:43,760 --> 00:08:40,380

inform myself but I was very cautious

143

00:08:45,680 --> 00:08:43,770

about connecting with people who said

144

00:08:48,740 --> 00:08:45,690

that they took it seriously too

145

00:08:50,600 --> 00:08:48,750

everybody knows that anybody who's a

146

00:08:53,030 --> 00:08:50,610

grown-up who takes flying saucers and

147

00:08:55,579 --> 00:08:53,040

little green men seriously is is crazy I

148

00:08:58,400 --> 00:08:55,589

mean look at yourself for example well

149

00:09:02,840 --> 00:08:58,410

I'm sitting here with a tin foil on my

150

00:09:05,569 --> 00:09:02,850

head exactly but it was about a year

151

00:09:07,639 --> 00:09:05,579

after that that I happen to be going by

152

00:09:10,550 --> 00:09:07,649

a newsstand in our beloved Manhattan and

153

00:09:14,000 --> 00:09:10,560

I did a double take because there was a

154

00:09:16,610 --> 00:09:14,010

featured article on a UFO incident that

155

00:09:19,460 --> 00:09:16,620

had occurred the year before on the

156

00:09:23,600 --> 00:09:19,470

cover of all publications The Village

157

00:09:27,069 --> 00:09:23,610

Voice which back then was a weekly that

158

00:09:29,960 --> 00:09:27,079

had nothing to do with UFOs progressive

159

00:09:30,380 --> 00:09:29,970

possibly even might be described by

160

00:09:33,380 --> 00:09:30,390

using

161

00:09:36,650 --> 00:09:33,390

the dreaded L word and I don't mean

162

00:09:37,820 --> 00:09:36,660

lesbian although that said there too yes

163

00:09:40,220 --> 00:09:37,830

yes

164

00:09:42,800 --> 00:09:40,230

and I bought it and I took it home and

165

00:09:46,100 --> 00:09:42,810

read it up until that time I had read a

166

00:09:48,860 --> 00:09:46,110

number of books as well as article clips

167

00:09:51,740 --> 00:09:48,870

almost all of them from tabloids like

168

00:09:55,960 --> 00:09:51,750

the National Enquirer and I had never

169

00:09:59,660 --> 00:09:55,970

actually read an actual well done

170

00:10:03,380 --> 00:09:59,670

investigation that was grammatically

171

00:10:06,890 --> 00:10:03,390

correct and in fact brilliantly put

172

00:10:09,650 --> 00:10:06,900

together it was written by a man named

173

00:10:12,590 --> 00:10:09,660

Budd Hopkins Budd spelled with two DS at

174

00:10:14,420 --> 00:10:12,600

the time all my life was about was

175

00:10:17,150 --> 00:10:14,430

living eating and breathing the New York

176

00:10:20,210 --> 00:10:17,160

art scene and in the back of my mind I

177

00:10:22,730 --> 00:10:20,220

remembered seeing the work of a late

178

00:10:24,710 --> 00:10:22,740

period abstract expressionist at a group

179

00:10:28,670 --> 00:10:24,720

show some time before that named Budd

180

00:10:30,290 --> 00:10:28,680

Hopkins I wanted to talk to this guy as

181

00:10:34,550 --> 00:10:30,300

I literally as I finished the article

182

00:10:37,340 --> 00:10:34,560

and went to my copy of the now long

183

00:10:39,770 --> 00:10:37,350

defunct giant-monster New York City

184

00:10:43,040 --> 00:10:39,780

phone book there's only one Budd Hopkins

185

00:10:46,790 --> 00:10:43,050

in a book with two DS or one and I

186

00:10:49,070 --> 00:10:46,800

called called him and introduced myself

187

00:10:51,350 --> 00:10:49,080

as a fellow painter teaching at the

188

00:10:55,700 --> 00:10:51,360

School of Visual Arts showing my work

189

00:10:58,070 --> 00:10:55,710

downtown who had had a UFO sighting the

190

00:11:01,280 --> 00:10:58,080

year before and a sister who claimed to

191

00:11:03,050 --> 00:11:01,290

have been taken and returned but first

192

00:11:06,290 --> 00:11:03,060

question to me had nothing to do with

193

00:11:09,890 --> 00:11:06,300

UFOs or my sister he wanted to know what

194

00:11:13,070 --> 00:11:09,900

kind of art I did I was from the school

195

00:11:16,490 --> 00:11:13,080

you know at that time earthworks

196

00:11:19,910 --> 00:11:16,500

minimalism conceptual art and he was

197

00:11:22,790 --> 00:11:19,920

less than impressed he was a genuine

198

00:11:26,840 --> 00:11:22,800

old-school painter but he was pleasant

199

00:11:29,690 --> 00:11:26,850

and certainly polite wanted to know more

200

00:11:31,940 --> 00:11:29,700

about the sighting and even more about

201
00:11:35,240 --> 00:11:31,950
my sister's incident and that was how I

202
00:11:38,180 --> 00:11:35,250
first got invited over to have coffee

203
00:11:41,080 --> 00:11:38,190
and a talk with him it is a wonderful

204
00:11:43,190 --> 00:11:41,090
home on West 16th Street it was a

205
00:11:44,130 --> 00:11:43,200
life-changing afternoon for me although

206
00:11:47,220 --> 00:11:44,140
I didn't realize

207
00:11:49,020 --> 00:11:47,230
at the time over the next 35 years I

208
00:11:52,350 --> 00:11:49,030
probably had several hundred cups of

209
00:11:56,220 --> 00:11:52,360
coffee at that table and more than my

210
00:11:59,700 --> 00:11:56,230
fair share of shots of scotch and we

211
00:12:04,260 --> 00:11:59,710
talked about art life and UFOs this was

212
00:12:07,680 --> 00:12:04,270
five-years Tim and Tim before bud had

213
00:12:10,670 --> 00:12:07,690

published his first UFO book that came

214

00:12:13,440 --> 00:12:10,680

out in 1981 and it changed the course of

215

00:12:15,900 --> 00:12:13,450

UFO studies in America and the world it

216

00:12:20,370 --> 00:12:15,910

was called missing time and it dealt

217

00:12:22,710 --> 00:12:20,380

with just that that phenomena where a

218

00:12:27,390 --> 00:12:22,720

loss of memory often coming in at about

219

00:12:31,590 --> 00:12:27,400

90 minutes ultimately was seen as a

220

00:12:34,280 --> 00:12:31,600

clear indication of a UFO abduction

221

00:12:39,000 --> 00:12:34,290

incident after the book was published

222

00:12:42,930 --> 00:12:39,010

and the term became something of the

223

00:12:46,920 --> 00:12:42,940

household term if somebody says to

224

00:12:49,380 --> 00:12:46,930

another person missing time most people

225

00:12:51,600 --> 00:12:49,390

in our culture understand that it's

226

00:12:55,140 --> 00:12:51,610

referring to the UFO phenomena and not

227

00:12:57,750 --> 00:12:55,150

that you lost some time somewhere after

228

00:13:01,130 --> 00:12:57,760

the book came out he was inundated with

229

00:13:04,590 --> 00:13:01,140

calls letters as well before email and

230

00:13:06,180 --> 00:13:04,600

needed some help we had become friends

231

00:13:09,690 --> 00:13:06,190

over the preceding years seeing each

232

00:13:11,490 --> 00:13:09,700

other every couple of months and I knew

233

00:13:15,270 --> 00:13:11,500

this was going to be important work and

234

00:13:18,840 --> 00:13:15,280

I thought it might give me a leg up on

235

00:13:21,870 --> 00:13:18,850

helping me and my sister understand what

236

00:13:24,600 --> 00:13:21,880

had happened to her also the fact that

237

00:13:27,320 --> 00:13:24,610

we had other things in common a love of

238

00:13:32,100 --> 00:13:27,330

the Arts travel our wonderful city

239

00:13:34,080 --> 00:13:32,110

literature etc made him comfortable with

240

00:13:38,360 --> 00:13:34,090

me and be comfortable with him and we

241

00:13:41,370 --> 00:13:38,370

fell into something of a routine I

242

00:13:46,070 --> 00:13:41,380

witnessed many hypnotic regressions had

243

00:13:50,070 --> 00:13:46,080

the privilege of sitting in on many

244

00:13:52,260 --> 00:13:50,080

interviews with abductees and taking

245

00:13:55,050 --> 00:13:52,270

case histories meeting with them and

246

00:13:58,870 --> 00:13:55,060

their families and developed I think a

247

00:14:04,720 --> 00:13:58,880

pretty good rapport in such situation

248

00:14:08,410 --> 00:14:04,730

finally in 1987 his international

249

00:14:12,520 --> 00:14:08,420

bestseller intruders was published and

250

00:14:18,000 --> 00:14:12,530

really put him on the map after that the

251

00:14:21,520 --> 00:14:18,010

calls the visits the news folks

252

00:14:24,250 --> 00:14:21,530

interviews invitations to speak just

253

00:14:26,200 --> 00:14:24,260

shot through the roof and at a certain

254

00:14:32,250 --> 00:14:26,210

point it became a very full-time

255

00:14:35,410 --> 00:14:32,260

part-time job and that is how I met bud

256

00:14:37,990 --> 00:14:35,420

well why don't you tell us then Peter

257

00:14:42,310 --> 00:14:38,000

then how did you meet how did you meet

258

00:14:45,990 --> 00:14:42,320

Kate and where that went from yes good

259

00:14:49,960 --> 00:14:46,000

question Tim Kate and I met where any

260

00:14:52,630 --> 00:14:49,970

nice American would go to be a Norwegian

261

00:14:55,720 --> 00:14:52,640

woman which was southern Brazil of

262

00:14:59,020 --> 00:14:55,730

course exactly I didn't even have to say

263

00:15:01,660 --> 00:14:59,030

it I was speaking at a conference there

264

00:15:04,750 --> 00:15:01,670

one of the great conferences sponsored

265

00:15:09,970 --> 00:15:04,760

by my dear friend and colleague age age

266

00:15:16,270 --> 00:15:09,980

of art and Kate came along with a friend

267

00:15:21,430 --> 00:15:16,280

of hers erling what's early his last

268

00:15:25,420 --> 00:15:21,440

name Kate dumb curling is one of

269

00:15:27,670 --> 00:15:25,430

Norway's most respected UFO researchers

270

00:15:30,100 --> 00:15:27,680

and he gave what I felt was a very

271

00:15:33,610 --> 00:15:30,110

grounded and really quietly brilliant

272

00:15:35,980 --> 00:15:33,620

paper on the statistics surrounding UFO

273

00:15:43,480 --> 00:15:35,990

sightings in a certain concentrated area

274

00:15:45,280 --> 00:15:43,490

in Norway Kate and I talked she told me

275

00:15:49,570 --> 00:15:45,290

some of what had happened to her

276

00:15:52,740 --> 00:15:49,580

and of all of it one of the things that

277

00:15:57,390 --> 00:15:52,750

fascinated me most about her experiences

278

00:16:00,400 --> 00:15:57,400

was that they seemed to have left her

279

00:16:03,430 --> 00:16:00,410

with knowledge of a subject she had

280

00:16:06,850 --> 00:16:03,440

never trained him studied or had any

281

00:16:08,830 --> 00:16:06,860

background in now working with but over

282

00:16:11,620 --> 00:16:08,840

the years I was familiar with cases

283

00:16:13,450 --> 00:16:11,630

where people and I don't see the

284

00:16:16,600 --> 00:16:13,460

some mystical thing of the aliens gave

285

00:16:20,790 --> 00:16:16,610

me this power and in some cases you know

286

00:16:26,740 --> 00:16:20,800

that may be the case but sometimes when

287

00:16:30,580 --> 00:16:26,750

you have these experiences a low-lying

288

00:16:33,630 --> 00:16:30,590

talent makes its way to the surface a

289

00:16:36,100 --> 00:16:33,640

good example is Mike Rogers who was

290

00:16:40,000 --> 00:16:36,110

Travis Waltons best friend and the crew

291

00:16:42,220 --> 00:16:40,010

chief of their logging crew at the time

292

00:16:43,840 --> 00:16:42,230

of his famous abduction it was Mike

293

00:16:46,570 --> 00:16:43,850

behind the wheel of that truck that

294

00:16:49,530 --> 00:16:46,580

night who made the decision to drive

295

00:16:51,940 --> 00:16:49,540

away from that site something which

296

00:16:54,490 --> 00:16:51,950

Travis has always agreed was the right

297

00:16:57,160 --> 00:16:54,500

thing to do but cause tremendous stress

298

00:17:01,650 --> 00:16:57,170

and consternation for Mike later on in

299

00:17:04,569 --> 00:17:01,660

life if you look at a copy of the

300

00:17:05,199 --> 00:17:04,579

Travis's outstanding book fire in the

301

00:17:07,720 --> 00:17:05,209

sky

302

00:17:09,460 --> 00:17:07,730

that is illustrated all those

303

00:17:11,650 --> 00:17:09,470

illustrations in that book and they're

304

00:17:15,280 --> 00:17:11,660

all very professional we're done by Mike

305

00:17:18,640 --> 00:17:15,290

Rogers who never studied art Mike felt

306

00:17:21,760 --> 00:17:18,650

it was just something that came up that

307

00:17:26,260 --> 00:17:21,770

he wanted to develop and did but with

308

00:17:30,580 --> 00:17:26,270

Kate it was different because what her

309

00:17:33,460 --> 00:17:30,590

knowledge was that nothing else could

310

00:17:37,450 --> 00:17:33,470

account for was in a very specific area

311

00:17:40,870 --> 00:17:37,460

of physics so much so that she was in

312

00:17:44,350 --> 00:17:40,880

correspondence with physicists and was

313

00:17:47,890 --> 00:17:44,360

already working on a book about physics

314

00:17:50,050 --> 00:17:47,900

which she is will have out I would guess

315

00:17:51,540 --> 00:17:50,060

either if not by the end of this year

316

00:17:55,260 --> 00:17:51,550

sometime next year

317

00:17:59,050 --> 00:17:55,270

this fascinated me as somebody who was

318

00:18:03,940 --> 00:17:59,060

dyslexic and as we they used to say in

319

00:18:05,440 --> 00:18:03,950

my day bad at math I still spin sixes

320

00:18:08,530 --> 00:18:05,450

and nines around and have to check my

321

00:18:09,280 --> 00:18:08,540

figures this was something absolutely

322

00:18:12,850 --> 00:18:09,290

remarkable

323

00:18:17,740 --> 00:18:12,860

well after meeting em in Brazil we

324

00:18:20,020 --> 00:18:17,750

continued to stay in contact and last

325

00:18:21,790 --> 00:18:20,030

year when I told her that I was going to

326

00:18:24,910 --> 00:18:21,800

be speaking at a conference in Glasgow

327

00:18:26,860 --> 00:18:24,920

Scotland she decided to join me there

328

00:18:29,230 --> 00:18:26,870

and met some of my colleagues and

329

00:18:31,150 --> 00:18:29,240

friends and UFO studies there we had a

330

00:18:34,300 --> 00:18:31,160

chance to spend more time together and

331

00:18:37,450 --> 00:18:34,310

see some of that great city and more

332

00:18:40,690 --> 00:18:37,460

recently I guess you could say I acted

333

00:18:43,660 --> 00:18:40,700

as her sponsor in part to bring her to

334

00:18:46,960 --> 00:18:43,670

