

BF4

MMG4

light machine gun

1
00:00:01,190 --> 00:00:10,080

you

2
00:00:10,090 --> 00:00:13,150

them soon

3
00:00:19,839 --> 00:00:15,890

hey what's up everybody my name is mike

4
00:00:22,450 --> 00:00:19,849

and bloom hot everybody out there

5
00:00:26,499 --> 00:00:22,460

welcome back to another battlefield

6
00:00:30,679 --> 00:00:26,509

commentary i'm running with the four or

7
00:00:32,869 --> 00:00:30,689

mg4 light machine gun man this thing's a

8
00:00:35,840 --> 00:00:32,879

beast it see that i'm just hit firing

9
00:00:39,500 --> 00:00:35,850

right here and it just fires so fast

10
00:00:43,340 --> 00:00:39,510

it's up probably right now my favorite

11
00:00:46,399 --> 00:00:43,350

weapon in in battlefield it's uh it's

12
00:00:47,899 --> 00:00:46,409

just so fast a lot of the other machine

13
00:00:54,079 --> 00:00:47,909

guns that I that I wrong with there's

14

00:00:56,630 --> 00:00:54,089

this slow and it doesn't they just

15

00:00:58,610 --> 00:00:56,640

weren't as fun as some of the other

16

00:01:03,259 --> 00:00:58,620

machine guns that you played with in in

17

00:01:06,890 --> 00:01:03,269

battlefield 3 this one it's just so it's

18

00:01:08,360 --> 00:01:06,900

got a great sound to it it's uh you feel

19

00:01:10,370 --> 00:01:08,370

like you're actually putting so many

20

00:01:14,149 --> 00:01:10,380

bolts down there feels like what a real

21

00:01:15,469 --> 00:01:14,159

machine gun should be just super look at

22

00:01:17,690 --> 00:01:15,479

that I'm just mowing down people use

23

00:01:20,900 --> 00:01:17,700

hold down a trigger burn through a

24

00:01:22,760 --> 00:01:20,910

hundred bullets in in just a few seconds

25

00:01:24,980 --> 00:01:22,770

and that's what it should be it's a

26

00:01:27,380 --> 00:01:24,990

suppression weapon it does a great job

27

00:01:30,680 --> 00:01:27,390

at this and finally I think I have a

28

00:01:35,810 --> 00:01:30,690

machine gun that I can do some do some

29

00:01:37,160 --> 00:01:35,820

good work with and it just it takes a

30

00:01:38,750 --> 00:01:37,170

while to get that assistive I think it's

31

00:01:41,390 --> 00:01:38,760

the last machine gun you can actually

32

00:01:42,610 --> 00:01:41,400

unlock by leveling up you can unlock I

33

00:01:47,180 --> 00:01:42,620

think you're gonna unlock the other one

34

00:01:48,620 --> 00:01:47,190

the other high fire rate machine gun by

35

00:01:51,440 --> 00:01:48,630

doing in the campaign which I haven't

36

00:01:54,920 --> 00:01:51,450

done yet some I'm just damn lazy I guess

37

00:01:58,430 --> 00:01:54,930

can't do it but this one is it it's got

38

00:02:02,450 --> 00:01:58,440

a great sound it throws a [\h__\h] ton of

39

00:02:03,830 --> 00:02:02,460

bullets downrange and by and large you

40

00:02:07,040 --> 00:02:03,840

could just hip fire with it and have a

41

00:02:09,169 --> 00:02:07,050

good time I'm just learning the the

42

00:02:11,930 --> 00:02:09,179

beauty of hip firing in general you

43

00:02:14,869 --> 00:02:11,940

can't uh I'm not a good player I don't

44

00:02:17,540 --> 00:02:14,879

know the the mechanics that well I spaz

45

00:02:19,160 --> 00:02:17,550

out a lot and I probably drop a lot of

46

00:02:20,809 --> 00:02:19,170

kills that I should have gotten and now

47

00:02:23,070 --> 00:02:20,819

I'm just learning how to hit fire and

48

00:02:25,320 --> 00:02:23,080

this thing is real

49

00:02:29,160 --> 00:02:25,330

is really helping me do this this and

50

00:02:31,800 --> 00:02:29,170

the shotgun the n70 has really helped me

51
00:02:33,630 --> 00:02:31,810
refine my my hip fire as you can see i'm

52
00:02:38,130 --> 00:02:33,640
also using flares this goddamn shotgun

53
00:02:39,660 --> 00:02:38,140
guy he is hiding up there's something I

54
00:02:41,250 --> 00:02:39,670
would do that's exactly something i

55
00:02:43,830 --> 00:02:41,260
would you hide up there all sneaky-like

56
00:02:45,840 --> 00:02:43,840
i come back again though and I make it

57
00:02:48,450 --> 00:02:45,850
my goal to get him I think I get him

58
00:02:50,640 --> 00:02:48,460
right there yeah screw that guy and so

59
00:02:52,800 --> 00:02:50,650
what do you do I check another flare up

60
00:02:55,200 --> 00:02:52,810
there and here these flares actually I

61
00:02:58,950 --> 00:02:55,210
think do a good job really distracting

