1
00:00:08,470 --> 00:00:07,349

[Music]

2
00:00:11,830 --> 00:00:08,480
exploring

3
00:00:14,549 --> 00:00:11,840
the bizarre bizarre your e-ticket ride

4
00:00:17,189 --> 00:00:14,559
into the world of the paranormal

5
00:00:18,070 --> 00:00:17,199
strap yourself in as we traverse the

6
00:00:21,910 --> 00:00:18,080
universe

7
00:00:26,150 --> 00:00:21,920
exploring the unexplained ufos

8
00:00:30,070 --> 00:00:26,160
ghosts lost world cryptozoology

9
00:00:33,910 --> 00:00:30,080
as well as other dimensions it's time to

10
00:00:37,990 --> 00:00:36,630
now your electrifying hosts of exploring

11
00:00:44,869 --> 00:00:38,000
the bazaar

12
00:00:47,590 --> 00:00:44,879
timothy beckley and tim schwartz

13
00:00:48,389 --> 00:00:47,600

oh it's really cold out here in the

14

00:00:51,029 --> 00:00:48,399

woods

15

00:00:53,029 --> 00:00:51,039

i'm sure glad i wore my uh bernie

16

00:00:55,270 --> 00:00:53,039

sanders mittens tonight

17

00:00:57,990 --> 00:00:55,280

but i tell you it's not the best time of

18

00:01:01,029 --> 00:00:58,000

the year for a siding i wouldn't think

19

00:01:02,950 --> 00:01:01,039

ah tim jimmy you never know just just

20

00:01:05,910 --> 00:01:02,960

get a little closer to the fire

21

00:01:07,670 --> 00:01:05,920

i understand ted phillips would come out

22

00:01:08,630 --> 00:01:07,680

here regardless of the time of the year

23

00:01:11,030 --> 00:01:08,640

or the weather

24

00:01:12,789 --> 00:01:11,040

these marley woods spook lights act

25

00:01:16,310 --> 00:01:12,799

pretty much on their own they're

26

00:01:19,910 --> 00:01:16,320

pretty independent bunch of lights

27

00:01:22,230 --> 00:01:19,920

look i think i see a couple of them now

28

00:01:24,950 --> 00:01:22,240

they seem to be larger and brighter than

29

00:01:27,109 --> 00:01:24,960

the ones reported previously

30

00:01:29,350 --> 00:01:27,119

but i i think i think our guest tonight will

31

00:01:30,230 --> 00:01:29,360

have some amazing new revelations for us

32

00:01:36,230 --> 00:01:30,240

on

33

00:01:43,030 --> 00:01:39,510

well well tim after all it is the

34

00:01:45,510 --> 00:01:43,040

show me state so let's put out the

35

00:01:46,789 --> 00:01:45,520

bonfire so the lights won't think we're

36

00:01:48,710 --> 00:01:46,799

signaling to them

37

00:01:50,230 --> 00:01:48,720

after all we don't know really what

38

00:01:53,429 --> 00:01:50,240

their intentions

39

00:01:53,990 --> 00:01:53,439

are do we well just be on the safe side

40

00:01:57,030 --> 00:01:54,000

i say we

41

00:01:59,749 --> 00:01:57,040

get back to the kcra studio in vegas

42

00:02:00,469 --> 00:01:59,759

have a cup of something or other to warm

43

00:02:02,550 --> 00:02:00,479

us up

44

00:02:04,870 --> 00:02:02,560

and set about asking thomas some

45

00:02:08,150 --> 00:02:04,880

pertinent questions about the

46

00:02:10,790 --> 00:02:08,160

current situation out here

47

00:02:12,070 --> 00:02:10,800

uh sounds pretty good to me not certain

48

00:02:14,470 --> 00:02:12,080

what you mean by

49

00:02:16,470 --> 00:02:14,480

uh the the something to drink but i'll

50

00:02:17,670 --> 00:02:16,480

go along uh with it i'm sure you'll come

51
00:02:21,110 --> 00:02:17,680
up with something rather

52
00:02:23,510 --> 00:02:21,120
uh tasty uh and i i guess

53
00:02:24,229 --> 00:02:23,520
we'll find out pretty soon what's going

54
00:02:30,390 --> 00:02:24,239
on

55
00:02:34,710 --> 00:02:33,430
all right i do have something uh tasty

56
00:02:38,309 --> 00:02:34,720
here tim let me uh

57
00:02:43,990 --> 00:02:38,319
let me pour you a glass of it ah

58
00:02:49,830 --> 00:02:47,509
going i would i would say well cheers

59
00:02:51,830 --> 00:02:49,840
yeah cheers to you and to tina and to

60
00:02:55,750 --> 00:02:51,840
our guests tonight and to all

61
00:02:58,869 --> 00:02:55,760
our listeners on kcorradio.com

62
00:03:02,550 --> 00:02:58,879
and on youtube and stitcher and

63
00:03:04,790 --> 00:03:02,560

itunes and iheart and everywhere out

64

00:03:06,630 --> 00:03:04,800

there that you're listening in fact

65

00:03:07,830 --> 00:03:06,640

uh why don't you tell us how you're

66

00:03:10,869 --> 00:03:07,840

listening to this

67

00:03:16,309 --> 00:03:10,879

program you can drop us a line at

68

00:03:17,350 --> 00:03:16,319

mr ufo eight at hotmail.com mruf08 the

69

00:03:19,670 --> 00:03:17,360

number eight at

70

00:03:20,390 --> 00:03:19,680

hotmail.com and that's me tim beckley

71

00:03:22,790 --> 00:03:20,400

and uh

72

00:03:24,309 --> 00:03:22,800

love to hear uh from you and we'll even

73

00:03:27,750 --> 00:03:24,319

send you a free mag

74

00:03:30,789 --> 00:03:27,760

free magazine uh speaking of free

75

00:03:33,350 --> 00:03:30,799

magazines well these are not free but uh

76
00:03:33,990 --> 00:03:33,360
we're currently working on two books one

77
00:03:37,670 --> 00:03:34,000
of which

78
00:03:38,869 --> 00:03:37,680
will go to uh amazon and be up there in

79
00:03:41,670 --> 00:03:38,879
a couple of

80
00:03:42,630 --> 00:03:41,680
days or at least over the weekend alien

81
00:03:46,789 --> 00:03:42,640
lives matter

82
00:03:50,229 --> 00:03:46,799
okay to be

83
00:03:53,110 --> 00:03:50,239
gray 600 pages of the most

84
00:03:53,429 --> 00:03:53,120
fascinating material that you will ever

85
00:03:56,550 --> 00:03:53,439
come

86
00:03:57,830 --> 00:03:56,560
across i think that sincerely and i mean

87
00:04:00,869 --> 00:03:57,840
this

88
00:04:02,949 --> 00:04:00,879

of the most

89

00:04:04,149 --> 00:04:02,959

important books that we've ever

90

00:04:07,670 --> 00:04:04,159

published uh

91

00:04:10,949 --> 00:04:07,680

it shows that humans have

92

00:04:13,990 --> 00:04:10,959

actually been responsible for attacking

93

00:04:16,469 --> 00:04:14,000

ets and ultra-terrestrials and bigfoot

94

00:04:17,030 --> 00:04:16,479

and all kinds of other creatures just as

95

00:04:20,229 --> 00:04:17,040

much

96

00:04:20,870 --> 00:04:20,239

as we accuse them and then the second

97

00:04:23,990 --> 00:04:20,880

part of the

98

00:04:26,469 --> 00:04:24,000

the book is uh about the

99

00:04:28,710 --> 00:04:26,479

the afro-american or black ufo

100

00:04:31,430 --> 00:04:28,720

experience there it seems to be a

101
00:04:32,629 --> 00:04:31,440
a belief among many many people in the

102
00:04:34,629 --> 00:04:32,639
field that uh

103
00:04:36,150 --> 00:04:34,639
afro-americans do not have the same

104
00:04:39,990 --> 00:04:36,160
interest in ufos that

105
00:04:43,749 --> 00:04:40,000
uh other races do a total fallacy total

106
00:04:46,469 --> 00:04:43,759
fallacy um and uh we have a

107
00:04:47,590 --> 00:04:46,479
a lot of material in there uh which will

108
00:04:50,150 --> 00:04:47,600
uh

109
00:04:51,749 --> 00:04:50,160
go into this in depth that's a it's a

110
00:04:52,230 --> 00:04:51,759
very important book like i say it's

111
00:04:55,590 --> 00:04:52,240
about

112
00:04:56,310 --> 00:04:55,600
uh 600 pages it'll be up on amazon very

113
00:04:58,710 --> 00:04:56,320

shortly

114

00:05:00,390 --> 00:04:58,720

and then the one that you are working on

115

00:05:03,590 --> 00:05:00,400

is solved

116

00:05:04,150 --> 00:05:03,600

mysteries of time space and ufos which

117

00:05:08,070 --> 00:05:04,160

is a

118

00:05:08,870 --> 00:05:08,080

rather unique book because it takes the

119

00:05:11,909 --> 00:05:08,880

subject from

120

00:05:12,710 --> 00:05:11,919

a slightly different approach this would

121

00:05:15,189 --> 00:05:12,720

be

122

00:05:17,110 --> 00:05:15,199

a book that was if you want to say

123

00:05:19,990 --> 00:05:17,120

channeled you can

124

00:05:20,550 --> 00:05:20,000

but the information comes telepathically

125

00:05:24,150 --> 00:05:20,560

from

126

00:05:27,430 --> 00:05:24,160

a female spirit known as a a

127

00:05:29,590 --> 00:05:27,440

dankin d-a-n-k-i-n

128

00:05:31,029 --> 00:05:29,600

yeah anakin or something like that i'm

129

00:05:34,230 --> 00:05:31,039

not quite sure how it would sound

130

00:05:36,790 --> 00:05:34,240

pronounced we'll learn how to uh to

131

00:05:37,430 --> 00:05:36,800

to pronounce it quickly enough but it

132

00:05:40,710 --> 00:05:37,440

it's a

133

00:05:44,230 --> 00:05:40,720

book that uh comes to us from uh the

134

00:05:45,029 --> 00:05:44,240

tibetan and buddhist culture and it has

135

00:05:47,110 --> 00:05:45,039

a lot

136

00:05:48,870 --> 00:05:47,120

really great information on it the book

137

00:05:50,790 --> 00:05:48,880

has been around for a while

138

00:05:52,390 --> 00:05:50,800

it's been out of print for many many

139

00:05:55,029 --> 00:05:52,400

years i remember

140

00:05:56,390 --> 00:05:55,039

uh back when i started selling books as

141

00:06:00,230 --> 00:05:56,400

a teenager

142

00:06:03,110 --> 00:06:00,240

this book intrigued people and

143

00:06:03,909 --> 00:06:03,120

we sold many many copies and now we're

144

00:06:06,390 --> 00:06:03,919

going to

145

00:06:08,150 --> 00:06:06,400

re-issue it it's a fascinating book with

146

00:06:10,150 --> 00:06:08,160

a lot of good uh artwork

147

00:06:11,749 --> 00:06:10,160

and that will be a little bit further

148

00:06:15,110 --> 00:06:11,759

down the road probably into

149

00:06:17,029 --> 00:06:15,120

february and tim is working on that

150

00:06:18,390 --> 00:06:17,039

and the last last announcement

151

00:06:21,830 --> 00:06:18,400

announcement we do have

152

00:06:24,870 --> 00:06:21,840

a new uh youtube and podcast

153

00:06:28,469 --> 00:06:24,880

uh webmaster if that's the right word

154

00:06:28,950 --> 00:06:28,479

uh in michelle and we've put up a couple

155

00:06:31,990 --> 00:06:28,960

of the

156

00:06:35,029 --> 00:06:32,000

the videos that she's worked on uh

157

00:06:37,749 --> 00:06:35,039

episodes of this

