

EXPLORING THE BIZARRE

GHOST LIGHTS OF NORWAY

1
00:00:31,460 --> 00:00:21,830

[Music]

2
00:00:37,470 --> 00:00:34,350

now you are electrifying hosts of

3
00:00:45,259 --> 00:00:37,480

exploring the bizarre Timothy Begley and

4
00:00:48,719 --> 00:00:45,269

team sports to have it's cold out here

5
00:00:52,859 --> 00:00:48,729

my my nose hairs are getting all crunchy

6
00:00:54,960 --> 00:00:52,869

it has to be 20 degrees below zero what

7
00:00:59,130 --> 00:00:54,970

in God's name are we doing out here this

8
00:01:01,469 --> 00:00:59,140

valley Tim Tim what do you expect in

9
00:01:03,210 --> 00:01:01,479

Norway in the middle of winter we're

10
00:01:06,690 --> 00:01:03,220

waiting for the hissa LED lights to

11
00:01:08,880 --> 00:01:06,700

appear but get closer to the campfire to

12
00:01:12,030 --> 00:01:08,890

stay warm so you don't get frostbite

13
00:01:14,520 --> 00:01:12,040

just move in a little closer yeah I hear

14

00:01:17,340 --> 00:01:14,530

the lights are spectacular they they's

15

00:01:19,620 --> 00:01:17,350

zigzag all over the sky at incredible

16

00:01:22,230 --> 00:01:19,630

speeds and sometimes I guess that they

17

00:01:25,200 --> 00:01:22,240

hover over the valley or even people's

18

00:01:27,020 --> 00:01:25,210

homes I've heard that some people think

19

00:01:29,520 --> 00:01:27,030

that there are natural phenomena but

20

00:01:32,550 --> 00:01:29,530

others think there may be

21

00:01:36,179 --> 00:01:32,560

extraterrestrial in origin that's a good

22

00:01:38,910 --> 00:01:36,189

possibility some residents have even

23

00:01:41,219 --> 00:01:38,920

seen the law I got my teeth of chatter

24

00:01:43,679 --> 00:01:41,229

seeing the lights to land and creatures

25

00:01:45,929 --> 00:01:43,689

have been seen to walk about well I

26

00:01:48,809 --> 00:01:45,939

guess that's the reason that dr. Hynek

27

00:01:51,830 --> 00:01:48,819

spent a couple of days here before he

28

00:01:54,300 --> 00:01:51,840

before he passed on even though it was

29

00:01:56,550 --> 00:01:54,310

36 degrees below zero I think that's

30

00:02:00,059 --> 00:01:56,560

what it is now now I understand he

31

00:02:03,989 --> 00:02:00,069

didn't see anything unusual but our

32

00:02:05,940 --> 00:02:03,999

guest tonight says he has well move away

33

00:02:09,300 --> 00:02:05,950

from the campfire and let's get back to

34

00:02:12,449 --> 00:02:09,310

the warm kco our studios and laws in

35

00:02:14,510 --> 00:02:12,459

Vegas okay not cold out here cold out

36

00:02:19,380 --> 00:02:14,520

here

37

00:02:21,360 --> 00:02:19,390

better already

38

00:02:26,190 --> 00:02:21,370

well I could understand that you know

39

00:02:29,310 --> 00:02:26,200

well it's maybe freezing in Norway we're

40

00:02:33,120 --> 00:02:29,320

actually having a heatwave here in New

41

00:02:36,000 --> 00:02:33,130

York City it's going to be up close to

42

00:02:38,400 --> 00:02:36,010

seven degrees 70 degrees of today and

43

00:02:42,450 --> 00:02:38,410

tomorrow and the normal temperature this

44

00:02:44,550 --> 00:02:42,460

time of year is usually 35 so I'm

45

00:02:47,580 --> 00:02:44,560

getting my shorts on in my Hawaiian

46

00:02:48,230 --> 00:02:47,590

shirt and going out to have a pina

47

00:02:50,940 --> 00:02:48,240

colada

48

00:02:53,520 --> 00:02:50,950

nice time say don't get used to it you

49

00:02:55,830 --> 00:02:53,530

know winter in the United States say you

50

00:02:58,020 --> 00:02:55,840

know it can be warm one day tornadoes

51
00:03:00,870 --> 00:02:58,030
the next and then below freezing that on

52
00:03:03,300 --> 00:03:00,880
the third day well for sure hey you know

53
00:03:07,110 --> 00:03:03,310
I'm really excited about the the shower

54
00:03:11,040 --> 00:03:07,120
this evening our our our guest that on

55
00:03:13,910 --> 00:03:11,050
the other line is actually speaking to

56
00:03:16,430 --> 00:03:13,920
us from Norway we are no international

57
00:03:19,500 --> 00:03:16,440
connection we always like to do these a

58
00:03:22,140 --> 00:03:19,510
globalist shows that the show that UFOs

59
00:03:24,090 --> 00:03:22,150
are nothing local I mean in the old days

60
00:03:26,040 --> 00:03:24,100
Tim remember II used to say oh it's only

61
00:03:29,040 --> 00:03:26,050
in America that people would see these

62
00:03:30,780 --> 00:03:29,050
things well we all know now that UFOs

63
00:03:32,370 --> 00:03:30,790

have been seen all over the world there

64

00:03:35,400 --> 00:03:32,380

there isn't a country that hasn't been

65

00:03:37,970 --> 00:03:35,410

hit by this phenomena from one time or

66

00:03:41,640 --> 00:03:37,980

another but these lights in Norway or

67

00:03:43,830 --> 00:03:41,650

spectacu-larry now we have here in the

68

00:03:46,770 --> 00:03:43,840

United States and North Carolina the

69

00:03:49,530 --> 00:03:46,780

Brown Mountain lights I know I visited

70

00:03:51,990 --> 00:03:49,540

the brown mountain and Joshua P Warren

71

00:03:53,670 --> 00:03:52,000

who is the leading authority on the

72

00:03:57,330 --> 00:03:53,680

subject who's been our guest many many

73

00:03:59,430 --> 00:03:57,340

times but the the lights there seem to

74

00:04:02,460 --> 00:03:59,440

be more in the area of what we would

75

00:04:05,130 --> 00:04:02,470

call ghost lights or spook lights they

76

00:04:08,040 --> 00:04:05,140

are intelligent in in the sense that

77

00:04:11,190 --> 00:04:08,050

they seem to have a direction behind

78

00:04:14,820 --> 00:04:11,200

them but these lights here in Norway are

79

00:04:18,420 --> 00:04:14,830

much much much more spectacular in fact

80

00:04:21,210 --> 00:04:18,430

recently we had our friend Erica Luke's

81

00:04:24,840 --> 00:04:21,220

on the show and of course she also has

82

00:04:27,840 --> 00:04:24,850

her own program here on a KC or a radio

83

00:04:31,710 --> 00:04:27,850

and she's been over to missile in the

84

00:04:33,659 --> 00:04:31,720

the valley there too to witness the

85

00:04:35,850 --> 00:04:33,669

phenomenon now I don't think she saw

86

00:04:37,860 --> 00:04:35,860

anything personally but she spent quite

87

00:04:39,659 --> 00:04:37,870

a bit of time interviewing the people so

88

00:04:44,370 --> 00:04:39,669

I I've started doing a little research

89

00:04:46,679 --> 00:04:44,380
on this for our book UFOs DejaVu which

90

00:04:50,459 --> 00:04:46,689
has to do with shapeshifters and

91

00:04:52,320 --> 00:04:50,469
walkers and repeated UFO phenomena and a

92

00:04:55,169 --> 00:04:52,330
lot of these places are what i call

93

00:04:59,519 --> 00:04:55,179
window areas or portals through another

94

00:05:02,759 --> 00:04:59,529
dimension of sorts and this valley in in

95

00:05:04,949 --> 00:05:02,769
norway has to be right up on top of the

96

00:05:07,679 --> 00:05:04,959
the list of the the phenomena that's

97

00:05:09,919 --> 00:05:07,689
taking place there so today we're going

98

00:05:12,149 --> 00:05:09,929
to find out what it's all about from a

99

00:05:15,449 --> 00:05:12,159
first-hand the witness who's written his

100

00:05:17,249 --> 00:05:15,459
own book on the subject so attila tell

101
00:05:19,799 --> 00:05:17,259
us about who we're going to be speaking

102
00:05:23,309 --> 00:05:19,809
with yeah well it's my pleasure Tim and

103
00:05:26,639 --> 00:05:23,319
really happy that tonight we have with

104
00:05:29,489 --> 00:05:26,649
this deals Ofsted now Nils along with

105
00:05:32,129 --> 00:05:29,499
his family lives outside of Trondheim

106
00:05:36,419 --> 00:05:32,139
Norway and he's a senior lecturer and

107
00:05:38,249 --> 00:05:36,429
has begun a doctorate which he seems to

108
00:05:42,259 --> 00:05:38,259
have trouble completing he says

109
00:05:45,600 --> 00:05:42,269
ironically since the field of study is

110
00:05:48,239 --> 00:05:45,610
motivational psychology now Nils is also

111
00:05:51,929 --> 00:05:48,249
a fantastic cartoonist his cartoon is

112
00:05:53,669 --> 00:05:51,939
called squared away and since 2007 it's

113
00:05:55,889 --> 00:05:53,679

become one of Norway's most printed

114

00:05:58,499 --> 00:05:55,899

single panel cartoons and can be found

115

00:06:01,439 --> 00:05:58,509

at over 30 Norwegian newspapers the

116

00:06:04,979 --> 00:06:01,449

panel is packed with madness absurdities

117

00:06:07,259 --> 00:06:04,989

and more or less sick ideas doses ever

118

00:06:09,449 --> 00:06:07,269

since childhood he said yeah he's had an

119

00:06:13,229 --> 00:06:09,459

interest in the UFO phenomenon and in

120

00:06:16,799 --> 00:06:13,239

particular Norway's world-renowned UFO

121

00:06:19,469 --> 00:06:16,809

hotspot hessdalen which is a two-hour

122

00:06:21,329 --> 00:06:19,479

drive from his home now he's published

123

00:06:23,850 --> 00:06:21,339

one book on the subject called the head

124

00:06:26,489 --> 00:06:23,860

snail and lights and is currently

125

00:06:28,469 --> 00:06:26,499

