

1

00:00:00,000 --> 00:00:11,920

I never saw God, but I absolutely knew that God was that light.

2

00:00:11,920 --> 00:00:16,760

Never before in the history of mankind have you seen so many trouble spots in the world.

3

00:00:16,760 --> 00:00:21,360

The thing that will trigger Armageddon is already firming.

4

00:00:22,120 --> 00:00:27,000

From the boundaries of the universe to the depth of your soul.

5

00:00:31,000 --> 00:00:37,440

embark on a journey through the unknown and unexplained as we explore mysteries,

6

00:00:37,440 --> 00:00:39,640

magic and miracles.

7

00:00:39,640 --> 00:00:48,080

Hello and welcome. I'm Patrick McNeigh.

8

00:00:48,080 --> 00:00:53,320

Earthquakes, fires, floods and riots have been plaguing civilization in recent years.

9

00:00:53,320 --> 00:00:59,960

Why? That's a question we'll address in the next half hour and you can draw your own conclusions.

10

00:00:59,960 --> 00:01:04,240

One of the greatest mysteries of life is the end of life.

11

00:01:05,000 --> 00:01:08,000

What does await us in the hereafter?

12

00:01:08,000 --> 00:01:13,000

Death is an event most people fear or at least try to avoid as long as possible.

13

00:01:13,000 --> 00:01:17,400

After all, it's the last experience you'll ever have.

14

00:01:17,400 --> 00:01:19,600

Or is it?

15

00:01:25,600 --> 00:01:29,280

We shot right into the bright light. We had no black tunnel.

16

00:01:29,280 --> 00:01:32,320

It was just a very loving, loving experience.

17

00:01:32,680 --> 00:01:37,160

I mean it was the most positive experience of my entire life.

18

00:01:37,160 --> 00:01:38,760

But I knew I had work to do here.

19

00:01:38,760 --> 00:01:42,240

You never forget it. It's a reality that's separate from here.

20

00:01:42,240 --> 00:01:50,160

And you are finally you. You are not bolted, you're not weighed down with the personality.

21

00:01:50,160 --> 00:01:52,440

You're more complete.

22

00:01:52,440 --> 00:01:58,000

And then my son and I went over to a curb and we sat down and we started talking about it.

23

00:01:58,000 --> 00:02:01,360

We knew each other was there in it and we just felt each other's feelings.

24

00:02:01,400 --> 00:02:04,800

It was hard to describe but we felt the being's feelings.

25

00:02:04,800 --> 00:02:07,200

We felt our feelings, which is like we're all there together.

26

00:02:11,880 --> 00:02:19,200

With continuing advancements in medicine, it's no longer unusual for people to be brought back from death's door.

27

00:02:19,200 --> 00:02:24,720

To learn more about this miracle, reporter Susan O'Leary spoke with Diane Morrissey,

28

00:02:24,720 --> 00:02:30,480

president of the Southern California International Association of Near Death Studies.

29

00:02:32,400 --> 00:02:37,680

Diane, first of all, for everyone knows a little bit, but tell us what is a near-death experience?

30

00:02:37,680 --> 00:02:42,400

A near-death experience is when someone's physical body comes close to death.

31

00:02:43,200 --> 00:02:46,960

And many are straight-line, the heart stops sometimes.

32

00:02:47,680 --> 00:02:52,960

They can go into cardiac arrest or coma or have a trauma situation to the body.

33

00:02:53,520 --> 00:02:58,480

But a near-death experience basically is when the physical body comes close to death.

34

00:02:58,480 --> 00:03:00,720

What all does the association do?

35

00:03:00,720 --> 00:03:05,280

Well, the International Association for Near Death Studies was started by Moody and Ring and Grace

36

00:03:05,280 --> 00:03:11,760

and many years ago and it was developed as a support group to help people who've had near-death experience.

37

00:03:11,760 --> 00:03:15,360

And now they're estimating that there's probably about 13 million near-death

38

00:03:15,360 --> 00:03:18,160

experiences just in the United States alone.

39

00:03:18,240 --> 00:03:22,640

And these are people that are very close to death and are clinically dead

40

00:03:22,640 --> 00:03:28,960

and experience being out of their body and looking back and seeing probably their physical body

41

00:03:28,960 --> 00:03:32,880

and themselves simultaneously, two of them at the same time.

