00:00:37,549 --> 00:00:21,830

[Music]

2  
00:00:44,509 --> 00:00:42,029

explode the bazaars or e-ticket ride

3  
00:00:47,790 --> 00:00:44,519

into the world of the paranoid

4  
00:00:52,099 --> 00:00:47,800

strap yourself even as we traverse the

5  
00:00:55,189 --> 00:00:52,109

universe exploring the unexplained UFO s

6  
00:00:57,600 --> 00:00:55,199

ghosts Lost Worlds

7  
00:01:01,439 --> 00:00:57,610

cryptozoology waters as well as other

8  
00:01:06,480 --> 00:01:01,449

dimensions it's time to take back the

9  
00:01:09,510 --> 00:01:06,490

night night now your electrifying hosts

10  
00:01:13,790 --> 00:01:09,520

of exploring the bizarre Timothy Begley

11  
00:01:24,200 --> 00:01:21,250

Oh help me help me will ya Tim yeah ah

12  
00:01:28,700 --> 00:01:24,210

there you are what are you doing out

13  
00:01:38,680 --> 00:01:28,710

here in this mysterious Valley and wire

14

00:01:48,830 --> 00:01:41,060

mistook me for cattle

15

00:01:49,700 --> 00:01:48,840

that would explain oh no oh did you see

16

00:01:54,050 --> 00:01:49,710

who did it

17

00:01:59,360 --> 00:01:54,060

was it aliens or or a secret military

18

00:02:02,810 --> 00:01:59,370

group oh I can't look at that no no it

19

00:02:05,590 --> 00:02:02,820

was the doctors from my Medical Center I

20

00:02:08,419 --> 00:02:05,600

just can't keep their hands off of me

21

00:02:11,510 --> 00:02:08,429

well how are we gonna do tonight show

22

00:02:14,180 --> 00:02:11,520

with holes cut out oh don't worry I've

23

00:02:16,250 --> 00:02:14,190

got an emergency wrist radio when they

24

00:02:19,640 --> 00:02:16,260

get in trouble I press this here button

25

00:02:22,699 --> 00:02:19,650

and it activates the wrist radio that

26

00:02:25,610 --> 00:02:22,709

Indrid cold where's Wow

27

00:02:28,490 --> 00:02:25,620

so that's why they call you mr. UFO well

28

00:02:30,740 --> 00:02:28,500

that's one of the reasons anyway once

29

00:02:35,170 --> 00:02:30,750

Indrid scans me he'll fix me up and

30

00:02:38,510 --> 00:02:35,180

teleport me back to he would be

31

00:02:39,690 --> 00:02:38,520

disappearing disappearing from area 51

32

00:02:43,470 --> 00:02:39,700

and

33

00:02:45,960 --> 00:02:43,480

in the kco art studio Oh give me a

34

00:02:50,220 --> 00:02:45,970

minute the room always spins for me

35

00:02:53,729 --> 00:02:50,230

after I teleport Oh trust me you'll get

36

00:02:54,720 --> 00:02:53,739

used to it after a few hundred years see

37

00:02:58,290 --> 00:02:54,730

I'm whole again

38

00:02:59,729 --> 00:02:58,300

no more halls no more hauls the thank

39

00:03:04,770 --> 00:02:59,739

heavens I couldn't look at that for

40

00:03:12,240 --> 00:03:04,780

another minute what can you do well [h\_\_h]

