1
00:00:19,080 --> 00:00:16,189
wow I was having a scope on it steady

2
00:00:21,300 --> 00:00:19,090
holy [h__\h] why can't we deceased roof

3
00:00:23,609 --> 00:00:21,310
things ourselves do we need this dude do

4
00:00:26,130 --> 00:00:23,619
really really need this guy which guy

5
00:00:28,170 --> 00:00:26,140
buddy the overseer we have to use that

6
00:00:30,330 --> 00:00:28,180
guy because it's statues yeah we have to

7
00:00:32,729 --> 00:00:30,340
protect Des Moines just doesn't sat so

8
00:00:37,440 --> 00:00:32,739
you guys cheat the statute and then

9
00:00:41,459 --> 00:00:37,450
claptraps like its bullet bro you get

10
00:00:47,640 --> 00:00:41,469
him again he's over here nerf loon

11
00:00:49,260 --> 00:00:47,650
around over there yeah all right well

12
00:00:51,780 --> 00:00:49,270
yeah I'll probably just hang back snipe

13
00:00:54,030 --> 00:00:51,790

while I can and then if you're in

14

00:00:55,410 --> 00:00:54,040

trouble I'll try to throw the turn on

15

00:00:57,420 --> 00:00:55,420

top of you which has a shield which

16

00:01:00,799 --> 00:00:57,430

completely is useless and at this level

17

00:01:03,510 --> 00:01:00,809

but you know this is thought that counts

18

00:01:07,260 --> 00:01:03,520

why we can't I wake him up now there we

19

00:01:09,870 --> 00:01:07,270

go I wake up you big bastard I'm gonna

20

00:01:13,020 --> 00:01:09,880

kind of not get as close as I did to him

21

00:01:16,889 --> 00:01:13,030

yeah now when we come out here they come

22

00:01:18,899 --> 00:01:16,899

these robots come down the steps like

23

00:01:21,779 --> 00:01:18,909

they're a bunch of [h__h] Roxette

24

00:01:26,160 --> 00:01:21,789

dancers so we just gotta hang back snipe

25

00:01:28,230 --> 00:01:26,170

them and I think we just snipe them I

26

00:01:30,779 --> 00:01:28,240

think we'll be good I think I'm gonna go

27

00:01:35,459 --> 00:01:30,789

up on this building over here like

28

00:01:41,849 --> 00:01:35,469

honest I'm gonna hang back by this blush

29

00:01:43,859 --> 00:01:41,859

because I like a bush trees so I'm gonna

30

00:01:46,529 --> 00:01:43,869

hang back up I'm gonna go up here on

31

00:01:47,639 --> 00:01:46,539

this go up here even though actually you

32

00:01:49,889 --> 00:01:47,649

know that might actually be a pretty

33

00:01:52,440 --> 00:01:49,899

good idea then we can kind of watch

34

00:01:54,089 --> 00:01:52,450

everything I don't know what I should do

35

00:01:55,559 --> 00:01:54,099

i'm confused I'm scared gotta get up

36

00:01:57,330 --> 00:01:55,569

here I'm actually hiding behind you

37

00:02:01,970 --> 00:01:57,340

overseer which I shouldn't do but it's

38

00:02:09,180 --> 00:02:06,710

I'm up here yep and one shot killed me

39

00:02:10,920 --> 00:02:09,190

you're already dead it took down my

40

00:02:14,700 --> 00:02:10,930

shield but if I took two shot I would

41

00:02:16,080 --> 00:02:14,710

have been dead one shy that's what I'm

42

00:02:25,830 --> 00:02:16,090

dealing with they got a shield guy up

43

00:02:28,440 --> 00:02:25,840

there you see an [h__h] yeah I like

44

00:02:30,330 --> 00:02:28,450

hearing the screams of agony I like the

45

00:02:34,770 --> 00:02:30,340

tip makes me feel like I'm doing

46

00:02:42,750 --> 00:02:34,780

something alright alright let's say

47

00:02:45,000 --> 00:02:42,760

somebody kill this guy there's hiding

48

00:02:46,290 --> 00:02:45,010

out in that shield generator but I'm

49

00:02:48,030 --> 00:02:46,300

walking in there I'm guns are entering

50

00:02:51,720 --> 00:02:48,040

in there all right lobbing the grenade

51
00:02:53,150 --> 00:02:51,730
over there I I'm seeing exactly what

52
00:02:59,650 --> 00:02:53,160
you're doing it looks like you're not

53
00:03:06,770 --> 00:03:03,470
yeah I'm basically just documenting your

54
00:03:08,570 --> 00:03:06,780
your are they super badass hair up there

55
00:03:13,970 --> 00:03:08,580
so watch out yeah yeah he's a real

56
00:03:19,160 --> 00:03:13,980
unajua [h__h] I shot him I shot him once

57
00:03:20,690 --> 00:03:19,170
good good there you go strong yeah

58
00:03:23,300 --> 00:03:20,700
getting criticals on him I ain't doing

59
00:03:25,100 --> 00:03:23,310
