

# EXPLORING THE BIZARRE

**STEPHEN SINDONI**

**JASON JARRELL**

**TIM BECKLEY**

**TIM SWARTZ**

1  
00:00:37,470 --> 00:00:21,840

[Music]

2  
00:00:44,420 --> 00:00:41,970

explore the bazaars our or e-ticket ride

3  
00:00:47,730 --> 00:00:44,430

into the world of the paranormal

4  
00:00:52,040 --> 00:00:47,740

strap yourself in as we traverse the

5  
00:00:55,130 --> 00:00:52,050

universe exploring the unexplained UFO s

6  
00:00:57,510 --> 00:00:55,140

ghosts Lost Worlds

7  
00:01:01,380 --> 00:00:57,520

cryptozoology waters as well as other

8  
00:01:06,510 --> 00:01:01,390

dimensions it's time to take back the

9  
00:01:09,630 --> 00:01:06,520

night now your electrifying hosts of

10  
00:01:17,190 --> 00:01:09,640

exploring the bizarre Timothy Begley and

11  
00:01:20,420 --> 00:01:17,200

team sports and it's another Thursday

12  
00:01:22,910 --> 00:01:20,430

night on ke cor and you are listening to

13  
00:01:26,100 --> 00:01:22,920

exploring the bizarre I'm Tim Schwartz

14

00:01:29,969 --> 00:01:26,110

hopefully Tim Beckley will be with us in

15

00:01:31,950 --> 00:01:29,979

a in a little while so unfortunately

16

00:01:33,900 --> 00:01:31,960

you're not gonna hear get to hear our

17

00:01:38,340 --> 00:01:33,910

little monologue that that would usually

18

00:01:40,650 --> 00:01:38,350

like to do every Thursday night or maybe

19

00:01:43,139 --> 00:01:40,660

that's a blessing for some people I

20

00:01:46,440 --> 00:01:43,149

don't know so instead we'll just get

21

00:01:49,190 --> 00:01:46,450

right into our our program because we

22

00:01:50,669 --> 00:01:49,200

have got some some really fantastic

23

00:01:53,400 --> 00:01:50,679

guests tonight

24

00:01:56,900 --> 00:01:53,410

we're going to talk about a number of

25

00:02:01,859 --> 00:01:56,910

different things from the Philadelphia

26  
00:02:06,150 --> 00:02:01,869  
experiments to ancient Giants to

27  
00:02:08,580 --> 00:02:06,160  
hopefully maybe even get into the the

28  
00:02:11,580 --> 00:02:08,590  
Smokey God and Mount Shasta and the and

29  
00:02:13,860 --> 00:02:11,590  
the Inner Earth so let me just go right

30  
00:02:17,309 --> 00:02:13,870  
to it here and introduced our guest

31  
00:02:20,430 --> 00:02:17,319  
tonight first of all we have Steffensen

32  
00:02:22,800 --> 00:02:20,440  
Dhoni Stephan is a researcher author

33  
00:02:26,040 --> 00:02:22,810  
filmmaker and from an early age he was

34  
00:02:27,600 --> 00:02:26,050  
an avid reader and spent much of his

35  
00:02:30,390 --> 00:02:27,610  
time learning about American history

36  
00:02:32,460 --> 00:02:30,400  
ancient civilizations religions and

37  
00:02:34,470 --> 00:02:32,470  
Greek mythology in his quest to uncover

38  
00:02:36,780 --> 00:02:34,480

ancient truths he came to the

39

00:02:39,480 --> 00:02:36,790

realization that he was an old soul

40

00:02:41,790 --> 00:02:39,490

living in a new embodiment these are

41

00:02:44,070 --> 00:02:41,800

just there are those who claim to

42

00:02:46,229 --> 00:02:44,080

predict the future and Stephan has been

43

00:02:48,780 --> 00:02:46,239

given the ability to see into the past

44

00:02:51,059 --> 00:02:48,790

present and the future by the guidance

45

00:02:53,640 --> 00:02:51,069

of the fifth dimension his

46

00:02:56,759 --> 00:02:53,650

worked includes the following Sidoti

47

00:02:59,280 --> 00:02:56,769

says I am I said the planet x-factor

48

00:03:02,550 --> 00:02:59,290

trailer-park temp agency

49

00:03:05,970 --> 00:03:02,560

The Legend of JC Brown and his ebook

50

00:03:10,080 --> 00:03:05,980

below the radar now also with this

51  
00:03:12,720 --> 00:03:10,090  
tonight is Jason Jarrell and I think a

52  
00:03:15,589 --> 00:03:12,730  
Jason your wife Sarah farmer I hope

53  
00:03:18,149 --> 00:03:15,599  
she'll be with us tonight as well now

54  
00:03:25,289 --> 00:03:18,159  
Jason and Sarah farmer investigative

55  
00:03:28,190 --> 00:03:25,299  
historians and I'm gonna have trouble

56  
00:03:34,770 --> 00:03:28,200  
pronouncing this Jason was that a

57  
00:03:36,750 --> 00:03:34,780  
vocational archaeologist yes they they

58  
00:03:38,970 --> 00:03:36,760  
study many subjects including depth

59  
00:03:41,699 --> 00:03:38,980  
psychology biblical history is political

60  
00:03:43,800 --> 00:03:41,709  
science and comparative mythology now

61  
00:03:46,409 --> 00:03:43,810  
Jason is presented at conferences on

62  
00:03:47,970 --> 00:03:46,419  
ancient mysteries and appeared on the

63  
00:03:50,159 --> 00:03:47,980

show ancient aliens

64

00:03:53,000 --> 00:03:50,169

Jason Sara of also co-written articles

65

00:03:56,490 --> 00:03:53,010

published by alternative perceptions

66

00:04:00,210 --> 00:03:56,500

ancient origins Road ruins and ancient

67

00:04:03,899 --> 00:04:00,220

American magazine and they are the

68

00:04:06,599 --> 00:04:03,909

authors of the book ages of the Giants a

69

00:04:09,599 --> 00:04:06,609

book utilizing genuine archaeological

70

00:04:13,770 --> 00:04:09,609

reports and the records of American and

71

00:04:15,839 --> 00:04:13,780

to antiquarians along the numerous

72

00:04:18,210 --> 00:04:15,849

historical chronicles and press accounts

73

00:04:21,050 --> 00:04:18,220

to document the true history of a

74

00:04:23,629 --> 00:04:21,060

distinct sub population of large

75

00:04:26,010 --> 00:04:23,639

powerfully built individuals of

76

00:04:27,600 --> 00:04:26,020

extraordinary Heights who inhabited

77

00:04:31,219 --> 00:04:27,610

ancient north america for thousands of

78

00:04:33,240 --> 00:04:31,229

years we call them giants so Jason and

79

00:04:35,810 --> 00:04:33,250

Stefan thank you very much for being

80

00:04:40,560 --> 00:04:35,820

with us tonight on exploring the bazaar

81

00:04:42,659 --> 00:04:40,570

thank you for having me all right Stefan

82

00:04:44,700 --> 00:04:42,669

why don't we let you go first because I

83

00:04:47,709 --> 00:04:44,710

know that

84

00:04:50,200 --> 00:04:47,719

you would like to start the show off

85

00:04:53,579 --> 00:04:50,210

talking about the Philadelphia

86

00:04:56,230 --> 00:04:53,589

Experiment now and as you well know I

87

00:04:58,449 --> 00:04:56,240

will start talking about giants because

88

00:04:59,829 --> 00:04:58,459

I think that will make it more

89

00:05:01,959 --> 00:04:59,839

entertaining so I'm gonna start with

90

00:05:05,379 --> 00:05:01,969

Giants I hate the Philadelphia if I can

91

00:05:08,230 --> 00:05:05,389

go for I'd say allied you know both the

92

00:05:10,449 --> 00:05:08,240

Philadelphia Experiment and Giants in

93

00:05:11,889 --> 00:05:10,459

earth mysteries we love all those

94

00:05:15,129 --> 00:05:11,899

subjects so go right ahead

95

00:05:16,779 --> 00:05:15,139

well the past the past is tied to the

96

00:05:18,670 --> 00:05:16,789

president and the president is tied to

97

00:05:19,839 --> 00:05:18,680

the future it's all one so we will start

98

00:05:21,969 --> 00:05:19,849

with the past because if we can

99

00:05:23,829 --> 00:05:21,979

understand the past and we'll see where

100

00:05:26,799 --> 00:05:23,839

we're going I'll start by telling the

101  
00:05:28,809 --> 00:05:26,809  
listeners my name is Stefan Abrahamson

102  
00:05:31,899 --> 00:05:28,819  
donee I grew up in Williamsburg Brooklyn

103  
00:05:33,850 --> 00:05:31,909  
and which is in New York City in

104  
00:05:36,219 --> 00:05:33,860  
Brooklyn my mother was a Portuguese Jew

105  
00:05:38,889 --> 00:05:36,229  
who family migrated through England to

106  
00:05:40,779 --> 00:05:38,899  
Scotland my father's Italian and my

107  
00:05:43,449 --> 00:05:40,789  
grandmother of the time descent was born

108  
00:05:45,699 --> 00:05:43,459  
in Rome but the town called for me about

109  
00:05:48,100 --> 00:05:45,709  
90 miles from Rome my grandfather was

110  
00:05:50,139 --> 00:05:48,110  
from Sicily a place called Milan so you

111  
00:05:51,759 --> 00:05:50,149  
know Messina now my grandparents they

112  
00:05:53,559 --> 00:05:51,769  
didn't speak very much English so I had

113  
00:05:55,449 --> 00:05:53,569

to learn Italian to converse with them

114

00:05:57,189 --> 00:05:55,459

and it was pretty difficult for someone

115

00:06:00,339 --> 00:05:57,199

you know who's first language wasn't

116

00:06:02,889 --> 00:06:00,349

Italian but I grew up a Roman Catholic

117

00:06:04,719 --> 00:06:02,899

and my father he wasn't religious at all

118

00:06:06,759 --> 00:06:04,729

there's a point to this story my mother

119

00:06:09,249 --> 00:06:06,769

who taught me scripture from the Old

120

00:06:11,649 --> 00:06:09,259

Testament and and later the King James

121

00:06:14,139 --> 00:06:11,659

Version of the Christian Bible told me a

122

00:06:16,600 --> 00:06:14,149

lot of things about the Bible which my

123

00:06:18,369 --> 00:06:16,610

biggest interest of it was stories about

124

00:06:20,649 --> 00:06:18,379

giants in the Old Testament there were

125

00:06:22,540 --> 00:06:20,659

at least eighty times in the Old

126

00:06:24,999 --> 00:06:22,550

Testament the Giants were mentioned so

127

00:06:26,649 --> 00:06:25,009

this piqued my interest one of the

128

00:06:29,100 --> 00:06:26,659

earliest mention of giants could be

129

00:06:31,600 --> 00:06:29,110

found in the book of Genesis chapter 14

130

00:06:34,299 --> 00:06:31,610

the people will call the amorite sign

131

00:06:36,670 --> 00:06:34,309

ever ranging in height from 6 foot to 30

132

00:06:38,889 --> 00:06:36,680

feet in height that's pretty tall for

133

00:06:40,899 --> 00:06:38,899

giants in those days the Giants was said

134

00:06:42,790 --> 00:06:40,909

to be descendants of the biblical Noah

135

00:06:46,299 --> 00:06:42,800

of the flood coming through his

136

00:06:50,980 --> 00:06:46,309

grandsons lineage Canaan and this can be

137

00:06:52,899 --> 00:06:50,990

found in Genesis 10 verse 15 or 16 the

138

00:06:54,459 --> 00:06:52,909

an Hakeem is probably something people

139

00:06:56,309 --> 00:06:54,469

are familiar with hearing they were

140

00:06:58,239 --> 00:06:56,319

perhaps the best-known of the Giants

141

00:07:00,099 --> 00:06:58,249

dwelling the land of Canaan

142

00:07:03,639 --> 00:07:00,109

at the time of Exodus and this can be

143

00:07:05,049 --> 00:07:03,649

found in numbers 1333 and I promised

144

00:07:06,849 --> 00:07:05,059

this because I want anyone listening to

145

00:07:09,039 --> 00:07:06,859

be able to see that you know I covered

146

00:07:10,389 --> 00:07:09,049

things with facts because when you talk

147

00:07:11,799 --> 00:07:10,399

about religious things you want to be

148

00:07:13,479 --> 00:07:11,809

right because a lot of things people

149

00:07:15,579 --> 00:07:13,489

want to believe blindly saw

150

00:07:17,379 --> 00:07:15,589

I can't believe blindly I have to walk a

151

00:07:20,679 --> 00:07:17,389

fine line when it comes to fact and

152

00:07:22,149 --> 00:07:20,689

fiction the anti the amorite the Anakin

153

00:07:23,859 --> 00:07:22,159

and in netherland which is another one

154

00:07:26,289 --> 00:07:23,869

people might have heard one we'll all

155

00:07:27,849 --> 00:07:26,299

describe this Giants in the Bible the

156

00:07:30,159 --> 00:07:27,859

most renowned giant of all I can

157

00:07:32,229 --> 00:07:30,169

remember reading about was Goliath a

158

00:07:35,769 --> 00:07:32,239

Philistine that was slain by David

159

00:07:37,929 --> 00:07:35,779

collide was said to have stood 9 feet 9

160

00:07:40,539 --> 00:07:37,939

inches tall it was a big dude that we're

161

00:07:42,189 --> 00:07:40,549

talking about as I researched the Old

162

00:07:44,939 --> 00:07:42,199

Testament even more I found stories

163

00:07:49,539 --> 00:07:44,949

about the Giants in the book of Samuel

164

00:07:51,789 --> 00:07:49,549

chapter 16 verse 18 Samuel chapter 21

165

00:07:55,209 --> 00:07:51,799

verse 15 to 22 and even in chronicles

166

00:07:57,879 --> 00:07:55,219

chapter xxi 48 but after reading about

167

00:07:59,409 --> 00:07:57,889

the many accounts of giants and their

168

00:08:02,109 --> 00:07:59,419

interaction with the people in those

169

00:08:04,959 --> 00:08:02,119

times I was more than curious about the

170

00:08:07,379 --> 00:08:04,969

origin of man one of the questions I had

171

00:08:09,789 --> 00:08:07,389

was where did these giants come from

172

00:08:12,249 --> 00:08:09,799

another follow-up question I had was

173

00:08:14,919 --> 00:08:12,259

were these Giants business from another

174

00:08:17,289 --> 00:08:14,929

planet could the Giants be aliens and

175

00:08:21,329 --> 00:08:17,299

how many biblical accounts can be

176

00:08:24,309 --> 00:08:21,339

interpreted as UFOs or alien visitations

177

00:08:27,519 --> 00:08:24,319

the answer was pretty interesting I came

178

00:08:29,739 --> 00:08:27,529

up with there were 10 accounts of aliens

179

00:08:33,009 --> 00:08:29,749

do you of all accounts we had Jacob's

180

00:08:36,490 --> 00:08:33,019

Ladder the lines of Genesis the Exodus

181

00:08:39,309 --> 00:08:36,500

the ascension of Elijah the angels of

182

00:08:41,110 --> 00:08:39,319

Sodom and Gomorrha the sons of God which

183

00:08:43,719 --> 00:08:41,120

were the line of Seth and their

184

00:08:46,299 --> 00:08:43,729

interaction with humans Zachariah and

185

00:08:48,790 --> 00:08:46,309

the flying scrolls which was a UFO

186

00:08:52,150 --> 00:08:48,800

sighting parting of the Red Sea a

187

00:08:55,449 --> 00:08:52,160

phenomenal event Ezekiel's wheel which

188

00:08:57,910 --> 00:08:55,459

was the pictures of UFO and the birth of

189

00:09:01,240 --> 00:08:57,920

Christ where there were wise men who

190

00:09:02,679 --> 00:09:01,250

were guided by a light I pretty much was

191

00:09:06,249 --> 00:09:02,689

convinced that the Bible was the

192

00:09:08,410 --> 00:09:06,259

greatest alien story ever written we

193

00:09:10,689 --> 00:09:08,420

would have to be naive to believe that

194

00:09:11,199 --> 00:09:10,699

we are the only intelligent life in the

195

00:09:13,840 --> 00:09:11,209

universe

196

00:09:17,829 --> 00:09:13,850

and so some of my earliest memories as a

197

00:09:20,859 --> 00:09:17,839

child were going to a movie here to

198

00:09:23,739 --> 00:09:20,869

watch Saturday's triple futures movies

199

00:09:26,350 --> 00:09:23,749

for example Gulliver's Travels Jack and

200

00:09:29,199 --> 00:09:26,360

the Beanstalk and Hercules and all the

201  
00:09:31,809 --> 00:09:29,209  
movies that I was influenced by were all

202  
00:09:34,090 --> 00:09:31,819  
about giants which I found kind of

203  
00:09:38,499 --> 00:09:34,100  
interesting some of my earliest memories

204  
00:09:41,230 --> 00:09:38,509  
of child were that it was around that

205  
00:09:44,379 --> 00:09:41,240  
time I discovered a camcorder a Kodak

206  
00:09:45,910 --> 00:09:44,389  
camera and a 33 millimeter projector and

207  
00:09:48,009 --> 00:09:45,920  
I was about 12 years old I was

208  
00:09:50,739 --> 00:09:48,019  
determined to become a cinematographer

209  
00:09:53,139 --> 00:09:50,749  
and create my own documentaries to add

210  
00:09:54,850 --> 00:09:53,149  
to the great discovery I had all of the

211  
00:09:58,239 --> 00:09:54,860  
manuals for each of the electronic

212  
00:10:01,059 --> 00:09:58,249  
devices I would RTM the acronym for read

213  
00:10:03,579 --> 00:10:01,069

the manual and teach myself singers and

214

00:10:07,049 --> 00:10:03,589

cinematography which became one of my

215

00:10:10,269 --> 00:10:07,059

greatest passions and so I did that

216

00:10:12,429 --> 00:10:10,279

little did I know that years later I

217

00:10:14,199 --> 00:10:12,439

would take a job in Florida for a large

218

00:10:16,929 --> 00:10:14,209

electronics retailer and become a video

219

00:10:18,819 --> 00:10:16,939

sales counselor and my area of expertise

220

00:10:21,489 --> 00:10:18,829

would become camcorders television and

221

00:10:23,470 --> 00:10:21,499

video products it was a perfect job as

222

00:10:26,410 --> 00:10:23,480

someone who had a natural attraction to

223

00:10:28,449 --> 00:10:26,420

multimedia in a couple of short years I

224

00:10:30,850 --> 00:10:28,459

was producing television commercials and

225

00:10:33,189 --> 00:10:30,860

then later using my creative ability to

226

00:10:35,470 --> 00:10:33,199

create YouTube videos and creating

227

00:10:39,009 --> 00:10:35,480

personal websites moving the story along

228

00:10:41,289 --> 00:10:39,019

in 2007 I was on the internet looking

229

00:10:43,569 --> 00:10:41,299

for ideas for a screenplay that I had

230

00:10:46,269 --> 00:10:43,579

planned to write when they came across a

231

00:10:48,039 --> 00:10:46,279

book written by Emily a frank many of

232

00:10:50,259 --> 00:10:48,049

the stories in this book featured Mount

233

00:10:51,850 --> 00:10:50,269

Shasta but those of you who are

234

00:10:53,619 --> 00:10:51,860

unfamiliar with Mount Shasta it is

235

00:10:56,650 --> 00:10:53,629

located in Northern California just

236

00:11:00,100 --> 00:10:56,660

north of ruddy California ISM Mound that

237

00:11:01,840 --> 00:11:00,110

is over 14,000 feet high after reading

238

00:11:04,539 --> 00:11:01,850

The Legend of Jesse Brown I was

239

00:11:06,400 --> 00:11:04,549

magnetized by the legend I then spent

240

00:11:08,710 --> 00:11:06,410

three to six weeks in New York Public

241

00:11:10,539 --> 00:11:08,720

Library trying to run down the clues

242

00:11:12,939 --> 00:11:10,549

that I read in the book to solve the

243

00:11:15,039 --> 00:11:12,949

legend and I had a hunch that proved

244

00:11:17,650 --> 00:11:15,049

correct I was able to discover the true

245

00:11:20,530 --> 00:11:17,660

identity of the man of the legend and I

246

00:11:22,569 --> 00:11:20,540

figured out how it all came to be but it

247

00:11:24,770 --> 00:11:22,579

was as well Jim I had first-hand

248

00:11:29,620 --> 00:11:24,780

knowledge of the life of JC Brown

249

00:11:31,910 --> 00:11:29,630

alias john benjamin body mm-hmm-hmm

250

00:11:34,670 --> 00:11:31,920

continue continue I'm fascinated by this

251

00:11:38,960 --> 00:11:34,680

well I spent three months following the

252

00:11:42,050 --> 00:11:38,970

clues in a new public library and I and

253

00:11:45,230 --> 00:11:42,060

then I came a bull's-eye came across for

254

00:11:48,410 --> 00:11:45,240

the chorus sings the Lord Cowdray and I

255

00:11:50,510 --> 00:11:48,420

go hmm he really wasn't more casual his

256

00:11:54,050 --> 00:11:50,520

real name was for Wheaton and Pearson he

257

00:11:57,710 --> 00:11:54,060

was knighted in 1917 but in the legend

258

00:11:59,420 --> 00:11:57,720

that I read it said that you know he was

259

00:12:02,210 --> 00:11:59,430

more countering no mention of so wheat

260

00:12:04,250 --> 00:12:02,220

my Pearson's eye contact did the

261

00:12:07,460 --> 00:12:04,260

Stockton Police matter of fact this was

262

00:12:09,710 --> 00:12:07,470