42

00:03:33,520 --> 00:03:36,000

I was electrocuted by my fish tank pump.

43

00:03:36,800 --> 00:03:42,400

When I had been cleaning it, I set my hair and had plastic curlers and metal bobby pins.

44

00:03:42,400 --> 00:03:44,960

I was standing on a slab floor in a puddle of water.

45

00:03:45,600 --> 00:03:49,280

And when I picked up the tubing to see what was wrong with the fish tank,

46

00:03:50,000 --> 00:03:53,680

the water squirted across my mouth and it kind of felt like when you

47

00:03:54,480 --> 00:03:57,600

cut your tongue on an envelope, when you lick it too fast.

48

00:03:57,600 --> 00:04:03,040

And when I screamed, the water rushed into my mouth and touched me on the inside of my left lip.

49

00:04:03,920 --> 00:04:07,840

And I felt pulled to sleep against my will.

50

00:04:07,840 --> 00:04:13,360

And the very first thing I did is I saw through the hallway walls and I went and called for help.

51

00:04:13,360 --> 00:04:17,600

And when I went to go to the kitchen to pick up the telephone, my hand went through the receiver.

52

00:04:18,240 --> 00:04:21,520

And that just kind of scared me. I thought, this can't happen.

53

00:04:21,520 --> 00:04:26,240

And my experience was a little different in that I went through the tunnel many times back and forth.

54

00:04:26,240 --> 00:04:30,000

I'd come back and watch what was happening here in the house and then I'd go through the tunnel again.

55

00:04:30,720 --> 00:04:34,640

And every time I did, I kind of felt like somebody was there waiting for me.

56

00:04:34,640 --> 00:04:39,360

And when she got close enough to me, when I finally realized it was a woman about 100 yards away,

57

00:04:39,360 --> 00:04:42,320

she was glowing all around her. She was dressed in white.

58

00:04:42,320 --> 00:04:46,480

She stood next to me and she extended her hand out like this and said, look there.

59

00:04:47,040 --> 00:04:51,280

And when I turned my head, I watched me come out of my mother's womb.

60

00:04:51,280 --> 00:04:54,560

And every thought word indeed I did for 28 years.

61

00:04:54,560 --> 00:04:56,640

Not one second of my life was missing.

62

00:04:57,440 --> 00:05:01,200

And I relived every emotion I'd ever felt while I was alive.

63

00:05:01,200 --> 00:05:04,080

She began to ask me questions about what I wanted to do.

64

00:05:04,720 --> 00:05:08,640

I absolutely knew that in the experience that I had a choice,

65

00:05:08,640 --> 00:05:11,120

I absolutely knew I could stay dead or come back.

66

00:05:11,120 --> 00:05:16,960

When I left the woman, I went through several other tunnels and I came out to a place and I absolutely knew it was heaven.

67

00:05:18,000 --> 00:05:21,280

And it isn't anything that I was taught as a Catholic.

68

00:05:21,280 --> 00:05:25,520

It was so much better than any priest or nun had ever described. It couldn't come close.

69

00:05:26,320 --> 00:05:32,880

And I knew if I left this wonderful place, this glorious, lighted place that felt like heaven,

70

00:05:32,880 --> 00:05:38,320

that if I left this place and walked into the light that I saw like coming from a pinprick

71

00:05:38,320 --> 00:05:42,160

on the wall and it was coming through like stretching rubber bands of light.

72

00:05:42,800 --> 00:05:48,560

If I left where I was and walked into that other dimension, I absolutely felt I couldn't come back.

73

00:05:49,520 --> 00:05:55,120

I suddenly ended up back in the place with a woman and she asked me things, billions of questions.

74

00:05:55,120 --> 00:05:59,600

And I knew I had the opportunity to go into this place where all this love was.

75

00:05:59,600 --> 00:06:02,160

I could feel it. I knew I could do that.

76

00:06:03,200 --> 00:06:07,920

And when I was in that dimension, that place, wherever it was,

77

00:06:08,320 --> 00:06:11,840

and I, it was like I knew God made it.

78

00:06:14,080 --> 00:06:19,680

And I never saw God, but I absolutely knew that God was that light. I absolutely knew that.

