

TOP TEN UAP 2021

1

00:00:04,000 --> 00:00:10,640

this is need to know real talk about the\h
reality of unidentified aerial phenomenon\h\h

2

00:00:12,240 --> 00:00:17,040

from australia ross coltart\h
from the u.s bryce zabel

3

00:00:19,360 --> 00:00:25,840

i'm ross coulthard talking to you from a beautiful\h
southern highlands just south of sydney in\h\h

4

00:00:25,840 --> 00:00:33,520

australia and my co-host is bryce disable and\h
i'm here in los angeles a little north actually\h\h

5

00:00:33,520 --> 00:00:39,360

where we've been enjoying some uh some rain of\h
recent times so that's been very good for us and\h\h

6

00:00:39,360 --> 00:00:45,520

and uh life is going on here in la and and uh ross\h
and i have just now i think ross we have proved\h\h

7

00:00:45,520 --> 00:00:52,960

that we have a global presence already so that's\h
great a transcontinental media investigation team\h\h

8

00:00:52,960 --> 00:01:00,080

looking at the phenomenon of uaeps and we're\h
calling them uaps aren't we bryce we're calling\h\h

9

00:01:00,080 --> 00:01:07,680

them uaps because ufos carries too much stigma\h
i think uap's unidentified aerial phenomena is\h\h

10

00:01:07,680 --> 00:01:11,840

a good compromise don't you reckon well you\h
know it's funny because i've you know i've\h\h

11
00:01:11,840 --> 00:01:17,280
got a little uh medium site where people write\h
articles and we've asked the readers what they\h\h

12
00:01:17,280 --> 00:01:24,640
think of ufo versus uap i have to say the hardcore\h
readers favor ufo but the government the united\h\h

13
00:01:24,640 --> 00:01:30,560
states government in particular favors uap so i'm\h
happy to be bilingual on this and go either way\h\h

14
00:01:31,520 --> 00:01:37,760
so why are a couple of serious insect\h
investigative journalists i'm an author i'm\h\h

15
00:01:37,760 --> 00:01:43,680
an investigative filmmaker i make documentaries\h
you might have read my book in plain sight which\h\h

16
00:01:43,680 --> 00:01:49,840
was published this year by harpercollins and i've\h
also made a documentary called the ufo phenomenon\h\h

17
00:01:50,480 --> 00:01:56,880
and bryce you're pretty damn accomplished yourself\h
you know the two of us uh have i guess bonded a\h\h

18
00:01:56,880 --> 00:02:02,160
little bit over the fact that we've both been in\h
the investigative reporting game me less recently\h\h

19
00:02:02,160 --> 00:02:08,480
i suppose than you ross because you're in it right\h
now um and ross uh your book in plain sight has\h\h

20
00:02:08,480 --> 00:02:14,160
made quite a kerfuffle if you will in the ufo or\h
uap community this year because it was really a\h\h

21

00:02:14,160 --> 00:02:20,640

terrific book that set the the stage for where we\h
are at when um when it came out i remember reading\h\h

22

00:02:20,640 --> 00:02:24,240

it and thinking finally somebody has written\h
the book that i wish i'd written so i thought\h\h

23

00:02:24,960 --> 00:02:28,720

i thought that was pretty good i think it's\h
probably a good idea right now if we're talking\h\h

24

00:02:28,720 --> 00:02:34,560

about need to know to ask ourselves if the show\h
is called need to know what do people need to know\h\h

25

00:02:34,560 --> 00:02:40,000

about it okay well the reason i wrote my book\h
was because i recognized there was a need for\h\h

26

00:02:40,000 --> 00:02:47,520

people to be able to come into this subject cold\h
and have a quick primer to understanding why it\h\h

27

00:02:47,520 --> 00:02:53,920

matters and i guess that's the purpose of this\h
podcast that both of us feel and recognize that\h\h

28

00:02:53,920 --> 00:03:01,200

the public isn't yet being well served by existing\h
programs that i think assume too much knowledge i\h\h

29

00:03:01,200 --> 00:03:07,200

think i think we have to start from basics i think\h
the thing is ross both you and i are broadcasters\h\h

30

00:03:07,200 --> 00:03:12,560

by training and experience and broad means you\h
want to speak to a broad audience and a lot of\h\h

31
00:03:12,560 --> 00:03:19,040
what's happened in the ufo uap field has been sort of
of the echo chamber the the niche part of things

32
00:03:19,040 --> 00:03:24,240
where people who already know certain things talk
to other people who know the same things and they

33
00:03:24,240 --> 00:03:28,880
tread over some of the same information
and i think because of your book and and

34
00:03:29,760 --> 00:03:36,560
my own desire to be a little more broad-based
about this we see this as not just another

35
00:03:36,560 --> 00:03:42,000
podcast but as a podcast that is meant for
the average person to tune into and say

36
00:03:42,000 --> 00:03:47,760
i know this is an important story and i'd like to
know more about it i think the public would also

37
00:03:47,760 --> 00:03:51,520
like to know a little bit more about you bryce
and you're hiding your light under a bushel and i

38
00:03:51,520 --> 00:03:56,800
was quite intimidated when i first got approached
by you because you're a very well-known hollywood

39
00:03:56,800 --> 00:04:04,000
producer you've made the incredible tv series
dark skies which to me evokes all of those dark

40
00:04:04,000 --> 00:04:12,240
conspiracy theories about ufos aliens amidst and
governments concealing dark secrets do you believe

41
00:04:12,240 --> 00:04:19,600
that stuff well i believe it was a good story uh\h
and certainly that's why uh i first wrote about it\h\h

42
00:04:19,600 --> 00:04:23,680
uh well thank you those are kind comments i\h
started out can i say that i don't i don't\h\h

43
00:04:23,680 --> 00:04:28,720
want to be rude but i i actually do think both\h
of us believe and this is why we're doing this\h\h

44
00:04:28,720 --> 00:04:36,400
both of us believe at our heart of this there is\h
a conspiracy there has been a cover-up sure there\h\h

45
00:04:36,400 --> 00:04:42,080
absolutely has i tell people it's easier for me to\h
prove that there's been a cover-up than it is to\h\h

46
00:04:42,080 --> 00:04:49,040
prove exactly what ufos and uap represent because\h
i've actually been involved in the cover-up by\h\h

47
00:04:49,040 --> 00:04:56,560
by people that are that are uh you know in charge\h
of it i think and and so i do think that uh\h\h

48
00:04:56,560 --> 00:05:01,760
if you give any serious attention to this and i\h
think both of us have over the years you come to\h\h

49
00:05:01,760 --> 00:05:07,120
the conclusion that the united states government\h
has been telling people for a long long time\h\h

50
00:05:07,120 --> 00:05:13,280
nothing to see here and don't worry about it and\h
we're not looking into it because everybody's safe\h\h