preparing a sequel Sonos thank you very

126

00:06:31,559 --> 00:06:28,479

much for being with us tonight on

127

00:06:33,209 --> 00:06:31,569

exploring the bizarre you know I I think

128

00:06:36,329 --> 00:06:33,219

I want to get a little bit of background

129

00:06:38,040 --> 00:06:36,339

now so for those who are here in the

130

00:06:40,469 --> 00:06:38,050

United States and probably in other

131

00:06:43,259 --> 00:06:40,479

countries listening as well who do not

132

00:06:45,149 --> 00:06:43,269

have a background on this can you tell

133

00:06:48,509 --> 00:06:45,159

us a little bit about the history of the

134

00:06:54,209 --> 00:06:48,519

lights and it started in the in the

135

00:07:00,170 --> 00:06:54,219

early eighties when in the late December

136

00:07:08,159 --> 00:07:00,180

1981 the big UFO flap in Heston

137

00:07:14,460 --> 00:07:08,169

people started to see these lights in

138

00:07:18,360 --> 00:07:14,470

all shapes and colors which perform

139

00:07:25,290 --> 00:07:18,370

maneuvers that rule out any mundane

140

00:07:32,450 --> 00:07:25,300

objects and and when they started to

141

00:07:38,339 --> 00:07:32,460

report daylight sightings as well like

142

00:07:40,619 --> 00:07:38,349

discs and cigars and and so on it the

143

00:07:46,920 --> 00:07:40,629

media picked up on that and it

144

00:07:51,420 --> 00:07:46,930

completely took off so people from all

145

00:07:56,399 --> 00:07:51,430

around Norway came to Heston to see for

146

00:08:03,330 --> 00:07:56,409

for themselves even from us from Sweden

147

00:08:08,550 --> 00:08:03,340

and it could be dozens of cars parked at

148

00:08:13,920 --> 00:08:08,560

the local points every night to watch

149

00:08:20,540 --> 00:08:13,930

the lights now you say you say this

150

00:08:26,129 --> 00:08:20,550

started in the early 1980 but I've seen

151
00:08:30,659 --> 00:08:26,139
stories or blogs on the internet saying

152
00:08:33,839 --> 00:08:30,669
that this goes back long before now were

153
00:08:37,019 --> 00:08:33,849
there legends and stories of these

154
00:08:41,310 --> 00:08:37,029
lights previously or did it actually

155
00:08:46,860 --> 00:08:41,320
just have a one origin back in 1980

156
00:08:51,060 --> 00:08:46,870
oh well that the first sighting I heard

157
00:08:53,760 --> 00:08:51,070
about was in the forties and I mean I

158
00:08:58,550 --> 00:08:53,770
also heard about sightings say in the

159
00:09:04,439 --> 00:08:58,560
60s and in the 70s that the big flap

160
00:09:06,480 --> 00:09:04,449
started in in the early eighties well do

161
00:09:10,079 --> 00:09:06,490
you know what the the fur had a fur the

162
00:09:12,870 --> 00:09:10,089
first actual sighting was now these

163
00:09:13,800 --> 00:09:12,880

things I understand that are seen in

164

00:09:16,980 --> 00:09:13,810

various place

165

00:09:18,750 --> 00:09:16,990

is in the in the the valley but we see

166

00:09:21,480 --> 00:09:18,760

these photographs on the internet and

167

00:09:24,590 --> 00:09:21,490

some of them are rather spectacular but

168

00:09:27,810 --> 00:09:24,600

they seem to be at a rather high

169

00:09:33,230 --> 00:09:27,820

altitude where most of the original

170

00:09:40,079 --> 00:09:33,240

reports of things of an aerial nature

171

00:09:41,910 --> 00:09:40,089

you know it's also a lot of pictures

172

00:09:46,800 --> 00:09:41,920

taken from the mountaintops

173

00:09:51,720 --> 00:09:46,810

down on the lights were that the lights

174

00:09:57,660 --> 00:09:51,730

burned down in the valley so it's not

175

00:10:03,210 --> 00:09:57,670

just lights in the sky if you're talking

176
00:10:06,030 --> 00:10:03,220
about the the images well who was the I

177
00:10:07,980 --> 00:10:06,040
mean do you know who the actual where

178
00:10:10,650 --> 00:10:07,990
the first actual report came from I mean

179
00:10:12,540 --> 00:10:10,660
it wasn't a resident in the valley or

180
00:10:17,370 --> 00:10:12,550
was it a hazard or was it a group of

181
00:10:23,370 --> 00:10:17,380
people it's bozo a visitor he saw

182
00:10:30,300 --> 00:10:23,380
something as a little boy in 1943 I

183
00:10:37,260 --> 00:10:30,310
think and he also saw something in the

184
00:10:45,480 --> 00:10:37,270
60s son and when this started he saw it

185
00:10:53,340 --> 00:10:45,490
on a regular basis in 1982 183 so now it

186
00:10:57,930 --> 00:10:53,350
says is this John Ardeth no but a

187
00:11:00,410 --> 00:10:57,940
relative twin relative we get we're

188
00:11:03,960 --> 00:11:00,420

getting ahead of our ourselves here a

189

00:11:06,510 --> 00:11:03,970

little bit now when a when did you yeah

190

00:11:08,780 --> 00:11:06,520

okay when did you first hear of the

191

00:11:13,280 --> 00:11:08,790

existence of the the lights I mean where

192

00:11:16,410 --> 00:11:13,290

what caused you to be drawn to this area

193

00:11:22,050 --> 00:11:16,420

for me it started then already in

194

00:11:24,840 --> 00:11:22,060

earlier childhood when it's it all

195

00:11:25,580 --> 00:11:24,850

started in Hesston and the newspapers

196

00:11:31,630 --> 00:11:25,590

star

197

00:11:37,040 --> 00:11:31,640

to write about UFOs this led to

198

00:11:40,630 --> 00:11:37,050

discussions in I remember family

199

00:11:46,100 --> 00:11:40,640

gatherings when this topic came up and

200

00:11:50,600 --> 00:11:46,110

and this UFO discussions could be quite

201
00:11:52,790 --> 00:11:50,610
heated so it it made a big impression on

202
00:11:58,090 --> 00:11:52,800
a little boy what was all the fuss about

203
00:12:01,760 --> 00:11:58,100
so it it's started to fascinate me on an

204
00:12:06,380 --> 00:12:01,770
early point and when did you travel

205
00:12:11,240 --> 00:12:06,390
there for the first time yeah and later

206
00:12:15,230 --> 00:12:11,250
I started to read every book on the UFO

207
00:12:18,890 --> 00:12:15,240
topic I could could find at the public

208
00:12:21,710 --> 00:12:18,900
library in their own name and then I got

209
00:12:28,210 --> 00:12:21,720
my driving license I started to go there

210
00:12:32,900 --> 00:12:28,220
myself so this was in as a teenage

211
00:12:34,520 --> 00:12:32,910
teenager in the 90s and did you did you

212
00:12:41,090 --> 00:12:34,530
see anything in those early days

213
00:12:46,250 --> 00:12:41,100

no the only ones but this was only one

214

00:12:46,880 --> 00:12:46,260

day trips but in recent years we we've

215

00:12:52,310 --> 00:12:46,890

been lucky

216

00:12:56,270 --> 00:12:52,320

look lucky so we have been able to rent

217

00:12:58,330 --> 00:12:56,280

a cabin in the valley oh yes yeah I

218

00:13:01,130 --> 00:12:58,340

don't know you and your your book it's

219

00:13:03,440 --> 00:13:01,140

it's almost like a travelogue I find it

220

00:13:06,320 --> 00:13:03,450

very fascinating your visit is there

221

00:13:11,660 --> 00:13:06,330

when you're your lady friend and had all

222

00:13:13,610 --> 00:13:11,670

these sightings and experiences so as a

223

00:13:16,610 --> 00:13:13,620

teenager you were you were hooked on

224

00:13:22,160 --> 00:13:16,620

this you began reading about this and

225

00:13:24,680 --> 00:13:22,170

traveling there but now we we started

226

00:13:29,390 --> 00:13:24,690

off with our little monologue just get

227

00:13:32,240 --> 00:13:29,400

there about how cold it was and a RER is

228

00:13:36,080 --> 00:13:32,250

in this a part of Norway especially in

229

00:13:39,410 --> 00:13:36,090

the the winter and there's a photograph

230

00:13:42,110 --> 00:13:39,420

that we use in our book UFOs deja vu of

231

00:13:44,330 --> 00:13:42,120

dr. Hynek with a big fur hat on and

232

00:13:48,800 --> 00:13:44,340

obviously very cold I think on the day

233

00:13:51,560 --> 00:13:48,810

he was there it was minus 36 degrees he

234

00:13:54,430 --> 00:13:51,570

is there a certain time of year when the

235

00:13:56,150 --> 00:13:54,440

the lights show up more predominantly

236

00:14:01,580 --> 00:13:56,160

hmm no I

237

00:14:06,400 --> 00:14:01,590

I think it's can show up at any point

238

00:14:13,000 --> 00:14:06,410

over here but it seems like it's shorter

239

00:14:17,480 --> 00:14:13,010

periods when it shows up more often like

240

00:14:21,770 --> 00:14:17,490

Easter the Easter holidays 2018 we saw

241

00:14:29,120 --> 00:14:21,780

it every night in a whole week we even

242

00:14:32,090 --> 00:14:29,130

saw it twice what exactly did you see on

243

00:14:34,210 --> 00:14:32,100

those occasions can you describe the the

244

00:14:39,770 --> 00:14:34,220

setting where where were you and what

245

00:14:43,700 --> 00:14:39,780

time was it and under what conditions it

246

00:14:53,690 --> 00:14:43,710

was cold but not where a very cold day

247

00:15:01,780 --> 00:14:53,700

between 10 and 20 - none it was full

248

00:15:08,570 --> 00:15:01,790

moon and we saw this balls of light that

249

00:15:14,870 --> 00:15:08,580

