00:00:55,119 --> 00:00:52,039

universe exploring the unexplained UFO s

ghosts Lost Worlds

7
00:01:01,369 --> 00:00:57,510

cryptozoology waters as well as other

8
00:01:06,499 --> 00:01:01,379

dimensions it's time to take back the

9
00:01:09,440 --> 00:01:06,509

night now your electrifying hosts of

10
00:01:17,240 --> 00:01:09,450

exploring the bizarre Timothy Beckley

11
00:01:21,919 --> 00:01:17,250

and Tim sports two three four HUP two

12
00:01:25,510 --> 00:01:21,929

three four one two three four one two

13
00:01:28,550 --> 00:01:25,520

three four hi Tim what are you doing

14

00:01:31,149 --> 00:01:28,560

well can't you see I'm I'm walking the

15

00:01:34,669 --> 00:01:31,159

perimeter here around this Bigfoot

16

00:01:35,270 --> 00:01:34,679

desperate I'm perfectly I'm protecting

17

00:01:37,460 --> 00:01:35,280

him

18

00:01:39,680 --> 00:01:37,470

Bigfoot I i'm afraid somebody's gonna

19

00:01:44,210 --> 00:01:39,690

come some hunter is gonna come out of

20

00:01:46,479 --> 00:01:44,220

the woods and try to take him down and

21

00:01:49,580 --> 00:01:46,489

and you know apparently they have

22

00:01:52,160 --> 00:01:49,590

permission to do it that Tim I I'm I I

23

00:01:54,499 --> 00:01:52,170

I'm just really weirded out by this I I

24

00:01:58,669 --> 00:01:54,509

appear a copy of the front page of the

25

00:02:03,410 --> 00:01:58,679

Whitehall Times and it says targeting

26

00:02:06,559 --> 00:02:03,420

sasquatch Dec 2 in limited licences to

27

00:02:09,949 --> 00:02:06,569

hunt the beasts and an article by

28

00:02:12,170 --> 00:02:09,959

Matthew Searle says it's no secret that

29

00:02:15,619 --> 00:02:12,180

Whitehall which is in upstate New York

30

00:02:18,949 --> 00:02:15,629

has had an elevated level of Sasquatch

31

00:02:21,979 --> 00:02:18,959

sightings the animal is as much a part

32

00:02:25,550 --> 00:02:21,989

in the town's persona as the railroad is

33

00:02:27,259 --> 00:02:25,560

it is exactly because of this heightened

34

00:02:29,750 --> 00:02:27,269

level of sightings that the State

35

00:02:32,240 --> 00:02:29,760

Department of Environmental Conservation

36

00:02:34,640 --> 00:02:32,250

in an act that is a hundred and eighty

37

00:02:37,490 --> 00:02:34,650

degrees from a previously released

38

00:02:40,580 --> 00:02:37,500

statement six years ago we'll be issuing

39

00:02:45,430 --> 00:02:40,590

a limited number of Sasquatch hunting

40

00:02:49,670 --> 00:02:45,440

licenses this fall Tim I am totally

41

00:02:51,170 --> 00:02:49,680

appalled why it's it's funny that you

42

00:02:54,140 --> 00:02:51,180

should say that to him

43

00:02:57,289 --> 00:02:54,150

because Paul is one of our guests

44

00:03:01,759 --> 00:02:57,299

tonight's Paul bar are you oh my

45

00:03:04,160 --> 00:03:01,769

goodness yeah and so I mean are you

46

00:03:07,330 --> 00:03:04,170

gonna run out now and get your Bigfoot

47

00:03:12,170 --> 00:03:07,340

hunting license well well I know I'm

48

00:03:14,740 --> 00:03:12,180

protecting the the the the creature I I

49

00:03:17,089 --> 00:03:14,750

think they're about ready to come home

50

00:03:20,509 --> 00:03:17,099

this evening and they got a couple of

51
00:03:25,190 --> 00:03:20,519
stray dog men with him haha that really

52
00:03:27,470 --> 00:03:25,200
alive in the party up right now I don't

53
00:03:31,250 --> 00:03:27,480
think that you're allowed to hunt dog

54
00:03:34,099 --> 00:03:31,260
men though I think only only be only

55
00:03:37,610 --> 00:03:34,109
Bigfoot and anyway no bite it only

56
00:03:41,179 --> 00:03:37,620
Bigfoot in Whitehall anyway Tim I think

57
00:03:46,420 --> 00:03:41,189
you should tell our listeners what they

58
00:03:51,140 --> 00:03:46,430
have in store this evening well Tim

59
00:03:53,270 --> 00:03:51,150
tonight's we are just thrilled to have

60
00:03:56,599 --> 00:03:53,280
two fantastic guests with us we have

61
00:04:00,379 --> 00:03:56,609
Linda Godfrey and Paul Bartholomew now

62
00:04:03,259 --> 00:04:00,389
Linda and I think that you would have to

63
00:04:04,849 --> 00:04:03,269

have been hiding in that Bigfoot

64

00:04:07,339 --> 00:04:04,859

enclosure you were guarding there to him

65

00:04:09,800 --> 00:04:07,349

not to know who Linda is but Linda is an

66

00:04:12,530 --> 00:04:09,810

author investigator and artist and she's

67

00:04:16,250 --> 00:04:12,540

the author of 70 books on strange

68

00:04:18,259 --> 00:04:16,260

creatures phenomena and and other weird

69

00:04:20,089 --> 00:04:18,269

things now for almost a quarter of a

70

00:04:23,330 --> 00:04:20,099

century ever since

71

00:04:26,810 --> 00:04:23,340

breaking the original story of the beast

72

00:04:28,490 --> 00:04:26,820

of Bray Road a small town in a small

73

00:04:31,010 --> 00:04:28,500

town West Council newspaper

74

00:04:33,950 --> 00:04:31,020

Linda Guthrie has been chasing the

75

00:04:37,790 --> 00:04:33,960

elusive eight upright canine some folks

76

00:04:39,649 --> 00:04:37,800

call werewolves dog man what have you I

77

00:04:43,129 --> 00:04:39,659

mean there seems to be just about as

78

00:04:45,439 --> 00:04:43,139

many names as there are strange beasts

79

00:04:47,360 --> 00:04:45,449

running around now so people from around

80

00:04:50,540 --> 00:04:47,370

North and South America and even Europe

81

00:04:52,879 --> 00:04:50,550

and Australia have contacted Linda with

82

00:04:55,460 --> 00:04:52,889

reports of their own encounters

83

00:04:57,439 --> 00:04:55,470

sometimes these stories describe Bigfoot

84

00:05:00,110 --> 00:04:57,449

giant birds we know about the giant

85

00:05:02,810 --> 00:05:00,120

birds don't we Tim or water monsters

86

00:05:04,150 --> 00:05:02,820

there's a world of wind weirdness out

87

00:05:06,220 --> 00:05:04,160

there according to Linda

88

00:05:08,110 --> 00:05:06,230

the fact that people keep seeing these

89

00:05:09,880 --> 00:05:08,120

things is what drives her to keep

90

00:05:13,060 --> 00:05:09,890

searching and investigating speculating

91

00:05:15,130 --> 00:05:13,070

and writing about them and after all

92

00:05:18,460 --> 00:05:15,140

this time and all these books well she's

93

00:05:20,710 --> 00:05:18,470

still tracking these unknown creatures

94

00:05:24,520 --> 00:05:20,720

now I have to say that some of her books

95

00:05:26,710 --> 00:05:24,530

include American monsters monsters among

96

00:05:29,710 --> 00:05:26,720

us it sounds like some of my family

97

00:05:32,320 --> 00:05:29,720

reunions real werewolf man true

98

00:05:35,380 --> 00:05:32,330

encounters in modern america the beast

99

00:05:37,930 --> 00:05:35,390

of Bray Road and hunting the American

100

00:05:39,880 --> 00:05:37,940

werewolf now also with us tonight is

101
00:05:42,220 --> 00:05:39,890
Paul Bartholomew now Paul has been on

102
00:05:44,590 --> 00:05:42,230
the show before and it's always great to

103
00:05:46,690 --> 00:05:44,600
have him with us to talk about these

104
00:05:49,450 --> 00:05:46,700
things now Paul has been researching

105
00:05:52,450 --> 00:05:49,460
UFOs cryptozoology and paranormal

106
00:05:54,340 --> 00:05:52,460
phenomena for well over 35 years he was

107
00:05:57,220 --> 00:05:54,350
a bachelor degree in journalism from

108
00:05:59,340 --> 00:05:57,230
Casselton State College in Casselton

109
00:06:01,270 --> 00:05:59,350
Vermont where he studied under

110
00:06:06,070 --> 00:06:01,280
anthropologists and Pulitzer Prize

111
00:06:08,110 --> 00:06:06,080
nominee dr. Warren L Cooke now Paul was

112
00:06:11,230 --> 00:06:08,120
a research consultant for the December

113
00:06:13,480 --> 00:06:11,240

2005 History Channel documentary gigante

114

00:06:21,850 --> 00:06:13,490

the real king kong boy that sounds like

115

00:06:24,160 --> 00:06:21,860

a Japanese movie there so uh and in May

116

00:06:26,590 --> 00:06:24,170

2004 for the outdoor life Network

117

00:06:29,530 --> 00:06:26,600

documentary the creature of Whitehall as

118

00:06:32,530 --> 00:06:29,540

well he's also appeared on the animal

119

00:06:34,660 --> 00:06:32,540

planet program Finding Bigfoot

120

00:06:36,160 --> 00:06:34,670

so now Paul along with his brother

121

00:06:38,260 --> 00:06:36,170

Robert is the author of the books

122

00:06:41,380 --> 00:06:38,270

Bigfoot encounters in New York in New

123

00:06:43,570 --> 00:06:41,390

England and monsters of the North Woods

124

00:06:45,160 --> 00:06:43,580

so Lynda Paul thank you very much for

125

00:06:49,420 --> 00:06:45,170

being with us tonight on exploring the

126
00:06:52,300 --> 00:06:49,430
bizarre well I can see why Bigfoot needs

127
00:06:54,850 --> 00:06:52,310
a little bit of protection there Tim Tim

128
00:06:58,330 --> 00:06:54,860
why don't you take the the reins here

129
00:07:00,880 --> 00:06:58,340
and and and and start out and and get

130
00:07:06,490 --> 00:07:00,890
the close the corral who are there

131
00:07:08,410 --> 00:07:06,500
behind you and start out by talking with

132
00:07:12,600 --> 00:07:08,420
the Lynda and finding out what the heck

133
00:07:15,940 --> 00:07:12,610
she's been doing since the beast of a

134
00:07:17,590 --> 00:07:15,950
road which pieces braver has become what

135
00:07:20,980 --> 00:07:17,600
yes it has

136
00:07:23,970 --> 00:07:20,990
certainly become one of the most

137
00:07:27,670 --> 00:07:23,980
talked-about urban legends of the last

138
00:07:31,770 --> 00:07:27,680

decade or so would you say oh definitely

139

00:07:35,410 --> 00:07:31,780

where and I think that because of

140

00:07:38,860 --> 00:07:35,420

Linda's interest and her research on

141

00:07:42,610 --> 00:07:38,870

this subject she's really made you know

142

00:07:44,380 --> 00:07:42,620

the werewolves Wolfman whatever want to

143

00:07:49,510 --> 00:07:44,390

call them dog man

144

00:07:50,980 --> 00:07:49,520

really a not a point of contention but

145

00:07:53,110 --> 00:07:50,990

you know something that people are

146

00:07:55,270 --> 00:07:53,120

willing to talk about because I know

147

00:07:57,190 --> 00:07:55,280

before Linda started getting into this

148

00:07:59,850 --> 00:07:57,200

kind of research and investigate and you

149

00:08:02,770 --> 00:07:59,860

know if you would bring up the idea of

150

00:08:05,560 --> 00:08:02,780

wolf men you would probably get laughed

151

00:08:08,460 --> 00:08:05,570

out of the room everybody was all too

152

00:08:11,380 --> 00:08:08,470

willing to accept the idea of say like a

153

00:08:15,640 --> 00:08:11,390

Bigfoot or you know other hairy hominids

154

00:08:17,440 --> 00:08:15,650

but wolf man that's just crazy talk so

155

00:08:19,570 --> 00:08:17,450

Linda thanks for being with us tonight

156

00:08:24,010 --> 00:08:19,580

well thanks so much for having me it's

157

00:08:25,900 --> 00:08:24,020

great to be here so now I wanted to ask

158

00:08:29,410 --> 00:08:25,910

you you know just just right off the bat

159

00:08:32,430 --> 00:08:29,420

you know I'm a reader of your blog and

160

00:08:37,990 --> 00:08:32,440

I've been been that for a long time and

161

00:08:40,240 --> 00:08:38,000

your most current story the dog dog man

162

00:08:46,180 --> 00:08:40,250

on the roof I think is what the title

163

00:08:50,020 --> 00:08:46,190

was I just I find the idea that like

164

00:08:55,330 --> 00:08:50,030

other sorts of paranormal phenomena and

165

00:08:59,800 --> 00:08:55,340

even some UFO cases this guy and

166

00:09:00,580 --> 00:08:59,810

probably others as well seems to have a

167

00:09:03,700 --> 00:09:00,590

stalker

168

00:09:06,250 --> 00:09:03,710

in the form of dog man

169

00:09:06,880 --> 00:09:06,260

have you read across other cases like

170

00:09:09,960 --> 00:09:06,890

this before

171

00:09:13,390 --> 00:09:09,970

oh yeah it's not terribly unusual

172

00:09:16,690 --> 00:09:13,400

especially especially people who live on

173

00:09:18,550 --> 00:09:16,700

farms or near very large tracts of

174

00:09:21,580 --> 00:09:18,560

wooded areas you know if they've got a

175

00:09:23,830 --> 00:09:21,590

lot of of cover around them that's where

176

00:09:26,560 --> 00:09:23,840

it usually seems to happen although it

177

00:09:29,680 --> 00:09:26,570

can happen in actually fairly suburban

178

00:09:30,650 --> 00:09:29,690

or urban areas too but it just seems

179

00:09:33,889 --> 00:09:30,660

that in certain

180

00:09:35,269 --> 00:09:33,899

cases it's almost like the dog man was

181

00:09:38,150 --> 00:09:35,279

there first and is defending his

182

00:09:39,800 --> 00:09:38,160

territory and is they also seem very

183

00:09:41,569 --> 00:09:39,810

curious about humans you know though

184

00:09:45,350 --> 00:09:41,579

people will see them coming up to their

185

00:09:47,420 --> 00:09:45,360

windows I'm not I've heard of several

186

00:09:51,369 --> 00:09:47,430

where they also came up on people's

187

00:09:54,050 --> 00:09:51,379

roofs one was just a few years ago and

188

00:09:55,699 --> 00:09:54,060

actually going stretching way back it

189

00:09:58,460 --> 00:09:55,709

doesn't seem terribly unusual there was

190

00:10:02,090 --> 00:09:58,470

one that happened and I think I'm gonna

191

00:10:03,920 --> 00:10:02,100

say Decatur Illinois where somebody they

192

00:10:06,949 --> 00:10:03,930

they were woken up by some kind of

193

00:10:10,280 --> 00:10:06,959

strange noises looked out and saw a pack

194

00:10:13,819 --> 00:10:10,290

of several hi excuse me

195

00:10:15,980 --> 00:10:13,829

several seven foot high six or seven

196

00:10:17,900 --> 00:10:15,990

foot high canine creatures walking on

197

00:10:20,629 --> 00:10:17,910

their hind legs silently down the street

198

00:10:22,699 --> 00:10:20,639

they went to a neighbor's house at the

199

00:10:23,869 --> 00:10:22,709

end of the street she was watching them

200

00:10:25,369 --> 00:10:23,879

this whole time they didn't seem to

201
00:10:27,590 --> 00:10:25,379
realize she was there but she watched

202
00:10:29,300 --> 00:10:27,600
them climb up the sides of the house

203
00:10:30,829 --> 00:10:29,310
going up the gutter spouts and

204
00:10:33,110 --> 00:10:30,839
everything and then just sort of

205
00:10:35,150 --> 00:10:33,120
swarming the house from the rooftop they

206
00:10:38,030 --> 00:10:35,160
looked down and look around and then

207
00:10:39,530 --> 00:10:38,040
they came back down and walked off in

208
00:10:41,900 --> 00:10:39,540
the direction of what would have been

209
00:10:44,059 --> 00:10:41,910
and out-of-season golf course which

210
00:10:50,749 --> 00:10:44,069
could have why I would crap in my pants

211
00:10:53,179 --> 00:10:50,759
I was enough to see one hiding be a

212
00:10:55,129 --> 00:10:53,189
ripping apart your garbage can but a

213
00:10:57,650 --> 00:10:55,139

hole it sounds like to shoot out of the

214

00:11:02,269 --> 00:10:57,660

OK Corral or something like that yeah

215

00:11:04,309 --> 00:11:02,279

whoa yeah no she was just terrified and

216

00:11:07,670 --> 00:11:04,319

you know has never gotten over it and it

217

00:11:09,170 --> 00:11:07,680

was probably oh I'm gonna say fifteen

218

00:11:11,569 --> 00:11:09,180

years ago or so that it happened and

219

00:11:14,210 --> 00:11:11,579

that's also very common that something

220

00:11:17,990 --> 00:11:14,220

will happen to people on the order of

221

00:11:20,420 --> 00:11:18,000

seeing a large upright canine and they

222

00:11:22,040 --> 00:11:20,430

just sit on it keep it in there locked

223

00:11:24,379 --> 00:11:22,050

in their mind sometimes they just go

224

00:11:26,600 --> 00:11:24,389

into denial sometimes they'll excitedly

225

00:11:28,100 --> 00:11:26,610

tell one or two people and just get

226

00:11:30,619 --> 00:11:28,110

laughed out of the room and vowed never

227

00:11:32,389 --> 00:11:30,629

to do that again sometimes they just

228

00:11:33,740 --> 00:11:32,399

don't know where to go with their

229

00:11:35,869 --> 00:11:33,750

stories and or they think they're the

230

00:11:39,049 --> 00:11:35,879

only one that ever had such an

231

00:11:42,350 --> 00:11:39,059

occurrence so oftentimes it's you know

232

00:11:44,450 --> 00:11:42,360

one to fifteen twenty years have gone by

233

00:11:48,350 --> 00:11:44,460

before they report it

234

00:11:50,420 --> 00:11:48,360

that happens very often well that makes

235

00:11:53,090 --> 00:11:50,430

that makes a lot of sense to me because

236

00:11:56,870 --> 00:11:53,100

you know people are familiar you know

237

00:12:00,740 --> 00:11:56,880

with with Bigfoot ghosts in UFOs but you

238

00:12:04,340 --> 00:12:00,750

know up until recently you know upright

239

00:12:08,540 --> 00:12:04,350

cadence haven't got a lot of press

240

00:12:12,170 --> 00:12:08,550

haven't got a lot of love and so I can

241

00:12:14,360 --> 00:12:12,180

see how someone you know say like you

242

00:12:15,830 --> 00:12:14,370

know yeah even with the you know like

243

00:12:17,990 --> 00:12:15,840

UFO cases you know they're gonna be

244

00:12:20,810 --> 00:12:18,000

reluctant to talk about their

245

00:12:22,130 --> 00:12:20,820

experiences because they know very well

246

00:12:23,750 --> 00:12:22,140

they're gonna get to as you said they're

247

00:12:25,790 --> 00:12:23,760

gonna get laughed out of the room and

248

00:12:27,860 --> 00:12:25,800

then probably teased for the rest of

249

00:12:30,680 --> 00:12:27,870

their life oh yes and that happened to

250

00:12:33,050 --> 00:12:30,690

some of the very first witnesses that we

251

00:12:34,700 --> 00:12:33,060

had and also there are a surprising

252

00:12:38,270 --> 00:12:34,710

number of people who identify themselves

253

