exploring the bazaars your e-ticket ride

3
00:00:47,730 --> 00:00:44,460

into the world of the paranormal

4
00:00:52,040 --> 00:00:47,740

strap yourself in as we traverse the

5
00:00:55,160 --> 00:00:52,050

universe exploring the unexplained UFO s

6
00:00:57,540 --> 00:00:55,170

ghosts Lost Worlds

7
00:01:01,380 --> 00:00:57,550

cryptozoology waters as well as other

8
00:01:06,540 --> 00:01:01,390

dimensions it's time to take back the

9
00:01:09,719 --> 00:01:06,550

night now your electrifying hosts of

10
00:01:16,109 --> 00:01:09,729

exploring the bizarre Timothy Begley and

11
00:01:18,690 --> 00:01:16,119

team sports well here we are in the

12
00:01:21,630 --> 00:01:18,700

Scottish Highland it has some really

13
00:01:26,400 --> 00:01:21,640

spectacular landscapes rolling hills

14

00:01:28,140 --> 00:01:26,410

green pastures and fresh air well I see

15

00:01:30,980 --> 00:01:28,150

that you've really gotten into the swing

16

00:01:34,469 --> 00:01:30,990

of things with your kilt and bagpipe

17

00:01:36,570 --> 00:01:34,479

well you've got a pretty pretty near to

18

00:01:39,240 --> 00:01:36,580

showing there my friend

19

00:01:41,850 --> 00:01:39,250

got underwear under that oh yeah well

20

00:01:44,249 --> 00:01:41,860

you'll never know big boy but let's

21

00:01:48,240 --> 00:01:44,259

let's be a bit more serious if that's

22

00:01:51,359 --> 00:01:48,250

possible we need to carry on in the

23

00:01:53,910 --> 00:01:51,369

search for clues involving Scotland's

24

00:01:57,330 --> 00:01:53,920

most documented UFO landing of all time

25

00:02:01,830 --> 00:01:57,340

and we have the key investigator with us

26
00:02:04,169 --> 00:02:01,840
tonight this Tim is a landmark case well

27
00:02:06,359 --> 00:02:04,179
I'm really excited about that

28
00:02:08,370 --> 00:02:06,369
well I was just about to look for the

29
00:02:11,730 --> 00:02:08,380
Loch Ness monster but I guess we should

30
00:02:14,670 --> 00:02:11,740
get back to KCRA radio studios in Las

31
00:02:17,460 --> 00:02:14,680
Vegas and you can introduce our guest

32
00:02:18,840 --> 00:02:17,470
for this evening all right I was looking

33
00:02:21,960 --> 00:02:18,850
forward to meeting the Loch Ness monster

34
00:02:26,730 --> 00:02:21,970
- hello I hear I hear that freaks you

35
00:02:30,990 --> 00:02:26,740
out only if I was swimming in the water

36
00:02:33,870 --> 00:02:31,000
I would never never go into and swim in

37
00:02:36,449 --> 00:02:33,880
a lake say like a loch ness or a lake

38
00:02:38,520 --> 00:02:36,459

champlain that that allegedly has a

39

00:02:40,440 --> 00:02:38,530

monster it's just just a thought of

40

00:02:45,720 --> 00:02:40,450

something like that brushing up against

41

00:02:50,100 --> 00:02:45,730

me in the dark water well it's dark cold

42

00:02:55,170 --> 00:02:50,110

and the full of

43

00:02:58,890 --> 00:02:55,180

oh I guess si si de buri or whatever you

44

00:03:00,750 --> 00:02:58,900

want to call it we'll find out more

45

00:03:02,700 --> 00:03:00,760

about it we'll find out more than I've

46

00:03:05,430 --> 00:03:02,710

been the lochness myself didn't see

47

00:03:07,710 --> 00:03:05,440

anything but our guest tonight has quite

48

00:03:11,190 --> 00:03:07,720

a story about Loch Ness but I think we

49

00:03:14,100 --> 00:03:11,200

want to start off with the UFO material

50

00:03:15,840 --> 00:03:14,110

first sure well our guest tonight and

51
00:03:19,290 --> 00:03:15,850
and I'm really pleased that we were able

52
00:03:22,590 --> 00:03:19,300
to get him to come on our program

53
00:03:24,930 --> 00:03:22,600
tonight is Malcom Robinson now Malcolm

54
00:03:27,810 --> 00:03:24,940
is a a prolific lecturer and is famous

55
00:03:30,210 --> 00:03:27,820
for his lively and somewhat theatrical

56
00:03:32,520 --> 00:03:30,220
presentations on UFO and other

57
00:03:34,620 --> 00:03:32,530
inspirational topics now he's spoken

58
00:03:36,480 --> 00:03:34,630
extensively in England Scotland and

59
00:03:38,970 --> 00:03:36,490
Ireland now Malcolm was the first

60
00:03:41,340 --> 00:03:38,980
Scotsman to give a lecture on UFOs in

61
00:03:43,950 --> 00:03:41,350
America when he lectured at the 18th

62
00:03:46,620 --> 00:03:43,960
annual international UFO conference in

63
00:03:50,190 --> 00:03:46,630

Laughlin Nevada and that was in 2009

64

00:03:51,420 --> 00:03:50,200

he's also one of only a handful of

65

00:03:53,700 --> 00:03:51,430

people on the planet

66

00:03:56,250 --> 00:03:53,710

who could say that they've been down to

67

00:03:59,780 --> 00:03:56,260

the depth of over 400 feet when he went

68

00:04:02,430 --> 00:03:59,790

down into submarine in Loch Ness back in

69

00:04:04,680 --> 00:04:02,440

1994 he's a brave man I would never do

70

00:04:06,780 --> 00:04:04,690

that Malcolm says that he's been

71

00:04:09,000 --> 00:04:06,790

interested in the strange world of UFOs

72

00:04:11,790 --> 00:04:09,010

and the paranormal for as long as he can

73

00:04:13,770 --> 00:04:11,800

remember and in 1979 he formed his own

74

00:04:16,050 --> 00:04:13,780

Research Society entitled strange

75

00:04:18,240 --> 00:04:16,060

phenomena investigations now since

76
00:04:20,880 --> 00:04:18,250
forming this society he since moved down

77
00:04:23,180 --> 00:04:20,890
to a Hastings in East Sussex where he

78
00:04:25,350 --> 00:04:23,190
has started up a sister branch to SBI

79
00:04:27,990 --> 00:04:25,360
entitled strange phenomena

80
00:04:29,130 --> 00:04:28,000
investigations England now Malcolm has

81
00:04:31,260 --> 00:04:29,140
appeared on numerous television

82
00:04:33,330 --> 00:04:31,270
programmes and documentaries or around

83
00:04:36,050 --> 00:04:33,340
the world and he's also the author of

84
00:04:38,730 --> 00:04:36,060
such books as the monsters of Loch Ness

85
00:04:39,870 --> 00:04:38,740
paranormal Case Files of Great Britain

86
00:04:43,260 --> 00:04:39,880
volumes 1 & 2

87
00:04:47,159 --> 00:04:43,270
UFO Case Files of Scotland vol 1 and 2

88
00:04:51,060 --> 00:04:47,169

and his most recent the the Declan

89
00:04:52,950 --> 00:04:51,070
Woods UFO incident so Malcolm thank you

90
00:04:55,680 --> 00:04:52,960
very much for being with us tonight on

91
00:04:56,220 --> 00:04:55,690
exploring the bizarre it's a pleasure to

92
00:04:58,890 --> 00:04:56,230
be here

93
00:05:01,440 --> 00:04:58,900
absolutely fantastic nice to be well you

94
00:05:03,990 --> 00:05:01,450
know this is an interview that I have

95
00:05:06,090 --> 00:05:04,000
been a chat we don't like to call

96
00:05:09,450 --> 00:05:06,100
interviews there this is just just a

97
00:05:14,670 --> 00:05:09,460
little chat we have here in our in our

98
00:05:18,810 --> 00:05:14,680
living room once a week but I I've read

99
00:05:21,780 --> 00:05:18,820
up on this particular case for for a

100
00:05:23,640 --> 00:05:21,790
number of years and it's probably one of

101
00:05:25,110 --> 00:05:23,650
the most fascinating and I think as far

102
00:05:29,720 --> 00:05:25,120
as I'm concerned what are the most

103
00:05:33,660 --> 00:05:29,730
documented but before we get into into

104
00:05:35,310 --> 00:05:33,670
the case itself did you have a UFO

105
00:05:36,960 --> 00:05:35,320
sighting or anything that led you to get

106
00:05:39,000 --> 00:05:36,970
interested in this I mean you just

107
00:05:41,760 --> 00:05:39,010
didn't obviously wake up one morning in

108
00:05:44,909 --> 00:05:41,770
the sight I'm going to be a UFO or a

109
00:05:47,310 --> 00:05:44,919
paranormal investigator yeah that's very

110
00:05:49,800 --> 00:05:47,320
true I mean I've always had this

111
00:05:52,860 --> 00:05:49,810
fascination for all things weird and

112
00:05:55,920 --> 00:05:52,870
wonderful ever since I was a small boy

113
00:05:59,250 --> 00:05:55,930

growing up in Scotland I had this deep

114

00:06:02,040 --> 00:05:59,260

fascination for ghosts poltergeists UFOs

115

00:06:04,740 --> 00:06:02,050

Lake Monsters and as I grew older I

116

00:06:08,219 --> 00:06:04,750

decided to pursue these fascinating

117

00:06:10,110 --> 00:06:08,229

subjects and I threw myself very deeply

118

00:06:12,060 --> 00:06:10,120

and gotten broiled and all these

119

00:06:14,150 --> 00:06:12,070

wonderful subjects have travelled the

120

00:06:16,530 --> 00:06:14,160

length and breadth of Britain

121

00:06:20,219 --> 00:06:16,540

interviewing various people who have

122

00:06:22,110 --> 00:06:20,229

told me some fascinating tales and so

123

00:06:24,690 --> 00:06:22,120

it's been a combination of you know just

124

00:06:27,210 --> 00:06:24,700

being very very interested as a young

125

00:06:30,240 --> 00:06:27,220

boy and then just as I said throwing

126
00:06:32,010 --> 00:06:30,250
myself into this wonderful arena because

127
00:06:34,950 --> 00:06:32,020
science you know science doesn't know

128
00:06:38,430 --> 00:06:34,960
all we're learning all the time and then

129
00:06:41,310 --> 00:06:38,440
just because something looks and sounds

130
00:06:44,340 --> 00:06:41,320
ridiculous doesn't mean to say that it

131
00:06:47,430 --> 00:06:44,350
is so and so the challenges of de Falla

132
00:06:50,880 --> 00:06:47,440
G of the paranormal sciences are there

133
00:06:54,090 --> 00:06:50,890
to be ripped over and they analysed and

134
00:06:56,370 --> 00:06:54,100
I'm just pleased that my journey has

135
00:06:59,250 --> 00:06:56,380
taken me all over the world speaking to

136
00:07:02,840 --> 00:06:59,260
some fascinating people and of course

137
00:07:04,710 --> 00:07:02,850
the big big case was the Dyckman Woods

138
00:07:08,610 --> 00:07:04,720

encounter which obviously I'll be

139

00:07:11,219 --> 00:07:08,620

telling you about shortly so for me that

140

00:07:14,159 --> 00:07:11,229

clearly clearly clearly it's something

141

00:07:17,010 --> 00:07:14,169

very real very tangible occurring in the

142

00:07:17,900 --> 00:07:17,020

skies of this world which absolutely

143

00:07:22,190 --> 00:07:17,910

demand and

144

00:07:23,900 --> 00:07:22,200

and I just wished more scientists would

145

00:07:26,900 --> 00:07:23,910

get involved with this subject but

146

00:07:28,670 --> 00:07:26,910

having said that you know it's a big big

147

00:07:32,060 --> 00:07:28,680

jigsaw and there's pieces of this puzzle

148

00:07:32,870 --> 00:07:32,070

spread all over the world researchers

149

00:07:34,670 --> 00:07:32,880

like myself

150

00:07:36,980 --> 00:07:34,680

Philip mantel here in England and

151

00:07:40,100 --> 00:07:36,990

various other researchers I'm nesting

152

00:07:43,580 --> 00:07:40,110

together these very important cases and

153

00:07:45,710 --> 00:07:43,590

trying to see what picture it portrays

154

00:07:49,370 --> 00:07:45,720

so it's just a fascinating journey

155

00:07:52,430 --> 00:07:49,380

absolutely now you you get involved in

156

00:07:54,580 --> 00:07:52,440

this case I think right from the

157

00:07:59,330 --> 00:07:54,590

beginning weren't you one of the first

158

00:08:02,090 --> 00:07:59,340

investigators yes it was I was one of

159

00:08:05,150 --> 00:08:02,100

about four or five investigators but I

160

00:08:08,390 --> 00:08:05,160

certainly had hands-on experience with

161

00:08:11,930 --> 00:08:08,400

this case I've interviewed the witness

162

00:08:15,230 --> 00:08:11,940

Robert Taylor many times I actually saw

163

00:08:18,230 --> 00:08:15,240

I was there at the location a few days

164

00:08:20,360 --> 00:08:18,240

afterwards so I saw the actual physical

165

00:08:21,920 --> 00:08:20,370

grain marks that was left by something

166

00:08:24,470 --> 00:08:21,930

which we'll come to in a moment

167

00:08:27,160 --> 00:08:24,480

so I saw that and the police

168

00:08:29,960 --> 00:08:27,170

investigation and I just realized

169

00:08:32,570 --> 00:08:29,970

because I was a very young investigator

170

00:08:34,850 --> 00:08:32,580

at the time you know what waiting here

171

00:08:38,750 --> 00:08:34,860

what year was it what what date was the

172

00:08:42,920 --> 00:08:38,760

actual event yeah happened on November

173

00:08:46,400 --> 00:08:42,930

the 9th 1979 and then I was probably

174

00:08:49,550 --> 00:08:46,410

about 22 years of age then so it was my

175

00:08:51,920 --> 00:08:49,560

first big case and you know at that time

176

00:08:55,130 --> 00:08:51,930

I thought that maybe all cases were like

177

00:08:57,890 --> 00:08:55,140

this how wrong was I this is just one of

178

00:09:01,640 --> 00:08:57,900

those cases in a million that come along

179

00:09:04,190 --> 00:09:01,650

and absolutely tax your brain as to what

180

00:09:07,340 --> 00:09:04,200

is the answer what did this gentleman

181

00:09:09,590 --> 00:09:07,350

see that eventful morning and I'm

182

00:09:10,910 --> 00:09:09,600

pleased to say that you know there's

183

00:09:15,200 --> 00:09:10,920

quite a lot that say I'll be speaking

184

00:09:19,190 --> 00:09:15,210

about today about that case yes well

185

00:09:21,880 --> 00:09:19,200

what now he was a forestry worker was a

186

00:09:24,320 --> 00:09:21,890

year half of the year event start out

187

00:09:26,930 --> 00:09:24,330

well yes he was employed by the

188

00:09:29,810 --> 00:09:26,940

Livingston Development Corporation and

189

00:09:31,210 --> 00:09:29,820

the forestry department he was a foreman

190

00:09:33,280 --> 00:09:31,220

Forester

191

00:09:36,309 --> 00:09:33,290

and part of his duties were to ensure

192

00:09:39,610 --> 00:09:36,319

that no cattle or sheep strayed into the

193

00:09:42,929 --> 00:09:39,620

woods and got lost a very mundane job he

194

00:09:46,179 --> 00:09:42,939

had done a most of his life and he had

195

00:09:48,490 --> 00:09:46,189

absolutely no interest whatsoever in the

196

00:09:51,490 --> 00:09:48,500

Air Force he had read about it of course

197

00:09:54,400 --> 00:09:51,500

in newspapers but he had no interest he

198

00:09:58,269 --> 00:09:54,410

was just a normal man a normal man just

199

00:10:00,670 --> 00:09:58,279

wanted to his job but all that changed

200

00:10:03,999 --> 00:10:00,680

all that changed the not advent full

201
00:10:06,639 --> 00:10:04,009
morning of November the 9th so he drove

202
00:10:09,639 --> 00:10:06,649
into part of the woods Deckman woods and

203
00:10:13,329 --> 00:10:09,649
his pickup truck and he was accompanied

