OBAMA J

1

00:00:00,420 --> 00:00:05,580

Joining us now is the host of the NeedToKnow.Today podcast
@BryceZabel (@HollywoodUFOs) and sir thank you so much for coming

2

00:00:05,580 --> 00:00:11,700

on. We appreciate it. It's amazing to hear
a U.S senator (Josh Hawley) say that the allegation that just

3

00:00:11,700 --> 00:00:16,380

came from this whistleblower sounds similar to
what he was told in in a confidential briefing

4

00:00:16,380 --> 00:00:22,320

from the White House. || BZ: It is amazing. We are living
in extraordinary times because what's happened is

5

00:00:22,320 --> 00:00:28,560

the thing that has existed in the shadows for
at least 70 years if you go back to 1947 and

6

00:00:28,560 --> 00:00:33,900

potentially Roswell has now gone in the open
and now people are talking about it. And I

7

00:00:33,900 --> 00:00:38,220

should point out that many of the things you
said in your introduction that is what the

8

00:00:38,220 --> 00:00:44,100

Whistleblower has said in his public interviews
but senators and Congressmen have been hearing

9

00:00:44,100 --> 00:00:48,540

these kinds of stories for the past year and
perhaps even longer but they've been hearing

10

00:00:48,540 --> 00:00:55,020

them in closed-door classified sessions and
perhaps we're about to change that game what

11
00:00:55,020 --> 00:00:59,880
do you know about this whistleblower does he
did he have direct contact with with this

12
00:00:59,880 --> 00:01:05,040
mean I know he had a very high you know access
had a lot of access right I mean he was in the

13
00:01:05,040 --> 00:01:09,360
geospatial whatever it is I mean he was it was
a decorated uh I think Air Force veteran what

14
00:01:09,360 --> 00:01:13,920
do we know about him oh David Grush is The
Whistleblower you're talking about the man

15
00:01:13,920 --> 00:01:20,280
has impeccable credentials and many many people
with equal impeccable credentials have said he is

16
00:01:20,280 --> 00:01:26,640
who he is and he's not making up stories about
his access he had the highest level access and

17
00:01:26,640 --> 00:01:32,220
he was able to go ask people in a special access
programs what they're all about and many of them

18
00:01:32,220 --> 00:01:37,620
spoke to him so he's also by the way and I find
this incredible he worked on presidential daily

19
00:01:37,620 --> 00:01:44,520
briefings he was trusted Enough by our nation to
hand carry those briefings to the Oval Office this

20
00:01:44,520 --> 00:01:50,940
man is not a nobody I actually sat in Rob on two
of the interviews that he did so I've met the man

21
00:01:50,940 --> 00:01:58,680
taken his measure personally I I mean he he needs
to be proved out to everyone's satisfaction but I\h\h

22
00:01:58,680 --> 00:02:04,380
found a man who was extraordinarily patriotic\h
and at the same time someone who felt that the\h\h

23
00:02:04,380 --> 00:02:09,780
things he had observed and been taught to needed\h
to change and that he felt that it was time and\h\h

24
00:02:09,780 --> 00:02:14,760
and I think it's a Act of great courage to\h
come forward the way he's done what do you\h\h

25
00:02:14,760 --> 00:02:19,260
say to people you know I I have a healthy dose of\h
skepticism for everything I I don't think we're\h\h

26
00:02:19,260 --> 00:02:24,000
alone in this universe I look out at trillions of\h
stars and I say it's idiotic to think that we're\h\h

27
00:02:24,000 --> 00:02:29,160
the only alive thing in that universe but at the\h
same time I also have a very healthy skepticism\h\h

28
00:02:29,160 --> 00:02:32,880
of government and I think there's a lot of people\h
out there that believe that there could be this\h\h

29
00:02:32,880 --> 00:02:38,460
could be all just a little dance to give people\h
the distraction so that they're not maybe paying\h\h

30
00:02:38,460 --> 00:02:42,120
attention to something else let's start talking\h
about aliens because our discourse has gotten so\h\h

31
00:02:42,120 --> 00:02:47,160
bad what would you say to somebody that believes
something like that well I I would say skepticism

32
00:02:47,160 --> 00:02:53,760
is always warranted I'm I'm a reporter myself
I am skeptical but let's remember this whole uh

33
00:02:53,760 --> 00:03:00,240
UFO situation that we're talking about now didn't
start in 2004 with that very uh widely publicized

34
00:03:00,240 --> 00:03:06,300
Nimitz uh incident it started for the United
States back in 1947 there have been investigations

35
00:03:06,300 --> 00:03:11,520
reports there have been other uh classified
people who've come forward and I should point

36
00:03:11,520 --> 00:03:17,460
out just ask your fellow Americans there's been
hundreds of thousands of them including uh cops

37
00:03:17,460 --> 00:03:24,060
and and uh military people uh every every manner
of a person out there that has seen things that

38
00:03:24,060 --> 00:03:29,940
cannot be explained and is looking for answers
so I I guess what I would say to people is let's

39
00:03:29,940 --> 00:03:35,580
take Dave grush for what he says he is he is
an Insider who is prepared to tell a story all

40
00:03:35,580 --> 00:03:41,040
right great let's vet who he is and then let's
get investigating on the charges that he's made

41
00:03:41,040 --> 00:03:45,780
and from what I understand Rob that's exactly\h
what's going on in Congress I I mean you just\h\h

42
00:03:45,780 --> 00:03:51,480
had a guest on representative James Comer and\h
he is uh behind one of the investigations that's\h\h

43
00:03:51,480 --> 00:03:56,820
going to go forward with uh Timber Chet probably\h
one of the co-chairs of a committee that's going\h\h

44
00:03:56,820 --> 00:04:02,340
to look into this and potentially have public\h
hearings so it's sort of like the starter's gun\h\h

45
00:04:02,340 --> 00:04:07,200
on this has been fired with Dave grush and now\h
it's time for us to see what's going to happen\h\h

46
00:04:07,200 --> 00:04:11,880
and I would just remind your viewers I mean\h
think back to the Senate Watergate hearings\h\h

47
00:04:11,880 --> 00:04:18,300
back in 73 or even the church Committee hearing\h
since 75 those were widely publicized and they\h\h

48
00:04:18,300 --> 00:04:23,760
helped take issues that people weren't focused on\h
and make them public that's for that's that's so\h\h
