A.G. AFTER GRUSCH

NEEDTOKNOW.TODAY

1
00:00:03,780 --> 00:00:11,460

hello and welcome to need to know the program
that brings you the latest news and analysis on

2
00:00:11,460 --> 00:00:19,200

the phenomenon of uaps unidentified anomalous
phenomena the subject that can no longer be

3
00:00:19,200 --> 00:00:25,680

ridiculed or stigmatized and I'll just bring
in my colleague in crime from Los Angeles Bryce

4
00:00:25,680 --> 00:00:31,800

zabel good day Bryce how are you mate good
day Roscoe well I'm great and uh I'll tell

5
00:00:31,800 --> 00:00:36,480

you something though this interview that you
did with David grush the exclusive interview

6
00:00:36,480 --> 00:00:45,060

has just sent ripples of intensity across the
UFO Community around the world and I can't even

7
00:00:45,060 --> 00:00:51,180

keep up with all the implications of it my
name is David gresh you know I came from a

8
00:00:51,180 --> 00:00:56,460

blue collar family in Pittsburgh I didn't have
the money for college always admired people in

9
00:00:56,460 --> 00:01:01,380

uniform and I've always wanted to be a part
of something bigger than myself you know

10
00:01:01,380 --> 00:01:07,740

years ago you know I got an Air Force scholarship
for physics I originally commissioned on active

11
00:01:07,740 --> 00:01:13,140
duty in the air force uh served 14 years in
the Air Force I look at this Photograph Dave

12
00:01:13,860 --> 00:01:19,740
and I see a very proud officer I was getting
promoted the captain when I was uh deployed and

13
00:01:19,740 --> 00:01:26,040
you still love your country don't you absolutely
after a tour of Duty in Afghanistan grush moved

14
00:01:26,040 --> 00:01:33,240
into the shadowy world of military intelligence I
was an Intel officer for the U.S for 14 years my

15
00:01:33,240 --> 00:01:40,440
last position which I left in April of 2023
I co-led the UAP portfolio for the National

16
00:01:40,440 --> 00:01:44,460
geospatial Intelligence Agency and some of
the highest officials within the Department

17
00:01:44,460 --> 00:01:50,280
of Defense and intelligence Community used to call
on me to advise them on some of the hardest Target

18
00:01:50,280 --> 00:01:58,140
sets that the country had you are one of the most
trusted former intelligence officials in the U.S

19
00:01:58,140 --> 00:02:03,420
defense and intelligence establishment yes I was
you were trusted with the most Intimate Secrets

20
00:02:04,140 --> 00:02:11,940
yes well we're coming up to three weeks no
rice and I'm fascinated by the fact that we

21
00:02:11,940 --> 00:02:18,600
have not had a peep from the Pentagon or the
intelligence Community there's been absolutely

22
00:02:18,600 --> 00:02:26,160
no attempt by the dod or the IC to lay a glove on
The credibility of David grush the best we've had

23
00:02:26,160 --> 00:02:31,500
to date is a somewhat speculative psychological
profile by a bunch of psychologists who think

24
00:02:31,500 --> 00:02:39,000
that Dave's Body Language is deceptive and I just
think what they've done is albeit its legitimate

25
00:02:39,000 --> 00:02:45,180
guess it doesn't take into account the um uh quite
understandable differences between somebody who

26
00:02:45,180 --> 00:02:50,640
on Dave's admission he's autistic and he was
also talking about the most incredible story

27
00:02:50,640 --> 00:02:56,520
in human history I I think he can be excused
for feeling slightly nervous and look while

28
00:02:56,520 --> 00:03:02,580
we're talking about Dave just from the last
few minutes Marco Rubio senator Marco Rubio

29
00:03:02,580 --> 00:03:09,480
the Florida senator who sits on the Senate Select
Committee for intelligence he has just confirmed

30
00:03:09,480 --> 00:03:16,380
in an interview with Matt Laszlo that David
grush is the first UAP whistleblower who's

31

00:03:16,380 --> 00:03:22,140

followed the correct vetting process he's been
incredibly vetted and been referred on to Congress

32

00:03:23,460 --> 00:03:29,520

um basically he acknowledged in the question
answer with Matt that the inspector General has

33

00:03:29,520 --> 00:03:37,800

seen it as an urgent and credible threat and so
that's how it's been referred to us and Matt asked

34

00:03:37,800 --> 00:03:44,460

hear from him would you be seeking to depose him
behind closed doors and the senator replies well

35

00:03:44,460 --> 00:03:50,400

we've begun that process obviously it's up to the
chairman to decide but we've already begun that

36

00:03:50,400 --> 00:03:56,160

process and he's interviewed with staff already
so we have now on the record confirmation from

37

00:03:56,160 --> 00:04:01,200

one of the senior members of the Senate Select
Committee for intelligence that David grush was

38

00:04:01,200 --> 00:04:08,220

referred by the Inspector General as an urgent and
credible complaint and more importantly that the

39

00:04:08,220 --> 00:04:15,900

interrogation the depositions have already begun
so it's very important I think that people just

40

00:04:15,900 --> 00:04:23,940

take a deep breath and let the process in Congress
take its course my friend because whilst all of us

41
00:04:23,940 --> 00:04:29,160
I think would like this to be resolved tomorrow\h
and see the President coming to the lectern\h\h

42
00:04:29,160 --> 00:04:34,200
and The West Wing and making an announcement I\h
honestly don't think we're ever going to see that\h\h

43
00:04:34,200 --> 00:04:41,520
unless uh Congress the Senate oversight committees\h
do their job properly and take the time to\h\h

44
00:04:41,520 --> 00:04:47,400
properly depose David grush and more importantly\h
follow up on the leads that he's provided them\h\h

45
00:04:48,300 --> 00:04:52,920
I'll go you one more I think we eventually are\h
going to see a president have to get to that\h\h

46
00:04:52,920 --> 00:04:58,500
lectern and and talk about it but if it's Biden\h
he'll have to go Kicking and Screaming because\h\h

47
00:04:58,500 --> 00:05:03,120
first a lot of this has to be dealt with but\h
you know just to follow up on what you were\h\h

48
00:05:03,120 --> 00:05:09,960
talking about um grush uh has been acknowledged\h
Now by Senator Marco Rubio but it sounded like\h\h

49
00:05:09,960 --> 00:05:15,420
he was saying yes uh we want to have him in\h
to tell his story I guess again because I was\h\h

50
00:05:15,420 --> 00:05:20,280
under the impression he had already spoken to\h
the Senate intelligence committee um and that\h\h

51
00:05:20,280 --> 00:05:25,140
would be behind closed doors is that what you're
hearing a lot of people are missing this point

52
00:05:25,860 --> 00:05:32,280
as we've repeatedly said Bryce yeah the
evidence that David grush gave to the Senate

53
00:05:32,280 --> 00:05:37,080
Select Committee for intelligence was done only
with staffers in the room you didn't have the

54
00:05:37,080 --> 00:05:41,100
senators in the room okay and that's one of the
reasons why it's been very difficult for them

55
00:05:41,100 --> 00:05:46,380
in the early days and the first week or so to
make any comment because they've been reliant

56
00:05:46,380 --> 00:05:52,680
on their staffers to essentially brief them on
what transpired with Mr grush coming forward to

57
00:05:52,680 --> 00:06:00,480
the Senate but my understanding is that Mr grush
has given evidence under oath to both the house

58
00:06:00,480 --> 00:06:04,800
permanent Select Committee for intelligence and
some of that was done in front of Representatives

59
00:06:04,800 --> 00:06:10,500
but more importantly he was able to go into a lot
more detail with staffers who were appropriately

60
00:06:10,500 --> 00:06:16,740
cleared with the high-level security clearances in
the Senate Select Committee for intelligence and

61
00:06:17,340 --> 00:06:23,220
um yes we now have official confirmation from
Senator Rubio that this is indeed something

62
00:06:23,220 --> 00:06:29,040
that was referred properly and correctly and
referred properly by the Inspector General

63
00:06:29,040 --> 00:06:34,800
to the Senate Select Committee for intelligence
and that it is now being actively investigated by

64
00:06:34,800 --> 00:06:38,820
the Senate Select Committee for intelligence
which is the committee that he presides over

65
00:06:39,480 --> 00:06:48,120
so for all the hysterical speculation online that
uh Dave grush is a victim of disinformation let's

66
00:06:48,120 --> 00:06:54,300
just re-emphasize one thing that I think again
people are missing in the Inspector General for

67
00:06:54,300 --> 00:07:00,360
the intelligence community's investigations the
reason for his finding of urgent and credible

68
00:07:00,360 --> 00:07:07,320
isn't just based on the assertions of Mr grush
it's based on other witnesses that the inspector

69
00:07:07,320 --> 00:07:13,260
General has called in camera in a secure facility
where they've been able to depose Witnesses and

70
00:07:13,260 --> 00:07:19,920
get them to give evidence under oath and their
testimony has backed Mr grush and my understanding

71

00:07:19,920 --> 00:07:27,180

is that some of those people who have testified
are people who are within the Legacy UAP program

72

00:07:27,180 --> 00:07:32,460

and I'm saying this not from information
I've derived from Mr grush but from other

73

00:07:32,460 --> 00:07:37,620

sources that I have who've told me what they're
aware of which is that there are people from the

74

00:07:37,620 --> 00:07:43,080

Legacy program coming forward giving evidence
to the Inspector General where they can do that

75

00:07:43,080 --> 00:07:49,260

because the IG is sufficiently cleared one of the
problems with the Congress we do know that there's

76

00:07:49,260 --> 00:07:54,720

going to be an oversight committee the house
oversight committee uh hearing and uh I think