204
00:10:16,449 --> 00:10:13,339
honest right with his Irish red setter

205
00:10:18,550 --> 00:10:16,459
dog La Roja to keep him company he

206
00:10:20,860 --> 00:10:18,560
awaited from the truck he started

207
00:10:24,129 --> 00:10:20,870
walking down this forested path as he's

208
00:10:25,990 --> 00:10:24,139
done many many times before the path

209
00:10:31,059 --> 00:10:26,000
leads though into a clearing in the

210
00:10:35,050 --> 00:10:31,069
woods and there sitting about 40 50 feet

211
00:10:37,329 --> 00:10:35,060
in the air above this clearing was an

212
00:10:41,410 --> 00:10:37,339
object and he just couldn't imagine what

213
00:10:44,530 --> 00:10:41,420

it was he was absolutely gobsmacked here

214

00:10:47,639 --> 00:10:44,540

was this dome shaped object with a large

215

00:10:50,230 --> 00:10:47,649

flange going around this perimeter and

216

00:10:53,829 --> 00:10:50,240

parts of the object seemed to disappear

217

00:10:55,319 --> 00:10:53,839

it would reappear disappeared you could

218

00:10:58,749 --> 00:10:55,329

see the young trees in the background

219

00:11:01,210 --> 00:10:58,759

and his dog Robert Taylor's dog was

220

00:11:03,970 --> 00:11:01,220

barking very very furiously at this

221

00:11:06,490 --> 00:11:03,980

thing and the witness mr. Taylor

222

00:11:08,590 --> 00:11:06,500

standing there transfixed he just

223

00:11:12,519 --> 00:11:08,600

couldn't take his eyes off what he was

224

00:11:16,360 --> 00:11:12,529

looking at then suddenly what resembled

225

00:11:19,389 --> 00:11:16,370

two Second World War sea mains those

226
00:11:21,759 --> 00:11:19,399
spherical balls with his spikes that was

227
00:11:22,860 --> 00:11:21,769
maned in the North Atlantic during the

228
00:11:26,199 --> 00:11:22,870
Second World War

229
00:11:29,139 --> 00:11:26,209
similar to that two of them drop down

230
00:11:31,600 --> 00:11:29,149
drop down very very forcibly for the

231
00:11:35,170 --> 00:11:31,610
from the underside of this hovering

232
00:11:37,990 --> 00:11:35,180
object and hit the grass as soon as it

233
00:11:40,689 --> 00:11:38,000
hit the grass it made a thudding sound

234
00:11:43,509 --> 00:11:40,699
then it started the two of them started

235
00:11:44,660 --> 00:11:43,519
to roll across the grass towards Bob

236
00:11:46,340 --> 00:11:44,670
Taylor and his

237
00:11:49,010 --> 00:11:46,350
looking at this you know his eyes are

238
00:11:51,980 --> 00:11:49,020

fixed on these two objects what the hell

239

00:11:54,830 --> 00:11:51,990

is going on here then he stopped then he

240

00:11:57,640 --> 00:11:54,840

suddenly projected these rod-like

241

00:12:01,400 --> 00:11:57,650

projections to Ward's his person

242

00:12:05,660 --> 00:12:01,410

grabbing him very very forcibly both

243

00:12:08,870 --> 00:12:05,670

hips and pulled him pull them towards

244

00:12:11,720 --> 00:12:08,880

this larger object and at this point Bob

245

00:12:14,720 --> 00:12:11,730

remembers a horrible smell a horrible

246

00:12:18,200 --> 00:12:14,730

burning smell which pervaded the whole

247

00:12:21,020 --> 00:12:18,210

area a very corrosive rasping burning

248

00:12:25,820 --> 00:12:21,030

smell and he also heard the swishing

249

00:12:28,430 --> 00:12:25,830

nose swishing noise and that he lost

250

00:12:31,160 --> 00:12:28,440

consciousness when it again

251
00:12:34,550 --> 00:12:31,170
consciousness the larger object was gone

252
00:12:36,820 --> 00:12:34,560
the smaller objects were gone and they

253
00:12:40,010 --> 00:12:36,830
were between thirty and forty

254
00:12:42,650 --> 00:12:40,020
depressions marks in the grass ladder

255
00:12:46,850 --> 00:12:42,660
lake track leg marks circular

256
00:12:49,340 --> 00:12:46,860
indentations triangular indentations he

257
00:12:52,040 --> 00:12:49,350
had a nasty glaze on his forehead a

258
00:12:55,460 --> 00:12:52,050
grace under his chin his chosen of

259
00:12:58,520 --> 00:12:55,470
tourneys his jersey was all muddy and he

260
00:13:00,860 --> 00:12:58,530
started to crawl back to his department

261
00:13:03,410 --> 00:13:00,870
to pick up chalk which was about so

262
00:13:06,710 --> 00:13:03,420
maybe six seven hundred yards away down

263
00:13:10,310 --> 00:13:06,720

the forestry path he tried to read your

264

00:13:13,280 --> 00:13:10,320

base to call his colleagues but he found

265

00:13:13,970 --> 00:13:13,290

that he couldn't speak and any ear

266

00:13:15,980 --> 00:13:13,980

ifirst

267

00:13:17,840 --> 00:13:15,990

reversed the truck into a ditch he was

268

00:13:20,150 --> 00:13:17,850

he was really all over the place he's

269

00:13:23,210 --> 00:13:20,160

coordination he you know something had

270

00:13:25,520 --> 00:13:23,220

happened and the truck was reversed into

271

00:13:28,880 --> 00:13:25,530

a ditch which he he sadly couldn't get

272

00:13:31,310 --> 00:13:28,890

out he then managed to walk the quarter

273

00:13:33,650 --> 00:13:31,320

mailed to his home a small village in

274

00:13:35,930 --> 00:13:33,660

dings Dean's is a small village near

275

00:13:39,380 --> 00:13:35,940

Livingston nutone and Central Scotland

276

00:13:42,470 --> 00:13:39,390

and when his waist when his wife's arms

277

00:13:45,530 --> 00:13:42,480

he meant my god what's happened to you

278

00:13:49,060 --> 00:13:45,540

Bob and he said I've been attacked

279

00:13:52,250 --> 00:13:49,070

yeah why have you been attacked by what

280

00:13:54,110 --> 00:13:52,260

and he he said that their motto what a G

281

00:13:58,340 --> 00:13:54,120

no he says the only ones you could see

282

00:14:00,200 --> 00:13:58,350

was by a spaceship and his wife says of

283

00:14:01,760 --> 00:14:00,210

Bob come and there's no such thing as a

284

00:14:05,510 --> 00:14:01,770

special comment I'm gonna phone the

285

00:14:07,550 --> 00:14:05,520

doctor so Bob then went into the family

286

00:14:10,060 --> 00:14:07,560

home and he kept going on a bit of a

287

00:14:13,130 --> 00:14:10,070

strange smell and his wife says well I

288

00:14:16,100 --> 00:14:13,140

can't smell anything Bob well I can

289

00:14:19,340 --> 00:14:16,110

smell this she phoned his say the local

290

00:14:22,390 --> 00:14:19,350

doctor a local GP attended the family

291

00:14:25,370 --> 00:14:22,400

home and they did some tests on Bob

292

00:14:27,050 --> 00:14:25,380

another LAN maybe his heart was racing a

293

00:14:27,680 --> 00:14:27,060

bit you know there but nothing really

294

00:14:29,930 --> 00:14:27,690

wrong

295

00:14:33,650 --> 00:14:29,940

he saw the grease under his chin and on

296

00:14:36,350 --> 00:14:33,660

his head and the doctor suggested that

297

00:14:40,160 --> 00:14:36,360

they make an appointment for him to go

298

00:14:44,920 --> 00:14:40,170

and see a doctor at the local Bangor

299

00:14:49,100 --> 00:14:44,930

hospital so just before that happened

300

00:14:52,220 --> 00:14:49,110

his wife phoned Bob Taylor's boss the

301
00:14:54,800 --> 00:14:52,230
forestry boss a mr. Malcolm Drummond so

302
00:14:57,320 --> 00:14:54,810
he then came to the witness's home and

303
00:15:00,260 --> 00:14:57,330
his and he says okay Bob what's going on

304
00:15:03,020 --> 00:15:00,270
what's happened so Bob proceeded to tell

305
00:15:05,270 --> 00:15:03,030
his boss about this crazy thing they had

306
00:15:06,230 --> 00:15:05,280
seen in their wigs evening my goodness

307
00:15:11,120 --> 00:15:06,240
me what's this

308
00:15:14,120 --> 00:15:11,130
and mr. Drummond Roberts boss knew that

309
00:15:17,360 --> 00:15:14,130
Bob would never ever tell a talk to you

310
00:15:20,810 --> 00:15:17,370
he knew he was a salt of the earth he

311
00:15:23,720 --> 00:15:20,820
was a genuine man there's no way that

312
00:15:26,510 --> 00:15:23,730
his employee would concoct such an

313
00:15:29,270 --> 00:15:26,520

incredible tool like this and for what

314

00:15:32,330 --> 00:15:29,280

why would he want to do that anyway Bob

315

00:15:35,660 --> 00:15:32,340

went to the Bangor hospital he waited an

316

00:15:38,960 --> 00:15:35,670

hour he waited two hours and nobody came

317

00:15:41,240 --> 00:15:38,970

near him so he decided to just sign

318

00:15:43,250 --> 00:15:41,250

himself off it just couldn't be bothered

319

00:15:46,630 --> 00:15:43,260

waiting you know and he discharged

320

00:15:50,390 --> 00:15:46,640

himself from the hospital at that point

321

00:15:53,870 --> 00:15:50,400

Malcolm Drummond Bob's boss realized

322

00:15:57,260 --> 00:15:53,880

that something serious something serious

323

00:16:00,020 --> 00:15:57,270

has just happened here Rob Robert

324

00:16:02,600 --> 00:16:00,030

claimed he was assaulted so the police

325

00:16:05,710 --> 00:16:02,610

became involved and he treated it as a

326
00:16:08,090 --> 00:16:05,720
case of an assault by person or persons

327
00:16:10,970 --> 00:16:08,100
unknown

328
00:16:12,260 --> 00:16:10,980
rather than scoff and laugh at this the

329
00:16:15,530 --> 00:16:12,270
police treated

330
00:16:18,829 --> 00:16:15,540
very seriously the went up to the

331
00:16:21,470 --> 00:16:18,839
location they clearly saw these marks in

332
00:16:24,889 --> 00:16:21,480
the grass and about an hour or so later

333
00:16:27,500 --> 00:16:24,899
the the area was fenced off to ensure

334
00:16:30,050 --> 00:16:27,510
that no members of the public strayed

335
00:16:34,280 --> 00:16:30,060
into the the area and contaminated the

336
00:16:38,389 --> 00:16:34,290
site by their own footprints etc and the

337
00:16:41,840 --> 00:16:38,399
following day I managed to get up to the

338
00:16:45,019 --> 00:16:41,850

dunes i sat with Robert Dylan in his

339

00:16:46,880 --> 00:16:45,029

home and how did you hear how did you

340

00:16:49,639 --> 00:16:46,890

hear about the case that it did it get

341

00:16:52,460 --> 00:16:49,649

immediate press attention it most

342

00:16:55,639 --> 00:16:52,470

certainly did yeah it was all over the

343

00:16:57,650 --> 00:16:55,649

Scottish news and it's through the

344

00:17:00,790 --> 00:16:57,660

Scottish news that I learned about the

345

00:17:04,370 --> 00:17:00,800

case and I quickly got in touch with

346

00:17:06,860 --> 00:17:04,380

robert taylor he invited me to his home

347

00:17:09,559 --> 00:17:06,870

the following day and I conducted our

348

00:17:13,189 --> 00:17:09,569

taped interview with them and his home

349

00:17:15,949 --> 00:17:13,199

was awash awash with journalists TV

350

00:17:20,990 --> 00:17:15,959

people and they realized that this was a

351
00:17:23,689 --> 00:17:21,000
a big ongoing story and that same day we

352
00:17:26,270 --> 00:17:23,699
went up to the woods my colleague and

353
00:17:28,669 --> 00:17:26,280
myself and we met Robert Taylor there

354
00:17:31,610 --> 00:17:28,679
with a couple of English UFO

355
00:17:34,820 --> 00:17:31,620
investigators and that's where we took

356
00:17:36,950 --> 00:17:34,830
place a plaster of Paris moods of the

357
00:17:42,010 --> 00:17:36,960
indentations in the grass which were

358
00:17:45,200 --> 00:17:42,020
clearly there and so the story goes that

359
00:17:48,080 --> 00:17:45,210
Robert says look this is what I saw I'm

360
00:17:50,840 --> 00:17:48,090
not imagining it this truly happened to

361
00:17:54,220 --> 00:17:50,850
me and it was one of those one of the

362
00:17:57,440 --> 00:17:54,230
most bizarre cases and mythology and

363
00:18:00,830 --> 00:17:57,450

Scotland to date and as one of these

364

00:18:03,350 --> 00:18:00,840

cases that I felt desperately needed a

365

00:18:07,610 --> 00:18:03,360

book on its own detail because since

366

00:18:11,120 --> 00:18:07,620

that incident in 1979 tum' have been 11

367

00:18:14,180 --> 00:18:11,130

different theories to try and explain

368

00:18:19,040 --> 00:18:14,190

that I know that some of them are just

369

00:18:22,310 --> 00:18:19,050

so out landish well let's go over a

370

00:18:23,900 --> 00:18:22,320

couple of them the one that I put a high

371

00:18:26,090 --> 00:18:23,910

on the list of being somewhat hilarious

372

00:18:31,669 --> 00:18:26,100

is the fact that he a

373

00:18:32,900 --> 00:18:31,679

the poison or tainted their berries yes

374

00:18:36,049 --> 00:18:32,910

that's correct

375

00:18:39,470 --> 00:18:36,059

a chap called Dave Slater decided to

376

00:18:42,620 --> 00:18:39,480

come up with this the theory that Robert

377

00:18:45,590 --> 00:18:42,630

Taylor ingested a super belladonna which

378

00:18:48,560 --> 00:18:45,600

is a poisonous berry and taken in high

379

00:18:50,810 --> 00:18:48,570

doses can kill you and even if you rub

380

00:18:53,150 --> 00:18:50,820

the juices squeeze the juices in the

381

00:18:55,190 --> 00:18:53,160

palms of your hands your your hands will

382

00:18:58,190 --> 00:18:55,200

you know that'll go into your skin

383

00:19:01,789 --> 00:18:58,200

through the skin etc and I asked Bob

384

00:19:03,590 --> 00:19:01,799

about this Bob have you ever ever taken

385

00:19:06,590 --> 00:19:03,600

berries that maybe you shouldn't

386

00:19:09,320 --> 00:19:06,600

and he says Malcolm not at all it says

387

00:19:12,230 --> 00:19:09,330

those berries don't even belong in

388

00:19:15,350 --> 00:19:12,240

Dedmon woods and I checked through

389

00:19:17,899 --> 00:19:15,360

various societies to ask them is it

390

00:19:21,200 --> 00:19:17,909

possible that Atropa belladonna this

391

00:19:23,990 --> 00:19:21,210

poisonous berries do they exist or can

392

00:19:25,730 --> 00:19:24,000

be found in Deckman woods and everybody

393

00:19:27,890 --> 00:19:25,740

says no they can't

394

00:19:31,430 --> 00:19:27,900

so that kind of blew that theory out of

395

00:19:35,930 --> 00:19:31,440

the water but mr. Slater went on to say

396

00:19:38,210 --> 00:19:35,940

that at that time in 1979 there was a

397

00:19:43,070 --> 00:19:38,220

that Tim there was only about three or

398

00:19:45,350 --> 00:19:43,080

four television stations and ITV and at

399

00:19:47,539 --> 00:19:45,360

the independent television network but

400

00:19:50,930 --> 00:19:47,549

on strike so there was only one

401
00:19:55,960 --> 00:19:50,940
television show at the time the BBC BBC

402
00:19:59,210 --> 00:19:55,970
one and it was showing Doctor Who the

403
00:20:01,399 --> 00:19:59,220
episode called the city of death now in

