ghosts Lost Worlds

7
00:01:01,299 --> 00:00:57,470

cryptozoology waters as well as other

8
00:01:06,460 --> 00:01:01,309

dimensions it's time to take back the

9
00:01:09,639 --> 00:01:06,470

night now your electrifying hosts of

10
00:01:17,590 --> 00:01:09,649

exploring the bizarre Timothy Begley and

11
00:01:20,380 --> 00:01:17,600

team sports lots of exhaust being

12
00:01:24,669 --> 00:01:20,390

emitted by these old world war 1 planes

13
00:01:28,690 --> 00:01:24,679

I know and these goggles they make it

14

00:01:31,630 --> 00:01:28,700

hard to see they're all fogged up Wow

15

00:01:34,120 --> 00:01:31,640

but we're not up here by ourselves Tim

16

00:01:36,669 --> 00:01:34,130

besides the Red Baron being on our ass

17

00:01:40,120 --> 00:01:36,679

there are some strange objects that seem

18

00:01:43,180 --> 00:01:40,130

to be circling around our plane hmm must

19

00:01:45,249 --> 00:01:43,190

be those cursed Foo Fighters well let's

20

00:01:48,580 --> 00:01:45,259

get back to the landing strip and KCUR

21

00:01:52,479 --> 00:01:48,590

radio in Las Vegas now that's a long

22

00:01:56,949 --> 00:01:52,489

flight but not much else we can do for

23

00:02:03,639 --> 00:01:56,959

the cigar-shaped craft coming in Roger

24

00:02:07,779 --> 00:02:03,649

will do oh boy well I guess we're safely

25

00:02:17,380 --> 00:02:07,789

back on the ground are we tin well you

26

00:02:21,190 --> 00:02:17,390

may be my feet haven't touched the

27

00:02:24,100 --> 00:02:21,200

ground in years Tim well that's because

28

00:02:27,460 --> 00:02:24,110

I you're smoking too much these days I

29

00:02:29,410 --> 00:02:27,470

think it's perfectly legal even the

30

00:02:31,660 --> 00:02:29,420

president said he's not gonna go after

31

00:02:33,970 --> 00:02:31,670

you personally anymore I know that for a

32

00:02:36,820 --> 00:02:33,980

fact but yeah well don't know forget I

33

00:02:40,600 --> 00:02:36,830

live in Indiana and that's you know the

34

00:02:45,260 --> 00:02:40,610

vice president came from here and will

35

00:02:47,339 --> 00:02:45,270

be will be the last laugh the last one

36

00:02:49,959 --> 00:02:47,349

[Laughter]

37

00:02:50,650 --> 00:02:49,969

other than that how are things going out

38

00:02:53,860 --> 00:02:50,660

there

39

00:02:56,590 --> 00:02:53,870

going great excited for tonight's

40

00:03:00,730 --> 00:02:56,600

program been looking forward to this one

41

00:03:02,440 --> 00:03:00,740

for all week yeah yeah I've been looking

42

00:03:05,380 --> 00:03:02,450

forward to this one for a whole darn

43

00:03:09,340 --> 00:03:05,390

month damn this is this is the Coupe de

44

00:03:12,880 --> 00:03:09,350

Gras as far as UFOs go I mean we've got

45

00:03:16,390 --> 00:03:12,890

to really at least to me exciting guests

46

00:03:18,310 --> 00:03:16,400

on who I have not talked to to be honest

47

00:03:21,130 --> 00:03:18,320

with you but I've been dying to speak to

48

00:03:23,890 --> 00:03:21,140

both of them and and that's basically

49

00:03:26,200 --> 00:03:23,900

why we have this program exploring the

50

00:03:28,330 --> 00:03:26,210

bizarre because we are anxious to talk

51
00:03:30,730 --> 00:03:28,340
to our guests I wake up in the middle of

52
00:03:35,860 --> 00:03:30,740
the night writing down questions to ask

53
00:03:37,600 --> 00:03:35,870
oh that's a terrible lie but what the

54
00:03:39,430 --> 00:03:37,610
heck what did you what did she introduce

55
00:03:41,500 --> 00:03:39,440
our guests because we're we're spending

56
00:03:44,380 --> 00:03:41,510
too much time on ourselves as usual and

57
00:03:48,340 --> 00:03:44,390
we want to get into the program here all

58
00:03:50,470 --> 00:03:48,350
right well we have like was that two

59
00:03:50,890 --> 00:03:50,480
fantastic guests we have Chris Roberto

60
00:03:54,640 --> 00:03:50,900
Sookie

61
00:03:57,190 --> 00:03:54,650
and Nigel Watson now Chris is a Canadian

62
00:03:59,590 --> 00:03:57,200
science writer and educator with degrees

63
00:04:01,990 --> 00:03:59,600

in astronomy and education now since the

64

00:04:04,690 --> 00:04:02,000

mid 1970s he's also been studying

65

00:04:07,150 --> 00:04:04,700

reports of UFOs and writing about his

85
00:05:04,510 --> 00:05:03,289
Watson Nigel has researched and

86
00:05:07,210 --> 00:05:04,520
investigated historical

87
00:05:10,960 --> 00:05:07,220

ebook series books such as UFOs the Nazi

99

00:05:44,170 --> 00:05:42,440

connection that's something that both

100

00:05:49,230 --> 00:05:44,180

are both awesome you don't get into

101
00:05:51,760 --> 00:05:49,240
right to spontaneous human combustion x'