in January actually it was April of 2008

263

00:12:12,650 --> 00:12:09,720

now and I contacted the Stockton Police

264

00:12:14,660 --> 00:12:12,660

Department and tell em I I could solve

265

00:12:19,580 --> 00:12:14,670

the missing-persons report because in

266

00:12:22,400 --> 00:12:19,590

1934 JC Brown is John Benjamin body came

267

00:12:25,370 --> 00:12:22,410

to Stockton California claimed that he

268

00:12:26,870 --> 00:12:25,380

had found a mysterious cave opening up

269

00:12:29,270 --> 00:12:26,880

in the Cascade Mountain Range we

270

00:12:32,060 --> 00:12:29,280

discovered 27 skeletons six and a half

271

00:12:33,829 --> 00:12:32,070

to ten feet tall and he wanted to enlist

272

00:12:35,990 --> 00:12:33,839

people to come up to it with him up to

273

00:12:39,020 --> 00:12:36,000

the Shasta area to be able to dig out

274

00:12:41,210 --> 00:12:39,030

the remains of some of these findings

275

00:12:42,980 --> 00:12:41,220

and then these people would get rich

276

00:12:44,660 --> 00:12:42,990

because of it and he would keep the

277

00:12:48,710 --> 00:12:44,670

monies that he found in one cave that

278

00:12:49,850 --> 00:12:48,720

were adjusted in a troll that appeared

279

00:12:51,410 --> 00:12:49,860

to be the king and queen of this

280

00:12:55,520 --> 00:12:51,420

civilization which he believes to be

281

00:12:58,720 --> 00:12:55,530

Lemurian so on the morning of June 19th

282

00:13:01,820 --> 00:12:58,730

of 1934 80 people waited in vain

283

00:13:03,650 --> 00:13:01,830

JC Brown to show up to take them off on

284

00:13:05,990 --> 00:13:03,660

this expedition and the police were

285

00:13:08,930 --> 00:13:06,000

called and people waited a vigil for

286

00:13:10,520 --> 00:13:08,940

about 48 hours to see you know what

287

00:13:13,130 --> 00:13:10,530

happened to this man but no sight

288

00:13:14,870 --> 00:13:13,140

nothing nothing of him had happened that

289

00:13:17,000 --> 00:13:14,880

people knew he disappeared but you know

290

00:13:18,770 --> 00:13:17,010

they feared foul play but nobody knew

291

00:13:21,290 --> 00:13:18,780

anything so after reading the story I

292

00:13:24,200 --> 00:13:21,300

became enthralled by him I said I'm

293

00:13:27,380 --> 00:13:24,210

gonna solve this legend and so solving

294

00:13:31,700 --> 00:13:27,390

the legend is what I did I contacted

295

00:13:35,360 --> 00:13:31,710

then the editor of the stock to record

296

00:13:37,900 --> 00:13:35,370

newspaper who put me in touch with Mike

297

00:13:40,000 --> 00:13:37,910

Fitzgerald and Mike Fitzgerald was very

298

00:13:43,270 --> 00:13:40,010

the story of The Legend of Jesse brown

299

00:13:44,830 --> 00:13:43,280

and after speaking Jeong he said how did

300

00:13:48,280 --> 00:13:44,840

you get all this information I says well

301

00:13:49,810 --> 00:13:48,290

I only got excerpts of a book he says

302

00:13:52,690 --> 00:13:49,820

well you know much more than the book

303

00:13:54,760 --> 00:13:52,700

even talked about so I didn't you know

304

00:13:56,950 --> 00:13:54,770

let him know exactly how I knew what I

305

00:13:59,020 --> 00:13:56,960

knew I well I got his confidence what he

306

00:14:02,080 --> 00:13:59,030

sent me a PDF file which I put up on my

307

00:14:04,030 --> 00:14:02,090

Sindona second site of the actual

308

00:14:07,810 --> 00:14:04,040

stories that were put out in the paper

309

00:14:11,400 --> 00:14:07,820

in 1934 the one with the initial article

310

00:14:13,930 --> 00:14:11,410

about him finding this this cave that

311

00:14:15,700 --> 00:14:13,940

led under the bowels of our shaft or an

312

00:14:18,070 --> 00:14:15,710

individual where people waited you know

313

00:14:21,250 --> 00:14:18,080

June 19th we just mysteriously

314

00:14:22,870 --> 00:14:21,260

disappeared so after doing all this I

315

00:14:25,450 --> 00:14:22,880

think I wanna coast to coast a couple

316

00:14:29,620 --> 00:14:25,460

times talking about it and I was

317

00:14:31,930 --> 00:14:29,630

contacted then by a listener and a

318

00:14:35,170 --> 00:14:31,940

listener the Downton Jacomo

319

00:14:36,430 --> 00:14:35,180

appear Washington and we became friends

320

00:14:39,070 --> 00:14:36,440

and she said there's someone that I'd

321

00:14:41,340 --> 00:14:39,080

like you to talk to he's a Native

322

00:14:45,790 --> 00:14:41,350

American and he has a lot to say about

323

00:14:48,730 --> 00:14:45,800

giants and the early origins of the

324

00:14:50,380 --> 00:14:48,740

native cultures so I was chomping at the

325

00:14:53,740 --> 00:14:50,390

bit you know to go out there you know

326

00:14:55,720 --> 00:14:53,750

the west coast to meet this man so I was

327

00:14:57,760 --> 00:14:55,730

introduced to the Native American elder

328

00:14:59,830 --> 00:14:57,770

and he was from the PL of the tribe I

329

00:15:02,140 --> 00:14:59,840

and I won't mention his name though

330

00:15:04,630 --> 00:15:02,150

because I would rather keep that

331

00:15:06,040 --> 00:15:04,640

anonymous here today but I can share

332

00:15:08,100 --> 00:15:06,050

with you some of the things that he told

333

00:15:11,530 --> 00:15:08,110

me if you like oh yes definitely

334

00:15:14,260 --> 00:15:11,540

ok so we we were taking a walk around

335

00:15:17,470 --> 00:15:14,270

the property my first bedroom and he

336

00:15:19,440 --> 00:15:17,480

said to me that I was an old soul ok and

337

00:15:22,870 --> 00:15:19,450

he said behind you is saint-germain

338

00:15:25,510 --> 00:15:22,880

master Jesus and there was another

339

00:15:27,790 --> 00:15:25,520

gentleman that was with me and whose

340

00:15:29,770 --> 00:15:27,800

name I had never heard before I got

341

00:15:32,380 --> 00:15:29,780

goose bumps on me he says you're not

342

00:15:35,590 --> 00:15:32,390

alone he says I knew you were coming he

343

00:15:37,000 --> 00:15:35,600

says I went into meditation and they

344

00:15:39,850 --> 00:15:37,010

said that you were coming I had to come

345

00:15:42,460 --> 00:15:39,860

here so he says I'm supposed to share my

346

00:15:45,310 --> 00:15:42,470

people's early history so I begin by

347

00:15:48,280 --> 00:15:45,320

telling me that his tribe had been

348

00:15:49,870 --> 00:15:48,290

around for 40,000 years and they were

349

00:15:52,100 --> 00:15:49,880

brought to earth from a distant planet

350

00:15:55,470 --> 00:15:52,110

in another solar system

351  
00:15:57,720 --> 00:15:55,480  
so he said this ancestor stood between 8

352  
00:16:00,660 --> 00:15:57,730  
and 9 feet tall so here they were the

353  
00:16:02,880 --> 00:16:00,670  
Giants and he referred to them as the

354  
00:16:05,160 --> 00:16:02,890  
tall ones they were buckskin clothing

355  
00:16:07,770 --> 00:16:05,170  
and he even added that his grandfather

356  
00:16:09,240 --> 00:16:07,780  
would see the tall ones as he referred

357  
00:16:11,520 --> 00:16:09,250  
to them fishing in the Nisqually River

358  
00:16:14,190 --> 00:16:11,530  
and this is near Olympia Washington

359  
00:16:16,440 --> 00:16:14,200  
there he also told me that during the

360  
00:16:18,690 --> 00:16:16,450  
Ice Age and great flood at the ant

361  
00:16:20,670 --> 00:16:18,700  
people which were the greys took his

362  
00:16:23,400 --> 00:16:20,680  
people on the ground to avoid death from

363  
00:16:25,530 --> 00:16:23,410

the disastrous events so here it is I

364

00:16:28,350 --> 00:16:25,540

have another tie into aliens there and

365

00:16:30,750 --> 00:16:28,360

giants and so I thought this was pretty

366

00:16:34,350 --> 00:16:30,760

interesting we became friends I was on a

367

00:16:35,790 --> 00:16:34,360

reservation a couple times and he talked

368

00:16:37,800 --> 00:16:35,800

about being sent to a boarding school

369

00:16:39,810 --> 00:16:37,810

here the interesting thing to segue to

370

00:16:41,220 --> 00:16:39,820

religion he said it was there was sent

371

00:16:43,230 --> 00:16:41,230

to a boarding school to learn the ways

372

00:16:45,420 --> 00:16:43,240

of the white man he said they were

373

00:16:46,290 --> 00:16:45,430

punished severely if they spoke in their

374

00:16:48,330 --> 00:16:46,300

own language

375

00:16:50,070 --> 00:16:48,340

mhmhm he said the heads of many

376

00:16:52,410 --> 00:16:50,080

religious groups were brought in to

377

00:16:55,170 --> 00:16:52,420

teach them religion they were told by

378

00:16:57,750 --> 00:16:55,180

the religious leaders we don't care what

379

00:16:59,670 --> 00:16:57,760

religion you choose but you have to

380

00:17:01,800 --> 00:16:59,680

choose one so they threw a lot of Bibles

381

00:17:05,100 --> 00:17:01,810

at them so I kind of laughed at it and

382

00:17:06,750 --> 00:17:05,110

then the elder added that so I asked him

383

00:17:09,810 --> 00:17:06,760

about you know how'd things go religion

384

00:17:11,699 --> 00:17:09,820

his response was we tried them all none

385

00:17:14,190 --> 00:17:11,709

of them worked

386

00:17:17,220 --> 00:17:14,200

I find it kind of just thing that yeah

387

00:17:19,949 --> 00:17:17,230

but this we became good friends and then

388

00:17:22,440 --> 00:17:19,959

I was told it many of the administrators

389

00:17:23,910 --> 00:17:22,450

on their reservations were descendants

390

00:17:26,579 --> 00:17:23,920

of those who came over from the

391

00:17:28,260 --> 00:17:26,589

Mayflower so many of the people who

392

00:17:31,830 --> 00:17:28,270

worked now on all these reservations

393

00:17:33,810 --> 00:17:31,840

that's their tie-in you know to uh he's

394

00:17:35,220 --> 00:17:33,820

incarcerated Native Americans they are

395

00:17:36,840 --> 00:17:35,230

the original descendants from the

396

00:17:38,870 --> 00:17:36,850

Mayflower most people don't know that a

397

00:17:41,610 --> 00:17:38,880

lot of streets that you drive around

398

00:17:43,080 --> 00:17:41,620

near the reservations that the names of

399

00:17:45,030 --> 00:17:43,090

some of these trees or for some of these

400

00:17:46,890 --> 00:17:45,040

people that they're honoring for keeping

401  
00:17:49,860 --> 00:17:46,900  
the America Native American prisoners on

402  
00:17:52,980 --> 00:17:49,870  
their reservations believe it or not so

403  
00:17:54,240 --> 00:17:52,990  
I've also been told and you can see them

404  
00:17:56,070 --> 00:17:54,250  
when you go reservation because I've

405  
00:17:58,410 --> 00:17:56,080  
been on number reservations wherever you

406  
00:18:00,240 --> 00:17:58,420  
see a reservation you may see a federal

407  
00:18:02,400 --> 00:18:00,250  
prison or a military base

408  
00:18:03,960 --> 00:18:02,410  
similar to having the McDonald's next to

409  
00:18:05,999 --> 00:18:03,970  
a Burger King or Wendy's hamburger

410  
00:18:10,210 --> 00:18:06,009  
restaurant

411  
00:18:13,839 --> 00:18:10,220  
so the observations but we became

412  
00:18:16,359 --> 00:18:13,849  
friends in July of 2008 I was invited to

413  
00:18:18,820 --> 00:18:16,369

a sweat lodge in Tacoma Washington now I

414

00:18:21,549 --> 00:18:18,830

never sweated before for the Native

415

00:18:24,549 --> 00:18:21,559

Americans and never didn't and that's

416

00:18:25,330 --> 00:18:24,559

sort of an environment so I accepted the

417

00:18:27,219 --> 00:18:25,340

invitation

418

00:18:28,570 --> 00:18:27,229

during the third round of my vision

419

00:18:31,509 --> 00:18:28,580

question this is what you'll find

420

00:18:36,549 --> 00:18:31,519

interesting I had an encounter with an

421

00:18:38,619 --> 00:18:36,559

alien gray as I'm meditating the alien

422

00:18:41,440 --> 00:18:38,629

gray is just scaring and be looking at

423

00:18:43,269 --> 00:18:41,450

me peering through me and I just had

424

00:18:45,219 --> 00:18:43,279

this feeling that I was being violated

425

00:18:48,339 --> 00:18:45,229

as I was being raped so to speak

426

00:18:50,440 --> 00:18:48,349

mentally so I realized that these guys

427

00:18:51,969 --> 00:18:50,450

must be the biblical Watchers you know

428

00:18:53,499 --> 00:18:51,979

overseeing the planet and I thought

429

00:18:56,349 --> 00:18:53,509

about what my friend a Native American

430

00:18:58,570 --> 00:18:56,359

tell me about you know the ant people

431

00:19:01,479 --> 00:18:58,580

who are who took them in into the

432

00:19:03,759 --> 00:19:01,489

mountain and what their role was in in

433

00:19:08,710 --> 00:19:03,769

our civilization or Inara

434

00:19:11,529 --> 00:19:08,720

our stories so that was to me a wake-up

435

00:19:14,469 --> 00:19:11,539

call as to we're not the only people on

436

00:19:17,049 --> 00:19:14,479

this planet that occupy it and there are

437

00:19:19,719 --> 00:19:17,059

people that are watching over us believe

438

00:19:21,729 --> 00:19:19,729

it or not I mean it's like a magician

439

00:19:23,830 --> 00:19:21,739

sleight of hand now you see it not you

440

00:19:25,269 --> 00:19:23,840

don't and the people who do see it holy

441

00:19:27,669 --> 00:19:25,279

people says well I'll believe it when I

442

00:19:30,339 --> 00:19:27,679

see it okay fine but I'm here to tell

443

00:19:32,169 --> 00:19:30,349

you after taking my walk in their

444

00:19:35,070 --> 00:19:32,179

moccasins I was a hundred percent

445

00:19:37,450 --> 00:19:35,080

convinced that you know I I was

446

00:19:41,349 --> 00:19:37,460

encountering an alien gray and this was

447

00:19:44,560 --> 00:19:41,359

as I mentioned in 2008 in the same month

448

00:19:47,349 --> 00:19:44,570

with him I was invited to visit the a

449

00:19:50,229 --> 00:19:47,359

setting ranch in Trout Lake Washington

450

00:19:53,169 --> 00:19:50,239

this was ranches by james gilliland you

451  
00:19:54,909 --> 00:19:53,179  
might know who James is and sure show on

452  
00:19:59,019 --> 00:19:54,919  
the radio so I went over to the ranch

453  
00:20:01,479 --> 00:19:59,029  
and the first night I was there about 30

454  
00:20:03,969 --> 00:20:01,489  
people and we're sitting around in a

455  
00:20:06,879 --> 00:20:03,979  
circle and he's pointing an infrared

456  
00:20:11,169 --> 00:20:06,889  
light up in the sky it looked like I

457  
00:20:13,450 --> 00:20:11,179  
five over over his ranch was Institute

458  
00:20:16,269 --> 00:20:13,460  
electric highway with ships going back

459  
00:20:18,680 --> 00:20:16,279  
and forth so he grabs his

460  
00:20:21,380 --> 00:20:18,690  
infrared device and he beams it out

461  
00:20:23,710 --> 00:20:21,390  
there at the sky and all of a sudden a

462  
00:20:27,620 --> 00:20:23,720  
beam comes a light comes back you know

463  
00:20:29,269 --> 00:20:27,630

acknowledging is his transmission I like

464

00:20:31,009 --> 00:20:29,279

blew me away looking up and he's beaming

465

00:20:35,000 --> 00:20:31,019

up in somebody's beaming down like a

466

00:20:37,399 --> 00:20:35,010

star track scene so I find I was a real

467

00:20:40,190 --> 00:20:37,409

wake-up call as to we're not alone when

468

00:20:41,750 --> 00:20:40,200

I saw that it started to rain about an

469

00:20:44,690 --> 00:20:41,760

hour and a half after that here's where

470

00:20:47,269 --> 00:20:44,700

it's interesting I went back to my tent

471

00:20:49,789 --> 00:20:47,279

and it was I when I went back to my tent

472

00:20:52,009 --> 00:20:49,799

I saw a figure hovering over my dead

473

00:20:55,279 --> 00:20:52,019

tent gentleman at the figure was got

474

00:20:56,930 --> 00:20:55,289

about I was an 8 to 9 feet tall so I got

475

00:20:59,930 --> 00:20:56,940

my flashlight real quick and open the

476  
00:21:03,039 --> 00:20:59,940  
zipper and I see the figure walking away

477  
00:21:06,409 --> 00:21:03,049  
from my tent back towards Mount Adams

478  
00:21:08,539 --> 00:21:06,419  
and I'm looking at it and it's staring

479  
00:21:11,990 --> 00:21:08,549  
back at me it's wearing buckskin and

480  
00:21:15,320 --> 00:21:12,000  
just as a Native American had explained

481  
00:21:17,210 --> 00:21:15,330  
to me here here is a tall one looking me

482  
00:21:19,610 --> 00:21:17,220  
dead in the eyes now girl who I was with

483  
00:21:22,190 --> 00:21:19,620  
was in the tent next to me and she froze

484  
00:21:24,769 --> 00:21:22,200  
so she was like looking at it and she

485  
00:21:27,500 --> 00:21:24,779  
said that she pissed her pants because

486  
00:21:29,960 --> 00:21:27,510  
the thing just kept looking at her and

487  
00:21:31,730 --> 00:21:29,970  
she first thought it was me but then she

488  
00:21:34,340 --> 00:21:31,740

says wait a minute Stefan's not almost 9

489

00:21:36,620 --> 00:21:34,350

feet tall you know so she just froze

490

00:21:38,840 --> 00:21:36,630

there so I went out looking around on

491

00:21:40,759 --> 00:21:38,850

the grounds there and the dogs were

492

00:21:43,639 --> 00:21:40,769

barking everybody was out this is

493

00:21:45,470 --> 00:21:43,649

probably 11 o'clock at night after it I

494

00:21:46,759 --> 00:21:45,480

just stopped raining and everybody's

495

00:21:49,759 --> 00:21:46,769

looking around so the following

496

00:21:52,009 --> 00:21:49,769

following morning I talked to James I

497

00:21:53,840 --> 00:21:52,019

told James would happen he says no you

498

00:21:55,669 --> 00:21:53,850

saw the tall ones you know they did

499

00:21:57,799 --> 00:21:55,679

frequently come on my property here this

500

00:21:59,509 --> 00:21:57,809

tunnel is that lead back you know to

501  
00:22:01,399 --> 00:21:59,519  
Mount Adams and there are other people

502  
00:22:04,340 --> 00:22:01,409  
who told me yeah we saw them last night

503  
00:22:05,990 --> 00:22:04,350  
too so I realize oh thank God I wasn't

504  
00:22:08,750 --> 00:22:06,000  
the only one following I saw my friend

505  
00:22:10,700 --> 00:22:08,760  
who was in the tent next to me and she

506  
00:22:12,200 --> 00:22:10,710  
was still he visibly shaken early in the

507  
00:22:14,000 --> 00:22:12,210  
morning and she had a better account

508  
00:22:16,909 --> 00:22:14,010  
looking at it because she was just

509  
00:22:19,580 --> 00:22:16,919  
staring out of the the opening of her

510  
00:22:21,950 --> 00:22:19,590  
tent for about 20 minutes just I caught

511  
00:22:24,529 --> 00:22:21,960  
that she said just this whole one didn't

512  
00:22:26,419 --> 00:22:24,539  
move it just stood there but it was

513  
00:22:28,570 --> 00:22:26,429

picking her dogs up she said she didn't

514

00:22:30,370 --> 00:22:28,580

kill though it was threatening but

515

00:22:33,009 --> 00:22:30,380

till she didn't feel like hey you know I

516

00:22:35,380 --> 00:22:33,019

I want to spend time here have a

517

00:22:37,899 --> 00:22:35,390

conversation with this individual so

518

00:22:40,740 --> 00:22:37,909

this was interesting world where that

519

00:22:44,830 --> 00:22:40,750

would happen but she felt intimidated

520

00:22:46,480 --> 00:22:44,840

yes she did yeah mm-hmm well I am I can

521

00:22:49,480 --> 00:22:46,490

I could see that you know if you would

522