404
00:20:04,279 --> 00:20:01,409
that particular program term there was a

405
00:20:07,370 --> 00:20:04,289
similar object to what Robert Taylor saw

406
00:20:09,799 --> 00:20:07,380
but very briefly asked the family ask

407
00:20:12,770 --> 00:20:09,809
Bob Bob have you ever watched Doctor Who

408
00:20:14,840 --> 00:20:12,780
no he's no interesting it was serviced

409
00:20:19,370 --> 00:20:14,850
so that wouldn't have been they can a

410
00:20:23,330 --> 00:20:19,380
catalyst for him yeah oh the also too

411
00:20:26,000 --> 00:20:23,340
there is a gentleman that you quote

412
00:20:29,419 --> 00:20:26,010
extensively in the book who said that he

413
00:20:32,270 --> 00:20:29,429

had seen nothing more unusual than a

414

00:20:33,370 --> 00:20:32,280

water tower that existed across the

415

00:20:36,200 --> 00:20:33,380

highway

416

00:20:38,630 --> 00:20:36,210

yeah we have a gentleman called Phil

417

00:20:39,560 --> 00:20:38,640

Fenton who believes that Robert Dylan

418

00:20:41,930 --> 00:20:39,570

wasn't really seen

419

00:20:44,300 --> 00:20:41,940

he was it was at the other side of the

420

00:20:46,730 --> 00:20:44,310

motorway where there's part more woods

421

00:20:49,850 --> 00:20:46,740

but there's a water tower there which

422

00:20:52,610 --> 00:20:49,860

admittedly on the top does look kinda

423

00:20:55,910 --> 00:20:52,620

similar to what Robert Taylor saw but I

424

00:20:57,620 --> 00:20:55,920

mean Robert maintains that he was not

425

00:20:59,840 --> 00:20:57,630

there at all I mean the marks in the

426

00:21:01,670 --> 00:20:59,850

grass are on the other side of the

427

00:21:04,370 --> 00:21:01,680

motorway and no we have near the other

428

00:21:07,670 --> 00:21:04,380

location and it's quite a whimsical

429

00:21:10,820 --> 00:21:07,680

fanciful story from Phil fainting who

430

00:21:12,320 --> 00:21:10,830

state 6 states that he was on the other

431

00:21:14,930 --> 00:21:12,330

side of the motorway most certainly

432

00:21:17,510 --> 00:21:14,940

wasn't but the thing is Tim that we we

433

00:21:19,640 --> 00:21:17,520

have to give credence to anyone who

434

00:21:22,670 --> 00:21:19,650

would come up with a reasonable

435

00:21:25,070 --> 00:21:22,680

explanation because it's an every single

436

00:21:27,230 --> 00:21:25,080

investigators main set to look over the

437

00:21:29,960 --> 00:21:27,240

fence look at the other side of the coin

438

00:21:32,600 --> 00:21:29,970

take on boards the skeptics point of

439

00:21:37,970 --> 00:21:32,610

view and analyzer as we have done in the

440

00:21:41,380 --> 00:21:37,980

book yeah any any particular explanation

441

00:21:44,750 --> 00:21:41,390

that you might give some credence to and

442

00:21:47,780 --> 00:21:44,760

well I mean possibly possibly a medical

443

00:21:49,730 --> 00:21:47,790

condition yeah really subscribe to that

444

00:21:52,040 --> 00:21:49,740

I don't fully subscribe to that must say

445

00:21:55,280 --> 00:21:52,050

and maybe a mini-stroke

446

00:21:56,930 --> 00:21:55,290

etc to cause some form of hallucination

447

00:21:59,060 --> 00:21:56,940

but there was another Scottish

448

00:22:05,360 --> 00:21:59,070

researcher said that Robert saw a mirage

449

00:22:08,150 --> 00:22:05,370

of Venus can you imagine you know and

450

00:22:10,040 --> 00:22:08,160

also Venus comes down I mean it comes

451
00:22:12,200 --> 00:22:10,050
down so long that it leaves markings on

452
00:22:14,090 --> 00:22:12,210
the ground now I suppose yeah I know I

453
00:22:16,700 --> 00:22:14,100
mean I mean I mean that is kinda

454
00:22:20,150 --> 00:22:16,710
hilarious and that he also saw a black

455
00:22:23,420 --> 00:22:20,160
ball lightning that was maybe some form

456
00:22:25,790 --> 00:22:23,430
of army testing of a military small

457
00:22:29,420 --> 00:22:25,800
helicopter I mean I've heard quite a lot

458
00:22:33,890 --> 00:22:29,430
of theories but I for me personally it

459
00:22:36,850 --> 00:22:33,900
Sam I believe that Bob for some reason

460
00:22:39,140 --> 00:22:36,860
entered into an area which either was

461
00:22:40,520 --> 00:22:39,150
right for him or wrong for him you know

462
00:22:43,520 --> 00:22:40,530
he was in the right place at the right

463
00:22:46,580 --> 00:22:43,530

time or the wrong place long time but I

464

00:22:49,040 --> 00:22:46,590

believe Bob saw something not of this

465

00:22:51,590 --> 00:22:49,050

world something which maybe was

466

00:22:53,300 --> 00:22:51,600

dimensional which fluttered into that

467

00:22:56,300 --> 00:22:53,310

area of the woods

468

00:22:58,250 --> 00:22:56,310

very very quickly yes but of course he

469

00:23:02,390 --> 00:22:58,260

did also have the RIP in his pants huh

470

00:23:05,540 --> 00:23:02,400

how big was the actual tear yeah I mean

471

00:23:07,850 --> 00:23:05,550

there's two different size tears just

472

00:23:10,550 --> 00:23:07,860

over two inches long and both sides of

473

00:23:13,780 --> 00:23:10,560

his trousers now these were analyzed by

474

00:23:17,060 --> 00:23:13,790

the forensic Department of the police in

475

00:23:19,730 --> 00:23:17,070

Edinburgh and Central Scotland and the

476

00:23:23,240 --> 00:23:19,740

police a forensic man says that these

477

00:23:25,580 --> 00:23:23,250

trousers were not ripped by barbed wire

478

00:23:28,430 --> 00:23:25,590

fencing they were not ripped by any

479

00:23:32,660 --> 00:23:28,440

forest debris like sharp stones or sharp

480

00:23:35,870 --> 00:23:32,670

twigs these trousers and his opinion was

481

00:23:38,270 --> 00:23:35,880

ripped in a mechanical manner upwards

482

00:23:42,620 --> 00:23:38,280

now I've got these trousers here in my

483

00:23:45,170 --> 00:23:42,630

home they are heavy-duty material and it

484

00:23:46,340 --> 00:23:45,180

takes quite a lot if you were to rip

485

00:23:50,240 --> 00:23:46,350

them those trousers

486

00:23:51,830 --> 00:23:50,250

so um that caner enhances the theory

487

00:23:54,710 --> 00:23:51,840

that if something happened yeah

488

00:23:56,450 --> 00:23:54,720

all right gentlemen we need to go to our

489

00:23:58,970 --> 00:23:56,460

bottom of the hour break so when we come

490

00:24:02,360 --> 00:23:58,980

back we will continue our conversation

491

00:24:11,610 --> 00:24:02,370

with Malcolm Robinson on exploring the

492

00:24:18,340 --> 00:24:15,760

now back to exploring the bazaar with

493

00:24:21,640 --> 00:24:18,350

two of the most electrifying researchers

494

00:24:27,280 --> 00:24:21,650

in the Paranoid your hosts Timothy Becca

495

00:24:30,220 --> 00:24:27,290

Lee and Taylor Swift's all right welcome

496

00:24:33,070 --> 00:24:30,230

back to the second segment of exploring

497

00:24:37,000 --> 00:24:33,080

the bazaar tonight we're talking with

498

00:24:41,460 --> 00:24:37,010

Malcolm Robinson and his investigation

499

00:24:44,890 --> 00:24:41,470

into the really there's this fascinating

500

00:24:49,000 --> 00:24:44,900

case in in Scotland in 1979 with the

501
00:24:53,740 --> 00:24:49,010
forestry worker who really for no fault

502
00:24:57,310 --> 00:24:53,750
of his own accidentally ran across a UFO

503
00:24:59,800 --> 00:24:57,320
while on his job now Malcolm before we

504
00:25:05,350 --> 00:24:59,810
had to go on our break you were talking

505
00:25:09,610 --> 00:25:05,360
about the condition of his his trousers

506
00:25:15,370 --> 00:25:09,620
which had a rip and and you were saying

507
00:25:18,910 --> 00:25:15,380
that the an analysis of this rip showed

508
00:25:20,980 --> 00:25:18,920
that this was something that I mean it

509
00:25:23,590 --> 00:25:20,990
that the tear happened did you say

510
00:25:25,840 --> 00:25:23,600
upwards and obviously by mechanical

511
00:25:28,810 --> 00:25:25,850
means yes absolutely

512
00:25:31,360 --> 00:25:28,820
the police forensic chap was absolutely

513
00:25:34,300 --> 00:25:31,370

convinced that these trousers were torn

514

00:25:36,400 --> 00:25:34,310

and some kind of mechanical manner I

515

00:25:39,370 --> 00:25:36,410

mean this chap had been involved with

516

00:25:41,590 --> 00:25:39,380

murders with assaults with damaged

517

00:25:44,800 --> 00:25:41,600

clothing for a whole range of creams and

518

00:25:47,590 --> 00:25:44,810

he was you know subjected to these shows

519

00:25:51,550 --> 00:25:47,600

us which he had to give a professional

520

00:25:52,840 --> 00:25:51,560

opinion and so he honestly felt that

521

00:25:55,240 --> 00:25:52,850

yeah these trousers were ripped

522

00:25:57,900 --> 00:25:55,250

mechanically as opposed to you know

523

00:26:00,610 --> 00:25:57,910

anything else hmm

524

00:26:06,150 --> 00:26:00,620

what really interests me about this case

525

00:26:09,430 --> 00:26:06,160

is how the police department really took

526

00:26:11,260 --> 00:26:09,440

this seriously I mean they they didn't

527

00:26:13,300 --> 00:26:11,270

go and say oh yeah you know Robert

528

00:26:15,430 --> 00:26:13,310

you're drunk you know go home or

529

00:26:18,129 --> 00:26:15,440

anything like that they they really

530

00:26:20,860 --> 00:26:18,139

took two to heart what he said happened

531

00:26:23,740 --> 00:26:20,870

you know actually happened to him yes

532

00:26:25,869 --> 00:26:23,750

absolutely I mean it's the only year for

533

00:26:27,690 --> 00:26:25,879

kiss in the British Isles that's been

534

00:26:30,999 --> 00:26:27,700

the subject of a criminal investigation

535

00:26:33,519 --> 00:26:31,009

so that in itself tells you how serious

536

00:26:36,759 --> 00:26:33,529

that the Scottish police treated this

537

00:26:39,580 --> 00:26:36,769

case and there was quite a substantial

538

00:26:41,470 --> 00:26:39,590

amount of police officers who looked at

539

00:26:43,810 --> 00:26:41,480

this case you know quite a few people

540

00:26:46,779 --> 00:26:43,820

were involved in it and I've interviewed

541

00:26:48,970 --> 00:26:46,789

two or three police officers and they

542

00:26:51,190 --> 00:26:48,980

were absolutely baffled and I'm so

543

00:26:53,680 --> 00:26:51,200

pleased that they didn't puku this story

544

00:26:55,659 --> 00:26:53,690

that they treated it seriously they

545

00:26:59,139 --> 00:26:55,669

interviewed some of Roberts friends and

546

00:27:01,240 --> 00:26:59,149

family and this clearly saw that the

547

00:27:05,110 --> 00:27:01,250

gentleman who had this experience was

548

00:27:07,240 --> 00:27:05,120

just a normal job you know and he had no

549

00:27:10,210 --> 00:27:07,250

airs and graces he was not detailing

550

00:27:12,100 --> 00:27:10,220

fanciful tales like I said at the start

551

00:27:14,470 --> 00:27:12,110

in the show he had no interest in the

552

00:27:17,409 --> 00:27:14,480

Air Force or the paranormal he just

553

00:27:19,090 --> 00:27:17,419

wanted to do his job get paid and have

554

00:27:21,789 --> 00:27:19,100

an evening out with his friends and

555

00:27:25,269 --> 00:27:21,799

family but that morning that morning

556

00:27:28,749 --> 00:27:25,279

changed his whole life you know and I

557

00:27:32,379 --> 00:27:28,759

mean sadly passed away and 2017 but

558

00:27:34,060 --> 00:27:32,389

before he dead so you know I'm used to

559

00:27:34,779 --> 00:27:34,070

keep in contact with them and he says

560

00:27:37,509 --> 00:27:34,789

Malcolm

561

00:27:39,700 --> 00:27:37,519

I always remember I'm never going to

562

00:27:41,680 --> 00:27:39,710

change my mind on what I saw people may

563

00:27:45,220 --> 00:27:41,690

laugh they may scoff they may have the

564

00:27:49,090 --> 00:27:45,230

older theories they were not there they

565

00:27:51,490 --> 00:27:49,100

said I was there I saw this thing and of

566

00:27:54,549 --> 00:27:51,500

all the hundreds of people have spoken

567

00:27:57,399 --> 00:27:54,559

to and interviewed over the years Tim he

568

00:28:01,570 --> 00:27:57,409

is one of the best people persons that

569

00:28:03,610 --> 00:28:01,580

have convinced me of the sincerity of a

570

00:28:06,249 --> 00:28:03,620

genuine human being who said a genuine

571

00:28:08,259 --> 00:28:06,259

experience I don't get me wrong people

572

00:28:11,110 --> 00:28:08,269

can lie people can lie under my

573

00:28:13,749 --> 00:28:11,120

detectors and conditioner body as such

574

00:28:16,629 --> 00:28:13,759

do to give all the correct signals but

575

00:28:19,570 --> 00:28:16,639

you know we had his testimony we had the

576

00:28:21,279 --> 00:28:19,580

marks in the glass skeptics have said

577

00:28:25,029 --> 00:28:21,289

that maybe the marks on the glass were

578

00:28:28,029 --> 00:28:25,039

left by some pipes which were being

579

00:28:29,730 --> 00:28:28,039

moved about in the forest two weeks

580

00:28:31,980 --> 00:28:29,740

prior to them

581

00:28:34,800 --> 00:28:31,990

an investigation uncovered that the

582

00:28:37,680 --> 00:28:34,810

forestry department did not have any

583

00:28:40,770 --> 00:28:37,690

pipes or any materials lying in that

584

00:28:43,800 --> 00:28:40,780

patch of woods in the clearing on that

585

00:28:46,980 --> 00:28:43,810

day or not week leading up and after the

586

00:28:49,440 --> 00:28:46,990

experience and neither were there any

587

00:28:52,650 --> 00:28:49,450

kind of those big caterpillar you know

588

00:28:55,350 --> 00:28:52,660

tractor things and can leave marks 'no

589

00:28:58,140 --> 00:28:55,360

grass none of those were in the area at

590

00:29:00,660 --> 00:28:58,150

the time as well and one of the police

591

00:29:04,110 --> 00:29:00,670

officer said that something had clearly

592

00:29:06,930 --> 00:29:04,120

came down and then went straight back up

593

00:29:09,330 --> 00:29:06,940

because there were no similar marks in

594

00:29:11,970 --> 00:29:09,340

the grass anywhere else to be found in

595

00:29:14,670 --> 00:29:11,980

the woods on that day and we had you

596

00:29:17,100 --> 00:29:14,680

know we tramped all over the woods the

597

00:29:19,650 --> 00:29:17,110

surprising thing is that the actual

598

00:29:22,530 --> 00:29:19,660

location is maybe only about two to

599

00:29:26,160 --> 00:29:22,540

three hundred yards away from a busy

600

00:29:27,900 --> 00:29:26,170

motorway which runs into Edinburgh but

601
00:29:30,690 --> 00:29:27,910
