explore the bazaar or e-ticket ride into

3
00:00:47,720 --> 00:00:44,420

strap yourself here as we traverse the

5
00:00:57,170 --> 00:00:52,040

universe exploring the unexplained UFO s

6
00:01:00,860 --> 00:00:57,180

ghosts Lost Worlds cryptozoology as well

7
00:01:05,750 --> 00:01:00,870

as other dimensions it's time to take

8
00:01:09,020 --> 00:01:05,760

back the night now your electrifying

9
00:01:14,780 --> 00:01:09,030

hosts of exploring the bizarre Timothy

10
00:01:17,960 --> 00:01:14,790

Begley and team sports all right welcome

11
00:01:19,570 --> 00:01:17,970

to another exciting edition of Explorer

12
00:01:22,460 --> 00:01:19,580

in the bizarre I'm Tim Schwartz

13
00:01:24,980 --> 00:01:22,470

unfortunately Timothy green Beckley will

14

00:01:28,640 --> 00:01:24,990

not be with us tonight he's feeling a

15

00:01:31,160 --> 00:01:28,650

little bit under the weather so Tim if

16

00:01:34,520 --> 00:01:31,170

you're listening we hope that you feel

17

00:01:37,070 --> 00:01:34,530

well soon but you know we have got just

18

00:01:40,460 --> 00:01:37,080

a fantastic show tonight and and I'm

19

00:01:42,980 --> 00:01:40,470

really excited that I could get these

20

00:01:45,680 --> 00:01:42,990

two gentlemen lined up for tonight's

21

00:01:48,770 --> 00:01:45,690

show and it's it's unfortunate because I

22

00:01:51,110 --> 00:01:48,780

know that Tim Beckley enjoys these types

23

00:01:54,350 --> 00:01:51,120

of programs but we're just going to get

24

00:01:58,630 --> 00:01:54,360

right into it because tonight we're

25

00:02:03,320 --> 00:01:58,640

going to be talking about lost

26

00:02:08,240 --> 00:02:03,330

civilizations ancient structures Giants

27

00:02:10,490 --> 00:02:08,250

Edgar Cayce and anything else that comes

28

00:02:12,979 --> 00:02:10,500

our way and that we're interested in and

29

00:02:15,500 --> 00:02:12,989

and I know that our two guests are like

30

00:02:19,940 --> 00:02:15,510

me we're we're interested in all kinds

31

00:02:22,190 --> 00:02:19,950

of different things along this genre so

32

00:02:25,520 --> 00:02:22,200

I'll just get right to it and introduce

33

00:02:28,400 --> 00:02:25,530

them first off we have a Jim Vieira now

34

00:02:30,410 --> 00:02:28,410

Jim is an author explore historical

35

00:02:32,630 --> 00:02:30,420

36

00:02:36,440 --> 00:02:32,640

Channel show search for the lost Giants

37

00:02:40,039 --> 00:02:36,450

and Roanoke searched for the Lost Colony

38

00:02:40,430 --> 00:02:40,049

and returned to ruin our search for the

39

00:02:42,710 --> 00:02:40,440

seven

40

00:02:45,440 --> 00:02:42,720

he hosted Oh shows with his brother by

41

00:02:48,460 --> 00:02:45,450

the way and and Jim has appeared on

42

00:02:50,120 --> 00:02:48,470

expedition unknown with Josh gates and

43

00:02:52,370 --> 00:02:50,130

legends of the

44

00:02:55,190 --> 00:02:52,380

with Megan Foss I just happened to catch

45

00:02:57,770 --> 00:02:55,200

that episode it was running this morning

46

00:03:00,050 --> 00:02:57,780

in fact now Jim has investigated

global indigenous oral traditions

49

00:03:07,250 --> 00:03:05,100

religious documents and readings of the

50

00:03:10,280 --> 00:03:07,260

great mystics and the literature of

51
00:03:12,500 --> 00:03:10,290
secret societies to form an alternative

52
00:03:14,960 --> 00:03:12,510
theory regarding the origins of

53
00:03:17,390 --> 00:03:14,970
civilization a theory almost in perfect

54
00:03:20,000 --> 00:03:17,400
alignment with the readings of the famed

55
00:03:22,460 --> 00:03:20,010
sleeping prophet Edgar Cayce his book

56
00:03:24,890 --> 00:03:22,470
Giants on record America's hidden

57
00:03:27,890 --> 00:03:24,900

now since 1982 he's been active and

00:04:16,220 --> 00:04:13,250
writing about Native American mounds and

77
00:04:18,380 --> 00:04:16,230
spiritual practices have spent over ten

78
00:04:21,229 --> 00:04:18,390
years investigating underwater sites in

79
00:04:23,480 --> 00:04:21,239

Native American Indian mounds and

83
00:04:33,170 --> 00:04:31,080
earthworks and paths of souls which

84
00:04:35,540 --> 00:04:33,180
reveals the meaning of mysterious

85
00:04:38,030 --> 00:04:35,550
symbols found on ancient mound culture

86
00:04:42,020 --> 00:04:38,040
artifacts and how a death ritual that

87
00:04:43,610 --> 00:04:42,030
set souls to the stars was performed dr.

