

INSIDE THE UFOS

LARRY
HANCOCK

PRESTON
DENNETT

1
00:00:37,470 --> 00:00:21,840

[Music]

2
00:00:44,430 --> 00:00:41,770

explore the bazaars are your e-ticket

3
00:00:47,710 --> 00:00:44,440

ride into the world of the paranoid

4
00:00:52,020 --> 00:00:47,720

strap yourself in as we traverse the

5
00:00:57,160 --> 00:00:52,030

universe exploring the unexplained UFO s

6
00:01:00,880 --> 00:00:57,170

ghosts Lost Worlds cryptozoology as well

7
00:01:05,109 --> 00:01:00,890

as other dimensions it's time to take

8
00:01:07,359 --> 00:01:05,119

back the night last night now your

9
00:01:17,969 --> 00:01:07,369

electrifying hosts of exploring the

10
00:01:25,480 --> 00:01:22,630

well Tim Timmy Schwartz come here mmm

11
00:01:28,660 --> 00:01:25,490

here look at different types of flying

12
00:01:31,359 --> 00:01:28,670

saucers in the sky Wow they're all

13
00:01:33,270 --> 00:01:31,369

around this this one overhead looks like

14

00:01:35,740 --> 00:01:33,280

it could be from Venus or Mars

15

00:01:41,109 --> 00:01:35,750

definitely extraterrestrial would you

16

00:01:43,450 --> 00:01:41,119

say oh come on and that was in front of

17

00:01:46,240 --> 00:01:43,460

us could be a Nazi time travel device we

18

00:01:50,590 --> 00:01:46,250

we've written about that numerous times

19

00:01:52,899 --> 00:01:50,600

I recognized the shape and in size hmm

20

00:01:56,590 --> 00:01:52,909

and and do you straight I think this

21

00:01:58,690 --> 00:01:56,600

strange-looking device but further

22

00:02:00,550 --> 00:01:58,700

arnout to be from the Inner Earth and

23

00:02:03,730 --> 00:02:00,560

might be driven by one of Richard

24

00:02:06,399 --> 00:02:03,740

shavers evil demented mutant dear Oh

25

00:02:08,320 --> 00:02:06,409

oh that could be definitely you could

26

00:02:10,960 --> 00:02:08,330

tell from the shape look at that would

27

00:02:13,000 --> 00:02:10,970

did weird device I mean that's not from

28

00:02:15,610 --> 00:02:13,010

Venus or Mars those are the loving guys

29

00:02:18,880 --> 00:02:15,620

these are the very spiteful dear oh

30

00:02:21,670 --> 00:02:18,890

they'll literally each alive and damn

31

00:02:24,009 --> 00:02:21,680

damn it ten if that one with the lid up

32

00:02:27,940 --> 00:02:24,019

portholes with the weird red glow inside

33

00:02:29,830 --> 00:02:27,950

must be Satan himself at the at the

34

00:02:33,640 --> 00:02:29,840

wheel boy look at that you can almost

35

00:02:36,460 --> 00:02:33,650

see him sticking his pitchfork out at us

36

00:02:42,130 --> 00:02:36,470

I'm sure I'm sure a lot of people would

37

00:02:45,729 --> 00:02:42,140

like to stick us with a fit for I hope

38

00:02:48,310 --> 00:02:45,739

that's his pitchfork sticking out oh hey

39

00:02:51,150 --> 00:02:48,320

this is this is broadcast live from Las

40

00:02:53,700 --> 00:02:51,160

Vegas over Casey or

41

00:02:55,050 --> 00:02:53,710

No and his Patriots we've got to report

42

00:02:57,360 --> 00:02:55,060

this right away

43

00:02:59,850 --> 00:02:57,370

I bet the CIA would be interested in

44

00:03:02,220 --> 00:02:59,860

finding out all they can about those

45

00:03:06,750 --> 00:03:02,230

flying saucers that have been seen in

46

00:03:08,430 --> 00:03:06,760

the sky and and you know I I think

47

00:03:11,670 --> 00:03:08,440

somehow we're gonna find our way inside

48

00:03:14,550 --> 00:03:11,680

the saucers tonight we got to get right

49

00:03:20,300 --> 00:03:14,560

in there you know go undercover and see

50

00:03:22,770 --> 00:03:20,310

what God's name is going on right Tim

51

00:03:23,970 --> 00:03:22,780

well I think we're the only ones

52

00:03:26,670 --> 00:03:23,980

interested anymore

53

00:03:28,890 --> 00:03:26,680

definitely the military isn't interested

54

00:03:31,590 --> 00:03:28,900

intelligence services aren't interested

55

00:03:35,220 --> 00:03:31,600

so it's up to us well in our two guests

56

00:03:39,380 --> 00:03:35,230

yes and why don't you why don't you tell

57

00:03:42,150 --> 00:03:39,390

everybody who we're going to partake

58

00:03:44,250 --> 00:03:42,160

from their knowledge of this evening

59

00:03:46,110 --> 00:03:44,260

sure well right now we have online

60

00:03:49,110 --> 00:03:46,120

Preston Dennett now press has been on

61

00:03:52,080 --> 00:03:49,120

the show before and so I mean we're

62

00:03:54,990 --> 00:03:52,090

we're all familiar with his fantastic

63

00:03:58,050 --> 00:03:55,000

books and just to remind everyone you

64

00:04:01,110 --> 00:03:58,060

know Preston began investigate him

65

00:04:03,180 --> 00:04:01,120

writing about UFOs in 1986 when he

66

00:04:05,640 --> 00:04:03,190

discovered that his family friends and

67

00:04:08,160 --> 00:04:05,650

co-workers were having just kind of like

68

00:04:10,230 --> 00:04:08,170

you know weird unexplained encounters

69

00:04:12,690 --> 00:04:10,240

and since then he has interviewed

70

00:04:15,330 --> 00:04:12,700

hundreds of witnesses and investigated a

71

00:04:17,909 --> 00:04:15,340

wide variety of a paranormal phenomena

72

00:04:20,099 --> 00:04:17,919

he's a field investigator for a MUFON

73

00:04:24,300 --> 00:04:20,109

ghost hunter a paranormal researcher and

74

00:04:27,180 --> 00:04:24,310

the author of many many books as well as

75

00:04:29,550 --> 00:04:27,190

just really fascinating articles for

76

00:04:33,690 --> 00:04:29,560

magazines this is fade Atlantis rising

77

00:04:38,700 --> 00:04:33,700

MUFON UFO journal and mysteries magazine

78

00:04:40,350 --> 00:04:38,710

yes I was the co-editor of that magazine

79

00:04:43,680 --> 00:04:40,360

so Preston you know glad to have you

80

00:04:45,960 --> 00:04:43,690

with us later on in the program we are

81

00:04:49,290 --> 00:04:45,970

going to have a larry hancock with us

82

00:04:52,620 --> 00:04:49,300

he'll will be joining us probably after

83

00:04:53,730 --> 00:04:52,630

the first series of breaks at the bottom

84

00:04:56,370 --> 00:04:53,740

of the hour but right now we have

85

00:04:57,930 --> 00:04:56,380

Preston so love the one you with I will

86

00:05:00,210 --> 00:04:57,940

Preston glad to have you with us well

87

00:05:04,900 --> 00:05:00,220

Preston good Beckley here in new york

88

00:05:09,310 --> 00:05:04,910

and that was tim schwartz-muth iain

89

00:05:11,770 --> 00:05:09,320

yeah big city big city but yeah we're

90

00:05:14,800 --> 00:05:11,780

going inside the saucers because that's

91

00:05:17,590 --> 00:05:14,810

your your your most recent book inside

92

00:05:20,290 --> 00:05:17,600

UFOs what's that all about I mean

93

00:05:22,710 --> 00:05:20,300

obviously you're not an abductee that I

94

00:05:26,710 --> 00:05:22,720

know of or a contact me you haven't been

95

00:05:28,480 --> 00:05:26,720

inside any UFO personally that I'm aware

96

00:05:31,480 --> 00:05:28,490

of unless something has happened since

97

00:05:36,160 --> 00:05:31,490

your last appearance on the show here so

98

00:05:38,260 --> 00:05:36,170

tell us about inside UFOs yeah sure

99

00:05:40,660 --> 00:05:38,270

thanks very much nice to talk to you

100

00:05:42,580 --> 00:05:40,670

guys again yeah wonderful ways having

101
00:05:44,350 --> 00:05:42,590
you on you've got a a wealth of

102
00:05:46,330 --> 00:05:44,360
information I mean you know we got

103
00:05:47,110 --> 00:05:46,340
something new to share and of course I

104
00:05:51,760 --> 00:05:47,120
owe you

105
00:05:55,120 --> 00:05:51,770
since the days of a UFO universe and

106
00:05:57,420 --> 00:05:55,130
it's spin-off publications you did

107
00:06:00,490 --> 00:05:57,430
dozens of articles for us with some very

108
00:06:02,170 --> 00:06:00,500
elaborate very nice artwork by your

109
00:06:04,570 --> 00:06:02,180
niece I believe right

110
00:06:08,200 --> 00:06:04,580
my sister-in-law your sister-in-law okay

111
00:06:11,020 --> 00:06:08,210
I know what was in the family right

112
00:06:12,700 --> 00:06:11,030
right no no I haven't been abducted yet

113
00:06:15,820 --> 00:06:12,710

though you know I'm ready to go any time

114

00:06:17,710 --> 00:06:15,830

if they're out there I just don't want

115

00:06:21,280 --> 00:06:17,720

any needles or you know probing or

116

00:06:24,250 --> 00:06:21,290

anything but otherwise yeah I'm good but

117

00:06:27,520 --> 00:06:24,260

yeah I've been very busy this is my

118

00:06:29,080 --> 00:06:27,530

latest book inside UFOs and what I like

119

00:06:32,140 --> 00:06:29,090

about this book is it's all my own

120

00:06:35,020 --> 00:06:32,150

research I've written a bunch of UFOs

121

00:06:37,570 --> 00:06:35,030

over various states and that draws on a

122

00:06:39,810 --> 00:06:37,580

big wide net of course or like UFO

123

00:06:42,370 --> 00:06:39,820

healings or different books like this

124

00:06:45,190 --> 00:06:42,380

but these are all my own cases and these

125

00:06:49,630 --> 00:06:45,200

are ten of probably be more extensive

126
00:06:52,240 --> 00:06:49,640
and the more unusual cases and by that I

127
00:06:55,060 --> 00:06:52,250
mean they're all involving face-to-face

128
00:07:00,190 --> 00:06:55,070
contact or most cases being taken on

129
00:07:02,620 --> 00:07:00,200
board and inside these objects so yeah

130
00:07:04,270 --> 00:07:02,630
I'm really excited about it because I go

131
00:07:08,110 --> 00:07:04,280
and I have the opportunity to go into

132
00:07:09,510 --> 00:07:08,120
real detail but with these cases in a

133
00:07:12,070 --> 00:07:09,520
way that I haven't been able to before

134
00:07:14,020 --> 00:07:12,080
yeah how do you person how do you find

135
00:07:16,450 --> 00:07:14,030
out about your cases I mean do people

136
00:07:18,730 --> 00:07:16,460
come to you and say Preston I had an

137
00:07:20,740 --> 00:07:18,740
experience last night

138
00:07:22,780 --> 00:07:20,750

well yeah actually I mean there's a wide

139

00:07:26,050 --> 00:07:22,790

variety I get a number of cases right

140

00:07:28,600 --> 00:07:26,060

I go speaking at conventions and people

141

00:07:30,970 --> 00:07:28,610

come to hear me speak and I mean one of

142

00:07:32,020 --> 00:07:30,980

the cases in the book valving the Navy

143

00:07:33,930 --> 00:07:32,030

medic

144

00:07:37,510 --> 00:07:33,940

you heard me speaking down in San Diego

145

00:07:41,770 --> 00:07:37,520

and he kept me up towards I'd showed a

146

00:07:43,810 --> 00:07:41,780

picture of a praying mantis type et he

147

00:07:45,960 --> 00:07:43,820

said oh yeah it's very close to what I

148

00:07:47,650 --> 00:07:45,970

saw but a slightly different and

149

00:07:51,070 --> 00:07:47,660

proceeded to tell me this amazing

150

00:07:54,280 --> 00:07:51,080

encounter he had where he was actually

151
00:07:55,990 --> 00:07:54,290
taken from a Navy ship so he's a great

152
00:07:59,980 --> 00:07:56,000
witness I always love it when I go to a

153
00:08:02,590 --> 00:07:59,990
trained observer well now well open your

154
00:08:04,570 --> 00:08:02,600
bag of goodies area and tell us a little

155
00:08:07,120 --> 00:08:04,580
bit about the the incident I mean it

156
00:08:10,740 --> 00:08:07,130
certainly sounds fascinating it's a

157
00:08:14,380 --> 00:08:10,750
credible witness in involving a very

158
00:08:18,550 --> 00:08:14,390
incredible incident yeah he's absolutely

159
00:08:21,010 --> 00:08:18,560
a great witness has character references

160
00:08:24,040 --> 00:08:21,020
I've been imbued in many times this was

161
00:08:26,110 --> 00:08:24,050
back in 1981 I believed when he had his

162
00:08:30,970 --> 00:08:26,120
experience he was out the Philippines on

163
00:08:33,430 --> 00:08:30,980

this somebody somebody's either moving

164

00:08:37,180 --> 00:08:33,440

something about or scratching is

165

00:08:39,700 --> 00:08:37,190

something so maybe Mike is a little too

166

00:08:42,460 --> 00:08:39,710

close to your face or something anyway

167

00:08:45,580 --> 00:08:42,470

continue I'm sorry yeah he's a Navy

168

00:08:49,150 --> 00:08:45,590

medic great witness and his roommate was

169

00:08:51,640 --> 00:08:49,160

a personnel clerk and comes up to him

170

00:08:53,410 --> 00:08:51,650

now they became really good friends um

171

00:08:56,350 --> 00:08:53,420

one day conductor him and says you know

172

00:08:57,670 --> 00:08:56,360

what I'm a contactee I've been in touch

173

00:09:00,310 --> 00:08:57,680

with alien since I was a kid

174

00:09:01,990 --> 00:09:00,320

he's picked up many times they've taken

175

00:09:05,890 --> 00:09:02,000

me on their ships they've taken me to

176

00:09:07,780 --> 00:09:05,900

their planet I'm so on I'm Kevin you

177

00:09:09,700 --> 00:09:07,790

know the Navy medic is like mm-hmm

178

00:09:11,800 --> 00:09:09,710

he believed in UFOs but he was kind of

179

00:09:15,100 --> 00:09:11,810

skeptical to hear this coming from his

180

00:09:18,820 --> 00:09:15,110

friend but his friends like well you

181

00:09:21,070 --> 00:09:18,830

know so what his what

182

00:09:22,840 --> 00:09:21,080

Kevin said is know if this is true I

183

00:09:27,610 --> 00:09:22,850

mean I want to meet your little green

184

00:09:30,220 --> 00:09:27,620

friends and Larry I call him Larry uh

185

00:09:31,720 --> 00:09:30,230

said he would see what he could do comes

186

00:09:32,500 --> 00:09:31,730

back a couple of days later and said oh

187

00:09:35,260 --> 00:09:32,510

yeah I talk

188

00:09:37,360 --> 00:09:35,270

to them no I went to your house you

189

00:09:40,030 --> 00:09:37,370

proceeded to describe all these details

190

00:09:44,200 --> 00:09:40,040

of Kevin's house that there is no way he

191

00:09:47,070 --> 00:09:44,210

could know I don't quite follow that he

192

00:09:50,770 --> 00:09:47,080

went to his house right the aliens took

193

00:09:52,410 --> 00:09:50,780

lair he to Kevin's house and in where

194

00:09:56,290 --> 00:09:52,420

and what form

195

00:09:57,850 --> 00:09:56,300

apparently in there [h__h] um so what

196

00:09:59,830 --> 00:09:57,860

happened was Larry conduct Roman starts

197

00:10:02,010 --> 00:09:59,840

describing Kevin's house in detail

198

00:10:04,120 --> 00:10:02,020

Kevin's like how do you know this and

199

00:10:07,150 --> 00:10:04,130

Larry said well they took me to your

200

00:10:08,560 --> 00:10:07,160

house and they showed me this and what

201
00:10:10,810 --> 00:10:08,570
was really bizarre as all these details

202
00:10:12,000 --> 00:10:10,820
were accurate but they were like 10

203
00:10:14,710 --> 00:10:12,010
years in the past

204
00:10:19,060 --> 00:10:14,720
so this looked like you had time

205
00:10:20,680 --> 00:10:19,070
traveled and uh Larry says yeah they

206
00:10:21,670 --> 00:10:20,690
agreed you can come and meet them if you

207
00:10:23,190 --> 00:10:21,680
want they're gonna be here in a couple

208
00:10:26,470 --> 00:10:23,200
of days and they'll take you on a ride

209
00:10:29,290 --> 00:10:26,480
I'm Kevin Steen and this is some giant

210
00:10:31,510 --> 00:10:29,300
praying mantis well he didn't know that

211
00:10:33,820 --> 00:10:31,520
at this point Larry had not there is not

212
00:10:35,950 --> 00:10:33,830
describe them okay and Kevin wasn't

213
00:10:40,000 --> 00:10:35,960

taking it seriously he thought this guy

214

00:10:41,980 --> 00:10:40,010

was out of his mind well I mean you know

215

00:10:45,190 --> 00:10:41,990

offhand it does sound a little hokey to

216

00:10:47,080 --> 00:10:45,200

say the least right yeah so he's like

217

00:10:49,750 --> 00:10:47,090

okay sure hmm

218

00:10:51,670 --> 00:10:49,760

I'll go a couple of days later Larry

219

00:10:53,530 --> 00:10:51,680

comes down into the cabin he's all

220

00:10:54,310 --> 00:10:53,540

excited they're there they're up on deck

221

00:10:57,160 --> 00:10:54,320

go up on deck

222

00:10:59,710 --> 00:10:57,170

you'll see them right now so Kevin's

223

00:11:01,510 --> 00:10:59,720

like okay well it's just a short walk to

224

00:11:04,390 --> 00:11:01,520

the deck it was during the lunch hour

225

00:11:07,510 --> 00:11:04,400

you know around noon goes up on deck and

226

00:11:09,460 --> 00:11:07,520

lo and behold now this is a 600-foot

227

00:11:11,980 --> 00:11:09,470

Navy ship there's a lot of people on

228

00:11:14,170 --> 00:11:11,990

board bunch of people on the deck and he

229

00:11:17,890 --> 00:11:14,180

looks up and Dewey's do we know what do

230

00:11:22,030 --> 00:11:17,900

we know what ship it is it was uh I'd

231

00:11:27,190 --> 00:11:22,040

have to look that up okay avoid doing

232

00:11:29,470 --> 00:11:27,200

that now go ahead but uh he looks up and

233

00:11:31,360 --> 00:11:29,480

there's this giant craft says it's

234

00:11:34,060 --> 00:11:31,370

easily three times the size of the Navy

235

00:11:35,590 --> 00:11:34,070

[h__h] it's off on the side they're really

236

00:11:37,870 --> 00:11:35,600

beautiful covered with colored lights

237

00:11:39,820 --> 00:11:37,880

and he does what anyone should do and

238

00:11:43,570 --> 00:11:39,830

they see no something like this he runs

239

00:11:46,990 --> 00:11:43,580

to get another witness and he cannot get

240

00:11:49,390 --> 00:11:47,000

anyone's attention it's like he doesn't

241

00:11:52,150 --> 00:11:49,400

