

# A Profane Rant about Modern Ufology

1

00:00:00,156 --> 00:00:04,716

Well, if you really want to hear about it the  
problem is that just when some poor bastard starts

2

00:00:04,716 --> 00:00:10,716

to think to himself Jesus Fucking Christ this shit is real, the goddamned enormity of it all,

3

00:00:10,716 --> 00:00:16,636

the implications of the entire craptastic house of  
cards falling down and the fact that there really

4

00:00:16,636 --> 00:00:23,036

might be actual aliens flying around our tortured  
spinning blue ball of life, well, that's what pulls

5

00:00:23,036 --> 00:00:31,516

the entire frayed wine spilled cat peed rug out  
from under us again. Fucking A man, aliens, so yeah,

6

00:00:31,516 --> 00:00:37,996

your brain explodes like a bag of pop rocks. It's  
easy to think if there really were ETs we'd know

7

00:00:37,996 --> 00:00:43,596

already but then you remember the magical secrecy  
tour the government's taking us on and wonder what

8

00:00:43,596 --> 00:00:48,716

that shit was all about and just when you think  
you should get a three color all cotton vintage t

9

00:00:48,716 --> 00:00:54,636

the stars academy beach towel you see that wank  
dolphin in the fedex shorts standing outside his

10

00:00:54,636 --> 00:01:00,316

truck that's double parked in front of your car  
and you forget about this we are not alone bs

11

00:01:00,316 --> 00:01:05,916

because who's got time for extraterrestrials\h  
ultra [ \_\_\_ ] terrestrials atlantian fish people\h\h

12

00:01:05,916 --> 00:01:11,836

hitchhiking skin walkers or some lost reject\h  
from the future when there's an ass that needs\h\h

13

00:01:11,836 --> 00:01:17,836

kicking besides if there was some big damn secret\h  
about ufos they sure as hell wouldn't have told\h\h

14

00:01:17,836 --> 00:01:23,916

some douchebag in a 90s rock band before they\h  
told you now would they maybe adele but even\h\h

15

00:01:23,916 --> 00:01:29,836

that's a stretch so if you spend all night in bed\h  
staring at the lava lamp you promised you'd donate\h\h

16

00:01:29,836 --> 00:01:35,516

thinking about what the [ \_\_\_ ] is going on and\h  
how if crop circles are real then maybe we should\h\h

17

00:01:35,516 --> 00:01:41,036

switch to texting with e.t and feed the world when\h  
you have to throw off the covers before the damn\h\h

18

00:01:41,036 --> 00:01:45,676

sun even comes up so you can drive to some\h  
place you could not give two shits about so\h\h

19

00:01:45,676 --> 00:01:51,836

the government can take half your already flaccid\h  
paycheck on the serious side of serious radio that\h\h

20

00:01:51,836 --> 00:01:57,996

day you probably can hear neil the ass tyson\h  
make a joke about how ufos get seen by people\h\h

21

00:01:57,996 --> 00:02:03,836

who just like to make stuff up to get attention\h  
or maybe he and his co-lunatics like bill nye\h\h

22

00:02:03,836 --> 00:02:09,596

send out some other phony with a dumb british\h  
accent a guy named mick or twit who gets on some\h\h

23

00:02:09,596 --> 00:02:15,116

[ \_\_ ] cable news show and says he doesn't see\h  
any evidence that it's probably your imagination\h\h

24

00:02:15,116 --> 00:02:22,076

or or maybe even birds or some [ \_\_ ] [ \_\_ ] birds\h  
you pull your ride over to get your shaky act back\h\h

25

00:02:22,076 --> 00:02:27,116

together hoping this will all make sense in a\h  
haze of vape smoke wondering how we're supposed\h\h

26

00:02:27,116 --> 00:02:31,276

to figure out their warp drives and all if we\h  
still don't really know if they wear clothes\h\h

27

00:02:31,916 --> 00:02:37,676

that's when you realize it's so blazing hot as\h  
you can fry a goddamn turkey patty on the sidewalk\h\h