88
00:04:45,890 --> 00:04:43,620

little writes that in September of this

89

00:04:47,750 --> 00:04:45,900

year he will have a new book published

90

00:04:51,080 --> 00:04:47,760

and co-authored with Andrew Collins

91

00:04:53,600 --> 00:04:51,090

concerning the earliest habitations of

92

00:04:55,160 --> 00:04:53,610

the America so gentlemen thank you very

93

00:04:57,920 --> 00:04:55,170

much for being with me tonight on

94

00:05:01,969 --> 00:04:57,930

exploring the bizarre excellent thanks

95

00:05:03,390 --> 00:05:01,979

for having me Tim thank you dr. hope can

96

00:05:11,070 --> 00:05:03,400

Beckley gets better

97

00:05:14,159 --> 00:05:11,080

Oh long long time and if he has it his

98

00:05:17,100 --> 00:05:14,169

way he'll be he'll outlive us all and I

99

00:05:19,830 --> 00:05:17,110

am wondering why Jim Vieira is on this

100

00:05:22,710 --> 00:05:19,840

show on Valentine's Day Jim should be

101
00:05:25,469 --> 00:05:22,720
out I know his background and what he

102
00:05:27,360 --> 00:05:25,479
does he should be out there and I'm Mary

103
00:05:29,580 --> 00:05:27,370
I've been married almost 40 years so

104
00:05:31,320 --> 00:05:29,590
that's why I'm on a radio show but I

105
00:05:33,960 --> 00:05:31,330
wanted it I want to know why Jim Vieira

106
00:05:34,439 --> 00:05:33,970
is not out somewhere partying thanks

107
00:05:38,100 --> 00:05:34,449
Greg

108
00:05:41,340 --> 00:05:38,110
I live a monk's existence here I got

109
00:05:43,189 --> 00:05:41,350
Linus the cat and it's funny I was

110
00:05:46,020 --> 00:05:43,199
married for like 15 years and I still

111
00:05:49,650 --> 00:05:46,030
very fond of my ex Kimmy I love it very

112
00:05:51,090 --> 00:05:49,660
much but yeah I don't know maybe one day

113
00:05:52,350 --> 00:05:51,100

I figured I had to get my act together

114

00:05:55,800 --> 00:05:52,360

before I could get in a real

115

00:06:01,469 --> 00:05:55,810

relationship so keep going to therapy I

116

00:06:03,629 --> 00:06:01,479

guess well and Jim just so you know I

117

00:06:08,820 --> 00:06:03,639

also have a cat named Linus and his

118

00:06:12,540 --> 00:06:08,830

sister named Lucy so awesome let's let's

119

00:06:15,420 --> 00:06:12,550

start with you Jim why don't you tell

120

00:06:22,279 --> 00:06:15,430

our audience a little bit about yourself

121

00:06:29,760 --> 00:06:26,159

unusual archaeology which then led to

122

00:06:33,629 --> 00:06:29,770

your interest in giants

123

00:06:35,670 --> 00:06:33,639

yes my father ed Vieira's really nice

124

00:06:38,670 --> 00:06:35,680

guy was a World War 2 vet he fought in

125

00:06:41,779 --> 00:06:38,680

Berlin in the army he was always

126

00:06:44,070 --> 00:06:41,789

interested in history and had a stack of

127

00:06:47,430 --> 00:06:44,080

National Geographic at the house you

128

00:06:49,920 --> 00:06:47,440

know Hiram Bingham Bingham finding Machu

129

00:06:53,189 --> 00:06:49,930

Picchu and I just would look at these

130

00:06:55,890 --> 00:06:53,199

kind of lost civilizations and cities

131

00:06:57,950 --> 00:06:55,900

and they just always rang like us there

132

00:07:00,270 --> 00:06:57,960

was a story there to be uncovered and

133

00:07:02,159 --> 00:07:00,280

Leonard Nimoy's in search of just

134

00:07:05,969 --> 00:07:02,169

grabbed the hold of me in the 70s and

135

00:07:07,409 --> 00:07:05,979

but you know frankly I just started to

136

00:07:10,830 --> 00:07:07,419

like autonomically

137

00:07:13,409 --> 00:07:10,840

in my late teens read massive amounts of

138

00:07:17,100 --> 00:07:13,419

information about look slow spiritual

139

00:07:20,400 --> 00:07:17,110

matters upon assad's

140

00:07:21,750 --> 00:07:20,410

I'd say Alan Watts the nan duelist edgar

141

00:07:25,350 --> 00:07:21,760

cayce rudolf steiner

142

00:07:26,550 --> 00:07:25,360

livanski on and on and on and I just had

143

00:07:28,920 --> 00:07:26,560

this abiding interest in the

144

00:07:30,540 --> 00:07:28,930

metaphysical the nature of the soul that

145

00:07:32,760 --> 00:07:30,550

you know asked these questions about

146

00:07:34,200 --> 00:07:32,770

like you know what's going on in the

147

00:07:36,870 --> 00:07:34,210

universe and time in space where did it

148

00:07:39,410 --> 00:07:36,880

come from what's the purpose of it and a

149

00:07:41,940 --> 00:07:39,420

lot of my focus was spent there and then

150

00:07:46,470 --> 00:07:41,950

ironically probably synchronistically

151

00:07:49,440 --> 00:07:46,480

Iran it's a Greg little's work and oddly

152

00:07:50,970 --> 00:07:49,450

enough and he got me interested his work

153

00:07:52,860 --> 00:07:50,980

I'd be interested in ancient mysteries

154

00:07:57,060 --> 00:07:52,870

and his talk about the mound builders

155

00:07:59,100 --> 00:07:57,070

his talk about Casey in his you know it

156

00:08:01,530 --> 00:07:59,110

just all rang true to me and it just a

157

00:08:05,490 --> 00:08:01,540

light went on and I became I'm kind of

158

00:08:08,700 --> 00:08:05,500

an obsessive but I am driven researcher

159

00:08:10,020 --> 00:08:08,710

who has 50 tabs open his computer I'm

160

00:08:12,390 --> 00:08:10,030

reading seven books at once

161

00:08:15,780 --> 00:08:12,400

I'm always downloading massive amount of

162

00:08:19,260 --> 00:08:15,790

information and by virtue of just

163

00:08:21,060 --> 00:08:19,270

studying these I'm in Massachusetts so

164

00:08:23,190 --> 00:08:21,070

these these mysteries in the woods these

165

00:08:27,450 --> 00:08:23,200

stone mysteries in New England you know

166

00:08:29,490 --> 00:08:27,460

finding all these chambers and in what

167

00:08:32,370 --> 00:08:29,500

would I would imagine to be like Native

168

00:08:34,950 --> 00:08:32,380

American symbols like stones turtles and

169

00:08:36,930 --> 00:08:34,960

serpents I read through the town and

170

00:08:38,730 --> 00:08:36,940

County histories in the area I live in

171

00:08:40,680 --> 00:08:38,740

in western Massachusetts to figure out

172

00:08:42,840 --> 00:08:40,690

if there were accounts of pre-existing

173

00:08:44,520 --> 00:08:42,850

monuments stone monuments when the

174

00:08:47,520 --> 00:08:44,530

colonists showed up which indeed there

175

00:08:50,240 --> 00:08:47,530

are but I started to just find these

176
00:08:54,800 --> 00:08:50,250
these strange giant skeleton accounts

177
00:08:58,140 --> 00:08:54,810
just littering the the straightforward

178
00:09:00,780 --> 00:08:58,150
matter of fact town and county history

179
00:09:02,070 --> 00:09:00,790
descriptions by noted historians amateur

180
00:09:04,260 --> 00:09:02,080
archaeologist professional

181
00:09:06,870 --> 00:09:04,270
archaeologists and it just overwhelmed

182
00:09:08,940 --> 00:09:06,880
me how many of these accounts there are

183
00:09:10,860 --> 00:09:08,950
that's we'll talk about I'm sure and

184
00:09:14,820 --> 00:09:10,870
then I found that other research is like

185
00:09:16,950 --> 00:09:14,830
Hugh Newman Greg Ross Hamilton have

186
00:09:18,930 --> 00:09:16,960
unearthed you know probably to this

187
00:09:21,120 --> 00:09:18,940
point it's like fifteen hundred accounts

188
00:09:23,400 --> 00:09:21,130

of 7-foot and tallest skeletons

189

00:09:25,470 --> 00:09:23,410

many of them are Justin so believed

190

00:09:27,960 --> 00:09:25,480

written about a measurement of a

191

00:09:30,510 --> 00:09:27,970

anatomic anomaly or I mean you know in

192

00:09:33,840 --> 00:09:30,520

amateur anatomic measurement so it

193

00:09:36,750 --> 00:09:33,850

just grab my attention and hey you know

194

00:09:39,210 --> 00:09:36,760

and I will say I'll give credit to Greg

195

00:09:42,120 --> 00:09:39,220

for because you know I did the show and

196

00:09:43,290 --> 00:09:42,130

I caught a lot of heat I did a TEDx talk

197

00:09:45,000 --> 00:09:43,300

just kind of like hey this is

198

00:09:47,130 --> 00:09:45,010

interesting don't you guys think this is

199

00:09:49,860 --> 00:09:47,140

cool and I realized pretty quickly that

200

00:09:53,520 --> 00:09:49,870

us you know science is pretty ruthless

201
00:09:56,220 --> 00:09:53,530
and there's a lot of ingrained dogmatic

202
00:09:58,080 --> 00:09:56,230
ways of thinking in science and it's

203
00:09:59,970 --> 00:09:58,090
it's almost become like an atheistic

204
00:10:01,920 --> 00:09:59,980
cult where there's no acceptance of the

205
00:10:03,720 --> 00:10:01,930
metaphysical or the spiritual so I

206
00:10:06,090 --> 00:10:03,730
really got you know I'm not anti science

207
00:10:08,160 --> 00:10:06,100
at all it's just I believe in a blend of

208
00:10:11,670 --> 00:10:08,170
science and spirituality and I think

209
00:10:16,860 --> 00:10:11,680
Greg brings it that to his research as

210
00:10:22,230 --> 00:10:16,870
well so that's why I am go ahead John

211
00:10:24,570 --> 00:10:22,240
I've just been blind that's how I see it

212
00:10:27,900 --> 00:10:24,580
you know as a criminal psychologist I

213
00:10:33,000 --> 00:10:27,910

just got blamed you know I appreciate

214

00:10:35,250 --> 00:10:33,010

all that I will say this about one

215

00:10:37,020 --> 00:10:35,260

comment about what you said I'm I have

216

00:10:40,410 --> 00:10:37,030

come to the conclusion I've written this

217

00:10:42,840 --> 00:10:40,420

on not too long ago and have written

218

00:10:45,240 --> 00:10:42,850

more about it and have had interactions

219

00:10:48,600 --> 00:10:45,250

with some archeologists on it including

220

00:10:49,890 --> 00:10:48,610

one you are very well aware of and I

221

00:10:51,870 --> 00:10:49,900

have come to the conclusion that

222

00:10:56,760 --> 00:10:51,880

archaeology essentially functions

223

00:10:58,740 --> 00:10:56,770

identically to a cult C ult a cult they

224

00:11:01,680 --> 00:10:58,750

it's all of if you look up the

225

00:11:05,160 --> 00:11:01,690

definition of a cult and you look up all

226

00:11:07,860 --> 00:11:05,170

of the things that define a cult all

227

00:11:10,830 --> 00:11:07,870

little qualifications and and activities

228

00:11:14,430 --> 00:11:10,840

and behaviors archeology functions like

229

00:11:16,770 --> 00:11:14,440

a cult if you're on the outside they

230

00:11:19,260 --> 00:11:16,780

don't want you to come to the inside if

231

00:11:22,470 --> 00:11:19,270

you disagree with them at all they try

232

00:11:24,840 --> 00:11:22,480

to destroy you anybody within their cult

233

00:11:27,450 --> 00:11:24,850

who says you know something we believe

234

00:11:30,210 --> 00:11:27,460

in might be wrong they get destroyed and

235

00:11:32,520 --> 00:11:30,220

they also most of what they do is based

236

00:11:36,630 --> 00:11:32,530

on a belief system that they've built up

237

00:11:40,920 --> 00:11:36,640

based on the smallest bit or possibly

238

00:11:43,170 --> 00:11:40,930

posse city of evidence and I'm I'm just

239

00:11:44,370 --> 00:11:43,180

convinced that archeology functions as a

240

00:11:47,100 --> 00:11:44,380

cult

241

00:11:49,230 --> 00:11:47,110

it makes them angry to hear that and of

242

00:11:52,800 --> 00:11:49,240

course they shoot back and say oh you

243

00:11:55,050 --> 00:11:52,810

people are in a cult but it's not really

244

00:11:56,819 --> 00:11:55,060

a science it uses some scientific

245

00:12:01,290 --> 00:11:56,829

methods but that doesn't make them a

246

00:12:03,449 --> 00:12:01,300

science I they functioned in a way where

247

00:12:07,470 --> 00:12:03,459

it looks like they're not looking for

248

00:12:10,290 --> 00:12:07,480

the truth what their function is is to

249

00:12:12,840 --> 00:12:10,300

maintain their belief system that is

250

00:12:14,939 --> 00:12:12,850

what it looks like and they'll go to any

251

00:12:18,389 --> 00:12:14,949

lengths to maintain that belief system

252

00:12:21,269 --> 00:12:18,399

they will destroy people like you in

253

00:12:24,780 --> 00:12:21,279

part you've asked me before about shows

254

00:12:27,090 --> 00:12:24,790

and I don't really go on TV anymore I

255

00:12:29,430 --> 00:12:27,100

did I'd I've added them up I think it's

256

00:12:32,129 --> 00:12:29,440

17 documentaries I was on in the first

257

00:12:34,470 --> 00:12:32,139

ones I was on were very short

258

00:12:37,350 --> 00:12:34,480

appearances but they always twisted what

259

00:12:42,329 --> 00:12:37,360

I said they always they never presented

260

00:12:45,569 --> 00:12:42,339

what I really said and I've just

261

00:12:47,699 --> 00:12:45,579

concluded the whole thing is I I'm

262

00:12:51,449 --> 00:12:47,709

disgusted with I'm absolutely disgusted

263

00:12:54,180 --> 00:12:51,459

with our geology can I just address that

264

00:12:55,860 --> 00:12:54,190

for a sec Tim sure go for that that's

265

00:12:57,329 --> 00:12:55,870

exactly what I've been thinking I felt

266

00:13:00,329 --> 00:12:57,339

like Oh mother maybe that's too strong a

267

00:13:02,220 --> 00:13:00,339

word but it isn't and it's not like to

268

00:13:04,500 --> 00:13:02,230

denigrate anybody's way of thinking or

269

00:13:06,960 --> 00:13:04,510

any person individually I think you know

270

00:13:08,850 --> 00:13:06,970

I know Greg all she does is you know she

271

00:13:11,009 --> 00:13:08,860

have positive stories and try to be kind

272

00:13:12,689 --> 00:13:11,019

to people and help people it's not about

273

00:13:15,629 --> 00:13:12,699

like you all right you know we're right

274

00:13:18,120 --> 00:13:15,639

you're wrong it's just the function or

275

00:13:20,579 --> 00:13:18,130

the the assemblage of science and how it

276

00:13:21,990 --> 00:13:20,589

works now is absolutely like a cult

277

00:13:24,960 --> 00:13:22,000

there's no question about it

278

00:13:26,160 --> 00:13:24,970

it's cultish thinking and I know a lot

279

00:13:27,870 --> 00:13:26,170

of professionals I work with

280

00:13:30,480 --> 00:13:27,880

professionals I've done digs with

281

00:13:32,579 --> 00:13:30,490

professionals I am friends with them the

282

00:13:35,009 --> 00:13:32,589

thing they are more afraid of than like

283

00:13:37,050 --> 00:13:35,019

giants in Atlantis is like you know

284

00:13:39,780 --> 00:13:37,060

spiritual self reflection and ayahuasca

285

00:13:42,389 --> 00:13:39,790

ceremonies you know that they just not

286

00:13:44,040 --> 00:13:42,399

like you I just all the greatest

287

00:13:46,019 --> 00:13:44,050

spiritual masters and throughout history

288

00:13:48,420 --> 00:13:46,029

they're all given the same message you

289

00:13:51,569 --> 00:13:48,430

can see it in the like the premise is

290

00:13:53,790 --> 00:13:51,579

right is like like lightning hit ammonia

291

00:13:55,199 --> 00:13:53,800

and life was created you know instead of

292

00:13:57,090 --> 00:13:55,209

you can see it every way it doesn't you

293

00:13:58,199 --> 00:13:57,100

don't have to be Christian a Mormon it's

294

00:14:00,030 --> 00:13:58,209

just like there is

295

00:14:01,290 --> 00:14:00,040

a holographic reality to the universe

296

00:14:03,150 --> 00:14:01,300

there's no question about it

297

00:14:05,189 --> 00:14:03,160

and you feel it viscerally and I sit

298

00:14:07,769 --> 00:14:05,199

with like wisdom keepers and shamans I

299

00:14:10,169 --> 00:14:07,779

do long ceremonies I do a lot of you

300

00:14:13,759 --> 00:14:10,179

know soul-searching and one thing I

301

00:14:16,290 --> 00:14:13,769

could tell you absolutely there is

302

00:14:18,359 --> 00:14:16,300

there's a universal creator if you will

303

00:14:20,489 --> 00:14:18,369

that we are part of we are not

304

00:14:22,470 --> 00:14:20,499

individual bodies the soul is immortal

305

00:14:24,900 --> 00:14:22,480

just like Plato and everybody else said

306

00:14:27,150 --> 00:14:24,910

and to go back to the you know the cow

307

00:14:28,499 --> 00:14:27,160

points there was a neurosurgeon a couple

308

00:14:30,840 --> 00:14:28,509

of years ago I believe from Harvard who

309

00:14:32,999 --> 00:14:30,850

had a near-death experience he came back

310

00:14:34,650 --> 00:14:33,009

he was like sharing this and he

311

00:14:36,629 --> 00:14:34,660

identified the same traits that he

312

00:14:38,280 --> 00:14:36,639

experienced with these other people who

313

00:14:40,739 --> 00:14:38,290

went to the other side temporarily

314

00:14:42,929 --> 00:14:40,749

and he was like mocked and derided it's

315

00:14:44,999 --> 00:14:42,939

not like well you know what's this this

316

00:14:46,230 --> 00:14:45,009

guy's a known professional with a lot of

317

00:14:48,809 --> 00:14:46,240

credibility let's hear what he has to

318

00:14:50,759 --> 00:14:48,819

say these are interesting topics that

319

00:14:52,799 --> 00:14:50,769

should be discussed you know with your

320

00:14:54,540 --> 00:14:52,809

children and your wives and your friends

321

00:14:57,210 --> 00:14:54,550

like hey what's the nature of the soul

322

00:14:58,590 --> 00:14:57,220

like all the the religions and spirits

323

00:15:00,530 --> 00:14:58,600

our teachers are talking about something

324

00:15:03,179 --> 00:15:00,540

else and we are a whacked-out

325

00:15:05,850 --> 00:15:03,189

materialistic cult that's destroying our

326

00:15:07,710 --> 00:15:05,860

planet you know when we live should we

327

00:15:09,539 --> 00:15:07,720

not reflect on these things and I

328

00:15:10,889 --> 00:15:09,549

completely agree there's no acceptance

329

00:15:14,220 --> 00:15:10,899

of that there's just mockery it's like

330

00:15:15,929 --> 00:15:14,230

what's this eighth grade I heard I

331

00:15:18,780 --> 00:15:15,939

listened to something the other night

332

00:15:20,939 --> 00:15:18,790

and it was on a radio show I was on it

333

00:15:23,309 --> 00:15:20,949

was like the 15 minutes before I got on

334

00:15:25,889 --> 00:15:23,319

and they had a physicist actually an

335

00:15:29,789 --> 00:15:25,899

astronomer who was also a physicist who

336

00:15:31,289 --> 00:15:29,799

was discussing astrology now I can't I'm

337

00:15:33,090 --> 00:15:31,299

not going to say I believe in astrology

338

00:15:36,720 --> 00:15:33,100

I'm not going to say I disbelieve that

339

00:15:40,499 --> 00:15:36,730

is irrelevant the point was the man said

340

00:15:42,569 --> 00:15:40,509

that it was dangerous and the person

341

00:15:45,509 --> 00:15:42,579

interviewing him said why is it

342

00:15:47,819 --> 00:15:45,519

dangerous he said well somebody might

343

00:15:49,980 --> 00:15:47,829

decide instead of getting medical

344

00:15:52,499 --> 00:15:49,990

treatment that they would follow their

345

00:15:55,139 --> 00:15:52,509

horoscope and he said so it could be

346

00:15:57,749 --> 00:15:55,149

really dangerous and we need to stomp

347

00:16:00,299 --> 00:15:57,759

this out we have to get rid of astrology

348

00:16:03,809 --> 00:16:00,309

because it's misleading people and it's

349

00:16:06,239 --> 00:16:03,819

it's dangerous they I've heard the same

350

00:16:08,610 --> 00:16:06,249

thing said about virtually every

351
00:16:09,689 --> 00:16:08,620
religion depending where you go you'll

352
00:16:11,789 --> 00:16:09,699
hear it about every

353
00:16:15,419 --> 00:16:11,799
religion and all the spiritual belief

354
00:16:17,400 --> 00:16:15,429
systems that exist and what I say and

355
00:16:20,309 --> 00:16:17,410
what I've written many times whatever

356
00:16:23,579 --> 00:16:20,319
gives people solace whatever makes

357
00:16:27,629 --> 00:16:23,589
people better people I think is good and

358
00:16:30,960 --> 00:16:27,639
I basically I don't care if astrology's

359
00:16:33,210 --> 00:16:30,970
real or not a lot of people are amused

360
00:16:35,549 --> 00:16:33,220
by it some people like it some people

361
00:16:39,720 --> 00:16:35,559
are very interested in it and that's

362
00:16:44,129 --> 00:16:39,730
fine so what just like why do that why

363
00:16:47,039 --> 00:16:44,139

do archaeologists have to deny even the

364

00:16:49,559 --> 00:16:47,049

7-foot skeletons that the Smithsonian

365

00:16:52,829 --> 00:16:49,569

pulled out and wrote about themselves

366

00:16:54,929 --> 00:16:52,839

why do they deny that they they deny

367

00:16:57,539 --> 00:16:54,939

that there are skeptics I know Jim knows

368

00:17:00,090 --> 00:16:57,549

who some of them are that say virtually

369

00:17:03,030 --> 00:17:00,100

every large skeleton even those

370

00:17:05,490 --> 00:17:03,040

recovered from mounds that were burials

371

00:17:07,590 --> 00:17:05,500

of humans if there was a large skeleton

372

00:17:10,919 --> 00:17:07,600

in there it must have been a mastodon

373

00:17:15,059 --> 00:17:10,929

bone and it's it's simply absurd it's

374

00:17:18,509 --> 00:17:15,069

it's it's absurd and to some extent all

375

00:17:21,449 --> 00:17:18,519

that is why I don't see much reason to

376

00:17:24,210 --> 00:17:21,459

try to engage with those professionals

377

00:17:27,449 --> 00:17:24,220

there are a few that I am friends with

378

00:17:30,269 --> 00:17:27,459

they seldom want me to mention their

379

00:17:32,879 --> 00:17:30,279

names in fact there is it there is a

380

00:17:36,240 --> 00:17:32,889

mainstream archaeologists who is quite

381

00:17:38,490 --> 00:17:36,250

well-known who believes in Atlantis who

382

00:17:41,789 --> 00:17:38,500

believes that the Bahamas actually

383

00:17:44,970 --> 00:17:41,799

probably has the remnants of Atlantis in

384

00:17:48,509 --> 00:17:44,980

it and he has said that you can never

385

00:17:51,330 --> 00:17:48,519

ever attach my name to any of that

386

00:17:53,519 --> 00:17:51,340

because I'll never get a grant again

387

00:17:56,279 --> 00:17:53,529

I'll never be able to publish research

388

00:17:57,629 --> 00:17:56,289

again and he's a mainstream person it's

389

00:18:01,019 --> 00:17:57,639

- it's just disgusting

390

00:18:04,470 --> 00:18:01,029

it truly is well what a shame though

391

00:18:07,080 --> 00:18:04,480

that that somebody has to fear well

392

00:18:12,120 --> 00:18:07,090

they're their potential future funding

393

00:18:14,730 --> 00:18:12,130

and and not be able to look into things

394

00:18:18,269 --> 00:18:14,740

that are of interest to him and could

395

00:18:21,149 --> 00:18:18,279

have you know a excellent potential yeah

396

00:18:22,830 --> 00:18:21,159

it's part of its it kind of to have the

397

00:18:23,770 --> 00:18:22,840

foil makes it an interesting game though

398

00:18:26,020 --> 00:18:23,780

I think

399

00:18:27,730 --> 00:18:26,030

when you look at it's funny like

400

00:18:29,620 --> 00:18:27,740

skeptics will use it in Reverse like

401

00:18:31,600 --> 00:18:29,630

look at all the pseudoscience that's

402

00:18:34,240 --> 00:18:31,610

poisoning everybody's mind but I think

403

00:18:37,600 --> 00:18:34,250

the the percentage of the population who

404

00:18:40,330 --> 00:18:37,610

believe in Atlantis is like 54% now like

405

00:18:42,760 --> 00:18:40,340

higher than ever before I just read some

406

00:18:44,620 --> 00:18:42,770

poll and belief in extraterrestrials is

407

00:18:48,310 --> 00:18:44,630

you know much larger than I've ever been

408

00:18:49,930 --> 00:18:48,320

and it's people are tapping into Jung's

409

00:18:52,480 --> 00:18:49,940

collective unconsciousness these things

410

00:18:54,130 --> 00:18:52,490

ring true they're just like I don't you

411

00:18:55,480 --> 00:18:54,140

know the general themes I believe you

412

00:18:57,850 --> 00:18:55,490

know that Greg and I will speak about

413

00:19:00,130 --> 00:18:57,860

that like Casey spoke about and Steiner

414

00:19:02,260 --> 00:19:00,140

and secret societies I think they're

415

00:19:04,779 --> 00:19:02,270

generally true we may not get every date

416

00:19:07,210 --> 00:19:04,789

right and every facts correct but I

417

00:19:09,730 --> 00:19:07,220

think these general themes are true and

418

00:19:12,640 --> 00:19:09,740

frankly you know I'll give like Andrew

419

00:19:16,299 --> 00:19:12,650

Collins Graham Hancock Robert Schoch

420

00:19:18,580 --> 00:19:16,309

Greg my buddy Hugh Newman Brian Forrest

421