102
00:05:55,930 --> 00:05:51,770
UFO government secrets the great UFO

psychology and a BA degree in film and

106
00:06:05,969 --> 00:06:04,460
literature so Nigel Chris thank you very

107
00:06:11,559 --> 00:06:05,979
much for being with us tonight on

108
00:06:12,610 --> 00:06:11,569
exploring the bizarre I think we should

109
00:06:16,709 --> 00:06:12,620
mention that

110
00:06:19,209 --> 00:06:16,719
Nigel also contributed a chapter and

111
00:06:21,149 --> 00:06:19,219
incident well in fact our beginning at

112
00:06:23,800 --> 00:06:21,159
tonight which is being a little bit

113
00:06:27,670 --> 00:06:23,810

satirical is actually based upon a

114

00:06:31,659 --> 00:06:27,680

chapter in the in our UFO hostilities

115

00:06:35,140 --> 00:06:31,669

book which is just come out and Nigel

116

00:06:39,370 --> 00:06:35,150

was very nice to contribute a a chapter

117

00:06:42,070 --> 00:06:39,380

on UFO sightings on in World War one and

118

00:06:44,769 --> 00:06:42,080

and before and so I I'm anxious to get

119

00:06:47,219 --> 00:06:44,779

the show rolling here and I want to

120

00:06:51,969 --> 00:06:47,229

bring it Chris on first and there's a

121

00:06:55,839 --> 00:06:51,979

reason we are celebrating 50 years of a

122

00:07:00,670 --> 00:06:55,849

very strange incident that took place in

123

00:07:05,920 --> 00:07:00,680

Manitoba Canada at Falcon Lake where an

124

00:07:08,050 --> 00:07:05,930

individual was badly burned by a UFO

125

00:07:09,670 --> 00:07:08,060

that sat down on a rock and he

126

00:07:12,670 --> 00:07:09,680

approached well we're gonna have Chris

127

00:07:15,689 --> 00:07:12,680

tell these story but it's such a solid

128

00:07:18,180 --> 00:07:15,699

case that the Canadian government

129

00:07:21,670 --> 00:07:18,190

actually just recently released their

130

00:07:23,920 --> 00:07:21,680

\$20.00 a commemorative coin I was on

131

00:07:26,440 --> 00:07:23,930

coast to coast just the other night and

132

00:07:28,780 --> 00:07:26,450

I mentioned this to Jerry and he was

133

00:07:31,330 --> 00:07:28,790

flabbergasted that this would take place

134

00:07:33,130 --> 00:07:31,340

and I I must say that it is I think

135

00:07:35,110 --> 00:07:33,140

probably the first that I l've heard of

136

00:07:37,570 --> 00:07:35,120

some postage stamps where the

137

00:07:40,660 --> 00:07:37,580

government's have commemorated the UFO

138

00:07:43,660 --> 00:07:40,670

incidents but never a coin so bun

139

00:07:46,840 --> 00:07:43,670

welcome Kris who's up there in in Canada

140

00:07:49,840 --> 00:07:46,850

on to the show and Kris why don't we

141

00:07:51,370 --> 00:07:49,850

start out by yeah give us a little bit

142

00:07:53,680 --> 00:07:51,380

of your background now I notice one of

143

00:07:55,720 --> 00:07:53,690

the things that Timna Schwartz mentioned

144

00:07:58,390 --> 00:07:55,730

was that you were head of the

145

00:08:01,330 --> 00:07:58,400

science-fiction group up there well

146

00:08:04,660 --> 00:08:01,340

usually science fiction people and UFO

147

00:08:06,760 --> 00:08:04,670

people don't it's like mixing water and

148

00:08:08,920 --> 00:08:06,770

oil they can't stand each other at least

149

00:08:10,390 --> 00:08:08,930

here in the United States give us a

150

00:08:12,940 --> 00:08:10,400

little bit about your background and how

151

00:08:14,980 --> 00:08:12,950

you got into the UFOs did the science

152

00:08:18,040 --> 00:08:14,990

fiction come first or did the UFOs come

153

00:08:22,270 --> 00:08:18,050

first no actually the science came first

154

00:08:25,930 --> 00:08:22,280

I when I was early in my university

155

00:08:28,270 --> 00:08:25,940

years I started taking astronomy and

156

00:08:31,240 --> 00:08:28,280

very early on my professors were

157

00:08:32,800 --> 00:08:31,250

educating me on how UFOs are nothing to

158

00:08:34,930 --> 00:08:32,810

worry about and people are just making

159

00:08:37,060 --> 00:08:34,940

things up and hallucinating and so forth

160

00:08:39,130 --> 00:08:37,070

but then calls started coming into the

161

00:08:41,230 --> 00:08:39,140

Astronomy Department because we're in

162

00:08:44,650 --> 00:08:41,240

the middle of a flap in the in the mid

163

00:08:47,950 --> 00:08:44,660

70s up here in Canada so I thought I

164

00:08:49,120 --> 00:08:47,960

would ingratiate myself to my profs and

165

00:08:52,120 --> 00:08:49,130

I said you know what why don't I take

166

00:08:53,980 --> 00:08:52,130

the phone calls for you and that way you

167

00:08:56,350 --> 00:08:53,990

can get back to your serious research on

168

00:08:58,720 --> 00:08:56,360

other things and I started talking with

169

00:09:00,760 --> 00:08:58,730

some of the witnesses here and you know

170

00:09:02,380 --> 00:09:00,770

I was puzzled I certainly could explain

171

00:09:04,270 --> 00:09:02,390

quite a few of them but there were quite

172

00:09:06,040 --> 00:09:04,280

a few that I couldn't explain but I took

173

00:09:07,900 --> 00:09:06,050

it upon myself to talk to people go out

174

00:09:11,500 --> 00:09:07,910

into the countryside visiting with them

175

00:09:13,090 --> 00:09:11,510

and their farms and homes and I was I

176

00:09:15,190 --> 00:09:13,100

was quite fascinated what was going on

177

00:09:18,370 --> 00:09:15,200

and I was I wanted to know more about

178

00:09:21,400 --> 00:09:18,380

the subject so I happened to pick up a

179

00:09:25,980 --> 00:09:21,410

magazine called flying saucers which was

180

00:09:28,750 --> 00:09:25,990

of course a spin-off of a pulp called

181

00:09:30,850 --> 00:09:28,760

other worlds and that became other

182

00:09:31,840 --> 00:09:30,860

worlds flying saucers from other worlds

183

00:09:35,949 --> 00:09:31,850

and so forth and in the

184

00:09:39,759 --> 00:09:35,959

lack of one of the issues there was a an

185

00:09:43,150 --> 00:09:39,769

ad for a flying saucer or sorry a

186

00:09:45,389 --> 00:09:43,160

science-fiction meetup club back and

187

00:09:47,410 --> 00:09:45,399

this would have been in the 50s and I

188

00:09:48,970 --> 00:09:47,420

thought I wonder if this group is still

189

00:09:51,699 --> 00:09:48,980

around because I wanted more copies of

190

00:09:53,139 --> 00:09:51,709

this flying saucers magazine and sure

191

00:09:55,300 --> 00:09:53,149

enough the group was still in existence

192

00:09:57,430 --> 00:09:55,310

and I called up the fellow who ran it

193

00:09:58,840 --> 00:09:57,440

and he invited me to come down and sure

194

00:10:01,329 --> 00:09:58,850

enough I showed up and you know there

195

00:10:03,370 --> 00:10:01,339

was I was met with a lot of icy glares

196

00:10:06,460 --> 00:10:03,380

from the science-fiction fans who were

197

00:10:08,139 --> 00:10:06,470

there and they said you know you really

198

00:10:10,210 --> 00:10:08,149

don't belong here you're into flying

199

00:10:11,829 --> 00:10:10,220

saucers and we're into science fiction

200

00:10:13,660 --> 00:10:11,839

and you know things that are all made up

201
00:10:15,879 --> 00:10:13,670
and therefore oh wait a minute you know

202
00:10:18,460 --> 00:10:15,889
what it's okay you can stay that's

203
00:10:20,110 --> 00:10:18,470
that's fine that's fine very gracious of

204
00:10:22,749 --> 00:10:20,120
that very gracious of them well you know

205
00:10:25,870 --> 00:10:22,759
it was a flying saucer magazine which

206
00:10:28,840 --> 00:10:25,880
was edited published by Ray Palmer that

207
00:10:31,420 --> 00:10:28,850
got most of us together I mean when we

208
00:10:33,699 --> 00:10:31,430
were teenagers there were a lot of young

209
00:10:36,699 --> 00:10:33,709
people in getting into the subject in

210
00:10:39,129 --> 00:10:36,709
the 1960s we all met through the

211
00:10:41,889 --> 00:10:39,139
personals in the flying saucer club news

212
00:10:43,269 --> 00:10:41,899
section of that magazine exactly and so

213
00:10:44,980 --> 00:10:43,279

it's interesting that that's that was

214

00:10:48,639 --> 00:10:44,990

one of the ways that I got in as well so

215

00:10:50,519 --> 00:10:48,649

I began to continue to investigate and

216

00:10:53,980 --> 00:10:50,529

and talk about things and at one point

217

00:10:58,179 --> 00:10:53,990

and I'm thinking early earlier late 70s

218

00:10:59,499 --> 00:10:58,189

I guess the the physics department which

219

00:11:02,410 --> 00:10:59,509

was the department that housed the

220

00:11:04,780 --> 00:11:02,420

astronomers they had an opening

221

00:11:07,720 --> 00:11:04,790

somebody had cancelled in the Friday

222

00:11:10,600 --> 00:11:07,730

afternoon departmental meetings and they

223

00:11:13,449 --> 00:11:10,610

asked me to to fill in at the last

224

00:11:15,519 --> 00:11:13,459

minute I said sure and word got around I

225

00:11:17,710 --> 00:11:15,529

was honest be speaking about UFOs and as

226

00:11:19,870 --> 00:11:17,720

an undergraduate that's very unusual to

227

00:11:24,850 --> 00:11:19,880

have to speak to a departmental physics

228

00:11:27,009 --> 00:11:24,860

meeting and so I took it upon myself to

229

00:11:28,780 --> 00:11:27,019

talk anyways word got around they moved

230

00:11:31,870 --> 00:11:28,790

the departmental meeting to the largest

231

00:11:34,689 --> 00:11:31,880

lecture hall in the entire University

232

00:11:36,730 --> 00:11:34,699

and I spoke to 400 people about what I

233

00:11:38,949 --> 00:11:36,740

had learned about flying saucers and UFO

234

00:11:42,400 --> 00:11:38,959

right and that was my baptism by fire

235

00:11:44,889 --> 00:11:42,410

and it was quite interesting I and since

236

00:11:45,530 --> 00:11:44,899

then I took on the mantle and I guess I

237

00:11:48,350 --> 00:11:45,540

had the rep

238

00:11:51,259 --> 00:11:48,360

being the UFO guy and gradually after a

239

00:11:53,569 --> 00:11:51,269

number of years people asked me to write

240

00:11:55,519 --> 00:11:53,579

about what I had heard from people and

241

00:11:58,819 --> 00:11:55,529

my own investigations and that started

242

00:12:00,829 --> 00:11:58,829

my book career so it really did hang on

243

00:12:03,410 --> 00:12:00,839

there there's a we were in the middle of

244

00:12:10,100 --> 00:12:03,420

a storm here and the power just went out

245

00:12:12,350 --> 00:12:10,110

so oh it's a UFO it's a UFO really my

246

00:12:13,730 --> 00:12:12,360

computer's rebooting just heck second

247

00:12:19,370 --> 00:12:13,740

here yeah okay you're coming through

248

00:12:22,280 --> 00:12:19,380

loud and clear boy so far yeah yeah so

249

00:12:24,439 --> 00:12:22,290

now did you have a personal observation

250

00:12:24,980 --> 00:12:24,449

or a sighting of your own have you ever

251
00:12:32,600 --> 00:12:24,990
had one

252
00:12:34,490 --> 00:12:32,610
oh the storm has gotten us well you

253
00:12:36,319 --> 00:12:34,500
can't say that stuff like this doesn't

254
00:12:38,389 --> 00:12:36,329
happen when you're when you're going

255
00:12:40,150 --> 00:12:38,399
alive right Jim that's right that's

256
00:12:42,350 --> 00:12:40,160
right well we'll have to wait to his

257
00:12:43,629 --> 00:12:42,360
system reboots again it shouldn't take

258
00:12:46,129 --> 00:12:43,639
too long

259
00:12:47,629 --> 00:12:46,139
well we have another we have another we

260
00:12:49,850 --> 00:12:47,639
have another guest so that's not a

261
00:12:55,699 --> 00:12:49,860
problem Nigel are you there without the

262
00:12:58,340 --> 00:12:55,709
door I think that's the I think Nick

263
00:13:00,889 --> 00:12:58,350

Redford was odd what's of the power what

264

00:13:04,759 --> 00:13:00,899

up but he's down in Texas that always

265

00:13:08,990 --> 00:13:04,769

happens tell us a little something about

266

00:13:11,840 --> 00:13:09,000

your early days in the UFO field um well

267

00:13:14,389 --> 00:13:11,850

I became interested through the moon

268

00:13:17,509 --> 00:13:14,399

landing missions in the late sixties I

269

00:13:22,340 --> 00:13:17,519

got really interested in seeing all the

270

00:13:27,139 --> 00:13:22,350

news newspaper reports and for build up

271

00:13:29,750 --> 00:13:27,149

to a big landing on the moon in 69 and I

272

00:13:33,710 --> 00:13:29,760

was kind of gripped by anything to do

273

00:13:35,809 --> 00:13:33,720

with space exploration and of course in

274

00:13:39,079 --> 00:13:35,819

the local library along with astronomy

275

00:13:43,730 --> 00:13:39,089

and space books and a few UFO books

276

00:13:45,800 --> 00:13:43,740

filtered in and I think one or two of

277

00:13:49,309 --> 00:13:45,810

the early books I read were mainly kind

278

00:13:54,259 --> 00:13:49,319

of contact ebooks books by people like

279

00:13:56,990 --> 00:13:54,269

George Adamski and I also got out of a

280

00:13:59,470 --> 00:13:57,000

few cheap paperbacks like flying saucers

281

00:14:04,330 --> 00:13:59,480

are hostile by Rod Steiger

282

00:14:06,940 --> 00:14:04,340

and Joan Riven - and I just got

283

00:14:09,640 --> 00:14:06,950

intrigued then by UFOs because I thought

284

00:14:13,360 --> 00:14:09,650

if man can land on the moon it would be

285

00:14:16,870 --> 00:14:13,370

logical for advanced alien species to

286

00:14:24,430 --> 00:14:16,880

come to us so that's how we're going to

287

00:14:26,530 --> 00:14:24,440

it really and when I started meeting a

288

00:14:30,730 --> 00:14:26,540

few people and we advertised in the

289

00:14:34,060 --> 00:14:30,740

local paper about having a proper UFO

290

00:14:38,520 --> 00:14:34,070

meeting and about 30 people turned up

291

00:14:42,010 --> 00:14:38,530

and from there we use that as a kind of

292

00:14:45,250 --> 00:14:42,020

launching point for a local UFO group

293

00:14:50,790 --> 00:14:45,260

that's when I lived up in scum fob in

294

00:14:55,120 --> 00:14:50,800

Lincolnshire and from there we we

295

00:14:57,670 --> 00:14:55,130

investigated local cases but we we never

296

00:14:59,740 --> 00:14:57,680

really found any really exciting one so

297

00:15:03,460 --> 00:14:59,750

it mainly lights and the sky and things

298

00:15:07,150 --> 00:15:03,470

like that so it it was very hard to

299

00:15:11,200 --> 00:15:07,160

really establish what what these things

300

00:15:13,720 --> 00:15:11,210

were because obviously you can spend you

301
00:15:15,940 --> 00:15:13,730
know days researching something like a

302
00:15:19,150 --> 00:15:15,950
light in the sky and still not really

303
00:15:21,100 --> 00:15:19,160
pin it down to anything in particular

304
00:15:24,400 --> 00:15:21,110
you know like an aircraft navigation

305
00:15:27,280 --> 00:15:24,410
light or a weather balloon or anything

306
00:15:31,560 --> 00:15:27,290
like that so then I kind of got or

307
00:15:38,710 --> 00:15:34,650
Close Encounters and any strange

308
00:15:41,980 --> 00:15:38,720
experiences are people reports because I

309
00:15:46,660 --> 00:15:41,990
thought if people say they've seen like

310
00:15:50,200 --> 00:15:46,670
a UFO land or sea occupants then you

311
00:15:52,720 --> 00:15:50,210
know obviously but you know it's either

312
00:15:56,620 --> 00:15:52,730
true or false rather than you know the

313
00:15:58,600 --> 00:15:56,630

ambiguity of a light in the sky but you

314

00:16:02,370 --> 00:15:58,610

know that very again opens up and they

315

00:16:05,080 --> 00:16:02,380

were kind of worms really because then

316

00:16:07,560 --> 00:16:05,090

it's looking at the veracity of

317

00:16:09,690 --> 00:16:07,570

witnesses and whether they were just

318

00:16:15,890 --> 00:16:09,700

mistaken

319

00:16:20,510 --> 00:16:15,900

and a lot of the reports I investigated

320

00:16:23,370 --> 00:16:20,520

were in the sort of late 1970s when

321

00:16:27,930 --> 00:16:23,380

Close Encounters of the Third Kind came

322

00:16:29,850 --> 00:16:27,940

out by Spielberg about really put you

323

00:16:31,710 --> 00:16:29,860

for research on my map in Britain

324

00:16:34,830 --> 00:16:31,720

because of so many articles in the

325

00:16:37,410 --> 00:16:34,840

national newspapers and because of our a

326

00:16:41,580 --> 00:16:37,420

lot of people were more eager to report

327

00:16:44,190 --> 00:16:41,590

cases so I was able to meet quite a few

328

00:16:47,970 --> 00:16:44,200

people in Lincolnshire and Yorkshire who

329

00:16:51,600 --> 00:16:47,980

had really strange encounters one

330

00:16:54,000 --> 00:16:51,610

particular person was Paul Bennett it

331

00:16:59,100 --> 00:16:54,010

was only a sort of 12 year old schoolboy

332

00:17:02,280 --> 00:16:59,110

and who lived in Yorkshire and he and

333

00:17:07,140 --> 00:17:02,290

his mates were like constancy constantly

334

00:17:10,320 --> 00:17:07,150

seen UFOs and saw ghosts and little men

335

00:17:14,100 --> 00:17:10,330

in black and even saw a sort of 12 foot

336

00:17:16,530 --> 00:17:14,110

high green robot scooping up soil never

337

00:17:19,140 --> 00:17:16,540

home so you know that was quite an

338

00:17:22,430 --> 00:17:19,150

intriguing case because it look you know

339

00:17:23,760 --> 00:17:22,440

it kind of covered UFOs I'm a paranormal

340

00:17:26,130 --> 00:17:23,770

Wow

341

00:17:27,840 --> 00:17:26,140

now here in the United States I think

342

00:17:29,850 --> 00:17:27,850

that a lot of UFO investigators who are

343

00:17:32,700 --> 00:17:29,860

in a story like that especially from a

344

00:17:36,510 --> 00:17:32,710

12 year old boy witnessed automatically

345

00:17:39,900 --> 00:17:36,520

dismissing yeah I think that's one

346

00:17:42,270 --> 00:17:39,910

reason I investigated it because I'd had

347

00:17:45,660 --> 00:17:42,280

a letter from another child have said

348

00:17:47,610 --> 00:17:45,670

we'd seen an alien and I showed it to

349

00:17:50,430 --> 00:17:47,620

another ufologist and he said oh it's

350

00:17:53,190 --> 00:17:50,440

just a figment of our imagination but

351
00:17:55,380 --> 00:17:53,200
well how come you can just dismiss that

352
00:17:58,320 --> 00:17:55,390
as a figment of imagination but

353
00:18:00,840 --> 00:17:58,330
investigate adult encounters and in a

354
00:18:02,850 --> 00:18:00,850
way you know I think you've got to be

355
00:18:03,530 --> 00:18:02,860
kind of open-minded about it and

356
00:18:06,960 --> 00:18:03,540
lookouts

357
00:18:08,790 --> 00:18:06,970
the evidence has provided say you know

358
00:18:11,280 --> 00:18:08,800
look at the case you know going back

359
00:18:13,320 --> 00:18:11,290
over the years look at some of the the

360
00:18:17,270 --> 00:18:13,330
best cases there's what is what is it

361
00:18:19,770 --> 00:18:17,280
South Africa there was one in Australia

362
00:18:22,170 --> 00:18:19,780
this is another one I can't account

363
00:18:23,490 --> 00:18:22,180

where it was offhand that consisted of

364

00:18:26,490 --> 00:18:23,500

entire groups

365

00:18:28,320 --> 00:18:26,500

of schoolchildren and that they also

366

00:18:30,570 --> 00:18:28,330

they also had I guess maybe some of

367

00:18:34,020 --> 00:18:30,580

their their teachers or principals there

368

00:18:37,530 --> 00:18:34,030

but mainly it was the the testimony of

369

00:18:39,090 --> 00:18:37,540

the very useful witnesses that put these

370

00:18:41,250 --> 00:18:39,100

particular sightings on the map

371

00:18:43,380 --> 00:18:41,260