and the next thing he knows he's on this

242

00:11:55,620 --> 00:11:52,160

UFO looking down at the Navy ship which

243

00:11:59,890 --> 00:11:55,630

is rapidly receding into the distance

244

00:12:02,140 --> 00:11:59,900

this is a rather involved contact event

245

00:12:06,400 --> 00:12:02,150

I mean I could talk hours for it well

246

00:12:08,620 --> 00:12:06,410

shorten the story a little bit he was

247

00:12:10,690 --> 00:12:08,630

too scared at this point to really turn

248

00:12:13,990 --> 00:12:10,700

around so he's looking out through the

249

00:12:16,690 --> 00:12:14,000

side of the UFO which turns transparent

250

00:12:18,550 --> 00:12:16,700

and suddenly he's over his hometown you

251
00:12:20,650 --> 00:12:18,560
can see where his mom works and have

252
00:12:23,320 --> 00:12:20,660
Church you can see her writing on the

253
00:12:25,780 --> 00:12:23,330
chalkboard they screwed a few miles over

254
00:12:28,150 --> 00:12:25,790
to where his dad works as a bank

255
00:12:30,490 --> 00:12:28,160
executives again he can see through the

256
00:12:32,500 --> 00:12:30,500
UFO through the building into the center

257
00:12:35,380 --> 00:12:32,510
of the building where his dad is having

258
00:12:37,240 --> 00:12:35,390
a meeting with executives and he hears

259
00:12:39,850 --> 00:12:37,250
this voice in his head presumably be

260
00:12:42,250 --> 00:12:39,860
et's which he's still too scared to turn

261
00:12:45,510 --> 00:12:42,260
around and look at and they say your

262
00:12:48,130 --> 00:12:45,520
parents are very honorable people

263
00:12:50,980 --> 00:12:48,140

there's no idea what that means or why

264

00:12:52,780 --> 00:12:50,990

they're telling them that he says a lot

265

00:12:54,910 --> 00:12:52,790

happened he doesn't remember all of it

266

00:12:58,750 --> 00:12:54,920

but the next thing he does remember is

267

00:13:00,220 --> 00:12:58,760

he's flying over this desert area he

268

00:13:02,290 --> 00:13:00,230

sees craters on the ground he's thinking

269

00:13:04,330 --> 00:13:02,300

okay it's a bombing range what is this

270

00:13:07,000 --> 00:13:04,340

but the soils kind of gray and it

271

00:13:08,530 --> 00:13:07,010

reminds him of the moon and they come up

272

00:13:10,030 --> 00:13:08,540

over the crest of a hill there and

273

00:13:13,630 --> 00:13:10,040

they're off in the distance about the

274

00:13:16,630 --> 00:13:13,640

size of a softball is the earth he says

275

00:13:20,410 --> 00:13:16,640

he nearly loosened his bowels at this

276

00:13:23,200 --> 00:13:20,420

point really freaked him out and he

277

00:13:26,140 --> 00:13:23,210

started asking questions and the ETS

278

00:13:28,540 --> 00:13:26,150

answered him telepathically as soon as

279

00:13:31,840 --> 00:13:28,550

he asked these questions yes and where

280

00:13:35,800 --> 00:13:31,850

they were from and the entire room

281

00:13:37,960 --> 00:13:35,810

expanded in size it was about 50 feet

282

00:13:39,250 --> 00:13:37,970

that he could tell it now moved like

283

00:13:41,860 --> 00:13:39,260

hundreds of feet he was in the middle of

284

00:13:44,830 --> 00:13:41,870

this star chart and he saw our solar

285

00:13:49,480 --> 00:13:44,840

system saw a light off way in the

286

00:13:50,350 --> 00:13:49,490

distance red and blinking and they said

287

00:13:52,990 --> 00:13:50,360

this is where we're from

288

00:13:55,840 --> 00:13:53,000

they told him all kinds of stuff I told

289

00:13:57,700 --> 00:13:55,850

him what they eat they told him they

290

00:13:59,980 --> 00:13:57,710

speak all the languages of our planets

291

00:14:01,810 --> 00:13:59,990

that they've been observing us

292

00:14:04,329 --> 00:14:01,820

for a very long time but when we started

293

00:14:07,889 --> 00:14:04,339

exploding nuclear bombs that really

294

00:14:11,410 --> 00:14:07,899

caused them to pay attention to us as

295

00:14:13,389 --> 00:14:11,420

including several other species and they

296

00:14:16,740 --> 00:14:13,399

said that when we did this started a

297

00:14:20,530 --> 00:14:16,750

countdown clock and they showed him a

298

00:14:23,110 --> 00:14:20,540

full and full color 3d all these

299

00:14:25,389 --> 00:14:23,120

disasters that would happen they said

300

00:14:28,360 --> 00:14:25,399

this is your destiny this will happen

301
00:14:34,480 --> 00:14:28,370
and they showed him lots of hurricanes

302
00:14:37,300 --> 00:14:34,490
earthquakes mining disasters all kinds

303
00:14:40,210 --> 00:14:37,310
of disasters tornadoes mostly hurricanes

304
00:14:42,490 --> 00:14:40,220
he said which I find interesting and now

305
00:14:44,590 --> 00:14:42,500
that we're having all these hurricanes

306
00:14:49,420 --> 00:14:44,600
he asked about God they said we will not

307
00:14:52,420 --> 00:14:49,430
discuss religion race or politics which

308
00:14:53,800 --> 00:14:52,430
I found interesting so yeah they told

309
00:14:58,180 --> 00:14:53,810
him a lot of stuff he asked about

310
00:15:00,490 --> 00:14:58,190
Roswell they said yes it was real they

311
00:15:02,290 --> 00:15:00,500
said they're doing very limited they're

312
00:15:04,750 --> 00:15:02,300
in contact with our government and all

313
00:15:06,690 --> 00:15:04,760

the other major governments did they say

314

00:15:08,710 --> 00:15:06,700

did they say where they came from

315

00:15:11,230 --> 00:15:08,720

well they told him the name of the

316

00:15:13,180 --> 00:15:11,240

planet or the star he wasn't sure which

317

00:15:17,050 --> 00:15:13,190

but couldn't pronounce it said it was

318

00:15:19,900 --> 00:15:17,060

just long nonsense sounding word and I

319

00:15:21,190 --> 00:15:19,910

couldn't really even remember it but

320

00:15:22,210 --> 00:15:21,200

finally he gets the courage you know

321

00:15:24,550 --> 00:15:22,220

he's like what do you guys look like

322

00:15:28,660 --> 00:15:24,560

they said well we're not little and

323

00:15:31,269 --> 00:15:28,670

we're not green our parents know some

324

00:15:33,880 --> 00:15:31,279

people do find frightened so finally

325

00:15:35,650 --> 00:15:33,890

just turns around and he sees these guys

326

00:15:38,920 --> 00:15:35,660

in they are you know the praying mantis

327

00:15:40,449 --> 00:15:38,930

type we hear about except they are a

328

00:15:45,280 --> 00:15:40,459

little different

329

00:15:47,079 --> 00:15:45,290

these guys are 15 feet tall now when he

330

00:15:48,730 --> 00:15:47,089

said that I thought okay I've heard nine

331

00:15:52,990 --> 00:15:48,740

feet that's what I usually hear eight

332

00:15:55,900 --> 00:15:53,000

nine seven occasionally 10 I tried to

333

00:15:57,610 --> 00:15:55,910

talk him down he says no no no they one

334

00:16:00,130 --> 00:15:57,620

of them got up they were sitting on

335

00:16:02,440 --> 00:16:00,140

these kind of stone marble chairs or

336

00:16:04,810 --> 00:16:02,450

something and it bounded towards and

337

00:16:06,340 --> 00:16:04,820

took three steps across the room stood

338

00:16:09,640 --> 00:16:06,350

right next to him and started fussing

339

00:16:11,260 --> 00:16:09,650

with this console which was you know up

340

00:16:13,210 --> 00:16:11,270

to his almost his neck his chest

341

00:16:13,850 --> 00:16:13,220

actually much too high for a normal

342

00:16:15,950 --> 00:16:13,860

person

343

00:16:21,020 --> 00:16:15,960

and he says they were more than twice as

344

00:16:23,800 --> 00:16:21,030

high he's like 15 feet tall looks like a

345

00:16:27,230 --> 00:16:23,810

basketball board tall ma'am

346

00:16:28,550 --> 00:16:27,240

huge huge eyes said one of their

347

00:16:32,900 --> 00:16:28,560

eyeballs was about as big as a

348

00:16:35,960 --> 00:16:32,910

basketball and just radiated wisdom and

349

00:16:37,430 --> 00:16:35,970

intelligence and completely freaked him

350

00:16:42,440 --> 00:16:37,440

out he thought he was gonna become a

351
00:16:45,820 --> 00:16:42,450
specimen they turned him but would you

352
00:16:50,660 --> 00:16:45,830
like to see our planet and he said no I

353
00:16:52,910 --> 00:16:50,670
want to go home oh my gosh I'm like I

354
00:16:56,720 --> 00:16:52,920
guess I understand I'd like to think

355
00:16:58,460 --> 00:16:56,730
that I would let's go but you know he

356
00:17:02,660 --> 00:16:58,470
says that he was completely freaking out

357
00:17:04,280 --> 00:17:02,670
just wanted to get out of there and one

358
00:17:07,730 --> 00:17:04,290
of them reached out grabbed his shoulder

359
00:17:11,140 --> 00:17:07,740
and he blacked out woke up he's back on

360
00:17:14,110 --> 00:17:11,150
the [h__\h] he's now back in his cabin he's

361
00:17:18,170 --> 00:17:14,120
profusely sweating he's hyperventilating

362
00:17:21,650 --> 00:17:18,180
he's a stop screaming he knows and jumps

363
00:17:25,100 --> 00:17:21,660

up and his roommate whips open the

364

00:17:27,230 --> 00:17:25,110

curtain that's around his bed flashes

365

00:17:31,490 --> 00:17:27,240

this huge ear-splitting grin and says so

366

00:17:34,850 --> 00:17:31,500

how did you like your ride hmm well he

367

00:17:36,790 --> 00:17:34,860

didn't like it he was very upset forgot

368

00:17:41,390 --> 00:17:36,800

most of what happened actually and

369

00:17:44,600 --> 00:17:41,400

refused to talk to Larry ever again hmm

370

00:17:49,130 --> 00:17:44,610

a lot of the lot of the aspects of this

371

00:17:51,470 --> 00:17:49,140

story is is so familiar from you know

372

00:17:56,860 --> 00:17:51,480

hundreds if not thousands of other cases

373

00:18:00,320 --> 00:17:56,870

you know I mean the the aspect of

374

00:18:01,730 --> 00:18:00,330

possible time travel is the first thing

375

00:18:05,660 --> 00:18:01,740

that comes to my mind you know when he

376

00:18:08,300 --> 00:18:05,670

said that his his friend did you know

377

00:18:10,970 --> 00:18:08,310

visitor disease what was it his house is

378

00:18:12,770 --> 00:18:10,980

cabin and better you know gay gave the

379

00:18:15,140 --> 00:18:12,780

details that you know like 10 years in

380

00:18:17,930 --> 00:18:15,150

the past so I mean you know how many

381

00:18:20,090 --> 00:18:17,940

other cases have you run across it you

382

00:18:21,950 --> 00:18:20,100

know with just you know almost the same

383

00:18:26,779 --> 00:18:21,960

kind of story you know the the the

384

00:18:29,090 --> 00:18:26,789

the creatures may be different but the

385

00:18:32,090 --> 00:18:29,100

stories always sound pretty much the

386

00:18:34,369 --> 00:18:32,100

same yeah I liked his story I mean

387

00:18:36,169 --> 00:18:34,379

because he way was a great witness you

388

00:18:38,690 --> 00:18:36,179

remembered it very vividly he was a

389

00:18:40,340 --> 00:18:38,700

lucid speaker and it had all the

390

00:18:42,039 --> 00:18:40,350

elements on them I talked to someone

391

00:18:44,570 --> 00:18:42,049

they'll remember bits and pieces

392

00:18:48,289 --> 00:18:44,580

sometimes through hypnosis this was

393

00:18:51,230 --> 00:18:48,299

fully consciously recalled so he had all

394

00:18:53,869 --> 00:18:51,240

these a bunch of stuff working you know

395

00:18:57,710 --> 00:18:53,879

for him to make his story sort of unique

396

00:19:00,379 --> 00:18:57,720

Preston do you use the hypnosis I've

397

00:19:04,029 --> 00:19:00,389

referred people to it I generally don't

398

00:19:07,879 --> 00:19:04,039

unless they're having panic attacks or

399

00:19:09,950 --> 00:19:07,889

anxiety or problems or they're dead set

400

00:19:13,430 --> 00:19:09,960

on knowing because I do believe in it I

401
00:19:15,200 --> 00:19:13,440
know it works but a lot of people have

402
00:19:17,299 --> 00:19:15,210
done it not a lot but occasionally I'll

403
00:19:19,489 --> 00:19:17,309
refer someone they come back I'm like

404
00:19:21,649 --> 00:19:19,499
well yeah I recall it but now you know

405
00:19:24,980 --> 00:19:21,659
they feel a little bit ambiguous about

406
00:19:27,889 --> 00:19:24,990
it as it's not that they don't believe

407
00:19:29,480 --> 00:19:27,899
it but it's a hypnotically recalled

408
00:19:32,840 --> 00:19:29,490
memory and it's a little different from

409
00:19:35,149 --> 00:19:32,850
a conscious memory yeah I like I like

410
00:19:37,100 --> 00:19:35,159
the cases myself where people at least I

411
00:19:41,629 --> 00:19:37,110
say that they it you know they have a

412
00:19:45,259 --> 00:19:41,639
conscious recollection of what took

413
00:19:46,669 --> 00:19:45,269

place because hypnosis I mean I I do

414

00:19:49,159 --> 00:19:46,679

know for a fact that it can be

415

00:19:53,419 --> 00:19:49,169

misleading and of course you can

416

00:19:56,470 --> 00:19:53,429

you know guide the the subject in almost

417

00:19:58,730 --> 00:19:56,480

any direction that you you want and

418

00:20:01,399 --> 00:19:58,740

let's face it if somebody goes to a

419

00:20:03,560 --> 00:20:01,409

hypnotist because they remember aspects

420

00:20:05,720 --> 00:20:03,570

of their UFO experience they're going to

421

00:20:07,940 --> 00:20:05,730

come out with more aspects of their UFO

422

00:20:10,999 --> 00:20:07,950

experience whether they're legitimately

423

00:20:13,700 --> 00:20:11,009

it took place or whether they didn't and

424

00:20:16,669 --> 00:20:13,710

and how can one actually tell I mean I'm

425

00:20:19,340 --> 00:20:16,679

sure there are some individuals who are

426

00:20:21,830 --> 00:20:19,350

a little bit more accredited with using

427

00:20:24,470 --> 00:20:21,840

hypnosis and then the the others but if

428

00:20:25,850 --> 00:20:24,480

you're looking for a UFO experience

429

00:20:30,200 --> 00:20:25,860

you're going to get one I remember like

430

00:20:33,279 --> 00:20:30,210

years ago the satanic cults were a big

431

00:20:35,910 --> 00:20:33,289

thing you know they were hypnotizing it

432

00:20:40,350 --> 00:20:35,920

children to tell them

433

00:20:42,570 --> 00:20:40,360

their satanic experiences and their

434

00:20:44,550 --> 00:20:42,580

abuse and and they would have you know

435

00:20:47,070 --> 00:20:44,560

they would come a concoction really far

436

00:20:49,860 --> 00:20:47,080

out the stories which would investigate

437

00:20:52,470 --> 00:20:49,870

it turned out to be just total fantasy

438

00:20:56,370 --> 00:20:52,480

and I'm afraid you do get that to some

439

00:20:58,550 --> 00:20:56,380

extent with the UFO and phenomenon but

440

00:21:03,360 --> 00:20:58,560

we certainly have enough concrete

441

00:21:06,570 --> 00:21:03,370

physical encounters that take place

442

00:21:09,240 --> 00:21:06,580

going back I was going to say is 70

443

00:21:12,630 --> 00:21:09,250

years but certainly even before that

444

00:21:15,270 --> 00:21:12,640

throughout recorded history so that

445

00:21:17,850 --> 00:21:15,280

there must be some element of truth to

446

00:21:19,680 --> 00:21:17,860

this now the one that you would just

447

00:21:22,980 --> 00:21:19,690

described it's out certainly sounds like

448

00:21:26,310 --> 00:21:22,990

an astral experience whether these

449

00:21:29,220 --> 00:21:26,320

prayer mantis of 15-foot tall creatures

450

00:21:31,590 --> 00:21:29,230

or actually existed and well maybe they

451

00:21:34,710 --> 00:21:31,600

live in some parallel universe we've

452

00:21:37,710 --> 00:21:34,720

talked about that on the show and it

453

00:21:40,320 --> 00:21:37,720

seems to be coming up vastly more

454

00:21:41,910 --> 00:21:40,330

popular a theory that these objects and

455

00:21:45,180 --> 00:21:41,920

these creatures don't necessarily have

456

00:21:49,110 --> 00:21:45,190

to be from some other planet they could

457

00:21:51,770 --> 00:21:49,120

be some from some parallel reality here

458

00:21:54,000 --> 00:21:51,780

I know them they were from a planet they

459

00:21:55,550 --> 00:21:54,010

said it was physical they said they had

460

00:21:58,260 --> 00:21:55,560

the ability to make themselves invisible

461

00:21:59,940 --> 00:21:58,270

to anyone they want to and choose

462

00:22:04,940 --> 00:21:59,950

whoever they want to see them to see

463

00:22:07,290 --> 00:22:04,950

them how far away was their planet

464

00:22:13,320 --> 00:22:07,300

couldn't really tell it was all too

465

00:22:16,830 --> 00:22:13,330

disorienting for him did he have any

466

00:22:20,490 --> 00:22:16,840

further experiences after that one no

467

00:22:22,560 --> 00:22:20,500

which is also kind of unusual is yeah as

468

00:22:25,650 --> 00:22:22,570

you know have this in childhood or

469

00:22:28,290 --> 00:22:25,660

throughout their lives and but he didn't

470

00:22:31,470 --> 00:22:28,300

it was just a opportune thing as a

471

00:22:33,150 --> 00:22:31,480

result I think of knowing somebody this

472

00:22:35,760 --> 00:22:33,160

is definitely something that reasons

473

00:22:38,430 --> 00:22:35,770

your chance to be taken on board if you

474

00:22:42,270 --> 00:22:38,440

have a friend who is an abductee or

475

00:22:45,060 --> 00:22:42,280

coworker or a family member well it

476

00:22:47,700 --> 00:22:45,070

certainly is certainly a an elaborate

477

00:22:52,070 --> 00:22:47,710

story and that we got our first break

478

00:22:52,080 --> 00:23:00,780

[Music]

