

**TIM SWARTZ**

**CLYDE LEWIS**

1  
00:00:41,770 --> 00:00:21,830

[Music]

2  
00:00:46,639 --> 00:00:44,209

last hour I talked about the real bodies

3  
00:00:48,259 --> 00:00:46,649

exhibit that the real bodies exhibit is

4  
00:00:49,579 --> 00:00:48,269

under investigation in England you

5  
00:00:51,919 --> 00:00:49,589

know the real bodies that you go to the

6  
00:00:53,360 --> 00:00:51,929

museum and you see these bodies and

7  
00:00:55,009 --> 00:00:53,370

they're supposed to be dead bodies that

8  
00:00:57,619 --> 00:00:55,019

are on display and they're plastinated

9  
00:00:59,329 --> 00:00:57,629

they're all plastic it's like going to

10  
00:01:01,340 --> 00:00:59,339

see going to a wax museum but you

11  
00:01:03,139 --> 00:01:01,350

realize the the wax dummies are based on

12  
00:01:04,729 --> 00:01:03,149

real bodies and our real bodies standing

13  
00:01:06,020 --> 00:01:04,739

there looking at you is they're going

14

00:01:11,570 --> 00:01:06,030

through they're posed and all these

15

00:01:14,120 --> 00:01:11,580

weird poses well apparently these real

16

00:01:16,880 --> 00:01:14,130

body plastination displays that were in

17

00:01:20,749 --> 00:01:16,890

England they found out that a lot of

18

00:01:24,219 --> 00:01:20,759

these a lot of these guys were being

19

00:01:26,809 --> 00:01:24,229

posed in these in these museum exhibits

20

00:01:28,630 --> 00:01:26,819

or actually Chinese citizens that were

21

00:01:32,660 --> 00:01:28,640

jailed for their religious beliefs and

22

00:01:35,109 --> 00:01:32,670

so apparently near the lab there where

23

00:01:37,309 --> 00:01:35,119

this goes on these guys were actually

24

00:01:38,660 --> 00:01:37,319

been killed they were killed and then

25

00:01:40,639 --> 00:01:38,670

their bodies were turned over for these

26

00:01:44,539 --> 00:01:40,649

experiments or for these museums for

27

00:01:46,520 --> 00:01:44,549

these exhibits and I'm thinking oh man

28

00:01:48,050 --> 00:01:46,530

you know that that that is the extreme

29

00:01:50,180 --> 00:01:48,060

of it all right that's the extreme at

30

00:01:51,499 --> 00:01:50,190

all where your body is given to some

31

00:01:54,889 --> 00:01:51,509

Museum where they're gonna put you on

32

00:01:56,540 --> 00:01:54,899

display all skin so you know somebody

33

00:02:00,050 --> 00:01:56,550

can show up in a museum and gawk at you

34

00:02:02,059 --> 00:02:00,060

I mean these real body museum displays

35

00:02:03,800 --> 00:02:02,069

you know they say well we preserve the

36

00:02:06,229 --> 00:02:03,810

bodies of the Willing people donate

37

00:02:07,669 --> 00:02:06,239

their bodies to us but now there's an

38

00:02:10,089 --> 00:02:07,679

investigation of just how willing they

39

00:02:12,350 --> 00:02:10,099

are right so you know here's the thing

40

00:02:13,580 --> 00:02:12,360

you know you're doing research like this

41

00:02:15,140 --> 00:02:13,590

and you're saying look I'm not gonna

42

00:02:18,649 --> 00:02:15,150

give my DNA up I'm not I'm certainly

43

00:02:20,240 --> 00:02:18,659

gonna give my blood type up and you know

44

00:02:22,729 --> 00:02:20,250

I stumbled upon some other terrifying

45

00:02:24,770 --> 00:02:22,739

information about how genetic

46

00:02:26,390 --> 00:02:24,780

experiments we thought were finished

47

00:02:28,490 --> 00:02:26,400

with those we thought the genetic

48

00:02:30,350 --> 00:02:28,500

tinkering radiation experiments all

49

00:02:32,630 --> 00:02:30,360

these experiments were finished that

50

00:02:35,949 --> 00:02:32,640

there would be over would no more and

51  
00:02:40,119 --> 00:02:35,959  
then I find an unclassified list a

52  
00:02:42,680 --> 00:02:40,129  
Declassified list that was requested by

53  
00:02:48,280 --> 00:02:42,690  
the Federation of American scientists

54  
00:02:50,690 --> 00:02:48,290  
FAS actually contacted the through FOIA

55  
00:02:53,900 --> 00:02:50,700  
Freedom of Information Act documents for

56  
00:02:54,760 --> 00:02:53,910  
the Department of Energy about projects

57  
00:02:56,230 --> 00:02:54,770  
that they're doing right

58  
00:03:00,430 --> 00:02:56,240  
300 people are involved in these

59  
00:03:02,220 --> 00:03:00,440  
projects some of these projects are with

60  
00:03:05,260 --> 00:03:02,230  
children Department of Energy Children

61  
00:03:06,880 --> 00:03:05,270  
projects all I can think of a stranger

62  
00:03:10,150 --> 00:03:06,890  
things right now that's that's all I can

63  
00:03:12,790 --> 00:03:10,160

think of there's project Tristan project

64

00:03:15,520 --> 00:03:12,800

Helios project moose drool little

65

00:03:18,610 --> 00:03:15,530

workers Idaho bailiff geo Weiser active

66

00:03:21,250 --> 00:03:18,620

data user study chinchilla shortwave

67

00:03:23,530 --> 00:03:21,260

infrared standoff multimodal biometrics

68

00:03:26,170 --> 00:03:23,540

hidden valley all these projects are

69

00:03:29,050 --> 00:03:26,180

listed in his Freedom of Information Act

70

00:03:31,030 --> 00:03:29,060

Declassified document and so I'm

71

00:03:32,770 --> 00:03:31,040

thinking ooh so there are these

72

00:03:35,170 --> 00:03:32,780

experiments continuing and this is like

73

00:03:37,930 --> 00:03:35,180

stranger things again so I put in a

74

00:03:39,610 --> 00:03:37,940

phone call to Tim Schwartz who is an

75

00:03:41,110 --> 00:03:39,620

Emmy Award winning television producer

76

00:03:42,520 --> 00:03:41,120

videographer author of a number of

77

00:03:44,710 --> 00:03:42,530

popular books including the lost

78

00:03:46,420 --> 00:03:44,720

journals of Nikola Tesla America's

79

00:03:48,820 --> 00:03:46,430

strange and supernatural history secret

80

00:03:49,800 --> 00:03:48,830

black projects evil agenda the secret

81

00:03:51,670 --> 00:03:49,810

government the whole list

82

00:03:53,170 --> 00:03:51,680

photojournalist has done a lot of work

83

00:03:55,060 --> 00:03:53,180

travelled extensively through the world

84

00:03:57,490 --> 00:03:55,070

so I thought I'd bring Tim on to comment

85

00:03:59,140 --> 00:03:57,500

on this Tim welcome to Ground Zero hey

86

00:04:00,850 --> 00:03:59,150

Clyde thank you very much for having me

87

00:04:03,370 --> 00:04:00,860

on tonight so You certainly have a

88

00:04:05,350 --> 00:04:03,380

background in black projects and budget

89

00:04:07,180 --> 00:04:05,360

set aside for these dark experiments and

90

00:04:08,590 --> 00:04:07,190

I know people are familiar with the show

91

00:04:10,150 --> 00:04:08,600

stranger things and it's so weird that

92

00:04:11,500 --> 00:04:10,160

every time something like this comes up

93

00:04:14,590 --> 00:04:11,510

you're wondering if stranger things is

94

00:04:16,450 --> 00:04:14,600

more of a documentary it's a fictional

95