00:19:20,320 --> 00:19:18,590

Oh a lot of alternative researchers have

422

00:19:23,049 --> 00:19:20,330

been pointing to these realities of like

423

00:19:24,700 --> 00:19:23,059

the Younger Dryas impact events like

424

00:19:26,919 --> 00:19:24,710

this cataclysmic event that happened

425

00:19:29,560 --> 00:19:26,929

13,000 years ago you know the writings

426
00:19:31,360 --> 00:19:29,570
of Plato and I know Hancock and Jacques

427
00:19:32,860 --> 00:19:31,370
have been kind of shy about mentioning

428
00:19:34,419 --> 00:19:32,870
Atlantis for a long time

429
00:19:36,760 --> 00:19:34,429
rather pointing to this advanced

430
00:19:38,590 --> 00:19:36,770
civilization knowing the backlash and

431
00:19:40,620 --> 00:19:38,600
mockery they would get but all these

432
00:19:43,299 --> 00:19:40,630
researchers have been pointing and now

433
00:19:45,159 --> 00:19:43,309
they're just being verified with with

434
00:19:47,169 --> 00:19:45,169
the Younger Dryas impact event the

435
00:19:49,600 --> 00:19:47,179
destruction of the Clovis Barry the idea

436
00:19:53,919 --> 00:19:49,610
that humans only entered the the

437
00:19:55,899 --> 00:19:53,929
Americas in 13,000 years ago you know on

438
00:19:58,240 --> 00:19:55,909

and on and on the finds of new Denis

439

00:20:01,120 --> 00:19:58,250

Evans and hobbits and Indonesia you know

440

00:20:04,510 --> 00:20:01,130

that these ideas that once heretical

441

00:20:06,730 --> 00:20:04,520

have been turned over and proven by

442

00:20:08,409 --> 00:20:06,740

science and but there's no apology

443

00:20:10,570 --> 00:20:08,419

letter it's just like what's the next

444

00:20:13,390 --> 00:20:10,580

entrenched thing we can fight everybody

445

00:20:15,399 --> 00:20:13,400

on you know and you know I think along

446

00:20:17,169 --> 00:20:15,409

with what Greg was saying that the the

447

00:20:19,690 --> 00:20:17,179

idea of giants is the same as that it's

448

00:20:23,230 --> 00:20:19,700

just like the Clovis Perry's is a very

449

00:20:25,180 --> 00:20:23,240

good analogy because the scientists like

450

00:20:26,980 --> 00:20:25,190

like Maurice Collins from Texas and Jim

451

00:20:29,230 --> 00:20:26,990

out of Azio from Meadowcroft shelter

452

00:20:31,029 --> 00:20:29,240

they were on a PBS special with Dennis

453

00:20:33,580 --> 00:20:31,039

Stanford a couple years ago about human

454

00:20:35,899 --> 00:20:33,590

origins and they said they came up with

455

00:20:38,149 --> 00:20:35,909

pre-clovis States and they

456

00:20:40,009 --> 00:20:38,159

ridiculed by other professionals they

457

00:20:42,499 --> 00:20:40,019

were accused of planting evidence of

458

00:20:44,659 --> 00:20:42,509

using contaminated samples and they were

459

00:20:46,489 --> 00:20:44,669

just discussed it on camera on this PBS

460

00:20:48,709 --> 00:20:46,499

special and it was like whoa you know

461

00:20:52,009 --> 00:20:48,719

and just like the Younger Dryas impact

462

00:20:53,899 --> 00:20:52,019

event or this idea of giants they the

463

00:20:55,639 --> 00:20:53,909

the professionals have dug the hills in

464

00:20:58,939 --> 00:20:55,649

for a hundred years and mocked and

465

00:21:01,099 --> 00:20:58,949

denigrated the idea of it existing

466

00:21:03,109 --> 00:21:01,109

although oral traditions and early

467

00:21:05,059 --> 00:21:03,119

explorers support the idea - along with

468

00:21:07,039 --> 00:21:05,069

all the records so you know as far as

469

00:21:08,659 --> 00:21:07,049

I'm concerned it's worthy and further

470

00:21:11,449 --> 00:21:08,669

investigation but if you have me hooked

471

00:21:14,769 --> 00:21:11,459

up to a lie detector test man giant

472

00:21:19,609 --> 00:21:14,779

surreal Atlantis existed I'm telling you

473

00:21:21,559 --> 00:21:19,619

and I don't give a rat's ass and if it

474

00:21:23,739 --> 00:21:21,569

lets let me play we've only got a minute

475

00:21:26,449 --> 00:21:23,749

till the break I know but I can play a

476

00:21:30,159 --> 00:21:26,459

strange devil's advocate here let's

477

00:21:33,859 --> 00:21:30,169

pretend that lantus didn't exist so what

478

00:21:35,779 --> 00:21:33,869

what is the harm in people being

479

00:21:38,209 --> 00:21:35,789

interested in history and being

480

00:21:41,269 --> 00:21:38,219

interested in the past and digging into

481

00:21:44,569 --> 00:21:41,279

it what's the harm in believing it there

482

00:21:47,569 --> 00:21:44,579

isn't any it's it makes life interesting

483

00:21:50,059 --> 00:21:47,579

it doesn't make you evil or bad if it's

484

00:21:52,639 --> 00:21:50,069

not real now personally I think there

485

00:21:54,439 --> 00:21:52,649

was something call it Atlantis for lack

486

00:21:55,069 --> 00:21:54,449

of a better term but even if it didn't

487

00:21:58,699 --> 00:21:55,079

exist

488

00:22:01,219 --> 00:21:58,709

why tried to destroy people who are out

489

00:22:03,709 --> 00:22:01,229

doing what they should be doing looking

490

00:22:07,869 --> 00:22:03,719

for evidence why do they do that because

491

00:22:12,199 --> 00:22:10,459

well and considering also of you know

492

00:22:15,019 --> 00:22:12,209

people who have gone out looking for

493

00:22:18,199 --> 00:22:15,029

Atlantis have found other things that

494

00:22:21,469 --> 00:22:18,209

have turned out to you know be very

495

00:22:23,089 --> 00:22:21,479

significant historically many of the

496

00:22:25,539 --> 00:22:23,099

most important discoveries in

497

00:22:28,430 --> 00:22:25,549

archaeology are made by other people

498

00:22:31,039 --> 00:22:28,440

that aren't archaeologists and then the

499

00:22:32,539 --> 00:22:31,049

discoveries are usually appropriated by

500

00:22:34,519 --> 00:22:32,549

archaeology and they don't give any

501
00:22:37,639 --> 00:22:34,529
credit to the people that actually found

502
00:22:39,489 --> 00:22:37,649
it all right well we're off to a good

503
00:22:41,149 --> 00:22:39,499
start on exploring the bizarre so

504
00:22:43,069 --> 00:22:41,159
unfortunately we have to go to our

505
00:22:45,979 --> 00:22:43,079
bottom of the hour break but when we

506
00:22:48,319 --> 00:22:45,989
come back we will continue this

507
00:22:49,360 --> 00:22:48,329
absolutely excellent conversation so

508
00:23:00,400 --> 00:22:49,370
state

509
00:23:07,100 --> 00:23:04,550
now back to exploring the bazaars with

510
00:23:10,430 --> 00:23:07,110
two of the most electrifying researchers

511
00:23:16,580 --> 00:23:10,440
in the Paranoid your hosts Timothy Becca

512
00:23:18,520 --> 00:23:16,590
Lee panting Swift's welcome back to

513
00:23:23,380 --> 00:23:18,530

exploring the bazaar our guest tonight

514

00:23:27,590 --> 00:23:23,390

jim farah and dr. craig little and so

515

00:23:29,480 --> 00:23:27,600

Jim I was gonna wait a little bit later

516

00:23:31,700 --> 00:23:29,490

into the program but since you brought

517

00:23:33,770 --> 00:23:31,710

this up in our first segment I'm gonna

518

00:23:38,210 --> 00:23:33,780

have to ask you to talk a little bit

519

00:23:42,190 --> 00:23:38,220

about about your TED talk first of all I

520

00:23:44,480 --> 00:23:42,200

want to know how they allowed you to

521

00:23:50,030 --> 00:23:44,490

even give it in the first place before

522

00:23:52,060 --> 00:23:50,040

you know the [h__h] hit the fan so yeah I

523

00:23:54,950 --> 00:23:52,070

just actually there was a woman in

524

00:23:57,020 --> 00:23:54,960

Shelburne Falls where I live and asked

525

00:23:59,870 --> 00:23:57,030

me I had done some talks about Stone

526
00:24:03,920 --> 00:23:59,880
mysteries in New England at Greenfield

527
00:24:06,020 --> 00:24:03,930
Community College and it was funny right

528
00:24:08,120 --> 00:24:06,030
on the heels of that I talked about you

529
00:24:10,580 --> 00:24:08,130
know it's some controversial ideas and

530
00:24:12,830 --> 00:24:10,590
they had Ken Federer Burress skeptics

531
00:24:14,570 --> 00:24:12,840
show up because rich little the

532
00:24:16,580 --> 00:24:14,580
geologist at Greenfield Community

533
00:24:18,350 --> 00:24:16,590
College he was I could see how like he's

534
00:24:20,870 --> 00:24:18,360
a nice guy but how rattled he was by

535
00:24:22,400 --> 00:24:20,880
what I was saying like he's like he's

536
00:24:24,920 --> 00:24:22,410
telling these people all these all these

537
00:24:26,390 --> 00:24:24,930
whacked-out lies you know we gotta set

538
00:24:28,580 --> 00:24:26,400

the record straight so they had Federer

539

00:24:30,800 --> 00:24:28,590

come in a couple months later but

540

00:24:33,200 --> 00:24:30,810

anyways this woman Stacy invited me

541

00:24:36,400 --> 00:24:33,210

because she knew people in the area

542

00:24:41,410 --> 00:24:36,410

liked my talks and my stone mysteries

543

00:24:44,930 --> 00:24:41,420

investigations yes so I gave it and I

544

00:24:48,740 --> 00:24:44,940

basically also I talked about you know

545

00:24:50,480 --> 00:24:48,750

I'm the stonemason I explore the woods

546

00:24:53,450 --> 00:24:50,490

kind of identifying these Native

547

00:24:55,720 --> 00:24:53,460

American stone mysteries and by virtue

548

00:24:58,730 --> 00:24:55,730

of that I started to find the oddest

549

00:25:00,770 --> 00:24:58,740

accounts of giant skeletons noted you

550

00:25:02,930 --> 00:25:00,780

know by sober academics and historians

551

00:25:05,120 --> 00:25:02,940

and you know all around the country

552

00:25:07,040 --> 00:25:05,130

an era of inefficient communication even

553

00:25:11,990 --> 00:25:07,050

the Smithsonian's methodology reports

554

00:25:14,000 --> 00:25:12,000

even you know you know reports from the

555

00:25:15,800 --> 00:25:14,010

Carnegie on and on and on and I just

556

00:25:17,930 --> 00:25:15,810

laid out this matter-of-fact case that

557

00:25:19,640 --> 00:25:17,940

there was these anatomic anomalies like

558

00:25:22,310 --> 00:25:19,650

double rows of teeth or jaw bones over

559

00:25:24,170 --> 00:25:22,320

the face that were buried obscurely in

560

00:25:26,810 --> 00:25:24,180

these voluminous texts they weren't like

561

00:25:28,760 --> 00:25:26,820

front page newspaper stuff and I said I

562

00:25:31,550 --> 00:25:28,770

just find it fascinating I didn't draw

563

00:25:33,320 --> 00:25:31,560

any conclusions I didn't say the Cyclops

564

00:25:36,530 --> 00:25:33,330

is gonna eat you you know your animals

565

00:25:38,900 --> 00:25:36,540

ass up and it's just like it's just a

566

00:25:41,270 --> 00:25:38,910

really fascinating thing and I shared it

567

00:25:43,400 --> 00:25:41,280

and at the end I was kind of I got a

568

00:25:45,230 --> 00:25:43,410

little pissed because I had just read

569

00:25:47,060 --> 00:25:45,240

The New Yorker article by Jane Mayer

570

00:25:49,520 --> 00:25:47,070

about the Koch brothers given money to

571

00:25:51,320 --> 00:25:49,530

the Smithsonian and offish getting the

572

00:25:53,090 --> 00:25:51,330

the truth about climate change so I went

573

00:25:54,650 --> 00:25:53,100

on the sole of rants about the

574

00:25:58,160 --> 00:25:54,660

Smithsonian taken money from the Koch

575

00:26:01,070 --> 00:25:58,170

brothers and them installing kind of in

576
00:26:03,560 --> 00:26:01,080
you know these self-serving permanent

577
00:26:08,030 --> 00:26:03,570
installations at the human Hall of

578
00:26:09,590 --> 00:26:08,040
origins in DC but anyways and then it

579
00:26:11,900 --> 00:26:09,600
went nuts it was the number one watch

580
00:26:13,850 --> 00:26:11,910
TEDx talk in the world and then they

581
00:26:18,140 --> 00:26:13,860
took it down and there was an

582
00:26:20,210 --> 00:26:18,150
archaeologist who debunked gave all

583
00:26:22,880 --> 00:26:20,220
these fake points debunking my talk

584
00:26:24,530 --> 00:26:22,890
calling it pseudo scientific and it was

585
00:26:26,840 --> 00:26:24,540
just like you can't carbon date stone

586
00:26:29,390 --> 00:26:26,850
which of course I know I was talking

587
00:26:32,150 --> 00:26:29,400
about a carbon dated evidence from a

588
00:26:33,820 --> 00:26:32,160

stone chamber that was tested at geo

589

00:26:37,100 --> 00:26:33,830

Khurana labs you know there's like some

590

00:26:38,390 --> 00:26:37,110

some charcoal was tested like maybe I

591

00:26:40,310 --> 00:26:38,400

had the wording wrong or something like

592

00:26:41,840 --> 00:26:40,320

that then there was like there was just

593

00:26:43,700 --> 00:26:41,850

all these like half-truths and

594

00:26:46,210 --> 00:26:43,710

half-assed like taking a run at me and

595

00:26:48,320 --> 00:26:46,220

trying to denigrate me and oh you know

596

00:26:50,270 --> 00:26:48,330

basically not addressing the evidence

597

00:26:51,830 --> 00:26:50,280

and on I'm like this is so odd this is

598

00:26:53,210 --> 00:26:51,840

I'm just like sharing this

599

00:26:55,670 --> 00:26:53,220

matter-of-fact information I'm not

600

00:26:58,340 --> 00:26:55,680

drawing any conclusion and I'm getting

601
00:27:00,380 --> 00:26:58,350
like ripped apart here and you know like

602
00:27:02,060 --> 00:27:00,390
I I was really naive too I'm kind of

603
00:27:05,120 --> 00:27:02,070
like an upbeat guy you know it's like

604
00:27:08,540 --> 00:27:05,130
volunteer to coach and help people and

605
00:27:11,240 --> 00:27:08,550
you know do nice things and and I went

606
00:27:12,800 --> 00:27:11,250
out there in the world of you know

607
00:27:15,530 --> 00:27:12,810
social media or whatever and I just took

608
00:27:16,850 --> 00:27:15,540
a lot of heat and I understand I look

609
00:27:18,590 --> 00:27:16,860
and I sound like a guy

610
00:27:23,060 --> 00:27:18,600
I bet with maybe but I've done my

611
00:27:24,890 --> 00:27:23,070
homework and I've spent years I spent 15

612
00:27:27,680 --> 00:27:24,900
years I can't tell you how many academic

613
00:27:29,480 --> 00:27:27,690

papers and archeological texts and

614

00:27:32,270 --> 00:27:29,490

professionals I've interviewed and I've

615

00:27:34,640 --> 00:27:32,280

done my homework and I understand both

616

00:27:36,410 --> 00:27:34,650

sides of the the street as far as

617

00:27:38,870 --> 00:27:36,420

ancient mysteries concerned because I

618

00:27:40,250 --> 00:27:38,880

don't want to be misinformed and I've

619

00:27:40,669 --> 00:27:40,260

changed my opinions and everything like

620

00:27:44,330 --> 00:27:40,679

that

621

00:27:47,090 --> 00:27:44,340

so the logic you know to your point it

622

00:27:50,870 --> 00:27:47,100

was more like this is pseudo scientific

623

00:27:53,630 --> 00:27:50,880

you know this is crazy let's remove this

624

00:27:55,490 --> 00:27:53,640

video so my video was taken down and it

625

00:27:59,799 --> 00:27:55,500

gave me some street cred and that's I

626

00:28:04,700 --> 00:28:02,299

well and it's and you know you haven't

627

00:28:06,680 --> 00:28:04,710

been the only one who has you know given

628

00:28:09,950 --> 00:28:06,690

TED talks that have found themselves

629

00:28:15,140 --> 00:28:09,960

then on the brunt of censorship

630

00:28:17,810 --> 00:28:15,150

basically GM Hancock example and Graham

631

00:28:20,600 --> 00:28:17,820

I know grandpa's life Madame Brillon

632

00:28:23,180 --> 00:28:20,610

brilliant guy and prophetic once again

633

00:28:24,919 --> 00:28:23,190

like a lot of other guys who were dialed

634

00:28:28,039 --> 00:28:24,929

into the collective unconscious who are

635

00:28:29,960 --> 00:28:28,049

alternative researchers like Hancock he

636

00:28:32,000 --> 00:28:29,970

does I wash the ceremonies he's into

637

00:28:34,610 --> 00:28:32,010

spiritual pursuits he's into self

638

00:28:36,230 --> 00:28:34,620

inquiry self reflection and he has been

639

00:28:38,360 --> 00:28:36,240

very prophetic about a lot of these

640

00:28:40,430 --> 00:28:38,370

things you know back from fingerprints

641

00:28:42,530 --> 00:28:40,440

of the gods and now it's all unwinding

642

00:28:44,720 --> 00:28:42,540

and being proven like they even found a

643

00:28:46,760 --> 00:28:44,730

second impact crater in Greenland and I

644

00:28:48,560 --> 00:28:46,770

bet because it still exists it's not too

645

00:28:50,659 --> 00:28:48,570

old I bet you this is part of the

646

00:28:52,640 --> 00:28:50,669

Cataclysm that Plato incase he talked

647

00:28:54,470 --> 00:28:52,650

about from about twelve thousand eight

648

00:28:57,080 --> 00:28:54,480

hundred years ago the final sinking of

649

00:28:58,700 --> 00:28:57,090

Atlantis which Cayce and Plato said were

650

00:29:00,860 --> 00:28:58,710

situated in the Atlantic all the way to

651
00:29:03,409 --> 00:29:00,870
the Bahamas a series of island chains

652
00:29:06,610 --> 00:29:03,419
that were broken up you know not to get

653
00:29:10,039 --> 00:29:06,620
tangential but you know that there is a

654
00:29:11,840 --> 00:29:10,049
there is an obvious truth if you look at

655
00:29:15,680 --> 00:29:11,850
these things with an objective mind that

656
00:29:19,190 --> 00:29:15,690
many people are seeing the and I will

657
00:29:21,350 --> 00:29:19,200
say that archaeology is treated as an

658
00:29:23,299 --> 00:29:21,360
incontrovertible truth like the science

659
00:29:25,040 --> 00:29:23,309
that makes us cellphone work it isn't

660
00:29:27,530 --> 00:29:25,050
it's just a series of educated guesses

661
00:29:29,630 --> 00:29:27,540
and it was cooked up in the late 1800s

662
00:29:30,320 --> 00:29:29,640
archeology anthropology and geology for

663
00:29:32,510 --> 00:29:30,330

the most part

664

00:29:36,530 --> 00:29:32,520

by a bunch of like racists you know

665

00:29:38,720 --> 00:29:36,540

lunatics who just just denigrated Native

666

00:29:40,550 --> 00:29:38,730

American beliefs that we throughout

667

00:29:42,590 --> 00:29:40,560

10,000 years of evidence in oral

668

00:29:45,020 --> 00:29:42,600

traditions and especially in our country

669

00:29:47,750 --> 00:29:45,030

so we basically burn the Library of

670

00:29:49,670 --> 00:29:47,760

Alexandria by denigrating oral tradition

671

00:29:51,680 --> 00:29:49,680

in our own country and we're going in

672

00:29:53,930 --> 00:29:51,690

blind with all these weird manifest

673

00:29:56,450 --> 00:29:53,940

destiny ideas you know not to going to

674

00:29:58,910 --> 00:29:56,460

rant or get on a soapbox but it's really

675

00:30:01,250 --> 00:29:58,920

true like the the destruction and the

676

00:30:05,000 --> 00:30:01,260

dismissal of native wisdom and those

677

00:30:07,520 --> 00:30:05,010

people so many tribal people were dialed

678

00:30:08,960 --> 00:30:07,530

in to the metaphysical they understood

679

00:30:11,150 --> 00:30:08,970

what the hell was going on in time and

680

00:30:12,650 --> 00:30:11,160

space and the larger you know can

681

00:30:15,290 --> 00:30:12,660

collective unconscious and

682

00:30:17,240 --> 00:30:15,300

interconnected beingness of all and our

683

00:30:19,910 --> 00:30:17,250

culture it's like running off the rails

684

00:30:21,590 --> 00:30:19,920

there's like six people own half the

685

00:30:24,200 --> 00:30:21,600

world's wealth and would destroy our

686

00:30:26,390 --> 00:30:24,210

planet and where our science is allowing

687

00:30:28,310 --> 00:30:26,400

us to be a materialistic cults because

688

00:30:31,550 --> 00:30:28,320

they laugh at and they mark the

689

00:30:33,920 --> 00:30:31,560

spiritual well now okay now you brought

690

00:30:36,320 --> 00:30:33,930

you brought up a good point though and

691

00:30:38,660 --> 00:30:36,330

and this is something that both of you

692

00:30:41,090 --> 00:30:38,670

you know can can answer you know with

693

00:30:43,460 --> 00:30:41,100

your own perspective on this but you

694

00:30:45,050 --> 00:30:43,470

know you you mentioned that you know

695

00:30:47,330 --> 00:30:45,060

some of the you know the early

696

00:30:51,710 --> 00:30:47,340

historians and archaeologists you know

697

00:30:53,960 --> 00:30:51,720

how to racist bent but now you've got a

698

00:30:57,320 --> 00:30:53,970

lot of these you know skeptics and

699

00:30:59,840 --> 00:30:57,330

debunkers about the whole you know say

700

00:31:01,850 --> 00:30:59,850

like the giant bones and giant mythology

701
00:31:05,720 --> 00:31:01,860
saying that oh well you know you're

702
00:31:07,820 --> 00:31:05,730
being racist by suggesting this stuff by

703
00:31:10,370 --> 00:31:07,830
saying that you know that you know the

704
00:31:12,050 --> 00:31:10,380
Native Americans either weren't the

705
00:31:13,880 --> 00:31:12,060
first here the Giants were you know

706
00:31:15,740 --> 00:31:13,890
we're here or you know it's just like

707
00:31:18,110 --> 00:31:15,750
you know they're trying to do a little

708
00:31:20,570 --> 00:31:18,120
bit of role reversal on some of these

709
00:31:22,730 --> 00:31:20,580
alternative theories that you know

710
00:31:24,380 --> 00:31:22,740
you're suggesting that Scott I'll let

711
00:31:25,880 --> 00:31:24,390
Gregg address that because I just ran my

712
00:31:30,080 --> 00:31:25,890
mouth for a while but then I'd like to

713
00:31:33,110 --> 00:31:30,090

jump in and give my two cents I liked

714

00:31:36,290 --> 00:31:33,120

what you said I will I'll say this about

715

00:31:38,060 --> 00:31:36,300

it I wrote a bit in that book path of

716

00:31:41,720 --> 00:31:38,070

souls and I've written I've really

717

00:31:43,470 --> 00:31:41,730

addressed that very issue in this new

718

00:31:46,320 --> 00:31:43,480

book that comes out in September

719

00:31:48,780 --> 00:31:46,330

like a long way away but it comes out in

720

00:31:50,720 --> 00:31:48,790

September is called Denise 'van origins

721

00:31:55,620 --> 00:31:50,730

that's the new title of it anyway

722

00:31:57,890 --> 00:31:55,630

however what the skeptics are claiming

723

00:32:01,320 --> 00:31:57,900

you have to look at what they're saying

724

00:32:05,550 --> 00:32:01,330

I've said for years that Native American

725

00:32:08,370 --> 00:32:05,560

Native Americans are genetically very

726

00:32:12,120 --> 00:32:08,380

diverse and it's a very rich culture

727

00:32:16,490 --> 00:32:12,130

it's always been a melting pot they had

728

00:32:19,770 --> 00:32:16,500

a number of different genetic lineages

729

00:32:22,740 --> 00:32:19,780

they were they had some people just like

730

00:32:25,470 --> 00:32:22,750

all societies do who were the elite

731

00:32:27,540 --> 00:32:25,480

members of their society all societies

732

00:32:29,370 --> 00:32:27,550

have elite members and elite members

733

00:32:33,390 --> 00:32:29,380

generally have certain commonalities

734

00:32:34,860 --> 00:32:33,400

among them however the skeptics say that

735

00:32:37,650 --> 00:32:34,870

oh if you talk about all that it's

736

00:32:40,050 --> 00:32:37,660

racist no all the Native Americans were

737

00:32:42,390 --> 00:32:40,060

all the same size if you read what the

738

00:32:45,060 --> 00:32:42,400

skeptics write they'll tell you over and

739

00:32:47,600 --> 00:32:45,070

over almost all of them were 5 foot 6 to

740

00:32:51,600 --> 00:32:47,610

5 foot 8 they were all relatively short

741

00:32:53,400 --> 00:32:51,610

they they were all they all came over

742

00:32:55,950 --> 00:32:53,410

from the same place at the same time

743

00:32:59,610 --> 00:32:55,960

that was the 70 year belief of the

744

00:33:02,010 --> 00:32:59,620

Clovis the Clovis first theory so

745

00:33:05,190 --> 00:33:02,020

they're actually putting them down

746

00:33:08,130 --> 00:33:05,200

saying they were a small short people

747

00:33:11,910 --> 00:33:08,140

all of whom came from the same place at

748

00:33:14,100 --> 00:33:11,920

the same time nothing special here don't

749

00:33:16,650 --> 00:33:14,110

look for anything different don't look

750

00:33:20,760 --> 00:33:16,660

for a mixture from say maybe Australia

751
00:33:22,920 --> 00:33:20,770
or Melanesia or Micronesia don't look

752
00:33:24,870 --> 00:33:22,930
for a mixture from maybe the all time

753
00:33:27,570 --> 00:33:24,880
mountains don't look for something like

754
00:33:30,650 --> 00:33:27,580
maybe the Denis Evans because that's

755