00:22:52,630 --> 00:22:49,490

encounter somebody or something that was

523

00:22:54,389 --> 00:22:52,640

over nine feet tall I mean you'd you'd

524

00:22:57,880 --> 00:22:54,399

feel like a little kid almost you know

525

00:23:00,190 --> 00:22:57,890

cowering underneath that the hand of

526

00:23:02,169 --> 00:23:00,200

your parents or something seriously

527

00:23:06,549 --> 00:23:02,179

exactly right so then right after the

528

00:23:09,879 --> 00:23:06,559

timeline so we spoke about I decided

529

00:23:12,220 --> 00:23:09,889

that I was gonna go back to New York and

530

00:23:16,299 --> 00:23:12,230

during that time I started doing some

531

00:23:19,180 --> 00:23:16,309

more research Stefan I'm gonna I'm gonna

532

00:23:20,799 --> 00:23:19,190

hold you at that thoughts and remember

533

00:23:22,690 --> 00:23:20,809

this returning to New York because we

534

00:23:25,000 --> 00:23:22,700

have our break bottom uh they are break

535

00:23:27,370 --> 00:23:25,010

to go to so when we come back we will

536

00:23:29,710 --> 00:23:27,380

continue our conversation with Stefan

537

00:23:32,980 --> 00:23:29,720

and Jayson Jarrell on exploring the

538

00:23:44,030 --> 00:23:32,990

bizarre so stay tuned

539

00:23:50,760 --> 00:23:48,180

now back to exploring the bazaar with

540

00:23:53,760 --> 00:23:50,770

two of the most electrifying researchers

541

00:24:01,740 --> 00:23:53,770

in the Paranoid your hosts Timothy

542

00:24:03,810 --> 00:24:01,750

beckoning panting Swartz alright welcome

543

00:24:07,740 --> 00:24:03,820

back to exploring the bazaar I'm Tim

544

00:24:09,270 --> 00:24:07,750

Schwartz and I want to encourage you our

545

00:24:12,240 --> 00:24:09,280

beloved listeners if you have any

546

00:24:14,580 --> 00:24:12,250

questions for our guest then please feel

547

00:24:17,100 --> 00:24:14,590

free to send them in our direction I

548

00:24:18,870 --> 00:24:17,110

don't care how you send them we want to

549

00:24:19,590 --> 00:24:18,880

hear from you we want your questions our

550

00:24:22,920 --> 00:24:19,600

guests want

551

00:24:26,370 --> 00:24:22,930

what's your questions we we love to hear

552

00:24:29,220 --> 00:24:26,380

from you so however you go to our chat

553

00:24:32,100 --> 00:24:29,230

room some of the text messages you know

554

00:24:34,470 --> 00:24:32,110

go through Skype Tina Marie or our

555

00:24:36,480 --> 00:24:34,480

wonderful producer you know she wants to

556

00:24:40,710 --> 00:24:36,490

hear from you as well so you know I

557

00:24:44,130 --> 00:24:40,720

encourage that from from everyone so now

558

00:24:47,520 --> 00:24:44,140

let's let's bring Jason Jarrell into the

559

00:24:50,850 --> 00:24:47,530

conversation now Jason I don't know if

560

00:24:55,590 --> 00:24:50,860

you remember but you were a guest on one

561

00:24:58,800 --> 00:24:55,600

of my previous shows on another network

562

00:25:00,270 --> 00:24:58,810

a few years back and at that point I

563

00:25:03,090 --> 00:25:00,280

think you you and your wife we're in the

564

00:25:05,970 --> 00:25:03,100

process of of writing your book but it

565

00:25:07,650 --> 00:25:05,980

hadn't been published yet so now I'm

566

00:25:11,310 --> 00:25:07,660

really happy that we've got you on the

567

00:25:14,010 --> 00:25:11,320

show after your book has gotten

568

00:25:16,830 --> 00:25:14,020

published but you know I want you to

569

00:25:18,840 --> 00:25:16,840

tell our audience you know what got you

570

00:25:23,070 --> 00:25:18,850

interested in the whole subject of

571

00:25:24,680 --> 00:25:23,080

giants to begin with okay can you hear

572

00:25:29,670 --> 00:25:24,690

me all right oh you sound great

573

00:25:33,060 --> 00:25:29,680

wonderful so my interest in in the

574

00:25:35,400 --> 00:25:33,070

Giants really goes goes back to when I

575

00:25:38,810 --> 00:25:35,410

was a really young child it really came

576  
00:25:43,710 --> 00:25:38,820  
from studying the Bible and mythology

577  
00:25:46,799 --> 00:25:43,720  
but over the years I noticed that as

578  
00:25:49,379 --> 00:25:46,809  
this sort of modern mythology

579  
00:25:51,440 --> 00:25:49,389  
grew up around the topic of what most

580  
00:25:55,470 --> 00:25:51,450  
people call the North American Giants

581  
00:25:59,659 --> 00:25:55,480  
there were some researchers primarily

582  
00:26:04,590 --> 00:25:59,669  
among them people like Ross Hamilton and

583  
00:26:08,100 --> 00:26:04,600  
dr. Greg little who had shown in their

584  
00:26:11,720 --> 00:26:08,110  
work that there were actual professional

585  
00:26:14,279 --> 00:26:11,730  
excavation reports which acknowledged

586  
00:26:19,350 --> 00:26:14,289  
the large skeletal remains and that's

587  
00:26:22,350 --> 00:26:19,360  
that's very important and when my wife

588  
00:26:26,340 --> 00:26:22,360

Sarah and I began to study more on that

589

00:26:29,840 --> 00:26:26,350

we decided about 10 years ago to launch

590

00:26:33,930 --> 00:26:29,850

for our region of the country at least

591

00:26:36,509 --> 00:26:33,940

the most in-depth investigation on this

592

00:26:39,869 --> 00:26:36,519

subject I think that had ever been done

593

00:26:42,419 --> 00:26:39,879

and that's the reason it took the better

594

00:26:45,840 --> 00:26:42,429

part of a decade because what that

595

00:26:52,100 --> 00:26:45,850

entails is we invested an enormous

596

00:26:54,840 --> 00:26:52,110

amount of time and treasure in acquiring

597

00:26:57,359 --> 00:26:54,850

hundreds of archaeological reports and

598

00:27:00,600 --> 00:26:57,369

textbooks on archaeology that covered

599

00:27:02,879 --> 00:27:00,610

the ohio river valley southern ontario

600

00:27:07,320 --> 00:27:02,889

the Saint Lawrence Seaway and the

601  
00:27:09,480 --> 00:27:07,330  
eastern Atlantic coast and what we found

602  
00:27:14,159 --> 00:27:09,490  
from all the literature that we studied

603  
00:27:18,029 --> 00:27:14,169  
was that these large remains had been

604  
00:27:19,919 --> 00:27:18,039  
documented since the 1800s by

605  
00:27:22,259 --> 00:27:19,929  
professionals and then all the way up

606  
00:27:24,060 --> 00:27:22,269  
into the 20th century by mainstream

607  
00:27:25,350 --> 00:27:24,070  
archaeologists in some cases they were

608  
00:27:29,369 --> 00:27:25,360  
actually photographed in the

609  
00:27:33,330 --> 00:27:29,379  
archeological reports and what that made

610  
00:27:35,039 --> 00:27:33,340  
possible for us to do was to use the

611  
00:27:37,529 --> 00:27:35,049  
archeological information to determine

612  
00:27:41,480 --> 00:27:37,539  
the cultures these people were a part of

613  
00:27:44,279 --> 00:27:41,490

and so we gradually piece together a

614

00:27:49,680 --> 00:27:44,289

definitive timeline for this part of the

615

00:27:52,649 --> 00:27:49,690

country at least for this unique sub

616

00:27:56,450 --> 00:27:52,659

population which lived among the

617

00:27:59,669 --> 00:27:56,460

ancestors of ancient Native Americans I

618

00:28:00,100 --> 00:27:59,679

was going to ask Jason sorry I had my

619

00:28:04,510 --> 00:28:00,110

mic

620

00:28:07,539 --> 00:28:04,520

and Here I am talking away so so Jason

621

00:28:12,400 --> 00:28:07,549

now was this sub population of Giants

622

00:28:14,260 --> 00:28:12,410

here in North America before the Native

623

00:28:18,610 --> 00:28:14,270

Americans came across the bearing Street

624

00:28:20,560 --> 00:28:18,620

straits or you know like came down the

625

00:28:25,320 --> 00:28:20,570

coastlines or however they got here

626  
00:28:29,530 --> 00:28:25,330  
or were they later arrivals okay so

627  
00:28:35,500 --> 00:28:29,540  
again for the audience I have to

628  
00:28:37,510 --> 00:28:35,510  
emphasize that my research that that I'm

629  
00:28:41,320 --> 00:28:37,520  
discussing tonight that's been published

630  
00:28:43,150 --> 00:28:41,330  
so far is for the regions that I just

631  
00:28:45,669 --> 00:28:43,160  
mentioned because the archaeological

632  
00:28:47,409 --> 00:28:45,679  
history of America is a massive thing

633  
00:28:52,659 --> 00:28:47,419  
and it's different in one region to the

634  
00:28:57,240 --> 00:28:52,669  
next but we have we have chronicled in

635  
00:29:04,240 --> 00:28:57,250  
our book a history that spans roughly

636  
00:29:06,760 --> 00:29:04,250  
3500 BC down to 450 ad which includes

637  
00:29:09,730 --> 00:29:06,770  
four major archaeological cultures which

638  
00:29:12,760 --> 00:29:09,740

were all ancestral one to the other that

639

00:29:14,590 --> 00:29:12,770

these people were a part of and in these

640

00:29:17,049 --> 00:29:14,600

in the tombs of these cultures is where

641

00:29:21,990 --> 00:29:17,059

the large remains have been found they

642

00:29:24,789 --> 00:29:22,000

are although I used to believe that

643

00:29:26,980 --> 00:29:24,799

these types of discoveries from all over

644

00:29:30,730 --> 00:29:26,990

the world would have to be

645

00:29:33,820 --> 00:29:30,740

interconnected somehow the the tall ones

646

00:29:38,860 --> 00:29:33,830

in North America that we've researched

647

00:29:40,810 --> 00:29:38,870

are 100% the ancestors of Native

648

00:29:42,549 --> 00:29:40,820

American tribes that are with us today

649

00:29:45,970 --> 00:29:42,559

hmm

650

00:29:48,669 --> 00:29:45,980

they came in - they would have to have

651  
00:29:51,310 --> 00:29:48,679  
come in to America with the original

652  
00:29:53,530 --> 00:29:51,320  
migrations of the ancestors of the

653  
00:29:58,419 --> 00:29:53,540  
native americans at the end of the Upper

654  
00:30:02,200 --> 00:29:58,429  
Paleolithic because they're their

655  
00:30:05,620 --> 00:30:02,210  
descendants today are found in five or

656  
00:30:07,330 --> 00:30:05,630  
six major linguistic groups if that's

657  
00:30:09,310 --> 00:30:07,340  
the case you know considering how

658  
00:30:12,159 --> 00:30:09,320  
genetically diverse those peoples are

659  
00:30:14,019 --> 00:30:12,169  
today then it would certainly indicate

660  
00:30:16,839 --> 00:30:14,029  
that this phenomenon

661  
00:30:20,139 --> 00:30:16,849  
has been with the the Native Americans

662  
00:30:24,999 --> 00:30:20,149  
since they first peopled North America

663  
00:30:27,700 --> 00:30:25,009

mm-hmm oh there's also a lot of a lot of

664

00:30:30,430 --> 00:30:27,710

details concerning the actual physical

665

00:30:33,459 --> 00:30:30,440

anthropology of these individuals that

666

00:30:36,009 --> 00:30:33,469

we were able to clarify in some

667

00:30:37,509 --> 00:30:36,019

instances and debunk and others for

668

00:30:40,119 --> 00:30:37,519

instance in our book there are several

669

00:30:42,489 --> 00:30:40,129

cases where we found the actual field

670

00:30:45,599 --> 00:30:42,499

notes of some archaeological sites that

671

00:30:48,190 --> 00:30:45,609

the newspapers had reported giants from

672

00:30:50,979 --> 00:30:48,200

but the field notes make it clear that

673

00:30:53,200 --> 00:30:50,989

there were actually no giants found in

674

00:30:55,680 --> 00:30:53,210

many other cases we found primary

675

00:30:58,509 --> 00:30:55,690

archaeological reports that confirmed

676

00:31:01,149 --> 00:30:58,519

many of the the tall ones that were

677

00:31:04,570 --> 00:31:01,159

reported in the old press and historical

678

00:31:07,269 --> 00:31:04,580

accounts and we refer to them as the

679

00:31:09,369 --> 00:31:07,279

tall ones because it's really a tribute

680

00:31:14,409 --> 00:31:09,379

to the great Native American scholar

681

00:31:16,810 --> 00:31:14,419

vine Deloria jr. in 1995 in his book red

682

00:31:18,579 --> 00:31:16,820

earth White Lies he wrote about his

683

00:31:22,450 --> 00:31:18,589

conversations with Native American

684

00:31:25,509 --> 00:31:22,460

elders who universally referred to these

685

00:31:27,700 --> 00:31:25,519

individuals as the tall ones and I feel

686

00:31:31,239 --> 00:31:27,710

like it's probably a more suitable name

687

00:31:33,969 --> 00:31:31,249

for them than giants because the actual

688

00:31:37,959 --> 00:31:33,979

skeletons that have been found on record

689

00:31:42,940 --> 00:31:37,969

usually measure between 7 and 8 feet in

690

00:31:45,669 --> 00:31:42,950

height and there are a lesser number of

691

00:31:49,149 --> 00:31:45,679

critical credible reports from this

692

00:31:53,200 --> 00:31:49,159

region of skeletons 8 and a half and in

693

00:31:57,940 --> 00:31:53,210

very rare instances 9 feet tall and it's

694

00:32:00,849 --> 00:31:57,950

important to point out that we can learn

695

00:32:04,859 --> 00:32:00,859

a lot about a culture based on the

696

00:32:07,570 --> 00:32:04,869

artifacts that we find burials with and

697

00:32:09,969 --> 00:32:07,580

studying the placement of artifacts in

698

00:32:12,310 --> 00:32:09,979

the cultures that the tall ones were a

699

00:32:15,999 --> 00:32:12,320

part of we can see that in some

700

00:32:19,899 --> 00:32:16,009

instances these individuals don't seem

701  
00:32:23,109 --> 00:32:19,909  
to have enjoyed any special status among

702  
00:32:25,299 --> 00:32:23,119  
the community whereas in other instances

703  
00:32:27,430 --> 00:32:25,309  
they were buried with numerous

704  
00:32:31,749 --> 00:32:27,440  
prestigious pristine

705  
00:32:35,289 --> 00:32:31,759  
just goods or exotic Goods so while in

706  
00:32:38,730 --> 00:32:35,299  
many instances they were possibly rulers

707  
00:32:42,490 --> 00:32:38,740  
or lead individuals they were not a

708  
00:32:44,590 --> 00:32:42,500  
generational consistently elite group

709  
00:32:47,169 --> 00:32:44,600  
who ruled over Native Americans that is

710  
00:32:49,690 --> 00:32:47,179  
a modern myth about the mound builders

711  
00:32:52,690 --> 00:32:49,700  
here in in the Ohio Valley that simply

712  
00:32:56,049 --> 00:32:52,700  
isn't true the large skeletal remains

713  
00:32:57,909 --> 00:32:56,059

from the Edina and Hopewell mounds here

714

00:33:02,100 --> 00:32:57,919

in the Ohio Valley that date to between

715

00:33:05,259 --> 00:33:02,110

around 500 BC and and 500 AD are

716

00:33:08,110 --> 00:33:05,269

sometimes found in group burials with no

717

00:33:10,960 --> 00:33:08,120

artifacts whereas in other instances

718

00:33:15,970 --> 00:33:10,970

they are found in elaborate tombs with

719

00:33:19,810 --> 00:33:15,980

exotic goods so this was these people

720

00:33:22,720 --> 00:33:19,820

were a part of the basic ancient

721

00:33:28,509 --> 00:33:22,730

population although they were a distinct

722

00:33:34,090 --> 00:33:28,519

element of it so I think I think Tim

723

00:33:38,049 --> 00:33:34,100

Buckley is managed to join us I was with

724

00:33:41,289 --> 00:33:38,059

the elders well I'm glad I'm glad that

725

00:33:44,320 --> 00:33:41,299

that you're with us Tim's it's the show

726

00:33:44,830 --> 00:33:44,330

just isn't the same without you well my

727

00:33:47,680 --> 00:33:44,840

goodness

728

00:33:52,210 --> 00:33:47,690

hey I do have a question okay so we had

729

00:33:58,019 --> 00:33:52,220

these giants here and apparently they

730

00:34:01,629 --> 00:33:58,029

were part of the Native American tribal

731

00:34:05,529 --> 00:34:01,639

system but I mean there seems like there

732

00:34:09,700 --> 00:34:05,539

would be more than than that I mean what

733

00:34:11,409 --> 00:34:09,710

made them physically did outside of

734

00:34:16,540 --> 00:34:11,419

their height I mean why would they have

735

00:34:18,149 --> 00:34:16,550

developed this stature well that's a

736

00:34:21,669 --> 00:34:18,159

wonderful question

737

00:34:23,740 --> 00:34:21,679

well I started off with the best yeah

738

00:34:29,470 --> 00:34:23,750

that's and it's an important question

739

00:34:32,980 --> 00:34:29,480

and there's some research that we have

740

00:34:35,169 --> 00:34:32,990

recently done that we have not published

741

00:34:37,210 --> 00:34:35,179

yet that's going to be in our next book

742

00:34:41,790 --> 00:34:37,220

so I really can't talk about it too much

743

00:34:49,710 --> 00:34:46,450

there's nothing in the DNA of the large

744

00:34:53,500 --> 00:34:49,720

remains from the Ohio Valley that

745

00:34:59,020 --> 00:34:53,510

suggests any type of x-factor in the

746

00:35:01,230 --> 00:34:59,030

genetic makeup however if you look at

747

00:35:04,510 --> 00:35:01,240

the history of humankind going back

748

00:35:08,140 --> 00:35:04,520

30,000 years especially going back to

749

00:35:11,410 --> 00:35:08,150

the Upper Paleolithic period there are

750

00:35:14,320 --> 00:35:11,420

many instances of different types of

751  
00:35:17,230 --> 00:35:14,330  
humankind humankind was a very diverse

752  
00:35:20,380 --> 00:35:17,240  
thing I've been studying some recent

753  
00:35:22,270 --> 00:35:20,390  
research by anthropologists that are

754  
00:35:24,880 --> 00:35:22,280  
talking about the real relationship

755  
00:35:26,740 --> 00:35:24,890  
between for example cro-magnon and

756  
00:35:29,230 --> 00:35:26,750  
Neanderthals we used to think that

757  
00:35:31,600 --> 00:35:29,240  
humankind you know one form just

758  
00:35:34,690 --> 00:35:31,610  
replaced the next and some sort of chain

759  
00:35:36,460 --> 00:35:34,700  
where it's it's as if one type of human

760  
00:35:39,160 --> 00:35:36,470  
being would just step off the bus and

761  
00:35:42,760 --> 00:35:39,170  
another one would step on but now we

762  
00:35:45,670 --> 00:35:42,770  
know that around the world actually that

763  
00:35:52,360 --> 00:35:45,680

that humankind has always been a very

764

00:35:55,510 --> 00:35:52,370

diverse type of life-form so it's

765

00:35:57,220 --> 00:35:55,520

possible that what we're seeing with

766

00:36:02,380 --> 00:35:57,230

these remains in this part of North

767

00:36:05,890 --> 00:36:02,390

America is an expression of human DNA

768

00:36:08,350 --> 00:36:05,900

which is no longer common but that does

769

00:36:09,630 --> 00:36:08,360

not mean that it isn't something that

770

00:36:12,100 --> 00:36:09,640

could happen again

771

00:36:14,470 --> 00:36:12,110

it simply means that there may be

772

00:36:18,280 --> 00:36:14,480

something which has caused it to sort of

773

00:36:20,140 --> 00:36:18,290

fall by the wayside and it could be it

774

00:36:22,870 --> 00:36:20,150

could be what we call Western

775

00:36:27,100 --> 00:36:22,880

civilization because it's important to

776

00:36:31,000 --> 00:36:27,110

remember that before Columbian contact

777

00:36:34,860 --> 00:36:31,010

in the United States the Native American

778

00:36:37,540 --> 00:36:34,870

people had not developed any type of

779

00:36:40,990 --> 00:36:37,550

cultural entity which would pave over

780

00:36:43,780 --> 00:36:41,000

top of nature with a parking lot the

781

00:36:47,170 --> 00:36:43,790

life ways of the Native American people

782

00:36:50,440 --> 00:36:47,180