51
00:05:13,280 --> 00:05:18,640
and that's not what they've been doing that part
your book brilliantly laid out this year because

52
00:05:18,640 --> 00:05:25,040
it pointed out that that wasn't the truth in
fact more than that they've ridiculed the subject

53
00:05:25,040 --> 00:05:29,840
matter this is the thing that was the eye-opener
for me as a journal i came into this thinking

54
00:05:29,840 --> 00:05:34,720
i'm going to very quickly be able to prove that
what we're talking about here which is essentially

55
00:05:34,720 --> 00:05:42,000
anomalous objects strange-looking things that are
seen not only in the sky but also increasingly

56
00:05:42,000 --> 00:05:48,240
underwater in orbit strange objects that
are now being recorded on sensor systems by

57
00:05:48,800 --> 00:05:56,160
very sophisticated mainly us military planes but
also aircraft and sensors all over the world which

58
00:05:56,160 --> 00:06:03,440
government now admits it can't explain you and i
came into this price thinking i was going to prove

59
00:06:03,440 --> 00:06:09,680
very early on this was just some black project out
at area 51 at the nevada test range we could all

60
00:06:09,680 --> 00:06:16,320
go home and get on with the next story but that
didn't happen most people that are are very well

61
00:06:16,320 --> 00:06:22,160
versed in this topic did start as skeptics i think\h
that that's true for myself as well i started out\h\h

62
00:06:22,160 --> 00:06:27,520
extremely skeptical um i kind of wanted it to be\h
true because i was writing about it in you know in\h\h

63
00:06:27,520 --> 00:06:32,400
terms of writing a movie and a television series\h
but i wanted i wanted it to be true for that but i\h\h

64
00:06:32,400 --> 00:06:38,640
didn't know until you get into it but that allows\h
me to kind of drag us back to why now why are we\h\h

65
00:06:38,640 --> 00:06:46,240
recording this inaugural podcast on december 17th\h
of 2021 well it's a special anniversary because\h\h

66
00:06:46,240 --> 00:06:52,480
many people uh certainly know where they were when\h
jfk was killed if they were alive back then as\h\h

67
00:06:52,480 --> 00:06:59,040
their parents did knowing about pearl harbor and\h
as our children know about 9 11 and the rest of us\h\h

68
00:06:59,040 --> 00:07:05,760
and for people that are involved in the ufo and\h
uh ap research field and and frankly people who\h\h

69
00:07:05,760 --> 00:07:11,040
have made themselves aware of the topic december\h
17th is when the new york times finally put it on\h\h

70
00:07:11,040 --> 00:07:16,960
the front page pretty much what you just said it\h
was amazing because i can remember reading that\h\h

71
00:07:16,960 --> 00:07:23,840
article and going oh my god the most influential
newspaper on the planet is essentially talking

72
00:07:23,840 --> 00:07:30,400
about a secret ufo investigation program that
had been going on inside the pentagon for several

73
00:07:30,400 --> 00:07:38,480
years which investigated navy videos taken by
fighter pilots that had engaged with these objects

74
00:07:38,480 --> 00:07:45,920
which it could not explain that was a paradigm
shift really wasn't it it was a shocker and

75
00:07:45,920 --> 00:07:51,040
uh for those uh people who are listening to us
who are who probably had a passing awareness of

76
00:07:51,040 --> 00:07:57,920
this this uh i guess event this this uh this
story that broke it's been something that has

77
00:07:57,920 --> 00:08:05,440
sort of upended everything uh if you want to look
at ufo disclosure progress over the past 75 years

78
00:08:05,440 --> 00:08:12,000
it's been almost glacial but then along comes
this new york times article and in four years

79
00:08:12,000 --> 00:08:17,680
wow i mean things have really gotten on rails
right now and and and in fact as we're about to

80
00:08:17,680 --> 00:08:25,920
talk about 2021's been one of the most impactful
years ever in 2022 looks pretty much the same way

81
00:08:25,920 --> 00:08:36,160
so let's talk about that moment that was described
in the 2017 december 2017 article there's a pilot

82
00:08:36,160 --> 00:08:44,640
called dave fraver who's told to go out and find
a location and look to see what's there over ocean

83
00:08:45,200 --> 00:08:51,600
just off baja california and what he finds
when he gets there he looks down from 28

84
00:08:51,600 --> 00:08:57,760
000 feet and he sees what the uss princeton a
guided missile destroyer has been registering

85
00:08:57,760 --> 00:09:04,400
on its very sophisticated radar systems he
sees an object hovering just above the ocean

86
00:09:05,600 --> 00:09:12,320
it's incredible it i mean the whole thing reads
like a suspense novel and um and i'll be honest

87
00:09:12,320 --> 00:09:17,440
with you um i have a pilot that i've just
written called uap and i based it primarily

88
00:09:17,440 --> 00:09:23,040
on what would happen when something like that
uh sort of interrupts the government's train

89
00:09:23,040 --> 00:09:28,480
of thought on things and i think that the what's
happened over the these four years is that we've

90
00:09:28,480 --> 00:09:34,960
realized that what the new york times described
in that groundbreaking article wasn't a one-off

91
00:09:34,960 --> 00:09:40,960
it wasn't just a very special event it's something
that these these navy pilots and frankly air force

92
00:09:40,960 --> 00:09:46,480
pilots have been saying happens all the time there
are navy pilots right now that's and and radar

93
00:09:46,480 --> 00:09:51,440
people that say oh yeah this stuff happens almost
daily and i want people to think about that for

94
00:09:51,440 --> 00:09:57,680
a second these things that that don't appear to
have wings they have no visible form of propulsion

95
00:09:57,680 --> 00:10:04,640
uh they can hover they can go 10 000 miles an hour
they can go from 80 000 feet down to twenty eight

96
00:10:04,640 --> 00:10:09,440
thousand feet or even two thousand or two hundred
feet turn on turn on a dime without changing

97
00:10:09,440 --> 00:10:15,840
velocity yeah it's capable of cloaking themselves
like a klingon destroyer it's quite extraordinary

98
00:10:15,840 --> 00:10:22,240
they can examine the it is so extraordinary and
it's amplified in its uh i don't know if this is

99
00:10:22,240 --> 00:10:28,640
a word in its extraordinariness because the truth
of the matter is if it's happening all the time no

100
00:10:28,640 --> 00:10:34,560
wonder we're talking about it right now no wonder
that the wheels are coming off this cover-up that

101
00:10:34,560 --> 00:10:39,440
you mentioned uh just uh recently so let's just
quickly summarize what we've described there

102
00:10:39,440 --> 00:10:43,520
because this is really important for our listeners
you're going to be hearing us talk occasionally

103
00:10:43,520 --> 00:10:49,360
about something called the five observables yes
and bryce gave them a quick summary that there are

104
00:10:49,920 --> 00:10:57,040
they're objects that seem to be able to display a
capacity to propel themselves using a technology