28

00:02:37,676 --> 00:02:43,356

but don't say global warming oh because that's\h  
only a theory and that's when you realize that\h\h

29

00:02:43,356 --> 00:02:48,796

half the rubbernecks in this decaying orbit of a\h  
nation say it's your choice what to believe anyway\h\h

30

00:02:48,796 --> 00:02:55,036

right you don't have to believe in facts or covid\h  
or elections or any of that crap anymore you sure\h\h

31

00:02:55,036 --> 00:03:00,636

as all [ \_\_\_ ] don't have to believe in aliens when  
you can blame it on russian drones which is a joke

32

00:03:00,636 --> 00:03:07,436

and a half the only real truth these days is that  
nobody knows what's true anymore about anything

33

00:03:07,996 --> 00:03:13,356

pick your reality and stick with it that's when  
it hits you that these ugly grey mutants from

34

00:03:13,356 --> 00:03:18,396

zeta reticuli who look like they're here on  
a cosmic sperm hunt brought everything they

35

00:03:18,396 --> 00:03:24,076

needed with them in those saucers so they could  
tag us like deers or snowy plovers or whatever

36

00:03:24,076 --> 00:03:29,836

and it makes you wonder why is it that you can't  
even get a rice crispy treat at starbucks because

37

00:03:29,836 --> 00:03:35,516

some trucker in nashville can't get to houston to  
not get a shipment off a boat that can't unload

38

00:03:36,156 --> 00:03:40,556

so you stop thinking about ufos at  
least today because nobody really knows

39

00:03:40,556 --> 00:03:47,676

but whatever the hell you do don't call them ufos  
because now we're all oiled up to call them uaps

40

00:03:47,676 --> 00:03:53,436

which means exactly the same thing but some  
genius said well people are scared to believe

41

00:03:53,436 --> 00:03:59,276

in unidentified flying objects but if we call\h  
them unidentified aerial phenomena yeah that'd\h\h

42

00:03:59,276 --> 00:04:04,236

be completely [ \_\_ ] different and don't call\h  
anybody an abductee because now they're all\h\h

43

00:04:04,236 --> 00:04:10,076

experiencers and they'll experience their [ \_\_ ]\h  
all over you they have their own private meetings\h\h

44

00:04:10,076 --> 00:04:16,236

at ufo conventions now i swear to god sorry please\h  
excuse all the goddamn swearing you know obviously\h\h

45

00:04:16,236 --> 00:04:22,396

we need some new curse words maybe these et's have\h  
a few we can borrow except some can or karen would\h\h

46

00:04:22,396 --> 00:04:27,196

call it out as cultural stealing and somebody\h  
would have to burn an apple store and protest\h\h

47

00:04:27,996 --> 00:04:32,956

and don't look for the president to fix this\h  
trump was too focused on talking about himself\h\h

48

00:04:32,956 --> 00:04:37,036

to trust with the secret and biden\h  
is too cunning to tell it anyway\h\h

49

00:04:37,036 --> 00:04:43,036

they're probably both afraid they'd end up like\h  
jfk clinton sure as hell was the point here is\h\h

50

00:04:43,036 --> 00:04:49,036

that real ufos get seen by millions of people\h  
but the world pretends these anti-gravity racers\h\h

51

00:04:49,036 --> 00:04:55,116

don't even exist and that makes as much sense as  
buying bitcoin on the upswing i mean seriously

52

00:04:55,116 --> 00:05:00,876

there's some cranky as hell senator who's like  
112 years old in washington who i saw on tv

53

00:05:00,876 --> 00:05:06,556

who believes we never went to the [ \_\_ ] moon but  
he's absolutely convinced that nasa has had people

54

00:05:06,556 --> 00:05:12,716

on mars since the reagan years by the way they  
say this old rat face is a shoo-in for re-election

55

00:05:12,716 --> 00:05:17,436

why should it make sense anyway you had people  
teaching high school who think that tv show

56

00:05:17,436 --> 00:05:23,196

about project blue book was a documentary right  
but before you trash talk them remember you also

57

00:05:23,196 --> 00:05:29,836

got a harvard professor who thinks a rock named  
after some half-naked hawaiian dude is a spaceship