62
00:03:01,470 --> 00:02:58,960
your focal point for when it comes to

63
00:03:03,390 --> 00:03:01,480

your vision I think and naturally your

64

00:03:04,650 --> 00:03:03,400

vision now when you look at something he

65

00:03:07,770 --> 00:03:04,660

goes to something bright whether you

66

00:03:10,920 --> 00:03:07,780

want to or not so I think you can use

67

00:03:13,050 --> 00:03:10,930

these flares kind of like just a little

68

00:03:16,949 --> 00:03:13,060

bit of a distraction it produces some

69

00:03:19,080 --> 00:03:16,959

smoke too I really haven't found a

70

00:03:21,990 --> 00:03:19,090

really good way to use the flares yet

71

00:03:23,580 --> 00:03:22,000

but I'm still working on it and plus you

72

00:03:25,580 --> 00:03:23,590

know when you're running the support you

73

00:03:28,740 --> 00:03:25,590

can get as many flares you want and

74

00:03:30,540 --> 00:03:28,750

really annoy people look at this I'm

75

00:03:32,160 --> 00:03:30,550

just pulling down the trigger burned

76
00:03:33,420 --> 00:03:32,170
through a lot of ammo I probably should

77
00:03:35,400 --> 00:03:33,430
have chased that guy down there but I

78
00:03:37,020 --> 00:03:35,410
didn't because I'm lazy and then look at

79
00:03:39,030 --> 00:03:37,030
that shot in the back that should went

80
00:03:43,949 --> 00:03:39,040
down the stairs place the Claymore came

81
00:03:45,270 --> 00:03:43,959
back up right here is where I do some

82
00:03:47,640 --> 00:03:45,280
good work and this shows the power of

83
00:03:50,850 --> 00:03:47,650
how many bullets and the hipfire where I

84
00:03:52,470 --> 00:03:50,860
can just lay on the trigger and these

85
00:03:53,670 --> 00:03:52,480
guys are just like well I'm gonna try to

86
00:03:56,310 --> 00:03:53,680
hide behind their he's got to run out of

87
00:04:03,660 --> 00:03:56,320
em at some point nope I got 200 rounds

88
00:04:05,670 --> 00:04:03,670

and it's just such a fun weapon I don't

89

00:04:09,330 --> 00:04:05,680

like reloading no one does it seems

90

00:04:11,880 --> 00:04:09,340

quite a unsightly three load in combat

91

00:04:15,750 --> 00:04:11,890

so often it's just so unseemly untimely

92

00:04:19,620 --> 00:04:15,760

and this solves that problem for me I am

93

00:04:21,870 --> 00:04:19,630

I play loose I shoot very wild I'm a

94

00:04:24,060 --> 00:04:21,880

sloppy player that that's Wesson the

95

00:04:27,840 --> 00:04:24,070

last podcast them sloppy shooter Mike

96

00:04:30,719 --> 00:04:27,850

and with this gun you can play a lot

97

00:04:32,070 --> 00:04:30,729

looser and it's just a lot of fun to

98

00:04:35,610 --> 00:04:32,080

play with

99

00:04:38,249 --> 00:04:35,620

um one thing that's changed obviously

100

00:04:40,920 --> 00:04:38,259

from battlefield 3 2 battlefield 4 is

101
00:04:43,860 --> 00:04:40,930
the suppression so I'm not really sure

102
00:04:46,589 --> 00:04:43,870
how it works I'm not sure if the

103
00:04:48,240 --> 00:04:46,599
suppression prevents people from firing

104
00:04:50,790 --> 00:04:48,250
back instantaneously like it did in

105
00:04:53,129 --> 00:04:50,800
battlefield 3 meaning that if you're

106
00:04:55,619 --> 00:04:53,139
really suppressing somebody when they

107
00:04:56,909 --> 00:04:55,629
fire back there less apt to hear you I'm

108
00:05:00,179 --> 00:04:56,919
not sure how that works right now I know

109
00:05:02,459 --> 00:05:00,189
I don't fire back and hit when I'm being

110
00:05:04,920 --> 00:05:02,469
suppressed but I chalk that up to me

111
00:05:07,770 --> 00:05:04,930
being a bad player I don't chalk up

112
00:05:09,390 --> 00:05:07,780
anything else look at this great i know

113
00:05:11,279 --> 00:05:09,400

it's inaccurate in my like hit

114

00:05:13,800 --> 00:05:11,289

percentage is probably ten percent at

115

00:05:21,140 --> 00:05:13,810

most but i don't give a [\h__\h] it's just

116

00:05:24,149 --> 00:05:21,150

awesome this mg4 is just so fun to use

117

00:05:26,640 --> 00:05:24,159

still trying to I think I unlocked the

118

00:05:28,320 --> 00:05:26,650

muzzle break for it and obviously i

119

00:05:30,450 --> 00:05:28,330

think i'm rocking the hot the hollow on

120

00:05:33,779 --> 00:05:30,460

this look at this I'm just this guy pops

121

00:05:36,600 --> 00:05:33,789

up and I just push them back hip fire in

122

00:05:38,580 --> 00:05:36,610

