

EXPLORING THE BIZARRE

SECRET SPACE PROGRAM

1
00:00:37,479 --> 00:00:21,830

[Music]

2
00:00:44,430 --> 00:00:41,740

explode the bazaars are your e-ticket

3
00:00:47,710 --> 00:00:44,440

ride into the world of the paranoid

4
00:00:52,020 --> 00:00:47,720

strap yourself in as we traverse the

5
00:00:56,470 --> 00:00:52,030

universe exploring the unexplained UFO s

6
00:01:00,610 --> 00:00:56,480

ghosts Lost Worlds cryptozoology waters

7
00:01:05,109 --> 00:01:00,620

as well as other dimensions it's time to

8
00:01:07,359 --> 00:01:05,119

take back the night now your

9
00:01:18,469 --> 00:01:07,369

electrifying hosts of exploring the

10
00:01:26,060 --> 00:01:22,910

I can't believe that what am I looking

11
00:01:28,580 --> 00:01:26,070

at what is that on the sky look at that

12
00:01:31,399 --> 00:01:28,590

strange object it's just standing still

13
00:01:34,279 --> 00:01:31,409

I don't understand it it's absolutely

14

00:01:37,190 --> 00:01:34,289

otherworldly it couldn't possibly have

15

00:01:39,429 --> 00:01:37,200

been made here on earth but but what

16

00:01:42,230 --> 00:01:39,439

what is that is it it's surrounded by

17

00:01:44,539 --> 00:01:42,240

helicopters I don't understand it what

18

00:01:46,700 --> 00:01:44,549

would they be doing surrounded by

19

00:01:48,469 --> 00:01:46,710

military helicopters although all these

20

00:01:51,440 --> 00:01:48,479

black helicopters they seem to be

21

00:01:54,740 --> 00:01:51,450

leaving the object off Tim can you

22

00:01:56,630 --> 00:01:54,750

explain this to me I don't know but if

23

00:02:01,160 --> 00:01:56,640

you look closely enough on the bottom

24

00:02:10,960 --> 00:02:01,170

there Tim I think it says made in Japan

25

00:02:14,539 --> 00:02:10,970

ah or China China I don't know Tim I

26

00:02:20,660 --> 00:02:14,549

don't think it's an extraterrestrial

27

00:02:23,090 --> 00:02:20,670

craft but you know you talk about made

28

00:02:25,240 --> 00:02:23,100

in China that's about the only country I

29

00:02:27,650 --> 00:02:25,250

don't think that I've heard where UFOs

30

00:02:29,660 --> 00:02:27,660

terrestrial UFOs might be made I mean

31

00:02:31,340 --> 00:02:29,670

we've heard everything over the years of

32

00:02:33,050 --> 00:02:31,350

course some people said the Russians

33

00:02:36,129 --> 00:02:33,060

were doing it you and I tend to believe

34

00:02:38,440 --> 00:02:36,139

it might be some leftover German

35

00:02:42,500 --> 00:02:38,450

technology

36

00:02:47,479 --> 00:02:42,510

Japanese I think Nick Redford goes for

37

00:02:49,460 --> 00:02:47,489

that one but Chinese and UFOs I don't I

38

00:02:51,140 --> 00:02:49,470

don't know I I haven't I haven't heard

39

00:02:53,500 --> 00:02:51,150

that one but we're gonna hear a lot of

40

00:02:56,809 --> 00:02:53,510

strange things tonight I'm sure I mean

41

00:02:59,690 --> 00:02:56,819

maybe not so strange to us but is our

42

00:03:02,839 --> 00:02:59,700

listeners closed in and in turn up the

43

00:03:05,569 --> 00:03:02,849

the volume we're going to really throw

44

00:03:08,330 --> 00:03:05,579

some wild information at them

45

00:03:12,349 --> 00:03:08,340

speculation perhaps but backed by some

46

00:03:15,020 --> 00:03:12,359

very solid evidence because our two

47

00:03:19,400 --> 00:03:15,030

guests this evening are very well

48

00:03:22,069 --> 00:03:19,410

plugged in to the secret space program

49

00:03:23,629 --> 00:03:22,079

would you say that Tim oh yes definitely

50

00:03:25,940 --> 00:03:23,639

and and you know when we talk about the

51
00:03:29,449 --> 00:03:25,950
secret space program you know we're not

52
00:03:31,670 --> 00:03:29,459
talking about the secret space program

53
00:03:32,979 --> 00:03:31,680
that I guess was recently featured in

54
00:03:38,839 --> 00:03:32,989
the

55
00:03:43,880 --> 00:03:38,849
move on at a conference oh my god no

56
00:03:48,080 --> 00:03:43,890
yeah well but I think I think our guests

57
00:03:52,370 --> 00:03:48,090
have a lot more going on for them on the

58
00:03:53,570 --> 00:03:52,380
the veracity of their information so you

59
00:03:55,820 --> 00:03:53,580
know if you if you want to know about

60
00:03:57,620 --> 00:03:55,830
the secret space program you know the

61
00:04:00,110 --> 00:03:57,630
exploring the bizarre you know that's

62
00:04:02,180 --> 00:04:00,120
the show to listen to well that and

63
00:04:03,860 --> 00:04:02,190

that's our show so why don't you tell us

64

00:04:06,050 --> 00:04:03,870

who's going to be joining us this

65

00:04:08,120 --> 00:04:06,060

evening and we get on with the show

66

00:04:09,949 --> 00:04:08,130

my pleasure Tim well we have with us

67

00:04:14,690 --> 00:04:09,959

tonight Linda Zimmerman and Michael

68

00:04:17,030 --> 00:04:14,700

strat now Linda who has been on our show

69

00:04:19,069 --> 00:04:17,040

before is a research chemist

70

00:04:21,259 --> 00:04:19,079

turned award-winning author of 30 books

71

00:04:23,900 --> 00:04:21,269

on science history the paranormal and

72

00:04:26,030 --> 00:04:23,910

fiction her ghost investigator series of

73

00:04:29,450 --> 00:04:26,040

books led to comic books based on her

74

00:04:31,700 --> 00:04:29,460

cases and her novel Hudson Valley zombie

75

00:04:34,129 --> 00:04:31,710

apocalypse I love the name was turned

76

00:04:35,930 --> 00:04:34,139

into a graphic novel and she also

77

00:04:37,520 --> 00:04:35,940

starred in an award-winning documentary

78

00:04:40,460 --> 00:04:37,530

in the night sky

79

00:04:43,760 --> 00:04:40,470

based on her research into UFO sightings

80

00:04:46,640 --> 00:04:43,770

in the Hudson Valley and one of her

81

00:04:50,150 --> 00:04:46,650

books that we've we've talked about

82

00:04:52,969 --> 00:04:50,160

previously is more Hudson Valley UFOs

83

00:04:55,279 --> 00:04:52,979

and our other guest tonight is Michael

84

00:04:57,529 --> 00:04:55,289

rat Michael is a military aerospace

85

00:04:59,810 --> 00:04:57,539

historian who is lectured across the

86

00:05:02,210 --> 00:04:59,820

country on the subject of mystery

87

00:05:04,850 --> 00:05:02,220

aircraft and classified propulsion

88

00:05:06,879 --> 00:05:04,860

propulsion systems that are buried deep

89

00:05:09,320 --> 00:05:06,889

within the military industrial complex

90

00:05:12,159 --> 00:05:09,330

Michael has developed a number of

91

00:05:14,900 --> 00:05:12,169

contacts who have first-hand experience

92

00:05:17,360 --> 00:05:14,910

dealing with the whole classified you

93

00:05:19,960 --> 00:05:17,370

know black budget programs including

94

00:05:23,900 --> 00:05:19,970

former United States Air Force pilots

95

00:05:26,420 --> 00:05:23,910

retired naval personnel and aerospace

96

00:05:29,020 --> 00:05:26,430

engineers who have Maine Dade who have

97

00:05:30,200 --> 00:05:29,030

maintained a top-secret Q magic

98

00:05:32,990 --> 00:05:30,210

clearance

99

00:05:34,490 --> 00:05:33,000

so Michael Linda thank you very much for

100

00:05:36,020 --> 00:05:34,500

being with us tonight on exploring the

101

00:05:39,320 --> 00:05:36,030

bizarre Wow

102

00:05:41,570 --> 00:05:39,330

you know I can't wait to it to get into

103

00:05:44,899 --> 00:05:41,580

this and I think I'll start out Michael

104

00:05:45,950 --> 00:05:44,909

you know we we have met but and of

105

00:05:48,980 --> 00:05:45,960

course I've listened to

106

00:05:51,920 --> 00:05:48,990

few of your II lectures but I don't

107

00:05:55,749 --> 00:05:51,930

really know too much if anything about

108

00:05:59,450 --> 00:05:55,759

your background did you start out as a

109

00:06:02,150 --> 00:05:59,460

UFO investigator who believes in the ETH

110

00:06:03,710 --> 00:06:02,160

the extra-terrestrial hypothesis do you

111

00:06:07,159 --> 00:06:03,720

still believe in that now I notice we

112

00:06:10,520 --> 00:06:07,169

have a a manuscript that you wrote

113

00:06:13,580 --> 00:06:10,530

that's on the internet about to crash

114

00:06:16,490 --> 00:06:13,590

UFO retrieval so that does come to mind

115

00:06:18,409 --> 00:06:16,500

what did you just tell us a little bit

116

00:06:21,469 --> 00:06:18,419

about your background and how you got to

117

00:06:24,260 --> 00:06:21,479

where you are today sure sure no problem

118

00:06:26,330 --> 00:06:24,270

35 years ago I guess that the best place

119

00:06:30,170 --> 00:06:26,340

to start would be at the Oshkosh air

120

00:06:33,140 --> 00:06:30,180

show in Wisconsin where I had been going

121

00:06:34,820 --> 00:06:33,150

for four decades now and it's really the

122

00:06:38,450 --> 00:06:34,830

largest air show in the world and always

123

00:06:40,939 --> 00:06:38,460

fascinated by aircraft and I just wanted

124

00:06:43,760 --> 00:06:40,949

to find out what was going on behind the

125

00:06:44,420 --> 00:06:43,770

scenes aircraft that you might see at an

126

00:06:46,730 --> 00:06:44,430

airshow

127

00:06:48,350 --> 00:06:46,740

I started piecing it together that this

128

00:06:51,050 --> 00:06:48,360

could be twenty thirty forty years

129

00:06:53,390 --> 00:06:51,060

already obsolete I wanted to know what

130

00:06:55,760 --> 00:06:53,400

was going on behind the scenes where our

131

00:06:57,860 --> 00:06:55,770

tax dollars are disappearing what type

132

00:06:59,779 --> 00:06:57,870

programs are exempt from congressional

133

00:07:02,300 --> 00:06:59,789

oversight and public scrutiny and that

134

00:07:05,180 --> 00:07:02,310

was the start of my research now how

135

00:07:06,740 --> 00:07:05,190

about as far as like UFOs go did you

136

00:07:08,990 --> 00:07:06,750

have a little background in that I'd

137

00:07:12,920 --> 00:07:09,000

read on the subject I certainly read on

138

00:07:14,510 --> 00:07:12,930

the subject but being close to 2457 West

139

00:07:17,570 --> 00:07:14,520

Peterson Avenue which is the

140

00:07:21,140 --> 00:07:17,580

headquarters for Koufos I was given

141

00:07:23,209 --> 00:07:21,150

access to their vast 60,000 archive file

142

00:07:25,580 --> 00:07:23,219

collection and it's been about three

143

00:07:27,830 --> 00:07:25,590

years going through all 60,000 cases

144

00:07:30,680 --> 00:07:27,840

picking out the best cases that had a

145

00:07:33,290 --> 00:07:30,690

multi-page description and a very good

146

00:07:35,719 --> 00:07:33,300

sketch and that was kind of the genesis

147

00:07:38,719 --> 00:07:35,729

of the research well we are at speaking

148

00:07:41,719 --> 00:07:38,729

of Koufos and dr. Hynek we are

149

00:07:44,300 --> 00:07:41,729

celebrating this week the anniversary of

150

00:07:46,399 --> 00:07:44,310

the release of Close Encounters of the

151
00:07:47,990 --> 00:07:46,409
Third Kind that's me yeah the Moot yeah

152
00:07:50,060 --> 00:07:48,000
the movie is that back in the year the

153
00:07:53,120 --> 00:07:50,070
theaters in limited they're released for

154
00:07:56,600 --> 00:07:53,130
a week and it was it was an exciting

155
00:07:58,580 --> 00:07:56,610
film when it came out I know it's one of

156
00:08:00,410 --> 00:07:58,590
the movies that I've seen more than

157
00:08:02,450 --> 00:08:00,420
more than once quite a few times I never

158
00:08:06,310 --> 00:08:02,460
seem to get tired of it I probably

159
00:08:09,590 --> 00:08:06,320
happen in three different DVD DVD

160
00:08:12,050 --> 00:08:09,600
formats did you ever believe that UFOs

161
00:08:13,960 --> 00:08:12,060
are war extraterrestrial that some of

162
00:08:17,320 --> 00:08:13,970
them are do you believe that today I

163
00:08:20,630 --> 00:08:17,330

keep an open mind but I also know that a

164

00:08:23,950 --> 00:08:20,640

significant majority of aircraft that we

165

00:08:26,930 --> 00:08:23,960

might see in the sky that are perhaps

166

00:08:29,540 --> 00:08:26,940

identified as extraterrestrial UFOs are

167

00:08:31,880 --> 00:08:29,550

definitely in point of fact a number of

168

00:08:34,130 --> 00:08:31,890

deep black programs procured by the

169

00:08:36,320 --> 00:08:34,140

military industrial complex specifically

170

00:08:38,990 --> 00:08:36,330

Lockheed Martin Boeing fantomworks

171

00:08:41,090 --> 00:08:39,000

Northrop McDonnell Douglas which has

172

00:08:44,450 --> 00:08:41,100

been taken over by Boeing so at this

173

00:08:47,270 --> 00:08:44,460

point it's reached a factor where the

174

00:08:49,730 --> 00:08:47,280

form fit and function of these crafts

175

00:08:50,870 --> 00:08:49,740

mimic the actual article so it's it's

176

00:08:53,840 --> 00:08:50,880

hard to tell the difference at this

177

00:08:55,940 --> 00:08:53,850

point okay so so you you are saying that

178

00:08:59,240 --> 00:08:55,950

maybe there were some of these crafts

179

00:09:01,070 --> 00:08:59,250

that we see that we interpret as being I

180

00:09:02,270 --> 00:09:01,080

say extraterrestrial I don't believe

181

00:09:03,560 --> 00:09:02,280

that there are extraterrestrial I think

182

00:09:05,360 --> 00:09:03,570

they're interdimensional or something

183

00:09:10,130 --> 00:09:05,370

else but we're going to just use that

184

00:09:12,560 --> 00:09:10,140

phrase to cut to the to the chase do you

185

00:09:16,910 --> 00:09:12,570

think that some of these crafts like I I

186

00:09:20,240 --> 00:09:16,920

started out with my little get there the

187

00:09:22,310 --> 00:09:20,250

cache land of a case I mean do you think

188

00:09:25,100 --> 00:09:22,320

that some of these crafts are have been

189

00:09:26,540 --> 00:09:25,110

back engineered mmm that's the 64

190

00:09:28,940 --> 00:09:26,550

million dollar question that we're all

191

00:09:31,520 --> 00:09:28,950

trying to answer that's a difficult

192

00:09:33,860 --> 00:09:31,530

bridge to cross I don't have any

193

00:09:36,320 --> 00:09:33,870

physical evidence to make that leap I'm

194

00:09:38,630 --> 00:09:36,330

open to it but what I try to do is I

195

00:09:41,270 --> 00:09:38,640

look at the physical characteristics

196

00:09:43,490 --> 00:09:41,280

based on the eyewitness reports of what

197

00:09:45,620 --> 00:09:43,500

they're seeing what they're identifying

198

00:09:48,410 --> 00:09:45,630

and when you put that together as a

199

00:09:50,540 --> 00:09:48,420

tapestry you start getting a pattern

200

00:09:53,930 --> 00:09:50,550

recognition and you can start to see

201
00:09:55,850 --> 00:09:53,940
this jigsaw unraveling itself just to

202
00:09:58,130 --> 00:09:55,860
give you a couple of quick examples if

203
00:10:01,880 --> 00:09:58,140
you look at the bottom under structure

204
00:10:03,740 --> 00:10:01,890
of the Hudson Valley boomerang and also

205
00:10:08,180 --> 00:10:03,750
the bottom under structure of the

206
00:10:10,100 --> 00:10:08,190
Belgium triangle 1989-1990 and also the

207
00:10:11,990 --> 00:10:10,110
southern illinois triangle january 5th

208
00:10:14,840 --> 00:10:12,000
2000 they all exhibit

209
00:10:17,030 --> 00:10:14,850
this similar characteristics now like I

210
00:10:20,180 --> 00:10:17,040
mentioned earlier I'm open to the et

211
00:10:23,300 --> 00:10:20,190
hypothesis but just by looking at the

212
00:10:26,030 --> 00:10:23,310
structure the the function of these

213
00:10:27,650 --> 00:10:26,040

vehicles we're seeing tubes pipes and

214

00:10:30,020 --> 00:10:27,660

cylinders on the bottom of these craft

215

00:10:32,210 --> 00:10:30,030

we're hearing a low-frequency electrical

216

00:10:35,000 --> 00:10:32,220

humming noise like a transformer or a

217

00:10:36,800 --> 00:10:35,010

sewing machine we're seeing multicolored

218

00:10:40,730 --> 00:10:36,810

flashing lights on the bottom of these

219

00:10:43,220 --> 00:10:40,740

craft but not random or haphazard we're

220

00:10:45,650 --> 00:10:43,230

seeing a very distinctive pattern of

221

00:10:48,320 --> 00:10:45,660

Reds going off blues going off yellows

222

00:10:50,960 --> 00:10:48,330

going off greens going off up and down

223

00:10:52,880 --> 00:10:50,970

the length of these flying boomerang

224

00:10:55,010 --> 00:10:52,890

shaped craft so when you put this all

225

00:10:57,140 --> 00:10:55,020

together and the fact that a lot of

226

00:10:59,150 --> 00:10:57,150

these craft test flights are done on

227

00:11:00,710 --> 00:10:59,160

Thursday nights a significant number of

228

00:11:02,930 --> 00:11:00,720

Hudson Valley bloomerang sightings

229

00:11:05,660 --> 00:11:02,940

happen on Thursday nights we can start

230

00:11:07,640 --> 00:11:05,670

seeing that there may be a man-made

231

00:11:09,440 --> 00:11:07,650

component to this but I always keep an

232

00:11:12,080 --> 00:11:09,450

open mind because as Linda has pointed

233

00:11:14,030 --> 00:11:12,090

out in her multiple books sightings of

234

00:11:16,900 --> 00:11:14,040

these craft in the Hudson Valley New

235

00:11:18,680 --> 00:11:16,910

York area date back prior to 1900 so

236

00:11:20,510 --> 00:11:18,690

Lockheed skunkworks

237

00:11:23,900 --> 00:11:20,520

wasn't invented that so someone's

238

00:11:26,870 --> 00:11:23,910

building these well well now let's get

239

00:11:29,120 --> 00:11:26,880

to the cache random case I mean that's

240

00:11:32,300 --> 00:11:29,130

the one that's the one that comes to

