

1

00:00:15,660 --> 00:00:21,660

Hell there, I'm Bryce Zabel, and you're listening to Need to Know with Coulthart and Zabel and as you recall from our last

2

00:00:21,660 --> 00:00:27,540

podcast we had to mention that Ross wasn't with us he was on assignment and I'm happy to

3

00:00:27,540 --> 00:00:33,180

say that that part has been fixed Ross may still be on assignment and he is in Paris

4

00:00:33,180 --> 00:00:39,000

France but he's with us today Ross welcome back we missed you a lot tell me what you've been up

5

00:00:39,000 --> 00:00:46,500

to oh boy Bryce what what a few weeks it's um can I just say for a moment let's just stop for

6

00:00:46,500 --> 00:00:51,180

a moment and think about the fact that you and I both know what we're about to talk about right

7

00:00:52,080 --> 00:00:59,100

I think this is the beginning of a very important moment in history I really do I don't think it's

8

00:00:59,100 --> 00:01:07,860

the moment but I think it's a Tipping Point a slow movement towards an admission by the US government

9

00:01:08,580 --> 00:01:15,960

of things that seem unimaginable so what have I been doing well we're actually pre-recording

10

00:01:15,960 --> 00:01:22,140

this because I'm going to be on the move when this goes to air but what we do know is that

11  
00:01:22,140 --> 00:01:30,300  
at eight o'clock New York Time 5 June tomorrow  
there is going to be an article appearing in

12  
00:01:30,300 --> 00:01:38,460  
the debrief written by Leslie Kane and Ralph  
Blumenthal which I hope will rock Washington

13  
00:01:38,460 --> 00:01:47,640  
the intelligence community and the Department of  
Defense right to its socks it's the revelations of

14  
00:01:48,360 --> 00:01:54,180  
a hugely important intelligence Community  
Insider a guy called David grush

15  
00:01:55,260 --> 00:02:03,000  
who until early April was a very senior member of  
the intelligence community and Bryce as you know

16  
00:02:03,000 --> 00:02:08,220  
because you've been very much part of this you've  
been very much a good Mentor to me throughout all

17  
00:02:08,220 --> 00:02:16,920  
of this Dave and I have been talking for some  
time and I have the television interview with

18  
00:02:16,920 --> 00:02:24,720  
Dave Crush which will be going to air later  
this week and you'll see hopefully in this

19  
00:02:24,720 --> 00:02:31,260  
program the news Nation TV promotional teasers  
that are advertising this forthcoming interview

20  
00:02:45,180 --> 00:02:54,360  
I think what Mr grush has to say is quite  
momentous it's it's big and I think we have

21  
00:02:54,360 --> 00:03:03,840  
the beginning of what I believe will be a trail  
of whistleblowers good men and women who are now

22  
00:03:03,840 --> 00:03:12,240  
coming forward to talk about what they know about  
incredible as it may seem a non-human intelligence

23  
00:03:12,240 --> 00:03:21,900  
that's been engaging with this planet for many  
many years and Incredibly even further the fact

24  
00:03:21,900 --> 00:03:29,400  
that the United States government really is in  
possession of retrieved non-human technology

25  
00:03:31,380 --> 00:03:36,960  
so that's what I've been doing yeah there's a  
little to think about I want to thank you for the

26  
00:03:36,960 --> 00:03:43,800  
way you started it because that actually describes  
my feelings I met Dave grush through you almost a

27  
00:03:43,800 --> 00:03:51,240  
month ago met him twice had lunch with him thanks  
to you again um but I have to say I've spent many

28  
00:03:51,240 --> 00:03:59,100  
nights and days in the last month where I kind of  
sit there and drift off because I'm thinking wow

29  
00:03:59,100 --> 00:04:06,180  
we've been doing this for a long time as a need  
to know podcast and and YouTube channel but I've

30  
00:04:06,180 --> 00:04:12,180  
been involved in this you know as as you have for  
years and I've been thinking about what it's going

31  
00:04:12,180 --> 00:04:17,280  
to take and you called it a Tipping Point yeah  
that's what's been getting to me because I've

32  
00:04:17,280 --> 00:04:24,660  
been thinking well we're actually at that point  
now where it isn't just a hopeful optimistic

33  
00:04:24,660 --> 00:04:31,800  
random speculation but it's beginning to get very  
very real so uh what I think would be nice for

34  
00:04:31,800 --> 00:04:38,520  
us is if we turn the the table a little bit and  
let me interview you a little bit about how you

35  
00:04:38,520 --> 00:04:45,840  
tipped to Dave grush um what you're going to have  
in your story that's so unique and um and I think

36  
00:04:45,840 --> 00:04:51,720  
we should start with that I think what a lot of  
people who have read the article that uh Leslie

37  
00:04:51,720 --> 00:04:57,120  
Kane and Ralph Blumenthal wrote will be thinking  
is okay well it's great I read it in print who

38  
00:04:57,120 --> 00:05:02,160  
is this guy exactly well don't you put him on  
camera how did you find him and get him to do that

39  
00:05:03,000 --> 00:05:10,620  
I I have to say my impressions of Dave Crush are  
not formed just by talking to Dave grush both

40  
00:05:10,620 --> 00:05:16,800  
Leslie and Ralph and I have done very methodical  
checking into his background we've assessed his

41  
00:05:16,800 --> 00:05:23,040  
credibility and more importantly we've verified  
with many independent sources that he is who he

42  
00:05:23,040 --> 00:05:30,060  
says he is he's basically the guy he's one of the  
guys who quite literally was involved in putting

43  
00:05:30,060 --> 00:05:35,940  
together the presidential daily briefing for the  
president of the United States he was cleared so

44  
00:05:35,940 --> 00:05:42,780  
highly with his top secret SCI compartmented  
clearance that he was given access to over 2

45  
00:05:42,780 --> 00:05:49,020  
000 special access programs and before any of you  
linked to conclusions and assume that he's another

46  
00:05:49,020 --> 00:05:54,840  
Edward Snowden or another person who's breaking  
the law to bring this information to the public

47  
00:05:55,680 --> 00:06:01,800  
the extraordinary thing about Dave grush's  
Revelations are that he is making them

48  
00:06:01,800 --> 00:06:09,060  
under the authorization of the defense  
office pre-publications Security review

49  
00:06:10,080 --> 00:06:16,860  
he has been approved by the U.S Department of  
Defense to do the interview he's done with me

50  
00:06:16,860 --> 00:06:24,420  
and with Leslie Kane and Ralph Blumenthal I  
like to think I'd hope that this indicates a

51  
00:06:24,420 --> 00:06:32,220  
pleasant level of openness by the U.S defense\h  
department but as Dave candidly has told me he\h\h

52  
00:06:32,220 --> 00:06:38,100  
believes it's more a necessity for the U.S\h  
defense department he's determined he wants\h\h

53  
00:06:38,100 --> 00:06:45,000  
to tell his story and I think they see the doctor\h  
review as a way of trying to control his narrative\h\h

54  
00:06:45,720 --> 00:06:52,500  
but it's hugely significant because essentially\h  
he has put what he wants to talk about to the U.S\h\h

55  
00:06:52,500 --> 00:06:59,040  
defense department and he has received approval\h  
from the U.S defense department to talk about\h\h

56  
00:06:59,040 --> 00:07:05,580  
what he reveals to both Leslie Kane and Ralph\h  
Blumenthal and myself I I think that's quite\h\h

57  
00:07:05,580 --> 00:07:10,860  
huge and it's a very pleasant degree of openness\h  
from a department that frankly I think we've had\h\h

58  
00:07:10,860 --> 00:07:16,080  
good cause to be very critical of in the past\h  
that's one of the reasons why I do think we're\h\h

59  
00:07:16,080 --> 00:07:22,320  
about to step into the unknown I was just reading\h  
before I came onto this podcast Bryce comment by\h\h

60  
00:07:22,320 --> 00:07:28,380  
Brian Bender Who I have huge respect for the\h  
ex-politico journalist now working in private\h\h

61  
00:07:28,380 --> 00:07:34,740  
consultancy and Brian made the entirely legitimate\h  
point that if people are going to come forward\h\h

62  
00:07:34,740 --> 00:07:41,700  
they really do need to be highly credible people\h  
maybe perhaps speaking as program managers people\h\h

63  
00:07:41,700 --> 00:07:47,640  
from within the program Dave grush isn't there\h  
he's not somebody who's worked in the program\h\h

64  
00:07:48,300 --> 00:07:56,760  
but what he did do is he worked for the UAP task\h  
force he was perhaps the lead investigator for the\h\h

