

**EXPLORING THE BIZARRE**

**TIME TRAVEL**

1  
00:00:37,320 --> 00:00:21,830

[Music]

2  
00:00:44,280 --> 00:00:41,620

explode the bazaars are your e-ticket

3  
00:00:47,560 --> 00:00:44,290

ride into the world of the paranoid

4  
00:00:51,870 --> 00:00:47,570

strap yourself in as we traverse the

5  
00:00:54,990 --> 00:00:51,880

universe exploring the unexplained UFO s

6  
00:00:57,370 --> 00:00:55,000

ghosts lost world

7  
00:01:01,240 --> 00:00:57,380

cryptozoology as well as other

8  
00:01:05,620 --> 00:01:01,250

dimensions it's time to take back the

9  
00:01:08,890 --> 00:01:05,630

night last night now your electrifying

10  
00:01:15,609 --> 00:01:08,900

hosts of exploring the bizarre Timothy

11  
00:01:18,880 --> 00:01:15,619

Beckley and Tim Schwartz look at all

12  
00:01:21,520 --> 00:01:18,890

those planets stars I'm doing a bit of

13  
00:01:24,600 --> 00:01:21,530

time traveling and it's spooky out here

14

00:01:26,130 --> 00:01:24,610

in this parallel universe full of weird

15

00:01:30,100 --> 00:01:26,140

coincidences

16

00:01:33,640 --> 00:01:30,110

how does it how's that well it's one

17

00:01:37,150 --> 00:01:33,650

damn synchronicity after another I was

18

00:01:39,010 --> 00:01:37,160

just talking to my assistant Carol about

19

00:01:41,200 --> 00:01:39,020

doing some artwork for a little booklet

20

00:01:44,609 --> 00:01:41,210

my friend Wally El Mark David Bowie's

21

00:01:48,219 --> 00:01:44,619

personal White Witch she wrote it in

22

00:01:51,070 --> 00:01:48,229

1972 I couldn't find my copy I'd been

23

00:01:53,499 --> 00:01:51,080

planning to do that for a reprint for a

24

00:01:56,830 --> 00:01:53,509

while but I came across one on ebay so I

25

00:01:58,919 --> 00:01:56,840

sent for it and I got that in the mail

26

00:02:01,510 --> 00:01:58,929

and that I didn't realize that I oh

27

00:02:03,400 --> 00:02:01,520

there goes another planet and here comes

28

00:02:06,190 --> 00:02:03,410

a comment I better move over this way

29

00:02:07,660 --> 00:02:06,200

well it's kind of strange but I didn't

30

00:02:10,290 --> 00:02:07,670

realize that I had written the

31

00:02:13,590 --> 00:02:10,300

introduction to this little booklet oh

32

00:02:17,680 --> 00:02:13,600

that's that's kind of strange

33

00:02:22,630 --> 00:02:17,690

is there more than that well kind of you

34

00:02:25,420 --> 00:02:22,640

know how I'm always being under siege by

35

00:02:26,830 --> 00:02:25,430

some synchronously or another after

36

00:02:29,530 --> 00:02:26,840

putting this little booklet aside I

37

00:02:31,780 --> 00:02:29,540

started reading my email and there was

38

00:02:33,790 --> 00:02:31,790

an email from a Wally now I've never

39

00:02:35,410 --> 00:02:33,800

received an email from a Wally before of

40

00:02:37,470 --> 00:02:35,420

course it wasn't my friend Wally because

41

00:02:39,430 --> 00:02:37,480

as she's deceased

42

00:02:42,220 --> 00:02:39,440

exempt if you believe some of the other

43

00:02:45,130 --> 00:02:42,230

guests that have been on and you refer

44

00:02:47,229 --> 00:02:45,140

to the book that we did on the matrix

45

00:02:50,860 --> 00:02:47,239

control system of philip k dick we know

46

00:02:54,190 --> 00:02:50,870

that sometimes the deceased have of

47

00:02:56,080 --> 00:02:54,200

very symbolic ways of getting in in

48

00:02:58,420 --> 00:02:56,090

touch with us but I had never received

49

00:03:02,050 --> 00:02:58,430

an email from Wally before and here it

50

00:03:04,479 --> 00:03:02,060

was I mean within two minutes after I

51  
00:03:06,970 --> 00:03:04,489  
put the booklet aside that I'm going to

52  
00:03:10,149 --> 00:03:06,980  
reprint so what the heck does that all

53  
00:03:13,270 --> 00:03:10,159  
mean I don't know maybe she's showing

54  
00:03:15,670 --> 00:03:13,280  
her approval to reissue the book that's

55  
00:03:18,280 --> 00:03:15,680  
what I would think well there you go

56  
00:03:21,580 --> 00:03:18,290  
then that and you know that also ties in

57  
00:03:27,880 --> 00:03:21,590  
with our show tonight well why don't I

58  
00:03:32,339 --> 00:03:27,890  
get back over there oh all right well

59  
00:03:36,699 --> 00:03:32,349  
that was just say an exploding star so I

60  
00:03:40,030 --> 00:03:36,709  
see Casey oh our radio with studio and

61  
00:03:42,369 --> 00:03:40,040  
I'm going to pull up in land right on

62  
00:03:44,140 --> 00:03:42,379  
the roof all right well you know Tim

63  
00:03:48,130 --> 00:03:44,150

we've got two fantastic guests tonight

64

00:03:53,140 --> 00:03:48,140

we have with us we have dr. Eric Ward oh

65

00:03:57,009 --> 00:03:53,150

and Larry Flaxman now Eric is the author

66

00:04:01,150 --> 00:03:57,019

of the new book time loops precognition

67

00:04:04,720 --> 00:04:01,160

Retro causation and the unconscious he

68

00:04:07,509 --> 00:04:04,730

has a PhD in anthropology from Emory

69

00:04:10,059 --> 00:04:07,519

University and works as a science writer

70

00:04:11,500 --> 00:04:10,069

and editor in Washington DC now in his

71

00:04:14,440 --> 00:04:11,510

spare time he writes about

72

00:04:17,080 --> 00:04:14,450

science-fiction consciousness and the

73

00:04:19,390 --> 00:04:17,090

paranormal at his popular blog the

74

00:04:23,980 --> 00:04:19,400

nightshirt and I should point out that

75

00:04:27,339 --> 00:04:23,990

time loops is his first book and I tell

76

00:04:31,060 --> 00:04:27,349

you for a first book it's a it's a

77

00:04:33,700 --> 00:04:31,070

fantastic book I highly recommend it now

78

00:04:35,950 --> 00:04:33,710

also with us tonight is Larry Flaxman

79

00:04:38,920 --> 00:04:35,960

now Larry is the best-selling author and

80

00:04:42,189 --> 00:04:38,930

researcher and is on a mission to inform

81

00:04:44,860 --> 00:04:42,199

empower and entertain those fascinated

82

00:04:47,710 --> 00:04:44,870

by the paranormal for newly nearly two

83

00:04:49,750 --> 00:04:47,720

decades Flaxman has been actively

84

00:04:52,570 --> 00:04:49,760

involved in paranormal research and

85

00:04:54,670 --> 00:04:52,580

hands-on field investigation with a

86

00:04:57,189 --> 00:04:54,680

strong emphasis on attempting to apply

87

00:04:59,770 --> 00:04:57,199

the scientific method method to

88

00:05:01,060 --> 00:04:59,780

unexplained phenomena Flaxman is

89

00:05:04,720 --> 00:05:01,070

redefining the field of consciousness

90

00:05:08,230 --> 00:05:04,730

via the use of real-time

91

00:05:10,960 --> 00:05:08,240

EEG analysis of the experiencer is the

92

00:05:13,150 --> 00:05:10,970

president and senior researcher of the

93

00:05:15,640 --> 00:05:13,160

Arkansas paranormal and anomalous

94

00:05:17,920 --> 00:05:15,650

studies team which has become one of the

95

00:05:20,620 --> 00:05:17,930

nation's most respected paranormal

96

00:05:23,860 --> 00:05:20,630

research organizations now Larry is the

97

00:05:26,140 --> 00:05:23,870

author of such books as 11:11 the time

98

00:05:28,380 --> 00:05:26,150

crop phenomena the meaning behind

99

00:05:31,660 --> 00:05:28,390

mysterious science sequences and

100

00:05:34,300 --> 00:05:31,670

synchronicities the grid exploring the

101

00:05:36,940 --> 00:05:34,310

hidden infrastructure of reality viral

102

00:05:38,650 --> 00:05:36,950

mythology how the truth of the Ancients

103

00:05:42,370 --> 00:05:38,660

was encoded and passed down through

104

00:05:45,040 --> 00:05:42,380

legend art and architecture and this

105

00:05:47,980 --> 00:05:45,050

book is from the future which was

106

00:05:50,650 --> 00:05:47,990

co-written with Marie de Jones so now

107

00:05:52,480 --> 00:05:50,660

this is the first time that Eric and

108

00:05:55,990 --> 00:05:52,490

Larry have been on exploring the bazaar

109

00:05:58,990 --> 00:05:56,000

so I want our audience out there to give

110

00:06:01,600 --> 00:05:59,000

them a big hand and welcome gentlemen to

111

00:06:04,830 --> 00:06:01,610

our program it's great thank you thank

112

00:06:07,570 --> 00:06:04,840

you for having me thank you very much

113

00:06:12,120 --> 00:06:07,580

greetings you guys good to be on with

114

00:06:17,740 --> 00:06:12,130

the fellow coincidence sirs I don't know

115

00:06:20,320 --> 00:06:17,750

if that's an exact word but yeah well

116

00:06:22,420 --> 00:06:20,330

you bet I've coined a quite a few words

117

00:06:23,680 --> 00:06:22,430

on this show over the the last a couple

118

00:06:29,440 --> 00:06:23,690

of years those for sure

119

00:06:31,900 --> 00:06:29,450

Hey but clue me in Larry now I I just

120

00:06:35,370 --> 00:06:31,910

filled a book a four hundred and fifty

121

00:06:37,270 --> 00:06:35,380

page book half of it were was my

122

00:06:39,970 --> 00:06:37,280

synchronicities and I'm not talking

123

00:06:42,190 --> 00:06:39,980

about waking up at night and saying you

124

00:06:44,980 --> 00:06:42,200

know like a certain time on the clock or

125

00:06:46,420 --> 00:06:44,990

thinking of somebody and calling on the

126  
00:06:48,930 --> 00:06:46,430  
you know they call on the phone a couple

127  
00:06:51,850 --> 00:06:48,940  
of days later I'm talking about hardcore

128  
00:06:53,790 --> 00:06:51,860  
synchronicities and it's your to guess

129  
00:06:56,530 --> 00:06:53,800  
tonight so I don't want to go into my

130  
00:06:59,310 --> 00:06:56,540  
synchronicities but why do they pick on

131  
00:07:02,500 --> 00:06:59,320  
me I don't think they're necessarily

132  
00:07:04,030 --> 00:07:02,510  
picking on you I think that the this

133  
00:07:07,300 --> 00:07:04,040  
chronicity is that you're experiencing

134  
00:07:09,960 --> 00:07:07,310  
or obviously some type of internal

135  
00:07:13,810 --> 00:07:09,970  
subconscious wake-up call so you know

136  
00:07:16,270 --> 00:07:13,820  
everyone has yeah yeah but they happen

137  
00:07:18,370 --> 00:07:16,280  
so often and they're so off to wall and

138  
00:07:20,920 --> 00:07:18,380

and the bizarre the

139

00:07:22,060 --> 00:07:20,930

you know I mean I I know if a Freud that

140

00:07:23,860 --> 00:07:22,070

they talked a little bit about

141

00:07:26,610 --> 00:07:23,870

synchronicities and stuff but this is

142

00:07:31,020 --> 00:07:26,620

way beyond that I mean this is like a

143

00:07:35,770 --> 00:07:33,610

have you have you checked yourself for

144

00:07:37,870 --> 00:07:35,780

any weird implant and I don't think I

145

00:07:40,090 --> 00:07:37,880

I've got enough going on here that's

146

00:07:41,860 --> 00:07:40,100

about the only thing I can imagine I I'm

147

00:07:45,010 --> 00:07:41,870

visiting the doctor like once a week

148

00:07:47,200 --> 00:07:45,020

that's the next one uh pardon me sir who

149

00:07:50,380 --> 00:07:47,210

takes care of your implants

150

00:07:52,360 --> 00:07:50,390

you know what that got 11 doctors I

151  
00:07:53,650 --> 00:07:52,370  
don't know I gotta get another one that

152  
00:07:57,640 --> 00:07:53,660  
they don't even have working there I

153  
00:07:59,410 --> 00:07:57,650  
don't think yeah yeah no I I am where

154  
00:08:01,480 --> 00:07:59,420  
would the implants be from that is

155  
00:08:04,000 --> 00:08:01,490  
definitely not my area of expertise I

156  
00:08:06,730 --> 00:08:04,010  
really can't answer that one but you

157  
00:08:08,410 --> 00:08:06,740  
know it's interesting for if you're

158  
00:08:10,630 --> 00:08:08,420  
really truly having that many

159  
00:08:12,610 --> 00:08:10,640  
synchronistic experiences that you just

160  
00:08:16,300 --> 00:08:12,620  
absolutely can't explain yeah you know I

161  
00:08:17,860 --> 00:08:16,310  
would say that personally I think that

162  
00:08:20,440 --> 00:08:17,870  
that is telling you your body is

163  
00:08:22,000 --> 00:08:20,450

screaming at you to pay attention to

164

00:08:23,410 --> 00:08:22,010

something it's something probably

165

00:08:24,580 --> 00:08:23,420

subconscious something you haven't

166

00:08:28,330 --> 00:08:24,590

thought about whether it's something

167

00:08:31,240 --> 00:08:28,340

financial personal medical you know

168

00:08:34,690 --> 00:08:31,250

there's probably some people that you

169

00:08:36,310 --> 00:08:34,700

are us like walls them all of them it's

170

00:08:39,610 --> 00:08:36,320

probably something that you are already

171

00:08:40,990 --> 00:08:39,620

aware of but it's your body trying to

172

00:08:42,850 --> 00:08:41,000

get your attention into it's your

173

00:08:45,640 --> 00:08:42,860

subconscious trying to bubble that

174

00:08:47,680 --> 00:08:45,650

information to the forefront so you pay

175

00:08:49,930 --> 00:08:47,690

attention to whatever it is you know in

176

00:08:52,330 --> 00:08:49,940

daily life most people get kind of

177

00:08:54,310 --> 00:08:52,340

caught up in the moment and they kind of

178

00:08:56,080 --> 00:08:54,320

don't really see the forest through the

179

00:08:59,190 --> 00:08:56,090

trees and those synchronistic

180

00:09:02,380 --> 00:08:59,200

experiences are often that that kind of

181

00:09:05,380 --> 00:09:02,390

under the radar way of subconsciously

182

00:09:08,050 --> 00:09:05,390

trying to break through and make you

183

00:09:10,720 --> 00:09:08,060

aware of something that you need to be

184

00:09:13,690 --> 00:09:10,730

aware of well so you don't think that

185

00:09:15,490 --> 00:09:13,700

there's any intelligence behind them you

186

00:09:18,070 --> 00:09:15,500

know a Charles Ford who I'm sure you've

187

00:09:20,740 --> 00:09:18,080

heard of he he thought that we were like

188

00:09:22,980 --> 00:09:20,750

you know pieces on a chessboard and

189

00:09:26,410 --> 00:09:22,990

somebody was controlling them with new

190

00:09:29,950 --> 00:09:26,420

movements of the chess pieces right kind

191

00:09:32,620 --> 00:09:29,960

of like John keels theories about the

192

00:09:36,340 --> 00:09:32,630

multi-universe of parallel universe

193

00:09:38,050 --> 00:09:36,350

and all I don't know I mean it just

194

00:09:40,750 --> 00:09:38,060

seems that some of these things seem to

195

00:09:45,280 --> 00:09:40,760

be more than just the random that they

196

00:09:48,940 --> 00:09:45,290

seem to be a place that before us well

197

00:09:50,860 --> 00:09:48,950

like this one here with from my my

198

00:09:54,310 --> 00:09:50,870

friend Molly she's been deceased since

199

00:09:56,050 --> 00:09:54,320

1972 but I think about it from time to

200

00:09:58,060 --> 00:09:56,060

time and then coming across this book

201  
00:10:00,490 --> 00:09:58,070  
like that I wanted to reprint for years

202  
00:10:03,370 --> 00:10:00,500  
and then all of a sudden I get an email

203  
00:10:05,019 --> 00:10:03,380  
now from a Wally and I've never gotten

204  
00:10:07,810 --> 00:10:05,029  
an email for my Wally know it's a junk

205  
00:10:10,630 --> 00:10:07,820  
email but we had the same thing happened

206  
00:10:13,210 --> 00:10:10,640  
before on the on the on the show here we

207  
00:10:15,940 --> 00:10:13,220  
had a a special about my friend Vivian

208  
00:10:18,340 --> 00:10:15,950  
st. John and that day I printed out an

209  
00:10:20,860 --> 00:10:18,350  
email the doctor that I was going to see

210  
00:10:23,079 --> 00:10:20,870  
in the hospital it says here's a message

211  
00:10:25,180 --> 00:10:23,089  
from Vivian I didn't know what her first

212  
00:10:27,400 --> 00:10:25,190  
name was you know I mean these things

213  
00:10:29,470 --> 00:10:27,410

just pile I like I said pile up but

214

00:10:31,569 --> 00:10:29,480

anyway how did what what did you see in

215

00:10:33,519 --> 00:10:31,579

your own personal life that led you to

216

00:10:36,660 --> 00:10:33,529

believe that the eleven eleven or some

217

00:10:38,290 --> 00:10:36,670

of these things had some deep meaning

218

00:10:41,259 --> 00:10:38,300

well that's a really interesting

219

00:10:43,420 --> 00:10:41,269

question so let me give you a little bit

220

00:10:45,130 --> 00:10:43,430

of backstory about how kind of the book

221

00:10:47,860 --> 00:10:45,140

came about to kind of give you the

222

00:10:50,769 --> 00:10:47,870

understanding of personal experiences

223

00:10:53,280 --> 00:10:50,779

that I've had so we were approached

224

00:10:55,960 --> 00:10:53,290

marina were actually approached by our

225

00:10:58,060 --> 00:10:55,970

publisher to write a book about time

226

00:11:01,210 --> 00:10:58,070

prompt phenomenas and number

227

00:11:03,009 --> 00:11:01,220

synchronicity so obviously had heard of

228

00:11:05,650 --> 00:11:03,019

number synchronicities I've kind of

229

00:11:09,329 --> 00:11:05,660

experienced that kind of on and off

230

00:11:11,590 --> 00:11:09,339

throughout my life but that that idea of

231

00:11:15,069 --> 00:11:11,600

people having these experiences

232

00:11:16,600 --> 00:11:15,079

repetitively and people having numbers

233

00:11:19,960 --> 00:11:16,610

that seemed to follow them throughout

234

00:11:22,030 --> 00:11:19,970

their life that was a holy holy new

235

00:11:23,259 --> 00:11:22,040

concept to me in fact Marie and I both

236

00:11:26,980 --> 00:11:23,269

thought that we were going to have

237

00:11:28,720 --> 00:11:26,990

extreme difficulty finding content

238

00:11:30,550 --> 00:11:28,730

matter for the book because neither one

239

00:11:32,699 --> 00:11:30,560

of us had ever heard of the phenomena

240

00:11:35,860 --> 00:11:32,709

nor had either one of us ever really

241

00:11:39,430 --> 00:11:35,870

experienced it but now check this out so

242

00:11:40,900 --> 00:11:39,440

we agreed to do the book because it was

243

00:11:43,000 --> 00:11:40,910

a decent amount of money so we're not

244

00:11:44,260 --> 00:11:43,010

going to turn it down right so we

245

00:11:46,150 --> 00:11:44,270

started doing a little bit of research

246

00:11:48,509 --> 00:11:46,160

and things

247

00:11:52,720 --> 00:11:48,519

art happening what does that mean well

248

00:11:55,600 --> 00:11:52,730

here's a perfect example so I've said

249

00:11:58,150 --> 00:11:55,610

just a minute ago that those experiences

250

00:12:02,110 --> 00:11:58,160

I never had those experiences right well

251  
00:12:03,610 --> 00:12:02,120  
obviously I did all of us probably do at

252  
00:12:08,220 --> 00:12:03,620  
some point you just don't really pay

253  
00:12:12,189 --> 00:12:08,230  
attention here's a great way to kind of

254  
00:12:14,590 --> 00:12:12,199  
exemplify that you decide that you want

255  
00:12:17,470 --> 00:12:14,600  
to buy a brand new car right you've had

256  
00:12:19,449 --> 00:12:17,480  
your mind on a purple Humvee for your

257  
00:12:21,730 --> 00:12:19,459  
entire life for whatever reason you want

258  
00:12:26,800 --> 00:12:21,740  
a purple Humvee you think it's a unique

259  
00:12:30,160 --> 00:12:26,810  
vehicle it's it's it's it's extremely

260  
00:12:33,400 --> 00:12:30,170  
large it's got you know all kinds of

261  
00:12:35,170 --> 00:12:33,410  
super nice features to it so you save up

262  
00:12:37,240 --> 00:12:35,180  
your money for that purple Humvee you go

263  
00:12:39,579 --> 00:12:37,250

down to the dealership you order that

264

00:12:41,860 --> 00:12:39,589

purple Humvee they give you a call in

265

00:12:44,230 --> 00:12:41,870

two weeks and you come back in two weeks

266

00:12:46,119 --> 00:12:44,240

pick up your purple Humvee as you're

267

00:12:50,319 --> 00:12:46,129

filling out the paperwork and obviously

268

00:12:52,179 --> 00:12:50,329

signing away your life the dealership

269

00:12:54,100 --> 00:12:52,189

hands you the keys you jump in your

270

00:12:57,040 --> 00:12:54,110

Humvee for the very first time you're

271

00:12:58,449 --> 00:12:57,050

super super excited you start the

272

00:13:00,340 --> 00:12:58,459

vehicle you pull out of the dealer

273

00:13:01,809 --> 00:13:00,350

parking lot and of course it gets awful

274

00:13:03,429 --> 00:13:01,819

gas mileage so the very first thing you

275

00:13:05,530 --> 00:13:03,439

have to do is stop at the gas station

276

00:13:07,900 --> 00:13:05,540

but as you're on the way to the gas

277

00:13:10,509 --> 00:13:07,910

station you start noticing purple

278

00:13:14,139 --> 00:13:10,519

Humvees now this was a vehicle that you

279

00:13:15,850 --> 00:13:14,149

knew you were certain was a unique

280

00:13:17,350 --> 00:13:15,860