we could follow and travel across the

250

00:15:19,360 --> 00:15:14,880

valley and change direction and before

251
00:15:26,360 --> 00:15:19,370
it suddenly disappeared and sometimes

252
00:15:30,320 --> 00:15:26,370
reappeared at another location so this

253
00:15:33,710 --> 00:15:30,330
we saw four times in four evening is in

254
00:15:35,270 --> 00:15:33,720
in a row and and what what did the how

255
00:15:39,110 --> 00:15:35,280
big were the balls were they were the

256
00:15:49,100 --> 00:15:39,120
same size and what color were they they

257
00:15:52,160 --> 00:15:49,110
were yellow yellow white and we first we

258
00:15:53,360 --> 00:15:52,170
thought they were planes first we

259
00:15:56,780 --> 00:15:53,370
thought they were

260
00:16:00,140 --> 00:15:56,790
stars or planets but they started to

261
00:16:07,060 --> 00:16:00,150
move and of course then it had to be

262
00:16:12,430 --> 00:16:07,070
planes but there was there were no

263
00:16:17,420 --> 00:16:12,440

blinking and they changed their

264

00:16:20,240 --> 00:16:17,430

direction and suddenly they disappeared

265

00:16:24,230 --> 00:16:20,250

in front of the mountain and this was

266

00:16:30,230 --> 00:16:24,240

very low in the valley and they also

267

00:16:34,010 --> 00:16:30,240

moved too slow to be a plane so it

268

00:16:39,250 --> 00:16:34,020

wasn't planes I mean it wasn't anything

269

00:16:45,470 --> 00:16:39,260

mundane and at one of the lights also

270

00:16:49,190 --> 00:16:45,480

started to undulate lost maybe 10 20

271

00:16:53,540 --> 00:16:49,200

seconds before it disappeared it's had

272

00:16:56,180 --> 00:16:53,550

this undulating motion and how many

273

00:17:05,120 --> 00:16:56,190

times have you seen the lights all

274

00:17:14,179 --> 00:17:05,130

together oh I I don't know if you count

275

00:17:18,590 --> 00:17:14,189

in these flashes so at one like we saw

276

00:17:20,199 --> 00:17:18,600

this short flashes with the duration

277

00:17:24,980 --> 00:17:20,209

under one second

278

00:17:28,340 --> 00:17:24,990

we saw it more than twenty times in one

279

00:17:32,290 --> 00:17:28,350

night all in the same area all in the

280

00:17:37,520 --> 00:17:32,300

same area or one where the every entire

281

00:17:42,860 --> 00:17:37,530

direction in the valley so it was almost

282

00:17:45,640 --> 00:17:42,870

like New Year's Eve well now what would

283

00:17:49,490 --> 00:17:45,650

you see is say would be your most

284

00:17:56,600 --> 00:17:49,500

spectacular of the sightings where the

285

00:18:04,940 --> 00:17:56,610

objects appeared closer up maybe in

286

00:18:06,060 --> 00:18:04,950

February last year we we we saw red

287

00:18:10,350 --> 00:18:06,070

light

288

00:18:13,310 --> 00:18:10,360

that rose vertically about two

289

00:18:17,490 --> 00:18:13,320

kilometers away from us

290

00:18:24,630 --> 00:18:17,500

it rose slowly vertically and then it

291

00:18:31,530 --> 00:18:24,640

tilted it turned around and I came to

292

00:18:35,460 --> 00:18:31,540

versus I was actually here busy with the

293

00:18:42,440 --> 00:18:35,470

camera so I missed the the most

294

00:18:49,290 --> 00:18:42,450

spectacular of the of the sighting but

295

00:18:56,970 --> 00:18:49,300

my fiance described it as three red

296

00:19:00,330 --> 00:18:56,980

lights in a triangle how large were the

297

00:19:01,620 --> 00:19:00,340

earth let's say compared to a soccer

298

00:19:09,860 --> 00:19:01,630

ball haha

299

00:19:12,530 --> 00:19:09,870

was it much much larger much larger yeah

300

00:19:16,800 --> 00:19:12,540

I think so

301
00:19:20,330 --> 00:19:16,810
okay because this was and two kilometres

302
00:19:25,760 --> 00:19:20,340
away from us and it was very very

303
00:19:29,610 --> 00:19:25,770
powerful and it came towards us and

304
00:19:33,660 --> 00:19:29,620
disappeared right in front of the the

305
00:19:37,500 --> 00:19:33,670
mountain in in in front of us but later

306
00:19:39,780 --> 00:19:37,510
five minutes later it reappeared but

307
00:19:43,440 --> 00:19:39,790
this time it was further assault in the

308
00:19:46,140 --> 00:19:43,450
valley now when you see the when you see

309
00:19:49,890 --> 00:19:46,150
these things are you in the same

310
00:19:55,590 --> 00:19:49,900
location or are you traveling by foot or

311
00:20:00,000 --> 00:19:55,600
in a vehicle now we we use our car on

312
00:20:06,000 --> 00:20:00,010
and travel between the different local

313
00:20:09,690 --> 00:20:06,010

points so but in the in the winter the

314

00:20:12,750 --> 00:20:09,700

the roads inside the inside the

315

00:20:17,000 --> 00:20:12,760

mountains are closed because of all the

316

00:20:18,820 --> 00:20:17,010

snow so in the winter area

317

00:20:24,669 --> 00:20:18,830

it's the

318

00:20:28,090 --> 00:20:24,679

it's itself you only have one look at

319

00:20:33,450 --> 00:20:28,100

location and Norton one in the salt so

320

00:20:36,310 --> 00:20:33,460

we travel between those now do these

321

00:20:41,049 --> 00:20:36,320

objects ever make any sign of sound or

322

00:20:45,610 --> 00:20:41,059

are they completely silent we have never

323

00:20:51,539 --> 00:20:45,620

heard any sound but several other people

324

00:21:02,440 --> 00:20:51,549

have heard some overdosing sound and

325

00:21:05,350 --> 00:21:02,450

some is it's different songs now what do

326

00:21:08,710 --> 00:21:05,360

you think that they're do they seem to

327

00:21:11,490 --> 00:21:08,720

be aware of your presence I mean do you

328

00:21:15,430 --> 00:21:11,500

think that they're showing themselves

329

00:21:20,259 --> 00:21:15,440

for the people to see them yeah all

330

00:21:27,180 --> 00:21:20,269

right because patience doesn't seem to

331

00:21:30,909 --> 00:21:27,190

pay off we often when we arrive at the

332

00:21:35,370 --> 00:21:30,919

lookout point something happens right

333

00:21:41,820 --> 00:21:35,380

away or it doesn't happen uh no at all

334

00:21:46,419 --> 00:21:41,830

so if you stay several hours watching

335

00:21:50,049 --> 00:21:46,429

nothing happens but sometimes it it

336

00:21:56,379 --> 00:21:50,059

happens after five five minutes ten

337

00:21:58,389 --> 00:21:56,389

minutes and this is how many people

338

00:22:00,039 --> 00:21:58,399

would you say all together have a

339

00:22:06,370 --> 00:22:00,049

witness the phenomena we're talking

340

00:22:11,350 --> 00:22:06,380

about hundreds I think a lot of more

341

00:22:16,029 --> 00:22:11,360

more than that but in the eighties there

342

00:22:20,230 --> 00:22:16,039

were maybe thousands but no it's not so

343

00:22:22,600 --> 00:22:20,240

much people in the valley is that

344

00:22:25,600 --> 00:22:22,610

because is that because the phenomena

345

00:22:28,480 --> 00:22:25,610

has has decreased there have people just

346

00:22:31,389 --> 00:22:28,490

lost the interest because they're seen

347

00:22:32,100 --> 00:22:31,399

so often but Tim Tim and oflet's

348

00:22:33,960 --> 00:22:32,110

let's hope

349

00:22:36,030 --> 00:22:33,970

that for a second because we have to go

350

00:22:37,680 --> 00:22:36,040

to our bottom of the hour break when we

351
00:22:40,530 --> 00:22:37,690
come back we will continue our

352
00:22:42,720 --> 00:22:40,540
conversation about the mysterious Norway

353
00:22:54,530 --> 00:22:42,730
lights on exploring the bizarre so stay

354
00:22:57,180 --> 00:22:54,540
tuned now back to exploring the bizarre

355
00:23:00,270 --> 00:22:57,190
with two of the most electrifying

356
00:23:06,419 --> 00:23:00,280
researchers in the Paranoid your hosts

357
00:23:08,250 --> 00:23:06,429
Timothy effectively and tastes welcome

358
00:23:11,280 --> 00:23:08,260
back to exploring the bizarre I'm Tim

359
00:23:13,620 --> 00:23:11,290
Schwarz tonight we are talking with Nils

360
00:23:16,500 --> 00:23:13,630
ofsted who is the author of the book

361
00:23:18,150 --> 00:23:16,510
that has stolen lights now knows before

362
00:23:23,970 --> 00:23:18,160
we had to go to our break Tim Beckley

363
00:23:25,919 --> 00:23:23,980

was asking you if the the the light

364

00:23:29,820 --> 00:23:25,929

phenomena that's being seen in the

365

00:23:36,440 --> 00:23:29,830

valley has has been decreasing over the

366

00:23:39,930 --> 00:23:36,450

years well it seems to be kind of

367

00:23:43,950 --> 00:23:39,940

decreasing since the eighties because it

368

00:23:48,419 --> 00:23:43,960

was very intense for a period in the

369

00:23:59,310 --> 00:23:48,429

eighties they saw the so it almost every

370

00:24:02,700 --> 00:23:59,320

night and twice in some days so but but

371

00:24:07,650 --> 00:24:02,710

there it's still a lot of sightings and

372

00:24:13,860 --> 00:24:07,660

I think it also due to that people are

373

00:24:18,180 --> 00:24:13,870

not reporting anymore or not so much as

374

00:24:20,640 --> 00:24:18,190

they did back then it's it's kind of

375

00:24:22,860 --> 00:24:20,650