79

00:06:20,560 --> 00:06:27,520

And the entire dimension, everything that I saw was alive. And I knew that nothing ever dies.

80

00:06:27,520 --> 00:06:33,520

It just changes. I knew that we never die. And so I wasn't afraid to go into the light.

81

00:06:33,520 --> 00:06:38,640

I wanted it desperately. And yet I still wanted to touch something. And as that conflict got

82

00:06:38,640 --> 00:06:42,960

stronger in me, I ended up back with a woman. She'd asked me more questions. And then I went

83

00:06:42,960 --> 00:06:47,280

through the tunnel several times. And before I entered my body, I'm at the ceiling looking down.

84

00:06:47,840 --> 00:06:52,800

And I saw my body below me and I know I'm dead. And I looked down and I said,

85

00:06:52,800 --> 00:06:59,920

how sad she's done so very little. And coming from a place, I'd been a professional clarinetist for

86

00:07:00,000 --> 00:07:06,080

20 years. And just classical clarinetists was very important in my life. I was an office manager of

87

00:07:06,080 --> 00:07:13,120

a very prestigious construction firm downtown LA. My life was filled with wonderful things.

88

00:07:14,880 --> 00:07:22,080

And so it was, I think my lack of ability before I died to really get close to people.

89

00:07:22,080 --> 00:07:28,400

My whole life changed because of this experience. And I mean, we spend our lives doing our job and

90

00:07:28,400 --> 00:07:31,760

thinking, well, what's the point of this? And this doesn't have an hour. Everything is connected

91

00:07:31,760 --> 00:07:37,520

to everything. Everything we do, everything we speak, everything we say is so important.

92

00:07:37,520 --> 00:07:45,520

I never felt that way before I died. The phrase age of Aquarius became popular in the 1960s during

93

00:07:45,520 --> 00:07:51,840

a period of great social change and spiritual exploration. Astrologers claimed that the convergence

94

00:07:51,840 --> 00:07:58,000

of the sun, moon and key planets in Aquarius on February the 5th, 1962 would accelerate the progress

95

00:07:58,000 --> 00:08:05,280

to this era. It is predicted to last until 2160 and is characterized by enlightenment,

96

00:08:05,280 --> 00:08:16,320

brotherly peace and closeness to God. Natural disasters are as much a part of life as eating

97

00:08:16,320 --> 00:08:22,560

and breathing today, more so. Turn on the evening news and you'll see starving nations, wars,

98

00:08:22,560 --> 00:08:27,920

earthquakes, fires and floods wreaking havoc upon the earth. We're living in a fragile world.

99

00:08:28,080 --> 00:08:33,040

Where ancient prophecies of the final judgment speak loudly to us now.

100

00:08:33,360 --> 00:08:43,360

Music

101

00:08:56,080 --> 00:09:00,880

One such display of deadly force occurred here in Northridge, California, just north of Los Angeles.

102

00:09:01,520 --> 00:09:07,200

At 4.31 a.m. an earthquake measuring 6.8 leveled a great portion of the San Fernando Valley,

103

00:09:07,200 --> 00:09:12,800

caused over a billion dollars in damage and took many lives. It is by far the single worst

104

00:09:12,800 --> 00:09:23,840

disaster to strike us in recent years. Music

105

00:09:24,480 --> 00:09:30,400

The worldwide rate of seismic activity is about the same as it has been since the turn of the

106

00:09:30,400 --> 00:09:34,480

century, which is when we started really seriously monitoring it seismographically.

107

00:09:35,600 --> 00:09:40,160

It comes and it goes. I mean some years are more active than others, but there's no trend up or down

108

00:09:41,840 --> 00:09:48,320

in the long term data. We are talking about a magnitude 8 on the San Andreas as being likely

109

00:09:48,320 --> 00:09:55,440

within the next 30 to 50 years. And of course next year is within that time, so it could happen.

110

00:09:56,000 --> 00:10:01,760

The numbering of the years is a human thing and the earth doesn't know anything about that.

111

00:10:01,760 --> 00:10:07,200

I mean the earth is going to do what it's going to do, but I don't think there's any reason to think

112

00:10:07,200 --> 00:10:11,360

that scientifically speaking that there's anything really bad in store.