vehicle you've never seen a purple

281

00:13:19,480 --> 00:13:17,360

company one of the reasons why you

282

00:13:23,170 --> 00:13:19,490

wanted it you knew that it was a rare

283

00:13:25,179 --> 00:13:23,180

vehicle that not everyone had the minute

284

00:13:28,230 --> 00:13:25,189

that you had reason to start noticing

285

00:13:31,420 --> 00:13:28,240

the purple Humvee your brain

286

00:13:34,720 --> 00:13:31,430

instantaneously started turning on the

287

00:13:36,939 --> 00:13:34,730

ability for you to notice that that kind

288

00:13:38,860 --> 00:13:36,949

of clear out the white noise and focus

289

00:13:40,720 --> 00:13:38,870

in on what was always there in front of

290

00:13:42,129 --> 00:13:40,730

you those purple Humvees were not as

291

00:13:44,559 --> 00:13:42,139

rare as you thought they were they were

292

00:13:46,660 --> 00:13:44,569

always around you you just never really

293

00:13:48,579 --> 00:13:46,670

had the need to pay attention and to

294

00:13:52,150 --> 00:13:48,589

notice it then when you purchased your

295

00:13:53,769 --> 00:13:52,160

purple Humvee your brain switches into a

296

00:13:56,410 --> 00:13:53,779

different mode and you start realizing

297

00:13:59,630 --> 00:13:56,420

that there are actually all around you

298

00:14:02,950 --> 00:13:59,640

so very similar to me that's

299

00:14:05,900 --> 00:14:02,960

the same experience that kind of mirrors

300

00:14:07,940 --> 00:14:05,910

for me when we've decided to write the

301  
00:14:10,670 --> 00:14:07,950  
book and accepted the proposal to write

302  
00:14:12,730 --> 00:14:10,680  
the book I started having experiences

303  
00:14:17,120 --> 00:14:12,740  
like that I would start to notice things

304  
00:14:18,410 --> 00:14:17,130  
that we're always there that always were

305  
00:14:21,710 --> 00:14:18,420  
in front of me that always were

306  
00:14:24,380 --> 00:14:21,720  
certainly kind of external and and

307  
00:14:26,390 --> 00:14:24,390  
things that I should have seen but kind

308  
00:14:28,820 --> 00:14:26,400  
of glanced over and again didn't really

309  
00:14:30,230 --> 00:14:28,830  
see the forest through the trees and I

310  
00:14:32,330 --> 00:14:30,240  
started noticing those things so I

311  
00:14:33,890 --> 00:14:32,340  
didn't have a need to before I started

312  
00:14:35,600 --> 00:14:33,900  
writing the book but then started

313  
00:14:37,550 --> 00:14:35,610

writing the book and oh my gosh I'm

314

00:14:40,730 --> 00:14:37,560

having these experiences how do I

315

00:14:43,940 --> 00:14:40,740

explain it so that is what I think is

316

00:14:45,380 --> 00:14:43,950

the basis of number synchronicities and

317

00:14:47,750 --> 00:14:45,390

and folks that are happening those

318

00:14:50,570 --> 00:14:47,760

experiences that that those things are

319

00:14:52,910 --> 00:14:50,580

always there you just don't have a need

320

00:14:57,620 --> 00:14:52,920

really to see them until something

321

00:14:59,840 --> 00:14:57,630

happens well now do you okay there are

322

00:15:02,990 --> 00:14:59,850

some people though I mean who have had

323

00:15:05,240 --> 00:15:03,000

experiences along this line like philip

324

00:15:07,550 --> 00:15:05,250

k dick that i that i you know i wrote

325

00:15:10,130 --> 00:15:07,560

about he was the course very well known

326

00:15:12,650 --> 00:15:10,140

science fiction writer we've had as one

327

00:15:16,730 --> 00:15:12,660

of his wives on the show tessa dick

328

00:15:19,280 --> 00:15:16,740

number of times and there are some

329

00:15:21,980 --> 00:15:19,290

people who believe that at least some of

330

00:15:24,110 --> 00:15:21,990

these synchronicities are under

331

00:15:26,600 --> 00:15:24,120

intelligent control I don't know if

332

00:15:31,580 --> 00:15:26,610

you're familiar with a researcher by the

333

00:15:36,560 --> 00:15:31,590

name of John see Lily no okay well jug

334

00:15:38,870 --> 00:15:36,570

see Lily was a wrote a book called the I

335

00:15:41,840 --> 00:15:38,880

think this called the eye in the cyclone

336

00:15:45,020 --> 00:15:41,850

and he was the the first individual who

337

00:15:47,150 --> 00:15:45,030

claimed under the influence of the drug

338

00:15:50,950 --> 00:15:47,160

ketamine that he had actually

339

00:15:53,960 --> 00:15:50,960  
communicated with dolphins and

340

00:15:57,310 --> 00:15:53,970  
extraterrestrials well he was also had a

341

00:16:00,110 --> 00:15:57,320  
wide and pretty wild variety of

342

00:16:01,880 --> 00:16:00,120  
synchronicities and he came to a

343

00:16:05,150 --> 00:16:01,890  
conclusion that there was actually a

344

00:16:07,790 --> 00:16:05,160  
synchronicity like a review board or

345

00:16:12,230 --> 00:16:07,800  
control board nod I guess of the etheric

346

00:16:13,240 --> 00:16:12,240  
somewhere I mean that are which brings

347

00:16:16,690 --> 00:16:13,250  
us to the you know

348

00:16:19,780 --> 00:16:16,700  
question or are is everything before us

349

00:16:22,600 --> 00:16:19,790  
like predestined you know or is somebody

350

00:16:25,510 --> 00:16:22,610  
actually out there kind of nudging us in

351

00:16:28,330 --> 00:16:25,520

a certain direction after having all

352

00:16:31,330 --> 00:16:28,340

these experiences I mean I tend to think

353

00:16:33,820 --> 00:16:31,340

that you know I don't believe in the

354

00:16:36,700 --> 00:16:33,830

Christian concept of God but there's got

355

00:16:39,010 --> 00:16:36,710

to be some external force maybe that was

356

00:16:40,720 --> 00:16:39,020

left here you know a million years ago

357

00:16:42,820 --> 00:16:40,730

by the ancient astronauts or something

358

00:16:45,430 --> 00:16:42,830

like a giant computer or something is

359

00:16:47,800 --> 00:16:45,440

hidden in a cave John keel talked about

360

00:16:50,080 --> 00:16:47,810

the eighth tower he had them these

361

00:16:51,820 --> 00:16:50,090

towers I think in eight different places

362

00:16:54,850 --> 00:16:51,830

around the the planet they were sending

363

00:16:58,030 --> 00:16:54,860

out signals I don't know it's just you

364

00:16:59,850 --> 00:16:58,040

know it's a it's just a concept so

365

00:17:03,220 --> 00:16:59,860

alright you started having these

366

00:17:04,600 --> 00:17:03,230

experiences did you co-author I know

367

00:17:06,640 --> 00:17:04,610

I've interviewed there actually I think

368

00:17:08,319 --> 00:17:06,650

the interview is in the book she started

369

00:17:10,360 --> 00:17:08,329

having some of these experience as well

370

00:17:13,660 --> 00:17:10,370

right yeah absolutely

371

00:17:15,520 --> 00:17:13,670

yeah again until we both had a need to

372

00:17:18,910 --> 00:17:15,530

we didn't really have those experiences

373

00:17:21,130 --> 00:17:18,920

and then once we kind of had the the

374

00:17:24,850 --> 00:17:21,140

need or the necessity to is when we

375

00:17:27,340 --> 00:17:24,860

started having them yeah well now you've

376

00:17:30,750 --> 00:17:27,350

also written about the time travel is

377

00:17:33,520 --> 00:17:30,760

that not the the concept of your people

378

00:17:35,910 --> 00:17:33,530

yeah no that's not our most recent book

379

00:17:38,170 --> 00:17:35,920

yeah we've written a lot actually that's

380

00:17:41,140 --> 00:17:38,180

gosh we've written ten ten books

381

00:17:43,840 --> 00:17:41,150

together but no time that our time

382

00:17:47,350 --> 00:17:43,850

travel book was I think our fourth fit

383

00:17:50,590 --> 00:17:47,360

book yeah I think we've discussed it on

384

00:17:54,040 --> 00:17:50,600

the on the air here but is there yeah

385

00:17:55,360 --> 00:17:54,050

you know some okay well time travel are

386

00:17:57,070 --> 00:17:55,370

we able to do it I mean can we

387

00:17:59,020 --> 00:17:57,080

accomplish men or is it just they

388

00:18:04,420 --> 00:17:59,030

accomplished it or is it just the

389

00:18:06,460 --> 00:18:04,430

far-flung science fiction fantasy so I

390

00:18:08,200 --> 00:18:06,470

think that that's a loaded question you

391

00:18:10,740 --> 00:18:08,210

know I think we do time travel already

392

00:18:14,110 --> 00:18:10,750

every day every single one of us in fact

393

00:18:17,650 --> 00:18:14,120

any progression into the to the future

394

00:18:19,540 --> 00:18:17,660

we measure in seconds right so as we

395

00:18:21,600 --> 00:18:19,550

sitting as we're sitting here talking we

396

00:18:24,370 --> 00:18:21,610

are in effect traveling into the future

397

00:18:26,169 --> 00:18:24,380

simply by the progression of time but

398

00:18:27,100 --> 00:18:26,179

even beyond that I mean if you look at

399

00:18:30,220 --> 00:18:27,110

the kind of a whole

400

00:18:32,320 --> 00:18:30,230

concept of time itself and you know my

401  
00:18:35,140 --> 00:18:32,330  
beliefs very strongly is that time is

402  
00:18:38,650 --> 00:18:35,150  
not quite the linear construct that we

403  
00:18:41,470 --> 00:18:38,660  
believe it to be so when you say are we

404  
00:18:44,919 --> 00:18:41,480  
already doing it can we time travel is

405  
00:18:48,250 --> 00:18:44,929  
it possible then you that brings up a

406  
00:18:51,039 --> 00:18:48,260  
whole plethora of logistical questions

407  
00:18:53,110 --> 00:18:51,049  
so does that mean are we physically

408  
00:18:54,970 --> 00:18:53,120  
time-traveling forward or backward in

409  
00:18:57,280 --> 00:18:54,980  
time well if you think that time really

410  
00:18:59,530 --> 00:18:57,290  
doesn't have a stored or backward well

411  
00:19:01,860 --> 00:18:59,540  
time is really it doesn't have a forward

412  
00:19:06,310 --> 00:19:01,870  
or backward component in nature time is

413  
00:19:08,680 --> 00:19:06,320

right now so man developed the concept

414

00:19:11,140 --> 00:19:08,690

of time as a way to track the

415

00:19:13,120 --> 00:19:11,150

progression of events so in nature there

416

00:19:15,460 --> 00:19:13,130

really is no such thing but it's a

417

00:19:18,610 --> 00:19:15,470

man-made construction we followed it for

418

00:19:21,909 --> 00:19:18,620

thousands of years so the idea of being

419

00:19:24,789 --> 00:19:21,919

able to travel in time is really again

420

00:19:27,310 --> 00:19:24,799

kind of a man-made construct as well but

421

00:19:29,710 --> 00:19:27,320

when you start thinking about the

422

00:19:32,080 --> 00:19:29,720

traditional idea of time travel being

423

00:19:34,720 --> 00:19:32,090

able to go forward into the future to

424

00:19:36,940 --> 00:19:34,730

see things that have not happened yet or

425

00:19:40,390 --> 00:19:36,950

being able to travel to the past to

426

00:19:41,680 --> 00:19:40,400

witness events and historical things

427

00:19:44,760 --> 00:19:41,690

that have occurred

428

00:19:49,299 --> 00:19:44,770

now you're talking at a wholly different

429

00:19:51,700 --> 00:19:49,309

area so do I think we're able to

430

00:19:54,250 --> 00:19:51,710

physically time travel into the past no

431

00:19:57,480 --> 00:19:54,260

I don't think that we are quite there

432

00:20:00,400 --> 00:19:57,490

technologically now there's a variety of

433

00:20:02,890 --> 00:20:00,410

possible hypotheses as far as how we

434

00:20:06,789 --> 00:20:02,900

could do it involving black holes

435

00:20:10,000 --> 00:20:06,799

involving its you know different

436

00:20:14,140 --> 00:20:10,010

different ideas around acceleration of

437

00:20:16,360 --> 00:20:14,150

speed there's a variety of different

438

00:20:18,190 --> 00:20:16,370

ways that we think theoretically it can

439

00:20:21,669 --> 00:20:18,200

be done but we don't have the technology

440

00:20:24,070 --> 00:20:21,679

today really to to achieve that now with

441

00:20:26,169 --> 00:20:24,080

that being said again I do think that

442

00:20:29,310 --> 00:20:26,179

we're time traveling today when you go

443

00:20:33,940 --> 00:20:29,320

to sleep at night and you have a dream

444

00:20:36,490 --> 00:20:33,950

you don't really have a time envelope it

445

00:20:39,700 --> 00:20:36,500

within that dream right so during that

446

00:20:40,960 --> 00:20:39,710

dream state you have the ability to go

447

00:20:42,970 --> 00:20:40,970

anywhere

448

00:20:44,590 --> 00:20:42,980

basically within the time-space

449

00:20:46,870 --> 00:20:44,600

continuum that you really want to

450

00:20:48,850 --> 00:20:46,880

without having any physical limitations

451  
00:20:51,310 --> 00:20:48,860  
on your body so in fact there are many

452  
00:20:54,880 --> 00:20:51,320  
people that talk about being able to

453  
00:20:59,350 --> 00:20:54,890  
astral travel both forward and backward

454  
00:21:01,000 --> 00:20:59,360  
in time so I think it's happening but I

455  
00:21:04,270 --> 00:21:01,010  
don't know that it's quite to the level

456  
00:21:05,789 --> 00:21:04,280  
of scientific sophistication that we

457  
00:21:08,560 --> 00:21:05,799  
would hope it to be yet

458  
00:21:10,930 --> 00:21:08,570  
how about misplaced artifacts have you

459  
00:21:15,180 --> 00:21:10,940  
done any study on that you know where

460  
00:21:18,159 --> 00:21:15,190  
they have found a human footprints and

461  
00:21:20,320 --> 00:21:18,169  
rocks right next to Hina sores and and

462  
00:21:24,010 --> 00:21:20,330  
other things well you know weird things

463  
00:21:26,740 --> 00:21:24,020

that this play sitting or drugs yeah

464

00:21:28,450 --> 00:21:26,750

yeah how do you add for though that's

465

00:21:29,950 --> 00:21:28,460

something that that is absolutely

466

00:21:32,680 --> 00:21:29,960

fascinating to me and that's you know

467

00:21:35,320 --> 00:21:32,690

there's a lot of ideas behind that you

468

00:21:38,409 --> 00:21:35,330

know are we our future man able to

469

00:21:40,630 --> 00:21:38,419

somehow time travel and and we're able

470

00:21:42,820 --> 00:21:40,640

to to leave these artifacts for us

471

00:21:45,460 --> 00:21:42,830

either accidentally or purposely for us

472

00:21:47,860 --> 00:21:45,470

to discover you know I don't know I mean

473

00:21:49,930 --> 00:21:47,870

I I really don't I would like to think

474

00:21:53,020 --> 00:21:49,940

that at some point in the future we

475

00:21:55,390 --> 00:21:53,030

would have the technology to physically

476  
00:21:57,820 --> 00:21:55,400  
time-travel and be able to traverse the

477  
00:22:01,899 --> 00:21:57,830  
timeline but you know that also brings

478  
00:22:04,000 --> 00:22:01,909  
up a whole other gamut of different

479  
00:22:06,460 --> 00:22:04,010  
questions that probably one has to deal

480  
00:22:09,880 --> 00:22:06,470  
with as far as moral implications of

481  
00:22:11,260 --> 00:22:09,890  
doing that as well in you know if 500

482  
00:22:13,990 --> 00:22:11,270  
years in the future if we have the

483  
00:22:17,310 --> 00:22:14,000  
ability to basically transcend time and

484  
00:22:20,620 --> 00:22:17,320  
space and go whenever wherever we want

485  
00:22:23,710 --> 00:22:20,630  
should we simply be having it the

486  
00:22:27,159 --> 00:22:23,720  
ability to do it should we actually do

487  
00:22:31,270 --> 00:22:27,169  
that what if you know what if that the

488  
00:22:33,909 --> 00:22:31,280

entire idea of the grandfather paradox

489

00:22:35,680 --> 00:22:33,919

and other protection mechanisms that we

490

00:22:39,060 --> 00:22:35,690

believe are in place what if those

491

00:22:42,399 --> 00:22:39,070

things really are not quite as as

492

00:22:44,200 --> 00:22:42,409

strengthened as we think and what if it

493

00:22:48,250 --> 00:22:44,210

really is possible to go back in time

494

00:22:49,690 --> 00:22:48,260

and alter the outcome you know I there's

495

00:22:51,340 --> 00:22:49,700

a lot of questions around that and I

496

00:22:53,950 --> 00:22:51,350

don't pretend to have all the answers to

497

00:22:54,850 --> 00:22:53,960

and by any means at all you know I think

498

00:22:56,500 --> 00:22:54,860

there is

499

00:22:58,720 --> 00:22:56,510

obviously those moral implications are

500

00:23:01,240 --> 00:22:58,730

things that should be outside of science

501  
00:23:07,660 --> 00:23:01,250  
to determine I think science has their

502  
00:23:10,660 --> 00:23:07,670  
goal and there there needs to but the

503  
00:23:12,610 --> 00:23:10,670  
moral piece of that I think is a much

504  
00:23:17,020 --> 00:23:12,620  
greater question than being able to do

505  
00:23:19,570 --> 00:23:17,030  
it well I think we are up on a break to

506  
00:23:21,789 --> 00:23:19,580  
him are we not yeah that's right we've

507  
00:23:24,580 --> 00:23:21,799  
got about 30 seconds before we have to

508  
00:23:27,400 --> 00:23:24,590  
go to our first break of the evening so

509  
00:23:30,370 --> 00:23:27,410  
when when we come back we will bring

510  
00:23:34,810 --> 00:23:30,380  
Eric well or go into the conversation

511  
00:23:39,549 --> 00:23:34,820  
and we'll be talking about his book time

512  
00:23:41,980 --> 00:23:39,559  
loops so stay tuned and we will be right

513  
00:23:47,690 --> 00:23:41,990

back in just a few minutes or exploring

514

00:23:54,420 --> 00:23:51,840

now back to exploring the bazaar with

515

00:23:57,420 --> 00:23:54,430

two of the most electrifying researchers

516

00:24:03,690 --> 00:23:57,430

in the Paranoid your hosts Timothy

517

00:24:05,850 --> 00:24:03,700

becklyn Anton Swartz and welcome back

518

00:24:08,040 --> 00:24:05,860

to exploring the bazaar our guests

519

00:24:10,500 --> 00:24:08,050

tonight are Larry Fleck spin' and eric

520

00:24:13,230 --> 00:24:10,510

worre go now Eric is the author of the

521

00:24:19,800 --> 00:24:13,240

new book time loops precognition retro

522

00:24:23,040 --> 00:24:19,810

causation and the unconscious Eric I've

523

00:24:26,550 --> 00:24:23,050

really enjoyed your book you know a lot

524

00:24:29,130 --> 00:24:26,560

of the ideas and and concepts in it you

525

00:24:32,310 --> 00:24:29,140

know I've I've seen bandied around at

526

00:24:34,620 --> 00:24:32,320

various places for you know for quite a

527

00:24:38,180 --> 00:24:34,630

while but I think you're really one of

528

00:24:41,990 --> 00:24:38,190

the first to bring it all together and

529

00:24:45,030 --> 00:24:42,000

really just to just flesh it out so

530

00:24:47,400 --> 00:24:45,040

what's the genesis of this book I mean

531

00:24:50,810 --> 00:24:47,410

what what happened that that you've

532

00:24:53,280 --> 00:24:50,820

decided that you were gonna write this

533

00:24:58,340 --> 00:24:53,290

yeah well it's a kind of interesting

534

00:25:02,030 --> 00:24:58,350

story it's it's kind of a roundabout

535

00:25:05,070 --> 00:25:02,040

journey I've had the last I guess decade

536

00:25:09,990 --> 00:25:05,080

it actually began oddly enough with a

537

00:25:11,790 --> 00:25:10,000

couple UFO sightings yeah yeah I I saw a

538

00:25:15,020 --> 00:25:11,800

couple you know I'd always you know I

539

00:25:17,550 --> 00:25:15,030

never you know since I became you know

540

00:25:19,500 --> 00:25:17,560

when I was a kid you know that was the

541

00:25:20,750 --> 00:25:19,510

era of you know insert jaws and that

542

00:25:23,010 --> 00:25:20,760

sort of stuff so I was you know I was

543

00:25:25,860 --> 00:25:23,020

interested in that sort of thing but

544

00:25:29,640 --> 00:25:25,870

then I kind of grew up and grew out of

545

00:25:32,130 --> 00:25:29,650

that as an adult and and sort of became

546

00:25:34,710 --> 00:25:32,140

you know I'm basically a skeptic about

547

00:25:38,370 --> 00:25:34,720

things like you know the skeptic about

548

00:25:39,810 --> 00:25:38,380

the paranormal not like you know

549

00:25:43,980 --> 00:25:39,820

rejecting it but just not really

550

00:25:48,330 --> 00:25:43,990

thinking about it that much and anyway

551  
00:25:50,070 --> 00:25:48,340  
but I saw a couple UFOs in 2009 both

552  
00:25:52,050 --> 00:25:50,080  
within like a month of each other and

553  
00:25:54,120 --> 00:25:52,060  
they weren't anything spectacular they

554  
00:25:56,670 --> 00:25:54,130  
were you know you know just lights in

555  
00:25:58,290 --> 00:25:56,680  
the sky but but it got me reading you

556  
00:25:59,490 --> 00:25:58,300  
know it got me sorted into the

557  
00:26:03,869 --> 00:25:59,500  
literature on you have

558  