00:12:41,180 --> 00:12:38,280

as either former a retired police

254

00:12:43,520 --> 00:12:41,190

officer sheriff's deputies people with

255

00:12:45,950 --> 00:12:43,530

high security clearances at airports

256

00:12:46,940 --> 00:12:45,960

things like that word they cannot risk

257

00:12:51,710 --> 00:12:46,950

their jobs

258

00:12:53,630 --> 00:12:51,720

by becoming known as somebody who has

259

00:12:55,610 --> 00:12:53,640

seen one of these creatures you know so

260

00:13:01,580 --> 00:12:55,620

that's another reason that often holds

261

00:13:05,870 --> 00:13:01,590

people back so do you think that there's

262

00:13:12,200 --> 00:13:05,880

been cases where people will see these

263

00:13:16,010 --> 00:13:12,210

things and not realizing that there have

264

00:13:18,920 --> 00:13:16,020

been other reports of of dog man or you

265

00:13:22,480 --> 00:13:18,930

know wolf type upright wolf type

266

00:13:26,360 --> 00:13:22,490

creatures and instead report them as as

267

00:13:29,120 --> 00:13:26,370

funny-looking Bigfoot yes yes exactly

268

00:13:31,220 --> 00:13:29,130

that that happened a lot more at first

269

00:13:34,670 --> 00:13:31,230

when I began writing about it until

270

00:13:36,410 --> 00:13:34,680

people got used to the idea that we're

271

00:13:39,440 --> 00:13:36,420

talking about two completely different

272

00:13:41,930 --> 00:13:39,450

not just species but you know orders or

273

00:13:44,840 --> 00:13:41,940

types of animals canines versus primates

274

00:13:46,550 --> 00:13:44,850

and there are so many differences in the

275

00:13:51,620 --> 00:13:46,560

body structure and the way they move in

276

00:13:53,180 --> 00:13:51,630

their heads and everything that it most

277

00:13:55,640 --> 00:13:53,190

of the time when people get a good look

278

00:13:56,900 --> 00:13:55,650

they are certain which one they saw you

279

00:13:58,230 --> 00:13:56,910

know and if I try and say are you sure

280

00:13:59,669 --> 00:13:58,240

this wasn't a Bigfoot

281

00:14:00,900 --> 00:13:59,679

or are you sure this would have been you

282

00:14:02,669 --> 00:14:00,910

know maybe a canine or some type of

283

00:14:04,650 --> 00:14:02,679

animal they well sometimes get very

284

00:14:06,540 --> 00:14:04,660

indignant and they're like no I know

285

00:14:09,359 --> 00:14:06,550

what it was and the big the big

286

00:14:11,609 --> 00:14:09,369

differences are that a dog man has a

287

00:14:14,220 --> 00:14:11,619

head that's usually described as like a

288

00:14:16,350 --> 00:14:14,230

German Shepherd or a timber wolf and

289

00:14:20,489 --> 00:14:16,360

that means pointed ears on top of the

290

00:14:22,069 --> 00:14:20,499

head a long muzzle big fangs usually

291

00:14:26,489 --> 00:14:22,079

there's yellow eye shine

292

00:14:29,309 --> 00:14:26,499

the feet are it walks on its toe pads or

293

00:14:32,759 --> 00:14:29,319

digitigrade so that what we would think

294

00:14:35,040 --> 00:14:32,769

of as the heel is up off of of the

295

00:14:36,689 --> 00:14:35,050

ground kind of like if you're walking

296

00:14:37,980 --> 00:14:36,699

around on your tiptoes you know your

297

00:14:38,639 --> 00:14:37,990

heel you're trying to hold your heel up

298

00:14:41,129 --> 00:14:38,649

off the ground

299

00:14:43,109 --> 00:14:41,139

that would be their Hawk that would be

300

00:14:45,989 --> 00:14:43,119

the tech not technical through but usual

301
00:14:48,989 --> 00:14:45,999
term too like a veterinarian or someone

302
00:14:51,480 --> 00:14:48,999
would use and so when people see that

303
00:14:52,980 --> 00:14:51,490
you're thinking that that should be the

304
00:14:55,290 --> 00:14:52,990
knee joint and so people will say well

305
00:14:57,689 --> 00:14:55,300
it was walking really well on just its

306
00:14:59,819 --> 00:14:57,699
toe pads but its legs were bent

307
00:15:01,319 --> 00:14:59,829
backwards you know and I know

308
00:15:03,509 --> 00:15:01,329
immediately what that means they're

309
00:15:06,059 --> 00:15:03,519
observing accurately and describing

310
00:15:08,100 --> 00:15:06,069
accurately they just don't know the

311
00:15:09,780 --> 00:15:08,110
actual terms and you know face it how

312
00:15:12,929 --> 00:15:09,790
many people sit down and really study

313
00:15:16,939 --> 00:15:12,939

the anatomy of dog likes you know to be

314

00:15:19,650 --> 00:15:16,949

able to whip off a really accurate

315

00:15:22,019 --> 00:15:19,660

biological description of it so they say

316

00:15:23,759 --> 00:15:22,029

the legs are bent backwards and then

317

00:15:25,619 --> 00:15:23,769

often times they'll say although

318

00:15:27,539 --> 00:15:25,629

sometimes I get weird ones where they

319

00:15:29,369 --> 00:15:27,549

say the arms are hanging down but very

320

00:15:31,470 --> 00:15:29,379

often they'll say that it was holding

321

00:15:32,939 --> 00:15:31,480

its hands in front of it like your dog

322

00:15:35,239 --> 00:15:32,949

would if it were sending up begging for

323

00:15:37,889 --> 00:15:35,249

a treat or like a Tyrannosaurus Rex

324

00:15:39,960 --> 00:15:37,899

something like that so and they're

325

00:15:41,609 --> 00:15:39,970

covered with fur usually the normal

326

00:15:44,939 --> 00:15:41,619

different shades that you'd see in an

327

00:15:48,629 --> 00:15:44,949

ordinary wolf pack dark brown gray

328

00:15:50,819 --> 00:15:48,639

sometimes black and that's the regular

329

00:15:52,230 --> 00:15:50,829

description now there are other kinds

330

00:15:55,439 --> 00:15:52,240

and I'm not going to say species because

331

00:15:58,530 --> 00:15:55,449

there are other kinds of weird canines

332

00:16:01,289 --> 00:15:58,540

that don't quite fit that description

333

00:16:03,569 --> 00:16:01,299

and and our different phenomena entirely

334

00:16:05,939 --> 00:16:03,579

you know like phantom large phantom

335

00:16:09,059 --> 00:16:05,949

canines and and then we have some that

336

00:16:10,949 --> 00:16:09,069

look like what you might call a

337

00:16:12,259 --> 00:16:10,959

skinwalker you know in your Native

338

00:16:14,400 --> 00:16:12,269

American land

339

00:16:16,199 --> 00:16:14,410

landholdings there okay so there's a

340

00:16:19,319 --> 00:16:16,209

whole leather road to go down that way I

341

00:16:22,429 --> 00:16:19,329

won't get into it right now look I gotta

342

00:16:25,379 --> 00:16:22,439

ask you do they do they growl I mean I

343

00:16:30,449 --> 00:16:25,389

remark or make any kind of sound or are

344

00:16:33,109 --> 00:16:30,459

they silent many people will describe

345

00:16:36,389 --> 00:16:33,119

hearing it make this sort of weird

346

00:16:39,359 --> 00:16:36,399

variably pitched growling sound and they

347

00:16:40,949 --> 00:16:39,369

say it's a deep loud growl but when they

348

00:16:43,859 --> 00:16:40,959

imitate it for me and I've had people

349

00:16:45,299 --> 00:16:43,869

you know imitate this thing on the phone

350

00:16:46,829 --> 00:16:45,309

for me from different parts of the

351

00:16:50,519 --> 00:16:46,839

country not knowing anybody else has

352

00:16:52,799 --> 00:16:50,529

done this and it's it reminds me of the

353

00:16:55,199 --> 00:16:52,809

old cappuccino makers where you know the

354

00:16:57,960 --> 00:16:55,209

they would grind down and then hot go up

355

00:17:00,150 --> 00:16:57,970

high kind of or like starting your

356

00:17:02,340 --> 00:17:00,160

engine in a cold morning you know in

357

00:17:06,659 --> 00:17:02,350

your car that's what most people

358

00:17:12,120 --> 00:17:06,669

describe their sound as and sometimes as

359

00:17:15,149 --> 00:17:12,130

a big hole that's more than just a wolf

360

00:17:18,269 --> 00:17:15,159

howl that is more throaty sometimes it's

361

00:17:20,970 --> 00:17:18,279

almost more like a scream I've had I've

362

00:17:24,029 --> 00:17:20,980

heard it described that way too

363

00:17:28,049 --> 00:17:24,039

but it also seems to impart what people

364

00:17:31,889 --> 00:17:28,059

feel are some sort of mental message not

365

00:17:33,720 --> 00:17:31,899

not telepathy exactly but they say that

366

00:17:36,360 --> 00:17:33,730

they feel it's communicating something

367

00:17:38,730 --> 00:17:36,370

specific like if I wanted to I could

368

00:17:42,690 --> 00:17:38,740

come and jump on your car or I'm better

369

00:17:45,330 --> 00:17:42,700

than you or if you tell anyone you saw

370

00:17:47,730 --> 00:17:45,340

me I will get you those are just a

371

00:17:50,399 --> 00:17:47,740

couple of samples but I hear this you

372

00:17:53,700 --> 00:17:50,409

know when you say jump jumping jumping

373

00:17:57,960 --> 00:17:53,710

on the car that was going to be my next

374

00:18:00,659 --> 00:17:57,970

question is there any physical evidence

375

00:18:04,310 --> 00:18:00,669

I mean I know a Bigfoot you know that

376

00:18:08,870 --> 00:18:04,320

we've got the plaster of Paris cast and

377

00:18:12,960 --> 00:18:08,880

all kinds of you know footprints and the

378

00:18:17,940 --> 00:18:12,970

softest soil how about with the with the

379

00:18:21,299 --> 00:18:17,950

these canine giant canines do we have do

380

00:18:24,869 --> 00:18:21,309

we have scratch marks or bite marks or

381

00:18:26,770 --> 00:18:24,879

any sort of evidence other than the word

382

00:18:29,560 --> 00:18:26,780

of the witch

383

00:18:32,740 --> 00:18:29,570

yeah yeah we've had I've found a number

384

00:18:35,170 --> 00:18:32,750

of really very very good prints and I

385

00:18:37,120 --> 00:18:35,180

have good pictures of them with a ruler

386

00:18:38,620 --> 00:18:37,130

I'm always admonishing people if you're

387

00:18:40,270 --> 00:18:38,630

going out in the field don't forget to

388

00:18:42,070 --> 00:18:40,280

take a ruler or we won't know what size

389

00:18:44,620 --> 00:18:42,080

these things are that you're taking

390

00:18:48,310 --> 00:18:44,630

pictures of you know but I have very

391

00:18:53,950 --> 00:18:48,320

good prints of different places and

392

00:18:56,020 --> 00:18:53,960

different modes of walking I've had one

393

00:18:57,760 --> 00:18:56,030

photograph and I've had it online

394

00:18:59,530 --> 00:18:57,770

different places and I don't know if

395

00:19:02,020 --> 00:18:59,540

it's still up somewhere but a man in

396

00:19:05,080 --> 00:19:02,030

Quebec was walking along a trail and

397

00:19:07,810 --> 00:19:05,090

that's the Quebec province in Canada and

398

00:19:10,780 --> 00:19:07,820

it came face-to-face with an upright dog

399

00:19:11,530 --> 00:19:10,790

man and it's kind of like both were

400

00:19:13,570 --> 00:19:11,540

surprised

401
00:19:16,060 --> 00:19:13,580
neither knew what to do the dog man

402
00:19:17,260 --> 00:19:16,070
lunged and the man was so it he said it

403
00:19:18,700 --> 00:19:17,270
was kind of like being in a grocery

404
00:19:20,320 --> 00:19:18,710
store where someone's coming at you with

405
00:19:23,890 --> 00:19:20,330
a cart and you need neither one knows

406
00:19:27,400 --> 00:19:23,900
which way to go and so it was lunging

407
00:19:30,850 --> 00:19:27,410
and he kind of went the wrong way and he

408
00:19:32,290 --> 00:19:30,860
didn't think it meant to actually harm

409
00:19:34,960 --> 00:19:32,300
him at all but it ended up sort of

410
00:19:37,720 --> 00:19:34,970
grazing his side with its thing as it

411
00:19:39,310 --> 00:19:37,730
lunged past him and he had to go to the

412
00:19:41,290 --> 00:19:39,320
hospital and get some stitches he and

413
00:19:43,330 --> 00:19:41,300

this jagged wound he sent me a picture

414

00:19:45,340 --> 00:19:43,340

of the wound and the scar on his on his

415

00:19:48,460 --> 00:19:45,350

side and I showed it covered by

416

00:19:50,410 --> 00:19:48,470

insurance well he told them it was a

417

00:19:52,690 --> 00:19:50,420

bear he said he knew that they would

418

00:19:55,510 --> 00:19:52,700

never you know believe what it what it

419

00:19:59,380 --> 00:19:55,520

really was so there are those and then

420

00:20:01,690 --> 00:19:59,390

there are incidents where back when this

421

00:20:04,990 --> 00:20:01,700

was starting in ninety eight ninety one

422

00:20:08,260 --> 00:20:05,000

in 292 one of the original witnesses in

423

00:20:10,180 --> 00:20:08,270

my original newspapers story said that

424

00:20:12,910 --> 00:20:10,190

it lunged for the back of her car and

425

00:20:14,770 --> 00:20:12,920

scratched it with its claws and I did

426

00:20:17,050 --> 00:20:14,780

see that I do have photo to take

427

00:20:19,210 --> 00:20:17,060

photographs and it was consistent with

428

00:20:21,940 --> 00:20:19,220

something with you know four or five

429

00:20:24,730 --> 00:20:21,950

claws on each side scraping the blue

430

00:20:27,610 --> 00:20:24,740

paint off the trunk of her car you can't

431

00:20:29,470 --> 00:20:27,620

prove what made those marks though I had

432

00:20:31,960 --> 00:20:29,480

another guy that said his shirt was

433

00:20:33,880 --> 00:20:31,970

ripped and lent it to me for a while but

434

00:20:36,580 --> 00:20:33,890

I couldn't find any fibers to you know

435

00:20:39,160 --> 00:20:36,590

to prove it was just the claws that

436

00:20:41,880 --> 00:20:39,170

ripped it so you know the the

437

00:20:44,590 --> 00:20:41,890

sort of tantalizing because we get these

438

00:20:47,560 --> 00:20:44,600

leads and we you keep there's just no

439

00:20:49,810 --> 00:20:47,570

real way usually to confirm them and the

440

00:20:52,900 --> 00:20:49,820

thing is with these creatures that are

441

00:20:55,120 --> 00:20:52,910

described as being almost wholly canine

442

00:20:58,150 --> 00:20:55,130

looking and this is probably at least

443

00:21:00,400 --> 00:20:58,160

ninety percent of the of the reports

444

00:21:02,110 --> 00:21:00,410

that I get they just they don't look

445

00:21:04,660 --> 00:21:02,120

like they have any human parts in them

446

00:21:07,600 --> 00:21:04,670

so if you got hair from one or whatever

447

00:21:09,540 --> 00:21:07,610

and it was analyzed I think the odds are

448

00:21:12,730 --> 00:21:09,550

good that it would just show up in some

449

00:21:15,670 --> 00:21:12,740

canine was maybe a strange mutation or

450

00:21:22,690 --> 00:21:15,680

two so I'm not sure that that would even

451
00:21:24,280 --> 00:21:22,700
do any good multiple witnesses you mean

452
00:21:28,090 --> 00:21:24,290
at the of the same creature at the same

453
00:21:32,290 --> 00:21:28,100
time yeah yeah yeah right yes this does

454
00:21:34,270 --> 00:21:32,300
happen too there was there was one well

455
00:21:36,550 --> 00:21:34,280
the when I was talking about getting the

456
00:21:39,100 --> 00:21:36,560
really great prints there was one that

457
00:21:42,040 --> 00:21:39,110
happened in South Milwaukee believe it

458
00:21:44,980 --> 00:21:42,050
or not it's kind of an unkempt Road the

459
00:21:46,840 --> 00:21:44,990
leads from a neighborhood to the Lake

460
00:21:49,180 --> 00:21:46,850
Michigan shore where there's a steep

461
00:21:51,730 --> 00:21:49,190
drop-off and there were four young

462
00:21:54,010 --> 00:21:51,740
people just taking a stroll down that

463
00:21:55,480 --> 00:21:54,020

road and there aren't any street lights

464

00:21:56,440 --> 00:21:55,490

on that part when something jumped out

465

00:21:58,540 --> 00:21:56,450

of the cornfield

466

00:22:01,900 --> 00:21:58,550

between the neighborhood and and the

467

00:22:04,480 --> 00:22:01,910

cliff and they realized it was some type

468

00:22:06,010 --> 00:22:04,490

of canine on its hind legs and began

469

00:22:07,690 --> 00:22:06,020

chasing them and now this is another

470

00:22:09,730 --> 00:22:07,700

strange part of the phenomenon and you

471

00:22:14,080 --> 00:22:09,740

hear this in I've had Bigfoot reports

472

00:22:16,330 --> 00:22:14,090

that are the same way and even though

473

00:22:18,970 --> 00:22:16,340

people feel that the creature could

474

00:22:21,940 --> 00:22:18,980

easily have caught them seeing how fast

475

00:22:24,070 --> 00:22:21,950

they moved and it's just that if cases

476

00:22:26,440 --> 00:22:24,080

that up for a little while until they're

477

00:22:28,360 --> 00:22:26,450

just terrified and then they turn back

478

00:22:30,550 --> 00:22:28,370

and see it just veering off into the

479

00:22:32,980 --> 00:22:30,560

woods or the cornfield or whatever there

480

00:22:37,240 --> 00:22:32,990

was well this happened to four young

481

00:22:38,710 --> 00:22:37,250

people and the guy the the end person in

482

00:22:41,170 --> 00:22:38,720

the line you know how they always say I

483

00:22:44,260 --> 00:22:41,180

only have to run faster than you you

484

00:22:46,660 --> 00:22:44,270

know not if the bear is chasing us it's

485

00:22:48,250 --> 00:22:46,670

Kevin old joke well that he was he was

486

00:22:50,650 --> 00:22:48,260

the one that everybody ran faster then

487

00:22:52,600 --> 00:22:50,660

and his cannot loose cotton shirt on it

488

00:22:54,580 --> 00:22:52,610

was kind of billowing out behind him

489

00:22:58,090 --> 00:22:54,590

and it had these these claw marks in it

490

00:23:01,299 --> 00:22:58,100

but we also found I was there within one

491

00:23:03,399 --> 00:23:01,309

or two days and we were walking around

492

00:23:06,669 --> 00:23:03,409

there were little inroads into the

493

00:23:08,680 --> 00:23:06,679

cornfield and we checked a couple of

494

00:23:11,710 --> 00:23:08,690

those out and at the end of one well

495

00:23:14,830 --> 00:23:11,720

into the field not on the road there was

496

00:23:16,480 --> 00:23:14,840

a big nice clay type mud puddle