77

00:07:54,720 --> 00:08:01,200

it's called to be honest uh the full name just
so we're clear is the um uh the house oversight

78

00:08:01,200 --> 00:08:08,100

committee and the chairman of that is James Comer
and uh among the membership of course as we know

79

00:08:08,100 --> 00:08:15,660

is Tim burchett the Tennessee representative and
uh he has made it absolutely clear that he would

80

00:08:15,660 --> 00:08:23,100

like to have an open public hearing but um my
understanding is that uh it's hoped that Mr grush

81
00:08:23,100 --> 00:08:30,000
will be able to testify that certainly Mr grush's\h
intention and it may be because of the level of\h\h

82
00:08:30,000 --> 00:08:35,400
um security classification that exists on some of\h
the things that Mr grash wants to talk about the\h\h

83
00:08:35,400 --> 00:08:41,280
committee will have to go and closed hearing for\h
at least part of the hearing but my understanding\h\h

84
00:08:41,280 --> 00:08:45,600
and good on him is that Tim burchett has made it\h
clear that he'd like as much of the hearing to be\h\h

85
00:08:45,600 --> 00:08:51,180
as open as possible I don't have a date yet but\h
I'm assured that it will be very soon I suspect\h\h

86
00:08:51,180 --> 00:09:00,300
sometime in July so frankly things are proceeding\h
as very much I expected them to proceed we have to\h\h

87
00:09:00,300 --> 00:09:08,040
let the processes of government take their course\h
one of the the key questions Bryce and Marco Rubio\h\h

88
00:09:08,040 --> 00:09:15,540
was asked this in his press conference is whether\h
there's going to be hearings public hearings held\h\h

89
00:09:15,540 --> 00:09:19,320
by the Senate Select Committee for intelligence\h
because that's the committee that's got the\h\h

90
00:09:19,320 --> 00:09:26,820
clout it's got the authority to really dig into\h
this issue and really that depends very much on\h\h

91

00:09:26,820 --> 00:09:33,180

whether the chairman of the committee uh decides\h
and I think that's Mark Warner uh who's a Democrat\h\h

92

00:09:33,180 --> 00:09:37,620

uh whether he decides that it's legitimate\h
for the community to hold public hearings\h\h

93

00:09:38,580 --> 00:09:43,140

to be honest with you and say that I'm skeptical\h
that the Senate Select Committee for intelligence\h\h

94

00:09:43,140 --> 00:09:49,080

will be prepared to hold public hearings and I\h
think this is where the research community and\h\h

95

00:09:49,080 --> 00:09:56,460

the public interest needs to hold the congress's\h
feet to the fire Mr grush has made credible and\h\h

96

00:09:56,460 --> 00:10:02,220

Urgent allegations it's incumbent on the Congress\h
to be seen to be properly investigating them\h\h

97

00:10:02,220 --> 00:10:07,920

frankly it's far too serious the implications\h
of some of the things that he's alleged which\h\h

98

00:10:07,920 --> 00:10:13,920

are criminal in nature or properly to be being\h
properly investigated by full Committees of the\h\h

99

00:10:13,920 --> 00:10:21,600

congress with all members in attendance listen I\h
remain uh powerfully interested in hearing Dave\h\h

100

00:10:21,600 --> 00:10:28,620

grush's compelling testimony that he basically\h
gave to you exclusively on on camera I look\h\h

101

00:10:28,620 --> 00:10:34,440

forward to him being under oath uh talking in a\h
public hearing and telling at least as much of\h\h

102

00:10:34,440 --> 00:10:40,380

that story as he can I think it will go a long\h
way toward getting rid of the people who are\h\h

103

00:10:40,380 --> 00:10:45,180

talking about his body language and so forth and\h
by the way I just have to say before I go back to\h\h

104

00:10:45,180 --> 00:10:51,660

the hearings on the body language thing I watched\h
him do both interviews with you I I you know uh I\h\h

105

00:10:51,660 --> 00:10:58,020

I look at his body language just fine he looked\h
like an honest man to me and I saw him up close\h\h

106

00:10:58,020 --> 00:11:03,180

and personal so when I see people saying well\h
I've studied the interview that he did uh and\h\h

107

00:11:03,180 --> 00:11:08,940

this is my conclusion I mean for crying out loud\h
imagine that you've given up your career basically\h\h

108

00:11:08,940 --> 00:11:16,800

to turn into a whistleblower where you're going\h
to talk about the most sensitive information ever\h\h

109

00:11:16,800 --> 00:11:24,900

in history and then you go have to talk about it\h
on camera and you're not a little bit nervous I\h\h

110

00:11:24,900 --> 00:11:30,420

mean hell if I said what what grush said I'm sure\h
people would be saying that my body language was\h\h

111

00:11:30,420 --> 00:11:35,580

all wrong I I saw a man who was telling the truth\h
but here's the thing about what you were saying\h\h

112

00:11:36,120 --> 00:11:42,660

are we on a track for some kind of dueling\h
hearings because it seems like the Senate\h\h

113

00:11:42,660 --> 00:11:48,300

intelligence committee frankly has people who\h
are are bipartisan in nature and we've talked\h\h

114

00:11:48,300 --> 00:11:54,000

about that before that they seem to be bringing a\h
bipartisan sense to this whole thing now over at\h\h

115

00:11:54,000 --> 00:11:58,980

the house committee uh you know the two people\h
who are doing it are the most outspoken are\h\h

116

00:11:58,980 --> 00:12:06,480

representative Luna and representative Burchette\h
and uh you know they are good on the UAP issue\h\h

117

00:12:06,480 --> 00:12:12,420

but their their partisan uh pretty much on most\h
other things so I you know I just wonder what\h\h

118

00:12:12,420 --> 00:12:17,580

is the right venue and who determines that who\h
is going to determine which committee gets to\h\h

119

00:12:17,580 --> 00:12:22,680

go first that's a very good question and look\h
frankly I don't think it's certain that we are\h\h

120

00:12:22,680 --> 00:12:29,400

going to see public hearings that allow Mr grush\h
to say what he would quite like the public to know\h\h

121

00:12:30,420 --> 00:12:36,120

um the the simple fact is that we are at a
very interesting moment in human history as we

122

00:12:36,120 --> 00:12:43,260

talk there are events unfolding in Moscow that are
a serious distraction to uh the the leaders in the

123

00:12:43,260 --> 00:12:48,780

senate in particular who have a huge concern about
international relations and I just think frankly

124

00:12:48,780 --> 00:12:53,580

everything's wiped off the front page right now
because my sources in intelligence are telling

125

00:12:53,580 --> 00:13:00,000

me that things are an incredibly dangerous right
now we are at an incredibly precarious moment in

126

00:13:00,000 --> 00:13:07,200

history where Russia the Russian Federation is in
danger of falling apart and a coup d'etat there is

127

00:13:07,200 --> 00:13:12,900

a direct challenge by pragosan to President Putin
and there are apparently tanks rolling the streets

128

00:13:12,900 --> 00:13:18,420

in Moscow so let's just wait and see what comes
out of that but I can completely understand why

129

00:13:18,420 --> 00:13:24,660

members of the the senate in particular who are
very driven by their concerns about foreign policy

130

00:13:24,660 --> 00:13:30,060

are distracted right now and I've been aware
for some weeks that the situation in Ukraine is

131
00:13:30,060 --> 00:13:36,120
also escalating you know there's real concern for
example that the Russians have placed mines around

132
00:13:36,120 --> 00:13:44,340
a nuclear reactor and if that does result in
a um an explosion uh well I noticed that two

133
00:13:44,340 --> 00:13:49,920
very senior members of the Senate have pledged
bipartisan that this would be regarded as a direct

134
00:13:49,920 --> 00:13:58,140
attack on NATO so we are very clear at the moment
price at a moment in human history where we are

135
00:13:58,140 --> 00:14:03,060
possibly in a more dangerous period in terms of
the possible deployment of nuclear weapons that

136
00:14:03,060 --> 00:14:09,180
in in and then at any other time in our history
so I can kind of forgive the people in Congress

137
00:14:09,180 --> 00:14:14,460
for being slightly distracted right now what
I what I can tell you is that there are people

138
00:14:14,460 --> 00:14:20,220
who are genuinely motivated to get to the bottom
of this story they are doing their job as fast

139
00:14:20,220 --> 00:14:25,800
as they can do it um I'm told that uh there's
a couple of things you should keep an eye on

140
00:14:26,460 --> 00:14:33,540
Dane Johnson did a fantastic story earlier on
this week where he talked about legislation that

141
00:14:33,540 --> 00:14:40,140
Senator gillibrand has foreshadowed which in some way is going to compel private aerospace companies

142
00:14:40,140 --> 00:14:48,780
to be more forthcoming about any technology that they are holding that is related to uaps and I

143
00:14:48,780 --> 00:14:53,820
I'm told that there is some very interesting legislation coming down the track from Senator

144
00:14:53,820 --> 00:15:01,680
gillibrand that will signal a new toughness by the senate in particular and I think also while we're

145
00:15:01,680 --> 00:15:05,940
on the subject I should resolve one thing that people have been asking me a lot online which is

146
00:15:05,940 --> 00:15:12,420
what's happened to the interviews that we've done and just to explain Bryce and I have done a um if

147
00:15:12,420 --> 00:15:18,180
you like a preparatory interview with Mr grash the day before we did the news Nation interview and at

148
00:15:18,180 --> 00:15:22,200
some stage I think Bryce we're going to run that interview and it's obviously up to our discretion

149
00:15:22,200 --> 00:15:30,060
when and if we run that but the um uh the news Nation interview is news Nations copyright one