00:26:05,580 --> 00:26:03,879  
and if you know delve deeply at all as

559  
00:26:07,409 --> 00:26:05,590  
the topic you realize well first of all

560  
00:26:09,090 --> 00:26:07,419  
it's there's a lot of you know actually

561  
00:26:11,399 --> 00:26:09,100  
really serious people doing really

562  
00:26:15,539 --> 00:26:11,409  
serious research but you know you wind

563  
00:26:18,269 --> 00:26:15,549

up reading Jacque Valais who of course

564

00:26:21,389 --> 00:26:18,279

he sort of bridged you know his study of

565

00:26:23,340 --> 00:26:21,399

UFOs with his he was also involved in

566

00:26:26,940 --> 00:26:23,350

the really interesting ESP research

567

00:26:30,899 --> 00:26:26,950

going on in the 1970s in Palo Alto at

568

00:26:34,350 --> 00:26:30,909

the SSRI where he was he was working and

569

00:26:36,570 --> 00:26:34,360

he sort of you know saw the psychic

570

00:26:38,759 --> 00:26:36,580

dimensions of this and I had you know I

571

00:26:42,149 --> 00:26:38,769

had been particularly I guess skeptical

572

00:26:44,249 --> 00:26:42,159

of ESP and psychic phenomenon but you

573

00:26:46,830 --> 00:26:44,259

know his writings really made me realize

574

00:26:48,690 --> 00:26:46,840

hey there's something there and that and

575

00:26:51,419 --> 00:26:48,700

that kind of took me down the rabbit

576

00:26:53,009 --> 00:26:51,429

hole I want up kind of leaving I was

577

00:26:54,600 --> 00:26:53,019

sort of writing about UFOs on my blog

578

00:26:56,460 --> 00:26:54,610

and stuff but I wanted up kind of

579

00:26:59,039 --> 00:26:56,470

leaving that behind and really pursuing

580

00:27:00,389 --> 00:26:59,049

the the ESP and psychic phenomena stuff

581

00:27:02,999 --> 00:27:00,399

because that that seemed just really

582

00:27:06,659 --> 00:27:03,009

more more interesting and more bizarre

583

00:27:08,580 --> 00:27:06,669

to me and so I want up reading the

584

00:27:09,810 --> 00:27:08,590

literature on precognition and getting

585

00:27:13,320 --> 00:27:09,820

very interested in precognition

586

00:27:14,999 --> 00:27:13,330

particularly and and so I've been

587

00:27:17,549 --> 00:27:15,009

writing about it on my blog for several

588

00:27:18,869 --> 00:27:17,559

years now and and people keep you know

589

00:27:20,580 --> 00:27:18,879

readers keep telling me yeah you need to

590

00:27:23,249 --> 00:27:20,590

like sort of gather this all together

591

00:27:26,759 --> 00:27:23,259

and into a book and so and so that's

592

00:27:31,860 --> 00:27:26,769

what I did so yeah so it's a weird kind

593

00:27:33,930 --> 00:27:31,870

of crooked story there but you know I

594

00:27:37,110 --> 00:27:33,940

agree with a lot of things that Larry

595

00:27:39,899 --> 00:27:37,120

was saying in the last segment because

596

00:27:41,610 --> 00:27:39,909

you know he pointed out that you know

597

00:27:44,399 --> 00:27:41,620

these things are happening all the time

598

00:27:45,749 --> 00:27:44,409

and we just don't notice it and there's

599

00:27:48,840 --> 00:27:45,759

lots of really interesting reasons why

600

00:27:52,919 --> 00:27:48,850

we don't notice it and that and my book

601  
00:27:57,350 --> 00:27:52,929  
really is as much about the the taboos

602  
00:28:00,440 --> 00:27:57,360  
that sort of prevent us from seeing

603  
00:28:02,909 --> 00:28:00,450  
these phenomena in our lives

604  
00:28:05,190 --> 00:28:02,919  
and that kind of prevent us from

605  
00:28:08,970 --> 00:28:05,200  
thinking critically and thinking

606  
00:28:11,310 --> 00:28:08,980  
carefully about them and you know like I

607  
00:28:12,210 --> 00:28:11,320  
noticed as I became I think pretty much

608  
00:28:14,820 --> 00:28:12,220  
anyone who go

609  
00:28:17,610 --> 00:28:14,830  
who becomes interested in ESP starts

610  
00:28:19,080 --> 00:28:17,620  
noticing you know ESP phenomena and

611  
00:28:20,330 --> 00:28:19,090  
there are lives you know and they start

612  
00:28:24,299 --> 00:28:20,340  
noticing you know synchronicities and

613  
00:28:26,100 --> 00:28:24,309

and precognitive dreams and and so forth

614

00:28:27,899 --> 00:28:26,110

and in my case you know I'd always been

615

00:28:30,480 --> 00:28:27,909

interested in dreams I'd always in fact

616

00:28:34,019 --> 00:28:30,490

recorded my dreams as much as I whatever

617

00:28:36,690 --> 00:28:34,029

I had the time to but never really

618

00:28:39,570 --> 00:28:36,700

noticed you know dream precognition

619

00:28:42,029 --> 00:28:39,580

until you know I started delving into

620

00:28:43,769 --> 00:28:42,039

the literature and then I started you

621

00:28:46,230 --> 00:28:43,779

know that sort of just gets you to kind

622

00:28:48,210 --> 00:28:46,240

of pay attention to you know the

623

00:28:49,980 --> 00:28:48,220

connections between your dreams and then

624

00:28:51,269 --> 00:28:49,990

subsequent events in your life and if

625

00:28:53,190 --> 00:28:51,279

you're not noticing if you're not paying

626

00:28:54,810 --> 00:28:53,200

attention to things happening in your

627

00:28:56,909 --> 00:28:54,820

life you're not going to notice this

628

00:28:57,899 --> 00:28:56,919

stuff happening but what I did that I

629

00:29:00,389 --> 00:28:57,909

started noticing god I'm having

630

00:29:03,180 --> 00:29:00,399

precognitive dreams all the time and I

631

00:29:06,450 --> 00:29:03,190

think everybody everyone is and you know

632

00:29:07,950 --> 00:29:06,460

like so yeah this is this stuff is

633

00:29:12,389 --> 00:29:07,960

happening all the time and we just have

634

00:29:15,419 --> 00:29:12,399

these blinders to it when I would when

635

00:29:17,820 --> 00:29:15,429

you said taboos I mean are you talking

636

00:29:21,240 --> 00:29:17,830

about like a societal taboos or just you

637

00:29:22,529 --> 00:29:21,250

know personal taboos that you know this

638

00:29:24,899 --> 00:29:22,539

is just too weird I'm not gonna think

639

00:29:29,039 --> 00:29:24,909

about it type of thing both both there

640

00:29:34,799 --> 00:29:29,049

are there are lots of societal taboos

641

00:29:38,810 --> 00:29:34,809

lots of cultural taboos among them are

642

00:29:42,210 --> 00:29:38,820

the we we live in a very individualistic

643

00:29:46,200 --> 00:29:42,220

freedom-loving society obviously you

644

00:29:50,450 --> 00:29:46,210

know and and for people in in our

645

00:29:53,730 --> 00:29:50,460

society precognition really brings up

646

00:29:55,889 --> 00:29:53,740

thorny issues of free will because

647

00:29:58,019 --> 00:29:55,899

inevitably you think of well if this

648

00:30:00,060 --> 00:29:58,029

dream came from the future do I have the

649

00:30:02,389 --> 00:30:00,070

freedom to change that future bottle

650

00:30:05,279 --> 00:30:02,399

blot it leads to all these these these

651  
00:30:07,529 --> 00:30:05,289  
you know the grandfather paradox that

652  
00:30:10,139 --> 00:30:07,539  
you know learning that they guys

653  
00:30:13,200 --> 00:30:10,149  
mentioned earlier and and stuff so

654  
00:30:15,210 --> 00:30:13,210  
there's that I mean we don't like really

655  
00:30:20,159 --> 00:30:15,220  
we don't like to think about a future

656  
00:30:22,529 --> 00:30:20,169  
that already exists that could then you

657  
00:30:24,749 --> 00:30:22,539  
know retro actively influence us in the

658  
00:30:26,139 --> 00:30:24,759  
present because that implies that maybe

659  
00:30:27,999 --> 00:30:26,149  
we don't really have

660  
00:30:30,009 --> 00:30:28,009  
the freedom to change our fate but

661  
00:30:32,229 --> 00:30:30,019  
there's also a lot of so that's a

662  
00:30:34,149 --> 00:30:32,239  
cultural kind of taboo mm-hmm but there

663  
00:30:37,089 --> 00:30:34,159

are a lot of personal ones too and I've

664

00:30:39,609 --> 00:30:37,099

discovered these I deal with these every

665

00:30:42,059 --> 00:30:39,619

day like I you start getting interested

666

00:30:44,199 --> 00:30:42,069

in precognitive like dreaming or or

667

00:30:45,759 --> 00:30:44,209

precognitive remote viewing or whatever

668

00:30:47,799 --> 00:30:45,769

you start practicing this stuff and

669

00:30:49,329 --> 00:30:47,809

you're very eager for it to work but

670

00:30:51,669 --> 00:30:49,339

then you immediately start worrying

671

00:30:54,969 --> 00:30:51,679

about about you know premonitions of

672

00:30:57,039 --> 00:30:54,979

death and illness and you start you know

673

00:30:58,629 --> 00:30:57,049

you get really paranoid I mean it can

674

00:31:02,379 --> 00:30:58,639

really you know it can it can kind of

675

00:31:04,599 --> 00:31:02,389

make you a little crazy to to to really

676

00:31:06,069 --> 00:31:04,609

take this stuff seriously because then

677

00:31:07,899 --> 00:31:06,079

you start worrying oh my god you know

678

00:31:09,399 --> 00:31:07,909

you have this dream did it you know and

679

00:31:11,139 --> 00:31:09,409

it seemed kind of ominous you know does

680

00:31:12,459 --> 00:31:11,149

that mean you know something terrible is

681

00:31:14,859 --> 00:31:12,469

gonna happen to me or something terrible

682

00:31:17,919 --> 00:31:14,869

is gonna happen to my child or my wife

683

00:31:20,769 --> 00:31:17,929

you know you start really kind of

684

00:31:26,229 --> 00:31:20,779

brooding about these about questions of

685

00:31:28,119 --> 00:31:26,239

fate and and and so forth so like again

686

00:31:29,889 --> 00:31:28,129

that so my book is really as much about

687

00:31:32,799 --> 00:31:29,899

you know the first part is sort of the

688

00:31:35,079 --> 00:31:32,809

obligatory you know let's tell some you

689

00:31:37,389 --> 00:31:35,089

know famous instances of this and then

690

00:31:39,969 --> 00:31:37,399

let's summarize the the laboratory

691

00:31:41,229 --> 00:31:39,979

research that that supports it but the

692

00:31:43,389 --> 00:31:41,239

rest of the book is really more about

693

00:31:45,699 --> 00:31:43,399

kind of taboos that kind of prevent us

694

00:31:47,649 --> 00:31:45,709

from thinking clearly about it and that

695

00:31:49,809 --> 00:31:47,659

kind of I think send us off in wrong

696

00:31:51,519 --> 00:31:49,819

directions I think sometimes well you

697

00:31:59,349 --> 00:31:51,529

know if you do that oh I'm sorry Glen

698

00:32:01,119 --> 00:31:59,359

Larry did you have a question no okay I

699

00:32:02,619 --> 00:32:01,129

thought I heard somebody else start to

700

00:32:07,479 --> 00:32:02,629

ask a question in the background okay

701  
00:32:10,629 --> 00:32:07,489  
well okay I when you look and and at

702  
00:32:13,739 --> 00:32:10,639  
least statistically I suppose with a lot

703  
00:32:18,089 --> 00:32:13,749  
of these cases of when people report

704  
00:32:23,339 --> 00:32:18,099  
cognition it seems like the majority

705  
00:32:26,499 --> 00:32:23,349  
involves fairly nasty stuff deaths

706  
00:32:31,079 --> 00:32:26,509  
disasters things like that is there

707  
00:32:34,990 --> 00:32:31,089  
something about the the strong emotions

708  
00:32:39,820 --> 00:32:37,570  
that seems to I don't know carry carry

709  
00:32:43,510 --> 00:32:39,830  
more power you know whatever the word

710  
00:32:46,450 --> 00:32:43,520  
seems to I don't know maybe just make

711  
00:32:49,510 --> 00:32:46,460  
people were just more aware rather than

712  
00:32:51,070 --> 00:32:49,520  
you know having a precognitive dream

713  
00:32:52,420 --> 00:32:51,080

that you were you know out picking

714

00:32:54,910 --> 00:32:52,430

flowers the next day or something

715

00:32:57,700 --> 00:32:54,920

exactly exactly yeah you're not gonna

716

00:33:00,460 --> 00:32:57,710

have a precognitive dream about you know

717

00:33:02,410 --> 00:33:00,470

just a pleasant uneventful Sunday dinner

718

00:33:04,780 --> 00:33:02,420

you know you're gonna have a

719

00:33:08,950 --> 00:33:04,790

precognitive dream often the ones that

720

00:33:11,350 --> 00:33:08,960

kind of rise to our attention tend to be

721

00:33:15,370 --> 00:33:11,360

those that are about death and disaster

722

00:33:18,790 --> 00:33:15,380

but partly that's an effect of well you

723

00:33:21,400 --> 00:33:18,800

know what what you know what experiences

724

00:33:23,260 --> 00:33:21,410

really move a person to the point where

725

00:33:24,730 --> 00:33:23,270

they will write them down or share them

726

00:33:27,430 --> 00:33:24,740

with others

727

00:33:29,140 --> 00:33:27,440

I don't think that all precognition is

728

00:33:34,030 --> 00:33:29,150

focused on death and disaster but it is

729

00:33:37,710 --> 00:33:34,040

focused on on survival in the kind of

730

00:33:42,610 --> 00:33:37,720

broader sense it's focused on on

731

00:33:44,440 --> 00:33:42,620

surviving close calls or surviving

732

00:33:45,970 --> 00:33:44,450

yeah deaths and disasters but those

733

00:33:47,920 --> 00:33:45,980

deaths and disasters may happen to other

734

00:33:49,930 --> 00:33:47,930

people they may happen in the news you

735

00:33:51,640 --> 00:33:49,940

know it's like you know we have I I

736

00:33:54,640 --> 00:33:51,650

noticed that I have precognitive dreams

737

00:33:56,410 --> 00:33:54,650

about unsettling news stories or

738

00:34:00,460 --> 00:33:56,420

interesting news stories that provoke

739

00:34:01,690 --> 00:34:00,470

some sort of existential thought in me

740

00:34:02,800 --> 00:34:01,700

and that's one of the one of the

741

00:34:04,660 --> 00:34:02,810

arguments I make in the book is that

742

00:34:06,700 --> 00:34:04,670

we're not we don't Precog NIH's events

743

00:34:09,940 --> 00:34:06,710

we don't Precog NIH's things in the

744

00:34:17,080 --> 00:34:09,950

future we Precog eyes our own future

745

00:34:21,820 --> 00:34:17,090

thoughts and feelings and and this it's

746

00:34:23,740 --> 00:34:21,830

a that's a kind of a new twist that that

747

00:34:27,220 --> 00:34:23,750

in the sort of literature on

748

00:34:28,930 --> 00:34:27,230

precognition that I think is really

749

00:34:30,790 --> 00:34:28,940

important and it kind of brings it down

750

00:34:34,210 --> 00:34:30,800

from the level of kind of the

751

00:34:37,060 --> 00:34:34,220

supernatural or whatever - Ill think

752

00:34:39,129 --> 00:34:37,070

there's there's gonna be a a physical

753

00:34:43,629 --> 00:34:39,139

explanation for this I think in decades

754

00:34:45,970 --> 00:34:43,639

to come involving quantum processes in

755

00:34:48,349 --> 00:34:45,980

the brain I think that the brain is

756

00:34:51,309 --> 00:34:48,359

really Jake

757

00:34:55,339 --> 00:34:51,319

cases though like the JFK assassination

758

00:34:57,920 --> 00:34:55,349

where it seems that there were any

759

00:34:59,900 --> 00:34:57,930

number of people who saw you know

760

00:35:02,930 --> 00:34:59,910

something happening in in Dallas there

761

00:35:05,120 --> 00:35:02,940

have been events that more than you know

762

00:35:07,460 --> 00:35:05,130

just one individuals seem to picked up

763

00:35:09,470 --> 00:35:07,470

on sure absolutely this happens all time

764

00:35:11,630 --> 00:35:09,480

in 9/11 is a great example or the

765

00:35:13,220 --> 00:35:11,640

Titanic disaster isn't you know I talked

766

00:35:14,960 --> 00:35:13,230

about both of these in my book you know

767

00:35:16,609 --> 00:35:14,970

lots of people but what are they pre

768

00:35:19,339 --> 00:35:16,619

cognizing are they pre cognizing the

769

00:35:21,019 --> 00:35:19,349

actual event are you know in Dallas or

770

00:35:23,509 --> 00:35:21,029

are they pre cognizing their own reading

771

00:35:26,450 --> 00:35:23,519

of a newspaper story or they're hearing

772

00:35:29,440 --> 00:35:26,460

of the story on the news and in fact one

773

00:35:32,089 --> 00:35:29,450

of the one of the great pioneers in this

774

00:35:34,460 --> 00:35:32,099

in the study of precognition was an

775

00:35:37,640 --> 00:35:34,470

aeronautical engineer in the about a

776

00:35:40,579 --> 00:35:37,650

century ago named JW done John William

777

00:35:43,160 --> 00:35:40,589

Dunn who made a sort of a study of his

778

00:35:45,009 --> 00:35:43,170

precognitive dreams and he note he had

779

00:35:47,120 --> 00:35:45,019

this brilliant kind of forensic

780

00:35:49,910 --> 00:35:47,130

engineers mind he could sort of pick

781

00:35:52,519 --> 00:35:49,920

apart you know he would you know he

782

00:35:54,789 --> 00:35:52,529

studied the crashes of test planes you

783

00:35:57,559 --> 00:35:54,799

know and so he could he had that kind of

784

00:35:59,720 --> 00:35:57,569

investigators mindset well he said he'd

785

00:36:02,210 --> 00:35:59,730

applied the same thing to his own dreams

786

00:36:04,910 --> 00:36:02,220

and he was able to determine in every

787

00:36:07,579 --> 00:36:04,920

case that a dream that seemed to be

788

00:36:11,029 --> 00:36:07,589

about an event was really about his own

789

00:36:12,769 --> 00:36:11,039

learning of the event or the way he

790

00:36:14,269 --> 00:36:12,779

learned about the event later and the

791

00:36:16,400 --> 00:36:14,279

way you can tell the difference is if

792

00:36:19,819 --> 00:36:16,410

there's a discrepancy if there's a

793

00:36:23,029 --> 00:36:19,829

discrepancy between the actual event in

794

00:36:24,109 --> 00:36:23,039

history and the way it's reported or the

795

00:36:30,380 --> 00:36:24,119

way you learn about it

796

00:36:33,170 --> 00:36:30,390

well his precognitive dreams always were

797

00:36:34,130 --> 00:36:33,180

about the way he learned about it and he

798

00:36:37,460 --> 00:36:34,140

could tell that when there was a

799

00:36:40,759 --> 00:36:37,470

discrepancy the most famous example of

800

00:36:43,130 --> 00:36:40,769

this is his he dreamed he was on he was

801  
00:36:46,549 --> 00:36:43,140  
on maneuvers I think it like 1900 or

802  
00:36:48,769 --> 00:36:46,559  
1901 in the Boer War in South Africa and

803  
00:36:51,019 --> 00:36:48,779  
he was camped out with his regiment and

804  
00:36:53,930 --> 00:36:51,029  
he had a dream that he was on a volcano

805  
00:36:56,390 --> 00:36:53,940  
about to explode and he somehow knew

806  
00:36:59,059 --> 00:36:56,400  
that 4,000 people were about to die and

807  
00:37:02,130 --> 00:36:59,069  
he was a French somehow this was a

808  
00:37:03,539 --> 00:37:02,140  
French place and he kept trying to

809  
00:37:05,370 --> 00:37:03,549  
convinced the French authorities to

810  
00:37:07,289 --> 00:37:05,380  
rescue these people who are about to die

811  
00:37:10,500 --> 00:37:07,299  
the 4,000 people are about to die well

812  
00:37:14,910 --> 00:37:10,510  
then he wakes up and that day or the

813  
00:37:18,000 --> 00:37:14,920

next day the the mail arrives a of mail

814

00:37:21,539 --> 00:37:18,010

arrives in the inn in his regiment and

815

00:37:25,140 --> 00:37:21,549

the newspaper the headline and the

816

00:37:26,880 --> 00:37:25,150

newspaper is that 40,000 people die on

817

00:37:30,470 --> 00:37:26,890

the French island of Martinique

818

00:37:33,420 --> 00:37:30,480

when mont palais this volcano blew up

819

00:37:35,609 --> 00:37:33,430

and he was stunned by this I mean how

820

00:37:38,220 --> 00:37:35,619

could you know he was he was out by he

821

00:37:39,990 --> 00:37:38,230

was off by 1:0 and his number you know

822

00:37:42,390 --> 00:37:40,000

but four thousand forty thousand that's

823

00:37:44,609 --> 00:37:42,400

pretty pretty close well he later

824

00:37:46,710 --> 00:37:44,619

learned that well the actual death toll

825

00:37:49,769 --> 00:37:46,720

turned out to be something like 30,000

826

00:37:52,380 --> 00:37:49,779

or 36,000 so I mean he wasn't he wasn't

827

00:37:54,569 --> 00:37:52,390

you know somehow directly getting

828

00:37:58,289 --> 00:37:54,579

information across space across

829

00:38:00,569 --> 00:37:58,299

space-time from that volcano eruption he

830

00:38:03,420 --> 00:38:00,579

was getting he was he was getting a

831

00:38:07,099 --> 00:38:03,430

preview of his experience of reading

832

00:38:11,099 --> 00:38:07,109

that headline and he is dream sort of

833

00:38:12,720 --> 00:38:11,109

dramatized it the way dreams do but he

834

00:38:15,359 --> 00:38:12,730

was Precog NIH's in his own future

835

00:38:17,249 --> 00:38:15,369

learning experiences and you know he had

836