the thing we have to bear in mind is

602
00:29:33,210 --> 00:29:30,700
that's a very dense forest so I mean

603
00:29:36,210 --> 00:29:33,220
it's great camouflage for anything that

604
00:29:40,920 --> 00:29:36,220
may have happened on occasion so yeah

605
00:29:46,340 --> 00:29:40,930
it's very mysterious now had have have

606
00:29:49,340 --> 00:29:46,350
you looked into if there had been any

607
00:29:51,630 --> 00:29:49,350
reports of UFO sightings in the area

608
00:29:54,630 --> 00:29:51,640
before the incident

609
00:29:57,390 --> 00:29:54,640
and then afterwards absolutely Tom yes

610
00:29:59,550 --> 00:29:57,400
and research uncovered a number of

611
00:30:02,400 --> 00:29:59,560
different people within about a five

612
00:30:04,920 --> 00:30:02,410
mile radius of those woods who claimed

613
00:30:08,070 --> 00:30:04,930

to have seen strange objects in the sky

614

00:30:11,760 --> 00:30:08,080

on the weeks leading up to the initial

615

00:30:14,580 --> 00:30:11,770

encounter these objects did not conform

616

00:30:17,000 --> 00:30:14,590

to any conventional helicopters or

617

00:30:19,560 --> 00:30:17,010

aircraft of any description whatsoever

618

00:30:20,820 --> 00:30:19,570

there were some of them were disc shaped

619

00:30:23,100 --> 00:30:20,830

oval-shaped

620

00:30:25,770 --> 00:30:23,110

traversing the sky at terrific speeds

621

00:30:29,070 --> 00:30:25,780

stopping moving and moving away very

622

00:30:31,680 --> 00:30:29,080

very quickly and thankfully we have

623

00:30:34,170 --> 00:30:31,690

people witnesses on record tests the the

624

00:30:36,750 --> 00:30:34,180

mention in my latest book who have come

625

00:30:39,330 --> 00:30:36,760

forward and they put the name and paper

626

00:30:42,060 --> 00:30:39,340

and select yep we can back mr. tiller up

627

00:30:43,350 --> 00:30:42,070

now of course that may not have been the

628

00:30:46,649 --> 00:30:43,360

same object

629

00:30:49,320 --> 00:30:46,659

we can surmise and speculate maybe it

630

00:30:51,450 --> 00:30:49,330

was maybe it wasn't but thankfully we

631

00:30:54,239 --> 00:30:51,460

have as you mentioned there we have

632

00:30:57,629 --> 00:30:54,249

other witnesses and the weeks leading up

633

00:30:59,220 --> 00:30:57,639

to the actual sighting and that's what

634

00:31:00,289 --> 00:30:59,230

makes it all the more special I guess

635

00:31:05,970 --> 00:31:00,299

yes

636

00:31:09,690 --> 00:31:05,980

now as for Robert himself did did he

637

00:31:13,830 --> 00:31:09,700

have any other experiences afterwards

638

00:31:16,489 --> 00:31:13,840

and not just necessarily UFO experiences

639

00:31:19,799 --> 00:31:16,499

I mean as you well know a lot of times

640

00:31:22,830 --> 00:31:19,809

somebody who has had you know a close

641

00:31:26,519 --> 00:31:22,840

encounter with a UFO may then have a

642

00:31:28,460 --> 00:31:26,529

paranormal type of experiences that they

643

00:31:30,779 --> 00:31:28,470

you know can last their entire life

644

00:31:34,049 --> 00:31:30,789

anything like that happened with Robert

645

00:31:35,609 --> 00:31:34,059

afterwards Oh surprisingly not because

646

00:31:37,649 --> 00:31:35,619

we don't ask that question you're quite

647

00:31:40,139 --> 00:31:37,659

right and sometimes it's the case that

648

00:31:42,779 --> 00:31:40,149

when people have these wonderful some

649

00:31:45,450 --> 00:31:42,789

would say wonderful Suzuno experiences

650

00:31:47,639 --> 00:31:45,460

that they have a paranormal experience

651
00:31:50,009 --> 00:31:47,649
or they may see ghosts or things happen

652
00:31:54,060 --> 00:31:50,019
in the family home not with Robert

653
00:31:58,349 --> 00:31:54,070
however however I can say that Jay

654
00:32:02,070 --> 00:31:58,359
Robert Sayre daughter she had a black

655
00:32:04,409 --> 00:32:02,080
car follower following her a few weeks

656
00:32:07,080 --> 00:32:04,419
after the incident and blacked-out

657
00:32:09,619 --> 00:32:07,090
windows except I know that may not be

658
00:32:13,039 --> 00:32:09,629
mean anything but that was strange and

659
00:32:15,419 --> 00:32:13,049
his daughter thought it was very strange

660
00:32:18,029 --> 00:32:15,429
so I don't know if that's connected or

661
00:32:21,090 --> 00:32:18,039
not but one thing that was quite

662
00:32:25,619 --> 00:32:21,100
interesting to me was that a few years

663
00:32:29,239 --> 00:32:25,629

later \$90.00 good few years later 1990

664

00:32:31,950 --> 00:32:29,249

Robert Taylor left his home and ins and

665

00:32:36,539 --> 00:32:31,960

relocated to another beautiful Scottish

666

00:32:37,849 --> 00:32:36,549

village called Blair goalie and which

667

00:32:41,009 --> 00:32:37,859

you believe it

668

00:32:44,070 --> 00:32:41,019

crop circles were found and though a

669

00:32:47,729 --> 00:32:44,080

quarter of a mile away from his home to

670

00:32:50,369 --> 00:32:47,739

crop circles and with phones no weather

671

00:32:53,639 --> 00:32:50,379

again that's a coincidence or not people

672

00:32:56,760 --> 00:32:53,649

miss speculate and for me personally a

673

00:32:58,409 --> 00:32:56,770

hidden Auk I mean um

674

00:33:01,710 --> 00:32:58,419

I firmly believe that the vast majority

675

00:33:04,320 --> 00:33:01,720

of crop circles are indeed man-made I

676
00:33:06,779 --> 00:33:04,330
know a lot of people who make them what

677
00:33:09,419 --> 00:33:06,789
I can't explain no attempt for crop

678
00:33:12,240 --> 00:33:09,429
circles as these balls of light which

679
00:33:15,029 --> 00:33:12,250
descend from the sky and weaving weave

680
00:33:17,070 --> 00:33:15,039
in the night of the crop fields these

681
00:33:19,500 --> 00:33:17,080
have been filmed the been photographed

682
00:33:21,360 --> 00:33:19,510
have been seen and even my one of my

683
00:33:23,669 --> 00:33:21,370
friends who makes crop circles

684
00:33:25,680 --> 00:33:23,679
he says Malcolm will be making a crop

685
00:33:27,990 --> 00:33:25,690
circle one night and then suddenly we

686
00:33:29,909 --> 00:33:28,000
saw this figure and it was late at night

687
00:33:32,789 --> 00:33:29,919
you know it was dark and I saw this

688
00:33:34,649 --> 00:33:32,799

figure standing at the edge of the field

689

00:33:37,260 --> 00:33:34,659

and they went oh god we've been rumbled

690

00:33:39,330 --> 00:33:37,270

you know women phones oh oh no so they

691

00:33:42,720 --> 00:33:39,340

walked towards thinking it's maybe a

692

00:33:44,850 --> 00:33:42,730

farmer so I said walking towards us this

693

00:33:47,690 --> 00:33:44,860

silhouette this figure at the edge of

694

00:33:50,730 --> 00:33:47,700

the field II disappeared completely

695

00:33:53,580 --> 00:33:50,740

disappeared in front of them so even the

696

00:33:56,760 --> 00:33:53,590

skeptics or even the crop circle makers

697

00:33:59,340 --> 00:33:56,770

who make these things have told me that

698

00:34:01,860 --> 00:33:59,350

there's paranormal anomalous phenomena

699

00:34:05,610 --> 00:34:01,870

going on when they make these crop

700

00:34:08,099 --> 00:34:05,620

circles and that's not to say that you

701
00:34:09,869 --> 00:34:08,109
know UFOs can meet crop circles I'm not

702
00:34:12,659 --> 00:34:09,879
saying that I can only really speak for

703
00:34:15,000 --> 00:34:12,669
what's going on in the UK but getting

704
00:34:17,339 --> 00:34:15,010
back to bob and blair Goudy you know it

705
00:34:19,379 --> 00:34:17,349
was quite interesting that the two crop

706
00:34:22,290 --> 00:34:19,389
circles formed about a quarter of a mile

707
00:34:24,810 --> 00:34:22,300
from his new home yeah I suppose the

708
00:34:26,550 --> 00:34:24,820
question is had there been a past

709
00:34:29,579 --> 00:34:26,560
history of crop circles in that area

710
00:34:35,000 --> 00:34:29,589
before he moved there a good point again

711
00:34:40,550 --> 00:34:38,399
interesting well and and and I find the

712
00:34:44,010 --> 00:34:40,560
fact that his daughter was followed

713
00:34:45,589 --> 00:34:44,020

after the fact by a car with blacked out

714

00:34:48,450 --> 00:34:45,599

a black car with blacked-out windows

715

00:34:50,730 --> 00:34:48,460

when I mean you know we've heard that

716

00:34:53,490 --> 00:34:50,740

type of story time and time again and I

717

00:34:55,619 --> 00:34:53,500

sincerely doubt though that that Bob or

718

00:35:00,540 --> 00:34:55,629

his daughter would have had any

719

00:35:03,140 --> 00:35:00,550

knowledge of of this type of activity

720

00:35:06,480 --> 00:35:03,150

going you know surrounding UFO witnesses

721

00:35:08,820 --> 00:35:06,490

yeah absolutely I mean when we do an

722

00:35:10,000 --> 00:35:08,830

investigation system we put everything

723

00:35:12,580 --> 00:35:10,010

out there

724

00:35:14,740 --> 00:35:12,590

have even tried say commentary on Roman

725

00:35:16,600 --> 00:35:14,750

tailors Chaucer's mm-hmm no say

726

00:35:18,670 --> 00:35:16,610

committee I'm sure all your listeners

727

00:35:22,150 --> 00:35:18,680

are well-versed in this but for those

728

00:35:25,570 --> 00:35:22,160

who are not say comedy is a psychic gift

729

00:35:28,270 --> 00:35:25,580

that people can hold a watch or a ring

730

00:35:31,060 --> 00:35:28,280

from someone maybe someones deceased and

731

00:35:33,100 --> 00:35:31,070

they suddenly get all these pictures and

732

00:35:37,240 --> 00:35:33,110

the main and information coming to them

733

00:35:40,180 --> 00:35:37,250

so we decide to use some good psychics

734

00:35:43,420 --> 00:35:40,190

to see if that perhaps big big big

735

00:35:45,910 --> 00:35:43,430

perhaps if they could take hold Roberts

736

00:35:48,720 --> 00:35:45,920

trousers and see if anything make Amenti

737

00:35:51,250 --> 00:35:48,730

that conscious mind and just recently

738

00:35:53,290 --> 00:35:51,260

earlier this month I spoke at a big

739

00:35:56,620 --> 00:35:53,300

psychic convention and a tone of

740

00:36:00,190 --> 00:35:56,630

Bournemouth in England and I gave the

741

00:36:02,680 --> 00:36:00,200

trousers were in a polythene bag and any

742

00:36:05,200 --> 00:36:02,690

were in another polythene bag so you

743

00:36:06,760 --> 00:36:05,210

didn't know what was an ear if you held

744

00:36:09,190 --> 00:36:06,770

it you've been oh it's maybe closed

745

00:36:12,520 --> 00:36:09,200

because it was squidgy and I gave these

746

00:36:15,040 --> 00:36:12,530

shows us to a psychic and their assist

747

00:36:18,040 --> 00:36:15,050

can you tell me can you get any quieter

748

00:36:20,770 --> 00:36:18,050

can't tell you what it is that can you

749

00:36:23,500 --> 00:36:20,780

tell me what you get out of this and

750

00:36:26,890 --> 00:36:23,510

this and this is what she got guys this

751

00:36:29,170 --> 00:36:26,900

is what she got or don't leave this I'm

752

00:36:32,620 --> 00:36:29,180

getting I'm getting swing there's a

753

00:36:34,390 --> 00:36:32,630

heaviness there's a Braille a oh my god

754

00:36:36,880 --> 00:36:34,400

there's something coming from a

755

00:36:39,250 --> 00:36:36,890

different place and I'm I'm getting a

756

00:36:41,440 --> 00:36:39,260

joke oh my god I'm gonna sick feeling I

757

00:36:44,860 --> 00:36:41,450

don't like this and then I'm getting

758

00:36:47,710 --> 00:36:44,870

sparkling and fingertips I'm getting

759

00:36:50,800 --> 00:36:47,720

tingling in my what is this and I told

760

00:36:53,770 --> 00:36:50,810

her what she was holding and so we took

761

00:36:56,170 --> 00:36:53,780

the trousers only the bag and a face was

762

00:36:58,410 --> 00:36:56,180

way you know it's just like my god so

763

00:37:01,210 --> 00:36:58,420

that was interesting you know

764

00:37:03,250 --> 00:37:01,220

psychometry is just the tool maybe it's

765

00:37:05,920 --> 00:37:03,260

I don't know if people should use it or

766

00:37:08,500 --> 00:37:05,930

not but for us at least it gives us

767

00:37:11,080 --> 00:37:08,510

something it may not necessarily be true

768

00:37:12,610 --> 00:37:11,090

she may have been reading my mind she

769

00:37:15,130 --> 00:37:12,620

may have been getting this from I don't

770

00:37:17,530 --> 00:37:15,140

know where but she didn't know what was

771

00:37:19,420 --> 00:37:17,540

then knows policy in banks she knew it

772

00:37:22,870 --> 00:37:19,430

was probably an item of clothing because

773

00:37:24,200 --> 00:37:22,880

you know she just is soft etc but that

774

00:37:28,309 --> 00:37:24,210

was interest

775

00:37:33,170 --> 00:37:28,319

yeah that is is very very interesting

776

00:37:36,099 --> 00:37:33,180

now as for Bob himself afterwards

777

00:37:37,880 --> 00:37:36,109

I mean well during during his actual

778

00:37:41,150 --> 00:37:37,890

encounter and just immediately

779

00:37:42,829 --> 00:37:41,160

afterwards I mean he had you know you

780

00:37:46,970 --> 00:37:42,839

said that he had trouble walking he

781

00:37:49,460 --> 00:37:46,980

couldn't talk did he feel like that he

782

00:37:52,880 --> 00:37:49,470

had any say like residual health

783

00:37:56,359 --> 00:37:52,890

problems afterwards that that that you

784

00:37:58,010 --> 00:37:56,369

know carried on not only in the in the

785

00:37:59,839 --> 00:37:58,020

weeks and months but you know possibly

786

00:38:04,220 --> 00:37:59,849

that followed him around the rest of his

787

00:38:05,690 --> 00:38:04,230

life no it's a very good question it's a

788

00:38:09,500 --> 00:38:05,700

question it should be asked

789

00:38:12,530 --> 00:38:09,510

did you know impact did anything impact

790

00:38:15,470 --> 00:38:12,540

on Bob's health after that encounter not

791

00:38:17,450 --> 00:38:15,480

really is the answer to that one and he

792

00:38:21,049 --> 00:38:17,460

was 61 years of age when the incident

793

00:38:24,890 --> 00:38:21,059

occurred and you know he retired several

794

00:38:30,049 --> 00:38:24,900

years a few years later no I mean it

795

00:38:31,910 --> 00:38:30,059

just had issues with you know just just

796

00:38:34,280 --> 00:38:31,920

the occasional small health issue but

797

00:38:37,370 --> 00:38:34,290

nothing until what nothing it was really

798

00:38:39,319 --> 00:38:37,380

him possibly came from interacting with

799

00:38:42,920 --> 00:38:39,329

something from goodness knows where