105
00:10:57,040 --> 00:11:03,280
that sounds like anti-gravity there's no
visible exhaust on the propulsion system

106
00:11:03,280 --> 00:11:08,240
when they put infrared sensors on them you
can't see the kind of glow that you'd expect

107
00:11:08,240 --> 00:11:15,440
to see from say a jet fighter's rear end they're
capable of instantaneous acceleration they don't

108
00:11:15,440 --> 00:11:24,000
wind up for a start they go from north to 10 000
kilometers or 10 000 miles an hour in an instant

109
00:11:24,000 --> 00:11:29,520
and for dave fraver that day the people who
were on the radar systems in the uss pristin

110
00:11:29,520 --> 00:11:37,360
princeton they'd seen these objects at 80 000 feet
and in point seven eight no in seven eighths of

111
00:11:37,360 --> 00:11:44,400
a second it went from eighty thousand feet to
hovering above the surface of the ocean that's

112
00:11:44,400 --> 00:11:50,480
hundreds of thousands of miles an hour thousands
of g-forces there's no technology is there right

113
00:11:51,200 --> 00:11:56,160
if we had human beings inside a craft that did
that they would pretty much be liquid by the time

114
00:11:56,160 --> 00:12:02,880
that the that event was over so it does kind of
raise questions about well i mean it does raise

115
00:12:02,880 --> 00:12:09,120
questions about what we're looking at because
it's not it doesn't sound like it's uh people

116
00:12:09,680 --> 00:12:15,600
flying around in these things because we couldn't
do it right now what's very clear is this is not

117
00:12:15,600 --> 00:12:22,000
known acknowledged correct american russian or
chinese technology the pentagon's made that clear

118
00:12:23,440 --> 00:12:26,880
just let's quickly summarize these
observables we've talked about the

119
00:12:27,440 --> 00:12:33,760
capacity to do instantaneous acceleration
hypersonic speeds they can cloak themselves

120
00:12:33,760 --> 00:12:40,800
they can evade radar and jam sensors and the
final fifth one is that they're trans medium

121
00:12:40,800 --> 00:12:48,240
they've been recorded traveling from air to sea\moving it hundreds of knots underwater and they're\

122
00:12:48,240 --> 00:12:55,360
also being detected in orbit in outer space\moving from our atmosphere it can go from space\

123
00:12:55,360 --> 00:13:02,080
uh to atmosphere to water so it's kind of ironic\isn't that we started uh off tonight by saying\

124
00:13:02,080 --> 00:13:07,280
well ufo is kind of an old term unidentified\flying object and the government came up with\

125
00:13:07,280 --> 00:13:14,000
a new term uh unidentified aerial phenomena and\now it turns out even that may be outdated because\

126
00:13:14,000 --> 00:13:19,680
they're not just aerial phenomena are they there's\something else that we're looking at and and it's\

127
00:13:19,680 --> 00:13:25,440
disturbing a lot of people right now it's the\reason it has traction is that it isn't just\

128
00:13:25,440 --> 00:13:31,440
uh your your friend who likes to talk\about ufos who's talking about this now\

129
00:13:31,440 --> 00:13:38,080
now it's senators and congressmen and and\very highly uh sourced uh intel people\

130
00:13:39,040 --> 00:13:46,080
there are a lot of people who since the\december 2017 new york times story have thought\

131

00:13:46,080 --> 00:13:51,600

they've asserted that there's a deliberate\h
slow trickle coming out from government that\h\h

132

00:13:51,600 --> 00:13:56,880

this is the beginning of disclosure that we're\h
suddenly going to get told about a new reality\h\h

133

00:13:57,520 --> 00:14:06,720

i must say i'm not so sure well you know we made\h
park company a little tiny bit on that one ross\h\h

134

00:14:06,720 --> 00:14:13,520

because i i'm more of a i i sort of think once the\h
horse gets out of the barn a little bit on this\h\h

135

00:14:13,520 --> 00:14:19,280

thing it's hard to get the horse back in the barn\h
and i see a world where yeah there there's been\h\h

136

00:14:19,280 --> 00:14:25,360

a lot of uh secrecy involved in this going back\h
to the summer of 47 when the flying saucer craze\h\h

137

00:14:25,360 --> 00:14:32,880

actually began and i have been as frustrated as\h
anybody by that and it's clear that denial and\h\h

138

00:14:32,880 --> 00:14:37,920

ridicule the twin pillars of those two things\h
have managed to keep this thing bottled up but\h\h

139

00:14:38,640 --> 00:14:44,640

now that we're all talking about it together and\h
now that senators are demanding action and reports\h\h

140

00:14:44,640 --> 00:14:49,360

are being written that are public it's going to\h
be hard to i think completely turn the dial down\h\h

141
00:14:50,080 --> 00:14:56,720
but we you know reasonable people can disagree so\h
let's talk about some of those key events i mean\h\h

142
00:14:56,720 --> 00:15:01,920
obviously we're talking on the anniversary of the\h
new york times story four years ago but since that\h\h

143
00:15:01,920 --> 00:15:07,680
story this year has been a huge year which is why\h
we felt it was important to do this year in review\h\h

144
00:15:08,240 --> 00:15:14,720
and probably the key event that took place\h
this year first off was the 25th of june\h\h

145
00:15:15,440 --> 00:15:24,720
report that was tabled in the congress by the uaep\h
task force which made a report to congress that i\h\h

146
00:15:24,720 --> 00:15:30,400
think even though it was slightly dull really in\h
the reading it was actually a momentous document\h\h

147
00:15:30,400 --> 00:15:36,080
for its significance i i have to agree uh\h
just to bring the listener in on this thing\h\h

148
00:15:36,640 --> 00:15:44,640
congress demanded and gave 180 days in december of\h
2020 during the trump administration that there be\h\h

149
00:15:44,640 --> 00:15:50,320
this report written by the office of the director\h
of national intelligence and they were given\h\h

150
00:15:50,320 --> 00:15:55,520
180 days i actually got a calendar out when that\h
happened ross and i realized that it was june\h\h

151

00:15:55,520 --> 00:16:01,760

25th and i kept seeing my journalistic colleagues\h
out there talking about early june or late june\h\h

152

00:16:01,760 --> 00:16:08,000

and i i thought where's your calendar people\h
and it literally did come out on june 25th and\h\h

153

00:16:08,000 --> 00:16:12,560

uh and just as kind of a sidebar to that and\h
then i'd like to get into the meat of that\h\h

154

00:16:12,560 --> 00:16:18,640

but um i had written a book myself uh on this\h
topic uh called a.d after disclosure which would\h\h

155

00:16:18,640 --> 00:16:23,520

be how the world's gonna change after we finally\h
all admit some of this stuff is is real and\h\h

156

00:16:23,520 --> 00:16:29,360

authentic and one of the things that uh i i put\h
in that book along with my co-author richard dolan\h\h

