1

00:00:00,120 --> 00:00:08,180

you are saying to the human race for the first time we are not alone we're definitely not

2

00:00:08,180 --> 00:00:13,910

alone [Music]

3

00:00:13,910 --> 00:00:29,199

[Music] hello there I'm Bryce zabel and you're listening to need to know and as you recall

4

00:00:29,199 --> 00:00:35,200

from our last podcast we had to mention that Ross wasn't with us he was on assignment and

5

00:00:35,200 --> 00:00:41,020

I'm happy to say that that part has been fixed Ross may still be on assignment and he is

6

00:00:41,020 --> 00:00:46,820

in Paris France but he's with us today Ross welcome back we missed you a lot tell me what

7

00:00:46,820 --> 00:00:53,750

you've been up to oh boy Bryce what what a few weeks it's um can I just say for a moment

8

00:00:53,750 --> 00:00:58,050

let's just stop for a moment and think about the fact that you and I both know what we're

9

00:00:58,050 --> 00:01:04,339

about to talk about right I think this is the beginning of a very important moment in

10

00:01:04,339 --> 00:01:11,200

history I really do I don't think it's the moment but I think it's a Tipping Point a

11

00:01:11,200 --> 00:01:20,460  
slow movement towards an admission by the  
U.S government of things that seem unimaginable

12  
00:01:20,460 --> 00:01:25,380  
so what have I been doing well we're actually  
pre-recording this because I'm going to be

13  
00:01:25,380 --> 00:01:32,710  
on the move when this goes to air but what  
we do know is that there is going to be an

14  
00:01:32,710 --> 00:01:40,450  
article appearing in the debrief written by  
Leslie Kane and Ralph Blumenthal which I hope

15  
00:01:40,450 --> 00:01:47,250  
will rock Washington the intelligence community  
and the Department of Defense right to its

16  
00:01:47,250 --> 00:01:56,270  
socks it's the revelations of a hugely important  
intelligence Community Insider a guy called

17  
00:01:56,270 --> 00:02:04,311  
David grush who until early April was a very  
senior member of the intelligence community

18  
00:02:04,311 --> 00:02:10,030  
and Bryce as you know because you've been  
very much part of this you've been very much

19  
00:02:10,030 --> 00:02:16,560  
a good Mentor to me throughout all of this  
Dave and I have been talking for some time

20  
00:02:16,560 --> 00:02:23,650  
and I have the television interview with Dave  
grush which will be going to air later this

21

00:02:23,650 --> 00:02:32,230

week and you'll see hopefully in this program  
the news Nation TV promotional teasers that

22

00:02:32,230 --> 00:02:37,780

are advertising this forthcoming interview  
he's a decorated U.S veteran and a Former

23

00:02:37,780 --> 00:02:43,290

high-ranking Intelligence officer at the Pentagon  
and now for the first time on camera he's

24

00:02:43,290 --> 00:02:48,620

blowing the whistle on something extraordinary  
there's a sophisticated disinformation campaign

25

00:02:48,620 --> 00:02:55,099

what our government is hiding from you and  
the as Fantastical as that sounds it's true

26

00:02:55,099 --> 00:03:02,360

what is the truth about UFOs in a worldwide  
television exclusive he talks to news Nation

27

00:03:02,360 --> 00:03:05,019

we are not alone Sunday at 9 8 central

28

00:03:05,019 --> 00:03:19,000

thank you [Music]

29

00:03:19,000 --> 00:03:28,090

I think what Mr grush has to say is quite  
momentous it's it's big and I think we have

30

00:03:28,090 --> 00:03:36,909

the beginning of what I believe will be a  
trail of whistleblowers good men and women

31

00:03:36,909 --> 00:03:44,049

who are now coming forward to talk about what

they know about incredible as it may seem

32

00:03:44,049 --> 00:03:53,640

a non-human intelligence that's been engaging with this planet for many many years and Incredibly

33

00:03:53,640 --> 00:04:00,420

even further the fact that the United States government really is in possession of retrieved

34

00:04:00,420 --> 00:04:09,560

non-human technology so that's what I've been doing yeah there's a little to think about

35

00:04:09,560 --> 00:04:14,250

I want to thank you for the way you started it because that actually describes my feelings

36

00:04:14,250 --> 00:04:20,130

I met Dave grush through you almost a month ago met him twice had lunch with him thanks

37

00:04:20,130 --> 00:04:27,080

to you again um but I have to say I've spent many nights and days in the last month where

38

00:04:27,080 --> 00:04:34,330

I kind of sit there and drift off because I'm thinking wow we've been doing this for

39

00:04:34,330 --> 00:04:40,270

a long time as a need to know podcast and and YouTube channel but I've been involved

40

00:04:40,270 --> 00:04:45,700

in this you know as as you have for years and I've been thinking about what it's going

41

00:04:45,700 --> 00:04:50,639

to take and you called it a Tipping Point

yeah that's what's been getting to me because

42

00:04:50,639 --> 00:04:57,330

I've been thinking well we're actually at that point now where it isn't just a hopeful

43

00:04:57,330 --> 00:05:03,949

optimistic random speculation but it's beginning to get very very real I've been told that

44

00:05:03,949 --> 00:05:12,580

there have been attempts to bring down craft that we've acted offensively against non-human

45

00:05:12,580 --> 00:05:20,360

craft there have been instances and there are certain techniques have human beings been

46

00:05:20,360 --> 00:05:27,120

hurt or killed by a non-human intelligence while I can't get into the specifics because

47

00:05:27,120 --> 00:05:34,010

that would reveal a certain U.S classified operations I was briefed by a few individuals

48

00:05:34,010 --> 00:05:39,350

on the program that there were malevolent events like that so what I think would be

49

00:05:39,350 --> 00:05:45,350

nice for us is if we turn the the table a little bit and let me interview you a little

50

00:05:45,350 --> 00:05:51,229

bit about how you tipped to Dave grush um what you're going to have in your story that's

51

00:05:51,229 --> 00:05:57,090

so unique and um and I think we should start

with that I think what a lot of people who

52

00:05:57,090 --> 00:06:02,570

have read the article that uh Leslie Kane and Ralph Blumenthal wrote will be thinking

53

00:06:02,570 --> 00:06:07,410

is okay well it's great I read it in print who is this guy exactly well you put him on

54

00:06:07,410 --> 00:06:13,480

camera how did you find him and get him to do that I I have to say my impressions of

55

00:06:13,480 --> 00:06:20,030

Dave grush are not formed just by talking to Dave grush uh both Leslie and Ralph and

56

00:06:20,030 --> 00:06:26,000

I have done very methodical checking into his background we've assessed his credibility

57

00:06:26,000 --> 00:06:31,389

and more importantly we've verified with many independent sources that he is who he says

58

00:06:31,389 --> 00:06:38,000

he is he's basically the guy he's one of the guys who quite literally was involved in putting

59

00:06:38,000 --> 00:06:43,091

together the presidential daily briefing for the president of the United States he was

60

00:06:43,091 --> 00:06:48,660

cleared so highly with his top secret SCI compartmented clearance that he was given

61

00:06:48,660 --> 00:06:56,030

access to over 2 000 special access programs

and before any of you linked to conclusions

62

00:06:56,030 --> 00:07:01,260

and assume that he's another Edward Snowden  
or another person who's breaking the law to

63

00:07:01,260 --> 00:07:09,000

bring this information to the public the extraordinary  
thing about Dave grush's Revelations are that

64

00:07:09,000 --> 00:07:16,889

he is making them under the authorization  
of the defense office pre-publications Security

65

00:07:16,889 --> 00:07:24,569

review he has been approved by the U.S Department  
of Defense to do the interview he's done with

66

00:07:24,569 --> 00:07:32,240

me and with Leslie Kane and Ralph Blumenthal  
I like to think I'd hope that this indicates

67

00:07:32,240 --> 00:07:40,080

a pleasant level of openness by the U.S defense  
department but as Dave candidly has told me

68

00:07:40,080 --> 00:07:45,849

he believes it's more a necessity for the  
U.S defense department he's determined he

69

00:07:45,849 --> 00:07:52,470

wants to tell his story and I think they see  
the doctor review as a way of trying to control

70

00:07:52,470 --> 00:07:58,479

his narrative but it's hugely significant  
because essentially he has put what he wants

71

00:07:58,479 --> 00:08:04,970

to talk about to the U.S defense department

and he has received approval from the U.S

72  
00:08:04,970 --> 00:08:11,500  
defense department to talk about what he reveals  
to both Leslie Kane and Ralph Blumenthal and

73  
00:08:11,500 --> 00:08:16,590  
myself I I think that's quite huge and it's  
a very pleasant degree of openness from a

74  
00:08:16,590 --> 00:08:22,060  
department that frankly I think we've had  
good cause to be very critical of in the past

75  
00:08:22,060 --> 00:08:27,409  
that's one of the reasons why I do think we're  
about to step into the unknown but what he

76  
00:08:27,409 --> 00:08:34,880  
did do is he worked for the UAP task force  
he was perhaps the lead investigator for the

77  
00:08:34,880 --> 00:08:41,180  
body that the Pentagon set up to investigate  
the phenomenon at the request of the Congress

78  
00:08:41,180 --> 00:08:46,140  
and it was he who was authorized with all  
of his compartmented security clearances to

79  
00:08:46,140 --> 00:08:54,130  
go and find the code name programs that do  
exist that contain what he alleges involved

80  
00:08:54,130 --> 00:09:01,579  
as we've read today in the debrief a crash  
retrieval program recovered non-human technology

