

A large, weathered stone sculpture of a winged bull, known as the Bucchus, is shown in profile, looking out over a dense cityscape. The sculpture is made of reddish-brown stone and features a bull's head with horns and a human-like torso with wings. The city below is a mix of modern and older buildings, with a prominent dome visible in the distance. The sky is blue with some light clouds.

strap yourself in as we traverse the

5
00:00:55,149 --> 00:00:52,040

universe exploring the unexplained UFO s

ghosts Lost Worlds

cryptozoology as well as other

8
00:01:06,530 --> 00:01:01,409

dimensions it's time to take back the

9
00:01:09,710 --> 00:01:06,540

night now your electrifying hosts are

10
00:01:23,060 --> 00:01:09,720

exploring the bizarre Timothy Begley and

11
00:01:23,510 --> 00:01:23,070

team sports Wow look at the size of that

12
00:01:30,380 --> 00:01:23,520

thing

13
00:01:30,620 --> 00:01:30,390

this have you Tim I can't believe my

14

00:01:34,279 --> 00:01:30,630

eyes

15

00:01:36,290 --> 00:01:34,289

look at the waistband on him Tim I tell

16

00:01:39,680 --> 00:01:36,300

you that's a real cryptid creature from

17

00:01:43,210 --> 00:01:39,690

parts unknown well if you ask me it's

18

00:01:46,339 --> 00:01:43,220

either from hell or from Mount Olympus

19

00:01:49,130 --> 00:01:46,349

it's the weirdest thing I've ever seen

20

00:01:51,680 --> 00:01:49,140

but you know we get lots and lots of

21

00:01:54,650 --> 00:01:51,690

emails and letters from people all over

22

00:01:58,790 --> 00:01:54,660

the country actually all over the world

23

00:02:01,790 --> 00:01:58,800

I have had encounters with these bizarre

24

00:02:06,169 --> 00:02:01,800

flying humanoids that come in many

25

00:02:09,650 --> 00:02:06,179

shapes sizes and forms and we'll be

26

00:02:12,229 --> 00:02:09,660

discussing this very fascinating topic

27

00:02:14,630 --> 00:02:12,239

tonight which ties in with the

28

00:02:18,350 --> 00:02:14,640

forthcoming release of a book that Tim

29

00:02:20,600 --> 00:02:18,360

and I and Hercules and Jonathan has has

30

00:02:23,030 --> 00:02:20,610

worked on and has contributed material

31

00:02:26,470 --> 00:02:23,040

to it is weird

32

00:02:28,729 --> 00:02:26,480

winged wonders and that should be out

33

00:02:32,360 --> 00:02:28,739

available on Amazon that just

34

00:02:35,900 --> 00:02:32,370

momentarily actually our graphics

35

00:02:38,210 --> 00:02:35,910

department headed by bill carne is

36

00:02:41,380 --> 00:02:38,220

working on it diligently along with Sean

37

00:02:44,300 --> 00:02:41,390

Castile and it should be available just

38

00:02:49,700 --> 00:02:44,310

momentarily so Tim how you been doing

39

00:02:54,920 --> 00:02:51,770

I've been doing great to him and I tell

40

00:02:55,490 --> 00:02:54,930

ya I'm looking forward for this book to

41

00:03:02,290 --> 00:02:55,500

come out

42

00:03:09,380 --> 00:03:05,600

dragons that's right while dragons and

43

00:03:13,180 --> 00:03:09,390

and flying little snakes and other kinds

44

00:03:17,570 --> 00:03:13,190

of you know kind of like weird

45

00:03:21,110 --> 00:03:17,580

reptilians with wings so so yeah I said

46

00:03:23,780 --> 00:03:21,120

I did it I did a chapter on the Jersey

47

00:03:27,050 --> 00:03:23,790

Devils as I'm born and raised in New

48

00:03:30,980 --> 00:03:27,060

Jersey and most people think of the

49

00:03:33,530 --> 00:03:30,990

Jersey Devil has having been associated

50

00:03:35,690 --> 00:03:33,540

with mrs. Leeds who had 13 children and

51
00:03:39,190 --> 00:03:35,700
she cursed the fact that she had

52
00:03:43,820 --> 00:03:39,200
somebody children and was living in a

53
00:03:45,680 --> 00:03:43,830
poverty level and the devil was created

54
00:03:47,060 --> 00:03:45,690
to Jersey then was created and flew up

55
00:03:48,920 --> 00:03:47,070
out the chimney

56
00:03:52,190 --> 00:03:48,930
of course that's folk legend and lore

57
00:03:55,280 --> 00:03:52,200
and an urban legend but the the

58
00:03:58,760 --> 00:03:55,290
sightings of the Jersey Devil continued

59
00:04:02,660 --> 00:03:58,770
to this day in fact I might have had a

60
00:04:06,790 --> 00:04:02,670
signing of the Jersey Devil I was on my

61
00:04:08,900 --> 00:04:06,800
way down to the Jersey Shore with our

62
00:04:12,920 --> 00:04:08,910
associate Circe who's been on the

63
00:04:16,940 --> 00:04:12,930

program and sometimes is on the Hercules

64

00:04:19,460 --> 00:04:16,950

show and we saw something just in the in

65

00:04:22,610 --> 00:04:19,470

a wooded area that popped up up up over

66

00:04:24,500 --> 00:04:22,620

the underbrush of the trees and then

67

00:04:26,060 --> 00:04:24,510

darted back in and we just kind of

68

00:04:28,730 --> 00:04:26,070

looked at each other and almost swerved

69

00:04:30,710 --> 00:04:28,740

off the road very very peculiar to say

70

00:04:32,150 --> 00:04:30,720

the least but then again you know we

71

00:04:35,450 --> 00:04:32,160

might have been thinking of the subject

72

00:04:38,150 --> 00:04:35,460

because it is a long the stretch of a

73

00:04:41,320 --> 00:04:38,160

highway that cuts in here the the Pine

74

00:04:45,740 --> 00:04:41,330

Barrens where most of the sightings have

75

00:04:49,430 --> 00:04:45,750

have have been over the years mmm not

76

00:04:53,900 --> 00:04:49,440

any anyway onward and pardon the

77

00:04:57,530 --> 00:04:53,910

expression upward tell us about who our

78

00:05:00,200 --> 00:04:57,540

guests are this evening oh yes well as

79

00:05:00,920 --> 00:05:00,210

you mentioned now both of our guests

80

00:05:04,610 --> 00:05:00,930

tonight are kin

81

00:05:07,820 --> 00:05:04,620

interpreters to our winged wonders book

82

00:05:10,460 --> 00:05:07,830

and so we have with us tonight jonathan

83

00:05:12,980 --> 00:05:10,470

Lipkin now Jonathan was a forensic

84

00:05:14,570 --> 00:05:12,990

videographer in 2004 working as an

85

00:05:17,510 --> 00:05:14,580

independent day-in-the-life and

86

00:05:20,810 --> 00:05:17,520

documentary producer for attorney firms

87

00:05:22,700 --> 00:05:20,820

so at some point what could become

88

00:05:25,279 --> 00:05:22,710

intrigued with reports coming out of New

89

00:05:27,439 --> 00:05:25,289

Guinea about a large winged creature

90

00:05:31,330 --> 00:05:27,449

that looks something out of a

91

00:05:34,100 --> 00:05:31,340

prehistoric AIDS and he actually

92

00:05:36,890 --> 00:05:34,110

travelled to New Guinea where he

93

00:05:41,050 --> 00:05:36,900

interviewed native eyewitnesses to this

94

00:05:44,020 --> 00:05:41,060

creature that they called the rope'n as

95

00:05:47,110 --> 00:05:44,030

Jonathan has continued his

96

00:05:52,339 --> 00:05:47,120

investigations he has discovered that

97

00:05:54,110 --> 00:05:52,349

these Terra Don's are our flying lizards

98

00:05:57,350 --> 00:05:54,120

or whatever you'd want to call him have

99

00:06:02,330 --> 00:05:57,360

been seen all over the world and in the

100

00:06:04,100 --> 00:06:02,340

United States with Hawaii of all places

101

00:06:06,230 --> 00:06:04,110

being on the top of the list for

102

00:06:10,070 --> 00:06:06,240

sightings of these these word creatures

103

00:06:13,580 --> 00:06:10,080

now Jonathan has written several books

104

00:06:15,469 --> 00:06:13,590

modern pterosaurs human encounters with

105

00:06:16,779 --> 00:06:15,479

living pterodactyls and that's in

106

00:06:19,850 --> 00:06:16,789

quotation marks

107

00:06:22,250 --> 00:06:19,860

searching for opens and finding God the

108

00:06:26,659 --> 00:06:22,260

quest for discovery modern pterosaurs

109

00:06:29,149 --> 00:06:26,669

and live pterosaurs in America so also

110

00:06:30,260 --> 00:06:29,159

with us tonight is our good friend

111

00:06:36,350 --> 00:06:30,270

Hercules

112

00:06:38,270 --> 00:06:36,360

promote a lifelong personal development

113

00:06:41,060 --> 00:06:38,280

human empowerment out-of-the-box

114

00:06:43,580 --> 00:06:41,070

thinking creative self-expression and a

115

00:06:47,029 --> 00:06:43,590

dedication of one's unique talent to

116

00:06:49,399 --> 00:06:47,039

community service Hercules believes that

117

00:06:52,339 --> 00:06:49,409

the human spirit is essentially

118

00:06:54,260 --> 00:06:52,349

essentially heroic I always have trouble

119

00:06:55,760 --> 00:06:54,270

with that word Hercules sorry and always

120

00:06:58,370 --> 00:06:55,770

seeking ways to express its innate

121

00:07:00,589 --> 00:06:58,380

nobility and greatness and that a life

122

00:07:02,659 --> 00:07:00,599

fully lived dedicated to actualize in

123

00:07:05,810 --> 00:07:02,669

the highest we can conceive is the

124

00:07:08,510 --> 00:07:05,820

noblest expression of human existence to

125

00:07:11,540 --> 00:07:08,520

live larger than life today now Hercules

126

00:07:13,890 --> 00:07:11,550

is also the author of Olympian ice eagle

127

00:07:17,490 --> 00:07:13,900

ooh and Hercules realm of el

128

00:07:21,270 --> 00:07:17,500

earth and the anti diluvian scrolls Elam

129

00:07:22,800 --> 00:07:21,280

Hercules realm of the Astro planet ah

130

00:07:25,210 --> 00:07:22,810

how about that Tim I could say

131

00:07:27,440 --> 00:07:25,220

antediluvian but I can't say here Oryx

132

00:07:30,210 --> 00:07:27,450

[Laughter]

