

EXPLORING THE BIZARRE

GUEST:
ALEKSANDAR
PETAKOV

1
00:00:37,229 --> 00:00:21,830

[Music]

2
00:00:44,180 --> 00:00:41,729

explode the bazaars or e-ticket ride

3
00:00:47,460 --> 00:00:44,190

into the world of the paranormal

4
00:00:51,770 --> 00:00:47,470

strap yourself in as we traverse the

5
00:00:54,890 --> 00:00:51,780

universe exploring the unexplained UFO s

6
00:00:57,270 --> 00:00:54,900

ghosts Lost Worlds

7
00:01:01,110 --> 00:00:57,280

cryptozoology waters as well as other

8
00:01:06,270 --> 00:01:01,120

dimensions it's time to take back the

9
00:01:09,389 --> 00:01:06,280

night now your electrifying hosts of

10
00:01:13,520 --> 00:01:09,399

exploring the bizarre Timothy Begley and

11
00:01:21,779 --> 00:01:18,180

Tim Tim back Lee what are we doing out

12
00:01:26,060 --> 00:01:21,789

in these deep dark woods with with these

13
00:01:29,999 --> 00:01:26,070

awesome speakers and these kick-ass jams

14

00:01:33,450 --> 00:01:30,009

well you know Tim I like to meditate

15

00:01:36,749 --> 00:01:33,460

before having a close encounter it

16

00:01:42,319 --> 00:01:36,759

energizes the area is sometimes enemies

17

00:01:47,219 --> 00:01:44,850

okay you mean like that that hairy

18

00:01:51,330 --> 00:01:47,229

Bigfoot that's starting to materialize

19

00:01:54,630 --> 00:01:51,340

next to us how do we know that he's a

20

00:01:55,530 --> 00:01:54,640

good creature or a beast that just wants

21

00:01:59,010 --> 00:01:55,540

to eat us alive

22

00:02:01,200 --> 00:01:59,020

oh well there's no guaranteeing anything

23

00:02:04,380 --> 00:02:01,210

when you're standing in a window area

24

00:02:07,889 --> 00:02:04,390

and a portal is about to open you never

25

00:02:10,139 --> 00:02:07,899

know who's going to come through get

26
00:02:12,900 --> 00:02:10,149
sucked into this world but we are

27
00:02:17,220 --> 00:02:12,910
dedicated researchers so we have to live

28
00:02:19,800 --> 00:02:17,230
with whatever happens well I I hope that

29
00:02:23,729 --> 00:02:19,810
if we're in danger a UFO will come down

30
00:02:30,210 --> 00:02:23,739
and save our butts yeah I'm sure they'll

31
00:02:34,410 --> 00:02:30,220
take us away away away well maybe maybe

32
00:02:36,930 --> 00:02:34,420
we'd be safer back in KC Oh our studios

33
00:02:40,160 --> 00:02:36,940
and out here and they in the deep woods

34
00:02:42,840 --> 00:02:40,170
besides I'm getting bitten by all these

35
00:02:48,240 --> 00:02:42,850
insects I'm more worried about them not

36
00:02:50,069 --> 00:02:48,250
then a Bigfoot hi Bigfoot I'm I'm

37
00:02:51,119 --> 00:02:50,079
already back in the studios like with

38
00:02:54,179 --> 00:02:51,129

you

39

00:02:57,720 --> 00:02:54,189

let me let me let me dust myself off

40

00:03:00,989 --> 00:02:57,730

here you know I I'm not I'm not much of

41

00:03:03,839 --> 00:03:00,999

a woodland creature I'm afraid that

42

00:03:05,059 --> 00:03:03,849

people always wanted a couple of

43

00:03:07,920 --> 00:03:05,069

girlfriends that I had over the years

44

00:03:10,229 --> 00:03:07,930

always wanted to go camping and I said

45

00:03:12,209 --> 00:03:10,239

you know hey let's camp at the Holiday

46

00:03:15,959 --> 00:03:12,219

Inn I mean that that's as far as I get

47

00:03:19,379 --> 00:03:15,969

into the into the into the woods i l

48

00:03:21,869 --> 00:03:19,389

remember one time I was in I think it

49

00:03:24,030 --> 00:03:21,879

was Flagstaff ER or somewhere and there

50

00:03:30,959 --> 00:03:24,040

was only one room left in this rather

51
00:03:32,970 --> 00:03:30,969
seedy motel because a lot of people eat

52
00:03:35,970 --> 00:03:32,980
I'm of the year when a lot of people go

53
00:03:39,890 --> 00:03:35,980
to the Grand Canyon in fact a dorm the

54
00:03:42,830 --> 00:03:39,900
door latch was broke we had a proper a

55
00:03:45,449 --> 00:03:42,840
chair up under it so that nobody could

56
00:03:47,640 --> 00:03:45,459
you know get into the room but

57
00:03:50,220 --> 00:03:47,650
unfortunately the last room

58
00:03:55,559 --> 00:03:50,230
a skunk had died outside the air

59
00:03:59,490 --> 00:03:55,569
conditioner and a horrifying experience

60
00:04:01,860 --> 00:03:59,500
so if you're going to were to flex

61
00:04:05,189 --> 00:04:01,870
therefore be careful of what time of the

62
00:04:10,319 --> 00:04:05,199
year you're going and don't stay at one

63
00:04:12,659 --> 00:04:10,329

of the two-star motels famous for its

64

00:04:15,420 --> 00:04:12,669

hot and cold running cockroaches there

65

00:04:19,229 --> 00:04:15,430

you go and so how are you doing out

66

00:04:21,390 --> 00:04:19,239

there in Jasper Indiana no doing doing

67

00:04:26,010 --> 00:04:21,400

well right now talking to you through my

68

00:04:28,230 --> 00:04:26,020

my backup computer since as you know my

69

00:04:30,749 --> 00:04:28,240

other one you know up and died on me but

70

00:04:33,420 --> 00:04:30,759

fortunately I had practically everything

71

00:04:35,510 --> 00:04:33,430

well no we're still hoping to get out

72

00:04:39,709 --> 00:04:35,520

that we're we're still hoping to get out

73

00:04:42,719 --> 00:04:39,719

Tim Beckley's a big book of incredible

74

00:04:44,879 --> 00:04:42,729

encounters by the the holiday that'll be

75

00:04:47,520 --> 00:04:44,889

a Christmas presents to all and I know

76
00:04:49,980 --> 00:04:47,530
you've been diligently at work on it and

77
00:04:53,580 --> 00:04:49,990
it's unfortunate about the computer but

78
00:04:56,040 --> 00:04:53,590
that's technology anyway on with our

79
00:04:58,050 --> 00:04:56,050
show for this evening it Sam

80
00:05:01,100 --> 00:04:58,060
why don't you tell us who we're going to

81
00:05:03,330 --> 00:05:01,110
be chatting with for the next hour or so

82
00:05:04,679 --> 00:05:03,340
yeah well you know we're really

83
00:05:09,959 --> 00:05:04,689
fortunate because you know last

84
00:05:13,529 --> 00:05:09,969
we had Paulino on and so I managed to to

85
00:05:19,079 --> 00:05:13,539
get his friend and hopefully soon to be

86
00:05:23,339 --> 00:05:19,089
our friend Alexandra penticoff who has

87
00:05:27,619 --> 00:05:23,349
been with with with Paul and in

88
00:05:32,159 --> 00:05:27,629

particular with a UFO incident and

89

00:05:35,519 --> 00:05:32,169

another rather unusual event that Paul

90

00:05:38,129 --> 00:05:35,529

discussed that week but first let me

91

00:05:40,589 --> 00:05:38,139

introduce Alexander now he's a

92

00:05:43,439 --> 00:05:40,599

documentary filmmaker and a multimedia

93

00:05:45,749 --> 00:05:43,449

artist as well as an avid adventurer

94

00:05:47,909 --> 00:05:45,759

who's constantly searching for the

95

00:05:49,409 --> 00:05:47,919

unknown traveling across the United

96

00:05:51,689 --> 00:05:49,419

States in the world Alexander has

97

00:05:54,389 --> 00:05:51,699

researched various cryptozoological

98

00:05:56,299 --> 00:05:54,399

creatures such as sasquatch the Loch

99

00:05:59,100 --> 00:05:56,309

Ness monster and the Lake Champlain

100

00:06:02,100 --> 00:05:59,110

monster one of our favorites mystery

101
00:06:05,129 --> 00:06:02,110
cats as well as other phenomena and

102
00:06:07,409 --> 00:06:05,139
mysterious places ranging from the

103
00:06:10,219 --> 00:06:07,419
paranormal Bridgewater triangle of

104
00:06:13,499 --> 00:06:10,229
Massachusetts to the Hermit Kingdom of

105
00:06:15,119 --> 00:06:13,509
North Korea he's created short

106
00:06:17,639 --> 00:06:15,129
documentary films and series on these

107
00:06:20,369 --> 00:06:17,649
subjects among others now most recently

108
00:06:23,249 --> 00:06:20,379
he's directed the small town monsters on

109
00:06:26,129 --> 00:06:23,259
the trail of champ and is currently

110
00:06:31,109 --> 00:06:26,139
working on an upcoming documentary

111
00:06:34,799 --> 00:06:31,119
called Lions of the east now Alexander

112
00:06:37,379 --> 00:06:34,809
was born in 1993 during the last year

113
00:06:40,350 --> 00:06:37,389

apartheid in South Africa two parents

114

00:06:42,209 --> 00:06:40,360

that fled civil war in the former

115

00:06:44,489 --> 00:06:42,219

Yugoslavia and he grew up in the United

116

00:06:47,629 --> 00:06:44,499

States has always been interested in

117

00:06:50,309 --> 00:06:47,639

global events history the outdoors and

118

00:06:51,689 --> 00:06:50,319

adventuring so Alexander thanks for

119

00:06:54,600 --> 00:06:51,699

being with us tonight so I'm exploring

120

00:06:56,369 --> 00:06:54,610

the bazaar thank you guys for having me

121

00:07:01,909 --> 00:06:56,379

Tim and Tim it's an honor

122

00:07:04,350 --> 00:07:01,919

well 1993 that's when you my goodness

123

00:07:07,279 --> 00:07:04,360

1993 I don't think I know anybody that

124

00:07:09,959 --> 00:07:07,289

young well I suppose I do you do now

125

00:07:13,379 --> 00:07:09,969

it's been it's been a quick minute let's

126

00:07:16,109 --> 00:07:13,389

say I I believe it is but when you're

127

00:07:18,210 --> 00:07:16,119

dimension-hopping like the three of us

128

00:07:20,550 --> 00:07:18,220

do you never really

129

00:07:23,940 --> 00:07:20,560

know what the time of at what time of

130

00:07:26,370 --> 00:07:23,950

day it is never mind what year

131

00:07:29,520 --> 00:07:26,380

well you've you've had them certainly a

132

00:07:31,590 --> 00:07:29,530

creative background and we'll get into

133

00:07:36,060 --> 00:07:31,600

that as the evening it progresses but

134

00:07:37,860 --> 00:07:36,070

what is the Pennsylvania triangle I mean

135

00:07:39,510 --> 00:07:37,870

we know about the Bermuda Triangle and

136

00:07:42,450 --> 00:07:39,520

there's the dragon's triangle and

137

00:07:45,090 --> 00:07:42,460

there's a trying to Bridgewater triangle

138

00:07:48,600 --> 00:07:45,100

tricks water Bridgewater and there's one

139

00:07:51,600 --> 00:07:48,610

of the the Great Lakes and there's one

140

00:07:54,030 --> 00:07:51,610

in Nevada I think I've heard about but I

141

00:07:56,460 --> 00:07:54,040

don't know the there too much about the

142

00:07:59,160 --> 00:07:56,470

one there in Pennsylvania how did you

143

00:08:04,440 --> 00:07:59,170

locate it and and how do you connect the

144

00:08:05,910 --> 00:08:04,450

dots sure so I am I talking about both

145

00:08:09,020 --> 00:08:05,920

Pennsylvania and the Bridgewater

146

00:08:11,970 --> 00:08:09,030