58

00:05:29,836 --> 00:05:34,476

and you got jeff freakin bezos who  
built a spaceship that looks like a dick

59

00:05:34,476 --> 00:05:39,596

and he got captain kirk to take a ride in it  
and if i have to listen to one more podcaster

60

00:05:39,596 --> 00:05:45,836

interview some other lousy podcaster to make his  
weekly quota of stupid guests with nothing to say

61

00:05:45,836 --> 00:05:49,916

well [ \_\_\_ ] i'd probably take a ride in the\h  
dick rocket just to put myself out of my misery\h\h

62

00:05:50,476 --> 00:05:56,556

over the years though millions of these bastards\h  
morons and madmen who see some [ \_\_\_ ] in the sky\h\h

63

00:05:56,556 --> 00:06:01,676

do manage to get out their super powered bat\h  
phones and take pictures of these dancing light\h\h

64

00:06:01,676 --> 00:06:07,116

shows and they say [ \_\_\_ ] oh like 200 times more\h  
than i do to describe what they're seeing instead\h\h

65

00:06:07,116 --> 00:06:13,836

of what day it is or what the weather's like or\h  
where they are so there'd be some actual evidence\h\h

66

00:06:13,836 --> 00:06:20,156

maybe and then bam this linguistic [ \_\_\_ ] fest\h  
is up on instagram faster than a speeding tic tac\h\h

67

00:06:20,156 --> 00:06:26,396

and their stoner friends tell them what a freaking\h  
genius they are hashtag that ufo twitter people\h\h

68

00:06:26,956 --> 00:06:32,716

you found today's smoking gun i hate twitter of\h  
course but i read it anyway because the avalanche\h\h

69

00:06:32,716 --> 00:06:42,156

of [ \_\_\_ ] just knocks me out wilson memo orbs\h  
water sucking tastes great less filling is this\h\h

70

00:06:42,156 --> 00:06:47,196

what disclosure looks like find me a quietest\h  
kitten let me get a good night's sleep finally\h\h

71

00:06:47,836 --> 00:06:53,036

meanwhile last summer the government puts out  
a report that says this [ \_\_\_ ] is real except

72

00:06:53,036 --> 00:06:59,356

we have no damn clue what they are where they're  
from or who makes these flying [ \_\_\_ ] saucers as

73

00:06:59,356 --> 00:07:04,396

if bald scaly-headed generals with stars on their  
shoulders haven't been sitting on what they got

74

00:07:04,396 --> 00:07:09,516

at roswell back in the good old days when we could  
still nuke anybody and they couldn't nuke us back

75

00:07:09,516 --> 00:07:16,636

maybe the collins elite dudes at dod got hit by an  
amnesia space ray if that's even a thing anymore

76

00:07:16,636 --> 00:07:21,916

i'd ask harry reid but he's on the other side  
now stuck in a steaming pile of woo or maybe

77

00:07:21,916 --> 00:07:27,116

i could get sean spicer on the cell because  
i'm pretty sure spicer is next up to run mufon

78

00:07:27,116 --> 00:07:33,196

but anyway this flimsy ass report makes news for  
like three hours and then it's on to live coverage

79

00:07:33,196 --> 00:07:39,116

of the britney spears freedom march makes me wanna  
puke and when somebody's holding your forehead

80

00:07:39,116 --> 00:07:43,516

over the toilet that's when you remember that  
smoke and joe Biden just signed a defense budget

81

00:07:43,516 --> 00:07:49,276

sent his way by congress right after christmas\h  
that's like oh maybe a thousand trillion dollars\h\h

82

00:07:49,836 --> 00:07:54,956

and inside this giant [ \_\_\_ ] ton of bucks is\h  
enough extra money to get serious about studying\h\h

83

00:07:54,956 --> 00:07:59,676

uab which is a joke and a half because that\h  
would mean they've been sitting on their hands\h\h

84

00:07:59,676 --> 00:08:05,436

since hitler took a dirt nap and just decided\h  
to look the other way when foo fighters ghost\h\h