41

00:03:14,940 --> 00:03:12,250

well find a replacement for you are you

42

00:03:19,490 --> 00:03:14,950

out there in Jasper Indiana where the

43

00:03:25,860 --> 00:03:22,199

not always I haven't seen the Sun lights

44

00:03:30,330 --> 00:03:25,870

or the moon for a few days now it's been

45

00:03:33,270 --> 00:03:30,340

cloudy and snowy and just black typical

46

00:03:35,550 --> 00:03:33,280

Indiana weather well you know you and I

47

00:03:38,789 --> 00:03:35,560

are both lucky we we could live in some

48

00:03:42,180 --> 00:03:38,799

other parts of the country like Wyoming

49

00:03:45,500 --> 00:03:42,190

or Montana and we wouldn't be able to do

50

00:03:49,440 --> 00:03:45,510

the grout even the feed the the cattle

51  
00:03:51,180 --> 00:03:49,450  
even if they were mutilated in fact I

52  
00:03:53,520 --> 00:03:51,190  
guess that's partly what we're gonna be

53  
00:03:55,440 --> 00:03:53,530  
talking about this evening and then well

54  
00:03:59,009 --> 00:03:55,450  
do you know that that's that's one

55  
00:04:00,809 --> 00:03:59,019  
aspect of tonight's conversation well

56  
00:04:05,309 --> 00:04:00,819  
why don't you tell us all the aspects of

57  
00:04:08,580 --> 00:04:05,319  
it to introduce our guests okay well you

58  
00:04:12,210 --> 00:04:08,590  
know we have two fantastic guests we

59  
00:04:16,590 --> 00:04:12,220  
have Norio Hayakawa and Chris O'Brien

60  
00:04:19,830 --> 00:04:16,600  
now I've I've talked to both Nouriel and

61  
00:04:21,539 --> 00:04:19,840  
Chris before on previous programs but I

62  
00:04:25,800 --> 00:04:21,549  
think this may be their first time on

63  
00:04:29,070 --> 00:04:25,810

exploring the bazaar so I love it when

64

00:04:32,580 --> 00:04:29,080

we have a new new guest on our on our

65

00:04:34,980 --> 00:04:32,590

program so let's start out with nori oh

66

00:04:37,670 --> 00:04:34,990

now Norio Hayakawa calls himself an

67

00:04:40,860 --> 00:04:37,680

Orthodox you apologist and activist

68

00:04:42,870 --> 00:04:40,870

Hayakawa was nearly has nearly half a

69

00:04:46,140 --> 00:04:42,880

century of research behind him an

70

00:04:49,589 --> 00:04:46,150

extensive 45 years in-depth study on the

71

00:04:51,480 --> 00:04:49,599

UFO phenomena now in 1990 he organized a

72

00:04:52,900 --> 00:04:51,490

network called the civilian intelligence

73

00:04:54,940 --> 00:04:52,910

network

74

00:04:57,850 --> 00:04:54,950

begin to conduct the rural research on

75

00:05:00,240 --> 00:04:57,860

area 51 in Nevada now he says that there

76

00:05:03,280 --> 00:05:00,250

is much more to area 51 than just

77

00:05:06,580 --> 00:05:03,290

superficial facts made public about this

78

00:05:09,180 --> 00:05:06,590

now well no mace in 1990 he also began

79

00:05:11,710 --> 00:05:09,190

to investigate the strange going on that

80

00:05:14,470 --> 00:05:11,720

Dulce New Mexico and the widespread

81

00:05:17,020 --> 00:05:14,480

claims about the existence of a top

82

00:05:20,170 --> 00:05:17,030

secret underground base there his

83

00:05:22,360 --> 00:05:20,180

present focus is on the study of how a

84

00:05:24,790 --> 00:05:22,370

segment of the populations die hard

85

00:05:27,490 --> 00:05:24,800

beliefs and physical UFOs and aliens

86

00:05:29,830 --> 00:05:27,500

have been manipulated and in some cases

87

00:05:33,280 --> 00:05:29,840

these beliefs have been deliberately

88

00:05:34,990 --> 00:05:33,290

created and taking advantage and taken

89

00:05:38,350 --> 00:05:35,000

advantage of by the US intelligence

90

00:05:40,330 --> 00:05:38,360

community and by the military in

91

00:05:44,230 --> 00:05:40,340

counterintelligence operations and

92

00:05:47,950 --> 00:05:44,240

promoted on a daily basis also with us

93

00:05:51,340 --> 00:05:47,960

tonight is a Chris O'Brien and fro so

94

00:05:53,830 --> 00:05:51,350

from 1992 to 2002 Chris investigated

95

00:05:56,800 --> 00:05:53,840

hundreds of unexplained events in

96

00:06:00,220 --> 00:05:56,810

south-central Colorado and north-central

97

00:06:03,510 --> 00:06:00,230

New Mexico his investigation is found in

98

00:06:07,120 --> 00:06:03,520

his mysterious Valley book trilogy

99

00:06:09,310 --> 00:06:07,130

excellent group of books highly

100

00:06:12,850 --> 00:06:09,320

recommend them and documentation of his

101  
00:06:15,400 --> 00:06:12,860  
field investigation of UAVs UFOs cattle

102  
00:06:19,090 --> 00:06:15,410  
mutilations crypto creatures suspected

103  
00:06:21,190 --> 00:06:19,100  
military activity etc O'Brien has

104  
00:06:22,930 --> 00:06:21,200  
appeared in over 70 TV shows segments

105  
00:06:25,480 --> 00:06:22,940  
and hundreds of radio programs including

106  
00:06:28,090 --> 00:06:25,490  
close to coast ancient aliens UFO

107  
00:06:31,240 --> 00:06:28,100  
Hunters Inside Edition and of course his

108  
00:06:33,070 --> 00:06:31,250  
latest book is stalking the herd and is

109  
00:06:36,700 --> 00:06:33,080  
the most comprehensive book ever written

110  
00:06:39,850 --> 00:06:36,710  
and it certainly is unraveling the

111  
00:06:41,290 --> 00:06:39,860  
controversial cattle mutilation mystery

112  
00:06:43,659 --> 00:06:41,300  
so gentlemen thank you very much for

113  
00:06:47,890 --> 00:06:43,669

being with us tonight on exploring the

114

00:06:51,210 --> 00:06:47,900

bizarre all right Tim squared well what

115

00:06:53,830 --> 00:06:51,220

yeah yeah well won't this confuse the

116

00:06:56,680 --> 00:06:53,840

everybody here now hey I've got a

117

00:06:58,750 --> 00:06:56,690

question that Chris let's start out with

118

00:07:01,870 --> 00:06:58,760

you because I think I've known you the

119

00:07:04,570 --> 00:07:01,880

the longest probably going on 40 years

120

00:07:05,770 --> 00:07:04,580

would you say we first met in New York

121

00:07:10,930 --> 00:07:05,780

yeah it's so

122

00:07:15,610 --> 00:07:10,940

amazing how much time is gone by and how

123

00:07:16,110 --> 00:07:15,620

many how many mutilated cattle and all

124

00:07:20,350 --> 00:07:16,120

later

125

00:07:23,110 --> 00:07:20,360

yeah well that's part of it yeah well

126

00:07:24,940 --> 00:07:23,120

how many well your main I mean you are

127

00:07:27,700 --> 00:07:24,950

an all-around the researcher as far as

128

00:07:31,990 --> 00:07:27,710

I'm concerned but I guess you're best

129

00:07:35,470 --> 00:07:32,000

known for mutilations how did you get

130

00:07:37,360 --> 00:07:35,480

all started in that aspect of of you FOC

131

00:07:40,270 --> 00:07:37,370

you were you were a city boy to some

132

00:07:42,340 --> 00:07:40,280

degree and then you you wantyou you left

133

00:07:44,710 --> 00:07:42,350

town and you you didn't come back until

134

00:07:46,990 --> 00:07:44,720

a recently you're in upstate New York

135

00:07:54,180 --> 00:07:47,000

now right yeah I'm up on the Binghamton

136

00:07:57,909 --> 00:07:54,190

area currently yeah well I you know

137

00:08:00,760 --> 00:07:57,919

growing up in Washington State of course

138

00:08:03,190 --> 00:08:00,770

during the mid 70s while I was in high

139

00:08:06,130 --> 00:08:03,200

school I was aware of the mutilations

140

00:08:07,960 --> 00:08:06,140

going on and as a ten year old I

141

00:08:11,200 --> 00:08:07,970

remember seeing the headlines in the

142

00:08:12,790 --> 00:08:11,210

National Enquirer of the the infamous

143

00:08:15,940 --> 00:08:12,800

snippy the horse case which was the

144

00:08:19,120 --> 00:08:15,950

first publicized case of this type and

145

00:08:23,050 --> 00:08:19,130

and so I'd always been aware of this

146

00:08:24,460 --> 00:08:23,060

mystery but you know I never I never

147

00:08:27,280 --> 00:08:24,470

thought that I would ever become

148

00:08:30,670 --> 00:08:27,290

involved in personally investigating and

149

00:08:34,329 --> 00:08:30,680

researching cases of this type but in

150

00:08:36,579 --> 00:08:34,339

1989 I moved out to Colorado and to the

151

00:08:38,680 --> 00:08:36,589

San Luis Valley which is the largest

152

00:08:41,800 --> 00:08:38,690

alpine valley in the world it's about

153

00:08:44,860 --> 00:08:41,810

140 miles long and totally surrounded by

154

00:08:47,470 --> 00:08:44,870

mountains and it's at 7,000 feet and one

155

00:08:49,930 --> 00:08:47,480

of the poorest areas in in in America

156

00:08:51,550 --> 00:08:49,940

and and one of the most remote they

157

00:08:55,030 --> 00:08:51,560

didn't get television there until for

158

00:08:57,220 --> 00:08:55,040

instance until the 80s and you know I

159

00:08:59,590 --> 00:08:57,230

was working in construction and trying

160

00:09:01,540 --> 00:08:59,600

to you know gain a foothold there I did

161

00:09:03,430 --> 00:09:01,550

not move there because of the weird

162

00:09:05,170 --> 00:09:03,440

things that have been reported there I

163

00:09:07,450 --> 00:09:05,180

moved there because I just fell in love

164

00:09:09,460 --> 00:09:07,460

with the beauty there and virtually I'd

165

00:09:11,500 --> 00:09:09,470

moved to Santa Fe and didn't like it and

166

00:09:14,230 --> 00:09:11,510

had friends up in the valley and so I

167

00:09:16,720 --> 00:09:14,240

moved up there and and and I ended up

168

00:09:18,889 --> 00:09:16,730

staying for 13 years and well you you

169

00:09:20,509 --> 00:09:18,899

were a musician when I when I

170

00:09:25,129 --> 00:09:20,519

meant you I mean maybe you still are

171

00:09:26,780 --> 00:09:25,139

yeah yeah yeah yeah and you were doing

172

00:09:29,480 --> 00:09:26,790

your studio work and all here and then

173

00:09:32,569 --> 00:09:29,490

you disappeared one day and you showed

174

00:09:34,280 --> 00:09:32,579

up so what was the first time you were

175

00:09:36,590 --> 00:09:34,290

if I remember correctly you were at a

176

00:09:39,259 --> 00:09:36,600

party or something and the subject of

177

00:09:44,869 --> 00:09:39,269

mutilations came up well there had been

178

00:09:48,019 --> 00:09:44,879

a rash of UFO reports in around would

179

00:09:50,720 --> 00:09:48,029

have been a Thanksgiving weekend of 1992

180

00:09:53,299 --> 00:09:50,730

and I was away gigging with my band so I

181

00:09:54,980 --> 00:09:53,309

was I missed them but a sizable

182

00:09:57,470 --> 00:09:54,990

percentage of my little town happened to

183

00:09:58,910 --> 00:09:57,480

see these 200-foot ovals it came down

184

00:10:01,280 --> 00:09:58,920

out of the mountains and hovered over

185

00:10:03,829 --> 00:10:01,290

town and took off and in two different

186

00:10:05,989 --> 00:10:03,839

directions and you know I'd heard rumors

187

00:10:08,239 --> 00:10:05,999

about it over the next couple three

188

00:10:11,269 --> 00:10:08,249

weeks and I had a New Year's Eve party

189

00:10:13,369 --> 00:10:11,279

you know New Year's Eve 92 and and at

190

00:10:15,079 --> 00:10:13,379

one point in the party everywhere I went

191

00:10:17,569 --> 00:10:15,089

in the house there's about 30 or 40

192

00:10:18,980 --> 00:10:17,579

people I mean a god the majority of the

193

00:10:21,739 --> 00:10:18,990

people in the house had seen these

194

00:10:23,929 --> 00:10:21,749

things and and so I you know I started

195

00:10:25,400 --> 00:10:23,939

was quizzing everybody and I brought

196

00:10:27,710 --> 00:10:25,410

everybody together and said you know

197

00:10:29,449 --> 00:10:27,720

that you you guys all saw this and they

198

00:10:31,850 --> 00:10:29,459

they weren't aware that there were so

199

00:10:33,079 --> 00:10:31,860

many other witnesses and somebody piped

200

00:10:35,689 --> 00:10:33,089

up and said oh that was the same night

201  
00:10:39,439 --> 00:10:35,699  
there was a cattle mutilation south of

202  
00:10:42,160 --> 00:10:39,449  
where we lived and so I got I literally

203  
00:10:45,049 --> 00:10:42,170  
became an investigator that night and I

204  
00:10:47,569 --> 00:10:45,059  
by the the end of the two-week period

205  
00:10:50,299 --> 00:10:47,579  
before I wrote an article for my little

206  
00:10:53,509 --> 00:10:50,309  
paper I realized I had uncovered enough

207  
00:10:54,919 --> 00:10:53,519  
material to write a book and and within

208  
00:10:57,410 --> 00:10:54,929  
two months I was on national television

209  
00:10:59,749 --> 00:10:57,420  
it's just bizarre the way the whole

210  
00:11:03,110 --> 00:10:59,759  
thing kind of kicked off right then and

211  
00:11:05,749 --> 00:11:03,120  
and now you know 25 30 years later I'm

212  
00:11:07,100 --> 00:11:05,759  
I'm still at it trying to figure out

213  
00:11:08,660 --> 00:11:07,110

what the heck's going on and I'm

214

00:11:12,139 --> 00:11:08,670

probably more confused now

215

00:11:14,030 --> 00:11:12,149

well maybe not put I like to say that

216

00:11:17,470 --> 00:11:14,040

I'm more confused than I was when I

217

00:11:20,869 --> 00:11:17,480

started well I think we all are to some

218

00:11:23,619 --> 00:11:20,879

degree because there's no one rational

219

00:11:26,239 --> 00:11:23,629

answer to all of this I mean that's the

220

00:11:29,059 --> 00:11:26,249

the trick we've been we've been deceived

221

00:11:34,519 --> 00:11:29,069

into thinking that the UFOs are either

222

00:11:40,649 --> 00:11:36,809

vehicles that are being tested for a

223

00:11:44,399 --> 00:11:40,659

hell of a long time okay so no the first

224

00:11:48,439 --> 00:11:44,409

few reports that you study the first

225

00:11:51,599 --> 00:11:48,449

hand did they involve mysterious lights

226

00:11:55,349 --> 00:11:51,609

no they didn't actually the first ones

227

00:11:58,199 --> 00:11:55,359

did not they involved helicopters and

228

00:12:00,289 --> 00:11:58,209

then and then later I did have some

229

00:12:03,479 --> 00:12:00,299

reports that did have some lights

230

00:12:05,809 --> 00:12:03,489

associated with them but they were the

231

00:12:10,589 --> 00:12:05,819

minority of reports out of the 200 cases

232

00:12:12,869 --> 00:12:10,599

that that I personally investigated most

233

00:12:15,659 --> 00:12:12,879

of the cases had absolutely no

234

00:12:17,969 --> 00:12:15,669

indication of what happened to the

235

00:12:20,279 --> 00:12:17,979

animals or who was involved what was

236

00:12:24,029 --> 00:12:20,289

involved in perpetrating these horrific

237

00:12:28,619 --> 00:12:24,039

crimes there were exceptions there were

238

00:12:32,159 --> 00:12:28,629

some lights that were reported no

239

00:12:37,439 --> 00:12:32,169

structural craft except for helicopters

240

00:12:42,719 --> 00:12:37,449

helicopters these are the mysterious

241

00:12:45,029 --> 00:12:42,729

black helicopters that we hear so lame

242

00:12:47,609 --> 00:12:45,039

they've actually been the followed by

243

00:12:50,219 --> 00:12:47,619

them and our guests that coming up there

244

00:12:53,999 --> 00:12:50,229

nuria hike our I believe I remember a

245

00:12:56,129 --> 00:12:54,009

video where he was nearing a area 51 and

246

00:12:59,789 --> 00:12:56,139

one swooped down over the vehicle they

247

00:13:02,279 --> 00:12:59,799

were in if I remember correctly but okay

248

00:13:05,429 --> 00:13:02,289

what's the story on the helicopters are

249

00:13:07,559 --> 00:13:05,439

there military well that would be the

250

00:13:09,689 --> 00:13:07,569

assumption I think the majority of them

251  
00:13:13,079 --> 00:13:09,699  
are called black because whenever you

252  
00:13:14,729 --> 00:13:13,089  
look against blue sky anything

253  
00:13:17,039 --> 00:13:14,739  
dark-colored is gonna appear to be black

254  
00:13:19,799 --> 00:13:17,049  
I think the majority of them were all of

255  
00:13:22,739 --> 00:13:19,809  
drab camo camouflage

256  
00:13:25,859 --> 00:13:22,749  
you know forest green camo pattern some

257  
00:13:28,259 --> 00:13:25,869  
gray and black camo patterns of there

258  
00:13:30,059 --> 00:13:28,269  
were a few shiny black helicopters that

259  
00:13:33,599 --> 00:13:30,069  
were reported but they were in the

260  
00:13:37,079 --> 00:13:33,609  
minority on coloured helicopters were

261  
00:13:39,629 --> 00:13:37,089  
reported white with red tails blue in

262  
00:13:41,489 --> 00:13:39,639  
one case I was reported as a black

263  
00:13:43,079 --> 00:13:41,499

helicopter and I was flying in a purple

264

00:13:53,160 --> 00:13:43,089

helicopter

265

00:13:55,829 --> 00:13:53,170

seem like the next day

266

00:13:58,410 --> 00:13:55,839

are they founding the yes the the kids

267

00:14:00,150 --> 00:13:58,420

of mutilated cattle most of them are

268

00:14:03,119 --> 00:14:00,160

seen after like somebody's checking the

269

00:14:06,840 --> 00:14:03,129

area out a few were seen in the area

270

00:14:08,069 --> 00:14:06,850

before in terms of the cases that I

271

00:14:12,629 --> 00:14:08,079

personally investigated

272

00:14:15,299 --> 00:14:12,639

I had no reports except for one or two

273

00:14:18,780 --> 00:14:15,309

that helicopters were seen the night of

274

00:14:22,679 --> 00:14:18,790

the actual mutilation and on the ranch

275

00:14:25,470 --> 00:14:22,689

where it's where it occurred and and

276

00:14:32,660 --> 00:14:25,480

what did you assume by this

277

00:14:36,840 --> 00:14:32,670

I don't assume anything okay but I mean

278

00:14:39,720 --> 00:14:36,850

is it okay first of all there may be a

279

00:14:42,749 --> 00:14:39,730

few listeners who are not familiar with

280

00:14:46,139 --> 00:14:42,759

how you can tell a real mutilated animal

281

00:14:48,419 --> 00:14:46,149

from one that may have died of a very

282

00:14:51,299 --> 00:14:48,429

simple disease yeah go ahead

283

00:14:53,789 --> 00:14:51,309

yeah very simple yeah cut hair follicles

284

00:14:56,220 --> 00:14:53,799

if you see cut hair follicles something

285

00:14:59,069 --> 00:14:56,230

did that to the animal with intelligence

286

00:15:08,159 --> 00:14:59,079

and with the aid of a sharp cutting

287

00:15:12,269 --> 00:15:08,169

implement the visibility or non

288

00:15:15,329 --> 00:15:12,279

visibility of blood again if the animals

289

00:15:16,439 --> 00:15:15,339

dead and then it's a let's say scavenged

290

00:15:18,449 --> 00:15:16,449

or cut

291

00:15:20,309 --> 00:15:18,459

you're not gonna happen because you have

292

00:15:22,259 --> 00:15:20,319

a cessation of blood pressure you're not

293

00:15:24,840 --> 00:15:22,269

going to have any bleeding so that's a

294

00:15:27,749 --> 00:15:24,850

bit of a misnomer quite a number of

295

00:15:30,090 --> 00:15:27,759

cases I the rancher said well they they

296

00:15:32,400 --> 00:15:30,100

drain this animal blood and I said okay

297

00:15:34,559 --> 00:15:32,410

well let's see and so I get him and

298

00:15:36,480 --> 00:15:34,569

maybe a couple other people and we we'd

299

00:15:38,160 --> 00:15:36,490

flip the animal over and woo

300

00:15:41,160 --> 00:15:38,170

everything would come out of the body

