

# Need to Know

1  
00:00:04,000 --> 00:00:10,640  
this is need to know real talk about the\h  
reality of unidentified aerial phenomenon\h\h

2  
00:00:12,240 --> 00:00:17,040  
from australia ross coltart\h  
from the us bryce zabel

3  
00:00:19,200 --> 00:00:25,440  
hello and welcome back dear listener\h  
to need to know i'm ross coulthart\h\h

4  
00:00:25,440 --> 00:00:32,880  
and my co-host is bryce zabel and ross it's great\h  
to be back for a second episode of need to know\h\h

5  
00:00:32,880 --> 00:00:38,480  
um we're we're we're coming to people from\h  
australia and the united states you're outside\h\h

6  
00:00:38,480 --> 00:00:44,800  
of friends continental a trans-continental news\h  
organization yeah but a couple of journalists\h\h

7  
00:00:44,800 --> 00:00:50,640  
who are uh willing to take a look at this uh\h  
this expanding issue right now and try to make\h\h

8  
00:00:50,640 --> 00:00:55,920  
some sense out of it and as we told you in our\h  
first episode uh basically we've given you a\h\h

9  
00:00:55,920 --> 00:01:01,680  
bit of a pre-sea of what's happened this year i\h  
don't know about you bryce but i thought it was\h\h

10  
00:01:01,680 --> 00:01:08,400  
very important to point out to our viewers and our\h  
listeners that it hasn't always been the case that\h\h

11  
00:01:09,280 --> 00:01:14,560  
this issue has been subjected to ridicule\h  
and stigma and taboo the thing that\h\h

12  
00:01:14,560 --> 00:01:19,760  
really leapt out at me when i started looking\h  
especially at the historical records in\h\h

13  
00:01:19,760 --> 00:01:25,360  
in your defence department and intelligence\h  
service archives is that back in around about\h\h

14  
00:01:25,360 --> 00:01:32,240  
1947 when this issue first started coming on\h  
the radar when people started talking about\h\h

15  
00:01:32,240 --> 00:01:38,640  
flying sources there were people in your military\h  
your intelligence services and in my government's\h\h

16  
00:01:38,640 --> 00:01:43,680  
military and intelligence services and in western\h  
and even eastern european countries all over the\h\h

17  
00:01:43,680 --> 00:01:51,280  
world the phenomenon was being acknowledged as\h  
real uaps weren't a subject for ridicule and\h\h

18  
00:01:51,840 --> 00:01:57,200  
giggling mockery they were taken seriously because\h  
the government of the day couldn't explain it\h\h

19  
00:01:57,200 --> 00:02:04,320  
could they no they could not explain it and i\h  
guess taking it seriously uh was shed by degrees\h\h

20  
00:02:04,320 --> 00:02:12,880  
but the summer of 1947 it's just a fascinating\h  
time to think about in 1947 in the summer\h\h

21  
00:02:13,520 --> 00:02:18,560  
three major things happened and there were there\h  
are other things besides but the first major thing\h\h

22  
00:02:18,560 --> 00:02:23,520  
was uh the the thing that kicked off the\h  
flying saucer craze if you will was that a\h\h

23  
00:02:23,520 --> 00:02:29,840  
pilot a private pilot in washington state a guy\h  
named kenneth arnold saw nine different craft\h\h

24  
00:02:29,840 --> 00:02:35,680  
flying in formation quite fast and he came back\h  
and told his story and it it really caught on\h\h

25  
00:02:35,680 --> 00:02:42,720  
and caught the people's imagination and then uh\h  
less than uh a week later about two weeks later\h\h

26  
00:02:42,720 --> 00:02:48,560  
or roswell happened um and for i'm not sure\h  
everyone remembers exactly how that was treated\h\h

27  
00:02:48,560 --> 00:02:53,760  
but it goes straight to your point they put out\h  
a press release in roswell saying that they had\h\h

28  
00:02:53,760 --> 00:03:00,560  
a flying disc that they'd captured a flying disc\h  
and then this is the this is the origin myth of\h\h

29  
00:03:00,560 --> 00:03:07,120  
the greatest conspiracy theory of all this is\h  
the mystery that won't go away the allegation\h\h

30  
00:03:07,120 --> 00:03:14,400  
that the united states government has secretly\h  
recovered an alien spacecraft well the third truth\h\h

31  
00:03:15,760 --> 00:03:21,600  
yeah well the truth is if that happened and i\h  
think that um your book uh has a lot to say about\h\h

32  
00:03:21,600 --> 00:03:27,280  
it i've certainly talked and written about it\h  
over the years if it happened it isn't uh i think\h\h

33  
00:03:27,280 --> 00:03:34,160  
it's the original sin of the ufo cover-up if it\h  
happened uh because it really set the template uh\h\h

34  
00:03:34,160 --> 00:03:40,560  
where the the whole thing disappeared think about\h  
it if it something happened in 1947 that caused\h\h

35  
00:03:40,560 --> 00:03:45,840  
the the base at roswell to put out a press release\h  
saying that a flying disc they took it back the\h\h

36  
00:03:45,840 --> 00:03:52,320  
next day and nobody heard a thing about it until\h  
1980. well that's a that's uh 33 years that's a\h\h

37  
00:03:52,320 --> 00:03:57,680  
long time to put something under the table and you\h  
know the funny thing about it is if you read the\h\h

38  
00:03:57,680 --> 00:04:04,080  
gillibrand amendment the amendment of senator\h  
gillibrand that's now before the congress it's\h\h

39  
00:04:04,080 --> 00:04:11,760  
now talking about retrieving the absolute one of\h  
these objects it's talking about testing materials\h\h

40  
00:04:12,320 --> 00:04:18,000  
medical studies what would they be studying\h  
medically do you think bryce if there was one of\h\h

41  
00:04:18,000 --> 00:04:23,200  
these objects recovered i mean there's a there's\h  
a bear in the room here isn't there we're talking\h\h

42  
00:04:23,200 --> 00:04:31,360  
about craft aren't we it's it's crazy and what has\h  
happened over the years uh in in certainly here in\h\h

43  
00:04:31,360 --> 00:04:38,480  
america and i think also parallel in australia and\h  
and around the world is that at first only a few\h\h

44  
00:04:38,480 --> 00:04:44,240  
things could be even talked about and everything\h  
else was just too crazy so at first you said well\h\h

45  
00:04:44,240 --> 00:04:49,040  
i can maybe think that there are objects out there\h  
but oh boy i don't want to talk about the fact\h\h

46  
00:04:49,040 --> 00:04:54,400  
there might be people inside them and then it was\h  
like well maybe there's people inside them but i\h\h

47  
00:04:54,400 --> 00:04:59,840  
certainly don't want to talk about them crashing\h  
and recovering crafting bodies and now they do\h\h

48  
00:04:59,840 --> 00:05:04,720  
talk about those things and what about abductions\h  
same thing yeah it's funny i don't quite know what\h\h

49  
00:05:04,720 --> 00:05:09,680  
to think about abductions i don't know what to\h  
think about my labs military abductions it just\h\h