479

00:23:07,510 --> 00:23:04,930

now back to exploring the bazaar with

480

00:23:10,510 --> 00:23:07,520

two of the most electrifying researchers

481

00:23:16,120 --> 00:23:10,520

in the Paranoid your hosts Timothy

482

00:23:17,860 --> 00:23:16,130

Bethany and Taylor Swift and welcome

483

00:23:21,490 --> 00:23:17,870

back to exploring bizarre I'm Tim

484

00:23:24,460 --> 00:23:21,500

Schwarz and tonight we are talking with

485

00:23:27,190 --> 00:23:24,470

Preston Dennett and with us on the line

486

00:23:29,410 --> 00:23:27,200

now is Larry Hancock let me give you a

487

00:23:31,630 --> 00:23:29,420

little bit of an introduction here Larry

488

00:23:33,760 --> 00:23:31,640

Hancock brings his formal training in

489

00:23:36,580 --> 00:23:33,770

history and cultural anthropology to his

490

00:23:40,210 --> 00:23:36,590

research and writing on Cold War history

491

00:23:42,100 --> 00:23:40,220

and national security subjects Larry is

492

00:23:44,160 --> 00:23:42,110

a graduate of the University of New

493

00:23:46,480 --> 00:23:44,170

Mexico and he's earned a BA with honors

494

00:23:49,960 --> 00:23:46,490

majoring in history cultural

495

00:23:52,030 --> 00:23:49,970

anthropology and education now his most

496

00:23:55,440 --> 00:23:52,040

recent book that's we're going to be

497

00:23:58,360 --> 00:23:55,450

talking about tonight is UFOs are

498

00:24:01,480 --> 00:23:58,370

unidentified the National intelligent

499

00:24:02,800 --> 00:24:01,490

problem of UFOs Larry thank you very

500

00:24:05,290 --> 00:24:02,810

much for being with us tonight on

501
00:24:06,870 --> 00:24:05,300
exploring the bizarre oh it's great to

502
00:24:10,690 --> 00:24:06,880
be here thank you

503
00:24:14,080 --> 00:24:10,700
well okay now the the first question and

504
00:24:16,930 --> 00:24:14,090
I'm sure that every host has asked you

505
00:24:21,040 --> 00:24:16,940
this is that you wrote this book

506
00:24:24,040 --> 00:24:21,050
looking at your other books that that

507
00:24:27,460 --> 00:24:24,050
you have written shadow warfare a

508
00:24:30,040 --> 00:24:27,470
surprise attack books like that what

509
00:24:34,540 --> 00:24:30,050
made you decide to write a book about

510
00:24:38,530 --> 00:24:34,550
UFOs it seems to be at least on first

511
00:24:40,780 --> 00:24:38,540
impressions a little bit outside of what

512
00:24:43,680 --> 00:24:40,790
you have previously resourced and I've

513
00:24:46,090 --> 00:24:43,690

written about it outside my box

514

00:24:48,850 --> 00:24:46,100

absolutely there's no doubt about it um

515

00:24:52,300 --> 00:24:48,860

I think what it was is I've been writing

516

00:24:55,240 --> 00:24:52,310

on Cold War history and and national

517

00:24:58,150 --> 00:24:55,250

security intelligence subjects for well

518

00:25:00,580 --> 00:24:58,160

over a decade now and I finally figured

519

00:25:03,139 --> 00:25:00,590

that I'd had enough experience to the

520

00:25:05,029 --> 00:25:03,149

intelligence community to go back

521

00:25:07,249 --> 00:25:05,039

and revisit a subject that had

522

00:25:10,369 --> 00:25:07,259

interested me literally forever

523

00:25:13,909 --> 00:25:10,379

I I've been interested in the subject of

524

00:25:19,940 --> 00:25:13,919

UFOs since around 1964 I was an early

525

00:25:22,579 --> 00:25:19,950

member of of a PR o-- of NICAP and it

526

00:25:24,619 --> 00:25:22,589

was a subject that I had had followed

527

00:25:26,719 --> 00:25:24,629

over the decades and finally I looked at

528

00:25:29,419 --> 00:25:26,729

my bookcase one day and I said you know

529

00:25:32,089 --> 00:25:29,429

I've got like 200 books here on

530

00:25:34,430 --> 00:25:32,099

intelligence and I've got 200 books on

531

00:25:40,789 --> 00:25:34,440

UFOs maybe I should use that part of the

532

00:25:43,609 --> 00:25:40,799

book case well going through your book I

533

00:25:45,649 --> 00:25:43,619

mean you have done just just fantastic

534

00:25:50,389 --> 00:25:45,659

research and really a lot of research

535

00:25:54,339 --> 00:25:50,399

that goes beyond what you know other UFO

536

00:25:59,599 --> 00:25:54,349

investigators have attempted to tackle

537

00:26:03,259 --> 00:25:59,609

so what is it about the UFO phenomena

538

00:26:06,529 --> 00:26:03,269

that makes it unique then from some of

539

00:26:10,219 --> 00:26:06,539

these other you know Cold War aspects

540

00:26:11,810 --> 00:26:10,229

and in you know intelligence scenarios

541

00:26:15,139 --> 00:26:11,820

you know that took place especially

542

00:26:17,180 --> 00:26:15,149

after the end of World War two yeah I

543

00:26:21,049 --> 00:26:17,190

think one of the things that makes it

544

00:26:23,419 --> 00:26:21,059

unique is that it's not unique in

545

00:26:26,299 --> 00:26:23,429

that the intelligence community

546

00:26:28,279 --> 00:26:26,309

especially military intelligence tried

547

00:26:31,789 --> 00:26:28,289

to tackle it the way they did everything

548

00:26:34,399 --> 00:26:31,799

else I mean as a as a potential threat

549

00:26:36,979 --> 00:26:34,409

I'm the standard standard practice is to

550

00:26:39,739 --> 00:26:36,989

look at these things as ask the question

551
00:26:43,430 --> 00:26:39,749
is it a threat can I identify it if so

552
00:26:46,249 --> 00:26:43,440
can i exploit it it's it's all in terms

553
00:26:48,680 --> 00:26:46,259
of basic intelligence practices and in

554
00:26:50,570 --> 00:26:48,690
all of these other areas you can look at

555
00:26:52,879 --> 00:26:50,580
what the community did and how they

556
00:26:55,249 --> 00:26:52,889
tackled it and see their results and

557
00:26:57,829 --> 00:26:55,259
basically say okay they approached it

558
00:27:00,619 --> 00:26:57,839
they did their job they got it right or

559
00:27:02,989 --> 00:27:00,629
they got it wrong in terms of this

560
00:27:05,810 --> 00:27:02,999
subject you look at it and you see that

561
00:27:09,169 --> 00:27:05,820
they did tackle it they tackled it very

562
00:27:11,479 --> 00:27:09,179
seriously and they literally couldn't

563
00:27:13,879 --> 00:27:11,489

get their standard techniques and

564

00:27:16,430 --> 00:27:13,889

methods to work on it and eventually

565

00:27:20,120 --> 00:27:16,440

they kind of threw up their hands and

566

00:27:22,670 --> 00:27:20,130

said you know we don't see it's a threat

567

00:27:25,940 --> 00:27:22,680

we can't identify it we can't locate it

568

00:27:27,530 --> 00:27:25,950

we can't exploit it and the Russians are

569

00:27:30,470 --> 00:27:27,540

still there and we need to get back to

570

00:27:33,890 --> 00:27:30,480

our other job so it it's different

571

00:27:37,070 --> 00:27:33,900

because they actually they even abandon

572

00:27:41,860 --> 00:27:37,080

the project both both the Air Force and

573

00:27:45,220 --> 00:27:41,870

the CIA literally it at a point in time

574

00:27:48,770 --> 00:27:45,230

exited the field and that's that strange

575

00:27:50,330 --> 00:27:48,780

well you know you know what fascinates

576

00:27:54,500 --> 00:27:50,340

me about this you you have done an

577

00:27:57,730 --> 00:27:54,510

incredible amount of research is the

578

00:28:02,990 --> 00:27:57,740

difference in attitude on the part of

579

00:28:06,770 --> 00:28:03,000

the the lack of better name authorities

580

00:28:09,200 --> 00:28:06,780

the CIA and the Air Force in those early

581

00:28:14,450 --> 00:28:09,210

days which totally seemed to have a

582

00:28:18,470 --> 00:28:14,460

dwindling years like you have a quote

583

00:28:20,270 --> 00:28:18,480

here from major general GP Cabot the

584

00:28:22,810 --> 00:28:20,280

director of intelligence the US Air

585

00:28:26,420 --> 00:28:22,820

Force right that he made on November 3rd

586

00:28:28,820 --> 00:28:26,430

1948 the conclusion appears inescapable

587

00:28:31,730 --> 00:28:28,830

that some type of flying object has been

588

00:28:35,000 --> 00:28:31,740

cited identification and the origin of

589

00:28:37,610 --> 00:28:35,010

these objects is not discernible at this

590

00:28:40,720 --> 00:28:37,620

headquarters I mean there's so many

591

00:28:45,790 --> 00:28:40,730

positive statements that you put forward

592

00:28:48,080 --> 00:28:45,800

and yet the if you contact the CIA today

593

00:28:49,730 --> 00:28:48,090

isn't it true that their attitude would

594

00:28:52,310 --> 00:28:49,740

be totally different and they would say

595

00:28:55,310 --> 00:28:52,320

that oh we were responsible for a lot of

596

00:28:57,590 --> 00:28:55,320

the sightings high altitude cell type

597

00:29:00,620 --> 00:28:57,600

airplanes and so forth which is total

598

00:29:03,170 --> 00:29:00,630

nonsense because in a lot of these cases

599

00:29:04,970 --> 00:29:03,180

pilots were circled by these objects

600

00:29:09,080 --> 00:29:04,980

we're not talking about a military craft

601
00:29:13,520 --> 00:29:09,090
that was much higher up in an altitude

602
00:29:16,420 --> 00:29:13,530
than these air air air craft where you

603
00:29:21,110 --> 00:29:16,430
know the civilian planes and the

604
00:29:23,840 --> 00:29:21,120
airliners oh it is and I mean it's

605
00:29:26,270 --> 00:29:23,850
fascinating sort of like the the CIA

606
00:29:28,010 --> 00:29:26,280
issued a historical paper and said oh

607
00:29:30,980 --> 00:29:28,020
well all of those things were

608
00:29:34,640 --> 00:29:30,990
really just missing misidentifications

609
00:29:36,530 --> 00:29:34,650
of our u2's and our sr-71s and you're

610
00:29:39,380 --> 00:29:36,540
reading the documents and you're going

611
00:29:42,530 --> 00:29:39,390
oh that's interesting so those actually

612
00:29:45,590 --> 00:29:42,540
came down and engaged with interceptors

613
00:29:49,010 --> 00:29:45,600

and played tag with them and they circle

614

00:29:51,830 --> 00:29:49,020

commercial airliners you know what's

615

00:29:56,870 --> 00:29:51,840

going on so it makes no sense there's if

616

00:30:00,049 --> 00:29:56,880

you read well it's a subject it's a

617

00:30:04,910 --> 00:30:00,059

subject I mean it's an attempt to pacify

618

00:30:06,410 --> 00:30:04,920

the the public it's where the pacifier

619

00:30:11,090 --> 00:30:06,420

public relations

620

00:30:12,890 --> 00:30:11,100

because okay there were a lot of people

621

00:30:15,020 --> 00:30:12,900

that have no interest in this I mean I

622

00:30:16,130 --> 00:30:15,030

have a lot of friends oh yeah UFOs okay

623

00:30:19,190 --> 00:30:16,140

I know you know they know I've been

624

00:30:22,430 --> 00:30:19,200

involved in this for a half a century or

625

00:30:24,200 --> 00:30:22,440

more particularly interest it's not like

626

00:30:26,510 --> 00:30:24,210

the alien Raiders have come down and

627

00:30:28,940 --> 00:30:26,520

either abducted them or you know

628

00:30:31,100 --> 00:30:28,950

burnt down their their homes or anything

629

00:30:33,560 --> 00:30:31,110

like that and of course there are people

630

00:30:35,960 --> 00:30:33,570

that have had the you know the firsthand

631

00:30:37,490 --> 00:30:35,970

their first and experiencers and they

632

00:30:41,410 --> 00:30:37,500

know that something is going on and

633

00:30:44,870 --> 00:30:41,420

you've got a multitude of pilots and

634

00:30:47,570 --> 00:30:44,880

police officers and incredible you know

635

00:30:49,400 --> 00:30:47,580

witnesses who would normally under any

636

00:30:52,010 --> 00:30:49,410

other circumstances tell you it's a

637

00:30:55,340 --> 00:30:52,020

bunch of hogwash but when the pie smacks

638

00:30:56,930 --> 00:30:55,350

them right in the the face they realized

639

00:31:00,710 --> 00:30:56,940

that heck they're they've been dead

640

00:31:02,480 --> 00:31:00,720

wrong so I I even wonder sometimes with

641

00:31:04,910 --> 00:31:02,490

putting out these statements what it

642

00:31:09,200 --> 00:31:04,920

hopes to accomplish because I doubt if

643

00:31:11,690 --> 00:31:09,210

it's changing anybody's mind no I don't

644

00:31:14,900 --> 00:31:11,700

think they change anybody's mind and I

645

00:31:17,720 --> 00:31:14,910

think I mean especially during the 60s

646

00:31:20,390 --> 00:31:17,730

they got to be just plain laughable and

647

00:31:23,240 --> 00:31:20,400

nobody believed them but it's almost

648

00:31:25,940 --> 00:31:23,250

like an exit strategy it's the same way

649

00:31:28,190 --> 00:31:25,950

the Air Force the Air Force would come

650

00:31:30,049 --> 00:31:28,200

back to you and say well you know we do

651
00:31:33,230 --> 00:31:30,059
have three or four percent of these

652
00:31:36,049 --> 00:31:33,240
things that are absolutely unknown we

653
00:31:38,090 --> 00:31:36,059
just we have no answer for them but

654
00:31:41,720 --> 00:31:38,100
don't worry because that's only three or

655
00:31:43,400 --> 00:31:41,730
four percent and and that's so

656
00:31:44,810 --> 00:31:43,410
I mean it's just like what do you what

657
00:31:46,310 --> 00:31:44,820
are you gonna do with them then I were

658
00:31:49,700 --> 00:31:46,320
just going to put them over in this file

659
00:31:52,460 --> 00:31:49,710
it says unknown okay that doesn't make

660
00:31:55,220 --> 00:31:52,470
me feel comfortable but at the

661
00:31:57,800 --> 00:31:55,230
disconnect between the documents the air

662
00:32:00,680 --> 00:31:57,810
forces last public statement when they

663
00:32:03,230 --> 00:32:00,690

discontinued Blue Book basically said

664

00:32:05,480 --> 00:32:03,240

well we're we're abandoning this because

665

00:32:08,240 --> 00:32:05,490

we've discovered that there's there's no

666

00:32:10,730 --> 00:32:08,250

real threat yet I can show you a

667

00:32:13,070 --> 00:32:10,740

half-a-dozen documents that I cite in

668

00:32:17,510 --> 00:32:13,080

the book from the Strategic Air Command

669

00:32:20,960 --> 00:32:17,520

where you've got and no red generating

670

00:32:23,570 --> 00:32:20,970

memos that describe in the memo line a

671

00:32:25,660 --> 00:32:23,580

national security threat I was like do

672

00:32:28,730 --> 00:32:25,670

you guys not read your own own

673

00:32:32,090 --> 00:32:28,740

communications it was an out they

674

00:32:33,110 --> 00:32:32,100

literally had to abandon it because they

675

00:32:36,590 --> 00:32:33,120

couldn't deal with it

676
00:32:40,670 --> 00:32:36,600
welcome 20 other assessment can you

677
00:32:45,230 --> 00:32:40,680
point to a specific incident or a

678
00:32:49,520 --> 00:32:45,240
specific date and say this is where they

679
00:32:52,280 --> 00:32:49,530
change their uptight attitude for some

680
00:32:54,440 --> 00:32:52,290
reason perhaps obvious or perhaps not

681
00:32:58,970 --> 00:32:54,450
obvious I mean I I would think in the

682
00:33:02,330 --> 00:32:58,980
1952 the summer a quote-unquote invasion

683
00:33:04,670 --> 00:33:02,340
over Washington DC were if they admitted

684
00:33:06,380 --> 00:33:04,680
that these things were a real and a

685
00:33:07,330 --> 00:33:06,390
physicalist sense they would also have

686
00:33:09,410 --> 00:33:07,340
to RIA

687
00:33:11,960 --> 00:33:09,420
reveal the fact that they have

688
00:33:14,270 --> 00:33:11,970

absolutely no control over their coming

689

00:33:17,240 --> 00:33:14,280

and going ill would think I mean my own

690

00:33:19,550 --> 00:33:17,250

assessment of this is that's a great

691

00:33:21,830 --> 00:33:19,560

deal of reason for the the secrecy the

692

00:33:23,900 --> 00:33:21,840

fact that there might be people from

693

00:33:28,070 --> 00:33:23,910

other planets I don't think it's too

694

00:33:30,620 --> 00:33:28,080

shocking to anybody any any more but the

695

00:33:34,070 --> 00:33:30,630

fact that we've got no control over it

696

00:33:36,530 --> 00:33:34,080

is perhaps you know more shocking than

697

00:33:37,820 --> 00:33:36,540

anything well and there's a political

698

00:33:39,680 --> 00:33:37,830

aspect to it

699

00:33:44,000 --> 00:33:39,690

because you hit exactly the right

700

00:33:46,280 --> 00:33:44,010

timeframe it's just in 1952 it wasn't

701
00:33:49,940 --> 00:33:46,290
just Washington DC there was a whole

702
00:33:52,610 --> 00:33:49,950
wave of literally fruitless intercepts

703
00:33:55,580 --> 00:33:52,620
up and down the Northeast quarter

704
00:33:57,919 --> 00:33:55,590
strategic corridor where they would

705
00:34:01,519 --> 00:33:57,929
they were able to put interceptors right

706
00:34:02,930 --> 00:34:01,529
with unknown objects and they couldn't

707
00:34:04,940 --> 00:34:02,940
deal with them they would just fly

708
00:34:08,389 --> 00:34:04,950
circles around them they would evade

709
00:34:10,639 --> 00:34:08,399
them and one of the things I one of the

710
00:34:13,070 --> 00:34:10,649
reasons I really think it got taken off

711
00:34:16,669 --> 00:34:13,080
the table was this was just at the point

712
00:34:18,950 --> 00:34:16,679
in time 53:54 where the Eisenhower

713
00:34:22,250 --> 00:34:18,960

administration was making the decision

714

00:34:25,310 --> 00:34:22,260

on whether to commit itself to the sage

715

00:34:29,589 --> 00:34:25,320

program this this huge air defense

716

00:34:33,139 --> 00:34:29,599

program of radar chains new interceptors

717

00:34:35,149 --> 00:34:33,149

anti-aircraft missiles but if you looked

718

00:34:37,970 --> 00:34:35,159

at the actual reports are coming in from

719

00:34:40,250 --> 00:34:37,980

radar tracking for hundreds of miles

720

00:34:42,889 --> 00:34:40,260

across the nation of something going ten

721

00:34:45,349 --> 00:34:42,899

thousand miles an hour or twelve

722

00:34:47,570 --> 00:34:45,359

thousand miles an hour tracked by

723

00:34:49,490 --> 00:34:47,580

multiple stations if you look at some of

724

00:34:52,220 --> 00:34:49,500

those intercepts how are they going to

725

00:34:54,500 --> 00:34:52,230