497

00:23:18,720 --> 00:23:16,490

where you could see a deer head run

498

00:23:22,240 --> 00:23:18,730

through and then you can see its back

499

00:23:24,490 --> 00:23:22,250

legs scrunching down into the mud where

500

00:23:27,490 --> 00:23:24,500

it and then it's spraying away and you

501
00:23:29,860 --> 00:23:27,500
could see just canine with huge wolf

502
00:23:31,899 --> 00:23:29,870
like prints doing the same thing where

503
00:23:33,759 --> 00:23:31,909
it's hawks came down into the mud and

504
00:23:35,830 --> 00:23:33,769
then sprang off so it looked out looks

505
00:23:38,289 --> 00:23:35,840
like a full footprint alright we need to

506
00:23:47,700 --> 00:23:38,299
go to our first break here so we'll be

507
00:23:54,430 --> 00:23:51,850
now back to exploring the bazaar with

508
00:23:57,759 --> 00:23:54,440
two of the most electrifying researchers

509
00:24:03,580 --> 00:23:57,769
in the Paranoid your hosts Timothy Becca

510
00:24:06,990 --> 00:24:03,590
Lee and Tings lists well you know Tim ah

511
00:24:10,810 --> 00:24:07,000
Here I am I'm still guarding the Bigfoot

512
00:24:14,769 --> 00:24:10,820
nest outside of Whitehall because I know

513
00:24:18,279 --> 00:24:14,779

the the City Council has approved and

514

00:24:22,029 --> 00:24:18,289

people to to go in in in in Hunnam down

515

00:24:26,320 --> 00:24:22,039

and you know i'm just afraid for his

516

00:24:30,369 --> 00:24:26,330

safety I think I'll get Lynda to send

517

00:24:33,940 --> 00:24:30,379

over some of these dog Minh to protect

518

00:24:37,960 --> 00:24:33,950

protect the the Bigfoot nest but you

519

00:24:41,830 --> 00:24:37,970

know I just was speaking of Lynda she's

520

00:24:46,480 --> 00:24:41,840

written a course probably started out a

521

00:24:49,119 --> 00:24:46,490

writing about the these weird wolf type

522

00:24:53,230 --> 00:24:49,129

of creatures in America not in history

523

00:24:59,320 --> 00:24:53,240

but in in the current legend and lore

524

00:25:02,440 --> 00:24:59,330

and in reality perhaps and it very much

525

00:25:03,810 --> 00:25:02,450

impressed her early writings very much

526
00:25:08,740 --> 00:25:03,820
impressed

527
00:25:10,749 --> 00:25:08,750
Peter Bernard who is the individual the

528
00:25:13,509 --> 00:25:10,759
fellow here that we work with who puts

529
00:25:17,249 --> 00:25:13,519
the show up on YouTube he's a very

530
00:25:21,220 --> 00:25:17,259
famous cartoonist and a an animator and

531
00:25:26,320 --> 00:25:21,230
in fact he does a as show on YouTube

532
00:25:30,700 --> 00:25:26,330
it's called scary stories and why see

533
00:25:33,190 --> 00:25:30,710
and this week he's doing daily dog man

534
00:25:37,029 --> 00:25:33,200
there's going to be a new episode every

535
00:25:40,450 --> 00:25:37,039
day of for the entire month related to a

536
00:25:44,529 --> 00:25:40,460
different dog man experienced some of

537
00:25:48,220 --> 00:25:44,539
them are indeed based upon true accounts

538
00:25:53,230 --> 00:25:48,230

and they are just superbly narrated by

539

00:25:55,869 --> 00:25:53,240

his team of narrators and in fact scary

540

00:26:00,249 --> 00:25:55,879

stories will relaunch in June

541

00:26:03,850 --> 00:26:00,259

the scary stories NYC audio podcast and

542

00:26:06,249 --> 00:26:03,860

in July Peter the show's creator will

543

00:26:09,279 --> 00:26:06,259

appear at the North East comic-con in

544

00:26:11,950 --> 00:26:09,289

Massachusetts along with Micky Dolenz of

545

00:26:14,230 --> 00:26:11,960

the Monkees and Barry Gregg Brandi

546

00:26:18,279 --> 00:26:14,240

Williams of the Brady Bunch

547

00:26:20,230 --> 00:26:18,289

and actually you can find the softcover

548

00:26:22,480 --> 00:26:20,240

book version of the show and get it

549

00:26:24,100 --> 00:26:22,490

autographed because I've done the

550

00:26:28,480 --> 00:26:24,110

forward to it

551
00:26:33,879 --> 00:26:28,490
so Peter Bernard and do give a listen to

552
00:26:38,489 --> 00:26:33,889
his scary stories NYC and you will be

553
00:26:42,279 --> 00:26:38,499
enthralled by the daily Dogman episodes

554
00:26:46,989 --> 00:26:42,289
every day every weekday of the entire

555
00:26:54,039 --> 00:26:46,999
month but Paul I'm totally a gasps is it

556
00:26:56,320 --> 00:26:54,049
true that the Whitehall now before we

557
00:26:58,539 --> 00:26:56,330
get into it into whether you can

558
00:27:00,220 --> 00:26:58,549
actually shoot down a Bigfoot in

559
00:27:02,919 --> 00:27:00,230
Whitehall why don't you give us a little

560
00:27:08,379 --> 00:27:02,929
history of a white home we read it where

561
00:27:10,629 --> 00:27:08,389
it is and how it got so involved in in

562
00:27:12,700 --> 00:27:10,639
in Bigfoot because we usually will be to

563
00:27:15,399 --> 00:27:12,710

think of Bigfoot and sasquatch or at

564

00:27:19,659 --> 00:27:15,409

least I'm sure some listeners still do

565

00:27:23,950 --> 00:27:19,669

think of it as being a preacher that

566

00:27:25,989 --> 00:27:23,960

seen mainly in the North West the part

567

00:27:27,310 --> 00:27:25,999

of the country you know California in

568

00:27:31,659 --> 00:27:27,320

Oregon

569

00:27:35,789 --> 00:27:31,669

and up into Canada we don't normally

570

00:27:39,789 --> 00:27:35,799

think of Bigfoot as a hunkering down in

571

00:27:42,669 --> 00:27:39,799

upstate New York so what say ye what

572

00:27:48,220 --> 00:27:42,679

what if what does Whitehall have that

573

00:27:50,409 --> 00:27:48,230

Bigfoot finds so enticing well we have

574

00:27:52,629 --> 00:27:50,419

that traditional history that no one

575

00:27:55,210 --> 00:27:52,639

really knew about before a few years ago

576

00:27:57,489 --> 00:27:55,220

where you look back into the history of

577

00:28:00,730 --> 00:27:57,499

Whitehall and you find references these

578

00:28:02,470 --> 00:28:00,740

types of creatures all throughout and of

579

00:28:07,060 --> 00:28:02,480

course Whitehall is a very historic

580

00:28:08,740 --> 00:28:07,070

location we're about 25 miles from

581

00:28:11,980 --> 00:28:08,750

Ticonderoga New York

582

00:28:14,620 --> 00:28:11,990

very historical place so we've got a lot

583

00:28:17,110 --> 00:28:14,630

of history here and it turns out that

584

00:28:19,300 --> 00:28:17,120

Whitehall is the birthplace of the US

585

00:28:22,360 --> 00:28:19,310

Navy one of the places that that claims

586

00:28:24,670 --> 00:28:22,370

that right and so it used to be called

587

00:28:26,950 --> 00:28:24,680

scheme's borough after Philips scheme

588

00:28:29,320 --> 00:28:26,960

and so when we start looking at the

589

00:28:33,460 --> 00:28:29,330

history of these cases we had a major

590

00:28:35,500 --> 00:28:33,470

case in the 1970s in which police were

591

00:28:38,950 --> 00:28:35,510

involved with a sighting of a creature

592

00:28:41,110 --> 00:28:38,960

out on a bear Road and multiple police

593

00:28:44,860 --> 00:28:41,120

officers there may have been as many as

594

00:28:47,080 --> 00:28:44,870

12 or 13 witnesses investigation after

595

00:28:49,210 --> 00:28:47,090

40 years is still going on in the into

596

00:28:52,390 --> 00:28:49,220

this particular incident but it was

597

00:28:53,650 --> 00:28:52,400

highly credible incidents and we started

598

00:28:55,990 --> 00:28:53,660

looking back because that became a

599

00:28:58,930 --> 00:28:56,000

landmark case where there's been a lot

600

00:29:01,090 --> 00:28:58,940

of Bigfoot activity a very solid case

601
00:29:03,070 --> 00:29:01,100
and so people use that as a reference

602
00:29:04,900 --> 00:29:03,080
point and then we started looking back

603
00:29:07,510 --> 00:29:04,910
into the history and we found out that

604
00:29:10,660 --> 00:29:07,520
the Algonquin and the Iroquois had

605
00:29:13,780 --> 00:29:10,670
legends of giant men of the mountains or

606
00:29:16,750 --> 00:29:13,790
the Samuel Champlain referenced the

607
00:29:19,210 --> 00:29:16,760
goo-goo which was a large creature that

608
00:29:23,280 --> 00:29:19,220
was that they had been formed up by the

609
00:29:26,920 --> 00:29:23,290
Native Americans so we have all these

610
00:29:30,340 --> 00:29:26,930
Algonquin the Iroquois references and so

611
00:29:32,830 --> 00:29:30,350
forth so it's a rich history here that

612
00:29:35,380 --> 00:29:32,840
was often overlooked of this creature

613
00:29:37,720 --> 00:29:35,390

which was generally described as being

614

00:29:41,080 --> 00:29:37,730

anywhere from you know five feet to

615

00:29:43,630 --> 00:29:41,090

about nine feet is usually the larger

616

00:29:46,300 --> 00:29:43,640

type type creatures and being

617

00:29:49,740 --> 00:29:46,310

multicolored sometimes read sometimes

618

00:29:53,860 --> 00:29:49,750

Brown sometimes black having hair

619

00:29:57,220 --> 00:29:53,870

walking on two legs making high-pitched

620

00:30:00,760 --> 00:29:57,230

squeals like a pig squealing or a woman

621

00:30:03,460 --> 00:30:00,770

screaming and so when we started looking

622

00:30:05,350 --> 00:30:03,470

at the cases we ended up where where

623

00:30:07,330 --> 00:30:05,360

there are only a handful cases we

624

00:30:10,210 --> 00:30:07,340

started investigating and talking with

625

00:30:13,150 --> 00:30:10,220

witnesses and we turned out back in the

626

00:30:16,000 --> 00:30:13,160

80s we turned up 140 separate encounters

627

00:30:19,120 --> 00:30:16,010

with creatures like this so it's very

628

00:30:21,820 --> 00:30:19,130

common much more common than we thought

629

00:30:22,630 --> 00:30:21,830

and as Linda had pointed out the

630

00:30:25,510 --> 00:30:22,640

witnesses

631

00:30:27,280 --> 00:30:25,520

have everything to lose and nothing to

632

00:30:29,590 --> 00:30:27,290

gain by coming forward with that

633

00:30:31,870 --> 00:30:29,600

ridicule factor and if you're in law

634

00:30:34,270 --> 00:30:31,880

enforcement like we've had here several

635

00:30:36,370 --> 00:30:34,280

law enforcement officers have sightings

636

00:30:38,440 --> 00:30:36,380

then it's a big taboo because you don't

637

00:30:41,740 --> 00:30:38,450

want to be known as the Bigfoot cop and

638

00:30:43,990 --> 00:30:41,750

so it we had a fellow with my neighbor

639

00:30:47,049 --> 00:30:44,000

Dan Gordon he ended up going on the

640

00:30:49,120 --> 00:30:47,059

History Channel show monster quest and

641

00:30:51,310 --> 00:30:49,130

he was actually on giganto when they ran

642

00:30:53,980 --> 00:30:51,320

that special and Dan actually took a

643

00:30:56,200 --> 00:30:53,990

polygraph test and showed no deception

644

00:30:57,940 --> 00:30:56,210

of course I knew that I grew up with the

645

00:30:59,950 --> 00:30:57,950

N one of the most honest people I ever

646

00:31:02,530 --> 00:30:59,960

ever met and he was with another officer

647

00:31:06,159 --> 00:31:02,540

at the time of his sighting back in the

648

00:31:08,799 --> 00:31:06,169

1980s 1982 when they saw a creature

649

00:31:11,650 --> 00:31:08,809

crossed the road in front of them they

650

00:31:14,320 --> 00:31:11,660

were both on duty at the time so he had

651
00:31:16,360 --> 00:31:14,330
to keep that secret for 22 years

652
00:31:18,190 --> 00:31:16,370
before he could talk about it because he

653
00:31:21,280 --> 00:31:18,200
didn't want to be known as the Bigfoot

654
00:31:25,210 --> 00:31:21,290
cop so we have this rich history here

655
00:31:26,640 --> 00:31:25,220
and then a few years ago the Dec the

656
00:31:29,950 --> 00:31:26,650
Department of Environmental Conservation

657
00:31:33,370 --> 00:31:29,960
issued a statement in response to a

658
00:31:35,409 --> 00:31:33,380
fellow named Peter Weimer and he had

659
00:31:36,130 --> 00:31:35,419
asked about laws to protect these

660
00:31:39,820 --> 00:31:36,140
creatures

661
00:31:42,970 --> 00:31:39,830
well Whitehall had passed a law which I

662
00:31:45,310 --> 00:31:42,980
had written back in 2004 which was a

663
00:31:47,740 --> 00:31:45,320

symbolic legislation protecting these

664

00:31:50,980 --> 00:31:47,750

creatures and basically was an education

665

00:31:54,039 --> 00:31:50,990

about them and universal you wrote the

666

00:31:56,799 --> 00:31:54,049

law the legislation yep it was largely

667

00:31:59,140 --> 00:31:56,809

alacant and in honor of dr. cook

668

00:32:02,140 --> 00:31:59,150

well Peter had asked about the same

669

00:32:05,500 --> 00:32:02,150

thing for New York State and turns out

670

00:32:08,380 --> 00:32:05,510

the Dec issued a statement stating that

671

00:32:10,930 --> 00:32:08,390

there was no evidence of creatures like

672

00:32:13,060 --> 00:32:10,940

this here or anywhere throughout the

673

00:32:16,990 --> 00:32:13,070

world and it was sort of add they were

674

00:32:19,510 --> 00:32:17,000

very frightened they obviously have not

675

00:32:22,780 --> 00:32:19,520

been listening to exploring the bizarre

676

00:32:25,539 --> 00:32:22,790

no and you know it was one of those

677

00:32:27,190 --> 00:32:25,549

things that I think was a backlash where

678

00:32:29,770 --> 00:32:27,200

it came back on him because they got

679

00:32:31,540 --> 00:32:29,780

even more interest once they picked up

680

00:32:35,049 --> 00:32:31,550

that story where they had issued that

681

00:32:36,580 --> 00:32:35,059

statement more responses so it sort of

682

00:32:39,700 --> 00:32:36,590

turned around on him

683

00:32:41,739 --> 00:32:39,710

and at any rate so when they the

684

00:32:46,749 --> 00:32:41,749

Whitehall times decided to run a story

685

00:32:49,090 --> 00:32:46,759

on the Dec issuing hunting licenses for

686

00:32:56,019 --> 00:32:49,100

a big flood and I'm sure they probably

687

00:32:59,409 --> 00:32:56,029

didn't appreciate that well I say well

688

00:33:02,919 --> 00:32:59,419

now I'm looking here okay at the the

689

00:33:07,649 --> 00:33:02,929

Sentinel times and I see that there is a

690

00:33:10,210 --> 00:33:07,659

map and it says a map notes the 2017

691

00:33:14,049 --> 00:33:10,220

Sasquatch sightings near the New York

692

00:33:16,560 --> 00:33:14,059

Vermont border now one potato two potato

693

00:33:21,159 --> 00:33:16,570

three potato four five potato six potato

694

00:33:24,190 --> 00:33:21,169

Bigfoot no more but there seems to be an

695

00:33:26,529 --> 00:33:24,200

awful lot of Bigfoot sightings here I

696

00:33:29,919 --> 00:33:26,539

don't know how many little creatures are

697

00:33:34,419 --> 00:33:29,929

on the you know on a map but it looks

698

00:33:36,629 --> 00:33:34,429

like a couple of dozen or all these

699

00:33:40,480 --> 00:33:36,639

witnesses pretty credible would you say

700

00:33:44,049 --> 00:33:40,490

well that map was part of the initial

701
00:33:46,930 --> 00:33:44,059
article if you want reputable witnesses

702
00:33:48,460 --> 00:33:46,940
I could say Dan Gordon was a Whitehall

703
00:33:55,060 --> 00:33:48,470
police officer

704
00:33:58,119 --> 00:33:55,070
in the area road sighting in 1976 and so

705
00:33:59,560 --> 00:33:58,129
forth and I've had dec representatives

706
00:34:01,960 --> 00:33:59,570
and people who've worked with him come

707
00:34:04,139 --> 00:34:01,970
to the house here and talk about their

708
00:34:07,840 --> 00:34:04,149
sightings but they won't talk about it

709
00:34:10,510 --> 00:34:07,850
you know professionally because it's to

710
00:34:12,700 --> 00:34:10,520
them that's professional suicide Dan it

711
00:34:14,470 --> 00:34:12,710
took 22 years before 20 and he was

712
00:34:16,540 --> 00:34:14,480
retired from being a cop before he came

713
00:34:19,750 --> 00:34:16,550

forward with his sighting so this is

714

00:34:20,950 --> 00:34:19,760

largely a negative these reputable

715

00:34:22,809 --> 00:34:20,960

people coming forward with their

716

00:34:25,059 --> 00:34:22,819

sightings so we that's one of the things

717

00:34:27,490 --> 00:34:25,069

we really stress here is we take these

718

00:34:29,770 --> 00:34:27,500

sightings and strictest of confidence we

719

00:34:31,240 --> 00:34:29,780

won't use your name or title or anything

720

00:34:34,629 --> 00:34:31,250

like that unless you give us permission

721

00:34:36,309 --> 00:34:34,639

to but I can tell you there are scores

722

00:34:39,010 --> 00:34:36,319

of reputable people who've had these

723

00:34:41,470 --> 00:34:39,020

sightings and they are life changers

724

00:34:42,909 --> 00:34:41,480

they changed their whole perspective on

725

00:34:44,589 --> 00:34:42,919

things

726
00:34:46,809 --> 00:34:44,599
people are just dumbfounded because

727
00:34:50,079 --> 00:34:46,819
they'll say things like I can't believe

728
00:34:50,530 --> 00:34:50,089
that I just saw that and I can't believe

729
00:34:53,430 --> 00:34:50,540
that they

730
00:34:55,630 --> 00:34:53,440
exist here they don't fit into their

731
00:34:59,140 --> 00:34:55,640
what they would call their you know

732
00:35:01,270 --> 00:34:59,150
their their idea of these creatures is

733
00:35:05,980 --> 00:35:01,280
not here now one of the best sightings

734
00:35:07,960 --> 00:35:05,990
we had was done by two Chinese people

735
00:35:10,300 --> 00:35:07,970
who were here Taiwan I'm sorry Taiwan

736
00:35:12,220 --> 00:35:10,310
nationals and they were up here fishing

737
00:35:13,840 --> 00:35:12,230
in the Dresden

738
00:35:18,100 --> 00:35:13,850

Clemens area which is just outside of

739

00:35:22,030 --> 00:35:18,110

Whitehall and they saw a large monkey

740

00:35:24,850 --> 00:35:22,040

which they described as an ape wading

741

00:35:27,970 --> 00:35:24,860

through the water at chest level and

742

00:35:30,340 --> 00:35:27,980

this is while they were fishing and the