150
00:15:30,060 --> 00:15:35,160
of the compromises I have to make as a freelance investigative journalist is news Nation we're good

151
00:15:35,160 --> 00:15:42,900
enough to fund at enormous cost by the way the
deployment of film Crews and the transportation of

152
00:15:42,900 --> 00:15:47,280
people to essentially facilitate the interview
and then the post-production and editing

153
00:15:48,240 --> 00:15:54,540
Tonight Show and Tell take what for the first
time a former senior Military Intelligence

154
00:15:54,540 --> 00:16:01,320
officer comes forward to say what we've
only imagined is true you are saying

155
00:16:01,980 --> 00:16:10,380
to the human race for the first time we are
not alone we're definitely not alone claims

156
00:16:10,380 --> 00:16:18,960
that our government has proof of alien life we
have spacecraft from another species we do yeah

157
00:16:18,960 --> 00:16:25,080
how many quite a number some are landed
some are crashed allegations of a secret

158
00:16:25,080 --> 00:16:31,260
government program that's hidden the truth
and the technology from the world there's

159
00:16:31,260 --> 00:16:37,140
a sophisticated uh disinformation campaign
targeting the U.S populace which is extremely

160
00:16:37,140 --> 00:16:42,780
unethical and immoral and it's totally totally
frightening from Roswell to the present day

161

00:16:42,780 --> 00:16:50,520

there are non-prosaic cases 100 unexplainable\h
I mean this is like tangible technical craft\h\h

162

00:16:50,520 --> 00:16:57,180

they're seeing is this decorated officer a liar\h
why should we believe you a fool is it possible\h\h

163

00:16:57,180 --> 00:17:03,420

that you're deluding yourself or a hero I'm\h
a patriot and I believe the truth to power\h\h

164

00:17:03,420 --> 00:17:10,380

in this prepare to have your mind blown we're\h
talking about the biggest secret in human history\h\h

165

00:17:11,700 --> 00:17:22,560

we are not alone the UFO whistleblower speaks\h
and so that uh story that they've run I think\h\h

166

00:17:22,560 --> 00:17:26,880

they've been protecting the copyright of that\h
story online and frankly it's their copyright\h\h

167

00:17:26,880 --> 00:17:32,700

to protect they're entitled to do that I'm told\h
they're planning another broadcast of the story at\h\h

168

00:17:32,700 --> 00:17:38,220

some stage in the near future and I certainly hope\h
they do and I'd certainly be encouraging them to\h\h

169

00:17:38,220 --> 00:17:43,920

run the full or a version of the full interview\h
because I personally think it's extremely\h\h

170

00:17:43,920 --> 00:17:50,040

interesting and obviously uh if they aren't\h
facilitating it we'll be seeking their permission\h\h

171

00:17:50,040 --> 00:17:58,500

to run longer versions of the Q and I that I the\h
Q a that I did with Mr grush what I can tell you\h\h

172

00:17:58,500 --> 00:18:04,260

is that I think I speak for both of us Bryce we're\h
we're very determined to get as much of the David\h\h

173

00:18:04,260 --> 00:18:10,380

grush interview out as we can possibly get at and\h
there's no conspiracy nobody's hiding anything\h\h

174

00:18:10,380 --> 00:18:16,740

nobody's I understand there's not some dark force\h
in the intelligence Community that's demanding the\h\h

175

00:18:16,740 --> 00:18:24,420

video be taken down it's um simply a news company\h
that's totally entitled to enforce its copyright\h\h

176

00:18:24,420 --> 00:18:30,060

because people don't understand under fair use\h
provisions in the Copyright Act you're you're\h\h

177

00:18:30,060 --> 00:18:38,280

allowed to use bits of a story for uh comment and\h
Analysis but you're not allowed to run the entire\h\h

178

00:18:38,280 --> 00:18:44,400

story and I I can completely understand why\h
news nation is protecting their copyright it's\h\h

179

00:18:44,400 --> 00:18:49,740

um it's something they have to do and I'm hoping\h
at some stage they'll both run the story again\h\h

180

00:18:49,740 --> 00:18:54,960

in its entirety and I know they're contemplating\h
doing that and I'd certainly like to see the full\h\h

181

00:18:54,960 --> 00:19:00,840

interview being run as well I would have\h
preferred a different outcome with news\h\h

182

00:19:00,840 --> 00:19:08,880

Nation where they had the right to run that show\h
first and then Ross had the right to do whatever\h\h

183

00:19:08,880 --> 00:19:15,060

he wanted with the rest of the interview that\h
didn't happen and I wish it had I want to take\h\h

184

00:19:15,060 --> 00:19:21,480

a moment though and explain to people a little\h
bit more about uh the so-called seven hours of of\h\h

185

00:19:21,480 --> 00:19:26,400

interview because there is a lot of confusion\h
here's what happened from my point of view\h\h

186

00:19:27,240 --> 00:19:34,380

um I had had been talking with Ross uh for a long\h
time about The Whistleblower I didn't know him by\h\h

187

00:19:34,380 --> 00:19:42,840

name and then uh in May uh it became clear it was\h
Dave crush and uh Ross and Dave grush came to Los\h\h

188

00:19:42,840 --> 00:19:50,940

Angeles in early May and um the way this worked\h
is on May 8th there was a decision to uh you know\h\h

189

00:19:50,940 --> 00:19:57,480

he was going to speak to the to Ross for the news\h
Nation people on May 9th on May 8th what happened\h\h

190

00:19:57,480 --> 00:20:03,300

is there was a decision that hey maybe he'll get\h
nervous and he won't want to do this or something\h\h

191
00:20:03,300 --> 00:20:11,220
will come up or God forbid we show up at the news\h
Nation interview on May 9th and uh there's Federal\h\h

192
00:20:11,220 --> 00:20:16,740
Marshals there to arrest him and take him away\h
I mean we just weren't sure so there was a sort\h\h

193
00:20:16,740 --> 00:20:21,540
of a feeling at that lunch we had that we ought\h
to try to get them on tape as a safety copy if\h\h

194
00:20:21,540 --> 00:20:27,600
nothing else that that we would have some tape\h
made so we kind of went into overdrive on that\h\h

195
00:20:27,600 --> 00:20:34,500
afternoon and uh literally I called my son who's\h
a filmmaker Jared zabel and I said hey grab your\h\h

196
00:20:34,500 --> 00:20:41,520
camera come on over to the house and let's do\h
this interview so we put Dave on uh on tape for\h\h

197
00:20:41,520 --> 00:20:48,480
a couple of hours as I recall it so you've spoken\h
to people with direct knowledge yes of a secret\h\h

198
00:20:48,480 --> 00:20:57,480
Legacy UFO program correct you're saying that\h
the United States government has retrieved alien\h\h

199
00:20:58,140 --> 00:21:05,580
technology yes the assessment was non-human\h
presumably extraterrestrial but we do have\h\h

200
00:21:05,580 --> 00:21:13,500
retrieved non-human material and craft that we\h
have in our possession do we have alien bodies\h\h

201

00:21:15,120 --> 00:21:23,580

we do and then of course the next day uh there\h
was the news Nation interview that Ross did and\h\h

202

00:21:23,580 --> 00:21:29,340

you know from my feeling it felt like about three\h
and a half hours that tape was rolling so it in\h\h

203

00:21:29,340 --> 00:21:35,340

an earlier edition of need to know I made the uh\h
comment that like well there's like seven hours\h\h

204

00:21:35,340 --> 00:21:39,600

of tape which is something I shouldn't have quite\h
said because if you think about it you've got the\h\h

205

00:21:39,600 --> 00:21:44,820

May 8th interview that was done at my house you\h
have the May 9th interview that was done at news\h\h

206

00:21:44,820 --> 00:21:51,060

Nation they're very duplicative I mean Ross you\h
were interviewing from your same notes they're\h\h

207

00:21:51,060 --> 00:21:58,740

very similar now the difference is obviously uh\h
people uh Dave in general had a chance to think\h\h

208

00:21:58,740 --> 00:22:04,920

about how he wanted to say things and and frankly\h
as I look at it the the news Nation interview is\h\h

209

00:22:04,920 --> 00:22:11,340

very smooth and and it's wonderful and I I wish\h
that there will be a way where it gets worked out\h\h

210

00:22:11,340 --> 00:22:17,460

that people can see it but under no circumstances\h
are there seven hours of top quality interview\h\h

211

00:22:17,460 --> 00:22:23,640

because even in the news Nation three and a half
hours as as Ross will attest in a second there's

212

00:22:23,640 --> 00:22:28,800

a lot of there's some hemming and Hauling there's
people that need to fix the lighting there's a

213

00:22:28,800 --> 00:22:33,840

microphone that's not working uh people need to
take a bathroom break there's just a lot of things

214

00:22:33,840 --> 00:22:39,360

that happen so I don't think there's three and
a half hours of of just beautiful succinct clear

215

00:22:39,360 --> 00:22:45,360

Dave Crush conversation so uh there's less of it
but there's still some stuff that hasn't been seen

216

00:22:45,360 --> 00:22:52,860

and I am in favor of the transparency of letting
people see it but I do want to back up Ross on one

217

00:22:52,860 --> 00:22:58,740

thing it's not like um people shoot something and
then say and now we're going to put it all out

218

00:22:58,740 --> 00:23:05,460

mean what Ross was trying to do is find a platform
that would help get the Dave grush story out there

219

00:23:05,460 --> 00:23:11,580

in the best possible way I mean uh first of all
we would have had to shoot it entirely instead of

220

00:23:11,580 --> 00:23:16,440

news Nation they did a beautiful job but second
of all you want the platform to be good and you