00:38:21,269 --> 00:38:17,259

several great beautiful examples of this

837

00:38:24,120 --> 00:38:21,279

and and in my book I I go through many

838

00:38:25,950 --> 00:38:24,130

many many cases that show the same thing

839

00:38:29,059 --> 00:38:25,960

when you can when you can sort of draw a

840

00:38:31,710 --> 00:38:29,069

distinction between an actual event and

841

00:38:33,690 --> 00:38:31,720

the way a person learns of the event and

842

00:38:35,910 --> 00:38:33,700

what they think about that event the

843

00:38:38,180 --> 00:38:35,920

dream or the precognitive experience is

844

00:38:40,769 --> 00:38:38,190

always about the latter it's not about

845

00:38:42,509 --> 00:38:40,779

objective things in objective reality

846

00:38:45,269 --> 00:38:42,519

it's always about our own subjective

847

00:38:48,539 --> 00:38:45,279

future states are our future mental

848

00:38:53,120 --> 00:38:48,549

states what we had on Tim to remember we

849

00:38:56,039 --> 00:38:53,130

had on a bender Porter he had done a

850

00:39:00,630 --> 00:38:56,049

video about what was the lady's thing

851  
00:39:03,509 --> 00:39:00,640  
I'm Margaret Duncan yes yes okay who was

852  
00:39:06,960 --> 00:39:03,519  
tried in England she was the first

853  
00:39:09,839 --> 00:39:06,970  
person last person tried as a witch and

854  
00:39:11,970 --> 00:39:09,849  
we're talking about what 290 late 1940

855  
00:39:16,530 --> 00:39:11,980  
yeah yeah yeah

856  
00:39:19,110 --> 00:39:16,540  
yeah because she had apparently now if

857  
00:39:24,050 --> 00:39:19,120  
she predicted a what was it to me of a

858  
00:39:27,360 --> 00:39:24,060  
sinking of a British naval vessel right

859  
00:39:29,010 --> 00:39:27,370  
and and so they thought that you know

860  
00:39:31,610 --> 00:39:29,020  
the only possible way that she could

861  
00:39:36,090 --> 00:39:31,620  
have done this is that she must have had

862  
00:39:38,340 --> 00:39:36,100  
you know been in collusion with the

863  
00:39:43,590 --> 00:39:38,350

enemy or whoever was responsible I think

864

00:39:45,960 --> 00:39:43,600

for blowing up the the lead ship but of

865

00:39:49,350 --> 00:39:45,970

course she maintained that you know she

866

00:39:52,080 --> 00:39:49,360

got her information through the through

867

00:39:56,130 --> 00:39:52,090

the aspheric that it was a you know it

868

00:39:58,740 --> 00:39:56,140

was an actual premonition so some people

869

00:40:03,030 --> 00:39:58,750

do I mean seem to be able to tap into

870

00:40:04,860 --> 00:40:03,040

the future to some extent unless in her

871

00:40:07,020 --> 00:40:04,870

case somebody really did tip her off but

872

00:40:10,500 --> 00:40:07,030

that well I don't the what was it I

873

00:40:12,840 --> 00:40:10,510

think the the ship had gone down but it

874

00:40:16,880 --> 00:40:12,850

had not been reported in the press I

875

00:40:20,840 --> 00:40:16,890

think at that time but in the process of

876

00:40:24,120 --> 00:40:20,850

you know hauling her in and accusing her

877

00:40:26,310 --> 00:40:24,130

she would find out you know she would

878

00:40:28,770 --> 00:40:26,320

she would receive information about that

879

00:40:31,650 --> 00:40:28,780

she may have been Precog nicely what the

880

00:40:33,120 --> 00:40:31,660

investigators told her yeah in the

881

00:40:35,220 --> 00:40:33,130

process yeah but yeah we don't we don't

882

00:40:38,010 --> 00:40:35,230

you know we don't know the or I don't

883

00:40:39,870 --> 00:40:38,020

remember the the type that she had a

884

00:40:41,370 --> 00:40:39,880

premonition as opposed to the time she

885

00:40:42,870 --> 00:40:41,380

was you know arrested for it or

886

00:40:46,290 --> 00:40:42,880

something I'm see would you try and do a

887

00:40:48,780 --> 00:40:46,300

to it to get at but we don't know I you

888

00:40:50,670 --> 00:40:48,790

know I can't say that that's the case or

889

00:40:52,710 --> 00:40:50,680

it isn't the case yeah and most in most

890

00:40:55,050 --> 00:40:52,720

cases there isn't the available you know

891

00:40:58,770 --> 00:40:55,060

you can't tell for sure which what

892

00:41:02,850 --> 00:40:58,780

what's going well Tim you mate you made

893

00:41:05,910 --> 00:41:02,860

a point there that she she tapped into

894

00:41:09,000 --> 00:41:05,920

the future but I think that what Eric is

895

00:41:14,580 --> 00:41:09,010

saying is kind of the opposite that the

896

00:41:16,380 --> 00:41:14,590

future is tapping into the present well

897

00:41:18,030 --> 00:41:16,390

there you know people make this

898

00:41:23,010 --> 00:41:18,040

distinction but I don't I don't think

899

00:41:28,120 --> 00:41:23,020

it's a real distinction in you know the

900

00:41:30,370 --> 00:41:28,130

you seeing the feet it's like okay use

901  
00:41:32,800 --> 00:41:30,380  
let's use the spatial analogy of looking

902  
00:41:36,670 --> 00:41:32,810  
out the window okay of seeing a tree out

903  
00:41:38,620 --> 00:41:36,680  
the window now is the tree is are the

904  
00:41:40,720 --> 00:41:38,630  
photon you can describe the photons from

905  
00:41:42,340 --> 00:41:40,730  
the tree coming through the window and

906  
00:41:44,170 --> 00:41:42,350  
into your eye you can describe it that

907  
00:41:46,540 --> 00:41:44,180  
way or you can describe yourself as

908  
00:41:50,080 --> 00:41:46,550  
looking out the window well the same

909  
00:41:54,030 --> 00:41:50,090  
thing is happening through time there in

910  
00:41:56,860 --> 00:41:54,040  
quantum physics it's been perfectly

911  
00:42:01,270 --> 00:41:56,870  
accepted actually for a long time that

912  
00:42:06,220 --> 00:42:01,280  
information and causation can can happen

913  
00:42:08,500 --> 00:42:06,230

in both directions in in time and what I

914

00:42:12,370 --> 00:42:08,510

argue in this book and I'm not the first

915

00:42:14,710 --> 00:42:12,380

to argue this is that the brain is an

916

00:42:22,650 --> 00:42:14,720

organ that is able to scale up these

917

00:42:28,450 --> 00:42:25,620

basically act as what I call a tesseract

918

00:42:30,310 --> 00:42:28,460

that's a science fiction sort of device

919

00:42:31,660 --> 00:42:30,320

you know that it's a doorway through

920

00:42:34,000 --> 00:42:31,670

time well I think the brain is a

921

00:42:36,490 --> 00:42:34,010

tesseract it's it's it's you know it's

922

00:42:38,950 --> 00:42:36,500

it's information is flowing because of

923

00:42:40,510 --> 00:42:38,960

quantum processes being scaled up in the

924

00:42:43,480 --> 00:42:40,520

brain information is flowing in both

925

00:42:46,270 --> 00:42:43,490

directions and we're able to a degree

926  
00:42:49,660 --> 00:42:46,280  
not perfectly by any means but were able

927  
00:42:51,610 --> 00:42:49,670  
to a degree receive and make some kind

928  
00:42:59,830 --> 00:42:51,620  
of sense of information flowing from our

929  
00:43:04,420 --> 00:42:59,840  
futures and I don't remember the point I

930  
00:43:12,850 --> 00:43:04,430  
was trying to make with that well I had

931  
00:43:16,450 --> 00:43:12,860  
said okay so now is there at some point

932  
00:43:20,680 --> 00:43:16,460  
here that I mean the science can look

933  
00:43:22,900 --> 00:43:20,690  
back at this and say well you know there

934  
00:43:25,360 --> 00:43:22,910  
is a theory that's workable where we

935  
00:43:28,690 --> 00:43:25,370  
could see into the future

936  
00:43:30,550 --> 00:43:28,700  
I mean it's seen it seems that you know

937  
00:43:33,160 --> 00:43:30,560  
a pair of psychologists kind of stand

938  
00:43:35,040 --> 00:43:33,170

alone at this and that those in the

939

00:43:39,270 --> 00:43:35,050

scientific

940

00:43:42,510 --> 00:43:39,280

you know community who have and I used

941

00:43:45,990 --> 00:43:42,520

credentials and in quotes seem to like

942

00:43:47,880 --> 00:43:46,000

elect the sensibility to to look at

943

00:43:50,760 --> 00:43:47,890

anything along this line and even come

944

00:43:53,760 --> 00:43:50,770

up with a workable theory yeah I think

945

00:43:55,710 --> 00:43:53,770

it's people in parapsychology some

946

00:43:58,830 --> 00:43:55,720

people in parapsychology or I think at a

947

00:44:03,200 --> 00:43:58,840

frontier that is not you know most

948

00:44:05,700 --> 00:44:03,210

people in mainstream you know

949

00:44:08,130 --> 00:44:05,710

neuroscience or biology or not quite

950

00:44:12,450 --> 00:44:08,140

there yet but I you know science evolves

951  
00:44:17,340 --> 00:44:12,460  
and advances and and I have a feeling

952  
00:44:19,260 --> 00:44:17,350  
you know I kind of my my I have if I if

953  
00:44:21,180 --> 00:44:19,270  
I had to place money on it I would I

954  
00:44:23,670 --> 00:44:21,190  
would say that you know in twenty thirty

955  
00:44:27,750 --> 00:44:23,680  
years it's gonna be very well accepted

956  
00:44:29,550 --> 00:44:27,760  
that the the brain and other living

957  
00:44:31,680 --> 00:44:29,560  
systems not just the brain but but the

958  
00:44:34,680 --> 00:44:31,690  
brain especially the neuro their nervous

959  
00:44:36,210 --> 00:44:34,690  
systems especially can you know receive

960  
00:44:39,120 --> 00:44:36,220  
information for them from their future

961  
00:44:40,380 --> 00:44:39,130  
but it's gonna be discovering that you

962  
00:44:44,310 --> 00:44:40,390  
know through the Norden ordinary

963  
00:44:47,010 --> 00:44:44,320

channels of science is gonna you know

964

00:44:49,920 --> 00:44:47,020

it's gonna be research teams that have

965

00:44:51,480 --> 00:44:49,930

nothing to do with parapsychology or the

966

00:44:53,280 --> 00:44:51,490

paranormal or whatever and would never

967

00:44:57,110 --> 00:44:53,290

in a million years associate ourselves

968

00:45:00,300 --> 00:44:57,120

with people like you know like me or

969

00:45:01,590 --> 00:45:00,310

parapsychologists you know now and you

970

00:45:04,080 --> 00:45:01,600

know probably this will be you know

971

00:45:05,820 --> 00:45:04,090

common knowledge in thirty years but but

972

00:45:07,650 --> 00:45:05,830

parent today's parent psychologists are

973

00:45:09,390 --> 00:45:07,660

not going to be even either they're

974

00:45:14,240 --> 00:45:09,400

gonna not even warrant more than a

975

00:45:17,250 --> 00:45:14,250

footnote in the future you know quantum

976

00:45:22,140 --> 00:45:17,260

neuroscience of tomorrow that that

977

00:45:23,550 --> 00:45:22,150

really makes sense of this stuff you

978

00:45:27,120 --> 00:45:23,560

know when those when those discoveries

979

00:45:28,740 --> 00:45:27,130

are made you know you said just a

980

00:45:30,300 --> 00:45:28,750

footnote I mean yeah they're probably

981

00:45:31,950 --> 00:45:30,310

they're probably will be I mean you know

982

00:45:33,660 --> 00:45:31,960

it'll just be like oh well yeah that's a

983

00:45:36,150 --> 00:45:33,670

pair of psychologist you know wrote

984

00:45:39,120 --> 00:45:36,160

about something that was right somewhat

985

00:45:40,680 --> 00:45:39,130

similar exactly yeah you know we we know

986

00:45:43,410 --> 00:45:40,690

that they were just a bunch of woo-woos

987

00:45:45,660 --> 00:45:43,420

well exactly and that's that's actually

988

00:45:49,829 --> 00:45:45,670

the way science goes I mean it's you

989

00:45:54,210 --> 00:45:51,750

that kind of thing happens all the time

990

00:45:56,849 --> 00:45:54,220

you know like dark you know Darwin gets

991

00:46:00,630 --> 00:45:56,859

credit for discovering the you know

992

00:46:03,960 --> 00:46:00,640

natural selection well it was actually

993

00:46:06,839 --> 00:46:03,970

discovered three decades before he even

994

00:46:10,559 --> 00:46:06,849

spoke about his theory but you know

995

00:46:12,150 --> 00:46:10,569

because it wasn't you know it was it

996

00:46:14,099 --> 00:46:12,160

wasn't expressed quite in the right way

997

00:46:16,260 --> 00:46:14,109

and it was expressed by people who

998

00:46:17,670 --> 00:46:16,270

didn't have the right connections and

999

00:46:21,480 --> 00:46:17,680

they weren't in the right place the

1000

00:46:24,450 --> 00:46:21,490

right time you know we now attribute the

1001

00:46:25,920 --> 00:46:24,460

idea to Darwin but it's it's all it's

1002

00:46:27,210 --> 00:46:25,930

always more complicated than that when

1003

00:46:31,710 --> 00:46:27,220

you look at the history of science so I

1004

00:46:33,240 --> 00:46:31,720

kind of suspect that that that I and and

1005

00:46:36,180 --> 00:46:33,250

other people writing about these

1006

00:46:40,309 --> 00:46:36,190

phenomena right now are kind of we might

1007

00:46:47,220 --> 00:46:44,760

well that's you know people well you

1008

00:46:49,530 --> 00:46:47,230

know people have talked about if there

1009

00:46:55,410 --> 00:46:49,540

is any kind of advancement in the

1010

00:46:56,819 --> 00:46:55,420

knowledge of UFOs that when that happens

1011

00:46:59,579 --> 00:46:56,829

you know there'll be a bunch of

1012

00:47:02,280 --> 00:46:59,589

scientists who will swoop in and make

1013

00:47:07,230 --> 00:47:02,290

all the claims while you know people

1014

00:47:09,180 --> 00:47:07,240

like you know typically it myself yeah

1015

00:47:11,280 --> 00:47:09,190

well they'll just be like you know oh

1016

00:47:13,289 --> 00:47:11,290

you know these guys you know they wrote

1017

00:47:19,260 --> 00:47:13,299

books about it but yeah we don't they

1018

00:47:20,700 --> 00:47:19,270

were actually trying to make money well

1019

00:47:23,160 --> 00:47:20,710

there's the key way there's a key word

1020

00:47:25,140 --> 00:47:23,170

trying

1021

00:47:27,990 --> 00:47:25,150

alright gentlemen we are coming up to

1022

00:47:29,390 --> 00:47:28,000

our top of the hour break so when we

1023

00:47:32,609 --> 00:47:29,400

come back we'll continue our

1024

00:47:36,900 --> 00:47:32,619

conversations with Erick Gordo and Larry

1025

00:47:37,670 --> 00:47:36,910

Flaxman on exploring the bizarre so stay

1026

00:47:51,609 --> 00:47:37,680

tuned

1027

00:47:58,559 --> 00:47:55,900

explore the bazaars are your e-ticket

1028

00:48:01,870 --> 00:47:58,569

ride into the world of the paranoid

1029

00:48:04,890 --> 00:48:01,880

strap yourself here as we traverse the

1030

00:48:10,269 --> 00:48:04,900

universe exploring the unexplained UFO

1031

00:48:14,049 --> 00:48:10,279

of ghosts Lost Worlds cryptozoology

1032

00:48:17,759 --> 00:48:14,059

waters as well as other dimensions it's

1033

00:48:21,400 --> 00:48:17,769

time to take back the night last night

1034

00:48:24,609 --> 00:48:21,410

now your electrifying hosts of exploring

1035

00:48:29,739 --> 00:48:24,619

the bizarre Timothy Beckley and Tim

1036

00:48:32,469 --> 00:48:29,749

Schwartz welcome back to the second

1037

00:48:35,109 --> 00:48:32,479

segment of exploring the desire tonight

1038

00:48:39,299 --> 00:48:35,119

we're talking with dr. Eric weirdo and

1039

00:48:43,019 --> 00:48:39,309

Larry Flaxman and we're talking about

1040

00:48:46,890 --> 00:48:43,029

time precognition you know the

1041

00:48:53,019 --> 00:48:46,900

consciousness reality or whatever

1042

00:48:56,049 --> 00:48:53,029

whatever that tends to be and Larry I'm

1043

00:48:58,569 --> 00:48:56,059

gonna go and I know this goes back a

1044

00:49:00,489 --> 00:48:58,579

little bit for you but you know our

1045

00:49:04,989 --> 00:49:00,499

conversation tonight reminds me a little

1046

00:49:09,279 --> 00:49:04,999

bit of one of your older books the deja

1047

00:49:13,180 --> 00:49:09,289

vu enigma and a lot of things that you

1048

00:49:17,109 --> 00:49:13,190

know that we have been discussing really

1049

00:49:18,729 --> 00:49:17,119

kind of ties in to some of the stuff

1050

00:49:25,299 --> 00:49:18,739

that you wrote about yeah that you and

1051  
00:49:27,640 --> 00:49:25,309  
Maria wrote about in that book so when

1052  
00:49:29,709 --> 00:49:27,650  
it comes to something like deja vu I

1053  
00:49:31,239 --> 00:49:29,719  
mean what's the difference or is there a

1054  
00:49:35,019 --> 00:49:31,249  
difference between say like something

1055  
00:49:40,450 --> 00:49:35,029  
like you know precognition and and you

1056  
00:49:42,160 --> 00:49:40,460  
know a phenomena like that oh no I

1057  
00:49:43,690 --> 00:49:42,170  
that's a great question and I think

1058  
00:49:47,380 --> 00:49:43,700  
there is a tremendous amount of

1059  
00:49:49,839 --> 00:49:47,390  
crossover between those two can we go

1060  
00:49:51,009 --> 00:49:49,849  
back for the last segment we kind of

1061  
00:49:53,440 --> 00:49:51,019  
know sure we're talking a little bit

1062  
00:49:55,269 --> 00:49:53,450  
about precognition and I kind of was I

1063  
00:49:56,739 --> 00:49:55,279

didn't want to interrupt but I really

1064

00:49:59,799 --> 00:49:56,749

wanted to ask a question and one that

1065

00:50:03,700 --> 00:49:59,809

I'm you know I kind of struggle with as

1066

00:50:05,380 --> 00:50:03,710

well so who's do a fan i i completely

1067

00:50:08,020 --> 00:50:05,390

understand the concept of Precog

1068

00:50:10,000 --> 00:50:08,030

and I think it's there's certainly a lot

1069

00:50:14,590 --> 00:50:10,010

of credible stories of folks that that

1070

00:50:17,590 --> 00:50:14,600

are able to explain precognitive events

1071

00:50:18,700 --> 00:50:17,600

but but here's my question about it and

1072

00:50:21,850 --> 00:50:18,710

it's something that I've kind of

1073

00:50:23,920 --> 00:50:21,860

struggled with as a scientist and

1074

00:50:26,410 --> 00:50:23,930

knowing that that time is not linear

1075

00:50:28,840 --> 00:50:26,420

that in other words there really is no

1076

00:50:31,540 --> 00:50:28,850

past present or future that it's it's

1077

00:50:35,560 --> 00:50:31,550

now right so when you look at it under a

1078

00:50:40,450 --> 00:50:35,570

scientific lens the concept of that kind

1079

00:50:44,440 --> 00:50:40,460

of it's disturbing to me from the

1080

00:50:47,560 --> 00:50:44,450

perspective of that would somewhat

1081

00:50:50,320 --> 00:50:47,570

assume that the future had already been

1082

00:50:52,630 --> 00:50:50,330

determined right so that whole idea of

1083

00:50:56,610 --> 00:50:52,640

destiny versus free will you know is

1084

00:50:59,710 --> 00:50:56,620

there some sort of is is the future

1085

00:51:01,420 --> 00:50:59,720

predetermined and you know I don't know

1086

00:51:05,110 --> 00:51:01,430

that it necessarily is I mean if you

1087

00:51:07,780 --> 00:51:05,120

look on just look apply that to your

1088

00:51:10,030 --> 00:51:07,790

daily life right if you look at events

1089

00:51:12,850 --> 00:51:10,040

throughout the day my new changes to

1090

00:51:15,760 --> 00:51:12,860

your schedule you're able to kind of

1091

00:51:20,410 --> 00:51:15,770

manipulate and change the events of the

1092

00:51:21,940 --> 00:51:20,420

day right so how do you I guess this

1093

00:51:25,630 --> 00:51:21,950

really is the question how do you

1094

00:51:28,300 --> 00:51:25,640

explain precognitive events if you

1095

00:51:29,950 --> 00:51:28,310

really don't believe that the concept of

1096

00:51:32,020 --> 00:51:29,960

or you that doesn't really resonate with

1097

00:51:38,050 --> 00:51:32,030

you the concept of a predetermined

1098

00:51:40,480 --> 00:51:38,060

future well the the as far as I'm

1099

00:51:42,490 --> 00:51:40,490

concerned precognition sort of

1100

00:51:46,660 --> 00:51:42,500

presupposes a predetermined future I

1101  
00:51:51,130 --> 00:51:46,670  
mean that the I guess the the the most

1102  
00:51:52,900 --> 00:51:51,140  
convincing cosmological model from my

1103  
00:51:55,840 --> 00:51:52,910  
standpoint and a lot of physicists would

1104  
00:51:59,260 --> 00:51:55,850  
agree with this is that of Hermann

1105  
00:52:02,050 --> 00:51:59,270  
Minkowski he was he was Albert

1106  
00:52:03,430 --> 00:52:02,060  
Einstein's math teacher and bright you

1107  
00:52:06,550 --> 00:52:03,440  
know he argued that the universe is a

1108  
00:52:07,870 --> 00:52:06,560  
big it's a big block you know that we

1109  
00:52:10,630 --> 00:52:07,880  
just we have the three dimensions of

1110  
00:52:13,090 --> 00:52:10,640  
space that we're familiar with and the

1111  
00:52:17,710 --> 00:52:13,100  
fourth dimension is time and that