65  
00:07:56,760 --> 00:08:01,980  
body that the Pentagon set up to investigate\h  
the phenomenon at the request of the Congress\h\h

66  
00:08:02,520 --> 00:08:09,120  
and it was he who was authorized with all of his\h  
compartmented security clearances to go and find\h\h

67  
00:08:09,120 --> 00:08:17,040  
the code name programs that do exist that contain\h  
what he alleges involved as we've read today in\h\h

68  
00:08:17,040 --> 00:08:24,780  
the debrief a crash retrieval program recovered\h  
non-human technology that is secretly held by\h\h

69  
00:08:24,780 --> 00:08:32,100  
the United States I I like you in the last few\h  
weeks Bryce ever since I first spoken to Dave\h\h

70  
00:08:33,000 --> 00:08:40,800  
had trouble processing what he's been telling\h  
us I've asked myself constantly could he be some\h\h

71  
00:08:40,800 --> 00:08:47,580  
kind of disinformation stooge that's being put  
up by the defense department to completely and

72  
00:08:47,580 --> 00:08:56,040  
egregiously mislead the UAP research community so  
many people have vouched for him from the inside

73  
00:08:56,880 --> 00:09:01,380  
I've never been fully candid even with you my  
friend about the people that I've been talking

74  
00:09:01,380 --> 00:09:07,200  
to but you might remember I told you once that  
in my book as well I I talked about a guy called

75  
00:09:07,200 --> 00:09:15,900  
nat cobits yep and that was one of the chief Geeks  
for the US Navy and he was dying and he gave me

76  
00:09:17,040 --> 00:09:24,720  
leads and I've never spoken about this before  
but he gave me leads that led me to people

77  
00:09:24,720 --> 00:09:34,500  
working in what they purported was a secret  
program involving the retrieval and attempted

78  
00:09:34,500 --> 00:09:41,940  
reverse engineering of non-human technology and  
I've been speaking to those people for some time

79  
00:09:42,780 --> 00:09:50,760  
and it was they who told me about Dave grush and  
it was they who vouched about Dave grush to me

80  
00:09:51,600 --> 00:09:58,860  
so unless there's been an elaborate disinformation  
program going back to maybe even three years

81  
00:09:59,760 --> 00:10:08,580  
I think this guy's for real he's one of the  
highest intelligence officers ever to come forward

82  
00:10:09,480 --> 00:10:16,860  
in fact I think he is the highest intelligence  
officer ever to come forward on the issue of uaps

83  
00:10:17,400 --> 00:10:22,800  
and one of the reasons why I think we should  
give him huge credibility is because I've been

84  
00:10:22,800 --> 00:10:31,740  
able to confirm and so have Leslie and Ralph that  
Dave's allegations made in a secret hearing to the

85  
00:10:31,740 --> 00:10:40,800  
Inspector General of the intelligence community  
have been verified to be both urgent and credible

86  
00:10:42,000 --> 00:10:48,600  
and for that reason his allegations were referred  
urgently to the oversight Committees of the

87  
00:10:48,600 --> 00:10:55,680  
Congress you know Russ there's so much to unpack  
there let's start with the simplest one you said

88  
00:10:55,680 --> 00:11:01,320  
at the very beginning that he had filed for a  
dopsa review you better explain that so people

89  
00:11:01,320 --> 00:11:06,780  
know what you're talking about there sure adopts  
a review is a defense office pre-publications

90  
00:11:06,780 --> 00:11:12,780  
Security Office review where they basically  
look at what people want to write and if you

91  
00:11:12,780 --> 00:11:18,420  
are a compartmented top secret clear person you\h  
are illegally obliged to get anything that you\h\h

92  
00:11:18,420 --> 00:11:24,600  
want to publish checked by the defense department\h  
now I do emphasize it's not a verification that\h\h

93  
00:11:24,600 --> 00:11:30,360  
the statements the person's making are authentic\h  
you know theoretically Dave could basically put\h\h

94  
00:11:30,360 --> 00:11:35,760  
to them a whole series of false allegations that\h  
he wants to allege and they could theoretically\h\h

95  
00:11:35,760 --> 00:11:39,300  
verify those false allegations because\h  
none of them breach National Security\h\h

96  
00:11:40,080 --> 00:11:47,340  
what I find very very interesting and this\h  
is revealed in Leslie Kane's story is that\h\h

97  
00:11:48,240 --> 00:11:56,100  
there are things that are authorized in the dopsa\h  
review by the defense department that are simply\h\h

98  
00:11:56,100 --> 00:12:04,860  
breathtaking they are they are authorizing\h  
Dave to talk about historical crash retrievals\h\h

99  
00:12:05,520 --> 00:12:15,480  
you know okay um when I say historical crash\h  
retrievals I'm talking about well I would call\h\h

100  
00:12:15,480 --> 00:12:21,900  
it alien so would you but the term they use is\h  
non-human intelligence they're talking about\h\h

101

00:12:21,900 --> 00:12:31,140

non-human intelligence technology nhi technology\h  
and we're going to be hearing that term a lot nhi\h\h

102

00:12:31,140 --> 00:12:37,320

let's go back to the dopsa review for a moment\h  
I assume this is the same kind of thing that Lou\h\h

103

00:12:37,320 --> 00:12:42,840

Elizondo has just gone through for his book uh\h  
in order to publish it the other thing about it\h\h

104

00:12:42,840 --> 00:12:48,720

is uh you do say to yourself why on Earth would\h  
the defense department let him come forward and\h\h

105

00:12:48,720 --> 00:12:53,580

talk about such things if they're also at the\h  
same time denying that they have any information\h\h

106

00:12:53,580 --> 00:13:00,180

about it well part of it is of course that um\h  
if they turned him down if they said you can't\h\h

107

00:13:00,180 --> 00:13:06,720

go talk about that that I believe triggers an\h  
entire process where he has you know there's\h\h

108

00:13:06,720 --> 00:13:11,820

a back and forth and it's public is that right\h  
and so therefore one incentive for the defense\h\h

109

00:13:11,820 --> 00:13:16,920

department to say go talk about whatever you\h  
want there is they don't want that or they did\h\h

110

00:13:16,920 --> 00:13:22,980

not want that kind of back and forth first and\h  
foremost let me emphasize Dave grush is a patriot\h\h

111

00:13:23,640 --> 00:13:29,040

he strongly believes that the information  
he holds which he has acquired by doing

112

00:13:29,040 --> 00:13:35,220

his investigations as a member of the UAP task  
force he believes that those allegations should

113

00:13:35,220 --> 00:13:39,900

be public information there's certain things  
that he thinks the public should not know

114

00:13:40,620 --> 00:13:46,920

and I respect that I completely understand that  
and I can understand to some degree why for many

115

00:13:46,920 --> 00:13:54,120

years especially during the Cold War this was Kept  
Secret but but but but what I do think is sorry

116

00:13:54,120 --> 00:14:00,900

let's I'll let you talk I'm sorry no no uh I was  
just going to say by way of vouching for all this

117

00:14:00,900 --> 00:14:07,800

I personally have sat and watched you interview  
Dave grush for I believe seven hours two separate

118

00:14:07,800 --> 00:14:13,740

events over seven hours and I have heard him say  
things in those interviews that you conducted

119

00:14:13,740 --> 00:14:20,820

that exceed by a lot what's in the uh Leslie  
Kane and Ralph Blumenthal story he obviously

120

00:14:21,840 --> 00:14:28,140

uh you know he spoke at at depth about certain  
things that I have to tell you I thought were

121  
00:14:28,140 --> 00:14:34,140  
shocking um not so much shocking in that I\h  
couldn't comprehend how they could be true\h\h

122  
00:14:34,140 --> 00:14:40,020  
but shocking in that somebody was actually saying\h  
them in a public forum on camera so one question\h\h

123  
00:14:40,020 --> 00:14:48,000  
I had for you is if even if he's followed this\h  
dopsa process my question is is he still in any\h\h

124  
00:14:48,000 --> 00:14:56,040  
danger of being say arrested because uh obviously\h  
the reason he became this first whistleblower\h\h

125  
00:14:56,040 --> 00:15:03,120  
approved is that there's government legislation\h  
that came out of the defense authorization act so\h\h

126  
00:15:03,120 --> 00:15:12,180  
what risk was Dave grush taking by speaking\h  
for seven hours to you on camera about some\h\h

127  
00:15:12,180 --> 00:15:19,620  
things that exceed just crash wreckage what's the\h  
deal uh any whistleblower I mean I I I I feel as\h\h