157

00:16:29,360 --> 00:16:34,000

was that if there was going to be a disclosure\h
event it would come on a friday after four o'clock\h\h

158

00:16:34,000 --> 00:16:40,000

when the stock market had been closed down and uh\h
the media would have the a team sent home and the\h\h

159

00:16:40,000 --> 00:16:44,640

b teams would be in charge for the weekend and\h
guess when that report came out it came out on\h\h

160

00:16:44,640 --> 00:16:50,720

friday june 25th after four o'clock so i i sort\h
of feel like the people who wrote it knew it would\h\h

161

00:16:50,720 --> 00:16:55,840

be more substantial so i do want to follow up on\h
what you just said ross because i think it's it's\h\h

162

00:16:57,040 --> 00:17:04,560

very true people have tried to dismiss that report\h
but i'm only talking about activists who call it\h\h

163

00:17:04,560 --> 00:17:12,560

something like a nothing burger it was not not\h
in the least the key thing for me is that it\h\h

164

00:17:12,560 --> 00:17:19,120

acknowledged that the videos that had been shot\h
by the us navy three of which have been publicly\h\h

165

00:17:19,120 --> 00:17:25,680

released could not be prosaically explained you\h
know they couldn't give a mundane explanation for\h\h

166

00:17:25,680 --> 00:17:31,600

them they couldn't say it was a weather balloon\h
or a cloud or a misidentified aircraft or or some\h\h

167

00:17:31,600 --> 00:17:37,840

kind of atmospheric phenomena that was benign they\h
they genuinely admitted the pentagon investigators\h\h

168

00:17:37,840 --> 00:17:43,360

admitted after several years of investigating\h
that these videos were showing a phenomena\h\h

169

00:17:43,360 --> 00:17:50,240

that was real people who are a part of that team\h
are actually suggesting that these are quote craft\h\h

170

00:17:50,240 --> 00:17:58,240

right vehicles are the words that lou elizondo the\h
former head of the ufo investigation program in\h\h

171

00:17:58,240 --> 00:18:05,520

the pentagon has used he talks about vehicles he\h
talks about craft he's talking about intelligently\h\h

172

00:18:05,520 --> 00:18:14,400

controlled objects doing things that human science\h
as it acknowledges at the moment as is officially\h\h

173

00:18:14,400 --> 00:18:20,160

acknowledged at the moment human science just\h
can't do it's far beyond our known physics far\h\h

174

00:18:20,160 --> 00:18:26,080

beyond i want to just again bring our listeners\h
up to speed here this report which was six months\h\h

175

00:18:26,080 --> 00:18:32,400

in the making and came out in june june 25th\h
uh came out in two versions one was classified\h\h

176

00:18:32,400 --> 00:18:38,640

and that was briefed and given to the intelligence\h
committees of the united states congress uh both\h\h

177

00:18:38,640 --> 00:18:45,040

the senate and uh house and then the public\h
version was shorter it was basically six pages of\h\h

178

00:18:45,040 --> 00:18:50,720

content nine pages if you count the fluff around\h
it six pages of content here's why i say it's not\h\h

179

00:18:50,720 --> 00:18:57,120

a nothing burger uh what you've talked about is\h
what i call the big picture which was it confirms\h\h

180

00:18:57,120 --> 00:19:01,920

these things are real well the government's really\h
danced around that for years and and now they're\h\h

181

00:19:01,920 --> 00:19:07,760

saying okay yes they're real they're probably\h
craft and we don't know what they are all right so\h\h

182

00:19:07,760 --> 00:19:13,200

that's number one that's a big admission but\h
also this report does two other things that\h\h

183

00:19:13,200 --> 00:19:19,120

i think are profound it basically says we\h
don't think these are made in america in\h\h

184

00:19:19,120 --> 00:19:24,160

other words translation we don't think it's black\h
budget american technology from the department\h\h

185

00:19:24,160 --> 00:19:29,920

of defense and then the third thing it said is\h
we don't think that our adversaries are making\h\h

186

00:19:29,920 --> 00:19:36,400

them which would be china or russia to which i\h
have to just say i agree folks because while you\h\h

187

00:19:36,400 --> 00:19:42,000

might think america china or russia might be able\h
to make something crazy right now i don't think\h\h

188

00:19:42,000 --> 00:19:47,920

they were making them in 1947 and china didn't\h
even have an air force back then absolutely and\h\h

189

00:19:47,920 --> 00:19:51,840

there's one more thing that i thought was\h
significant internet report which is that\h\h

190

00:19:52,480 --> 00:19:58,800

for years the default explanation from here in\h
australia our air force the british air force and\h\h

191

00:19:58,800 --> 00:20:03,200

your american air force has always been they've
always kind of avoided the question when people

192

00:20:03,200 --> 00:20:10,320

ask are the ufos real they always say whatever
they are they're not a threat to national security

193

00:20:10,320 --> 00:20:16,560

and they're no threat to flight safety and the
crucial thing that i think often gets overlooked

194

00:20:16,560 --> 00:20:22,320

in the mainstream media and most of the coverage
of this issue is that the report to the congress

195

00:20:22,320 --> 00:20:28,640

actually admitted that it is a threat to flight
safety because some of these pilots especially on

196

00:20:28,640 --> 00:20:35,280

the east coast i've spoken to one of them they've
been buzzed by these weird objects a sphere

197

00:20:35,280 --> 00:20:42,880

in one case with a square inside a translucent
sphere with a kind of charcoal square inside an

198

00:20:42,880 --> 00:20:50,800

intelligently controlled object engaging with his
aeroplane at hypersonic speeds doing weird stuff

199

00:20:50,800 --> 00:20:57,120

that i'm told some of this is recorded on video
and the navy has admitted it cannot explain this

200

00:20:57,760 --> 00:21:03,360

i frankly bryce and this is i guess why you and
i are doing this program i just don't understand

201

00:21:03,360 --> 00:21:08,160

why many in the mainstream media including
our chums at the new york times aren't

202

00:21:08,160 --> 00:21:15,200

devoting full-time runs men and women to
covering this beat it's an important subject

203

00:21:15,200 --> 00:21:21,440

i think missions the admissions that have been
made by the pentagon i think are earth-shattering

204

00:21:22,000 --> 00:21:27,200

well i i think that they probably will get in
the game in a bigger way across the board it

205

00:21:27,200 --> 00:21:32,400

might be like watergate for a while uh woodward
and bernstein kind of owned that story and then

206

00:21:32,400 --> 00:21:35,920

everyone else saw it was a real story and
they got involved in it so that may be

207

00:21:35,920 --> 00:21:41,040

what is going to happen and that may be my answer
for why i think that we're going to get some kind

208

00:21:41,040 --> 00:21:46,400

of disclosure but i just wanted to uh we you know
we said we were doing this for all the reasons

209

00:21:46,400 --> 00:21:51,840

that you've already laid out but we also said it
was kind of a year in review so i just wanted to