1112  
00:52:19,180 --> 00:52:17,720  
they're all the same and that that so so

1113  
00:52:20,890 --> 00:52:19,190

you know the few

1114

00:52:23,829 --> 00:52:20,900

future events even though we can't know

1115

00:52:25,120 --> 00:52:23,839

them we don't know them from our present

1116

00:52:27,400 --> 00:52:25,130

point of view from this kind of

1117

00:52:28,480 --> 00:52:27,410

fictional now point of view we don't

1118

00:52:33,880 --> 00:52:28,490

know what's gonna happen in the future

1119

00:52:39,400 --> 00:52:33,890

it's already there and and as a result

1120

00:52:41,349 --> 00:52:39,410

of that there are ways that it can the

1121

00:52:43,780 --> 00:52:41,359

future can influence the present and the

1122

00:52:46,450 --> 00:52:43,790

present can influence the past the same

1123

00:52:48,940 --> 00:52:46,460

way that events you know over here in

1124

00:52:52,870 --> 00:52:48,950

one place in space can influence events

1125

00:52:54,849 --> 00:52:52,880

you know another place so that's really

1126

00:52:56,980 --> 00:52:54,859

the kind of model and that and that is

1127

00:52:59,859 --> 00:52:56,990

disturbing to people because it implies

1128

00:53:02,680 --> 00:52:59,869

well then I that my sense of having free

1129

00:53:07,530 --> 00:53:02,690

will and my my sense of the ability to

1130

00:53:12,069 --> 00:53:07,540

change my destiny is really an illusion

1131

00:53:14,910 --> 00:53:12,079

you know that's and it raises I am I

1132

00:53:19,059 --> 00:53:14,920

argue that we need to sit with that

1133

00:53:21,690 --> 00:53:19,069

troubling idea and and not just reject

1134

00:53:24,490 --> 00:53:21,700

it sort of an in a knee-jerk kind of way

1135

00:53:26,680 --> 00:53:24,500

when I started studying this stuff I

1136

00:53:28,290 --> 00:53:26,690

tended to reject it in a knee-jerk way

1137

00:53:31,660 --> 00:53:28,300

because I didn't like that idea

1138

00:53:33,670 --> 00:53:31,670

initially but the more I thought about

1139

00:53:35,740 --> 00:53:33,680

it the more persuasive it got and also

1140

00:53:37,480 --> 00:53:35,750

it sort of resonated with my own kind of

1141

00:53:40,059 --> 00:53:37,490

spiritual beliefs I've been kind of a

1142

00:53:44,290 --> 00:53:40,069

Zen person and that that idea of

1143

00:53:47,440 --> 00:53:44,300

permanence in within this kind of

1144

00:53:51,309 --> 00:53:47,450

illusion of impermanence isn't isn't all

1145

00:53:53,710 --> 00:53:51,319

that counter to what a lot of Eastern

1146

00:53:56,440 --> 00:53:53,720

you know philosophers would argue so I

1147

00:53:58,329 --> 00:53:56,450

sort of I've come to love the idea of

1148

00:53:59,890 --> 00:53:58,339

the block universe but it's it's

1149

00:54:01,809 --> 00:53:59,900

something this is this goes back to that

1150

00:54:03,250 --> 00:54:01,819

taboo I was talking about people really

1151  
00:54:06,190 --> 00:54:03,260  
have a you know it's something that

1152  
00:54:08,290 --> 00:54:06,200  
people really have a reaction against

1153  
00:54:09,730 --> 00:54:08,300  
and so I'm just asking people to kind of

1154  
00:54:13,150 --> 00:54:09,740  
consider that reaction where does that

1155  
00:54:17,710 --> 00:54:13,160  
come from one now is it possible that

1156  
00:54:22,420 --> 00:54:17,720  
some event events are changeable but

1157  
00:54:24,970 --> 00:54:22,430  
that the majority of them are not well

1158  
00:54:27,490 --> 00:54:24,980  
you know you're gonna get a lot of

1159  
00:54:31,630 --> 00:54:27,500  
different opinions on this my opinion is

1160  
00:54:32,980 --> 00:54:31,640  
is no but a lot of people who write

1161  
00:54:37,000 --> 00:54:32,990  
about precognition and

1162  
00:54:39,190 --> 00:54:37,010  
P argue yes kind of a mane I guess the

1163  
00:54:41,880 --> 00:54:39,200

mainstream position I think right now in

1164

00:54:45,550 --> 00:54:41,890

parapsychology is that precognition

1165

00:54:48,520 --> 00:54:45,560

concerns probable probable futures and

1166

00:54:50,320 --> 00:54:48,530

this this idea of probability of course

1167

00:54:54,400 --> 00:54:50,330

is central to quantum physics and so

1168

00:54:58,210 --> 00:54:54,410

forth and thus you know you can you pre

1169

00:55:00,100 --> 00:54:58,220

cognize you know probable events but you

1170

00:55:02,200 --> 00:55:00,110

can potentially alter a course of

1171

00:55:04,990 --> 00:55:02,210

history and all that I think that that

1172

00:55:09,190 --> 00:55:05,000

that I I argue in the book that that

1173

00:55:12,040 --> 00:55:09,200

position is not coherent on a sort of

1174

00:55:13,600 --> 00:55:12,050

deep level and it and that it doesn't

1175

00:55:15,970 --> 00:55:13,610

really make a lot of sense when you

1176

00:55:18,640 --> 00:55:15,980

really examine it particularly cases of

1177

00:55:21,190 --> 00:55:18,650

precognition when you're talking events

1178

00:55:23,590 --> 00:55:21,200

years in the future and your Precog

1179

00:55:25,540 --> 00:55:23,600

izing something very precisely and this

1180

00:55:28,240 --> 00:55:25,550

there's a million cases of this and I've

1181

00:55:31,420 --> 00:55:28,250

experienced them very profoundly myself

1182

00:55:32,859 --> 00:55:31,430

actually in my own dreams and you know

1183

00:55:34,330 --> 00:55:32,869

if we live in a butterfly effect

1184

00:55:38,020 --> 00:55:34,340

universe you know we're like you know

1185

00:55:43,060 --> 00:55:38,030

any little any little alteration in my

1186

00:55:46,000 --> 00:55:43,070

in in my day could have radical effects

1187

00:55:48,370 --> 00:55:46,010

on future history so how could I pre

1188

00:55:50,590 --> 00:55:48,380

cognize something very precisely a day

1189

00:55:54,099 --> 00:55:50,600

that I might have you know two decades

1190

00:55:56,710 --> 00:55:54,109

in the future if that future is not

1191

00:55:59,620 --> 00:55:56,720

really already existing already kind of

1192

00:56:01,270 --> 00:55:59,630

set in stone so I'm kind of taking a

1193

00:56:02,950 --> 00:56:01,280

contrary in position in this book to

1194

00:56:05,109 --> 00:56:02,960

what a lot of current pair of

1195

00:56:07,270 --> 00:56:05,119

psychologists would say but yeah so

1196

00:56:08,890 --> 00:56:07,280

that's all that is to say is that there

1197

00:56:16,030 --> 00:56:08,900

are a lot of different there's a whole

1198

00:56:17,500 --> 00:56:16,040

there's a wide well okay it I was I was

1199

00:56:23,160 --> 00:56:17,510

gonna say real quick it makes me wonder

1200

00:56:26,320 --> 00:56:23,170

then you know people who you know have a

1201  
00:56:27,640 --> 00:56:26,330  
dream where you know say like you know

1202  
00:56:31,570 --> 00:56:27,650  
they're supposed to take a flight that

1203  
00:56:32,800 --> 00:56:31,580  
next day and they decide well I they

1204  
00:56:34,300 --> 00:56:32,810  
have a dream that you know they're on

1205  
00:56:36,520 --> 00:56:34,310  
the flight into flight crashes and

1206  
00:56:41,109 --> 00:56:36,530  
they're killed so they decide not to

1207  
00:56:42,970 --> 00:56:41,119  
take the flight and the flight crashes

1208  
00:56:46,510 --> 00:56:42,980  
but they're not on it and they live so I

1209  
00:56:50,530 --> 00:56:46,520  
wonder if the the your your

1210  
00:56:56,920 --> 00:56:50,540  
your consciousness is acting as a editor

1211  
00:56:58,960 --> 00:56:56,930  
narrator - you know somehow I'm not

1212  
00:57:01,210 --> 00:56:58,970  
quite you know sure what it is you know

1213  
00:57:04,480 --> 00:57:01,220

even though you know if your future is

1214

00:57:07,510 --> 00:57:04,490

already determined that you weren't

1215

00:57:10,030 --> 00:57:07,520

going to get on to that plane

1216

00:57:12,730 --> 00:57:10,040

but you see yourself dying in it and

1217

00:57:14,710 --> 00:57:12,740

then you don't you know is your mind

1218

00:57:17,170 --> 00:57:14,720

acting as an editor so to speak

1219

00:57:19,480 --> 00:57:17,180

well you know this goes you need to

1220

00:57:22,570 --> 00:57:19,490

realize that the imagination and that

1221

00:57:24,130 --> 00:57:22,580

includes the dreams or dreams or not you

1222

00:57:26,010 --> 00:57:24,140

know accurate representations of

1223

00:57:29,620 --> 00:57:26,020

anything they're they're very oblique

1224

00:57:31,750 --> 00:57:29,630

symbolic associative representations and

1225

00:57:34,420 --> 00:57:31,760

I'm you know yeah there are a lot of

1226

00:57:37,180 --> 00:57:34,430

cases just like you described where a

1227

00:57:38,530 --> 00:57:37,190

person dreams that you know they died in

1228

00:57:40,870 --> 00:57:38,540

the plane crash and so they don't take

1229

00:57:43,890 --> 00:57:40,880

the plane the plane crashes well I'm

1230

00:57:47,410 --> 00:57:43,900

arguing that what they're Precog NIH's

1231

00:57:49,240 --> 00:57:47,420

Ament elimin a chiral e form on learning

1232

00:57:51,370 --> 00:57:49,250

that that plane crashed oh my god I

1233

00:57:53,320 --> 00:57:51,380

could have been on that plane and that's

1234

00:57:55,110 --> 00:57:53,330

what they're Precog Nuys they're Precog

1235

00:57:57,820 --> 00:57:55,120

knighting again their own future

1236

00:58:02,310 --> 00:57:57,830

reactions their own future thoughts and

1237

00:58:05,620 --> 00:58:02,320

feelings in response to you know very

1238

00:58:07,830 --> 00:58:05,630

unsettling learning experiences are what

1239

00:58:10,000 --> 00:58:07,840

is some what if it's some type of

1240

00:58:11,740 --> 00:58:10,010

protection mechanism kind of like what

1241

00:58:13,570 --> 00:58:11,750

we talked about with the grandfather

1242

00:58:15,970 --> 00:58:13,580

paradox and some of the other paradoxes

1243

00:58:18,790 --> 00:58:15,980

that exist what if this is some sort of

1244

00:58:21,880 --> 00:58:18,800

subconscious you know deep meta-level

1245

00:58:26,050 --> 00:58:21,890

per second ISM that's in place to help

1246

00:58:27,520 --> 00:58:26,060

us you know protect ourselves what if

1247

00:58:28,840 --> 00:58:27,530

that's something that's built-in that we

1248

00:58:31,090 --> 00:58:28,850

just don't completely understand that

1249

00:58:32,770 --> 00:58:31,100

all of us have access to it at some

1250

00:58:35,260 --> 00:58:32,780

point which might explain why some

1251  
00:58:36,820 --> 00:58:35,270  
people you know most people in fact have

1252  
00:58:38,260 --> 00:58:36,830  
had some type of pre cognitive

1253  
00:58:40,960 --> 00:58:38,270  
experience at some point in their life

1254  
00:58:42,550 --> 00:58:40,970  
but I don't know I'm just thinking kind

1255  
00:58:46,240 --> 00:58:42,560  
of outside the box maybe it's something

1256  
00:58:48,910 --> 00:58:46,250  
that is is a healthy mechanism and

1257  
00:58:51,640 --> 00:58:48,920  
something that is is a useful perhaps

1258  
00:58:53,980 --> 00:58:51,650  
it's something you know from from

1259  
00:58:57,130 --> 00:58:53,990  
caveman days that that we've inherited

1260  
00:58:58,450 --> 00:58:57,140  
that would allow us to further the

1261  
00:59:00,220 --> 00:58:58,460  
species I don't know I'm just thinking

1262  
00:59:02,740 --> 00:59:00,230  
kind of outside the box about it

1263  
00:59:04,540 --> 00:59:02,750

it goes way back before caveman days I

1264

00:59:06,970 --> 00:59:04,550

mean this is basically relation

1265

00:59:10,630 --> 00:59:06,980

evolutionary by I mean this is you know

1266

00:59:12,010 --> 00:59:10,640

I think it's basic to evolution and in

1267

00:59:14,950 --> 00:59:12,020

fact one of the chapters in my book I I

1268

00:59:20,980 --> 00:59:14,960

I sort of speculate a little bit but I

1269

00:59:23,740 --> 00:59:20,990

it's grounded I think in in in sort of

1270

00:59:25,960 --> 00:59:23,750

current frontiers in biology that that

1271

00:59:28,599 --> 00:59:25,970

this kind of precognition or this kind

1272

00:59:30,700 --> 00:59:28,609

of responsiveness to the future may be

1273

00:59:33,160 --> 00:59:30,710

the very basis of life I mean this may

1274

00:59:35,740 --> 00:59:33,170

be this may be that kind of x-factor

1275

00:59:37,599 --> 00:59:35,750

that that that scientists have been

1276

00:59:41,140 --> 00:59:37,609

looking for for centuries that would

1277

00:59:44,230 --> 00:59:41,150

sort of separate life from lifeless

1278

00:59:46,120 --> 00:59:44,240

matter and that sort of the the you know

1279

00:59:50,020 --> 00:59:46,130

back in past centuries they talked about

1280

00:59:53,640 --> 00:59:50,030

a life force or whatever well it may be

1281

00:59:58,900 --> 00:59:53,650

something more like this this this

1282

01:00:03,460 --> 00:59:58,910

quantum pre-spawn Civ nasira Ward's and

1283

01:00:06,070 --> 01:00:03,470

the basic reward being survival so I so

1284

01:00:08,650 --> 01:00:06,080

my argument in the book is that in time

1285

01:00:10,660 --> 01:00:08,660

loops is that is that a nervous system

1286

01:00:12,160 --> 01:00:10,670

you know especially the human nervous

1287

01:00:14,440 --> 01:00:12,170

system but basically any nervous system

1288

01:00:18,720 --> 01:00:14,450

is a sort of a system that that scales

1289

01:00:23,170 --> 01:00:18,730

up this this pre-spawn Civ nough stew

1290

01:00:26,230 --> 01:00:23,180

survival into future rewards in a big

1291

01:00:27,640 --> 01:00:26,240

way and you know probably on the level

1292

01:00:30,550 --> 01:00:27,650

of life itself that probably you're

1293

01:00:32,710 --> 01:00:30,560

talking on the level of you know

1294

01:00:35,560 --> 01:00:32,720

milliseconds you know milliseconds ahead

1295

01:00:38,050 --> 01:00:35,570

you know or microseconds whatever just

1296

01:00:42,490 --> 01:00:38,060

just a slight advantage you know over

1297

01:00:44,710 --> 01:00:42,500

kind of random chance is gonna be

1298

01:00:47,470 --> 01:00:44,720

selected for in evolution you know and I

1299

01:00:50,620 --> 01:00:47,480

think this scales up in a nervous system

1300

01:00:53,260 --> 01:00:50,630

to become much more complex and to have

1301

01:00:55,420 --> 01:00:53,270

to do not necessarily not only with

1302

01:00:58,990 --> 01:00:55,430

personal the survival of the organism

1303

01:01:03,849 --> 01:00:59,000

but also just the kind of again the the

1304

01:01:06,580 --> 01:01:03,859

survival of upheavals and kind of kind

1305

01:01:08,230 --> 01:01:06,590

of withstanding close calls and

1306

01:01:10,180 --> 01:01:08,240

challenges in our lives and so yes

1307

01:01:12,280 --> 01:01:10,190

exactly what what you're saying is I

1308

01:01:13,810 --> 01:01:12,290

totally threw is that this is a this is

1309

01:01:16,510 --> 01:01:13,820

a system that

1310

01:01:19,870 --> 01:01:16,520

or an sus yeah so honey let me take that

1311

01:01:22,720 --> 01:01:19,880

one step further what do you think that

1312

01:01:24,160 --> 01:01:22,730

human physiology okay not human

1313

01:01:26,170 --> 01:01:24,170

do you think that this is strictly a

1314

01:01:28,990 --> 01:01:26,180

human construct or do you think that

1315

01:01:31,240 --> 01:01:29,000

other animals perhaps might have the

1316

01:01:34,540 --> 01:01:31,250

same type of abilities that we do of for

1317

01:01:37,920 --> 01:01:34,550

instance I know that it's very well and

1318

01:01:41,790 --> 01:01:37,930

it's very it's very commonly reported

1319

01:01:45,280 --> 01:01:41,800

trait for dogs for instance to know

1320

01:01:47,740 --> 01:01:45,290

prior to an earthquake for instance know

1321

01:01:48,730 --> 01:01:47,750

they'll start barking and howling now

1322

01:01:50,710 --> 01:01:48,740

obviously there's a physiological

1323

01:01:54,580 --> 01:01:50,720

component to that they can obviously

1324

01:01:55,930 --> 01:01:54,590

hear much higher than we can perhaps

1325

01:02:00,090 --> 01:01:55,940

that's part of it but do you think other

1326

01:02:02,770 --> 01:02:00,100

species have that same ability to access

1327

01:02:04,780 --> 01:02:02,780

precognitive event that we do yeah

1328

01:02:07,150 --> 01:02:04,790

absolutely probably even more so than we

1329

01:02:09,760 --> 01:02:07,160

do I mean this is I think I think in in

1330

01:02:11,440 --> 01:02:09,770

the human world you know these you know

1331

01:02:14,110 --> 01:02:11,450

we call it intuition I mean that's

1332

01:02:18,190 --> 01:02:14,120

that's our word for you know for this

1333

01:02:20,650 --> 01:02:18,200

kind of sixth sense and but I think it's

1334

01:02:22,480 --> 01:02:20,660

it's you know yeah it goes it's through

1335

01:02:26,920 --> 01:02:22,490

the animal kingdom and there's there was

1336

01:02:29,950 --> 01:02:26,930

a study a couple years ago a an

1337

01:02:31,450 --> 01:02:29,960

experimenter found that planarian worms

1338

01:02:33,220 --> 01:02:31,460

you know there these are the simplest

1339

01:02:34,840 --> 01:02:33,230

animals with a nervous system

1340

01:02:36,520 --> 01:02:34,850

you know they it's like I think a few

1341

01:02:38,500 --> 01:02:36,530

hundred they have a few hundred neurons

1342

01:02:41,580 --> 01:02:38,510

whatever they're taking a tiny little

1343

01:02:45,010 --> 01:02:41,590

worms they can orient away from aversive

1344

01:02:47,500 --> 01:02:45,020

stimuli a minute in advance now you know

1345

01:02:49,990 --> 01:02:47,510

that's astonishing compared if-if-if

1346

01:02:53,410 --> 01:02:50,000

true yeah this is just one study I don't

1347

01:02:55,180 --> 01:02:53,420

even know how how well powered the study

1348

01:02:56,560 --> 01:02:55,190

was so you know whatever you'd have

1349

01:02:58,240 --> 01:02:56,570

they'd have to do more research to sort

1350

01:03:00,070 --> 01:02:58,250

of you know replicate it but the point

1351

01:03:02,620 --> 01:03:00,080

is I mean if that's true you know that's

1352

01:03:04,630 --> 01:03:02,630

astounding compared to you know the

1353

01:03:08,380 --> 01:03:04,640

best laboratory studies of precognition

1354

01:03:11,350 --> 01:03:08,390

in humans you know show effects you know

1355

01:03:14,980 --> 01:03:11,360

milliseconds ahead you know that that

1356

01:03:18,550 --> 01:03:14,990

people and experiments can respond to

1357

01:03:20,830 --> 01:03:18,560

stimuli you know with you know their

1358

01:03:22,810 --> 01:03:20,840

autonomic nervous systems you know you

1359

01:03:24,550 --> 01:03:22,820

know a few fraction and a fraction of a

1360

01:03:26,990 --> 01:03:24,560

second in the future or maybe a second

1361

01:03:29,270 --> 01:03:27,000

you know I think 10 seconds is kind of

1362

01:03:31,370 --> 01:03:29,280

most anyone has really been able to find

1363

01:03:34,760 --> 01:03:31,380

in the laboratory for humans but if you

1364

01:03:38,060 --> 01:03:34,770

say a whole minute for a very simple

1365

01:03:40,190 --> 01:03:38,070

organism you know it makes sense that

1366

01:03:41,960 --> 01:03:40,200

that that what we call precognition is

1367

01:03:48,910 --> 01:03:41,970

just the tip of the tiny little tip of

1368

01:03:58,460 --> 01:03:53,810

influenced by future events and stimuli

1369

01:03:59,990 --> 01:03:58,470

in an organisms life you know and and

1370

01:04:03,320 --> 01:04:00,000

that they were oh and they would orient

1371

01:04:05,600 --> 01:04:03,330

towards survival and and my book offers

1372

01:04:09,710 --> 01:04:05,610

a mechanism for how that might work but

1373

01:04:13,100 --> 01:04:09,720

there and there seems to be people who

1374

01:04:14,810 --> 01:04:13,110

are more adept at this than others I'm

1375

01:04:18,490 --> 01:04:14,820

thinking along the lines of say like

1376

01:04:24,830 --> 01:04:18,500

remote viewers Ingo Swann you know comes

1377

01:04:27,560 --> 01:04:24,840

comes to mind I mean so have have any of

1378

01:04:30,470 --> 01:04:27,570

them tried to come up with an

1379

01:04:33,280 --> 01:04:30,480

explanation on you know how this process

1380

01:04:36,260 --> 01:04:33,290

works from em well honestly the the most

1381

01:04:39,890 --> 01:04:36,270

the most successful living remote viewer

1382

01:04:42,500 --> 01:04:39,900

is Joe mcmoneagle and I don't know if

1383

01:04:44,730 --> 01:04:42,510

you've heard him on the show but he he

1384

01:04:46,690 --> 01:04:44,740

actually he hit on this explanation

1385

01:04:49,070 --> 01:04:46,700

[Music]