800

00:38:44,780 --> 00:38:42,930

because we do know another ufology in

801

00:38:46,520 --> 00:38:44,790

the literature if you get closely some

802

00:38:50,059 --> 00:38:46,530

of these is craft call them what you

803

00:38:54,079 --> 00:38:50,069

will sometimes not always sometimes may

804

00:38:57,770 --> 00:38:54,089

impact on your health etc but thankfully

805

00:38:59,569 --> 00:38:57,780

on this occasion nothing really impacted

806

00:39:02,569 --> 00:38:59,579

on Roberts health other than just your

807

00:39:05,410 --> 00:39:02,579

normal you get older your body hits it

808

00:39:08,960 --> 00:39:05,420

down anyway you know and so yeah just

809

00:39:12,109 --> 00:39:08,970

know now the research that I've done

810

00:39:13,520 --> 00:39:12,119

over the years on on cases like this you

811

00:39:17,030 --> 00:39:13,530

know I don't think that I have run

812

00:39:21,349 --> 00:39:17,040

across anything that really comes even

813

00:39:24,470 --> 00:39:21,359

close to to being similar to this

814

00:39:26,599 --> 00:39:24,480

incident you know possibly the only case

815

00:39:30,920 --> 00:39:26,609

that and I can't remember all the

816

00:39:33,070 --> 00:39:30,930

details was a witness who saw what he he

817

00:39:36,460 --> 00:39:33,080

called like

818

00:39:37,960 --> 00:39:36,470

walking tin cans came out of a landed

819

00:39:39,670 --> 00:39:37,970

UFO he said that looked like that they

820

00:39:42,250 --> 00:39:39,680

were walking on like little fins that

821

00:39:43,450 --> 00:39:42,260

came up and looked like that the same

822

00:39:46,060 --> 00:39:43,460

like that they looked at him and then

823

00:39:49,540 --> 00:39:46,070

went back into the ship but you know

824

00:39:53,890 --> 00:39:49,550

have you run across anything that even

825

00:39:57,070 --> 00:39:53,900

covers remotely close to it being

826

00:39:59,260 --> 00:39:57,080

similar to this case yeah I mean there's

827

00:40:02,380 --> 00:39:59,270

a couple of illustrations and Malia

828

00:40:05,560 --> 00:40:02,390

spoke on the case there was a year for

829

00:40:08,410 --> 00:40:05,570

sating in England several years ago

830

00:40:11,410 --> 00:40:08,420

which resembled the what robert taylor

831

00:40:13,540 --> 00:40:11,420

saw the circular object with the flange

832

00:40:16,150 --> 00:40:13,550

going around it and what the object

833

00:40:18,850 --> 00:40:16,160

didn't have was the cross lake

834

00:40:21,910 --> 00:40:18,860

propellers robert taylor also saw

835

00:40:24,730 --> 00:40:21,920

sticking up from that flange and there

836

00:40:28,870 --> 00:40:24,740

was also a sighting of one spiky ball

837

00:40:32,890 --> 00:40:28,880

and a above a small town called skegness

838

00:40:35,350 --> 00:40:32,900

here in England England that had this

839

00:40:39,340 --> 00:40:35,360

sparkling effect coming from one of the

840

00:40:41,560 --> 00:40:39,350

prods down to the ground and when I

841

00:40:44,680 --> 00:40:41,570

interviewed a couple of English

842

00:40:47,530 --> 00:40:44,690

researchers about this case they told me

843

00:40:50,700 --> 00:40:47,540

that there was a case very similar that

844

00:40:54,310 --> 00:40:50,710

occurred in South America back in the

845

00:40:57,370 --> 00:40:54,320

1960s where two objects similar to what

846

00:41:01,420 --> 00:40:57,380

Robert Taylor saw the spiky balls came

847

00:41:06,760 --> 00:41:01,430

from an object but they exported thank

848

00:41:08,950 --> 00:41:06,770

God that didn't explode in this case in

849

00:41:10,990 --> 00:41:08,960

that regard because at the end of the

850

00:41:13,360 --> 00:41:11,000

day people like myself and my colleagues

851

00:41:15,610 --> 00:41:13,370

all over the world we're trying to get

852

00:41:18,580 --> 00:41:15,620

the pieces of the jigsaw did something

853

00:41:20,350 --> 00:41:18,590

similar happen please tell us so we're

854

00:41:22,210 --> 00:41:20,360

always this is why we write books and

855

00:41:25,180 --> 00:41:22,220

and you know do the magazine's to say

856

00:41:28,090 --> 00:41:25,190

for someone somewhere to put their hand

857

00:41:30,100 --> 00:41:28,100

and say you know what guys guys I can

858

00:41:32,950 --> 00:41:30,110

tell you about something that we saw so

859

00:41:35,140 --> 00:41:32,960

we're always looking for that other hand

860

00:41:37,570 --> 00:41:35,150

to go up and say guys we saw this and

861

00:41:41,530 --> 00:41:37,580

the other I've only came across maybe

862

00:41:44,950 --> 00:41:41,540

about three or four similar since 1979

863

00:41:46,150 --> 00:41:44,960

about doing the descents but as we know

864

00:41:48,180 --> 00:41:46,160

guys there yes

865

00:41:50,380 --> 00:41:48,190

always come in all shapes and sizes and

866

00:41:56,770 --> 00:41:50,390

that's what makes it so damn interesting

867

00:41:58,210 --> 00:41:56,780

you know and always will do I guess and

868

00:42:01,690 --> 00:41:58,220

you may you may have mentioned this

869

00:42:04,210 --> 00:42:01,700

during the the first part of this show

870

00:42:06,670 --> 00:42:04,220

but you said that he had his dog with

871

00:42:10,540 --> 00:42:06,680

him during this encounter what what

872

00:42:12,310 --> 00:42:10,550

happened to the dog afterwards a bit did

873

00:42:16,300 --> 00:42:12,320

was the dog still with him when he woke

874

00:42:19,890 --> 00:42:16,310

up I do love your questions yes the dog

875

00:42:22,450 --> 00:42:19,900

was there it was in a distressed it and

876

00:42:24,640 --> 00:42:22,460

needless to say because its master was

877

00:42:27,190 --> 00:42:24,650

lying prone on the ground and conscious

878

00:42:29,950 --> 00:42:27,200

we don't know how long Robert Taylor

879

00:42:32,560 --> 00:42:29,960

wasn't conscious when these bollock

880

00:42:37,480 --> 00:42:32,570

things grabbed him he had to smell

881

00:42:39,940 --> 00:42:37,490

etcetera and but I've learned while

882

00:42:42,970 --> 00:42:39,950

writing this book something that didn't

883

00:42:46,540 --> 00:42:42,980

know before and that is that the Robert

884

00:42:49,660 --> 00:42:46,550

Taylor's dog and didn't leave the family

885

00:42:52,150 --> 00:42:49,670

home for months even to go out from the

886

00:42:54,130 --> 00:42:52,160

toilet it didn't leave the family home

887

00:42:57,490 --> 00:42:54,140

at all we only learned I was researching

888

00:43:00,630 --> 00:42:57,500

the book surprising that that fight

889

00:43:05,050 --> 00:43:00,640

never was released to me beforehand but

890

00:43:07,360 --> 00:43:05,060

you know so in that regard that strange

891

00:43:09,520 --> 00:43:07,370

no we could ask front of that question

892

00:43:11,700 --> 00:43:09,530

by saying but with any health problems

893

00:43:14,440 --> 00:43:11,710

to the dog as well nevermind Bob

894

00:43:17,500 --> 00:43:14,450

apparently not other than the fear

895

00:43:20,710 --> 00:43:17,510

factor of that dog refusing to leave the

896

00:43:23,440 --> 00:43:20,720

family home and there was another

897

00:43:26,140 --> 00:43:23,450

occasion another person saw a strange

898

00:43:28,450 --> 00:43:26,150

shadowy figure and dierckman woods of

899

00:43:32,560 --> 00:43:28,460

got out in the book as well and because

900

00:43:34,840 --> 00:43:32,570

we try and find as many things about the

901
00:43:36,580 --> 00:43:34,850
case as you can and it's great when

902
00:43:38,890 --> 00:43:36,590
people come forward to tell you that

903
00:43:40,570 --> 00:43:38,900
they saw this Khanna's shadowy figure in

904
00:43:44,050 --> 00:43:40,580
the woods they're not just completely

905
00:43:46,690 --> 00:43:44,060
disappeared and they were found enough

906
00:43:50,220 --> 00:43:46,700
land since writing the book that they

907
00:43:52,900 --> 00:43:50,230
have been animals dogs etc family pets

908
00:43:56,320 --> 00:43:52,910
missing going missing in the dogs is

909
00:43:59,530 --> 00:43:56,330
going missing in the woods as well so it

910
00:44:01,660 --> 00:43:59,540
would appear maybe the I mean the

911
00:44:04,690 --> 00:44:01,670
certain locations on planet earth we

912
00:44:07,840 --> 00:44:04,700
call them hotspots or window areas where

913
00:44:09,160 --> 00:44:07,850

more stranger things have happened in

914

00:44:13,210 --> 00:44:09,170

anywhere else

915

00:44:15,730 --> 00:44:13,220

No why why should this be do we have

916

00:44:18,360 --> 00:44:15,740

some magnetic lanes and early lanes is

917

00:44:22,000 --> 00:44:18,370

an area and Eggman woods it crisscrosses

918

00:44:25,450 --> 00:44:22,010

that things have a port or an opening an

919

00:44:28,840 --> 00:44:25,460

opportunity to you know be seen to those

920

00:44:31,630 --> 00:44:28,850

people I do obviously extensively with a

921

00:44:33,880 --> 00:44:31,640

paranormal world as well and you know

922

00:44:36,460 --> 00:44:33,890

you could have six six people in a

923

00:44:38,560 --> 00:44:36,470

haunted room and only two will see a

924

00:44:41,380 --> 00:44:38,570

ghost and the other four ago well I

925

00:44:44,290 --> 00:44:41,390

can't see anything except maybe Bob was

926
00:44:46,960 --> 00:44:44,300
maybe Bob's more psychically attuned for

927
00:44:50,170 --> 00:44:46,970
things to happen I mean it's all pure

928
00:44:53,080 --> 00:44:50,180
speculation of my part but clearly he

929
00:44:55,390 --> 00:44:53,090
stumbled into an area which was either

930
00:44:58,870 --> 00:44:55,400
meant for him or not meant for him

931
00:45:01,180 --> 00:44:58,880
either he saw a craft from another world

932
00:45:02,980 --> 00:45:01,190
or as a skeptics with Hamas believe

933
00:45:07,000 --> 00:45:02,990
maybe it was a many stroke the

934
00:45:09,430 --> 00:45:07,010
hallucinate it etc which with any UFO

935
00:45:12,240 --> 00:45:09,440
case we must obviously adhere to and

936
00:45:15,190 --> 00:45:12,250
must recognize importance of

937
00:45:17,590 --> 00:45:15,200
hallucinations but for me meeting the

938
00:45:20,320 --> 00:45:17,600

man interviewing the police seen the

939

00:45:22,480 --> 00:45:20,330

marks on the ground analyzing everything

940

00:45:25,600 --> 00:45:22,490

that you hear for reports leading up to

941

00:45:27,550 --> 00:45:25,610

the week of when it happened it all

942

00:45:30,670 --> 00:45:27,560

stems for me that we're dealing with

943

00:45:36,210 --> 00:45:30,680

something not of this planet for me for

944

00:45:40,810 --> 00:45:36,220

sure you had talked earlier about using

945

00:45:44,140 --> 00:45:40,820

psychometry on his pants have have you

946

00:45:46,630 --> 00:45:44,150

or anybody ever attempted going back to

947

00:45:50,200 --> 00:45:46,640

the location that is if the location is

948

00:45:53,140 --> 00:45:50,210

currently accessible or was at the time

949

00:45:54,940 --> 00:45:53,150

and trying something like that they're

950

00:45:56,560 --> 00:45:54,950

taking it in a real bringing or psychic

951
00:45:59,050 --> 00:45:56,570
you know with you just to see what kind

952
00:46:02,740 --> 00:45:59,060
of impressions that they would get from

953
00:46:05,880 --> 00:46:02,750
the site well we have we have done sky

954
00:46:09,940 --> 00:46:05,890
watches an area on the anniversary of

955
00:46:12,970 --> 00:46:09,950
the event and but nothing much was seen

956
00:46:16,750 --> 00:46:12,980
but a story I can tell you Tim was by

957
00:46:19,090 --> 00:46:16,760
in 1983 we commemorated this landing for

958
00:46:23,220 --> 00:46:19,100
one of a bear works by the placement of

959
00:46:25,599 --> 00:46:23,230
a stone Kirin with a metal plaque and

960
00:46:28,990 --> 00:46:25,609
twelfths we were there with members of

961
00:46:32,950 --> 00:46:29,000
the Scottish press a psychic that we use

962
00:46:36,220 --> 00:46:32,960
extensively on haunted buildings she was

963
00:46:39,130 --> 00:46:36,230

standing facing the woods and a walked

964

00:46:43,230 --> 00:46:39,140

up Jenna says Helen Helen yes

965

00:46:45,430 --> 00:46:43,240

you okay and don't you see the Malcolm

966

00:46:45,820 --> 00:46:45,440

Helen I don't know what you're looking

967

00:46:50,740 --> 00:46:45,830

at

968

00:46:54,640 --> 00:46:50,750

looked into the woods and I couldn't see

969

00:46:57,370 --> 00:46:54,650

anything guys but she said she saw a red

970

00:46:59,800 --> 00:46:57,380

ball a big red ball about the size of a

971

00:47:03,280 --> 00:46:59,810

basketball weaving in and out of the

972

00:47:06,910 --> 00:47:03,290

trees and then she said it she saw this

973

00:47:09,760 --> 00:47:06,920

grey alien face a classic alien face at

974

00:47:13,270 --> 00:47:09,770

least Reba initially commented on his

975

00:47:16,750 --> 00:47:13,280

own case studies in the trees

976

00:47:19,780 --> 00:47:16,760

no admittedly I couldn't see that but

977

00:47:22,450 --> 00:47:19,790

I'll tell you what I would you know take

978

00:47:25,390 --> 00:47:22,460

that women for my life honestly God if

979

00:47:27,700 --> 00:47:25,400

she said she saw that a hundred percent

980

00:47:30,099 --> 00:47:27,710

believed she saw that she's a wonderful

981

00:47:32,950 --> 00:47:30,109

wonderful psychic she's provided a

982

00:47:36,310 --> 00:47:32,960

society fantastic evidence of life after

983

00:47:39,010 --> 00:47:36,320

death and paranormal events I just where

984

00:47:42,400 --> 00:47:39,020

I just wish that I could have saw what

985

00:47:45,040 --> 00:47:42,410

she had seen but maybe my psychic radio

986

00:47:48,370 --> 00:47:45,050

if you like it's not that perceptive to

987

00:47:51,550 --> 00:47:48,380

really see a frequency that she can see

988

00:47:54,130 --> 00:47:51,560

no again it's a nursery story do be

989

00:47:56,740 --> 00:47:54,140

treated as honest to be treated as value

990

00:47:59,650 --> 00:47:56,750

I think we should do because I believe

991

00:48:02,230 --> 00:47:59,660

in what she saw yeah all right well

992

00:48:03,910 --> 00:48:02,240

we're gonna have to go to our top of the

993

00:48:05,830 --> 00:48:03,920

hour break here so when we come back

994

00:48:08,440 --> 00:48:05,840

we'll continue our conversation with

995

00:48:14,530 --> 00:48:08,450

Malcolm Robinson on exploring the

996

00:48:14,540 --> 00:48:18,410

[Music]