50  
00:05:09,680 --> 00:05:16,640  
does my hitting but i'm not dismissing anymore the\h  
possibility that the united states has recovered\h\h

51

00:05:17,440 --> 00:05:24,240

alien non-human technology and the reason why is\h  
because when i was writing my book i i decided to\h\h

52

00:05:24,240 --> 00:05:28,640

write a whole lot of letters all over america\h  
i thought who are the most interesting people\h\h

53

00:05:28,640 --> 00:05:34,000

that might know something and one of the guys i\h  
wrote to was the guy who was essentially the chief\h\h

54

00:05:34,000 --> 00:05:40,640

boffin for the u.s navy a guy called nat cobots\h  
and i got matt at just the right time he was\h\h

55

00:05:40,640 --> 00:05:45,120

a beautiful man god bless him i really miss him\h  
actually because he was a lovely fellow to talk to\h\h

56

00:05:46,000 --> 00:05:53,280

very very sharing scientist one of those wonderful\h  
brooklyn jewish men with a big sense of humor\h\h

57

00:05:54,000 --> 00:05:58,560

and he was talking to me at the time that\h  
there were the bushfires in australia when we\h\h

58

00:05:58,560 --> 00:06:02,560

were basically on fire which you wouldn't think\h  
now because we're half underwater at the moment\h\h

59

00:06:03,120 --> 00:06:10,320

but the um the thing he told me after several\h  
months of talking was that he was quote read into\h\h

60

00:06:10,320 --> 00:06:16,720

he was security briefed given the classified\h  
briefings that allowed him to be read into\h\h

61  
00:06:17,840 --> 00:06:24,960  
a uap crash retrieval program and when he told  
me that i almost fell off my chair because

62  
00:06:25,760 --> 00:06:31,760  
you know i was saying to him is roswell real and  
he just chuckled he just said he'd been told about

63  
00:06:31,760 --> 00:06:40,480  
the recovery of multiple craft multiple craft  
which i think is an astonishing chapter in your

64  
00:06:40,480 --> 00:06:46,560  
book and he's an astonishing witness and there  
are others uh i i'll say this though i think

65  
00:06:46,560 --> 00:06:53,680  
people who first hear about such things the first  
thing that they think in their minds is what these

66  
00:06:53,680 --> 00:06:58,240  
things have come all the way across the universe  
and they're crashing what's what's up with that

67  
00:06:58,240 --> 00:07:06,640  
and i don't have a great answer for that but i do  
have an answer um you don't send the individual

68  
00:07:06,640 --> 00:07:11,680  
craft these 30-foot things or whatever they  
are across the universe you probably send a

69  
00:07:11,680 --> 00:07:17,520  
much larger thing across the universe and then  
these are the things flying around locally

70  
00:07:17,520 --> 00:07:24,800  
in the same way that we don't send an fa 18 from  
here to wherever it's supposed to deliver its

71

00:07:24,800 --> 00:07:32,640

payload we put it on a giant uh carrier and and\h  
and go out into the ocean and cross the ocean and\h\h

72

00:07:32,640 --> 00:07:39,360

then they fly local missions and sometimes those\h  
fa-18s do crash so um i think that's more like the\h\h

73

00:07:39,360 --> 00:07:43,840

parallel but i i don't know what do you think is\h  
that one way to explain well i can tell you one\h\h

74

00:07:43,840 --> 00:07:49,200

of the things i want to acknowledge here bryce\h  
is when i first started researching this subject\h\h

75

00:07:50,160 --> 00:07:57,840

friends of mine would say to me what what are\h  
you working on and i'd go i'm doing a book on\h\h

76

00:07:59,680 --> 00:08:04,400

i didn't want to admit that i was doing a book\h  
on ufos because inevitably the conversation\h\h

77

00:08:04,400 --> 00:08:10,240

comes round to what so you believe in\h  
little green men aliens extraterrestrials\h\h

78

00:08:10,240 --> 00:08:15,920

visiting this planet and as we discussed\h  
in the last show i hope people understand\h\h

79

00:08:15,920 --> 00:08:20,960

now that what we're talking about is a mystery\h  
yes we're acknowledging that there's a mystery\h\h

80

00:08:21,600 --> 00:08:27,200

and one of the perennial conspiracy theory\h  
mysteries that's been bobbing up in the custard\h\h

81  
00:08:27,200 --> 00:08:32,960  
ever since the 1940s but particularly since  
the 1980s when that roswell story really broke

82  
00:08:33,680 --> 00:08:41,680  
is this claim that the united states government  
has recovered non-human technology now as you and

83  
00:08:41,680 --> 00:08:47,600  
i both know there was an organization that was  
set up of all people by a guy called tom delong

84  
00:08:48,400 --> 00:08:54,960  
the former lead singer of blink 182 called  
to the stars academy and it was essentially

85  
00:08:54,960 --> 00:09:02,720  
intended to be a ufo transparency group but one  
of the things it started talking about very early

86  
00:09:02,720 --> 00:09:10,240  
on was that it had recovered quote meta materials  
objects that had either fallen off craft or been

87  
00:09:10,800 --> 00:09:17,120  
recovered from these anomalous objects that had  
been videoed or seen by witnesses and that these

88  
00:09:17,120 --> 00:09:23,440  
materials were being tested and there are some  
quite extraordinary claims that have been made

89  
00:09:23,440 --> 00:09:29,440  
even about those materials let alone the claims  
of recovered craft aren't there if there's a

90  
00:09:29,440 --> 00:09:36,720  
journalistic race to break any story right now  
i think it's crash recovery i think that's the

91  
00:09:37,280 --> 00:09:44,000  
the the thing that is being chased behind the  
scenes right now and because the threshold of

92  
00:09:44,000 --> 00:09:50,240  
saying that out loud that's the quiet part and if  
you say it out loud uh that's just a game changer

93  
00:09:50,240 --> 00:09:57,280  
so i think editors across the nation are probably  
not not eager to do that but when the if there's

94  
00:09:57,280 --> 00:10:03,440  
another big shoe to drop it's going to be that one  
and the reason it's so frightening to the status

95  
00:10:03,440 --> 00:10:10,240  
quo is that just changes the whole discussion it's  
like we're having an entirely different world at

96  
00:10:10,240 --> 00:10:15,520  
that point because at that point there's going to  
be lawsuits filed to get their hands on that we're

97  
00:10:15,520 --> 00:10:21,040  
going to demand reports congress is going to have  
hearings it's going to be nuts because let me set

98  
00:10:21,040 --> 00:10:26,320  
the scene the thing that fascinated me is as a  
journalist i'm taught to go back to source so i

99  
00:10:26,320 --> 00:10:32,000  
asked myself the question what has any president  
said about the allegation that there's been crash

100  
00:10:32,000 --> 00:10:37,040  
recoveries that has been recovered let's talk  
let's talk candidly about what we're talking about

101  
00:10:37,040 --> 00:10:46,960  
here we're talking about a spacecraft an object\a vehicle that has been built by non-human hands\

102  
00:10:46,960 --> 00:10:53,920  
not of this earth not of this world that's what\we're talking about and i must confess right at\

103  
00:10:53,920 --> 00:10:58,160  
the very beginning of my research i thought well\this is just rubbish it's just [h\_\_\