00:33:34,200 --> 00:33:30,660
racist no they were all exactly the same

756
00:33:37,290 --> 00:33:34,210
nothing special about them they only

757
00:33:39,600 --> 00:33:37,300
made mounds and they were all the same

758
00:33:42,300 --> 00:33:39,610
size that is basically what they say

759
00:33:44,310 --> 00:33:42,310
that if you actually do an evaluation of

760
00:33:47,310 --> 00:33:44,320
skeptics and I have yet to publish this

761
00:33:50,010 --> 00:33:47,320
I have done all the research there's

762
00:33:51,930 --> 00:33:50,020
actually lists of skeptics there's on

763
00:33:54,390 --> 00:33:51,940

Wikipedia you can get all the main

764

00:33:57,550 --> 00:33:54,400

skeptics they show their race they show

765

00:33:59,830 --> 00:33:57,560

their background their sex

766

00:34:01,840 --> 00:33:59,840

and in most cases they show their sexual

767

00:34:02,980 --> 00:34:01,850

orientation because most of them are

768

00:34:06,520 --> 00:34:02,990

very open about it

769

00:34:11,080 --> 00:34:06,530

so almost all skeptics it's in the high

770

00:34:14,020 --> 00:34:11,090

90% or white male older white males now

771

00:34:16,810 --> 00:34:14,030

why would older white males take that

772

00:34:18,820 --> 00:34:16,820

position that would be my question they

773

00:34:21,460 --> 00:34:18,830

all hang together and anybody that's

774

00:34:24,190 --> 00:34:21,470

saying your story about Native Americans

775

00:34:27,310 --> 00:34:24,200

is wrong I have written and said for

776
00:34:31,300 --> 00:34:27,320
decades that the Native American culture

777
00:34:34,750 --> 00:34:31,310
was far deeper and richer than what

778
00:34:36,760 --> 00:34:34,760
anybody would ever admit to not just

779
00:34:39,820 --> 00:34:36,770
that their heritage their genetic

780
00:34:42,010 --> 00:34:39,830
heritage is far deeper and richer than

781
00:34:44,220 --> 00:34:42,020
anyone would admit to in fact most

782
00:34:46,899 --> 00:34:44,230
Native Americans would agree with that

783
00:34:49,990 --> 00:34:46,909
anybody that came to the Americas before

784
00:34:51,909 --> 00:34:50,000
the first White's came in or the first

785
00:34:54,510 --> 00:34:51,919
European explorers would call them

786
00:34:56,740 --> 00:34:54,520
explorers but they really weren't

787
00:34:59,380 --> 00:34:56,750
anybody that was here was Native

788
00:35:01,330 --> 00:34:59,390

American that's why I'll say all the

789

00:35:04,420 --> 00:35:01,340

time the net all the mounds were built

790

00:35:06,610 --> 00:35:04,430

by the ancestors of the Native Americans

791

00:35:09,250 --> 00:35:06,620

that were here when the first whites

792

00:35:11,500 --> 00:35:09,260

came in and that's what they want you to

793

00:35:14,650 --> 00:35:11,510

say but they want you to then say that

794

00:35:17,230 --> 00:35:14,660

they all came over from Asia across

795

00:35:19,930 --> 00:35:17,240

Beringia which is the land the land

796

00:35:22,360 --> 00:35:19,940

bridge between Siberia and Alaska which

797

00:35:24,190 --> 00:35:22,370

was above water during the last ice age

798

00:35:27,460 --> 00:35:24,200

that's what they want you to say but

799

00:35:29,860 --> 00:35:27,470

actually I see what they're doing is is

800

00:35:31,690 --> 00:35:29,870

something very subtle they're actually

801
00:35:36,570 --> 00:35:31,700
saying the Native Americans are nothing

802
00:35:41,410 --> 00:35:36,580
special and I think that is more racist

803
00:35:43,360 --> 00:35:41,420
yeah it was Gregg's e-cycle oh I'm sorry

804
00:35:46,510 --> 00:35:43,370
no it was like no Greg Greg's

805
00:35:48,850 --> 00:35:46,520
encyclopedia of Native American

806
00:35:51,310 --> 00:35:48,860
earthworks his mound builder books and

807
00:35:53,920 --> 00:35:51,320
in talks that I watched that got me

808
00:35:56,230 --> 00:35:53,930
interesting like whoa the geometric

809
00:35:58,150 --> 00:35:56,240
forms the predicting of eclipses

810
00:36:00,820 --> 00:35:58,160
understand the metonic cycle at like the

811
00:36:03,550 --> 00:36:00,830
Newark earthworks in Ohio the incredible

812
00:36:06,070 --> 00:36:03,560
nature of native civilizations was so

813
00:36:07,990 --> 00:36:06,080

overwhelming that I'm like holy hell I

814

00:36:11,350 --> 00:36:08,000

didn't learn a scrap of this literally

815

00:36:13,540 --> 00:36:11,360

it was like it started with Columbus and

816

00:36:16,270 --> 00:36:13,550

and it just it was like tariffs and Wars

817

00:36:18,640 --> 00:36:16,280

and I didn't know anything about native

818

00:36:20,470 --> 00:36:18,650

civilization I was a an avid reader in a

819

00:36:22,210 --> 00:36:20,480

historian when I was younger so I was

820

00:36:24,820 --> 00:36:22,220

shocked and enthralled with the whole

821

00:36:29,050 --> 00:36:24,830

subject and Greg's whole orientation was

822

00:36:31,480 --> 00:36:29,060

still I tried you know to just show what

823

00:36:33,660 --> 00:36:31,490

a glorious civilization so many

824

00:36:37,410 --> 00:36:33,670

civilization existed in the Americas

825

00:36:39,730 --> 00:36:37,420

before the colonists showed up there are

826

00:36:42,160 --> 00:36:39,740

you know there's undercurrents here like

827

00:36:44,440 --> 00:36:42,170

you know I've done shows um Roanoke and

828

00:36:46,570 --> 00:36:44,450

and and I know that there's all you know

829

00:36:47,980 --> 00:36:46,580

there's a lot of white Americans who are

830

00:36:50,020 --> 00:36:47,990

interested in like the Vikings and

831

00:36:51,670 --> 00:36:50,030

things like that and we don't get taught

832

00:36:53,350 --> 00:36:51,680

about Native Americans in schools so

833

00:36:56,590 --> 00:36:53,360

they're not really interesting so it's

834

00:36:59,110 --> 00:36:56,600

just like oh oh did you know did a lost

835

00:37:00,820 --> 00:36:59,120

race build the mounds of America and

836

00:37:04,270 --> 00:37:00,830

there's actually some like white

837

00:37:06,430 --> 00:37:04,280

supremists elements that are at the

838

00:37:08,920 --> 00:37:06,440

fringes of ancient mysteries that alike

839

00:37:11,170 --> 00:37:08,930

they have this weird story of like white

840

00:37:13,570 --> 00:37:11,180

supremacy that you know I know all the

841

00:37:15,040 --> 00:37:13,580

guys I'm I work with it's tough on into

842

00:37:16,540 --> 00:37:15,050

I don't I don't want to dent it you know

843

00:37:18,400 --> 00:37:16,550

I'm not gonna get in the soapbox and

844

00:37:20,770 --> 00:37:18,410

pretend I'm the greatest guy ever I'm

845

00:37:23,560 --> 00:37:20,780

just going to say that you know my

846

00:37:26,080 --> 00:37:23,570

orientation is to like accept all people

847

00:37:27,730 --> 00:37:26,090

for what they are ancient America really

848

00:37:29,290 --> 00:37:27,740

appears to be a melting pot of people

849

00:37:31,690 --> 00:37:29,300

and I never want to take anything away

850

00:37:34,690 --> 00:37:31,700

from indigenous people like I'll go down

851
00:37:37,420 --> 00:37:34,700
to puma punku and I'll say you know this

852
00:37:39,880 --> 00:37:37,430
is beyond the to build that site beyond

853
00:37:42,040 --> 00:37:39,890
the capabilities or the tools of the

854
00:37:43,870 --> 00:37:42,050
time from like 200 AD so it's not like

855
00:37:45,190 --> 00:37:43,880
bad-mouthing the amira people it's just

856
00:37:47,710 --> 00:37:45,200
saying it almost seems like these

857
00:37:50,410 --> 00:37:47,720
structures we have before them and and

858
00:37:51,940 --> 00:37:50,420
in Egypt is the same thing it's like the

859
00:37:54,280 --> 00:37:51,950
Egyptians became what they became

860
00:37:55,840 --> 00:37:54,290
through an influx I believe and maybe

861
00:37:57,940 --> 00:37:55,850
Casey would say of people from other

862
00:38:00,580 --> 00:37:57,950
lands mixed with the indigenous peoples

863
00:38:02,620 --> 00:38:00,590

this isn't like you know like the

864

00:38:04,630 --> 00:38:02,630

Spanish used it like oh the very coaches

865

00:38:06,490 --> 00:38:04,640

were the bearded white wisdom keepers

866

00:38:09,250 --> 00:38:06,500

who show it up to these uncivilized

867

00:38:11,620 --> 00:38:09,260

people that no I that was like a Spanish

868

00:38:15,840 --> 00:38:11,630

Christian twist on it I think you know

869

00:38:18,400 --> 00:38:15,850

the the point being that the a lot of

870

00:38:20,050 --> 00:38:18,410

alternative researches I have nothing

871

00:38:22,930 --> 00:38:20,060

but respect for indigenous people all

872

00:38:25,180 --> 00:38:22,940

around the world and I've sat with

873

00:38:27,970 --> 00:38:25,190

indigenous people for long period

874

00:38:30,339 --> 00:38:27,980

and listen to the stories and they're

875

00:38:32,230 --> 00:38:30,349

all saying the same strange and specific

876

00:38:34,300 --> 00:38:32,240

thing about the past there's something

877

00:38:36,970 --> 00:38:34,310

to be had in the understanding of oral

878

00:38:39,069 --> 00:38:36,980

tradition and that to me is where the

879

00:38:42,400 --> 00:38:39,079

cultish aspect of academia comes in

880

00:38:45,059 --> 00:38:42,410

there's like no respect you know it used

881

00:38:47,290 --> 00:38:45,069

to be the racism was like cranial

882

00:38:50,589 --> 00:38:47,300

measuring and all this stuff you know

883

00:38:53,650 --> 00:38:50,599

pre eugenics stuff and the late 1800s

884

00:38:55,359 --> 00:38:53,660

and now there's a new kind of weird it's

885

00:38:58,089 --> 00:38:55,369

like a liberal racism but something

886

00:39:00,809 --> 00:38:58,099

where like a lot of academia is atheists

887

00:39:04,059 --> 00:39:00,819

like atheistic liberal oriented

888

00:39:06,430 --> 00:39:04,069

teachings in people and I'm kind of like

889

00:39:08,440 --> 00:39:06,440

I said I'm like any Democrat I have some

890

00:39:10,660 --> 00:39:08,450

conservative tendencies or whatever but

891

00:39:12,910 --> 00:39:10,670

viewing academia now they think they're

892

00:39:14,589 --> 00:39:12,920

doing the right thing and I believe in

893

00:39:16,630 --> 00:39:14,599

social and economic justice but there

894

00:39:18,370 --> 00:39:16,640

was a huge bias and a cultist way of

895

00:39:19,930 --> 00:39:18,380

thinking when it comes to ancient

896

00:39:21,760 --> 00:39:19,940

mysteries it's like there's a couple

897

00:39:23,530 --> 00:39:21,770

skinheads over here who's saying this

898

00:39:25,480 --> 00:39:23,540

that like Native Americans didn't do

899

00:39:27,130 --> 00:39:25,490

this or that and we're gonna pretend

900

00:39:29,200 --> 00:39:27,140

that this was that's what all these

901
00:39:30,309 --> 00:39:29,210
resources are talking about and we're

902
00:39:32,770 --> 00:39:30,319
not going to be objective we're gonna

903
00:39:34,420 --> 00:39:32,780
like paint call everybody a racist who

904
00:39:37,180 --> 00:39:34,430
is like in ancient mysteries researcher

905
00:39:39,190 --> 00:39:37,190
and I know like you know Andrews been a

906
00:39:40,930 --> 00:39:39,200
drew Collins of all people would call

907
00:39:42,940 --> 00:39:40,940
that by like that idiot Jason Colavito

908
00:39:45,460 --> 00:39:42,950
and there's and he's like self-loathing

909
00:39:47,620 --> 00:39:45,470
skeptics who just like live off a diet

910
00:39:49,690 --> 00:39:47,630
of like hate and integration it's just

911
00:39:54,120 --> 00:39:49,700
like do you not make it up tell to me

912
00:39:56,650 --> 00:39:54,130
don't you get a better hobby sorry I

913
00:39:58,809 --> 00:39:56,660

this is something cuz there's a lot of

914

00:40:01,510 --> 00:39:58,819

cool and thoughtful people who really

915

00:40:03,220 --> 00:40:01,520

like they care about humanity they want

916

00:40:06,430 --> 00:40:03,230

to like share things they want a better

917

00:40:08,920 --> 00:40:06,440

world and they're like undercut by an

918

00:40:13,120 --> 00:40:08,930

academic cults and by skeptics it's just

919

00:40:15,250 --> 00:40:13,130

not cool in my estimation one of the

920

00:40:18,940 --> 00:40:15,260

thing one of the things that I'll add to

921

00:40:24,550 --> 00:40:18,950

that is that until somewhere around the

922

00:40:27,970 --> 00:40:24,560

late 1980s and the the 2000s really is

923

00:40:30,220 --> 00:40:27,980

when it started archeologists pretty

924

00:40:33,609 --> 00:40:30,230

much ignored the alternative community

925

00:40:35,440 --> 00:40:33,619

and it's only when the alternative

926
00:40:37,660 --> 00:40:35,450
community that Jim was talking about a

927
00:40:38,830 --> 00:40:37,670
minute ago started telling people how

928
00:40:41,590 --> 00:40:38,840
incredible

929
00:40:43,510 --> 00:40:41,600
some of these archaeological sites are

930
00:40:46,140 --> 00:40:43,520
not just in America but also in South

931
00:40:48,670 --> 00:40:46,150
American around the world that is when

932
00:40:50,470 --> 00:40:48,680
archaeologists started taking notice and

933
00:40:56,080 --> 00:40:50,480
attacking it's like they circled the

934
00:41:00,010 --> 00:40:56,090
wagons and to some extent it is it's

935
00:41:02,680 --> 00:41:00,020
it's pure jealousy its resentment that

936
00:41:06,070 --> 00:41:02,690
they believe that people are making a

937
00:41:08,680 --> 00:41:06,080
fortune off of the field that they own

938
00:41:10,510 --> 00:41:08,690

it's their playing field no one else

939

00:41:12,670 --> 00:41:10,520

should be in it and you have all these

940

00:41:14,650 --> 00:41:12,680

alternative writers coming in making a

941

00:41:16,810 --> 00:41:14,660

fortune out of it and I'm sure Jim can

942

00:41:20,740 --> 00:41:16,820

tell you you do not make a fortune out

943

00:41:22,900 --> 00:41:20,750

of this field it doesn't happen you know

944

00:41:26,920 --> 00:41:22,910

you don't make a living out of this

945

00:41:28,660 --> 00:41:26,930

field no so so it's really a labor of

946

00:41:31,680 --> 00:41:28,670

love because people believe in it I

947

00:41:34,350 --> 00:41:31,690

don't know of any but I know of some

948

00:41:37,930 --> 00:41:34,360

archaeologists that are pretty racist I

949

00:41:40,120 --> 00:41:37,940

don't know of anybody and in in this

950

00:41:43,120 --> 00:41:40,130

field except perhaps one writer who I'll

951
00:41:45,430 --> 00:41:43,130
just keep unmeant I won't mention but

952
00:41:47,770 --> 00:41:45,440
that's the only person who I even say

953
00:41:49,420 --> 00:41:47,780
might be racist but I don't know anybody

954
00:41:51,310 --> 00:41:49,430
else that shown anything that I would

955
00:41:54,610 --> 00:41:51,320
call racism in fact they're all

956
00:41:56,800 --> 00:41:54,620
fascinated and if anything most of us

957
00:41:58,450 --> 00:41:56,810
it's like Jim has almost told you that

958
00:42:01,030 --> 00:41:58,460
he's more impressed with these other

959
00:42:04,060 --> 00:42:01,040
indigenous cultures than with himself

960
00:42:07,150 --> 00:42:04,070
it's like I can learn a great deal from

961
00:42:10,030 --> 00:42:07,160
these other cultures that isn't racism

962
00:42:12,010 --> 00:42:10,040
that's the exact opposite of it it's

963
00:42:14,740 --> 00:42:12,020

it's really looking at other cultures

964

00:42:16,660 --> 00:42:14,750

like they have a great deal to give you

965

00:42:19,060 --> 00:42:16,670

if you're willing to study them so it's

966

00:42:20,620 --> 00:42:19,070

not racism what archeologists are

967

00:42:23,230 --> 00:42:20,630

telling us to do is to know stay away

968

00:42:25,480 --> 00:42:23,240

from this there's nothing here to see

969

00:42:27,340 --> 00:42:25,490

there's nothing to we will tell you what

970

00:42:31,900 --> 00:42:27,350

we need to know that's what they're

971

00:42:33,970 --> 00:42:31,910

telling us and I resent it and I don't

972

00:42:35,890 --> 00:42:33,980

really confront them anymore I don't

973

00:42:39,010 --> 00:42:35,900

really mention any of them by name I

974

00:42:41,980 --> 00:42:39,020

just write what I write and we'll give

975

00:42:44,290 --> 00:42:41,990

shows like this that's about it you know

976

00:42:47,230 --> 00:42:44,300

I think one of the things that that that

977

00:42:50,730 --> 00:42:47,240

has always just dismayed me about the

978

00:42:52,780 --> 00:42:50,740

whole you know a field of archaeology is

979

00:42:58,530 --> 00:42:52,790

the dismissed

980

00:43:01,920 --> 00:42:58,540

of say like the the indigenous peoples

981

00:43:07,410 --> 00:43:01,930

lore you know legends mythology's

982

00:43:16,230 --> 00:43:10,750

concentrating solely on what they dig up

983

00:43:25,090 --> 00:43:21,300

hand-me-down word-for-word stories from

984

00:43:28,240 --> 00:43:25,100

thousands of years ago yeah yeah oh yeah

985

00:43:30,270 --> 00:43:28,250

yeah I think yeah go ahead one Greg I

986

00:43:32,470 --> 00:43:30,280

will say one more thing I know you're

987

00:43:33,130 --> 00:43:32,480

moving up to another break am I right

988

00:43:35,740 --> 00:43:33,140

about that

989

00:43:38,040 --> 00:43:35,750

about four minutes yeah okay all right

990

00:43:40,120 --> 00:43:38,050

so in all the years that I have been

991

00:43:42,340 --> 00:43:40,130

practicing in the field of psychology

992

00:43:45,460 --> 00:43:42,350

I've known many many psychologists and

993

00:43:48,460 --> 00:43:45,470

many many academics I have what would be

994

00:43:51,760 --> 00:43:48,470

called unusual interests in the field

995

00:43:53,920 --> 00:43:51,770

which include UFOs abduction I have an

996

00:43:56,410 --> 00:43:53,930

interest in abduction experiences I have

997

00:43:57,970 --> 00:43:56,420

an interest in apparitional phenomena

998

00:44:00,970 --> 00:43:57,980

and people that claim to have seen

999

00:44:03,100 --> 00:44:00,980

angels and all that kind of stuff I've

1000

00:44:05,530 --> 00:44:03,110

always had an interest in it I've had I

1001
00:44:06,760 --> 00:44:05,540
have an interest in aggregating and I

1002
00:44:08,860 --> 00:44:06,770
have of course this interest in

1003
00:44:10,870 --> 00:44:08,870
archaeology so in all the years I've

1004
00:44:12,400 --> 00:44:10,880
talked to many many psychologists and

1005
00:44:14,260 --> 00:44:12,410
many many academics who are

1006
00:44:17,170 --> 00:44:14,270
professionals in the field of psychology

1007
00:44:18,700 --> 00:44:17,180
and and they said oh you're interested

1008
00:44:22,330 --> 00:44:18,710
that and I might say yeah and then I

1009
00:44:25,240 --> 00:44:22,340
talked a bit not one time has anybody

1010
00:44:27,550 --> 00:44:25,250
ever said well you shouldn't believe

1011
00:44:30,250 --> 00:44:27,560
that you shouldn't be in that or that's

1012
00:44:32,260 --> 00:44:30,260
bad what they've done is they've said

1013
00:44:33,910 --> 00:44:32,270

why do you think that and often they'll

1014

00:44:37,450 --> 00:44:33,920

say well I need I'll think about that

1015

00:44:39,510 --> 00:44:37,460

they've never attacked it's only in this

1016

00:44:42,370 --> 00:44:39,520

field of archaeology that I've ever

1017

00:44:45,100 --> 00:44:42,380

experienced that archeologists have

1018

00:44:47,680 --> 00:44:45,110

textbooks out that say all UFOs are

1019

00:44:49,780 --> 00:44:47,690

nonsense they have textbooks out that

1020

00:44:52,180 --> 00:44:49,790

say Edgar Cayce was a charlatan how

1021

00:44:55,240 --> 00:44:52,190

could they know that how can they say

1022

00:44:57,370 --> 00:44:55,250

that they they don't know it's all an

1023

00:44:59,500 --> 00:44:57,380

opinion and it's based upon something

1024

00:45:02,200 --> 00:44:59,510

deeper it's based upon a deep belief

1025

00:45:03,810 --> 00:45:02,210

system no that's that's a great point

1026

00:45:06,460 --> 00:45:03,820

I know we've spent this hour I think

1027

00:45:06,700 --> 00:45:06,470

like when I write books my introduction

1028

00:45:11,079 --> 00:45:06,710

is

1029

00:45:13,690 --> 00:45:11,089

it doesn't really get put in context

1030

00:45:16,300 --> 00:45:13,700

like like how academia works why these

1031

00:45:17,950 --> 00:45:16,310

things aren't widely accepted by

1032

00:45:20,230 --> 00:45:17,960

academics although they're widely

1033

00:45:22,270 --> 00:45:20,240

accepted these topics by the public the

1034

00:45:23,440 --> 00:45:22,280

general public I think it's really you

1035

00:45:25,720 --> 00:45:23,450

know we'll get into the nuts and bolts

1036

00:45:28,000 --> 00:45:25,730

and more evidence-based stuff in our to

1037

00:45:33,550 --> 00:45:28,010

I'm sure not to be the de fête co-host

1038

00:45:36,010 --> 00:45:33,560

here but I think it's really point to

1039

00:45:38,320 --> 00:45:36,020

lay it out and I was talking these terms

1040

00:45:40,599 --> 00:45:38,330

with my brother and with my friends and

1041

00:45:42,099 --> 00:45:40,609

co-author Hugh Newman like to put it in

1042

00:45:44,530 --> 00:45:42,109

context for people this is what's going

1043

00:45:46,599 --> 00:45:44,540

on here it's not like we're right

1044

00:45:50,730 --> 00:45:46,609

they're wrong it's just these are the

1045

00:45:52,720 --> 00:45:50,740

dynamics at work and there is a bizarre

1046

00:45:55,630 --> 00:45:52,730

entrenched orientation in our

1047

00:45:57,730 --> 00:45:55,640

archaeology and anthropology it's I will

1048

00:45:59,620 --> 00:45:57,740

say to you know little geology is a

1049

00:46:01,359 --> 00:45:59,630

little more flexible but a lot of the

1050

00:46:03,910 --> 00:46:01,369

same and it's kind of a shame because

1051

00:46:05,560 --> 00:46:03,920

it's it's not like oh these are bad

1052

00:46:07,690 --> 00:46:05,570

people and I want to demonize anyone

1053

00:46:10,270 --> 00:46:07,700

it's just like when I go to the doctor

1054

00:46:12,370 --> 00:46:10,280

and I have a compound fracture I'm not

1055

00:46:14,740 --> 00:46:12,380

gonna take home homeopathy I'm glad I'm

1056

00:46:16,930 --> 00:46:14,750

there right but if I need to really heal

1057

00:46:19,450 --> 00:46:16,940

myself I got a self-reflective go to a

1058

00:46:21,070 --> 00:46:19,460

therapist eat a certain way exercise

1059

00:46:23,320 --> 00:46:21,080

things the doctor wasn't gonna really

1060

00:46:25,359 --> 00:46:23,330

tell me because it's an allopathic kind

1061

00:46:28,329 --> 00:46:25,369

of materialistic orientation that is

1062

00:46:30,609 --> 00:46:28,339

being you know taught and is entrenched

1063

00:46:32,710 --> 00:46:30,619

with interests and Dogma and stuff and

1064

00:46:34,270 --> 00:46:32,720

just like academia and I'm sorry but

1065

00:46:36,550 --> 00:46:34,280

that's just the way it is so it's it's

1066

00:46:39,040 --> 00:46:36,560

not to denigrate in any way anyone or

1067

00:46:41,410 --> 00:46:39,050

any you know situation but to highlight

1068

00:46:43,150 --> 00:46:41,420

there's you know what's going on here

1069

00:46:45,849 --> 00:46:43,160

and why I think people should be open

1070

00:46:47,290 --> 00:46:45,859

these ideas alright excellent well okay

1071

00:46:49,089 --> 00:46:47,300

we need to go to our top of the hour

1072

00:46:51,490 --> 00:46:49,099

break when we come back we'll continue

1073

00:46:53,890 --> 00:46:51,500

our conversation with Jim Vieira and

1074

00:47:01,400 --> 00:46:53,900

Kirk dr. Rick little on exploring the

1075

00:47:06,540 --> 00:47:02,790

explode

1076

00:47:08,360 --> 00:47:06,550

the bazaars or e-ticket ride into the

1077

00:47:11,640 --> 00:47:08,370

world of the paranoid

1078

00:47:15,950 --> 00:47:11,650

strap yourself e'en as we traverse the

1079

00:47:19,070 --> 00:47:15,960

universe exploring the unexplained UFO s

1080

00:47:21,450 --> 00:47:19,080

ghosts Lost Worlds

1081

00:47:25,290 --> 00:47:21,460

cryptozoology waters as well as other

1082

00:47:29,670 --> 00:47:25,300

dimensions it's time to take back the

1083

00:47:32,940 --> 00:47:29,680

night last night now your electrifying

1084

00:47:39,690 --> 00:47:32,950

hosts of exploring the bizarre Timothy

1085

00:47:41,970 --> 00:47:39,700

Begley and team sports welcome back to

1086

00:47:45,030 --> 00:47:41,980

the second hour of exploring the bizarre

1087

00:47:48,080 --> 00:47:45,040

our guest tonight Jim Vieira and dr.

