

Need to Know

1

00:00:01,920 --> 00:00:07,680

okay senator we're rolling okay ross i have an idea if you're interested sure i heard the nicest

2

00:00:07,680 --> 00:00:13,680

story about a seattle man who took his two sons up on the roof of the house to try and see my

3

00:00:13,680 --> 00:00:19,840

mercury spacecraft come over i love that yeah well i thought you'd like that one and then if we could

4

00:00:19,840 --> 00:00:24,960

get some of the old mission broadcasts maybe you could use those for for background definitely you

5

00:00:24,960 --> 00:00:33,280

are full of great ideas no i'm full of good ideas what are you doing you just agreed to two of my

6

00:00:33,280 --> 00:00:37,920

suggestions which proves your problem is with me and not with them i'm so sorry you're right it's

7

00:00:37,920 --> 00:00:42,240

all right the senator and i are old friends i took the liberty of running a few irresistible ideas

8

00:00:42,240 --> 00:00:47,680

by him so that i can prove my point and let you come clean that's not what you told me you used me

9

00:00:49,040 --> 00:00:53,520

i'm sorry senator but but if i used you it was only as the swift and terrible sword of justice

10

00:00:55,680 --> 00:01:01,440

it's terrible all right and outrageous you said these were your ideas why'd you do it

11
00:01:04,160 --> 00:01:06,880
i was misled and i feel awful and\h\h

12
00:01:07,920 --> 00:01:15,040
you know it's not like me to be that underhanded\h
it's all right frasier get in my boot

13
00:01:18,960 --> 00:01:24,320
i am so sorry senator glenn well i'm the one\h
that's sorry it's my nature to be honest and\h\h

14
00:01:26,080 --> 00:01:30,480
i'm going to tell you what i did this for back\h
in those glory days i was very uncomfortable when\h\h

15
00:01:30,480 --> 00:01:37,200
they asked us to say things that i didn't want\h
to say and deny other things i am so mad at you\h\h

16
00:01:37,200 --> 00:01:44,160
fraser oh yeah well i'm mad too so just bring\h
it on some people ask you know were you alone\h\h

17
00:01:44,160 --> 00:01:51,280
out there we never gave the real answer and\h
yet we've seen things out there strange things\h\h

18
00:01:52,240 --> 00:01:56,560
this is my project and i asked you not to try\h
to take control and now you've gone behind my\h\h

19
00:01:56,560 --> 00:02:00,720
back and done just that but roger didn't even\h
give me a fair shake if i didn't it was because\h\h

20
00:02:00,720 --> 00:02:05,840
i was trying to protect myself because you can\h
be so bossy sometimes but we know what we saw\h\h

21

00:02:05,840 --> 00:02:11,200

out there and we couldn't we couldn't really\h
say anything and and the bosses were scared\h\h

22

00:02:11,200 --> 00:02:17,200

of this they were afraid of war of the worlds\h
type stuff and and about panic in the streets\h\h

23

00:02:17,200 --> 00:02:22,960

and so we had to keep quiet and now we only see\h
these things in our well in our nightmares or\h\h

24

00:02:24,720 --> 00:02:31,280

or maybe in the in the movies and some of them\h
are pretty close to being the truth all right roz\h\h

25

00:02:32,320 --> 00:02:36,560

i'll admit that maybe i was being\h
a little too assertive all right\h\h

26

00:02:36,560 --> 00:02:40,160

but the least you could do is admit\h
that perhaps you were a bit defensive

27

00:02:44,640 --> 00:02:51,120

well maybe you're right but it was because i was\h
trying to prove that i could do this on my own\h\h

28

00:02:51,920 --> 00:02:59,920

so i was shutting you out i admitted it was\h
unfair and i apologize i accept it oh ross come on\h\h

29

00:02:59,920 --> 00:03:04,320

our friendship is much more important to me\h
than this documentary oh it is to me too frasier\h\h

30

00:03:06,320 --> 00:03:12,640

uh look uh about what i just said out\h
there can we just keep that between us oh\h\h

31

00:03:12,640 --> 00:03:15,760

of course senator good well oh wait\h\h