104  
00:10:58,160 --> 00:11:04,480  
way anybody's going to have a recovered craft\roswell was a tinfoil hat fantasy i'm not so\

105  
00:11:04,480 --> 00:11:09,920  
sure anymore not just because of what nat cobits\has said but because of what people for example\

106  
00:11:10,640 --> 00:11:17,760  
there's a dr eric davis a very well respected\astrophysicist who's spoken several times on\

107  
00:11:17,760 --> 00:11:23,600  
popular radio shows talking about the fact that\he is aware that the united states has recovered\

108  
00:11:24,160 --> 00:11:31,200  
craft but he's claiming that they've had a lot of\difficulty back engineering those craft i myself\

109  
00:11:31,200 --> 00:11:39,280  
have spoken to people who purport to be in the\program scientists and officials who've allegedly\

110  
00:11:39,920 --> 00:11:46,800  
been read into security briefed into a program\where they are allegedly reportedly trying to\

111

00:11:47,600 --> 00:11:55,840

back engineer craft the problem i have with\h  
this is i i just i still can't accept it because\h\h

112

00:11:56,800 --> 00:12:03,040

i accept this prima facie evidence to support that\h  
possibility but the thing i'm wrestling with bryce\h\h

113

00:12:03,040 --> 00:12:10,320

is the fact that the white house itself put out\h  
a press release in 2011 responding to a petition\h\h

114

00:12:10,320 --> 00:12:17,920

demanding transparency on alleged extraterrestrial\h  
visitations to planet earth and they categorically\h\h

115

00:12:17,920 --> 00:12:25,120

denied that the us government had any knowledge\h  
of such extraterrestrial visitations and moreover\h\h

116

00:12:25,120 --> 00:12:30,560

they categorically denied that there was any\h  
recovered spacecraft any recovered vehicle in the\h\h

117

00:12:30,560 --> 00:12:38,960

position of the united states so frankly someone's\h  
lying well there i think i think when we rewrite\h\h

118

00:12:38,960 --> 00:12:45,680

the history books uh that very statement from 2011\h  
is going to be involved in it uh that was more of\h\h

119

00:12:45,680 --> 00:12:53,680

a first of all that was the obama administration\h  
rejecting the possibility that there might\h\h

120

00:12:54,320 --> 00:13:00,320

might be somebody else out there we might not be\h  
alone and it was just a sort of a it was just a\h\h

121

00:13:00,320 --> 00:13:08,880

casual put down of that idea and yet obama himself  
has just been on television in 2021 talking about

122

00:13:08,880 --> 00:13:14,880

uh that uap report that uh we've been discussing  
and it's not just obama that's the thing that

123

00:13:14,880 --> 00:13:20,640

gets me here is you've had bill clinton drop  
hints before that he tried to find out about

124

00:13:20,640 --> 00:13:26,320

the phenomenon about ufos he he asked people to  
go and literally knock on the door at area 51

125

00:13:26,960 --> 00:13:31,840

the secret nevada test range where a lot of  
this black technology is allegedly tested

126

00:13:32,480 --> 00:13:38,400

and i think he's actually admitted that he had  
some frustration i've spoken to dan sheehan an

127

00:13:38,400 --> 00:13:44,160

attorney who allegedly according to him did some  
work for jimmy carter and his science advisory

128

00:13:44,160 --> 00:13:51,120

team trying to investigate what the u.s government  
knew back in the 1970s about the phenomenon and

129

00:13:51,120 --> 00:13:59,600

and he's claimed that he actually was given access  
to secret still classified project blue book files

130

00:14:00,320 --> 00:14:07,440

which showed photographs of well there's another  
word for it a flying saucer in the possession of

131

00:14:07,440 --> 00:14:12,960

the us government and danny's convinced there's\h  
been a cover-up and he's quite a well-respected\h\h

132

00:14:12,960 --> 00:14:19,520

civil rights attorney and it's not just him you've\h  
got um uh hints from people like christopher\h\h

133

00:14:19,520 --> 00:14:25,360

mellon that he's now no longer so sure he was\h  
the former deputy assistant secretary of defense\h\h

134

00:14:26,080 --> 00:14:31,600

and and he's admitted that he tried to find\h  
out if there was this kind of hidden technology\h\h

135

00:14:31,600 --> 00:14:38,000

was there a secret ufo program was there a\h  
an aurora spacecraft that was being built\h\h

136

00:14:38,000 --> 00:14:44,880

by the united states in secret and he was told\h  
categorically denied that such a craft existed\h\h

137

00:14:45,520 --> 00:14:53,120

now frankly my friend i hope if any country in\h  
the world has this technology i hope it's yours\h\h

138

00:14:53,840 --> 00:15:00,720

because frankly i i fear for the possibilities\h  
if it's russia or china the consequences if\h\h

139

00:15:00,720 --> 00:15:06,960

authoritarian regimes with ill intentions like\h  
russia or china get their hands on technology\h\h

140

00:15:06,960 --> 00:15:13,040

like this is pretty scary so i sincerely hope when\h  
people say to me ah look it must be it must be\h\h

141

00:15:13,040 --> 00:15:18,720

technology that's being developed in the black\h  
by the u.s i tell them that that the official\h\h

142

00:15:18,720 --> 00:15:26,800

policy stated to the congress is that this is not\h  
these uaps are not known technology in the arsenal\h\h

143

00:15:26,800 --> 00:15:33,600

of the united states there's there's not a tr3b\h  
they claim jacked up on blocks in a cave in area\h\h

144

00:15:33,600 --> 00:15:40,320

51. they don't they don't have a spacecraft hidden\h  
somewhere they've categorically denied that what i\h\h

145

00:15:40,320 --> 00:15:48,400

find fascinating is somebody is clearly lying\h  
somebody is clearly lying and and if if maybe\h\h

146

00:15:48,400 --> 00:15:54,160

we've gone from the space race to the crash race\h  
and uh that that's been going on behind the scenes\h\h

147

00:15:54,160 --> 00:15:59,440

for years i think the lack of transparency\h  
that the the governments of the world have\h\h

148

00:15:59,440 --> 00:16:05,440

brought to this over the years is really being\h  
felt at this point because it leaves uh people\h\h

149

00:16:05,440 --> 00:16:11,440

like us respected journalists like yourself who\h  
who want to get some facts and and there's just\h\h

150

00:16:12,400 --> 00:16:18,400

a dearth of them because people won't come\h  
forward publicly they come forward privately\h\h

151

00:16:19,120 --> 00:16:27,040

to you and you're hearing these incredible stories\h  
and that may be very well what the story of 2022\h\h

152

00:16:27,040 --> 00:16:33,600

is as we look forward to the next year what we may\h  
be seeing is the outlines of how this thing starts\h\h

153

00:16:33,600 --> 00:16:40,080

to shake itself down 2021 as we kind of look back\h  
in the rear view mirror to 2021 we can see what\h\h

154

00:16:40,080 --> 00:16:48,400

that was all about that was admitting that the uap\h  
phenomena is real not stating exactly who it was\h\h