210

00:21:51,840 --> 00:21:57,520

point out i wrote down the number one uh i mean
the story we're talking about the preliminary

211

00:21:57,520 --> 00:22:04,320

report on uap right but it's only number two it's the number two story of the year because this

212

00:22:05,040 --> 00:22:12,000

is the number one story of the year absolutely the gillibrand rubio amendment and i i and

213

00:22:12,000 --> 00:22:18,480

the only reason i and i'm going to just set you up for this because i think the evidence that

214

00:22:18,480 --> 00:22:24,640

the preliminary report was way more important than people gave it credit for is the fact that these

215

00:22:24,640 --> 00:22:30,640

congress people and senators like gillibrand and rubio who got the private classified briefings who

216

00:22:30,640 --> 00:22:37,200

saw some of the videos that you're talking about got scared and decided to go big and not go home

217

00:22:38,320 --> 00:22:45,920

you know what i didn't think i would ever see in a piece of draft legislation for the us congress the

218

00:22:45,920 --> 00:22:54,640

words unidentified aerial phenomena it's historic the gillibrand amendment which to give all due

219

00:22:54,640 --> 00:23:00,400

credit was pushed largely by a senator democratic senator from new york kirsten gillibrand is it

220

00:23:00,400 --> 00:23:07,120

gillibrand or gillibrand by the way we say i think we say gillibrand but you know with our australia

221

00:23:07,120 --> 00:23:11,680

america thing i don't know we're going to bump\h
into this many times i'm sure in the future\h\h

222

00:23:11,680 --> 00:23:18,400

so the pentagon in anticipation of this congress\h
legislat this legislation coming before congress\h\h

223

00:23:18,400 --> 00:23:25,040

it announced it was creating an unpronounceable\h
acronym a i o a o i m s g i'm not even gonna\h\h

224

00:23:25,040 --> 00:23:29,680

bother trying to explain what it was but it\h
was the pentagon's effort to try to head this\h\h

225

00:23:29,680 --> 00:23:34,960

off and what they were trying to do was say no\h
no we're going to investigate ufos we're going\h\h

226

00:23:34,960 --> 00:23:39,680

to investigate the phenomenon um you know just\h
here's our here's our office just leave it with us\h\h

227

00:23:40,400 --> 00:23:48,320

and mercifully thank heavens sanity has prevailed\h
because for the first time in 75 76 years since\h\h

228

00:23:48,320 --> 00:23:55,840

this issue first surfaced after world war ii the\h
congress is actually putting in writing in draft\h\h

229

00:23:55,840 --> 00:24:02,000

legislation the most stunning requirements\h
i just cannot believe what it's it's as\h\h

230

00:24:02,000 --> 00:24:12,000

well as requiring the collection of data on uap's\h
unidentified aerial phenomena my favorite part is\h\h

231

00:24:12,000 --> 00:24:17,520

that firstly they're required to coordinate\h
with allies and partners of the united states\h\h

232

00:24:17,520 --> 00:24:24,160

that means my government australia canada\h
it means france england this is going to be\h\h

233

00:24:24,160 --> 00:24:29,920

international there's going to be an international\h
collaboration if america wants it it'll get it\h\h

234

00:24:30,640 --> 00:24:38,160

don't you agree i agree um i and and it is uh\h
unprecedented and seriously folks uh it's it's\h\h

235

00:24:38,160 --> 00:24:43,600

worth reading because you as ross pointed out\h
the more you read of it you say wait a second\h\h

236

00:24:43,600 --> 00:24:49,520

are we really they're funding it they're telling\h
there there's ev there's a language in there\h\h

237

00:24:49,520 --> 00:24:54,720

about a fast reaction team to go and investigate\h
these things i mean who would have thought that\h\h

238

00:24:55,280 --> 00:25:01,920

incident response yes the secret the secretary\h
of defense shall ensure that this ufo uap\h\h

239

00:25:01,920 --> 00:25:08,720

investigation group has adequate personnel with\h
the requisite experience equipment transportation\h\h

240

00:25:08,720 --> 00:25:14,000

and other resources to respond rapidly to\h
incidents it's kind of like a an x-files\h\h

241

00:25:14,000 --> 00:25:21,040

investigation team it sounds extraordinary well\h
and and also um because a good report can get\h\h

242

00:25:21,040 --> 00:25:26,480

the ball rolling in certain cases what's i think\h
also profound about it is that it's demanding a\h\h

243

00:25:26,480 --> 00:25:32,720

yearly public report so uh they're gonna have to\h
build on what they started last year this year\h\h

244

00:25:33,440 --> 00:25:40,000

sure and basically it's it's order it's ordering\h
the defense department i think kicking and kicking\h\h

245

00:25:40,000 --> 00:25:46,480

and screaming not only to make public reports\h
but private classified reports to congress on the\h\h

246

00:25:46,480 --> 00:25:54,240

technical and operational characteristics origins\h
and intentions of unidentified aerial phenomena\h\h

247

00:25:55,680 --> 00:26:03,600

um uh let me go on well russ it also says that\h
we want to if that it's looking to find out\h\h

248

00:26:03,600 --> 00:26:09,520

if we have actually any of this technology in\h
our possession which would mean crash wreckage\h\h

249

00:26:09,520 --> 00:26:16,160

so they're saying they want to develop and test\h
a scientific plan theories to account for the\h\h

250

00:26:16,160 --> 00:26:22,000

characteristics and performance of unidentified\h
aerial phenomena that exceed the known state\h\h

251

00:26:22,000 --> 00:26:27,520

of the art in science and technology including\h
in the areas of propulsion aerodynamic control\h\h

252

00:26:28,240 --> 00:26:32,720

signatures structures materials sensors\h
countermeasures weapons electronics\h\h

253

00:26:32,720 --> 00:26:38,400

power generation and to provide the foundation\h
for potential future investments to replicate\h\h

254

00:26:38,400 --> 00:26:46,160

any such advanced characteristics and performance\h
i mean they're not talking about alien spaceships\h\h

255

00:26:46,160 --> 00:26:50,960

but by golly they're coming pretty close\h
you know i think we could have just taken\h\h

256

00:26:50,960 --> 00:26:54,880

10 minutes and had you read the damn thing\h
because that would have been pretty profound\h\h

257

00:26:55,440 --> 00:27:01,760

on its own and by the way part of it involved\h
in that is it also says it wants reports on\h\h

258

00:27:01,760 --> 00:27:07,840

uh biological effects that these things might have\h
had that were injurious to people who saw them\h\h

259

00:27:07,840 --> 00:27:13,920

well this is the cool part i mean in um in\h
the draft legislation it requires that no\h\h

260

00:27:13,920 --> 00:27:21,680

later than the 31st of october next year 2022\h
and every other year after that through to 2026\h\h