81  
00:09:01,579 --> 00:09:08,390  
that is secretly held by the United States

why do you know it's exotic uh based on the

82

00:09:08,390 --> 00:09:13,829

very specific properties that I was briefed  
on you know isotopic ratios that would have

83

00:09:13,829 --> 00:09:24,000

to be engineered for it to be at those levels  
but also just extremely uh strange heavy Atomic

84

00:09:24,000 --> 00:09:30,310

metal you know high up in the periodic table  
Arrangements that we don't understand you

85

00:09:30,310 --> 00:09:36,459

know what the emergent properties are but  
there's just a very strange mix of um elements

86

00:09:36,459 --> 00:09:44,370

so you're absolutely sure that the materials  
that these crafts are made of are clearly

87

00:09:44,370 --> 00:09:52,130

not of this Earth yeah they're sophisticatedly  
engineered certainly not by humans I I like

88

00:09:52,130 --> 00:09:58,829

you in the last few weeks Bryce ever since  
I've first spoken to Dave had trouble processing

89

00:09:58,829 --> 00:10:07,190

what he's been telling us I've asked myself  
constantly could he be some kind of disinformation

90

00:10:07,190 --> 00:10:13,130

stooge that's being put up by the defense  
department to completely and egregiously mislead

91

00:10:13,130 --> 00:10:20,970

the UAP research community so many people

have vouched for him from the inside I've

92  
00:10:20,970 --> 00:10:26,089  
never been fully candid even with you my friend  
about the people that I've been talking to

93  
00:10:26,089 --> 00:10:31,060  
but you might remember I told you once that  
I in my book as well I I talked about a guy

94  
00:10:31,060 --> 00:10:38,051  
called nat cobitz yup and that was one of  
the chief gigs for the U.S Navy and he was

95  
00:10:38,051 --> 00:10:46,389  
dying and he gave me leads and I've never  
spoken about this before but he gave me leads

96  
00:10:46,389 --> 00:10:56,420  
that led me to people working in what they  
purported was a secret program involving the

97  
00:10:56,420 --> 00:11:04,730  
retrieval and attempted reverse engineering  
of non-human technology and I've been speaking

98  
00:11:04,730 --> 00:11:12,380  
to those people for some time and it was they  
who told me about Dave grush and it was they

99  
00:11:12,380 --> 00:11:20,709  
who vouched about Dave grush to me so unless  
there's been an elaborate disinformation program

100  
00:11:20,709 --> 00:11:28,200  
going back to maybe even three years I think  
this guy's for real he's one of the highest

101  
00:11:28,200 --> 00:11:37,200  
intelligence officers ever to come forward

in fact I think he is the highest intelligence

102

00:11:37,200 --> 00:11:43,470

officer ever to come forward on the issue of uaps and one of the reasons why I think

103

00:11:43,470 --> 00:11:49,690

we should give him huge credibility is because I've been able to confirm and so have Leslie

104

00:11:49,690 --> 00:11:56,700

and Ralph that Dave's allegations made in a secret hearing to the Inspector General

105

00:11:56,700 --> 00:12:07,040

of the intelligence community have been verified to be both urgent and credible and for that

106

00:12:07,040 --> 00:12:15,160

reason his allegations were referred urgently to the oversight Committees of the Congress

107

00:12:15,160 --> 00:12:19,800

you know Russ there's so much to unpack there let's start with the simplest one you said

108

00:12:19,800 --> 00:12:25,290

at the very beginning that he had filed for a dopsa review you better explain that so

109

00:12:25,290 --> 00:12:31,199

people know what you're talking about there sure a doctor review is a defense office pre-publications

110

00:12:31,199 --> 00:12:36,839

Security Office review where they basically look at what people want to write and if you

111

00:12:36,839 --> 00:12:42,070

are a compartmented top secret clear person

you are illegally obliged to get anything

112

00:12:42,070 --> 00:12:48,529

that you want to publish checked by the defense department now I do emphasize it's not a verification

113

00:12:48,529 --> 00:12:53,750

that the statements the person's making are authentic you know theoretically Dave could

114

00:12:53,750 --> 00:12:58,970

basically put to them a whole series of false allegations that he wants to allege and they

115

00:12:58,970 --> 00:13:04,639

could theoretically verify those false allegations because none of them breach National Security

116

00:13:04,639 --> 00:13:12,980

what I find very very interesting and this is revealed in Leslie Kane's story is that

117

00:13:12,980 --> 00:13:19,250

there are things that are authorized in the dobsa review by the defense department that

118

00:13:19,250 --> 00:13:27,880

are simply breathtaking they are they are authorizing Dave to talk about historical

119

00:13:27,880 --> 00:13:39,070

crash retrievals you know okay um when I say historical crash retrievals I'm talking about

120

00:13:39,070 --> 00:13:45,449

well I would call it alien so would you but the term they use is non-human intelligence

121

00:13:45,449 --> 00:13:50,820

they're talking about non-human intelligence

technology nhi technology and we're going

122

00:13:50,820 --> 00:13:59,880

to be hearing that term a lot nhi let's go  
back to the dapsa review for a moment I assume

123

00:13:59,880 --> 00:14:05,139

this is the same kind of thing that Lou Elizondo  
has just gone through for his book uh in order

124

00:14:05,139 --> 00:14:10,440

to publish it the other thing about it is  
uh you do say to yourself why on Earth would

125

00:14:10,440 --> 00:14:14,930

the defense department let him come forward  
and talk about such things if they're also

126

00:14:14,930 --> 00:14:19,980

at the same time denying that they have any  
information about it well part of it is of

127

00:14:19,980 --> 00:14:26,199

course that um if they turned him down if  
they said you can't go talk about that that

128

00:14:26,199 --> 00:14:31,779

I believe triggers an entire process where  
he has you know there's a back and forth and

129

00:14:31,779 --> 00:14:36,610

it's public is that right and so therefore  
one incentive for the defense department to

130

00:14:36,610 --> 00:14:41,570

say go talk about whatever you want there  
is they don't want that or they did not want

131

00:14:41,570 --> 00:14:48,440

that kind of back and forth first and foremost

let me emphasize Dave Grush is a patriot he

132  
00:14:48,440 --> 00:14:54,310  
strongly believes that the information he  
holds which he has acquired by doing his investigations

133  
00:14:54,310 --> 00:15:01,180  
as a member of the UAP task force he believes  
that those allegations should be public information

134  
00:15:01,180 --> 00:15:06,750  
we're in a competition with their adversaries  
to understand this and it's a multi-decade

135  
00:15:06,750 --> 00:15:13,430  
cold war that has been under our nose for  
so long and you know there is no good way

136  
00:15:13,430 --> 00:15:17,759  
to level the playing field and hold Other  
Nation States accountable if they're doing

137  
00:15:17,759 --> 00:15:25,130  
unethical or illicit activity as it relates  
to the subject and I think the obtuse secrecy

138  
00:15:25,130 --> 00:15:31,910  
is actually putting us in a very dangerous  
position where a country might make a breakthrough

139  
00:15:31,910 --> 00:15:39,380  
let's say we um it's an adversary of ours  
and it is so destabilizing the certain things

140  
00:15:39,380 --> 00:15:44,769  
that he thinks the public should not know  
and I respect that I completely understand

141  
00:15:44,769 --> 00:15:49,720  
that and I can understand to some degree why

for many years especially during the Cold

142

00:15:49,720 --> 00:15:56,480

War this was Kept Secret but but but what  
I do think is sorry let's I'll let you talk

143

00:15:56,480 --> 00:16:03,670

I'm sorry no no uh I was just gonna say uh  
by way of vouching for all this I personally

144

00:16:03,670 --> 00:16:09,790

have sat and watched you interview Dave grush  
for I believe seven hours two separate events

145

00:16:09,790 --> 00:16:15,360

over seven hours and I have heard him say  
things in those interviews that you conducted

146

00:16:15,360 --> 00:16:22,019

that exceed by a lot what's in the uh Leslie  
Kane and Ralph Blumenthal story he obviously

147

00:16:22,019 --> 00:16:29,259

uh you know he spoke at at depth about certain  
things that I have to tell you I thought were

148

00:16:29,259 --> 00:16:35,470

shocking um not so much shocking in that I  
couldn't comprehend how they could be true

149

00:16:35,470 --> 00:16:40,709

but shocking in that somebody was actually  
saying them in a public forum on camera so

150

00:16:40,709 --> 00:16:48,190

one question I had for you is if even if he's  
followed this docsa process my question is

151

00:16:48,190 --> 00:16:55,940

is he still in any danger of being say arrested

because uh obviously the reason he became

152

00:16:55,940 --> 00:17:01,089

this first whistleblower approved is that there's government legislation that came out

153

00:17:01,089 --> 00:17:10,160

of the defense authorization act so what risk was Dave grush taking by speaking for seven

154

00:17:10,160 --> 00:17:19,670

hours to you on camera about some things that exceed just crash wreckage what's the deal

155

00:17:19,670 --> 00:17:25,580

I feel as an investigative journalist that the one thing that we always have to respect

156

00:17:25,580 --> 00:17:31,610

is the person who decides to come out from the shadows and speak publicly about what

157

00:17:31,610 --> 00:17:38,710

they perceive to be a wrong or an ill doing and exposing it publicly it is the most courageous

158

00:17:38,710 --> 00:17:44,880

thing that any Patriot any public servant can do and and sadly one of the great lessons

159

00:17:44,880 --> 00:17:51,600

of Journalism is whistleblowers often get screwed they get treated really badly and