85

00:08:05,436 --> 00:08:10,876

rockets and flying saucers were scaring the holy\h  
[ \_\_\_ ] out of people flying the unfriendly skies\h\h

86

00:08:11,836 --> 00:08:17,276

this amendment comes from the new team-up of\h  
gillibrand and rubio she's that blonde democrat\h\h

87

00:08:17,276 --> 00:08:22,796

new york senator lady who i'm pretty sure was a\h  
babe and a half in college and he's the republican\h\h

88

00:08:22,796 --> 00:08:28,476

florida whack job senator rista who probably got\h  
passed by his frat brothers back in his campus\h\h

89

00:08:28,476 --> 00:08:34,076

days anyway the only god damn thing these two\h  
have ever agreed on besides running for president\h\h

90

00:08:34,076 --> 00:08:40,876

is that ufos might just be a problem anyway so\h  
now congress and the president and the pentagon\h\h

91

00:08:40,876 --> 00:08:46,316

and the cia say they're going to look into it for\h  
real and that means even putting together a team\h\h

92

00:08:46,316 --> 00:08:51,036

that can get to a crash site faster than the\h  
avengers which sounds like a tv series i might\h\h

93

00:08:51,036 --> 00:08:55,196

actually watch and they're also going to check\h  
out people who are getting sick when they see\h\h

94

00:08:55,196 --> 00:09:01,436

these flying whatever's but for me if i ever do see\h  
a ufo up close enough then i could hit it with a\h\h

95

00:09:01,436 --> 00:09:07,116

clean nine iron shot i'm gonna wear an n95 all the\h  
way to my eyebrows unless it gets in the way of\h\h

96

00:09:07,116 --> 00:09:14,076

kissing my ass goodbye i don't trust any of them\h  
they already had some goddamn thing called the uap\h\h

97

00:09:14,076 --> 00:09:20,956

task force so these generals decided to\h  
improve that and now it's called the aoimsg\h\h

98

00:09:20,956 --> 00:09:28,556

or oimsga or some [ \_\_\_ ] this girl on tik-tok\h  
says msg is monosodium glutamate which can give\h\h

99

00:09:28,556 --> 00:09:34,236

you a headache which sounds right i mean how are\h  
these guys supposed to win wars if they can't even\h\h

100

00:09:34,236 --> 00:09:40,556

name something i probably should smoke a bowl\h  
of area 51 sativa to calm down but even then\h\h

101

00:09:40,556 --> 00:09:45,116

i think about this [ \_\_\_ ] one of my favorite\h  
things after hitting up the local dispensary\h\h

102

00:09:45,116 --> 00:09:50,796

is to listen to lou the spy dude talk on a\h  
podcast you know him even if you think you don't\h\h

103

00:09:50,796 --> 00:09:57,916

he's the one with the goatee baseball cap and some\h  
bad ass tats i guess i must be watching him on tv\h\h

104

00:09:57,916 --> 00:10:04,716

too anyway my buddy zeke calls his beard a fravor\h  
saver which isn't even funny but it cracks us up\h\h

105

00:10:05,596 --> 00:10:10,876

why does lou always say he can't really talk\h  
and then say some crazy [ \_\_\_ ] about crashes\h\h

106

00:10:10,876 --> 00:10:15,836

and all that's what i'd ask all those online\h  
gatekeepers but i don't have enough bread to\h\h

107

00:10:15,836 --> 00:10:21,436

pay for their patreon subscriptions when i've\h  
got a buzz on i think about the 47th season of\h\h

108

00:10:21,436 --> 00:10:26,956

dancing with the stars and i wonder if the spy\h  
dude can tango will they let him wear his hat\h\h

109

00:10:27,756 --> 00:10:33,916

deep [ \_\_\_ ] like that mainly because the actual\h  
truth is too stupid he's cool though kind of like\h\h

110

00:10:33,916 --> 00:10:39,276

ufology's batman which makes the tall guy with the\h  
tie that he used to hang out with alfred i guess\h\h

111

00:10:39,996 --> 00:10:45,276

i mean jesus h christ on a hot dog stick we all\h  
know the boat's leaking but people still don't\h\h