in fact john mack went to south africa

372

00:18:45,180 --> 00:18:43,390

and interviewed or and there's a I think

373

00:18:46,890 --> 00:18:45,190

of a movie that was even made you know

374

00:18:52,140 --> 00:18:46,900

documentary that you can find on the

375

00:18:54,180 --> 00:18:52,150

United yeah so them yeah I think that's

376

00:18:58,020 --> 00:18:54,190

a thing though for a quite a few

377

00:19:01,920 --> 00:18:58,030

playground UFO cases um I investigated

378

00:19:04,410 --> 00:19:01,930

one in was the other one that I was

379

00:19:06,630 --> 00:19:04,420

thinking ember it landed in the in the

380

00:19:10,130 --> 00:19:06,640

park and they were they were tall a job

381

00:19:12,330 --> 00:19:10,140

giant type beings that came out and the

382

00:19:14,700 --> 00:19:12,340

teenagers or maybe younger than that so

383

00:19:17,130 --> 00:19:14,710

um from a distance a Peter Robbins has

384

00:19:20,700 --> 00:19:17,140

done a whole investigation on that you

385

00:19:22,050 --> 00:19:20,710

know and that was before all this you

386

00:19:24,630 --> 00:19:22,060

know the material was starting to leak

387

00:19:28,080 --> 00:19:24,640

out from the Soviet Union in fact the

388

00:19:32,130 --> 00:19:28,090

New York Times even uh you know wrote

389

00:19:34,380 --> 00:19:32,140

wrote it up now in our book the UFO

390

00:19:38,880 --> 00:19:34,390

hostilities you have a chapter there on

391

00:19:42,290 --> 00:19:38,890

a world war one how did you equate the

392

00:19:46,470 --> 00:19:42,300

first equate the UFO phenomena with a

393

00:19:50,310 --> 00:19:46,480

combat in international conflict and

394

00:19:52,950 --> 00:19:50,320

what was another reason um I I went away

395

00:19:55,770 --> 00:19:52,960

from just lights in the sky about local

396

00:19:59,130 --> 00:19:55,780

people were reporting and for if I look

397

00:20:02,190 --> 00:19:59,140

back in the newspaper files and we can't

398

00:20:04,680 --> 00:20:02,200

possibly be mistaken observe

399

00:20:07,920 --> 00:20:04,690

observations of satellites or any

400

00:20:13,230 --> 00:20:07,930

man-made objects and so ever might be

401
00:20:13,860 --> 00:20:13,240
you know a bit more genuine if you know

402
00:20:16,860 --> 00:20:13,870
what I mean

403
00:20:22,250 --> 00:20:16,870
so I started looking in newspaper files

404
00:20:24,390 --> 00:20:22,260
and I found quite a few stories um a

405
00:20:28,920 --> 00:20:24,400
pioneer of this research was really

406
00:20:32,640 --> 00:20:28,930
charles fort who wrote a book of a

407
00:20:36,000 --> 00:20:32,650
damned and listed loads of really an

408
00:20:37,310 --> 00:20:36,010
ancient UFO cases from scientific

409
00:20:40,920 --> 00:20:37,320
journals and

410
00:20:43,200 --> 00:20:40,930
newspapers like London Times so I was

411
00:20:50,280 --> 00:20:43,210
able to look at odd volumes of a local

412
00:20:53,700 --> 00:20:50,290
newspapers and in 1909 of him may April

413
00:20:57,600 --> 00:20:53,710

time quite a few people throughout

414

00:21:00,750 --> 00:20:57,610

Britain saw strange lights in the sky

415

00:21:05,520 --> 00:21:00,760

which at the time they identified as

416

00:21:08,220 --> 00:21:05,530

German Zeppelin's and so often of Ovi

417

00:21:12,390 --> 00:21:08,230

only saw lights read savoured had

418

00:21:15,750 --> 00:21:12,400

associated motor sounds with them so

419

00:21:19,160 --> 00:21:15,760

they thought were were Germans spying

420

00:21:22,590 --> 00:21:19,170

out the land for a possible invasion

421

00:21:25,050 --> 00:21:22,600

which kind of equates with a modern

422

00:21:27,420 --> 00:21:25,060

viewpoint if people saw the same things

423

00:21:30,380 --> 00:21:27,430

that think it was aliens spying out the

424

00:21:35,550 --> 00:21:30,390

land for an invasion so very quite a few

425

00:21:37,860 --> 00:21:35,560

parallels but back then you know

426
00:21:41,910 --> 00:21:37,870
Zeppelin's were at the cutting edge of

427
00:21:43,860 --> 00:21:41,920
aeronautical technology and I think

428
00:21:45,660 --> 00:21:43,870
worst of all for Britain was the fact

429
00:21:48,240 --> 00:21:45,670
that the Germans were creating these

430
00:21:51,380 --> 00:21:48,250
huge planes that could travel hundreds

431
00:21:53,700 --> 00:21:51,390
of miles whereas Britain only had a few

432
00:21:56,760 --> 00:21:53,710
puny airships that weren't very

433
00:22:00,660 --> 00:21:56,770
effective in comparison so ever felt

434
00:22:03,450 --> 00:22:00,670
there was a big gap between German

435
00:22:06,870 --> 00:22:03,460
military advancement to me in the air

436
00:22:10,760 --> 00:22:06,880
and so I found that quite fascinating to

437
00:22:14,310 --> 00:22:10,770
look up the history of a period and and

438
00:22:17,370 --> 00:22:14,320

the context of people seeing strange

439

00:22:20,520 --> 00:22:17,380

objects and in fact one person actually

440

00:22:25,110 --> 00:22:20,530

saw he said I'm a topper carefully mount

441

00:22:28,290 --> 00:22:25,120

and he saw a landed object and two men

442

00:22:32,060 --> 00:22:28,300

in big fur coats jumped into the

443

00:22:34,950 --> 00:22:32,070

carriage and flew away at high speed and

444

00:22:38,010 --> 00:22:34,960

you know this could be an early case of

445

00:22:40,710 --> 00:22:38,020

a close encounter of the third kind but

446

00:22:43,770 --> 00:22:40,720

yeah because nobody could explain it and

447

00:22:48,270 --> 00:22:43,780

some other people also so lights in the

448

00:22:51,250 --> 00:22:48,280

area that same night and also in the

449

00:22:54,960 --> 00:22:51,260

ground where the person had seen this

450

00:22:58,110 --> 00:22:54,970

airship who were Mausam aground and

451
00:23:03,549 --> 00:22:58,120
little scraps of news clippings about

452
00:23:06,370 --> 00:23:03,559
warfare and airships hmm so the the UFO

453
00:23:10,090 --> 00:23:06,380
with the occupants were collecting a

454
00:23:11,590 --> 00:23:10,100
news clip sir oh well seem to have

455
00:23:14,289 --> 00:23:11,600
dropped from them it was a few of

456
00:23:18,820 --> 00:23:14,299
odd fragments of things which were later

457
00:23:22,090 --> 00:23:18,830
identified as self motor parts like

458
00:23:24,940 --> 00:23:22,100
valves and different things nothing

459
00:23:26,890 --> 00:23:24,950
exciting really but it was quite a

460
00:23:30,820 --> 00:23:26,900
fascinating case because it had London

461
00:23:32,080 --> 00:23:30,830
traces and you know alright and Nigel

462
00:23:33,789 --> 00:23:32,090
I'm gonna have to interrupt you here

463
00:23:34,750 --> 00:23:33,799

because we have to go to our bottom of

464

00:23:37,690 --> 00:23:34,760

the arrow break when we come back

465

00:23:40,570 --> 00:23:37,700

hopefully Chris can join us again in the

466

00:23:43,900 --> 00:23:40,580

height of winter storm on explore in the

467

00:23:49,530 --> 00:23:43,910

bazaars about the Red Baron's UFO

468

00:23:56,260 --> 00:23:53,680

now back to exploring the bazaars with

469

00:23:59,560 --> 00:23:56,270

two of the most electrifying researchers

470

00:24:06,400 --> 00:23:59,570

in the Paranoid your hosts Timothy Becca

471

00:24:08,799 --> 00:24:06,410

Lee and kings welcome back to explore in

472

00:24:11,290 --> 00:24:08,809

the bazaar Tim Chris Markowski is back

473

00:24:15,760 --> 00:24:11,300

with us I think we should continue our

474

00:24:22,090 --> 00:24:15,770

questioning with you think only watch

475

00:24:24,460 --> 00:24:22,100

salutely Chris now we've lost him but

476

00:24:29,950 --> 00:24:24,470

this happens to be a storm in my system

477

00:24:34,180 --> 00:24:29,960

not a storm outside the the eternal

478

00:24:36,910 --> 00:24:34,190

storm in the one that comes up rises up

479

00:24:39,940 --> 00:24:36,920

from the inside okay go ahead go ahead

480

00:24:42,190 --> 00:24:39,950

Tim you if you you got the the bat in

481

00:24:44,350 --> 00:24:42,200

the hand here so to speak and so you you

482

00:24:47,560 --> 00:24:44,360

go with the questioning well I remember

483

00:24:51,490 --> 00:24:47,570

what what what Chris was telling us

484

00:24:56,549 --> 00:24:51,500

before before lightning struck but well

485

00:25:02,470 --> 00:24:56,559

I know that you you were talking about

486

00:25:06,400 --> 00:25:02,480

how you got started with this through

487

00:25:08,650 --> 00:25:06,410

science and you know and and I know you

488

00:25:11,470 --> 00:25:08,660

you'd made a comment about how you know

489

00:25:13,960 --> 00:25:11,480

like the astronomy professors had told

490

00:25:16,540 --> 00:25:13,970

you about you know these UFO sightings

491

00:25:19,780 --> 00:25:16,550

were you know mirages and you know

492

00:25:21,460 --> 00:25:19,790

people just you know didn't know what

493

00:25:24,820 --> 00:25:21,470

that what they were looking at but how

494

00:25:28,060 --> 00:25:24,830

many of them actually like you did go

495

00:25:31,510 --> 00:25:28,070

and talk to these witnesses or you know

496

00:25:33,400 --> 00:25:31,520

go out to a location themselves well of

497

00:25:36,370 --> 00:25:33,410

course you have very very few him and

498

00:25:41,350 --> 00:25:36,380

that was the point so they they had

499

00:25:44,560 --> 00:25:41,360

entrusted all the calls and and you know

500

00:25:47,200 --> 00:25:44,570

and the letters and so forth to me and I

501
00:25:48,669 --> 00:25:47,210
responded by talking about as much I

502
00:25:51,310 --> 00:25:48,679
could and and started doing

503
00:25:54,190 --> 00:25:51,320
presentations and before you know it I I

504
00:25:57,340 --> 00:25:54,200
as I said had a bit of a rep when it

505
00:25:59,530 --> 00:25:57,350
comes to UFOs and and then in the

506
00:26:00,820 --> 00:25:59,540
process of doing further research so I

507
00:26:03,370 --> 00:26:00,830
wanted to know more I was

508
00:26:05,310 --> 00:26:03,380
puzzled from a scientific standpoint you

509
00:26:07,480 --> 00:26:05,320
know what if there really is no real

510
00:26:09,250 --> 00:26:07,490
phenomenon why are people seeing these

511
00:26:11,140 --> 00:26:09,260
things what are what's really going on

512
00:26:12,910 --> 00:26:11,150
and I thought well you know I'm gonna

513
00:26:15,880 --> 00:26:12,920

dig around and see what other things

514

00:26:19,090 --> 00:26:15,890

have happened in my local area and by

515

00:26:21,250 --> 00:26:19,100

this time I had travelled all around my

516

00:26:23,680 --> 00:26:21,260

province of Manitoba but also into North

517

00:26:25,780 --> 00:26:23,690

Dakota into Minnesota and into Ontario

518

00:26:27,580 --> 00:26:25,790

but I want to know what about other

519

00:26:32,050 --> 00:26:27,590

local things and there had been a case

520

00:26:33,430 --> 00:26:32,060

in 1967 that had attracted quite a lot

521

00:26:37,810 --> 00:26:33,440

of attention at this time it was only

522

00:26:40,630 --> 00:26:37,820

about 10 years old and it involved a

523

00:26:42,370 --> 00:26:40,640

fellow who had been burned by a you know

524

00:26:45,400 --> 00:26:42,380

what seemed to have been a flying saucer

525

00:26:48,490 --> 00:26:45,410

at a resort area not too far away from

526

00:26:51,250 --> 00:26:48,500

the city here and in fact it's only

527

00:26:54,070 --> 00:26:51,260

about an hour away from the United

528

00:26:58,030 --> 00:26:54,080

States border so I thought well tracked

529

00:27:02,110 --> 00:26:58,040

this fellow down and I had a bit of an

530

00:27:05,680 --> 00:27:02,120

in because as a kid I actually had hung

531

00:27:07,810 --> 00:27:05,690

around with his son and the fellow that

532

00:27:10,660 --> 00:27:07,820

the experience happened to was named

533

00:27:12,940 --> 00:27:10,670

Stefan mahalik and his son was Stan

534

00:27:15,130 --> 00:27:12,950

mahalik and I used to hang around ride

535

00:27:17,380 --> 00:27:15,140

bikes and throw baseballs and stuff like

536

00:27:20,980 --> 00:27:17,390

that with with his son and so when I

537

00:27:24,400 --> 00:27:20,990

came calling on their door to ask about

538

00:27:26,380 --> 00:27:24,410

UFOs they allowed me into their home

539

00:27:29,440 --> 00:27:26,390

which was actually a bit of a rarity

540

00:27:31,990 --> 00:27:29,450

because they were so fed up with all the

541

00:27:33,610 --> 00:27:32,000

attention case had brought them that

542

00:27:35,770 --> 00:27:33,620

they weren't doing any media interviews

543

00:27:38,190 --> 00:27:35,780

anymore but I wanted to talk about it

544

00:27:40,510 --> 00:27:38,200

from a you know a serious scientific

545

00:27:42,010 --> 00:27:40,520

investigation standpoint I want to know

546

00:27:45,570 --> 00:27:42,020

what really went on and is there any

547

00:27:49,090 --> 00:27:45,580

good solid evidence for it and they

548

00:27:52,240 --> 00:27:49,100

really opened their home to me opened

549

00:27:55,330 --> 00:27:52,250

their access and I spent quite a lot of

550

00:27:57,610 --> 00:27:55,340

time and it it turned out that we were

551
00:28:01,090 --> 00:27:57,620
eventually contacted just in a matter of

552
00:28:04,060 --> 00:28:01,100
a year or two after after that sort of

553
00:28:07,270 --> 00:28:04,070
both four or five years after that by

554
00:28:10,090 --> 00:28:07,280
some TV stations and a number of

555
00:28:11,680 --> 00:28:10,100
magazines and we actually did unsolved

556
00:28:14,740 --> 00:28:11,690
mysteries they flew us down to they're

557
00:28:17,590 --> 00:28:14,750
set to recreate

558
00:28:20,920 --> 00:28:17,600
the case and we're on the first series

559
00:28:22,660 --> 00:28:20,930
of unsolved mysteries so it it really

560
00:28:26,500 --> 00:28:22,670
was quite interesting to be involved in

561
00:28:28,300 --> 00:28:26,510
a study because I got to understand a

562
00:28:31,360 --> 00:28:28,310
little bit more about what really

563
00:28:33,220 --> 00:28:31,370

happened to the family and the idea

564

00:28:35,680 --> 00:28:33,230

behind the book when they appeared

565

00:28:38,770 --> 00:28:35,690

actually came from Stan mahalik the son

566

00:28:43,660 --> 00:28:38,780

who was just a matter of 9 or 10 years

567

00:28:45,610 --> 00:28:43,670

old at the time and his concern was you

568

00:28:48,340 --> 00:28:45,620

know it really was quite disruptive to

569

00:28:50,740 --> 00:28:48,350

the family when all these strangers

570

00:28:54,280 --> 00:28:50,750

appear in their doorsteps wanting to

571

00:28:56,320 --> 00:28:54,290

talk to his dad about what had happened

572

00:28:58,330 --> 00:28:56,330

there was a Royal Canadian Mounted

573

00:29:01,000 --> 00:28:58,340

Police there was the Air Force there was

574

00:29:03,280 --> 00:29:01,010

the United States Air Force there were a

575

00:29:05,340 --> 00:29:03,290

series of other investigators and even

576
00:29:08,320 --> 00:29:05,350
just people who were curious the media

577
00:29:11,430 --> 00:29:08,330
were surrounding the house on almost a

578
00:29:13,930 --> 00:29:11,440
daily basis in the early days in fact

579
00:29:16,840 --> 00:29:13,940
Stan's brother tells the story of how he

580
00:29:19,930 --> 00:29:16,850
had to go out in the morning sometime

581
00:29:21,850 --> 00:29:19,940
and sweep away the broken light bulbs

582
00:29:24,550 --> 00:29:21,860
from the flash cameras that some of the

583
00:29:26,860 --> 00:29:24,560
newspapers had been using trying to get

584
00:29:29,560 --> 00:29:26,870
a good shot of some of the people

585
00:29:32,040 --> 00:29:29,570
peeking out between the curtains so it's

586
00:29:34,750 --> 00:29:32,050
an interesting perspective on the case

587
00:29:39,550 --> 00:29:34,760
fallout in addition to the case itself

588
00:29:43,420 --> 00:29:39,560

and I think the case is certainly one of

589

00:29:44,860 --> 00:29:43,430

the the best ever on record and people

590

00:29:46,870 --> 00:29:44,870

have asked me well certainly not as good

591

00:29:49,120 --> 00:29:46,880

as Roswell and you know I'm gonna say I

592

00:29:51,190 --> 00:29:49,130

think in some ways even better than

593

00:29:53,200 --> 00:29:51,200

Roswell boy much more much more

594

00:29:55,180 --> 00:29:53,210

documented I mean I don't even know how

595

00:29:57,370 --> 00:29:55,190

anybody really could compare the into

596

00:29:59,710 --> 00:29:57,380

two because we know that Falcon Lake

597

00:30:01,930 --> 00:29:59,720

took a place I mean the the witness that

598

00:30:04,810 --> 00:30:01,940

came back ended up in the the hospital

599

00:30:07,350 --> 00:30:04,820

had burn marks all over him there was

600

00:30:11,020 --> 00:30:07,360

evidence that the objects had actually

601
00:30:13,030 --> 00:30:11,030
landed what tell us about the specifics

602
00:30:15,520 --> 00:30:13,040
of the case now because this is this is

603
00:30:17,860 --> 00:30:15,530
coming up or we just passed the 50th

604
00:30:19,300 --> 00:30:17,870
anniversary I believe right the 50th

605
00:30:21,970 --> 00:30:19,310
anniversary of the event but we're

606
00:30:24,550 --> 00:30:21,980
actually in the 50th anniversary this

607
00:30:27,790 --> 00:30:24,560
year so a year later of the time when

608
00:30:29,980 --> 00:30:27,800
metal fragments were found at the site

609
00:30:33,610 --> 00:30:29,990
and I'll get to that but for the people

610
00:30:35,380 --> 00:30:33,620
who don't know May twentieth 1967

611
00:30:38,710 --> 00:30:35,390
Stephane mahalik who is an industrial

612
00:30:40,900 --> 00:30:38,720
mechanic also a bit of a rock hound he

613
00:30:43,420 --> 00:30:40,910

was really fascinated he was a bit of a

614

00:30:46,480 --> 00:30:43,430

an amateur geologist in the sense that

615

00:30:48,880 --> 00:30:46,490

he was looking for you know interesting

616

00:30:53,470 --> 00:30:48,890

rocks he had actually staked some claims

617

00:30:55,420 --> 00:30:53,480

the area just east of Winnipeg up here

618

00:30:58,890 --> 00:30:55,430

home of the Winnipeg Jets you may have

619

00:31:02,560 --> 00:30:58,900

heard of them if you're in Vegas anyways

620

00:31:04,930 --> 00:31:02,570

the it's a quite rocky Precambrian

621

00:31:06,790 --> 00:31:04,940

shield there's some good quartz veins

622

00:31:08,800 --> 00:31:06,800

there's actually a few gold mines and

623

00:31:13,030 --> 00:31:08,810

silver loads so he was looking for some

624

00:31:15,460 --> 00:31:13,040

silver and he had traveled out the

625

00:31:18,700 --> 00:31:15,470

Friday night got up early Saturday

626

00:31:21,780 --> 00:31:18,710

morning first thing six o'clock left his

627

00:31:24,040 --> 00:31:21,790

motel he had stayed overnight and

628

00:31:27,790 --> 00:31:24,050

tromped into the bush it's heavily

629

00:31:29,800 --> 00:31:27,800

forested although at this point in early

630

00:31:33,460 --> 00:31:29,810

or mid-may there weren't a lot of leaves

631

00:31:35,500 --> 00:31:33,470

on the trees yet but he found a couple

632

00:31:38,050 --> 00:31:35,510

of nice places was chipping away and by

633

00:31:40,870 --> 00:31:38,060

lunchtime he took a break sat down next

634

00:31:43,180 --> 00:31:40,880

to quite a large rock and was eating his

635

00:31:45,400 --> 00:31:43,190

lunch when all of a sudden there was a

636

00:31:48,940 --> 00:31:45,410

commotion he was on a ridge overlooking

637

00:31:51,490 --> 00:31:48,950

a bit of a pond on which there was a lot