160

00:17:51,600 --> 00:17:58,730

so in many ways Mr grush's best defense is to speak publicly and to get what he knows

161

00:17:58,730 --> 00:18:05,250

out there and to ensure that it's quickly

publicly investigated and aggressively investigated

162

00:18:05,250 --> 00:18:10,500

so what he's doing is he's putting his cards  
on the table he's revealing what he knows

163

00:18:10,500 --> 00:18:15,059

and yes you're absolutely right my friend  
I'm aware of Leslie and Ralph's story and

164

00:18:15,059 --> 00:18:20,480

I know that what we have goes enormous amount  
further and the reason why Dave's done that

165

00:18:20,480 --> 00:18:27,780

is because he wants you the public to know  
and moreover he wants you the public to tell

166

00:18:27,780 --> 00:18:32,789

your congressional representative and your  
Senators the president and anybody who's listening

167

00:18:32,789 --> 00:18:39,590

including the mainstream media that they need  
to make this a Forefront issue I beg this

168

00:18:39,590 --> 00:18:47,100

audience to get out there get the story on  
social media and back this person because

169

00:18:47,100 --> 00:18:51,450

the worst thing can that can happen is that  
somebody like he comes forward it's such a

170

00:18:51,450 --> 00:18:56,890

courageous act for a person to do this to  
come out from the shadows and speak about

171

00:18:56,890 --> 00:19:03,880

this the worst thing that can happen is if

as I'm sad to say some in the mainstream media

172

00:19:03,880 --> 00:19:10,179

have elected not to give him coverage and  
to ignore what he's got to say so it's incumbent

173

00:19:10,179 --> 00:19:16,160

on you everybody listening here you have power  
this is a really important moment in history

174

00:19:16,160 --> 00:19:21,150

because what you can do is you can write to  
your Congressman your congresswoman your representatives

175

00:19:21,150 --> 00:19:27,950

and say I want this in a public hearing I  
want these Witnesses deposed because the key

176

00:19:27,950 --> 00:19:33,370

thing is one of the things that Dave reveals  
in the story that debrief is publishing is

177

00:19:33,370 --> 00:19:39,080

that there are witnesses who he has given  
evidence about who have also backed his evidence

178

00:19:39,080 --> 00:19:44,510

in testimony in secret to the Inspector General  
of the intelligence Community those people

179

00:19:44,510 --> 00:19:49,549

have been deposed they have literally given  
evidence under oath and been questioned about

180

00:19:49,549 --> 00:19:56,960

what they know about the program about a crash  
retrieval operation now the Congress has not

181

00:19:56,960 --> 00:20:03,100

heard the full story and one of the things

that was frustrating the media's attempt to

182

00:20:03,100 --> 00:20:09,169

investigate what Dave Grush was saying was that some of what he reveals is in fact so

183

00:20:09,169 --> 00:20:16,260

highly protected so highly compartmented that many congressional sources in Senators offices

184

00:20:16,260 --> 00:20:21,059

and Congressional Representatives Office were not able to corroborate that they'd even become

185

00:20:21,059 --> 00:20:27,600

aware of his information this is such protected information it has been kept from the public

186

00:20:27,600 --> 00:20:35,280

I think improperly illegally and criminally criminal offenses have been committed very

187

00:20:35,280 --> 00:20:42,690

grave criminal offenses and this leads investigation I think this is a bigger Scandal than Watergate

188

00:20:42,690 --> 00:20:49,679

or Iran Contra it is massive and there are people who will have to be criminally prosecuted

189

00:20:49,679 --> 00:20:55,820

for what they've been doing Terrible Things Bryce terrible things have been done in the

190

00:20:55,820 --> 00:21:02,159

name of National Security to protect this secret I want to come back to all of that

191

00:21:02,159 --> 00:21:09,020

it is um it gives um some strength to what

our friend The Departed Stanton Friedman uh

192

00:21:09,020 --> 00:21:16,059

called things he said it was a cosmic Watergate  
and uh it is a cosmic Watergate that actually

193

00:21:16,059 --> 00:21:21,640

buries the term Watergate I mean Watergate  
is going to look like small small potatoes

194

00:21:21,640 --> 00:21:27,390

compared to what's about to come roaring down  
the the pike here now let me make a point

195

00:21:27,390 --> 00:21:32,580

of clarification and then we're going to go  
back into that that criminal aspect um you

196

00:21:32,580 --> 00:21:38,350

said Ross that the debrief is publishing this  
and I think that's a wise distinction they

197

00:21:38,350 --> 00:21:45,280

are acting as Publishers not reporters here  
and uh you may be too too nice a guy to toot

198

00:21:45,280 --> 00:21:50,210

your own horn but I'm going to here I want  
everyone to understand something um you're

199

00:21:50,210 --> 00:21:56,200

about to you've already seen something written  
about Dave crush it was published in the debrief

200

00:21:56,200 --> 00:22:03,470

but the reporters behind it are Leslie Kane  
and Ralph Blumenthal who basically have allowed

201

00:22:03,470 --> 00:22:08,600

the debrief to publish their report but they

are not part of the reporting and I say this

202

00:22:08,600 --> 00:22:13,230

with no ill will toward the debrief because  
I have many friends there but that's the reality

203

00:22:13,230 --> 00:22:20,289

of it and in the same way news Nation will  
be acting as the vehicle to transmit your

204

00:22:20,289 --> 00:22:25,370

interview with Dave Crush but they did not  
report it either you are the reporter of it

205

00:22:25,370 --> 00:22:30,380

so when people want to get into who's responsible  
for this whether they want to give you blame

206

00:22:30,380 --> 00:22:38,230

or credit it is my pal Ross coltard here who  
I've literally heard about this for a year

207

00:22:38,230 --> 00:22:44,840

talking to you not by name but uh I've heard  
you chasing this story and I know that Leslie

208

00:22:44,840 --> 00:22:49,450

and Ralph have chased it so my hat which I  
don't have on right now of course would be

209

00:22:49,450 --> 00:22:56,309

tipped to the three of you and I I appreciate  
that the publishing that has gone on uh both

210

00:22:56,309 --> 00:23:01,929

with news Nation on television and and the  
debrief but uh you guys are the reporters

211

00:23:01,929 --> 00:23:10,101

here now let's go back to this this issue

that you just raised is the reason that there

212

00:23:10,101 --> 00:23:17,169

is reticence and pushback on just coming clean about this partially or completely in your

213

00:23:17,169 --> 00:23:24,210

view uh something that comes be comes about because there are crimes that have been committed

214

00:23:24,210 --> 00:23:29,070

to keep the secret and there are still living people who might face penalties for it is

215

00:23:29,070 --> 00:23:33,900

that what you're saying or suggesting yeah yeah I I think there are people who will go

216

00:23:33,900 --> 00:23:42,180

to jail if U.S law is heated I I really do I mean I'm I'm absolutely shocked by what's

217

00:23:42,180 --> 00:23:50,630

being revealed and frankly if what's revealed over the next week doesn't Force Congress

218

00:23:50,630 --> 00:23:57,360

and the mainstream media into an extremely aggressive investigation for the first time

219

00:23:57,360 --> 00:24:03,690

of this issue I'm talking about church commission style inquiries if that doesn't happen America

220

00:24:03,690 --> 00:24:09,640

might as well just declare itself an authoritarian regime and give up pretending to be a democracy

221

00:24:09,640 --> 00:24:14,600

strong strong stuff Ross those are strong

words no I'm really confronted about what

222

00:24:14,600 --> 00:24:19,130

I'm aware of Bryson there's some stuff that I'm not publishing out of responsibility and

223

00:24:19,130 --> 00:24:24,250

you know National Security concerns and not all of it has come from David Crush I'm I'm

224

00:24:24,250 --> 00:24:31,659

really quite shocked uh in some cases I'm scared about what I'm aware of um one of the

225

00:24:31,659 --> 00:24:35,320

things I really want to emphasize my friend and I'm probably jumping the gun on this with

226

00:24:35,320 --> 00:24:41,470

you but you can tell me off later I I think that the real story behind the Dave grush

227

00:24:41,470 --> 00:24:47,210

decision to go with the debrief is and the fact that I'm doing this on news nation which

228

00:24:47,210 --> 00:24:52,570

is a very new network a very aggressive and exciting new network but the fact that it's

229

00:24:52,570 --> 00:24:59,809

not going in the Washington Post or the New York Times or CBS ABC NBC is an indictment

230

00:24:59,809 --> 00:25:08,809

of mainstream investigative media this whole story The failure of the American Media to

231

00:25:08,809 --> 00:25:15,690

recognize that all this time this has been

a real story it hasn't been a confabulation

232

00:25:15,690 --> 00:25:22,720

it hasn't been an invention or a wacky tinfall  
Hat story it's been reality to hear Dave grush

233

00:25:22,720 --> 00:25:29,700

say as he does that he knows that there's  
been a deliberate disinformation campaign

234

00:25:29,700 --> 00:25:37,470

against the American people to keep this secret  
from them is in my book shocking and to hear

235

00:25:37,470 --> 00:25:44,070

the account that he gives of the crimes that  
have been committed serious crimes very very

236

00:25:44,070 --> 00:25:50,390

serious crimes and to know that media were  
approached in the making of this story by

237

00:25:50,390 --> 00:25:56,559

Leslie and Ralph to get this published in  
major newspapers and you know what they they

238

00:25:56,559 --> 00:26:03,049

didn't get a spine they failed they failed  
horribly to recognize the significance of