triangle I can do both yeah absolutely

147

00:08:15,300 --> 00:08:11,980

give us a you know just square it out

148

00:08:17,250 --> 00:08:15,310

for us sure sure so everyone's obviously

149

00:08:18,900 --> 00:08:17,260

heard of the Bermuda Triangle very

150

00:08:21,870 --> 00:08:18,910

famous sort of area was covered

151

00:08:24,120 --> 00:08:21,880

extensively in the 70s and 80s you know

152

00:08:25,350 --> 00:08:24,130

very popular area and what happened

153

00:08:27,770 --> 00:08:25,360

around that time was there were other

154

00:08:32,490 --> 00:08:27,780

areas the people reporting strange

155

00:08:33,810 --> 00:08:32,500

activity UFOs abductions sightings of

156

00:08:35,219 --> 00:08:33,820

strange creatures and these were areas

157

00:08:37,260 --> 00:08:35,229

that weren't happening in the middle of

158

00:08:39,240 --> 00:08:37,270

the ocean and one of these particular

159

00:08:41,010 --> 00:08:39,250

areas was just south of Boston

160

00:08:44,610 --> 00:08:41,020

Massachusetts in southern Massachusetts

161

00:08:46,310 --> 00:08:44,620

and cryptozoologist Loren Coleman kind

162

00:08:48,930 --> 00:08:46,320

of called it the Bridgewater triangle

163

00:08:51,150 --> 00:08:48,940

because it was an area that encapsulated

164

00:08:53,760 --> 00:08:51,160

all sorts of strange phenomena dating

165

00:08:55,260 --> 00:08:53,770

back hundreds of years involving swamp

166

00:08:56,660 --> 00:08:55,270

that was sort of the epicenter or

167

00:08:59,790 --> 00:08:56,670

something called the Hockomock swamp

168

00:09:01,770 --> 00:08:59,800

which the Wampanoag tribe in the area

169

00:09:03,480 --> 00:09:01,780

believed that was where the place for

170

00:09:05,430 --> 00:09:03,490

spyro's dwelled that was kind of their

171

00:09:08,120 --> 00:09:05,440

translation they sort of stayed out of

172

00:09:10,530 --> 00:09:08,130

that area it had a very bloody history

173

00:09:14,070 --> 00:09:10,540

Plymouth Colony one of the first settled

174

00:09:16,079 --> 00:09:14,080

areas in North America there was right

175

00:09:17,579 --> 00:09:16,089

at sort of the start of this you could

176

00:09:19,950 --> 00:09:17,589

say there was a lot of conflict between

177

00:09:21,720 --> 00:09:19,960

the settlers and the tribes in the area

178

00:09:23,880 --> 00:09:21,730

and some believe there was a curse that

179

00:09:26,010 --> 00:09:23,890

was then placed upon the whole region

180

00:09:28,290 --> 00:09:26,020

you have other mysterious things such as

181

00:09:30,180 --> 00:09:28,300

the Dighton Rock which is this very

182

00:09:31,769 --> 00:09:30,190

strange rock with these sort of

183

00:09:33,780 --> 00:09:31,779

hieroglyphic carving

184

00:09:35,910 --> 00:09:33,790

on them that nobody can really seem to

185

00:09:38,689 --> 00:09:35,920

figure out the origins of some people

186

00:09:42,179 --> 00:09:38,699

have suggested it's Norse Portuguese

187

00:09:44,460 --> 00:09:42,189

perhaps Phoenician Egyptian there's been

188

00:09:46,739 --> 00:09:44,470

a whole host of hypotheses it's now in a

189

00:09:49,860 --> 00:09:46,749

state park there you have the Freetown

190

00:09:53,040 --> 00:09:49,870

State Forest notable for various cult

191

00:09:55,559 --> 00:09:53,050

activity as well as place where the

192

00:09:57,569 --> 00:09:55,569

Mafia used to dump their bodies kind of

193

00:09:59,879 --> 00:09:57,579

in between Boston and Providence Rhode

194

00:10:02,249 --> 00:09:59,889

Island so very strange area and of

195

00:10:04,499 --> 00:10:02,259

course they must have piled up there

196

00:10:08,249 --> 00:10:04,509

with the the Wesley's of the analyzed

197

00:10:10,079 --> 00:10:08,259

both Oh exactly because it's this forest

198

00:10:11,759 --> 00:10:10,089

is basically halfway between Boston

199

00:10:13,970 --> 00:10:11,769

Massachusetts and Providence Rhode

200

00:10:16,410 --> 00:10:13,980

Island which were both sort of

201
00:10:19,290 --> 00:10:16,420
epicenters of both the Irish and Italian

202
00:10:21,150 --> 00:10:19,300
mobs and mafias at the time but also you

203
00:10:22,679 --> 00:10:21,160
have the puck wuji story which many

204
00:10:25,019 --> 00:10:22,689
people have heard of that sort of is

205
00:10:27,360 --> 00:10:25,029
from this area as well so it's a very

206
00:10:29,549 --> 00:10:27,370
strange strange spot and you have the

207
00:10:32,460 --> 00:10:29,559
Lizzie Borden house is kind of to the

208
00:10:34,230 --> 00:10:32,470
south of it and lots of UFO activity so

209
00:10:35,850 --> 00:10:34,240
that's the Bridgewater triangle so it's

210
00:10:38,519 --> 00:10:35,860
it's basically become one of the more

211
00:10:41,129 --> 00:10:38,529
fit people people disagree people will

212
00:10:42,119 --> 00:10:41,139
go into the forest there too and never

213
00:10:44,460 --> 00:10:42,129

be seen again

214

00:10:47,639 --> 00:10:44,470

oh there's been stories of

215

00:10:49,290 --> 00:10:47,649

disappearances I think now it's more at

216

00:10:51,689 --> 00:10:49,300

least in the 21st century it's more of a

217

00:10:53,490 --> 00:10:51,699

bit of a I don't want to say exactly

218

00:10:55,439 --> 00:10:53,500

tourist attraction because it's not like

219

00:10:58,139 --> 00:10:55,449

very good businesses capitalize on it

220

00:10:59,549 --> 00:10:58,149

but a people go there because they hear

221

00:11:02,280 --> 00:10:59,559

the stories you know no one really would

222

00:11:03,990 --> 00:11:02,290

go into this desolate sort of swamp

223

00:11:06,259 --> 00:11:04,000

the Hockomock swamp unless there were

224

00:11:08,790 --> 00:11:06,269

stories and there's plenty of stories of

225

00:11:12,389 --> 00:11:08,800

giant winged creatures being seen

226

00:11:14,790 --> 00:11:12,399

Bigfoot glowing we like we like we like

227

00:11:17,669 --> 00:11:14,800

winged the creatures in fact we did a

228

00:11:22,470 --> 00:11:17,679

book weird wing the creatures

229

00:11:25,230 --> 00:11:22,480

say that the three times but Bigfoot I

230

00:11:29,009 --> 00:11:25,240

mean the usual description of a easterly

231

00:11:31,739 --> 00:11:29,019

Sasquatch yes sort of the the typical

232

00:11:34,379 --> 00:11:31,749

Sasquatch you know that shaggy hair the

233

00:11:36,090 --> 00:11:34,389

operate posture walking on two legs as

234

00:11:38,610 --> 00:11:36,100

reported across the country basically

235

00:11:41,819 --> 00:11:38,620

and if every state aside from Hawaii and

236

00:11:44,009 --> 00:11:41,829

every Canadian province so it's somebody

237

00:11:45,449 --> 00:11:44,019

either that or is somebody that got lost

238

00:11:50,419 --> 00:11:45,459

returning home from Woodstock

239

00:11:54,389 --> 00:11:50,429

I guess I could it's around that time

240

00:11:57,689 --> 00:11:54,399

yeah bad joke okay alright so we know

241

00:12:00,809 --> 00:11:57,699

about the the that triangle what do we

242

00:12:03,470 --> 00:12:00,819

know about the Pennsylvania triangle

243

00:12:07,829 --> 00:12:03,480

mean our it's the host state like a

244

00:12:09,480 --> 00:12:07,839

mystery zone I think yeah it seems to be

245

00:12:12,090 --> 00:12:09,490

Pennsylvania as I'm sure you guys are

246

00:12:14,910 --> 00:12:12,100

aware has its fair share of strange

247

00:12:17,220 --> 00:12:14,920

places and stories though it does one of

248

00:12:20,699 --> 00:12:17,230

them we are our friend there at Peter

249

00:12:23,009 --> 00:12:20,709

who does the YouTube animation and and

250

00:12:26,129 --> 00:12:23,019

puts that all together he's a big fan of

251

00:12:29,579 --> 00:12:26,139

dog man he's got his scary of stories

252

00:12:33,119 --> 00:12:29,589

and their dog man I mean we've had

253

00:12:36,540 --> 00:12:33,129

people on there just on here like butch

254

00:12:40,889 --> 00:12:36,550

who have told us about these and blonde

255

00:12:43,590 --> 00:12:40,899

who told us about their experiences

256

00:12:45,840 --> 00:12:43,600

investigating a doorman and some of

257

00:12:48,449 --> 00:12:45,850

these other creatures now what part of

258

00:12:50,759 --> 00:12:48,459

the state are we concentrating on where

259

00:12:54,359 --> 00:12:50,769

where is the now you guys had your

260

00:12:56,629 --> 00:12:54,369

encounter in and the boys we're about is

261

00:13:00,299 --> 00:12:56,639

that lets say in location to

262

00:13:01,559 --> 00:13:00,309

Philadelphia or Pittsburgh or something

263

00:13:05,069 --> 00:13:01,569

that we might now because there are a

264

00:13:07,139 --> 00:13:05,079

lot of rural areas in Pennsylvania sure

265

00:13:08,549 --> 00:13:07,149

sure yeah and just before I mentioned

266

00:13:10,699 --> 00:13:08,559

that you know Pennsylvania is a state

267

00:13:13,739 --> 00:13:10,709

that according to recent data has

268

00:13:15,210 --> 00:13:13,749

perhaps some of the most or has a lot of

269

00:13:17,340 --> 00:13:15,220

the Bigfoot sightings in the east coast

270

00:13:19,049 --> 00:13:17,350

Pennsylvania is like her third or fourth

271

00:13:20,669 --> 00:13:19,059

in the nation according to the most

272

00:13:22,650 --> 00:13:20,679

recent sort of data that came out this

273

00:13:25,049 --> 00:13:22,660

summer you have other areas like the

274

00:13:27,989 --> 00:13:25,059

Chestnut Ridge South app it's all here

275

00:13:30,419 --> 00:13:27,999

they have strange reports and Eric one

276

00:13:33,749 --> 00:13:30,429

of my favorite one of my favorite videos

277

00:13:37,019 --> 00:13:33,759

are the small town monsters yeah that's

278

00:13:40,169 --> 00:13:37,029

a good one yeah the the area I'm

279

00:13:43,650 --> 00:13:40,179

referring to as one that I was turned on

280

00:13:45,359 --> 00:13:43,660

to by our friend Paulie no I and son as

281

00:13:47,160 --> 00:13:45,369

well they began researching that a

282

00:13:49,410 --> 00:13:47,170

number of years ago a number of years

283

00:13:51,539 --> 00:13:49,420

ago and I had the chance to join them

284

00:13:53,970 --> 00:13:51,549

for the first time last year in 2018 and

285

00:13:55,350 --> 00:13:53,980

I've been back in 2019 as well that's

286

00:13:57,539 --> 00:13:55,360

where we had this experience but the

287

00:13:58,889 --> 00:13:57,549

area is sort of I want to say central

288

00:14:02,429 --> 00:13:58,899

western Pennsylvania

289