become commonplace then for people to

376

00:24:24,390 --> 00:24:22,870

see these lights so unless something

377

00:24:28,110 --> 00:24:24,400

really spectacular they're not going to

378

00:24:30,150 --> 00:24:28,120

go and make a report no just the one

379

00:24:33,330 --> 00:24:30,160

thing they'll be here before that Tim

380

00:24:37,919 --> 00:24:33,340

you get into your questioning there the

381

00:24:39,930 --> 00:24:37,929

the University there set up a a camp to

382

00:24:43,770 --> 00:24:39,940

study this and they put in all sorts of

383

00:24:45,750 --> 00:24:43,780

equipment cameras and and gauges and so

384

00:24:47,100 --> 00:24:45,760

forth do you think that's a fact

385

00:24:50,910 --> 00:24:47,110

that the appearance of the lights that

386

00:25:00,140 --> 00:24:50,920

maybe they don't want to be technically

387

00:25:05,160 --> 00:25:00,150

probed may be hard to say hard to say

388

00:25:10,050 --> 00:25:05,170

but some people say that when they bring

389

00:25:16,590 --> 00:25:10,060

a camera nothing shows up if if if they

390

00:25:20,490 --> 00:25:16,600

leave it at home they get maybe more

391

00:25:23,040 --> 00:25:20,500

lucky yeah we haven't heard that before

392

00:25:25,440 --> 00:25:23,050

have we Tim I mean you know you hear

393

00:25:29,520 --> 00:25:25,450

that a lot when it comes to not only UFO

394

00:25:32,220 --> 00:25:29,530

phenomena but ghostly and and paranormal

395

00:25:33,360 --> 00:25:32,230

phenomena as well you know it makes me

396

00:25:36,600 --> 00:25:33,370

think of you know like poltergeist

397

00:25:37,830 --> 00:25:36,610

activity when you know the poltergeist

398

00:25:39,300 --> 00:25:37,840

can be throwing things all over the

399

00:25:43,790 --> 00:25:39,310

house but as soon as you get the camera

400

00:25:46,740 --> 00:25:43,800

out then it stops so these these lights

401
00:25:50,760 --> 00:25:46,750
seem to exhibit the same kind of

402
00:25:55,860 --> 00:25:50,770
characteristics hmm

403
00:25:59,580 --> 00:25:55,870
for people who are not familiar with

404
00:26:04,650 --> 00:25:59,590
this area why don't you tell us where in

405
00:26:07,920 --> 00:26:04,660
Norway this valley is located and and

406
00:26:10,740 --> 00:26:07,930
maybe give us some of the you know I

407
00:26:11,970 --> 00:26:10,750
mean it's obviously from from what

408
00:26:13,650 --> 00:26:11,980
you've been talking about this is a

409
00:26:17,910 --> 00:26:13,660
fairly you know this is this is a

410
00:26:22,560 --> 00:26:17,920
mountainous region yeah

411
00:26:27,930 --> 00:26:22,570
it's located about two hours southeast

412
00:26:37,740 --> 00:26:27,940
of troll name mm-hmm and close to rural

413
00:26:46,140 --> 00:26:37,750

town and it's a mountain village only

414

00:26:52,760 --> 00:26:46,150

about 150 between 150 and 200 people are

415

00:26:58,210 --> 00:26:52,770

living there so it's a small village and

416

00:27:01,720 --> 00:26:58,220

considering other locations in

417

00:27:05,950 --> 00:27:01,730

Norway I mean is there anything that you

418

00:27:09,100 --> 00:27:05,960

would say that would make this area

419

00:27:16,659 --> 00:27:09,110

stand out as compared to other mountain

420

00:27:20,560 --> 00:27:16,669

valleys yeah it's in in this area you

421

00:27:35,909 --> 00:27:26,710

it's the largest untouched ok occurrence

422

00:27:41,610 --> 00:27:39,520

recently I've been wondering if this has

423

00:27:45,610 --> 00:27:41,620

something to do with it

424

00:27:49,260 --> 00:27:45,620

because when you have this occurrence of

425

00:27:57,340 --> 00:27:49,270

war you also got strong magnetic fields

426

00:28:01,090 --> 00:27:57,350

mm-hmm so I've been reading about yakima

427

00:28:06,070 --> 00:28:01,100

in washington and Piatt memphis Missouri

428

00:28:12,340 --> 00:28:06,080

and these places in America and I wonder

429

00:28:17,470 --> 00:28:12,350

if you find the same geophysical

430

00:28:19,960 --> 00:28:17,480

conditions there what about what about

431

00:28:22,720 --> 00:28:19,970

seismically I mean are have there been

432

00:28:26,440 --> 00:28:22,730

any reported you know earthquakes or

433

00:28:32,820 --> 00:28:26,450

anything like that that regions quiet

434

00:28:36,610 --> 00:28:32,830

area in that way mm-hmm as far as I know

435

00:28:39,100 --> 00:28:36,620

there because a lot of times when you

436

00:28:41,590 --> 00:28:39,110

have areas that are very seismically

437

00:28:43,720 --> 00:28:41,600

active I mean there there are also a

438

00:28:46,570 --> 00:28:43,730

number of reports also of you know what

439

00:28:49,120 --> 00:28:46,580

people would refer to as as earth lights

440

00:28:52,649 --> 00:28:49,130

even though it's just a name given to

441

00:28:58,890 --> 00:28:52,659

you know this unexplained phenomena mmm

442

00:29:10,210 --> 00:29:03,340

balls of light I also feel that it is a

443

00:29:13,300 --> 00:29:10,220

paranormal aspect to them as well

444

00:29:17,910 --> 00:29:13,310

not not only the structure of crafts but

445

00:29:23,040 --> 00:29:17,920

also the the balls of light the way they

446

00:29:29,130 --> 00:29:23,050

behave and the manuals they perform and

447

00:29:35,140 --> 00:29:29,140

so I I think they are related to the the

448

00:29:37,540 --> 00:29:35,150

activity mm-hmm how so I mean let me do

449

00:29:39,700 --> 00:29:37,550

they well well we need Oh give us give

450

00:29:41,320 --> 00:29:39,710

us some examples of why you would think

451
00:29:43,570 --> 00:29:41,330
that that's the case rather than just

452
00:29:45,610 --> 00:29:43,580
being say you know like some kind of

453
00:29:51,450 --> 00:29:45,620
natural you know plasma phenomena

454
00:29:55,060 --> 00:29:51,460
floating through the skies yeah they can

455
00:29:58,020 --> 00:29:55,070
move slowly around and they can stand

456
00:30:01,240 --> 00:29:58,030
still but I can also shoot off at

457
00:30:07,660 --> 00:30:01,250
incredible speeds and sometimes they

458
00:30:12,010 --> 00:30:07,670
appear together to lights for example we

459
00:30:16,570 --> 00:30:12,020
saw two of these balls of lights one

460
00:30:26,970 --> 00:30:16,580
standing about the other vertically and

461
00:30:35,290 --> 00:30:26,980
they both Dean down at the same time and

462
00:30:39,640 --> 00:30:35,300
and we also once we saw a big light

463
00:30:43,890 --> 00:30:39,650

coming over the mountain we had just

464

00:30:52,210 --> 00:30:43,900

arrived at at the observation point and

465

00:30:58,530 --> 00:30:52,220

I saw this very big orange light coming

466

00:31:02,860 --> 00:30:58,540

two verses over the mountain and and I

467

00:31:07,060 --> 00:31:02,870

grabbed my camera and when I pointed the

468

00:31:10,400 --> 00:31:07,070

camera to it it suddenly became a

469

00:31:13,250 --> 00:31:10,410

satellite yeah

470

00:31:16,430 --> 00:31:13,260

so how always when you say satellite

471

00:31:20,770 --> 00:31:16,440

would he be by satellite yeah it turned

472

00:31:28,030 --> 00:31:20,780

very weak and changed color from white

473

00:31:34,160 --> 00:31:28,040

from yellow to white and this happened

474

00:31:37,870 --> 00:31:34,170

three times and it came 20 minutes later

475

00:31:40,580 --> 00:31:37,880

it happened again the same light but

476

00:31:45,850 --> 00:31:40,590

this time it was a satellite from the

477

00:31:51,100 --> 00:31:45,860

start and it passed over our heads and

478

00:31:54,080 --> 00:31:51,110

the third time it came at the same

479

00:31:59,660 --> 00:31:54,090

location over the all over the mountain

480

00:32:04,400 --> 00:31:59,670

but then it turned to to the west over

481

00:32:10,940 --> 00:32:04,410

the great lake there so this wasn't

482

00:32:16,040 --> 00:32:10,950

satellite satellites but they pretended

483

00:32:20,270 --> 00:32:16,050

to him to be fake fake satellites so it

484

00:32:24,340 --> 00:32:20,280

was almost like they knew that you were

485

00:32:29,960 --> 00:32:24,350

there and observing them yeah somehow

486

00:32:34,760 --> 00:32:29,970

sounds nuts but well any any feeling any

487

00:32:37,070 --> 00:32:34,770

one who has you know any experience with

488

00:32:39,740 --> 00:32:37,080

this phenomenon it's it's it's not so

489

00:32:42,950 --> 00:32:39,750

nuts because I mean we we've we've heard

490

00:32:49,730 --> 00:32:42,960

of cases time and time again where

491

00:32:53,150 --> 00:32:49,740

people who observe UFOs have that have

492

00:32:55,790 --> 00:32:53,160

the feeling that whatever it is that

493

00:32:58,460 --> 00:32:55,800

they're observing is aware of them as

494

00:33:02,930 --> 00:32:58,470

well even though there could be miles

495

00:33:04,880 --> 00:33:02,940

distance you know in between hmm well

496

00:33:08,090 --> 00:33:04,890

what about now what about you I mean

497

00:33:11,660 --> 00:33:08,100

from your experiences when you've been

498

00:33:17,450 --> 00:33:11,670