241

00:11:35,090 --> 00:11:32,310

mind you know at first when I think

242

00:11:39,680 --> 00:11:35,100

about earth made saucers because it was

243

00:11:41,480 --> 00:11:39,690

surrounded by military helicopters and

244

00:11:44,750 --> 00:11:41,490

there were several witnesses there were

245

00:11:46,310 --> 00:11:44,760

two ladies in the car and the young boy

246

00:11:50,090 --> 00:11:46,320

who have actually heard on the air he

247

00:11:52,360 --> 00:11:50,100

has done a couple of podcasts and he's

248

00:11:54,950 --> 00:11:52,370

six pretty much with the the original

249

00:11:57,500 --> 00:11:54,960

story they they were driving along with

250

00:12:06,530 --> 00:11:57,510

it in Texas right hoffmann Texas

251
00:12:09,829 --> 00:12:06,540
December 29th 1980 was December 29th

252
00:12:12,079 --> 00:12:09,839
1980 when Betty cash Vickie Landrum and

253
00:12:16,550 --> 00:12:12,089
Colby Landrum were driving down kind of

254
00:12:18,800 --> 00:12:16,560
a deserted dark road after 9 p.m. and it

255
00:12:21,800 --> 00:12:18,810
was Colby who identified the craft first

256
00:12:23,630 --> 00:12:21,810
he saw this brilliantly lit white light

257
00:12:25,800 --> 00:12:23,640
approaching the vehicle and then all of

258
00:12:27,870 --> 00:12:25,810
a sudden and this put the fear

259
00:12:29,430 --> 00:12:27,880
of God and all three of the eyewitnesses

260
00:12:30,870 --> 00:12:29,440
I mean they thought that this was

261
00:12:33,930 --> 00:12:30,880
something otherworldly they were

262
00:12:36,180 --> 00:12:33,940
horrified this thing parked itself no

263
00:12:38,519 --> 00:12:36,190

more than 150 feet in front of their

264

00:12:39,269 --> 00:12:38,529

vehicle they were horrified they were

265

00:12:41,370 --> 00:12:39,279

scared

266

00:12:45,150 --> 00:12:41,380

Betty eventually got out of her vehicle

267

00:12:47,310 --> 00:12:45,160

went to the forward portion of her car

268

00:12:49,829 --> 00:12:47,320

and was watching this for well over a

269

00:12:51,390 --> 00:12:49,839

minute and what what it looked like was

270

00:12:54,540 --> 00:12:51,400

two icecream cones

271

00:12:56,490 --> 00:12:54,550

stack and n with the with the thick ends

272

00:13:00,900 --> 00:12:56,500

connecting each other and this thing was

273

00:13:03,720 --> 00:13:00,910

bobbing above the concrete paved section

274

00:13:05,280 --> 00:13:03,730

there and every time it would go up the

275

00:13:07,140 --> 00:13:05,290

flames would come out of the bottom of

276

00:13:09,269 --> 00:13:07,150

it and then as it was bobbing down the

277

00:13:10,980 --> 00:13:09,279

flame would go off and so it looks like

278

00:13:13,680 --> 00:13:10,990

something was going on with the

279

00:13:17,220 --> 00:13:13,690

propulsion system immediately after this

280

00:13:19,260 --> 00:13:17,230

sighting took place they all suffer the

281

00:13:22,260 --> 00:13:19,270

effects of acute radiation sickness and

282

00:13:24,450 --> 00:13:22,270

poisoning so there was definitely a

283

00:13:27,720 --> 00:13:24,460

man-made component as you mentioned

284

00:13:28,950 --> 00:13:27,730

there were 23 double rotors ch-47

285

00:13:31,470 --> 00:13:28,960

chinook helicopters that were

286

00:13:33,780 --> 00:13:31,480

shepherding this craft along with what

287

00:13:36,260 --> 00:13:33,790

we believe to be a sikorsky sky crane

288

00:13:39,240 --> 00:13:36,270

and to uh-1 attack helicopters

289

00:13:41,630 --> 00:13:39,250

absolutely a man-made component to this

290

00:13:44,040 --> 00:13:41,640

and this isn't the first time that

291

00:13:46,470 --> 00:13:44,050

helicopters have been seen shepherding

292

00:13:50,360 --> 00:13:46,480

aircraft in the Texas area so there's a

293

00:13:56,040 --> 00:13:50,370

pattern recognition here as well the the

294

00:13:58,620 --> 00:13:56,050

officials with the Air Force when

295

00:14:00,360 --> 00:13:58,630

questioned about this said this couldn't

296

00:14:03,180 --> 00:14:00,370

about anything of ours because this is

297

00:14:06,450 --> 00:14:03,190

during a holiday and you know everybody

298

00:14:08,730 --> 00:14:06,460

was home with their families all I would

299

00:14:12,000 --> 00:14:08,740

say to that is if you look at the Atomic

300

00:14:15,210 --> 00:14:12,010

Energy Commission the US Air Force and

301
00:14:16,860 --> 00:14:15,220
US Navy by 1960 they already spent nine

302
00:14:19,140 --> 00:14:16,870
hundred and ninety million dollars on

303
00:14:21,810 --> 00:14:19,150
the NEPA program that's the nuclear

304
00:14:24,180 --> 00:14:21,820
energy for propulsion of aircraft by

305
00:14:26,190 --> 00:14:24,190
1960 they already blew almost a billion

306
00:14:28,050 --> 00:14:26,200
dollars of R&D funding on it now you

307
00:14:31,290 --> 00:14:28,060
know they got something for their money

308
00:14:33,840 --> 00:14:31,300
and it's it's certainly appears that

309
00:14:35,850 --> 00:14:33,850
there was a hull breach and their

310
00:14:37,650 --> 00:14:35,860
reaction reactor and fissionable

311
00:14:39,310 --> 00:14:37,660
material started spewing out of the

312
00:14:41,650 --> 00:14:39,320
bottom of this craft

313
00:14:45,190 --> 00:14:41,660

and and this is what perhaps caused the

314

00:14:48,460 --> 00:14:45,200

radiation sickness do you know did

315

00:14:50,620 --> 00:14:48,470

anybody else reported a UFO sightings

316

00:14:52,870 --> 00:14:50,630

that evening in the general their eye

317

00:14:56,020 --> 00:14:52,880

witnesses beside those three that saw it

318

00:14:57,610 --> 00:14:56,030

so it wasn't just them and here's the

319

00:14:59,650 --> 00:14:57,620

interesting part when you talk to John

320

00:15:02,590 --> 00:14:59,660

Schuessler about this he said he's a bit

321

00:15:05,890 --> 00:15:02,600

close hold about this case but he will

322

00:15:08,500 --> 00:15:05,900

tell you that when he got there he took

323

00:15:11,620 --> 00:15:08,510

photographs of the scorched concrete

324

00:15:13,990 --> 00:15:11,630

pavement and then we found out later

325

00:15:16,600 --> 00:15:14,000

that the Army Corps of Engineers came in

326

00:15:19,300 --> 00:15:16,610

and they dug up the pavement and repaved

327

00:15:21,370 --> 00:15:19,310

it and then two weeks later they came

328

00:15:24,910 --> 00:15:21,380

back and they did it again they dug up

329

00:15:26,410 --> 00:15:24,920

the road a second time so right there it

330

00:15:30,420 --> 00:15:26,420

tells you that their government

331

00:15:34,560 --> 00:15:30,430

involvement all right if this was a

332

00:15:38,140 --> 00:15:34,570

secret black project aircraft any

333

00:15:41,380 --> 00:15:38,150

has there been any scuttlebutt on where

334

00:15:44,770 --> 00:15:41,390

it may have originated from and where it

335

00:15:46,780 --> 00:15:44,780

was escorted to afterwards from what

336

00:15:49,870 --> 00:15:46,790

I've been able to determine that this

337

00:15:52,720 --> 00:15:49,880

was basically a stealthy troop transport

338

00:15:54,580 --> 00:15:52,730

out of gray Army Airfield I believe

339

00:15:58,870 --> 00:15:54,590

that's the origin point and there is

340

00:16:00,310 --> 00:15:58,880

some indication that seems to basically

341

00:16:01,990 --> 00:16:00,320

support the theory that there is an

342

00:16:04,450 --> 00:16:02,000

underground facility there because we've

343

00:16:06,820 --> 00:16:04,460

had Cessna 172 pilots that have made

344

00:16:09,390 --> 00:16:06,830

emergency landings on these very strange

345

00:16:11,320 --> 00:16:09,400

runways there so that's that was

346

00:16:15,930 --> 00:16:11,330

procured within the Leonard Stringfield

347

00:16:18,990 --> 00:16:15,940

reports mm-hmm and I had actually heard

348

00:16:22,840 --> 00:16:19,000

somewhere along the line that that this

349

00:16:26,950 --> 00:16:22,850

aircraft may have actually been intended

350

00:16:29,740 --> 00:16:26,960

to use in Iran during the during the

351

00:16:32,080 --> 00:16:29,750

ill-fated rescue attempt that it was

352

00:16:34,270 --> 00:16:32,090

that it was it was supposed to come in

353

00:16:37,210 --> 00:16:34,280

and basically you know act as like a

354

00:16:38,710 --> 00:16:37,220

decoy and blind everybody and and then

355

00:16:41,680 --> 00:16:38,720

the real helicopters would you know come

356

00:16:43,230 --> 00:16:41,690

in and that's possible

357

00:16:46,030 --> 00:16:43,240

I wouldn't also want to mention too that

358

00:16:48,310 --> 00:16:46,040

during this whole scene that this is

359

00:16:51,100 --> 00:16:48,320

taking place this craft was making a

360

00:16:53,550 --> 00:16:51,110

very loud beeping noise as this was all

361

00:16:55,949 --> 00:16:53,560

going on and after

362

00:16:59,460 --> 00:16:55,959

this event took place the United States

363

00:17:03,629 --> 00:16:59,470

Army contacted Betty cash and personally

364

00:17:08,039 --> 00:17:03,639

offered to buy her car hmm so I just

365

00:17:09,600 --> 00:17:08,049

wonder why and she didn't sell I don't

366

00:17:13,049 --> 00:17:09,610

think she sold it no but she was a

367

00:17:16,049 --> 00:17:13,059

crusader all the way to the end well

368

00:17:18,899 --> 00:17:16,059

yeah well she actually took the the

369

00:17:21,210 --> 00:17:18,909

government to declare it that's how her

370

00:17:24,510 --> 00:17:21,220

or was the military I can't remember

371

00:17:27,740 --> 00:17:24,520

which or maybe both you know and and and

372

00:17:31,470 --> 00:17:27,750

didn't did the government actually offer

373

00:17:33,270 --> 00:17:31,480

to settle out of court not that I'm

374

00:17:35,909 --> 00:17:33,280

aware of the judge never heard their

375

00:17:38,610 --> 00:17:35,919

case it was never hurt other girls it

376

00:17:43,940 --> 00:17:38,620

never went they it was never heard by a

377

00:17:47,490 --> 00:17:43,950

judge Wow yep yeah well and considering

378

00:17:49,529 --> 00:17:47,500

the physical symptoms that they all

379

00:17:51,960 --> 00:17:49,539

exhibited it after the fact I mean you

380

00:17:53,640 --> 00:17:51,970

know they definitely had encountered

381

00:17:59,130 --> 00:17:53,650

something you know you can't tell me

382

00:18:02,730 --> 00:17:59,140

that you know the loss of hair the

383

00:18:06,029 --> 00:18:02,740

cancer the the handprint that basically

384

00:18:09,149 --> 00:18:06,039

had been melted into the dashboard very

385

00:18:13,860 --> 00:18:09,159

well done yes yeah during the event

386

00:18:16,110 --> 00:18:13,870

yet it was it was really ignored you

387

00:18:20,549 --> 00:18:16,120

know people just like oh yeah haha you

388

00:18:25,049 --> 00:18:20,559

know they sure it happened it just it

389

00:18:27,270 --> 00:18:25,059

boggles my mind how and you know and you

390

00:18:30,779 --> 00:18:27,280

although this this has not been the only

391

00:18:33,210 --> 00:18:30,789

case where you know such physical

392

00:18:36,450 --> 00:18:33,220

evidence has come about from Close

393

00:18:38,520 --> 00:18:36,460

Encounters like that and it just tends

394

00:18:41,159 --> 00:18:38,530

to be ignored I agree with you because

395

00:18:43,889 --> 00:18:41,169

this is really ranks up there as one of

396

00:18:45,720 --> 00:18:43,899

the top three UFO cases within this

397

00:18:48,240 --> 00:18:45,730

field and yet it's almost totally

398

00:18:52,560 --> 00:18:48,250

forgotten and it's right up there at the

399

00:18:54,600 --> 00:18:52,570

top it has all the parameters of a of a

400

00:18:58,649 --> 00:18:54,610

class one case and yet it's almost

401
00:19:02,220 --> 00:18:58,659
completely forgotten now how far back

402
00:19:04,430 --> 00:19:02,230
would you say within now I mean you know

403
00:19:07,160 --> 00:19:04,440
the Air Force oh no didn't

404
00:19:09,590 --> 00:19:07,170
really didn't begin until 1947 but you

405
00:19:13,940 --> 00:19:09,600
know you have the army air force how far

406
00:19:19,160 --> 00:19:13,950
back do you think we can go when it

407
00:19:23,120 --> 00:19:19,170
comes to producing experimenting

408
00:19:24,380 --> 00:19:23,130
researching these types of exotic types

409
00:19:26,420 --> 00:19:24,390
of aircraft

410
00:19:28,790 --> 00:19:26,430
I'd have to say from the very beginning

411
00:19:30,920 --> 00:19:28,800
from the very beginning yep and then but

412
00:19:33,470 --> 00:19:30,930
what I like to focus in on the the

413
00:19:37,160 --> 00:19:33,480

origin point for me on the modern day

414

00:19:40,070 --> 00:19:37,170

classified black program starts in 1977

415

00:19:42,860 --> 00:19:40,080

with the first test flight of the

416

00:19:45,140 --> 00:19:42,870

Lockheed have blue proof of design

417

00:19:47,060 --> 00:19:45,150

concept demonstrator at Groom Lake area

418

00:19:48,890 --> 00:19:47,070

51 with Ben rich and Kelly Johnson

419

00:19:51,650 --> 00:19:48,900

watching the whole thing take place that

420

00:19:53,090 --> 00:19:51,660

is the origin point of the black program

421

00:19:56,150 --> 00:19:53,100

research as far as I'm concerned for

422

00:19:59,240 --> 00:19:56,160

modern-day research and now and they

423

00:20:01,610 --> 00:19:59,250

have blue that was a an early prototype

424

00:20:05,330 --> 00:20:01,620

of stealth aircraft Wow that's correct

425

00:20:08,000 --> 00:20:05,340

that's correct though so okay now why do

426
00:20:10,340 --> 00:20:08,010
you think that that is for you that's

427
00:20:15,080 --> 00:20:10,350
the beginning because that's the point

428
00:20:19,190 --> 00:20:15,090
where Lockheed started having a liaison

429
00:20:21,830 --> 00:20:19,200
with the with the higher-ups in Pentagon

430
00:20:24,050 --> 00:20:21,840
brass because they were signing the

431
00:20:26,480 --> 00:20:24,060
checks for the skunk works in Burbank

432
00:20:28,220 --> 00:20:26,490
and from that point forward at that

433
00:20:30,170 --> 00:20:28,230
point we ran into the Reagan

434
00:20:33,290 --> 00:20:30,180
administration and the Reagan buildup

435
00:20:35,870 --> 00:20:33,300
from 1981 to 1989 we can talk about that

436
00:20:37,790 --> 00:20:35,880
later on but that's the origin point and

437
00:20:40,700 --> 00:20:37,800
then the Reagan buildup is when it

438
00:20:43,430 --> 00:20:40,710

really started started branching off

439

00:20:46,310 --> 00:20:43,440

from there well you know Michael but

440

00:20:48,980 --> 00:20:46,320

what I wonder about though is if we do

441

00:20:51,830 --> 00:20:48,990

have these exotic aircraft why don't we

442

00:20:54,620 --> 00:20:51,840

use them I mean we use them to fly over

443

00:20:58,040 --> 00:20:54,630

the Hudson Valley or over Phoenix or

444

00:21:01,850 --> 00:20:58,050

over some small town in Texas why don't

445

00:21:03,440 --> 00:21:01,860

we use them where it where it counts let

446

00:21:05,180 --> 00:21:03,450

me try to break this down for you and

447

00:21:07,070 --> 00:21:05,190

this comes from my good friend mark

448

00:21:09,320 --> 00:21:07,080

McCandlish so I got to give credit to

449

00:21:11,420 --> 00:21:09,330

him but when we talk about these black

450

00:21:13,470 --> 00:21:11,430

programs and why we use some and we

451
00:21:16,380 --> 00:21:13,480
don't use the others he

452
00:21:19,200 --> 00:21:16,390
he reckons this as being three tiers of

453
00:21:21,750 --> 00:21:19,210
Technology so tier number one is your

454
00:21:24,350 --> 00:21:21,760
common ordinary garden-variety vanilla

455
00:21:28,860 --> 00:21:24,360
flavored aircraft like your f15 f-16

456
00:21:30,990 --> 00:21:28,870
f-14 tier 2 our previous black programs

457
00:21:32,640 --> 00:21:31,000
which have been Declassified into the

458
00:21:35,150 --> 00:21:32,650
so-called white world now for example

459
00:21:38,070 --> 00:21:35,160
that would be the f-117 stealth fighter

460
00:21:41,310 --> 00:21:38,080
b-2 stealth bomber Boeing phantom works

461
00:21:43,289 --> 00:21:41,320
bird of prey tier three are classified

462
00:21:45,180 --> 00:21:43,299
unacknowledged special access programs

463
00:21:47,820 --> 00:21:45,190

which have virtually no congressional

464

00:21:50,549 --> 00:21:47,830

oversight and circumvent the established

465

00:21:53,130 --> 00:21:50,559

laws of physics kind of like the Belgium

466

00:21:57,900 --> 00:21:53,140

triangle Hudson Valley boomerang and the

467

00:21:59,820 --> 00:21:57,910

tr-3b or the Teledyne Ryan 3b so those

468

00:22:03,299 --> 00:21:59,830

are the three categories or the three

469

00:22:05,490 --> 00:22:03,309

tiers of Technology well I mean are they

470

00:22:08,490 --> 00:22:05,500

ever going to to tell the public about

471

00:22:11,250 --> 00:22:08,500

this or is it always going to remain a

472

00:22:14,880 --> 00:22:11,260

closely guarded classified secret well

473

00:22:18,180 --> 00:22:14,890

the last time we had something unveiled

474

00:22:20,520 --> 00:22:18,190

for us as taxpayers of a manned black

475

00:22:23,280 --> 00:22:20,530

program was during the Bush

476

00:22:25,230 --> 00:22:23,290

administration in 2002 when Boeing

477

00:22:27,659 --> 00:22:25,240

fantomworks Berta play prey was

478

00:22:30,330 --> 00:22:27,669

Declassified that's the last time we've