[h__h] though that's okay the crescent

60
00:03:30,230 --> 00:03:25,110
will melt a little bit anything your dad

61
00:03:41,090 --> 00:03:30,240
is good I'll this [h__h] up here spot I

62
00:03:42,830 --> 00:03:41,100
see ya he sees me God a miniatures well

63
00:03:44,240 --> 00:03:42,840

there he is I see him I should have

64

00:03:47,570 --> 00:03:44,250

picked i sees me now she's gonna race

65

00:03:52,250 --> 00:03:47,580

him oh no this little soldier got me can

66

00:03:58,250 --> 00:03:52,260

you kill him um coming all right I hold

67

00:04:00,710 --> 00:03:58,260

on don't you die in me I'm gonna back it

68

00:04:06,170 --> 00:04:00,720

up and go around this corner oh god I

69

00:04:09,830 --> 00:04:06,180

died top try to take out the soldier

70

00:04:12,140 --> 00:04:09,840

Roger Lodge for all the bad asses up

71

00:04:14,720 --> 00:04:12,150

here come on we jumped he jumped up

72

00:04:18,050 --> 00:04:14,730

there man and got me he's like ed-209

73

00:04:25,070 --> 00:04:18,060

from Robocop yeah we failed again oh

74

00:04:28,280 --> 00:04:25,080

good wait we failed again the overseer

75

00:04:33,350 --> 00:04:28,290

died too now he's still alive ladies all

76

00:04:35,090 --> 00:04:33,360

right we're okay yeah everything's finds

77

00:04:36,980 --> 00:04:35,100

all right all right we're fine all right

78

00:04:38,840 --> 00:04:36,990

foot I'm gonna get these foot soldiers

79

00:04:44,000 --> 00:04:38,850

they're kind of easy for me either real

80

00:04:49,470 --> 00:04:47,120

all right I don't know what's going on

81

00:04:59,010 --> 00:04:49,480

there's three foot soldiers ahead of

82

00:05:02,940 --> 00:04:59,020

this I see him yeah it's an architect

83

00:05:17,220 --> 00:05:11,310

you die yeah my weapons are doing che

84

00:05:19,890 --> 00:05:17,230

but hey we got the one statue done never

85

00:05:21,510 --> 00:05:19,900

got to see how the four done dude all

86

00:05:25,560 --> 00:05:21,520

right let's just keep doing we're doing

87

00:05:27,840 --> 00:05:25,570

I don't even know yet Oh a constructor

88

00:05:29,850 --> 00:05:27,850

right above me all right let's get out

89
00:05:31,820 --> 00:05:29,860
of the way and [h__h] [h__h] this up last

90
00:05:35,610 --> 00:05:31,830
time you see was happening me right now

91
00:05:39,270 --> 00:05:35,620
no don't don't come don't come near me

92
00:05:42,420 --> 00:05:39,280
I'm dying then I'm gonna Reeve I'm gonna

93
00:05:44,310 --> 00:05:42,430
come back stronger than I was before all

94
00:05:47,010 --> 00:05:44,320
right I'm gonna hide up here and just

95
00:05:53,010 --> 00:05:47,020
kind of pick these guys off I will

96
00:05:58,740 --> 00:05:53,020
return time is but a window death is but

97
00:06:03,900 --> 00:05:58,750
a door I will return they're all coming

98
00:06:07,590 --> 00:06:03,910
after me I got this war letter I'm gonna

99
00:06:11,670 --> 00:06:07,600
get behind this constructor yeah piece

100
00:06:14,340 --> 00:06:11,680
of [h__h] man kill me there's no busy he's

101
00:06:16,860 --> 00:06:14,350
got no business being around here I'm

102
00:06:19,140 --> 00:06:16,870
coming yeah come for me because I'm kind

103
00:06:25,200 --> 00:06:19,150
of hidden I'm coming harder day you shot

104
00:06:27,090 --> 00:06:25,210
me I mean what a [h__h] you are you're

105
00:06:29,690 --> 00:06:27,100
hiding behind this bush on this ledge

106
00:06:32,370 --> 00:06:29,700
guide your way up there your East Jesus

107
00:06:35,420 --> 00:06:32,380
I'm gonna die yeah you walks I can't get

108
00:06:45,630 --> 00:06:39,030
stay alive don't die I don't stay a lot

109
00:06:47,910 --> 00:06:45,640
be all right I'm still I barely um I am

110
00:06:51,360 --> 00:06:47,920
not doing so well I'm not gonna lie to

111
00:06:52,890 --> 00:06:51,370
you it's not going well for me I am

112
00:06:56,760 --> 00:06:52,900
currently dying but you should have been

113
00:07:00,390 --> 00:06:56,770

revived by now have you spawned yet yeah

114

00:07:07,760 --> 00:07:00,400

yeah I'm good ok good let's keep the

115

00:07:16,770 --> 00:07:14,700

all right I just spawned again as my

116

00:07:23,400 --> 00:07:16,780

father would have done if using my

117

00:07:30,420 --> 00:07:23,410