out looking for these things have there

499

00:33:20,750 --> 00:33:17,460

been any times where maybe you are the

500

00:33:23,600 --> 00:33:20,760

people who are with you will start to

501
00:33:24,260 --> 00:33:23,610
get a feeling that something is going to

502
00:33:26,510 --> 00:33:24,270
happen that

503
00:33:28,070 --> 00:33:26,520
wait a minute let's let's let's look

504
00:33:29,240 --> 00:33:28,080
around because you know we have a

505
00:33:32,810 --> 00:33:29,250
feeling that something's going to be

506
00:33:39,200 --> 00:33:32,820
seen and and then you do and on top of

507
00:33:43,880 --> 00:33:39,210
that when you do have an observation do

508
00:33:48,890 --> 00:33:43,890
they evoke some kind of emotional

509
00:34:02,060 --> 00:33:56,500
well maybe not for me but my fiance

510
00:34:08,330 --> 00:34:02,070
talks about things in along that line

511
00:34:14,119 --> 00:34:08,340
oh really so maybe she's more sensitive

512
00:34:15,440 --> 00:34:14,129
to these things maybe and what what does

513
00:34:29,680 --> 00:34:15,450

she say with me whatever what are her

514

00:34:34,450 --> 00:34:29,690

descriptions oh she can get she feels

515

00:34:39,200 --> 00:34:34,460

that something is going

516

00:34:43,399 --> 00:34:39,210

mm-hmm behind her back so it she turns

517

00:34:50,510 --> 00:34:43,409

around all the time and so nice she

518

00:34:54,649 --> 00:34:50,520

can't sleep in in our cabin also she can

519

00:34:56,840 --> 00:34:54,659

feel before we go to cast on before the

520

00:35:03,380 --> 00:34:56,850

weekend that something is going to

521

00:35:05,720 --> 00:35:03,390

happen and and stuff like that and when

522

00:35:07,460 --> 00:35:05,730

she has these feelings I mean is that

523

00:35:11,290 --> 00:35:07,470

the case you said she has feelings that

524

00:35:18,830 --> 00:35:11,300

something's going to happen and does it

525

00:35:22,580 --> 00:35:18,840

yeah it did I told you about the the

526
00:35:27,730 --> 00:35:22,590
three-year lights in three life red

527
00:35:34,540 --> 00:35:31,730
before that she knew knew that something

528
00:35:36,850 --> 00:35:34,550
was going to happen

529
00:35:39,150 --> 00:35:36,860
well and say you know these these are

530
00:35:42,660 --> 00:35:39,160
the types of things that that really

531
00:35:47,380 --> 00:35:42,670
enraged the like the the nuts and bolts

532
00:35:49,360 --> 00:35:47,390
UFO believers who think that you know

533
00:35:50,980 --> 00:35:49,370
you're dealing strictly with you know

534
00:35:54,940 --> 00:35:50,990
physical space ships from other planets

535
00:35:57,490 --> 00:35:54,950
yet time and time again though we have

536
00:36:02,560 --> 00:35:57,500
these types of reports from from

537
00:36:04,540 --> 00:36:02,570
eyewitnesses that seemed to there seems

538
00:36:06,210 --> 00:36:04,550

to be some kind of you know psychic

539

00:36:09,300 --> 00:36:06,220

connection for one of better words

540

00:36:16,570 --> 00:36:09,310

between themselves and the phenomenon

541

00:36:19,030 --> 00:36:16,580

yeah so now with with a lot of these

542

00:36:20,530 --> 00:36:19,040

reports you know we hear that you know

543

00:36:23,560 --> 00:36:20,540

people are seeing these things you know

544

00:36:27,640 --> 00:36:23,570

pretty high up in the sky but have there

545

00:36:29,980 --> 00:36:27,650

been any sightings of these things at an

546

00:36:31,420 --> 00:36:29,990

almost eye level you know here in the

547

00:36:34,720 --> 00:36:31,430

United States you know you talked about

548

00:36:36,550 --> 00:36:34,730

some of these other locations I know we

549

00:36:39,550 --> 00:36:36,560

have like the Missouri spook lights the

550

00:36:43,510 --> 00:36:39,560

Mafra lights a lot of these things are

551

00:36:46,810 --> 00:36:43,520

seen not only at a fairly close to the

552

00:36:48,370 --> 00:36:46,820

eyewitnesses but within just you know

553

00:36:51,520 --> 00:36:48,380

like a few feet of the ground I mean do

554

00:36:58,720 --> 00:36:51,530

we have similar situations there in

555

00:37:03,790 --> 00:36:58,730

Norway yeah a little example so that in

556

00:37:11,140 --> 00:37:03,800

the eighties the the last one was last

557

00:37:16,360 --> 00:37:11,150

year a woman stayed in a cabin Southwest

558

00:37:18,370 --> 00:37:16,370

in Hesston she couldn't sleep so she

559

00:37:22,090 --> 00:37:18,380

stood up in the middle of the night and

560

00:37:25,560 --> 00:37:22,100

through the kitchen window she saw

561

00:37:32,280 --> 00:37:25,570

something she described as a spaceship

562

00:37:37,210 --> 00:37:32,290

and I I saw the drawing she made and it

563

00:37:41,490 --> 00:37:37,220

it looked like classic flying saucer

564

00:37:47,310 --> 00:37:41,500

with the windows and lights around

565

00:37:51,570 --> 00:37:47,320

around the rim so this did it

566

00:37:56,580 --> 00:37:51,580

the last example of that but several

567

00:37:59,820 --> 00:37:56,590

examples so there hasn't there has been

568

00:38:04,890 --> 00:37:59,830

examples of rather than just you know

569

00:38:06,480 --> 00:38:04,900

like blobs of light in the sky that

570

00:38:13,260 --> 00:38:06,490

people are saying what appears to be

571

00:38:18,930 --> 00:38:13,270

structured craft yeah descript objects

572

00:38:23,990 --> 00:38:18,940

cigars egg shape trying else and bullet

573

00:38:28,730 --> 00:38:24,000

shaped objects mm-hmm also landings oh

574

00:38:33,180 --> 00:38:30,990

besides the one that you gave us with

575

00:38:45,270 --> 00:38:33,190

the lady who saw one outside of her her

576

00:38:48,630 --> 00:38:45,280

cabin window you had you have yet you

577

00:38:53,870 --> 00:38:48,640

have John's reports I mean he's gotten

578

00:38:58,320 --> 00:38:53,880

very close to the objects yeah 15 meters

579

00:39:02,640 --> 00:38:58,330

he described it as um he said it was

580

00:39:11,220 --> 00:39:02,650

obviously I'm a machine a machinery he

581

00:39:19,340 --> 00:39:11,230

described like car radiator with these

582

00:39:26,670 --> 00:39:19,350

pipes agency and then also landing legs

583

00:39:31,800 --> 00:39:26,680

he saw oh really why he likes so yeah so

584

00:39:34,230 --> 00:39:31,810

then have have people seen these lights

585

00:39:37,560 --> 00:39:34,240

during the daytime you know most of the

586

00:39:40,410 --> 00:39:37,570

descriptions that that make it back to

587

00:39:43,650 --> 00:39:40,420

us here the us it'll describe lights at

588

00:39:46,500 --> 00:39:43,660

night but has anything been seen in the

589

00:39:52,410 --> 00:39:46,510

daytime yes many times

590

00:39:57,690 --> 00:39:52,420

hmm but the Heston is known test on

591

00:40:00,080 --> 00:39:57,700

lights because of the the science

592

00:40:06,420 --> 00:40:00,090

scientific

593

00:40:11,010 --> 00:40:06,430

what what what the scientists tell about

594

00:40:14,370 --> 00:40:11,020

this phenomena because they focus on on

595

00:40:19,080 --> 00:40:14,380

the lights because they they are more

596

00:40:22,800 --> 00:40:19,090

likely to get data from from the lights

597

00:40:31,260 --> 00:40:22,810

so they focus on that and they also have

598

00:40:36,000 --> 00:40:31,270

to get funding and you know so but it's

599

00:40:41,130 --> 00:40:36,010

so much other things that happens in the

600

00:40:46,380 --> 00:40:41,140

valley that doesn't come out sightings

601
00:40:51,270 --> 00:40:46,390
of entities and creatures and all kind

602
00:40:53,700 --> 00:40:51,280
of stuff well I mean and we see we see

603
00:40:56,880 --> 00:40:53,710
that you know all over the world when

604
00:40:58,320 --> 00:40:56,890
when scientists make an attempt to to do

605
00:41:02,010 --> 00:40:58,330
proper research on this type of

606
00:41:05,839 --> 00:41:02,020
phenomena they have to stay within very

607
00:41:10,670 --> 00:41:05,849
strict and narrow guidelines else risk

608
00:41:15,349 --> 00:41:10,680
ridicule and losing their funding hmm

609
00:41:18,060 --> 00:41:15,359
it's so not understandable right so

610
00:41:20,960 --> 00:41:18,070
again can are there any examples that

611
00:41:26,220 --> 00:41:20,970
you give us of some of these the more

612
00:41:28,140 --> 00:41:26,230
unusual or out of the box sightings so

613
00:41:33,270 --> 00:41:28,150

to speak that have been seen in the

614

00:41:39,770 --> 00:41:33,280

valley that a lot a lot of investigators

615

00:41:45,030 --> 00:41:39,780

dare not touch yeah well we have the

616

00:41:52,320 --> 00:41:45,040

sighting of two entities in September

617

00:41:56,310 --> 00:41:52,330

September a guy was staying in a cabin

618

00:42:02,099 --> 00:41:56,320

next to the main road in Hesston this is

619

00:42:06,450 --> 00:42:02,109

in the middle of Heston he was walking

620

00:42:09,420 --> 00:42:06,460

back and forth along along the road this

621

00:42:11,390 --> 00:42:09,430

was in the middle of the night just he

622