158

00:06:38,870 --> 00:06:37,759

program it's under mr ufo's secret files

159

00:06:41,110 --> 00:06:38,880

on youtube

160

00:06:43,430 --> 00:06:41,120

we're months behind and it's going to

161

00:06:46,790 --> 00:06:43,440

take us a while to catch up but she's

162

00:06:48,950 --> 00:06:46,800

uh learned pretty quickly how to

163

00:06:50,710 --> 00:06:48,960

do a excellent job on this and i want to

164

00:06:53,430 --> 00:06:50,720

thank you michelle

165

00:06:54,629 --> 00:06:53,440

doing a fantastic job fantastic job in

166

00:06:57,430 --> 00:06:54,639

indeed indeed

167

00:06:59,189 --> 00:06:57,440

so anyway it is a time to get on with

168

00:07:01,350 --> 00:06:59,199

our

169

00:07:03,110 --> 00:07:01,360

program this evening so why don't you

170

00:07:03,990 --> 00:07:03,120

tell us tim who we're going to be

171

00:07:06,550 --> 00:07:04,000

speaking to

172

00:07:08,790 --> 00:07:06,560

because this is a one of my favorite

173

00:07:11,430 --> 00:07:08,800

guests he's only been on once before

174

00:07:13,270 --> 00:07:11,440

but he has some very very valuable

175

00:07:16,469 --> 00:07:13,280

information to share

176
00:07:17,189 --> 00:07:16,479
about a mutual friend who has passed

177
00:07:19,270 --> 00:07:17,199
away

178
00:07:21,749 --> 00:07:19,280
but who was one of the most credible

179
00:07:25,029 --> 00:07:21,759
top-notch researchers

180
00:07:27,350 --> 00:07:25,039
in ufology an associate of dr heineck

181
00:07:28,870 --> 00:07:27,360
and was responsible for investigating

182
00:07:30,710 --> 00:07:28,880
over 400

183
00:07:31,909 --> 00:07:30,720
landing trace cases why don't you give

184
00:07:35,430 --> 00:07:31,919
us a little bit of

185
00:07:37,350 --> 00:07:35,440
uh info on on this tip sure well our

186
00:07:39,350 --> 00:07:37,360
guest tonight is

187
00:07:40,550 --> 00:07:39,360
his a return visit to exploring the

188
00:07:43,909 --> 00:07:40,560

bazaar and always

189

00:07:46,070 --> 00:07:43,919

happy to have thomas ferrario now thomas

190

00:07:46,390 --> 00:07:46,080

has worked as a dive master machinist

191

00:07:48,710 --> 00:07:46,400

and

192

00:07:49,670 --> 00:07:48,720

electrical engineer on projects in the

193

00:07:51,589 --> 00:07:49,680

united states

194

00:07:53,950 --> 00:07:51,599

china and bermuda he's been an

195

00:07:56,869 --> 00:07:53,960

independent ufo researcher since

196

00:07:59,830 --> 00:07:56,879

1969 to 1998

197

00:08:00,469 --> 00:07:59,840

at which point walt andrus founder of

198

00:08:02,390 --> 00:08:00,479

mufon

199

00:08:03,589 --> 00:08:02,400

asked him to become a section director

200

00:08:05,510 --> 00:08:03,599

for mufon

201
00:08:07,270 --> 00:08:05,520
later he would go on to uh to be

202
00:08:08,710 --> 00:08:07,280
assistant state director for the

203
00:08:11,189 --> 00:08:08,720
missouri mufon

204
00:08:13,110 --> 00:08:11,199
and he then co-founded the mufon dive

205
00:08:14,950 --> 00:08:13,120
team so now ferrari

206
00:08:18,390 --> 00:08:14,960
then joined ted phillips as his

207
00:08:18,710 --> 00:08:18,400
assistant in 2006 and later became part

208
00:08:22,790 --> 00:08:18,720
of

209
00:08:26,070 --> 00:08:22,800
ted's siu team he assisted ted phillips

210
00:08:26,710 --> 00:08:26,080
on his marly woods project and his tetra

211
00:08:29,830 --> 00:08:26,720
mountain

212
00:08:32,870 --> 00:08:29,840
moonshaft project so now hopefully uh

213
00:08:36,709 --> 00:08:32,880

thomas is going to reveal some amazing

214

00:08:39,350 --> 00:08:36,719

never before heard form

215

00:08:40,230 --> 00:08:39,360

before i guess details concerning the

216

00:08:43,990 --> 00:08:40,240

marley woods

217

00:08:46,949 --> 00:08:44,000

investigation so ted or thomas i'm sorry

218

00:08:48,710 --> 00:08:46,959

charlene ted here tom thank you very

219

00:08:49,910 --> 00:08:48,720

much for being with us on exploring the

220

00:08:53,269 --> 00:08:49,920

bazaar

221

00:08:55,110 --> 00:08:53,279

all right all right sent back to him

222

00:08:56,710 --> 00:08:55,120

all right set back tim and let me take

223

00:09:00,310 --> 00:08:56,720

over here for a few minutes

224

00:09:01,190 --> 00:09:00,320

uh okay um now i think uh we should

225

00:09:04,389 --> 00:09:01,200

introduce the

226

00:09:06,630 --> 00:09:04,399

the subject uh well

227

00:09:08,550 --> 00:09:06,640

first of all tell us how did you meet at

228

00:09:10,230 --> 00:09:08,560

ted phillips what was the

229

00:09:12,389 --> 00:09:10,240

the beginning of your relationship with

230

00:09:13,910 --> 00:09:12,399

him he certainly like i pointed out is

231

00:09:17,110 --> 00:09:13,920

one of the most credible

232

00:09:18,870 --> 00:09:17,120

uh ufo investigators in the the field i

233

00:09:21,350 --> 00:09:18,880

know he got started

234

00:09:22,630 --> 00:09:21,360

and he met dr heineck down in socorro uh

235

00:09:25,670 --> 00:09:22,640

new mexico

236

00:09:28,790 --> 00:09:25,680

uh at the time of the ilani zamora

237

00:09:31,590 --> 00:09:28,800

zamora sighting and landing and

238

00:09:33,190 --> 00:09:31,600

observation of two little uh men and

239

00:09:36,710 --> 00:09:33,200

symbol outside of the craft

240

00:09:38,870 --> 00:09:36,720

how did you first meet up with uh ted

241

00:09:40,389 --> 00:09:38,880

okay well it's good to be with you again

242

00:09:42,389 --> 00:09:40,399

tim and thank you

243

00:09:43,829 --> 00:09:42,399

thank you i just must say in passing

244

00:09:46,550 --> 00:09:43,839

it's it's i do feel

245

00:09:47,670 --> 00:09:46,560

ted is with us again tonight because the

246

00:09:51,190 --> 00:09:47,680

20th of this

247

00:09:54,470 --> 00:09:51,200

month was ted's birthday and uh

248

00:09:57,110 --> 00:09:54,480

so that came pretty hard to myself and

249

00:09:59,030 --> 00:09:57,120

to ginger his wife this year especially

250

00:10:01,430 --> 00:09:59,040

the first anniversary

251
00:10:03,590 --> 00:10:01,440
and of course you know ted was born on

252
00:10:07,110 --> 00:10:03,600
march the 10th

253
00:10:10,150 --> 00:10:07,120
and uh in

254
00:10:13,190 --> 00:10:10,160
january 20th 1942 and it really

255
00:10:15,750 --> 00:10:13,200
excuse me hit us hard but anyway i met

256
00:10:17,350 --> 00:10:15,760
up with ted at a mufon conference i was

257
00:10:17,910 --> 00:10:17,360
assistant state director to bruce

258
00:10:20,470 --> 00:10:17,920
whitaman

259
00:10:22,389 --> 00:10:20,480
and st louis and i always respected

260
00:10:25,990 --> 00:10:22,399
ted's work so much and

261
00:10:29,350 --> 00:10:26,000
i put in my two bits one day i i'm

262
00:10:32,389 --> 00:10:29,360
electrician by trade and uh

263
00:10:33,990 --> 00:10:32,399

i offered my services to ted and not

264

00:10:34,949 --> 00:10:34,000

thinking for a moment he would pick me

265

00:10:37,269 --> 00:10:34,959

up on it and

266

00:10:38,230 --> 00:10:37,279

he said well let's see what you got tom

267

00:10:40,630 --> 00:10:38,240

and he

268

00:10:41,350 --> 00:10:40,640

invited me out to work with him and that

269

00:10:44,150 --> 00:10:41,360

began

270

00:10:47,509 --> 00:10:44,160

the long relationship with ted and i

271

00:10:49,910 --> 00:10:47,519

must say i'm so honored to be a part of

272

00:10:52,870 --> 00:10:49,920

what he started and um

273

00:10:53,750 --> 00:10:52,880

you know he was alan heineck's protege

274

00:10:56,069 --> 00:10:53,760

and

275

00:10:56,949 --> 00:10:56,079

i met so many wonderful people with

276

00:10:59,829 --> 00:10:56,959

through ted

277

00:11:03,190 --> 00:10:59,839

in the field and um you know i must say

278

00:11:06,790 --> 00:11:03,200

stan freeman respected ted so much

279

00:11:08,790 --> 00:11:06,800

and ted knew uh things that

280

00:11:10,710 --> 00:11:08,800

stanton really envied because of his

281

00:11:12,630 --> 00:11:10,720

work with heinek and

282

00:11:14,389 --> 00:11:12,640

stanton always beat up on ted and he

283

00:11:15,910 --> 00:11:14,399

always grabbed me and he said tom make

284

00:11:19,430 --> 00:11:15,920

sure ted writes his book

285

00:11:22,870 --> 00:11:19,440

and ted and never got to write his book

286

00:11:24,710 --> 00:11:22,880

and we're working on that and so i feel

287

00:11:27,269 --> 00:11:24,720

it's my obligation to get out

288

00:11:27,990 --> 00:11:27,279

a lot of ted's work here and a lot of

289

00:11:30,710 --> 00:11:28,000

facts that

290

00:11:32,389 --> 00:11:30,720

aren't known that uh through his work

291

00:11:34,470 --> 00:11:32,399

with alan

292

00:11:35,590 --> 00:11:34,480

and then basically brought me into

293

00:11:38,870 --> 00:11:35,600

marley woods

294

00:11:41,829 --> 00:11:38,880

and that's how i got involved

295

00:11:42,550 --> 00:11:41,839

well now just one last thing about ted

296

00:11:45,990 --> 00:11:42,560

uh his

297

00:11:49,030 --> 00:11:46,000

uh he i guess he's best known for his uh

298

00:11:51,590 --> 00:11:49,040

investigation like i pointed out of the

299

00:11:52,389 --> 00:11:51,600

uh ufo uh trace cases where objects

300

00:11:53,829 --> 00:11:52,399

would land and

301

00:11:55,910 --> 00:11:53,839

then he would go out and collect the

302

00:11:58,550 --> 00:11:55,920

soil samples and have them uh

303

00:12:00,310 --> 00:11:58,560

analyze and so forth that i know one of

304

00:12:01,829 --> 00:12:00,320

the cases that he was involved with has

305

00:12:05,670 --> 00:12:01,839

been on the history channel

306

00:12:09,590 --> 00:12:05,680

uh is it at delphi missouri

307

00:12:10,150 --> 00:12:09,600

delfos yeah kansas yeah kansas can't

308

00:12:17,829 --> 00:12:10,160

well

309

00:12:19,590 --> 00:12:17,839

many people know this and i'm gonna

310

00:12:20,790 --> 00:12:19,600

break ted didn't like to speak about a

311

00:12:23,350 --> 00:12:20,800