133

00:07:31,710 --> 00:07:30,220

so welcome gentlemen thank you very much

134

00:07:35,460 --> 00:07:31,720

for being with us tonight on exploring

135

00:07:37,380 --> 00:07:35,470

the bazaar what I have what I have

136

00:07:40,700 --> 00:07:37,390

learned over the years Tim if you can't

137

00:07:43,590 --> 00:07:40,710

pronounce the word pick another one

138

00:07:45,690 --> 00:07:43,600

there's there's somebody in the in the

139

00:07:47,730 --> 00:07:45,700

English language of course antediluvian

140

00:07:49,200 --> 00:07:47,740

or something like that it's kind of hard

141

00:07:51,720 --> 00:07:49,210

to come up with another word you know

142

00:07:52,860 --> 00:07:51,730

but that's why I can't like I said he

143

00:07:56,130 --> 00:07:52,870

wasn't she

144

00:07:58,860 --> 00:07:56,140

he heroic there I see if I say it slowly

145

00:08:10,530 --> 00:07:58,870

heroic my dad he could never say crap on

146

00:08:11,640 --> 00:08:10,540

to them hopefully not many so I Jonathan

147

00:08:12,060 --> 00:08:11,650

Hercules thanks for being with us

148

00:08:15,330 --> 00:08:12,070

tonight

149

00:08:15,660 --> 00:08:15,340

well thank you very much great to be

150

00:08:18,270 --> 00:08:15,670

here

151

00:08:21,000 --> 00:08:18,280

well let us start out maybe with the

152

00:08:24,240 --> 00:08:21,010

Jonathan I I would I would think give us

153

00:08:27,050 --> 00:08:24,250

a little back of your your background I

154

00:08:30,510 --> 00:08:27,060

mean attempted to read the the bio but

155

00:08:32,850 --> 00:08:30,520

it seems like a weird Swiss switch

156

00:08:39,180 --> 00:08:32,860

there's a word for you switch in and

157

00:08:42,150 --> 00:08:39,190

life's great undertakings to change your

158

00:08:45,150 --> 00:08:42,160

I guess goals in life to find out all

159

00:08:47,520 --> 00:08:45,160

about this mysterious the flying the

160

00:08:51,300 --> 00:08:47,530

creature that is said to have been

161

00:08:53,340 --> 00:08:51,310

extinct for how many years yeah

162

00:08:58,020 --> 00:08:53,350

it was a strange turn that's for sure I

163

00:09:00,960 --> 00:08:58,030

was in 2003 but I first learned about

164

00:09:03,810 --> 00:09:00,970

these large flying creatures in Papua

165

00:09:05,580 --> 00:09:03,820

New Guinean and I've done with it about

166

00:09:08,250 --> 00:09:05,590

one year later it actually made an

167

00:09:10,830 --> 00:09:08,260

expedition there myself so it was quite

168

00:09:12,450 --> 00:09:10,840

an experience yeah did you go by

169

00:09:14,910 --> 00:09:12,460

yourself or did you have a whole team of

170

00:09:16,830 --> 00:09:14,920

explorers with you well of course that

171

00:09:19,770 --> 00:09:16,840

at first I would never think of going by

172

00:09:22,620 --> 00:09:19,780

myself and that originally we had the

173

00:09:24,810 --> 00:09:22,630

four of us I was hoping that all four of

174

00:09:26,370 --> 00:09:24,820

us could go about the same time and meet

175

00:09:27,480 --> 00:09:26,380

up at least if we couldn't go the same

176

00:09:30,449 --> 00:09:27,490

time so there would be

177

00:09:33,769 --> 00:09:30,459

pollination from Texas garth guess man

178

00:09:36,960 --> 00:09:33,779

from California and David Wetzel the

179

00:09:40,620 --> 00:09:36,970

corporation executive from New Hampshire

180

00:09:43,500 --> 00:09:40,630

but it didn't work out Paul couldn't

181

00:09:45,449 --> 00:09:43,510

even go that year in the year 2004 and I

182

00:09:47,070 --> 00:09:45,459

ended up going by myself a few weeks

183

00:09:49,530 --> 00:09:47,080

before the other expedition took place

184

00:09:51,480 --> 00:09:49,540

well it's not normal we don't do this at

185

00:09:53,910 --> 00:09:51,490

home you do we don't recommend it but I

186

00:09:55,590 --> 00:09:53,920

went by myself to Papua New Guinea and I

187

00:09:57,420 --> 00:09:55,600

didn't have a contact person there

188

00:10:01,980 --> 00:09:57,430

waiting for me yeah that's not

189

00:10:03,930 --> 00:10:01,990

recommended but now what what give us a

190

00:10:06,420 --> 00:10:03,940

general description of what we're

191

00:10:09,090 --> 00:10:06,430

talking about here of the let's just say

192

00:10:14,090 --> 00:10:09,100

the flying creature how many years has

193

00:10:19,949 --> 00:10:17,490

traditional concept of it is that the

194

00:10:21,720 --> 00:10:19,959

last time the pterosaurs lived on the

195

00:10:23,790 --> 00:10:21,730

earth is 65 million years ago my

196

00:10:26,639 --> 00:10:23,800

associates and I don't think I think it

197

00:10:27,269 --> 00:10:26,649

was that long ago at all but that's a

198

00:10:30,470 --> 00:10:27,279

long story

199

00:10:34,069 --> 00:10:30,480

we have been on a number of expeditions

200

00:10:37,949 --> 00:10:34,079

several before I went there in the 1990s

201
00:10:42,240 --> 00:10:37,959
and then one around the year 2002 I

202
00:10:45,540 --> 00:10:42,250
believe by pollination but basically the

203
00:10:48,000 --> 00:10:45,550
the controversy here is my associates

204
00:10:49,800 --> 00:10:48,010
and I say that there's we have evidence

205
00:10:52,230 --> 00:10:49,810
and the testimony is that these are

206
00:10:54,630 --> 00:10:52,240
actual living pterosaurs they're not any

207
00:10:59,490 --> 00:10:54,640
kind of bad or bird and that's the

208
00:11:01,710 --> 00:10:59,500
controversy and how big of a bird for

209
00:11:04,889 --> 00:11:01,720
lack of a better word here at the moment

210
00:11:06,990 --> 00:11:04,899
are we are we talking about yeah well

211
00:11:08,610 --> 00:11:07,000
that's you know there may have reports

212
00:11:11,750 --> 00:11:08,620
now from all over the world over the

213
00:11:15,180 --> 00:11:11,760

years but if sticks of this particular

214

00:11:18,329 --> 00:11:15,190

place is called on boy island which is

215

00:11:22,110 --> 00:11:18,339

north of the mainland of Papua New

216

00:11:24,960 --> 00:11:22,120

Guinea which is itself north of

217

00:11:27,690 --> 00:11:24,970

Australia and the island has a creature

218

00:11:31,350 --> 00:11:27,700

that they call Ropin and the native

219

00:11:34,170 --> 00:11:31,360

language of Health a village language of

220

00:11:36,120 --> 00:11:34,180

kovai yeah that's it call it rope and

221

00:11:39,240 --> 00:11:36,130

it's the animal that flies around and

222

00:11:42,150 --> 00:11:39,250

glows at night and follows

223

00:11:43,890 --> 00:11:42,160

yes definitely as low as wow there yeah

224

00:11:48,210 --> 00:11:43,900

at least you can see it coming

225

00:11:50,280 --> 00:11:48,220

yeah and it's basically nocturnal the

226

00:11:51,930 --> 00:11:50,290

reports we had at first we assumed that

227

00:11:54,870 --> 00:11:51,940

if it was a tariff so it'd be a drug

228

00:11:59,100 --> 00:11:54,880

turn dr. Lloyd the kind of you see on

229

00:12:01,470 --> 00:11:59,110

the Jurassic Park that type of a with a

230

00:12:03,780 --> 00:12:01,480

little or no tail we assume that because

231

00:12:07,110 --> 00:12:03,790

it's so large in the descriptions they

232

00:12:09,510 --> 00:12:07,120

describe very large creature that and I

233

00:12:12,000 --> 00:12:09,520

assumed when I travel to pepper to

234

00:12:15,230 --> 00:12:12,010

Guinea and I that took us a small cargo

235

00:12:19,590 --> 00:12:15,240

passenger ship from the city of leh to

236

00:12:21,150 --> 00:12:19,600

we assumed with others for a while that

237

00:12:22,740 --> 00:12:21,160

it was that kind of animal that there

238

00:12:24,660 --> 00:12:22,750

were a number of them on the island well

239

00:12:26,430 --> 00:12:24,670

that turned out to be not the case

240

00:12:28,680 --> 00:12:26,440

there's only one large one that

241

00:12:31,320 --> 00:12:28,690

regularly inhabits this particular

242

00:12:35,780 --> 00:12:31,330

island but that's that's a long story it

243

00:12:38,910 --> 00:12:35,790

is large I mean I got to interview one

244

00:12:41,730 --> 00:12:38,920

when I when I witness who described the

245

00:12:44,640 --> 00:12:41,740

wingspan this debate about seven meters

246

00:12:50,100 --> 00:12:44,650

which is 23 feet that is definitely not

247

00:12:53,190 --> 00:12:50,110

a bird it's not a bad not it now you

248

00:12:55,530 --> 00:12:53,200

know yeah I always get accused of being

249

00:12:58,170 --> 00:12:55,540

a you know like flying creatures like

250

00:12:59,910 --> 00:12:58,180

Mothman and all their you pullin a the

251
00:13:01,680 --> 00:12:59,920
in areas where they've never said

252
00:13:07,320 --> 00:13:01,690
nobody's ever noticed an AI before

253
00:13:09,570 --> 00:13:07,330
always an L yeah sure right okay yes has

254
00:13:11,610 --> 00:13:09,580
another long story because we have some

255
00:13:14,220 --> 00:13:11,620
reports on Australia that is possible

256
00:13:17,040 --> 00:13:14,230
that some howls actually have a lower

257
00:13:18,690 --> 00:13:17,050
degree of bioluminescence that they have

258
00:13:20,390 --> 00:13:18,700
on rare occasions but that's a long

259
00:13:25,530 --> 00:13:20,400
story

260
00:13:30,950 --> 00:13:25,540
well now our people attacked by this

261
00:13:34,920 --> 00:13:30,960
creature that live live in this area or

262
00:13:37,410 --> 00:13:34,930
it's a kind of a benign or or how would

263
00:13:41,840 --> 00:13:37,420

you describe its actions

264

00:13:45,300 --> 00:13:41,850

well we my association I believe that

265

00:13:47,070 --> 00:13:45,310

there's there the the particular species

266

00:13:49,140 --> 00:13:47,080

that we call Ropin and um where Island

267

00:13:51,920 --> 00:13:49,150

actually also exists on the mainland

268

00:13:55,400 --> 00:13:51,930

there's someone that also

269

00:13:58,460 --> 00:13:55,410

coastal area but also inland they have

270

00:14:01,250 --> 00:13:58,470

different names I met an old sailor when

271

00:14:04,460 --> 00:14:01,260

I was on that boat at night and he said

272

00:14:07,579 --> 00:14:04,470

that that they call it well why not

273

00:14:10,820 --> 00:14:07,589

the dragon who owns this land and the

274

00:14:14,720 --> 00:14:10,830

sea wah 1/r and then there's DUIs

275

00:14:16,250 --> 00:14:14,730

can can do a psycho Bali the one who

276

00:14:18,800 --> 00:14:16,260

carries around his bed with them that's

277

00:14:20,900 --> 00:14:18,810

a long story but it's the apparently

278

00:14:24,440 --> 00:14:20,910

these are all either is closely related

279

00:14:26,180 --> 00:14:24,450

or the same species and they some of

280

00:14:28,550 --> 00:14:26,190

them on the mainland of reputation of

281

00:14:30,230 --> 00:14:28,560

attacking people close to finchhaven or

282

00:14:32,269 --> 00:14:30,240

village and also village close to the

283

00:14:36,139 --> 00:14:32,279

labor or described as attacking and

284

00:14:37,940 --> 00:14:36,149

killing a person now when you when you

285

00:14:39,710 --> 00:14:37,950

first went to this island you know you

286

00:14:41,570 --> 00:14:39,720

said you went by yourself and you didn't

287

00:14:45,889 --> 00:14:41,580

have any any guide or anything like that

288

00:14:48,110 --> 00:14:45,899

how did you go about trying to locate

289

00:14:50,300 --> 00:14:48,120

these eyewitnesses because I mean you

290

00:14:51,680 --> 00:14:50,310

know I'll imagined you just can't go up

291

00:14:53,240 --> 00:14:51,690

to anybody on the street and you know

292

00:14:56,360 --> 00:14:53,250

like say hey you know can you find

293

00:14:59,510 --> 00:14:56,370

finally somebody who's seen or open yeah

294

00:15:01,160 --> 00:14:59,520

in the city of lamb you know I took a

295

00:15:04,240 --> 00:15:01,170

number of flights eventually the last

296

00:15:06,530 --> 00:15:04,250

flight I got was to the airport that's

297

00:15:10,280 --> 00:15:06,540

number of kilometers away from the city

298

00:15:12,110 --> 00:15:10,290

of Lane I got into the International Lai

299

00:15:14,449 --> 00:15:12,120

International Hotel there but basically

300

00:15:17,390 --> 00:15:14,459

I got a I didn't actually go by myself

301
00:15:19,430 --> 00:15:17,400
to this particular island of boy but I

302
00:15:22,820 --> 00:15:19,440
found an interpreter in the city of lay

303
00:15:24,620 --> 00:15:22,830
his name is Luc Pina and I paid him a

304
00:15:26,480 --> 00:15:24,630
very low wages and he thought it was a

305
00:15:29,900 --> 00:15:26,490
lot but it didn't seem like much to me

306
00:15:32,329 --> 00:15:29,910
and he agreed to be my interpreter and

307
00:15:34,819 --> 00:15:32,339
then I told him and his brother you know

308
00:15:37,220 --> 00:15:34,829
how big we thought it wasn't he didn't

309
00:15:40,760 --> 00:15:37,230
think that I was over paying them at

310
00:15:42,829 --> 00:15:40,770
that time but he agreed to go with me

311
00:15:45,319 --> 00:15:42,839
and he was very great value so when we

312
00:15:47,079 --> 00:15:45,329
got there to humbly they were actually

313
00:15:50,150 --> 00:15:47,089

expecting us in a particular village

314

00:15:51,740 --> 00:15:50,160

close to gumwa gone because pollenation

315

00:15:54,350 --> 00:15:51,750

had already sent a letter months earlier

316

00:15:56,810 --> 00:15:54,360

though I was coming and he I had detail

317

00:15:59,810 --> 00:15:56,820

of instructions so I had all that these

318

00:16:01,449 --> 00:15:59,820

very different kind of gifts to give to

319

00:16:04,190 --> 00:16:01,459

the village leaders and different people

320

00:16:05,810 --> 00:16:04,200

very detailed instructions and my father

321

00:16:08,150 --> 00:16:05,820

almost all of them I not

322

00:16:09,440 --> 00:16:08,160

when I find one I did not follow when I

323

00:16:12,950 --> 00:16:09,450

got in trouble look you tell you about

324

00:16:15,200 --> 00:16:12,960

that sometime but basically the people

325

00:16:17,600 --> 00:16:15,210

expecting us and we knew where to go and

326

00:16:19,850 --> 00:16:17,610

who to interview and what should you

327

00:16:25,900 --> 00:16:19,860

know basically what people need to get

328

00:16:29,720 --> 00:16:25,910

to now the the Islanders I mean do they

329

00:16:35,060 --> 00:16:29,730

view this creature as sort of kind of

330

00:16:38,990 --> 00:16:35,070

like both a physical creature and a

331

00:16:41,390 --> 00:16:39,000

supernatural entity or do they consider

332

00:16:44,060 --> 00:16:41,400

it you know like you know just just as

333

00:16:46,280 --> 00:16:44,070

real as say you know a crocodile or the

334

00:16:48,470 --> 00:16:46,290

fruit bats or things like that well

335

00:16:49,850 --> 00:16:48,480

that's a good question because they have

336

00:16:51,470 --> 00:16:49,860

a way of looking at it that's different

337

00:16:54,410 --> 00:16:51,480

than what we're used to in our in our

338

00:16:55,900 --> 00:16:54,420

culture it's they don't categorize it as

339

00:16:58,430 --> 00:16:55,910

strictly one or the other that's

340

00:17:01,820 --> 00:16:58,440

spirituals and then it's also its

341

00:17:03,530 --> 00:17:01,830

physical so and it also has a in their

342

00:17:05,600 --> 00:17:03,540

traditions just say that can change

343

00:17:07,820 --> 00:17:05,610

shape I think I know why they have that

344

00:17:10,100 --> 00:17:07,830

tradition it's a one of their

345

00:17:12,410 --> 00:17:10,110

superstitions that a man can change into

346

00:17:15,350 --> 00:17:12,420

a rope and a rope and contained you in a

347

00:17:18,670 --> 00:17:15,360

snake bite back and forth and so on

348

00:17:21,170 --> 00:17:18,680

and I think I know why they got that but

349

00:17:22,730 --> 00:17:21,180

they do a considerate real I mean the

350

00:17:24,290 --> 00:17:22,740

people are seeing these flying lights

351
00:17:25,970 --> 00:17:24,300
all the time it goes from one mountain

352
00:17:32,330 --> 00:17:25,980
to another from the Mount of the coast

353
00:17:34,610 --> 00:17:32,340
and in my compiling statistics on the

354
00:17:37,040 --> 00:17:34,620
sidings I found that there was a

355
00:17:40,280 --> 00:17:37,050
tendency for the for these flying lights

356
00:17:43,070 --> 00:17:40,290
to go out from a mountain to to a reef

357
00:17:45,530 --> 00:17:43,080
on the coast much more frequently

358
00:17:48,110 --> 00:17:45,540
earlier in the in the evening like right

359
00:17:50,600 --> 00:17:48,120
after sunset and then later at night

360
00:17:53,780 --> 00:17:50,610
there's a more tendency for the lights

361
00:17:56,660 --> 00:17:53,790
to fly from the reef back to a mountain

362
00:17:58,640 --> 00:17:56,670
so I think that's not very strong

363
00:18:01,100 --> 00:17:58,650

evidence but it is some statistical

364

00:18:03,200 --> 00:18:01,110

evidence that there is something to

365

00:18:06,190 --> 00:18:03,210

their traditions that this is a flying

366

00:18:10,090 --> 00:18:06,200

creature that has a bioluminescence oh

367

00:18:14,930 --> 00:18:10,100

so what is the what's the general

368

00:18:17,060 --> 00:18:14,940

description that that you got from from

369

00:18:19,120 --> 00:18:17,070

from the witnesses there on what this

370

00:18:24,380 --> 00:18:19,130

thing look like

371

00:18:26,419 --> 00:18:24,390

yes the I I went on I was there for two

372

00:18:28,909 --> 00:18:26,429

weeks and a few weeks after I left came

373

00:18:31,220 --> 00:18:28,919

back the United States I sent emails and

374

00:18:33,159 --> 00:18:31,230

all the information I could to the other

375

00:18:36,289 --> 00:18:33,169

two Americans so when they got there

376

00:18:38,149 --> 00:18:36,299

unfortunately they were getting there

377

00:18:41,149 --> 00:18:38,159

just as the bad weather started with

378

00:18:44,590 --> 00:18:41,159

them with the rainy season so they have

379

00:18:51,080 --> 00:18:44,600

time that they went to a lot of places

380

00:18:53,090 --> 00:18:51,090

on boy places I hadn't been to excuse me

381

00:18:55,549 --> 00:18:53,100

I'm sorry I got so carried away with

382

00:18:59,060 --> 00:18:55,559

that thought that I forgot the question

383

00:19:01,460 --> 00:18:59,070

I said why I asked you what what the

384

00:19:03,649 --> 00:19:01,470

general you know the people who have had

385

00:19:05,060 --> 00:19:03,659

say like daylight sightings of this you

386

00:19:06,799 --> 00:19:05,070

know what towards the German description

387

00:19:07,850 --> 00:19:06,809

but there's that's what I was doing I

388

00:19:10,549 --> 00:19:07,860

was telling you that there are two

389

00:19:13,519 --> 00:19:10,559

expeditions in these in that year and we

390

00:19:17,539 --> 00:19:13,529

came to some different conclusions about

391

00:19:19,789 --> 00:19:17,549

what what exactly we all agreed that it

392

00:19:25,580 --> 00:19:19,799

was around for in quite terrorsaur we

393

00:19:28,010 --> 00:19:25,590

had a lot of Milan societies but I came

394

00:19:29,840 --> 00:19:28,020

back and published a book and eventually

395

00:19:31,880 --> 00:19:29,850

a scientific paper is published in

396

00:19:33,620 --> 00:19:31,890

peer-reviewed journal and I concluded

397

00:19:36,139 --> 00:19:33,630

that it was more like a sort giant

398

00:19:42,440 --> 00:19:36,149

shortest pole OSIS ran freakoid

399

00:19:45,279 --> 00:19:42,450

which is also called that has another

400

00:19:47,630 --> 00:19:45,289

name but its base it ran frankly and

401

00:19:52,970 --> 00:19:47,640

