[Music]

2  
00:00:45,869 --> 00:00:42,569

5  
00:00:57,479 --> 00:00:55,080

the unexplained UFO s ghost lost world

6  
00:01:01,319 --> 00:00:57,489

cryptozoology as well as other

7  
00:01:03,590 --> 00:01:01,329

dimensions it's time to take back the

8  
00:01:07,200 --> 00:01:03,600

night and night

9  
00:01:10,469 --> 00:01:07,210

now your electrifying hosts exploring

10  
00:01:16,360 --> 00:01:10,479

the bizarre Timothy Beckley and Kings

11  
00:01:26,600 --> 00:01:24,890

Wow I provide this is the best birthday

12  
00:01:30,230 --> 00:01:26,610

party ever

13  
00:01:34,940 --> 00:01:30,240

my eyes are popping out as much as you

14

00:01:38,380 --> 00:01:34,950

expected I can't wait to see that

15

00:01:41,510 --> 00:01:38,390

oh my part of a cake looks so delicious

16

00:01:45,680 --> 00:01:41,520

yeah my ass is rusting on my fingers now

17

00:01:47,510 --> 00:01:45,690

so I better go and get it more Theriot

18

00:01:50,900 --> 00:01:47,520

19

00:01:54,499 --> 00:01:50,910

oh my god grows I'm coming don't party

21

00:02:03,590 --> 00:02:01,649

minute oh okay well I guess that Tim

22

00:02:05,840 --> 00:02:03,600

Beckley won't be joining us tonight it

23

00:02:09,050 --> 00:02:05,850

is his birthday and I guess it's oh I

24

00:02:14,150 --> 00:02:09,060

guess his right to have a party next

25

00:02:16,699 --> 00:02:14,160

door but I don't know if I was invited

26

00:02:19,880 --> 00:02:16,709

or not maybe after maybe after we

27

00:02:22,970 --> 00:02:19,890

complete the Showalter uh we could we

28

00:02:26,120 --> 00:02:22,980

could we can sneak in and join Beckley's

29

00:02:28,009 --> 00:02:26,130

party so well welcome to exploring the

30

00:02:32,900 --> 00:02:28,019

bazaar it's a it's another Thursday

31

00:02:35,150 --> 00:02:32,910

night and I'm Tim Schwartz tonight we we

32

00:02:38,509 --> 00:02:35,160

have a fantastic I guess we have mr.

