

1

00:00:00,000 --> 00:00:08,000

When I was a child and my friends would fall and cut themselves, I'd take blood from their wound.

2

00:00:08,000 --> 00:00:15,000

We have 800 hours of daytime footage of UFOs anywhere from one to 100 per day.

3

00:00:15,000 --> 00:00:21,000

There were more events predicted for our future that Nostradamus wanted us to be aware of.

4

00:00:21,000 --> 00:00:27,000

Music

5

00:00:27,000 --> 00:00:37,000

From the boundaries of the universe to the depth of your soul, embark on a journey through the unknown and unexplained

6

00:00:37,000 --> 00:00:42,000

as we explore mysteries, magic and miracles.

7

00:00:45,000 --> 00:00:48,000

Hello and welcome. I'm Patrick McNeigh.

8

00:00:48,000 --> 00:00:56,000

Today we'll explore recent UFO activity, reveal startling secrets about Nostradamus' predictions,

9

00:00:56,000 --> 00:01:02,000

but first we'll share a perfect day in the life of a real vampire.

10

00:01:04,000 --> 00:01:09,000

Do you think that you could be a vampire? Here's a simple test.

11

00:01:09,000 --> 00:01:15,000

Do you sleep in a coffin? Do you like to drink human blood?

12

00:01:15,000 --> 00:01:22,000

Are you nocturnal? How do you feel about crucifixes, holy water and garlic?

13

00:01:22,000 --> 00:01:30,000

According to an updated vampire census, there may be as many as 1500 vampires worldwide.

14

00:01:30,000 --> 00:01:36,000

Meet Katrina Coffin, a real life vampire.

15

00:01:36,000 --> 00:01:41,000

I consider myself a vampire. My friends consider me to be a vampire.

16

00:01:42,000 --> 00:01:46,000

I'm nocturnal. I do have a casket that I sleep in.

17

00:01:46,000 --> 00:01:55,000

In my 68 Cadillac Hurst at the moment, I also happen to be the president and founder of the Los Angeles Hurst Society.

18

00:01:55,000 --> 00:02:03,000

I have a European coffin in the back of my car that came from Italy and I have a skeleton in there.

19

00:02:03,000 --> 00:02:10,000

People are fascinated with the Hursts. They think they're scary, but it's like a horror movie.

20

00:02:10,000 --> 00:02:13,000

You're scared, but you just can't look away.

21

00:02:13,000 --> 00:02:19,000

I've been a vampire all my life. When I was a child and my friends would fall and cut themselves,

22

00:02:19,000 --> 00:02:28,000

I'd take blood from their wound and it evolved into a thing where when I became a teenager,

23

00:02:28,000 --> 00:02:35,000

I'd have friends who would let me cut them with a razor blade or an exacto knife or whatever and take their blood.

24

00:02:35,000 --> 00:02:39,000

They became my donors and know that I don't refer to them as victims.

25

00:02:39,000 --> 00:02:42,000

They're donors because they have to be consenting adults.

26

00:02:42,000 --> 00:02:45,000

I would never take blood from a child or an animal.

27

00:02:45,000 --> 00:02:51,000

When I was a child, my parents would always find me in the closet or in a large box or something.

28

00:02:51,000 --> 00:02:55,000

I like little dark and closed places. I always have and I still do.

29

00:02:55,000 --> 00:02:58,000

I find caskets very warm and comfortable.

30

00:02:59,000 --> 00:03:07,000

I think some of the lore came from congenital syphilis, which the victims of congenital syphilis had pointed teeth.

31

00:03:07,000 --> 00:03:14,000

They were very, very light sensitive. Their eyes were very pale with dark rims around them and they were light blind.

32

00:03:14,000 --> 00:03:17,000

So that could have been part of the lore of the vampire.

33

00:03:17,000 --> 00:03:22,000

A lot of the new legend that's coming through in vampire lore is coming from Anne Rice.

34

00:03:22,000 --> 00:03:29,000

The vampires that are very seductive, that are still pretty human, that are not these creeping, crawling, dead things.

35

00:03:29,000 --> 00:03:34,000

The love, the sex, the drama, that's all the Anne Rice stuff.

36

00:03:34,000 --> 00:03:38,000

Oh, I love horror movies. I've been watching horror movies ever since I was a child.

37

00:03:38,000 --> 00:03:47,000

I grew up with all the old Belle Legosi vampire movies and Christopher Lee and all the Dracula hammer films.

38

00:03:47,000 --> 00:03:50,000

I love horror movies. I've always been nocturnal.

39

00:03:50,000 --> 00:03:57,000

So when I was a kid, instead of being asleep and I was supposed to be, I was a Paul Knight watching the old black and white horror movie.