clearly it was that type which is kind

402

00:19:54,769 --> 00:19:52,980

of a long kind of a narrow beak and one

403

00:19:57,159 --> 00:19:54,779

of the other Americans David Wetzel

404

00:20:02,269 --> 00:19:57,169

thought that it was more like a

405

00:20:04,370 --> 00:20:02,279

dimorphodon but actually part of my

406

00:20:07,580 --> 00:20:04,380

information I got from their expedition

407

00:20:09,860 --> 00:20:07,590

so I think both of the expedition's has

408

00:20:13,419 --> 00:20:09,870

pointed more tortoise tortoise policies

409

00:20:16,310 --> 00:20:13,429

but in a giant-sized of sort of Pelosi's

410

00:20:19,070 --> 00:20:16,320

so now these are okay no now when people

411

00:20:20,480 --> 00:20:19,080

think of these these flying reptiles I

412

00:20:22,039 --> 00:20:20,490

mean they think of the you know typical

413

00:20:25,200 --> 00:20:22,049

pterodactyl you know that's got the beak

414

00:20:31,529 --> 00:20:25,210

and then the long pointed

415

00:20:34,649 --> 00:20:31,539

had big wings with no with with no

416

00:20:37,649 --> 00:20:34,659

feathers abouts membranes or no tail but

417

00:20:40,289 --> 00:20:37,659

what you're describing these are the

418

00:20:42,750 --> 00:20:40,299

ones that have the the smooth head and a

419

00:20:44,519 --> 00:20:42,760

tail or very long tail and with a

420

00:20:47,430 --> 00:20:44,529

structure at the end of the tail a

421

00:20:50,700 --> 00:20:47,440

flange something that some people call

422

00:20:52,200 --> 00:20:50,710

it a diamond shape have different names

423

00:20:53,940 --> 00:20:52,210

for some but you can call the lemon

424

00:20:57,840 --> 00:20:53,950

shape in the United States once in

425

00:21:01,820 --> 00:20:57,850

Indiana but and yeah a number Island I

426
00:21:04,500 --> 00:21:01,830
was able to get into the deep end to the

427
00:21:10,350 --> 00:21:04,510
to the interior that aisle with the

428
00:21:12,570 --> 00:21:10,360
number of natives and I don't I mean I

429
00:21:15,269 --> 00:21:12,580
did I I was able to interview three

430
00:21:18,210 --> 00:21:15,279
important natives in Long Island they

431
00:21:20,159 --> 00:21:18,220
were all part of a group of seven boys

432
00:21:25,710 --> 00:21:20,169
at the time ten years earlier who had

433
00:21:29,120 --> 00:21:25,720
gone up to Lake home which is a crater

434
00:21:32,580 --> 00:21:29,130
lake up above their village and they had

435
00:21:34,440 --> 00:21:32,590
witness in Brooklyn daylight this rope

436
00:21:36,450 --> 00:21:34,450
and flying right over the lake just two

437
00:21:38,850 --> 00:21:36,460
meters above the lake and they were so

438
00:21:43,769 --> 00:21:38,860

scared they just ran home and they

439

00:21:45,840 --> 00:21:43,779

testified that had long tail and tail

440

00:21:48,480 --> 00:21:45,850

had a diamond kind of shape at the end

441

00:21:50,430 --> 00:21:48,490

of it which I think was around Frank

442

00:21:54,419 --> 00:21:50,440

white flange that's my conclusion is

443

00:21:57,990 --> 00:21:54,429

what they're describing and they the

444

00:21:59,940 --> 00:21:58,000

eyewitness gideon quarrel he told me

445

00:22:01,710 --> 00:21:59,950

that he whoa when I asked him the wings

446

00:22:04,470 --> 00:22:01,720

how big the wings were I think he

447

00:22:07,769 --> 00:22:04,480

misunderstood and that he was thinking

448

00:22:09,779 --> 00:22:07,779

of one wing but it was them because they

449

00:22:11,220 --> 00:22:09,789

don't use s to make a pearl in English

450

00:22:13,889 --> 00:22:11,230

they're not doing that great in English

451

00:22:15,630 --> 00:22:13,899

but he was speaking English but you know

452

00:22:18,960 --> 00:22:15,640

they're not expert in English way back

453

00:22:21,720 --> 00:22:18,970

in order to promote place sure so he say

454

00:22:24,990 --> 00:22:21,730

said seven mean oh well I think what he

455

00:22:27,659 --> 00:22:25,000

meant was a wingspan nothing we spent

456

00:22:29,310 --> 00:22:27,669

one wing because I was saying wings you

457

00:22:31,529 --> 00:22:29,320

know and it sounds like a wing you know

458

00:22:33,000 --> 00:22:31,539

it's almost the same sentence and they

459

00:22:34,110 --> 00:22:33,010

said one wing I think where I was

460

00:22:36,029 --> 00:22:34,120

thinking there but he didn't immediately

461

00:22:38,220 --> 00:22:36,039

answer he looked out of the ground to go

462

00:22:38,880 --> 00:22:38,230

back and forth from the ground trying to

463

00:22:41,220 --> 00:22:38,890

imagine

464

00:22:44,370 --> 00:22:41,230

sighs and then he said to look back and

465

00:22:47,100 --> 00:22:44,380

look me in the eye I said seven yeah Wow

466

00:22:49,530 --> 00:22:47,110

all right well we need to take our

467

00:22:50,880 --> 00:22:49,540

bottom of the hour break here so when we

468

00:22:54,060 --> 00:22:50,890

come back we'll continue our

469

00:23:00,030 --> 00:22:54,070

conversation about wind weirdies on

470

00:23:03,450 --> 00:23:00,040

exploring the bazaar now back to

471

00:23:05,520 --> 00:23:03,460

exploring the bazaar with two of the

472

00:23:08,880 --> 00:23:05,530

most electrifying researchers in the

473

00:23:14,910 --> 00:23:08,890

Paranoid your hosts Timothy Becca Lee

474

00:23:17,040 --> 00:23:14,920

and Taylor Swift's and welcome back to

475

00:23:20,160 --> 00:23:17,050

exploring the bazaar and I want to

476

00:23:23,100 --> 00:23:20,170

remind the audience that if you have any

477

00:23:26,610 --> 00:23:23,110

questions for our guests if you've had a

478

00:23:28,680 --> 00:23:26,620

sighting winged weirdo then let us know

479

00:23:30,930 --> 00:23:28,690

we want to hear from you ask ask away

480

00:23:33,420 --> 00:23:30,940

questions comments we want to hear from

481

00:23:36,030 --> 00:23:33,430

you so Tim what do we say we we bring

482

00:23:37,920 --> 00:23:36,040

Hercules into the conversation I would

483

00:23:42,180 --> 00:23:37,930

think so come on down from Mount Olympus

484

00:23:45,290 --> 00:23:42,190

Hercules enjoying join the show I am

485

00:23:50,010 --> 00:23:45,300

very honored to be here with a heroic

486

00:23:53,130 --> 00:23:50,020

timotheus and their show and I love your

487

00:23:55,560 --> 00:23:53,140

new intro by the way this awesome no how

488

00:23:58,520 --> 00:23:55,570

do we we do we do our best you know I

489

00:24:00,240 --> 00:23:58,530

mean we we try to just give it a

490

00:24:02,970 --> 00:24:00,250

theatrical approach and then we get

491

00:24:05,430 --> 00:24:02,980

serious all of a sudden you know it's it

492

00:24:08,790 --> 00:24:05,440

twists some people's minds but what the

493

00:24:11,100 --> 00:24:08,800

heck we we are exploring the bizarre and

494

00:24:14,810 --> 00:24:11,110

there are a lot of bizarre things in the

495

00:24:17,520 --> 00:24:14,820

world right then oh yeah definitely and

496

00:24:23,010 --> 00:24:17,530

and you're listening to us talk right

497

00:24:26,780 --> 00:24:23,020

now I did I just want to say though that

498

00:24:31,170 --> 00:24:26,790

our intro was was put together by our

499

00:24:33,960 --> 00:24:31,180

producer and station owner Tina Marie

500

00:24:36,810 --> 00:24:33,970

who always does such a fantastic job and

501
00:24:43,290 --> 00:24:36,820
has so much patience with us when we

502
00:24:46,130 --> 00:24:43,300
just do okay wait to the last minute of

503
00:24:50,460 --> 00:24:46,140
course our associate that Peter will

504
00:24:52,860 --> 00:24:50,470
make a little video out of it and put it

505
00:24:56,250 --> 00:24:52,870
on our YouTube channel mr. UFOs

506
00:24:59,400 --> 00:24:56,260
secret files so you can all look forward

507
00:25:01,590 --> 00:24:59,410
to that you got to listen to these to

508
00:25:04,320 --> 00:25:01,600
get everything here you've got to listen

509
00:25:07,430 --> 00:25:04,330
to these programs at least twice if not

510
00:25:11,100 --> 00:25:07,440
worse if not if not more than that but

511
00:25:13,560 --> 00:25:11,110
Hercules tell us something about well we

512
00:25:17,730 --> 00:25:13,570
have you we have I believe in the in the

513
00:25:21,750 --> 00:25:17,740

Greek Theatre many legends of flying

514

00:25:22,530 --> 00:25:21,760

beings Oh countless legends of flying

515

00:25:24,600 --> 00:25:22,540

beans

516

00:25:30,330 --> 00:25:24,610

not too many wings they're reptiles

517

00:25:35,250 --> 00:25:30,340

though in Greek tradition giants are

518

00:25:38,280 --> 00:25:35,260

were killed in and fly and Dragons which

519

00:25:43,230 --> 00:25:38,290

comes from the Greek words are ACOs just

520

00:25:45,240 --> 00:25:43,240

means a large snake so the heroes in

521

00:25:47,910 --> 00:25:45,250

antiquity they fought this these really

522

00:25:49,650 --> 00:25:47,920

giant snakes that usually guarded trees

523

00:25:52,290 --> 00:25:49,660

that had things like the Golden Fleece

524

00:25:55,320 --> 00:25:52,300

or the golden apples and asperities and

525

00:25:58,020 --> 00:25:55,330

things like that hanging on them so they

526

00:26:00,390 --> 00:25:58,030

were Guardian protectors and they didn't

527

00:26:01,980 --> 00:26:00,400

have wings well you know that's

528

00:26:05,370 --> 00:26:01,990

interesting that you should mention that

529

00:26:09,060 --> 00:26:05,380

because we have any number of reports in

530

00:26:11,430 --> 00:26:09,070

fact in our forthcoming book that like I

531

00:26:16,669 --> 00:26:11,440

said probably out my time this program

532

00:26:19,610 --> 00:26:16,679

gets on YouTube a lot of these the

533

00:26:23,790 --> 00:26:19,620

crypto flying it creatures are

534

00:26:26,960 --> 00:26:23,800

snake-like in fact we have do we have

535

00:26:29,910 --> 00:26:26,970

received reports of the snake like it

536

00:26:33,330 --> 00:26:29,920

creatures turning into glowing a

537

00:26:37,530 --> 00:26:33,340

luminous objects you know like it

538

00:26:39,750 --> 00:26:37,540

turning into it - UFOs basically I mean

539

00:26:43,530 --> 00:26:39,760

there does seem to be a connection

540

00:26:46,830 --> 00:26:43,540

between all of this I mean we have the

541

00:26:49,440 --> 00:26:46,840

real entities and then we have some that

542

00:26:52,610 --> 00:26:49,450

are definitely the supernatural in

543

00:26:56,070 --> 00:26:52,620

nature so I don't think it's quite

544

00:26:59,340 --> 00:26:56,080

impossible to have to concede that maybe

545

00:27:01,290 --> 00:26:59,350

some of these locals and in New Guinea

546

00:27:03,180 --> 00:27:01,300

and so forth really did have the right

547

00:27:06,499 --> 00:27:03,190

idea when they see it as both a physical

548

00:27:09,319 --> 00:27:06,509

and a spiritual manifestation

549

00:27:11,089 --> 00:27:09,329

I I think you're right and in Greece

550

00:27:13,609 --> 00:27:11,099

they view it pretty much the same way

551
00:27:17,060 --> 00:27:13,619
they still believed like I'm from the

552
00:27:20,389 --> 00:27:17,070
island of Lemnos and they still believed

553
00:27:22,819 --> 00:27:20,399
there that there are giant snakes and

554
00:27:25,129 --> 00:27:22,829
when I was growing up and spending a lot

555
00:27:28,609 --> 00:27:25,139
of time in Lemnos they still call these

556
00:27:30,949 --> 00:27:28,619
snakes or yes and they used to describe

557
00:27:34,279 --> 00:27:30,959
them as gigantic being able to swallow

558
00:27:38,359 --> 00:27:34,289
goats and lambs and cows and you're

559
00:27:40,759 --> 00:27:38,369
they're huge things and they still are

560
00:27:43,939 --> 00:27:40,769
said to guard treasure there's a lot of

561
00:27:47,569 --> 00:27:43,949
caves on the most especially by the

562
00:27:49,879 --> 00:27:47,579
shore and some of those caves supposedly

563
00:27:53,689 --> 00:27:49,889

have the treasures of antiquity in them

564

00:27:57,169 --> 00:27:53,699

and they're guarded by the rocky but the

565

00:27:59,689 --> 00:27:57,179

Greeks today lump everything under the

566

00:28:04,279 --> 00:27:59,699

heading of Ithaca which means exotics

567

00:28:07,099 --> 00:28:04,289

and the exotics are shapeshifters so

568

00:28:12,409 --> 00:28:07,109

they can appear as whatever they need to

569

00:28:15,589 --> 00:28:12,419

appear to be so it is very possible and

570

00:28:17,959 --> 00:28:15,599

they certainly would leave that open to

571

00:28:20,869 --> 00:28:17,969

interpretation that these giant serpents

572

00:28:23,719 --> 00:28:20,879

can also manifest as glowing disks or

573

00:28:26,930 --> 00:28:23,729

going balls and Greek mythology is full

574

00:28:30,409 --> 00:28:26,940

of such accounts of Sun chariots and

575

00:28:34,039 --> 00:28:30,419

Moon chariots and glowing gods who

576

00:28:35,559 --> 00:28:34,049

appear as a circles or goblets so it

577

00:28:40,099 --> 00:28:35,569

makes sense to me

578

00:28:46,039 --> 00:28:40,109

well now in this the book the weird

579

00:28:48,279 --> 00:28:46,049

winged wonders the year the crypto we

580

00:28:52,579 --> 00:28:48,289

have so many descriptions of different

581

00:28:54,589 --> 00:28:52,589

types of flying beings I mean some more

582

00:28:58,099 --> 00:28:54,599

literally beings we have photographs in

583

00:29:01,459 --> 00:28:58,109

there of people people I say shadowy

584

00:29:05,539 --> 00:29:01,469

forms standing on clouds hovering over

585

00:29:07,009 --> 00:29:05,549

mountains the the hovering near office

586

00:29:10,069 --> 00:29:07,019

buildings that have to be like you know

587

00:29:15,619 --> 00:29:10,079

30 stories at all why don't you tell us

588

00:29:18,919 --> 00:29:15,629

about some of the the Olympian gods or

589

00:29:20,270 --> 00:29:18,929

heroes you know name them and what

590

00:29:24,290 --> 00:29:20,280

exactly they're

591

00:29:28,240 --> 00:29:24,300

flying near talons consisted up okay I

592

00:29:30,860 --> 00:29:28,250

could do that like I said all of these

593

00:29:33,260 --> 00:29:30,870

paranormal or in-between creatures are

594

00:29:35,810 --> 00:29:33,270

generally called silica or exotics and

595

00:29:39,260 --> 00:29:35,820

the ones that are in the air are called

596

00:29:41,630 --> 00:29:39,270

Al Atika which means of the air and

597

00:29:45,440 --> 00:29:41,640

these are very comparable to the silks

598

00:29:48,230 --> 00:29:45,450

of Paracelsus when he explained the

599

00:29:50,300 --> 00:29:48,240

elemental kingdoms and that became very

600

00:29:53,690 --> 00:29:50,310

much integrated into the Western mystery

601
00:29:56,660 --> 00:29:53,700
tradition so some of these beings were

602
00:30:00,290 --> 00:29:56,670
again shapeshifters appear very human

603
00:30:03,680 --> 00:30:00,300
and they're very much interested in

604
00:30:06,020 --> 00:30:03,690
humanity anyone who's seen Conan the

605
00:30:08,900 --> 00:30:06,030
Barbarian in the movie has heard sue

606
00:30:11,630 --> 00:30:08,910
bowtie talking about the four winds and

607
00:30:14,090 --> 00:30:11,640
the everlasting sky those concepts are

608
00:30:17,030 --> 00:30:14,100
still very much alive in the Greek

609
00:30:19,040 --> 00:30:17,040
tradition and some occultist such as

610
00:30:22,400 --> 00:30:19,050
madame blavatsky who brought us at the

611
00:30:24,950 --> 00:30:22,410
oesophagus society she hypothesized that

612
00:30:28,370 --> 00:30:24,960
the Olympians themselves were a type of

613
00:30:30,890 --> 00:30:28,380

aerial being or a type of silk one that

614

00:30:34,360 --> 00:30:30,900

was very evolved and sort of like would

615

00:30:39,410 --> 00:30:34,370

you call a diva in the Hindu tradition

616

00:30:43,460 --> 00:30:39,420

and there were many types of creatures

617

00:30:47,030 --> 00:30:43,470

who lived in the sky that were evolved

618

00:30:50,840 --> 00:30:47,040

and had civilizations so in addition to

619

00:30:54,140 --> 00:30:50,850

the enemy or the wings you had breathe

620

00:30:57,680 --> 00:30:54,150

nymphs and breathe nodes loved humans

621

00:31:00,290 --> 00:30:57,690

and they caressed humanity and whispered

622

00:31:02,540 --> 00:31:00,300

in their ears and they were very much a

623

00:31:04,820 --> 00:31:02,550

part of our lives even though they're

624

00:31:07,940 --> 00:31:04,830

invisible and then you had the cloud

625

00:31:09,590 --> 00:31:07,950

beings cloud beings you know people come

626
00:31:13,040 --> 00:31:09,600
from the skies to the clouds and you see

627
00:31:14,630 --> 00:31:13,050
all sorts of shapes to the ancients and

628
00:31:16,720 --> 00:31:14,640
those following the ancient Greek

629
00:31:20,750 --> 00:31:16,730
tradition there were actual

630
00:31:22,430 --> 00:31:20,760
intelligences in the clouds that molded

631
00:31:24,710 --> 00:31:22,440
the clouds into these different shapes

632
00:31:31,730 --> 00:31:24,720
and that these beings liked appearing as

633
00:31:32,960 --> 00:31:31,740
humans and they actually had births with

634
00:31:36,190 --> 00:31:32,970
by me

635
00:31:41,000 --> 00:31:36,200
with mortals and one of the most famous

636
00:31:44,480 --> 00:31:41,010
couple of beings that gave rise to

637
00:31:47,870 --> 00:31:44,490
legends are fruit sauce and Ella who

638
00:31:50,649 --> 00:31:47,880

were taken by the golden Ram to the

639

00:31:54,260 --> 00:31:50,659

cloaca days which is now Georgia and

640

00:31:56,210 --> 00:31:54,270

when the golden Ram landed there they

641

00:31:59,000 --> 00:31:56,220

sacrificed and put his Pelt and tree

642

00:32:03,260 --> 00:31:59,010

became the Golden Fleece so they were

643

00:32:05,750 --> 00:32:03,270

half human and half cloud being hmm and

644

00:32:08,029 --> 00:32:05,760

the cloud beings also liked appearing as

645

00:32:09,799 --> 00:32:08,039

wing centaurs for some reason I haven't

646

00:32:12,080 --> 00:32:09,809

been able to track down why they would

647

00:32:12,890 --> 00:32:12,090

find that shape appealing but there are

648

00:32:15,560 --> 00:32:12,900

many accounts

649

00:32:17,690 --> 00:32:15,570

some of them rather recent in which

650

00:32:23,480 --> 00:32:17,700

cloud beings assume that shape and

651
00:32:28,159 --> 00:32:23,490
interact with mortals and take taking

652
00:32:30,409 --> 00:32:28,169
the in-between aerial exotic paradigm a

653
00:32:32,720 --> 00:32:30,419
little bit further during the

654
00:32:35,029 --> 00:32:32,730
Hellenistic age which was the time

655
00:32:37,190 --> 00:32:35,039
between Alexander the Great and

656
00:32:41,740 --> 00:32:37,200
Cleopatra and then a little bit further

657
00:32:45,380 --> 00:32:41,750
into Rome where a lot of modern

658
00:32:47,870 --> 00:32:45,390
occultism kind of bubbled forth and gave

659
00:32:50,470 --> 00:32:47,880
birth to things like Hermeticism and

660
00:32:54,110 --> 00:32:50,480
christianity there was a lot of

661
00:32:56,450 --> 00:32:54,120
discussion about these themes Wildeve

662
00:32:58,070 --> 00:32:56,460
Manas and I know that sounds like the

663
00:33:01,190 --> 00:32:58,080

word demon but it doesn't mean that

664

00:33:03,890 --> 00:33:01,200

means an in-between creature so an angel

665

00:33:07,250 --> 00:33:03,900

can be a vain one your higher self can

666

00:33:09,320 --> 00:33:07,260

be a daemon and these beings were also

667

00:33:12,080 --> 00:33:09,330

very aerial and they could just switch

668

00:33:14,779 --> 00:33:12,090

shapes and whether they were good or bad

669

00:33:17,510 --> 00:33:14,789

Candida under individual actions rather

670