155

00:16:48,400 --> 00:16:54,080

but as you as you as the information that you've\h  
been getting from people comes forward and others\h\h

156

00:16:54,080 --> 00:17:00,640

and myself we've all heard these rumors and these\h  
discussions for years 2022 may be the year where\h\h

157

00:17:00,640 --> 00:17:07,520

we start to really really talk about that and and\h  
you i i so empathize with what you've been saying\h\h

158

00:17:07,520 --> 00:17:13,360

where it's just crazy and your friends\h  
are like you don't really believe and yet\h\h

159

00:17:14,320 --> 00:17:19,760

if you do the work and if you start to talk to\h  
people you say well i have to believe something\h\h

160

00:17:19,760 --> 00:17:25,840

and i'll just part with this i've lived for like\h  
25 years now where i always say i'm treated like\h\h

161

00:17:25,840 --> 00:17:30,480

the drunk uncle at the wedding where people go\h  
well there's bryce talking about that again and\h\h

162

00:17:30,480 --> 00:17:38,000

the difference in 2021 is palpable to me i don't\h  
get treated like that anymore i get people saying\h\h

163

00:17:38,000 --> 00:17:43,200

not what's he up to but what can he tell me\h  
i get people saying come here buddy tell me\h\h

164

00:17:43,200 --> 00:17:48,560

what you know i agree i mean it's funny because\h  
people friends of mine i'm a member of this group\h\h

165

00:17:48,560 --> 00:17:53,840

called icij the international consortium of\h  
investigative journalists and they've done\h\h

166

00:17:53,840 --> 00:17:59,280

work on say the pandora papers or the panama\h  
papers and running all sorts of collaborative\h\h

167

00:17:59,280 --> 00:18:04,480

investigative journalism and so there's these\h  
fantastic journals all over the world who share\h\h

168

00:18:04,480 --> 00:18:09,920

investigations and share stories and in the\h  
last few months since my book's been published\h\h

169

00:18:09,920 --> 00:18:15,760

i've been getting these kind of whispered calls\h  
where journals ring me and they go hey ross ross\h\h

170

00:18:15,760 --> 00:18:21,840

i i hear you've written a book on ufos and the the\h  
accent i'm trying to do there is a spanish guy and\h\h

171

00:18:22,720 --> 00:18:27,680

he told me that um he was aware that\h  
his government had been investigating a\h\h

172

00:18:27,680 --> 00:18:32,400

particular ufo incident and he'd been frightened\h  
to run the story but because he'd seen my book\h\h

173

00:18:32,960 --> 00:18:37,360

and heard me being quoted somewhere\h  
he was happy to start talking about it\h\h

174

00:18:37,360 --> 00:18:42,480

and i think there's a groundswell there's just the\h  
beginning of an inkling in the mainstream media\h\h

175

00:18:42,480 --> 00:18:48,560

that this is a story worth reporting and for me i\h  
was in the states earlier this year when shortly\h\h

176

00:18:48,560 --> 00:18:55,760

after the uap task force report the preliminary\h  
report on uaps was tabled in the congress you\h\h

177

00:18:55,760 --> 00:19:01,840

had that extraordinary 60 minutes story yes which\h  
even though i don't think it really said that much\h\h

178

00:19:01,840 --> 00:19:08,320

that was new it was just incredible to see they\h  
broke their own taboo i mean all in all the year\h\h

179

00:19:08,320 --> 00:19:15,120

60 minutes is you know the granddaddy of the news\h  
programs here in the united states and they really\h\h

180

00:19:15,120 --> 00:19:20,960

don't fool around with ufo stories historically\h  
so for them to do the uap story even if it was\h\h

181

00:19:20,960 --> 00:19:26,960

a little tepid they still did it and that that\h  
made it uh for my money and i think yours too\h\h

182

00:19:26,960 --> 00:19:33,440

one of the top ten stories of uh 2021 the fact\h  
that they would they would do that and that's why\h\h

183

00:19:34,400 --> 00:19:41,920

as we look to 2022 i think we have to acknowledge\h  
that this is a damn breaking kind of story\h\h

184

00:19:41,920 --> 00:19:48,320

okay it's possible that if if nobody comes up\h  
with that breaking story that it kind of gets\h\h

185

00:19:48,320 --> 00:19:55,040

put back in the barn but i don't see it that way\h  
we've got reports being written now every time a\h\h

186

00:19:55,040 --> 00:20:00,720

report gets released politicians are going to have\h  
to talk about it and when politicians talk about\h\h

187

00:20:00,720 --> 00:20:06,320

it journalists write about it editors ask their\h  
journalists to look look into it for more stories\h\h

188

00:20:06,320 --> 00:20:15,360

so um i i believe that what we're about to see\h  
happen is the competition that developed uh\h\h

189

00:20:15,360 --> 00:20:22,560

post-watgate or during watgate to break a\h  
different story between newspapers uh now it may\h\h

190

00:20:22,560 --> 00:20:29,200

be between different journalistic uh uh groups but\h  
we're gonna see competition come in and break this\h\h

191

00:20:29,200 --> 00:20:34,400

up bryce we're gonna knock them all off mate this\h  
is why need to know is here we're going to be out\h\h

192

00:20:34,400 --> 00:20:40,720

there ahead of the pack well i like that i like\h  
that because in fact ross that's exactly what you\h\h

193

00:20:40,720 --> 00:20:45,680

did with your book you said and you you're done\h  
seriously don't hide your light under a bushel\h\h

194

00:20:45,680 --> 00:20:51,600

mate i'm a huge fan of your medium columns you\h  
know um there's a lot of things you've told me and\h\h

195

00:20:51,600 --> 00:20:55,760

some of the columns that you write on medium that\h  
frankly i never knew anything about i didn't know\h\h

196

00:20:55,760 --> 00:21:02,000

that john lennon had seen a ufo that he apparently\h  
claimed to even met an alien in his bedroom or\h\h

197

00:21:02,000 --> 00:21:06,720

something they're extraordinary stories there\h  
are there are so many extraordinary stories and\h\h

198

00:21:06,720 --> 00:21:12,480

i think that that's what's so fun about uh being\h  
my father was a history teacher all right and um\h\h

199

00:21:13,120 --> 00:21:17,040

he'd probably be rolling over in his grave right\h  
now if he realized some of the things i've done to\h\h

200

00:21:17,840 --> 00:21:24,560

history but even my father had someone who came\h  
to him when dark skies was on the air and said\h\h

201

00:21:24,560 --> 00:21:30,960

uh hey harvey your son is the guy that's\h  
producing that show and uh he said yeah\h\h

202

00:21:30,960 --> 00:21:38,000

and this friend took my father's side and goes i\h  
was sent to roswell um after uh after we went home\h\h

203

00:21:38,000 --> 00:21:42,400

because they had served together and he said\h  
and uh definitely something happened there\h\h

204

00:21:42,400 --> 00:21:48,160

and your son you tell your son he he said to my\h  
father you tell your son to keep on this because\h\h

205

00:21:48,800 --> 00:21:54,880

we all knew it was a big deal and they just\h  
told us to not look and not talk so that kind of\h\h

