

EXPLORING THE BIZARRE

1
00:00:37,590 --> 00:00:21,830

[Music]

2
00:00:44,540 --> 00:00:42,630

explode the bazaar or e-ticket ride into

3
00:00:47,820 --> 00:00:44,550

the world of the paranoid

4
00:00:52,130 --> 00:00:47,830

strap yourself in as we traverse the

5
00:00:56,580 --> 00:00:52,140

universe exploring the unexplained UFO s

6
00:01:00,720 --> 00:00:56,590

ghosts Lost Worlds cryptozoology waters

7
00:01:05,280 --> 00:01:00,730

as well as other dimensions it's time to

8
00:01:07,469 --> 00:01:05,290

take back the night now you are

9
00:01:13,639 --> 00:01:07,479

electrifying hosts of exploring the

10
00:01:23,100 --> 00:01:20,330

Gus Scooby it sure seems spooky out here

11
00:01:25,080 --> 00:01:23,110

despite a full moon it's really dark

12
00:01:29,279 --> 00:01:25,090

you could almost expect something really

13
00:01:32,639 --> 00:01:29,289

horrifying to jump out at you Oh Tim

14

00:01:35,969 --> 00:01:32,649

stop being so paranoid you're really on

15

00:01:37,020 --> 00:01:35,979

edge I've never seen you so jumpy what's

16

00:01:40,200 --> 00:01:37,030

gotten into you

17

00:01:43,469 --> 00:01:40,210

well Peter Bernard our YouTube producer

18

00:01:45,570 --> 00:01:43,479

did say that his arch nemesis dog man

19

00:01:51,770 --> 00:01:45,580

has been frightening hikers and couples

20

00:01:59,640 --> 00:01:56,249

nonsense sounds like pure folklore to me

21

00:02:03,510 --> 00:01:59,650

do you sue any dog men lurking about

22

00:02:05,249 --> 00:02:03,520

come on you mean like the one that's

23

00:02:07,140 --> 00:02:05,259

been following us for the last five

24

00:02:10,320 --> 00:02:07,150

minutes

25

00:02:14,070 --> 00:02:10,330

yeah I hadn't noticed it until you

26

00:02:19,710 --> 00:02:14,080

pointed it out but you can't be so

27

00:02:22,530 --> 00:02:19,720

afraid of sharp teeth and long claws but

28

00:02:24,960 --> 00:02:22,540

maybe you're right I guess we should get

29

00:02:27,570 --> 00:02:24,970

back to the safety of the KC our studio

30

00:02:29,970 --> 00:02:27,580

and beat it out of here our guest

31

00:02:31,560 --> 00:02:29,980

tonight is an expert on monsters you

32

00:02:35,010 --> 00:02:31,570

should have asked him in advance how to

33

00:02:37,590 --> 00:02:35,020

protect ourselves against oh dog man I

34

00:02:45,060 --> 00:02:37,600

wish he stopped wagging that that hell

35

00:02:47,070 --> 00:02:45,070

it doesn't seem too friendly did you

36

00:02:50,370 --> 00:02:47,080

make it back to him he did it it's just

37

00:02:52,140 --> 00:02:50,380

this now just oh oh okay I've made it

38

00:02:56,970 --> 00:02:52,150

back but my ears have been clipped a

39

00:02:59,220 --> 00:02:56,980

little and my dog biscuit and my dog

40

00:03:02,220 --> 00:02:59,230

biscuits are missing your Scooby Snacks

41

00:03:04,320 --> 00:03:02,230

I don't I don't know I don't know what

42

00:03:07,080 --> 00:03:04,330

happened to him I I was carrying him in

43

00:03:11,400 --> 00:03:07,090

the meadow it was this hot breath on my

44

00:03:14,160 --> 00:03:11,410

on my neck and I had a fight do it to

45

00:03:17,220 --> 00:03:14,170

get get back here on this trip you know

46

00:03:23,280 --> 00:03:17,230

I mean Las Vegas you're always safe

47

00:03:26,699 --> 00:03:23,290

there I am if you if you stay out of the

48

00:03:33,840 --> 00:03:26,709

strip and more along where our studios

49

00:03:38,820 --> 00:03:33,850

are well they're indeed well we're back

50

00:03:41,070 --> 00:03:38,830

and and I think the show should begin

51
00:03:43,650 --> 00:03:41,080
now that we've left left dog men and

52
00:03:46,229 --> 00:03:43,660
behind although he could pop up at any

53
00:03:49,880 --> 00:03:46,239
time during the next hour I would guess

54
00:03:52,890 --> 00:03:49,890
yeah well that's a good possibility and

55
00:03:57,810 --> 00:03:52,900
probably wants to meet our guest Jason

56
00:04:00,500 --> 00:03:57,820
Offutt now Jason is a returning guest on

57
00:04:06,210 --> 00:04:00,510
our show and it's it's been a while and

58
00:04:09,090 --> 00:04:06,220
always always happy to have Jason you

59
00:04:12,750 --> 00:04:09,100
know on to talk to us because I mean he

60
00:04:14,640 --> 00:04:12,760
he has done so many things I mean he's

61
00:04:18,349 --> 00:04:14,650
written some absolutely fantastic books

62
00:04:20,809 --> 00:04:18,359
he's made epic beer runs

63
00:04:21,740 --> 00:04:20,819

and just all in all a really interesting

64

00:04:24,619 --> 00:04:21,750

guest

65

00:04:27,709 --> 00:04:24,629

now Jason grew up on a farm near the

66

00:04:29,600 --> 00:04:27,719

little town of Orrick Missouri and in

67

00:04:31,730 --> 00:04:29,610

his life he's been a farmhand a

68

00:04:34,279 --> 00:04:31,740

journalist a photographer a bartender

69

00:04:37,339 --> 00:04:34,289

and a mayor of that very same small town

70

00:04:39,619 --> 00:04:37,349

now Jason teaches journalism at

71

00:04:42,350 --> 00:04:39,629

Northwest Missouri State University in

72

00:04:44,990 --> 00:04:42,360

Maryville and keeps the world safe from

73

00:04:46,909 --> 00:04:45,000

the forces of evil now Jason says that

74

00:04:49,909 --> 00:04:46,919

he was a nerd as a kid and look for a

75

00:04:52,219 --> 00:04:49,919

sasquatch footprints in his yard UFOs

76

00:04:54,890 --> 00:04:52,229

over the farmhouse and even says that

77

00:04:58,610 --> 00:04:54,900

one night his whole family saw something

78

00:05:01,100 --> 00:04:58,620

that shouldn't couldn't have been in the

79

00:05:03,740 --> 00:05:01,110

sky and one afternoon he says that he

80

00:05:07,969 --> 00:05:03,750

saw a full-bodied apparition that stared

81

00:05:10,279 --> 00:05:07,979

at him through hollow eyes now Jason is

82

00:05:11,059 --> 00:05:10,289

the author of such books as paranormal

83

00:05:14,269 --> 00:05:11,069

Missouri

84

00:05:17,510 --> 00:05:14,279

show me your monsters darkness walks the

85

00:05:20,149 --> 00:05:17,520

shadow people among us what lurks beyond

86

00:05:23,329 --> 00:05:20,159

the paranormal in your backyard how to

87

00:05:26,029 --> 00:05:23,339

kill monsters using common household

88

00:05:30,290 --> 00:05:26,039

item ins and his most recent book

89

00:05:33,499 --> 00:05:30,300

chasing American monsters 250 creatures

90

00:05:34,909 --> 00:05:33,509

cryptids and hairy beasts so Jason

91

00:05:37,550 --> 00:05:34,919

welcome back to explore the bizarre

92

00:05:40,459 --> 00:05:37,560

thank you for having me back I'm sorry I

93

00:05:47,350 --> 00:05:40,469

was I was off setting a trap for old mr.