00:14:03,869 --> 00:14:02,439

we're talking definitely a little bit

290

00:14:06,059 --> 00:14:03,879

closer to Pittsburgh than to

291

00:14:08,910 --> 00:14:06,069

Philadelphia but more towards that hello

292

00:14:12,720 --> 00:14:08,920

this so it would be about two hours I

293

00:14:14,160 --> 00:14:12,730

want to say north east of two and a half

294

00:14:17,790 --> 00:14:14,170

hours northeast of the Chestnut Ridge

295

00:14:20,549 --> 00:14:17,800

area that sort of spot so it's an area

296

00:14:22,679 --> 00:14:20,559

near Dubois Pennsylvania which is kind

297

00:14:25,079 --> 00:14:22,689

of a very small small town there aren't

298

00:14:27,869 --> 00:14:25,089

really any big towns in the area so it's

299

00:14:30,480 --> 00:14:27,879

mostly just the towns and then you have

300

00:14:33,210 --> 00:14:30,490

that sort of classic Appalachian sort of

301

00:14:35,189 --> 00:14:33,220

little Hills and Pennsylvania with the

302

00:14:36,929 --> 00:14:35,199

shale and all the different type of

303

00:14:38,699 --> 00:14:36,939

stone that occur in those sort of

304

00:14:42,919 --> 00:14:38,709

rolling hills and rural areas and a lot

305

00:14:50,069 --> 00:14:47,489

what exactly has happened there Oh whole

306

00:14:53,850 --> 00:14:50,079

host of strange things so you have

307

00:14:56,309 --> 00:14:53,860

people seeing UFOs of course orbs shadow

308

00:14:58,980 --> 00:14:56,319

people in their homes stories of

309

00:15:02,429 --> 00:14:58,990

abductions of many Bigfoot stories

310

00:15:05,400 --> 00:15:02,439

various Bigfoot stories black

311

00:15:07,949 --> 00:15:05,410

helicopters being seen strange sounds at

312

00:15:09,929 --> 00:15:07,959

night the whole host of things that you

313

00:15:11,280 --> 00:15:09,939

experience in a lot or that are reported

314

00:15:13,619 --> 00:15:11,290

rather and a lot of the other sort of

315

00:15:15,809 --> 00:15:13,629

triangle areas like I said a lot of

316

00:15:17,549 --> 00:15:15,819

these triangle areas really take their

317

00:15:19,410 --> 00:15:17,559

name after the Bridgewater triangle

318

00:15:22,379 --> 00:15:19,420

even though geographically they might

319

00:15:24,689 --> 00:15:22,389

not be a triangle so in the case of both

320

00:15:25,860 --> 00:15:24,699

Pennsylvania and the Bridgewater

321

00:15:27,540 --> 00:15:25,870

triangle they're not really perfect

322

00:15:30,179 --> 00:15:27,550

triangles that's just sort of an easier

323

00:15:32,999 --> 00:15:30,189

way of understanding perhaps or in our

324

00:15:37,019 --> 00:15:33,009

minds kind of it's connection actual

325

00:15:40,949 --> 00:15:37,029

catch-all look phrase I suppose do you

326

00:15:43,889 --> 00:15:40,959

live do you live in that area no no I do

327

00:15:46,470 --> 00:15:43,899

not I live actually in in close to

328

00:15:50,759 --> 00:15:46,480

Boston in New Hampshire I'm I'm in New

329

00:15:53,160 --> 00:15:50,769

England like Paul yeah okay so now

330

00:15:56,939 --> 00:15:53,170

wouldn't when did you I guess you'd

331

00:15:59,369 --> 00:15:56,949

known Paul for quite a while he refers

332

00:16:04,350 --> 00:15:59,379

to you as a member of his family in fact

333

00:16:08,369 --> 00:16:04,360

but then I guess we we all are some

334

00:16:10,199 --> 00:16:08,379

degree but when did you did you go with

335

00:16:11,060 --> 00:16:10,209

Paul when you first went out there and

336

00:16:13,850 --> 00:16:11,070

and had

337

00:16:16,160 --> 00:16:13,860

his experience of seeing something in

338

00:16:19,220 --> 00:16:16,170

the the woods and in the trees and kind

339

00:16:20,300 --> 00:16:19,230

of lumping this all together yeah so

340

00:16:23,000 --> 00:16:20,310

that I mean the first time I actually

341

00:16:26,390 --> 00:16:23,010

was there was 2018 and it was basically

342

00:16:27,800 --> 00:16:26,400

we got the gang together we invited a

343

00:16:29,720 --> 00:16:27,810

couple of other colleagues from New

344

00:16:31,970 --> 00:16:29,730

England and they invited me as well and

345

00:16:34,490 --> 00:16:31,980

we all road-tripped out there and had a

346

00:16:36,680 --> 00:16:34,500

blast and did sort of investigations and

347

00:16:38,360 --> 00:16:36,690

for me at that time I was a little more

348

00:16:40,580 --> 00:16:38,370

skeptical about this sort of other

349

00:16:43,070 --> 00:16:40,590

phenomena I was coming from much more of

350

00:16:45,350 --> 00:16:43,080

a cryptozoological perspective I was

351
00:16:47,510 --> 00:16:45,360
interested the Bigfoot side so I was

352
00:16:49,760 --> 00:16:47,520
very intrigued about interviewing in

353
00:16:51,530 --> 00:16:49,770
2018 we interviewed three generations of

354
00:16:53,420 --> 00:16:51,540
a family that we're all experiencing

355
00:16:55,580 --> 00:16:53,430
kind of Sasquatch activity on their

356
00:16:57,740 --> 00:16:55,590
rural property in this area that we were

357
00:17:00,200 --> 00:16:57,750
staying so I was a little bit more

358
00:17:00,950 --> 00:17:00,210
skeptical but we returned this year same

359
00:17:02,480 --> 00:17:00,960
sort of thing

360
00:17:04,400 --> 00:17:02,490
where we would have you know

361
00:17:06,560 --> 00:17:04,410
investigations talking to eyewitnesses

362
00:17:08,150 --> 00:17:06,570
and locals we would do a town hall but

363
00:17:11,540 --> 00:17:08,160

we have you had a nice animal meeting

364

00:17:13,400 --> 00:17:11,550

there right yeah yeah yeah yeah did I I

365

00:17:14,120 --> 00:17:13,410

hope you videotape some of this you

366

00:17:17,300 --> 00:17:14,130

filmmaker

367

00:17:19,069 --> 00:17:17,310

being that you're filming yes parts of

368

00:17:21,920 --> 00:17:19,079

it are I actually have the full

369

00:17:23,900 --> 00:17:21,930

interviews with the three eyewitnesses

370

00:17:26,480 --> 00:17:23,910

from last year on one of my YouTube

371

00:17:29,410 --> 00:17:26,490

channels which can all check tout us oh

372

00:17:32,750 --> 00:17:29,420

absolutely what would that channel be

373

00:17:35,000 --> 00:17:32,760

it's called sasquatch out of the shadows

374

00:17:36,620 --> 00:17:35,010

it's a YouTube channel and that's just

375

00:17:39,830 --> 00:17:36,630

sort of where I put interviews with

376

00:17:42,500 --> 00:17:39,840

Bigfoot researchers eyewitnesses also

377

00:17:44,330 --> 00:17:42,510

did stuff that I don't fit into like a

378

00:17:46,340 --> 00:17:44,340

documentary style it's just sort of

379

00:17:48,230 --> 00:17:46,350

extra content I throw out there and

380

00:17:50,870 --> 00:17:48,240

these interviews are obviously included

381

00:17:53,150 --> 00:17:50,880

in that but yeah so this year was

382

00:17:56,330 --> 00:17:53,160

actually year we had the sighting of the

383

00:17:58,640 --> 00:17:56,340

strange UFO like object that appeared

384

00:18:00,020 --> 00:17:58,650

that one night and it was quite a

385

00:18:02,750 --> 00:18:00,030

remarkable thing there were I believe

386

00:18:04,880 --> 00:18:02,760

five eyewitnesses all together and a dog

387

00:18:09,770 --> 00:18:04,890

as well if you would count that as a

388

00:18:12,020 --> 00:18:09,780

another species experience yes at least

389

00:18:17,030 --> 00:18:12,030

well what what did you see well what

390

00:18:19,790 --> 00:18:17,040

kind of UFO yes it was the best way I

391

00:18:22,730 --> 00:18:19,800

could describe it is sort of I was a

392

00:18:24,680 --> 00:18:22,740

clear night and it was a hazy object

393

00:18:27,170 --> 00:18:24,690

that looked like a initial

394

00:18:29,870 --> 00:18:27,180

like either the moon or a star that was

395

00:18:31,700 --> 00:18:29,880

perhaps behind a cloud but we could

396

00:18:34,070 --> 00:18:31,710

quickly realized that this was not the

397

00:18:35,660 --> 00:18:34,080

case as it sort of began drifting

398

00:18:37,630 --> 00:18:35,670

through the sky almost like a leaf

399

00:18:41,360 --> 00:18:37,640

fluttering the wind but in slow motion

400

00:18:43,520 --> 00:18:41,370

this cloud like object or fog sort of

401
00:18:45,260 --> 00:18:43,530
around this light and it just kept doing

402
00:18:48,530 --> 00:18:45,270
that and we started observing it then

403
00:18:51,590 --> 00:18:48,540
and then at one point we watched a

404
00:18:55,010 --> 00:18:51,600
smaller brighter more defined object

405
00:18:57,950 --> 00:18:55,020
shoot off of it or come off of it fly

406
00:19:03,200 --> 00:18:57,960
around it and fly back into this hazy

407
00:19:05,900 --> 00:19:03,210
area and a lot of adoration it was the

408
00:19:08,600 --> 00:19:05,910
sighting the sighting was probably

409
00:19:12,170 --> 00:19:08,610
around between three to five minutes

410
00:19:15,530 --> 00:19:12,180
altogether their loss to the sky now I

411
00:19:18,350 --> 00:19:15,540
know some of that is on your on your

412
00:19:22,330 --> 00:19:18,360
blog because we're going to be using

413
00:19:25,370 --> 00:19:22,340

that in in a the the book incredible

414

00:19:27,160 --> 00:19:25,380

encounters we have some material in

415

00:19:32,300 --> 00:19:27,170

there and in fact we'll use part of this

416

00:19:34,670 --> 00:19:32,310

interview I'm sure but you know it okay

417

00:19:37,610 --> 00:19:34,680

so other people have seen these things I

418

00:19:40,220 --> 00:19:37,620

mean I mean the the your little group

419

00:19:42,980 --> 00:19:40,230

there it's not the only witnesses you've

420

00:19:47,720 --> 00:19:42,990

also had talked to other people in the

421

00:19:49,550 --> 00:19:47,730

in the area yes yes yeah yeah so I mean

422

00:19:51,410 --> 00:19:49,560

luckily we managed to film this object

423

00:19:53,420 --> 00:19:51,420

so as you mentioned you can check out on

424

00:19:55,280 --> 00:19:53,430

my website I wrote up a full kind of

425

00:19:56,770 --> 00:19:55,290

report from my perspective of what

426
00:20:00,980 --> 00:19:56,780
happened just to get the record straight

427
00:20:02,750 --> 00:20:00,990
on petaca of mediacom but yeah when we

428
00:20:04,250 --> 00:20:02,760
did our town-hall a couple days after

429
00:20:05,930 --> 00:20:04,260
that and of course you know we were so

430
00:20:08,750 --> 00:20:05,940
excited to tell everyone about this

431
00:20:11,210 --> 00:20:08,760
story and we talked about it and III

432
00:20:13,580 --> 00:20:11,220