1386

01:04:51,320 --> 01:04:49,080

decades ago I you know in his in the

1387

01:04:52,580 --> 01:04:51,330

early 90s I think his book mine Trek you

1388

01:04:55,010 --> 01:04:52,590

know someone wrote to him you know how

1389

01:04:56,690 --> 01:04:55,020

do you think remote viewing works and he

1390

01:04:58,640 --> 01:04:56,700

actually realized that you know I think

1391

01:05:01,100 --> 01:04:58,650

that I'm getting the answer from my own

1392

01:05:03,500 --> 01:05:01,110

future self that in the future when I

1393

01:05:05,390 --> 01:05:03,510

know you know when I know the answer to

1394

01:05:08,870 --> 01:05:05,400

the question that has been posed to me

1395

01:05:11,480 --> 01:05:08,880

now if that that is sort of somehow

1396

01:05:14,660 --> 01:05:11,490

sending back information to me now and

1397

01:05:16,850 --> 01:05:14,670

I'm receiving it and I there's a an

1398

01:05:19,730 --> 01:05:16,860

increasing school of thought that that's

1399

01:05:21,620 --> 01:05:19,740

how basically all psychic phenomena

1400

01:05:25,130 --> 01:05:21,630

really worked there all precognition

1401  
01:05:26,690 --> 01:05:25,140  
into in disguise and and there were sort

1402  
01:05:29,600 --> 01:05:26,700  
of getting information from some future

1403  
01:05:32,660 --> 01:05:29,610  
time point at which we will learn what

1404  
01:05:37,190 --> 01:05:32,670  
it is we think we're seeing directly

1405  
01:05:39,420 --> 01:05:37,200  
across space so so yeah so Joe

1406  
01:05:43,079 --> 01:05:39,430  
mcmoneagle is a perfect example

1407  
01:05:45,809 --> 01:05:43,089  
sort of hit on this this idea very early

1408  
01:05:48,210 --> 01:05:45,819  
on unfortunately but again because of

1409  
01:05:53,180 --> 01:05:48,220  
those taboos people don't pursue this

1410  
01:05:56,430 --> 01:05:53,190  
this explanation very fiercely it's a

1411  
01:05:58,290 --> 01:05:56,440  
there are more taboos than the ones we

1412  
01:06:00,510 --> 01:05:58,300  
have mentioned so far but there are a

1413  
01:06:04,650 --> 01:06:00,520

lot of reasons people would rather it

1414

01:06:07,470 --> 01:06:04,660

not be precognition so you know it's

1415

01:06:10,710 --> 01:06:07,480

that's I think kept kept people from

1416

01:06:12,450 --> 01:06:10,720

really pursuing this research well I can

1417

01:06:16,520 --> 01:06:12,460

think of an interesting thought

1418

01:06:20,120 --> 01:06:16,530

experiment along those lines where

1419

01:06:25,890 --> 01:06:20,130

somebody would be asked to Remote View

1420

01:06:30,210 --> 01:06:25,900

something and then afterwards be given

1421

01:06:33,359 --> 01:06:30,220

incorrect information exactly to see you

1422

01:06:36,540 --> 01:06:33,369

know to see if they had and you know and

1423

01:06:42,510 --> 01:06:36,550

and the head never they're never told

1424

01:06:44,640 --> 01:06:42,520

the truth so it's always tried that as

1425

01:06:48,480 --> 01:06:44,650

far as I know they haven't and that is

1426

01:06:51,000 --> 01:06:48,490

what's fascinating that I I am not aware

1427

01:06:53,160 --> 01:06:51,010

of any experiment it would be very

1428

01:06:55,349 --> 01:06:53,170

simple and the way I imagine it is you

1429

01:06:57,299 --> 01:06:55,359

would like take you know five or ten

1430

01:06:59,339 --> 01:06:57,309

like of your best remote viewers and put

1431

01:07:02,339 --> 01:06:59,349

them in a room have them Remote View a

1432

01:07:05,460 --> 01:07:02,349

site you know somewhere in the in in the

1433

01:07:07,650 --> 01:07:05,470

you know within you know thirty miles of

1434

01:07:10,410 --> 01:07:07,660

the room where you're having them doing

1435

01:07:12,089 --> 01:07:10,420

this and this is our it in the style of

1436

01:07:15,089 --> 01:07:12,099

the early remote viewing experiments and

1437

01:07:17,549 --> 01:07:15,099

then okay after the session you all they

1438

01:07:19,859 --> 01:07:17,559

all get in a bus and you take them to

1439

01:07:23,220 --> 01:07:19,869

the site now in the meanwhile you have a

1440

01:07:26,460 --> 01:07:23,230

Confederate who takes a and plants a

1441

01:07:28,170 --> 01:07:26,470

very vivid sculpture mmm it right in the

1442

01:07:33,240 --> 01:07:28,180

middle of that site that they remote

1443

01:07:34,829 --> 01:07:33,250

weird okay and when they arrive you know

1444

01:07:36,150 --> 01:07:34,839

they're gonna see the first thing

1445

01:07:39,299 --> 01:07:36,160

they're going to see is that sculpture

1446

01:07:42,059 --> 01:07:39,309

no will they're they're drawing or

1447

01:07:45,420 --> 01:07:42,069

whatever of the site match the site as

1448

01:07:47,819 --> 01:07:45,430

it was when they were in the room remote

1449

01:07:49,650 --> 01:07:47,829

viewing or will it match what they found

1450

01:07:52,980 --> 01:07:49,660

when they arrived and got off the bus

1451  
01:07:57,829 --> 01:07:52,990  
and that's you know it's a very simple

1452  
01:07:59,820 --> 01:07:57,839  
of feedback and I'm not aware of any any

1453  
01:08:01,650 --> 01:07:59,830  
studies that actually done that actually

1454  
01:08:03,450 --> 01:08:01,660  
if any any of your listeners are aware

1455  
01:08:07,320 --> 01:08:03,460  
of such a study I would love to hear

1456  
01:08:09,359 --> 01:08:07,330  
about it so please email me you know you

1457  
01:08:11,490 --> 01:08:09,369  
can find my email on my on my website

1458  
01:08:13,470 --> 01:08:11,500  
the nightshirt calm and I would love to

1459  
01:08:15,060 --> 01:08:13,480  
love to hear about it but I'm not aware

1460  
01:08:18,120 --> 01:08:15,070  
of any studies that have actually

1461  
01:08:19,920 --> 01:08:18,130  
manipulated feedback in that way that's

1462  
01:08:23,400 --> 01:08:19,930  
the simple way of that's the simple way

1463  
01:08:24,539 --> 01:08:23,410

of determining this hmm that would be

1464

01:08:28,170 --> 01:08:24,549

that'd be that'd be a fascinating

1465

01:08:32,370 --> 01:08:28,180

thought experiment you know it this this

1466

01:08:35,970 --> 01:08:32,380

conversation it reminds me that Nikola

1467

01:08:39,240 --> 01:08:35,980

Tesla one time had an accident in his

1468

01:08:41,820 --> 01:08:39,250

laboratory where he was he was struck by

1469

01:08:45,539 --> 01:08:41,830

an arc of electricity when he was

1470

01:08:48,329 --> 01:08:45,549

working on his Tesla coil and he said in

1471

01:08:51,269 --> 01:08:48,339

that moment before his assistant was

1472

01:08:53,490 --> 01:08:51,279

able to hit him with it wouldn't do by

1473

01:09:00,180 --> 01:08:53,500

four and knock him out of it that he

1474

01:09:01,979 --> 01:09:00,190

felt like that he was outside of time

1475

01:09:04,289 --> 01:09:01,989

and space he said that he had the

1476

01:09:06,209 --> 01:09:04,299

perception that he could see the past

1477

01:09:08,280 --> 01:09:06,219

present future all at one time

1478

01:09:11,070 --> 01:09:08,290

and he had difficulty you know what's

1479

01:09:16,789 --> 01:09:11,080

once he recovered yeah difficulty trying

1480

01:09:21,120 --> 01:09:16,799

to verbalize which you know Tesla was

1481

01:09:22,800 --> 01:09:21,130

never the man who was short of words but

1482

01:09:26,490 --> 01:09:22,810

the only thing that really he could

1483

01:09:30,059 --> 01:09:26,500

carry away with it was that he felt that

1484

01:09:32,910 --> 01:09:30,069

that time was an illusion and that

1485

01:09:37,849 --> 01:09:32,920

everything was was happening at once and

1486

01:09:40,729 --> 01:09:37,859

it had a big influence on his attempted

1487

01:09:43,499 --> 01:09:40,739

development of his unified field theory

1488

01:09:45,479 --> 01:09:43,509

Wow yeah that's a that's a great story

1489

01:09:47,340 --> 01:09:45,489

there there's a great book that your

1490

01:09:49,170 --> 01:09:47,350

listeners will enjoy that's coming out

1491

01:09:50,400 --> 01:09:49,180

and I think in just a couple months and

1492

01:09:52,499 --> 01:09:50,410

maybe even coming out this month

1493

01:09:56,510 --> 01:09:52,509

it's called changed in a flash and it's

1494

01:09:58,860 --> 01:09:56,520

by Jeffrey [h\_\_\h] and Elizabeth Crone

1495

01:10:01,350 --> 01:09:58,870

Jeffrey Cry Pillai you may be aware of

1496

01:10:05,850 --> 01:10:01,360

he's a sort of leading scholar of the

1497

01:10:06,740 --> 01:10:05,860

paranormal and he got he was connected a

1498

01:10:08,480 --> 01:10:06,750

few years ago with

1499

01:10:12,170 --> 01:10:08,490

woman Elizabeth Crone who was struck by

1500

01:10:16,720 --> 01:10:12,180

lightning in the in the parking lot of

1501

01:10:21,110 --> 01:10:16,730

her synagogue in 1978 I believe radiates

1502

01:10:23,750 --> 01:10:21,120

yes 88 I believe and afterwards she

1503

01:10:25,490 --> 01:10:23,760

started having amazing precognitive Hill

1504

01:10:27,500 --> 01:10:25,500

well she had a near-death experience and

1505

01:10:31,340 --> 01:10:27,510

a lot of other interesting paranormal

1506

01:10:33,410 --> 01:10:31,350

phenomena but also started pre cognizing

1507

01:10:36,260 --> 01:10:33,420

plane crashes and other disasters like

1508

01:10:38,870 --> 01:10:36,270

very like strikingly and she would even

1509

01:10:41,500 --> 01:10:38,880

email herself descriptions of her dreams

1510

01:10:44,570 --> 01:10:41,510

and then and then they would come true

1511

01:10:46,610 --> 01:10:44,580

you know the next day or whatever and so

1512

01:10:51,250 --> 01:10:46,620

she has a record of these amazing

1513

01:10:54,560 --> 01:10:51,260

precognitive dreams so that book will

1514

01:10:55,370 --> 01:10:54,570

it's like the perfect perfect example of

1515

01:10:57,680 --> 01:10:55,380

what you're talking about

1516

01:10:59,450 --> 01:10:57,690

mmm yeah we'll have to look with that

1517

01:11:01,490 --> 01:10:59,460

maybe try to get the author on sometime

1518

01:11:03,680 --> 01:11:01,500

all right we're coming up to the bottom

1519

01:11:06,230 --> 01:11:03,690

of the hour break so when we come back

1520

01:11:08,840 --> 01:11:06,240

we will continue our conversation about

1521

01:11:11,600 --> 01:11:08,850

time and consciousness and what have you

1522

01:11:20,000 --> 01:11:11,610

aren't exploring the bizarre so stay

1523

01:11:26,730 --> 01:11:24,150

now back to exploring the bazaars with

1524

01:11:30,030 --> 01:11:26,740

two of the most electrifying researchers

1525

01:11:35,460 --> 01:11:30,040

in the Paranoid your hosts Timothy Becky

1526

01:11:38,220 --> 01:11:35,470

Lee panting Swift's alright welcome back

1527

01:11:40,680 --> 01:11:38,230

to the final segment of exploring the

1528

01:11:43,620 --> 01:11:40,690

bizarre it seems to him that we get to

1529

01:11:49,980 --> 01:11:43,630

this point of the show and it's it's

1530

01:11:51,570 --> 01:11:49,990

it's amazing how time flies so we'll

1531

01:11:53,850 --> 01:11:51,580

have to we'll have to hurry up and

1532

01:11:58,290 --> 01:11:53,860

continue our conversation with our guest

1533

01:12:00,870 --> 01:11:58,300

eric worre go and Larry Flaxman and I'll

1534

01:12:04,380 --> 01:12:00,880

put this out to to to both of you

1535

01:12:06,810 --> 01:12:04,390

gentlemen and you know you you both can

1536

01:12:12,530 --> 01:12:06,820

can give me your own interpretation of

1537

01:12:14,910 --> 01:12:12,540

this question somebody asked me

1538

01:12:18,450 --> 01:12:14,920

concerning this show what is the

1539

01:12:23,280 --> 01:12:18,460

difference between say like predictions

1540

01:12:27,510 --> 01:12:23,290

and precognition and you know prophecy

1541

01:12:29,850 --> 01:12:27,520

or or what have you I I know that a lot

1542

01:12:32,250 --> 01:12:29,860

of people just kind of like lump all

1543

01:12:36,570 --> 01:12:32,260

these things in together but there is a

1544

01:12:41,370 --> 01:12:36,580

difference right I can go ahead and

1545

01:12:43,860 --> 01:12:41,380

address this the prediction would be

1546

01:12:50,340 --> 01:12:43,870

anything that that you know you could

1547

01:12:52,830 --> 01:12:50,350

use ordinary inference to to determine

1548

01:12:56,160 --> 01:12:52,840

like you know I can predict you know

1549

01:12:58,500 --> 01:12:56,170

pretty accurately you know for instance

1550

01:13:03,510 --> 01:12:58,510

that I'm gonna get up tomorrow around

1551  
01:13:05,610 --> 01:13:03,520  
you know 6:30 and and you know go to

1552  
01:13:07,290 --> 01:13:05,620  
work and I can I can predict a lot of

1553  
01:13:10,950 --> 01:13:07,300  
things about my day but I'm doing that

1554  
01:13:13,260 --> 01:13:10,960  
not not because of anything remarkable

1555  
01:13:15,620 --> 01:13:13,270  
or certainly not ESP it's simply you

1556  
01:13:19,620 --> 01:13:15,630  
know it's like I I know from experience

1557  
01:13:23,150 --> 01:13:19,630  
what what my day usually is and so you

1558  
01:13:26,130 --> 01:13:23,160  
know barring some something unforeseen

1559  
01:13:27,180 --> 01:13:26,140  
like you know a breakdown on the public

1560  
01:13:30,090 --> 01:13:27,190  
transportation or something like

1561  
01:13:31,470 --> 01:13:30,100  
that I'm gonna you know there's my days

1562  
01:13:34,200 --> 01:13:31,480  
gonna unfold a certain way and you can

1563  
01:13:37,470 --> 01:13:34,210

sort of predict the future that way and

1564

01:13:41,310 --> 01:13:37,480

that's what most professional predictors

1565

01:13:44,400 --> 01:13:41,320

you know you know of you know say the

1566

01:13:45,870 --> 01:13:44,410

stock market or whatever are doing and

1567

01:13:47,070 --> 01:13:45,880

certain ends probably what most science

1568

01:13:48,689 --> 01:13:47,080

fiction writers are doing you know

1569

01:13:51,270 --> 01:13:48,699

they're they're sort of taking current

1570

01:13:54,330 --> 01:13:51,280

what they know about current trends and

1571

01:13:57,300 --> 01:13:54,340

sort of extrapolating precognitive what

1572

01:14:00,240 --> 01:13:57,310

we're talking about is is something

1573

01:14:02,700 --> 01:14:00,250

where you you somehow know the future or

1574

01:14:04,560 --> 01:14:02,710

see the future or are influenced by the

1575

01:14:09,020 --> 01:14:04,570

future in a way that's sort of outside

1576

01:14:12,510 --> 01:14:09,030

of that that ordinary that ordinary

1577

01:14:15,660 --> 01:14:12,520

psychology and the word you know words

1578

01:14:17,520 --> 01:14:15,670

like prophecy and precognition and

1579

01:14:19,290 --> 01:14:17,530

premonition presentiment all that

1580

01:14:22,229 --> 01:14:19,300

they're all basically the same thing

1581

01:14:23,490 --> 01:14:22,239

they're describing the same kind of what

1582

01:14:27,630 --> 01:14:23,500

would we would typically term a

1583

01:14:29,880 --> 01:14:27,640

paranormal being influenced by the

1584

01:14:31,320 --> 01:14:29,890

future so prophecy that's a religion

1585

01:14:34,740 --> 01:14:31,330

that tends to be associated with a

1586

01:14:37,020 --> 01:14:34,750

religion where you know you a person

1587

01:14:38,459 --> 01:14:37,030

speaks the future or I think that's what

1588

01:14:40,439 --> 01:14:38,469

the technical meaning of the term is

1589

01:14:41,939 --> 01:14:40,449

speaking the future or you know writing

1590

01:14:44,939 --> 01:14:41,949

the future so you might talk about a

1591

01:14:49,170 --> 01:14:44,949

prophetic text or a proof or a prophet

1592

01:14:51,990 --> 01:14:49,180

who speaks some future event and

1593

01:14:55,290 --> 01:14:52,000

premonition typically means having a

1594

01:14:57,689 --> 01:14:55,300

some sort of prediction of a disaster or

1595

01:14:59,880 --> 01:14:57,699

a death or something negative or you

1596

01:15:03,050 --> 01:14:59,890

have a vision or a feeling about the

1597

01:15:05,700 --> 01:15:03,060

about some future negative event

1598

01:15:08,820 --> 01:15:05,710

presentiment means feeling the future

1599

01:15:10,229 --> 01:15:08,830

that is to say just kind of a feeling

1600

01:15:13,170 --> 01:15:10,239

about something that might happen no

1601  
01:15:18,320 --> 01:15:13,180  
either good or bad and precognition is

1602  
01:15:25,680 --> 01:15:22,709  
Larry dude they don't really agree but

1603  
01:15:29,330 --> 01:15:25,690  