221
00:23:16,440 --> 00:23:23,220
want the quality to be good so I think things have
gone about the way you might expect them to go and

222
00:23:23,220 --> 00:23:30,780
I want to assure everybody who's listening to this
that if you saw the one hour special called We Are

223
00:23:30,780 --> 00:23:37,680
Not Alone on news Nation where Ross interviewed
Dave grush you have hit the highlights now are

224
00:23:37,680 --> 00:23:43,500
there some other things he might have said yes are
there some other things where he added to some of

225
00:23:43,500 --> 00:23:49,860
his answers yes but the highlights are there so
I just want everyone to feel like no one is out

226
00:23:49,860 --> 00:23:54,780
as Ross said there aren't any government agents
that have are preventing this from getting out

227
00:23:54,780 --> 00:24:01,800
there's only the idea that it all needs to work be
worked out among people who who uh as you said own

228
00:24:01,800 --> 00:24:07,680
the copyright but here's what's interesting and
here's what Ross and I can say to you at home news

229
00:24:07,680 --> 00:24:14,520
Nation did pay for the cameraman they paid for the
crew and they found the location and So based on

230
00:24:14,520 --> 00:24:22,680
the understanding that Ross had with news Nation
they control how that tape is to be used however

231

00:24:23,460 --> 00:24:30,600

we shot the day before and nobody controls that
tape but us and when and if the time becomes

232

00:24:30,600 --> 00:24:37,680

necessary to put out that we're going to do it
right absolutely absolutely so I'm glad we've

233

00:24:37,680 --> 00:24:41,340

resolved that because I think there's a lot of
conspiracy theories starting to emerge online

234

00:24:41,340 --> 00:24:46,740

that frankly are unwarranted now there's
a couple of things I think need addressing

235

00:24:47,580 --> 00:24:54,060

um uh our good friend Chris sharp from Liberation
times has written a very good story this week uh

236

00:24:54,060 --> 00:25:01,860

it was posted on the 22nd and he was talking about
quotes from Susan Goff the Pentagon PR person who

237

00:25:01,860 --> 00:25:07,800

has asserted that there is no restriction to
Arrow that's the pentagon's UAP investigation

238

00:25:07,800 --> 00:25:14,760

office receiving any part or present UAP related
information and essentially it was intended as a

239

00:25:14,760 --> 00:25:20,280

rebuttal to David grush's claims that he was the
victim of reprisals when he was working on the

240

00:25:20,280 --> 00:25:28,740

separate body the UAP task force now I've double
checked this with certain sources and I am assured

241

00:25:28,740 --> 00:25:35,580

that the key word in that response from Susan Goff
is receiving that there is no restriction to Arrow

242

00:25:35,580 --> 00:25:43,320

receiving any information it's the difference
between proactive and reactive David grush when

243

00:25:43,320 --> 00:25:50,340

he was on the UAP task force was proactive he
put on his boots and he went out and followed

244

00:25:50,340 --> 00:25:56,880

up leads which is what we all want we want this
properly investigated and that's what David grush

245

00:25:56,880 --> 00:26:02,460

set out to do and this is why I think arrow is
actually frankly set up to fail it's essentially

246

00:26:02,460 --> 00:26:08,640

an organization that is presiding over a cover-up
an active attempt at a cover-up you've got Susan

247

00:26:08,640 --> 00:26:15,300

goth from the Pentagon asserting that there is no
restriction to Arrow receiving and that's reliant

248

00:26:15,300 --> 00:26:21,540

on people coming forward what David grush was
doing was proactively going into these programs

249

00:26:21,540 --> 00:26:28,380

and seeking to interview people in those programs
who wanted to allow him access to see what

250

00:26:28,380 --> 00:26:35,640

they knew and it's what he found I understand
which has led to his reprisal allegation that

251

00:26:35,640 --> 00:26:41,880

when he sought access to what those people were
telling him about he was denied accessed by the

252

00:26:41,880 --> 00:26:50,520

intelligence community and the dod so I'm sorry I
do think that um uh Susan Goff from the Pentagon

253

00:26:50,520 --> 00:26:55,680

is being disingenuous and what she asserts
here because she's not telling the whole story

254

00:26:56,820 --> 00:27:03,660

um she also um makes much of the fact that um
uh they could if they want in the future apply

255

00:27:03,660 --> 00:27:09,240

for what's called title 10 or title 50 access
supplementary statutory authorities for arrow

256

00:27:09,240 --> 00:27:14,160

that would give them access to access certain
secrets and the interesting thing is I've double

257

00:27:14,160 --> 00:27:19,860

checked this this morning I'm I'm assured that
Sean Kirkpatrick the head of Arrow if he doesn't

258

00:27:19,860 --> 00:27:27,240

have it already he's probably already got title
50 access but if he doesn't have it already one

259

00:27:27,240 --> 00:27:32,340

of the difficulties for Arrow at the moment is
he actually reports directly to the head of the

260

00:27:32,340 --> 00:27:37,380

intelligence Community Ron Moultrie and if the
allegations are true that there is essentially a

261

00:27:37,380 --> 00:27:41,940

cover-up going on in the intelligence Community\h
one would assume that Ron Moultrie would know\h\h

262

00:27:41,940 --> 00:27:49,800

about this so I just question and whether Dr\h
schoon Sean Kirkpatrick has indeed asked yet\h\h

263

00:27:49,800 --> 00:27:58,560

for Arrow to be given the title 10 title 50 access\h
so that it can proactively go and investigate and\h\h

264

00:27:58,560 --> 00:28:04,260

not just knock on doors and say oh can I come\h
in but kick that door in and find out what's on\h\h

265

00:28:04,260 --> 00:28:10,380

the other side because that's what we need and\h
I just want to also Point there's a very good\h\h

266

00:28:10,380 --> 00:28:17,640

final paragraph in Chris sharp story where he\h
makes the point that Louis zondo has previously\h\h

267

00:28:17,640 --> 00:28:23,460

raised concerns about the fact that the UAP\h
investigations bodies in the Pentagon including\h\h

268

00:28:23,460 --> 00:28:28,980

Arrow report to USD the office of the under\h
secretary for defense intelligence and as Lou\h\h

269

00:28:28,980 --> 00:28:36,660

has previously said USD is the one office that has\h
continuously lied about this topic and persecuted\h\h

270

00:28:36,660 --> 00:28:42,660

whistleblowers and it's noted in Chris's story\h
that the National Defense authorization Act of\h\h

271
00:28:42,660 --> 00:28:51,480
2023 means or perhaps requires that the arrow\h
the pentagon's UA UAP investigation body should\h\h

272
00:28:51,480 --> 00:28:57,900
report instead to the deputy director the\h
deputy secretary of defense Kathleen Hicks\h\h

273
00:28:57,900 --> 00:29:06,240
on all operational and security matters relating\h
to the arrow but Chris notes this has not yet been\h\h

274
00:29:06,240 --> 00:29:12,060
implemented meaning that the arrow still reports\h
to the office of the under secretary for defense\h\h

275
00:29:12,060 --> 00:29:17,280
intelligence and security and I'm sorry to sound\h
all Technical and I just want you to know why\h\h

276
00:29:17,280 --> 00:29:25,200
this matters is because essentially it's setting\h
Arrow up for failure why would the body that's\h\h

277
00:29:25,200 --> 00:29:32,520
investigating uaps actively investigate something\h
that might reveal that people in the office of the\h\h

278
00:29:32,520 --> 00:29:37,740
under secretary for defense intelligence and\h
security are involved in perhaps a criminal\h\h

279
00:29:37,740 --> 00:29:43,860
cover-up that's what we're talking about here\h
that's the application there's so much to unpack\h\h

280
00:29:43,860 --> 00:29:49,260
in what you just said one of the things that\h
I have a question about though is I read Susan\h\h

281

00:29:49,260 --> 00:29:56,160

goff's statement and the you know without I didn't\h
have a detailed analysis I just thought she's not\h\h

282

00:29:56,160 --> 00:30:01,560

really saying the Department of Defense doesn't\h
have access to all this she's saying Arrow doesn't\h\h

283

00:30:01,560 --> 00:30:08,760

which is very different if arrow and its leader\h
did not have title 50 access and and it turns\h\h

284

00:30:08,760 --> 00:30:13,140

out that David grush did then he would know more\h
than Arrow which is supposed to be investigating\h\h

285

00:30:13,140 --> 00:30:18,780

it or do I have this wrong straighten me out Ross\h
what what's the deal I mean I've always thought\h\h

286

00:30:18,780 --> 00:30:26,280

it's very very disingenuous for her to make this\h
statement that um Arrow to date has not discovered\h\h

287

00:30:26,280 --> 00:30:32,640

any virus verifiable information to substantiate\h
claims that any programs regarding the position or\h\h

288

00:30:32,640 --> 00:30:36,660

reverse engineering of extraterrestrial materials\h
have existed in the past or exist currently\h\h

289

00:30:37,320 --> 00:30:43,020

of course Arrow hasn't discovered it because\h
frankly I don't think Dr Sean Kirkpatrick has an\h\h

290

00:30:43,020 --> 00:30:48,420

interest in discovering it and I don't think the\h
people I don't think the people that he answers\h\h

291

00:30:48,420 --> 00:30:55,560

to I don't think that USD had any interest in\h
exposing this because if there is as we suspect\h\h

292

00:30:55,560 --> 00:31:00,420

there is an active cover-up going on inside\h
the defense department and the intelligence\h\h

293

00:31:00,420 --> 00:31:07,860

Community why ask yourself why why would the head\h
of the pentagon's UAP investigation program do\h\h