239

00:26:03,049 --> 00:26:08,730

this story and they allowed themselves to  
be led by their nose by people inside the

240

00:26:08,730 --> 00:26:14,039

Pentagon who are still trying to suppress  
this story and what I would say is God bless

241

00:26:14,039 --> 00:26:19,870

the good people inside the defense department

and inside the intelligence Community who

242

00:26:19,870 --> 00:26:26,060

made the decision to back Dave grush and Leslie and Ralph and provided them with the secondary

243

00:26:26,060 --> 00:26:31,789

and tertiary corroboration that they needed because there is absolutely no question in

244

00:26:31,789 --> 00:26:37,430

this story that it is nailed down tight I've made stories with the New York Times And The

245

00:26:37,430 --> 00:26:42,450

Washington Post I've written stories that have been vetted by their editors I know how

246

00:26:42,450 --> 00:26:48,799

hard it is to get a story through those newspapers but by golly there is absolutely no doubt

247

00:26:48,799 --> 00:26:53,880

in my book that date Russia's story ought properly to be featured right now on the front

248

00:26:53,880 --> 00:26:59,529

page of the New York Times and I am calling the New York Times And The Washington Post

249

00:26:59,529 --> 00:27:07,350

gutless cowards for their failure to follow this story up this is I I cannot believe how

250

00:27:07,350 --> 00:27:12,610

badly they have abrogated their responsibility as journalists what they've done is they've

251

00:27:12,610 --> 00:27:17,991

allowed themselves to be fed they've allowed

themselves to be put on the nipple of the

252

00:27:17,991 --> 00:27:24,059

intelligence briefers that feed journalists  
stories and they've they've ignored deliberately

253

00:27:24,059 --> 00:27:31,029

they've chosen cravenly to ignore a real story  
that the American public is demanding to know

254

00:27:31,029 --> 00:27:37,990

about that Congress has mandated by legislation  
should be known about and they have contrived

255

00:27:37,990 --> 00:27:43,980

in the conspiracy to cover this up I think  
the the editors of the New York Times And

256

00:27:43,980 --> 00:27:49,679

The Washington Post and indeed many of the  
editors of mainstream newspapers around America

257

00:27:49,679 --> 00:27:55,409

ought to be taking a long hard look at themselves  
after this story because they have failed

258

00:27:55,409 --> 00:28:02,890

with a capital F this is a story of failure  
and I'm angry I'm really angry about this

259

00:28:02,890 --> 00:28:07,200

because knowing what I know and knowing what  
you know now Bryce what do you think I mean

260

00:28:07,200 --> 00:28:12,560

I I'm sorry to turn the tables on you but  
as I sat there and heard what Dave Crush told

261

00:28:12,560 --> 00:28:20,500

us and what has already been revealed in Leslie

Kane's debrief article I got angrier and angrier

262

00:28:20,500 --> 00:28:26,250

it's just appalling that this has been kept secret uh well ditto to all of that it's kind

263

00:28:26,250 --> 00:28:32,059

of ironic you called them gutless cowards and I had written down here cowardly sissies

264

00:28:32,059 --> 00:28:36,549

so I guess we're thinking along the same lines I'm going to name the names one more time

265

00:28:36,549 --> 00:28:41,630

for people that didn't start uh institutions that didn't step up you got the New York Times

266

00:28:41,630 --> 00:28:47,779

you got the Washington Post but you also have the hill and Politico who um also did not

267

00:28:47,779 --> 00:28:53,450

step up and uh you know I can't feel very good about that I'm not just mad at the government

268

00:28:53,450 --> 00:28:58,370

although I am and by the way one of the things you're going to learn in Ross's reporting

269

00:28:58,370 --> 00:29:03,530

is that it's a 90-year cover-up not the one that we've been saying might be 80. it's a

270

00:29:03,530 --> 00:29:10,890

90 plus year cover-up I'm angry at the government for not being able to level with the people

271

00:29:10,890 --> 00:29:14,840

about this I don't know what the ultimate

truth is whether it's good bad or indifferent

272

00:29:14,840 --> 00:29:20,000

but I know that we should have it by now for sure but I'm also upset as you are and angry

273

00:29:20,000 --> 00:29:27,470

and and pissed off that that actual parts of Legacy Media and even New Media uh got

274

00:29:27,470 --> 00:29:35,649

nervous when presented with this article that Kane and Blumenthal had had written and couldn't

275

00:29:35,649 --> 00:29:41,850

bring themselves to get it out there so I'm not happy definitely not happy now can I say

276

00:29:41,850 --> 00:29:47,130

one thing I'm really happy about and I I'm not just saying this to be nice I want to

277

00:29:47,130 --> 00:29:54,180

pay credit to news nation and indeed the debrief for having the balls to run this story they

278

00:29:54,180 --> 00:30:00,940

made a they've made a courageous decision as fairly small New Media companies to take

279

00:30:00,940 --> 00:30:06,910

on the National Security establishment and and that's courageous I mean it's funny I

280

00:30:06,910 --> 00:30:13,380

I I uh I was thinking earlier on this week Bryce about a guy I really respect and admire

281

00:30:13,380 --> 00:30:18,970

Daniel Ellsberg the guy who leaked the Pentagon

papers and I was thinking what would happen

282

00:30:18,970 --> 00:30:24,890

if today Daniel Ellsberg walked into the offices  
of the Washington Post with the Pentagon papers

283

00:30:24,890 --> 00:30:30,280

that for anybody out there who doesn't know  
they they reveal the failure of U.S strategic

284

00:30:30,280 --> 00:30:35,140

policy in Vietnam which had been kept and  
suppressed and kept secret from the American

285

00:30:35,140 --> 00:30:40,460

public for no good reason and the Washington  
Post agonized for weeks about whether to rust

286

00:30:40,460 --> 00:30:44,590

then they made the courageous decision despite  
the fact that they were National Security

287

00:30:44,590 --> 00:30:50,600

documents to run them and you know what I  
don't think they would run it today I really

288

00:30:50,600 --> 00:30:56,710

don't and and I think that what this story  
signifies isn't just a Tipping Point in disclosure

289

00:30:56,710 --> 00:31:03,260

it also signifies a Tipping Point in the relevance  
the growing relevance of podcasts podcasts

290

00:31:03,260 --> 00:31:08,190

like ours New Media that the Pentagon and  
the intelligence Community cannot suppress

291

00:31:08,190 --> 00:31:13,850

they might try and stomp on them and try and

buy them off by offering them stories and

292

00:31:13,850 --> 00:31:18,799

giving them access to information that other places don't get But ultimately what's really

293

00:31:18,799 --> 00:31:24,789

interesting here is the success of new organizations like news nation and the debrief which are

294

00:31:24,789 --> 00:31:31,570

breaking stories that frankly the mainstream media the Legacy Media have completely abrogated

295

00:31:31,570 --> 00:31:38,080

and failed to cover it possibly could be that this Legacy Media or the mainstream media

296

00:31:38,080 --> 00:31:41,213

whatever we want to call them maybe they feel like they have too much to lose and they don't

297

00:31:41,213 --> 00:31:46,669

want to be first that's why it was surprising in 2017 that the New York Times published

298

00:31:46,669 --> 00:31:53,390

the original k and Blumenthal and Helen Thomas article and was it Helen Thomas is that they'll

299

00:31:53,390 --> 00:31:58,210

have that headline cooper cooper excuse me Helen Thomas another reporter out of Washington

300

00:31:58,210 --> 00:32:02,900

in years past listen you brought up Daniel Ellsberg uh just today there is an article

301

00:32:02,900 --> 00:32:09,029

out in Politico that is titled Daniel Ellsberg

is dying and he has some final things to say

302

00:32:09,029 --> 00:32:17,049

um Daniel Ellsberg was possibly the most significant whistleblower in U.S history he's the guy

303

00:32:17,049 --> 00:32:21,980

that got the Pentagon papers uh published and this is what he said in that interview

304

00:32:21,980 --> 00:32:27,100

he's talking about the value of whistleblowers and he said when everything is at stake excuse

305

00:32:27,100 --> 00:32:31,670

me when everything is at stake I'm talking about nuclear war implicitly here but climate

306

00:32:31,670 --> 00:32:36,559

is the same when we're facing a pretty ultimate catastrophe when we're on the edge of blowing

307

00:32:36,559 --> 00:32:42,279

up the world over Crimea or Taiwan or Bak moot from the point of view of the civilization

308

00:32:42,279 --> 00:32:47,029

and the survival of eight or nine billion people when everything is at stake can it

309

00:32:47,029 --> 00:32:52,279

be worth even a small chance of having a small effect by being a whistleblower and the answer

310

00:32:52,279 --> 00:32:58,880

is of course of course it can be worth that you can even say it's obligatory so let's

311

00:32:58,880 --> 00:33:06,960

just uh let's tip to Daniel Ellsberg and the

great contribution he made and and I wish

312

00:33:06,960 --> 00:33:12,399

more people will look at that and see how  
it was done and and try to bring it to this

313

00:33:12,399 --> 00:33:21,620

I do want to get back on track on on our interview  
or your interview rather with um Dave Crush

314

00:33:21,620 --> 00:33:27,649

when I watched it uh being recorded and then  
later as it was cut into various things I

315

00:33:27,649 --> 00:33:32,429

thought wow he is definitely saying some outrageous  
things and when people Hear It They'll they'll

316

00:33:32,429 --> 00:33:36,769

hear them uh but there were some things uh  
that he said off camera as well that were