113

00:10:15,360 --> 00:10:16,080

Armageddon.

114

00:10:18,800 --> 00:10:22,880

Many biblical scholars believe we are marking our final days in existence.

115

00:10:23,040 --> 00:10:34,080

The book of revelations prophesied earthquakes, wars, floods, fire, and famine as proof to our final hour.

116

00:10:38,480 --> 00:10:45,440

In this particular year we're beginning to see the end time begin. We're seeing the beginning of

117

00:10:45,440 --> 00:10:49,840

the end in other words. We don't know how long that's going to be. It could be hundreds of years,

118

00:10:49,840 --> 00:10:55,200

no one knows, but there are many many signs. You face northeast, south, and west, and never

119

00:10:55,200 --> 00:11:00,560

before in the history of mankind have you seen and witnessed so many troubled spots in the world.

120

00:11:00,560 --> 00:11:06,080

There's always been trouble in the world, but not with the enormity as we are witnessing today.

121

00:11:06,080 --> 00:11:12,400

These are all signs of the times. The Dead Sea Scrolls are a group of manuscripts. Many of them

122

00:11:12,960 --> 00:11:19,200

rolled up very tightly. Some of them on skins, some of them on parchment, and some on copper.

123

00:11:19,920 --> 00:11:26,720

And these are writings according to many experts by the Essenes who are a special religious sect

124

00:11:26,720 --> 00:11:32,480

following the days of Jesus Christ that they seem to have come into their own. And the Dead Sea Scrolls

125

00:11:32,480 --> 00:11:38,880

represent writings which testify in many cases about many of the truths of the Old Testament

126

00:11:38,880 --> 00:11:45,120

as well as the New Testament. We have various prophecies directly from the Dead Sea Scrolls

127

00:11:45,120 --> 00:11:51,840

that tell about how man is going to react to certain things that happened in the last days.

128

00:11:51,840 --> 00:11:55,520

Of course there's going to be earthquakes and floods and famines. We have those right now.

129

00:11:56,240 --> 00:12:02,960

But the Dead Sea Scrolls magnifies the fact that when all hell cuts loose on this planet for the

130

00:12:02,960 --> 00:12:09,760

final time that there are a group of people and that group is growing every day that are going to

131

00:12:09,760 --> 00:12:15,440

be removed from this planet to escape those terrible things that are going to happen on the planet earth.

132

00:12:16,320 --> 00:12:22,320

They're going to be raised. They're going to be taken up into the skies with God in a place that

133

00:12:22,320 --> 00:12:28,000

he has designated. And then after all these things have taken place on the face of the earth,

134

00:12:28,000 --> 00:12:34,240

including the revelation of the man of sin whose number is 666 after his rule is completely finished

135

00:12:34,240 --> 00:12:40,960

and all evil forces are destroyed from this planet and the earth itself is going to be renovated as

136

00:12:40,960 --> 00:12:46,160

by fire, then God's people are going to return to this planet and then you're going to see the

137

00:12:46,160 --> 00:12:48,000

establishment of the Kingdom of God.

138

00:12:48,720 --> 00:13:02,960

Whether you believe in the scientific evaluation of a normal changing world or the divine intervention

139

00:13:02,960 --> 00:13:11,200

ending human life as we know it, a few things are for sure. Crime is rampant, people are hungry,

140

00:13:12,000 --> 00:13:18,240

and nations are falling apart. The fact that we as humans have lost touch with each other,

141

00:13:19,520 --> 00:13:26,080

that's the real tragedy. There are many theories about the date and events leading up to Armageddon.

142

00:13:26,080 --> 00:13:32,720

Some believe the end is near and that the chosen ones will ascend to heaven. Others claim that UFOs

143

00:13:32,720 --> 00:13:40,800

will escort the chosen few to a new world in a different galaxy. It would be a fantastic conclusion

144

00:13:40,800 --> 00:13:42,160

and perhaps a new beginning.

145

00:13:49,040 --> 00:13:54,720

People seem to be getting anxious about what might be in the future as we approach the end of this

146

00:13:54,720 --> 00:14:01,280

millennium. There was a great fervor about apocalyptic things at the end of the first millennium

147

00:14:01,840 --> 00:14:07,760

and now people are becoming more conscious of something ominous in the future here because

148

00:14:08,400 --> 00:14:14,560

we're seeing unprecedented storms, global weather pattern changes, tremendous increase in earthquakes,

149

00:14:16,000 --> 00:14:24,080

a population explosion that's gone exponential. People are in an age of famine today as one

150

00:14:25,360 --> 00:14:31,120

man said, most of the people who have ever lived on planet earth are alive on planet earth today.