206

00:21:54,880 --> 00:22:00,640

stuff's been going down and i think that what that\h  
means is there's enough of it that that the the\h\h

207

00:22:00,640 --> 00:22:05,600

people who want to find the new history stories\h  
they're going to fold into history and that's why\h\h

208

00:22:05,600 --> 00:22:10,800

i like you know lenin and all these other things\h  
because they're part of the tapestry of disclosure\h\h

209

00:22:11,520 --> 00:22:15,680

no i agree with you i'm getting people doing that\h  
for me as well i mean i'm even getting people\h\h

210

00:22:15,680 --> 00:22:22,000

who i've dealt with on other stories not only in\h  
your country but in my country people who work in\h\h

211

00:22:22,000 --> 00:22:26,320

quite senior levels in our defence\h  
department or intelligence services\h\h

212

00:22:26,320 --> 00:22:31,200

and they're saying to me keep on going on\h  
this one rosco come on keep on plotting\h\h

213

00:22:31,200 --> 00:22:35,920

don't be shy keep on going hard don't let\h  
the bastards pull the wool over your eyes\h\h

214

00:22:36,800 --> 00:22:41,520

and it's really interesting because one of the\h  
reasons i've come to the conclusion there is\h\h

215

00:22:41,520 --> 00:22:46,080

really something to this people often\h  
ask me why do i so strongly believe\h\h

216

00:22:46,960 --> 00:22:52,800

that there is a lot more knowledge inside the u.s\h  
government in particular that's being concealed\h\h

217

00:22:53,600 --> 00:22:58,640

and this might sound like a digression but\h  
funnily enough the people we have to thank\h\h

218

00:22:58,640 --> 00:23:06,560

most of all are the most repressive authoritarian\h  
nasty bunch of intelligence thugs in the world the\h\h

219

00:23:06,560 --> 00:23:15,440

russian gru because prior to the 2016 election in\h  
your country hillary clinton versus donald trump\h\h

220

00:23:16,320 --> 00:23:21,600

there was an attempt no back off all the\h  
conspiracy theorists this part's true\h\h

221

00:23:21,600 --> 00:23:27,040

there was definitely an attempt by russia\h  
to try and help donald trump through social\h\h

222

00:23:27,040 --> 00:23:31,920

media and one of the things the gru did\h  
and this is the subject of a criminal\h\h

223

00:23:32,560 --> 00:23:38,960

deposition that's been certified by the fbi and\h  
by i think a state attorney a federal attorney\h\h

224

00:23:39,760 --> 00:23:46,400

is that there were agents of the gru the russian\h  
intelligence service military intelligence hacking\h\h

225

00:23:46,400 --> 00:23:53,840

the democratic national committee that's the dnc\h  
the democrats and they broke into the email system\h\h

226

00:23:53,840 --> 00:23:59,680

of a guy called john podesta now this may be\h  
an elaborate in the telling but stick with me\h\h

227

00:23:59,680 --> 00:24:04,480

here because this really matters this is to me\h  
one of the smoking guns in this whole scene and\h\h

228

00:24:04,480 --> 00:24:08,800

this is how journalism works you're about\h  
tell the story that's how journalism works\h\h

229

00:24:09,520 --> 00:24:16,400

john podesta was a former senior policy advisor\h  
to both bill clinton and also to barack obama\h\h

230

00:24:16,400 --> 00:24:22,480

hugely respected guy in the beltway knows a lot\h  
of people very very well connected he's worked for\h\h

231  
00:24:22,480 --> 00:24:28,960  
different white houses over many many years he was  
becoming part of the hillary clinton campaign team

232  
00:24:29,840 --> 00:24:35,360  
and what we now know is that hillary clinton  
for years with bill had been meeting lawrence

233  
00:24:35,360 --> 00:24:42,080  
rockefeller they'd been aware of rockefeller's  
interest and passion about opening up the secrets

234  
00:24:42,080 --> 00:24:50,240  
of ufos uaps and so clinton was hardwired into  
exposing what could be exposed that's still secret

235  
00:24:50,240 --> 00:24:58,880  
inside the us government and in these emails that  
the gru leaked they show that john podesta was in

236  
00:24:58,880 --> 00:25:07,600  
email communication with general michael carey  
from space command norad general neil mccaslin

237  
00:25:07,600 --> 00:25:11,520  
from the foreign technology division  
of the wright-patterson air force base

238  
00:25:12,160 --> 00:25:19,280  
robert weiss of lockheed martin and of all  
people tom de long the punk rock rock singer of

239  
00:25:19,280 --> 00:25:27,280  
blink 182 the punk rock band they were secretly  
talking about disclosure about hillary clinton

240  
00:25:27,280 --> 00:25:34,160  
making an announcement and if you look at those  
emails that are incontrovertibly authentic they

241

00:25:34,160 --> 00:25:41,680

are real absolutely they show that prior to the  
2016 election there was a policy underway under

242

00:25:41,680 --> 00:25:49,040

consideration by hillary clinton to make some kind  
of a disclosure about uaps to the american public

243

00:25:49,920 --> 00:25:55,520

now to this day my friend i just don't get  
it i don't know why every news hound in the

244

00:25:55,520 --> 00:26:00,960

country it's isn't beating down the door of  
hillary clinton what the hell was going on

245

00:26:00,960 --> 00:26:05,040

that's why we need to know what need to know  
is going to do about this because we're going

246

00:26:05,040 --> 00:26:09,840

to have to do that ourselves when people won't  
do it i'll tell you something when john podesta

247

00:26:10,480 --> 00:26:19,600

left office uh after uh the loss in 2016 um he put  
out a tweet that said his greatest regret was not

248

00:26:19,600 --> 00:26:25,520

achieving ufo disclosure and at first people went  
that's crazy what is he talking about and he never

249

00:26:25,520 --> 00:26:30,480

backed down from it and it was a serious tweet  
it wasn't him uh making something up tell you a

250

00:26:30,480 --> 00:26:39,280

quick clinton story um i know of a woman who was  
on a on a flight uh after clinton left office and

251  
00:26:39,280 --> 00:26:44,560  
clinton was on the plane it was a private plane\h  
in the middle of the night he wasn't sleeping\h\h

252  
00:26:44,560 --> 00:26:52,480  
and um he told this she was the uh uh what do\h  
you flight attendant she was the flight attendant\h\h

253  
00:26:52,480 --> 00:26:58,560  
and he said he's just killing time he goes ask me\h  
anything you know just talk to me you know what do\h\h

254  
00:26:58,560 --> 00:27:05,840  
you want to know just ask me i'll tell you and and\h  
she said uh well what about ufos and he got a look\h\h

255  
00:27:05,840 --> 00:27:10,640  
on his face and he goes i wish you hadn't asked\h  
me that one that's the one i can't tell you about

256  
00:27:13,040 --> 00:27:20,960  
i and and you know the truth of the matter is like\h  
again it's one thing to be skeptical and say i\h\h

257  
00:27:20,960 --> 00:27:24,640  
don't know whether to believe or not believe this\h  
but you can at least say certain things happen\h\h

258  
00:27:25,280 --> 00:27:30,080  
clearly the clintons have talked about ufos\h  
clearly the clintons have been interested\h\h