00:04:17,950 --> 00:04:16,460

tale of kids being basically

96

00:04:19,810 --> 00:04:17,960

experimented upon by the Department of

97

00:04:22,090 --> 00:04:19,820

Energy but now we have this whole list

98

00:04:23,950 --> 00:04:22,100

of these extreme experiments that are

99

00:04:27,190 --> 00:04:23,960

going on you know I thought we were rid

100

00:04:29,800 --> 00:04:27,200

of this is this continuing so of course

101

00:04:33,430 --> 00:04:29,810

it's continuing you know if you think

102

00:04:36,670 --> 00:04:33,440

it's not then you're being naive just

103

00:04:39,850 --> 00:04:36,680

just because that some of these projects

104

00:04:42,370 --> 00:04:39,860

from the past have been uncovered that

105

00:04:47,860 --> 00:04:42,380

doesn't mean that that they're gonna

106

00:04:50,320 --> 00:04:47,870

stop you know now I was looking at this

107

00:04:55,690 --> 00:04:50,330

the list that that you had provided me

108

00:04:58,270 --> 00:04:55,700

the what wasn't here at the 2017 do a

109

00:05:00,580 --> 00:04:58,280

report and a lot of these names of these

110

00:05:03,640 --> 00:05:00,590

projects are I mean there's no way to

111

00:05:06,530 --> 00:05:03,650

tell Oh what is going on like usually

112

00:05:09,770 --> 00:05:06,540

have Tristan Helios moose

113

00:05:11,290 --> 00:05:09,780

little workers the one that I did find

114

00:05:16,400 --> 00:05:11,300

though now the shortwave infrared

115

00:05:21,140 --> 00:05:16,410

standoff multimodal biometrics that is

116

00:05:25,730 --> 00:05:21,150

actually a face recognition using a

117

00:05:27,020 --> 00:05:25,740

shortwave infrared to try to improve the

118

00:05:29,750 --> 00:05:27,030

quality of it

119

00:05:32,120 --> 00:05:29,760

so they're using humans to improve the

120

00:05:34,129 --> 00:05:32,130

quality of facial recognition exactly

121

00:05:36,230 --> 00:05:34,139

well I mean you know what are they

122

00:05:37,790 --> 00:05:36,240

supposed to when they does is it being

123

00:05:40,969 --> 00:05:37,800

supposed to microwave radiation and that

124

00:05:43,659 --> 00:05:40,979

kind of yeah it looks like it looks like

125

00:05:48,280 --> 00:05:43,669

you know short well shortwave infrared

126  
00:05:50,810 --> 00:05:48,290  
whatever whatever that is I mean it's uh

127  
00:05:52,670 --> 00:05:50,820  
if I have if I had the time I'd be able

128  
00:05:55,100 --> 00:05:52,680  
to you know look that up to tell you

129  
00:05:58,159 --> 00:05:55,110  
exactly what it is it looks like that

130  
00:06:00,409 --> 00:05:58,169  
they've got what 22 people are

131  
00:06:04,250 --> 00:06:00,419  
participating which is really a small

132  
00:06:07,010 --> 00:06:04,260  
group right but and then the was that

133  
00:06:12,580 --> 00:06:07,020  
the active data user study Chinchilla

134  
00:06:17,300 --> 00:06:12,590  
that has to do with comparison comparing

135  
00:06:19,700 --> 00:06:17,310  
chinchilla genomes with human because

136  
00:06:22,960 --> 00:06:19,710  
apparently there are parts of the

137  
00:06:26,540 --> 00:06:22,970  
chinchilla that are similar to humans

138  
00:06:29,090 --> 00:06:26,550

like the the inner ear workings

139

00:06:33,020 --> 00:06:29,100

so they're actually they are working on

140

00:06:37,520 --> 00:06:33,030

trying to see if they can develop to

141

00:06:41,779 --> 00:06:37,530

chilla genomes to study humans and human

142

00:06:43,790 --> 00:06:41,789

diseases and things like that but those

143

00:06:45,500 --> 00:06:43,800

were really easy to to look out there

144

00:06:47,629 --> 00:06:45,510

you know it's gonna be impossible to

145

00:06:51,400 --> 00:06:47,639

look up some of these more obscure ones

146

00:06:54,200 --> 00:06:51,410

like you so daughters must rule

147

00:06:56,529 --> 00:06:54,210

something having to do is spit I kid you

148

00:06:59,680 --> 00:06:56,539

not it has that something new is spit

149

00:07:01,790 --> 00:06:59,690

23andme it has something to his spit

150

00:07:05,840 --> 00:07:01,800

ancestry and something to a spit moose

151

00:07:08,439 --> 00:07:05,850

drawl spit obviously spit yeah spit a

152

00:07:10,480 --> 00:07:08,449

lot of times these

153

00:07:13,239 --> 00:07:10,490

you know classified experiments you're

154

00:07:15,580 --> 00:07:13,249

right you know they'll use a name that

155

00:07:18,219 --> 00:07:15,590

is descriptive of the project other

156

00:07:20,290 --> 00:07:18,229

times you know not so much so you know

157

00:07:22,719 --> 00:07:20,300

we'll really just you know little

158

00:07:24,549 --> 00:07:22,729

workers now yeah it's like you said

159

00:07:27,100 --> 00:07:24,559

earlier I mean that could very well be a

160

00:07:30,730 --> 00:07:27,110

project where they're using children

161

00:07:33,519 --> 00:07:30,740

children have always been popular test

162

00:07:36,999 --> 00:07:33,529

subjects when it comes to these kinds of

163

00:07:42,029 --> 00:07:37,009

government military experiments there is

164

00:07:43,899 --> 00:07:42,039

one where they actually use children for

165

00:07:45,790 --> 00:07:43,909

electroshock therapy

166

00:07:48,399 --> 00:07:45,800

these children were each young just

167

00:07:50,529 --> 00:07:48,409

three years old oh I didn't know that oh

168

00:07:52,420 --> 00:07:50,539

yeah

169

00:07:54,159 --> 00:07:52,430

plenty of nose bleeds to go around I

170

00:07:55,809 --> 00:07:54,169

guess yes exactly

171

00:07:58,450 --> 00:07:55,819

little Elevens running around with shock

172

00:08:02,079 --> 00:07:58,460

therapy bleeding noses it just certainly

173

00:08:04,869 --> 00:08:02,089

is you know creepy especially when who

174

00:08:06,129 --> 00:08:04,879

was it it was a Ernest Moniz the guy

175

00:08:07,239 --> 00:08:06,139

that was the head of the Department of

176

00:08:09,549 --> 00:08:07,249

Energy when he was on the Chelsea

177

00:08:10,809 --> 00:08:09,559

Handler show we played this clip many

178

00:08:12,219 --> 00:08:10,819

times I'll probably play it again

179

00:08:13,749 --> 00:08:12,229

because I want people to hear he

180

00:08:15,579 --> 00:08:13,759

actually said when they asked him about

181

00:08:16,929 --> 00:08:15,589

some of the experiments that do the

182

00:08:19,689 --> 00:08:16,939

Department of Energy he even said that

183

00:08:22,119 --> 00:08:19,699

they do experiments in the upside down

184

00:08:23,559 --> 00:08:22,129

even though many people if you ask them

185

00:08:25,239 --> 00:08:23,569

if you do any searches on the inner

186

00:08:26,889 --> 00:08:25,249

they'll say well do they do they do

187

00:08:28,629 --> 00:08:26,899

dimensional experiments and do they do

188

00:08:30,279 --> 00:08:28,639

experiments with kids and do that is oh

189

00:08:31,749 --> 00:08:30,289

no no no the Department of Energy