you know I think I would add that I

1604  
01:15:33,150 --> 01:15:29,340  
think that all prophetic type events

1605  
01:15:37,200 --> 01:15:33,160  
really are precognitive but not all

1606  
01:15:39,209 --> 01:15:37,210  
precognitive events are prophetic that

1607  
01:15:40,800 --> 01:15:39,219  
makes any sense I think really the best

1608  
01:15:45,140 --> 01:15:40,810  
way to measure that or

1609  
01:15:49,020 --> 01:15:45,150  
you to analyze that would be that a

1610  
01:15:51,690 --> 01:15:49,030  
prophetic event would be one that comes

1611  
01:15:53,730 --> 01:15:51,700  
true if it doesn't come true then it

1612  
01:15:57,450 --> 01:15:53,740  
obviously wasn't a prophecy it wasn't

1613  
01:15:59,520 --> 01:15:57,460

any type of prophetic experience so I

1614

01:16:01,620 --> 01:15:59,530

think you know we talked earlier about

1615

01:16:04,380 --> 01:16:01,630

about destiny and we talked about

1616

01:16:06,270 --> 01:16:04,390

whether you know you believe that the

1617

01:16:09,510 --> 01:16:06,280

future is predestined and I think for

1618

01:16:12,150 --> 01:16:09,520

that prophetic experience to be true

1619

01:16:14,790 --> 01:16:12,160

that it's it's um it's something that

1620

01:16:18,060 --> 01:16:14,800

would be destined to happen and it can't

1621

01:16:21,030 --> 01:16:18,070

be changed so you know even if you look

1622

01:16:22,620 --> 01:16:21,040

at like religion religious texts

1623

01:16:25,140 --> 01:16:22,630

sometimes you'll you'll hear them speak

1624

01:16:26,670 --> 01:16:25,150

of false prophets well you know it's

1625

01:16:28,740 --> 01:16:26,680

very much the same thing it's something

1626

01:16:31,350 --> 01:16:28,750

that is changeable it's something that's

1627

01:16:33,720 --> 01:16:31,360

purporting to be something or someone

1628

01:16:37,040 --> 01:16:33,730

that they are not so I think I think the

1629

01:16:41,790 --> 01:16:37,050

two things are related but different

1630

01:16:46,230 --> 01:16:41,800

this reminds me a lot when we when we're

1631

01:16:48,930 --> 01:16:46,240

talking about this about a book that

1632

01:16:53,100 --> 01:16:48,940

arthur c clarke wrote called childhoods

1633

01:16:59,480 --> 01:16:53,110

aunt and i don't know if either of you

1634

01:17:03,630 --> 01:16:59,490

are familiar with that but you know the

1635

01:17:06,510 --> 01:17:03,640

the book is about the arrival of of an

1636

01:17:08,910 --> 01:17:06,520

alien species to earth at first keeps

1637

01:17:10,530 --> 01:17:08,920

themselves hidden and then when they

1638

01:17:15,410 --> 01:17:10,540

finally revealed themselves they look

1639

01:17:19,770 --> 01:17:15,420

like the the traditional mythological

1640

01:17:21,960 --> 01:17:19,780

satan you know red with with horns and

1641

01:17:28,140 --> 01:17:21,970

the pointy tail and and everything like

1642

01:17:30,600 --> 01:17:28,150

that and the they admitted that this was

1643

01:17:36,000 --> 01:17:30,610

the first time that they had visited the

1644

01:17:40,940 --> 01:17:36,010

earth and they they speculate that the

1645

01:17:43,560 --> 01:17:40,950

reason that we have a mythology about

1646

01:17:47,850 --> 01:17:43,570

demonic creatures shaped and looking

1647

01:17:52,170 --> 01:17:47,860

just like them was because of this you

1648

01:17:53,720 --> 01:17:52,180

know basically he'll the I guess a

1649

01:17:58,010 --> 01:17:53,730

cultural

1650

01:18:01,190 --> 01:17:58,020

cry of pain at the end when the human

1651

01:18:05,270 --> 01:18:01,200

race disappears and is replaced by the

1652

01:18:10,940 --> 01:18:05,280

the next step in the in evolution so I

1653

01:18:15,890 --> 01:18:10,950

mean you know very very much what you're

1654

01:18:18,320 --> 01:18:15,900

talking about then Eric seems to I mean

1655

01:18:20,060 --> 01:18:18,330

of course is a science-fiction book but

1656

01:18:21,380 --> 01:18:20,070

you know a lot of the cases that that

1657

01:18:25,040 --> 01:18:21,390

you write about the book or very

1658

01:18:27,200 --> 01:18:25,050

reminiscent of this idea yeah I this is

1659

01:18:28,550 --> 01:18:27,210

something that fascinates me and I am in

1660

01:18:30,290 --> 01:18:28,560

the book I tended to write about

1661

01:18:31,760 --> 01:18:30,300

experiences that happen within an

1662

01:18:34,490 --> 01:18:31,770

individual's lifetime because I think

1663

01:18:37,430 --> 01:18:34,500

that that the the the brain is really

1664

01:18:39,260 --> 01:18:37,440

the central unit of precognition and

1665

01:18:41,600 --> 01:18:39,270

that and that we really don't recognize

1666

01:18:43,040 --> 01:18:41,610

things that we that we are not going to

1667

01:18:46,310 --> 01:18:43,050

learn about have an opportunity to learn

1668

01:18:48,340 --> 01:18:46,320

about you know and that were not going

1669

01:18:52,460 --> 01:18:48,350

to be able to learn about before we die

1670

01:18:55,310 --> 01:18:52,470

but I do think that there's a way in

1671

01:18:57,560 --> 01:18:55,320

which cultural traditions could act as a

1672

01:18:59,960 --> 01:18:57,570

kind of tesseract the same way the brain

1673

01:19:02,180 --> 01:18:59,970

does and that we could potentially be

1674

01:19:05,690 --> 01:19:02,190

influenced our culture could be

1675

01:19:08,060 --> 01:19:05,700

influenced by by images and ideas that

1676

01:19:10,160 --> 01:19:08,070

that are off in the future and this is

1677

01:19:14,360 --> 01:19:10,170

something that I'm gonna write about in

1678

01:19:15,980 --> 01:19:14,370

the future in fact and yeah I think I

1679

01:19:18,740 --> 01:19:15,990

think there's so much interesting

1680

01:19:20,630 --> 01:19:18,750

evidence of this sort of thing I'm just

1681

01:19:28,190 --> 01:19:20,640

thinking of an example that a friend of

1682

01:19:29,530 --> 01:19:28,200

mine told me he he did it he is a has a

1683

01:19:33,530 --> 01:19:29,540

lot of experience with ayahuasca

1684

01:19:37,310 --> 01:19:33,540

shamanism and and he was showing me some

1685

01:19:41,540 --> 01:19:37,320

artwork by by by shamans in in South

1686

01:19:44,630 --> 01:19:41,550

America that that show you know they

1687

01:19:47,210 --> 01:19:44,640

they show like cities and and flying

1688

01:19:50,450 --> 01:19:47,220

saucers and very futuristic kind of

1689

01:19:52,430 --> 01:19:50,460

images and the standard you know

1690

01:19:54,380 --> 01:19:52,440

explanation for something like that

1691

01:19:56,510 --> 01:19:54,390

would be the well that you know this is

1692

01:19:58,820 --> 01:19:56,520

something that the shaman saw on TV or

1693

01:20:00,620 --> 01:19:58,830

something and and was reproducing but I

1694

01:20:02,660 --> 01:20:00,630

think that there really could be a way

1695

01:20:04,900 --> 01:20:02,670

in which in which particularly in

1696

01:20:08,440 --> 01:20:04,910

altered states or whatever and then

1697

01:20:11,170 --> 01:20:08,450

sort of an initiatory tradition like you

1698

01:20:13,780 --> 01:20:11,180

know like the ayahuasca shamanism you

1699

01:20:17,830 --> 01:20:13,790

know they're these things that are seen

1700

01:20:20,860 --> 01:20:17,840

in the future could sort of retro

1701

01:20:23,590 --> 01:20:20,870

influence you know cummins you know

1702

01:20:26,020 --> 01:20:23,600

through time and that that images for

1703

01:20:27,550 --> 01:20:26,030

the future could project backwards in

1704

01:20:30,010 --> 01:20:27,560

time so it's exactly like what you're

1705

01:20:33,430 --> 01:20:30,020

describing with Arthur Sze Clarke's

1706

01:20:34,660 --> 01:20:33,440

novel yeah this is something that's

1707

01:20:37,180 --> 01:20:34,670

really interesting to me I know I don't

1708

01:20:40,150 --> 01:20:37,190

have any answers to it but I have that

1709

01:20:42,300 --> 01:20:40,160

same kind of suspicion that that kind of

1710

01:20:48,300 --> 01:20:42,310

thing is it's really a powerful force

1711

01:20:50,890 --> 01:20:48,310

potentially Oh Larry now I know that Tim

1712

01:20:53,050 --> 01:20:50,900

Beckley asks you this at the first

1713

01:20:55,600 --> 01:20:53,060

segment of the program but you know

1714

01:20:56,860 --> 01:20:55,610

after we've had this this conversation

1715

01:21:02,320 --> 01:20:56,870

now and especially talking about the

1716

01:21:05,920 --> 01:21:02,330

idea of the the block universe do you

1717

01:21:08,590 --> 01:21:05,930

think that and and I realize that you

1718

01:21:10,870 --> 01:21:08,600

know this is just speculation on your

1719

01:21:15,700 --> 01:21:10,880

part do you think then that at some you

1720

01:21:20,170 --> 01:21:15,710

know time in the future that we will be

1721

01:21:22,390 --> 01:21:20,180

able to come up with a form of time

1722

01:21:25,870 --> 01:21:22,400

travel either you know physical or

1723

01:21:28,420 --> 01:21:25,880

mental or whatever you know it makes me

1724

01:21:30,220 --> 01:21:28,430

think of and I can't I can't remember

1725

01:21:33,310 --> 01:21:30,230

the name of this priest now but there's

1726

01:21:37,240 --> 01:21:33,320

you know like a priest in the early

1727

01:21:42,310 --> 01:21:37,250

1960s who claimed that that he had

1728

01:21:44,350 --> 01:21:42,320

invented a device that he could have yes

1729

01:21:47,740 --> 01:21:44,360

yes that's it that's it's a fascinating

1730

01:21:50,410 --> 01:21:47,750

fascinating story you know I do you

1731

01:21:54,610 --> 01:21:50,420

think that something like this is

1732

01:21:58,410 --> 01:21:54,620

possible will be possible or you know is

1733

01:22:01,300 --> 01:21:58,420

is happening you know now or sometime

1734

01:22:02,920 --> 01:22:01,310

you know again I think we are

1735

01:22:04,540 --> 01:22:02,930

time-traveling I think we have the

1736

01:22:07,390 --> 01:22:04,550

ability to do it certainly in the dream

1737

01:22:11,890 --> 01:22:07,400

state but as far as physical time travel

1738

01:22:14,609 --> 01:22:11,900

you know it's hard to comprehend that

1739

01:22:17,739 --> 01:22:14,619

the technolog

1740

01:22:19,739 --> 01:22:17,749

capability that would allow us to have

1741

01:22:22,359 --> 01:22:19,749

that I mean one of probably the most

1742

01:22:25,329 --> 01:22:22,369

prevailing theories of time travel is

1743

01:22:26,770 --> 01:22:25,339

the utilization of a wormhole without

1744

01:22:29,079 --> 01:22:26,780

really getting into all the details

1745

01:22:31,089 --> 01:22:29,089

basically the gist of it is is that we

1746

01:22:35,439 --> 01:22:31,099

would create some type of a ship or a

1747

01:22:37,569 --> 01:22:35,449

craft and we would fire ourself into a

1748

01:22:40,149 --> 01:22:37,579

wormhole and then the wormhole would

1749

01:22:42,399 --> 01:22:40,159

then allow us to drop at hyperspeed

1750

01:22:45,099 --> 01:22:42,409

faster than life through parts of the

1751

01:22:47,770 --> 01:22:45,109

galaxy to another part of the galaxy

1752

01:22:50,500 --> 01:22:47,780

which my proxy would mean that we had

1753

01:22:52,779 --> 01:22:50,510

someone time-traveled the problem with

1754

01:22:56,979 --> 01:22:52,789

that though is that we don't have the

1755

01:23:00,399 --> 01:22:56,989

technological means to create any exotic

1756

01:23:04,029 --> 01:23:00,409

material strong enough to protect us

1757

01:23:07,000 --> 01:23:04,039

from the gravitational waves and pull of

1758

01:23:11,409 --> 01:23:07,010

that black hole so that's probably the

1759

01:23:13,449 --> 01:23:11,419

the most possible I would say way for us

1760

01:23:15,099 --> 01:23:13,459

to physically time-travel but I mean

1761

01:23:18,429 --> 01:23:15,109

we're still probably hundreds of years

1762

01:23:20,729 --> 01:23:18,439

away from having a the technology first

1763

01:23:24,279 --> 01:23:20,739

of all to even travel to a black hole

1764

01:23:26,699 --> 01:23:24,289

and then be create technology that will

1765

01:23:30,279 --> 01:23:26,709

allow us to maintain life support and

1766

01:23:32,829 --> 01:23:30,289

system support within within the event

1767

01:23:36,759 --> 01:23:32,839

horizon of one so there's a variety of

1768

01:23:37,989 --> 01:23:36,769

other physical time-travel theories that

1769

01:23:40,149 --> 01:23:37,999

have been put out there people have

1770

01:23:43,059 --> 01:23:40,159

talked about rotating magnets they

1771

01:23:44,979 --> 01:23:43,069

talked about lasers there's tons and

1772

01:23:48,250 --> 01:23:44,989

tons of ideas about how we could do it

1773

01:23:51,729 --> 01:23:48,260

but from a physical from a practical

1774

01:23:54,069 --> 01:23:51,739

perspective physically it's the science

1775

01:23:56,439 --> 01:23:54,079

just isn't there we just don't have it

1776

01:23:57,699 --> 01:23:56,449

now Einstein talks about in special

1777

01:23:59,770 --> 01:23:57,709

relativity and also in general

1778

01:24:01,479 --> 01:23:59,780

relativity he opened the door for

1779

01:24:04,929 --> 01:24:01,489

time-travel and he kind of leaves it

1780

01:24:07,319 --> 01:24:04,939

open but there's not really you know

1781

01:24:09,759 --> 01:24:07,329

mathematically it supports it but

1782

01:24:12,159 --> 01:24:09,769

logistically and physically there's

1783

01:24:14,799 --> 01:24:12,169

really nothing that we have today or in

1784

01:24:16,989 --> 01:24:14,809

the in the very near future that would

1785

01:24:20,049 --> 01:24:16,999

allow us to actually do it so do I think

1786

01:24:22,479 --> 01:24:20,059

it's possible at some point yeah I do

1787

01:24:24,159 --> 01:24:22,489

think it's possible at some point that

1788

01:24:26,909 --> 01:24:24,169

we can achieve faster-than-light travel

1789

01:24:28,429 --> 01:24:26,919

and potentially breached time space and

1790

01:24:29,870 --> 01:24:28,439

travel

1791

01:24:32,060 --> 01:24:29,880

do I think it's going to be anything in

1792

01:24:35,409 --> 01:24:32,070

any of our lifetimes absolutely not I

1793

01:24:38,179 --> 01:24:35,419

think that if the technology is ever

1794

01:24:41,169 --> 01:24:38,189

created we're talking hundreds if not

1795

01:24:45,759 --> 01:24:41,179

thousands of years in the future right

1796

01:24:48,739 --> 01:24:45,769

what about the phenomena of time slips

1797

01:24:49,520 --> 01:24:48,749

I've I've written extensively about this

1798

01:24:50,899 --> 01:24:49,530

myself

1799

01:24:54,069 --> 01:24:50,909

and have talked to a number of people

1800

01:24:59,659 --> 01:24:54,079

over the years who have personally had

1801  
01:25:01,580 --> 01:24:59,669  
these amazing experiences and you know

1802  
01:25:06,819 --> 01:25:01,590  
this this question is for both of you

1803  
01:25:13,189 --> 01:25:06,829  
gentlemen I do you think that this is an

1804  
01:25:14,839 --> 01:25:13,199  
actual experience where somebody you

1805  
01:25:17,299 --> 01:25:14,849  
know is actually viewing either you know

1806  
01:25:19,729 --> 01:25:17,309  
the past or the future

1807  
01:25:22,609 --> 01:25:19,739  
or do you think they're you know could

1808  
01:25:25,699 --> 01:25:22,619  
be another unknown mechanism you know

1809  
01:25:30,080 --> 01:25:25,709  
involved that we don't understand quite

1810  
01:25:32,359 --> 01:25:30,090  
yet so so my opinion on that yeah and

1811  
01:25:36,199 --> 01:25:32,369  
I've read lots and lots of folks that

1812  
01:25:37,699 --> 01:25:36,209  
have had experience all times I times

1813  
01:25:40,609 --> 01:25:37,709

flip experiences in fact I've actually

1814

01:25:42,649 --> 01:25:40,619

even had one but what I think is

1815

01:25:44,179 --> 01:25:42,659

happening in a time slip experience and

1816

01:25:46,310 --> 01:25:44,189

again this is just my opinion there's

1817

01:25:48,709 --> 01:25:46,320

obviously no hard science behind this

1818

01:25:53,989 --> 01:25:48,719

but my opinion is that for a brief

1819

01:25:56,629 --> 01:25:53,999

moment in time almost almost like back

1820

01:25:58,939 --> 01:25:56,639

in the analog radio days where as you're

1821

01:26:00,739 --> 01:25:58,949

tuning between stations on a radio you

1822

01:26:02,689 --> 01:26:00,749

would hit that sweet spot where you kind

1823

01:26:04,759 --> 01:26:02,699