justify that budget when clearly

726

00:34:58,960 --> 00:34:54,510

everything they want to build still

727

00:35:03,980 --> 00:34:58,970

can't deal with these things well it was

728

00:35:09,470 --> 00:35:03,990

around 1952 in the whole Washington UFO

729

00:35:12,290 --> 00:35:09,480

wave that didn't they didn't it frighten

730

00:35:14,270 --> 00:35:12,300

the military not so much that there were

731

00:35:17,930 --> 00:35:14,280

strange objects being seen in the skies

732

00:35:20,349 --> 00:35:17,940

but phone lines and other types of

733

00:35:24,130 --> 00:35:20,359

communications were being flooded by

734

00:35:27,560 --> 00:35:24,140

people who were seeing these things and

735

00:35:30,079 --> 00:35:27,570

what frightened them was the fact that

736

00:35:32,810 --> 00:35:30,089

possibly the Soviet Union could take

737

00:35:33,320 --> 00:35:32,820

advantage of such a situation create a

738

00:35:36,859 --> 00:35:33,330

false

739

00:35:40,960 --> 00:35:36,869

you know like UFO events take down our

740

00:35:43,579 --> 00:35:40,970

communications and very easily you know

741

00:35:46,630 --> 00:35:43,589

Obama's our or whatever the fear was at

742

00:35:49,160 --> 00:35:46,640

the time the psychological warfare

743

00:35:51,290 --> 00:35:49,170

aspect that you're talking about is is

744

00:35:54,140 --> 00:35:51,300

mentioned in both the Air Force and CIA

745

00:35:57,079 --> 00:35:54,150

reports but I will I will tell you when

746

00:36:01,060 --> 00:35:57,089

you read it it's stunning to read the

747

00:36:04,599 --> 00:36:01,070

CIA's office of scientific investigation

748

00:36:07,910 --> 00:36:04,609

report that was submitted that fall and

749

00:36:09,050 --> 00:36:07,920

that was not what really worried them it

750

00:36:11,510 --> 00:36:09,060

got to be

751
00:36:14,230 --> 00:36:11,520
what replaced it but what really worried

752
00:36:16,880 --> 00:36:14,240
them at the time was the patterns of

753
00:36:20,420 --> 00:36:16,890
incidents being reported over the atomic

754
00:36:23,180 --> 00:36:20,430
warfare complex that was in the first

755
00:36:25,940 --> 00:36:23,190
draft of their memorandum they go on

756
00:36:28,400 --> 00:36:25,950
record saying the reason that this is a

757
00:36:30,980 --> 00:36:28,410
national security threat which we need

758
00:36:33,920 --> 00:36:30,990
to take to the National Security Council

759
00:36:36,770 --> 00:36:33,930
right now it's an imminent threat is

760
00:36:40,460 --> 00:36:36,780
because of the pattern of behavior and

761
00:36:43,670 --> 00:36:40,470
reconnaissance of these objects over our

762
00:36:46,670 --> 00:36:43,680
atomic warfare complex sites within

763
00:36:48,800 --> 00:36:46,680

three months it had been changed so that

764

00:36:50,690 --> 00:36:48,810

the leading concern was the

765

00:36:53,960 --> 00:36:50,700

psychological warfare that you'd

766

00:36:56,510 --> 00:36:53,970

mentioned and in all honesty when you

767

00:36:59,180 --> 00:36:56,520

look at the actual data and the internal

768

00:37:03,620 --> 00:36:59,190

memorandum that's not what worried them

769

00:37:06,860 --> 00:37:03,630

what really worried them were those Sat

770

00:37:10,010 --> 00:37:06,870

based sightings the manufacturing base

771

00:37:13,730 --> 00:37:10,020

psyche that Oak Ridge and and Hanford

772

00:37:16,700 --> 00:37:13,740

and that's where they saw the pattern

773

00:37:18,920 --> 00:37:16,710

that disturbed them but they didn't know

774

00:37:20,630 --> 00:37:18,930

how to handle it and basically they

775

00:37:23,420 --> 00:37:20,640

backed off from it and I know that's

776

00:37:25,700 --> 00:37:23,430

that's a strong accusation but you find

777

00:37:30,200 --> 00:37:25,710

that turnaround right there at the end

778

00:37:33,350 --> 00:37:30,210

of 1952 and in 1953 with the Robertson

779

00:37:37,370 --> 00:37:33,360

Commission now was that pattern

780

00:37:40,550 --> 00:37:37,380

consistent of UFOs being seen over you

781

00:37:42,680 --> 00:37:40,560

know high security areas not only was it

782

00:37:45,290 --> 00:37:42,690

consistent and that's that's what I get

783

00:37:48,530 --> 00:37:45,300

into in the later third of the book it

784

00:37:52,520 --> 00:37:48,540

was an evolving pattern first what you

785

00:37:56,630 --> 00:37:52,530

saw were very very obvious daytime

786

00:37:59,960 --> 00:37:56,640

sightings a lot of daytime sightings low

787

00:38:04,220 --> 00:37:59,970

altitudes even down at ground level at

788

00:38:08,030 --> 00:38:04,230

the radioactive material manufacturing

789

00:38:10,570 --> 00:38:08,040

sites then the pattern shifts to where

790

00:38:13,910 --> 00:38:10,580

the bombs are actually being assembled

791

00:38:15,620 --> 00:38:13,920

and then later the pattern shifts to

792

00:38:18,080 --> 00:38:15,630

where the bombs are actually being

793

00:38:19,640 --> 00:38:18,090

stored at these distributed queue sites

794

00:38:23,060 --> 00:38:19,650

around the nation

795

00:38:26,030 --> 00:38:23,070

including an intense level of activity

796

00:38:28,880 --> 00:38:26,040

at Killeen Base in Texas and then

797

00:38:31,970 --> 00:38:28,890

finally the pattern shifts again and

798

00:38:34,760 --> 00:38:31,980

it's as if these unknowns are literally

799

00:38:37,430 --> 00:38:34,770

following the weapons and we're talking

800

00:38:39,020 --> 00:38:37,440

about Megaton class weapons all the

801

00:38:41,930 --> 00:38:39,030

previous areas where they're being

802

00:38:44,090 --> 00:38:41,940

reported are no longer reported the

803

00:38:46,850 --> 00:38:44,100

sightings all shift especially the low

804

00:38:49,670 --> 00:38:46,860

altitude and they shift out first to the

805

00:38:53,090 --> 00:38:49,680

SAC bomber bases and the atomic weapons

806

00:38:56,090 --> 00:38:53,100

storage sites and then to the new ICBM

807

00:39:00,440 --> 00:38:56,100

complexes and it's so there is a very

808

00:39:02,540 --> 00:39:00,450

clear pattern over some 15 years but

809

00:39:06,100 --> 00:39:02,550

what makes it especially interesting is

810

00:39:10,300 --> 00:39:06,110

it's not one pattern it shows

811

00:39:13,850 --> 00:39:10,310

indications of trending and some type of

812

00:39:16,940 --> 00:39:13,860

intelligent reconnaissance surveillance

813

00:39:19,400 --> 00:39:16,950

because it it's not occurring everywhere

814

00:39:22,940 --> 00:39:19,410

all the time and it's also totally

815

00:39:26,090 --> 00:39:22,950

disconnected from the national waves of

816

00:39:29,180 --> 00:39:26,100

UFO sightings when when the media is

817

00:39:32,030 --> 00:39:29,190

talking about UFO waves it's not when

818

00:39:34,910 --> 00:39:32,040

these things are time current or atomic

819

00:39:37,100 --> 00:39:34,920

warfare sites so it gives you some real

820

00:39:39,530 --> 00:39:37,110

indication that's what going on in those

821

00:39:44,510 --> 00:39:39,540

sites is is very real and not media

822

00:39:47,780 --> 00:39:44,520

driven yet these are obviously

823

00:39:50,600 --> 00:39:47,790

observable patterns and yet the military

824

00:39:53,210 --> 00:39:50,610

after a while like you said it just

825

00:39:59,270 --> 00:39:53,220

basically gave up and threw their hands

826

00:40:02,320 --> 00:39:59,280

up but if if these sightings were of you

827

00:40:06,140 --> 00:40:02,330

know say like Soviet recon versus

828

00:40:09,020 --> 00:40:06,150

aircraft the the reaction would be you

829

00:40:12,260 --> 00:40:09,030

know completely different so is it

830

00:40:15,680 --> 00:40:12,270

because they classified this as an

831

00:40:22,040 --> 00:40:15,690

unknown phenomena that they are at least

832

00:40:23,870 --> 00:40:22,050

at least publicly took the went the way

833

00:40:24,860 --> 00:40:23,880

of just you know ignoring it nothing to

834

00:40:29,000 --> 00:40:24,870

see here folks

835

00:40:31,100 --> 00:40:29,010

you know go home it was method I know

836

00:40:32,610 --> 00:40:31,110

that's trying strange to say it would be

837

00:40:35,130 --> 00:40:32,620

interesting if it were more

838

00:40:36,690 --> 00:40:35,140

mysterious or sensational but but the

839

00:40:39,690 --> 00:40:36,700

Air Force just took the approach that

840

00:40:43,260 --> 00:40:39,700

they would treat each sighting and each

841

00:40:45,500 --> 00:40:43,270

report by itself in isolation they did

842

00:40:48,780 --> 00:40:45,510

very little pattern analysis and

843

00:40:52,200 --> 00:40:48,790

actually in 1952 when President Truman

844

00:40:54,480 --> 00:40:52,210

handed it off to the CIA that's what the

845

00:40:56,580 --> 00:40:54,490

CIA critiqued them for they said what

846

00:40:58,710 --> 00:40:56,590

are you doing you're collecting data on

847

00:41:00,420 --> 00:40:58,720

each incident but you're not looking at

848

00:41:02,850 --> 00:41:00,430

the patterns and that's never going to

849

00:41:05,640 --> 00:41:02,860

help you solve the problem here's what

850

00:41:08,160 --> 00:41:05,650

we need to do you guys need to give it

851
00:41:10,200 --> 00:41:08,170
to us and we need to create a project

852
00:41:12,960 --> 00:41:10,210
and we need to kick it up to the

853
00:41:14,460 --> 00:41:12,970
National Security Council and we need to

854
00:41:17,220 --> 00:41:14,470
get these groups that are under our

855
00:41:19,830 --> 00:41:17,230
control to look at it over a long term

856
00:41:23,610 --> 00:41:19,840
to do the kind of studies pattern

857
00:41:26,970 --> 00:41:23,620
studies we do and the Air Force really

858
00:41:30,450 --> 00:41:26,980
pushed back now it's is there what is

859
00:41:32,790 --> 00:41:30,460
there one individual in the CIA or the

860
00:41:35,550 --> 00:41:32,800
military you can point to and say was

861
00:41:39,900 --> 00:41:35,560
responsible for that attitude of wanting

862
00:41:42,630 --> 00:41:39,910
to hoist it up a level the office of

863
00:41:44,600 --> 00:41:42,640

scientific intelligence that the head of

864

00:41:48,060 --> 00:41:44,610

the Office of Scientific intelligence

865

00:41:51,870 --> 00:41:48,070

wrote a series of memoranda to the to

866

00:41:54,390 --> 00:41:51,880

the CIA director recommending that the

867

00:41:56,600 --> 00:41:54,400

director actually did put it on the

868

00:41:59,790 --> 00:41:56,610

agenda for the National Security Council

869

00:42:03,120 --> 00:41:59,800

but it looks like he basically watered

870

00:42:06,000 --> 00:42:03,130

down the whole thing and and it's hard

871

00:42:08,750 --> 00:42:06,010

to say that from the documents all of a

872

00:42:11,760 --> 00:42:08,760

sudden what was an imminent emergency

873

00:42:14,220 --> 00:42:11,770

becomes very much a bureaucratic thing

874

00:42:16,380 --> 00:42:14,230

like well okay we should take this to

875

00:42:19,020 --> 00:42:16,390

the National Security Council but I'm

876

00:42:21,360 --> 00:42:19,030

not going to propose it unless you two

877

00:42:24,090 --> 00:42:21,370

agree to back me on it and the Air Force

878

00:42:27,030 --> 00:42:24,100

comes back and says well I'm not going

879

00:42:28,920 --> 00:42:27,040

to put my name on this and they agree

880

00:42:31,140 --> 00:42:28,930

that they're going to take it to a panel

881

00:42:33,060 --> 00:42:31,150

of scientists and if the panel of

882

00:42:36,000 --> 00:42:33,070

scientists say there's something to it

883

00:42:37,950 --> 00:42:36,010

then everybody has the backing they need

884

00:42:41,550 --> 00:42:37,960

to kick it up the chain of command

885

00:42:45,120 --> 00:42:41,560

without risking their jobs and the

886

00:42:46,050 --> 00:42:45,130

scientific panel said you know we don't

887

00:42:48,900 --> 00:42:46,060

have the data

888

00:42:50,400 --> 00:42:48,910

it's not this is not you don't have the

889

00:42:53,700 --> 00:42:50,410

data that we need to give you a

890

00:42:55,320 --> 00:42:53,710

scientific evaluation we're not going to

891

00:42:57,180 --> 00:42:55,330

say this is a threat with what you've

892

00:42:57,930 --> 00:42:57,190

given us and everybody just backed away

893

00:43:01,310 --> 00:42:57,940

from it

894

00:43:06,090 --> 00:43:01,320

well now 21 and why did the Robinson the

895

00:43:08,730 --> 00:43:06,100

panel come about it came about in in

896

00:43:11,790 --> 00:43:08,740

during the winter it's at the end of 52

897

00:43:14,070 --> 00:43:11,800

and at the beginning of 53 and it it's a

898

00:43:17,460 --> 00:43:14,080

very fascinating thing because it came

899

00:43:20,460 --> 00:43:17,470

about as the CIA's essentially the sad

900

00:43:22,010 --> 00:43:20,470

director wanted to take this forward but

901
00:43:26,330 --> 00:43:22,020
only if he could get sufficient

902
00:43:29,010 --> 00:43:26,340
endorsement so he convened the panel and

903
00:43:31,590 --> 00:43:29,020
set it up so that if the scientists

904
00:43:34,740 --> 00:43:31,600
would back in he would take it up to the

905
00:43:38,130 --> 00:43:34,750
NSC and the president but the problem

906
00:43:41,970 --> 00:43:38,140
was he convened the panel to assess

907
00:43:44,700 --> 00:43:41,980
whether or not UFOs were a threat and an

908
00:43:47,580 --> 00:43:44,710
intelligence problem and the people they

909
00:43:50,970 --> 00:43:47,590
convene on the panel were all atomic

910
00:43:53,670 --> 00:43:50,980
physicists and atmospheric scientists

911
00:43:57,570 --> 00:43:53,680
and they looked at the whole thing for a

912
00:44:01,350 --> 00:43:57,580
total of the better part of only two

913
00:44:03,270 --> 00:44:01,360

days and basically as dr. Hynek who was

914

00:44:06,360 --> 00:44:03,280

attended some of the meetings would say

915

00:44:09,150 --> 00:44:06,370

later the problem was no scientist is

916

00:44:10,050 --> 00:44:09,160

ever going to have enough data to put

917

00:44:12,750 --> 00:44:10,060

their name

918

00:44:14,940 --> 00:44:12,760

under that sort of conclusion that the

919

00:44:15,810 --> 00:44:14,950

data was not there from a scientific

920

00:44:17,940 --> 00:44:15,820

standpoint

921

00:44:21,270 --> 00:44:17,950

so they wouldn't give the CIA what it

922

00:44:26,000 --> 00:44:21,280

was looking for and at that point in

923

00:44:31,170 --> 00:44:29,790

the the research set that you have done

924

00:44:33,420 --> 00:44:31,180

for this book and we only have about

925

00:44:35,610 --> 00:44:33,430

three minutes left before we have to go

926
00:44:38,820 --> 00:44:35,620
onto our next break where did you get

927
00:44:40,770 --> 00:44:38,830
the the bulk of your information for

928
00:44:43,730 --> 00:44:40,780
this book I mean how how did you go

929
00:44:48,000 --> 00:44:43,740
about researching this book

930
00:44:50,280 --> 00:44:48,010
well the an amazing amount of research

931
00:44:52,560 --> 00:44:50,290
and the credit has to be given there

932
00:44:56,240 --> 00:44:52,570
there have been some amazing historical

933
00:45:00,150 --> 00:44:56,250
researchers in this field project 90

934
00:45:03,480 --> 00:45:00,160
1947 Jan Aldrich

935
00:45:06,930 --> 00:45:03,490
they're just there are some great names

936
00:45:10,440 --> 00:45:06,940
that have done the research its present

937
00:45:14,160 --> 00:45:10,450
in various places but it hasn't really

938
00:45:17,040 --> 00:45:14,170

been pulled together and so it was out

939

00:45:19,589 --> 00:45:17,050

there and as just were the basic data in

940

00:45:23,550 --> 00:45:19,599

the Blue Book archives yeah well this is

941

00:45:27,359 --> 00:45:23,560

this is a an amazing amazing book I mean

942

00:45:29,220 --> 00:45:27,369

it has all the material that has been

943

00:45:31,710 --> 00:45:29,230

left out of wouldn't say everybody

944

00:45:34,140 --> 00:45:31,720

else's book but it's certainly been it's

945

00:45:37,500 --> 00:45:34,150

certainly been all you know compiled all

946

00:45:41,520 --> 00:45:37,510

together and I I mean I've been involved

947

00:45:45,120 --> 00:45:41,530

in this for 50 you know years I've been

948

00:45:46,589 --> 00:45:45,130

carting books around since I was 14 14

949

00:45:50,190 --> 00:45:46,599

years old let me tell you it's taking a

950

00:45:52,470 --> 00:45:50,200

toll on me here but you know I I don't

951
00:45:56,520 --> 00:45:52,480
think well I I guess I haven't really

952
00:45:58,290 --> 00:45:56,530
studied the government's involvement in

953
00:46:00,480 --> 00:45:58,300
this you know but yeah you think that

954
00:46:02,190 --> 00:46:00,490
everything pretty much I mean general

955
00:46:03,750 --> 00:46:02,200
twining I guess in the beginning he made

956
00:46:06,300 --> 00:46:03,760
a very positive statement that went on

957
00:46:08,790 --> 00:46:06,310
for you know like quite a number of

958
00:46:11,160 --> 00:46:08,800
pages but outside of that you you seldom

959
00:46:14,640 --> 00:46:11,170
hear about anybody you know when the CIA

960
00:46:18,270 --> 00:46:14,650
or the military-industrial complex who

961
00:46:21,620 --> 00:46:18,280
makes or has made the positive comments

962
00:46:24,870 --> 00:46:21,630
about this and I can see that our

963
00:46:27,000 --> 00:46:24,880

station head is going to prevent us he's

964

00:46:29,040 --> 00:46:27,010

partly part of it were probably part of

965

00:46:30,690 --> 00:46:29,050

the New World Order's but we'll be well

966

00:46:32,250 --> 00:46:30,700

break through to the other well break

967

00:46:33,960 --> 00:46:32,260

through to the other side in just a few

968

00:46:35,400 --> 00:46:33,970

minutes and be back with our very

969

00:46:37,950 --> 00:46:35,410

exciting program and we're going to go

970

00:46:40,980 --> 00:46:37,960

back inside the saucers with president

971

00:46:50,660 --> 00:46:40,990

in it and then work our way through the

972

00:46:50,670 --> 00:46:55,060

[Music]

