

1
00:00:07,160 --> 00:00:05,450
okay so so 200 is done and we spent a

2
00:00:13,789 --> 00:00:07,170
good deal of the time talking about how

3
00:00:17,090 --> 00:00:13,799
messy I mics and and as you can see the

4
00:00:19,220 --> 00:00:17,100
apartment is a bit mismanaged at this

5
00:00:20,810 --> 00:00:19,230
point I'm there's where the kitty eats

6
00:00:22,700 --> 00:00:20,820
right next to the stove that's where he

7
00:00:26,450 --> 00:00:22,710
likes it he likes to be close to the

8
00:00:31,389 --> 00:00:26,460
stove and on top of a cooler I'm is a

9
00:00:33,860 --> 00:00:31,399
party cat and you see the the stove is

10
00:00:37,940 --> 00:00:33,870
pretty well taken care of them there's

11
00:00:40,639 --> 00:00:37,950
some pots and they've cleaned and some

12
00:00:42,319 --> 00:00:40,649
fish is there i do i clean the dishes

13
00:00:44,750 --> 00:00:42,329

here in the sink and then i come over

14

00:00:49,400 --> 00:00:44,760

here this is where other cat also like

15

00:00:52,010 --> 00:00:49,410

to lay down so it's a catch-22 I think

16

00:00:54,319 --> 00:00:52,020

that's how what it means then here's a

17

00:00:58,069 --> 00:00:54,329

garbage can which is pretty nice the

18

00:00:59,900 --> 00:00:58,079

fridge now the disgusting bathroom that

19

00:01:03,340 --> 00:00:59,910

we were talking about I actually started

20

00:01:07,990 --> 00:01:03,350

working out a little bit here stop side

21

00:01:16,340 --> 00:01:13,670

here's my side it is not good and you

22

00:01:19,490 --> 00:01:16,350

can see that the litter box is directly

23

00:01:21,830 --> 00:01:19,500

in front of where I stand but there's

24

00:01:24,800 --> 00:01:21,840

another mirror right above so I can look

25

00:01:28,520 --> 00:01:24,810

at myself and smell [h__h] at the same

26

00:01:31,249 --> 00:01:28,530

time now the bathroom the actual toilet

27

00:01:35,780 --> 00:01:31,259

area and you can see there's been quite

28

00:01:39,679 --> 00:01:35,790

a quite a bit of urine damage usually

29

00:01:45,850 --> 00:01:39,689

done by scotter I with the misplaced

30

00:01:52,100 --> 00:01:49,580

laziness sleepwalking any number of

31

00:01:55,280 --> 00:01:52,110

things i actually just clean the the

32

00:01:57,020 --> 00:01:55,290

bathtub it doesn't look that clean I

33

00:02:00,770 --> 00:01:57,030

cleaned it all you saw scrubbing in

34

00:02:04,069 --> 00:02:00,780

there I mean there it is it is still and

35

00:02:06,550 --> 00:02:04,079

still dirty it's so tiny look it's so

36

00:02:10,690 --> 00:02:06,560

dirty in this is stay

37

00:02:13,930 --> 00:02:10,700

the state is we have so sane and then we

38

00:02:16,510 --> 00:02:13,940

have scum stain I wish just combine the

39

00:02:21,280 --> 00:02:16,520

two and then there's actually some hair

40

00:02:23,020 --> 00:02:21,290

in the toilet from the tub because I'm

41

00:02:24,880 --> 00:02:23,030

losing my hair I'm doing like they're

42

00:02:25,720 --> 00:02:24,890

even so I was checking the toilet I mean

43

00:02:27,490 --> 00:02:25,730

where you going to where you're gonna

44

00:02:33,370 --> 00:02:27,500

put it I mean we're here I don't know

45

00:02:38,100 --> 00:02:33,380

this um toilet this is a paper go toilet

46

00:02:41,170 --> 00:02:38,110

paper roll really doesn't have any

47

00:02:44,350 --> 00:02:41,180

toilet paper on ever there was a bunch

48

00:02:48,940 --> 00:02:44,360

of magazine back here but actually move

49

00:02:50,440 --> 00:02:48,950

those to the ground right here and

50

00:02:52,330 --> 00:02:50,450

they're going to stay here until I'm

51
00:02:54,729 --> 00:02:52,340
done cleaning but as you can see there's

52
00:02:57,670 --> 00:02:54,739
like they got leaked uh the plungers out

53
00:03:00,160 --> 00:02:57,680
here not normally on you know in the

54
00:03:03,880 --> 00:03:00,170
hallway and then you know just like a

55
00:03:05,559 --> 00:03:03,890
lot of hair in the ground any I mean

56
00:03:09,509 --> 00:03:05,569
jeez I mean this place is really not

57
00:03:12,810 --> 00:03:09,519
good i mean my room I mean she's not

58
00:03:19,870 --> 00:03:12,820
it's not very fun in here and now I mean

59
00:03:21,640 --> 00:03:19,880
it it's pretty pathetic really here's I

60
00:03:25,780 --> 00:03:21,650
mean this Connor probably could use a

61
00:03:30,280 --> 00:03:25,790
little bit more organization I mean I

62
00:03:31,809 --> 00:03:30,290
mean Monsieur can do and it's probably

63
00:03:35,530 --> 00:03:31,819

got a Elphaba taza two things here and

64

00:03:39,220 --> 00:03:35,540

there that's where Scott likes to keep

65

00:03:41,920 --> 00:03:39,230

his bike in his room because he likes to

66

00:03:44,440 --> 00:03:41,930

wake up like I was bed like right there

67

00:03:46,660 --> 00:03:44,450

and then like immediately trip it's a

68

00:03:47,800 --> 00:03:46,670

good wake-up call yeah even before you

69

00:03:50,170 --> 00:03:47,810

get coffee in the morning you want to

70

00:03:52,390 --> 00:03:50,180

trip over something so yeah you get that

71

00:03:57,569 --> 00:03:52,400

sensation of falling so use a double

72

00:04:01,030 --> 00:03:57,579

wake up there is an apocalypse eyes a

73

00:04:03,819 --> 00:04:01,040

pack of toilet paper so even when we're

74

00:04:08,020 --> 00:04:03,829

on a food and still wipe our ass in case

75

00:04:11,379 --> 00:04:08,030

the [h__\h] ever goes down there is there's

76

00:04:13,550 --> 00:04:11,389

a bust of over Winfrey and oh a zombie

77

00:04:18,479 --> 00:04:13,560

poster you're going to want that

78

00:04:21,600 --> 00:04:18,489

anyhow you live in and then uh yeah so I

79

00:04:24,210 --> 00:04:21,610

mean really we live like scum balls like

80

00:04:27,870 --> 00:04:24,220

and actually his door is not even

81

00:04:31,530 --> 00:04:27,880

attached anymore dad we said I mean

82

00:04:33,500 --> 00:04:31,540

that's this mean you don't we don't

83

00:04:36,330 --> 00:04:33,510

really know what happened there I mean

84

00:04:38,280 --> 00:04:36,340

it just doesn't it's not on there I

85

00:04:40,560 --> 00:04:38,290

happen like about I don't know nine

86

00:04:42,300 --> 00:04:40,570

months ago and I just kind of doesn't

87

00:04:48,780 --> 00:04:42,310

have a door he had along it's just

88

00:04:51,210 --> 00:04:48,790

always open so yeah now it says it's