261

00:27:21,680 --> 00:27:28,880

there shall be an annual report and it will report\h
not only on all unidentified aerial phenomena\h\h

262

00:27:28,880 --> 00:27:37,600

events that occurred during that year but also\h
as you say analysis of geospatial intelligence\h\h

263

00:27:38,240 --> 00:27:45,600

signals intelligence human intelligence so that's\h
dragging in the national oceanographic institution\h\h

264

00:27:45,600 --> 00:27:53,200

the nro the national reconnaissance office the\h
nsa all of america's top spy agencies are being\h\h

265

00:27:53,200 --> 00:28:00,480

ordered to provide data to the defense department\h
now of course for this topic to have been buried\h\h

266

00:28:00,480 --> 00:28:06,720

for as many years and again going back to 47\h
that's a lot of years that'll be 75 years in 2022\h\h

267

00:28:06,720 --> 00:28:11,920

that this thing is this uh thing has been going on\h
in our our lives for it to have been buried that\h\h

268

00:28:11,920 --> 00:28:17,680

deep uh it does mean that people who are in charge\h
of whatever the investigation has been over time\h\h

269

00:28:17,680 --> 00:28:22,480

haven't been as forthcoming about it as we would\h
have liked them to be so it's not that it's not\h\h

270

00:28:22,480 --> 00:28:27,360

that there won't be people within the department\h
of defense and some of these intel departments\h\h

271

00:28:27,360 --> 00:28:32,480

that won't need to be drag kicking and screaming\h
to the table now i think it's important at this\h\h

272

00:28:32,480 --> 00:28:38,960

stage to acknowledge that everybody politely\h
acknowledges that whilst it has been declared\h\h

273

00:28:38,960 --> 00:28:44,800

by the congress and in these reports that there\h
is no american technology that equates with this\h\h

274

00:28:44,800 --> 00:28:50,560

technology and there's very likely no russian or\h
chinese technology that does they still hold open\h\h

275

00:28:50,560 --> 00:28:56,160

the possibility that it might be some foreign\h
adversary so there's a requirement here that\h\h

276

00:28:57,040 --> 00:29:02,800

they identify any incidents or patterns regarding\h
unidentified aerial phenomena that indicate\h\h

277

00:29:02,800 --> 00:29:10,640

a potential adversarial foreign government may\h
have achieved a breakthrough aerospace capability\h\h

278

00:29:11,360 --> 00:29:16,800

but i don't really think to you that they\h
genuinely believe that is it just a sop for\h\h

279

00:29:16,800 --> 00:29:22,240

the debunkers look uh i'm sure your sources tell\h
you the same thing my sources tell me which is\h\h

280

00:29:22,240 --> 00:29:29,120

nobody seriously believes that uh most people\h
say it's a smoke screen right now to sort of get\h\h

281

00:29:29,680 --> 00:29:34,400

to to get the camel in the tent i guess\h
you know the idea that we have to talk\h\h

282

00:29:34,400 --> 00:29:40,000

about foreign adversaries who might have\h
developed this uap because that's what\h\h

283

00:29:40,000 --> 00:29:46,320

the public can handle right now now bryce a\h
few months ago i got a tip from a very good\h\h

284

00:29:46,320 --> 00:29:52,560

us intelligence community insider who told me\h
that the united states was actually actively\h\h

285

00:29:52,560 --> 00:29:58,240

involved in trying to bring down one\h
of these objects to actually bring down\h\h

286

00:29:58,240 --> 00:30:04,160

one of what they were describing to me as a\h
vehicle a craft an intelligently controlled object\h\h

287

00:30:04,960 --> 00:30:10,000

and i waited for somebody in the us government\h
to deny this and to challenge me on it nobody did\h\h

288

00:30:10,560 --> 00:30:16,560

and what blows me away is that here in this draft\h
legislation and this kirsten gillibrand amendment\h\h

289

00:30:16,560 --> 00:30:22,240

there is a reference to the requirement that\h
they provide an update on any efforts underway\h\h

290

00:30:22,880 --> 00:30:29,280

on the ability to capture or exploit\h
discovered unidentified aerial phenomena\h\h

291

00:30:30,160 --> 00:30:34,080

and as you've pointed out earlier it also\h
requires an assessment of any health related\h\h

292

00:30:34,080 --> 00:30:39,680

effects for individuals that have encountered an\h
identified aerial phenomena because i'm told that\h\h

293

00:30:39,680 --> 00:30:45,520

some of these pilots and other people who've had\h
these experiences have suffered adverse effects\h\h

294

00:30:45,520 --> 00:30:51,280

from their engagement with them it's interesting\h
because i don't think you meant to step into this\h\h

295

00:30:51,280 --> 00:30:57,440

but that is the intersection of of what breaking\h
news and my life in hollywood because the first\h\h

296

00:30:57,440 --> 00:31:04,240

movie i ever wrote about ufos was called official\h
denial it aired on the sci-fi channel in 1993\h\h

297

00:31:04,240 --> 00:31:10,400

and it was about shooting down a ufo a government\h
plan to do that called operation forced encounter\h\h

298

00:31:10,400 --> 00:31:14,880

and i will tell you without getting it we don't\h
have time to get into it now but i was contacted\h\h

299

00:31:14,880 --> 00:31:19,520

by somebody who claimed to have been in the\h
government at that time who said that that was\h\h

300

00:31:19,520 --> 00:31:25,360

something they were very interested in so i i and\h
that was 20 that was over a quarter of a century\h\h

301
00:31:25,360 --> 00:31:29,600
ago so i have to think if they were thinking about\h
it then they're they're thinking about it now\h\h

302
00:31:30,560 --> 00:31:36,160
and the other thing they're requiring is that\h
congress be told about the number of incidents\h\h

303
00:31:36,720 --> 00:31:43,840
of unidentified aerial phenomena associated\h
with military nuclear assets including strategic\h\h

304
00:31:43,840 --> 00:31:48,240
nuclear weapons and nuclear-powered\h
ships and submarines and that's\h\h

305
00:31:48,240 --> 00:31:53,280
i think very important because one of the things\h
we've seen down here in australia is we we've\h\h

306
00:31:53,280 --> 00:31:59,840
got facilities that are part of your country's\h
strategic nuclear deterrence the pine gap facility\h\h

307
00:32:00,640 --> 00:32:07,440
which is where you monitor icbm launches from\h
satellites and we also have the north west cape\h\h

308
00:32:07,440 --> 00:32:14,320
haraldi holt naval communications station where\h
frankly so really wacky wu has been seen by\h\h

309
00:32:14,320 --> 00:32:21,840
many many witnesses huge craft glowing orbs\h
objects going into the sea it's a really\h\h

310
00:32:21,840 --> 00:32:28,880
lively area for strange phenomena and this nexus\h
between nuclear weapons nuclear weapons facilities\h\h

311

00:32:28,880 --> 00:32:36,080

and the phenomenon is very real very real\h
and and i i have to say when i first read\h\h