1088

00:47:52,830 --> 00:47:48,090

Greg little and we are talking about

1089

00:47:56,910 --> 00:47:52,840

giants Casey Oh alternative archaeology

1090

00:47:58,980 --> 00:47:56,920

all kinds of fun stuff and if anybody

1091

00:48:03,150 --> 00:47:58,990

out there has any questions for our

1092

00:48:04,770 --> 00:48:03,160

guests and please text us you can call

1093

00:48:05,790 --> 00:48:04,780

in all kinds of different ways you know

1094

00:48:08,160 --> 00:48:05,800

go to the chat room

1095

00:48:10,380 --> 00:48:08,170

we love to we love to hear from you we

1096

00:48:13,470 --> 00:48:10,390

love to hear your questions

1097

00:48:18,810 --> 00:48:13,480

all right gentlemen so let's let's get

1098

00:48:22,770 --> 00:48:18,820

into the the subject of new world Giants

1099

00:48:28,820 --> 00:48:22,780

now I live in Indiana and as you well

1100

00:48:32,300 --> 00:48:28,830

know I mean we have a rich history of

1101

00:48:36,380 --> 00:48:32,310

mounds and earthworks as well as

1102

00:48:38,960 --> 00:48:36,390

especially 19th century discovery of

1103

00:48:41,760 --> 00:48:38,970

giant bones in this state in fact

1104

00:48:44,970 --> 00:48:41,770

there's a location just a few miles down

1105

00:48:49,470 --> 00:48:44,980

the road from where I live that there is

1106

00:48:51,390 --> 00:48:49,480

a newspaper article talking about giant

1107

00:48:55,110 --> 00:48:51,400

bones discovered in this mound which you

1108

00:49:00,360 --> 00:48:55,120

know unfortunately has long been plowed

1109

00:49:02,940 --> 00:49:00,370

under as are a lot of the smaller sites

1110

00:49:07,320 --> 00:49:02,950

throughout the state we still have the

1111

00:49:09,290 --> 00:49:07,330

the Anderson bounds and then the the

1112

00:49:13,310 --> 00:49:09,300

Evansville Indiana

1113

00:49:18,050 --> 00:49:13,320

mounds which have become state parks but

1114

00:49:23,740 --> 00:49:18,060

a lot of the critics of the whole North

1115

00:49:28,160 --> 00:49:23,750

America giant bones they love to pick on

1116

00:49:29,750 --> 00:49:28,170

the newspaper and science journal

1117

00:49:33,260 --> 00:49:29,760

articles that were written at the time

1118

00:49:36,830 --> 00:49:33,270

of these discoveries saying that you

1119

00:49:39,800 --> 00:49:36,840

know they were local hoaxes that they

1120

00:49:42,890 --> 00:49:39,810

were a reprint after reprint from other

1121

00:49:46,250 --> 00:49:42,900

newspapers across the country now you

1122

00:49:49,180 --> 00:49:46,260

know I've had the opportunity to do

1123

00:49:51,620 --> 00:49:49,190

research myself going to local libraries

1124

00:49:53,750 --> 00:49:51,630

things like that looking up some of

1125

00:49:56,390 --> 00:49:53,760

these older newspaper accounts you

1126
00:49:57,830 --> 00:49:56,400
sometimes you can tell that yeah this is

1127
00:50:00,320 --> 00:49:57,840
you know probably an editor or a

1128
00:50:02,840 --> 00:50:00,330
reporter having fun and there are you

1129
00:50:07,070 --> 00:50:02,850
know reprints from across the country

1130
00:50:09,859 --> 00:50:07,080
but there are also a lot of local

1131
00:50:12,160 --> 00:50:09,869
accounts that happened within you know a

1132
00:50:16,820 --> 00:50:12,170
few days after the article was written

1133
00:50:19,340 --> 00:50:16,830
about these discoveries so and I think

1134
00:50:23,900 --> 00:50:19,350
that a lot of people in this country are

1135
00:50:25,970 --> 00:50:23,910
surprised to learn that these kinds of

1136
00:50:28,580 --> 00:50:25,980
finds you know had been made in the past

1137
00:50:30,920 --> 00:50:28,590
they may be familiar with say like

1138
00:50:33,040 --> 00:50:30,930

difficult accounts of giants and and

1139

00:50:38,480 --> 00:50:33,050

things like that but they have no idea

1140

00:50:42,980 --> 00:50:38,490

that these types of bones were being

1141

00:50:45,050 --> 00:50:42,990

discovered in in North America so

1142

00:50:47,230 --> 00:50:45,060

whoever wants to jump on this first go

1143

00:50:50,570 --> 00:50:47,240

out Jim

1144

00:50:55,010 --> 00:50:50,580

sure I will I will and then Greg can add

1145

00:50:57,349 --> 00:50:55,020

his expertise to it absolutely I found

1146

00:51:02,510 --> 00:50:57,359

I mean I've tracked down so many stories

1147

00:51:05,060 --> 00:51:02,520

I read on Facebook I wrote the daily

1148

00:51:07,370 --> 00:51:05,070

daily giant for four hundred and thirty

1149

00:51:10,160 --> 00:51:07,380

days straight where I investigated and

1150

00:51:11,630 --> 00:51:10,170

reported on individual accounts for that

1151
00:51:12,590 --> 00:51:11,640
length of time it was kind of

1152
00:51:15,650 --> 00:51:12,600
tongue-in-cheek

1153
00:51:18,770 --> 00:51:15,660
but I I dug into the research it forced

1154
00:51:21,140 --> 00:51:18,780
me to contact family members to talk to

1155
00:51:22,910 --> 00:51:21,150
professionals to dig into records and

1156
00:51:24,380 --> 00:51:22,920
what I found was

1157
00:51:27,620 --> 00:51:24,390
the vast majority of these accounts

1158
00:51:31,270 --> 00:51:27,630
aren't headlined splashing clickbait of

1159
00:51:33,880 --> 00:51:31,280
the time they're rather obscurely buried

1160
00:51:36,440 --> 00:51:33,890
documented by sober academics or

1161
00:51:39,320 --> 00:51:36,450
historians you know sometimes farmers

1162
00:51:41,840 --> 00:51:39,330
and laypeople but so many the accounts

1163
00:51:44,600 --> 00:51:41,850

are you know 8 foot 2 and skeleton was

1164

00:51:46,370 --> 00:51:44,610

unearthed the jawbone was so massive it

1165

00:51:49,580 --> 00:51:46,380

could fit over the largest man in town

1166

00:51:52,100 --> 00:51:49,590

with room to spare and across the entire

1167

00:51:54,920 --> 00:51:52,110

country you know these same reports the

1168

00:51:59,090 --> 00:51:54,930

town is abuzz the skull is at the county

1169

00:52:00,320 --> 00:51:59,100

clerk's office you know that and you you

1170

00:52:02,330 --> 00:52:00,330

reach out and you're like oh my

1171

00:52:04,910 --> 00:52:02,340

grandfather dug that up like in a show

1172

00:52:06,890 --> 00:52:04,920

in Missouri 8-foot skeleton we found the

1173

00:52:08,240 --> 00:52:06,900

spot it was dug up and he's like oh if

1174

00:52:10,910 --> 00:52:08,250

he was saying it you take that to the

1175

00:52:12,320 --> 00:52:10,920

bank and students along with the

1176

00:52:14,210 --> 00:52:12,330

professor from the University of

1177

00:52:17,000 --> 00:52:14,220

Missouri they measured it they shipped

1178

00:52:19,880 --> 00:52:17,010

it to the Smithsonian 1933 and I'm not

1179

00:52:21,620 --> 00:52:19,890

gonna put it all in the Smithsonian as

1180

00:52:24,230 --> 00:52:21,630

some vast conspiracy and they have giant

1181

00:52:26,810 --> 00:52:24,240

bones in the 20th level of their of

1182

00:52:28,820 --> 00:52:26,820

their dungeon or whatever I'm just going

1183

00:52:32,570 --> 00:52:28,830

to say that there is no question that

1184

00:52:34,460 --> 00:52:32,580

these are just the measurement of a

1185

00:52:36,590 --> 00:52:34,470

stationary objects in an era of

1186

00:52:38,600 --> 00:52:36,600

inefficient communication a lot of these

1187

00:52:40,880 --> 00:52:38,610

are not hoaxes although there are some

1188

00:52:42,230 --> 00:52:40,890

of course there were some regression

1189

00:52:44,210 --> 00:52:42,240

formula problems there's miss

1190

00:52:46,880 --> 00:52:44,220

measurement I mean there's a faulty

1191

00:52:48,620 --> 00:52:46,890

regression formulas that we use but

1192

00:52:50,540 --> 00:52:48,630

autumn adjust like if it's a 29 inch

1193

00:52:54,050 --> 00:52:50,550

femur bone with Native American

1194

00:52:56,030 --> 00:52:54,060

artifacts in context you can be pretty

1195

00:52:57,830 --> 00:52:56,040

certain that it's a 29 inch Freema bone

1196

00:53:00,680 --> 00:52:57,840

it's absolutely enormous over 8 foot

1197

00:53:02,750 --> 00:53:00,690

tall person and the early explorers

1198

00:53:05,300 --> 00:53:02,760

everyone you can name from the jel in

1199

00:53:07,820 --> 00:53:05,310

DeSoto Coronado John Smith they all

1200

00:53:11,000 --> 00:53:07,830

encountered enormous giant Chiefs like

1201
00:53:13,550 --> 00:53:11,010
Tuscaloosa and Alabama and his father I

1202
00:53:16,160 --> 00:53:13,560
you know it's it's not like oh the

1203
00:53:18,130 --> 00:53:16,170
Spanish were 5-2 and the natives were 5

1204
00:53:21,530 --> 00:53:18,140
9 it was like they were talking about

1205
00:53:25,010 --> 00:53:21,540
absolutely enormous native rulers and

1206
00:53:26,930 --> 00:53:25,020
and you know the whole story taken

1207
00:53:29,480 --> 00:53:26,940
together it's not just one or two

1208
00:53:32,380 --> 00:53:29,490
sources it's religious documents oral

1209
00:53:35,570 --> 00:53:32,390
traditions the Rosicrucians Freemasons

1210
00:53:36,500 --> 00:53:35,580
great mystics they all talk about giants

1211
00:53:38,780 --> 00:53:36,510
being a reality

1212
00:53:41,480 --> 00:53:38,790
and the Bible has like 23 different

1213
00:53:43,340 --> 00:53:41,490

accounts of giants the sons of anak you

1214

00:53:45,980 --> 00:53:43,350

have the Anunnaki

1215

00:53:49,040 --> 00:53:45,990

it's just amazing the entire globe is

1216

00:53:51,680 --> 00:53:49,050

littered with like giant hands and feet

1217

00:53:55,190 --> 00:53:51,690

with six fingers and toes in rock art

1218

00:53:57,500 --> 00:53:55,200

and petroglyphs and oral traditions and

1219

00:54:01,430 --> 00:53:57,510

on isolated Pacific Islands the whole

1220

00:54:03,710 --> 00:54:01,440

thing is it's so astonishing how Giants

1221

00:54:05,960 --> 00:54:03,720

are woven into the the the literal

1222

00:54:08,840 --> 00:54:05,970

landscape everywhere you go all around

1223

00:54:11,120 --> 00:54:08,850

this globe and ancient america has a

1224

00:54:13,790 --> 00:54:11,130

mysterious story to tell that should be

1225

00:54:16,160 --> 00:54:13,800

welcomed you want to get people into

1226

00:54:18,230 --> 00:54:16,170

like to have an interest in it what was

1227

00:54:20,450 --> 00:54:18,240

going on the these natives and

1228

00:54:22,640 --> 00:54:20,460

civilizations were astounding let's look

1229

00:54:24,560 --> 00:54:22,650

at them and instead you see the

1230

00:54:26,840 --> 00:54:24,570

entrenched orientation of dismissing all

1231

00:54:29,750 --> 00:54:26,850

of them with an amalgam of like

1232

00:54:30,859 --> 00:54:29,760

half-assed debunking theories like all

1233

00:54:32,960 --> 00:54:30,869

the mastodon bones

1234

00:54:35,240 --> 00:54:32,970

no they're not you know maybe one or two

1235

00:54:37,490 --> 00:54:35,250

but we're talking about a Native

1236

00:54:39,590 --> 00:54:37,500

American grave that is has Native

1237

00:54:42,080 --> 00:54:39,600

American artifacts in it with with the

1238

00:54:44,750 --> 00:54:42,090

you know the specific anatomical

1239

00:54:45,680 --> 00:54:44,760

measurements so I'm not saying I have

1240

00:54:47,210 --> 00:54:45,690

the time machine

1241

00:54:49,490 --> 00:54:47,220

but I'm saying nobody has the time

1242

00:54:51,260 --> 00:54:49,500

machine and to denigrate oral traditions

1243

00:54:56,210 --> 00:54:51,270

and ignore all these accounts is bad

1244

00:54:59,780 --> 00:54:56,220

science a little you've got to add into

1245

00:55:02,090 --> 00:54:59,790

that and you and Hugh Andrew and I and

1246

00:55:04,220 --> 00:55:02,100

several other people Ross Hamilton's

1247

00:55:06,170 --> 00:55:04,230

another one I there's people it loads of

1248

00:55:07,910 --> 00:55:06,180

people I should mention but we don't

1249

00:55:10,040 --> 00:55:07,920

have time to mention them all but there

1250

00:55:12,500 --> 00:55:10,050

has been a lot of research where people

1251
00:55:15,830 --> 00:55:12,510
like us have gone through the actual

1252
00:55:18,590 --> 00:55:15,840
scientific studies the scientific

1253
00:55:21,440 --> 00:55:18,600
articles published by the people that

1254
00:55:23,810 --> 00:55:21,450
did the excavations they were doctoral

1255
00:55:26,780 --> 00:55:23,820
level archaeologists at the University

1256
00:55:29,240 --> 00:55:26,790
of Kentucky at the from the Carnegie

1257
00:55:32,510 --> 00:55:29,250
Institution from the University of

1258
00:55:35,980 --> 00:55:32,520
Alabama many many archaeologists dug

1259
00:55:39,230 --> 00:55:35,990
into mounds doing excavations before

1260
00:55:42,650 --> 00:55:39,240
1990 that's a key date in all of this

1261
00:55:44,800 --> 00:55:42,660
and they reported good measurements they

1262
00:55:48,140 --> 00:55:44,810
knew how to measure skeletal remains

1263
00:55:50,030 --> 00:55:48,150

they found many many skeletons that were

1264

00:55:52,670 --> 00:55:50,040

between seven and eight

1265

00:55:55,580 --> 00:55:52,680

and they found a lot more that were say

1266

00:55:58,370 --> 00:55:55,590

six five six six six seven six eight six

1267

00:56:00,380 --> 00:55:58,380

nine and so on but they found many that

1268

00:56:03,280 --> 00:56:00,390

were at least seven feet tall to eight

1269

00:56:06,950 --> 00:56:03,290

feet tall statistically it is

1270

00:56:10,280 --> 00:56:06,960

disproportionate there have been I ran

1271

00:56:12,890 --> 00:56:10,290

several statistical measures on it based

1272

00:56:15,500 --> 00:56:12,900

strictly on what the Smithsonian found

1273

00:56:17,930 --> 00:56:15,510

and statistically it's not a coincidence

1274

00:56:20,630 --> 00:56:17,940

it's not something you'd find by chance

1275

00:56:23,060 --> 00:56:20,640

there was a group in ancient America of

1276

00:56:26,200 --> 00:56:23,070

people I don't talk about people above

1277

00:56:29,180 --> 00:56:26,210

eight feet tall there probably were some

1278

00:56:31,700 --> 00:56:29,190

but it's it's very clear there was a

1279

00:56:34,640 --> 00:56:31,710

very large group of people no pun

1280

00:56:37,130 --> 00:56:34,650

intended that were here at the time of

1281

00:56:40,100 --> 00:56:37,140

the mound builders sometime maybe three

1282

00:56:41,860 --> 00:56:40,110

four thousand years ago who were seven

1283

00:56:44,450 --> 00:56:41,870

to eight feet tall and they were

1284

00:56:46,550 --> 00:56:44,460

important they were the elite and we

1285

00:56:49,100 --> 00:56:46,560

know that because they were not cremated

1286

00:56:51,440 --> 00:56:49,110

they were put in elaborate tombs and

1287

00:56:53,510 --> 00:56:51,450

elaborate elaborate burials so they were

1288

00:56:54,230 --> 00:56:53,520

very important to the society there's no

1289

00:56:57,050 --> 00:56:54,240

doubt about it

1290

00:57:00,230 --> 00:56:57,060

now the skeptics don't ever even talk

1291

00:57:02,000 --> 00:57:00,240

about them it's in all of the scientific

1292

00:57:05,420 --> 00:57:02,010

literature but the skeptics will not

1293

00:57:07,340 --> 00:57:05,430

even acknowledge them they say well show

1294

00:57:08,270 --> 00:57:07,350

me the bones Jim knows very well what

1295

00:57:11,510 --> 00:57:08,280

happened to them

1296

00:57:15,440 --> 00:57:11,520

this Missoni and when I contacted this

1297

00:57:19,070 --> 00:57:15,450

myth Sounion this was in 2015

1298

00:57:22,790 --> 00:57:19,080

yes 2015 I was told that they had less

1299

00:57:25,490 --> 00:57:22,800

than 300 Native American and that dis

1300

00:57:28,700 --> 00:57:25,500

include South and Central America Native

1301
00:57:31,670 --> 00:57:28,710
American skeletal remains less than 300

1302
00:57:33,950 --> 00:57:31,680
and all of the ones that they had were

1303
00:57:36,080 --> 00:57:33,960
from South and Central America and the

1304
00:57:38,900 --> 00:57:36,090
only reason that they had those is they

1305
00:57:41,420 --> 00:57:38,910
couldn't find anyone to give them to

1306
00:57:42,650 --> 00:57:41,430
they could not get rid of them they're

1307
00:57:44,870 --> 00:57:42,660
not allowed to get rid of them they had

1308
00:57:46,760 --> 00:57:44,880
to give them to some native tribe some

1309
00:57:49,640 --> 00:57:46,770
official tribe that would take them and

1310
00:57:51,770 --> 00:57:49,650
then the native tribes either Ribery

1311
00:57:54,170 --> 00:57:51,780
them or they cremate them I know they

1312
00:57:56,750 --> 00:57:54,180
have done a lot of cremations on them so

1313
00:57:59,990 --> 00:57:56,760

the evidence of all these skeletons is

1314

00:58:01,490 --> 00:58:00,000

gone and that that's very convenient for

1315

00:58:03,680 --> 00:58:01,500

the skeptics to say well show me a

1316

00:58:05,180 --> 00:58:03,690

skeleton well there are some photo

1317

00:58:07,339 --> 00:58:05,190

of them and there certainly are loads

1318

00:58:09,530 --> 00:58:07,349

and loads of archaeological reports from

1319

00:58:12,500 --> 00:58:09,540

major American universities where they

1320

00:58:14,780 --> 00:58:12,510

were found that is that is very clear a

1321

00:58:17,180 --> 00:58:14,790

lot of the newspaper articles that Jim

1322

00:58:18,620 --> 00:58:17,190

mentioned I believe he started out he

1323

00:58:20,960 --> 00:58:18,630

started this out by saying there were

1324

00:58:23,150 --> 00:58:20,970

about at least 1500 of them now and I'm

1325

00:58:26,030 --> 00:58:23,160

sure that is correct if not more than

1326

00:58:29,450 --> 00:58:26,040

that some of those newspaper articles

1327

00:58:32,839 --> 00:58:29,460

were based upon the archaeological finds

1328

00:58:34,819 --> 00:58:32,849

and I by all I did with a skeptic was he

1329

00:58:37,730 --> 00:58:34,829

said oh they're all nonsense and I said

1330

00:58:41,540 --> 00:58:37,740

well hmm that means if we find just one

1331

00:58:45,099 --> 00:58:41,550

that wasn't nonsense then your statement

1332

00:58:47,599 --> 00:58:45,109

that they're all nonsense is wrong and

1333

00:58:51,109 --> 00:58:47,609

we did it was very easy to find

1334

00:58:53,900 --> 00:58:51,119

newspaper articles that were reporting

1335

00:58:56,180 --> 00:58:53,910

straight out of the archaeological

1336

00:58:58,250 --> 00:58:56,190

reports it is true that there were some

1337

00:58:59,960 --> 00:58:58,260

that were exaggerations and probably

1338

00:59:02,450 --> 00:58:59,970

some that were made up and some that

1339

00:59:04,099 --> 00:59:02,460

were based on very elaborate hoaxes some

1340

00:59:05,900 --> 00:59:04,109

of these people were very clever with

1341

00:59:07,280 --> 00:59:05,910

what they did but they weren't

1342

00:59:10,609 --> 00:59:07,290

archaeologists and they weren't people

1343

00:59:12,290 --> 00:59:10,619

out to do a hoax with Native Americans

1344

00:59:14,210 --> 00:59:12,300

per se they were trying to make money

1345

00:59:16,760 --> 00:59:14,220

out of it one way or another they were

1346

00:59:19,240 --> 00:59:16,770

doing the hoaxes to to swindle people

1347

00:59:21,890 --> 00:59:19,250

out of money in some cases land deals

1348

00:59:24,920 --> 00:59:21,900

but there is clear evidence that they

1349

00:59:28,040 --> 00:59:24,930

were here I know a lot more about North

1350

00:59:31,670 --> 00:59:28,050

America I know to South America has many

1351
00:59:35,240 --> 00:59:31,680
many tales one of the people who

1352
00:59:39,530 --> 00:59:35,250
witnessed the extermination of the very

1353
00:59:42,740 --> 00:59:39,540
tall people in extreme south america