301  
00:15:42,780 --> 00:15:41,170  
cavity gravity gravity draws all the

302  
00:15:44,670 --> 00:15:42,790  
constituent elements in the blood down

303  
00:15:50,280 --> 00:15:44,680  
to the lower part of the body cavity and

304  
00:15:53,400 --> 00:15:50,290  
you know the unaided amateur I is not

305  
00:15:55,740 --> 00:15:53,410  
gonna really be too up to speed on what

306  
00:15:57,420 --> 00:15:55,750  
they're looking at and in most of the

307  
00:16:00,530 --> 00:15:57,430  
time in a desert environment you're

308  
00:16:03,810 --> 00:16:00,540  
gonna be losing a lot of the the the o2

309  
00:16:05,970 --> 00:16:03,820  
the h2o you know the water portion of

310  
00:16:09,120 --> 00:16:05,980  
the of the blood is going to be wicking

311  
00:16:11,760 --> 00:16:09,130  
away and evaporating leaving behind the

312  
00:16:16,500 --> 00:16:11,770  
you know the more the red blood cells

313  
00:16:18,510 --> 00:16:16,510

the the serum you know the more Hardy

314

00:16:19,830 --> 00:16:18,520

constituents in the blood will be left

315

00:16:21,780 --> 00:16:19,840

and down at the bottom of the body

316

00:16:25,170 --> 00:16:21,790

cavity and all you have to do is flip it

317

00:16:27,270 --> 00:16:25,180

over and it all comes pouring out it's a

318

00:16:30,990 --> 00:16:27,280

misnomer that the majority of these

319

00:16:32,340 --> 00:16:31,000

cases are drained of blood okay are some

320

00:16:36,960 --> 00:16:32,350

of them drained of blood

321

00:16:39,030 --> 00:16:36,970

yes it's rare we have to cut into the

322

00:16:41,910 --> 00:16:39,040

meat if the meat is gray or just

323

00:16:43,290 --> 00:16:41,920

slightly pink instead of red then the

324

00:16:46,200 --> 00:16:43,300

animal has been drained the blood and

325

00:16:49,500 --> 00:16:46,210

that's very very it's it's the exception

326

00:16:51,950 --> 00:16:49,510

not the norm and very very difficult why

327

00:16:56,670 --> 00:16:51,960

would it why who would do that and why

328

00:16:59,970 --> 00:16:56,680

that's standard \$64,000 question how

329

00:17:01,710 --> 00:16:59,980

would they do it number one is yeah the

330

00:17:04,800 --> 00:17:01,720

best way to do it would be able to allow

331

00:17:07,680 --> 00:17:04,810

the animal to pump itself dry but to get

332

00:17:10,260 --> 00:17:07,690

it to the capillary level to get the

333

00:17:11,790 --> 00:17:10,270

blood to be actually drained you know

334

00:17:14,250 --> 00:17:11,800

all the way down so that the blood is

335

00:17:16,920 --> 00:17:14,260

gray or slightly pinkish I mean you'd

336

00:17:18,870 --> 00:17:16,930

have to you'd have to have some serious

337

00:17:21,150 --> 00:17:18,880

equipment in the field running on

338

00:17:22,970 --> 00:17:21,160

batteries in the dead of night to be

339

00:17:27,210 --> 00:17:22,980

able to pull that off it's pretty please

340

00:17:30,480 --> 00:17:27,220

also - now we're talking about mutilated

341

00:17:33,150 --> 00:17:30,490

or are we talking about a stack of them

342

00:17:35,280 --> 00:17:33,160

one or two at a time a whole heart I

343

00:17:37,110 --> 00:17:35,290

mean that a whole herd but more than one

344

00:17:41,280 --> 00:17:37,120

I mean because it would seem to me if

345

00:17:43,050 --> 00:17:41,290

somebody's there mutilating a cattle the

346

00:17:47,280 --> 00:17:43,060

rest of them are not going to would just

347

00:17:49,860 --> 00:17:47,290

stand around and watch no no you know

348

00:17:51,990 --> 00:17:49,870

most of the time these are one

349

00:17:54,660 --> 00:17:52,000

usually to animals but but rarely do you

350

00:17:57,780 --> 00:17:54,670

have you know numbers of animals being

351

00:18:00,870 --> 00:17:57,790

found in a single single case although

352

00:18:03,299 --> 00:18:00,880

there were some the Hermione oh and and

353

00:18:05,610 --> 00:18:03,309

we had a case over in La Veta I think he

354

00:18:07,860 --> 00:18:05,620

had nine in one night or it may have

355

00:18:09,570 --> 00:18:07,870

been as many as 13 I'd have to check my

356

00:18:12,570 --> 00:18:09,580

notes but there were quite a number of

357

00:18:14,190 --> 00:18:12,580

them and there were also world spots in

358

00:18:16,110 --> 00:18:14,200

the grass around them as well that

359

00:18:18,990 --> 00:18:16,120

seemed to be depressed into the to the

360

00:18:21,540 --> 00:18:19,000

pasture so you know there were there

361

00:18:22,919 --> 00:18:21,550

were exceptions to every rule that you

362

00:18:26,610 --> 00:18:22,929

think you can come up with there's

363

00:18:30,390 --> 00:18:26,620

always exceptions to it and how about we

364

00:18:34,530 --> 00:18:30,400

hear a lot about the sexual organs being

365

00:18:37,200 --> 00:18:34,540

removed yeah this is the soft tissue

366

00:18:39,630 --> 00:18:37,210

organ generally the ones that are that

367

00:18:43,740 --> 00:18:39,640

are taken the organs that we as humans

368

00:18:45,720 --> 00:18:43,750

tend to develop cancer and oftentimes so

369

00:18:47,790 --> 00:18:45,730

for some of your listeners who maybe not

370

00:18:50,030 --> 00:18:47,800

know what we're really talking about

371

00:18:53,160 --> 00:18:50,040

here a cattle mutilation or a livestock

372

00:18:54,840 --> 00:18:53,170

unexplained livestock death is a as an

373

00:18:57,510 --> 00:18:54,850

animal that's died for no apparent

374

00:18:59,700 --> 00:18:57,520

reason there's no tracks around

375

00:19:02,640 --> 00:18:59,710

sometimes its own tracks aren't even

376

00:19:07,220 --> 00:19:02,650

there there's no indication of how how

377

00:19:09,810 --> 00:19:07,230

this thing died or was disfigured and

378

00:19:12,660 --> 00:19:09,820

basically what they do is they go in and

379

00:19:14,400 --> 00:19:12,670

they'll take out the the tongue from

380

00:19:16,950 --> 00:19:14,410

deep within the throat they'll take out

381

00:19:18,210 --> 00:19:16,960

these sexual organs if it's a bull or

382

00:19:21,120 --> 00:19:18,220

the outer genitalia

383

00:19:24,480 --> 00:19:21,130

they'll green out the core of the of the

384

00:19:26,700 --> 00:19:24,490

the reproductive tract of a cow they'll

385

00:19:29,700 --> 00:19:26,710

take off the mammary glands or the other

386

00:19:33,360 --> 00:19:29,710

and the others and the bag and I

387

00:19:36,270 --> 00:19:33,370

possibly in here a patch of skin there's

388

00:19:39,360 --> 00:19:36,280

no real rhyme or reason except for the

389

00:19:41,850 --> 00:19:39,370

mandible they'll dellux eyes the skin

390

00:19:44,490 --> 00:19:41,860

around the jawbone pull the tongue out

391

00:19:47,790 --> 00:19:44,500

and then oftentimes the jawbone will be

392

00:19:50,299 --> 00:19:47,800

bleached white in a very almost

393

00:19:54,990 --> 00:19:50,309

impossible manner it's very difficult to

394

00:19:57,030 --> 00:19:55,000

duplicate that particular detail and so

395

00:19:59,370 --> 00:19:57,040

that would be a classic mutilation now

396

00:20:02,040 --> 00:19:59,380

any number of combinations of those

397

00:20:03,650 --> 00:20:02,050

organs can be found missing from a

398

00:20:06,340 --> 00:20:03,660

permit from

399

00:20:08,990 --> 00:20:06,350

perhaps there's no tire marks there's no

400

00:20:11,780 --> 00:20:09,000

cigarette butts generally although

401  
00:20:14,240 --> 00:20:11,790  
there's exceptions tallest sometimes the

402  
00:20:16,340 --> 00:20:14,250  
animals found in the wrong pasture like

403  
00:20:19,070 --> 00:20:16,350  
it's been taken somewhere expanded on

404  
00:20:22,520 --> 00:20:19,080  
and dropped back in the wrong place we

405  
00:20:25,940 --> 00:20:22,530  
care about here we hear about these

406  
00:20:28,850 --> 00:20:25,950  
cattle being lifted up and a drop is

407  
00:20:30,740 --> 00:20:28,860  
there any evidence of that yeah

408  
00:20:34,010 --> 00:20:30,750  
absolutely we've had animals that have

409  
00:20:36,620 --> 00:20:34,020  
obvious clamp marks in the back legs all

410  
00:20:39,020 --> 00:20:36,630  
the downside ribs have been broken horns

411  
00:20:41,330 --> 00:20:39,030  
have been snapped off horns have been

412  
00:20:43,550 --> 00:20:41,340  
driven into the ground broken legs

413  
00:20:47,030 --> 00:20:43,560

broken backs like they've been dropped

414

00:20:48,470 --> 00:20:47,040

from you know 50 feet hundred feet when

415

00:20:50,930 --> 00:20:48,480

you drop an animal that weighs about

416

00:20:53,930 --> 00:20:50,940

1,200 pounds or you know even 5 or 600

417

00:20:56,090 --> 00:20:53,940

pounds you know from even 30 or 40 feet

418

00:20:59,210 --> 00:20:56,100

you're gonna be breaking bones we've had

419

00:21:01,520 --> 00:20:59,220

animals with their necks broken with the

420

00:21:04,250 --> 00:21:01,530

horns driven into the ground and snapped

421

00:21:08,660 --> 00:21:04,260

off all the ribs on the downside broken

422

00:21:11,630 --> 00:21:08,670

right next to the spine it's again this

423

00:21:13,100 --> 00:21:11,640

is not these these are exceptions not

424

00:21:17,960 --> 00:21:13,110

all the cases are alike

425

00:21:20,360 --> 00:21:17,970

anybody see this happen not to my

426  
00:21:21,860 --> 00:21:20,370  
knowledge I've never seen a case where

427  
00:21:23,630 --> 00:21:21,870  
somebody has claimed to have seen this

428  
00:21:26,540 --> 00:21:23,640  
we've had cases where people have seen

429  
00:21:28,430 --> 00:21:26,550  
helicopters flying with a cable in a cow

430  
00:21:40,400 --> 00:21:28,440  
struggling underneath at the bottom of

431  
00:21:44,600 --> 00:21:40,410  
the cable well that's close unless you

432  
00:21:47,780 --> 00:21:44,610  
can believe that these helicopters could

433  
00:21:51,500 --> 00:21:47,790  
be camouflaged to UFOs because we do

434  
00:21:54,620 --> 00:21:51,510  
know now for a fact that the UFOs some

435  
00:21:56,870 --> 00:21:54,630  
of them have the ability to transform

436  
00:21:59,180 --> 00:21:56,880  
themselves as shape-wise I mean I I've

437  
00:22:01,070 --> 00:21:59,190  
got any number of reports I mean it's

438  
00:22:03,500 --> 00:22:01,080

hard to believe you can go from a a

439

00:22:05,990 --> 00:22:03,510

discourse or cigar shaped object to a

440

00:22:09,410 --> 00:22:06,000

helicopter but anything is darn well

441

00:22:11,270 --> 00:22:09,420

possible in this in this field I would

442

00:22:13,280 --> 00:22:11,280

think you can't fact everything out but

443

00:22:14,720 --> 00:22:13,290

you know Occam's razor if it looks like

444

00:22:16,799 --> 00:22:14,730

a helicopter makes sound like a

445

00:22:18,480 --> 00:22:16,809

helicopter and if you open

446

00:22:20,610 --> 00:22:18,490

deputies fire at it and it starts

447

00:22:22,889 --> 00:22:20,620

smoking and clanking it's pretty much

448

00:22:26,940 --> 00:22:22,899

probably gonna be a helicopter well have

449

00:22:28,169 --> 00:22:26,950

they shot at it oh yeah and they fit it

450

00:22:31,830 --> 00:22:28,179

oh yeah

451  
00:22:34,019 --> 00:22:31,840  
and a helicopter hasn't come down no we

452  
00:22:35,430 --> 00:22:34,029  
know but they thought it they said it

453  
00:22:40,560 --> 00:22:35,440  
would have a hard time making it back to

454  
00:22:43,110 --> 00:22:40,570  
Fort Carson but that seems awful strange

455  
00:22:45,239 --> 00:22:43,120  
I mean if you start shooting if it's

456  
00:22:47,519 --> 00:22:45,249  
ability well if you start shooting in a

457  
00:22:50,190 --> 00:22:47,529  
military helicopter you hit it you're

458  
00:22:52,350 --> 00:22:50,200  
gonna have the military out on your ass

459  
00:22:55,590 --> 00:22:52,360  
well there have been gun fights with

460  
00:23:01,889 --> 00:22:55,600  
helicopter crews and ranches happened in

461  
00:23:05,279 --> 00:23:01,899  
Missouri back in 72 Kansas that's a new

462  
00:23:08,220 --> 00:23:05,289  
one for me I haven't heard that no

463  
00:23:10,590 --> 00:23:08,230

that's a new switch on the okay Corral I

464

00:23:13,279 --> 00:23:10,600

would say yeah yeah and there was a team

465

00:23:18,389 --> 00:23:13,289

on the ground that fired at the rancher

466

00:23:22,080 --> 00:23:18,399

and it was a team on the ground what was

467

00:23:25,859 --> 00:23:22,090

that it was anybody hit I don't believe

468

00:23:28,200 --> 00:23:25,869

so no see that that is that is so

469

00:23:30,629 --> 00:23:28,210

strange I didn't say it

470

00:23:33,869 --> 00:23:30,639

it almost boggles the mind won't you say

471

00:23:35,999 --> 00:23:33,879

what yep we have to bounce my mind so

472

00:23:37,470 --> 00:23:36,009

much that we're gonna have to go to the

473

00:23:39,180 --> 00:23:37,480

are bottom of the hour break so when we

474

00:23:41,399 --> 00:23:39,190

come back we'll bring Norio Hayakawa

475

00:23:43,080 --> 00:23:41,409

into the conversation on exploring the

476

00:23:52,090 --> 00:23:43,090

discipline for dipping

477

00:23:58,820 --> 00:23:56,240

now back to exploring the bazaar with

478

00:24:01,820 --> 00:23:58,830

two of the most electrifying researchers

479

00:24:07,159 --> 00:24:01,830

in the Paranoid your hosts Timothy

480

00:24:09,380 --> 00:24:07,169

Rebecca Lee panting alright welcome back

481

00:24:12,019 --> 00:24:09,390

to exploring the bazaar I'm Tim Schwarz

482

00:24:14,149 --> 00:24:12,029

tonight we're talking with Chris O'Brien

483

00:24:16,580 --> 00:24:14,159

and now we're going to bring Norrell

484

00:24:17,870 --> 00:24:16,590

Hayakawa into the conversation Nouriel

485

00:24:22,940 --> 00:24:17,880

thanks for being with us tonight

486

00:24:25,549 --> 00:24:22,950

thank you so much it's it's it's really

487

00:24:29,600 --> 00:24:25,559

it's it's our pleasure now

488

00:24:31,820 --> 00:24:29,610

Nouriel I have I have followed your work

489

00:24:33,980 --> 00:24:31,830

for a long time you know read your

490

00:24:35,779 --> 00:24:33,990

articles and I mean now you know you

491

00:24:41,360 --> 00:24:35,789

have an online present and YouTube

492

00:24:46,039 --> 00:24:41,370

channels and so UFOs really have been a

493

00:24:49,539 --> 00:24:46,049

part of your life for for quite a ways

494

00:24:52,789 --> 00:24:49,549

back I guess at both of your parents

495

00:24:54,680 --> 00:24:52,799

have had had UFO experiences at what

496

00:24:57,560 --> 00:24:54,690

time that's true

497

00:25:00,820 --> 00:24:57,570

actually my father claimed to have

498

00:25:05,630 --> 00:25:00,830

sighted something strange back in around

499

00:25:08,720 --> 00:25:05,640

1947 in the summer in Japan where he was

500

00:25:12,019 --> 00:25:08,730

night fishing one night and that was I

501  
00:25:16,909 --> 00:25:12,029  
believe 1947 and 2:00 or 3:00 in the

502  
00:25:19,220 --> 00:25:16,919  
morning he saw this greenish object

503  
00:25:21,740 --> 00:25:19,230  
slowly maneuvering over the Bay of

504  
00:25:23,930 --> 00:25:21,750  
Yokohama and he had never seen anything

505  
00:25:26,930 --> 00:25:23,940  
like that before in his life because he

506  
00:25:29,720 --> 00:25:26,940  
used to do night fishing for many many

507  
00:25:33,200 --> 00:25:29,730  
years and he knew astronomy very well he

508  
00:25:34,880 --> 00:25:33,210  
had seen with all of us a straw Domino

509  
00:25:37,310 --> 00:25:34,890  
phenomenon and a meteorite

510  
00:25:41,029 --> 00:25:37,320  
meteors and you know what not you know

511  
00:25:45,440 --> 00:25:41,039  
but that was the only time that he said

512  
00:25:48,410 --> 00:25:45,450  
he saw this greenish object and so that

513  
00:25:50,960 --> 00:25:48,420

was the beginning of my interest

514

00:25:55,280 --> 00:25:50,970

in this subject because as I was growing

515

00:25:57,350 --> 00:25:55,290

up he used to tell it about it to myself

516

00:25:59,770 --> 00:25:57,360

and my sister and my mother on the

517

00:26:04,220 --> 00:25:59,780

dinner table when I was just a small kid

518

00:26:10,270 --> 00:26:04,230

and although my mother was skeptical at

519

00:26:13,700 --> 00:26:10,280

that time in 1975 many many years later

520

00:26:16,400 --> 00:26:13,710

my own mother my own skeptical mother

521

00:26:19,220 --> 00:26:16,410

claimed that she saw a typical flying

522

00:26:22,040 --> 00:26:19,230

saucer during broad daylight over a

523

00:26:25,880 --> 00:26:22,050

crowded railroad station in Yokohama

524

00:26:28,370 --> 00:26:25,890

Japan you know a broad daylight and so

525

00:26:32,390 --> 00:26:28,380

she became a believer in the Flying

526

00:26:37,160 --> 00:26:32,400

Saucer and you know so this is my

527

00:26:40,730 --> 00:26:37,170

background so now when when your dad was

528

00:26:42,830 --> 00:26:40,740

initially telling the family were not

529

00:26:46,220 --> 00:26:42,840

initially but it's time were by about

530

00:26:49,580 --> 00:26:46,230

the the UFO that he saw and he became

531

00:26:51,800 --> 00:26:49,590

interested in the subject was there any

532

00:26:54,020 --> 00:26:51,810

reading material of books or anything

533

00:26:58,040 --> 00:26:54,030

like that that that you know you had

534

00:26:59,930 --> 00:26:58,050

access to in Japan in that early of a

535

00:27:06,200 --> 00:26:59,940

date I mean if he had his experience in

536

00:27:09,290 --> 00:27:06,210

47 so yeah well it was during the late

537

00:27:13,910 --> 00:27:09,300

1950s mmm-hmm that I became really

538

00:27:16,580 --> 00:27:13,920

interested and in the 1961 I started

539

00:27:22,160 --> 00:27:16,590

reading some magazines from the United

540

00:27:24,680 --> 00:27:22,170

States such as NICAP and Apr oh and you

541

00:27:29,120 --> 00:27:24,690

know all other organizations and so I

542

00:27:33,020 --> 00:27:29,130

was fairly you know up to date on what

543

00:27:37,190 --> 00:27:33,030

was happening in those years but it was

544

00:27:41,090 --> 00:27:37,200

basically around 1964 that I was

545

00:27:43,370 --> 00:27:41,100

fascinated by a newspaper article that I

546

00:27:45,230 --> 00:27:43,380

really enjoy pan about the strange

547

00:27:47,930 --> 00:27:45,240

sighting that took place in the small

548

00:27:51,110 --> 00:27:47,940

town in New Mexico namely the Socorro

549

00:27:54,370 --> 00:27:51,120

case of a thousand 64 and so that really

550

00:27:57,400 --> 00:27:54,380

catapulted my interest further and

551  
00:28:00,370 --> 00:27:57,410  
coincidentally I came to New Mexico in

552  
00:28:04,289 --> 00:28:00,380  
1965 to

553  
00:28:08,140 --> 00:28:04,299  
study at a college coincidentally and so

554  
00:28:10,659 --> 00:28:08,150  
you know I live once again in New Mexico

555  
00:28:16,200 --> 00:28:10,669  
right now but you know it was actually

556  
00:28:19,750 --> 00:28:16,210  
nineteen the late 1970s that my views on

557  
00:28:23,830 --> 00:28:19,760  
UFO started changing because in the late

558  
00:28:28,620 --> 00:28:23,840  
70s I started devouring books by dr.