190

00:08:33,730 --> 00:08:31,759

doesn't do that at all it doesn't judge

191

00:08:35,290 --> 00:08:33,740

whatever some stranger things told you

192

00:08:38,019 --> 00:08:35,300

don't believe it it's a work of fiction

193

00:08:39,040 --> 00:08:38,029

and so uh you know I'll play that clip

194

00:08:40,480 --> 00:08:39,050

for you just so you can hear it's

195

00:08:41,949 --> 00:08:40,490

amazing he said that they do these

196

00:08:46,329 --> 00:08:41,959

experiments and he's the guy that would

197

00:08:47,829 --> 00:08:46,339

know triple-eight 673 3,700 Tim Schwartz

198

00:08:50,710 --> 00:08:47,839

with us tonight on ground zero already

199

00:08:52,540 --> 00:08:50,720

I'm educated beyond what these projects

200

00:08:54,220 --> 00:08:52,550

are that we uncovered that are going on

201  
00:08:55,569 --> 00:08:54,230  
right now experimental projects we don't

202  
00:08:58,000 --> 00:08:55,579  
know where they're being carried out but

203  
00:09:00,009 --> 00:08:58,010  
they are it's like something out of pay

204  
00:09:01,030 --> 00:09:00,019  
dripped out of stranger things we're

205  
00:09:03,730 --> 00:09:01,040  
talking about that tonight at Ground

206  
00:09:06,670 --> 00:09:03,740  
Zero triple-eight 673 3,700 that's

207  
00:09:08,319 --> 00:09:06,680  
triple 8 673 3,700 more ground zero to

208  
00:09:09,970 --> 00:09:08,329  
come don't go away

209  
00:09:13,660 --> 00:09:09,980  
many of you have aware that are aware

210  
00:09:15,579 --> 00:09:13,670  
that some Ernest Moniz who is the United

211  
00:09:17,350 --> 00:09:15,589  
States Secretary of Energy appeared on

212  
00:09:21,400 --> 00:09:17,360  
Chelsea Handler to talk about stranger

213  
00:09:22,359 --> 00:09:21,410

things and he was there to talk about he

214

00:09:25,419 --> 00:09:22,369

was there talking about climate change

215

00:09:27,489 --> 00:09:25,429

actually he's a nuclear physicist he

216

00:09:29,999 --> 00:09:27,499

actually dropped some truth bombs on

217

00:09:32,289 --> 00:09:30,009

this episode of Chelsea Handler about

218

00:09:33,850 --> 00:09:32,299

what goes on in stranger things the

219

00:09:35,079 --> 00:09:33,860

Department of Energy and he talked about

220

00:09:36,910 --> 00:09:35,089

the experiments that happened listen to

221

00:09:37,989 --> 00:09:36,920

this I have a curious question for you

222

00:09:39,189 --> 00:09:37,999

you I don't know if you ever saw

223

00:09:44,530 --> 00:09:39,199

stranger things have you guys paid

224

00:09:46,539 --> 00:09:44,540

attention this phenomena show they have

225

00:09:51,160 --> 00:09:46,549

a Department of Energy and they spend a

226

00:09:54,910 --> 00:09:51,170

lot of time investigating what can you

227

00:09:57,850 --> 00:09:54,920

tell us about that I can tell you first

228

00:10:02,100 --> 00:09:57,860

of all that I've never seen it but but

229

00:10:05,439 --> 00:10:02,110

I'm aware of it secondly I believe this

230

00:10:07,329 --> 00:10:05,449

fictional de laboratory was operating in

231

00:10:10,600 --> 00:10:07,339

the 1980s you can draw whatever

232

00:10:12,879 --> 00:10:10,610

inference you wish from that third I

233

00:10:29,580 --> 00:10:12,889

will note that actually we do work in

234

00:10:35,160 --> 00:10:33,570

it turns out actually the first question

235

00:10:37,200 --> 00:10:35,170

was about responsibilities and I focused

236

00:10:39,450 --> 00:10:37,210

on energy but we also had nuclear

237

00:10:42,330 --> 00:10:39,460

security responsibilities like the Iran

238

00:10:45,000 --> 00:10:42,340

agreement we are also a big supporter of

239

00:10:47,490 --> 00:10:45,010

very basic science and that includes

240

00:10:48,990 --> 00:10:47,500

trying to understand the basic particles

241

00:10:52,620 --> 00:10:49,000

of nature and the structure of the

242

00:10:54,630 --> 00:10:52,630

universe it turns out theoretical

243

00:10:57,030 --> 00:10:54,640

physics addressing that who looks at

244

00:10:59,580 --> 00:10:57,040

things like higher dimensions than three

245

00:11:04,380 --> 00:10:59,590

dimensions a strange variation for us

246

00:11:05,910 --> 00:11:04,390

but autobiographies say we but I would

247

00:11:09,440 --> 00:11:05,920

not get carried away in terms of some of

248

00:11:14,000 --> 00:11:09,450

the other things that happen I believe

249

00:11:17,130 --> 00:11:15,900

basically what do you say there's no dim

250

00:11:19,920 --> 00:11:17,140

Igor gun that's what he was trying to

251  
00:11:21,330 --> 00:11:19,930  
say but the truth is that there are

252  
00:11:23,460 --> 00:11:21,340  
things it was really funny as the Joshua

253  
00:11:25,620 --> 00:11:23,470  
Jackson was on the panel and he was in a

254  
00:11:27,150 --> 00:11:25,630  
TV show called Fringe which is about

255  
00:11:29,340 --> 00:11:27,160  
time travel which is about experiments

256  
00:11:32,460 --> 00:11:29,350  
and and actually experiment that went on

257  
00:11:33,930 --> 00:11:32,470  
with kids who had supernatural powers so

258  
00:11:36,060 --> 00:11:33,940  
it's kind of the same idea that fringe

259  
00:11:37,980 --> 00:11:36,070  
has it was a kid it was a group of kids

260  
00:11:40,050 --> 00:11:37,990  
who were being experimented upon that

261  
00:11:41,760 --> 00:11:40,060  
they could go do time-travel kind of

262  
00:11:43,200 --> 00:11:41,770  
like what happened on cycling stranger

263  
00:11:44,400 --> 00:11:43,210

things but stranger things it's more

264

00:11:46,740 --> 00:11:44,410

focused on the kids and the

265

00:11:48,570 --> 00:11:46,750

experimentation Tim Schwartz with us

266

00:11:51,360 --> 00:11:48,580

tonight on ground zero you know what can

267

00:11:52,800 --> 00:11:51,370

you tell us about Montauk you have any

268

00:11:58,770 --> 00:11:52,810

ideas about what really went on there

269

00:12:01,320 --> 00:11:58,780

camp hero Montauk was allegedly Clyde an

270

00:12:04,230 --> 00:12:01,330

offshoot of the Philadelphia Experiment

271

00:12:06,410 --> 00:12:04,240

which which happened in the 1940s you

272

00:12:10,140 --> 00:12:06,420

purely by accident

273

00:12:15,780 --> 00:12:10,150

we're a navy ship they were trying to

274

00:12:18,560 --> 00:12:15,790

dig out it and it ended up allegedly

275

00:12:22,440 --> 00:12:18,570

becoming invisible and teleporting and

276  
00:12:25,710 --> 00:12:22,450  
killing a bunch of the crewmen on board

277  
00:12:28,140 --> 00:12:25,720  
well supposedly because of what was

278  
00:12:31,320 --> 00:12:28,150  
learned from that initial experiment it

279  
00:12:33,280 --> 00:12:31,330  
was then later taken to Montauk Long

280  
00:12:39,690 --> 00:12:33,290  
Island to camp here

281  
00:12:46,410 --> 00:12:39,700  
where they started using supposedly

282  
00:12:48,880 --> 00:12:46,420  