00:33:20,529 --> 00:33:17,520

than a particular state and these are

671

00:33:24,740 --> 00:33:20,539

they - are often depicted with wings and

672

00:33:27,710 --> 00:33:24,750

if these wings are back light then they

673

00:33:31,130 --> 00:33:27,720

assume that the daemon was a kako demon

674

00:33:33,799 --> 00:33:31,140

or bad daemon and if they had colored

675

00:33:35,690 --> 00:33:33,809

bird wings they were good and that's

676

00:33:40,010 --> 00:33:35,700

where we get our image of the angel

677

00:33:41,840 --> 00:33:40,020

because angel means messenger so if

678

00:33:43,850 --> 00:33:41,850

somebody is taking a message from one

679

00:33:46,320 --> 00:33:43,860

building to another in Manhattan there

680

00:33:48,479 --> 00:33:46,330

an angel by definition

681

00:33:52,529 --> 00:33:48,489

and in the Bible that's called Mal'ak

682

00:33:54,749 --> 00:33:52,539

and so it's just basically a job

683

00:33:57,930 --> 00:33:54,759

description but because of the demons

684

00:33:59,609 --> 00:33:57,940

that were good were depicted as

685

00:34:02,639 --> 00:33:59,619

creatures with wings it eventually

686

00:34:06,359 --> 00:34:02,649

became what we understand angels to be

687

00:34:08,819 --> 00:34:06,369

today yeah I don't think I don't think

688

00:34:11,519 --> 00:34:08,829

in the Bible they were ever described as

689

00:34:14,279 --> 00:34:11,529

having wings no no they were they were

690

00:34:15,869 --> 00:34:14,289

people they look like people and often

691

00:34:17,819 --> 00:34:15,879

people didn't realize until later that

692

00:34:19,319 --> 00:34:17,829

they were talking to something that that

693

00:34:25,319 --> 00:34:19,329

might have looked you in and behaved

694

00:34:27,510 --> 00:34:25,329

human but wasn't quite human and I'm

695

00:34:31,950 --> 00:34:27,520

sorry sorry Hercules no no no finish

696

00:34:36,119 --> 00:34:31,960

your thought there a lot of what we

697

00:34:38,220 --> 00:34:36,129

think about now came into focus at that

698

00:34:40,529 --> 00:34:38,230

time because Alexander even those

699

00:34:43,710 --> 00:34:40,539

conquests was bloody and closed much

700

00:34:47,039 --> 00:34:43,720

grief also created a period of stability

701
00:34:48,569 --> 00:34:47,049
and peace when people from different

702
00:34:51,720 --> 00:34:48,579
places could interact with each other

703
00:34:53,609 --> 00:34:51,730
and exchange ideas and that hadn't

704
00:34:56,309 --> 00:34:53,619
happened in the world since when the

705
00:34:58,440 --> 00:34:56,319
Phoenicians were power so a lot of stuff

706
00:35:01,589 --> 00:34:58,450
that the Phoenicians spurred initially

707
00:35:03,599 --> 00:35:01,599
went underground and then it came back

708
00:35:06,120 --> 00:35:03,609
out during the age of Alexander and

709
00:35:08,640 --> 00:35:06,130
people got to compare notes and they saw

710
00:35:11,190 --> 00:35:08,650
that their hidden traditions were very

711
00:35:13,230 --> 00:35:11,200
similar to each other so they

712
00:35:16,950 --> 00:35:13,240
hypothesized that there was an ancient

713
00:35:20,059 --> 00:35:16,960

wisdom or mystery religion that was

714

00:35:24,240 --> 00:35:20,069

below the surface of the exoteric or the

715

00:35:25,859 --> 00:35:24,250

the cultural or tribal religions and a

716

00:35:27,960 --> 00:35:25,869

lot of the information that they shared

717

00:35:31,920 --> 00:35:27,970

gave us a wealth of information

718

00:35:34,589 --> 00:35:31,930

including on these winged beings

719

00:35:37,410 --> 00:35:34,599

now you mentioned Circe before Timothy

720

00:35:40,920 --> 00:35:37,420

and Circe has been on my show she's an

721

00:35:44,220 --> 00:35:40,930

awesome person and Medea who mythology

722

00:35:46,980 --> 00:35:44,230

is Circe's niece was the only person

723

00:35:48,599 --> 00:35:46,990

Greek mythology to own flying serpents

724

00:35:50,670 --> 00:35:48,609

that pulled her chariot through the

725

00:35:54,089 --> 00:35:50,680

sides well there you go

726

00:35:57,650 --> 00:35:54,099

there you go well you know sir Cersei

727

00:36:00,059 --> 00:35:57,660

and I on our way to the Jersey is sure

728

00:36:02,459 --> 00:36:00,069

had a sighting of what we

729

00:36:05,489 --> 00:36:02,469

may have been the Jersey Devil for lack

730

00:36:07,709 --> 00:36:05,499

of a better name along the the Pine

731

00:36:09,329 --> 00:36:07,719

Barrens well you know I can't even

732

00:36:12,180 --> 00:36:09,339

remember whether we were discussing the

733

00:36:14,640 --> 00:36:12,190

the subject or not but I'm sure it had

734

00:36:16,949 --> 00:36:14,650

come up in the in the past and I saw

735

00:36:20,370 --> 00:36:16,959

this thing kind of like pop out of the

736

00:36:22,769 --> 00:36:20,380

the trees and then I said I I think I

737

00:36:24,660 --> 00:36:22,779

said to it to her I said you know take a

738

00:36:27,180 --> 00:36:24,670

look over there and then it stuck its

739

00:36:29,099 --> 00:36:27,190

head out again and then it went back in

740

00:36:30,900 --> 00:36:29,109

and that was our sighting because of

741

00:36:33,900 --> 00:36:30,910

course we're traveling along in the in

742

00:36:35,910 --> 00:36:33,910

the car which was you know going in 50

743

00:36:37,620 --> 00:36:35,920

or 60 miles an hour so we didn't stop

744

00:36:43,199 --> 00:36:37,630

her anything it's kind of desolate along

745

00:36:46,410 --> 00:36:43,209

that area but I guess she being of Greek

746

00:36:48,839 --> 00:36:46,420

the Greek word would have a connection

747

00:36:52,019 --> 00:36:48,849

maybe with the Jersey Devil perhaps more

748

00:36:55,979 --> 00:36:52,029

so than than others if these things do

749

00:36:57,989 --> 00:36:55,989

go back you know in in in time but

750

00:37:00,660 --> 00:36:57,999

they're okay of course they these these

751
00:37:02,309 --> 00:37:00,670
beings of one type or another like like

752
00:37:04,589 --> 00:37:02,319
Timmy you had some sightings there I

753
00:37:06,749 --> 00:37:04,599
think in Indiana as well right over the

754
00:37:09,180 --> 00:37:06,759
years of these flying snakes

755
00:37:11,400 --> 00:37:09,190
oh yeah Indiana has been a hot spot for

756
00:37:14,579 --> 00:37:11,410
me whole Indian that's why they call it

757
00:37:17,370 --> 00:37:14,589
eerie Indiana yeah very very eerie

758
00:37:22,109 --> 00:37:17,380
well and you know Hercules was talking

759
00:37:24,089 --> 00:37:22,119
about say like the the the giant flying

760
00:37:28,319 --> 00:37:24,099
snakes that didn't have the didn't have

761
00:37:31,529 --> 00:37:28,329
wings but in the 19th century here in

762
00:37:34,620 --> 00:37:31,539
Indiana there were a number of sightings

763
00:37:38,339 --> 00:37:34,630

of snakes just like that giant snakes

764

00:37:42,209 --> 00:37:38,349

that would attack people by leaping out

765

00:37:44,489 --> 00:37:42,219

of trees and then flying to the ground

766

00:37:47,609 --> 00:37:44,499

to attack them but these snakes didn't

767

00:37:52,739 --> 00:37:47,619

didn't have wings and in fact in a town

768

00:37:57,239 --> 00:37:52,749

called Alexandria farmer saw what he

769

00:37:59,489 --> 00:37:57,249

described as a as a giant snake that

770

00:38:04,170 --> 00:37:59,499

seemed to be made of like fire and

771

00:38:06,059 --> 00:38:04,180

lightning Wow yeah it it pulled itself

772

00:38:10,019 --> 00:38:06,069

he said along the ground and then it

773

00:38:12,689 --> 00:38:10,029

crossed a fence and up the side of a

774

00:38:13,230 --> 00:38:12,699

barn where and then it lept

775

00:38:15,690 --> 00:38:13,240

off

776

00:38:17,820 --> 00:38:15,700

of one side of the bar and to the other

777

00:38:21,540 --> 00:38:17,830

and on to the ground but then it

778

00:38:22,890 --> 00:38:21,550

disappeared up into the sky and you know

779

00:38:24,210 --> 00:38:22,900

the critics naturally I mean you know

780

00:38:25,950 --> 00:38:24,220

they said no way you just saw lightning

781

00:38:27,330 --> 00:38:25,960

and he was just like you know I know

782

00:38:33,630 --> 00:38:27,340

what lightning is and this wasn't

783

00:38:36,270 --> 00:38:33,640

lightning the ancient sort of described

784

00:38:38,940 --> 00:38:36,280

it as a serpent of Zeus because Zeus and

785

00:38:41,280 --> 00:38:38,950

some of his aspects was associated with

786

00:38:43,920 --> 00:38:41,290

serpents of the Capponi inner or

787

00:38:46,380 --> 00:38:43,930

underworld Zeus so that sounds like

788

00:38:50,460 --> 00:38:46,390

exactly the type of creature that would

789

00:38:54,240 --> 00:38:50,470

be involved with that deity well you

790

00:38:59,460 --> 00:38:54,250

know when when you talk about like

791

00:39:02,580 --> 00:38:59,470

winged creatures when it comes to Greek

792

00:39:05,640 --> 00:39:02,590

mythology and legends and and and all

793

00:39:08,880 --> 00:39:05,650

that I have to go and think about and of

794

00:39:12,090 --> 00:39:08,890

course this was Hollywood the the movie

795

00:39:14,160 --> 00:39:12,100

jason and the argonauts with the

796

00:39:17,910 --> 00:39:14,170

stop-motion animation done by Ray had a

797

00:39:23,000 --> 00:39:17,920

cost of the the harpies that Zeus had

798

00:39:27,599 --> 00:39:23,010

sent to constantly torment the blind

799

00:39:31,260 --> 00:39:27,609

prophet yes yes yes and I mean I saw

800

00:39:33,210 --> 00:39:31,270

that I saw that movie when probably what

801
00:39:35,370 --> 00:39:33,220
it originally came out I was just like

802
00:39:37,980 --> 00:39:35,380
maybe five years old and those things

803
00:39:41,660 --> 00:39:37,990
terrified me but that always has stuck

804
00:39:44,220 --> 00:39:41,670
in my mind those wings humanoid

805
00:39:46,740 --> 00:39:44,230
type creatures you know they looked

806
00:39:48,660 --> 00:39:46,750
almost you know like reptilian types a

807
00:39:52,080 --> 00:39:48,670
you know an attacking and tormenting

808
00:39:55,770 --> 00:39:52,090
this guy oh yeah the obvious which means

809
00:39:59,910 --> 00:39:55,780
grabbers they were foul creatures and

810
00:40:02,520 --> 00:39:59,920
they would not only torment King phineas

811
00:40:05,520 --> 00:40:02,530
but they would also defecate in his food

812
00:40:11,880 --> 00:40:05,530
and in whatever beverages were lost

813
00:40:14,190 --> 00:40:11,890

yeah they invited their realize that

814

00:40:15,780 --> 00:40:14,200

part of the movie tell them not to bring

815

00:40:19,140 --> 00:40:15,790

the harpies if you invite him over for

816

00:40:20,910 --> 00:40:19,150

dinner and then there's the Furies or

817

00:40:24,030 --> 00:40:20,920

the etting yes and they come from the

818

00:40:25,290 --> 00:40:24,040

underworld and they're very similar to

819

00:40:26,670 --> 00:40:25,300

the harpies

820

00:40:29,040 --> 00:40:26,680

but there

821

00:40:31,290 --> 00:40:29,050

like the hounds of Hades they go and

822

00:40:36,480 --> 00:40:31,300

punish those who sinned against the Lord

823

00:40:38,520 --> 00:40:36,490

of the underworld and the Gorgons to the

824

00:40:42,210 --> 00:40:38,530

Gorgons believenot studded as mermaids

825

00:40:45,030 --> 00:40:42,220

and one of the Gorgons Medusa was

826

00:40:47,880 --> 00:40:45,040

seduced by Poseidon who made love to her

827

00:40:50,430 --> 00:40:47,890

on an altar of Athena so Athena cursed

828

00:40:54,030 --> 00:40:50,440

her and her sisters to become these very

829

00:40:59,250 --> 00:40:54,040

reptilians creatures with wings and

830

00:41:02,780 --> 00:40:59,260

bronze fingers and toes and Medusa

831

00:41:05,820 --> 00:41:02,790

herself had snakes hair that if you

832

00:41:09,150 --> 00:41:05,830

looked at it would turn you into stone

833

00:41:11,550 --> 00:41:09,160

so yes the Greeks populated the skies

834

00:41:15,210 --> 00:41:11,560

with many of these types of preachers

835

00:41:18,570 --> 00:41:15,220

and these preachers are still appear in

836

00:41:19,950 --> 00:41:18,580

modern times when I go to Greece and

837

00:41:21,090 --> 00:41:19,960

I've been Christian a lot but I used to

838

00:41:23,760 --> 00:41:21,100

go fairly often

839

00:41:27,000 --> 00:41:23,770

I still wanna collect these stories and

840

00:41:30,030 --> 00:41:27,010

the the stories that were related to me

841

00:41:31,830 --> 00:41:30,040

and the experiences I've had prove that

842

00:41:36,090 --> 00:41:31,840

these creatures are still very much

843

00:41:38,280 --> 00:41:36,100

alive in the group reality or the pop or

844

00:41:41,880 --> 00:41:38,290

the popular imagination if you care to

845

00:41:45,500 --> 00:41:41,890

look at it that way well that's what

846

00:41:49,470 --> 00:41:45,510

that's what fascinates me though is that

847

00:41:53,700 --> 00:41:49,480

people are still having these kinds of

848

00:41:55,650 --> 00:41:53,710

experiences but as we well know that I

849

00:41:58,020 --> 00:41:55,660

mean they their load to talk about it

850

00:42:00,210 --> 00:41:58,030

except you know they keep it within you

851

00:42:03,030 --> 00:42:00,220

know their family or you know their

852

00:42:06,480 --> 00:42:03,040

their village or things like that and I

853

00:42:08,910 --> 00:42:06,490

mean are they described mmm are they

854

00:42:12,330 --> 00:42:08,920

describing the same kind of things that

855

00:42:17,760 --> 00:42:12,340

has been you know seen for you know

856

00:42:21,960 --> 00:42:17,770

centuries oh yes in the in the the Greek

857

00:42:26,040 --> 00:42:21,970

psyche I guess heaven and the underworld

858

00:42:28,650 --> 00:42:26,050

may have changed management but all the

859

00:42:33,270 --> 00:42:28,660

in-between creatures that were known in

860

00:42:35,520 --> 00:42:33,280

antiquity are still very active and I've

861

00:42:37,050 --> 00:42:35,530

had experiences myself some of which I

862

00:42:39,730 --> 00:42:37,060

shared last time I was I'm not with

863

00:42:41,800 --> 00:42:39,740

flying creatures so much as

864

00:42:44,680 --> 00:42:41,810

rustle creatures but I've met other

865

00:42:46,510 --> 00:42:44,690

people and sometimes the creatures

866

00:42:49,120 --> 00:42:46,520

appear is very solid and they're

867

00:42:51,490 --> 00:42:49,130

experienced as such sometimes they're

868

00:42:53,920 --> 00:42:51,500

kind of like in-between creatures and

869

00:42:55,600 --> 00:42:53,930

they'll shift shape and it's kind of

870

00:42:58,540 --> 00:42:55,610

like the experience you have in the

871

00:43:00,040 --> 00:42:58,550

hypnagogic and hypnopompic states where

872

00:43:04,090 --> 00:43:00,050

it's very difficult to differentiate

873

00:43:06,190 --> 00:43:04,100

between waking and dreaming but in those

874

00:43:08,440 --> 00:43:06,200

states the experiences are much more

875

00:43:11,230 --> 00:43:08,450

vivid than you have even in waking so

876

00:43:14,380 --> 00:43:11,240

the most religious experiences actually

877

00:43:16,680 --> 00:43:14,390

take place during those times so the

878

00:43:23,650 --> 00:43:16,690

reality of the experiences is

879

00:43:28,540 --> 00:43:23,660

phenomenally stark and memorable now do

880

00:43:31,180 --> 00:43:28,550

any of these have winged creatures pick

881

00:43:32,760 --> 00:43:31,190

up the locals and take them to Olympus

882

00:43:38,470 --> 00:43:32,770

or somewhere else I mean is there a

883

00:43:41,109 --> 00:43:38,480

magical element included in this in

884

00:43:45,340 --> 00:43:41,119

ancient times there are tales like for

885

00:43:47,890 --> 00:43:45,350

instance of Pegasus Pegasus was a child

886

00:43:50,080 --> 00:43:47,900

of Medusa by the way when Perseus

887

00:43:52,870 --> 00:43:50,090

chopped off her head her blood dripped

888

00:43:56,410 --> 00:43:52,880

into the sea and Pegasus was one of the

889

00:44:00,190 --> 00:43:56,420

creatures that came forth Pegasus was

890

00:44:03,460 --> 00:44:00,200

welcome on Mount Olympus one of the

891

00:44:07,390 --> 00:44:03,470

heroes Bellerophon decided to ride

892

00:44:09,970 --> 00:44:07,400

Pegasus to bount Olympus but he was

893

00:44:13,510 --> 00:44:09,980

struck down for his presumptuousness and

894

00:44:15,849 --> 00:44:13,520

his briefs and he fell down became

895

00:44:19,120 --> 00:44:15,859

crippled and spent the rest of his life

896

00:44:20,859 --> 00:44:19,130

as a beggar because he presumed that

897

00:44:23,050 --> 00:44:20,869

he'll be welcome in the company of the

898

00:44:24,780 --> 00:44:23,060

gods but Pegasus was was definitely

899

00:44:29,140 --> 00:44:24,790

welcome in the company of the gods so

900

00:44:32,620 --> 00:44:29,150

sometimes animals and once it flew were

901
00:44:36,640 --> 00:44:32,630
corded higher prestige than heroic

902
00:44:39,010 --> 00:44:36,650
mortals by the Olympians hmm of course

903
00:44:43,000 --> 00:44:39,020
not yeah we're just we're just the

904
00:44:45,750 --> 00:44:43,010
mortals whoo-hoo yeah well yeah exactly

905
00:44:48,520 --> 00:44:45,760
very good I like that too you know

906
00:44:51,190 --> 00:44:48,530
there's aa dollars's the forest who

907
00:44:53,860 --> 00:44:51,200
could fly would often take the favorites

908
00:44:57,670 --> 00:44:53,870
up to Olympus or to their area

909
00:45:01,810 --> 00:44:57,680
realms and in Greek mythology and then

910
00:45:04,210 --> 00:45:01,820
the Greek tradition today intercourse on

911
00:45:06,880 --> 00:45:04,220
many different levels between mortals

912
00:45:08,920 --> 00:45:06,890
and immortals is is not only possible

913
00:45:12,850 --> 00:45:08,930

but has been continuous throughout

914

00:45:15,400 --> 00:45:12,860

history which I would think that okay

915

00:45:18,220 --> 00:45:15,410

you talked earlier about how you know

916

00:45:20,800 --> 00:45:18,230

the upper management has changed but you

917

00:45:22,900 --> 00:45:20,810

know like the in-between and lower ones

918

00:45:25,060 --> 00:45:22,910

you know they say the same I would think

919

00:45:27,700 --> 00:45:25,070

that now with the change of management

920

00:45:31,090 --> 00:45:27,710

that that kind of cohabitation would be

921

00:45:34,210 --> 00:45:31,100

frowned upon it is frowned upon

922

00:45:38,530 --> 00:45:34,220

and it's considered demonic because too

923

00:45:41,440 --> 00:45:38,540

many modern Christians the Olympian gods

924

00:45:45,490 --> 00:45:41,450

are Devils as that happened throughout

925

00:45:48,460 --> 00:45:45,500

Europe and other places as the Abrahamic

926
00:45:53,140 --> 00:45:48,470
states spread and earlier than that when

927
00:45:54,550 --> 00:45:53,150
the person Indian faiths parted ways the

928
00:45:57,000 --> 00:45:54,560
devas and asuras

929
00:46:00,130 --> 00:45:57,010
depending on who you talk to were

930
00:46:04,480 --> 00:46:00,140
interchangeably dogs or Devils so that

931
00:46:07,780 --> 00:46:04,490
does happen in history but in the UFO

932
00:46:10,360 --> 00:46:07,790
literature now in throughout the world

933
00:46:12,010 --> 00:46:10,370
and that's a new universal language of

934
00:46:13,870 --> 00:46:12,020
these types of experiences

935
00:46:14,740 --> 00:46:13,880
Hercules I'm gonna have to I'm gonna

936
00:46:16,330 --> 00:46:14,750
have to interrupt you here unfortunately

937
00:46:17,890 --> 00:46:16,340
because we're out on top of the hour

938
00:46:25,480 --> 00:46:17,900

break so when we come back we'll

939

00:46:25,490 --> 00:46:30,299

[Music]