479

00:22:33,240 --> 00:22:30,340

had anything so we're well overdue for

480

00:22:34,470 --> 00:22:33,250

something to be reinvade but I don't see

481

00:22:36,720 --> 00:22:34,480

anything coming up in the near future

482

00:22:38,549 --> 00:22:36,730

well you know I I remember hearing on

483

00:22:40,740 --> 00:22:38,559

the news I guess this goes back maybe

484

00:22:42,720 --> 00:22:40,750

five or six years ago I didn't work it

485

00:22:44,400 --> 00:22:42,730

down that there was an aircraft they

486

00:22:47,220 --> 00:22:44,410

said was able to fly from the east coast

487

00:22:48,659 --> 00:22:47,230

of the West Coast in 15 minutes but then

488

00:22:52,169 --> 00:22:48,669

you never heard anything more about it

489

00:22:54,380 --> 00:22:52,179

well you can talk to Linda because if

490

00:22:58,260 --> 00:22:54,390

you look at Hudson Valley boomerang and

491

00:23:00,150 --> 00:22:58,270

night siege we have these cases going

492

00:23:01,710 --> 00:23:00,160

from Horizon to Horizon in under two

493

00:23:03,900 --> 00:23:01,720

seconds so that's even better than that

494

00:23:06,030 --> 00:23:03,910

technology well we will be doing that

495

00:23:08,789 --> 00:23:06,040

when we come back from our first break

496

00:23:18,019 --> 00:23:08,799

on exploring the bizarre in a very

497

00:23:24,749 --> 00:23:22,169

now back to exploring the bazaar with

498

00:23:28,049 --> 00:23:24,759

two of the most electrifying researchers

499

00:23:35,220 --> 00:23:28,059

in the Paranoid your hosts Timothy Becca

500

00:23:37,680 --> 00:23:35,230

Lee and Taylor Swift's Wow you know a

501
00:23:41,869 --> 00:23:37,690
Tim before we continue I did want to

502
00:23:43,799 --> 00:23:41,879
give a shout out to our friends in the

503
00:23:47,430 --> 00:23:43,809
Caribbean we have actually a few

504
00:23:49,409 --> 00:23:47,440
listeners in the Virgin Islands and of

505
00:23:53,369 --> 00:23:49,419
course along the path that the hurricane

506
00:23:56,580 --> 00:23:53,379
is taking up through Florida we wish

507
00:24:00,330 --> 00:23:56,590
them you know to be safe in the sound

508
00:24:02,129 --> 00:24:00,340
and that their homes not be destroyed

509
00:24:04,830 --> 00:24:02,139
and that everything work out for

510
00:24:07,889 --> 00:24:04,840
everybody and perhaps if we put enough

511
00:24:12,680 --> 00:24:07,899
effort and concentrate and maybe we can

512
00:24:16,680 --> 00:24:12,690
turn the hurricane a little bit to the

513
00:24:21,869 --> 00:24:16,690

offshore so it doesn't hit Miami

514

00:24:24,899 --> 00:24:21,879

directly anyway now I am of the opinion

515

00:24:29,460 --> 00:24:24,909

of course that some of these objects

516

00:24:32,190 --> 00:24:29,470

could be manufactured here on earth now

517

00:24:34,320 --> 00:24:32,200

I go a little bit back further than that

518

00:24:39,419 --> 00:24:34,330

Tim and you and I have written about

519

00:24:42,180 --> 00:24:39,429

this and books like the Nazi Time

520

00:24:45,539 --> 00:24:42,190

Traveller's book that we recently put

521

00:24:49,229 --> 00:24:45,549

out that the Germans as far back as the

522

00:24:51,450 --> 00:24:49,239

1920s we're doing their research and

523

00:24:55,499 --> 00:24:51,460

channeling information supposedly from

524

00:24:58,009 --> 00:24:55,509

beings from some other solar system and

525

00:25:01,109 --> 00:24:58,019

giving them information on how to build

526

00:25:03,450 --> 00:25:01,119

disc-shaped craft and i do believe that

527

00:25:06,680 --> 00:25:03,460

there is considerable a bit of evidence

528

00:25:10,680 --> 00:25:06,690

that at least some of the early UFO

529

00:25:13,470 --> 00:25:10,690

reports involved craft of this of this

530

00:25:18,149 --> 00:25:13,480

type and we outlined that of course in

531

00:25:20,909 --> 00:25:18,159

our several of our books so i do think

532

00:25:24,810 --> 00:25:20,919

that you know we do have both that were

533

00:25:27,570 --> 00:25:24,820

dealing with here but certainly the

534

00:25:29,909 --> 00:25:27,580

what goes on as far as the UFO sightings

535

00:25:32,759 --> 00:25:29,919

go not all these crafts are necessarily

536

00:25:36,810 --> 00:25:32,769

physical in the sense some of them even

537

00:25:39,180 --> 00:25:36,820

appear to be interdimensional in origin

538

00:25:41,519 --> 00:25:39,190

I mean the things that they do are even

539

00:25:45,090 --> 00:25:41,529

beyond I think any technology that we

540

00:25:47,789 --> 00:25:45,100

might have at this time or even within

541

00:25:51,110 --> 00:25:47,799

the next 30 or 40 years if they're

542

00:25:55,649 --> 00:25:51,120

playing this kind of a ketchup game

543

00:25:59,220 --> 00:25:55,659

honest now Linda Zimmerman we've had her

544

00:26:02,249 --> 00:25:59,230

on the program before she is a an

545

00:26:06,389 --> 00:26:02,259

authority on the Hudson Valley UFO

546

00:26:08,700 --> 00:26:06,399

sightings that were big in the 1980s and

547

00:26:10,019 --> 00:26:08,710

I do believe that they persist that to

548

00:26:13,950 --> 00:26:10,029

this day because she's written a number

549

00:26:17,210 --> 00:26:13,960

of books on the the subject now the

550

00:26:22,019 --> 00:26:17,220

objects that were seen Linda over the

551
00:26:25,019 --> 00:26:22,029
Hudson Valley especially this triangular

552
00:26:27,539 --> 00:26:25,029
shaped device or boomerang it's been

553
00:26:32,159 --> 00:26:27,549
called what what are your feelings as to

554
00:26:35,159 --> 00:26:32,169
its points of origin well I think that

555
00:26:38,580 --> 00:26:35,169
we have a mixed bag because certainly

556
00:26:41,159 --> 00:26:38,590
the things Michael talks about are make

557
00:26:44,249 --> 00:26:41,169
a lot of sense the craft that had the

558
00:26:47,600 --> 00:26:44,259
the beams and the valves and people

559
00:26:51,139 --> 00:26:47,610
described looking like tinker toys or

560
00:26:55,350 --> 00:26:51,149
you know constructions that put together

561
00:26:59,999 --> 00:26:55,360
certainly they they seem to be man-made

562
00:27:04,740 --> 00:27:00,009
and bolstering that is that there were

563
00:27:09,350 --> 00:27:04,750

two groups of pilots in the area who

564

00:27:13,110 --> 00:27:09,360

were trying to hoax appearing to be UFOs

565

00:27:15,960 --> 00:27:13,120

a group of Cessna pilots who called

566

00:27:19,320 --> 00:27:15,970

themselves the Martians and a group of

567

00:27:22,619 --> 00:27:19,330

ultralight pilots who were risking their

568

00:27:25,789 --> 00:27:22,629

licenses and careers by flying illegally

569

00:27:30,749 --> 00:27:25,799

at night ultralights are not allowed to

570

00:27:33,720 --> 00:27:30,759

fly at night and despite massive

571

00:27:36,750 --> 00:27:33,730

evidence having the tail numbers of

572

00:27:38,370 --> 00:27:36,760

planes having the identities of some of

573

00:27:42,930 --> 00:27:38,380

these pilots

574

00:27:46,769 --> 00:27:42,940

nothing was ever done it seemed to at

575

00:27:49,499 --> 00:27:46,779

least be pass it approval by government

576

00:27:52,680 --> 00:27:49,509

agencies here who easily could have

577

00:27:55,409 --> 00:27:52,690

cracked down on these pilots and stopped

578

00:27:58,080 --> 00:27:55,419

it because it was very dangerous what

579

00:28:00,570 --> 00:27:58,090

they were doing because you had people

580

00:28:04,740 --> 00:28:00,580

stopping their cars in the middle of

581

00:28:07,159 --> 00:28:04,750

busy highways and getting out you had

582

00:28:09,899 --> 00:28:07,169

people getting into accidents you had

583

00:28:14,279 --> 00:28:09,909

there was a case of one pregnant woman

584

00:28:18,149 --> 00:28:14,289

who almost drove off the road so what

585

00:28:22,889 --> 00:28:18,159

they were doing was foolish if it was

586

00:28:28,259 --> 00:28:22,899

just a prank but some of the things I

587

00:28:31,769 --> 00:28:28,269

have heard is that they were encouraged

588

00:28:34,230 --> 00:28:31,779

let's say certainly not discouraged from

589

00:28:36,509 --> 00:28:34,240

doing what they were doing because it

590

00:28:40,619 --> 00:28:36,519

muddied the waters of whatever was

591

00:28:43,680 --> 00:28:40,629

actually flying and government agencies

592

00:28:46,830 --> 00:28:43,690

and police agencies when anybody anytime

593

00:28:50,039 --> 00:28:46,840

anybody called could just say oh it's

594

00:28:54,269 --> 00:28:50,049

those pilots again those hoaxing pilots

595

00:28:56,700 --> 00:28:54,279

and dismiss it as that so to this day in

596

00:29:01,139 --> 00:28:56,710

fact I gave a lecture just a couple of

597

00:29:03,240 --> 00:29:01,149

hours ago locally here and the subject

598

00:29:06,869 --> 00:29:03,250

of the pilots came up Oh wasn't that

599

00:29:10,369 --> 00:29:06,879

whole era just these pilots flying in

600

00:29:14,119 --> 00:29:10,379

formation so it was an extremely

601
00:29:19,619 --> 00:29:14,129
effective disinformation act that

602
00:29:22,980 --> 00:29:19,629
30-plus years later is still is still

603
00:29:28,470 --> 00:29:22,990
effective so if you were flying some

604
00:29:32,249 --> 00:29:28,480
sort of black ops craft that would be a

605
00:29:34,320 --> 00:29:32,259
great way to put some you know put the

606
00:29:38,220 --> 00:29:34,330
disinformation out there put up a cover

607
00:29:40,769 --> 00:29:38,230
story and you can continue to do what

608
00:29:44,970 --> 00:29:40,779
you were doing with impunity

609
00:29:48,320 --> 00:29:44,980
however on the other hand these types of

610
00:29:51,919 --> 00:29:48,330
craft had been seen for many decades

611
00:29:56,119 --> 00:29:51,929
previously and another thing that

612
00:29:58,460 --> 00:29:56,129
think is shows that they I don't know

613
00:30:02,210 --> 00:29:58,470

that they could have all been government

614

00:30:10,629 --> 00:30:02,220

craft is the huge variety of shapes and

615

00:30:14,289 --> 00:30:10,639

sizes rectangles triangles disks cigars

616

00:30:18,080 --> 00:30:14,299

big big triangles little triangles

617

00:30:20,930 --> 00:30:18,090

literally dozens and dozens of various

618

00:30:24,289 --> 00:30:20,940

shapes and sizes and and for what and

619

00:30:27,950 --> 00:30:24,299

for what purpose I mean why would you

620

00:30:30,799 --> 00:30:27,960

know the the secret government why would

621

00:30:34,789 --> 00:30:30,809

they want to fly objects over the Hudson

622

00:30:36,950 --> 00:30:34,799

Valley I mean what what what why why do

623

00:30:39,109 --> 00:30:36,960

that I mean just to see what reaction

624

00:30:41,509 --> 00:30:39,119

they would get that that seems like a

625

00:30:44,180 --> 00:30:41,519

gross a waste of taxpayers money but

626

00:30:46,970 --> 00:30:44,190

that wouldn't be the first time no it

627

00:30:50,149 --> 00:30:46,980

wouldn't and you know we could we could

628

00:30:55,100 --> 00:30:50,159

debate all night the alleged wisdom of

629

00:30:57,470 --> 00:30:55,110

the government on many topics but you

630

00:30:59,539 --> 00:30:57,480

know perhaps they had their purposes but

631

00:31:02,509 --> 00:30:59,549

why takes something the size of a

632

00:31:04,940 --> 00:31:02,519

football field cover it in bright lights

633

00:31:07,549 --> 00:31:04,950

and park it over a major highway for

634

00:31:11,779 --> 00:31:07,559

twenty minutes if it's a black ops

635

00:31:14,960 --> 00:31:11,789

project it doesn't make sense to me but

636

00:31:20,330 --> 00:31:14,970

then again I you know how are we to know

637

00:31:25,220 --> 00:31:20,340

the workings of the government but I can

638

00:31:28,070 --> 00:31:25,230

say that some government aircraft have

639

00:31:31,580 --> 00:31:28,080

been flown over the Hudson Valley and

640

00:31:35,499 --> 00:31:31,590

somewhat recently you've probably heard

641

00:31:39,190 --> 00:31:35,509

of Woodstock and a couple of years ago

642

00:31:44,180 --> 00:31:39,200

there were quite a few sightings of

643

00:31:48,919 --> 00:31:44,190

large triangular aircraft with kind of a

644

00:31:52,580 --> 00:31:48,929

greenish glow that seemed to be have

645

00:31:55,609 --> 00:31:52,590

like a green beam between the the large

646

00:31:59,119 --> 00:31:55,619

aircraft and some kind of smaller

647

00:32:03,710 --> 00:31:59,129

aircraft behind it almost as if it was

648

00:32:05,870 --> 00:32:03,720

guiding you know somehow it was using

649

00:32:08,390 --> 00:32:05,880

this beam of light to God

650

00:32:12,170 --> 00:32:08,400

this other aircraft through the

651
00:32:15,320 --> 00:32:12,180
mountains of the Catskills and local

652
00:32:17,360 --> 00:32:15,330
police were and sheriff's were like well

653
00:32:20,120 --> 00:32:17,370
you know what's going on here we need

654
00:32:24,800 --> 00:32:20,130
some answers and they were kind of

655
00:32:28,340 --> 00:32:24,810
getting stonewalled but apparently the

656
00:32:32,860 --> 00:32:28,350
sheriff for this one area was told that

657
00:32:37,100 --> 00:32:32,870
aircraft that was going to be used in

658
00:32:40,460 --> 00:32:37,110
Afghanistan was being tested in the

659
00:32:44,150 --> 00:32:40,470
Catskills because the terrain was very

660
00:32:48,920 --> 00:32:44,160
similar so they apparently have some

661
00:32:52,810 --> 00:32:48,930
sort of remotely guided aircraft that

662
00:32:57,020 --> 00:32:52,820
was being tested in the Hudson Valley

663
00:32:58,700 --> 00:32:57,030

well and that's there's the rub right

664

00:33:02,180 --> 00:32:58,710

there okay you know there the reports

665

00:33:04,820 --> 00:33:02,190

was that you had an aircraft surrounded

666

00:33:07,460 --> 00:33:04,830

by this greenish glow which makes it

667

00:33:10,220 --> 00:33:07,470

made it you know very obvious from the

668

00:33:13,460 --> 00:33:10,230

ground and you have the the older

669

00:33:17,810 --> 00:33:13,470

reports Hudson Valley with these black

670

00:33:21,410 --> 00:33:17,820

triangles that are so brightly lit you

671

00:33:23,000 --> 00:33:21,420

know that you can't mistake them for you

672

00:33:25,850 --> 00:33:23,010

know anything except something that's

673

00:33:28,520 --> 00:33:25,860

really unusual yet we also we have

674

00:33:30,140 --> 00:33:28,530

numerous reports of people seeing these

675

00:33:32,420 --> 00:33:30,150

things you know flying over their

676
00:33:33,680 --> 00:33:32,430
neighborhood and the only way that they

677
00:33:36,290 --> 00:33:33,690
could tell that there was something to

678
00:33:40,550 --> 00:33:36,300
overhead was that something giant is

679
00:33:43,280 --> 00:33:40,560
blocking out stars so unless that there

680
00:33:46,400 --> 00:33:43,290
is something about the propulsion system

681
00:33:47,840 --> 00:33:46,410
that makes them glow in the dark you

682
00:33:50,780 --> 00:33:47,850
know once again you know like you said

683
00:33:55,700 --> 00:33:50,790
we could speculate for days why are

684
00:33:57,560 --> 00:33:55,710
these things so brightly lit that it's

685
00:34:01,250 --> 00:33:57,570
almost like they're just you know asking

686
00:34:04,580 --> 00:34:01,260
to be noticed oh absolutely

687
00:34:12,409 --> 00:34:04,590
in fact I just wrote an article recently

688
00:34:14,869 --> 00:34:12,419

about the blacked out aircraft and I my

689

00:34:18,860 --> 00:34:14,879

point was we need to pay more attention

690

00:34:20,450 --> 00:34:18,870

to those because they did not want to be

691

00:34:23,090 --> 00:34:20,460

seen

692

00:34:26,030 --> 00:34:23,100

and there was a great story man was

693

00:34:28,570 --> 00:34:26,040

going to take out his garbage and he put

694

00:34:31,369 --> 00:34:28,580

on us his mother had installed this

695

00:34:34,100 --> 00:34:31,379

unbelievably bright spotlight and aimed

696

00:34:36,919 --> 00:34:34,110

it straight out so it illuminated part

697

00:34:38,480 --> 00:34:36,929

of the sky and as he's walking out the

698

00:34:41,919 --> 00:34:38,490

door he said it was like something out

699

00:34:46,520 --> 00:34:41,929

of Star Wars or Battlestar Galactica a

700

00:34:49,360 --> 00:34:46,530

massive massive ship that took many many

701
00:34:53,180 --> 00:34:49,370
seconds to pass over and it was very low

702
00:34:56,240 --> 00:34:53,190
no lights nothing to indicate you know

703
00:34:58,640 --> 00:34:56,250
that it wanted to be seen and if it

704
00:35:01,220 --> 00:34:58,650
hadn't been for that spotlight his

705
00:35:02,720 --> 00:35:01,230
mother had installed he said he doesn't

706
00:35:06,110 --> 00:35:02,730
even think he would have noticed it

707
00:35:09,410 --> 00:35:06,120
because it made absolutely no sound and

708
00:35:12,640 --> 00:35:09,420
yet here was this thing he thought it

709
00:35:18,680 --> 00:35:12,650
was as big as three football fields

710
00:35:21,940 --> 00:35:18,690
passing over silently over him so that

711
00:35:28,640 --> 00:35:25,430
something that big flying that low

712
00:35:34,280 --> 00:35:28,650
overhead and and not making a single

713
00:35:37,850 --> 00:35:34,290

sound no air disturbance nothing so was

714

00:35:40,280 --> 00:35:37,860

this a government you know project where

715

00:35:43,010 --> 00:35:40,290

they didn't want anybody to see it so