973

00:47:02,010 --> 00:46:59,560

explore the bazaars or e-ticket ride

974

00:47:05,320 --> 00:47:02,020

into the world of the paranormal

975

00:47:09,630 --> 00:47:05,330

strap yourself in as we traverse the

976
00:47:12,720 --> 00:47:09,640
universe exploring the unexplained UFO s

977
00:47:15,100 --> 00:47:12,730
ghosts Lost Worlds

978
00:47:18,970 --> 00:47:15,110
cryptozoology as well as other

979
00:47:24,100 --> 00:47:18,980
dimensions it's time to take back the

980
00:47:27,190 --> 00:47:24,110
night now your electrifying hosts of

981
00:47:31,810 --> 00:47:27,200
exploring the bizarre Timothy Begley and

982
00:47:34,750 --> 00:47:31,820
team sports alright welcome back to

983
00:47:37,960 --> 00:47:34,760
exploring the bizarre here we are and

984
00:47:40,060 --> 00:47:37,970
the second segment of the program and we

985
00:47:42,940 --> 00:47:40,070
have with this Preston Dennett and Larry

986
00:47:45,520 --> 00:47:42,950
hand guard and Larry before we bring

987
00:47:50,590 --> 00:47:45,530
Preston back on again I wanted to ask

988
00:47:52,540 --> 00:47:50,600

you going back a little bit about before

989

00:47:55,120 --> 00:47:52,550

we went on break and talk about you know

990

00:47:57,520 --> 00:47:55,130

UFO groups you know just wondering if

991

00:48:00,250 --> 00:47:57,530

you know groups like you know NICAP and

992

00:48:03,970 --> 00:48:00,260

and other UFO groups had any kind of

993

00:48:08,290 --> 00:48:03,980

effect on the cia's attitude towards

994

00:48:12,720 --> 00:48:08,300

UFOs and UFO sightings some of the very

995

00:48:15,700 --> 00:48:12,730

early groups back in the early 50s

996

00:48:17,620 --> 00:48:15,710

actually did but they were some of the

997

00:48:21,640 --> 00:48:17,630

independent flying saucer groups

998

00:48:24,280 --> 00:48:21,650

especially out of Los Angeles that had

999

00:48:26,530 --> 00:48:24,290

members out of the engineering community

1000

00:48:29,800 --> 00:48:26,540

in the aerospace community and actually

1001

00:48:31,590 --> 00:48:29,810

when rappelled was going around early in

1002

00:48:34,960 --> 00:48:31,600

project Bluebook

1003

00:48:37,690 --> 00:48:34,970

52:53 era they II went out and talked to

1004

00:48:41,290 --> 00:48:37,700

them and was seriously impressed by some

1005

00:48:43,810 --> 00:48:41,300

of their observations not so much about

1006

00:48:48,970 --> 00:48:43,820

a PR oh and nycap and to tell you the

1007

00:48:50,860 --> 00:48:48,980

truth a PRA in particular got to be a

1008

00:48:53,440 --> 00:48:50,870

real counter it was seen as a real

1009

00:48:55,750 --> 00:48:53,450

counterintelligence problem and that

1010

00:49:00,130 --> 00:48:55,760

shows up in the Robertson panel when

1011

00:49:02,890 --> 00:49:00,140

they actually recommend that the UFO

1012

00:49:06,130 --> 00:49:02,900

groups be watched because the Soviets

1013

00:49:08,700 --> 00:49:06,140

may be using their observations as kind

1014

00:49:11,460 --> 00:49:08,710

of an open collection source

1015

00:49:13,710 --> 00:49:11,470

yeah but but APRA was more yeah Abra was

1016

00:49:17,010 --> 00:49:13,720

more interested in little green men than

1017

00:49:18,359 --> 00:49:17,020

they were in you know the well humanoids

1018

00:49:22,620 --> 00:49:18,369

I say that you know facetiously because

1019

00:49:25,799 --> 00:49:22,630

they did a lot of decent research we've

1020

00:49:28,200 --> 00:49:25,809

had their librarian Alan Ben's on a few

1021

00:49:30,180 --> 00:49:28,210

times he's a buddy of mine going back

1022

00:49:34,440 --> 00:49:30,190

any number of years he's still down in

1023

00:49:37,740 --> 00:49:34,450

Tucson you know and but they say it was

1024

00:49:40,530 --> 00:49:37,750

a nightcap by far major Keyhoe that seem

1025

00:49:43,740 --> 00:49:40,540

to be pushing this we've got a you know

1026

00:49:45,900 --> 00:49:43,750

a bushel full of secrecy here and and

1027

00:49:48,809 --> 00:49:45,910

and would seem to have been a more thorn

1028

00:49:51,630 --> 00:49:48,819

in their side than than anything else

1029

00:49:54,299 --> 00:49:51,640

what was there one person in the in the

1030

00:50:00,540 --> 00:49:54,309

CIA who said now we're gonna we're gonna

1031

00:50:03,329 --> 00:50:00,550

Deep Six this ah no not one person there

1032

00:50:05,190 --> 00:50:03,339

was the deep-sixing primarily came out

1033

00:50:07,770 --> 00:50:05,200

of the Air Force side because the CIA

1034

00:50:11,040 --> 00:50:07,780

just kind of after the Robertson panel

1035

00:50:14,190 --> 00:50:11,050

Fiasco the CIA just filed a report and

1036

00:50:17,329 --> 00:50:14,200

left it with the Air Force but it was it

1037

00:50:21,620 --> 00:50:17,339

was basically the people that took over

1038

00:50:24,690 --> 00:50:21,630

Bluebook after repelled a new commander

1039

00:50:26,760 --> 00:50:24,700

that it just said okay this is an Air

1040

00:50:29,280 --> 00:50:26,770

Defense problem forget all that other

1041

00:50:30,809 --> 00:50:29,290

nonsense let's wrap this up and we'll go

1042

00:50:33,930 --> 00:50:30,819

back to treating it the way we were

1043

00:50:37,680 --> 00:50:33,940

treating it if each each incident is a

1044

00:50:40,440 --> 00:50:37,690

as a potential threat report but if it's

1045

00:50:42,930 --> 00:50:40,450

not Russians you know just explain it

1046

00:50:44,520 --> 00:50:42,940

and go on with your business they were

1047

00:50:46,829 --> 00:50:44,530

really really they're worried about the

1048

00:50:48,930 --> 00:50:46,839

Russians and UFOs that was their oath

1049

00:50:51,990 --> 00:50:48,940

and that shows up in the documents

1050

00:50:54,420 --> 00:50:52,000

clearly all the way into early 1952 that

1051
00:50:56,309 --> 00:50:54,430
they you see documents talking about the

1052
00:50:59,700 --> 00:50:56,319
fact that the Russians had developed

1053
00:51:01,710 --> 00:50:59,710
quote-unquote bomb carriers that they

1054
00:51:04,079 --> 00:51:01,720
would use as soon as they got atomic

1055
00:51:08,309 --> 00:51:04,089
weapons okay the first reports that are

1056
00:51:10,319 --> 00:51:08,319
filed in in 47 and 48 they're absolutely

1057
00:51:13,020 --> 00:51:10,329
convinced it's the Russians as a matter

1058
00:51:15,900 --> 00:51:13,030
of fact they expect they expected in the

1059
00:51:19,289 --> 00:51:15,910
first UFO project that within six months

1060
00:51:22,380 --> 00:51:19,299
they would identify what German

1061
00:51:25,230 --> 00:51:22,390
technology and how the Russians had

1062
00:51:27,450 --> 00:51:25,240
and actually be able to avoid it well

1063
00:51:29,340 --> 00:51:27,460

you know okay well the German technology

1064

00:51:32,430 --> 00:51:29,350

is the thing that turns me on because

1065

00:51:35,850 --> 00:51:32,440

we've written any number of books on LR

1066

00:51:38,850 --> 00:51:35,860

and last one being the Nazi UFO at Time

1067

00:51:40,680 --> 00:51:38,860

Traveller's it seems that the Germans

1068

00:51:44,370 --> 00:51:40,690

were doing a heck of a lot more research

1069

00:51:47,820 --> 00:51:44,380

into the flying discs and and might have

1070

00:51:49,560 --> 00:51:47,830

had any number of if you believe it you

1071

00:51:51,750 --> 00:51:49,570

know contacts with ETS through

1072

00:51:54,180 --> 00:51:51,760

channeling and they had their own occult

1073

00:51:57,240 --> 00:51:54,190

societies and and so forth is a

1074

00:51:59,730 --> 00:51:57,250

fascinating you know legend if nothing

1075

00:52:02,610 --> 00:51:59,740

else anything in the documents that

1076
00:52:06,720 --> 00:52:02,620
would now a captain repel did make a

1077
00:52:10,590 --> 00:52:06,730
curious statement that he thought that

1078
00:52:12,720 --> 00:52:10,600
the OE craft that could possibly fly at

1079
00:52:15,390 --> 00:52:12,730
these these speeds was something that

1080
00:52:17,850 --> 00:52:15,400
had been you know invented they were

1081
00:52:19,800 --> 00:52:17,860
developed in Germany anything in your

1082
00:52:23,130 --> 00:52:19,810
research that would point in that

1083
00:52:25,620 --> 00:52:23,140
direction well a day I mean early on

1084
00:52:30,330 --> 00:52:25,630
they were absolutely convinced that it

1085
00:52:33,750 --> 00:52:30,340
was Courtin aircraft the integrated wing

1086
00:52:36,650 --> 00:52:33,760
aircraft and they actually they're their

1087
00:52:39,630 --> 00:52:36,660
intelligence reports showing that they

1088
00:52:42,240 --> 00:52:39,640

they had determined that the Russians

1089

00:52:45,030 --> 00:52:42,250

were building hundreds of these jet

1090

00:52:47,220 --> 00:52:45,040

propelled hoardin flying wings that they

1091

00:52:50,700 --> 00:52:47,230

were going to use as tactical bombers

1092

00:52:55,200 --> 00:52:50,710

and there's a fascinating letter that

1093

00:52:58,590 --> 00:52:55,210

talks about visiting with several German

1094

00:53:02,990 --> 00:52:58,600

scientists about remote-control versions

1095

00:53:05,640 --> 00:53:03,000

of these and also balloon carried

1096

00:53:09,050 --> 00:53:05,650

versions of these because they seemed to

1097

00:53:12,930 --> 00:53:09,060

have thought that the Russians might be

1098

00:53:15,870 --> 00:53:12,940

sending them over on balloons and then

1099

00:53:18,800 --> 00:53:15,880

launching them on missions that's that's

1100

00:53:21,870 --> 00:53:18,810

fascinating not so I mean there are

1101
00:53:24,090 --> 00:53:21,880
among the the collections documents that

1102
00:53:27,110 --> 00:53:24,100
went to write patterns and there's a lot

1103
00:53:32,580 --> 00:53:27,120
of stuff on German experimentations with

1104
00:53:34,130 --> 00:53:32,590
other types of propulsion and and those

1105
00:53:35,630 --> 00:53:34,140
sorts of things but in the Air Force

1106
00:53:39,230 --> 00:53:35,640
documents there

1107
00:53:41,750 --> 00:53:39,240
we thought that it was rocket devices

1108
00:53:45,580 --> 00:53:41,760
advanced rockets or these jet flying

1109
00:53:48,560 --> 00:53:45,590
wings probably ram jet propelled and

1110
00:53:52,400 --> 00:53:48,570
some of the early sightings were pretty

1111
00:53:53,960 --> 00:53:52,410
convincing that the staff the

1112
00:53:57,050 --> 00:53:53,970
engineering staff at wright-patterson

1113
00:54:00,970 --> 00:53:57,060

were convinced that those that's what it

1114

00:54:04,370 --> 00:54:00,980

was and it was only it was only in

1115

00:54:06,410 --> 00:54:04,380

towards them the summer of 1948 that

1116

00:54:08,510 --> 00:54:06,420

they started getting observations that

1117

00:54:11,450 --> 00:54:08,520

they felt that they couldn't explain by

1118

00:54:14,510 --> 00:54:11,460

that and they floated the idea that it

1119

00:54:20,660 --> 00:54:14,520

was actually some sort of alien

1120

00:54:23,290 --> 00:54:20,670

technology well yeah okay that they got

1121

00:54:26,380 --> 00:54:23,300

past the Russians to this to this other

1122

00:54:28,880 --> 00:54:26,390

other story and actually took that

1123

00:54:32,030 --> 00:54:28,890

hypothesis to the Pentagon and you can

1124

00:54:34,220 --> 00:54:32,040

see in the Air Force studies that some

1125

00:54:37,520 --> 00:54:34,230

of their people that wright-patterson

1126

00:54:40,130 --> 00:54:37,530

people are suggesting that it's it's

1127

00:54:43,190 --> 00:54:40,140

truly foreign technology not the

1128

00:54:45,620 --> 00:54:43,200

Russians but off planning technology hey

1129

00:54:49,400 --> 00:54:45,630

well I wonder I would ask a Preston a a

1130

00:54:51,680 --> 00:54:49,410

question here we're talking to we start

1131

00:54:53,990 --> 00:54:51,690

out I started out the program kind of in

1132

00:54:56,420 --> 00:54:54,000

our usual humorous mode plucky about the

1133

00:55:01,730 --> 00:54:56,430

different shapes and sizes of the ships

1134

00:55:03,500 --> 00:55:01,740

in the sky anything tell tell us what

1135

00:55:05,570 --> 00:55:03,510

significance the different shapes and

1136

00:55:07,010 --> 00:55:05,580

the sizes might have to do it as to

1137

00:55:10,690 --> 00:55:07,020

who's involved with the crafter who

1138

00:55:13,220 --> 00:55:10,700

might be piling it I haven't noticed any

1139

00:55:15,350 --> 00:55:13,230

patterns in that regard it's actually

1140

00:55:17,330 --> 00:55:15,360

really frustrating and bewildering

1141

00:55:19,910 --> 00:55:17,340

because you have this kind of

1142

00:55:22,610 --> 00:55:19,920

smorgasbord I mean that they can come in

1143

00:55:26,150 --> 00:55:22,620

practically any shape or size yes you

1144

00:55:28,790 --> 00:55:26,160

get a lot of saucers triangles steers

1145

00:55:32,300 --> 00:55:28,800

things like this but I have to tell you

1146

00:55:34,640 --> 00:55:32,310

I get unique shapes all the time people

1147

00:55:38,870 --> 00:55:34,650

can't even describe them they're oddly

1148

00:55:42,890 --> 00:55:38,880

shaped so yes and I can't tell who's in

1149

00:55:45,290 --> 00:55:42,900

what just by looking at it no well and

1150

00:55:47,240 --> 00:55:45,300

Chris tonight I suppose that that was

1151

00:55:48,810 --> 00:55:47,250

one of the things that probably

1152

00:55:52,470 --> 00:55:48,820

frustrated

1153

00:55:54,560 --> 00:55:52,480

the Air Force and the CIA and you know

1154

00:55:58,050 --> 00:55:54,570

other numbers groups or letter groups

1155

00:55:59,940 --> 00:55:58,060

was the fact that there didn't seem to

1156

00:56:01,800 --> 00:55:59,950

be a lot of a consistency to you know

1157

00:56:03,570 --> 00:56:01,810

like the sizes and shapes because I mean

1158

00:56:07,680 --> 00:56:03,580

you'd have like you pointed out you know

1159

00:56:09,710 --> 00:56:07,690

people see cigar shape egg shape UFOs

1160

00:56:13,470 --> 00:56:09,720

and then you know the next round and

1161

00:56:15,420 --> 00:56:13,480

there'd be the flying triangles right

1162

00:56:17,610 --> 00:56:15,430

the whole military response to this is

1163

00:56:20,520 --> 00:56:17,620

fascinating and big bungled it in terms

1164

00:56:23,220 --> 00:56:20,530

of you know relating it to the public

1165

00:56:24,810 --> 00:56:23,230

and in disclosing this stuff and I

1166

00:56:28,170 --> 00:56:24,820

talked to a number of people who've been

1167

00:56:29,610 --> 00:56:28,180

you know in the military in various

1168

00:56:31,560 --> 00:56:29,620

capacities

1169

00:56:34,740 --> 00:56:31,570

one interesting gentleman I interviewed

1170

00:56:39,300 --> 00:56:34,750

recently was an electricians made on the

1171

00:56:43,290 --> 00:56:39,310

USS clamming or a sub submarine which

1172

00:56:44,820 --> 00:56:43,300

carried no wet nuclear weapons and he's

1173

00:56:47,220 --> 00:56:44,830

been on a number of other submarines and

1174

00:56:49,560 --> 00:56:47,230

never had any activity but once he got

1175

00:56:51,900 --> 00:56:49,570

on the clamming or he said strange stuff

1176
00:56:53,790 --> 00:56:51,910
began to happen and the strangest thing

1177
00:56:57,120 --> 00:56:53,800
that happened was once he was on watch

1178
00:56:59,100 --> 00:56:57,130
he was actually on the surface they were

1179
00:57:02,820 --> 00:56:59,110
going up to the East Coast this was back

1180
00:57:06,750 --> 00:57:02,830
in gosh I believe was the early 70s and

1181
00:57:08,940 --> 00:57:06,760
he was there with another petty officer

1182
00:57:12,930 --> 00:57:08,950
there was the captain and the second guy

1183
00:57:15,540 --> 00:57:12,940
in command and this UFO shows up

1184
00:57:19,230 --> 00:57:15,550
actually a USO it was submerged under

1185
00:57:20,010 --> 00:57:19,240
the water says it approached it like 50

1186
00:57:24,480 --> 00:57:20,020
miles an hour

1187
00:57:26,130 --> 00:57:24,490
real fast completely silent the captain

1188
00:57:27,630 --> 00:57:26,140

calls the radar room and they they're

1189

00:57:29,570 --> 00:57:27,640

like no we have nothing we're not

1190

00:57:32,720 --> 00:57:29,580

painting anything we don't see it and

1191

00:57:35,700 --> 00:57:32,730

this thing comes right up to their

1192

00:57:39,960 --> 00:57:35,710

submarine which is no opening up just

1193

00:57:41,900 --> 00:57:39,970

ten knots or so and paces it for about

1194

00:57:44,610 --> 00:57:41,910

15 minutes

1195

00:57:48,090 --> 00:57:44,620

obviously watching them it was 50 feet

1196

00:57:51,570 --> 00:57:48,100

across at least really bright and they

1197

00:57:55,560 --> 00:57:51,580

estimated 50 feet down not super deep

1198

00:57:57,540 --> 00:57:55,570

they couldn't really tell and one by one

1199

00:58:00,720 --> 00:57:57,550

all the officers came up to take a look

1200

00:58:02,579 --> 00:58:00,730

at it they wanted to see it and raise

1201
00:58:03,749 --> 00:58:02,589
sax guy interviewed he

1202
00:58:06,719 --> 00:58:03,759
washed it with his other buddy and

1203
00:58:09,569 --> 00:58:06,729
they're talking about it and finally at

1204
00:58:11,099 --> 00:58:09,579
left and the second-in-command turns to

1205
00:58:14,069 --> 00:58:11,109
them and says stop talking about this

1206
00:58:15,690 --> 00:58:14,079
talk about this to anybody and he turns

1207
00:58:18,420 --> 00:58:15,700
to the captain and says how do I put

1208
00:58:20,640 --> 00:58:18,430
this in the log and the captain turns to

1209
00:58:22,890 --> 00:58:20,650
the second guy and says people who

1210
00:58:26,099 --> 00:58:22,900
report this sort of thing don't move up

1211
00:58:28,019 --> 00:58:26,109
in rank Wow so it was covered up right

1212
00:58:30,120 --> 00:58:28,029
from there though it turns out everyone

1213
00:58:31,739 --> 00:58:30,130

on the ship knew about it they all

1214

00:58:34,319 --> 00:58:31,749

talked about it it was the buzz for you

1215

00:58:35,640 --> 00:58:34,329

know a couple of weeks so these are the

1216

00:58:38,219 --> 00:58:35,650

sort of things that happened that we

1217

00:58:41,219 --> 00:58:38,229

don't hear about now now is this in any

1218

00:58:43,140 --> 00:58:41,229

official documents or is this person a

1219

00:58:45,450 --> 00:58:43,150

person with you not that I could find

1220

00:58:47,549 --> 00:58:45,460

you know I was able to verify that he

1221

00:58:50,459 --> 00:58:47,559

was in fact and the electrician's made I