40

00:03:58,000 --> 00:04:07,000

No, I never thought I would. Not even in my most wildest dreams that I ever think I would live next door to a vampire.

41

00:04:07,000 --> 00:04:15,000

Yes, all my friends and neighbors know. Nothing I hide. I don't feel I'm doing anything wrong.

42

00:04:15,000 --> 00:04:20,000

Well, most neighbors would naturally ask under the neighbor, may I borrow a cup of sugar or a cup of flour?

43

00:04:20,000 --> 00:04:26,000

And of course in her case, I mean, she never bothers me or says, well, you might have to borrow a cup of blood, right?

44

00:04:27,000 --> 00:04:34,000

And nowadays, I have donors and I use a medical scalpel and I take blood from them.

45

00:04:34,000 --> 00:04:39,000

And I take it directly from the wound because blood cools and coagulates very quickly.

46

00:04:39,000 --> 00:04:47,000

And once it's hit the air and cooled off, I don't enjoy it anymore. So it has to be fresh, warm, flowing, living blood.

47

00:04:47,000 --> 00:04:57,000

I have told some of my friends, they think it's weird. They think I should get out immediately. And they think that my life's in danger.

48

00:04:57,000 --> 00:05:03,000

I was telling her a story about when I had someone with me that we had seen interview with the vampire.

49

00:05:03,000 --> 00:05:08,000

And I was trying to keep myself off of this person. So I got some raw liver.

50

00:05:08,000 --> 00:05:12,000

He ended up in the microwave to about room temperature or body temperature actually.

51

00:05:12,000 --> 00:05:13,000

He took it.

52

00:05:13,000 --> 00:05:19,000

Yeah, I got body temperature and ate it. So I didn't have the urge to cut into this person that I was sitting with.

53

00:05:19,000 --> 00:05:23,000

Oh, you get some rare steak. That's always good. It's still bleeding.

54

00:05:24,000 --> 00:05:30,000

There's an intimacy to the way I take blood because it comes directly from the wound.

55

00:05:31,000 --> 00:05:39,000

And I have to be in physical contact with the person. And I have no sexual contact because I sexually am celibate.

56

00:05:39,000 --> 00:05:47,000

So when I take blood, it's very intimate. And my donors also enjoy it.

57

00:05:49,000 --> 00:05:57,000

And I have no fear of death. And I like cemeteries. They're very peaceful and quiet and pretty.

58

00:05:58,000 --> 00:06:01,000

And I just enjoy, you know, hanging out at them.

59

00:06:17,000 --> 00:06:25,000

In superstitious law, garlic is said to possess great powers capable of fending off evil by its mere presence.

60

00:06:25,000 --> 00:06:34,000

Strands of garlic are often featured in vampire movies draped across windows or doors while the menacing bloodsucker paces outside.

61

00:06:34,000 --> 00:06:42,000

Similar beliefs about garlic are held in different parts of the world, far away from Transylvania and Count Dracula.

62

00:06:42,000 --> 00:06:49,000

In France, cloves of garlic are roasted on Midsommar's Eve and given to rural families for protection.

63

00:06:50,000 --> 00:06:58,000

In the Far East, garlic is thought to have the ability to bring back lost souls and it's used in religious ceremonies.

64

00:06:59,000 --> 00:07:05,000

The search for unidentified flying objects is one of the most popular pursuits of our time.

65

00:07:05,000 --> 00:07:10,000

There are more reports of UFO activity today than ever before.

66

00:07:10,000 --> 00:07:19,000

Are we alone in the universe? Have other beings visited our Earth? And has the government hidden the truth from us?

67

00:07:19,000 --> 00:07:23,000

The interest in the subject keeps growing.

68

00:07:26,000 --> 00:07:32,000

We went to Bob Brown's fourth annual International UFO Congress. One of the questions asked was,

69

00:07:32,000 --> 00:07:36,000

is the government covering up what they know about ETs and UFOs?

70

00:07:36,000 --> 00:07:41,000

The governments have got their ways of keeping their secrets as many secrets as they've been keeping for years and years and years,

71

00:07:41,000 --> 00:07:46,000

which the public probably will never ever find about. They've got their ways of suppressing people.

72

00:07:46,000 --> 00:07:51,000

But I think the biggest thing they ever did was create the aura of ridicule around the subject.

73

00:07:51,000 --> 00:07:59,000

It was a wonderfully orchestrated thing where people who lived in responsible, worked in responsible positions and this kind of thing.

74

00:07:59,000 --> 00:08:06,000

Because of the ridicule syndrome that went with this thing, that they were in imminent danger of being branded lunatics and losing their positions.