559  
00:28:32,680 --> 00:28:28,630  
Jacques Vallee and John Akio and I

560  
00:28:35,310 --> 00:28:32,690  
really was impacted by their writings

561  
00:28:38,260 --> 00:28:35,320  
and by their unconventional

562  
00:28:42,399 --> 00:28:38,270  
interpretation of this phenomenon you

563  
00:28:47,649 --> 00:28:42,409

know as opposed to the so-called until

564

00:28:50,919 --> 00:28:47,659

then prevalent ET hypothesis and so even

565

00:28:54,039 --> 00:28:50,929

even in the 1980s the late 80s when I

566

00:28:58,840 --> 00:28:54,049

started getting interested in the area

567

00:29:03,520 --> 00:28:58,850

51 in 1989 and dulce also at the same

568

00:29:07,049 --> 00:29:03,530

time I was not really that much of a

569

00:29:11,340 --> 00:29:07,059

supporter of ET hypothesis so when I

570

00:29:14,100 --> 00:29:11,350

studied the area 51 conspiracy I was

571

00:29:20,680 --> 00:29:14,110

really I never made any statements

572

00:29:24,820 --> 00:29:20,690

associating area 51 with aliens and so I

573

00:29:28,990 --> 00:29:24,830

am still in that position in other words

574

00:29:33,820 --> 00:29:29,000

I am NOT a supporter of the nuts and

575

00:29:36,820 --> 00:29:33,830

bolts ET hypothesis even though I am

576

00:29:40,720 --> 00:29:36,830

tremendously interested in the

577

00:29:44,799 --> 00:29:40,730

phenomenon itself which I believe seems

578

00:29:47,799 --> 00:29:44,809

to be real no question about it I think

579

00:29:51,149 --> 00:29:47,809

that a lot of people are probably most

580

00:29:56,680 --> 00:29:51,159

familiar with your investigations in the

581

00:29:58,990 --> 00:29:56,690

area 51 area what how did you first find

582

00:30:02,680 --> 00:29:59,000

out about it and and what made you

583

00:30:04,659 --> 00:30:02,690

decide that this was some place that you

584

00:30:07,480 --> 00:30:04,669

know that that you wanted to go to and

585

00:30:13,650 --> 00:30:07,490

and then try to get some closer looks at

586

00:30:14,940 --> 00:30:13,660

well actually in 1988 I was reading

587

00:30:19,820 --> 00:30:14,950

Aviation Week and space technology

588

00:30:22,590 --> 00:30:19,830

magazine and you know October issue I

589

00:30:27,150 --> 00:30:22,600

think the second week or third week I

590

00:30:31,250 --> 00:30:27,160

forgot the Aviation Week magazine on

591

00:30:34,320 --> 00:30:31,260

page 51 there was an advertisement about

592

00:30:40,620 --> 00:30:34,330

some kind of a chemical or some kind of

593

00:30:44,700 --> 00:30:40,630

a you know new compound namely I would

594

00:30:48,300 --> 00:30:44,710

say stealth type you know material that

595

00:30:52,470 --> 00:30:48,310

was being advertised by a moko I'm a

596

00:30:56,040 --> 00:30:52,480

coal company was claiming that they have

597

00:31:01,500 --> 00:30:56,050

this tremendous thing that will change

598

00:31:06,420 --> 00:31:01,510

the direction of you know the defense

599

00:31:11,010 --> 00:31:06,430

industry and poison Italy on page 51 of

600

00:31:15,290 --> 00:31:11,020

that magazine was a full-page image of

601  
00:31:19,020 --> 00:31:15,300  
an alien he gray alien a full-page and

602  
00:31:22,560 --> 00:31:19,030  
on the opposite side of namely page 50

603  
00:31:25,050 --> 00:31:22,570  
or 50 - I forgot was this a moko

604  
00:31:26,940 --> 00:31:25,060  
companies announcement that they have

605  
00:31:31,530 --> 00:31:26,950  
come across a new type of technology

606  
00:31:33,510 --> 00:31:31,540  
that would rest only change the aviation

607  
00:31:38,610 --> 00:31:33,520  
industry you know military aviation

608  
00:31:41,040 --> 00:31:38,620  
industry but anyway so 1988 he began to

609  
00:31:45,590 --> 00:31:41,050  
take tremendous interest in this topic

610  
00:31:50,040 --> 00:31:45,600  
and coincidentally in the same year I

611  
00:31:53,970 --> 00:31:50,050  
had received a packet from William

612  
00:31:56,430 --> 00:31:53,980  
Elmore about area 51 in he's selling a

613  
00:31:58,920 --> 00:31:56,440

satellite photo the image you know over

614

00:32:02,460 --> 00:31:58,930

there if if you aren't and so that was

615

00:32:07,860 --> 00:32:02,470

the beginning see and so then I got in

616

00:32:09,720 --> 00:32:07,870

touch with this Bob Lazar who claimed

617

00:32:12,690 --> 00:32:09,730

that he was working on this reverse

618

00:32:16,890 --> 00:32:12,700

engineering program at southeast south

619

00:32:18,990 --> 00:32:16,900

of area 51 and this was in 1989 in when

620

00:32:21,560 --> 00:32:19,000

I was listening to his shortly I mean a

621

00:32:26,410 --> 00:32:21,570

regular talk-show in

622

00:32:31,160 --> 00:32:26,420

Las Vegas so somehow I got in touch with

623

00:32:35,120 --> 00:32:31,170

the group that knew Bob Lazar and so I

624

00:32:39,260 --> 00:32:35,130

brought a Japanese TV crew to actually

625

00:32:43,280 --> 00:32:39,270

interview mr. Lazar in Las Vegas and it

626  
00:32:45,050 --> 00:32:43,290  
was on a Wednesday because laws are

627  
00:32:47,150 --> 00:32:45,060  
claimed that on Wednesday nights they

628  
00:32:50,540 --> 00:32:47,160  
were testing this thing that he was

629  
00:32:54,500 --> 00:32:50,550  
claiming you know and so I revisited his

630  
00:32:55,070 --> 00:32:54,510  
house in February the 21st it was a

631  
00:32:59,750 --> 00:32:55,080  
Wednesday

632  
00:33:04,070 --> 00:32:59,760  
about four hours at his house

633  
00:33:06,200 --> 00:33:04,080  
interviewing and then he we asked him

634  
00:33:09,020 --> 00:33:06,210  
make me want to come with us that

635  
00:33:11,540 --> 00:33:09,030  
evening to this spot that he claimed

636  
00:33:13,760 --> 00:33:11,550  
that one can see the test light but

637  
00:33:17,930 --> 00:33:13,770  
anyway he didn't want to go with us so

638  
00:33:22,270 --> 00:33:17,940

we went the seven you know crew people

639

00:33:25,760 --> 00:33:22,280

from the TV station and we did see some

640

00:33:29,180 --> 00:33:25,770

really interesting maneuvering of you

641

00:33:32,480 --> 00:33:29,190

know bright light you know about three

642

00:33:36,380 --> 00:33:32,490

times in a row you know have to sum down

643

00:33:38,720 --> 00:33:36,390

but you know year after year I visited

644

00:33:42,770 --> 00:33:38,730

that area and I came to realize that

645

00:33:48,370 --> 00:33:42,780

it's perhaps this is a pure American

646

00:33:53,270 --> 00:33:48,380

technology and so you know that was my

647

00:33:55,730 --> 00:33:53,280

basic conclusion that there's really

648

00:34:03,410 --> 00:33:55,740

nothing healing about area 51 and I

649

00:34:08,390 --> 00:34:03,420

still abide by my conclusion that both

650

00:34:11,630 --> 00:34:08,400

area 51 in Nevada and the alleged Dulce

651  
00:34:14,750 --> 00:34:11,640  
New Mexico UFO sightings and knowledge

652  
00:34:18,710 --> 00:34:14,760  
the claims of alien base have no basis

653  
00:34:20,900 --> 00:34:18,720  
to it but I am a firm believer that

654  
00:34:22,790 --> 00:34:20,910  
there are things in this world that we

655  
00:34:26,570 --> 00:34:22,800  
cannot understand so I'm a firm believer

656  
00:34:31,070 --> 00:34:26,580  
that in this world there are things that

657  
00:34:34,680 --> 00:34:31,080  
I consider to be some kind of para

658  
00:34:38,339 --> 00:34:34,690  
physical phenomenon

659  
00:34:41,300 --> 00:34:38,349  
which has existed for since time

660  
00:34:44,339 --> 00:34:41,310  
immemorial then so this is where I stand

661  
00:34:47,730 --> 00:34:44,349  
Nouriel just let me bring this back to a

662  
00:34:51,839 --> 00:34:47,740  
Bob Lazar for a second so do you think

663  
00:34:54,240 --> 00:34:51,849

that he was a dupe that they actually

664

00:34:55,980 --> 00:34:54,250

showed him this so the idea would get

665

00:34:57,809 --> 00:34:55,990

out into the public consciousness that

666

00:35:01,940 --> 00:34:57,819

some of these things that were happening

667

00:35:05,040 --> 00:35:01,950

at area 51 might have been

668

00:35:08,030 --> 00:35:05,050

extraterrestrial or do you think he had

669

00:35:12,359 --> 00:35:08,040

just made it up about a whole cloth I

670

00:35:16,050 --> 00:35:12,369

don't think he just made it up I think

671

00:35:19,020 --> 00:35:16,060

there was a reason and I think the first

672

00:35:23,240 --> 00:35:19,030

situation that you mentioned was most

673

00:35:27,980 --> 00:35:23,250

likely because I mean let's say that

674

00:35:33,089 --> 00:35:27,990

first of all there's no tangible

675

00:35:35,640 --> 00:35:33,099

physical reliable credible documentary

676  
00:35:39,050 --> 00:35:35,650  
evidence whatsoever that we have ever

677  
00:35:41,849 --> 00:35:39,060  
been visited by physical

678  
00:35:44,160 --> 00:35:41,859  
extraterrestrial biological entities in

679  
00:35:47,849 --> 00:35:44,170  
any kind of physical extraterrestrial

680  
00:35:50,040 --> 00:35:47,859  
spacecraft of any kind so far no noryeok

681  
00:35:52,079 --> 00:35:50,050  
noryeok Kiley I feel like I'm listening

682  
00:35:55,740 --> 00:35:52,089  
to myself I've been saying this for

683  
00:35:59,640 --> 00:35:55,750  
years for years there is no evidence

684  
00:36:02,040 --> 00:35:59,650  
people that's right well just just to

685  
00:36:04,109 --> 00:36:02,050  
play the devil's advocate here now you

686  
00:36:05,970 --> 00:36:04,119  
say the the case that interests that

687  
00:36:08,849 --> 00:36:05,980  
you're the most that got you kind of

688  
00:36:10,770 --> 00:36:08,859

started on this was Socorro wouldn't

689

00:36:14,250 --> 00:36:10,780

that include some sort of physical

690

00:36:16,740 --> 00:36:14,260

evidence well actually we don't still

691

00:36:19,200 --> 00:36:16,750

don't know much about the Socorro

692

00:36:22,890 --> 00:36:19,210

incident even though it was investigated

693

00:36:32,339 --> 00:36:22,900

by J Allen Hynek and you know the Air

694

00:36:38,220 --> 00:36:32,349

Force and a lot of Phillips and Ted

695

00:36:41,480 --> 00:36:38,230

Phillips and they've ray found metal

696

00:36:45,599 --> 00:36:41,490

that have been ablated off the landing

697

00:36:47,640 --> 00:36:45,609

pad onto a rock and he took it to

698

00:36:49,560 --> 00:36:47,650

Goddard Space Flight Center

699

00:36:52,380 --> 00:36:49,570

and had it analyzed he was given a

700

00:36:55,740 --> 00:36:52,390

preliminary report on the analysis

701  
00:36:58,410 --> 00:36:55,750  
process by a very excited scientist and

702  
00:37:00,210 --> 00:36:58,420  
then he was told oh it was nothing and

703  
00:37:03,690 --> 00:37:00,220  
he said well let me have my sample back

704  
00:37:08,640 --> 00:37:03,700  
and they said oh we used it all and that

705  
00:37:11,280 --> 00:37:08,650  
created a very hostile relationship with

706  
00:37:11,790 --> 00:37:11,290  
a person that arranged the testing for

707  
00:37:16,130 --> 00:37:11,800  
Ray

708  
00:37:19,410 --> 00:37:16,140  
and that was de call from night out

709  
00:37:24,120 --> 00:37:19,420  
but again what bottom line is we have so

710  
00:37:27,650 --> 00:37:24,130  
far no single tangible universally

711  
00:37:31,050 --> 00:37:27,660  
accepted and I'm talking about the vast

712  
00:37:32,970 --> 00:37:31,060  
overwhelming overwhelming vast majority

713  
00:37:36,840 --> 00:37:32,980

of the world's scientists and

714

00:37:39,570 --> 00:37:36,850

astronomers engineers who are very

715

00:37:43,560 --> 00:37:39,580

skeptical and I agree with them who are

716

00:37:45,810 --> 00:37:43,570

skeptical about us ever being visited by

717

00:37:48,540 --> 00:37:45,820

physical extraterrestrial entities in

718

00:37:54,240 --> 00:37:48,550

the physical crafts of any kind so based

719

00:37:59,670 --> 00:37:54,250

upon this that this opinion I'm very

720

00:38:02,240 --> 00:37:59,680

skeptical about even about sapporo well

721

00:38:05,520 --> 00:38:02,250

I'm not skeptical about the incident but

722

00:38:10,070 --> 00:38:05,530

I'm skeptical that it had anything to do

723

00:38:12,870 --> 00:38:10,080

with you know a physical aliens and so

724

00:38:17,610 --> 00:38:12,880

you know it's so important for me to

725

00:38:20,160 --> 00:38:17,620

define the terminology and so this is

726

00:38:24,120 --> 00:38:20,170

what I've been doing recently is to

727

00:38:29,670 --> 00:38:24,130

really define the various terminologies

728

00:38:34,160 --> 00:38:29,680

being used in the UFO community which is

729

00:38:38,910 --> 00:38:34,170

you know it's just it's so important and

730

00:38:42,330 --> 00:38:38,920

what is real and you know is for example

731

00:38:45,600 --> 00:38:42,340

our abductions real yeah well I can't

732

00:38:49,140 --> 00:38:45,610

say it's real to me but it could be real

733

00:38:52,080 --> 00:38:49,150

to the so-called experiences so you know

734

00:38:54,960 --> 00:38:52,090

as I told you in the beginning I do

735

00:38:59,450 --> 00:38:54,970

believe that in this world there is a

736

00:39:00,660 --> 00:38:59,460

phenomenon that we still don't know that

737

00:39:04,789 --> 00:39:00,670

cannot

738

00:39:09,079 --> 00:39:04,799

be answered at this time by our physical

739

00:39:13,859 --> 00:39:09,089

you know scientific procedures and so

740

00:39:16,500 --> 00:39:13,869

that's where I stand right now and you

741

00:39:19,170 --> 00:39:16,510

know so you know it's important for me

742

00:39:21,960 --> 00:39:19,180

to define these things you know for

743

00:39:24,329 --> 00:39:21,970

example are we being visited by aliens

744

00:39:26,510 --> 00:39:24,339

and you know what's the definition of

745

00:39:29,430 --> 00:39:26,520

alien you know are we talking about

746

00:39:32,400 --> 00:39:29,440

sentient physical extraterrestrial

747

00:39:35,670 --> 00:39:32,410

biological entities which most people

748

00:39:39,510 --> 00:39:35,680

who are associate aliens with but you

749

00:39:43,559 --> 00:39:39,520

know we just don't know yet

750

00:39:45,660 --> 00:39:43,569

now the overwhelming vast majority of

751  
00:39:49,079 --> 00:39:45,670  
the world's respected scientists in the

752  
00:39:52,440 --> 00:39:49,089  
strongest are of the opinion that there

753  
00:39:55,039 --> 00:39:52,450  
probably are intelligent civilizations

754  
00:39:58,530 --> 00:39:55,049  
somewhere in this universe but

755  
00:40:01,829 --> 00:39:58,540  
unfortunately UFO phenomena does not

756  
00:40:09,530 --> 00:40:01,839  
seem to be you know conclusive evidence

757  
00:40:13,289 --> 00:40:09,540  
of et visitations at all you know and so

758  
00:40:16,980 --> 00:40:13,299  
going back to the definitions you know

759  
00:40:19,170 --> 00:40:16,990  
are we the only sentient intelligent

760  
00:40:23,190 --> 00:40:19,180  
physical biological entities in this

761  
00:40:25,109 --> 00:40:23,200  
entire cosmos and the answer is still we

762  
00:40:29,819 --> 00:40:25,119  
just do not know yet and this is the

763  
00:40:32,309 --> 00:40:29,829

best answer that we can give for now and

764

00:40:34,190 --> 00:40:32,319

we just don't know it yet it's the only

765

00:40:38,030 --> 00:40:34,200

honest answer

766

00:40:41,960 --> 00:40:38,040

Nouriel what would you say about the

767

00:40:44,069 --> 00:40:41,970

possibility that we were visited in

768

00:40:47,069 --> 00:40:44,079

historical times I mean there are a lot

769

00:40:49,200 --> 00:40:47,079

of reports even putting the ancient

770

00:40:53,400 --> 00:40:49,210

astronaut theory aside there there are

771

00:40:55,849 --> 00:40:53,410

of course a lot of reports of strange

772

00:40:59,549 --> 00:40:55,859

things in the sky and on the ground

773

00:41:01,260 --> 00:40:59,559

going throughout history no question

774

00:41:03,150 --> 00:41:01,270

about it you know it's from time

775

00:41:05,390 --> 00:41:03,160

immemorial people have been seeing

776

00:41:07,530 --> 00:41:05,400

strange things even in the Middle Ages

777

00:41:10,940 --> 00:41:07,540

actually people have claimed to have

778

00:41:14,109 --> 00:41:10,950

seen you know shields that were oh yeah

779

00:41:17,480 --> 00:41:14,119

yeah and so on and you know even in the

780

00:41:21,890 --> 00:41:17,490

1700 1800 people reported seeing strange

781

00:41:24,380 --> 00:41:21,900

objects that appear to be huge even some

782

00:41:26,770 --> 00:41:24,390

kind of crude looking airships and you

783

00:41:29,870 --> 00:41:26,780

know we're a [h\_\_\h] wasn't there you know

784

00:41:33,079 --> 00:41:29,880

but later on actual airships and other

785

00:41:36,859 --> 00:41:33,089

dirigible zs-- were built by the US and

786

00:41:38,809 --> 00:41:36,869

then also in the early 1890s when the US

787

00:41:42,589 --> 00:41:38,819

was testing your prototypes of the

788

00:41:44,839 --> 00:41:42,599

stealth aircraft coincidentally there

789

00:41:47,690 --> 00:41:44,849

were many reports of humongous flying

790

00:41:50,089 --> 00:41:47,700

triangular craft of the East Coast which

791

00:41:52,670 --> 00:41:50,099

had nothing to do with the prototypes

792

00:41:55,400 --> 00:41:52,680

being tested by the US Air Force right

793

00:41:58,069 --> 00:41:55,410

there no we're talking about humongous

794

00:41:59,750 --> 00:41:58,079

triangular craft sometimes reported to

795

00:42:02,599 --> 00:41:59,760

be three or four times the size of a

796

00:42:05,780 --> 00:42:02,609

football field hovering absolutely

797

00:42:08,150 --> 00:42:05,790

silently in the night skies and they

798

00:42:11,770 --> 00:42:08,160

sure did not belong to their US Air

799

00:42:14,599 --> 00:42:11,780

Force and so I'm saying that this

800

00:42:17,599 --> 00:42:14,609

sightings of strange phenomenon is not

801

00:42:22,339 --> 00:42:17,609

it not new but the bottom line is what

802

00:42:30,380 --> 00:42:22,349

are they then you know I mean so that is

803

00:42:32,329 --> 00:42:30,390

the situation where I am in so well you

804

00:42:34,819 --> 00:42:32,339

know a lot of people talk about nozzle

805

00:42:39,530 --> 00:42:34,829

and other things but you know to me

806

00:42:42,740 --> 00:42:39,540

there's not one case in the ufology that

807

00:42:44,660 --> 00:42:42,750

convinces me that mm-hmm

808

00:42:46,789 --> 00:42:44,670

we have been visited physically by

809

00:42:50,809 --> 00:42:46,799

physical aliens in physical spacecraft

810

00:42:55,309 --> 00:42:50,819

including Rob Lowe not even one case and

811

00:42:59,589 --> 00:42:55,319

that's my opinion based on my you know

812

00:43:03,440 --> 00:42:59,599

continuous research since 1961 and so

813