638

00:31:53,260 --> 00:31:51,500

of geese and the geese suddenly took off

639

00:31:55,030 --> 00:31:53,270

in flight he was concerned that perhaps

640

00:31:57,370 --> 00:31:55,040

there was some bearers around because

641

00:31:58,750 --> 00:31:57,380

there are barriers in the area looked

642

00:32:02,140 --> 00:31:58,760

around couldn't see barriers but he

643

00:32:05,680 --> 00:32:02,150

looked up and there were two saucer

644

00:32:08,970 --> 00:32:05,690

shaped objects up in the sky very very

645

00:32:12,250 --> 00:32:08,980

bright and shining bright white one came

646

00:32:15,940 --> 00:32:12,260

down very close and landed on a rock

647

00:32:19,570 --> 00:32:15,950

outcropping about 150 feet away from him

648

00:32:22,440 --> 00:32:19,580

and he as he watched it you know sort of

649

00:32:25,480 --> 00:32:22,450

cooled down from bright white down to

650

00:32:27,730 --> 00:32:25,490

bright yellow orange red so forth to the

651
00:32:29,680 --> 00:32:27,740
point it was just a silver thing and it

652
00:32:33,810 --> 00:32:29,690
looked like a classic Hollywood flying

653
00:32:36,400 --> 00:32:33,820
saucer about 35 feet across 12 feet high

654
00:32:40,780 --> 00:32:36,410
there were bright lights coming out of

655
00:32:41,620 --> 00:32:40,790
some holes in the top and he had no idea

656
00:32:43,900 --> 00:32:41,630
what this was he

657
00:32:45,850 --> 00:32:43,910
is very puzzled nothing like this had

658
00:32:48,250 --> 00:32:45,860
ever happened in his experience and his

659
00:32:52,690 --> 00:32:48,260
first thought was this must be some sort

660
00:32:55,270 --> 00:32:52,700
of American secret something this was 67

661
00:32:57,760 --> 00:32:55,280
so a little bit before Apollo landed on

662
00:33:00,910 --> 00:32:57,770
the moon so maybe it was some sort of

663
00:33:02,560 --> 00:33:00,920

vertical takeoff and something but it

664

00:33:04,660 --> 00:33:02,570

certainly wasn't anything he was ever

665

00:33:07,180 --> 00:33:04,670

familiar with he actually had a was in

666

00:33:08,950 --> 00:33:07,190

the the service he was fought in world

667

00:33:11,680 --> 00:33:08,960

war ii was familiar with a lot of

668

00:33:13,180 --> 00:33:11,690

aircraft having been in the service but

669

00:33:16,450 --> 00:33:13,190

this was certainly not anything like

670

00:33:19,270 --> 00:33:16,460

that and he decided to keep an eye on it

671

00:33:21,700 --> 00:33:19,280

to just try to understand what was in

672

00:33:24,730 --> 00:33:21,710

front of him so he started sketching it

673

00:33:26,500 --> 00:33:24,740

and the lights were actually so bright

674

00:33:29,260 --> 00:33:26,510

coming out of this thing that he had a

675

00:33:33,400 --> 00:33:29,270

visor that he was using welders goggles

676
00:33:34,960 --> 00:33:33,410
to keep his eyes protected from the rock

677
00:33:36,970 --> 00:33:34,970
shards when he was chipping away at

678
00:33:38,200 --> 00:33:36,980
things flipped down the dark part knee

679
00:33:41,400 --> 00:33:38,210
and it was good because he could just

680
00:33:44,500 --> 00:33:41,410
barely contain the the light with that

681
00:33:46,690 --> 00:33:44,510
and eventually got brave enough because

682
00:33:49,540 --> 00:33:46,700
he figured this must be definitely some

683
00:33:51,250 --> 00:33:49,550
sort of American secret weapon so he got

684
00:33:54,520 --> 00:33:51,260
up after about a half an hour watching

685
00:33:57,010 --> 00:33:54,530
this thing and he walked towards it

686
00:34:00,670 --> 00:33:57,020
and as he's walking towards and there

687
00:34:04,030 --> 00:34:00,680
was a big whooshing of air being

688
00:34:06,610 --> 00:34:04,040

expelled from this thing and a door

689

00:34:09,070 --> 00:34:06,620

opened like an iris not an open and you

690

00:34:11,440 --> 00:34:09,080

know around a corner door but an iris of

691

00:34:12,790 --> 00:34:11,450

some sort open and bright lights were

692

00:34:15,119 --> 00:34:12,800

flooding out of this doorway and he

693

00:34:17,770 --> 00:34:15,129

could hear high-pitched squeaky voices

694

00:34:19,450 --> 00:34:17,780

that he couldn't quite make out what

695

00:34:21,369 --> 00:34:19,460

they were saying and he thought well

696

00:34:24,550 --> 00:34:21,379

it's definitely Americans then he could

697

00:34:26,530 --> 00:34:24,560

hear them so he walked up to them up to

698

00:34:28,600 --> 00:34:26,540

this thing and shouted out come on

699

00:34:30,490 --> 00:34:28,610

Yankee boys come on out I'll help you

700

00:34:32,110 --> 00:34:30,500

fix your broken-down flying machine

701
00:34:35,649 --> 00:34:32,120
because obviously they had landed for

702
00:34:38,619 --> 00:34:35,659
repairs and the voices stopped and he

703
00:34:40,810 --> 00:34:38,629
thought oh no it's not Americans so it's

704
00:34:43,840 --> 00:34:40,820
the rush of so he called out he happened

705
00:34:46,480 --> 00:34:43,850
to be multilingual called out in Russian

706
00:34:48,879 --> 00:34:46,490
the same greeting voices didn't start

707
00:34:50,530 --> 00:34:48,889
again called out in German called out in

708
00:34:53,200 --> 00:34:50,540
French but he knew a little bit of

709
00:34:54,419 --> 00:34:53,210
Italian and by this time he was standing

710
00:34:58,440 --> 00:34:54,429
right next to it

711
00:35:00,780 --> 00:34:58,450
he put one hand on the side of this this

712
00:35:03,839 --> 00:35:00,790
thing notice that it was a very shiny

713
00:35:05,609 --> 00:35:03,849

metal but couldn't see any seams or

714

00:35:08,069 --> 00:35:05,619

rivets was very puzzled by this he was a

715

00:35:10,260 --> 00:35:08,079

mechanic so he was very curious he was

716

00:35:12,599 --> 00:35:10,270

wearing rubberized gloves and as he

717

00:35:15,630 --> 00:35:12,609

tried to look inside this little door

718

00:35:17,760 --> 00:35:15,640

his hand got very hot he pulled it away

719

00:35:19,140 --> 00:35:17,770

because his rubberized glove had started

720

00:35:21,870 --> 00:35:19,150

to melt because the sight of this thing

721

00:35:24,780 --> 00:35:21,880

was very very hot all of a sudden the

722

00:35:26,880 --> 00:35:24,790

door shut and the entire thing rotated

723

00:35:30,329 --> 00:35:26,890

so that in front of him now was an

724

00:35:32,910 --> 00:35:30,339

exhaust vent of some kind and a blast of

725

00:35:34,440 --> 00:35:32,920

hot gas shot out of this thing knocking

726

00:35:36,630 --> 00:35:34,450

him to the ground setting his clothes on

727

00:35:38,339 --> 00:35:36,640

fire and the thing took off and flew

728

00:35:43,049 --> 00:35:38,349

away joining the other one in the sky

729

00:35:46,049 --> 00:35:43,059

and disappeared and the case sort of

730

00:35:50,490 --> 00:35:46,059

unfolded from that he eventually got

731

00:35:54,170 --> 00:35:50,500

back to civilization he was about a good

732

00:35:58,049 --> 00:35:54,180

a mile or so away from the nearest town

733

00:36:00,089 --> 00:35:58,059

got his family to meet him at the

734

00:36:03,120 --> 00:36:00,099

airport at the bus station actually and

735

00:36:05,280 --> 00:36:03,130

took him to a hospital he was treated in

736

00:36:08,039 --> 00:36:05,290

the emergency room of the hospital for

737

00:36:10,950 --> 00:36:08,049

first and second-degree burns and the

738

00:36:12,390 --> 00:36:10,960

story then started coming out and you

739

00:36:13,819 --> 00:36:12,400

know when you hear this type of thing

740

00:36:17,400 --> 00:36:13,829

you just say well it's it's it's

741

00:36:20,339 --> 00:36:17,410

completely ridiculous I mean this this

742

00:36:24,089 --> 00:36:20,349

couldn't possibly happen and yet we have

743

00:36:25,920 --> 00:36:24,099

the medical records we you know we I

744

00:36:27,990 --> 00:36:25,930

spent some time talking with the fellow

745

00:36:30,539 --> 00:36:28,000

he definitely did have first and second

746

00:36:32,010 --> 00:36:30,549

degree burns and then when the case was

747

00:36:33,420 --> 00:36:32,020

investigated by the Royal Canadian

748

00:36:35,940 --> 00:36:33,430

Mounted Police and the Royal Canadian

749

00:36:37,500 --> 00:36:35,950

Air Force and eventually the Condon

750

00:36:41,130 --> 00:36:37,510

committee through the United States Air

751
00:36:45,329 --> 00:36:41,140
Force they all investigated the site and

752
00:36:48,180 --> 00:36:45,339
we have literally hundreds of documents

753
00:36:52,319 --> 00:36:48,190
from the Canadians and Americans on the

754
00:36:53,670 --> 00:36:52,329
investigation of the case and the Royal

755
00:36:55,650 --> 00:36:53,680
Canadian Mounted Police and the Royal

756
00:36:57,210 --> 00:36:55,660
Canadian Air Force both said that they

757
00:36:59,280 --> 00:36:57,220
cannot come up with a satisfactory

758
00:37:02,880 --> 00:36:59,290
explanation for what happened and that's

759
00:37:05,940 --> 00:37:02,890
just the beginning because there was

760
00:37:07,580 --> 00:37:05,950
also radioactive material found at the

761
00:37:10,810 --> 00:37:07,590
site the

762
00:37:14,330 --> 00:37:10,820
the RCMP and the Air Force took samples

763
00:37:19,490 --> 00:37:14,340

sent them to a crime lab sent them to an

764

00:37:22,460 --> 00:37:19,500

atomic energy lab for testing and in

765

00:37:25,580 --> 00:37:22,470

fact the samples were so radioactive and

766

00:37:28,160 --> 00:37:25,590

I mean I'm gonna actually quote from the

767

00:37:29,480 --> 00:37:28,170

Canadian Air Force Operations Center

768

00:37:32,390 --> 00:37:29,490

memo

769

00:37:35,300 --> 00:37:32,400

it says the report indicates a radiation

770

00:37:38,570 --> 00:37:35,310

value of 0.3 micro Curie's in the soil

771

00:37:41,120 --> 00:37:38,580

sample the radiation is from a radium

772

00:37:44,690 --> 00:37:41,130

source and is possible serious health

773

00:37:46,850 --> 00:37:44,700

hazard and that's from the Royal

774

00:37:50,030 --> 00:37:46,860

Canadian Air Force that there actually

775

00:37:51,410 --> 00:37:50,040

was a danger to the public and as a

776

00:37:54,590 --> 00:37:51,420

matter of fact the wrong Canadian Air

777

00:37:57,410 --> 00:37:54,600

Force considered closing this area which

778

00:37:59,570 --> 00:37:57,420

is a resort area because they thought

779

00:38:02,570 --> 00:37:59,580

the radiation level is so high and I

780

00:38:05,720 --> 00:38:02,580

even sent investigators to a nuclear

781

00:38:07,520 --> 00:38:05,730

waste dump which is some distance away

782

00:38:09,410 --> 00:38:07,530

but they figured maybe somebody had dug

783

00:38:12,980 --> 00:38:09,420

up something from the nuclear waste dump

784

00:38:15,890 --> 00:38:12,990

and seeded this area with radioactive

785

00:38:18,110 --> 00:38:15,900

debris for whatever reason so you have

786

00:38:19,940 --> 00:38:18,120

radiation you have physical injuries to

787

00:38:21,860 --> 00:38:19,950

a person we have the documentation of

788

00:38:25,280 --> 00:38:21,870

the investigation from a number of

789

00:38:29,000 --> 00:38:25,290

different agencies and the site is known

790

00:38:30,650 --> 00:38:29,010

in fact this is a like Roswell in in a

791

00:38:34,130 --> 00:38:30,660

number of ways you can actually take

792

00:38:39,050 --> 00:38:34,140

tours by horseback because it's actually

793

00:38:42,170 --> 00:38:39,060

rugged country to get there and there

794

00:38:45,500 --> 00:38:42,180

are just over the past few years they've

795

00:38:48,770 --> 00:38:45,510

started having sort of flying saucer

796

00:38:50,420 --> 00:38:48,780

days and having a bit of a mini festival

797

00:38:52,520 --> 00:38:50,430

and things like that I we've just came

798

00:38:54,680 --> 00:38:52,530

back from there speaking at it so it

799

00:38:57,320 --> 00:38:54,690

shows you the movie what we have to we

800

00:39:02,120 --> 00:38:57,330

have to add that to our list of towns

801
00:39:05,120 --> 00:39:02,130
that celebrate a UFO day that I mean but

802
00:39:06,230 --> 00:39:05,130
they had something very unusual there

803
00:39:08,690 --> 00:39:06,240
and I don't want to stop you from

804
00:39:10,100 --> 00:39:08,700
talking about the case but is it that

805
00:39:13,370 --> 00:39:10,110
this the first time that any government

806
00:39:17,170 --> 00:39:13,380
is really kind of supported or back to

807
00:39:19,250 --> 00:39:17,180
case by issuing a commemorative a coin

808
00:39:20,630 --> 00:39:19,260
yeah it's the first one that I'm aware

809
00:39:23,090 --> 00:39:20,640
of

810
00:39:24,620 --> 00:39:23,100
we were approached just saying postage

811
00:39:27,650 --> 00:39:24,630
stamps there are a few countries that

812
00:39:29,240 --> 00:39:27,660
have put out the postage stamp Sir Eric

813
00:39:31,340 --> 00:39:29,250

gairy from Grenada

814

00:39:32,930 --> 00:39:31,350

I know did a whole series of postage

815

00:39:36,290 --> 00:39:32,940

stamps when he was revved up there at

816

00:39:38,750 --> 00:39:36,300

the you know the UN to have his UFO

817

00:39:40,220 --> 00:39:38,760

disclosure talking all but other than

818

00:39:42,560 --> 00:39:40,230

that no commemorative coins that I'm

819

00:39:45,200 --> 00:39:42,570

aware of unless you go back to the 1400s

820

00:39:47,750 --> 00:39:45,210

I think there's one over France of a UFO

821

00:39:50,720 --> 00:39:47,760

right but that that would be worth more

822

00:39:52,160 --> 00:39:50,730

than \$20 yeah and it's pretty Canada's

823

00:39:54,200 --> 00:39:52,170

pretty progressive they actually have a

824

00:39:56,780 --> 00:39:54,210

series of commemorative coins for

825

00:39:57,650 --> 00:39:56,790

classic ghost cases that came out a few

826
00:40:02,810 --> 00:39:57,660
years ago

827
00:40:06,050 --> 00:40:02,820
so the trend into UFOs is a natural

828
00:40:09,620 --> 00:40:06,060
progression I think okay but so now when

829
00:40:12,230 --> 00:40:09,630
did the coin go on go on sale now I

830
00:40:15,260 --> 00:40:12,240
think if people go to our blog Tim how

831
00:40:17,450 --> 00:40:15,270
do they get to find the spectre spectrum

832
00:40:20,920 --> 00:40:17,460
our blogs there's a photograph of the

833
00:40:24,260 --> 00:40:20,930
coin spectravision effect revision 3.com

834
00:40:27,980 --> 00:40:24,270
karma tried to stay just google spectral

835
00:40:29,660 --> 00:40:27,990
spectral vision and the whole felt good

836
00:40:32,750 --> 00:40:29,670
like a case in there but there's a in

837
00:40:35,240 --> 00:40:32,760
fact photographs of the the main the

838
00:40:37,220 --> 00:40:35,250

witness it was burned but okay well

839

00:40:40,400 --> 00:40:37,230

crystal were there other reports around

840

00:40:43,730 --> 00:40:40,410

the same time from this area there were

841

00:40:44,930 --> 00:40:43,740

a few there did end up interviewing a

842

00:40:48,490 --> 00:40:44,940

number of people who said that they had

843

00:40:51,140 --> 00:40:48,500

seen seen similar things in the area

844

00:40:53,570 --> 00:40:51,150

around the same time you know that I

845

00:40:55,880 --> 00:40:53,580

think the closest one was about maybe

846

00:40:58,190 --> 00:40:55,890

about you know 20 miles away or

847

00:41:01,250 --> 00:40:58,200

something like that and and maybe a week

848

00:41:02,990 --> 00:41:01,260

or two distant so nothing around exactly

849

00:41:05,060 --> 00:41:03,000

the same time but you know in the

850

00:41:08,480 --> 00:41:05,070

general area I mean Canada had a similar

851

00:41:10,040 --> 00:41:08,490

flap in fact 1967 was was really big in

852

00:41:13,190 --> 00:41:10,050

Canada just like it was around the year

853

00:41:15,290 --> 00:41:13,200

around the world I mean the classic case

854

00:41:17,740 --> 00:41:15,300

that most people know about for Canada's

855

00:41:21,710 --> 00:41:17,750

shag harbour that took place also in

856

00:41:23,590 --> 00:41:21,720

1967 in October but all through 1967

857

00:41:27,950 --> 00:41:23,600

there were a number of fascinating cases

858

00:41:30,020 --> 00:41:27,960

and because of the investigations of the

859

00:41:33,230 --> 00:41:30,030

Royal Canadian Air Force and the Mounted

860

00:41:34,550 --> 00:41:33,240

Police into the Falcon Lake case when

861

00:41:36,740 --> 00:41:34,560

other interesting cases

862

00:41:41,300 --> 00:41:36,750

popped up that year in the middle of the

863

00:41:44,000 --> 00:41:41,310

summer they actually sent teams out to

864

00:41:46,250 --> 00:41:44,010

gather radio to gather debris and

865

00:41:48,140 --> 00:41:46,260

materials and soil so forth to test them

866

00:41:50,570 --> 00:41:48,150

for radiation and that's this was one of

867

00:41:53,630 --> 00:41:50,580

the the Spurs actually for the belief

868

00:41:56,450 --> 00:41:53,640

that UFO sites were radioactive because

869

00:41:58,640 --> 00:41:56,460

the Falcon Lake site had radioactivity

870

00:42:00,020 --> 00:41:58,650

so they assumed that other sites would

871

00:42:01,640 --> 00:42:00,030

so they actually started sending out

872

00:42:03,500 --> 00:42:01,650

teams and I'm not talking about MUFON

873

00:42:07,040 --> 00:42:03,510

I'm talking about the you know the Air

874

00:42:10,250 --> 00:42:07,050

Force and the the police to send out

875

00:42:12,440 --> 00:42:10,260

teams with Geiger counters and so forth

876

00:42:14,780 --> 00:42:12,450

and scintillation meters to test for

877

00:42:16,760 --> 00:42:14,790

radiation and it's quite interesting to

878

00:42:18,920 --> 00:42:16,770

see the documentation from these cases

879

00:42:20,870 --> 00:42:18,930

that are related to so you know as I say

880

00:42:23,360 --> 00:42:20,880

we have literally hundreds upon hundreds

881

00:42:25,160 --> 00:42:23,370

of cases that of documents that are

882

00:42:28,400 --> 00:42:25,170

related to this particular case and

883

00:42:30,110 --> 00:42:28,410

that's also quite unusual I mean the the

884

00:42:31,640 --> 00:42:30,120

American government still doesn't admit

885

00:42:34,610 --> 00:42:31,650

that anything happened at Roswell at all

886

00:42:36,200 --> 00:42:34,620

and yet the Canadian government does say

887

00:42:38,480 --> 00:42:36,210

that yes something very unusual happened

888

00:42:40,840 --> 00:42:38,490

we can't explain it and this is our

889

00:42:44,600 --> 00:42:40,850

detailed investigations in fact there's

890

00:42:48,410 --> 00:42:44,610

you know interviews with police officers

891

00:42:51,500 --> 00:42:48,420

and the I know the Air Force interviewed

892

00:42:53,390 --> 00:42:51,510

the motel owner and the chambermaid and

893

00:42:56,030 --> 00:42:53,400

and everybody the place people who

894

00:42:59,720 --> 00:42:56,040

worked with mr. mahalik at his place of

895

00:43:01,430 --> 00:42:59,730

work so you know there's in detailed

896

00:43:03,920 --> 00:43:01,440

interviews and investigations and

897

00:43:06,860 --> 00:43:03,930

transcripts I can't think about another

898

00:43:09,560 --> 00:43:06,870

case that it has such incredible detail

899

00:43:11,900 --> 00:43:09,570

from an official standpoint plus the

900

00:43:14,540 --> 00:43:11,910

physical evidence itself and I have to

901
00:43:18,440 --> 00:43:14,550
say we still actually have some of the

902
00:43:21,890 --> 00:43:18,450
physical evidence from 51 years ago in

903
00:43:23,600 --> 00:43:21,900
fact the torn undershirt that mr.