33

00:02:41,300 --> 00:02:38,519

Walter Bosley Walter has been on the

34

00:02:42,890 --> 00:02:41,310

show before but I'll just give you a

35

00:02:44,810 --> 00:02:42,900

little bit of an introduction well

36

00:02:47,660 --> 00:02:44,820

Walter is a world traveling author and

37

00:02:51,770 --> 00:02:47,670

Explorer of the extraordinary phenomena

38

00:02:53,720 --> 00:02:51,780

he was born in San Diego and he served

39

00:02:55,490 --> 00:02:53,730

as a counterintelligence specialist

40

00:02:57,949 --> 00:02:55,500

during the final years of the Cold War

41

00:03:00,380 --> 00:02:57,959

for the FBI and served as a special

42

00:03:02,840 --> 00:03:00,390

agent for the Air Force Office of

43

00:03:05,270 --> 00:03:02,850

Special Investigations running counter

44

00:03:06,560 --> 00:03:05,280

espionage operations now Walter his

45

00:03:08,270 --> 00:03:06,570

latest book which we're going to be

46

00:03:12,590 --> 00:03:08,280

talking about tonight is shimmering

47

00:03:15,560 --> 00:03:12,600

white lost in an MK ULTRA house of a new

48

00:03:18,140 --> 00:03:15,570

love that title now Walter also spends

49

00:03:25,160 --> 00:03:18,150

his time writing fiction and nonfiction

50

00:03:27,620 --> 00:03:25,170

as well and he told me now mentioned

51  
00:03:30,140 --> 00:03:27,630  
this he's also known for producing

52  
00:03:32,690 --> 00:03:30,150  
directing short films such as hells

53  
00:03:35,210 --> 00:03:32,700  
bells sloppy dead seconds and he was

54  
00:03:36,470 --> 00:03:35,220  
also the writer for the Blooey the

55  
00:03:39,950 --> 00:03:36,480  
cuckoo in the clock

56  
00:03:41,150 --> 00:03:39,960  
directed by Paul Kimball so Walter thank

57  
00:03:43,580 --> 00:03:41,160  
you for being with me tonight on

58  
00:03:44,210 --> 00:03:43,590  
exploring the bizarre it's great to be

59  
00:03:46,580 --> 00:03:44,220  
here Tim

60  
00:03:50,240 --> 00:03:46,590  
I'm forward to our talk all right so I

61  
00:03:53,510 --> 00:03:50,250  
have you have you made any more films

62  
00:03:55,970 --> 00:03:53,520  
recently or were did you like you know

63  
00:03:57,350 --> 00:03:55,980

should shoot at all at that time and

64

00:04:00,740 --> 00:03:57,360

just got it out of your system

65

00:04:05,000 --> 00:04:00,750

oh no no no filmmaking has been in my

66

00:04:10,450 --> 00:04:05,010

system since I was 11 years old yeah I

67

00:04:13,070 --> 00:04:10,460

just have been so busy on the books that

68

00:04:16,760 --> 00:04:13,080

you know takes a lot of energy and other

69

00:04:20,150 --> 00:04:16,770

resources or make movie happen so what I

70

00:04:25,130 --> 00:04:20,160

am doing I will say regarding the films

71

00:04:29,360 --> 00:04:25,140

is I am recutting *Les Belles Mères* my silent

72

00:04:32,240 --> 00:04:29,370

film because I discovered that there's

73

00:04:34,790 --> 00:04:32,250

another story that was buried it you

74

00:04:38,690 --> 00:04:34,800

know in the subtext of what I was

75

00:04:41,450 --> 00:04:38,700

consciously shooting *Brian* I don't have

76

00:04:45,820 --> 00:04:41,460

to shoot another frame of film all I

77

00:04:49,460 --> 00:04:45,830

have to do is rearrange the editing and

78

00:04:51,170 --> 00:04:49,470

it's a it's virtually a new film it's

79

00:04:54,290 --> 00:04:51,180

it's I've never had an experience like

80

00:04:56,470 --> 00:04:54,300

this and I can't wait to finish it I'm

81

00:05:00,460 --> 00:04:56,480

about halfway through this new cut and

82

00:05:06,620 --> 00:05:00,470

when it is complete it will probably

83

00:05:08,570 --> 00:05:06,630

premiere on Ola Phillips OSI 74 channels

84

00:05:12,890 --> 00:05:08,580

for those of you familiar with that and

85

00:05:14,510 --> 00:05:12,900

I'm reliable yeah oh yeah but I want to

86

00:05:17,570 --> 00:05:14,520

do more this summer I'm going to be

87

00:05:20,570 --> 00:05:17,580

starting a web documentary on my Empire

88

00:05:21,410 --> 00:05:20,580

of the wheel book series so that's

89

00:05:23,990 --> 00:05:21,420

exciting

90

00:05:27,830 --> 00:05:24,000

oh my gosh that that sounds like that's

91

00:05:30,410 --> 00:05:27,840

going to be a massive undertaking well

92

00:05:32,750 --> 00:05:30,420

I'm right here and you know I live in

93

00:05:35,540 --> 00:05:32,760

the San Bernardino Valley so I'm here

94

00:05:38,840 --> 00:05:35,550

where all the locations are at and you

95

00:05:40,439 --> 00:05:38,850

know I think it will it'll it I

96

00:05:42,089 --> 00:05:40,449

guarantee you it will

97

00:05:45,480 --> 00:05:42,099

look like it cost me more than it

98

00:05:49,049 --> 00:05:45,490

actually did huh well okay now you know

99

00:05:52,519 --> 00:05:49,059

my let my video geek show here so now

100

00:05:55,019 --> 00:05:52,529

what what kind of format

101  
00:05:57,929 --> 00:05:55,029  
have you been working with you know

102  
00:06:01,049 --> 00:05:57,939  
video wise with your your earlier films

103  
00:06:05,040 --> 00:06:01,059  
and you know your your planned ones in

104  
00:06:08,129 --> 00:06:05,050  
the future well I've really just been

105  
00:06:15,089 --> 00:06:08,139  
working with a Sony Handycam

106  
00:06:18,929 --> 00:06:15,099  
a C x16 whatever basically it shoots in

107  
00:06:21,209 --> 00:06:18,939  
1080 and I did a theatrical screening

108  
00:06:23,100 --> 00:06:21,219  
premiere of my silent film when I first

109  
00:06:26,550 --> 00:06:23,110  
finished it in 2012 and I can tell you

110  
00:06:28,559 --> 00:06:26,560  
on the big screen it looked fantastic so

111  
00:06:31,619 --> 00:06:28,569  
I just you know I work with a handycam

112  
00:06:36,749 --> 00:06:31,629  
and you know it works for me I would

113  
00:06:42,510 --> 00:06:36,759

love to you know shoot something on the

114

00:06:44,760 --> 00:06:42,520

new DSLR oh yeah kind of that my adopted

115

00:06:47,999 --> 00:06:44,770

kid just bought and we do her

116

00:06:53,820 --> 00:06:48,009

photography on that and I'm able to use

117

00:06:56,760 --> 00:06:53,830

my lenses from my old SLR on that camera

118

00:07:00,600 --> 00:06:56,770

so I'm going to be able to do some even

119

00:07:03,089 --> 00:07:00,610

better looking films with that here in

120

00:07:06,079 --> 00:07:03,099

the future so maybe my next feature will

121

00:07:10,800 --> 00:07:06,089

be on that mmm well that's that's nice

122

00:07:14,730 --> 00:07:10,810

to be able to swap out these your your

123

00:07:17,339 --> 00:07:14,740

old SLR lenses into into this new into

124

00:07:18,510 --> 00:07:17,349

the new format I didn't realize you

125

00:07:19,589 --> 00:07:18,520

could do that with some of these I'll

126

00:07:24,239 --> 00:07:19,599

look into that

127

00:07:27,239 --> 00:07:24,249

we buy I bought the the all I forget the

128

00:07:30,269 --> 00:07:27,249

technics it's a the adapter force right

129

00:07:33,689 --> 00:07:30,279

yeah that my lenses will will fit into

130

00:07:37,829 --> 00:07:33,699

the DSLR housing in it it works

131

00:07:40,019 --> 00:07:37,839

fantastic but the visuals are just just

132

00:07:43,469 --> 00:07:40,029

what we want them and so I'm really we

133

00:07:46,439 --> 00:07:43,479

haven't shot a movie on it yet but you

134

00:07:48,379 --> 00:07:46,449

know I hope to do that for my next

135

00:07:52,499 --> 00:07:48,389

feature with that camera

136

00:07:54,120 --> 00:07:52,509

well fantastic I can't wait to to see

137

00:07:55,860 --> 00:07:54,130

your reality

138

00:07:57,600 --> 00:07:55,870

project and and your new ones in the

139

00:07:59,700 --> 00:07:57,610

future you'll have to let me know when

140

00:08:03,710 --> 00:07:59,710

they reacted when the comes out on Olaf

141

00:08:04,860 --> 00:08:03,720

so I'll be letting everybody know about

142

00:08:07,290 --> 00:08:04,870

it

143

00:08:09,810 --> 00:08:07,300

all right well okay let's uh before

144

00:08:14,190 --> 00:08:09,820

before we lose our audience who came in

145

00:08:17,940 --> 00:08:14,200

here to hear about shimmering light I

146

00:08:20,280 --> 00:08:17,950

want to go back a little bit the last

147

00:08:22,170 --> 00:08:20,290

time that you were on the show you you

148

00:08:23,430 --> 00:08:22,180

made a brief mention unfortunately we're

149

00:08:28,740 --> 00:08:23,440

almost out of time and couldn't really

150

00:08:32,909 --> 00:08:28,750

get into it too much and and this was I

151  
00:08:36,890 --> 00:08:32,919  
guess research in part from your was at

152  
00:08:41,219 --> 00:08:36,900  
the Empire Empire the wheel stories are

153  
00:08:45,050 --> 00:08:41,229  
books or part of origins I can't

154  
00:08:50,790 --> 00:08:45,060  
remember but you made a discovery in

155  
00:08:53,160 --> 00:08:50,800  
some old paintings that I think other

156  
00:08:54,770 --> 00:08:53,170  
people had overlooked you want to tell

157  
00:08:58,530 --> 00:08:54,780  
us a little bit about that

158  
00:09:01,860 --> 00:08:58,540  
absolutely this was a result of my

159  
00:09:05,240 --> 00:09:01,870  
research into the Senora arrow Club and

160  
00:09:07,950 --> 00:09:05,250  
Charles Dell shall the artist who

161  
00:09:11,400 --> 00:09:07,960  
documented he's actually our sole

162  
00:09:14,780 --> 00:09:11,410  
original source of documentation on this

163  
00:09:17,580 --> 00:09:14,790

group of German immigrants who in the

164

00:09:22,320 --> 00:09:17,590

1850s the decade before the American

165

00:09:24,950 --> 00:09:22,330

Civil War were allegedly experimenting

166

00:09:27,960 --> 00:09:24,960

with anti-gravity flying craft

167

00:09:35,040 --> 00:09:27,970

technology that which they called arrows

168

00:09:38,510 --> 00:09:35,050

a ero and in Del shells artwork from the

169

00:09:44,400 --> 00:09:38,520

flying machines in the 1850s there is

170

00:09:46,580 --> 00:09:44,410

clearly an image that well let me put it

171

00:09:50,250 --> 00:09:46,590

this way let me tell you what del shall

172

00:09:53,370 --> 00:09:50,260

presented this as the propulsion device

173

00:09:55,980 --> 00:09:53,380

the operative mechanism that made these

174

00:09:58,170 --> 00:09:55,990

flying machines work okay it provided an

175

00:10:01,020 --> 00:09:58,180

energy it produces the anti-gravity

176

00:10:05,700 --> 00:10:01,030

effect and he depicted this in one of

177

00:10:07,620 --> 00:10:05,710

his pieces of artwork and when you look

178

00:10:10,590 --> 00:10:07,630

at the image I I

179

00:10:13,020 --> 00:10:10,600

actually show this in my book origin

180

00:10:14,940 --> 00:10:13,030

okay the 19th century emergence of the

181

00:10:18,360 --> 00:10:14,950

20th century breakaway civilizations

182

00:10:21,180 --> 00:10:18,370

that's a mouthful in my book I present

183

00:10:25,200 --> 00:10:21,190

this image and it is bell-shaped it

184

00:10:32,060 --> 00:10:25,210

spins on the central axis and Dell shall

185

00:10:36,660 --> 00:10:32,070

even described it as using a very secret

186

00:10:40,050 --> 00:10:36,670

fluid that only its inventor knew the

187

00:10:41,940 --> 00:10:40,060

ingredients of now essentially we're

188

00:10:43,320 --> 00:10:41,950

talking about a description of the Bell

189

00:10:47,600 --> 00:10:43,330

this thing is bell-shaped

190

00:10:49,710 --> 00:10:47,610

it's a Nazi bell the Nazi bell of the

191

00:10:50,220 --> 00:10:49,720

1930s and 40s now here's what's

192

00:10:52,950 --> 00:10:50,230

interesting

193

00:10:57,240 --> 00:10:52,960

you know it's bell-shaped it spins on a

194

00:11:01,140 --> 00:10:57,250

central axis it uses this mysterious and

195

00:11:03,930 --> 00:11:01,150

it produces an anti-gravity effect well

196

00:11:06,600 --> 00:11:03,940

again that's right there a basic

197

00:11:09,810 --> 00:11:06,610

description of the Nazi bell but Charles

198

00:11:13,140 --> 00:11:09,820

del shell did this artwork sometime

199

00:11:16,950 --> 00:11:13,150

between 1890 and 1920 now this is

200

00:11:19,080 --> 00:11:16,960

decades prior to the Nazis and even

201  
00:11:22,460 --> 00:11:19,090  
rumors of this Bell that they were

202  
00:11:25,410 --> 00:11:22,470  
working on and of course it's a German

203  
00:11:27,450 --> 00:11:25,420  
organization that was backing in funding

204  
00:11:29,790 --> 00:11:27,460  
what these guys were doing in the 1850s

205  
00:11:33,150 --> 00:11:29,800  
and I get into all of that in origin I I

206  
00:11:37,220 --> 00:11:33,160  
lay out the pedigree the true pedigree

207  
00:11:39,720 --> 00:11:37,230  
of the secret space program and the

208  
00:11:41,700 --> 00:11:39,730  
breakaway civilizations it this stuff

209  
00:11:43,830 --> 00:11:41,710  
didn't just start with world war ii

210  
00:11:45,840 --> 00:11:43,840  
Muskie in the post-world war ii

211  
00:11:49,170 --> 00:11:45,850  
military-industrial complex it goes back

212  
00:11:55,320 --> 00:11:49,180  
you know to the mid 19th century and

213  
00:11:58,380 --> 00:11:55,330

before and i had found this drawing in

214

00:12:00,660 --> 00:11:58,390

there's one book it's put out by a

215

00:12:02,520 --> 00:12:00,670

gentleman named steven romano it's an

216

00:12:05,190 --> 00:12:02,530

excellent book i highly recommend it to

217

00:12:08,580 --> 00:12:05,200

everybody it is a full-color several

218

00:12:11,490 --> 00:12:08,590

pages thick hardcover book of all of l

219

00:12:14,400 --> 00:12:11,500

think most of del shells artwork of

220

00:12:17,790 --> 00:12:14,410

these flying machines and there it was

221

00:12:20,910 --> 00:12:17,800

you know right there in this book and so

222

00:12:23,190 --> 00:12:20,920

you know it kind of reset

223

00:12:26,580 --> 00:12:23,200

what we have assumed and what has been

224

00:12:30,600 --> 00:12:26,590

presented about the Nazi bell

225

00:12:34,320 --> 00:12:30,610

if the pedigree of this technology

226

00:12:37,590 --> 00:12:34,330

you know traces back to a German group

227

00:12:39,180 --> 00:12:37,600

in the 1850s you know what does that say

228

00:12:41,730 --> 00:12:39,190

about the history of the Nazis what does

229

00:12:45,090 --> 00:12:41,740

that say about really the history of the

230

00:12:48,780 --> 00:12:45,100

space program in all of this well it

231

00:12:50,970 --> 00:12:48,790

also I mean what about the history of

232

00:12:52,830 --> 00:12:50,980

what we consider modern technology

233

00:12:57,600 --> 00:12:52,840

because I mean what has been written

234

00:13:00,150 --> 00:12:57,610

about the Bell if they had developed

235

00:13:04,890 --> 00:13:00,160

something like that back you know into

236

00:13:06,780 --> 00:13:04,900

the 1850s I mean we're talking about I

237

00:13:09,530 --> 00:13:06,790

mean they had to have some kind of

238

00:13:12,510 --> 00:13:09,540

energy system you know electricity or

239

00:13:17,730 --> 00:13:12,520

what have you they had to have some way

240

00:13:19,380 --> 00:13:17,740

of I suppose refining and and using

241

00:13:23,700 --> 00:13:19,390

mercury because it wasn't supposed to be

242

00:13:25,940 --> 00:13:23,710

mercury with the mysterious fluid go

243

00:13:29,960 --> 00:13:25,950

ahead well well this particular fluid

244

00:13:32,370 --> 00:13:29,970

apparently you know remains mysterious

245

00:13:34,260 --> 00:13:32,380

nobody knows if mercury was in it now

246

00:13:38,010 --> 00:13:34,270

you got to remember the thing that Dell

247

00:13:40,440 --> 00:13:38,020

shall draws and depicts is a rudimentary

248

00:13:43,590 --> 00:13:40,450

proof-of-concept version of the Bell

249

00:13:45,240 --> 00:13:43,600

it's it's not it's not equivalent to

250

00:13:48,330 --> 00:13:45,250

what the Nazi scientists would have been

251

00:13:52,350 --> 00:13:48,340

doing in the 1930s okay so I did not

252

00:13:54,210 --> 00:13:52,360

need all the electricity why was you

253

00:13:56,610 --> 00:13:54,220

know assumed to be required for the Nazi

254

00:13:59,850 --> 00:13:56,620

bell okay this was this was a much more

255

00:14:02,700 --> 00:13:59,860

simple version of the Bell but the basic

256

00:14:05,130 --> 00:14:02,710

principle was there for all we know all

257

00:14:07,920 --> 00:14:05,140

they had to do was just start this thing

258

00:14:12,540 --> 00:14:07,930

spinning and could have with their hand

259

00:14:16,260 --> 00:14:12,550

just started spinning and you know the

260

00:14:19,650 --> 00:14:16,270

the basic elements of the mechanism

261

00:14:22,950 --> 00:14:19,660

itself could have been enough to give

262

00:14:25,890 --> 00:14:22,960

them their effect remember the arrows of

263

00:14:27,800 --> 00:14:25,900

the 1850s Senhora arrow club when you

264

00:14:31,020 --> 00:14:27,810

look at these images and I lay out a

265

00:14:33,990 --> 00:14:31,030

graphic in my book origin to simplify

266

00:14:38,670 --> 00:14:34,000

this okay I show that the 1850

267

00:14:40,920 --> 00:14:38,680

arrow is analogous to the Model T in the

268

00:14:43,650 --> 00:14:40,930

automobile world okay and then when you

269

00:14:46,410 --> 00:14:43,660

go 40 years later and you're into the

270

00:14:49,850 --> 00:14:46,420

1890s airship history those eighteen

271

00:14:55,200 --> 00:14:49,860

nineties airships are analogous to say a

272

00:14:58,680 --> 00:14:55,210

1958 Buick okay and then when you go you

273

00:15:02,010 --> 00:14:58,690

know what is it 50 years later 40 years

274

00:15:04,470 --> 00:15:02,020

later 60 and you get what we see is the

275

00:15:07,410 --> 00:15:04,480

classic flying-saucer well that's kind

276

00:15:10,530 --> 00:15:07,420

of analogous to a 1985 Porsche now

277

00:15:12,930 --> 00:15:10,540

you're compared yet 85 Porsche to the 58

278

00:15:15,510 --> 00:15:12,940

Buick and then compare the 58 Buick to

279

00:15:19,560 --> 00:15:15,520

the Model T okay and you've got the same

280

00:15:24,000 --> 00:15:19,570

thing as a modern UFO to the 1890s

281

00:15:26,670 --> 00:15:24,010

airship mystery airships to the 1850s

282

00:15:29,040 --> 00:15:26,680

little arrow contraption okay it's the

283

00:15:30,300 --> 00:15:29,050

same kind of progression so but people

284

00:15:32,670 --> 00:15:30,310

have to understand that when we're

285

00:15:35,040 --> 00:15:32,680

talking about this in the 850 we're not

286

00:15:36,930 --> 00:15:35,050

talking about the exact same level of

287

00:15:39,060 --> 00:15:36,940

development we're talking about the

288

00:15:44,840 --> 00:15:39,070

proof-of-concept model and that would

289

00:15:47,310 --> 00:15:44,850

also apply to this version and the bell

290

00:15:51,960 --> 00:15:47,320

now you have a lot of people who have

291

00:15:55,140 --> 00:15:51,970

looked at dealt sells paintings and you

292

00:15:58,829 --> 00:15:55,150

know just commented is they look like

293

00:16:01,110 --> 00:15:58,839