America so that she could give her very

335

00:18:51,090 --> 00:18:46,970

first talk at an American UFO conference

336

00:18:54,330 --> 00:18:51,100

and Tim Beckley of course heard that

337

00:19:00,970 --> 00:18:54,340

last month in little Pine Bush New York

338

00:19:05,500 --> 00:19:00,980

and it was a great talk and Kate is for

339

00:19:09,640 --> 00:19:05,510

me one of the most unique people in this

340

00:19:11,670 --> 00:19:09,650

field we didn't know that I didn't know

341

00:19:15,660 --> 00:19:11,680

this in Brazil I'm not I don't think

342

00:19:20,980 --> 00:19:15,670

Kent knew it even at that time but as

343

00:19:26,100 --> 00:19:20,990

Tim said earlier in the show scans have

344

00:19:30,340 --> 00:19:26,110

revealed and I think the count is 25

345

00:19:32,020 --> 00:19:30,350

symmetrically placed implants just below

346

00:19:36,580 --> 00:19:32,030

the skin you can see them as small

347

00:19:39,370 --> 00:19:36,590

circular disks in these scans and I have

348

00:19:42,730 --> 00:19:39,380

to add here for anybody in the audience

349

00:19:44,650 --> 00:19:42,740

that you know you're sitting there in

350

00:19:47,830 --> 00:19:44,660

the armchair and nodding your head and

351

00:19:50,500 --> 00:19:47,840

smiling slightly there's no contesting

352

00:19:54,520 --> 00:19:50,510

this this is the real deal

353

00:19:57,610 --> 00:19:54,530

they are just below the skin more small

354

00:20:03,120 --> 00:19:57,620

magnets stick to them and that is

355

00:20:07,470 --> 00:20:03,130

without any aid and as Kent has wisely

356

00:20:10,480 --> 00:20:07,480

informed people in demonstrating them

357

00:20:13,300 --> 00:20:10,490

these are best done after you wash your

358

00:20:16,090 --> 00:20:13,310

face and dry it so that you know no skin

359

00:20:19,480 --> 00:20:16,100

oil or you know body oil whatever will

360

00:20:23,710 --> 00:20:19,490

assist them in sticking another thing

361

00:20:27,100 --> 00:20:23,720

that impressed me about and it's funny

362

00:20:30,700 --> 00:20:27,110

you catch yourself with language to use

363

00:20:35,590 --> 00:20:30,710

the word case which we do so often in

364

00:20:38,249 --> 00:20:35,600

this field de personalizes things to

365

00:20:42,099 --> 00:20:38,259

such a degree sometime because every

366

00:20:45,759 --> 00:20:42,109

involves very real people many of whom

367

00:20:49,479 --> 00:20:45,769

are at effect of these experiences Kent

368

00:20:53,409 --> 00:20:49,489

for me is not she is comfortable in her

369

00:20:56,589 --> 00:20:53,419

own skin people have suggested to her or

370

00:20:59,379 --> 00:20:56,599

asked her you know why don't you remove

371

00:21:03,399 --> 00:20:59,389

these things as far as she is concerned

372

00:21:04,209 --> 00:21:03,409

as she will of course articulate they're

373

00:21:08,619 --> 00:21:04,219

there for a reason

374

00:21:10,749 --> 00:21:08,629

and you know and why cut into yourself

375

00:21:12,489 --> 00:21:10,759

because you're paranoid that you know

376

00:21:15,099 --> 00:21:12,499

there's something there that shouldn't

377

00:21:18,820 --> 00:21:15,109

be there if it is not causing any

378

00:21:22,029 --> 00:21:18,830

problem and may in fact be an asset even

379

00:21:27,659 --> 00:21:22,039

though you do not know the specifics of

380

00:21:31,269 --> 00:21:27,669

it so that's really our background and I

381

00:21:33,839 --> 00:21:31,279

just think the world of her and I am so

382

00:21:38,019 --> 00:21:33,849

glad that we had a chance to meet and

383

00:21:40,839 --> 00:21:38,029

continue on this road but I think at

384

00:21:43,359 --> 00:21:40,849

this point unless either of you guys

385

00:21:47,139 --> 00:21:43,369

have any additional questions we should

386

00:21:49,810 --> 00:21:47,149

turn this over to work well we will we

387

00:21:52,359 --> 00:21:49,820

were just a couple of minutes until our

388

00:21:53,799 --> 00:21:52,369

bottom of the hour breaks and they're

389

00:21:55,629 --> 00:21:53,809

going to wait then when we come in we'll

390

00:21:57,579 --> 00:21:55,639

do this but you know I just I just want

391

00:21:59,499 --> 00:21:57,589

to make a combat real quick before we

392

00:22:03,159 --> 00:21:59,509

went to the break you know you talked

393

00:22:05,349 --> 00:22:03,169

about you know how some of people who've

394

00:22:09,399 --> 00:22:05,359

had these abductions experiences come

395

00:22:11,169 --> 00:22:09,409

back you know enhanced it really would

396

00:22:14,680 --> 00:22:11,179

be you know like a word you know

397

00:22:18,099 --> 00:22:14,690

possibly you know with a an interest in

398

00:22:19,869 --> 00:22:18,109

you know mathematics or physics or music

399

00:22:22,379 --> 00:22:19,879

even and I just read an article about

400

00:22:24,940 --> 00:22:22,389

too long ago that was referring to

401

00:22:27,369 --> 00:22:24,950

people who have had traumatic

402

00:22:30,690 --> 00:22:27,379

experiences head injuries you know

403

00:22:36,009 --> 00:22:30,700

similar cases like that who have had

404

00:22:39,100 --> 00:22:36,019

then come out of it with a like just

405

00:22:42,130 --> 00:22:39,110

extreme mathematic abilities and

406

00:22:45,370 --> 00:22:42,140

things like that but before I'll let

407

00:22:47,620 --> 00:22:45,380

anybody comment on that we are going to

408

00:22:50,310 --> 00:22:47,630

go to our bottom of the hour break and

409

00:22:54,730 --> 00:22:50,320

when we come back we will continue our

410

00:22:56,769 --> 00:22:54,740

conversation with Peter and Kate on the

411

00:23:07,950 --> 00:22:56,779

mighty exploring the bazaars so stay

412

00:23:10,529 --> 00:23:07,960

tuned now back to exploring the bazaar

413

00:23:13,529 --> 00:23:10,539

with two of the most electrifying

414

00:23:20,889 --> 00:23:13,539

researchers with harriel your host

415

00:23:22,779 --> 00:23:20,899

Timothy Rebecca Lee panting Swartz and

416

00:23:24,940 --> 00:23:22,789

welcome back to explore in the bazaar

417

00:23:27,820 --> 00:23:24,950

I'm Jim Schwartz tonight we are talking

418

00:23:33,610 --> 00:23:27,830

with Peter Robin and Robin's

419

00:23:39,190 --> 00:23:33,620

Sarika Peter and Kay golvahsen and I in

420

00:23:42,009 --> 00:23:39,200

Kate you and Peter were in that of a the

421

00:23:45,810 --> 00:23:42,019

the Pine Bush UFO fest old not too long

422

00:23:50,320 --> 00:23:45,820

ago where you talked to the audience

423

00:23:55,210 --> 00:23:50,330

what what was your reaction there in the

424

00:23:57,450 --> 00:23:55,220

in in Pine Bush I mean we're ooh were

425

00:23:59,980 --> 00:23:57,460

people interested in what you had to say

426

00:24:01,690 --> 00:23:59,990

yeah I must say that they were very

427

00:24:04,120 --> 00:24:01,700

interested in the subject and especially

428

00:24:07,539 --> 00:24:04,130

when I was starting to demonstrate the

429

00:24:10,480 --> 00:24:07,549

magnets but why don't we why do we start

430

00:24:12,639 --> 00:24:10,490

as at the the beginning and we'll get to

431

00:24:15,070 --> 00:24:12,649

the magnets in a little while

432

00:24:18,340 --> 00:24:15,080

when was your I mean okay you've had

433

00:24:20,740 --> 00:24:18,350

these experiences they've lasted most of

434

00:24:22,419 --> 00:24:20,750

your life as I understand but when did

435

00:24:25,899 --> 00:24:22,429

they start it under what the

436

00:24:28,810 --> 00:24:25,909

circumstances cause I was actually just

437

00:24:31,149 --> 00:24:28,820

two years old it was almost Christmas

438

00:24:34,299 --> 00:24:31,159

and my mother she has been putting me to

439

00:24:36,580 --> 00:24:34,309

bed and left the room and I remember I

440

00:24:38,529 --> 00:24:36,590

was standing in the crib and standing

441

00:24:41,009 --> 00:24:38,539

there watching in the dark and I wasn't

442

00:24:44,019 --> 00:24:41,019

tired I I didn't want to go to sleep and

443

00:24:46,330 --> 00:24:44,029

yeah looking in in the room are looking

444

00:24:47,879 --> 00:24:46,340

at the window and I don't know for how

445

00:24:49,659 --> 00:24:47,889

long I was standing there like that but

446

00:24:52,210 --> 00:24:49,669

suddenly out of nowhere

447

00:24:52,870 --> 00:24:52,220

not a sound nothing there's coming this

448

00:24:55,390 --> 00:24:52,880

little

449

00:24:57,910 --> 00:24:55,400

des creature just gliding through the

450

00:25:00,520 --> 00:24:57,920

wall coming into the wall from from a

451
00:25:01,900 --> 00:25:00,530
left side and guiding over the floor and

452
00:25:04,750 --> 00:25:01,910
then they were standing in front of me

453
00:25:07,090 --> 00:25:04,760
of the crib and it was just a little bit

454
00:25:11,770 --> 00:25:07,100
taller than me anything are you sure it

455
00:25:16,300 --> 00:25:11,780
wasn't one of Santa's elves ha ha funny

456
00:25:18,100 --> 00:25:16,310
I speak up in my head I have been told

457
00:25:21,160 --> 00:25:18,110
by my mother that Santa Claus will be

458
00:25:23,370 --> 00:25:21,170
coming soon and in my little head I put

459
00:25:26,020 --> 00:25:23,380
the word Santa on this little creature

460
00:25:27,610 --> 00:25:26,030
that has offered so I believed it

461
00:25:29,890 --> 00:25:27,620
affected Santa that was standing there

462
00:25:32,860 --> 00:25:29,900
and I was trying to I was trying to say

463
00:25:35,350 --> 00:25:32,870

something but in my way but I understood

464

00:25:38,770 --> 00:25:35,360

very quickly that word words was what is

465

00:25:40,570 --> 00:25:38,780

necessary so we were standing there

466

00:25:44,050 --> 00:25:40,580

looking at each other and had a

467

00:25:46,000 --> 00:25:44,060

communication between our heads and it

468

00:25:48,220 --> 00:25:46,010

just gave me the expression I the

469

00:25:53,500 --> 00:25:48,230

feeling that he was there to check up on

470

00:25:55,030 --> 00:25:53,510

me to see if I was okay yeah and after a

471

00:25:56,590 --> 00:25:55,040

little while then he was just gliding

472

00:26:00,040 --> 00:25:56,600

the same way he was coming out through

473

00:26:02,380 --> 00:26:00,050

the wall again and a few seconds later

474

00:26:04,990 --> 00:26:02,390

then I saw this creature together with

475

00:26:07,420 --> 00:26:05,000

someone together with another one inside

476
00:26:09,180 --> 00:26:07,430
of Christ in front of the window and we

477
00:26:11,890 --> 00:26:09,190
were living at the second floor and

478
00:26:13,510 --> 00:26:11,900
there was no possibility that there were

479
00:26:15,130 --> 00:26:13,520
life from the cars or anything because I

480
00:26:16,720 --> 00:26:15,140
could actually see the craft I can see

481
00:26:19,990 --> 00:26:16,730
them in front of the window and then

482
00:26:22,390 --> 00:26:20,000
let's just take off and the next thing

483
00:26:24,460 --> 00:26:22,400
what would you what did I I mean I

484
00:26:26,770 --> 00:26:24,470
realize you're only three years old and

485
00:26:30,520 --> 00:26:26,780
it's a long long time ago but do you

486
00:26:33,580 --> 00:26:30,530
remember what the craft looked like and

487
00:26:36,160 --> 00:26:33,590
a little bit it's difficult to explain

488
00:26:40,440 --> 00:26:36,170

but I have recognized to this but I see

489

00:26:45,910 --> 00:26:43,270

what about the what about the the

490

00:26:47,890 --> 00:26:45,920

creatures I mean did they look like you

491

00:26:51,520 --> 00:26:47,900

know like me what we know now as the

492

00:26:54,190 --> 00:26:51,530

stereotypical you know gray with the big

493

00:26:57,670 --> 00:26:54,200

eyes and big head that sort of thing

494

00:26:59,290 --> 00:26:57,680

yeah there was their small and this one

495

00:27:01,540 --> 00:26:59,300

was a little bit taller than me when he

496

00:27:06,280 --> 00:27:01,550

was standing in front of the crib and he

497

00:27:08,680 --> 00:27:06,290

had this huge black eyes so yeah um

498

00:27:10,660 --> 00:27:08,690

I remember that the next day I was

499

00:27:12,670 --> 00:27:10,670

telling my mother that oh I am a Santa

500

00:27:13,840 --> 00:27:12,680

Claus and of course they didn't pay any

501
00:27:18,070 --> 00:27:13,850
attention to it because they were

502
00:27:20,230 --> 00:27:18,080
thinking okay yeah and a few days later

503
00:27:22,240 --> 00:27:20,240
there was actually the Christmas and I

504
00:27:24,790 --> 00:27:22,250
remember my mother she was picking me up

505
00:27:27,100 --> 00:27:24,800
carry me on over armed into the TV room

506
00:27:30,340 --> 00:27:27,110
because now us I was supposed to meet

507
00:27:33,520 --> 00:27:30,350
Santa and now oh I'm going to miss Santa

508
00:27:35,530 --> 00:27:33,530
again and that creature that was meeting

509
00:27:38,160 --> 00:27:35,540
me in the TV room that wasn't Santa that

510
00:27:41,260 --> 00:27:38,170
was some some person dressed up in red

511
00:27:43,420 --> 00:27:41,270
red suit and a fake beard and a soft

512
00:27:45,880 --> 00:27:43,430
plastic face and I was screaming my head

513
00:27:49,660 --> 00:27:45,890

off I was terrified I didn't like that

514

00:27:50,680 --> 00:27:49,670

sense I give me my son back yeah I

515

00:27:59,170 --> 00:27:50,690

remember it very well

516

00:28:02,230 --> 00:27:59,180

oh how ironic that the Santa that is

517

00:28:05,110 --> 00:28:02,240

supposed to make you happy actually

518

00:28:06,820 --> 00:28:05,120

terrified you as opposed to something

519

00:28:11,920 --> 00:28:06,830

really strange that came into your room

520

00:28:15,370 --> 00:28:11,930

yet to you you found that to be a

521

00:28:16,900 --> 00:28:15,380

pleasant experience yeah I did because

522

00:28:19,240 --> 00:28:16,910

the less creatures was not giving me

523

00:28:20,950 --> 00:28:19,250

anything else a good feeling and like I

524

00:28:24,910 --> 00:28:20,960

said he was different to check if I was

525

00:28:27,490 --> 00:28:24,920

okay well what why would he think you