94

00:05:56,769 --> 00:05:51,140

show me your monster monsters sounds

95

00:06:05,869 --> 00:05:56,779

almost x-rated I don't know I wasn't

96

00:06:09,350 --> 00:06:05,879

going there tonight and dive right in we

97

00:06:14,089 --> 00:06:09,360

had a hairy a werewolf and one of our

98

00:06:16,999 --> 00:06:14,099

movies driller so you know we take it we

99

00:06:20,829 --> 00:06:17,009

take it as they come I so to speak

100

00:06:24,920 --> 00:06:20,839

anyway hey I see so you had UFO wood

101
00:06:27,980 --> 00:06:24,930
sighting when you were a youngster

102
00:06:31,219 --> 00:06:27,990
let's get I excuse the expression get

103
00:06:32,300 --> 00:06:31,229
off the ground with that one and and and

104
00:06:34,820 --> 00:06:32,310
tell us a little bit

105
00:06:38,240 --> 00:06:34,830
about it and how it led to your

106
00:06:42,530 --> 00:06:38,250
interests and all these other unusual

107
00:06:45,500 --> 00:06:42,540
things I mean you know I going back to I

108
00:06:49,630 --> 00:06:45,510
suppose when you were younger

109
00:06:53,390 --> 00:06:49,640
the connection between Bigfoot and UFOs

110
00:06:56,690 --> 00:06:53,400
was tenuous if it existed at all and now

111
00:07:00,170 --> 00:06:56,700
a lot of people seem to kind of lump it

112
00:07:05,360 --> 00:07:00,180
together so anyway take us take us back

113
00:07:07,430 --> 00:07:05,370

to yonder years and when and where did

114

00:07:10,060 --> 00:07:07,440

all this happen well I would have been

115

00:07:13,730 --> 00:07:10,070

about 15 years old so it would have been

116

00:07:15,700 --> 00:07:13,740

1980 yeah it would have been 1980 and it

117

00:07:17,600 --> 00:07:15,710

was on night it was it was on the farm

118

00:07:19,640 --> 00:07:17,610

yeah one of the great things about

119

00:07:24,260 --> 00:07:19,650

growing up out in the middle of nowhere

120

00:07:26,600 --> 00:07:24,270

is that on a summer summer evening you

121

00:07:29,660 --> 00:07:26,610

can go out and in the darkness and you

122

00:07:31,790 --> 00:07:29,670

can see stars forever and I would spend

123

00:07:35,120 --> 00:07:31,800

lots of time looking looking up in the

124

00:07:36,740 --> 00:07:35,130

stars I'd I actually knew most knew a

125

00:07:38,350 --> 00:07:36,750

whole ton of constellations at that

126
00:07:41,720 --> 00:07:38,360
point can't remember most of them now

127
00:07:43,340 --> 00:07:41,730
but yeah I used to spend a lot of time

128
00:07:45,830 --> 00:07:43,350
looking at the sky but this didn't this

129
00:07:50,480 --> 00:07:45,840
didn't start with me it was it was with

130
00:07:51,740 --> 00:07:50,490
my dad and he had been actually this was

131
00:07:53,090 --> 00:07:51,750
probably not in the summer this was

132
00:07:56,480 --> 00:07:53,100
probably in the spring because I think

133
00:07:58,310 --> 00:07:56,490
he was out all night planning he would

134
00:08:00,470 --> 00:07:58,320
it was about 10 o'clock when he when he

135
00:08:03,140 --> 00:08:00,480
got home and we had mom and I heard his

136
00:08:05,570 --> 00:08:03,150
heard his truck pull in and shut off and

137
00:08:06,920 --> 00:08:05,580
and he didn't come in the house and he

138
00:08:08,570 --> 00:08:06,930

didn't come in the house and he didn't

139

00:08:10,880 --> 00:08:08,580

come in the house and finally mom was

140

00:08:12,920 --> 00:08:10,890

like go check on your dad so if it had

141

00:08:15,170 --> 00:08:12,930

been the dog man outside good eatin my

142

00:08:16,790 --> 00:08:15,180

father mom was just making sure that it

143

00:08:20,930 --> 00:08:16,800

wasn't her to get eaten next she sent me

144

00:08:23,300 --> 00:08:20,940

out and mmhmm yeah he was just standing

145

00:08:27,230 --> 00:08:23,310

at the side of his pickup leaning on his

146

00:08:31,370 --> 00:08:27,240

pickup and he was looking just out in

147

00:08:34,400 --> 00:08:31,380

this in the sky and I walked over to him

148

00:08:36,640 --> 00:08:34,410

and I thought he was looking at the

149

00:08:39,080 --> 00:08:36,650

house across across the field we had a

150

00:08:42,860 --> 00:08:39,090

our closest neighbor was about well

151
00:08:45,290 --> 00:08:42,870
three quarters of a mile away across a

152
00:08:45,630 --> 00:08:45,300
farm field and but he wasn't he was

153
00:08:47,280 --> 00:08:45,640
looking

154
00:08:48,810 --> 00:08:47,290
up in the sky and he said hey Jason look

155
00:08:51,330 --> 00:08:48,820
at that over the field you do you see

156
00:08:53,430 --> 00:08:51,340
that and I stood there and I stood there

157
00:08:57,810 --> 00:08:53,440
and I looked and I looked and yeah I saw

158
00:09:00,330 --> 00:08:57,820
it it was a black spot it was like you

159
00:09:02,670 --> 00:09:00,340
know somebody taking a whole punch and

160
00:09:06,030 --> 00:09:02,680
punched a hole in the sky was just a

161
00:09:07,890 --> 00:09:06,040
black big black circle and I'm like oh

162
00:09:10,980 --> 00:09:07,900
wow what do you think that is of course

163
00:09:12,390 --> 00:09:10,990

he was like I don't know but it also

164

00:09:14,160 --> 00:09:12,400

made a noise and it was a humming noise

165

00:09:17,670 --> 00:09:14,170

and we stood there for a while and

166

00:09:21,600 --> 00:09:17,680

finally mom came out and she saw it as

167

00:09:24,180 --> 00:09:21,610

well and a little bit after that the

168

00:09:25,950 --> 00:09:24,190

phone rang and of course back then they

169

00:09:28,680 --> 00:09:25,960

were all the phones were connected to

170

00:09:32,730 --> 00:09:28,690

walls so I went in to answer the phone

171

00:09:34,590 --> 00:09:32,740

and and the neighbor across the field it

172

00:09:37,230 --> 00:09:34,600

was him and he's like hey do you see

173

00:09:40,380 --> 00:09:37,240

that black thing in the sky hovering

174

00:09:42,510 --> 00:09:40,390

over the field so it wasn't just us it

175

00:09:44,310 --> 00:09:42,520

was him who saw that too and and mom

176

00:09:45,350 --> 00:09:44,320

went in the house and I just stood out

177

00:09:48,330 --> 00:09:45,360

there with dad for a while

178

00:09:50,900 --> 00:09:48,340

and eventually the thing got smaller and

179

00:09:54,150 --> 00:09:50,910

smaller and smaller until it disappeared

180

00:09:59,010 --> 00:09:54,160

yeah no clue what that was but I would

181

00:10:01,970 --> 00:09:59,020

say that son unidentified mm-hmm sure

182

00:10:04,380 --> 00:10:01,980

well it seems like it today there was a

183

00:10:07,080 --> 00:10:04,390

photograph or similar to that the

184

00:10:11,250 --> 00:10:07,090

newspaper they were calling it a black

185

00:10:13,470 --> 00:10:11,260

hole in space you know I remember eight

186

00:10:17,100 --> 00:10:13,480

years ago we were told that there had

187

00:10:20,070 --> 00:10:17,110

been a little UFO a conference and one

188

00:10:23,160 --> 00:10:20,080

of the state parks in the Arizona and

189

00:10:25,560 --> 00:10:23,170

and someone told us to go out to the

190

00:10:28,590 --> 00:10:25,570

desert you know like around midnight and

191

00:10:31,230 --> 00:10:28,600

and this big objects was this object was

192

00:10:33,600 --> 00:10:31,240

almost guaranteed to come over and it

193

00:10:36,420 --> 00:10:33,610

was going to be shaped like a like a

194

00:10:39,240 --> 00:10:36,430

donut that was that was kind of like you

195

00:10:43,860 --> 00:10:39,250

know Maury island back there in

196

00:10:45,900 --> 00:10:43,870

Washington state back in 1947 and there

197

00:10:47,880 --> 00:10:45,910

have been a few objects like that I

198

00:10:51,360 --> 00:10:47,890

remember one even over in New York that

199

00:10:54,560 --> 00:10:51,370

somebody took a picture of but it's kind

200

00:10:58,650 --> 00:10:54,570

of a rarity when you compare it to the

201
00:10:59,430 --> 00:10:58,660
disks and the pie pans and the lights in

202
00:11:15,570 --> 00:10:59,440
the

203
00:11:17,580 --> 00:11:15,580
we were about an hour drive at that

204
00:11:19,170 --> 00:11:17,590
point from from the nearest big town

205
00:11:21,390 --> 00:11:19,180
which was Kansas City Missouri

206
00:11:23,100 --> 00:11:21,400
we had a certain few smaller papers in

207
00:11:26,220 --> 00:11:23,110
the area but they didn't cover anything

208
00:11:27,900 --> 00:11:26,230
like that but it did I mean it could

209
00:11:30,660 --> 00:11:27,910
have been a disc I mean it was it was a

210
00:11:33,180 --> 00:11:30,670
round hole but I mean I call it a hole

211
00:11:35,520 --> 00:11:33,190
just because it was black it could have

212
00:11:37,290 --> 00:11:35,530
been a you know a disc you know a disc

213
00:11:39,030 --> 00:11:37,300

out there it just it was black blacking

214

00:11:41,610 --> 00:11:39,040

blanking out the stars it was it was

215

00:11:44,240 --> 00:11:41,620

hiding the stars from us well when it

216