128  
00:15:19,620 --> 00:15:26,100  
an investigative journalist that the one thing\h  
that we always have to respect is the person who\h\h

129  
00:15:26,100 --> 00:15:32,220  
decides to come out from the shadows and speak\h  
publicly about what they perceive to be a wrong\h\h

130  
00:15:32,220 --> 00:15:39,660  
or an ill doing and exposing it publicly it is the\h  
most courageous thing that any Patriot any public\h\h

131

00:15:39,660 --> 00:15:46,680

servant can do and and sadly one of the great  
lessons of Journalism is whistleblowers often

132

00:15:46,680 --> 00:15:55,320

get screwed they get treated really badly and so  
in many ways Mr grush's best defense is to speak

133

00:15:55,320 --> 00:16:02,340

publicly and to get what he knows out there and to  
ensure that it's quickly publicly investigated and

134

00:16:02,340 --> 00:16:07,680

aggressively investigated so what he's doing  
is he's putting his cards on the table he's

135

00:16:07,680 --> 00:16:13,440

revealing what he knows and yes you're absolutely  
right my friend I'm aware of Leslie and Ralph's

136

00:16:13,440 --> 00:16:19,200

story and I know that what we have goes enormous  
amount further and the reason why Dave's done that

137

00:16:19,200 --> 00:16:26,820

is because he wants you the public to know and  
moreover he wants you the public to tell your

138

00:16:26,820 --> 00:16:32,100

congressional representative and your Senators the  
president and anybody who's listening including

139

00:16:32,100 --> 00:16:40,020

the mainstream media that they need to make this  
a Forefront issue I beg this audience to get out

140

00:16:40,020 --> 00:16:47,340

there get the story on social media and back this  
person because the worst thing can that can happen

141  
00:16:47,340 --> 00:16:53,520  
is that somebody like he comes forward it's such a  
courageous act for a person to do this to come out

142  
00:16:53,520 --> 00:17:00,240  
from the shadows and speak about this the worst  
thing that can happen is if as I'm sad to say

143  
00:17:00,780 --> 00:17:07,320  
some in the mainstream media have elected not  
to give him coverage and to ignore what he's

144  
00:17:07,320 --> 00:17:13,500  
got to say so it's incumbent on you everybody  
listening here you have power this is a really

145  
00:17:13,500 --> 00:17:18,180  
important moment in history because what you  
can do is you can write to your Congressman

146  
00:17:18,180 --> 00:17:24,420  
your congresswoman your representatives and  
say I want this in a public hearing I want

147  
00:17:24,420 --> 00:17:29,640  
these Witnesses deposed because the key thing  
is one of the things that Dave reveals in the

148  
00:17:29,640 --> 00:17:36,180  
story The debrief is publishing is that there are  
witnesses but he has given evidence about who have

149  
00:17:36,180 --> 00:17:41,700  
also backed his evidence in testimony in secret  
to the Inspector General of the intelligence

150  
00:17:41,700 --> 00:17:47,280  
Community those people have been deposed they  
have literally given evidence under oath and

151

00:17:47,280 --> 00:17:52,320

been questioned about what they know about the program about a crash retrieval operation

152

00:17:52,920 --> 00:18:00,180

now the Congress has not heard the full story and one of the things that was frustrating the

153

00:18:00,180 --> 00:18:07,020

media's attempt to investigate what Dave Grush was saying was that some of what he reveals is in fact

154

00:18:07,020 --> 00:18:14,760

so highly protected so highly compartmented that many congressional sources in Senators offices

155

00:18:14,760 --> 00:18:19,800

and Congressional Representatives Office were not able to corroborate that they'd even become

156

00:18:19,800 --> 00:18:26,700

aware of his information this is such protected information it has been kept from the public

157

00:18:26,700 --> 00:18:35,400

think improperly illegally and criminally criminal offenses have been committed very grave criminal

158

00:18:35,400 --> 00:18:42,000

offenses and this leads investigation I think this is a bigger Scandal than Watergate or Iran

159

00:18:42,000 --> 00:18:49,200

Contra it is massive and there are people who will have to be criminally prosecuted for what they've

160

00:18:49,200 --> 00:18:56,700

been doing Terrible Things Bryce terrible things have been done in the name of National Security

161

00:18:56,700 --> 00:19:04,740

protect this secret I want to come back to all of\h  
that it is um it it gives um some strength to what\h\h

162

00:19:04,740 --> 00:19:11,640

our friend The Departed Stanton Friedman uh called\h  
things he said it was a cosmic Watergate and uh it\h\h

163

00:19:11,640 --> 00:19:18,000

is a cosmic Watergate that actually buries the\h  
term Watergate I mean Watergate is going to look\h\h

164

00:19:18,000 --> 00:19:25,440

like small small potatoes compared to what's about\h  
to come roaring down the the pike here now let\h\h

165

00:19:25,440 --> 00:19:30,000

me make a point of clarification and then we're\h  
going to go back into that that criminal aspect\h\h

166

00:19:30,960 --> 00:19:37,200

um you said Ross that the debrief is publishing\h  
this and I think that's a wise distinction they\h\h

167

00:19:37,200 --> 00:19:44,100

are acting as Publishers not reporters here\h  
and uh you may be too too nice a guy to toot\h\h

168

00:19:44,100 --> 00:19:47,760

your own horn but I'm going to here \h  
want everyone to understand something\h\h

169

00:19:48,720 --> 00:19:54,600

um you're about to you've already seen something\h  
written about Dave grush it was published in the\h\h

170

00:19:54,600 --> 00:20:01,500

debrief but the reporters behind it are Leslie\h  
Kane and Ralph Blumenthal who basically have\h\h

171

00:20:01,500 --> 00:20:07,380

allowed the debrief to publish their report but  
they are not part of the reporting and I say this

172

00:20:07,380 --> 00:20:12,240

with no ill will toward the debrief because I have  
many friends there but that's the reality of it

173

00:20:12,240 --> 00:20:19,800

and in the same way news Nation will be acting  
as the vehicle to transmit your interview with

174

00:20:19,800 --> 00:20:25,620

Dave Crush but they did not report it either you  
are the reporter of it so when people want to get

175

00:20:25,620 --> 00:20:31,920

into who's responsible for this whether they  
want to give you blame or credit it is my pal

176

00:20:31,920 --> 00:20:40,380

Ross coltard here who I've literally heard about  
this for a year talking to you not by name but uh

177

00:20:40,380 --> 00:20:46,380

I've heard you chasing this story and I know that  
Leslie and Ralph have chased it so my hat which

178

00:20:46,380 --> 00:20:52,380

don't have on right now of course would be tipped  
to the three of you and I appreciate that the

179

00:20:52,380 --> 00:20:59,160

publishing that has gone on uh both with news  
Nation on television and and the debrief but uh

180

00:20:59,160 --> 00:21:04,680

you guys are the reporters here now let's go  
back to this this issue that you just raised

181  
00:21:05,340 --> 00:21:14,820  
is the reason that there is reticence and pushback  
on just coming clean about this partially or

182  
00:21:14,820 --> 00:21:22,320  
completely in your view uh something that comes  
be comes about because there are crimes that have

183  
00:21:22,320 --> 00:21:27,480  
been committed to keep the secret and there are  
still living people who might face penalties for

184  
00:21:27,480 --> 00:21:32,940  
it is that what you're saying or suggesting yeah  
yeah I I think there are people who will go to

185  
00:21:32,940 --> 00:21:41,760  
jail if U.S law is heated I I really do I mean I'm  
I'm absolutely shocked by what's being revealed

186  
00:21:41,760 --> 00:21:50,700  
and frankly if what's revealed over the next week  
doesn't Force Congress and the mainstream media

187  
00:21:50,700 --> 00:21:58,020  
into an extremely aggressive investigation for  
the first time of this issue I'm talking about

188  
00:21:58,020 --> 00:22:04,080  
church commission style inquiries if that doesn't  
happen America might as well just declare itself

189  
00:22:04,080 --> 00:22:10,500  
an authoritarian regime and give up pretending to  
be a democracy strong strong stuff Ross those are

190  
00:22:10,500 --> 00:22:15,720  
strong words no I'm really confronted about what  
I'm aware of Bryce and there's some stuff that I'm

191  
00:22:15,720 --> 00:22:20,640  
not publishing out of responsibility and you know\h  
National Security concerns and not all of it has\h\h

192  
00:22:20,640 --> 00:22:28,500  
come from David Crush I'm I'm really quite shocked\h  
uh in some cases I'm scared about what I'm aware\h\h

