8
00:01:05,499 --> 00:01:01,129

00:01:32,320 --> 00:01:30,380

Oh L go Yankees Go Go hey I can see that

16

00:01:34,719 --> 00:01:32,330

you're really excited about the Bronx

17

00:01:36,340 --> 00:01:34,729

Bombers being in first place but hey

18

00:01:37,899 --> 00:01:36,350

let's not forget about there are

19

00:01:40,090 --> 00:01:37,909

Cleveland Indians here we have a good

20

00:01:43,300 --> 00:01:40,100

Club you know hey we took two out of

21

00:01:46,210 --> 00:01:43,310

three with you guys last weekend yeah

22

00:01:48,699 --> 00:01:46,220

sure sure when is the last time you won

23

00:01:51,690 --> 00:01:48,709

a pennant so it's the Yankees it's the

24

00:01:53,889 --> 00:01:51,700

only team that counts the Bronx Bombers

25

00:01:55,570 --> 00:01:53,899

man that doesn't sound like good

26
00:01:57,339 --> 00:01:55,580
sportsmanship to him you know I always

27
00:02:01,119 --> 00:01:57,349
thought of you as a team player you know

28
00:02:03,790 --> 00:02:01,129
for the good of us all ah talk later

29
00:02:05,859 --> 00:02:03,800
it's my turn to bat where's the rosin

30
00:02:08,919 --> 00:02:05,869
bag time to get up and hit a home run

31
00:02:12,670 --> 00:02:08,929
for Tina and our exploring tubas our

32
00:02:15,699 --> 00:02:12,680
listeners but Tim not only Yankees

33
00:02:17,500 --> 00:02:15,709
you're just a fan yeah

34
00:02:24,960 --> 00:02:17,510
that's what you think

35
00:02:28,770 --> 00:02:24,970
[Applause]

