

Easy Rider on UFOs

# Need to Know

with Coulthart and Zabel

1

00:00:00,300 --> 00:00:12,210

and I saw it that was a UFO beaming back at h  
you mean Eric Osman was down in Mexico two h h

2

00:00:12,210 --> 00:00:20,070

weeks ago we seen four dia flying in formation h  
they've got bases all over the world now you h h

3

00:00:20,070 --> 00:00:25,860

know they've been coming here ever since 1946 h  
when the scientists first started bouncing h h

4

00:00:25,860 --> 00:00:31,170

radar beams off of the moon and they have been h  
living and working among us in vast quantities h h

5

00:00:31,170 --> 00:00:46,740

ever since the government knows all about them h  
Wow I mean if this is smart why don't they just h h

6

00:00:46,740 --> 00:00:54,480

reveal themselves does hunt get it over with why h  
don't they reveal themselves to us is because h h

7

00:00:54,480 --> 00:01:01,350

if they did it would cause a general panic h  
now I mean we still have leaders upon whom h h

8

00:01:01,350 --> 00:01:08,730

we rely for the release of this information h  
these leaders have decided to repress this h h