743

00:35:33,460 --> 00:35:30,350

reason they even mention that to us is

744

00:35:37,000 --> 00:35:33,470

because they said well I didn't know you

745

00:35:39,940 --> 00:35:37,010

had monkeys up here and we said we what

746

00:35:41,560 --> 00:35:39,950

we don't and you see in their culture it

747

00:35:43,720 --> 00:35:41,570

wouldn't be that unusual they were

748

00:35:46,840 --> 00:35:43,730

surprised to see one but it wasn't that

749

00:35:49,120 --> 00:35:46,850

unusual to see a primate and yet that

750

00:35:51,730 --> 00:35:49,130

was a great example because they had no

751
00:35:53,800 --> 00:35:51,740
idea that there were creatures up here

752
00:35:55,660 --> 00:35:53,810
and yet they saw something that they

753
00:35:56,200 --> 00:35:55,670
described as being a monkey like

754
00:36:00,930 --> 00:35:56,210
creature

755
00:36:05,080 --> 00:36:00,940
well I see one of your residents MACT

756
00:36:08,710 --> 00:36:05,090
Reverend of a Greenville he's very upset

757
00:36:11,080 --> 00:36:08,720
because he suspects this Sasquatch are

758
00:36:15,700 --> 00:36:11,090
to blame for his SAP buckets being

759
00:36:19,750 --> 00:36:15,710
scattered about apparently there there

760
00:36:23,050 --> 00:36:19,760
there is it is there a running feud

761
00:36:25,960 --> 00:36:23,060
should we say between a big big foot of

762
00:36:29,230 --> 00:36:25,970
the the local residence or perhaps

763
00:36:35,020 --> 00:36:29,240

should we take some of these stories

764

00:36:37,600 --> 00:36:35,030

with a tongue and hairy cheek yes that

765

00:36:41,140 --> 00:36:37,610

article was was actually beautifully

766

00:36:42,550 --> 00:36:41,150

done by Matt he had called me up and

767

00:36:44,110 --> 00:36:42,560

asked me about it

768

00:36:45,760 --> 00:36:44,120

and he told me what they were going to

769

00:36:47,980 --> 00:36:45,770

do and I had mentioned to him about the

770

00:36:50,200 --> 00:36:47,990

Dec because that was what they were

771

00:36:52,510 --> 00:36:50,210

going to talk about was issuing hunting

772

00:36:56,650 --> 00:36:52,520

licenses well it you gotta remember it

773

00:36:59,530 --> 00:36:56,660

was done around early April so yes what

774

00:37:01,630 --> 00:36:59,540

the story was and a lot of that was

775

00:37:04,330 --> 00:37:01,640

mixed in the funny part of the article

776

00:37:07,150 --> 00:37:04,340

is when you read it about 70

777

00:37:09,460 --> 00:37:07,160

percent of it is real and then he has

778

00:37:11,590 --> 00:37:09,470

been just this other stuff about the

779

00:37:15,640 --> 00:37:11,600

permits and the SAP buckets and things

780

00:37:18,820 --> 00:37:15,650

in the manner yes it was a April Fool's

781

00:37:20,500 --> 00:37:18,830

joke a day ahead of time that that's

782

00:37:24,370 --> 00:37:20,510

what kind of you know I didn't look at

783

00:37:28,180 --> 00:37:24,380

the date on the newspaper of course I

784

00:37:30,370 --> 00:37:28,190

think it was hidden somewhere in a on

785

00:37:32,770 --> 00:37:30,380

the editorial page or something that

786

00:37:35,800 --> 00:37:32,780

haha you know like we're we're yanking

787

00:37:39,340 --> 00:37:35,810

your your big foot tailor or something

788

00:37:41,290 --> 00:37:39,350

to that you know like chill out already

789

00:37:45,010 --> 00:37:41,300

chill out already we're not really going

790

00:37:47,650 --> 00:37:45,020

to be shooting at a targeting a Bigfoot

791

00:37:52,600 --> 00:37:47,660

but do you think some people up there

792

00:37:55,690 --> 00:37:52,610

would I do you think they would hunt

793

00:37:57,550 --> 00:37:55,700

them yeah yeah I think it's always in

794

00:37:59,710 --> 00:37:57,560

danger that I think it's seen a gun in

795

00:38:02,470 --> 00:37:59,720

action I know of cases in which

796

00:38:04,390 --> 00:38:02,480

creatures have been shot at and I know

797

00:38:07,300 --> 00:38:04,400

of cases where they would fire into the

798

00:38:10,810 --> 00:38:07,310

air to try to scare the creature away so

799

00:38:12,970 --> 00:38:10,820

yeah this creature has definitely seen

800

00:38:15,550 --> 00:38:12,980

or these creatures have definitely seen

801
00:38:17,980 --> 00:38:15,560
guns in action and they seem to take a

802
00:38:22,330 --> 00:38:17,990
lot of care and precaution from that I

803
00:38:24,190 --> 00:38:22,340
have any of them ever been hit not that

804
00:38:27,670 --> 00:38:24,200
I'm aware of in fact when the a bear

805
00:38:31,360 --> 00:38:27,680
rodents that happened in 1976 well what

806
00:38:33,430 --> 00:38:31,370
really is amazing is that that was not

807
00:38:36,040 --> 00:38:33,440
just a creature outbreak it was a

808
00:38:37,360 --> 00:38:36,050
paranormal outbreak there were UFO

809
00:38:40,750 --> 00:38:37,370
sightings there were the creature

810
00:38:44,050 --> 00:38:40,760
reports there were big bird sightings it

811
00:38:45,940 --> 00:38:44,060
was a whole paranormal gambit and there

812
00:38:47,860 --> 00:38:45,950
wasn't you you guys you guys you guys

813
00:38:50,050 --> 00:38:47,870

have like your own version of eerie

814

00:38:52,900 --> 00:38:50,060

Indiana or something going on up there

815

00:38:55,420 --> 00:38:52,910

yeah it does feel like that sometimes

816

00:38:57,700 --> 00:38:55,430

you know people that were ahead of the

817

00:38:59,950 --> 00:38:57,710

curve I think you're you're John keels

818

00:39:02,920 --> 00:38:59,960

and you're Brad Stigers they were ahead

819

00:39:04,900 --> 00:39:02,930

of the curve writing about this long ago

820

00:39:08,200 --> 00:39:04,910

yeah I'm just catching up to him now

821

00:39:11,170 --> 00:39:08,210

because they were they were way ahead of

822

00:39:14,080 --> 00:39:11,180

it and you know at that the end of that

823

00:39:17,190 --> 00:39:14,090

sighting a neighbor rode that flap that

824

00:39:18,640 --> 00:39:17,200

out paranormal outbreak there was a

825

00:39:20,020 --> 00:39:18,650

gentleman from

826

00:39:21,520 --> 00:39:20,030

in both New York who came into the

827

00:39:24,190 --> 00:39:21,530

Whitehall police station said I just

828

00:39:26,110 --> 00:39:24,200

shot a creature out on a bear Road which

829

00:39:28,450 --> 00:39:26,120

was actually on Carver Falls Road which

830

00:39:31,480 --> 00:39:28,460

is an offshoot of a bear and they went

831

00:39:33,700 --> 00:39:31,490

out there and New York State Police

832

00:39:36,520 --> 00:39:33,710

investigated and they said they found a

833

00:39:39,490 --> 00:39:36,530

shotgun shell he said that he fired a

834

00:39:42,700 --> 00:39:39,500

shotgun and a 22 rifle at a creature

835

00:39:44,890 --> 00:39:42,710

that came at him on that road and they

836

00:39:48,340 --> 00:39:44,900

actually issued this into the police

837

00:39:50,500 --> 00:39:48,350

locks well you know when you say came at

838

00:39:52,590 --> 00:39:50,510

him well now if one of these things

839

00:39:55,380 --> 00:39:52,600

wanted to tear you from limb to limb

840

00:39:58,720 --> 00:39:55,390

couldn't they fairly easily do that I

841

00:40:00,580 --> 00:39:58,730

would I would think they would and what

842

00:40:03,310 --> 00:40:00,590

Linda was talking about earlier about

843

00:40:04,600 --> 00:40:03,320

that that display where they thought

844

00:40:06,520 --> 00:40:04,610

that they could have caught them I've

845

00:40:08,020 --> 00:40:06,530

gotten that report several times where

846

00:40:09,760 --> 00:40:08,030

people would say they're running out of

847

00:40:12,760 --> 00:40:09,770

the woods they said it could have caught

848

00:40:18,610 --> 00:40:12,770

me at any time and it seems to be some

849

00:40:22,150 --> 00:40:18,620

sort of a bluffing display well what I

850

00:40:28,180 --> 00:40:22,160

mean okay okay so all right is the woods

851
00:40:30,670 --> 00:40:28,190
thick enough deep enough to to hide I

852
00:40:33,840 --> 00:40:30,680
mean we don't seem to be obviously we

853
00:40:38,410 --> 00:40:33,850
can't be talking about one individual

854
00:40:42,040 --> 00:40:38,420
beast we must be talking about several

855
00:40:44,920 --> 00:40:42,050
maybe families of them well it's either

856
00:40:47,260 --> 00:40:44,930
a community or it's a paranormal aspect

857
00:40:51,640 --> 00:40:47,270
which exactly

858
00:40:53,620 --> 00:40:51,650
now it's paranormal paranormal yeah yeah

859
00:40:57,100 --> 00:40:53,630
well that's what it that's what it would

860
00:40:59,980 --> 00:40:57,110
would I mean to my way of thinking I I

861
00:41:03,820 --> 00:40:59,990
come from this the Paulino school of

862
00:41:07,630 --> 00:41:03,830
thought on this you know and Ill yeah I

863
00:41:09,760 --> 00:41:07,640

have to say that you know back when I I

864

00:41:12,460 --> 00:41:09,770

was on the Jim Harold Show there and the

865

00:41:14,350 --> 00:41:12,470

other day I guess a podcast that'll be

866

00:41:17,530 --> 00:41:14,360

coming out and I was talking about how I

867

00:41:20,560 --> 00:41:17,540

you know my main interest is UFOs of

868

00:41:23,680 --> 00:41:20,570

course but I I tangled in in a sense

869

00:41:27,640 --> 00:41:23,690

with them some of these creatures going

870

00:41:30,490 --> 00:41:27,650

back many years ago I used to go visit

871

00:41:32,229 --> 00:41:30,500

the late Ivan T Sanderson who was a

872

00:41:34,899 --> 00:41:32,239

zoology as

873

00:41:37,539 --> 00:41:34,909

while gist and a cryptozoologist who was

874

00:41:40,239 --> 00:41:37,549

a frequent guest on the long John

875

00:41:42,909 --> 00:41:40,249

Neville all night talk show and had

876

00:41:44,799 --> 00:41:42,919

written as far as I know one of the

877

00:41:47,559 --> 00:41:44,809

certainly the first paperback book

878

00:41:49,859 --> 00:41:47,569

called the Amana Mille snowman and he

879

00:41:53,559 --> 00:41:49,869

had all these plaster of Paris cast of

880

00:41:55,899 --> 00:41:53,569

you know three-toed a big foot and six

881

00:41:58,359 --> 00:41:55,909

told Bigfoot and the regular toad

882

00:42:01,179 --> 00:41:58,369

Bigfoot and no toad a Bigfoot you know

883

00:42:03,039 --> 00:42:01,189

so he would have a couple of people up

884

00:42:06,189 --> 00:42:03,049

there I mean from time to time who sit

885

00:42:09,489 --> 00:42:06,199

around and and talked about their you

886

00:42:13,719 --> 00:42:09,499

know Bigfoot experiences and he was also

887

00:42:16,629 --> 00:42:13,729

involved in the Iceman you know the

888

00:42:19,359 --> 00:42:16,639

Iceman that the came down well they had

889

00:42:21,789 --> 00:42:19,369

it on tour a timid did you tell me once

890

00:42:25,269 --> 00:42:21,799

that you saw the Iceman yes the

891

00:42:27,909 --> 00:42:25,279

Minnesota Iceman yeah it was tell us a

892

00:42:30,609 --> 00:42:27,919

little about that oh well yeah it was on

893

00:42:34,419 --> 00:42:30,619

a on a tour and this would have been

894

00:42:38,709 --> 00:42:34,429

sometime in the probably middle 70s and

895

00:42:41,619 --> 00:42:38,719

it it had actually came to a mall in

896

00:42:46,479 --> 00:42:41,629

Indianapolis Indiana and was on display

897

00:42:49,029 --> 00:42:46,489

there and this big huge ice chest is the

898

00:42:53,289 --> 00:42:49,039

best way to describe it is huge you know

899

00:42:56,769 --> 00:42:53,299

like a vertical you know not vertical

900

00:43:01,149 --> 00:42:56,779

but a horizontal refrigerator and it was

901
00:43:05,619 --> 00:43:01,159
this big I mean it was probably over 6

902
00:43:09,459 --> 00:43:05,629
foot tall hairy thing encased in ice and

903
00:43:12,009 --> 00:43:09,469
I mean the the history about it is is

904
00:43:14,399 --> 00:43:12,019
you know muted I mean you know there's

905
00:43:17,319 --> 00:43:14,409
been a number of different stories but

906
00:43:19,899 --> 00:43:17,329
from what I could see and I and I had

907
00:43:24,819 --> 00:43:19,909
remembered reading about it in the old

908
00:43:27,129 --> 00:43:24,829
Argosy magazine from cashton did I even

909
00:43:28,989 --> 00:43:27,139
write it or I can't remember who who

910
00:43:31,719 --> 00:43:28,999
wrote it originally I don't who did the

911
00:43:33,519 --> 00:43:31,729
original investigation but you could see

912
00:43:35,319 --> 00:43:33,529
you know through the ice and it looked

913
00:43:36,399 --> 00:43:35,329

like that this thing had been shot in

914

00:43:39,549 --> 00:43:36,409

the face

915

00:43:41,859 --> 00:43:39,559

it had it had one paw up like you know

916

00:43:44,079 --> 00:43:41,869

like it was trying to protect itself but

917

00:43:45,970 --> 00:43:44,089

you could clearly see you know like an

918

00:43:48,070 --> 00:43:45,980

entry wound and then

919

00:43:50,140 --> 00:43:48,080

what appeared to be even though it was

920

00:43:53,500 --> 00:43:50,150

lying on its back you know you could see

921

00:43:56,470 --> 00:43:53,510

what a pair what apparently was an exit

922

00:43:58,420 --> 00:43:56,480

wound which is a lot larger and and then

923

00:44:01,390 --> 00:43:58,430

you know its its other features I mean

924

00:44:06,670 --> 00:44:01,400

you know it had giant you know big hands

925

00:44:10,859 --> 00:44:06,680

and huge feet and you could actually see

926
00:44:13,599 --> 00:44:10,869
the individual hairs on it now later

927
00:44:18,670 --> 00:44:13,609
people said that there was actually

928
00:44:20,710 --> 00:44:18,680
another version that was made you know

929
00:44:25,900 --> 00:44:20,720
like a man made you know a version that

930
00:44:30,730 --> 00:44:25,910
that went on the circuit as well but the

931
00:44:32,230 --> 00:44:30,740
one that I saw had a smell to it and I

932
00:44:35,109 --> 00:44:32,240
suppose that's something that you could

933
00:44:38,380 --> 00:44:35,119
fake you know with a like a rubber

934
00:44:44,670 --> 00:44:38,390
version but but this thing had this

935
00:44:48,130 --> 00:44:44,680
smell like an old like a refrigerator

936
00:44:52,930 --> 00:44:48,140
like a freezer in an old butcher shop

937
00:44:55,120 --> 00:44:52,940
you know just that that years of rotting

938
00:44:58,330 --> 00:44:55,130

meat I suppose that just you know I mean

939

00:45:02,410 --> 00:44:58,340

it's just you could not mistake that

940

00:45:04,960 --> 00:45:02,420

smell so I mean I took it I even took it

941

00:45:07,840 --> 00:45:04,970

very seriously I mean he had it down to

942

00:45:11,170 --> 00:45:07,850

a you know science with the measurements

943

00:45:13,630 --> 00:45:11,180

and the and the whole bit I mean I

944

00:45:16,060 --> 00:45:13,640

wouldn't say he based his a career on it

945

00:45:18,640 --> 00:45:16,070

because he had some pretty you know

946

00:45:22,300 --> 00:45:18,650

outlandish claims that he that he made

947

00:45:23,920 --> 00:45:22,310

but yeah it was it was either Ivan that

948

00:45:27,070 --> 00:45:23,930

wrote the article in Argosy or somebody

949

00:45:30,700 --> 00:45:27,080

wrote it about him and the and the ice

950

00:45:33,130 --> 00:45:30,710

creature what happened to it

951
00:45:34,510 --> 00:45:33,140
you know I'm not sure I there there was

952
00:45:38,050 --> 00:45:34,520
pictures that were released just a

953
00:45:44,590 --> 00:45:38,060
couple of years ago of the latex version

954
00:45:47,170 --> 00:45:44,600
that was melted out of the you know it's

955
00:45:49,750 --> 00:45:47,180
ice chest and I mean and but you did it

956
00:45:53,200 --> 00:45:49,760
it was different looking than the one

957
00:45:58,880 --> 00:45:53,210
that I saw it's a

958
00:46:02,930 --> 00:45:58,890
it was similar but it wasn't exactly the

959
00:46:06,950 --> 00:46:02,940
same and and and again just the the the

960
00:46:11,990 --> 00:46:06,960
smell that convinced me that you know

961
00:46:13,670 --> 00:46:12,000
this was not you know the this was not a

962
00:46:15,859 --> 00:46:13,680
shell this wasn't a fake you know this

963
00:46:17,210 --> 00:46:15,869

was real so I can see how I even

964

00:46:20,809 --> 00:46:17,220

Sanderson was impressed by it like

965

00:46:23,359 --> 00:46:20,819

because I sort of fakes appalled would

966

00:46:28,370 --> 00:46:23,369

you say that there are some hope a hoax

967

00:46:32,780 --> 00:46:28,380

hoaxers and and some attempts to prank

968

00:46:35,000 --> 00:46:32,790

people absolutely and a lot of times the

969

00:46:38,240 --> 00:46:35,010

hoaxers objective is to get publicity

970

00:46:40,790 --> 00:46:38,250

and you know eventually go haha so when

971

00:46:44,510 --> 00:46:40,800

you're dealing with a policeman who

972

00:46:46,250 --> 00:46:44,520

swears you know to secrecy there really

973

00:46:49,579 --> 00:46:46,260

isn't any objective for somebody like

974

00:46:52,730 --> 00:46:49,589

that to to make this up so yeah there's

975

00:46:55,010 --> 00:46:52,740

definitely hoaxing that went on and so

976
00:46:57,170 --> 00:46:55,020
forth so you have to always be on guard

977
00:46:59,300 --> 00:46:57,180
against that and sometimes it's not

978
00:47:02,800 --> 00:46:59,310
hoaxing but you get people who are very

979
00:47:08,059 --> 00:47:02,810
enthusiastic and you know I have a

980
00:47:10,790 --> 00:47:08,069
higher criteria for an actual sighting

981
00:47:15,079 --> 00:47:10,800
in other words if you tell me you think

982
00:47:18,230 --> 00:47:15,089
you may have seen a big flood then my

983
00:47:20,960 --> 00:47:18,240
idea is you probably didn't when you see

984
00:47:25,609 --> 00:47:20,970
it it's a life altering it's a life

985
00:47:27,609 --> 00:47:25,619
changing event that jars you to you know

986
00:47:30,620 --> 00:47:27,619
you know makes your knees wobble and

987
00:47:33,319 --> 00:47:30,630