259  
00:27:30,080 --> 00:27:37,280  
in the topic for years and the question uh think\h  
about how we might have been diverted had clinton\h\h

260  
00:27:37,280 --> 00:27:43,760  
won instead of trump in in 2016. we might be\h  
having a very different conversation right now if\h\h

261  
00:27:43,760 --> 00:27:50,160  
if indeed she was willing to take that leap and  
start talking about this as the president and then

262  
00:27:50,160 --> 00:27:55,120  
you have to ask yourself if it's that good a topic  
and presidents can talk about it where was trump

263  
00:27:55,120 --> 00:28:01,280  
during this where's biden during this why are they  
still not doing this okay but that's the other

264  
00:28:01,280 --> 00:28:05,920  
thing too this is the other thing that infuriates  
me about the white house press corps because have

265  
00:28:05,920 --> 00:28:12,720  
you noticed any time the the subject of ufos uaps  
gets raised in the white house or in the pentagon

266  
00:28:12,720 --> 00:28:17,440  
there's always this kind of nervous titter like  
a bunch of nervous school kids it's horrible

267  
00:28:18,320 --> 00:28:24,240  
it's horrible just pathetic they're failing the  
american public let me tell you what my i'm sorry

268  
00:28:24,240 --> 00:28:32,640  
but my number one pet peeve on this thing is we  
had an election in 2016 and an election in 2020

269  
00:28:32,640 --> 00:28:39,280  
where this topic is on people's minds and it's  
a serious topic or we wouldn't be writing uh

270  
00:28:39,280 --> 00:28:47,680  
government reports about it in all of the debates  
in 2020 there was not a question asked about ufos

271

00:28:47,680 --> 00:28:55,840

or uap there were questions about all manner of  
other things and not one now if it's a real issue

272

00:28:55,840 --> 00:29:03,520

why are we not talking about it so i will make one  
prediction uh looking forward i believe in 2024

273

00:29:03,520 --> 00:29:09,200

it's impossible for this to be a completely  
ignored issue it will come right yeah no

274

00:29:09,200 --> 00:29:14,000

agree and i i it's like it's one of those one of  
the things you'd know about bryce there's a thing

275

00:29:14,000 --> 00:29:19,760

in journalism you have sleeper stories stories  
that you just know are major stories but they're

276

00:29:19,760 --> 00:29:25,360

not getting on the front page yeah this is it for  
me this is it this is why we're doing neat tonight

277

00:29:25,360 --> 00:29:32,000

yes because people need to know about this i  
get so frustrated by the fact that you know at

278

00:29:32,640 --> 00:29:38,240

any briefing when people are asked questions  
about ufos there's always that pathetic titter

279

00:29:38,240 --> 00:29:44,960

and yet you've got things like say for example the  
former cia director john brennan he dropped the

280

00:29:44,960 --> 00:29:51,840

biggest hint in december last year wow i think  
some of the phenomena we're going to be seeing

281

00:29:51,840 --> 00:29:59,120

continues to be unexplained and might in fact be  
some type of phenomenon that is not that is the

282

00:29:59,120 --> 00:30:08,240

result of something that we don't yet understand  
and quote that could involve some type of activity

283

00:30:08,240 --> 00:30:18,800

that some might say constitutes a different form  
of life yes sir that's a former cia unbelievable

284

00:30:18,800 --> 00:30:25,440

and and and and remember uh the first cia director  
roscoe hillenkotter in 1960 wrote the new york

285

00:30:25,440 --> 00:30:32,560

times and said uh that this was a real thing and  
that uh and that people were being directed not

286

00:30:32,560 --> 00:30:38,080

to talk about it in the government um so by the  
way the john brennan thing and the intel people

287

00:30:38,080 --> 00:30:45,360

speaking out uh uh john ratcliffe who was the odni  
under trump spoke out uh i put that as one of the

288

00:30:45,360 --> 00:30:52,320

top ten stories of 2021 but another one i agree  
would be bill nelson from nasa because bill nelson

289

00:30:52,320 --> 00:30:57,920

for years and years and years nasa has always  
taken kind of a hands-off approach we don't

290

00:30:57,920 --> 00:31:04,320

really talk about this it's nothing that uh  
we're too busy doing nasa stuff we're not really

291  
00:31:04,320 --> 00:31:11,360  
going to engage with that and bill nelson the  
new guy the former senator from uh florida and uh

292  
00:31:11,360 --> 00:31:18,000  
now the and an astronaut a space shuttle astronaut  
is now running nasa and he is saying the quiet

293  
00:31:18,000 --> 00:31:25,200  
part out loud he is saying there's billions  
and billions of places that these uap could be

294  
00:31:25,200 --> 00:31:31,040  
explained from and they might just not be us and  
i love the way he said it he did it with the tease

295  
00:31:31,040 --> 00:31:36,160  
he said no there are even theories that there  
might be other universes and if that's the case

296  
00:31:36,160 --> 00:31:42,240  
who am i to say planet earth is the only  
location of a life form that is civilized

297  
00:31:42,240 --> 00:31:47,840  
and organized like ours amazing stuff but  
then you know but what was cool was it at

298  
00:31:47,840 --> 00:31:53,440  
the same event which was at the um washington  
right national cathedral back in early november

299  
00:31:54,000 --> 00:32:00,800  
you had the chief spy master for the united  
states a woman called avril haynes she's the

300  
00:32:00,800 --> 00:32:09,920  
director of national intelligence she oversees all  
16 u.s spy agencies including the fbi and the cia

301

00:32:10,640 --> 00:32:14,160

and she was at this event called the  
future in space event at the washington

302

00:32:14,160 --> 00:32:19,520

cathedral and yet again this happens and it  
just gets ignored but this is what she said

303

00:32:20,640 --> 00:32:27,200

she admitted quote the main issues that congress  
and others have been concerned about is safety

304

00:32:27,200 --> 00:32:33,520

of flight concerns and counter-intelligence  
issues always there's also the question of

305

00:32:34,400 --> 00:32:44,560

is there something else that we simply do not  
understand which might come extra terrestrially

306

00:32:45,200 --> 00:32:52,880

oh she you she used to be and and just to to  
remind uh our people who are listening right now

307

00:32:53,760 --> 00:33:00,080

she's the person who ran the office of the office  
of the director of national intelligence she is

308

00:33:00,080 --> 00:33:06,720

the dni and they were the ones that wrote the  
june 25th preliminary report on uap that congress

309

00:33:06,720 --> 00:33:13,040

demanding so she knows and by the way when you talk  
about her and you talk about bill nelson for bill

310

00:33:13,040 --> 00:33:18,400

nelson to say what he said i mean he's had the  
big briefing you know you and i have to go out and

311

00:33:18,400 --> 00:33:23,840

and and try to dig through stuff and find\h  
things the the hard way uh the journalistic way\h\h

312

00:33:24,640 --> 00:33:28,800

those people have gotten briefings and\h  
and they've come out of those briefings\h\h

313

00:33:28,800 --> 00:33:35,600

and they've been more and more open in their\h  
comments in 2021 than ever before in history\h\h