317

00:33:36,769 --> 00:33:43,440

kind of outrageous um but he also said and  
you were very diligent in pressing him on

318

00:33:43,440 --> 00:33:49,279

certain of these issues and he said many times  
that there were places where he literally

319

00:33:49,279 --> 00:33:54,740

could not say but he had delivered all the  
relevant material to the proper committees

320

00:33:54,740 --> 00:34:00,350

all right he said that many times and I think  
he was talking about the fact that as I understand

321

00:34:00,350 --> 00:34:06,470

it he has spoken uh under oath in classified

hearings to the Senate intelligence committee

322

00:34:06,470 --> 00:34:11,470

and I believe even a house committee where he has told not only the story he told you

323

00:34:11,470 --> 00:34:21,700

in those six to seven hours but all the stuff about locations people names of projects Etc

324

00:34:21,700 --> 00:34:27,101

where he has laid those details out and told the Senate and the house hey folks if you

325

00:34:27,101 --> 00:34:31,510

really want to get kick the Rocks over and find out what's underneath this is where you

326

00:34:31,510 --> 00:34:41,579

go has Dave grush offered up a credible road map then to the American government for how

327

00:34:41,579 --> 00:34:50,980

to get out of this yes good moving on no seriously uh am I right about that that he's spoken

328

00:34:50,980 --> 00:35:00,190

uh under oath for over 11 hours to Congress correct I mean if you think about that i i

329

00:35:00,190 --> 00:35:06,869

i with him naming specifics of all the things that he he was very proper about it's almost

330

00:35:06,869 --> 00:35:11,160

like there was a line given him with this dopsa review and he knew he could go up to

331

00:35:11,160 --> 00:35:15,790

there but he wasn't supposed to go there that

part is he knows much more than he's told

332

00:35:15,790 --> 00:35:22,760

us absolutely so when people watch these interviews  
as they roll out over the next uh a few days

333

00:35:22,760 --> 00:35:30,260

and and frankly probably over weeks I want  
everyone to understand that he is also stating

334

00:35:30,260 --> 00:35:35,940

that he has given the details about where  
what these reverse engineering programs are

335

00:35:35,940 --> 00:35:42,200

crash retrieval programs are and he's told  
names and dates and and all the stuff that

336

00:35:42,200 --> 00:35:48,660

Congress would need if they really wanted  
to go look into this in a serious way so um

337

00:35:48,660 --> 00:35:54,030

I I think we are at an inflection point and  
and Dave brush is probably going to go down

338

00:35:54,030 --> 00:35:59,250

in history as someone who will help Usher  
it in I mean so let me just ask you this where

339

00:35:59,250 --> 00:36:04,520

do you see Dave brush fitting into the grand  
story of disclosure that admittedly has been

340

00:36:04,520 --> 00:36:11,740

going on since at least 1947. okay Dave is  
not a direct witness he has not touched a

341

00:36:11,740 --> 00:36:20,190

flying saucer or been inside the program but

he's done the next best thing what he's done

342

00:36:20,190 --> 00:36:27,420

is he's found the documents the photographs  
and the people who do and they have given

343

00:36:27,420 --> 00:36:33,869

their evidence under oath particularly to  
the Inspector General of the intelligence

344

00:36:33,869 --> 00:36:39,700

Community who found his allegations to be  
urgent and credible and because of that they

345

00:36:39,700 --> 00:36:44,300

were referred on to the oversight Committees  
of the Congress including the Senate intelligence

346

00:36:44,300 --> 00:36:48,210

committee one of the most powerful committees  
in the Congress and the house intelligence

347

00:36:48,210 --> 00:36:56,940

committee and I know that a large number of  
the congressmen and Senators perhaps didn't

348

00:36:56,940 --> 00:37:04,250

attend the hearings but to cover themselves  
they sent their counsel their lawyers to observe

349

00:37:04,250 --> 00:37:09,530

and Senior staffers who had security clearances  
and it's interesting because I think what's

350

00:37:09,530 --> 00:37:17,910

Happening Here is there's been a very very  
careful attempt by the uh politicians to keep

351

00:37:17,910 --> 00:37:23,410

themselves at a careful distance because I

think what's happening now is the Congress

352

00:37:23,410 --> 00:37:28,470

really doesn't know what to do about Dave  
grush's evidence he's wrong-footed them he's

353

00:37:28,470 --> 00:37:35,050

come forward and said I know all about the  
program this is where the craft are these

354

00:37:35,050 --> 00:37:39,290

are the people you need to talk to these are  
the code names of the various programs that

355

00:37:39,290 --> 00:37:43,630

are secreted inside special access programs  
inside the defense department these are the

356

00:37:43,630 --> 00:37:48,880

people responsible in the defense department  
this is the aerospace companies that are involved

357

00:37:48,880 --> 00:37:56,160

he's given them chapter and verse now what  
I'm really worried about is Congress needs

358

00:37:56,160 --> 00:38:04,000

to show a spine yeah they need to develop  
a new set of balls and start investigating

359

00:38:04,000 --> 00:38:08,800

this issue properly and I think the only way  
to do this now is to bring it out into the

360

00:38:08,800 --> 00:38:15,770

public because I don't think the politicians  
can be trusted to do this in QT I don't think

361

00:38:15,770 --> 00:38:20,690

they're going to do it if unless they're forced

by the public and particularly by mainstream

362

00:38:20,690 --> 00:38:26,920

media pressure so what's really interesting  
here is until my interview became probably

363

00:38:26,920 --> 00:38:31,410

I don't think the intelligence Community knew  
that I'd done an interview with Dave grush

364

00:38:31,410 --> 00:38:38,650

until this morning we've kept it very very  
secret Dave came to speak to us in absolute

365

00:38:38,650 --> 00:38:45,290

secrecy and news Nation put on a deserted  
Warehouse with high security and we made very

366

00:38:45,290 --> 00:38:51,430

very sure that the people that attended kept  
their Mars shut and I think I'm hoping that

367

00:38:51,430 --> 00:38:56,770

the intelligence Community is wrong-footed  
and surprised because I think there are certain

368

00:38:56,770 --> 00:39:02,170

people in the defense department who think  
great we shut down the New York Times we managed

369

00:39:02,170 --> 00:39:07,890

to hose Down The Washington Post Politico  
the hill and you know who who cares they might

370

00:39:07,890 --> 00:39:12,030

take the Arrogant view who cares about the  
debriefs I've got huge respect for the debrief

371

00:39:12,030 --> 00:39:17,420

but it's not a mainstream newspaper they may

think that they can marginalize it inside

372

00:39:17,420 --> 00:39:24,940

the the world of UAP research this is where  
you the public become important this is where

373

00:39:24,940 --> 00:39:29,881

citizen journalism can really help this is  
where people need to start writing to their

374

00:39:29,881 --> 00:39:36,820

Congress person and saying I care about this  
issue I want an inquiry right to the New York

375

00:39:36,820 --> 00:39:42,750

Times demand to know why they wouldn't cover  
this story why is their National Security

376

00:39:42,750 --> 00:39:48,359

reporters being bought off with cozy little  
drops about the Ukraine you know I'm sorry

377

00:39:48,359 --> 00:39:52,711

I've been there I've done that I've seen how  
it works I know what intelligence Community

378

00:39:52,711 --> 00:39:57,690

people do they buy off a reporter by giving  
them stories and this is what they've done

379

00:39:57,690 --> 00:40:02,150

with the big mainstream payments the editors  
have made the Judgment that it's too dangerous

380

00:40:02,150 --> 00:40:07,110

to run the story otherwise they're going to  
get cut off the drip and this is the biggest

381

00:40:07,110 --> 00:40:15,040

story ever I mean seriously if what Dave grush

is saying is true we are talking about one

382

00:40:15,040 --> 00:40:21,369

of the top intelligence officials in the U.S  
government a guy who used to hand deliver

383

00:40:21,369 --> 00:40:27,339

intelligence briefings the daily intelligence  
briefing to The West Wing of the White House

384

00:40:27,339 --> 00:40:32,500

he was the guy that did it we're talking about  
one of those top officials cleared for over

385

00:40:32,500 --> 00:40:40,290

2 000 special access programs coming forward  
and saying non-human intelligence is real

386

00:40:40,290 --> 00:40:47,980

and moreover the US has been concealing the  
existence of retrieved non-human alien technology

387

00:40:47,980 --> 00:40:57,619

for decades it's breathtaking breathtaking  
I mean again congratulations to you for doing

388

00:40:57,619 --> 00:41:03,319

this the old-fashioned way as a journalist  
who cultivates sources who doesn't blow the

389

00:41:03,319 --> 00:41:08,970

sources uh and and works the story but I just  
want to highlight one thing you said here

390

00:41:08,970 --> 00:41:16,050

because I believe it needs to be said twice  
the icig stands for the intelligence Community

391

00:41:16,050 --> 00:41:24,300

Inspector General the icig right and as Ross

said after Dave Grush spoke to them at that

392

00:41:24,300 --> 00:41:31,560

office uh they put in their uh cover letter  
I believe to the Congress that his comments

393

00:41:31,560 --> 00:41:39,839

were quote urgent and credible now inspector  
generals don't just throw words around for

394

00:41:39,839 --> 00:41:47,190

no good reason urgent and credible so I believe  
that we should take that the inspector General

395

00:41:47,190 --> 00:41:52,869

at its word and say this is an urgent case  
the reason Dave Grush has come forward is

396

00:41:52,869 --> 00:41:59,550

that there is an urgency to grappling with  
this issue he knows a bit about that and credible