00:42:14,940 --> 00:42:11,400

was going to bed

623

00:42:19,230 --> 00:42:14,950

but when they turned around he saw these

624

00:42:24,600 --> 00:42:19,240

two entities that came running up a

625

00:42:28,470 --> 00:42:24,610

field from the river in the valley and

626

00:42:33,330 --> 00:42:28,480

they were running very fast faster than

627

00:42:36,090 --> 00:42:33,340

any human he said and they crossed the

628

00:42:40,110 --> 00:42:36,100

road and disappeared in in the woods on

629

00:42:44,100 --> 00:42:40,120

the other side of the road and he

630

00:42:48,960 --> 00:42:44,110

described them as very tall more than

631

00:42:56,330 --> 00:42:48,970

two meters with the large heads and long

632

00:42:58,890 --> 00:42:56,340

thin arms and long thin legs and and

633

00:43:03,300 --> 00:42:58,900

when they crossed the road

634

00:43:07,590 --> 00:43:03,310

they stopped about 50 meters ahead of

635

00:43:15,180 --> 00:43:07,600

him and and then they looked straight at

636

00:43:18,420 --> 00:43:15,190

him and I talked to this guy on the

637

00:43:23,670 --> 00:43:18,430

phone and he he said to me that they

638

00:43:26,970 --> 00:43:23,680

looked as surprised as he was hmm

639

00:43:31,440 --> 00:43:26,980

and then they continued and disappeared

640

00:43:36,630 --> 00:43:31,450

in the forest but what was so special

641

00:43:41,370 --> 00:43:36,640

about sighting that was that two weeks

642

00:43:44,190 --> 00:43:41,380

later another guy a carpenter that

643

00:43:46,740 --> 00:43:44,200

worked on a building they they were

644

00:43:52,680 --> 00:43:46,750

setting up on a newborn next to this

645

00:43:57,690 --> 00:43:52,690

field and he told about almost the exact

646

00:44:02,510 --> 00:43:57,700

same thing two entities that crossed the

647

00:44:06,750 --> 00:44:02,520

road and disappeared up in the woods and

648

00:44:10,460 --> 00:44:06,760

he hadn't knew about first sighting so

649

00:44:14,220 --> 00:44:10,470

this were these were two independent

650

00:44:16,980 --> 00:44:14,230

sightings now do you think since most of

651
00:44:19,530 --> 00:44:16,990
these things take place in in the woods

652
00:44:21,980 --> 00:44:19,540
or near wooded areas could they be an

653
00:44:23,310 --> 00:44:21,990
idea mentioned this nature spirits

654
00:44:26,780 --> 00:44:23,320
Jeremy

655
00:44:31,680 --> 00:44:26,790
I don't know what it was

656
00:44:37,880 --> 00:44:31,690
the it was no UFO was sighted in

657
00:44:44,010 --> 00:44:37,890
connection with this so what it was I I

658
00:44:50,790 --> 00:44:44,020
have no idea - sorry

659
00:44:54,510 --> 00:44:50,800
oh this is in the middle of a stone so

660
00:44:59,310 --> 00:44:54,520
it's like if you can call it headstone

661
00:45:03,590 --> 00:44:59,320
downtown you can call it that in a

662
00:45:08,940 --> 00:45:03,600
village with a hundred and fifty

663
00:45:14,400 --> 00:45:08,950

inhabitants but if you have the church

664

00:45:18,780 --> 00:45:14,410

and some houses and the community center

665

00:45:24,420 --> 00:45:18,790

is there so this is the central place of

666

00:45:29,040 --> 00:45:24,430

Hezbollah how about a good pub yes it's

667

00:45:31,130 --> 00:45:29,050

a pub there as well as very good I'm

668

00:45:31,140 --> 00:45:38,000

so phone maybe four times a year

669

00:45:44,010 --> 00:45:42,030

what are those types so so these

670

00:45:46,950 --> 00:45:44,020

sightings I mean you know they they took

671

00:45:50,540 --> 00:45:46,960

place in a fairly populous area and not

672

00:45:57,030 --> 00:45:50,550

just out you know in the middle of a

673

00:46:02,480 --> 00:45:57,040

forest somewhere hmm I actually put up a

674

00:46:06,150 --> 00:46:02,490

wildlife camera in there this area so

675

00:46:09,300 --> 00:46:06,160

hoping to that something will show up

676

00:46:13,080 --> 00:46:09,310

again mmm

677

00:46:16,170 --> 00:46:13,090

all right well Tim we are coming up to

678

00:46:18,930 --> 00:46:16,180

our top of the hour break and we're

679

00:46:22,800 --> 00:46:18,940

going to go on for another 30 minutes

680

00:46:26,070 --> 00:46:22,810

after this break is over with because

681

00:46:28,110 --> 00:46:26,080

Nils is such a great guest and we're so

682

00:46:31,050 --> 00:46:28,120

happy to have him with us so we come

683

00:46:32,750 --> 00:46:31,060

back we will continue our conversation

684

00:46:35,360 --> 00:46:32,760

about the

685

00:46:47,690 --> 00:46:35,370

stolen lights with our guests Neal

686

00:46:49,970 --> 00:46:47,700

hostage on exploring the bazaar now you

687

00:46:57,500 --> 00:46:49,980

are electrifying hosts of exploring the

688

00:46:59,180 --> 00:46:57,510

bazaar Timothy Begley and two sports all

689

00:47:02,270 --> 00:46:59,190

right here we are back again with the

690

00:47:05,260 --> 00:47:02,280

next segment of exploring the bazaar so

691

00:47:07,970 --> 00:47:05,270

Tim you want to jump in here now yes

692

00:47:11,060 --> 00:47:07,980

tell me what are some of the theories

693

00:47:14,210 --> 00:47:11,070

now in your book you delve into some of

694

00:47:17,030 --> 00:47:14,220

the the concepts of as to what these

695

00:47:18,370 --> 00:47:17,040

lights might represent because there

696

00:47:20,990 --> 00:47:18,380

could be something elder than

697

00:47:23,450 --> 00:47:21,000

extraterrestrial in fact you bring in

698

00:47:27,980 --> 00:47:23,460

one of our favorite theories is that

699

00:47:30,200 --> 00:47:27,990

some of these could actually be devices

700

00:47:34,250 --> 00:47:30,210

that were constructed by the the Germans

701
00:47:36,620 --> 00:47:34,260
during World War 2 and it could be even

702
00:47:39,140 --> 00:47:36,630
some secret bases somewhere maybe out

703
00:47:49,810 --> 00:47:39,150
there in Norway so what are some of

704
00:47:59,560 --> 00:47:49,820
these concepts yeah there is a NATO base

705
00:48:03,230 --> 00:47:59,570
sort of a hostel and also us a smaller

706
00:48:09,770 --> 00:48:03,240
installation mortal hostel so I've been

707
00:48:13,960 --> 00:48:09,780
thinking that this phenomena could have

708
00:48:16,060 --> 00:48:13,970
something to do with secret

709
00:48:23,060 --> 00:48:16,070
experimentation with the exotic

710
00:48:29,870 --> 00:48:23,070
technology but it's been going on for so

711
00:48:32,890 --> 00:48:29,880
many years now and it also very

712
00:48:42,510 --> 00:48:32,900
sightings in the seventies and sixties

713
00:48:47,670 --> 00:48:42,520

so I I think that that's

714

00:48:49,589 --> 00:48:47,680

may not be the case anymore and how

715

00:48:53,819 --> 00:48:49,599

about the the concept though that they

716

00:48:57,089 --> 00:48:53,829

may be from some parallel universe or

717

00:48:59,309 --> 00:48:57,099

another dimension or that there could be

718

00:49:05,510 --> 00:48:59,319

some artificial intelligence behind us

719

00:49:16,109 --> 00:49:11,069

it's it's basically basically a 3t or is

720

00:49:19,730 --> 00:49:16,119

it it is this natural plasma theory on a

721

00:49:24,359 --> 00:49:19,740

and you have this military and man-made

722

00:49:30,120 --> 00:49:24,369

theory and also some kind of visitation

723

00:49:37,130 --> 00:49:30,130

so in recent years I I leaned more and

724

00:49:41,730 --> 00:49:37,140

more about against the visitation

725

00:49:48,410 --> 00:49:41,740

possibility and what you li what you

726

00:49:55,620 --> 00:49:48,420

lean towards well what's special about

727

00:50:01,680 --> 00:49:55,630

histone is the minerals and you the

728

00:50:06,420 --> 00:50:01,690

largest occurrence of or in entire

729

00:50:13,260 --> 00:50:06,430

Norway and the strongest magnetic fields

730

00:50:16,529 --> 00:50:13,270

in entire Norway so what I won't want to

731

00:50:20,519 --> 00:50:16,539

do moral in the future is to compare

732

00:50:24,269 --> 00:50:20,529

Heston with with this places other

733

00:50:27,930 --> 00:50:24,279

places around in the world that have

734

00:50:30,240 --> 00:50:27,940

similar phenomena well now our Brown our

735

00:50:34,849 --> 00:50:30,250

Brown Mountain lights here has an

736

00:50:38,960 --> 00:50:34,859

incredible deposits of quartz crystals

737

00:50:42,510 --> 00:50:38,970

in the in the earth in fact the local

738

00:50:45,299 --> 00:50:42,520

contact D it was deceased deceased Ralph

739

00:50:47,670 --> 00:50:45,309

Leila but we write about him in the USA

740

00:50:50,069 --> 00:50:47,680

jiwoo he claims that he actually went

741

00:50:51,809 --> 00:50:50,079

inside the mountain and met the the

742

00:50:54,450 --> 00:50:51,819

space people who had a base there from

743

00:50:55,800 --> 00:50:54,460

whatever planet they were from and he

744

00:50:58,080 --> 00:50:55,810

came out of the mountain

745

00:51:00,480 --> 00:50:58,090

which with these huge pieces of quartz

746

00:51:04,320 --> 00:51:00,490

crystal which he had in his little

747