151

00:14:31,120 --> 00:14:37,200

Armageddon is not just a battle, it's a whole war composed of many battles,

152

00:14:37,200 --> 00:14:43,680

but it's named after a particular hill in Israel that sits on the main trade route that connected

153

00:14:43,680 --> 00:14:53,520

three continents in that land bridge that Israel sits in the middle. And according to Daniel,

154

00:14:53,520 --> 00:14:59,840

chapter 11, verses 40 through 45, it gives the movement of troops, the movement of forces.

155

00:15:00,640 --> 00:15:06,800

The first move will be a tremendous invasion by first the southern powers, which are the

156

00:15:06,800 --> 00:15:12,400

Muslim powers connected by the great power from the extreme north, which is Russia,

157

00:15:12,400 --> 00:15:19,680

and they will make a combined attack on the Middle East and Israel. And this will touch off

158

00:15:20,400 --> 00:15:26,320

two counterattacks, one coming from Europe and another coming from the east, coming from Asia.

159

00:15:26,320 --> 00:15:33,520

The western forces led by Europe will wipe out the forces of Russia and the Muslims.

160

00:15:34,240 --> 00:15:40,400

And then the last part of this tremendous campaign will be between the forces of Asia

161

00:15:41,040 --> 00:15:47,920

and the western forces led by Europe. And it shows how that there will be a tremendous loss of life.

162

00:15:50,080 --> 00:15:54,240

You know, I don't know a specific date, but I believe we're already in the general time of it.

163

00:15:55,200 --> 00:16:01,920

The thing that will trigger Armageddon is already firmamenting, and that is the dispute

164

00:16:02,480 --> 00:16:07,920

between the Muslim powers and Israel over who owns Jerusalem. But I think what's unique about today

165

00:16:08,720 --> 00:16:14,240

is, first of all, the most important part, all prophecy about the return of Christ and its

166

00:16:14,240 --> 00:16:20,000

nearness, is the rebirth of the state of Israel after it had been scattered all over the world and

167

00:16:20,960 --> 00:16:28,160

persecuted. With the rebirth of the state of Israel, May 14, 1948, prophecy began a countdown, I

168

00:16:28,160 --> 00:16:35,520

believe. And then, for the first time in history, not just a piece or two of the prophetic scenario

169

00:16:35,520 --> 00:16:43,200

began to fit, but all of the pieces, not only as Israel in place, but earthquakes did begin to

170

00:16:43,280 --> 00:16:50,880

increase in frequency and intensity. We saw a population explosion, which guaranteed famines.

171

00:16:50,880 --> 00:17:00,800

We do see a great increase in ethnic wars with each other. We do see an increase in war in general.

172

00:17:00,800 --> 00:17:06,560

We do see global weather pattern changes. And what's important about this is they're all

173

00:17:06,560 --> 00:17:12,720

happening in concert, not just one at a time. There were futures that Edgar Cayce, to give

174

00:17:12,800 --> 00:17:17,440

an example, saw back in the 1930s and 40s, in which he said the western part of the United States

175

00:17:17,440 --> 00:17:23,200

would break up and go into the ocean and what have you. But he has been consistently wrong

176

00:17:23,840 --> 00:17:30,320

in his predictions and prognostications since 1972. And that is no fault of his as a sensitive and

177

00:17:30,320 --> 00:17:35,520

should not cast any aspersions on his ability as probably one of the supreme psychics or

178

00:17:35,520 --> 00:17:40,800

seers of the 20th century. What it should point out is the fact that humanity itself

179

00:17:40,800 --> 00:17:45,120

is starting to get the message that humanity itself is starting to learn and starting to grow

180

00:17:45,120 --> 00:17:50,800

and starting to become more and more powerful that has forcibly changed these prophecies and

181

00:17:50,800 --> 00:17:54,960

the predictions. The reason I wrote my book, The Millennium Factor, and the reason I put a lot