people will say if they were standing on

988
00:47:35,089 --> 00:47:33,329

a stack of cameras they wouldn't even

989

00:47:37,819 --> 00:47:35,099

think their mind just shuts right off

990

00:47:40,160 --> 00:47:37,829

I've heard that a million times and I

991

00:47:42,290 --> 00:47:40,170

just that my brain was scrambled I was

992

00:47:45,290 --> 00:47:42,300

so shocked by it and when you have

993

00:47:47,510 --> 00:47:45,300

someone who has a reputation to protect

994

00:47:49,490 --> 00:47:47,520

and they come forward with that and they

995

00:47:51,890 --> 00:47:49,500

don't want their identity revealed and

996

00:47:55,970 --> 00:47:51,900

that's a pretty good indicator of a

997

00:47:58,640 --> 00:47:55,980

legitimate sighting well here we go with

998

00:48:01,099 --> 00:47:58,650

a break coming up and we'll be back in

999

00:48:03,670 --> 00:48:01,109

just a few minutes with our fascinating

1000

00:48:06,829 --> 00:48:03,680

1001
00:48:07,280 --> 00:48:06,839
Bigfoot and dark man and weighing the

1002
00:48:08,270 --> 00:48:07,290
weird

1003
00:48:17,360 --> 00:48:08,280
the creatures

1004
00:48:22,590 --> 00:48:18,780
explode

1005
00:48:24,530 --> 00:48:22,600
the bazaars or e-ticket ride into the

1006
00:48:27,600 --> 00:48:24,540

1007
00:48:30,620 --> 00:48:27,610
your selfie and as we traverse the

1008

1011
00:48:46,290 --> 00:48:41,260

hour is in weird winged Wanderers okay

1036

00:50:11,269 --> 00:50:07,559

yeah I think I think we we covered

1037

00:50:15,559 --> 00:50:11,279

practically every aspect of strange

1038

00:50:17,569 --> 00:50:15,569

creatures in the sky III and yeah and

1039

00:50:20,839 --> 00:50:17,579

some of them climbing up buildings that

1040

00:50:23,390 --> 00:50:20,849

we were talking about dog man climbing

1041

00:50:25,999 --> 00:50:23,400

around that there was a case that bred

1042

00:50:28,970 --> 00:50:26,009

Steiger wrote up I think it was an Iowa

1043

00:50:34,190 --> 00:50:28,980

no I I can't remember the year I I

1044

00:50:36,289 --> 00:50:34,200

always fudge on this but let's say 1901

1045

00:50:38,809 --> 00:50:36,299

or something like this where the a court

1046

00:50:41,599 --> 00:50:38,819

judge actually saw well first it was on

1047

00:50:44,660 --> 00:50:41,609

the telephone pole hovering yawn up

1048

00:50:47,599 --> 00:50:44,670

there and then later on it it made its

1049

00:50:50,299 --> 00:50:47,609

way to the top of a several of the

1050

00:50:52,309 --> 00:50:50,309

tallest buildings in town but you know

1051

00:50:56,390 --> 00:50:52,319

the tallest buildings in town at them

1052

00:51:00,979 --> 00:50:56,400

were three stories that was pretty Tomac

1053

00:51:04,819 --> 00:51:00,989

mamo that well I'll suppose that it was

1054

00:51:06,890 --> 00:51:04,829

but we're doing the wonders and you know

1055

00:51:07,410 --> 00:51:06,900

what all these things seemed to have in

1056

00:51:10,440 --> 00:51:07,420

common

1057

00:51:14,010 --> 00:51:10,450

is a pretty much of a horrendous odor

1058

00:51:16,559 --> 00:51:14,020

you know I remember I was an involved

1059

00:51:18,329 --> 00:51:16,569

investigating a case and this is in one

1060

00:51:21,079 --> 00:51:18,339

of my books that actually could tap into

1061

00:51:23,910 --> 00:51:21,089

it on the internet there somewhere I

1062

00:51:27,000 --> 00:51:23,920

investigated one of the eye I think

1063

00:51:29,490 --> 00:51:27,010

probably wrote about the the skunk ape

1064

00:51:32,280 --> 00:51:29,500

of the Everglades long before anybody

1065

00:51:36,180 --> 00:51:32,290

else even knew that it existed and there

1066

00:51:40,380 --> 00:51:36,190

was a professor down there in Florida

1067

00:51:42,990 --> 00:51:40,390

Osborne and he was a collecting these

1068

00:51:45,420 --> 00:51:43,000

reports and going out on expeditions and

1069

00:51:48,900 --> 00:51:45,430

and so forth and always reported a

1070

00:51:53,250 --> 00:51:48,910

horrendous smell now these are swamp

1071

00:51:56,039 --> 00:51:53,260

Apes were albino most of them were just

1072

00:51:58,789 --> 00:51:56,049

you know totally white in in in in color

1073

00:52:01,700 --> 00:51:58,799

but I I do remember one time

1074

00:52:05,970 --> 00:52:01,710

interviewing this fellow who was a

1075

00:52:07,799 --> 00:52:05,980

security guard in a like a trucking firm

1076
00:52:09,180 --> 00:52:07,809
or something along the line you know I

1077
00:52:10,460 --> 00:52:09,190
mean he went up and down the aisles

1078
00:52:13,220 --> 00:52:10,470
where the trucks were to make sure

1079
00:52:15,180 --> 00:52:13,230
nobody was going in and stealing those

1080
00:52:19,049 --> 00:52:15,190
well I don't even know if they were

1081
00:52:20,819 --> 00:52:19,059
color TV sets in those days if they if

1082
00:52:22,440 --> 00:52:20,829
they were they were they weighed a

1083
00:52:24,900 --> 00:52:22,450
hundred pounds apiece I don't think he

1084
00:52:27,329 --> 00:52:24,910
could get card him off you know or to

1085
00:52:29,520 --> 00:52:27,339
food or to easily anyway he had a

1086
00:52:33,230 --> 00:52:29,530
confrontation with one of these escapes

1087
00:52:37,260 --> 00:52:33,240
there and he cornered it in one of the

1088
00:52:40,190 --> 00:52:37,270

18 there wheelers and slammed the door

1089

00:52:44,460 --> 00:52:40,200

and unlocked it tight and he could hear

1090

00:52:47,789 --> 00:52:44,470

the the skunk ape just pounding around

1091

00:52:50,940 --> 00:52:47,799

you know beating on the side of the of

1092

00:52:53,250 --> 00:52:50,950

the vehicle and so forth and so he

1093

00:52:55,620 --> 00:52:53,260

called I don't know the police or other

1094

00:52:57,599 --> 00:52:55,630

security guards or the owners of the the

1095

00:53:01,349 --> 00:52:57,609

lot where all these trucks were parked

1096

00:53:04,260 --> 00:53:01,359

and by time he got there Ill my time

1097

00:53:06,660 --> 00:53:04,270

they got there I guess the the pounding

1098

00:53:09,270 --> 00:53:06,670

had to had ceased and perhaps they

1099

00:53:12,299 --> 00:53:09,280

thought he was a little you know a wacko

1100

00:53:15,450 --> 00:53:12,309

or had been drinking on the on the job

1101
00:53:17,520 --> 00:53:15,460
anyway he persisted in saying that no no

1102
00:53:21,360 --> 00:53:17,530
this was true and that he had captured

1103
00:53:23,730 --> 00:53:21,370
and he was sure that you know this

1104
00:53:29,370 --> 00:53:23,740
concave was inside and lo and behold

1105
00:53:32,640 --> 00:53:29,380
they opened the back door to the to this

1106
00:53:35,730 --> 00:53:32,650
a huge truck and there was a horrendous

1107
00:53:38,100 --> 00:53:35,740
odor that almost knocked him knocked two

1108
00:53:41,670 --> 00:53:38,110
people down to the ground but no sign of

1109
00:53:42,590 --> 00:53:41,680
the skunk ape where did he go Tim where

1110
00:53:45,390 --> 00:53:42,600
did he go

1111
00:53:47,310 --> 00:53:45,400
I don't know maybe he just turned into a

1112
00:53:50,190 --> 00:53:47,320
bad smell and that was it

1113
00:53:52,050 --> 00:53:50,200

well that's that's coming up in our in

1114

00:53:57,120 --> 00:53:52,060

our next book that should be out just in

1115

00:53:59,790 --> 00:53:57,130

a in a few days the UFO hostilities and

1116

00:54:04,460 --> 00:53:59,800

the evil alien agenda you wrote about

1117

00:54:07,080 --> 00:54:04,470

the stinky saucers and the bad smells

1118

00:54:10,590 --> 00:54:07,090

yeah yeah they were one of my chapters I

1119

00:54:13,320 --> 00:54:10,600

actually was able to contribute to

1120

00:54:14,970 --> 00:54:13,330

several but several this is gonna be I

1121

00:54:17,520 --> 00:54:14,980

don't know what the page count in the

1122

00:54:18,870 --> 00:54:17,530

book is yet but this is going to you

1123

00:54:21,570 --> 00:54:18,880

know what's wrong with our books they're

1124

00:54:25,830 --> 00:54:21,580

too darn fat and it takes people too

1125

00:54:27,660 --> 00:54:25,840

long to read them if you can devour

1126

00:54:29,190 --> 00:54:27,670

three other books in the meantime while

1127

00:54:32,030 --> 00:54:29,200

you're still turning the pages through

1128

00:54:35,790 --> 00:54:32,040

our books but anyway so much information

1129

00:54:40,380 --> 00:54:35,800

enough of my idle the chatter on with

1130

00:54:44,840 --> 00:54:40,390

the interview with Tim take it away well

1131

00:54:49,740 --> 00:54:44,850

Linda we had talked about this you know

1132

00:54:52,500 --> 00:54:49,750

during the break and with my own

1133

00:54:56,430 --> 00:54:52,510

research I mean and and you know you had

1134

00:55:00,210 --> 00:54:56,440

mentioned this before when people who

1135

00:55:06,000 --> 00:55:00,220

have what you know had encounters you

1136

00:55:11,280 --> 00:55:06,010

know with with the dog men there really

1137

00:55:15,240 --> 00:55:11,290

has not been any like a serious injuries

1138

00:55:17,600 --> 00:55:15,250

or are really any major attacks that we

1139

00:55:20,610 --> 00:55:17,610

know of I suppose that you know somebody

1140

00:55:23,190 --> 00:55:20,620

encountered one in the in the woods and

1141

00:55:25,200 --> 00:55:23,200

then got completely healed devoured we'd

1142

00:55:29,460 --> 00:55:25,210

never know about it just be another it

1143

00:55:34,880 --> 00:55:29,470

just be another missing case but there

1144

00:55:39,509 --> 00:55:34,890

was a very famous case back in France

1145

00:55:42,029 --> 00:55:39,519

like 200 back in the 1700s the the beast

1146

00:55:46,019 --> 00:55:42,039

of you're gonna have to say the last

1147

00:55:47,460 --> 00:55:46,029

name again Java dong or I think that's

1148

00:55:49,680 --> 00:55:47,470

pretty close my French isn't all that

1149

00:55:51,029 --> 00:55:49,690

great either so I but I think you're

1150

00:55:56,430 --> 00:55:51,039

very close people will know what you

1151
00:56:00,960 --> 00:55:56,440
mean but I mean that was a a B and this

1152
00:56:02,460 --> 00:56:00,970
is a historical case I mean you know

1153
00:56:05,160 --> 00:56:02,470
this this isn't you know like a

1154
00:56:09,630 --> 00:56:05,170
mythology or you know or legends you

1155
00:56:13,259 --> 00:56:09,640
know the time but you know this was a

1156
00:56:15,240 --> 00:56:13,269
wolf-like creature that really just went

1157
00:56:18,059 --> 00:56:15,250
through the population eating especially

1158
00:56:20,430 --> 00:56:18,069
little girls like popcorn yeah it ain't

1159
00:56:24,059 --> 00:56:20,440
like I know a hundred people something

1160
00:56:26,069 --> 00:56:24,069
like that or they ate because some

1161
00:56:29,000 --> 00:56:26,079
people insisted that there was more than

1162
00:56:32,849 --> 00:56:29,010
one animal they were very large in size

1163
00:56:38,970 --> 00:56:32,859

for especially for European wolves of

1164

00:56:40,289 --> 00:56:38,980

that time and they if they just had

1165

00:56:42,960 --> 00:56:40,299

certain differences from the

1166

00:56:45,420 --> 00:56:42,970

contemporary reports that I get but the

1167

00:56:46,799 --> 00:56:45,430

biggest the biggest difference of all or

1168

00:56:49,410 --> 00:56:46,809

they were also sometimes said to

1169

00:56:52,230 --> 00:56:49,420

resemble hyenas but I that description

1170

00:56:54,839 --> 00:56:52,240

too so the big difference is that they

1171

00:56:57,690 --> 00:56:54,849

killed and eight people in livestock

1172

00:57:00,509 --> 00:56:57,700

whatever they were and the contemporary

1173

00:57:02,970 --> 00:57:00,519

animals there are two fairly well-known

1174

00:57:05,460 --> 00:57:02,980

incidents that I can think of that one

1175

00:57:07,349 --> 00:57:05,470

is really on improving it's sort of a

1176

00:57:09,420 --> 00:57:07,359

conspiracy theory type thing is the

1177

00:57:12,779 --> 00:57:09,430

government hiding this but a family in

1178

00:57:15,930 --> 00:57:12,789

this southern I think it's a state

1179

00:57:17,309 --> 00:57:15,940

forest called Land Between the Lakes was

1180

00:57:21,690 --> 00:57:17,319

camping and was supposed to have been

1181

00:57:24,089 --> 00:57:21,700

massacred and but no evidence exists

1182

00:57:26,160 --> 00:57:24,099

that the family was there or existed so

1183

00:57:27,329 --> 00:57:26,170

it comes down to you know people have

1184

00:57:29,279 --> 00:57:27,339

been going back and forth on that one

1185

00:57:32,900 --> 00:57:29,289

for years and then there's another one

1186

00:57:36,359 --> 00:57:32,910

written about by my friend Bart not only

1187

00:57:40,019 --> 00:57:36,369

who has a personal aspect on this one

1188

00:57:43,499 --> 00:57:40,029

where they were certainly vicious types

1189

00:57:46,170 --> 00:57:43,509

of creatures that were attacking and so

1190

00:57:48,300 --> 00:57:46,180

you have these several kind of famous

1191

00:57:52,200 --> 00:57:48,310

ones and then you just get incidental

1192

00:57:54,690 --> 00:57:52,210

it's like the the car scratches the man

1193

00:57:57,960 --> 00:57:54,700

up in Quebec province that I mentioned

1194

00:58:00,210 --> 00:57:57,970

earlier and then interestingly enough

1195

00:58:02,970 --> 00:58:00,220

there are a number more than you would

1196

00:58:06,120 --> 00:58:02,980

think of incidents where these creatures

1197

00:58:09,240 --> 00:58:06,130

will run alongside cars and people will

1198

00:58:11,400 --> 00:58:09,250

say they were so large they their their

1199

00:58:14,850 --> 00:58:11,410

heads or their backs came up level with

1200

00:58:16,680 --> 00:58:14,860

the driver's side window and that they

1201
00:58:19,220 --> 00:58:16,690
were the size of it'll often describe

1202
00:58:22,620 --> 00:58:19,230
them as the size of Shetland ponies or

1203
00:58:23,880 --> 00:58:22,630
yearling calves which is huge and these

1204
00:58:26,310 --> 00:58:23,890
things will come

1205
00:58:28,530 --> 00:58:26,320
bashing against the car or the truck as

1206
00:58:32,430 --> 00:58:28,540
it's moving sometimes you know skidding

1207
00:58:36,360 --> 00:58:32,440
it along the road or leaving bash marks

1208
00:58:39,150 --> 00:58:36,370
in in the the metal of the car and that

1209
00:58:41,760 --> 00:58:39,160
that's a whole another thing you know

1210
00:58:43,260 --> 00:58:41,770
and I don't know what would be the

1211
00:58:45,090 --> 00:58:43,270
creatures aim if it's just trying to

1212
00:58:47,010 --> 00:58:45,100
scare them or if it's hoping it actually

1213
00:58:48,690 --> 00:58:47,020

will be able to you know get the car off

1214

00:58:50,160 --> 00:58:48,700

the road and tip it over and then open

1215

00:58:51,780 --> 00:58:50,170

it like a can of sardines and eat the

1216

00:58:54,270 --> 00:58:51,790

people I don't you know I don't know

1217

00:58:56,550 --> 00:58:54,280

what what the creature is thinking but

1218

00:59:00,420 --> 00:58:56,560

that does happen fairly frequently which

1219

00:59:01,710 --> 00:59:00,430

is kind of scary to me it's it's

1220

00:59:05,640 --> 00:59:01,720

interesting though that you would say

1221

00:59:08,250 --> 00:59:05,650

that about the size because the the the

1222

00:59:11,270 --> 00:59:08,260

creature in the the French incident or

1223

00:59:13,740 --> 00:59:11,280

creatures was also described as being

1224

00:59:16,500 --> 00:59:13,750

abnormally large as some people said it

1225

00:59:27,150 --> 00:59:16,510

was as large mm-hmm as like a pony you

1226
00:59:30,810 --> 00:59:27,160
know or cash yeah but and it's like you

1227
00:59:34,680 --> 00:59:30,820
said I mean it seems to be almost for

1228
00:59:38,760 --> 00:59:34,690
some reason you know some kind of bluff

1229
00:59:41,580 --> 00:59:38,770
I suppose but you know why go through

1230
00:59:42,450 --> 00:59:41,590
who you know why do that and of course

1231
00:59:45,000 --> 00:59:42,460
you know we're just we're just

1232
00:59:47,220 --> 00:59:45,010
speculating here you know what do you

1233
00:59:49,230 --> 00:59:47,230
think if we're dealing with a wild

1234
00:59:50,760 --> 00:59:49,240
animal because I mean I know that you

1235
00:59:53,010 --> 00:59:50,770
have looked into the idea that possibly

1236
00:59:56,520 --> 00:59:53,020
these things could be some kind of you

1237
00:59:59,880 --> 00:59:56,530
know a mutation or you know

1238
01:00:02,040 --> 00:59:59,890

our canids that you know saw the

1239

01:00:04,320 --> 01:00:02,050

advantage of standing on its hind legs

1240

01:00:08,400 --> 01:00:04,330

and the weeds and it just gets kind of

1241

01:00:11,120 --> 01:00:08,410

kind of caught on but a lot of the

1242

01:00:14,100 --> 01:00:11,130

actions of these things shows

1243

01:00:16,560 --> 01:00:14,110

intelligence to me right and and not

1244

01:00:21,000 --> 01:00:16,570

just instinct you know we seem to be

1245

01:00:23,420 --> 01:00:21,010

dealing with something that is it's

1246

01:00:26,160 --> 01:00:23,430

thinking things through

1247

01:00:28,740 --> 01:00:26,170

yeah and people say that all the time

1248

01:00:30,780 --> 01:00:28,750

the reports they'll say you know when it

1249

01:00:33,330 --> 01:00:30,790

was it looked me in the eyes and I felt

1250

01:00:35,340 --> 01:00:33,340

that it was much more intelligent than a

1251

01:00:37,740 --> 01:00:35,350

normal animal you know that it was

1252

01:00:40,590 --> 01:00:37,750

thinking about me or curious about me as

1253

01:00:42,690 --> 01:00:40,600

a person you know in a weird way that

1254

01:00:45,150 --> 01:00:42,700

you would never expect from a wild

1255

01:00:46,890 --> 01:00:45,160

animal you know and that's what freaks

1256

01:00:49,200 --> 01:00:46,900

them out almost more than the thought of

1257