lot of this

312

00:12:25,110 --> 00:12:23,360

but through allen ted was actually

313

00:12:26,710 --> 00:12:25,120

sending cases worldwide

314

00:12:28,629 --> 00:12:26,720

and i think you probably know a couple

315

00:12:31,670 --> 00:12:28,639

of them but uh

316

00:12:35,030 --> 00:12:31,680

ted went to vietnam

317

00:12:38,470 --> 00:12:35,040

he went to africa he went to germany

318

00:12:42,150 --> 00:12:38,480

he went to russia and uh whenever alan

319

00:12:45,910 --> 00:12:42,160

was in bad health or had prior

320

00:12:48,069 --> 00:12:45,920

obligations he sent ted out there so

321

00:12:49,350 --> 00:12:48,079

a lot of this material isn't known what

322

00:12:52,470 --> 00:12:49,360

ted took part in

323

00:12:53,430 --> 00:12:52,480

and and that's part of what brought him

324

00:12:56,949 --> 00:12:53,440

into marley

325

00:12:58,310 --> 00:12:56,959

um there's a connection there and

326

00:13:00,230 --> 00:12:58,320

now this is going to be i'm going to

327

00:13:01,910 --> 00:13:00,240

take you to vietnam but

328

00:13:03,829 --> 00:13:01,920

uh you'd never believe there's a

329

00:13:04,949 --> 00:13:03,839

connection between vietnam and marley

330

00:13:08,470 --> 00:13:04,959

woods

331

00:13:09,829 --> 00:13:08,480

but there is and uh there were things

332

00:13:11,910 --> 00:13:09,839

that he took part of in

333

00:13:13,910 --> 00:13:11,920

in investigations there that when he

334

00:13:16,949 --> 00:13:13,920

heard about some of the

335

00:13:19,350 --> 00:13:16,959

the factors that marley that

336

00:13:20,150 --> 00:13:19,360

really bothered ted because it the case

337

00:13:21,750 --> 00:13:20,160

he worked at

338

00:13:23,190 --> 00:13:21,760

there didn't turn out well for the

339

00:13:25,670 --> 00:13:23,200

people

340

00:13:26,629 --> 00:13:25,680

and then marley it had a turn at times

341

00:13:28,069 --> 00:13:26,639

for the worst

342

00:13:29,670 --> 00:13:28,079

and that's a little bit about what i

343

00:13:30,949 --> 00:13:29,680

want to speak to you about tonight about

344

00:13:35,030 --> 00:13:30,959

the ill effects

345

00:13:37,269 --> 00:13:35,040

on on animal and

346

00:13:39,030 --> 00:13:37,279

and i will say tonight the investigators

347

00:13:45,269 --> 00:13:39,040

that were out there ted included

348

00:13:50,550 --> 00:13:48,470

and and what exactly it did happen in

349

00:13:53,990 --> 00:13:50,560

vietnam though could you just give us a

350

00:13:56,470 --> 00:13:54,000

a minute or so on information on that

351

00:13:58,470 --> 00:13:56,480

i'll give you just a very brief synopsis

352

00:14:00,870 --> 00:13:58,480

of that

353

00:14:02,790 --> 00:14:00,880

he was called in on a case and uh of

354

00:14:06,470 --> 00:14:02,800

course ted wasn't in the military

355

00:14:08,949 --> 00:14:06,480

but he went in they had uh three

356

00:14:10,230 --> 00:14:08,959

three choppers went in on a mountain

357

00:14:13,030 --> 00:14:10,240

plateau

358

00:14:14,550 --> 00:14:13,040

and and this was behind at the time the

359

00:14:16,790 --> 00:14:14,560

war was going on

360

00:14:17,590 --> 00:14:16,800

and behind enemy lines on a plateau

361

00:14:20,470 --> 00:14:17,600

where

362

00:14:21,189 --> 00:14:20,480

intelligence had been told of an account

363

00:14:24,310 --> 00:14:21,199

that happened

364

00:14:25,990 --> 00:14:24,320

a big event and basically they walked

365

00:14:30,069 --> 00:14:26,000

into a mountaintop village

366

00:14:33,430 --> 00:14:30,079

that had been leveled to the ground by

367

00:14:38,230 --> 00:14:33,440

by light bulbs and unseen force

368

00:14:41,509 --> 00:14:38,240

and there was a history in this area of

369

00:14:43,750 --> 00:14:41,519

strange enough strange animals strange

370

00:14:47,110 --> 00:14:43,760

kryptides uh

371

00:14:50,230 --> 00:14:47,120

unseen force light balls and actually

372

00:14:52,550 --> 00:14:50,240

structured craft landings so when ted

373

00:14:55,350 --> 00:14:52,560

was brought into this he had four hours

374

00:14:56,069 --> 00:14:55,360

with other people that were there

375

00:14:57,750 --> 00:14:56,079

virtually

376

00:15:00,069 --> 00:14:57,760

through the interpreters they got the

377

00:15:02,389 --> 00:15:00,079

story out that

378

00:15:03,509 --> 00:15:02,399

these natives then and you got to

379

00:15:05,750 --> 00:15:03,519

realize in that part

380

00:15:07,430 --> 00:15:05,760

of vietnam that's almost so primitive

381

00:15:10,870 --> 00:15:07,440

you know it's stone age almost

382

00:15:13,670 --> 00:15:10,880

and uh yeah they they actually found out

383

00:15:15,350 --> 00:15:13,680

that they had been in communication with

384

00:15:16,870 --> 00:15:15,360

with some of the structured crafted

385

00:15:19,670 --> 00:15:16,880

landed and

386

00:15:23,030 --> 00:15:19,680

one thing led to another and there

387

00:15:28,949 --> 00:15:26,069

the structured craft actually had

388

00:15:30,710 --> 00:15:28,959

an outing with these people and for

389

00:15:33,110 --> 00:15:30,720

whatever reason

390

00:15:34,069 --> 00:15:33,120

and they left and then the light balls

391

00:15:39,269 --> 00:15:34,079

came in

392

00:15:40,870 --> 00:15:39,279

with an unseen force leveled the village

393

00:15:42,949 --> 00:15:40,880

he radiated the people

394

00:15:45,430 --> 00:15:42,959

there were only a few left alive there

395

00:15:48,710 --> 00:15:45,440

were severe radiation burns

396

00:15:50,150 --> 00:15:48,720

and the the key thing you want to listen

397

00:15:52,150 --> 00:15:50,160

to here that what he

398

00:15:53,430 --> 00:15:52,160

taught into this when he was called into

399

00:15:55,829 --> 00:15:53,440

marley

400

00:15:57,749 --> 00:15:55,839

and this is a connection that not many

401

00:16:00,870 --> 00:15:57,759

people know of

402

00:16:01,269 --> 00:16:00,880

that the red light balls are the ones

403

00:16:04,790 --> 00:16:01,279

that

404

00:16:07,189 --> 00:16:04,800

energy and do

405

00:16:08,710 --> 00:16:07,199

usually they're not they don't have good

406

00:16:11,749 --> 00:16:08,720

intentions

407

00:16:14,790 --> 00:16:11,759

so when ted was brought into marley

408

00:16:17,509 --> 00:16:14,800

the similarities the unseen force when

409

00:16:19,910 --> 00:16:17,519

they started telling the property owners

410

00:16:21,749 --> 00:16:19,920

the white light balls the unseen force

411

00:16:26,470 --> 00:16:21,759

the cattle mutilation strange

412

00:16:29,350 --> 00:16:26,480

animals vortexes

413

00:16:31,350 --> 00:16:29,360

it just it it really concerned ted and

414

00:16:33,509 --> 00:16:31,360

that's why he ended up

415

00:16:34,710 --> 00:16:33,519

many people have asked why did ted spend

416

00:16:38,150 --> 00:16:34,720

virtually

417

00:16:40,710 --> 00:16:38,160

the rest of his life at marley woods and

418

00:16:42,790 --> 00:16:40,720

that is the connection he always

419

00:16:46,069 --> 00:16:42,800

suspected that there would be

420

00:16:50,389 --> 00:16:46,079

a let's just say it would

421

00:16:53,430 --> 00:16:50,399

get into a more violent possibly

422

00:16:56,550 --> 00:16:53,440

time at marley and it

423

00:16:58,949 --> 00:16:56,560

it never did get to that degree

424

00:17:01,030 --> 00:16:58,959

but i will tell you that and i believe i

425

00:17:03,110 --> 00:17:01,040

covered the harshborn incident the last

426
00:17:05,750 --> 00:17:03,120
time i was on your show

427
00:17:06,390 --> 00:17:05,760
now when did when did the uh the actual

428
00:17:13,110 --> 00:17:06,400
uh

429
00:17:15,270 --> 00:17:13,120
still

430
00:17:17,429 --> 00:17:15,280
uh pretty private it's it's secret ted

431
00:17:20,309 --> 00:17:17,439
kept it to himself so that the

432
00:17:20,630 --> 00:17:20,319
uh people who who live there uh wouldn't

433
00:17:23,669 --> 00:17:20,640
be

434
00:17:25,270 --> 00:17:23,679
harassed or overwhelmed i would say

435
00:17:28,710 --> 00:17:25,280
overwhelmed more than likely

436
00:17:31,350 --> 00:17:28,720
by uh other ufo uh researchers but

437
00:17:34,150 --> 00:17:31,360
when did he first hear of of this and

438
00:17:37,190 --> 00:17:34,160

under what circumstances

439

00:17:39,190 --> 00:17:37,200

uh ted was the property owners were

440

00:17:40,630 --> 00:17:39,200

looking for answers and they contacted

441

00:17:43,990 --> 00:17:40,640

the only one they could find

442

00:17:46,390 --> 00:17:44,000

was the mutual ufo network which at that

443

00:17:49,909 --> 00:17:46,400

time was based in missouri

444

00:17:53,190 --> 00:17:49,919

and you know there the

445

00:17:53,830 --> 00:17:53,200

state director bruce whitaman took the

446

00:17:57,190 --> 00:17:53,840

report

447

00:17:59,669 --> 00:17:57,200

and actually keyed ted into it and if

448

00:18:00,950 --> 00:17:59,679

their initial reports didn't interest

449

00:18:03,510 --> 00:18:00,960

ted too much

450

00:18:04,950 --> 00:18:03,520

until he read the details and talked to

451
00:18:06,710 --> 00:18:04,960
one of the property owners and they

452
00:18:09,669 --> 00:18:06,720
started discussing

453
00:18:10,549 --> 00:18:09,679
all the the light balls and again when

454
00:18:12,630 --> 00:18:10,559
they mentioned

455
00:18:13,990 --> 00:18:12,640
some of the red light balls the unseen

456
00:18:17,350 --> 00:18:14,000
force again

457
00:18:20,789 --> 00:18:17,360
things that ted had confronted and seen

458
00:18:23,590 --> 00:18:20,799
just how detrimental they could be

459
00:18:23,990 --> 00:18:23,600
ted really got in you know interested in

460
00:18:26,710 --> 00:18:24,000
this

461
00:18:28,630 --> 00:18:26,720
and i i might add that you know marley

462
00:18:31,990 --> 00:18:28,640
is two ranches that each one

463
00:18:34,470 --> 00:18:32,000