00:11:47,040 --> 00:11:44,250

disappear did it go straight up or just

217

00:11:49,890 --> 00:11:47,050

disappear like somebody shot the shut

218

00:11:51,030 --> 00:11:49,900

off the lights no yeah I said disappear

219

00:11:53,010 --> 00:11:51,040

I probably probably shouldn't have done

220

00:11:56,100 --> 00:11:53,020

that it was it got smaller smaller I had

221

00:11:57,840 --> 00:11:56,110

the impression that it was it was going

222

00:11:59,190 --> 00:11:57,850

up just going straight up because it

223

00:12:02,370 --> 00:11:59,200

kept getting smaller and smaller until

224

00:12:05,670 --> 00:12:02,380

it was gone so that would that happened

225

00:12:11,550 --> 00:12:05,680

when you were about 15 how did that lead

226

00:12:14,730 --> 00:12:11,560

to your interest in in my monsters well

227

00:12:17,340 --> 00:12:14,740

it's that actually didn't I was

228

00:12:21,210 --> 00:12:17,350

interested in everything before that I

229

00:12:23,900 --> 00:12:21,220

was I had gobbled up everything I could

230

00:12:28,680 --> 00:12:23,910

I could get any books I could get on

231

00:12:31,740 --> 00:12:28,690

UFOs on Bigfoot Loch Ness monster ghosts

232

00:12:36,480 --> 00:12:31,750

I'd already read Chariots of the Gods

233

00:12:39,440 --> 00:12:36,490

and and gosh the second the second book

234

00:12:41,790 --> 00:12:39,450

he'd fire von Daniken had written yeah

235

00:12:43,950 --> 00:12:41,800

Leo I saw I know I was already familiar

236

00:12:45,630 --> 00:12:43,960

with all that I was that was just some

237

00:12:47,250 --> 00:12:45,640

justification to me that hey you know I

238

00:12:54,840 --> 00:12:47,260

haven't been wasting my time like my

239

00:12:56,850 --> 00:12:54,850

parents said all our parents say that my

240

00:13:01,500 --> 00:12:56,860

my mother I think at some point said I

241

00:13:03,660 --> 00:13:01,510

should get a job on the the assembly

242

00:13:06,470 --> 00:13:03,670

line you know I think it was Florida or

243

00:13:08,940 --> 00:13:06,480

something that had a plant there well

244

00:13:12,990 --> 00:13:08,950

they're long since out of business and

245

00:13:17,820 --> 00:13:13,000

I've been maintaining my image as

246

00:13:19,620 --> 00:13:17,830

a gentleman publisher since 1965 and I

247

00:13:21,660 --> 00:13:19,630

think we're up to about three hundred

248

00:13:26,040 --> 00:13:21,670

and seven books they're on Amazon

249

00:13:30,060 --> 00:13:26,050

Timofey including the one we just put up

250

00:13:32,460 --> 00:13:30,070

today on how to make friends whether

251

00:13:34,170 --> 00:13:32,470

you're familiar so I guess you could

252

00:13:36,990 --> 00:13:34,180

have actually maybe you have Bigfoot

253

00:13:40,710 --> 00:13:37,000

isn't familiar did you come across any

254

00:13:43,230 --> 00:13:40,720

of these um you know like footprints a

255

00:13:45,660 --> 00:13:43,240

giant footprints in the in the soil now

256

00:13:47,610 --> 00:13:45,670

I'll look for him and what spurred me

257

00:13:50,400 --> 00:13:47,620

on was was a number of years before I

258

00:13:55,410 --> 00:13:50,410

before I saw the you know the the object

259

00:13:58,620 --> 00:13:55,420

in the sky I was I've always been a

260

00:14:01,950 --> 00:13:58,630

voracious reader and my parents got the

261

00:14:05,220 --> 00:14:01,960

the the Kansas City Times which the

262

00:14:06,930 --> 00:14:05,230

newspaper and they always read it so I

263

00:14:08,520 --> 00:14:06,940

started you know looking through to see

264

00:14:11,580 --> 00:14:08,530

if any headlines grabbed me when I was

265

00:14:16,110 --> 00:14:11,590

you know like seven years old and one

266

00:14:19,829 --> 00:14:16,120

did and it was about a enormous hairy

267

00:14:22,340 --> 00:14:19,839

man-like creature that mala witnessed

268

00:14:25,290 --> 00:14:22,350

yeah at Louisiana Missouri which was

269

00:14:28,130 --> 00:14:25,300

monster we're gonna have a fellow on in

270

00:14:31,440 --> 00:14:28,140

a couple of weeks who has just written a

271

00:14:34,800 --> 00:14:31,450

book on Momo well I I remember when that

272

00:14:37,260 --> 00:14:34,810

that case that broke because there was a

273

00:14:39,590 --> 00:14:37,270

fella by the name of Hayden Hughes who I

274

00:14:42,329 --> 00:14:39,600

think was one of the original and

275

00:14:45,000 --> 00:14:42,339

investigators and he just passed away I

276

00:14:47,940 --> 00:14:45,010

think I a year or so ago he was a just

277

00:14:50,270 --> 00:14:47,950

like us would pretty much maybe in his

278

00:14:57,750 --> 00:14:50,280

early 20s well what year was that I

279

00:15:00,240 --> 00:14:57,760

think was 71 or 72 and tell us a little

280

00:15:03,840 --> 00:15:00,250

bit about Momo didn't he have a wasn't

281

00:15:06,420 --> 00:15:03,850

he a three-toed creature right right

282

00:15:08,250 --> 00:15:06,430

yeah yeah I want to talk about the

283

00:15:10,590 --> 00:15:08,260

three-toed here in a minute but but but

284

00:15:14,250 --> 00:15:10,600

but the wall mo case I think it was in

285

00:15:16,350 --> 00:15:14,260

71 was the the first the first sighting

286

00:15:18,450 --> 00:15:16,360

of him and and to two young girls

287

00:15:20,760 --> 00:15:18,460

well not young girls young women were

288

00:15:24,590 --> 00:15:20,770

we're having a picnic just outside of

289

00:15:27,449 --> 00:15:24,600

town and a in a in a picnic area and

290

00:15:28,980 --> 00:15:27,459

they smelled something

291

00:15:30,570 --> 00:15:28,990

they smelled like a family of skunks

292

00:15:32,960 --> 00:15:30,580

that was nearby and they were like okay

293

00:15:36,030 --> 00:15:32,970

we should probably get out of here and

294

00:15:38,340 --> 00:15:36,040

all of a sudden they saw it at the tree

295

00:15:40,470 --> 00:15:38,350

line cuz they were in a grassy area

296

00:15:44,030 --> 00:15:40,480

little park and they sawed the tree line

297

00:15:48,139 --> 00:15:44,040

this about seven to eight foot tall

298

00:15:50,790 --> 00:15:48,149

extremely hairy man-like beast standing

299

00:15:52,170 --> 00:15:50,800

standing there staring at them and you

300

00:15:54,440 --> 00:15:52,180

know of course they did what any normal

301
00:15:57,329 --> 00:15:54,450
people would do they screamed and ran

302
00:16:02,460 --> 00:15:57,339
and and they got into their car and shut

303
00:16:05,009 --> 00:16:02,470
the door and then realized oh no their

304
00:16:06,810 --> 00:16:05,019
their purses were left on on the picnic

305
00:16:09,630 --> 00:16:06,820
blanket oh boy

306
00:16:15,630 --> 00:16:09,640
so they didn't have keys and and in the

307
00:16:18,480 --> 00:16:15,640
monster he's like put his face on the

308
00:16:20,460 --> 00:16:18,490
glass I mean I can't imagine the screams

309
00:16:21,990 --> 00:16:20,470
that were going on and eventually it

310
00:16:24,030 --> 00:16:22,000
walked away and and they were brave

311
00:16:26,280 --> 00:16:24,040
enough to go out and you know get their

312
00:16:28,560 --> 00:16:26,290
purses and and and the driver you know

313
00:16:31,170 --> 00:16:28,570

put her keys in and went and you know

314

00:16:33,870 --> 00:16:31,180

they went and reported this the next

315

00:16:38,130 --> 00:16:33,880

encounter wasn't for another year and

316

00:16:40,230 --> 00:16:38,140

there were yeah it was it was the first

317

00:16:44,819 --> 00:16:40,240

one was in in 71 and then the other ones

318

00:16:50,490 --> 00:16:44,829

were in were in 72 a 16 year old girl

319

00:16:53,819 --> 00:16:50,500

was washing dishes in her parents

320

00:16:56,400 --> 00:16:53,829

kitchen they were they were gone and her

321

00:17:00,769 --> 00:16:56,410

brothers were playing outside and she

322

00:17:03,240 --> 00:17:00,779

just happened to look out and saw that

323

00:17:05,819 --> 00:17:03,250

there was something you know the same

324

00:17:08,520 --> 00:17:05,829

description it was a huge hairy creature

325

00:17:12,960 --> 00:17:08,530

the hair on its head was was pretty much

326

00:17:14,880 --> 00:17:12,970

covering covering its face then again it

327

00:17:19,290 --> 00:17:14,890

was it was human shaped and it was

328

00:17:21,960 --> 00:17:19,300

staring at her little brothers and she

329

00:17:24,090 --> 00:17:21,970

got went ran outside and screamed and

330

00:17:28,919 --> 00:17:24,100

her brother's turned and saw the monster

331

00:17:30,090 --> 00:17:28,929

and they ran into the house and so you

332

00:17:31,710 --> 00:17:30,100

know they they they didn't have that

333

00:17:33,810 --> 00:17:31,720

kind of encounter you know that the

334

00:17:35,640 --> 00:17:33,820

monster was that close but still was

335

00:17:39,299 --> 00:17:35,650

terrifying and when the monster ran off

336