294

00:31:07,860 --> 00:31:12,780

something that would not please his Masters \h
just don't think they're they're allowing the\h\h

295

00:31:12,780 --> 00:31:18,540

arrow to do its job properly and I think it should\h
be answering directly to the secretary for defense\h\h

296

00:31:18,540 --> 00:31:25,560

and I think we really have to bite the bullet and\h
ask why Congress needs to ask why why has what was\h\h

297

00:31:25,560 --> 00:31:34,500

required in the National Defense authorization act\h
not yet been put into law just in case people are\h\h

298

00:31:34,500 --> 00:31:41,760

just joining us arrow is the all domain anomaly\h
resolution office it's a new office and Ross\h\h

299

00:31:41,760 --> 00:31:47,760

I'll tell you something when I read Susan goff's\h
statement I asked myself if you took Arrow out\h\h

300

00:31:47,760 --> 00:31:52,680

of that statement and put Department of Defense\h
into it could she have issued the same statement\h\h

301

00:31:54,000 --> 00:31:58,380

I don't think so because we know well I\h
know I know for a fact there are people\h\h

302

00:31:58,380 --> 00:32:04,680

in the Department of Defense who know\h
about the Legacy press retrieval program\h\h

303

00:32:05,640 --> 00:32:09,480

um there are people in the Department\h
of Defense who know about a reverse\h\h

304

00:32:09,480 --> 00:32:16,140

engineering program that is hidden behind waived\h
unacknowledged special access programs that as\h\h

305

00:32:16,140 --> 00:32:20,580

Mr grush apparently alleges in his complaint\h
to the Inspector General he was denied access\h\h

306

00:32:20,580 --> 00:32:28,560

to and I think at the heart of all of this my\h
friend is the big question does Congress have\h\h

307

00:32:28,560 --> 00:32:32,760

the bottle will the house permanent select\h
committee on intelligence will the Senate\h\h

308

00:32:32,760 --> 00:32:38,940

select committee intelligence have the bottle to\h
actually ask the questions to shake the the the\h\h

309

00:32:38,940 --> 00:32:45,120

corridors of power and get to the truth of\h
this matter I'm not 100 sure that they will\h\h

310

00:32:45,660 --> 00:32:51,060

I have to just break in here and say we're\h
having one of those Australian American moments\h\h

311

00:32:52,080 --> 00:32:59,760

um I've never heard have the bottle what does this\h
mean sorry it's um having the Having the courage\h\h

312

00:32:59,760 --> 00:33:06,900

um it's a reference to Dutch courage you know yeah\h
basically yeah I love it no listen I'm learning\h\h

313

00:33:06,900 --> 00:33:11,160

so much from this podcast I'm not learning\h
anything about UFOs but I'm learning a lot\h\h

314

00:33:11,160 --> 00:33:16,560

about a Australian American relations Hey listen\h
here's the thing that I think we have to dial back\h\h

315

00:33:16,560 --> 00:33:21,840

to you said it at length in our last episode and\h
you've you've touched on it in this one which is\h\h

316

00:33:22,740 --> 00:33:33,420

the idea that criminality exists it's not just\h
that UFOs are a very big deal and they they change\h\h

317

00:33:33,420 --> 00:33:40,200

the nature of reality and how we see ourselves\h
in the universe it's also that criminality has\h\h

318

00:33:40,200 --> 00:33:46,140

been committed in keeping this secret but Russ\h
when you've said it we've sort of danced around\h\h

319

00:33:46,140 --> 00:33:50,820

it we haven't been specific and I've had a few\h
people uh talk to me about it they want to know\h\h

320

00:33:50,820 --> 00:33:56,580

what do we mean by criminality are we saying\h
murders that we're committed to keep a secret or\h\h

321

00:33:56,580 --> 00:34:03,300

what what criminality are we potentially alleging\h
here as you will have seen in my interview with\h\h

322

00:34:03,300 --> 00:34:10,740

David grush one of the allegations that I put to\h
Mr grush in his TV interview was have people been\h\h

323

00:34:10,740 --> 00:34:16,860

killed murdered to protect this secret and I'll\h
be honest with you I didn't really expect David\h\h

324

00:34:16,860 --> 00:34:22,200

to answer in the affirmative but what he told\h
me was that he has a strong suspicion based on\h\h

325

00:34:22,200 --> 00:34:28,140

the interviews that he's done with people whom he\h
says told him they were part of the Legacy program\h\h

326

00:34:29,040 --> 00:34:35,400

they they have strong grounds for suspicion\h
that people have been murdered now that's an\h\h

327

00:34:35,400 --> 00:34:42,240

allegation of criminality by any definition um the\h
other thing too is um he's directly acknowledged\h\h

328

00:34:42,240 --> 00:34:48,420

that to his knowledge they've been Financial\h
uh illegalities perpetrated in his opinion that\h\h

329

00:34:48,420 --> 00:34:53,400

there's been attempts to hide things off the\h
books and more importantly it's a contempt of\h\h

330

00:34:53,400 --> 00:34:58,860

the Congress at fundamentally at the heart of all\h
of this if the accountability controls in America\h\h

331

00:34:58,860 --> 00:35:05,100

still matter and sometimes I wonder but if those
accountability controls in America still matter

332

00:35:05,100 --> 00:35:10,860

one of the great things about your Constitution
is it has these checks and balances built into

333

00:35:10,860 --> 00:35:16,560

it because the fathers of the Constitution the
people who wrote the American Constitution were

334

00:35:16,560 --> 00:35:23,640

writing with a very recent memory of the tyranny
of English kings who frankly just did whatever

335

00:35:23,640 --> 00:35:28,380

the hell they wanted locked people up in jail
arbitrarily stole people's property without

336

00:35:28,380 --> 00:35:34,680

any compensation and this American Constitution
was born out of a recognition that the needed to

337

00:35:34,680 --> 00:35:42,660

be checks and controls on abuses of power and if
it is the case that Congress is still ultimately

338

00:35:42,660 --> 00:35:49,440

the top power in America it has the right to
inquire into allegations of criminality such

339

00:35:49,440 --> 00:35:54,420

as those made by David grush illegalities the
assumption that there's been money diverted

340

00:35:54,420 --> 00:36:01,020

for causes and purposes that the Congress have
not been properly accounted for those are things

341

00:36:01,020 --> 00:36:06,480

that are if indeed there's been an attempt to
subvert that accountability that is a contempt

342

00:36:06,480 --> 00:36:12,120

of the Congress and and this is why this matters
I'm I'm sorry I probably sound like an old law

343

00:36:12,120 --> 00:36:17,940

student or a but you know I I was schooled in your
beautiful Constitution the American Constitution

344

00:36:17,940 --> 00:36:25,740

is a beautiful document and it enshrines laws
and rights and powers and it recognizes that

345

00:36:25,740 --> 00:36:31,920

Congress is essentially Sovereign it controls your
government and it's not the Pentagon that controls

346

00:36:31,920 --> 00:36:37,260

the government it's not the intelligence community
that controls the government it's the Congress and

347

00:36:37,260 --> 00:36:43,080

when I say Congress needs to find the bottle
it needs to find the courage to actually start

348

00:36:43,080 --> 00:36:50,400

rattling the cage and asking these questions
because I'm not persuaded that it's going to

349

00:36:50,400 --> 00:36:57,840

think at the moment there is so many distractions
internationally Russia Ukraine China Taiwan Iran

350

00:36:57,840 --> 00:37:02,580

will Iran build a nuclear weapon by the end
of this year and will the Israelis let them

351

00:37:03,240 --> 00:37:09,060

we're in a a period of international history\h
we were slowly whether we like it or not moving\h\h

352

00:37:09,060 --> 00:37:16,500

towards a possible conflagration and God forbid\h
that it goes nuclear and the the thing is I can\h\h

353

00:37:16,500 --> 00:37:21,420

kind of understand why the National Security\h
establishment is distracted right now and they\h\h

354

00:37:21,420 --> 00:37:26,640

they don't want to have to account for the fact\h
that they've been lying through their teeth for\h\h

355

00:37:26,640 --> 00:37:32,520

decades about recovered technology and um \h
I I'm not making excuses for them that I can\h\h

356

00:37:32,520 --> 00:37:37,560

see why there is prevarication inside the\h
Congress about whether now is a good time\h\h

357

00:37:38,160 --> 00:37:44,640

well I mean it's hardly a slow news day as we say\h
in the Broadcast News business I mean with all the\h\h

358

00:37:44,640 --> 00:37:51,660

things you just mentioned and I I honestly believe\h
we need to take that into consideration this is a\h\h

359

00:37:51,660 --> 00:38:00,240

look nobody picks their timing okay this UFO issue\h
has been boiling for 80 years 70 years at a high\h\h

360

00:38:00,240 --> 00:38:06,720

boil and uh this may just be the time where it's\h
it's due to come out uh you don't pick your time\h\h

361

00:38:06,720 --> 00:38:12,660

uh it's not great the whole Ukraine thing Iran you know all the things that you could talk about that

362

00:38:12,660 --> 00:38:19,500

are going on it is uncomfortable to drop UFOs into it and that's a subject we will be talking

363

00:38:19,500 --> 00:38:26,040

about quite often uh here on the need to know podcast but I just had one other thought about

364

00:38:26,040 --> 00:38:31,920

a potential illegality I know that we have a lot of laws in the United States uh about

365

00:38:31,920 --> 00:38:38,100

how the defense Department is supposed to for example spend its money uh if you want to build

366

00:38:38,100 --> 00:38:44,520

a bomber you're supposed to have a competitive bidding situation going on so I wonder if it's

367

00:38:44,520 --> 00:38:53,280

illegal to if you have if the U.S government had a craft of non-human origin or crafts and