is around 1200 acres and it

464

00:18:36,630 --> 00:18:34,480

encompasses an area of two miles east

465

00:18:37,669 --> 00:18:36,640

and west and about three miles north and

466

00:18:42,630 --> 00:18:37,679

south

467

00:18:44,390 --> 00:18:42,640

so you're talking about a considerable

468

00:18:48,070 --> 00:18:44,400

amount of real estate that we had to

469

00:18:52,390 --> 00:18:51,110

and what were uh what were the the first

470

00:18:54,870 --> 00:18:52,400

observations that

471

00:18:56,150 --> 00:18:54,880

ted uh became aware of i mean actually

472

00:18:58,070 --> 00:18:56,160

participated in

473

00:18:59,669 --> 00:18:58,080

and have they grown in intensity would

474

00:19:03,430 --> 00:18:59,679

you say

475

00:19:06,470 --> 00:19:03,440

yes yes they have and uh the the first

476
00:19:08,390 --> 00:19:06,480
instance that ted had seen was a

477
00:19:10,470 --> 00:19:08,400
was the white light balls during the

478
00:19:13,590 --> 00:19:10,480
daytime observation

479
00:19:17,430 --> 00:19:13,600
which are more rare than the most of the

480
00:19:19,909 --> 00:19:17,440
night observations that are done

481
00:19:21,510 --> 00:19:19,919
and that was the incident when the first

482
00:19:23,510 --> 00:19:21,520
time when ted was there with one of the

483
00:19:26,150 --> 00:19:23,520
property owners they were there and

484
00:19:27,990 --> 00:19:26,160
ted was standing with him out in the in

485
00:19:29,590 --> 00:19:28,000
the field and

486
00:19:31,510 --> 00:19:29,600
ted asked the property owner he said

487
00:19:34,150 --> 00:19:31,520
well when does this stuff start

488
00:19:36,230 --> 00:19:34,160

and the property owner looks over at the

489

00:19:37,270 --> 00:19:36,240

one field in the north mystery lights

490

00:19:39,510 --> 00:19:37,280

and

491

00:19:41,029 --> 00:19:39,520

he tells ted well ted there they are

492

00:19:44,070 --> 00:19:41,039

they're starting right now

493

00:19:45,750 --> 00:19:44,080

and they both and like ted always just

494

00:19:47,190 --> 00:19:45,760

you know he always said if there'd been

495

00:19:48,950 --> 00:19:47,200

a silver

496

00:19:50,789 --> 00:19:48,960

silver disc with little guys crawling

497

00:19:52,150 --> 00:19:50,799

around on top of it i'd been prepared

498

00:19:55,430 --> 00:19:52,160

for that but

499

00:19:57,669 --> 00:19:55,440

he said these light bulbs came out and

500

00:19:59,190 --> 00:19:57,679

with such intensity and what he

501
00:20:02,390 --> 00:19:59,200
described him

502
00:20:04,470 --> 00:20:02,400
as almost coming out of a portal

503
00:20:05,750 --> 00:20:04,480
and he said i stood there he said i'm

504
00:20:08,470 --> 00:20:05,760
ashamed to

505
00:20:10,950 --> 00:20:08,480
admit it but i stood there with my

506
00:20:13,190 --> 00:20:10,960
camera he had a video camera and

507
00:20:14,789 --> 00:20:13,200
a pretty primitive one that was the

508
00:20:16,230 --> 00:20:14,799
state of the art back then but compared

509
00:20:19,270 --> 00:20:16,240
to what we have now

510
00:20:21,110 --> 00:20:19,280
and the property owner told teddy said

511
00:20:23,669 --> 00:20:21,120
he said well ted i'm not an expert at

512
00:20:27,909 --> 00:20:23,679
this but shouldn't you have the camera

513
00:20:29,990 --> 00:20:27,919

up and ted got about

514

00:20:32,390 --> 00:20:30,000

30 seconds he realized that he had it

515

00:20:36,310 --> 00:20:32,400

down and he was so amazed at this thing

516

00:20:39,990 --> 00:20:36,320

he got about 30 seconds of image of this

517

00:20:42,390 --> 00:20:40,000

the light bulbs moving across and uh

518

00:20:43,669 --> 00:20:42,400

and you know we interacted we with these

519

00:20:47,190 --> 00:20:43,679

things out there

520

00:20:49,110 --> 00:20:47,200

and uh you know fortunately

521

00:20:50,230 --> 00:20:49,120

we never dealt too much with the with

522

00:20:53,350 --> 00:20:50,240

the red we

523

00:20:54,470 --> 00:20:53,360

dealt with the white yellow sometimes

524

00:20:57,590 --> 00:20:54,480

green

525

00:20:59,350 --> 00:20:57,600

and then we dealt with what we called in

526
00:21:06,149 --> 00:20:59,360
the

527
00:21:08,710 --> 00:21:06,159
light beam phenomena and

528
00:21:10,549 --> 00:21:08,720
that's also something that can be really

529
00:21:13,270 --> 00:21:10,559
pretty detrimental to people too at

530
00:21:19,990 --> 00:21:16,390
and in what in what respects

531
00:21:20,390 --> 00:21:20,000
well i will tell you that i was involved

532
00:21:31,830 --> 00:21:20,400
in

533
00:21:33,430 --> 00:21:31,840
site three on a on a long night of

534
00:21:34,149 --> 00:21:33,440
observation out there didn't see

535
00:21:36,950 --> 00:21:34,159
anything

536
00:21:38,870 --> 00:21:36,960
and that's this stuff reads there's an

537
00:21:39,750 --> 00:21:38,880
intelligence behind it that reads your

538
00:21:41,990 --> 00:21:39,760

weakness

539

00:21:43,270 --> 00:21:42,000

and uh when you're least prepared for it

540

00:21:46,310 --> 00:21:43,280

it'll hit

541

00:21:48,870 --> 00:21:46,320

and we were coming on on a private road

542

00:21:49,350 --> 00:21:48,880

about three miles long dirt that went

543

00:21:52,390 --> 00:21:49,360

into

544

00:21:53,270 --> 00:21:52,400

gravel no way in or out but through a

545

00:21:57,190 --> 00:21:53,280

locked gate

546

00:21:59,430 --> 00:21:57,200

and we were about halfway out and

547

00:22:00,789 --> 00:21:59,440

the best way i can describe it i hate to

548

00:22:03,909 --> 00:22:00,799

draw an analogy to

549

00:22:06,390 --> 00:22:03,919

close encounters but this light beam

550

00:22:08,149 --> 00:22:06,400

came on came up the road behind us i

551
00:22:10,310 --> 00:22:08,159
seen in my rear-view mirror

552
00:22:11,350 --> 00:22:10,320
it came on our vehicle illuminated the

553
00:22:13,190 --> 00:22:11,360
vehicle to an

554
00:22:14,390 --> 00:22:13,200
intensity you couldn't even see in the

555
00:22:16,870 --> 00:22:14,400
vehicle

556
00:22:18,950 --> 00:22:16,880
and i looked at ted and i said are you

557
00:22:21,990 --> 00:22:18,960
are you seeing this ted

558
00:22:22,310 --> 00:22:22,000
ted said well hell yes i'm seeing this

559
00:22:24,950 --> 00:22:22,320
tom

560
00:22:26,470 --> 00:22:24,960
and we both instinctually jumped out of

561
00:22:28,630 --> 00:22:26,480
the vehicle

562
00:22:29,909 --> 00:22:28,640
and as we look up the light beam

563
00:22:32,630 --> 00:22:29,919

retracted

564

00:22:34,549 --> 00:22:32,640

off the vehicle and you could actually

565

00:22:35,830 --> 00:22:34,559

see which is what's so unusual about

566

00:22:39,110 --> 00:22:35,840

this you could see that

567

00:22:42,310 --> 00:22:39,120

a definite end into the light beam

568

00:22:44,310 --> 00:22:42,320

retract into an aperture that

569

00:22:45,510 --> 00:22:44,320

the closest way is ted could describe it

570

00:22:48,230 --> 00:22:45,520

was like that of an

571

00:22:49,430 --> 00:22:48,240

antique camera the way that twisting

572

00:22:52,710 --> 00:22:49,440

motion you know

573

00:22:53,430 --> 00:22:52,720

aperture and uh retreat into that and it

574

00:22:56,710 --> 00:22:53,440

was just

575

00:22:59,830 --> 00:22:56,720

out and gone and uh

576

00:23:01,430 --> 00:22:59,840

i will tell you that adam johnson is one

577

00:23:03,430 --> 00:23:01,440

of our team members

578

00:23:04,549 --> 00:23:03,440

we were out long night monitoring in the

579

00:23:06,830 --> 00:23:04,559

field and

580

00:23:07,990 --> 00:23:06,840

we had a similar experience with a light

581

00:23:10,870 --> 00:23:08,000

beam

582

00:23:12,630 --> 00:23:10,880

and then another individual team member

583

00:23:13,270 --> 00:23:12,640

we were in the field he just got some

584

00:23:16,070 --> 00:23:13,280

new

585

00:23:18,230 --> 00:23:16,080

radiation monitoring equipment and he

586

00:23:20,710 --> 00:23:18,240

was showing me the equipment one night

587

00:23:21,750 --> 00:23:20,720

while we were out there just getting set

588

00:23:29,590 --> 00:23:21,760

and

589

00:23:31,190 --> 00:23:29,600

told him i said

590

00:23:32,950 --> 00:23:31,200

thomas unfortunately i'm going to have

591

00:23:34,470 --> 00:23:32,960

to interrupt you here let's hold that

592

00:23:35,750 --> 00:23:34,480

thought because we have to go to our

593

00:23:38,070 --> 00:23:35,760

bottom of the hour break

594

00:23:40,630 --> 00:23:38,080

when we come back we will continue our

595

00:23:42,870 --> 00:23:40,640

show about the mysteries of marley woods

596

00:23:44,870 --> 00:23:42,880

right after this welcome back to

597

00:23:47,750 --> 00:23:44,880

exploring the bazaar i'm tim schwartz

598

00:23:51,430 --> 00:23:47,760

tonight our guest is thomas ferrario

599

00:23:53,909 --> 00:23:51,440

and we're talking about uh the mysteries

600

00:23:54,549 --> 00:23:53,919

at marley woods so now thomas before we

601
00:23:56,950 --> 00:23:54,559
had to

602
00:23:58,630 --> 00:23:56,960
uh so rudely interrupt you for our

603
00:23:59,590 --> 00:23:58,640
bottom of the hour break you were

604
00:24:02,870 --> 00:23:59,600
talking about

605
00:24:04,950 --> 00:24:02,880
uh somebody who had a

606
00:24:06,789 --> 00:24:04,960
radiation detector so go ahead and

607
00:24:10,149 --> 00:24:06,799
continue with your thought

608
00:24:11,510 --> 00:24:10,159
yeah yeah this gets into an individual

609
00:24:13,830 --> 00:24:11,520
had just got some new

610
00:24:14,870 --> 00:24:13,840
equipment to monitor radiation of

611
00:24:18,950 --> 00:24:14,880
several

612
00:24:21,269 --> 00:24:18,960
just got

613
00:24:22,470 --> 00:24:21,279

done showing me the demonstration mode

614

00:24:24,950 --> 00:24:22,480

of this equipment and

615

00:24:27,110 --> 00:24:24,960

had put it back on and we were sitting

616

00:24:30,070 --> 00:24:27,120

there waiting talking looking

617