00:17:40,560 --> 00:17:39,309

they noticed that it had a dog under a

337

00:17:42,120 --> 00:17:40,570

dead dog under its

338

00:17:45,779 --> 00:17:42,130

it's armed it was carrying this dead

339

00:17:47,999 --> 00:17:45,789

bloody dog and there had been a farmer

340

00:17:50,220 --> 00:17:48,009

not too far away from from this house

341

00:17:53,009 --> 00:17:50,230

that that was missing his dog he

342

00:17:55,110 --> 00:17:53,019

couldn't find it and it there were other

343

00:17:57,060 --> 00:17:55,120

encounters and there were you know they

344

00:17:59,610 --> 00:17:57,070

went out on hunting parties to find it

345

00:18:03,860 --> 00:17:59,620

never could but but you're right with

346

00:18:07,769 --> 00:18:03,870

the three-toed footprint i find this

347

00:18:09,060 --> 00:18:07,779

bizarre because you know most of the

348

00:18:11,460 --> 00:18:09,070

footprints and there have been some

349

00:18:12,210 --> 00:18:11,470

great casts made of footprints that are

350

00:18:16,289 --> 00:18:12,220

oh yeah

351
00:18:17,999 --> 00:18:16,299
enormous human-like footprints but these

352
00:18:21,779 --> 00:18:18,009
had three toes and it wasn't like it was

353
00:18:25,249 --> 00:18:21,789
a deformed foot with three toes it was a

354
00:18:28,139 --> 00:18:25,259
foot that had three toes and this is

355
00:18:30,799 --> 00:18:28,149
okay we've got Momo in Missouri we've

356
00:18:34,200 --> 00:18:30,809
got the folk lawn stir down in Arkansas

357
00:18:36,149 --> 00:18:34,210
which The Legend of Boggy Creek and then

358
00:18:38,879 --> 00:18:36,159
we've got the honey island swamp monster

359
00:18:41,789 --> 00:18:38,889
down in Louisiana so all the way down

360
00:18:44,129 --> 00:18:41,799
the Mississippi we've got three reports

361
00:18:46,080 --> 00:18:44,139
of three different almost identical

362
00:18:50,039 --> 00:18:46,090
monsters all that have three-toed

363
00:18:52,619 --> 00:18:50,049

footprints so I mean I've wondered for a

364

00:18:54,240 --> 00:18:52,629

while if maybe it's the same same

365

00:18:57,659 --> 00:18:54,250

monster that has been you know just

366

00:18:59,970 --> 00:18:57,669

migrates back and forms kind of like the

367

00:19:08,310 --> 00:18:59,980

truck kind of like a [h__h] except he's

368

00:19:12,840 --> 00:19:08,320

not on a not on a train back pack at all

369

00:19:17,549 --> 00:19:12,850

right probably probably the same family

370

00:19:20,669 --> 00:19:17,559

of monsters yeah well you know animals

371

00:19:22,759 --> 00:19:20,679

travel along waterways so that you know

372

00:19:26,129 --> 00:19:22,769

wouldn't be too far of a stretch I think

373

00:19:29,279 --> 00:19:26,139

now did you go out hunting Momo I mean

374

00:19:33,180 --> 00:19:29,289

not hunting with a gun but looking for

375

00:19:35,999 --> 00:19:33,190

him oh when I was a kid and these see

376

00:19:39,210 --> 00:19:36,009

this gave me validation I liked monsters

377

00:19:42,930 --> 00:19:39,220

and all of a sudden the newspaper was

378

00:19:45,060 --> 00:19:42,940

printing stuff about big yeah and yeah I

379

00:19:48,750 --> 00:19:45,070

would like I said I was only about seven

380

00:19:51,840 --> 00:19:48,760

at the time and I would you know pack a

381

00:19:54,419 --> 00:19:51,850

bag with some sandwiches bottle of soda

382

00:19:58,080 --> 00:19:54,429

pop and a notebook and pencils and I

383

00:20:00,570 --> 00:19:58,090

would go out in the cornfields for hours

384

00:20:02,820 --> 00:20:00,580

and hours and hours for big footprints

385

00:20:06,799 --> 00:20:02,830

and I never could find him and my mom

386

00:20:12,450 --> 00:20:08,970

welcome a good thing to wait a good

387

00:20:14,100 --> 00:20:12,460

thing to was in the corn man we having

388

00:20:16,320 --> 00:20:14,110

to come across the cool maybe there is a

389

00:20:18,359 --> 00:20:16,330

corn man out there there might be we got

390

00:20:20,190 --> 00:20:18,369

the Ohio grassman there might be a corn

391

00:20:22,830 --> 00:20:20,200

me that's right right and that isn't

392

00:20:25,859 --> 00:20:22,840

there a giant sheep or something to

393

00:20:28,580 --> 00:20:25,869

wandering around I think and in Tim's

394

00:20:30,720 --> 00:20:28,590

neck of the wood was there some kind of

395

00:20:34,220 --> 00:20:30,730

what kind of creature is that that's

396

00:20:36,359 --> 00:20:34,230

wandering out there oh well I mean

397

00:20:38,700 --> 00:20:36,369

naturally I mean we've got the same kind

398

00:20:42,539 --> 00:20:38,710

of hairy cryptids but I mean we also

399

00:20:46,499 --> 00:20:42,549

have the the lake Manitou monster which

400

00:20:48,840 --> 00:20:46,509

is a lot more spiky about the one day

401
00:20:54,049 --> 00:20:48,850
you rode up for one of our books goes

402
00:20:56,869 --> 00:20:54,059
back a hundred years or so oh my gosh

403
00:21:01,470 --> 00:20:56,879
front French names oh well there's the

404
00:21:03,060 --> 00:21:01,480
the loop gurus of been celibate sense of

405
00:21:09,090 --> 00:21:03,070
course that's what I meant you know that

406
00:21:13,859 --> 00:21:09,100
all along well I mean you know vid

407
00:21:17,009 --> 00:21:13,869
Vincennes was you know French occupied

408
00:21:18,960 --> 00:21:17,019
from I mean like the sixteen hundreds so

409
00:21:21,570 --> 00:21:18,970
naturally they would have brought their

410
00:21:23,730 --> 00:21:21,580
you know traditions and folklore and

411
00:21:25,680 --> 00:21:23,740
mythology is with them well in

412
00:21:27,450 --> 00:21:25,690
researching the researching the book

413
00:21:31,019 --> 00:21:27,460

that I mean that's what I discovered I

414

00:21:33,539 --> 00:21:31,029

actually talked about it in you know in

415

00:21:36,029 --> 00:21:33,549

the introduction to the book is that a

416

00:21:38,669 --> 00:21:36,039

lot of these creatures you know when

417

00:21:40,350 --> 00:21:38,679

when people moved from from Ireland they

418

00:21:42,960 --> 00:21:40,360

didn't you know they didn't just bring

419

00:21:44,009 --> 00:21:42,970

you know food with them to survive the

420

00:21:45,960 --> 00:21:44,019

trip they didn't just bring a few

421

00:21:48,119 --> 00:21:45,970

heirlooms they they they brought

422

00:21:52,109 --> 00:21:48,129

banshees because their Banshee accounts

423

00:21:53,789 --> 00:21:52,119

here in in America when when the Cornish

424

00:21:55,649 --> 00:21:53,799

miners from Cornwall England were

425

00:21:57,749 --> 00:21:55,659

brought over to mine in Pennsylvania and

426

00:21:58,830 --> 00:21:57,759

and the gold mines in California they

427

00:22:01,590 --> 00:21:58,840

they brought with them the the

428

00:22:03,599 --> 00:22:01,600

Tommyknockers and then the the

429

00:22:06,909 --> 00:22:03,609

loup-garou as well with with the French

430

00:22:09,310 --> 00:22:06,919

so you know when people come

431

00:22:11,169 --> 00:22:09,320

did they bring bring the breather beast

432

00:22:14,919 --> 00:22:11,179

with them which is absolutely

433

00:22:16,629 --> 00:22:14,929

fascinating to me that is that it makes

434

00:22:19,450 --> 00:22:16,639

me it makes me wonder you know when you

435

00:22:22,239 --> 00:22:19,460

have unique cases say like the you know

436

00:22:24,099 --> 00:22:22,249

Point Pleasant Mothman you know it makes

437

00:22:27,070 --> 00:22:24,109

you wonder whether or not there is some

438

00:22:28,629 --> 00:22:27,080

kind of you know like old European

439

00:22:30,310 --> 00:22:28,639

heritage I mean you know of course

440

00:22:33,789 --> 00:22:30,320

people have looked into the Native

441

00:22:36,279 --> 00:22:33,799

American laws of that area but you know

442

00:22:38,049 --> 00:22:36,289

now you've got me wondering and yeah you

443

00:22:40,269 --> 00:22:38,059

should look into that to see if there's

444

00:22:42,549 --> 00:22:40,279

any kind of connection right and there

445

00:22:44,769 --> 00:22:42,559

are two different things that that cross

446

00:22:47,049 --> 00:22:44,779

my mind about this one they somehow

447

00:22:50,190 --> 00:22:47,059

brought the they're monsters and they're

448

00:22:52,359 --> 00:22:50,200

they're beasts with them or or you know

449

00:22:54,580 --> 00:22:52,369

that there may be you know there are old

450

00:22:55,960 --> 00:22:54,590

entities out there elemental type in a

451
00:22:58,930 --> 00:22:55,970
tease

452
00:23:02,310 --> 00:22:58,940
maybe the legends when the legends are

453
00:23:07,239 --> 00:23:02,320
being passed down from grandfather to

454
00:23:09,399 --> 00:23:07,249
father to grandson and so on maybe these

455
00:23:11,950 --> 00:23:09,409
these you know elemental type entities

456
00:23:13,869 --> 00:23:11,960
are taking taking the guise of these

457
00:23:16,210 --> 00:23:13,879
these old monsters that are talked about