526

00:28:29,950 --> 00:28:27,500

were not okay I mean why I mean do you

527

00:28:32,050 --> 00:28:29,960

think it this sir is there a reason that

528

00:28:34,030 --> 00:28:32,060

they I mean why out of everybody living

529

00:28:38,920 --> 00:28:34,040

in the the town where you live would

530

00:28:40,870 --> 00:28:38,930

they they pick you Kate yeah that's a

531

00:28:42,730 --> 00:28:40,880

that's has been a long life question why

532

00:28:46,930 --> 00:28:42,740

why did you come just to my place and

533

00:28:50,320 --> 00:28:46,940

asked me to see if I was okay and yeah I

534

00:28:51,820 --> 00:28:50,330

think that over the years maybe I have

535

00:28:54,310 --> 00:28:51,830

to be something that they have been

536

00:28:57,340 --> 00:28:54,320

working on from before with my mother or

537

00:29:00,430 --> 00:28:57,350

I don't know the possibilities are there

538

00:29:03,940 --> 00:29:00,440

real Dave's ever they've never told told

539

00:29:08,650 --> 00:29:03,950

you why they why they're coming no they

540

00:29:10,420 --> 00:29:08,660

haven't have you asked them I think that

541

00:29:12,370 --> 00:29:10,430

probably blamed not I haven't been

542

00:29:14,890 --> 00:29:12,380

asking them I think that they have been

543

00:29:17,620 --> 00:29:14,900

let's lift that over to me that I had to

544

00:29:20,230 --> 00:29:17,630

walk that road that everyone else has to

545

00:29:24,370 --> 00:29:20,240

do to find out who they are

546

00:29:27,450 --> 00:29:24,380

so long in the light oh yeah you're

547

00:29:30,820 --> 00:29:27,460

three years old and you've had these

548

00:29:32,980 --> 00:29:30,830

beings pass through the the wall now

549

00:29:37,120 --> 00:29:32,990

that that's a pretty common denominator

550

00:29:41,110 --> 00:29:37,130

in in abduction experiences Peter how

551
00:29:44,110 --> 00:29:41,120
many cases if you've heard of where you

552
00:29:47,080 --> 00:29:44,120
know the these beings have come through

553
00:29:49,330 --> 00:29:47,090
walls or doorways or windows or rules or

554
00:29:52,180 --> 00:29:49,340
our cars or what have you

555
00:29:54,600 --> 00:29:52,190
quite honestly more than I can recall to

556
00:29:57,580 --> 00:29:54,610
him but I would say conservatively

557
00:30:00,730 --> 00:29:57,590
several hundred easily easy right

558
00:30:02,830 --> 00:30:00,740
probably a good 25 percent of all the

559
00:30:05,530 --> 00:30:02,840
cases if not more I would guess I don't

560
00:30:07,330 --> 00:30:05,540
that more yeah yeah more okay okay okay

561
00:30:09,730 --> 00:30:07,340
so you've had this experience at three

562
00:30:13,419 --> 00:30:09,740
and you decided you like the aliens

563
00:30:16,240 --> 00:30:13,429

better than Santa and myself I was stuck

564

00:30:20,230 --> 00:30:16,250

on crumpets but that's another exit

565

00:30:22,090 --> 00:30:20,240

oh okay so when okay did you tell you it

566

00:30:25,510 --> 00:30:22,100

your parents obviously they thought that

567

00:30:27,430 --> 00:30:25,520

you were hitting the the baby bottle or

568

00:30:33,120 --> 00:30:27,440

two of too much or something I was close

569

00:30:38,740 --> 00:30:33,130

but but when was your next experience

570

00:30:41,310 --> 00:30:38,750

now I was just 10 years old in that time

571

00:30:43,690 --> 00:30:41,320

of life there was a little bit tough and

572

00:30:46,030 --> 00:30:43,700

very often I was crawling out on the

573

00:30:47,830 --> 00:30:46,040

roof at night when everyone else was

574

00:30:49,180 --> 00:30:47,840

going to sleep and then I was going out

575

00:30:51,610 --> 00:30:49,190

there and sitting there on the roof and

576

00:30:53,799 --> 00:30:51,620

looking for the stars and having this

577

00:30:54,430 --> 00:30:53,809

big feeling inside me that I didn't

578

00:30:57,220 --> 00:30:54,440

belong here

579

00:31:01,210 --> 00:30:57,230

I want to go home somewhere out there is

580

00:31:03,100 --> 00:31:01,220

my home it's not here and well one night

581

00:31:06,730 --> 00:31:03,110

there was this big big bright light over

582

00:31:08,890 --> 00:31:06,740

my head and that's what I remember the

583

00:31:11,799 --> 00:31:08,900

next morning I was I was waking up in my

584

00:31:16,299 --> 00:31:11,809

bed I was thinking what how did I end up

585

00:31:19,600 --> 00:31:16,309

end up here and normally I was a typical

586

00:31:23,169 --> 00:31:19,610

normal girl at the 10 years old as I

587

00:31:25,000 --> 00:31:23,179

loved horses and I was drawing horses I

588

00:31:28,690 --> 00:31:25,010

was talking horses I was even breeding

589

00:31:30,430 --> 00:31:28,700

horses I felt and instead of drawing

590

00:31:32,799 --> 00:31:30,440

horses are talking about them then I

591

00:31:34,010 --> 00:31:32,809

started to talk about aliens I was even

592

00:31:36,110 --> 00:31:34,020

painting this

593

00:31:38,870 --> 00:31:36,120

aliens and talking about other

594

00:31:41,120 --> 00:31:38,880

life-forms and planetary systems and all

595

00:31:43,310 --> 00:31:41,130

kind of stuff so yeah I remember the

596

00:31:47,090 --> 00:31:43,320

face of the teacher at the school he was

597

00:31:49,400 --> 00:31:47,100

thinking that I was becoming nuts they

598

00:31:53,570 --> 00:31:49,410

did a day I get in touch with your

599

00:31:57,680 --> 00:31:53,580

parents and say this said your daughter

600

00:32:02,570 --> 00:31:57,690

is a obsessed with the little beings no

601
00:32:04,730 --> 00:32:02,580
they didn't know they didn't but my

602
00:32:06,410 --> 00:32:04,740
mother she is she kept one of the

603
00:32:08,210 --> 00:32:06,420
drawings I made when I was 10 years old

604
00:32:14,630 --> 00:32:08,220
and so I still actually have it

605
00:32:17,270 --> 00:32:14,640
that's fun and well okay so but now on

606
00:32:22,880 --> 00:32:17,280
the second experience was there any sort

607
00:32:25,310 --> 00:32:22,890
of communication with them under under

608
00:32:28,550 --> 00:32:25,320
our hypnosis many many years later we

609
00:32:29,990 --> 00:32:28,560
found out what was happening at that

610
00:32:32,240 --> 00:32:30,000
point and that was very much the same

611
00:32:35,090 --> 00:32:32,250
that was happening when I had my last

612
00:32:37,850 --> 00:32:35,100
close encounter with them well they tell

613
00:32:39,500 --> 00:32:37,860

us what would tell us what what did what

614

00:32:44,090 --> 00:32:39,510

happened to you under hypnosis I mean

615

00:32:46,970 --> 00:32:44,100

what what did you recall I recall that

616

00:32:49,100 --> 00:32:46,980

there was a taking the app to this to

617

00:32:51,020 --> 00:32:49,110

the craft and then putting me on a table

618

00:32:52,310 --> 00:32:51,030

and I have a lot of these kind of

619

00:32:56,060 --> 00:32:52,320

instruments that they were putting

620

00:32:58,040 --> 00:32:56,070

inside my nose and ears and so on but it

621

00:33:00,980 --> 00:32:58,050

was particularly my nose and I love my

622

00:33:04,480 --> 00:33:00,990

smelling and my sense of smelling when I

623

00:33:08,170 --> 00:33:04,490

was at ten years old so that was the

624

00:33:11,840 --> 00:33:08,180

physical difference after that with it

625

00:33:14,510 --> 00:33:11,850

but yeah it wasn't happening so much at

626

00:33:17,810 --> 00:33:14,520

that point that I remember even from

627

00:33:21,140 --> 00:33:17,820

hypnosis now were the I knew your second

628

00:33:24,530 --> 00:33:21,150

encounter were they the same little the

629

00:33:27,100 --> 00:33:24,540

beings that visit you the near first

630

00:33:31,070 --> 00:33:27,110

occasion yeah they were the thing

631

00:33:33,950 --> 00:33:31,080

identical yeah a little like clones or

632

00:33:35,270 --> 00:33:33,960

were they the same I mean they were the

633

00:33:38,000 --> 00:33:35,280

same different for me they have never

634

00:33:39,190 --> 00:33:38,010

been clones or robots or anything like

635

00:33:41,600 --> 00:33:39,200

that

636

00:33:44,120 --> 00:33:41,610

so another was your meeting with the

637

00:33:47,750 --> 00:33:44,130

same for lack of a better term

638

00:33:50,450 --> 00:33:47,760

individuals yeah and

639

00:33:55,490 --> 00:33:50,460

do they indicate to you where they might

640

00:33:58,810 --> 00:33:55,500

be coming from no they didn't do you

641

00:34:02,450 --> 00:33:58,820

think it's offworld or is a day on

642

00:34:05,930 --> 00:34:02,460

interdimensional building or how do you

643

00:34:08,510 --> 00:34:05,940

equate it in in your own mind maybe both

644

00:34:10,310 --> 00:34:08,520

I think that they are actually both but

645

00:34:12,080 --> 00:34:10,320

I think that they are interacting with

646

00:34:14,870 --> 00:34:12,090

seven different kind of world

647

00:34:17,660 --> 00:34:14,880

that's because it's just our world is

648

00:34:20,840 --> 00:34:17,670

very much like a radio station it's all

649

00:34:23,450 --> 00:34:20,850

about frequency so you can very easily

650

00:34:26,840 --> 00:34:23,460

swap or sweep or if you're saying it

651
00:34:28,190 --> 00:34:26,850
from one frequency to another so that's

652
00:34:30,290 --> 00:34:28,200
why they're so easily to just

653
00:34:35,330 --> 00:34:30,300
disappearing too so that's what they are

654
00:34:36,980 --> 00:34:35,340
doing now I have Europe in other when

655
00:34:40,550 --> 00:34:36,990
you've had these how many experiences

656
00:34:42,830 --> 00:34:40,560
have you had up until now and then I

657
00:34:44,480 --> 00:34:42,840
have lots of love lots of experiences

658
00:34:45,050 --> 00:34:44,490
with them but I just had three Close

659
00:34:47,570 --> 00:34:45,060
Encounters

660
00:34:50,180 --> 00:34:47,580
and this dispersal especially the last

661
00:34:51,680 --> 00:34:50,190
one that was most heavy okay what tell

662
00:34:56,450 --> 00:34:51,690
it tell us about that when was the last

663
00:34:59,120 --> 00:34:56,460

one and how was it heavy and I was 28

664

00:35:01,400 --> 00:34:59,130

years old I was going to stay on in this

665

00:35:04,190 --> 00:35:01,410

cabin in the Google Mountain House thing

666

00:35:06,650 --> 00:35:04,200

it was almost 20 kilometers the next

667

00:35:08,720 --> 00:35:06,660

next people so I was really going to be

668

00:35:11,450 --> 00:35:08,730

alone out there and working on my book

669

00:35:13,940 --> 00:35:11,460

and I was supposed to be there for two

670

00:35:17,330 --> 00:35:13,950

months but I was just staying there for

671

00:35:21,110 --> 00:35:17,340

one week so it was it was becoming a

672

00:35:24,110 --> 00:35:21,120

very short trip I was going to bed at

673

00:35:27,020 --> 00:35:24,120

night and waking up next morning and I

674

00:35:28,910 --> 00:35:27,030

had this it this was not a pillow mark

675

00:35:30,950 --> 00:35:28,920

this was a big difference from a normal

676

00:35:35,330 --> 00:35:30,960

pillow mark this was a mark like

677

00:35:37,280 --> 00:35:35,340

something metal or yeah like a fork that

678

00:35:40,850 --> 00:35:37,290

has been grabbing onto onto your face

679

00:35:44,270 --> 00:35:40,860

and I could see this is very clear marks

680

00:35:47,930 --> 00:35:44,280

over my eyes and I had this grayish

681

00:35:51,200 --> 00:35:47,940

greenish dried materia throat from my

682

00:35:53,390 --> 00:35:51,210

nose and from one of my eyes and my

683

00:35:56,090 --> 00:35:53,400

first reaction was oh [\h__\h] I'm going to

684

00:35:59,480 --> 00:35:56,100

be sick or something but I didn't and

685

00:36:01,329 --> 00:35:59,490

the day went as normal and when what

686

00:36:03,160 --> 00:36:01,339

when the evening was coming again I was

687

00:36:05,200 --> 00:36:03,170

like a stress animal in a cage because I

688

00:36:08,589 --> 00:36:05,210

knew something was happening and I

689

00:36:10,209 --> 00:36:08,599

didn't remember why so I think that I

690

00:36:12,009 --> 00:36:10,219

was reading the same magazine maybe 20

691

00:36:14,589 --> 00:36:12,019

times that next night because I didn't

692

00:36:16,120 --> 00:36:14,599

dare to fall asleep so I was getting in

693

00:36:18,729 --> 00:36:16,130

contact with those people that was

694

00:36:20,529 --> 00:36:18,739

opening the cabin so the next day there

695

00:36:22,209 --> 00:36:20,539

was coming up and seeking picking me up

696

00:36:27,749 --> 00:36:22,219

and brought it back to this society

697

00:36:34,180 --> 00:36:31,900

that we could really hear and I see the

698

00:36:36,299 --> 00:36:34,190

difference because when I was coming

699

00:36:39,130 --> 00:36:36,309

back then you have all the electricity

700

00:36:40,829 --> 00:36:39,140

you know what that your mobile phone

701
00:36:43,299 --> 00:36:40,839
charger if you're putting that in a wall

702
00:36:46,599 --> 00:36:43,309
normally not your normal hearing you

703
00:36:48,880 --> 00:36:46,609
can't hear it and when I was putting my

704
00:36:51,989 --> 00:36:48,890
mobile phone in the wall it sounds like

705
00:36:55,719 --> 00:36:51,999
a really really bad microphone feedback

706
00:36:59,049 --> 00:36:55,729
that is really yelling at you so it was

707
00:36:59,739 --> 00:36:59,059
really terrible and I could hear light

708
00:37:02,019 --> 00:36:59,749
bulbs

709
00:37:03,880 --> 00:37:02,029
I couldn't hear all kinds of mechanic

710
00:37:06,969 --> 00:37:03,890
stuff that was inside the music machines

711
00:37:08,859 --> 00:37:06,979
or whatever and I needed to put the dots

712
00:37:10,479 --> 00:37:08,869
in my ears to get all the sounds down

713
00:37:13,719 --> 00:37:10,489

even though people were talking it was

714

00:37:15,430 --> 00:37:13,729

just too loud and I remember my

715

00:37:18,069 --> 00:37:15,440

boyfriend at the time he was the leader

716

00:37:20,709 --> 00:37:18,079

of the year for Norway he was picking me

717

00:37:23,739 --> 00:37:20,719

up and brought me back down towards the

718

00:37:25,479 --> 00:37:23,749