36
00:02:30,480 --> 00:02:28,780
here we are we're making history we're

37
00:02:32,550 --> 00:02:30,490
making history tonight

38
00:02:37,470 --> 00:02:32,560

of course Rick hilberg and I have made

39

00:02:39,270 --> 00:02:37,480

history for many many years in fact I'm

40

00:02:42,060 --> 00:02:39,280

gonna have a fabulous time this evening

41

00:02:45,030 --> 00:02:42,070

I mean we always enjoy our guests but in

42

00:02:49,350 --> 00:02:45,040

particular our guest tonight has been a

43

00:02:51,660 --> 00:02:49,360

friend of mine since well we met

44

00:02:54,540 --> 00:02:51,670

probably a Rick would you say in the

45

00:02:57,000 --> 00:02:54,550

pages of Ray Palmer's flying saucers

46

00:02:58,710 --> 00:02:57,010

magazine yeah with the Ray Palmer's

47

00:03:02,520 --> 00:02:58,720

flying saucers magazine they had like a

48

00:03:04,350 --> 00:03:02,530

club news section that's right

49

00:03:07,949 --> 00:03:04,360

it was a free thing you could advertise

50

00:03:11,820 --> 00:03:07,959

it yeah where do you get free anymore

51
00:03:15,000 --> 00:03:11,830
right I did not think it's free Eddie

52
00:03:18,240 --> 00:03:15,010
Morra but yeah we we all started we all

53
00:03:19,770 --> 00:03:18,250
started meeting and greeting and

54
00:03:22,590 --> 00:03:19,780
corresponding with each other and

55
00:03:24,660 --> 00:03:22,600
sending the tapes around and and in

56
00:03:27,660 --> 00:03:24,670
spreading the word of ufology and

57
00:03:30,300 --> 00:03:27,670
putting out newsletters that's what we

58
00:03:33,240 --> 00:03:30,310
did best you and I were both grinding

59
00:03:36,720 --> 00:03:33,250
out some of the best publications in

60
00:03:38,520 --> 00:03:36,730
town but Rick I'm gonna I'm gonna take

61
00:03:42,000 --> 00:03:38,530
you back to the beginning I'm gonna let

62
00:03:43,830 --> 00:03:42,010
you tell our listeners your give them

63
00:03:46,229 --> 00:03:43,840

your background in this now I didn't

64

00:03:49,140 --> 00:03:46,239

realize until I was going over your bio

65

00:03:52,289 --> 00:03:49,150

today that you attended your first UFO

66

00:03:56,850 --> 00:03:52,299

meeting in 1958 you must have been 10

67

00:04:04,110 --> 00:03:56,860

years old no actually I was oh gosh I

68

00:04:06,120 --> 00:04:04,120

was like a loving here who's all the

69

00:04:10,830 --> 00:04:06,130

young kid just the young kids name is

70

00:04:15,210 --> 00:04:10,840

you man you know I think I didn't attend

71

00:04:18,090 --> 00:04:15,220

my first UFO meeting I don't remember

72

00:04:21,390 --> 00:04:18,100

what year was but it was a double-header

73

00:04:23,909 --> 00:04:21,400

for 50 or 75 cents I got to see Greg

74

00:04:27,570 --> 00:04:23,919

Barker and Ivan T Sanderson

75

00:04:30,300 --> 00:04:27,580

Jim Mosely was having oh I think weekly

76
00:04:33,000 --> 00:04:30,310
or bi-weekly meetings in Manhattan and I

77
00:04:36,469 --> 00:04:33,010
lived over in New Jersey and I got I was

78
00:04:38,550 --> 00:04:36,479
too young to go in myself but my

79
00:04:42,840 --> 00:04:38,560
sister's husband took me

80
00:04:45,900 --> 00:04:42,850
over on the suburban a bus and the room

81
00:04:47,730 --> 00:04:45,910
was so packed that they had a they had

82
00:04:51,300 --> 00:04:47,740
to split the the meeting into two

83
00:04:53,940 --> 00:04:51,310
different rooms in those days you could

84
00:04:56,430 --> 00:04:53,950
rent a room for like you know 20 or 25

85
00:04:58,020 --> 00:04:56,440
dollars today they Dre as you know they

86
00:05:00,620 --> 00:04:58,030
tried to you know like a thousand bucks

87
00:05:03,720 --> 00:05:00,630
just to have 12 seats in a room just

88
00:05:06,270 --> 00:05:03,730

just about you know and I was mesmerised

89

00:05:11,100 --> 00:05:06,280

I had heard these guys on the Long John

90

00:05:12,480 --> 00:05:11,110

Neville show I I was being late going to

91

00:05:15,600 --> 00:05:12,490

school because I was sitting there with

92

00:05:18,840 --> 00:05:15,610

my transistor radio courtesy of the

93

00:05:20,400 --> 00:05:18,850

Roswell aliens no doubt and you're

94

00:05:22,440 --> 00:05:20,410

sitting there and in bed with the

95

00:05:24,930 --> 00:05:22,450

blanket pulled up so that nobody else

96

00:05:27,870 --> 00:05:24,940

could hear the radio it in listening to

97

00:05:30,540 --> 00:05:27,880

Long John Neville interviews some of the

98

00:05:32,550 --> 00:05:30,550

most fascinating people I was gonna say

99

00:05:34,860 --> 00:05:32,560

on the face of the earth but he probably

100

00:05:36,510 --> 00:05:34,870

had them coming in from somewhere else

101
00:05:38,940 --> 00:05:36,520
as well

102
00:05:41,909 --> 00:05:38,950
so you know I attended the the meetings

103
00:05:44,820 --> 00:05:41,919
and I got hooked you know hooked up with

104
00:05:47,820 --> 00:05:44,830
the gym and started my own their

105
00:05:51,180 --> 00:05:47,830
newsletter what was your first step up

106
00:05:53,640 --> 00:05:51,190
location my first thing was actually

107
00:05:55,469 --> 00:05:53,650
there was a local Cleveland group it was

108
00:05:58,529 --> 00:05:55,479
called UFO newsletter a bunch of us kids

109
00:06:01,170 --> 00:05:58,539
and we were basically all in junior high

110
00:06:03,830 --> 00:06:01,180
school then and we we went and bought up

111
00:06:06,210 --> 00:06:03,840
actually I bought a spirit duplicator

112
00:06:09,450 --> 00:06:06,220
one of the little ditto machines you

113
00:06:12,510 --> 00:06:09,460

know except this one you know you could

114

00:06:14,629 --> 00:06:12,520

notice what that is anymore no no little

115

00:06:18,659 --> 00:06:14,639

purple print that smelled of alcohol

116

00:06:21,240 --> 00:06:18,669

yeah yeah when we got older we started

117

00:06:24,300 --> 00:06:21,250

drinking it no doubt but hey it printed

118

00:06:27,740 --> 00:06:24,310

purple it printed it in purple well it's

119

00:06:32,460 --> 00:06:27,750

not even think it would not even know

120

00:06:34,350 --> 00:06:32,470

and in evaporate evaporated after what

121

00:06:36,810 --> 00:06:34,360

six or seven months or something like

122

00:06:38,850 --> 00:06:36,820

that although you did find recently a

123

00:06:41,490 --> 00:06:38,860

copy of the first saucer book that I

124

00:06:45,390 --> 00:06:41,500

ever did which we managed to reprint

125

00:06:47,279 --> 00:06:45,400

inside the saucers 1962 you were the

126

00:06:49,560 --> 00:06:47,289

only person that I know of that had a

127

00:06:52,469 --> 00:06:49,570

copy and their their files and you

128

00:06:56,760 --> 00:06:52,479

shared it with me and it's now available

129

00:06:58,950 --> 00:06:56,770

Amazon along with 307 other book okay so

130

00:07:01,890 --> 00:06:58,960

you started this little Club but you

131

00:07:05,070 --> 00:07:01,900

know Cleveland was always the youthful

132

00:07:07,439 --> 00:07:05,080

logical hot spot I mean you know where I

133

00:07:09,869 --> 00:07:07,449

did know several UFO several UFO groups

134

00:07:14,640 --> 00:07:09,879

at in Cleveland and you know I used to

135

00:07:17,339 --> 00:07:14,650

have an antenna on the roof I had a ham

136

00:07:19,499 --> 00:07:17,349

radio set but it you could pull in you

137

00:07:21,989 --> 00:07:19,509

know the station's from far far away and

138

00:07:24,989 --> 00:07:21,999

with the crackling of the am dial I

139

00:07:28,019 --> 00:07:24,999

would listen to it was the Cleveland

140

00:07:31,860 --> 00:07:28,029

ufology roundtable with Earl named in

141

00:07:35,369 --> 00:07:31,870

fact yeah yeah I recently found an old

142

00:07:40,350 --> 00:07:35,379

show on the somewhere on the internet

143

00:07:44,939 --> 00:07:40,360

that had been remastered and it was 19 I

144

00:07:47,429 --> 00:07:44,949

think 65 or 1966 and they were Earl read

145

00:07:50,339 --> 00:07:47,439

a postcard from Tim Buckley of the

146

00:07:53,909 --> 00:07:50,349

interplanetary News Service oh my gosh

147

00:07:56,700 --> 00:07:53,919

oh there you go but tell us about a

148

00:07:59,309 --> 00:07:56,710

little bit about the you followed you

149

00:08:02,399 --> 00:07:59,319

there in Cleveland because that goes

150

00:08:05,969 --> 00:08:02,409

back before the Rock and Roll Hall of

151

00:08:08,820 --> 00:08:05,979

Fame certainly way before a yeah you

152

00:08:10,829 --> 00:08:08,830

falah djegal a hole of fame there to it

153

00:08:12,869 --> 00:08:10,839

to some degree give us a little rundown

154

00:08:16,170 --> 00:08:12,879

on the history there of Cleveland

155

00:08:18,269 --> 00:08:16,180

urology for some reason or other right

156

00:08:20,999 --> 00:08:18,279

from the Bryson to get going Cleveland

157

00:08:22,860 --> 00:08:21,009

was a hotbed for UFO activity not only

158

00:08:24,420 --> 00:08:22,870

sightings but people that were

159

00:08:27,179 --> 00:08:24,430

interested in the subject you know there

160

00:08:29,610 --> 00:08:27,189

were several groups in Cleveland at one

161

00:08:32,250 --> 00:08:29,620

time back in the end of 50s and 60s

162

00:08:35,040 --> 00:08:32,260

there was a Cleveland ufology project

163

00:08:37,110 --> 00:08:35,050

which Earle enough was a part of he was

164

00:08:40,889 --> 00:08:37,120

the first chairman I believe and that

165

00:08:43,199 --> 00:08:40,899

was formed in like 1956 and I was a man

166

00:08:45,600 --> 00:08:43,209

there in the 60s and one then there was

167

00:08:48,960 --> 00:08:45,610

the Cleveland UFO Society which was

168

00:08:51,540 --> 00:08:48,970

headed by a really kind man you probably

169

00:08:57,720 --> 00:08:51,550

remember him well Larry Blasi Lawrence

170

00:09:00,689 --> 00:08:57,730

Blasi oh yeah yeah yeah and they will

171

00:09:03,000 --> 00:09:00,699

see the artist yeah he was in Somis

172

00:09:05,710 --> 00:09:03,010

Errol always an artist too there was

173

00:09:07,840 --> 00:09:05,720