368

00:38:53,280 --> 00:39:00,840

they favored one Aerospace company over others uh maybe Lockheed Martin got it but nobody else did

369

00:39:00,840 --> 00:39:06,000

or something like that I think that's probably illegal too just on the technicality don't you

370

00:39:06,000 --> 00:39:11,220

think Ross well I think this is one of the reasons why this story is coming to the surface because

371
00:39:11,220 --> 00:39:18,060
know there are people in corporations that and\h
I've spoken to some of them who um feel that\h\h

372
00:39:18,060 --> 00:39:25,800
there was an unfair decision made back around\h
the 1960s the 1970s to farm art technology that\h\h

373
00:39:25,800 --> 00:39:31,680
had been recovered to certain aerospace companies\h
one of them was Lockheed Martin let's let's not\h\h

374
00:39:31,680 --> 00:39:37,140
be shy about this Lockheed Martin's in this up to\h
its fingernails you know it's uh it's it's it's\h\h

375
00:39:37,140 --> 00:39:43,320
probably sitting on the technology we're talking\h
about and the um and the the interesting thing is\h\h

376
00:39:43,320 --> 00:39:50,280
that uh if you're a particularly a Silicon Valley\h
company of um great wealth uh and capabilities\h\h

377
00:39:50,280 --> 00:39:55,320
with some of the brightest people in the world\h
and you know that these aerospace companies have\h\h

378
00:39:55,320 --> 00:40:00,540
basically been sitting on this technology for\h
years and doing very little successfully with\h\h

379
00:40:00,540 --> 00:40:05,820
it I think you're perfectly entitled to question\h
one of the other issues too my friend that I'm\h\h

380
00:40:05,820 --> 00:40:11,940
told is that a lot of the alleged recoveries and\h
this is new I'm just about to reveal something new\h\h

381

00:40:11,940 --> 00:40:18,360

here I just want to flag to our audience this is\h
significant what's coming I am told that a number\h\h

382

00:40:18,360 --> 00:40:26,760

of the recoveries were done by private Aerospace\h
and so the issue then is this is not necessarily\h\h

383

00:40:26,760 --> 00:40:33,480

U.S government technology and there's a question\h
as to the intellectual property I I think quite\h\h

384

00:40:33,480 --> 00:40:39,780

properly if these companies have spent money time\h
and resources in in essentially retrieving this\h\h

385

00:40:39,780 --> 00:40:44,760

technology perhaps with the assistance of the US\h
government and with its sanction but if they've\h\h

386

00:40:44,760 --> 00:40:50,340

spent the time and the money who owns that IP\h
and does the US government have the right to\h\h

387

00:40:50,340 --> 00:40:57,480

demand access to it personally I think that um\h
in the interests of um the public interest I I\h\h

388

00:40:57,480 --> 00:41:03,360

think the the Congress at the very least should\h
be being informed there's also the fact that the\h\h

389

00:41:03,360 --> 00:41:09,480

US government I'm told has directly been involved\h
in Crash retrievals and that then technology has\h\h

390

00:41:09,480 --> 00:41:15,600

been passed on to private Aerospace but again in\h
that circumstance if a private Aerospace company\h\h

391

00:41:15,600 --> 00:41:23,400

has been working on this technology for 50 60\h
70 years what what right does the state have to\h\h

392

00:41:23,400 --> 00:41:28,980

then come back and say you know that spaceship we\h
gave you 60 years ago can we have it back please\h\h

393

00:41:28,980 --> 00:41:34,140

or can we at least know what you've done with it\h
and you know we'd quite like to share that with\h\h

394

00:41:34,140 --> 00:41:40,560

um I don't know Apple Google you know whoever uh\h
Elon Musk you know I I can understand there's a\h\h

395

00:41:40,560 --> 00:41:46,920

there's an issue here of intellectual property\h
that that is not an easy one for government to\h\h

396

00:41:46,920 --> 00:41:53,880

resolve and that's why I think everybody needs\h
to look very very closely at the legislation that\h\h

397

00:41:53,880 --> 00:42:00,540

Senator gillibrand is bringing into the house uh\h
I noticed Dean Johnson's foreshadowed it that um\h\h

398

00:42:00,540 --> 00:42:10,560

uh you know are we going to see the beginnings of\h
an impatience with the unwillingness of private\h\h

399

00:42:10,560 --> 00:42:16,920

Aerospace to be forthcoming with what it has\h
and is there a risk that those private aerospace\h\h

400

00:42:16,920 --> 00:42:22,560

companies might try to divest themselves of what\h
it is that they have before they get caught with\h\h

401

00:42:22,560 --> 00:42:28,920

it you know we are living in interesting times\h
it's not impossible based on what you say that\h\h

402

00:42:28,920 --> 00:42:33,720

the government I believe the government should\h
say give us these things back even if they gave\h\h

403

00:42:33,720 --> 00:42:39,000

them to them but that's just me but uh I believe\h
the government will ask for them back if that's\h\h

404

00:42:39,000 --> 00:42:45,300

the case then that means that uh the whole thing\h
could as many things do in this country end up\h\h

405

00:42:45,300 --> 00:42:51,720

in the Supreme Court can you imagine a Supreme\h
Court case where a private Aerospace company\h\h

406

00:42:52,500 --> 00:43:00,060

has taken their complaint that the government\h
has illegally retaken a craft that they gave\h\h

407

00:43:00,060 --> 00:43:05,700

them back in the past I mean that's that's crazy\h
stuff but I'm you know as you were talking Russ\h\h

408

00:43:05,700 --> 00:43:12,540

a couple of things hit me one is if private\h
Aerospace uh Not only was given craft but in\h\h

409

00:43:12,540 --> 00:43:18,660

fact is has retrieved their own that would mean\h
that instead of U.S government soldiers you\h\h

410

00:43:18,660 --> 00:43:24,420

might have Blackwater style security teams that\h
have been part of Crash retrieval which raises\h\h

411

00:43:25,560 --> 00:43:31,560

so many questions uh that that could be a\h
whole show but I I do think that what we\h\h

412

00:43:31,560 --> 00:43:38,700

ought to be telling people is it is entirely\h
possible that it isn't just the government\h\h

413

00:43:38,700 --> 00:43:46,200

trying not to tell people things it may be that\h
this secret has been so heavily compartmentalized\h\h

414

00:43:46,200 --> 00:43:53,340

over the years increasingly so every year that\h
vast spaces in the government knew nothing about\h\h

415

00:43:53,340 --> 00:44:00,300

it and they are legitimately trying to figure\h
out something about it and that blows my mind but\h\h

416

00:44:00,300 --> 00:44:08,040

I believe that's possible and then um as we were\h
talking about things that people are allowed uh to\h\h

417

00:44:08,040 --> 00:44:15,060

know and and shy about revealing Russ I think you\h
use the word shy okay something hit me about your\h\h

418

00:44:15,060 --> 00:44:20,940

reporting on Dave grush and the other reporting\h
let me remind everybody the way this went down\h\h

419

00:44:20,940 --> 00:44:27,780

is Ross did those interviews at the first of\h
May and because of something Dave Dave grush\h\h

420

00:44:27,780 --> 00:44:33,900

wanted to allow the prince story to break first\h
and then Ross do the exclusive inner interview\h\h

421

00:44:34,620 --> 00:44:39,420

and originally that was going to be the Wall Street Journal and then the Wall Street Journal

422

00:44:40,980 --> 00:44:47,640

excuse me well the New York Times excuse me it starts with the Washington Post was

423

00:44:47,640 --> 00:44:54,540

going to do it they took their three weeks or so while literally you had in the can this exclusive

424

00:44:54,540 --> 00:44:59,400

interview and you're waiting for the Washington Post to decide if they're in or out and then

425

00:44:59,400 --> 00:45:05,400

ultimately they decide they're out and and so does the hill and so does Politico and then it ends up

426

00:45:06,180 --> 00:45:11,100

um you know being broken into debrief now here's something that I find to be very

427

00:45:11,100 --> 00:45:16,560

interesting the reporters who wrote the debrief article and and had taken it to

428

00:45:16,560 --> 00:45:22,080

those various uh journalistic institutions first were Leslie Kane and Ralph Blumenthal

429

00:45:23,100 --> 00:45:30,420

and I saw an interview uh that Leslie Kane had done where she literally almost took umbrage

430

00:45:30,420 --> 00:45:36,780

that somebody would expect that if she'd heard about bodies being recovered it should be in her

431
00:45:36,780 --> 00:45:44,280
report it wasn't in her report there was nothing\h
in that debrief report about bodies but Dave grush\h\h

432
00:45:44,280 --> 00:45:49,920
in his interview with you Ross did talk about\h
bodies and there's another reporter a Michael\h\h

433
00:45:49,920 --> 00:45:56,820
schellenberger who is written on this topic\h
too who also said that he voluntarily did not\h\h

434
00:45:56,820 --> 00:46:03,180
include in his report the concept that bodies had\h
been recovered all right so you have Leslie Kane\h\h

435
00:46:03,180 --> 00:46:11,820
Michael schellenberger both of whom are legitimate\h
investigative reporters both of whom said well I'm\h\h

436
00:46:11,820 --> 00:46:20,280
not going to go there and talk about bodies in\h
this story why not Ross I don't get it if I\h\h

437
00:46:20,280 --> 00:46:27,480
knew for a fact that there was a whistleblower\h
who was a legitimate individual making these\h\h

438
00:46:27,480 --> 00:46:33,780
claims and they told me that bodies had been\h
recovered that'd be my lead I I don't understand\h\h