716

00:35:44,900 --> 00:35:43,020

you know we can we can talk all night

717

00:35:47,000 --> 00:35:44,910

back and forth about do they want them

718

00:35:49,040 --> 00:35:47,010

just you know do they want to be seen do

719

00:35:52,940 --> 00:35:49,050

they not want to be seen as the stealth

720

00:35:56,510 --> 00:35:52,950

not stealth so I think we're dealing

721

00:36:00,610 --> 00:35:56,520

with a lot of different things and also

722

00:36:03,740 --> 00:36:00,620

in what I like to concentrate are on

723

00:36:06,590 --> 00:36:03,750

sightings that couldn't possibly have

724

00:36:09,100 --> 00:36:06,600

been military aircraft and and that came

725

00:36:14,150 --> 00:36:09,110

about with a group of sightings I

726

00:36:16,340 --> 00:36:14,160

uncovered from 1908 to 1910 throughout

727

00:36:18,950 --> 00:36:16,350

the Hudson Valley up through New England

728

00:36:24,410 --> 00:36:18,960

up into southern Canada

729

00:36:28,460 --> 00:36:24,420

so clearly it could not have been you

730

00:36:33,349 --> 00:36:28,470

know black ops projects black projects

731

00:36:35,569 --> 00:36:33,359

for the military that early on

732

00:36:37,670 --> 00:36:35,579

what were these craft known to do I mean

733

00:36:41,479 --> 00:36:37,680

how many witnesses saw them and what

734

00:36:43,670 --> 00:36:41,489

parts of the the area

735

00:36:48,589 --> 00:36:43,680

it started in Bristol Connecticut in

736

00:36:53,210 --> 00:36:48,599

1908 in 1909 in the Hudson Valley during

737

00:36:55,999 --> 00:36:53,220

the summer thousands of witnesses saw

738

00:37:00,079 --> 00:36:56,009

these craft they were they were very

739

00:37:03,589 --> 00:37:00,089

large they had from one to three lights

740

00:37:04,970 --> 00:37:03,599

very large spotlights many people said

741

00:37:07,910 --> 00:37:04,980

it looked as though they were looking

742

00:37:10,450 --> 00:37:07,920

for something they had their flight

743

00:37:14,749 --> 00:37:10,460

characteristics where they could hover

744

00:37:18,229 --> 00:37:14,759

silently they could move off extremely

745

00:37:21,739 --> 00:37:18,239

fast they were seen some nights in the

746

00:37:25,339 --> 00:37:21,749

air for as long as four hours and at

747

00:37:27,170 --> 00:37:25,349

heights of many thousands of feet Michel

748

00:37:31,309 --> 00:37:27,180

can probably speak to this better than I

749

00:37:33,319 --> 00:37:31,319

can but from my research one of the

750

00:37:39,499 --> 00:37:33,329

Wright brothers had set an altitude

751

00:37:42,739 --> 00:37:39,509

record of 361 feet at that time period

752

00:37:47,239 --> 00:37:42,749

so clearly we didn't have airplanes that

753

00:37:52,849 --> 00:37:47,249

could go that high no airplanes had yet

754

00:37:56,029 --> 00:37:52,859

flown at night in 1909 and certainly you

755

00:38:00,259 --> 00:37:56,039

know if you recall what these thick and

756

00:38:03,589 --> 00:38:00,269

fabric planes looked like early on they

757

00:38:05,779 --> 00:38:03,599

were not equipped to carry massive heavy

758

00:38:10,160 --> 00:38:05,789

searchlights and the batteries that

759

00:38:14,599 --> 00:38:10,170

would have been required to to power

760

00:38:17,420 --> 00:38:14,609

them and there were groups of sightings

761

00:38:21,140 --> 00:38:17,430

throughout New England and southern

762

00:38:25,130 --> 00:38:21,150

Canada Quebec area around Niagara Falls

763

00:38:28,849 --> 00:38:25,140

the Great Lakes area out to the Midwest

764

00:38:32,930 --> 00:38:28,859

and there's an there was a great article

765

00:38:36,019 --> 00:38:32,940

I came upon where a trained crew out in

766

00:38:39,529 --> 00:38:36,029

Pierre Peoria Illinois was talking about

767

00:38:42,380 --> 00:38:39,539

this brightly lit which appeared to be

768

00:38:45,470 --> 00:38:42,390

like a cigar shaped object that was

769

00:38:47,120 --> 00:38:45,480

keeping up with the Train and this is

770

00:38:49,280 --> 00:38:47,130

late at night it

771

00:38:51,980 --> 00:38:49,290

following the twists and turns into

772

00:38:54,950 --> 00:38:51,990

train and kept up with it and then sped

773

00:38:58,730 --> 00:38:54,960

off and took off oh there there been a

774

00:39:00,050 --> 00:38:58,740

number of reports of UFOs pacing trains

775

00:39:03,410 --> 00:39:00,060

I think wasn't there one there in

776

00:39:08,210 --> 00:39:03,420

indiana some years ago what Tim yeah

777

00:39:09,800 --> 00:39:08,220

there central Indiana train that was I

778

00:39:13,010 --> 00:39:09,810

think he was that they're coming in from

779

00:39:14,680 --> 00:39:13,020

Ohio or heading out towards the the

780

00:39:19,390 --> 00:39:14,690

Bellefontaine

781

00:39:24,020 --> 00:39:19,400

train yards and also there was a case in

782

00:39:25,850 --> 00:39:24,030

Kentucky where the train had rounded a

783

00:39:27,890 --> 00:39:25,860

bend and there was a UFO with Herrera

784

00:39:32,000 --> 00:39:27,900

tracks and then the Train actually has

785

00:39:35,270 --> 00:39:32,010

struck the craft and sustained you know

786

00:39:38,750 --> 00:39:35,280

recordable damage and don't forget Betty

787

00:39:41,510 --> 00:39:38,760

Hill had her sighting she claimed up

788

00:39:44,810 --> 00:39:41,520

there and in New England along the train

789

00:39:48,400 --> 00:39:44,820

tracks oh yeah there I mean I'd they

790

00:39:52,910 --> 00:39:48,410

seem to pick odd places and times to

791

00:39:55,430 --> 00:39:52,920

appear for for sure but Lynda weird

792

00:39:58,160 --> 00:39:55,440

where do they go to I mean like you know

793

00:40:01,070 --> 00:39:58,170

it's like Puff the Magic Dragon so to

794

00:40:05,000 --> 00:40:01,080

speak I mean these things are are huge

795

00:40:06,980 --> 00:40:05,010

as you'd describe them but yet they seem

796

00:40:09,530 --> 00:40:06,990

to appear for a you know a period of

797

00:40:11,830 --> 00:40:09,540

time brief period of time maybe no more

798

00:40:13,850 --> 00:40:11,840

than 10 or 15 minutes at one point it

799

00:40:16,190 --> 00:40:13,860

disappears somewhere and come back a

800

00:40:21,050 --> 00:40:16,200

couple of nights later where were they

801
00:40:24,440 --> 00:40:21,060
going well I would love to know but one

802
00:40:26,660 --> 00:40:24,450
of the articles from the 1909 time

803
00:40:29,300 --> 00:40:26,670
period they put it they put it

804
00:40:32,000 --> 00:40:29,310
wonderfully they said no one knows from

805
00:40:35,870 --> 00:40:32,010
where they take off from or where they

806
00:40:39,110 --> 00:40:35,880
land and newspapers were paying

807
00:40:42,140 --> 00:40:39,120
reporters lots of money to fan out

808
00:40:44,990 --> 00:40:42,150
across the area find out where these

809
00:40:46,700 --> 00:40:45,000
things are coming from you know they had

810
00:40:48,770 --> 00:40:46,710
to launch from somewhere they had to

811
00:40:53,090 --> 00:40:48,780
land from somewhere but no one ever

812
00:40:57,380 --> 00:40:53,100
found from where and we can say the same

813
00:40:59,360 --> 00:40:57,390

thing throughout the last 100 years no

814

00:41:00,770 --> 00:40:59,370

one knows where they take off from or

815

00:41:05,260 --> 00:41:00,780

where they land

816

00:41:09,470 --> 00:41:05,270

and in the case of these possible

817

00:41:11,540 --> 00:41:09,480

enormous possible military vehicles it's

818

00:41:15,200 --> 00:41:11,550

the same thing I would love to know

819

00:41:18,440 --> 00:41:15,210

we're in the Hudson Valley they could

820

00:41:21,530 --> 00:41:18,450

have possibly something to the size of a

821

00:41:26,510 --> 00:41:21,540

couple of football fields could take off

822

00:41:27,860 --> 00:41:26,520

and and then land again you know you

823

00:41:29,900 --> 00:41:27,870

have West Point

824

00:41:32,270 --> 00:41:29,910

you have Stewart Airport but Stewart

825

00:41:37,880 --> 00:41:32,280

Airport is you know a lot of people

826

00:41:40,100 --> 00:41:37,890

living around it I don't know I don't

827

00:41:44,510 --> 00:41:40,110

know where they're coming from or where

828

00:41:47,600 --> 00:41:44,520

they're going to I think that's why some

829

00:41:51,800 --> 00:41:47,610

people have speculated that these things

830

00:41:55,820 --> 00:41:51,810

could actually be a form of blimp I

831

00:41:57,590 --> 00:41:55,830

suppose a type of a type of aircraft you

832

00:42:01,370 --> 00:41:57,600

know why they're able to move around so

833

00:42:05,020 --> 00:42:01,380

silently so I suppose that even as large

834

00:42:08,210 --> 00:42:05,030

as they are they could come down and the

835

00:42:10,460 --> 00:42:08,220

helium or whatever is used that lifts

836

00:42:14,270 --> 00:42:10,470

them can be taken out fold it up put the

837

00:42:23,960 --> 00:42:14,280

back of a car and taken away well I I

838

00:42:25,730 --> 00:42:23,970

don't know about the back of a car put

839

00:42:31,970 --> 00:42:25,740

your clothes in it it shrinks it up you

840

00:42:34,970 --> 00:42:31,980

know the vacuum cleaner a lot of

841

00:42:40,090 --> 00:42:34,980

hundreds the sound would give it away

842

00:42:43,340 --> 00:42:40,100

I'm sure though you know there are some

843

00:42:46,100 --> 00:42:43,350

rural areas but there's there's a lot of

844

00:42:49,180 --> 00:42:46,110

people in the Hudson Valley and you know

845

00:42:53,570 --> 00:42:49,190

certainly were in the 80s as well and

846

00:43:00,380 --> 00:42:53,580

yet no one ever reported seeing one of

847

00:43:05,240 --> 00:43:00,390

these take off or land they would just I

848

00:43:06,770 --> 00:43:05,250

remember that time very very distinctly

849

00:43:08,480 --> 00:43:06,780

I mean it's just like these things were

850

00:43:13,420 --> 00:43:08,490

just you know make an appearance and

851

00:43:15,819 --> 00:43:13,430

then they would be gone I know that

852

00:43:18,430 --> 00:43:15,829

what newspaper it was there was a number

853

00:43:19,990 --> 00:43:18,440

of reporters who were working in their

854

00:43:23,079 --> 00:43:20,000

office and they got a phone call that

855

00:43:25,510 --> 00:43:23,089

one of these things was handing in their

856

00:43:30,299 --> 00:43:25,520

direction and they actually went to the

857

00:43:32,650 --> 00:43:30,309

windows and saw this this massive object

858

00:43:33,309 --> 00:43:32,660

flying over there and flying over their

859

00:43:38,500 --> 00:43:33,319

building

860

00:43:44,530 --> 00:43:38,510

yet when they tried to when they tried

861

00:43:47,950 --> 00:43:44,540

to write a good report about that they

862

00:43:51,430 --> 00:43:47,960

were stonewalled by their editor who was

863

00:43:54,280 --> 00:43:51,440

there that night with them but he told

864

00:43:56,290 --> 00:43:54,290

them that you know his boss had said

865

00:43:59,200 --> 00:43:56,300

that now you're not going to write about

866

00:44:04,299 --> 00:43:59,210

that yes that was in Poughkeepsie

867

00:44:06,370 --> 00:44:04,309

thank you yes I've spoken to at least

868

00:44:10,120 --> 00:44:06,380

one of the reporters there and he's

869

00:44:14,309 --> 00:44:10,130

still angry about that that it was one

870

00:44:17,490 --> 00:44:14,319

of the most remarkable sightings the

871

00:44:20,470 --> 00:44:17,500

rooftops full of reporters and cameramen

872

00:44:23,880 --> 00:44:20,480

getting the story of their lives and

873

00:44:26,740 --> 00:44:23,890

they were not allowed to write about it

874

00:44:31,569 --> 00:44:26,750

well they could certainly write about it

875

00:44:34,420 --> 00:44:31,579

now well and he is he has node has at

876

00:44:38,200 --> 00:44:34,430

least one of them has told his story but

877

00:44:42,280 --> 00:44:38,210

again why why couldn't you talk about it

878

00:44:44,380 --> 00:44:42,290

yeah I I mean even even if it were a

879

00:44:47,470 --> 00:44:44,390

military aircraft I mean talking about

880

00:44:48,579 --> 00:44:47,480

it yes it doesn't prove that it is I

881

00:44:51,880 --> 00:44:48,589

mean people are still going to be

882

00:44:53,829 --> 00:44:51,890

skeptical about it either either way you

883

00:44:55,150 --> 00:44:53,839

know I mean some people are going to

884

00:44:56,410 --> 00:44:55,160

believe that they're military some

885

00:44:58,000 --> 00:44:56,420

people are going to believe that they're

886

00:45:00,250 --> 00:44:58,010

extraterrestrials some people are going

887

00:45:03,460 --> 00:45:00,260

to think it's all a bunch of nonsense I

888

00:45:05,799 --> 00:45:03,470

mean so there you go of course though in

889

00:45:07,870 --> 00:45:05,809

the Hudson Valley you've got so many

890

00:45:09,789 --> 00:45:07,880

people that saw these things and and

891

00:45:12,220 --> 00:45:09,799

there were there people who said that

892

00:45:14,890 --> 00:45:12,230

they were you know ultralights I

893

00:45:17,319 --> 00:45:14,900

remember I had a conversation with Joe

894

00:45:19,960 --> 00:45:17,329

Bouchard from blue-eyed Turk Blue Oyster

895

00:45:21,850 --> 00:45:19,970

Cult because he's friends with the you

896

00:45:25,060 --> 00:45:21,860

know Peter Robbins and

897

00:45:26,980 --> 00:45:25,070

Peter Robbins his late sister Helen

898

00:45:29,770 --> 00:45:26,990

wheels who wrote a lot of songs for the

899

00:45:30,580 --> 00:45:29,780

band and he said I saw those things I

900

00:45:32,560 --> 00:45:30,590

don't know why they're getting all

901
00:45:37,000 --> 00:45:32,570
excited about it they were altar lights

902
00:45:38,800 --> 00:45:37,010
well you know you could tell though from

903
00:45:40,390 --> 00:45:38,810
the ground if you're here with plates

904
00:45:42,880 --> 00:45:40,400
what the I saw I saw a film that

905
00:45:44,800 --> 00:45:42,890
somebody had taken of these you know

906
00:45:46,930 --> 00:45:44,810
planes or ultralights going overhead and

907
00:45:49,480 --> 00:45:46,940
you could distinctly hear you know the

908
00:45:52,180 --> 00:45:49,490
motors and then it was compared to one

909
00:45:55,600 --> 00:45:52,190
of the actual you know triangular shaped

910
00:45:58,390 --> 00:45:55,610
craft which was producing no sound at

911
00:46:01,210 --> 00:45:58,400
all so you know big difference yeah

912
00:46:05,170 --> 00:46:01,220
tonight I was speaking to someone who

913
00:46:07,810 --> 00:46:05,180

said you know he saw a back in 88 he saw

914

00:46:10,300 --> 00:46:07,820

a massive silent rectangle which was a

915

00:46:13,600 --> 00:46:10,310

fairly early rectangle sighting for this

916

00:46:16,960 --> 00:46:13,610

area and he said yeah I saw those those

917

00:46:19,240 --> 00:46:16,970

idiot pilots he said they were noisy

918

00:46:21,480 --> 00:46:19,250

they couldn't hold formation he said

919

00:46:24,640 --> 00:46:21,490

there was no there's no comparison and

920

00:46:27,700 --> 00:46:24,650

I've been told that dozens and dozens of

921

00:46:31,090 --> 00:46:27,710

times that you know people who saw the

922

00:46:35,200 --> 00:46:31,100

real thing whatever that was and and the

923

00:46:37,300 --> 00:46:35,210

pilots they weren't fooled but the fact

924

00:46:40,990 --> 00:46:37,310

that they were up there doing that with

925

00:46:45,490 --> 00:46:41,000

a cover story well we're being we're

926
00:46:50,040 --> 00:46:45,500
being taken over by the secret secret

927
00:46:52,720 --> 00:46:50,050
break break guys we'll be back after a

928
00:46:55,780 --> 00:46:52,730
momentary break

929
00:46:57,180 --> 00:46:55,790
citing conversation on the secret space

00:47:26,290 --> 00:47:21,849
universe exploring the unexplained UFO s

936

ghosts Lost Worlds cryptozoology waters

937
00:47:34,960 --> 00:47:30,470
as well as other dimensions it's time to

938
00:47:37,210 --> 00:47:34,970

take back the night now your

939

00:47:45,180 --> 00:47:37,220

electrifying hosts of exploring the

940

00:47:50,230 --> 00:47:47,680

alright welcome back to the second hour

941

00:47:53,140 --> 00:47:50,240

of exploring the bizarre I'm Tim Swartz

942

00:47:55,990 --> 00:47:53,150

tonight's we are talking with Michael

943

00:47:59,230 --> 00:47:56,000

strat and Linda Zimmerman talking about

944

00:48:03,940 --> 00:47:59,240

the secret space program see black

945

00:48:04,720 --> 00:48:03,950

projects hidden aircraft and fun stuff

946

00:48:06,670 --> 00:48:04,730

like that

947

00:48:08,140 --> 00:48:06,680

I have retrieval crash retrievals we got

948

00:48:10,569 --> 00:48:08,150

to get into that in a little while -

949

00:48:12,760 --> 00:48:10,579

that's right alright okay but I want to

950

00:48:16,120 --> 00:48:12,770

throw a couple of names out especially

951
00:48:17,380 --> 00:48:16,130
at them Michael to see what kind of

952
00:48:21,640 --> 00:48:17,390
reaction I get

953
00:48:25,200 --> 00:48:21,650
Gary McKenna and Bob Lazar let's start

954
00:48:29,980 --> 00:48:25,210
with Gary McKenna any any truth to his

955
00:48:32,170 --> 00:48:29,990
rather out landed claims I've never met

956
00:48:35,109 --> 00:48:32,180
the man personally I know a bit about

957
00:48:38,559 --> 00:48:35,119
his story he was a Skype guest speaker

958
00:48:42,010 --> 00:48:38,569
at the mutant symposium in Las Vegas in