were distinctively different from ours

783

00:36:52,780 --> 00:36:50,450

and during the ages of the Giants during

784

00:36:54,609 --> 00:36:52,790

the days of the old copper culture in

785

00:36:56,770 --> 00:36:54,619

the Great Lakes region and the Idina

786

00:36:59,430 --> 00:36:56,780

mound builders in the Ohio Valley these

787

00:37:03,099 --> 00:36:59,440

people lived like basic hunter-gatherers

788

00:37:05,410 --> 00:37:03,109

they lived off of white-tailed deer they

789

00:37:09,700 --> 00:37:05,420

hunted their food they fished they

790

00:37:11,829 --> 00:37:09,710

gathered and it could have something to

791

00:37:15,280 --> 00:37:11,839

do with the way that we live today maybe

792

00:37:17,260 --> 00:37:15,290

the question is why are we so small we

793

00:37:19,329 --> 00:37:17,270

know that there were very large

794

00:37:21,190 --> 00:37:19,339

powerfully-built people that could be

795

00:37:24,400 --> 00:37:21,200

considered giants among the ancient

796

00:37:26,650 --> 00:37:24,410

celts when the Romans waged their war of

797

00:37:29,349 --> 00:37:26,660

extermination against the Celtic people

798

00:37:32,290 --> 00:37:29,359

there were still Celtic warriors between

799

00:37:33,910 --> 00:37:32,300

seven and nine-feet tall and then the

800

00:37:35,740 --> 00:37:33,920

first thing that the Romans did when

801  
00:37:39,549 --> 00:37:35,750  
they took over the Celtic territories

802  
00:37:43,359 --> 00:37:39,559  
was to build stone temples ovetop of

803  
00:37:45,849 --> 00:37:43,369  
the ancient earthen temples and then

804  
00:37:48,130 --> 00:37:45,859  
gradually we see that very ancient

805  
00:37:51,670 --> 00:37:48,140  
powerful stature disappeared from most

806  
00:37:54,069 --> 00:37:51,680  
of the most of the european peoples so

807  
00:37:57,220 --> 00:37:54,079  
it's possible that this is somehow

808  
00:38:00,160 --> 00:37:57,230  
connected to human genetics genetic

809  
00:38:02,200 --> 00:38:00,170  
expression and the interaction of the

810  
00:38:06,490 --> 00:38:02,210  
human entity with the environment

811  
00:38:10,210 --> 00:38:06,500  
well how okay well we have these giants

812  
00:38:14,710 --> 00:38:10,220  
living amongst us what percentage of the

813  
00:38:18,400 --> 00:38:14,720

population were they well they were if

814

00:38:21,579 --> 00:38:18,410

we take into consideration the research

815

00:38:24,640 --> 00:38:21,589

of a very important archaeologists from

816

00:38:26,380 --> 00:38:24,650

the Carnegie the Carnegie Museum named

817

00:38:31,000 --> 00:38:26,390

Don dragoo who was the preeminent

818

00:38:32,950 --> 00:38:31,010

scholar on the Idina culture they

819

00:38:36,180 --> 00:38:32,960

represented a good portion of the

820

00:38:40,000 --> 00:38:36,190

population actually because the Idina

821

00:38:42,400 --> 00:38:40,010

the Idina engaged in widespread

822

00:38:46,539 --> 00:38:42,410

cremation practices in addition to

823

00:38:48,579 --> 00:38:46,549

burying their dead relatively intact so

824

00:38:51,640 --> 00:38:48,589

there are a lot of cremated burials in

825

00:38:54,280 --> 00:38:51,650

their mounds as well and Don dragoo made

826

00:38:57,569 --> 00:38:54,290

the comment that many of the surviving

827

00:39:00,099 --> 00:38:57,579

bones of the cremated burials also

828

00:39:00,910 --> 00:39:00,109

showed evidence of the large and

829

00:39:03,070 --> 00:39:00,920

powerful

830

00:39:07,000 --> 00:39:03,080

olds of what he called the unique

831

00:39:11,350 --> 00:39:07,010

physical type so while we really can't

832

00:39:13,930 --> 00:39:11,360

tell exactly how many of these people

833

00:39:17,560 --> 00:39:13,940

had these unique features we do know

834

00:39:22,090 --> 00:39:17,570

that it was a lot and I would also add

835

00:39:24,310 --> 00:39:22,100

that archaeologists like Donohue and

836

00:39:27,670 --> 00:39:24,320

William s Webb from the University of

837

00:39:30,670 --> 00:39:27,680

Kentucky these two individuals they

838

00:39:33,970 --> 00:39:30,680

studied the culture that we're talking

839

00:39:36,340 --> 00:39:33,980

about a lot and they wrote about the

840

00:39:39,400 --> 00:39:36,350

bones of the exceptionally tall people

841

00:39:41,770 --> 00:39:39,410

they were very large thick bones and

842

00:39:43,840 --> 00:39:41,780

there were marked eminences on the bones

843

00:39:45,700 --> 00:39:43,850

where the muscles had been attached so

844

00:39:49,780 --> 00:39:45,710

we know that they were powerfully built

845

00:39:52,390 --> 00:39:49,790

muscular athletic people they did not

846

00:39:55,920 --> 00:39:52,400

have any type of disease that caused

847

00:39:58,780 --> 00:39:55,930

their their size and their stature and

848

00:40:00,760 --> 00:39:58,790

it's also important to point out that

849

00:40:03,760 --> 00:40:00,770

they did practice a form of artificial

850

00:40:06,400 --> 00:40:03,770

cranial deformation the the mothers

851  
00:40:08,230 --> 00:40:06,410  
would strap the infant's to a board to

852  
00:40:12,130 --> 00:40:08,240  
flatten the back of the skull and

853  
00:40:16,390 --> 00:40:12,140  
thereby heighten the skull vault they

854  
00:40:19,150 --> 00:40:16,400  
also possessed very large wide lower jaw

855  
00:40:21,130 --> 00:40:19,160  
bones most of the anthropologists that

856  
00:40:25,750 --> 00:40:21,140  
study these people wrote about their

857  
00:40:29,400 --> 00:40:25,760  
powerful lower jaw bones but it isn't it

858  
00:40:34,200 --> 00:40:29,410  
isn't my intention to suggest to anyone

859  
00:40:38,020 --> 00:40:34,210  
that the entire population that

860  
00:40:40,420 --> 00:40:38,030  
participated in these cultures were were

861  
00:40:44,470 --> 00:40:40,430  
tall ones they were a distinct

862  
00:40:46,900 --> 00:40:44,480  
subpopulation the other ancestral Native

863  
00:40:48,720 --> 00:40:46,910

Americans yeah well you know I'm just

864

00:40:51,910 --> 00:40:48,730

thinking though that we certainly have

865

00:40:55,810 --> 00:40:51,920

uh I don't know what the percentage is

866

00:40:58,840 --> 00:40:55,820

but at all people here seven what would

867

00:41:01,090 --> 00:40:58,850

be the tallest person now do you know I

868

00:41:03,910 --> 00:41:01,100

knew this one fellow who lived in the

869

00:41:05,650 --> 00:41:03,920

Red Bank who was about eight feet tall

870

00:41:08,680 --> 00:41:05,660

that was many years ago I think he was

871

00:41:11,560 --> 00:41:08,690

one of James Randy's neighbors believe

872

00:41:14,880 --> 00:41:11,570

it or not but but there there are there

873

00:41:18,700 --> 00:41:14,890

are tall you know people

874

00:41:21,340 --> 00:41:18,710

the eight feet tall I believe right well

875

00:41:22,840 --> 00:41:21,350

you have I I took Tim I should point out

876

00:41:24,310 --> 00:41:22,850

that you know you have people who are

877

00:41:25,870 --> 00:41:24,320

naturally tall and then you have people

878

00:41:27,430 --> 00:41:25,880

who have you know like pituitary

879

00:41:29,440 --> 00:41:27,440

problems that's correct

880

00:41:30,700 --> 00:41:29,450

yeah that I mean you know that gives

881

00:41:35,710 --> 00:41:30,710

their health problems all over their

882

00:41:37,720 --> 00:41:35,720

life you know the the ancient the

883

00:41:41,260 --> 00:41:37,730

ancient remains that I'm talking about

884

00:41:43,090 --> 00:41:41,270

the anthropologists never noticed

885

00:41:46,510 --> 00:41:43,100

anything in these remains to suggest

886

00:41:51,820 --> 00:41:46,520

that it was caused by a disease and also

887

00:41:55,390 --> 00:41:51,830

I should point out that our book covers

888

00:42:00,340 --> 00:41:55,400

about four thousand years but these

889

00:42:02,770 --> 00:42:00,350

individuals persisted for another 1,000

890

00:42:05,410 --> 00:42:02,780

years or more after the period why book

891

00:42:07,510 --> 00:42:05,420

concludes in fact they there were many

892

00:42:09,520 --> 00:42:07,520

many hundreds of them found in the tombs

893

00:42:11,500 --> 00:42:09,530

of the Mississippian culture which is

894

00:42:15,640 --> 00:42:11,510

the culture that was still in existence

895

00:42:18,160 --> 00:42:15,650

at the time of European contact and the

896

00:42:21,270 --> 00:42:18,170

European explorers actually encountered

897

00:42:23,860 --> 00:42:21,280

several of these people I know there's a

898

00:42:27,400 --> 00:42:23,870

there's an excavation report in my

899

00:42:31,930 --> 00:42:27,410

possession of a ma'am that was excavated

900

00:42:34,090 --> 00:42:31,940

in North Carolina and this mail

901  
00:42:37,120 --> 00:42:34,100  
contained a skeleton between seven and

902  
00:42:40,390 --> 00:42:37,130  
eight feet tall and this mound actually

903  
00:42:43,030 --> 00:42:40,400  
dates to the 1600s and there there are

904  
00:42:47,230 --> 00:42:43,040  
Spanish trade goods that were buried

905  
00:42:49,840 --> 00:42:47,240  
with this individual so this is an

906  
00:42:53,860 --> 00:42:49,850  
aspect of ancient Native American

907  
00:42:57,610 --> 00:42:53,870  
anthropology as in terms of people today

908  
00:43:01,990 --> 00:42:57,620  
who are of exceptional height if you

909  
00:43:04,630 --> 00:43:02,000  
were to go to AP magazine online and

910  
00:43:06,490 --> 00:43:04,640  
look at the work of dr. Gregg little oh

911  
00:43:10,600 --> 00:43:06,500  
yes mm-hmm

912  
00:43:13,000 --> 00:43:10,610  
dr. little has statistically debunked

913  
00:43:15,070 --> 00:43:13,010

the idea that these were just you know

914

00:43:17,200 --> 00:43:15,080

the ancient world's basketball players

915

00:43:20,290 --> 00:43:17,210

or occasionally tall individuals and he

916

00:43:21,820 --> 00:43:20,300

did it using one single Idina mound

917

00:43:24,310 --> 00:43:21,830

group and that's the one here in

918

00:43:26,650 --> 00:43:24,320

Charleston where I live just using the

919

00:43:28,760 --> 00:43:26,660

sheer number of large skeletal remains

920

00:43:30,470 --> 00:43:28,770

found in this area

921

00:43:33,590 --> 00:43:30,480

so I would point people who are curious

922

00:43:35,390 --> 00:43:33,600

about that to dr. Little's essay on that

923

00:43:38,390 --> 00:43:35,400

it's very good we quoted it in our book

924

00:43:40,520 --> 00:43:38,400

at length and I think that'll open a lot

925

00:43:45,520 --> 00:43:40,530

of people's eyes to to the facts behind

926

00:43:48,109 --> 00:43:45,530

it you know I've often wondered when it

927

00:43:50,090 --> 00:43:48,119

come to it comes to the tall ones

928

00:43:53,240 --> 00:43:50,100

whether or not they may have represented

929

00:43:58,730 --> 00:43:53,250

you know like some kind of possibly you

930

00:44:00,530 --> 00:43:58,740

know archaic subgroup of of Homo sapiens

931

00:44:07,190 --> 00:44:00,540

you know where as you had said earlier

932

00:44:10,010 --> 00:44:07,200

we're now seeing that we owe some of our

933

00:44:12,920 --> 00:44:10,020

you know genetic and DNA makeup from

934

00:44:15,560 --> 00:44:12,930

Neanderthals and the the newly

935

00:44:18,200 --> 00:44:15,570

discovered Denisovans and then even some

936

00:44:20,330 --> 00:44:18,210

unknown our ghost species as they call

937

00:44:22,100 --> 00:44:20,340

them have been able to identify with so

938

00:44:25,430 --> 00:44:22,110

I mean you know could there be a

939

00:44:29,240 --> 00:44:25,440

possibility that that these people may

940

00:44:33,740 --> 00:44:29,250

have represented you know like a kissing

941

00:44:35,720 --> 00:44:33,750

cousin to homo sapiens that made their

942

00:44:39,380 --> 00:44:35,730

last stand here in North and South

943

00:44:43,420 --> 00:44:39,390

America exactly that's that's close to

944

00:44:46,130 --> 00:44:43,430

my position we're planning on eventually

945

00:44:50,660 --> 00:44:46,140

revealing our own origin theory to

946

00:44:52,609 --> 00:44:50,670

answer some of these questions but one

947

00:44:54,260 --> 00:44:52,619

thing about North America that I would

948

00:44:56,690 --> 00:44:54,270

advise people who study ancient

949

00:44:58,880 --> 00:44:56,700

mysteries to bear in mind is there are

950

00:45:00,710 --> 00:44:58,890

things that did not happen here that

951

00:45:03,740 --> 00:45:00,720

happened in the rest of the world for

952

00:45:06,290 --> 00:45:03,750

example the Neolithic Revolution that

953

00:45:09,080 --> 00:45:06,300

happened in Europe which got everyone on

954

00:45:11,270 --> 00:45:09,090

big Agri you know they used to believe

955

00:45:13,190 --> 00:45:11,280

that the introduction of grains and big

956

00:45:15,080 --> 00:45:13,200

Agri in ancient Europe was a huge

957

00:45:17,630 --> 00:45:15,090

breakthrough for mankind but we now know

958

00:45:19,970 --> 00:45:17,640

that it actually weakened the population

959

00:45:21,590 --> 00:45:19,980

and made them sick and weak we even see

960

00:45:25,700 --> 00:45:21,600

that it deteriorated their bone

961

00:45:27,320 --> 00:45:25,710

structure from there their ancestors so

962

00:45:29,420 --> 00:45:27,330

we did not see anything like that

963

00:45:32,480 --> 00:45:29,430

happened in North America until around

964

00:45:36,170 --> 00:45:32,490

1000 AD when large scale corn

965

00:45:38,599 --> 00:45:36,180

agriculture was introduced so there's a

966

00:45:40,160 --> 00:45:38,609

lot about the anthropological history of

967

00:45:42,170 --> 00:45:40,170

North America that's completely

968

00:45:42,380 --> 00:45:42,180

different from what we see in Europe and

969

00:45:48,500 --> 00:45:42,390

the

970

00:45:50,990 --> 00:45:48,510

Revolution we don't see controllers

971

00:45:53,829 --> 00:45:51,000

emerge here who who kept the population

972

00:45:56,120 --> 00:45:53,839

on a certain diet they remained

973

00:45:57,740 --> 00:45:56,130

hunter-gatherers for much longer in this

974

00:46:02,329 --> 00:45:57,750

part of the world and it may have been

975

00:46:06,849 --> 00:46:02,339

to their benefit you had mentioned that

976

00:46:12,339 --> 00:46:06,859

the a lot of these individuals had been

977

00:46:16,009 --> 00:46:12,349

cradle boarded I mean you know the the

978

00:46:18,259 --> 00:46:16,019

recently analyzed Peruvian skulls where

979

00:46:19,809 --> 00:46:18,269

Ill don't think that they're giants

980

00:46:22,099 --> 00:46:19,819

though I think that they're normal

981

00:46:23,960 --> 00:46:22,109

normal size except for their you know

982

00:46:27,799 --> 00:46:23,970

the upper part of their heads are just

983

00:46:30,920 --> 00:46:27,809

abnormally long I mean do you think that

984

00:46:35,319 --> 00:46:30,930

these possibly were influenced at one

985

00:46:38,059 --> 00:46:35,329

time by these earlier race of giants

986

00:46:40,849 --> 00:46:38,069

well the Peruvian culture isn't really

987

00:46:43,130 --> 00:46:40,859

connected to the Edina here in the ohio

988

00:46:44,990 --> 00:46:43,140

valley or their ancestors in the Great

989

00:46:47,660 --> 00:46:45,000

Lakes and the form of cranial

990

00:46:49,220 --> 00:46:47,670

deformation is completely different I'd

991

00:46:50,599 --> 00:46:49,230

like to point that out to people because

992

00:46:53,930 --> 00:46:50,609

a lot of people think they're the same

993

00:46:56,349 --> 00:46:53,940

the bharatas cranial deformation was

994

00:46:58,400 --> 00:46:56,359

accomplished largely with bandages and

995

00:47:00,529 --> 00:46:58,410

something that people don't realize

996

00:47:02,420 --> 00:47:00,539

about that is we've known in physical

997

00:47:05,420 --> 00:47:02,430

anthropology for a long time that when

998

00:47:07,460 --> 00:47:05,430

you use bandages to cause the skull to

999

00:47:10,359 --> 00:47:07,470

grow in a certain way it also causes the

1000

00:47:13,160 --> 00:47:10,369

sutures to disappear in many cases so

1001

00:47:15,200 --> 00:47:13,170

the cases of the missing sutures from

1002

00:47:17,450 --> 00:47:15,210

any of those piraka skulls is really

1003

00:47:21,380 --> 00:47:17,460

just a side effect of the bandages used

1004

00:47:23,509 --> 00:47:21,390

for cranial deformation but in terms of

1005

00:47:26,499 --> 00:47:23,519

the European DNA that you mentioned from

1006

00:47:29,359 --> 00:47:26,509

the paratus tests that have happened

1007

00:47:31,130 --> 00:47:29,369

genetic anthropologists in the last few

1008

00:47:34,910 --> 00:47:31,140

years have actually learned that the

1009

00:47:38,539 --> 00:47:34,920

earliest Native Americans to cross the

1010

00:47:40,190 --> 00:47:38,549

LAN bridge were in fact a part European

1011

00:47:41,480 --> 00:47:40,200

they shared all right I'm gonna have to

1012

00:47:43,069 --> 00:47:41,490

I'm gonna have to hold you there Jason

1013

00:47:43,840 --> 00:47:43,079

because we have to go to our break so

1014

00:47:45,730 --> 00:47:43,850

stay tuned

1015

00:47:58,420 --> 00:47:45,740

we'll be back in just a few minutes

1016

00:48:05,380 --> 00:48:02,930

explode the bazaars your e-ticket ride

1017

00:48:08,660 --> 00:48:05,390

into the world of the paranormal

1018

00:48:12,970 --> 00:48:08,670

strap yourself in as we traverse the

1019

00:48:16,090 --> 00:48:12,980

universe exploring the unexplained UFO s

1020

00:48:18,470 --> 00:48:16,100

ghosts lost world

1021

00:48:22,310 --> 00:48:18,480

cryptozoology as well as other

1022

00:48:27,470 --> 00:48:22,320

dimensions it's time to take back the

1023

00:48:30,620 --> 00:48:27,480

night now your electrifying hosts of

1024

00:48:36,620 --> 00:48:30,630

exploring the bizarre Timothy Begley and

1025

00:48:38,960 --> 00:48:36,630

team sports alright welcome back to the

1026

00:48:41,870 --> 00:48:38,970

second hour of exploring the bizarre I'm

1027

00:48:44,750 --> 00:48:41,880

Tim Schwartz along with Timothy green

1028

00:48:50,410 --> 00:48:44,760

Beckley who has just crawled up from the

1029

00:49:01,490 --> 00:48:53,660

well you know I had a skateboard so that

1030

00:49:02,950 --> 00:49:01,500

was okay and at least you could have

1031

00:49:06,860 --> 00:49:02,960

gotten like one of those hoverboards

1032

00:49:08,570 --> 00:49:06,870

yeah well you know gravity I don't know

1033

00:49:15,830 --> 00:49:08,580

if that would work because in some spots

1034

00:49:23,540 --> 00:49:15,840

gravity is upside down upside down there

1035

00:49:28,000 --> 00:49:23,550

you go all right well tablets and before

1036

00:49:35,050 --> 00:49:28,010

we talked to a Jason we as Stefan was

1037

00:49:37,730 --> 00:49:35,060

talking about his Mount Shasta

1038

00:49:40,160 --> 00:49:37,740

experiences but we had to cut him off

1039

00:49:42,290 --> 00:49:40,170

for our break and just at the point

1040

00:49:45,550 --> 00:49:42,300

where he was heading back to New York so

1041

00:49:49,580 --> 00:49:45,560

uh Stefan you want to continue on and

1042

00:49:52,070 --> 00:49:49,590

fill us in on what happened next

1043

00:49:54,680 --> 00:49:52,080