458
00:23:20,200 --> 00:23:16,220
so much well that's a good point

459
00:23:21,879 --> 00:23:20,210
listening in taking notes right you talk

460
00:23:24,909 --> 00:23:21,889
about something enough a Tulpas gonna

461
00:23:27,399 --> 00:23:24,919
show up every now and again mmm that's

462
00:23:30,430 --> 00:23:27,409
you know Tim that that's that's

463
00:23:39,820 --> 00:23:30,440

reminiscent of my book about Jeff the

464

00:23:44,499 --> 00:23:39,830

talking Mongoose that's one of our

465

00:23:47,649 --> 00:23:44,509

favorites we just came out with a book

466

00:23:51,099 --> 00:23:47,659

that contains the original manuscript by

467

00:23:55,029 --> 00:23:51,109

Harry price who investigated that back

468

00:23:58,389 --> 00:23:55,039

end what was in the mid 1930s early

469

00:23:59,919 --> 00:23:58,399

early to middle 1930s and Tim we're

470

00:24:02,259 --> 00:23:59,929

gonna have to interrupt this

471

00:24:04,599 --> 00:24:02,269

conversation because we are coming up to

472

00:24:05,889 --> 00:24:04,609

our bottom of the hour break so when we

473

00:24:09,220 --> 00:24:05,899

come back we will continue our

474

00:24:12,639 --> 00:24:09,230

conversation with a Jason Offutt talking

475

00:24:15,580 --> 00:24:12,649

about chasing American monsters on

476
00:24:25,889 --> 00:24:15,590
exploring a bizarre well Jeff will keep

477
00:24:32,620 --> 00:24:30,039
now back to exploring the bazaars with

478
00:24:35,919 --> 00:24:32,630
two of the most electrifying researchers

479
00:24:41,769 --> 00:24:35,929
in the Paranoid your hosts Timothy Becca

480
00:24:43,749 --> 00:24:41,779
Lee and team sports and welcome back to

481
00:24:46,860 --> 00:24:43,759
exploring the bazaar I'm Tim Schwarz and

482
00:24:50,710 --> 00:24:46,870
night we're talking with Jason Offit and

483
00:24:53,049 --> 00:24:50,720
Jason in your latest book chasing

484
00:24:56,460 --> 00:24:53,059
American monsters I mean you know you

485
00:25:00,009 --> 00:24:56,470
have what I say here like you know over

486
00:25:03,519 --> 00:25:00,019
250 creatures cryptids and hairy beasts

487
00:25:06,129 --> 00:25:03,529
from you know all the states it looks

488
00:25:10,060 --> 00:25:06,139

like and okay just taking for example

489

00:25:12,669 --> 00:25:10,070

Missouri some of the amazing cryptids

490

00:25:14,259 --> 00:25:12,679

that have been reported there like the

491

00:25:15,669 --> 00:25:14,269

space penguins now you know don't you

492

00:25:18,970 --> 00:25:15,679

wish you know when you were a kid you

493

00:25:21,490 --> 00:25:18,980

had had the opportunity to to look into

494

00:25:24,610 --> 00:25:21,500

those cases and now here you are as an

495

00:25:26,980 --> 00:25:24,620

adult being able to do that I know I

496

00:25:29,379 --> 00:25:26,990

mean the fun ones happened before you

497

00:25:41,490 --> 00:25:29,389

know before I could do anything about it

498

00:25:44,619 --> 00:25:41,500

I I know that feeling well this was in

499

00:25:46,930 --> 00:25:44,629

1967 on Valentine's Day there was a

500

00:25:49,570 --> 00:25:46,940

farmer his name was Claude Edwards who

501
00:25:52,600 --> 00:25:49,580
walked outside of his farmhouse and he

502
00:25:56,529 --> 00:25:52,610
noticed that there was a large metal

503
00:26:00,519 --> 00:25:56,539
green mushroom sitting in one of his

504
00:26:02,139 --> 00:26:00,529
fields and so he walked out to take a

505
00:26:04,119 --> 00:26:02,149
look at it and when he when he got close

506
00:26:06,639 --> 00:26:04,129
he saw that there were a number of

507
00:26:09,970 --> 00:26:06,649
creatures milling around the base of

508
00:26:13,629 --> 00:26:09,980
this mushroom they were about 3 feet

509
00:26:18,310 --> 00:26:13,639
tall green and they looked like waddling

510
00:26:21,850 --> 00:26:18,320
penguins that's wild

511
00:26:25,360 --> 00:26:21,860
that is and and the eyes were large and

512
00:26:28,000 --> 00:26:25,370
in black and I mean I think about what

513
00:26:29,820 --> 00:26:28,010

people do you you sure he wasn't chewing

514

00:26:33,399 --> 00:26:29,830

on that mushroom

515

00:26:37,379 --> 00:26:33,409

might have broken a tooth was metal Oh

516

00:26:40,980 --> 00:26:37,389

oh yeah well that's what they all say if

517

00:26:44,970 --> 00:26:40,990

we interviewed a fellow there in

518

00:26:48,100 --> 00:26:44,980

Scotland who had a really dramatic UFO

519

00:26:50,320 --> 00:26:48,110

sighting and these ball bearing type

520

00:26:53,259 --> 00:26:50,330

objects rolled out from underneath the

521

00:26:57,970 --> 00:26:53,269

the craft and attacked him and ripped

522

00:26:59,620 --> 00:26:57,980

his pants and the skeptics said well he

523

00:27:02,769 --> 00:26:59,630

was hallucinating because he had a

524

00:27:06,639 --> 00:27:02,779

handful of wild berries so we got

525

00:27:09,129 --> 00:27:06,649

mushrooms and berries and dancing green

526

00:27:19,899 --> 00:27:09,139

penguins now what we have mainly is

527

00:27:22,149 --> 00:27:19,909

excuses I always pegged were a little

528

00:27:24,730 --> 00:27:22,159

smarter than we get they must have been

529

00:27:27,399 --> 00:27:24,740

the penguin from Batman I would I would

530

00:27:30,580 --> 00:27:27,409

guess we're just Meredith they all look

531

00:27:33,060 --> 00:27:30,590

like burgess Meredith yes what would you

532

00:27:35,860 --> 00:27:33,070

say that that's the most peculiar

533

00:27:38,830 --> 00:27:35,870

equipped if you can even put it in that

534

00:27:40,600 --> 00:27:38,840

category that you've heard of or are

535

00:27:42,850 --> 00:27:40,610

there cases that are even stranger than

536

00:27:45,460 --> 00:27:42,860

that well when it comes whether they're

537

00:27:48,250 --> 00:27:45,470

always no matter how strange you get the

538

00:27:50,879 --> 00:27:48,260

world 1ups you and there's even stranger

539

00:27:53,950 --> 00:27:50,889

ones but but with this I mean okay he

540

00:27:56,259 --> 00:27:53,960

the the end of the story is I mean I

541

00:27:58,419 --> 00:27:56,269

would have went back you know gone going

542

00:28:00,399 --> 00:27:58,429

back to my house maybe gotten a shotgun

543

00:28:02,440 --> 00:28:00,409

or a camera or something but this guy

544

00:28:05,740 --> 00:28:02,450

picked up rocks and started throwing

545

00:28:08,860 --> 00:28:05,750

them at the Penguins and they bounced

546

00:28:12,070 --> 00:28:08,870

off what you know was basically a force

547

00:28:16,120 --> 00:28:12,080

shield and invisible when like like on

548

00:28:17,799 --> 00:28:16,130

Star Trek and the the Penguins noticed

549

00:28:20,200 --> 00:28:17,809

him and turned around and got back into

550

00:28:24,129 --> 00:28:20,210

them to the giant metallic mushroom and

551
00:28:27,789 --> 00:28:24,139
and went took off into into the air the

552
00:28:30,730 --> 00:28:27,799
thing that really hits me on this is the

553
00:28:32,769 --> 00:28:30,740
description of the Penguins three feet

554
00:28:34,269 --> 00:28:32,779
tall the colors are relevant they were

555
00:28:36,039 --> 00:28:34,279
green that's kind of irrelevant there

556
00:28:39,210 --> 00:28:36,049
were three feet tall and had really

557
00:28:42,830 --> 00:28:39,220
large black eyes and with a lot of

558
00:28:44,990 --> 00:28:42,840
classic abduction encounter

559
00:28:47,360 --> 00:28:45,000
you know a lot of times the the people

560
00:28:49,730 --> 00:28:47,370
will report well I was I found myself

561
00:28:52,550 --> 00:28:49,740
outside and there were these really

562
00:28:54,830 --> 00:28:52,560
large rabbits with big black eyes so

563
00:28:56,440 --> 00:28:54,840

there were these deer with big black

564

00:29:02,150 --> 00:28:56,450

eyes or there were these really large

565

00:29:04,040 --> 00:29:02,160

owls but they you gotta throw in a

566

00:29:06,350 --> 00:29:04,050

couple of hours they're gotta throw in

567

00:29:08,240 --> 00:29:06,360

the Owls so wait with this encounter I'm

568

00:29:11,390 --> 00:29:08,250

just speculating of course what this is

569

00:29:14,320 --> 00:29:11,400

is if this guy really saw that and

570

00:29:18,050 --> 00:29:14,330

wasn't chewing on the magic mushroom

571

00:29:20,240 --> 00:29:18,060

maybe this was was was you know a you

572

00:29:24,620 --> 00:29:20,250

know stereotypical type gray encounter

573

00:29:27,020 --> 00:29:24,630

and they just put into his head what he

574

00:29:28,670 --> 00:29:27,030

thought was you know the most adorable

575

00:29:31,280 --> 00:29:28,680

and least dangerous creature he could

576

00:29:34,730 --> 00:29:31,290

think of which would be a penguin

577

00:29:39,260 --> 00:29:34,740

they're pretty adored yeah yeah yeah

578

00:29:41,510 --> 00:29:39,270

well how do what what do you make of we

579

00:29:44,540 --> 00:29:41,520