yeah fairy tale drawings and you know

294

00:16:03,600 --> 00:16:01,120

like so something from a comic book or

295

00:16:09,660 --> 00:16:03,610

yeah or something something along those

296

00:16:11,880 --> 00:16:09,670

lines I mean do you think that I mean

297

00:16:13,620 --> 00:16:11,890

did he produce any idea I mean I know

298

00:16:16,770 --> 00:16:13,630

that they were found basically just

299

00:16:18,690 --> 00:16:16,780

dumped on a curbside is that so yeah I

300

00:16:20,700 --> 00:16:18,700

mean we don't we don't really know a lot

301  
00:16:22,220 --> 00:16:20,710  
about you know the guy who made the

302  
00:16:26,790 --> 00:16:22,230  
paintings but I mean do you think that

303  
00:16:28,230 --> 00:16:26,800  
that he put these together you know for

304  
00:16:30,390 --> 00:16:28,240  
his own amusement

305  
00:16:33,540 --> 00:16:30,400  
took artistic license that sort of thing

306  
00:16:37,010 --> 00:16:33,550  
or just you know or you know he was

307  
00:16:42,620 --> 00:16:37,020  
trying to produce these as accurately as

308  
00:16:45,329 --> 00:16:42,630  
his artistic ability would let him

309  
00:16:47,660 --> 00:16:45,339  
personally I'm convinced that he was not

310  
00:16:49,850 --> 00:16:47,670  
just making this up that you

311  
00:16:54,080 --> 00:16:49,860  
not just doing this as an outsider

312  
00:16:56,750 --> 00:16:54,090  
artist and here's the interesting thing

313  
00:17:00,770 --> 00:16:56,760

the fact that I can point to a depiction

314

00:17:04,310 --> 00:17:00,780

of the Bell from his drawings that are

315

00:17:08,930 --> 00:17:04,320

decades prior to the Nazi scientists

316

00:17:10,610 --> 00:17:08,940

working on this thing to me is actually

317

00:17:13,700 --> 00:17:10,620

evidence that there was something more

318

00:17:17,210 --> 00:17:13,710

to it now this is supposing that you

319

00:17:19,310 --> 00:17:17,220

accept the existence of the Bell okay

320

00:17:21,080 --> 00:17:19,320

I'm going to for the purpose of this

321

00:17:23,140 --> 00:17:21,090

conversation I'm presuming that the

322

00:17:26,210 --> 00:17:23,150

listeners are interested in this stuff

323

00:17:29,450 --> 00:17:26,220

you know generally like the folks you're

324

00:17:30,620 --> 00:17:29,460

talking about the naysayers I you know

325

00:17:32,690 --> 00:17:30,630

that's great

326

00:17:34,370 --> 00:17:32,700

there's for me there's someone to have a

327

00:17:35,810 --> 00:17:34,380

beer with maybe go to a football game

328

00:17:37,640 --> 00:17:35,820

but I just don't discuss these kinds of

329

00:17:40,700 --> 00:17:37,650

things with him because you know there's

330

00:17:42,770 --> 00:17:40,710

no convincing them and you know they'll

331

00:17:44,840 --> 00:17:42,780

scowl really didn't provide anything

332

00:17:48,050 --> 00:17:44,850

other than his drawing so I can

333

00:17:50,540 --> 00:17:48,060

understand why people just you know

334

00:17:53,710 --> 00:17:50,550

dismiss it in oh it's just art it means

335

00:17:57,200 --> 00:17:53,720

nothing okay I'm convinced otherwise and

336

00:17:58,940 --> 00:17:57,210

for me the the evidence that there was

337

00:18:00,680 --> 00:17:58,950

more to it that there was something real

338

00:18:03,650 --> 00:18:00,690

that he was trying to convey and

339

00:18:06,020 --> 00:18:03,660

document is the presence of the

340

00:18:09,830 --> 00:18:06,030

essential Bell technology were talking

341

00:18:12,730 --> 00:18:09,840

80 years before the Nazis were alleged

342

00:18:17,150 --> 00:18:12,740

to have been experimenting with this and

343

00:18:21,650 --> 00:18:17,160

think about it it makes sense I've woven

344

00:18:24,290 --> 00:18:21,660

a German thread from the 1850s aero club

345

00:18:27,140 --> 00:18:24,300

guys through the rest of the 19th

346

00:18:30,470 --> 00:18:27,150

century into the early 20th century and

347

00:18:32,600 --> 00:18:30,480

specifically to you know the really the

348

00:18:34,760 --> 00:18:32,610

main influences on the formation of the

349

00:18:37,850 --> 00:18:34,770

Nazi Party so you know the threat is

350

00:18:41,180 --> 00:18:37,860

there the evidence is there the pedigree

351  
00:18:45,410 --> 00:18:41,190  
is there people are just going to have

352  
00:18:49,070 --> 00:18:45,420  
to you know look at it and let it sink

353  
00:18:51,500 --> 00:18:49,080  
in and let it Stoke in that okay you

354  
00:18:54,290 --> 00:18:51,510  
know this stuff didn't start in a cume

355  
00:18:57,260 --> 00:18:54,300  
with these guys in Nazi Germany right

356  
00:18:59,900 --> 00:18:57,270  
right well I mean the whole concept that

357  
00:19:00,890 --> 00:18:59,910  
there could actually have been heavier

358  
00:19:02,840 --> 00:19:00,900  
than

359  
00:19:07,160 --> 00:19:02,850  
our flying machines long before the

360  
00:19:09,950 --> 00:19:07,170  
Wright brothers is enough to know send

361  
00:19:11,410 --> 00:19:09,960  
send most people you know hiding their

362  
00:19:14,720 --> 00:19:11,420  
heads in the pepillo

363  
00:19:17,330 --> 00:19:14,730

history actually history shows that

364

00:19:19,310 --> 00:19:17,340

there were guys before the Wright

365

00:19:22,040 --> 00:19:19,320

brothers that were you know working on

366

00:19:25,610 --> 00:19:22,050

stuff accepted history there was a base

367

00:19:27,260 --> 00:19:25,620

in San Diego oh my gosh of course his

368

00:19:29,030 --> 00:19:27,270

name escapes me there was a movie made

369

00:19:32,510 --> 00:19:29,040

about him in the 50s I think with Glenn

370

00:19:34,070 --> 00:19:32,520

Ford and um you know so this was being

371

00:19:37,400 --> 00:19:34,080

done it's just you know the Wright

372

00:19:43,540 --> 00:19:37,410

brothers did their little what was it 20

373

00:19:46,370 --> 00:19:43,550

yards or something in that is that so

374

00:19:47,800 --> 00:19:46,380

you know but but we know we know how it

375

00:19:50,870 --> 00:19:47,810

goes

376

00:19:52,940 --> 00:19:50,880

there's the the the whole saga of Nikola

377

00:19:54,560 --> 00:19:52,950

Tesla and the credit II didn't get for

378

00:19:56,270 --> 00:19:54,570

you know a lot of things that's just

379

00:19:59,300 --> 00:19:56,280

that that's just the way it is in our

380

00:20:01,430 --> 00:19:59,310

world but it is it you're right you

381

00:20:03,950 --> 00:20:01,440

bring up a very good point it is kind of

382

00:20:06,680 --> 00:20:03,960

a shocker to people that they would have

383

00:20:09,980 --> 00:20:06,690

to rethink history and some people just

384

00:20:12,010 --> 00:20:09,990

don't want to and that's okay well I

385

00:20:15,320 --> 00:20:12,020

mean and it's not so much you know

386

00:20:17,960 --> 00:20:15,330

rethinking history because we're dealing

387

00:20:21,080 --> 00:20:17,970

with a group that deliberately did not

388

00:20:24,170 --> 00:20:21,090

want this to get out you know a they

389

00:20:25,790 --> 00:20:24,180

weren't out going to the newspapers you

390

00:20:28,760 --> 00:20:25,800

know saying hey look what we done I mean

391

00:20:31,970 --> 00:20:28,770

they they worked in secret and with the

392

00:20:33,560 --> 00:20:31,980

exception of their occasional I uh I

393

00:20:38,090 --> 00:20:33,570

guess cross-country flights

394

00:20:39,380 --> 00:20:38,100

you know when over him you know people

395

00:20:41,120 --> 00:20:39,390

were bored to seeing him all over you

396

00:20:43,150 --> 00:20:41,130

know cities and everything like that I

397

00:20:46,460 --> 00:20:43,160

mean this was a group that was

398

00:20:52,580 --> 00:20:46,470

deliberately keeping their activities

399

00:20:54,050 --> 00:20:52,590

secrets yes and you know so um and you

400

00:20:55,310 --> 00:20:54,060

know we've got about probably about you

401  
00:20:56,810 --> 00:20:55,320  
know three and half minutes ago here

402  
00:21:01,600 --> 00:20:56,820  
before we go to our break but don't mean

403  
00:21:05,210 --> 00:21:01,610  
why the United States I mean

404  
00:21:09,049 --> 00:21:05,220  
why do this in the u.s. at that time I

405  
00:21:14,149 --> 00:21:09,059  
have an answer for that at that time the

406  
00:21:17,029 --> 00:21:14,159  
the US was the place that was the

407  
00:21:20,590 --> 00:21:17,039  
farthest away they could get from from

408  
00:21:24,320 --> 00:21:20,600  
the prying eyes in Europe with the most

409  
00:21:28,639 --> 00:21:24,330  
resources to allow them to pursue this

410  
00:21:30,379 --> 00:21:28,649  
and they chose California the Sonora

411  
00:21:31,940 --> 00:21:30,389  
Aero Club did they chose California

412  
00:21:34,700 --> 00:21:31,950  
which is as far away as you could get

413  
00:21:37,190 --> 00:21:34,710

from the main population of the United

414

00:21:38,810 --> 00:21:37,200

States at that time so really it was to

415

00:21:40,909 --> 00:21:38,820

just be as far away as they could get

416

00:21:44,119 --> 00:21:40,919

from prying eyes but yet still have

417

00:21:46,759 --> 00:21:44,129

readily ready access to the resources

418

00:21:49,220 --> 00:21:46,769

necessary mmm quiet and all them people

419

00:21:52,340 --> 00:21:49,230

realize that you know there there was a

420

00:21:53,930 --> 00:21:52,350

you know like very big you can't really

421

00:21:56,210 --> 00:21:53,940

say German because Germany did really

422

00:21:57,799 --> 00:21:56,220

exist but you know austria-hungary you

423

00:22:01,759 --> 00:21:57,809

know people probably also a hungry

424

00:22:02,779 --> 00:22:01,769

Empire Empire you know I in in that part

425

00:22:03,499 --> 00:22:02,789

they're going to cross show you right

426

00:22:07,700 --> 00:22:03,509

right

427

00:22:12,590 --> 00:22:07,710

and as well as military intelligence as

428

00:22:14,930 --> 00:22:12,600

well so and also think about really you

429

00:22:17,810 --> 00:22:14,940

know Americans back in the 1850s

430

00:22:20,539 --> 00:22:17,820

I would daresay are a lot more were a

431

00:22:23,180 --> 00:22:20,549

lot more free than we are in certain

432

00:22:25,879 --> 00:22:23,190

ways so they had the complete autonomist

433

00:22:28,460 --> 00:22:25,889

freedom to operate in much greater

434

00:22:32,029 --> 00:22:28,470

secrecy back then there so I think

435

00:22:36,080 --> 00:22:32,039

that's why they chose it well it's it's

436

00:22:37,639 --> 00:22:36,090

fascinating and well when would we come

437

00:22:40,639 --> 00:22:37,649

back for a break we've got a minute

438

00:22:43,039 --> 00:22:40,649

about a minute to go you know in this

439

00:22:46,840 --> 00:22:43,049

segment of the program let's so I want

440

00:22:49,700 --> 00:22:46,850

to get more into your most recent book

441

00:22:51,590 --> 00:22:49,710

shimmering light because you know it

442

00:22:53,409 --> 00:22:51,600

seems to me that that there all the

443

00:22:55,879 --> 00:22:53,419

research that you have previously done

444

00:22:58,700 --> 00:22:55,889

you know Empire the wheel origins

445

00:23:01,850 --> 00:22:58,710

everything like that has really led up

446

00:23:03,710 --> 00:23:01,860

to this most you to your current book

447

00:23:07,789 --> 00:23:03,720

and even though I know that the main

448

00:23:11,299 --> 00:23:07,799

story you originally wrote about in fate

449

00:23:13,400 --> 00:23:11,309

magazine and when was that originally

450

00:23:18,070 --> 00:23:13,410

published was 1980

451

00:23:23,450 --> 00:23:18,080

six something like no no it was it was

452

00:23:25,100 --> 00:23:23,460

2005 2005 okay okay okay I'm I mean I've

453

00:23:26,900 --> 00:23:25,110

been a longtime subscriber to fake

454

00:23:29,330 --> 00:23:26,910

magazine so I mean I distinctly remember

455

00:23:31,730 --> 00:23:29,340

that that story and it always been

456

00:23:34,670 --> 00:23:31,740

fascinated by it and fascinated also

457

00:23:36,080 --> 00:23:34,680

that's I ended up knowing you so when we

458

00:23:39,100 --> 00:23:36,090

come back we will continue our

459

00:23:41,900 --> 00:23:39,110

conversation with Walter Bosley and

460

00:23:53,750 --> 00:23:41,910

you're asleep to exploring the bizarre

461

00:23:57,080 --> 00:23:53,760

so stay tuned now back to exploring the

462

00:23:59,990 --> 00:23:57,090

bizarre with two of the most under fire

463

00:24:07,430 --> 00:24:00,000

researchers in the Paranoid your hostess

464

00:24:09,050 --> 00:24:07,440

Timothy Bekele and team Schwartz welcome

465

00:24:12,230 --> 00:24:09,060

back to exploring the bizarre I'm Tim

466

00:24:15,020 --> 00:24:12,240

Schwartz and from the sound of it it

467

00:24:17,960 --> 00:24:15,030

sounds still sounds like that Tim

468

00:24:21,500 --> 00:24:17,970

Buckley is partying in the room that

469

00:24:23,990 --> 00:24:21,510

store hopefully Walter will be some beer

470

00:24:26,030 --> 00:24:24,000

left for us by the time the show is over

471

00:24:29,240 --> 00:24:26,040

with sounds like that the rate that

472

00:24:32,060 --> 00:24:29,250

they're going there may not be and all

473

00:24:34,100 --> 00:24:32,070

that come I'll just I'll just put that

474

00:24:37,160 --> 00:24:34,110

out there now and just say it you know

475

00:24:40,690 --> 00:24:37,170

there better be some beer left it's all

476

00:24:47,000 --> 00:24:40,700

I'm going to say for now all right

477

00:24:49,760 --> 00:24:47,010

before we went to our break I referenced

478

00:24:52,790 --> 00:24:49,770

you're the fake magazine article that

479

00:24:59,630 --> 00:24:52,800

you wrote in 2005 under your pseudonym

480

00:25:03,680 --> 00:24:59,640

and this article was about a story that

481

00:25:06,800 --> 00:25:03,690

your dad told you and and I know that I

482

00:25:09,460 --> 00:25:06,810

know it's been discussed you know on

483

00:25:11,600 --> 00:25:09,470

this show and a lot of other shows but

484

00:25:16,760 --> 00:25:11,610

it's an important point to bring up

485

00:25:18,710 --> 00:25:16,770

because it's really the the main part of

486

00:25:20,740 --> 00:25:18,720

your new book shimmering light so why

487

00:25:24,110 --> 00:25:20,750

don't you tell us a little bit about

488

00:25:26,330 --> 00:25:24,120

your this your original story that you

489

00:25:26,960 --> 00:25:26,340

wrote for fate magazine and and what

490

00:25:30,020 --> 00:25:26,970

made you

491

00:25:34,029 --> 00:25:30,030

decide to write it in the first place

492

00:25:36,320 --> 00:25:34,039

because let's see in 2005 were you still

493

00:25:41,710 --> 00:25:36,330

were you still working for the the

494

00:25:45,500 --> 00:25:41,720

government at that point I had I had

495

00:25:48,310 --> 00:25:45,510

employment that I had to be sensitive

496

00:25:50,299 --> 00:25:48,320

about my public persona okay or

497

00:25:53,600 --> 00:25:50,309

organization that you know due to the

498

00:25:55,340 --> 00:25:53,610

clients you know we couldn't really be

499

00:25:59,419 --> 00:25:55,350

out there as a guy writing about weird

500

00:26:02,060 --> 00:25:59,429

stuff okay so I used what was you know

501  
00:26:05,840 --> 00:26:02,070  
the the pseudonym course that I had come

502  
00:26:07,640 --> 00:26:05,850  
up with I don't use it anymore as a

503  
00:26:09,529 --> 00:26:07,650  
matter of fact there's a couple of works

504  
00:26:12,950 --> 00:26:09,539  
of fiction that I'm about to re-release

505  
00:26:17,600 --> 00:26:12,960  
and just put my name on them but that

506  
00:26:20,750 --> 00:26:17,610  
was the circumstance of that I will say

507  
00:26:23,000 --> 00:26:20,760  
that actually I haven't really discussed

508  
00:26:25,549 --> 00:26:23,010  
this book on a lot of shows this what's

509  
00:26:28,299 --> 00:26:25,559  
weird about this book is the fact that

510  
00:26:31,909 --> 00:26:28,309  
it does involve a discussion you know

511  
00:26:33,590 --> 00:26:31,919  
Roswell is in the mix and I don't know

512  
00:26:35,000 --> 00:26:33,600  
if it's just the timing people have

513  
00:26:38,930 --> 00:26:35,010

reached their saturation point with

514

00:26:42,169 --> 00:26:38,940

Roswell or what but what's odd is I

515

00:26:45,020 --> 00:26:42,179

really been asked to discuss it that

516

00:26:48,799 --> 00:26:45,030

much yet the people who have read it

517

00:26:51,980 --> 00:26:48,809

that are in our our genre the media

518

00:26:54,200 --> 00:26:51,990

really find it fascinating and such but

519

00:26:56,930 --> 00:26:54,210

it's really curious there's something

520

00:26:58,460 --> 00:26:56,940

about this book that I think I've I

521

00:27:01,730 --> 00:26:58,470

don't know I think some people don't

522

00:27:03,560 --> 00:27:01,740

know what to think about it well it I I

523

00:27:05,649 --> 00:27:03,570

can understand that because I mean you

524

00:27:08,570 --> 00:27:05,659

have a lot of people out there who are

525

00:27:10,640 --> 00:27:08,580

involved the whole you know UFO mystery

526

00:27:12,230 --> 00:27:10,650

that I mean they're you know they're

527

00:27:14,180 --> 00:27:12,240

tunnel vision they have their mind set

528

00:27:17,060 --> 00:27:14,190

to though it's it's centered you know

529

00:27:19,880 --> 00:27:17,070

UFOs extraterrestrial UFOs paranormal

530

00:27:25,430 --> 00:27:19,890

you know what have you and I mean here

531

00:27:28,820 --> 00:27:25,440

you are going into an area that just you

532

00:27:32,720 --> 00:27:28,830

know does it doesn't really involve you

533

00:27:36,220 --> 00:27:32,730

know any of these things and you know

534

00:27:38,539 --> 00:27:36,230

it's a lot like the whole you know a

535

00:27:40,159 --> 00:27:38,549

Bigfoot mystery you know physical or

536

00:27:40,820 --> 00:27:40,169

non-physical I mean you know people take

537

00:27:42,680 --> 00:27:40,830

sides

538

00:27:45,440 --> 00:27:42,690

and everything is polarized and I think

539

00:27:46,880 --> 00:27:45,450

it's the same way you know with what you

540

00:27:48,890 --> 00:27:46,890

know what you're writing about to me

541

00:27:50,390 --> 00:27:48,900

people people become so polarized like

542

00:27:53,690 --> 00:27:50,400

everything else it seems like anymore

543

00:27:56,420 --> 00:27:53,700

that you know they they don't want to

544

00:27:58,850 --> 00:27:56,430

talk about it it's charism maybe right

545

00:28:03,500 --> 00:27:58,860

well you know actually is since you've

546

00:28:07,640 --> 00:28:03,510

read the book there is something weird

547

00:28:11,120 --> 00:28:07,650

that you know my dad he was adamant that

548

00:28:15,230 --> 00:28:11,130

they were not extraterrestrial but I

549

00:28:19,640 --> 00:28:15,240

think what he claimed that he was told

550

00:28:22,460 --> 00:28:19,650

they were is equally as fascinating as

551  
00:28:24,770 --> 00:28:22,470  
anything extraterrestrial you know he of

552  