75

00:08:06,000 --> 00:08:16,000

Anybody who talked about the subject was branded an idiot. But of course that only went for so long and after many, many more people started to have encounters and experiences,

76

00:08:16,000 --> 00:08:21,000

sooner or later this thing was going to surface and that's precisely what it's doing at this moment in time.

77

00:08:22,000 --> 00:08:28,000

I was fortunate, a number of years ago, to have a Cosmic Top Secret Clearance when I was at Shape NATO.

78

00:08:28,000 --> 00:08:35,000

That clearance allowed me access to the Shape NATO study that they did from 1961 to 1964.

79

00:08:35,000 --> 00:08:42,000

And at the completion of that three-year study, they concluded that we were not alone, we'd probably never been alone.

80

00:08:42,000 --> 00:08:52,000

We were being visited, surveyed, studied or some program of some kind was underway by several.

81

00:08:52,000 --> 00:08:58,000

And I want to repeat several high technology extraterrestrial civilizations.

82

00:08:58,000 --> 00:09:03,000

The impact of that alone on me was kind of earth shaking.

83

00:09:03,000 --> 00:09:10,000

They determined as a result of their three-year study that there did not appear to be a military threat involved.

84

00:09:10,000 --> 00:09:15,000

Which was basically the primary purpose of the study itself in the first place.

85

00:09:15,000 --> 00:09:22,000

Daniel Sheehan is the well-respected lawyer who broke the Karen Silkwood case and exposed the Iran-Contra scandal to Congress.

86

00:09:22,000 --> 00:09:31,000

He told us that President Carter asked Marcia Smith, head of the Science and Technology Division of the U.S. Congress Research Office, to find out about UFOs.

87

00:09:31,000 --> 00:09:40,000

She began to prepare the data, was given access to both unclassified and some classified data to prepare her report.

88

00:09:40,000 --> 00:09:47,000

And it was on the basis of this analysis that she did and supervised out of the Congressional Research Office,

89

00:09:47,000 --> 00:09:58,000

that she came to the official conclusion that there was from one to two other intelligent, highly developed civilizations within our galaxy,

90

00:09:58,000 --> 00:10:03,000

other than our planet, that that was a fairly extraordinary finding.

91

00:10:03,000 --> 00:10:08,000

But it exists on the record as an official finding of the Congressional Research Office.

92

00:10:08,000 --> 00:10:13,000

And it was communicated to the Congress and then to the President.

93

00:10:13,000 --> 00:10:21,000

At that point, nothing more was done to release the information officially to the American public.

94

00:10:21,000 --> 00:10:23,000

But the public's not buying.

95

00:10:23,000 --> 00:10:28,000

Jose Escamilla shoots video of UFOs ten hours a day, every day.

96

00:10:28,000 --> 00:10:33,000

He sees them at Midway, a small community close to Roswell, New Mexico.

97

00:10:33,000 --> 00:10:42,000

We recently captured a V-formation of about 32 huge 50-foot-in-diameter dome objects that are flying in formation.

98

00:10:42,000 --> 00:10:49,000

And beyond a doubt, they're not geese. There's nothing that suggests a neck or a wing flutter.

99

00:10:49,000 --> 00:10:56,000

We have 800 hours of daytime footage of UFOs anywhere from one to 100 per day.

100

00:10:56,000 --> 00:11:02,000

And for that to happen so blatantly and in broad daylight, I think that's definitely something behind it.

101

00:11:02,000 --> 00:11:11,000

What I consider to be profound is when you see something in the sky that is of extraordinary proportions and is sitting there,

102

00:11:11,000 --> 00:11:18,000

and it's circular and it's just sitting there, you think it's a balloon, but then you look at it and it starts gliding, you know.

103

00:11:18,000 --> 00:11:21,000

And then you see other things just flashing by at extreme speeds.

104

00:11:21,000 --> 00:11:27,000

And you're saying, ah, am I playing with me or do I get sky blind or what is that?

105

00:11:27,000 --> 00:11:30,000

And this thing just moves and glides effortlessly.

106

00:11:30,000 --> 00:11:35,000

And then when you go back and see it on tape and you go freeze-frame and you see hundreds of other objects around that,

107

00:11:35,000 --> 00:11:38,000

that you didn't see with an A-canine, that's very profound to me.

108

00:11:49,000 --> 00:11:53,000

The World War II

109

00:11:55,000 --> 00:12:04,000

His prophecies predicted the fate of kings, world wars, man's landing on the moon and the coming of a new anti-Christ.

110

00:12:04,000 --> 00:12:12,000

Was Nostradamus warning people of the inevitable? Or was he giving us the power to change our fate?