397

00:41:59,550 --> 00:42:05,490

that's a comment on not only what Dave is  
saying but Dave himself so um and again as

398

00:42:05,490 --> 00:42:12,740

I said I sat uh thanks to Ross I sat and got  
to know this guy a little bit and I will tell

399

00:42:12,740 --> 00:42:20,970

you he strikes me as incredibly credible and  
the story he tells as incredibly urgent so

400

00:42:20,970 --> 00:42:27,640

uh and and for example I you have stated several  
times non-human intelligence which is of course

401

00:42:27,640 --> 00:42:33,430

nhi is sort of the new way to talk about it

and and I I buy into that I mean we don't

402

00:42:33,430 --> 00:42:38,190

as he states he he doesn't want to talk about origin because they're not entirely sure of

403

00:42:38,190 --> 00:42:43,619

that about that so alien in everybody's mind is well they come from out there well there

404

00:42:43,619 --> 00:42:49,079

may be other explanations so no but but it is clear that this is non-human intelligence

405

00:42:49,079 --> 00:42:57,319

but he has also used the plural right he has used the plural phrase non-human intelligences

406

00:42:57,319 --> 00:43:03,000

and that means there's more than one out there and that also is a pretty huge headline to

407

00:43:03,000 --> 00:43:12,261

me more on that in my interview on news Nation coming up yeah so why don't we uh yeah I don't

408

00:43:12,261 --> 00:43:16,460

want this to be a giant tease because I'm looking forward to the world seeing you talk

409

00:43:16,460 --> 00:43:24,000

to this guy can I have one serve on the way out bro but you can I don't mean to be unkind

410

00:43:24,000 --> 00:43:29,300

but I think people particularly those in the mainstream media who are looking for an angle

411

00:43:29,300 --> 00:43:35,010

they need to go back and look at the testimony

of Dr Sean Kirkpatrick to the Congress he

412

00:43:35,010 --> 00:43:40,080

told senator gillibrand in evidence not that  
long ago only a few weeks ago that there was

413

00:43:40,080 --> 00:43:46,099

no credible evidence to support contentions  
that there's evidence of extraterrestrial

414

00:43:46,099 --> 00:43:52,490

life visiting this planet that Mr grush is  
quite clear that he's not saying it's necessarily

415

00:43:52,490 --> 00:43:57,619

extraterrestrial he has various theories about  
that you'll hear more about that on the news

416

00:43:57,619 --> 00:44:05,040

Nation story but what he is clear about is  
that he does not think that Dr Sean Kirkpatrick

417

00:44:05,040 --> 00:44:13,500

gave a truthful and accurate record to Congress  
and indeed he believes that Dr Sean Kirkpatrick

418

00:44:13,500 --> 00:44:19,710

knows most of what he's revealing in his interview  
with both Ralph and Leslie and particularly

419

00:44:19,710 --> 00:44:26,680

in his interview with me and I think the American  
public the world needs to ask why did the

420

00:44:26,680 --> 00:44:33,750

U.S defense department put a bureaucrat a  
scientist in a position who appears willing

421

00:44:33,750 --> 00:44:39,430

to either unwittingly or knowingly mislead

Congress and what Senator gilibrand going

422

00:44:39,430 --> 00:44:45,210

to do about the fact that she has so clearly been misled in evidence that was publicly

423

00:44:45,210 --> 00:44:52,050

televised before the Congress was Senator gilibrand a conspirator in the conspiracy

424

00:44:52,050 --> 00:44:57,839

to mislead the American public I'm not saying she was but I think people should be asking

425

00:44:57,839 --> 00:45:03,200

that question I think she needs to clarify whether she knows about what Mr grush has

426

00:45:03,200 --> 00:45:07,800

told the Congress and whether or not she's going to do anything about it because now

427

00:45:07,800 --> 00:45:14,080

you have elected officials and very senior publicly appointed bureaucrats being told

428

00:45:14,080 --> 00:45:24,990

things in open public hearing that I know for a fact a complete lies I look forward

429

00:45:24,990 --> 00:45:36,599

to seeing how Legacy Media responds to this story and whether they will apply the same

430

00:45:36,599 --> 00:45:42,630

level of urgency that they applied to chasing congressmen and Senators down hallways to

431

00:45:42,630 --> 00:45:50,420

ask them about the debt limit will the will

they apply that same interest to this story

432

00:45:50,420 --> 00:45:55,210

and and honestly at this point I think it's big enough that it could overcome that but

433

00:45:55,210 --> 00:46:01,590

so far I've been let down nobody seems to be addressing it I'm not holding my breath

434

00:46:01,590 --> 00:46:06,319

I reckon they're going to try and whitewash it and ignore it I I do too but I do think

435

00:46:06,319 --> 00:46:11,700

um that Dave grush takes us to that that the the you know the two roads and which one are

436

00:46:11,700 --> 00:46:16,930

you going to take because at this point it's clear you either have to double down on secrecy

437

00:46:16,930 --> 00:46:22,460

and find Innovative new ways to try to put this back in the box or they're going to have

438

00:46:22,460 --> 00:46:28,160

to move forward with some new kind of transparency because I don't think you can just put Dave

439

00:46:28,160 --> 00:46:32,770

grush out there for who he is and know that there are other whistleblowers behind him

440

00:46:32,770 --> 00:46:37,230

who have also talked to Congress and who are about to come forward I don't know how you

441

00:46:37,230 --> 00:46:42,710

can keep putting that in a box so yeah we'll

find out I I I absolutely agree with you and

442

00:46:42,710 --> 00:46:48,050

just to emphasize Dave brush is just the beginning  
yeah there are there are people inside the

443

00:46:48,050 --> 00:46:53,400

program and I know because I'm talking to  
them who want to come forward and who are

444

00:46:53,400 --> 00:47:00,309

waiting to see how Congress and the American  
Media treat people who come forward with Revelations

445

00:47:00,309 --> 00:47:06,210

of criminality and wrongdoing at the highest  
level of the US government is the US government

446

00:47:06,210 --> 00:47:15,110

still a functioning democracy will it allow  
itself to to expose the wrongdoing that lies

447

00:47:15,110 --> 00:47:22,240

behind the concealment of the crash retrieval  
program why has an illegal disinformation

448

00:47:22,240 --> 00:47:29,440

operation which was essentially banned by  
the church commission inquiry after the CIA

449

00:47:29,440 --> 00:47:35,089

Revelations of illegal intelligence operations  
against Jewish citizens in the 1970s why has

450

00:47:35,089 --> 00:47:41,890

an illegal intelligence operation to disinform  
the American public and the world being run

451

00:47:41,890 --> 00:47:47,000

for so long by different intelligence agencies

and why have people tolerated this inside

452

00:47:47,000 --> 00:47:52,440

the US government and why aren't congressmen  
congresswomen and Senators asking questions

453

00:47:52,440 --> 00:47:58,110

about this they know about it I know they  
know about it I know that there are very senior

454

00:47:58,110 --> 00:48:04,000

people in the gang of eight who are very well  
aware of the day brush allegations why are

455

00:48:04,000 --> 00:48:09,900

they sitting on this information and moreover  
why aren't the National Security reporters

456

00:48:09,900 --> 00:48:15,020

for all of the major TV networks and all all  
of the major newspapers not being tasked by

457

00:48:15,020 --> 00:48:20,859

their editors to get out there and start banging  
down the doors and cracking the story because

458

00:48:20,859 --> 00:48:26,900

the great newspapers that I love and admire  
the Washington Post and the New York Times

459

00:48:26,900 --> 00:48:31,760

they need to understand they've failed so  
far on this story and they need to get out

460

00:48:31,760 --> 00:48:37,079

there and and prove that they can still do  
it this is a really important moment for the

461

00:48:37,079 --> 00:48:43,280

American public and for the world there are

Technologies there are discoveries there are

462

00:48:43,280 --> 00:48:48,300

scientific advancements that can be developed  
as a result of the exposure of what the American

463

00:48:48,300 --> 00:48:53,440

government knows and I know because there  
are scientists that are talking to me who

464

00:48:53,440 --> 00:48:59,880

are bitterly frustrated that has been kept  
secret because the secrecy they say has frustrated

465

00:48:59,880 --> 00:49:07,520

advancements that could help all of humanity  
right it's true Bryce it's true I I remember

466

00:49:07,520 --> 00:49:13,940

some of our phone calls uh in the early days  
of this and just hanging up and thinking okay

467

00:49:13,940 --> 00:49:20,900

well we're into a new world now um and and  
clearly you know we talked before we went

468

00:49:20,900 --> 00:49:26,339

on whether we wanted to talk about this NASA  
news conference uh that they had I almost

469

00:49:26,339 --> 00:49:29,930

don't want to talk about it right now but  
I will if you want to make a few final comments

470

00:49:29,930 --> 00:49:35,380

but then we should come back and and um and  
close on the Dave Crush story actually I just

471

00:49:35,380 --> 00:49:40,720

realized that the comments that uh Kirkpatrick

made about um the lack of any credible evidence

472

00:49:40,720 --> 00:49:45,960

for et life where actually made at the NASA news conference and uh you know I'm sorry

473

00:49:45,960 --> 00:49:51,970

let's call it what it is it's a deliberate coverer it's a lie now I don't know who's

474

00:49:51,970 --> 00:49:57,680

lying I don't know whether he's being disinformed or misinformed but somebody very high up is

475

00:49:57,680 --> 00:50:04,930

lying they think they can continue to mislead and disinform the American public and frankly