00:28:26,810 --> 00:28:24,780  
course claimed that this was a hidden

553  
00:28:29,060 --> 00:28:26,820  
civilization that coexists on this

554  
00:28:31,700 --> 00:28:29,070  
planet with us from the subterranean

555  
00:28:35,900 --> 00:28:31,710  
realms that's what he swore to the day

556  
00:28:39,950 --> 00:28:35,910  
he died that what crashed at Roswell was

557  
00:28:41,240 --> 00:28:39,960  
a craft from such a civilization now in

558  
00:28:43,340 --> 00:28:41,250  
the book of course I explore the

559  
00:28:45,230 --> 00:28:43,350  
possibility that it could have been

560  
00:28:48,050 --> 00:28:45,240  
something more mundane and down-to-earth

561  
00:28:51,220 --> 00:28:48,060  
and I present the evidence for that

562  
00:28:55,520 --> 00:28:51,230  
meaning you know the Operation Paperclip

563  
00:28:58,730 --> 00:28:55,530

influence on our early space travel

564

00:29:01,160 --> 00:28:58,740

attempts and development of you know

565

00:29:05,860 --> 00:29:01,170

human space travel technology and such

566

00:29:09,410 --> 00:29:05,870

but in the end you know I come back and

567

00:29:11,630 --> 00:29:09,420

emphasize that my dad's or you know no

568

00:29:14,030 --> 00:29:11,640

he was he swore he was briefed at

569

00:29:17,350 --> 00:29:14,040

Roswell but it was this this hidden

570

00:29:23,270 --> 00:29:17,360

civilization and there's even evidence

571

00:29:27,500 --> 00:29:23,280

which I discussed about moons who that

572

00:29:31,910 --> 00:29:27,510

civilization might have been and and I

573

00:29:37,160 --> 00:29:31,920

tried to kind of leave it open in the

574

00:29:45,110 --> 00:29:37,170

end you know regarding what I think my

575

00:29:47,390 --> 00:29:45,120

personal puddin is that it it's very

576

00:29:49,340 --> 00:29:47,400

difficult because there there is the

577

00:29:51,740 --> 00:29:49,350

evidence that it could very well have

578

00:29:54,400 --> 00:29:51,750

been something more mundane and when I

579

00:29:56,530 --> 00:29:54,410

say mundane I don't really mean

580

00:30:00,670 --> 00:29:56,540

the mundane and how people would

581

00:30:03,760 --> 00:30:00,680

interpret it I I mean a a classified

582

00:30:05,950 --> 00:30:03,770

first attempt at men's space travel

583

00:30:09,850 --> 00:30:05,960

that's not to be taken lightly that's

584

00:30:12,370 --> 00:30:09,860

not mundane really but compared to the

585

00:30:17,290 --> 00:30:12,380

extra-terrestrial assumption compared to

586

00:30:19,180 --> 00:30:17,300

my dad you know his version of it you

587

00:30:21,340 --> 00:30:19,190

know that a lot of people would be

588

00:30:24,310 --> 00:30:21,350

disappointed to think oh it was just you

589

00:30:27,070 --> 00:30:24,320

know human astronauts you know maybe

590

00:30:29,860 --> 00:30:27,080

aboard a modified v2 or some other type

591

00:30:32,370 --> 00:30:29,870

of modified Horten you know wing shaped

592

00:30:35,800 --> 00:30:32,380

craft and they don't want to hear that

593

00:30:40,060 --> 00:30:35,810

you know probably in my experience the

594

00:30:42,010 --> 00:30:40,070

most hated book on Roswell is Joseph

595

00:30:44,410 --> 00:30:42,020

Farrell's Roswell on the right and yet

596

00:30:47,380 --> 00:30:44,420

in my opinion that is also the best

597

00:30:50,650 --> 00:30:47,390

damned research book on Roswell

598

00:30:52,510 --> 00:30:50,660

anduril a of Sakura yeah they hate to

599

00:30:54,730 --> 00:30:52,520

hear that right now there's people

600

00:30:57,160 --> 00:30:54,740

listening going bill head and speaking

601  
00:30:59,980 --> 00:30:57,170  
of magnets or their computers because

602  
00:31:01,690 --> 00:30:59,990  
they don't want to hear it was Joseph

603  
00:31:04,540 --> 00:31:01,700  
for the convention some years back about

604  
00:31:05,620 --> 00:31:04,550  
10 years ago or so and I won't name the

605  
00:31:08,020 --> 00:31:05,630  
individual but a very well-known

606  
00:31:10,180 --> 00:31:08,030  
luminary deal so it'll feel you know

607  
00:31:11,950 --> 00:31:10,190  
walked up introduced himself to Joseph

608  
00:31:16,330 --> 00:31:11,960  
and they were chatting and then it got

609  
00:31:18,550 --> 00:31:16,340  
the sour look on his face and and said

610  
00:31:23,530 --> 00:31:18,560  
you're not the guy that thinks you know

611  
00:31:27,220 --> 00:31:23,540  
the the Roswell was not ceased so you

612  
00:31:30,490 --> 00:31:27,230  
know people find it distasteful but you

613  
00:31:32,740 --> 00:31:30,500

know I even with my dad's version and

614

00:31:37,330 --> 00:31:32,750

what I think about that and the things

615

00:31:39,970 --> 00:31:37,340

that I put in my book I still say that

616

00:31:44,620 --> 00:31:39,980

Joseph Farrell's theory that you know it

617

00:31:48,340 --> 00:31:44,630

was Nazi technology involved is a very

618

00:31:50,620 --> 00:31:48,350

valid one and again his book is the best

619

00:31:54,210 --> 00:31:50,630

researched and presented both on Roswell

620

00:31:58,450 --> 00:31:54,220

and I think that's what they don't like

621

00:32:01,990 --> 00:31:58,460

what Elly is any alternative possibility

622

00:32:06,300 --> 00:32:02,000

particularly when presents evidence like

623

00:32:08,400 --> 00:32:06,310

does when did when did your dad first

624

00:32:13,380 --> 00:32:08,410

start talking to you about

625

00:32:16,890 --> 00:32:13,390

his experience about I would say seven

626

00:32:20,490 --> 00:32:16,900

years before the book the Roswell

627

00:32:23,660 --> 00:32:20,500

incident came out around 1973 hmm oh

628

00:32:25,950 --> 00:32:23,670

yeah well yeah that yeah at that time

629

00:32:30,360 --> 00:32:25,960

nobody had heard the part we heard of

630

00:32:32,910 --> 00:32:30,370

Roswell I think very few if any and but

631

00:32:36,200 --> 00:32:32,920

they you know he would talk to me and my

632

00:32:38,970 --> 00:32:36,210

sisters of course I on to it the most

633

00:32:40,650 --> 00:32:38,980

particularly when you know the film

634

00:32:42,420 --> 00:32:40,660

Close Encounters came out a few years

635

00:32:44,670 --> 00:32:42,430

later and then when the Roswell incident

636

00:32:46,470 --> 00:32:44,680

book came out by Berlitz and more and

637

00:32:47,910 --> 00:32:46,480

you know I showed it to him I said hey

638

00:32:49,740 --> 00:32:47,920

this is the thing you've been talking

639

00:32:52,080 --> 00:32:49,750

about and I remember back then he kind

640

00:32:54,060 --> 00:32:52,090

of shook his head and said oh they're

641

00:32:58,980 --> 00:32:54,070

gonna they're these people are claiming

642

00:33:02,010 --> 00:32:58,990

it was you know aliens and back then we

643

00:33:04,710 --> 00:33:02,020

didn't use the et term popularly and he

644

00:33:10,110 --> 00:33:04,720

swore all those years that it was not at

645

00:33:12,810 --> 00:33:10,120

mr. terrestrial event so without his

646

00:33:15,480 --> 00:33:12,820

involvement with with the situation

647

00:33:22,140 --> 00:33:15,490

though took place a number of years

648

00:33:24,180 --> 00:33:22,150

after 1947 yes was it so I mean so there

649

00:33:26,580 --> 00:33:24,190

was so he was saying that there was a

650

00:33:30,270 --> 00:33:26,590

second incident after Roswell that he

651  
00:33:33,030 --> 00:33:30,280  
was involved in yes in my dad joined the

652  
00:33:36,600 --> 00:33:33,040  
Air Force in 1955 and this other

653  
00:33:42,270 --> 00:33:36,610  
incident was in 1958 according to him

654  
00:33:45,120 --> 00:33:42,280  
and due to this incident he he and the

655  
00:33:46,350 --> 00:33:45,130  
other guys he was working with was

656  
00:33:49,050 --> 00:33:46,360  
taking the wright-patterson and

657  
00:33:52,140 --> 00:33:49,060  
according to his version they were

658  
00:33:56,030 --> 00:33:52,150  
briefed on what happened at Roswell in

659  
00:33:59,190 --> 00:33:56,040  
1947 in reference to the crash and shown

660  
00:34:01,170 --> 00:33:59,200  
you know the retrieved evidence and such

661  
00:34:04,020 --> 00:34:01,180  
now people say well what the heck is so

662  
00:34:08,610 --> 00:34:04,030  
special about your dad my dad was in the

663  
00:34:11,400 --> 00:34:08,620

aerospace or aviation medicine specialty

664

00:34:12,990 --> 00:34:11,410

in that command okay and when you look

665

00:34:16,950 --> 00:34:13,000

at the history of Operation Paperclip

666

00:34:19,080 --> 00:34:16,960

itself you will find this is in the

667

00:34:20,909 --> 00:34:19,090

hitch this isn't you know Walter's

668

00:34:21,840 --> 00:34:20,919

goofball ideas this is in the actual

669

00:34:24,300 --> 00:34:21,850

hitch

670

00:34:26,580 --> 00:34:24,310

okay of Operation Paperclip you will

671

00:34:30,690 --> 00:34:26,590

find two gentlemen Colonel Harry

672

00:34:33,420 --> 00:34:30,700

Armstrong and an Otis Benson that these

673

00:34:36,600 --> 00:34:33,430

were two men who were among the main

674

00:34:38,040 --> 00:34:36,610

drivers of Operation Paperclip happening

675

00:34:40,890 --> 00:34:38,050

everybody thinks Operation Paperclip was

676

00:34:43,830 --> 00:34:40,900

all about primarily and nothing else

677

00:34:45,450 --> 00:34:43,840

about nothing else but the Manhattan

678

00:34:46,860 --> 00:34:45,460

Project the atom bomb and that's that's

679

00:34:49,890 --> 00:34:46,870

not the case that of course I wasn't

680

00:34:54,000 --> 00:34:49,900

made part of it but what was driving it

681

00:34:56,660 --> 00:34:54,010

was at the time US Army Air Corps and

682

00:35:00,330 --> 00:34:56,670

then you know of course the US Air Force

683

00:35:02,810 --> 00:35:00,340

aviation medicine research they were the

684

00:35:05,460 --> 00:35:02,820

ones who were really pushing hard for

685

00:35:06,750 --> 00:35:05,470

Operation Paperclip to happen and they

686

00:35:09,990 --> 00:35:06,760

were the ones that benefited greatly

687

00:35:12,180 --> 00:35:10,000

from you know getting this catch of

688

00:35:14,130 --> 00:35:12,190

these German scientists now it started

689

00:35:16,170 --> 00:35:14,140

to bite them in the butt in the late 50s

690

00:35:18,060 --> 00:35:16,180

and going into the early 60s when some

691

00:35:20,640 --> 00:35:18,070

of these guys you know it turned out

692

00:35:23,400 --> 00:35:20,650

that their their Nazi past were a little

693

00:35:25,560 --> 00:35:23,410

more involved than they had confessed to

694

00:35:28,200 --> 00:35:25,570

and so the Air Force had a little bit of

695

00:35:31,920 --> 00:35:28,210

egg on its face and had to get rid of

696

00:35:35,100 --> 00:35:31,930

some of these got basically you know the

697

00:35:37,550 --> 00:35:35,110

Operation Paperclip Nazis many of them

698

00:35:40,170 --> 00:35:37,560

were involved with German aviation

699

00:35:42,390 --> 00:35:40,180

science and and what they were digging

700

00:35:46,560 --> 00:35:42,400

into what they were attempting to

701  
00:35:48,000 --> 00:35:46,570  
develop was human space travel I mean

702  
00:35:52,140 --> 00:35:48,010  
dating back to they were doing in the

703  
00:35:55,020 --> 00:35:52,150  
30s okay and so by the 1950s which you

704  
00:35:57,630 --> 00:35:55,030  
have will US Air Force aviation medicine

705  
00:36:00,300 --> 00:35:57,640  
it sounds all innocuous and boring right

706  
00:36:04,260 --> 00:36:00,310  
but US Air Force aviation medicine is

707  
00:36:07,100 --> 00:36:04,270  
what was driving the American manned

708  
00:36:10,650 --> 00:36:07,110  
space effort from the very beginning and

709  
00:36:14,010 --> 00:36:10,660  
the Mercury program before NASA was ever

710  
00:36:17,010 --> 00:36:14,020  
created the Mercury program existed to

711  
00:36:21,000 --> 00:36:17,020  
put a man in space and it was a US Air

712  
00:36:24,170 --> 00:36:21,010  
Force project okay and my dad was

713  
00:36:27,840 --> 00:36:24,180

involved in the development of the

714

00:36:31,920 --> 00:36:27,850

pressure suits he was in aviation

715

00:36:34,080 --> 00:36:31,930

medicine command and specifically he was

716

00:36:35,310 --> 00:36:34,090

a physiological training specialist what

717

00:36:36,300 --> 00:36:35,320

does that mean that means he and the

718

00:36:38,820 --> 00:36:36,310

guys who worked with

719

00:36:42,060 --> 00:36:38,830

man the altitude chamber at George air

720

00:36:45,270 --> 00:36:42,070

phase in this particular case and they

721

00:36:47,400 --> 00:36:45,280

also would be part of the education and

722

00:36:48,960 --> 00:36:47,410

training for pilots who would be flying

723

00:36:51,240 --> 00:36:48,970

at high altitude so they would give them

724

00:36:54,750 --> 00:36:51,250

their you know the basic academic stuff

725

00:36:57,480 --> 00:36:54,760

on the effects of high altitude on you

726

00:36:59,850 --> 00:36:57,490

know human physiology and such and Otis

727

00:37:02,580 --> 00:36:59,860

Benson was the commander driving this

728

00:37:06,120 --> 00:37:02,590

and his objective his goal was manned

729

00:37:09,750 --> 00:37:06,130

space travel okay and he was involved in

730

00:37:14,340 --> 00:37:09,760

all this stuff in the late 40s and into

731

00:37:16,920 --> 00:37:14,350

the 50s of course and so if you worked

732

00:37:19,500 --> 00:37:16,930

in that specialty that my father worked

733

00:37:22,380 --> 00:37:19,510

in okay first of all you you'd have a

734

00:37:24,660 --> 00:37:22,390

high clearance which he did because he

735

00:37:28,740 --> 00:37:24,670

was working on you know early manned

736

00:37:34,050 --> 00:37:28,750

space issues along with the other stuff

737

00:37:37,440 --> 00:37:34,060

and you know so therefore that's why he

738

00:37:40,710 --> 00:37:37,450

was where he was at that's why you know

739

00:37:42,720 --> 00:37:40,720

he wouldn't have been taken to Roswell

740

00:37:44,430 --> 00:37:42,730

according to his story and breathed in

741

00:37:48,000 --> 00:37:44,440

and on this stuff it had me with his

742

00:37:50,250 --> 00:37:48,010

specialty okay so you know that's that's

743

00:37:54,000 --> 00:37:50,260

his credentials and this stuff is in his

744

00:37:59,580 --> 00:37:54,010

dd-214 which i published in the book you

745

00:38:01,860 --> 00:37:59,590

know and it's it's all there and your

746

00:38:06,690 --> 00:38:01,870

your father was also dead he also

747

00:38:11,790 --> 00:38:06,700

claimed to be a a pilot of small

748

00:38:17,460 --> 00:38:11,800

aircraft helicopters he later um in in

749

00:38:21,210 --> 00:38:17,470

the last year of his life he started

750

00:38:23,280 --> 00:38:21,220

telling me about that so I don't know a

751

00:38:27,500 --> 00:38:23,290

lot of the details but he had told me

752

00:38:33,420 --> 00:38:27,510

that he was he had been trained to fly

753

00:38:36,600 --> 00:38:33,430

helicopters mm-hmm at one point I don't

754

00:38:38,190 --> 00:38:36,610

I I could not pin down the details as to

755

00:38:43,530 --> 00:38:38,200

when he would have had this training

756

00:38:47,250 --> 00:38:43,540

it's not in his dd-214 at all which you

757

00:38:50,380 --> 00:38:47,260

know raises suspicions about it you know

758

00:38:54,579 --> 00:38:50,390

on just kind of a basic objective level

759

00:38:58,319 --> 00:38:54,589

to be questioned but he certainly was in

760

00:39:01,420 --> 00:38:58,329

the right places at the right time and

761

00:39:04,059 --> 00:39:01,430

you know looking at the records that I

762

00:39:09,190 --> 00:39:04,069

did get it's unfortunate I got an

763

00:39:11,650 --> 00:39:09,200

envelope with as much records as the

764

00:39:14,289 --> 00:39:11,660

government you know was willing to part

765

00:39:16,990 --> 00:39:14,299

with on my dad's military service after

766

00:39:19,750 --> 00:39:17,000

the book was published naturally you

767

00:39:22,269 --> 00:39:19,760

know of course yeah naturally after the

768

00:39:24,009 --> 00:39:22,279

books out and I did find some

769

00:39:26,970 --> 00:39:24,019

interesting things in there that I went

770

00:39:30,579 --> 00:39:26,980

back in and I think added to the book

771

00:39:32,650 --> 00:39:30,589

but which is great you know the digital

772

00:39:36,880 --> 00:39:32,660

era it allows you to do that you know

773

00:39:39,579 --> 00:39:36,890

whom once you leased a book but he

774

00:39:43,650 --> 00:39:39,589

certainly was in the right places at the

775

00:39:47,230 --> 00:39:43,660

right time and he certainly it appears I

776

00:39:50,500 --> 00:39:47,240

had windows of time where he could have

777

00:39:56,249 --> 00:39:50,510

spent the weeks you know months required

778

00:39:58,210 --> 00:39:56,259

to learn how to fly you know these craft

779

00:40:01,359 --> 00:39:58,220

helicopters were talking about smaller I

780

00:40:03,490 --> 00:40:01,369

know yeah you know he could have and you

781

00:40:07,390 --> 00:40:03,500

know if we're classified it would not be

782

00:40:09,069 --> 00:40:07,400

on the dd-214 you know I like to remind

783

00:40:12,279 --> 00:40:09,079

people you know some people think it's

784

00:40:14,079 --> 00:40:12,289

it's this the final word document on on

785

00:40:18,640 --> 00:40:14,089

every little thing somebody did in the

786

00:40:22,329 --> 00:40:18,650

military actually it's not you know my

787

00:40:24,700 --> 00:40:22,339

82 14 shows that I was an OSI agent it

788

00:40:26,650 --> 00:40:24,710

shows the basic courses and training

789

00:40:28,870 --> 00:40:26,660

ahead it says nothing about these

790

00:40:34,210 --> 00:40:28,880

specific operations or cases I work that

791

00:40:36,279 --> 00:40:34,220

stuff's classified you know so you even

792

00:40:39,400 --> 00:40:36,289

though it is dream Lee valuable document

793

00:40:41,589 --> 00:40:39,410

anytime somebody makes claims about you

794

00:40:44,230 --> 00:40:41,599

know military career or things they did

795

00:40:45,970 --> 00:40:44,240

in the military yes I'm totally all for

796

00:40:48,970 --> 00:40:45,980

the first thing you need to do is ask to

797

00:40:52,660 --> 00:40:48,980

see their dd-214 they should readily

798

00:40:54,940 --> 00:40:52,670

provide a copy effect if they don't get

799

00:40:57,789 --> 00:40:54,950

they hem and haw that's you need to

800

00:41:01,839 --> 00:40:57,799

question in big-time but again that said

801  
00:41:03,289 --> 00:41:01,849  
not every little thing maybe on that DD

802  
00:41:07,069 --> 00:41:03,299  
214 and if

803  
00:41:08,539 --> 00:41:07,079  
things really deeply classified it it

804  
00:41:10,579 --> 00:41:08,549  
well classified any degree but

805  
00:41:13,069 --> 00:41:10,589  
especially if it's deeply classified it

806  
00:41:17,419 --> 00:41:13,079  
may not be on the dd-214

807  
00:41:20,719 --> 00:41:17,429  
so you know you whether the reason I

808  
00:41:23,089 --> 00:41:20,729  