00:51:06,120 --> 00:51:04,330

roadside attraction or our Museum which

748

00:51:09,500 --> 00:51:06,130

is been closed for a couple of decades

749

00:51:11,880 --> 00:51:09,510

now but we've noticed in a lot of these

750

00:51:15,540 --> 00:51:11,890

places where these sightings are

751
00:51:20,340 --> 00:51:15,550
reported on a regular basis that there

752
00:51:24,810 --> 00:51:20,350
are large deposits of quartz crystal in

753
00:51:27,330 --> 00:51:24,820
fact out at Joshua Tree a giant rock

754
00:51:29,640 --> 00:51:27,340
there in California where George Van

755
00:51:34,440 --> 00:51:29,650
Tassel but was building his integrity on

756
00:51:37,860 --> 00:51:34,450
this kind of time-warp machine his first

757
00:51:40,110 --> 00:51:37,870
meeting with the this face of people was

758
00:51:42,270 --> 00:51:40,120
on a rock and he showed they showed me

759
00:51:43,740 --> 00:51:42,280
the rock and it was sparkling with the

760
00:51:46,650 --> 00:51:43,750
crystals I mean you could actually see

761
00:51:51,240 --> 00:51:46,660
this in the in the earth so they do seem

762
00:51:56,340 --> 00:51:51,250
to be reported over areas where there's

763
00:51:58,440 --> 00:51:56,350

a vast amount of of mineral deposits but

764

00:52:00,990 --> 00:51:58,450

tell us a little bit about the

765

00:52:03,420 --> 00:52:01,000

scientific research that has gone on now

766

00:52:05,730 --> 00:52:03,430

there is a Space Camp there and there's

767

00:52:08,450 --> 00:52:05,740

the the blue box I think it's called

768

00:52:12,060 --> 00:52:08,460

where they have all this camera and

769

00:52:14,240 --> 00:52:12,070

equipment to register who's actually put

770

00:52:18,810 --> 00:52:14,250

this equipment there and what is it

771

00:52:23,780 --> 00:52:18,820

shown us first I want to shoot in that

772

00:52:30,540 --> 00:52:23,790

it's a little quarks in Hesston as well

773

00:52:32,520 --> 00:52:30,550

but the research is it's a our Linnaeus

774

00:52:36,980 --> 00:52:32,530

Tron from the restful

775

00:52:40,710 --> 00:52:36,990

University College he's been head of

776

00:52:47,850 --> 00:52:40,720

project tests on since the eighties so

777

00:52:56,400 --> 00:52:47,860

he had his he's been done most of the

778

00:52:59,970 --> 00:52:56,410

research later he he has more people to

779

00:53:03,270 --> 00:52:59,980

help him that he's what he was there

780

00:53:06,460 --> 00:53:03,280

from the start from the beginning and he

781

00:53:12,210 --> 00:53:06,470

also put up blue books

782

00:53:17,140 --> 00:53:12,220

which is an automatic measuring station

783

00:53:22,090 --> 00:53:17,150

you can find it on on their website they

784

00:53:32,250 --> 00:53:22,100

stream live so you can see what happens

785

00:53:36,340 --> 00:53:32,260

in the valley from yeah yeah live and

786

00:53:40,750 --> 00:53:36,350

also we have a group of Italians that

787

00:53:47,310 --> 00:53:40,760

carried out field investigations in the

788

00:53:51,490 --> 00:53:47,320

early 2000s and they they were led by a

789

00:53:58,300 --> 00:53:51,500

doctor in astrophysics Massimo tailed

790

00:54:03,040 --> 00:53:58,310

Ronnie and they had some interesting

791

00:54:10,080 --> 00:54:03,050

conclusions after I think it was three

792

00:54:12,490 --> 00:54:10,090

field studies they concluded that among

793

00:54:17,590 --> 00:54:12,500

majority of lights in the sky they were

794

00:54:21,970 --> 00:54:17,600

also present structured crafts and that

795

00:54:30,030 --> 00:54:21,980

is very interesting in my opinion coming

796

00:54:32,580 --> 00:54:30,040

from a doctor in astrophysics and in

797

00:54:38,580 --> 00:54:32,590

recent years there they carry out

798

00:54:41,980 --> 00:54:38,590

science camp that with the support from

799

00:54:51,010 --> 00:54:41,990

Estefan University College twice a year

800

00:54:56,680 --> 00:54:51,020

so it's a lot of research going on I'd

801
00:55:01,000 --> 00:54:56,690
like to ask Nils on in your book chapter

802
00:55:03,940 --> 00:55:01,010
nine called hide and seek then the next

803
00:55:07,120 --> 00:55:03,950
page 62 you've got a couple of same it's

804
00:55:11,350 --> 00:55:07,130
same photographs of a photograph that

805
00:55:14,220 --> 00:55:11,360
that you had taken which is just really

806
00:55:18,660 --> 00:55:14,230
I'm it's just absolutely a fantastic

807
00:55:21,180 --> 00:55:18,670
photo do you want to tell us

808
00:55:25,950 --> 00:55:21,190
about that photograph I mean what

809
00:55:31,460 --> 00:55:25,960
happened and how you got it yeah yeah we

810
00:55:38,749 --> 00:55:31,470
were standing at Sultan lookup point

811
00:55:44,759 --> 00:55:38,759
about maybe a for four hours we're

812
00:55:51,079 --> 00:55:44,769
seeing nothing and we returned back to

813
00:56:04,739 --> 00:56:00,170

this at when we drove home and we were

814

00:56:11,729 --> 00:56:04,749

200 meters above our cabin this light

815

00:56:17,809 --> 00:56:11,739

showed up over the location where we

816

00:56:25,470 --> 00:56:17,819

stood earlier in the evening and I

817

00:56:32,339 --> 00:56:25,480

grabbed my camera and and just pressed

818

00:56:36,329 --> 00:56:32,349

record and I think I got maybe a one or

819

00:56:43,079 --> 00:56:36,339

two seconds before it disappeared so

820

00:56:48,479 --> 00:56:43,089

again when you take your camera it has a

821

00:56:53,279 --> 00:56:48,489

tendency to disappear and mine what kind

822

00:56:58,799 --> 00:56:53,289

of camera were you using oh it's a cheap

823

00:57:02,220 --> 00:56:58,809

camera so it's not very good but this

824

00:57:10,319 --> 00:57:02,230

was in July so it wasn't it wasn't

825

00:57:15,029 --> 00:57:10,329

completely dark right so I it's the best

826
00:57:17,999 --> 00:57:15,039
photo I have I think well and I mean the

827
00:57:20,099 --> 00:57:18,009
you've also included this photo on the

828
00:57:22,380 --> 00:57:20,109
cover of your book and it I mean it that

829
00:57:24,660 --> 00:57:22,390
it does seem to have almost like the

830
00:57:28,319 --> 00:57:24,670
like we've described before the

831
00:57:31,079 --> 00:57:28,329
traditional you know like disc shape UFO

832
00:57:31,980 --> 00:57:31,089
with with maybe a dome on top and so you

833
00:57:36,150 --> 00:57:31,990
some kind of story

834
00:57:40,230 --> 00:57:36,160
you're underneath it as well how this

835
00:57:42,480 --> 00:57:40,240
this image how close is it to what you

836
00:57:48,750 --> 00:57:42,490
were actually seen with your physical

837
00:57:51,270 --> 00:57:48,760
eyes well it was a very big light so

838
00:57:59,180 --> 00:57:51,280

this is this wasn't a ball of light

839

00:58:03,530 --> 00:57:59,190

right yes I think it was a maybe a craft

840

00:58:09,720 --> 00:58:03,540

and it also had some kind of other

841

00:58:10,680 --> 00:58:09,730

colors to it it was it wasn't just like

842

00:58:24,650 --> 00:58:10,690

a bright white light

843

00:58:29,370 --> 00:58:24,660

oh so uh but the cover I actually saw it

844

00:58:36,270 --> 00:58:29,380

showed up on Losey book covers calm the

845

00:58:45,540 --> 00:58:36,280

other day so great I think I have to do

846

00:58:48,060 --> 00:58:45,550

a better job next time so you took this

847

00:58:53,160 --> 00:58:48,070

you took this photograph you know in in

848

00:58:55,440 --> 00:58:53,170

July is is there any I mean do these

849

00:58:57,870 --> 00:58:55,450

lights and and again I mean you know we

850

00:58:59,370 --> 00:58:57,880

have to consider that people aren't seen

851

00:59:03,510 --> 00:58:59,380

as many as they did back in the 80s

852

00:59:06,000 --> 00:59:03,520

people see more during the summer or the

853

00:59:09,960 --> 00:59:06,010

winter or I mean there's there seem to

854

00:59:11,660 --> 00:59:09,970

be any you know seasonal activity that

855

00:59:16,530 --> 00:59:11,670

is more than others

856

00:59:17,670 --> 00:59:16,540

it's more in the winter really when it's

857

00:59:22,980 --> 00:59:17,680

dark

858

00:59:25,500 --> 00:59:22,990

uh-huh perhaps it's so easy that when

859

00:59:32,070 --> 00:59:25,510

it's dark it's easier to see lights in

860

00:59:35,760 --> 00:59:32,080

the sky in the the summer months in

861

00:59:43,020 --> 00:59:35,770

Norway are very light yeah

862

00:59:45,480 --> 00:59:43,030

as you know so so it's more difficult so

863

00:59:49,320 --> 00:59:45,490

I don't think so that location can

864

00:59:52,230 --> 00:59:49,330

in Norway when when it gets dark I mean

865

00:59:55,650 --> 00:59:52,240

does it how many hours of night do you

866

00:59:58,830 --> 00:59:55,660

do you do you have there hmm

867

01:00:00,870 --> 00:59:58,840

in in the way in the wintertime I'm

868

01:00:09,410 --> 01:00:00,880

saying in the winter yes

869

01:00:11,660 --> 01:00:09,420

now in January mmm from maybe 4 p.m. to

870

01:00:15,090 --> 01:00:11,670

[Music]

871

01:00:20,340 --> 01:00:15,100

8 a.m.