940

00:46:37,259 --> 00:46:34,599

explode the bazaars are your e-ticket

941

00:46:40,569 --> 00:46:37,269

ride into the world of the paranoid

942

00:46:44,880 --> 00:46:40,579

strap yourself in as we traverse the

943

00:46:49,299 --> 00:46:44,890

universe exploring the unexplained UFO s

944

00:46:53,469 --> 00:46:49,309

ghosts Lost Worlds cryptozoology waters

945

00:46:57,969 --> 00:46:53,479

as well as other dimensions it's time to

946

00:47:00,219 --> 00:46:57,979

take back the night now your

947

00:47:04,979 --> 00:47:00,229

electrifying hosts of exploring the

948

00:47:07,719 --> 00:47:04,989

bizarre Timothy Beckley and Tim Schwartz

949

00:47:10,120 --> 00:47:07,729

back again with exploring the bizarre

950

00:47:11,890 --> 00:47:10,130

thanking everyone for listening to us

951

00:47:13,719 --> 00:47:11,900

Tim Beck late myself we really

952

00:47:17,229 --> 00:47:13,729

appreciate it we appreciate that you

953

00:47:20,349 --> 00:47:17,239

come back and and are with us every

954

00:47:22,269 --> 00:47:20,359

Thursday night here on that K cor

955

00:47:24,429 --> 00:47:22,279

digital radio network

956

00:47:29,650 --> 00:47:24,439

so Jonathan let's bring you back into

957

00:47:33,219 --> 00:47:29,660

the conversation now earlier we were

958

00:47:39,579 --> 00:47:33,229

talking about the Rope Ropin of New

959

00:47:44,699 --> 00:47:39,589

Guinea but there has been really I mean

960

00:47:47,589 --> 00:47:44,709

hundreds if not more sightings of flying

961

00:47:50,140 --> 00:47:47,599

reptile type creatures here in the

962

00:47:51,489 --> 00:47:50,150

United States I know I saw a press

963

00:47:55,899 --> 00:47:51,499

release that you put out not too long

964

00:47:59,469 --> 00:47:55,909

ago that listed Hawaii is having a very

965

00:48:01,870 --> 00:47:59,479

high sighting count yes the that

966

00:48:03,849 --> 00:48:01,880

particular report dealt with the in

967

00:48:05,679 --> 00:48:03,859

relation to the human population there's

968

00:48:08,289 --> 00:48:05,689

two ways to look at the number of

969

00:48:10,809 --> 00:48:08,299

sightings of apparent pterosaurs one is

970

00:48:13,599 --> 00:48:10,819

just the raw data which is just a number

971

00:48:15,189 --> 00:48:13,609

of sightings you know that I mainly

972

00:48:17,949 --> 00:48:15,199

almost the only person that keeps

973

00:48:20,019 --> 00:48:17,959

statistics on this but that's a raw data

974

00:48:22,989 --> 00:48:20,029

how many and that's California takes

975

00:48:24,909 --> 00:48:22,999

number one easily but then when you get

976
00:48:26,620 --> 00:48:24,919
to the comparison to the human

977
00:48:28,689 --> 00:48:26,630
population like for example how many

978
00:48:31,239 --> 00:48:28,699
sightings for six million inhabitants

979
00:48:34,599 --> 00:48:31,249
that that kind of ratio then Hawaii

980
00:48:36,489 --> 00:48:34,609
jumps out way way ahead it's because it

981
00:48:41,079 --> 00:48:36,499
just doesn't have the population nearly

982
00:48:42,880 --> 00:48:41,089
close to California so now do you think

983
00:48:44,250 --> 00:48:42,890
that because we were talking during the

984
00:48:47,549 --> 00:48:44,260
break

985
00:48:49,859 --> 00:48:47,559
Teena Maria producer was talking about

986
00:48:53,849 --> 00:48:49,869
Jonathan Nolan who was a guest on one of

987
00:48:58,049 --> 00:48:53,859
her shows that was talking about how

988
00:49:01,890 --> 00:48:58,059

some South Pacific Islands had a number

989

00:49:04,829 --> 00:49:01,900

of weather the natives said there said

990

00:49:06,440 --> 00:49:04,839

that you know there were no they do I

991

00:49:10,710 --> 00:49:06,450

don't think they call them Terra Don's

992

00:49:12,089 --> 00:49:10,720

but but Jonathan did you know so is

993

00:49:17,539 --> 00:49:12,099

there something about a tropical

994

00:49:19,410 --> 00:49:17,549

environment that these things seem to

995

00:49:21,750 --> 00:49:19,420

populate

996

00:49:23,730 --> 00:49:21,760

better than others it's a good question

997

00:49:25,349 --> 00:49:23,740

to me I think there's something to be

998

00:49:28,770 --> 00:49:25,359

considered there that the tropical

999

00:49:31,260 --> 00:49:28,780

environment there may be perhaps a

1000

00:49:33,870 --> 00:49:31,270

greater number of these animals there

1001
00:49:35,900 --> 00:49:33,880
than in other parts of the world but we

1002
00:49:38,400 --> 00:49:35,910
need to be aware that some of these

1003
00:49:40,140 --> 00:49:38,410
islands extremely remote a few a few

1004
00:49:43,079 --> 00:49:40,150
people go in there as very few a

1005
00:49:45,599 --> 00:49:43,089
westerner so we don't have a

1006
00:49:47,880 --> 00:49:45,609
preponderance of actual sighting reports

1007
00:49:49,799 --> 00:49:47,890
there may be more the animals but just

1008
00:49:52,799 --> 00:49:49,809
not as many people to report them and

1009
00:49:55,710 --> 00:49:52,809
get them into to the knowledge of my

1010
00:49:57,270 --> 00:49:55,720
associates and I okay well what about

1011
00:49:59,400 --> 00:49:57,280
the what about the sightings of these

1012
00:50:04,200 --> 00:49:59,410
things in in the United States

1013
00:50:07,319 --> 00:50:04,210

especially in areas that aren't really

1014

00:50:10,349 --> 00:50:07,329

known as having a lot of you know say

1015

00:50:16,349 --> 00:50:10,359

like a forest or wild places and things

1016

00:50:18,870 --> 00:50:16,359

like that North Carolina I read an

1017

00:50:21,420 --> 00:50:18,880

article today talking about this woman

1018

00:50:24,299 --> 00:50:21,430

who had three different sightings but

1019

00:50:26,539 --> 00:50:24,309

what she described as a terror Don yeah

1020

00:50:29,670 --> 00:50:26,549

that's a Cynthia Lee I interviewed her

1021

00:50:32,670 --> 00:50:29,680

and telephone by telephone and also by

1022

00:50:34,620 --> 00:50:32,680

emails yeah Cynthia saw a number of them

1023

00:50:36,539 --> 00:50:34,630

over a period of months number of

1024

00:50:38,880 --> 00:50:36,549

sightings she had I believe she's

1025

00:50:40,950 --> 00:50:38,890

credible I think that she actually saw

1026

00:50:43,289 --> 00:50:40,960

what she believes she did that they

1027

00:50:45,780 --> 00:50:43,299

really were and that these particular

1028

00:50:48,569 --> 00:50:45,790

sightings we need to keep it in context

1029

00:50:50,370 --> 00:50:48,579

in the whole country it's easier to name

1030

00:50:53,010 --> 00:50:50,380

off the the states the United States

1031

00:50:54,870 --> 00:50:53,020

that have not had sighting reports sent

1032

00:50:58,200 --> 00:50:54,880

to me compared with those who have

1033

00:51:02,190 --> 00:50:58,210

they're just so common North Carolina is

1034

00:51:04,920 --> 00:51:02,200

one of the higher numbers of raw data

1035

00:51:06,990 --> 00:51:04,930

for sightings and we need to keep in

1036

00:51:09,390 --> 00:51:07,000

mind that North Carolina is I'm not

1037

00:51:12,210 --> 00:51:09,400

mistaken it has more human population

1038

00:51:15,990 --> 00:51:12,220

than average American state but Cynthia

1039

00:51:18,329 --> 00:51:16,000

Lee have recorded them over a period of

1040

00:51:19,650 --> 00:51:18,339

months a number of sightings and we need

1041

00:51:21,599 --> 00:51:19,660

to understand that this is not that

1042

00:51:23,400 --> 00:51:21,609

uncommon when somebody sees what they

1043

00:51:26,370 --> 00:51:23,410

believe is a living pterosaur the common

1044

00:51:29,010 --> 00:51:26,380

reaction and I shouldn't say most common

1045

00:51:31,530 --> 00:51:29,020

but it's it's one of the things that

1046

00:51:34,020 --> 00:51:31,540

happens is that the eyewitness will for

1047

00:51:36,540 --> 00:51:34,030

the rest of their life be looking at the

1048

00:51:38,609 --> 00:51:36,550

skies watching that's a big point they

1049

00:51:40,109 --> 00:51:38,619

will be looking for any time they see

1050

00:51:41,460 --> 00:51:40,119

something similar and sometimes it

1051
00:51:51,839 --> 00:51:41,470
happens they will see I have another

1052
00:51:56,760 --> 00:51:51,849
sighting so and you know try I'm trying

1053
00:51:59,400 --> 00:51:56,770
to wrap my head around this idea that

1054
00:52:03,390 --> 00:51:59,410
here in the United States there could

1055
00:52:04,920 --> 00:52:03,400
actually be large flying reptiles and

1056
00:52:06,270 --> 00:52:04,930
I'm not using the word dinosaur most

1057
00:52:08,070 --> 00:52:06,280
people think that these things are

1058
00:52:10,530 --> 00:52:08,080
dinosaurs but they weren't you know they

1059
00:52:14,370 --> 00:52:10,540
weren't weren't related to dinosaurs and

1060
00:52:21,200 --> 00:52:14,380
they're basically flying reptiles but if

1061
00:52:24,300 --> 00:52:21,210
these things are physically real where

1062
00:52:25,740 --> 00:52:24,310
how come people aren't seeing them all

1063
00:52:28,230 --> 00:52:25,750

the time or you know hitting them with

1064

00:52:32,460 --> 00:52:28,240

their 18-wheelers or you know running

1065

00:52:34,950 --> 00:52:32,470

into or they're running into the sides

1066

00:52:37,020 --> 00:52:34,960

of buildings and things like that well

1067

00:52:39,839 --> 00:52:37,030

actually I do have reports like all of

1068

00:52:40,470 --> 00:52:39,849

those things you mentioned okay okay

1069

00:52:42,990 --> 00:52:40,480

details

1070

00:52:44,880 --> 00:52:43,000

I mean I could tell you about a car

1071

00:52:47,250 --> 00:52:44,890

crash a car flipping over into a field

1072

00:52:49,560 --> 00:52:47,260

because of a sighting and another car

1073

00:52:51,570 --> 00:52:49,570

and the Washington state that crashed

1074

00:52:53,640 --> 00:52:51,580

into a telephone pole if I recall

1075

00:52:55,560 --> 00:52:53,650

because then he just tells the police

1076

00:52:57,359 --> 00:52:55,570

officer it was a pterodactyl that's the

1077

00:52:59,670 --> 00:52:57,369

distraction and then another lady in

1078

00:53:01,680 --> 00:52:59,680

Florida it's in the court records she

1079

00:53:03,060 --> 00:53:01,690

went to court suing she didn't want to

1080

00:53:04,829 --> 00:53:03,070

be fired you know what she said it was a

1081

00:53:08,190 --> 00:53:04,839

pterodactyl because there too may have

1082

00:53:10,380 --> 00:53:08,200

the crash crash the delivery vehicle

1083

00:53:11,160 --> 00:53:10,390

number if it's UPS or something like

1084

00:53:14,600 --> 00:53:11,170

that

1085

00:53:16,530 --> 00:53:14,610

so these these do happen the thing is

1086

00:53:18,690 --> 00:53:16,540

they don't always get into the

1087

00:53:20,160 --> 00:53:18,700

newspapers people always don't donal us

1088

00:53:22,860 --> 00:53:20,170

here about them you know

1089

00:53:24,780 --> 00:53:22,870

well you had one you had one report that

1090

00:53:26,130 --> 00:53:24,790

you talked about in this chapter that

1091

00:53:29,610 --> 00:53:26,140

you did for a book

1092

00:53:31,610 --> 00:53:29,620

Sandra paradise and in Georgia you know

1093

00:53:34,950 --> 00:53:31,620

which seem that seems to be pretty close

1094

00:53:36,180 --> 00:53:34,960

pretty close encounter there what what

1095

00:53:38,790 --> 00:53:36,190

what do you remember about you had a

1096

00:53:40,500 --> 00:53:38,800

conversation with her right yeah so I

1097

00:53:43,590 --> 00:53:40,510

were over a number of years and remember

1098

00:53:45,480 --> 00:53:43,600

the interviews yeah it's very high

1099

00:53:48,030 --> 00:53:45,490

credibility as our link to extremely

1100

00:53:51,000 --> 00:53:48,040

high credibility she had some good views

1101
00:53:53,940 --> 00:53:51,010
the first one absolutely shocked her she

1102
00:53:55,050 --> 00:53:53,950
didn't know what to think and then a few

1103
00:53:57,300 --> 00:53:55,060
weeks and it was early in the morning

1104
00:54:01,080 --> 00:53:57,310
she is driving to work as one of the

1105
00:54:04,800 --> 00:54:01,090
quit assistants is called the winder has

1106
00:54:08,160 --> 00:54:04,810
that time is that Georgia some somewhere

1107
00:54:09,630 --> 00:54:08,170
I think those reminder Georgia but

1108
00:54:11,790 --> 00:54:09,640
anyway it was that part of the country

1109
00:54:14,010 --> 00:54:11,800
and she was driving to work early in the

1110
00:54:16,800 --> 00:54:14,020
morning and she did see this huge

1111
00:54:20,010 --> 00:54:16,810
long-tailed creature with no feathers

1112
00:54:21,900 --> 00:54:20,020
fly right in front of her not very close

1113
00:54:24,390 --> 00:54:21,910

to her but it was close enough that she

1114

00:54:27,570 --> 00:54:24,400

could see where it was and she was just

1115

00:54:29,220 --> 00:54:27,580

shocked and she was always looking for

1116

00:54:31,560 --> 00:54:29,230

it trying to get up at the same time of

1117

00:54:33,930 --> 00:54:31,570

morning early one morning she couldn't

1118

00:54:35,610 --> 00:54:33,940

get up early and so she is thinking I on

1119

00:54:37,950 --> 00:54:35,620

no way I'll see it now because this

1120

00:54:40,080 --> 00:54:37,960

think only comes out it right after

1121

00:54:41,640 --> 00:54:40,090

sunrise well that was a morning we

1122

00:54:44,130 --> 00:54:41,650

actually saw it again but it wasn't the

1123

00:54:47,100 --> 00:54:44,140

same identical animal there was the same

1124

00:54:49,170 --> 00:54:47,110

species this was in a different size so

1125

00:54:54,300 --> 00:54:49,180

she got the idea well apparently there's

1126

00:54:56,760 --> 00:54:54,310

two of them out there now are we are

1127

00:54:58,710 --> 00:54:56,770

these similar to the the the

1128

00:55:01,500 --> 00:54:58,720

Thunderbirds that had been seen over the

1129

00:55:03,600 --> 00:55:01,510

years in fact now I I remember I came

1130

00:55:05,880 --> 00:55:03,610

across the photo that I think we're

1131

00:55:07,890 --> 00:55:05,890

gonna use in the book that that you had

1132

00:55:09,210 --> 00:55:07,900

in your collection that was taken during

1133

00:55:13,710 --> 00:55:09,220

the Civil War

1134

00:55:15,840 --> 00:55:13,720

yes so alright are these things the same

1135

00:55:18,210 --> 00:55:15,850

as the the Thunderbirds are somehow

1136

00:55:19,460 --> 00:55:18,220

related or are they during the same

1137

00:55:22,890 --> 00:55:19,470

periods of time

1138

00:55:24,510 --> 00:55:22,900

well Thunder is a complicated question I

1139

00:55:29,090 --> 00:55:24,520

hope you can deal with the

1140

00:55:31,530 --> 00:55:29,100

get into this Thunderbird is the name of

1141

00:55:35,130 --> 00:55:31,540

legendary flying creature and there I

1142

00:55:38,130 --> 00:55:35,140

don't mean that imply that there's a one

1143

00:55:41,520 --> 00:55:38,140

precise legend for the whole it's just

1144

00:55:43,170 --> 00:55:41,530

going to be complicated there is the

1145

00:55:44,700 --> 00:55:43,180

general idea that there's this large

1146

00:55:47,790 --> 00:55:44,710

flying creature sometimes it's said to

1147

00:55:50,160 --> 00:55:47,800

have feathers sometimes not but we have

1148

00:55:54,080 --> 00:55:50,170

to understand that this is a label it's

1149

00:55:58,080 --> 00:55:54,090

not a really a scientific or technically

1150

00:56:01,050 --> 00:55:58,090

actually a kind of a description it's a

1151

00:56:02,400 --> 00:56:01,060

label and people can use labels for

1152

00:56:04,080 --> 00:56:02,410

different animals actually something

1153

00:56:05,550 --> 00:56:04,090

completely different kind of animal

1154

00:56:07,380 --> 00:56:05,560

could have the same label I think it's

1155

00:56:09,180 --> 00:56:07,390

like that with Jersey Devil sometimes

1156

00:56:11,010 --> 00:56:09,190

there are actually pterosaurs other

1157

00:56:11,390 --> 00:56:11,020

times maybe their people are something

1158

00:56:17,040 --> 00:56:11,400

else

1159

00:56:19,260 --> 00:56:17,050

absolutely there's labels now you also

1160

00:56:21,630 --> 00:56:19,270

have one side we're talking about a

1161

00:56:23,220 --> 00:56:21,640

variety of people who just like UFO

1162

00:56:25,560 --> 00:56:23,230

witnesses here we're not just talking

1163

00:56:27,540 --> 00:56:25,570

about you know the UPS driver that's up

1164

00:56:31,650 --> 00:56:27,550

earlier you know or the teacher that's

1165

00:56:34,080 --> 00:56:31,660

going to work at 6:30 or something you

1166

00:56:38,730 --> 00:56:34,090

have a one incident here that took place

1167

00:56:42,170 --> 00:56:38,740

in Guantanamo Bay in Cuba where a u.s.

1168

00:56:44,790 --> 00:56:42,180

Marine had a had a sighting and went in

1169

00:56:48,650 --> 00:56:44,800

2010 or is that when you spoke to him on

1170

00:56:51,120 --> 00:56:48,660

the phone yeah the sighting itself was

1171

00:56:53,640 --> 00:56:51,130

1971 what yes

1172

00:56:55,950 --> 00:56:53,650

that's concurrent as can see come I

1173

00:56:57,780 --> 00:56:55,960

believe he I interviewed him a number of

1174

00:57:00,810 --> 00:56:57,790

times over telephone we've communicated

1175

00:57:04,650 --> 00:57:00,820

over the years I was very very credible

1176
00:57:06,960 --> 00:57:04,660
sighting he was a US marine at the end

1177
00:57:09,109 --> 00:57:06,970
this in the middle of the year really he

1178
00:57:14,099 --> 00:57:09,119
calls this summer but course down there

1179
00:57:16,230 --> 00:57:14,109
let's assume we're all that diamo Bay

1180
00:57:18,690 --> 00:57:16,240
and he was near the coast and there's

1181
00:57:20,820 --> 00:57:18,700
two of these pterodactyls he gave you

1182
00:57:23,730 --> 00:57:20,830
what he called turn afros good sized

1183
00:57:26,640 --> 00:57:23,740
creatures a good size wingspan sort of

1184
00:57:29,220 --> 00:57:26,650
clearly and he's called a close range in

1185
00:57:32,490 --> 00:57:29,230
other words it wasn't filed far from it

1186
00:57:34,620 --> 00:57:32,500
flew away and he he concentrated to

1187
00:57:36,450 --> 00:57:34,630
remember exactly what they look like

1188
00:57:38,140 --> 00:57:36,460

because he's a talented artist he's one

1189

00:57:39,700 --> 00:57:38,150

of his artists you know

1190

00:57:41,940 --> 00:57:39,710

who can see I think there's a drawing

1191

00:57:45,849 --> 00:57:41,950

that's gonna be in the book that you

1192

00:57:48,460 --> 00:57:45,859

sent that he must have done we expand

1193

00:57:50,799 --> 00:57:48,470

long tail there feel free to use them

1194

00:57:52,450 --> 00:57:50,809

yeah oh yeah yeah we are all right we're

1195

00:57:54,549 --> 00:57:52,460

gonna this is going to be a humdinger of

1196

00:57:58,539 --> 00:57:54,559

a book let me tell you we have we have

1197

00:58:01,059 --> 00:57:58,549

every flying thing known to man and some

1198

00:58:04,510 --> 00:58:01,069

not known to man possibly right now mr.