think we expected more of a reaction

433
00:20:15,740 --> 00:20:13,590
perhaps we're also used to going these

434
00:20:17,870 --> 00:20:15,750
sorts of events and giving talks and

435
00:20:20,210 --> 00:20:17,880
getting you know sort of a very

436
00:20:21,830 --> 00:20:20,220
interested reaction but I think most

437
00:20:23,690 --> 00:20:21,840
people there were sort of like oh yeah

438
00:20:27,830 --> 00:20:23,700

we have that kind of stuff happen fairly

439

00:20:29,780 --> 00:20:27,840

usually so so there was they weren't as

440

00:20:31,220 --> 00:20:29,790

amazed but I mean it was for them it was

441

00:20:32,930 --> 00:20:31,230

just sort of a normal thing because this

442

00:20:36,590 --> 00:20:32,940

sort of stuff happens fairly regularly

443

00:20:38,120 --> 00:20:36,600

in that area as we found out and how far

444

00:20:40,950 --> 00:20:38,130

do do

445

00:20:44,100 --> 00:20:40,960

okay so we're talking about a portal or

446

00:20:49,020 --> 00:20:44,110

a vortex or something along that line

447

00:20:53,400 --> 00:20:49,030

how far do these unusual occurrences how

448

00:20:56,400 --> 00:20:53,410

far back do they go as far as we can

449

00:20:59,789 --> 00:20:56,410

tell I mean when people first started

450

00:21:01,080 --> 00:20:59,799

reporting probably in the 30s or the 40s

451
00:21:03,990 --> 00:21:01,090
I mean we haven't really found

452
00:21:06,510 --> 00:21:04,000
excuse-me any conclusive data pertaining

453
00:21:08,430 --> 00:21:06,520
to this area but people just tell their

454
00:21:11,039 --> 00:21:08,440
stories of their family back in the day

455
00:21:13,049 --> 00:21:11,049
in the 50s and 60s talking about strange

456
00:21:14,909 --> 00:21:13,059
things and the fact that one of the

457
00:21:17,039 --> 00:21:14,919
properties that we stay on which is kind

458
00:21:18,419 --> 00:21:17,049
of I don't want to say the epicenter but

459
00:21:20,850 --> 00:21:18,429
definitely an area where a lot of the

460
00:21:22,830 --> 00:21:20,860
stuff seems to happen was a formerly a

461
00:21:24,570 --> 00:21:22,840
Native American burial ground which was

462
00:21:28,020 --> 00:21:24,580
excavated by the University of

463
00:21:31,020 --> 00:21:28,030

Pennsylvania where they discovered 120

464

00:21:33,149 --> 00:21:31,030

bodies I believe skeleton skeletal

465

00:21:36,960 --> 00:21:33,159

remains rather and it possibly was the

466

00:21:42,600 --> 00:21:36,970

site of a sort of meteorite crash oh yes

467

00:21:46,080 --> 00:21:42,610

I read that on your site yeah yes so

468

00:21:48,899 --> 00:21:46,090

have any you meteorite to the crash and

469

00:21:50,640 --> 00:21:48,909

all that our scientists probing into

470

00:21:52,649 --> 00:21:50,650

this I would take it not right I mean

471

00:21:56,340 --> 00:21:52,659

it's just the independent researchers

472

00:21:58,140 --> 00:21:56,350

for the most part yeah I mean regarding

473

00:22:01,200 --> 00:21:58,150

the meteorite question I'm not entirely

474

00:22:02,580 --> 00:22:01,210

sure I know that there is a strange rock

475

00:22:03,930 --> 00:22:02,590

that is in possession of one of the

476

00:22:05,850 --> 00:22:03,940

people that lives on this property and

477

00:22:08,640 --> 00:22:05,860

you know they've contemplated getting it

478

00:22:10,020 --> 00:22:08,650

tested by one of the state or somebody

479

00:22:12,060 --> 00:22:10,030

in the state of Pennsylvania one of the

480

00:22:14,190 --> 00:22:12,070

universities but they haven't to this

481

00:22:17,220 --> 00:22:14,200

day but Paul who actually has a metal

482

00:22:18,990 --> 00:22:17,230

allergy was walking around in this area

483

00:22:21,390 --> 00:22:19,000

where supposedly there was this crash

484

00:22:23,880 --> 00:22:21,400

and he suddenly got very ill this was a

485

00:22:26,430 --> 00:22:23,890

couple of years ago prior to being not

486

00:22:30,000 --> 00:22:26,440

I've never heard of that you could have

487

00:22:32,070 --> 00:22:30,010

an allergy towards metal yes yeah so

488

00:22:34,049 --> 00:22:32,080

that's that kind of happened before I

489

00:22:36,120 --> 00:22:34,059

before my time at the site but that's

490

00:22:37,799 --> 00:22:36,130

one of the factors that's happened there

491

00:22:39,180 --> 00:22:37,809

so it's it's definitely a very

492

00:22:40,860 --> 00:22:39,190

interesting site there seems to be a

493

00:22:42,990 --> 00:22:40,870

long history of people inhabiting the

494

00:22:44,940 --> 00:22:43,000

area I mean there's a style of pottery

495

00:22:46,440 --> 00:22:44,950

discovered at this site that was not

496

00:22:48,360 --> 00:22:46,450

found anywhere else in Pennsylvania

497

00:22:51,419 --> 00:22:48,370

which I guess would lead us to assume

498

00:22:53,789 --> 00:22:51,429

that it was of greater significance to

499

00:22:55,649 --> 00:22:53,799

the local tribes in the area I can't

500

00:22:58,680 --> 00:22:55,659

really speak to that but it certainly is

501
00:23:00,899 --> 00:22:58,690
an interesting detail now if I remember

502
00:23:05,310 --> 00:23:00,909
correctly in a previous conversation

503
00:23:07,289 --> 00:23:05,320
that Paul had with us on the show here I

504
00:23:10,019 --> 00:23:07,299
think he did mention that there were

505
00:23:11,639 --> 00:23:10,029
like mysterious mysterious vans kind of

506
00:23:14,869 --> 00:23:11,649
parked there and and somebody was

507
00:23:18,329 --> 00:23:14,879
keeping an eye on some of this activity

508
00:23:20,879 --> 00:23:18,339
so I don't know exactly that detail I do

509
00:23:22,979 --> 00:23:20,889
know that one of our colleagues there

510
00:23:25,889 --> 00:23:22,989
was one of the years or actually that

511
00:23:27,570 --> 00:23:25,899
last year was sleeping down as sort of a

512
00:23:30,329 --> 00:23:27,580
campground area away from the rest of

513
00:23:33,539 --> 00:23:30,339

the group and he claimed that at wee

514

00:23:35,519 --> 00:23:33,549

hours of the morning there was a orange

515

00:23:38,159 --> 00:23:35,529

maintenance truck that sort of just

516

00:23:39,389 --> 00:23:38,169

drove through the area which doesn't

517

00:23:41,279 --> 00:23:39,399

really make sense because there's

518

00:23:44,700 --> 00:23:41,289

nothing there except private property

519

00:23:46,409 --> 00:23:44,710

and a sort of field which there wasn't

520

00:23:48,869 --> 00:23:46,419

really a road in there's only one Road

521

00:23:50,190 --> 00:23:48,879

in small dirt road and kind of threw him

522

00:23:52,200 --> 00:23:50,200

off he wasn't really sure what they were

523

00:23:54,359 --> 00:23:52,210

doing and then asking around the morning

524

00:23:56,099 --> 00:23:54,369

he thought Oh was that anyone in the in

525

00:23:58,379 --> 00:23:56,109

the area and nobody really knew what

526

00:23:59,669 --> 00:23:58,389

what he was talking about so that's

527

00:24:01,859 --> 00:23:59,679

that's the only story I know of a

528

00:24:03,839 --> 00:24:01,869

strangely vehicle kind of going around

529

00:24:05,310 --> 00:24:03,849

but let me interrupt you here because we

530

00:24:06,690 --> 00:24:05,320

have to go to our bottom of the hour

531

00:24:09,810 --> 00:24:06,700

break so when we come back we'll

532

00:24:11,140 --> 00:24:09,820

continue our conversation on exploring

533

00:24:26,799 --> 00:24:11,150

the bazaars

534

00:24:30,099 --> 00:24:26,809

two of the most electrifying researchers

535

00:24:35,649 --> 00:24:30,109

in the Paranoid your hosts Timothy Becca

536

00:24:37,749 --> 00:24:35,659

Lee panting Swift's welcome back to

537

00:24:40,989 --> 00:24:37,759

exploring the bazaar I'm Tim Schwarz

538

00:24:47,139 --> 00:24:40,999

tonight our guest is Alexander Petrov

539

00:24:50,859 --> 00:24:47,149

and Alexander last week we had Paul Eno

540

00:24:54,339 --> 00:24:50,869

on and we talked about the the UFO

541

00:24:56,440 --> 00:24:54,349

sighting and then the the extremely

542

00:25:00,159 --> 00:24:56,450

unusual event that happened I think

543

00:25:03,399 --> 00:25:00,169

afterwards with the strange

544

00:25:06,369 --> 00:25:03,409

free-floating tone and you were there

545

00:25:10,180 --> 00:25:06,379

you heard that why don't you give us

546

00:25:12,820 --> 00:25:10,190

your perspective of that evening sure

547

00:25:16,330 --> 00:25:12,830

yeah that happened the night following

548

00:25:18,820 --> 00:25:16,340

this sort of UFO light in the sky thing

549

00:25:20,649 --> 00:25:18,830

that we witnessed and I'll say UFO with

550

00:25:22,029 --> 00:25:20,659

true definition of the word you know I'm

551
00:25:24,009 --> 00:25:22,039
in no position to really say what

552
00:25:26,339 --> 00:25:24,019
exactly it was but it was truly

553
00:25:29,049 --> 00:25:26,349
unidentified but we had this strange

554
00:25:31,749 --> 00:25:29,059
sound phenomena that the following night

555
00:25:33,399 --> 00:25:31,759
after the you know kind of full day of

556
00:25:35,080 --> 00:25:33,409
traversing around and exploring

557
00:25:37,389 --> 00:25:35,090
different locations and talking to folks

558
00:25:39,009 --> 00:25:37,399
we were all sort of getting ready to end

559
00:25:40,389 --> 00:25:39,019
the night and we're all hanging out in

560
00:25:42,879 --> 00:25:40,399
the garage and that's actually where we

561
00:25:44,859 --> 00:25:42,889
had a sort of a pop-up table where I had

562
00:25:46,659 --> 00:25:44,869
all my gear all my camera gear all my

563
00:25:48,609 --> 00:25:46,669

drone stuff everything was laid out

564

00:25:50,440 --> 00:25:48,619

there and I was just sort of gathering

565

00:25:52,299 --> 00:25:50,450

stuff and I was gonna be heading down to

566

00:25:54,190 --> 00:25:52,309

a campground to to sleep for the night

567

00:25:58,180 --> 00:25:54,200

and at one point we just heard this

568

00:26:00,339 --> 00:25:58,190

strange tone just kind of turn on in the

569

00:26:02,469 --> 00:26:00,349

garage and there's maybe there was about

570

00:26:04,779 --> 00:26:02,479

five of us standing there in the garage

571

00:26:07,779 --> 00:26:04,789

and I should mention there was another

572

00:26:10,180 --> 00:26:07,789

one of the team was laying in bed not

573

00:26:12,310 --> 00:26:10,190

sleeping but just on his phone probably

574

00:26:15,009 --> 00:26:12,320

about 15 feet away with the door cracked

575

00:26:15,339 --> 00:26:15,019

