

# Need to Know

with Coulthart and Zabel

1  
00:00:00,000 --> 00:00:08,220  
but oh yeah [Applause]

2  
00:00:08,220 --> 00:00:09,330  
thank you very much

3  
00:00:14,190 --> 00:00:20,520  
the largest should say what I must say I'm\h  
glad that you occasion did with a little\h\h

4  
00:00:20,520 --> 00:00:26,010  
bit of confetti because this is a return in\h  
our night time slot our new slot on Monday\h\h

5  
00:00:26,010 --> 00:00:29,520  
evening so we hope you'll all be with us every\h  
Monday and good evening to you wonderful people\h\h

6  
00:00:29,520 --> 00:00:35,670  
have a very exciting new way to play to tell\h  
the truth with Betty Davis and two Impostors\h\h

7  
00:00:35,670 --> 00:00:47,520  
later on in the show but right now let's meet our\h  
first team of challenges what is your name please\h\h

8  
00:00:47,520 --> 00:00:58,380  
my name is Barney Hill my name is Barney Hill my\h  
name is Bonnie Hill please follow along while I\h\h

9  
00:00:58,380 --> 00:01:04,410  
read from my copy of this story if you will panel\h  
I Barney Hill and my wife Betty were driving home\h\h

10  
00:01:04,410 --> 00:01:09,930  
one night when we sighted something unusual in\h  
the sky I got out of the car and with a pair of\h\h

11  
00:01:09,930 --> 00:01:16,950

binoculars saw through the windows in the disc\h  
shaped object several human type figures I ran\h\h

12

00:01:16,950 --> 00:01:22,650

back to the car and in a state of near panic we\h  
sped down the road toward home then we heard a\h\h

13

00:01:22,650 --> 00:01:29,040

series of beeps and both of us felt a tingling\h  
sensation the next thing either of us clearly\h\h

14

00:01:29,040 --> 00:01:34,770

remembered was again driving the car toward\h  
home but it was two hours later and we were\h\h

15

00:01:34,770 --> 00:01:42,000

35 miles further down the road after months of\h  
nightmares and mental distress we sought medical\h\h

16

00:01:42,000 --> 00:01:48,630

assistance from a distinguished psychiatrist\h  
under time regression by hypnosis both Betty\h\h

17

00:01:48,630 --> 00:01:55,710

and I independently gave almost identical accounts\h  
of a meeting with intelligent humanoid beings who\h\h

18

00:01:55,710 --> 00:02:02,910

halted our car took us aboard their spacecraft\h  
examined us physically and released us unharmed\h\h

19

00:02:02,910 --> 00:02:08,640

neither Betty nor I can prove that this happened\h  
and as a matter of fact we really hope that it\h\h

20

00:02:08,640 --> 00:02:15,120

didn't but nobody even the technical people with\h  
whom we talked have been able to positively refute\h\h

21

00:02:15,120 --> 00:02:33,450

our almost incredible story signed Barney Hill\h  
[Applause] [Music] [Applause] incidentally panel\h\h

22

00:02:33,450 --> 00:02:38,640

the story of Betty and Barney Hill is the subject\h  
of a fascinating book by John G fuller called the\h\h

23

00:02:38,640 --> 00:02:44,640

interrupted journey let's start the questioning\h  
with Orson Bean Orson thank you well III who are\h\h

24

00:02:44,640 --> 00:02:50,070

you I want you to know that I read every word\h  
of the story that was printed in the magazine\h\h

25

00:02:50,070 --> 00:02:57,870

about you and I believe it i-it's impossible to\h  
disbelieve number two how tall were these humanoid\h\h

26

00:02:57,870 --> 00:03:05,970

creatures well they were short when you speak\h  
of height if I had to estimate height I would\h\h

27

00:03:05,970 --> 00:03:13,590

say about five nine or five ten minute at the\h  
most number three would they speak English not\h\h

28

00:03:13,590 --> 00:03:20,580

in an actual speaking type voice we there was\h  
something like thought transference number one\h\h

29

00:03:20,580 --> 00:03:27,300

what physical symptoms did you later notice I'm\h  
referring to physical things that appeared on\h\h

30

00:03:27,300 --> 00:03:36,360

you warts warts yes Kenny Carlyle number two\h  
I also read the story with enormous interest\h\h

31

00:03:36,360 --> 00:03:42,210

and delighted to meet you what did you ask for  
something to take home from the spaceship well

32

00:03:42,210 --> 00:03:48,240

it wasn't me it was Betty who asked for something  
to take home ed was a book of which we thought we

33

00:03:48,240 --> 00:03:53,460

could have some use for we later found out we  
couldn't read the book at all number three how

34

00:03:53,460 --> 00:03:59,700

many of these creatures were there oh I would  
say between thirteen fourteen number one when

35

00:03:59,700 --> 00:04:04,440

you were examined physically will you examine in  
the usual sense that we would make an examination

36

00:04:04,440 --> 00:04:11,670

in on earth yes you were yes number two did you  
find no differences between the examination that

37

00:04:11,670 --> 00:04:17,190

they were interested in and let's say an ordinary  
physician earth physician would have well there

38

00:04:17,190 --> 00:04:27,000

are there were differences number three did you  
go to Harvard to have any consultation I'm sorry