runaway children boys especially and you

283  
00:12:50,680 --> 00:12:48,890  
have to realize that you know there

284  
00:12:53,380 --> 00:12:50,690  
there's been so many stories that have

285  
00:12:55,390 --> 00:12:53,390  
surfaced about this it's it's becoming

286  
00:12:56,950 --> 00:12:55,400  
more more difficult to separate the

287  
00:12:58,690 --> 00:12:56,960  
wheat from the chaff exactly there's

288  
00:13:01,510 --> 00:12:58,700

always a mythology surrounding things

289

00:13:04,420 --> 00:13:01,520

like this it's like anything that you

290

00:13:05,830 --> 00:13:04,430

when you get into the story the I guess

291

00:13:07,630 --> 00:13:05,840

the meat of the story would be the yes

292

00:13:11,320 --> 00:13:07,640

experimentation went on a camp hero

293

00:13:12,250 --> 00:13:11,330

there were children using children a lot

294

00:13:16,210 --> 00:13:12,260

of it had to do with Stargate

295

00:13:17,680 --> 00:13:16,220

experiments MK artichoke MKULTRA many

296

00:13:19,840 --> 00:13:17,690

experiments they wanted to remote view

297

00:13:21,970 --> 00:13:19,850

Russian targets during the Cold War I

298

00:13:24,190 --> 00:13:21,980

mean a lot of that stuff that 11 does in

299

00:13:25,540 --> 00:13:24,200

stranger things is certainly the same

300

00:13:28,690 --> 00:13:25,550

type of stuff that they were getting

301

00:13:30,280 --> 00:13:28,700

kids to do under the cover of the Army

302

00:13:31,510 --> 00:13:30,290

was an Army project they had nothing to

303

00:13:33,430 --> 00:13:31,520

do with a CI had everything to do with

304

00:13:35,020 --> 00:13:33,440

the army so that's what we're seeing

305

00:13:36,430 --> 00:13:35,030

right now is we're seeing these types of

306

00:13:39,130 --> 00:13:36,440

projects who are saving for the little

307

00:13:41,770 --> 00:13:39,140

workers the the facial recognition the

308

00:13:42,760 --> 00:13:41,780

infrared all these secret experiments

309

00:13:45,040 --> 00:13:42,770

going on we don't know where they're

310

00:13:47,590 --> 00:13:45,050

going oh they're actually being done in

311

00:13:49,660 --> 00:13:47,600

labs they're sponsored by a lot of

312

00:13:51,640 --> 00:13:49,670

people that have money to go into these

313

00:13:54,070 --> 00:13:51,650

projects in fact I want to talk about

314

00:13:56,140 --> 00:13:54,080

coming up a project that was invested by

315

00:14:00,010 --> 00:13:56,150

a well known figure that turned out to

316

00:14:01,900 --> 00:14:00,020

be a very bad vaccine that was being

317

00:14:03,220 --> 00:14:01,910

used to experiment on people the Food

318

00:14:04,870 --> 00:14:03,230

and Drug Administration right now are

319

00:14:06,370 --> 00:14:04,880

investigating it but you're not gonna

320

00:14:08,200 --> 00:14:06,380

hear it on the mainstream news you're

321

00:14:10,450 --> 00:14:08,210

gonna hear it here on ground zero pretty

322

00:14:13,690 --> 00:14:10,460

terrifying activity going on Triple

323

00:14:15,970 --> 00:14:13,700

Eight 673 3,700 that's Triple Eight 673

324

00:14:18,070 --> 00:14:15,980

3700 and the times of genetic tinkering

325

00:14:20,350 --> 00:14:18,080

and the times of radiation experiments

326

00:14:21,970 --> 00:14:20,360

where we thought everything in stock we

327

00:14:24,070 --> 00:14:21,980

thought the Tuskegee experiments with

328

00:14:26,110 --> 00:14:24,080

syphilis were over there are now studies

329

00:14:27,940 --> 00:14:26,120

being carried out on people even young

330

00:14:29,860 --> 00:14:27,950

people right now similar to what's going

331

00:14:31,840 --> 00:14:29,870

on or what happened and the TV show

332

00:14:33,160 --> 00:14:31,850

stranger things Tim Schwartz with us to

333

00:14:37,030 --> 00:14:33,170

that on ground zero and your calls

334

00:14:39,970 --> 00:14:37,040

triple 8 673 3,700 that's triple 8 673

335

00:14:42,499 --> 00:14:39,980

3700 others back with more don't go away

336

00:14:44,930 --> 00:14:42,509

you are listed a ground zero that I'm

337

00:14:48,560 --> 00:14:44,940

just callin I travel 867 337 under

338

00:14:50,210 --> 00:14:48,570

that's triple 8 6 7 3 3,700 people are

339

00:14:52,540 --> 00:14:50,220

giving out too much information on

340

00:14:56,240 --> 00:14:52,550

Facebook they're giving away their DNA

341

00:14:58,189 --> 00:14:56,250

there they don't know where it goes they

342

00:15:00,290 --> 00:14:58,199

don't know what's going on we know that

343

00:15:02,870 --> 00:15:00,300

secret experiments are going on again on

344

00:15:05,420 --> 00:15:02,880

a human subject GlaxoSmithKline just

345

00:15:07,460 --> 00:15:05,430

made a deal 300 million dollars for a

346

00:15:09,019 --> 00:15:07,470

4-year collaboration with 23andme wide

347

00:15:11,329 --> 00:15:09,029

because they want to use the DNA that's

348

00:15:15,050 --> 00:15:11,339

already stored for drug code targeting

349

00:15:17,329 --> 00:15:15,060

so you can imagine what they can do with

350

00:15:19,490 --> 00:15:17,339

all that power and how they've created a

351

00:15:20,720 --> 00:15:19,500

gimmick to get people to hand over their

352

00:15:23,139 --> 00:15:20,730

DNA and then thinking to whatever they

353

00:15:25,220 --> 00:15:23,149

want with it you know you were talking

354

00:15:26,749 --> 00:15:25,230

earlier with me off the air about an

355

00:15:30,980 --> 00:15:26,759

experiment actually not experiment it

356

00:15:33,199 --> 00:15:30,990

was a DNA story the a lot of people are

357

00:15:36,110 --> 00:15:33,209

not aware of about how this was done to

358

00:15:38,600 --> 00:15:36,120

a woman was it in the 1950s Tim Tim

359

00:15:41,809 --> 00:15:38,610

Schwartz well this is Tim yeah that's

360

00:15:43,670 --> 00:15:41,819

that's correct it it involved an

361

00:15:46,879 --> 00:15:43,680

african-american woman by the name of

362

00:15:51,379 --> 00:15:46,889

Henrietta Lacks she had gone to the

363

00:15:53,780 --> 00:15:51,389

hospital to with complaints after a

364

00:15:59,689 --> 00:15:53,790

pregnancy and it was discovered that she

365

00:16:04,009 --> 00:15:59,699

had a tumor in her or uterus at some

366

00:16:06,970 --> 00:16:04,019

point during her treatment they they

367

00:16:11,780 --> 00:16:06,980

took a sample from this tumor and

368

00:16:14,059 --> 00:16:11,790

developed basically what was the first

369

00:16:18,319 --> 00:16:14,069

Mason make sure I get this correct

370

00:16:20,120 --> 00:16:18,329

the first immortalised cell line from

371

00:16:22,280 --> 00:16:20,130

this now that immortalized cell line

372

00:16:25,250 --> 00:16:22,290

will reproduced indefinitely under

373

00:16:28,040 --> 00:16:25,260

specific conditions and they developed

374

00:16:30,710 --> 00:16:28,050

what was what's called the the HeLa cell

375