182

00:17:54,960 --> 00:18:00,640

of the other things that I do on hold is because I saw these things coming. I knew they were coming

183

00:18:00,640 --> 00:18:04,960

not only from my studies of Nostradamus and my studies of the pyramid and from my own personal

184

00:18:05,920 --> 00:18:13,680

psychic visions that I saw it coming and I thought it was my purpose right now at this point in

185

00:18:13,680 --> 00:18:18,560

time to begin to educate people before it begins to show them that there are things that they can

186

00:18:18,560 --> 00:18:22,960

do to stop these things from happening. The many geological changes that are going to occur in the

187

00:18:22,960 --> 00:18:28,640

United States are necessary now to begin to change the political structure. We simply cannot

188

00:18:28,640 --> 00:18:33,440

continue with the political structure we have which is based on centralization, oppression of

189

00:18:33,440 --> 00:18:38,800

human beings, the power both economically, politically, and industrially in the hands of a

190

00:18:38,800 --> 00:18:43,760

few over the many. And these geological changes will literally be the only thing that will begin

191

00:18:43,760 --> 00:18:50,240

to break up the structure of the world in such a way that mankind will now have the unique opportunity

192

00:18:50,240 --> 00:18:56,320

over a 2,000-year span for the first time in many thousands of years to be able to completely

193

00:18:56,320 --> 00:19:01,520

recreate society as we know it, to completely recreate society based on the concepts of truth

194

00:19:01,520 --> 00:19:08,080

and enlightenment and justice. And so all of these natural catastrophes have a silver lining to

195

00:19:08,080 --> 00:19:12,720

them as well because they will begin to break up these structures that have been based on oppression,

196

00:19:13,840 --> 00:19:22,240

fear, and obsolescence and allow us to create this new world. I see humanity continuing for many,

197

00:19:22,240 --> 00:19:28,080

many thousands of years. We are simply entering a premillennial phase now where when we talk about

198

00:19:28,080 --> 00:19:33,520

the millennium of the thousand years of peace and the reign of a Christ-knowing one on earth,

199

00:19:33,520 --> 00:19:37,760

we're looking at the birth, according to the Great Pyramid, of this messianic figure coming

200

00:19:37,760 --> 00:19:44,160

between the years 2034 and 2039. And it is my opinion that with the birth of this messianic

201

00:19:44,160 --> 00:19:50,400

figure we enter into a premillennial phase of another 500-year cycle where we'll have a number of

202

00:19:50,400 --> 00:19:56,000

messiahs, we'll have a number of these spiritual leaders, these spiritual kings, so to speak,

203

00:19:56,080 --> 00:20:01,760

across the planet. For 500 years we get to do it ourselves from the year 2500 to the year 3000.

204

00:20:01,760 --> 00:20:06,800

And then from the year 3000 onwards, I believe that the last part of the Book of Revelation,

205

00:20:06,800 --> 00:20:12,320

where the four-squared city of Jerusalem comes down from the sky and welcomes us into an intergalactic

206

00:20:12,320 --> 00:20:17,280

federation, a brotherhood of planets, if you will, where we trade back and forth with other stars

207

00:20:17,280 --> 00:20:22,160

and the Nostradomian prediction that our children's children's children will actually inhabit in

208

00:20:22,160 --> 00:20:28,720

colonies, the constellation of Aquarius and Cancer, that mankind has a vast, magnificent,

209

00:20:28,720 --> 00:20:35,120

marvelous, magical future ahead of it. And that now this is just the stumbling block where it's

210

00:20:35,120 --> 00:20:39,920

almost like the little chick is beginning to break out of the egg. And there'll be some ugliness

211

00:20:39,920 --> 00:20:44,240

and there'll be some blood and there'll be some pain, which accompanies any birth of anything new

212

00:20:44,240 --> 00:20:51,760

and anything glories. The strange events happening in the world envelop our lives, and often seem

213

00:20:51,840 --> 00:20:58,640

to control them. The mind can be seen as a vessel with limitless capacity. It's up to each one of

214

00:20:58,640 --> 00:21:06,240

us to allow that vessel to be filled. I'm Patrick McNee. Join us next time for more mysteries, magic,

215

00:21:07,040 --> 00:21:10,240

and miracles.