111

00:12:13,000 --> 00:12:24,000

Nostradamus lived in the 1500s, a time of fear and superstition, when plagues ravished the earth

and the church ruled the fate of people.

112

00:12:24,000 --> 00:12:29,000

He had visions of mankind's terrible future and its own destruction.

113

00:12:29,000 --> 00:12:37,000

Not unlike our time, many people then believed that his predictions were satanic. The church would put him to trial.

114

00:12:37,000 --> 00:12:39,000

That's him! That's Nostradamus!

115

00:12:39,000 --> 00:12:46,000

He was accused of the worst of all crimes, black magic, alchemy, or a ship of the devil.

116

00:12:47,000 --> 00:12:56,000

He would continue his work, however, feeling that it was his duty to inform us of our fate, so we could change it and create a better future for ourselves.

117

00:12:57,000 --> 00:13:00,000

His predictions that have come true.

118

00:13:01,000 --> 00:13:04,000

World War I and the beginning of communism.

119

00:13:04,000 --> 00:13:16,000

World War II, the rise of the Third Reich, Jewish massacres, the atom bomb attacks on Hiroshima and Nagasaki, and natural disasters.

120

00:13:18,000 --> 00:13:31,000

He also predicted the advancement mankind would make, the invention of aircraft, the first landing on the moon, and man's constant search for answers in space.

121

00:13:32,000 --> 00:13:44,000

These advancements will not go without mistakes, disastrous mistakes, the Vietnam War, a war out of control, and the challenger, a dream shattered.

122

00:13:46,000 --> 00:13:50,000

Dolores Cannon is the leading expert on the Nostradamus predictions today.

123

00:13:51,000 --> 00:14:01,000

In 1986, something unexpectedly happened to her. As a past life hypnotherapist, she conducted what she thought would be a normal past life regression.

124

00:14:02,000 --> 00:14:10,000

A patient went back to a past life when she was a male student of Nostradamus. Nostradamus spoke through this patient.

125

00:14:11,000 --> 00:14:17,000

I still have a hard time explaining what happened. He came through her and he said, I have an assignment for you.

126

00:14:17,000 --> 00:14:23,000

He could see that his prophecies were not being correctly interpreted. He said the time is coming when they're going to come true.

127

00:14:24,000 --> 00:14:31,000

I have to warn people. If they keep on like this, they will destroy everything, nature, themselves.

128

00:14:32,000 --> 00:14:41,000

Nostradamus gave Dolores the correct meanings of his predictions one by one. It took three years and twelve hypnotic subjects to complete the work.

129

00:14:41,000 --> 00:14:48,000

This was the first time that all Nostradamus' predictions have been translated. Almost a thousand.

130

00:14:49,000 --> 00:14:54,000

Nostradamus told Dolores Cannon to concentrate on the next twenty years.

131

00:14:55,000 --> 00:15:02,000

The twentieth century would be especially terrible. Three wars would spread over the entire earth.

132

00:15:03,000 --> 00:15:06,000

And we have shown now that some of the prophecies have already begun to come true.

133

00:15:06,000 --> 00:15:13,000

In the world's history, thousands of people were killed by plagues, epidemics, illnesses with no cures.

134

00:15:14,000 --> 00:15:19,000

Not unlike our own time that has been struck with its own plague, AIDS.

135

00:15:20,000 --> 00:15:29,000

Nostradamus said that AIDS was a mutated disease, a form of rabies that originated from a monkey biting a woman who lived in Africa.

136

00:15:30,000 --> 00:15:37,000

The disease got into the blood mobiles and laboratories, contaminating biological products being made.

137

00:15:38,000 --> 00:15:47,000

AIDS will continue to spread worldwide. A cure is predicted about fifteen years after the spread of this disease.

138

00:15:48,000 --> 00:15:52,000

The date of the Gulf War was given to Cannon long before it occurred.

139

00:15:53,000 --> 00:15:56,000

He said, you don't know how important this is. This is the beginning of everything.

140

00:15:56,000 --> 00:15:59,000

This is actually the beginning of the Third World War.

141

00:16:00,000 --> 00:16:06,000

This would instigate a few wars in the Middle East. The worst, however, is still to come.

142

00:16:07,000 --> 00:16:11,000

There would be one man behind the scene during all of this time. This is the Third Antichrist.

143

00:16:12,000 --> 00:16:20,000

Nostradamus saw three Antichrists in the course of Earth's existence. Two were already predicted correctly and we know them.

144

00:16:21,000 --> 00:16:28,000

Napoleon, Hitler. The Third has already been born and said to be the worst of them all.