00:24:31,350 --> 00:24:30,080

around the area and uh it started going

618

00:24:34,149 --> 00:24:31,360

off and i told him i said

619

00:24:35,190 --> 00:24:34,159

you you must you must have it back in

620

00:24:36,789 --> 00:24:35,200

that mode again

621

00:24:38,149 --> 00:24:36,799

it's it's going off and he looked he

622

00:24:39,830 --> 00:24:38,159

said no i don't have it in the

623

00:24:42,310 --> 00:24:39,840

demonstration mode

624

00:24:43,750 --> 00:24:42,320

he said it's it's for real this time and

625

00:24:47,029 --> 00:24:43,760

it briefly

626
00:24:47,669 --> 00:24:47,039
had some spikes and there again it was

627
00:24:51,110 --> 00:24:47,679
in

628
00:24:53,750 --> 00:24:51,120
the microwave range which is very

629
00:24:55,350 --> 00:24:53,760
that again comes into an area that we

630
00:24:57,510 --> 00:24:55,360
believe most of the damage

631
00:25:01,269 --> 00:24:57,520
and animal mutilations that we've had

632
00:25:02,470 --> 00:25:01,279
out there it comes into play with that

633
00:25:05,590 --> 00:25:02,480
in the microwave

634
00:25:07,750 --> 00:25:05,600
radiation and uh but

635
00:25:09,909 --> 00:25:07,760
you know i i must say there was another

636
00:25:13,029 --> 00:25:09,919
adam johnson i was speaking about

637
00:25:15,590 --> 00:25:13,039
we were a long night in the cold field

638
00:25:17,669 --> 00:25:15,600

and the light beam which is a phenomena

639

00:25:17,990 --> 00:25:17,679

that a lot of the locals and ranchers

640

00:25:21,669 --> 00:25:18,000

have

641

00:25:23,510 --> 00:25:21,679

experienced and uh this thing went

642

00:25:24,710 --> 00:25:23,520

across the seven acre field in the

643

00:25:26,950 --> 00:25:24,720

timber and came

644

00:25:29,269 --> 00:25:26,960

right across the field up into the deer

645

00:25:32,710 --> 00:25:29,279

stand where we were in

646

00:25:35,830 --> 00:25:32,720

and uh you know and and i was in

647

00:25:36,390 --> 00:25:35,840

actually three documented episodes of

648

00:25:39,990 --> 00:25:36,400

this

649

00:25:40,549 --> 00:25:40,000

and uh ted was in one and adam was in

650

00:25:43,590 --> 00:25:40,559

one

651
00:25:46,630 --> 00:25:43,600
and the property owners were in a couple

652
00:25:48,950 --> 00:25:46,640
and i i can go into if you

653
00:25:50,870 --> 00:25:48,960
want the some of the effects that this

654
00:25:54,230 --> 00:25:50,880
has please do which

655
00:25:58,070 --> 00:25:54,240
this hasn't been released before because

656
00:25:58,470 --> 00:25:58,080
ted was very uh open-handed with us you

657
00:26:00,870 --> 00:25:58,480
know

658
00:26:02,149 --> 00:26:00,880
he he always told us whatever we wanted

659
00:26:04,950 --> 00:26:02,159
to do or

660
00:26:07,350 --> 00:26:04,960
bring knowledge to light it's up to you

661
00:26:10,789 --> 00:26:07,360
but he never felt like the researchers

662
00:26:12,470 --> 00:26:10,799
should be part of the research so we

663
00:26:14,310 --> 00:26:12,480

we took the hint and we didn't speak

664

00:26:15,430 --> 00:26:14,320

about it that much and of course ted

665

00:26:19,350 --> 00:26:15,440

didn't like to speak

666

00:26:22,390 --> 00:26:19,360

things that would happen to him you know

667

00:26:25,029 --> 00:26:22,400

but i will tell you that

668

00:26:26,070 --> 00:26:25,039

some of the effects just briefly you

669

00:26:27,909 --> 00:26:26,080

know that

670

00:26:29,190 --> 00:26:27,919

after the one evening i know when we got

671

00:26:32,710 --> 00:26:29,200

back ted

672

00:26:33,830 --> 00:26:32,720

really got uh violently ill uh stomach

673

00:26:36,950 --> 00:26:33,840

wise and

674

00:26:39,350 --> 00:26:36,960

threw up i didn't have that

675

00:26:40,390 --> 00:26:39,360

reaction at all but in hindsight i

676

00:26:43,430 --> 00:26:40,400

wished i would have

677

00:26:44,390 --> 00:26:43,440

probably it would it affects people

678

00:26:47,669 --> 00:26:44,400

differently

679

00:26:51,669 --> 00:26:47,679

and uh but after about a month

680

00:26:53,110 --> 00:26:51,679

i got home on one one event with a light

681

00:26:55,909 --> 00:26:53,120

beam

682

00:26:57,750 --> 00:26:55,919

and i have picture documentation on my

683

00:27:00,310 --> 00:26:57,760

if anybody's interested

684

00:27:01,830 --> 00:27:00,320

we have a really good you know marley

685

00:27:05,110 --> 00:27:01,840

woods research center

686

00:27:09,029 --> 00:27:05,120

group page on facebook and

687

00:27:12,230 --> 00:27:09,039

also i use my facebook page as a

688

00:27:13,830 --> 00:27:12,240

more of a website we had to take our

689

00:27:15,430 --> 00:27:13,840

website down

690

00:27:17,350 --> 00:27:15,440

we were working with someone and they

691

00:27:19,430 --> 00:27:17,360

required it and uh

692

00:27:21,510 --> 00:27:19,440

it was really i'm wish we would have

693

00:27:23,990 --> 00:27:21,520

never done that but uh

694

00:27:25,269 --> 00:27:24,000

but i do have picture documentation of

695

00:27:28,630 --> 00:27:25,279

everything that i claim

696

00:27:31,590 --> 00:27:28,640

in other documentation and uh

697

00:27:32,149 --> 00:27:31,600

basically one thing that i went through

698

00:27:35,269 --> 00:27:32,159

was

699

00:27:38,310 --> 00:27:35,279

i came home after about a month

700

00:27:42,149 --> 00:27:38,320

i had dark brown hair and my hair went

701
00:27:45,190 --> 00:27:42,159
to white to blonde to white at times

702
00:27:48,789 --> 00:27:45,200
and to this day it's still a white

703
00:27:52,789 --> 00:27:48,799
at times in blonde um i had a hair

704
00:27:56,149 --> 00:27:52,799
color change i had i was treated i had

705
00:27:57,990 --> 00:27:56,159
at one point my hair follicles i you

706
00:28:00,070 --> 00:27:58,000
i couldn't touch my scalp they thought

707
00:28:03,190 --> 00:28:00,080
it was shingles they did

708
00:28:04,950 --> 00:28:03,200
test and it wasn't and they just that i

709
00:28:08,070 --> 00:28:04,960
was exposed to

710
00:28:09,510 --> 00:28:08,080
some type either radiation or sunburn

711
00:28:12,870 --> 00:28:09,520
while it wasn't sunburned

712
00:28:15,909 --> 00:28:12,880
and uh and the other more

713
00:28:17,029 --> 00:28:15,919

thing the worst out of it all that i

714

00:28:20,070 --> 00:28:17,039

experienced was

715

00:28:21,430 --> 00:28:20,080

i i had a condition

716

00:28:25,029 --> 00:28:21,440

called i don't know if you've ever heard

717

00:28:29,350 --> 00:28:25,039

of this but a macular cyst

718

00:28:31,269 --> 00:28:29,360

yes and when you're then i was

719

00:28:33,350 --> 00:28:31,279

a lot younger than i am now and it's

720

00:28:35,830 --> 00:28:33,360

very rare in younger people

721

00:28:38,149 --> 00:28:35,840

and they really don't have a reason even

722

00:28:41,430 --> 00:28:38,159

it's just a thing that occurs more with

723

00:28:44,710 --> 00:28:41,440

age than young youth

724

00:28:47,190 --> 00:28:44,720

but i had macular cysts in both eyes

725

00:28:49,110 --> 00:28:47,200

i had my vision started going bad and i

726

00:28:51,990 --> 00:28:49,120

went in and they checked and

727

00:28:52,870 --> 00:28:52,000

well they removed my macular system my

728

00:28:56,310 --> 00:28:52,880

left eye

729

00:28:58,870 --> 00:28:56,320

and left it in the right eye because the

730

00:28:59,909 --> 00:28:58,880

it can the operation can be extremely

731

00:29:02,070 --> 00:28:59,919

beneficial

732

00:29:03,990 --> 00:29:02,080

you can get a really good response or

733

00:29:07,110 --> 00:29:04,000

you can just about lose

734

00:29:10,630 --> 00:29:07,120

the sight in your eye with the procedure

735

00:29:13,269 --> 00:29:10,640

that they do to remove macular cyst and

736

00:29:14,310 --> 00:29:13,279

then of course on top of that i ended up

737

00:29:17,350 --> 00:29:14,320

with cataracts

738

00:29:21,350 --> 00:29:17,360

on top of that they had to remove

739

00:29:21,830 --> 00:29:21,360

so on my my one trip into the hospital

740

00:29:23,590 --> 00:29:21,840

in st

741

00:29:25,269 --> 00:29:23,600

louis when they did that where they did

742

00:29:27,269 --> 00:29:25,279

this i asked

743

00:29:28,549 --> 00:29:27,279

of course the eye doctors they they'll

744

00:29:31,669 --> 00:29:28,559

tell you they don't know what

745

00:29:34,389 --> 00:29:31,679

causes macular cysts and

746

00:29:36,389 --> 00:29:34,399

there was a young new doctor came in to

747

00:29:37,269 --> 00:29:36,399

check my bandage to see how i was doing

748

00:29:39,909 --> 00:29:37,279

and

749

00:29:40,950 --> 00:29:39,919

i said i just asked him you know i i

750

00:29:44,230 --> 00:29:40,960

said what would

751

00:29:46,310 --> 00:29:44,240

what causes this and i'm so thankful

752

00:29:48,230 --> 00:29:46,320

i talked to the young guy because he

753

00:29:49,990 --> 00:29:48,240

proceeded to tell me

754

00:29:51,669 --> 00:29:50,000

that he said well the only time i've

755

00:29:54,470 --> 00:29:51,679

seen this he said that

756

00:29:56,630 --> 00:29:54,480

we've had in younger people we've had

757

00:29:59,510 --> 00:29:56,640

some guys that worked on cell towers

758

00:30:01,110 --> 00:29:59,520

that were on a cell tower and they they

759

00:30:02,630 --> 00:30:01,120

fired the thing up and

760

00:30:04,389 --> 00:30:02,640

they didn't know the guy was still there

761

00:30:07,350 --> 00:30:04,399

and and

762

00:30:10,470 --> 00:30:07,360

they they deemed it as a result of

763

00:30:13,830 --> 00:30:10,480

exposure to microwave energy

764

00:30:16,789 --> 00:30:13,840

so you can exactly see where i went with

765

00:30:22,630 --> 00:30:19,990

but i i say this because

766

00:30:24,950 --> 00:30:22,640

uh some of the property owners i feel

767

00:30:25,350 --> 00:30:24,960

like i was doing an injustice to bring

768

00:30:28,870 --> 00:30:25,360

out

769