193  
00:22:28,500 --> 00:22:33,960  
of um one of the things I really want to emphasize\h  
my friend and I'm probably jumping the gun on this\h\h

194  
00:22:33,960 --> 00:22:40,680  
with you but you can tell me off later I think\h  
that the real story behind the Dave grush decision\h\h

195  
00:22:40,680 --> 00:22:47,160  
to go with the debrief is and the fact that I'm\h  
doing this on news nation which is a very new\h\h

196  
00:22:47,160 --> 00:22:52,500  
network a very aggressive and exciting new network\h  
but the fact that it's not going in the Washington\h\h

197  
00:22:52,500 --> 00:23:01,680  
Post or the New York Times or CBS ABC NBC is\h  
an indictment of mainstream investigative media\h\h

198  
00:23:01,680 --> 00:23:10,800  
this whole story The failure of the American\h  
Media to recognize that all this time this has\h\h

199  
00:23:10,800 --> 00:23:17,400  
been a real story it hasn't been a confabulation\h  
it hasn't been an invention or a wacky tinfoil\h\h

200  
00:23:17,400 --> 00:23:25,680  
Hat story it's been reality to hear Dave grush\h  
say as he does that he knows that there's been\h\h

201

00:23:25,680 --> 00:23:33,540

a deliberate disinformation campaign against the  
American people to keep this secret from them is

202

00:23:33,540 --> 00:23:40,080

in my book shocking and to hear the account that  
he gives of the crimes that have been committed

203

00:23:40,080 --> 00:23:47,460

serious crimes very very serious crimes and to  
know that media were approached in the making

204

00:23:47,460 --> 00:23:54,300

of this story by Leslie and Ralph to get this  
published in major newspapers and you know what

205

00:23:54,300 --> 00:24:01,920

they they didn't get a spine they failed they  
failed horribly to recognize the significance of

206

00:24:01,920 --> 00:24:08,280

this story and they allowed themselves to be led  
by their nose by people inside the Pentagon who

207

00:24:08,280 --> 00:24:14,400

are still trying to suppress this story and what  
I would say is God bless the good people inside

208

00:24:14,400 --> 00:24:21,360

the defense department and inside the intelligence  
Community who made the decision to back Dave grush

209

00:24:21,360 --> 00:24:27,300

and Leslie and Ralph and provided them with the  
secondary and tertiary corroboration that they

210

00:24:27,300 --> 00:24:34,200

needed because there is absolutely no question in  
this story that it is nailed down tight I've made

211  
00:24:34,200 --> 00:24:39,360  
stories with the New York Times And The Washington  
Post I've written stories that have been vetted

212  
00:24:39,360 --> 00:24:45,420  
by their editors I know how hard it is to get  
a story through those newspapers but by golly

213  
00:24:45,420 --> 00:24:51,840  
there is absolutely no doubt in my book that date  
Russia's story ought properly to be featured right

214  
00:24:51,840 --> 00:24:57,180  
now on the front page of the New York Times and I  
am calling the New York Times And The Washington

215  
00:24:57,180 --> 00:25:06,300  
Post gutless cowards for their failure to follow  
this story up this is I I cannot believe how

216  
00:25:06,300 --> 00:25:11,940  
badly they have abrogated their responsibility as  
journalists what they've done is they've allowed

217  
00:25:11,940 --> 00:25:18,000  
themselves to be fed they've allowed themselves to  
be put on the nipple of the intelligence briefers

218  
00:25:18,000 --> 00:25:25,380  
that feed journalist stories and they've they've  
ignored deliberately they've chosen cravenly to

219  
00:25:25,380 --> 00:25:32,220  
ignore a real story that the American public is  
demanding to know about that Congress has mandated

220  
00:25:32,220 --> 00:25:39,120  
by legislation should be known about and they  
have contrived in the conspiracy to cover this up

221  
00:25:39,660 --> 00:25:45,960  
I think the the editors of the New York Times\h  
And The Washington Post and indeed many of the\h\h

222  
00:25:45,960 --> 00:25:50,880  
editors of mainstream newspapers around America\h  
ought to be taking a long hard look at themselves\h\h

223  
00:25:50,880 --> 00:25:57,540  
after this story because they have failed\h  
with a capital F this is a story of failure\h\h

224  
00:25:58,440 --> 00:26:04,080  
and I'm angry I'm really angry about this because\h  
knowing what I know and knowing what you know now\h\h

225  
00:26:04,080 --> 00:26:09,960  
Bryce what do you think I mean I I'm sorry to\h  
turn the tables on you but as I sat there and\h\h

226  
00:26:09,960 --> 00:26:15,480  
heard what Dave Crush told us and what has already\h  
been revealed in Leslie Kane's debrief article\h\h

227  
00:26:16,020 --> 00:26:21,660  
I got angrier and angrier it's just\h  
appalling that this has been kept secret\h\h

228  
00:26:22,440 --> 00:26:28,860  
uh well ditto to all of that it's kind of ironic\h  
you called them gutless cowards and I had written\h\h

229  
00:26:28,860 --> 00:26:33,480  
down here cowardly sissies so I guess we're\h  
thinking along the same lines I'm going to\h\h

230  
00:26:33,480 --> 00:26:38,700  
name the names one more time for people that\h  
didn't start institutions that didn't step up\h\h

231  
00:26:38,700 --> 00:26:44,820  
you got the New York Times you got the Washington  
Post but you also have the hill and Politico who

232  
00:26:44,820 --> 00:26:51,780  
um also did not step up and uh you know I can't  
feel very good about that I'm not just mad at the

233  
00:26:51,780 --> 00:26:56,820  
government although I am and by the way one of the  
things you're going to learn in Ross's reporting

234  
00:26:56,820 --> 00:27:03,060  
is that it's a 90-year cover-up not the one that  
we've been saying might be 80. it's a 90 plus year

235  
00:27:03,060 --> 00:27:10,860  
cover-up I'm angry at the government for not being  
able to level with the people about this I don't

236  
00:27:10,860 --> 00:27:14,640  
know what the ultimate truth is whether it's good  
bad or indifferent but I know that we should have

237  
00:27:14,640 --> 00:27:22,200  
it by now for sure but I'm also upset as you are  
and angry and and pissed off that the actual parts

238  
00:27:22,200 --> 00:27:30,540  
of Legacy Media and even New Media uh got nervous  
when presented with this article that Kane and

239  
00:27:30,540 --> 00:27:37,620  
Blumenthal uh had had written and couldn't bring  
themselves to get it out there so I'm not happy

240  
00:27:37,620 --> 00:27:43,980  
definitely not happy now can I say one thing I'm  
really happy about and I I'm not just saying this

241

00:27:43,980 --> 00:27:52,020

to be nice I want to pay credit to news nation\h  
and indeed the debrief for having the balls to run\h\h

242

00:27:52,020 --> 00:27:59,400

this story they made a they've made a courageous\h  
decision as fairly small New Media companies to\h\h

243

00:27:59,400 --> 00:28:06,840

take on the National Security establishment and\h  
and that's courageous I mean it's funny I I I uh\h\h

244

00:28:06,840 --> 00:28:12,900

I was thinking earlier on this week Bryce about\h  
a guy I really respect and admire Daniel Ellsberg\h\h

245

00:28:12,900 --> 00:28:18,780

the guy who leaked the Pentagon papers and I\h  
was thinking what would happen if today Daniel\h\h

246

00:28:18,780 --> 00:28:24,660

Ellsberg walked into the offices of the Washington\h  
Post with the Pentagon papers that for anybody\h\h

247

00:28:24,660 --> 00:28:30,540

out there who doesn't know they they revealed the\h  
failure of U.S strategic policy in Vietnam which\h\h

248

00:28:30,540 --> 00:28:35,040

had been kept and suppressed and kept secret\h  
from the American public for no good reason\h\h

249

00:28:35,040 --> 00:28:41,040

and the Washington Post agonized for weeks about\h  
whether to run it then they made the courageous\h\h

250

00:28:41,040 --> 00:28:46,320

decision despite the fact that they were National\h  
Security documents to run them and you know what\h\h

251

00:28:46,320 --> 00:28:51,780

I don't think they would run it today I\h  
really don't and and I think that what this\h\h

252

00:28:51,780 --> 00:28:57,600

story signifies isn't just a Tipping Point in\h  
disclosure it also signifies a Tipping Point in\h\h

253

00:28:57,600 --> 00:29:04,620

the relevance the growing relevance of podcasts\h  
podcasts like ours New Media that the Pentagon\h\h