00:43:05,680 --> 00:43:03,450

what what can what what can venture the

814

00:43:10,930 --> 00:43:05,690

only thing that will convince is like

815

00:43:13,599 --> 00:43:10,940

most people say unfortunately a

816

00:43:20,079 --> 00:43:13,609

representative from an extraterrestrial

817

00:43:27,170 --> 00:43:20,089

physical civilization contacting the

818

00:43:31,010 --> 00:43:27,180

leaders our leaders I hate to say this

819

00:43:35,380 --> 00:43:31,020

but don't you watch the news what alien

820

00:43:47,270 --> 00:43:45,170

situation imagine imagine if Trump did

821

00:43:49,849 --> 00:43:47,280

the State of the Union address and then

822

00:43:54,319 --> 00:43:49,859

and he pulled off this mask and he was

823

00:43:56,210 --> 00:43:54,329

like as Jillian would centralize and the

824

00:44:03,770 --> 00:43:56,220

country would think there was some PR

825

00:44:11,299 --> 00:44:03,780

stunt yeah hearsay his ratings would

826

00:44:14,870 --> 00:44:11,309

only go down another 1% yeah but most

827

00:44:16,760 --> 00:44:14,880

convincing scenario would be not

828

00:44:19,549 --> 00:44:16,770

necessarily at White House though there

829

00:44:22,400 --> 00:44:19,559

are many many public's humongous public

830

00:44:24,950 --> 00:44:22,410

squares in the world and you know if all

831

00:44:27,410 --> 00:44:24,960

the television networks are on the world

832

00:44:30,170 --> 00:44:27,420

simultaneously can broadcast and the

833

00:44:32,839 --> 00:44:30,180

actual contact landing well you know

834

00:44:36,589 --> 00:44:32,849

that's a different story see and we

835

00:44:39,799 --> 00:44:36,599

haven't had that thing so it could be

836

00:44:42,950 --> 00:44:39,809

the like the author see Clark childhoods

837

00:44:45,410 --> 00:44:42,960

end scenario where you had Independence

838

00:44:47,510 --> 00:44:45,420

Day we had massive motherships parked

839

00:44:52,400 --> 00:44:47,520

over the world's great cities for a

840

00:44:55,700 --> 00:44:52,410

generation that would convince me yeah

841

00:44:57,559 --> 00:44:55,710

that's the only thing that convinced us

842

00:45:02,140 --> 00:44:57,569

but the other thing about this whole

843

00:45:05,359 --> 00:45:02,150

phenomenon is the high strangeness of

844

00:45:10,390 --> 00:45:05,369

this phenomenon in which I have

845

00:45:14,299 --> 00:45:10,400

mentioned that this phenomenon does not

846

00:45:17,660 --> 00:45:14,309

seem to be capable of surviving in our

847

00:45:19,460 --> 00:45:17,670

dimension physical dimension for no more

848

00:45:23,380 --> 00:45:19,470

than a few seconds at a time or a few

849

00:45:26,329 --> 00:45:23,390

minutes at a time they seem to

850

00:45:28,670 --> 00:45:26,339

dematerialize and that's the best

851  
00:45:31,220 --> 00:45:28,680  
description I can give about this

852  
00:45:33,849 --> 00:45:31,230  
phenomenon it's a phenomenon that can

853  
00:45:36,120 --> 00:45:33,859  
apparently materialize and dematerialize

854  
00:45:42,150 --> 00:45:36,130  
at will and

855  
00:45:44,610 --> 00:45:42,160  
you know but yet it is incapable of its

856  
00:45:47,040 --> 00:45:44,620  
transitory remaining in the same place

857  
00:45:51,210 --> 00:45:47,050  
where more than a few seconds minutes

858  
00:45:54,630 --> 00:45:51,220  
well I call them a singular phenomena I

859  
00:45:56,550 --> 00:45:54,640  
mean one one sighting or one apparition

860  
00:45:59,910 --> 00:45:56,560  
doesn't necessarily have to have

861  
00:46:03,330 --> 00:45:59,920  
anything to do with any other apparition

862  
00:46:05,550 --> 00:46:03,340  
I mean it's a it's it's as far as I'm

863  
00:46:07,830 --> 00:46:05,560

concerned it's all singular and possibly

864

00:46:11,280 --> 00:46:07,840

not they're not related so how can you

865

00:46:13,290 --> 00:46:11,290

how can you come up with a pattern well

866

00:46:16,140 --> 00:46:13,300

there's no pattern as you said yeah

867

00:46:18,360 --> 00:46:16,150

there's no you know we're not we're not

868

00:46:20,250 --> 00:46:18,370

also also we're forgetting the

869

00:46:23,490 --> 00:46:20,260

possibility that there is an

870

00:46:27,180 --> 00:46:23,500

interrelated connection between

871

00:46:29,430 --> 00:46:27,190

divergent types of so-called paranormal

872

00:46:31,470 --> 00:46:29,440

phenomena that aren't on the surface

873

00:46:35,070 --> 00:46:31,480

don't do not appear to be connected or

874

00:46:37,800 --> 00:46:35,080

or in any way shape or form have any

875

00:46:40,700 --> 00:46:37,810

sort of in a relationship but I have

876

00:46:43,200 --> 00:46:40,710

come to the conclusion that there is a

877

00:46:46,470 --> 00:46:43,210

interconnectedness between divergent

878

00:46:49,020 --> 00:46:46,480

phenomena and that's why when you know

879

00:46:51,270 --> 00:46:49,030

Bigfoot shows up during a UFO wave and

880

00:46:54,630 --> 00:46:51,280

all of a sudden the haunted site goes

881

00:47:00,810 --> 00:46:54,640

crazy there seems to be some sort of

882

00:47:02,820 --> 00:47:00,820

underlying interconnectedness well there

883

00:47:05,310 --> 00:47:02,830

certainly there certainly are what they

884

00:47:08,010 --> 00:47:05,320

call the what we have defined as window

885

00:47:09,960 --> 00:47:08,020

areas I mean an Oreo I mean even if

886

00:47:13,170 --> 00:47:09,970

there's nothing strange going on seven

887

00:47:17,100 --> 00:47:13,180

levels underneath Dulcy that whole area

888

00:47:21,570 --> 00:47:17,110

there the Native American territory has

889

00:47:23,820 --> 00:47:21,580

had a preponderance of a UFO and strange

890

00:47:26,460 --> 00:47:23,830

activity in fact I know there are

891

00:47:29,550 --> 00:47:26,470

members of the Navajo police who have

892

00:47:31,140 --> 00:47:29,560

their own paranormal group all right Tim

893

00:47:32,550 --> 00:47:31,150

let me let me interrupt you here because

894

00:47:34,650 --> 00:47:32,560

we have to go to our top of the hour

895

00:47:37,740 --> 00:47:34,660

break when we come back we'll continue

896

00:47:45,579 --> 00:47:37,750

our conversation about strange events on

897

00:47:52,540 --> 00:47:50,089

explore the bazaars or e-ticket ride

898

00:47:55,819 --> 00:47:52,550

into the world of the paranormal

899

00:48:00,130 --> 00:47:55,829

strap yourself in as we traverse the

900

00:48:03,250 --> 00:48:00,140

universe exploring the unexplained UFO s

901  
00:48:05,630 --> 00:48:03,260  
ghosts Lost Worlds

902  
00:48:09,500 --> 00:48:05,640  
cryptozoology as well as other

903  
00:48:14,630 --> 00:48:09,510  
dimensions it's time to take back the

904  
00:48:17,720 --> 00:48:14,640  
night now your electrifying hosts of

905  
00:48:23,720 --> 00:48:17,730  
exploring the bizarre Timothy Begley and

906  
00:48:26,270 --> 00:48:23,730  
team sports welcome back to the second

907  
00:48:28,430 --> 00:48:26,280  
hour of exploring the bizarre our guests

908  
00:48:32,859 --> 00:48:28,440  
tonight are Chris O'Brien and Oreo

909  
00:48:37,520 --> 00:48:32,869  
Hayakawa so Chris why don't you tell us

910  
00:48:41,180 --> 00:48:37,530  
how your your your pet project your the

911  
00:48:44,420 --> 00:48:41,190  
the project that you love and have been

912  
00:48:49,190 --> 00:48:44,430  
working on for so long yeah that yeah

913  
00:48:52,250 --> 00:48:49,200

the the San Luis Valley a camera project

914

00:48:54,970 --> 00:48:52,260

what how's that going what's up with

915

00:48:58,309 --> 00:48:54,980

that currently well you know the the

916

00:49:03,290 --> 00:48:58,319

actual San Luis Valley camera project

917

00:49:06,440 --> 00:49:03,300

started with a dream and basically back

918

00:49:07,790 --> 00:49:06,450

in the early 90s I thought wouldn't it

919

00:49:10,940 --> 00:49:07,800

be cool if we could set up a

920

00:49:14,210 --> 00:49:10,950

triangulated a camera array that was

921

00:49:18,559 --> 00:49:14,220

connected somehow and was able to to

922

00:49:22,339 --> 00:49:18,569

gain three unique perspectives on a

923

00:49:25,190 --> 00:49:22,349

single you know UEFA logical event and

924

00:49:26,930 --> 00:49:25,200

of course if you have two cameras or

925

00:49:28,670 --> 00:49:26,940

more you're going to be able to

926

00:49:30,470 --> 00:49:28,680

determine a lot more than a single

927

00:49:33,140 --> 00:49:30,480

camera you're going to be able to

928

00:49:40,760 --> 00:49:33,150

determine distance from the camera

929

00:49:43,040 --> 00:49:40,770

altitude azimuth speed size luminance at

930

00:49:46,270 --> 00:49:43,050

the actual trajectory of how it

931

00:49:49,010 --> 00:49:46,280

maneuvers in three-dimensional space and

932

00:49:52,010 --> 00:49:49,020

back when I was thinking about this and

933

00:49:54,350 --> 00:49:52,020

the you know early to mid 90s I tried to

934

00:49:56,420 --> 00:49:54,360

cost it out and even if it was even

935

00:49:58,700 --> 00:49:56,430

possible to do it would have been many

936

00:50:02,500 --> 00:49:58,710

hundreds of thousands of dollars worth a

937

00:50:05,870 --> 00:50:02,510

year well we live in a wonderful

938

00:50:09,950 --> 00:50:05,880

high-tech 21st century now and the cost

939

00:50:13,730 --> 00:50:09,960

of this particular vision and and and

940

00:50:15,230 --> 00:50:13,740

dream has come down considerably and for

941

00:50:20,630 --> 00:50:15,240

the past 12 years I've been working with

942

00:50:25,130 --> 00:50:20,640

a team of ex you know kind of government

943

00:50:28,190 --> 00:50:25,140

guys and physicists and amateur

944

00:50:31,160 --> 00:50:28,200

astronomers and engineers and computer

945

00:50:34,040 --> 00:50:31,170

scientists and we have finally come up

946

00:50:37,190 --> 00:50:34,050

with a a very workable and affordable

947

00:50:41,030 --> 00:50:37,200

system called the UFO data acquisition

948

00:50:43,540 --> 00:50:41,040

system UFO desk and what we've done is

949

00:50:47,360 --> 00:50:43,550

we've we've gone ahead and we've we've

950

00:50:50,720 --> 00:50:47,370

we put gear into the San Luis Valley for

951  
00:50:53,390 --> 00:50:50,730  
a very first location ultimately what we

952  
00:50:56,300 --> 00:50:53,400  
want to do is have these triangulated

953  
00:50:59,780 --> 00:50:56,310  
systems that feature not only cameras

954  
00:51:01,660 --> 00:50:59,790  
but recording magnetometers recording

955  
00:51:06,850 --> 00:51:01,670  
accelerometers with grab otama ters

956  
00:51:10,070 --> 00:51:06,860  
gravimeters and a acoustic e.l.f and

957  
00:51:13,360 --> 00:51:10,080  
very low frequency acoustic signature

958  
00:51:15,520 --> 00:51:13,370  
recordings and various types of

959  
00:51:22,700 --> 00:51:15,530  
scientific measuring equipment

960  
00:51:26,510 --> 00:51:22,710  
everything from being tied into it's

961  
00:51:28,660 --> 00:51:26,520  
called flightradar24 so we can factor

962  
00:51:32,930 --> 00:51:28,670  
out any transplanted commercial flights

963  
00:51:37,190 --> 00:51:32,940

the bolide of nasa bolide Alert network

964

00:51:40,310 --> 00:51:37,200

and then also we want to have complete

965

00:51:43,370 --> 00:51:40,320

you know weather information at the time

966

00:51:45,170 --> 00:51:43,380

of a particular event that we record so

967

00:51:47,420 --> 00:51:45,180

what we're going to do is have three or

968

00:51:50,780 --> 00:51:47,430

four and in the case of the San Luis

969

00:51:54,230 --> 00:51:50,790

Valley cameras and also one or two of

970

00:51:57,170 --> 00:51:54,240

these mmm we call them MSD I use in

971

00:51:59,330 --> 00:51:57,180

other words our multi sensor data

972

00:52:01,280 --> 00:51:59,340

acquisition units they have the

973

00:52:02,650 --> 00:52:01,290

recording gravity Amador magnetometer

974

00:52:06,290 --> 00:52:02,660

and the rest of these scientific

975

00:52:07,640 --> 00:52:06,300

instruments in in a very affordable

976  
00:52:11,320 --> 00:52:07,650  
package

977  
00:52:15,140 --> 00:52:11,330  
and so once you have an event and these

978  
00:52:18,170 --> 00:52:15,150  
cameras and sensors are able to

979  
00:52:21,830 --> 00:52:18,180  
triangulate and record multiple

980  
00:52:24,850 --> 00:52:21,840  
recordings of data of a single event you

981  
00:52:27,350 --> 00:52:24,860  
have the kind of information that

982  
00:52:30,140 --> 00:52:27,360  
scientists and astronomers the people

983  
00:52:32,450 --> 00:52:30,150  
that norio was talking about would love

984  
00:52:35,360 --> 00:52:32,460  
to get sink their teeth into and say

985  
00:52:37,760 --> 00:52:35,370  
okay you think you got something unusual

986  
00:52:42,890 --> 00:52:37,770  
you think you got something you know

987  
00:52:44,870 --> 00:52:42,900  
alien or you know hi hi strange okay

988  
00:52:48,350 --> 00:52:44,880

let's see let's uh let's look at the

989

00:52:50,570 --> 00:52:48,360

data and let's look at the way that

990

00:52:52,700 --> 00:52:50,580

you've you've secured your evidence

991

00:52:55,130 --> 00:52:52,710

chain that's all you've done the proper

992

00:52:59,180 --> 00:52:55,140

proper procedures to make sure that the

993

00:53:01,100 --> 00:52:59,190

data is is is pristine and you know

994

00:53:03,800 --> 00:53:01,110

let's take a look at it and get peer

995

00:53:05,390 --> 00:53:03,810

review and heck if we come up with

996

00:53:07,090 --> 00:53:05,400

something that's you know fairly

997

00:53:09,710 --> 00:53:07,100

interesting we might even be able to

998

00:53:12,770 --> 00:53:09,720

actually publish a scientific paper

999

00:53:16,340 --> 00:53:12,780

wouldn't that be nice this is this is

1000

00:53:18,680 --> 00:53:16,350

the next step that ufology needs to take

1001  
00:53:21,640 --> 00:53:18,690  
I do not allow myself to be called a

1002  
00:53:24,940 --> 00:53:21,650  
ufologist you call me anything but

1003  
00:53:28,430 --> 00:53:24,950  
ufology is an embarrassment and

1004  
00:53:31,730 --> 00:53:28,440  
unfortunately this field is its own

1005  
00:53:34,370 --> 00:53:31,740  
worst enemy it is fractious it is ego

1006  
00:53:37,940 --> 00:53:34,380  
driven it's filled with charlatans and

1007  
00:53:39,830 --> 00:53:37,950  
hoaxes and and and and pure crap as far

1008  
00:53:43,550 --> 00:53:39,840  
as I'm concerned and I don't want to be

1009  
00:53:47,510 --> 00:53:43,560  
associated with it but if I was gonna do

1010  
00:53:50,120 --> 00:53:47,520  
it right this the UFO dap project would

1011  
00:53:53,660 --> 00:53:50,130  
be how I would do it so I'm gonna show

1012  
00:53:56,000 --> 00:53:53,670  
the field with my team that includes a

1013  
00:53:59,030 --> 00:53:56,010

guy that was you know accepted into

1014

00:54:04,400 --> 00:53:59,040

Oxford as a as a theoretical physicist

1015

00:54:07,280 --> 00:54:04,410

at 16 and became an engineer at Cisco a

1016

00:54:11,000 --> 00:54:07,290

guy that helped acquire you know did the

1017

00:54:13,280 --> 00:54:11,010

contract law for exotic materials for

1018

00:54:16,010 --> 00:54:13,290

the aerospace industry a guy that worked

1019

00:54:18,340 --> 00:54:16,020

for Disney as an crack computer

1020

00:54:21,019 --> 00:54:18,350

scientific whiz an amateur astronomer

1021

00:54:23,390 --> 00:54:21,029

and some very famous names that are

1022

00:54:27,319 --> 00:54:23,400

kind of helping out with some advice on

1023

00:54:31,609 --> 00:54:27,329

the side this is how you follow G needs

1024

00:54:35,630 --> 00:54:31,619

to drag its sorry ass forward in a very

1025

00:54:39,349 --> 00:54:35,640

productive a very and how would I put

1026

00:54:41,870 --> 00:54:39,359

this politely in an expedient way that

1027

00:54:44,059 --> 00:54:41,880

actually might have a chance this

1028

00:54:46,519 --> 00:54:44,069

approach might have a chance to be taken

1029

00:54:48,559 --> 00:54:46,529

seriously by academia in the scientific

1030

00:54:51,979 --> 00:54:48,569

community the San Luis Valley is the

1031

00:54:53,809 --> 00:54:51,989

first location we have a number of teams

1032

00:54:55,999 --> 00:54:53,819

around the world that are interested in

1033

00:54:59,479 --> 00:54:56,009

getting involved we have targeting

1034

00:55:01,880 --> 00:54:59,489

software that automatically follows

1035

00:55:04,640 --> 00:55:01,890

objects in the air with a bounding box

1036

00:55:07,489 --> 00:55:04,650

just like targeting software for a jet

1037

00:55:09,979 --> 00:55:07,499

fighter all this stuff is tied together

1038

00:55:12,169 --> 00:55:09,989

on the internet when when an event

1039

00:55:15,049 --> 00:55:12,179

happens the cameras were all sent

1040

00:55:17,719 --> 00:55:15,059

quadrant data they also whirl around and

1041

00:55:20,779 --> 00:55:17,729

zoom in on the object this is all done

1042

00:55:22,489 --> 00:55:20,789

turnkey it's automatic the software's

1043

00:55:24,319 --> 00:55:22,499

designed

1044

00:55:26,499 --> 00:55:24,329

we're gonna have a price list we're

1045

00:55:28,939 --> 00:55:26,509

gonna have three different levels of

1046

00:55:31,299 --> 00:55:28,949

packages that people who want to put

1047

00:55:34,579 --> 00:55:31,309

these packages in their their particular

1048

00:55:37,579 --> 00:55:34,589

location they can they can call up and

1049

00:55:39,140 --> 00:55:37,589

for as little as a grand can can you

1050

00:55:40,939 --> 00:55:39,150

know I'm not exactly sure the price

1051  
00:55:43,669 --> 00:55:40,949  
points right now but I think the lowest

1052  
00:55:45,319 --> 00:55:43,679  
price point will be about a thousand

1053  
00:55:49,759 --> 00:55:45,329  
dollars that you can have a triangulated

1054  
00:55:52,099 --> 00:55:49,769  
scientific you know actual monitoring

1055  
00:55:53,659 --> 00:55:52,109  
system and then the type of system that

1056  
00:55:58,009 --> 00:55:53,669  
we're designing you can do for about

1057  
00:55:59,839 --> 00:55:58,019  
twenty five hundred now we're talking at

1058  
00:56:04,130 --> 00:55:59,849  
Chris how long has this been set up and

1059  
00:56:07,130 --> 00:56:04,140  
has anything appeared we have had a

1060  
00:56:08,479 --> 00:56:07,140  
couple of interesting events I have not

1061  
00:56:09,620 --> 00:56:08,489  
personally seen them because I don't

1062  
00:56:12,219 --> 00:56:09,630  
have a PC

1063  
00:56:16,219 --> 00:56:12,229

I need a PC to be able to tune into the

1064

00:56:18,499 --> 00:56:16,229

I'm a Mac guy and I'm not really

1065

00:56:21,069 --> 00:56:18,509

involved in in the you know right now

1066

00:56:23,479 --> 00:56:21,079