position alright cool work you seem to

118

00:07:33,750 --> 00:07:30,430

you got everything under control but you

119

00:07:42,490 --> 00:07:33,760

can take that [\h__\h] out yeah all right

120

00:07:47,990 --> 00:07:46,550

yeah that's me there's a [\h__\h] purple

121

00:07:53,230 --> 00:07:48,000

weapon down here i want this purple

122

00:08:00,470 --> 00:07:53,240

weapon oh my god there's a robot coming

123

00:08:03,230 --> 00:08:00,480

he's a robot comer oh my god I can't

124

00:08:05,420 --> 00:08:03,240

like none of my weapons are doing much

125

00:08:08,270 --> 00:08:05,430

damage but I am getting massive

126
00:08:14,000 --> 00:08:08,280
experience points that's good okay we

127
00:08:15,800 --> 00:08:14,010
want for you it makes it better for me

128
00:08:18,110 --> 00:08:15,810
cuz i get more experience points equals

129
00:08:21,740 --> 00:08:18,120
are harder oh really utterly oh good

130
00:08:26,180 --> 00:08:21,750
early while we're at it to him [h__\h] so

131
00:08:27,890 --> 00:08:26,190
someone threw a grenade i believe i'll

132
00:08:31,940 --> 00:08:27,900
just use there's dudes up on the ledge

133
00:08:38,640 --> 00:08:31,950
oh my god no I got him I got him better

134
00:08:47,500 --> 00:08:41,830
it's a robot looking right at me it's a

135
00:08:49,870 --> 00:08:47,510
war loader I'm gonna run away but

136
00:08:52,090 --> 00:08:49,880
where's our dude where's our just left

137
00:08:53,920 --> 00:08:52,100
got he got the clearer 24 statue down

138
00:08:55,600 --> 00:08:53,930

all right we gotta get the [h__h] out here

139

00:08:58,300 --> 00:08:55,610

so we're gonna follow him to the next

140

00:09:00,400 --> 00:08:58,310

place but I'm kind of lost now going the

141

00:09:03,490 --> 00:09:00,410

wrong way I'm up on top as building I'm

142

00:09:06,810 --> 00:09:03,500

up on the pyramid look where I am Hey

143

00:09:09,130 --> 00:09:06,820

look at me look how high am up up top

144

00:09:12,400 --> 00:09:09,140

feel pretty good about myself up here I

145

00:09:17,110 --> 00:09:12,410

was fantastic oh I see it where where is

146

00:09:20,110 --> 00:09:17,120

he um if you see me oh my god just

147

00:09:28,900 --> 00:09:20,120

there's people everywhere oh no he sees

148

00:09:33,130 --> 00:09:28,910

me oh my lord I'm all alone over here

149

00:09:43,780 --> 00:09:33,140

I'm coming I see you this is not good

150

00:09:47,440 --> 00:09:43,790

Brian like this is not good at all the

151
00:09:53,790 --> 00:09:47,450
[h__h] did you get so far away I walked up

152
00:10:00,040 --> 00:09:57,580
okay all right oh and there's probably

153
00:10:01,750 --> 00:10:00,050
gonna be some overseer we're gonna have

154
00:10:04,690 --> 00:10:01,760
to battle here probably right like some

155
00:10:07,420 --> 00:10:04,700
is CM right now constructor yeah i'm

156
00:10:21,960 --> 00:10:07,430
gonna run as far away as I can to hold

157
00:10:33,960 --> 00:10:23,970
Maxie I doing some damage on this

158
00:10:36,600 --> 00:10:33,970
[h__h] he's quite powerful I'm doing

159
00:10:44,879 --> 00:10:36,610
some critical strikes on the sasal you

160
00:10:51,869 --> 00:10:46,889
yeah I'm doing some criticals on this

161
00:10:54,150 --> 00:10:51,879
[h__h] so good yeah I'm gonna see if I

162
00:11:03,680 --> 00:10:54,160
can come divert some attention away from

163
00:11:16,830 --> 00:11:11,880

[h__h] goddamn it I'm coming I'm coming

164

00:11:21,480 --> 00:11:16,840

hard oh god I'm dying to be weird dance

165

00:11:23,820 --> 00:11:21,490

I guess can you hear some is there like

166

00:11:26,400 --> 00:11:23,830

a weaker dude somewhere there's a turret

167

00:11:29,550 --> 00:11:26,410

I got it you got it boom you're back in

168

00:11:40,860 --> 00:11:29,560

the game leave me alone leave me huh we

169

00:11:42,030 --> 00:11:40,870

die uh-huh press dance button I think

170

00:11:43,920 --> 00:11:42,040

we'll get it I just press this button

171

00:11:48,270 --> 00:11:43,930

you press the dance button for God's

172

00:12:00,270 --> 00:11:48,280

ahead I got it rice look experience even

173

00:12:03,780 --> 00:12:00,280

though I died I'm not sure you know what

174

00:12:06,390 --> 00:12:03,790

the hell is going on I got some

175