439
00:46:33,780 --> 00:46:41,880
it can you explain how this whole thing lays out\h
well I mean I can tell you I I was shocked when\h\h

440
00:46:41,880 --> 00:46:47,520
David admitted to me that we were talking about\h
bodies being recovered and he actually made that\h\h

441

00:46:47,520 --> 00:46:52,140

comment that well we're talking about craft and
normally there are people that pilot craft and so

442

00:46:52,140 --> 00:46:59,160

yes we've recovered bodies from those craft and
journalistically I I do I I think that's a very

443

00:46:59,160 --> 00:47:06,720

legitimate thing to raise and frankly um of course
I was going to ask the question I mean what are we

444

00:47:06,720 --> 00:47:12,840

suggesting here I mean I've got the utmost respect
for Leslie Kane and Ralph Blumenthal and I'm fast

445

00:47:12,840 --> 00:47:16,800

getting respect for Michael schellenberger
because he's clearly talking to some very

446

00:47:16,800 --> 00:47:22,320

well-informed sources but yeah I mean I've
I don't understand what they were thinking

447

00:47:22,320 --> 00:47:28,980

about when they said that they voluntarily decided
not to mention bodies I'm hoping none of them are

448

00:47:29,940 --> 00:47:36,000

are sort of adjusting their stories according to
what they perceive the public can deal with maybe

449

00:47:36,000 --> 00:47:40,920

it's the sense that too much of an ontological
shock might be too confronting for people and

450

00:47:40,920 --> 00:47:46,500

we have to let them in slowly but is that
a journalist's job I I don't know but look

451

00:47:46,500 --> 00:47:51,420

I think people would have to ask Ralph and um\h
and Leslie and Michael schellenberger what was\h\h

452

00:47:51,420 --> 00:47:56,820

going on in their minds uh it's not even clear\h
in my mind whether they actually asked uh David\h\h

453

00:47:56,820 --> 00:48:03,420

about the body's question and I they've never\h
clarified but frankly my position is it's entirely\h\h

454

00:48:03,420 --> 00:48:08,700

journalistically legitimate I wouldn't be doing my\h
job I wouldn't be doing my job if somebody tells\h\h

455

00:48:08,700 --> 00:48:15,120

me that I've been recovered craft of course the\h
first question you're going to ask is um if there\h\h

456

00:48:15,120 --> 00:48:22,440

were craft were there bodies I I so agree with\h
you the the idea that journalistically you should\h\h

457

00:48:22,440 --> 00:48:28,980

somehow stay away from that I because it might\h
be too much ontological shock I mean for crying\h\h

458

00:48:28,980 --> 00:48:34,920

out loud I mean even subtracting bodies out of\h
the equation you got a guy saying there has been\h\h

459

00:48:34,920 --> 00:48:42,540

crash uh wreckage there have been retrievals by\h
uh groups that are charged with doing that there\h\h

460

00:48:42,540 --> 00:48:49,200

have been intact craft recovered and that there's\h
reverse engineering going on I mean oh yeah but\h\h

461

00:48:49,200 --> 00:48:54,840

we don't want to tell you about the bodies I'm\n
sorry uh I don't I don't buy that at all uh \h\h

462

00:48:54,840 --> 00:49:02,340

I can't comprehend why it wasn't in the written\n
report uh and and frankly uh as the journalist\n\h\h

463

00:49:02,340 --> 00:49:08,340

in me is screaming to go find out more about that\n
because the truth is craft are interesting and in\n\h\h

464

00:49:08,340 --> 00:49:14,340

fact I suppose if you're a military guy the craft\n
may be the most interesting thing because that's\n\h\h

465

00:49:14,340 --> 00:49:22,740

technology and you can use and under stand and\n
learn from technology and apply it to creating\n\h\h

466

00:49:22,740 --> 00:49:30,060

systems that make you uh a more of a threat to\n
your own enemies and as you just said we're in\n\h\h

467

00:49:30,060 --> 00:49:36,960

a really tough time here on planet Earth so I can\n
understand that but the bodies tell us something\n\h\h

468

00:49:36,960 --> 00:49:44,820

entirely different they tell us literally we're\n
not alone in the universe because look that person\n\h\h

469

00:49:44,820 --> 00:49:52,620

that creature that individual that nhi whatever\n
you want to call them they're not us a technology\n\h\h

470

00:49:52,620 --> 00:50:00,240

can come from different places so I I just don't\n
get it and uh I'm gonna ride this body thing I'm\n\h\h

471

00:50:00,240 --> 00:50:04,920

not giving up on it I don't think you are either\h
people can expect to hear more about it here\h\h

472

00:50:05,760 --> 00:50:10,680

yeah I mean I don't think we should be censoring\h
ourselves as journalists and not talking about\h\h

473

00:50:10,680 --> 00:50:14,940

certain aspects of the phenomenon because we're\h
worried that it might be so confronting that\h\h

474

00:50:14,940 --> 00:50:20,880

people won't believe it uh it's not up to us\h
to um make a story more believable by adding\h\h

475

00:50:20,880 --> 00:50:26,160

or withdrawing evidence the only thing to do is to\h
actually include the evidence that is pertinent to\h\h

476

00:50:26,160 --> 00:50:31,260

the story can I give you another example to Bryce\h
of an area where I think the media is displaying\h\h

477

00:50:31,260 --> 00:50:39,060

a displaying lack of con curiosity um there was\h
a a great drop this week from Jeremy Cordell and\h\h

478

00:50:39,060 --> 00:50:47,100

George Knapp it was a a letter written by Larry\h
McGuire MP back in March this year I've known\h\h

479

00:50:47,100 --> 00:50:53,340

about this letter for some months and um uh a\h
lot of of us were surprised actually that it came\h\h

480

00:50:53,340 --> 00:50:59,940

public uh in the last week or so but look frankly\h
now that it's out we can talk about it it's a\h\h

481
00:50:59,940 --> 00:51:06,960
letter from Larry McGuire who's a Canadian MP and
he actually told the minister of since in Canada

482
00:51:06,960 --> 00:51:13,980
in a letter which is not classified so there's no
security classification on it that firstly he was

483
00:51:13,980 --> 00:51:19,620
aware through meetings with American officials
that there had been hearings with government and

484
00:51:19,620 --> 00:51:25,680
Military subject matter experts on the recovery
and exploitation of physical material from uaps

485
00:51:27,000 --> 00:51:32,940
um he raised his concerns that it it the
there could be quote expected upcoming

486
00:51:32,940 --> 00:51:40,440
public announcements to be coordinated between
orcas the Australia UK U.S agreement which could

487
00:51:40,440 --> 00:51:47,880
damage Canada's credibility with our allies on
the global stage and he also said as minister

488
00:51:47,880 --> 00:51:56,100
of National Defense you may not be aware defense
research and development Canada that's drdc Canada

489
00:51:56,100 --> 00:52:05,280
has participated in efforts to analyze UAP which
is current which is publicly traceable to Circa

490
00:52:05,280 --> 00:52:12,720
1950. this recovered foreign material is studied
through the five eyes foreign material program the

491
00:52:12,720 --> 00:52:19,680
FMP which in Canada is sponsored by the Canadian
Forces intelligence command aligned with several

492
00:52:19,680 --> 00:52:25,020
intelligence sharing arrangements and treaties I
am writing to recommend you request a classified

493
00:52:25,020 --> 00:52:30,060
briefing containing full sensitive and protective
program information from your officials on the

494
00:52:30,060 --> 00:52:35,520
government of Canada's historical and ongoing
efforts on analyzing recovered UAP material

495
00:52:35,520 --> 00:52:41,520
now Bryce just to emphasize I know a lot about
this case I know a lot more than said in that

496
00:52:41,520 --> 00:52:48,840
letter what Mr McGuire is saying is correct
Canada has been secretly involved in a reverse

497
00:52:48,840 --> 00:52:55,320
engineering program of retrieved non-human
technology with the United States of America

498
00:52:56,160 --> 00:53:02,220
and what astounds me is this letter can become
public and as Jeremy Corbell and George Neff

499
00:53:02,220 --> 00:53:08,040
have been screaming from the rooftops in the
last week or so wake up people this is a very

500
00:53:08,040 --> 00:53:13,800
very very important letter it's essentially an
acknowledgment by a member of the parliament

501
00:53:13,800 --> 00:53:21,720
of Canada that he knows something about Canada's
collaboration in efforts to analyze UAP that's not

502
00:53:21,720 --> 00:53:29,460
something he's derived from newspaper clippings
or speculative books it's a briefing he's derived

503
00:53:29,460 --> 00:53:36,120
from individuals that he has spoken to and I know
there are good journalists in Canberra Who

504
00:53:36,120 --> 00:53:41,400
as a can of Canada who are starting to dig into
this and I'm just hoping they can get to the

505
00:53:41,400 --> 00:53:48,780
bottom of it because there is a very interesting
Trail there where if they dig they will find

506
00:53:50,160 --> 00:53:55,680
you know Ross part of what's going on here is
there is so much going on I can barely keep up

507
00:53:55,680 --> 00:54:00,900
with it and it's literally my job right now to try
to keep up with it there's just so much going on

508
00:54:00,900 --> 00:54:09,900
listen I know we're getting and by the way uh hats
off again to uh corbel and Knapp for for breaking

509
00:54:09,900 --> 00:54:16,020
that letter out that's a really powerful piece of
evidence you are alleging that the U.S government

510
00:54:16,020 --> 00:54:25,800
has been concealing the existence on this planet
of alien life I would couch it as non-human

511
00:54:25,800 --> 00:54:30,180
intelligence you know nhi like we would like\h
to say in our our language why do you say that\h\h