like a commercial artist where he was

174

00:09:10,380 --> 00:09:07,850

he was a fine artist some of his stuff

175

00:09:12,880 --> 00:09:10,390

hangs in museums all around the country

176

00:09:15,100 --> 00:09:12,890

but but Larry's group was a little bit

177

00:09:18,670 --> 00:09:15,110

more oriented towards the more esoteric

178

00:09:20,680 --> 00:09:18,680

you know angles the contact he is and

179

00:09:22,240 --> 00:09:20,690

said we're Cleveland ufology project was

180

00:09:24,370 --> 00:09:22,250

basically a nuts-and-bolts group

181

00:09:25,810 --> 00:09:24,380

affiliated with NICAP you know like some

182

00:09:27,340 --> 00:09:25,820

of the other groups around the back now

183

00:09:30,430 --> 00:09:27,350

that we had groups in Akron there were

184

00:09:32,980 --> 00:09:30,440

several UFO active UFO groups and Akron

185

00:09:34,810 --> 00:09:32,990

back in the late 50s and early 60s a

186

00:09:38,080 --> 00:09:34,820

flying saucer investigating committee

187

00:09:41,350 --> 00:09:38,090

was headed by a guy named a econ do so

188

00:09:43,360 --> 00:09:41,360

and his sidekick was a really kind guy

189

00:09:45,070 --> 00:09:43,370

named Larry Moyer it's really good

190

00:09:49,450 --> 00:09:45,080

investigators in there were smaller

191

00:09:51,730 --> 00:09:49,460

groups that like in Lima and and Findlay

192

00:09:55,020 --> 00:09:51,740

all in the concentrated in the northern

193

00:09:58,150 --> 00:09:55,030

Ohio area you had you had a small people

194

00:10:02,590 --> 00:09:58,160

yeah my rug and saying that the good a

195

00:10:05,710 --> 00:10:02,600

good year yeah that was a group that

196

00:10:08,710 --> 00:10:05,720

started in 1960s a good year UFO Society

197

00:10:11,200 --> 00:10:08,720

and it was a corporately sponsored group

198

00:10:12,520 --> 00:10:11,210

a Goodyear Tire and Rubber Company which

199

00:10:14,230 --> 00:10:12,530

was headquartered in AK when they had

200

00:10:16,120 --> 00:10:14,240

the world headquarters great big back

201
00:10:19,240 --> 00:10:16,130
then it was the business was really

202
00:10:21,400 --> 00:10:19,250
booming and they sponsored corporate

203
00:10:24,010 --> 00:10:21,410
clubs for the risk gloves on knitting

204
00:10:25,330 --> 00:10:24,020
probably bowling and this Aneta and

205
00:10:28,450 --> 00:10:25,340
there were enough people interested in

206
00:10:31,990 --> 00:10:28,460
UFOs they actually sponsored pay for a a

207
00:10:35,940 --> 00:10:32,000
corporate UFO Club and they even paid

208
00:10:38,020 --> 00:10:35,950
for them to put on a small newsletter oh

209
00:10:40,600 --> 00:10:38,030
boy that would be that would be a

210
00:10:42,670 --> 00:10:40,610
collector's item what a memory I have

211
00:10:44,860 --> 00:10:42,680
though right I mean who could ever

212
00:10:49,180 --> 00:10:44,870
remember that Goodyear had a UFO group

213
00:10:50,950 --> 00:10:49,190

yeah I can't I can't find my keys or the

214

00:10:55,720 --> 00:10:50,960

orders that people said in yesterday but

215

00:10:59,410 --> 00:10:55,730

I can't remember the the the UFO group

216

00:11:01,570 --> 00:10:59,420

there and and the newsletters well your

217

00:11:05,260 --> 00:11:01,580

newsletter know that there was a manic

218

00:11:07,600 --> 00:11:05,270

and yeah well actually don't know we

219

00:11:11,020 --> 00:11:07,610

were separate we were separate along on

220

00:11:15,160 --> 00:11:11,030

time I had my after the UFO newsletter I

221

00:11:17,020 --> 00:11:15,170

started in 62 my own UFO magazine they

222

00:11:18,730 --> 00:11:17,030

were still done on the same spirit

223

00:11:19,420 --> 00:11:18,740

duplicator machine because I bought the

224

00:11:21,730 --> 00:11:19,430

original one

225

00:11:25,720 --> 00:11:21,740

the other cold little group of guys and

226

00:11:27,300 --> 00:11:25,730

I I did that and it it eventually

227

00:11:30,940 --> 00:11:27,310

evolved into a printed publication

228

00:11:36,190 --> 00:11:30,950

probably about 19 I believe in 1964 it

229

00:11:40,930 --> 00:11:36,200

started to be offset printed now in 1966

230

00:11:43,030 --> 00:11:40,940

late 1966 Al Manac the lady Al Manac and

231

00:11:45,639 --> 00:11:43,040

Ron Pell girl who was another good

232

00:11:47,380 --> 00:11:45,649

artist they decided that they they

233

00:11:49,720 --> 00:11:47,390

wanted to do their own magazine they

234

00:11:52,560 --> 00:11:49,730

started flying saucer Digest and for

235

00:11:56,949 --> 00:11:52,570

many years we were friendly competitors

236

00:11:59,740 --> 00:11:56,959

and al finally talked me into folding my

237

00:12:03,040 --> 00:11:59,750

UFO magazine into flying saucer Digest

238

00:12:05,170 --> 00:12:03,050

in 1970 so I did at that time it was a

239

00:12:07,960 --> 00:12:05,180

tough decision but I you know was London

240

00:12:09,910 --> 00:12:07,970

it made sense and then we all three work

241

00:12:12,490 --> 00:12:09,920

together and we were actually we had a

242

00:12:13,930 --> 00:12:12,500

larger mailing list and we put our heads

243

00:12:16,060 --> 00:12:13,940

together and we went you know

244

00:12:18,880 --> 00:12:16,070

FST was it rather doggone good

245

00:12:22,600 --> 00:12:18,890

publication for many years well no you

246

00:12:24,670 --> 00:12:22,610

you just recently gave up putting it out

247

00:12:29,290 --> 00:12:24,680

yeah you had to continued up until the

248

00:12:33,550 --> 00:12:29,300

very you know the you you were the last

249

00:12:36,880 --> 00:12:33,560

English magazine printed publication in

250

00:12:39,280 --> 00:12:36,890

English anywhere as far as I know in the

251
00:12:43,420 --> 00:12:39,290
world not including the 14 times which I

252
00:12:46,260 --> 00:12:43,430
don't consider a UFO magazine the last

253
00:12:49,720 --> 00:12:46,270
one to go before you was the Australian

254
00:12:53,199 --> 00:12:49,730
ufologist okay which was a very very

255
00:12:55,510 --> 00:12:53,209
good magazine we contributed to that for

256
00:12:57,070 --> 00:12:55,520
quite a number of years and then all of

257
00:12:59,740 --> 00:12:57,080
a sudden boom it was gone

258
00:13:02,790 --> 00:12:59,750
but of course in the sixties of the 70s

259
00:13:05,530 --> 00:13:02,800
there was a proliferation of

260
00:13:09,100 --> 00:13:05,540
publications on yes I'm adhering but

261
00:13:15,790 --> 00:13:09,110
MOTU yeah yeah yeah even we have not a

262
00:13:17,829 --> 00:13:15,800
routine yeah but yeah go ahead go ahead

263
00:13:21,370 --> 00:13:17,839

we had the UFO spotter and that's

264

00:13:24,880 --> 00:13:21,380

probably really obscure one that was

265

00:13:26,889 --> 00:13:24,890

done by a young man and in Parma Heights

266

00:13:29,170 --> 00:13:26,899

Ohio which was you know one of the

267

00:13:32,710 --> 00:13:29,180

Cleveland bedroom suburbs and it was

268

00:13:34,840 --> 00:13:32,720

sort of based on FSD but it actually

269

00:13:36,580 --> 00:13:34,850

was around for two or three years and

270

00:13:37,750 --> 00:13:36,590

there were several of smaller

271

00:13:39,850 --> 00:13:37,760

publications

272

00:13:43,030 --> 00:13:39,860

there's don't equate it wasn't gateway

273

00:13:45,250 --> 00:13:43,040

gate is still going yeah the gate yeah

274

00:13:49,030 --> 00:13:45,260

that started in the late 70s I believe

275

00:13:52,330 --> 00:13:49,040

and Beth Robbins is the editor and she's

276

00:13:58,810 --> 00:13:52,340

still around and you know it's sort of a

277

00:13:59,680 --> 00:13:58,820

14z yeah yeah now did the youth on did

278

00:14:01,510 --> 00:13:59,690

they get started

279

00:14:04,180 --> 00:14:01,520

did they have a publication that kids to

280

00:14:07,960 --> 00:14:04,190

get was running out of Ohio at one point

281

00:14:10,630 --> 00:14:07,970

well there were the view fine of Ohio we

282

00:14:14,800 --> 00:14:10,640

I'm the historian for that was a

283

00:14:17,860 --> 00:14:14,810

treasurer for years and yeah we're still

284

00:14:22,570 --> 00:14:17,870

going we started a newsletter oh gosh

285

00:14:24,910 --> 00:14:22,580

and and probably in the late 90s and

286

00:14:27,610 --> 00:14:24,920

we're still going today Phyllis but

287

00:14:30,430 --> 00:14:27,620

injure who is a very and analytical

288

00:14:32,350 --> 00:14:30,440

scientist and who did a lot of work on

289

00:14:34,120 --> 00:14:32,360

the pond Betty Hills dress as a matter

290

00:14:36,070 --> 00:14:34,130

of fact chemical analysis and she's done

291

00:14:38,380 --> 00:14:36,080

a number of similar cases she is the

292

00:14:41,110 --> 00:14:38,390

editor and I contribute a you know a

293

00:14:43,210 --> 00:14:41,120

retrospective little things little

294

00:14:46,000 --> 00:14:43,220

tidbits and each and every issues but we

295

00:14:48,070 --> 00:14:46,010

are we're we've had a publication for a

296

00:14:52,930 --> 00:14:48,080

number of years and yeah I ended FSD

297

00:14:55,420 --> 00:14:52,940

last fall I was ill and my wife Carol

298

00:14:57,040 --> 00:14:55,430

who was then the partner and crying and

299

00:14:59,410 --> 00:14:57,050

the secret editor of Flying Saucer

300

00:15:02,530 --> 00:14:59,420

digest yeah thank God she got breast

301
00:15:03,940 --> 00:15:02,540
cancer and which he's doing fine now but

302
00:15:06,280 --> 00:15:03,950
it was just you know they have to hit

303
00:15:08,500 --> 00:15:06,290
your priorities you you can't yeah

304
00:15:10,270 --> 00:15:08,510
you can't put out a zine and put up with

305
00:15:12,370 --> 00:15:10,280
the rigors of chemo and all that other

306
00:15:14,380 --> 00:15:12,380
stuff and all the stress and it was just

307
00:15:17,200 --> 00:15:14,390
time to time to end the run we had a

308
00:15:19,240 --> 00:15:17,210
good run yeah but you are you are still

309
00:15:21,970 --> 00:15:19,250
active on Facebook I know I correspond

310