sure I pick up the timeline of October

1044

00:49:56,720 --> 00:49:54,690

of 2008 I get a phone call that my

1045

00:49:58,400 --> 00:49:56,730

brother is dying and so I go back to New

1046

00:50:00,260 --> 00:49:58,410

York you care for my brother and my mom

1047

00:50:04,400 --> 00:50:00,270

was in a wheelchair at the time so I

1048

00:50:06,260 --> 00:50:04,410

became you know the dedicated provider

1049

00:50:09,320 --> 00:50:06,270

football team but while I was back I

1050

00:50:11,390 --> 00:50:09,330

said would you some research so research

1051  
00:50:12,830 --> 00:50:11,400  
for about six months and then I decided

1052  
00:50:15,110 --> 00:50:12,840  
that I was going to go out to Mount

1053  
00:50:16,340 --> 00:50:15,120  
Shasta again cuz my mom we got a little

1054  
00:50:19,250 --> 00:50:16,350  
better and my brother's a little better

1055  
00:50:21,650 --> 00:50:19,260  
and I was able to to leave to go back up

1056  
00:50:23,720 --> 00:50:21,660  
to Shasta because I had gone off in the

1057  
00:50:26,240 --> 00:50:23,730  
Pacific was worked my way down from

1058  
00:50:27,500 --> 00:50:26,250  
Mount Rainier the Mount Adams is some of

1059  
00:50:29,690 --> 00:50:27,510  
the other mountains so I wanted to go

1060  
00:50:32,930 --> 00:50:29,700  
down all the way down to the mountain I

1061  
00:50:36,650 --> 00:50:32,940  
believe where the legend was surrounded

1062  
00:50:39,170 --> 00:50:36,660  
about was now Shasta so I did I in April

1063  
00:50:43,310 --> 00:50:39,180

2009 I came out to Mount Shasta and I

1064

00:50:44,780 --> 00:50:43,320

started going around the area and I felt

1065

00:50:46,550 --> 00:50:44,790

like I had been here before I walked

1066

00:50:48,320 --> 00:50:46,560

around I was with people that I met I

1067

00:50:49,460 --> 00:50:48,330

said make a left here make a right here

1068

00:50:51,530 --> 00:50:49,470

they go how do you know I says I just

1069

00:50:53,360 --> 00:50:51,540

know what I know but was like deja vu

1070

00:50:56,030 --> 00:50:53,370

but I thought that had been there before

1071

00:50:58,070 --> 00:50:56,040

so I was lecturing at the College of the

1072

00:51:00,290 --> 00:50:58,080

Siskiyou about the legend and some of

1073

00:51:02,450 --> 00:51:00,300

the elders from the mountain from them

1074

00:51:05,030 --> 00:51:02,460

thank you many foundations approached me

1075

00:51:07,160 --> 00:51:05,040

after my lecture and said you know what

1076

00:51:08,930 --> 00:51:07,170

you're talking about about the Giants

1077

00:51:11,090 --> 00:51:08,940

and the legend about Shasta it's all

1078

00:51:12,830 --> 00:51:11,100

true so a friend of mine who was with me

1079

00:51:15,590 --> 00:51:12,840

you know surprised that these elders

1080

00:51:18,320 --> 00:51:15,600

would confide in me so I asked I said

1081

00:51:21,380 --> 00:51:18,330

well I like to visit the amount shaft

1082

00:51:24,140 --> 00:51:21,390

springs resort which is on the property

1083

00:51:26,180 --> 00:51:24,150

that you now own which is from the

1084

00:51:28,430 --> 00:51:26,190

saint-germain foundation could I be

1085

00:51:30,140 --> 00:51:28,440

invited on so one of the elders invited

1086

00:51:33,650 --> 00:51:30,150

me onto the property so they're on the

1087

00:51:35,690 --> 00:51:33,660

property I saw the hotel the old grounds

1088

00:51:37,760 --> 00:51:35,700

and I and I was like yeah I've been here

1089

00:51:40,610 --> 00:51:37,770

before I know I stayed at this hotels as

1090

00:51:43,480 --> 00:51:40,620

we walked the grounds with permission of

1091

00:51:45,380 --> 00:51:43,490

course I saw the rock the soul

1092

00:51:47,210 --> 00:51:45,390

foundation that I believe was an

1093

00:51:48,860 --> 00:51:47,220

instrument that learned underneath Mount

1094

00:51:51,980 --> 00:51:48,870

Shasta there were a couple of different

1095

00:51:54,470 --> 00:51:51,990

basalt foundations that I came across so

1096

00:51:56,480 --> 00:51:54,480

I was fortunate and I was able to see

1097

00:51:58,360 --> 00:51:56,490

this so while there I began hiking near

1098

00:52:01,580 --> 00:51:58,370

the area and I've located some other

1099

00:52:05,720 --> 00:52:01,590

basalt rock formations that I was told

1100

00:52:09,800 --> 00:52:05,730

that using harmonic frequencies these

1101  
00:52:12,230 --> 00:52:09,810  
basalt rocks could open up to to a

1102  
00:52:14,000 --> 00:52:12,240  
tunnel and I so I tried fiddling around

1103  
00:52:16,049 --> 00:52:14,010  
with different vibrations the only thing

1104  
00:52:19,109 --> 00:52:16,059  
that happened to me I got bit by bees

1105  
00:52:20,279 --> 00:52:19,119  
mosquitoes I ran down by the river says

1106  
00:52:22,650 --> 00:52:20,289  
you know today's not a good day to

1107  
00:52:25,920 --> 00:52:22,660  
continue this but I realized that I had

1108  
00:52:27,509 --> 00:52:25,930  
to go back to do more research here so

1109  
00:52:31,289 --> 00:52:27,519  
while this is all happening I said well

1110  
00:52:33,569 --> 00:52:31,299  
I'm gonna I'm gonna film a TV show at

1111  
00:52:36,029 --> 00:52:33,579  
the college I was filming a show called

1112  
00:52:37,620 --> 00:52:36,039  
legend mystery and more and during the

1113  
00:52:39,749 --> 00:52:37,630

filming of my shows I would talk about

1114

00:52:41,939 --> 00:52:39,759

what I was fine in the area next thing I

1115

00:52:44,880 --> 00:52:41,949

know I find myself in July with a

1116

00:52:47,160 --> 00:52:44,890

two-page write-up in the Mount Shasta

1117

00:52:49,140 --> 00:52:47,170

Herald newspaper and all of a sudden you

1118

00:52:51,150 --> 00:52:49,150

know what I was doing was no longer

1119

00:52:53,400 --> 00:52:51,160

really a secret and I had people follow

1120

00:52:55,739 --> 00:52:53,410

me around town it was though I was like

1121

00:52:57,390 --> 00:52:55,749

EF Hutton whenever I spoke people were

1122

00:52:59,670 --> 00:52:57,400

you know bending your ear to listen so

1123

00:53:01,829 --> 00:52:59,680

it was kind of uncomfortable for me

1124

00:53:03,449 --> 00:53:01,839

there so I did this show through to

1125

00:53:06,120 --> 00:53:03,459

September and a friend of mine asked me

1126

00:53:08,160 --> 00:53:06,130

to produce his show up in Ashland OR

1127

00:53:10,229 --> 00:53:08,170

Oregon so when we went up I went to a

1128

00:53:11,819 --> 00:53:10,239

spiritual retreat for a couple weeks and

1129

00:53:14,039 --> 00:53:11,829

I get a phone call which is interesting

1130

00:53:16,859 --> 00:53:14,049

a friend calls me and this friend had

1131

00:53:18,929 --> 00:53:16,869

been one of my cameraman on my show he

1132

00:53:21,449 --> 00:53:18,939

also produced a show to ecology he calls

1133

00:53:22,469 --> 00:53:21,459

me says there's California accident dude

1134

00:53:25,559 --> 00:53:22,479

you're famous

1135

00:53:27,479 --> 00:53:25,569

Isis famous he goes yeah the FBI and the

1136

00:53:29,429 --> 00:53:27,489

u.s. Forest Service came to the TV

1137

00:53:31,439 --> 00:53:29,439

recording studio at the college and they

1138

00:53:34,439 --> 00:53:31,449

want to talk to you about digging a 6

1139

00:53:37,019 --> 00:53:34,449

teaspoons hole up on Mount Shasta so I

1140

00:53:38,969 --> 00:53:37,029

started laughing I says the forest

1141

00:53:41,279 --> 00:53:38,979

rangers and the FBI want to talk to me

1142

00:53:43,949 --> 00:53:41,289

about digging a hole I said this is

1143

00:53:45,749 --> 00:53:43,959

amusing so I gave my friend you know my

1144

00:53:48,089 --> 00:53:45,759

cell phone number I said look I'm not

1145

00:53:50,429 --> 00:53:48,099

coming down to check back to California

1146

00:53:52,439 --> 00:53:50,439

man Oregon for a bit but the FBI want to

1147

00:53:54,809 --> 00:53:52,449

talk to me here's my phone number but I

1148

00:53:56,729 --> 00:53:54,819

never got any phone call from them I

1149

00:53:59,099 --> 00:53:56,739

just you know blew it off as though you

1150

00:54:01,169 --> 00:53:59,109

know like she's a witch hunt you know

1151  
00:54:03,839 --> 00:54:01,179  
some somebody wants to pin this hole on

1152  
00:54:06,299 --> 00:54:03,849  
me I thought I didn't dig so the guy

1153  
00:54:09,630 --> 00:54:06,309  
goes oh what was there was there a hole

1154  
00:54:11,309 --> 00:54:09,640  
there or was a Vidia no it was a write

1155  
00:54:13,349 --> 00:54:11,319  
up about there was somebody when he

1156  
00:54:16,829 --> 00:54:13,359  
would with an excavation equipment and

1157  
00:54:19,829 --> 00:54:16,839  
actually dug out a 60 feet wide hole a

1158  
00:54:22,769 --> 00:54:19,839  
20 feet deep you know on the mountain so

1159  
00:54:24,839 --> 00:54:22,779  
somebody purposely dug this hole you

1160  
00:54:27,179 --> 00:54:24,849  
know looking for something and the FBI

1161  
00:54:29,339 --> 00:54:27,189  
if our service swore that I did it I

1162  
00:54:29,790 --> 00:54:29,349  
cracked up my saying this is like Mel's

1163  
00:54:31,820 --> 00:54:29,800

Hall

1164

00:54:33,870 --> 00:54:31,830

to blame you for something yeah I

1165

00:54:35,670 --> 00:54:33,880

happened to be in the area at the time

1166

00:54:37,770 --> 00:54:35,680

but I know wasn't me and I said the only

1167

00:54:39,810 --> 00:54:37,780

thing I dig things in twos with a shovel

1168

00:54:41,490 --> 00:54:39,820

and a spoon so everybody there at the

1169

00:54:43,860 --> 00:54:41,500

college defended me this is no stepping

1170

00:54:46,770 --> 00:54:43,870

wouldn't do that but I found myself and

1171

00:54:48,450 --> 00:54:46,780

uh in a quagmire here because there it

1172

00:54:50,400 --> 00:54:48,460

is people were trying not to throw me

1173

00:54:52,290 --> 00:54:50,410

under the bus and the FBI and say why

1174

00:54:54,750 --> 00:54:52,300

would the FBI what is it that I know

1175

00:54:56,100 --> 00:54:54,760

that they don't want me to to share with

1176

00:54:58,050 --> 00:54:56,110

people people started coming up to

1177

00:55:00,330 --> 00:54:58,060

Shafter looking for things all of a

1178

00:55:01,920 --> 00:55:00,340

sudden you know I caused a big uproar up

1179

00:55:04,290 --> 00:55:01,930

there and just Sleepy Hollow sort of a

1180

00:55:06,510 --> 00:55:04,300

setting so I was kind of a curious I

1181

00:55:09,390 --> 00:55:06,520

guess the government you know of uh you

1182

00:55:11,610 --> 00:55:09,400

know stirring the pot but I found myself

1183

00:55:13,440 --> 00:55:11,620

in this surveillance I said you know I'm

1184

00:55:14,820 --> 00:55:13,450

gonna go back up back to New York at

1185

00:55:16,860 --> 00:55:14,830

this point I said I don't feel

1186

00:55:19,110 --> 00:55:16,870

comfortable on the west coast were I

1187

00:55:22,020 --> 00:55:19,120

gotta sleep with one eye open people

1188

00:55:24,870 --> 00:55:22,030

were breaking into my apartment stealing

1189

00:55:26,730 --> 00:55:24,880

some of my devices my crashing my

1190

00:55:29,610 --> 00:55:26,740

computer looking for stuff and I go you

1191

00:55:31,860 --> 00:55:29,620

know this is not cool so I end up coming

1192

00:55:35,010 --> 00:55:31,870

back to New York n which is interesting

1193

00:55:36,540 --> 00:55:35,020

I find myself uh I'm standing I just

1194

00:55:38,430 --> 00:55:36,550

came out of the train station Penn

1195

00:55:40,050 --> 00:55:38,440

Station right by Madison Square going on

1196

00:55:42,420 --> 00:55:40,060

34th Street now if you're familiar with

1197

00:55:45,360 --> 00:55:42,430

I'm two blocks away

1198

00:55:47,310 --> 00:55:45,370

okay there's a lots of what yeah so you

1199

00:55:49,920 --> 00:55:47,320

can appreciate this I'm standing in

1200

00:55:52,020 --> 00:55:49,930

front of Penn Station where the steps go

1201  
00:55:53,460 --> 00:55:52,030  
down right there's a they had that

1202  
00:55:54,990 --> 00:55:53,470  
little coffee shop down the street

1203  
00:55:58,110 --> 00:55:55,000  
I'm standing all of a sudden I look

1204  
00:56:01,020 --> 00:55:58,120  
behind me and who's behind me the former

1205  
00:56:04,170 --> 00:56:01,030  
director robert muller of the FBI

1206  
00:56:06,240 --> 00:56:04,180  
standing directly behind me I look at

1207  
00:56:08,550 --> 00:56:06,250  
him and I knew what it was and I could

1208  
00:56:10,410 --> 00:56:08,560  
his breath was so bad I could smell it

1209  
00:56:13,680 --> 00:56:10,420  
so gives you an idea how close I was

1210  
00:56:16,320 --> 00:56:13,690  
standing to him so he looked at me like

1211  
00:56:18,540 --> 00:56:16,330  
his don't know if you know thoughts

1212  
00:56:21,180 --> 00:56:18,550  
could kill you know I was public enemy

1213  
00:56:23,310 --> 00:56:21,190

number one so soon as I saw that I took

1214

00:56:26,400 --> 00:56:23,320

out my cell phone camera I clicked him

1215

00:56:28,920 --> 00:56:26,410

and I walked about 15 feet away who do I

1216

00:56:30,780 --> 00:56:28,930

see now I catch the assistant director

1217

00:56:32,970 --> 00:56:30,790

of New York Joseph Damaris

1218

00:56:35,280 --> 00:56:32,980

only a few feet away standing by the

1219

00:56:37,380 --> 00:56:35,290

wall acting coy with a Jing but gym bag

1220

00:56:39,360 --> 00:56:37,390

and now he's got me under surveillance

1221

00:56:40,720 --> 00:56:39,370

all right they got my cell phone camera

1222

00:56:44,290 --> 00:56:40,730

again you know I

1223

00:56:45,730 --> 00:56:44,300

camouflage I grabbed his photo so right

1224

00:56:48,580 --> 00:56:45,740

after that I says you know this is

1225

00:56:50,140 --> 00:56:48,590

nonsense so I decided I was going to

1226

00:56:51,580 --> 00:56:50,150

create some Flyers there's one of the

1227

00:56:53,080 --> 00:56:51,590

things I'm not proud of I went and I

1228

00:56:55,240 --> 00:56:53,090

took the Flyers of the assistant

1229

00:57:02,020 --> 00:56:55,250

director and I put them on every police

1230

00:57:05,620 --> 00:57:02,030

car that I could find in Brooklyn what

1231

00:57:07,810 --> 00:57:05,630

works for me so there I go in a new

1232

00:57:09,580 --> 00:57:07,820

friend who is a detective right and he

1233

00:57:11,680 --> 00:57:09,590

says are you back from California I go

1234

00:57:14,730 --> 00:57:11,690

yeah so take care my mom my brother look

1235

00:57:17,710 --> 00:57:14,740

at these photos and I had you you know

1236

00:57:19,330 --> 00:57:17,720

surveillance Singh Dhoni cameras see it

1237

00:57:21,820 --> 00:57:19,340

on YouTube so I put up a YouTube video

1238

00:57:24,010 --> 00:57:21,830

of the assistant director so you want to

1239

00:57:26,620 --> 00:57:24,020

follow me you know followers I called

1240

00:57:28,660 --> 00:57:26,630

his office and I said so this is I love

1241

00:57:31,180 --> 00:57:28,670

to speak to Joe and his assistant says

1242

00:57:33,430 --> 00:57:31,190

you know Joe yeah yeah I know Joe put

1243

00:57:36,010 --> 00:57:33,440

him on so she puts him on the phone I

1244

00:57:39,490 --> 00:57:36,020

said Joe this is stuff in Sedona you

1245

00:57:41,410 --> 00:57:39,500

know in February 22nd 2010 220 in the

1246

00:57:43,570 --> 00:57:41,420

afternoon for the master square guard he

1247

00:57:45,280 --> 00:57:43,580

goes who I said you know the guy you

1248

00:57:47,950 --> 00:57:45,290

were following you had me under

1249

00:57:49,930 --> 00:57:47,960

surveillance you and your boss Robert

1250

00:57:52,120 --> 00:57:49,940

Mueller it's all over Sonny wants to get

1251

00:57:54,520 --> 00:57:52,130

off the phone is Joseph want to tell you

1252

00:57:58,060 --> 00:57:54,530

something if you got something against

1253

00:57:59,860 --> 00:57:58,070

me charge me you tell Robert Mueller the

1254

00:58:04,870 --> 00:57:59,870

same thing I don't appreciate you guys

1255

00:58:08,890 --> 00:58:04,880

following me so after that I I go back

1256

00:58:11,320 --> 00:58:08,900

to California and I'm in front of Mount

1257

00:58:13,930 --> 00:58:11,330

Shasta Boulevard and now my brother is

1258

00:58:15,190 --> 00:58:13,940

dying and I get a phone call you got to

1259

00:58:17,920 --> 00:58:15,200

come back to New York you know your

1260

00:58:19,780 --> 00:58:17,930

brother's about to die and I coming in a

1261

00:58:22,630 --> 00:58:19,790

restaurant figuring ok now I gotta get a

1262

00:58:23,950 --> 00:58:22,640

flight whatever and so I'm trying to

1263

00:58:25,480 --> 00:58:23,960

figure out how long didn't negotiate all

1264

00:58:27,940 --> 00:58:25,490

this all of a sudden I look across the

1265

00:58:30,250 --> 00:58:27,950

street who do I see but I see Joe the

1266

00:58:31,810 --> 00:58:30,260

marriage the former FBI director who

1267

00:58:33,310 --> 00:58:31,820

from New York who I ran out of New York

1268

00:58:35,500 --> 00:58:33,320

they had him in Washington at this point

1269

00:58:37,180 --> 00:58:35,510

and he's got his arms folded looking at

1270

00:58:39,700 --> 00:58:37,190

me like like what are you gonna do

1271

00:58:42,000 --> 00:58:39,710

and I'm looking at him like so the girls

1272

00:58:46,450 --> 00:58:42,010

would said do you know him

1273

00:58:48,220 --> 00:58:46,460

go yeah kinda sorta so I walked past him

1274

00:58:49,990 --> 00:58:48,230

right he's got a baseball cap on I had

1275

00:58:52,110 --> 00:58:50,000

one or two and I just like tip my hat to

1276

00:58:54,270 --> 00:58:52,120

him he tips his hat he has

1277

00:58:56,130 --> 00:58:54,280

hands folded and I walk past them the

1278

00:58:58,980 --> 00:58:56,140

girl on which says you do know him who

1279

00:59:00,780 --> 00:58:58,990

is he I said he used to be the FBI

1280

00:59:02,160 --> 00:59:00,790

director in New York I said but he's

1281

00:59:05,100 --> 00:59:02,170

probably a little pissed off at me

1282

00:59:07,500 --> 00:59:05,110

because I put him out there like a cat

1283

00:59:10,740 --> 00:59:07,510

in the night so right after that you

1284

00:59:12,450 --> 00:59:10,750

know I I guess my apartment broken into

1285

00:59:13,770 --> 00:59:12,460

again in California they were looking

1286

00:59:16,310 --> 00:59:13,780

for stuff I said you guys must be

1287

00:59:19,410 --> 00:59:16,320

looking for their photos you know so

1288

00:59:22,020 --> 00:59:19,420

when I got why why why would they be

1289

00:59:27,900 --> 00:59:22,030

telling you so closely I mean going to

1290

00:59:30,630 --> 00:59:27,910

Mount Shasta isn't exactly a crime no no

1291

00:59:32,970 --> 00:59:30,640

no no what I think it was it had a lot

1292

00:59:35,460 --> 00:59:32,980

to do with 9/11 I discovered things

1293

00:59:37,740 --> 00:59:35,470

about 9/11 you know the inside job of it

1294

00:59:39,780 --> 00:59:37,750

and my fact I have it on my websites and

1295

00:59:43,170 --> 00:59:39,790

stuff and they didn't like the fact that

1296

00:59:45,240 --> 00:59:43,180

I contact the FBI back in 2001 with

1297

00:59:47,550 --> 00:59:45,250

information as to who did it how it

1298

00:59:49,350 --> 00:59:47,560

happened and you FBI blew me off and