00:30:31,029 --> 00:30:28,880

to people that these things can have

770

00:30:34,630 --> 00:30:31,039

side effects and they can be dangerous

771

00:30:36,789 --> 00:30:34,640

you know to go into sites like this uh

772

00:30:38,789 --> 00:30:36,799

and the property owners never smoke

773

00:30:41,430 --> 00:30:38,799

spoke much about this

774

00:30:42,470 --> 00:30:41,440

and when i relayed to one of the

775

00:30:45,269 --> 00:30:42,480

property owners

776

00:30:47,750 --> 00:30:45,279

and he said he said well tom i've i've

777

00:30:50,389 --> 00:30:47,760

been to the doctor a couple times i

778

00:30:51,750 --> 00:30:50,399

he had the same thing they call it his

779

00:30:54,630 --> 00:30:51,760

doctor called it

780

00:30:56,789 --> 00:30:54,640

told him it was called touchy scalp he

781

00:30:58,630 --> 00:30:56,799

his head got so inflamed it was like a

782

00:30:59,350 --> 00:30:58,640

sunburn he couldn't touch his head he

783

00:31:05,750 --> 00:30:59,360

got

784

00:31:09,350 --> 00:31:05,760

for a period in his in his neck and

785

00:31:11,830 --> 00:31:09,360

even on his arms that

786

00:31:12,630 --> 00:31:11,840

were tingling and it took a long time

787

00:31:16,310 --> 00:31:12,640

for that to

788

00:31:18,230 --> 00:31:16,320

to finally leave him so

789

00:31:20,149 --> 00:31:18,240

i just wanted to bring that up you know

790

00:31:23,190 --> 00:31:20,159

that these things can be

791

00:31:24,789 --> 00:31:23,200

have side effects and uh

792

00:31:27,350 --> 00:31:24,799

and then when you get into our horse

793

00:31:30,149 --> 00:31:27,360

born incident out there you know i

794

00:31:31,430 --> 00:31:30,159

i think i've relayed to you in the last

795

00:31:34,070 --> 00:31:31,440

about the horse that

796

00:31:36,230 --> 00:31:34,080

one rancher lost that we think was due

797

00:31:40,149 --> 00:31:36,240

to microwave energy

798

00:31:41,669 --> 00:31:40,159

uh and that was just a tremendous case

799

00:31:45,029 --> 00:31:41,679

then

800

00:31:48,149 --> 00:31:45,039

so there is a downside to this you know

801
00:31:51,029 --> 00:31:48,159
and uh so now uh the

802
00:31:52,789 --> 00:31:51,039
the the property owner that you uh spoke

803
00:31:55,110 --> 00:31:52,799
out that had the uh

804
00:31:56,470 --> 00:31:55,120
the touchy scalp had uh had he also

805
00:31:59,909 --> 00:31:56,480
experienced the uh

806
00:32:00,630 --> 00:31:59,919
being struck by the light beams yes yes

807
00:32:03,590 --> 00:32:00,640
and

808
00:32:05,029 --> 00:32:03,600
they you know at times they would be if

809
00:32:06,630 --> 00:32:05,039
they wouldn't be in they'd always be in

810
00:32:08,630 --> 00:32:06,640
close proximity

811
00:32:10,070 --> 00:32:08,640
right and these things have been out

812
00:32:12,070 --> 00:32:10,080
there known by the

813
00:32:14,230 --> 00:32:12,080

individual the ranchers they they seem

814

00:32:17,029 --> 00:32:14,240

to sweep the fields

815

00:32:18,950 --> 00:32:17,039

and the timber and and as if they're

816

00:32:21,029 --> 00:32:18,960

actually looking for something was their

817

00:32:25,269 --> 00:32:21,039

terminology for this that they're always

818

00:32:28,789 --> 00:32:25,279

looking at or hunting and uh

819

00:32:31,110 --> 00:32:28,799

but you know it's uh

820

00:32:32,630 --> 00:32:31,120

there's no explanation for that you know

821

00:32:34,630 --> 00:32:32,640

and uh

822

00:32:35,990 --> 00:32:34,640

then then microwave energy you know

823

00:32:39,750 --> 00:32:36,000

that's

824

00:32:41,750 --> 00:32:39,760

i as i speak about the horse barn uh

825

00:32:43,269 --> 00:32:41,760

and i can briefly get into that if you

826

00:32:44,950 --> 00:32:43,279

if you want me to touch there

827

00:32:46,710 --> 00:32:44,960

sure go ahead in case you know in case

828

00:32:49,669 --> 00:32:46,720

our listeners aren't familiar with

829

00:32:50,230 --> 00:32:49,679

that it's not for the squeamish heart so

830

00:32:53,509 --> 00:32:50,240

i'll warn

831

00:32:54,710 --> 00:32:53,519

anybody right now but that involved a

832

00:32:57,909 --> 00:32:54,720

rancher that had a

833

00:33:01,190 --> 00:32:57,919

uh one of his favorite horses in in a

834

00:33:01,909 --> 00:33:01,200

nice horse barn in corelli and he went

835

00:33:05,430 --> 00:33:01,919

to chuck the

836

00:33:07,909 --> 00:33:05,440

run the fence line one morning and

837

00:33:09,750 --> 00:33:07,919

he one step brought it some sugar went

838

00:33:11,590 --> 00:33:09,760

in check the horse and

839

00:33:14,230 --> 00:33:11,600

ran the fence line and this was all

840

00:33:16,950 --> 00:33:14,240

within sight of this barn

841

00:33:18,630 --> 00:33:16,960

and uh he ran the fence line for about

842

00:33:21,990 --> 00:33:18,640

30 minutes and

843

00:33:23,830 --> 00:33:22,000

on his way back he came by the the barn

844

00:33:25,909 --> 00:33:23,840

he noticed that one of the gates on the

845

00:33:28,389 --> 00:33:25,919

barn was a jar

846

00:33:29,990 --> 00:33:28,399

and he thought well that's not right so

847

00:33:34,149 --> 00:33:30,000

he went in to see if his horse

848

00:33:37,029 --> 00:33:34,159

had broken out or what had happened

849

00:33:38,710 --> 00:33:37,039

so as he gets in the in the barn he

850

00:33:41,909 --> 00:33:38,720

describes it

851
00:33:42,789 --> 00:33:41,919
as just basically is a slaughterhouse

852
00:33:45,269 --> 00:33:42,799
that

853
00:33:46,630 --> 00:33:45,279
what had been a perfectly perfectly good

854
00:33:49,990 --> 00:33:46,640
healthy horse

855
00:33:52,630 --> 00:33:50,000
30 minutes had passed

856
00:33:53,909 --> 00:33:52,640
this horse virtually it went from that

857
00:33:57,110 --> 00:33:53,919
to being in

858
00:33:59,909 --> 00:33:57,120
in pieces and chunks on the

859
00:34:00,549 --> 00:33:59,919
upper rafters on the on the side gates

860
00:34:03,350 --> 00:34:00,559
on

861
00:34:03,990 --> 00:34:03,360
every wall in the barn and and blood

862
00:34:07,509 --> 00:34:04,000
just

863
00:34:10,710 --> 00:34:07,519

all like this horse exploded in there

864

00:34:12,230 --> 00:34:10,720

and uh but he he had heard he had heard

865

00:34:16,470 --> 00:34:12,240

nothing

866

00:34:18,629 --> 00:34:16,480

didn't see anything and

867

00:34:20,069 --> 00:34:18,639

the unfortunate thing was we weren't out

868

00:34:24,230 --> 00:34:20,079

there at the time and it

869

00:34:26,470 --> 00:34:24,240

it was about six weeks had passed

870

00:34:28,389 --> 00:34:26,480

before we got out there and when we got

871

00:34:31,669 --> 00:34:28,399

out there we did take sampling

872

00:34:34,550 --> 00:34:31,679

and we did not find anything

873

00:34:35,270 --> 00:34:34,560

you know uh but that's the the thing

874

00:34:37,990 --> 00:34:35,280

about

875

00:34:39,430 --> 00:34:38,000

microwave radiation is it leaves no

876

00:34:41,829 --> 00:34:39,440

tracey

877

00:34:42,950 --> 00:34:41,839

uh it's same as if you put a stake in a

878

00:34:45,190 --> 00:34:42,960

microwave oven

879

00:34:46,869 --> 00:34:45,200

you're you're irradiating it but you're

880

00:34:50,470 --> 00:34:46,879

not gonna find radiation

881

00:34:53,190 --> 00:34:50,480

right so basically we thought this thing

882

00:34:55,109 --> 00:34:53,200

and from what ted had seen before it was

883

00:34:55,829 --> 00:34:55,119

like you put this horse in a microwave

884

00:35:00,230 --> 00:34:55,839

oven

885

00:35:01,910 --> 00:35:00,240

and it exploded and uh

886

00:35:03,510 --> 00:35:01,920

you know he ended up burning the barn

887

00:35:04,310 --> 00:35:03,520

down he didn't want any part of it

888

00:35:08,310 --> 00:35:04,320

anymore

889

00:35:11,510 --> 00:35:08,320

so uh but that goes on

890

00:35:14,069 --> 00:35:11,520

you know and uh and one of the things

891

00:35:15,829 --> 00:35:14,079

ted was always afraid of with the red

892

00:35:18,630 --> 00:35:15,839

light balls that

893

00:35:19,910 --> 00:35:18,640

this might end up into a case like he

894

00:35:23,190 --> 00:35:19,920

had witnessed

895

00:35:25,190 --> 00:35:23,200

in other parts of the world and uh

896

00:35:27,190 --> 00:35:25,200

and that's why ted was preoccupied with

897

00:35:30,390 --> 00:35:27,200

marley woods the rest of his life

898

00:35:33,910 --> 00:35:30,400

and uh so

899

00:35:34,950 --> 00:35:33,920

so i i know that this would just be

900

00:35:38,150 --> 00:35:34,960

speculation

901
00:35:40,790 --> 00:35:38,160
on your part uh but uh

902
00:35:42,150 --> 00:35:40,800
and i suppose ted's as well but i mean

903
00:35:45,349 --> 00:35:42,160
do you feel

904
00:35:45,750 --> 00:35:45,359
that whatever is behind this you know

905
00:35:49,750 --> 00:35:45,760
the

906
00:35:52,150 --> 00:35:49,760
beams

907
00:35:54,150 --> 00:35:52,160
the the microwave radiation do you think

908
00:35:58,150 --> 00:35:54,160
this is

909
00:36:00,950 --> 00:35:58,160
a deliberate aggressive action

910
00:36:01,589 --> 00:36:00,960
or more along the lines of you know

911
00:36:04,790 --> 00:36:01,599
people

912
00:36:07,190 --> 00:36:04,800
by a honeybee is

913
00:36:08,230 --> 00:36:07,200

an aggressive action but it's you know

914

00:36:11,510 --> 00:36:08,240

it's it's not

915

00:36:12,710 --> 00:36:11,520

necessarily i mean so i mean what do you

916

00:36:15,990 --> 00:36:12,720

think

917

00:36:18,550 --> 00:36:16,000

you know we we really

918

00:36:19,589 --> 00:36:18,560

it we do know there's an intelligence

919

00:36:22,470 --> 00:36:19,599

behind this stuff

920

00:36:23,990 --> 00:36:22,480

and we don't know if it was an artifact

921

00:36:29,910 --> 00:36:24,000

of a technology

922

00:36:33,109 --> 00:36:31,750

we really don't know we don't think it

923

00:36:36,630 --> 00:36:33,119

was intentional

924

00:36:37,670 --> 00:36:36,640