39

00:04:27,000 --> 00:04:33,600

kitty Tom Thank You bud this is a great story  
we could spend a lot of time and I will number

40

00:04:33,600 --> 00:04:41,100

Warner do you actually have any memories of  
this yes number two do you agree oh yes death

41

00:04:41,100 --> 00:04:46,110

what form did they take did you have memories of it after you got we're awakening on driving

42

00:04:46,110 --> 00:04:50,940

back down the road well I had some memories from Indian Head which is a point in New Hampshire when

43

00:04:50,940 --> 00:04:57,120

this whole thing started of course now I have more vivid memories because of the hypnosis but

44

00:04:57,120 --> 00:05:02,130

I mean ask number three that were you reminded of things that happen under hypnosis or did you

45

00:05:02,130 --> 00:05:06,360

ever remember any of them without the hypnosis only the things I saw consciously the things

46

00:05:06,360 --> 00:05:10,590

that happened under hypnosis was the trip into the the abduction actual abduction into the ship

47

00:05:10,590 --> 00:05:16,350

what I mean is number one were you alert when you were in the ship and awake more like in a some

48

00:05:16,350 --> 00:05:22,650

novelistic state then you thank you guys thank you at number two when they examined you do they

49

00:05:22,650 --> 00:05:29,040

stick needles in you not needles needles and only one needle number one did they stick a needle and

50

00:05:29,040 --> 00:05:40,440

Betty - yes they stuck a needle in Betty I didn't see the needle oh you say that space thing is it

51

00:05:40,440 --> 00:05:45,720

furnished like a laboratory or more like a living  
room I would say more like a laboratory uh-huh now

52  
00:05:45,720 --> 00:05:51,540  
number one were they the same build as I said  
in you know or did they like have pointy heads

53  
00:05:51,540 --> 00:06:01,470  
or something no they had large cranium and the  
chin was very small wouldn't you know it when

54  
00:06:01,470 --> 00:06:06,570  
did the US government come and try it like major  
colonel Keogh and those people did they try to a

55  
00:06:06,570 --> 00:06:12,090  
question you on what happened in that spaceship  
well we reported it initially to Pease Air Force

56  
00:06:12,090 --> 00:06:20,340  
Base in Portsmouth and that's all the time we  
had which we did have more fascinating story so

57  
00:06:20,340 --> 00:06:24,060  
mark your ballots if you will please without any  
consultation and of course without changing once

58  
00:06:24,060 --> 00:06:34,290  
you have March vote now for number one number  
two or number three and our team of challenges

59  
00:06:34,290 --> 00:06:39,000  
will of course receive the usual two hundred and  
fifty dollars for each incorrect vote he ballots

60  
00:06:39,000 --> 00:06:47,070  
all marked Tom for whom did you vote I voted for  
number one bud I couldn't tell anything from the

61  
00:06:47,070 --> 00:06:51,220

stories that they each told but he looked like  
the kind of man who would have oculars handy in

62

00:06:51,220 --> 00:06:59,110

his car Peggy cat number two said that they were  
run it's very short five foot eight or nine G I

63

00:06:59,110 --> 00:07:02,710

know a lot of guys would be sore at that kind of a  
comment they think they're tall at five foot eight

64

00:07:02,710 --> 00:07:08,020

or nine so I voted for number one cuz if they had  
be candid me seeding chins and wouldn't you know

65

00:07:08,020 --> 00:07:15,160

us arson be I think that there's two great liars  
up there and I had no way of judging except that

66

00:07:15,160 --> 00:07:20,590

the whole thing took place around New England and  
when I asked number one about the warts he said

67

00:07:20,590 --> 00:07:29,200

Watts they had water and I'm from England too and  
I know to do watches watches watch kitty Carlisle

68

00:07:29,200 --> 00:07:35,590

I voted for number two because as I read the  
story the physical examination that these humanoid

69

00:07:35,590 --> 00:07:40,930

creatures gave was not exactly like the kind you'd  
have if you went into an ordinary doctor's office

70

00:07:40,930 --> 00:07:46,780

anywhere on the earth hey well the votes are all  
in minds made up as you heard and now let's find

71

00:07:46,780 --> 00:07:55,210

out which one of these three gentlemen in truth is  
Barney Hill will the real Barney Hill please and

72

00:08:09,490 --> 00:08:18,970

thank you very glad they let you back to a safe  
in town that's important actually there weren't

73

00:08:18,970 --> 00:08:25,390

headaches there was distress I developed an  
ulcer and Betty had a series of dreams that

74

00:08:25,390 --> 00:08:30,670

lasted for about five days that's all gone  
yes thank you good number two what is your

75

00:08:30,670 --> 00:08:34,750

real name and what do you really do miss Howard  
Johnson I'm a sales representative for Sussex

Department Harlem Hospital Columbia University

78

00:08:52,450 --> 00:08:56,920

thank you that wonderful story and there was  
one incorrect vote as we check to see then

79

00:08:56,920 --> 00:09:00,340

that of course is worth two hundred and fifty  
dollars and we thank you very much for being

80

00:09:00,340 --> 00:09:04,270

with us tonight hope it was a pleasant visit for  
you as it was for us goodbye and God bless you