314

00:33:36,560 --> 00:33:39,840

period i also follow up avril\h  
haynes's comments because\h\h

315

00:33:39,840 --> 00:33:44,640

one of my favorite characters in this is is\h  
a guy called lou elizondo who's this guy who\h\h

316

00:33:44,640 --> 00:33:51,120

looks like a he looks like a marine from central\h  
casting you know he's this nuggety soldier spook\h\h

317

00:33:51,120 --> 00:33:59,040

and he he's got this big bushy beard lovely bloke\h  
and um he followed up within a week or two of\h\h

318

00:33:59,040 --> 00:34:04,000

avril haynes comments he did an interview with\h  
british gq magazine the men's fashion magazine\h\h

319

00:34:04,560 --> 00:34:08,560

and they just asked am i right they said\h  
do you believe we have recovered a craft\h\h

320

00:34:09,520 --> 00:34:15,840

and he's such a flirt amazon he's totally so\h  
nicely he says i've been told i have to be very\h\h

321

00:34:15,840 --> 00:34:22,240

careful how i answer this question i'm not allowed\h  
to expound upon anything i've already said what i\h\h

322

00:34:22,240 --> 00:34:31,520

have said is that it is my opinion my belief a\h  
strong belief hint hint that the u.s government\h\h

323

00:34:31,520 --> 00:34:41,600

is in possession of exotic material associated\h  
with uaps that's all i'm allowed to say i mean

324

00:34:43,920 --> 00:34:49,520

let's pack up and go home okay i'm\h  
sorry what part of that was so unclear\h\h

325

00:34:49,520 --> 00:34:56,560

i i i don't get it and i gotta say i do love uh\h  
lou elizondo um i know he's a controversial person\h\h

326

00:34:56,560 --> 00:35:02,560

and and certainly as we look back in that rearview\h  
mirror again we see lou being controversial among\h\h

327

00:35:03,360 --> 00:35:12,880

people who follow the ufo topic but he seems very\h  
authentic to me um i'm i'm uh sold on on him and i\h\h

328

00:35:12,880 --> 00:35:20,240

i have to say uh the the straightforwardness that\h  
the guy has brought and yet at the same time he's\h\h

329

00:35:20,240 --> 00:35:27,280

the master he's become the zen master of the nda\h  
uh statement where he goes well i can't violate my\h\h

330

00:35:27,280 --> 00:35:33,120

nda but i will say and he says a lot by saying\h  
a little and it's important well he actually\h\h

331

00:35:33,120 --> 00:35:38,240

went a little bit with gq because they then asked\h  
him after they'd asked about spacecraft they said\h\h

332

00:35:38,880 --> 00:35:44,960

do you believe organic matter\h  
or beings have been recovered\h\h

333

00:35:45,840 --> 00:35:51,760

and he pauses and he goes i'm respectfully going\h  
to have to pass on that questions there's a\h\h

334

00:35:51,760 --> 00:35:58,160

couple of questions i'm really not at liberty to\h  
discuss that's one of them they're intelligently\h\h

335

00:35:58,160 --> 00:36:06,320

controlled for sure because they're responding\h  
and reacting to our actions that is for certain\h\h

336

00:36:06,880 --> 00:36:14,320

they are absolutely intelligently controlled\h  
by something now that's from the head\h\h

337

00:36:15,040 --> 00:36:21,360

of the intelligence that was run out of the\h  
office of the director of national intelligence\h\h

338

00:36:21,360 --> 00:36:27,600

avril haynes is the boss of that agency he was\h  
the guy who was doing the ufo investigations\h\h

339

00:36:27,600 --> 00:36:33,360

with a security clearance as long as you're in\h  
my arm he's been allowed to look in the dark\h\h

340

00:36:33,360 --> 00:36:39,760

crevices inside the u.s intelligence establishment\h  
yes he has and what just does my head in and i i\h\h

341

00:36:39,760 --> 00:36:44,400

don't know what's going on here because i know\h  
a lot of the good journalists in washington\h\h

342

00:36:44,400 --> 00:36:48,880

i've worked with them i've done collaborations\h  
with the washington post and the new york times\h\h

343

00:36:49,680 --> 00:36:54,000

and i know the new york times has broken a\h  
couple of stories on this but nobody's like\h\h

344

00:36:54,000 --> 00:37:00,080

this on a dog on a bone it's it's crazy well\h  
you are and and and no but we've got to be it's\h\h

345

00:37:00,080 --> 00:37:05,200

we've we've got a story it's you know what there's\h  
certain stories this is clearly one of them where\h\h

346

00:37:06,080 --> 00:37:11,200

i've written books or movies before because i\h  
wanted to read them and nobody had written them\h\h

347

00:37:11,200 --> 00:37:15,920

so i said well i better write it myself\h  
and i think that's this is the journalistic\h\h

348

00:37:15,920 --> 00:37:21,440

uh equivalent of that um we are we're doing it\h  
because no one else is and that but they were\h\h

349

00:37:21,440 --> 00:37:25,760

being joined by many people who are thinking\h  
about it right now i will say one more thing\h\h

350

00:37:25,760 --> 00:37:33,680

about elizondo he also said if i'm not mistaken in\h  
one of his interviews uh that there are photos or\h\h

351

00:37:33,680 --> 00:37:40,480

films or something that show the the\h  
word is quote occupancy well yeah\h\h

352

00:37:40,480 --> 00:37:46,960

that's kind of a game over too so yeah if somebody\h  
is seeing those kind of that kind of evidence\h\h

353

00:37:46,960 --> 00:37:51,760

uh that pretty well puts us in a new world doesn't\h  
it because okay let's let's work through this\h\h

354

00:37:51,760 --> 00:37:54,560

price because we'd better start thinking\h  
about wrapping up sir yeah we're actually\h\h

355

00:37:54,560 --> 00:37:59,760

um i hate to do that um but yeah i say do i i hope\h  
you're all enjoying it back home we'll have to do\h\h

356

00:37:59,760 --> 00:38:04,160

a lot of these or we'll never get through we've\h  
got too many things i've got a thousand things\h\h

357

00:38:04,160 --> 00:38:09,920

i've not said and i know that you have as many and\h  
and that's what's going to be fun about this but\h\h

358

00:38:09,920 --> 00:38:15,280

the the cool thing about all of this is that what\h  
what is i mean for as journals i try and always\h\h

359

00:38:15,280 --> 00:38:21,920

go back to the absolute nuts and bolts what do we\h  
know for sure we know for sure that according to\h\h

360

00:38:22,480 --> 00:38:32,240

numerous informed insiders there are intelligently\h  
controlled vehicles craft manufactured objects\h\h

361

00:38:32,960 --> 00:38:41,280

which may or may not have occupants which are  
doing things far beyond known terrestrial human

362

00:38:41,280 --> 00:38:48,480

earth-based science we're told officially  
in a report to congress that this

363

00:38:48,480 --> 00:38:55,920

is not american technology that it's almost  
definitely not russian or chinese technology

364

00:38:57,680 --> 00:39:02,560

if it's not that price unless it's some  
thunderbirds organization on an island in