00:15:24,780 --> 00:15:21,980
with you Erin you post some you post

311
00:15:29,530 --> 00:15:24,790
some of the the material ildo from

312
00:15:32,980 --> 00:15:29,540
yesterday yester years there and I think

313
00:15:33,910 --> 00:15:32,990

also too one of the the landmark things

314

00:15:37,470 --> 00:15:33,920

about Cleveland

315

00:15:41,440 --> 00:15:37,480

it was the original house to the

316

00:15:44,829 --> 00:15:41,450

Congress of psychologists they Michael

317

00:15:46,120 --> 00:15:44,839

right right 1964 was our first year and

318

00:15:53,020 --> 00:15:46,130

that

319

00:15:55,180 --> 00:15:53,030

number of people decided you know there

320

00:15:57,370 --> 00:15:55,190

are contact D conventions all around the

321

00:16:00,720 --> 00:15:57,380

country a giant rock and you had buck

322

00:16:04,080 --> 00:16:00,730

Nelson's thing and you had you know

323

00:16:07,690 --> 00:16:04,090

strangest was holding conventions and

324

00:16:09,220 --> 00:16:07,700

you know so on and so forth and it we

325

00:16:11,670 --> 00:16:09,230

decided it was time for a serious

326

00:16:14,560 --> 00:16:11,680

gathering a serious Conclave of

327

00:16:16,660 --> 00:16:14,570

researchers to get together and try to

328

00:16:18,850 --> 00:16:16,670

pool our resources and share our

329

00:16:20,440 --> 00:16:18,860

information and cooperate with each

330

00:16:23,050 --> 00:16:20,450

other and that that's that's what sorry

331

00:16:26,320 --> 00:16:23,060

by the way I still AM our old friend

332

00:16:28,300 --> 00:16:26,330

Brett rains he has had alternate

333

00:16:30,610 --> 00:16:28,310

perceptions he's still running he had a

334

00:16:34,030 --> 00:16:30,620

yeah there's a print publication for a

335

00:16:35,590 --> 00:16:34,040

number of years in 2000 or 2001 he went

336

00:16:37,060 --> 00:16:35,600

online which is the trend with

337

00:16:39,670 --> 00:16:37,070

everything I've been doing a number of

338

00:16:41,200 --> 00:16:39,680

articles for for Brent lately too so you

339

00:16:44,800 --> 00:16:41,210

can find by stuff's an alternate

340

00:16:47,830 --> 00:16:44,810

perceptions now okay but getting back to

341

00:16:49,630 --> 00:16:47,840

the Congress was that the original name

342

00:16:52,300 --> 00:16:49,640

I'm a little bit confused there might

343

00:16:53,950 --> 00:16:52,310

yes I'm I'm under ported about the board

344

00:16:54,790 --> 00:16:53,960

of directors and I can't remember yeah

345

00:16:57,460 --> 00:16:54,800

yeah

346

00:17:00,030 --> 00:16:57,470

the infamous permanent organizing

347

00:17:02,650 --> 00:17:00,040

committee yeah that's right

348

00:17:04,660 --> 00:17:02,660

yeah it was a kind of scientific how

349

00:17:08,050 --> 00:17:04,670

many other people are still alive that

350

00:17:13,689 --> 00:17:08,060

are well there's you and I in Greenfield

351

00:17:18,040 --> 00:17:13,699

uh yeah where do we go from there not

352

00:17:20,920 --> 00:17:18,050

too many not yeah any Jim red gray and

353

00:17:23,590 --> 00:17:20,930

know we all got we had we forgot David

354

00:17:28,510 --> 00:17:23,600

Halpern David Halpern was a rest correct

355

00:17:30,490 --> 00:17:28,520

so yeah so we we and James Steinberg how

356

00:17:32,560 --> 00:17:30,500

could we lose around NOC we forget you

357

00:17:36,280 --> 00:17:32,570

might we might like we might like to but

358

00:17:38,680 --> 00:17:36,290

you have it getting Jake kidding

359

00:17:42,220 --> 00:17:38,690

yeah there's a rivalry thing you know a

360

00:17:43,660 --> 00:17:42,230

good guy radio rifle I don't want to say

361

00:17:47,440 --> 00:17:43,670

anything too bad because then they won't

362

00:17:49,840 --> 00:17:47,450

have a tribute show I would i haha yeah

363

00:17:51,430 --> 00:17:49,850

yeah we know when you finally shake off

364

00:17:53,740 --> 00:17:51,440

the mortal coil they'll just totally

365

00:17:57,790 --> 00:17:53,750

have you there you go

366

00:17:59,740 --> 00:17:57,800

hey okay so how many this okay well Jim

367

00:18:00,070 --> 00:17:59,750

had the biggest UFO conference into a

368

00:18:03,490 --> 00:18:00,080

car

369

00:18:06,490 --> 00:18:03,500

it's of all time 1967 at the Commodore

370

00:18:08,139 --> 00:18:06,500

hotel which is now one of presidents

371

00:18:11,350 --> 00:18:08,149

Trump's plays there was for a while

372

00:18:13,810 --> 00:18:11,360

there or something and and he he had a

373

00:18:15,899 --> 00:18:13,820

girl he had a great turnout nine to ten

374

00:18:19,690 --> 00:18:15,909

or twelve thousand people and I got to

375

00:18:21,370 --> 00:18:19,700

introduce I think Venus a lady who

376

00:18:28,720 --> 00:18:21,380

claims she was from another planet and

377

00:18:31,930 --> 00:18:28,730

uh yeah well if Long John had the Midas

378

00:18:33,820 --> 00:18:31,940

touch if he went on the the air the

379

00:18:36,250 --> 00:18:33,830

night before and said that he was going

380

00:18:39,039 --> 00:18:36,260

to come down which he seldom did clear

381

00:18:42,700 --> 00:18:39,049

the place would be packed and he had a

382

00:18:45,430 --> 00:18:42,710

guest he had seven the week before the

383

00:18:48,549 --> 00:18:45,440

conference he had a guest on every night

384

00:18:50,620 --> 00:18:48,559

who was going to speak there and and Jim

385

00:18:53,200 --> 00:18:50,630

had Howard manager who hadn't spoken in

386

00:18:56,139 --> 00:18:53,210

many years right Frank strangers and

387

00:18:57,159 --> 00:18:56,149

that's the first conference that I met

388

00:18:59,980 --> 00:18:57,169

my good friend

389

00:19:02,500 --> 00:18:59,990

Brad's stager we're here just come out

390

00:19:05,169 --> 00:19:02,510

yeah that had just come out with his

391

00:19:06,759 --> 00:19:05,179

first book strangers from the sky I

392

00:19:11,830 --> 00:19:06,769

think it was yeah well yes that was

393

00:19:16,149 --> 00:19:11,840

train yeah yeah yeah it was yeah yeah he

394

00:19:18,190 --> 00:19:16,159

was there now okay so what happened to

395

00:19:20,830 --> 00:19:18,200

the group I mean it was active up into

396

00:19:22,750 --> 00:19:20,840

what ten years ago yeah uh yeah just

397

00:19:24,970 --> 00:19:22,760

about ten years ago I guess or know a

398

00:19:27,430 --> 00:19:24,980

little a little more than ten years ago

399

00:19:30,220 --> 00:19:27,440

let's let's put it that way yeah well I

400

00:19:32,350 --> 00:19:30,230

don't know yeah yeah we did meet

401

00:19:34,509 --> 00:19:32,360

recently like what about four or five

402

00:19:36,850 --> 00:19:34,519

years ago we here we had a reunion in

403

00:19:41,259 --> 00:19:36,860

2015 yeah yeah yeah

404

00:19:44,759 --> 00:19:41,269

and we fun we traveled around the

405

00:19:47,529 --> 00:19:44,769

country with that I mean it was a

406

00:19:51,940 --> 00:19:47,539

traveling show I mean I put it on one

407

00:19:54,430 --> 00:19:51,950

time and a Phoenix yeah I was there yeah

408

00:19:56,680 --> 00:19:54,440

that's great one one time in Miami did

409

00:19:59,110 --> 00:19:56,690

you come to that yes I was in Miami

410

00:20:01,419 --> 00:19:59,120

Beach yes oh yeah I've been to a lot of

411

00:20:04,799 --> 00:20:01,429

them yeah we were all over the country

412

00:20:08,139 --> 00:20:04,809

San Francisco New York or Atlanta yeah

413

00:20:10,899 --> 00:20:08,149

Miami Beach all over the country man

414

00:20:13,930 --> 00:20:10,909

every everyplace conceivable Logansport

415

00:20:17,049 --> 00:20:13,940

Indiana Columbus Ohio

416

00:20:19,450 --> 00:20:17,059

you know how much you know corn-fed any

417

00:20:22,480 --> 00:20:19,460

get the name King of Prussia

418

00:20:24,220 --> 00:20:22,490

Pennsylvania yes yes yes yes I forgot

419

00:20:26,950 --> 00:20:24,230

about that one yeah we've been all over

420

00:20:28,659 --> 00:20:26,960

the place but as to what happened I

421

00:20:31,019 --> 00:20:28,669

think it was just competition from you

422

00:20:32,889 --> 00:20:31,029

fun mu fond became the dominant

423

00:20:36,009 --> 00:20:32,899

organization it was kind of like the

424

00:20:39,940 --> 00:20:36,019

thing with with nycap they were they

425

00:20:41,710 --> 00:20:39,950

were more of a membership oriented group

426
00:20:44,710 --> 00:20:41,720
you know and they put out a regular

427
00:20:48,090 --> 00:20:44,720
publication and we didn't we were just a

428
00:20:50,320 --> 00:20:48,100
gathering of you know interested people

429
00:20:51,999 --> 00:20:50,330
basically heads of UFO groups

430
00:20:54,450 --> 00:20:52,009
publications where the movers and

431
00:20:57,249 --> 00:20:54,460
shakers and we tried to get together and

432
00:20:59,680 --> 00:20:57,259
exchange information as best we could

433
00:21:02,499 --> 00:20:59,690
and kept in touch and we got a lot of

434
00:21:05,139 --> 00:21:02,509
work done you know on the periphery of

435
00:21:06,639 --> 00:21:05,149
things you know the after session

436
00:21:09,220 --> 00:21:06,649
meetings we would get together and we

437
00:21:11,409 --> 00:21:09,230
make deals and write articles and share

438
00:21:14,769 --> 00:21:11,419

information that was the fun part of it

439

00:21:18,789 --> 00:21:14,779

but yeah mu fine was a more public open

440

00:21:21,930 --> 00:21:18,799

membership publication and and they you

441

00:21:25,480 --> 00:21:21,940

know gradually took over well you know

442

00:21:27,399 --> 00:21:25,490

there were even minutes if you remember

443

00:21:27,909 --> 00:21:27,409

the the secretary forum anybody here

444

00:21:32,860 --> 00:21:27,919

yeah

445

00:21:33,399 --> 00:21:32,870

John John J Robinson on changmin that's

446

00:21:36,639 --> 00:21:33,409

correct

447

00:21:39,519 --> 00:21:36,649

and put all the UFO sightings and stuff

448

00:21:42,970 --> 00:21:39,529

on punch cards that was yes that was the

449

00:21:46,509 --> 00:21:42,980