959
00:48:43,930 --> 00:48:42,020
in July I tend to think that there's

960
00:48:45,910 --> 00:48:43,940
something to it because he talks about

961
00:48:47,410 --> 00:48:45,920
the Navy involvement we and we know that

962
00:48:49,329 --> 00:48:47,420
there's already already been a

963
00:48:53,309 --> 00:48:49,339

connection with the NEPA program so that

964

00:48:56,170 --> 00:48:53,319

seems to check out as far as the huge

965

00:48:58,150 --> 00:48:56,180

space cruisers that he talks about I

966

00:48:59,740 --> 00:48:58,160

don't put it beyond the military

967

00:49:02,020 --> 00:48:59,750

industrial complex they could certainly

968

00:49:04,150 --> 00:49:02,030

do it they have the technology the

969

00:49:06,460 --> 00:49:04,160

reference works talks about at least

970

00:49:09,040 --> 00:49:06,470

since 1954 they made a gravity

971

00:49:10,660 --> 00:49:09,050

breakthrough even Greer chimes in he

972

00:49:12,910 --> 00:49:10,670

confirms that as well so there's a

973

00:49:15,280 --> 00:49:12,920

pattern recognition there I don't put it

974

00:49:17,500 --> 00:49:15,290

beyond these guys but as far as anything

975

00:49:19,480 --> 00:49:17,510

beyond that just not totally familiar

976
00:49:21,359 --> 00:49:19,490
with everything that Gary had talked

977
00:49:25,650 --> 00:49:21,369
about

978
00:49:29,679 --> 00:49:25,660
and Bob Lazar Bob Lazar it's such a

979
00:49:33,969 --> 00:49:29,689
difficult thing to answer bottom line is

980
00:49:36,339 --> 00:49:33,979
I would just go by the sr-71 pilots that

981
00:49:38,410 --> 00:49:36,349
flew over groom Lake and would have

982
00:49:41,199 --> 00:49:38,420
definitely flown over the Papoose range

983
00:49:44,589 --> 00:49:41,209
during that timeframe not one of those

984
00:49:46,630 --> 00:49:44,599
SR pilots ever talked about anything

985
00:49:48,939 --> 00:49:46,640
being there as far as a base as far as

986
00:49:50,709 --> 00:49:48,949
secret hangars opening up you would

987
00:49:52,420 --> 00:49:50,719
think that the SR pilots would know

988
00:49:54,849 --> 00:49:52,430

because they're so intimately involved

989

00:49:56,349 --> 00:49:54,859

in the program's there they never said

990

00:50:00,729 --> 00:49:56,359

anything about it so that I'm just gonna

991

00:50:02,620 --> 00:50:00,739

go buy the SR pilots well I mean would

992

00:50:06,999 --> 00:50:02,630

they would they have been allowed to say

993

00:50:08,799 --> 00:50:07,009

anything about it good question

994

00:50:11,439 --> 00:50:08,809

you know these would be the guys that

995

00:50:14,679 --> 00:50:11,449

would know the best of the best the Mach

996

00:50:17,739 --> 00:50:14,689

3 sr-71 pilots if if there's anyone you

997

00:50:19,900 --> 00:50:17,749

can trust it would be them and if they

998

00:50:21,699 --> 00:50:19,910

were gonna say something now I do know a

999

00:50:23,739 --> 00:50:21,709

couple of pilots I've spoke to them

1000

00:50:25,120 --> 00:50:23,749

before they've never said anything now

1001
00:50:29,169 --> 00:50:25,130
maybe they saw something but I don't

1002
00:50:33,339 --> 00:50:29,179
know so at this point it's difficult to

1003
00:50:36,429 --> 00:50:33,349
say but I it's it's hard to fathom what

1004
00:50:38,789 --> 00:50:36,439
was presented in the late 1980s by Lazar

1005
00:50:44,019 --> 00:50:38,799
it's just difficult to pin that down

1006
00:50:46,179 --> 00:50:44,029
well now for those out there who who may

1007
00:50:49,059 --> 00:50:46,189
think that that this is all just you

1008
00:50:51,189 --> 00:50:49,069
know a bunch of of crazy talk that I

1009
00:50:55,569 --> 00:50:51,199
mean you know we have jet aircraft and

1010
00:50:58,959 --> 00:50:55,579
that's that's basically it you wrote a

1011
00:51:01,599 --> 00:50:58,969
very interesting piece I mean I have a

1012
00:51:06,789 --> 00:51:01,609
pdf version on it called flying saucers

1013
00:51:13,539 --> 00:51:06,799

for real and yeah and it dealt with the

1014

00:51:17,380 --> 00:51:13,549

the mothballed at very top-secret saucer

1015

00:51:21,429 --> 00:51:17,390

shape aircraft that were seen it too

1016

00:51:22,449 --> 00:51:21,439

Medel Air Force Base in Florida now you

1017

00:51:25,079 --> 00:51:22,459

want to talk about that a little bit

1018

00:51:28,689 --> 00:51:25,089

I've I've always found that case

1019

00:51:32,019 --> 00:51:28,699

fascinating just for the fact that if

1020

00:51:33,019 --> 00:51:32,029

this was true they managed to keep these

1021

00:51:38,049 --> 00:51:33,029

aircraft

1022

00:51:41,239 --> 00:51:38,059

so secrets I mean just just so secret

1023

00:51:43,880 --> 00:51:41,249

that story originates from a man named

1024

00:51:46,029 --> 00:51:43,890

Jack Pickett who is a retired US naval

1025

00:51:49,189 --> 00:51:46,039

combat veteran he is no longer with us

1026
00:51:51,979 --> 00:51:49,199
but I did spend a significant amount of

1027
00:51:55,339 --> 00:51:51,989
time with him personally got his story

1028
00:51:59,120 --> 00:51:55,349
down very accurately recorded on

1029
00:52:02,899 --> 00:51:59,130
videotape multiple meetings with him so

1030
00:52:05,419 --> 00:52:02,909
I think we have a story he was he did

1031
00:52:06,949 --> 00:52:05,429
donate a bunch of his material to my

1032
00:52:08,599 --> 00:52:06,959
personal collection which I'm very

1033
00:52:11,269 --> 00:52:08,609
thankful for I have a lot of his

1034
00:52:14,169 --> 00:52:11,279
original letters some of his information

1035
00:52:16,370 --> 00:52:14,179
is also residing at a different

1036
00:52:18,429 --> 00:52:16,380
historical archive as well so he's

1037
00:52:21,890 --> 00:52:18,439
donated at that but bottom line is

1038
00:52:25,249 --> 00:52:21,900

according to Jack Pickett it was

1039

00:52:27,169 --> 00:52:25,259

September 1967 when they were driving

1040

00:52:29,299 --> 00:52:27,179

along the perimeter of MacDill Air Force

1041

00:52:31,370 --> 00:52:29,309

Base on on the opposite side of the

1042

00:52:36,019 --> 00:52:31,380

chain-link fence they fought they saw

1043

00:52:39,199 --> 00:52:36,029

four extremely rare unusual fascinating

1044

00:52:41,630 --> 00:52:39,209

aircraft basically they were dish shaped

1045

00:52:43,939 --> 00:52:41,640

craft that measured 20 40 70

1046

00:52:46,489 --> 00:52:43,949

approximately 116 feet in diameter

1047

00:52:48,169 --> 00:52:46,499

they all had tricycle landing gear they

1048

00:52:49,969 --> 00:52:48,179

had control surfaces on the

1049

00:52:51,829 --> 00:52:49,979

circumference of the disc there was a

1050

00:52:54,649 --> 00:52:51,839

large vertical tail at the back end of

1051
00:52:58,609 --> 00:52:54,659
the disc the crew compartment was dead

1052
00:53:01,069 --> 00:52:58,619
center at the midpoint of the craft

1053
00:53:04,429 --> 00:53:01,079
itself that tapered back to a very high

1054
00:53:07,759 --> 00:53:04,439
large verticals tail in the back and he

1055
00:53:09,679 --> 00:53:07,769
was given access to these craft he was

1056
00:53:12,109 --> 00:53:09,689
able to get some photos of these craft

1057
00:53:14,779 --> 00:53:12,119
he was even authorized to write a

1058
00:53:16,249 --> 00:53:14,789
article because these were being

1059
00:53:18,919 --> 00:53:16,259
scrapped at the time they were going to

1060
00:53:20,630 --> 00:53:18,929
Declassified these particular birds

1061
00:53:24,169 --> 00:53:20,640
because they had quote-unquote better

1062
00:53:27,199 --> 00:53:24,179
ones that had VTOL vertical takeoff and

1063
00:53:29,929 --> 00:53:27,209

landing capability so just before going

1064

00:53:32,870 --> 00:53:29,939

to press according to Jack Pickett there

1065

00:53:35,899 --> 00:53:32,880

was an overflight of downtown Miami of

1066

00:53:39,279 --> 00:53:35,909

one of these more advanced VTOL designs

1067

00:53:42,019 --> 00:53:39,289

and it caused such a ruckus in Miami

1068

00:53:44,949 --> 00:53:42,029

that the word came from the highest

1069

00:53:46,480 --> 00:53:44,959

echelon of the US Air Force in

1070

00:53:49,390 --> 00:53:46,490

Washington

1071

00:53:51,310 --> 00:53:49,400

to delay or deny publication and that's

1072

00:53:55,270 --> 00:53:51,320

where the story died so we were within

1073

00:53:56,590 --> 00:53:55,280

hours of getting a good glimpse of the

1074

00:54:00,460 --> 00:53:56,600

truth about UFOs

1075

00:54:03,130 --> 00:54:00,470

within hours literally within hours and

1076

00:54:05,050 --> 00:54:03,140

then the whole story was shelved and so

1077

00:54:07,810 --> 00:54:05,060

that in a nutshell that is the Jack

1078

00:54:11,050 --> 00:54:07,820

Picard story now I was never able to

1079

00:54:14,280 --> 00:54:11,060

totally confirm Jack's account although

1080

00:54:17,260 --> 00:54:14,290

I did speak to another combat veteran

1081

00:54:20,200 --> 00:54:17,270

Warren BOTS who flew in the Pacific

1082

00:54:25,120 --> 00:54:20,210

during World War two and he flew p-40s

1083

00:54:29,140 --> 00:54:25,130

and he was a flying tiger pilot he

1084

00:54:33,460 --> 00:54:29,150

claims to have seen a year earlier 1966

1085

00:54:36,730 --> 00:54:33,470

the large 116 foot diameter at hangar

1086

00:54:40,210 --> 00:54:36,740

bay e at wright-patterson Air Force Base

1087

00:54:42,520 --> 00:54:40,220

in 1966 so these two gentlemen their

1088

00:54:45,210 --> 00:54:42,530

stories kind of hooked up together and

1089

00:54:48,580 --> 00:54:45,220

that was the end result of that paper

1090

00:54:51,430 --> 00:54:48,590

why and Jack Jack had been told that

1091

00:54:54,880 --> 00:54:51,440

these aircraft had actually been flown

1092

00:54:57,400 --> 00:54:54,890

over the Soviet Union at the time you

1093

00:55:02,290 --> 00:54:57,410

know in reconnaissance and were so fast

1094

00:55:04,870 --> 00:55:02,300

that they were capable of exiting the

1095

00:55:06,640 --> 00:55:04,880

atmosphere if they being a were built to

1096

00:55:08,950 --> 00:55:06,650

actually do that that's what John

1097

00:55:11,680 --> 00:55:08,960

Pickett told me yes I recorded his story

1098

00:55:14,290 --> 00:55:11,690

exactly as it was told to me so I've

1099

00:55:17,380 --> 00:55:14,300

always been fascinated by it too I tried

1100

00:55:21,040 --> 00:55:17,390

for years to get a Declassified photo

1101

00:55:23,500 --> 00:55:21,050

try to get those dislodge from the Air

1102

00:55:26,680 --> 00:55:23,510

Force but I never got anywhere with it I

1103

00:55:28,480 --> 00:55:26,690

never got any solid feedback and I just

1104

00:55:31,560 --> 00:55:28,490

couldn't take the story any further I

1105

00:55:34,480 --> 00:55:31,570

theoretically hit a brick wall with it

1106

00:55:39,150 --> 00:55:34,490

there's a it is a fascinating story and

1107

00:55:42,250 --> 00:55:39,160

it just you know if true it shows that

1108

00:55:44,859 --> 00:55:42,260

the development of these types of

1109

00:55:46,780 --> 00:55:44,869

aircraft go way back because I mean

1110

00:55:48,849 --> 00:55:46,790

these were these were flown what

1111

00:55:52,150 --> 00:55:48,859

probably in the early to middle 60s

1112

00:55:54,400 --> 00:55:52,160

before they were decommissioned and and

1113

00:55:57,520 --> 00:55:54,410

you know like like our producer was

1114

00:56:00,010 --> 00:55:57,530

saying during our break

1115

00:56:02,680 --> 00:56:00,020

if they were capable of doing that then

1116

00:56:04,750 --> 00:56:02,690

what do we have now well what's

1117

00:56:07,570 --> 00:56:04,760

interesting is when Jack was being

1118

00:56:09,670 --> 00:56:07,580

briefed about this by the adjutant

1119

00:56:13,830 --> 00:56:09,680

general at MacDill Air Force Base

1120

00:56:17,170 --> 00:56:13,840

he took Jack into a highly classified

1121

00:56:20,440 --> 00:56:17,180

library at MacDill Air Force Base where

1122

00:56:23,770 --> 00:56:20,450

they had pictures motion picture film

1123

00:56:26,260 --> 00:56:23,780

reels physical evidence files file

1124

00:56:29,710 --> 00:56:26,270

drawers hundreds of motion picture film

1125

00:56:32,440 --> 00:56:29,720

reels they had these things on film on

1126
00:56:34,450 --> 00:56:32,450
US Air Force eight-by-ten glossy black

1127
00:56:37,540 --> 00:56:34,460
and white photographs of these parked on

1128
00:56:39,520 --> 00:56:37,550
the tarmac flying in formation they had

1129
00:56:42,610 --> 00:56:39,530
all of it there so that would have been

1130
00:56:43,990 --> 00:56:42,620
one of the Holy Grails to go to to get

1131
00:56:47,080 --> 00:56:44,000
that physical evidence that we're

1132
00:56:49,000 --> 00:56:47,090
looking for and he was given access so

1133
00:56:51,160 --> 00:56:49,010
at one time I don't know if it's there

1134
00:56:53,680 --> 00:56:51,170
now but at one time there appears to

1135
00:56:56,530 --> 00:56:53,690
have been a repository for this type of

1136
00:56:59,050 --> 00:56:56,540
information at MacDill that's borne out

1137
00:57:01,180 --> 00:56:59,060
by Leonard Stringfield who also talks

1138
00:57:03,580 --> 00:57:01,190

about MacDill as a place whereas a lot

1139

00:57:06,570 --> 00:57:03,590

of this was taken and so you know my

1140

00:57:09,100 --> 00:57:06,580

point is it's been 70 years since the

1141

00:57:12,040 --> 00:57:09,110

Kenneth Arnold sighting it's been 70

1142

00:57:15,790 --> 00:57:12,050

years since Roswell and what do we know

1143

00:57:17,980 --> 00:57:15,800

now that we you know that we didn't know

1144

00:57:19,420 --> 00:57:17,990

then do we really know more about the

1145

00:57:21,430 --> 00:57:19,430

UFO for now I'm gonna do he have an

1146

00:57:24,010 --> 00:57:21,440

answer for Roswell

1147

00:57:27,010 --> 00:57:24,020

the origin of UFOs you know an argument

1148

00:57:29,680 --> 00:57:27,020

can be made we still don't know after 70

1149

00:57:31,780 --> 00:57:29,690

years we still don't know the truth

1150

00:57:33,520 --> 00:57:31,790

about what's going on if we don't take

1151
00:57:36,610 --> 00:57:33,530
matters into our own hands and make a

1152
00:57:39,070 --> 00:57:36,620
management decision it's just gonna slip

1153
00:57:41,080 --> 00:57:39,080
by us we've got to do something and this

1154
00:57:43,840 --> 00:57:41,090
is what Gordon Cooper had talked about

1155
00:57:48,060 --> 00:57:43,850
he stated that the only way that this

1156
00:57:51,310 --> 00:57:48,070
will ever come out is if the information

1157
00:57:54,580 --> 00:57:51,320
the physical evidence is put together

1158
00:57:56,950 --> 00:57:54,590
and given to the scientific community as

1159
00:57:59,170 --> 00:57:56,960
a United coalition and they come

1160
00:58:00,730 --> 00:57:59,180
together and go over the heads of the

1161
00:58:03,880 --> 00:58:00,740
military industrial complex that's the

1162
00:58:05,590 --> 00:58:03,890
only way we'll ever know but who's going

1163
00:58:09,420 --> 00:58:05,600

to release this information I know

1164

00:58:12,690 --> 00:58:09,430

that's the thing part we

1165

00:58:16,650 --> 00:58:12,700

it can't just be just documents it's got

1166

00:58:18,749 --> 00:58:16,660

to be a whole an entire stream of

1167

00:58:20,759 --> 00:58:18,759

evidence we need the eight-by-ten

1168

00:58:24,180 --> 00:58:20,769

glossies we need the gun camera footage

1169

00:58:26,999 --> 00:58:24,190

from the p-51s from world war ii we need

1170

00:58:30,479 --> 00:58:27,009

to Vietnam footage we need the the b-29

1171

00:58:32,579 --> 00:58:30,489

okay but what what again that that

1172

00:58:35,880 --> 00:58:32,589

doesn't prove their point of origin

1173

00:58:39,329 --> 00:58:35,890

right that's correct I mean you know

1174

00:58:41,849 --> 00:58:39,339

like I don't know it's just there's just

1175

00:58:45,390 --> 00:58:41,859

so many elements of this you know Linda

1176

00:58:48,890 --> 00:58:45,400

I wanted to ask you as far as the Hudson

1177

00:58:51,509 --> 00:58:48,900

Valley sightings go have there been any

1178

00:58:54,209 --> 00:58:51,519

abduction reports or are there people

1179

00:58:57,690 --> 00:58:54,219

who claim that they have maintained some

1180

00:59:00,809 --> 00:58:57,700

sort of contact with the beings on board

1181

00:59:05,430 --> 00:59:00,819

these craft hundreds and hundreds of

1182

00:59:09,269 --> 00:59:05,440

them hundreds really yes I was stunned

1183

00:59:13,559 --> 00:59:09,279

when I started my research I didn't

1184

00:59:17,160 --> 00:59:13,569

expect even one I thought well that that

1185

00:59:22,019 --> 00:59:17,170

goes on in other places and the stories

1186

00:59:25,219 --> 00:59:22,029

just started coming out and many of them

1187

00:59:30,539 --> 00:59:25,229

and most often they are

1188

00:59:35,609 --> 00:59:30,549

multi-generational and it's yeah it's an

1189

00:59:39,329 --> 00:59:35,619

aspect of this whole phenomena that is

1190

00:59:41,870 --> 00:59:39,339

just stunning and an undeniable again I

1191

00:59:46,049 --> 00:59:41,880

can't tell you exactly what's going on

1192

00:59:51,529 --> 00:59:46,059

but so many credible people going back

1193

00:59:53,999 --> 00:59:51,539

to the first case I found was 1929 I

1194

00:59:59,759 --> 00:59:54,009

interviewed a woman in her 80s who

1195

01:00:05,339 --> 00:59:59,769