254

00:29:04,620 --> 00:29:10,500

and the intelligence Community cannot suppress\h  
they might try and stomp on them and try and buy\h\h

255

00:29:10,500 --> 00:29:15,420

them off by offering them stories and giving them\h  
access to information that other places don't get\h\h

256

00:29:15,420 --> 00:29:21,120

But ultimately what's really interesting here\h  
is the success of new organizations like news\h\h

257

00:29:21,120 --> 00:29:26,880

nation and the debrief which are breaking\h  
stories that frankly the mainstream media\h\h

258

00:29:26,880 --> 00:29:33,720

the Legacy Media have completely abrogated and\h  
failed to cover it possibly could be that this\h\h

259

00:29:33,720 --> 00:29:38,940

Legacy Media or the mainstream media whatever we\h  
want to call them maybe they feel like they have\h\h

260

00:29:38,940 --> 00:29:44,400

too much to lose and they don't want to be first\h  
that's why it was surprising in 2017 that the New\h\h

261

00:29:44,400 --> 00:29:51,540

York Times published the original k Blumenthal\h  
and Helen Thomas article was it Helen Thomas is\h\h

262

00:29:51,540 --> 00:29:57,720

that don't have that Cooper excuse me Helen Thomas\h  
another reporter out of Washington in years past\h\h

263

00:29:57,720 --> 00:30:03,300

listen you brought up Daniel Ellsberg uh just\h  
today there is an article out in Politico that\h\h

264

00:30:03,300 --> 00:30:10,080

is titled Daniel Ellsberg is dying and he has\h  
some final things to say um Daniel Ellsberg was\h\h

265

00:30:10,860 --> 00:30:16,680

possibly the most significant whistleblower in\h  
U.S history he's the guy that got the Pentagon\h\h

266

00:30:16,680 --> 00:30:22,080

papers uh published and this is what he said in\h  
that interview he's talking about the value of\h\h

267

00:30:22,080 --> 00:30:27,840

whistleblowers and he said when everything is at\h  
sake excuse me when everything is at stake I'm\h\h

268

00:30:27,840 --> 00:30:32,700

talking about nuclear war implicitly here but\h  
climate is the same when we're facing a pretty\h\h

269

00:30:32,700 --> 00:30:38,280

ultimate catastrophe when we're on the edge of\h  
blowing up the world over Crimea or Taiwan or Bak\h\h

270

00:30:38,280 --> 00:30:43,380

moot from the point of view of the civilization\h  
and the survival of eight or nine billion people\h\h

271

00:30:43,380 --> 00:30:49,740

when everything is at stake can it be worth even\h  
a small chance of having a small effect by being\h\h

272

00:30:49,740 --> 00:30:55,860

a whistleblower and the answer is of course of\h  
course it can be worth that you can even say it's\h\h

273

00:30:55,860 --> 00:31:04,860

obligatory so let's just uh let's tip to Daniel\h  
Ellsberg and the great contribution he made and\h\h

274

00:31:04,860 --> 00:31:10,860

and I wish more people will look at that and see\h  
how it was done and and try to bring it to this\h\h

275

00:31:10,860 --> 00:31:21,360

I do want to get back on track on on our interview\h  
or your interview rather with um Dave Crush when\h\h

276

00:31:21,360 --> 00:31:27,600

I watched it uh being recorded and then later as\h  
it was cut into various things I thought wow he\h\h

277

00:31:27,600 --> 00:31:31,620

is definitely saying some outrageous things and\h  
when people Hear It They'll they'll hear them\h\h

278

00:31:31,620 --> 00:31:36,420

uh but there were some things uh that he said\h  
off camera as well that were kind of outrageous\h\h

279

00:31:37,380 --> 00:31:43,560

um but he also said and you were very diligent\h  
in pressing him on certain of these issues and\h\h

280

00:31:43,560 --> 00:31:50,220

he said many times that there were places where\h  
he literally could not say but he had delivered\h\h

281  
00:31:50,220 --> 00:31:56,880  
all the relevant material to the proper committees\h  
all right he said that many times and I think he\h\h

282  
00:31:56,880 --> 00:32:03,540  
was talking about the fact that as I understand it\h  
he has spoken uh under oath in classified hearings\h\h

283  
00:32:03,540 --> 00:32:08,820  
to the Senate intelligence committee and I believe\h  
even a house committee where he has told not only\h\h

284  
00:32:08,820 --> 00:32:18,480  
the story he told you in those six to seven hours\h  
but all the stuff about locations people names of\h\h

285  
00:32:18,480 --> 00:32:26,160  
projects Etc where he has laid those details out\h  
and told the Senate and the house hey folks if you\h\h

286  
00:32:26,160 --> 00:32:31,680  
really want to get kick the Rocks over and find\h  
out what's underneath this is where you go has\h\h

287  
00:32:31,680 --> 00:32:41,580  
Dave grush offered up a credible road map then to\h  
the American government for how to get out of this\h\h

288  
00:32:41,580 --> 00:32:51,600  
yes good moving on no seriously uh am I right\h  
about that that he's spoken uh under oath for\h\h

289  
00:32:51,600 --> 00:33:01,440  
over 11 hours to Congress correct I mean if you\h  
think about that I I with him naming specifics\h\h

290  
00:33:01,440 --> 00:33:06,840  
of all the things that he he was very proper\h  
about it's almost like there was a line given\h\h

291

00:33:06,840 --> 00:33:11,700

him with this dopsa review and he knew he could\h  
go up to there but he wasn't supposed to go there\h\h

292

00:33:11,700 --> 00:33:17,820

that part is he knows much more than he's told us\h  
absolutely so when people watch these interviews\h\h

293

00:33:17,820 --> 00:33:24,540

as they roll out over the next uh a few days and\h  
and frankly probably over weeks I want everyone\h\h

294

00:33:24,540 --> 00:33:33,000

to understand that he is also stating that he has\h  
given the details about where what these reverse\h\h

295

00:33:33,000 --> 00:33:40,500

engineering programs are crash retrieval programs\h  
are and he's told names and dates and and all the\h\h

296

00:33:40,500 --> 00:33:46,380

stuff that Congress would need if they really\h  
wanted to go look into this in a serious way so\h\h

297

00:33:47,160 --> 00:33:53,220

um I I think we are at an inflection point and and\h  
Dave grush is probably going to go down in history\h\h

298

00:33:53,220 --> 00:33:59,040

as someone who will help Usher it in I mean so let\h  
me just ask you this where do you see Dave brush\h\h

299

00:33:59,040 --> 00:34:05,880

fitting into the grand story of disclosure that\h  
admittedly has been going on since at least 1947.\h\h

300

00:34:05,880 --> 00:34:14,940

okay Dave is not a direct witness he has not\h  
touched a flying saucer or been inside the program\h\h

301  
00:34:15,660 --> 00:34:22,140  
but he's done the next best thing what he's  
done is he's found the documents the photographs

302  
00:34:22,800 --> 00:34:30,600  
and the people who do and they have given their  
evidence under oath particularly to the Inspector

303  
00:34:30,600 --> 00:34:37,260  
General of the intelligence Community who found  
his allegations to be urgent and credible and

304  
00:34:37,260 --> 00:34:41,940  
because of that they were referred on to the  
oversight Committees of the Congress including

305  
00:34:41,940 --> 00:34:46,380  
the Senate intelligence committee one of the most  
powerful committees in the Congress and the house

306  
00:34:46,380 --> 00:34:55,380  
intelligence committee and I know that a large  
number of the congressmen and Senators perhaps

307  
00:34:55,380 --> 00:35:03,000  
didn't attend the hearings but to cover themselves  
they sent their counsel their lawyers to observe

308  
00:35:03,000 --> 00:35:07,980  
and Senior staffers who had security clearances  
and it's interesting because I think what's

309  
00:35:07,980 --> 00:35:17,160  
Happening Here is there's been a very very careful  
attempt by the uh politicians to keep themselves

310  
00:35:17,160 --> 00:35:22,740  
at a careful distance because I think what's  
happening now is the Congress really doesn't

311

00:35:22,740 --> 00:35:29,280

know what to do about Dave grush's evidence he's\nwrong-footed them he's come forward and said I\nh\n

312

00:35:29,280 --> 00:35:34,980

know all about the program this is where the\ncraft are these are the people you need to talk to\nh\n

313

00:35:34,980 --> 00:35:40,260

these are the code names of the various programs\nthat are secreted inside special access programs\nh\n

314

00:35:40,260 --> 00:35:45,420

inside the defense department these are the people\nresponsible in the defense department this is the\nh\n