project ray file project as well and

450

00:21:49,060 --> 00:21:46,519

annex at Everest yeah it never went

451
00:21:51,220 --> 00:21:49,070
anywhere no well no because what could

452
00:21:53,259 --> 00:21:51,230
you do with it I mean we really what do

453
00:21:54,909 --> 00:21:53,269
you thinking about well you knew you had

454
00:21:56,200 --> 00:21:54,919
a couple of thousand sightings there but

455
00:21:58,960 --> 00:21:56,210
what does that tell you because you

456
00:22:01,810 --> 00:21:58,970
can't separate the real UFOs from the

457
00:22:04,749 --> 00:22:01,820
fake UFOs and the hallucinations and and

458
00:22:09,159 --> 00:22:04,759
and this planet Venus and also you end

459
00:22:10,720 --> 00:22:09,169
up with just nothing really no you know

460
00:22:13,119 --> 00:22:10,730
I mean John keel told us more when he

461
00:22:15,249 --> 00:22:13,129
said that the the the height of UFO

462
00:22:17,169 --> 00:22:15,259
sightings was every woman's day night

463
00:22:19,480 --> 00:22:17,179

between 9:00 and 10:00 yeah Wednesday

464

00:22:21,730 --> 00:22:19,490

night yes I remember that the infamous

465

00:22:23,950 --> 00:22:21,740

Wednesday night cycle but anyway you

466

00:22:26,169 --> 00:22:23,960

know we we tried we there was a there

467

00:22:27,690 --> 00:22:26,179

was a fellow named crow and I can't

468

00:22:30,000 --> 00:22:27,700

think of his first name

469

00:22:31,950 --> 00:22:30,010

and but he was a computer programmer and

470

00:22:35,610 --> 00:22:31,960

he showed up at one of the meetings and

471

00:22:38,130 --> 00:22:35,620

people business wasn't like 1965 you

472

00:22:40,200 --> 00:22:38,140

know computers were saying exit computer

473

00:22:42,750 --> 00:22:40,210

what do you do well oh yeah it's a magic

474

00:22:44,250 --> 00:22:42,760

thing you feed it information and it

475

00:22:45,810 --> 00:22:44,260

tells you everything you want to know

476

00:22:50,030 --> 00:22:45,820

well you know it's garbage in garbage

477

00:22:53,010 --> 00:22:50,040

out but we didn't learn that we read

478

00:22:55,710 --> 00:22:53,020

absolutely primitive yeah yeah it was

479

00:22:58,410 --> 00:22:55,720

but we worked with Eddie Beeville Eddie

480

00:23:02,250 --> 00:22:58,420

BOE who's still around he absolutely

481

00:23:04,620 --> 00:23:02,260

wrecked yeah out in Arizona and he was

482

00:23:07,800 --> 00:23:04,630

he kind of took charge of gray file for

483

00:23:10,050 --> 00:23:07,810

a while there and we would end up at

484

00:23:12,960 --> 00:23:10,060

meetings and we would be filling out

485

00:23:15,420 --> 00:23:12,970

these little information cards you know

486

00:23:17,820 --> 00:23:15,430

and stuff like that and and and and not

487

00:23:20,070 --> 00:23:17,830

having fun drinking and carousing and we

488

00:23:23,850 --> 00:23:20,080

were working on this stuff but we did it

489

00:23:26,400 --> 00:23:23,860

and we break again we did a little bit

490

00:23:28,440 --> 00:23:26,410

of drinking and carousing only after we

491

00:23:34,050 --> 00:23:28,450

got so many cards done to him you know

492

00:23:35,280 --> 00:23:34,060

yeah yeah well Jim Jim Mosely and I were

493

00:23:38,340 --> 00:23:35,290

down at the bar while you guys were

494

00:23:40,620 --> 00:23:38,350

punching cards I see I was sent there

495

00:23:45,360 --> 00:23:40,630

you guys have all the fun mom always

496

00:23:48,570 --> 00:23:45,370

liked you best anyway you know well you

497

00:23:52,830 --> 00:23:48,580

know where we're coming up on our break

498

00:23:56,130 --> 00:23:52,840

and when we come back I want to hit you

499

00:23:59,210 --> 00:23:56,140

up on some of the the things you know

500

00:24:05,460 --> 00:23:59,220

best mainly about the UFO activity in

501
00:24:09,000 --> 00:24:05,470
Ohio past present and future because

502
00:24:11,760 --> 00:24:09,010
you're the man and with the how many

503
00:24:14,250 --> 00:24:11,770
file cabinets you got there at home well

504
00:24:18,270 --> 00:24:14,260
we're back after the break after the

505
00:24:29,750 --> 00:24:18,280
break after the break all right I'll be

506
00:24:36,480 --> 00:24:33,900
now back to exploring the bazaar with

507
00:24:39,810 --> 00:24:36,490
two of the most electrifying researchers

508
00:24:41,870 --> 00:24:39,820
in the Paranoid your hosts Timothy Becca

509
00:24:45,840 --> 00:24:41,880
Lee and tinsmiths

510
00:24:50,790 --> 00:24:45,850
and we have this evening

511
00:24:52,680 --> 00:24:50,800
Ohio's main man ufologist Rick Gilbert

512
00:24:55,050 --> 00:24:52,690
and Rick we forgot to mention that you

513
00:24:59,790 --> 00:24:55,060

were also a publisher of the book of

514

00:25:02,100 --> 00:24:59,800

weird ology yeah we yeah we had a little

515

00:25:04,170 --> 00:25:02,110

booklet the book of weird ology and we

516

00:25:08,280 --> 00:25:04,180

had a weird allergy newsletter that went

517

00:25:11,790 --> 00:25:08,290

on yeah yeah yeah yeah that was I pulled

518

00:25:13,440 --> 00:25:11,800

it into fsd Oh about 10 years ago so we

519

00:25:15,840 --> 00:25:13,450

just it's just too much to do two

520

00:25:19,740 --> 00:25:15,850

different publications but yeah we gotta

521

00:25:22,530 --> 00:25:19,750

sort anything yeah tops Cleveland

522

00:25:24,750 --> 00:25:22,540

ufology a project they are still active

523

00:25:26,190 --> 00:25:24,760

correct they still have they are just a

524

00:25:28,350 --> 00:25:26,200

fact they have a meeting coming up I

525

00:25:30,630 --> 00:25:28,360

believe this Saturday night and they

526

00:25:32,280 --> 00:25:30,640

meet at a local community college in a

527

00:25:34,560 --> 00:25:32,290

western suburb of Cleveland they're

528

00:25:36,720 --> 00:25:34,570

still going pretty strong they've got a

529

00:25:41,280 --> 00:25:36,730

quite a few members yeah they're still

530

00:25:43,800 --> 00:25:41,290

in since 1956 do they do they they have

531

00:25:46,440 --> 00:25:43,810

guests the speakers and all yes they

532

00:25:48,960 --> 00:25:46,450

will get guest speakers uh not too from

533

00:25:51,270 --> 00:25:48,970

too far away though I don't believe some

534

00:25:54,090 --> 00:25:51,280

Ohio people and some of their members

535

00:25:55,830 --> 00:25:54,100

make presentations but yes you know on

536

00:25:59,490 --> 00:25:55,840

occasion they they have had some people

537

00:26:01,050 --> 00:25:59,500

who may be in town at the time and I I

538

00:26:03,330 --> 00:26:01,060

haven't been to any of the meetings I

539

00:26:05,460 --> 00:26:03,340

don't drive at night anymore anymore

540

00:26:07,820 --> 00:26:05,470

because of some eye issues from an

541

00:26:09,600 --> 00:26:07,830

accident about ten years ago but I

542

00:26:11,940 --> 00:26:09,610

understand that they they have some

543

00:26:15,870 --> 00:26:11,950

rather lively meetings and some rather

544

00:26:20,160 --> 00:26:15,880

good ones not as good as ours I'm sure

545

00:26:23,820 --> 00:26:20,170

oh no we were both all right but hey

546

00:26:27,600 --> 00:26:23,830

let's get it into we've talked about the

547

00:26:33,420 --> 00:26:27,610

key figures in Ohio ufology but let's

548

00:26:36,120 --> 00:26:33,430

talk about what has made Ohio famous

549

00:26:38,520 --> 00:26:36,130

mainly the many many sightings that have

550

00:26:41,430 --> 00:26:38,530

taken place there over the years in fact

551
00:26:42,000 --> 00:26:41,440
at one point Rick was in Ohio right up

552
00:26:43,520 --> 00:26:42,010
there as

553
00:26:46,470 --> 00:26:43,530
one of the states with the most UFO

554
00:26:49,080 --> 00:26:46,480
reports I believe at one time it was

555
00:26:50,610 --> 00:26:49,090
like number three for many years and I

556
00:26:52,830 --> 00:26:50,620
believe this was back in the nineteen

557
00:26:55,830 --> 00:26:52,840
sixties and maybe even later on the net

558
00:26:58,230 --> 00:26:55,840
but but yeah it always has been and it

559
00:27:01,010 --> 00:26:58,240
still is I mean I have a friend in

560
00:27:04,230 --> 00:27:01,020
Pennsylvania who keeps tracks track on

561
00:27:05,970 --> 00:27:04,240
UFO sightings and he sends regular

562
00:27:08,010 --> 00:27:05,980
printouts and there are a good number of

563
00:27:10,710 --> 00:27:08,020

cases that you know comfortable various

564

00:27:13,350 --> 00:27:10,720

parts of Ohio so yeah it's still active

565

00:27:15,000 --> 00:27:13,360

we think we probably because of the

566

00:27:18,450 --> 00:27:15,010

interest that's been in the state all

567

00:27:21,600 --> 00:27:18,460

over from the north to the south

568

00:27:23,580 --> 00:27:21,610

I guess that the folks that were

569

00:27:25,260 --> 00:27:23,590

interested the subject heard about these

570

00:27:27,390 --> 00:27:25,270

cases and therefore were able to

571

00:27:29,310 --> 00:27:27,400

publicize them and their various

572

00:27:33,270 --> 00:27:29,320

newsletters in meetings yeah so they've

573

00:27:36,810 --> 00:27:33,280

entered the public record now take us

574

00:27:40,260 --> 00:27:36,820

back as many years as you can what was

575

00:27:42,600 --> 00:27:40,270

the first important UFO sighting in Ohio

576

00:27:46,170 --> 00:27:42,610

that you could recall well the first

577

00:27:49,710 --> 00:27:46,180

really important UFO sighting in Ohio to

578

00:27:54,000 --> 00:27:49,720

my mind was the Norwood Ohio searchlight

579

00:27:58,950 --> 00:27:54,010

case and this is back in 1954 and it was

580

00:28:01,620 --> 00:27:58,960

investigated by another famous yeah land

581

00:28:05,010 --> 00:28:01,630

Stringfield of Cincinnati that's correct

582

00:28:06,810 --> 00:28:05,020

now Norwood is a nearby suburb of

583

00:28:09,270 --> 00:28:06,820

Cincinnati matter of fact we even had a

584

00:28:11,400 --> 00:28:09,280

convention in Cincinnati back in the I

585

00:28:13,170 --> 00:28:11,410

think it was a 70s or something so we've