brought that up is that there's you know

809  
00:41:26,539 --> 00:41:23,099  
a very interesting section in your book

810  
00:41:29,870 --> 00:41:26,549  
that talks about how and and you know

811  
00:41:32,029 --> 00:41:29,880  
your your dad's story was that him and

812  
00:41:37,719 --> 00:41:32,039  
others I mean their their mission was

813  
00:41:43,659 --> 00:41:37,729

basically to find and rescue somebody

814

00:41:46,519 --> 00:41:43,669

from this subterranean world who had I

815

00:41:48,829 --> 00:41:46,529

guess that they had crashed on the

816

00:41:50,749 --> 00:41:48,839

surface and were now lost and it was

817

00:41:53,599 --> 00:41:50,759

their job to find him and take him back

818

00:41:55,939 --> 00:41:53,609

and possibly you know like one of the

819

00:42:00,889 --> 00:41:55,949

one of the things that they could do was

820

00:42:02,839 --> 00:42:00,899

I mean these subterranean areas were

821

00:42:05,870 --> 00:42:02,849

these caverns were large enough that you

822

00:42:10,909 --> 00:42:05,880

could actually fly a small aircraft in

823

00:42:13,399 --> 00:42:10,919

them yes yes he remembered you know this

824

00:42:16,339 --> 00:42:13,409

was a this would have a huge effort um

825

00:42:17,749 --> 00:42:16,349

yes very classified but it would have

826

00:42:19,789 --> 00:42:17,759

been you know involved a lot of

827

00:42:21,709 --> 00:42:19,799

personnel so he and the guys he worked

828

00:42:23,479 --> 00:42:21,719

with were just part of that effort you

829

00:42:27,289 --> 00:42:23,489

know doing their whatever their specific

830

00:42:31,099 --> 00:42:27,299

part was but absolutely you know he

831

00:42:34,039 --> 00:42:31,109

swore that you know short of the classic

832

00:42:37,279 --> 00:42:34,049

version of the Hollow Earth short of

833

00:42:39,829 --> 00:42:37,289

that you know he swore for for decades

834

00:42:43,479 --> 00:42:39,839

that the underground was much bigger

835

00:42:46,759 --> 00:42:43,489

than you know people on the surface

836

00:42:49,309 --> 00:42:46,769

assumed it to be and yes you know

837

00:42:54,039 --> 00:42:49,319

apparently large enough to fly small

838

00:42:55,969 --> 00:42:54,049

aircraft through so this was his story I

839

00:42:58,159 --> 00:42:55,979

personally have not witnessed these

840

00:43:01,639 --> 00:42:58,169

things but this this is his story and

841

00:43:05,419 --> 00:43:01,649

you know I am I'll experience and

842

00:43:08,149 --> 00:43:05,429

trained in you know what we call

843

00:43:10,879 --> 00:43:08,159

interview techniques or you know stubble

844

00:43:13,699 --> 00:43:10,889

interrogation techniques and I can tell

845

00:43:16,700 --> 00:43:13,709

you that using everything I know all my

846

00:43:20,359 --> 00:43:16,710

skills and it's what experience I have

847

00:43:24,320 --> 00:43:20,369

is that he 100% believed what he was

848

00:43:27,710 --> 00:43:24,330

telling me all these years so well and I

849

00:43:29,599 --> 00:43:27,720

mean this this is a story though that I

850

00:43:32,839 --> 00:43:29,609

mean for anybody who has been interested

851  
00:43:33,980 --> 00:43:32,849  
in the whole you know a UFO mythos I

852  
00:43:35,900 --> 00:43:33,990  
mean this has been around for quite a

853  
00:43:37,880 --> 00:43:35,910  
long time I mean you know great Ray

854  
00:43:40,280 --> 00:43:37,890  
Palmer was a very big advocate of the

855  
00:43:41,810 --> 00:43:40,290  
whole idea that you know UFOs you know

856  
00:43:43,490 --> 00:43:41,820  
they weren't originating from outer

857  
00:43:45,470 --> 00:43:43,500  
space but they were coming from you know

858  
00:43:48,520 --> 00:43:45,480  
either Hollow Earth or from you don't

859  
00:43:51,020 --> 00:43:48,530  
like subterranean you know cavernous

860  
00:43:52,790 --> 00:43:51,030  
civilizations and basically I mean

861  
00:43:57,920 --> 00:43:52,800  
that's that's what your your dad was

862  
00:44:00,320 --> 00:43:57,930  
saying is that there is a another group

863  
00:44:02,510 --> 00:44:00,330

of humans and I know he said that you

864

00:44:03,859 --> 00:44:02,520

know that these people were they they

865

00:44:05,420 --> 00:44:03,869

were humans I mean they weren't like you

866

00:44:07,250 --> 00:44:05,430

know the add the Falls or anything like

867

00:44:10,670 --> 00:44:07,260

that it is branched off a long time ago

868

00:44:12,859 --> 00:44:10,680

but that they had it sometime in the

869

00:44:15,140 --> 00:44:12,869

past I mean we're talking about you know

870

00:44:15,710 --> 00:44:15,150

maybe you know pre anti delusion or what

871

00:44:20,839 --> 00:44:15,720

have you

872

00:44:23,570 --> 00:44:20,849

had gone underground and had no interest

873

00:44:25,339 --> 00:44:23,580

in interacting with us crazy service

874

00:44:29,390 --> 00:44:25,349

people and it basically had developed

875

00:44:33,609 --> 00:44:29,400

you know their own civilization possibly

876

00:44:36,859 --> 00:44:33,619

you know a slightly more advanced

877

00:44:40,940 --> 00:44:36,869

technologically than us but who knows

878

00:44:43,670 --> 00:44:40,950

you know iOS or developed in a different

879

00:44:48,980 --> 00:44:43,680

direction right right right

880

00:44:52,609 --> 00:44:48,990

you know I know that oh gosh

881

00:44:56,200 --> 00:44:52,619

and now by his his name his has has

882

00:44:59,150 --> 00:44:56,210

slipped me every he he wrote the book

883

00:45:00,980 --> 00:44:59,160

about the ultra terrestrials and passed

884

00:45:04,040 --> 00:45:00,990

away before it actually got released Wow

885

00:45:08,650 --> 00:45:04,050

Matt Tony's yeah back Tony's I mean you

886

00:45:12,620 --> 00:45:08,660

know part of his scenario was that these

887

00:45:15,349 --> 00:45:12,630

these people may not be that far more

888

00:45:19,220 --> 00:45:15,359

advanced than us they just have a better

889

00:45:21,260 --> 00:45:19,230

way of convincing us that they are that

890

00:45:23,930 --> 00:45:21,270

a part of their thing you know - I would

891

00:45:27,349 --> 00:45:23,940

say probably you know to help protect

892

00:45:29,940 --> 00:45:27,359

their thing and and it may be that just

893

00:45:34,180 --> 00:45:29,950

because they developed in

894

00:45:38,050 --> 00:45:34,190

a manner perpendicular to the line you

895

00:45:40,390 --> 00:45:38,060

know we developed they may not be as

896

00:45:43,630 --> 00:45:40,400

they may not be any more developed in

897

00:45:49,900 --> 00:45:43,640

their line than we are in ours right

898

00:45:54,280 --> 00:45:49,910

it's different yeah well and did you

899

00:45:56,650 --> 00:45:54,290

your dad's missions I mean day it took

900

00:46:01,620 --> 00:45:56,660

place out in the southwest but Evie did

901  
00:46:04,599 --> 00:46:01,630  
he give any indication that this was a

902  
00:46:06,520 --> 00:46:04,609  
group of people that I mean were all

903  
00:46:09,430 --> 00:46:06,530  
over the world I think that lived in you

904  
00:46:13,630 --> 00:46:09,440  
know subterranean realms all over the

905  
00:46:17,470 --> 00:46:13,640  
world or just in this one location he

906  
00:46:21,160 --> 00:46:17,480  
didn't he didn't get into beyond what

907  
00:46:23,080 --> 00:46:21,170  
his experience was but naturally and

908  
00:46:24,910 --> 00:46:23,090  
your you know you and your listeners are

909  
00:46:25,870 --> 00:46:24,920  
you know very familiar with what you

910  
00:46:27,599 --> 00:46:25,880  
were just saying how this has been

911  
00:46:30,280 --> 00:46:27,609  
around a long time and there's lore of

912  
00:46:33,040 --> 00:46:30,290  
these civilizations all over the world

913  
00:46:36,700 --> 00:46:33,050

and you know my knowledge of the stuff

914

00:46:39,730 --> 00:46:36,710

of course um yeah I yeah to answer your

915

00:46:42,510 --> 00:46:39,740

question I assume that you know they

916

00:46:46,390 --> 00:46:42,520

would be but he did not get into that I

917

00:46:49,270 --> 00:46:46,400

was around beyond his experience all

918

00:46:52,329 --> 00:46:49,280

right Walter well we are coming up to

919

00:46:55,270 --> 00:46:52,339

our top of the hour break and so we will

920

00:46:57,190 --> 00:46:55,280

lost world

932

00:47:44,390 --> 00:47:40,559

933

00:47:48,799 --> 00:47:44,400

dimensions it's time to take back the

and continue on with our show and

948

00:48:38,759 --> 00:48:36,459

tonight we're discussing your most

949

00:48:44,809 --> 00:48:38,769

recent book shimmering light lost in an

950

00:48:47,670 --> 00:48:44,819

MK ULTRA house of anew and you know the

951  
00:48:50,729 --> 00:48:47,680  
again I mean for those of you out there

952  
00:48:57,569 --> 00:48:50,739  
who are not familiar with a Walters

953  
00:48:59,759 --> 00:48:57,579  
story that his dad told him allegedly

954  
00:49:03,259 --> 00:48:59,769  
and and I'm sorry Walter I'll have to uh

955  
00:49:09,959 --> 00:49:03,269  
you know have to put that in there oh

956  
00:49:11,789 --> 00:49:09,969  
yeah I say well myself you know the the

957  
00:49:14,189 --> 00:49:11,799  
whatever it was that crashed at Roswell

958  
00:49:16,640 --> 00:49:14,199  
was not an extraterrestrial craft it

959  
00:49:22,400 --> 00:49:16,650  
wasn't a project mogul balloon you know

960  
00:49:25,789 --> 00:49:22,410  
instead it was a aircraft from a

961  
00:49:29,069 --> 00:49:25,799  
subterranean civilization that I guess

962  
00:49:32,430 --> 00:49:29,079  
existed fairly close by out there in the

963  
00:49:36,529 --> 00:49:32,440

southwest at and and apparently you know

964

00:49:40,650 --> 00:49:36,539

whatever these you know underground

965

00:49:43,130 --> 00:49:40,660

humans are were able to fly around that

966

00:49:45,989 --> 00:49:43,140

they come out periodically they're not

967

00:49:49,620 --> 00:49:45,999

just confined completely underground

968

00:49:54,959 --> 00:49:49,630

and that apparently after the Roswell

969

00:49:57,859 --> 00:49:54,969

crash correct me if I'm wrong here there

970

00:50:01,859 --> 00:49:57,869

was some kind of then communication

971

00:50:06,689 --> 00:50:01,869

between them and our military or our

972

00:50:10,870 --> 00:50:06,699

government to you know return you know

973

00:50:14,040 --> 00:50:10,880

their their lost comrades or whatever Oh

974

00:50:18,970 --> 00:50:14,050

Oh is what my dad told me on that issue

975

00:50:20,620 --> 00:50:18,980

was that they had requested help period

976

00:50:23,890 --> 00:50:20,630

that's all he didn't describe the

977

00:50:27,040 --> 00:50:23,900

specific type of communication or or how

978

00:50:31,660 --> 00:50:27,050

they approached that oh all he told me

979

00:50:37,890 --> 00:50:31,670

was they requested our meaning you know

980

00:50:45,880 --> 00:50:42,700

that's that's all he provided so the the

981

00:50:48,460 --> 00:50:45,890

details on how you know the the ice was

982

00:50:50,890 --> 00:50:48,470

broken on that conversation or who might

983

00:50:54,520 --> 00:50:50,900

have approached him he just didn't

984

00:50:55,540 --> 00:50:54,530

provide those right and maybe he didn't

985

00:50:59,440 --> 00:50:55,550

know I mean he probably didn't know

986

00:51:01,270 --> 00:50:59,450

himself bad and see that's the other

987

00:51:02,860 --> 00:51:01,280

thing he might not have you know that

988

00:51:05,470 --> 00:51:02,870

might have not been in his job

989

00:51:07,540 --> 00:51:05,480

description to know that yeah not uh

990

00:51:09,970 --> 00:51:07,550

need to know he got others you know I

991

00:51:10,810 --> 00:51:09,980

want to add to we were talking about the

992

00:51:13,060 --> 00:51:10,820

dd-214

993

00:51:16,000 --> 00:51:13,070

earlier I discovered in my dad's

994

00:51:19,780 --> 00:51:16,010

personal papers this was not something I

995

00:51:21,190 --> 00:51:19,790

got from you know that file requests

996

00:51:24,400 --> 00:51:21,200

that I mentioned earlier this was

997

00:51:26,500 --> 00:51:24,410

something that was with his DD 214 it

998

00:51:29,740 --> 00:51:26,510

was a George Air Force Base form one

999

00:51:32,110 --> 00:51:29,750

zero one in which his duties specific

1000

00:51:36,280 --> 00:51:32,120

job duties are described and on that

1001  
00:51:38,260 --> 00:51:36,290  
form is typed casualty collection team

1002  
00:51:40,030 --> 00:51:38,270  
number one now over the years my dad

1003  
00:51:42,820 --> 00:51:40,040  
told me that again being part of

1004  
00:51:46,990 --> 00:51:42,830  
aviation medicine and such he had been

1005  
00:51:49,390 --> 00:51:47,000  
part of retrieval ops when when aircraft

1006  
00:51:51,070 --> 00:51:49,400  
would crash would rot down unfortunately

1007  
00:51:52,660 --> 00:51:51,080  
the pilots would lose their lives and

1008  
00:51:55,300 --> 00:51:52,670  
you know you can imagine how gruesome

1009  
00:51:57,160 --> 00:51:55,310  
some of these stories were so you know

1010  
00:52:00,010 --> 00:51:57,170  
not only was the in aviation medicine

1011  
00:52:01,450 --> 00:52:00,020  
and working in the early days of the

1012  
00:52:03,340 --> 00:52:01,460  
mercury program and such and would have

1013  
00:52:06,610 --> 00:52:03,350

been cleared for all things to do with

1014

00:52:08,740 --> 00:52:06,620

space in that regard he was on a

1015

00:52:11,830 --> 00:52:08,750

casualty collection team that that is on

1016

00:52:15,190 --> 00:52:11,840

an official Air Force document so this

1017

00:52:17,380 --> 00:52:15,200

was a retrieval operation and if you're

1018

00:52:19,720 --> 00:52:17,390

on a collection team for such things

1019

00:52:21,430 --> 00:52:19,730

there you go that's even more reason for

1020

00:52:24,400 --> 00:52:21,440

my dad to have been involved with this

1021

00:52:26,740 --> 00:52:24,410

but yeah going back to the communication

1022

00:52:30,160 --> 00:52:26,750

you know that's not the point you know

1023

00:52:34,210 --> 00:52:30,170

if someone were to you know make a big

1024

00:52:36,730 --> 00:52:34,220

deal out of that how they went to the

1025

00:52:38,710 --> 00:52:36,740

military the government or whoever but

1026  
00:52:40,300 --> 00:52:38,720  
yes that's the case that apparently this

1027  
00:52:43,000 --> 00:52:40,310  
time when it happened they they

1028  
00:52:45,460 --> 00:52:43,010  
requested help because the pilots

1029  
00:52:47,680 --> 00:52:45,470  
according to my dad was still alive how

1030  
00:52:51,430 --> 00:52:47,690  
they knew that exactly I he didn't say

1031  
00:52:54,670 --> 00:52:51,440  
but they believe their pilot was alive

1032  
00:52:56,740 --> 00:52:54,680  
and up on the surface lost and that's

1033  
00:53:01,120 --> 00:52:56,750  
according to my dad was started at all

1034  
00:53:03,610 --> 00:53:01,130  
mm-hmm now uh norms are glad Walter I

1035  
00:53:06,670 --> 00:53:03,620  
said in the 1958 incident that's what's

1036  
00:53:08,410 --> 00:53:06,680  
loaded it okay now one of the things

1037  
00:53:11,500 --> 00:53:08,420  
that your dad said it was interesting is

1038  
00:53:14,320 --> 00:53:11,510

that at least at least some of these

1039

00:53:22,600 --> 00:53:14,330

people they've been underground so long

1040

00:53:25,690 --> 00:53:22,610

that they're blind and I would I mean

1041

00:53:28,840 --> 00:53:25,700

did he say that everyone was or just a

1042

00:53:32,220 --> 00:53:28,850

certain you know part of the population

1043

00:53:34,840 --> 00:53:32,230

I'm glad you brought that up because

1044

00:53:38,890 --> 00:53:34,850

within the analysis of what my dad told

1045

00:53:41,590 --> 00:53:38,900

me okay what we've got of the people

1046

00:53:44,710 --> 00:53:41,600

that he encountered and he describes

1047

00:53:47,200 --> 00:53:44,720

them as blind but their other senses

1048

00:53:49,390 --> 00:53:47,210

were highly developed like a bat you

1049

00:53:51,310 --> 00:53:49,400

know older that used their sonar to know

1050

00:53:52,810 --> 00:53:51,320

their way around in the underworld and

1051  
00:53:55,900 --> 00:53:52,820  
you know essentially that's where we get

1052  
00:53:59,040 --> 00:53:55,910  
the term blind as a bat from but what's

1053  
00:54:04,780 --> 00:53:59,050  
interesting is the people he described

1054  
00:54:08,680 --> 00:54:04,790  
encountering the description was very

1055  
00:54:11,020 --> 00:54:08,690  
much very similar to the moon eyed

1056  
00:54:13,630 --> 00:54:11,030  
people that the cherokee would talk

1057  
00:54:15,700 --> 00:54:13,640  
about my belief I talked about in the

1058  
00:54:19,270 --> 00:54:15,710  
book Thomas Jefferson I think in one of

1059  
00:54:22,660 --> 00:54:19,280  
his Diaries or writings refers to a

1060  
00:54:29,310 --> 00:54:22,670  
report dating back to you know the 18th

1061  
00:54:32,140 --> 00:54:29,320  
century about an explorer or trapper who

1062  
00:54:33,910 --> 00:54:32,150  
learned about these moon-eyed people

1063  
00:54:35,650 --> 00:54:33,920

from the cherokee and they were called

1064

00:54:37,920 --> 00:54:35,660

moon-eyed because their eyes were all

1065

00:54:42,280 --> 00:54:37,930

for whatever reason you know

1066

00:54:45,610 --> 00:54:42,290

milked over and they were blind had

1067

00:54:49,180 --> 00:54:45,620

other senses and they you know lived

1068

00:54:52,540 --> 00:54:49,190

underground well you know that's back in

1069

00:54:54,220 --> 00:54:52,550

the southeast but that goes to your

1070

00:54:56,440 --> 00:54:54,230

question earlier about you know are they

1071

00:54:58,930 --> 00:54:56,450

all over the place well you know we

1072

00:55:02,250 --> 00:54:58,940

could say due to the cavern system yes

1073

00:55:05,020 --> 00:55:02,260

you know and what my dad described

1074

00:55:09,240 --> 00:55:05,030

regarding those people to me he sounded

1075

00:55:12,070 --> 00:55:09,250

a lot like these moon eyed people but

1076  
00:55:15,070 --> 00:55:12,080  
there's a reason when you get into the

1077  
00:55:18,460 --> 00:55:15,080  
details of his story there there's a

1078  
00:55:23,260 --> 00:55:18,470  
reason to suspect that we might be

1079  
00:55:23,950 --> 00:55:23,270  
talking about two different groups of

1080  
00:55:26,110 --> 00:55:23,960  
people

1081  
00:55:31,510 --> 00:55:26,120  
that the ones he encountered may have

1082  
00:55:34,630 --> 00:55:31,520  
been the descendants of the humans who

1083  
00:55:36,850 --> 00:55:34,640  
when there was a planetary Cataclysm had

1084  
00:55:39,660 --> 00:55:36,860  
to go underground and had been there for

1085  
00:55:42,220 --> 00:55:39,670  
a long time and then there was the

1086  
00:55:45,690 --> 00:55:42,230  
civilization that possessed technology

1087  
00:55:48,550 --> 00:55:45,700  
that we're speaking of there is a

1088  
00:55:51,250 --> 00:55:48,560