512
00:54:30,180 --> 00:54:35,100
why do you say nhi I don't want to necessarily\h
denote origin I don't think we have all the data\h\h

513
00:54:35,100 --> 00:54:41,460
to say oh they're coming from a certain a certain\h
location and I and I I couch it as somebody who\h\h

514
00:54:41,460 --> 00:54:46,200
studied physics where maybe they're coming from\h
a different physical Dimension as described in\h\h

515
00:54:46,200 --> 00:54:52,320
quantum mechanics we know there's extra Dimensions\h
due to higher high energy particle collisions\h\h

516
00:54:52,320 --> 00:54:55,920
Etc and there's a theoretical framework to\h
explain that yeah just let me cut to the quick\h\h

517
00:54:55,920 --> 00:55:02,880
though you're saying there is an intelligent\h
species engaging with this planet yes that's\h\h

518
00:55:02,880 --> 00:55:07,920
potentially extraterrestrial yeah I speak\h
for everybody sitting at home that is a shock\h\h

519
00:55:08,460 --> 00:55:15,600
it was to me and I had a lot of sleepless nights I\h
know we're out of time so what I'm going to do is\h\h

520
00:55:15,600 --> 00:55:20,100
I just have a couple of final concluding thoughts\h
I wanted to lay out there on the table and then\h\h

521
00:55:20,100 --> 00:55:28,200
you can do the same and and we can take it on home\h
um I I like to think that I've had a extraordinary\h\h

522
00:55:29,280 --> 00:55:37,440
month or more now where I got to meet Dave\h
Crush I got to be a participant uh in in\h\h

523
00:55:37,440 --> 00:55:44,520
observing this historic moment where Ross put him\h
exclusively on television uh it was something and\h\h

524
00:55:44,520 --> 00:55:50,940
my conclusion is for what it's worth Dave grush\h
is telling the truth now I know we are still at\h\h

525
00:55:50,940 --> 00:55:57,000
a place where we have to prove that and uh to\h
the satisfaction of people and I believe that\h\h

526
00:55:57,000 --> 00:56:02,820
that ultimately is going to happen but for\h
me I see the man as a truth teller secondly

527
00:56:04,560 --> 00:56:10,500
ufology if you want to call it that over the\h
years has historically been obsessed with one\h\h

528
00:56:10,500 --> 00:56:16,320
thing trying to prove that UFOs are real I mean if\h
you look at most UFO books over the years they've\h\h

529
00:56:16,320 --> 00:56:24,180
been only one thing prove UFOs are real um I\h
think we are starting to move beyond that we\h\h

530
00:56:24,180 --> 00:56:29,760
don't know everything about them we don't know who\h
these other individuals are that are piloting them\h\h

531

00:56:29,760 --> 00:56:37,320

we don't know um all of that but we are rapidly\h
moving to a place where it's not about proving\h\h

532

00:56:37,320 --> 00:56:42,840

they're real it's about understanding them and\h
and trying to analyze what it's going to mean\h\h

533

00:56:42,840 --> 00:56:49,680

for the future that we're all about to live in\h
and I have to say candidly in this last month\h\h

534

00:56:50,760 --> 00:56:57,480

honestly folks I've had more than a few moments\h
where I literally just have to sit down in my\h\h

535

00:56:57,480 --> 00:57:05,700

quiet house and start to contemplate what's\h
really happening here and and what does it\h\h

536

00:57:05,700 --> 00:57:12,180

mean to me what does it mean to you what about my\h
family you know I have children what's their world\h\h

537

00:57:12,180 --> 00:57:19,140

going to look like is this world going to be a\h
better one or a worse one and frankly is there\h\h

538

00:57:19,140 --> 00:57:25,260

anything that any of us can do to impact that I\h
just have so many questions swirling around so\h\h

539

00:57:25,260 --> 00:57:31,080

the one thing I just want to lay out there is um\h
I may not be the world's greatest investigative\h\h

540

00:57:31,080 --> 00:57:39,300

journalist I try and I've certainly done my share\h
of it but I try to be in touch with my feelings\h\h

541

00:57:39,300 --> 00:57:44,760

and I know a lot of you must be starting to feel
the things that I'm feeling where you ask yourself

542

00:57:46,620 --> 00:57:53,760

what's happening is this real if this is real
can't even believe this and I'm going to try to

543

00:57:53,760 --> 00:58:00,660

be there and go on that Journey with you I mean
guess that's my pledge I I I feel like it's time

544

00:58:00,660 --> 00:58:07,680

for us to look to the Future even as we cover
this story in the present and um and Ross I got

545

00:58:07,680 --> 00:58:12,720

to tell you um I blame you for all this because
you're the guy that introduced me to Dave Crush

546

00:58:12,720 --> 00:58:18,540

although I knew this I've known I've known much
of what he said for 30 years but to hear him say

547

00:58:18,540 --> 00:58:24,780

it and to be going on television shows talking
about it man this has been quite a life-changing

548

00:58:24,780 --> 00:58:30,540

experience really I don't have this utopian
ideology that this is going to you know solve

549

00:58:30,540 --> 00:58:37,380

world problems stop War entirely but all I want is
a moment of pause and to see if the subject unites

550

00:58:37,380 --> 00:58:42,600

us as we've obviously become more divided over
the last couple decades because if anything else

551

00:58:43,440 --> 00:58:49,920

what you're revealing I mean we all start
thinking of ourselves not as American Australian

552

00:58:49,920 --> 00:58:58,500

Russian Chinese that is human human family
think that's uh totally the right term yeah

553

00:58:59,460 --> 00:59:05,880

I mean I still think as a journalist this is
the biggest story of human history it's it's

554

00:59:05,880 --> 00:59:11,700

massive the implications of what Mr grash is
alleging are enormous if he's telling the truth

555

00:59:11,700 --> 00:59:18,120

what we are talking about is a paradigm shift
in Humanity's understanding of its Origins and

556

00:59:18,120 --> 00:59:25,740

our place in the universe uh it's the end of a
humanocentric view of the world um it's exciting

557

00:59:25,740 --> 00:59:31,320

because it offers the possibility that we may be
able to harness new technologies and I think at

558

00:59:31,320 --> 00:59:39,180

the heart of all of this is a vexing question why
the secrecy why has this been kept to Under Wraps

559

00:59:39,180 --> 00:59:47,340

we now know after years of denial by the U.S Air
Force in particular that the phenomenon is real

560

00:59:47,340 --> 00:59:52,980

we've been lied to as David grush has told
us there's been a long disinformation effort

561
00:59:52,980 --> 00:59:58,680
by the U.S intelligence Community to treat this\h
subject with ridicule and taboo and even though\h\h

562
00:59:58,680 --> 01:00:04,980
three weeks into David grush's allegations being\h
made public most of the mainstream media is still\h\h

563
01:00:04,980 --> 01:00:11,640
failing to engage with this topic why have the\h
New York Times with a couple of rare exceptions\h\h

564
01:00:11,640 --> 01:00:18,000
in their op-ed Pages the new Washington Post and\h
all of the major newspapers in America failed to\h\h

565
01:00:18,000 --> 01:00:24,960
engage with this subject similarly with the top\h
three networks in the U.S NBC ABC CBS what's going\h\h

566
01:00:24,960 --> 01:00:30,180
on here is it because they're so captive to the\h
National Security establishment that they feel\h\h

567
01:00:30,180 --> 01:00:36,000
that they can't offend their sources by asking\h
entirely legitimate questions because we are\h\h

568
01:00:36,000 --> 01:00:41,880
now add a burden of proof where as Michio Kaku\h
the respected and renowned physicist has said\h\h

569
01:00:41,880 --> 01:00:48,480
the burden of proof is now on the debunkers to\h
prove the opposite and I I think we're at a really\h\h

570
01:00:48,480 --> 01:00:55,080
interesting moment in human history here because\h
as I've said earlier the big test for me is going\h\h

571
01:00:55,080 --> 01:01:02,640
to be whether the Congress does its job is it just
going to sweep this back under the carpet and rely

572
01:01:02,640 --> 01:01:07,860
on the fact that it's not getting Traction in
some of the mainstream media is it going to try

573
01:01:07,860 --> 01:01:13,800
and sweep it back under the carpet and I I can
warn you if they try and do that it's dangerous

574
01:01:14,400 --> 01:01:20,160
because it was it's in the long run it's going to
I think contaminate the institutions of government

575
01:01:20,160 --> 01:01:28,380
because the public perception of a government that
continues to maintain a cover-up is not a good one

576
01:01:28,380 --> 01:01:35,640
here is a great opportunity for a leader a true
leader to come out and publicly acknowledge what

577
01:01:35,640 --> 01:01:42,420
is very quickly becoming very very clear that
David grush is telling the truth yeah and that

578
01:01:42,420 --> 01:01:49,260
his allegations should be fully investigated and
that the programs that are being hidden should be

579
01:01:49,260 --> 01:01:57,300
exposed and the Aerospace is companies that are
concealing non-human technology should be outed

580
01:01:57,300 --> 01:02:04,380
this is not going to go away and despite the
very considerable efforts by sections of the

581

01:02:04,380 --> 01:02:09,960

intelligence and defense Community to essentially\h
backlash and play down the whole story with\h\h

582

01:02:09,960 --> 01:02:18,960

ridicule and stigma and contempt it's still here\h
and after three weeks nobody has laid a glove on\h\h

583

01:02:18,960 --> 01:02:24,660

Dave grush's credibility so it's incumbent\h
now on the Congress to properly investigate\h\h

584

01:02:25,680 --> 01:02:29,640

well Ross thanks for being my partner on\h
this journey I can't wait to see where\h\h