open and I'll get back to that detail in

576
00:26:17,320 --> 00:26:15,349
a minute

577
00:26:19,419 --> 00:26:17,330
and the homeowners were sleeping which

578
00:26:21,129 --> 00:26:19,429
was directly above the garage so we hear

579
00:26:23,680 --> 00:26:21,139
this tone and immediately I turn to Paul

580
00:26:26,109 --> 00:26:23,690
jokingly and say what did you step on or

581
00:26:27,849 --> 00:26:26,119
what did you press so we're all looking

582
00:26:29,890 --> 00:26:27,859
around trying to figure out if someone's

583
00:26:34,060 --> 00:26:29,900
phone is going off it was a very strange

584
00:26:35,830 --> 00:26:34,070
sort of pitch just a C tone I mean we're

585
00:26:37,660 --> 00:26:35,840
all looking around the whole garage I'm

586
00:26:40,570 --> 00:26:37,670
looking all my gear but I know my stuff

587
00:26:42,250 --> 00:26:40,580
it doesn't make that sort of noise so it

588
00:26:44,380 --> 00:26:42,260

has sustained was completely sustained

589

00:26:46,000 --> 00:26:44,390

and it sounds like it's coming from

590

00:26:48,070 --> 00:26:46,010

above us so we're walking around

591

00:26:49,210 --> 00:26:48,080

somebody then goes into the little side

592

00:26:50,920 --> 00:26:49,220

room where there was the washing

593

00:26:51,580 --> 00:26:50,930

machines they're checking the washer and

594

00:26:53,800 --> 00:26:51,590

the dryer

595

00:26:55,650 --> 00:26:53,810

there isn't anything and then somehow we

596

00:26:58,840 --> 00:26:55,660

all just end up opening the door and

597

00:27:01,930 --> 00:26:58,850

filing outside and the sound sounds like

598

00:27:03,940 --> 00:27:01,940

it's in the sky and at this point you

599

00:27:06,490 --> 00:27:03,950

know we're kind of looking up also in

600

00:27:08,140 --> 00:27:06,500

awe and somebody two people actually

601
00:27:11,680 --> 00:27:08,150
pulled out their cell phones and began

602
00:27:14,710 --> 00:27:11,690
recording the sound and to me it sounded

603
00:27:16,720 --> 00:27:14,720
like whatever was there or the the sound

604
00:27:19,060 --> 00:27:16,730
perception was that it was sort of

605
00:27:21,430 --> 00:27:19,070
moving around like it was in one spot

606
00:27:24,070 --> 00:27:21,440
and then it would shift and it almost

607
00:27:25,420 --> 00:27:24,080
like was kind of went over the woods

608
00:27:27,820 --> 00:27:25,430
that were a little bit further away from

609
00:27:29,890 --> 00:27:27,830
the house and at that point it just cut

610
00:27:30,250 --> 00:27:29,900
off as if somebody had just hit an off

611
00:27:33,040 --> 00:27:30,260
switch

612
00:27:35,620 --> 00:27:33,050
it went from sound to just cut off it

613
00:27:37,720 --> 00:27:35,630

didn't fade out it didn't transition out

614

00:27:39,370 --> 00:27:37,730

it just kind of kept doing that and we

615

00:27:41,020 --> 00:27:39,380

have the recordings you know on the

616

00:27:43,210 --> 00:27:41,030

phones or you can clearly hear how it

617

00:27:44,500 --> 00:27:43,220

kind of cuts out so we spent a little

618

00:27:45,970 --> 00:27:44,510

bit of time trying to figure out what it

619

00:27:47,980 --> 00:27:45,980

could have been what it might not have

620

00:27:49,780 --> 00:27:47,990

been and all of us agreed that it was

621

00:27:51,340 --> 00:27:49,790

sort of moving around and it first

622

00:27:55,300 --> 00:27:51,350

sounded like it was inside the garage

623

00:27:56,530 --> 00:27:55,310

and we go inside I ran inside to one of

624

00:27:58,660 --> 00:27:56,540

the other group members who I mentioned

625

00:28:00,370 --> 00:27:58,670

was laying in bed with the door cracked

626
00:28:01,870 --> 00:28:00,380
open I said did you hear any of that and

627
00:28:03,330 --> 00:28:01,880
he just kind of looked at me dumbfound

628
00:28:05,680 --> 00:28:03,340
and said no what are you talking about

629
00:28:07,210 --> 00:28:05,690
at which point we tried to explain to

630
00:28:09,010 --> 00:28:07,220
him what happened and it was just

631
00:28:10,870 --> 00:28:09,020
amazing because we were so close to him

632
00:28:12,820 --> 00:28:10,880
and the door wasn't even shut fully I

633
00:28:14,800 --> 00:28:12,830
don't understand we were worried that we

634
00:28:16,120 --> 00:28:14,810
would wake the homeowners up as well the

635
00:28:17,560 --> 00:28:16,130
next morning we asked them and they said

636
00:28:19,240 --> 00:28:17,570
they heard nothing as well they were

637
00:28:21,580 --> 00:28:19,250
sound asleep

638
00:28:23,950 --> 00:28:21,590

the closest sound I could say it

639

00:28:28,000 --> 00:28:23,960

resembled would be one of those Tibetan

640

00:28:31,720 --> 00:28:28,010

singing bowls that's sort of a noise but

641

00:28:33,520 --> 00:28:31,730

it was just sustained so whatever it was

642

00:28:34,810 --> 00:28:33,530

I don't know but it was very intriguing

643

00:28:38,140 --> 00:28:34,820

and it happened that night after we

644

00:28:39,460 --> 00:28:38,150

witnessed this the strange craft and we

645

00:28:41,230 --> 00:28:39,470

talked about that in the presentation as

646

00:28:43,240 --> 00:28:41,240

well and that was definitely one of the

647

00:28:44,740 --> 00:28:43,250

stranger sound anomaly sort

648

00:28:46,900 --> 00:28:44,750

things that I've experienced I think

649

00:28:49,180 --> 00:28:46,910

many of us agreed that it was one of the

650

00:28:52,360 --> 00:28:49,190

the more bizarre things because you

651
00:28:53,710 --> 00:28:52,370
expect to see something or you know

652
00:28:55,660 --> 00:28:53,720
something along those lines but when you

653
00:28:57,520 --> 00:28:55,670
heat you're just a strange noise it

654
00:28:59,080 --> 00:28:57,530
doesn't exactly make a lot of sense and

655
00:29:00,940 --> 00:28:59,090
you know we spend a lot of time trying

656
00:29:03,340 --> 00:29:00,950
to rationalize it or figure out what it

657
00:29:04,570 --> 00:29:03,350
could have been and we checked all the

658
00:29:06,820 --> 00:29:04,580
equipment everything in the garage

659
00:29:09,240 --> 00:29:06,830
nothing seemed to work even afterwards

660
00:29:14,610 --> 00:29:09,250
as we checked so it was it was a strange

661
00:29:18,010 --> 00:29:14,620
anomalous sound and that's what makes

662
00:29:22,030 --> 00:29:18,020
this kind of phenomena so interesting

663
00:29:26,260 --> 00:29:22,040

because humans being humans you know we

664

00:29:30,700 --> 00:29:26,270

love to try to find a reason that

665

00:29:34,300 --> 00:29:30,710

something like this is happening but as

666

00:29:37,090 --> 00:29:34,310

as you well know the majority of the

667

00:29:41,230 --> 00:29:37,100

time you can't come up you can't figure

668

00:29:42,430 --> 00:29:41,240

out any reason why this is happening you

669

00:29:45,010 --> 00:29:42,440

know I mean you know some people could

670

00:29:47,170 --> 00:29:45,020

speculate that the UFO sighting that you

671

00:29:48,340 --> 00:29:47,180

had the night before you know there may

672

00:29:51,480 --> 00:29:48,350

have been some kind of you know

673

00:29:55,900 --> 00:29:51,490

correlation with that and then the the

674

00:29:59,080 --> 00:29:55,910

the strange audio but when you boil down

675

00:30:01,120 --> 00:29:59,090

to it you know what's the meaning of it

676

00:30:03,640 --> 00:30:01,130

is there any meeting you know it's just

677

00:30:08,770 --> 00:30:03,650

it's it's it's beyond trying to figure

678

00:30:11,920 --> 00:30:08,780

out why it happened yes yeah I mean it

679

00:30:13,900 --> 00:30:11,930

like I said it was as far as we could

680

00:30:16,240 --> 00:30:13,910

tell I mean there wasn't any correlation

681

00:30:18,340 --> 00:30:16,250

between the two events aside from them

682

00:30:22,210 --> 00:30:18,350

happening in pretty much the same area

683

00:30:24,790 --> 00:30:22,220

and almost 24 hours apart that's that's

684

00:30:27,610 --> 00:30:24,800

basically the kind of the takeaway now I

685

00:30:29,740 --> 00:30:27,620

mean you can speculate well but what you

686

00:30:32,230 --> 00:30:29,750

like about just that area in general and

687

00:30:33,640 --> 00:30:32,240

as I mentioned earlier the previous year

688

00:30:34,750 --> 00:30:33,650

when the first year I went there I was

689

00:30:37,630 --> 00:30:34,760

definitely a little bit more skeptical

690

00:30:40,450 --> 00:30:37,640

about the the idea that you have Bigfoot

691

00:30:42,880 --> 00:30:40,460

and creature sightings going on the same

692

00:30:44,740 --> 00:30:42,890

place as UFO or other sort of paranormal

693

00:30:46,720 --> 00:30:44,750

activity I'd say I'm a little bit more

694

00:30:48,880 --> 00:30:46,730

open to the possibility of that now

695

00:30:51,160 --> 00:30:48,890

having kind of experienced something I'm

696

00:30:53,910 --> 00:30:51,170

not saying that Bigfoot's are popping

697

00:30:56,770 --> 00:30:53,920

out of UFOs but I'm saying maybe there's

698

00:30:58,750 --> 00:30:56,780

energetic reasons or you know

699

00:31:00,250 --> 00:30:58,760

vibrational frequencies in these sorts

700

00:31:02,920 --> 00:31:00,260

of areas where there seems to be more

701
00:31:05,560 --> 00:31:02,930
higher concentrations of this strange

702
00:31:07,240 --> 00:31:05,570
activity that draws things like this in

703
00:31:09,190 --> 00:31:07,250
I really don't know I mean we're get

704
00:31:12,490 --> 00:31:09,200
gets really pseudo-scientific once you

705
00:31:14,170 --> 00:31:12,500
get into that territory but I think we

706
00:31:16,330 --> 00:31:14,180
just can't really explain that with the

707
00:31:18,430 --> 00:31:16,340
modern sort of frame of thinking because

708
00:31:21,130 --> 00:31:18,440
you know it's much more I think we're

709
00:31:23,290 --> 00:31:21,140
much more materialism based in terms of

710
00:31:24,670 --> 00:31:23,300
explaining things away where is there a

711
00:31:27,820 --> 00:31:24,680
lot of phenomena that we're just

712
00:31:30,280 --> 00:31:27,830
starting to learn about that are sort of

713
00:31:32,050 --> 00:31:30,290

intangible in a physical sense but are

714

00:31:33,670 --> 00:31:32,060

certainly something that that happens

715

00:31:36,190 --> 00:31:33,680

you know just thinking about something

716

00:31:40,360 --> 00:31:36,200

like infrasound or the idea of telepathy

717

00:31:41,890 --> 00:31:40,370

or just human willpower even I mean

718

00:31:45,430 --> 00:31:41,900