possible suggestion of the fact in all

1089

00:55:54,010 --> 00:55:51,260

the details of what he told me and that

1090

00:55:56,880 --> 00:55:54,020

is what leads to in the book the

1091

00:55:59,770 --> 00:55:56,890

discussion of the two way did an end

1092

00:56:02,830 --> 00:55:59,780

okay now who's the toid how are you

1093

00:56:04,240 --> 00:56:02,840

trying to say that Cocteau Tina Tina our

1094

00:56:06,010 --> 00:56:04,250

producers laughing at me because I

1095

00:56:07,810 --> 00:56:06,020

because she knows how how good I am at

1096

00:56:10,990 --> 00:56:07,820

pronouncing last names and words

1097

00:56:15,310 --> 00:56:11,000

sometimes you read the book it's spelled

1098

00:56:17,230 --> 00:56:15,320

tu a th a okay and it's pronounced my

1099

00:56:20,980 --> 00:56:17,240

understanding is I used to call them the

1100

00:56:23,890 --> 00:56:20,990

Tawaf itself and then I learned that the

1101

00:56:28,090 --> 00:56:23,900

one pronunciation is betwe but waited

1102

00:56:31,720 --> 00:56:28,100

and and they are interestingly a race of

1103

00:56:33,730 --> 00:56:31,730

people who came you know some people

1104

00:56:36,160 --> 00:56:33,740

will assume from another planet but

1105

00:56:40,900 --> 00:56:36,170

really the description is they came out

1106

00:56:43,840 --> 00:56:40,910

of clouds in the sky and there's just as

1107

00:56:47,050 --> 00:56:43,850

much reason to say that they might have

1108

00:56:49,450 --> 00:56:47,060

come from another dimension or traveled

1109

00:56:51,069 --> 00:56:49,460

inter-dimensionally from another world

1110

00:56:53,140 --> 00:56:51,079

to ours

1111

00:56:56,259 --> 00:56:53,150

back in ancient times and they're

1112

00:56:59,279 --> 00:56:56,269

discussed in the most detail i believe

1113

00:57:02,920 --> 00:56:59,289

in irish old Celtic Irish Scots Irish

1114

00:57:04,420 --> 00:57:02,930

mythology and what's interesting is when

1115

00:57:08,049 --> 00:57:04,430

you look at the historical timeline at

1116

00:57:09,339 --> 00:57:08,059

the time they disappeared from you know

1117

00:57:13,390 --> 00:57:09,349

the British Isles

1118

00:57:16,839 --> 00:57:13,400

there was a very similar civilization

1119

00:57:19,779 --> 00:57:16,849

that showed up and started developing

1120

00:57:24,430 --> 00:57:19,789

things in other parts of the world

1121

00:57:26,410 --> 00:57:24,440

mm-hmm the Americas included and there's

1122

00:57:28,749 --> 00:57:26,420

there's even an author I'd mentioned in

1123

00:57:31,059 --> 00:57:28,759

the book the name escapes me off the top

1124

00:57:35,739 --> 00:57:31,069

of my head who has a theory that it was

1125

00:57:38,469 --> 00:57:35,749

the to way to the name that were the

1126  
00:57:41,799 --> 00:57:38,479  
megalith builders in the Americas and

1127  
00:57:45,160 --> 00:57:41,809  
and about the time they disappeared from

1128  
00:57:48,069 --> 00:57:45,170  
the Americas in some cultures we jump

1129  
00:57:51,190 --> 00:57:48,079  
over to the Celtic lore and on that

1130  
00:57:53,920 --> 00:57:51,200  
timeline about the time that these these

1131  
00:57:57,069 --> 00:57:53,930  
guys disappeared from the Americas is

1132  
00:57:58,870 --> 00:57:57,079  
when the two way apparently returned to

1133  
00:58:01,779 --> 00:57:58,880  
the British Isles so when you do that

1134  
00:58:05,079 --> 00:58:01,789  
analysis you've got this race of beings

1135  
00:58:08,589 --> 00:58:05,089  
with this you know I want to say I'm

1136  
00:58:11,680 --> 00:58:08,599  
using the term perpendicular you know

1137  
00:58:14,529 --> 00:58:11,690  
technology whoa who exactly are these

1138  
00:58:15,069 --> 00:58:14,539

characters you know where did they come

1139

00:58:19,479 --> 00:58:15,079

from

1140

00:58:22,479 --> 00:58:19,489

what exactly are they and I think they

1141

00:58:28,420 --> 00:58:22,489

are most definitely in the mix of all of

1142

00:58:31,479 --> 00:58:28,430

this well and correct me if I'm wrong I

1143

00:58:33,999 --> 00:58:31,489

mean the the description is is that they

1144

00:58:36,999 --> 00:58:34,009

they look relatively human but they're a

1145

00:58:39,939 --> 00:58:37,009

little bit smaller than us which

1146

00:58:42,370 --> 00:58:39,949

describe when I'm home now that that two

1147

00:58:44,109 --> 00:58:42,380

days to a damag that's it all right

1148

00:58:46,809 --> 00:58:44,119

they're close enough well that the

1149

00:58:49,509 --> 00:58:46,819

description of what my dad saw was they

1150

00:58:52,349 --> 00:58:49,519

were they were human virtually hairless

1151  
00:58:55,150 --> 00:58:52,359  
and a little smaller in stature yeah

1152  
00:58:58,449 --> 00:58:55,160  
there but but a lot of these you know

1153  
00:59:00,579 --> 00:58:58,459  
like other mythologies of the others

1154  
00:59:04,150 --> 00:59:00,589  
throughout the world

1155  
00:59:06,130 --> 00:59:04,160  
the people tend you know they're the

1156  
00:59:09,069 --> 00:59:06,140  
descriptions they tend to be you know

1157  
00:59:11,349 --> 00:59:09,079  
like smaller than us which kind of all's

1158  
00:59:13,989 --> 00:59:11,359  
yes yeah which also kind of falls into a

1159  
00:59:18,160 --> 00:59:13,999  
lot of the you know you know UFO

1160  
00:59:20,799 --> 00:59:18,170  
occupants sightings of dwarf like beans

1161  
00:59:22,390 --> 00:59:20,809  
sure yeah well you you you do have the

1162  
00:59:24,789 --> 00:59:22,400  
dwarf like beings of course but in the

1163  
00:59:27,400 --> 00:59:24,799

case of the two way you got to remember

1164

00:59:30,249 --> 00:59:27,410

to there was something that went on to

1165

00:59:34,660 --> 00:59:30,259

relate that as one culture or

1166

00:59:36,819 --> 00:59:34,670

civilization pushed out another then the

1167

00:59:39,130 --> 00:59:36,829

culture that got pushed out became

1168

00:59:41,049 --> 00:59:39,140

demeaned they were poor they were

1169

00:59:43,719 --> 00:59:41,059

described as more diminutive than they

1170

00:59:47,170 --> 00:59:43,729

actually were their technology and their

1171

00:59:49,120 --> 00:59:47,180

knowledge was was lessened and made out

1172

00:59:51,670 --> 00:59:49,130

to be less than it was because the new

1173

00:59:53,859 --> 00:59:51,680

guys were here now and and they're more

1174

00:59:56,499 --> 00:59:53,869

powerful they're bigger actually the

1175

00:59:58,779 --> 00:59:56,509

farther you go back when you look at the

1176

01:00:02,439 --> 00:59:58,789

two-way they they really weren't

1177

01:00:05,319 --> 01:00:02,449

particularly described as smaller you

1178

01:00:06,849 --> 01:00:05,329

know in from my perspective you you have

1179

01:00:10,380 --> 01:00:06,859

to go back to the earliest descriptions

1180

01:00:12,849 --> 01:00:10,390

I think you know in some times to get

1181

01:00:15,579 --> 01:00:12,859

some of the more accurate information

1182

01:00:18,519 --> 01:00:15,589

now sometimes you know the farther you

1183

01:00:20,679 --> 01:00:18,529

go back the less advanced the witnesses

1184

01:00:22,929 --> 01:00:20,689

are so they might you could argue that

1185

01:00:26,589 --> 01:00:22,939

they might be exaggerating what they're

1186

01:00:27,939 --> 01:00:26,599

seeing but it's these these to wait at

1187

01:00:31,949 --> 01:00:27,949

an end

1188

01:00:35,229 --> 01:00:31,959

it's it's a very fascinating subject and

1189

01:00:38,469 --> 01:00:35,239

the fact that some of the things my dad

1190

01:00:40,749 --> 01:00:38,479

described in and some of the stuff that

1191

01:00:44,890 --> 01:00:40,759

you know he said went on with all this

1192

01:00:49,289 --> 01:00:44,900

the fact that it reflects these these

1193

01:00:52,179 --> 01:00:49,299

mysterious people is really intriguing

1194

01:00:55,239 --> 01:00:52,189

you know yet you have to wonder and that

1195

01:00:57,429 --> 01:00:55,249

it goes back to you know were that were

1196

01:00:59,949 --> 01:00:57,439

the people my dad and the guy he was

1197

01:01:02,109 --> 01:00:59,959

with the the people that they

1198

01:01:03,910 --> 01:01:02,119

encountered in pay underground you know

1199

01:01:07,499 --> 01:01:03,920

were they the moon-eyed people of the

1200

01:01:09,759 --> 01:01:07,509

cherokee and and were they just you know

1201  
01:01:11,589 --> 01:01:09,769  
another group of humans that had gone

1202  
01:01:12,130 --> 01:01:11,599  
underground but they weren't the ones in

1203  
01:01:13,809 --> 01:01:12,140  
possessing

1204  
01:01:14,260 --> 01:01:13,819  
possession of the technologies I said a

1205  
01:01:22,480 --> 01:01:14,270  
few moment

1206  
01:01:30,490 --> 01:01:22,490  
before in it begins to it begins to have

1207  
01:01:35,080 --> 01:01:30,500  
a texture that is less simple but the

1208  
01:01:37,930 --> 01:01:35,090  
the group that that your father and and

1209  
01:01:41,200 --> 01:01:37,940  
his group encountered in the cavern so I

1210  
01:01:42,910 --> 01:01:41,210  
mean one of them had the four wonderful

1211  
01:01:46,420 --> 01:01:42,920  
better description the prover real magic

1212  
01:01:49,810 --> 01:01:46,430  
wand that was able to just basically

1213  
01:01:54,820 --> 01:01:49,820

shut one of these guys off yeah hallo -

1214

01:01:56,860 --> 01:01:54,830

hallo - and it was just aimed at the guy

1215

01:01:58,900 --> 01:01:56,870

and as my dad described he was dead

1216

01:02:01,150 --> 01:01:58,910

before he hit the ground now in my book

1217

01:02:05,650 --> 01:02:01,160

what's interesting about that is the

1218

01:02:11,610 --> 01:02:05,660

chakra la in his work from about 25-30

1219

01:02:15,640 --> 01:02:11,620

years ago he writes about us a UFO

1220

01:02:18,790 --> 01:02:15,650

sighting and encounter eighteen counter

1221

01:02:21,610 --> 01:02:18,800

ostensibly et encounter an encounter

1222

01:02:25,150 --> 01:02:21,620

with a UFO occupant in which the UFO

1223

01:02:28,240 --> 01:02:25,160

occupants are humanoid also had a hollow

1224

01:02:30,640 --> 01:02:28,250

- and you know pointed at someone in

1225

01:02:33,370 --> 01:02:30,650

there stung you know like a with a

1226

01:02:36,970 --> 01:02:33,380

thousand needles and that was just in

1227

01:02:39,850 --> 01:02:36,980

the early to mid 60's you know less than

1228

01:02:42,940 --> 01:02:39,860

ten years after my dad you know as

1229

01:02:46,210 --> 01:02:42,950

according to him had encountered you

1230

01:02:47,890 --> 01:02:46,220

know a very similar or same being or at

1231

01:02:51,940 --> 01:02:47,900

least that same technology underground

1232

01:02:54,670 --> 01:02:51,950

in 1958 in Arizona and this UFO story

1233

01:02:57,640 --> 01:02:54,680

which valet writes about I believe

1234

01:03:03,990 --> 01:02:57,650

happened in Nebraska which you know you

1235

01:03:07,090 --> 01:03:04,000

have the Midwest there would it's in the

1236

01:03:12,240 --> 01:03:07,100

subterranean realm you know as its

1237

01:03:18,160 --> 01:03:16,180

so oh wow I mean if you've got the

1238

01:03:19,270 --> 01:03:18,170

Cherokees talking about moon people that

1239

01:03:21,220 --> 01:03:19,280

lived under the ground you know back

1240

01:03:23,470 --> 01:03:21,230

there in Tennessee well there you go

1241

01:03:25,720 --> 01:03:23,480

they're all over the continent under the

1242

01:03:28,049 --> 01:03:25,730

surface oh yeah well I mean you know I

1243

01:03:31,019 --> 01:03:28,059

live I live here in southern India

1244

01:03:33,719 --> 01:03:31,029

Anna and I mean you know the Native

1245

01:03:35,519 --> 01:03:33,729

Americans who lived here every day they

1246

01:03:38,939 --> 01:03:35,529

talked about the moon eyed people as

1247

01:03:41,579 --> 01:03:38,949

well yeah you know in fact I and I can't

1248

01:03:43,349 --> 01:03:41,589

remember I think it was the tribe now

1249

01:03:44,519 --> 01:03:43,359

known as the Delaware that's that's not

1250

01:03:46,949 --> 01:03:44,529

what they called themselves when they

1251

01:03:48,689 --> 01:03:46,959

came here but they said that you know

1252

01:03:51,959 --> 01:03:48,699

what they were crossing you know the

1253

01:03:54,329 --> 01:03:51,969

Mississippi from what would have been

1254

01:03:58,109 --> 01:03:54,339

probably like Missouri into Illinois and

1255

01:04:01,380 --> 01:03:58,119

I mean they ran smack into the moon eyed

1256

01:04:06,989 --> 01:04:01,390

people and and started you know driving

1257

01:04:12,299 --> 01:04:06,999

them out probably into Tennessee well

1258

01:04:17,789 --> 01:04:12,309

now you have the person that you call

1259

01:04:22,620 --> 01:04:17,799

your mentor and uh he he he also

1260

01:04:24,479 --> 01:04:22,630

discussed with you what had happened to

1261

01:04:28,759 --> 01:04:24,489

your father and I mean and he basically

1262

01:04:31,559 --> 01:04:28,769

I mean he did he confirm to you that

1263

01:04:37,890 --> 01:04:31,569

what your father was telling you was was

1264

01:04:41,370 --> 01:04:37,900

true in word yes he essentially told me

1265

01:04:45,209 --> 01:04:41,380

that my dad's version is what happened

1266

01:04:49,259 --> 01:04:45,219

and he encouraged me to draw more out of

1267

01:04:51,449 --> 01:04:49,269

my dad over the years and this is what

1268

01:04:54,029 --> 01:04:51,459

you know when people say well how come

1269

01:04:55,229 --> 01:04:54,039

you haven't just embraced the the you

1270

01:04:57,809 --> 01:04:55,239

know the idea that maybe it was just

1271

01:05:00,989 --> 01:04:57,819

early man space tempt or you know the

1272

01:05:04,650 --> 01:05:00,999

the more mundane down-to-earth version

1273

01:05:08,779 --> 01:05:04,660

well it's hard for me too because you

1274

01:05:12,059 --> 01:05:08,789

know my mentor was I have no idea what

1275

01:05:14,669 --> 01:05:12,069

the level of what his rank was when you

1276

01:05:16,349 --> 01:05:14,679

know he because he was in the army he

1277

01:05:18,630 --> 01:05:16,359

was involved army intelligence he passed

1278

01:05:23,069 --> 01:05:18,640

away a little over a year ago mm-hm so I

1279

01:05:25,829 --> 01:05:23,079

can talk a little more about him and you

1280

01:05:28,469 --> 01:05:25,839

know this was a guy who he never gave me

1281

01:05:31,589 --> 01:05:28,479

any reason to doubt anything he ever

1282

01:05:34,620 --> 01:05:31,599

told me you know many times there were

1283

01:05:36,719 --> 01:05:34,630

things he told me that you know I would

1284

01:05:38,780 --> 01:05:36,729

check on it and it was true or you know

1285

01:05:43,670 --> 01:05:38,790

proved to be true and

1286

01:05:47,150 --> 01:05:43,680

so yeah you know I essentially you know

1287

01:05:49,310 --> 01:05:47,160

kind of in a way I took I took

1288

01:05:53,690 --> 01:05:49,320

instruction from him some people might

1289

01:05:58,090 --> 01:05:53,700

call marching orders and so and I don't

1290

01:06:05,060 --> 01:06:02,120

yeah so here you have you know him

1291

01:06:08,530 --> 01:06:05,070

telling me you know your dad's version

1292

01:06:11,800 --> 01:06:08,540

is is what happened get more out of him

1293

01:06:14,690 --> 01:06:11,810

you know he's the one that first really

1294

01:06:20,150 --> 01:06:14,700

started telling me about Wilson into

1295

01:06:25,010 --> 01:06:20,160

Wilson was and you know so I'm coming

1296

01:06:26,960 --> 01:06:25,020

from that perspective this is why I in

1297

01:06:29,359 --> 01:06:26,970

the book I don't I leave it to the

1298

01:06:31,700 --> 01:06:29,369

reader I usually do this in my books you

1299

01:06:34,340 --> 01:06:31,710

know I have no qualms about you know

1300

01:06:36,410 --> 01:06:34,350

usually saying my position on things but

1301

01:06:37,849 --> 01:06:36,420

I'd like to leave it to the to the

1302

01:06:40,700 --> 01:06:37,859

reader or the listener to decide for

1303

01:06:45,020 --> 01:06:40,710

themselves I'm not trying to force fully

1304

01:06:48,530 --> 01:06:45,030

convince anybody in many but see I think

1305

01:06:51,020 --> 01:06:48,540

that there's more to it than just a

1306

01:06:53,750 --> 01:06:51,030

story that was planted in my dad's head

1307

01:06:55,340 --> 01:06:53,760

as I go into in great detail in the book

1308

01:06:57,500 --> 01:06:55,350

because the technology to do that

1309

01:06:59,330 --> 01:06:57,510

certainly existed and was being

1310

01:07:02,510 --> 01:06:59,340

developed by the Air Force at that time

1311

01:07:05,359 --> 01:07:02,520

so it must be considered however between

1312

01:07:08,210 --> 01:07:05,369

what my mentor told me and other

1313

01:07:11,990 --> 01:07:08,220

personal experiences and investigations

1314

01:07:14,230 --> 01:07:12,000

I personally do not accept that as the

1315

01:07:18,260 --> 01:07:14,240

explanation for what happened there is

1316

01:07:23,120 --> 01:07:18,270

it's you know it could be as a good

1317

01:07:25,849 --> 01:07:23,130

friend of mine says it it's all of what

1318

01:07:28,310 --> 01:07:25,859

I suggested that what I wrote the book

1319

01:07:30,890 --> 01:07:28,320

that everything in there was a part of a

1320

01:07:33,410 --> 01:07:30,900

mix that their wall mind controls stuff

1321

01:07:35,930 --> 01:07:33,420

my mentor told me that they used the

1322

01:07:38,780 --> 01:07:35,940

monk control technology on my dad to

1323

01:07:40,790 --> 01:07:38,790

suppress his memories of what happened

1324

01:07:43,180 --> 01:07:40,800

down there okay no there's your bet

1325

01:07:46,340 --> 01:07:43,190

that's why I pursued the mind control a

1326

01:07:48,500 --> 01:07:46,350

thread in the book and you know of

1327

01:07:52,010 --> 01:07:48,510

course documented what I found in that

1328

01:07:56,080 --> 01:07:52,020

stuff I didn't know that's why I

1329

01:08:00,740 --> 01:07:56,090

you know pursued all the other things

1330

01:08:04,010 --> 01:08:00,750

because they're all in the mix why that

1331

01:08:06,710 --> 01:08:04,020

and that was the reason that I brought

1332

01:08:08,980 --> 01:08:06,720

up your mentor is because I mean you you

1333

01:08:12,530 --> 01:08:08,990

had you have some just really

1334

01:08:14,750 --> 01:08:12,540

fascinating chapters about the whole you

1335

01:08:16,789 --> 01:08:14,760

know like mkl - you know project

1336

01:08:20,059 --> 01:08:16,799

Bluebird and things like that and the

1337

01:08:22,160 --> 01:08:20,069

one thing that I did not know and I kind

1338

01:08:25,249 --> 01:08:22,170

of kicked myself now for not you know

1339

01:08:28,550 --> 01:08:25,259

not not realizing this beforehand was

1340

01:08:31,880 --> 01:08:28,560

that the Air Force and probably the Army

1341

01:08:34,820 --> 01:08:31,890

and Navy as well had their own mind

1342

01:08:36,950 --> 01:08:34,830

control projects at the CIA they weren't