586

00:28:15,120 --> 00:28:13,180

been all over the place another city I

587

00:28:18,570 --> 00:28:15,130

forgot about anyway

588

00:28:21,960 --> 00:28:18,580

yeah the Norwood was it was a really

589

00:28:24,600 --> 00:28:21,970

close in suburb of Cincinnati and at a

590

00:28:27,900 --> 00:28:24,610

particular Catholic Church and they were

591

00:28:33,360 --> 00:28:27,910

having a carnival and this was in August

592

00:28:36,200 --> 00:28:33,370

of 1954 and they had as was you know the

593

00:28:39,810 --> 00:28:36,210

custom in those days they had a large

594

00:28:42,450 --> 00:28:39,820

war surplus searchlight that they would

595

00:28:44,640 --> 00:28:42,460

rent and the operator would come out and

596

00:28:46,590 --> 00:28:44,650

sweep the sky with these bees yes and

597

00:28:48,390 --> 00:28:46,600

and back then people with flock was

598

00:28:50,820 --> 00:28:48,400

sacked unless you know something's going

599

00:28:53,130 --> 00:28:50,830

on it must be some sort of fun or

600

00:28:55,020 --> 00:28:53,140

whatever and they flock to them you know

601
00:28:55,890 --> 00:28:55,030
and there was the carnival roaring away

602
00:28:57,720 --> 00:28:55,900
and they you know

603
00:29:00,930 --> 00:28:57,730
they got a few dollars for their church

604
00:29:02,790 --> 00:29:00,940
well the searchlight operator and a

605
00:29:05,910 --> 00:29:02,800
number of other witnesses including the

606
00:29:10,380 --> 00:29:05,920
the the priest who was a fellow named a

607
00:29:12,480 --> 00:29:10,390
Reverend Gregory Miller they happen to

608
00:29:15,030 --> 00:29:12,490
notice that there was uh some sort of a

609
00:29:18,090 --> 00:29:15,040
disc like object that would occasionally

610
00:29:19,850 --> 00:29:18,100
show up in the searchlight beam and this

611
00:29:23,790 --> 00:29:19,860
these were these were clear evenings

612
00:29:26,010 --> 00:29:23,800
there were no clouds whatever and this

613
00:29:34,410 --> 00:29:26,020

thing was there for several nights

614

00:29:35,970 --> 00:29:34,420

running and the they the disc wouldn't

615

00:29:38,150 --> 00:29:35,980

shape the object or whatever it was I'm

616

00:29:41,490 --> 00:29:38,160

trying to remember it admitted a couple

617

00:29:43,440 --> 00:29:41,500

groups of satellite objects like

618

00:29:45,450 --> 00:29:43,450

triangular objects it would shoot out of

619

00:29:50,360 --> 00:29:45,460

it which is a common you know thing and

620

00:29:53,580 --> 00:29:50,370

a lot of sightings in one evening

621

00:29:56,460 --> 00:29:53,590

there was a former army searchlight

622

00:29:59,430 --> 00:29:56,470

operator and I looked his name up his

623

00:30:03,660 --> 00:29:59,440

name is Don burger and they were able to

624

00:30:07,020 --> 00:30:03,670

take a couple rolls of movie film yeah

625

00:30:10,590 --> 00:30:07,030

and with the telephone like no I've seen

626

00:30:12,330 --> 00:30:10,600

yeah the still photobook autograph yes

627

00:30:15,150 --> 00:30:12,340

there are still photographs that were

628

00:30:18,960 --> 00:30:15,160

taken with an old Speed Graphic press

629

00:30:24,240 --> 00:30:18,970

camera through another that was equipped

630

00:30:26,250 --> 00:30:24,250

with a telephoto lens and the I mean

631

00:30:28,590 --> 00:30:26,260

it's it's a good case here you had a

632

00:30:30,420 --> 00:30:28,600

multiple witness case because one that

633

00:30:31,980 --> 00:30:30,430

when they they were seeing this thing in

634

00:30:34,080 --> 00:30:31,990

the searchlight beam some of the on

635

00:30:35,700 --> 00:30:34,090

lookers came and they sought to not just

636

00:30:38,940 --> 00:30:35,710

the police to the searchlight operator

637

00:30:41,990 --> 00:30:38,950

but on occasion I guess it was a high of

638

00:30:45,180 --> 00:30:42,000

maybe 15 or 20 people at any one time

639

00:30:50,070 --> 00:30:45,190

we're actually watching this thing and

640

00:30:52,740 --> 00:30:50,080

we had a movie okay one of the weird

641

00:30:55,830 --> 00:30:52,750

things about it if I remember correctly

642

00:31:00,060 --> 00:30:55,840

is that the object somehow miraculously

643

00:31:03,540 --> 00:31:00,070

pulled the searchlight beam outside of a

644

00:31:04,050 --> 00:31:03,550

straight line you know that may be the

645

00:31:05,910 --> 00:31:04,060

case

646

00:31:08,430 --> 00:31:05,920

I don't remember about that particular

647

00:31:11,760 --> 00:31:08,440

case yes but I can't

648

00:31:14,460 --> 00:31:11,770

look at the photograph the object is a

649

00:31:17,820 --> 00:31:14,470

little bit off to the left if I remember

650

00:31:20,460 --> 00:31:17,830

correctly and the beam is following it

651

00:31:23,160 --> 00:31:20,470

okay all right yeah I don't remember

652

00:31:24,900 --> 00:31:23,170

that aspect of the case and I know that

653

00:31:27,780 --> 00:31:24,910

was written up in stringfield's book it

654

00:31:31,520 --> 00:31:27,790

was called inside saucer post three Oh

655

00:31:34,740 --> 00:31:31,530

blue yeah something like that yes yeah

656

00:31:36,480 --> 00:31:34,750

didn't he have no Len the string field

657

00:31:40,830 --> 00:31:36,490

of course who is probably best known for

658

00:31:43,200 --> 00:31:40,840

his cataloguing and I was going to say

659

00:31:46,440 --> 00:31:43,210

graduating with that yeah yeah you

660

00:31:47,610 --> 00:31:46,450

answer Eagles crash retracts yeah that's

661

00:31:53,070 --> 00:31:47,620

correct

662

00:31:56,490 --> 00:31:53,080

but he had a hotline to the military he

663

00:31:59,640 --> 00:31:56,500

was a such a considered such a I guess a

664

00:32:01,080 --> 00:31:59,650

credible researcher that it was even

665

00:32:05,400 --> 00:32:01,090

somewhat of a sharing of information

666

00:32:08,580 --> 00:32:05,410

between him and the military industrial

667

00:32:11,250 --> 00:32:08,590

come yes it was more of a one way thing

668

00:32:13,710 --> 00:32:11,260

though as my understanding I mean he he

669

00:32:16,500 --> 00:32:13,720

won suits he had a hotline to some

670

00:32:18,480 --> 00:32:16,510

filter center or whatever and he would

671

00:32:21,000 --> 00:32:18,490

call in these reports and I don't think

672

00:32:23,850 --> 00:32:21,010

he got too much information back but he

673

00:32:27,090 --> 00:32:23,860

was you know getting it into them doing

674

00:32:29,760 --> 00:32:27,100

is do it he was a former Army Air Corps

675

00:32:31,530 --> 00:32:29,770

he worked I mean he was a bomber not a

676

00:32:34,830 --> 00:32:31,540

pilot but I think it was a gunner or

677

00:32:37,320 --> 00:32:34,840

something some b-17s saw some pretty

678

00:32:39,980 --> 00:32:37,330

heavy action during World War two yeah

679

00:32:43,860 --> 00:32:39,990

so well but but he yeah he had a hotline

680

00:32:45,660 --> 00:32:43,870

also where people could call in from the

681

00:32:49,170 --> 00:32:45,670

general public like we did here in

682

00:32:51,270 --> 00:32:49,180

Cleveland for several oh my god for many

683

00:32:54,330 --> 00:32:51,280

many years I even had when calling into

684

00:32:56,820 --> 00:32:54,340

into my house for back in the 80s 70s

685

00:32:58,350 --> 00:32:56,830

and 80s so I got a lot of different

686

00:33:01,710 --> 00:32:58,360

reports oh so did Al Manac

687

00:33:05,430 --> 00:33:01,720

back in the sixties but yeah there was

688

00:33:09,650 --> 00:33:05,440

speaking of al-madiq and world war ii al

689

00:33:12,600 --> 00:33:09,660

Manac had a sighting of a full fighter

690

00:33:15,660 --> 00:33:12,610

with when he was in the military he was

691

00:33:19,720 --> 00:33:15,670

in the Air Force and it was it was over

692

00:33:24,460 --> 00:33:19,730

Tripoli and he he was he

693

00:33:27,940 --> 00:33:24,470

his crew were making tok targets and he

694

00:33:30,070 --> 00:33:27,950

was he they saw some sort of a strange

695

00:33:32,680 --> 00:33:30,080

object a ball like object it was a

696

00:33:36,670 --> 00:33:32,690

maneuvering around an eclair Scottie

697

00:33:38,950 --> 00:33:36,680

called an officer Nazi UFO yeah which is

698

00:33:40,600 --> 00:33:38,960

not beautiful honestly yeah it had the

699

00:33:43,540 --> 00:33:40,610

little swastikas on everything actually

700

00:33:47,680 --> 00:33:43,550

I'm sure anyway anyway he called an

701
00:33:49,450 --> 00:33:47,690
officer over and he said sir look at

702
00:33:52,210 --> 00:33:49,460
that what do you make of that sir and

703
00:33:55,090 --> 00:33:52,220
the officer just kind of looked up and

704
00:33:57,070 --> 00:33:55,100
said you know you know airman I don't

705
00:33:59,800 --> 00:33:57,080
see anything at all why don't you get

706
00:34:03,130 --> 00:33:59,810
back to building your tow target here so

707
00:34:05,980 --> 00:34:03,140
that was that well you know al I could

708
00:34:09,430 --> 00:34:05,990
still he had the finest sense of humor

709
00:34:12,120 --> 00:34:09,440
and he could make your role on the role

710
00:34:17,140 --> 00:34:12,130
on the role on the floor I mean he was

711
00:34:19,960 --> 00:34:17,150
sometimes unintentionally maybe maybe so

712
00:34:23,680 --> 00:34:19,970
now would you what would you consider to

713
00:34:28,630 --> 00:34:23,690

be like the top two or three cases in in

714

00:34:30,460 --> 00:34:28,640

Ohio over the years okay well we had you

715

00:34:34,600 --> 00:34:30,470

have to go back to 1957

716

00:34:38,770 --> 00:34:34,610

that was the old and Moore case and this

717

00:34:41,830 --> 00:34:38,780

was in November of that year and he was

718

00:34:44,770 --> 00:34:41,840

a more was a plasterer by trade he was

719

00:34:48,670 --> 00:34:44,780

getting back to his home in Hunsberger

720

00:34:51,040 --> 00:34:48,680

which is far eastern suburb he saw some

721

00:34:53,350 --> 00:34:51,050

sort of a bright star like thing

722