904
00:43:26,120 --> 00:43:23,610
mahalik worn that has actually burned

905
00:43:28,340 --> 00:43:26,130
you can actually see the burns on it is

906
00:43:30,980 --> 00:43:28,350
still in existence fifty-one years ago I

907
00:43:34,370 --> 00:43:30,990
know my wife says I have shirts just as

908
00:43:36,560 --> 00:43:34,380
old was to get rid of those and but we

909
00:43:39,110 --> 00:43:36,570
also have one other probably a few holes

910
00:43:41,000 --> 00:43:39,120
that have two more holes that's true and

911
00:43:43,670 --> 00:43:41,010
we and we do have some of the

912
00:43:47,630 --> 00:43:43,680
radioactive metal now that's another

913
00:43:51,200 --> 00:43:47,640

part of this story is that

914

00:43:56,330 --> 00:43:51,210

mr. mahalik went back to the site on the

915

00:43:59,360 --> 00:43:56,340

year anniversary so in 1968 and when he

916

00:44:01,190 --> 00:43:59,370

went back he and as when a friend who

917

00:44:04,190 --> 00:44:01,200

had gone with him dug around a little

918

00:44:07,400 --> 00:44:04,200

bit and underneath the lichen and so

919

00:44:13,250 --> 00:44:07,410

forth they found radioactive pieces of

920

00:44:16,100 --> 00:44:13,260

silver and he he took them back and also

921

00:44:18,410 --> 00:44:16,110

the once he told the RCMP and the RCAF

922

00:44:21,760 --> 00:44:18,420

they went and got some samples as well

923

00:44:26,870 --> 00:44:21,770

and this silver has been analyzed by

924

00:44:29,360 --> 00:44:26,880

many many laboratories

925

00:44:31,820 --> 00:44:29,370

I know University of Chicago had some of

926
00:44:33,800 --> 00:44:31,830
the samples I think Arizona had some it

927
00:44:35,510 --> 00:44:33,810
was tested by a number of laboratories

928
00:44:38,830 --> 00:44:35,520
up here in Canada including the Atomic

929
00:44:43,460 --> 00:44:38,840
Energy Commission of Canada and it is

930
00:44:46,400 --> 00:44:43,470
fairly pure silver except that it is

931
00:44:52,460 --> 00:44:46,410
also radioactive which is quite unusual

932
00:44:56,090 --> 00:44:52,470
and I still have one of the pieces in in

933
00:44:59,510 --> 00:44:56,100
our vault my own vault not the Bigelow

934
00:45:01,490 --> 00:44:59,520
vault but my own vault and it's it's

935
00:45:05,780 --> 00:45:01,500
still radioactive to the point it has to

936
00:45:08,810 --> 00:45:05,790
be in a protected case so it this case

937
00:45:12,110 --> 00:45:08,820
has everything you'd want including the

938
00:45:15,350 --> 00:45:12,120

fact that the witness himself you know

939

00:45:17,840 --> 00:45:15,360

was interviewed many times and I spent

940

00:45:20,840 --> 00:45:17,850

many many hours talking with him and his

941

00:45:24,710 --> 00:45:20,850

family after the point he died in in

942

00:45:29,450 --> 00:45:24,720

1999 so the purpose of writing our book

943

00:45:30,650 --> 00:45:29,460

was to set the facts straight there have

944

00:45:32,450 --> 00:45:30,660

been a lot of things said about this

945

00:45:36,410 --> 00:45:32,460

case it's been you know published in

946

00:45:37,910 --> 00:45:36,420

various forms over the years but Stan

947

00:45:40,790 --> 00:45:37,920

mahalik wanted to tell the story from

948

00:45:43,730 --> 00:45:40,800

the family's perspective detailed my own

949

00:45:46,480 --> 00:45:43,740

investigations we also you know reprint

950

00:45:51,320 --> 00:45:46,490

a small pamphlet that mr. Morrow's

951
00:45:55,730 --> 00:45:51,330
produced back in 1968 at the urging of a

952
00:45:58,130 --> 00:45:55,740
number of individuals and so we have you

953
00:46:00,339 --> 00:45:58,140
know this is a really thorough survey of

954
00:46:02,650 --> 00:46:00,349
one of the most unique cases ever

955
00:46:04,839 --> 00:46:02,660
anywhere in the world well you know it

956
00:46:06,910 --> 00:46:04,849
is there are a couple of other burden

957
00:46:09,430 --> 00:46:06,920
that cases I'm I know in our book UFO

958
00:46:12,249 --> 00:46:09,440
hostilities and the evil agenda of the

959
00:46:13,569 --> 00:46:12,259
aliens we we write up this case from the

960
00:46:16,870 --> 00:46:13,579
Everglades where the Scoutmaster

961
00:46:20,229 --> 00:46:16,880
divergence back in 1952 I had a very

962
00:46:21,940 --> 00:46:20,239
similar you know experience now though

963
00:46:24,009 --> 00:46:21,950

in the the Falcon Lake case I was

964

00:46:26,349 --> 00:46:24,019

watching something on YouTube the other

965

00:46:28,979 --> 00:46:26,359

day and they reported that there were

966

00:46:31,779 --> 00:46:28,989

two humanoid beings that were seen

967

00:46:34,509 --> 00:46:31,789

inside the crest but I I think that was

968

00:46:37,089 --> 00:46:34,519

added later or added by them was it not

969

00:46:38,799 --> 00:46:37,099

yes they're in mr. Hawk definitely did

970

00:46:41,620 --> 00:46:38,809

not see anything I never reported

971

00:46:43,960 --> 00:46:41,630

anything like that no well I guess that

972

00:46:46,420 --> 00:46:43,970

makes her enter good entertainment on

973

00:46:48,519 --> 00:46:46,430

there and that's he on TV or something

974

00:46:54,370 --> 00:46:48,529

and one of them look remarkably similar

975

00:46:56,440 --> 00:46:54,380

to you Chris there you go but it it

976

00:47:00,849 --> 00:46:56,450

certainly is one of the most exciting

977

00:47:02,410 --> 00:47:00,859

cases and it has endured so you say now

978

00:47:06,249 --> 00:47:02,420

people actually meet there every year

979

00:47:09,789 --> 00:47:06,259

now they have a little gathering yes

980

00:47:13,029 --> 00:47:09,799

it's called the the Falcon link

981

00:47:15,039 --> 00:47:13,039

encounter fest and they started doing

982

00:47:16,870 --> 00:47:15,049

this there they're bucking to get a nice

983

00:47:19,319 --> 00:47:16,880

big sign and maybe a commemorative

984

00:47:22,450 --> 00:47:19,329

plaque or something like that and

985

00:47:24,940 --> 00:47:22,460

remember the old days where a town would

986

00:47:27,279 --> 00:47:24,950

never go for anything like that

987

00:47:31,509 --> 00:47:27,289

if anything they would want to sweep the

988

00:47:33,069 --> 00:47:31,519

a good UFO case you know a little under

989

00:47:35,410 --> 00:47:33,079

the cement in the main street of town

990

00:47:37,749 --> 00:47:35,420

now you've got I went to the one up in

991

00:47:42,069 --> 00:47:37,759

Pine Bush in New York this past summer

992

00:47:44,349 --> 00:47:42,079

and you become the one out in Oregon the

993

00:47:45,930 --> 00:47:44,359

commemorating the the sighting by that

994

00:47:49,920 --> 00:47:45,940

elder the elderly couple

995

00:47:52,239 --> 00:47:49,930

the I think was the the Reeves is it and

996

00:47:54,759 --> 00:47:52,249

Kelly Kentucky which is one of my

997

00:47:56,259 --> 00:47:54,769

favorite cases although all right tell

998

00:47:58,709 --> 00:47:56,269

me I got to interrupt you here because

999

00:48:12,840 --> 00:47:58,719

we have to go to Oregon to the our break

1000

00:48:19,800 --> 00:48:17,320

explode the bazaars or e-ticket ride

1001

00:48:23,080 --> 00:48:19,810

into the world of the paranoid

1002

00:48:27,390 --> 00:48:23,090

strap yourself in as we traverse the

1003

00:48:31,840 --> 00:48:27,400

universe exploring the unexplained UFO s

1004

00:48:35,980 --> 00:48:31,850

ghosts Lost Worlds cryptozoology waters

1005

00:48:40,480 --> 00:48:35,990

as well as other dimensions it's time to

1006

00:48:42,730 --> 00:48:40,490

take back the night night now your

1007

00:48:48,960 --> 00:48:42,740

electrifying hosts of exploring the

1008

00:48:53,640 --> 00:48:51,900

right here we are back second hour of

1009

00:48:56,910 --> 00:48:53,650

exploring the bazaar and tonight we are

1010

00:49:00,390 --> 00:48:56,920

talking with Chris Bukowski and Nigel

1011

00:49:04,200 --> 00:49:00,400

Watson and Tim let's bring Nigel back

1012

00:49:07,650 --> 00:49:04,210

into the conversation I think that we

1013

00:49:11,940 --> 00:49:07,660

were trying to get up to a Nigel story

1014

00:49:16,349 --> 00:49:11,950

about the the Red Baron and and here's

1015

00:49:19,140 --> 00:49:16,359

possible a UFO connection so Nigel why

1016

00:49:21,599 --> 00:49:19,150

don't you talk to us about that all

1017

00:49:25,380 --> 00:49:21,609

right well the story goes

1018

00:49:28,380 --> 00:49:25,390

but Manfred von Richthofen otherwise

1019

00:49:37,500 --> 00:49:28,390

known as a Red Baron shot down a massive

1020

00:49:41,910 --> 00:49:37,510

UFO in the spring of 1917 and apparently

1021

00:49:44,730 --> 00:49:41,920

a craft at it looked like a silver

1022

00:49:48,870 --> 00:49:44,740

colored saucer about 156 feet in

1023

00:49:54,030 --> 00:49:48,880

diameter and adds orange lights on it

1024

00:49:55,890 --> 00:49:54,040

and it kind of just for some reason you

1025

00:50:00,930 --> 00:49:55,900

know I suppose with him being the Red

1026
00:50:05,250 --> 00:50:00,940
Baron he decided to shoot you you you

1027
00:50:09,480 --> 00:50:05,260
you say this firmly planted in cheek I I

1028
00:50:11,940 --> 00:50:09,490
suspect I mean what what sort of

1029
00:50:17,220 --> 00:50:11,950
documentation might there be for this

1030
00:50:21,780 --> 00:50:17,230
strange well for weekly world news

1031
00:50:23,849 --> 00:50:21,790
oh no no no well there's a very reliable

1032
00:50:25,050 --> 00:50:23,859
source but you know I must say one thing

1033
00:50:27,270 --> 00:50:25,060
about the weekly world news

1034
00:50:30,510 --> 00:50:27,280
I used to advertise our books in there

1035
00:50:33,030 --> 00:50:30,520
almost every week oh my god we'd run in

1036
00:50:35,550 --> 00:50:33,040
it and we get 400 orders I mean for some

1037
00:50:37,290 --> 00:50:35,560
some of the the books they you know

1038
00:50:38,609 --> 00:50:37,300

they're still in existence on the

1039

00:50:40,710 --> 00:50:38,619

internet every once in a while they'll

1040

00:50:43,020 --> 00:50:40,720

pop up and and review something although

1041

00:50:46,730 --> 00:50:43,030

it has nothing to do with the original

1042

00:50:50,400 --> 00:50:46,740

owners was the Enquirer of course but

1043

00:50:52,800 --> 00:50:50,410

yet I realized that in your in your

1044

00:50:57,030 --> 00:50:52,810

career as a writer that was one of the

1045

00:50:59,339 --> 00:50:57,040

more shaky cases but you certainly did

1046

00:51:02,700 --> 00:50:59,349

get a lot of attention on it just as you

1047

00:51:06,270 --> 00:51:02,710

managed to get attention for our

1048

00:51:07,920 --> 00:51:06,280

UFO hostilities a book with a little

1049

00:51:11,520 --> 00:51:07,930

story that you placed about Carole

1050

00:51:14,280 --> 00:51:11,530

Lombard who whose plane was downed

1051
00:51:15,810 --> 00:51:14,290
apparently by three UFOs or had

1052
00:51:17,850 --> 00:51:15,820
something to do with it whether there's

1053
00:51:23,580 --> 00:51:17,860
a legitimate story because I have seen

1054
00:51:26,220 --> 00:51:23,590
the the FBI files on that apparently the

1055
00:51:28,800 --> 00:51:26,230
plane that crashed killing 22 people on

1056
00:51:32,880 --> 00:51:28,810
board near the Grand Canyon or in the

1057
00:51:35,310 --> 00:51:32,890
Grand Canyon and the pilot apparently

1058
00:51:37,590 --> 00:51:35,320
had maneuvered over into that area

1059
00:51:39,660 --> 00:51:37,600
because there had been sightings of

1060
00:51:41,550 --> 00:51:39,670
three strange lights in the sky not only

1061
00:51:44,700 --> 00:51:41,560
did he see them but they had been

1062
00:51:48,720 --> 00:51:44,710
reported for several days before the

1063
00:51:51,480 --> 00:51:48,730

episode yeah yep

1064

00:51:54,450 --> 00:51:51,490

I think the combination of celebrity

1065

00:51:57,030 --> 00:51:54,460

death and flying saucers is cry a

1066

00:51:59,190 --> 00:51:57,040

winning combination well you know I'm

1067

00:52:02,160 --> 00:51:59,200

stuck in the middle and this the current

1068

00:52:03,990 --> 00:52:02,170

issue of the fourteen times sometimes

1069

00:52:08,250 --> 00:52:04,000

can be very whimsical

1070

00:52:11,730 --> 00:52:08,260

there is a cover story Jackie Gleason's

1071

00:52:15,390 --> 00:52:11,740

UFO the sighting of aliens where he was

1072

00:52:19,800 --> 00:52:15,400

taken by supposedly by Richard Nixon to

1073

00:52:23,850 --> 00:52:19,810

the air force base in in Florida and saw

1074

00:52:27,630 --> 00:52:23,860

these bodies in a in a freezer and you

1075

00:52:31,350 --> 00:52:27,640

know somehow it is suggested that I am

1076

00:52:33,840 --> 00:52:31,360

responsible for propagating this the

1077

00:52:36,510 --> 00:52:33,850

story because Larry Warren told me that

1078

00:52:39,450 --> 00:52:36,520

he had talked to Jackie Gleason and I

1079

00:52:41,250 --> 00:52:39,460

simply reported what what he he told me

1080

00:52:43,170 --> 00:52:41,260

I mean I didn't had a word to the

1081

00:52:45,660 --> 00:52:43,180

conversation I mean that's one thing

1082

00:52:47,940 --> 00:52:45,670

when I'm acting as a journalist and I

1083

00:52:51,510 --> 00:52:47,950

interview you I'm not gonna change I'll

1084

00:52:53,760 --> 00:52:51,520

take the the hems of the hose out but I

1085

00:52:56,430 --> 00:52:53,770

won't change anything in fact I remember

1086

00:52:59,940 --> 00:52:56,440

I was at a mutant conference and I was

1087

00:53:03,090 --> 00:52:59,950

talking to a Tracy at Torme I introduced

1088

00:53:05,640 --> 00:53:03,100

myself of course I produced the Travis

1089

00:53:08,070 --> 00:53:05,650

Walton of fire in the sky movie and I

1090

00:53:10,440 --> 00:53:08,080

said you know a Tracy I interviewed your

1091

00:53:13,070 --> 00:53:10,450

father many years ago his father was a

1092

00:53:15,420 --> 00:53:13,080

famous singer in the Velvet fog it was a

1093

00:53:16,410 --> 00:53:15,430

Mel Torme and I said you know I

1094

00:53:18,330 --> 00:53:16,420

interviewed you

1095

00:53:20,430 --> 00:53:18,340

father about his UFO sighting that he

1096

00:53:21,870 --> 00:53:20,440

had while he was walking his dog through

1097

00:53:23,610 --> 00:53:21,880

Central Park it was not a particularly

1098

00:53:25,710 --> 00:53:23,620

spectacular sighting but it was a

1099

00:53:28,710 --> 00:53:25,720

celebrity piece and that's what the

1100

00:53:30,690 --> 00:53:28,720

Enquirer like and he said yes my father

1101
00:53:32,160 --> 00:53:30,700
said that was the most accurately quoted

1102
00:53:35,550 --> 00:53:32,170
article that anyone had ever written

1103
00:53:38,130 --> 00:53:35,560
about it and so there you go I mean I

1104
00:53:41,100 --> 00:53:38,140
tried to you know it's different if I'm

1105
00:53:43,350 --> 00:53:41,110
speculating but if I'm reporting

1106
00:53:46,440 --> 00:53:43,360
somebody else's event why do you have to

1107
00:53:48,360 --> 00:53:46,450
add to it I mean did these stories or I

1108
00:53:51,120 --> 00:53:48,370
used to tell the editors of the old days

1109
00:53:52,530 --> 00:53:51,130
don't make this stuff up because this is

1110
00:53:54,150 --> 00:53:52,540
the stuff that really happens is much

1111
00:53:56,130 --> 00:53:54,160
more interesting than the Weekly World

1112
00:53:58,170 --> 00:53:56,140
News would even report you know I mean

1113
00:54:01,680 --> 00:53:58,180

people being burned and people being

1114

00:54:03,930 --> 00:54:01,690

abducted in in what have you you know so

1115

00:54:06,810 --> 00:54:03,940

would you say that that Red Baron put

1116

00:54:10,380 --> 00:54:06,820

you on the map over there or what you

1117

00:54:12,930 --> 00:54:10,390

have a big book though of UFO sightings

1118

00:54:16,440 --> 00:54:12,940

right did you have a book that was

1119

00:54:20,310 --> 00:54:16,450

mainly like encounters at all yeah I did

1120

00:54:22,890 --> 00:54:20,320

I'm you for investigations manual for a

1121

00:54:26,940 --> 00:54:22,900

Haines normally do

1122

00:54:29,070 --> 00:54:26,950

motoring manuals you know for repair in

1123

00:54:32,370 --> 00:54:29,080

specific cars and we usually quite

1124

00:54:35,820 --> 00:54:32,380

detailed chapters on how to remove an

1125

00:54:39,120 --> 00:54:35,830

engine from a Toyota Rio Ford Escort or

1126

00:54:42,690 --> 00:54:39,130

something and but they went into doing

1127

00:54:46,700 --> 00:54:42,700

some more obscure books and mine came

1128

00:54:51,060 --> 00:54:46,710

under that category but rather than do a

1129

00:54:54,330 --> 00:54:51,070

solvent investigators manually it's more

1130

00:54:57,560 --> 00:54:54,340

of a book about the history of you for

1131

00:55:01,200 --> 00:54:57,570

ufology and now we evolved from

1132

00:55:04,770 --> 00:55:01,210

sightings back in the 19th century right

1133

00:55:07,800 --> 00:55:04,780

through to you know Project Blue Book

1134

00:55:10,170 --> 00:55:07,810

and I know it's classification systems

1135

00:55:15,450 --> 00:55:10,180

and their Nova different theories

1136

00:55:18,360 --> 00:55:15,460

surrounding UFOs and things like I think

1137

00:55:21,450 --> 00:55:18,370

we've it's a terrestrial point of view

1138

00:55:24,030 --> 00:55:21,460

but from from a more British point of

1139

00:55:27,870 --> 00:55:24,040

view there's also a bit more reliance on

1140

00:55:30,180 --> 00:55:27,880

things like ley lines and those being

1141

00:55:34,380 --> 00:55:30,190

part of a landscape things like

1142

00:55:37,860 --> 00:55:34,390

and prehistoric sites which it seems to

1143

00:55:42,420 --> 00:55:37,870

be something that's more natural to say

1144

00:55:45,870 --> 00:55:42,430

British ufology even American ufology

1145

00:55:50,640 --> 00:55:45,880

which is a bit more related to things

1146

00:55:52,710 --> 00:55:50,650

like Ross well really and these British

1147

00:55:55,290 --> 00:55:52,720

sightings along the ley lines and near

1148

00:55:59,040 --> 00:55:55,300

the monuments that these monuments are

1149

00:56:01,890 --> 00:55:59,050

actually causing some sort of phenomena

1150

00:56:05,580 --> 00:56:01,900

I mean here here we have a lot of cases

1151

00:56:08,280 --> 00:56:05,590

that take place near high tension right

1152

00:56:12,240 --> 00:56:08,290

away which seem to maybe have something

1153

00:56:16,440 --> 00:56:12,250

to do with the the witnesses going into

1154

00:56:19,560 --> 00:56:16,450

a state of us osmosis or being paralyzed

1155

00:56:21,210 --> 00:56:19,570

and having encounters while they're

1156

00:56:22,560 --> 00:56:21,220

actually you know they can be seated in

1157

00:56:24,540 --> 00:56:22,570

the chair and still in bed and they

1158

00:56:27,150 --> 00:56:24,550

claim that they're traveling out of the

1159

00:56:28,710 --> 00:56:27,160

body or have been to somewhere else do

1160

00:56:30,270 --> 00:56:28,720

you think those monuments have something

1161

00:56:32,940 --> 00:56:30,280

that the energy has something to do with

1162

00:56:36,030 --> 00:56:32,950

it um yeah I think it does in the sense

1163

00:56:38,400 --> 00:56:36,040

that monuments have always had a mistake

1164

00:56:42,660 --> 00:56:38,410

about them and people seeing ghosts or

1165

00:56:45,150 --> 00:56:42,670

um fairies of our legends linked with

1166

00:56:47,190 --> 00:56:45,160

these stones because I still we don't

1167

00:56:50,460 --> 00:56:47,200

really know who created them and

1168

00:56:53,250 --> 00:56:50,470

different cults like the Druids have

1169

00:56:56,370 --> 00:56:53,260

kind of attached themselves to to the

1170

00:56:59,340 --> 00:56:56,380

monuments who you know celebrates the

1171

00:57:02,660 --> 00:56:59,350

solstice and things but and also people

1172

00:57:06,450 --> 00:57:02,670

have seen a UFO so crop circles near

1173

00:57:12,600 --> 00:57:06,460

Stonehenge and avi over numerous rivers

1174

00:57:16,050 --> 00:57:12,610

literally hundreds of prehistoric stones

1175

00:57:17,930 --> 00:57:16,060

all over Britain do you think do you

1176

00:57:22,050 --> 00:57:17,940

think that the the crop circles are

1177

00:57:25,920 --> 00:57:22,060

legit well I I tend to think of them as

1178

00:57:28,680 --> 00:57:25,930

alien graffiti and have polluting our

1179

00:57:31,650 --> 00:57:28,690

countryside with these stupid messages

1180

00:57:36,090 --> 00:57:31,660

and I think they look really beautiful

1181

00:57:38,340 --> 00:57:36,100

but I've never really taken them on

1182

00:57:42,000 --> 00:57:38,350

board really because I think something

1183

00:57:44,780 --> 00:57:42,010

of a summer fashion if you know I mean

1184

00:57:47,490 --> 00:57:44,790

and you know perhaps some of

1185

00:57:50,520 --> 00:57:47,500

genuinely puzzling and some people think

1186

00:57:53,520 --> 00:57:50,530

we might be created by you know plasma

1187

00:57:56,010 --> 00:57:53,530

vortexes or unusual natural phenomenon

1188

00:58:00,960 --> 00:57:56,020

and of course other people to save of

1189

00:58:03,930 --> 00:58:00,970

just carefully plotted things by fakers

1190

00:58:08,310 --> 00:58:03,940

who love it as a kind of summer hot

1191

00:58:10,830 --> 00:58:08,320

hobby but I think is it's difficult

1192

00:58:12,930 --> 00:58:10,840

because some of them are so complex and

1193

00:58:16,680 --> 00:58:12,940

it seems a lot of hard work especially

1194

00:58:19,590 --> 00:58:16,690

working at night to produce such well

1195

00:58:23,850 --> 00:58:19,600

well thought-out patterns on such a

1196

00:58:25,710 --> 00:58:23,860

large scale so even if it is fakers were

1197

00:58:28,980 --> 00:58:25,720

very skilled at what they're doing and

1198

00:58:31,620 --> 00:58:28,990

it makes you wonder why we keep

1199

00:58:35,010 --> 00:58:31,630

returning because it's a law of

1200

00:58:38,640 --> 00:58:35,020

diminishing returns I think in the past

1201

00:58:41,280 --> 00:58:38,650

that were very popular but now we've

1202

00:58:45,480 --> 00:58:41,290

probably you know how to sell by date if

1203

00:58:49,910 --> 00:58:45,490

you know what I mean how about how about

1204

00:58:52,260 --> 00:58:49,920

we had Alan Godfrey on oh yeah last week

1205

00:58:55,260 --> 00:58:52,270

what's your take on now there's there's

1206

00:58:58,680 --> 00:58:55,270

a case of UFO hostility if there ever

1207

00:59:01,260 --> 00:58:58,690

was one if we're led to believe that mr.