were making light of this earlier but

580

00:29:47,510 --> 00:29:44,550

what do you make of these cases that

581

00:29:50,330 --> 00:29:47,520

have crept up on us recently of this a

582

00:29:52,900 --> 00:29:50,340

dog that man who has the body of Arnold

583

00:29:57,350 --> 00:29:52,910

Schwarzenegger in the face of a bulldog

584

00:30:01,700 --> 00:29:57,360

well I mean on the on the surface I'm

585

00:30:02,270 --> 00:30:01,710

like really it's it's a big dog it's a

586

00:30:07,370 --> 00:30:02,280

dog

587

00:30:11,150 --> 00:30:07,380

sort of a hairy human torso but it's

588

00:30:12,470 --> 00:30:11,160

it's really muscular but I mean the

589

00:30:16,010 --> 00:30:12,480

people I've talked with who've had these

590

00:30:20,090 --> 00:30:16,020

encounters have been pretty pretty

591

00:30:21,800 --> 00:30:20,100

convincing and and the one that

592

00:30:24,200 --> 00:30:21,810

convinced me the most that there is

593

00:30:26,540 --> 00:30:24,210

something to this beside the fact that

594

00:30:29,660 --> 00:30:26,550

there are Native American stories about

595

00:30:32,630 --> 00:30:29,670

these the story that really got me was a

596

00:30:35,600 --> 00:30:32,640

friend of mine talked to me about it

597

00:30:39,800 --> 00:30:35,610

and I mean this is a guy I trust and I

598

00:30:41,870 --> 00:30:39,810

mean he wasn't lying to me he was

599

00:30:45,560 --> 00:30:41,880

serious and kind of scared when he told

600

00:30:47,120 --> 00:30:45,570

me this story but he ain't a friend like

601
00:30:50,350 --> 00:30:47,130
to go to this Cemetery

602
00:30:54,500 --> 00:30:50,360
in in in mid-missouri it sits off a

603
00:30:56,220 --> 00:30:54,510
rural highway on a dirt road that goes

604
00:30:59,940 --> 00:30:56,230
down a couple of hills

605
00:31:01,320 --> 00:30:59,950
and this cemetery sits up on a hill and

606
00:31:03,240 --> 00:31:01,330
it's really inviting because there's a

607
00:31:05,909 --> 00:31:03,250
big wooden cross somebody set fire to at

608
00:31:08,700 --> 00:31:05,919
one point so it's nice and charred but

609
00:31:10,980 --> 00:31:08,710
the cemetery does some weird things like

610
00:31:13,430 --> 00:31:10,990
he's mapped it before and the next time

611
00:31:16,010 --> 00:31:13,440
he's gone back the tombstones and and

612
00:31:18,630 --> 00:31:16,020
trees have been in different positions

613
00:31:21,409 --> 00:31:18,640

he's done that more than once but but he

614

00:31:23,460 --> 00:31:21,419

and his another buddy were there and

615

00:31:25,080 --> 00:31:23,470

nothing was really going on so they

616

00:31:27,870 --> 00:31:25,090

decided to leave around 10 or 11 o'clock

617

00:31:29,310 --> 00:31:27,880

at night and it was Wuornos in the

618

00:31:31,289 --> 00:31:29,320

summer said that they had their windows

619

00:31:33,990 --> 00:31:31,299

rolled down and they and they went down

620

00:31:36,539 --> 00:31:34,000

one of the hills and there was a dog in

621

00:31:40,080 --> 00:31:36,549

the middle of the dirt road it was like

622

00:31:42,030 --> 00:31:40,090

it was eating like roadkill and they

623

00:31:44,159 --> 00:31:42,040

stopped about 20 feet from it and they

624

00:31:47,130 --> 00:31:44,169

could smell wet dog coming through the

625

00:31:49,530 --> 00:31:47,140

window and you know that's an awful

626

00:31:51,890 --> 00:31:49,540

smell and they got tired of waiting for

627

00:31:54,180 --> 00:31:51,900

it to move so the driver honked his horn

628

00:31:58,230 --> 00:31:54,190

and this thing turned its head toward

629

00:32:00,600 --> 00:31:58,240

them and its eyes glowed yellow in in

630

00:32:03,150 --> 00:32:00,610

the in the headlights and all of a

631

00:32:05,280 --> 00:32:03,160

sudden it stood up and it was about six

632

00:32:08,220 --> 00:32:05,290

feet tall and it was on its hind legs

633

00:32:09,870 --> 00:32:08,230

and it stared them down as it walked to

634

00:32:12,570 --> 00:32:09,880

the side of the road and disappeared

635

00:32:13,980 --> 00:32:12,580

into the trees I of course at that point

636

00:32:15,380 --> 00:32:13,990

they rolled up their windows locked the

637

00:32:19,730 --> 00:32:15,390

door and got the hell out of there but

638

00:32:22,980 --> 00:32:19,740

they saw this dog stand on two legs and

639

00:32:25,230 --> 00:32:22,990

give them the eye as it you know walked

640

00:32:29,789 --> 00:32:25,240

walked off the walked off the road

641

00:32:31,620 --> 00:32:29,799

hmm mm-hmm did they say was it and did

642

00:32:35,250 --> 00:32:31,630

it appear to be a normal sized dog at

643

00:32:37,020 --> 00:32:35,260

first it was yeah it was they said it

644

00:32:38,970 --> 00:32:37,030

would or he said that it was just it

645

00:32:41,520 --> 00:32:38,980

wasn't really it was a big dog but it

646

00:32:45,870 --> 00:32:41,530

wasn't you know out of the realm of the

647

00:32:52,680 --> 00:32:45,880

size of dog should be mm-hmm until it

648

00:32:54,720 --> 00:32:52,690

stood up well you know and at one time I

649

00:32:57,270 --> 00:32:54,730

mean before I think the dog man meme

650

00:32:59,190 --> 00:32:57,280

kind of became popular you know someone

651
00:33:02,990 --> 00:32:59,200
would people would say oh that was that

652
00:33:09,750 --> 00:33:08,120
well yeah but I mean thinking about

653
00:33:11,870 --> 00:33:09,760
werewolves or

654
00:33:14,940 --> 00:33:11,880
or dogs that stand on their hind legs

655
00:33:18,930 --> 00:33:14,950
yeah which ones a little bit more

656
00:33:24,600 --> 00:33:18,940
believable I'll stay I'll stick with

657
00:33:27,600 --> 00:33:24,610
Bigfoot thank you okay now from the

658
00:33:30,990 --> 00:33:27,610
research Jason that you did for chasing

659
00:33:34,550 --> 00:33:31,000
American monsters was there any

660
00:33:37,920 --> 00:33:34,560
particular a cryptid that seemed to be

661
00:33:39,780 --> 00:33:37,930
consistent no matter where you know you

662
00:33:40,770 --> 00:33:39,790
would go you know one side of the

663
00:33:44,270 --> 00:33:40,780

country to the other

664

00:33:51,080 --> 00:33:44,280

you're you're going to find stories

665

00:34:03,780 --> 00:34:01,530

no there no because a lot okay let's go

666

00:34:06,630 --> 00:34:03,790

stick with Bigfoot's for a second a lot

667

00:34:08,129 --> 00:34:06,640

of the Bigfoot encounters are of the

668

00:34:11,190 --> 00:34:08,139

same type of creature anything between

669

00:34:13,159 --> 00:34:11,200

like 6 and 9 feet tall probably about

670

00:34:17,340 --> 00:34:13,169

five to eight hundred pounds hairy

671

00:34:20,369 --> 00:34:17,350

ape-like and walks like a man but then

672

00:34:22,470 --> 00:34:20,379

again there are similar ones that the

673

00:34:24,930 --> 00:34:22,480

thing has a human-like face it's just a

674

00:34:27,480 --> 00:34:24,940

lot more human than eight and then we've

675

00:34:29,070 --> 00:34:27,490

got you know the the michalak skunk ape

676

00:34:31,290 --> 00:34:29,080

down in Florida that looks more like an

677

00:34:33,810 --> 00:34:31,300

orangutan and then we've got other ones

678

00:34:36,030 --> 00:34:33,820

that are tall and skinny in New

679

00:34:39,600 --> 00:34:36,040

Hampshire and and then we've got some

680

00:34:43,740 --> 00:34:39,610

that look more like chimpanzees so they

681

00:34:47,129 --> 00:34:43,750

do have this variation but there's a lot

682

00:34:51,950 --> 00:34:47,139

of encounters with each one of them so

683

00:34:54,180 --> 00:34:51,960

the individual you know individual types

684

00:34:58,170 --> 00:34:54,190

species variations whatever you want to

685

00:35:04,730 --> 00:34:58,180

call them are fairly consistent well I

686

00:35:08,970 --> 00:35:04,740

know that here in Indiana you had two

687

00:35:12,690 --> 00:35:08,980

water creatures listed you had the the

688

00:35:17,370 --> 00:35:12,700

Ohio River Gill man and then the the

689

00:35:19,020 --> 00:35:17,380

beasts Beast of busco busca I couldn't

690

00:35:22,230 --> 00:35:19,030

remember how its how it's pronounced and

691

00:35:23,400 --> 00:35:22,240

I've been to the pond where the the

692

00:35:25,200 --> 00:35:23,410

giant turtles

693

00:35:27,600 --> 00:35:25,210

supposedly was and it's not a big pond

694

00:35:30,540 --> 00:35:27,610

so if there was a turtle there of that

695

00:35:32,730 --> 00:35:30,550

size I think the reports of that it was

696

00:35:36,540 --> 00:35:32,740

as big as a dining room table that's a

697

00:35:38,940 --> 00:35:36,550

big turtle right well it's I mean later

698

00:35:43,530 --> 00:35:38,950

the stories grew and the shell was as

699

00:35:45,660 --> 00:35:43,540

big as the roof of a car yeah so I'm

700

00:35:47,970 --> 00:35:45,670

really dubious about a lot of a lot of

701
00:35:51,780 --> 00:35:47,980