00:16:34,610 --> 00:16:30,720

line and it continues to be a source of

376

00:16:39,980 --> 00:16:34,620

invaluable medical data to the present

377

00:16:42,980 --> 00:16:39,990

day they still have cells from this poor

378

00:16:47,629 --> 00:16:42,990

woman that are alive today she'd passed

379

00:16:51,630 --> 00:16:47,639

away in 1951 I think is where it was yet

380

00:16:55,140 --> 00:16:51,640

her cell line is still alive

381

00:16:58,170 --> 00:16:55,150

actually made a number of people rich

382

00:17:01,560 --> 00:16:58,180

because they went and patented his cell

383

00:17:05,030 --> 00:17:01,570

line her family however knew nothing

384

00:17:10,319 --> 00:17:05,040

about this they didn't find out until

385

00:17:12,630 --> 00:17:10,329

1975 that the cell line existed and and

386

00:17:14,010 --> 00:17:12,640

and its use for medical research and

387

00:17:16,740 --> 00:17:14,020

it's still using it today are they not

388

00:17:19,470 --> 00:17:16,750

yes they are yes they are yeah and it's

389

00:17:21,870 --> 00:17:19,480

you know it's it's really been very

390

00:17:27,780 --> 00:17:21,880

beneficial when it comes to the research

391

00:17:31,200 --> 00:17:27,790

of cancer however they took this without

392

00:17:35,990 --> 00:17:31,210

her agreement without her family's

393

00:17:38,430 --> 00:17:36,000

agreement and and profited off of its

394

00:17:41,010 --> 00:17:38,440

dead none of the family members profited

395

00:17:44,280 --> 00:17:41,020

either did that no dope nope they did

396

00:17:45,920 --> 00:17:44,290

not and that that could still happen

397

00:17:50,760 --> 00:17:45,930

today

398

00:17:51,900 --> 00:17:50,770

maybe you sent 2:23 right yeah that's

399

00:17:53,550 --> 00:17:51,910

the thing is I don't think people

400

00:17:55,110 --> 00:17:53,560

understand I mean it's a big gimmick and

401  
00:17:56,880 --> 00:17:55,120  
the reason why you're not getting the

402  
00:17:58,050 --> 00:17:56,890  
information on the mainstream channels

403  
00:17:59,930 --> 00:17:58,060  
is because you take a look at who's

404  
00:18:02,190 --> 00:17:59,940  
advertising on the main stream channels

405  
00:18:04,170 --> 00:18:02,200  
23andme and all these companies are

406  
00:18:06,120 --> 00:18:04,180  
advertising the drug companies are

407  
00:18:08,130 --> 00:18:06,130  
advertising these experimental companies

408  
00:18:09,660 --> 00:18:08,140  
are advertising and people who are

409  
00:18:11,550 --> 00:18:09,670  
desperate or the ones who go and get

410  
00:18:13,680 --> 00:18:11,560  
these experiments done and have them

411  
00:18:15,930 --> 00:18:13,690  
done to them and they can be harmed

412  
00:18:22,760 --> 00:18:15,940  
you're gonna eat a bit you know harm for

413  
00:18:30,710 --> 00:18:26,580

the main things though that I really did

414

00:18:36,750 --> 00:18:30,720

need to point out is that if you do not

415

00:18:40,970 --> 00:18:36,760

want your DNA to be used don't give it

416

00:18:46,050 --> 00:18:40,980

out yeah I do whatever you know what it

417

00:18:48,060 --> 00:18:46,060

resists the temptation there there was

418

00:18:50,340 --> 00:18:48,070

an episode of The Simpsons not too long

419

00:18:52,830 --> 00:18:50,350

ago where they made a comment they were

420

00:18:55,350 --> 00:18:52,840

looking for DNA off of a gun shell

421

00:18:57,360 --> 00:18:55,360

casings and the the researcher who's

422

00:18:58,340 --> 00:18:57,370

pulling the DNA says oh yeah we've got

423

00:19:00,289 --> 00:18:58,350

the DNA

424

00:19:01,400 --> 00:19:00,299

have everybody in the United States if

425

00:19:04,460 --> 00:19:01,410

you've handled a penny

426

00:19:05,570 --> 00:19:04,470

the government has your DNA why do you

427

00:19:09,740 --> 00:19:05,580

think they keep them still in

428

00:19:11,120 --> 00:19:09,750

circulation so you know the Simpsons

429

00:19:12,680 --> 00:19:11,130

have made some interesting predictions

430

00:19:14,659 --> 00:19:12,690

that have come true over the years so

431

00:19:18,789 --> 00:19:14,669

something like that it really wouldn't

432

00:19:22,400 --> 00:19:18,799

surprise me but but actually if you

433

00:19:24,890 --> 00:19:22,410

don't want your DNA out there don't

434

00:19:26,960 --> 00:19:24,900

voluntarily submit it here's something

435

00:19:30,560 --> 00:19:26,970

that comes from the horror files again

436

00:19:32,289 --> 00:19:30,570

of exposing yourself to something that

437

00:19:35,390 --> 00:19:32,299

sounds good getting paid a lot of money

438

00:19:36,919 --> 00:19:35,400

to do something it was revealed by the

439

00:19:40,610 --> 00:19:36,929

Food and Drug Administration and they

440

00:19:42,799 --> 00:19:40,620

won't officially confirm this but once

441

00:19:44,480 --> 00:19:42,809

again you you do some digging you find

442

00:19:45,770 --> 00:19:44,490

these these little tidbits that you can

443

00:19:48,020 --> 00:19:45,780

share with people apparently the Food

444

00:19:50,600 --> 00:19:48,030

and Drug Administration is pursuing

445

00:19:53,240 --> 00:19:50,610

criminal inquiries into a case of

446

00:19:56,630 --> 00:19:53,250

medical experimentation it was conducted

447

00:19:58,310 --> 00:19:56,640

illicitly in offshore location and in

448

00:20:00,770 --> 00:19:58,320

hotel rooms across the country the

449

00:20:04,880 --> 00:20:00,780

procedure under investigation was a

450

00:20:06,350 --> 00:20:04,890

self-styled drug trial apparently it was

451

00:20:08,210 --> 00:20:06,360

last-ditch effort by a university

452

00:20:10,850 --> 00:20:08,220

professor of microbiology named William

453

00:20:12,730 --> 00:20:10,860

Halford who knowingly well he knew he

454

00:20:15,169 --> 00:20:12,740

was dying from an incurable cancer

455

00:20:17,659 --> 00:20:15,179

evidently he threw both his professional

456

00:20:20,539 --> 00:20:17,669

caution and ethics to the winds he

457

00:20:22,970 --> 00:20:20,549

embarked on a test program for herpes a

458

00:20:25,669 --> 00:20:22,980

herpes vaccine invented the herpes

459

00:20:28,070 --> 00:20:25,679

vaccine he didn't get FDA approval for

460

00:20:30,880 --> 00:20:28,080

it so what'd he do he offered a program

461

00:20:34,130 --> 00:20:30,890

where people can be paid money to have

462

00:20:36,799 --> 00:20:34,140

you know this new vaccine injected into

463

00:20:39,549 --> 00:20:36,809

humans well how far died a year ago but

464

00:20:43,970 --> 00:20:39,559

not before he inflicted some really bad

465

00:20:45,770 --> 00:20:43,980

you know bad stuff on people in fact it

466

00:20:47,600 --> 00:20:45,780

really hit a blow to the ethical and

467

00:20:49,820 --> 00:20:47,610

regulatory framework of drug testing and

468

00:20:51,620 --> 00:20:49,830

vaccine testing he may have also