00:34:54,910 --> 00:34:53,360

approaching him and it seemed to be

723

00:34:58,480 --> 00:34:54,920

following the course of the road which

724

00:34:59,890 --> 00:34:58,490

was a state highway is the light gut you

725

00:35:02,290 --> 00:34:59,900

know brighter and brighter he pulled to

726

00:35:06,970 --> 00:35:02,300

the side of the road to watch it and he

727

00:35:11,350 --> 00:35:06,980

switched off his ignition and in in a

728

00:35:14,620 --> 00:35:11,360

matter of seconds he said it was over a

729

00:35:17,230 --> 00:35:14,630

large field at an intersection there of

730

00:35:19,600 --> 00:35:17,240

Hart Road I think in route 86 if I'm not

731

00:35:22,420 --> 00:35:19,610

mistaken it was still high in the air

732

00:35:25,180 --> 00:35:22,430

but it seemed to split apart and one

733

00:35:27,850 --> 00:35:25,190

section of it moved out of his range of

734

00:35:30,460 --> 00:35:27,860

vision the other descended slowly with

735

00:35:33,780 --> 00:35:30,470

no noise or anything into that

736

00:35:36,569 --> 00:35:33,790

joining field and it looks like

737

00:35:39,599 --> 00:35:36,579

it was a big as a house looming you know

738

00:35:41,220 --> 00:35:39,609

right in front of them and he couldn't

739

00:35:45,170 --> 00:35:41,230

tell if it was resting on the ground or

740

00:35:48,810 --> 00:35:45,180

not he said it was about 50 feet across

741

00:35:51,060 --> 00:35:48,820

maybe 20 feet from top to bottom there

742

00:35:54,720 --> 00:35:51,070

was a class that he bound pretty taut ya

743

00:35:56,849 --> 00:35:54,730

round saucer like you know two saucers

744

00:35:58,710 --> 00:35:56,859

placed on one another you know the

745

00:36:01,650 --> 00:35:58,720

classic thing and it had a sort of a

746

00:36:04,260 --> 00:36:01,660

dome a cone-shaped dome in the center at

747

00:36:07,440 --> 00:36:04,270

the top he watched it for about 15

748

00:36:09,359 --> 00:36:07,450

minutes and he you know got out to get a

749

00:36:11,849 --> 00:36:09,369

closer look but he had this you know

750

00:36:13,680 --> 00:36:11,859

eerie sort of weird feeling about they

751
00:36:17,880 --> 00:36:13,690
didn't want to approach it any any any

752
00:36:20,250 --> 00:36:17,890
closer so he actually didn't but he

753
00:36:21,630 --> 00:36:20,260
could he could see the object sort of

754
00:36:23,640 --> 00:36:21,640
clearly because it was a bright moon

755
00:36:25,980 --> 00:36:23,650
that night and and there was a clear

756
00:36:30,120 --> 00:36:25,990
night and he thought it to be like a

757
00:36:35,430 --> 00:36:30,130
shiny metallic thing and eventually it

758
00:36:38,069 --> 00:36:35,440
took off and he ran home and drove home

759
00:36:40,650 --> 00:36:38,079
and you know called authorities about it

760
00:36:42,859 --> 00:36:40,660
civil defense and local sheriff and they

761
00:36:45,420 --> 00:36:42,869
came out in the civil defense director

762
00:36:48,630 --> 00:36:45,430
for Lake County which was where the

763
00:36:49,920 --> 00:36:48,640

sighting occurred actually he couldn't

764

00:36:52,380 --> 00:36:49,930

make it out that night but he came out

765

00:36:55,230 --> 00:36:52,390

the next day and they saw some small

766

00:36:57,900 --> 00:36:55,240

markings about an inch or an inch and a

767

00:36:59,880 --> 00:36:57,910

half deep into the soil and they

768

00:37:02,400 --> 00:36:59,890

consisted of like three holes in a

769

00:37:04,260 --> 00:37:02,410

triangular pattern with a fourth hole

770

00:37:06,870 --> 00:37:04,270

outside of the thing kind of like the

771

00:37:09,569 --> 00:37:06,880

Socorro landing really thing about it

772

00:37:12,750 --> 00:37:09,579

and there was some plaster cast made

773

00:37:14,790 --> 00:37:12,760

over this and the the civil defense

774

00:37:18,270 --> 00:37:14,800

director took a Geiger counter reading

775

00:37:20,099 --> 00:37:18,280

about 1520 hours after the thing and it

776

00:37:23,130 --> 00:37:20,109

area about 50 feet diameter showed a

777

00:37:26,400 --> 00:37:23,140

higher reading of than the background

778

00:37:30,480 --> 00:37:26,410

and it was you know well above normal

779

00:37:32,130 --> 00:37:30,490

and you know so there was a little bit

780

00:37:34,319 --> 00:37:32,140

of EMA there's little physical evidence

781

00:37:38,490 --> 00:37:34,329

and evidence as far as a Geiger counter

782

00:37:42,120 --> 00:37:38,500

eating so it was a you know like a

783

00:37:43,950 --> 00:37:42,130

credible sighting it the strange that's

784

00:37:47,170 --> 00:37:43,960

really strange part of the sighting

785

00:37:50,560 --> 00:37:47,180

occurs later when the Air Force

786

00:37:53,050 --> 00:37:50,570

calls more and asked him if he would

787

00:37:56,410 --> 00:37:53,060

like to come to Washington DC to discuss

788

00:37:59,410 --> 00:37:56,420

his case and he was kind of taken aback

789

00:38:03,250 --> 00:37:59,420

by they said sure and the whoever it was

790

00:38:06,940 --> 00:38:03,260

a lieutenant or whatever said well okay

791

00:38:10,260 --> 00:38:06,950

pack a bag and I'll pick you up and the

792

00:38:12,580 --> 00:38:10,270

Air Force man and an Air Force car came

793

00:38:14,710 --> 00:38:12,590

took him to an Air Force Base in

794

00:38:19,540 --> 00:38:14,720

Youngstown and flew him to Washington DC

795

00:38:23,200 --> 00:38:19,550

or so so more claims and there he was

796

00:38:25,570 --> 00:38:23,210

ensconced in a room not in the Pentagon

797

00:38:29,080 --> 00:38:25,580

but in an office building somewhere in

798

00:38:32,620 --> 00:38:29,090

DC he his meals were taken there they

799

00:38:34,510 --> 00:38:32,630

wouldn't allow him to go out and they

800

00:38:38,620 --> 00:38:34,520

grilled him at length about the siting

801
00:38:41,530 --> 00:38:38,630
and he was returned the next day via

802
00:38:46,270 --> 00:38:41,540
plane and they driven to his house did

803
00:38:48,070 --> 00:38:46,280
he get this no he did but here you have

804
00:38:49,540 --> 00:38:48,080
this sinister thing you know that so

805
00:38:51,850 --> 00:38:49,550
many people used to back in the day

806
00:38:54,490 --> 00:38:51,860
claim the Air Force knows everything and

807
00:38:56,470 --> 00:38:54,500
look we're doing the silence group

808
00:38:58,930 --> 00:38:56,480
within the Air Force is out together

809
00:39:02,050 --> 00:38:58,940
get us an answer pressed knowledge of

810
00:39:04,720 --> 00:39:02,060
UFOs you know so that that was another

811
00:39:07,060 --> 00:39:04,730
big case now you want to hear that the

812
00:39:09,850 --> 00:39:07,070
topper of the whole thing and this is a

813
00:39:14,520 --> 00:39:09,860

good friend al man again even me this

814

00:39:18,940 --> 00:39:14,530

was when in the 1960s from like 1963 to

815

00:39:21,760 --> 00:39:18,950

1966 al Manac under the auspices of the

816

00:39:27,100 --> 00:39:21,770

cleveland ufology project and he was the

817

00:39:30,580 --> 00:39:27,110

chairman for 63 or 64 and I was a I was

818

00:39:32,500 --> 00:39:30,590

an officer to of membership secretary we

819

00:39:35,470 --> 00:39:32,510

had the hotline that called right into

820

00:39:39,550 --> 00:39:35,480

Al's house and one night in the night of

821

00:39:42,730 --> 00:39:39,560

October 9th 1965 the phone began to ring

822

00:39:45,160 --> 00:39:42,740

all about nine o'clock at night and it

823

00:39:48,340 --> 00:39:45,170

turned out that there was a witness near

824

00:39:51,220 --> 00:39:48,350

the downtown Cleveland area just west of

825

00:39:52,660 --> 00:39:51,230

downtown Cleveland on Vega Avenue if

826

00:39:55,870 --> 00:39:52,670

anybody out there is familiar with

827

00:39:58,330 --> 00:39:55,880

Cleveland near Clark Avenue in Vega and

828

00:40:00,760 --> 00:39:58,340

they reported a sort of a disc-shaped

829

00:40:02,740 --> 00:40:00,770

object in the sky with the lights

830

00:40:05,380 --> 00:40:02,750

on its perimeter you know flashing the

831

00:40:08,980 --> 00:40:05,390

sequential pattern and this thing was

832

00:40:12,340 --> 00:40:08,990

heading towards the West but to make a

833

00:40:17,190 --> 00:40:12,350

long story short that night they all

834

00:40:24,370 --> 00:40:20,670

1990-2000 he could not get off the phone

835

00:40:26,440 --> 00:40:24,380

to call people to alert them he finally

836

00:40:27,970 --> 00:40:26,450

got off the phone and alerted me and

837

00:40:32,920 --> 00:40:27,980

here's where I come in but later in the

838

00:40:34,990 --> 00:40:32,930

story this thing was seen by multiple

839

00:40:37,060 --> 00:40:35,000

witnesses I still have some of the

840

00:40:39,970 --> 00:40:37,070

report forms that he mailed out and a

841

00:40:43,330 --> 00:40:39,980

mailed back one of them is so very

842

00:40:47,250 --> 00:40:43,340

striking it shows witnesses who were

843

00:40:49,720 --> 00:40:47,260

literally underneath this object and

844

00:40:51,820 --> 00:40:49,730

drew a picture of it with the lights

845

00:40:53,710 --> 00:40:51,830

around the perimeter so here you're not

846

00:40:56,830 --> 00:40:53,720

talking about an aircraft you're talking

847

00:40:58,990 --> 00:40:56,840

about the disc shaped object and that

848

00:41:01,990 --> 00:40:59,000

the night weather conditions at night

849

00:41:04,000 --> 00:41:02,000

that was there was a 2200 foot cloud

850

00:41:08,710 --> 00:41:04,010

ceiling and there was a light drizzle

851
00:41:10,900 --> 00:41:08,720
okay so whatever it was was below 2,200

852
00:41:13,210 --> 00:41:10,910
feet to be that clear invisible so it

853
00:41:15,820 --> 00:41:13,220
eventually moved towards the western

854
00:41:18,220 --> 00:41:15,830
suburbs the people were all saying the

855
00:41:20,560 --> 00:41:18,230
same thing it's a disc it's got lights

856
00:41:23,530 --> 00:41:20,570
flashing in a sequential pattern at a

857
00:41:25,930 --> 00:41:23,540
clockwise pattern on this thing okay now