1299

00:59:52,890 --> 00:59:49,360

Muller was just given the job at that

1300

00:59:54,720 --> 00:59:52,900

time too you need to be the FBI director

1301

00:59:57,330 --> 00:59:54,730

so he was pissed off at me because you

1302

01:00:00,060 --> 00:59:57,340

know I could have evidence to prove that

1303

01:00:02,850 --> 01:00:00,070

you know this was done by a covert group

1304

01:00:05,910 --> 01:00:02,860

and I was doing very able to put

1305

01:00:09,030 --> 01:00:05,920

together the dots so I think to me that

1306

01:00:11,280 --> 01:00:09,040

was Robert mullahs motivation was to

1307

01:00:19,170 --> 01:00:11,290

stop me from telling all about you know

1308

01:00:20,760 --> 01:00:19,180

the 9/11 cover-up amazing you know I had

1309

01:00:23,100 --> 01:00:20,770

to step up to the plate you know I'm

1310

01:00:25,580 --> 01:00:23,110

calling and say hey you know like don't

1311

01:00:28,170 --> 01:00:25,590

do this I call the FBI and I called

1312

01:00:29,310 --> 01:00:28,180

Molly's office I said Muller right you

1313

01:00:30,420 --> 01:00:29,320

know when I talked them all he's not

1314

01:00:31,020 --> 01:00:30,430

here right now so leave him a message

1315

01:00:34,200 --> 01:00:31,030

for me

1316

01:00:36,480 --> 01:00:34,210

tell him I don't scare easy tell him

1317

01:00:39,150 --> 01:00:36,490

I'll buy him lunch but he needs to stop

1318

01:00:41,280 --> 01:00:39,160

so now I watch him now going after Trump

1319

01:00:42,990 --> 01:00:41,290

you know the witch hunt and that's why

1320

01:00:45,660 --> 01:00:43,000

tonight I wanted to share this with you

1321

01:00:47,430 --> 01:00:45,670

because if he has something to say maybe

1322

01:00:50,730 --> 01:00:47,440

we'll hear it tomorrow in the Daily News

1323

01:00:53,580 --> 01:00:50,740

I'd love to see him debate me about what

1324

01:00:54,690 --> 01:00:53,590

I I state to be you know true but

1325

01:00:57,360 --> 01:00:54,700

they've been for a couple years now

1326  
01:00:59,790 --> 01:00:57,370  
wanting these photos and trying to find

1327  
01:01:01,350 --> 01:00:59,800  
this stuff and they know I had the

1328  
01:01:04,140 --> 01:01:01,360  
assistant director put him out there

1329  
01:01:04,620 --> 01:01:04,150  
with Sindona camera so Rob Imola wants

1330  
01:01:07,890 --> 01:01:04,630  
to retire

1331  
01:01:09,600 --> 01:01:07,900  
lyer you know with an untainted image

1332  
01:01:11,880 --> 01:01:09,610  
and I'm one of the people who can

1333  
01:01:13,650 --> 01:01:11,890  
prevent that especially if I go public

1334  
01:01:15,860 --> 01:01:13,660  
with some more you know of the

1335  
01:01:18,720 --> 01:01:15,870  
revelations that I'm sharing tonight

1336  
01:01:21,330 --> 01:01:18,730  
when I promised before the break you

1337  
01:01:23,070 --> 01:01:21,340  
were going to tell us what you had

1338  
01:01:26,640 --> 01:01:23,080

learned about the Philadelphia

1339

01:01:28,380 --> 01:01:26,650

Experiment this recent yes I I got your

1340

01:01:32,220 --> 01:01:28,390

book recently this is what prompted me

1341

01:01:35,880 --> 01:01:32,230

to contact you because the experiment to

1342

01:01:40,260 --> 01:01:35,890

me was something that was very bizarre

1343

01:01:42,870 --> 01:01:40,270

in nature because a lot of people won't

1344

01:01:45,510 --> 01:01:42,880

believe it unless it happens to them and

1345

01:01:48,060 --> 01:01:45,520

when it happens to you all the sudden

1346

01:01:50,910 --> 01:01:48,070

you go oh my god you're like I can't

1347

01:01:53,910 --> 01:01:50,920

just count this here so I'm looking here

1348

01:01:56,300 --> 01:01:53,920

my notes here and here like for example

1349

01:01:58,980 --> 01:01:56,310

when I first read the book there about

1350

01:02:01,800 --> 01:01:58,990

Alby Locke in 19th year so what happened

1351  
01:02:04,170 --> 01:02:01,810  
with the magnetical each making a ship

1352  
01:02:06,710 --> 01:02:04,180  
invisible and by locating and people

1353  
01:02:09,870 --> 01:02:06,720  
getting frozen to hold of the ship and

1354  
01:02:11,970 --> 01:02:09,880  
changing the very wall of time and space

1355  
01:02:13,440 --> 01:02:11,980  
it was kind of interesting but when I

1356  
01:02:16,530 --> 01:02:13,450  
read further into it

1357  
01:02:18,660 --> 01:02:16,540  
well dr. Jessup and the mind control and

1358  
01:02:20,820 --> 01:02:18,670  
how they were doing things what I

1359  
01:02:25,140 --> 01:02:20,830  
realized I was having problems with my

1360  
01:02:27,090 --> 01:02:25,150  
television set my aspect ratio my TV was

1361  
01:02:28,620 --> 01:02:27,100  
changing and all of a sudden it was the

1362  
01:02:30,240 --> 01:02:28,630  
TV was putting me asleep and I was

1363  
01:02:32,550 --> 01:02:30,250

getting hit with electromagnetic

1364

01:02:35,010 --> 01:02:32,560

frequency waves through my television

1365

01:02:37,290 --> 01:02:35,020

set I was getting bruises on my body was

1366

01:02:39,360 --> 01:02:37,300

knocking me out and I was saying to

1367

01:02:42,510 --> 01:02:39,370

myself this can't this I've been

1368

01:02:44,780 --> 01:02:42,520

disconnected my cable service from the

1369

01:02:48,420 --> 01:02:44,790

Time Warner Cable so I went and I bought

1370

01:02:50,760 --> 01:02:48,430

some amplified antennas figuring okay so

1371

01:02:53,490 --> 01:02:50,770

I can't have cable now so let me get an

1372

01:02:56,580 --> 01:02:53,500

amplified antenna only to learn that the

1373

01:03:00,030 --> 01:02:56,590

frequency that you run to another

1374

01:03:04,170 --> 01:03:00,040

control someone is between like 425 to

1375

01:03:07,410 --> 01:03:04,180

450 megahertz so these amplifiers I

1376

01:03:09,720 --> 01:03:07,420

bought had a range from 450 to like 700

1377

01:03:12,870 --> 01:03:09,730

I'm saying wow this could blow my brain

1378

01:03:14,520 --> 01:03:12,880

up and from the book there I learned

1379

01:03:18,000 --> 01:03:14,530

that in Vietnam they were using these

1380

01:03:20,280 --> 01:03:18,010

frequencies to affect the virion

1381

01:03:24,720 --> 01:03:20,290

and shatter their eardrums you know that

1382

01:03:27,120 --> 01:03:24,730

that 1450 range so after learning is I

1383

01:03:28,830 --> 01:03:27,130

was able to determine like anything a

1384

01:03:32,310 --> 01:03:28,840

bug detector there was a guy sitting

1385

01:03:36,570 --> 01:03:32,320

outside my window and he was holding a

1386

01:03:38,520 --> 01:03:36,580

handheld device using the antenna up on

1387

01:03:40,680 --> 01:03:38,530

the building across the street from me

1388

01:03:44,850 --> 01:03:40,690

and that in China was giving him the

1389

01:03:47,550 --> 01:03:44,860

power to send EMF raised with emissions

1390

01:03:50,790 --> 01:03:47,560

like was like you know like radar giving

1391

01:03:53,250 --> 01:03:50,800

me like cancer type affects of my body I

1392

01:03:54,630 --> 01:03:53,260

went to a doctor and the Chinese doctor

1393

01:03:56,850 --> 01:03:54,640

I have said to me do you work in a

1394

01:03:58,740 --> 01:03:56,860

nuclear facility I said no he says well

1395

01:04:01,920 --> 01:03:58,750

you have the you know the beginnings of

1396

01:04:04,140 --> 01:04:01,930

cancer Isis really and then I realized

1397

01:04:06,210 --> 01:04:04,150

this guy across the street was hitting

1398

01:04:09,180 --> 01:04:06,220

me with these harmful rays so I started

1399

01:04:12,330 --> 01:04:09,190

to to investigate more about what what

1400

01:04:15,660 --> 01:04:12,340

do I have to do so I ended up not using

1401

01:04:17,460 --> 01:04:15,670

cable no more internet because they were

1402

01:04:19,230 --> 01:04:17,470

like hacking my internet and that's why

1403

01:04:21,480 --> 01:04:19,240

like I'm on the phone I couldn't have

1404

01:04:24,900 --> 01:04:21,490

Skype any more they would disconnect all

1405

01:04:26,910 --> 01:04:24,910

my electronics incoming all hours of the

1406

01:04:29,340 --> 01:04:26,920

night and steal my stuff and oh this is

1407

01:04:31,410 --> 01:04:29,350

nuts but the EMF raised they were having

1408

01:04:34,590 --> 01:04:31,420

people outside 24 hours a day

1409

01:04:36,930 --> 01:04:34,600

sending Harpal Singh was to me and they

1410

01:04:39,690 --> 01:04:36,940

would even take my TV set and change the

1411

01:04:42,000 --> 01:04:39,700

language from American to a secondary

1412

01:04:44,280 --> 01:04:42,010

audio program and give me Spanish okay

1413

01:04:46,350 --> 01:04:44,290

well who else you got and I realized you

1414

01:04:51,240 --> 01:04:46,360

know this is crazy so I'm having to buy

1415

01:04:53,910 --> 01:04:51,250

a portable generator and now when I lose

1416

01:04:56,100 --> 01:04:53,920

my appliance Tim I plug my generator

1417

01:04:58,350 --> 01:04:56,110

into my ellic whether it's my TV my

1418

01:05:00,060 --> 01:04:58,360

computer whatever to be able to use my

1419

01:05:02,430 --> 01:05:00,070

product so that way I don't have

1420

01:05:04,950 --> 01:05:02,440

somebody hitting me through a wall plate

1421

01:05:08,160 --> 01:05:04,960

so whoever these people are and I

1422

01:05:11,250 --> 01:05:08,170

learned the people are there are the

1423

01:05:13,290 --> 01:05:11,260

Jews they're the city Jews Justin black

1424

01:05:16,500 --> 01:05:13,300

I'll call them the black Hatter's and

1425

01:05:18,750 --> 01:05:16,510

these guys around New York they don't

1426

01:05:21,930 --> 01:05:18,760

work all day and what they do is they're

1427

01:05:24,000 --> 01:05:21,940

they have unsuspecting citizens under

1428

01:05:25,620 --> 01:05:24,010

surveillance trying to hurt them but no

1429

01:05:28,470 --> 01:05:25,630

one would believe it because they say oh

1430

01:05:31,330 --> 01:05:28,480

this guy is holier than thou you know

1431

01:05:34,300 --> 01:05:31,340

he's religious well my name is Stefan

1432

01:05:36,610 --> 01:05:34,310

Abraham singh dhoni and i can tell you

1433

01:05:39,160 --> 01:05:36,620

that i am not anti-semitic my mother was

1434

01:05:41,650 --> 01:05:39,170

a jew but when somebody's trying to hurt

1435

01:05:43,840 --> 01:05:41,660

you Tim you got to call them on it what

1436

01:05:45,430 --> 01:05:43,850

they're doing I have no problem when I'm

1437

01:05:48,070 --> 01:05:45,440

telling you because I can back it up and

1438

01:05:51,550 --> 01:05:48,080

show you with meters and show you what's

1439

01:05:55,600 --> 01:05:51,560

going on and the thing is I want this to

1440

01:05:57,460 --> 01:05:55,610

stop now why it has to stop is because

1441

01:05:59,530 --> 01:05:57,470

I'll give you a real good one you've got

1442

01:06:01,210 --> 01:05:59,540

the Empire State Building you got the

1443

01:06:02,740 --> 01:06:01,220

Chrysler Building you've got the One

1444

01:06:07,500 --> 01:06:02,750

World Trade Center tower

1445

01:06:10,600 --> 01:06:07,510

they all have needlenose high powered

1446

01:06:13,870 --> 01:06:10,610

antennas on their roofs New Yorkers walk

1447

01:06:15,210 --> 01:06:13,880

around trim all in a daze like they're

1448

01:06:21,160 --> 01:06:15,220

zombies

1449

01:06:23,200 --> 01:06:21,170

think about it thank you I'm not I'm not

1450

01:06:25,600 --> 01:06:23,210

sure that I could agree with you there

1451

01:06:28,930 --> 01:06:25,610

they're not the people that I know are

1452

01:06:30,580 --> 01:06:28,940

awful hardworking and hustling types of

1453

01:06:34,300 --> 01:06:30,590

individuals who are artists and

1454

01:06:36,190 --> 01:06:34,310

musicians and and book authors although

1455

01:06:42,850 --> 01:06:36,200

I certainly could use a little bit a

1456

01:06:46,840 --> 01:06:42,860

shot of energy from from time to from

1457

01:06:48,940 --> 01:06:46,850

time to time but I'm not talking about

1458

01:06:53,080 --> 01:06:48,950

ginseng I'm talking about people going

1459

01:06:55,240 --> 01:06:53,090

ahead and using electromagnets frequency

1460

01:06:59,770 --> 01:06:55,250

energy against people who don't drink

1461

01:07:02,440 --> 01:06:59,780

the kool-aid how do you know how do you

1462

01:07:05,110 --> 01:07:02,450

know if you're under I would call that

1463

01:07:08,610 --> 01:07:05,120

under the general category of a big

1464

01:07:11,740 --> 01:07:08,620

under psychic attack or mental attack or

1465

01:07:14,920 --> 01:07:11,750

I'll give you one one one ways you know

1466

01:07:16,300 --> 01:07:14,930

is if you have dreams and planting in

1467

01:07:18,010 --> 01:07:16,310

your head when you're sleeping or have

1468

01:07:20,050 --> 01:07:18,020

thoughts about wanting to hurt yourself

1469

01:07:22,180 --> 01:07:20,060

or all of a sudden you're watching a

1470

01:07:24,190 --> 01:07:22,190

program and you want to cry where you

1471

01:07:26,020 --> 01:07:24,200

said or you're upset or you just get

1472

01:07:27,400 --> 01:07:26,030

pissed off and you're angry so they'll

1473

01:07:30,100 --> 01:07:27,410

go ahead and change all your emotions

1474

01:07:32,110 --> 01:07:30,110

this is so explaining your book yeah the

1475

01:07:33,820 --> 01:07:32,120

Philadelphia Experiment and what they've

1476

01:07:36,340 --> 01:07:33,830

done but they perfected this to the

1477

01:07:38,680 --> 01:07:36,350

point where a lot of people walking

1478

01:07:40,330 --> 01:07:38,690

around have these handheld devices and

1479

01:07:41,980 --> 01:07:40,340

they're hurting people unbeknownst to

1480

01:07:43,670 --> 01:07:41,990

the people that are that are out there

1481

01:07:47,180 --> 01:07:43,680

walking the streets or in their

1482

01:07:49,880 --> 01:07:47,190

for that matter what can you say and

1483

01:07:52,100 --> 01:07:49,890

help devices what what are they what are

1484

01:07:55,130 --> 01:07:52,110

they made of I mean what do they do

1485

01:07:57,800 --> 01:07:55,140

exactly well I know what they look like

1486

01:08:00,050 --> 01:07:57,810

it looks like an iPad or an iPod yeah I

1487

01:08:01,580 --> 01:08:00,060

mean they make it look like an Apple

1488

01:08:03,680 --> 01:08:01,590

device is what they make it look like

1489

01:08:05,360 --> 01:08:03,690

that I dunno I was almost tempted to

1490

01:08:07,640 --> 01:08:05,370

grab the one from the guy cause she just

1491

01:08:08,810 --> 01:08:07,650

take it from him but I didn't want to do

1492

01:08:10,040 --> 01:08:08,820

it because I'm thinking if I do that

1493

01:08:12,290 --> 01:08:10,050

they call the police and all of a sudden

1494

01:08:13,880 --> 01:08:12,300

yes it's a hate hate crime against the

1495

01:08:16,070 --> 01:08:13,890

Jew whereas this one's you against the

1496

01:08:18,110 --> 01:08:16,080

other as I said you know what I said I

1497

01:08:21,320 --> 01:08:18,120

got to leave that alone but I just know

1498

01:08:23,420 --> 01:08:21,330

that this is what they're doing I even

1499

01:08:25,070 --> 01:08:23,430

confronted the guy in and I went out

1500

01:08:26,510 --> 01:08:25,080

confirm I says why are you doing this to

1501

01:08:29,270 --> 01:08:26,520

me all of a sudden he goes you're making

1502

01:08:31,160 --> 01:08:29,280

a big mistake and above my head Jim was

1503

01:08:32,840 --> 01:08:31,170

the black helicopter at the moment I

1504

01:08:35,000 --> 01:08:32,850

confronted him and then two g's walked

1505

01:08:36,860 --> 01:08:35,010

out on the street I guess they thought I

1506

01:08:38,210 --> 01:08:36,870

was gonna like hit him or something

1507

01:08:40,400 --> 01:08:38,220

which I would never do I wouldn't get

1508

01:08:42,080 --> 01:08:40,410

down to you know a level like that but I

1509

01:08:45,500 --> 01:08:42,090

realized they were trying to bait me and

1510

01:08:47,810 --> 01:08:45,510

set me up and then a couple weeks ago I

1511

01:08:50,840 --> 01:08:47,820

see him and he yells with me I'm gonna

1512

01:08:53,570 --> 01:08:50,850

get you um ever I go you know what I

1513

01:08:55,340 --> 01:08:53,580

said you're threatening me so we know

1514

01:08:57,200 --> 01:08:55,350

what I did I made a joke of us I went I

1515

01:08:59,570 --> 01:08:57,210

got a friend who's a rabbi who I built a

1516

01:09:03,770 --> 01:08:59,580

website for I brought the rabbi over to

1517

01:09:05,630 --> 01:09:03,780

his house to talk to him and I gotta get

1518

01:09:08,450 --> 01:09:05,640

some religion in this man so the rabbi

1519

01:09:10,100 --> 01:09:08,460

and I go over to his place and as we get

1520

01:09:11,960 --> 01:09:10,110

to his floor he comes out of the

1521

01:09:14,960 --> 01:09:11,970

elevator and he runs into the elevator

1522

01:09:17,960 --> 01:09:14,970

to get past me and the rabbi he blows

1523

01:09:21,410 --> 01:09:17,970

past us I say you mr. ghost no no no

1524

01:09:23,120 --> 01:09:21,420

when he ran and surround I said to him I

1525

01:09:24,980 --> 01:09:23,130

know that was there but he doesn't want

1526

01:09:26,870 --> 01:09:24,990

the competition so I even could like the

1527

01:09:28,160 --> 01:09:26,880

building management and I told the

1528

01:09:30,470 --> 01:09:28,170

building management they says well if

1529

01:09:32,330 --> 01:09:30,480

he's doing that you better run so I said

1530

01:09:34,970 --> 01:09:32,340

no no I'm not gonna run I said he made

1531

01:09:37,670 --> 01:09:34,980

the biggest mistake I am a moviemaker

1532

01:09:38,690 --> 01:09:37,680

I can make a youtube movie and like a

1533

01:09:41,170 --> 01:09:38,700

New York minute

1534

01:09:43,280 --> 01:09:41,180

and I just tell like it is you know what

1535

01:09:45,740 --> 01:09:43,290

people will say you know stopping

1536

01:09:46,610 --> 01:09:45,750

wouldn't say this if it wasn't true I'm

1537

01:09:48,980 --> 01:09:46,620

not crying wolf

1538

01:09:51,590 --> 01:09:48,990

I got wounds on my body that I've been

1539

01:09:54,380 --> 01:09:51,600

here you know I have discoloration on my

1540

01:09:56,360 --> 01:09:54,390

face and and my voice is raspy as you

1541

01:09:57,350 --> 01:09:56,370

can probably hear but enough is enough

1542

01:10:00,020 --> 01:09:57,360

but

1543

01:10:01,630 --> 01:10:00,030

I plan to on my website share more with

1544

01:10:05,120 --> 01:10:01,640

people about what's really happening

1545

01:10:07,280 --> 01:10:05,130

because I've had enough of people giving

1546

01:10:09,680 --> 01:10:07,290

you know criminals a pass

1547

01:10:11,270 --> 01:10:09,690

well letting people get away with these

1548

01:10:13,250 --> 01:10:11,280

things because there's a lot of people

1549

01:10:15,350 --> 01:10:13,260

as you know that come out and say things

1550

01:10:17,390 --> 01:10:15,360

next thing you know never to be heard

1551  
01:10:19,850 --> 01:10:17,400  
from all the sudden he mysteriously die

1552  
01:10:21,350 --> 01:10:19,860  
they go oh he just had a early heart

1553  
01:10:23,240 --> 01:10:21,360  
attack or whatever well the guy was 15

1554  
01:10:25,160 --> 01:10:23,250  
years old so how does that happen so

1555  
01:10:27,890 --> 01:10:25,170  