1354
00:59:46,010 --> 00:59:42,750
around Tierra del Fuego wrote about it

1355
00:59:47,540 --> 00:59:46,020
I've got quotes in the net in the book

1356
00:59:49,490 --> 00:59:47,550
that's coming out in September about

1357
00:59:51,920 --> 00:59:49,500
what this person wrote about it

1358
00:59:55,640 --> 00:59:51,930
watching the extermination of this very

1359
00:59:58,099 --> 00:59:55,650
tall tribe of people all of whom were

1360
01:00:01,420 --> 00:59:58,109
supposedly well over seven feet tall and

1361
01:00:04,819 --> 01:00:01,430
that person was Charles Darwin hmm

1362
01:00:07,069 --> 01:00:04,829
Darwin is the person who wrote that and

1363
01:00:09,470 --> 01:00:07,079

and witnessed it we know there were

1364

01:00:12,410 --> 01:00:09,480

these pockets where there were a lot of

1365

01:00:16,160 --> 01:00:12,420

very tall people they exceedingly tall

1366

01:00:17,470 --> 01:00:16,170

so there was something going on and it

1367

01:00:20,620 --> 01:00:17,480

truly it's a

1368

01:00:22,840 --> 01:00:20,630

very interesting mystery and I would

1369

01:00:24,760 --> 01:00:22,850

take the position what is the harm and

1370

01:00:28,120 --> 01:00:24,770

looking into it how does that hurt

1371

01:00:30,190 --> 01:00:28,130

science how does that hurt archaeology

1372

01:00:33,070 --> 01:00:30,200

and it doesn't they're just they just

1373

01:00:35,400 --> 01:00:33,080

aren't doing it themselves and they

1374

01:00:39,010 --> 01:00:35,410

can't for whatever reason or they're not

1375

01:00:40,359 --> 01:00:39,020

yeah let me quickly add the the onna

1376

01:00:43,270 --> 01:00:40,369

people that you talked about in

1377

01:00:45,130 --> 01:00:43,280

Patagonia at the tip of South America

1378

01:00:48,430 --> 01:00:45,140

my buddy Mikey you is he's done a lot of

1379

01:00:51,940 --> 01:00:48,440

research into you know giant mysteries

1380

01:00:54,670 --> 01:00:51,950

and he found a Frederick cook article at

1381

01:00:56,950 --> 01:00:54,680

the in the late 1800s when the owner

1382

01:01:00,910 --> 01:00:56,960

were being exterminated and he met

1383

01:01:02,740 --> 01:01:00,920

between you know six and a half to seven

1384

01:01:04,270 --> 01:01:02,750

and a half foot tall natives it he has

1385

01:01:07,090 --> 01:01:04,280

itches and we have him in our book a

1386

01:01:09,160 --> 01:01:07,100

six foot six own a woman a seven foot

1387

01:01:11,770 --> 01:01:09,170

two male a seven foot four male all

1388

01:01:14,859 --> 01:01:11,780

photographed and cook talked about like

1389

01:01:17,770 --> 01:01:14,869

they had an incredible strength that

1390

01:01:19,540 --> 01:01:17,780

like their voice was like in a vault

1391

01:01:22,630 --> 01:01:19,550

you know the almost people with almost

1392

01:01:24,780 --> 01:01:22,640

different genetics then then we have you

1393

01:01:27,280 --> 01:01:24,790

know like a genetic mystery but

1394

01:01:29,920 --> 01:01:27,290

absolutely an anthropological curveball

1395

01:01:31,990 --> 01:01:29,930

this isn't like like when I talk to

1396

01:01:33,849 --> 01:01:32,000

skeptics it's like well maybe there's

1397

01:01:35,740 --> 01:01:33,859

like the Adina people they were fed

1398

01:01:37,420 --> 01:01:35,750

better than the rest of the other people

1399

01:01:39,640 --> 01:01:37,430

or they were interbreeding in a royal

1400

01:01:46,210 --> 01:01:39,650

class you don't talk or when you're fed

1401

01:01:49,180 --> 01:01:46,220

better you just get that I appreciate

1402

01:01:51,010 --> 01:01:49,190

the the desire to maybe try to figure it

1403

01:01:52,960 --> 01:01:51,020

out but it's never through the lens of

1404

01:01:57,280 --> 01:01:52,970

maybe there was you know in ancient

1405

01:01:59,140 --> 01:01:57,290

America and you know evolution occurring

1406

01:02:01,540 --> 01:01:59,150

you know from australopithecines to the

1407

01:02:04,300 --> 01:02:01,550

homogeneous the spread around the globe

1408

01:02:05,620 --> 01:02:04,310

and now you see that it's all in turmoil

1409

01:02:08,770 --> 01:02:05,630

that's another thing like Out of Africa

1410

01:02:12,190 --> 01:02:08,780

is a mess human origins it's like is it

1411

01:02:14,080 --> 01:02:12,200

multi regionalism why is Homo erectus in

1412

01:02:15,280 --> 01:02:14,090

the Republic of Georgia two million

1413

01:02:17,880 --> 01:02:15,290

years ago there's all these new

1414

01:02:21,040 --> 01:02:17,890

questions which is great but a

1415

01:02:23,109 --> 01:02:21,050

perceptual shift well maybe there was a

1416

01:02:24,730 --> 01:02:23,119

lost continent or maybe there is genetic

1417

01:02:27,520 --> 01:02:24,740

intervention and the creation of Homo

1418

01:02:29,830 --> 01:02:27,530

sapiens my answers a lot of questions

1419

01:02:31,030 --> 01:02:29,840

that we're talking about here and if you

1420

01:02:33,280 --> 01:02:31,040

read all the the

1421

01:02:37,240 --> 01:02:33,290

accounts of the Mystics the secret

1422

01:02:38,140 --> 01:02:37,250

societies the oral traditions you find a

1423

01:02:39,970 --> 01:02:38,150

different story

1424

01:02:42,280 --> 01:02:39,980

you know these ancient texts although a

1425

01:02:44,260 --> 01:02:42,290

lot of wisdom that they're telling the

1426

01:02:46,930 --> 01:02:44,270

same strange and specific story about

1427

01:02:50,020 --> 01:02:46,940

the origins of humans and it has a very

1428

01:02:51,820 --> 01:02:50,030

supernatural aspect to it and I was shy

1429

01:02:54,550 --> 01:02:51,830

I shied away from that for a long time

1430

01:02:56,800 --> 01:02:54,560

because I'm in over my head already but

1431

01:02:58,540 --> 01:02:56,810

you know intuitively there is something

1432

01:03:01,050 --> 01:02:58,550

to these stories I believe and at the

1433

01:03:03,520 --> 01:03:01,060

very least there were the investigation

1434

01:03:10,230 --> 01:03:03,530

okay you brought up a good point about

1435

01:03:13,600 --> 01:03:10,240

the genetic mysteries one of the

1436

01:03:17,380 --> 01:03:13,610

consistent points that has been brought

1437

01:03:19,900 --> 01:03:17,390

up with a lot of these early you know

1438

01:03:22,720 --> 01:03:19,910

newspaper and science journal accounts

1439

01:03:25,360 --> 01:03:22,730

is the observation that a lot of these

1440

01:03:29,890 --> 01:03:25,370

giant skulls had double rows of teeth

1441

01:03:32,800 --> 01:03:29,900

and and I know that that the Jim that

1442

01:03:36,610 --> 01:03:32,810

you have been taken to task a couple of

1443

01:03:43,690 --> 01:03:36,620

times by some skeptics when you discuss

1444

01:03:44,800 --> 01:03:43,700

this but it's this this was written

1445

01:03:47,920 --> 01:03:44,810

about quite a bit

1446

01:03:50,050 --> 01:03:47,930

I mean you know not every account of a

1447

01:03:55,930 --> 01:03:50,060

giant's goal it always was observed to

1448

01:04:02,860 --> 01:03:55,940

have this but do you think that this is

1449

01:04:07,870 --> 01:04:02,870

a real phenomena well yeah well what I'm

1450

01:04:10,120 --> 01:04:07,880

trying to think of is a a hereditary

1451

01:04:12,100 --> 01:04:10,130

trait you know when you have family

1452

01:04:14,320 --> 01:04:12,110

groups marrying in with each other you

1453

01:04:18,010 --> 01:04:14,330

know you you carry this on you know down

1454

01:04:20,020 --> 01:04:18,020

down the line nominally thank you thank

1455

01:04:23,260 --> 01:04:20,030

your ass yes right right I mean do you

1456

01:04:25,240 --> 01:04:23,270

do you think this this is that this

1457

01:04:28,410 --> 01:04:25,250

actually you know took place that these

1458

01:04:31,360 --> 01:04:28,420

observations were correct or as somebody

1459

01:04:34,450 --> 01:04:31,370

pointed out I was reading today was just

1460

01:04:36,640 --> 01:04:34,460

a matter of they had ground their teeth

1461

01:04:38,380 --> 01:04:36,650

down to such a point that it was just

1462

01:04:40,270 --> 01:04:38,390

their molar you know the roots of their

1463

01:04:42,010 --> 01:04:40,280

bowler showing through yeah yeah I'll

1464

01:04:42,640 --> 01:04:42,020

give my take on it and then Greg and

1465

01:04:44,470 --> 01:04:42,650

chimed in

1466

01:04:46,359 --> 01:04:44,480

there's a note

1467

01:04:48,099 --> 01:04:46,369

took that I'm friends with who made the

1468

01:04:51,280 --> 01:04:48,109

point that it might be the parlance of

1469

01:04:53,890 --> 01:04:51,290

the time like like these these finds

1470

01:04:55,480 --> 01:04:53,900

were described like like if you

1471

01:04:58,150 --> 01:04:55,490

double-jointed do you not really

1472

01:05:00,550 --> 01:04:58,160

double-jointed you know like when in the

1473

01:05:03,099 --> 01:05:00,560

1900 it's discussing like perfect teeth

1474

01:05:05,800 --> 01:05:03,109

and an allure an upper jaw was a you

1475

01:05:08,380 --> 01:05:05,810

know to say a double row of teeth was a

1476

01:05:10,210 --> 01:05:08,390

way to describe that because you know

1477

01:05:11,650 --> 01:05:10,220

most of the colonists said the teeth

1478

01:05:13,480 --> 01:05:11,660

rotting out of their head and the native

1479

01:05:16,330 --> 01:05:13,490

scholars had perfect teeth so that

1480

01:05:21,340 --> 01:05:16,340

that's the the idea you know and I'll

1481

01:05:23,109 --> 01:05:21,350

say too that I've done a same thing in

1482

01:05:25,240 --> 01:05:23,119

your up Hugh Newman and I have uncovered

1483

01:05:27,580 --> 01:05:25,250

hundreds of accounts and I haven't found

1484

01:05:29,620 --> 01:05:27,590

any double rows of teeth accounts in

1485

01:05:31,720 --> 01:05:29,630

Europe but I've certainly found jaw

1486

01:05:33,430 --> 01:05:31,730

bones over the face massive skeletons

1487

01:05:37,450 --> 01:05:33,440

the same thing you find in the Americas

1488

01:05:40,359 --> 01:05:37,460

so I am open to the idea you know when

1489

01:05:42,430 --> 01:05:40,369

when it was first brought up it was that

1490

01:05:43,480 --> 01:05:42,440

this is a complete hoax and I'm like

1491

01:05:46,480 --> 01:05:43,490

this isn't a hoax

1492

01:05:48,700 --> 01:05:46,490

this is reported you know like I sin in

1493

01:05:51,160 --> 01:05:48,710

obscure journals and stuff something

1494

01:05:52,540 --> 01:05:51,170

else is going on and maybe some of these

1495

01:05:57,099 --> 01:05:52,550

are described

1496

01:05:59,650 --> 01:05:57,109

maybe these are am i trying to say are

1497

01:06:01,960 --> 01:05:59,660

really the parlance of the time you know

1498

01:06:03,790 --> 01:06:01,970

I'm not against that idea I'm open to

1499

01:06:06,040 --> 01:06:03,800

whatever but what it really does

1500

01:06:08,410 --> 01:06:06,050

indicate are these real accounts and

1501
01:06:10,480 --> 01:06:08,420
real observations of human skeletons not

1502
01:06:13,030 --> 01:06:10,490
Mastodon bones and things like that it

1503
01:06:14,950 --> 01:06:13,040
could be hyper don t extra teeth it

1504
01:06:17,500 --> 01:06:14,960
could be double rows of teeth I'm not

1505
01:06:20,890 --> 01:06:17,510
entirely sure I just know that it's not

1506
01:06:24,820 --> 01:06:20,900
a hoax that's what that's where I fall

1507
01:06:28,720 --> 01:06:24,830
down on it Jim I think Jim is dead on

1508
01:06:30,580 --> 01:06:28,730
with that some of it was the parlance of

1509
01:06:32,530 --> 01:06:30,590
the time where a double row of teeth

1510
01:06:35,560 --> 01:06:32,540
meant you had to an upper and a lower

1511
01:06:37,690 --> 01:06:35,570
upper and lower row of teeth but I think

1512
01:06:39,700 --> 01:06:37,700
some of them did have what you're

1513
01:06:42,730 --> 01:06:39,710

calling a double row of teeth some of

1514

01:06:45,099 --> 01:06:42,740

them actually did have that if they did

1515

01:06:48,670 --> 01:06:45,109

it has to be a genetic disorder all of

1516

01:06:50,620 --> 01:06:48,680

that comes from genetics anyway but if I

1517

01:06:52,660 --> 01:06:50,630

was Jim what I would do is flip that

1518

01:06:55,000 --> 01:06:52,670

back on the person that said that is

1519

01:06:56,830 --> 01:06:55,010

attacking that Oh ed that these reports

1520

01:06:57,940 --> 01:06:56,840

say a double row of teeth oh that really

1521

01:07:00,339 --> 01:06:57,950

means this

1522

01:07:02,140 --> 01:07:00,349

and if they're in if you if they're

1523

01:07:04,299 --> 01:07:02,150

saying that that part of the story is

1524

01:07:06,190 --> 01:07:04,309

true then why isn't the seven-foot-tall

1525

01:07:09,010 --> 01:07:06,200

true that's in the same newspaper

1526

01:07:11,440 --> 01:07:09,020

article if there are saying that it must

1527

01:07:14,289 --> 01:07:11,450

be that all they must be referring to

1528

01:07:16,510 --> 01:07:14,299

just regular teeth well then why is the

1529

01:07:18,520 --> 01:07:16,520

other part not looked at why is the

1530

01:07:22,690 --> 01:07:18,530

other part not true then they're saying

1531

01:07:24,039 --> 01:07:22,700

part of the article is true and yes and

1532

01:07:25,180 --> 01:07:24,049

that's the point I made it's just like

1533

01:07:27,579 --> 01:07:25,190

yeah actually this is further

1534

01:07:29,230 --> 01:07:27,589

verification that this is a real

1535

01:07:33,579 --> 01:07:29,240

phenomena that should be investigated

1536

01:07:36,190 --> 01:07:33,589

and 1877 forty-fourth Smithsonian

1537

01:07:39,789 --> 01:07:36,200

ethnology report Augustus Mitchell and I

1538

01:07:42,099 --> 01:07:39,799

think Amelia Island Florida on earth and

1539

01:07:43,870 --> 01:07:42,109

over 7-foot skeleton and he said not

1540

01:07:46,599 --> 01:07:43,880

only did it have two rows of teeth it

1541

01:07:48,430 --> 01:07:46,609

had a third set coming in - that was in

1542

01:07:50,680 --> 01:07:48,440

the Smithsonian's own ethnology reports

1543

01:07:53,079 --> 01:07:50,690

and Mitchell put the skull in front of

1544

01:07:54,819 --> 01:07:53,089

him he said it was absolutely the most

1545

01:07:56,760 --> 01:07:54,829

giant skull this is all in the records

1546

01:07:59,620 --> 01:07:56,770

he's ever seen and it disintegrated

1547

01:08:01,990 --> 01:07:59,630

after like a half an hour of exposure to

1548

01:08:04,470 --> 01:08:02,000

the air and when I did my TEDx talk I

1549

01:08:07,809 --> 01:08:04,480

mentioned that a lot of these bones were

1550

01:08:09,609 --> 01:08:07,819

disintegrated or reporters who have

1551
01:08:12,730 --> 01:08:09,619
disintegrated after some point because

1552
01:08:14,740 --> 01:08:12,740
whatever and one of the arguments was

1553
01:08:21,640 --> 01:08:14,750
that I made that up so I didn't have to

1554
01:08:23,829 --> 01:08:21,650
explain where the bones were report

1555
01:08:25,959 --> 01:08:23,839
after report that the Smithsonian wrote

1556
01:08:28,630 --> 01:08:25,969
that as soon as they exposed the bones

1557
01:08:32,039 --> 01:08:28,640
to the air they could actually see them

1558
01:08:34,539 --> 01:08:32,049
start to turn to almost powdery dust

1559
01:08:38,019 --> 01:08:34,549
exactly when we come back I know we got

1560
01:08:40,450 --> 01:08:38,029
a break coming when we come back Elvia

1561
01:08:43,450 --> 01:08:40,460
island because I talked to the officials

1562
01:08:45,249 --> 01:08:43,460
there about the giant reports that is

1563
01:08:48,400 --> 01:08:45,259

one of the places where some of the

1564

01:08:51,160 --> 01:08:48,410

early explorers went in and they met

1565

01:08:53,169 --> 01:08:51,170

exceedingly tall people and the Chiefs

1566

01:08:55,479 --> 01:08:53,179

were all at least seven feet - all the

1567

01:08:56,829 --> 01:08:55,489

women were almost as tall as the Chiefs

1568

01:08:59,079 --> 01:08:56,839

and the rest of the tribe was

1569

01:09:01,329 --> 01:08:59,089

exceedingly tall and I've got to tell

1570

01:09:03,160 --> 01:09:01,339

you what they officially say now and

1571

01:09:04,479 --> 01:09:03,170

what they say in their museums there

1572

01:09:06,849 --> 01:09:04,489

it's very interesting

1573

01:09:09,519 --> 01:09:06,859

of course they deny at all they it's

1574

01:09:11,650 --> 01:09:09,529

it's just totally denied but you

1575

01:09:14,140 --> 01:09:11,660

actually got proof what

1576

01:09:16,480 --> 01:09:14,150

just said I mean some of those double

1577

01:09:19,360 --> 01:09:16,490

rows of teeth or even triple there is

1578

01:09:21,850 --> 01:09:19,370

evidence for them absolutely they

1579

01:09:23,530 --> 01:09:21,860

probably not all of those reports are

1580

01:09:25,570 --> 01:09:23,540

true but we already know newspaper

1581

01:09:27,910 --> 01:09:25,580

reports aren't true and I love the way

1582

01:09:28,540 --> 01:09:27,920

they say oh those old newspaper reports

1583

01:09:33,970 --> 01:09:28,550

aren't true

1584

01:09:36,730 --> 01:09:33,980

well how about modern newspaper reported

1585

01:09:38,560 --> 01:09:36,740

a true and the answer's no just the way

1586

01:09:40,450 --> 01:09:38,570

it is it's a way to denigrate the

1587

01:09:43,150 --> 01:09:40,460

argument and and the reality is the

1588

01:09:45,670 --> 01:09:43,160

majority these accounts aren't newspaper

1589

01:09:47,500 --> 01:09:45,680

accounts right yeah they're academic

1590

01:09:48,910 --> 01:09:47,510

journals they're scientific reports

1591

01:09:52,180 --> 01:09:48,920

that's that's what I'm getting at and

1592

01:09:53,950 --> 01:09:52,190

we're all talking about so and I know

1593

01:09:55,420 --> 01:09:53,960

the break is here in a second there are

1594

01:09:58,060 --> 01:09:55,430

dozens of accounts where it's

1595

01:10:01,690 --> 01:09:58,070

specifically stated a remarkable feature

1596

01:10:03,910 --> 01:10:01,700

was double rows of teeth in both the

1597

01:10:05,740 --> 01:10:03,920

upper and lower jaw you have that the

1598

01:10:07,590 --> 01:10:05,750

Bates mom with eight-foot skeletons in

1599

01:10:11,020 --> 01:10:07,600

Ohio you have it in Martha's Vineyard

1600

01:10:12,460 --> 01:10:11,030

Rockingham Vermont I'm gonna happen I'm

1601
01:10:13,630 --> 01:10:12,470
gonna interrupt you here Jim we have to

1602
01:10:15,610 --> 01:10:13,640
go to our break right now when we come

1603
01:10:17,980 --> 01:10:15,620
back we'll let this conversation

1604
01:10:19,360 --> 01:10:17,990
continue on exploring the bizarre since

1605
01:10:28,189 --> 01:10:19,370
taken

1606
01:10:34,919 --> 01:10:32,339
now back to exploring the bazaar with

1607
01:10:37,919 --> 01:10:34,929
two of the most electrifying researchers

1608
01:10:44,220 --> 01:10:37,929
in the Paranoid your hosts Timothy

1609
01:10:46,680 --> 01:10:44,230
Rebecca link Anton lists alright welcome

1610
01:10:47,790 --> 01:10:46,690
back to the final segment of exploring

1611
01:10:51,000 --> 01:10:47,800
the bazaar and we're having a great time

1612
01:10:54,410 --> 01:10:51,010
tonight with jim vera and dr. greg

1613
01:10:59,129 --> 01:10:54,420

little so a gentleman I want to bring

1614

01:11:01,439 --> 01:10:59,139

Edgar Cayce into all this but I want to

1615

01:11:04,250 --> 01:11:01,449

kind of get into that a little bit

1616

01:11:06,839 --> 01:11:04,260

sideways because I was wanting to ask

1617

01:11:09,299 --> 01:11:06,849

and of course this is just you know

1618

01:11:13,169 --> 01:11:09,309

opinions and speculations but I know

1619

01:11:17,009 --> 01:11:13,179