water monsters unless we're talking an

702
00:35:54,090 --> 00:35:51,790
ocean if it's a seagoing monster all

703
00:35:58,260 --> 00:35:54,100
bets are off there but but if it's a

704
00:36:02,040 --> 00:35:58,270
lake monster I mean a lake is if it's a

705
00:36:03,900 --> 00:36:02,050
contained Lake somebody would have would

706
00:36:05,790 --> 00:36:03,910
have shot the thing somebody would have

707
00:36:09,450 --> 00:36:05,800
hailed it in with a net I don't care how

708
00:36:12,270 --> 00:36:09,460
big a big it is a stub steamboat would

709
00:36:14,240 --> 00:36:12,280
have run over its head at some point you

710
00:36:17,190 --> 00:36:14,250
know and there are a lot of different

711
00:36:20,430 --> 00:36:17,200
different lakes in in the United States

712
00:36:23,480 --> 00:36:20,440
that are man-made reservoirs that have

713
00:36:27,300 --> 00:36:23,490

like big you know please Yasur stories

714

00:36:28,830 --> 00:36:27,310

yeah I I'm not I'm not necessarily

715

00:36:31,350 --> 00:36:28,840

buying that but but when you go to the

716

00:36:35,310 --> 00:36:31,360

ocean or even something as bit like Lake

717

00:36:37,650 --> 00:36:35,320

Champlain that's a big lake well I mean

718

00:36:40,290 --> 00:36:37,660

you know you look at some of these

719

00:36:43,740 --> 00:36:40,300

stories that come from say like Ireland

720

00:36:48,560 --> 00:36:43,750

where you have these basically they're

721

00:36:51,480 --> 00:36:48,570

just nothing more than peat bogs and but

722

00:36:55,520 --> 00:36:51,490

very good reports about people seeing

723

00:36:59,790 --> 00:36:55,530

you know like a strange strange beasties

724

00:37:01,440 --> 00:36:59,800

in in these waters so and of course the

725

00:37:03,360 --> 00:37:01,450

speculation there was that you know

726

00:37:05,310 --> 00:37:03,370

these these little ponds are so close

727

00:37:07,470 --> 00:37:05,320

together that whatever gets in there is

728

00:37:09,540 --> 00:37:07,480

able to move from from Lake to Lake

729

00:37:11,130 --> 00:37:09,550

which that brings me back you know we

730

00:37:14,070 --> 00:37:11,140

were talking about you know Momo and

731

00:37:16,340 --> 00:37:14,080

some of these other Bigfoot types of

732

00:37:19,470 --> 00:37:16,350

creatures you know it seems to me that

733

00:37:22,590 --> 00:37:19,480

there's a good possibility that some of

734

00:37:25,830 --> 00:37:22,600

them probably do travel around using you

735

00:37:27,360 --> 00:37:25,840

know like rivers and creeks and things

736

00:37:30,210 --> 00:37:27,370

like that right

737

00:37:33,840 --> 00:37:30,220

and yeah absolutely I mean when it comes

738

00:37:36,450 --> 00:37:33,850

to again just animals in general they

739

00:37:37,109 --> 00:37:36,460

they use waterways to travel because you

740

00:37:38,880 --> 00:37:37,119

know other

741

00:37:43,410 --> 00:37:38,890

animals come to waterways and hey I can

742

00:37:46,289 --> 00:37:43,420

eat that one I've got something to drink

743

00:37:51,029 --> 00:37:46,299

so I mean I'll definitely definitely am

744

00:37:53,160 --> 00:37:51,039

behind that but when it comes to you

745

00:37:56,220 --> 00:37:53,170

know again just monsters from the water

746

00:37:58,829 --> 00:37:56,230

and I'm just I'm really really dubious

747

00:38:01,380 --> 00:37:58,839

over most of them like I can in in

748

00:38:03,660 --> 00:38:01,390

Oklahoma there's allegedly a knock John

749

00:38:07,739 --> 00:38:03,670

octopus that lives in a couple of the

750

00:38:11,579 --> 00:38:07,749

lakes in Oklahoma yeah yeah fresh

751

00:38:13,410 --> 00:38:11,589

freshwater octopus it's a fun story

752

00:38:16,920 --> 00:38:13,420

though I think it's not every story I

753

00:38:20,269 --> 00:38:16,930

put in in in chasing American Monsters

754

00:38:23,339 --> 00:38:20,279

am I saying this monster exists no I'm I

755

00:38:25,220 --> 00:38:23,349

I was a journalist for 17 years and for

756

00:38:30,839 --> 00:38:25,230

the past 14 years I've taught journalism

757

00:38:32,849 --> 00:38:30,849

so I I'm a storyteller so I tell the

758

00:38:35,039 --> 00:38:32,859

stories of a lot of these or of all of

759

00:38:36,749 --> 00:38:35,049

these but I think you know there are a

760

00:38:42,839 --> 00:38:36,759

number of these in here that I think are

761

00:38:46,769 --> 00:38:42,849

100% true when it comes to teaching your

762

00:38:49,079 --> 00:38:46,779

classes on journalism now I know you

763

00:38:53,249 --> 00:38:49,089

know you're not going to you know teach

764

00:38:56,249 --> 00:38:53,259

your kids on on how to write about

765

00:38:58,589 --> 00:38:56,259

things like this but don't be too sure

766

00:39:00,749 --> 00:38:58,599

well okay that's you know my question

767

00:39:05,609 --> 00:39:00,759

you know it was more is more

768

00:39:09,420 --> 00:39:05,619

it's do you teach them how to look at

769

00:39:12,979 --> 00:39:09,430

stories like this in a journalistic

770

00:39:15,690 --> 00:39:12,989

fashion rather than just immediately be

771

00:39:17,700 --> 00:39:15,700

be skeptical about it yeah I don't know

772

00:39:19,920 --> 00:39:17,710

if I'm framing that question are you

773

00:39:23,370 --> 00:39:19,930

absolutely are framing it correctly and

774

00:39:28,470 --> 00:39:23,380

I have I mean I I teach I teach

775

00:39:30,269 --> 00:39:28,480

reporting classes and the students know

776

00:39:31,769 --> 00:39:30,279

that I write these books he'll the

777

00:39:34,289 --> 00:39:31,779

administration knows and they're okay

778

00:39:34,769 --> 00:39:34,299

with it so good for them they're good

779

00:39:38,099 --> 00:39:34,779

people

780

00:39:41,729 --> 00:39:38,109

I offer occasionally offer a class that

781

00:39:42,509 --> 00:39:41,739

is called paranormal journalism and in

782

00:39:47,609 --> 00:39:42,519

that class

783

00:39:49,050 --> 00:39:47,619

my main goal was to teach these budding

784

00:39:53,210 --> 00:39:49,060

young journalists

785

00:39:55,950 --> 00:39:53,220

how to write stories about UFOs

786

00:39:58,550 --> 00:39:55,960

sightings about Bigfoot encounters about

787

00:40:02,430 --> 00:39:58,560

you know haunting in somebody's house

788

00:40:03,870 --> 00:40:02,440

with the straight face they need when

789

00:40:07,380 --> 00:40:03,880

they're covering a city council meeting

790

00:40:11,460 --> 00:40:07,390

if they're covering a you know a holdup

791

00:40:13,620 --> 00:40:11,470

in a bank they need to be able to write

792

00:40:16,380 --> 00:40:13,630

that story as seriously as they possibly

793

00:40:18,930 --> 00:40:16,390

can and and I got plenty of stories as

794

00:40:22,050 --> 00:40:18,940

examples of what not to do because I

795

00:40:24,300 --> 00:40:22,060

mean if it's a if it's a haunting and

796

00:40:26,430 --> 00:40:24,310

and somebody's doing a feature piece on

797

00:40:28,020 --> 00:40:26,440

this group going in and investigating

798

00:40:30,540 --> 00:40:28,030

this haunting they always reference

799

00:40:32,160 --> 00:40:30,550

Ghostbusters if it's a Bigfoot account

800

00:40:36,000 --> 00:40:32,170

they reference Harry and the Hendersons

801
00:40:37,950 --> 00:40:36,010
if it's a TV show or if it's TV news and

802
00:40:41,100 --> 00:40:37,960
they're talking about UFOs you always

803
00:40:42,990 --> 00:40:41,110
hear the x-files theme song and all this

804
00:40:45,060 --> 00:40:43,000
does it doesn't matter how the rest of

805
00:40:46,740 --> 00:40:45,070
the story goes some of the rest of these

806
00:40:49,650 --> 00:40:46,750
stories of it that I've died uses

807
00:40:51,750 --> 00:40:49,660
examples to treat the subject seriously

808
00:40:54,330 --> 00:40:51,760
but as soon as they reference pop

809
00:40:59,940 --> 00:40:54,340
culture in the lead you know it's a joke

810
00:41:02,460 --> 00:40:59,950
the whole thing is like a joke so you

811
00:41:05,160 --> 00:41:02,470
know I always say here you watch your

812
00:41:07,560 --> 00:41:05,170
typical news of brick broadcast no it's

813
00:41:09,840 --> 00:41:07,570

not quite as bad as it used to be but

814

00:41:13,230 --> 00:41:09,850

they always end up you know with a smirk

815

00:41:16,470 --> 00:41:13,240

on their face and and and making light

816

00:41:19,830 --> 00:41:16,480

of the incident even if there were

817

00:41:22,110 --> 00:41:19,840

credible witnesses involved or fifty

818

00:41:24,060 --> 00:41:22,120

people looking up at the sky they'll

819

00:41:26,850 --> 00:41:24,070

still make some comment about somebody

820

00:41:29,940 --> 00:41:26,860

out having a you know too many beers on

821

00:41:31,500 --> 00:41:29,950

a Saturday night and I know quite a few

822

00:41:33,360 --> 00:41:31,510

people that have had too many beers on a

823

00:41:35,940 --> 00:41:33,370