place where we were living and for a

719

00:37:29,349 --> 00:37:25,489

long time ago he was buying this perfume

720

00:37:31,059 --> 00:37:29,359

to me I never never sensed it but I was

721

00:37:33,759 --> 00:37:31,069

putting it on just to please him for

722

00:37:36,069 --> 00:37:33,769

myself I never never smelled itself yeah

723

00:37:38,589 --> 00:37:36,079

this time I was doing the same thing

724

00:37:40,150 --> 00:37:38,599

going out to his office just to turn

725

00:37:41,950 --> 00:37:40,160

around to walk inside again to wash it

726

00:37:45,370 --> 00:37:41,960

off it was just too much so am i

727

00:37:48,039 --> 00:37:45,380

smelling was back too so I'm the light

728

00:37:51,450 --> 00:37:48,049

sensitive and yeah even today I'm still

729

00:37:55,180 --> 00:37:51,460

light sensitive and we can hear too much

730

00:37:58,569 --> 00:37:55,190

when I came to my mind yeah friends

731

00:38:00,519 --> 00:37:58,579

places and say over I always ask each

732

00:38:02,319 --> 00:38:00,529

other and o'clock in the room and

733

00:38:04,359 --> 00:38:02,329

they're normally saying oh don't worry

734

00:38:08,319 --> 00:38:04,369

it's not a tic-tac it's a lexical clock

735

00:38:10,630 --> 00:38:08,329

okay so what when I was staying in

736

00:38:12,759 --> 00:38:10,640

London in my friends place there we had

737

00:38:15,220 --> 00:38:12,769

to take out the clock and even put out

738

00:38:19,120 --> 00:38:15,230

the electricity in the wall

739

00:38:21,430 --> 00:38:19,130

then it was quite enough so yeah well

740

00:38:27,220 --> 00:38:21,440

now what why do you think that is though

741

00:38:30,670 --> 00:38:27,230

I mean that's a peculiar reaction to to

742

00:38:32,980 --> 00:38:30,680

an encounter or a contact like this yeah

743

00:38:35,260 --> 00:38:32,990

and after that we were we were finding

744

00:38:37,890 --> 00:38:35,270

this guy in Oslo that was a doctor that

745

00:38:40,510 --> 00:38:37,900

was doing hypnosis and regressions and

746

00:38:43,900 --> 00:38:40,520

he was putting me under there and under

747

00:38:46,690 --> 00:38:43,910

hypnosis and then we find out that I had

748

00:38:48,160 --> 00:38:46,700

gone to bed at night and then suddenly

749

00:38:48,670 --> 00:38:48,170

there was this bright light in my

750

00:38:50,710 --> 00:38:48,680

bedroom

751

00:38:53,200 --> 00:38:50,720

and there were was one of this tall

752

00:38:54,730 --> 00:38:53,210

grace not the small ones but it was one

753

00:38:57,099 --> 00:38:54,740

of the twelve one that was picking me up

754

00:38:59,859 --> 00:38:57,109

bringing me into this into the room and

755

00:39:01,330 --> 00:38:59,869

the fireplace that that big room I can't

756

00:39:04,870 --> 00:39:01,340

say the TV room because she was no TV

757

00:39:07,720 --> 00:39:04,880

there but yeah living room there are

758

00:39:09,910 --> 00:39:07,730

just two three small grace that was

759

00:39:12,070 --> 00:39:09,920

started working on me I was like

760

00:39:13,570 --> 00:39:12,080

floating in the air and they were

761

00:39:16,840 --> 00:39:13,580

standing around me and I was putting

762

00:39:19,570 --> 00:39:16,850

this helmet on me and were this big

763

00:39:22,330 --> 00:39:19,580

needles going into my ears and this fork

764

00:39:25,660 --> 00:39:22,340

thing look-alike that was going into my

765

00:39:30,280 --> 00:39:25,670

nose and I always been never touch my

766

00:39:33,190 --> 00:39:30,290

nose we had this this didn't frighten

767

00:39:36,070 --> 00:39:33,200

you I mean if if somebody came along and

768

00:39:37,840 --> 00:39:36,080

took me into a room and I don't even

769

00:39:41,290 --> 00:39:37,850

like to go to the doctors I mean or the

770

00:39:43,420 --> 00:39:41,300

dentist I mean I I would be the peep

771

00:39:45,940 --> 00:39:43,430

this is how about this I don't think I

772

00:39:50,890 --> 00:39:45,950

would look forward to my next encounter

773

00:39:52,930 --> 00:39:50,900

and I've been I was at that point and it

774

00:39:54,160 --> 00:39:52,940

wasn't Pleasant it wasn't nice but I was

775

00:39:56,800 --> 00:39:54,170

getting the feeling that they were of

776

00:39:59,170 --> 00:39:56,810

not doing it to hurt me in any way I was

777

00:40:01,359 --> 00:39:59,180

get yeah I'm comparing it like a dentist

778

00:40:04,420 --> 00:40:01,369

hour and you are doing it because it's

779

00:40:06,760 --> 00:40:04,430

necessary and then it's not always

780

00:40:08,080 --> 00:40:06,770

needed to be pleasant but I remember

781

00:40:10,990 --> 00:40:08,090

that when I was coming to a certain

782

00:40:12,790 --> 00:40:11,000

point then I in that moment then I

783

00:40:16,120 --> 00:40:12,800

remembered what happens when I was ten

784

00:40:17,650 --> 00:40:16,130

years old and from that moment I asked

785

00:40:19,630 --> 00:40:17,660

them please don't let me remember

786

00:40:22,930 --> 00:40:19,640

anything else and from that moment

787

00:40:25,540 --> 00:40:22,940

everything was gray completely gray my

788

00:40:27,520 --> 00:40:25,550

whole memory was wiped out and this guy

789

00:40:28,960 --> 00:40:27,530

does that the hypnotist he was working

790

00:40:32,440 --> 00:40:28,970

on me for two hours

791

00:40:38,710 --> 00:40:32,450

trying to get a hold on that gray area

792

00:40:40,839 --> 00:40:38,720

but he couldn't so yeah well I don't I

793

00:40:43,660 --> 00:40:40,849

mean don't you think Delta okay if this

794

00:40:47,500 --> 00:40:43,670

has been going on you know all these

795

00:40:50,320 --> 00:40:47,510

years that by this time they would have

796

00:40:52,900 --> 00:40:50,330

all if they're looking for DNA or your

797

00:40:53,950 --> 00:40:52,910

blood pressure or whatever it is that

798

00:40:55,359 --> 00:40:53,960

they're looking for

799

00:41:00,099 --> 00:40:55,369

don't you think that they would have a

800

00:41:02,050 --> 00:41:00,109

grasp on that by now maybe that's why I

801
00:41:04,660 --> 00:41:02,060
haven't been seen you seen them for some

802
00:41:07,210 --> 00:41:04,670
time because they have already demo

803
00:41:09,339 --> 00:41:07,220
material place or I'm ready yeah I like

804
00:41:11,020 --> 00:41:09,349
a joke I like to joke about magnet and

805
00:41:14,020 --> 00:41:11,030
not magnet but the implants acid is

806
00:41:15,760 --> 00:41:14,030
already - more than GPS system so they

807
00:41:18,400 --> 00:41:15,770
know where to track me because I can be

808
00:41:20,920 --> 00:41:18,410
difficult attraction well did you do you

809
00:41:24,609 --> 00:41:20,930
do you think that they have they have

810
00:41:26,470 --> 00:41:24,619
implanted you with some device I don't

811
00:41:28,480 --> 00:41:26,480
know it looks like they have been doing

812
00:41:30,790 --> 00:41:28,490
it because I didn't know about this for

813
00:41:34,290 --> 00:41:30,800

years because this happens the back is

814

00:41:37,570 --> 00:41:34,300

this Close Encounters had happened in

815

00:41:41,710 --> 00:41:37,580

yeah when I was 28 this is so many years

816

00:41:44,560 --> 00:41:41,720

ago before 2000 and actually now it was

817

00:41:48,250 --> 00:41:44,570

just in 2060 in January last year I

818

00:41:49,599 --> 00:41:48,260

found out that I had in fact of course

819

00:41:52,030 --> 00:41:49,609

over the years I've been thinking of

820

00:41:54,760 --> 00:41:52,040

maybe I have someone maybe I don't I'm a

821

00:41:56,829 --> 00:41:54,770

little bit lazy on this area because I'm

822

00:42:00,089 --> 00:41:56,839

actually not interested in the UFO stuff

823

00:42:04,750 --> 00:42:00,099

it's just a part of my life another

824

00:42:08,380 --> 00:42:04,760

world where would we find the implant I

825

00:42:10,599 --> 00:42:08,390

had to in the management it's not that

826

00:42:11,950 --> 00:42:10,609

good but always I'm striving for the

827

00:42:13,420 --> 00:42:11,960

words maybe Peter can explain that

828

00:42:18,490 --> 00:42:13,430

easier for me because they know where

829

00:42:22,060 --> 00:42:18,500

they are sitting the implants that have

830

00:42:25,390 --> 00:42:22,070

been documented in cat's body run down

831

00:42:29,349 --> 00:42:25,400

her spine and kind of almost like a

832

00:42:35,400 --> 00:42:29,359

necklace along the collarbone area and

833

00:42:38,560 --> 00:42:35,410

then up by the sinus area and they are

834

00:42:42,019 --> 00:42:38,570

symmetrical it's the damndest thing and

835

00:42:44,839 --> 00:42:42,029

I have seen you know images of

836

00:42:50,689 --> 00:42:44,849

parts of the scan and there they are

837

00:42:54,589 --> 00:42:50,699

they're perfectly round and where one is

838

00:43:00,429 --> 00:42:54,599

on one side another one is on the other

839

00:43:04,299 --> 00:43:00,439

it's it's so blatant and it's so

840

00:43:08,779 --> 00:43:04,309

incontrovertible there is no possibility

841

00:43:13,999 --> 00:43:08,789

and let me be blunt here of fraud or any

842

00:43:16,219 --> 00:43:14,009

type of shenanigans also bear in mind I

843

00:43:20,179 --> 00:43:16,229

guess there are people in fact I know

844

00:43:23,959 --> 00:43:20,189

there are who because of their makeup or

845

00:43:28,809 --> 00:43:23,969

their needs or who knows what have a

846

00:43:32,959 --> 00:43:28,819

need for attention this is not the way

847

00:43:36,199 --> 00:43:32,969

most people would look for attention

848

00:43:40,099 --> 00:43:36,209

aside from these things you know if ket

849

00:43:44,299 --> 00:43:40,109

had not had these experiences she is a

850

00:43:46,789 --> 00:43:44,309

professional artist she is a citizen of

851
00:43:50,709 --> 00:43:46,799
Norway she has had many regulation life

852
00:43:54,159 --> 00:43:50,719
experiences this is not the way a

853
00:43:57,919 --> 00:43:54,169
well-balanced person would want to

854
00:44:00,289 --> 00:43:57,929
become well known and I do consider get

855
00:44:03,859 --> 00:44:00,299
a very well-balanced person this is just

856
00:44:06,609 --> 00:44:03,869
another aspect of her life and I think

857
00:44:11,269 --> 00:44:06,619
she handles it with a great deal of

858
00:44:14,209 --> 00:44:11,279
class and it's not you know um the

859
00:44:16,329 --> 00:44:14,219
obsessive yeah yeah you you understand

860
00:44:19,549 --> 00:44:16,339
yeah well let me ask you this Peter

861
00:44:22,759 --> 00:44:19,559
getting back to your work briefly with

862
00:44:25,339 --> 00:44:22,769
the bud and and when people rated it

863
00:44:28,159 --> 00:44:25,349

wasn't okay but people have been

864

00:44:30,679 --> 00:44:28,169

critical uh you know of hypnosis and

865

00:44:33,469 --> 00:44:30,689

then well you know all the other things

866

00:44:35,449 --> 00:44:33,479

is negative just everybody can you can

867

00:44:38,659 --> 00:44:35,459

bring out and that could that can be the

868

00:44:41,899 --> 00:44:38,669

case in some instances what would you

869

00:44:43,789 --> 00:44:41,909

would you say that I mean were there

870

00:44:46,279 --> 00:44:43,799

people that came in to see you and bud

871

00:44:48,769 --> 00:44:46,289

that you just eliminated automatically

872

00:44:51,409 --> 00:44:48,779

because they were not well grounded or

873

00:44:54,019 --> 00:44:51,419

you felt that their experiences might be

874

00:44:55,820 --> 00:44:54,029

of some other nature than a physical

875

00:45:01,730 --> 00:44:55,830

alien abduction

876

00:45:06,620 --> 00:45:01,740

certainly however they were very much in

877

00:45:10,480 --> 00:45:06,630

the minority also bud who was such a

878

00:45:13,460 --> 00:45:10,490

good investigator had he been a police

879

00:45:16,340 --> 00:45:13,470

detective God helped the criminal

880

00:45:19,520 --> 00:45:16,350

element his deductive reasoning his

881

00:45:21,710 --> 00:45:19,530

logic is not jumping to conclusions I

882

00:45:24,290 --> 00:45:21,720

thought were superb

883

00:45:28,700 --> 00:45:24,300

we established he established early on

884

00:45:31,550 --> 00:45:28,710

that while somebody might fake this kind

885

00:45:34,490 --> 00:45:31,560

of experience statistically over the

886

00:45:38,510 --> 00:45:34,500

years and decades we observed as well as

887

00:45:41,300 --> 00:45:38,520

we could in any kind of subjective way

888

00:45:46,430 --> 00:45:41,310

that it was extremely rare however at

889

00:45:50,240 --> 00:45:46,440

the same time we dealt with people who

890

00:45:52,060 --> 00:45:50,250

we were convinced and there was every

891

00:45:54,760 --> 00:45:52,070

kind of supporting evidence to back up

892

00:45:59,620 --> 00:45:54,770

had been the through these kind of

893

00:46:05,780 --> 00:45:59,630

experiences who were highly neurotic who

894

00:46:08,990 --> 00:46:05,790

were occasionally an alcoholics or you

895

00:46:11,630 --> 00:46:09,000

know had other life problems that

896

00:46:14,780 --> 00:46:11,640

represented statistically the general

897

00:46:17,270 --> 00:46:14,790

public at large but you know when you

898

00:46:21,320 --> 00:46:17,280

think about it I I remember several

899

00:46:24,050 --> 00:46:21,330

really pronounced cases and they again

900

00:46:27,500 --> 00:46:24,060

were in the minority one where an

901
00:46:30,770 --> 00:46:27,510
individual who this was they got a kick

902
00:46:32,750 --> 00:46:30,780
out of it their intention was fully to

903
00:46:34,100 --> 00:46:32,760
deceive and you know I'm going to have

904
00:46:35,870 --> 00:46:34,110
Peter I'm going to have to interrupt you

905
00:46:38,180 --> 00:46:35,880
here unfortunately because we are coming

906
00:46:39,470 --> 00:46:38,190
to our top of the hour break we very can

907
00:46:42,250 --> 00:46:39,480
do this we will continue this

908
00:46:45,010 --> 00:46:42,260
conversation with Peter and Kate on

909
00:46:55,650 --> 00:46:45,020
exploring the bizarre

910
00:46:55,660 --> 00:47:00,400
[Music]