trying to understand that and a physical

719

00:31:47,950 --> 00:31:45,440

sense is definitely difficult what about

720

00:31:51,220 --> 00:31:47,960

other personal experiences now you know

721

00:31:54,460 --> 00:31:51,230

this one was certainly unique I mean

722

00:31:57,730 --> 00:31:54,470

have you had out of all the places

723

00:31:59,590 --> 00:31:57,740

you've been and investigations that

724

00:32:02,320 --> 00:31:59,600

you've conducted have you had any other

725

00:32:04,060 --> 00:32:02,330

unusual experiences that you can say

726

00:32:06,210 --> 00:32:04,070

yeah this really happened to me and I

727

00:32:08,830 --> 00:32:06,220

don't know what the hell happened I

728

00:32:10,690 --> 00:32:08,840

would say nothing is as definitive as

729

00:32:14,140 --> 00:32:10,700

that that was definitely something where

730

00:32:16,810 --> 00:32:14,150

you know we have not only video evidence

731

00:32:18,850 --> 00:32:16,820

of what happened we have audio of us

732

00:32:20,560 --> 00:32:18,860

seeing this object in real time as

733

00:32:22,870 --> 00:32:20,570

people were trying to film with their

734

00:32:24,670 --> 00:32:22,880

cell phones which didn't really work but

735

00:32:26,350 --> 00:32:24,680

it still preserved the audio of what we

736

00:32:28,060 --> 00:32:26,360

were saying at that exact moment and

737

00:32:30,730 --> 00:32:28,070

then we have all our testimonies so I

738

00:32:31,930 --> 00:32:30,740

think we have you know good amount that

739

00:32:33,310 --> 00:32:31,940

we seen but that was the the most

740

00:32:35,200 --> 00:32:33,320

interesting thing I've seen I've

741

00:32:37,630 --> 00:32:35,210

experienced plenty of other stuff that I

742

00:32:39,700 --> 00:32:37,640

can't really say is as conclusive so a

743

00:32:40,690 --> 00:32:39,710

lot of the more Bigfoot related things

744

00:32:42,720 --> 00:32:40,700

you know I've been out in the woods

745

00:32:45,580 --> 00:32:42,730

plenty of times with investigators or

746

00:32:48,220 --> 00:32:45,590

kind of filming documentaries with

747

00:32:52,210 --> 00:32:48,230

Bigfoot researchers and you get sort of

748

00:32:54,070 --> 00:32:52,220

strange noises wood knocks tree knocks

749

00:32:57,040 --> 00:32:54,080

particularly a very interesting one in

750

00:32:59,380 --> 00:32:57,050

Ohio a couple years ago with these guys

751
00:33:01,180 --> 00:32:59,390
named Allison Twain where you know we

752
00:33:03,280 --> 00:33:01,190
heard something big was sort of

753
00:33:05,050 --> 00:33:03,290
responding to a bunch of wood knocks and

754
00:33:06,880 --> 00:33:05,060
making noises in the woods and it would

755
00:33:09,970 --> 00:33:06,890
definitely made the hair in the back of

756
00:33:10,540 --> 00:33:09,980
your neck stand up so you know there was

757
00:33:12,990 --> 00:33:10,550
another

758
00:33:15,310 --> 00:33:13,000
occasion actually Northern California

759
00:33:17,260 --> 00:33:15,320
ironically in Willow Creek Northern

760
00:33:20,260 --> 00:33:17,270
California which is sort of described as

761
00:33:22,150 --> 00:33:20,270
the the capital Bigfoot capital of the

762
00:33:23,650 --> 00:33:22,160
world because that's close to where buff

763
00:33:26,980 --> 00:33:23,660

Bluff Creek was where the

764

00:33:29,530 --> 00:33:26,990

patterson-gimlin film is captured I was

765

00:33:30,910 --> 00:33:29,540

there and we saw you know a UFO in the

766

00:33:33,430 --> 00:33:30,920

sky and it was just sort of it looked

767

00:33:35,080 --> 00:33:33,440

like a star very far off and it started

768

00:33:36,940 --> 00:33:35,090

moving around and then zipping around

769

00:33:39,700 --> 00:33:36,950

kind of left to right and then just sort

770

00:33:43,450 --> 00:33:39,710

of dissipated much much shorter sighting

771

00:33:46,000 --> 00:33:43,460

much less detail that I saw as compared

772

00:33:47,830 --> 00:33:46,010

to this thing in Pennsylvania so yeah

773

00:33:49,450 --> 00:33:47,840

aside from those I haven't really had

774

00:33:51,520 --> 00:33:49,460

any experiences that stand out that I

775

00:33:53,260 --> 00:33:51,530

could say conclusively or this was this

776

00:33:54,550 --> 00:33:53,270

or this was Bigfoot I mean you know

777

00:33:56,290 --> 00:33:54,560

you're out in the woods and has an

778

00:33:57,880 --> 00:33:56,300

outdoorsman you experienced all kinds of

779

00:34:01,180 --> 00:33:57,890

strange things some of which can be

780

00:34:03,190 --> 00:34:01,190

explained away as hearing a Fox

781

00:34:04,480 --> 00:34:03,200

screaming in the springtime which is

782

00:34:06,220 --> 00:34:04,490

called the vision scream with their

783

00:34:10,710 --> 00:34:06,230

mother in heat and that can be

784

00:34:16,990 --> 00:34:14,740

let me just ask this question here now

785

00:34:18,940 --> 00:34:17,000

the the first night you were there and

786

00:34:21,520 --> 00:34:18,950

you were out in the the field with them

787

00:34:24,460 --> 00:34:21,530

with Paul and he had his speaker and he

788

00:34:26,050 --> 00:34:24,470

was playing this particular classical

789

00:34:30,150 --> 00:34:26,060

music I believe right by one of his

790

00:34:34,600 --> 00:34:30,160

favorite artists and apparently this did

791

00:34:36,130 --> 00:34:34,610

draw in some of the activity that took

792

00:34:41,159 --> 00:34:36,140

place that evening was there a

793

00:34:44,530 --> 00:34:41,169

similarity between his playing this

794

00:34:48,490 --> 00:34:44,540

particular music and what you heard in

795

00:34:50,409 --> 00:34:48,500

the garage seeing that I'm not sure of I

796

00:34:52,210 --> 00:34:50,419

wasn't there with Paul but this song

797

00:34:53,980 --> 00:34:52,220

sort of he played were just sort of

798

00:34:55,780 --> 00:34:53,990

calming music that I think he would play

799

00:34:57,130 --> 00:34:55,790

when because what we would do is

800

00:34:59,860 --> 00:34:57,140

basically we'd be split up into groups

801
00:35:02,080 --> 00:34:59,870
either individually or just two per

802
00:35:03,850 --> 00:35:02,090
group just sort of stalking out I guess

803
00:35:05,800 --> 00:35:03,860
you could say you're hanging out in

804
00:35:07,240 --> 00:35:05,810
certain areas of the property where were

805
00:35:09,160 --> 00:35:07,250
you know miles away from each other

806
00:35:11,710 --> 00:35:09,170
there I happen to be that night hanging

807
00:35:13,690 --> 00:35:11,720
out down by a wooded ravine near the

808
00:35:16,090 --> 00:35:13,700
property of those folks who had had

809
00:35:16,780 --> 00:35:16,100
various generations worth of Bigfoot

810
00:35:18,490 --> 00:35:16,790
encounters

811
00:35:21,430 --> 00:35:18,500
I was just sitting kind of alone in a

812
00:35:23,410 --> 00:35:21,440
pickup truck and seeing the shadow of

813
00:35:24,250 --> 00:35:23,420

deer rising through the grass and

814

00:35:25,510 --> 00:35:24,260

turning my

815

00:35:29,350 --> 00:35:25,520

highlights I'm thinking I'm gonna see

816

00:35:32,290 --> 00:35:29,360

something else but yeah as for the tones

817

00:35:34,450 --> 00:35:32,300

uh you know I don't really know if it

818

00:35:36,310 --> 00:35:34,460

sounded like what was on the tones in

819

00:35:38,890 --> 00:35:36,320

terms of that sound we did play some

820

00:35:41,200 --> 00:35:38,900

other tones the second day on the the

821

00:35:43,240 --> 00:35:41,210

night when we did hear that sound

822

00:35:45,610 --> 00:35:43,250

we were playing just some tones while we

823

00:35:47,620 --> 00:35:45,620

were up on an area doing a scouting kind

824

00:35:48,640 --> 00:35:47,630

of it was a cloudy night so you couldn't

825

00:35:51,090 --> 00:35:48,650

really see anything but it would've been

826

00:35:53,350 --> 00:35:51,100

a perfect spot to do the stargazing and

827

00:35:55,900 --> 00:35:53,360

it was sort of similar to some of those

828

00:35:57,310 --> 00:35:55,910

tones but not not exactly the same and

829

00:36:00,640 --> 00:35:57,320

that's why I would say that the closest

830

00:36:02,530 --> 00:36:00,650

sound it resembled was a Tibetan singing

831

00:36:05,500 --> 00:36:02,540

bowl if you ever played with one of

832

00:36:07,420 --> 00:36:05,510

those that's pretty much exactly what it

833

00:36:10,060 --> 00:36:07,430

sounded like but just sustained

834

00:36:12,070 --> 00:36:10,070

completely throughout the the few

835

00:36:16,980 --> 00:36:12,080

minutes that we were hearing this this

836

00:36:19,330 --> 00:36:16,990

sound what did you tell us about the

837

00:36:24,040 --> 00:36:19,340

documentary that you're currently

838

00:36:26,440 --> 00:36:24,050

working on about big cats sure yes so

839

00:36:28,240 --> 00:36:26,450

that's uh yeah I just released the

840

00:36:30,280 --> 00:36:28,250

trailer for that a couple of days ago

841

00:36:32,800 --> 00:36:30,290

here that is called Lions of the East

842

00:36:35,740 --> 00:36:32,810

it's a documentary about the sort of

843

00:36:37,210 --> 00:36:35,750

mystery big cat phenomena in the eastern

844

00:36:40,080 --> 00:36:37,220

part of the United States primarily New

845

00:36:42,820 --> 00:36:40,090

England where I'm operating out of so

846

00:36:45,160 --> 00:36:42,830

it's all about the mountain lion

847

00:36:46,930 --> 00:36:45,170

phenomena primarily which is the idea

848

00:36:49,600 --> 00:36:46,940

that people are seeing mountain lions

849

00:36:51,880 --> 00:36:49,610

which are supposedly extinct or XAR

850

00:36:54,700 --> 00:36:51,890

pated from this area and they supposedly

851

00:36:56,770 --> 00:36:54,710

have been since the later part of the

852

00:36:59,380 --> 00:36:56,780

1800s when they were hunted to

853

00:37:01,030 --> 00:36:59,390

extinction in the area and a lot of

854

00:37:03,430 --> 00:37:01,040

deforestation happened that pushed out a

855

00:37:04,690 --> 00:37:03,440

lot of the other large species of animal

856

00:37:07,810 --> 00:37:04,700

that are native to this area such as

857

00:37:10,750 --> 00:37:07,820

black bear and moose and deer and other

858

00:37:12,880 --> 00:37:10,760

species as well but supposedly you know

859

00:37:14,680 --> 00:37:12,890

people are still seeing mountain lions

860

00:37:15,910 --> 00:37:14,690

and I there's plenty people I've talked

861

00:37:18,160 --> 00:37:15,920