Saturday night and man they've never

824

00:41:38,400 --> 00:41:35,950

reported a UFO in their life they had no

825

00:41:40,130 --> 00:41:38,410

interest in that you know I mean it's a

826

00:41:42,450 --> 00:41:40,140

you know I mean it's just like

827

00:41:44,760 --> 00:41:42,460

somebody's imagination where they got to

828

00:41:48,000 --> 00:41:44,770

come up with an explanation that's often

829

00:41:49,860 --> 00:41:48,010

a crazier than you know what the

830

00:41:54,240 --> 00:41:49,870

witnesses say that they've actually

831

00:41:55,770 --> 00:41:54,250

observed right and you know I've always

832

00:41:58,170 --> 00:41:55,780

found that beer too many beers on the

833

00:41:59,940 --> 00:41:58,180

Saturday night will make you see UFOs it

834

00:42:02,820 --> 00:41:59,950

I've had too many beers on a Saturday

835

00:42:04,680 --> 00:42:02,830

night didn't know it doesn't know not

836

00:42:06,990 --> 00:42:04,690

you know I'm noir pink elephants I've

837

00:42:09,330 --> 00:42:07,000

never been anybody get that pink eye I

838

00:42:11,550 --> 00:42:09,340

hung out with some rock and rollers man

839

00:42:14,760 --> 00:42:11,560

and these guys would it would would

840

00:42:16,980 --> 00:42:14,770

drink you know a biker under the table

841

00:42:18,710 --> 00:42:16,990

and and well someone did have UFO

842

00:42:21,720 --> 00:42:18,720

sightings we had nothing to do with them

843

00:42:25,200 --> 00:42:21,730

drinking you know I mean not whatsoever

844

00:42:27,690 --> 00:42:25,210

and you're more likely to run into maybe

845

00:42:30,450 --> 00:42:27,700

a Bigfoot when you've been out in the

846

00:42:34,530 --> 00:42:30,460

woods I having a couple of marshmallows

847

00:42:36,420 --> 00:42:34,540

or you know a bruise or something like

848

00:42:39,120 --> 00:42:36,430

that Dean and you are at UFOs because

849

00:42:41,340 --> 00:42:39,130

UFOs usually really just kind of sneak

850

00:42:43,380 --> 00:42:41,350

up on you you know you don't you don't

851
00:42:45,240 --> 00:42:43,390
have a chance to grab a beer say oh I've

852
00:42:49,260 --> 00:42:45,250
got another front porch or watch this

853
00:42:51,930 --> 00:42:49,270
thing you know yeah but at when it when

854
00:42:54,150 --> 00:42:51,940
it when it comes back to journalism and

855
00:42:58,050 --> 00:42:54,160
and the students said every time I teach

856
00:43:01,980 --> 00:42:58,060
that class the kids are absolutely blown

857
00:43:04,500 --> 00:43:01,990
away by the amount of evidence for all

858
00:43:06,120 --> 00:43:04,510
the paranormal topics I discuss and

859
00:43:07,560 --> 00:43:06,130
they're also blown away by the fact that

860
00:43:09,450 --> 00:43:07,570
because they they always say there's no

861
00:43:12,930 --> 00:43:09,460
way I'm gonna be able to come up with a

862
00:43:14,670 --> 00:43:12,940
good news story every week about these

863
00:43:15,990 --> 00:43:14,680

paranormal encounters nobody sees this

864

00:43:18,360 --> 00:43:16,000

stuff and then it by the end of the

865

00:43:20,490 --> 00:43:18,370

semester they're like I could write

866

00:43:23,790 --> 00:43:20,500

about this the rest of my life because

867

00:43:26,280 --> 00:43:23,800

hey everybody has a story now you you

868

00:43:28,440 --> 00:43:26,290

you have a book here which I find it a

869

00:43:31,920 --> 00:43:28,450

very intriguing title how to kill

870

00:43:36,000 --> 00:43:31,930

monsters using common household items

871

00:43:39,800 --> 00:43:36,010

what household items do you use well it

872

00:43:45,450 --> 00:43:42,800

yes yeah let's go let's go to werewolves

873

00:43:46,620 --> 00:43:45,460

one of the one of the things mainly to

874

00:43:48,090 --> 00:43:46,630

do with werewolves cuz they're covered

875

00:43:49,830 --> 00:43:48,100

with hair so they're really combustible

876

00:43:52,440 --> 00:43:49,840

keep a lot of open bottles of vodka

877

00:43:54,240 --> 00:43:52,450

around the house I mean if you're having

878

00:43:56,070 --> 00:43:54,250

people over - you know you're you know

879

00:43:57,930 --> 00:43:56,080

you know you kids are having friends

880

00:43:59,460 --> 00:43:57,940

over you know the parents might not like

881

00:44:01,080 --> 00:43:59,470

that but you know tough you're you're

882

00:44:03,510 --> 00:44:01,090

worried about protecting yourself and

883

00:44:05,700 --> 00:44:03,520

your family you know so just throw a

884

00:44:08,070 --> 00:44:05,710

bottle at a werewolf start smoking

885

00:44:10,740 --> 00:44:08,080

cigars toss that boom the werewolf

886

00:44:13,340 --> 00:44:10,750

problems gone if you don't have enough

887

00:44:15,250 --> 00:44:13,350

time to light the cigar have a cat

888

00:44:17,680 --> 00:44:15,260

because a cat is a

889

00:44:19,900 --> 00:44:17,690

werewolf distraction device just throw

890

00:44:23,020 --> 00:44:19,910

it and the world was gonna go after the

891

00:44:24,370 --> 00:44:23,030

cat before it goes after you order yeah

892

00:44:27,340 --> 00:44:24,380

it'll give you plenty of time to light

893

00:44:30,250 --> 00:44:27,350

light the light the lighter yeah I

894

00:44:33,220 --> 00:44:30,260

covered all sorts of things I you know

895

00:44:35,140 --> 00:44:33,230

covered clowns eat clowns are evil

896

00:44:39,640 --> 00:44:35,150

not every clown is evil but there are a

897

00:44:43,300 --> 00:44:39,650

lot of evil we know that that we know

898

00:44:45,310 --> 00:44:43,310

about clowns I mean John John keel and I

899

00:44:47,890 --> 00:44:45,320

one time we went to see one of our

900

00:44:48,490 --> 00:44:47,900

favorite movies killer clowns from outer

901
00:44:53,650 --> 00:44:48,500

space

902
00:44:56,200 --> 00:44:53,660

not our so we don't think they're aliens

903
00:45:00,700 --> 00:44:56,210

disguising themselves as clowns coming

904
00:45:05,530 --> 00:45:00,710

here and the UFOs look like circus tents

905
00:45:08,020 --> 00:45:05,540

right you know it I mean the book the

906
00:45:10,300 --> 00:45:08,030

first of the first made-for-tv movie the

907
00:45:11,860 --> 00:45:10,310

the movies they came out with now I've

908
00:45:14,170 --> 00:45:11,870

always had a problem with clowns and

909
00:45:15,640 --> 00:45:14,180

people say Jason you you don't really

910
00:45:17,440 --> 00:45:15,650

haven't read it and you don't watch

911
00:45:21,160 --> 00:45:17,450

these movies right and I'm like are you

912
00:45:23,830 --> 00:45:21,170

kidding these this is a documentary this

913
00:45:26,530 --> 00:45:23,840

is not fiction this is a true story to

914

00:45:28,120 --> 00:45:26,540

teach you how to defeat the clown but

915

00:45:30,310 --> 00:45:28,130

one of my suggestions in the book is

916

00:45:33,030 --> 00:45:30,320

make sure you got a lot of tin pie

917

00:45:36,040 --> 00:45:33,040

plates okay fill it full of concrete

918

00:45:37,900 --> 00:45:36,050

because a clown cannot resist a pie to

919

00:45:39,760 --> 00:45:37,910

the face they come into your house you

920

00:45:42,010 --> 00:45:39,770

pick up the pie tin they want a pie to

921

00:45:45,700 --> 00:45:42,020

the face full of concrete you're done

922

00:45:47,770 --> 00:45:45,710

with your beer clown infestation good

923

00:45:51,640 --> 00:45:47,780

point good by the way this is a parody

924

00:45:56,380 --> 00:45:51,650

book parody Survival Guide please do not

925

00:45:59,350 --> 00:45:56,390

hit a clown in the face with listeners

926

00:46:02,830 --> 00:45:59,360

please do not do that at least not one

927

00:46:04,960 --> 00:46:02,840

made at a concrete I would I would I

928

00:46:08,050 --> 00:46:04,970

would I would assume yeah use the cotton

929

00:46:10,330 --> 00:46:08,060

candy like in the like in the movie just

930

00:46:15,010 --> 00:46:10,340

swirl it around twirling around your

931

00:46:17,500 --> 00:46:15,020

your favorite alien clown and and and

932

00:46:19,870 --> 00:46:17,510

the world will be safe again anyway you

933

00:46:23,440 --> 00:46:19,880

know what we're we're hitting a towards

934

00:46:28,540 --> 00:46:23,450

the end of the program here and we

935

00:46:29,109 --> 00:46:28,550

should provide a minute or two here for

936

00:46:31,569 --> 00:46:29,119

our guests

937

00:46:34,359 --> 00:46:31,579

to tell people where they can find him

938

00:46:38,980 --> 00:46:34,369

on the internet and where to get the

939

00:46:41,710 --> 00:46:38,990

these great books because each one of

940

00:46:44,920 --> 00:46:41,720

them sounds better than the next okay

941

00:46:49,690 --> 00:46:44,930

be doing Momoa for a couple of years

959
00:47:42,220 --> 00:47:39,499
I've always wanted to write a book on

960
00:47:45,819 --> 00:47:42,230
Momo and I was I was beaten to it so

961
00:47:47,410 --> 00:47:45,829