started having missing time back in 1937

1196

01:00:09,719 --> 01:00:05,349

and it just it just continues to the

1197

01:00:12,359 --> 01:00:09,729

present day well what do you do have any

1198

01:00:15,959 --> 01:00:12,369

other stories along those lines I mean

1199

01:00:20,959 --> 01:00:15,969

those are always fascinating I have I

1200

01:00:23,250 --> 01:00:20,969

have many many stories for the most part

1201

01:00:26,730 --> 01:00:23,260

people will

1202

01:00:29,880 --> 01:00:26,740

from a very early age for example I'll

1203

01:00:33,839 --> 01:00:29,890

give you one story where very early age

1204

01:00:35,309 --> 01:00:33,849

man started he thought it you know his

1205

01:00:39,000 --> 01:00:35,319

parents were saying all those are just

1206

01:00:41,690 --> 01:00:39,010

that's just an imaginary friend you have

1207

01:00:45,480 --> 01:00:41,700

who comes into your room at night and

1208

01:00:50,240 --> 01:00:45,490

he'd experience being taken out of the

1209

01:00:53,160 --> 01:00:50,250

house and you know being put on a table

1210

01:00:55,650 --> 01:00:53,170

sometimes it was missing time sometimes

1211

01:01:01,380 --> 01:00:55,660

he would remember it this went on

1212

01:01:06,530 --> 01:01:01,390

through his early 20s 30s before it

1213

01:01:09,690 --> 01:01:06,540

tailed off he had an enormous amount of

1214

01:01:11,579 --> 01:01:09,700

psychological problems you know fears

1215

01:01:15,930 --> 01:01:11,589

and things obviously as a result

1216

01:01:19,140 --> 01:01:15,940

physical problems as a result and he's

1217

01:01:20,730 --> 01:01:19,150

still trying to deal with this very

1218

01:01:24,480 --> 01:01:20,740

vivid recollections you know these

1219

01:01:26,880 --> 01:01:24,490

aren't all things that you know hip you

1220

01:01:30,140 --> 01:01:26,890

know hypnotic regression or coming

1221

01:01:33,180 --> 01:01:30,150

through these are conscious memories and

1222

01:01:36,150 --> 01:01:33,190

he came right out and said MIT said to

1223

01:01:40,220 --> 01:01:36,160

me you know I would shoot them all if I

1224

01:01:44,329 --> 01:01:40,230

could the the hell they put him through

1225

01:01:48,660 --> 01:01:44,339

whereas another gentleman I interviewed

1226

01:01:52,530 --> 01:01:48,670

he just recently found out that he and

1227

01:01:55,579 --> 01:01:52,540

his brother fifty years ago when they

1228

01:01:59,849 --> 01:01:55,589

were children had the same type of

1229

01:02:03,270 --> 01:01:59,859

experiences some sort of being coming to

1230

01:02:05,789 --> 01:02:03,280

the house taking them out neither of

1231

01:02:07,740 --> 01:02:05,799

them ever talked about it and and fifty

1232

01:02:09,900 --> 01:02:07,750

years later they one of them finally

1233

01:02:13,230 --> 01:02:09,910

said something and is like you had the

1234

01:02:15,870 --> 01:02:13,240

same thing happen whereas a lot of

1235

01:02:19,339 --> 01:02:15,880

people are terrified he came to look at

1236

01:02:22,230 --> 01:02:19,349

it I liked his choice of words he said

1237

01:02:24,990 --> 01:02:22,240

like when you bring a sick puppy to the

1238

01:02:26,520 --> 01:02:25,000

vet they're scared but there you're

1239

01:02:29,700 --> 01:02:26,530

doing it for their own good

1240

01:02:33,990 --> 01:02:29,710

he actually had been very sickly and

1241

01:02:36,690 --> 01:02:34,000

felt that these abductions contacts

1242

01:02:39,509 --> 01:02:36,700

whatever you want to call it he felt it

1243

01:02:43,589 --> 01:02:39,519

it they helped him and actually saved

1244

01:02:47,430 --> 01:02:43,599

his life but but for the most part

1245

01:02:50,940 --> 01:02:47,440

people see a craft they follow it or it

1246

01:02:52,680 --> 01:02:50,950

follows them two or three hours of time

1247

01:02:55,680 --> 01:02:52,690

go by

1248

01:02:58,529 --> 01:02:55,690

they have no recollection they have

1249

01:03:02,279 --> 01:02:58,539

physical marks they get both physical

1250

01:03:07,259 --> 01:03:02,289

and emotional trauma from it and it

1251
01:03:08,940 --> 01:03:07,269
happens more than once now what what

1252
01:03:10,529 --> 01:03:08,950
kind of beans are we talking about here

1253
01:03:12,779 --> 01:03:10,539
I mean is there a general consensus of

1254
01:03:15,059 --> 01:03:12,789
what they look like are you know are

1255
01:03:17,609 --> 01:03:15,069
people reporting just you know just all

1256
01:03:19,950 --> 01:03:17,619
kinds of like a plethora of different

1257
01:03:22,259 --> 01:03:19,960
types of creatures in the Hudson Valley

1258
01:03:27,390 --> 01:03:22,269
here the people who have spoken to me

1259
01:03:33,059 --> 01:03:27,400
it's mostly the short whitish or greyish

1260
01:03:34,950 --> 01:03:33,069
big heads large eyes one woman told me a

1261
01:03:38,670 --> 01:03:34,960
fascinating story she and her girlfriend

1262
01:03:42,720 --> 01:03:38,680
were headed to a local shopping mall you

1263
01:03:44,970 --> 01:03:42,730

know UFOs were not on their mind having

1264

01:03:48,089 --> 01:03:44,980

a good time chatting and they see

1265

01:03:50,490 --> 01:03:48,099

something in the road and she said it

1266

01:03:53,640 --> 01:03:50,500

was about 6 foot tall not wearing any

1267

01:03:57,269 --> 01:03:53,650

clothes grayish and the way she said it

1268

01:03:59,609 --> 01:03:57,279

she goes those eyes those huge massive

1269

01:04:01,769 --> 01:03:59,619

eyes she said they were just it was just

1270

01:04:07,200 --> 01:04:01,779

standing there in the road staring at

1271

01:04:11,069 --> 01:04:07,210

her her car passed within one foot of

1272

01:04:15,509 --> 01:04:11,079

this being standing there so they got a

1273

01:04:18,029 --> 01:04:15,519

very clear look at it and it she said it

1274

01:04:19,710 --> 01:04:18,039

just it was like it it read them like a

1275

01:04:23,849 --> 01:04:19,720

book you know she just felt these

1276

01:04:26,549 --> 01:04:23,859

piercing eyes and she drove past they

1277

01:04:28,710 --> 01:04:26,559

had no idea what it was 4years her and

1278

01:04:30,930 --> 01:04:28,720

her friend referred to it as the

1279

01:04:33,990 --> 01:04:30,940

Elephant Man because they had never

1280

01:04:36,480 --> 01:04:34,000

heard about grey aliens and it was like

1281

01:04:43,529 --> 01:04:36,490

20 years later especially ones that are

1282

01:04:45,410 --> 01:04:43,539

indecently exposed exactly so yeah one

1283

01:04:48,210 --> 01:04:45,420

day she said she had moved to California

1284

01:04:49,340 --> 01:04:48,220

she saw a book on somebody's coffee

1285

01:04:53,090 --> 01:04:49,350

table

1286

01:04:57,560 --> 01:04:53,100

gray aliens and she says oh my god

1287

01:05:00,050 --> 01:04:57,570

that's that's what I saw so it wasn't as

1288

01:05:05,840 --> 01:05:00,060

if someone was out looking for this or

1289

01:05:08,780 --> 01:05:05,850

had any preconceived notions so I have I

1290

01:05:11,150 --> 01:05:08,790

have honestly been stunned by the

1291

01:05:14,780 --> 01:05:11,160

enormous amount of people who have told

1292

01:05:17,960 --> 01:05:14,790

me similar stories years

1293

01:05:20,930 --> 01:05:17,970

well now Linda are any messages given

1294

01:05:22,580 --> 01:05:20,940

and what is your take on all of this I

1295

01:05:24,830 --> 01:05:22,590

mean do you have any theories as to

1296

01:05:28,100 --> 01:05:24,840

where they might be coming from or what

1297

01:05:30,440 --> 01:05:28,110

their purpose is or why they've centered

1298

01:05:31,640 --> 01:05:30,450

in on the Hudson Valley and not that

1299

01:05:34,250 --> 01:05:31,650

they haven't centered in on other

1300

01:05:38,750 --> 01:05:34,260

locations because we know that there are

1301

01:05:42,080 --> 01:05:38,760

other window window area is window areas

1302

01:05:44,360 --> 01:05:42,090

or vortexes and portals or just plain

1303

01:05:49,190 --> 01:05:44,370

good old spots that they seem to show up

1304

01:05:51,710 --> 01:05:49,200

with again and again yeah I I don't know

1305

01:05:53,630 --> 01:05:51,720

again why Hudson Valley but as I said

1306

01:05:57,340 --> 01:05:53,640

you know I used to I used to work in a

1307

01:06:01,040 --> 01:05:57,350

lab we did experiments all the time and

1308

01:06:04,460 --> 01:06:01,050

certainly if you're tracking some sort

1309

01:06:08,630 --> 01:06:04,470

of traits or just looking at a certain

1310

01:06:11,720 --> 01:06:08,640

species over time you want generations

1311

01:06:14,360 --> 01:06:11,730

of the set you know the the old fruit

1312

01:06:16,490 --> 01:06:14,370

fly let's breed generations of a fruit

1313

01:06:18,530 --> 01:06:16,500

fly and study their genetics you know

1314

01:06:22,480 --> 01:06:18,540

where we're going back to Mendel with

1315

01:06:27,560 --> 01:06:22,490

that but if you're looking to study

1316

01:06:32,120 --> 01:06:27,570

human beings you would study generations

1317

01:06:35,840 --> 01:06:32,130

of the same family and you know I don't

1318

01:06:37,730 --> 01:06:35,850

know for what purpose but I hear this

1319

01:06:39,770 --> 01:06:37,740

time and again you know I'll interview

1320

01:06:42,260 --> 01:06:39,780

somebody and they'll tell me about their

1321

01:06:45,770 --> 01:06:42,270

experiences and I said anybody else in

1322

01:06:47,390 --> 01:06:45,780

the family and they'll be like no no and

1323

01:06:49,100 --> 01:06:47,400

then they'll say well you know this

1324

01:06:52,250 --> 01:06:49,110

probably doesn't have anything to do it

1325

01:06:54,950 --> 01:06:52,260

but my grandmother started you know told

1326

01:06:57,860 --> 01:06:54,960

me about these experiences she had or

1327

01:07:02,990 --> 01:06:57,870

you know my mother or father and now my

1328

01:07:07,400 --> 01:07:03,000

children are having this and it's

1329

01:07:10,220 --> 01:07:07,410

it's really scary it's and I you know

1330

01:07:14,510 --> 01:07:10,230

either all of these hundreds of people

1331

01:07:20,870 --> 01:07:14,520

are crazy or there is actually something

1332

01:07:24,110 --> 01:07:20,880

to it I I had a sighting back in 79 and

1333

01:07:25,820 --> 01:07:24,120

I thought I knew every detail I wasn't

1334

01:07:28,760 --> 01:07:25,830

like these other people who didn't

1335

01:07:30,920 --> 01:07:28,770

remember hi I prided myself on

1336

01:07:34,130 --> 01:07:30,930

remembering every single minute of it

1337

01:07:37,760 --> 01:07:34,140

till I found the diary entry I had

1338

01:07:40,280 --> 01:07:37,770

written that night and found out I have

1339

01:07:42,710 --> 01:07:40,290

an hour of absolutely no recollection

1340

01:07:44,870 --> 01:07:42,720

that night I was able to write that I

1341

01:07:47,450 --> 01:07:44,880

was standing by this lake with

1342

01:07:50,750 --> 01:07:47,460

binoculars watching this craft

1343

01:07:53,960 --> 01:07:50,760

zigzagging back and forth I have

1344

01:07:56,230 --> 01:07:53,970

absolutely no memory of that I contacted

1345

01:07:59,390 --> 01:07:56,240

my boyfriend at the time who was with me

1346

01:08:01,940 --> 01:07:59,400

he remembers at least going to the lake

1347

01:08:05,360 --> 01:08:01,950

and has absolutely no memory of what

1348

01:08:08,060 --> 01:08:05,370

happened after that as well so I'm I am

1349

01:08:11,690 --> 01:08:08,070

not saying I was abducted but what I am

1350

01:08:16,690 --> 01:08:11,700

saying is that whatever energy fields

1351

01:08:20,000 --> 01:08:16,700

are around this craft somehow managed to

1352

01:08:22,640 --> 01:08:20,010

erase my memory it was like reading the

1353

01:08:24,680 --> 01:08:22,650

words of a stranger and I still I still

1354

01:08:26,870 --> 01:08:24,690

can't really come to grips with that

1355

01:08:29,390 --> 01:08:26,880

well how about messages that are there

1356

01:08:31,160 --> 01:08:29,400

any messages being given out to any of

1357

01:08:34,340 --> 01:08:31,170

these that the people I mean are they

1358

01:08:36,830 --> 01:08:34,350

they whoever they are making any comment

1359

01:08:39,230 --> 01:08:36,840

as to why they might be coming here not

1360

01:08:42,380 --> 01:08:39,240

just to the Hudson Valley area but to

1361

01:08:44,990 --> 01:08:42,390

earth in general well I know a lot of

1362

01:08:46,820 --> 01:08:45,000

people around the world you know talk

1363

01:08:50,180 --> 01:08:46,830

about oh they're telling us to take

1364

01:08:53,270 --> 01:08:50,190

better care of the planet oh yeah not

1365

01:08:56,330 --> 01:08:53,280

not it that's a very good point you know

1366

01:08:59,620 --> 01:08:56,340

I don't I don't recall a single person

1367

01:09:04,540 --> 01:08:59,630

telling me there was any plan or agenda

1368

01:09:08,330 --> 01:09:04,550

they were just gone and came back and

1369

01:09:12,079 --> 01:09:08,340

you know they don't see any greater

1370

01:09:13,849 --> 01:09:12,089

purpose to this because I can't I'll

1371

01:09:15,610 --> 01:09:13,859

have to look into this more I'll have to

1372

01:09:19,930 --> 01:09:15,620

start asking that

1373

01:09:23,260 --> 01:09:19,940

as well but no great messages of wisdom

1374

01:09:24,390 --> 01:09:23,270

here just just going about their science

1375

01:09:27,670 --> 01:09:24,400

project

1376

01:09:29,530 --> 01:09:27,680

well you know that seems kind of

1377

01:09:31,120 --> 01:09:29,540

mysterious though because you would well

1378

01:09:32,980 --> 01:09:31,130

it's so much yeah you can look at it

1379

01:09:34,420 --> 01:09:32,990

either way if these things were secret

1380

01:09:36,760 --> 01:09:34,430

devices you know again why are they

1381

01:09:39,160 --> 01:09:36,770

appearing you know at different places

1382

01:09:42,010 --> 01:09:39,170

and and not wanting to make themselves

1383

01:09:45,130 --> 01:09:42,020

known but yet you know when they do show

1384

01:09:47,740 --> 01:09:45,140

up they make a point of being observed

1385

01:09:49,510 --> 01:09:47,750

in a lot of cases and also you know

1386

01:09:51,310 --> 01:09:49,520

after here they're coming in here from

1387

01:09:52,690 --> 01:09:51,320

some other planet well you would think

1388

01:09:54,700 --> 01:09:52,700

that they would have some sort of

1389

01:09:57,070 --> 01:09:54,710

messenger why would they keep coming

1390

01:09:59,740 --> 01:09:57,080

back over and over and over again if

1391

01:10:02,350 --> 01:09:59,750

they just want to observe us or maybe do

1392

01:10:04,900 --> 01:10:02,360

a couple of medical experiments I don't

1393

01:10:07,690 --> 01:10:04,910

know as if they have to pick so many

1394

01:10:10,060 --> 01:10:07,700

people I mean both things look very odd

1395

01:10:12,100 --> 01:10:10,070

peculiar that's why we call the show

1396

01:10:22,970 --> 01:10:12,110

exploiting the bizarre and we'll be back

1397

01:10:29,729 --> 01:10:27,149

now back to exploring the bazaars with

1398

01:10:33,030 --> 01:10:29,739

two of the most electrifying researchers

1399

01:10:40,200 --> 01:10:33,040

in the Paranoid your hosts Timothy Becca

1400

01:10:42,510 --> 01:10:40,210

Lee panting Swartz welcome back to the

1401

01:10:45,660 --> 01:10:42,520

final segment of exploring the bizarre

1402

01:10:48,720 --> 01:10:45,670

and Michael we have a question from the

1403

01:10:52,049 --> 01:10:48,730

chat room that somebody's hoping that

1404

01:10:54,830 --> 01:10:52,059

maybe you could answer and they're

1405

01:10:58,319 --> 01:10:54,840

asking what about sky quakes in LA in

1406

01:11:00,780 --> 01:10:58,329

1992 2.2 on the Richter scale had to

1407

01:11:05,149 --> 01:11:00,790

move at hypersonic speeds trek from

1408

01:11:08,879 --> 01:11:05,159

groom Lake to point what is that Mugu

1409

01:11:10,379 --> 01:11:08,889

air a nasal naval base I remember that I

1410

01:11:11,669 --> 01:11:10,389

remember when all that was going on I

1411

01:11:14,819 --> 01:11:11,679

mean there were there was a number of

1412

01:11:18,750 --> 01:11:14,829

instances where those guy crakes were

1413

01:11:21,390 --> 01:11:18,760

being recorded I'm glad you mentioned

1414

01:11:24,510 --> 01:11:21,400

that because that's one of my binders

1415

01:11:26,459 --> 01:11:24,520

that I have here and a lot of these took

1416

01:11:28,560 --> 01:11:26,469

place on Thursday mornings

1417

01:11:30,780 --> 01:11:28,570

which is very interesting I try to break

1418

01:11:34,200 --> 01:11:30,790

this down as easily as possible now a

1419

01:11:36,600 --> 01:11:34,210

part of this story begins prior to the

1420

01:11:39,959 --> 01:11:36,610

Challenger disaster that's January 28

1421

01:11:44,129 --> 01:11:39,969

1986 and a part of it took place after

1422

01:11:46,200 --> 01:11:44,139

but for this particular storyline I'm

1423

01:11:47,270 --> 01:11:46,210

just going to break it down as fast as I

1424

01:11:49,470 --> 01:11:47,280

can

1425

01:11:52,410 --> 01:11:49,480

essentially immediately after the

1426

01:11:54,930 --> 01:11:52,420

Challenger explosion the US Air Force

1427

01:11:58,410 --> 01:11:54,940

lost what they called its assured access

1428

01:12:00,510 --> 01:11:58,420

to space because a number of payloads on

1429