you've got to realize there were people

1556  
01:10:31,460 --> 01:10:27,900  
out there that don't want this existing

1557  
01:10:34,730 --> 01:10:31,470  
paradigm to change and I would just we

1558  
01:10:37,940 --> 01:10:34,740  
would just working on a new book here

1559  
01:10:40,610 --> 01:10:37,950  
about the UFOs and the hostility factor

1560  
01:10:45,550 --> 01:10:40,620  
and we have a section in there on this

1561  
01:10:48,320 --> 01:10:45,560  
fellow you know a Mack spear who was in

1562  
01:10:52,130 --> 01:10:48,330  
Poland and all of a sudden he started

1563  
01:10:55,360 --> 01:10:52,140

regurgitate black substance or goo and

1564

01:11:00,950 --> 01:10:55,370

then he died under strange circumstances

1565

01:11:03,710 --> 01:11:00,960

and the Polish authorities who did an

1566

01:11:07,160 --> 01:11:03,720

autopsy on him or something of that sort

1567

01:11:09,650 --> 01:11:07,170

said that he died of natural causes but

1568

01:11:13,220 --> 01:11:09,660

his mother said well that's absolutely

1569

01:11:14,720 --> 01:11:13,230

impossible and they bought my body Sam

1570

01:11:15,950 --> 01:11:14,730

I'm gonna have to enter you have to

1571

01:11:17,780 --> 01:11:15,960

interrupt you here because we have to go

1572

01:11:20,450 --> 01:11:17,790

to our bottom of the hour break so we'll

1573

01:11:23,000 --> 01:11:20,460

continue this conversation for more on

1574

01:11:32,489 --> 01:11:23,010

exploring the bizarre stay tuned well go

1575

01:11:39,220 --> 01:11:36,640

now back to exploring the bazaars with

1576  
01:11:42,220 --> 01:11:39,230  
two of the most electrifying researchers

1577  
01:11:48,160 --> 01:11:42,230  
in the Paranoid your hosts Timothy

1578  
01:11:50,379 --> 01:11:48,170  
Rebecca Lee panting sports all right Tim

1579  
01:11:52,989 --> 01:11:50,389  
here we are at the bottom of the our

1580  
01:11:56,080 --> 01:11:52,999  
last segment of the program so I want to

1581  
01:12:00,339 --> 01:11:56,090  
ask Jason well I've got the chance now

1582  
01:12:01,899 --> 01:12:00,349  
Jason I live in Indiana and as you well

1583  
01:12:06,609 --> 01:12:01,909  
know I mean you know we have a really

1584  
01:12:08,379 --> 01:12:06,619  
rich history here of a lot of especially

1585  
01:12:12,910 --> 01:12:08,389  
in the 19th century of you know

1586  
01:12:15,220 --> 01:12:12,920  
archeological digs uncovering the bones

1587  
01:12:18,160 --> 01:12:15,230  
of the of the tall ones so I mean they

1588  
01:12:21,689 --> 01:12:18,170

were mentioned quite a bit and local

1589

01:12:26,830 --> 01:12:21,699

newspapers and in archeological

1590

01:12:30,819 --> 01:12:26,840

magazines and and reviews but the

1591

01:12:32,649 --> 01:12:30,829

critics the you know the skeptics of all

1592

01:12:34,359 --> 01:12:32,659

of this say well you know all this

1593

01:12:37,149 --> 01:12:34,369

survey it didn't happen it was just

1594

01:12:40,540 --> 01:12:37,159

hoaxes you know if they if they were

1595

01:12:44,020 --> 01:12:40,550

real where are the bones yes where are

1596

01:12:46,209 --> 01:12:44,030

the bones well first of all Indiana is

1597

01:12:48,310 --> 01:12:46,219

one of the most important states in

1598

01:12:50,470 --> 01:12:48,320

researching this subject I think in our

1599

01:12:54,189 --> 01:12:50,480

book it has a prominent place in at

1600

01:12:56,709 --> 01:12:54,199

least three different chapters the the

1601

01:13:00,609 --> 01:12:56,719

tall ones were in Indiana for thousands

1602

01:13:02,770 --> 01:13:00,619

of years we have many instances of the

1603

01:13:05,500 --> 01:13:02,780

large skeletons found in the tombs of

1604

01:13:10,200 --> 01:13:05,510

the Glacial cane culture in Indiana

1605

01:13:17,979 --> 01:13:10,210

which dates from about 1300 BC to around

1606

01:13:20,439 --> 01:13:17,989

500 BC between 300 BC and 500 AD the

1607

01:13:24,520 --> 01:13:20,449

Edina and Hopewell mounds and earthworks

1608

01:13:28,359 --> 01:13:24,530

in Indiana including the Edina mounds in

1609

01:13:33,910 --> 01:13:28,369

the whitewater valley yielded many large

1610

01:13:35,540 --> 01:13:33,920

skeletal remains so in terms of the

1611

01:13:38,270 --> 01:13:35,550

bones

1612

01:13:43,180 --> 01:13:38,280

to begin with the Smithsonian

1613

01:13:47,649 --> 01:13:43,190

Institution does not have a warehouse

1614

01:13:51,950 --> 01:13:47,659

housing the bones of these individuals a

1615

01:13:54,160 --> 01:13:51,960

part of our research involved actually

1616

01:13:56,959 --> 01:13:54,170

getting access to the manuscript

1617

01:13:59,569 --> 01:13:56,969

journals the handwritten journals of the

1618

01:14:03,620 --> 01:13:59,579

Smithsonian agents who did excavate the

1619

01:14:08,540 --> 01:14:03,630

large skeletons in the late 1800s and in

1620

01:14:12,229 --> 01:14:08,550

many of these manuscripts the agents

1621

01:14:15,500 --> 01:14:12,239

mentioned that the the bones were

1622

01:14:17,270 --> 01:14:15,510

destroyed shortly after excavation in

1623

01:14:20,870 --> 01:14:17,280

some cases they didn't know how to

1624

01:14:23,810 --> 01:14:20,880

properly dig the bones out of the fire

1625

01:14:26,560 --> 01:14:23,820

hardened clay tombs that they had been

1626  
01:14:29,149 --> 01:14:26,570  
buried in and the bones were destroyed

1627  
01:14:32,299 --> 01:14:29,159  
and even when the Smithsonian did

1628  
01:14:36,709 --> 01:14:32,309  
receive bones from many of these sites

1629  
01:14:41,569 --> 01:14:36,719  
it was just the skull or a portion of

1630  
01:14:45,589 --> 01:14:41,579  
the skeleton that being said we have

1631  
01:14:48,680 --> 01:14:45,599  
found several places where the bones of

1632  
01:14:54,470 --> 01:14:48,690  
the tall ones of at least a few of them

1633  
01:14:58,040 --> 01:14:54,480  
are probably still preserved but none of

1634  
01:15:00,620 --> 01:14:58,050  
those places are directly affiliated as

1635  
01:15:05,560 --> 01:15:00,630  
an extension of the Smithsonian

1636  
01:15:08,359 --> 01:15:05,570  
Institution what I will say also is that

1637  
01:15:09,950 --> 01:15:08,369  
several of the archaeologists and

1638  
01:15:13,100 --> 01:15:09,960

antiquarians that unearthed these

1639

01:15:17,120 --> 01:15:13,110

skeletons photographed them for example

1640

01:15:20,080 --> 01:15:17,130

if you were to look at mounds for the

1641

01:15:24,169 --> 01:15:20,090

dead a book by Don dragoo published in

1642

01:15:27,220 --> 01:15:24,179

1963 there is a photograph of a of one

1643

01:15:30,859 --> 01:15:27,230

of these large skeletons in the tomb and

1644

01:15:32,839 --> 01:15:30,869

the thing about about this phenomenon is

1645

01:15:35,510 --> 01:15:32,849

there are so many fake photographs and

1646

01:15:37,359 --> 01:15:35,520

sensational stories on the internet that

1647

01:15:41,689 --> 01:15:37,369

people go into it with unrealistic

1648

01:15:44,720 --> 01:15:41,699

expectations we do have in our book

1649

01:15:48,919 --> 01:15:44,730

several instances when Smithsonian

1650

01:15:49,370 --> 01:15:48,929

agents and also a an antiquarian from

1651  
01:15:52,640 --> 01:15:49,380  
New York

1652  
01:15:56,270 --> 01:15:52,650  
state measure these large remains by the

1653  
01:15:57,890 --> 01:15:56,280  
femur this the femur measurements are

1654  
01:16:00,830 --> 01:15:57,900  
really important because a lot of

1655  
01:16:02,360 --> 01:16:00,840  
skeptics today say that these people you

1656  
01:16:04,250 --> 01:16:02,370  
know in the 1800's didn't know how to

1657  
01:16:05,959 --> 01:16:04,260  
measure a skeleton well they were they

1658  
01:16:10,189 --> 01:16:05,969  
were measuring them with the femur bones

1659  
01:16:12,020 --> 01:16:10,199  
and with the femur measurements we found

1660  
01:16:14,060 --> 01:16:12,030  
from the Smithsonian it confirmed

1661  
01:16:16,160 --> 01:16:14,070  
several skeletons seven and eight feet

1662  
01:16:20,360 --> 01:16:16,170  
between seven and eight feet in height

1663  
01:16:22,910 --> 01:16:20,370

and the skeleton from New York State

1664

01:16:25,850 --> 01:16:22,920

which came from a burial mound in New

1665

01:16:28,280 --> 01:16:25,860

York State if the femur measurements are

1666

01:16:30,080 --> 01:16:28,290

correct for that skeleton that we found

1667

01:16:31,850 --> 01:16:30,090

in the documentation then that would

1668

01:16:36,110 --> 01:16:31,860

have been an individual around eight and

1669

01:16:41,689 --> 01:16:36,120

a half feet tall so there there are

1670

01:16:44,689 --> 01:16:41,699

bones that still exist but if we pursue

1671

01:16:47,209 --> 01:16:44,699

the idea that there is some type of

1672

01:16:49,970 --> 01:16:47,219

arcane warehouse here in the states

1673

01:16:52,129 --> 01:16:49,980

where the the the large mound builder

1674

01:16:53,629 --> 01:16:52,139

remains and other large remains from

1675

01:16:56,570 --> 01:16:53,639

this part of the country would have been

1676

01:16:59,180 --> 01:16:56,580

sort of shuttled off to we're wasting

1677

01:17:01,280 --> 01:16:59,190

our energy because that is not what

1678

01:17:05,110 --> 01:17:01,290

actually happened to the bones

1679

01:17:08,300 --> 01:17:05,120

well now has there been attempt by the

1680

01:17:13,310 --> 01:17:08,310

Smithsonian and other Institute's to

1681

01:17:18,470 --> 01:17:13,320

cover up some of this yes there there

1682

01:17:23,270 --> 01:17:18,480

has there has been the issue the issue

1683

01:17:24,560 --> 01:17:23,280

in my opinion is that most of the time

1684

01:17:26,720 --> 01:17:24,570

when people talk about a Smithsonian

1685

01:17:29,090 --> 01:17:26,730

cover-up it's not placed in the proper

1686

01:17:31,640 --> 01:17:29,100

context and I can do that for you now

1687

01:17:34,040 --> 01:17:31,650

if you think it would be interesting oh

1688

01:17:37,129 --> 01:17:34,050

yeah I say it would yes sure

1689

01:17:39,680 --> 01:17:37,139

well first of all but no researcher is

1690

01:17:41,660 --> 01:17:39,690

perfect and this is this is just what we

1691

01:17:43,490 --> 01:17:41,670

published in our book in an

1692

01:17:46,490 --> 01:17:43,500

investigation that we did trying to

1693

01:17:49,910 --> 01:17:46,500

determine really why this subject became

1694

01:17:51,229 --> 01:17:49,920

so taboo because you know when you when

1695

01:17:52,640 --> 01:17:51,239

you look at it and you look at the

1696

01:17:54,830 --> 01:17:52,650

evidence and what it actually is you

1697

01:17:58,370 --> 01:17:54,840

naturally wonder well why is this so

1698

01:18:00,830 --> 01:17:58,380

controversial and the only real way to

1699

01:18:03,050 --> 01:18:00,840

answer the question is to go back to

1700

01:18:08,090 --> 01:18:03,060

when the cover-up

1701

01:18:10,520 --> 01:18:08,100

actually occurred so during the 1800s

1702

01:18:12,980 --> 01:18:10,530

the Smithsonian and other

1703

01:18:15,730 --> 01:18:12,990

anthropologists freely acknowledged

1704

01:18:18,650 --> 01:18:15,740

these remains you can find the

1705

01:18:20,810 --> 01:18:18,660

documentation of many of the large

1706

01:18:24,950 --> 01:18:20,820

skeletons and the Smithsonian's own

1707

01:18:27,080 --> 01:18:24,960

reports in the 1880s and 1890s

1708

01:18:34,270 --> 01:18:27,090

most of these are published on

1709

01:18:39,050 --> 01:18:34,280

archive.org but what occurred is that in

1710

01:18:42,560 --> 01:18:39,060

1910 a man named alias hurdle it became

1711

01:18:46,150 --> 01:18:42,570

the head of the department of

1712

01:18:50,240 --> 01:18:46,160

anthropology at the Smithsonian and

1713

01:18:54,470 --> 01:18:50,250

heard litsa who is a an anthropologist

1714

01:18:58,910 --> 01:18:54,480  
from Czechoslovakia or littke became the

1715

01:19:01,700 --> 01:18:58,920  
first Giants denier of influence heard

1716

01:19:03,350 --> 01:19:01,710  
lishka attacked the idea that these

1717

01:19:06,320 --> 01:19:03,360  
remains had ever been found in

1718

01:19:08,510 --> 01:19:06,330  
interviews and even in most of his

1719

01:19:11,180 --> 01:19:08,520  
scientific papers he would insert some

1720

01:19:14,270 --> 01:19:11,190  
passage somewhere talking about how

1721

01:19:17,360 --> 01:19:14,280  
foolish the idea of of these large

1722

01:19:19,070 --> 01:19:17,370  
skeletons was and that's very

1723

01:19:20,840 --> 01:19:19,080  
interesting because by the time he

1724

01:19:23,500 --> 01:19:20,850  
became curator the Department of

1725

01:19:26,600 --> 01:19:23,510  
Anthropology the Smithsonian itself had

1726

01:19:30,230 --> 01:19:26,610

had documented many of these own remains

1727

01:19:32,570 --> 01:19:30,240

in their own files and under the

1728

01:19:35,330 --> 01:19:32,580

guidance of her lishka the Department of

1729

01:19:38,630 --> 01:19:35,340

Anthropology engaged in full-blown

1730

01:19:41,750 --> 01:19:38,640

denial of the existence of the gigantic

1731

01:19:44,630 --> 01:19:41,760

skeletons unearthed by its own agents in

1732

01:19:46,430 --> 01:19:44,640

the late 1800s and the key to

1733

01:19:49,370 --> 01:19:46,440

understanding this the key to

1734

01:19:52,070 --> 01:19:49,380

understanding her lishka I believe lies

1735

01:19:54,890 --> 01:19:52,080

in the fact that he was a prominent

1736

01:19:58,820 --> 01:19:54,900

member of the American eugenics society

1737

01:20:02,330 --> 01:19:58,830

I don't know how much you guys know

1738

01:20:05,300 --> 01:20:02,340

about the American eugenics society hmm

1739

01:20:07,430 --> 01:20:05,310

but it was really the genesis of what

1740

01:20:09,740 --> 01:20:07,440

people today called the New World Order

1741

01:20:12,740 --> 01:20:09,750

right yeah and they Hitler was a big

1742

01:20:14,870 --> 01:20:12,750

believer in genetics was he not all

1743

01:20:15,470 --> 01:20:14,880

right we'll get to him in a moment yeah

1744

01:20:16,350 --> 01:20:15,480

okay

1745

01:20:18,750 --> 01:20:16,360

the

1746

01:20:21,060 --> 01:20:18,760

American eugenics society was funded by

1747

01:20:24,720 --> 01:20:21,070

the Rockefeller Carnegie and Harriman

1748

01:20:27,930 --> 01:20:24,730

families the Society wanted to eradicate

1749

01:20:30,030 --> 01:20:27,940

the poor minorities and every bloodline

1750

01:20:33,930 --> 01:20:30,040

in the United States that was not of

1751

01:20:36,990 --> 01:20:33,940

Nordic or Anglo Saxon descent the

1752

01:20:39,859 --> 01:20:37,000

program included the elimination of

1753

01:20:44,430 --> 01:20:39,869

Native Americans african-americans Jews

1754

01:20:46,709 --> 01:20:44,440

Hispanics and even Caucasians who were

1755

01:20:50,430 --> 01:20:46,719

of southern Italian and East European

1756

01:20:52,979 --> 01:20:50,440

descent also on their list for

1757

01:20:54,899 --> 01:20:52,989

termination was any family that had

1758

01:20:58,260 --> 01:20:54,909

experienced more than one generation of

1759

01:21:01,470 --> 01:20:58,270

poverty and in order to achieve their

1760

01:21:05,580 --> 01:21:01,480

goals the American eugenics society

1761

01:21:07,919 --> 01:21:05,590

needed anthropology so what they did was

1762

01:21:09,660 --> 01:21:07,929

they fully staffed the American

1763

01:21:12,930 --> 01:21:09,670

Association for the Advancement of

1764

01:21:16,350 --> 01:21:12,940

science and the Smithsonian with you

1765

01:21:19,760 --> 01:21:16,360

Genesis and those eugenicist

1766

01:21:22,530 --> 01:21:19,770

then set about rewriting prehistory and

1767

01:21:26,120 --> 01:21:22,540

anthropology to create a type of

1768

01:21:29,370 --> 01:21:26,130

hierarchy of human race with the

1769

01:21:32,160 --> 01:21:29,380

ancestry of the races they considered

1770

01:21:35,970 --> 01:21:32,170

pure at the top and the races that they

1771

01:21:37,800 --> 01:21:35,980

despised at the bottom now what's very

1772

01:21:40,850 --> 01:21:37,810

important about this is one of the

1773

01:21:44,010 --> 01:21:40,860

criteria that made one's own self

1774

01:21:47,700 --> 01:21:44,020

related to a superior race was having

1775

01:21:49,370 --> 01:21:47,710

ancestors of gigantic stature and this

1776

01:21:52,950 --> 01:21:49,380

is something that's been largely

1777

01:21:57,770 --> 01:21:52,960

overlooked or simply not found in many

1778

01:22:01,109 --> 01:21:57,780

of the documentation of this group the

1779

01:22:03,770 --> 01:22:01,119

new genesis in America and Europe were

1780

01:22:07,500 --> 01:22:03,780

completely obsessed with ancient Giants

1781

01:22:10,229 --> 01:22:07,510

you can look at the writings of Houston

1782

01:22:13,229 --> 01:22:10,239

Stewart Chamberlain who inspired Hitler

1783

01:22:16,649 --> 01:22:13,239

you can look at Madison grant the great

1784

01:22:19,680 --> 01:22:16,659

American eugenicist you can look at

1785

01:22:22,020 --> 01:22:19,690

their writings and they always associate

1786

01:22:25,379 --> 01:22:22,030

their own ancestors who they called

1787

01:22:28,080 --> 01:22:25,389

Aryans or Nordics with ancient giants

1788

01:22:30,330 --> 01:22:28,090

including the ancient Giants of the

1789

01:22:35,220 --> 01:22:30,340

Bible the Canaanites and the

1790

01:22:37,890 --> 01:22:35,230

my rights so in the United States the

1791

01:22:40,589 --> 01:22:37,900

existence of these anthropologically

1792

01:22:42,689 --> 01:22:40,599

superior people in Native American

1793

01:22:45,229 --> 01:22:42,699

ancestry that have been recovered from

1794

01:22:47,609 --> 01:22:45,239

the ancient tombs posed a problem

1795

01:22:49,649 --> 01:22:47,619

because if they were going to eliminate

1796

01:22:52,890 --> 01:22:49,659

the Native Americans and they wanted to

1797

01:22:55,589 --> 01:22:52,900

eliminate them a hundred percent the

1798

01:22:58,080 --> 01:22:55,599

large remains in their own ancestry was

1799

01:23:00,290 --> 01:22:58,090

something of an issue because that would

1800

01:23:03,600 --> 01:23:00,300

mean that they had ancestors who were

1801  
01:23:06,600 --> 01:23:03,610  
anthropologically equal to that of the

1802  
01:23:10,589 --> 01:23:06,610  
eugenicist themselves so how did they

1803  
01:23:13,560 --> 01:23:10,599  
deal with it issue well what they did at

1804  
01:23:15,810 --> 01:23:13,570  
this point in time of the Smithsonian

1805  
01:23:18,120 --> 01:23:15,820  
had enormous influence over the

1806  
01:23:20,280 --> 01:23:18,130  
university circuit and this is really

1807  
01:23:24,649 --> 01:23:20,290  
the genesis of what we today call the

1808  
01:23:28,200 --> 01:23:24,659  
peer review process and they edited the

1809  
01:23:30,839 --> 01:23:28,210  
existence of basically any skeleton that

1810  
01:23:33,419 --> 01:23:30,849  
was more than six feet or six and a half

1811  
01:23:35,250 --> 01:23:33,429  
feet tall out of their own documentation

1812  
01:23:36,780 --> 01:23:35,260  
they refused to acknowledge them and

1813  
01:23:42,300 --> 01:23:36,790

they refused to acknowledge them to the