911
00:47:08,839 --> 00:47:05,420

exploring the unexplained UFO ghost lost

915

00:47:24,289 --> 00:47:20,460

well cryptozoology as well as other

916

00:47:28,670 --> 00:47:24,299

dimensions it's time to take back the

917

00:47:31,970 --> 00:47:28,680

NASA night now you are electrifying

00:47:42,559 --> 00:47:39,990

glad you're back with us on exploring

921

00:47:45,529 --> 00:47:42,569

the bizarre I'm Tim Schwartz Tim Beckley

922

00:47:48,559 --> 00:47:45,539

is waiting in the wings in the darkness

923

00:47:53,870 --> 00:47:48,569

and the shadows waiting for his I paid

924

00:47:56,599 --> 00:47:53,880

my electric bill you know what be

925

00:47:58,759 --> 00:47:56,609

careful we tell people to go to the chat

926

00:48:01,849 --> 00:47:58,769

room but be careful because I think

927

00:48:03,829 --> 00:48:01,859

Peters in there now no no no I couldn't

928

00:48:06,349 --> 00:48:03,839

oh he's never been in our chat room

929

00:48:07,640 --> 00:48:06,359

before not that I have either so treat

930

00:48:09,950 --> 00:48:07,650

him with kindness

931

00:48:13,309 --> 00:48:09,960

rest easy America I didn't find my way

932

00:48:16,970 --> 00:48:13,319

in haha but to send them back to us

933

00:48:19,430 --> 00:48:16,980

would you you have finished whatever you

934

00:48:21,589 --> 00:48:19,440

care to be doing in the jet what goes on

935

00:48:26,599 --> 00:48:21,599

in the chat room well I'll wake you

936

00:48:29,120 --> 00:48:26,609

later to it to find out I guess Tim what

937

00:48:32,720 --> 00:48:29,130

what what say we I mean have you ever

938

00:48:35,690 --> 00:48:32,730

had abduction experience right as far as

939

00:48:37,700 --> 00:48:35,700

I know no I mean I I have not even you

940

00:48:40,400 --> 00:48:37,710

know I've seen a few lights in the sky

941

00:48:45,559 --> 00:48:40,410

but I unfortunately I have never

942

00:48:49,789 --> 00:48:45,569

actually even had a bonafide UFO

943

00:48:51,859 --> 00:48:49,799

sighting and and you know it's funny

944

00:48:53,660 --> 00:48:51,869

because I have gone out to locations you

945

00:48:57,499 --> 00:48:53,670

know with with groups you know where

946

00:48:59,630 --> 00:48:57,509

they they do UFO hunts and you're like

947

00:49:02,720 --> 00:48:59,640

oh this location you we see UFOs on time

948

00:49:04,519 --> 00:49:02,730

and I go out there with them and I I can

949

00:49:09,079 --> 00:49:04,529

always tell the you know because I've

950

00:49:12,200 --> 00:49:09,089

trained myself for these things that you

951
00:49:14,240 --> 00:49:12,210
know people are seeing satellites planes

952
00:49:16,130 --> 00:49:14,250
with their landing lights on

953
00:49:21,320 --> 00:49:16,140
that sort of thing and I'm never invited

954
00:49:24,830 --> 00:49:21,330
back again well I like you know yet when

955
00:49:27,080 --> 00:49:24,840
somebody like him Paul you know goes out

956
00:49:29,750 --> 00:49:27,090
she's then only seeing mysterious lights

957
00:49:33,020 --> 00:49:29,760
in the sky but Bigfoot is closing in on

958
00:49:34,940 --> 00:49:33,030
him I mean we've got these window areas

959
00:49:37,070 --> 00:49:34,950
now in certain parts of the country of

960
00:49:40,670 --> 00:49:37,080
course Pine Bush being a you know a very

961
00:49:44,780 --> 00:49:40,680
active area going back to the 1980s yeah

962
00:49:48,410 --> 00:49:44,790
we're all kinds of mishegoss was was you

963
00:49:50,300 --> 00:49:48,420

know taking a taking a place of in the

964

00:49:52,850 --> 00:49:50,310

in the country there I mean they had

965

00:49:55,280 --> 00:49:52,860

some while experiences I did you know

966

00:49:57,170 --> 00:49:55,290

Peter did you know Ellen Crystal I did

967

00:49:58,190 --> 00:49:57,180

she was a good friend I miss her Oh

968

00:50:02,560 --> 00:49:58,200

mm-hmm

969

00:50:08,840 --> 00:50:06,710

Steven Tyler mmm gosh you know from

970

00:50:11,240 --> 00:50:08,850

Aerosmith you know of course yeah yes

971

00:50:13,790 --> 00:50:11,250

and and you know how I know that she

972

00:50:15,950 --> 00:50:13,800

sent me a photograph of her and Steven

973

00:50:18,860 --> 00:50:15,960

Tyler together which I ran in UFO

974

00:50:23,060 --> 00:50:18,870

universe and I felt I had a terrible

975

00:50:28,040 --> 00:50:23,070

proofreader oh no miss Feld Steven

976

00:50:29,120 --> 00:50:28,050

Tyler's name in Harrisburg - no you

977

00:50:32,570 --> 00:50:29,130

missed your chance

978

00:50:35,780 --> 00:50:32,580

I did I did indeed but well you know

979

00:50:37,910 --> 00:50:35,790

that it is what it is we we partied with

980

00:50:40,760 --> 00:50:37,920

some of the greats of a rock and roll

981

00:50:43,820 --> 00:50:40,770

some of whom unfortunately are passing

982

00:50:45,500 --> 00:50:43,830

away now I did some where we're losing

983

00:50:49,130 --> 00:50:45,510

it you know like your band members are

984

00:50:53,120 --> 00:50:49,140

right and left here I suspect and it

985

00:50:55,940 --> 00:50:53,130

said it's very very sad yeah yeah uh we

986

00:50:58,910 --> 00:50:55,950

woke up we've got a question in our in

987

00:51:02,930 --> 00:50:58,920

the chat room but I think that before we

988

00:51:07,520 --> 00:51:02,940

ask that question I'd like to know from

989

00:51:08,120 --> 00:51:07,530

Kate about how she got the idea in the

990

00:51:12,770 --> 00:51:08,130

first place

991

00:51:14,630 --> 00:51:12,780

to to use magnets in you know I don't

992

00:51:17,030 --> 00:51:14,640

know you know in search of her implants

993

00:51:18,310 --> 00:51:17,040

or just on a whim or just exactly how

994

00:51:22,160 --> 00:51:18,320

that came about

995

00:51:24,020 --> 00:51:22,170

yeah it wasn't my idea actually over the

996

00:51:25,850 --> 00:51:24,030

years as I said I've been thinking that

997

00:51:26,660 --> 00:51:25,860

maybe have an implant maybe I don't but

998

00:51:30,140 --> 00:51:26,670

the it's how

999

00:51:32,750 --> 00:51:30,150

been so much in my mind actually but I

1000

00:51:36,530 --> 00:51:32,760

heard the mind seal Goldberg from Canada

1001
00:51:38,840 --> 00:51:36,540
he was working on a case there and they

1002
00:51:43,160 --> 00:51:38,850
were trying magnets on this person and

1003
00:51:44,960 --> 00:51:43,170
the magnet was sticking so he was the

1004
00:51:46,850 --> 00:51:44,970
one that was telling me why don't you

1005
00:51:48,980 --> 00:51:46,860
buy these magnets and try it on yourself

1006
00:51:51,610 --> 00:51:48,990
because I knew that I had this little

1007
00:51:54,920 --> 00:51:51,620
triangle shaped little thing on my neck

1008
00:51:58,670 --> 00:51:54,930
so I think okay why not try I can do

1009
00:52:01,040 --> 00:51:58,680
that so I was buying the magnets and one

1010
00:52:04,790 --> 00:52:01,050
thing is the thing that he maybe have

1011
00:52:07,280 --> 00:52:04,800
implants and then maybe it will stick to

1012
00:52:12,770 --> 00:52:07,290
the feeling that it actually is sticking

1013
00:52:15,800 --> 00:52:12,780

that's a big WOW so yeah and then it was

1014

00:52:17,720 --> 00:52:15,810

I had a friend over and he said your

1015

00:52:19,940 --> 00:52:17,730

nose has been closed all the time why

1016

00:52:23,420 --> 00:52:19,950

don't you try it on your nose too

1017

00:52:28,130 --> 00:52:23,430

just for fun and the Magnus was sticking

1018

00:52:30,590 --> 00:52:28,140

there too mmm so okay hmm then we have

1019

00:52:32,330 --> 00:52:30,600

to and then it was three so then we were

1020

00:52:34,940 --> 00:52:32,340

thinking okay why don't we take a little

1021

00:52:37,430 --> 00:52:34,950

research so we were going over my whole

1022

00:52:39,980 --> 00:52:37,440

body with the magnets and of course we

1023

00:52:43,190 --> 00:52:39,990

was prepared as we were preparing it for

1024

00:52:45,410 --> 00:52:43,200

it so I needed to be not flat not to

1025

00:52:48,770 --> 00:52:45,420

call just normal temperature as possible

1026
00:52:52,760 --> 00:52:48,780
and clean skin so it would not be oily

1027
00:52:55,880 --> 00:52:52,770
or anything so because yeah if it is

1028
00:53:00,200 --> 00:52:55,890
then it can easily stick and then we

1029
00:53:02,030 --> 00:53:00,210
found 25 places symmetrical place and if

1030
00:53:06,410 --> 00:53:02,040
you put the magnets just in a half

1031
00:53:11,290 --> 00:53:06,420
centimeter up outside from that point it

1032
00:53:14,210 --> 00:53:11,300
will fall off so yeah it was a big Wow

1033
00:53:17,110 --> 00:53:14,220
when I have bigger the magnets that you

1034
00:53:20,480 --> 00:53:17,120
use I mean with a magnet we talked about

1035
00:53:26,270 --> 00:53:20,490
let me see often I never remember the

1036
00:53:27,920 --> 00:53:26,280
name for it Neil dune dune Enuma no we

1037
00:53:30,080 --> 00:53:27,930
know that we we know them very well

1038
00:53:33,310 --> 00:53:30,090

yeah let me jump in here for a moment oh

1039

00:53:36,650 --> 00:53:33,320

there they're small I would say they're

1040

00:53:40,670 --> 00:53:36,660

you know at most half an inch across

1041

00:53:43,280 --> 00:53:40,680

fairly flat just small circular

1042

00:53:45,920 --> 00:53:43,290

flat magnets we've all we will have the

1043

00:53:48,760 --> 00:53:45,930

Sun on YouTube we will have photos so

1044

00:53:51,260 --> 00:53:48,770

there's like a rare-earth magnets I

1045

00:53:53,240 --> 00:53:51,270

don't know about that but well that's

1046

00:53:55,420 --> 00:53:53,250

that's that's that's the term for a

1047

00:53:57,440 --> 00:53:55,430

certain kind of your small powerful

1048

00:53:58,730 --> 00:53:57,450

magnet you can buy in like an Amazon

1049

00:54:01,280 --> 00:53:58,740

some like they're called like rare earth

1050

00:54:04,160 --> 00:54:01,290

magnets yeah okay well now Kate though

1051

00:54:05,599 --> 00:54:04,170

what why why do you think that I've

1052

00:54:07,609 --> 00:54:05,609

heard of stories and I've seen people

1053

00:54:09,410 --> 00:54:07,619

like on Ripley's Believe It or Not you

1054

00:54:11,900 --> 00:54:09,420

know you can you can put a spoon and

1055

00:54:13,010 --> 00:54:11,910

it'll stay on their chest or some other

1056

00:54:15,020 --> 00:54:13,020

you know they're like a human

1057

00:54:18,770 --> 00:54:15,030

refrigerator or something like that

1058

00:54:21,710 --> 00:54:18,780

where everything is six to them I mean

1059

00:54:23,870 --> 00:54:21,720

it does this do you think have something

1060

00:54:29,180 --> 00:54:23,880

to do with your your contacts or is it

1061

00:54:32,510 --> 00:54:29,190

just a peculiar gift that you have Ida

1062

00:54:34,280 --> 00:54:32,520

five I don't know for me it would be for

1063

00:54:36,680 --> 00:54:34,290

me it's natural to believe that they

1064

00:54:40,819 --> 00:54:36,690

yeah that they have a putting something

1065

00:54:42,559 --> 00:54:40,829

there or done something and but did the

1066

00:54:44,270 --> 00:54:42,569

same thing is that to the magnets they

1067

00:54:47,289 --> 00:54:44,280

are sticking on it looks like they are

1068

00:54:50,120 --> 00:54:47,299

following them married the arm system

1069

00:54:53,299 --> 00:54:50,130

of course we are not to finished with

1070

00:54:55,250 --> 00:54:53,309

this this case yet because there are

1071

00:54:58,549 --> 00:54:55,260

still a lot of questions that remains so

1072

00:55:00,770 --> 00:54:58,559

and I answer to the questions that I saw

1073

00:55:04,030 --> 00:55:00,780

in this chat room about the why medical

1074

00:55:08,809 --> 00:55:04,040

people haven't been taking looking at it

1075

00:55:11,089 --> 00:55:08,819

it is that since this are you four

1076

00:55:13,370 --> 00:55:11,099

related most of the medical people they

1077

00:55:15,410 --> 00:55:13,380

are afraid to touch it and those who

1078

00:55:19,609 --> 00:55:15,420

will touch it they will not leave their

1079

00:55:21,799 --> 00:55:19,619

names out there and we were seized my

1080

00:55:24,950 --> 00:55:21,809

friends in you follow right he has big

1081

00:55:26,539 --> 00:55:24,960

connections area in in Norway and he

1082

00:55:31,220 --> 00:55:26,549

knew this guy that was a chiropractor

1083

00:55:34,819 --> 00:55:31,230

and that he has his own x-rays machines

1084

00:55:36,650 --> 00:55:34,829

in that Center so I was coming in there

1085

00:55:38,329 --> 00:55:36,660

and they were not registrated me or

1086

00:55:40,250 --> 00:55:38,339

anything they're just getting me in

1087

00:55:44,359 --> 00:55:40,260

quick in and quick out taking the

1088

00:55:47,660 --> 00:55:44,369

pictures and giving me the CDs so they

1089

00:55:52,309 --> 00:55:47,670

wouldn't dare to go out with it if I can

1090

00:55:54,460 --> 00:55:52,319

jump in here first Tim remember that if

1091

00:55:57,790 --> 00:55:54,470

the magnets that Kate is referring

1092

00:56:01,240 --> 00:55:57,800

two are like half a centimeter off the

1093

00:56:04,420 --> 00:56:01,250

exact spot they won't stick there is

1094

00:56:07,960 --> 00:56:04,430

that one area also regarding medical

1095

00:56:11,080 --> 00:56:07,970

professionals and implants fear of

1096

00:56:14,080 --> 00:56:11,090

ridicule is endemic especially in fields

1097

00:56:16,089 --> 00:56:14,090

like that and it's still so strongly

1098

00:56:18,490 --> 00:56:16,099

ingrained that it can impugn your

1099

00:56:22,180 --> 00:56:18,500

reputation I mean we all know this it's

1100

00:56:24,910 --> 00:56:22,190

part of the culture however at the

1101
00:56:26,500 --> 00:56:24,920
height of working with bud which I did

1102
00:56:30,099 --> 00:56:26,510
on and off for about half of our

1103
00:56:34,510 --> 00:56:30,109
friendship of 35 years we had developed

1104
00:56:37,240 --> 00:56:34,520
a what we'd call a referral team of

1105
00:56:39,849 --> 00:56:37,250
nearly a hundred medical and mental

1106
00:56:43,060 --> 00:56:39,859
health professionals psychologist

1107
00:56:46,480 --> 00:56:43,070
psychiatric social workers nurses a

1108
00:56:51,130 --> 00:56:46,490
handful of actual psychiatrists every

1109
00:56:53,260 --> 00:56:51,140
different kind of therapist who very few

1110
00:56:55,359 --> 00:56:53,270
of them public about their interest in

1111
00:56:59,079 --> 00:56:55,369
the subject but quite a number of them

1112
00:57:01,000 --> 00:56:59,089
confiding to bud and he to me that the

1113
00:57:04,120 --> 00:57:01,010

reason they even got into the healing

1114

00:57:06,370 --> 00:57:04,130

arts was because they were abductees or

1115

00:57:08,829 --> 00:57:06,380

they were experiences and if it became

1116

00:57:10,930 --> 00:57:08,839

public they might lose their license to

1117

00:57:13,270 --> 00:57:10,940

practice in their states it's actually

1118

00:57:15,520 --> 00:57:13,280

that ferocious however there are

1119

00:57:18,310 --> 00:57:15,530

exceptions to the rule and one of them

1120

00:57:21,700 --> 00:57:18,320

whose names that you know Tim is the

1121

00:57:24,339 --> 00:57:21,710

late great dr. Roger Kay leer Oh luli

1122

00:57:28,060 --> 00:57:24,349

was a podiatric surgeon a foot

1123

00:57:31,089 --> 00:57:28,070

specialist Roger became involved in this

1124

00:57:33,670 --> 00:57:31,099

subject to such a degree that he

1125

00:57:36,579 --> 00:57:33,680

basically threw caution to the winds as

1126

00:57:38,320 --> 00:57:36,589

far as his public reputation went he and

1127

00:57:41,680 --> 00:57:38,330

he continued to do his professional work

1128

00:57:43,270 --> 00:57:41,690

superbly but he was a public person in

1129

00:57:46,089 --> 00:57:43,280

the work until we lost him about 10

1130

00:57:48,880 --> 00:57:46,099

years ago to cancer I considered Roger

1131

00:57:51,250 --> 00:57:48,890

to a dear friend and he wrote I think

1132

00:57:54,010 --> 00:57:51,260

two books the one that I'm looking at

1133

00:57:57,960 --> 00:57:54,020

right now I would recommend that anybody

1134

00:58:00,460 --> 00:57:57,970

with a serious interest in this subject

1135

00:58:02,620 --> 00:58:00,470

especially if you have a technical

1136

00:58:04,900 --> 00:58:02,630

background or are a medical or mental

1137

00:58:07,270 --> 00:58:04,910

health professional that you add to your

1138

00:58:08,870 --> 00:58:07,280

library it's called the aliens and the

1139

00:58:11,210 --> 00:58:08,880

scalpel

1140

00:58:14,830 --> 00:58:11,220

whitley strieber wrote a very fine

1141

00:58:18,800 --> 00:58:14,840

forward to it and it's absolutely

1142

00:58:23,480 --> 00:58:18,810