and into tomorrow tree in the system

1067

00:56:25,669 --> 00:56:23,489

we're working the bugs out we've just

1068

00:56:28,630 --> 00:56:25,679

been up a few months we're working the

1069

00:56:31,309 --> 00:56:28,640

bugs out we're getting the triangulation

1070

00:56:33,919 --> 00:56:31,319

algorithms and everything all dialed in

1071

00:56:35,260 --> 00:56:33,929

and in tight but we have had a couple of

1072

00:56:37,750 --> 00:56:35,270

very interesting event

1073

00:56:38,350 --> 00:56:37,760

so you're kind of bait your beta testing

1074

00:56:40,870 --> 00:56:38,360

right now

1075

00:56:45,250 --> 00:56:40,880

well yeah we're we've well we've been

1076

00:56:49,360 --> 00:56:45,260

beta testing on and off for since 2010

1077

00:56:52,480 --> 00:56:49,370

but we have the you know the the detect

1078

00:56:54,760 --> 00:56:52,490

motion motion tracking and you know

1079

00:56:58,840 --> 00:56:54,770

record on motion and the triangulation

1080

00:57:01,270 --> 00:56:58,850

software all that's completed that's all

1081

00:57:04,660 --> 00:57:01,280

been written all the ten thousand lines

1082

00:57:07,060 --> 00:57:04,670

of code and I think five thousand hours

1083

00:57:09,550 --> 00:57:07,070

of development work by our engineer

1084

00:57:11,800 --> 00:57:09,560

Ronald has all been done and now we're

1085

00:57:14,380 --> 00:57:11,810

actually field testing everything beta

1086

00:57:19,270 --> 00:57:14,390

testing I think we're beyond that we're

1087

00:57:22,390 --> 00:57:19,280

actually field testing now this is the

1088

00:57:26,800 --> 00:57:22,400

obvious next step forward for scientific

1089

00:57:29,080 --> 00:57:26,810

ufology no more trying to drive the cars

1090

00:57:30,910 --> 00:57:29,090

ufology forward by looking in the

1091

00:57:34,120 --> 00:57:30,920

rearview mirror and data crunching

1092

00:57:38,850 --> 00:57:34,130

forget that let's go ahead and and be

1093

00:57:42,400 --> 00:57:38,860

proactive let's have this stuff you know

1094

00:57:44,970 --> 00:57:42,410

let's monitor a hotspot areas and gain

1095

00:57:48,580 --> 00:57:44,980

the kind of data from real time events

1096

00:57:50,970 --> 00:57:48,590

in a way that will be taken seriously by

1097

00:57:53,530 --> 00:57:50,980

the scientific and academic communities

1098

00:57:55,630 --> 00:57:53,540

are they gonna accept what would they

1099

00:57:56,860 --> 00:57:55,640

you you think it would ever get to the

1100

00:57:57,580 --> 00:57:56,870

point where they would accept any of

1101  
00:58:00,580 --> 00:57:57,590  
this now

1102  
00:58:03,070 --> 00:58:00,590  
yes absolutely no question I I don't

1103  
00:58:04,750 --> 00:58:03,080  
know it's it's been so I was going to

1104  
00:58:08,560 --> 00:58:04,760  
say hit or miss but it hasn't even been

1105  
00:58:10,450 --> 00:58:08,570  
hit in the in the past no this has never

1106  
00:58:12,640 --> 00:58:10,460  
been done this is history this is

1107  
00:58:14,920 --> 00:58:12,650  
history we're making history here and if

1108  
00:58:17,080 --> 00:58:14,930  
we capture a real event like some of the

1109  
00:58:20,740 --> 00:58:17,090  
events I personally have seen in the San

1110  
00:58:22,620 --> 00:58:20,750  
Luis Valley it's a game changer and what

1111  
00:58:25,630 --> 00:58:22,630  
have you seen

1112  
00:58:28,690 --> 00:58:25,640  
come on to me anything that you could

1113  
00:58:31,960 --> 00:58:28,700

possibly imagine all kinds of herbs from

1114

00:58:33,820 --> 00:58:31,970

you know bright riveting extremely

1115

00:58:36,910 --> 00:58:33,830

bright red orbs that are probably the

1116

00:58:40,060 --> 00:58:36,920

size of a baseball flying next to my car

1117

00:58:41,740 --> 00:58:40,070

to scout ships flying 150 feet away and

1118

00:58:44,680 --> 00:58:41,750

broad daylight scooting out over the

1119

00:58:46,840 --> 00:58:44,690

weir for no valley like a like a lure

1120

00:58:48,020 --> 00:58:46,850

being reeled in quickly on a fishing

1121

00:58:52,280 --> 00:58:48,030

pole

1122

00:58:54,770 --> 00:58:52,290

12-foot object huge well in this case it

1123

00:58:56,180 --> 00:58:54,780

was a triangular was rectangular object

1124

00:59:00,350 --> 00:58:56,190

that blotted out you know the whole

1125

00:59:01,580 --> 00:59:00,360

Milky Way at one point I you know I

1126

00:59:04,910 --> 00:59:01,590

wouldn't know where to begin

1127

00:59:06,830 --> 00:59:04,920

instruction you know orbs I had an orb

1128

00:59:08,840 --> 00:59:06,840

that went right down my street at five

1129

00:59:11,300 --> 00:59:08,850

in the morning when I was out having a

1130

00:59:14,540 --> 00:59:11,310

smoke it was maybe a hundred feet away

1131

00:59:16,220 --> 00:59:14,550

ninety feet four foot kind of had

1132

00:59:19,190 --> 00:59:16,230

terrain following it was going up and

1133

00:59:24,020 --> 00:59:19,200

down over the over the contours of the

1134

00:59:25,910 --> 00:59:24,030

road and the terrain you know that's why

1135

00:59:30,110 --> 00:59:25,920

I write books man I've all the stuffs in

1136

00:59:32,000 --> 00:59:30,120

my book so yeah in the cases where

1137

00:59:36,740 --> 00:59:32,010

you've seen this thing have you had

1138

00:59:39,920 --> 00:59:36,750

multiple witnesses yeah tons of tons of

1139

00:59:41,270 --> 00:59:39,930

events with multiple witnesses including

1140

00:59:44,390 --> 00:59:41,280

the yellow helicopter which is my

1141

00:59:49,550 --> 00:59:44,400

favorite which it was not a UFO well in

1142

00:59:58,940 --> 00:59:49,560

a way it was a UFO but it thank God I

1143

01:00:00,860 --> 00:59:58,950

had witnesses on that one I will many

1144

01:00:03,350 --> 01:00:00,870

people that know my work or wear this

1145

01:00:06,190 --> 01:00:03,360

this is a case that really that really

1146

01:00:09,440 --> 01:00:06,200

grabbed me and and made me absolutely

1147

01:00:11,630 --> 01:00:09,450

you know hooked for life I went out to

1148

01:00:14,390 --> 01:00:11,640

investigate my very first cattle

1149

01:00:17,720 --> 01:00:14,400

mutilation case it happened 13 years

1150

01:00:20,450 --> 01:00:17,730

before but I was given photographs by at

1151

01:00:22,090 --> 01:00:20,460

my county sheriff and this was the ranch

1152

01:00:24,950 --> 01:00:22,100

closest to me so I went out there and

1153

01:00:27,620 --> 01:00:24,960

interviewed them yeah this is in January

1154

01:00:30,410 --> 01:00:27,630

19 and in the case you know the

1155

01:00:32,150 --> 01:00:30,420

mutilation occurred in June of 1980 and

1156

01:00:34,010 --> 01:00:32,160

so I'm interviewing them and they said

1157

01:00:35,480 --> 01:00:34,020

yeah we were sitting around dinner and

1158

01:00:38,000 --> 01:00:35,490

we heard this helicopter fly right over

1159

01:00:40,010 --> 01:00:38,010

our house and it seemed to kind of come

1160

01:00:42,050 --> 01:00:40,020

down all the way at the very southern

1161

01:00:44,390 --> 01:00:42,060

end of our ranch well you know we didn't

1162

01:00:46,850 --> 01:00:44,400

really think anything over then and then

1163

01:00:49,610 --> 01:00:46,860

you know we finished dinner and then we

1164

01:00:52,370 --> 01:00:49,620

heard the things start up then we ran

1165

01:00:54,080 --> 01:00:52,380

outside in it it flew up out of our past

1166

01:00:55,700 --> 01:00:54,090

year or mile south of us and then flew

1167

01:00:59,690 --> 01:00:55,710

right over our house like 50 feet over

1168

01:01:01,860 --> 01:00:59,700

our house but it was a mustard yellow no

1169

01:01:05,160 --> 01:01:01,870

markings except for the color

1170

01:01:07,890 --> 01:01:05,170

and it was a 1950 you age 47 it was one

1171

01:01:09,840 --> 01:01:07,900

of those whirlybirds like on mash the TV

1172

01:01:11,310 --> 01:01:09,850

show mash and you know flew right over

1173

01:01:13,290 --> 01:01:11,320

our house and went back in the other

1174

01:01:15,330 --> 01:01:13,300

direction you know back where it came

1175

01:01:16,050 --> 01:01:15,340

from and so we thought wow that's kind

1176

01:01:19,320 --> 01:01:16,060

of weird

1177

01:01:20,490 --> 01:01:19,330

and it looks like an antique just flown

1178

01:01:22,500 --> 01:01:20,500

over their house so they go out in their

1179

01:01:25,710 --> 01:01:22,510

pasture the next morning and their

1180

01:01:28,590 --> 01:01:25,720

prized seed bowl you know \$10,000 seed

1181

01:01:30,930 --> 01:01:28,600

bowl is dead mutilated in their pasture

1182

01:01:34,230 --> 01:01:30,940

and so they call every airport every

1183

01:01:35,070 --> 01:01:34,240

mechanic you know anybody would have any

1184

01:01:38,460 --> 01:01:35,080

possible

1185

01:01:41,010 --> 01:01:38,470

you know we had leg up on who owned this

1186

01:01:42,720 --> 01:01:41,020

this weird yellow helicopter this

1187

01:01:47,850 --> 01:01:42,730

antique and they couldn't find anybody

1188

01:01:49,800 --> 01:01:47,860

they would have to have people Z you

1189

01:01:51,870 --> 01:01:49,810

know you must have you know seen

1190

01:01:54,270 --> 01:01:51,880

something else and I said no we know we

1191

01:01:56,820 --> 01:01:54,280

saw and so I'm out there 13 years later

1192

01:01:58,950 --> 01:01:56,830

interviewing them and so I'd go home and

1193

01:02:00,930 --> 01:01:58,960

the next morning I'm at my table typing

1194

01:02:03,780 --> 01:02:00,940

up my notes typing this is before I had

1195

01:02:06,560 --> 01:02:03,790

a computer and I hear this to teaching I

1196

01:02:16,740 --> 01:02:06,570

look out and right over my house is a

1197

01:02:21,030 --> 01:02:16,750

mustard yellow uhu age 47 it heard you

1198

01:02:24,140 --> 01:02:21,040

thinking about it that's what I would

1199

01:02:28,140 --> 01:02:24,150

say I mean are we talking about

1200

01:02:28,860 --> 01:02:28,150

mind-reading here I don't know but let's

1201

01:02:31,980 --> 01:02:28,870

put it this way

1202

01:02:33,480 --> 01:02:31,990

from that moment on and like Norio said

1203

01:02:37,290 --> 01:02:33,490

we're we're dealing with something

1204

01:02:40,200 --> 01:02:37,300

that's way more bizarre than simple

1205

01:02:43,800 --> 01:02:40,210

aliens woman well that's my kind of

1206

01:02:46,620 --> 01:02:43,810

similar to my long very lengthy list of

1207

01:02:49,140 --> 01:02:46,630

synchronicities and and we've talked

1208

01:02:50,760 --> 01:02:49,150

about these on on the on the show we're

1209

01:02:53,820 --> 01:02:50,770

not just talking about you know waking

1210

01:02:56,760 --> 01:02:53,830

up and seeing four four four on the you

1211

01:02:59,100 --> 01:02:56,770

know or or say on the you know alarm or

1212

01:03:00,810 --> 01:02:59,110

thinking you're somebody that the and

1213

01:03:03,210 --> 01:03:00,820

they you run into them on the street or

1214

01:03:06,840 --> 01:03:03,220

they call the next day we're talking

1215

01:03:08,760 --> 01:03:06,850

about things that have to be scripted

1216

01:03:11,580 --> 01:03:08,770

they kill you know you know the story

1217

01:03:13,770 --> 01:03:11,590

bear rabbit right bear rabbit and the

1218

01:03:15,240 --> 01:03:13,780

tar-baby I did that's where I kiss it's

1219

01:03:21,450 --> 01:03:15,250

our baby in a

1220

01:03:24,360 --> 01:03:21,460

not to my face I changed my life that

1221

01:03:26,430 --> 01:03:24,370

was I mean that was like that big

1222

01:03:29,400 --> 01:03:26,440

saltwater hook and it's been tearing on

1223

01:03:32,280 --> 01:03:29,410

my cheek ever since and it's never

1224

01:03:35,190 --> 01:03:32,290

appeared since then yeah it appeared one

1225

01:03:40,020 --> 01:03:35,200

time following an army truck up highway

1226

01:03:42,750 --> 01:03:40,030

17 the following spring hmm and no

1227

01:03:44,880 --> 01:03:42,760

markings on it that you can see no and

1228

01:03:47,250 --> 01:03:44,890

boy I called every airport I called

1229

01:03:49,560 --> 01:03:47,260

every mechanic every rental place the

1230

01:03:52,110 --> 01:03:49,570

FAA the Air National Guard

1231

01:03:54,450 --> 01:03:52,120

I called anybody they had anything to do

1232

01:04:00,570 --> 01:03:54,460

with aviation and they all laughed at me

1233

01:04:03,380 --> 01:04:00,580

i doesn't it doesn't seem impossible

1234

01:04:05,160 --> 01:04:03,390

that somebody wouldn't have a you know a

1235

01:04:07,920 --> 01:04:05,170

helicopter I mean people have all kinds

1236

01:04:12,030 --> 01:04:07,930

of planes and and and things and they're

1237

01:04:14,910 --> 01:04:12,040

not necessarily ancient 90 miles in the

1238

01:04:17,670 --> 01:04:14,920

airport was 60 miles away that's 100

1239

01:04:19,530 --> 01:04:17,680

miles around yeah well somebody's got it

1240

01:04:21,810 --> 01:04:19,540

in there in their barn somewhere I would

1241

01:04:24,450 --> 01:04:21,820

wish I don't know or maybe don't have to

1242

01:04:26,460 --> 01:04:24,460

be registered probably then how come

1243

01:04:31,260 --> 01:04:26,470

nobody has ever reported there nobody's

1244

01:04:33,930 --> 01:04:31,270

ever seen yeah well there you go I mean

1245

01:04:37,950 --> 01:04:33,940

okay so how do you you you've got you've

1246

01:04:40,320 --> 01:04:37,960

got a push a something really hard to

1247

01:04:42,660 --> 01:04:40,330

get to convince as someone with a a

1248

01:04:47,610 --> 01:04:42,670

so-called scientific background there's

1249

01:04:49,260 --> 01:04:47,620

something like that is is legit I would

1250

01:04:51,770 --> 01:04:49,270

never use that story as a way to

1251

01:04:54,360 --> 01:04:51,780

convince anybody of anything no I I

1252

01:04:57,000 --> 01:04:54,370

realize that but you know it always kind

1253

01:05:01,350 --> 01:04:57,010

of a it's all kind of wrapped up in the

1254

01:05:04,170 --> 01:05:01,360

same package here it's not it's not you

1255

01:05:06,900 --> 01:05:04,180

know separated so well Chris O'Brien

1256

01:05:11,910 --> 01:05:06,910

this is you know what's happened and you

1257

01:05:13,920 --> 01:05:11,920

can yeah many people know how how

1258

01:05:17,010 --> 01:05:13,930

important that particular event is in my

1259

01:05:19,160 --> 01:05:17,020

life I mean it was one of the most

1260

01:05:22,920 --> 01:05:19,170

important events of my life it changed

1261

01:05:26,760 --> 01:05:22,930

the the direction it changed the scope

1262

01:05:33,790 --> 01:05:30,190

without a fight it solidified a new a

1263

01:05:36,730 --> 01:05:33,800

new path that I was on now most of these

1264

01:05:39,840 --> 01:05:36,740

these objects who describes it just a

1265

01:05:46,270 --> 01:05:39,850

little while ago seeing are they all

1266

01:05:53,080 --> 01:05:46,280

noiseless for the most part yeah a few

1267

01:05:54,580 --> 01:05:53,090

had there was the cheap fireworks I I

1268

01:05:57,450 --> 01:05:54,590

heard a couple of those

1269

01:06:01,540 --> 01:05:57,460

there was a crackling hissing sound

1270

01:06:04,260 --> 01:06:01,550

mm-hmm and and what was the cloud the

1271

01:06:09,400 --> 01:06:04,270

closest that one of these objects came

1272

01:06:12,190 --> 01:06:09,410

90 feet maybe feet and could you see

1273

01:06:13,810 --> 01:06:12,200

exceptional detail or I'm talking about

1274

01:06:18,450 --> 01:06:13,820

something that's like an actual applause

1275

01:06:21,940 --> 01:06:18,460

maker it was a four to six foot diameter

1276

01:06:24,970 --> 01:06:21,950

sphere that was perfectly slate gray the

1277

01:06:27,670 --> 01:06:24,980

color of the pre-dawn sky and you know

1278

01:06:29,200 --> 01:06:27,680

the entire the ground in the air and the

1279

01:06:30,730 --> 01:06:29,210

only reason why I knew it was there was

1280

01:06:32,890 --> 01:06:30,740

because it was silhouetted against the

1281

01:06:34,900 --> 01:06:32,900

dark trees of the foothills as soon as

1282

01:06:35,530 --> 01:06:34,910

it got beyond the foothills in the

1283

01:06:37,630 --> 01:06:35,540

background

1284

01:06:39,310 --> 01:06:37,640

it disappeared except for a very thin

1285

01:06:41,890 --> 01:06:39,320

line that outlined it because it was

1286

01:06:44,860 --> 01:06:41,900

perfectly matched in camouflage with the

1287

01:06:46,870 --> 01:06:44,870

light and it's like I said it was it was

1288

01:06:50,230 --> 01:06:46,880

following hugging the terrain it was

1289

01:06:52,390 --> 01:06:50,240

perfectly matching the terrain you know

1290

01:06:54,940 --> 01:06:52,400

at its closest point was at the end of

1291

01:06:57,310 --> 01:06:54,950

my driveway about 90 feet away so now

1292

01:07:00,220 --> 01:06:57,320

you think it had you picked out in

1293

01:07:01,780 --> 01:07:00,230

particular no no it just was cruising

1294

01:07:03,970 --> 01:07:01,790

down the road I just happened to be

1295

01:07:05,680 --> 01:07:03,980

outside spoke and see it

1296

01:07:10,480 --> 01:07:05,690

I'm normally you know I wasn't up at 5

1297

01:07:12,430 --> 01:07:10,490

in the morning yeah and how was there

1298

01:07:16,210 --> 01:07:12,440

any particular period of time when these

1299

01:07:17,920 --> 01:07:16,220

things we're showing up on a I would say

1300

01:07:21,580 --> 01:07:17,930

nightly but not necessarily nightly

1301

01:07:25,300 --> 01:07:21,590

honest a predetermined basis yeah if you

1302

01:07:30,340 --> 01:07:25,310

look at my my report log which you know

1303

01:07:33,460 --> 01:07:30,350

I kept a just a religiously documented

1304

01:07:35,950 --> 01:07:33,470

log of for 10 years of all these events

1305

01:07:37,870 --> 01:07:35,960

that I experienced that included

1306

01:07:40,930 --> 01:07:37,880

aberrant social behavior weird weather

1307

01:07:43,720 --> 01:07:40,940

strange military act

1308

01:07:46,720 --> 01:07:43,730

you know all kinds of things well you

1309

01:07:49,390 --> 01:07:46,730

know included in the log it abdu flowed

1310

01:07:51,940 --> 01:07:49,400

and whenever one type of thing seemed to

1311

01:07:54,190 --> 01:07:51,950

be occurring we would have a flurry of

1312

01:07:56,910 --> 01:07:54,200

other things everything seemed to come

1313

01:07:59,740 --> 01:07:56,920

in groups with divergent phenomena

1314

01:08:02,650 --> 01:07:59,750

manifesting within flaps you know

1315

01:08:05,710 --> 01:08:02,660

periods of time when when things just

1316

01:08:08,349 --> 01:08:05,720

would go crazy even fires you know weird

1317

01:08:12,819 --> 01:08:08,359

fires twelve fires in one weekend

1318

01:08:14,920 --> 01:08:12,829

the the the this is my favorite one the

1319

01:08:18,340 --> 01:08:14,930