145

00:16:29,000 --> 00:16:36,000

Nostradamus wanted our time period to know about the Third Antichrist, so something could be done to stop him.

146

00:16:37,000 --> 00:16:45,000

This last Antichrist is the same entity referred to in the Book of Revelation as the Beast with the number 666.

147

00:16:45,000 --> 00:16:53,000

Nostradamus gave Dolores Cannon a detailed description of the Third Antichrist and even a sketch drawing of him through the help of an artist.

148

00:16:54,000 --> 00:17:05,000

He was born on February 4, 1962 in Jerusalem. In 1987 he was a student at an Egyptian college specializing in computers, business and philosophy.

149

00:17:06,000 --> 00:17:10,000

Presently he is in the background of everything that is happening in the Middle East.

150

00:17:10,000 --> 00:17:15,000

He is described by Nostradamus as an extremely handsome man with tremendous charisma.

151

00:17:16,000 --> 00:17:20,000

At first he will appear as a saviour and the man with all the answers.

152

00:17:21,000 --> 00:17:27,000

But he will be the opposite of what he appears to be. He will be the sheep in Wolf's clothing.

153

00:17:28,000 --> 00:17:34,000

His work is secretly done now. How many of us know him already?

154

00:17:35,000 --> 00:17:41,000

There were more events predicted for our future that Nostradamus wanted us to be aware of.

155

00:17:42,000 --> 00:17:46,000

The Nazi Party will slowly but surely return to power during the 90s.

156

00:17:47,000 --> 00:17:54,000

It will come to light that hurricanes are a man-made event brought about by scientists attempting to control the weather.

157

00:17:55,000 --> 00:17:59,000

The next two decades will mark the downfall of the Catholic Church.

158

00:17:59,000 --> 00:18:04,000

The Earth's continents will shift with the rising of the ocean's water levels.

159

00:18:05,000 --> 00:18:10,000

This could occur during the next four decades. These are just to mention a few.

160

00:18:11,000 --> 00:18:17,000

This all sounds like gloom and doom. But Nostradamus saw the amazing ability for the human being to adapt.

161

00:18:18,000 --> 00:18:24,000

We could handle the changes as long as they are occurring gradually, as they are now.

162

00:18:25,000 --> 00:18:29,000

Nostradamus also gave us a glimpse of a wonderful time to come.

163

00:18:30,000 --> 00:18:38,000

He saw a man whom he called the Great Genius, an important figure whose coming would balance out all evil in the world.

164

00:18:39,000 --> 00:18:44,000

The Great Genius would invent great wonders and he would reign in the thousand years of peace

165

00:18:45,000 --> 00:18:48,000

when we would be travelling through the cosmos and living in space colonies.

166

00:18:49,000 --> 00:18:55,000

One question remains to be answered though. How could we explain all of this?

167

00:18:56,000 --> 00:19:00,000

I want to bring out a very important point that really shakes people up.

168

00:19:01,000 --> 00:19:08,000

In my work with him, he was most emphatic by saying you are not speaking to the dead when we are communicating.

169

00:19:09,000 --> 00:19:12,000

It's the concept of simultaneous time that there is no time.

170

00:19:13,000 --> 00:19:22,000

We look upon Nostradamus as a mystery, but as facts prove, he was an extraordinary human being with an extraordinary talent.

171

00:19:23,000 --> 00:19:25,000

Could we prepare ourselves for Armageddon?

172

00:19:26,000 --> 00:19:32,000

Nostradamus saw the end of the world, but he said it's so far in the future you don't need to worry about it.

173

00:19:33,000 --> 00:19:38,000

Canon merely sees herself as a reporter with only the well-being of mankind at heart.

174

00:19:38,000 --> 00:19:43,000

Nostradamus said that people underestimate the power of their own minds.

175

00:19:44,000 --> 00:19:50,000

He said that it is up to us to change the world's fate and create a better future for ourselves.

176

00:19:51,000 --> 00:19:54,000

How could we possibly ignore this?

177

00:20:09,000 --> 00:20:18,000

The hero's name is tarnished by a bloody glove. The masses cry for vengeance, but truth prevails.

178

00:20:19,000 --> 00:20:25,000

1995 finds him free. The monster confesses and loses his soul in 18 months.

179

00:20:26,000 --> 00:20:32,000

This prediction by Nostradamus sounds familiar to all who know about the Simpson case.

180

00:20:33,000 --> 00:20:37,000

Even the most skeptical begin to wonder.

181

00:20:40,000 --> 00:20:47,000

Are you seeking eternal life? If so, the question you need to ask yourself is what are you willing to do to get it?

182