01:12:02,310 --> 01:12:00,520

the shuttles were classified DoD

1430

01:12:03,930 --> 01:12:02,320

satellites and other military

1431

01:12:05,760 --> 01:12:03,940

applications we still don't know to this

1432

01:12:08,069 --> 01:12:05,770

day exactly what all those palos were

1433

01:12:10,979 --> 01:12:08,079

and so when the Challenger blew up they

1434

01:12:14,879 --> 01:12:10,989

lost that whole capability so as the

1435

01:12:16,470 --> 01:12:14,889

story goes a desperate call went out to

1436

01:12:19,740 --> 01:12:16,480

the defense contractors on the west

1437

01:12:23,490 --> 01:12:19,750

coast and in st. Louis so including

1438

01:12:26,129 --> 01:12:23,500

Lockheed Northrop Boeing McDonnell

1439

01:12:29,010 --> 01:12:26,139

Douglas Rockwell International and they

1440

01:12:31,530 --> 01:12:29,020

were told to design build and test fly a

1441

01:12:33,990 --> 01:12:31,540

two-stage to orbit hypersonic space

1442

01:12:34,590 --> 01:12:34,000

plane that could carry what they call

1443

01:12:36,420 --> 01:12:34,600

rods

1444

01:12:39,930 --> 01:12:36,430

God which are depleted-uranium rounds

1445

01:12:41,460 --> 01:12:39,940

that have no warhead on and then they

1446

01:12:44,660 --> 01:12:41,470

also could be used as a synthetic

1447

01:12:46,890 --> 01:12:44,670

aperture high resolution imaging

1448

01:12:48,960 --> 01:12:46,900

reconnaissance platform as well

1449

01:12:51,870 --> 01:12:48,970

and according to my good friend Jim

1450

01:12:56,040 --> 01:12:51,880

Goodall he believes that what people

1451
01:12:59,220 --> 01:12:56,050
were seeing during the early 1990s late

1452
01:13:01,710 --> 01:12:59,230
1980s was the end result of that program

1453
01:13:04,710 --> 01:13:01,720
called the Black Star program and this

1454
01:13:07,350 --> 01:13:04,720
was a nuclear proliferation monitoring

1455
01:13:09,840 --> 01:13:07,360
aircraft that was the the mission

1456
01:13:11,760 --> 01:13:09,850
profile of a number of these different

1457
01:13:13,260 --> 01:13:11,770
vehicles so that's according to Jim

1458
01:13:16,500 --> 01:13:13,270
Goodall and there there does appear to

1459
01:13:19,080 --> 01:13:16,510
be some good research to back that up he

1460
01:13:21,090 --> 01:13:19,090
has a good historical background to make

1461
01:13:24,630 --> 01:13:21,100
that statement so what we were dealing

1462
01:13:27,360 --> 01:13:24,640
with here is again a two-stage to orbit

1463
01:13:30,510 --> 01:13:27,370

space plane consisting of a mothership

1464

01:13:33,810 --> 01:13:30,520

that was light gray in color operated by

1465

01:13:37,740 --> 01:13:33,820

the CIA the National Security Agency as

1466

01:13:39,660 --> 01:13:37,750

a as a congruent operation that major

1467

01:13:41,850 --> 01:13:39,670

aircraft called the mothership also

1468

01:13:44,900 --> 01:13:41,860

known as elegant lady was 200 feet in

1469

01:13:47,490 --> 01:13:44,910

length as I had a 120 foot wingspan and

1470

01:13:50,340 --> 01:13:47,500

just to do kind of a quick mission

1471

01:13:52,950 --> 01:13:50,350

profile what they would do is they would

1472

01:13:56,640 --> 01:13:52,960

take off from area 51 they would take up

1473

01:13:59,660 --> 01:13:56,650

a magnetic 349 degree hadn't they would

1474

01:14:03,420 --> 01:13:59,670

basically pour the coals to the aircraft

1475

01:14:05,340 --> 01:14:03,430

fly near Russia you know just right on

1476

01:14:08,100 --> 01:14:05,350

the skirts of Russia then they'd make a

1477

01:14:10,170 --> 01:14:08,110

left-hand turn going down to the Middle

1478

01:14:12,390 --> 01:14:10,180

East area they would look for any type

1479

01:14:15,540 --> 01:14:12,400

of nuclear fish animal material there

1480

01:14:17,550 --> 01:14:15,550

then they'd make another left turn pour

1481

01:14:20,490 --> 01:14:17,560

the coals to it right around Mach 8 to

1482

01:14:22,290 --> 01:14:20,500

Mach 10 then they'd hit right over

1483

01:14:24,030 --> 01:14:22,300

Hawaii and make a left-hand turn going

1484

01:14:26,610 --> 01:14:24,040

back to area 51 this is all done in

1485

01:14:29,060 --> 01:14:26,620

three hours they can do this mission in

1486

01:14:33,270 --> 01:14:29,070

under three hours at those type speeds

1487

01:14:34,590 --> 01:14:33,280

the the large aircraft on the bottom of

1488

01:14:37,800 --> 01:14:34,600

the aircraft and this is seen by

1489

01:14:41,460 --> 01:14:37,810

multiple eyewitnesses it has what looks

1490

01:14:43,610 --> 01:14:41,470

to be a relief section kind of like

1491

01:14:46,140 --> 01:14:43,620

someone took an ice-cream scooper and

1492

01:14:47,580 --> 01:14:46,150

scooped out the bottom of this aircraft

1493

01:14:50,550 --> 01:14:47,590

that

1494

01:14:53,250 --> 01:14:50,560

is to allow for a parasitic aircraft to

1495

01:14:55,770 --> 01:14:53,260

sit conformally tucked up inside the

1496

01:14:58,680 --> 01:14:55,780

bottom of the mothership so right around

1497

01:15:01,140 --> 01:14:58,690

Mach 1.2 they would release from the

1498

01:15:03,750 --> 01:15:01,150

mothership that's powered by six pratt &

1499

01:15:06,200 --> 01:15:03,760

whitney jane ninety three engines at

1500

01:15:08,850 --> 01:15:06,210

about Mach 1.2 at somewhere around

1501

01:15:11,399 --> 01:15:08,860

30,000 feet from that point the

1502

01:15:13,140 --> 01:15:11,409

parasitic aircraft which measures

1503

01:15:17,310 --> 01:15:13,150

approximately ninety feet in length and

1504

01:15:19,919 --> 01:15:17,320

has a crew of one can use its linear

1505

01:15:23,010 --> 01:15:19,929

aerospoke engines to go up to Mach 20

1506

01:15:25,350 --> 01:15:23,020

and that's how they can be seen and do

1507

01:15:29,939 --> 01:15:25,360

these missions that's what may have been

1508

01:15:33,320 --> 01:15:29,949

booming the Catalina Island area in the

1509

01:15:36,209 --> 01:15:33,330

early 90s going up through the LA basin

1510

01:15:39,450 --> 01:15:36,219

through Edwards Air Force Base near

1511

01:15:41,700 --> 01:15:39,460

Tonopah and area 51 on Thursday mornings

1512

01:15:45,780 --> 01:15:41,710

always on the Thursday morning and at

1513

01:15:47,160 --> 01:15:45,790

the last at the at the last part of the

1514

01:15:49,439 --> 01:15:47,170

month that's usually when they were

1515

01:15:52,800 --> 01:15:49,449

tested and the reason why that is is

1516

01:15:54,959 --> 01:15:52,810

because Thursday mornings are reserved

1517

01:15:58,080 --> 01:15:54,969

for test flights because Monday Tuesday

1518

01:16:00,180 --> 01:15:58,090

Wednesday is the pre flight Thursdays

1519

01:16:02,729 --> 01:16:00,190

the test flight Friday's debrief and

1520

01:16:06,540 --> 01:16:02,739

generally during the late 1980s early

1521

01:16:08,160 --> 01:16:06,550

1990s there were nobody at the base at

1522

01:16:10,350 --> 01:16:08,170

that time on weekend so that's why

1523

01:16:12,600 --> 01:16:10,360

Thursday's are reserved for test flights

1524

01:16:16,439 --> 01:16:12,610

so in a nutshell it's a Blackstar

1525

01:16:19,439 --> 01:16:16,449

program according to bill Scott in the

1526

01:16:21,510 --> 01:16:19,449

March 2006 issue of Aviation Week that

1527

01:16:23,910 --> 01:16:21,520

program may have been shelved we don't

1528

01:16:25,560 --> 01:16:23,920

know that for sure but there's a lot of

1529

01:16:28,470 --> 01:16:25,570

eyewitnesses who have seen both the

1530

01:16:30,300 --> 01:16:28,480

parasitic aircraft and the mothership so

1531

01:16:34,140 --> 01:16:30,310

we can take it to the bank that there

1532

01:16:35,939 --> 01:16:34,150

was such a program as far as the status

1533

01:16:38,430 --> 01:16:35,949

of the program right now we don't know

1534

01:16:40,950 --> 01:16:38,440

mmm

1535

01:16:44,459 --> 01:16:40,960

and again like we've said throughout the

1536

01:16:47,310 --> 01:16:44,469

program this was the 1992 correctly what

1537

01:16:48,540 --> 01:16:47,320

do they have now oh that's true here and

1538

01:16:52,229 --> 01:16:48,550

here's one of the articles right here

1539

01:16:56,820 --> 01:16:52,239

this is from local news metro LA Times

1540

01:17:00,300 --> 01:16:56,830

and this is 417 1992 it says secret is

1541

01:17:01,409 --> 01:17:00,310

out on quakes it's a spy plane analysts

1542

01:17:03,540 --> 01:17:01,419

believe that Aurora

1543

01:17:05,699 --> 01:17:03,550

it's not called a craft that can travel

1544

01:17:08,250 --> 01:17:05,709

4000 miles per hour could be the cause

1545

01:17:10,259 --> 01:17:08,260

of frayed morning nerves and so there's

1546

01:17:13,679 --> 01:17:10,269

just article after article about these

1547

01:17:16,469 --> 01:17:13,689

booms just waking up LA residents in the

1548

01:17:19,350 --> 01:17:16,479

early 1990s so they definitely have made

1549

01:17:22,649 --> 01:17:19,360

a breakthrough the sr-71 is not the

1550

01:17:24,689 --> 01:17:22,659

fastest aircraft anymore at this time

1551

01:17:27,899 --> 01:17:24,699

and that aircraft is still remain

1552

01:17:30,089 --> 01:17:27,909

classified to this day well okay

1553

01:17:33,270 --> 01:17:30,099

throughout this this show we have been

1554

01:17:36,229 --> 01:17:33,280

talking about aircraft that you know

1555

01:17:39,029 --> 01:17:36,239

really I mean they're they're using

1556

01:17:41,759 --> 01:17:39,039

conventional or what we would call

1557

01:17:43,739 --> 01:17:41,769

conventional you know types of jet

1558

01:17:47,370 --> 01:17:43,749

engines you know have you run across

1559

01:17:49,560 --> 01:17:47,380

anything that that shows that that we've

1560

01:17:51,839 --> 01:17:49,570

gone beyond that that you know we've

1561

01:17:54,179 --> 01:17:51,849

actually achieved you know like you know

1562

01:17:58,350 --> 01:17:54,189

fueled propulsion technology or you know

1563

01:18:00,330 --> 01:17:58,360

the ability to go quickly outside of the

1564

01:18:03,389 --> 01:18:00,340

atmosphere and you know and really do

1565

01:18:05,879 --> 01:18:03,399

have a secret space program within the

1566

01:18:07,589 --> 01:18:05,889

solar system well to answer that

1567

01:18:10,469 --> 01:18:07,599

question I just wanted to follow up on

1568

01:18:12,270 --> 01:18:10,479

the fantastic research by Linda she's so

1569

01:18:14,549 --> 01:18:12,280

well-versed in this but just to get back

1570

01:18:17,549 --> 01:18:14,559

to the Hudson Valley boomerang it was

1571

01:18:20,549 --> 01:18:17,559

the March 24th 1983 Taconic State

1572

01:18:22,729 --> 01:18:20,559

Parkway which was on a Thursday that

1573

01:18:25,199 --> 01:18:22,739

there were literally hundreds of people

1574

01:18:27,089 --> 01:18:25,209

that pulled off to the side of the road

1575

01:18:30,229 --> 01:18:27,099

slammed on their brakes got out of their

1576

01:18:33,239 --> 01:18:30,239

car and we're looking at this gigantic

1577

01:18:34,679 --> 01:18:33,249

boomerang chevron v-shaped craft that

1578

01:18:38,520 --> 01:18:34,689

was hovering over the Taconic State

1579

01:18:41,219 --> 01:18:38,530

Parkway silently and then shining these

1580

01:18:43,709 --> 01:18:41,229

beaming spotlights down on the cars

1581

01:18:45,870 --> 01:18:43,719

below like it was looking for something

1582

01:18:48,629 --> 01:18:45,880

and this went on multiple times this

1583

01:18:50,339 --> 01:18:48,639

wasn't the only time and one thing I

1584

01:18:53,669 --> 01:18:50,349

want to point out and you guys talked

1585

01:18:56,330 --> 01:18:53,679

about this earlier is the flight

1586

01:18:59,370 --> 01:18:56,340

characteristics of this particular craft

1587

01:19:02,879 --> 01:18:59,380

when it when it did this this is March

1588

01:19:05,279 --> 01:19:02,889

24th 1983 it started out south of

1589

01:19:08,279 --> 01:19:05,289

Millwood and worked its way northbound

1590

01:19:10,100 --> 01:19:08,289

until it got to Yorktown Heights and it

1591

01:19:13,290 --> 01:19:10,110

was hugging the Taconic State Parkway

1592

01:19:14,910 --> 01:19:13,300

making this zigzagging maneuver as it

1593

01:19:17,670 --> 01:19:14,920

was going northbound

1594

01:19:20,280 --> 01:19:17,680

like it wanted to be seen and then the

1595

01:19:21,600 --> 01:19:20,290

point I want to bring out and Linda has

1596

01:19:24,420 --> 01:19:21,610

already mentioned this as well

1597

01:19:27,720 --> 01:19:24,430

those eyewitnesses that saw both the

1598

01:19:30,420 --> 01:19:27,730

planes flying together that we're trying

1599

01:19:32,550 --> 01:19:30,430

to mock this Hudson Valley boomerang and

1600

01:19:36,780 --> 01:19:32,560

the the same eyewitnesses who saw the

1601

01:19:39,030 --> 01:19:36,790

actual UFO craft when they compared

1602

01:19:42,600 --> 01:19:39,040

notes there was no comparison they saw

1603

01:19:44,250 --> 01:19:42,610

two completely different vehicles there

1604

01:19:46,350 --> 01:19:44,260

was no confusing one for the other

1605

01:19:50,250 --> 01:19:46,360

that's the point and the way I try to

1606

01:19:52,650 --> 01:19:50,260

highlight this over the radio the best

1607

01:19:54,930 --> 01:19:52,660

way to do this that I can think of is if

1608

01:19:56,490 --> 01:19:54,940

you took a brand-new white sheet of

1609

01:20:00,300 --> 01:19:56,500

eight-and-a-half by 11 piece of paper

1610

01:20:04,110 --> 01:20:00,310

and then you break out five multicolored

1611

01:20:08,790 --> 01:20:04,120

magic markers and you and you draw like

1612

01:20:13,370 --> 01:20:08,800

ten dots on this paper red green yellow

1613

01:20:16,260 --> 01:20:13,380

blue and maybe orange you can just pick

1614

01:20:18,240 --> 01:20:16,270

five different colors and make ten dots

1615

01:20:18,870 --> 01:20:18,250

on this piece of paper when you're done

1616

01:20:21,150 --> 01:20:18,880

with that

1617

01:20:24,480 --> 01:20:21,160

turn the piece of paper over so the dots

1618

01:20:26,400 --> 01:20:24,490

are facing the table that you just drew

1619

01:20:29,280 --> 01:20:26,410

these on now take a number two pencil

1620

01:20:32,040 --> 01:20:29,290

and stab that piece of paper right

1621

01:20:34,890 --> 01:20:32,050

through the center and then with your

1622

01:20:38,580 --> 01:20:34,900

index finger and your thumb with the

1623

01:20:41,010 --> 01:20:38,590

paper being impaled on that pencil spin

1624

01:20:42,990 --> 01:20:41,020

that piece of paper and if you look at

1625

01:20:45,930 --> 01:20:43,000

the bottom you'll see that all those

1626

01:20:48,390 --> 01:20:45,940

dots that you drew they all move

1627

01:20:51,360 --> 01:20:48,400

perfectly information like they're

1628

01:20:54,030 --> 01:20:51,370

embedded in concrete that is the flight

1629

01:20:56,070 --> 01:20:54,040

characteristic that people saw during

1630

01:20:59,070 --> 01:20:56,080

the Takata State Parkway you absolutely

1631

01:21:01,110 --> 01:20:59,080

cannot get that kind of level of

1632

01:21:03,270 --> 01:21:01,120

accuracy with planes flying information

1633

01:21:05,880 --> 01:21:03,280

that's why we know that this was one

1634

01:21:08,370 --> 01:21:05,890

single craft and not ultralights not

1635

01:21:14,250 --> 01:21:08,380

Cessnas not Piper's flying information

1636

01:21:16,440 --> 01:21:14,260

it's a done deal so we're dealing with

1637

01:21:17,880 --> 01:21:16,450

an aircraft then that is using a really

1638

01:21:21,870 --> 01:21:17,890

exotic technology

1639

01:21:24,729 --> 01:21:21,880

well we not only that but the same type

1640

01:21:27,220 --> 01:21:24,739

of bottom under structure

1641

01:21:29,350 --> 01:21:27,230

and this similar type of beaming light

1642

01:21:32,260 --> 01:21:29,360

shining down was also seen on the

1643

01:21:33,790 --> 01:21:32,270

January 5th 2000 sighting and on the

1644

01:21:36,310 --> 01:21:33,800

vault belgium triangle but on the

1645

01:21:38,440 --> 01:21:36,320

january 5th 2000 sighting when the

1646

01:21:41,050 --> 01:21:38,450

lights were shining down they didn't hit

1647

01:21:42,760 --> 01:21:41,060

the ground they stopped halfway so

1648

01:21:44,920 --> 01:21:42,770

there's a there's a technology there now

1649

01:21:48,010 --> 01:21:44,930

again I'm not saying that all of it's

1650

01:21:50,650 --> 01:21:48,020

man-made probably a major majority of it

1651

01:21:52,270 --> 01:21:50,660

and Linda talked about earlier 1909

1652

01:21:55,240 --> 01:21:52,280

skunkworks didn't even exist back then

1653

01:21:57,550 --> 01:21:55,250

so who is building these but just going

1654

01:22:00,459 --> 01:21:57,560

by the eyewitness reports and nothing

1655

01:22:03,190 --> 01:22:00,469

else just the eyewitness reports we are

1656

01:22:08,350 --> 01:22:03,200

absolutely dealing with a single piece

1657

01:22:10,690 --> 01:22:08,360

of a craft that is a chevron twice as

1658

01:22:13,450 --> 01:22:10,700

large as a football field in many cases

1659

01:22:15,640 --> 01:22:13,460

Eddie Burns concurs with that heave and

1660

01:22:18,250 --> 01:22:15,650

he's no longer with us but he said he's

1661

01:22:23,229 --> 01:22:18,260

sure that this is one solid craft we've

1662

01:22:25,360 --> 01:22:23,239

got multiple eyewitnesses in the night

1663

01:22:27,130 --> 01:22:25,370