1199

00:58:07,569 --> 00:58:04,520

kundan has given complete permission to

1200

00:58:09,940 --> 00:58:07,579

use this yes yes well it's it's a

1201
00:58:12,309 --> 00:58:09,950
fascinating story you've done now

1202
00:58:14,440 --> 00:58:12,319
where's your research today ed like

1203
00:58:16,900 --> 00:58:14,450
leading you I mean do you feel that

1204
00:58:19,289 --> 00:58:16,910
you've discovered like when you started

1205
00:58:24,400 --> 00:58:19,299
on this many years ago have you come to

1206
00:58:27,519 --> 00:58:24,410
any conclusions or are there things that

1207
00:58:29,680 --> 00:58:27,529
you that might differ then when you

1208
00:58:36,160 --> 00:58:29,690
first got into this you're 10 your

1209
00:58:37,960 --> 00:58:36,170
opinion or well basically yeah I've come

1210
00:58:39,760 --> 00:58:37,970
to realize that there are more than one

1211
00:58:42,220 --> 00:58:39,770
species there's there's no way that this

1212
00:58:44,650 --> 00:58:42,230
could be one species that the great

1213
00:58:46,120 --> 00:58:44,660

majority of sightings are somewhat

1214

00:58:48,039 --> 00:58:46,130

similar to the rope'n of Papua New

1215

00:58:49,839 --> 00:58:48,049

Guinea different in other words

1216

00:58:51,549 --> 00:58:49,849

different people from difficulties

1217

00:58:53,950 --> 00:58:51,559

different legends different backgrounds

1218

00:58:56,079 --> 00:58:53,960

different languages different different

1219

00:58:58,660 --> 00:58:56,089

cultural backgrounds around the world

1220

00:59:00,579 --> 00:58:58,670

will describe usually something similar

1221

00:59:02,769 --> 00:59:00,589

with the long tails a flange at the end

1222

00:59:05,760 --> 00:59:02,779

of the tail that I think is around for

1223

00:59:08,650 --> 00:59:05,770

an quick flange my associates and I

1224

00:59:11,470 --> 00:59:08,660

basically are agreed on this this is

1225

00:59:13,450 --> 00:59:11,480

very common type of sliding so if I get

1226
00:59:16,480 --> 00:59:13,460
something from Canada British Columbia

1227
00:59:17,529 --> 00:59:16,490
Ontario or whatever it is or up and then

1228
00:59:19,450 --> 00:59:17,539
the further north

1229
00:59:22,210 --> 00:59:19,460
it's not called Providence and provinces

1230
00:59:24,370 --> 00:59:22,220
up there but you know the territories up

1231
00:59:27,010 --> 00:59:24,380
in the occasional get well even though

1232
00:59:30,849 --> 00:59:27,020
far north in Canada but basically the

1233
00:59:36,609 --> 00:59:30,859
usuals report whether from Mexico United

1234
00:59:40,930 --> 00:59:36,619
States from Spain Netherlands Africa

1235
00:59:43,510 --> 00:59:40,940
will be of a featherless lizard like a

1236
00:59:46,210 --> 00:59:43,520
reptilian sort of flying creature no

1237
00:59:48,160 --> 00:59:46,220
feathers long tail and sometimes it has

1238
00:59:50,440 --> 00:59:48,170

a head crest sometimes it doesn't

1239

00:59:51,609 --> 00:59:50,450

sometimes the person can't say but this

1240

00:59:53,799 --> 00:59:51,619

is very very common

1241

00:59:59,229 --> 00:59:53,809

I'll give you a statistic on this yes

1242

01:00:04,239 --> 00:59:59,239

very significant statistic it's at the

1243

01:00:07,870 --> 01:00:04,249

beginning of 2000 year 2013 I made a

1244

01:00:09,549 --> 01:00:07,880

compilation of data 41% of the

1245

01:00:13,239 --> 01:00:09,559

eyewitnesses say that the creature had a

1246

01:00:15,009 --> 01:00:13,249

long tail but only 2% said that it did

1247

01:00:18,180 --> 01:00:15,019

not have a long tail that's about a 20

1248

01:00:21,279 --> 01:00:18,190

to 1 ratio it's just statistically

1249

01:00:23,019 --> 01:00:21,289

significant it's very common for these

1250

01:00:25,420 --> 01:00:23,029

things and that's weird in a sense

1251
01:00:27,579 --> 01:00:25,430
because scientists have assumed that

1252
01:00:31,779 --> 01:00:27,589
that was a kind of terrorist or the

1253
01:00:33,309 --> 01:00:31,789
became extinct before the the ones that

1254
01:00:38,319 --> 01:00:33,319
we were used to from giraffe from

1255
01:00:40,749 --> 01:00:38,329
Jurassic Park movies you know now would

1256
01:00:43,299 --> 01:00:40,759
you say ok Jurassic Park was released in

1257
01:00:46,390 --> 01:00:43,309
what year Jonathan well there's that you

1258
01:00:48,219 --> 01:00:46,400
mean the first movie itself yeah oh let

1259
01:00:51,969 --> 01:00:48,229
me see when was that has been well no

1260
01:00:53,589 --> 01:00:51,979
that was in the late 1990s visitors or

1261
01:00:57,069 --> 01:00:53,599
early twenties

1262
01:00:59,079 --> 01:00:57,079
yeah did you find that there were an

1263
01:01:01,269 --> 01:00:59,089

increase of in reports that you know

1264

01:01:03,249 --> 01:01:01,279

because we've seen that with the UFO

1265

01:01:05,109 --> 01:01:03,259

films over the years the Close

1266

01:01:07,239 --> 01:01:05,119

Encounters will come out and people

1267

01:01:09,190 --> 01:01:07,249

would have well we can't say really

1268

01:01:11,229 --> 01:01:09,200

whether people were having more UFO

1269

01:01:12,789 --> 01:01:11,239

sightings or whether people were just

1270

01:01:15,609 --> 01:01:12,799

more willing to realize that other

1271

01:01:17,680 --> 01:01:15,619

people had you know had similar

1272

01:01:21,029 --> 01:01:17,690

encounters and therefore they didn't

1273

01:01:24,940 --> 01:01:21,039

feel as shy about reporting it to some

1274

01:01:26,950 --> 01:01:24,950

so-called Authority yeah it's a good

1275

01:01:29,170 --> 01:01:26,960

line of questioning here of course we

1276

01:01:31,989 --> 01:01:29,180

need to distinguish between the

1277

01:01:37,120 --> 01:01:31,999

frequency of newspaper accounts and

1278

01:01:39,190 --> 01:01:37,130

media yeah yeah well I get or or I wish

1279

01:01:41,620 --> 01:01:39,200

to direct a contact me and I communicate

1280

01:01:43,329 --> 01:01:41,630

with them directly even though sometimes

1281

01:01:45,130 --> 01:01:43,339

they don't always have a back-and-forth

1282

01:01:46,930 --> 01:01:45,140

communication I do receive that

1283

01:01:49,450 --> 01:01:46,940

eyewitness reports from the eyewitness

1284

01:01:53,370 --> 01:01:49,460

now that's a different thing there's not

1285

01:01:56,769 --> 01:01:53,380

any anything that I can determine that

1286

01:01:58,779 --> 01:01:56,779

that would show any reasonable

1287

01:02:00,969 --> 01:01:58,789

possibility that there's any increase

1288

01:02:03,940 --> 01:02:00,979

when there's a movie come out in the

1289

01:02:04,890 --> 01:02:03,950

fact this the kind of reports we usually

1290

01:02:07,080 --> 01:02:04,900

get they're not even

1291

01:02:08,760 --> 01:02:07,090

the kind of we see in the in the films

1292

01:02:12,090 --> 01:02:08,770

in Jurassic Park there are different

1293

01:02:14,100 --> 01:02:12,100

kind of tourists or their long tail and

1294

01:02:17,480 --> 01:02:14,110

the Jurassic Park is a pterodactyl egg

1295

01:02:21,630 --> 01:02:17,490

which is basically short very short tail

1296

01:02:24,600 --> 01:02:21,640

now do we have in the UFO field we have

1297

01:02:27,780 --> 01:02:24,610

what we call window areas or flap areas

1298

01:02:30,600 --> 01:02:27,790

where these things may materialize over

1299

01:02:32,580 --> 01:02:30,610

a period of time anywhere from a couple

1300

01:02:34,380 --> 01:02:32,590

of weeks suits as six months or a year

1301

01:02:38,520 --> 01:02:34,390

and then maybe disappear and come back

1302

01:02:42,420 --> 01:02:38,530

again are there such criteria in your

1303

01:02:45,840 --> 01:02:42,430

line of research where there are areas

1304

01:02:48,930 --> 01:02:45,850

where there are more sightings and usual

1305

01:02:53,840 --> 01:02:48,940

from different witnesses during a

1306

01:02:56,190 --> 01:02:53,850

certain period of time generally not but

1307

01:02:58,590 --> 01:02:56,200

we need to look into this a little bit

1308

01:03:01,160 --> 01:02:58,600

well as far as I can tell there's no

1309

01:03:03,780 --> 01:03:01,170

particular place at a particular time

1310

01:03:05,670 --> 01:03:03,790

where sightings are generally more

1311

01:03:07,440 --> 01:03:05,680

common other is exceptions you should

1312

01:03:09,690 --> 01:03:07,450

mention there are some exceptions but

1313

01:03:12,510 --> 01:03:09,700

generally that's not the kind of thing

1314

01:03:15,720 --> 01:03:12,520

where we say there's a lot of these

1315

01:03:17,580 --> 01:03:15,730

animals in one particular place mrs.