1208

00:59:03,030 --> 00:59:01,270

Adamski which is certainly a somewhat of

1209

00:59:04,980 --> 00:59:03,040

a synchronicity I know I'm bigger

1210

00:59:09,390 --> 00:59:04,990

synchronicities I've written about

1211

00:59:12,390 --> 00:59:09,400

philip k dick in that one I kind of put

1212

00:59:14,430 --> 00:59:12,400

as a low-grade synchronicity and danske

1213

00:59:16,110 --> 00:59:14,440

of course being the famous contactee but

1214

00:59:18,390 --> 00:59:16,120

they're probably a lot of Polish people

1215

00:59:20,550 --> 00:59:18,400

that emigrated to that area of England

1216

00:59:22,080 --> 00:59:20,560

and therefore Adamski would be a more

1217

00:59:24,030 --> 00:59:22,090

common name than you would find here

1218

00:59:25,890 --> 00:59:24,040

that's my thinking on that just didn't

1219

00:59:29,430 --> 00:59:25,900

try to rationalize it but how do you

1220

00:59:32,550 --> 00:59:29,440

think he got up in the coal pile well

1221

00:59:35,730 --> 00:59:32,560

that's a basic puzzle about that is it

1222

00:59:38,100 --> 00:59:35,740

was also the fact that the body seems to

1223

00:59:42,030 --> 00:59:38,110

be moved for some later date but it's

1224

00:59:44,250 --> 00:59:42,040

hard to know how it got there and where

1225

00:59:46,500 --> 00:59:44,260

his body was between when he disappeared

1226

00:59:49,230 --> 00:59:46,510

and when he was found on the court it

1227

00:59:51,950 --> 00:59:49,240

apparently it was quite near a railway

1228

00:59:55,770 --> 00:59:51,960

line so it would have been easy to spot

1229

00:59:58,050 --> 00:59:55,780

if he'd been there shortly after he

1230

01:00:00,480 --> 00:59:58,060

disappeared and it's also

1231

01:00:04,110 --> 01:00:00,490

we've covered in coincidence thing is a

1232

01:00:08,640 --> 01:00:04,120

first person to investigate the case of

1233

01:00:11,160 --> 01:00:08,650

Adamski's discovery is what saw Alan

1234

01:00:14,190 --> 01:00:11,170

Godfrey would later add his abduction

1235

01:00:19,380 --> 01:00:14,200

experience so was was that synchronicity

1236

01:00:25,710 --> 01:00:19,390

as well really which is you know quite a

1237

01:00:29,460 --> 01:00:25,720

powerful synchronicity if you know even

1238

01:00:31,770 --> 01:00:29,470

another case the scoring to the mystery

1239

01:00:34,350 --> 01:00:31,780

are you familiar with that oh yeah where

1240

01:00:36,450 --> 01:00:34,360

the main witness there was yam ski you

1241

01:00:38,010 --> 01:00:36,460

know that one I don't remember the whole

1242

01:00:39,420 --> 01:00:38,020

details of it I've often thought about

1243

01:00:40,950 --> 01:00:39,430

reprinting the book because I'm sure

1244

01:00:46,230 --> 01:00:40,960

it's in public domain and publishers

1245

01:00:49,970 --> 01:00:46,240

nonsense level spirit level spirit who

1246

01:00:55,890 --> 01:00:49,980

wrote the book Alain buckle I think she

1247

01:00:58,020 --> 01:00:55,900

she died fairly recently and that's a

1248

01:01:01,890 --> 01:00:58,030

very interesting case because I think

1249

01:01:08,220 --> 01:01:01,900

it's somebody called alpha Bryant said

1250

01:01:10,290 --> 01:01:08,230

he saw a UFO land and he met an occupant

1251
01:01:13,260 --> 01:01:10,300
a humanoid occupant who called himself

1252
01:01:16,140 --> 01:01:13,270
young ski and apparently the site in the

1253
01:01:18,900 --> 01:01:16,150
curve the day after George Adamski had

1254
01:01:22,080 --> 01:01:18,910
died so the assumption was this was a

1255
01:01:28,950 --> 01:01:22,090
sovery incarnation of George Adamski as

1256
01:01:31,230 --> 01:01:28,960
an alien and was quite a few different

1257
01:01:33,810 --> 01:01:31,240
elements I think there's a few Greek

1258
01:01:37,230 --> 01:01:33,820
letters found or something as somewhat

1259
01:01:39,420 --> 01:01:37,240
it's a huge correctly I used to sell the

1260
01:01:42,480 --> 01:01:39,430
book in the nineteen I guess so like

1261
01:01:45,080 --> 01:01:42,490
nineteen sixties it was quite it was

1262
01:01:48,660 --> 01:01:45,090
quite a huge book if I remember

1263
01:01:51,240 --> 01:01:48,670

correctly but that always was certainly

1264

01:01:54,240 --> 01:01:51,250

an intriguing case and synchronicities

1265

01:01:55,770 --> 01:01:54,250

do pop up from time to time now there

1266

01:01:57,270 --> 01:01:55,780

are other people you talk about

1267

01:02:00,570 --> 01:01:57,280

reincarnation why don't think you have a

1268

01:02:04,110 --> 01:02:00,580

time to reincarnate in just a few days

1269

01:02:05,940 --> 01:02:04,120

like that but there have been cases that

1270

01:02:09,060 --> 01:02:05,950

I know of that have been reported to me

1271

01:02:11,440 --> 01:02:09,070

where people have had encounters with

1272

01:02:13,900 --> 01:02:11,450

the UFOs and they have seen their

1273

01:02:16,510 --> 01:02:13,910

their loved ones are departed members of

1274

01:02:19,500 --> 01:02:16,520

their family on board a where after I

1275

01:02:22,600 --> 01:02:19,510

did a book with the Diane testman UFOs

1276

01:02:24,460 --> 01:02:22,610

heavenly something or like it so many

1277

01:02:25,870 --> 01:02:24,470

books in titles that's that's

1278

01:02:28,540 --> 01:02:25,880

embarrassing but you can always look it

1279

01:02:30,070 --> 01:02:28,550

up it's a lot a lot of care a lot of

1280

01:02:33,840 --> 01:02:30,080

cases like that are quite a few cases

1281

01:02:36,700 --> 01:02:33,850

and of course we have the the June 24th

1282

01:02:38,170 --> 01:02:36,710

enigma where over a dozen UFO

1283

01:02:42,160 --> 01:02:38,180

researchers have passed away on the

1284

01:02:43,540 --> 01:02:42,170

anniversary of sighting and Ken are no

1285

01:02:45,610 --> 01:02:43,550

believe it or not did not believe the

1286

01:02:48,370 --> 01:02:45,620

UFOs were from outer space he thought

1287

01:02:50,350 --> 01:02:48,380

that they were vessels that were coming

1288

01:02:52,630 --> 01:02:50,360

to take the departed souls over to the

1289

01:02:55,870 --> 01:02:52,640

other side so that seems to tie in if

1290

01:02:58,390 --> 01:02:55,880

anything would do that you know a tip so

1291

01:03:01,360 --> 01:02:58,400

I mean would you would you take on what

1292

01:03:06,360 --> 01:03:01,370

would you say is the comparison with the

1293

01:03:10,180 --> 01:03:06,370

British UFO ufology and American ufology

1294

01:03:13,450 --> 01:03:10,190

well well I just would was wanting to

1295

01:03:14,440 --> 01:03:13,460

comment you know take a go back just a

1296

01:03:19,300 --> 01:03:14,450

little bit you talk about the crop

1297

01:03:22,600 --> 01:03:19,310

circles and I know that a number of the

1298

01:03:23,800 --> 01:03:22,610

crop circle artists are hoaxers whatever

1299

01:03:27,670 --> 01:03:23,810

you would want to describe you know

1300

01:03:29,590 --> 01:03:27,680

describe them have reported that while

1301

01:03:31,510 --> 01:03:29,600

they were in the process you know out in

1302

01:03:37,480 --> 01:03:31,520

the field the middle of the night that

1303

01:03:38,980 --> 01:03:37,490

they experienced unusual phenomena while

1304

01:03:42,370 --> 01:03:38,990

this was taking place you know they

1305

01:03:43,990 --> 01:03:42,380

lights in the sky balls of light that

1306

01:03:46,240 --> 01:03:44,000

would follow them around in the field

1307

01:03:48,730 --> 01:03:46,250

strange voices some of them even

1308

01:03:51,490 --> 01:03:48,740

reported seen like you know strange

1309

01:03:53,290 --> 01:03:51,500

glowing figures off in the distance

1310

01:03:55,720 --> 01:03:53,300

watching them and then and then later

1311

01:03:58,810 --> 01:03:55,730

you know people who would come to these

1312

01:04:00,670 --> 01:03:58,820

circles just to just to check them out

1313

01:04:02,950 --> 01:04:00,680

would also report

1314

01:04:06,160 --> 01:04:02,960

you know like unusual events taking

1315

01:04:08,800 --> 01:04:06,170

place so you know it's just it makes me

1316

01:04:11,470 --> 01:04:08,810

wonder going back to the whole you know

1317

01:04:13,450 --> 01:04:11,480

ley line yeah theories and things like

1318

01:04:17,350 --> 01:04:13,460

that whether or not these crop circles

1319

01:04:20,290 --> 01:04:17,360

are almost some kind of like a what's

1320

01:04:21,940 --> 01:04:20,300

the word like a like a sigil or a signal

1321

01:04:24,359 --> 01:04:21,950

I'm not probably not pronouncing that

1322

01:04:29,059 --> 01:04:24,369

correctly you know like a miss

1323

01:04:33,109 --> 01:04:29,069

symbol that seems to almost provoke

1324

01:04:37,019 --> 01:04:33,119

various types of paranormal activities I

1325

01:04:42,620 --> 01:04:37,029

think that's interesting about in a way

1326

01:04:46,650 --> 01:04:42,630

people feel empowered or something - in

1327

01:04:48,509 --> 01:04:46,660

- to create these circles and like the

1328

01:04:52,289 --> 01:04:48,519

very intricate was a lot of hard work

1329

01:04:54,720 --> 01:04:52,299

put into them just just for simple

1330

01:04:56,970 --> 01:04:54,730

fakery it's it it seems like there's

1331

01:05:00,539 --> 01:04:56,980

more of an impulse to create these

1332

01:05:03,029 --> 01:05:00,549

things and perhaps equating that with

1333

01:05:05,999 --> 01:05:03,039

like stained circle stripes people were

1334

01:05:10,799 --> 01:05:06,009

impelled to sort of create them just as

1335

01:05:12,589 --> 01:05:10,809

a way people were created cathedrals of

1336

01:05:16,470 --> 01:05:12,599

things you know would have a spiritual

1337

01:05:20,039 --> 01:05:16,480

vision or something which often has

1338

01:05:22,650 --> 01:05:20,049

caused people to to build cathedrals out

1339

01:05:26,069 --> 01:05:22,660

so certain occasions you feel like

1340

01:05:28,470 --> 01:05:26,079

perhaps you know there is something you

1341

01:05:31,079 --> 01:05:28,480

know quite mystical about the fact that

1342

01:05:33,329 --> 01:05:31,089

people create things as a resort of

1343

01:05:36,539 --> 01:05:33,339

something you know beyond our

1344

01:05:38,430 --> 01:05:36,549

understanding and we interpret it in

1345

01:05:41,190 --> 01:05:38,440

different ways I think they're so

1346

01:05:45,630 --> 01:05:41,200

business about say reincarnated people

1347

01:05:49,140 --> 01:05:45,640

on flying saucers weaves traditional

1348

01:05:54,109 --> 01:05:49,150

folklore with the ofing about spaceships

1349

01:06:00,960 --> 01:05:57,960

reusing that vo thing about aliens to

1350

01:06:03,839 --> 01:06:00,970

bring back ideas about folklore and

1351

01:06:10,859 --> 01:06:03,849

tradition but in a technical

1352

01:06:13,499 --> 01:06:10,869

technological manner well it it does

1353

01:06:16,049 --> 01:06:13,509

seem interesting to me that you know

1354

01:06:17,849 --> 01:06:16,059

that that these crop circles you know

1355

01:06:19,769 --> 01:06:17,859

they're either you're being produced or

1356

01:06:24,359 --> 01:06:19,779

they're you know they appear in the same

1357

01:06:28,170 --> 01:06:24,369

types of areas where you know there's a

1358

01:06:32,130 --> 01:06:28,180

long history of various kinds of

1359

01:06:34,890 --> 01:06:32,140

activity I mean I know that oh what's

1360

01:06:36,020 --> 01:06:34,900

the town Tim where the thing manifested

1361

01:06:39,740 --> 01:06:36,030

itself

1362

01:06:41,990 --> 01:06:39,750

one Minister warming oh that's that's

1363

01:06:45,490 --> 01:06:42,000

one of the one of my three UFO sightings

1364

01:06:47,960 --> 01:06:45,500

was that the cradle the hill where

1365

01:06:49,820 --> 01:06:47,970

Arthur shuttle would went to it the

1366

01:06:52,070 --> 01:06:49,830

trunk of his car took out a big torch

1367

01:06:54,470 --> 01:06:52,080

light blinked it at the object in the

1368

01:06:57,950 --> 01:06:54,480

sky and it seemed to do a little bit of

1369

01:07:01,340 --> 01:06:57,960

a maneuvering around there kind of like

1370

01:07:03,650 --> 01:07:01,350

a marionette so I I often tell people

1371

01:07:06,170 --> 01:07:03,660

well that was my one attempt to

1372

01:07:09,350 --> 01:07:06,180

communicate with the UFO and if it was a

1373

01:07:11,900 --> 01:07:09,360

UFO it seems to have been successful I

1374

01:07:13,670 --> 01:07:11,910

mean it was it was either an optical

1375

01:07:16,760 --> 01:07:13,680

illusion which it possibly could have

1376

01:07:19,250 --> 01:07:16,770

been the object was up rather high so it

1377

01:07:22,340 --> 01:07:19,260

wasn't down because a treetop level but

1378

01:07:24,230 --> 01:07:22,350

it wasn't really any trees it wasn't

1379

01:07:25,820 --> 01:07:24,240

down that low but this had happened on

1380

01:07:27,950 --> 01:07:25,830

many occasions and we didn't have other

1381

01:07:30,260 --> 01:07:27,960

witnesses there to it so I don't know

1382

01:07:33,110 --> 01:07:30,270

you know Asian Bunny you pays your money

1383

01:07:35,510 --> 01:07:33,120

and you take yeah let's uh let's bring

1384

01:07:39,680 --> 01:07:35,520

Kris in here because I guess I are

1385

01:07:41,870 --> 01:07:39,690

talking about crop circles as spurred a

1386

01:07:44,390 --> 01:07:41,880

memory in him what what were you saying

1387

01:07:46,820 --> 01:07:44,400

Chris about the crop circles in Canada

1388

01:07:48,680 --> 01:07:46,830

well yeah and while I wasn't doing my

1389

01:07:49,880 --> 01:07:48,690

investigations of the Falcon Lake case I

1390

01:07:52,670 --> 01:07:49,890

was looking through the government

1391

01:07:55,730 --> 01:07:52,680

documents and the files and I found a

1392

01:07:57,620 --> 01:07:55,740

case that also occurred in 1967 the

1393

01:08:03,670 --> 01:07:57,630

month out or couple of months after and

1394

01:08:09,050 --> 01:08:03,680

I think July of 1967 in Alberta where

1395

01:08:13,850 --> 01:08:09,060

two large circles were found in a field

1396

01:08:16,460 --> 01:08:13,860

and this is 1967 and the case was

1397

01:08:18,730 --> 01:08:16,470

investigated by the rocketry in air force

1398

01:08:23,059 --> 01:08:18,740

and you know detailed surveys

1399

01:08:25,160 --> 01:08:23,069

photographs analysis of the material in

1400

01:08:27,590 --> 01:08:25,170

fact because the the link to the Falcon

1401

01:08:31,099 --> 01:08:27,600

Lake case was that because Falcon Lake

1402

01:08:32,870 --> 01:08:31,109

had occurred a few months earlier and

1403

01:08:34,309 --> 01:08:32,880

there was some radioactive material

1404

01:08:36,770 --> 01:08:34,319

found there they actually tested these

1405

01:08:39,289 --> 01:08:36,780

crop circles in Alberta for radiation

1406

01:08:42,620 --> 01:08:39,299

they turned up negative but because of

1407

01:08:45,260 --> 01:08:42,630

Falcon Lake their investigation was done

1408

01:08:47,870 --> 01:08:45,270

on the Alberta circles and that's 1967

1409

01:08:50,269 --> 01:08:47,880

that's that's many years before they

1410

01:08:54,079 --> 01:08:50,279

started coming and to you know really

1411

01:08:55,039 --> 01:08:54,089

forefront in England in the 1980s so and

1412

01:08:58,279 --> 01:08:55,049

the fact that they were actually

1413

01:09:00,339 --> 01:08:58,289

investigated by officials shows that

1414

01:09:03,499 --> 01:09:00,349

they were taken very seriously back then

1415

01:09:06,979 --> 01:09:03,509

mm-hmm well I mean I know I know that

1416

01:09:08,749 --> 01:09:06,989

there was some cases around the same

1417

01:09:15,049 --> 01:09:08,759

time maybe a little bit earlier in

1418

01:09:17,599 --> 01:09:15,059

Australia yeah yeah but none of these

1419

01:09:19,879 --> 01:09:17,609

were ever is elaborate as the ones that

1420

01:09:23,599 --> 01:09:19,889

eventually evolved there in England

1421

01:09:28,789 --> 01:09:23,609

exactly yeah well it's interesting also

1422

01:09:31,970 --> 01:09:28,799

mi5 investigated strange symbols and

1423

01:09:35,479 --> 01:09:31,980

crop circles during the second world war

1424

01:09:39,439 --> 01:09:35,489

and fought valorum produced by the nazis

1425

01:09:44,510 --> 01:09:39,449

so you know and I think there's also

1426

01:09:46,760 --> 01:09:44,520

stories from the past of historical crop

1427

01:09:49,430 --> 01:09:46,770

circles I think when I first went to

1428

01:09:52,849 --> 01:09:49,440

warminster in the early seventies people

1429

01:09:54,740 --> 01:09:52,859

were talking about crop circles when I

1430

01:09:58,790 --> 01:09:54,750

think how for short would had mentioned

1431

01:10:01,310 --> 01:09:58,800

such things and you know that was before

1432

01:10:03,470 --> 01:10:01,320

the really took off and they solve more

1433

01:10:08,390 --> 01:10:03,480

industrial scale if you know what I mean

1434

01:10:10,819 --> 01:10:08,400

so you know so you know it's quite a

1435

01:10:14,600 --> 01:10:10,829

complex subject really and it's quite

1436

01:10:16,850 --> 01:10:14,610

intriguing what also but it's a

1437

01:10:19,580 --> 01:10:16,860

worldwide phenomenon as well you know

1438

01:10:22,669 --> 01:10:19,590

well well in those days the the crop

1439

01:10:25,220 --> 01:10:22,679

circles were kind of skimpy and

1440

01:10:27,560 --> 01:10:25,230

amateurish but they certainly weren't

1441

01:10:28,970 --> 01:10:27,570

the first crop circles I mean I know

1442

01:10:32,029 --> 01:10:28,980

and one of the books we published by

1443

01:10:34,939 --> 01:10:32,039

Jenny Randall's there is an illustration

1444

01:10:36,740 --> 01:10:34,949

that goes back to maybe 1640 or

1445

01:10:39,529 --> 01:10:36,750

something supposedly in the devil out

1446

01:10:42,830 --> 01:10:39,539

there you know with a machete or

1447

01:10:45,140 --> 01:10:42,840

something yeah hacking down the making a

1448

01:10:47,870 --> 01:10:45,150

some sort of circle and then they showed

1449

01:10:51,020 --> 01:10:47,880

up in in Australia and they called him

1450

01:10:55,029 --> 01:10:51,030

sorcery nest and I even remember back in

1451

01:10:59,149 --> 01:10:55,039

the 1960s investigating a case where

1452

01:11:00,770 --> 01:10:59,159

something had had come down in a caramel

1453

01:11:04,160 --> 01:11:00,780

it was in New Jersey can't remember what

1454

01:11:05,979 --> 01:11:04,170

town it was offhand but that was a

1455

01:11:08,630 --> 01:11:05,989

circle in the ground more than it was

1456

01:11:11,209 --> 01:11:08,640

anything else I mean it could have been

1457

01:11:12,590 --> 01:11:11,219

done with a tractor although it left a

1458

01:11:16,459 --> 01:11:12,600

white circle and I don't know whether a

1459

01:11:19,100 --> 01:11:16,469

tractor could do that or not I'm not the

1460

01:11:21,320 --> 01:11:19,110

beneficient on the other subject but I

1461

01:11:24,050 --> 01:11:21,330

remember in those days of course kind of

1462

01:11:27,200 --> 01:11:24,060

quite a ruckus because it was at least

1463

01:11:29,540 --> 01:11:27,210

some physical evidence that something

1464

01:11:31,610 --> 01:11:29,550
supposedly had had landed in a

1465