to that are credible eyewitnesses and

862

00:37:19,900 --> 00:37:18,170

I've heard hundreds of stories it's a

863

00:37:21,600 --> 00:37:19,910

very wide spread I'd say in this area

864

00:37:24,760 --> 00:37:21,610

and the documentary explorers kind of

865

00:37:27,100 --> 00:37:24,770

what is going on so I talked to various

866

00:37:29,710 --> 00:37:27,110

officials that work for states of

867

00:37:31,410 --> 00:37:29,720

Vermont to New Hampshire former state

868

00:37:33,810 --> 00:37:31,420

officials from Massachusetts

869

00:37:35,830 --> 00:37:33,820

eyewitnesses kind of self-professed

870

00:37:37,600 --> 00:37:35,840

researchers that just go out there

871

00:37:38,200 --> 00:37:37,610

either based on their own eyewitnesses

872

00:37:40,180 --> 00:37:38,210

or those of their

873

00:37:42,430 --> 00:37:40,190

family and that's motivated them to try

874

00:37:44,470 --> 00:37:42,440

and get to the bottom as well as people

875

00:37:46,000 --> 00:37:44,480

who have found definitive evidence of

876

00:37:48,730 --> 00:37:46,010

mountain lions in the area that have

877

00:37:52,839 --> 00:37:48,740

almost been covered up or kind of

878

00:37:56,740 --> 00:37:52,849

ignored by certain state authorities and

879

00:37:59,530 --> 00:37:56,750

agencies so it's sort of a just a dive

880

00:38:02,470 --> 00:37:59,540

into that entire subject and why there's

881

00:38:03,790 --> 00:38:02,480

this sort of distrust of the states

882

00:38:05,230 --> 00:38:03,800

because a lot of the public will just

883

00:38:06,579 --> 00:38:05,240

write them off and say oh yeah they're

884

00:38:08,170 --> 00:38:06,589

covering it up they know what's going on

885

00:38:10,300 --> 00:38:08,180

and I don't want to say their claims are

886

00:38:11,950 --> 00:38:10,310

completely unfounded but I don't think

887

00:38:14,410 --> 00:38:11,960

that there's a necessarily a grand

888

00:38:16,089 --> 00:38:14,420

conspiracy but I think it's somewhere

889

00:38:18,370 --> 00:38:16,099

more in the middle where you do have a

890

00:38:20,740 --> 00:38:18,380

sort of reluctance probably due to money

891

00:38:23,349 --> 00:38:20,750

or funding to have to deal with a large

892

00:38:24,609 --> 00:38:23,359

predator that is maybe just passing

893

00:38:26,730 --> 00:38:24,619

through the area from Western

894

00:38:29,230 --> 00:38:26,740

populations as opposed to setting up

895

00:38:30,880 --> 00:38:29,240

permanent populations but others would

896

00:38:33,579 --> 00:38:30,890

argue no what we've seen young ones

897

00:38:35,460 --> 00:38:33,589

we've seen you know evidence of breeding

898

00:38:38,980 --> 00:38:35,470

populations so it's it's a very it's a

899

00:38:40,630 --> 00:38:38,990

surprisingly contentious debate in in at

900

00:38:41,950 --> 00:38:40,640

least in New Hampshire and in much of

901
00:38:44,589 --> 00:38:41,960
the surrounding states you'd be

902
00:38:46,720 --> 00:38:44,599
surprised how much controversy it's

903
00:38:48,790 --> 00:38:46,730
stirred up and every year there's sort

904
00:38:51,820 --> 00:38:48,800
of a craze about in the local medias and

905
00:38:55,440 --> 00:38:51,830
it sort of takes off and it's definitely

906
00:38:59,890 --> 00:38:55,450
an interesting subject what about

907
00:39:02,530 --> 00:38:59,900
sightings of black mountain lions I know

908
00:39:06,339 --> 00:39:02,540
here in Indiana I mean we we get a lot

909
00:39:08,290 --> 00:39:06,349
of sightings of just the regular the tan

910
00:39:10,420 --> 00:39:08,300
colored supposedly you know

911
00:39:12,690 --> 00:39:10,430
mountain lions or Cougars but we also

912
00:39:15,250 --> 00:39:12,700
get a some hot it's a surprising amount

913
00:39:17,230 --> 00:39:15,260

of people who claim that they have seen

914

00:39:19,150 --> 00:39:17,240

they call them Black Panthers you know

915

00:39:22,410 --> 00:39:19,160

which of course probably you know isn't

916

00:39:25,420 --> 00:39:22,420

the case but they could be melanistic

917

00:39:28,599 --> 00:39:25,430

Cougars who knows but what about their

918

00:39:30,339 --> 00:39:28,609

I'm East sure that's something yeah I

919

00:39:32,050 --> 00:39:30,349

forgot to kind of address that but

920

00:39:33,970 --> 00:39:32,060

that's that's part of it I would say

921

00:39:37,390 --> 00:39:33,980

probably a majority of the sightings are

922

00:39:39,640 --> 00:39:37,400

that typical sort of mountain lion color

923

00:39:42,550 --> 00:39:39,650

that tawny though it can range from a

924

00:39:45,339 --> 00:39:42,560

light brown to almost a sort of whitish

925

00:39:48,280 --> 00:39:45,349

color so it sat in the acceptable sort

926
00:39:52,030 --> 00:39:48,290
of color palette I guess of the mountain

927
00:39:54,520 --> 00:39:52,040
lion of the Puma concolor but

928
00:39:56,440 --> 00:39:54,530
there's no known melanism in the north

929
00:39:58,000 --> 00:39:56,450
american mountain lions which is what's

930
00:39:59,350 --> 00:39:58,010
interesting because there are reports

931
00:40:01,330 --> 00:39:59,360
there are reports even going back to the

932
00:40:03,760 --> 00:40:01,340
1930s in New Hampshire people seeing a

933
00:40:05,830 --> 00:40:03,770
black panther or black panthers as

934
00:40:07,510 --> 00:40:05,840
they're described and it happens in

935
00:40:09,430 --> 00:40:07,520
various states and like I said I think

936
00:40:11,830 --> 00:40:09,440
majority of the sighting or not I think

937
00:40:13,420 --> 00:40:11,840
but I have seen just from interviewing

938
00:40:14,950 --> 00:40:13,430

people in the data that the majority of

939

00:40:16,360 --> 00:40:14,960

the sightings tend to be that normal

940

00:40:18,220 --> 00:40:16,370

sort of mountain lion but there's a

941

00:40:20,830 --> 00:40:18,230

small percentage of settings that are

942

00:40:22,750 --> 00:40:20,840

black in color which is very interesting

943

00:40:24,610 --> 00:40:22,760

and that opens the door to is there

944

00:40:28,270 --> 00:40:24,620

something else going on I mean are these

945

00:40:29,740 --> 00:40:28,280

escaped pets or these is there a are

946

00:40:31,360 --> 00:40:29,750

mountain lions able to actually have a

947

00:40:34,720 --> 00:40:31,370

sort of melanism which would be very

948

00:40:36,160 --> 00:40:34,730

intriguing scientifically at least so

949

00:40:37,870 --> 00:40:36,170

yeah the doc will talk a little bit

950

00:40:40,600 --> 00:40:37,880

about that not entirely because I think

951
00:40:43,450 --> 00:40:40,610
that's almost a subject on its own which

952
00:40:45,700 --> 00:40:43,460
might warrant further examination in the

953
00:40:47,740 --> 00:40:45,710
future but I definitely is touched up

954
00:40:50,590 --> 00:40:47,750
upon and if you if you've seen my poster

955
00:40:52,600 --> 00:40:50,600
for it I have a wonderful artist named

956
00:40:54,850 --> 00:40:52,610
Matt Harris who does a lot of the small

957
00:40:56,860 --> 00:40:54,860
town monsters illustrations he did the

958
00:40:58,240 --> 00:40:56,870
poster for me and you can see in the

959
00:40:59,800 --> 00:40:58,250
front there is that sort of tawny

960
00:41:01,780 --> 00:40:59,810
mountain lion and then off to the back

961
00:41:03,430 --> 00:41:01,790
there's a on a cliff there's a little

962
00:41:07,060 --> 00:41:03,440
there's a black panther just kind of

963
00:41:10,210 --> 00:41:07,070

hanging out so paying homage to that mmm

964

00:41:12,880 --> 00:41:10,220

and what would you expect this dock you

965

00:41:15,550 --> 00:41:12,890

a turd come out this is gonna come out

966

00:41:18,550 --> 00:41:15,560

this winter so at this point I'm looking

967

00:41:21,550 --> 00:41:18,560

at right around in January starting the

968

00:41:24,520 --> 00:41:21,560

new year off with that so definitely

969

00:41:26,920 --> 00:41:24,530

look out for that and yeah like I said I

970

00:41:28,720 --> 00:41:26,930

just put out a trailer for it so if you

971

00:41:30,640 --> 00:41:28,730

want to get all sneak peek or just kind

972

00:41:32,190 --> 00:41:30,650

of get an idea of what it'll involve you

973

00:41:33,970 --> 00:41:32,200

can check that out

974

00:41:35,550 --> 00:41:33,980

fantastic alright you have to let us

975

00:41:37,660 --> 00:41:35,560

know

976

00:41:39,430 --> 00:41:37,670

drop us an email when that well that

977

00:41:42,370 --> 00:41:39,440

comes out and we'll be sure to mention

978

00:41:44,260 --> 00:41:42,380

that on the show now what about speaking

979

00:41:46,990 --> 00:41:44,270

of small town monsters what about your

980

00:41:50,830 --> 00:41:47,000

your feel about champ we've done several

981

00:41:54,010 --> 00:41:50,840

shows about champ and always always an

982

00:41:56,230 --> 00:41:54,020

interesting subject for us yes

983

00:41:59,320 --> 00:41:56,240

definitely that's by farm probably my

984

00:42:01,540 --> 00:41:59,330

favorite cryptozoological mystery or

985

00:42:03,820 --> 00:42:01,550

creature I always I will always have a

986

00:42:05,430 --> 00:42:03,830

soft spot for champ yes so the series

987

00:42:07,710 --> 00:42:05,440

was a five-part

988

00:42:11,339 --> 00:42:07,720

you memory miniseries that came out last

989

00:42:14,190 --> 00:42:11,349

year in 2018 filmed in 2017 and part of

990

00:42:16,890 --> 00:42:14,200

2018 as well revolving around basically

991

00:42:18,540 --> 00:42:16,900

all aspects of the champ mystery in

992

00:42:21,300 --> 00:42:18,550

Vermont and upstate New York at Lake

993

00:42:23,099 --> 00:42:21,310

Champlain and it's funny because as a

994

00:42:25,410 --> 00:42:23,109

kid I was always really interested in

995

00:42:26,910 --> 00:42:25,420

the Loch Ness monster that's something I

996

00:42:28,230 --> 00:42:26,920

always wanted to investigate and I got a

997

00:42:30,450 --> 00:42:28,240

chance to do that when I visited

998

00:42:31,770 --> 00:42:30,460

Scotland a few years ago but I never

999

00:42:34,470 --> 00:42:31,780

really thought about champ that much

1000

00:42:36,450 --> 00:42:34,480

whereas Loch Ness is across the ocean

1001
00:42:38,370 --> 00:42:36,460
and growing up in New England Lake

1002
00:42:40,470 --> 00:42:38,380
Champlain's you know three hours away at

1003
00:42:42,390 --> 00:42:40,480
most so I never really took a lot of

1004
00:42:45,839 --> 00:42:42,400
time to look into it which I'm kind of

1005