476

00:50:04,930 --> 00:50:10,829

you know what they probably can if the American public don't start rattling the cage I am

477

00:50:10,829 --> 00:50:17,780

amazed how easily the American public are distracted these days by social media nonsense

478

00:50:17,780 --> 00:50:23,329

and by stories that frankly don't matter this is a story that matters this is a story that

479

00:50:23,329 --> 00:50:29,040

could revolutionize our understanding of human history and our ability to make technological

480

00:50:29,040 --> 00:50:35,180

breakthroughs that could transform human society and frankly there's no good reason for the

481

00:50:35,180 --> 00:50:42,950

continued secrecy it's time this story was

told right I I you know I'll just give a quick

482

00:50:42,950 --> 00:50:47,920

take on the uh NASA thing watching it there  
were some moments where I thought well these

483

00:50:47,920 --> 00:50:53,530

people you know this person gets it this person  
gets it but a lot of they don't get it or

484

00:50:53,530 --> 00:50:58,460

they're all they're all not addressing it  
directly talking about Sean Kirkpatrick for

485

00:50:58,460 --> 00:51:03,940

example he actually said well we have 50 to  
100 ish new reports each month that's very

486

00:51:03,940 --> 00:51:10,910

precise a hundred ish uh new reports each  
month and that's at the uh Aero office but

487

00:51:10,910 --> 00:51:15,309

he said the number of those sightings which  
are quote possibly really anomalous end quote

488

00:51:15,309 --> 00:51:20,250

are two to five percent of the total database  
well instead of talking about well gosh there's

489

00:51:20,250 --> 00:51:25,010

only five percent that are anomalous so really  
nothing to see here they should be focusing

490

00:51:25,010 --> 00:51:29,140

on those five percent because we we don't  
care about the ones that are being identified

491

00:51:29,140 --> 00:51:34,200

we want to know what is going on with the

anomalous ones and then you know again this

492

00:51:34,200 --> 00:51:41,069

is kind of ironic because um I've already attacked Senator Kelly for his some obtuse

493

00:51:41,069 --> 00:51:48,630

comments about UAP in past episodes but Scott Kelly uh was on this uh this panel for NASA

494

00:51:48,630 --> 00:51:54,690

it's Decades of the experience but what did he choose to make as his big statement he

495

00:51:54,690 --> 00:52:00,240

told the story about how he and a co-pilot were near Virginia Beach and they were convinced

496

00:52:00,240 --> 00:52:05,220

that they had flown by a UFO and Kelly said I didn't see it we turned around and we went

497

00:52:05,220 --> 00:52:10,319

to look at it turns out it was Bart Simpson a balloon which of course got some polite

498

00:52:10,319 --> 00:52:16,640

laughter and and all that and again please guys that's not helpful we're not interested

499

00:52:16,640 --> 00:52:21,540

in the ones that look like Bart Simpson we want you looking into the ones that are truly

500

00:52:21,540 --> 00:52:28,040

anomalous and we want some answers and I think that 10 times more than I did before I met

501

00:52:28,040 --> 00:52:34,079

Dave Crush Dave rush to me as again as I said

he's not only super credible to me having

502

00:52:34,079 --> 00:52:39,780

met him but he's super credible to the Inspector General so you know this is what we should

503

00:52:39,780 --> 00:52:45,770

be digging into right now and I look forward to that potentially happening so Ross let's

504

00:52:45,770 --> 00:52:50,540

take a moment for some last comments here you go my friend okay there's one thing I

505

00:52:50,540 --> 00:52:55,329

want to point out about the NASA event that I think is really special now as you know

506

00:52:55,329 --> 00:53:00,109

I've copped a fair bollocking online from people who were very very skeptical about

507

00:53:00,109 --> 00:53:08,079

my friend Jim marlin from Texas who has a mysterious metallic sphere okay now I note

508

00:53:08,079 --> 00:53:14,839

with great fun that Dr Sean Kirkpatrick admitted that one of the most interesting observations

509

00:53:14,839 --> 00:53:20,990

is that there are genuine anomalies with metallic spheres that have been seen all over the world

510

00:53:20,990 --> 00:53:28,299

doing unusual maneuvers now I'll just leave you with this thought if the U.S government

511

00:53:28,299 --> 00:53:35,710

doesn't know a great deal about these objects

Howard bloody hell does Sean Kirkpatrick know

512

00:53:35,710 --> 00:53:44,329

that these spheres are metallic how does he know that a point more than I'm letting on

513

00:53:44,329 --> 00:53:49,690

and I know they know a lot more than they're telling the American public why did he say

514

00:53:49,690 --> 00:53:56,450

they were metallic funny that hmm well I'll tell you in honor of that that's why I put

515

00:53:56,450 --> 00:53:57,450

a Metallica

516

00:53:57,450 --> 00:54:07,790

mine if if actually I was just saying if if mind starts to levitate break here but that

517

00:54:07,790 --> 00:54:15,380

is not one of the alien or or anomalous metallic balls however though I have to say that was

518

00:54:15,380 --> 00:54:20,470

for me kind of an interesting thing to come out of this because people are very interested

519

00:54:20,470 --> 00:54:24,720

in this you actually have spoken to people who have encountered these things and actually

520

00:54:24,720 --> 00:54:29,541

have them rolling around in their houses right now and then we've admitted that they're all

521

00:54:29,541 --> 00:54:34,410

over the world so I don't think we're going to be laughing about metallic balls much longer

522

00:54:34,410 --> 00:54:39,990

because some of them were reported apparently going twice the speed of sound uh or even

523

00:54:39,990 --> 00:54:44,330

hovering how how does the metallic ball do that I mean who's got that Tech right now

524

00:54:44,330 --> 00:54:49,430

I'm not really sure that anybody here on Earth does have it so yeah I think there's a lot

525

00:54:49,430 --> 00:54:54,090

of I think I what I hope my friend is that after the revelations in Leslie and Ralph's

526

00:54:54,090 --> 00:55:00,010

story today and the coming Revelations on news nation that I'm putting in my interview

527

00:55:00,010 --> 00:55:05,369

with Dave brush the exclusive television interview with Mr grush I'm hoping there will be many

528

00:55:05,369 --> 00:55:10,660

many questions that the mainstream media and representatives of the Congress will start

529

00:55:10,660 --> 00:55:15,849

putting to the defense department and the intelligence community and frankly the president

530

00:55:15,849 --> 00:55:20,750

needs to be asked as well it's it's I mean I I was shocked recently I tweeted about the

531

00:55:20,750 --> 00:55:26,110

fact that it was quite obvious that Joe Biden was being fed questions that were pre-prepared

532

00:55:26,110 --> 00:55:34,309

by the media just to what extent is the U.S  
media collaborating in making things comfortable

533

00:55:34,309 --> 00:55:40,060

for the executive arm of government my job  
as a journalist is to make governments uncomfortable

534

00:55:40,060 --> 00:55:46,599

and to ask uncomfortable questions and the  
whole issue of alleged crash retrievals non-human

535

00:55:46,599 --> 00:55:51,440

intelligence is an uncomfortable issue but  
I can tell you after this week the public

536

00:55:51,440 --> 00:55:58,829

will know definitively that there has been  
an active deliberate real disinformation program

537

00:55:58,829 --> 00:56:04,079

run against the American public which I believe  
is a criminal breach of undertakings that

538

00:56:04,079 --> 00:56:09,290

were given in the wake of the church commission  
investigations into the cia's illegal activities

539

00:56:09,290 --> 00:56:16,319

in the 1970s and that's just the tip of the  
iceberg there is there is so much more to

540

00:56:16,319 --> 00:56:23,849

come I am shocked by what I now know and it's  
not just from Dave grush if they tried to

541

00:56:23,849 --> 00:56:31,280

neutralize Mr grush don't worry there's far  
more to come and and that's an excellent concluding

542

00:56:31,280 --> 00:56:36,970

statement I got a little housekeeping to do here um just so everyone understands there

543

00:56:36,970 --> 00:56:43,080

was an article written by Leslie Kane and Ralph Blumenthal and uh Ross here is uh the

544

00:56:43,080 --> 00:56:49,010

interviewer and the journalist behind what is going to be on uh news Nation sometime

545

00:56:49,010 --> 00:56:55,210

in the next week and I believe their show will be about an hour and so Ross interviewing

546

00:56:55,210 --> 00:57:00,810

this uh gentleman Dave grush is part of that hour but uh the amount of time that Dave is

547

00:57:00,810 --> 00:57:05,690

on the air compared to the amount of time he talked is small so I just want you to know

548

00:57:05,690 --> 00:57:10,700

there are uh Ross and I particularly Ross we're committed to trying to get the full

549

00:57:10,700 --> 00:57:16,589

interview out in one way or another because I think people deserve to see Dave grush at

550

00:57:16,589 --> 00:57:21,270

length look him in the eye and see what they think about the guy do they think he's telling

551

00:57:21,270 --> 00:57:25,530

the truth I do when I watch him but it'll be interesting to see what other people do

552

00:57:25,530 --> 00:57:33,299

um so again there's that need to know raw  
tape that is part of the news Nation coverage

553

00:57:33,299 --> 00:57:38,180

hopefully that will find a full light of day  
soon and then there was also an interview

554

00:57:38,180 --> 00:57:44,930

that we did literally here in my house with  
Dave Crush uh that went on for three hours

555

00:57:44,930 --> 00:57:50,000

Ross conducted that interview and at some  
way uh we're going to put that out too so