112

00:10:45,276 --> 00:10:50,316

think it's time to admit we're in the middle of\h  
the greatest [ \_\_\_ ] bases loaded pressure play\h\h

113

00:10:50,316 --> 00:10:55,676

in human history we think yeah oh [ \_\_\_ ] today\h  
will be the day when they let it all hang out\h\h

114

00:10:55,676 --> 00:11:03,276

but the entire goddamn hair on fire cosmic [ \_\_\_\h  
> ] boom of ufo disclosure never seems to get there\h\h

115

00:11:03,276 --> 00:11:08,716

there's the real moment of zen i mean for\h  
[ \_\_\_ ] sake tic tacs are not zipping around\h\h

116

00:11:08,716 --> 00:11:13,756

navy jets to keep the skies minty fresh\h  
the closer some of us get to admitting the\h\h

117

00:11:13,756 --> 00:11:18,156

impossible the more the rest get hypnotized\h  
into believing there's nothing to see here\h\h

118

00:11:18,716 --> 00:11:23,756

there's some [ \_\_\_ ] who calls himself a\h  
ufo activist whatever the hell that means\h\h

119

00:11:23,756 --> 00:11:30,396

who every goddamn lousy year says the shit's\h  
coming down next year it never [ \_\_\_ ] does\h\h

120

00:11:30,396 --> 00:11:36,236

but he's playing the odds that one year he'll\h  
finally be right but maybe he never will and\h\h

121

00:11:36,236 --> 00:11:41,516

god is giving his balls a little tickle every few\h  
months with a with a leak here and a tease there\h\h

122

00:11:42,396 --> 00:11:46,716

but i guess if somebody should have a sense of\h  
humor in this whole freak show god should get\h\h

123

00:11:46,716 --> 00:11:52,476

the first crack at it unless he's an alien then\h  
just get me a private room in the james forestall\h\h

124

00:11:52,476 --> 00:11:57,596

psychiatric institute where nurse ratchet is a\h  
nordic who arrives every morning by fuhrerball\h\h

125

00:11:58,316 --> 00:12:03,676

we all want the dirty truth yeah but but really\h  
don't want the whole goddamn world even if it is\h\h

126

00:12:03,676 --> 00:12:09,596

a piece of burning sewage most days to fall apart\h  
more than it has already if that's possible so\h\h

127

00:12:09,596 --> 00:12:15,116

the toe gets dipped in what passes for water and\h  
it's cold and muddy and we run home to mama who\h\h

128

00:12:15,116 --> 00:12:21,116

tells us monsters aren't real and have some hot\h  
cocoa and the next day nobody remembers a thing\h\h

129

00:12:21,756 --> 00:12:27,836

so life goes [ \_\_\_ ] on and on every time we move\h  
the football the morons in charge add a few more\h\h

130

00:12:27,836 --> 00:12:35,036

yards to the field no reptilian overlord did this\h  
to us it's goddamn humans who kept this mother\h\h

131

00:12:35,036 --> 00:12:41,436

effing secret from other humans even if the truth\h  
is that we're just an amoeba in a giant petri dish\h\h

132

00:12:41,436 --> 00:12:47,196

or a big nothing living a couple of rungs down on\h  
a food chain or some kind of holographic matrix to\h\h

133

00:12:47,196 --> 00:12:52,556

the max simulation i'd like to know so i could\h  
start hoarding toilet paper again with a clear\h\h

134

00:12:52,556 --> 00:12:59,116

conscience i mean what the absolute [ \_\_ ] [ \_\_\h  
] is going on either these space sisters need\h\h

135

00:12:59,116 --> 00:13:05,116

to show up for real and put an end to this [ \_\_\h  
] because we won't or they and their e.t bros\h\h

136

00:13:05,116 --> 00:13:10,556

need to get the [ \_\_ ] out of here and take their\h  
fleets of mother ships and sport saucers with them\h\h

137

00:13:10,556 --> 00:13:18,556

and let us get back to our own pathetic\h  
lives and that's all i have to say about it