1316

01:03:19,380 --> 01:03:17,590

Jimmy no that's just I get a negative

1317

01:03:21,360 --> 01:03:19,390

signal from Canada

1318

01:03:27,330 --> 01:03:21,370

another week I'll get a sighting report

1319

01:03:29,520 --> 01:03:27,340

from Indiana or Florida or Texas and

1320

01:03:32,130 --> 01:03:29,530

then and another time I get a report

1321

01:03:35,330 --> 01:03:32,140

from California just I'm different

1322

01:03:37,920 --> 01:03:35,340

different sometimes the reports are not

1323

01:03:40,320 --> 01:03:37,930

that recent sometimes somebody will say

1324

01:03:43,970 --> 01:03:40,330

well I saw one when I was a child you

1325

01:03:46,530 --> 01:03:43,980

know dick you like three years ago okay

1326

01:03:49,020 --> 01:03:46,540

well I was gonna ask you know have you

1327

01:03:51,810 --> 01:03:49,030

ever looked into to see if there there

1328

01:03:55,650 --> 01:03:51,820

could be say like a migration pattern

1329

01:03:58,320 --> 01:03:55,660

going on I know that when there were a

1330

01:04:03,090 --> 01:03:58,330

lot of Thunderbird sightings in Illinois

1331

01:04:05,760 --> 01:04:03,100

and Indiana summer and and and and Texas

1332

01:04:09,300 --> 01:04:05,770

some some researchers you know did a did

1333

01:04:10,710 --> 01:04:09,310

a little math and came up with the idea

1334

01:04:13,350 --> 01:04:10,720

that possibly these things were coming

1335

01:04:17,250 --> 01:04:13,360

up from say like you know Central

1336

01:04:18,270 --> 01:04:17,260

America Mexico on like a migration route

1337

01:04:20,760 --> 01:04:18,280

that then lit up to

1338

01:04:23,820 --> 01:04:20,770

Texas and then on up into the Midwest

1339

01:04:25,230 --> 01:04:23,830

and possibly on up into Canada I have

1340

01:04:26,700 --> 01:04:25,240

you have you ever looked in to see if

1341

01:04:29,670 --> 01:04:26,710

there may be a similar type of pattern

1342

01:04:32,130 --> 01:04:29,680

with these kinds of sightings hole I

1343

01:04:34,220 --> 01:04:32,140

sometimes consider that but we need to

1344

01:04:36,390 --> 01:04:34,230

realize it's far more difficult than

1345

01:04:38,430 --> 01:04:36,400

people expect people have asked me this

1346

01:04:39,800 --> 01:04:38,440

before it's not a not any question that

1347

01:04:42,360 --> 01:04:39,810

they have asked me this over many years

1348

01:04:44,910 --> 01:04:42,370

the problem we have is I'll give you an

1349

01:04:47,580 --> 01:04:44,920

example to see and see how you can get a

1350

01:04:49,320 --> 01:04:47,590

migration out of this and Central

1351

01:04:51,720 --> 01:04:49,330

Arkansas a number of years ago quite a

1352

01:04:53,310 --> 01:04:51,730

few years ago that teenager girl was on

1353

01:04:55,680 --> 01:04:53,320

the top of a cliff overlooking this

1354

01:04:57,750 --> 01:04:55,690

little valley and if this River down

1355

01:04:59,640 --> 01:04:57,760

there and she her farther up there and

1356

01:05:01,260 --> 01:04:59,650

she started talking tossing pebbles over

1357

01:05:04,260 --> 01:05:01,270

the cliff and those teenagers and kids

1358

01:05:05,880 --> 01:05:04,270

do and one of them apparently made an

1359

01:05:08,960 --> 01:05:05,890

impact with something down there because

1360

01:05:11,100 --> 01:05:08,970

any she saw this huge pterodactyl

1361

01:05:13,080 --> 01:05:11,110

gliding out from right before she flew

1362

01:05:15,390 --> 01:05:13,090

the pebble and it just glided out over

1363

01:05:18,690 --> 01:05:15,400

the river there and then took a turn and

1364

01:05:22,170 --> 01:05:18,700

started gliding away if the illustration

1365

01:05:24,360 --> 01:05:22,180

of why these animals sometimes will be

1366

01:05:26,190 --> 01:05:24,370

seen in daylight they're they just are

1367

01:05:28,880 --> 01:05:26,200

disturbed and the flight pattern they

1368

01:05:31,500 --> 01:05:28,890

have when people see in the daylight

1369

01:05:34,290 --> 01:05:31,510

generally has nothing to do with any

1370

01:05:36,930 --> 01:05:34,300

migratory pattern at least not

1371

01:05:39,390 --> 01:05:36,940

consistently so it's and I can give you

1372

01:05:41,400 --> 01:05:39,400

many other examples but it has to do

1373

01:05:43,560 --> 01:05:41,410

what an animal is doing in the area at

1374

01:05:50,360 --> 01:05:43,570

that time rather than traveling from one

1375

01:05:57,300 --> 01:05:54,690

well what about now the Thunderbirds

1376

01:06:01,230 --> 01:05:57,310

have you know a very predominant in

1377

01:06:03,690 --> 01:06:01,240

Native American traditions have you have

1378

01:06:07,610 --> 01:06:03,700

you run across anything similar when it

1379

01:06:10,530 --> 01:06:07,620

comes to flying reptiles I mean any

1380

01:06:13,800 --> 01:06:10,540

Native American or or anyplace else I

1381

01:06:16,860 --> 01:06:13,810

mean I mean we know that they've been

1382

01:06:21,630 --> 01:06:16,870

seen in Papua New Guinea but other

1383

01:06:24,510 --> 01:06:21,640

places the like that here in the US or

1384

01:06:28,710 --> 01:06:24,520

Central America yeah I mean I've run

1385

01:06:33,300 --> 01:06:28,720

into things like that it's not my

1386

01:06:35,640 --> 01:06:33,310

specialty to delve into the legends and

1387

01:06:38,210 --> 01:06:35,650

stories that go back I try to get things

1388

01:06:40,800 --> 01:06:38,220

as recent as possible things that happen

1389

01:06:43,470 --> 01:06:40,810

with eyewitness they're still living so

1390

01:06:46,620 --> 01:06:43,480

on if the challenge we have with legends

1391

01:06:50,430 --> 01:06:46,630

is that we don't know how much they may

1392

01:06:52,980 --> 01:06:50,440

have been influenced by by things that

1393

01:06:54,860 --> 01:06:52,990

might distort what it is like for

1394

01:06:57,300 --> 01:06:54,870

protecta some of the legends of

1395

01:06:59,490 --> 01:06:57,310

Thunderbird may very well be from

1396

01:07:01,470 --> 01:06:59,500

pterosaurs and others may be if a large

1397

01:07:04,020 --> 01:07:01,480

bird because I do get sighting reports

1398

01:07:05,850 --> 01:07:04,030

sometimes in a large Eagle Lake or

1399

01:07:08,130 --> 01:07:05,860

Condor like bird that's larger than a

1400

01:07:09,530 --> 01:07:08,140

normal-sized known to science so it's

1401

01:07:12,720 --> 01:07:09,540

kind of complicated

1402

01:07:17,940 --> 01:07:12,730

well 10 didn't you in your chapter in

1403

01:07:24,420 --> 01:07:17,950

the book weird wing there wonders you

1404

01:07:27,030 --> 01:07:24,430

have a an art that's on a on the wall in

1405

01:07:29,160 --> 01:07:27,040

what is Missouri along the Missouri

1406

01:07:36,090 --> 01:07:29,170

River the Mississippi River yeah the

1407

01:07:38,550 --> 01:07:36,100

yeah yeah the the Piazza which another

1408

01:07:40,110 --> 01:07:38,560

chapter but I didn't do that that's very

1409

01:07:43,290 --> 01:07:40,120

interesting about the price of bird

1410

01:07:45,330 --> 01:07:43,300

because it's there is some indication

1411

01:07:47,430 --> 01:07:45,340

from what I understand it could have

1412

01:07:49,740 --> 01:07:47,440

been from originally from a large

1413

01:07:51,720 --> 01:07:49,750

pterosaur we have certain legends and

1414

01:07:53,730 --> 01:07:51,730

certain stories that go back for so many

1415

01:07:56,660 --> 01:07:53,740

generations hundreds of years that have

1416

01:08:02,910 --> 01:07:56,670

certain similarities the pie saw bird

1417

01:08:04,950 --> 01:08:02,920

another report from Venezuela I believe

1418

01:08:06,540 --> 01:08:04,960

it was from generations ago the natives

1419

01:08:08,070 --> 01:08:06,550

I tell you that one if you like that the

1420

01:08:10,950 --> 01:08:08,080

natives had a similar legend where

1421

01:08:13,140 --> 01:08:10,960

there's this huge flying creature that

1422

01:08:15,540 --> 01:08:13,150

just bat like and it can it carries off

1423

01:08:18,690 --> 01:08:15,550

people kills them to eat some and then

1424

01:08:20,789 --> 01:08:18,700

one time it it was seen after eating a

1425

01:08:22,740 --> 01:08:20,799

person that seen defecating in the river

1426

01:08:24,300 --> 01:08:22,750

and they named the river after they

1427

01:08:25,980 --> 01:08:24,310

never drink from the water that river to

1428

01:08:29,789 --> 01:08:25,990

this day and they named the river that

1429

01:08:31,800 --> 01:08:29,799

means that they're about to feces of the

1430

01:08:34,440 --> 01:08:31,810

but so they don't they

1431

01:08:36,000 --> 01:08:34,450

drink from that River even to the day

1432

01:08:41,940 --> 01:08:36,010

because of what happened with that

1433

01:08:43,650 --> 01:08:41,950

defecation oh yeah I wouldn't who knows

1434

01:08:54,900 --> 01:08:43,660

you might you might be every day that

1435

01:08:56,370 --> 01:08:54,910

even know it we only really have yeah we

1436

01:08:58,890 --> 01:08:56,380

only have about a minute and a half we

1437

01:09:01,020 --> 01:08:58,900

have to go to our break here but yeah

1438

01:09:03,900 --> 01:09:01,030

any sightings I here in the United

1439

01:09:05,640 --> 01:09:03,910

States of these things glow in the

1440

01:09:07,770 --> 01:09:05,650

glowing in the dark like they're open

1441

01:09:10,170 --> 01:09:07,780

yes and some of the sightings are in

1442

01:09:13,520 --> 01:09:10,180

California even Los Angeles look I can

1443

01:09:16,590 --> 01:09:13,530

hear even Los Angeles itself this is not

1444

01:09:20,820 --> 01:09:16,600

just out in remote areas and remote to

1445

01:09:22,320 --> 01:09:20,830

wilderness or forest areas some of these

1446

01:09:25,290 --> 01:09:22,330

animals can come right into Raleigh

1447

01:09:28,730 --> 01:09:25,300

North Carolina it's just we need to keep

1448

01:09:32,070 --> 01:09:28,740

our eyes open and watch them so them are

1449

01:09:35,490 --> 01:09:32,080

definitely as far as you can tell they

1450

01:09:36,870 --> 01:09:35,500

are bioluminescent yeah hmm that's

1451

01:09:39,090 --> 01:09:36,880

interesting and they could tell that

1452

01:09:40,530 --> 01:09:39,100

this is you know a creature glowing in

1453

01:09:44,700 --> 01:09:40,540

the dark and not some kind of you know

1454

01:09:46,110 --> 01:09:44,710

aircraft yeah right there there's a when

1455

01:09:47,670 --> 01:09:46,120

they can see the wings and see the

1456

01:09:50,849 --> 01:09:47,680

flapping of the wings at the same time

1457

01:09:53,730 --> 01:09:50,859

it's you know it's not a do the way do

1458

01:09:59,130 --> 01:09:53,740

the wings makes that a sound sometimes

1459

01:10:01,670 --> 01:09:59,140

we get alright let's go to our break

1460

01:10:04,170 --> 01:10:01,680

here and we'll be right back for more

1461

01:10:07,520 --> 01:10:04,180

exploring the bizarre so please stay

1462

01:10:10,130 --> 01:10:07,530

tuned now back to exploring the bizarre

1463

01:10:13,260 --> 01:10:10,140

with two of the most electrifying

1464

01:10:20,670 --> 01:10:13,270

researchers in the Paranoid your hosts

1465

01:10:25,590 --> 01:10:20,680

Timothy Becca Lee and Kings Wars and

1466

01:10:28,590 --> 01:10:25,600

Harry owed him at the last segment of

1467

01:10:31,320 --> 01:10:28,600

the program and I mean just did such a

1468

01:10:33,660 --> 01:10:31,330

fantastic fantastic show just all kinds

1469

01:10:36,270 --> 01:10:33,670

of interesting things that we've learned

1470

01:10:40,260 --> 01:10:36,280

and so I better shut up and let our

1471

01:10:42,660 --> 01:10:40,270

guests have the floor again but I do

1472

01:10:48,030 --> 01:10:42,670

want to acknowledge we got a question

1473

01:10:50,400 --> 01:10:48,040

from Jamie and Jamie wanted to know have

1474

01:10:52,520 --> 01:10:50,410

the guys looked into the Thunderbirds

1475

01:10:55,860 --> 01:10:52,530

that have appeared in the Bridgeport

1476

01:10:59,730 --> 01:10:55,870

Triangle area in Massachusetts and

1477

01:11:02,390 --> 01:10:59,740

neither neither Hercules or a Jonathan

1478

01:11:06,180 --> 01:11:02,400

are familiar with those cases however

1479

01:11:08,790 --> 01:11:06,190

you may want to tune in next week Jamie

1480

01:11:12,150 --> 01:11:08,800

because we're going to have Stan Gordon

1481

01:11:16,380 --> 01:11:12,160

and Paul you know on and I know that

1482

01:11:19,260 --> 01:11:16,390

Paul has done some work looking into the

1483

01:11:21,390 --> 01:11:19,270

Bridgeport Triangle area so come back

1484

01:11:24,660 --> 01:11:21,400

next week and we ask your question and

1485

01:11:27,630 --> 01:11:24,670

hopefully we can get a get an answer for

1486

01:11:29,940 --> 01:11:27,640

you so let's continue this Hercules

1487

01:11:32,790 --> 01:11:29,950

during the break you were you were

1488

01:11:35,510 --> 01:11:32,800

saying that you actually have talked to

1489

01:11:37,910 --> 01:11:35,520

people yourself who have had a

1490

01:11:41,220 --> 01:11:37,920

pterodactyl and pterosaur sightings oh

1491

01:11:44,010 --> 01:11:41,230

yes I'm an explorer of mysteries as a

1492

01:11:46,290 --> 01:11:44,020

real and I loved exploring misters

1493

01:11:49,260 --> 01:11:46,300

locally wherever my locally happens to

1494

01:11:51,780 --> 01:11:49,270

be at the time and there were several

1495

01:11:53,040 --> 01:11:51,790

times where I yeah and encountered other

1496

01:11:56,240 --> 01:11:53,050

people were pretty much doing the same

1497

01:11:59,190 --> 01:11:56,250

thing we would have conversations and

1498

01:12:03,570 --> 01:11:59,200

pterosaur flying reptile pterodactyl

1499

01:12:05,160 --> 01:12:03,580

sightings are not as uncommon as most

1500

01:12:07,800 --> 01:12:05,170

people might think which is what

1501

01:12:09,990 --> 01:12:07,810

Jonathan was saying and I remember one

1502

01:12:13,350 --> 01:12:10,000

particularly was on top of a mountain in

1503

01:12:16,500 --> 01:12:13,360

New York and somebody was telling me

1504

01:12:17,280 --> 01:12:16,510

that a flying reptile pooped on their

1505

01:12:20,790 --> 01:12:17,290

windshield

1506

01:12:22,200 --> 01:12:20,800

yeah and that they gathered this up and

1507

01:12:25,800 --> 01:12:22,210

took it to a nearby lab

1508

01:12:30,959 --> 01:12:25,810

but of course as is often the case these

1509

01:12:33,330 --> 01:12:30,969

tales the lab lost it and that I

1510

01:12:34,950 --> 01:12:33,340

remember very vividly because no one

1511

01:12:37,830 --> 01:12:34,960

else had reported anything similar to

1512

01:12:41,850 --> 01:12:37,840

that but I agree with Jonathan the

1513

01:12:43,290 --> 01:12:41,860

winged reptiles is much more common I've

1514

01:12:45,840 --> 01:12:43,300

heard more stories of winged reptiles

1515

01:12:49,410 --> 01:12:45,850

and a half of mermaid sightings or even

1516

01:12:54,330 --> 01:12:49,420

UFO sightings in some areas I would

1517

01:13:02,640 --> 01:12:54,340

think though that the the feces from a

1518

01:13:06,240 --> 01:13:02,650

flying reptile that would be a lot like

1519

01:13:08,250 --> 01:13:06,250

a little like little pigeon poop and he

1520

01:13:11,150 --> 01:13:08,260

was really distraught by this because he

1521

01:13:14,820 --> 01:13:11,160

thought he now had proof positive that

1522

01:13:18,830 --> 01:13:14,830

something like this existed and he was

1523

01:13:22,410 --> 01:13:18,840

really devastated and flung many

1524

01:13:24,750 --> 01:13:22,420

colorful vituperative words to fit the

1525

01:13:26,220 --> 01:13:24,760

lab or what he was telling me still well

1526

01:13:29,130 --> 01:13:26,230

know how many times though we heard this

1527

01:13:32,310 --> 01:13:29,140

story though I mean when it comes to say

1528

01:13:35,459 --> 01:13:32,320

interesting photographs or videos of

1529

01:13:38,010 --> 01:13:35,469

whatever UFOs Bigfoot other types of you

1530

01:13:40,890 --> 01:13:38,020

know cryptid creatures you know you you

1531

01:13:43,470 --> 01:13:40,900

you get like fecal samples hair samples

1532

01:13:44,660 --> 01:13:43,480

you know anything interesting and I've

1533

01:13:49,350 --> 01:13:44,670

heard this story time and time again

1534

01:13:52,229 --> 01:13:49,360

where it disappears they lose it you

1535

01:13:54,000 --> 01:13:52,239

know something unexpected happens and

1536

01:13:57,780 --> 01:13:54,010

you know you just basically left with

1537

01:14:02,940 --> 01:13:57,790

the shoulders being shrugged and people

1538

01:14:06,090 --> 01:14:02,950

saying yeah sure well yeah exactly I'm

1539

01:14:09,330 --> 01:14:06,100

actually in the process of launching a

1540

01:14:11,990 --> 01:14:09,340

new investigation and it's in the

1541

01:14:15,180 --> 01:14:12,000

Greater New York metropolitan area and

1542

01:14:18,870 --> 01:14:15,190

I'm exploring it through the direction

1543

01:14:21,540 --> 01:14:18,880

of neo Theosophical legendary know there

1544

01:14:23,670 --> 01:14:21,550

are winged beings and beings of light

1545

01:14:28,800 --> 01:14:23,680

occasionally reported in the Greater New

1546

01:14:33,000 --> 01:14:28,810

York metropolitan area and in these neo

1547

01:14:35,819 --> 01:14:33,010

Theosophical tales a remnant of Atlantis

1548

01:14:38,729 --> 01:14:35,829

remains in the etheric plane above

1549

01:14:40,919 --> 01:14:38,739

hatten there's a temple of the earth out

1550

01:14:43,589 --> 01:14:40,929

near Long Island and here in Tenafly

1551

01:14:46,949 --> 01:14:43,599

I've been exploring that for a burden

1552

01:14:51,419 --> 01:14:46,959

County certain anomalies that also seem

1553

01:14:55,379 --> 01:14:51,429

to point to Atlantis so one of the I

1554

01:14:59,509 --> 01:14:55,389

guess goals of this project is to

1555

01:15:02,579 --> 01:14:59,519

contact these beings that people keep

1556

01:15:04,919 --> 01:15:02,589

experiencing so get anywhere else in the

1557

01:15:06,629 --> 01:15:04,929

Greater New York area and wants to

1558

01:15:09,060 --> 01:15:06,639

participate in that I'd love to have

1559

01:15:10,500 --> 01:15:09,070

them alright give me a description of

1560

01:15:11,750 --> 01:15:10,510

these these beans that people are

1561

01:15:14,849 --> 01:15:11,760

describing

1562

01:15:16,799 --> 01:15:14,859

they've been described as angels they've

1563

01:15:19,079 --> 01:15:16,809

been described as aliens if this

1564

01:15:21,239 --> 01:15:19,089

describe this glowing beings and

1565

01:15:25,349 --> 01:15:21,249

depending on what the person's belief

1566

01:15:26,699 --> 01:15:25,359

system is that's the type of description

1567

01:15:32,339 --> 01:15:26,709

that you get but they seem to be fairly

1568

01:15:35,849 --> 01:15:32,349

common they seem to show concern towards

1569

01:15:38,339 --> 01:15:35,859

individual people and that's why they're

1570

01:15:40,949 --> 01:15:38,349

often described as angels but they seems

1571

01:15:42,509 --> 01:15:40,959

that's something a greater in mind now

1572

01:15:45,810 --> 01:15:42,519

according to the New Atheists optical

1573

01:15:48,810 --> 01:15:45,820

legends the temple that is in the

1574

01:15:51,239 --> 01:15:48,820

etheric over New York City is one of the

1575

01:15:53,579 --> 01:15:51,249

solar hierarchies and it's dedicated to

1576

01:15:57,359 --> 01:15:53,589

the well-being and the evolution of

1577

01:16:00,209 --> 01:15:57,369

humanity so this investigation may prove

1578

01:16:02,040 --> 01:16:00,219

to be nothing but that's how I'm

1579

01:16:05,369 --> 01:16:02,050

approaching it because again of my

1580

01:16:08,399 --> 01:16:05,379

mythical perspective and my own

1581

01:16:09,869 --> 01:16:08,409

worldview but so far it's been pretty

1582

01:16:13,049 --> 01:16:09,879

exciting the types of stories that

1583

01:16:16,020 --> 01:16:13,059

people have been telling me and they are

1584

01:16:17,969 --> 01:16:16,030

excited locally to be looking into

1585

01:16:21,419 --> 01:16:17,979

Atlantis so I people meeting in the

1586

01:16:24,629 --> 01:16:21,429

library right now once a month where

1587

01:16:25,409 --> 01:16:24,639

we're working on this actively so the

1588

01:16:29,189 --> 01:16:25,419

more the merrier

1589

01:16:33,000 --> 01:16:29,199

I don't know about Manhattan but I mean

1590

01:16:35,339 --> 01:16:33,010

I know that Long Island has been house

1591

01:16:37,049 --> 01:16:35,349

for seems like forever as long as

1592

01:16:40,109 --> 01:16:37,059

there's been people there I mean there's

1593

01:16:42,779 --> 01:16:40,119

been all kinds of interesting weird

1594

01:16:45,869 --> 01:16:42,789

activity going

1595

01:16:47,010 --> 01:16:45,879

you know John keel when he was looking

1596

01:16:48,840 --> 01:16:47,020

into stuff like

1597

01:16:52,410 --> 01:16:48,850

that especially like around you know

1598

01:16:55,730 --> 01:16:52,420

what 66-67 I mean there's all kinds of

1599

01:16:59,640 --> 01:16:55,740

UFO activity and men and black and

1600

01:17:06,570 --> 01:16:59,650

glowing aliens and around the mystery

1601
01:17:09,330 --> 01:17:06,580
area and so I could see where and I and

1602
01:17:11,760 --> 01:17:09,340
I think now that I'm now that I'm

1603
01:17:14,040 --> 01:17:11,770
talking about this Hercules you know it

1604
01:17:20,490 --> 01:17:14,050
seems to me that there were people also

1605
01:17:24,930 --> 01:17:20,500
talking about running into glowing beans

1606
01:17:27,420 --> 01:17:24,940
who claim to be associated with Atlantis

1607
01:17:30,330 --> 01:17:27,430
and you know like lost antediluvian in

1608
01:17:31,980 --> 01:17:30,340
civilizations Oh also if you have

1609
01:17:36,000 --> 01:17:31,990
information and that I would I would

1610
01:17:39,000 --> 01:17:36,010
love to read it and digest it and

1611
01:17:41,070 --> 01:17:39,010
included in what we're doing some of the

1612
01:17:44,100 --> 01:17:41,080
people have been framing them according

1613
01:17:47,640 --> 01:17:44,110

to the like ascended masters are calling

1614

01:17:50,250 --> 01:17:47,650

them mm-hmm and I've a long background

1615

01:17:52,680 --> 01:17:50,260

with that line of inquiry so I asked

1616

01:17:55,950 --> 01:17:52,690

Munich a very well with these people in

1617

01:17:58,670 --> 01:17:55,960

their perspectives and others because of

1618

01:18:02,190 --> 01:17:58,680

their backgrounds are very much into the

1619

01:18:05,310 --> 01:18:02,200

angels or the Saints but what's being

1620

01:18:08,550 --> 01:18:05,320

described is the same thing so if you

1621

01:18:12,770 --> 01:18:08,560

kill a part yeah use Occam's razor to

1622

01:18:18,480 --> 01:18:12,780

see what's there it's a bunch of caring

1623

01:18:21,300 --> 01:18:18,490

cosmic or light beings who often again

1624

01:18:24,570 --> 01:18:21,310

have those association with Atlantis or

1625

01:18:26,670 --> 01:18:24,580

antiquity I had a personal experience

1626

01:18:30,090 --> 01:18:26,680

like that here when I was investigating

1627

01:18:32,850 --> 01:18:30,100

things in Templar when I was a kid and I

1628

01:18:35,340 --> 01:18:32,860

didn't know what they were but there was

1629

01:18:36,870 --> 01:18:35,350

I was working on a book at the time the

1630

01:18:40,920 --> 01:18:36,880

book never came to pass

1631

01:18:42,570 --> 01:18:40,930

but my publisher prentice-hall send me