fascinating to approach and live this

1143

00:58:28,330 --> 00:58:23,490

subject through rogers courage curiosity

1144

00:58:31,070 --> 00:58:28,340

and as you might suspect he did remove

1145

00:58:35,180 --> 00:58:31,080

quite a number of them from people at

1146

00:58:36,950 --> 00:58:35,190

their request i saw some of them and we

1147

00:58:40,720 --> 00:58:36,960

have a member of the research community

1148

00:58:44,290 --> 00:58:40,730

Derrel Sims implants are his specialty

1149

00:58:48,200 --> 00:58:44,300

I've seen ever so many scans of them and

1150

00:58:50,720 --> 00:58:48,210

most of them not all most of them break

1151

00:58:53,510 --> 00:58:50,730

down into two different areas they're

1152

00:58:56,900 --> 00:58:53,520

either seemingly metallic based or

1153

00:59:00,650 --> 00:58:56,910

silicone base they're roundish like a BB

1154

00:59:03,470 --> 00:59:00,660

or more like a grain of rice one case

1155

00:59:06,710 --> 00:59:03,480

that Roger really broke through some

1156

00:59:09,109 --> 00:59:06,720

extraordinary information on revolved

1157

00:59:10,700 --> 00:59:09,119

around the question of everybody knows

1158

00:59:16,280 --> 00:59:10,710

you don't should be medical profession

1159

00:59:20,000 --> 00:59:16,290

professional if you have a an infection

1160

00:59:23,030 --> 00:59:20,010

if you have a splinter white blood cells

1161

00:59:26,960 --> 00:59:23,040

will recognize it immediately and rush

1162

00:59:30,890 --> 00:59:26,970

to the area and if it is an infection

1163

00:59:33,530 --> 00:59:30,900

there will be a fight there why is it

1164

00:59:37,690 --> 00:59:33,540

that with this whole history of implants

1165

00:59:40,550 --> 00:59:37,700

the body has always failed to recognize

1166

00:59:43,790 --> 00:59:40,560

that fact and that there's never a

1167

00:59:46,670 --> 00:59:43,800

crisis at the site of the implant itself

1168

00:59:48,859 --> 00:59:46,680

well what Roger did and and hearing him

1169

00:59:52,430 --> 00:59:48,869

talk about it in person was absolutely

1170

00:59:56,990 --> 00:59:52,440

galvanizing was established that there

1171

01:00:00,650 --> 00:59:57,000

was a very very extraordinarily thin

1172

01:00:02,870 --> 01:00:00,660

coating but it was so tough that he

1173

01:00:03,920 --> 01:00:02,880

couldn't cut it off with a surgical

1174

01:00:08,260 --> 01:00:03,930

scalpel

1175

01:00:11,930 --> 01:00:08,270

it literally acted as a stealth

1176

01:00:14,599 --> 01:00:11,940

protection the body never recognizes

1177

01:00:17,630 --> 01:00:14,609

that these things are there and that is

1178

01:00:19,760 --> 01:00:17,640

an absolute fact well documented by

1179

01:00:21,640 --> 01:00:19,770

Roger in this book a number of

1180

01:00:24,250 --> 01:00:21,650

scientific papers

1181

01:00:26,910 --> 01:00:24,260

there are no active medical

1182

01:00:31,390 --> 01:00:26,920

professionals right now who are fully

1183

01:00:34,059 --> 01:00:31,400

out or out there is public people who

1184

01:00:37,140 --> 01:00:34,069

have picked up the path that Roger

1185

01:00:40,269 --> 01:00:37,150

pioneered and they have my absolute

1186

01:00:42,690 --> 01:00:40,279

understanding and it's a damn shame that

1187

01:00:46,839 --> 01:00:42,700

we live in a culture where this is still

1188

01:00:49,269 --> 01:00:46,849

a level of potential ridicule that you

1189

01:00:51,370 --> 01:00:49,279

know for a layperson you can you know

1190

01:00:52,890 --> 01:00:51,380

have your friends make fun of you but if

1191

01:00:55,779 --> 01:00:52,900

you're a medical or mental mental

1192

01:00:58,960 --> 01:00:55,789

medical professionals or an astronomer

1193

01:01:00,730 --> 01:00:58,970

or what have you you can be hounded to

1194

01:01:03,789 --> 01:01:00,740

the point where you leave the work or

1195

01:01:06,160 --> 01:01:03,799

are forced out as a kook or a quack and

1196

01:01:08,799 --> 01:01:06,170

your colleagues will never check the

1197

01:01:11,440 --> 01:01:08,809

data because as Kate very correctly

1198

01:01:13,690 --> 01:01:11,450

pointed out why bother it's UFO stuff I

1199

01:01:15,730 --> 01:01:13,700

know it isn't real if it was we don't

1200

01:01:19,299 --> 01:01:15,740

know about it and that's the logic we're

1201
01:01:23,319 --> 01:01:19,309
still governed by mmm i found that also

1202
01:01:26,799 --> 01:01:23,329
too you know doing this a book that just

1203
01:01:29,680 --> 01:01:26,809
came out the matrix control system of

1204
01:01:33,279 --> 01:01:29,690
philip k dick he was pretty much

1205
01:01:37,569 --> 01:01:33,289
ostracized by members of the science

1206
01:01:40,140 --> 01:01:37,579
fiction community I made that okay but

1207
01:01:44,410 --> 01:01:40,150
you you left but you know why because

1208
01:01:48,640 --> 01:01:44,420
the higher-ups in the science fiction of

1209
01:01:52,269 --> 01:01:48,650
a field like as acai Sam often arthur c

1210
01:01:54,609 --> 01:01:52,279
clarke and a Ray Bradbury who never

1211
01:01:57,220 --> 01:01:54,619
investigated any of these cases in their

1212
01:02:00,370 --> 01:01:57,230
life would say oh you know there's

1213
01:02:02,440 --> 01:02:00,380

everything nothing to any of this you

1214

01:02:06,130 --> 01:02:02,450

know you will have to be an idiot to

1215

01:02:07,960 --> 01:02:06,140

believe it and of course the peons and

1216

01:02:11,200 --> 01:02:07,970

the masses who follow science fiction

1217

01:02:13,779 --> 01:02:11,210

who I have very little respect for would

1218

01:02:15,819 --> 01:02:13,789

say oh yes arthur c clarke yes arthur's

1219

01:02:18,730 --> 01:02:15,829

all isaac asimov know better than

1220

01:02:21,760 --> 01:02:18,740

anybody else in the damn world yeah well

1221

01:02:24,430 --> 01:02:21,770

no you know that what I need to take my

1222

01:02:26,890 --> 01:02:24,440

blood pressure medication now is red tip

1223

01:02:29,200 --> 01:02:26,900

you know that Ray Bradbury were actually

1224

01:02:31,990 --> 01:02:29,210

once said that he was convinced that

1225

01:02:34,000 --> 01:02:32,000

there was no such thing as UFOs because

1226

01:02:35,350 --> 01:02:34,010

if there were he said that somebody

1227

01:02:39,400 --> 01:02:35,360

would have told

1228

01:02:43,450 --> 01:02:39,410

him how about that well I'll add to that

1229

01:02:44,950 --> 01:02:43,460

Tim doing what I do and speaking fairly

1230

01:02:48,070 --> 01:02:44,960

regularly at conferences around the

1231

01:02:51,490 --> 01:02:48,080

country and sometimes abroad you would

1232

01:02:54,010 --> 01:02:51,500

think in kind of an open logical way

1233

01:02:56,650 --> 01:02:54,020

that people who are serious fans of

1234

01:02:58,330 --> 01:02:56,660

science fiction would at least be

1235

01:03:01,420 --> 01:02:58,340

open-minded enough to embrace these

1236

01:03:03,610 --> 01:03:01,430

possibilities or imagine if it's if it

1237

01:03:06,640 --> 01:03:03,620

is real I'm you know say I'm a Star Trek

1238

01:03:10,420 --> 01:03:06,650

geek or a Star Wars person or a Bradbury

1239

01:03:11,950 --> 01:03:10,430

fan or whatever that um Wow you know

1240

01:03:14,920 --> 01:03:11,960

there are these UFO books I want to look

1241

01:03:16,720 --> 01:03:14,930

at it the ridicule is just as strong and

1242

01:03:17,620 --> 01:03:16,730

in fact I had a very interesting

1243

01:03:21,570 --> 01:03:17,630

experience

1244

01:03:24,520 --> 01:03:21,580

just this past January as you guys know

1245

01:03:27,190 --> 01:03:24,530

Associate Producer of outstanding

1246

01:03:30,040 --> 01:03:27,200

documentary called Travis the true story

1247

01:03:32,530 --> 01:03:30,050

of Travis Walton and have done any

1248

01:03:35,530 --> 01:03:32,540

number of speaking dates with him and

1249

01:03:37,600 --> 01:03:35,540

screenings probably about 20 at this

1250

01:03:41,740 --> 01:03:37,610

point over the past year and a half the

1251

01:03:45,670 --> 01:03:41,750

film has been available in January we

1252

01:03:49,350 --> 01:03:45,680

were invited our brilliant executive

1253

01:03:52,000 --> 01:03:49,360

producer jennifer stein submitted the

1254

01:03:55,180 --> 01:03:52,010

documentary to the philip k dick film

1255

01:03:57,850 --> 01:03:55,190

festival in the u.s. city and we just

1256

01:04:01,420 --> 01:03:57,860

went to this year's event two weeks ago

1257

01:04:04,450 --> 01:04:01,430

yeah and we I don't we didn't cross

1258

01:04:07,240 --> 01:04:04,460

paths there but I was particularly

1259

01:04:10,390 --> 01:04:07,250

interested in seeing this audience's

1260

01:04:12,490 --> 01:04:10,400

reaction and I mean seeing it because

1261

01:04:15,670 --> 01:04:12,500

after it was over we did a Q&A and I was

1262

01:04:17,760 --> 01:04:15,680

looking at these faces and it was a

1263

01:04:21,310 --> 01:04:17,770

showstopper for a lot of these people

1264

01:04:25,090 --> 01:04:21,320

they I think for some of them it really

1265

01:04:27,910 --> 01:04:25,100

was a shock that this case is so well

1266

01:04:30,940 --> 01:04:27,920

documented that there's um you really

1267

01:04:32,920 --> 01:04:30,950

have to be in total denial to believe

1268

01:04:36,090 --> 01:04:32,930

that you know was made up or something

1269

01:04:39,520 --> 01:04:36,100

it the proof is incontrovertible and

1270

01:04:42,280 --> 01:04:39,530

they expressed a few of them that up

1271

01:04:44,680 --> 01:04:42,290

until that point it wasn't anything that

1272

01:04:47,530 --> 01:04:44,690

they took seriously I think in the same

1273

01:04:49,060 --> 01:04:47,540

way that I think if 3 percent of you

1274

01:04:51,700 --> 01:04:49,070

know dedicated American

1275

01:04:54,040 --> 01:04:51,710

I sports fans who you know go to the

1276

01:04:55,870 --> 01:04:54,050

games and buy the jerseys and are

1277

01:04:58,930 --> 01:04:55,880

involved in the world of their favorite

1278

01:05:00,880 --> 01:04:58,940

teams simply switch that intense

1279

01:05:03,400 --> 01:05:00,890

curiosity and passion to the world of

1280

01:05:05,920 --> 01:05:03,410

UFO studies it could be a tipping point

1281

01:05:08,590 --> 01:05:05,930

the same thing for the millions of

1282

01:05:12,430 --> 01:05:08,600

science fiction fans who are as

1283

01:05:15,160 --> 01:05:12,440

convinced as you know they're their

1284

01:05:16,870 --> 01:05:15,170

other counterparts that it can't be

1285

01:05:20,470 --> 01:05:16,880

therefore it isn't therefore it's not my

1286

01:05:22,180 --> 01:05:20,480

time worth my time and that's that's the

1287

01:05:24,580 --> 01:05:22,190

impasse at the moment for many people

1288

01:05:26,470 --> 01:05:24,590

well now you know this year's a event

1289

01:05:30,940 --> 01:05:26,480

and we had the organizer was on our show

1290

01:05:34,540 --> 01:05:30,950

up three weeks ago Club at Rockefeller

1291

01:05:37,470 --> 01:05:34,550

was one of the presenters there and one

1292

01:05:42,100 --> 01:05:37,480

of the main attractions was a short film

1293

01:05:44,890 --> 01:05:42,110

that was done about Ingo Swan III and

1294

01:05:47,980 --> 01:05:44,900

job Hieronymus was there and ah you know

1295

01:05:51,010 --> 01:05:47,990

some of the old gang so I found that

1296

01:05:53,980 --> 01:05:51,020

actually refreshing that this what this

1297

01:05:55,780 --> 01:05:53,990

group here did seem to well there

1298

01:05:57,610 --> 01:05:55,790

certainly is a crossover because if you

1299

01:06:00,700 --> 01:05:57,620

read my book and anything else on fella

1300

01:06:04,840 --> 01:06:00,710

a philip k dick you realize that he was

1301
01:06:07,090 --> 01:06:04,850
a way ahead of his time I made you know

1302
01:06:09,430 --> 01:06:07,100
physicists now we're talking about multi

1303
01:06:12,250 --> 01:06:09,440
year you know dimensional universes and

1304
01:06:15,010 --> 01:06:12,260
portals and string theories and all this

1305
01:06:17,920 --> 01:06:15,020
stuff and and he I don't know whether he

1306
01:06:21,790 --> 01:06:17,930
termed the coined the term but he used

1307
01:06:26,040 --> 01:06:21,800
the term the matrix back in 1977 you

1308
01:06:29,890 --> 01:06:26,050
know he was giving a presentation for a

1309
01:06:32,440 --> 01:06:29,900
science fiction convention in France and

1310
01:06:34,750 --> 01:06:32,450
he gave a press conference and at this

1311
01:06:37,810 --> 01:06:34,760
press conference he announced all the

1312
01:06:41,680 --> 01:06:37,820
weird things that it had happened to him

1313
01:06:44,620 --> 01:06:41,690

and you could see the absolutely stunned

1314

01:06:46,720 --> 01:06:44,630

and quizzical and bewildered looks of

1315

01:06:49,390 --> 01:06:46,730

the people in the audience just like you

1316

01:06:51,910 --> 01:06:49,400

described like you know what is this guy

1317

01:06:53,350 --> 01:06:51,920

on and of course he in the case of silk

1318

01:06:56,380 --> 01:06:53,360

a dick he might have been on a few

1319

01:06:59,950 --> 01:06:56,390

things but you know I synchronicities I

1320

01:07:02,470 --> 01:06:59,960

found out the Gateway to this damn UFO

1321

01:07:04,240 --> 01:07:02,480

and mera normal thing I mean I

1322

01:07:06,640 --> 01:07:04,250

know what the explanation is and I don't

1323

01:07:08,830 --> 01:07:06,650

know if there are if there's somebody up

1324

01:07:11,080 --> 01:07:08,840

in the control panel there that's using

1325

01:07:12,609 --> 01:07:11,090

a joystick or whether the kids come on

1326

01:07:15,670 --> 01:07:12,619

at four o'clock in the afternoon you

1327

01:07:18,790 --> 01:07:15,680

know at the inn and wherever they are

1328

01:07:20,440 --> 01:07:18,800

and take control of it and and then the

1329

01:07:22,270 --> 01:07:20,450

parents find out two hours later and

1330

01:07:25,599 --> 01:07:22,280

take the stick I don't know it's a or

1331

01:07:28,180 --> 01:07:25,609

maybe it was all program a million years

1332

01:07:31,270 --> 01:07:28,190

ago at the beginning of creation and

1333

01:07:34,090 --> 01:07:31,280

they went away I mean that's kind of

1334

01:07:37,090 --> 01:07:34,100

this what I kind of subscribe to is that

1335

01:07:39,099 --> 01:07:37,100

we're here and we got to take care of

1336

01:07:41,560 --> 01:07:39,109

ourselves man because it doesn't look

1337

01:07:43,240 --> 01:07:41,570

like anybody else you know I mean even

1338

01:07:44,770 --> 01:07:43,250

the space brothers they talk about you

1339

01:07:47,950 --> 01:07:44,780

know enlightenment and the coming here

1340

01:07:50,050 --> 01:07:47,960

to help us and all and I don't see too

1341

01:07:52,750 --> 01:07:50,060

many you know amputee they haven't put

1342

01:07:55,950 --> 01:07:52,760

any money in my pocket for sure they

1343

01:07:59,410 --> 01:07:55,960

don't put food on the the the table and

1344

01:08:03,130 --> 01:07:59,420

I have a million I haven't I haven't had

1345

01:08:06,099 --> 01:08:03,140

the opportunity into it meets them

1346

01:08:08,340 --> 01:08:06,109

Jossie so I mean one of my you know what

1347

01:08:10,750 --> 01:08:08,350

what am i what am i doing all this for

1348

01:08:15,970 --> 01:08:10,760

accepted every Thursday night we come

1349

01:08:18,220 --> 01:08:15,980

into the k g:k do our a studio here in

1350

01:08:21,010 --> 01:08:18,230

las vegas well I'm not in Las Vegas but

1351

01:08:23,349 --> 01:08:21,020

instead around we chat about this but

1352

01:08:26,260 --> 01:08:23,359

enough about that I'm just let's see

1353

01:08:28,450 --> 01:08:26,270

we've got a break coming up in in two

1354

01:08:31,150 --> 01:08:28,460

seconds here and then we minute

1355

01:08:34,210 --> 01:08:31,160

minutes and then we will be back with

1356

01:08:36,579 --> 01:08:34,220

the last segment of the show and more

1357

01:08:40,269 --> 01:08:36,589

questions are forthcoming to Peter and

1358

01:08:42,970 --> 01:08:40,279

to Kate and maybe we'll even throw a few

1359

01:08:46,329 --> 01:08:42,980

out to Tim Schwartz who is anxious to

1360

01:08:49,660 --> 01:08:46,339

answer all the questions that we have

1361

01:08:51,099 --> 01:08:49,670

before us this evening and we've got

1362

01:08:53,800 --> 01:08:51,109

some great shows coming up in the future

1363

01:08:57,400 --> 01:08:53,810

as well and don't forget you can find us

1364

01:09:00,970 --> 01:08:57,410

on youtube at mr. UF o--'s secret files

1365

01:09:02,829 --> 01:09:00,980

and we're now on stitcher iTunes and