469

00:20:53,409 --> 00:20:51,630

inflicted adverse side effects on at

470

00:20:55,880 --> 00:20:53,419

least some of his experimental subjects

471

00:20:58,130 --> 00:20:55,890

this is the way he offered very shady

472

00:21:00,020 --> 00:20:58,140

way it's difficult to find all of his

473

00:21:02,299 --> 00:21:00,030

subjects and to accurately assess what

474

00:21:04,039 --> 00:21:02,309

medical damage he may have caused some

475

00:21:05,659 --> 00:21:04,049

of the few participants who have been

476

00:21:08,480 --> 00:21:05,669  
successfully located say they've

477

00:21:09,890 --> 00:21:08,490  
experienced distressing reactions the

478

00:21:11,990 --> 00:21:09,900  
generally accepted medical science

479

00:21:13,850 --> 00:21:12,000  
procedure is in essence to first conduct

480

00:21:16,580 --> 00:21:13,860  
Cissie and safety tests on animals and

481

00:21:18,590 --> 00:21:16,590  
only then if the experimental results

482

00:21:20,780 --> 00:21:18,600  
passed muster with the FDA but he just

483

00:21:23,180 --> 00:21:20,790  
went ahead avoided the animal thing and

484

00:21:26,000 --> 00:21:23,190  
tested on humans the company that he

485

00:21:27,470 --> 00:21:26,010  
formed called rational vaccines which is

486

00:21:29,720 --> 00:21:27,480  
now under the investigator under

487

00:21:31,520 --> 00:21:29,730  
investigation scrutiny has declined to

488

00:21:33,200 --> 00:21:31,530

comment on the case apart from saying it

489

00:21:35,390 --> 00:21:33,210

will cooperate with federal inquiries

490

00:21:36,770 --> 00:21:35,400

and is now adopting a more classical

491

00:21:39,320 --> 00:21:36,780

approach to product development now

492

00:21:41,240 --> 00:21:39,330

here's the thing that's interesting one

493

00:21:44,660 --> 00:21:41,250

of the company's biggest investors is

494

00:21:46,750 --> 00:21:44,670

Peter Thiel the company that he that

495

00:21:48,860 --> 00:21:46,760

invested in this vaccine was Peter Thiel

496

00:21:51,530 --> 00:21:48,870

he's also a board with a company called

497

00:21:53,060 --> 00:21:51,540

ambrosia which harvests the blood of

498

00:21:54,440 --> 00:21:53,070

young donors and gives it to aging

499

00:21:55,970 --> 00:21:54,450

people promising them youth it's the

500

00:21:57,320 --> 00:21:55,980

it's the drink of the elite Ambrose

501  
00:22:00,310 --> 00:21:57,330  
you've heard about this right this this

502  
00:22:02,780 --> 00:22:00,320  
company that gives blood transfusions

503  
00:22:04,190 --> 00:22:02,790  
from young people they take the blood

504  
00:22:05,780 --> 00:22:04,200  
from young people and then old people

505  
00:22:07,310 --> 00:22:05,790  
come in or older elite people who have

506  
00:22:08,840 --> 00:22:07,320  
enough money come in and they get

507  
00:22:11,630 --> 00:22:08,850  
transfusions of young people's blood

508  
00:22:14,780 --> 00:22:11,640  
they say gives them gives them youth yes

509  
00:22:18,170 --> 00:22:14,790  
and yeah go ahead I was just gonna say

510  
00:22:19,700 --> 00:22:18,180  
there's actually been some very and I

511  
00:22:22,550 --> 00:22:19,710  
hate to use the word promising but

512  
00:22:25,250 --> 00:22:22,560  
promising research it shows that there

513  
00:22:27,650 --> 00:22:25,260

may be some basis to that I mean it's

514

00:22:30,830 --> 00:22:27,660

it's just really you know unethical in

515

00:22:33,470 --> 00:22:30,840

my opinion but apparently it it may

516

00:22:35,330 --> 00:22:33,480

actually work what kind of what kind of

517

00:22:38,150 --> 00:22:35,340

vampires do we have out there that want

518

00:22:41,480 --> 00:22:38,160

to take DNA that collect human fluids

519

00:22:44,240 --> 00:22:41,490

that put human dead Chinese prisoners on

520

00:22:46,370 --> 00:22:44,250

display but do experiments on kids and

521

00:22:48,710 --> 00:22:46,380

and yet it was the what was the church

522

00:22:50,650 --> 00:22:48,720

Church congressional hearings that did

523

00:22:54,010 --> 00:22:50,660

basically said this shouldn't happen

524

00:22:56,120 --> 00:22:54,020

Bill Clinton apologized to the tuskegee

525

00:22:57,950 --> 00:22:56,130

soldiers that were experiment upon with

526

00:22:59,810 --> 00:22:57,960

syphilis and all they said was it I'm

527

00:23:01,640 --> 00:22:59,820

sorry they didn't even me that's all I

528

00:23:02,450 --> 00:23:01,650

got these guys suffered horrible side

529

00:23:04,280 --> 00:23:02,460

effects from these human

530

00:23:06,350 --> 00:23:04,290

experimentations and now we're doing it

531

00:23:08,600 --> 00:23:06,360

again with this FOIA document that I

532

00:23:10,670 --> 00:23:08,610

sent you and I think people are just

533

00:23:12,350 --> 00:23:10,680

completely oblivious to these

534

00:23:15,380 --> 00:23:12,360

experiments are going on in oblivious to

535

00:23:19,220 --> 00:23:15,390

where their DNA goes well in the past

536

00:23:22,100 --> 00:23:19,230

they would always target minorities the

537

00:23:22,520 --> 00:23:22,110

poor the mentally disabled you know they

538

00:23:26,620 --> 00:23:22,530

would you

539

00:23:30,110 --> 00:23:26,630

prisons as really you know

540

00:23:35,570 --> 00:23:30,120

experimentation laboratories insane

541

00:23:37,850 --> 00:23:35,580

asylums places like that it continues

542

00:23:40,580 --> 00:23:37,860

somewhat in the same fashion because

543

00:23:42,680 --> 00:23:40,590

they target people who are poor and

544

00:23:45,830 --> 00:23:42,690

offer them you know a considerable

545

00:23:49,280 --> 00:23:45,840

amount of money to basically use their

546

00:23:54,230 --> 00:23:49,290

bodies as as laboratory experiments so

547

00:23:56,780 --> 00:23:54,240

it really hasn't changed that much the

548

00:24:00,140 --> 00:23:56,790

difference probably is that from a most

549

00:24:02,530 --> 00:24:00,150

part the people are entering into this

550

00:24:05,930 --> 00:24:02,540

willingly because they're getting paid

551

00:24:08,410 --> 00:24:05,940

unlike in the past where a lot of the

552

00:24:10,730 --> 00:24:08,420

victims of these you know secret

553

00:24:12,350 --> 00:24:10,740

experimentations it would basically

554

00:24:13,880 --> 00:24:12,360

force to they didn't have a choice so

555

00:24:16,790 --> 00:24:13,890

you know you look at some of these

556

00:24:18,740 --> 00:24:16,800

prison experiments you know possibly the

557

00:24:20,660 --> 00:24:18,750

prisoners were promised that you know

558

00:24:22,670 --> 00:24:20,670

they they would have they could have a

559

00:24:25,100 --> 00:24:22,680

bed to sleep on you know rather than

560

00:24:28,250 --> 00:24:25,110

sleeping on the floor if they consented

561

00:24:30,440 --> 00:24:28,260

you know to allow themselves to be it or

562

00:24:32,870 --> 00:24:30,450