01:11:33,050 --> 01:11:31,620
particular yeah out-of-the-way spot

1466

01:11:34,160 --> 01:11:33,060
all right gentlemen I need to interrupt

1467

01:11:35,720 --> 01:11:34,170
you here because we need to go to our

1468

01:11:38,660 --> 01:11:35,730
bottom of the hour break when we come

1469

01:11:51,470 --> 01:11:38,670
back we'll continue with more exploring

1470

01:11:54,020 --> 01:11:51,480
bizarre now back to exploring the

1471

01:11:56,390 --> 01:11:54,030
bazaars with two of the most

1472

01:12:00,200 --> 01:11:56,400
electrifying researchers in the Paranoid

1473

01:12:05,450 --> 01:12:00,210
your hosts Timothy beckoning and tense

1474

01:12:07,250 --> 01:12:05,460
lists welcome back and we're at the last

1475

01:12:09,560 --> 01:12:07,260
segment of exploring the bizarre and

1476

01:12:12,580 --> 01:12:09,570

Christmas cows Sookie I want to ask you

1477

01:12:17,180 --> 01:12:12,590

about the Falcon Lake case now did

1478

01:12:22,160 --> 01:12:17,190

Stefan III know that you know he had the

1479

01:12:26,350 --> 01:12:22,170

the burns on his on his abdomen but did

1480

01:12:29,720 --> 01:12:26,360

he suffer any other kinds of ailments

1481

01:12:34,450 --> 01:12:29,730

after the fact well as a matter of fact

1482

01:12:37,430 --> 01:12:34,460

yes he continued to have some flare-ups

1483

01:12:40,490 --> 01:12:37,440

the the marks on his chest appeared to

1484

01:12:43,040 --> 01:12:40,500

come and go in fact he was taken to

1485

01:12:44,959 --> 01:12:43,050

hospital a couple of times from what

1486

01:12:48,709 --> 01:12:44,969

apparently were some sort of allergy

1487

01:12:51,770 --> 01:12:48,719

attacks it's as if the gas that he was

1488

01:12:54,530 --> 01:12:51,780

exposed to had a chemical in it that got

1489

01:12:58,310 --> 01:12:54,540

into his his skin or his bloodstream or

1490

01:13:00,580 --> 01:12:58,320

something and it took a while for this

1491

01:13:03,979 --> 01:13:00,590

to you know get out of his system

1492

01:13:07,970 --> 01:13:03,989

because he would you know his hands and

1493

01:13:11,090 --> 01:13:07,980

chest and face swelled up and he was

1494

01:13:15,310 --> 01:13:11,100

dizzy he was actually taken to the Mayo

1495

01:13:18,020 --> 01:13:15,320

Clinic in Minnesota for a complete

1496

01:13:19,490 --> 01:13:18,030

medical workup which included a psyche

1497

01:13:21,229 --> 01:13:19,500

Patrick workup by the way and we

1498

01:13:23,060 --> 01:13:21,239

actually have the psychiatric report

1499

01:13:24,979 --> 01:13:23,070

which says that this is a fellow who

1500

01:13:27,020 --> 01:13:24,989

doesn't make stories up he's very

1501

01:13:30,819 --> 01:13:27,030

down-to-earth pardon the pun

1502

01:13:33,799 --> 01:13:30,829

but he he's very straightforward and

1503

01:13:36,589 --> 01:13:33,809

rock-solid and but the medical reports

1504

01:13:39,260 --> 01:13:36,599

showed that he suffered after the you

1505

01:13:41,600 --> 01:13:39,270

know the after-effects of fainting spell

1506

01:13:43,430 --> 01:13:41,610

dizzy spells Plus these allergic

1507

01:13:46,279 --> 01:13:43,440

flare-ups which continued for a few

1508

01:13:51,260 --> 01:13:46,289

years after the fact hmm interesting

1509

01:13:53,540 --> 01:13:51,270

I've seen a picture I think it's on your

1510

01:13:57,010 --> 01:13:53,550

website or associated with your book of

1511

01:13:59,569 --> 01:13:57,020

what looks to be a piece of a man

1512

01:14:01,149 --> 01:13:59,579

man-made or you know intelligently

1513

01:14:04,549 --> 01:14:01,159

constructed piece of metal that

1514

01:14:06,740 --> 01:14:04,559

supposedly was found in the the cracks

1515

01:14:09,020 --> 01:14:06,750

at the location right that's what was

1516

01:14:10,459 --> 01:14:09,030

found the year after so in other words

1517

01:14:14,089 --> 01:14:10,469

this is the 50th anniversary of those

1518

01:14:16,609 --> 01:14:14,099

materials being found and that's I think

1519

01:14:19,069 --> 01:14:16,619

the one that's that's photographed there

1520

01:14:22,430 --> 01:14:19,079

is one that we still have in our

1521

01:14:24,709 --> 01:14:22,440

possession that we've continued to do

1522

01:14:26,330 --> 01:14:24,719

some tests on when we can but it's been

1523

01:14:29,689 --> 01:14:26,340

tested quite thoroughly by a number of

1524

01:14:32,330 --> 01:14:29,699

metallurgical labs and and other labs so

1525

01:14:34,549 --> 01:14:32,340

it's it's quite a fascinating thing it

1526

01:14:37,879 --> 01:14:34,559

looks man-made like it looks like it's a

1527

01:14:40,910 --> 01:14:37,889

like a not a standard crack but it is

1528

01:14:45,799 --> 01:14:40,920

melted silver and it is radioactive oh

1529

01:14:47,450 --> 01:14:45,809

so that that piece of kind of like

1530

01:14:50,390 --> 01:14:47,460

rectangular piece of metal is silver

1531

01:14:52,939 --> 01:14:50,400

yeah that's silver yeah oh wow okay

1532

01:14:54,859 --> 01:14:52,949

that's the the two-way and it has like

1533

01:14:57,770 --> 01:14:54,869

it has you know holes in it almost like

1534

01:15:00,020 --> 01:14:57,780

it's a not a being but you know I mean

1535

01:15:01,399 --> 01:15:00,030

you use the use the holes to like you

1536

01:15:04,000 --> 01:15:01,409

know screw it into place or something

1537

01:15:06,439 --> 01:15:04,010

like that oh that's that's just that's

1538

01:15:08,359 --> 01:15:06,449

fascinating because when you described

1539

01:15:10,669 --> 01:15:08,369

it originally a silver I was thinking

1540

01:15:13,129 --> 01:15:10,679

about you know like silver or you know I

1541

01:15:16,640 --> 01:15:13,139

don't know this is actually like

1542

01:15:20,930 --> 01:15:16,650

commercial grade silver it's it's quite

1543

01:15:26,120 --> 01:15:20,940

fascinating ha that that is and could

1544

01:15:28,669 --> 01:15:26,130

they tell what kind of you'd mentioned

1545

01:15:31,790 --> 01:15:28,679

radium but I know that there are

1546

01:15:33,980 --> 01:15:31,800

different kinds of radiation I know

1547

01:15:36,140 --> 01:15:33,990

like ionizing radiation and I don't

1548

01:15:42,140 --> 01:15:36,150

think of the rich but I mean could they

1549

01:15:46,250 --> 01:15:42,150

tell what kind of radiation irradiated

1550

01:15:48,380 --> 01:15:46,260

this metal and you know other parts of

1551

01:15:50,990 --> 01:15:48,390

that area well I mean there's certainly

1552

01:15:53,900 --> 01:15:51,000

alphas and betas that are still active

1553

01:15:56,720 --> 01:15:53,910

they're the elements themselves the

1554

01:16:00,950 --> 01:15:56,730

radium was mentioned another report says

1555

01:16:03,470 --> 01:16:00,960

that it was a radioactive uranium and

1556

01:16:05,540 --> 01:16:03,480

certainly is there's uranium natural

1557

01:16:08,300 --> 01:16:05,550

uranium ore in the area pitchblende is

1558

01:16:12,500 --> 01:16:08,310

is found in the area so that's not

1559

01:16:16,730 --> 01:16:12,510

completely surprising but you know we've

1560

01:16:19,070 --> 01:16:16,740

had this on a spectral analyzer and you

1561

01:16:21,110 --> 01:16:19,080

know the peaks that come out you know

1562

01:16:25,100 --> 01:16:21,120

the elements that come out some indicate

1563

01:16:27,890 --> 01:16:25,110

radium some indicate uranium and a few

1564

01:16:32,960 --> 01:16:27,900

other elements that you know have some

1565

01:16:35,120 --> 01:16:32,970

peaks as well but it's a it's a it's a

1566

01:16:36,320 --> 01:16:35,130

little tougher to I mean I understand

1567

01:16:38,000 --> 01:16:36,330

some of the problems that they're going

1568

01:16:39,140 --> 01:16:38,010

through now they're shown with Jacques

1569

01:16:40,640 --> 01:16:39,150

Vallee and he's been doing the

1570

01:16:44,180 --> 01:16:40,650

presentations now on some of the pieces

1571

01:16:46,610 --> 01:16:44,190

recovered from UFOs and and how

1572

01:16:49,340 --> 01:16:46,620

difficult that sometimes is to identify

1573

01:16:52,730 --> 01:16:49,350

some of the elements and the the

1574

01:16:54,830 --> 01:16:52,740

elements within there it's it's quite

1575

01:16:56,240 --> 01:16:54,840

tricky to put this on a spectral

1576

01:16:58,010 --> 01:16:56,250

analyzer and to say this is definitely

1577

01:17:00,170 --> 01:16:58,020

what this is you got a number of Peaks

1578

01:17:02,270 --> 01:17:00,180

like like jagged lines and the

1579

01:17:04,370 --> 01:17:02,280

interpretation of that is left of the

1580

01:17:06,020 --> 01:17:04,380

physicists and depending on the

1581

01:17:08,090 --> 01:17:06,030

physicist and the time of day and maybe

1582

01:17:09,500 --> 01:17:08,100

the phase of the moon or something I

1583

01:17:10,970 --> 01:17:09,510

don't know it's it they have different

1584

01:17:13,670 --> 01:17:10,980

interpretations of what these things are

1585

01:17:15,620 --> 01:17:13,680

but at the very least radium and uranium

1586

01:17:21,590 --> 01:17:15,630

are the the two most common elements

1587

01:17:25,190 --> 01:17:21,600

that were found hmm now you said that by

1588

01:17:28,340 --> 01:17:25,200

the time that you you got to them and

1589

01:17:32,600 --> 01:17:28,350

wanted to talk to them they had stopped

1590

01:17:36,320 --> 01:17:32,610

talking to to anybody for years I mean

1591

01:17:39,500 --> 01:17:36,330

no had there been was there a catalyst

1592

01:17:41,180 --> 01:17:39,510

was there something that finally just

1593

01:17:42,740 --> 01:17:41,190

you know drove them over the edge and

1594

01:17:44,270 --> 01:17:42,750

said that's that's enough everybody

1595

01:17:45,200 --> 01:17:44,280

we're not going to talk to you anymore

1596

01:17:55,310 --> 01:17:45,210

you know

1597

01:17:56,420 --> 01:17:55,320

story is so incredible that a lot of

1598

01:17:58,280 --> 01:17:56,430

people just saying well he made the

1599

01:18:01,520 --> 01:17:58,290

whole thing up and they were basically

1600

01:18:02,780 --> 01:18:01,530

calling him a liar and he said you know

1601
01:18:04,760 --> 01:18:02,790
I don't care what whether you believe me

1602
01:18:06,530 --> 01:18:04,770
or not this is what happened and he

1603
01:18:10,040 --> 01:18:06,540
maintained that for quite some time but

1604
01:18:12,260 --> 01:18:10,050
it wore on the family and his wife was

1605
01:18:14,510 --> 01:18:12,270
was getting upset by people showing up

1606
01:18:16,130 --> 01:18:14,520
at the door talking to him you know

1607
01:18:17,479 --> 01:18:16,140
inviting them into the house and talking

1608
01:18:21,140 --> 01:18:17,489
to them and then they're saying oh you

1609
01:18:22,850 --> 01:18:21,150
know what you're just a hoaxer and a BSR

1610
01:18:24,850 --> 01:18:22,860
and you know you know you know we don't

1611
01:18:27,470 --> 01:18:24,860
believe anything that you say and

1612
01:18:30,910 --> 01:18:27,480
eventually the reporters themselves were

1613
01:18:34,459 --> 01:18:30,920

you know getting a little more you know

1614

01:18:37,209 --> 01:18:34,469
disbelieving their ridicule this is

1615

01:18:39,920 --> 01:18:37,219
during the area error era sorry of

1616

01:18:41,720 --> 01:18:39,930
ridicule of UFOs it's you know it was

1617

01:18:45,410 --> 01:18:41,730
actually worse than than it is now

1618

01:18:47,390 --> 01:18:45,420
believe it or not Wow and so these got

1619

01:18:49,220 --> 01:18:47,400
fed up with the stories that had been

1620

01:18:51,950 --> 01:18:49,230
circulating and the fact that most of

1621

01:18:53,540 --> 01:18:51,960
the stories were had incorrect things

1622

01:18:55,580 --> 01:18:53,550
you know such as the radiation poisoning

1623

01:18:56,870 --> 01:18:55,590
and so forth that they just said you

1624

01:18:59,870 --> 01:18:56,880
know we're not going to talk to anybody

1625

01:19:03,170 --> 01:18:59,880
anymore and so they'd actually stopped

1626

01:19:05,270 --> 01:19:03,180

talking to reporters and journalists for

1627

01:19:08,030 --> 01:19:05,280

a number of years before I entered the

1628

01:19:10,340 --> 01:19:08,040

picture and it was only through my

1629

01:19:12,560 --> 01:19:10,350

association with the family as a family

1630

01:19:14,030 --> 01:19:12,570

friend that they allowed me into their

1631

01:19:17,600 --> 01:19:14,040

inner circle and that allowed me access

1632

01:19:21,770 --> 01:19:17,610

to a lot of the other materials so it

1633

01:19:24,050 --> 01:19:21,780

was very serendipitous and I it was

1634

01:19:26,200 --> 01:19:24,060

through them that we had the idea that

1635

01:19:29,090 --> 01:19:26,210

when unsolved mysteries approached us

1636

01:19:32,630 --> 01:19:29,100

myself and their son Stan holic

1637

01:19:33,890 --> 01:19:32,640

convinced mr. mahalik and his wife to to

1638

01:19:35,270 --> 01:19:33,900

actually do the show with the

1639

01:19:37,610 --> 01:19:35,280

possibility that you know we might get

1640

01:19:40,490 --> 01:19:37,620

some tips we might get some additional

1641

01:19:43,550 --> 01:19:40,500

witnesses that would shine some light on

1642

01:19:46,820 --> 01:19:43,560

again pardon the pun of the case itself

1643

01:19:49,340 --> 01:19:46,830

and you know that positive experience it

1644

01:19:51,979 --> 01:19:49,350

was I think that was probably the best

1645

01:19:54,459 --> 01:19:51,989

version according to that me holics that

1646

01:19:56,690 --> 01:19:54,469

had ever been done on the the the case

1647

01:19:58,310 --> 01:19:56,700

and since then you know it's been

1648

01:20:01,640 --> 01:19:58,320

recreated on

1649

01:20:03,980 --> 01:20:01,650

you know many many other programs and

1650

01:20:06,500 --> 01:20:03,990

you know even to this day we were

1651
01:20:08,270 --> 01:20:06,510
approached just a few months ago by

1652
01:20:11,240 --> 01:20:08,280
another television show that wants to

1653
01:20:13,280 --> 01:20:11,250
recreate it so it's finally being

1654
01:20:16,040 --> 01:20:13,290
recognized I think rightly so is one of

1655
01:20:17,420 --> 01:20:16,050
the most important cases and maybe it's

1656
01:20:19,640 --> 01:20:17,430
going to be going through a resurgence

1657
01:20:22,850 --> 01:20:19,650
so there will be more versions but it

1658
01:20:25,790 --> 01:20:22,860
was it was self passed away a number of

1659
01:20:27,410 --> 01:20:25,800
years ago but his son you know wants to

1660
01:20:30,830 --> 01:20:27,420
set the record straight and through our

1661
01:20:32,540 --> 01:20:30,840
look through other presentations that

1662
01:20:35,000 --> 01:20:32,550
you know it looks like we're finally

1663
01:20:36,800 --> 01:20:35,010

getting the message out hey well Chris

1664

01:20:39,890 --> 01:20:36,810

what would you say okay this is

1665

01:20:41,990 --> 01:20:39,900

obviously the the most important case

1666

01:20:44,950 --> 01:20:42,000

you have investigated but what would you

1667

01:20:49,430 --> 01:20:44,960

say say is your second their favorite

1668

01:20:52,960 --> 01:20:49,440

saga good idea oh well I mean all across

1669

01:20:55,790 --> 01:20:52,970

Canada I mean I've only a I've

1670

01:20:57,260 --> 01:20:55,800

investigated cases from one coast to the

1671

01:20:57,890 --> 01:20:57,270

other but some of the more interesting

1672

01:21:01,960 --> 01:20:57,900

ones

1673

01:21:05,480 --> 01:21:01,970

certainly the Charlie Red Star cases of

1674

01:21:07,340 --> 01:21:05,490

1975-76 those were some really

1675

01:21:09,140 --> 01:21:07,350

interesting series of cases where

1676

01:21:11,870 --> 01:21:09,150

literally hundreds upon hundreds of

1677

01:21:13,670 --> 01:21:11,880

people kind of reminded me of warminster

1678

01:21:15,200 --> 01:21:13,680

when Nigel was talking about him or

1679

01:21:16,760 --> 01:21:15,210

there were so many people lining the

1680

01:21:17,960 --> 01:21:16,770

roadways and in the fields looking for

1681

01:21:21,080 --> 01:21:17,970

things that they're actually traffic

1682

01:21:24,470 --> 01:21:21,090

jams including including Grant Cameron

1683

01:21:26,630 --> 01:21:24,480

yes yeah and he started investigating

1684

01:21:29,720 --> 01:21:26,640

about the same time as myself in fact I

1685

01:21:31,070 --> 01:21:29,730

was out the in the the same areas in the

1686

01:21:33,080 --> 01:21:31,080

same fields talking to the same people

1687

01:21:37,070 --> 01:21:33,090

and and spent some time with him in the

1688

01:21:39,350 --> 01:21:37,080

fields as well and you know that was a

1689

01:21:41,540 --> 01:21:39,360

fascinating fascinating series of

1690

01:21:44,480 --> 01:21:41,550

reports where we had police officers and

1691

01:21:47,150 --> 01:21:44,490

there were in fact landing rings you

1692

01:21:50,030 --> 01:21:47,160

know trace cases back then that were

1693

01:21:51,950 --> 01:21:50,040

found in the Karman area talked of many

1694

01:21:54,020 --> 01:21:51,960

many people who simply had some

1695

01:22:01,010 --> 01:21:54,030

fascinating experiences that we couldn't

1696

01:22:03,470 --> 01:22:01,020

explain and go ahead I was going to ask

1697

01:22:05,750 --> 01:22:03,480

whether Steven had any theories about

1698

01:22:08,390 --> 01:22:05,760

what he what he saw did he think it was

1699

01:22:11,120 --> 01:22:08,400

a spaceship or did he come to any

1700

01:22:12,690 --> 01:22:11,130

conclusion or was he just puzzled you

1701

01:22:15,240 --> 01:22:12,700

know well that's actually

1702

01:22:17,840 --> 01:22:15,250

good question because mr. mahalik never

1703

01:22:20,820 --> 01:22:17,850

at any time thought in terms of

1704

01:22:22,950 --> 01:22:20,830

spacecrafts and aliens he thought to his

1705

01:22:25,500 --> 01:22:22,960

to the day he died he thought this was

1706

01:22:27,330 --> 01:22:25,510

some sort of American you know

1707

01:22:30,900 --> 01:22:27,340

spacecraft in the sense of this was a

1708

01:22:33,390 --> 01:22:30,910

NASA vehicle or Air Force vehicle he he

1709

01:22:35,580 --> 01:22:33,400

didn't even consider the possibility of

1710

01:22:38,220 --> 01:22:35,590

aliens which again is quite interesting

1711

01:22:40,980 --> 01:22:38,230

because here you have a witness of a UFO

1712

01:22:43,500 --> 01:22:40,990

who doesn't think in terms of aliens and

1713

01:22:44,400 --> 01:22:43,510

UFOs at all he was very very pragmatic

1714

01:22:46,650 --> 01:22:44,410

pragmatic

1715

01:22:50,070 --> 01:22:46,660

he was a mechanic he wanted to know what

1716

01:22:52,230 --> 01:22:50,080

was this machine that landed in front of

1717

01:22:54,690 --> 01:22:52,240

him and caused this disruption to his

1718

01:22:57,060 --> 01:22:54,700

life so he was he was fascinated with

1719

01:23:00,210 --> 01:22:57,070

the intricacies of the clockwork I

1720

01:23:02,460 --> 01:23:00,220

suppose that was that was involved with

1721

01:23:05,190 --> 01:23:02,470

that not really that kind of rules out

1722

01:23:07,620 --> 01:23:05,200

though the the idea of pop culture

1723

01:23:10,710 --> 01:23:07,630

influence that so many skeptics like to

1724

01:23:13,260 --> 01:23:10,720