bride at a wedding her sister was the

1320

01:08:21,220 --> 01:08:18,350

was the the maid of honor this is a real

1321

01:08:23,740 --> 01:08:21,230

important family in the valley in during

1322

01:08:26,579 --> 01:08:23,750

the reception the bride and her sister

1323

01:08:28,930 --> 01:08:26,589

the maid of honor got into a fight and

1324

01:08:31,150 --> 01:08:28,940

the younger sister knife to the death

1325

01:08:34,479 --> 01:08:31,160

the bride knife knife a bride to death

1326

01:08:37,630 --> 01:08:34,489

and we had 12 fires incredible amounts

1327

01:08:40,570 --> 01:08:37,640

of roadkill weird weather and Steven

1328

01:08:46,769 --> 01:08:40,580

Greer calling in ETS all in the same

1329

01:08:53,740 --> 01:08:46,779

weekend I would I would think so

1330

01:08:56,099 --> 01:08:53,750

recent activity in September we had two

1331

01:08:59,169 --> 01:08:56,109

weeks of stuff flying all over the place

1332

01:09:02,320 --> 01:08:59,179

unfortunately we were we were just

1333

01:09:05,260 --> 01:09:02,330

gotten our earth our cameras up at the

1334

01:09:06,820 --> 01:09:05,270

very end of this flap of activity so

1335

01:09:12,760 --> 01:09:06,830

that's that's when we saw our first

1336

01:09:15,039 --> 01:09:12,770

events but there's been I see beginning

1337

01:09:19,510 --> 01:09:15,049

December there were some some events

1338

01:09:21,849 --> 01:09:19,520

that we captured again just lights in

1339

01:09:26,789 --> 01:09:21,859

the sky but you know stuff the people

1340

01:09:29,919 --> 01:09:26,799

were reporting as strange and weird I

1341

01:09:33,430 --> 01:09:29,929

mean I'd have to go and check my notes

1342

01:09:37,380 --> 01:09:33,440

but it flows usually it's fallen in

1343

01:09:43,209 --> 01:09:37,390

spring those are the predominant times

1344

01:09:45,999 --> 01:09:43,219

yeah and any reason for that do you

1345

01:09:49,090 --> 01:09:46,009

think I mean anything you could put your

1346

01:09:52,930 --> 01:09:49,100

hand on you know I don't know March

1347

01:09:53,769 --> 01:09:52,940

through May into early June and you know

1348

01:09:57,220 --> 01:09:53,779

late August

1349

01:09:57,669 --> 01:09:57,230

to the end of November on a Wednesday

1350

01:10:00,220 --> 01:09:57,679

night

1351

01:10:05,430 --> 01:10:00,230

that's the your best chance of seeing

1352

01:10:08,109 --> 01:10:05,440

something anywhere but in the same I was

1353

01:10:11,080 --> 01:10:08,119

thinking that that's what John keel once

1354

01:10:14,020 --> 01:10:11,090

told me that the majority the his

1355

01:10:16,390 --> 01:10:14,030

sightings were on a Wednesday night

1356

01:10:18,160 --> 01:10:16,400

that's between nine and 11 o'clock or

1357

01:10:25,089 --> 01:10:18,170

something like that yeah that's exactly

1358

01:10:28,959 --> 01:10:25,099

two 8:30 and twelve actually well I you

1359

01:10:30,959 --> 01:10:28,969

can't come up with a a cycle of some

1360

01:10:34,270 --> 01:10:30,969

kind of would explain that I suppose I

1361

01:10:36,970 --> 01:10:34,280

got a crunching but I I you know I

1362

01:10:40,240 --> 01:10:36,980

reserve the right not to mention it

1363

01:10:42,399 --> 01:10:40,250

because I don't really feel that it's

1364

01:10:45,580 --> 01:10:42,409

something I can I can really back up and

1365

01:10:49,779 --> 01:10:45,590

demonstrate as soon as I is I identify a

1366

01:10:54,100 --> 01:10:49,789

pattern and open my mouth about it the

1367

01:10:55,720 --> 01:10:54,110

exact opposite oh boy yeah yeah isn't

1368

01:10:57,250 --> 01:10:55,730

that always seem to be the case in this

1369

01:11:02,310 --> 01:10:57,260

here here you know just when you think

1370

01:11:04,899 --> 01:11:02,320

you're on to some great disclosure or

1371

01:11:08,410 --> 01:11:04,909

explanation something like a commercial

1372

01:11:20,500 --> 01:11:08,420

break comes right in and forces with you

1373

01:11:27,229 --> 01:11:24,650

now back to exploring the bazaars with

1374

01:11:30,530 --> 01:11:27,239

two of the most electrifying researchers

1375

01:11:35,780 --> 01:11:30,540

in the Paranoid your hosts Timothy Becky

1376

01:11:38,419 --> 01:11:35,790

Lee panting Swift's all right and

1377

01:11:40,100 --> 01:11:38,429

welcome back to the final segment of the

1378

01:11:42,260 --> 01:11:40,110

exploring the bazaar we're just having a

1379

01:11:46,070 --> 01:11:42,270

great time tonight with Chris O'Brien

1380

01:11:48,080 --> 01:11:46,080

and Nouriel Hayakawa and so nori oh I

1381

01:11:51,950 --> 01:11:48,090

mean we can't let this show go by

1382

01:12:00,050 --> 01:11:51,960

without talking about Dulce New Mexico

1383

01:12:02,600 --> 01:12:00,060

now this this is something that just

1384

01:12:06,500 --> 01:12:02,610

kind to me I mean it just seemed to come

1385

01:12:10,990 --> 01:12:06,510

up out of nowhere and I mean it just

1386

01:12:15,169 --> 01:12:11,000

really embraces the the spectrum of

1387

01:12:17,000 --> 01:12:15,179

insanity some of the stories that I've

1388

01:12:18,290 --> 01:12:17,010

heard over the years I mean you know

1389

01:12:24,830 --> 01:12:18,300

what

1390

01:12:28,430 --> 01:12:24,840

you know how did it become this this you

1391

01:12:31,610 --> 01:12:28,440

know like landmark for for UFO insanity

1392

01:12:33,979 --> 01:12:31,620

I guess well I think this is a very good

1393

01:12:36,530 --> 01:12:33,989

question because most people have no

1394

01:12:40,490 --> 01:12:36,540

idea that the United States Department

1395

01:12:45,620 --> 01:12:40,500

of Energy in 1967 exploded a nuclear

1396

01:12:50,330 --> 01:12:45,630

device about 22 miles southwest of Dulce

1397

01:12:54,640 --> 01:12:50,340

and it's presently known as Project gas

1398

01:12:59,540 --> 01:12:54,650

buggy but the Atomic Energy Commission

1399

01:13:03,590 --> 01:12:59,550

tried to do this experiment in order to

1400

01:13:09,880 --> 01:13:03,600

facilitate the flow of natural gas in

1401

01:13:16,130 --> 01:13:09,890

that area you know and unfortunately it

1402

01:13:18,620 --> 01:13:16,140

it resulted in the eventual radiation

1403

01:13:22,899 --> 01:13:18,630

leakage of some sort around that area

1404

01:13:25,750 --> 01:13:22,909

and including dr. Airy and

1405

01:13:29,529 --> 01:13:25,760

I find it very interesting that the OSI

1406

01:13:33,479 --> 01:13:29,539

area seems to have a high case of cancer

1407

01:13:37,660 --> 01:13:33,489

among a number of people you know and

1408

01:13:42,939 --> 01:13:37,670

but anyway the 1967 project gasps buggy

1409

01:13:45,609 --> 01:13:42,949

underground explosion may have become a

1410

01:13:48,520 --> 01:13:45,619

catalyst for some people with wild

1411

01:13:51,970 --> 01:13:48,530

imaginations to think that the

1412

01:13:56,770 --> 01:13:51,980

government was trying to either create a

1413

01:14:02,229 --> 01:13:56,780

cavern over there or trying to decimate

1414

01:14:04,419 --> 01:14:02,239

the alien entities who are living in

1415

01:14:07,569 --> 01:14:04,429

that area on the ground and you know so

1416

01:14:12,760 --> 01:14:07,579

that this is a word of the interesting

1417

01:14:16,330 --> 01:14:12,770

items the 1967 atomic test near Dulce

1418

01:14:18,520 --> 01:14:16,340

and but then the the other item is of

1419

01:14:22,080 --> 01:14:18,530

course what Chris O'Brien has been

1420

01:14:25,930 --> 01:14:22,090

talking about the the eventual

1421

01:14:28,810 --> 01:14:25,940

proliferation of general methylations in

1422

01:14:31,000 --> 01:14:28,820

that whole area you know just not not

1423

01:14:32,709 --> 01:14:31,010

just the southern Colorado but you know

1424

01:14:36,390 --> 01:14:32,719

dosa area which is right next to this

1425

01:14:39,870 --> 01:14:36,400

out in Colorado but anyway yeah to me

1426

01:14:43,180 --> 01:14:39,880

Dalton is a very fascinating place where

1427

01:14:45,430 --> 01:14:43,190

the Native Americans have a very

1428

01:14:50,919 --> 01:14:45,440

deep-rooted cultural and spiritual

1429

01:14:53,970 --> 01:14:50,929

beliefs and that resembles belief in the

1430

01:14:58,209 --> 01:14:53,980

paranormal and this is the reason why

1431

01:15:01,600 --> 01:14:58,219

that place seemed to have been an ideal

1432

01:15:03,549 --> 01:15:01,610

target location for perhaps the

1433

01:15:09,060 --> 01:15:03,559

government to conduct some kind of

1434

01:15:11,260 --> 01:15:09,070

psyops programs using and you know

1435

01:15:14,740 --> 01:15:11,270

taking advantage of the people to

1436

01:15:18,549 --> 01:15:14,750

believe there and create some kind of a

1437

01:15:22,229 --> 01:15:18,559

scenario to conduct some kind of a you

1438

01:15:25,419 --> 01:15:22,239

know deceptive scenarios involving

1439

01:15:29,500 --> 01:15:25,429

aliens and you know so that was one of

1440

01:15:30,880 --> 01:15:29,510

my theories before but you know I do

1441

01:15:33,790 --> 01:15:30,890

believe that that

1442

01:15:37,480 --> 01:15:33,800

area is significant in the fact that

1443

01:15:41,050 --> 01:15:37,490

it's an area that still even today is

1444

01:15:43,230 --> 01:15:41,060

filled with stories told by local people

1445

01:15:47,740 --> 01:15:43,240

of how they have seen some strange

1446

01:15:52,090 --> 01:15:47,750

activities like you know the some small

1447

01:15:56,890 --> 01:15:52,100

entities or even big food or things like

1448

01:16:00,280 --> 01:15:56,900

that you know so I cannot debunk any of

1449

01:16:02,920 --> 01:16:00,290

these claims but the question is were

1450

01:16:06,970 --> 01:16:02,930

they actually seeing the material

1451

01:16:10,390 --> 01:16:06,980

physical phenomenon was a phenomenon

1452

01:16:13,390 --> 01:16:10,400

that was presenting to the observer as

1453

01:16:16,240 --> 01:16:13,400

being a physical excitation phenomenon

1454

01:16:16,840 --> 01:16:16,250

and visitation and that's the big

1455

01:16:22,630 --> 01:16:16,850

question

1456

01:16:25,120 --> 01:16:22,640

and you know as far as having contacts

1457

01:16:28,300 --> 01:16:25,130

with so-called aliens I mean there are

1458

01:16:32,170 --> 01:16:28,310

tens of thousands of claims of contact

1459

01:16:36,550 --> 01:16:32,180

with aliens by 1050 known by people but

1460

01:16:40,570 --> 01:16:36,560

yet there's no tangible physical what I

1461

01:16:43,930 --> 01:16:40,580

call even a souvenir that you know even

1462

01:16:48,040 --> 01:16:43,940

an ashtray or a box or small machine

1463

01:16:51,370 --> 01:16:48,050

anything will do it happened there's not

1464

01:16:54,790 --> 01:16:51,380

you know what souvenir reported that can

1465

01:16:57,250 --> 01:16:54,800

be analyzed universally by the world

1466

01:17:00,340 --> 01:16:57,260

scientists and so this is a mystery and

1467

01:17:02,500 --> 01:17:00,350

this is a mystery because my final

1468

01:17:05,170 --> 01:17:02,510

conclusion about this whole thing is

1469

01:17:09,640 --> 01:17:05,180

that whole UFO phenomenon appears to be

1470

01:17:12,040 --> 01:17:09,650

a temporary para physical intrusion into

1471

01:17:14,350 --> 01:17:12,050

a physical dimension by an unknown

1472

01:17:17,860 --> 01:17:14,360

intelligence or unknown sentient

1473

01:17:21,490 --> 01:17:17,870

entities para physically materializing

1474

01:17:24,450 --> 01:17:21,500

themselves to a pre-selected observer or

1475

01:17:26,590 --> 01:17:24,460

a pre-selected group of observers and

1476

01:17:29,230 --> 01:17:26,600

presenting to the observers as a

1477

01:17:31,530 --> 01:17:29,240

physical Mexican Tourister phenomenon

1478

01:17:35,620 --> 01:17:31,540

and visitation which I considered to be

1479

01:17:39,580 --> 01:17:35,630

close to some kind of a deceptive thing

1480

01:17:44,469 --> 01:17:39,590

or deception I believe that was the name

1481

01:17:49,119 --> 01:17:44,479

of your first book I yeah

1482

01:17:50,469 --> 01:17:49,129

exception in the title yes I can't

1483

01:17:52,359 --> 01:17:50,479

remember the exact title but we sold a

1484

01:17:54,099 --> 01:17:52,369

few copies of that in the old days yeah

1485

01:17:56,769 --> 01:17:54,109

well what would you say about their

1486

01:18:02,369 --> 01:17:56,779

implants is this not some form of

1487

01:18:04,809 --> 01:18:02,379

physical of implants is is very

1488

01:18:07,239 --> 01:18:04,819

interesting and important but you know

1489

01:18:11,289 --> 01:18:07,249

you have to take the consideration of

1490

01:18:15,159 --> 01:18:11,299

the opinions of the world's vast

1491

01:18:18,009 --> 01:18:15,169

majority of engineers and scientists who

1492

01:18:19,719 --> 01:18:18,019

specialize in these things and so far we

1493

01:18:24,249 --> 01:18:19,729

haven't come up with any conclusive

1494

01:18:28,509 --> 01:18:24,259

evidence about these these implants are

1495

01:18:31,899 --> 01:18:28,519

many of these implants we have them I

1496

01:18:34,829 --> 01:18:31,909

mean now let's face it we have a lot of

1497

01:18:39,549 --> 01:18:34,839

implants and every year the implant

1498

01:18:43,839 --> 01:18:39,559

system is the is advancing so much just

1499

01:18:46,839 --> 01:18:43,849

like even holographic imagery technology

1500

01:18:50,349 --> 01:18:46,849

is advancing every year every year you

1501  
01:18:53,949 --> 01:18:50,359  
know and so you know we have a lot of

1502  
01:18:57,789 --> 01:18:53,959  
things that we consider to be out of

1503  
01:18:59,889 --> 01:18:57,799  
this world but now it's not out of this

1504  
01:19:02,349 --> 01:18:59,899  
world because we are developing with

1505  
01:19:05,999 --> 01:19:02,359  
most of these things right it's like

1506  
01:19:08,589 --> 01:19:06,009  
implants the size of a finishing nail or

1507  
01:19:11,169 --> 01:19:08,599  
possibly a sliver of glass with

1508  
01:19:13,479 --> 01:19:11,179  
nanotechnology there's no way you're

1509  
01:19:15,549 --> 01:19:13,489  
gonna be able to learn to the 2id an

1510  
01:19:17,259 --> 01:19:15,559  
implant unless you're able to figure out

1511  
01:19:19,869 --> 01:19:17,269  
the frequency that are they're

1512  
01:19:25,869 --> 01:19:19,879  
transmitting and receiving on and I have

1513  
01:19:27,279 --> 01:19:25,879

never seen any proof of transmitting an

1514

01:19:31,119 --> 01:19:27,289

object that is transmitting and

1515

01:19:33,369 --> 01:19:31,129

receiving data so this is the conclusion

1516

01:19:36,609 --> 01:19:33,379

as far as I'm concerned you know the

1517

01:19:40,839 --> 01:19:36,619

depiction of the objects seen worldwide

1518

01:19:44,079 --> 01:19:40,849

from time immemorial definitely seems to

1519

01:19:46,539 --> 01:19:44,089

correspond to the cultural as well as

1520

01:19:49,299 --> 01:19:46,549

technological understanding of the

1521

01:19:51,969 --> 01:19:49,309

people of each error so you know in

1522

01:19:54,969 --> 01:19:51,979

modern times the object scenes seem to

1523

01:19:57,000 --> 01:19:54,979

be more aerodynamic in form you know and

1524

01:19:58,830 --> 01:19:57,010

this is just one example that

1525

01:20:01,740 --> 01:19:58,840

this is some kind of a conditioning

1526  
01:20:05,640 --> 01:20:01,750  
system just like dr. Jacques Vallee has

1527  
01:20:11,129 --> 01:20:05,650  
been saying all along that you know it's

1528  
01:20:16,700 --> 01:20:11,139  
some kind of a influence that will alter

1529  
01:20:19,709 --> 01:20:16,710  
our belief systems and accept the

1530  
01:20:22,459 --> 01:20:19,719  
so-called alien presence whatever that

1531  
01:20:27,959 --> 01:20:25,620  
so I'm sorry go ahead

1532  
01:20:33,450 --> 01:20:27,969  
I was gonna say that what we're seeing

1533  
01:20:36,870 --> 01:20:33,460  
as the the slow evolution of myth making

1534  
01:20:39,450 --> 01:20:36,880  
and this stuff of new 21st century mists

1535  
01:20:40,919 --> 01:20:39,460  
and possibly religious believe I think

1536  
01:20:43,879 --> 01:20:40,929  
one of the things that we really need to

1537  
01:20:47,850 --> 01:20:43,889  
look at is a possibility that somehow

1538  
01:20:50,580 --> 01:20:47,860

Gaia our planet is trying to get us to

1539

01:20:53,640 --> 01:20:50,590

get the heck off of here before we trash

1540

01:20:55,470 --> 01:20:53,650

the planet too much get ourselves out

1541

01:20:58,620 --> 01:20:55,480

there as a high-tech civilization and

1542

01:21:03,259 --> 01:20:58,630

start seeding our DNA out into the

1543

01:21:05,879 --> 01:21:03,269

universe you know that's one kind of a

1544

01:21:08,160 --> 01:21:05,889

know that's one area that I have been

1545

01:21:10,799 --> 01:21:08,170

spending more and more time considering

1546

01:21:13,890 --> 01:21:10,809

and I think that we're seeing some sort

1547

01:21:16,620 --> 01:21:13,900

of of trickery to the trickster is

1548

01:21:21,060 --> 01:21:16,630

trying to get us off the planet as one

1549

01:21:24,209 --> 01:21:21,070

possible motivation for whatever it is

1550

01:21:26,629 --> 01:21:24,219

that's behind these very fantastic

1551  
01:21:28,859 --> 01:21:26,639  
phenomena pushing us out of our nest

1552  
01:21:34,709 --> 01:21:28,869  
well we're not no we're not going very

1553  
01:21:36,629 --> 01:21:34,719  
fast are we well Donald Trump's trying

1554  
01:21:44,310 --> 01:21:36,639  
to get us off there we need a space for

1555  
01:21:45,959 --> 01:21:44,320  
us to fight the space force for us to

1556  
01:21:47,819 --> 01:21:45,969  
get away from Donald Trump that's what

1557  
01:21:54,779 --> 01:21:47,829  
it well that's that's gonna cost them

1558  
01:21:59,520 --> 01:21:54,789  
whether five billion billion well okay

1559  
01:22:04,399 --> 01:21:59,530  
my question is though if this is the

1560  
01:22:07,109 --> 01:22:04,409  
case if we are looking at some kind of

1561  
01:22:09,180 --> 01:22:07,119  
phenomenon you know that you know be a

1562  
01:22:10,330 --> 01:22:09,190  
paranormal you know enter debate or

1563  
01:22:14,730 --> 01:22:10,340

however you would

1564

01:22:22,000 --> 01:22:14,740

to describe it how do you go about

1565

01:22:25,240 --> 01:22:22,010

changing our ideas on how to investigate

1566

01:22:27,640 --> 01:22:25,250

it isn't quite the right word but you

1567

01:22:31,570 --> 01:22:27,650

know to look in it into it and get a

1568

01:22:33,100 --> 01:22:31,580

better understanding of it because you

1569

01:22:36,310 --> 01:22:33,110

know due to the fact that it's you know

1570

01:22:38,920 --> 01:22:36,320

mercurial nature it's it's

1571

01:22:41,230 --> 01:22:38,930