1814

01:23:44,040 --> 01:23:42,310

present day but again this doesn't make

1815

01:23:46,080 --> 01:23:44,050

sense unless we put it in the proper

1816

01:23:48,899 --> 01:23:46,090

historical context in which this

1817

01:23:51,300 --> 01:23:48,909

happened it happened at a time when

1818

01:23:54,959 --> 01:23:51,310

archeology and anthropology were being

1819

01:23:58,490 --> 01:23:54,969

used in America and Europe as an excuse

1820

01:24:03,180 --> 01:23:58,500

to decide who deserve to live and die

1821

01:24:04,890 --> 01:24:03,190

based on a racial hierarchy at the same

1822

01:24:08,280 --> 01:24:04,900

time that this was happening in the

1823

01:24:10,680 --> 01:24:08,290

United States the early precursors of

1824

01:24:13,020 --> 01:24:10,690

the Nazi movement who were also funded

1825

01:24:17,479 --> 01:24:13,030

by the Rockefeller Foundation the

1826

01:24:21,930 --> 01:24:17,489

Rockefeller family they were busy

1827

01:24:23,760 --> 01:24:21,940

forming a similar categorization for the

1828

01:24:26,280 --> 01:24:23,770

ancient cultures in Europe in fact there

1829

01:24:29,490 --> 01:24:26,290

were two major archaeological divisions

1830

01:24:31,500 --> 01:24:29,500

of the SS and the purpose of those

1831

01:24:33,930 --> 01:24:31,510

archaeological divisions one of which

1832

01:24:36,780 --> 01:24:33,940

was headed up by Heinrich Himmler was to

1833

01:24:39,270 --> 01:24:36,790

find evidence of superior human beings

1834

01:24:41,580 --> 01:24:39,280

at archaeological sites where they

1835

01:24:44,010 --> 01:24:41,590

believe prehistoric Germanic people had

1836

01:24:46,830 --> 01:24:44,020

been buried so there was an obsession

1837

01:24:50,580 --> 01:24:46,840

with determining whose ancestors were a

1838

01:24:53,670 --> 01:24:50,590

part of what they believed in their

1839

01:24:56,520 --> 01:24:53,680

sickness to be an ancient super race

1840

01:25:02,160 --> 01:24:56,530

that eventually became known to world

1841

01:25:04,740 --> 01:25:02,170

infamy as the Aryans hmm you you ought

1842

01:25:07,590 --> 01:25:04,750

to have you done any actual right right

1843

01:25:09,930 --> 01:25:07,600

ll got this yes this is in this is all

1844

01:25:11,100 --> 01:25:09,940

in in my book that I just that we just

1845

01:25:14,150 --> 01:25:11,110

published in December

1846

01:25:17,430 --> 01:25:14,160

there's an entire PostScript that covers

1847

01:25:20,690 --> 01:25:17,440

everything that I just mentioned and it

1848

01:25:24,560 --> 01:25:20,700

also covers a lot more territory we have

1849

01:25:27,570 --> 01:25:24,570

profiles of all the major players in

1850

01:25:31,920 --> 01:25:27,580

American and European eugenics in the

1851  
01:25:36,510 --> 01:25:31,930  
book and we actually found clothes from

1852  
01:25:38,580 --> 01:25:36,520  
those very people which confirm what I

1853  
01:25:40,440 --> 01:25:38,590  
just shared with you can concerning

1854  
01:25:44,010 --> 01:25:40,450  
their belief systems so this is their

1855  
01:25:46,140 --> 01:25:44,020  
words not mine you know at tip it it

1856  
01:25:48,980 --> 01:25:46,150  
dawns on me now that we actually found

1857  
01:25:51,630 --> 01:25:48,990  
an old manuscript and you did a cover

1858  
01:25:54,090 --> 01:25:51,640  
for it and I can't remember the title of

1859  
01:25:56,580 --> 01:25:54,100  
the books but it was on it was written

1860  
01:26:01,860 --> 01:25:56,590  
in Germany I guess around the the time

1861  
01:26:04,890 --> 01:26:01,870  
of the Second World War just before and

1862  
01:26:07,140 --> 01:26:04,900  
does that ring a bell yeah it does and I

1863  
01:26:11,670 --> 01:26:07,150

can't I can't remember what the title

1864

01:26:13,740 --> 01:26:11,680

was we I don't even think that we have a

1865

01:26:18,450 --> 01:26:13,750

copy of the book you know we put it out

1866

01:26:20,520 --> 01:26:18,460

as kind of a curiosity piece because the

1867

01:26:24,420 --> 01:26:20,530

topic from a scientific point of view

1868

01:26:29,100 --> 01:26:24,430

was very popular here from the turn of

1869

01:26:32,120 --> 01:26:29,110

the the century up until I guess the you

1870

01:26:35,310 --> 01:26:32,130

know World War two or shortly thereafter

1871

01:26:38,730 --> 01:26:35,320

there were a lot of adherence to the

1872

01:26:40,440 --> 01:26:38,740

that whole concept and in theory but

1873

01:26:42,600 --> 01:26:40,450

can't remember what the title of the

1874

01:26:44,880 --> 01:26:42,610

book is and I think the printer printer

1875

01:26:47,940 --> 01:26:44,890

went out of business a long time ago

1876

01:26:49,860 --> 01:26:47,950

that did that one and so it's unless I

1877

01:26:53,790 --> 01:26:49,870

can buy one of my own books on eBay has

1878

01:26:55,710 --> 01:26:53,800

gone into obscurity well yeah it was

1879

01:26:57,929 --> 01:26:55,720

like that remember the title you can't

1880

01:26:59,759 --> 01:26:57,939

can't find the book even

1881

01:27:01,830 --> 01:26:59,769

well you know it's interesting though

1882

01:27:07,219 --> 01:27:01,840

because you know what he was talking

1883

01:27:10,080 --> 01:27:07,229

about the the the groups of Nazi

1884

01:27:13,409 --> 01:27:10,090

archaeologists who went you know like

1885

01:27:16,109 --> 01:27:13,419

across the globe looking for evidence to

1886

01:27:18,060 --> 01:27:16,119

to back up their whole you know Aryan

1887

01:27:19,379 --> 01:27:18,070

superior race type of theory

1888

01:27:23,580 --> 01:27:19,389

I mean we've written about that

1889

01:27:26,069 --> 01:27:23,590

extensively especially when they went to

1890

01:27:30,000 --> 01:27:26,079

places say like it on Nepal and Tibet

1891

01:27:32,279 --> 01:27:30,010

and possibly even Antarctica you know

1892

01:27:34,890 --> 01:27:32,289

looking for say like you know shangri-la

1893

01:27:37,350 --> 01:27:34,900

or possibly you know entrances to the

1894

01:27:40,049 --> 01:27:37,360

Inner Earth to try to find that route

1895

01:27:43,049 --> 01:27:40,059

race that they believed existed that's

1896

01:27:44,819 --> 01:27:43,059

what this was all about the Nazis may

1897

01:27:47,429 --> 01:27:44,829

have called it the route race based on

1898

01:27:49,589 --> 01:27:47,439

Helena Blavatsky and several other

1899

01:27:52,080 --> 01:27:49,599

people's work but here in the United

1900

01:27:54,779 --> 01:27:52,090

States you had people like Madison Grant

1901

01:27:55,919 --> 01:27:54,789

who simply rebranded them the Nordics

1902

01:27:59,489 --> 01:27:55,929

it's very important that people

1903

01:28:02,659 --> 01:27:59,499

understand that it was translated into

1904

01:28:04,979 --> 01:28:02,669

an American forum and the

1905

01:28:07,799 --> 01:28:04,989

anthropologists were so successful at

1906

01:28:11,359 --> 01:28:07,809

lobbying the US government to pass

1907

01:28:13,830 --> 01:28:11,369

policies based on this idea that a

1908

01:28:18,959 --> 01:28:13,840

barbaric period of American history

1909

01:28:22,649 --> 01:28:18,969

began over 60,000 people in 27 US states

1910

01:28:26,100 --> 01:28:22,659

were legally sterilized some medical

1911

01:28:29,100 --> 01:28:26,110

institutions were advised to use lethal

1912

01:28:30,479 --> 01:28:29,110

neglect to to basically murder patients

1913

01:28:34,319 --> 01:28:30,489

who didn't have the right genetic

1914

01:28:38,310 --> 01:28:34,329

pedigree well we have found in our own

1915

01:28:42,509 --> 01:28:38,320

research into the UFO phenomena that

1916

01:28:46,909 --> 01:28:42,519

there is a certainly a trace or more

1917

01:28:50,219 --> 01:28:46,919

than actual a trace of Nazi and Aryan

1918

01:28:52,500 --> 01:28:50,229

philosophy that has filtered into the

1919

01:28:55,080 --> 01:28:52,510

into the year subject you've got of

1920

01:28:58,290 --> 01:28:55,090

course the the Aryan looking Nordics

1921

01:29:02,129 --> 01:28:58,300

that's supposedly land and intermingle

1922

01:29:04,709 --> 01:29:02,139

with our society but some of the society

1923

01:29:08,239 --> 01:29:04,719

that they they philosophically the

1924

01:29:11,520 --> 01:29:08,249

spouse is very similar to that of the

1925

01:29:11,910 --> 01:29:11,530

Nazi philosophy and others of it isn't

1926

01:29:14,760 --> 01:29:11,920

what

1927

01:29:17,640 --> 01:29:14,770

makes it a little bit more complex and

1928

01:29:20,510 --> 01:29:17,650

all but some people don't realize that

1929

01:29:25,560 --> 01:29:20,520

Elise in the early days of a UFO

1930

01:29:27,840 --> 01:29:25,570

contacts that a large number of the the

1931

01:29:30,330 --> 01:29:27,850

crew members of these craft I talked

1932

01:29:32,850 --> 01:29:30,340

with a German accent er talked amongst

1933

01:29:36,240 --> 01:29:32,860

themselves action and actually in the

1934

01:29:38,760 --> 01:29:36,250

German and Tim was it at that Barney

1935

01:29:41,430 --> 01:29:38,770

Hill when he looked up into the that

1936

01:29:44,850 --> 01:29:41,440

object in the in the sky there and in

1937

01:29:47,280 --> 01:29:44,860

the New England thought that the the

1938

01:29:49,560 --> 01:29:47,290

head fellow on board that he can see

1939

01:29:52,830 --> 01:29:49,570

through the port look like a Nazi oh

1940

01:29:55,380 --> 01:29:52,840

yeah yeah he he said in fact that the

1941

01:29:59,070 --> 01:29:55,390

the guy looking back down at him was

1942

01:30:01,320 --> 01:29:59,080

wearing a kind of like a German type of

1943

01:30:05,939 --> 01:30:01,330

leather military outfit you know with

1944

01:30:07,800 --> 01:30:05,949

the hat and everything you know

1945

01:30:10,860 --> 01:30:07,810

yeah you have the stories that you've

1946

01:30:13,950 --> 01:30:10,870

written about the Tim down in the the

1947

01:30:17,390 --> 01:30:13,960

polar regions were supposedly the

1948

01:30:20,820 --> 01:30:17,400

Germans were in exile and there's a

1949

01:30:23,550 --> 01:30:20,830

group of giants that are supposed to be

1950

01:30:25,290 --> 01:30:23,560

situated there I guess inside the the

1951

01:30:27,650 --> 01:30:25,300

earth of course it's all kind of very

1952

01:30:31,340 --> 01:30:27,660

speculative and you kind of join it draw

1953

01:30:34,020 --> 01:30:31,350

draw your own conclusions on on this but

1954

01:30:39,150 --> 01:30:34,030

it certainly does tie in and it was a

1955

01:30:42,000 --> 01:30:39,160

fascinating you know itself if I could

1956

01:30:45,030 --> 01:30:42,010

interject for a second Tim yeah the

1957

01:30:48,060 --> 01:30:45,040

smoky guard which here's the story all

1958

01:30:50,100 --> 01:30:48,070

law for Jansen is polish yeah we have we

1959

01:30:51,930 --> 01:30:50,110

got it we have a 400-page addition to

1960

01:30:54,180 --> 01:30:51,940

that one out yeah well one of the things

1961

01:30:57,090 --> 01:30:54,190

you need to do is and see my research on

1962

01:31:00,150 --> 01:30:57,100

that because I I was able to find the

1963

01:31:01,979 --> 01:31:00,160

captain Angus Macpherson who was born

1964

01:31:04,350 --> 01:31:01,989

and died in Scotland who actually picked

1965

01:31:06,240 --> 01:31:04,360

up hold off chance and I was able to

1966

01:31:08,970 --> 01:31:06,250

validate all that Jantzen living in

1967

01:31:11,100 --> 01:31:08,980

Chicago and then moving to Los Angeles

1968

01:31:15,090 --> 01:31:11,110

before he died and telling the story to

1969

01:31:18,000 --> 01:31:15,100

Willis George Emerson so he did exist

1970

01:31:20,070 --> 01:31:18,010

and I was able to prove the man's

1971

01:31:22,439 --> 01:31:20,080

existence so if there's something people

1972

01:31:24,430 --> 01:31:22,449

go on my son Tony says site to actually

1973

01:31:26,380 --> 01:31:24,440

see because there is an

1974

01:31:28,720 --> 01:31:26,390

earth hollow opening if you go around

1975

01:31:30,939 --> 01:31:28,730

bathroom base some of the deepest waters

1976

01:31:34,330 --> 01:31:30,949

in the world with the strongest currents

1977

01:31:37,240 --> 01:31:34,340

and I think like we even in a 1960s go

1978

01:31:38,800 --> 01:31:37,250

for nuclear warheads into that waters to

1979

01:31:42,070 --> 01:31:38,810

do what and then they spent the next

1980

01:31:44,170 --> 01:31:42,080

nine months going down with you know

1981

01:31:47,800 --> 01:31:44,180

ships there and going down with

1982

01:31:50,380 --> 01:31:47,810

submersibles other devices to try to see

1983

01:31:53,110 --> 01:31:50,390

if they can penetrate that area of the

1984

01:31:55,570 --> 01:31:53,120

world so there is things going on well I

1985

01:31:58,240 --> 01:31:55,580

think we I think we publish more books

1986

01:32:00,340 --> 01:31:58,250

on the inner Earth's and the Hollow

1987

01:32:03,220 --> 01:32:00,350

Earth mystery and the in the shaver

1988

01:32:04,600 --> 01:32:03,230

mystery than anyone I we probably have

1989

01:32:06,600 --> 01:32:04,610

what Tim close to thirty different

1990

01:32:10,900 --> 01:32:06,610

titles

1991

01:32:12,640 --> 01:32:10,910

yeah we're we're coming towards the the

1992

01:32:16,000 --> 01:32:12,650

end of the midnight hour is approaching

1993

01:32:18,130 --> 01:32:16,010

here on the East Coast and we want to

1994

01:32:22,510 --> 01:32:18,140

take it around the table one more time

1995

01:32:25,959 --> 01:32:22,520

and have our guest of the evening they

1996

01:32:29,560 --> 01:32:25,969

tell us where the listeners can get

1997

01:32:31,150 --> 01:32:29,570

ahold of them and find out more so why

1998

01:32:35,200 --> 01:32:31,160

don't we go ahead with the giants and

1999

01:32:39,160 --> 01:32:35,210

find out where the website is and what

2000

01:32:42,400 --> 01:32:39,170

the books are and how we can get more

2001

01:32:47,470 --> 01:32:42,410

information okay well my website is

2002

01:32:49,959 --> 01:32:47,480

paradigm collision comm you can actually

2003

01:32:52,180 --> 01:32:49,969

read a lot of the articles that I've

2004

01:32:55,330 --> 01:32:52,190

written and my wife Sarah is written for

2005

01:32:58,240 --> 01:32:55,340

free on the website the book is called

2006

01:33:00,939 --> 01:32:58,250

ages of the Giants a cultural history of

2007

01:33:04,920 --> 01:33:00,949

the tall ones in prehistoric America and

2008

01:33:08,979 --> 01:33:04,930

you can get it on lulu.com that's lu-lu

2009

01:33:10,600 --> 01:33:08,989

calm and I'm also on Facebook if anyone

2010

01:33:15,209 --> 01:33:10,610

would like to connect if anyone's still

2011

01:33:17,650 --> 01:33:15,219

there in light of the Zuckerberg Fiasco

2012

01:33:19,420 --> 01:33:17,660

what I what I want to know is what

2013

01:33:23,260 --> 01:33:19,430

information do they have on me that

2014

01:33:26,860 --> 01:33:23,270

everybody doesn't know already probably

2015

01:33:29,080 --> 01:33:26,870

your shoe size well actually you know

2016

01:33:32,590 --> 01:33:29,090

that they probably do because I try I

2017

01:33:35,140 --> 01:33:32,600

order all my shoes from Amazon and once

2018

01:33:36,640 --> 01:33:35,150

you buy something which is kind of kind

2019

01:33:38,290 --> 01:33:36,650

of a peculiar saying when you buy

2020

01:33:39,970 --> 01:33:38,300

something that's when they

2021

01:33:42,520 --> 01:33:39,980

try to sell the item that you've already

2022

01:33:44,830 --> 01:33:42,530

bought to you III they've had they've

2023

01:33:47,049 --> 01:33:44,840

got it somehow they have it backwards

2024

01:33:52,330 --> 01:33:47,059

anyway how do we find out about the

2025

01:33:55,240 --> 01:33:52,340

Philadelphia Experiment and the universe

2026

01:33:57,490 --> 01:33:55,250

and and your your information well it's

2027

01:34:01,359 --> 01:33:57,500

pretty easy it's go to my web sites in

2028

01:34:03,879 --> 01:34:01,369

Doney says this I end uni s ays calm

2029

01:34:06,760 --> 01:34:03,889

I've got hundreds of videos they're also

2030

01:34:09,490 --> 01:34:06,770

Hollow Earth webs calm I've got three

2031

01:34:11,649 --> 01:34:09,500

books on my website below the radar if

2032

01:34:13,569 --> 01:34:11,659

you want to know what Edward Snowden

2033

01:34:15,970 --> 01:34:13,579

didn't tell you please get the free book

2034

01:34:18,160 --> 01:34:15,980

I have books there to help America wake

2035

01:34:20,500 --> 01:34:18,170

up and to know what's really going on

2036

01:34:22,600 --> 01:34:20,510

because at this point you know Jim the

2037

01:34:24,370 --> 01:34:22,610

mind is like a parachute it only works

2038

01:34:26,979 --> 01:34:24,380

if it's open but I can't give anybody a

2039

01:34:29,080 --> 01:34:26,989

pass just because they're saying you and

2040

01:34:32,589 --> 01:34:29,090

they have a degree and they they get

2041

01:34:34,990 --> 01:34:32,599

paid to lie well I don't know there's so

2042

01:34:37,270 --> 01:34:35,000

much going on here I you know everybody

2043

01:34:39,939 --> 01:34:37,280

has their own opinions on the political

2044

01:34:43,649 --> 01:34:39,949

was seen there today nobody seems to

2045

01:34:45,640 --> 01:34:43,659

take a a neutral a seat any longer and

2046

01:34:47,609 --> 01:34:45,650

Tim what are you going to be up to oh

2047

01:34:51,189 --> 01:34:47,619

you know what I wanted to do though is

2048

01:34:55,780 --> 01:34:51,199

dedicate this show to Andre the Giant

2049

01:35:00,250 --> 01:34:55,790

speaking of real Giants his documentary

2050

01:35:02,649 --> 01:35:00,260

about his life I just previewed on HBO

2051

01:35:05,830 --> 01:35:02,659

and it's very good I saw it the other

2052

01:35:10,140 --> 01:35:05,840

night and it made me laugh and made me a

2053

01:35:13,780 --> 01:35:10,150

cry one of the great sportsmen and

2054

01:35:17,560 --> 01:35:13,790

entertainers of all time next to you and

2055

01:35:20,799 --> 01:35:17,570

I Tim now Troy alright well thanks

2056

01:35:23,140 --> 01:35:20,809

everyone and good night Tina good night

2057

01:35:28,309 --> 01:35:23,150

Peter good night Carol tonight Helen

2058

01:35:34,729 --> 01:35:30,739

you've been listening to exploring the

2059

01:35:38,000 --> 01:35:34,739

bazaar with hosts Timothy Beckley aunty

2060

01:35:40,879 --> 01:35:38,010

Swartz they're taking back the night by

2061

01:35:43,429 --> 01:35:40,889

jetting non-stop across the cosmos in

2062

01:35:47,239 --> 01:35:43,439

search of the truly bizarre and totally

2063

01:35:49,779 --> 01:35:47,249

unexplained with you as their combined

2064

01:35:54,229 --> 01:35:49,789

Thursday nights at 7:00 p.m. Pacific

2065

01:35:57,890 --> 01:35:54,239

10:00 p.m. Eastern on the K cor digital

2066

01:36:01,009 --> 01:35:57,900

radio for more information on exploring

2067

01:36:04,219 --> 01:36:01,019

the bazaar and hosts Timothy Beckley and

2068

01:36:07,310 --> 01:36:04,229

Tim Swartz check out there k cor digital

2069

01:36:13,520 --> 01:36:07,320

radio network follow their YouTube

2070

01:36:23,910 --> 01:36:13,530

channel @m r UFO 1100 exploring the