1632

01:18:45,150 --> 01:18:42,580

there because it sends other people

1633

01:18:47,700 --> 01:18:45,160

there and there was a stone in this

1634

01:18:50,280 --> 01:18:47,710

wooded area that would disorient you

1635

01:18:52,440 --> 01:18:50,290

whenever you went near it and that's

1636

01:18:54,420 --> 01:18:52,450

what other people had reported when they

1637

01:18:56,190 --> 01:18:54,430

had gone there so as part of the

1638

01:18:59,370 --> 01:18:56,200

disorientation I entered like a

1639

01:19:00,540 --> 01:18:59,380

hypnagogic state and I saw these people

1640

01:19:02,430 --> 01:19:00,550

dressed

1641

01:19:06,180 --> 01:19:02,440

very strangely and they were burying

1642

01:19:08,250 --> 01:19:06,190

some Scrolls or something and that

1643

01:19:09,780 --> 01:19:08,260

stayed with me because I could never put

1644

01:19:11,270 --> 01:19:09,790

it into focus but now when I started

1645

01:19:14,940 --> 01:19:11,280

investigating this all of a sudden that

1646

01:19:18,780 --> 01:19:14,950

experience shed some light on my current

1647

01:19:21,330 --> 01:19:18,790

enquiries so I found other people with

1648

01:19:24,480 --> 01:19:21,340

very similar types of experiences so I

1649

01:19:27,210 --> 01:19:24,490

again I don't know what this will bring

1650

01:19:29,220 --> 01:19:27,220

forth or where will go but it's an

1651

01:19:33,270 --> 01:19:29,230

exciting adventure to beyond and I thank

1652

01:19:36,900 --> 01:19:33,280

you for sharing that information I will

1653

01:19:40,170 --> 01:19:36,910

I will go through my massive amount of

1654

01:19:44,340 --> 01:19:40,180

files and books and try to locate some

1655

01:19:47,610 --> 01:19:44,350

of that information because my memory my

1656

01:19:50,730 --> 01:19:47,620

memory works but exactly where that

1657

01:19:52,920 --> 01:19:50,740

stuff is in my file that'll that'll take

1658

01:19:59,880 --> 01:19:52,930

a little work digging that stuff out

1659

01:20:03,870 --> 01:19:59,890

there oh yes that's right Jonathan I

1660

01:20:06,720 --> 01:20:03,880

wanted to ask you now when Hercules was

1661

01:20:12,870 --> 01:20:06,730

talking about this guy you you know who

1662

01:20:18,510 --> 01:20:12,880

had the the pterodactyl dump on his car

1663

01:20:20,730 --> 01:20:18,520

have you read across reports of people

1664

01:20:23,460 --> 01:20:20,740

getting you know some kind of samples

1665

01:20:26,010 --> 01:20:23,470

similar to that skit or or skin samples

1666

01:20:29,880 --> 01:20:26,020

or or whatever some kind of physical

1667

01:20:32,250 --> 01:20:29,890

evidence yes I I almost had something

1668

01:20:35,540 --> 01:20:32,260

like that myself but it turned out to be

1669

01:20:37,680 --> 01:20:35,550

a possum poop unfortunately but it was

1670

01:20:39,240 --> 01:20:37,690

it was a good try you know it's worth

1671

01:20:42,240 --> 01:20:39,250

worth an effort it was in Lakewood

1672

01:20:45,840 --> 01:20:42,250

California the sighting was right

1673

01:20:48,120 --> 01:20:45,850

deciding itself of this dragon turd

1674

01:20:49,590 --> 01:20:48,130

apples for the lady called it was just

1675

01:20:52,440 --> 01:20:49,600

right over her head Friday I'm

1676

01:20:55,050 --> 01:20:52,450

approached on it for mining and it flew

1677

01:20:56,880 --> 01:20:55,060

off and it's right next to a storm

1678

01:20:59,640 --> 01:20:56,890

channel which is very significant in the

1679

01:21:01,580 --> 01:20:59,650

Los Angeles area Southern California and

1680

01:21:05,430 --> 01:21:01,590

for these sightings take place often

1681

01:21:07,380 --> 01:21:05,440

close to or over a storm channel of the

1682

01:21:10,530 --> 01:21:07,390

Los Angeles River this particular one

1683

01:21:11,120 --> 01:21:10,540

there was some feces on the ground that

1684

01:21:13,609 --> 01:21:11,130

was

1685

01:21:16,279 --> 01:21:13,619

not exactly underneath for the animal

1686

01:21:18,379 --> 01:21:16,289

purse but is close enough that I decided

1687

01:21:20,180 --> 01:21:18,389

to take it in and have it analyzed by a

1688

01:21:23,029 --> 01:21:20,190

veterinarian and it turned out probably

1689

01:21:26,870 --> 01:21:23,039

it was possible and somebody had seen a

1690

01:21:28,879 --> 01:21:26,880

pilot an autocross mr. raccoon actually

1691

01:21:30,919 --> 01:21:28,889

is a rat too and I think and somebody

1692

01:21:36,080 --> 01:21:30,929

has seen a raccoon in the area if I

1693

01:21:40,700 --> 01:21:36,090

recall now we had we had talked a little

1694

01:21:47,859 --> 01:21:40,710

bit earlier about these things glowing

1695

01:21:51,140 --> 01:21:47,869

in the dark and I my assumption from

1696

01:21:55,390 --> 01:21:51,150

reading your articles and and and books

1697

01:22:00,229 --> 01:21:55,400

is that these things are probably

1698

01:22:01,700 --> 01:22:00,239

nocturnal yes no statistically if you

1699

01:22:03,620 --> 01:22:01,710

want me to go through is - yes please

1700

01:22:07,250 --> 01:22:03,630

yes please please go ahead okay give you

1701
01:22:11,620 --> 01:22:07,260
an example on the 128 sightings in the

1702
01:22:14,419 --> 01:22:11,630
compilation of early 2013 that year that

1703
01:22:16,459 --> 01:22:14,429
those who say positively there was a day

1704
01:22:18,500 --> 01:22:16,469
time in other words just not in Twilight

1705
01:22:21,830 --> 01:22:18,510
it was definitely a daytime sighting

1706
01:22:24,529 --> 01:22:21,840
that was 38% those who are positive

1707
01:22:27,439 --> 01:22:24,539
about a nighttime sighting not Twilight

1708
01:22:30,229 --> 01:22:27,449
that might actually in nighttime was 23%

1709
01:22:33,470 --> 01:22:30,239
which seems like well it's about 23 is a

1710
01:22:37,430 --> 01:22:33,480
lot less than 38 but if you notice that

1711
01:22:39,859 --> 01:22:37,440
23% is human observers and people don't

1712
01:22:41,450 --> 01:22:39,869
see well in the dark really and if we

1713
01:22:45,290 --> 01:22:41,460

and somebody if somebody in Los Angeles

1714

01:22:46,879 --> 01:22:45,300

you know sees a a dragon flying over the

1715

01:22:49,939 --> 01:22:46,889

Los Angeles River at nighttime who's

1716

01:22:53,450 --> 01:22:49,949

going to believe them it's just it's a

1717

01:22:55,810 --> 01:22:53,460

difficult situation but the 23% is

1718

01:22:58,700 --> 01:22:55,820

extremely significant when we consider

1719

01:23:00,740 --> 01:22:58,710

that people really can't see hardly at

1720

01:23:04,000 --> 01:23:00,750

all at night could be a very poor night

1721

01:23:06,350 --> 01:23:04,010

vision we're not anything like Howells

1722

01:23:11,979 --> 01:23:06,360

well and it makes me it makes me think

1723

01:23:17,210 --> 01:23:11,989

also if at least one group of these

1724

01:23:21,770 --> 01:23:17,220

animals do exhibit by illuminance

1725

01:23:24,470 --> 01:23:21,780

whether or not some of these what people

1726

01:23:25,910 --> 01:23:24,480

report is as UFO sightings but really

1727

01:23:29,660 --> 01:23:25,920

they're directly more than glowing and

1728

01:23:34,030 --> 01:23:29,670

glowing orbs at night that you know

1729

01:23:37,970 --> 01:23:34,040

hover around trees or fly at a fairly

1730

01:23:41,930 --> 01:23:37,980

low level if possibly they may not be

1731

01:23:45,770 --> 01:23:41,940

seen something living rather than a

1732

01:23:49,400 --> 01:23:45,780

mechanical craft of some kind only that

1733

01:23:53,240 --> 01:23:49,410

that they might be seen something living

1734

01:23:57,380 --> 01:23:53,250

because often the glowing orbs or the

1735

01:23:58,550 --> 01:23:57,390

discs behave in ways that seem to

1736

01:24:00,820 --> 01:23:58,560

indicate that you're dealing with a

1737

01:24:02,450 --> 01:24:00,830

living creature rather than a vehicle

1738

01:24:06,830 --> 01:24:02,460

yeah it's true

1739

01:24:10,340 --> 01:24:06,840

yeah and and I believe also that they

1740

01:24:11,680 --> 01:24:10,350

they might not be totally solid as we

1741

01:24:13,850 --> 01:24:11,690

understand the term

1742

01:24:16,400 --> 01:24:13,860

because they're often accompanied by

1743

01:24:19,940 --> 01:24:16,410

psychological effects and they can

1744

01:24:23,840 --> 01:24:19,950

appear and disappear rather quickly and

1745

01:24:26,390 --> 01:24:23,850

they can communicate through their

1746

01:24:28,880 --> 01:24:26,400

inhabitants and the inhabitants are

1747

01:24:32,240 --> 01:24:28,890

pretty standard and seem to correspond

1748

01:24:35,180 --> 01:24:32,250

to parts of our brain as well like have

1749

01:24:38,479 --> 01:24:35,190

the reptilians you have the fetal type

1750

01:24:43,250 --> 01:24:38,489

of aliens you have the human looking

1751
01:24:46,520 --> 01:24:43,260
type of aliens and the experiences that

1752
01:24:48,440 --> 01:24:46,530
take place with the inhabitants don't

1753
01:24:51,410 --> 01:24:48,450
seem to take place in waking

1754
01:24:55,100 --> 01:24:51,420
consciousness totally they have features

1755
01:25:01,070 --> 01:24:55,110
that indicate other states mm-hmm so I

1756
01:25:04,850 --> 01:25:01,080
believe personally that whatever it is

1757
01:25:07,940 --> 01:25:04,860
that is happening it's not a dream it's

1758
01:25:10,729 --> 01:25:07,950
not a hallucination it's an altered

1759
01:25:15,380 --> 01:25:10,739
state experiences we commonly understand

1760
01:25:16,910 --> 01:25:15,390
the term but it happens in portions of

1761
01:25:21,080 --> 01:25:16,920
our brain

1762
01:25:24,709 --> 01:25:21,090
that translate into very solid

1763
01:25:26,479 --> 01:25:24,719

experiences and the only time I told

1764

01:25:28,610 --> 01:25:26,489

with my brain all the time it done so so

1765

01:25:31,280 --> 01:25:28,620

you kid the only hundred count the

1766

01:25:34,700 --> 01:25:31,290

things that vivid is in the hypnagogic

1767

01:25:37,340 --> 01:25:34,710

and hypnopompic which seem more real

1768

01:25:42,220 --> 01:25:37,350

than the reality or what we call reality

1769

01:25:46,100 --> 01:25:42,230

and waking consciousness mm-hmm so I

1770

01:25:48,320 --> 01:25:46,110

don't I I can also say I don't know what

1771

01:25:49,820 --> 01:25:48,330

it is that I've been experiencing but

1772

01:25:52,040 --> 01:25:49,830

the fact I've been experiencing

1773

01:25:55,490 --> 01:25:52,050

something that sometimes it appears in a

1774

01:25:57,740 --> 01:25:55,500

variety of forms that's something I

1775

01:26:00,080 --> 01:25:57,750

become more more convinced of as I move

1776

01:26:02,150 --> 01:26:00,090

through life but it's very it's very

1777

01:26:05,350 --> 01:26:02,160

tricky it's very slippery and I found

1778

01:26:07,660 --> 01:26:05,360

that it can it will appear in ways that

1779

01:26:11,360 --> 01:26:07,670

appeal to you

1780

01:26:13,880 --> 01:26:11,370

so to Jonathan it might be pterodactyls

1781

01:26:17,450 --> 01:26:13,890

and and that Tara doc will communicate

1782

01:26:20,500 --> 01:26:17,460

something and because they shift reality

1783

01:26:25,240 --> 01:26:20,510

from our physical beta brainwave

1784

01:26:28,580 --> 01:26:25,250

perceptions to other brainwave patterns

1785

01:26:30,729 --> 01:26:28,590

they sometimes show these non-solid type

1786

01:26:37,010 --> 01:26:30,739

of characteristics or these paranormal

1787

01:26:39,500 --> 01:26:37,020

characteristics but they always make us

1788

01:26:41,330 --> 01:26:39,510

question the reality we find ourselves

1789

01:26:44,180 --> 01:26:41,340

in the cultural programming we find

1790

01:26:46,580 --> 01:26:44,190

ourselves in and they did to me they

1791

01:26:49,880 --> 01:26:46,590

seem to call to break through that

1792

01:26:53,140 --> 01:26:49,890

conditioning and maybe she reality in a

1793

01:26:56,300 --> 01:26:53,150

in a grander way mm-hmm

1794

01:26:59,810 --> 01:26:56,310

this is a this is outside of what I

1795

01:27:01,669 --> 01:26:59,820

usually study um what I get involved

1796

01:27:03,500 --> 01:27:01,679

with is just deciding of course that

1797

01:27:05,360 --> 01:27:03,510

look like there are no animals like for

1798

01:27:08,620 --> 01:27:05,370

example when you have two or more eye

1799

01:27:11,570 --> 01:27:08,630

witnesses which is about half the cases

1800

01:27:13,939 --> 01:27:11,580

you have two bases and they describe the

1801

01:27:15,800 --> 01:27:13,949

same thing it's not likely from some

1802

01:27:17,750 --> 01:27:15,810

type of thing in the brain is something

1803

01:27:19,310 --> 01:27:17,760

that's probably they did they both saw

1804

01:27:21,140 --> 01:27:19,320

the same kind of animal because they

1805

01:27:23,260 --> 01:27:21,150

described it the same way and they saw

1806

01:27:26,600 --> 01:27:23,270

it at the same time in the same place so

1807

01:27:29,150 --> 01:27:26,610

what I what I specialize is it is the

1808

01:27:29,919 --> 01:27:29,160

sighting suit that indicators kind of

1809

01:27:33,219 --> 01:27:29,929

point

1810

01:27:36,250 --> 01:27:33,229

the the object being a real living

1811

01:27:39,040 --> 01:27:36,260

animal and that's that is a very

1812

01:27:41,709 --> 01:27:39,050

important perspective and I never rule

1813

01:27:43,659 --> 01:27:41,719

anything out but what I was thinking

1814

01:27:44,919 --> 01:27:43,669

when you were saying that was Fatima the

1815

01:27:48,339 --> 01:27:44,929

miracle is Fatima

1816

01:27:51,729 --> 01:27:48,349

yes why lots of people were there and

1817

01:27:53,500 --> 01:27:51,739

some people experienced something while

1818

01:27:55,569 --> 01:27:53,510

others were standing right up and did

1819

01:27:57,159 --> 01:27:55,579

not and many of the people who were

1820

01:28:00,339 --> 01:27:57,169

experiencing things even though they

1821

01:28:01,750 --> 01:28:00,349

weren't physically connected with each

1822

01:28:05,620 --> 01:28:01,760

other or communicating with each other

1823

01:28:09,219 --> 01:28:05,630

experienced the same thing so again I

1824

01:28:10,479 --> 01:28:09,229

don't have any answers but but the fact

1825

01:28:12,909 --> 01:28:10,489

that something like that could happen

1826

01:28:14,589 --> 01:28:12,919

and it would have hundreds if not

1827

01:28:16,719 --> 01:28:14,599

thousands of people agreeing that they

1828

01:28:19,359 --> 01:28:16,729

saw the same thing were other people

1829

01:28:24,909 --> 01:28:19,369

standing right next to them also great

1830

01:28:27,159 --> 01:28:24,919

numbers saw nothing what I start

1831

01:28:28,479 --> 01:28:27,169

thinking of this maybe our explanations

1832

01:28:30,219 --> 01:28:28,489

are inadequate and maybe your

1833

01:28:31,629 --> 01:28:30,229

understanding of realities and

1834

01:28:33,549 --> 01:28:31,639

inadequate so I don't doubt the

1835

01:28:36,459 --> 01:28:33,559

pteroctyls have physical existence

1836

01:28:39,009 --> 01:28:36,469

I've I've spoken to many people and they

1837

01:28:41,350 --> 01:28:39,019

came across as not trying to

1838

01:28:44,529 --> 01:28:41,360

sensationalize what they had experienced

1839

01:28:47,080 --> 01:28:44,539

what to share of something real and

1840

01:28:49,929 --> 01:28:47,090

their conviction and all the legends

1841

01:28:56,350 --> 01:28:49,939

that you pointed out I'm just again just

1842

01:28:58,179 --> 01:28:56,360

throwing it out there that maybe these

1843

01:29:00,939 --> 01:28:58,189

are invitations to break through our

1844

01:29:04,169 --> 01:29:00,949

patterns and find a reality where they

1845

01:29:06,129 --> 01:29:04,179

can exist rather than trying to

1846

01:29:11,699 --> 01:29:06,139

understand them in terms of what we

1847

01:29:15,100 --> 01:29:11,709

currently consider real well I know that

1848

01:29:18,640 --> 01:29:15,110

some cases where people have talked to

1849

01:29:22,179 --> 01:29:18,650

me about sightings along these veins you

1850

01:29:25,319 --> 01:29:22,189

know when it either you know flying

1851

01:29:28,569 --> 01:29:25,329

flying unusual flying creatures or

1852

01:29:32,879 --> 01:29:28,579

cryptid creature such as Bigfoot

1853

01:29:38,109 --> 01:29:32,889

a lot of times they will say to me that

1854

01:29:40,050 --> 01:29:38,119

before the sighting occurred they had an

1855

01:29:42,810 --> 01:29:40,060

unusual feeling and

1856

01:29:45,270 --> 01:29:42,820

I hear that so many times people will

1857

01:29:47,400 --> 01:29:45,280

say that all of a sudden say like the

1858

01:29:50,370 --> 01:29:47,410

hair in the back of my neck stood up or

1859

01:29:53,700 --> 01:29:50,380

I had the feeling I was being watched or

1860

01:29:56,660 --> 01:29:53,710

I just something did not feel right and

1861

01:29:59,460 --> 01:29:56,670

they'll turn around or look up and

1862

01:30:03,450 --> 01:29:59,470

whatever it is will then fly by or walk

1863

01:30:05,070 --> 01:30:03,460

by or whatever so you know what about

1864

01:30:08,010 --> 01:30:05,080

you Jonathan I mean I have people

1865

01:30:11,550 --> 01:30:08,020

reported something like that to you with

1866

01:30:13,650 --> 01:30:11,560

the cases that you studied well it's

1867

01:30:16,470 --> 01:30:13,660

definitely not common I've heard of that

1868

01:30:19,170 --> 01:30:16,480

same situation but it seems to be from

1869

01:30:21,930 --> 01:30:19,180

my limited experience more common with

1870

01:30:24,540 --> 01:30:21,940

the Bigfoot sightings with the sightings

1871

01:30:27,240 --> 01:30:24,550

of pterosaurs it's very rare for someone

1872

01:30:30,030 --> 01:30:27,250

to mention anything that like been that

1873

01:30:32,880 --> 01:30:30,040

nature of the premonition or a feeling

1874

01:30:34,410 --> 01:30:32,890

like something's around it's usually

1875

01:30:36,420 --> 01:30:34,420

just a shock that something flies

1876

01:30:39,270 --> 01:30:36,430

overhead and they realize it's not a

1877

01:30:41,460 --> 01:30:39,280

bird you know this but I understand that

1878

01:30:44,180 --> 01:30:41,470

there are some types of encounters with

1879

01:30:46,710 --> 01:30:44,190

other things that where there is a

1880

01:30:50,310 --> 01:30:46,720

something spiritual involved where some

1881

01:30:53,090 --> 01:30:50,320

people have some kind of a extra sense

1882

01:30:56,490 --> 01:30:53,100

about the situation it just doesn't have

1883

01:30:59,520 --> 01:30:56,500

pterosaur sightings do you do you get a

1884

01:31:04,130 --> 01:30:59,530

lot of times Jonathan I would think that

1885

01:31:06,390 --> 01:31:04,140

most people would be reluctant to really

1886

01:31:08,580 --> 01:31:06,400

report or talk about a sighting like

1887

01:31:09,930 --> 01:31:08,590

that I mean you know it's it's really

1888

01:31:12,750 --> 01:31:09,940

anymore it's one thing you know to

1889

01:31:15,900 --> 01:31:12,760

report a UFO sighting but to see

1890

01:31:17,750 --> 01:31:15,910

something like that I think most people

1891

01:31:20,820 --> 01:31:17,760

would like I would just forget about it

1892

01:31:23,550 --> 01:31:20,830

yes in fact that's extremely common that

1893

01:31:26,010 --> 01:31:23,560

I would say there's at least a thousand

1894

01:31:28,530 --> 01:31:26,020

people who who don't report anything to

1895

01:31:30,630 --> 01:31:28,540

me or my associates a thousand times

1896

01:31:33,870 --> 01:31:30,640

more than the reports you get I mean if

1897

01:31:35,880 --> 01:31:33,880

I get report from a one report from a

1898

01:31:37,800 --> 01:31:35,890

state I haven't yet gotten one from

1899

01:31:40,890 --> 01:31:37,810

Colorado but just as an example let's

1900

01:31:44,450 --> 01:31:40,900

say if next week somebody in Colorado

1901

01:31:47,970 --> 01:31:44,460

said sends me a sighting report I'm

1902

01:31:50,430 --> 01:31:47,980

pretty certain that and of all the

1903

01:31:52,740 --> 01:31:50,440

people that have ever visited Colorado

1904

01:31:53,489 --> 01:31:52,750

in the last few decades there's over a

1905

01:31:56,040 --> 01:31:53,499

thousand

1906

01:31:58,739 --> 01:31:56,050

of sightings and there was if you have

1907

01:32:01,169 --> 01:31:58,749

to signing reports in one state there's

1908

01:32:04,259 --> 01:32:01,179

over 2,000 sightings there it's just

1909

01:32:06,509 --> 01:32:04,269

that people don't want to think about it

1910

01:32:08,459 --> 01:32:06,519

they're generally Americans and other

1911

01:32:11,100 --> 01:32:08,469

Westerners they want to forget about it

1912

01:32:14,700 --> 01:32:11,110

say oh no it can't be what I thought it

1913

01:32:16,169 --> 01:32:14,710

was and I can I get this from people who

1914

01:32:18,089 --> 01:32:16,179

report to me that they they've heard

1915

01:32:19,790 --> 01:32:18,099

somebody else that had a similar

1916

01:32:23,700 --> 01:32:19,800

sighting

1917

01:32:25,200 --> 01:32:23,710

excuse me and so they they tell me this

1918

01:32:27,209 --> 01:32:25,210

is very common now I get a lot of these

1919

01:32:30,479 --> 01:32:27,219

say they know somebody else's had a

1920

01:32:31,979 --> 01:32:30,489

sighting and you know Hercules has a

1921

01:32:33,839 --> 01:32:31,989

number of people he knows that has this

1922

01:32:35,489 --> 01:32:33,849

kind of sighting but that indicates that

1923

01:32:37,080 --> 01:32:35,499

there's a lot of people that just don't

1924

01:32:39,089 --> 01:32:37,090

report it

1925

01:32:40,620 --> 01:32:39,099

all right well gentlemen we only have

1926

01:32:44,399 --> 01:32:40,630

about three minutes left in the program

1927

01:32:47,969 --> 01:32:44,409

so I want to give you both the chance to

1928

01:32:49,620 --> 01:32:47,979

let our audience know where they can

1929

01:32:52,709 --> 01:32:49,630

find out more about you you books

1930

01:32:53,660 --> 01:32:52,719

websites things like that so Jonathan go

1931

01:32:56,459 --> 01:32:53,670

right ahead

1932

01:32:58,469 --> 01:32:56,469

yeah pterosaur is difficult to spell

1933

01:33:01,890 --> 01:32:58,479

flying dinosaur with my last name

1934

01:33:04,529 --> 01:33:01,900

Whitcomb whi TCO MBE oh you'll get me on

1935

01:33:07,229 --> 01:33:04,539

Google I have over a thousand web pages

1936

01:33:10,319 --> 01:33:07,239

of blog posts on these incredible flying

1937

01:33:12,839 --> 01:33:10,329

creatures but generally pterosaur is

1938

01:33:16,200 --> 01:33:12,849

hard to spell Pterodactylus also the PT

1939

01:33:18,330 --> 01:33:16,210

and all the silent P but you know just

1940

01:33:21,390 --> 01:33:18,340

look up flying dinosaur or pterodactyl

1941

01:33:25,169 --> 01:33:21,400

if you can spell it and and my name quit

1942

01:33:28,020 --> 01:33:25,179

come and the your books can they be

1943

01:33:30,629 --> 01:33:28,030

found on Amazon places like that Amazon

1944

01:33:33,299 --> 01:33:30,639

and other major booksellers yeah and now

1945

01:33:36,000 --> 01:33:33,309

you can get it for my name yeah alright

1946

01:33:38,689 --> 01:33:36,010

fantastic and any upcoming appearances

1947

01:33:41,129 --> 01:33:38,699

1948

01:33:43,890 --> 01:33:41,139

1949

01:33:46,020 --> 01:33:43,900

statistics there we'll have some more

1950

01:33:48,270 --> 01:33:46,030

sightings and so I'm gonna be getting

1951

01:33:51,629 --> 01:33:48,280