556

00:57:50,000 --> 00:57:55,329

that people can see Dave and judge for themselves  
and when you start to see these things come

557

00:57:55,329 --> 00:58:01,580

out think about this there are questions he  
answers um do they have bodies uh have people

558

00:58:01,580 --> 00:58:08,619

been killed by contact with UFOs have people  
been killed because of the cover-up these

559

00:58:08,619 --> 00:58:15,060

are questions he actually steps up and puts  
answers to and I can't wait uh for people

560

00:58:15,060 --> 00:58:21,170

to see what I have seen and what Ross has  
discovered so I I close my part here by just

561

00:58:21,170 --> 00:58:29,580

saying strong uh Thumbs Up To You Ross what  
you've done is extraordinary I'm proud of

562

00:58:29,580 --> 00:58:37,211

Leslie and Ralph for staying in the game and following up their 2017 article and uh we

563

00:58:37,211 --> 00:58:44,589

are in A Brave New World yeah and full marks to Dave Crush The Whistleblower yes the courage

564

00:58:44,589 --> 00:58:51,440

to come forward a very courageous man and as you pointed out a patriot and someone who

565

00:58:51,440 --> 00:58:58,369

deserves to be in the history books Mordecai that was UFO whistleblower David grush revealing

566

00:58:58,369 --> 00:59:02,760

in a news Nation exclusive that he believes the government has been covering up the existence

567

00:59:02,760 --> 00:59:10,730

of alien life but can he be believed let's bring in Bryce zabel he's a writer producer

568

00:59:10,730 --> 00:59:16,430

investigative journalist covers UFOs actually does a podcast with the guy doing the interview

569

00:59:16,430 --> 00:59:21,900

with grush uh Bryce good to have you on the show thank you thank you for having me and

570

00:59:21,900 --> 00:59:27,040

you know I I really want to call out how great I thought your introduction was because it's

571

00:59:27,040 --> 00:59:31,500

not about Little Green Men anymore it's not about just lights in the sky but you're proving

572

00:59:31,500 --> 00:59:36,210

right now with this coverage that news nation  
is doing and yourself uh Chris is that the

573

00:59:36,210 --> 00:59:40,710

stigma for this whole topic needs to go away  
we need to take it on like any other story

574

00:59:40,710 --> 00:59:46,240

and and get to the bottom of it yeah I mean  
the part that is I find unacceptable is if

575

00:59:46,240 --> 00:59:52,750

they have something that proves or disproves  
this they should tell us because I I just

576

00:59:52,750 --> 00:59:55,849

think it's malfeasance I don't even think  
it's misfeasance I don't think it's simple

577

00:59:55,849 --> 01:00:00,470

negligence I don't even think it's discretion  
they are intentionally doing something that

578

01:00:00,470 --> 01:00:06,319

has three quarters of the population interested  
and if they could debunk that they should

579

01:00:06,319 --> 01:00:11,289

that's transparency now uh let's do our own  
practice of it here sure uh what do you know

580

01:00:11,289 --> 01:00:16,920

about grush and why should we trust them well  
I know about grush because my partner in that

581

01:00:16,920 --> 01:00:21,160

podcast Ross coltarth the man who's doing  
the interview is someone I've been in contact

582

01:00:21,160 --> 01:00:25,880

with obviously on a lot of these issues and  
a lot of the sources that he's had over uh

583

01:00:25,880 --> 01:00:30,480

the time that we've known each other so I've  
I've seen the grush story coming I did spend

584

01:00:30,480 --> 01:00:36,670

a couple of days with Dave grush in May uh  
the day before you guys actually taped the

585

01:00:36,670 --> 01:00:42,349

news Nation interview and I was there for  
the news Nation interview and um I I think

586

01:00:42,349 --> 01:00:47,460

Rush is the real deal and I I look forward  
to people putting as much attention on checking

587

01:00:47,460 --> 01:00:53,440

him out as they can because I think he checks  
out wasn't fired uh doesn't have beef that

588

01:00:53,440 --> 01:00:59,270

we know about the government hasn't come forward  
and said he was fired or has beef and in fact

589

01:00:59,270 --> 01:01:06,849

he is telling us the truth as far as we know  
about going to DOD for pre-publication clearance

590

01:01:06,849 --> 01:01:12,069

and he was told not to talk about certain  
things is that your understanding as well

591

01:01:12,069 --> 01:01:15,850

well that's what the it's called the dopsa  
document it and it basically allows him to

592

01:01:15,850 --> 01:01:21,450

talk about certain things now it's a dangerous game for a person uh like Dave Crush because

593

01:01:21,450 --> 01:01:26,190

that puts a line there and he has to as he's answering questions for Ross or yourself in

594

01:01:26,190 --> 01:01:31,720

the future he has to wonder whether he's going over that line or not so he's got uh you know

595

01:01:31,720 --> 01:01:36,300

he's he's obviously being watched by the government to make sure that he stays on the right side

596

01:01:36,300 --> 01:01:40,470

of what they're allowing him to talk about but I think it is pretty wild that the the

597

01:01:40,470 --> 01:01:45,619

government has said you know go ahead Dave tell your story and that's exactly what he's

598

01:01:45,619 --> 01:01:49,819

doing and it's interesting I just I'm not sure people even understand this in addition

599

01:01:49,819 --> 01:01:54,859

to all the credentials this guy has he actually worked on the presidential Daily Briefing

600

01:01:54,859 --> 01:01:59,890

he was one of the guys trusted to literally walk that briefing over to the White House

601

01:01:59,890 --> 01:02:05,079

you know this is not some guy who you know worked in the government 30 years ago who's

602

01:02:05,079 --> 01:02:11,230

coming forward with a YouTube video this is  
a guy who was deeply involved in the intelligence

603

01:02:11,230 --> 01:02:16,420

community of the U.S government up until April  
of this year and he's telling a story that

604

01:02:16,420 --> 01:02:21,349

as you've pointed out is pretty radical and  
yet there's a lot of uh reason to believe

605

01:02:21,349 --> 01:02:26,880

that it's true now another contextual tool  
is corroboration uh you're saying separate

606

01:02:26,880 --> 01:02:32,490

from the guy what he is talking about are  
things you have heard from other sources that

607

01:02:32,490 --> 01:02:39,779

are not gross related absolutely um listen  
I I started as a screenwriter looking into

608

01:02:39,779 --> 01:02:45,859

UFOs uh and and so I did a lot of research  
on it and I I've heard most of the things

609

01:02:45,859 --> 01:02:50,329

that he's talking about and I've seen people  
talk about it I've read about them so you

610

01:02:50,329 --> 01:02:54,299

can actually think about this as a secret  
that's been in plain sight for quite a while

611

01:02:54,299 --> 01:03:00,279

uh what's different is that we actually have  
a Insider with the Merit and with the credentials

612

01:03:00,279 --> 01:03:05,829

of Dave grush who's willing to put his career  
and his own personal safety on the line to

613

01:03:05,829 --> 01:03:10,740

to tell us about it so I think it's kind of  
a heroic thing that he's doing and and I think

614

01:03:10,740 --> 01:03:14,490

it may very well turn out when we read the  
history books of the future they're going

615

01:03:14,490 --> 01:03:20,650

to pinpoint uh this time this very time right  
now that we're in and say this is where things

616

01:03:20,650 --> 01:03:25,470

began to turn and people began to really take  
it seriously and get to the bottom of it well

617

01:03:25,470 --> 01:03:30,530

look at least Congress is doing an oversight  
hearing on it yes and we'll see what people

618

01:03:30,530 --> 01:03:35,109

tell them there will be oversight of that  
I've heard about it I don't know anything

619

01:03:35,109 --> 01:03:41,500

about it but representative burchett and representative  
Luna on the oversight committee are very interested

620

01:03:41,500 --> 01:03:44,970

in this issue and they're taking the lead  
in this issue so there is going to be oversight

621

01:03:44,970 --> 01:03:51,640

on this we plan on having a hearing pertaining  
to that whole issue but uh burchett and Luna

622

01:03:51,640 --> 01:03:58,480

are the two members of Congress that are know  
more about this than than I do thank you very

623

01:03:58,480 --> 01:04:03,680

much Mr Cameron appreciate Staffing as always  
thank you and I'm fine with them getting up

624

01:04:03,680 --> 01:04:07,210

there and saying look have we found things  
that wound up coming from other countries

625

01:04:07,210 --> 01:04:10,410

where at the time we didn't want people to  
know because we didn't want to let that country

626

01:04:10,410 --> 01:04:15,809

know that we had yes and that's uh the explanation  
for this and that and that that's fine with

627

01:04:15,809 --> 01:04:21,280

me I just think the time for silence on this  
is over because either you're covering something

628

01:04:21,280 --> 01:04:27,039

up that's nonsense which is silly uh or you're  
covering something up that should matter as

629

01:04:27,039 --> 01:04:32,809

much of the American people as it does to  
any government agency so Bryce Sable I appreciate

630

01:04:32,809 --> 01:04:37,940

your skepticism and you're going forward with  
it and I see that picture of that that little

631

01:04:37,940 --> 01:04:44,089

statue of that alien you have over your shoulder  
known as an Emmy uh so so I respect that good

632

01:04:44,089 --> 01:04:48,490

placement good placement caught my eye and  
we will continue the conversation uh good

633

01:04:48,490 --> 01:04:51,650

luck you're doing good work here thank you  
for doing it appreciate you good luck with

634

01:04:51,650 --> 01:04:54,119

the need to know podcast and we'll be in touch  
take care [Music] thank you