of pick up both stations at the same

1824

01:26:06,409 --> 01:26:04,769

time I think when that quantum slip

1825

01:26:08,239 --> 01:26:06,419

occurs it's very similar to that and

1826

01:26:10,399 --> 01:26:08,249

that you are tuned into two different

1827

01:26:12,709 --> 01:26:10,409

realities at the exact same time I don't

1828

01:26:14,479 --> 01:26:12,719

know if you know for from the

1829

01:26:16,609 --> 01:26:14,489

traditional definition of if you would

1830

01:26:18,709 --> 01:26:16,619

consider that to be true time travel or

1831

01:26:21,109 --> 01:26:18,719

not I don't believe so but I think it's

1832

01:26:23,839 --> 01:26:21,119

accessing two different parallel

1833

01:26:26,870 --> 01:26:23,849

realities at the same time in fact if

1834

01:26:28,100 --> 01:26:26,880

you if you read any of the the extensive

1835

01:26:32,330 --> 01:26:28,110

stories that have been written where

1836

01:26:35,060 --> 01:26:32,340

people have had especially experiences

1837

01:26:37,250 --> 01:26:35,070

where they appear to travel not only in

1838

01:26:41,869 --> 01:26:37,260

time but also in two different

1839

01:26:44,529 --> 01:26:41,879

geographic location to there's always a

1840

01:26:46,459 --> 01:26:44,539

slight inconsistencies in their

1841

01:26:48,169 --> 01:26:46,469

recollections in other words there's

1842

01:26:52,159 --> 01:26:48,179

always something slightly different

1843

01:26:54,589 --> 01:26:52,169

about the reality of their experience

1844

01:26:56,810 --> 01:26:54,599

it's not crystal clear like it would be

1845

01:26:58,819 --> 01:26:56,820

you know in our four-dimensional world

1846

01:27:00,770 --> 01:26:58,829

there's always something slightly off so

1847

01:27:02,449 --> 01:27:00,780

that makes me think that it's kind of

1848

01:27:04,759 --> 01:27:02,459

like that static between those two

1849

01:27:08,500 --> 01:27:04,769

stations and that you're you're

1850

01:27:11,479 --> 01:27:08,510

accessing your reality your your current

1851

01:27:14,989 --> 01:27:11,489

four dimensional reality but you're also

1852

01:27:17,629 --> 01:27:14,999

somehow kind of breaking the bonds and

1853

01:27:19,159 --> 01:27:17,639

and accessing something completely

1854

01:27:21,799 --> 01:27:19,169

different and I think that same

1855

01:27:23,899 --> 01:27:21,809

mechanism in fact it's probably the

1856

01:27:25,969 --> 01:27:23,909

explanation for paranormal phenomena to

1857

01:27:28,159 --> 01:27:25,979

a large extent as well when you have

1858

01:27:30,139 --> 01:27:28,169

when you look at electronic voice

1859

01:27:33,020 --> 01:27:30,149

phenomena and you look at some of the

1860

01:27:35,929 --> 01:27:33,030

other quote evidence of the paranormal

1861

01:27:39,109 --> 01:27:35,939

you know there's a lot of similarities

1862

01:27:43,719 --> 01:27:39,119

in how the data is produced and how it

1863

01:27:46,489 --> 01:27:43,729

is viewed and the overall experience

1864

01:27:48,649 --> 01:27:46,499

representation of that so I think it's

1865

01:27:51,500 --> 01:27:48,659

that same mechanism that allows for

1866

01:27:53,929 --> 01:27:51,510

ghosts and Bigfoots and and you know

1867

01:27:55,639 --> 01:27:53,939

chupacabras and anything that you want

1868

01:27:58,639 --> 01:27:55,649

to consider to be paranormal I think

1869

01:28:00,259 --> 01:27:58,649

it's very similar to those types of time

1870

01:28:02,029 --> 01:28:00,269

slips where people are having

1871

01:28:05,869 --> 01:28:02,039

experiences where they seem to travel

1872

01:28:09,549 --> 01:28:05,879

outside of their own reality and time mm

1873

01:28:12,500 --> 01:28:09,559

mm mm Eric well here's another

1874

01:28:14,810 --> 01:28:12,510

possibility that I've written about a

1875

01:28:19,040 --> 01:28:14,820

bit on that blog and that's that these

1876

01:28:21,409 --> 01:28:19,050

are again kind of precognition sort of

1877

01:28:23,899 --> 01:28:21,419

mists recognized as something else

1878

01:28:26,029 --> 01:28:23,909

because one thing that's that people

1879

01:28:28,099 --> 01:28:26,039

kind of overlook with time flips slip

1880

01:28:30,709 --> 01:28:28,109

experiences is what happens after the

1881

01:28:32,839 --> 01:28:30,719

time slip and how does the person find

1882

01:28:37,279 --> 01:28:32,849

out what it was that they were seeing

1883

01:28:40,159 --> 01:28:37,289

and there when you sort of zoom in on it

1884

01:28:44,739 --> 01:28:40,169

that way sure look forensically again at

1885

01:28:47,000 --> 01:28:44,749

these experiences you in many cases find

1886

01:28:50,029 --> 01:28:47,010

sort of the same thing that I was

1887

01:28:53,509 --> 01:28:50,039

describing earlier with JW Dunn's

1888

01:28:55,560 --> 01:28:53,519

precognitive dreams that you find that

1889

01:28:58,140 --> 01:28:55,570

the time slip

1890

01:29:00,720 --> 01:28:58,150

as described by the experience or

1891

01:29:02,490 --> 01:29:00,730

matches something that they learned or

1892

01:29:04,800 --> 01:29:02,500

something specific about the way they

1893

01:29:07,430 --> 01:29:04,810

learned about the historic event that

1894

01:29:09,959 --> 01:29:07,440

they thought they were seeing directly

1895

01:29:11,399 --> 01:29:09,969

in the past so here's here's an example

1896

01:29:14,609 --> 01:29:11,409

actually that I've written about on my

1897

01:29:18,950 --> 01:29:14,619

blog this was in the 1950s I believe in

1898

01:29:23,700 --> 01:29:18,960

a village in Scotland called Dunnigan

1899

01:29:25,919 --> 01:29:23,710

and a woman was walking home her car had

1900

01:29:27,839 --> 01:29:25,929

a actually run off the road he was kind

1901

01:29:30,180 --> 01:29:27,849

of in a light snow storm she was driving

1902

01:29:32,430 --> 01:29:30,190

home from a neighboring village one

1903

01:29:35,069 --> 01:29:32,440

night after a cocktail party and so she

1904

01:29:38,250 --> 01:29:35,079

had to walk several miles to get to her

1905

01:29:40,560 --> 01:29:38,260

home at the in this village and on her

1906

01:29:43,709 --> 01:29:40,570

way home she saw like all these torches

1907

01:29:46,129 --> 01:29:43,719

is the line of torches of people that

1908

01:29:48,839 --> 01:29:46,139

looked like and they look like ancient

1909

01:29:52,830 --> 01:29:48,849

soldiers and that they looked like they

1910

01:29:54,810 --> 01:29:52,840

were like looking for their dead and she

1911

01:29:59,640 --> 01:29:54,820

how this is weird vision she had well

1912

01:30:01,669 --> 01:29:59,650

she knew that that the village that this

1913

01:30:04,520 --> 01:30:01,679

the hill near her village was the

1914

01:30:06,750 --> 01:30:04,530

historically the site of a very famous

1915

01:30:09,810 --> 01:30:06,760

battle that occurred in the 6th century

1916

01:30:11,850 --> 01:30:09,820

called the Battle of neck Tain's mirror

1917

01:30:14,910 --> 01:30:11,860

it was between the Picts and Scotland

1918

01:30:17,010 --> 01:30:14,920

and the the the northumbrian who were

1919

01:30:18,810 --> 01:30:17,020

pursuing them and the pic sort of

1920

01:30:21,990 --> 01:30:18,820

outwitted them and defeated these

1921

01:30:23,819 --> 01:30:22,000

Northumbrian and so she you know she

1922

01:30:26,550 --> 01:30:23,829

kind of imagined that she was seeing

1923

01:30:28,470 --> 01:30:26,560

these Pictish soldiers looking for their

1924

01:30:30,270 --> 01:30:28,480

dead at the in the aftermath of this

1925

01:30:31,800 --> 01:30:30,280

battle that happened you know a sense

1926

01:30:36,089 --> 01:30:31,810

there you know a millennium and a half

1927

01:30:38,540 --> 01:30:36,099

in the past well it turned out that like

1928

01:30:42,800 --> 01:30:38,550

one of the details of what she saw

1929

01:30:46,439 --> 01:30:42,810

matched something that an archaeologist

1930

01:30:50,819 --> 01:30:46,449

had written in an article that she

1931

01:30:53,220 --> 01:30:50,829

subsequently read when she was like

1932

01:30:54,540 --> 01:30:53,230

reading trying to read about this this

1933

01:30:56,220 --> 01:30:54,550

vision that she had it was sort of

1934

01:30:59,520 --> 01:30:56,230

delving into the history of the Battle

1935

01:31:01,109 --> 01:30:59,530

of nekton smear and like she saw like

1936

01:31:03,270 --> 01:31:01,119

soldiers like taking this weird

1937

01:31:04,919 --> 01:31:03,280

roundabout path through this field well

1938

01:31:07,229 --> 01:31:04,929

it turned out this this archaeologists

1939

01:31:08,450 --> 01:31:07,239

had traced the outlines of this ancient

1940

01:31:10,280 --> 01:31:08,460

lake that

1941

01:31:12,440 --> 01:31:10,290

existed at the time of the battle and

1942

01:31:14,810 --> 01:31:12,450

that and so the soldiers would have had

1943

01:31:17,000 --> 01:31:14,820

to like take this circuitous path that

1944

01:31:19,160 --> 01:31:17,010

she'd observed in her vision so that

1945

01:31:21,260 --> 01:31:19,170

kind of led people to believe

1946

01:31:24,010 --> 01:31:21,270

oh this was an authentic vision of this

1947

01:31:27,590 --> 01:31:24,020

battle but the interesting thing is

1948

01:31:29,300 --> 01:31:27,600

subsequently historians decided that

1949

01:31:31,220 --> 01:31:29,310

this village wasn't actually the site of

1950

01:31:33,050 --> 01:31:31,230

that battle at all the battle had

1951

01:31:36,110 --> 01:31:33,060

occurred at this other location in

1952

01:31:39,500 --> 01:31:36,120

Scotland and so it's no longer believed

1953

01:31:42,050 --> 01:31:39,510

to have been the site of that battle so

1954

01:31:45,470 --> 01:31:42,060

if that was determined you know after

1955

01:31:48,740 --> 01:31:45,480

she died after this woman died so so it

1956

01:31:52,220 --> 01:31:48,750

seems like she was having a vision you

1957

01:31:54,890 --> 01:31:52,230

know of things that she was going to

1958

01:31:56,180 --> 01:31:54,900

learn in the course of trying to

1959

01:31:57,860 --> 01:31:56,190

investigate her vision and this is why I

1960

01:32:01,070 --> 01:31:57,870

call my book time loops because it's

1961

01:32:03,080 --> 01:32:01,080

about these kind of looping structures

1962

01:32:04,820 --> 01:32:03,090

you know you you there's a way in which

1963

01:32:07,760 --> 01:32:04,830

you know you have a vision or you have a

1964

01:32:11,240 --> 01:32:07,770

dream and then your actions as a result

1965

01:32:13,640 --> 01:32:11,250

of that contribute to the the thing that

1966

01:32:15,890 --> 01:32:13,650

you wind up seeing I mean you you you

1967

01:32:19,220 --> 01:32:15,900

there there it's a looping structure

1968

01:32:20,630 --> 01:32:19,230

it's not just a one-way influence of the

1969

01:32:23,540 --> 01:32:20,640

future on the past I mean you're also

1970

01:32:26,330 --> 01:32:23,550

fulfilling it in a way this is why I say

1971

01:32:33,500 --> 01:32:26,340

all all prophecies are self fulfilling

1972

01:32:35,840 --> 01:32:33,510

and and this this same structure can be

1973

01:32:38,900 --> 01:32:35,850

seen another time we are so I'm sorry

1974

01:32:40,970 --> 01:32:38,910

another time slip phenomena as well so

1975

01:32:42,920 --> 01:32:40,980

it's this is another way of looking at

1976

01:32:45,740 --> 01:32:42,930

it that it's it's potentially just a

1977

01:32:49,070 --> 01:32:45,750

kind of precognition of again a future

1978

01:32:51,020 --> 01:32:49,080

learning experience hmm fascinating well

1979

01:32:53,090 --> 01:32:51,030

gentlemen unfortunately we only have

1980

01:32:56,360 --> 01:32:53,100

about three minutes left in the program

1981

01:32:58,850 --> 01:32:56,370

so I want to give you both a chance to

1982

01:33:01,030 --> 01:32:58,860

let our audience know where they can

1983

01:33:04,370 --> 01:33:01,040

find out more about you you know your

1984

01:33:07,370 --> 01:33:04,380

sites online where they can find your

1985

01:33:09,920 --> 01:33:07,380

books and maybe any upcoming events that

1986

01:33:13,190 --> 01:33:09,930

you may be participating in so Larry

1987

01:33:16,010 --> 01:33:13,200

let's start with you so you can always

1988

01:33:17,479 --> 01:33:16,020

keep up with everything that I've got

1989

01:33:22,310 --> 01:33:17,489

going on on my website which is

1990

01:33:28,879 --> 01:33:26,450

I am calm I've got my events listed

1991

01:33:32,000 --> 01:33:28,889

there the various places that I'm

1992

01:33:33,800 --> 01:33:32,010

speaking et cetera my next event that I

1993

01:33:36,260 --> 01:33:33,810

will be speaking at is in Jefferson

1994

01:33:37,729 --> 01:33:36,270

Texas the first weekend in November it's

1995

01:33:41,270 --> 01:33:37,739

a big paranormal conference called

1996

01:33:44,330 --> 01:33:41,280

history haunts and legends and then

1997

01:33:46,550 --> 01:33:44,340

after that I've got several things

1998

01:33:50,120 --> 01:33:46,560

coming up in Eureka Springs Arkansas and

1999

01:33:55,280 --> 01:33:50,130

who knows where else and what's your

2000

01:33:59,060 --> 01:33:55,290

what's your current book my most recent

2001

01:34:02,540 --> 01:33:59,070

book yes so the most recent book is

2002

01:34:04,819 --> 01:34:02,550

actually one that we have it's being

2003

01:34:06,979 --> 01:34:04,829

done as a rerelease and it's 11:11 the

2004

01:34:09,379 --> 01:34:06,989

time prompt phenomena also we've had to

2005

01:34:12,700 --> 01:34:09,389

go through and and the publishers asked

2006

01:34:16,129 --> 01:34:12,710

us to basically update it for a 20-18

2007

01:34:20,149 --> 01:34:16,139

edition so so it's kind of a it's a

2008

01:34:23,540 --> 01:34:20,159

rerelease of of that that book but

2009

01:34:25,939 --> 01:34:23,550

beyond that the most I guess the most

2010

01:34:29,479 --> 01:34:25,949

recent book that that I've written after

2011

01:34:31,939 --> 01:34:29,489

that would be my book my book called

2012

01:34:33,589 --> 01:34:31,949

mine wars which well actually no that's

2013

01:34:37,850 --> 01:34:33,599

not even true that mine wars is my

2014

01:34:39,379 --> 01:34:37,860

second to latest I wrote a book I guess

2015

01:34:42,080 --> 01:34:39,389

back gosh

2016

01:34:44,439 --> 01:34:42,090

September or so of last year that would

2017

01:34:48,800 --> 01:34:44,449

probably have been my last one that was

2018

01:34:52,040 --> 01:34:48,810

the demon in mythology book okay Erika

2019

01:34:55,819 --> 01:34:52,050

did you re I really do so Eric

2020

01:34:58,459 --> 01:34:55,829

time loops time you yeah and it's

2021

01:35:02,930 --> 01:34:58,469

available you know Amazon Barnes & Noble

2022

01:35:06,020 --> 01:35:02,940

anywhere online and my night my website

2023

01:35:07,729 --> 01:35:06,030

is the nightshirt com all one word it's

2024

01:35:08,260 --> 01:35:07,739

and I write about this stuff all the

2025

01:35:10,399 --> 01:35:08,270

time

2026

01:35:16,490 --> 01:35:10,409

alright well thank you very much Erica

2027

01:35:17,959 --> 01:35:16,500

or go and Larry Flaxman thank you very

2028

01:35:19,640 --> 01:35:17,969

much for being on exploring the bizarre

2029

01:35:21,830 --> 01:35:19,650

tune in next week for another

2030

01:35:27,640 --> 01:35:21,840

fascinating program thanks for listening

2031

01:35:33,880 --> 01:35:29,890

you've been listening to exploring the

2032

01:35:37,120 --> 01:35:33,890

bazaar with hosts Timothy Beckley and to

2033

01:35:40,060 --> 01:35:37,130

Swartz they're taking back the night by

2034

01:35:42,520 --> 01:35:40,070

jetting non-stop across the cosmos in

2035

01:35:46,410 --> 01:35:42,530

search of the truly bizarre and totally

2036

01:35:48,890 --> 01:35:46,420

unexplained with you as their cold

2037

01:35:51,280 --> 01:35:48,900

Thursday nights at 7:00 p.m. Pacific

2038

01:35:54,590 --> 01:35:51,290

10:00 p.m.

2039

01:35:57,200 --> 01:35:54,600  
on the Casio our digital radio

2040

01:36:00,500 --> 01:35:57,210  
for more information on exploring the

2041

01:36:03,350 --> 01:36:00,510  
bazaar and hosts Timothy Becky and Tim

2042

01:36:06,440 --> 01:36:03,360  
Schwartz check out their kco our digital

2043

01:36:12,860 --> 01:36:06,450  
radio network follow their youtube

2044

01:36:24,100 --> 01:36:12,870  
channel at mr UFO 1100 explore excess