uh but at times there were intentional

925

00:36:40,390 --> 00:36:37,680

things done

926
00:36:40,870 --> 00:36:40,400
and the one thing i will say that you

927
00:36:44,150 --> 00:36:40,880
know

928
00:36:45,510 --> 00:36:44,160
uh jacques villa spent time with us out

929
00:36:49,109 --> 00:36:45,520
at marley

930
00:36:51,589 --> 00:36:49,119
and he even dean marley had more more

931
00:36:55,430 --> 00:36:51,599
potential high strangeness than even

932
00:36:58,069 --> 00:36:55,440
skinwalker ranch and uh

933
00:37:00,710 --> 00:36:58,079
it just at times it these things would

934
00:37:02,950 --> 00:37:00,720
happen out there and i mean

935
00:37:04,790 --> 00:37:02,960
it's just in the cattle mutilations out

936
00:37:07,270 --> 00:37:04,800
there that had taken place

937
00:37:08,230 --> 00:37:07,280
at times uh the the worst cattle

938
00:37:11,829 --> 00:37:08,240

mutilation

939

00:37:14,710 --> 00:37:11,839

period had happened before ted had got

940

00:37:16,470 --> 00:37:14,720

to be part of marley and we did have a

941

00:37:19,829 --> 00:37:16,480

couple when we were there

942

00:37:21,589 --> 00:37:19,839

and when we investigated it the rancher

943

00:37:23,670 --> 00:37:21,599

ted asked you know well have you had

944

00:37:26,630 --> 00:37:23,680

much of this over the years

945

00:37:28,390 --> 00:37:26,640

and the rancher said ted come with me

946

00:37:32,630 --> 00:37:28,400

and we walked behind the barn

947

00:37:36,310 --> 00:37:32,640

and he showed ted a a pile of bones

948

00:37:39,670 --> 00:37:36,320

that was probably 16

949

00:37:43,589 --> 00:37:39,680

foot in diameter on the ground and

950

00:37:47,270 --> 00:37:43,599

10 foot high and he blamed all that on

951
00:37:49,589 --> 00:37:47,280
on mutilation and uh

952
00:37:50,390 --> 00:37:49,599
you know he he'd go out and check on a

953
00:37:52,150 --> 00:37:50,400
calf

954
00:37:53,510 --> 00:37:52,160
at in the evening and that everything

955
00:37:56,230 --> 00:37:53,520
would be fine

956
00:37:56,790 --> 00:37:56,240
he'd come back in the morning and he'd

957
00:37:59,750 --> 00:37:56,800
find

958
00:38:01,349 --> 00:37:59,760
the bleached bones of the calf on the

959
00:38:03,829 --> 00:38:01,359
ground

960
00:38:04,790 --> 00:38:03,839
and uh you know what can do that in that

961
00:38:08,150 --> 00:38:04,800
time frame

962
00:38:11,190 --> 00:38:08,160
it's just yeah that

963
00:38:12,069 --> 00:38:11,200

nothing uh uh natural that i can think

964

00:38:15,270 --> 00:38:12,079

of no

965

00:38:16,630 --> 00:38:15,280

no and no predation you know nothing the

966

00:38:18,310 --> 00:38:16,640

true

967

00:38:20,790 --> 00:38:18,320

cattle mutilations you'll find that

968

00:38:24,230 --> 00:38:20,800

predation doesn't take place

969

00:38:26,069 --> 00:38:24,240

insect wise or you know varmints they

970

00:38:28,390 --> 00:38:26,079

they tend to shy this stuff for whatever

971

00:38:29,990 --> 00:38:28,400

reason and and we've not been able to

972

00:38:33,829 --> 00:38:30,000

find out what element

973

00:38:37,190 --> 00:38:33,839

does this that keeps this from happening

974

00:38:39,670 --> 00:38:37,200

you know we had we had agroglyphs which

975

00:38:41,670 --> 00:38:39,680

most people are used to the term crop

976
00:38:42,470 --> 00:38:41,680
circles which ted didn't like to use

977
00:38:44,150 --> 00:38:42,480
because

978
00:38:45,990 --> 00:38:44,160
he was from the old school when they'd

979
00:38:49,349 --> 00:38:46,000
associate him with a with

980
00:38:52,550 --> 00:38:49,359
a disc they would be a saucer nest

981
00:38:53,589 --> 00:38:52,560
or an aggro glyph would be put down by

982
00:38:57,109 --> 00:38:53,599
these things

983
00:39:01,190 --> 00:38:57,119
and uh you know we had one laid down

984
00:39:03,829 --> 00:39:01,200
in a in a 15 foot cattle run

985
00:39:04,550 --> 00:39:03,839
and just had a few feet on the one end

986
00:39:07,109 --> 00:39:04,560
of the ring

987
00:39:08,710 --> 00:39:07,119
the agroglyph on the ground which people

988
00:39:12,230 --> 00:39:08,720

call crop circle

989

00:39:15,670 --> 00:39:12,240

and they moved after a year they moved

990

00:39:17,750 --> 00:39:15,680

120 head of cattle through that run

991

00:39:19,430 --> 00:39:17,760

and you know that those the cattle would

992

00:39:21,589 --> 00:39:19,440

go single file

993

00:39:23,349 --> 00:39:21,599

a year later where that agroglyph had

994

00:39:26,470 --> 00:39:23,359

been laid down they would not step

995

00:39:28,550 --> 00:39:26,480

one foot or hoof in that ring

996

00:39:29,750 --> 00:39:28,560

where it had been which was always

997

00:39:33,349 --> 00:39:29,760

stayed brown

998

00:39:35,670 --> 00:39:33,359

no foliage would grow in it and

999

00:39:37,349 --> 00:39:35,680

actually they'd in one case they broke

1000

00:39:40,790 --> 00:39:37,359

brand new fencing

1001
00:39:43,990 --> 00:39:40,800
rather than step in that so

1002
00:39:47,349 --> 00:39:44,000
you know we we soil sampled it and

1003
00:39:48,550 --> 00:39:47,359
uh the only thing it tends to be

1004
00:39:51,589 --> 00:39:48,560
sometimes

1005
00:39:52,870 --> 00:39:51,599
you'll find that the egg the depending

1006
00:39:54,870 --> 00:39:52,880
on what if it's

1007
00:39:56,950 --> 00:39:54,880
if it's just grass or alfalfa or

1008
00:39:59,349 --> 00:39:56,960
whatever it's

1009
00:40:00,069 --> 00:39:59,359
the soil underneath it sometimes tends

1010
00:40:03,910 --> 00:40:00,079
to be

1011
00:40:05,750 --> 00:40:03,920
hydrophobic which means it resists water

1012
00:40:08,630 --> 00:40:05,760
penetration

1013
00:40:09,589 --> 00:40:08,640

and ted had taken samples of the soil

1014

00:40:12,950 --> 00:40:09,599

and

1015

00:40:15,990 --> 00:40:12,960

he had samples probably he had some

1016

00:40:17,510 --> 00:40:16,000

over the years 30 another incidents 30

1017

00:40:20,150 --> 00:40:17,520

years old

1018

00:40:21,030 --> 00:40:20,160

and they were just as much hydrophobic

1019

00:40:24,870 --> 00:40:21,040

as the day he

1020

00:40:27,270 --> 00:40:24,880

took the samples so

1021

00:40:29,270 --> 00:40:27,280

sounds very similar to the uh uh what

1022

00:40:33,270 --> 00:40:29,280

was that the delphos kansas

1023

00:40:33,910 --> 00:40:33,280

case yes that was a ring that was put

1024

00:40:37,349 --> 00:40:33,920

down

1025

00:40:40,230 --> 00:40:37,359

and uh you know it ted took

1026
00:40:41,030 --> 00:40:40,240
he took almost 30 pounds of soil samples

1027
00:40:43,430 --> 00:40:41,040
and

1028
00:40:45,190 --> 00:40:43,440
got that through a couple labs that alan

1029
00:40:47,510 --> 00:40:45,200
heineck had worked

1030
00:40:49,510 --> 00:40:47,520
and started getting some interesting

1031
00:40:50,470 --> 00:40:49,520
results with him and then as so often

1032
00:40:53,670 --> 00:40:50,480
happens

1033
00:40:55,750 --> 00:40:53,680
and happened with alan in the end uh

1034
00:40:56,870 --> 00:40:55,760
the labs people they were working with

1035
00:40:59,750 --> 00:40:56,880
would be

1036
00:41:00,710 --> 00:40:59,760
replaced and the labs would either lose

1037
00:41:05,109 --> 00:41:00,720
the material or

1038
00:41:06,950 --> 00:41:05,119

they would no longer work with ted so

1039

00:41:10,150 --> 00:41:06,960

yeah that's heard that story before

1040

00:41:11,030 --> 00:41:10,160

right any any any chance of one of these

1041

00:41:16,790 --> 00:41:11,040

uh

1042

00:41:18,150 --> 00:41:16,800

loose money and have done some fairly

1043

00:41:20,230 --> 00:41:18,160

good job of

1044

00:41:22,309 --> 00:41:20,240

uh tracking down some older stories of

1045

00:41:25,109 --> 00:41:22,319

getting involved

1046

00:41:25,750 --> 00:41:25,119

well i can tell you that over the last

1047

00:41:29,510 --> 00:41:25,760

year i've

1048

00:41:32,710 --> 00:41:29,520

i've been working with four individuals

1049

00:41:35,910 --> 00:41:32,720

and one of them is

1050

00:41:38,470 --> 00:41:35,920

really determined to do something and

1051
00:41:39,829 --> 00:41:38,480
and you know in the past we we had shot

1052
00:41:41,430 --> 00:41:39,839
on the ufo

1053
00:41:42,870 --> 00:41:41,440
hunter show that used to be on we worked

1054
00:41:45,109 --> 00:41:42,880
with bill burns you know

1055
00:41:46,230 --> 00:41:45,119
yeah yeah i've seen the uh the uh the

1056
00:41:48,230 --> 00:41:46,240
one on there

1057
00:41:49,910 --> 00:41:48,240
uh this one program with this one

1058
00:41:52,390 --> 00:41:49,920
program with ben hansen

1059
00:41:54,309 --> 00:41:52,400
a ufo witness i've i've seen the the

1060
00:41:54,870 --> 00:41:54,319
first three episodes because it's on

1061
00:41:58,550 --> 00:41:54,880
their

1062
00:42:01,670 --> 00:41:58,560
discover uh plus uh network and

1063
00:42:04,230 --> 00:42:01,680

that that's very good they had this gal

1064

00:42:05,750 --> 00:42:04,240

who was in her 90s uh retired from a

1065

00:42:08,150 --> 00:42:05,760

project the blue book

1066

00:42:09,990 --> 00:42:08,160

who had some of the original uh tape

1067

00:42:14,309 --> 00:42:10,000

recordings like with the

1068

00:42:14,870 --> 00:42:14,319

pilot uh coin or the helicopter pilot

1069

00:42:20,470 --> 00:42:14,880

and

1070

00:42:23,670 --> 00:42:20,480

were very impressive

1071

00:42:25,750 --> 00:42:23,680

right and uh you know it's

1072

00:42:26,870 --> 00:42:25,760

you know it's we're working with people

1073

00:42:28,470 --> 00:42:26,880

yet to this day

1074

00:42:29,829 --> 00:42:28,480

and the problem with a couple of them

1075

00:42:31,910 --> 00:42:29,839

they want to get in there and start

1076

00:42:35,030 --> 00:42:31,920

doing things immediately and i had to

1077

00:42:36,069 --> 00:42:35,040

had to take ted's place and the the

1078

00:42:38,630 --> 00:42:36,079

property owners

1079

00:42:40,710 --> 00:42:38,640