365

00:39:02,560 --> 00:39:09,760

the south pacific who the hell is it you  
know i i say uh if if the three parts of

366

00:39:09,760 --> 00:39:15,120

the report were um they're not are i mean  
that they're real um and the second part is

367

00:39:15,120 --> 00:39:20,000

we don't make them and the third part is we don't  
think china or russia makes them either i always

368

00:39:20,000 --> 00:39:25,680

say do the math what what what's left and i'm not  
saying it's alien either i don't know what it is

369

00:39:25,680 --> 00:39:31,040

but if you do the math on that something very  
odd is is at work in this country and that's

370

00:39:31,040 --> 00:39:37,040

what drives this this project that we're on right  
now because this is potentially the most important

371

00:39:37,040 --> 00:39:43,440

time in human history this may be the the\h  
inflection point for a change in how we see the\h\h

372

00:39:43,440 --> 00:39:51,440

world how we see the universe how we see our place\h  
how we see ourselves um and and we have problems\h\h

373

00:39:51,440 --> 00:39:56,720

right now in this world i don't think anybody\h  
denies that we can't get along with ourselves\h\h

374

00:39:56,720 --> 00:40:02,080

uh we've we've done terrible damage to the\h  
place that we live the earth and we have to\h\h

375

00:40:02,080 --> 00:40:05,840

get our act together and everyone knows\h  
this i don't think anybody disputes that\h\h

376

00:40:06,400 --> 00:40:12,160

maybe a first step in getting our act together\h  
would be to elevate the truth about something\h\h

377

00:40:12,160 --> 00:40:18,720

as profound as this and get it out there and then\h  
get to work at being human and fixing our problems\h\h

378

00:40:19,760 --> 00:40:26,720

you know what i wrestle with i wrestle with the\h  
why the why the secrecy because i'm now at the\h\h

379

00:40:26,720 --> 00:40:31,440

stage where i don't doubt for a moment that\h  
this is real i don't doubt for a moment that\h\h

380

00:40:31,440 --> 00:40:36,560

the united states government knows a huge amount\h  
more than it's letting on i mean for example i was\h\h

381

00:40:36,560 --> 00:40:40,640

just laughing to myself this morning because  
in preparing for this interview i was reading

382

00:40:40,640 --> 00:40:48,240

the ex-cia director james woolsey's comments to  
uh friend john greenwald from the black vault site

383

00:40:48,240 --> 00:40:56,160

earlier in april this year and he described an  
incident in which a friend of his had his aircraft

384

00:40:56,160 --> 00:41:05,920

quote stop at 40 000 feet and not continue  
operating as a normal aircraft right and he

385

00:41:05,920 --> 00:41:14,400

acknowledged that in the context of uaps now  
in my country if if any public servant let

386

00:41:14,400 --> 00:41:18,480

alone the head of an intelligence service or a  
former head of an intelligence service came up

387

00:41:19,040 --> 00:41:24,720

and said this had happened i would be the  
national correspondent or the national

388

00:41:24,720 --> 00:41:29,280

security correspondent for the top newspaper and  
i would say can you please explain what you mean

389

00:41:30,800 --> 00:41:36,720

where is the curiosity on this i just want  
this is what gets me i don't understand why

390

00:41:36,720 --> 00:41:45,440

mainstream media is not rattling the cage on this  
because the clues are there they are there um and

391

00:41:45,440 --> 00:41:50,320

i think that if we're lucky uh media\h  
will start rattling the cage more i\h\h

392

00:41:50,320 --> 00:41:55,600

just want to because i know that time is\h  
is dwindling here you ask the question why\h\h

393

00:41:56,960 --> 00:42:02,720

why why has there been this truth embargo on this\h  
topic over these years and i've given a lot of\h\h

394

00:42:02,720 --> 00:42:07,760

thought about that i think about these things\h  
i'm laying in bed at night you know saying what\h\h

395

00:42:07,760 --> 00:42:13,920

why okay i have two possibilities that i'll\h  
leave you with possibility number one is it's\h\h

396

00:42:13,920 --> 00:42:22,080

scary it's just not fun to consider and that's\h  
possible because of the nuclear connection we've\h\h

397

00:42:22,080 --> 00:42:28,080

got and things like it might be scary and the\h  
second one is it's just impossible to understand\h\h

398

00:42:28,080 --> 00:42:35,520

i mean it it may be just too strange um i've often\h  
loved the the there's a quote from a physicist\h\h

399

00:42:35,520 --> 00:42:41,440

uh haldane at the turn of the century who said\h  
the universe made is is not only stranger than we\h\h

400

00:42:41,440 --> 00:42:46,880

imagine it may be stranger than we can imagine\h  
now if that's the case that would explain it\h\h

401

00:42:46,880 --> 00:42:53,200

also well the enigmatic lewis elizondo the  
former head of the pentagon ufo program

402

00:42:53,200 --> 00:42:59,920

when he was asked about this he said that the  
real explanation would make people somber yes

403

00:43:00,800 --> 00:43:05,360

okay that's a perfect setup i'm gonna  
have a way to close this out all right

404

00:43:05,360 --> 00:43:09,440

used to be the chairman of the television  
academy i was the guy in charge after 9

405

00:43:11,280 --> 00:43:17,840

you 11. the emmys i did and we were  
concerned about how we should deal with

406

00:43:17,840 --> 00:43:22,880

uh having actors walk down the red carpet  
right and how would we find the right tone

407

00:43:22,880 --> 00:43:29,840

and gregory peck uh was there right before he  
died uh at a an event that we were honoring him

408

00:43:29,840 --> 00:43:36,720

at and i was i mean you got to meet i did i got  
to introduce him and i talked to him before that

409

00:43:36,720 --> 00:43:43,360

and i said mr peck um you know a lot of actors  
are very concerned about how to deal with

410

00:43:43,360 --> 00:43:47,760

you know being appropriate and how do we deal  
with all this and i'm only saying this because

411

00:43:47,760 --> 00:43:53,920

you used the word um that you used i said\h  
what are your thoughts without missing a\h\h

412

00:43:53,920 --> 00:44:04,320

beat gregory peck looks at me and he says i would\h  
be sober but not somber with a twinkle in my eye\h\h

413

00:44:04,320 --> 00:44:11,520

to assure the people that everything was going\h  
to be okay now if there's a way out of this\h\h

414

00:44:12,160 --> 00:44:19,920

mystery and whatever i think gregory peck has\h  
given a way to think about that it is time to\h\h

415

00:44:19,920 --> 00:44:26,000

be sober it's clearly a time to be sober but\h  
we don't have the information yet to be somber\h\h

416

00:44:26,000 --> 00:44:31,680

and we still have to be human we still have to\h  
have the twinkle in our eyes and we still have to\h\h

417

00:44:31,680 --> 00:44:37,040

to tell each other it's going to be okay whatever\h  
it is and so that's where i come down to this\h\h

418

00:44:37,920 --> 00:44:43,680

well i'll end it by saying bryce we can\h  
handle the truth we can i really think\h\h

419

00:44:44,320 --> 00:44:52,000

i think we can and so dear listener i'm sorry\h  
to say it's time to go but we'll be back\h\h