1222

00:58:52,620 --> 00:58:50,469

got the roster list of all the know

1223

00:58:56,729 --> 00:58:52,630

people who were on board at that time

1224

00:59:00,269 --> 00:58:56,739

and there was his name so uh yeah no

1225

00:59:03,269 --> 00:59:00,279

proof and what was the object described

1226

00:59:05,849 --> 00:59:03,279

as looking like just this bright bright

1227

00:59:09,630 --> 00:59:05,859

white light round they couldn't see it

1228

00:59:13,019 --> 00:59:09,640

it was deep underwater and it's just

1229

00:59:15,239 --> 00:59:13,029

pasted their ship he do it wasn't thirds

1230

00:59:17,039 --> 00:59:15,249

it was too quiet and when it darted off

1231

00:59:20,089 --> 00:59:17,049

it moved off much faster than anything

1232

00:59:24,420 --> 00:59:20,099

we got certainly at that time officially

1233

00:59:26,759 --> 00:59:24,430

now Larry it is there's some people that

1234

00:59:29,160 --> 00:59:26,769

believe that the the Navy has actually

1235

00:59:32,279 --> 00:59:29,170

been investigating these things of

1236

00:59:34,400 --> 00:59:32,289

things more secretly than than the Air

1237

00:59:37,529 --> 00:59:34,410

Force and have come to their own

1238

00:59:41,940 --> 00:59:37,539

conclusions isn't there are you familiar

1239

00:59:44,519 --> 00:59:41,950

with the dock the janap document yes yes

1240

00:59:48,359 --> 00:59:44,529

no was that was that was that an Navy

1241

00:59:51,359 --> 00:59:48,369

document wait affected all military its

1242

00:59:53,759 --> 00:59:51,369

joint services document so there was

1243

00:59:56,789 --> 00:59:53,769

actually a naval aspect to it and

1244

00:59:58,620 --> 00:59:56,799

interestingly enough the Navy was part

1245

01:00:02,309 --> 00:59:58,630

of the very first Air Force

1246

01:00:05,069 --> 01:00:02,319

investigations and the Navy did a lot of

1247

01:00:07,559 --> 01:00:05,079

investigation of its early on they did a

1248

01:00:10,979 --> 01:00:07,569

lot of photo analysis early on and

1249

01:00:13,559 --> 01:00:10,989

actually the Navy certified certain

1250

01:00:16,260 --> 01:00:13,569

photographs as being true unknowns that

1251

01:00:19,380 --> 01:00:16,270

the Air Force wouldn't

1252

01:00:21,210 --> 01:00:19,390

so the Navy was Navy definitely conduct

1253

01:00:23,490 --> 01:00:21,220

its own investigations one of the

1254

01:00:27,240 --> 01:00:23,500

reasons why is because a couple of very

1255

01:00:30,330 --> 01:00:27,250

senior ant Admirals had experiences on

1256

01:00:32,100 --> 01:00:30,340

Navy flights and they were not going to

1257

01:00:36,390 --> 01:00:32,110

take no for an answer because they had

1258

01:00:38,670 --> 01:00:36,400

seen it so and who might say have been

1259

01:00:40,320 --> 01:00:38,680

do you know I think of a Seacole otter

1260

01:00:42,930 --> 01:00:40,330

I'd have to look back up your name

1261

01:00:45,660 --> 01:00:42,940

itself that was that was early on back

1262

01:00:48,240 --> 01:00:45,670

in the 40s as a matter of fact mm-hmm

1263

01:00:50,520 --> 01:00:48,250

and do you think these reports are still

1264

01:00:52,910 --> 01:00:50,530

going on I mean similar reports of this

1265

01:00:55,230 --> 01:00:52,920

but they're squatched or are they just

1266

01:00:57,510 --> 01:00:55,240

nobody in the military if they happen to

1267

01:01:00,870 --> 01:00:57,520

have an experience is gonna tell us

1268

01:01:03,510 --> 01:01:00,880

about it the report the pre the threat

1269

01:01:06,150 --> 01:01:03,520

reporting still goes on under no read I

1270

01:01:09,830 --> 01:01:06,160

mean even after Blue Book was

1271

01:01:13,070 --> 01:01:09,840

discontinued in 69 the official

1272

01:01:18,660 --> 01:01:13,080

regulations are there to report any

1273

01:01:21,690 --> 01:01:18,670

aerial or at sea or undersea anything

1274

01:01:23,760 --> 01:01:21,700

that is might be considered a threat now

1275

01:01:27,030 --> 01:01:23,770

that submarine experience is kind of

1276

01:01:29,640 --> 01:01:27,040

interesting because you know was it a

1277

01:01:32,580 --> 01:01:29,650

threat probably not so there there's

1278

01:01:34,710 --> 01:01:32,590

some there's some wishy-washy wording

1279

01:01:37,680 --> 01:01:34,720

going on about that but we have a lot of

1280

01:01:39,840 --> 01:01:37,690

incidents out of the 70s that were

1281

01:01:42,450 --> 01:01:39,850

officially reported through the Air

1282

01:01:45,900 --> 01:01:42,460

Force and through no read as threat

1283

01:01:49,260 --> 01:01:45,910

incidents so that reporting still

1284

01:01:53,120 --> 01:01:49,270

continues it continues to this day we

1285

01:01:56,040 --> 01:01:53,130

just don't see it because it's either

1286

01:02:00,840 --> 01:01:56,050

classified and they're not going to show

1287

01:02:03,120 --> 01:02:00,850

it to us or as as he described somebody

1288

01:02:08,790 --> 01:02:03,130

makes a decision that it's not a career

1289

01:02:11,310 --> 01:02:08,800

move and they don't file it Preston I

1290

01:02:12,660 --> 01:02:11,320

wanted to ask you in the the first part

1291

01:02:15,240 --> 01:02:12,670

of the program you know you told us a

1292

01:02:19,530 --> 01:02:15,250

really interesting story about somebody

1293

01:02:22,730 --> 01:02:19,540

who saw what you know had contacts with

1294

01:02:27,499 --> 01:02:22,740

you know like praying mantis types of

1295

01:02:29,909 --> 01:02:27,509

ins the preachers what about you know

1296

01:02:33,089 --> 01:02:29,919

have you run across any other you know

1297

01:02:35,399 --> 01:02:33,099

like interesting contact experiences I

1298

01:02:38,189 --> 01:02:35,409

know Tim Bekker he's always interested

1299

01:02:41,279 --> 01:02:38,199

in you know like the the Nordic or there

1300

01:02:43,620 --> 01:02:41,289

you like the really humanoid types of of

1301
01:02:46,709 --> 01:02:43,630
encounters rather than the you know

1302
01:02:48,390 --> 01:02:46,719
stereotypical you know big I gray aliens

1303
01:02:50,549 --> 01:02:48,400
yeah well I just think that I just think

1304
01:02:57,719 --> 01:02:50,559
that the et aliens are cute that's all

1305
01:03:02,039 --> 01:02:57,729
the women I mean you know we it seems

1306
01:03:04,039 --> 01:03:02,049
like that you know any kind of a media

1307
01:03:07,439 --> 01:03:04,049
coverage to a little there is anymore

1308
01:03:12,120 --> 01:03:07,449
still seems to go back to that you know

1309
01:03:14,609 --> 01:03:12,130
big eyed little grey aliens even though

1310
01:03:16,819 --> 01:03:14,619
that there's a plethora of all kinds of

1311
01:03:20,399 --> 01:03:16,829
different you know shapes and sizes of

1312
01:03:22,649 --> 01:03:20,409
entity seen right well I still get

1313
01:03:24,329 --> 01:03:22,659

mostly greys for whatever reason I'm not

1314

01:03:26,609 --> 01:03:24,339

sure up but lately I've been getting

1315

01:03:28,890 --> 01:03:26,619

more different kinds you know Nordic

1316

01:03:31,380 --> 01:03:28,900

praying mantis certainly but there's

1317

01:03:33,870 --> 01:03:31,390

this weird catch-all category which you

1318

01:03:35,729 --> 01:03:33,880

can't really categorize very easily and

1319

01:03:38,509 --> 01:03:35,739

I included one of these cases in the

1320

01:03:42,870 --> 01:03:38,519

book which involves a nine foot tall

1321

01:03:45,749 --> 01:03:42,880

orange haired humanoid which was seen by

1322

01:03:49,890 --> 01:03:45,759

a Nebraska housewife it's a very very

1323

01:03:52,919 --> 01:03:49,900

unusual experience she was suffering

1324

01:03:55,049 --> 01:03:52,929

from hypoglycemia type illness following

1325

01:03:57,929 --> 01:03:55,059

the birth of her child and it got very

1326

01:03:59,870 --> 01:03:57,939

severe she was losing weight doctors

1327

01:04:02,309 --> 01:03:59,880

couldn't help her didn't know what to do

1328

01:04:05,339 --> 01:04:02,319

she was carrying around orange juice and

1329

01:04:08,789 --> 01:04:05,349

a no protein passing out several times a

1330

01:04:12,599 --> 01:04:08,799

day and had reached the plant was a very

1331

01:04:14,189 --> 01:04:12,609

very serious issue when suddenly she's

1332

01:04:16,620 --> 01:04:14,199

walking across the room in her house and

1333

01:04:20,519 --> 01:04:16,630

she's no longer in her house she's in

1334

01:04:24,059 --> 01:04:20,529

this underground she says it was like a

1335

01:04:27,989 --> 01:04:24,069

gymnasium type saying a huge huge

1336

01:04:31,199 --> 01:04:27,999

chamber and there was a lot of people

1337

01:04:33,689 --> 01:04:31,209

there she was in this cubicle and she

1338

01:04:35,519 --> 01:04:33,699

said she's lying on this table there was

1339

01:04:38,429 --> 01:04:35,529

another man in a cubicle across the

1340

01:04:40,859 --> 01:04:38,439

corridor from her they were both out of

1341

01:04:42,660 --> 01:04:40,869

it disoriented

1342

01:04:45,420 --> 01:04:42,670

trying to figure out what happened where

1343

01:04:47,730 --> 01:04:45,430

they were and she says it was a very

1344

01:04:50,549 --> 01:04:47,740

tall ceiling she couldn't see any lights

1345

01:04:52,609 --> 01:04:50,559

but it was very well lit there was an

1346

01:04:55,470 --> 01:04:52,619

industrial type carpet on the ground and

1347

01:04:57,089 --> 01:04:55,480

she peeks her out you know stands up and

1348

01:04:59,700 --> 01:04:57,099

sees there are hundreds of these

1349

01:05:01,920 --> 01:04:59,710

cubicles mmm a lot of people and she

1350

01:05:04,710 --> 01:05:01,930

looks down the corridor and she sees

1351

01:05:06,930 --> 01:05:04,720

this big ear walking towards her and she

1352

01:05:09,720 --> 01:05:06,940

starts screaming because it's not human

1353

01:05:12,900 --> 01:05:09,730

she says it was nine feet tall at least

1354

01:05:14,940 --> 01:05:12,910

had unusual clothes on she couldn't

1355

01:05:19,259 --> 01:05:14,950

really describe them that well they were

1356

01:05:22,460 --> 01:05:19,269

dark and uniform like uh what appeared

1357

01:05:25,529 --> 01:05:22,470

to be a cape but it was this man's face

1358

01:05:27,720 --> 01:05:25,539

that really captured her attention

1359

01:05:31,440 --> 01:05:27,730

because he was not human she said it was

1360

01:05:35,190 --> 01:05:31,450

much too broad I mean he was humanoid

1361

01:05:37,710 --> 01:05:35,200

you had eyes but they were exotic a too

1362

01:05:40,140 --> 01:05:37,720

large of a nose the chin was much too

1363

01:05:42,870 --> 01:05:40,150

large the forehead was way too large and

1364

01:05:45,509 --> 01:05:42,880

his hair wasn't hair she said it was

1365

01:05:48,329 --> 01:05:45,519

much thicker than hair stood straight up

1366

01:05:52,559 --> 01:05:48,339

about two three inches and was bright

1367

01:05:54,089 --> 01:05:52,569

orange mmm I reminded her of straw she

1368

01:05:55,200 --> 01:05:54,099

actually contacts me because you know

1369

01:05:58,680 --> 01:05:55,210

she wanted to know if I had heard of

1370

01:06:01,470 --> 01:05:58,690

anything like this and no I couldn't say

1371

01:06:02,279 --> 01:06:01,480

that I have oh that that sounds familiar

1372

01:06:07,259 --> 01:06:02,289

to me

1373

01:06:10,019 --> 01:06:07,269

Tim I don't know if that occurred to you

1374

01:06:14,460 --> 01:06:10,029

but hair like straw that sounds like the

1375

01:06:17,370 --> 01:06:14,470

and I can remember the guys oh yes that

1376

01:06:21,450 --> 01:06:17,380

sounds like a Karl here yeah he was the

1377

01:06:23,549 --> 01:06:21,460

first he was the original guy who saw

1378

01:06:25,470 --> 01:06:23,559

the alien punk rockers or something like

1379

01:06:28,109 --> 01:06:25,480

that yeah they the hair stood up just

1380

01:06:30,329 --> 01:06:28,119

like just like a straw

1381

01:06:31,950 --> 01:06:30,339

and that was years before that I guess

1382

01:06:34,920 --> 01:06:31,960

yeah yeah that was only that was always

1383

01:06:38,519 --> 01:06:34,930

one of my favorite abduction stories

1384

01:06:41,880 --> 01:06:38,529

because he did have more than the usual

1385

01:06:45,690 --> 01:06:41,890

a bit of evidence you know there there

1386

01:06:48,539 --> 01:06:45,700

was the the bullet that supposedly it

1387

01:06:50,489 --> 01:06:48,549

hit a invisible barrier that prevented

1388

01:06:52,410 --> 01:06:50,499

it from striking one of the elk that he

1389

01:06:54,609 --> 01:06:52,420

was hunting and they they had the bullet

1390

01:06:59,410 --> 01:06:54,619

that was all twisted inside

1391

01:07:01,779 --> 01:06:59,420

out he had some scar tissue on his lungs

1392

01:07:04,630 --> 01:07:01,789

and had been under doctors care but when

1393

01:07:07,170 --> 01:07:04,640

they took him to the the hospital after

1394

01:07:11,769 --> 01:07:07,180

he had been teleported back into the

1395

01:07:13,749 --> 01:07:11,779

into his truck the scar tissue was gone

1396

01:07:15,730 --> 01:07:13,759

it showed that in the x-rays and the

1397

01:07:16,079 --> 01:07:15,740

truck itself had moved from the grassy

1398

01:07:19,769 --> 01:07:16,089

knoll

1399

01:07:21,849 --> 01:07:19,779

into a marshy area so deep that the

1400

01:07:28,859 --> 01:07:21,859

Sheriff's Department had to get out

1401

01:07:30,190 --> 01:07:28,869

there to halt we have to hold the trucks

1402

01:07:31,779 --> 01:07:30,200

records yes

1403

01:07:34,269 --> 01:07:31,789

yeah records the whole whatever they

1404

01:07:35,920 --> 01:07:34,279

used the whole that out and they had to

1405

01:07:39,430 --> 01:07:35,930

put out you know a series of logs

1406

01:07:41,829 --> 01:07:39,440

because the ground was so was so so soft

1407

01:07:45,039 --> 01:07:41,839

so I I don't know I I think the evidence

1408

01:07:49,569 --> 01:07:45,049

was was more than the usual in his in

1409

01:07:52,690 --> 01:07:49,579

his case but the straw-haired guys have

1410

01:07:55,660 --> 01:07:52,700

not been seen all that often that I can

1411

01:07:57,700 --> 01:07:55,670

think of what happened to oppress into

1412

01:08:02,140 --> 01:07:57,710

the little hairy humanoids that used to

1413

01:08:04,930 --> 01:08:02,150

chase a pro's crew around yeah you know

1414

01:08:07,390 --> 01:08:04,940

I don't get hardly any of those and it's

1415

01:08:09,099 --> 01:08:07,400

just home Adamle unique even with graves

1416

01:08:11,710 --> 01:08:09,109

I never get like something I can say oh

1417

01:08:14,979 --> 01:08:11,720

that's exactly the same grade Betty and

1418

01:08:16,930 --> 01:08:14,989

raisin named her squaws gun I've heard a

1419

01:08:20,499 --> 01:08:16,940

lot of cute names from people quarry is

1420

01:08:22,809 --> 01:08:20,509

a name of an et I heard quail are all

1421

01:08:27,309 --> 01:08:22,819

kinds of different names that never the

1422

01:08:29,680 --> 01:08:27,319

same exact et and ones that this lady

1423

01:08:32,280 --> 01:08:29,690

saw I'm they were 9 feet tall this one

1424

01:08:34,450 --> 01:08:32,290

that Carla Hickman saw was much shorter

1425

01:08:36,220 --> 01:08:34,460

yeah that was a great case by the way

1426

01:08:39,629 --> 01:08:36,230

there were other witnesses as well it

1427

01:08:41,860 --> 01:08:39,639

was cured of kidney stones and this lady

1428

01:08:45,129 --> 01:08:41,870

coincidentally was also cured of her

1429

01:08:47,289 --> 01:08:45,139

hypoglycemia this guy put instruments on

1430

01:08:48,999 --> 01:08:47,299

her body which were kind of painful she

1431

01:08:50,379 --> 01:08:49,009

said and a little scary because she

1432

01:08:54,099 --> 01:08:50,389

could feel the energy coming through

1433

01:08:55,899 --> 01:08:54,109

them and apparently cured her because

1434

01:08:58,090 --> 01:08:55,909

the next thing she knows she's back in

1435

01:09:01,209 --> 01:08:58,100

her house she can't wake up her family

1436

01:09:04,329 --> 01:09:01,219

takes her about 20 minutes or half an

1437

01:09:05,709 --> 01:09:04,339

hour to wake up her family and finally

1438

01:09:08,470 --> 01:09:05,719

they do wake up they're very supportive

1439

01:09:11,280 --> 01:09:08,480

and following this instant

1440

01:09:13,450 --> 01:09:11,290

she didn't pass out after eating she

1441

01:09:14,200 --> 01:09:13,460

didn't pass out at all and she started

1442

01:09:16,780 --> 01:09:14,210

to gain weight

1443

01:09:17,200 --> 01:09:16,790

her body was very sore for about two

1444

01:09:18,970 --> 01:09:17,210

weeks

1445

01:09:23,560 --> 01:09:18,980

especially where these instruments have

1446

01:09:25,870 --> 01:09:23,570

been but she was apparently fine and

1447

01:09:29,250 --> 01:09:25,880

went to the doctor eventually cuz she

1448

01:09:31,870 --> 01:09:29,260

had contracted tuberculosis as a child

1449

01:09:34,810 --> 01:09:31,880

had to be regularly x-rayed her lungs

1450

01:09:39,100 --> 01:09:34,820

and they found this metallic object in

1451

01:09:41,890 --> 01:09:39,110

her lung family they have no idea how

1452

01:09:44,550 --> 01:09:41,900

cop there no idea what it is it's rather

1453

01:09:49,720 --> 01:09:44,560

large it's apparently not hurting her

1454

01:09:52,090 --> 01:09:49,730

but they certainly can't remove it all

1455

01:09:54,820 --> 01:09:52,100

right well we will continue this

1456

01:09:57,280 --> 01:09:54,830

conversation after we go to a little

1457

01:10:00,000 --> 01:09:57,290

station break here so stay tuned for

1458

01:10:08,730 --> 01:10:00,010

more exploring the bizarre

1459

01:10:15,490 --> 01:10:12,910

now back to exploring the bazaars with

1460

01:10:18,460 --> 01:10:15,500

two of the most electrifying researchers

1461

01:10:24,010 --> 01:10:18,470

in the Paranoid your hosts Timothy

1462

01:10:26,200 --> 01:10:24,020

beckoning hunting sweets and welcome

1463

01:10:28,840 --> 01:10:26,210

back to exploring the bazaar here to him

1464

01:10:32,230 --> 01:10:28,850

at the bottom of the hour and time has

1465

01:10:34,690 --> 01:10:32,240

really flown so I wanted to ask Larry

1466

01:10:37,770 --> 01:10:34,700

real quick here during one of the breaks

1467

01:10:40,530 --> 01:10:37,780

we were talking about various

1468

01:10:43,540 --> 01:10:40,540

governments like Great Britain who've

1469