that you know some researchers have put

1620

01:11:24,330 --> 01:11:17,019

out the idea that that that these giants

1621

01:11:28,290 --> 01:11:24,340

could have been a subspecies a cousin

1622

01:11:29,790 --> 01:11:28,300

you know to to humanity where rather

1623

01:11:32,220 --> 01:11:29,800

than be in your Homo sapiens sapiens

1624

01:11:34,979 --> 01:11:32,230

maybe just you know Homo sapiens you

1625

01:11:39,479 --> 01:11:34,989

know like maybe an archaic version of

1626

01:11:39,839 --> 01:11:39,489

the species what are your thoughts on

1627

01:11:43,200 --> 01:11:39,849

that

1628

01:11:46,649 --> 01:11:43,210

yeah I'll if I could chime in first I

1629

01:11:49,200 --> 01:11:46,659

was gonna mention that one of the

1630

01:11:52,229 --> 01:11:49,210

biggest criticisms I know when I started

1631

01:11:55,620 --> 01:11:52,239

this whole area of research was like how

1632

01:11:58,200 --> 01:11:55,630

could science ever miss a lost race you

1633

01:12:01,049 --> 01:11:58,210

know that that's utterly absurd you're a

1634

01:12:03,029 --> 01:12:01,059

full take a hike you know like there's

1635

01:12:04,830 --> 01:12:03,039

no way that science has gotten is gonna

1636

01:12:07,439 --> 01:12:04,840

miss they've been through you know all

1637

01:12:09,779 --> 01:12:07,449

this evidence at it for so long

1638

01:12:13,080 --> 01:12:09,789

and the reality is not only will hobbits

1639

01:12:15,479 --> 01:12:13,090

found in Indonesia this in 2003 on the

1640

01:12:16,770 --> 01:12:15,489

Isle of Flores this human cousin that's

1641

01:12:19,439 --> 01:12:16,780

about three three and a half foot tall

1642

01:12:23,279 --> 01:12:19,449

but denisa vans were found I think in

1643

01:12:25,109 --> 01:12:23,289

2010 at the Denis of a cave and not only

1644

01:12:26,850 --> 01:12:25,119

are they lost race they might have been

1645

01:12:30,450 --> 01:12:26,860

in have giant you know they might have

1646

01:12:32,040 --> 01:12:30,460

been giant as well the you know Greg

1647

01:12:34,259 --> 01:12:32,050

could talk about this he wrote about in

1648

01:12:35,759 --> 01:12:34,269

his new book but they found two massive

1649

01:12:37,709 --> 01:12:35,769

teeth that are so large

1650

01:12:39,509 --> 01:12:37,719

they thought they were the the teeth of

1651
01:12:41,580 --> 01:12:39,519
a cave bear until they sequence him at

1652
01:12:43,080 --> 01:12:41,590
the Max Planck Institute and found out

1653
01:12:45,169 --> 01:12:43,090
they were human cousin that actually

1654
01:12:48,149 --> 01:12:45,179
interbred with humans and Neanderthals

1655
01:12:49,259 --> 01:12:48,159
which was once another anthropological

1656
01:12:52,529 --> 01:12:49,269
heresy that was supposed to be

1657
01:12:55,049 --> 01:12:52,539
impossible so basically science is being

1658
01:12:57,989 --> 01:12:55,059
shown that they were you know profoundly

1659
01:12:59,759 --> 01:12:57,999
wrong about this and you know Denis

1660
01:13:02,219 --> 01:12:59,769
ovens could be the clue to this this

1661
01:13:05,520 --> 01:13:02,229
mystery but the very least it's a

1662
01:13:07,169 --> 01:13:05,530
astonishing turn of events hair and L

1663
01:13:08,969 --> 01:13:07,179

throats are great because he's mr. Denis

1664

01:13:15,179 --> 01:13:08,979

Civ in these days instead get his take

1665

01:13:18,770 --> 01:13:15,189

on what I really believe about that is

1666

01:13:22,949 --> 01:13:18,780

that the discovery of this Denis 'van

1667

01:13:25,350 --> 01:13:22,959

Denis have been lineage of humans tells

1668

01:13:27,540 --> 01:13:25,360

us that there's a lot more probably even

1669

01:13:29,839 --> 01:13:27,550

earlier we don't we still don't have the

1670

01:13:32,479 --> 01:13:29,849

whole story just a couple of weeks ago

1671

01:13:36,679 --> 01:13:32,489

there was an artificial intelligence

1672

01:13:39,919 --> 01:13:36,689

statistical study done and they

1673

01:13:43,799 --> 01:13:39,929

determined absolutely there has to be

1674

01:13:47,339 --> 01:13:43,809

some something missing here there were

1675

01:13:50,549 --> 01:13:47,349

other human species I'm calling species

1676

01:13:53,189 --> 01:13:50,559

it's a different type of genetic human

1677

01:13:56,479 --> 01:13:53,199

they they look like us but they were

1678

01:14:00,359 --> 01:13:56,489

they're different genetically

1679

01:14:02,779 --> 01:14:00,369

Wow yeah yeah we human the human family

1680

01:14:05,669 --> 01:14:02,789

is huge and it goes way back in time

1681

01:14:07,139 --> 01:14:05,679

we've probably been primates have been

1682

01:14:08,699 --> 01:14:07,149

banging around at least for eight

1683

01:14:12,149 --> 01:14:08,709

million years maybe more

1684

01:14:16,619 --> 01:14:12,159

edgar cayce actually said that it was

1685

01:14:19,049 --> 01:14:16,629

that the first the first sentient or

1686

01:14:22,109 --> 01:14:19,059

human-like life was here around ten

1687

01:14:26,549 --> 01:14:22,119

million years ago and when Cayce said

1688

01:14:29,759 --> 01:14:26,559

that it was believed that modern human

1689

01:14:33,449 --> 01:14:29,769

beings and even primates only went back

1690

01:14:36,239 --> 01:14:33,459

to less than 1 million years ago so

1691

01:14:39,089 --> 01:14:36,249

Cayce said it was ten million years ago

1692

01:14:41,580 --> 01:14:39,099

so he was he was thought to be absurd

1693

01:14:44,699 --> 01:14:41,590

even when he started he also said that

1694

01:14:48,149 --> 01:14:44,709

humans began there were five separate

1695

01:14:49,380 --> 01:14:48,159

types of humans different races he

1696

01:14:51,420 --> 01:14:49,390

didn't call them races

1697

01:14:54,240 --> 01:14:51,430

that developed pretty much at the same

1698

01:14:56,520 --> 01:14:54,250

time in different places and we went

1699

01:15:00,300 --> 01:14:56,530

through a series of route races

1700

01:15:03,510 --> 01:15:00,310

different types of humans and all that

1701

01:15:05,520 --> 01:15:03,520

was considered absurd - but I think what

1702

01:15:08,220 --> 01:15:05,530

I think the bottom line today is we

1703

01:15:10,410 --> 01:15:08,230

really don't know and we can point to

1704

01:15:13,470 --> 01:15:10,420

the divisive ins as being important and

1705

01:15:17,520 --> 01:15:13,480

I think they are there is denisa van DNA

1706

01:15:20,340 --> 01:15:17,530

and Neanderthal DNA in both North

1707

01:15:23,310 --> 01:15:20,350

American Native Americans and in South

1708

01:15:25,470 --> 01:15:23,320

America in the natives there there is a

1709

01:15:28,800 --> 01:15:25,480

lot of Denis oven and the and earth all

1710

01:15:31,560 --> 01:15:28,810

DNA found in the indigenous people that

1711

01:15:34,440 --> 01:15:31,570

live in New Zealand and Australia and

1712

01:15:39,680 --> 01:15:34,450

that as a clue there are people in South

1713

01:15:42,270 --> 01:15:39,690

America that have human DNA identical to

1714

01:15:44,820 --> 01:15:42,280

Australian Aborigines it's the only

1715

01:15:48,300 --> 01:15:44,830

place they could have come from and all

1716

01:15:54,150 --> 01:15:48,310

of that it's in a very primitive tribe

1717

01:15:56,460 --> 01:15:54,160

in Amazonia in Brazil and the we don't

1718

01:15:58,590 --> 01:15:56,470

have a complete picture the Pandora's

1719

01:16:01,770 --> 01:15:58,600

Box has kind of been opened here and

1720

01:16:05,430 --> 01:16:01,780

there's an old line from fire sign

1721

01:16:08,100 --> 01:16:05,440

theatre the 1960s psychedelic group and

1722

01:16:10,140 --> 01:16:08,110

they did fire sign theater made an album

1723

01:16:13,410 --> 01:16:10,150

and the title of it was everything you

1724

01:16:16,050 --> 01:16:13,420

know is wrong yeah that is pretty much

1725

01:16:18,390 --> 01:16:16,060

the conclusion that I've reached that

1726

01:16:20,520 --> 01:16:18,400

everything we know about ancient history

1727

01:16:23,250 --> 01:16:20,530

is wrong and it's actually because we

1728

01:16:25,830 --> 01:16:23,260

know that winners in wars right history

1729

01:16:28,020 --> 01:16:25,840

the winners right the history it's like

1730

01:16:30,600 --> 01:16:28,030

four years in our textbooks they never

1731

01:16:32,190 --> 01:16:30,610

mentioned Native Americans it's just the

1732

01:16:33,630 --> 01:16:32,200

whites came over here there were some

1733

01:16:35,130 --> 01:16:33,640

Indians that fought them they helped

1734

01:16:37,320 --> 01:16:35,140

them out at first but they fought them

1735

01:16:39,390 --> 01:16:37,330

and the whites prevailed and then we

1736

01:16:41,130 --> 01:16:39,400

found all this weird stuff and we kept

1737

01:16:43,710 --> 01:16:41,140

pushing the Indians further further that

1738

01:16:47,250 --> 01:16:43,720

was the history but everything we knew

1739

01:16:50,250 --> 01:16:47,260

was wrong there was a very very long and

1740

01:16:52,860 --> 01:16:50,260

rich history that took place here and

1741

01:16:55,590 --> 01:16:52,870

it's it's very interesting we just don't

1742

01:16:57,600 --> 01:16:55,600

know everything we know is wrong I

1743

01:16:59,430 --> 01:16:57,610

really believe that that is pretty darn

1744

01:17:03,300 --> 01:16:59,440

close to the truth at least with

1745

01:17:05,700 --> 01:17:03,310

archaeology yeah

1746

01:17:07,500 --> 01:17:05,710

on the subject of Ziggler Casey else you

1747

01:17:10,290 --> 01:17:07,510

know what I do is I do a comparative

1748

01:17:12,690 --> 01:17:10,300

analysis of a variety of different

1749

01:17:14,610 --> 01:17:12,700

sources in an effort to figure out what

1750

01:17:16,800 --> 01:17:14,620

happened in the past and bypass the

1751

01:17:18,810 --> 01:17:16,810

human ego and not like who I came up

1752

01:17:21,180 --> 01:17:18,820

with some grand theory but I look at all

1753

01:17:23,550 --> 01:17:21,190

the strange and specific things that all

1754

01:17:26,520 --> 01:17:23,560

these sources are saying that's Barroso

1755

01:17:28,290 --> 01:17:26,530

sirata displayed Oh Edgar Cayce Rudolf

1756

01:17:30,300 --> 01:17:28,300

Steiner Madame Blavatsky the

1757

01:17:31,890 --> 01:17:30,310

Rosicrucians Freemasons religious

1758

01:17:34,050 --> 01:17:31,900

documents and oral traditions from

1759

01:17:36,720 --> 01:17:34,060

around the globe are all essentially

1760

01:17:38,880 --> 01:17:36,730

telling the same story that for the most

1761

01:17:40,290 --> 01:17:38,890

part a couple you know like the Bible

1762

01:17:42,630 --> 01:17:40,300

doesn't talk about Atlantis but they

1763

01:17:44,460 --> 01:17:42,640

talk about the flood and they talk about

1764

01:17:45,690 --> 01:17:44,470

giants or it talks about giants so

1765

01:17:48,660 --> 01:17:45,700

anyways

1766

01:17:51,050 --> 01:17:48,670

Casey's timeline is that two hundred

1767

01:17:53,460 --> 01:17:51,060

thousand two hundred and ten thousand BC

1768

01:17:56,490 --> 01:17:53,470

Atlantis is founded in the middle of the

1769

01:17:58,770 --> 01:17:56,500

Atlantic essentially by spirit beings

1770

01:18:00,330 --> 01:17:58,780

who were ensnared in matter you know

1771

01:18:01,710 --> 01:18:00,340

that that's basically how he portrayed

1772

01:18:03,840 --> 01:18:01,720

it whatever you want to make of that

1773

01:18:06,780 --> 01:18:03,850

like a supernatural founding of the

1774

01:18:08,910 --> 01:18:06,790

species and that there were a series of

1775

01:18:11,250 --> 01:18:08,920

cataclysms in fifty and twenty eight

1776

01:18:13,230 --> 01:18:11,260

thousand BC and the last destruction was

1777

01:18:16,830 --> 01:18:13,240

about thirteen thousand years ago the

1778

01:18:18,720 --> 01:18:16,840

Younger Dryas impact and as part of a

1779

01:18:21,840 --> 01:18:18,730

population of Atlantis there were little

1780

01:18:24,780 --> 01:18:21,850

people and Giants and the first humans

1781

01:18:27,450 --> 01:18:24,790

were androgynous were sexless beings now

1782

01:18:29,790 --> 01:18:27,460

that sounds very odd but then you have

1783

01:18:32,520 --> 01:18:29,800

the flood occur and all around the world

1784

01:18:35,520 --> 01:18:32,530

after the flood who shows up but

1785

01:18:37,530 --> 01:18:35,530

androgynous beings rocking these strange

1786

01:18:38,820 --> 01:18:37,540

man bags who teach the arts of

1787

01:18:43,440 --> 01:18:38,830

civilization to everyone

1788

01:18:45,570 --> 01:18:43,450

very koja in south america quasi Codel

1789

01:18:48,390 --> 01:18:45,580

both androgynous wisdom bringing

1790

01:18:51,510 --> 01:18:48,400

bringers culture heroes who she knew ah

1791

01:18:54,320 --> 01:18:51,520

is androgynous in China he taught the I

1792

01:18:57,570 --> 01:18:54,330

Ching or he she taught the I Ching Oh

1793

01:18:59,790 --> 01:18:57,580

honest the fish God was androgynous who

1794

01:19:02,070 --> 01:18:59,800

taught the arts and civilization of the

1795

01:19:04,290 --> 01:19:02,080

Sumerians the Dogon people in Mali

1796

01:19:06,630 --> 01:19:04,300

Africa they have the Nommo who are

1797

01:19:10,260 --> 01:19:06,640

endogenous beings that show up in

1798

01:19:12,810 --> 01:19:10,270

islands you have androgynous beings it's

1799

01:19:15,420 --> 01:19:12,820

utterly fascinating that these

1800

01:19:16,320 --> 01:19:15,430

androgynous created gods show up all

1801

01:19:17,100 --> 01:19:16,330

around the planet

1802

01:19:19,620 --> 01:19:17,110

after this cat

1803

01:19:22,129 --> 01:19:19,630

ISM survivors from Atlantis you know

1804

01:19:25,260 --> 01:19:22,139

maybe Casey would say that restart

1805

01:19:27,060 --> 01:19:25,270

civilization and you have androgynous

1806

01:19:29,870 --> 01:19:27,070

iconography on some of the oldest

1807

01:19:32,879 --> 01:19:29,880

statues on the planet like I in ghazzal

1808

01:19:36,510 --> 01:19:32,889

Jericho and even possibly at gobekli

1809

01:19:38,250 --> 01:19:36,520

tepe a statue gobekli tepe is the 13

1810

01:19:41,340 --> 01:19:38,260

thousand year old temple site in Turkey

1811

01:19:43,590 --> 01:19:41,350

that was found several years back that's

1812

01:19:46,590 --> 01:19:43,600

utterly astonishing the oldest temple

1813

01:19:49,260 --> 01:19:46,600

site on the planet some would say the

1814

01:19:51,510 --> 01:19:49,270

the newest phase of civilization that

1815

01:19:53,189 --> 01:19:51,520

could jump started after the flood has

1816

01:19:55,709 --> 01:19:53,199

iconography that represents the

1817

01:19:59,879 --> 01:19:55,719

androgyny and polydactyl ISM is

1818

01:20:02,550 --> 01:19:59,889

represented at ing Sol 8200 BC in Jordan

1819

01:20:05,359 --> 01:20:02,560

and at the Jericho statues the most

1820

01:20:07,919 --> 01:20:05,369

ancient statues on the planet show

1821

01:20:11,070 --> 01:20:07,929

polydactyl ism six fingers and six toes

1822

01:20:13,830 --> 01:20:11,080

famously associated with giants in the

1823

01:20:17,010 --> 01:20:13,840

bible samuel 21 20 and the giant of Gath

1824

01:20:19,109 --> 01:20:17,020

and ant drogyny so edgar cayce this guy

1825

01:20:21,330 --> 01:20:19,119

with an 8th grade education going into a

1826

01:20:23,820 --> 01:20:21,340

trance-like state is portraying this

1827

01:20:26,640 --> 01:20:23,830

most fascinating story that is supported

1828

01:20:28,620 --> 01:20:26,650

by all these other sources by the secret

1829

01:20:31,560 --> 01:20:28,630

societies who hold this information

1830

01:20:34,919 --> 01:20:31,570

close to them and don't have erroneous

1831

01:20:37,680 --> 01:20:34,929

stuff in the end their teachings and you

1832

01:20:38,490 --> 01:20:37,690

know by statues and iconography all

1833

01:20:41,370 --> 01:20:38,500

around the planet

1834

01:20:43,379 --> 01:20:41,380

and and to me it is beyond fascinating

1835

01:20:46,169 --> 01:20:43,389

like if you were to hook somebody up you

1836

01:20:48,060 --> 01:20:46,179

know to a lie detector and make them

1837

01:20:50,160 --> 01:20:48,070

watch like 10 hours of all this

1838

01:20:51,959 --> 01:20:50,170

information I would think they'd end up

1839

01:20:55,979 --> 01:20:51,969

saying there is a story here and it is

1840

01:21:00,030 --> 01:20:55,989

beyond coincidence I should also point

1841

01:21:02,250 --> 01:21:00,040

out that androgyny and chachani oh I

1842

01:21:06,030 --> 01:21:02,260

enter our attention but polydactyl ISM

1843

01:21:09,959 --> 01:21:06,040

was also observed in a number of giants

1844

01:21:12,209 --> 01:21:09,969

uncovered in North America as well that

1845

01:21:15,330 --> 01:21:12,219

that's one of the traits associated with

1846

01:21:18,840 --> 01:21:15,340

with giants is polydactyl ISM and hey

1847

01:21:20,370 --> 01:21:18,850

yes they do explain that about 99% of

1848

01:21:21,830 --> 01:21:20,380

the people that here that have no idea

1849

01:21:25,140 --> 01:21:21,840

what it means

1850

01:21:28,470 --> 01:21:25,150

male dak dualism oh I'm sorry it's six

1851

01:21:30,660 --> 01:21:28,480

fingers in six toes extra digits is

1852

01:21:35,100 --> 01:21:30,670

called as polydactylism

1853

01:21:38,549 --> 01:21:35,110

and there is rock art petroglyphs art

1854

01:21:41,399 --> 01:21:38,559

and iconography all around the world

1855

01:21:45,209 --> 01:21:41,409

including Pacific isolated islands with

1856

01:21:46,740 --> 01:21:45,219

huge handprints and footprints with six

1857

01:21:48,270 --> 01:21:46,750

fingers at six toes it's utterly

1858

01:21:50,970 --> 01:21:48,280

fascinating it's everywhere it's all of

1859

01:21:54,750 --> 01:21:50,980

the Americas - not just in the southwest

1860

01:21:56,760 --> 01:21:54,760

in Utah in those states so and the

1861

01:21:58,830 --> 01:21:56,770

natives have this legend of these people

1862

01:22:01,830 --> 01:21:58,840

that showed up from a lost world with

1863

01:22:03,990 --> 01:22:01,840

six fingers six toes and it's it's

1864

01:22:06,930 --> 01:22:04,000

beyond coincidence this isn't just

1865

01:22:09,839 --> 01:22:06,940

unicorns and rainbows this is like rock

1866

01:22:14,419 --> 01:22:09,849

art and and traditions and iconography

1867

01:22:19,680 --> 01:22:14,429

it's really quite a fascinating thing

1868

01:22:22,260 --> 01:22:19,690

Greg now you you did a lot of your

1869

01:22:25,799 --> 01:22:22,270

diving expeditions in the Caribbean

1870

01:22:27,839 --> 01:22:25,809

based on some of the readings that Edgar

1871

01:22:30,620 --> 01:22:27,849

Cayce gave right correct all that yeah

1872

01:22:34,080 --> 01:22:30,630

that's really that's that's that's true

1873

01:22:38,100 --> 01:22:34,090

really we started it because I wanted to

1874

01:22:41,040 --> 01:22:38,110

do something kind of exciting and it

1875

01:22:43,049 --> 01:22:41,050

truly was we were at the point to where

1876
01:22:45,000 --> 01:22:43,059
I could pretty much do anything I wanted

1877
01:22:46,799 --> 01:22:45,010
to do and we had the resources to go

1878
01:22:49,979 --> 01:22:46,809
anywhere and do whatever willing to do

1879
01:22:52,890 --> 01:22:49,989
and it was quite accidental at that time

1880
01:22:55,290 --> 01:22:52,900
I'd already written about Casey and the

1881
01:22:58,439 --> 01:22:55,300
mound builders that book had come out

1882
01:23:01,649 --> 01:22:58,449
and we had done some other work with the

1883
01:23:03,359 --> 01:23:01,659