01:00:51,570 --> 01:00:49,210

being eaten is that these these things

1258

01:00:53,520 --> 01:00:51,580

are assessing them well and that's weird

1259

01:00:55,140 --> 01:00:53,530

but on the other hand I all still try

1260

01:01:00,600 --> 01:00:55,150

and play the devil's that advocate keep

1261

01:01:02,400 --> 01:01:00,610

my well these are very very intelligent

1262

01:01:04,830 --> 01:01:02,410

creatures and it's been shown in

1263

01:01:07,380 --> 01:01:04,840

wildlife studies that they do strategize

1264

01:01:09,870 --> 01:01:07,390

they will you know take up certain

1265

01:01:12,120 --> 01:01:09,880

invent little ruses or ploys to get in

1266

01:01:14,340 --> 01:01:12,130

closer to their prey you know they'll

1267

01:01:17,100 --> 01:01:14,350

they'll act in concert almost as if they

1268

01:01:19,770 --> 01:01:17,110

figured out things ahead of time and so

1269

01:01:21,630 --> 01:01:19,780

you you can't ever underestimate the

1270

01:01:23,370 --> 01:01:21,640

intelligence and the abilities of our

1271

01:01:26,100 --> 01:01:23,380

natural animals especially the large

1272

01:01:28,350 --> 01:01:26,110

predators because they've had to get

1273

01:01:30,180 --> 01:01:28,360

smart in order to survive all these

1274

01:01:32,970 --> 01:01:30,190

years doing you know what they do and

1275

01:01:35,370 --> 01:01:32,980

part of that always they they don't want

1276

01:01:37,320 --> 01:01:35,380

to get hurt or they'll die because they

1277

01:01:40,110 --> 01:01:37,330

can't hunt anymore so they strategize

1278

01:01:43,290 --> 01:01:40,120

about getting the most they can out of

1279

01:01:44,850 --> 01:01:43,300

each for a so that they're more likely

1280

01:01:47,220 --> 01:01:44,860

to get prey and not get hurt themselves

1281

01:01:50,220 --> 01:01:47,230

so there's always that to take into

1282

01:01:52,980 --> 01:01:50,230

account people say what they experience

1283

01:01:54,930 --> 01:01:52,990

goes beyond that because again they have

1284

01:01:57,570 --> 01:01:54,940

that mental message that comes to them

1285

01:02:00,390 --> 01:01:57,580

it's doing inexplicable things like

1286

01:02:02,430 --> 01:02:00,400

bumping the side of the of the carrot

1287

01:02:06,360 --> 01:02:02,440

rock for no reason it's hanging around

1288

01:02:08,850 --> 01:02:06,370

houses peering in windows it's it's just

1289

01:02:10,910 --> 01:02:08,860

not what you expect from any sort of

1290

01:02:15,210 --> 01:02:10,920

normal animal

1291

01:02:19,200 --> 01:02:15,220

now has their intelligence level seem to

1292

01:02:23,910 --> 01:02:19,210

have increased since so you started

1293

01:02:25,680 --> 01:02:23,920

collecting these reports well that's

1294

01:02:28,380 --> 01:02:25,690

really hard to gauge you know because I

1295

01:02:30,510 --> 01:02:28,390

don't really know how intelligent they

1296

01:02:33,720 --> 01:02:30,520

were but I mean there was one you know

1297

01:02:36,600 --> 01:02:33,730

dashing for the car and and scratching

1298

01:02:39,450 --> 01:02:36,610

the back at that time and pretty much

1299

01:02:43,740 --> 01:02:39,460

doing the same sorts of things you know

1300

01:02:46,290 --> 01:02:43,750

that they are now so that that's a hard

1301

01:02:49,050 --> 01:02:46,300

question to answer but they seem to have

1302

01:02:52,310 --> 01:02:49,060

been intelligent all along you know it's

1303

01:02:58,790 --> 01:02:52,320

it's not something that just suddenly

1304

01:03:05,100 --> 01:03:01,310

different can you put them in different

1305

01:03:08,070 --> 01:03:05,110

classifications sort of yeah you know

1306

01:03:09,390 --> 01:03:08,080

and like I said these aren't really what

1307

01:03:11,220 --> 01:03:09,400

I would call different species but

1308

01:03:13,320 --> 01:03:11,230

they're different types of phenomena

1309

01:03:16,050 --> 01:03:13,330

because we don't really know what any of

1310

01:03:19,230 --> 01:03:16,060

them are but for instance most people

1311

01:03:20,970 --> 01:03:19,240

probably 90% of the reports I get they

1312

01:03:22,680 --> 01:03:20,980

see it as they're driving along the road

1313

01:03:24,870 --> 01:03:22,690

or they're hiking in a path or something

1314

01:03:26,490 --> 01:03:24,880

and the creatures just kind of they're

1315

01:03:28,080 --> 01:03:26,500

doing its own thing it takes note of

1316

01:03:30,570 --> 01:03:28,090

them in some cases it locks eyes with

1317

01:03:35,430 --> 01:03:30,580

them and they get the message thing but

1318

01:03:37,320 --> 01:03:35,440

they see it as looking like a wolf or

1319

01:03:39,450 --> 01:03:37,330

German Shepherd or hybrid mix of some

1320

01:03:42,030 --> 01:03:39,460

type that is standing on its hind legs

1321

01:03:44,430 --> 01:03:42,040

walking running on its hind legs which

1322

01:03:47,520 --> 01:03:44,440

is not a supernatural act it's just an

1323

01:03:49,980 --> 01:03:47,530

unusual act or something in the wild

1324

01:03:52,200 --> 01:03:49,990

unless it has injured four paws or

1325

01:03:54,720 --> 01:03:52,210

injured front limbs you know and it has

1326

01:03:56,670 --> 01:03:54,730

to do that in order to get around so you

1327

01:03:58,470 --> 01:03:56,680

have that that looks if it felt that

1328

01:04:00,570 --> 01:03:58,480

you'd probably just think that's kind of

1329

01:04:01,920 --> 01:04:00,580

a really big kind of weird-looking wolf

1330

01:04:04,050 --> 01:04:01,930

or dog but you wouldn't think was

1331

01:04:06,510 --> 01:04:04,060

anything else on the other hand if

1332

01:04:08,550 --> 01:04:06,520

you're someone who encounters what I

1333

01:04:12,240 --> 01:04:08,560

call the Phantom black hones kind of it

1334

01:04:16,170 --> 01:04:12,250

after the UK animals here in your belt

1335

01:04:22,440 --> 01:04:16,180

your Fanta phantom what phantom black

1336

01:04:23,640 --> 01:04:22,450

cones okay like all right sure sure of

1337

01:04:25,110 --> 01:04:23,650

course

1338

01:04:27,300 --> 01:04:25,120

they're on all fours but often there's

1339

01:04:30,210 --> 01:04:27,310

they're standing up but one of these

1340

01:04:32,520 --> 01:04:30,220

walks in your bedroom at night you know

1341

01:04:34,320 --> 01:04:32,530

from the hallway and looks at you for a

1342

01:04:36,600 --> 01:04:34,330

few minutes it doesn't do anything and

1343

01:04:38,640 --> 01:04:36,610

then just goes through a wall or turns

1344

01:04:42,870 --> 01:04:38,650

around or you turn around and look back

1345

01:04:44,130 --> 01:04:42,880

and it's gone and these sorts of reports

1346

01:04:46,860 --> 01:04:44,140

come in more often than you might think

1347

01:04:50,640 --> 01:04:46,870

well I had one from a very highly

1348

01:04:53,490 --> 01:04:50,650

educated multi doctorate college

1349

01:04:55,050 --> 01:04:53,500

professor from the East Coast that had

1350

01:04:58,200 --> 01:04:55,060

this happen where two of them and

1351
01:05:00,540 --> 01:04:58,210
they'll often compare these types to the

1352
01:05:02,640 --> 01:05:00,550
Egyptian god of the dead under us I hear

1353
01:05:03,990 --> 01:05:02,650
that description over and over again and

1354
01:05:07,290 --> 01:05:04,000
she said these two things that looked

1355
01:05:09,300 --> 01:05:07,300
sort of like Anubis were in suddenly in

1356
01:05:11,520 --> 01:05:09,310
her room she was wide awake sitting up

1357
01:05:13,830 --> 01:05:11,530
looking at them and they didn't seem in

1358
01:05:15,690 --> 01:05:13,840
the slightest interested in her it was

1359
01:05:18,330 --> 01:05:15,700
like they were tourists doing a tour of

1360
01:05:20,700 --> 01:05:18,340
her bedroom and pointing to things and

1361
01:05:23,130 --> 01:05:20,710
looking at things and then they very

1362
01:05:25,260 --> 01:05:23,140
casually just walked out and that was

1363
01:05:27,000 --> 01:05:25,270

that and I'd say well that's a crazy

1364

01:05:29,370 --> 01:05:27,010

kind of one-off thing except it isn't

1365

01:05:31,700 --> 01:05:29,380

you hear that over and over again and

1366

01:05:34,320 --> 01:05:31,710

it's sort of like the old hag ridden

1367

01:05:37,200 --> 01:05:34,330

nightmare thing where something comes

1368

01:05:39,510 --> 01:05:37,210

and sits on people's chests if they have

1369

01:05:42,240 --> 01:05:39,520

like sleep paralysis except the people

1370

01:05:44,040 --> 01:05:42,250

describe it as not like that at all the

1371

01:05:47,010 --> 01:05:44,050

thing doesn't make any contact with them

1372

01:05:49,710 --> 01:05:47,020

they're wide awake they can move they

1373

01:05:54,150 --> 01:05:49,720

know it's there it's it's a very

1374

01:05:57,270 --> 01:05:54,160

different sort of thing and I've written

1375

01:05:58,710 --> 01:05:57,280

about some this is a common modern thing

1376

01:06:01,620 --> 01:05:58,720

it's not just something that happened in

1377

01:06:03,300 --> 01:06:01,630

old times but it's not the same thing as

1378

01:06:05,850 --> 01:06:03,310

these creatures appearing then there are

1379

01:06:07,680 --> 01:06:05,860

some that look much more humanoid

1380

01:06:10,140 --> 01:06:07,690

they're bigger taller much better

1381

01:06:13,350 --> 01:06:10,150

developed the bodies will look humanoid

1382

01:06:16,230 --> 01:06:13,360

that are often seen near reserves of

1383

01:06:18,230 --> 01:06:16,240

native land and that people who live

1384

01:06:20,640 --> 01:06:18,240

around there will tell you our

1385

01:06:22,470 --> 01:06:20,650

shapeshifters or another word especially

1386

01:06:26,070 --> 01:06:22,480

with the Navajo skinwalkers that are

1387

01:06:28,290 --> 01:06:26,080

supposed to be like medicine man or a

1388

01:06:31,500 --> 01:06:28,300

shaman that take a different path and

1389

01:06:34,290 --> 01:06:31,510

end up being able to project their

1390

01:06:35,850 --> 01:06:34,300

astral bodies or some other energy

1391

01:06:37,550 --> 01:06:35,860

force-field we don't know what it is

1392

01:06:41,390 --> 01:06:37,560

around themselves to a

1393

01:06:43,550 --> 01:06:41,400

as these wolf-like creatures and be able

1394

01:06:46,670 --> 01:06:43,560

to travel faster and do other things so

1395

01:06:49,130 --> 01:06:46,680

that's another kind where you have a man

1396

01:06:51,760 --> 01:06:49,140

that sort of turns into or has the

1397

01:06:54,380 --> 01:06:51,770

appearance of these creatures but then

1398

01:06:55,820 --> 01:06:54,390

my Native American friends will tell me

1399

01:06:57,230 --> 01:06:55,830

that there are also the ones that you

1400

01:06:59,630 --> 01:06:57,240

see along the roadside that look like

1401

01:07:02,210 --> 01:06:59,640

canines never were people they came from

1402

01:07:04,310 --> 01:07:02,220

the spirit world as themselves and come

1403

01:07:07,460 --> 01:07:04,320

here and visit but go back when they

1404

01:07:08,660 --> 01:07:07,470

want to so and there there's more you

1405

01:07:10,730 --> 01:07:08,670

know I mean I could go on like that

1406

01:07:13,370 --> 01:07:10,740

there are other types but it gives you

1407

01:07:15,710 --> 01:07:13,380

the idea that to me these are different

1408

01:07:19,280 --> 01:07:15,720

sorts of phenomena not different types

1409

01:07:20,630 --> 01:07:19,290

of species of one particular animal

1410

01:07:22,700 --> 01:07:20,640

especially can't since you can't really

1411

01:07:25,520 --> 01:07:22,710

even say that it is a natural animal or

1412

01:07:28,220 --> 01:07:25,530

a supernatural and what we we really at

1413

01:07:32,150 --> 01:07:28,230

this point don't have to my mind anyway

1414

01:07:34,670 --> 01:07:32,160

of declaring that argument closed well

1415

01:07:38,270 --> 01:07:34,680

you know I I was surprised I had I've

1416

01:07:40,940 --> 01:07:38,280

had done Nick Redford on the on the

1417

01:07:44,120 --> 01:07:40,950

program several times he's a friend of

1418

01:07:46,970 --> 01:07:44,130

ours and he told me what he told me once

1419

01:07:49,970 --> 01:07:46,980

he had an encounter with a werewolf type

1420

01:07:53,480 --> 01:07:49,980

that creature that appeared in his home

1421

01:07:56,030 --> 01:07:53,490

late at night now the question for both

1422

01:07:58,370 --> 01:07:56,040

of our guests here this evening have you

1423

01:08:03,790 --> 01:07:58,380

ever had a sighting yourself or

1424

01:08:08,030 --> 01:08:03,800

encountered anything unusual like this

1425

01:08:16,579 --> 01:08:08,040

listen you first okay well just the dark

1426
01:08:18,910 --> 01:08:16,589
man or Bigfoot or do they all come and

1427
01:08:24,710 --> 01:08:18,920
sit on your front porch I don't know

1428
01:08:26,660 --> 01:08:24,720
well well almost in in one case as far

1429
01:08:29,059 --> 01:08:26,670
as the dog man goes I think they are

1430
01:08:32,390 --> 01:08:29,069
more rare than Bigfoot and the sightings

1431
01:08:34,730 --> 01:08:32,400
are far more rare and and fewer and

1432
01:08:37,220 --> 01:08:34,740
maybe that's why I've had one incident

1433
01:08:40,520 --> 01:08:37,230
where I was in Michigan with a History

1434
01:08:43,579 --> 01:08:40,530
Channel crew taping late at night on a

1435
01:08:47,000 --> 01:08:43,589
gravel road very isolated and something

1436
01:08:49,789 --> 01:08:47,010
that had a vertical spine covered with

1437
01:08:50,599 --> 01:08:49,799
grey fur ran just outside the spotlight

1438
01:08:53,120 --> 01:08:50,609

we had set up

1439

01:08:55,999 --> 01:08:53,130

this gravel road and then blocked out a

1440

01:08:57,800 --> 01:08:56,009

seven-foot high reflective sign as it

1441

01:09:01,550 --> 01:08:57,810

finished crossing so we know something

1442

01:09:03,649 --> 01:09:01,560

that ran erect had gray fur and was

1443

01:09:05,510 --> 01:09:03,659

about seven feet tall cross the road

1444

01:09:07,550 --> 01:09:05,520

about 20 feet from where we were

1445

01:09:10,309 --> 01:09:07,560

standing and you know you can hear

1446

01:09:12,140 --> 01:09:10,319

running and one of the witnesses that

1447

01:09:14,329 --> 01:09:12,150

had taken us to this place was there too

1448

01:09:16,340 --> 01:09:14,339

and immediately grew so distraught we

1449

01:09:19,220 --> 01:09:16,350

had to leave at that moment and I didn't

1450

01:09:21,919 --> 01:09:19,230

mind leaving so that was my my one brush

1451

01:09:23,930 --> 01:09:21,929

with with what I think was pride it

1452

01:09:26,450 --> 01:09:23,940

could have been but we didn't see the

1453

01:09:29,300 --> 01:09:26,460

head so that I can't say definitely as

1454

01:09:31,419 --> 01:09:29,310

far as Bigfoot goes I went 20 years and

1455

01:09:34,760 --> 01:09:31,429

really didn't have much of any sort of

1456

01:09:37,640 --> 01:09:34,770

contact and then it kind of started

1457

01:09:38,990 --> 01:09:37,650

happening about five years ago and we

1458

01:09:41,090 --> 01:09:39,000

prepped my husband and I until about a

1459

01:09:43,070 --> 01:09:41,100

year ago lived in a house that was right

1460

01:09:45,829 --> 01:09:43,080

on the edge of the Kettle Moraine State

1461

01:09:47,419 --> 01:09:45,839

Forest which is a place where the

1462

01:09:50,229 --> 01:09:47,429

glacier went and stopped and then

1463

01:09:51,640 --> 01:09:50,239

created all these deep kind of potholes

1464

01:09:54,410 --> 01:09:51,650

paddle-shaped

1465

01:09:57,470 --> 01:09:54,420

depressions surrounded by ridges and so

1466

01:10:00,109 --> 01:09:57,480

there's a lot of elevation that Bigfoot

1467

01:10:02,629 --> 01:10:00,119

are said by many researchers to to enjoy

1468

01:10:04,669 --> 01:10:02,639

and I've kind of narrowed it down I

1469

01:10:06,470 --> 01:10:04,679

think that they have a little pocket in

1470

01:10:08,720 --> 01:10:06,480

there where they do have sort of a

1471

01:10:10,760 --> 01:10:08,730

permanent Enclave from which they go out

1472

01:10:14,450 --> 01:10:10,770

and forage for many miles around out in

1473

01:10:17,060 --> 01:10:14,460

the countryside and my our house was

1474

01:10:19,790 --> 01:10:17,070

right on the convergence of a bunch of

1475

01:10:22,250 --> 01:10:19,800

these kettles literally you could walk

1476

01:10:24,919 --> 01:10:22,260

out my office door go ten feet and drop

1477

01:10:27,080 --> 01:10:24,929

straight down into a kettle and there

1478

01:10:30,620 --> 01:10:27,090

were they were around there and

1479

01:10:32,030 --> 01:10:30,630

sometimes I would go walking and there

1480

01:10:33,830 --> 01:10:32,040

were certain fields that were sort of

1481

01:10:36,890 --> 01:10:33,840

surrounded by a kennel stood the farmers

1482

01:10:40,070 --> 01:10:36,900

would have a filled kettle filled kettle

1483

01:10:44,060 --> 01:10:40,080

etc and on what it would have been the

1484

01:10:47,149 --> 01:10:44,070

year 2014 on three occasions during that

1485

01:10:50,030 --> 01:10:47,159

year I saw what I can't explain any

1486

01:10:53,439 --> 01:10:50,040

other way as a Bigfoot one time it was

1487

01:10:56,689 --> 01:10:53,449

standing head and shoulders above a

1488

01:10:59,300 --> 01:10:56,699

medal of tall grass looking at me and I

1489

01:11:00,740 --> 01:10:59,310

first took it to be a fence post now

1490

01:11:02,530 --> 01:11:00,750

some people will say that if they

1491

01:11:05,920 --> 01:11:02,540

implanted that image or

1492

01:11:07,570 --> 01:11:05,930

in my mind but I was looking at it as I

1493

01:11:08,020 --> 01:11:07,580

walked by I was just out for a morning

1494

01:11:09,760 --> 01:11:08,030

walk

1495

01:11:11,890 --> 01:11:09,770

I had nothing with me in the term in

1496

01:11:14,020 --> 01:11:11,900

terms of cameras or anything and I was