01:10:49,120 --> 01:10:43,550

released are allegedly released all of

1470

01:10:51,910 --> 01:10:49,130

their UFO material and then as Tina

1471

01:10:54,880 --> 01:10:51,920

pointed out you know year later the only

1472

01:11:02,230 --> 01:10:54,890

we found some more and Larry you had

1473

01:11:05,890 --> 01:11:02,240

made a comment that probably definitely

1474

01:11:08,680 --> 01:11:05,900

here in the United States that all of

1475

01:11:12,550 --> 01:11:08,690

the good stuff will probably never be

1476

01:11:15,580 --> 01:11:12,560

released and I was just wondering at

1477

01:11:20,170 --> 01:11:15,590

this point does anybody even know

1478

01:11:22,270 --> 01:11:20,180

anywhere where that material is where

1479

01:11:23,950 --> 01:11:22,280

where a lot of those secret documents

1480

01:11:26,470 --> 01:11:23,960

because you know you think about the

1481

01:11:28,930 --> 01:11:26,480

time that has passed you know since the

1482

01:11:33,280 --> 01:11:28,940

end of World War two and now and

1483

01:11:39,670 --> 01:11:33,290

especially the way that various military

1484

01:11:43,180 --> 01:11:39,680

services have compartmentalized UFO

1485

01:11:46,390 --> 01:11:43,190

material could we have a be at a point

1486

01:11:50,530 --> 01:11:46,400

now where those in charge would be like

1487

01:11:53,800 --> 01:11:50,540

I have no idea where that stuff is and

1488

01:11:56,200 --> 01:11:53,810

they they probably don't because let's

1489

01:12:00,870 --> 01:11:56,210

let's take an example and this is a

1490

01:12:04,090 --> 01:12:00,880

known example because of a know red

1491

01:12:07,150 --> 01:12:04,100

satellite tracking incident where they

1492

01:12:09,510 --> 01:12:07,160

observe something come into orbit in

1493

01:12:11,170 --> 01:12:09,520

orbit behaving totally anonymous

1494

01:12:14,860 --> 01:12:11,180

anomalous lessly

1495

01:12:18,140 --> 01:12:14,870

as far as normal paths moving up down

1496

01:12:21,470 --> 01:12:18,150

around they track it for two orbits

1497

01:12:25,250 --> 01:12:21,480

no red declares a national security

1498

01:12:28,899 --> 01:12:25,260

emergency and by the next orbit it's

1499

01:12:31,850 --> 01:12:28,909

gone that sort of stuff goes into a log

1500

01:12:34,490 --> 01:12:31,860

because it's not a constant because it

1501

01:12:37,370 --> 01:12:34,500

was not threatening it stays in an

1502

01:12:41,090 --> 01:12:37,380

electronic log and within a certain

1503

01:12:43,669 --> 01:12:41,100

period of time it's erased because the

1504

01:12:45,530 --> 01:12:43,679

point is since there's no entity to

1505

01:12:49,459 --> 01:12:45,540

collect all of these what are really

1506

01:12:52,490 --> 01:12:49,469

operational reports they stay at the

1507

01:12:55,040 --> 01:12:52,500

local site that generated them and with

1508

01:12:57,160 --> 01:12:55,050

document control procedures after a

1509

01:13:00,649 --> 01:12:57,170

certain period of time they're erased

1510

01:13:03,620 --> 01:13:00,659

then they're never collected and that's

1511

01:13:06,649 --> 01:13:03,630

one of the problems with the whole thing

1512

01:13:09,890 --> 01:13:06,659

once once Bluebook stopped there is no

1513

01:13:12,530 --> 01:13:09,900

collection agency so I'm I'm afraid the

1514

01:13:14,320 --> 01:13:12,540

answer is no we're not going to see the

1515

01:13:17,419 --> 01:13:14,330

real good stuff

1516

01:13:21,979 --> 01:13:17,429

what just which to me is just crazy I

1517

01:13:26,090 --> 01:13:21,989

mean considering all the years of this

1518

01:13:29,330 --> 01:13:26,100

type of weird activity and and I guess

1519

01:13:32,630 --> 01:13:29,340

it makes sense when you know you said

1520

01:13:34,490 --> 01:13:32,640

previously that they don't they're not

1521

01:13:36,979 --> 01:13:34,500

looking for patterns they're just you

1522

01:13:40,669 --> 01:13:36,989

know taking down the incidents as they

1523

01:13:44,000 --> 01:13:40,679

happen and not connecting you know a to

1524

01:13:48,430 --> 01:13:44,010

B B to C and and that sort of thing and

1525

01:13:51,919 --> 01:13:48,440

it just it just seems to me just to be

1526

01:13:54,590 --> 01:13:51,929

kind of oh I can't even think you know a

1527

01:13:56,180 --> 01:13:54,600

waste of intelligence possibly I don't

1528

01:13:58,550 --> 01:13:56,190

know I mean you know considering the

1529

01:14:00,979 --> 01:13:58,560

things that could have been learned over

1530

01:14:04,310 --> 01:14:00,989

the years if they just had done it

1531

01:14:08,540 --> 01:14:04,320

correctly oh you're absolutely correct

1532

01:14:11,060 --> 01:14:08,550

and and we're defeated by essentially by

1533

01:14:14,450 --> 01:14:11,070

practices that the whole military

1534

01:14:17,180 --> 01:14:14,460

intelligence structure is is set up to

1535

01:14:21,050 --> 01:14:17,190

handle certain types of incidents and

1536

01:14:24,380 --> 01:14:21,060

this it just doesn't mesh and you know

1537

01:14:27,729 --> 01:14:24,390

and that's it defeats us they could have

1538

01:14:32,030 --> 01:14:27,739

now as I point out in the book there are

1539

01:14:34,220 --> 01:14:32,040

intelligence groups threat and warning

1540

01:14:38,330 --> 01:14:34,230

that capture this type of information

1541

01:14:41,600 --> 01:14:38,340

and track these incidents and they look

1542

01:14:44,320 --> 01:14:41,610

for patterns over years and that still

1543

01:14:46,970 --> 01:14:44,330

does go on but to make that happen

1544

01:14:48,440 --> 01:14:46,980

there's a process it has to go through

1545

01:14:51,590 --> 01:14:48,450

it has to go through the National

1546

01:14:54,020 --> 01:14:51,600

Security Council and get assigned and I

1547

01:14:56,570 --> 01:14:54,030

have to say you know that that doesn't

1548

01:14:58,400 --> 01:14:56,580

mean that it didn't and they honor and

1549

01:15:00,650 --> 01:14:58,410

we don't know it but there's no sign

1550

01:15:03,230 --> 01:15:00,660

that that ever really happened they they

1551
01:15:05,060 --> 01:15:03,240
just they took a pass and I know I keep

1552
01:15:08,090 --> 01:15:05,070
saying that but that's what makes it so

1553
01:15:09,650 --> 01:15:08,100
frustrating is there are techniques and

1554
01:15:14,150 --> 01:15:09,660
that's what I did in the book literally

1555
01:15:16,430 --> 01:15:14,160
I took 1500 reports that could be

1556
01:15:19,400 --> 01:15:16,440
analyzed in that fashion over a period

1557
01:15:21,080 --> 01:15:19,410
of about 15 years and that's what I did

1558
01:15:24,170 --> 01:15:21,090
because it appears nobody else had done

1559
01:15:28,430 --> 01:15:24,180
it now you're talking about indications

1560
01:15:34,720 --> 01:15:28,440
analysis exactly all right all right

1561
01:15:38,210 --> 01:15:34,730
okay so we've been talking you know

1562
01:15:40,280 --> 01:15:38,220
mostly and I know that's that's the the

1563
01:15:43,970 --> 01:15:40,290

the main thesis of your book about you

1564

01:15:46,550 --> 01:15:43,980

know UFO our UFO sightings in the United

1565

01:15:49,100 --> 01:15:46,560

States but I mean have you read across

1566

01:15:53,480 --> 01:15:49,110

you know any information concerning you

1567

01:15:55,520 --> 01:15:53,490

know other countries their knowledge of

1568

01:15:57,050 --> 01:15:55,530

UFOs because you know we're constantly

1569

01:16:00,350 --> 01:15:57,060

hearing you know from the disclosure

1570

01:16:01,820 --> 01:16:00,360

movement that oh wow you know if only

1571

01:16:03,410 --> 01:16:01,830

the United States government would

1572

01:16:05,560 --> 01:16:03,420

release all their information

1573

01:16:09,280 --> 01:16:05,570

you know we'd know the truth about UFOs

1574

01:16:12,920 --> 01:16:09,290

but if other countries have been

1575

01:16:17,030 --> 01:16:12,930

experiencing the same kind of of

1576

01:16:22,340 --> 01:16:17,040

sightings and you know other types of

1577

01:16:26,030 --> 01:16:22,350

incidents you would think that they

1578

01:16:28,220 --> 01:16:26,040

would have come to you know similar

1579

01:16:30,140 --> 01:16:28,230

conclusions or unless it's like the

1580

01:16:31,120 --> 01:16:30,150

United States it's not a threat we'll

1581

01:16:34,250 --> 01:16:31,130

just ignore it

1582

01:16:37,010 --> 01:16:34,260

well France and Spain have done

1583

01:16:39,380 --> 01:16:37,020

particularly good and with Japan and

1584

01:16:41,590 --> 01:16:39,390

France they they have released a lot of

1585

01:16:45,500 --> 01:16:41,600

their material there are a couple of the

1586

01:16:49,730 --> 01:16:45,510

Latin American nations Brazil's really

1587

01:16:52,220 --> 01:16:49,740

a lot of material but it's not the same

1588

01:16:56,840 --> 01:16:52,230

it's it's more of those individual

1589

01:16:58,760 --> 01:16:56,850

incidents and there are not enough of

1590

01:17:02,870 --> 01:16:58,770

them that are structured over a period

1591

01:17:05,360 --> 01:17:02,880

of time it's so there's some good data

1592

01:17:07,490 --> 01:17:05,370

there and actually one of my one of my

1593

01:17:10,430 --> 01:17:07,500

thoughts was to turn to the French

1594

01:17:13,370 --> 01:17:10,440

information next and see if you could

1595

01:17:17,060 --> 01:17:13,380

you could map to it but a lot of that

1596

01:17:19,160 --> 01:17:17,070

information is also more current it it

1597

01:17:21,590 --> 01:17:19,170

doesn't give you the length of the time

1598

01:17:26,320 --> 01:17:21,600

it you know it started in the 60s and

1599

01:17:29,900 --> 01:17:26,330

70s and it's more of the nature of

1600

01:17:32,960 --> 01:17:29,910

incidental civilian observations

1601
01:17:36,710 --> 01:17:32,970
maybe commercial airline observations

1602
01:17:39,410 --> 01:17:36,720
and not really the military security

1603
01:17:41,900 --> 01:17:39,420
complex stuff that I was most interested

1604
01:17:44,060 --> 01:17:41,910
in because what I saw on what I was

1605
01:17:46,550 --> 01:17:44,070
looking at is the unknowns that I'm

1606
01:17:49,310 --> 01:17:46,560
looking at may very well be different

1607
01:17:53,450 --> 01:17:49,320
than the more random pattern things but

1608
01:17:55,490 --> 01:17:53,460
the ones I'm looking at are not random

1609
01:17:59,120 --> 01:17:55,500
they have shows some very definite

1610
01:18:02,090 --> 01:17:59,130
patterns even the shapes and the shapes

1611
01:18:04,600 --> 01:18:02,100
and appearances and movements don't

1612
01:18:07,400 --> 01:18:04,610
change nearly as much in these military

1613
01:18:09,710 --> 01:18:07,410

oriented sightings and you see that in

1614

01:18:12,890 --> 01:18:09,720

the studies the Air Force's first

1615

01:18:18,050 --> 01:18:12,900

reports in the first five years of study

1616

01:18:21,830 --> 01:18:18,060

all showed very consistent aerodynamic

1617

01:18:25,730 --> 01:18:21,840

characteristics maneuvers only a couple

1618

01:18:28,100 --> 01:18:25,740

of different shapes and you know so

1619

01:18:29,960 --> 01:18:28,110

there is some stability there were in a

1620

01:18:32,720 --> 01:18:29,970

lot of these other incidents

1621

01:18:35,240 --> 01:18:32,730

it appears what the military was seen in

1622

01:18:40,640 --> 01:18:35,250

a lot of cases was a lot less random

1623

01:18:42,440 --> 01:18:40,650

than what civilian observers see and why

1624

01:18:43,970 --> 01:18:42,450

do you think what do you think that is I

1625

01:18:47,030 --> 01:18:43,980

mean is it just you know because you're

1626

01:18:51,680 --> 01:18:47,040

dealing with untrained observers no I

1627

01:18:54,470 --> 01:18:51,690

don't because that we we have very good

1628

01:18:56,810 --> 01:18:54,480

evidence actually scientific evidence to

1629

01:18:59,300 --> 01:18:56,820

talk about the quality of observations

1630

01:19:00,680 --> 01:18:59,310

no I think it's not so much

1631

01:19:02,990 --> 01:19:00,690

what they're seeing is where they're

1632

01:19:08,060 --> 01:19:03,000

seen it I'm talking about sightings over

1633

01:19:11,510 --> 01:19:08,070

military bases sightings with the atomic

1634

01:19:14,300 --> 01:19:11,520

warfare complex in particular there you

1635

01:19:16,850 --> 01:19:14,310

see civilians and military reporting the

1636

01:19:19,450 --> 01:19:16,860

same observations it's the same thing

1637

01:19:22,220 --> 01:19:19,460

that they're seeing clearly no I think

1638

01:19:24,950 --> 01:19:22,230

what you probably see it didn't

1639

01:19:28,010 --> 01:19:24,960

Hynek or someone made a joke sometime

1640

01:19:30,740 --> 01:19:28,020

about okay what we're seeing with all of

1641

01:19:32,840 --> 01:19:30,750

these other reports is just you know

1642

01:19:34,730 --> 01:19:32,850

these are the graduate on through policy

1643

01:19:38,080 --> 01:19:34,740

students that are out getting drunk and

1644

01:19:42,590 --> 01:19:38,090

showing off and and you know they're not

1645

01:19:44,680 --> 01:19:42,600

they're not serious you know and and

1646

01:19:48,830 --> 01:19:44,690

they're maybe I that's pure speculation

1647

01:19:52,340 --> 01:19:48,840

but there seems to be a trend that there

1648

01:19:56,930 --> 01:19:52,350

were early on very a lot of daylight

1649

01:20:00,530 --> 01:19:56,940

sightings low speed low altitude very

1650

01:20:02,450 --> 01:20:00,540

solid descriptions or the day over a

1651
01:20:05,780 --> 01:20:02,460
period of time we got much more random

1652
01:20:10,160 --> 01:20:05,790
we got a lot more nighttime sighting we

1653
01:20:13,790 --> 01:20:10,170
got orbs we got you know the stuff that

1654
01:20:18,200 --> 01:20:13,800
you see in the upstate New York of these

1655
01:20:20,060 --> 01:20:18,210
big things that look like bridges not

1656
01:20:23,750 --> 01:20:20,070
upstate New York northern New York City

1657
01:20:25,940 --> 01:20:23,760
yeah you took a Hudson Hudson Valley and

1658
01:20:31,730 --> 01:20:25,950
and so there's a lot of that variety

1659
01:20:34,580 --> 01:20:31,740
that comes into play post 70's and what

1660
01:20:37,610 --> 01:20:34,590
it I'm just guessing at this what I seem

1661
01:20:40,810 --> 01:20:37,620
to pee it's almost like they got the

1662
01:20:43,280 --> 01:20:40,820
picture that they needed of our

1663
01:20:46,610 --> 01:20:43,290

especially our atomic war fire

1664

01:20:48,770 --> 01:20:46,620

capabilities and the the folks that

1665

01:20:51,290 --> 01:20:48,780

we're doing that got the information

1666

01:20:53,560 --> 01:20:51,300

they needed and pulled off and then you

1667

01:20:57,170 --> 01:20:53,570

start getting this really random stuff

1668

01:20:59,000 --> 01:20:57,180

with a lot more of the contacts that you

1669

01:21:01,730 --> 01:20:59,010

were talking about earlier and the

1670

01:21:04,250 --> 01:21:01,740

random contacts that you don't see back

1671

01:21:07,010 --> 01:21:04,260

in the 40s and 50s

1672

01:21:10,400 --> 01:21:07,020

yeah oh I'm just gonna I was just going

1673

01:21:12,650 --> 01:21:10,410

to ask a Preston wait you've got you've

1674

01:21:15,080 --> 01:21:12,660

got all these you know

1675

01:21:19,010 --> 01:21:15,090

reports of encounters and abductions and

1676

01:21:21,260 --> 01:21:19,020

people being in inside the ufos is there

1677

01:21:23,810 --> 01:21:21,270

anything that really has any cases that

1678

01:21:26,990 --> 01:21:23,820

have been really positive in nature I

1679

01:21:30,650 --> 01:21:27,000

mean you've got some spaceman two

1680

01:21:32,690 --> 01:21:30,660

Venetians and and a latter-day you know

1681

01:21:36,500 --> 01:21:32,700

talking about peace and love and anti

1682

01:21:39,830 --> 01:21:36,510

war but is there anything really that

1683

01:21:43,670 --> 01:21:39,840

the person that they do that has a

1684

01:21:45,950 --> 01:21:43,680

positive outcome oh yeah I mean well the

1685

01:21:48,020 --> 01:21:45,960

case we discuss earlier the lady was

1686

01:21:50,660 --> 01:21:48,030

healed though she felt she was kind of

1687

01:21:52,880 --> 01:21:50,670

treated like a lab rat there's one guy

1688

01:21:56,990 --> 01:21:52,890

talked to this case is in the book he is

1689

01:22:00,860 --> 01:21:57,000

a Native American blood Indian from

1690

01:22:03,620 --> 01:22:00,870

Canada Stan Hughes is he's had a number

1691

01:22:07,190 --> 01:22:03,630

of really benevolent encounters where

1692

01:22:10,280 --> 01:22:07,200

UFOs had showed themselves to him in a

1693

01:22:13,010 --> 01:22:10,290

warning capacity what showed up he was

1694

01:22:14,900 --> 01:22:13,020

camping and he felt like it was trying

1695

01:22:17,000 --> 01:22:14,910

to warn him or something and when he got

1696

01:22:20,060 --> 01:22:17,010

home he found out that his family was

1697

01:22:23,450 --> 01:22:20,070

having a crisis his son is having an

1698

01:22:26,540 --> 01:22:23,460

emotional crisis he had one incident

1699

01:22:29,390 --> 01:22:26,550

probably his most remarkable one where

1700

01:22:32,300 --> 01:22:29,400

he was up and leave this is in the Idaho

1701

01:22:35,600 --> 01:22:32,310

Panhandle driving along at the base of

1702

01:22:38,570 --> 01:22:35,610

Thunder well early in the morning in his

1703

01:22:42,470 --> 01:22:38,580

pickup when he starts to feel kind of a

1704

01:22:45,770 --> 01:22:42,480

little woozy pulls over and this giant

1705

01:22:49,580 --> 01:22:45,780

silver craft that's how he described as

1706

01:22:53,510 --> 01:22:49,590

a craft perfectly round which almost a

1707

01:22:55,550 --> 01:22:53,520

mirror-like chrome surface lands on the

1708

01:22:58,340 --> 01:22:55,560

road in front of him or maybe a foot

1709

01:23:01,850 --> 01:22:58,350

above the road totally silent except for

1710

01:23:03,650 --> 01:23:01,860

a soft whooshing noise about he's

1711

01:23:06,350 --> 01:23:03,660

staring at it it's just 20 feet away

1712

01:23:09,680 --> 01:23:06,360

covered in the entire road this door

1713

01:23:13,940 --> 01:23:09,690

pops open or this opening and out steps

1714

01:23:16,100 --> 01:23:13,950

this beautiful man says it was a Middle

1715

01:23:19,370 --> 01:23:16,110

Eastern kind of looking guy dark eyes

1716

01:23:22,130 --> 01:23:19,380