997

00:48:25,370 --> 00:48:22,890

explode the bazaars or e-ticket ride

998

00:48:28,650 --> 00:48:25,380

into the world of the paranormal

999

00:48:31,670 --> 00:48:28,660

strap yourself in as we traverse the

1000

00:48:37,050 --> 00:48:31,680

universe exploring the unexplained UFO

1001
00:48:40,800 --> 00:48:37,060
of ghosts Lost Worlds cryptozoology

1002
00:48:46,050 --> 00:48:40,810
waters as well as other dimensions it's

1003
00:48:48,300 --> 00:48:46,060
time to take back the night now your

1004
00:48:53,960 --> 00:48:48,310
electrifying hosts of exploring the

1005
00:48:59,700 --> 00:48:57,480
all right back to exploring the bizarre

1006
00:49:04,440 --> 00:48:59,710
on Tim Schwarz tonight we're talking

1007
00:49:06,660 --> 00:49:04,450
with Malcolm Robinson and during the

1008
00:49:10,920 --> 00:49:06,670
during the break Malcolm we got a

1009
00:49:14,190 --> 00:49:10,930
question wanting to know if mr. Taylor

1010
00:49:16,710 --> 00:49:14,200
had if anybody an attempted hypnotic

1011
00:49:20,570 --> 00:49:16,720
regression you know on him after the

1012
00:49:22,740 --> 00:49:20,580
case yes fully enough the the well

1013
00:49:25,730 --> 00:49:22,750

unfortunately I see unfortunately

1014

00:49:28,800 --> 00:49:25,740

because it was a staged hypnotherapist

1015

00:49:30,900 --> 00:49:28,810

which haben said Dom in the the guy

1016

00:49:33,810 --> 00:49:30,910

seven years trade the no denying I

1017

00:49:37,530 --> 00:49:33,820

clearly was very gifted at what he did

1018

00:49:40,290 --> 00:49:37,540

and this was not conducted by SPI your

1019

00:49:42,570 --> 00:49:40,300

society this was done by the molester

1020

00:49:45,510 --> 00:49:42,580

family and it was a gentleman by the

1021

00:49:49,200 --> 00:49:45,520

name of Robert Haugen it was a very very

1022

00:49:54,210 --> 00:49:49,210

famous hypnotherapist our stage know

1023

00:49:56,310 --> 00:49:54,220

society during the early 80s and so the

1024

00:49:59,670 --> 00:49:56,320

story goes that he was taken up to

1025

00:50:02,630 --> 00:49:59,680

Edinburgh and it was regressed back to

1026
00:50:05,550 --> 00:50:02,640
that morning of November the 9th 1979

1027
00:50:08,370 --> 00:50:05,560
and he told the story just as @oj

1028
00:50:10,770 --> 00:50:08,380
Tatopoulos show we were hoping that

1029
00:50:12,660 --> 00:50:10,780
maybe something else perhaps maybe

1030
00:50:16,350 --> 00:50:12,670
something else may have come out of the

1031
00:50:18,420 --> 00:50:16,360
hypnosis but sadly nothing else came out

1032
00:50:22,080 --> 00:50:18,430
it was like he had hit a brick wall

1033
00:50:23,640 --> 00:50:22,090
there was a dark expanse where he just

1034
00:50:26,550 --> 00:50:23,650
couldn't go any further

1035
00:50:29,010 --> 00:50:26,560
it was like he wanted to like he wanted

1036
00:50:31,180 --> 00:50:29,020
to say more but something was shutting

1037
00:50:34,420 --> 00:50:31,190
him down and

1038
00:50:37,089 --> 00:50:34,430

we never really tried gnosis after that

1039

00:50:41,200 --> 00:50:37,099

maybe we should've because again

1040

00:50:43,750 --> 00:50:41,210

hypnosis is a tool that any ufologist

1041

00:50:45,849 --> 00:50:43,760

should use on a case no yes it does have

1042

00:50:49,180 --> 00:50:45,859

its pitfalls you can lie under hypnosis

1043

00:50:51,430 --> 00:50:49,190

you can please a hypnotherapist and but

1044

00:50:54,309 --> 00:50:51,440

having said that it's like a workman

1045

00:50:57,250 --> 00:50:54,319

going on to a building site that workmen

1046

00:51:00,510 --> 00:50:57,260

will carry as many tools as he can to

1047

00:51:03,370 --> 00:51:00,520

get the job done so hypnosis of use

1048

00:51:07,240 --> 00:51:03,380

properly and professionally can perhaps

1049

00:51:10,960 --> 00:51:07,250

unlock the subconscious mind to let

1050

00:51:12,790 --> 00:51:10,970

these hidden memories from below I mean

1051
00:51:15,849 --> 00:51:12,800
we use that gnosis on another famous

1052
00:51:19,089 --> 00:51:15,859
Scottish case and that proved very very

1053
00:51:22,300 --> 00:51:19,099
interesting but so sadly yeah the the

1054
00:51:24,400 --> 00:51:22,310
chancel your question only recalled the

1055
00:51:28,650 --> 00:51:24,410
conscious recall of what happened that

1056
00:51:31,690 --> 00:51:28,660
morning well and I know that using

1057
00:51:33,940 --> 00:51:31,700
hypnosis to try to gain additional

1058
00:51:37,359 --> 00:51:33,950
memories you know from a subject is

1059
00:51:39,849 --> 00:51:37,369
extremely controversial especially if

1060
00:51:43,089 --> 00:51:39,859
you have a hypnotist who it was

1061
00:51:46,510 --> 00:51:43,099
obviously trained to to lead their

1062
00:51:50,020 --> 00:51:46,520
subject but but possibly you know in in

1063
00:51:54,819 --> 00:51:50,030

this case there there wasn't anything he

1064

00:51:57,790 --> 00:51:54,829

blacked out and that that was it yeah I

1065

00:51:59,890 --> 00:51:57,800

always wish that before Robert passed

1066

00:52:02,859 --> 00:51:59,900

away it is spirit that we had have had

1067

00:52:05,260 --> 00:52:02,869

another chance to professionally regress

1068

00:52:08,020 --> 00:52:05,270

him but then the skeptics would quite

1069

00:52:10,210 --> 00:52:08,030

rightly say bit Malcolm come on no he's

1070

00:52:11,859 --> 00:52:10,220

learned a lot since that events he's

1071

00:52:14,500 --> 00:52:11,869

learned a lot about yeah or is he

1072

00:52:17,290 --> 00:52:14,510

straight to find out and maybe that Jay

1073

00:52:19,270 --> 00:52:17,300

coloureds if we did try hypnosis I'm

1074

00:52:21,579 --> 00:52:19,280

saying maybe that would cover any

1075

00:52:23,309 --> 00:52:21,589

secondary have not been regression

1076
00:52:26,620 --> 00:52:23,319
because you would just be coming up with

1077
00:52:28,630 --> 00:52:26,630
memories and people talking to make etc

1078
00:52:31,870 --> 00:52:28,640
so that would negate that would negate

1079
00:52:37,000 --> 00:52:31,880
any potential recall if there were any

1080
00:52:40,329 --> 00:52:37,010
yet mmm-hmm now how about okay this

1081
00:52:42,430 --> 00:52:40,339
obviously was the the the most

1082
00:52:44,550 --> 00:52:42,440
outstanding case that you investigated

1083
00:52:47,880 --> 00:52:44,560
and the one was a fish

1084
00:52:51,600 --> 00:52:47,890
we looked into by the authorities what

1085
00:52:52,920 --> 00:52:51,610
are a couple of other cases that you

1086
00:52:56,610 --> 00:52:52,930
were involved in that there are

1087
00:52:58,560 --> 00:52:56,620
outstanding in your way of thinking well

1088
00:53:01,770 --> 00:52:58,570

clearly one of the biggest ones I've

1089

00:53:03,870 --> 00:53:01,780

mentioned this before another shows but

1090

00:53:05,790 --> 00:53:03,880

one of the the biggest year for

1091

00:53:09,510 --> 00:53:05,800

abduction cases the occurrence

1092

00:53:13,110 --> 00:53:09,520

Coughlin's occurred in 1992 as known as

1093

00:53:16,080 --> 00:53:13,120

the e70 abduction and it happened to two

1094

00:53:18,630 --> 00:53:16,090

men who were driving from Edinburgh the

1095

00:53:22,440 --> 00:53:18,640

built-up city of Edinburgh in their car

1096

00:53:24,990 --> 00:53:22,450

and we're going to drive late at night

1097

00:53:27,050 --> 00:53:25,000

well about half-past ten and evening to

1098

00:53:30,450 --> 00:53:27,060

see a friend in a small village called

1099

00:53:32,160 --> 00:53:30,460

blacks now they left two built-up city

1100

00:53:34,770 --> 00:53:32,170

of Edinburgh all the big buildings etc

1101

00:53:38,850 --> 00:53:34,780

then roads took them out into

1102

00:53:41,520 --> 00:53:38,860

countryside very very desolate barren

1103

00:53:43,740 --> 00:53:41,530

countryside a little cottage here little

1104

00:53:46,050 --> 00:53:43,750

cottage there and that's about driving

1105

00:53:49,770 --> 00:53:46,060

down this this B Road wasn't a major

1106

00:53:53,190 --> 00:53:49,780

roads they suddenly saw a two-tiered

1107

00:53:54,960 --> 00:53:53,200

disc-shaped object hovering about 20

1108

00:53:57,780 --> 00:53:54,970

feet above the surface of the roads and

1109

00:54:01,980 --> 00:53:57,790

just like mr. Taylor in the Deckman case

1110

00:54:04,020 --> 00:54:01,990

these two men went whoa whoa this is not

1111

00:54:07,740 --> 00:54:04,030

an ear child no no this is not a

1112

00:54:11,070 --> 00:54:07,750

helicopter what is going on here no

1113

00:54:14,060 --> 00:54:11,080

rather than stop the car and go back no

1114

00:54:18,060 --> 00:54:14,070

no no let's keep going and as the car

1115

00:54:21,630 --> 00:54:18,070

their car was directly underneath this

1116

00:54:24,870 --> 00:54:21,640

hovering object this object emitted like

1117

00:54:27,030 --> 00:54:24,880

a silver shimmering curtain of mist like

1118

00:54:29,610 --> 00:54:27,040

heavy silver snowflakes

1119

00:54:33,270 --> 00:54:29,620

just descended from beneath this object

1120

00:54:35,610 --> 00:54:33,280

and hit the car and as soon as that

1121

00:54:39,990 --> 00:54:35,620

effect hit the car both men were

1122

00:54:42,270 --> 00:54:40,000

catapulted into inky and total blackness

1123

00:54:43,770 --> 00:54:42,280

the couldn't see the hand in front of

1124

00:54:45,540 --> 00:54:43,780

the face they couldn't see the dashboard

1125

00:54:47,240 --> 00:54:45,550

of the car they couldn't see each other

1126

00:54:50,130 --> 00:54:47,250

my god where are we

1127

00:54:52,470 --> 00:54:50,140

seconds later or what appeared to them

1128

00:54:55,260 --> 00:54:52,480

at least to be seconds later the

1129

00:54:56,850 --> 00:54:55,270

Regained of sight the car was shuddering

1130

00:54:57,490 --> 00:54:56,860

very violently on the road

1131

00:55:11,320 --> 00:54:57,500

the

1132

00:55:14,260 --> 00:55:11,330

you been

1133

00:55:17,860 --> 00:55:14,270

you don't know haffley know her Germany

1134

00:55:20,890 --> 00:55:17,870

guys should only have taken about 35

1135

00:55:22,690 --> 00:55:20,900

minutes and unknown a half later they

1136

00:55:25,330 --> 00:55:22,700

proceeded to tell the occupants of the

1137

00:55:27,760 --> 00:55:25,340

house of it was crazy disc-shaped object

1138

00:55:31,680 --> 00:55:27,770

hovering above the roads know that may

1139

00:55:35,680 --> 00:55:31,690

and subsequent mates thereafter they had

1140

00:55:38,140 --> 00:55:35,690

strange dreams of this a grey aliens

1141

00:55:41,530 --> 00:55:38,150

face coming into the dream world they

1142

00:55:44,590 --> 00:55:41,540

then found scars on the body scars

1143

00:55:46,270 --> 00:55:44,600

previously were never not there we all

1144

00:55:48,370 --> 00:55:46,280

know what bodies we go in the shower in

1145

00:55:50,530 --> 00:55:48,380

old bodies and suddenly there were these

1146

00:55:56,110 --> 00:55:50,540

scooped like marks scars coming on their

1147

00:55:59,530 --> 00:55:56,120

body so Gary Gary wood decided he went

1148

00:56:02,170 --> 00:55:59,540

what the hell is this this can't be one

1149

00:56:04,780 --> 00:56:02,180

of those stupid Jeff wall stories foot

1150

00:56:06,700 --> 00:56:04,790

affairs but wait Lea gorgeo going to

1151

00:56:09,610 --> 00:56:06,710

police don't go at the dock who do I

1152

00:56:11,830 --> 00:56:09,620

turn to so he went into the local

1153

00:56:14,410 --> 00:56:11,840

library and picked out a book about year

1154

00:56:17,710 --> 00:56:14,420

fours by the famous British author s and

1155

00:56:20,620 --> 00:56:17,720

Jenny Randall's and my contact details

1156

00:56:23,350 --> 00:56:20,630

were in the back of the book so cut a

1157

00:56:26,230 --> 00:56:23,360

long story short the contacted me by

1158

00:56:28,720 --> 00:56:26,240

telephone and vated both men to my home

1159