shut up with syphilis or hepatitis or

563

00:24:34,940 --> 00:24:32,880

things like that right you know nowadays

564

00:24:36,620 --> 00:24:34,950

it's just like well you know the

565

00:24:39,530 --> 00:24:36,630

government has foreclosed on your house

566

00:24:42,050 --> 00:24:39,540

how about if you let us experiment on

567

00:24:43,550 --> 00:24:42,060

your body you know we'll give you you

568

00:24:44,900 --> 00:24:43,560

know a couple hundred dollars so you

569

00:24:47,030 --> 00:24:44,910

don't have to sleep in the street

570

00:24:48,860 --> 00:24:47,040

tonight someone was sending me I can't

571

00:24:50,120 --> 00:24:48,870

even go into the articles I was too busy

572

00:24:52,520 --> 00:24:50,130

to look at it was somebody had sent me a

573

00:24:53,750 --> 00:24:52,530

an experiment that was carried out or

574

00:24:57,230 --> 00:24:53,760

they brought the subjects in and they

575

00:24:58,730 --> 00:24:57,240

had them inhale diesel exhaust to find

576

00:25:01,100 --> 00:24:58,740

out the effects of the lungs on diesel

577

00:25:03,440 --> 00:25:01,110

exhaust and they were paid like what

578

00:25:05,150 --> 00:25:03,450

five thousand dollars a session to go

579

00:25:07,460 --> 00:25:05,160

and inhale diesel exhaust they said it

580

00:25:08,990 --> 00:25:07,470

wouldn't harm them in small amounts so

581

00:25:10,490 --> 00:25:09,000

you know you inhale the diesel exhaust

582

00:25:12,200 --> 00:25:10,500

and they test to see how your lungs

583

00:25:14,120 --> 00:25:12,210

react to it and I'm thinking you've got

584

00:25:16,490 --> 00:25:14,130

to be kidding me I would not pay five

585

00:25:18,170 --> 00:25:16,500

thousand dollars to inhale diesel

586

00:25:20,990 --> 00:25:18,180

exhaust to see if my lungs would react

587

00:25:25,850 --> 00:25:21,000

well you know a lot of people are really

588

00:25:27,490 --> 00:25:25,860

trusting of authority figures you know

589

00:25:31,299 --> 00:25:27,500

especially

590

00:25:33,279 --> 00:25:31,309

doctors or scientists or even you know

591

00:25:34,510 --> 00:25:33,289

if they think they're that they're you

592

00:25:36,549 --> 00:25:34,520

know dealing with a government official

593

00:25:38,230 --> 00:25:36,559

so you know if somebody says to you that

594

00:25:41,919 --> 00:25:38,240

you know well you know we want to see

595

00:25:43,539 --> 00:25:41,929

what diesel fuel fumes will do to your

596

00:25:47,110 --> 00:25:43,549

lungs brain the amount that you're going

597

00:25:49,840 --> 00:25:47,120

to be inhaling won't hurt you yeah yeah

598

00:25:51,460 --> 00:25:49,850

it was email Protection Agency secretly

599

00:25:55,029 --> 00:25:51,470

testing highly toxic lethal air

600

00:25:56,610 --> 00:25:55,039

pollutants on well actually maybe the

601  
00:25:58,899 --> 00:25:56,620  
peer the person had to be I guess

602  
00:25:59,890 --> 00:25:58,909  
near-death I think I don't know what was

603  
00:26:01,180 --> 00:25:59,900  
going on they're supposed to be

604  
00:26:01,899 --> 00:26:01,190  
unhealthy people they were supposed to

605  
00:26:03,820 --> 00:26:01,909  
go in for these

606  
00:26:05,230 --> 00:26:03,830  
inhaling x' but they would pay them five

607  
00:26:06,909 --> 00:26:05,240  
thousand but i figure i guess your

608  
00:26:08,260 --> 00:26:06,919  
health is bad anyway you know what's

609  
00:26:09,669 --> 00:26:08,270  
five thousand dollars toward your own

610  
00:26:10,990 --> 00:26:09,679  
funeral and that's the thing that

611  
00:26:12,789 --> 00:26:11,000  
bothers me is that you know they get

612  
00:26:15,039 --> 00:26:12,799  
these people who are desperate and they

613  
00:26:16,659 --> 00:26:15,049

say to them oh we need your eggs you

614

00:26:19,000 --> 00:26:16,669

know give us your eggs they'll pay like

615

00:26:20,860 --> 00:26:19,010

what eighteen grand per egg but you

616

00:26:23,110 --> 00:26:20,870

don't you only make so many eggs and of

617

00:26:24,820 --> 00:26:23,120

course there's also the the sperm banks

618

00:26:26,350 --> 00:26:24,830

for people they use sperm you don't know

619

00:26:28,750 --> 00:26:26,360

what they're using it for you don't care

620

00:26:30,549 --> 00:26:28,760

but that's the thing it could be used in

621

00:26:31,659 --> 00:26:30,559

in so experiment you don't even know

622

00:26:34,659 --> 00:26:31,669

about you think you're giving it to a

623

00:26:36,490 --> 00:26:34,669

lab to actually have sony you know give

624

00:26:41,169 --> 00:26:36,500

birth but it's not used for that she's

625

00:26:45,909 --> 00:26:41,179

trouble to think once again it's taking

626

00:26:50,730 --> 00:26:45,919

advantage of you know the the the poor

627

00:26:53,140 --> 00:26:50,740

the health struttin people like that the

628

00:26:55,379 --> 00:26:53,150

MKULTRA you know they were doing

629

00:26:58,529 --> 00:26:55,389

experiments in canada

630

00:27:01,379 --> 00:26:58,539

they would take women who had gone into

631

00:27:05,009 --> 00:27:01,389

these hospitals no for I mean nowadays

632

00:27:06,899 --> 00:27:05,019

you know it would be depression you know

633

00:27:10,259 --> 00:27:06,909

it's basically all you know all's would

634

00:27:13,319 --> 00:27:10,269

be and they would drug them with

635

00:27:17,749 --> 00:27:13,329

sedatives and then give them LSD and

636

00:27:20,279 --> 00:27:17,759

keep them sedated and on LSD for like

637

00:27:22,289 --> 00:27:20,289

forty sixty days at a time

638

00:27:24,329 --> 00:27:22,299

oh my god and just to see what would

639

00:27:25,649 --> 00:27:24,339

happen yeah see that's the things let's

640

00:27:27,899 --> 00:27:25,659

just do it and see what happens let's

641

00:27:29,729 --> 00:27:27,909

just yeah and I think people do not know

642

00:27:31,859 --> 00:27:29,739

that this is happening and it just

643

00:27:33,569 --> 00:27:31,869

scares me to think that they're giving

644

00:27:35,549 --> 00:27:33,579

they're putting a big gimmick on this a

645

00:27:36,659 --> 00:27:35,559

lot of people that do this they want to

646

00:27:37,709 --> 00:27:36,669

know their heritage some people want to

647

00:27:39,629 --> 00:27:37,719

do it cuz they want to see if there are

648

00:27:41,339 --> 00:27:39,639

American Indians so you get the benefits

649

00:27:43,709 --> 00:27:41,349

and this is the kind of horror stories

650

00:27:45,599 --> 00:27:43,719

people want money so bad so they'll do

651  
00:27:47,639 --> 00:27:45,609  
anything including sell their DNA in

652  
00:27:50,310 --> 00:27:47,649  
their spit just for a little bit of

653  
00:27:52,619 --> 00:27:50,320  
money triple eight six seven three 3700

654  
00:27:55,980 --> 00:27:52,629  
that's triple 8 673 3700 back with more

655  
00:27:55,990 --> 00:28:01,750  
[Music]