315

00:35:45,420 --> 00:35:51,900

aerospace companies that are involved he's given\nthem chapter and verse now what I'm really worried\nh\n

316

00:35:51,900 --> 00:36:01,260

about is Congress needs to show a spine yeah\nthey need to develop a new set of balls and start\nh\n

317

00:36:01,260 --> 00:36:07,140

investigating this issue properly and I think the\nonly way to do this now is to bring it out into\nh\n

318

00:36:07,140 --> 00:36:14,340

the public because I don't think the politicians\nh\ncan be trusted to do this in QT I don't think\nh\n

319

00:36:14,340 --> 00:36:19,860

they're going to do it if unless they're forced\nh\nby the public and particularly by mainstream media\nh\n

320

00:36:19,860 --> 00:36:26,160

pressure so what's really interesting here is\nh\nuntil my interview became probably I don't think\nh\n

321

00:36:26,160 --> 00:36:31,440

the intelligence Community knew that I'd done  
an interview with Dave grush until this morning

322

00:36:32,400 --> 00:36:40,020

we've kept it very very secret Dave came to speak  
to us in absolute secrecy and news Nation put on a

323

00:36:40,020 --> 00:36:46,680

deserted Warehouse with high security and we made  
very very sure that the people that attended kept

324

00:36:46,680 --> 00:36:52,260

their Mars shut and I think I'm hoping that  
the intelligence Community is wrong-footed

325

00:36:52,260 --> 00:36:58,080

and surprised because I think there are certain  
people in the defense department who think great

326

00:36:58,080 --> 00:37:05,460

we shut down the New York Times we managed to hose  
Down The Washington Post Politico the hill and you

327

00:37:05,460 --> 00:37:09,780

know who who cares they might take the Arrogant  
view who cares about the debrief I've got huge

328

00:37:09,780 --> 00:37:15,060

respect for the debrief but it's not a mainstream  
newspaper they may think that they can marginalize

329

00:37:15,060 --> 00:37:23,280

it inside the the world of UAP research this is  
where you the public become important this is

330

00:37:23,280 --> 00:37:28,740

where citizen journalism can really help this  
is where people need to start writing to their

331  
00:37:28,740 --> 00:37:35,580  
Congress person and saying I care about this\h  
issue I want an inquiry right to the New York\h\h

332  
00:37:35,580 --> 00:37:42,120  
Times demand to know why they wouldn't cover this\h  
story why is there National Security reporters\h\h

333  
00:37:42,120 --> 00:37:47,820  
being bought off with cozy little drops about\h  
the Ukraine you know I'm sorry I've been there\h\h

334  
00:37:47,820 --> 00:37:52,920  
I've done that I've seen how it works I know\h  
what intelligence Community people do they buy\h\h

335  
00:37:52,920 --> 00:37:57,960  
off a reporter by giving them stories and this is\h  
what they've done with the big mainstream payments\h\h

336  
00:37:57,960 --> 00:38:02,880  
the editors have made the Judgment that it's too\h  
dangerous to run the story otherwise they're going\h\h

337  
00:38:02,880 --> 00:38:09,840  
to get cut off the drip and this is the biggest\h  
story ever I mean seriously if what Dave grush\h\h

338  
00:38:09,840 --> 00:38:16,920  
is saying is true we are talking about one of the\h  
top intelligence officials in the U.S government\h\h

339  
00:38:16,920 --> 00:38:23,700  
a guy who used to hand deliver intelligence\h  
briefings the daily intelligence briefing to\h\h

340  
00:38:23,700 --> 00:38:29,520  
The West Wing of the White House he was the guy\h  
that did it we're talking about one of those top\h\h

341

00:38:29,520 --> 00:38:36,900

officials cleared for over 2 000 special access\h  
programs coming forward and saying non-human\h\h

342

00:38:36,900 --> 00:38:44,880

intelligence is real and moreover the US has been\h  
concealing the existence of retrieved non-human\h\h

343

00:38:44,880 --> 00:38:55,740

alien technology for decades it's breathtaking\h  
breathtaking I mean again congratulations to\h\h

344

00:38:55,740 --> 00:39:01,560

you for doing this the old-fashioned way as a\h  
journalist who cultivates sources who doesn't\h\h

345

00:39:01,560 --> 00:39:07,740

blow the sources uh and and works the story but\h  
I just want to highlight one thing you said here\h\h

346

00:39:07,740 --> 00:39:14,400

because I believe it needs to be said twice\h  
the icig stands for the intelligence Community\h\h

347

00:39:14,400 --> 00:39:24,420

Inspector General the icig right and as Ross said\h  
after Dave grush spoke to them at that office uh\h\h

348

00:39:24,420 --> 00:39:31,620

they put in their uh cover letter I believe\h  
to the Congress that his comments were quote\h\h

349

00:39:32,160 --> 00:39:39,360

urgent and credible now inspector generals\h  
don't just throw words around for no good reason\h\h

350

00:39:40,380 --> 00:39:47,340

urgent and credible so I believe that we should\h  
take that the inspector General at its word and\h\h

351

00:39:47,340 --> 00:39:52,680

say this is an urgent case the reason Dave  
brush has come forward is that there is an

352

00:39:52,680 --> 00:40:00,000

urgency to grappling with this issue he knows a  
bit about that and credible that's a comment on

353

00:40:00,000 --> 00:40:07,980

not only what Dave is saying but Dave himself so  
um and again as I said I sat uh thanks to Ross

354

00:40:07,980 --> 00:40:14,880

I sat and got to know this guy a little bit and  
will tell you he strikes me as incredibly credible

355

00:40:14,880 --> 00:40:23,580

and the story he tells as incredibly urgent so  
uh and and for example I you have stated several

356

00:40:23,580 --> 00:40:29,400

times non-human intelligence which is of course  
nhi is sort of the new way to talk about it and

357

00:40:29,400 --> 00:40:35,760

and I I buy into that I mean we don't as he states  
he doesn't want to talk about origin because are

358

00:40:35,760 --> 00:40:41,820

not entirely sure of that about that so alien in  
everybody's mind is well they come from out there

359

00:40:41,820 --> 00:40:47,580

well there may be other explanations so no but but  
it is clear that this is non-human intelligence

360

00:40:47,580 --> 00:40:55,080

but he has also used the plural right he has  
used the plural phrase non-human intelligences

361

00:40:55,860 --> 00:41:02,040

and that means there's more than one out there\h  
and that also is a pretty huge headline to me\h\h

362

00:41:02,040 --> 00:41:11,040

more on that in my interview on news Nation\h  
coming up yeah so why don't we uh yeah I don't\h\h

363

00:41:11,040 --> 00:41:15,840

want this to be a giant tease because I'm looking\h  
forward to the world seeing you talk to this guy\h\h

364

00:41:15,840 --> 00:41:23,160

can I have one serve on the way out perhaps\h  
but you can I don't mean to be unkind but I\h\h

365

00:41:23,160 --> 00:41:28,560

think people particularly those in the mainstream\h  
media who are looking for an angle they need to\h\h

366

00:41:28,560 --> 00:41:34,440

go back and look at the testimony of Dr Sean\h  
Kirkpatrick to the Congress he told senator\h\h

367

00:41:34,440 --> 00:41:40,800

gillibrand in evidence not that long ago only a\h  
few weeks ago that there was no credible evidence\h\h

368

00:41:40,800 --> 00:41:45,900

to support contentions that there's evidence\h  
of extraterrestrial life visiting this planet\h\h

369

00:41:46,860 --> 00:41:53,760

that Mr grush is quite clear that he's not saying\h  
it's necessarily extraterrestrial he has various\h\h

370

00:41:53,760 --> 00:41:59,460

theories about that you'll hear more about that on\h  
the news Nation story but what he is clear about\h\h

371  
00:41:59,460 --> 00:42:07,320  
is that he does not think that Dr Sean Kirkpatrick\h  
gave a truthful and accurate record to Congress\h\h

372  
00:42:08,400 --> 00:42:13,560  
and indeed he believes that Dr Sean\h  
Kirkpatrick knows most of what he's\h\h

373  
00:42:13,560 --> 00:42:19,680  
revealing in his interview with both Ralph and\h  
Leslie and particularly in his interview with me\h\h

374  
00:42:20,400 --> 00:42:27,540  
and I think the American public the world needs\h  
to ask why did the U.S defense department put a\h\h

375  
00:42:27,540 --> 00:42:34,020  
bureaucrat a scientist in a position who\h  
appears willing to either unwittingly or\h\h