00:56:31,210 --> 00:56:28,730

and Allah WA which is a small village

1160

00:56:33,760 --> 00:56:31,220

near Stirling in Central Scotland and

1161

00:56:37,000 --> 00:56:33,770

they proceeded to tell me this bizarre

1162

00:56:39,550 --> 00:56:37,010

tale now at that time I really did

1163

00:56:41,380 --> 00:56:39,560

advocate the use of hypnotic regression

1164

00:56:44,800 --> 00:56:41,390

as I said earlier as a tool to maybe

1165

00:56:47,650 --> 00:56:44,810

unlock the mains and I says guys would

1166

00:56:49,800 --> 00:56:47,660

you be happy to go under hypnotic

1167

00:56:52,180 --> 00:56:49,810

regression and just to see if perhaps

1168

00:56:55,630 --> 00:56:52,190

something else happened

1169

00:56:57,610 --> 00:56:55,640

Oh Malcolm will try anything we really

1170

00:57:00,190 --> 00:56:57,620

need to know what's going on because

1171

00:57:02,050 --> 00:57:00,200

even our wives don't believe us your

1172

00:57:03,940 --> 00:57:02,060

workmates don't believe us Malcolm will

1173

00:57:07,750 --> 00:57:03,950

try anything to find out

1174

00:57:11,130 --> 00:57:07,760

so we used a qualified hypnotherapist

1175

00:57:15,249 --> 00:57:11,140

we gingerly took them back in the

1176

00:57:19,599 --> 00:57:15,259

to that August evening in 1992 and a

1177

00:57:22,749 --> 00:57:19,609

typical abduction scenario unfolded very

1178

00:57:25,299 --> 00:57:22,759

briefly as the silver shimmering effects

1179

00:57:29,079 --> 00:57:25,309

hit the car they claimed under hypnosis

1180

00:57:31,870 --> 00:57:29,089

only that they were taken of the car by

1181

00:57:33,729 --> 00:57:31,880

these small grey beings and you've had

1182

00:57:34,419 --> 00:57:33,739

many guests on your show in previous

1183

00:57:37,569 --> 00:57:34,429

years

1184

00:57:39,509 --> 00:57:37,579

just the very same small green creatures

1185

00:57:42,729 --> 00:57:39,519

three and a half to four feet tall

1186

00:57:45,309 --> 00:57:42,739

spindly childlike bodies gray blue

1187

00:57:47,829 --> 00:57:45,319

translucent skin black inky

1188

00:57:50,259 --> 00:57:47,839

almond-shaped eyes and were taken on

1189

00:57:54,400 --> 00:57:50,269

boards presumably this crafted yet sawed

1190

00:57:57,269 --> 00:57:54,410

and stripped naked and subjected to some

1191

00:58:00,370 --> 00:57:57,279

form of clinical or medical procedure

1192

00:58:04,809 --> 00:58:00,380

gary found himself on a flat raised bed

1193

00:58:08,259 --> 00:58:04,819

and he couldn't move a muscle he could

1194

00:58:10,359 --> 00:58:08,269

only move his eyes he was terrified he

1195

00:58:12,429 --> 00:58:10,369

desperately wanted to punch with these

1196

00:58:14,979 --> 00:58:12,439

little gray guys it was a side of this

1197

00:58:17,559 --> 00:58:14,989

bad thing this platform but he couldn't

1198

00:58:19,630 --> 00:58:17,569

and he said there was a device that was

1199

00:58:22,870 --> 00:58:19,640

free-floating at the top of the room

1200

00:58:25,739 --> 00:58:22,880

like a black oval shape and he was

1201

00:58:29,769 --> 00:58:25,749

fascinated by this then I like a can

1202

00:58:32,140 --> 00:58:29,779

shaped device rose up from the floor

1203

00:58:37,359 --> 00:58:32,150

towards his head and started spinning

1204

00:58:39,819 --> 00:58:37,369

around and Colin found himself in this

1205

00:58:42,099 --> 00:58:39,829

other strange chair he saw these small

1206

00:58:44,019 --> 00:58:42,109

grey creatures there were other

1207

00:58:47,589 --> 00:58:44,029

creatures call him what you will you

1208

00:58:51,069 --> 00:58:47,599

know on board this craft and as I said

1209

00:58:53,439 --> 00:58:51,079

Gary's wife did not believe him until

1210

00:58:56,349 --> 00:58:53,449

one night I took a phone call in my

1211

00:58:59,549 --> 00:58:56,359

family home and it was Gary's wife and

1212

00:59:04,120 --> 00:58:59,559

she says Malcolm can I apologize to you

1213

00:59:06,309 --> 00:59:04,130

says why she says well you know you know

1214

00:59:09,370 --> 00:59:06,319

I think my husband's off his head I

1215

00:59:11,709 --> 00:59:09,380

don't believe this story but well last

1216

00:59:14,919 --> 00:59:11,719

night Malcolm I was lying in my bed next

1217

00:59:17,169 --> 00:59:14,929

to Gary Gary was sleeping I had just

1218

00:59:19,169 --> 00:59:17,179

finished reading the book close the book

1219

00:59:22,579 --> 00:59:19,179

but the book on the bedside table

1220

00:59:26,269 --> 00:59:22,589

switched the lay off and in suddenly

1221

00:59:29,150 --> 00:59:26,279

my legs were built pulled very very

1222

00:59:30,559 --> 00:59:29,160

forcibly down the bed my head was not on

1223

00:59:33,109 --> 00:59:30,569

the pillow anymore and my head's in the

1224

00:59:36,650 --> 00:59:33,119

middle of the bed and I looked at the

1225

00:59:40,249 --> 00:59:36,660

foot of the bed and I saw two or three

1226
00:59:42,259 --> 00:59:40,259
small gray creatures holding me by the

1227
00:59:44,749 --> 00:59:42,269
ankles and then they realized they could

1228
00:59:48,499 --> 00:59:44,759
see them and they just left my ankles

1229
00:59:52,370 --> 00:59:48,509
and they just slowly melted through the

1230
00:59:55,160 --> 00:59:52,380
wall and she says mom I'm so sorry I'm

1231
01:00:00,769 --> 00:59:55,170
not believing you you know that's a

1232
01:00:04,759 --> 01:00:00,779
typical abduction scenario any cases

1233
01:00:06,859 --> 01:00:04,769
involving Nordic looking aliens

1234
01:00:09,709 --> 01:00:06,869
human-looking they're beings you know

1235
01:00:13,489 --> 01:00:09,719
more what would you say contact the

1236
01:00:16,640 --> 01:00:13,499
oriented cases well surprisingly I mean

1237
01:00:18,769 --> 01:00:16,650
in all my years since 1979 I mean I've

1238
01:00:21,680 --> 01:00:18,779

been interested before that as a teen as

1239

01:00:24,559 --> 01:00:21,690

a youngster I've never encountered in

1240

01:00:27,140 --> 01:00:24,569

all my years and Scotland and now in

1241

01:00:30,410 --> 01:00:27,150

England I live in England no of the

1242

01:00:32,719 --> 01:00:30,420

Nordics you know or anything like that

1243

01:00:34,910 --> 01:00:32,729

always been people who have seen these

1244

01:00:38,329 --> 01:00:34,920

small gray creatures and it really

1245

01:00:40,339 --> 01:00:38,339

annoys me guys because why why why are

1246

01:00:41,319 --> 01:00:40,349

they doing abductions that's a big

1247

01:00:43,999 --> 01:00:41,329

question

1248

01:00:46,880 --> 01:00:44,009

ufologists the world answer the world

1249

01:00:49,609 --> 01:00:46,890

over wants answered is it to be popular

1250

01:00:52,609 --> 01:00:49,619

a dying planet by taking sperm and OVA

1251

01:00:55,190 --> 01:00:52,619

from males and females and why why

1252

01:00:57,589 --> 01:00:55,200

because I've been doing it for over 50

1253

01:01:00,079 --> 01:00:57,599

years one would imagine that they have

1254

01:01:02,930 --> 01:01:00,089

enough samples to do that as if they're

1255

01:01:05,779 --> 01:01:02,940

trying to look into your soul it's all

1256

01:01:10,749 --> 01:01:05,789

speculation I dare say people have their

1257

01:01:14,420 --> 01:01:10,759

own answers to that yeah how about any

1258

01:01:19,910 --> 01:01:14,430

incidences of UFOs that supposedly

1259

01:01:24,039 --> 01:01:19,920

crashed crushed a good question and

1260

01:01:28,370 --> 01:01:24,049

nothing major in Scotland first year and

1261

01:01:30,200 --> 01:01:28,380

Norbu and you know and even the Deckman

1262

01:01:33,529 --> 01:01:30,210

woods one technically wasn't a crash

1263

01:01:35,509 --> 01:01:33,539

because it was free outing and this guy

1264

01:01:35,990 --> 01:01:35,519

I mean another strange thing about the

1265

01:01:38,630 --> 01:01:36,000

area

1266

01:01:43,490 --> 01:01:38,640

question and Eggman as some of the trees

1267

01:01:46,970 --> 01:01:43,500

bend to the bent towards left no either

1268

01:01:49,190 --> 01:01:46,980

that is just subsidence in the soil or

1269

01:01:51,680 --> 01:01:49,200

maybe the wind is pushed these trees

1270

01:01:54,620 --> 01:01:51,690

over or some people miss speculate as

1271

01:01:56,780 --> 01:01:54,630

something else as well and we talked

1272

01:01:59,560 --> 01:01:56,790

earlier about are there anything similar

1273

01:02:02,270 --> 01:01:59,570

to what Bob saw there was a famous case

1274

01:02:05,240 --> 01:02:02,280

in Poland a sadani

1275

01:02:08,420 --> 01:02:05,250

where which is mentioned in my book of a

1276

01:02:11,600 --> 01:02:08,430

similar object to what Robert Taylor saw

1277

01:02:13,820 --> 01:02:11,610

all there was a bright shiny silver

1278

01:02:16,070 --> 01:02:13,830

objects in in a above a farmer's field

1279

01:02:18,890 --> 01:02:16,080

with the flange going around about it

1280

01:02:21,860 --> 01:02:18,900

but again not with the cross lake

1281

01:02:24,910 --> 01:02:21,870

projections that Robert Taylor saw on

1282

01:02:28,340 --> 01:02:24,920

his object coming up from the flange and

1283

01:02:31,100 --> 01:02:28,350

so that was quite interesting and that

1284

01:02:35,300 --> 01:02:31,110

Robert Taylor said that the object he

1285

01:02:38,000 --> 01:02:35,310

saw was a dark hue texture like a varied

1286

01:02:43,390 --> 01:02:38,010

architecture which whereas the sadani

1287

01:02:48,320 --> 01:02:43,400

one was more like silver aluminium yes

1288

01:02:50,810 --> 01:02:48,330

well I think that while in the remaining

1289

01:02:53,900 --> 01:02:50,820

time of the program here Malcolm I'd

1290

01:02:55,670 --> 01:02:53,910

like to bring up one of your other books

1291

01:02:57,140 --> 01:02:55,680

because this is a subject of both Tim

1292

01:02:59,720 --> 01:02:57,150

Beck Lee and myself have been fascinated

1293

01:03:03,830 --> 01:02:59,730

about it and that's the the Loch Ness

1294

01:03:06,920 --> 01:03:03,840

monster now in the talking points that

1295

01:03:10,730 --> 01:03:06,930

you sent us you said that at one point

1296

01:03:14,660 --> 01:03:10,740

you were able to take a submarine down

1297

01:03:17,870 --> 01:03:14,670

to 400 foot depth into the lock now how

1298

01:03:20,840 --> 01:03:17,880

did you manage to get yourself into that

1299

01:03:24,410 --> 01:03:20,850

kind of situation well it was a

1300

01:03:26,780 --> 01:03:24,420

wonderful situation for sure I'll never

1301

01:03:29,270 --> 01:03:26,790

never forget as x-two very firmly in my

1302

01:03:32,090 --> 01:03:29,280

mind I'll be honest with you it was

1303

01:03:34,130 --> 01:03:32,100

nothing to do with their society they

1304

01:03:36,770 --> 01:03:34,140

were there was a submarine at Loch Ness

1305

01:03:39,620 --> 01:03:36,780

doing some studies of the Loch floor

1306

01:03:41,810 --> 01:03:39,630

where they had this atom that would go

1307

01:03:44,210 --> 01:03:41,820

right into the Loch floor and pull up

1308

01:03:46,880 --> 01:03:44,220

samples of the Loch floor to find out

1309

01:03:49,700 --> 01:03:46,890

about ecology about you know the

1310

01:03:52,220 --> 01:03:49,710

thousands of years

1311

01:03:54,260 --> 01:03:52,230

Loch Ness has been there so they were

1312

01:03:57,250 --> 01:03:54,270

offering members of the public for a

1313

01:03:59,840 --> 01:03:57,260

small period of time about a week or so

1314

01:04:04,390 --> 01:03:59,850

the opportunity to go down in a

1315

01:04:07,100 --> 01:04:04,400

submarine 468 pounds 50 British money

1316

01:04:10,400 --> 01:04:07,110

for whatever and they signed

1317

01:04:12,230 --> 01:04:10,410

I obviously jumped at the chance and the

1318

01:04:14,810 --> 01:04:12,240

submarine was sponsored by Swatch

1319

01:04:18,680 --> 01:04:14,820

watches it was a red and white submarine