656  
00:28:06,890 --> 00:28:05,390  
on ground zero and I wanted to know what

657  
00:28:08,600 --> 00:28:06,900  
do you love to these days I mean you're

658  
00:28:10,040 --> 00:28:08,610  
very busy man and I know you took some

659  
00:28:10,580 --> 00:28:10,050  
time to be on the show tonight what are

660  
00:28:14,810 --> 00:28:10,590  
you up to

661  
00:28:18,500 --> 00:28:14,820  
oh well it's always Tim Beckley keeps me

662  
00:28:20,060 --> 00:28:18,510  
busy with new book projects articles

663  
00:28:23,990 --> 00:28:20,070

things like that you know we just

664

00:28:26,210 --> 00:28:24,000

recently finished a book about UFO

665

00:28:29,750 --> 00:28:26,220

hostilities you know people who may have

666

00:28:33,380 --> 00:28:29,760

come too close to landed UFOs to actual

667

00:28:35,240 --> 00:28:33,390

incidents where they allege that you

668

00:28:39,290 --> 00:28:35,250

know UFO occupants actually came out and

669

00:28:40,400 --> 00:28:39,300

you know beat him up you know it's

670

00:28:41,900 --> 00:28:40,410

interesting you bring that up because I

671

00:28:43,100 --> 00:28:41,910

was looking at one of my guests I'm

672

00:28:46,790 --> 00:28:43,110

having a later this week wrote a book

673

00:28:48,170 --> 00:28:46,800

about something about non-disclosure how

674

00:28:50,510 --> 00:28:48,180

disclosure would not happen and he

675

00:28:53,600 --> 00:28:50,520

actually point to the idea of alien

676  
00:28:56,870 --> 00:28:53,610  
experimentation and how there was at a

677  
00:29:00,590 --> 00:28:56,880  
time these theories about what is known

678  
00:29:02,570 --> 00:29:00,600  
as his mill labs experimentation where

679  
00:29:03,860 --> 00:29:02,580  
the military and aliens were carrying

680  
00:29:05,740 --> 00:29:03,870  
out some of these experiments we're

681  
00:29:09,170 --> 00:29:05,750  
hearing about taking DNA sperm ovum

682  
00:29:11,390 --> 00:29:09,180  
things of that nature and experimenting

683  
00:29:13,730 --> 00:29:11,400  
with it in that you know it was all done

684  
00:29:15,700 --> 00:29:13,740  
according to the aliens in order to help

685  
00:29:18,230 --> 00:29:15,710  
us because we were heading for some

686  
00:29:19,550 --> 00:29:18,240  
ecosystem collapse where humans would be

687  
00:29:21,350 --> 00:29:19,560  
on the brink of extinction and they

688  
00:29:24,080 --> 00:29:21,360

would be used to see the planet again if

689

00:29:27,080 --> 00:29:24,090

need be and so that that's always been a

690

00:29:28,370 --> 00:29:27,090

question of you know back in the 80s 70s

691

00:29:29,810 --> 00:29:28,380

and 80s we heard of these abduction

692

00:29:31,910 --> 00:29:29,820

cases they all talked about these types

693

00:29:33,710 --> 00:29:31,920

of experiments now these permits being

694

00:29:36,110 --> 00:29:33,720

carried out by people in labs and you're

695

00:29:37,610 --> 00:29:36,120

wondering well you know who are these

696

00:29:39,710 --> 00:29:37,620

people and why are they carrying out

697

00:29:41,390 --> 00:29:39,720

these experiments with DNA and and all

698

00:29:44,180 --> 00:29:41,400

this now and why are they doing it

699

00:29:46,010 --> 00:29:44,190

underhandedly by offering you know you

700

00:29:47,990 --> 00:29:46,020

know some sort of a I guess you can say

701  
00:29:49,760 --> 00:29:48,000  
a reward like finding out where your

702  
00:29:52,610 --> 00:29:49,770  
heritage is or something like that I I

703  
00:29:54,290 --> 00:29:52,620  
don't get how this is I mean I do get

704  
00:29:56,090 --> 00:29:54,300  
out salary but just wondering why people

705  
00:29:58,820 --> 00:29:56,100  
would be so willing to give up their DNA

706  
00:30:00,800 --> 00:29:58,830  
for this well it's like you said earlier

707  
00:30:03,380 --> 00:30:00,810  
I mean there are people who are

708  
00:30:05,400 --> 00:30:03,390  
interested and their their genetics

709  
00:30:07,350 --> 00:30:05,410  
their their heritage and

710  
00:30:11,880 --> 00:30:07,360  
know that there are others who are

711  
00:30:14,460 --> 00:30:11,890  
needing to know if there is you say like

712  
00:30:17,430 --> 00:30:14,470  
a a genetic predisposition towards

713  
00:30:20,820 --> 00:30:17,440

certain kinds of diseases so you know I

714

00:30:23,340 --> 00:30:20,830

could see where people would would what

715

00:30:24,870 --> 00:30:23,350

what to find out things like that but

716

00:30:26,400 --> 00:30:24,880

however as you said if you're just

717

00:30:28,950 --> 00:30:26,410

wanting to find out if you're you know

718

00:30:30,600 --> 00:30:28,960

related to you know Native Americans or

719

00:30:32,640 --> 00:30:30,610

something along those lines perhaps it

720

00:30:35,010 --> 00:30:32,650

would be best just to resist that urge

721

00:30:36,300 --> 00:30:35,020

and you know keep your spit in your

722

00:30:37,650 --> 00:30:36,310

mouth for a while long there are other

723

00:30:39,630 --> 00:30:37,660

ways to figure it out you can go do the

724

00:30:41,310 --> 00:30:39,640

research and just by name only you'll

725

00:30:43,890 --> 00:30:41,320

know who your ancestors all you really

726

00:30:45,450 --> 00:30:43,900

don't have to you know get blood or spit

727

00:30:47,100 --> 00:30:45,460

or anything incentive to some company

728

00:30:48,510 --> 00:30:47,110

and have them tell you who you are you

729

00:30:50,190 --> 00:30:48,520

can actually do the work yourself jenny

730

00:30:51,480 --> 00:30:50,200

ology is not a hard thing to pick up on

731

00:30:53,280 --> 00:30:51,490

in fact that's the only reason why they

732

00:30:55,410 --> 00:30:53,290

do is they give you this idea of where

733

00:30:56,730 --> 00:30:55,420

to begin or to find out here related to

734

00:30:58,440 --> 00:30:56,740

and that's what it's all about and you

735

00:31:00,630 --> 00:30:58,450

can do that on your own you don't need a

736

00:31:02,160 --> 00:31:00,640

company but take your DNA to tell you

737

00:31:04,410 --> 00:31:02,170

Tim thank you so much for being on the

738

00:31:06,120 --> 00:31:04,420

program tonight thank you glad I had a

739

00:31:08,280 --> 00:31:06,130

great time I hope your audience enjoyed

740

00:31:09,520 --> 00:31:08,290

it as well all your fantastic and glad