1343

01:08:39,650 --> 01:08:36,960

alone you know in doing this kind of

1344

01:08:43,099 --> 01:08:39,660

research development and everybody

1345

01:08:45,260 --> 01:08:43,109

points to the 1973 church committee when

1346

01:08:47,930 --> 01:08:45,270

the CIA had to come clean before

1347

01:08:49,579 --> 01:08:47,940

Congress and admit to all the stuff they

1348

01:08:52,960 --> 01:08:49,589

were doing what I didn't know when I

1349

01:08:56,090 --> 01:08:52,970

state this in the book it blew my mind

1350

01:08:57,950 --> 01:08:56,100

what the what these people don't know is

1351

01:09:02,690 --> 01:08:57,960

is that the Department of Defense was

1352

01:09:04,640 --> 01:09:02,700

never compelled by Congress to reveal

1353

01:09:07,490 --> 01:09:04,650

what they had been doing with MKULTRA

1354

01:09:11,539 --> 01:09:07,500

technology never that everything that

1355

01:09:12,680 --> 01:09:11,549

the most enthusiastic military customer

1356

01:09:15,800 --> 01:09:12,690

of the MKULTRA

1357

01:09:20,240 --> 01:09:15,810

research by the CIA was the United

1358

01:09:23,090 --> 01:09:20,250

States Air Force okay and they broke off

1359

01:09:25,970 --> 01:09:23,100

and started doing their own MKULTRA

1360

01:09:29,480 --> 01:09:25,980

program which the CIA was not privy to

1361

01:09:31,550 --> 01:09:29,490

and this was never ordered to be

1362

01:09:32,900 --> 01:09:31,560

revealed by any congressional committee

1363

01:09:36,079 --> 01:09:32,910

certainly not the Church Committee in

1364

01:09:39,140 --> 01:09:36,089

1973 so to this day we don't know

1365

01:09:44,059 --> 01:09:39,150

exactly what the US Air Force or the

1366

01:09:47,059 --> 01:09:44,069

military has done with MKULTRA hmm why

1367

01:09:49,130 --> 01:09:47,069

I'm in a barrel we're not quite Demming

1368

01:09:51,559 --> 01:09:49,140

I'm not condemning I mean I am an Air

1369

01:09:54,440 --> 01:09:51,569

Force officer okay and I discuss in the

1370

01:09:56,960 --> 01:09:54,450

book that you know if applications may

1371

01:09:59,690 --> 01:09:56,970

not be as nefarious as some people will

1372

01:10:03,729 --> 01:09:59,700

need your and assume that it is I'm just

1373

01:10:06,310 --> 01:10:03,739

saying that's a fact no no

1374

01:10:09,130 --> 01:10:06,320

all right well we are at our bottom of

1375

01:10:11,070 --> 01:10:09,140

the our break here Walter so I want to

1376

01:10:15,550 --> 01:10:11,080

take up this thread of the conversation

1377

01:10:17,650 --> 01:10:15,560

when we come back so you're listening to

1378

01:10:20,979 --> 01:10:17,660

exploring the bizarre we're talking with

1379

01:10:23,050 --> 01:10:20,989

Walter Bosley and I'm Tim Swartz

1380

01:10:25,840 --> 01:10:23,060

anxiously awaiting to go to Tim Beckwith

1381

01:10:38,370 --> 01:10:25,850

birthday party next door serves 18 for

1382

01:10:41,290 --> 01:10:38,380

more now back to exploring the bizarre

1383

01:10:44,050 --> 01:10:41,300

with two of the most in-depth refining

1384

01:10:45,729 --> 01:10:44,060

researchers in apparel your hosts

1385

01:10:51,070 --> 01:10:45,739

Timothy Rebecca Lee

1386

01:10:53,860 --> 01:10:51,080

Anton Schwartz all right welcome back to

1387

01:10:57,250 --> 01:10:53,870

the final segment of exploring bizarre

1388

01:11:01,209 --> 01:10:57,260

and tonight we have Walter Bosley with

1389

01:11:05,550 --> 01:11:01,219

us and so I want to talk a little bit

1390

01:11:08,370 --> 01:11:05,560

more Walter about the the whole

1391

01:11:10,840 --> 01:11:08,380

possibility that you brought up that

1392

01:11:13,959 --> 01:11:10,850

what your dad may have experienced may

1393

01:11:18,820 --> 01:11:13,969

have been part of some kind of mind

1394

01:11:21,580 --> 01:11:18,830

control project and and and I and I

1395

01:11:25,000 --> 01:11:21,590

should point out also that you know the

1396

01:11:28,540 --> 01:11:25,010

we know about the CIA's MKULTRA and all

1397

01:11:32,890 --> 01:11:28,550

those but we only know just my neut part

1398

01:11:34,420 --> 01:11:32,900

of it because so much of the the

1399

01:11:38,709 --> 01:11:34,430

paperwork involving this was

1400

01:11:42,160 --> 01:11:38,719

mysteriously destroyed at one point yeah

1401

01:11:44,229 --> 01:11:42,170

so I mean what what we do know is just a

1402

01:11:47,200 --> 01:11:44,239

small segment I mean you know God knows

1403

01:11:48,880 --> 01:11:47,210

you know just you know what kind of wild

1404

01:11:52,810 --> 01:11:48,890

things to do every what we what we do

1405

01:11:56,590 --> 01:11:52,820

know seems you know like the plot of bad

1406

01:12:02,229 --> 01:11:56,600

movies so now and like I said before you

1407

01:12:05,130 --> 01:12:02,239

know I had no idea that the military was

1408

01:12:10,270 --> 01:12:05,140

also involved in their own mind control

1409

01:12:12,340 --> 01:12:10,280

research and developments so what's the

1410

01:12:15,430 --> 01:12:12,350

possibility that you think and the

1411

01:12:16,430 --> 01:12:15,440

reasons that you know what had happened

1412

01:12:19,070 --> 01:12:16,440

to your dad

1413

01:12:23,480 --> 01:12:19,080

may have been some kind of for whatever

1414

01:12:26,260 --> 01:12:23,490

reason you know mind-control experiment

1415

01:12:31,720 --> 01:12:26,270

or what have you on him

1416

01:12:37,040 --> 01:12:31,730

well I'm then that they definitely used

1417

01:12:40,160 --> 01:12:37,050

the MKULTRA technology to attempt to

1418

01:12:43,840 --> 01:12:40,170

suppress his memories of whatever it was

1419

01:12:48,110 --> 01:12:43,850

that happened you know that summer 1958

1420

01:12:53,480 --> 01:12:48,120

in eastern Arizona to him now

1421

01:12:57,920 --> 01:12:53,490

it's because it's possible that the

1422

01:13:01,580 --> 01:12:57,930

entire narrative that he would give was

1423

01:13:05,840 --> 01:13:01,590

implanted you know that's why you know I

1424

01:13:07,820 --> 01:13:05,850

feel it's it's only right for me to

1425

01:13:12,020 --> 01:13:07,830

present that you know as I did in the

1426

01:13:14,690 --> 01:13:12,030

book it plant an implanted narrative or

1427

01:13:16,220 --> 01:13:14,700

a planted narrative is exactly some of

1428

01:13:18,280 --> 01:13:16,230

the stuff they were working on one of

1429

01:13:22,250 --> 01:13:18,290

the things they were were trying to

1430

01:13:24,830 --> 01:13:22,260

achieve with MKULTRA okay when you look

1431

01:13:27,620 --> 01:13:24,840

at the MKULTRA history planted narrative

1432

01:13:30,860 --> 01:13:27,630

was one of the exact things that they

1433

01:13:34,280 --> 01:13:30,870

were trying to do and suppressing memory

1434

01:13:36,590 --> 01:13:34,290

was another so here I have somebody

1435

01:13:39,680 --> 01:13:36,600

who's essentially a superior officer by

1436

01:13:42,260 --> 01:13:39,690

mentor telling me that that's exactly

1437

01:13:45,580 --> 01:13:42,270

what they did to my dad when I go back

1438

01:13:48,020 --> 01:13:45,590

and you know analyze his behavior

1439

01:13:49,280 --> 01:13:48,030

throughout his life through the years I

1440

01:13:53,840 --> 01:13:49,290

knew him

1441

01:13:57,880 --> 01:13:53,850

it matches the descriptions of you know

1442

01:14:01,640 --> 01:13:57,890

other people who underwent this stuff

1443

01:14:03,710 --> 01:14:01,650

so at the minimum level I am convinced

1444

01:14:06,020 --> 01:14:03,720

that they absolutely applied this stuff

1445

01:14:08,180 --> 01:14:06,030

to him but you know it's possible that

1446

01:14:10,250 --> 01:14:08,190

the maximum level was that this whole

1447

01:14:12,880 --> 01:14:10,260

thing was a plan in narrative except for

1448

01:14:15,980 --> 01:14:12,890

me personally the fact that my mentor

1449

01:14:21,260 --> 01:14:15,990

told me that his narrative was what

1450

01:14:24,380 --> 01:14:21,270

happened to me that just kind of throws

1451

01:14:29,390 --> 01:14:24,390

it in a spin I personally can't dismiss

1452

01:14:30,350 --> 01:14:29,400

it all as an MKULTRA fabrication mm-hmm

1453

01:14:32,800 --> 01:14:30,360

personally but

1454

01:14:36,430 --> 01:14:32,810

I can totally understand why the reader

1455

01:14:38,959 --> 01:14:36,440

objectives in one house but my life

1456

01:14:41,870 --> 01:14:38,969

experiences objective they only know

1457

01:14:43,640 --> 01:14:41,880

through what I presented I can I totally

1458

01:14:47,180 --> 01:14:43,650

recognize why they could perfectly

1459

01:14:51,229 --> 01:14:47,190

accept it as an entail trip air force

1460

01:14:53,600 --> 01:14:51,239

fabrication to cover something else well

1461

01:14:55,490 --> 01:14:53,610

and that's had that was good we like you

1462

01:15:00,140 --> 01:14:55,500

in my next video my next question is

1463

01:15:01,729 --> 01:15:00,150

that okay why why do that to you know

1464

01:15:05,750 --> 01:15:01,739

why do that to your dad I mean you know

1465

01:15:07,729 --> 01:15:05,760

if he was you know like a good good good

1466

01:15:12,320 --> 01:15:07,739

soldier you know doing doing what he was

1467

01:15:14,330 --> 01:15:12,330

supposed to you know an expert in uh you

1468

01:15:18,080 --> 01:15:14,340

know several different fields you know

1469

01:15:22,419 --> 01:15:18,090

why would they then use him for some

1470

01:15:26,090 --> 01:15:22,429

kind of weird-ass mind-control

1471

01:15:27,500 --> 01:15:26,100

experiment you know and and then come up

1472

01:15:32,260 --> 01:15:27,510

with some kind of you know just just

1473

01:15:35,209 --> 01:15:32,270

totally off-the-wall story of you know

1474

01:15:38,060 --> 01:15:35,219

crashed airships and sub training you

1475

01:15:41,419 --> 01:15:38,070

know kingdoms and things like that

1476

01:15:42,859 --> 01:15:41,429

alright well let's go back to people say

1477

01:15:44,750 --> 01:15:42,869

well why would he be briefed on

1478

01:15:46,520 --> 01:15:44,760

something like Roswell why would he be

1479

01:15:50,030 --> 01:15:46,530

involved in this well and he was in the

1480

01:15:53,629 --> 01:15:50,040

aviation medicine specialty that command

1481

01:15:57,410 --> 01:15:53,639

okay and it was US Air Force aviation

1482

01:16:00,890 --> 01:15:57,420

medicine command that was running the

1483

01:16:03,709 --> 01:16:00,900

air force MKULTRA technology development

1484

01:16:05,209 --> 01:16:03,719

okay so he was in the very command that

1485

01:16:06,649 --> 01:16:05,219

was playing this stuff that was

1486

01:16:11,229 --> 01:16:06,659

developing this stuff for the Air Force

1487

01:16:14,570 --> 01:16:11,239

so number one he would be a logical

1488

01:16:20,240 --> 01:16:14,580

guinea pig you know it would be part of

1489

01:16:22,790 --> 01:16:20,250

his duties you know or it would be

1490

01:16:24,410 --> 01:16:22,800

logical that he would be selected being

1491

01:16:28,370 --> 01:16:24,420

personnel that's already in aviation

1492

01:16:31,310 --> 01:16:28,380

medicine right right to let whatever

1493

01:16:35,060 --> 01:16:31,320

happen to him and I I am convinced that

1494

01:16:38,050 --> 01:16:35,070

something happened in Arizona whatever

1495

01:16:42,370 --> 01:16:38,060

happened to him that they needed to

1496

01:16:46,160 --> 01:16:42,380

cover was

1497

01:16:48,919 --> 01:16:46,170

theoretically to them so important so

1498

01:16:52,640 --> 01:16:48,929

dire to national security that it was

1499

01:16:57,709 --> 01:16:52,650

worth planting this wild narrative into

1500

01:17:00,560 --> 01:16:57,719

his head to keep him from exposing you

1501

01:17:02,360 --> 01:17:00,570

know whatever this this was okay now you

1502

01:17:05,360 --> 01:17:02,370

got to remember let's go back it's the

1503

01:17:08,240 --> 01:17:05,370

late 1950s the cold really you know

1504

01:17:09,830 --> 01:17:08,250

cranked up okay where everybody's afraid

1505

01:17:12,560 --> 01:17:09,840

that you know at any minute the Russians

1506

01:17:16,390 --> 01:17:12,570

could you know wipe us out or take over

1507

01:17:19,939 --> 01:17:16,400

the world and and when you're you know

1508

01:17:23,240 --> 01:17:19,949

dealing with either an attempt at man

1509

01:17:27,410 --> 01:17:23,250

space travel or as I say in the book by

1510

01:17:30,590 --> 01:17:27,420

1958 perhaps the the first steps towards

1511

01:17:33,860 --> 01:17:30,600

you know a a real secret space program

1512

01:17:35,959 --> 01:17:33,870

okay this would have been considered of

1513

01:17:38,990 --> 01:17:35,969

utmost importance

1514

01:17:40,850 --> 01:17:39,000

okay more important even than you know

1515

01:17:43,399 --> 01:17:40,860

people knowing where our missiles are

1516

01:17:46,610 --> 01:17:43,409

located but really from certain

1517

01:17:47,990 --> 01:17:46,620

perspectives so naturally from that

1518

01:17:50,390 --> 01:17:48,000

point of view you got to put yourself

1519

01:17:54,080 --> 01:17:50,400

back in 1958 you can't look at this from

1520

01:17:56,390 --> 01:17:54,090

the eyes of 2017 or even 1978 okay you

1521

01:17:59,120 --> 01:17:56,400

got to go back to 1958 these guys had

1522

01:18:00,410 --> 01:17:59,130

this tool this MKULTRA tool right and

1523

01:18:01,760 --> 01:18:00,420

again I don't believe they were

1524

01:18:03,890 --> 01:18:01,770

developing this because they were a

1525

01:18:05,959 --> 01:18:03,900

bunch of nefarious mad scientist okay

1526

01:18:09,110 --> 01:18:05,969

that's that's for people who are just

1527

01:18:10,340 --> 01:18:09,120

paranoid and you know the end is near

1528

01:18:13,850 --> 01:18:10,350

and they're living out in the woods

1529

01:18:17,060 --> 01:18:13,860

gripping their guns okay I disagree with

1530

01:18:19,490 --> 01:18:17,070

those people um this was a tool that at

1531

01:18:23,930 --> 01:18:19,500

the time in their mindset within their

1532

01:18:27,290 --> 01:18:23,940

context in 1958 okay this was a tool to

1533

01:18:29,209 --> 01:18:27,300

use and so you know certainly they would

1534

01:18:31,250 --> 01:18:29,219

have learned after this oh crap we can't

1535

01:18:33,260 --> 01:18:31,260

do that it drives these people crazy or

1536

01:18:34,970 --> 01:18:33,270

you know this guy starts talking in his

1537

01:18:42,380 --> 01:18:34,980

son 30 years later write the damn book

1538

01:18:47,270 --> 01:18:42,390

about you know but you know so it could

1539

01:18:51,590 --> 01:18:47,280

be that they just thought that this was

1540

01:18:55,550 --> 01:18:51,600

the best tool they had at the time to

1541

01:18:57,910 --> 01:18:55,560

cover what really happened in Arizona

1542

01:19:01,520 --> 01:18:57,920

and you know like my mentor told me

1543

01:19:05,480 --> 01:19:01,530

really the suppression worked for you

1544

01:19:08,570 --> 01:19:05,490

know at least 15 years because if this

1545

01:19:13,420 --> 01:19:08,580

was done in 1958 you know he didn't

1546

01:19:16,550 --> 01:19:13,430

start talking about this till 1973 so

1547

01:19:19,550 --> 01:19:16,560

you know it started to break down after

1548

01:19:22,910 --> 01:19:19,560

15 years but maybe by then you know okay

1549

01:19:25,730 --> 01:19:22,920

so what we kept a tight lid on it for

1550

01:19:27,440 --> 01:19:25,740

that first five years of that first ten

1551

01:19:29,390 --> 01:19:27,450

years which we did more critical and

1552

01:19:31,340 --> 01:19:29,400

besides if he starts talking with the

1553

01:19:32,960 --> 01:19:31,350

reason we've planted this wild narrative

1554

01:19:34,910 --> 01:19:32,970

in his head is so that it sounds wild

1555

01:19:36,710 --> 01:19:34,920

and crazy and no one will listen or

1556

01:19:41,780 --> 01:19:36,720

believe it mm-hmm

1557

01:19:46,340 --> 01:19:41,790

you know um well and you mentioned in

1558

01:19:49,550 --> 01:19:46,350

your book that your dad did seem to

1559

01:19:51,770 --> 01:19:49,560

exhibit the personality traits of

1560

01:19:57,260 --> 01:19:51,780

somebody who had been under the

1561

01:20:02,330 --> 01:19:57,270

influence of my control techniques um it

1562

01:20:04,760 --> 01:20:02,340

was he was a medic depressive or coal

1563

01:20:06,740 --> 01:20:04,770

now he was never diagnosed with this you

1564

01:20:09,590 --> 01:20:06,750

know back in those days no men didn't go

1565

01:20:10,610 --> 01:20:09,600

to psychiatric counseling particularly

1566

01:20:15,350 --> 01:20:10,620

if you were in the national security

1567

01:20:17,840 --> 01:20:15,360

field I can tell even today you know you

1568

01:20:21,080 --> 01:20:17,850

tough it out you you I'm not speaking

1569

01:20:23,570 --> 01:20:21,090

for everybody but particularly my dad's

1570

01:20:25,460 --> 01:20:23,580

gay you know you didn't you just toughed

1571

01:20:26,690 --> 01:20:25,470

it out now yeah what they called

1572

01:20:30,560 --> 01:20:26,700

manic-depressive then they I believe

1573

01:20:33,950 --> 01:20:30,570

they called bipolar now me as I say in

1574

01:20:36,860 --> 01:20:33,960

the book you know my dad very probably

1575

01:20:39,920 --> 01:20:36,870

had that on a lower level but whatever

1576

01:20:42,470 --> 01:20:39,930

they did to him with this MKULTRA stuff

1577

01:20:43,880 --> 01:20:42,480

to suppress and they they keyed it to

1578

01:20:46,640 --> 01:20:43,890

the moon and that's another thing I want

1579

01:20:47,840 --> 01:20:46,650

to make a comment about they keyed it to

1580

01:20:49,400 --> 01:20:47,850

the cycles of the moon

1581

01:20:52,670 --> 01:20:49,410

specifically the full moon it would

1582

01:20:55,340 --> 01:20:52,680

reset every month of his life after that

1583

01:20:57,080 --> 01:20:55,350

yeah and that's well what I want to say

1584

01:20:58,850 --> 01:20:57,090

about that was they were always looking

1585

01:21:00,020 --> 01:20:58,860

when you look at the MKULTRA history one

1586

01:21:02,630 --> 01:21:00,030

of the things they're always looking for

1587

01:21:05,240 --> 01:21:02,640

was how can we keep this this

1588

01:21:07,970 --> 01:21:05,250

suppression locked in place and have it

1589

01:21:09,470 --> 01:21:07,980

be self-service so we don't have to keep

1590

01:21:11,660 --> 01:21:09,480

pulling the guy in here to suppress

1591

01:21:13,850 --> 01:21:11,670

what do we put in place that just

1592

01:21:17,300 --> 01:21:13,860

automatically removes the suppression

1593

01:21:19,730 --> 01:21:17,310

and I was told by my mentor that when

1594

01:21:21,200 --> 01:21:19,740

they did the suppression mind technology

1595

01:21:23,300 --> 01:21:21,210

- and they keyed it to the full moon

1596

01:21:25,280 --> 01:21:23,310

that every time a full moon would come

1597

01:21:27,500 --> 01:21:25,290

around it would be reactivated now I

1598

01:21:29,930 --> 01:21:27,510

married that with what I read in actual

1599