1366

01:09:06,519 --> 01:09:02,839

Google Play and I don't know how to get

1367

01:09:08,050 --> 01:09:06,529

to any of them but who's you just have a

1368

01:09:11,650 --> 01:09:08,060

great time you can listen now with all

1369

01:09:14,950 --> 01:09:11,660

six years and go that's that's all that

1370

01:09:16,499 --> 01:09:14,960

possibly matters and on YouTube we will

1371

01:09:18,570 --> 01:09:16,509

see Kate with her man

1372

01:09:21,720 --> 01:09:18,580

and that's something we're looking

1373

01:09:24,210 --> 01:09:21,730

forward to doing and we will be right

1374

01:09:27,680 --> 01:09:24,220

back I think Tim in in just a few

1375

01:09:40,890 --> 01:09:27,690

minutes with the concluding episode of

1376

01:09:43,740 --> 01:09:40,900

exploring the Azhar now back to its low

1377

01:09:45,510 --> 01:09:43,750

in the bazaar with two of the most

1378

01:09:49,019 --> 01:09:45,520

intact refining researchers were

1379

01:09:55,110 --> 01:09:49,029

paranoid your hosts Timothy evacuate

1380

01:09:56,930 --> 01:09:55,120

Anton Schwartz walk about to exploring

1381

01:10:00,510 --> 01:09:56,940

the bazaar here we are Tim once again

1382

01:10:03,360 --> 01:10:00,520

just less than a half-hour left on the

1383

01:10:04,770 --> 01:10:03,370

show and I should note that we've been

1384

01:10:06,930 --> 01:10:04,780

getting a lot of questions in our chat

1385

01:10:10,790 --> 01:10:06,940

room and Kate has been nice enough to go

1386

01:10:12,750 --> 01:10:10,800

over there and has been chatting up and

1387

01:10:15,600 --> 01:10:12,760

answering some of these questions but I

1388

01:10:19,290 --> 01:10:15,610

want to ask Kate just a couple of these

1389

01:10:21,720 --> 01:10:19,300

questions on air so that our listeners

1390

01:10:24,270 --> 01:10:21,730

can hear this as well and one of them

1391

01:10:26,460 --> 01:10:24,280

from Jeremy Jeremy asked us Kate have

1392

01:10:28,350 --> 01:10:26,470

kids and if so have they had any

1393

01:10:31,020 --> 01:10:28,360

experiences sightings abductions

1394

01:10:33,240 --> 01:10:31,030

wondering if they will follow family

1395

01:10:35,070 --> 01:10:33,250

lines well and not just not just kids I

1396

01:10:37,470 --> 01:10:35,080

guess but I mean you know any other

1397

01:10:39,630 --> 01:10:37,480

members of your family Kate you know

1398

01:10:43,170 --> 01:10:39,640

parents grandparents cousins that sort

1399

01:10:45,840 --> 01:10:43,180

of thing yeah actually my grandfather's

1400

01:10:48,930 --> 01:10:45,850

here you never met them but he saw the

1401

01:10:50,940 --> 01:10:48,940

spaceship over domin and the place where

1402

01:10:53,780 --> 01:10:50,950

they were living many many many years

1403

01:10:56,520 --> 01:10:53,790

ago and my mother she has also seen them

1404

01:11:01,080 --> 01:10:56,530

so yeah you can say it runs to the

1405

01:11:03,930 --> 01:11:01,090

family well we've heard that before

1406

01:11:06,000 --> 01:11:03,940

heavily Peter where there seems to be a

1407

01:11:09,030 --> 01:11:06,010

generational thing when it comes to the

1408

01:11:11,910 --> 01:11:09,040

account of context you know Tim back

1409

01:11:15,360 --> 01:11:11,920

when serious investigation into the

1410

01:11:17,820 --> 01:11:15,370

so-called abduction phenomena began and

1411

01:11:22,950 --> 01:11:17,830

that would have been in the late 1970s

1412

01:11:25,320 --> 01:11:22,960

the world of UFO studies was composed

1413

01:11:30,040 --> 01:11:25,330

almost entirely of middle aged geeky

1414

01:11:33,160 --> 01:11:30,050

guys and I understand the

1415

01:11:36,729 --> 01:11:33,170

at the fear of ridicule was such that

1416

01:11:39,549 --> 01:11:36,739

you want to seem as on loopy as possible

1417

01:11:43,060 --> 01:11:39,559

and there was good cause to keep the

1418

01:11:45,970 --> 01:11:43,070

study essentially combined to radar

1419

01:11:50,609 --> 01:11:45,980

returns you know analysis of alleged

1420

01:11:53,740 --> 01:11:50,619

landing sites charting statistics as

1421

01:11:56,399 --> 01:11:53,750

David Jacob said at one point the focus

1422

01:11:59,530 --> 01:11:56,409

was on the cars and not the drivers and

1423

01:12:02,649 --> 01:11:59,540

the first understandable theoretical

1424

01:12:03,819 --> 01:12:02,659

ideas around abduction was that the odds

1425

01:12:07,209 --> 01:12:03,829

against it

1426
01:12:08,799 --> 01:12:07,219
were so extreme that it was like getting

1427
01:12:11,410 --> 01:12:08,809
hit by lightning and if it had to happen

1428
01:12:12,280 --> 01:12:11,420
to you once overwhelming odds it would

1429
01:12:15,459 --> 01:12:12,290
never happen again

1430
01:12:16,089 --> 01:12:15,469
what not what we believe not what we

1431
01:12:19,149 --> 01:12:16,099
think

1432
01:12:22,750 --> 01:12:19,159
but the statistical data has borne out

1433
01:12:25,209 --> 01:12:22,760
just the opposite namely if it has

1434
01:12:27,310 --> 01:12:25,219
happened to you the likelihood is

1435
01:12:29,549 --> 01:12:27,320
overwhelming that it has been happening

1436
01:12:34,120 --> 01:12:29,559
to you on and off with whatever

1437
01:12:38,589 --> 01:12:34,130
irregular irregular timing since you

1438
01:12:41,560 --> 01:12:38,599

were very young like ket and that it

1439

01:12:44,799 --> 01:12:41,570

does run in families they're literally

1440

01:12:49,229 --> 01:12:44,809

following bloodlines this was very

1441

01:12:52,629 --> 01:12:49,239

unnerving to me when I first began to

1442

01:12:56,500 --> 01:12:52,639

see the actual statistical data and talk

1443

01:12:59,200 --> 01:12:56,510

in some cases I remember and always will

1444

01:13:01,810 --> 01:12:59,210

meetings and conversations at times with

1445

01:13:04,839 --> 01:13:01,820

three generations in the same family

1446

01:13:08,729 --> 01:13:04,849

when I was working with bud

1447

01:13:12,490 --> 01:13:08,739

all of whom supported each other I I

1448

01:13:16,270 --> 01:13:12,500

deal with people now where the children

1449

01:13:19,569 --> 01:13:16,280

and one parent almost overwhelmingly one

1450

01:13:23,439 --> 01:13:19,579

rather than both have this happened and

1451

01:13:26,859 --> 01:13:23,449

it causes a particular bond sometimes it

1452

01:13:30,250 --> 01:13:26,869

can put great stress on families or on

1453

01:13:33,010 --> 01:13:30,260

siblings or on a husband and wife for

1454

01:13:36,510 --> 01:13:33,020

all the reasons that as human beings we

1455

01:13:41,229 --> 01:13:36,520

can understand but the fact that kids

1456

01:13:45,310 --> 01:13:41,239

grandfather and mother have an awareness

1457

01:13:50,620 --> 01:13:45,320

and at least sighting experiences is is

1458

01:13:54,040 --> 01:13:50,630

completely unsurprising to me well what

1459

01:13:57,970 --> 01:13:54,050

about now Jeremy in the chatroom

1460

01:14:01,600 --> 01:13:57,980

beginners ask are there any scars near

1461

01:14:03,339 --> 01:14:01,610

of the implants that the that you

1462

01:14:06,040 --> 01:14:03,349

discovered there with you Magus is there

1463

01:14:08,319 --> 01:14:06,050

any anything on the surface of your skin

1464

01:14:10,479 --> 01:14:08,329

that you know indicates that something

1465

01:14:13,270 --> 01:14:10,489

has happened there nothing nothing at

1466

01:14:15,250 --> 01:14:13,280

all I'm like a building here if the

1467

01:14:16,959 --> 01:14:15,260

water in this card okay of course and I

1468

01:14:18,939 --> 01:14:16,969

can just look for the scars and Dania

1469

01:14:21,729 --> 01:14:18,949

instead of searching the whole body with

1470

01:14:24,069 --> 01:14:21,739

magnets and let me add here that in

1471

01:14:26,770 --> 01:14:24,079

every legitimate case that I have ever

1472

01:14:29,200 --> 01:14:26,780

investigated that I'm aware that bud or

1473

01:14:33,640 --> 01:14:29,210

other leading researchers and certainly

1474

01:14:36,330 --> 01:14:33,650

dr. Leir there never are when M these

1475

01:14:39,310 --> 01:14:36,340

implants are close to the surface one

1476

01:14:41,740 --> 01:14:39,320

logically would only deduce that it

1477

01:14:44,709 --> 01:14:41,750

subcutaneously introduce to a small slit

1478

01:14:47,470 --> 01:14:44,719

or something if that's the case I mean

1479

01:14:49,390 --> 01:14:47,480

how we're stuck with our own reality how

1480

01:14:52,089 --> 01:14:49,400

they get in there is part of the mystery

1481

01:14:55,450 --> 01:14:52,099

as far as I'm concerned there should be

1482

01:14:59,229 --> 01:14:55,460

something discernible perhaps there have

1483

01:15:02,290 --> 01:14:59,239

the technology to make that opening put

1484

01:15:04,359 --> 01:15:02,300

it in and then completely erase it with

1485

01:15:07,120 --> 01:15:04,369

advanced medical technology or what have

1486

01:15:11,140 --> 01:15:07,130

you I remember one of the most memorable

1487

01:15:14,100 --> 01:15:11,150

ones I ever saw was from an individual

1488

01:15:19,959 --> 01:15:14,110

that bud had been working with who had a

1489

01:15:23,979 --> 01:15:19,969

round BB sized foreign object in their

1490

01:15:25,390 --> 01:15:23,989

brain I don't remember what part of the

1491

01:15:28,899 --> 01:15:25,400

skull but I remember it was about an

1492

01:15:31,870 --> 01:15:28,909

inch in and it was completely round it

1493

01:15:34,660 --> 01:15:31,880

was anomalous it was metallic there's no

1494

01:15:37,030 --> 01:15:34,670

way that we can ever figure how it got

1495

01:15:38,680 --> 01:15:37,040

there it didn't seem to be recognized as

1496

01:15:41,799 --> 01:15:38,690

a problem for the brain it was just

1497

01:15:44,020 --> 01:15:41,809

there but that is part of the mystery

1498

01:15:46,030 --> 01:15:44,030

and part of the reality of these

1499

01:15:46,930 --> 01:15:46,040

incredibly fascinating and sometimes

1500

01:15:49,569 --> 01:15:46,940

unnerving

1501
01:15:53,430 --> 01:15:49,579
bits of technology well you know the

1502
01:15:56,880 --> 01:15:53,440
thing that occurs to me is that

1503
01:15:59,600 --> 01:15:56,890
with having these objects embedded in

1504
01:16:01,740 --> 01:15:59,610
your body and they are obviously

1505
01:16:04,620 --> 01:16:01,750
metallic at least far as we know because

1506
01:16:08,010 --> 01:16:04,630
they were silicon based well but they

1507
01:16:09,540 --> 01:16:08,020
attract a magnet now Satan's does yeah

1508
01:16:12,540 --> 01:16:09,550
Kate is right okay

1509
01:16:14,430 --> 01:16:12,550
no no but with with Kate she's going to

1510
01:16:20,990 --> 01:16:14,440
have to be you know cautious throughout

1511
01:16:25,380 --> 01:16:21,000
her life to avoid any MRI procedures

1512
01:16:28,560 --> 01:16:25,390
because you know these magnetic magnetic

1513
01:16:30,420 --> 01:16:28,570

resonance imaging systems are so

1514

01:16:33,750 --> 01:16:30,430

powerful that even after they're turned

1515

01:16:36,420 --> 01:16:33,760

off they're still highly magnetic I know

1516

01:16:38,700 --> 01:16:36,430

one time I was I was in a hospital when

1517

01:16:42,270 --> 01:16:38,710

I worked in television and I was

1518

01:16:44,970 --> 01:16:42,280

videotaping a new MRI device it had been

1519

01:16:46,380 --> 01:16:44,980

brought in and I was in a separate room

1520

01:16:47,910 --> 01:16:46,390

shooting through the window and this

1521

01:16:52,410 --> 01:16:47,920

device when it was turned on was so

1522

01:16:55,080 --> 01:16:52,420

powerful it was actually for whatever

1523

01:16:57,510 --> 01:16:55,090

better word it was sucking the image out

1524

01:16:59,190 --> 01:16:57,520

of my viewfinder towards it because I

1525

01:17:02,220 --> 01:16:59,200

because I could see I mean in that

1526

01:17:03,930 --> 01:17:02,230

direction my image you know it looked

1527

01:17:08,310 --> 01:17:03,940

like it was actually going down a drain

1528

01:17:10,620 --> 01:17:08,320

towards that machine so good you know I

1529

01:17:13,560 --> 01:17:10,630

just want to ask it the Kate how about

1530

01:17:16,560 --> 01:17:13,570

when you go through the airport I mean

1531

01:17:20,040 --> 01:17:16,570

do you register a video do you go off

1532

01:17:22,500 --> 01:17:20,050

like a ticking time bomb you have no

1533

01:17:25,080 --> 01:17:22,510

idea how many times how are getting that

1534

01:17:27,150 --> 01:17:25,090

question know there I'm just like

1535

01:17:31,050 --> 01:17:27,160

everyone else when I'm going through the

1536

01:17:33,120 --> 01:17:31,060

through the scan if one of the things

1537

01:17:34,710 --> 01:17:33,130

that yes arresting though no one of the

1538

01:17:39,120 --> 01:17:34,720

bank no that is but I like this not me

1539

01:17:40,860 --> 01:17:39,130

every time though maybe I don't yeah

1540

01:17:43,050 --> 01:17:40,870

hey I didn't steal this question from

1541

01:17:44,640 --> 01:17:43,060

Kathy she Skype wanted to know the same

1542

01:17:47,490 --> 01:17:44,650

thing they just asked I didn't even I

1543

01:17:50,430 --> 01:17:47,500

didn't even see that the there but that

1544

01:17:53,550 --> 01:17:50,440

also we have Ryan on skype everybody's

1545

01:17:55,590 --> 01:17:53,560

on skype tonight Ryan wants to know Kate

1546

01:18:00,720 --> 01:17:55,600

have you had any men in black

1547

01:18:05,040 --> 01:18:00,730

experiences no never know who we have

1548

01:18:06,050 --> 01:18:05,050

all right guys I even think that men in

1549

01:18:08,740 --> 01:18:06,060

black men

1550

01:18:12,230 --> 01:18:08,750

black dresses can look nice not know

1551

01:18:18,530 --> 01:18:12,240

nothing nothing that's why I met in any

1552

01:18:20,000 --> 01:18:18,540

other color outfits oh man and Jeremy I

1553

01:18:22,280 --> 01:18:20,010

don't know did we ask this one Tim

1554

01:18:24,770 --> 01:18:22,290

Jeremy wants to know are there any scars

1555

01:18:29,960 --> 01:18:24,780

near the implants yeah we have fat one

1556

01:18:31,280 --> 01:18:29,970

we did okay we're done I remember

1557

01:18:33,980 --> 01:18:31,290

talking with minam black maybe two

1558

01:18:36,410 --> 01:18:33,990

possibly trying to said so now going

1559

01:18:39,560 --> 01:18:36,420

through the airport that's what the mmm

1560

01:18:42,170 --> 01:18:39,570

we do have again a mystery on a mystery

1561

01:18:45,590 --> 01:18:42,180

here it has not been fully established

1562

01:18:48,650 --> 01:18:45,600

that these things are metallic in the

1563

01:18:51,980 --> 01:18:48,660

way we understand it and yet those small

1564

01:18:54,470 --> 01:18:51,990

magnets stick to those spots and only

1565

01:18:56,030 --> 01:18:54,480

those spots I have seen it you move it

1566

01:18:58,850 --> 01:18:56,040

off half a centimeter one way or the

1567

01:19:00,650 --> 01:18:58,860

other and it falls off I don't

1568

01:19:05,330 --> 01:19:00,660

understand it

1569

01:19:07,580 --> 01:19:05,340

and when kate who can answer for herself

1570

01:19:08,990 --> 01:19:07,590

of course has been asked you know don't

1571

01:19:12,140 --> 01:19:09,000

you want to take one out at least and

1572

01:19:15,290 --> 01:19:12,150

have it examined or something if it

1573

01:19:17,540 --> 01:19:15,300

ain't broken don't fix it yeah that's

1574

01:19:21,200 --> 01:19:17,550

for sure why don't with that they are I

1575

01:19:23,930 --> 01:19:21,210

didn't know I never never go and never

1576
01:19:27,410 --> 01:19:23,940
go to a anybody who's going to remove

1577
01:19:29,390 --> 01:19:27,420
anything from your body if you don't it

1578
01:19:31,520 --> 01:19:29,400
isn't gonna it isn't going to do any

1579
01:19:34,310 --> 01:19:31,530
damn good as you probably we'll know

1580
01:19:35,750 --> 01:19:34,320
there Peter I mean that's yeah for

1581
01:19:37,490 --> 01:19:35,760
performing I think that they did there

1582
01:19:39,530 --> 01:19:37,500
they've been putting there they are

1583
01:19:43,010 --> 01:19:39,540
there for a reason and since they are

1584
01:19:45,050 --> 01:19:43,020
symmetrical placed then I'm now I'm not

1585
01:19:47,600 --> 01:19:45,060
feeling like I don't want to move them

1586
01:19:51,050 --> 01:19:47,610
of corner of course if I find someone

1587
01:19:52,880 --> 01:19:51,060
that are not symmetrical place them mmm

1588
01:19:57,230 --> 01:19:52,890

then the questions kind of come up again

1589

01:20:00,290 --> 01:19:57,240

in fact how many how many do you have it

1590

01:20:02,840 --> 01:20:00,300

was 25 but when the right before I was

1591

01:20:07,910 --> 01:20:02,850