376  
00:42:34,020 --> 00:42:39,540  
knowingly mislead Congress and what Senator\h  
gillibrand going to do about the fact that she\h\h

377  
00:42:39,540 --> 00:42:45,420  
has so clearly been misled in evidence that\h  
was publicly televised before the Congress\h\h

378  
00:42:45,420 --> 00:42:53,640  
was Senator gillibrand a conspirator in the\h  
conspiracy to mislead the American public I'm\h\h

379  
00:42:53,640 --> 00:42:59,400  
not saying she was but I think people should be\h  
asking that question I think she needs to clarify\h\h

380  
00:42:59,400 --> 00:43:04,740  
whether she knows about what Mr grush has told\h  
the Congress and whether or not she's going to do\h\h

381  
00:43:04,740 --> 00:43:10,740  
anything about it because now you have elected\h  
officials and very senior publicly appointed\h\h

382  
00:43:10,740 --> 00:43:20,100  
bureaucrats being told things in open public\h  
hearing that I know for a fact a complete lies\h\h

383  
00:43:22,080 --> 00:43:34,260  
I look forward to seeing how Legacy Media responds\h  
to this story and whether they will apply the\h\h

384  
00:43:34,260 --> 00:43:41,880  
same level of urgency that they applied to chasing\h  
congressmen and Senators down hallways to ask them\h\h

385  
00:43:41,880 --> 00:43:50,760  
about the debt limit will the will they apply that\h  
same interest to this story and and honestly at\h\h

386  
00:43:50,760 --> 00:43:55,920  
this point I think it's big enough that it could\h  
overcome that but so far I've been let down nobody\h\h

387  
00:43:55,920 --> 00:44:01,200  
seems to be addressing it I'm not holding my\h  
breath I'm not holding my breath I reckon they're\h\h

388  
00:44:01,200 --> 00:44:06,780  
going to try and whitewash it and ignore it I I\h  
do too but I do think um that Dave grush takes us\h\h

389  
00:44:06,780 --> 00:44:12,240  
to that that the the you know the two roads and\h  
which one are you going to take because at this\h\h

390  
00:44:12,240 --> 00:44:18,840  
point it's clear you either have to double down on\h  
secrecy and find Innovative new ways to try to put\h\h

391  
00:44:18,840 --> 00:44:24,900  
this back in the box or they're gonna have to move\h  
forward with some new kind of transparency because\h\h

392  
00:44:24,900 --> 00:44:29,880  
I don't think you can just put Dave brush out\h  
there for who he is and know that there are other\h\h

393  
00:44:29,880 --> 00:44:35,400  
whistleblowers behind him who have also talked\h  
to Congress and who are about to come forward I\h\h

394  
00:44:35,400 --> 00:44:40,920  
don't know how you can keep putting that in a box\h  
so yeah we'll find out I I I absolutely agree with\h\h

395  
00:44:40,920 --> 00:44:46,620  
you and just to emphasize Dave brush is just the\h  
beginning yeah there are there are people inside\h\h

396  
00:44:46,620 --> 00:44:52,200  
the program and I know because I'm talking\h  
to them who want to come forward and who are\h\h

397  
00:44:52,200 --> 00:44:59,220  
waiting to see how Congress and the American Media\h  
treat people who come forward with Revelations of\h\h

398  
00:44:59,220 --> 00:45:05,640  
criminality and wrongdoing at the highest level\h  
of the US government is the US government still\h\h

399  
00:45:05,640 --> 00:45:14,820  
a functioning democracy will it allow itself to\h  
to expose the wrongdoing that lies behind the\h\h

400  
00:45:14,820 --> 00:45:22,200  
concealment of the crash retrieval program why\h  
has an illegal disinformation operation which\h\h

401  
00:45:22,200 --> 00:45:29,220  
was essentially banned by the church commission\inquiry after the CIA Revelations of illegal\

402  
00:45:29,220 --> 00:45:35,100  
intelligence operations against Jewish citizens\in the 1970s why has an illegal intelligence\

403  
00:45:35,100 --> 00:45:41,880  
operation to disinform the American public and\the world being run for so long by different\

404  
00:45:41,880 --> 00:45:47,400  
intelligence agencies and why have people\tolerated this inside the US government and\

405  
00:45:47,400 --> 00:45:53,160  
why aren't congressmen congresswomen and Senators\asking questions about this they know about it\

406  
00:45:53,160 --> 00:45:58,740  
I know they know about it I know that there are\very senior people in the gang of eight who are\

407  
00:45:58,740 --> 00:46:05,940  
very well aware of the day brush allegations why\are they sitting on this information and moreover\

408  
00:46:05,940 --> 00:46:11,640  
why aren't the National Security reporters for\all of the major TV networks and all of the major\

409  
00:46:11,640 --> 00:46:17,940  
newspapers not being tasked by their editors to\get out there and start banging down the doors and\

410  
00:46:17,940 --> 00:46:23,820  
cracking the story because the great newspapers\that I love and admire the Washington Post and\

411  
00:46:23,820 --> 00:46:30,360  
the New York Times they need to understand they've  
failed so far on this story and they need to get

412  
00:46:30,360 --> 00:46:36,000  
out there and and prove that they can still do it  
this is a really important moment for the American

413  
00:46:36,000 --> 00:46:42,180  
public and for the world there are Technologies  
there are discoveries there are scientific

414  
00:46:42,180 --> 00:46:47,940  
advancements that can be developed as a result of  
the exposure of what the American government knows

415  
00:46:47,940 --> 00:46:53,520  
and I know because there are scientists that  
are talking to me who are bitterly frustrated

416  
00:46:53,520 --> 00:47:00,000  
that has been kept secret because the secrecy  
they say has frustrated advancements that could

417  
00:47:00,000 --> 00:47:08,760  
help all of humanity right it's true Bryce it's  
true I I remember some of our phone calls uh in

418  
00:47:08,760 --> 00:47:16,380  
the early days of this and just how hanging up and  
thinking okay well we're into a new world now um

419  
00:47:16,380 --> 00:47:22,860  
and and clearly you know we talked before we went  
on whether we wanted to talk about this NASA news

420  
00:47:22,860 --> 00:47:27,120  
conference uh that they had I almost don't want  
to talk about it right now but I will if you want

421  
00:47:27,120 --> 00:47:32,880  
to make a few final comments but then we should\h  
come back and and um and close on the Dave Crush\h\h

422  
00:47:32,880 --> 00:47:38,700  
story actually I just realized that the comments\h  
that uh Kirkpatrick made about um the lack of any\h\h

423  
00:47:38,700 --> 00:47:44,640  
credible evidence for et life we actually made at\h  
the NASA news conference and uh you know I'm sorry\h\h

424  
00:47:45,420 --> 00:47:51,240  
let's call it what it is it's a deliberate coverer\h  
it's a lie now I don't know who's lying I don't\h\h

425  
00:47:51,240 --> 00:47:57,960  
know whether he's being disinformed or misinformed\h  
but somebody very high up is lying they think they\h\h

426  
00:47:57,960 --> 00:48:05,340  
can continue to mislead and disinform the American\h  
public and frankly you know what they probably can\h\h

427  
00:48:05,340 --> 00:48:12,240  
if the American public don't start rattling the\h  
cage I am amazed how easily the American public\h\h

428  
00:48:12,240 --> 00:48:19,500  
are distracted these days by social media nonsense\h  
and by stories that frankly don't matter this is\h\h

429  
00:48:19,500 --> 00:48:25,200  
a story that matters this is a story that could\h  
revolutionize our understanding of human history\h\h

430  
00:48:25,200 --> 00:48:30,420  
and our ability to make technological\h  
breakthroughs that could transform human\h\h

431

00:48:30,420 --> 00:48:37,920

society and frankly there's no good reason for the  
continued secrecy it's time this story was told

432

00:48:38,700 --> 00:48:45,900

right I I you know I'll just give a quick take on  
the NASA thing watching it there were some moments

433

00:48:45,900 --> 00:48:51,000

where I thought well these people you know this  
person gets it this person gets it but a lot of

434

00:48:51,000 --> 00:48:56,340

they don't get it or they're all they're all  
not addressing it directly talking about Sean

435

00:48:56,340 --> 00:49:02,520

Kirkpatrick for example he actually said well we  
have 50 to 100 ish new reports each month that's

436

00:49:02,520 --> 00:49:09,060

very precisely a hundred ish uh new reports  
each month and that's at the uh Aero office

437

00:49:09,060 --> 00:49:14,400

but he said the number of those sightings which  
are quote possibly really anomalous end quote are