1497

01:11:15,820 --> 01:11:14,030

thinking to myself why did that farmer

1498

01:11:17,710 --> 01:11:15,830

leave that fence post right in the

1499

01:11:19,090 --> 01:11:17,720

center of that field we're gonna have to

1500

01:11:20,740 --> 01:11:19,100

move around it and then I looked at the

1501

01:11:22,360 --> 01:11:20,750

other fence at the real fence post and I

1502

01:11:24,730 --> 01:11:22,370

said he doesn't look anything like those

1503

01:11:27,520 --> 01:11:24,740

and I looked back at it and it had begun

1504

01:11:30,820 --> 01:11:27,530

to lower itself vertically down into the

1505

01:11:32,470 --> 01:11:30,830

grass and I couldn't see a face because

1506

01:11:34,720 --> 01:11:32,480

the Sun was behind it but there were no

1507

01:11:37,380 --> 01:11:34,730

ears it was the exact shape that you

1508

01:11:39,760 --> 01:11:37,390

always think of as a Bigfoot it was a

1509

01:11:41,560 --> 01:11:39,770

good I'm gonna have to interrupt you

1510

01:11:43,240 --> 01:11:41,570

here because we have to go to our bottom

1511

01:11:45,370 --> 01:11:43,250

of the hour break so we'll come back

1512

01:11:51,710 --> 01:11:45,380

we'll ask Paul the same question on

1513

01:11:58,410 --> 01:11:55,860

now back to exploring the bazaar with

1514

01:12:01,740 --> 01:11:58,420

two of the most electrifying researchers

1515

01:12:08,520 --> 01:12:01,750

in the Paranoid your hosts Timothy Becca

1516

01:12:11,580 --> 01:12:08,530

Lee and Tim's lists alright welcome back

1517

01:12:15,270 --> 01:12:11,590

to exploring the bizarre and timid ask

1518

01:12:18,960 --> 01:12:15,280

Linda Godfrey if she had had any

1519

01:12:23,850 --> 01:12:18,970

encounter so I think before we run out

1520

01:12:25,890 --> 01:12:23,860

because unfortunately time is marching

1521

01:12:28,830 --> 01:12:25,900

on for the end of exploring the Bazaar

1522

01:12:31,130 --> 01:12:28,840

for tonight's episode so let's ask Paul

1523

01:12:34,050 --> 01:12:31,140

what about what about you I mean if you

1524

01:12:37,950 --> 01:12:34,060

run across anything unusual or is

1525

01:12:38,730 --> 01:12:37,960

anything unusual run across you not

1526

01:12:42,390 --> 01:12:38,740

really

1527

01:12:44,120 --> 01:12:42,400

you know we break down these reports in

1528

01:12:47,070 --> 01:12:44,130

this region and track finds

1529

01:12:48,780 --> 01:12:47,080

vocalizations and eyewitness sightings

1530

01:12:51,840 --> 01:12:48,790

and sometimes you have a combination of

1531

01:12:54,240 --> 01:12:51,850

all them I've come across tracks I've

1532

01:12:57,780 --> 01:12:54,250

heard vague vocals but I've never had an

1533

01:13:01,980 --> 01:12:57,790

eyewitness sighting today is there what

1534

01:13:03,390 --> 01:13:01,990

one place that you would suggest maybe

1535

01:13:06,510 --> 01:13:03,400

you don't want to tell what the place is

1536

01:13:11,790 --> 01:13:06,520

but one place that people go to and they

1537

01:13:14,670 --> 01:13:11,800

seem to have more encounters with

1538

01:13:18,510 --> 01:13:14,680

Bigfoot or or the paranormal than

1539

01:13:21,440 --> 01:13:18,520

anywhere else we do have regions that

1540

01:13:23,940 --> 01:13:21,450

you know flap areas and flap times

1541

01:13:26,010 --> 01:13:23,950

Whitehall seems to have a fairly

1542

01:13:28,740 --> 01:13:26,020

consistent number of sightings every

1543

01:13:31,200 --> 01:13:28,750

year if you go to Kinderhook New York

1544

01:13:32,970 --> 01:13:31,210

which is just south of Albany about ten

1545

01:13:35,580 --> 01:13:32,980

miles south of Albany where Bruce

1546

01:13:37,410 --> 01:13:35,590

Hallenbeck has researched the Kinderhook

1547

01:13:39,900 --> 01:13:37,420

creature down there there were a lot of

1548

01:13:41,550 --> 01:13:39,910

sightings of that if we have it I don't

1549

01:13:43,380 --> 01:13:41,560

know I don't know about that I'll have

1550

01:13:47,120 --> 01:13:43,390

to we'll have to have him on and he

1551

01:13:53,250 --> 01:13:47,130

could tell us about the the tender hooks

1552

01:13:55,200 --> 01:13:53,260

yes Kendrick New York and Bruce has his

1553

01:13:58,380 --> 01:13:55,210

grandmother had actually had a sighting

1554

01:14:01,050 --> 01:13:58,390

of a creature curled up on her front

1555

01:14:02,630 --> 01:14:01,060

yard and she said it was curled up in

1556

01:14:04,790 --> 01:14:02,640

the fetal position

1557

01:14:05,990 --> 01:14:04,800

and she watched it and then all of a

1558

01:14:07,820 --> 01:14:06,000

sudden she thought it might have been a

1559

01:14:10,310 --> 01:14:07,830

bear and you know it would get up on all

1560

01:14:13,120 --> 01:14:10,320

fours it stood up on two legs and walked

1561

01:14:15,770 --> 01:14:13,130

away and she wrote about it to the

1562

01:14:18,590 --> 01:14:15,780

Barney Fowler who was the times-union

1563

01:14:21,590 --> 01:14:18,600

the Albany newspaper down there wrote to

1564

01:14:24,170 --> 01:14:21,600

the columnist and he wrote and dubbed it

1565

01:14:26,420 --> 01:14:24,180

the Kendra hook creature and that was

1566

01:14:29,000 --> 01:14:26,430

actually Bruce's grandmother and then

1567

01:14:31,310 --> 01:14:29,010

Bruce has had several family members as

1568

01:14:33,140 --> 01:14:31,320

his cousin and so forth who've had

1569

01:14:35,380 --> 01:14:33,150

several incidents with these creatures

1570

01:14:38,660 --> 01:14:35,390

so Bruce has had a lot of first-hand

1571

01:14:40,520 --> 01:14:38,670

experience through his family we've got

1572

01:14:42,800 --> 01:14:40,530

to find out about them but yeah you know

1573

01:14:45,860 --> 01:14:42,810

why don't we have more photographs and

1574

01:14:47,840 --> 01:14:45,870

videos I mean we've got some well I

1575

01:14:49,780 --> 01:14:47,850

don't know do we have any that are

1576

01:14:54,470 --> 01:14:49,790

legitimate I mean would you consider the

1577

01:14:57,020 --> 01:14:54,480

the Peterson film legit I I think that

1578

01:15:02,180 --> 01:14:57,030

the Roger Patterson Bob going get

1579

01:15:04,610 --> 01:15:02,190

matters yeah Bob Gimlin seems to have no

1580

01:15:07,400 --> 01:15:04,620

ax if anybody had an axe to grind he was

1581

01:15:10,130 --> 01:15:07,410

I believe he was you know Roger in him

1582

01:15:11,930 --> 01:15:10,140

it had a parting of the ways and I can

1583

01:15:14,390 --> 01:15:11,940

remember Doug hijack who was the

1584

01:15:16,700 --> 01:15:14,400

producer of monster quest there the

1585

01:15:18,710 --> 01:15:16,710

director he had said to me that they had

1586

01:15:20,450 --> 01:15:18,720

offered him a large amount of money one

1587

01:15:23,450 --> 01:15:20,460

time if he would go on air and tell him

1588

01:15:25,700 --> 01:15:23,460

how they faked it and Bob Gimlin told

1589

01:15:28,790 --> 01:15:25,710

him that he'd love to take his money but

1590

01:15:32,720 --> 01:15:28,800

it was real and so I mean he could have

1591

01:15:34,850 --> 01:15:32,730

made more money on this topic if he had

1592

01:15:36,740 --> 01:15:34,860

come out and said how it was hoax so I

1593

01:15:39,830 --> 01:15:36,750

I'm inclined to think the Patterson film

1594

01:15:41,630 --> 01:15:39,840

is legitimate and also that was an

1595

01:15:43,970 --> 01:15:41,640

occasion where it was in broad daylight

1596

01:15:47,660 --> 01:15:43,980

a lot of these sightings are at night

1597

01:15:49,580 --> 01:15:47,670

time and a lot of them are the most

1598

01:15:52,010 --> 01:15:49,590

common sighting is the road crossing

1599

01:15:54,740 --> 01:15:52,020

just like Dan Gordon had his sighting if

1600

01:15:56,270 --> 01:15:54,750

they had a camera in their lap they

1601

01:15:59,090 --> 01:15:56,280

wouldn't have been able to lift it up

1602

01:16:01,070 --> 01:15:59,100

and take a picture fast enough so most

1603

01:16:04,900 --> 01:16:01,080

of the the sightings are like that and

1604

01:16:08,210 --> 01:16:04,910

so you really have to have a lot of luck

1605

01:16:11,750 --> 01:16:08,220

and okay well now let us get down to

1606

01:16:14,260 --> 01:16:11,760

brass tacks here are we talking about a

1607

01:16:16,190 --> 01:16:14,270

flesh-and-blood

1608

01:16:18,560 --> 01:16:16,200

creature

1609

01:16:22,130 --> 01:16:18,570

you know who could poop in the woods and

1610

01:16:26,510 --> 01:16:22,140

get off this a tremendous odor or are we

1611

01:16:28,280 --> 01:16:26,520

talking about something from some other

1612

01:16:31,550 --> 01:16:28,290

dimension in there parallel universe

1613

01:16:35,410 --> 01:16:31,560

that comes and goes and even if we hit

1614

01:16:38,360 --> 01:16:35,420

them between the II's gonna go down I

1615

01:16:41,660 --> 01:16:38,370

think you you hit on the you know the

1616

01:16:44,990 --> 01:16:41,670

million dollar question there and as far

1617

01:16:46,610 --> 01:16:45,000

as I'm concerned these characteristics

1618

01:16:49,280 --> 01:16:46,620

there are certain characteristics which

1619

01:16:52,100 --> 01:16:49,290

are very unusual for instance red

1620

01:16:54,800 --> 01:16:52,110

glowing eyes as often reported up here

1621

01:16:58,040 --> 01:16:54,810

not every time but often enough that it

1622

01:17:00,650 --> 01:16:58,050

becomes a very eerie and these

1623

01:17:03,500 --> 01:17:00,660

characteristics where it was we had

1624

01:17:07,160 --> 01:17:03,510

tracks in certain fields that ended in

1625

01:17:09,170 --> 01:17:07,170

the middle of the field so there may and

1626

01:17:12,380 --> 01:17:09,180

and with the a bear road sighting back

1627

01:17:15,170 --> 01:17:12,390

in 76 there was a massive UFO flap

1628

01:17:17,090 --> 01:17:15,180

through the entire New York region the

1629

01:17:20,240 --> 01:17:17,100

upstate New York region and it went all

1630

01:17:23,140 --> 01:17:20,250

the way down to Rockland County and and

1631

01:17:26,990 --> 01:17:23,150

you know so very reputable sightings and

1632

01:17:29,180 --> 01:17:27,000

and it was right in this region so there

1633

01:17:32,870 --> 01:17:29,190

seems to be now that an even stranger

1634

01:17:34,970 --> 01:17:32,880

point Whitehall is is a fairly rural

1635

01:17:38,360 --> 01:17:34,980

type community but we have a village

1636

01:17:40,610 --> 01:17:38,370

which has a lot of houses and during

1637

01:17:43,580 --> 01:17:40,620

this flap of sightings that took place

1638

01:17:47,870 --> 01:17:43,590

on a bear Road in 76 there was a UFO

1639

01:17:50,710 --> 01:17:47,880

landing on the avenues it's a

1640

01:17:53,480 --> 01:17:50,720

preposterous place for something to land

1641

01:17:58,190 --> 01:17:53,490

houses in every direction and yeah I

1642

01:18:00,350 --> 01:17:58,200

talked with the police chief Gosselin

1643

01:18:02,480 --> 01:18:00,360

and Sergeant Gosselin and police

1644

01:18:04,220 --> 01:18:02,490

dispatcher Bob Martell and they

1645

01:18:06,440 --> 01:18:04,230

remembered it quite well a woman called

1646

01:18:07,880 --> 01:18:06,450

up and said that something just landed

1647

01:18:09,380 --> 01:18:07,890

in her yard they got out there they

1648

01:18:11,110 --> 01:18:09,390

actually drove it was only two streets

1649

01:18:14,960 --> 01:18:11,120

over back then you used to have a

1650

01:18:16,760 --> 01:18:14,970

dispatcher on duty and they went to the

1651

01:18:19,040 --> 01:18:16,770

site and they said there was a large

1652

01:18:20,810 --> 01:18:19,050

round area where something had landed in

1653

01:18:23,480 --> 01:18:20,820

the grass and it was still emitting Heat

1654

01:18:25,700 --> 01:18:23,490

but it had you know whatever left that

1655

01:18:28,250 --> 01:18:25,710

mark had taken off and the woman was

1656

01:18:29,769 --> 01:18:28,260

absolutely credible and she wanted no

1657

01:18:31,689 --> 01:18:29,779

publicity and and no

1658

01:18:33,279 --> 01:18:31,699

attention about it but she just didn't

1659

01:18:35,609 --> 01:18:33,289

know what had just landed in her yard

1660

01:18:38,639 --> 01:18:35,619

and this was during this massive

1661

01:18:41,319 --> 01:18:38,649

creature outbreak on a bear Road and

1662

01:18:43,719 --> 01:18:41,329

winged creatures now you have mentioned

1663

01:18:46,719 --> 01:18:43,729

your recent book that's coming up swing

1664

01:18:49,809 --> 01:18:46,729

creatures look forward to it I we had a

1665

01:18:53,219 --> 01:18:49,819

rapport well we'll say it's a it's out

1666

01:18:58,869 --> 01:18:53,229

so we we will send you a a copy by all

1667

01:18:59,529 --> 01:18:58,879

means but well it doesn't this cause

1668

01:19:01,779 --> 01:18:59,539

okay

1669

01:19:05,349 --> 01:19:01,789

so then we've gotten to the point here

1670

01:19:07,749 --> 01:19:05,359

where we have to say that they're you

1671

01:19:09,249 --> 01:19:07,759

you can could you ever have scientific

1672

01:19:13,179 --> 01:19:09,259

evidence for this you're never going to

1673

01:19:15,849 --> 01:19:13,189

capture a creature if it's not real in

1674

01:19:21,579 --> 01:19:15,859

the sense that you can put a you know a

1675

01:19:25,149 --> 01:19:21,589

gorilla or a lion of some type inside of

1676

01:19:30,549 --> 01:19:25,159

a cage for all to to see it's always

1677

01:19:34,049 --> 01:19:30,559

going to elude science and academia I I

1678

01:19:37,359 --> 01:19:34,059

equate this a lot to george Knapp's book

1679

01:19:38,859 --> 01:19:37,369

the hunt for the skinwalker oh yes you

1680

01:19:40,389 --> 01:19:38,869

can bring in the scientist and you can

1681

01:19:44,289 --> 01:19:40,399

study the phenomena but it's there's

1682

01:19:47,019 --> 01:19:44,299

still an elusive 'ti about it and there

1683

01:19:49,269 --> 01:19:47,029

are definitely physical characteristics

1684

01:19:51,399 --> 01:19:49,279

connected with the phenomena plasterer

1685

01:19:53,799 --> 01:19:51,409

cash from footprints there's definitely

1686

01:19:56,499 --> 01:19:53,809

a physical response here I know people

1687

01:19:58,539 --> 01:19:56,509

who've been hit with pebbles thrown at

1688

01:20:00,909 --> 01:19:58,549

them there's definitely something

1689

01:20:03,579 --> 01:20:00,919

physical at the same time the red eyes

1690

01:20:08,349 --> 01:20:03,589

doesn't seem to fit that that you know

1691

01:20:10,029 --> 01:20:08,359

that that example and the smell and

1692

01:20:11,739 --> 01:20:10,039

things like that there's all sorts of

1693

01:20:13,829 --> 01:20:11,749

strange characteristics as well there's

1694

01:20:16,359 --> 01:20:13,839

some reports in a flash of light

1695

01:20:18,119 --> 01:20:16,369

connected the UFO phenomena connected

1696

01:20:21,279 --> 01:20:18,129

the you know one of the winged creature

1697

01:20:25,059 --> 01:20:21,289

reports that we had up here they said it

1698

01:20:27,909 --> 01:20:25,069

looked like a liquid reality in other

1699

01:20:29,829 --> 01:20:27,919

words that it was sort of morphing as it

1700

01:20:31,859 --> 01:20:29,839

went and you could almost was almost

1701

01:20:33,699 --> 01:20:31,869

transparent so it's a very odd

1702

01:20:35,259 --> 01:20:33,709

characteristic going on as well so

1703

01:20:39,009 --> 01:20:35,269

there's there may be multiple

1704

01:20:40,749 --> 01:20:39,019

phenomenons at play and as a researcher

1705

01:20:42,520 --> 01:20:40,759

I'm just taking down the information as

1706

01:20:46,150 --> 01:20:42,530

accurately yes

1707

01:20:47,770 --> 01:20:46,160

historically as possible well that's

1708

01:20:50,020 --> 01:20:47,780

what I that's what I always tell people

1709

01:20:52,780 --> 01:20:50,030

to I mean all you could do is accumulate

1710

01:20:55,090 --> 01:20:52,790

the the the sightings and the the

1711

01:20:57,190 --> 01:20:55,100

reports and then I tried to go this

1712

01:21:01,060 --> 01:20:57,200

through them and see where they lead but

1713

01:21:02,980 --> 01:21:01,070

you know again we're we you are UFOs

1714

01:21:05,290 --> 01:21:02,990

this a lot easier what do we need what

1715

01:21:07,570 --> 01:21:05,300

do we do you mean when we say UFO it's a

1716

01:21:09,070 --> 01:21:07,580

done under than a fight flying article

1717

01:21:11,830 --> 01:21:09,080

sometimes it's not even flying it's

1718

01:21:14,500 --> 01:21:11,840

crawling you're creeping or are coming

1719

01:21:16,780 --> 01:21:14,510

into your you know bedroom at night or

1720

01:21:19,120 --> 01:21:16,790

are taking you're whisking your car up

1721

01:21:20,950 --> 01:21:19,130

and up into the air but we could be

1722

01:21:22,750 --> 01:21:20,960

dealing with a lot of different things

1723

01:21:25,420 --> 01:21:22,760

so it doesn't mean that your UFO is the

1724

01:21:28,800 --> 01:21:25,430

same as my UFO and it doesn't mean that

1725

01:21:31,840 --> 01:21:28,810

your cryptid creature is the same as

1726

01:21:38,700 --> 01:21:31,850

Linda's cryptid the creatures you know

1727

01:21:48,760 --> 01:21:47,410

supernatural versus physical nobody

1728

01:22:02,950 --> 01:21:48,770

knows hello

1729

01:22:05,400 --> 01:22:02,960

I hope we didn't lose so what do you

1730

01:22:07,660 --> 01:22:05,410

would you stand on the on this

1731

01:22:12,880 --> 01:22:07,670

paranormal versus physical

1732

01:22:19,350 --> 01:22:12,890

P&P I think that our present science is

1733

01:22:22,150 --> 01:22:19,360

not able to perhaps measure or really

1734

01:22:25,510 --> 01:22:22,160

catch into what what these things

1735

01:22:27,430 --> 01:22:25,520

exactly are I think that there this is a

1736

01:22:30,460 --> 01:22:27,440

conclusion I've come to sort of based on