1320

01:04:21,380 --> 01:04:18,690

not yellow and it was 35 feet in length

1321

01:04:23,330 --> 01:04:21,390

if you suffered from claustrophobia

1322

01:04:26,180 --> 01:04:23,340

by God you wouldn't like it I'll tell

1323

01:04:28,190 --> 01:04:26,190

you that and there was a front portal

1324

01:04:31,160 --> 01:04:28,200

and the front nose of the submarine

1325

01:04:34,040 --> 01:04:31,170

toughened glass and about about seven or

1326

01:04:36,590 --> 01:04:34,050

eight halogen lights on top of that port

1327

01:04:38,870 --> 01:04:36,600

oh there was a port oh and the bottom of

1328

01:04:41,540 --> 01:04:38,880

the submarine and it was very very

1329

01:04:45,890 --> 01:04:41,550

cramped all the instrumentation etc and

1330

01:04:48,290 --> 01:04:45,900

the skipper gave us some some talk on

1331

01:04:51,080 --> 01:04:48,300

the safety aspects should anything

1332

01:04:54,320 --> 01:04:51,090

happen and then we just career dough

1333

01:04:57,830 --> 01:04:54,330

from Joe Majorca that's part of as a

1334

01:05:00,140 --> 01:04:57,840

small village in Loch Ness 8 s where the

1335

01:05:02,900 --> 01:05:00,150

Loch Ness Exhibition Centre is housed in

1336

01:05:05,420 --> 01:05:02,910

a hotel I've been there in fact they're

1337

01:05:09,170 --> 01:05:05,430

right on my right on my wall here I have

1338

01:05:11,990 --> 01:05:09,180

a souvenir dinosaur hanging up from the

1339

01:05:18,110 --> 01:05:12,000

from a string then I got there many many

1340

01:05:20,560 --> 01:05:18,120

many many years now how did how did

1341

01:05:25,550 --> 01:05:20,570

Steven Spielberg get involved in this

1342

01:05:28,090 --> 01:05:25,560

well at that time I was had an idea who

1343

01:05:31,340 --> 01:05:28,100

could capture the Loch Ness monster and

1344

01:05:34,130 --> 01:05:31,350

that tamed Ted Danson the actor was

1345

01:05:36,050 --> 01:05:34,140

doing a movie in Loch Ness and I heard a

1346

01:05:38,390 --> 01:05:36,060

phone call from a Scottish journalist

1347

01:05:39,770 --> 01:05:38,400

this is Malcolm Ted Danson's doing a

1348

01:05:42,830 --> 01:05:39,780

movie about Loch Ness I mean

1349

01:05:45,380 --> 01:05:42,840

hypothetically Malcolm would you had an

1350

01:05:47,150 --> 01:05:45,390

idea so you could capture Nessie and I

1351
01:05:48,710 --> 01:05:47,160
went well you know what the funny you

1352
01:05:51,290 --> 01:05:48,720
should say that yeah I'm working on

1353
01:05:54,710 --> 01:05:51,300
something right now oh what's that

1354
01:05:58,010 --> 01:05:54,720
so if I can ask you and your listeners

1355
01:06:00,590 --> 01:05:58,020
to imagine a boxing ring just a normal

1356
01:06:03,650 --> 01:06:00,600
boxing ring but on only on a bigger

1357
01:06:06,470 --> 01:06:03,660
skill that boxing ring would be secure

1358
01:06:10,430 --> 01:06:06,480
at the floor of Loch Ness near our core

1359
01:06:13,849 --> 01:06:10,440
castle and the bay now on those boxing

1360
01:06:18,230 --> 01:06:13,859
ring drops would be spherical balls with

1361
01:06:20,660 --> 01:06:18,240
video biopsy darts and say this boxing

1362
01:06:23,029 --> 01:06:20,670
ring would be a device which would be

1363
01:06:26,150 --> 01:06:23,039

continually turning out a kind of fish

1364

01:06:29,599 --> 01:06:26,160

beauty or an attractant to any big

1365

01:06:32,839 --> 01:06:29,609

creature in the vicinity so when any

1366

01:06:34,609 --> 01:06:32,849

creature ie Nessie move towards this

1367

01:06:37,430 --> 01:06:34,619

area because it can smell a

1368

01:06:39,890 --> 01:06:37,440

contagiousness the secretion of this

1369

01:06:43,279 --> 01:06:39,900

fish pure Eve continually been turned

1370

01:06:45,460 --> 01:06:43,289

out as it pushed as it pushed against

1371

01:06:48,500 --> 01:06:45,470

the boxing ring ropes if you like

1372

01:06:51,529 --> 01:06:48,510

suddenly these spherical balls at the

1373

01:06:52,880 --> 01:06:51,539

radio biopsy darts would ping out just

1374

01:06:55,370 --> 01:06:52,890

like you had a grenade and you're

1375

01:06:57,770 --> 01:06:55,380

pulling the pen bang bang bang they

1376

01:06:59,779 --> 01:06:57,780

would grunt to the creatures body not

1377

01:07:02,870 --> 01:06:59,789

killing it but rendering it

1378

01:07:05,779 --> 01:07:02,880

unconsciousness unconscious at that

1379

01:07:08,329 --> 01:07:05,789

point as the rings the boxing rings got

1380

01:07:10,940 --> 01:07:08,339

pushed face would go up to the surface

1381

01:07:14,000 --> 01:07:10,950

boss to let the diverse know that

1382

01:07:16,519 --> 01:07:14,010

something had triggered these rocks the

1383

01:07:19,940 --> 01:07:16,529

divers would then go down and track it

1384

01:07:20,930 --> 01:07:19,950

and capture and he went wow that's a

1385

01:07:24,019 --> 01:07:20,940

great idea

1386

01:07:26,599 --> 01:07:24,029

no he went away I got a phone call a few

1387

01:07:28,099 --> 01:07:26,609

days later this is Malcolm you're never

1388

01:07:29,990 --> 01:07:28,109

going to believe who's interested in

1389

01:07:32,870 --> 01:07:30,000

your trap and who wants to put money

1390

01:07:36,260 --> 01:07:32,880

into your trap to make it happen I went

1391

01:07:38,960 --> 01:07:36,270

who read Steven Spielberg I went you're

1392

01:07:41,210 --> 01:07:38,970

joking and he says no we've been on the

1393

01:07:43,599 --> 01:07:41,220

phone German he's very very keen to to

1394

01:07:47,150 --> 01:07:43,609

put money up and and make this happen so

1395

01:07:50,390 --> 01:07:47,160

sadly as things happen in life Steven

1396

01:07:51,920 --> 01:07:50,400

Spielberg went on to do other movies the

1397

01:07:56,120 --> 01:07:51,930

plan fell flat

1398

01:08:00,380 --> 01:07:56,130

I do believe guys that this idea of main

1399

01:08:03,140 --> 01:08:00,390

is still a viable aspect to capture

1400

01:08:04,970 --> 01:08:03,150

Nessie because I do believe there's more

1401

01:08:09,140 --> 01:08:04,980

than one creature in Loch Ness that

1402

01:08:13,309 --> 01:08:09,150

would need to be um sauna sauna is by

1403

01:08:15,680 --> 01:08:13,319

far the best evidence we have to say

1404

01:08:17,570 --> 01:08:15,690

that there's objects in Loch Ness an

1405

01:08:20,990 --> 01:08:17,580

excess of 30 feet

1406

01:08:23,150 --> 01:08:21,000

back in 1987 in operation deep scan

1407

01:08:25,790 --> 01:08:23,160

there was a flotilla of boss with a most

1408

01:08:28,910 --> 01:08:25,800

sophisticated sonar on the planet at

1409

01:08:31,700 --> 01:08:28,920

that time and it's reversed and swept up

1410

01:08:33,290 --> 01:08:31,710

and down Loch Ness several times a day

1411

01:08:34,670 --> 01:08:33,300

and then one on one of these occasions

1412

01:08:38,060 --> 01:08:34,680

Wow

1413

01:08:38,930 --> 01:08:38,070

they managed to get a massive blip on

1414

01:08:42,140 --> 01:08:38,940

the SONA

1415

01:08:44,960 --> 01:08:42,150

which they knew wasn't an anomalous blip

1416

01:08:47,300 --> 01:08:44,970

from sate scan it wasn't a grouped shoal

1417

01:08:50,210 --> 01:08:47,310

of fish it was something real something

1418

01:08:52,850 --> 01:08:50,220

tangible something animate and the tund

1419

01:08:54,950 --> 01:08:52,860

abort drones but by then the object had

1420

01:08:58,370 --> 01:08:54,960

dived into the depths of Loch Ness and

1421

01:09:00,980 --> 01:08:58,380

disappeared so most of the eyewitness

1422

01:09:02,810 --> 01:09:00,990

testimony at Loch Ness can be discounted

1423

01:09:06,050 --> 01:09:02,820

more so from tourists you are there for

1424

01:09:08,420 --> 01:09:06,060

five minutes and because you get many

1425

01:09:11,720 --> 01:09:08,430

books traversing the Loch going one way

1426

01:09:15,020 --> 01:09:11,730

north one way south and they create the

1427

01:09:19,670 --> 01:09:15,030

standing wave as the two books push the

1428

01:09:21,680 --> 01:09:19,680

water on both ways this the water moves

1429

01:09:24,680 --> 01:09:21,690

into the center of the log creating

1430

01:09:27,620 --> 01:09:24,690

these humps and from a distance it looks

1431

01:09:30,200 --> 01:09:27,630

very intriguing look at the humps of a

1432

01:09:33,080 --> 01:09:30,210

monster but it's just a standing wave

1433

01:09:36,020 --> 01:09:33,090

but by that we still have some very good

1434

01:09:39,800 --> 01:09:36,030

eye witness testimony I've spoken to

1435

01:09:43,580 --> 01:09:39,810

father Gregory bruce a Benedictine monk

1436

01:09:47,030 --> 01:09:43,590

at the southern end of Loch Ness who saw

1437

01:09:49,460 --> 01:09:47,040

Nessie in 1971 he had a friend up from

1438

01:09:51,620 --> 01:09:49,470

Westminster Cathedral and they were

1439

01:09:55,070 --> 01:09:51,630

looking at the lock the lock was like a

1440

01:09:58,520 --> 01:09:55,080

sheet of glass not at Apple and then

1441

01:10:01,130 --> 01:09:58,530

suddenly buying this long taping neck

1442

01:10:04,880 --> 01:10:01,140

with a small head thrust up from beneath

1443

01:10:08,180 --> 01:10:04,890

the depths of Loch Ness very agitated

1444

01:10:10,700 --> 01:10:08,190

and just plunged back into Loch Ness now

1445

01:10:13,790 --> 01:10:10,710

here was a man of the cloth telling me

1446

01:10:15,440 --> 01:10:13,800

this no that's not to say that men of

1447

01:10:18,110 --> 01:10:15,450

the cloth don't lie what politicians

1448

01:10:20,900 --> 01:10:18,120

don't lie we know that but honestly that

1449

01:10:22,850 --> 01:10:20,910

was a fantastic witness I've interviewed

1450

01:10:25,280 --> 01:10:22,860

Alex Campbell with a former water

1451

01:10:27,770 --> 01:10:25,290

bailiff of Loch Ness he was the first

1452

01:10:31,100 --> 01:10:27,780

man to report Nessie and Inverness

1453

01:10:33,439 --> 01:10:31,110

courier back in 1934 so the

1454

01:10:36,500 --> 01:10:33,449

bottom line for me as yes there clearly

1455

01:10:39,470 --> 01:10:36,510

is something very real very tangible in

1456

01:10:42,979 --> 01:10:39,480

Lock this simulation playing the same

1457

01:10:44,510 --> 01:10:42,989

way Pogo and Canada and it's a

1458

01:10:46,910 --> 01:10:44,520

fascination for me as well

1459

01:10:49,520 --> 01:10:46,920

all right well gentlemen unfortunately

1460

01:10:52,220 --> 01:10:49,530

we are rapidly drawing to the end of

1461

01:10:54,979 --> 01:10:52,230

tonight's program so Malcolm I'd like to

1462

01:10:57,320 --> 01:10:54,989

let you have it give you a chance to let

1463

01:10:59,120 --> 01:10:57,330

our listeners know where they can find

1464

01:11:03,169 --> 01:10:59,130

you online and where they can purchase

1465

01:11:05,240 --> 01:11:03,179

your books yeah having a web site as

1466

01:11:07,729 --> 01:11:05,250

such but if you go to Facebook and

1467

01:11:11,080 --> 01:11:07,739

you'll find me on Facebook Malcolm

1468

01:11:15,399 --> 01:11:11,090

Robinson and my books are available on

1469

01:11:18,320 --> 01:11:15,409

Amazon and they're also lulu as well and

1470

01:11:20,660 --> 01:11:18,330

yeah they're the paranormal Case Files

1471

01:11:23,180 --> 01:11:20,670

of Great Britain Volume one two and

1472

01:11:25,820 --> 01:11:23,190

three yeah for Case Files of Scotland

1473

01:11:28,550 --> 01:11:25,830

volumes 1 & 2 we're talk talked about

1474

01:11:31,070 --> 01:11:28,560

Loch Ness there's a big book on Nessie

1475

01:11:34,220 --> 01:11:31,080

and of course Malia's burg and the

1476

01:11:37,459 --> 01:11:34,230

reason why we do these books it's only

1477

01:11:40,459 --> 01:11:37,469

to let the public know this noise and

1478

01:11:45,370 --> 01:11:40,469

having all this information and failing

1479

01:11:48,500 --> 01:11:45,380

our way it's got a name and a amen hey

1480

01:11:51,979 --> 01:11:48,510