312

00:32:36,080 --> 00:32:41,280

your book this year uh one of the i thought it\h
accomplished two things very well the first was\h\h

313

00:32:41,280 --> 00:32:48,080

it made me uh relieved that i didn't have to\h
prove to anybody anymore that this wasn't just uh\h\h

314

00:32:48,080 --> 00:32:53,280

united states citizens americans going a little\h
bit crazy and and that it wasn't really happening\h\h

315

00:32:53,280 --> 00:32:58,480

anywhere else because the truth of the matter you\h
make that case very strongly and also i think you\h\h

316

00:32:58,480 --> 00:33:05,680

also make the case that the united states uh\h
uh has a an ally in australia in trying to\h\h

317

00:33:05,680 --> 00:33:13,840

maintain its nuclear force uh projection and\h
and one of the things that uh has got people\h\h

318

00:33:13,840 --> 00:33:19,760

in congress running around like their hair is\h
on fire is this nuclear connection between uh\h\h

319

00:33:19,760 --> 00:33:26,400

unidentified aircraft and nuclear weapons and that\h
one uh again goes back to what you said previously\h\h

320

00:33:26,400 --> 00:33:33,280

uh the report says we should be worried about\h
that connection that there is a danger there\h\h

321

00:33:34,160 --> 00:33:39,280

so congress is going to get a report in october\h
next year but there's no guarantee is there that\h\h

322

00:33:39,280 --> 00:33:45,440

we're going to get told the full unclassified\h
unexpected version isn't there a risk here that\h\h

323

00:33:45,440 --> 00:33:50,320

what we're going to see is another project blue\h
book snow job where you've got the you've got\h\h

324

00:33:50,320 --> 00:33:55,680

the military collecting data and only letting\h
the public know the stuff where they can debunk\h\h

325

00:33:56,320 --> 00:34:02,160

i just you know i think we're moved beyond that\h
i could be wrong i mean um and and time will tell\h\h

326

00:34:02,160 --> 00:34:08,240

but i don't think uh the the whole issue has\h
sort of parked itself anywhere uh while that\h\h

327

00:34:08,240 --> 00:34:13,040

report is going to come out in october this is\h
an active issue and people are talking about it\h\h

328

00:34:13,040 --> 00:34:18,640

and i just wanted to add one thing to this um\h
to try to dimensionalize this for our audience\h\h

329

00:34:19,440 --> 00:34:25,840

the name of the amendment is the gillibrand\h
rubio amendment uh kirsten gillibrand is the\h\h

330

00:34:25,840 --> 00:34:32,480

senator from new york marco rubio the senator\h
from florida they both serve on the intelligence\h\h

331

00:34:32,480 --> 00:34:39,040

committee in the senate what do they have\h
in common marco rubio ran for president in\h\h

332

00:34:39,040 --> 00:34:46,480

2016. kirsten gillibrand ran for president\h
in 2020 these are ambitious politicians they\h\h

333

00:34:46,480 --> 00:34:52,640

know how to get elected they know how to avoid\h
issues that would cause them not to get elected\h\h

334

00:34:52,640 --> 00:34:58,800

and they have both decided that the uap issue\h
is of significant importance that they can put\h\h

335

00:34:58,800 --> 00:35:04,400

their names on an amendment about it and and talk\h
openly about it and i don't think they checked\h\h

336

00:35:04,400 --> 00:35:11,200

their ambition their presidential ambitions at the\h
door i think they think maybe not for 2024 but i\h\h

337

00:35:11,200 --> 00:35:16,960

think that they think this is going to be part\h
of the public discourse in the fairly near future\h\h

338

00:35:16,960 --> 00:35:23,040

and they want to be able to say i was there early\h
and definitively and i was right on this topic\h\h

339

00:35:23,680 --> 00:35:28,000

now i can give you a bit of an insight into that\h
because while i was doing my research for my book\h\h

340

00:35:28,000 --> 00:35:35,680

i i was talking to some of the congress people and\h
staffers who were receiving classified briefings\h\h

341

00:35:36,320 --> 00:35:42,320

and what's interesting is that since the new york times story there's been very secret briefings

342

00:35:42,320 --> 00:35:48,400

held in skiff's secure compartmentalized information facilities in the bowels of the

343

00:35:48,400 --> 00:35:53,440

the pentagon and also in the congress which have briefed certain senators certain congressmen

344

00:35:53,440 --> 00:36:02,160

and their staffers on what exactly the uap task force fund and i haven't got a lot of the detail

345

00:36:02,160 --> 00:36:07,600

but what i do know is it's rocked the world view of the people that i've spoken to

346

00:36:08,560 --> 00:36:14,880

it really was disturbing for them because they were hearing from pilots who i've also spoken

347

00:36:14,880 --> 00:36:21,200

to that this isn't just a one-off these aren't just isolated incidents and they're not just

348

00:36:21,200 --> 00:36:26,080

to deal with those debunkers who always say oh why does it only ever happen in america it doesn't

349

00:36:26,080 --> 00:36:33,120

just happen in america this is a phenomenon that is occurring all the time all over the world but

350

00:36:33,120 --> 00:36:41,760

because america has now developed incredibly good phased array radars radars that don't work like

351

00:36:41,760 --> 00:36:45,280

the old ones you used to see on the black and white movies where they're like a clock they've

352

00:36:45,280 --> 00:36:51,200

got a beam that goes out and hits an object that only gives you an idea of it being solid

353

00:36:51,200 --> 00:36:57,840

it also gives you an idea of its size and its shape and even its mass in some cases and these

354

00:36:57,840 --> 00:37:03,920

technologies have allowed the pentagon the u.s navy in particular for the first time to start

355

00:37:03,920 --> 00:37:11,600

seriously engaging with a phenomenon that we know has been around for many many decades at least

356

00:37:11,600 --> 00:37:16,640

since the end of world war ii it's a terrific point you're making and and if you think about

357

00:37:16,640 --> 00:37:21,520

it one of the things that's been said over these years many times is skeptics say well where's the

358

00:37:21,520 --> 00:37:27,760

evidence right you've got a lot of people seeing things in the sky but where's the evidence well

359

00:37:27,760 --> 00:37:32,480

part of the answer was there was some evidence and good evidence and we can get into that in future

360

00:37:32,480 --> 00:37:38,720

shows but the real answer now is particularly since 2000 on you could say that the state of

361

00:37:38,720 --> 00:37:45,360

our ability to perceive our world that's around
us has increased exponentially our technology

362

00:37:45,360 --> 00:37:51,920

is better than ever to see what's going on and
that technology is on board our aircraft it's a

363

00:37:51,920 --> 00:37:57,920

it's on board these these carriers that are
watching the skies it's it's in our satellites

364

00:37:57,920 --> 00:38:05,200

and our ability to pull all this together is what
congress is basically asking the military and the