01:21:32,300 --> 01:21:29,940

in cables ultra history where they were

1600

01:21:34,430 --> 01:21:32,310

talking about how much they were looking

1601  
01:21:37,250 --> 01:21:34,440  
for a key as I say in the book I'm

1602  
01:21:41,420 --> 01:21:37,260  
convinced that the Air Force discovered

1603  
01:21:43,340 --> 01:21:41,430  
the key and that was a will heat to the

1604  
01:21:45,800 --> 01:21:43,350  
moon every time this man sees the full

1605  
01:21:47,740 --> 01:21:45,810  
moon now what I think is that what they

1606  
01:21:50,450 --> 01:21:47,750  
did to him going back to that

1607  
01:21:53,600 --> 01:21:50,460  
exacerbated whatever low level bipolar

1608  
01:21:57,370 --> 01:21:53,610  
he was you know he suffered naturally

1609  
01:22:00,380 --> 01:21:57,380  
mm-hmm and it just kind of made it worse

1610  
01:22:03,620 --> 01:22:00,390  
because my dad was a moody guy he would

1611  
01:22:05,840 --> 01:22:03,630  
and and you know as I say in the book

1612  
01:22:07,670 --> 01:22:05,850  
talk about personal experiences as a kid

1613  
01:22:09,080 --> 01:22:07,680

you know you could be at Disneyland on

1614

01:22:10,580 --> 01:22:09,090

the most beautiful spring day and

1615

01:22:12,230 --> 01:22:10,590

everybody you know everything's you know

1616

01:22:14,000 --> 01:22:12,240

daisies and roses and everyone's having

1617

01:22:16,400 --> 01:22:14,010

a wonderful time and my dad's in a bad

1618

01:22:17,960 --> 01:22:16,410

mood you know it was like and now he

1619

01:22:19,460 --> 01:22:17,970

wasn't one of those dads you see in the

1620

01:22:20,990 --> 01:22:19,470

movies that's you know yelling and

1621

01:22:22,520 --> 01:22:21,000

screaming and throwing beer bottles and

1622

01:22:24,950 --> 01:22:22,530

knocking everyone around and it was just

1623

01:22:26,600 --> 01:22:24,960

this you know dad's in a pissy mood so

1624

01:22:28,850 --> 01:22:26,610

you kind of had to walk on eggshells and

1625

01:22:32,510 --> 01:22:28,860

then it would pass and he wasn't you

1626  
01:22:34,040 --> 01:22:32,520  
know outgoing you know nice guy but you

1627  
01:22:35,750 --> 01:22:34,050  
know when I look back on that within the

1628  
01:22:40,040 --> 01:22:35,760  
context of what we're talking about here

1629  
01:22:43,040 --> 01:22:40,050  
that really stands out and really seems

1630  
01:22:45,250 --> 01:22:43,050  
to match what you know mkultra history

1631  
01:22:49,100 --> 01:22:45,260  
in the you know the case histories

1632  
01:22:50,510 --> 01:22:49,110  
present to us so you know some people

1633  
01:22:53,090 --> 01:22:50,520  
say well all this evidence is

1634  
01:22:56,690 --> 01:22:53,100  
circumstantial and contextual you'll

1635  
01:22:58,910 --> 01:22:56,700  
yeah you know there's a lot of people

1636  
01:23:01,190 --> 01:22:58,920  
rightfully in jail who are criminals

1637  
01:23:03,560 --> 01:23:01,200  
because of circumstantial evidence you

1638  
01:23:04,970 --> 01:23:03,570

know TV and theater and Hollywood have

1639

01:23:07,520 --> 01:23:04,980

convinced a bunch of people out there

1640

01:23:10,250 --> 01:23:07,530

that circumstantial evidence doesn't

1641

01:23:13,190 --> 01:23:10,260

count the silence I like that's a load

1642

01:23:15,260 --> 01:23:13,200

of BS there's been plenty of people

1643

01:23:17,570 --> 01:23:15,270

caught because of circumstantial

1644

01:23:20,090 --> 01:23:17,580

evidence and then you know or many of

1645

01:23:21,820 --> 01:23:20,100

them like oh damn it you got me you know

1646

01:23:23,180 --> 01:23:21,830

because of these circumstances

1647

01:23:25,400 --> 01:23:23,190

circumstances

1648

01:23:28,700 --> 01:23:25,410

count they do mean something they are

1649

01:23:30,530 --> 01:23:28,710

valid and you know that that's what I

1650

01:23:32,240 --> 01:23:30,540

took of my dad's story were these

1651  
01:23:34,700 --> 01:23:32,250  
circumstances and I looked at the

1652  
01:23:37,010 --> 01:23:34,710  
context and I look at the known details

1653  
01:23:39,370 --> 01:23:37,020  
of what we have and you know all so I

1654  
01:23:43,430 --> 01:23:39,380  
look at what I learned in my career and

1655  
01:23:45,200 --> 01:23:43,440  
you know it starts adding up but still I

1656  
01:23:47,689 --> 01:23:45,210  
present you know the multiple

1657  
01:23:50,120 --> 01:23:47,699  
possibilities and I let people decide

1658  
01:23:54,260 --> 01:23:50,130  
for themselves you know regardless of

1659  
01:23:57,410 --> 01:23:54,270  
what I think or I've concluded well and

1660  
01:24:01,640 --> 01:23:57,420  
I'm glad you did because it was like I

1661  
01:24:04,040 --> 01:24:01,650  
said that I had no idea that the

1662  
01:24:08,000 --> 01:24:04,050  
military would be doing their own

1663  
01:24:10,550 --> 01:24:08,010

mind-control experience an experiment

1664

01:24:14,420 --> 01:24:10,560

which I mean now that you think about it

1665

01:24:15,950 --> 01:24:14,430

that just makes total sense oh sure but

1666

01:24:18,439 --> 01:24:15,960

you know what are the other things and

1667

01:24:20,660 --> 01:24:18,449

and we're unfortunately rapidly running

1668

01:24:24,740 --> 01:24:20,670

out of time tonight but I just wanted to

1669

01:24:28,189 --> 01:24:24,750

a really quick ask you about this

1670

01:24:31,040 --> 01:24:28,199

character named Wilson that your father

1671

01:24:33,229 --> 01:24:31,050

talked about and and I'm so glad that

1672

01:24:36,500 --> 01:24:33,239

you mentioned this in the book because

1673

01:24:40,550 --> 01:24:36,510

the the the fiction book that you

1674

01:24:41,870 --> 01:24:40,560

brought up involving Wilson was I mean

1675

01:24:44,060 --> 01:24:41,880

there's I think there's like three of

1676

01:24:45,950 --> 01:24:44,070

them written in the series and boy you

1677

01:24:48,040 --> 01:24:45,960

know nobody ever talks about those books

1678

01:24:50,780 --> 01:24:48,050

I discovered them years and years ago

1679

01:24:51,890 --> 01:24:50,790

but boy nobody ever talks about those

1680

01:24:56,330 --> 01:24:51,900

but I'm glad you did

1681

01:25:00,439 --> 01:24:56,340

Oh harbors and yeah just as he relieved

1682

01:25:04,970 --> 01:25:00,449

Genesis well the Harbinson books you

1683

01:25:08,030 --> 01:25:04,980

know talk about Wilson as he's kind of a

1684

01:25:10,280 --> 01:25:08,040

villain oh that's oh yeah you know but

1685

01:25:12,229 --> 01:25:10,290

it's interesting how Harbinson

1686

01:25:14,240 --> 01:25:12,239

take on it and I would love to have had

1687

01:25:17,360 --> 01:25:14,250

a conversation or a verse Asian with him

1688

01:25:21,820 --> 01:25:17,370

about his source on Wilson because my

1689

01:25:26,540 --> 01:25:21,830

understanding my research in my sources

1690

01:25:28,729 --> 01:25:26,550

he's he's not that guy beyond being you

1691

01:25:30,140 --> 01:25:28,739

know my mentor said this about Wilson my

1692

01:25:31,669 --> 01:25:30,150

dad had started gibbering and about

1693

01:25:34,340 --> 01:25:31,679

Wilson when he was under heavy sedation

1694

01:25:35,500 --> 01:25:34,350

when he had a blood clot almost kill him

1695

01:25:37,240 --> 01:25:35,510

in 1991

1696

01:25:39,550 --> 01:25:37,250

and he kept mentioning the name Wilson

1697

01:25:42,070 --> 01:25:39,560

Wilson and and so you know I got on the

1698

01:25:44,979 --> 01:25:42,080

phone after the visit and I asked my

1699

01:25:46,479 --> 01:25:44,989

mentor I said who's Wilson he says it's

1700

01:25:48,310 --> 01:25:46,489

your dad talking about Wilson I'm like

1701

01:25:50,860 --> 01:25:48,320

yet he goes is there anyone else in the

1702

01:25:52,750 --> 01:25:50,870

room no he goes well don't let him talk

1703

01:25:56,229 --> 01:25:52,760

about Wilson oh there's any woman else

1704

01:25:58,600 --> 01:25:56,239

in the room and when I see you I'll tell

1705

01:25:59,830 --> 01:25:58,610

you what I can so then when I saw him I

1706

01:26:02,320 --> 01:25:59,840

think like a you know a couple weeks

1707

01:26:06,040 --> 01:26:02,330

later or so I asked him okay who is

1708

01:26:09,190 --> 01:26:06,050

Wilson and he told me that Wilson was

1709

01:26:13,570 --> 01:26:09,200

the most brilliant man in the world whom

1710

01:26:16,390 --> 01:26:13,580

you've never heard of hmm and as you

1711

01:26:19,030 --> 01:26:16,400

know I spoken and written much about

1712

01:26:21,640 --> 01:26:19,040

Wilson and the Wilsons because where he

1713

01:26:26,410 --> 01:26:21,650

comes from this line of curious

1714

01:26:28,270 --> 01:26:26,420

mysterious geniuses you know it and I've

1715

01:26:31,570 --> 01:26:28,280

spoken and written about them through

1716

01:26:37,150 --> 01:26:31,580

more than one book and I continue my my

1717

01:26:40,810 --> 01:26:37,160

pursuit of Wilson I mean and it seems to

1718

01:26:45,180 --> 01:26:40,820

me that wasn't there like you know

1719

01:26:49,690 --> 01:26:45,190

newspaper accounts of witnesses to these

1720

01:26:51,760 --> 01:26:49,700

early airship sightings where you know

1721

01:26:54,490 --> 01:26:51,770

people would come out and one guy you

1722

01:26:56,740 --> 01:26:54,500

know repeatedly so you know through

1723

01:26:59,140 --> 01:26:56,750

across the country identified himself as

1724

01:27:01,120 --> 01:26:59,150

Wilson yeah there were two there were

1725

01:27:03,100 --> 01:27:01,130

Tim Wilkins identified with the airship

1726

01:27:07,000 --> 01:27:03,110

ministry one of them was actually one of

1727

01:27:10,150 --> 01:27:07,010

the airship pilots and absolutely he had

1728

01:27:11,560 --> 01:27:10,160

very human you know when people say that

1729

01:27:13,840 --> 01:27:11,570

the 1890s era said mister is

1730

01:27:17,110 --> 01:27:13,850

extraterrestrials I just identified to

1731

01:27:18,850 --> 01:27:17,120

scream or shut them down could be s when

1732

01:27:22,330 --> 01:27:18,860

you look at the original thing they base

1733

01:27:26,020 --> 01:27:22,340

this all on the Aurora assumption Aurora

1734

01:27:29,260 --> 01:27:26,030

Texas was not an et the body was burned

1735

01:27:32,800 --> 01:27:29,270

beyond recognition one guy one guy said

1736

01:27:36,580 --> 01:27:32,810

maybe it's a spice man and everybody

1737

01:27:39,640 --> 01:27:36,590

today just ran with that it was a human

1738

01:27:41,410 --> 01:27:39,650

thing but the Wilson back then you know

1739

01:27:42,850 --> 01:27:41,420

told the guy asked a guy to mail some

1740

01:27:44,380 --> 01:27:42,860

letters for him and told them if he'd do

1741

01:27:46,600 --> 01:27:44,390

that that someday he would come take him

1742

01:27:49,060 --> 01:27:46,610

on a flight to South America and back in

1743

01:27:50,740 --> 01:27:49,070

the same day and

1744

01:27:52,839 --> 01:27:50,750

yeah so the Wilsons and there was a

1745

01:27:55,060 --> 01:27:52,849

Wilson in the Sonora Aero Club 40 years

1746

01:27:57,490 --> 01:27:55,070

before that that's will have to have

1747

01:28:02,649 --> 01:27:57,500

that conversation sometime because the

1748

01:28:06,790 --> 01:28:02,659

the whole Wilson part of it is just as

1749

01:28:08,910 --> 01:28:06,800

mysterious as the to a didn't am well

1750

01:28:12,550 --> 01:28:08,920

yeah well I mean especially considering

1751

01:28:15,790 --> 01:28:12,560

the story that your dad said about the

1752

01:28:17,560 --> 01:28:15,800

flying squares or the anti-gravity

1753

01:28:20,500 --> 01:28:17,570

squares yeah which is interesting

1754

01:28:25,750 --> 01:28:20,510

because gosh who what was it was on the

1755

01:28:29,020 --> 01:28:25,760

radio Mysterio so one time he had a guy

1756

01:28:32,410 --> 01:28:29,030

on there that talked about something

1757

01:28:33,609 --> 01:28:32,420

similar yeah in fact I was there in the

1758

01:28:36,490 --> 01:28:33,619

studio

1759

01:28:38,740 --> 01:28:36,500

g'nite of it Joe and also if you're

1760

01:28:42,700 --> 01:28:38,750

familiar with Tyler who runs secure team

1761

01:28:44,740 --> 01:28:42,710

ten in YouTube in the last week ran a

1762

01:28:48,100 --> 01:28:44,750

video were someone captured video and

1763

01:28:50,050 --> 01:28:48,110

pictures of something that is pretty

1764

01:28:53,080 --> 01:28:50,060

much darn near exact what my dad had

1765

01:28:55,300 --> 01:28:53,090

described that was demonstrated you know

1766

01:28:58,060 --> 01:28:55,310

that he saw demonstrated in the late 50s

1767

01:29:01,149 --> 01:28:58,070

out here in California by George Air

1768

01:29:03,580 --> 01:29:01,159

Force Base by the Wilsons and it was a

1769

01:29:05,859 --> 01:29:03,590

flying platform and this thing that that

1770

01:29:09,580 --> 01:29:05,869

secure team ten Tyler and secure team

1771

01:29:11,560 --> 01:29:09,590

ten had posted in a recent video for all

1772

01:29:14,350 --> 01:29:11,570

the world looks exactly like that so I

1773

01:29:16,260 --> 01:29:14,360

mend people check that out I'm all I'm

1774

01:29:19,270 --> 01:29:16,270

always suspicious though of anything

1775

01:29:21,819 --> 01:29:19,280

ufo-related that shows up on go to Betty

1776

01:29:24,189 --> 01:29:21,829

bunker you have to be you got a picnic

1777

01:29:25,780 --> 01:29:24,199

but you know out of all out of all the

1778

01:29:27,490 --> 01:29:25,790

things you know otherwise we just have

1779

01:29:29,530 --> 01:29:27,500

stories this is the first time

1780

01:29:34,350 --> 01:29:29,540

somebody's you know allegedly captured

1781

01:29:36,310 --> 01:29:34,360

something run a check judge for yourself

1782

01:29:39,550 --> 01:29:36,320

well you know it's interesting because

1783

01:29:42,129 --> 01:29:39,560

there was and and I'd have to go back

1784

01:29:44,830 --> 01:29:42,139

and try to find this guy's name but you

1785

01:29:47,910 --> 01:29:44,840

know there was a Russian scientist back

1786

01:29:49,839 --> 01:29:47,920

in the 50s who had some extremely

1787

01:29:55,540 --> 01:29:49,849

interesting though some people would

1788

01:29:59,669 --> 01:29:55,550

call it wild ideas about like insects

1789

01:30:02,320 --> 01:29:59,679

and the you know like they're they're a

1790

01:30:04,720 --> 01:30:02,330

Titan covering

1791

01:30:06,460 --> 01:30:04,730

and there's like these pictures of these

1792

01:30:08,650 --> 01:30:06,470

devices that he made and they basically

1793

01:30:12,340 --> 01:30:08,660

release we're platforms for the handle

1794

01:30:15,100 --> 01:30:12,350

on him that that he covered in these

1795

01:30:18,040 --> 01:30:15,110

insect shells and he said it would

1796

01:30:20,170 --> 01:30:18,050

create like an antigravity effective

1797

01:30:24,310 --> 01:30:20,180

just see these pictures from the 50s

1798

01:30:26,950 --> 01:30:24,320

shows this guy floating around yeah I

1799

01:30:30,520 --> 01:30:26,960

have to opt try to find that information

1800

01:30:31,930 --> 01:30:30,530

again about him but you know when when

1801  
01:30:33,820 --> 01:30:31,940  
you start talking about those platforms

1802  
01:30:36,880 --> 01:30:33,830  
that just made me think of that because

1803  
01:30:38,860 --> 01:30:36,890  
you know this guy you know he had it

1804  
01:30:41,980 --> 01:30:38,870  
basically and maybe it was just a matter

1805  
01:30:45,310 --> 01:30:41,990  
of convenience for him you know had like

1806  
01:30:47,200 --> 01:30:45,320  
a square platform with just like a

1807  
01:30:48,760 --> 01:30:47,210  
wooden handle attached to it for him to

1808  
01:30:55,450 --> 01:30:48,770  
hold on to it was like floating around

1809  
01:30:58,180 --> 01:30:55,460  
on it yeah well yeah Walter you know we

1810  
01:30:59,920 --> 01:30:58,190  
have about three and a half minutes left

1811  
01:31:02,230 --> 01:30:59,930  
to go in the show so I want to give you

1812  
01:31:04,420 --> 01:31:02,240  
the opportunity to let our listeners

1813  
01:31:07,780 --> 01:31:04,430

know where they can find out more about

1814

01:31:11,440 --> 01:31:07,790

1815

01:31:13,360 --> 01:31:11,450

your books and so on and so on okay well

1816

01:31:17,710 --> 01:31:13,370

1819

01:31:23,200 --> 01:31:21,710

long time without any then I go through

1820

01:31:26,010 --> 01:31:23,210

01:32:10,060 --> 01:32:06,020

1834  
01:32:12,910 --> 01:32:10,070  
just a 1/1 song guy I have interesting

1835  
01:32:14,640 --> 01:32:12,920  
interests beyond this stuff so look for

1836

1841

01:32:29,820 --> 01:32:26,590

really excellent fiction floating around

I write pulp novels you can find them

1845

01:32:42,600 --> 01:32:39,670

also at lulu.com if you go to Lulu calm

1846

01:32:44,850 --> 01:32:42,610

and put in Walter Bosley you'll find you

1847

01:32:47,370 --> 01:32:44,860

know the page where I sell these books

1848

01:32:52,830 --> 01:32:47,380

through my publishing label lost current

1849

01:32:56,280 --> 01:32:52,840

library my pulp novels I explore my

1850

01:32:58,830 --> 01:32:56,290

interest in arcane occult Sciences and

1851

01:33:01,560 --> 01:32:58,840

then other strange things but I also

1852

01:33:02,880 --> 01:33:01,570

write just good old-fashioned my new

1853

01:33:06,120 --> 01:33:02,890

pulp that's going to be coming up next

1854

01:33:08,910 --> 01:33:06,130

week is just Biddle you know kind of

1855

01:33:11,880 --> 01:33:08,920

like an Alistair MacLean novel you know

1856

01:33:14,850 --> 01:33:11,890

just men's action and with snowy

1857

01:33:20,100 --> 01:33:14,860

mountains and guns and you know lots of

1858

01:33:22,800 --> 01:33:20,110

thrills but you know I write a lot of

1859

01:33:26,010 --> 01:33:22,810

strange arcane stuff too and I've

1860

01:33:29,430 --> 01:33:26,020

written a time-travel novel which you

1861

01:33:34,650 --> 01:33:29,440

can also find there and there's going to

1862

01:33:35,550 --> 01:33:34,660

be a lot more fiction coming out so find

1863

01:33:39,420 --> 01:33:35,560

it all there

1864

01:33:43,080 --> 01:33:39,430

you know God's eyes I stepped in your

1865

01:33:48,360 --> 01:33:43,090

line there well unfortunately Walter f

1866

01:33:51,300 --> 01:33:48,370

related Tim's party so it he promised

1867

01:33:53,730 --> 01:33:51,310

that we could get in there and off it go

1868

01:33:59,709 --> 01:33:53,740

so Fleming had Tim Walter and I are

1869

01:34:06,189 --> 01:34:04,640

hello I think they're locking us out

1870

01:34:10,250 --> 01:34:06,199

[Music]

1871

01:34:11,360 --> 01:34:10,260

wow that was the best birthday party

1872

01:34:14,930 --> 01:34:11,370

ever

1873

01:34:20,120 --> 01:34:14,940

these girls so wretchedly wouldn't eat

1874

01:34:23,450 --> 01:34:20,130

the champagne and this went all night

1875

01:34:27,680 --> 01:34:23,460

long pretty - did a great job with the

1876  
01:34:30,660 --> 01:34:27,690  
show over here and replay I'll watch it

1877