dark hair but perfect features a very

1717

01:23:26,060 --> 01:23:22,140

very handsome man with shoulder-length

1718

01:23:30,050 --> 01:23:26,070

hair wearing a blue jumpsuit was ver

1719

01:23:32,209 --> 01:23:30,060

muscular and had a silver boots on and

1720

01:23:35,870 --> 01:23:32,219

kind of just steps down walks up to his

1721

01:23:38,600 --> 01:23:35,880

car and waves at him and Stan says when

1722

01:23:42,109 --> 01:23:38,610

he saw this guy he became overcome with

1723

01:23:44,990 --> 01:23:42,119

emotion because he feels like he calls

1724

01:23:47,300 --> 01:23:45,000

them the whoa J or the star people it

1725

01:23:51,200 --> 01:23:47,310

feels like these guys are has ancestors

1726

01:23:52,669 --> 01:23:51,210

and so he's seeing the skies I go you

1727

01:23:55,189 --> 01:23:52,679

know take me with you I want to go with

1728

01:23:58,250 --> 01:23:55,199

you and as soon as he thought this the

1729

01:24:00,770 --> 01:23:58,260

man smiled dropped his has put his hand

1730

01:24:04,250 --> 01:24:00,780

down he turns around goes back into his

1731

01:24:06,200 --> 01:24:04,260

craft and it takes off and I said it was

1732

01:24:09,589 --> 01:24:06,210

a very emotional experience he felt just

1733

01:24:11,660 --> 01:24:09,599

waves of sadness pour over him and it

1734

01:24:13,069 --> 01:24:11,670

took him a long time to get over it he

1735

01:24:16,339 --> 01:24:13,079

still gets tears in his eyes when he

1736

01:24:20,780 --> 01:24:16,349

talks about it but a really me guy he's

1737

01:24:24,620 --> 01:24:20,790

a teacher and uh has had a lot of these

1738

01:24:26,899 --> 01:24:24,630

kind of benevolent encounters so III

1739

01:24:29,390 --> 01:24:26,909

mean are there okay so you have all

1740

01:24:31,700 --> 01:24:29,400

these are.this you must you must have

1741

01:24:34,729 --> 01:24:31,710

investigated hundreds of close

1742

01:24:36,890 --> 01:24:34,739

encounters over the years I mean are

1743

01:24:39,530 --> 01:24:36,900

they are there any there are no patterns

1744

01:24:40,910 --> 01:24:39,540

that you see whatsoever oh there are

1745

01:24:42,740 --> 01:24:40,920

definitely patterns I think when

1746

01:24:45,680 --> 01:24:42,750

someone's taken on board what I hear

1747

01:24:48,709 --> 01:24:45,690

most often of course being physically

1748

01:24:51,080 --> 01:24:48,719

examined this is borne out by other

1749

01:24:55,250 --> 01:24:51,090

studies like Thomas Bullard his study of

1750

01:24:58,399 --> 01:24:55,260

like 300 plus abductees but what I found

1751

01:25:00,560 --> 01:24:58,409

is in the ETS talk to people they give

1752

01:25:03,439 --> 01:25:00,570

the messages it falls into three main

1753

01:25:05,750 --> 01:25:03,449

categories and this I hear over and over

1754

01:25:09,950 --> 01:25:05,760

again the first and most common would be

1755

01:25:11,899 --> 01:25:09,960

warnings of future disasters just like

1756

01:25:15,500 --> 01:25:11,909

Kevin Cannon was told that there would

1757

01:25:19,459 --> 01:25:15,510

be hurricanes and such I get that a lot

1758

01:25:22,629 --> 01:25:19,469

second the spiritual messages of some

1759

01:25:26,600 --> 01:25:22,639

sort often involving healing or

1760

01:25:28,310 --> 01:25:26,610

something this direction a lot of people

1761

01:25:30,220 --> 01:25:28,320

come away from their experiences feeling

1762

01:25:34,580 --> 01:25:30,230

like they can do hands-on healing or

1763

01:25:36,040 --> 01:25:34,590

Reiki or channeling or they start having

1764

01:25:38,720 --> 01:25:36,050

psychic visions

1765

01:25:40,069 --> 01:25:38,730

that was very strong spiritual

1766

01:25:43,250 --> 01:25:40,079

transformation which is

1767

01:25:45,850 --> 01:25:43,260

we link to this and thirdly this comes

1768

01:25:48,589 --> 01:25:45,860

up a lot too is alternative energy

1769

01:25:50,240 --> 01:25:48,599

people are sometimes taken to the engine

1770

01:25:53,510 --> 01:25:50,250

room I have a case like this involving

1771

01:25:56,180 --> 01:25:53,520

another Navy man I'm electronics

1772

01:25:59,450 --> 01:25:56,190

specialist Jim cubile back because his

1773

01:26:03,890 --> 01:25:59,460

name is we saw his UFO and encounter on

1774

01:26:05,870 --> 01:26:03,900

the USS Valley Forge and a lot of

1775

01:26:07,700 --> 01:26:05,880

officers saw it but he was currently

1776

01:26:10,100 --> 01:26:07,710

taken on board and they showed in this

1777

01:26:11,990 --> 01:26:10,110

engine room and they had this long

1778

01:26:15,020 --> 01:26:12,000

conversation about alternative energy

1779

01:26:17,720 --> 01:26:15,030

sources and how we are relying too much

1780

01:26:20,270 --> 01:26:17,730

on fossil fuels but really there's all

1781

01:26:23,390 --> 01:26:20,280

this free energy sources around us that

1782

01:26:25,160 --> 01:26:23,400

would destroy our planet so yeah those

1783

01:26:27,799 --> 01:26:25,170

are the patterns I've noticed most

1784

01:26:30,740 --> 01:26:27,809

strongly and I've also noticed another

1785

01:26:34,189 --> 01:26:30,750

pattern in terms of who has contact you

1786

01:26:36,229 --> 01:26:34,199

know why which has always baffled me

1787

01:26:38,990 --> 01:26:36,239

because I mean why are some people

1788

01:26:40,839 --> 01:26:39,000

contacted not others and what I found

1789

01:26:44,390 --> 01:26:40,849

and this is kind of a loose cotton and

1790

01:26:46,640 --> 01:26:44,400

going beyond like famiglia family

1791

01:26:49,430 --> 01:26:46,650

history which is certainly a pattern or

1792

01:26:52,040 --> 01:26:49,440

you know driving outside at night that

1793

01:26:54,020 --> 01:26:52,050

circle increases your chances but I've

1794

01:26:56,899 --> 01:26:54,030

found that people are having extensive

1795

01:27:00,530 --> 01:26:56,909

contact are often people who are doing

1796

01:27:04,899 --> 01:27:00,540

good work for Humanity in some capacity

1797

01:27:13,339 --> 01:27:09,919

entertainers inventors doctors social

1798

01:27:15,729 --> 01:27:13,349

workers like John Hunter Grey perfect

1799

01:27:19,339 --> 01:27:15,739

example award-winning social worker

1800

01:27:22,450 --> 01:27:19,349

abducted by ETS who healed him so that's

1801

01:27:24,979 --> 01:27:22,460

it's a loose pattern but I get it a lot

1802

01:27:27,410 --> 01:27:24,989

so those are some of the patterns

1803

01:27:29,720 --> 01:27:27,420

certainly well you know we're we're kind

1804

01:27:34,729 --> 01:27:29,730

of closing in on the end of the end of

1805

01:27:41,629 --> 01:27:34,739

the program well Preston now you've

1806

01:27:43,520 --> 01:27:41,639

written how many books 20 21 and 14 the

1807

01:27:48,740 --> 01:27:43,530

paranormal is of course connected to

1808

01:27:50,629 --> 01:27:48,750

this well absolutely yes and and what

1809

01:27:52,700 --> 01:27:50,639

what have been your like your major your

1810

01:27:53,870 --> 01:27:52,710

major works would you say I mean if

1811

01:27:57,500 --> 01:27:53,880

people were going

1812

01:28:00,260 --> 01:27:57,510

to trip on over to Amazon after the

1813

01:28:02,600 --> 01:28:00,270

program what would what would they look

1814

01:28:05,450 --> 01:28:02,610

for well

1815

01:28:07,490 --> 01:28:05,460

I pioneered the study of UFO healings I

1816

01:28:09,020 --> 01:28:07,500

wrote the first book I'm not well that

1817

01:28:12,649 --> 01:28:09,030

was it that's sir yes I remember that

1818

01:28:14,660 --> 01:28:12,659

that's certainly a you know something

1819

01:28:17,959 --> 01:28:14,670

that's not only of interest but again is

1820

01:28:20,540 --> 01:28:17,969

a kind of a positive side of this that

1821

01:28:22,910 --> 01:28:20,550

you don't hear right you know too much

1822

01:28:25,100 --> 01:28:22,920

about it's it's one thing to say a peace

1823

01:28:27,560 --> 01:28:25,110

and love and give up your your arms

1824

01:28:31,520 --> 01:28:27,570

which the CIA I guess didn't like it too

1825

01:28:33,800 --> 01:28:31,530

much but but it's another thing they

1826

01:28:35,800 --> 01:28:33,810

actually gets about positive benefits

1827

01:28:39,950 --> 01:28:35,810

then you've also done a series of books

1828

01:28:43,040 --> 01:28:39,960

about UFOs over specifics or particular

1829

01:28:44,570 --> 01:28:43,050

States write history books you know this

1830

01:28:46,939 --> 01:28:44,580

is a serious subject it's got to be

1831

01:28:48,979 --> 01:28:46,949

taken seriously and this yeah these

1832

01:28:51,350 --> 01:28:48,989

stories were getting lost to posterity

1833

01:28:55,459 --> 01:28:51,360

so yeah did you oppose over California

1834

01:28:57,160 --> 01:28:55,469

Nevada Arizona New Mexico New York all

1835

01:29:00,340 --> 01:28:57,170

the states that I thought were really

1836

01:29:04,160 --> 01:29:00,350

having a huge impact on how we feel in

1837

01:29:06,560 --> 01:29:04,170

you UFOs well you only got about 37 more

1838

01:29:10,910 --> 01:29:06,570

states to do then that shouldn't take me

1839

01:29:13,149 --> 01:29:10,920

more fifty years or so I think we've had

1840

01:29:20,689 --> 01:29:13,159

a few guests that'll we had a fellow on

1841

01:29:25,280 --> 01:29:20,699

just last week who wrote a book on UFOs

1842

01:29:28,479 --> 01:29:25,290

over military insulate you fo s Bigfoot

1843

01:29:30,979 --> 01:29:28,489

and other paranoia ghosts over military

1844

01:29:33,830 --> 01:29:30,989

facilities or our military facilities

1845

01:29:35,270 --> 01:29:33,840

just to the state of Georgia now I mean

1846

01:29:38,959 --> 01:29:35,280

that's that's kind of get there pretty

1847

01:29:41,090 --> 01:29:38,969

pretty close and how about coming down

1848

01:29:41,930 --> 01:29:41,100

the pike what would you what do we have

1849

01:29:45,470 --> 01:29:41,940

to look forward to

1850

01:29:47,720 --> 01:29:45,480

I won't putting out a book about USO is

1851

01:29:51,200 --> 01:29:47,730

particularly USO is off the Southern

1852

01:29:53,300 --> 01:29:51,210

California coast here and is there on

1853

01:29:57,439 --> 01:29:53,310

this card it's kind of the Beach Boys

1854

01:29:59,090 --> 01:29:57,449

versus the mother ship exactly a lot of

1855

01:30:03,110 --> 01:29:59,100

activity it's probably one of the most

1856

01:30:06,229 --> 01:30:03,120

active USO areas on our planet certainly

1857

01:30:07,560 --> 01:30:06,239

in the top five I would say yeah

1858

01:30:10,439 --> 01:30:07,570

so yeah that's coming

1859

01:30:12,330 --> 01:30:10,449

dear another book on UFO healings

1860

01:30:13,950 --> 01:30:12,340

because I've got well the original book

1861

01:30:18,270 --> 01:30:13,960

had a hundred cases I've got over a

1862

01:30:21,330 --> 01:30:18,280

hundred more UFOs over Colorado it's

1863

01:30:22,950 --> 01:30:21,340

coming out in a few months people most

1864

01:30:27,890 --> 01:30:22,960

people must knock on your door in the

1865

01:30:34,709 --> 01:30:30,569

there over me their UFOs are here right

1866

01:30:36,870 --> 01:30:34,719

now all kinds of emails yeah this latest

1867

01:30:41,250 --> 01:30:36,880

book has really gotten a lot of people

1868

01:30:43,760 --> 01:30:41,260

to contact me and and where do you have

1869

01:30:45,990 --> 01:30:43,770

a website or you're on Facebook or oh

1870

01:30:48,089 --> 01:30:46,000

yeah people want to get close and

1871

01:30:50,220 --> 01:30:48,099

personal how do they do that yeah I'm on

1872

01:30:52,080 --> 01:30:50,230

Facebook I do have a website if you just

1873

01:30:54,859 --> 01:30:52,090

google my name it'll take you there the

1874

01:30:57,839 --> 01:30:54,869

actual address Westin Dennis weebly.com

1875

01:31:00,180 --> 01:30:57,849

I got only it better to google it yeah

1876
01:31:01,530 --> 01:31:00,190
yeah just google my name and yeah I'd

1877
01:31:04,319 --> 01:31:01,540
love to hear from people if they've got

1878
01:31:05,459 --> 01:31:04,329
a story or a question I really

1879
01:31:05,640 --> 01:31:05,469
appreciate you guys having me on the

1880
01:31:08,520 --> 01:31:05,650
show

1881
01:31:11,899 --> 01:31:08,530
you know you've always been fascinating

1882
01:31:14,669 --> 01:31:11,909
a guest with you know up-to-date

1883
01:31:17,220 --> 01:31:14,679
material and that's what we we like we

1884
01:31:20,399 --> 01:31:17,230
we like to hear you know what's pressing

1885
01:31:22,560 --> 01:31:20,409
and Larry Hancock how about you would

1886
01:31:26,879 --> 01:31:22,570
you you've done your first book on UFOs

1887
01:31:30,290 --> 01:31:26,889
gonna go back to the trough I am I have

1888
01:31:33,770 --> 01:31:30,300

two books coming out next year one is

1889

01:31:36,510 --> 01:31:33,780

they're both history again one is a a

1890

01:31:39,930 --> 01:31:36,520

revisit of the King assassination and

1891

01:31:42,540 --> 01:31:39,940

the other is back to intelligence

1892

01:31:44,850 --> 01:31:42,550

history the title is creating chaos a

1893

01:31:48,149 --> 01:31:44,860

study of American and Russian political

1894

01:31:51,450 --> 01:31:48,159

warfare into the 21st century so not

1895

01:31:55,919 --> 01:31:51,460

exactly UFO I have to say you know are

1896

01:31:58,859 --> 01:31:55,929

do you ever get on any of these TV news

1897

01:32:01,169 --> 01:31:58,869

programs that seem to have a just many

1898

01:32:03,810 --> 01:32:01,179

many guests not talking about well the

1899

01:32:04,260 --> 01:32:03,820

Russians are very big today to say the

1900

01:32:07,830 --> 01:32:04,270

least

1901

01:32:10,530 --> 01:32:07,840

I have in the past and they've talked

1902

01:32:13,140 --> 01:32:10,540

about shadow warfare and and I have done

1903

01:32:16,169 --> 01:32:13,150

that in the past at the moment there's

1904

01:32:17,580 --> 01:32:16,179

so much noise in the media and it went

1905

01:32:19,979 --> 01:32:17,590

to once I get the book out I think

1906

01:32:21,060 --> 01:32:19,989

there's potatoes but at the moment I'm

1907

01:32:24,060 --> 01:32:21,070

getting as

1908

01:32:26,040 --> 01:32:24,070

monoi news from the media as far as

1909

01:32:28,950 --> 01:32:26,050

research is concerned as anything else

1910

01:32:30,300 --> 01:32:28,960

but yeah I walk in the other I walk in

1911

01:32:33,209 --> 01:32:30,310

the other room I've walked in the other

1912

01:32:36,600 --> 01:32:33,219

room to get some you know bottle of ice

1913

01:32:38,399 --> 01:32:36,610

water out of the fridge and it's all

1914

01:32:40,859 --> 01:32:38,409

about the Russians on every news program

1915

01:32:42,510 --> 01:32:40,869

that you could possibly see I think

1916

01:32:44,520 --> 01:32:42,520

there are worse now than they were back

1917

01:32:46,530 --> 01:32:44,530

in the days of Khrushchev I always liked

1918

01:32:49,319 --> 01:32:46,540

a little old guy beating a shoe on the

1919

01:32:53,370 --> 01:32:49,329

UN you know table you know you know

1920

01:32:56,189 --> 01:32:53,380

poetry and the Internet has made it much

1921

01:32:58,649 --> 01:32:56,199

more dangerous that's going to be a big

1922

01:33:01,800 --> 01:32:58,659

topic of the book how much more

1923

01:33:04,350 --> 01:33:01,810

dangerous the old practices are now with

1924

01:33:05,970 --> 01:33:04,360

the internet and social media well that

1925

01:33:08,010 --> 01:33:05,980

certainly fits in with our interest

1926

01:33:11,250 --> 01:33:08,020

there too so will will certainly have to

1927

01:33:15,109 --> 01:33:11,260

have you you back on that but you you

1928

01:33:18,830 --> 01:33:15,119

certainly haven't inspired us to take a

1929

01:33:23,040 --> 01:33:18,840

deeper look into the the files of the

1930

01:33:24,930 --> 01:33:23,050

CIA and I would recommend both guests

1931

01:33:27,209 --> 01:33:24,940

the book for this evening and speaking

1932

01:33:30,180 --> 01:33:27,219

of books Tim we just came out with one

1933

01:33:32,879 --> 01:33:30,190

this week ourselves biblical UFO

1934

01:33:36,000 --> 01:33:32,889

revelations that extraterrestrial powers

1935

01:33:38,850 --> 01:33:36,010

cause ancient miracles by our friend

1936

01:33:41,700 --> 01:33:38,860

Reverend Barry downing and this is the

1937

01:33:45,390 --> 01:33:41,710

first book that he's done in 50 years

1938

01:33:47,910 --> 01:33:45,400

and you know I'm not a I consider myself

1939

01:33:50,609 --> 01:33:47,920

more of a he'd heathen than a a true

1940

01:33:52,280 --> 01:33:50,619

believer but this guy this guy's got it

1941

01:33:54,990 --> 01:33:52,290

down I mean if there's a book on

1942

01:33:56,550 --> 01:33:55,000

religion and Christianity and UFOs

1943

01:33:59,459 --> 01:33:56,560

you've got to get biblical UFO

1944

01:34:01,950 --> 01:33:59,469

revelation and thank you Peter thank you

1945

01:34:04,109 --> 01:34:01,960

Carol thank you Tim thank you Tina thank

1946

01:34:05,760 --> 01:34:04,119

you one and all and we'll see you next

1947

01:34:08,129 --> 01:34:05,770

week you don't forget our YouTube

1948

01:34:11,550 --> 01:34:08,139

channel and we're now aren't stitcher

1949

01:34:14,310 --> 01:34:11,560

and iTunes so explore the skies at the

1950

01:34:19,180 --> 01:34:14,320

paranormal and see you think

1951

01:34:26,000 --> 01:34:22,010

you've been listening to exploring the

1952

01:34:29,270 --> 01:34:26,010

bazaar with hosts Timothy Beckley and to

1953

01:34:32,150 --> 01:34:29,280

Swartz they're taking back the night by

1954

01:34:34,730 --> 01:34:32,160

jetting non-stop across the cosmos in

1955

01:34:38,320 --> 01:34:34,740

search of the truly bizarre and totally

1956

01:34:41,050 --> 01:34:38,330

unexplained with you as their combatants

1957

01:34:45,500 --> 01:34:41,060

Thursday nights at 7:00 p.m. Pacific

1958

01:34:46,740 --> 01:34:45,510

10:00 p.m. Eastern and the K cor digital

1959

01:34:49,320 --> 01:34:46,750

radio

1960

01:34:52,620 --> 01:34:49,330

for more information on exploring the

1961

01:34:53,370 --> 01:34:52,630

bazaars and hosts Timothy Becky and team

1962

01:34:55,860 --> 01:34:53,380

Swartz

1963

01:34:59,250 --> 01:34:55,870

check out their kco our digital radio

1964

01:35:15,200 --> 01:34:59,260

network follow their YouTube channel at