872

01:00:21,900 --> 01:00:20,350

those are long nights yeah so so pointy

873

01:00:25,560 --> 01:00:21,910

of opportunities for anybody who's

874

01:00:26,880 --> 01:00:25,570

willing to stay up and risk the cold too

875

01:00:33,180 --> 01:00:26,890

to look for these things

876

01:00:39,510 --> 01:00:33,190

hmm you actually have the one day trip

877

01:00:44,520 --> 01:00:39,520

this Tuesday just to just to drive and

878

01:00:51,660 --> 01:00:44,530

have a look but there it's a very bad

879

01:00:56,310 --> 01:00:51,670

weather very windy and and cold so we

880

01:00:59,430 --> 01:00:56,320

didn't see anything when you go ahead oh

881

01:01:01,500 --> 01:00:59,440

well you know I I wanted to ask because

882

01:01:06,180 --> 01:01:01,510

I know we are running short of time here

883

01:01:08,609 --> 01:01:06,190

two things one would be the camouflage

884

01:01:10,859 --> 01:01:08,619

that you you talked about that how these

885

01:01:13,290 --> 01:01:10,869

things can disguise themselves the

886

01:01:16,020 --> 01:01:13,300

satellites and planes and so forth we've

887

01:01:17,910 --> 01:01:16,030

seen some of that here you know what Tim

888

01:01:20,609 --> 01:01:17,920

we've had on Bruce cornet in fact he's

889

01:01:23,070 --> 01:01:20,619

coming up next we short Lee again today

890

01:01:25,170 --> 01:01:23,080

yeah yeah to talk about some of the

891

01:01:27,810 --> 01:01:25,180

things that occurred in Pine Bush where

892

01:01:31,290 --> 01:01:27,820

these things actually turned into or

893

01:01:34,140 --> 01:01:31,300

seemed to turn into a regular aircraft

894

01:01:37,109 --> 01:01:34,150

to disguise themselves and then you have

895

01:01:39,630 --> 01:01:37,119

the what I call the morphing phenomenon

896

01:01:42,210 --> 01:01:39,640

where the objects actually change shape

897

01:01:44,099 --> 01:01:42,220

in front of the witnesses in front of

898

01:01:48,300 --> 01:01:44,109

the witnesses we've got a lot of these

899

01:01:52,230 --> 01:01:48,310

cases now coming in from Colorado from

900

01:01:55,980 --> 01:01:52,240

the San Luis Valley that Chris O'Brien

901
01:01:58,650 --> 01:01:55,990
reported on and our UFOs AJ blue book

902
01:01:59,400 --> 01:01:58,660
and we have a photograph and in fact in

903
01:02:02,279 --> 01:01:59,410
there

904
01:02:04,650 --> 01:02:02,289
of an our objective some unidentified

905
01:02:08,940 --> 01:02:04,660
nature but looking like a drone but it's

906
01:02:12,259 --> 01:02:08,950
changing this shape right before the the

907
01:02:15,269 --> 01:02:12,269
lens of the of the camera very very

908
01:02:19,019 --> 01:02:15,279
peculiar now you you said that this has

909
01:02:21,049 --> 01:02:19,029
been the the case therein and in the

910
01:02:23,849 --> 01:02:21,059
valley where these objects have actually

911
01:02:26,249 --> 01:02:23,859
camouflage themselves could you describe

912
01:02:28,769 --> 01:02:26,259
that a little bit further and also a

913
01:02:31,140 --> 01:02:28,779

talk about this morphing have the

914

01:02:33,509 --> 01:02:31,150

objects actually change shapes in front

915

01:02:37,940 --> 01:02:33,519

of you no have they gone from a cigar

916

01:02:50,099 --> 01:02:44,809

well the morphing thing I can't say I am

917

01:02:54,650 --> 01:02:50,109

that we have an experience that but we

918

01:03:00,420 --> 01:02:54,660

we see in this fake satellites and also

919

01:03:04,109 --> 01:03:00,430

fake stars stars that take standstills

920

01:03:15,539 --> 01:03:04,119

for up to an hour and sudden they start

921

01:03:22,579 --> 01:03:15,549

to move and we have also been suspicious

922

01:03:31,650 --> 01:03:22,589

about some of the planes seem to mix up

923

01:03:35,099 --> 01:03:31,660

navigation lights or lack navigation

924

01:03:41,700 --> 01:03:35,109

lights and some of the planes doesn't

925

01:03:55,849 --> 01:03:41,710

show up on on flight radar this I have a

926

01:03:59,549 --> 01:03:55,859

my phone so and you know Herbet this guy

927

01:04:02,279 --> 01:03:59,559

we've been talking a lot of lot with in

928

01:04:07,130 --> 01:04:02,289

Libya he's been living in Hesston all

929

01:04:12,900 --> 01:04:07,140

his life he told us about one time that

930

01:04:17,280 --> 01:04:12,910

he he watched two moons

931

01:04:26,780 --> 01:04:17,290

the real real moon and a fake moon next

932

01:04:31,920 --> 01:04:26,790

to it so I think camouflage is an other

933

01:04:33,600 --> 01:04:31,930

aspect to it again showing that we're

934

01:04:37,500 --> 01:04:33,610

dealing with a phenomena that just

935

01:04:39,480 --> 01:04:37,510

doesn't seem to be you know electrified

936

01:04:41,250 --> 01:04:39,490

plasma or whatever there's floating

937

01:04:48,660 --> 01:04:41,260

around in the sky there's something else

938

01:04:52,370 --> 01:04:48,670

going on yeah I think it's the light

939

01:04:56,820 --> 01:04:52,380

phenomena the hissed on lights if if you

940

01:05:00,020 --> 01:04:56,830

of course it it's also UFO structured

941

01:05:04,860 --> 01:05:00,030

craft flying saucers and cigar-shaped

942

01:05:10,380 --> 01:05:04,870

objects in the hostile but to talk about

943

01:05:16,350 --> 01:05:10,390

the lights have a paranormal component

944

01:05:20,430 --> 01:05:16,360

to it as well so what's what's been the

945

01:05:23,700 --> 01:05:20,440

reaction so far to your books have you

946

01:05:32,000 --> 01:05:23,710

been yeah getting you know positive

947

01:05:37,530 --> 01:05:32,010

positive reviews on it and some positive

948

01:05:44,600 --> 01:05:37,540

reviews mmm I haven't done a lot of

949

01:05:54,300 --> 01:05:44,610

marketing so right so I'm sorry go ahead

950

01:05:56,970 --> 01:05:54,310

no I was noting continue in your

951

01:05:59,180 --> 01:05:56,980

biography sayeth the jury a senior

952

01:06:02,640 --> 01:05:59,190

lecturer what

953

01:06:09,150 --> 01:06:02,650

what do your your colleagues think about

954

01:06:14,670 --> 01:06:09,160

your your interest in these lights we

955

01:06:24,140 --> 01:06:14,680

usually do not speak a lot a lot of

956

01:06:31,299 --> 01:06:24,150

about it I have a few colleagues that

957

01:06:36,500 --> 01:06:31,309

share my interest so maybe we were going

958

01:06:39,620 --> 01:06:36,510

together to the hostel in the future all

959

01:06:41,510 --> 01:06:39,630

right yeah that'd be good yeah well I

960

01:06:44,630 --> 01:06:41,520

mean I know that I've seen you know with

961

01:06:50,349 --> 01:06:44,640

with with other people that a lot of

962

01:06:52,730 --> 01:06:50,359

times you'll have work colleagues who

963

01:06:54,410 --> 01:06:52,740

will come to you

964

01:06:57,200 --> 01:06:54,420

kind of like behind the scenes and

965

01:07:01,460 --> 01:06:57,210

express interest and and tell you about

966

01:07:03,410 --> 01:07:01,470

their own experiences but something that

967

01:07:10,250 --> 01:07:03,420

they would never do in front of

968

01:07:11,990 --> 01:07:10,260

everybody else all right well we only

969

01:07:14,390 --> 01:07:12,000

have about three minutes left in the

970

01:07:18,170 --> 01:07:14,400

show so why don't you let our audience

971

01:07:20,240 --> 01:07:18,180

know where they can find your book and

972

01:07:24,279 --> 01:07:20,250

where they can find you online if you

973

01:07:29,329 --> 01:07:24,289

have a blog or anything like that yeah

974

01:07:34,760 --> 01:07:29,339

the book you can find on Amazon and I

975

01:07:40,539 --> 01:07:34,770

also have a blog UFO Heston dot blog

976

01:07:46,099 --> 01:07:40,549

spot.com and I also have a Facebook page

977

01:07:54,140 --> 01:07:46,109

and yeah just under under your name and

978

01:07:59,390 --> 01:07:54,150

nails Ofsted well if you search for a

979

01:08:01,370 --> 01:07:59,400

hostel oh so up and and spell let's

980

01:08:03,170 --> 01:08:01,380

spell let's spell that though there may

981

01:08:08,900 --> 01:08:03,180

be some people might be confused by the

982

01:08:11,089 --> 01:08:08,910

spelling its h es s da le n and that's

983

01:08:15,079 --> 01:08:11,099

the easiest way that to find it if you

984

01:08:17,660 --> 01:08:15,089

you Google Google that in Niles all said

985

01:08:21,189 --> 01:08:17,670

then you'll come across everything and I

986

01:08:22,939 --> 01:08:21,199

must say the the blog is is really

987

01:08:25,459 --> 01:08:22,949

interesting and it's got a lot of

988

01:08:27,769 --> 01:08:25,469

information in there and I I know we

989

01:08:31,370 --> 01:08:27,779

were able to utilize sort of information

990

01:08:33,169 --> 01:08:31,380

and our UFOs DeJaVu book and I'm very

991

01:08:35,229 --> 01:08:33,179

excited about this because it's it's

992

01:08:37,880 --> 01:08:35,239

ongoing research you know and it's not

993

01:08:41,420 --> 01:08:37,890

something that's stagnating

994

01:08:43,910 --> 01:08:41,430

there is the legitimate investigations

995

01:08:47,950 --> 01:08:43,920

going on in the lights and like I say

996

01:08:51,380 --> 01:08:47,960

dr. Hynek was enthused enough by the

997

01:08:54,500 --> 01:08:51,390

phenomena that he visited there when it

998

01:08:56,390 --> 01:08:54,510

was 36 degrees below zero but I promise

999

01:09:02,530 --> 01:08:56,400

if I ever show up to investigate the

1000

01:09:08,990 --> 01:09:05,810

and well and we will have the other the

1001

01:09:13,490 --> 01:09:09,000

pertinent links up on our website for

1002

01:09:15,650 --> 01:09:13,500

1003

01:09:18,160 --> 01:09:15,660

day despite the noise outside my window

1013

01:09:48,200 --> 01:09:45,420

is very unusual for a January so that

1014

offsets the temperature in Norway it