going over to the US that is fine for

1592

01:20:12,500 --> 01:20:07,920

more so it's actually hmm yeah 28 no

1593

01:20:15,140 --> 01:20:12,510

yeah so then 39 are yeah my card is all

1594

01:20:17,720 --> 01:20:15,150

a bit sad sadly this morning it sucks

1595

01:20:19,760 --> 01:20:17,730

very early in my place so how about in

1596

01:20:23,690 --> 01:20:19,770

the morning if I can only have any

1597

01:20:28,220 --> 01:20:23,700

have them disappeared for me it looks

1598

01:20:30,950 --> 01:20:28,230

like that since not this 25 they have

1599

01:20:33,920 --> 01:20:30,960

been active for a year but now when we

1600

01:20:36,140 --> 01:20:33,930

are trying to put them all again because

1601
01:20:38,000 --> 01:20:36,150
we are going to take new pictures then

1602
01:20:40,700 --> 01:20:38,010
suddenly what some of them they were not

1603
01:20:44,750 --> 01:20:40,710
active anymore but then it that was

1604
01:20:46,550 --> 01:20:44,760
because sorry Manglish at that point

1605
01:20:48,350 --> 01:20:46,560
that we were started look again look

1606
01:20:50,840 --> 01:20:48,360
around all the new areas and then you

1607
01:20:53,990 --> 01:20:50,850
find the four more that hasn't been

1608
01:20:56,870 --> 01:20:54,000
responding before so it looks like that

1609
01:20:58,880 --> 01:20:56,880
they are someone are active for a

1610
01:21:02,360 --> 01:20:58,890
certain time then they are disconnected

1611
01:21:04,820 --> 01:21:02,370
and then some you areas are active so

1612
01:21:05,660 --> 01:21:04,830
now when you say active what exactly do

1613
01:21:08,210 --> 01:21:05,670

you mean by that

1614

01:21:11,860 --> 01:21:08,220

then magnets are sticking to them just

1615

01:21:15,800 --> 01:21:11,870

add magnetizing now is there any other

1616

01:21:17,630 --> 01:21:15,810

outward signs what about what's the word

1617

01:21:22,220 --> 01:21:17,640

that I'm looking for here any outward

1618

01:21:25,190 --> 01:21:22,230

signs of these implants being in your

1619

01:21:30,860 --> 01:21:25,200

but do they react it to anything else

1620

01:21:35,990 --> 01:21:30,870

besides magnets no they don't and if I

1621

01:21:41,500 --> 01:21:36,000

can jump in here the fact that this is

1622

01:21:45,560 --> 01:21:41,510

not unique to get case that upon

1623

01:21:50,320 --> 01:21:45,570

re-examination one of these things seems

1624

01:21:52,670 --> 01:21:50,330

to have a company now or that it is gone

1625

01:21:55,160 --> 01:21:52,680

perhaps certainly one of the best known

1626

01:22:00,740 --> 01:21:55,170

instances of this and it's a case I'm

1627

01:22:04,730 --> 01:22:00,750

very well informed of is the so-called

1628

01:22:09,560 --> 01:22:04,740

Brooklyn Bridge UFO abductions and a

1629

01:22:11,780 --> 01:22:09,570

woman named Linda Cortile a remarkably

1630

01:22:14,840 --> 01:22:11,790

well documented and absolutely

1631

01:22:18,290 --> 01:22:14,850

jaw-dropping case that took up six years

1632

01:22:21,280 --> 01:22:18,300

of Budd Hopkins time with me I'm proud

1633

01:22:27,410 --> 01:22:21,290

to say doing some of the legwork and

1634

01:22:29,900 --> 01:22:27,420

Linda had an implant way up in her sinus

1635

01:22:32,900 --> 01:22:29,910

cavity in fact probably about the same

1636

01:22:37,040 --> 01:22:32,910

location that my sister Helen had urged

1637

01:22:38,930 --> 01:22:37,050

Linda Hadoop has a cousin who and I'm

1638

01:22:42,670 --> 01:22:38,940

this is all published I'm not talking

1639

01:22:48,010 --> 01:22:42,680

out of school here who did

1640

01:22:51,290 --> 01:22:48,020

radiology work and didn't take Linda's

1641

01:22:54,950 --> 01:22:51,300

situation terribly seriously but as a

1642

01:22:59,510 --> 01:22:54,960

cousin agreed after hours that she could

1643

01:23:02,540 --> 01:22:59,520

come in and she would do an x-ray well I

1644

01:23:04,880 --> 01:23:02,550

one of my few regrets about the book

1645

01:23:10,490 --> 01:23:04,890

witnessed is the reproduction of that

1646

01:23:13,820 --> 01:23:10,500

x-ray in the book fails to capture its

1647

01:23:15,950 --> 01:23:13,830

detail it was unlike any implant I've

1648

01:23:17,660 --> 01:23:15,960

ever seen have been aware of it almost

1649

01:23:19,460 --> 01:23:17,670

looked like it had a mechanics to it

1650

01:23:24,590 --> 01:23:19,470

almost a little watch spring coming off

1651
01:23:29,300 --> 01:23:24,600
of it and Linda's cousin was so upset I

1652
01:23:32,060 --> 01:23:29,310
I'm sure it was quite mind-blowing for

1653
01:23:34,460 --> 01:23:32,070
her that it really hurt their

1654
01:23:36,830 --> 01:23:34,470
relationship after that Linda

1655
01:23:40,640 --> 01:23:36,840
immediately decided to have it removed

1656
01:23:42,950 --> 01:23:40,650
and the morning of that very local

1657
01:23:46,070 --> 01:23:42,960
surgery she got up a little blood on the

1658
01:23:48,440 --> 01:23:46,080
pillow it was gone it was gone and it

1659
01:23:50,540 --> 01:23:48,450
wasn't sneezed out or something it was

1660
01:23:52,520 --> 01:23:50,550
simply gone it had been removed that

1661
01:23:55,070 --> 01:23:52,530
night and once again it's an

1662
01:23:58,070 --> 01:23:55,080
uncomfortable fact that we are stuck

1663
01:24:01,250 --> 01:23:58,080

with relative to the story now

1664

01:24:04,580 --> 01:24:01,260

concerning the the placements of these

1665

01:24:07,510 --> 01:24:04,590

things on you Kate I mean do they follow

1666

01:24:11,810 --> 01:24:07,520

any of the you know like traditional

1667

01:24:16,790 --> 01:24:11,820

medium point you know Chi Chi lines that

1668

01:24:19,850 --> 01:24:16,800

sort of thing ah now I not my English is

1669

01:24:22,580 --> 01:24:19,860

stopping me I don't have nonsense the

1670

01:24:27,500 --> 01:24:22,590

the energy meridians that run through

1671

01:24:32,120 --> 01:24:27,510

the body that are taken advantage of and

1672

01:24:36,670 --> 01:24:32,130

understood by the ancient procedure of

1673

01:24:40,310 --> 01:24:36,680

acupuncture which properly handled is

1674

01:24:42,620 --> 01:24:40,320

remarkably effective or the more

1675

01:24:45,350 --> 01:24:42,630

mystical understanding of energy current

1676
01:24:46,260 --> 01:24:45,360
through the body from what I've observed

1677
01:24:51,330 --> 01:24:46,270
there

1678
01:24:53,910 --> 01:24:51,340
early in line with those aspects they

1679
01:24:56,070 --> 01:24:53,920
have they appear in different parts of

1680
01:24:57,450 --> 01:24:56,080
different people's bodies and as we're

1681
01:25:00,350 --> 01:24:57,460
coming in toward the end of the show

1682
01:25:02,760 --> 01:25:00,360
after 40 years of research of

1683
01:25:04,740 --> 01:25:02,770
investigation on and off into the

1684
01:25:07,200 --> 01:25:04,750
general phenomena and this aspect in

1685
01:25:09,990 --> 01:25:07,210
particular which is where I began and

1686
01:25:12,120 --> 01:25:10,000
where my deepest interest continues sly

1687
01:25:15,300 --> 01:25:12,130
because it involves the lives of real

1688
01:25:18,630 --> 01:25:15,310

people otherwise living regulation lives

1689

01:25:23,310 --> 01:25:18,640

is there's only a limited number of

1690

01:25:28,800 --> 01:25:23,320

possible explanations for what these

1691

01:25:32,040 --> 01:25:28,810

things are therefore one could logically

1692

01:25:35,820 --> 01:25:32,050

assume as in Katz case that they may be

1693

01:25:38,090 --> 01:25:35,830

there to assist in some way on the other

1694

01:25:40,860 --> 01:25:38,100

hand they may be like little you know

1695

01:25:43,410 --> 01:25:40,870

interdimensional LoJack's that can track

1696

01:25:46,290 --> 01:25:43,420

you anywhere they may be involved in a

1697

01:25:50,460 --> 01:25:46,300

certain aspect of control or influence

1698

01:25:53,130 --> 01:25:50,470

over the individual or or or as far as

1699

01:25:55,590 --> 01:25:53,140

I'm concerned people who say well I know

1700

01:25:57,360 --> 01:25:55,600

why they're there they should be

1701

01:26:01,830 --> 01:25:57,370

regarded with the smile and back away

1702

01:26:04,170 --> 01:26:01,840

slowly while you not to say that you

1703

01:26:06,480 --> 01:26:04,180

know the unknowable for me is an act of

1704

01:26:09,030 --> 01:26:06,490

intellectual arrogance that I have a

1705

01:26:11,640 --> 01:26:09,040

problem with but again deductive

1706

01:26:14,550 --> 01:26:11,650

reasoning logical thinking critical

1707

01:26:16,530 --> 01:26:14,560

analysis only limited to a number of

1708

01:26:20,070 --> 01:26:16,540

possibilities and maybe it's different

1709

01:26:22,110 --> 01:26:20,080

case to case also to compound the

1710

01:26:24,240 --> 01:26:22,120

mystery we don't know whether we're

1711

01:26:27,510 --> 01:26:24,250

dealing with one type of entities or

1712

01:26:29,370 --> 01:26:27,520

different other intelligences that for

1713

01:26:32,190 --> 01:26:29,380

their own reasons employ this kind of

1714

01:26:35,190 --> 01:26:32,200

technology also remember that for the

1715

01:26:37,770 --> 01:26:35,200

past at least 25 years that we know of

1716

01:26:41,510 --> 01:26:37,780

these things have been developed and are

1717

01:26:44,610 --> 01:26:41,520

really quite perfected by his human

1718

01:26:47,070 --> 01:26:44,620

agencies and corporations I remember the

1719

01:26:49,710 --> 01:26:47,080

first article I ever read more than 20

1720

01:26:53,180 --> 01:26:49,720

odd years ago on implants it was

1721

01:26:55,830 --> 01:26:53,190

specifically directed at agricultural

1722

01:26:59,910 --> 01:26:55,840

communities and and farmers and the like

1723

01:27:02,700 --> 01:26:59,920

what it was was a disc about

1724

01:27:05,729 --> 01:27:02,710

the size of an American quarter with a

1725

01:27:09,330 --> 01:27:05,739

battery in it that was surgically

1726

01:27:12,450 --> 01:27:09,340

implanted with local anesthetic into a

1727

01:27:15,870 --> 01:27:12,460

slit in the ear of a cow if the cow

1728

01:27:18,120 --> 01:27:15,880

would wander off the property to a

1729

01:27:20,850 --> 01:27:18,130

certain degree up to a certain you know

1730

01:27:24,120 --> 01:27:20,860

distance you could track it where it is

1731

01:27:26,760 --> 01:27:24,130

now is much more chilling they are

1732

01:27:29,040 --> 01:27:26,770

actually now about the size of a grain

1733

01:27:31,860 --> 01:27:29,050

of rice and they're marketed very

1734

01:27:34,500 --> 01:27:31,870

discreetly in two areas very 1980 for

1735

01:27:36,720 --> 01:27:34,510

both of them and I understand the human

1736

01:27:38,939 --> 01:27:36,730

logic behind them one is let's say

1737

01:27:42,240 --> 01:27:38,949

you're involved in a private prison or

1738

01:27:45,950 --> 01:27:42,250

you know you're a federal individual

1739

01:27:48,870 --> 01:27:45,960

looking to see how better to control and

1740

01:27:51,330 --> 01:27:48,880

recover you know dangerous felons if

1741

01:27:52,560 --> 01:27:51,340

they escape if they have one of these in

1742

01:27:54,630 --> 01:27:52,570

them the hell with their civil rights

1743

01:27:56,310 --> 01:27:54,640

you know they rape they murdered they

1744

01:27:58,530 --> 01:27:56,320

did whatever and we're going to get them

1745

01:28:01,729 --> 01:27:58,540

and we can track them with this in the

1746

01:28:04,919 --> 01:28:01,739

other area they directed toward

1747

01:28:08,550 --> 01:28:04,929

individuals of some real financial

1748

01:28:13,890 --> 01:28:08,560

substance so much so that their children

1749

01:28:15,479 --> 01:28:13,900

may be targets for kidnapping and it's a

1750

01:28:17,040 --> 01:28:15,489

horrible thing on one level to think

1751

01:28:19,680 --> 01:28:17,050

well I'm going to put this little LoJack

1752

01:28:21,660 --> 01:28:19,690

in my kid so if they take off I'll be

1753

01:28:24,660 --> 01:28:21,670

able to find them but that's a logic

1754

01:28:27,150 --> 01:28:24,670

that I'm forced to respect on a certain

1755

01:28:29,760 --> 01:28:27,160

level that technology is here now with

1756

01:28:32,280 --> 01:28:29,770

us whether it's been developed on its

1757

01:28:34,020 --> 01:28:32,290

own or you know the legendary idea

1758

01:28:36,660 --> 01:28:34,030

back-engineering this advanced

1759

01:28:39,120 --> 01:28:36,670

technology it's almost a moot point they

1760

01:28:45,390 --> 01:28:39,130

have them and we have variations on them

1761

01:28:48,090 --> 01:28:45,400

as well so okay - you feel that they're

1762

01:28:51,930 --> 01:28:48,100

there to heighten your senses - you know

1763

01:28:53,240 --> 01:28:51,940

connect to the matrix so to speak yeah I

1764

01:28:55,200 --> 01:28:53,250

do

1765

01:28:57,330 --> 01:28:55,210

remember that I'm going to talk about

1766

01:29:01,439 --> 01:28:57,340

the GPS system that is more like for fun

1767

01:29:05,580 --> 01:29:01,449

and yeah I think that asked after all of

1768

01:29:07,650 --> 01:29:05,590

the oldest experiences I have started to

1769

01:29:11,160 --> 01:29:07,660

get into areas that I was never into

1770

01:29:13,800 --> 01:29:11,170

before and I haven't even yeah I'm not

1771

01:29:17,150 --> 01:29:13,810

even educated for this stuff but

1772

01:29:20,970 --> 01:29:17,160

I'm working on my second book here that

1773

01:29:23,400 --> 01:29:20,980

are about astrophysics so yeah you know

1774

01:29:27,210 --> 01:29:23,410

spinning me change yeah speaking of

1775

01:29:30,510 --> 01:29:27,220

books we're closing in on the midnight

1776

01:29:32,520 --> 01:29:30,520

hour here on the East Coast and the

1777

01:29:35,310 --> 01:29:32,530

ground crew is ready to come in and

1778

01:29:38,070 --> 01:29:35,320

sweep us now or are actually maybe it's

1779

01:29:41,160 --> 01:29:38,080

the air crew and this is Mason so we

1780

01:29:43,320 --> 01:29:41,170

want to go around the table and Kaito so

1781

01:29:49,590 --> 01:29:43,330

the names of your books where they can

1782

01:29:51,630 --> 01:29:49,600

be purchased I have a bib site and my

1783

01:29:54,600 --> 01:29:51,640

first book will be called a hybrid story

1784

01:29:59,100 --> 01:29:54,610

and of course that's about my life and

1785

01:30:01,860 --> 01:29:59,110

the process of my life and yeah they're

1786

01:30:05,280 --> 01:30:01,870

doing work that's available on Amazon in

1787

01:30:08,400 --> 01:30:05,290

English not yet not yet it will be it

1788

01:30:11,370 --> 01:30:08,410

will be this fall this is autumn okay

1789

01:30:14,070 --> 01:30:11,380

and your second book will be and

1790

01:30:15,630 --> 01:30:14,080

hopefully it will be done early next

1791

01:30:18,030 --> 01:30:15,640

year but of course there's a lot of

1792

01:30:20,280 --> 01:30:18,040

drawings and illustrations and all the

1793

01:30:23,220 --> 01:30:20,290

things that need to be put down so yeah

1794

01:30:24,810 --> 01:30:23,230

it takes time oh wait everyone has tried

1795

01:30:27,660 --> 01:30:24,820

to make a book oh no it will take time

1796

01:30:31,740 --> 01:30:27,670

and people can find you in the meantime

1797

01:30:33,870 --> 01:30:31,750

on Facebook I spoke on you have you can

1798

01:30:38,370 --> 01:30:33,880

just search for my name and it's a

1799

01:30:41,100 --> 01:30:38,380

serval from Kate or goodness he I'm so

1800

01:31:36,160 --> 01:31:31,610

large bag with holes in it in some

1816

01:31:37,900 --> 01:31:36,170

1817

01:31:39,459 --> 01:31:37,910

you're walking around though those

1818

01:31:41,380 --> 01:31:39,469

cobblestone streets

1819

01:31:44,860 --> 01:31:41,390

17th and 18th of June it is a conference

1829
01:32:14,770 --> 01:32:12,140
that is particularly Niek in that as a

1830
01:32:18,310 --> 01:32:14,780
scientific conference not just based in

1831
01:32:19,780 --> 01:32:18,320
the work of dr. Wilhelm Reich which as

1832
01:32:22,030 --> 01:32:19,790
you know is something that's been a part

1833
01:32:27,310 --> 01:32:22,040
of my life for a long time but also

1834
01:32:31,020 --> 01:32:27,320
dealing with the most and controversial

1835
01:32:34,110 --> 01:32:31,030
aspect of his work his observations

1836
01:32:37,570 --> 01:32:34,120
deductions and conclusions about UFOs

1837
01:32:40,870 --> 01:32:37,580
and I'm so pleased that Kate is going to

1838
01:32:43,270 --> 01:32:40,880

1839

01:32:46,750 --> 01:32:43,280

1840

01:32:51,360 --> 01:32:46,760

1841

01:32:54,040 --> 01:32:51,370

over night I will be speaking at the

1842

01:32:56,890 --> 01:32:54,050