365

00:38:05,200 --> 00:38:11,040

intelligence departments to do and that could be
a big game changer well one of my sources for my

366

00:38:11,040 --> 00:38:16,160

book guy called bob fish didn't mind going on
the record he was working in lockheed martin's

367

00:38:16,160 --> 00:38:25,520

facility on in california and he was shown
telemetry data from satellites dsp defense support

368

00:38:25,520 --> 00:38:31,520

program satellites and this would be nearly
30 years ago now so this is 30 years ago sure

369

00:38:31,520 --> 00:38:40,000

and he was shown how this satellite recorded an
object coming in front of the satellite changing

370

00:38:40,000 --> 00:38:49,120

course changing velocity and then entering earth's
atmosphere not a terrestrial human-made object not

371

00:38:49,120 --> 00:38:54,960

a meteor or a comet that's not how meteors\h
or comets behave a complete mystery and so\h\h

372

00:38:54,960 --> 00:39:02,080

the thing that fascinates me is that this has\h
been a mystery for not just the last few years\h\h

373

00:39:02,080 --> 00:39:07,040

it's been and if you go through and this is the\h
thing that blew me away about your fantastic your\h\h

374

00:39:07,040 --> 00:39:12,640

government honestly as a journalist i just despair\h
it how secret my government is you you guys have\h\h

375

00:39:12,640 --> 00:39:19,600

got the most incredible archives the cia library\h
is a it's a godsend for openness and transparency\h\h

376

00:39:19,600 --> 00:39:23,920

and i know we all think the cia is a very sort\h
of dark agency that doesn't reveal very much\h\h

377

00:39:24,560 --> 00:39:29,920

but the stuff it reveals the stuff your defense\h
department reveals about the history of this\h\h

378

00:39:29,920 --> 00:39:37,600

phenomenon the fact that it's been around since\h
at least the end of world war ii and probably a\h\h

379

00:39:37,600 --> 00:39:44,400

lot lot earlier the pilots that i've been talking\h
to who are flying off the east coast of virginia\h\h

380

00:39:44,400 --> 00:39:52,720

they tell me they go up now almost every time\h
they go up they're seeing as many as 50 to 100\h\h

381

00:39:52,720 --> 00:39:59,600

objects unexplained objects and i've confirmed\with louis lozando who was the guy who ran the\

382

00:39:59,600 --> 00:40:06,480

pentagon ufo investigation program there are\other videos incredibly clear videos in the\

383

00:40:06,480 --> 00:40:12,960

possession of the us military which haven't yet\been released and in the words of louisando if\

384

00:40:12,960 --> 00:40:19,600

the public saw them they would blow your socks off\well i think we're going to see them eventually\

385

00:40:19,600 --> 00:40:25,920

and i think that is why we're going to have a more\fulsome disclosure uh going forward because once\

386

00:40:25,920 --> 00:40:30,960

the evidence is before you you're you know are you\going to believe your lying eyes i think you will\

387

00:40:30,960 --> 00:40:36,160

you're going to have to say something for sure is\going on and and you're going to want answers so i\

388

00:40:36,160 --> 00:40:43,360

will say this what's going to be the thing of the\fairly near future is taking all those documents\

389

00:40:43,360 --> 00:40:49,040

you've talked about but there's a hidden history\out there that our history books once we sort of\

390

00:40:49,040 --> 00:40:54,320

admit that this has been going on for a long time\we're going to have to turn some historians loose\

391

00:40:54,320 --> 00:41:00,320

and rewrite a lot of these history books because
some stuff's been going on under the radar if you

392

00:41:00,320 --> 00:41:06,000

will for a long long time can i make the point
though that i i do think it's important to be

393

00:41:06,000 --> 00:41:12,480

skeptical i'm not i'm not i'm not entering
into this though with rose tinted spectacles

394

00:41:12,480 --> 00:41:16,880

everybody thinks that when you start talking
about uaps you're talking about little green men

395

00:41:17,600 --> 00:41:24,080

aliens i don't know what it is i don't either what
we're doing what we're doing in this show and what

396

00:41:24,080 --> 00:41:30,560

i think the mainstream media needs to start doing
is acknowledge that there is a genuine mystery

397

00:41:30,560 --> 00:41:37,440

it can no longer be ridiculed can no longer
be stigmatized or treated with taboo it's

398

00:41:37,440 --> 00:41:44,400

real and the crucial point is that the reports
to congress the secret briefings to congress

399

00:41:44,400 --> 00:41:50,080

by the pentagon and more importantly this
just extraordinary gila brand legislation

400

00:41:50,080 --> 00:41:54,560

that's going to go into the defence appropriations
legislation later this year hopefully

401

00:41:55,280 --> 00:42:02,880

it acknowledges the phenomenon is real in black\h
and white the pentagon is saying this is real\h\h

402

00:42:02,880 --> 00:42:09,520

we need to take this seriously we need to\h
investigate it i i i agree with everything\h\h

403

00:42:09,520 --> 00:42:14,640

you just said and i want to say uh as we\h
sort of wrap up our inaugural episode here\h\h

404

00:42:15,200 --> 00:42:21,840

that that's why we're here that's the mission\h
statement if you will of need to know which is\h\h

405

00:42:21,840 --> 00:42:26,800

we're not waiting for other people to break their\h
stories or whatever we're going to look into this\h\h

406

00:42:26,800 --> 00:42:33,200

on our own and we're going to do it transparently\h
we'll be sharing information with our listeners as\h\h

407

00:42:33,200 --> 00:42:40,960

we resolve it and and even some of the mysteries\h
and we're trying not to be credulous observers\h\h

408

00:42:40,960 --> 00:42:46,800

who believe everything that get is out there i\h
certainly don't and i know you don't uh but we're\h\h

409

00:42:46,800 --> 00:42:52,640

also going to try to be the kind of people who\h
can take a lot of facts in and sift through them\h\h

410

00:42:52,640 --> 00:42:58,720

and spend more time doing it than a very busy\h
person and if you give us your 30 minutes or your\h\h

411

00:42:58,720 --> 00:43:04,400

45 minutes whenever we have a chance to put one\h
of these together we won't waste your time we're\h\h

412

00:43:04,400 --> 00:43:12,320

going to try to tell you the story as directly and\h
as powerfully as we can it's a compelling story\h\h

413

00:43:12,320 --> 00:43:17,280

and whatever is going on it certainly seems\h
like it's something we all ought to be paying\h\h

414

00:43:17,280 --> 00:43:24,800

attention to i can't wait to see what the\h
future holds next year in 2022. me too bryce\h\h

415

00:43:24,800 --> 00:43:30,960

me too listen ladies and gentlemen that's\h
need to know i'm looking forward to talking\h\h

416

00:43:30,960 --> 00:43:36,800

to you next time and i'm sure bryce so are\h
you uh i say the same thing good good night\h\h