438

00:49:14,400 --> 00:49:19,320

two to five percent of the total database well  
instead of talking about well gosh there's only

439

00:49:19,320 --> 00:49:24,480

five percent that are anomalous so really nothing  
to see here they should be focusing on those five

440

00:49:24,480 --> 00:49:28,860

percent because we we don't care about the ones  
that are being identified we want to know what

441  
00:49:28,860 --> 00:49:34,320  
is going on with the anomalous ones and then  
you know again this is kind of ironic because

442  
00:49:35,340 --> 00:49:42,180  
um I've already attacked Senator Kelly for his  
some obtuse comments about UAP in past episodes

443  
00:49:42,180 --> 00:49:51,060  
but Scott Kelly uh was on this uh this panel  
for NASA Decades of the experience but what did

444  
00:49:51,060 --> 00:49:56,520  
he choose to make as his big statement he told  
the story about how he and a co-pilot were near

445  
00:49:56,520 --> 00:50:02,700  
Virginia Beach and they were convinced that they  
had flown by a UFO and Kelly said I didn't see it

446  
00:50:02,700 --> 00:50:08,220  
we turned around and we went to look at it turns  
out it was Bart Simpson a balloon which of course

447  
00:50:08,220 --> 00:50:14,820  
got some polite laughter and and all that and  
again please guys that's not helpful we're not

448  
00:50:14,820 --> 00:50:20,280  
interested in the ones that look like Bart Simpson  
we want you looking into the ones that are truly

449  
00:50:20,280 --> 00:50:27,000  
anomalous and we want some answers and I think  
that 10 times more than I did before I met Dave

450  
00:50:27,000 --> 00:50:33,840  
Crush Dave crushed to me as again as I said he's  
not only super credible to me having met him but

451

00:50:33,840 --> 00:50:39,240

he's super credible to the Inspector General so  
you know this is what we should be digging into

452

00:50:39,240 --> 00:50:46,080

right now and I look forward to that potentially  
happening so Ross let's see take a moment for some

453

00:50:46,080 --> 00:50:50,820

last comments here you go my friend okay there's  
one thing I want to point out about the NASA event

454

00:50:50,820 --> 00:50:57,000

that I think is really special now as you know  
I've copped a fair bollocking online from people

455

00:50:57,000 --> 00:51:02,820

who were very very skeptical about my friend Jim  
marlin from Texas who has a mysterious metallic

456

00:51:02,820 --> 00:51:12,300

sphere okay now I note with great fun the Dr  
Sean Kirkpatrick admitted that one of the most

457

00:51:12,300 --> 00:51:18,120

interesting observations is that there are genuine  
anomalies with metallic spheres that have been

458

00:51:18,120 --> 00:51:24,480

seen all over the world doing unusual maneuvers  
now I'll just leave you with this thought

459

00:51:25,740 --> 00:51:30,360

if the U.S government doesn't know  
a great deal about these objects

460

00:51:31,260 --> 00:51:36,060

Howard bloody hell does Sean Kirkpatrick  
know that these spheres are metallic

461  
00:51:36,660 --> 00:51:44,220  
how does he know that oh good point I know more\h  
than I'm letting on and I know they know a lot\h\h

462  
00:51:44,220 --> 00:51:50,880  
more than they're telling the American public\h  
why did he say they were metallic funny that\h\h

463  
00:51:52,260 --> 00:51:56,640  
hmm well I'll tell you in honor of that\h  
that's why I put a Metallica I saw that

464  
00:51:59,700 --> 00:52:07,500  
mine if if actually I was just saying if if mine\h  
starts to levitate here but that is not one of the\h\h

465  
00:52:07,500 --> 00:52:15,180  
alien or or anomalous metallic balls however\h  
though I have to say that was for me kind of\h\h

466  
00:52:15,180 --> 00:52:20,640  
an interesting thing to come out of this because\h  
people are very interested in this you actually\h\h

467  
00:52:20,640 --> 00:52:25,020  
have spoken to people who have encountered these\h  
things and actually have them rolling around in\h\h

468  
00:52:25,020 --> 00:52:29,880  
their houses right now and then we've admitted\h  
that they're all over the world so I don't think\h\h

469  
00:52:29,880 --> 00:52:34,860  
we're going to be laughing about metallic balls\h  
much longer because some of them were reported\h\h

470  
00:52:34,860 --> 00:52:41,160  
apparently going twice the speed of sound uh or\h  
even hovering how how does the metallic ball do\h\h

471  
00:52:41,160 --> 00:52:46,560  
that I mean who's got that Tech right now I'm not  
really sure that anybody here on Earth does have

472  
00:52:46,560 --> 00:52:51,300  
it so yeah I think there's a lot of I think I what  
I hope my friend is that after the revelations

473  
00:52:51,300 --> 00:52:58,380  
in Leslie and Ralph's story today and the coming  
Revelations on news nation that I'm putting in my

474  
00:52:58,380 --> 00:53:03,720  
interview with Dave brush the exclusive television  
interview with Mr grush I'm hoping there will be

475  
00:53:03,720 --> 00:53:09,840  
many many questions that the mainstream media and  
representatives of the Congress will start putting

476  
00:53:09,840 --> 00:53:15,060  
to the defense department and the intelligence  
community and frankly the president needs to be

477  
00:53:15,060 --> 00:53:20,220  
asked as well it's it's I mean I I was shocked  
recently I tweeted about the fact that it was

478  
00:53:20,220 --> 00:53:25,500  
quite obvious that Joe Biden was being fed  
questions that were pre-prepared by the media

479  
00:53:25,500 --> 00:53:34,080  
just to what extent is the U.S media collaborating  
in making things comfortable for the executive arm

480  
00:53:34,080 --> 00:53:40,140  
of government my job as a journalist is to make  
governments uncomfortable and to ask uncomfortable

481

00:53:40,140 --> 00:53:46,020

questions and the whole issue of alleged  
crash retrievals non-human intelligence is an

482

00:53:46,020 --> 00:53:52,680

uncomfortable issue but I can tell you after this  
week the public will know definitively that there

483

00:53:52,680 --> 00:54:00,240

has been an active deliberate real disinformation  
program run against the American public which I

484

00:54:00,240 --> 00:54:04,200

believe is a criminal breach of undertakings  
that were given in the wake of the church

485

00:54:04,200 --> 00:54:10,920

commission investigations into the cia's illegal  
activities in the 1970s and that's just the tip

486

00:54:10,920 --> 00:54:19,860

of the iceberg there is there is so much more to  
come I am shocked by what I now know and it's not

487

00:54:19,860 --> 00:54:26,460

just from Dave grush if they tried to neutralize  
Mr grush don't worry there's far more to come

488

00:54:27,120 --> 00:54:32,640

and and that's an excellent concluding  
statement I got a little housekeeping to do here

489

00:54:33,540 --> 00:54:38,640

um just so everyone understands there was  
an article written by Leslie Kane and Ralph

490

00:54:38,640 --> 00:54:45,900

Blumenthal and uh Ross here is uh the interviewer  
and the journalist behind what is going to be on

491

00:54:45,900 --> 00:54:52,740

uh news Nation sometime in the next week and I\h  
believe their show will be about an hour and so\h\h

492

00:54:52,740 --> 00:54:59,040

Ross interviewing this uh gentleman Dave grush\h  
is part of that hour but uh the amount of time\h\h

493

00:54:59,040 --> 00:55:04,320

that Dave is on the air compared to the amount of\h  
time he talked is small so I just want you to know\h\h

494

00:55:04,320 --> 00:55:10,260

there are uh Ross and I particularly Ross we're\h  
committed to trying to get the full interview out\h\h

495

00:55:10,260 --> 00:55:16,380

in one way or another because I think people\h  
deserve to see Dave grush at length look him\h\h

496

00:55:16,380 --> 00:55:21,660

in the eye and see what they think about the guy\h  
do they think he's telling the truth I do when I\h\h

497

00:55:21,660 --> 00:55:26,520

watch him but it'll be interesting to see what\h  
other people do um so again there's that need\h\h

498

00:55:26,520 --> 00:55:34,260

to know raw tape that is part of the news Nation\h  
coverage hopefully that will find a full light of\h\h

499

00:55:34,260 --> 00:55:40,380

day soon and then there was also an interview that\h  
we did literally here in my house with Dave Crush\h\h

500

00:55:40,380 --> 00:55:47,640

uh that went on for three hours Ross conducted\h  
that interview and at some way uh we're gonna\h\h

501