858
00:41:28,600 --> 00:41:25,940
the people who got directly underneath

859
00:41:30,760 --> 00:41:28,610
it could see a lot of people say oh

860
00:41:32,590 --> 00:41:30,770
that's an advertising plane because

861
00:41:34,570 --> 00:41:32,600
believe it or not there were advertising

862
00:41:36,970 --> 00:41:34,580
planes that we used to get calls on back

863
00:41:38,860 --> 00:41:36,980

in their 60s when that was now hang and

864

00:41:42,220 --> 00:41:38,870

they when they have advertising on the

865

00:41:45,430 --> 00:41:42,230

wing of the plane you know yeah

866

00:41:49,120 --> 00:41:45,440

Goodyear Goodyear blimp advertiser UFO

867

00:41:50,110 --> 00:41:49,130

Club yeah one in 66 we had one that came

868

00:41:52,570 --> 00:41:50,120

in it was something from Plymouth

869

00:41:53,560 --> 00:41:52,580

Automobile Dealers Plymouth is out to

870

00:41:55,360 --> 00:41:53,570

win you over

871

00:41:57,580 --> 00:41:55,370

we're splashing on the wing of the plane

872

00:41:59,560 --> 00:41:57,590

finally we figured that up but this

873

00:42:01,240 --> 00:41:59,570

night it was not an advertising plane

874

00:42:03,820 --> 00:42:01,250

anyway al finally got through to me

875

00:42:06,040 --> 00:42:03,830

today other guys other thing go outside

876
00:42:08,530 --> 00:42:06,050
look up towards Baba's headed your way

877
00:42:13,960 --> 00:42:08,540
so I went out in my backyard and here's

878
00:42:16,720 --> 00:42:13,970
the damn thing to the north of me and

879
00:42:19,599 --> 00:42:16,730
it's a hate towards the west and it did

880
00:42:22,089 --> 00:42:19,609
I saw from some distance I could not

881
00:42:24,640 --> 00:42:22,099
tell the shape but I could see that it

882
00:42:27,910 --> 00:42:24,650
was moving slowly to the west and it did

883
00:42:30,520 --> 00:42:27,920
have this sequential lights flashing and

884
00:42:32,890 --> 00:42:30,530
a clockwise pattern so I immediately

885
00:42:34,810 --> 00:42:32,900
gunned the CB radio CB radio was hot

886
00:42:38,950 --> 00:42:34,820
back then that was a Facebook of its day

887
00:42:40,780 --> 00:42:38,960
you know yeah yes and other operators

888
00:42:42,820 --> 00:42:40,790

got on and I ran in the house because

889

00:42:44,890 --> 00:42:42,830

you know I got a report this thing I

890

00:42:47,589 --> 00:42:44,900

watched it for probably two minutes and

891

00:42:49,810 --> 00:42:47,599

got on and we had a particularly used to

892

00:42:51,880 --> 00:42:49,820

hang around channel 19 which ladle

893

00:42:53,920 --> 00:42:51,890

turned out to be the big call channel or

894

00:42:56,560 --> 00:42:53,930

whatever for the truckers but we all

895

00:43:00,570 --> 00:42:56,570

people were calling and they won't saw -

896

00:43:04,390 --> 00:43:00,580

and this this object moved a spot as far

897

00:43:07,890 --> 00:43:04,400

to the west of Cleveland as the suburb

898

00:43:10,750 --> 00:43:07,900

of Fairview Park where the thing was

899

00:43:13,240 --> 00:43:10,760

lost to sight whatever happened it was

900

00:43:16,690 --> 00:43:13,250

lost there but it probably traversed

901
00:43:20,170 --> 00:43:16,700
four or five miles of the heart of the

902
00:43:23,670 --> 00:43:20,180
city the west side of the city over a

903
00:43:26,050 --> 00:43:23,680
period of probably 25 to 30 minutes and

904
00:43:27,940 --> 00:43:26,060
here you had all these witnesses seeing

905
00:43:30,250 --> 00:43:27,950
the thing and it was kind of it was my

906
00:43:32,260 --> 00:43:30,260
yard clad case I mean I saw it and there

907
00:43:34,000 --> 00:43:32,270
were people who were underneath it could

908
00:43:36,160 --> 00:43:34,010
see it and people who could see it at a

909
00:43:38,800 --> 00:43:36,170
closer angle did say no it's not an

910
00:43:42,010 --> 00:43:38,810
aircraft it's not it's not the blimp you

911
00:43:44,349 --> 00:43:42,020
know it's not anything and just to make

912
00:43:46,900 --> 00:43:44,359
sure Manik did call there were two

913
00:43:49,390 --> 00:43:46,910

services one of the Cleveland one of

914

00:43:52,420 --> 00:43:49,400

Akron that actually had advertising

915

00:43:54,670 --> 00:43:52,430

planes you know advertising yes they had

916

00:43:57,730 --> 00:43:54,680

nothing up in the air that night so it

917

00:44:00,190 --> 00:43:57,740

was not an advertising plane so this was

918

00:44:03,790 --> 00:44:00,200

a up until you know you had like the

919

00:44:09,010 --> 00:44:03,800

Phoenix lights this was a really well

920

00:44:14,349 --> 00:44:09,020

witnessed mass UFO sighting over did it

921

00:44:18,010 --> 00:44:14,359

make the press at all barely barely

922

00:44:20,260 --> 00:44:18,020

we had people were calling actually into

923

00:44:22,510 --> 00:44:20,270

the to the newspapers and some of the

924

00:44:24,009 --> 00:44:22,520

radio stations and they were referring

925

00:44:26,870 --> 00:44:24,019

people to Al

926

00:44:29,269 --> 00:44:26,880

yeah so he customers this falls through

927

00:44:31,910 --> 00:44:29,279

that that's not sometimes my mother call

928

00:44:34,910 --> 00:44:31,920

I can imagine how he would have how he

929

00:44:37,759 --> 00:44:34,920

must have felt by the time he got like a

930

00:44:40,249 --> 00:44:37,769

call number 60 or something you know he

931

00:44:42,140 --> 00:44:40,259

frazzled that night yeah he was he was

932

00:44:43,789 --> 00:44:42,150

literally for as old that night he said

933

00:44:46,940 --> 00:44:43,799

I mean it took everything out of them

934

00:44:49,999 --> 00:44:46,950

but he was meticulous and getting the

935

00:44:51,680 --> 00:44:50,009

people's names and addresses and made

936

00:44:53,930 --> 00:44:51,690

sure that every one of those callers

937

00:44:56,690 --> 00:44:53,940

received a report form obviously not

938

00:44:59,930 --> 00:44:56,700

everyone mailed it back but well a

939

00:45:01,730 --> 00:44:59,940

course up did a good enough number did

940

00:45:03,710 --> 00:45:01,740

that we were able to get some good

941

00:45:06,200 --> 00:45:03,720

information out of it and prove that it

942

00:45:08,779 --> 00:45:06,210

was a really good case sir here yeah you

943

00:45:11,450 --> 00:45:08,789

know yeah it you know Rick were were

944

00:45:13,700 --> 00:45:11,460

headed towards the it was going to say

945

00:45:17,180 --> 00:45:13,710

midnight hour but it's not the midnight

946

00:45:19,759 --> 00:45:17,190

unless you're in Barbados or something

947

00:45:21,829 --> 00:45:19,769

like that I suppose I know if you want a

948

00:45:25,880 --> 00:45:21,839

happy back yeah yeah I do want to have

949

00:45:28,299 --> 00:45:25,890

you back on maybe after a memorial a day

950

00:45:32,120 --> 00:45:28,309

because we didn't get to talk about

951

00:45:36,829 --> 00:45:32,130

trains knows that's a subject no we

952

00:45:38,870 --> 00:45:36,839

never got to the church no oh you know

953

00:45:42,230 --> 00:45:38,880

I've got a lizard sightings for you to

954

00:45:46,009 --> 00:45:42,240

tea I've got a really weird stuff we

955

00:45:49,220 --> 00:45:46,019

will we will continue this and I'll

956

00:45:51,789 --> 00:45:49,230

probably be in Cleveland to be inducted

957

00:45:55,249 --> 00:45:51,799

into the Rock and Roll Hall of Fame

958

00:45:57,829 --> 00:45:55,259

revolving holding your spot is there you

959

00:45:59,900 --> 00:45:57,839

know I'm very disappointed when I went

960

00:46:03,200 --> 00:45:59,910

out there now I'm an old-time rocky road

961

00:46:05,870 --> 00:46:03,210

or promoted shows new David Bowie and

962

00:46:08,410 --> 00:46:05,880

all that I was surprised that the Rock

963

00:46:10,549 --> 00:46:08,420

and Roll Hall of Fame closes so early

964

00:46:12,200 --> 00:46:10,559

really I didn't know what times they

965

00:46:15,170 --> 00:46:12,210

closed nine o'clock well I don't

966

00:46:17,109 --> 00:46:15,180

remember but it closes early well rock

967

00:46:20,569 --> 00:46:17,119

and rollers never go out before midnight

968

00:46:24,380 --> 00:46:20,579

no well maybe it's some sort of a

969

00:46:24,620 --> 00:46:24,390

corporate thing who knows well there you

970

00:46:28,700 --> 00:46:24,630

go

971

00:46:30,529 --> 00:46:28,710

but you know I'm it wins the last

972

00:46:33,099 --> 00:46:30,539

sighting there in Cleveland that they

973

00:46:35,810 --> 00:46:33,109

you're aware of what's the last report

974

00:46:39,440 --> 00:46:35,820

there was something

975

00:46:41,870 --> 00:46:39,450

and I believe in March here and it was

976
00:46:44,780 --> 00:46:41,880
kind of a lighted object it was seen out

977
00:46:47,560 --> 00:46:44,790
over Lake Erie now it's just sort of a

978
00:46:49,640 --> 00:46:47,570
you know in the average sort of space

979
00:46:51,650 --> 00:46:49,650
Lake Erie they've been they've been

980
00:46:54,770 --> 00:46:51,660
landing I we've got photos of them

981
00:46:57,500 --> 00:46:54,780
landing on Lake area I mean it's it's

982
00:47:00,590 --> 00:46:57,510
very you're right people claim like yeah

983
00:47:05,420 --> 00:47:00,600
yeah you're Erie huh we have a Lake Erie

984
00:47:08,240 --> 00:47:05,430
monster too well any other well we never

985
00:47:10,250 --> 00:47:08,250
got to talk about humanoids see there in

986
00:47:13,790 --> 00:47:10,260
don't I know there's been a lot of a lot

987
00:47:16,600 --> 00:47:13,800
of sightings of creatures and we

988
00:47:20,060 --> 00:47:16,610

investigated one case where this object

989

00:47:23,570 --> 00:47:20,070

the baby was a UFO a crash or semi UFO

990

00:47:24,080 --> 00:47:23,580

crash with this big chunka something or

991

00:47:25,850 --> 00:47:24,090

other

992

00:47:28,820 --> 00:47:25,860

it fell from the sky near a shopping

993

00:47:32,150 --> 00:47:28,830

mall that's into my hangar 18 a book

994

00:47:34,340 --> 00:47:32,160

which is now UFO crashes and legends I

995