chameleon-like nature and as soon as you

1572

01:22:42,880 --> 01:22:41,240

know as you said earlier Chris as soon

1573

01:22:46,710 --> 01:22:42,890

as you get an idea of what you're

1574

01:22:48,910 --> 01:22:46,720

dealing with it goes and changes here

1575

01:22:52,540 --> 01:22:48,920

360 degrees and now it's something

1576

01:22:56,260 --> 01:22:52,550

different I mean so I mean how how can

1577

01:23:00,100 --> 01:22:56,270

you even put a finger on something like

1578

01:23:02,200 --> 01:23:00,110

that well I don't know about norio but

1579

01:23:04,990 --> 01:23:02,210

I've always been a champion of thinking

1580

01:23:09,160 --> 01:23:05,000

outside of the box and and you know

1581

01:23:12,190 --> 01:23:09,170

again I I must echo Nouri owes a

1582

01:23:16,120 --> 01:23:12,200

wonderful you know knowledge meant of

1583

01:23:18,510 --> 01:23:16,130

dr. Jacques Vallee and John keel and and

1584

01:23:20,440 --> 01:23:18,520

others there's been quite a number of

1585

01:23:22,540 --> 01:23:20,450

people through the years that have

1586

01:23:24,610 --> 01:23:22,550

championed a different approach a

1587

01:23:28,450 --> 01:23:24,620

different mindset an out-of-the-box

1588

01:23:30,580 --> 01:23:28,460

perspective I think that there's there's

1589

01:23:36,600 --> 01:23:30,590

room for creative thinking in this field

1590

01:23:39,190 --> 01:23:36,610

but we have to get over the

1591

01:23:41,530 --> 01:23:39,200

extra-terrestrial hypothesis running

1592

01:23:45,630 --> 01:23:41,540

roughshod over creative thinking in this

1593

01:23:49,740 --> 01:23:45,640

field unfortunately we do not have

1594

01:23:53,260 --> 01:23:49,750

enough wiggle room with the media with

1595

01:23:56,050 --> 01:23:53,270

the intelligence agencies and with the

1596

01:23:58,600 --> 01:23:56,060

culture I think you know the snowball

1597

01:24:00,580 --> 01:23:58,610

the ETH snowball rolling down the hill

1598

01:24:02,320 --> 01:24:00,590

is running roughshod and creative

1599

01:24:04,930 --> 01:24:02,330

thinking I think the very first thing we

1600

01:24:07,630 --> 01:24:04,940

need to do is get people to open up

1601  
01:24:10,210 --> 01:24:07,640  
their minds and start considering that

1602  
01:24:13,330 --> 01:24:10,220  
there are possibly and probably in my in

1603  
01:24:16,540 --> 01:24:13,340  
my view other explanations that are

1604  
01:24:19,480 --> 01:24:16,550  
operative here and until we break the

1605  
01:24:21,790 --> 01:24:19,490  
hold of the ETH on the culture it's

1606  
01:24:23,090 --> 01:24:21,800  
going to be almost impossible to make

1607  
01:24:26,750 --> 01:24:23,100  
any sort of progress

1608  
01:24:28,880 --> 01:24:26,760  
beyond hard data monitoring of hot spot

1609  
01:24:32,350 --> 01:24:28,890  
areas like I'm doing with the UFO debt

1610  
01:24:36,380 --> 01:24:32,360  
project and and attempts to you know

1611  
01:24:38,750 --> 01:24:36,390  
create a dialogue and create a access

1612  
01:24:41,840 --> 01:24:38,760  
point to academia in the scientific

1613  
01:24:45,610 --> 01:24:41,850

community the other than that we have to

1614

01:24:49,370 --> 01:24:45,620

break the stranglehold of primitive ETH

1615

01:24:52,810 --> 01:24:49,380

religious thinking it's nothing's coming

1616

01:24:55,010 --> 01:24:52,820

here save us arrears now you know the

1617

01:24:57,500 --> 01:24:55,020

okay so people in the field the

1618

01:25:03,070 --> 01:24:57,510

researchers the and so forth

1619

01:25:06,790 --> 01:25:03,080

they tend now today I think to be more

1620

01:25:08,780 --> 01:25:06,800

skittish when it comes to the ETH

1621

01:25:11,300 --> 01:25:08,790

explanation I mean most of them seem to

1622

01:25:15,290 --> 01:25:11,310

be open to the idea that this could be

1623

01:25:18,110 --> 01:25:15,300

you know a paranormal but it's the

1624

01:25:21,560 --> 01:25:18,120

people who are having the experiences to

1625

01:25:24,650 --> 01:25:21,570

a large part who insists that what they

1626  
01:25:26,600 --> 01:25:24,660  
are encountering are extraterrestrial so

1627  
01:25:29,390 --> 01:25:26,610  
I mean if somebody feels that they've

1628  
01:25:31,490 --> 01:25:29,400  
met an ET how do you convince them

1629  
01:25:34,460 --> 01:25:31,500  
otherwise or why would you even kind of

1630  
01:25:36,140 --> 01:25:34,470  
bother I don't know I always convinced

1631  
01:25:40,220 --> 01:25:36,150  
before they even had the experience

1632  
01:25:42,200 --> 01:25:40,230  
their program well that could pop that

1633  
01:25:44,270 --> 01:25:42,210  
that could be true there's no there's no

1634  
01:25:46,880 --> 01:25:44,280  
doubt about that but there are a lot of

1635  
01:25:49,610 --> 01:25:46,890  
cases also where people say that they've

1636  
01:25:51,230 --> 01:25:49,620  
had absolutely no involvement or

1637  
01:25:53,960 --> 01:25:51,240  
interest in this and don't even read

1638  
01:25:56,350 --> 01:25:53,970

science fiction and they come away you

1639

01:26:00,050 --> 01:25:56,360

know thinking that they've been

1640

01:26:01,670 --> 01:26:00,060

encountered a core of course now these

1641

01:26:04,910 --> 01:26:01,680

entities are not to be taken at their

1642

01:26:07,880 --> 01:26:04,920

word either I mean if you beat somebody

1643

01:26:09,460 --> 01:26:07,890

in a you know in a vacation or an outing

1644

01:26:12,050 --> 01:26:09,470

and they tell you that they're from

1645

01:26:14,450 --> 01:26:12,060

Denmark I mean how do you know really

1646

01:26:16,580 --> 01:26:14,460

where they're from I mean like maybe

1647

01:26:19,940 --> 01:26:16,590

that there's probably not even an

1648

01:26:24,890 --> 01:26:19,950

important question to ask it's putting

1649

01:26:26,930 --> 01:26:24,900

you know some some concept out there I

1650

01:26:29,780 --> 01:26:26,940

don't even know if we're ready for a

1651  
01:26:32,330 --> 01:26:29,790  
concept I mean there is no real concept

1652  
01:26:34,580 --> 01:26:32,340  
of this because the it's such a very a

1653  
01:26:35,899 --> 01:26:34,590  
concept and it's called a trickster and

1654  
01:26:37,310 --> 01:26:35,909  
there's there's

1655  
01:26:39,919 --> 01:26:37,320  
what we have to do is allow the

1656  
01:26:42,200 --> 01:26:39,929  
trickster Donald Trump would be a

1657  
01:26:44,600 --> 01:26:42,210  
perfect example of a trickster in a

1658  
01:26:48,110 --> 01:26:44,610  
political cultural sense but we need

1659  
01:26:49,910 --> 01:26:48,120  
tricksters to topple you know ecstatic

1660  
01:26:53,000 --> 01:26:49,920  
belief systems that are that are gaining

1661  
01:26:55,459 --> 01:26:53,010  
too much control and too much influence

1662  
01:26:58,700 --> 01:26:55,469  
within the culture the trickster is is

1663  
01:27:01,879 --> 01:26:58,710

is is by its very nature will topple

1664

01:27:04,490 --> 01:27:01,889

static structures and so what was

1665

01:27:08,060 --> 01:27:04,500

seniors I think was seeing the rumblings

1666

01:27:11,060 --> 01:27:08,070

of a complete toppling of accepted

1667

01:27:13,430 --> 01:27:11,070

belief systems and and these are the

1668

01:27:15,830 --> 01:27:13,440

belief systems that create you know

1669

01:27:20,209 --> 01:27:15,840

religious control structures colonizing

1670

01:27:22,780 --> 01:27:20,219

spirit these are the structures of the

1671

01:27:25,640 --> 01:27:22,790

political and cultural and economic

1672

01:27:30,680 --> 01:27:25,650

structures a lot of this stuff has got

1673

01:27:33,950 --> 01:27:30,690

to be has got to be shown to be not as

1674

01:27:36,410 --> 01:27:33,960

monolithic and impermanent as as people

1675

01:27:39,080 --> 01:27:36,420

are programmed to believe and I think

1676

01:27:42,620 --> 01:27:39,090

we're right in the middle of that

1677

01:27:44,930 --> 01:27:42,630

process and this all ties into how

1678

01:27:48,640 --> 01:27:44,940

people are programmed to think that

1679

01:27:51,439 --> 01:27:48,650

these unusual experiences are something

1680

01:27:54,410 --> 01:27:51,449

that it's from out there from a

1681

01:27:56,570 --> 01:27:54,420

three-dimensional planet or or ship out

1682

01:27:58,459 --> 01:27:56,580

there in the cosmos I think that we're

1683

01:28:01,760 --> 01:27:58,469

dealing with something closed system and

1684

01:28:06,200 --> 01:28:01,770

and I think one more they just wanna do

1685

01:28:08,149 --> 01:28:06,210

they want us to believe that well see if

1686

01:28:11,000 --> 01:28:08,159

they give it away then we're gonna try

1687

01:28:14,890 --> 01:28:11,010

to find them I mean I know you're the

1688

01:28:17,689 --> 01:28:14,900

guy that believes in aliens in ETS

1689

01:28:19,820 --> 01:28:17,699

you know that we're not the aliens and

1690

01:28:22,640 --> 01:28:19,830

what you think or ETS are more

1691

01:28:24,020 --> 01:28:22,650

terrestrial than we are I think there's

1692

01:28:25,820 --> 01:28:24,030

other tenants in the building whether

1693

01:28:28,879 --> 01:28:25,830

it's dimensional whether it's crypto

1694

01:28:31,370 --> 01:28:28,889

whether it's ultra whether it's meta I

1695

01:28:36,439 --> 01:28:31,380

think there's other terrestrials around

1696

01:28:39,010 --> 01:28:36,449

where we a computer simulation well yeah

1697

01:28:42,680 --> 01:28:39,020

that's I think the Large Hadron Collider

1698

01:28:45,410 --> 01:28:42,690

had had a malfunction and all of a

1699

01:28:47,140 --> 01:28:45,420

sudden were in some sort of weird alien

1700

01:28:49,630 --> 01:28:47,150

reality show where

1701

01:28:51,939 --> 01:28:49,640

reality shows you know scars now

1702

01:28:54,760 --> 01:28:51,949

president and you know all bets are off

1703

01:28:57,820 --> 01:28:54,770

I think you know I really do I think

1704

01:28:59,770 --> 01:28:57,830

that something weird happened and we're

1705

01:29:02,080 --> 01:28:59,780

in some sort of parallel universe that

1706

01:29:09,399 --> 01:29:02,090

happened about three years ago would

1707

01:29:13,060 --> 01:29:09,409

explain a lot wouldn't it nori oh I mean

1708

01:29:21,030 --> 01:29:13,070

what do you think well you know I have a

1709

01:29:25,320 --> 01:29:21,040

very uh what what call it disappointing

1710

01:29:28,709 --> 01:29:25,330

outlook on this whole apology and

1711

01:29:31,750 --> 01:29:28,719

because you know let's take for example

1712

01:29:36,580 --> 01:29:31,760

it's it was less than a hundred fifty

1713

01:29:39,070 --> 01:29:36,590

years before when men invented you know

1714

01:29:41,439 --> 01:29:39,080

something heavier than air to fly you

1715

01:29:45,090 --> 01:29:41,449

know it's just less than hundred years

1716

01:29:47,950 --> 01:29:45,100

150 years and so let's say that

1717

01:29:51,220 --> 01:29:47,960

according to Los Alamos former Los

1718

01:29:53,919 --> 01:29:51,230

Alamos scientists and Rico for me he

1719

01:29:56,290 --> 01:29:53,929

said that there are billions of stars of

1720

01:29:58,060 --> 01:29:56,300

course in the galaxy that are similar to

1721

01:30:00,189 --> 01:29:58,070

the Sun and many of these stars and

1722

01:30:02,080 --> 01:30:00,199

billions of years older than a solar

1723

01:30:04,840 --> 01:30:02,090

system and if that's the case you know

1724

01:30:07,090 --> 01:30:04,850

with the high probability some of these

1725

01:30:09,820 --> 01:30:07,100

stars have looked like piranhas and so

1726

01:30:11,729 --> 01:30:09,830

on and some there may be some

1727

01:30:15,189 --> 01:30:11,739

civilization that have developed

1728

01:30:18,040 --> 01:30:15,199

interstellar travel and let's say they

1729

01:30:21,280 --> 01:30:18,050

are a million years ahead in technology

1730

01:30:26,919 --> 01:30:21,290

now a million is a hidden technology

1731

01:30:30,850 --> 01:30:26,929

means that by now they would have we

1732

01:30:33,010 --> 01:30:30,860

would have been visited by them but

1733

01:30:35,560 --> 01:30:33,020

where is everybody that's the big

1734

01:30:39,209 --> 01:30:35,570

question that Enrico Fermi asked and as

1735

01:30:42,880 --> 01:30:39,219

I said a million years advanced

1736

01:30:45,790 --> 01:30:42,890

technology is just a hundred fifty years

1737

01:30:48,100 --> 01:30:45,800

it's just nothing you know man invented

1738

01:30:51,550 --> 01:30:48,110

airplanes you know less than hundred

1739

01:30:55,870 --> 01:30:51,560

fifty years ago and and you know a

1740

01:31:00,479 --> 01:30:55,880

million years advanced well the they

1741

01:31:03,390 --> 01:31:00,489

would have already conquered the

1742

01:31:07,470 --> 01:31:03,400

to travel into interstellar you know

1743

01:31:10,340 --> 01:31:07,480

travel but you know like Fermi said well

1744

01:31:14,729 --> 01:31:10,350

where is everybody then why haven't been

1745

01:31:17,700 --> 01:31:14,739

the Fermi paradox and that's the big

1746

01:31:20,370 --> 01:31:17,710

question and but it's a question that

1747

01:31:22,590 --> 01:31:20,380

needs to be addressed as we you know

1748

01:31:26,610 --> 01:31:22,600

continue to study this amazing subject

1749

01:31:30,540 --> 01:31:26,620

of ufology now I would I would think

1750

01:31:34,380 --> 01:31:30,550

that a civilization that is a million

1751

01:31:37,350 --> 01:31:34,390

years advanced of us would be completely

1752

01:31:39,390 --> 01:31:37,360

unrecognizable you know by by you know

1753

01:31:41,670 --> 01:31:39,400

our primitive brains I mean you know

1754

01:31:43,650 --> 01:31:41,680

we're we're we're still thinking about

1755

01:31:46,080 --> 01:31:43,660

you know running away from the tiger and

1756

01:31:48,410 --> 01:31:46,090

hiding in the bushes and a civilization

1757

01:31:51,540 --> 01:31:48,420

of million years ahead of us I mean it's

1758

01:31:54,570 --> 01:31:51,550

it's beyond our comprehension well

1759

01:31:56,940 --> 01:31:54,580

unfortunately go ahead Chris we was

1760

01:32:02,340 --> 01:31:56,950

gonna say they're probably harnessing

1761

01:32:04,320 --> 01:32:02,350

the energy of star systems and beyond

1762

01:32:06,570 --> 01:32:04,330

all right gentlemen we're almost at the

1763

01:32:09,060 --> 01:32:06,580

the end of the program so I want to give

1764

01:32:12,209 --> 01:32:09,070

both of you a chance to let our audience

1765

01:32:15,090 --> 01:32:12,219

know where they can find out more about

1766

01:32:17,520 --> 01:32:15,100

you Chris let's start with you well

1767

01:32:22,970 --> 01:32:17,530

we're about ready to go live with our

1768

01:32:27,420 --> 01:32:22,980

UFO DAP dot-com website it's UFO D isn't

1769

01:32:30,570 --> 01:32:27,430

data a is an acquisition C is a P as in

1770

01:32:33,510 --> 01:32:30,580

project you fo DAP comm we're gonna have

1771

01:32:35,130 --> 01:32:33,520

a website my website is our strange

1772

01:32:38,310 --> 01:32:35,140

planet calm

1773

01:32:41,520 --> 01:32:38,320

it's a strange planet it's our strange

1774

01:32:44,520 --> 01:32:41,530

planet alright and Nouriel what about

1775

01:32:47,040 --> 01:32:44,530

you yes I have been researching this

1776

01:32:51,560 --> 01:32:47,050

subject for more than close to 61 years

1777

01:32:54,630 --> 01:32:51,570

but I never wrote any single book and I

1778

01:32:57,150 --> 01:32:54,640

it was my decision not to write a book

1779

01:32:59,570 --> 01:32:57,160

because why write a book about UFOs when

1780

01:33:02,490 --> 01:32:59,580

there are so many excellent books so I

1781

01:33:05,550 --> 01:33:02,500

didn't have time to write any books but

1782

01:33:09,060 --> 01:33:05,560

I began to write a lot of articles short

1783

01:33:11,990 --> 01:33:09,070

articles and commentaries and people can

1784

01:33:15,500 --> 01:33:12,000

find out my commentaries

1785

01:33:19,460 --> 01:33:15,510

this type of subjects by just going to

1786

01:33:23,210 --> 01:33:19,470

new Oreo Hayakawa dot word press.com

1787

01:33:26,090 --> 01:33:23,220

and just go to the index section and

1788

01:33:32,480 --> 01:33:26,100

there are hundreds and hundreds of

1789

01:33:35,360 --> 01:33:32,490

articles on UFOs and even non related

1790

01:33:38,600 --> 01:33:35,370

subjects like how great New Mexico is

1791

01:33:41,660 --> 01:33:38,610

and so on you know and I even wrote

1792

01:33:44,180 --> 01:33:41,670

articles on how to save money in

1793

01:33:47,720 --> 01:33:44,190

funerals and so on so you know I have a

1794

01:33:52,790 --> 01:33:47,730

diversity of topics on my website noria

1795

01:33:56,510 --> 01:33:52,800

Hayakawa dot wordpress.com and and tim

1796

01:33:59,180 --> 01:33:56,520

we've been busy busy ourselves we just

1797

01:34:01,630 --> 01:33:59,190

published your book and Jeff the talking

1798

01:34:04,880 --> 01:34:01,640

Mongoose the eighth wonder of the world

1799

01:34:07,790 --> 01:34:04,890

and we've got screwed by the aliens that

1800

01:34:11,270 --> 01:34:07,800

we've talked about and alien bloodless

1801  
01:34:14,090 --> 01:34:11,280  
and UFO hostilities and just about on

1802  
01:34:16,670 --> 01:34:14,100  
the verge of coming out is a book that

1803  
01:34:19,400 --> 01:34:16,680  
I've had myself David Bowie UFOs

1804  
01:34:23,060 --> 01:34:19,410  
witchcraft cocaine and the paranormal

1805  
01:34:23,750 --> 01:34:23,070  
the Akuma song of Wally Elmore the

1806  
01:34:26,440 --> 01:34:23,760  
rock-and-roll

1807  
01:34:29,390 --> 01:34:26,450  
white witch of New York now that's

1808  
01:34:30,320 --> 01:34:29,400  
that's gonna be a great bookmark is

1809  
01:34:34,910 --> 01:34:30,330  
gossip

1810  
01:34:39,020 --> 01:34:34,920  
best with a lot a lot of a poker thrown

1811  
01:34:42,230 --> 01:34:39,030  
in there and even a UFO skywatcher too

1812  
01:34:46,490 --> 01:34:42,240  
and don't forget our YouTube channel

1813  
01:34:50,750 --> 01:34:46,500

mr. UFOs secret files we're up to well

1814

01:34:53,240 --> 01:34:50,760

over 400 interviews and of course the

1815

01:34:57,380 --> 01:34:53,250

archives of exploring the bizarre can be

1816

01:34:59,600 --> 01:34:57,390

found on ke cor radio and thanks to all

1817

01:35:03,400 --> 01:34:59,610

our associates and friends including

Peter Bernard and Helen havi and Carolyn

1819

01:35:10,220 --> 01:35:06,570

Rodriguez who keep the show afloat and

1820

01:35:11,210 --> 01:35:10,230

our activities very busy when t know for

1821

01:35:14,510 --> 01:35:11,220

being on

1822

01:35:16,460 --> 01:35:14,520

tangina of course yeah and thank you all

1823

01:35:22,570 --> 01:35:16,470

for being on we had a wonderful time and