the entire way and so I probably get the

123

00:05:41,189 --> 00:05:38,590

I guess everyone is probably using a

124

00:05:48,119 --> 00:05:41,199

muzzle brake and some kind of potato

125

00:05:51,089 --> 00:05:48,129

grip or the the ER grip and it's I think

126

00:05:54,719 --> 00:05:51,099

that's the default for much of the guns

127

00:05:56,249 --> 00:05:54,729

that that's the optimum attachments you

128

00:06:00,510 --> 00:05:56,259

want to use with everything in order to

129

00:06:04,350 --> 00:06:00,520

get the bring down the responsiveness

130

00:06:07,110 --> 00:06:04,360

and to bring down the the wild automatic

131

00:06:09,420 --> 00:06:07,120

shooting that happens so look at this

132

00:06:12,719 --> 00:06:09,430

these guys try to get through I say no

133

00:06:17,100 --> 00:06:12,729

way well you did get me in the end but I

134

00:06:22,350 --> 00:06:17,110

got a little payback there so and I

135

00:06:24,149 --> 00:06:22,360

think if I was to give any new person to

136

00:06:28,860 --> 00:06:24,159

come to battlefield and play I would

137

00:06:31,230 --> 00:06:28,870

give them this gun because it it does

138

00:06:33,240 --> 00:06:31,240

allow for a lot of error you don't have

139

00:06:35,779 --> 00:06:33,250

to be precise it's not like using a

140

00:06:42,059 --> 00:06:35,789

sniper rifle it's not like even using

141

00:06:43,559 --> 00:06:42,069

some of the assault rifles and some of

142

00:06:44,730 --> 00:06:43,569

those you have 30 rounds you better be

143

00:06:46,350 --> 00:06:44,740

on point a little bit

144

00:06:49,140 --> 00:06:46,360

you better know you're doing to kill

145

00:06:51,240 --> 00:06:49,150

anybody this you can just spray the

146

00:06:53,010 --> 00:06:51,250

entire room and you're probably going to

147

00:06:57,120 --> 00:06:53,020

get a few heads it doesn't really matter

148

00:07:02,490 --> 00:06:57,130

it just I can't wait like I was a big

149

00:07:04,830 --> 00:07:02,500

fan of the m60 in battlefield 3 because

150

00:07:07,620 --> 00:07:04,840

look at this i suppressed that entire

151
00:07:10,950 --> 00:07:07,630
room push them back my teammate came

152
00:07:12,350 --> 00:07:10,960
over and helped and it actually worked

153
00:07:15,600 --> 00:07:12,360
like it was supposed to suppressing

154
00:07:17,640 --> 00:07:15,610
entire like cone of people probably

155
00:07:20,010 --> 00:07:17,650
about 12 foot wide in that small area

156
00:07:23,460 --> 00:07:20,020
and we managed at that point let's big

157
00:07:26,879 --> 00:07:23,470
fan of the m60 and because it had a lot

158
00:07:30,510 --> 00:07:26,889
of bullets fired really slow and I I

159
00:07:32,820 --> 00:07:30,520
just haven't been able to find that

160
00:07:36,059 --> 00:07:32,830
quality a machine gun in battlefield 3

161
00:07:38,430 --> 00:07:36,069
until this not the slowness but the

162
00:07:41,969 --> 00:07:38,440
amount of bullets and you can just hold

163
00:07:48,510 --> 00:07:41,979

down the trigger and you know you're

164

00:07:51,149 --> 00:07:48,520

probably got hit something so I'm hoping

165

00:07:53,870 --> 00:07:51,159

that some of the expansion packs will

166

00:07:59,719 --> 00:07:53,880

include other machine guns like this

167

00:08:01,589 --> 00:07:59,729

super high rate of speed machine guns I

168

00:08:02,969 --> 00:08:01,599

just haven't had too much luck with

169

00:08:04,740 --> 00:08:02,979

machine guns like I probably unlocked

170

00:08:09,779 --> 00:08:04,750

all the ones you can buy just leveling

171

00:08:11,249 --> 00:08:09,789

up the class and I haven't had to too

172

00:08:14,370 --> 00:08:11,259

much fun with a lot of them right now

173

00:08:19,140 --> 00:08:14,380

I'm casually using the RPK which is good

174

00:08:24,059 --> 00:08:19,150

you can kind of run your guy like like

175

00:08:28,860 --> 00:08:24,069

an assault guy but I don't know how

176

00:08:30,959 --> 00:08:28,870

probably do more on that later so got mg

177

00:08:34,110 --> 00:08:30,969

for the best machine gun there is in

178

00:08:38,459 --> 00:08:34,120

battlefield 4 hands down the most fun if

179

00:08:40,920 --> 00:08:38,469

you are a bad player like myself I lose

180

00:08:43,469 --> 00:08:40,930

most games I lose most firefights but

181

00:08:46,740 --> 00:08:43,479

I'm just trying to have fun and this is