1737

01:22:31,960 --> 01:22:30,470

a lot on what my Native American friends

1738

01:22:33,910 --> 01:22:31,970

have said who believe that it's both in

1739

01:22:37,270 --> 01:22:33,920

the spirit world or other-dimensional

1740

01:22:39,280 --> 01:22:37,280

and this world is that it doesn't have

1741

01:22:42,490 --> 01:22:39,290

to be all one or the other that there

1742

01:22:45,910 --> 01:22:42,500

may be some beings that can follow sort

1743

01:22:48,940 --> 01:22:45,920

of a continuum of whatever source are

1744

01:22:51,460 --> 01:22:48,950

light or life-giving energy is so that

1745

01:22:54,729 --> 01:22:51,470

they can come from this other place

1746

01:22:57,379 --> 01:22:54,739

where maybe there's a slightly different

1747

01:23:00,319 --> 01:22:57,389

electromagnetic vibration that they have

1748

01:23:02,779 --> 01:23:00,329

in that world and then come to this

1749

01:23:05,659 --> 01:23:02,789

world and be solid enough and real

1750

01:23:07,729 --> 01:23:05,669

enough that we can think that they

1751

01:23:09,699 --> 01:23:07,739

belong here but they they really can go

1752

01:23:12,229 --> 01:23:09,709

back and forth and there's sort of a

1753

01:23:14,419 --> 01:23:12,239

continuum just as just as you know

1754

01:23:17,569 --> 01:23:14,429

there's a and we also have to remember

1755

01:23:19,759 --> 01:23:17,579

that our senses as human beings are

1756

01:23:22,219 --> 01:23:19,769

really really limited and we know this

1757

01:23:24,229 --> 01:23:22,229

even just by mundane things we have

1758

01:23:26,899 --> 01:23:24,239

around us like dog whistles you know

1759

01:23:30,290 --> 01:23:26,909

dogs can hear a dog whistle most humans

1760

01:23:32,959 --> 01:23:30,300

can't smell you take something like a

1761

01:23:36,290 --> 01:23:32,969

grizzly bear and it smell as 24,000

1762

01:23:38,419 --> 01:23:36,300

times as acute as a human's I just heard

1763

01:23:41,379 --> 01:23:38,429

that on TV so I know I must I know that

1764

01:23:44,569 --> 01:23:41,389

must be true but it's a large number

1765

01:23:46,639 --> 01:23:44,579

greater so we know that there are smells

1766

01:23:48,409 --> 01:23:46,649

that we can't even imagine and yet

1767

01:23:50,449 --> 01:23:48,419

creatures that are right here on earth

1768

01:23:52,310 --> 01:23:50,459

with us you can measure them accurately

1769

01:23:55,399 --> 01:23:52,320

and perhaps have a very different view

1770

01:23:57,199 --> 01:23:55,409

of the world than we can imagine imagine

1771

01:23:59,479 --> 01:23:57,209

if you could smell twenty four thousand

1772

01:24:02,449 --> 01:23:59,489

times more than you can now what your

1773

01:24:10,069 --> 01:24:02,459

world would be like so yeah that's great

1774

01:24:13,009 --> 01:24:10,079

that's gross that's gross especially on

1775

01:24:16,669 --> 01:24:13,019

the Block especially around here with

1776

01:24:20,839 --> 01:24:16,679

all this construction going on nothing

1777

01:24:25,069 --> 01:24:20,849

like the smell of wet cement exactly

1778

01:24:27,080 --> 01:24:25,079

yeah but but so it it's just we I think

1779

01:24:29,919 --> 01:24:27,090

it's very arrogant of us to feel that we

1780

01:24:32,000 --> 01:24:29,929

should be able to decide everything is

1781

01:24:35,649 --> 01:24:32,010

you know right down to the core of its

1782

01:24:40,459 --> 01:24:35,659

essence based on our five limited senses

1783

01:24:42,589 --> 01:24:40,469

okay so where is ready is there any way

1784

01:24:46,909 --> 01:24:42,599

to proceed with this I mean is our

1785

01:24:50,419 --> 01:24:46,919

ultimate outcome to try to prove this to

1786

01:24:53,509 --> 01:24:50,429

to science I mean how would we ever be

1787

01:24:57,679 --> 01:24:53,519

able to do that or should we ignore the

1788

01:25:02,569 --> 01:24:57,689

idea altogether and just let it let it

1789

01:25:05,179 --> 01:25:02,579

flow well personally I think as long as

1790

01:25:08,239 --> 01:25:05,189

people keep having these encounters that

1791

01:25:12,140 --> 01:25:08,249

are unexplainable and seeing creatures

1792

01:25:14,149 --> 01:25:12,150

do not mesh with what we believe are you

1793

01:25:17,270 --> 01:25:14,159

know normal flesh-and-blood creatures

1794

01:25:20,239 --> 01:25:17,280

you know bear your bears your you know

1795

01:25:21,379 --> 01:25:20,249

normal dogs whatever that they're a

1796

01:25:24,439 --> 01:25:21,389

certain I think there's certain people

1797

01:25:27,680 --> 01:25:24,449

that feel almost called to keep

1798

01:25:30,649 --> 01:25:27,690

examining the the subject and that's

1799

01:25:32,120 --> 01:25:30,659

kind of how I am myself I mean I could

1800

01:25:34,910 --> 01:25:32,130

be doing a lot of other different things

1801
01:25:39,979 --> 01:25:34,920
yeah yeah that was a mistake here look

1802
01:25:41,779 --> 01:25:39,989
at me I said here after yeah since 1957

1803
01:25:44,540 --> 01:25:41,789
or something when I bought my first

1804
01:25:46,759 --> 01:25:44,550
issue of fate magazine and had my first

1805
01:25:49,040 --> 01:25:46,769
UFO sighting well I've done a lot of

1806
01:25:52,910 --> 01:25:49,050
things in between then and now because

1807
01:25:56,620 --> 01:25:52,920
it's been a long long long road but I I

1808
01:26:00,069 --> 01:25:56,630
said here in my recliner and I talked to

1809
01:26:04,700 --> 01:26:00,079
two of the greatest authorities on the

1810
01:26:10,069 --> 01:26:04,710
cryptid world and again I could have

1811
01:26:12,080 --> 01:26:10,079
taken up football oh yeah right you know

1812
01:26:14,719 --> 01:26:12,090
I mean I couldn't I could have done well

1813
01:26:16,430 --> 01:26:14,729

I could have been interested in the

1814

01:26:19,279 --> 01:26:16,440

other hobby you know other things other

1815

01:26:20,839 --> 01:26:19,289

hobbies that most I would say normal

1816

01:26:25,129 --> 01:26:20,849

people are interested in but I'm not

1817

01:26:30,109 --> 01:26:25,139

even sure what that is today anymore you

1818

01:26:33,560 --> 01:26:30,119

know right late him and same with Tim

1819

01:26:35,089 --> 01:26:33,570

there I mean he's you know I mean I've

1820

01:26:36,979 --> 01:26:35,099

been involved in this now for how many

1821

01:26:40,100 --> 01:26:36,989

years them oh my god

1822

01:26:42,859 --> 01:26:40,110

well let's see probably since third

1823

01:26:47,750 --> 01:26:42,869

grade and I'm almost 60 so you know you

1824

01:26:49,669 --> 01:26:47,760

do the math you're 60 almost yeah well

1825

01:26:56,870 --> 01:26:49,679

we'll have to have a big birthday party

1826

01:27:00,620 --> 01:26:56,880

yeah invite all the cryptids and well

1827

01:27:03,439 --> 01:27:00,630

you know the the description of the

1828

01:27:06,319 --> 01:27:03,449

possible paranormal element of these

1829

01:27:08,870 --> 01:27:06,329

things it always reminds me of an

1830

01:27:12,090 --> 01:27:08,880

article I read years ago with the the

1831

01:27:16,440 --> 01:27:12,100

lake psychic Peter hurkos

1832

01:27:19,560 --> 01:27:16,450

and he was given one time a series of

1833

01:27:21,930 --> 01:27:19,570

boxes that had items in it and one of

1834

01:27:24,150 --> 01:27:21,940

his special specialities was he was able

1835

01:27:26,490 --> 01:27:24,160

to you know grasp things who has a

1836

01:27:29,520 --> 01:27:26,500

psychometry I think what the term is and

1837

01:27:33,420 --> 01:27:29,530

get you know impressions from these

1838

01:27:36,720 --> 01:27:33,430

objects well the the the instructors had

1839

01:27:39,750 --> 01:27:36,730

put pictures and and you know items into

1840

01:27:42,030 --> 01:27:39,760

boxes so he couldn't see what what was

1841

01:27:48,920 --> 01:27:42,040

inside and one of these boxes had a

1842

01:27:50,820 --> 01:27:48,930

picture of a three-toed footprint from a

1843

01:27:54,470 --> 01:27:50,830

Bigfoot hotspot

1844

01:27:58,830 --> 01:27:54,480

well when hurkos got ahold of that box

1845

01:28:01,950 --> 01:27:58,840

he said that this was a creature that

1846

01:28:07,290 --> 01:28:01,960

was not from our reality that it could

1847

01:28:10,770 --> 01:28:07,300

come and go but it required energy but

1848

01:28:13,080 --> 01:28:10,780

as the energy dissipated it would kind

1849

01:28:15,300 --> 01:28:13,090

of like start to fall apart which was

1850

01:28:17,550 --> 01:28:15,310

why the footprint only showed three toes

1851
01:28:20,370 --> 01:28:17,560
you know rather than than the normal

1852
01:28:22,470 --> 01:28:20,380
five but but he said that yeah it come

1853
01:28:23,940 --> 01:28:22,480
here for just a short period of time but

1854
01:28:28,500 --> 01:28:23,950
then it would run out of energy and go

1855
01:28:30,750 --> 01:28:28,510
back yes I've heard that before and I've

1856
01:28:32,580 --> 01:28:30,760
seen I could go on for hours about the

1857
01:28:34,560 --> 01:28:32,590
things I've seen it the mini skinwalker

1858
01:28:37,290 --> 01:28:34,570
ranch that I've been helping the owner

1859
01:28:39,600 --> 01:28:37,300
with out here for the past three years

1860
01:28:42,660 --> 01:28:39,610
all of these things and more and when

1861
01:28:44,460 --> 01:28:42,670
you come across them you can't deny with

1862
01:28:47,370 --> 01:28:44,470
your own eyes and and there's a lot of

1863
01:28:49,020 --> 01:28:47,380

room in there for misidentification hoax

1864

01:28:51,360 --> 01:28:49,030

is all that sort of thing but throwing

1865

01:28:54,240 --> 01:28:51,370

those things out you're still left with

1866

01:28:57,570 --> 01:28:54,250

a certain core of things that cannot be

1867

01:28:59,160 --> 01:28:57,580

explained with present science and I

1868

01:29:01,950 --> 01:28:59,170

don't know if we'll ever have a science

1869

01:29:05,610 --> 01:29:01,960

that can go and peek into what we

1870

01:29:08,370 --> 01:29:05,620

conceive of as separate dimensions but

1871

01:29:10,320 --> 01:29:08,380

we have to keep those of us who are

1872

01:29:12,870 --> 01:29:10,330

curious as long as it's happening I

1873

01:29:15,690 --> 01:29:12,880

think you're gonna find a core of a core

1874

01:29:18,960 --> 01:29:15,700

of hard core researchers that are going

1875

01:29:22,710 --> 01:29:18,970

to keep going after it well Paul what is

1876

01:29:25,449 --> 01:29:22,720

the latest sighting or sightings up in

1877

01:29:30,040 --> 01:29:25,459

your neck of the woods

1878

01:29:32,229 --> 01:29:30,050

well if you go back to 2016 in August

1879

01:29:35,799 --> 01:29:32,239

and Bellows Falls Vermont there was a

1880

01:29:38,350 --> 01:29:35,809

monkey sighted and they actually put

1881

01:29:40,509 --> 01:29:38,360

this up on their police Facebook page

1882

01:29:43,299 --> 01:29:40,519

and they had to take it down because

1883

01:29:46,620 --> 01:29:43,309

they had such a reaction to it in

1884

01:29:50,979 --> 01:29:46,630

September 2017 we had a gentleman who

1885

01:29:53,679 --> 01:29:50,989

found a five toad 20 inch track and East

1886

01:29:55,899 --> 01:29:53,689

Poultney Vermont and that wasn't too far

1887

01:29:59,140 --> 01:29:55,909

from where we had a sighting in December

1888

01:30:02,290 --> 01:29:59,150

on December 4th 2017 in the early

1889

01:30:04,629 --> 01:30:02,300

morning hours during the supermoon of a

1890

01:30:06,219 --> 01:30:04,639

tall dark gray creature who was standing

1891

01:30:08,500 --> 01:30:06,229

at the edge of the field and the

1892

01:30:11,350 --> 01:30:08,510

gentleman felt that it was staring at a

1893

01:30:15,219 --> 01:30:11,360

group of deer he said it sent chills

1894

01:30:18,669 --> 01:30:15,229

through his spine so the sightings

1895

01:30:20,290 --> 01:30:18,679

continued in fact what I normally get

1896

01:30:22,600 --> 01:30:20,300

our older sightings which are pretty

1897

01:30:24,580 --> 01:30:22,610

fascinating and we actually had a

1898

01:30:27,399 --> 01:30:24,590

sighting from 82 in the buck mountain

1899

01:30:31,810 --> 01:30:27,409

area in which five teens were playing a

1900

01:30:33,069 --> 01:30:31,820

game in a field called they called the

1901

01:30:35,500 --> 01:30:33,079

game chase they play it with a

1902

01:30:38,649 --> 01:30:35,510

flashlight and they said they heard

1903

01:30:41,589 --> 01:30:38,659

voices yelling their name as if to

1904

01:30:45,279 --> 01:30:41,599

entice them to try to find it the voice

1905

01:30:47,020 --> 01:30:45,289

and none of the teenagers knew who the

1906

01:30:48,669 --> 01:30:47,030

voice was or there shouldn't have been

1907

01:30:51,399 --> 01:30:48,679

anyone there they were in an isolated

1908

01:30:53,589 --> 01:30:51,409

area so we get very strange reports like

1909

01:30:55,899 --> 01:30:53,599

that and it turns out that in 2009 there

1910

01:30:58,149 --> 01:30:55,909

were also strange growls in that same

1911

01:31:00,669 --> 01:30:58,159

region sounds a little like some of the

1912

01:31:03,540 --> 01:31:00,679

day Politis type research and then of

1913

01:31:08,469 --> 01:31:03,550

course and again any and any of these

1914

01:31:12,819 --> 01:31:08,479

recorded no no these were sounds out

1915

01:31:14,790 --> 01:31:12,829

playing and and no those sounds in 2009

1916

01:31:17,709 --> 01:31:14,800

were not recorded they were just noted

1917

01:31:20,140 --> 01:31:17,719

and then of course we have that strange

1918

01:31:21,640 --> 01:31:20,150

case up in Lake Placid I have a sister

1919

01:31:24,729 --> 01:31:21,650

in Lake Placid and she said it was a

1920

01:31:25,870 --> 01:31:24,739

story of the year up there where this

1921

01:31:29,679 --> 01:31:25,880

skier Danny

1922

01:31:32,229 --> 01:31:29,689

Philippa tiss oh yes rano was skiing and

1923

01:31:35,469 --> 01:31:32,239

Whiteface Mountain disappeared they

1924

01:31:36,630 --> 01:31:35,479

brought in a search helicopter several

1925

01:31:39,960 --> 01:31:36,640

searchers

1926

01:31:41,580 --> 01:31:39,970

they had dogs and and whatnot they could

1927

01:31:44,990 --> 01:31:41,590

not find him and he turns up in

1928

01:31:48,270 --> 01:31:45,000

Sacramento California five days later

1929

01:31:51,600 --> 01:31:48,280

unaware of how he got there isn't that

1930

01:31:53,250 --> 01:31:51,610

it isn't that isn't that the one of the

1931

01:31:55,890 --> 01:31:53,260

well the stories in fact we covered that

1932

01:31:59,570 --> 01:31:55,900

along with a lot of the other well we

1933

01:32:02,880 --> 01:31:59,580

found some great what we call UFO

1934

01:32:06,390 --> 01:32:02,890

kidnappings some of the older cases that

1935

01:32:10,530 --> 01:32:06,400

were stuck away in the a pro bulletin

1936

01:32:13,320 --> 01:32:10,540

from South America and so we have we

1937

01:32:15,930 --> 01:32:13,330

have those in this book the UFO

1938

01:32:18,510 --> 01:32:15,940

hostilities and the evil alien agenda

1939

01:32:20,820 --> 01:32:18,520

but speaking of books we are right down

1940

01:32:23,930 --> 01:32:20,830

to the wire here and we want to go one

1941

01:32:27,270 --> 01:32:23,940

more time around the cryptid table and

1942

01:32:31,200 --> 01:32:27,280

Paul how do people get in touch with you

1943

01:32:33,720 --> 01:32:31,210

and if you've written any books that are

1944

01:32:34,470 --> 01:32:33,730

out there or what what is your future

1945

01:32:38,040 --> 01:32:34,480

plans

1946

01:32:39,990 --> 01:32:38,050

sure well we're doing a lot of talks we

1947

01:32:41,610 --> 01:32:40,000

have a talk coming up here they're going

1948

01:32:44,370 --> 01:32:41,620

to have a festival in Whitehall on

1949

01:32:46,380 --> 01:32:44,380

September 29th and it's going to be the

1950

01:32:49,410 --> 01:32:46,390

Whitehall Sasquatch festival where we're

1951

01:32:51,210 --> 01:32:49,420

going to have talks and all sorts of

1952

01:32:53,520 --> 01:32:51,220

things contests and should be a fun day

1953

01:32:56,520 --> 01:32:53,530

and you get some legitimate information

1954

01:32:59,220 --> 01:32:56,530

there as well in October I'll be at

1955

01:33:01,530 --> 01:32:59,230

Chautauqua Lake in Mayville New York at

1956

01:33:04,500 --> 01:33:01,540

a Bigfoot Expo act October 12th and 13th

1957

01:33:07,020 --> 01:33:04,510

and if anybody needs to contact me I'm

1958

01:33:11,670 --> 01:33:07,030

right on Facebook or you can contact me

1959

01:33:15,930 --> 01:33:11,680

at bf Yeti one at yahoo.com there you go

1960

01:33:19,860 --> 01:33:15,940

and Linda I know you have a long list of

1961

01:33:22,950 --> 01:33:19,870

titles and a very active the website so

1962

01:33:25,440 --> 01:33:22,960

take a shot well you can just go to

1963

01:33:27,660 --> 01:33:25,450

Linda Godfrey com no W is there anything

1964

01:33:30,450 --> 01:33:27,670

like that it's my blog and there you'll

1965

01:33:32,760 --> 01:33:30,460

find a page with books on it you'll find

1966

01:33:34,830 --> 01:33:32,770

a listing of upcoming events I'm going

1967

01:33:39,360 --> 01:33:34,840

to be at a bunch of things including the

1968

01:33:42,390 --> 01:33:39,370

huge Michigan Paracon in August you can

1969

01:33:45,030 --> 01:33:42,400

look that one up too there are lots of

1970

01:33:48,510 --> 01:33:45,040

it of encounter stories that are not in

1971

01:33:50,040 --> 01:33:48,520

my books that and right now I'm in the

1972

01:33:53,459 --> 01:33:50,050

middle of a batch of Michigan

1973

01:33:55,379 --> 01:33:53,469

that came to me just a few weeks ago in

1974

01:33:58,379 --> 01:33:55,389

the past month that I'm putting up there

1975

01:34:01,470 --> 01:33:58,389

so all kinds of things that are not in

1976