00:42:48,599 --> 00:42:45,849
shocked I didn't but I discovered you

1006
00:42:49,800 --> 00:42:48,609
know that's sort of is uh in my opinion

1007
00:42:51,839 --> 00:42:49,810
even more interesting than the Loch Ness

1008
00:42:52,920 --> 00:42:51,849
monster and there's more to work with

1009
00:42:55,890 --> 00:42:52,930
there and more of the history of

1010
00:42:58,589 --> 00:42:55,900
sightings so upon that series I've kind

1011
00:43:01,200 --> 00:42:58,599
of expanded and continued to do sort of

1012
00:43:02,670 --> 00:43:01,210
independent research on champ and just

1013
00:43:04,980 --> 00:43:02,680

I'm very interested in it especially in

1014

00:43:07,290 --> 00:43:04,990

a cultural aspect you know always visit

1015

00:43:08,940 --> 00:43:07,300

Vermont and when I visit there I will go

1016

00:43:11,700 --> 00:43:08,950

to Lake Champlain or try and find these

1017

00:43:14,010 --> 00:43:11,710

shops that have champ merchandise or

1018

00:43:15,569 --> 00:43:14,020

places that have champ markers and I've

1019

00:43:17,309 --> 00:43:15,579

come up with sort of a list for people

1020

00:43:19,290 --> 00:43:17,319

if they want to go and have a sort of

1021

00:43:21,569 --> 00:43:19,300

cryptozoology tourism thing where they

1022

00:43:23,609 --> 00:43:21,579

can check out Whitehall New York famous

1023

00:43:25,530 --> 00:43:23,619

for the Bigfoot sightings and then champ

1024

00:43:27,780 --> 00:43:25,540

happening right next door and kind of a

1025

00:43:29,040 --> 00:43:27,790

it's just been very fascinating and of

1026
00:43:31,109 --> 00:43:29,050
course you know talking to people who

1027
00:43:33,059 --> 00:43:31,119
have had experiences but but the series

1028
00:43:35,220 --> 00:43:33,069
I think is probably if you want to find

1029
00:43:37,710 --> 00:43:35,230
out more about just champ I really tried

1030
00:43:40,500 --> 00:43:37,720
to dig as deep as I could in the mystery

1031
00:43:43,020 --> 00:43:40,510
and explain a lot about the history of

1032
00:43:45,359 --> 00:43:43,030
the lake itself and the sightings and it

1033
00:43:48,059 --> 00:43:45,369
focuses on some of the researchers that

1034
00:43:51,780 --> 00:43:48,069
have looked into it and you know kind of

1035
00:43:56,550 --> 00:43:51,790
joining them for their investigations it

1036
00:44:00,359 --> 00:43:56,560
is interesting though how you have very

1037
00:44:02,280 --> 00:44:00,369
similar lake type conditions I suppose

1038
00:44:05,190 --> 00:44:02,290

be you know the best way to describe it

1039

00:44:07,770 --> 00:44:05,200

you know you have a lot lot ness and

1040

00:44:11,069 --> 00:44:07,780

Lake Champlain and then and then others

1041

00:44:14,190 --> 00:44:11,079

across the world that you know cold deep

1042

00:44:18,110 --> 00:44:14,200

lakes that all of them seem to have some

1043

00:44:20,790 --> 00:44:18,120

kind of water beastly

1044

00:44:22,290 --> 00:44:20,800

yes there does there definitely seems to

1045

00:44:23,640 --> 00:44:22,300

be some sort of trend at least in the

1046

00:44:27,720 --> 00:44:23,650

northern hemisphere and a lot of these

1047

00:44:30,480 --> 00:44:27,730

formerly glacial lakes to have a sound

1048

00:44:34,230 --> 00:44:30,490

of sort of propensity for lake monster

1049

00:44:35,850 --> 00:44:34,240

stories for lack of a better term and in

1050

00:44:37,200 --> 00:44:35,860

the case of Lake Champlain you know it's

1051

00:44:37,860 --> 00:44:37,210

very similar to Loch Ness in that

1052

00:44:40,950 --> 00:44:37,870

respect

1053

00:44:42,600 --> 00:44:40,960

Lake Champlain actually was you know

1054

00:44:46,440 --> 00:44:42,610

covered by glaciers thousands of years

1055

00:44:48,030 --> 00:44:46,450

ago and as the glaciers receded it was

1056

00:44:50,160 --> 00:44:48,040

then connected to the ocean for a time

1057

00:44:52,380 --> 00:44:50,170

period called the Champlain sea so it

1058

00:44:54,150 --> 00:44:52,390

was actually just a sort of branch of

1059

00:44:56,340 --> 00:44:54,160

this larger sea that almost stretched

1060

00:44:59,040 --> 00:44:56,350

out all the way to Michigan and there

1061

00:45:02,180 --> 00:44:59,050

were various marine mammals and lots of

1062

00:45:05,310 --> 00:45:02,190

aquatic creatures that lived in that

1063

00:45:06,930 --> 00:45:05,320

body water you know which is fossil

1064

00:45:09,570 --> 00:45:06,940

evidence has been found at beluga whales

1065

00:45:12,810 --> 00:45:09,580

and walrus and seals and other animals

1066

00:45:14,400 --> 00:45:12,820

so so perhaps something else maybe was

1067

00:45:16,500 --> 00:45:14,410

swimming around in here and got

1068

00:45:18,120 --> 00:45:16,510

landlocked as the glaciers receded and

1069

00:45:20,250 --> 00:45:18,130

there's a number of species of fish in

1070

00:45:23,160 --> 00:45:20,260

Lake Champlain that are possibly

1071

00:45:25,740 --> 00:45:23,170

believed to be adapted from saltwater to

1072

00:45:29,220 --> 00:45:25,750

freshwater such as the Atlantic salmon

1073

00:45:31,830 --> 00:45:29,230

found in the lake sturgeon possibly the

1074

00:45:33,540 --> 00:45:31,840

sea lamprey it's a very bio diverse lake

1075

00:45:35,790 --> 00:45:33,550

and it's one of the most biodiverse

1076

00:45:39,210 --> 00:45:35,800

actually in North America at over 90

1077

00:45:41,640 --> 00:45:39,220

plus species of fish it's within the top

1078

00:45:45,900 --> 00:45:41,650

20 largest lakes in the United States

1079

00:45:48,390 --> 00:45:45,910

and it's its massive 123 miles long 12

1080

00:45:51,420 --> 00:45:48,400

miles wide at the widest and it

1081

00:45:53,100 --> 00:45:51,430

virtually spans most of the coast or

1082

00:45:57,330 --> 00:45:53,110

rather most of Vermont it's kind of

1083

00:45:58,920 --> 00:45:57,340

called New England's west coast all

1084

00:46:01,320 --> 00:45:58,930

right now exam for CH initely we are

1085

00:46:03,470 --> 00:46:01,330

almost out of time so I'd like to give

1086

00:46:06,290 --> 00:46:03,480

you the chance to let our audience know

1087

00:46:09,030 --> 00:46:06,300

where they can find out more about you

1088

00:46:12,330 --> 00:46:09,040

website where they can find your your

1089

00:46:14,310 --> 00:46:12,340

films and so forth sure the easiest

1090

00:46:18,860 --> 00:46:14,320

place would be my website which is pedo

1091

00:46:20,130 --> 00:46:18,870

cough Mediacom that spelled P et ako V

1092

00:46:22,740 --> 00:46:20,140

Mediacom

1093

00:46:25,260 --> 00:46:22,750

and on there you'll get links to all the

1094

00:46:27,330 --> 00:46:25,270

films social media everything's on their

1095

00:46:31,440 --> 00:46:27,340

blog whatever so check that out that's

1096

00:46:35,370 --> 00:46:31,450

the easiest place all right and the your

1097

00:46:38,700 --> 00:46:35,380

or your new film coming up what was the

1098

00:46:41,130 --> 00:46:38,710

title of that again big cats like lions

1099

00:46:43,230 --> 00:46:41,140

of these slides are the you expect that

1100

00:46:46,350 --> 00:46:43,240

to come out sometime this winter

1101

00:46:49,110 --> 00:46:46,360

yes that's correct on DVD and streaming

1102

00:46:51,470 --> 00:46:49,120

online very good

1103

00:46:54,560 --> 00:46:51,480

and don't forget them there'll be a

1104

00:46:58,190 --> 00:46:54,570

material in our book they're incredible

1105

00:47:03,060 --> 00:46:58,200

encounters which will be out shortly and

1106

00:47:06,120 --> 00:47:03,070

hopefully hopefully hopefully if you see

1107

00:47:08,550 --> 00:47:06,130

24/7 putting that together there yeah

1108

00:47:10,950 --> 00:47:08,560

it's a human pretty huge book but you

1109

00:47:13,260 --> 00:47:10,960

know I always start saying well this

1110

00:47:15,180 --> 00:47:13,270

book is only gonna be you know I'm gonna

1111

00:47:18,540 --> 00:47:15,190

make it a small book hundred pages and

1112

00:47:20,580 --> 00:47:18,550

they always end up being like 350 pages

1113

00:47:24,150 --> 00:47:20,590

or more or something I I don't know I I

1114

00:47:26,640 --> 00:47:24,160

can't control myself I Ill have

1115

00:47:31,080 --> 00:47:26,650

Tourette's of ufology or something like

1116

00:47:32,190 --> 00:47:31,090

that I just can't stop putting them now

1117

00:47:34,170 --> 00:47:32,200

because if there's a little bit more

1118

00:47:37,380 --> 00:47:34,180

information I gotta get it together and

1119

00:47:40,470 --> 00:47:37,390

compare all of this and some but anyway

1120

00:47:45,840 --> 00:47:40,480

that's incredible encounters and don't

1121

00:47:48,990 --> 00:47:45,850

forget to go to our website our you know

1122

00:47:51,810 --> 00:47:49,000

YouTube by Channel mister UFOs secret

1123

00:47:54,960 --> 00:47:51,820

files and let's see what the goodies we

1124

00:47:58,580 --> 00:47:54,970

have over there I'm sure Peters putting

1125

00:48:00,420 --> 00:47:58,590

together some a great little cartoons of

1126

00:48:02,880 --> 00:48:00,430

animation I don't know if you'd call

1127

00:48:04,770 --> 00:48:02,890

them cards but the little little shorts

1128

00:48:09,000 --> 00:48:04,780

we begin the show with them every week

1129

00:48:10,890 --> 00:48:09,010

and again it's been a good program and

1130

00:48:13,860 --> 00:48:10,900

we'll be back at next week with some

1131

00:48:21,460 --> 00:48:13,870

pretty exciting news about some other

1132

00:48:27,220 --> 00:48:23,770

you've been listening to exploring the

1133

00:48:30,490 --> 00:48:27,230

bazaar with hosts Timothy Becky

1134

00:48:32,800 --> 00:48:30,500

panting Swartz they're taking back the

1135

00:48:35,349 --> 00:48:32,810

night by jetting non-stop across the

1136

00:48:38,650 --> 00:48:35,359

cosmos in search of the truly bizarre

1137

00:48:40,290 --> 00:48:38,660

and totally unexplained with you as

1138

00:48:42,800 --> 00:48:40,300

their cold

1139

00:48:47,280 --> 00:48:42,810

Thursday nights at 7:00 p.m. Pacific

1140

00:48:48,490 --> 00:48:47,290

10:00 p.m. Eastern on the K cor digital

1141

00:48:50,920 --> 00:48:48,500

radio

1142

00:48:54,010 --> 00:48:50,930

for more information on exploring the

1143

00:48:56,680 --> 00:48:54,020

bazaars and hosts Timothy Beckley and

1144

00:48:59,859 --> 00:48:56,690

Tim Swartz check out their kco our

1145

00:49:05,920 --> 00:48:59,869

digital radio network follow their