i i respect them so much they gave me

1080

00:42:41,190 --> 00:42:40,720

the authority to do whatever i want out

1081

00:42:43,270 --> 00:42:41,200

there

1082

00:42:44,950 --> 00:42:43,280

and to take over ted three and they

1083

00:42:46,950 --> 00:42:44,960

renamed their ranches the

1084

00:42:49,829 --> 00:42:46,960

ted phillips marley woods research

1085

00:42:52,950 --> 00:42:49,839

center and put signs up out there on it

1086

00:42:53,910 --> 00:42:52,960

so they couldn't be better people to

1087

00:42:56,390 --> 00:42:53,920

work with

1088

00:42:57,589 --> 00:42:56,400

the only problem is with this virus

1089

00:43:00,150 --> 00:42:57,599

they're up in age

1090

00:43:01,109 --> 00:43:00,160

they have no boys and they don't want

1091

00:43:02,870 --> 00:43:01,119

any they'll let

1092

00:43:04,309 --> 00:43:02,880

they want me in there anytime i want but

1093

00:43:04,950 --> 00:43:04,319

they don't want a lot of people in there

1094

00:43:07,270 --> 00:43:04,960

right now

1095

00:43:09,109 --> 00:43:07,280

for their own health reasons i can

1096

00:43:12,390 --> 00:43:09,119

surely understand that

1097

00:43:15,190 --> 00:43:12,400

i won't betray that with them you know

1098

00:43:16,470 --> 00:43:15,200

and uh but if it not been for this virus

1099

00:43:19,829 --> 00:43:16,480

i think

1100

00:43:22,790 --> 00:43:19,839

you probably see right now we'd be into

1101

00:43:25,190 --> 00:43:22,800

four episodes of some sort and then

1102

00:43:27,670 --> 00:43:25,200

there was talk we're working with

1103

00:43:29,829 --> 00:43:27,680

and at this the time frame we're in

1104

00:43:32,870 --> 00:43:29,839

there was one individual wanted to

1105

00:43:35,190 --> 00:43:32,880

we wanted to do this in a movie farm and

1106

00:43:36,630 --> 00:43:35,200

uh you know douglas trumbull was even

1107

00:43:37,109 --> 00:43:36,640

out there i know you're familiar with

1108

00:43:39,190 --> 00:43:37,119

him

1109

00:43:40,230 --> 00:43:39,200

oh yes yes i know he's got some really

1110

00:43:43,589 --> 00:43:40,240

good

1111

00:43:45,589 --> 00:43:43,599

camera equipment did he take any video

1112

00:43:48,630 --> 00:43:45,599

uh he was out there with us spend time

1113

00:43:52,550 --> 00:43:48,640

with us he was a friend of ted's again

1114

00:43:55,510 --> 00:43:52,560

and uh we wanted to proceed with things

1115

00:43:56,710 --> 00:43:55,520

and you know it just never it never

1116

00:43:59,990 --> 00:43:56,720

gelled right then

1117

00:44:03,109 --> 00:44:00,000

and uh but he even thought that

1118

00:44:05,109 --> 00:44:03,119

his his exact words was that this

1119

00:44:07,270 --> 00:44:05,119

could be a movie the second version of

1120

00:44:09,349 --> 00:44:07,280

close encounters he thought

1121

00:44:11,510 --> 00:44:09,359

to get the activity to bring out what

1122

00:44:14,550 --> 00:44:11,520

the activity has morphed into now

1123

00:44:17,109 --> 00:44:14,560

rather than the structured craft

1124

00:44:19,349 --> 00:44:17,119

you know when our technologies advanced

1125

00:44:21,829 --> 00:44:19,359

they lowered their risk factors

1126

00:44:23,190 --> 00:44:21,839

and they went into the the light bulb

1127

00:44:26,390 --> 00:44:23,200

type of roV

1128

00:44:30,150 --> 00:44:29,030

now we're running close on time here

1129

00:44:32,150 --> 00:44:30,160

what is the la uh

1130

00:44:33,589 --> 00:44:32,160

uh you say that you've been uh uh out

1131

00:44:36,550 --> 00:44:33,599

there a few times recently

1132

00:44:38,309 --> 00:44:36,560

what is the latest uh the sightings and

1133

00:44:40,309 --> 00:44:38,319

what does it consist of

1134

00:44:42,870 --> 00:44:40,319

well i'll tell you what i was on the

1135

00:44:45,510 --> 00:44:42,880

phone last night three times with one of

1136

00:44:48,550 --> 00:44:45,520

the property owners

1137

00:44:49,109 --> 00:44:48,560

they had one of the largest white light

1138

00:44:51,030 --> 00:44:49,119

ball

1139

00:44:53,190 --> 00:44:51,040

sightings that this ever been known out

1140

00:44:55,349 --> 00:44:53,200

there they thought it was the moon

1141

00:44:57,589 --> 00:44:55,359

and they got out there and because of

1142

00:45:00,790 --> 00:44:57,599

their age of course they can't

1143

00:45:02,309 --> 00:45:00,800

they have a couple side by sides but in

1144

00:45:04,950 --> 00:45:02,319

the dark and that they didn't want to

1145

00:45:07,589 --> 00:45:04,960

but they have seen the largest white

1146

00:45:08,230 --> 00:45:07,599

light ball activity that they've ever

1147

00:45:10,950 --> 00:45:08,240

been known

1148

00:45:13,030 --> 00:45:10,960

at marley and here lately it's just been

1149

00:45:14,309 --> 00:45:13,040

going crazy out there of course it peaks

1150

00:45:18,150 --> 00:45:14,319

usually

1151

00:45:21,670 --> 00:45:18,160

in january february march is the peak

1152

00:45:23,910 --> 00:45:21,680

three months and i will tell you those

1153

00:45:26,950 --> 00:45:23,920

involved in paranormal that the

1154

00:45:30,150 --> 00:45:26,960

the bewitching hour is not midnight

1155

00:45:33,349 --> 00:45:30,160

it tends to be 3 a.m

1156

00:45:34,630 --> 00:45:33,359

the hours we worked yeah all right tim

1157

00:45:36,309 --> 00:45:34,640

we've got about two minutes left on the

1158

00:45:38,710 --> 00:45:36,319

program here

1159

00:45:40,710 --> 00:45:38,720

okay well again why don't you repeat

1160

00:45:41,910 --> 00:45:40,720

where uh the listeners can get in touch

1161

00:45:44,790 --> 00:45:41,920

with you

1162

00:45:46,790 --> 00:45:44,800

yeah uh my facebook page you can get it

1163

00:45:49,430 --> 00:45:46,800

under my name tom ferrario

1164

00:45:50,470 --> 00:45:49,440

or the mollywoods research center group

1165

00:45:52,630 --> 00:45:50,480

page

1166

00:45:54,710 --> 00:45:52,640

we have members we take on members any

1167

00:45:58,710 --> 00:45:54,720

the latest information

1168

00:46:00,950 --> 00:45:58,720

i will post on that page and uh

1169

00:46:02,550 --> 00:46:00,960

you can follow us on that and keep up

1170

00:46:04,710 --> 00:46:02,560

with what's going on

1171

00:46:07,190 --> 00:46:04,720

and you'll see a lot of the photos and

1172

00:46:08,870 --> 00:46:07,200

the documentation on that post

1173

00:46:10,550 --> 00:46:08,880

well maybe maybe we'll get maybe we'll

1174

00:46:12,630 --> 00:46:10,560

get your permission we can

1175

00:46:13,990 --> 00:46:12,640

include some of that in the youtube

1176

00:46:15,990 --> 00:46:14,000

version of this which

1177

00:46:17,270 --> 00:46:16,000

uh we'll get up there as soon as

1178

00:46:20,870 --> 00:46:17,280

possible we won't

1179

00:46:22,710 --> 00:46:20,880

uh we'll put this up yeah uh right away

1180

00:46:24,470 --> 00:46:22,720

as opposed to putting it in order

1181

00:46:26,230 --> 00:46:24,480

because there were months behind but

1182

00:46:28,150 --> 00:46:26,240

we'll do it right away yeah

1183

00:46:29,430 --> 00:46:28,160

if there's any millionaires out there

1184

00:46:31,910 --> 00:46:29,440

i'll just say that we're

1185

00:46:33,109 --> 00:46:31,920

trying to set up a cellular trail camera

1186

00:46:35,190 --> 00:46:33,119

network

1187

00:46:36,630 --> 00:46:35,200

and it's extremely expensive so if

1188

00:46:37,750 --> 00:46:36,640

there's any millionaires out there that

1189

00:46:40,470 --> 00:46:37,760

want to help with this we're

1190

00:46:42,230 --> 00:46:40,480

glad to take it well are you are you in

1191

00:46:44,069 --> 00:46:42,240

touch with chris o'brien because they

1192

00:46:47,510 --> 00:46:44,079

have a network of cameras

1193

00:46:47,990 --> 00:46:47,520

yeah chris has offered to work with us

1194

00:46:50,309 --> 00:46:48,000

on that

1195

00:46:52,710 --> 00:46:50,319

similar cam what we're trying to do one

1196

00:46:55,190 --> 00:46:52,720

of ted's goals was to have this

1197

00:46:57,510 --> 00:46:55,200

uh cellular trail camera outfit out

1198

00:46:59,750 --> 00:46:57,520

there and run it through sat phones that

1199

00:47:00,710 --> 00:46:59,760

we we want to have a network of to start

1200

00:47:03,510 --> 00:47:00,720

with 15

1201

00:47:04,550 --> 00:47:03,520

so we can view this from home the

1202

00:47:08,470 --> 00:47:04,560

silence group

1203

00:47:11,430 --> 00:47:08,480

uh don't forget the

1204

00:47:13,670 --> 00:47:11,440

mr ufo secret files on youtube and the

1205

00:47:16,710 --> 00:47:13,680

very soon to be a release the

1206

00:47:19,109 --> 00:47:16,720

alien lives matter it's okay to be

1207

00:47:22,829 --> 00:47:19,119

gray and good night everyone and god

1208

00:47:27,030 --> 00:47:24,870

well

1209

00:47:28,309 --> 00:47:27,040

you've been listening to exploring the

1210

00:47:31,030 --> 00:47:28,319

bazaar

1211

00:47:32,630 --> 00:47:31,040

with hosts timothy beckley and kim

1212

00:47:34,710 --> 00:47:32,640

schwartz

1213

00:47:37,030 --> 00:47:34,720

they're taking back the night by jetting

1214

00:47:39,109 --> 00:47:37,040

non-stop across the cosmos

1215

00:47:40,870 --> 00:47:39,119

in search of the truly bizarre and

1216

00:47:44,230 --> 00:47:40,880

totally unexplained

1217

00:47:46,710 --> 00:47:44,240

with you as their coal miners thursday

1218

00:47:49,910 --> 00:47:46,720

nights at 7 pm pacific

1219

00:47:52,549 --> 00:47:49,920

10 pm eastern on the kcor

1220

00:47:55,430 --> 00:47:52,559

digital radio network for more

1221

00:47:57,589 --> 00:47:55,440

information on exploring the bazaar

1222

00:48:00,390 --> 00:47:57,599

and hosts timothy beckley and tim

1223

00:48:02,470 --> 00:48:00,400

schwartz check out their kcor digital

1224

00:48:05,670 --> 00:48:02,480

radio network

1225

00:48:09,510 --> 00:48:05,680

follow their youtube channel at