bring up when it comes to UFOs and UFO

1725

01:23:16,800 --> 01:23:13,270

sightings absolutely even though and I

1726

01:23:19,110 --> 01:23:16,810

have to admit you know the only case

1727

01:23:20,550 --> 01:23:19,120

that has an element that's that's a

1728

01:23:23,240 --> 01:23:20,560

little bit too uncomfortably close to

1729

01:23:26,070 --> 01:23:23,250

this is Daniel Frye's contactee case

1730

01:23:28,080 --> 01:23:26,080

there was white sands and was a 52

1731

01:23:31,410 --> 01:23:28,090

before something like that where he

1732

01:23:33,390 --> 01:23:31,420

tried to touch a saucer and somebody or

1733

01:23:37,140 --> 01:23:33,400

the alien inside said you better not

1734

01:23:39,680 --> 01:23:37,150

touch it it's hot you know that but that

1735

01:23:43,800 --> 01:23:39,690

was a mister mahalik definitely never

1736

01:23:45,710 --> 01:23:43,810

read or heard about that case I think

1737

01:23:47,880 --> 01:23:45,720

the book wasn't even published until the

1738

01:23:50,310 --> 01:23:47,890

the year after or something like that

1739

01:23:53,520 --> 01:23:50,320

well the the one that we touched on just

1740

01:23:54,860 --> 01:23:53,530

earlier about the Scoutmaster divergence

1741

01:23:58,470 --> 01:23:54,870

out in the Everglades

1742

01:24:00,120 --> 01:23:58,480

heaven knows he just took a machete he

1743

01:24:03,570 --> 01:24:00,130

saw this thing covering a you know over

1744

01:24:05,550 --> 01:24:03,580

the Palmetto trees and kind of rocking

1745

01:24:06,960 --> 01:24:05,560

back and forth and I guess it was kind

1746

01:24:09,720 --> 01:24:06,970

of down low I don't know whether he

1747

01:24:11,850 --> 01:24:09,730

thought it was menacing or what but he

1748

01:24:14,370 --> 01:24:11,860

happen to have a machete with him and he

1749

01:24:17,010 --> 01:24:14,380

took a swipe at it and it's sure the

1750

01:24:18,480 --> 01:24:17,020

heck did a number on him because he had

1751

01:24:23,640 --> 01:24:18,490

the same thing happened where he had all

1752

01:24:26,200 --> 01:24:23,650

these hair was singed and his cap was

1753

01:24:28,770 --> 01:24:26,210

caught on fire and

1754

01:24:31,660 --> 01:24:28,780

were witnesses there were three Scouts

1755

01:24:34,420 --> 01:24:31,670

in the in the car they had parked at the

1756

01:24:36,130 --> 01:24:34,430

side of the the road because they saw

1757

01:24:38,080 --> 01:24:36,140

some glow coming from the Palmetto

1758

01:24:40,180 --> 01:24:38,090

thicket and they thought maybe a plane

1759

01:24:42,670 --> 01:24:40,190

had gone down so the Scoutmaster got out

1760

01:24:45,430 --> 01:24:42,680

of the car and he wandered into the area

1761

01:24:49,900 --> 01:24:45,440

and he had this UFO attacked him after

1762

01:24:52,390 --> 01:24:49,910

he had attacked the the UFO and then the

1763

01:24:55,720 --> 01:24:52,400

the boys I guess somehow got touch with

1764

01:24:58,420 --> 01:24:55,730

the the local constable or sheriff and

1765

01:25:00,850 --> 01:24:58,430

he came out after about 15 and or 20

1766

01:25:03,010 --> 01:25:00,860

minutes and the Scoutmaster finally a

1767

01:25:05,590 --> 01:25:03,020

struggle back out to the car and he was

1768

01:25:09,610 --> 01:25:05,600

all singed and burned and now I guess

1769

01:25:12,270 --> 01:25:09,620

some of those cases were well Nigel you

1770

01:25:15,520 --> 01:25:12,280

did a book about the Steve Spielberg

1771

01:25:17,770 --> 01:25:15,530

those yeah yeah and I was the the editor

1772

01:25:20,560 --> 01:25:17,780

of the Close Encounters poster magazine

1773

01:25:23,620 --> 01:25:20,570

but he relied I think heavily on cases

1774

01:25:29,190 --> 01:25:23,630

like that and of course in his instance

1775

01:25:32,979 --> 01:25:29,200

of the I was a nori and the the the main

1776

01:25:36,070 --> 01:25:32,989

person in the the story there he had a

1777

01:25:40,330 --> 01:25:36,080

case where his face was all burned and

1778

01:25:44,770 --> 01:25:40,340

all because the UFO I think there

1779

01:25:49,240 --> 01:25:44,780

against Phil bergamot film shows UFOs to

1780

01:25:52,450 --> 01:25:49,250

be hostile at first by abducting and

1781

01:25:55,000 --> 01:25:52,460

burning people and causing car chases

1782

01:25:57,880 --> 01:25:55,010

and sky watchers to be frightened but

1783

01:26:00,700 --> 01:25:57,890

very kind of reserved reserves at the

1784

01:26:03,940 --> 01:26:00,710

end by them actually come in peacefully

1785

01:26:07,120 --> 01:26:03,950

I think that the cases we've spoke about

1786

01:26:10,090 --> 01:26:07,130

seem to be but people have got too close

1787

01:26:13,180 --> 01:26:10,100

to these objects rather than anything

1788

01:26:17,140 --> 01:26:13,190

any hostile intent it's just being about

1789

01:26:19,800 --> 01:26:17,150

you know proximity rather than anything

1790

01:26:21,820 --> 01:26:19,810

being shot at a person in a hostile

1791

01:26:25,120 --> 01:26:21,830

although there's there's an interesting

1792

01:26:27,010 --> 01:26:25,130

Canadian case again this is actually

1793

01:26:30,870 --> 01:26:27,020

only a month after the the Falcon Lake

1794

01:26:33,760 --> 01:26:30,880

he's up in Thompson Manitoba which is

1795

01:26:35,760 --> 01:26:33,770

you know for any kind of description it

1796

01:26:40,300 --> 01:26:35,770

was actually a physical abduction of

1797

01:26:43,450 --> 01:26:40,310

attempted abduction of somebody where

1798

01:26:46,270 --> 01:26:43,460

about six o'clock in the evening a woman

1799

01:26:48,280 --> 01:26:46,280

was cooking in her home and noticed out

1800

01:26:49,930 --> 01:26:48,290

the window that there was a sudden gust

1801
01:26:53,290 --> 01:26:49,940
of wind that was flying the the leaves

1802
01:26:54,459 --> 01:26:53,300
around the around the house and her she

1803
01:26:58,270 --> 01:26:54,469
knew her children were playing outside

1804
01:27:03,870 --> 01:26:58,280
and she heard some shouts and she went

1805
01:27:06,910 --> 01:27:03,880
outside and she saw a neighborhood boy

1806
01:27:10,060 --> 01:27:06,920
holding on to her daughter who

1807
01:27:14,130 --> 01:27:10,070
apparently had just come down from the

1808
01:27:17,229 --> 01:27:14,140
air and the kids said that there was a

1809
01:27:19,060 --> 01:27:17,239
cube-shaped object not a saucer but a

1810
01:27:21,550 --> 01:27:19,070
cube-shaped object that was in the sky

1811
01:27:23,229 --> 01:27:21,560
and was sucking her into the air and the

1812
01:27:26,410 --> 01:27:23,239
woman turned around and looked up and

1813
01:27:29,800 --> 01:27:26,420

sure enough there was this black and

1814

01:27:33,520 --> 01:27:29,810

silver cube alternating sides up in the

1815

01:27:36,640 --> 01:27:33,530

sky that was just taking off and heading

1816

01:27:38,709 --> 01:27:36,650

off into the end of the sky and they

1817

01:27:41,500 --> 01:27:38,719

said that the kids were playing outside

1818

01:27:44,020 --> 01:27:41,510

and they all of a sudden this this cube

1819

01:27:47,709 --> 01:27:44,030

had come down and started sucking the

1820

01:27:49,990 --> 01:27:47,719

little girl up into the sky and the boy

1821

01:27:51,370 --> 01:27:50,000

and another child had to grab her and

1822

01:27:53,649 --> 01:27:51,380

hold her down to the ground otherwise

1823

01:27:56,350 --> 01:27:53,659

she would have been whisked away so I

1824

01:27:57,970 --> 01:27:56,360

mean that's there's a malevolent intent

1825

01:27:59,919 --> 01:27:57,980

right there I would think whatever this

1826

01:28:02,169 --> 01:27:59,929

thing and was actually witnessed by the

1827

01:28:04,209 --> 01:28:02,179

the mother herself and the father came

1828

01:28:08,950 --> 01:28:04,219

home just about that time and saw the

1829

01:28:13,120 --> 01:28:08,960

object as well well Nigel your your

1830

01:28:14,770 --> 01:28:13,130

cases there from World War one any overt

1831

01:28:19,479 --> 01:28:14,780

hostility I mean are we talking about

1832

01:28:23,020 --> 01:28:19,489

any cases outside of the Red Baron where

1833

01:28:25,780 --> 01:28:23,030

there was an overt attempt either on our

1834

01:28:30,550 --> 01:28:25,790

part or their part the shoot'em out of

1835

01:28:34,300 --> 01:28:30,560

the sky um there's actually quite a few

1836

01:28:38,550 --> 01:28:34,310

cases from America and Canada German

1837

01:28:42,040 --> 01:28:38,560

with facade wall Wareham who were seen

1838

01:28:46,870 --> 01:28:42,050

lights were seen over like DuPont DuPont

1839

01:28:50,420 --> 01:28:46,880

chemical plants and was talk of sabotage

1840

01:28:54,620 --> 01:28:50,430

and flying objects come in

1841

01:28:55,490 --> 01:28:54,630

- sub Bom Bom bees plants and I think in

1842

01:28:58,990 --> 01:28:55,500

Ottawa

1843

01:29:03,920 --> 01:28:59,000

they had blackouts because a feared

1844

01:29:06,470 --> 01:29:03,930

German aircraft were coming over and one

1845

01:29:09,680 --> 01:29:06,480

one aviator even said he'd add a

1846

01:29:11,450 --> 01:29:09,690

dogfight with these with what they

1847

01:29:13,280 --> 01:29:11,460

thought we were sort of German aircraft

1848

01:29:17,450 --> 01:29:13,290

but you know it might have all been

1849

01:29:20,510 --> 01:29:17,460

about you know um you know fears in

1850

01:29:24,350 --> 01:29:20,520

wartime really which escalate and course

1851

01:29:27,380 --> 01:29:24,360

were real German agents working in the

1852

01:29:30,320 --> 01:29:27,390

United States and possibly Canada as

1853

01:29:33,050 --> 01:29:30,330

well so the kind of mixture of fact and

1854

01:29:37,280 --> 01:29:33,060

fiction there and obviously you know

1855

01:29:40,190 --> 01:29:37,290

it's hard to get out of the actual a lot

1856

01:29:43,390 --> 01:29:40,200

of information but in the public record

1857

01:29:47,120 --> 01:29:43,400

office it's quite a lot of detail about

1858

01:29:49,280 --> 01:29:47,130

the logged over sightings that were

1859

01:29:52,730 --> 01:29:49,290

reported through police stations and

1860

01:29:55,990 --> 01:29:52,740

sent to the military intelligence

1861

01:29:58,730 --> 01:29:56,000

so as an our x-files department in

1862

01:30:03,590 --> 01:29:58,740

Britain in the First World War but just

1863

01:30:07,990 --> 01:30:03,600

dealt with any anything unusual aerial

1864

01:30:11,270 --> 01:30:08,000

activity or anything related to Spain

1865

01:30:14,150 --> 01:30:11,280

because there were stories of motor cars

1866

01:30:17,090 --> 01:30:14,160

driving through country lanes flushing

1867

01:30:22,120 --> 01:30:17,100

the headlights at Zeppelin's to guide

1868

01:30:24,310 --> 01:30:22,130

them to targets and you know stories of

1869

01:30:27,140 --> 01:30:24,320

[Music]

1870

01:30:29,900 --> 01:30:27,150

airship bases hidden away in the

1871

01:30:33,350 --> 01:30:29,910

Scottish Highlands or immolate district

1872

01:30:37,900 --> 01:30:33,360

and and was even a reward for anyone who

1873

01:30:41,690 --> 01:30:37,910

could find any of these enemy bases but

1874

01:30:46,670 --> 01:30:41,700

even though very extensive search has

1875

01:30:50,120 --> 01:30:46,680

made for never any German aircraft

1876

01:30:53,600 --> 01:30:50,130

actually found on British territory

1877

01:30:56,510 --> 01:30:53,610

except for you know the so more regular

1878

01:31:00,140 --> 01:30:56,520

sight Flynn attacks yeah and I remember

1879

01:31:02,240 --> 01:31:00,150

that doing the the the investigation or

1880

01:31:03,859 --> 01:31:02,250

they found the records regarding the

1881

01:31:07,520 --> 01:31:03,869

Parliament Hill

1882

01:31:08,629 --> 01:31:07,530

cases in Canada in 1989 it was the

1883

01:31:10,310 --> 01:31:08,639

lights of Parliament Hill were

1884

01:31:11,839 --> 01:31:10,320

extinguished because they yeah somebody

1885

01:31:14,569 --> 01:31:11,849

had seen the light swimming they thought

1886

01:31:16,189 --> 01:31:14,579

there were enemy aircraft and when you

1887

01:31:19,790 --> 01:31:16,199

think about that that in itself is quite

1888

01:31:22,339 --> 01:31:19,800

significant that you know you would they

1889

01:31:25,370 --> 01:31:22,349

actually extinguished the lights on in

1890

01:31:27,680 --> 01:31:25,380

Canada's capital because of some UFO

1891

01:31:30,169 --> 01:31:27,690

sightings so that's that's quite

1892

01:31:33,140 --> 01:31:30,179

interesting itself well we have a course

1893

01:31:35,390 --> 01:31:33,150

are a battle of Los Angeles then we

1894

01:31:37,640 --> 01:31:35,400

describe India for hostilities book

1895

01:31:41,330 --> 01:31:37,650

where this saying came right over Culver

1896

01:31:44,299 --> 01:31:41,340

City and we beamed all these flashlights

1897

01:31:47,330 --> 01:31:44,309

at it and shot over 1500 artillery

1898

01:31:50,089 --> 01:31:47,340

shells pretty large ones because several

1899

01:31:51,560 --> 01:31:50,099

homes were damaged and I think three

1900

01:31:53,240 --> 01:31:51,570

people actually died of a heart attack

1901

01:31:56,750 --> 01:31:53,250

and three people died from other

1902

01:32:00,609 --> 01:31:56,760

miscellaneous the causes during that so

1903

01:32:03,740 --> 01:32:00,619

there are hostile cases out there

1904

01:32:06,470 --> 01:32:03,750

certainly I mean but then again we've

1905

01:32:08,569 --> 01:32:06,480

been responsible for causing a great

1906

01:32:10,580 --> 01:32:08,579

deal of the hostility I would think n

1907

01:32:13,819 --> 01:32:10,590

they they certainly they certainly can

1908

01:32:16,240 --> 01:32:13,829

overwhelm us if they they want to well

1909

01:32:18,770 --> 01:32:16,250

Tim you know where we're coming up the

1910

01:32:23,120 --> 01:32:18,780

the magical hour midnight here on the

1911

01:32:25,459 --> 01:32:23,130

East Coast and I think at this point we

1912

01:32:28,100 --> 01:32:25,469

should let our guests give a little bit

1913

01:32:31,010 --> 01:32:28,110

of information on where our listeners

1914

01:32:32,660 --> 01:32:31,020

can find their websites and their

1915

01:32:35,299 --> 01:32:32,670

products and get in touch with them and

1916

01:32:37,939 --> 01:32:35,309

so Nigel why don't you give it a stab

1917

01:32:40,729 --> 01:32:37,949

how do we out of how do we find out

1918

01:32:44,779 --> 01:32:40,739

about what your work is and you confirm

1919

01:32:48,770 --> 01:32:44,789

our books on Amazon over Amazon in the

1920

01:32:52,879 --> 01:32:48,780

USA or UK and I've got a Facebook page

1921

01:32:56,359 --> 01:32:52,889

as well so I figure what are you working

1922

01:32:58,970 --> 01:32:56,369

on are you working at a UFO tech book I

1923

01:33:02,950 --> 01:32:58,980

wrote a book called portraits of alien

1924

01:33:07,339 --> 01:33:02,960

encounters in the South based on my

1925

01:33:11,779 --> 01:33:07,349

1970s research and a part of revising it

1926

01:33:14,010 --> 01:33:11,789

and to emphasize more about cases of UFO

1927

01:33:16,320 --> 01:33:14,020

seen by children

1928

01:33:18,690 --> 01:33:16,330

we will talk about how you focusing in

1929

01:33:20,850 --> 01:33:18,700

playground so forth because I already

1930

01:33:23,130 --> 01:33:20,860

have a lot of information about a Paul

1931

01:33:29,040 --> 01:33:23,140

Bennett case it still added a few other

1932

01:33:32,700 --> 01:33:29,050

cases of child or UFO sightings Google

1933

01:33:35,100 --> 01:33:32,710

sorry go ahead no gone I'm if you google

1934

01:33:40,020 --> 01:33:35,110

my name and UFO you can usually find

1935

01:33:42,350 --> 01:33:40,030

some links and you do you do right from

1936

01:33:46,790 --> 01:33:42,360

time to time for the illustrious

1937

01:33:49,290 --> 01:33:46,800

fourteen times I'm so yeah which is a

1938

01:33:51,960 --> 01:33:49,300

probably the only english-language

1939

01:33:55,380 --> 01:33:51,970

magazine devoted printed magazine

1940

01:33:56,520 --> 01:33:55,390

devoted to arcane subjects I mean there

1941

01:33:58,650 --> 01:33:56,530

isn't really anything else

1942

01:34:00,420 --> 01:33:58,660

the Australian ufologists which was

1943

01:34:03,270 --> 01:34:00,430

around for twenty years finally I gave

1944

01:34:05,610 --> 01:34:03,280

up the ghost about six months ago and

1945

01:34:08,970 --> 01:34:05,620

you could still find the fourteen times

1946

01:34:11,370 --> 01:34:08,980

on the importance and Noble in fact the

1947

01:34:16,080 --> 01:34:11,380

current issue has Jackie Gleason and

1948

01:34:19,770 --> 01:34:16,090

Richard Nixon on the cover and deals

1949

01:34:22,140 --> 01:34:19,780

with my well some of my contributions on

1950

01:34:25,110 --> 01:34:22,150

this which the writer doesn't take too

1951

01:34:27,510 --> 01:34:25,120

nicely but that's this problem and and

1952

01:34:30,300 --> 01:34:27,520

that's a fourteen times approaching the

1953

01:34:34,730 --> 01:34:30,310

subject and a crisp give it a shout out

1954

01:34:37,890 --> 01:34:34,740

there from the kid eighty inside well I

1955

01:34:40,110 --> 01:34:37,900

most of my books are on Amazon with the

1956

01:34:42,740 --> 01:34:40,120

exception of the most recent one it was

1957

01:34:45,300 --> 01:34:42,750

actually published through a

1958

01:34:48,120 --> 01:34:45,310

organization called McNally Robinson

1959

01:34:51,270 --> 01:34:48,130

which is a large bookstore up in Canada

1960

01:34:57,150 --> 01:34:51,280

and it's available on their website so

1961

01:35:00,150 --> 01:34:57,160

it's McNally MCA MC n al ly Robinson rel

1962

01:35:03,120 --> 01:35:00,160

run together and dot-com and you can

1963

01:35:06,000 --> 01:35:03,130

find a link there for searching for us

1964

01:35:07,530 --> 01:35:06,010

and under my name I actually do have a

1965

01:35:09,150 --> 01:35:07,540

case half of one of my books you

1966

01:35:12,450 --> 01:35:09,160

mentioned it when we were just starting

1967

01:35:15,650 --> 01:35:12,460

out the book called I saw it too is my

1968

01:35:18,060 --> 01:35:15,660

book on kids UFO cases alright

1969

01:35:21,590 --> 01:35:18,070

everything that was in their own words

1970

01:35:24,750 --> 01:35:21,600

and was illustrated by a manga

1971

01:35:26,550 --> 01:35:24,760

illustrators oh there's a you know

1972

01:35:27,899 --> 01:35:26,560

there's a number of cases I have a case

1973

01:35:30,540 --> 01:35:27,909

a book on abductor

1974

01:35:32,939 --> 01:35:30,550

and the big wiki UFOs and I'm working on

1975

01:35:35,250 --> 01:35:32,949

a few other projects so what well you

1976

01:35:38,429 --> 01:35:35,260

know we are going to reconvene this

1977

01:35:41,069 --> 01:35:38,439

conversation in five or six months I've

1978

01:35:42,359 --> 01:35:41,079

never set a date with the guests have

1979

01:35:44,429 --> 01:35:42,369

been on the program but I'm so

1980

01:35:46,229 --> 01:35:44,439

enthralled by the work that you guys

1981

01:35:48,689 --> 01:35:46,239

have done that we're gonna have a

1982

01:35:51,779 --> 01:35:48,699