Casey organization and Laura and I

1884
01:23:05,160 --> 01:23:03,369
started that really as a favor to the

1885
01:23:08,430 --> 01:23:05,170
organization at a time they needed some

1886
01:23:12,419 --> 01:23:08,440
help we started editing a newsletter on

1887
01:23:15,569 --> 01:23:12,429
ancient mysteries and in the course of

1888
01:23:18,209 --> 01:23:15,579

doing this I was involved with helping

1889

01:23:21,479 --> 01:23:18,219

set up the annual ancient mysteries

1890

01:23:23,370 --> 01:23:21,489

conference and in Virginia Beach which

1891

01:23:25,169 --> 01:23:23,380

generally has about 400 people that

1892

01:23:27,689 --> 01:23:25,179

comes into it and it's their premiere

1893

01:23:29,760 --> 01:23:27,699

conference every year so I started

1894

01:23:31,620 --> 01:23:29,770

helping set up who was going to come and

1895

01:23:33,299 --> 01:23:31,630

speak and what the topic was going to be

1896

01:23:35,399 --> 01:23:33,309

and up to that time it was all about

1897

01:23:37,500 --> 01:23:35,409

Egypt it was their annual Egypt

1898

01:23:40,439 --> 01:23:37,510

conference and so we had this newsletter

1899

01:23:41,640 --> 01:23:40,449

called ancient mysteries and I said

1900

01:23:43,620 --> 01:23:41,650

we're going to change in the name of

1901

01:23:44,250 --> 01:23:43,630

this - ancient mysteries of this Egypt

1902

01:23:46,410 --> 01:23:44,260

conference

1903

01:23:49,350 --> 01:23:46,420

well you can talk about anything so

1904

01:23:51,090 --> 01:23:49,360

basically they agreed and one of the

1905

01:23:53,360 --> 01:23:51,100

first people that I brought in was this

1906

01:23:56,040 --> 01:23:53,370

guy from England named Andrew Collins

1907

01:23:58,680 --> 01:23:56,050

Andrew Kane I had read a couple of books

1908

01:24:01,470 --> 01:23:58,690

by Andrew one of which I still think is

1909

01:24:03,600 --> 01:24:01,480

probably the best book ever written in

1910

01:24:06,690 --> 01:24:03,610

any alternative field and it's called

1911

01:24:09,990 --> 01:24:06,700

from the ashes of angels but Andrew had

1912

01:24:11,729 --> 01:24:10,000

written a book on atlantis and so I got

1913

01:24:14,250 --> 01:24:11,739

him invited to the talk and we

1914

01:24:15,840 --> 01:24:14,260

immediately became friends and in the

1915

01:24:18,570 --> 01:24:15,850

middle of one of his talks he showed a

1916

01:24:20,880 --> 01:24:18,580

picture of an object in the Caribbean

1917

01:24:24,300 --> 01:24:20,890

near Andros Island which is the largest

1918

01:24:27,810 --> 01:24:24,310

of the Bahama Islands and it was widely

1919

01:24:30,720 --> 01:24:27,820

touted since 1968 when it was first

1920

01:24:33,120 --> 01:24:30,730

found as a triple ring of standing

1921

01:24:36,180 --> 01:24:33,130

stones that's what everybody said it was

1922

01:24:37,979 --> 01:24:36,190

and Edgar Evans Casey who was alive then

1923

01:24:40,350 --> 01:24:37,989

even talked about it quite a bit and he

1924

01:24:42,000 --> 01:24:40,360

was excited about it when we told him

1925

01:24:44,130 --> 01:24:42,010

we're going to go and find this thing

1926

01:24:45,840 --> 01:24:44,140

but we talked to archaeologists that

1927

01:24:48,540 --> 01:24:45,850

said we've tried to find it we flew all

1928

01:24:51,930 --> 01:24:48,550

over couldn't find it the first thing my

1929

01:24:54,960 --> 01:24:51,940

wife and I did was go to Florida and

1930

01:24:58,920 --> 01:24:54,970

talked to the pilot who actually took

1931

01:25:02,220 --> 01:24:58,930

the photo of it what a concept no one

1932

01:25:04,800 --> 01:25:02,230

had ever I mean they has one group spent

1933

01:25:06,690 --> 01:25:04,810

thirty thousand dollars doing an aerial

1934

01:25:08,280 --> 01:25:06,700

survey up and down Andros Island

1935

01:25:12,240 --> 01:25:08,290

thinking that we're going to find this

1936

01:25:15,120 --> 01:25:12,250

this formation and I found this guy

1937

01:25:17,370 --> 01:25:15,130

pretty easily he lived in Miami he was

1938

01:25:19,860 --> 01:25:17,380

very happy for us to come and talk to

1939

01:25:21,360 --> 01:25:19,870

him and I and I said everybody's tried

1940

01:25:23,040 --> 01:25:21,370

to find this and he said well I didn't

1941

01:25:24,479 --> 01:25:23,050

know that he said nobody's ever asked me

1942

01:25:26,520 --> 01:25:24,489

I mean I said do you know where idiot

1943

01:25:27,570 --> 01:25:26,530

where it was and he said well sure and

1944

01:25:30,540 --> 01:25:27,580

he said just a minute

1945

01:25:33,840 --> 01:25:30,550

so he walks out and he has a his pilots

1946

01:25:36,660 --> 01:25:33,850

map of that area and I'm a private pilot

1947

01:25:38,610 --> 01:25:36,670

license private pilot and he took that

1948

01:25:43,680 --> 01:25:38,620

pilots map and he laid it down and he

1949

01:25:47,670 --> 01:25:43,690

said it's right here so my wife and I

1950

01:25:51,229 --> 01:25:47,680

charted a a high wing two engine very

1951

01:25:53,729 --> 01:25:51,239

slow it's called a Norman Islander plane

1952

01:25:55,650 --> 01:25:53,739

one of the reasons that no one has had

1953

01:25:57,810 --> 01:25:55,660

flown down in that area in their surveys

1954

01:26:00,360 --> 01:25:57,820

is because it's in Cuban airspace

1955

01:26:02,970 --> 01:26:00,370

it's in the it's in the Havana adz part

1956

01:26:04,740 --> 01:26:02,980

of Andros Island the southern part is in

1957

01:26:08,430 --> 01:26:04,750

Cuban airspace and they had actually

1958

01:26:10,800 --> 01:26:08,440

shot down American Flyers down there and

1959

01:26:13,920 --> 01:26:10,810

the seven in the early 70s it was still

1960

01:26:15,750 --> 01:26:13,930

very hostile so this guy the guy I got

1961

01:26:17,700 --> 01:26:15,760

the Charter the plane from was excited

1962

01:26:19,710 --> 01:26:17,710

he said heck yeah do they said we'll fly

1963

01:26:23,370 --> 01:26:19,720

at 500 feet we'll just fly under the

1964

01:26:24,990 --> 01:26:23,380

radar so we did we flew down we found a

1965

01:26:26,790 --> 01:26:25,000

whole bunch of formations that were

1966

01:26:29,880 --> 01:26:26,800

famous that no one had ever been able to

1967

01:26:32,190 --> 01:26:29,890

find we took the GPS from the air and we

1968

01:26:33,840 --> 01:26:32,200

found this triple ring of stones it

1969

01:26:36,000 --> 01:26:33,850

looked just like standing stones so

1970

01:26:38,430 --> 01:26:36,010

that's how we started in all this then

1971

01:26:40,140 --> 01:26:38,440

we my wife and I got a it was very

1972

01:26:42,690 --> 01:26:40,150

difficult to find somebody to get us

1973

01:26:48,090 --> 01:26:42,700

over there we went to the other side we

1974

01:26:50,730 --> 01:26:48,100

got to that circle and it clearly is a

1975

01:26:52,860 --> 01:26:50,740

circle and when you get up to it and low

1976

01:26:55,200 --> 01:26:52,870

tide they look like standing stones

1977

01:26:58,920 --> 01:26:55,210

until you walk up to them and they were

1978

01:27:00,450 --> 01:26:58,930

all giant sponges I know it sounds

1979

01:27:03,690 --> 01:27:00,460

bizarre but I mean it's the way these

1980

01:27:06,300 --> 01:27:03,700

things are it's like a 250-foot perfect

1981

01:27:09,540 --> 01:27:06,310

white circle outlined with these black

1982

01:27:12,570 --> 01:27:09,550

sponges and it had several rings in some

1983

01:27:18,090 --> 01:27:12,580

places then while we were there I found

1984

01:27:20,340 --> 01:27:18,100

the explanation in a marine biology

1985

01:27:23,790 --> 01:27:20,350

textbook that I had borrowed on the

1986

01:27:25,650 --> 01:27:23,800

island and I thought that was it we had

1987

01:27:28,140 --> 01:27:25,660

also looked at a thing called Ribicoff

1988

01:27:30,630 --> 01:27:28,150

sea and underwater formation and all the

1989

01:27:35,820 --> 01:27:30,640

old books about Atlantis and we found it

1990

01:27:37,950 --> 01:27:35,830

was a it was a an unusual coral reef is

1991

01:27:40,350 --> 01:27:37,960

all it was it's an e shape to formation

1992

01:27:41,760 --> 01:27:40,360

like the cursive letter e underwater but

1993

01:27:44,130 --> 01:27:41,770

nobody had ever been able to find it but

1994

01:27:46,320 --> 01:27:44,140

we did so I thought we were done and

1995

01:27:48,840 --> 01:27:46,330

then some guy came during a thunderstorm

1996

01:27:50,550 --> 01:27:48,850

he thought we were treasure hunters when

1997

01:27:53,610 --> 01:27:50,560

he found out we weren't he told us about

1998

01:27:55,320 --> 01:27:53,620

a formation that looked a lot like the

1999

01:27:59,280 --> 01:27:55,330

Bimini Road and that really got us

2000

01:28:02,430 --> 01:27:59,290

started it was pretty astonishing it got

2001
01:28:07,260 --> 01:28:02,440
a lot of attention from geologists were

2002
01:28:09,780 --> 01:28:07,270
very interested in it and the air he was

2003
01:28:11,520 --> 01:28:09,790
really interested that got us then to

2004
01:28:13,740 --> 01:28:11,530
look at the Bimini Road to

2005
01:28:17,400 --> 01:28:13,750
parrot one of the things I'll say we've

2006
01:28:21,470 --> 01:28:17,410
uncovered so much nonsense that went on

2007
01:28:24,840 --> 01:28:21,480
in the 60s and 70s such as the US

2008
01:28:27,140 --> 01:28:24,850
Geological Survey had one of their

2009
01:28:31,140 --> 01:28:27,150
employees and they all knew about this

2010
01:28:35,190 --> 01:28:31,150
fabricate fake artifacts including

2011
01:28:37,500 --> 01:28:35,200
statues take them to Bimini and plant

2012
01:28:39,630 --> 01:28:37,510
them around the Bimini Road in the hopes

2013
01:28:42,000 --> 01:28:39,640

that one of the Atlantis researchers

2014

01:28:43,770 --> 01:28:42,010

from the Cayce organization would find

2015

01:28:46,050 --> 01:28:43,780

them and publicize them and then they

2016

01:28:49,050 --> 01:28:46,060

were going to make fun of them and say

2017

01:28:52,050 --> 01:28:49,060

oh it's a hoax now that's it

2018

01:28:54,510 --> 01:28:52,060

Eugene Shean who's now retired did it I

2019

01:28:56,220 --> 01:28:54,520

have no fear whatsoever being sued

2020

01:28:58,530 --> 01:28:56,230

because he did it and he's actually on

2021

01:29:00,600 --> 01:28:58,540

film admitting it and some of the people

2022

01:29:02,430 --> 01:29:00,610

that thought it was very humorous when

2023

01:29:05,640 --> 01:29:02,440

they knew about it are on the same film

2024

01:29:08,220 --> 01:29:05,650

talking about it so loads and loads of

2025

01:29:11,610 --> 01:29:08,230

things like that archaeologist flat-out

2026

01:29:13,920 --> 01:29:11,620

lied in some of their reports about the

2027

01:29:16,710 --> 01:29:13,930

Bimini Road I don't think the Bimini

2028

01:29:19,440 --> 01:29:16,720

Road was Atlantis we never said it was

2029

01:29:21,600 --> 01:29:19,450

nor was the structure in Andros there's

2030

01:29:23,880 --> 01:29:21,610

an unknown maritime culture that was

2031

01:29:27,540 --> 01:29:23,890

operating around three to four thousand

2032

01:29:30,530 --> 01:29:27,550

BC in the Bahamas and there are at least

2033

01:29:33,450 --> 01:29:30,540

four places where these identical

2034

01:29:35,460 --> 01:29:33,460

breakwater formations are found but

2035

01:29:37,830 --> 01:29:35,470

again they they probably go to three to

2036

01:29:39,540 --> 01:29:37,840

four thousand BC there may have been

2037

01:29:42,210 --> 01:29:39,550

something well before then but that's

2038

01:29:44,490 --> 01:29:42,220

what we did my wife and I spent 25 weeks

2039

01:29:48,120 --> 01:29:44,500

on boats exploring we bought our own

2040

01:29:50,250 --> 01:29:48,130

boat put side-scan sonar on it and

2041

01:29:52,800 --> 01:29:50,260

really spent a lot of time and it was

2042

01:29:55,170 --> 01:29:52,810

fun we found 31 crashed planes while we

2043

01:29:57,570 --> 01:29:55,180

were there including three that had

2044

01:30:00,810 --> 01:29:57,580

crashed and disappeared into the Bermuda

2045

01:30:03,660 --> 01:30:00,820

Triangle hmm that's kind of a summary of

2046

01:30:05,940 --> 01:30:03,670

all of it well I mean just just the idea

2047

01:30:09,870 --> 01:30:05,950

though that there was a marine time

2048

01:30:11,940 --> 01:30:09,880

culture acting in that area and I take

2049

01:30:14,730 --> 01:30:11,950

it that you know 3,000 years ago the

2050

01:30:17,100 --> 01:30:14,740

water levels were lower than they are

2051

01:30:19,740 --> 01:30:17,110

now it was lower we're actually talking

2052

01:30:22,290 --> 01:30:19,750

a 3000 BC we're talking about 5,000

2053

01:30:25,050 --> 01:30:22,300

years 5,000 okay and the water level

2054

01:30:27,300 --> 01:30:25,060

then was about 45 feet lower

2055

01:30:30,480 --> 01:30:27,310

three thousand of five thousand years

2056

01:30:33,210 --> 01:30:30,490

ago it was about 45 feet lower or so

2057

01:30:37,020 --> 01:30:33,220

than it is today we all we found we

2058

01:30:39,030 --> 01:30:37,030

found the remains of a temple 30 miles

2059

01:30:43,530 --> 01:30:39,040

south of Bimini which the Bahamas

2060

01:30:47,640 --> 01:30:43,540

government knows about the guy who is

2061

01:30:52,110 --> 01:30:47,650

over Microsoft's archaeology funding

2062

01:30:54,720 --> 01:30:52,120

program sent a contacted us and sent

2063

01:30:57,750 --> 01:30:54,730

someone down to look at it to see if

2064

01:31:00,720 --> 01:30:57,760

they could restore it this is all this

2065

01:31:02,820 --> 01:31:00,730

is all true but we we have been told

2066

01:31:06,300 --> 01:31:02,830

we're not allowed to show anybody where

2067

01:31:08,580 --> 01:31:06,310

it is we follow the Bohemians laws and

2068

01:31:11,580 --> 01:31:08,590

we follow their instructions and so we

2069

01:31:14,460 --> 01:31:11,590

my wife talks about it and shall we show

2070

01:31:16,380 --> 01:31:14,470

film of it sometimes in pictures but

2071

01:31:19,050 --> 01:31:16,390

it's a real temple it's the it's a

2072

01:31:22,080 --> 01:31:19,060

collapsed temple 30 miles south of

2073

01:31:24,450 --> 01:31:22,090

Bimini by an island and it was a high

2074

01:31:26,970 --> 01:31:24,460

spot at one time so there's lots of

2075

01:31:28,980 --> 01:31:26,980

stuff there but archaeologists won't go

2076

01:31:30,810 --> 01:31:28,990

even the archaeologists that look at it

2077

01:31:33,660 --> 01:31:30,820

say yeah you're right but I can't go I

2078

01:31:35,730 --> 01:31:33,670

can't be associated with this all right

2079

01:31:37,710 --> 01:31:35,740

gentlemen I'm gonna have to we're

2080

01:31:39,420 --> 01:31:37,720

drawing unfortunately to a close to our

2081

01:31:41,550 --> 01:31:39,430

program so I want to give you both the

2082

01:31:43,380 --> 01:31:41,560

opportunity to let all listeners know

2083

01:31:46,200 --> 01:31:43,390

where they can find out more about you

2084

01:31:46,710 --> 01:31:46,210

online so dr. little let's go with you

2085

01:31:50,460 --> 01:31:46,720

month or so that's that's it

2091

01:32:06,270 --> 01:32:04,570

professionally I have lots of other

2092

01:32:09,360 --> 01:32:06,280

websites but unless you're a criminal

2093

01:32:10,770 --> 01:32:09,370

you're probably not interested and the

2094

01:32:11,880 --> 01:32:10,780

title of your new book coming out in

2095

01:32:15,120 --> 01:32:11,890

September

2096

01:32:18,240 --> 01:32:15,130

that's called Denise 'van origins

2097

01:32:20,730 --> 01:32:18,250

Denise 'van origins all right now look

2098

01:32:21,210 --> 01:32:20,740

forward to that and okay so Jim what

2099

01:32:25,890 --> 01:32:21,220

about you

2100

01:32:27,900 --> 01:32:25,900

a megalith amania dot uk' is huge site

2101
01:32:31,410 --> 01:32:27,910
but I'm associated with you and I'm on

2102
01:32:33,770 --> 01:32:31,420
Facebook if anybody wants to say I yeah

2103
01:32:37,260 --> 01:32:33,780
I have a giant's own record page on

2104
01:32:38,400 --> 01:32:37,270
Facebook for my book and what's the

2105
01:32:38,940 --> 01:32:38,410
title of your book and working people

2106
01:32:43,890 --> 01:32:38,950
find it

2107
01:32:47,340 --> 01:32:43,900
Giants on record amazon.com and what

2108
01:32:49,020 --> 01:32:47,350
about any any new programs for the

2109
01:32:51,030 --> 01:32:49,030
History Channel or any of the others in

2110
01:32:54,270 --> 01:32:51,040
the works yeah I was just on Megan Fox's

2111
01:32:56,640 --> 01:32:54,280
show I am doing a mm-hmm another show on

2112
01:32:58,440 --> 01:32:56,650
travel and adventure show episode about

2113
01:33:01,800 --> 01:32:58,450

giant some film in the next month or two

2114

01:33:04,050 --> 01:33:01,810

and yeah we'll see I was talking to

2115

01:33:06,480 --> 01:33:04,060

networks and producers and stuff and I

2116

01:33:07,860 --> 01:33:06,490

like to make some appearances I know if

2117

01:33:09,840 --> 01:33:07,870

I'm good to my own show it's such a pain

2118

01:33:13,730 --> 01:33:09,850

in the ass but uh well you know I'm sure

2119

01:33:17,160 --> 01:33:13,740

I'll keep a parent on TV like an idiot

2120

01:33:19,650 --> 01:33:17,170

Jim is an incredible researcher he's on

2121

01:33:24,330 --> 01:33:19,660

Facebook also I can say that you can

2122

01:33:26,580 --> 01:33:24,340

find his books on Amazon and is it it is

2123

01:33:30,090 --> 01:33:26,590

the most comprehensive of all the books

2124

01:33:33,360 --> 01:33:30,100

about the Giants in the Americas his

2125

01:33:38,580 --> 01:33:33,370

co-author Hugh Newman runs megalith

2126

01:33:40,650 --> 01:33:38,590

amania and megalith the mania.com is a

2127

01:33:42,960 --> 01:33:40,660

website that also has a lot of Jim's

2128

01:33:46,740 --> 01:33:42,970

information on and he's a great guy he

2129

01:33:49,200 --> 01:33:46,750

was treated very very poorly when he did

2130

01:33:51,360 --> 01:33:49,210

that every day posting on Facebook in

2131

01:33:54,690 --> 01:33:51,370

fact that is how I found out about Jim

2132

01:33:57,000 --> 01:33:54,700

Vieira and I just was I thought it was

2133

01:33:59,100 --> 01:33:57,010

amazing when he did that every day he'd

2134

01:34:00,930 --> 01:33:59,110

post a different one and I was saying is

2135

01:34:03,450 --> 01:34:00,940

this ever gonna end when's he gonna run

2136

01:34:05,790 --> 01:34:03,460

out and he never did he finally he was

2137

01:34:07,590 --> 01:34:05,800

finally criticized so much by

2138

01:34:11,370 --> 01:34:07,600

archaeologists I mean they were vicious

2139

01:34:13,440 --> 01:34:11,380

vicious attacks on him so but he's

2140

01:34:16,100 --> 01:34:13,450

talking about in drogyny and maybe

2141

01:34:26,580 --> 01:34:16,110

that's why he's still here on

2142

01:34:28,020 --> 01:34:26,590

Valentine's night well and so his

2143

01:34:29,970 --> 01:34:28,030

programs on the History Channel was

2144

01:34:32,250 --> 01:34:29,980

search for the lost Giants and then

2145

01:34:35,310 --> 01:34:32,260

roanoke search for the Lost Colony and

2146

01:34:38,760 --> 01:34:35,320

returned to Roanoke so I'm gonna have to

2147

01:34:40,470 --> 01:34:38,770

sign us off here so dr. little Jim thank

2148

01:34:43,050 --> 01:34:40,480

you very much for being with us tonight

2149

01:34:45,840 --> 01:34:43,060

2150

01:34:48,060 --> 01:34:45,850

lot and Tim Beckley if you're out there

2151
01:34:48,690 --> 01:34:48,070

01:34:55,169 --> 01:34:48,700
join us