siege book that talked about how they're

1664

01:22:29,290 --> 01:22:27,140

they have no no doubts that they're

1665

01:22:38,440 --> 01:22:29,300

dealing with one simple solid craft

1666

01:22:41,380 --> 01:22:38,450

I remember seeing a film that was it was

1667

01:22:42,760 --> 01:22:41,390

taken at a day a Soviet Air Force Base

1668

01:22:47,290 --> 01:22:42,770

probably in the I think it was in the

1669

01:22:49,810 --> 01:22:47,300

early 1970s that had been it released

1670

01:22:53,530 --> 01:22:49,820

you know after the collapse of the

1671

01:22:57,670 --> 01:22:53,540

Soviet Union a lot of UFO papers and

1672

01:23:02,200 --> 01:22:57,680

films and things like that you know got

1673

01:23:04,390 --> 01:23:02,210

released but this the this this this

1674

01:23:05,800 --> 01:23:04,400

movie I mean it basically it showed you

1675

01:23:07,510 --> 01:23:05,810

know people on the tarmac of this Air

1676
01:23:14,350 --> 01:23:07,520
Force Base who get up in the sky and

1677
01:23:17,680 --> 01:23:14,360
there was a a white chevron aircraft

1678
01:23:20,350 --> 01:23:17,690
flying over this base very high up and

1679
01:23:23,740 --> 01:23:20,360
looking nothing like any kind of

1680
01:23:25,780 --> 01:23:23,750
aircraft that I had ever seen before and

1681
01:23:28,380 --> 01:23:25,790
like I said this this was this took

1682
01:23:33,640 --> 01:23:28,390
place in the probably in the early 1970s

1683
01:23:36,130 --> 01:23:33,650
so and yeah so obviously somebody has

1684
01:23:36,610 --> 01:23:36,140
had this kind of technology for quite a

1685
01:23:38,170 --> 01:23:36,620
while

1686
01:23:41,530 --> 01:23:38,180
well well Timmy

1687
01:23:42,910 --> 01:23:41,540
you've written about Nikola Tesla mmm in

1688
01:23:46,860 --> 01:23:42,920

fact I think you've been doing some

1689

01:23:49,180 --> 01:23:46,870

secret research in projects just

1690

01:23:51,670 --> 01:23:49,190

recently that will soon they hear about

1691

01:23:54,400 --> 01:23:51,680

now do you think that Tesla could have

1692

01:23:58,420 --> 01:23:54,410

been involved with some of this well I

1693

01:24:02,920 --> 01:23:58,430

got I don't think he was personally yeah

1694

01:24:08,130 --> 01:24:02,930

but I mean he definitely in his research

1695

01:24:13,960 --> 01:24:10,900

effects that we would now call field

1696

01:24:16,020 --> 01:24:13,970

propulsion you know or you know some

1697

01:24:20,770 --> 01:24:16,030

people have called it electrogravitics

1698

01:24:25,120 --> 01:24:20,780

you know and definitely a lot of his

1699

01:24:30,580 --> 01:24:25,130

material you know before he died was

1700

01:24:33,250 --> 01:24:30,590

stolen probably by German the German spy

1701

01:24:40,450 --> 01:24:33,260

a system that was established on the

1702

01:24:42,100 --> 01:24:40,460

East Coast in the early 1930s but then

1703

01:24:46,650 --> 01:24:42,110

it then you had the United States after

1704

01:24:50,050 --> 01:24:46,660

he died I mean they they got hold of

1705

01:24:54,930 --> 01:24:50,060

trucks several truckloads like 80

1706

01:24:59,170 --> 01:24:54,940

barrels of material from Tesla that

1707

01:25:05,500 --> 01:24:59,180

supposedly had information about you

1708

01:25:08,020 --> 01:25:05,510

know his more exotic research that has

1709

01:25:09,940 --> 01:25:08,030

never been seen except for just there

1710

01:25:11,620 --> 01:25:09,950

are various notes that came out of like

1711

01:25:13,510 --> 01:25:11,630

wright-patterson Air Force Base you know

1712

01:25:16,090 --> 01:25:13,520

he lived he lived right around the

1713

01:25:17,800 --> 01:25:16,100

corner here in the in New Yorker Hotel I

1714

01:25:19,420 --> 01:25:17,810

also feel like going down to the

1715

01:25:23,800 --> 01:25:19,430

basement and see if there's some really

1716

01:25:26,800 --> 01:25:23,810

old boxes laying around somewhere

1717

01:25:31,540 --> 01:25:26,810

well apparently from what I have been

1718

01:25:34,600 --> 01:25:31,550

told there is actually an elevator that

1719

01:25:39,450 --> 01:25:34,610

goes down into a sub-basement where

1720

01:25:43,450 --> 01:25:39,460

there is a tunnel system that leads to

1721

01:25:47,950 --> 01:25:43,460

the train station that could take you

1722

01:25:50,419 --> 01:25:47,960

from the The New Yorker to Washington DC

1723

01:25:53,149 --> 01:25:50,429

without being seen on the surface

1724

01:25:54,949 --> 01:25:53,159

I don't know it's the problems I've been

1725

01:26:00,310 --> 01:25:54,959

having with Amtrak and all it seems you

1726

01:26:05,659 --> 01:26:02,270

well the other thing about the New

1727

01:26:08,600 --> 01:26:05,669

Yorker apparently is that the generator

1728

01:26:11,239 --> 01:26:08,610

that they have in that building you know

1729

01:26:15,850 --> 01:26:11,249

it was put in when the building was was

1730

01:26:19,879 --> 01:26:15,860

built but the generator can generate a

1731

01:26:22,669 --> 01:26:19,889

power surplus what they say is like five

1732

01:26:25,639 --> 01:26:22,679

times more than the building could

1733

01:26:28,429 --> 01:26:25,649

actually use you know we years ago we

1734

01:26:29,959 --> 01:26:28,439

used to have some when I was running the

1735

01:26:32,659 --> 01:26:29,969

New York school of occult Arts and

1736

01:26:35,659 --> 01:26:32,669

Sciences we would actually rent one of

1737

01:26:38,419 --> 01:26:35,669

their meeting rooms I mean in those said

1738

01:26:40,279 --> 01:26:38,429

she could rent a meeting room for 35 or

1739

01:26:42,290 --> 01:26:40,289

you know 50 dollars or something like

1740

01:26:44,119 --> 01:26:42,300

that and it reminds me it was like on a

1741

01:26:47,389 --> 01:26:44,129

dark and stormy night with a hurricane

1742

01:26:50,239 --> 01:26:47,399

coming in and we had one night we had a

1743

01:26:53,299 --> 01:26:50,249

fairly small turnout but people were

1744

01:26:56,419 --> 01:26:53,309

very very much into it I hope they've

1745

01:26:58,580 --> 01:26:56,429

all got home alright but yeah we used to

1746

01:27:00,589 --> 01:26:58,590

yeah I don't think I knew in those days

1747

01:27:02,600 --> 01:27:00,599

that that was the Tesla's you know

1748

01:27:05,689 --> 01:27:02,610

headquarters we we weren't quite into

1749

01:27:09,830 --> 01:27:05,699

Tesla yet at that at that time this

1750

01:27:14,119 --> 01:27:09,840

would have been in oh you know like 60

1751

01:27:16,279 --> 01:27:14,129

issue 64 or something like that I don't

1752

01:27:19,189 --> 01:27:16,289

remember the exact year and no no nobody

1753

01:27:23,179 --> 01:27:19,199

was remembering Tesla then well we did

1754

01:27:27,199 --> 01:27:23,189

actually we did we did a book we

1755

01:27:31,489 --> 01:27:27,209

published it was my nickel otezla man of

1756

01:27:34,759 --> 01:27:31,499

mystery which has now been reprinted as

1757

01:27:39,109 --> 01:27:34,769

help me out with the title here Tim

1758

01:27:43,009 --> 01:27:39,119

about odyssey car and a Tesla oh yeah

1759

01:27:44,869 --> 01:27:43,019

yeah it's called mini mystery metal

1760

01:27:47,149 --> 01:27:44,879

mystery okay

1761

01:27:49,189 --> 01:27:47,159

it used to be man of mystery that was

1762

01:27:51,350 --> 01:27:49,199

better this minute mister yeah Otis

1763

01:27:54,770 --> 01:27:51,360

Carmichael intentionally yeah but now

1764

01:27:58,299 --> 01:27:54,780

we've had we've had that Tesla was all

1765

01:28:01,069 --> 01:27:58,309

flying to Mars and stuff but you know a

1766

01:28:04,010 --> 01:28:01,079

Crenshaw Dennis Crenshaw I didn't he

1767

01:28:06,490 --> 01:28:04,020

write a book about some seek

1768

01:28:10,850 --> 01:28:06,500

society or club that actually had

1769

01:28:12,860 --> 01:28:10,860

working aerial devices before the turn

1770

01:28:14,450 --> 01:28:12,870

of I was gonna say the turn into the

1771

01:28:16,070 --> 01:28:14,460

century but which one we don't you know

1772

01:28:18,920 --> 01:28:16,080

turned in 1900

1773

01:28:21,770 --> 01:28:18,930

oh yeah well yeah we had well we had

1774

01:28:24,050 --> 01:28:21,780

won't propose Leon our show a month or

1775

01:28:27,500 --> 01:28:24,060

so ago remember and he was talking about

1776

01:28:31,370 --> 01:28:27,510

his research into the corona aerial Club

1777

01:28:34,250 --> 01:28:31,380

you know in California yes there the

1778

01:28:38,780 --> 01:28:34,260

research went back maybe as far as pre

1779

01:28:40,760 --> 01:28:38,790

Civil War you know kind of like exotic

1780

01:28:42,260 --> 01:28:40,770

flying machines not just the you know

1781

01:28:45,020 --> 01:28:42,270

kite like structures or the Wright

1782

01:28:46,820 --> 01:28:45,030

brothers oh no no no yeah Michael how

1783

01:28:50,170 --> 01:28:46,830

about some of these rather exotic

1784

01:28:53,020 --> 01:28:50,180

theories that go along with the exotic

1785

01:28:56,840 --> 01:28:53,030

aircraft that they could have bases

1786

01:28:59,570 --> 01:28:56,850

underground or they can have bases on

1787

01:29:03,740 --> 01:28:59,580

the Dark Side of the Moon or inside the

1788

01:29:05,930 --> 01:29:03,750

earth any credence to any of those let

1789

01:29:08,240 --> 01:29:05,940

me give you the words of the skunkworks

1790

01:29:12,380 --> 01:29:08,250

vice president and general manager Rob

1791

01:29:14,270 --> 01:29:12,390

Wiese this is from page 196 of a new

1792

01:29:16,100 --> 01:29:14,280

book called the projects of the skunk

1793

01:29:18,260 --> 01:29:16,110

works so you're getting this directly

1794

01:29:22,010 --> 01:29:18,270

from the horse's mouth he says here on

1795

01:29:25,220 --> 01:29:22,020

page 196 quote about 80% of the group's

1796

01:29:28,490 --> 01:29:25,230

work is classified the other 20% we can

1797

01:29:30,500 --> 01:29:28,500

talk about so right there what has the

1798

01:29:32,630 --> 01:29:30,510

skunk works been doing the last 50 years

1799

01:29:34,460 --> 01:29:32,640

that we don't know about what have they

1800

01:29:37,040 --> 01:29:34,470

been doing during the Reagan

1801

01:29:39,500 --> 01:29:37,050

administration during that eight-year

1802

01:29:41,240 --> 01:29:39,510

time frame all the billions that were

1803

01:29:43,640 --> 01:29:41,250

poured into the skunk works what did

1804

01:29:47,150 --> 01:29:43,650

they build that's what we need to find

1805

01:29:50,690 --> 01:29:47,160

out yeah and they're not gonna let us

1806

01:29:52,960 --> 01:29:50,700

know anytime soon well it just always

1807

01:29:56,600 --> 01:29:52,970

makes me think of you know like the

1808

01:29:58,520 --> 01:29:56,610

supposed quotes from Ben wrench which

1809

01:30:00,140 --> 01:29:58,530

you know I mean some people say yeah I

1810

01:30:02,510 --> 01:30:00,150

said this and then other people say no

1811

01:30:03,890 --> 01:30:02,520

they were taken out of context you know

1812

01:30:06,560 --> 01:30:03,900

like a lot of the lines of you know we

1813

01:30:10,370 --> 01:30:06,570

have the technology now to take e.t home

1814

01:30:11,570 --> 01:30:10,380

or what was some of the other ones is

1815

01:30:13,910 --> 01:30:11,580

like

1816

01:30:20,030 --> 01:30:13,920

we've got stuff that would make the

1817

01:30:21,980 --> 01:30:20,040

director of Star Wars drool and so you

1818

01:30:26,420 --> 01:30:21,990

know it's just you know to me it's

1819

01:30:28,040 --> 01:30:26,430

always it's always fascinating to to

1820

01:30:29,630 --> 01:30:28,050

speculate because I mean they're not

1821

01:30:32,360 --> 01:30:29,640

gonna let us know anytime soon just

1822

01:30:38,210 --> 01:30:32,370

exactly you know what that what they

1823

01:30:41,240 --> 01:30:38,220

have but as as our producer said you

1824

01:30:44,600 --> 01:30:41,250

know during our breaks you know more

1825

01:30:47,060 --> 01:30:44,610

than likely that the they are using a

1826
01:30:50,440 --> 01:30:47,070
technology that's you know probably at

1827
01:30:54,050 --> 01:30:50,450
least fifty years ahead of civilian

1828
01:30:56,030 --> 01:30:54,060
technology that's precisely what Ben

1829
01:30:58,960 --> 01:30:56,040
Ridge said just before he passed away so

1830
01:31:03,710 --> 01:30:58,970
you almost quoted him exactly correctly

1831
01:31:06,290 --> 01:31:03,720
hmm well unfortunately we only have a

1832
01:31:09,110 --> 01:31:06,300
few minutes left in our show so I'd like

1833
01:31:13,430 --> 01:31:09,120
to give both you and Linda a chance to

1834
01:31:15,410 --> 01:31:13,440
tell our audience where they can find

1835
01:31:17,590 --> 01:31:15,420
out more about you websites things like

1836
01:31:21,710 --> 01:31:17,600
that Linda why don't you go first

1837
01:31:23,480 --> 01:31:21,720
certainly my books are on Amazon you can

1838
01:31:27,200 --> 01:31:23,490

get in touch with me through my website

1839

01:31:31,490 --> 01:31:27,210

go to Zim comm G OTO

1840

01:31:33,860 --> 01:31:31,500

Z I am calm and if you would like to see

1841

01:31:36,710 --> 01:31:33,870

Michael and I in person we are going to

1842

01:31:41,570 --> 01:31:36,720

be at the western Connecticut conference

1843

01:31:46,280 --> 01:31:41,580

no way the Danbury library on October

1844

01:31:48,710 --> 01:31:46,290

14th it's expected to fill up quickly if

1845

01:31:49,730 --> 01:31:48,720

you enjoyed listening to Michael which I

1846

01:31:51,800 --> 01:31:49,740

certainly did tonight

1847

01:31:54,500 --> 01:31:51,810

you are certainly going to enjoy seeing

1848

01:31:56,300 --> 01:31:54,510

him in person well that's that's a what

1849

01:31:58,820 --> 01:31:56,310

that's a wonderful disclosure now a

1850

01:32:00,860 --> 01:31:58,830

little what are the titles of your books

1851

01:32:03,980 --> 01:32:00,870

I have one here on the zombie apocalypse

1852

01:32:07,910 --> 01:32:03,990

I closely guard that so it's not

1853

01:32:10,970 --> 01:32:07,920

snatched away I'm working on the third

1854

01:32:14,360 --> 01:32:10,980

of the trilogy of the my zombie novels

1855

01:32:17,150 --> 01:32:14,370

but if you are interested in the UFO

1856

01:32:21,410 --> 01:32:17,160

books it's in the night sky which

1857

01:32:22,260 --> 01:32:21,420

there's also a documentary DVD based on

1858

01:32:26,040 --> 01:32:22,270

that

1859

01:32:29,280 --> 01:32:26,050

if it's been taken off the market or

1860

01:32:32,400 --> 01:32:29,290

what him that's available at the

1861

01:32:34,470 --> 01:32:32,410

production company that yeah I still

1862

01:32:36,990 --> 01:32:34,480

have some copies that used to be

1863

01:32:40,080 --> 01:32:37,000

available on Amazon but they're not

1864

01:32:42,900 --> 01:32:40,090

there anymore now oh okay maybe they

1865

01:32:46,380 --> 01:32:42,910

need to print some more and the other

1866

01:32:50,190 --> 01:32:46,390

two books are Hudson Valley UFOs and the

1867

01:32:52,650 --> 01:32:50,200

latest one is more Hudson Valley UFOs

1868

01:32:54,300 --> 01:32:52,660

we need more Hudson Valley and what's

1869

01:32:54,810 --> 01:32:54,310

the latest sighting there just make it

1870

01:32:59,580 --> 01:32:54,820

quick

1871

01:33:02,520 --> 01:32:59,590

ah later sighting would probably be a

1872

01:33:05,040 --> 01:33:02,530

rectangular craft in the Pine Bush area

1873

01:33:08,160 --> 01:33:05,050

all right good old pine Bush and Michael

1874

01:33:10,530 --> 01:33:08,170

you take it away well I can be contacted

1875

01:33:12,900 --> 01:33:10,540

on Facebook and all of my lectures are

1876

01:33:14,460 --> 01:33:12,910

on YouTube and so you can view some of

1877

01:33:17,190 --> 01:33:14,470

the information there but Facebook

1878

01:33:20,640 --> 01:33:17,200

probably the best way and there is also

1879

01:33:22,800 --> 01:33:20,650

you can download a book that you did

1880

01:33:23,430 --> 01:33:22,810

about the crashed UFOs and Leonard

1881

01:33:25,350 --> 01:33:23,440

Stringfield

1882

01:33:27,510 --> 01:33:25,360

that is available on the Mew phone

1883

01:33:29,340 --> 01:33:27,520

website that is correct well actually if

1884

01:33:35,430 --> 01:33:29,350

you just type it in on Google it appears

1885

01:33:37,260 --> 01:33:35,440

on about three websites might yeah but

1886

01:33:39,390 --> 01:33:37,270

it's a it's one of the better books on

1887

01:33:42,690 --> 01:33:39,400

the the subject and we have to have you

1888

01:33:44,430 --> 01:33:42,700

back to talk about that topic because we

1889

01:33:47,040 --> 01:33:44,440

didn't really get a chance to and get

1890

01:33:48,600 --> 01:33:47,050

into it and Tim what is our big news of

1891

01:33:51,570 --> 01:33:48,610

the week we are about to release

1892

01:33:54,380 --> 01:33:51,580

tomorrow a copy of the book the first

1893

01:33:58,400 --> 01:33:54,390

book that I ever wrote and published

1894

01:34:02,160 --> 01:33:58,410

inside the sorcerer's it was done in

1895

01:34:03,780 --> 01:34:02,170

1963 and 1964 but it's it's it's an

1896

01:34:06,060 --> 01:34:03,790

excellent book you'd never think that a

1897

01:34:08,850 --> 01:34:06,070

bunch of teenagers put it together

1898

01:34:10,440 --> 01:34:08,860

that's in China saucers and don't forget
